

It's A Retreat

With vacation time a family's fancy often turns toward having a home away from home, a retreat from the bustle that characterizes our lives. Most of the year, nearly two million Americans have already found the answer to having a second home, and over 100,000 more by year's end will own a seashore cottage of their own, a rustic mountain cabin, or a hamlet haven for summer vacations and weekends all year round. Surprisingly, many of these second-home owners earn only average incomes.

For them the shell home is ideal because it is inexpensive, easy to put up anywhere, and fun for the whole family to work on. The Jim Walter Corporation makes a basic shell completely finished on the outside with floor for as low as \$14,000, and finishing the interior is a project that requires less carpentry than creativity. Even children can enjoy putting in their personal touches to make a second home a second home.

For those who want to acquire a second home this year, here are some suggestions. First, select a site that will suit your needs for as much of the year as possible, a year-round retreat. Choose a practical building plan that will keep costs down, make realistic financing plans, and select an experienced and proven builder in second-home construction. Finally, insist on the durable low maintenance building materials that will make your cottage an all-weather castle, so you can enjoy your second home as much and as often as possible.

The Highlands School For Girls To Open Doors September 6

The Highlands School, a private preparatory school for girls, is one of the newest and finest in the nation, located on a country-like campus near Avon Park in the heart of Florida.

The school was founded by Leslie Charles Blankenship, an educator well known in Kentucky and the Carolinas where he established other academies.

The school was organized in March of 1966, on the grounds which for many years served as The Pinckney Lakes Club.

Highlands will officially open its doors on September 6, 1966, with a limited number of qualified students to begin its first academic year.

All school activity will be under the direction of the Headmaster, Dean of Students, and Executive Vice President.

The total program of this non-profit school will be coordinated by the President.

Grades nine through 12 and one post graduate year are offered. Eighth grade day students are also considered for admission.

A complete college preparatory curriculum is being offered with advanced courses in foreign languages, math and science under the direction of outstanding education.

Remedial courses are also available.

For professional minded young women, The Highlands School offers a business program as part of the elective subjects.

Small classes, combined with a supervised study program, personal guidance, and professional testing programs, are used to help each student derive the greatest benefits from her high school study.

The Fine Arts Department offers studio music under the direction of a Boston Conservatory Graduate. Appreciation courses in Art and music are also a part of the total program.

Design, drawing, and painting classes may be taken.

A Fine Arts Series will be held on the campus, including guest performances by noted lecturers and artists.

The Highlands School is non-sectarian. Students will be attending the church of their choice. Supplementing this, a weekly chapel program and vesper service will be directed by the Director of Guidance, a graduate of Duke Divinity School.

The Student Body is composed of students from many states and several foreign countries. Florida is well represented.

END DIET DAYS DILEMMA

DID YOU KNOW that no one food is really the cause of overweight? When dieting you should not cut out a particular food but cut down on consumption of all types of food.

The reason is that you need foods from the four basic "groups" every day. Milk, meat, vegetables, fruits, breads and cereals are eaten by all of us. If the body is to receive adequate vitamins daily.

The wise dieter, according to the Roerig Division of Pfizer, makers of Viterra vitamin-mineral supplements, is the one who keeps calories down and stanning up by the careful selection and preparation of foods.

All foods, for example, should be cooked as fast as possible to retain natural vitamins. Use of a minimum amount of water will also ensure that the maximum vitamin-value is retained in the food.

Another hint is to supplement natural vitamin intake with a vitamin-mineral preparation, such as Viterra. Although natural foods can provide all the vitamins

we need, we don't always eat them in the right amounts, especially when dieting.

Other hints from Roerig to dieters or would-be dieters are: (1) Consult your doctor about the proper diet. Don't leave his office until you have a clear understanding of the diet he prescribes.

(2) Learn the basic facts about nutrition. This will enable you to prepare attractive meals built around the diet. Creative menu planning and food preparation is a real challenge to the homemaker who is dieting, or who is planning meals for someone in the home who is dieting.

(3) Forget what cannot be eaten, and enjoy what can. Remember too, there's no need for a diet to be dreary. The most healthful diet is the most diverse, and eliminates the dilemma of "what-to-when" when dieting.

Burglaries In Highlands County Brings Comments From Locksmith

Due to the many reports of break-ins and robbery in business and homes, Keith Souders of Sanders Locksmith Shop, Avon Park, has come up with some security suggestions, that could save life and property.

How many people have keys to your house? Construction personnel? Previous tenants? Neighbors? Other interested help?

How many sets of keys have been lost and never recovered?

How long has it been since your locks were changed or rekeyed?

Are your locks of the high variety? Deadlocking latch variety? Latch and bolt variety? Dead bolt variety? Jumpy proof dead bolt variety?

Are there openings such as windows, sliding doors, etc., are door properly protected by adequate locking devices?

Has your house an alarm system? A remote control alarm system?

Do you have an extension phone in the bedroom that cannot be disconnected?

Have you ever had a "security check" by a qualified locksmith as to the kinds of locks that will deter even a well-armed burglar?

The answers to all problems of security are available from qualified security experts.

OEO Director Scores Poverty War "Myth"

Many popular ideas about the War on Poverty are myths that can be dispelled by the facts, the director of the Southeastern Regional Office of Economic Opportunity said today.

Replying to criticisms current in the press, Frank K. Sloan, director of OEO for the southeastern states of Alabama, Florida, Georgia, Mississippi, South Carolina and Tennessee, said what he called "persistent fictions" about the anti-poverty program.

"Charges of administration chaos and waste have led to the fiction that the War on Poverty is nothing more than a political boondoggle designed to capture votes," Sloan said in Atlanta this week. "Yet from an idea in 1964, OEO has created 12 major programs."

He listed them as Head Start, Neighborhood Youth Corps, Upward Bound, Vocational Rehabilitation, Foster Grandparents, Legal Services, Migrant Projects, Indian Community Action, Small Business Development Centers, Rural Loans, 100 Jobs Corps Centers for at-risk youth and Community Action Job Corps in 700 localities.

"It is a remarkable record of efficiency measured by any standards in or out of government," the OEO regional chief asserted.

Another persistent myth, Sloan said, is that "high salaries—money going to salaries, not to the poor."

The truth is OEO's employees average less than \$8,000 per year, on regular government-wide civil service rolls.

"Local Community Action Program salaries average \$5,000 less than comparable private community services posts. OEO's 60 top paid executives are fewer than the 66 such in the Peace Corps, a model of government efficiency with a much smaller budget."

"Only 175 among 31,244 employees in 981 local CAP agencies earn over \$15,000—one half of them in seven large cities."

Mr. Sloan continued, "Crucial to the program is that only the poorest paid administrators should handle manpower—apparently suggesting that Congress should entrust the taxpayers funds to incompetents."

Quoting "Time" magazine, he said, "It takes good money to get good men for such highly sensitive and exposed posts."

The regional OEO director said that some critics regularly fault Head Start for being another kindergarten, overlapping existing programs and disrupting local education.

In rebuttal he said that more than 500,000 youngsters go through their "first real taste" of education last summer and that at least half again that many will have the experience this July and August. One hundred thousand got a "Head Start" during the academic year. Twice as many will be in the program next fall, Mr. Sloan said.

He added, "Local school systems predominate among the enthusiastic applicants for Head Start funds."

The regional OEO chief remarked that a "curious kind of logic" is used by those who berate the Job Corps because many of its recruits don't stay.

"It would be like to remove them," he said, "that these youngsters are already 100 percent drop-outs from local communities. Consequently, OEO originally predicted to Congress that Job Corps would retain less than 26 percent of those who enrolled."

Actually, 70 out of every 100 Job Corpsmen are remaining with their training, Mr. Sloan said. "When all the facts are considered, this agency has made miraculous progress in the very short span of time it has been in operation."

Joyce Antley Graduates From Florida State

Joyce Antley graduated from Florida State University in Tallahassee, August 13, where she received her Masters degree. Out of a possible 4 system, she received grading of 3.9.

JIMMY DOUBLERLY

Jimmy Doublerly Wins Bow Meet

Jimmy Doublerly, young son of Mr. and Mrs. Randall Doublerly, brings home to Avon Park once again.

Entered in the Cuba Bore Bow Division of the P.A.A. Archery Assn. meet held Saturday and Sunday, August 13 and 14, in the Pioneer Park in Zolfo Springs, Jimmy received first place in his division, with 122.

Wayne Doublerly received second place in the Intermediate Bore Bow Division, with a score of 432.

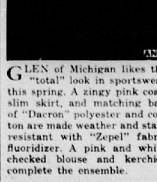

Approximately 80 archers attended this meet, the first of its kind to be held in Florida. When Sunday tournaments are held, it is mandatory for all participants to attend church services before the event.

Free style amateur division, Cotton Walker from Bartow placed first in his division, with a score of 853. Walker attended the International Archery Contest held in Helsinki, in June 1965, and placed third.

In The Pink

GLEN of Michigan likes the "total" look in sportswear this spring. A zinky pink coat, slink skirt, matching bag of "Dacron" polyester and cotton are made weather and stain resistant with "Zepel" fabric guarder. A pink and white checked blouse and kerchief complete the ensemble.

Ranch Style Party Held At Peace River

The spacious Peace River ranch home of Ben Hill Griffin, south of Zolfo Springs, was the setting of an elaborate cocktail and buffet dinner party Saturday, August 13, honoring Charlene Barrescia and Lance Padgett, who will be married August 20, in the First Baptist Church.

Mr. and Mrs. Griffin and family were hosts for the 240 invited guests.

The party was given in traditional ranch style bandana covers on all individual tables, centered with arrangements of potted red carnations and tropical greenery, on the long veranda and large dining room.

Both fireplaces were decorated with red carnations and red carnations throughout the ranch home. Snack tables were covered with bright red cloths, a round table to the side was covered with an emerald green cloth, which held watermelon boat filled with watermelon balls and punch.

The long main table for food was also covered with a long bright red cloth. This was arranged with a winding path of white pebbles and choice stones, on which five pots of red carnations rested.

The hosts presented the honored couple with a pair of three ranch silver candlesticks.

Mrs. Barrescia received a camaman corsage. Her mother, Mrs. Barrescia, a white carnation corsage, and Mrs. Griffin, a white carnation corsage.

Mrs. Barrescia and Mr. Griffin and family were guests of honor at the party.

Junior Woman's Club Incorporates

Hue Nunnallee, attorney, prepared Articles of Incorporation, for the Junior Woman's Club that were approved and accepted by the members of the board on August 9, at the home of Mrs. Don Hassfurther.

The new name for the club is The Avon Park Junior Woman's Club, Inc.

Also at the board meeting, Paul Alexander of Fundways of Orlando, spoke about a new idea for the annual Halloween carnival sponsored each year by the Junior Woman's Club. The board accepted Fundways offer, this year the Carnival will be bigger and better than ever before with Fundways furnishing the game booths.

Mrs. Nell Roberts, chairman of public affairs, reported that the club has adopted a new Sunland patient. Each year the club adopts a patient and sends a monthly gift and canteen money to one patient.

August 25, eight members of the club will put on their walking boots and attend Junior Night at Winter Haven. The theme this year is "Junior-A-Go-Go."

Thrift Sale At Noah's Ark Play School

The Board of Directors of the Noah's Ark Play School, have announced that a Thrift Sale will be conducted at the Play School, Green and Delaney Streets in Avon Park, on Friday, August 19 from 8 a.m. to 12 noon, and on Saturday morning from 9 to 12 noon.

The Noah's Ark Play School was founded by Rev. W. W. Wells, pastor of The A.M.E. Church, with the assistance of volunteers who give their time in the operation of the school and it is now a community project designed to help the working parents, or pre-school age children.

It is operated largely by contributions since the 50 cents per day charge for each child is not sufficient to make it self-supporting and is not in any way supported by the government.

It is the present plan of the board of directors to hold a Thrift Sale at least once a month for the benefit of the school and at the same time the sale will help the low income families to purchase all types of goods at a very low cost. In that way, donations of clothing, particularly for children, as well as household goods, serve a dual purpose.

VISTA Volunteers, Bill and Liz Abbott, will be happy to pick up your contributions, if you will phone GL 3-459 between 10 a.m. and 12 noon, Monday through Friday.

Congregational To Have Guest Speaker

The Union Congregational Church will have a guest speaker for the remaining two weeks in August. Rev. H. D. Graetz, of Avon Park, Donald Whitcomb, who is studying for the ministry, will be the speaker at the 10 o'clock morning worship service, Aug. 21.

August 28th, Mrs. Phillip Weber will lead the service and Mrs. Andrew Miracle will give the sermon.

Both services will be at 10 a.m. Rev. H. D. Graetz will return for the first Sunday in September.

Mrs. Beulah Bayley of Walker Memorial Hospital, entertained the Carl Wertheim last week with a luncheon at Falmes, later visiting old friends from Battle Creek, Mich., the Chancy Owens in Sebring.

When Russell and Winnie Lumpkin returned to Southland last week their daughter, Barbara, came back with them. She will resume her nursing career in Florida, but she may be nearer her parents. Welcome back.

In announcing the sale of Southland Trailer Court, Mr. and Mrs. Hichcock wish to express their appreciation for the pleasant times had with all the park residents. Their new address, 1700 Newell Rd., Enid, Okla. 73401.

Due to a continuance of the airlines strike, Mrs. Emma Gerdes is still grounded at her niece in Petersburg, Ill. She writes, "I am about roasting up here, over 100 today. Wish I was back in Florida."

The Waltons and Wertheims, with Beulah Bayley as their guest, were in Winter Haven, last week shopping and a visit to Walton's friends, the Todds, in Eloise.

A hearty welcome to Mr. and Mrs. Byron Jeremy of Detroit, the latest couple to join our park family. May your stay with us be one of happiness and pleasure.

Progress is the word for our park activity, as the power company, the plumbers, the pavement crew, the painters, and others, have been busy improving and installing new all the park residents for the benefit of our residents. Thank you Mr. and Mrs. McGary.

Ben Henningham writes from Timagami, Ontario, Canada: "Enjoying visit with my two brothers. This is the life. A private island camp. To bed at nine, up at six, weather clear, temperatures 84 to 96."

Our Lady of Grace Catholic Church, atop E. Main Street just to the east of Highlands Avenue, was constructed in 1957 following establishment of a parish in Avon Park. It became a mission in 1916, and was served by a priest from the Sebring parish until the Diocese of St. Augustine established the parish and sent Rev. Heiring here to open Our Lady of Grace Church. The present priest,

Rev. Armand Gregoire, came here in October, 1962. A native of Montreal, Canada, Fr. Gregoire spent 15 years as a missionary in Africa at what is now Zambia, one of the new nations of the world. He spent 2 years as an assistant priest in Coral Gables (Fla.) prior to being sent to Avon Park to administer to the local parish. Fr. Gregoire entered the priesthood in 1939.

Harold McRae Playing On

AAA Farm Club

Mr. and Mrs. William J. McRae are elated over the success of their son, Harold, who is playing second base for the Portsmouth Grays, a AAA farm club of the Cincinnati Reds.

Harold was born in Avon Park and attended the Hope-well School here and graduated in 1960. He was outstanding in football, baseball and basketball at E. O. Douglas High School in Sebring, having graduated in 1963.

Upon graduation he was offered scholarships from several institutions of higher learning.

He was noted for many achievements while there. He made seven touchdowns in one game. Harold teamed with Clinton Austin (Sunny) and Bobby Frasier to become the greatest triple threat in Dodge history.

Harold has five sisters and five brothers, all of whom are athletically inclined. He is a member of Mt. Olive A.M.E. Church.

McRae hit a 391 pace for the month of July. His manager says that Harold will climb fast in the organization.

Let us wish him continued success.

Wise Gardener Protects Hands

GROWING PRIZE-WINNING roses need not mean scratched skin and roughened cuticle for this flower lover. Instead, she protects her hands with colorful household gloves made from Du Pont neoprene. Pioneer Rubber Company offers several types, including Dunlop and cotton-down-lined Super Elongates. Gloves are textured for non-slip gripping, have curved fingers for better fit, and are made of weather-oil, and chemical-resistant neoprene processed to be soft and flexible for more comfort. A sturdier glove, Bluettes, has a cotton-knit lining to absorb perspiration, and a longer cuff for protection of arms and wrists. Whatever the choice, gardeners know that wearing neoprene gloves pays off in prevention of skin damage and irritation.

Bow Hunters Come To County

Sept. 3 to 11

Florida bow hunters will have the woods all to themselves during seven managed archery hunts established by the Game and Fresh Water Fish Commission for the 1966-67 hunting season.

The wildlife management areas to be opened for hunting are located throughout the state so that all bow hunters will have an opportunity to test their archery skills and hunting ability.

The managed archery hunts follow:

Avon Park Wildlife Management Area, Polk and Highlands counties, September 3 to September 11. Saturday and Sunday hunting only.

Auxilia Wildlife Management Area, Wakulla County, October 1 to October 23, weekend hunting only.

Ocala Wildlife Management Area, Marion and Putnam counties, October 1 to October 9.

Citrus Wildlife Management Area, Citrus County, October 15 to October 31; November 5-6, 12-13, 19-20, 24-25, December 2-4.

Eglin Military Reservation, Santa Rosa, Oklawaha and Walton counties, October 22 to November 6.

Guano River Wildlife Management Area, St. Johns County, January 21-22, 28-29, February 4-5, 11-12, and 18-19. Wild dogs only.

The use of possession of firearms, crossbows and dogs are prohibited during the managed archery hunts. A \$5.00 Archery Permit is required in addition to regular hunting licenses on all hunts except the Eglin Military Reservation which required a special Air Force permit.

Permits will be available at Game and Fresh Water Fish Commission offices in Lake City, Ocala and Lakeland and at the offices of County Judges in Citrus, Hernando, Leon, Wakulla, Clay, St. Johns, Marion, Putnam, Highlands and Polk counties.

Bows used or taking deer or bear must be capable of casting a one ounce hunting arrow 150 yards.

in block P of suburban tracts and farms of DeSoto City, \$4,300.

John D. Randall, Jr., and Shirley June Randall to J.W. Spiers and Trella Spiers, lot 22, block 148, Kendallworth.

Elna Marie Saliman and Glenn Grace Moss to Iva Mae Wilson, part of lot 18, block E, Lake Jackson Boulevard, \$30,000.

PROGRESS

has created a
Long Distance
BOTTLENECK . . .

Give us time
and we'll break
The Bottleneck

We're all bottled up because of a move to our New Long Distance Center that is in progress in Avon Park. This move has been going on for the past month and will continue for several more weeks. Because of this interruption of our normal schedule for handling Long Distance Calls, you may be experiencing difficulty in getting an operator. She's there, but she's just swamped with calls.

In order to make the move to our new, more modern building, it is necessary to disconnect each operator position one at a time. Of course when we do this, it takes weeks to get it reconnected again in its new home. That means just one more less position to handle the calls . . . at least for the time being.

We're working two shifts a day in order to speed up the move as much as possible. In the meantime, we will support that you make use of direct distance dialing. You'll find that it's really faster and it will help us break the bottleneck for calls that by necessity must be handled by an operator. We appreciate your cooperation and understanding during this move of ours.

The Things We Say

By Ruby Shannon

The dictionary defines "love" as tender and passionate affection for one of the opposite sex.

In the game of love, the word means everything to many people. It involves self-sacrifice, devotion, and the sharing of dreams. In the game of tennis, love means nothing. Why?

It seems that the game of tennis originated in France and the balls were at first struck by hand. In counting score, the French used "love" (their word for egg) to mean "no score," or "zero," because an egg looks like a zero.

When the game was imported into England, the scoring term "love" was also imported, but it was spelled "love" instead of the French spelling "Love-all" came to mean no score on either side. Today, when a team doesn't score—whether it be in tennis, baseball or some other sport—we sometimes say they got a goose egg.

Dr. William A. Stallard, President

Dr. William A. Stallard has an excellent background as a science teacher and administrator.

He joined the faculty of Manatee Junior College in May, 1963 as first dean of specialized education.

He has been coordinator of various programs including general supervision of nursing, business, data processing, technology, distributive and cooperative education.

He has been director of the evening division, director of the summer school, has responsibility for the operation of the adult non-credit program and the associated Senior Citizen program.

He was appointed director of the Florida State Science Talent Search for 1966.

Dr. Stallard also has been associated with Orlando Junior College, first as head of the science department and later as dean of the college.

He was appointed a research associate in the Cell Research Institute of the University of Texas, and an assistant botany professor there.

During the summer of 1964 he returned to University of Texas to serve as a visiting professor and lectured to high school and junior college teachers, biological sciences, particularly the application of biochemical systems to biology.

He co-authored two papers presented to the International Botanical Congress at Edinburgh, Scotland, August, 1964.

He was born in Grove Hill, Ala., and graduated from Clarke County High School. He earned his Bachelor of Science degree (with major

Evening Classes Offer Multitudes Of Opportunities

Evening classes are an integral part of SFJC and its educational program. They are organized to serve the adult members of the Highlands-Hardee area as well as the full-time students. For some, the return to the college classroom is a continuation of a prior commitment which was interrupted by job or family. For others, attending South Florida Junior College represents facing a challenge too long delayed.

Evening students may begin or continue a college education and earn either an Associate Arts Degree or an Associate in Science Degree at South Florida Junior College. The students may wish to improve

his occupational knowledge, study for self-improvement, or just pursue vocational interests.

Twenty-seven evening credit classes in 17 different areas are being offered this first semester to the adult citizens. Some may wish to audit (participate in class but not earn any credit) these classes. Also being offered are five special interest classes that carry no college credit. All but two of the total 32 evening classes meet just once a week.

To get in on the excitement of learning in credit, audit, or special interest classes, you are invited to investigate the multitude of opportunities available at SFJC.

Louise Gantt Secretary To Junior College President

Louise Gantt, secretary to the president of SFJC, has a thorough knowledge of office and secretarial duties with several years of experience.

She worked as secretary to C. M. Laurence, area supervisor for the Agriculture Education Program, for about four years.

Mrs. Gantt attended Polk Junior College taking a course in business administration. While attending college there she gained additional experience in office duties by working in the business office of the college.

Mrs. Gantt is a resident of Bowling Green, married to George Gantt and the parent of one daughter, Unice, who is 13 years old. She is a member of the Methodist Church.

Charles C. Craft

Mr. Craft is a native of Mississippi and attended high school in Vicksburg. He attended Hinds Junior College in Raymond, Miss., Delta State College in Cleveland, Miss., Millsaps College in Jackson, Miss., and received his Bachelor's degree in 1962 and his Master's degree in 1966 from Mississippi State University.

Mr. Craft has taught in public schools in Mississippi and Florida and is presently employed as Foreign Student Advisor for Mississippi State University.

He is married and has one child. He is a member of Phi Delta Kappa Fraternity and the Episcopal church.

Mrs. Ruth Evans Handley Will Teach English

Mrs. Ruth Handley attended Lawton High School in Lawton, Okla., and Durham High School in Durham, N. C., from which institution she graduated in 1944. She attended Ward-Belmont School in Nashville, Tenn., and received her Bachelor's degree from the University of North Carolina. She attended the University of Chicago for a short period of time and received her Master's degree in English from Auburn University in 1957.

Mrs. Handley is presently employed as a teacher of English in Sebring High School and has taught English in several other high schools and for two years at Auburn University.

She is a member of the Florida Council of Teachers of English, the National Council of Teachers of English, and the Highlands-Hardee Council of English Teachers. She was president of the Highlands County Education Association in 1964-65.

Mrs. Handley is the mother of five children and is a member of the First Methodist Church of Sebring. She is highly recommended by her principal, Mr. Casen, by Superintendent Douglas, and by Chairman of the Highlands County Board of Public Instruction, Mr. Bailey.

South Florida Junior College Community Service Program

South Florida Junior College through its Community Service Program strives to make available the advantages of continuing education to adults who wish to extend their education and preserve their intellectual alertness in an atmosphere of learning which is free from the demands of the regular college credit courses.

The subjects selected range widely and touch upon most of the main areas of intellectual and cultural interests. National and international events, scientific innovations and new economic trends are called as subject matter for courses which are taught both by regular college faculty members and by experts from the community at large. Along with these current and practical topics, there is a balance of aesthetic courses: classes in literature, religion, art, music and gardening.

South Florida Junior College regards this program as one very significant way of fulfilling the purposes for which it exists: Community Service. We extend a very cordial welcome to you in the Community Service Program.

Enrollment Information
All courses are open to the adult population of the community and are designed for those who have various cultural and professional interests. Each course will meet once a week from 7 p.m. to 9:50 p.m. and will run for 17 weeks unless indicated otherwise in the course description.

Registration
To reserve a place in a Community Service class, mail the enclosed enrollment form to South Florida Junior College with your check, payable to South Florida Junior College. You may also register in person at the Admissions Office, Library Building.

Early enrollment will assure you a place in the class of your choice. Space in classes with limited enrollment will be allotted to the first completed registrations received.

You Are Invited To:
Suggest additional subjects for study or training, which you, your friends, or family members, would like to learn in the future. Visit, call, or write and let us know what we can do to improve the Community Service Program.

Changes

The college reserves the right to change the schedule of classes and to cancel classes (course fees refunded to the registrants) where enrollment is insufficient.

Withdrawal

Since the classes in the Community Service Program are offered to the citizens of the community at a financial loss to the college, refunds will not be authorized for persons who find it necessary to withdraw from any of the Community Service Program classes.

Panther Basketball Schedule Complete

With the signing of two
games with Stetson University
"B" team, the South Florida
Junior College Panthers' bas-
ketball schedule was com-
plete.

On top for the fans of this
team will be 14 home games.
Present plans call for the
home games to be played in
the high school gymnasiums of Avon
Park, Sebring, Wauchula,
Lake Placid and Arcadia. "We
will be the most traveled team
in the nation," said Coach
Terrell. "We will have to travel
to our home games."

We are still waiting for the
ule, so that we may designate
the various games in line with
the high school games. If pos-
sible we would like to play
four games each in Avon
Park, Sebring and Wauchula,
with one each in Lake Placid
and Arcadia.

We will be a member of the
Central Florida Junior College
Conference which is composed
of Manatee Junior College, St.
Petersburg Junior College,
Polk Junior College, Orlando
Junior College, Brevard Junior
College and South Florida
Junior College.

The two top teams of this
group will enter the state tour-
ney with the winner of the
state playing in the regional
competition of Florida and Gen-
eral. The regional winners ad-
vance to the national in Hous-
ton, Kansas.

In addition to the 26 game,
regular schedule, the Panthers
will enter two Christmas tour-
naments, the Brevard Invita-
tional at Cocoa and the Edison
at Ft. Myers.

To play this tough schedule
we have signed six boys and
expect two more to sign this
week. We will open the way
for any boy to try out for the
team with the opening of the
school. Already signed are Al-
vin Valentine, John Hancock,
Dade City; Bill Whitehead,
Hardee; Darryl Trawick, Arca-
dia; Harry Holley, Plant City;
Dale Taylor, Calhoun, Louisi-
ana. Expected to complete
their applications and return
signed contracts this week are
Rocky Kitchens and Skipper
Gause from Hardee's champi-
onship team of last year.
Enrolling at South Florida
and trying for the basketball
team are Thomas Williams and
Jeremiah Cooper from E. O.
Douglas School in Sebring.

The first basketball game
will be Saturday, Nov. 19.

The Panthers will also field
a baseball team this year.
Eleven boys have been signed
so far. They are Freddie
McCall, Arcadia; Don Stratton,
John Manning, Charlie Moon-
eyham, Tom Fitzgerald and
Roy McMillan, all from Bar-
tow; Jim Rothenhammer, Har-
dee; Ted Butler, Pahokee;
Keith Blanton, Manatee High;
Ron Jackson, Avon Park; and
Roger Lowe, Keeseehobe.

The Schedule:

Saturday, Nov. 19, Florida
College at home; Tuesday,
Nov. 22, Edison at Ft. Myers;

Tuesday, Nov. 29, Lake Sum-
ter at home; Wednesday, Nov.
30, Seminole at Sanford;

Degrees Offered

South Florida Junior College offers two basic kinds of degrees. Both are designed to promote the development and growth of the individual student and require high school graduation and a high level of ability on the part of the entering college student.

One of the degree programs, the Associate in Arts degree, is the traditional first two years of college. Upon completion of the program, the student will transfer to a senior institution to complete his education and receive a Bachelor's degree.

The following subjects are required for the Associate in Arts degree:

- English 101-102 - six credit hours
- Speech 105 - three credit hours
- Humanities area - nine credit hours
- History - six credit hours
- U. S. Government - three credit hours
- Natural Science area - six credit hours
- Mathematics - three credit hours
- Physical Education - four credit hours
- Electives - 24 credit hours

Other basic courses in Math and English may be required if the student demonstrates deficiency in these areas.

The other degree program, the Associate in Science degree, is designed for those who have an immediate occupational goal and plan to terminate their formal schooling after two years of college.

Programs leading to the Associate in Science degree are:

- Agricultural Technology
- General Business
- Secretarial

The student is encouraged to determine the field in which he will major and at what level he plans to complete his formal education.

Counselors are always anxious to explain in detail the Associate in Arts degree program (University Parallel) and the Associate in Science degree program (Terminal) to entering students and to aid the students in evaluating their abilities, needs, and ambitions in order to determine which program they should pursue.

Wilford Beumel Student Personnel

Mr. Beumel was born in Frankfort, Ind., on May 1, 1935, and attended Frankfort High School. He received his Bachelor's degree and Master's degree at the University of Indiana, and is presently director of adult education, director of distributive education, director of cooperative education, and director of the evening division at Marquette Junior College in Bradenton. He has held these positions for a period of three years.

Mr. Beumel is past president of the Indiana Distributive Education Association, a former member of the Indiana State Educational Advisory Committee, and a past member of the executive board of the Indiana Vocational and Practical Arts Association.

Mr. Beumel is married and has three boys, aged 19, 9, and 5. His wife is a Cub Scout leader in the Bradenton area as well as being active in PTA work.

Driver Education

Wells Motor Co. is furnishing at no depreciable cost to the South Florida Junior College, a 1967 Chrysler New Sport Sedan as a driver training vehicle to use during the school term.

Chrysler Corporation usually supplies to its dealers Plymouths and Dodges for this use. This is the first time Chrysler Motors has released Chryslers for Driver Training.

They are Planning... Are You?

High School Students from Highlands and Hardee Counties and surrounding area will visit S. F. J. C. for their planning session with qualified educators.

They will be advised on the proper course to take to assure them of a successful future.

Have you made the necessary financial plans so that this planning can become a reality?

If not, our officers will be happy to help you arrange a savings plan tailored to your child's financial needs during this important time of life.

Housewives

To Return To School

Between housekeeping and children's school hours, husbands' work days, or jobs of their own, many women are hampered in their desire to return to school. However, the problem does have a solution.

The Student Personnel Office offers the housewives help in determining what courses to take, working out class schedules, and in smoothing out the registration procedures.

Quite a number of women are entering college this fall. Some are studying for degrees, either the Associate in Arts, or the Associate in Science, and others are taking courses for personal pleasure. Still others are taking courses to increase their professional skills.

If you would like to take a course or two at South Florida Junior College, you should call the Student Personnel Office, GL 3-6662 and make an appointment.

Scott K. Gibson

Mr. Gibson attended high school in Seattle, Wash., and was graduated from the United States Naval Academy with a Bachelor of Science degree in Engineering. Following service in the Navy he attended the Massachusetts Institute of Technology and received his Master's degree in Marine Engineering. He has completed additional graduate work at the University of Florida and at the Georgia Institute of Technology in mathematics.

Mr. Gibson is married and has no children. He is a member of the Mathematics Association of America, the Society for Industrial and Applied Math, and the American Society of Naval Engineers. Mr. Gibson has served as an engineer for the Republic Aviation Corporation and for the General Electric Company.

He has taught for five years at Florida Southern College in Lakeland and for two years at Polk Junior College. Mr. and Mrs. Gibson are members of the Episcopal church.

Miss Leila Louise Sebring Librarian

Miss Sebring is a native of Sebring, Fla., attended Sebring High School and the Baldwin School of Bryn Mawr, Pa. She received her Bachelor's degree from Radcliffe College and her Master's degree in library science from the Florida State University Library School.

Miss Sebring has taught in the National Cathedral School in Washington, has worked as librarian in the United States Department of State, and is presently employed as a librarian by the University of Florida Experiment Station in Lake Alfred. She has traveled extensively, is a member of the Florida Library Association, the American Library Association, and the American Association of University Women. She is active in the First Methodist Church of Sebring.

Miss Sebring comes highly recommended by Dr. Louis Shores, Dean of the Florida State University Library School, and Dr. Herman Seitz, Director of the Citrus Experiment Station at Lake Alfred. She is fully certified as a junior college librarian.

College Fund Short of Goal

With the opening date of South Florida Junior College only 10 days away, the South Florida Junior College Citizens Committee is still \$8,000 short of raising sufficient funds to pay for renovation of temporary quarters for the college.

R. M. Gay, chairman of the Citizens Committee, reported to the Avon Park Chamber of Commerce last Thursday night that approximately \$32,000 had been raised during the past four months but that \$8,000 in unpaid bills covering plumbing, fire escape, insulation and ventilation installations were outstanding.

He explained that the reduction of \$10,000 from the original estimate on the work was effected by labor savings in utilizing the aid of the Avon Park Correctional Institute. The citizens of Highlands County owe a debt of gratitude to AFPC and the inmates who worked on the college," he said.

Th / South Florida Junior College Library Will Be Open From 8 To 5

The South Florida Junior College Library will be open to the students weekdays from 8 a.m. to 5 p.m., and some nights during the week. There will be around one thousand non-fiction books in many subjects available for student use by the time classes are underway. Of these, the majority will circulate.

A well-rounded Reference Collection has already been set up and it will continue to grow. In addition, an expanding fiction section (almost completely gifts) is ready for circulation.

Over 80 periodicals ranging from journals for subjects like mathematics, to "popular" titles, like Life, besides gift subscriptions, and 11 newspapers (including The Avon Park Sun, Tampa Tribune, New York Times, Manchester Guardian) are on order for the library or currently being received.

Donations of important

backlogs like issues of Science and Scientific American are coming from as far away as the University of Georgia and Princeton.

Many volumes are all ready for binding; others lack a few numbers.

Cataloging and processing of books now on the shelves is complete.

In addition, numerous books of all kinds donated by interested people of the area, line the library office shelves waiting for catalogue cards.

Extensive audio-visual aids will be added resources of the library in the future. The furniture on order will be of the type in general use in college of the state; half the seating capacity of 60 will be provided by the "last word" in student convenience, the popular Carrel.

At present the public is invited to use the library by coming in. Checking out books by non-students is not possible now.

Council Book's Land Sale To Furniture Co.

Mrs. Anna Belle Worden, secretary of the Chamber of Commerce, read a request before the city council, for the Chamber for the sale of up to two and one-half acres of city owned property on North Lake Ave., for the purpose of constructing a new factory. The city is to sell said land for the sum of \$1,000.00 to Kern's Furniture.

The new structure will have approximately 25,000 square feet of floor space to start with and a possible 15,000 additional in the future.

Mr. Johnson, manager of Kern's Furniture factory in Avon Park, said their tentative plans call for construction to be complete by about April of next year. He said they hope completion can be accomplished before then but no definite plans have been revealed at this time.

The Kern's Factory, now located on Forest Ave., has a combined floor space on both first and second stories of only about 16,000 square feet.

In other action of the council, a motion was made and carried to remove the old light standards along the mall at the earliest convenience.

A letter from Dr. Stallard, president of South Florida Junior College, was read to the council expressing appreciation for the use of a part of Donaldson Park for their recreation purposes.

Sewer Plant Construction Bids Opened

The special called meeting of the city council last week revealed the bid cost of construction of the sewer treatment plant in Avon Park.

Mr. Emory Dawkins, engineer for the project, was in charge of the opening of all the bids.

Mr. Dawson, of Dawson Company, Incorporated, was present at the meeting when bids were opened. Their bid was \$160,348.81 which included the base bid and additional alternate items.

The Lee Construction Company of Sanford, represented by Mr. Brown, placed a total combined bid of \$151,400.00.

West Coast Asphalt Paving Company of Fort Meyers, submitted a total bid of \$153,653.37 for the project. They were represented at the council meeting by Mr. Baker.

Widell Associates, Incorporated, represented at the meeting by Mr. Windmans, turned in a bid of \$171,200.00 to construct the plant.

The apparent low bidder was Lee Construction Company of Sanford, however, these bids are to be studied before awarding will be made.

Open Letter To The Citizens of Avon Park

The open house held Sunday in the quarters of the new South Florida Junior College awakened many of the citizens of the county to the great opportunity which lies ahead for our young people and our citizens as well.

Of particular interest was the beautiful new library. Comments were heard to the effect that many people desired to add a book or several books to the library so that there may be a more complete reading program for our people. What better idea than a library memorial. Perhaps a classical edition she might want and the donor and memorial name can be so inscribed.

Within the homes of our people are many excellent condition books, fiction and non-fiction seldom read which could be added to the library. Several recent publications and many classic books are needed. Only books in first class condition of course, can be used.

If each home made an inventory of possible library gifts I feel sure everyone could find putting these books to work would be beneficial.

Miss John L. Knapp

Miss Beverly Breakfield Is Capped

Miss Beverly Breakfield received her pin and cap as a Candy Stripper, Aug. 23 for 102 hours of volunteer work in the therapy department of the Walker Memorial Hospital.

She is from Washington, D.C. and while visiting her grandmother this summer volunteered as a Candy Stripper.

She is the daughter of Brigadier General Durwood Breakfield and Mrs. Breakfield from Washington, D.C. Her father is retired, but at present he is serving with the State Dept. in Vietnam. Beverly and her mother have spent the summer with Mrs. Breakfield's mother, Mrs. A. M. Owens, 121 E. Walnut St. They returned to Washington, D.C. August 24.

Beverly will continue her work in therapy at the Children's Hospital in Washington, D.C. with the auxiliary group called "Jango" (Junior Army, Navy, Guild organization).

After receiving her cap Miss Ruby E. Chapman, R.N. and her pin, Mr. Walper, hospital administrator, she was presented a book "Life At Its Best" from Mr. Randall Martin, Physical Therapist at the hospital.

Mrs. Mildred Dickerson, assistant therapist and Katie Reicher, Park Lady, attended the service.

One Week Left To Exchange Season Tickets

Fans who have not renewed their reserved seat tickets for the 1966 Red Devil football season have until September 2 to exchange last year's tickets for a new location. After September 2 the seats will go on sale to the general public and will be sold on a first-come-first-served basis until September 18.

These reserved seat tickets cost \$3.00 each and may be purchased at the high school office between the hours of 4 a.m. and 12 noon and 1 p.m. to 4 p.m. each week day. The office will be closed Labor Day, September 5.

Season tickets for the five home Devil games are also on sale and may be picked up at the high school, Leon's, Albritton's Barber Shop, or from individual Avon Park Athletic Association members for the price of \$4.50.

The Red Devils first home game is September 23 against Mulberry. Other home games will be with Haines City, Mt. Vernon, Naples, Okeechobee, and Sebring.

2,100 Students Start To School Monday

Over 2,100 Avon Park elementary and high school students will start back to school next Monday morning with students in grades one through six expected to report to their individual classrooms at 8:20 a.m. at Avon Elementary and junior high and high school students at Avon Park High School scheduled to assemble in the auditorium at 8:30 a.m.

Students who will attend grades one through nine at Hopewell School the next morning in the auditorium at 8:20 a.m. according to Principal Ernest Sims. There will be 26 members on the Hopewell faculty this year.

Avon Elementary Principal George Kelley announced that the Avon Elementary room assignments will be posted on the Avon Elementary office window Friday a few minutes after 4 o'clock. The individual class lists will also be posted on the classroom doors.

Students who will attend the Lake Avenue Elementary one section of fifth and all sixth graders will also find their assignments on the west door of that school as well as at Avon Elementary office.

Kelley advised elementary students that they will report to their rooms at 8:20 a.m. and should remain on the playground until that time. Buses will make their regular runs starting Monday in the morning and afternoon.

All elementary students will pay \$5 cents per day for lunches this year and extra milk will be 5 cents per half pint.

Avon Park Supervising Principal Guy Garrett said that all students who will attend junior or senior high at Avon Park High School should report to the high school auditorium at 8:30 a.m. with seventh and eighth graders taking seats in the balcony.

Seniors will be seated in the first ten rows of the middle section, juniors will also be seated in the middle section. Sophomores will take seats on the north side, and ninth graders will sit on the south side.

The opening assembly program for the 1966-67 school year will get underway with students council president Steve Booth welcoming the students. Then Garrett will introduce the new faculty members and give a rundown of the changes and additions of facilities.

Assistant high school principal Aaron Craven will present the basic rules and regulations for the student body and a review of the addition and changes in curricula will be given by Garrett.

New courses offered this year are Advanced Reading, seventh and eighth grade Spanish, Vocational Office Education, and Shop II. Beginning High School Band, and TV courses.

After other instructions to the student body, the students will be assigned to their homerooms and will participate in a regular daily schedule with shortened class periods for the remainder of the day.

Garrett advised students that no class changes will be permitted Monday or Tuesday. A time for changing of schedule or adjustments will be announced at a later date.

Students who haven't registered or do not receive an assignment sheet should report to the office after assembly.

Maurice Phillips Named Manager Of Gainesville District Of FPC

The appointment of Maurice H. Phillips as manager of the Gainesville district of the American Red Cross, a board member of the Avon Park Rotary Club, a member of the University of Florida.

The Gainesville district office is one of 11 districts reporting to E. E. Dearman, the company's Central division manager in Ocala.

\$20,000 Damage Suit Filed

A dog bite has led to filing of a lawsuit in Circuit Court, asking more than \$20,000 in damages.

John C. Appleby and his daughter, Paula Ann, have entered suit, alleging that Paula Ann was bitten by a dog owned by Hildegard Santos, defendant in the legal action. The incident is said to have occurred at Lake Placid Tower on June 27, last, when the Appleby girl was two years old.

Appleby, in asking for damages in excess of \$10,000 for his daughter, states that the girl was bitten on the neck and the upper part of her body and suffered pain and shock leading to neurosis.

Asking for more than \$10,000 on his own account, he bases his claim on medical and other expenses incurred and to be incurred for care of his daughter.

Wildlife Officer Killed Thursday In Accident

Marvin John Albritton, 35, was accidentally killed Thursday, August 18, at his home near Lake Placid, while repairing his boat and trailer.

He was a Highlands County Wildlife Officer and had resided in Lake Placid the past 3 years, coming from Hardee County where he was born and raised.

He was a Korean Conflict veteran and a Baptist. Survivors include his widow, Mrs. Eva Jane Murphy Albritton, two daughters, Marj and Sheri Albritton of Lake Placid, his mother and step-father, Mr. and Mrs. Curtis Youngblood of Wauchula, a sister, Mrs. Bob Hagburn of Arcadia, and a step-brother, Wayne Youngblood.

Funeral services were held on Sunday, August 21, at 3 p.m. at the New Zion Church with Rev. H. H. Doty and Rev. Henry Sloan officiating.

Burial was in New Zion Cemetery under the direction of Coker's Funeral Home of Wauchula.

Lions Club Holds Meeting

The Avon Park Lions Club met last Tuesday night at the Lions Den on West Street.

President Clay Viles was welcomed back from his vacation trip and he presided at the meeting. He told of his visit to the International Lions Convention at New York City.

Lion Dick Ennoch also attended this convention. The first cabinet meeting was announced to be held Sunday, August 21, at the Cape Coral Country Club. Plans were made for several of the local club officers to attend.

Due to several business matters to come before the club no program was planned for this night.

Visitors were Rev. Marshall Wilson, pastor of the Presbyterian Church of Avon Park, Rev. Alwood, father of Lion Charles Alwood, a Thayer of Avon Park, and Lion and Mrs. Henry Clutino from the Alachua Lions Club, Miami.

Progressive Business Assn. Meet Monday

The Progressive Business Association will meet at the Florida Power Lounge Monday at 7:30 p.m. All members and those businesses who have not yet joined are urged to attend this meeting.

Report on the possibility of the Miami Dolphins coming to Avon Park for their summer training. Also plans for this annual Christmas parade will be discussed.
