

The Big Picture Goes Full Color

The U.S. Army's weekly 30-minute television show, "The Big Picture," goes full color for the 1966-67 season. Presently shown on over 300 stations in the United States, the coming season will mark the 16th year the Army's motion picture series has been telecast.

Produced for the Office of the Chief of Information by The Army Pictorial Center, full coverage of U.S. Army activities around the world is on tap for the coming season. Included in the new series are:

"Missions Unlimited," a report on the state of readiness of The United States Army. From national disaster to international conflict, the Army is prepared to help any nation of the free world in need of assistance.

"The Unique War," graphically explains the relationship between the American serviceman and the Vietnamese civilian.

"The Army in Taiwan" shows U.S. Army advisors assisting the Nationalist Chinese forces in perfecting military skills.

"Not For Comrades" is a pictorial report by Secretary of Defense, Robert McNamara, on the current status of our armed forces.

Two independent hydraulic circuits operated by a "tandem" master cylinder.

A special warning light in the padded, recessed instrument panel of all models warns the driver when fluid is low in either one of the independent lines, or when his either meet or surpass Government Services Administration standards.

EDWIN P. TOWNSEND

Edwin Townsend Completes Basic Combat Training

Marine Private Edwin P. Townsend, son of Mr. and Mrs. G. L. Townsend Sr., of Avon Park, has completed four weeks of individual combat training here.

During the training period, he received more than 200 hours of instruction in guerrilla warfare, the use of infantry weapons, combat tactics, and squad tactics.

His next assignment is four weeks of basic specialist training to prepare him for a specific job in the Marine Corps. Marines to be assigned to infantry units will be taught sub-specialties such as the technical operation of the machine gun, grenade launcher, or mortar. Those entering highly skilled occupational fields will receive advanced training at resident technical schools.

TURNABOUT—We know of a man who went to Las Vegas in a \$15,000 Cadillac and came home in a \$65,000 Greyhound bus.

AP Airmen To Be Language Specialist

Airman Robert D. Landress, son of Mr. and Mrs. T. G. Landress of 320 S. Central Ave., Avon Park, has been selected for training at Syracuse (New York) University, as an Air Force language specialist.

The airman recently completed basic training at Lackland AFB, Texas.

A graduate of Avon Park High School, he attended St. Petersburg Junior College.

Gene Landress 15, of 407 East Oak Street, here shows the 6-foot rattler he "baggied" with a shotgun. He killed it about five miles west of the city, one-half mile west of the Gottschalk residence. About 30 minutes later he saw another not far from the one above. Apparently the reptiles are on the move seeking dry ground from all the recent rain.

Avon Park Man Drowns While Fishing Sunday

An Avon Park man drowned late Sunday afternoon when he fell from a boat into Lake Letta.

The Avon Park Fire Department and Sheriff's Rescue Unit recovered the body of Jake Hunt, Jr., age 60, of 209 Letta Ave., at 5:45 p.m. Sunday.

Mrs. Hunt, who was in the boat with her husband, told investigators that her husband had been attempting to start the boat motor, and as the motor started Mr. Hunt lost his balance and fell from the back of the boat.

Coroner Mervin Rehner ruled Mr. Hunt had died of an accidental death by drowning.

Mr. Hunt was born in Tampa, and moved to Avon Park from North Carolina 12 years ago. He was employed by Ward's Nursery and was a Baptist.

Survivors include his wife, Mrs. Annie Hunt; one son, Arnold Hunt, Avon Park; three daughters, Mrs. O. S. Rigidon, Avon Park, Mrs. Wallace Sargent, Fayetteville, N. C., and Mrs. Alona Stewart, Pembroke, N. C.; one sister, Mrs. James C. North, Jacksonville, and eight grandchildren.

Funeral services and interment were in Pembroke, N. C., with the Locklear and Son Funeral Home in charge of arrangements. Scott-Stephenson-Smith in charge of local arrangements.

PRESTIGE CAR OF THE 1967 Dodge Lineup is the Monaco, shown above in a 4-door hardtop model. The Monaco, elegant in its level of trim

and appointment, is six inches longer for 1967, and has a 122-inch wheelbase.

Dodge Underscores 'Prestige Look' For 1967

DETROIT—Dodge revealed a double surprise package Tuesday, Sept. 20—completely restyled versions of its two "prestige" models—the 1967 Polara and Monaco.

"Longer, lower profile, a semi-fastback roof for hardtop models and high-style front-end treatments strengthen their roles as the luxury leaders of the Dodge line," Dodge general manager, Byron J. Nichols, said.

In addition to the unexpected exterior styling changes, the new Polaras and Monacos boast strikingly new interiors, too.

The result is a combination of beauty, comfort and performance unmatched in the medium-priced field.

New "body sculpture" sheet metal on the '67's blend with crisp, angular front ends and a rakish rear-deck treatment for the "big car" look. In all, a total of 15 models and six body styles.

The new Polaras and Monacos are half a foot longer overall than their 1966 counterparts, with 122-inch wheelbases this year for better ride and handling.

A new recessed grille and delta-shaped tail lights set flush into a tapered rear deck lend a tone of elegance and motion to both models.

Extra luxury with sporty-car flavor is offered again in two bucket-seat, floor-console and fancy trim versions, the Monaco 500 and the Polara 500. Bucket seats are also available in the Monaco 4-door hardtop and, for the first time, in Monaco station wagons.

The popular Polara 318, a special 4-door sedan powered by the gas-saving 318-cu.in. engine, is back again as is Dodge's largest wheelbase economy car.

Monacos and Polaras for 1967 feature an all-V-8 range of power plants: a 60-hp. lighter 318-cu.in. engine rated at 230 horsepower; a redesigned 383-cu.in. model that develops 270 horsepower with 2-bbl. carburetion and 325 horsepower with 4-bbl. carburetion; the large, 440-cu.in., 350 horsepower engine introduced last year; and a new high-performance "440 Magnum" 4-bbl., V-8 rated at 375 horsepower.

The popular '318' runs on regular gasoline and offers even better fuel economy than the 1966 engine because of its new lighter weight. With standard 2-bbl. carburetion, the redesigned '383' also uses regular gasoline.

INTERIORS Polara and Monaco models continue to feature interiors not usually available on medium-priced cars. Seating in bucket-seat models is more versatile with a reclining passenger seat option on Monaco hardtops and a fixed center console with pull-down center armrest in the front.

A choice of seven interior colors and eight distinct trim styles are set off against a brand-new "monod" instrument panel as unique as anything to be seen in the coming model year.

Panel dials and controls are arranged in functional driver-oriented "zones," with toggle switches, thumb wheels and push-buttons or sliders replacing most of the conventional knobs for safety purposes.

Passenger compartment protection against wind, weather and noise has been improved with new weatherstripping and door glass seals, and flow-through ventilation is standard on both Polaras and Monacos hardtops.

Differences between the Monaco and Polara lines are those of luxury and simple elegance. Both share many of the same basic features, but with the Monaco the accent is on "plush."

MONACO Tops on this list is the '500' series. Special trim and moulding outside, and an exclusive wicker-weave interior decora-

tion on door panels and seat backs lend a "classy" look to this 2-door hardtop special.

Monaco 500 nameplates and rear deck identification, special grille center section and side paint stripes set the '500' apart from its sister models.

All-vinyl seats are standard on the '500', but a cloth-vinyl combination is offered as an option. Buyers may choose either the floor console or fixed center cushion in the front seat with pull-down armrest at no extra cost. The center cushion makes room for a third front seat passenger.

Standard equipment in this series is the 383-cu.in. V-8, with either TorqueFlite automatic or 3-speed manual transmission.

POLARA

A sporty fair and a high level of luxury appointments are also keynotes of the Polara 500, another top-of-the-line 2-door hardtop series. Front

bucket seats with either the fixed center cushion and armrest or floor console are now cost options here, too.

Seats in the Polara and the Polara 318 are upholstered in a cloth-vinyl combination, with all-vinyl upholstery available as an added option. Standard engine for Polara is the 383 2-bbl. V-8. Dodge's TorqueFlite automatic transmission, is available as an option, with 3-speed manual shifting standard.

SAFETY-FIRST Dodge engineers have again placed considerable emphasis on driver safety, with the addition of 15 new standard equipment items to bring the total to 26. All of the items either meet or surpass Government Services Administration standards.

Chief among Dodge's safety "firsts" for '67 are a dual-braking system and an impact-absorbing steering column and wheel. The brake system has

that the commodity program has reduced our welfare costs some, but it really it a little too early for us to tell very well.

"I am certain that it has been very helpful to the community, since there are no residence requirements for the commodity program, we can arrange for people to get food. I am sure that the commodity program is definitely cutting down on cases of malnutrition," the Welfare Director reported.

In other business Tuesday the commissioners received a request from the American Red Cross for office space in the proposed county building at Lake Placid.

Two requests were received for zoning checks for beer permits. The proposed permits would be for Tut and Lou Waller at the 4-E Fish Camp and for Ray and Kelly Smith near Lake Placid.

Request was received from

Mrs. R. L. Stokes for a hearing to be held on a proposal that the county abandon a park between Highway 98 and the railroad at Letta. Mrs. Stokes and her late husband had given land for use as a park, but the facility was not developed. The board voted to advertise for a hearing on abandoning the park.

Roy Stone of the geological survey staff reported to the board that water surveys are being abandoned at three places in the county—Lake McCoy and Lake Pearl in the southern part of the county and Carter Creek near Sebring. Stone said these surveys will be discontinued "because of budget troubles."

Roy Williams of the Florida Forest Service presented a report to the board and said the annual week of putting in five lines usually started in October, may be delayed this year because the heavy rains may keep the grass growing too rapidly.

Mrs. Elmer Beyer and sister, Mrs. George Eckert from Cleveland, Ohio, left Monday for their home after spending several days at the Lakes as the guests of their cousin, Mrs. Frank Steinmetz and Mr. Steinmetz.

Mrs. George Burroughs was hostess for the Tuesday night card party at the club house and served refreshments to the players.

Mr. Robert Randall of Coral Gables was the Wednesday evening guest of his aunt, Mrs. Angus Wicker, and Mr. Wicker.

Mr. and Mrs. Terry McHenry of Detroit, Mich., arrived last Tuesday to spend several days at the Lakes with her uncle, Mr. Orville Castine, and Mrs. Castine. They are on a honeymoon. They visited at the Lakes and the Cypress Gardens and other places of interest during their trip.

The regular netball tournament was held at the club house last Thursday with 34 members attending. Mrs. Clarence Bue, Mrs. W. T. Haines and Mrs. Charles Keys were hostesses for the evening, and were assisted by Mrs. Corine Rosales.

Mrs. Robert Clark and daughter, Mrs. Stephen Carver, arrived Sunday to be the guests of her parents, Mr. and Mrs. Albert Richie, for several days.

Mr. and Mrs. W. L. Ackerson returned last Tuesday from a five weeks trip to New York, New Jersey and Connecticut, visiting friends and relatives. Mrs. Ackerson celebrated her 80th birthday on August 12 with their family.

Mrs. William Thorne of Suwanee, N. J., their daughter, returned to the Lakes with them and will make a short visit here.

Mrs. Tom Gilliland and daughter, Mary Ann, from Barabara, Calif., who were visiting in Illinois, Kentucky and Ohio, arrived at the Lakes last Tuesday to spend several days with her father, Mr. W. T. Haines, and Mrs. Haines.

Mr. Omer Bedard of Washington, D. C., son of Mrs. Maude Bedard, left Tuesday for his home by plane from Tampa. He came to attend the funeral of his aunt, Miss Bess Desautels.

Mr. and Mrs. Walter Meyer returned to the Lakes last Thursday from a summer in the North, spending a month with their son John and family in Bloomington, Ill. They spent two months at Manitowish Waters, Wis., and a week in Edgewater, Wis., visiting Mrs. Meyer's brother and sister-in-law.

Mr. James Lyle has returned to the Florida Southern College in Lakeland after spending the weekend with his mother, Mrs. Alene Parnell. He is majoring in Civics and has received a scholarship to continue his studies.

Our best wishes to Miss Gertrude Desautels who celebrated her birthday Tuesday, Sept. 20.

Mr. and Mrs. Charles Keys and houseguest Miss Corine Rosales were visitors at Busch Gardens and Cypress on Wednesday.

The Woman's Group will hold their regular monthly social at the club house on Saturday, October 6, at 12:30 p.m. Following the luncheon the first business meeting of the year will be held.

Mrs. Elizabeth Winkler was hostess to Circle 2 of the First Methodist Church last Wednesday at her home on Avon Park Lakes.

Mrs. Mary Braswell held the devotionals, followed by a business meeting. Mrs. Winkler served refreshments to the ladies.

Word has been received that Dr. William J. Lavelle who undergoes surgery on Sept. 13 at Flushing, N. Y., died Monday.

FFA Conference Well Attended At Lake Byrd
 All South Florida Chapters of the Future Farmers of America were represented by 114 members, advisors and guests who attended the 24 hour leadership conference held at Lake Byrd Lodge.

The camp started Saturday noon and lasted until Sunday noon. During this time the State FFA officers held meetings with each chapter officer, showing them how to become better leaders in their chapter.

Visitors to this meeting who appeared on the program were: Lee Flagg, State FFA Parliamentarian, Cecil Tindall, Gainesville, and one area supervisor, L. W. Harrell.

AP 'B' Squad Idle This Week
 Coach Larry Pickett's Avon Park "B" squad will be idle this week because Arcadia cancelled out on the junior Devil's opening game set for tonight (Thursday) here at Memorial Field.

The Sebring "B" squad also cancelled the game with Avon Park's Jayvee squad, so another game with Fort Meade has been scheduled for the former Sebring date.

A scrimmage type game between the "B" squad and the Devil varsity reserves has been tentatively set for next Thursday night here at Memorial Field.

University Has Arcadia Branch
 Stetson University, DeLand, Fla., has announced through its Extension Division that the Fall semester of Stetson's Extension Center at Arcadia will begin Monday evening, Oct. 3, at the DeSoto County High School in Arcadia. Class sessions will be held each Monday evening.

A Bible survey course, "Old Testament History, Religion 201," will be offered for three semester hours credit on the college level. This course has been approved by the State Board of Education for renewal of teacher certification.

H. Fred Williams, pastor of Arcadia's First Baptist Church, will be the teacher. He holds graduate degrees from New Orleans Baptist Theological Seminary and Stetson University.

Registration will get underway at 7 p.m., October 3, at DeSoto County High School. Matriculation fee is \$10.00 for those who have never matriculated at Stetson, and \$36.00 tuition (\$12.00 per semester hour), plus cost of textbook and parallel reading book. College credit may be transferred from Stetson to other colleges or universities.

Those desiring to take the course for diploma credit or by audit may pay lesser fees consisting of \$2.00 registration, \$5.00 tuition, and cost of textbook.

The course is open to the public and will be of special interest to public school teachers needing certificate renewal, to pastors, Sunday School teachers and lay people.

Further information may be received by calling Rev. H. Fred Williams at either W-4331 or WA9-3301, Arcadia.

Robert R. King Completes Plebe Week at Citadel

Robert Rutledge King, III, son of Mr. and Mrs. R. R. King, Jr., Avon Park, was among some 630 freshmen who completed "Plebe Week" at The Citadel in Charleston, S. C., September 13.

Following traditions evolved at the military college since its founding in 1842, freshmen cadets are indoctrinated during a week of concentrated training prior to the reporting of upperclassmen. This enables them to take their places as members of the South Carolina Corps of Cadets when it forms upon the arrival of the cadets of the upper classes.

During "Plebe Week" the freshmen underwent instruction in drill, college regulations, honor system, traditions of The Citadel, and other training necessary to assist them in their adjustment quickly so that he could accept himself well in classroom or on the parade ground.

AARP Shown Color Pictures

Highlands County Chapter No. 222 of AARP held their regular monthly meeting Tuesday, Sept. 13, in the Sebring Hotel with 60 present. The meeting was called to order by W. B. Dean, president, and led in singing "God Bless America." Rev. R. Wesley Smith led in prayer.

Bertha Cooper, corresponding secretary, gave the following report on membership: Chapter No. 222 now in its second year has 100 charter members, 212 local members with an average monthly attendance of 120.

After the touring business was disposed of with Clem Bowers, program chairman, introduced Louis Almsayer, who proceeded to show slides which he had acquired on his recent European trip. These were in beautiful color and showed the beautiful mural and paintings inside some of the castles, and the gorgeous gardens, mountains and outstanding architecture in Amsterdam, Copenhagen, Denmark, Germany, Ravenna in Alps, Austria, Alps, which are 10,000 feet high—the famous wine barrel which holds 55,344 gallons, Windsor and Buckingham palaces and Stratford on Avon, Shakespeare's birthplace which was built in 1567, an others too numerous to mention.

A standing vote of thanks was given Mr. Almsayer for showing these beautiful pictures with Chapter 222.

fire... or frying pan?

What a dilemma, either way it seems like we're getting burned, but its all part of progress, though painful it may be.

If you have experienced some delays in getting an operator to place a long distance call, its because of the move now going on from our present long distance center at Avon Park to our new long distance building next door.

We are unable to complete the move all at one time as we'd prefer because at a time and that's why we're having troubles getting your signals answered as quickly as we'd like.

May we suggest that until the move is completed that you make use of the automatic way of placing your long distance calls? Use Direct Distance Dialing. Its quicker for both of us.

Thank you for your Patience and Understanding during this "Frying" Period.

SENATE DEMOCRATIC leaders Richard Russell of Georgia, left, and Mike Mansfield of Montana are leading the fight to make a "substantial reduction" in the number of American troops based in Europe. Both men feel that the situation in Europe is well in hand and the troops could better be used in other areas of the world.

THAT'S A FACT

MRS. U.S. SAVINGS BONDS OF 1966

(Five-foot-three, blue-eyed, blue-haired, blonde, who won her title at the ANNUAL MISS AMERICA PAGEANT AT SAN DIEGO CALIF. IN THE COMING YEAR THIS U.S. SAVINGS BONDS WILL TOUR SECTIONS OF THE U.S. AS A GOODWILL AMBASSADOR FOR SAVINGS BONDS)

HOME GROUND
(ELLIS ISLAND IN THE NEW YORK CITY HARBOR FAMOUS IMMIGRANT RECEIVING CENTER, WELCOMED OVER 30 MILLION HUMAN BEINGS IN ITS 80-YEAR HISTORY SHIPS FROM THE WORLD OVER DUMPED THEIR BALLASTS OF ROCK AND EARTH TO INCREASE THE ISLAND'S SIZE. SO MANY IMMIGRANTS SET FOOT IN THE NEW WORLD ON GROUND FROM THEIR NATIVE LANDS!)

A QUOTE FROM THE PRESIDENT:
"THERE IS NO BETTER INVESTMENT FOR THE U.S. SAVINGS BOND- FOR IT IS A BETTER DEAL IN THE FUTURE OF OUR COUNTRY"

ONE HEADS OF 50 MANY FRIENDS
SHIPS BEING BROWN THAT WOULD MAKE IT HAPPEN TO US

IF IT HAPPENS I'LL NEVER GET MY TEN BACK!

SURF SENSATION—Surfing is a popular way to spend a day in Florida and Janis Shapou, of Cypress Gardens, gives it a try. The waves aren't too big, but who cares?

SEABEE LARRY Harris has cleared a lot of brush in South Viet Nam during his eight months of duty there but he's best known in the My Thi area as a handy man with the clippers. Harris, who lives in Sacramento, Calif., thinks this kind of brush needs as much clearing as the other variety.

Congressman James A. Haley Reports From Washington

WASHINGTON, D. C. — One of the most distressing things about the United States program of financial aid to other nations is that there are only a few members of the Congress and only a small fraction of the public who understand its enormous scope.

For instance, the House the other day passed the foreign aid appropriations bill for this fiscal year. It was billed in the House, and you read about it in the newspapers, as a \$3.1 billion bill — cutting the cost of foreign aid by \$840 million from last year.

I would not care myself to spend another nickel of tax dollars on foreign aid; but in view of the inevitability of such spending, I would be delighted if it were the actual and full truth that the current-year foreign aid program would cost "only" \$3.1 billion.

The truth, however, is something entirely different. The Appropriations Committee reported to the House that "there is some concern about fragmentation of United States foreign aid programs." And well it might be, because this fragmentation has the effect of concealing the real cost of all foreign aid.

Pulling these fragments together, the Appropriations Committee discovered that the total of the Administration's budget request for "programs involving international activities" (meaning our monetary aid, of course, to foreign nations) for the current fiscal year was \$8.17 billion. That happens to be a "paltry" \$5 billion more than the \$3.1 billion which we voted for so-called mutual security-type foreign aid.

If that is not a dismal enough picture, I can add more to it. The Appropriations Committee reported that in addition to the \$8.17 billion wanted by the spenders for all foreign aid purposes, the various fragments of the overall program have unliquidated, but obligated, funds from prior years amounting to just under \$17 billion.

On top of this we are told that there now is on the desk of the President awaiting transmittal to Congress a request for supplemental foreign aid appropriations amounting to \$1.25 billion.

Now, whether you are a disciple of the "old" or the "new" mathematics, you probably already have figured out that those three figures above total something more than \$26 billion that (when this year's foreign aid bills all have passed) your government has appropriated and is currently obligated to spend on foreign assistance.

Moreover, because we are continuously engaged in deficit financing and have borrowed money to the extent of \$120 billion over the years to finance this program, which at the present rate of interest would add \$5 billion to the actual cost of the program to the American taxpayer, the actual cost of the program this year is approximately \$13 billion.

I wish that somehow all of my Congressional colleagues could be awakened to the reality of what I call "the other piglets" which are draining away our resources for the benefit of the other nations. But I fear that only a roaring and alarmed public protest will do that.

Teaching Teachers

"The time has come when we should train our teachers — or professors — to teach," says Florida Secretary of State Tom Adams.

Adams contends that very few college professors are actually trained to teach, but rather are trained and disciplined to learn — to research, record and report.

This may be true at the college level; occasionally, in part, by the space age demand for researchers and the rapid explosion of knowledge. And it is certainly true, as Adams says, that "colleges are for students" — who require teachers.

But too often, at the secondary education level, we find "education" teachers who are trained to teach but who have very little knowledge to impart to their students.

It is no secret that college students who find the going too rough in other branches of learning often switch to "snap" education courses and become teachers with little else to recommend them but satisfactory completion of such courses. They are encouraged to do so by state and national education associations, which tout this as the "professional" approach.

We are reminded of the terse prayer uttered by a layman asked to say grace at dinner: "Lord give us good digestions — also something to digest."

Not everybody has the ability to impart knowledge to others; education courses probably do enhance that ability. But the prime requisite for a good teacher, it seems to us, should be to have some knowledge to impart.

The Spoilers

In an effort to reduce highway accidents caused by driver fatigue and boredom, the State Road Board has built several pairs of rest and recreation areas along interstate highways — at a cost of \$160,000 per pair (one each side of divided highway).

Facilities include air-conditioned rest rooms, barbecue pits, tree-shaded picnic tables and public telephones. Certainly those roadside parks will be popular with motorists. And they will prevent accidents by breaking the highway hypnosis resulting from endless miles of smooth paving with nothing to relieve the monotony.

Unfortunately, they are also attractive to those who, incapable of building anything, must content themselves with destroying what better men have constructed. Vandals have already been at work.

So have members of that other hoodlum group who, lacking the manhood to earn their or do without, lower themselves to stealing anything that may be left unguarded.

One of the roadside parks has already had a telephone ripped off the wall and carried away. Several air conditioners were stolen from the sites before they could be installed and officials fear others may be removed from their wall mountings and carried away.

So, because of vandals and sneak thieves, the state's taxpayers will have one more bill to pay — salaries for park attendants; not to serve the public but to guard public property.

Anyone care to defend coddling and pampering of convicted vandals and thieves?

Food Price Blame

Florida farmers, still a bit groggy from last growing season's bout with federalists, can look forward to an even more virulent attack of the same political disease next year.

Congress has just passed a new minimum wage law that will bring certain field farm workers under the program for the first time, and Labor Secretary W. Willard Wirtz has shown no indication of relaxing his adamant stand against off-shore workers.

Florida Agriculture Commissioner Doyle Conner recently outlined the plight of the Glades farmers in his weekly "Farm Front" report.

Using figures compiled by the Agriculture Experiment station in Gainesville, he pointed out that in many cases temporary harvesting labor earned more from the farmers' land than the farmer himself.

The average snap bean grower in the Glades made money last season — to the tune of \$8.38 per acre. But his picking crews picked up 14 times that much for their seasonal efforts on the land.

Some Florida farmers fared worse. Actual losses were reported by the Immokalee-Lee County watermelon growers and the Palm Beach-Broward eggplant producers.

Loud cries of pain are being heard over the nation about rising food prices, and Washington officialdom is looking for a scapegoat. The finger has been pointed at both food retailers and farmers, but neither is to blame.

Farm labor shortages are certain to affect the food price situation. If crops are allowed to rot in the fields, more must be paid for the part that reaches the market.

It happened last year, and the growers are likely to find themselves in a similar bind next season. If Wirtz and his Department of Labor continue to deny the growers relief by allowing off-shore workers to assist in the harvest, limited food supplies can boost prices to the stratosphere.

Conner has made this quite plain to Wirtz & Co. in direct communications as well as in numerous speeches on the subject.

Last month he told a group of state legislators: "I don't see how responsible federal officials can fail to permit the importation of sufficient off-shore labor to work our crops. It is a matter of life and death to our growers."

Only last week, Republican governorship candidate Claude Kirk wined Wirtz an urgent appeal to lift the restrictions, saying: "Without relief... we will again be faced with the prospect of our crops rotting on the ground and vine. Prices of these crops then rise accordingly in our grocery stores."

But sound does not travel through a vacuum, and the appeals seem not to have been heard in Washington — where the finger of blame should be pointing for higher food prices.

Letter To The Editor

Dear Sir:

With regard to the article in last week's Sun stating that only 26 property owners had complaints with the Board of Foundation Protection, I am sure that the number of the members of the association, Sept. 26, is not an exact number. There are still hundreds of who are still dissatisfied, but do not have one.

by the Panthers' safety back and was followed by Avon Park on the Mulberry two yard line. Three running plays netted Mulberry a first down and when Cecil Peck attempted to punt out from deep in his own zone, he stepped back over the end line giving Avon Park an automatic two-point safety.

The safety forced Mulberry to kick to the Devils from their own 20 yard line and Avon Park quickly moved back to the Panther 20 yard line. A 15 yard run back of the kick-off by Barber, a 4 yard penalty against Mulberry and a 22 yard sprint by Lender took care of the 32 yard lead. The Devils' Mulberry and Mulberry's Tony Amos recovered. On the next play the Panthers fumbled right back and the time David Joe Strickler pounced on the ball at the Mulberry 17 yard strip.

Money picked up five yards with a quarterback sneak and then shifty Bobby Eadsen slipped through right tackle and squirmed through the Panther secondary for a 12 yard touchdown run. Barber kicked off end for the extra point and Avon Park led 16-0 early in the second half.

Mulberry's first score came on the next series of plays as Edna Lee Dempsey returned the Devil kick-off over 40 yards to the Avon Park 35. The Panthers marched on the ground to the Devil eight yard line. A five yard penalty moved them back so they took to the air and got a first down on the five. Ford moved the ball to the two yard line on two consecutive running plays and then Panther fullback Roy Williams bulled through the middle for the TD. A punt center on the extra point kick attempt caused a fumble and the point was no good.

Just last quarter a short punt by Mulberry gave Avon Park possession on the Panther 35 yard line. Bobby Barber and Dean Lender attracted running plays as the

Mechanical Citrus Fruit Picker Still Continues To Be Elusive

Replacement of human labor with machines in Florida's vegetable fields and citrus groves is being sought at an accelerated pace, persons attending the Florida Fruit and Vegetable Association convention in Miami Beach were told September 21 by mechanization specialists.

But, while a host of machines, mainly farm-built, are invading the vegetable industries, creation of a single machine adaptable to all citrus groves still continues to be elusive.

Harvesting still is the critical industry's number one problem area," said G. E. Campbell, associate agricultural engineer at the Citrus Experiment Station, Lake Alfred. He emphasized that citrus harvesting machines are under development by machinery companies and private inventors which would remove fruit either by spinning, stripping, or shaking the fruit off the trees.

"Complete mechanization of the vegetable industry may cause great change in the vegetable industry," reported Macon E. Marvel, associate vegetable crops specialist at the Agricultural Extension Service, Gainesville. He said an increase in acreage encouraged by mechanical developments in major crops is in some instances increasing even more the need for labor to produce those crops.

Many vegetable crops not readily adaptable to mechanization may gradually be phased out while for other crops machinery will make their production feasible once again. Marvel said, "We here in Florida have mechanized many vegetable crops and increased our acreage and production over the years, yet these are other crops that we did not mechanize and have all but quit growing. This trend will continue and in some cases will reverse, I am sure."

Marvel said a modified peanut combine which will pick lima beans with ease has generated a renewed interest in lima beans which had almost been phased out in Florida. He said peas were reduced

Free Plane Rides A Great Success

Monday turned out to be a grand time for about 800 people who turned out for free airplane rides furnished by Shelby Maris.

School was not in session and plenty of the children took advantage of the fun. They were not alone, however, because plenty moms and dads, even grandmothers enjoyed rides.

Three planes were kept in the air at all times by pilots Reggie Butler, Ed Kingston and Bill Ellis. Even when one plane was temporarily out of service, Maris put another in its place until it was back in operation.

The day started long before the planned 8 a.m. schedule. By 7:30 a number were on hand, so things got underway. At peak times during the day there were as many as 100 waiting in line. All the available chairs were used and Maris had to become almost frozen to partly accommodate the overflow crowd.

Maris, owner and operator of Mary's Aircraft, said the attendance was far beyond his expectations. He stated that there were ten times as many on hand as he anticipated.

The Avon Park Sun joins the Chamber of Commerce in lauding Maris for the free rides enjoyed by many elderly women, that may never have had the opportunity of a long-for trip in the air had it not been for him.

drastically in acreage in the state because picking them was a problem. Now there are at least two machines that will pick peas from the vines in the field meaning interest in this crop also will likely be renewed.

While Congress is concerning itself with traffic safety and seems inclined to place the blame largely on car manufacturers for their failure to provide better safety engineering, they might do well to take a hard look at traffic laws and regulations throughout the nation.

I am not discounting the need for the building of safer cars and the use of every safety device. I believe that a great many accidents occurring today can be charged directly to the lack of standard, nationwide traffic laws.

The motorist in interstate travel today finds himself confronted with so many contradictory rules and regulations that it is a wonder there are not more accidents.

These rules and regulations differ not only from state to state but from city to city. A motorist who lives in a community where a right turn is permitted on red forms the habit of following such ruling mechanically, but when he enters another community he finds he can turn on green only.

Or he may live in a state where a car making a left turn must yield the right of way until all cars coming in the opposite direction have passed.

Now suppose he is traveling in interstate. He enters a state where a driver turning left who is in the intersection first has the right of way. He need not stop to let the on-coming cars go by. As he approaches an intersection he is amazed to see a car making a left turn directly across the path of his car.

In some states the motorist is forbidden to pass another car where there is a solid yellow line to the right of the center strip. He will find that in the next state he enters, such a line is only precautionary and he may pass if in his judgment he can do so safely. In another state the line may be at the side instead of in the center of the road and if the driver fails to notice it and passes the car ahead he gets a ticket.

If you will check statistics of automobile accidents you will find 14 percent of the

Mayor High Contributors

More and more organizations individuals not normally considered counted to Miami Mayor Robert King High are coming aboard the political contribution list.

For instance, the Franklin, Holmes and Oklawaha County Democratic Executive Committee have made modest contributions to the party's candidate for governor.

Columbia County Sheriff Ralph W. W. gave \$20 and Rep. Ralph Tyne, Lake City, gave \$10. Sen. Spessard Holland, chief of Republican gubernatorial candidate, Charles Kirk's hopes to be a United States Senator two years ago, has given \$200.

Rainey Cathon, strong supporter of Gov. Haydon Burns and the man who received much of the state's tire business without benefit of bid, has come up with \$100 for High.

Florida Planning Commission Helps Lose Tax-Payers Money

TALLAHASSEE — (APN) — The Capital Center Planning Commission continues with plans to sell \$10 million in bonds during the highest interest rates in recent history and despite the fact the state will have a cash surplus at the end of the year.

The cash on hand estimate now has climbed to \$50 million. Justification for the sale comes in numerous tones from the Secretary of State, Tom Adams, but words which carry little logic.

"We have a mandate from the legislature," declares Adams, now touchy about being persistently quizzed upon the "businesslike" nature of this bit of state government operation.

Adams, chairman of the planning commission and the person who has been more active in pushing for the legislative building construction

than even the legislature, said the cabinet had no power to appropriate money to continue construction until after the next session.

However, he parried questions about the appropriation of \$2.5 million which the cabinet made available to the capital center commission to purchase the land upon which the building will be built.

"That's a loan," he said. Asked about the "mandate" which the legislature gave the cabinet to provide funds for a three per cent salary hike to state employees, Adams parried again.

The cabinet took the surplus earmarked for the average state worker and stuffed it all into raises for the upper echelon.

So Florida finds itself in the businesslike situation of having \$80 million in surplus this April and at the same time selling bonds during an extremely high interest period.

This amounts to putting cash into the bank and drawing 3.5 per cent interest—which is about all Florida gets—then borrowing money at an excess of four per cent.

Social Security Questions & Answers

Are you nearing 65 and still working? If you are you need not retire to get Medicare protection. Medicare can be one of your most valuable assets when you reach age 65. You're more likely to get seriously ill and to have longer hospital stays as you get older. Take time. Get this valuable protection. Sign up for Medicare three months before age 65. Remember, retirement is not necessary. You can go right on working and have this valuable insurance.

Question — If I am away from home and have to go to the hospital or need a doctor's care, will I be covered under my hospital and medical insurance?

Answer — Yes, your Medicare coverage is effective throughout the United States. Question — I have been going to a chiropractor for treatment of my back. I expect to continue going to him because he seems to be helping me. Will Medicare pay any part of the chiropractor's bills?

Answer — Services of practitioners such as chiropractors, naturopaths, chiropractors and optometrists are not covered by the supplementary medical insurance. Therefore, Medicare will not pay any part of their bills.

Question — A patient received 100 home health visits following his stay in the hospital under the basic plan. His condition is such that his doctor feels he needs additional home health care. Is it possible for home health visits to be continued under the supplementary medical insurance plan in the same calendar year?

Answer — Yes, the coverage of home health services under the supplementary medical insurance is in addition to the visits covered under hospital insurance. Medicare will pay 80 percent of the reasonable charges for 100 additional visits in a year after the \$50 deductible has been met.

At the second meeting of the newly formed Highlands Community Concert Association, October 10, will be the kick-off date for the week-long ticket sale. This newly formed association will conduct their drive in the same manner that concert associations in this area have done the past.

October 10 the tickets will go on sale in Lake Placid, Sebring, and Avon Park. This year three concerts will be given with the possibility of a fourth.

The artists chosen to perform this season will be furnished by Community Concert Association from New York. The talent committee has requested the following:

Whitmore and Lowe, duo pianists. It is said there are perhaps a dozen great recitalists before the public today; these are two of them.

Salvatore Accardo, violinist. A veteran performer of 21 he began his studies at the age of six and has since 1941.

The first Italian violinist to come to our shores in many years, he has been hailed as a major violinist talent in debut performances with the Cincinnati, Los Angeles and Montreal symphonies last season.

Helen Vanni, mezzo-soprano. This beautiful, young, American mezzo-soprano combines a rich creamy mezzo voice with amazing versatility which enables her to undertake a wide variety of operatic roles, oratorios, and recitals.

At the conclusion of the Spring trimester Jack served as one of five delegates, together with five professor delegates from the Agricultural Economics Department at U. of P. They attended a national National Farmers' Agricultural Economics Conference at College Park, Md., from August 21 to 24.

Mrs. Helen Flynn arrived in Avon Park Sunday to help organize the association. Mrs. Flynn is the area representative of Community Concert Association from New York. She has been scheduled to speak before civic and community groups in Avon Park, Sebring and Lake Placid. She will meet with the committees in each area to map out plans for the drive.

Mrs. Flynn will leave Sunday, Oct. 1, and return to help with the ticket drive on October 10.

Tickets must be bought during the drive in advance of the season. The prices will be:

Student—First grade thru 12th grade and any full time college student—\$3.50.

Adult—\$7.00.

Family—Which includes two adults, all pre-school, school age, or full time college students in one family—\$17.00.

Guest—Any concert member having an out of county guest may bring them to the concert, admission \$2.50. These will be the only tickets sold after the drive.

Ticket chairman and co-chairmen for the different communities are: Mrs. Georgia Mason, Mrs. Don Eastman and Mrs. Raymond Diley in Avon Park; Mrs. Naomi McChesman, Mrs. Perry James, Mr. Stanley Davis, Mrs. B. H. Harris and Mrs. Joy Anderson in Sebring; Mrs. Andrew Smith, Mrs. Bert Harris, Sr. and Mrs. Hubert Roberts for the Lake Placid-Venus area.

Southland Trailer Court

Cyrus and Etta Senger returned last Wednesday from a busy summer in Indiana, promoting the new Pan Trailer Caravan Club. Cyrus has been appointed executive director of the club and has established his winter office at his Southland home.

Last week some of the park ladies held a Sewing Bee, preparing new drapes for the Recreation Hall. We invite every resident to attend the weekly Coffee Hour and enjoy the atmosphere the new drapes give the hall.

Word from Rev. Ezra Hutchins advises that Mrs. Hutchins had serious surgery two weeks ago but is having a good recovery. They plan to return to Southland at the earliest opportunity.

Claude Chamberlain, formerly a near neighbor of the park, now living in St. Petersburg, called on the Will Drakes last weekend.

Ann, Antony and Leona Hopkins are our latest returnees, arriving last Thursday. Ann from her Chipewake Bay summer home, and Leona from spending the summer with relatives and friends in the Baltimore, Md., area.

Members of Patriots Chapter 141 will meet on Tuesday at 2 p.m. at the Florida Power Lounge on Main Street. Hostesses will be: Mrs. Al Scholtz, Mrs. Clarence H. H. Mrs. Charles Swartz and Mrs. Baiding.

Mrs. L. H. Ford, Regent, urged all members to attend.

Noah's Ark Is Sailing Along

The Board of Directors wish to thank the many people of the community who have shown an interest in this program of community betterment. At present the Noah's Ark Day Care Center is filled to capacity with 25 pre-school children of working mothers.

Plans are going forward to open a second center at the annex to St. Mark's Church. Gifts of time, money, and furniture are greatly appreciated. Runaways may be left at Noah's Ark, 102 Green Street, or at the Donald Eastman garage on 319 East Main Street.

Congregational Services Change

Beginning this Sunday, Oct. 2, the following schedule will be used at the Union Congregational Church, 9:45 a.m. Church School, 11 a.m. Morning Worship, 6:30 p.m. Junior Youth Fellowship, 6:30 p.m. Senior Youth Fellowship.

The family of Henry L. McCully wish to thank their many friends for their kindnesses shown to them during their bereavement.

Educational TV Used By County Schools

Every school in Highlands County is using educational television to some extent and the students and teachers are responding well to this enrichment in our program, "consideration of the schools' audio-visual services Donald Hansen said in his first report on television education.

Hansen said the more flexible schedule of the elementary classes makes use of television instruction easier.

The first six grades are making use of television in teaching arithmetic, science, literature, social studies, music and reading. At present 167 students are viewing the reading class and this is expected to increase in the next two weeks.

Elementary science classes are seen by 1,303 students; social studies by 1,373 elementary students; literature, 878, and music, 841. One television class per week is presented in each of these areas.

At high school, students may see as many as four televised periods of a given subject in one week. Top television is for the eighth grade United States History with 302 students. The 11th grade American History is seen by 195 students, and 84 see the 10th grade World History.

Ninth grade science is seen by 181 students, and 129 see seventh grade geography.

Red Devil "B" Squad Opens Season Tonight

Avon Park's "B" string football team will get into action after all this week playing the Harder High Junior varsity at Wauchula tonight (Thursday) at 7:30 o'clock.

Last week's scheduled game with Arcadia was cancelled and the junior devils had an open date on the schedule for this week, but a game was arranged with Wauchula just this week in order to get the eager "B" team into action.

Larry Pickett and Fred Sandlin are coaching the Devil jayvee squad this season. The team will open at home next Thursday night, Oct. 6, against Lake Wales and will play a return game with Wauchula here at Memorial Field on October 12.

In the backfield the "B" squad will have: Gene Land-

ress, Steve Walker, Lucius Taylor, Melvin Johnson, Jackie Jenkins, Lorenzo Nelson, James Williams, David Clark, and Junior Island.

The line will be picked from the following boys: Eddie Coleman, Charlie Coleman, Neil Caswell, Joe MacKenzie, Ralph Barnes, Jim Nunalle, Earl Collins, Horace Watson, and David Pate.

Starting lineup for the first game will be: left end, Sam Jones; left tackle, Alan Moore; left guard, Jim Nun-

alle; center, Ralph Barnes; right guard, Charlie Peebles; right tackle, Horace Watson; right end, Curtis Hulon; quarterback, Gene Landress; left halfback, Steve Walker; right halfback, Jim Williams; and fullback, Lorenzo Nelson. On defense Lucius Taylor and Melvin Johnson will replace Landress and Walker.

J. W. Earnest & Co. Destroyed By Fire Early Saturday Morning

Five razed the three story building of the J. W. Earnest & Co. in Wauchula early Saturday morning. Also destroyed was the S & S Supermarket, which was in the same building.

Six neighboring cities answered the call for help to team up with the Wauchula fire fighters. They were Avon Park, Sebring, Arcadia, Bowling Green, Zolfo Springs and Fort Meade.

W. E. Cochran, president of the 60 year old department store, the largest in the area, was very appreciative of the help from the firemen of the surrounding area. He added that because of this united help, the fire was kept from spreading and causing extensive damage to the town.

The J. W. Earnest & Co. company was started in 1906 by J. W. Earnest, an uncle of the current president. He retired in 1934, when Bill Cochran took over the presidency. The business moved into its three story building, formerly the Peace River Hotel, in 1940 after complete remodeling.

According to Cochran, 75 percent of the Christmas merchandise was destroyed and since they would be unable to secure a replacement for this time for the holidays, the plans to open temporary quarters have now been abandoned. They have, however, opened up an office across the street from the destroyed building and have the old telephone number reconnected.

The records were saved from the fire but the building and merchandise were a total loss. Estimated damage of the

fire was \$540,000.

Mr. and Mrs. Cochran said that they would announce the future plans of the store as soon as they have had a chance to formulate them.

The cause of the fire is still undetermined.

Women's Coffee Bowling League

The Highland Hoppers took four points from the Kool Katz, to make them 12 wins and no losses so far this season. They had high team scores again this week, a 219. These girls are really bowling. Gert Ford on the Hoppers team had high individual series, a 638, and also high game, a 242. Dolores Hurst, one of her teammates, had third individual high series, a 610.

The Dirty Socks cleaned up a bit with the Alley Katz. They won all four points. The Happy Four were a little happier; they won three from the Lucky Strikes.

Marge Gene, one of the Happy Four, had a 612 series, which was good for second place for high individual game.

The Apron Dodgers had high team game of the week, a 735, and took four points from the Regular Grinds. Vernelle Cravey, Billy Foster and Lucille Polton all tied for third high game, a 221.

College Education Available Through Federal Student Aid

The cost of higher education continues to increase. Family resources in many cases are not adequate. As a result, greater numbers of students are finding it necessary to borrow to meet part of their expenses; however, the student whose financial needs are greater often has the most difficulty arranging a loan.

Today in Tallahassee, Floyd T. Christian, State Superintendent of Public Instruction, announced a plan to expand the existing United Student Aid Funds (USAF) guaranteed loan plan to meet these needs with the use of Federal funds. The Florida Student Scholarship and Loan Commission has been designated to oversee the use of Federal funds which come to Florida under the provisions of the Higher Education Act of 1965. The Commission plans to deposit the \$198,500.00 with the United Student Aid Funds, a nationwide, nonprofit foundation, which will, in turn, guarantee loans to qualified Florida students equal to ten times the amount deposited, thus providing a loan potential of \$1,985,000.00.

The plan is really simple and is a good example of the cooperation which can be achieved by the various elements of our economy to solve a national problem. In this plan banks, universities, state and federal agencies, and the United Student Aid Funds organization combine forces in a unique way to meet the problem.

To the Florida student who has been a resident of the state for one year and is attending school full time, this means money for college expenses is now available. The plan will ease the financial burden of the deserving student by making it possible for him to invest in his own future by borrowing on his own signature and repaying after graduation.

The plan works like this: 1. The student contacts the Financial Aid Officer at the university (in state or out-of-state) in which he is enrolled. The Financial Aid Officer must recommend the loan and the amount needed by the student to meet the expense of his schooling.

2. The student takes the recommendation form of the Financial Aid Officer to his hometown bank which grants the loan as a participating bank in the United Student Aid Funds guaranteed loan plan. The Financial Aid Officer has a directory of participating banks in Florida.

3. With the recommendation of the Financial Aid Officer plus its own evaluation of the case, the bank may then grant the loan to the student. 4. An undergraduate student may borrow up to \$1,000.00 during each academic year. Graduate students may borrow \$1,500.00 each academic year. \$2,500.00 is the maximum amount any one student may borrow.

5. The loan becomes payable on the first day of the tenth month after the student leaves school. The repayment period can run up to ten years. Minimum recommended monthly payment is \$25.00 and maximum recommended monthly payment is \$100.00.

6. Participating banks make these loans at a nonprofit interest rate of 6 percent per annum simple interest. While the student is in school, the U. S. Commissioner of Education will pay the interest on the loan as provided in the Higher Education Act of 1965 until the date repayments are due to begin. The Commissioner will also pay 3 percent simple interest during the remainder of the repayment period of the loan. In order to qualify for the government interest subsidy, the student must file a statement with the bank that his adjusted

family income is \$15,000.00 per year or less.

William H. Dial, President of the Florida Bankers Association, and President, First National Bank, Orlando, commented on the plan in Orlando today: "There are now over 100 banks in Florida participating with the United Student Aid Funds guaranteed loan plan. We have a program underway now to enroll at least another 100 banks by year-end."

I feel that I should point out that most of the \$1,985,000.00 which students will borrow this year will be loaned by banks. Even though faced with a tight money situation, bankers realize we all have a vital stake in the economic growth of our nation and that nothing can enhance that growth better than education. We consider our role in this plan as important as any the industry has undertaken in recent years."

Noted Surgeon Of AP Lakes Dies In N. Y.

Dr. William J. Lavelle, age 76, a leading Long Island City, Astoria, surgeon, who retired in 1960, died September 19 in St. John's Hospital, Kinnear, Long Island, N. Y.

A physician and surgeon since 1912, for 47 years he was affiliated with St. John's when the hospital was in Long Island City. He was director of surgery there from 1930 until he retired. He maintained his office for years at 1 Hunter Ave., directly across the street from the hospital.

Dr. Lavelle, a native of Scranton, Pa., was graduated from Canisius College in Buffalo and the College of Medicine of the University of Buffalo and was in their Halls of Fame.

He was a founding member and past president of the Queens Medical and Surgical Societies and the Catholic Physicians Guild of Queens and Brooklyn; a former president of the Celtic Medical Society and the Long Island City Medical Society; a consultant at the Xavier Alumni Society, a founding member of the World Health Association and also belonged to the American College of Surgeons, the Pan-America Medical Association, the Queens Lodge of the Elks, Colon Council Knights of Columbus in Long Island City, and the Holy Name Society of Our Lady of Mount Carmel Church in Astoria.

He served as chairman of a draft appeal board during World War II. He worked with the then Queens District Attorney Frank D. O'Connor on juvenile delinquency and other community problems and was on the committee which revised the city's charter in the late 1950's. He was an honorary surgeon in the city's police department.

Dr. Lavelle and his wife lived at 39-32 Crescent Street, Astoria, for 45 years. Following his retirement in 1960 they became residents of Florida and built a home on Lake Olivia at Avon Park. They

Bruce Bennett No. 42 and Steve Webber (28) tackle and other Red Devils rush the panthers and go on and defeat Mulberry 23-12.

maintained a summer home in the Catskills at Hunter Lake. Dr. and Mrs. Lavelle met in 1912 when he was an intern at St. John's and she, as Katherine Dwyer, was a student nurse there. They celebrated their 50th wedding anniversary last year.

Surviving besides his wife are eight of their ten children, William J. Jr., of Flushing, Francis of Livingston Manor; The Rev. Thomas E. a Maryknoll Missionary, Joseph W. of Garden City; Edward of Rockville Center; Mrs. Edwin P. Kane of Jackson Heights; Mrs. William E. Doyle of Larchmont; and Mrs. James T. Drew of Flushing, all in New York except Rev. Thomas E. who is serving in Yucatan, Mexico.

Dr. Lavelle is also survived by 50 grandchildren. The funeral was from the Reynolds Funeral Home on Northern Boulevard, Flushing, on Thursday, Sept. 22, under direction of Rev. Thomas Lavelle. Father Lavelle was the celebrant at the Requiem Mass offered in Our Lady of Mount Carmel Church, Astoria. Burial was in Mount St. Mary's Cemetery in Flushing.

RED DEVIL Joe Strickler has been the big gun on the Avon Park line so far this season, leading the offensive and defensive linemen in blocking and tackling. The big 210 pound tackle recovered a Mulberry fumble last week on the Panther 17-yard line to set up the Devil's second T.D.—(Sun Photo)

HIGH INTEREST IS A FEATHER IN YOUR CAP!

There'll be happier years ahead when you make regular saving a part of your budget. The time to start saving is now — the place is First Federal Savings & Loan Association of Hardee County where interest is high.

Baptist Revival Begins Monday

Revival services will begin October 1 and continue through October 12, 1966, each night at the Florida Avenue Baptist Church. The evangelist will be Rev. W. A. Galt, dynamic young pastor of First Baptist Church of Bowling Green.

Music for the revival will be directed by Rev. Lester Miller, pastor, and will be a variety of special music throughout the meeting.

Congregational Church Alters Schedule

Members of the Sunday School and members of the Union Congregational Church will come in late last Sunday, Oct. 2, as the change of time goes into effect.

Sunday School will be held at 9:45 and Morning Worship at 11 o'clock.

World Wide Communion Service will be held this Sunday morning at 11 o'clock. This service is held all over the world by cooperating churches of many denominations. The church then will sing. All followers of the Lord Jesus Christ are welcome.

Rev. Herbert D. Graetz will preach to the subject "The Ten That Blind."

Avon Park Campground

Rev. and Mrs. L. Chester Lewis arrived back at their home on Lake Isis from their stay in Ohio.

Miss Peggy Roe and friend Janice Huff of near Cleveland, Ohio, visited her new and nephews, Mr. and Mrs. Jerome Shiltz. The two girls are students at Kent State University.

Rev. and Mrs. A. G. Cox have returned from Lissia, Ga., having attended the funeral of their daughter who passed away in Macon.

Rev. Billie Holstein has gone to Galt's Bible School in Cincinnati, Ohio, to be of assistance in their school program. Rev. Holstein is a veteran missionary to India.

Mr. and Mrs. Jerome Shiltz returned to Miami and across the Tamiann Trail Wednesday and Thursday of this week.

The mighty, new 53 h.p. Pussycat.

(grrrrrr)

We've got a ferocious Pussycat on our hands. The Volkswagen Karmann Ghia.

It's running around with a new, air-cooled engine that's producing more power in all four gears.

In other words, it can now beat an old Karmann Ghia at a stoplight.

It has a new top speed of 82 mph. And new disc brakes up front the kind you pay extra for on most other cars.

Of course, being a Volkswagen, there are some things that haven't changed and never will.

Around 28 miles to a gallon of gas... 40,000 miles to a set of tires... VW parts at VW prices... quick service... and a price tag that remains a low \$2250.*

So it's still an economy car. Only now it grows all the way to the bank.

Rare Exhibit At Bible Festival

1966, "The Year of the Bible," commemorates the American Bible Society's 150 years of service in supplying God's word to the world—now in 120 languages and dialects. The Seventh-day Adventist Church, Lake Lillian, is enthusiastically sponsoring a Bible Festival in honor of this anniversary year, and is featuring a series of messages by Rev. J. Sipe, hospital chaplain at Walker Memorial, and sound color film produced by

The American Bible Society. A key annual exhibit of rare Bibles and books will be displayed this Sunday evening, Oct. 2, at 7:30 p.m. when Mr. Sipe will be speaking on "Where Did We Get Our Bible?" Saturday, 11 a.m., "Searching the Scriptures," Saturday Vespers at 5:30 p.m., "Seven Wonders of the Bible." The public is cordially invited and a souvenir gift will be given each who attends the Bible Festival.

Roxie Jacob Circle Officers

The University of Florida's homecoming activities certainly can't be accused of partisan politics.

The same night at the hour of midnight Alabama governor George Wallace is scheduled to speak to the legal fraternity Phi Delta Phi at a champagne affair.

A Letter of Thanks

to all of our friends in Highlands County and the surrounding area.

We wish also to express our Appreciation and Thanks to the Firemen of Avon Park, Sebring and other fire fighters, who helped to keep the fire from spreading and causing more damage.

Our heartfelt thanks to all of you for your messages of sympathy.

TO OUR MANY CUSTOMERS, both new and of long standing, our Sincere Thanks for your patronage.

At this time, it is too early for us to say just what our future plans will be, but as soon as they are formulated, we shall announce them.

The Things We Say

The other day I watched a man on television as he listened to a voice on the telephone (which could also be heard on screen) and then he closed his eyes and described how the person who was telephoning looked and what was uppermost on her mind at that very moment. This was a visual demonstration of extrasensory perception, and the person telephoning said the man was more than 90 per cent accurate in his reading.

The London Society for Psychical Research was founded in 1882, and because of its determination to conduct investigations in scientific fashion, more and more people have become believers in this strange communication. Hypnosis, clairvoyance, divination and telepathy are all phases of this phenomena. Back when radio was also a phenomenon, extrasensory perception was likened to a radio wave length, and although it received both criticism and ridicule, it became the talk of the town. Since electrical storms interfered with radio, it followed, naturally, that a brain storm would interfere with mental telepathy. A person with a mental derangement was said to be having a "brain storm."

In time, the meaning has grown and magnified. Most everyone is proud to have a brain storm, for today it means that someone has had a new idea, or he has created something new. Quite often the person who has had a brain storm will bring his creation to his boss or friends and say, "Last night I had a brain storm, so I brought it to work today so you could have a look at it. What do you think?"

DODGE REBELLION OPERATION '67

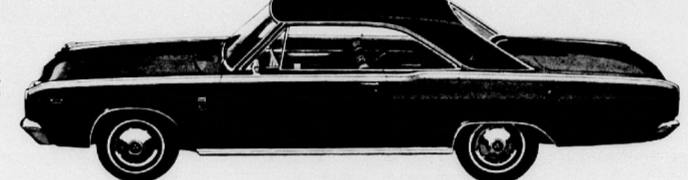

Fresh off the drawing board with an arsenal of powerful new ammunition. Bigger. Longer. Sharper. Hot new Dodges to back the attack on dull driving. Dart, Coronet, Polara, Monaco, Charger. Check them out today. The Dodge Rebellion will get you if you don't watch out.

'67 DART

Wow! Who goes there?

'67 Dodge Dart. That's who.

That's Dart. All right-totally new. Through-and-through new. New long, low silhouette. New plush interiors. New performance, too. But there's one thing you'll recognize about '67 Dart—its low price. Why resist? Enlist. Dart for '67.

'67 CORONET

Advance and be recognized. We know you.

Last year's biggest selling Dodge gets all freshened up, all sharpened up for another big assault on the drag Sixes and dull V8s. The one you've had enough of.

You're ready to move out of that deep rut and into a car with class, dash, and lots of it. That's Coronet for '67.

'67 POLARA

Fire when ready. Polara's waiting for you. Full of fire, pep, energy and dash.

And in this corner, the light-heavyweight champion of the world. Polara's heavy on luxury, looks, extras. Heavy on power with the standard 383-cu.-in. V8 packing the punch. Yet, Polara's light on gas, light on its feet, and light on your pocketbook. This year, drive a winner for a change — come out swinging with Dodge Polara.
