Council Takes No Action On City Manager Type Government

The City Council met on schedule Monday night with new councilman Wayne Albright requesting that the last meeting's minutes be corrected to read that a city manager could be employed by eliminating some of the mayor's salary, as well as city clerk, assistant city clerk and water superintendent. The minutes were changed to include Albright's suggestion, but no action was taken upon it.

Permission was granted to Mark Flowers of the fire department, to use Lake Verona for the boat races Sunday.

Committee To Meet On Parking Problem

Pleas from downtown merchants for the city to secure more parking space, instigated the Avon Park Chamber of Commerce to appoint a committee. Steve Roberts, Jerry Wicker with George Haynie, chairman, to study the parking problem and make suggestions as to what could be done.

Haynie appeared before the city council Monday and asked Clarence King, president of the city council to appoint three members of the committee to meet in the Chamber of Commerce building at 4 p.m. Friday to decide on a solution to the parking problem. The committee has some possible solutions which will be discussed at that time said Haynie.

na for the boat races Sunday. Ten of the shuffleboards at the Tourist Club will be resurfaced as soon as the contractor can get to the job. One bid was received and accepted, in the amount of \$4,086.00.

Councilman Jack Duggan requested that the policy of not allowing anyone to ride in the police cars be changed, so the police could help people in trouble in certain emergencies, especially at night.

New councilman Russell Scott brought a request from Al DuBoise to lease a strip of land approximately 200 ft. by 60 ft. on the east side of the hangar at the airport. DuBoise agreed to void the lease at any time should the area be needed. His request was granted for \$50.00 per year through the motion of councilman Albright.

The council approved the Mayor's appointment of Jim Turnbull as the Avon Park Housing Authority for the next four years.

There are more dogs on the street than there are in the pound" was the comment of one of the councilmen. Police now have permission to take the animals to the pound at the airport.

A motion was offered by Duggan and seconded by Scott to send Mr. Adams, building and plumbing inspector, to Memphis, Tenn., from November 13 to 17, for the Southern Building and Plumbing Convention.

A request for five band uniforms was read from a note to councilman Clarence King from Lew Miller. The Band Parents Association now has 30 pledges. The council pledged the city to five more uniforms for the band.

A check in the amount of \$219.98 was turned into the city from the Youth Association by Mrs. Vonnice Flint. The association is now defunct, and they desired the money given to the city in appreciation for past courtesies. The money will be deposited to the general fund.

The final payment will be made to Grantham & Associates for their engineering services on the Sewer Disposal System. The amount of \$742.20 will be taken from the Sewer Sinking Fund.

A motion was lost to close a portion of Norton Street on Lake Isle. Duggan introduced Ordinance No. 465, but upon call of the roll the "nays" won out.

A new drinking fountain will be purchased on the mall by the band shell.

Presbyterian Dedication Sunday, Oct. 16

Dedication of the First Presbyterian Church will be Sunday, Oct. 16, at 11 a.m. Rev. W. C. Lauderdale, head of Church Extension of the Associate Reformed Presbyterian Church, will deliver the address. Other notables of the Synod and Florida Presbyterian will be present.

The new Presbyterian Church, located on the north side of Lake Verona, was completed a year ago, but has not had a formal dedication because members were waiting for a regular minister.

Rev. R. Marshall Wilson is their minister, who resides at 243 Camphor St. with his family. His telephone number is GL 3-6235.

All friends are invited to attend this important event in the church and the history of Avon Park.

Don't get the idea that

Wauchoula is a push-over this year. The Avon Park Red Devils wrapped up win number three last Friday night with a thrilling 32-27 win over the Haines City Hornets of the Southwest Florida Conference on the Horne's Yale Field.

This week the Devils travel to Wauchoula to try for their fourth straight win against the Hardee High Wildcats who are 1-3 this season. The Wildcats were routed 28-0 by Ft. Meade in the opening game, defeated Plant City 8-0, lost to Kathleen 2-0, and then dropped a 14-0 decision to Lake Wales last Friday night.

2 Schools Proposed For Avon Park Area

A proposal to market a \$3,150,000 bond issue to finance a school construction program will go before the trustees of Highlands County in a special election early in 1967.

At its Tuesday night meeting the Highlands County Board of Public Instruction voted to seek bond money to assist in a 15-point construction program which includes new high schools in Avon Park and Sebring, new elementary schools in Avon Park and Lake Florida.

It also includes additions to Fred Wild, E. O. Douglas, Hopewell, the present Lake Florida High, Woodlawn Elementary, Avon Elementary, Carver, the present Sebring High and Avon Park High and alterations to Avon Elementary and Sebring High School.

The State Department of Education survey, on which the recommendations for construction are based, was made last Spring. The State Department estimates cost of the whole program, including new school sites will top \$5 million. The state recommended the \$3,150,000 bond issue to be repaid over 20 years by a 1.5 mill tax levy.

Sale of certificates of indebtedness pledging this county's school share of state tax income—now set for mid-December—will yield \$1 million earmarked for construction. Some state funds are available each year for construction—how much the 1967 Legislature may make available was a question raised in the long discussion which preceded the board's vote on a Highlands County bond issue.

Superintendent George F. Douglas said, "If we don't hold up some long-range plans, we could experience severe public reaction as schools become more crowded."

He said Sebring High School enrollment will be over 900 next year and Avon Park's close to 900.

Bailey said the county was in the "fortunate position of having only \$24,000 outstanding in school bonds and that will be paid off within two or three years. Our present high school is approaching 50 years old, and if our maintenance had not been top-notch we'd be in real trouble. Even as it is we have inadequate buildings."

Board Member R. L. Padgett said he wished to make it perfectly clear I am not opposing a bond issue, but I feel I must raise a flag of caution.

"The opposition does not speak up in this kind of election; no one likes to speak against schools. It is like speaking against the flag. The opposition goes in the booth and closed that curtain and votes no."

Don Fillinger, president of the Sebring Chamber of Commerce, was present at the board meeting and introduced some other Chamber members

"who came because we as a Chamber are interested in the future of our schools."

Fillinger added that while he could not Tuesday night speak for the Chamber, "I personally feel you may be underestimating the voters. I do not have any children in school, but I personally am willing to pay my share for good education."

Highlands County Education Association President Ann Hancock said she could not speak for that organization but she said teachers in this county are concerned about

overcrowding that it already presents.

Board Member John Wilcox of Lake Florida brought the district four at present, "but that is higher than it sounds." Later in the meeting Superintendent Douglas said the priority list, which must be sent back to Tallahassee with the board's approval before mid-December, may have to be amended as plans become for the buildings become available.

Plans are now ready for the cafeteria at Hopewell and the board is ready to move on that right now. No action was taken Tuesday on starting any project immediately.

Other Business Tuesday night the board accepted the resignation of Willie J. Denham, Jr., teacher at Carver School, and approved hiring of John Smith and Ellsworth Graham as teachers at Carver. This brings the Carver faculty to full strength.

Three substitute bus drivers were appointed: Eloise Driggers in the Lake Florida area, James E. White and Joe Benson in the Sebring area.

Hubert Albritton was granted aide-in-lieu of transportation.

Installation of an air conditioner in Avon Elementary School was approved. Funds for the unit were raised by sale of school pictures, Douglas said.

The board reacted favorably to proceeding with plans to hold a Head Start program in the Summer of 1967.

Permission for the ninth grade at Hopewell School to make a field trip to the Kennedy Space Center was denied because of distance involved.

Gileons were given permission to distribute New Testament to any fifth grade student who wishes to have one.

Plans were made for building a new unit at Avon Park and in the future the building inspections are to be expanded to include discussion curriculum and program.

Dr. Stallard Says Parking Getting Acute

"Most favorably impressed," was the reaction of the school board and advisory board members who visited Edison Junior College Tuesday as a part of the search for an architect for South Florida Junior College.

Board Chairman Henry Bailey said he had "seen five junior colleges now, and I am most impressed with the campus plan and buildings at the Fort Myers school."

President of South Florida Junior College Dr. William Stallard told the school board, (Continued on page 2)

Mayor DeLaney Issues Plea For Clean-Up Drive

The Mayor of Avon Park has extended an invitation for all Civic Clubs and interested parties to attend a meeting at City Hall Tuesday, Oct. 18 at 10 a.m.

Once each year, a Clean-Up Drive is sponsored by the city to tidy up the town that has a way of becoming unpresentable. Let's all support this worthy project and get out for the meeting Tuesday.

With everyone doing his part, Avon Park can be the neatest city in the state.

Police Locate Stolen Clock

The large inside illuminated electric clock, which was stolen from the Winter Guest club house October 4, has been recovered, due to the efficiency of the Avon Park Police Dept.

The clock was new and was found in the weeds in Lake Verona, a short distance from the Club House, badly damaged, water soaked, and full of dirt, almost beyond repair.

NEW PARKING LINES are being repainted by city employees on Main Street. At a recent meeting of the City Council it was voted to redo the

job, and the work was done in short order. Residents and visitors will welcome the improvement. — (Sun Photo)

THE SOURCE OF REAL SECURITY

"If the Son therefore shall make you free, ye shall be free indeed." St. John 8:36.

There is recorded in the Book of Judges, a period of Hebrew history, when the Midianites were more powerful than the people of Israel. We read that when the Israelites sowed their grain, they were attacked by the Midianites. They were not strong enough to stand up and protect their fields. They took refuge in caves. For this reason we can call their hiding places caves of insecurity. We have our caves of insecurity too. We want to be safe from whatever threatens us.

Harold Walker calls attention to a TV episode in which "A gonklike character with a pug nose and an evil-looking face appeared on the screen. He was talking to a frightened, mousy little man, threatening him with a booming voice: 'If you know what's good for you, you won't say nuttin to nobody.'" In other words, "it's good to be safe." That is the refuge of the man who says, "If I don't look out for myself, who will?" We may call this cave of insecurity *selfishness*.

A young man was being interviewed for the job of usher in a theatre. "What would you do in the case of a fire?" he was asked. "Oh," he replied, "don't worry about me. I'll get out all right." Such a person should pause to reflect that in the end there will be nobody to look out for him, and no one will be concerned over the fact that there isn't.

Let us cite Pontius Pilate as an example of what we mean. Pilate looked out for himself. What did he get? He got increasing opposition from the very people he sought to placate and finally lost his job. It is said that people, like Pilate, who are wholly concerned in themselves are so because of "colossal spirituality."

The second cave of insecurity, which we call to your attention, is *self pity*. It is filled with people who are woefully concerned with their own troubles. The longer they stay in the cave, the fewer the people will listen to the rehearsal of their woes. They finally become convinced that nobody cares anything about them all. Then they push back deeper into the cavern and become almost unbearably lonely.

The third cave of insecurity is one of *bitterness*. It is made up of people who feel they have been wronged. They spend their time planning how to get even; their dispositions sour and their spirits canker. They are to be pitied.

We think you will agree that the people about whom we have been talking are imprisoned within themselves. If we look closely, we may see ourselves among them. So, naturally, we are interested in how we can break out of such a prison. Jesus gave us the answer, when he said: "If ye continue in my word, then ye are my disciples indeed: And ye shall know the truth and the truth shall make you free." St. John 8:31-32. It has been observed that in Christ's service a man finds perfect freedom. There is freedom from fear, for he has the presence of Jesus. There is freedom from self, for he becomes no longer his own. There is freedom from other people, for he has learned to listen to the voice of God and is no longer afraid of what his neighbors might say. There is freedom from sin, for the chain that bound him to his skin is broken. In reality, he is freed from himself as well as from other people. "If the son shall make you free, ye shall be free indeed." St. John 8:36. When a man really knows Christ, he wants to share with other people. He not only loses his selfishness, he also loses his bitterness and self-pity.

We need to realize that material things are not of ultimate value. Bread, symbolic of material necessities, is not the first and foremost need of man. Jesus taught his disciples to say "Our Father who art in heaven, Hallowed be thy name"—before they presumed to ask for their daily bread. Jesus insisted that we must forgive, if we are to experience forgiveness. Perhaps the true nature of Christian forgiveness is seen in Stephen's prayer as he was stoned to death: "Lord lay not this sin to their charge." Acts 7:60. He had experienced the forgiveness of God, and he wanted his enemies to know it, too. Here is the power that enables us to overcome all things.

God says: "You may have security on the condition that you are so concerned about my will for my children that you forget all about your own stake in the universe."

There is the story that is told about Rabbi Ben Joseph, a Warsaw Jew, who was taken to the concentration camp by the Germans during World War II. He was humiliated by being forced to work as a draft animal. However, he refused to work on the Sabbath. The Commandant threatened to hang him. The Rabbi's trust was in God. He quietly told the Commandant to go ahead with the hanging. When he was asked if there was something that might be done for him before he was hanged, he pled: "Please do not hang me before sundown lest my hanging profane the Sabbath." In his request we can almost hear the Jewish Shema being said in a service of worship in the synagogue.

Rabbi: "Hear, O Israel: The Lord our God is one Lord."

Congregation: "Blessed be his name whose glorious kingdom is forever and ever."

Arthur Gossip gives us a picture of the most secure man ever lived. He was a young man in a carpenter shop, when God said: "Are you ready?" He answered: "Yes." The crowds surrounded him at first and then melted away. God said: "Do you want to go on with it?" He answered: "Yes." So they hounded him and brought him

to the cross. God said: "Can you bear it for my sake and theirs." He answered: "yes." Go with him and you will discover that all the way he had a sense of security that could not be shaken. We find these among the last words he spoke during his earthly ministry: "Peace I leave with you..." my kind of peace I give unto you." St. John 14:27.

We come to the realization that a strong commitment to God is the real source of our security under all circumstances. The simplest formula for the finding of that security is to "let go" and "let God." Rest in the Lord. Let go. Let God.

Legion Collects Gifts For Vets In Hospitals

American Legion Highlands Unit No. 69 and Highlands Post No. 69 held a joint meeting, October 6, 6 p.m.

A covered dish dinner preceded the meeting, which was held in the Legion Home on West Bell Street.

Rodney Lane, Commander of the American Legion, had charge over the opening ceremonies.

Steve Booth and Joe Strickler, Boy Scouts, gave interesting reports on their State held in Tallahassee this summer.

A Bona Smith, Auxiliary president, excused all visitors who did not wish to remain for the business session.

The Unit voted to send \$25.00 to Tom Adams for three Florida State Flags, to be sent to the boys in Viet Nam. The Unit name and Avon Park will be put on the flags. The first flag from the Unit will be sent to George Way's grandson who is in Viet Nam.

The Unit will serve a luncheon to the public at the Legion Home, November 11, Armistice Day, following a countywide parade.

The Auxiliary held their short business meeting afterward. Mrs. Dorothy Lane resigned as treasurer and Dorothy Lane was elected to serve the remainder of the year.

They are also collecting Joy Stop gifts to be sent to the three veterans hospitals. The gifts will be placed under a Christmas tree and should be mailed by November 15. The hospitals can get their Christmas store ready for the veterans to select a gift for each member of their family. These gifts are donated to the veterans by the Units throughout Florida and are wrapped and mailed free for the veterans. The three hospitals are at Bay Pines, Lake City and Coral Gables.

Mrs. Cora Way was presented a corsage for her 82nd birthday. She is the oldest member.

Concert Drive Ends Saturday

The Highlands Community Concert Association is in the final few days of their membership drive for the coming season. The goal of this newly formed organization is to bring three, possible four concerts in this season.

The most important goal is to provide good, entertaining concerts for the entire family at reasonable prices. Buford Jasper, president of the Concert Association, reported that the Chamber of Commerce.

Avon Park is headquarters for Highlands County during the drive.

Anyone wishing more information may call GL 3-3350, or they may request that a worker call on them. Memberships may be purchased from workers, or at the Chamber of Commerce.

Mrs. Helen Flynn, community concert representative from New York, has been in Highlands County this week helping with the drive.

This year the talent committee has requested the following performers for the Association:

Helen Vanni, mezzo-soprano, a beautiful, young, American mezzo-soprano, that combines a rich creamy mezzo voice with an amazing versatility which enables her to undertake a wide variety of operatic roles, oratorios, and recital programs, running the gamut from Bach through Schoenberg. As a result, Miss Vanni has been an extremely active member of the Metropolitan Opera.

Salvatore Accardo, the first Italian violinist to come to our shores in many years was immediately hailed as a major violinist talent in debut performances with the Cincinnati, Los Angeles, and Montreal symphonies last season. This amazing young man.

Italy has a beautiful, richly varied tone, a bow arm as light as Ariel's feet, and fingers that fly about like hummingbirds.

Whitmore and Lowe, dual pianist, under the personal direction of Judd, Ries and Dahlgren will be presented by community concerts through Columbia Artist Management, Inc. There are perhaps a dozen great recitalists before the public today, these are two of them.

Admission to the concerts is by membership only. Memberships must be purchased prior to the season during this drive which will end Saturday.

Membership cost: Adult - \$7.00. Pre-school - Free.

Student - First grade thru 12th grade, and any full time college student - \$3.50.

Family - Which includes two adults and all children (pre-school and students) in one family - \$17.00.

South Florida College Grows

Students are still registering at South Florida Junior College, reports Wilfred Bunnell, director of personnel, registrar of the college. At least a dozen or more registered since opening day, a little over a month ago.

Currently there are 283 students registered in courses for credit and 60 enrollees are auditing courses.

Though the majority are from Highlands County, many come from eight other counties, and one student is listed as a resident of the state of Louisiana. Highlands registers 213, Hialeah 45, Polk 11, Pasco and Hillsborough with three each, Palm Beach and DeSoto two each, while Manatee, Duval and Hendry counties are listed as home for one student apiece.

Men outnumber the women by a slim margin, only two. Ages range from 17 to 70, so you are probably not too young or too old to become a student again.

Whales may live to be as much as 50 years old says the Miami Seaquarium's Capt. Bill Gray.

United Funds Cooperates With OEO

The United Community Funds and Council of America has called for cooperation with the War on Poverty. This organization, the largest volunteer, social welfare groups in the country, said, "Voluntary and governmental agencies should cooperate in meeting the central problem of social welfare manpower shortages."

The United groups continued, "The citizen leadership traditionally associated with voluntary health and welfare activity, saying, 'participative activity in the planning and operation of the new community programs associated with the War on Poverty.'"

The groups contend that, "Personnel should be made available to these programs, on a long-term basis of necessity, by both voluntary agencies and corporations."

"Voluntary community fund-raising groups should include funds in their budgets to match government appropriations for local community committees administering these programs. In this way, local citizen leadership and control can be maintained."

The consensus also holds that, "Voluntary agencies should develop programs by which their clients and the residents of areas they serve can participate meaningfully in the operation of their own programs."

SPEEDY HALFBACK Harold Callaway averaged 7.2 yards per carry last week as the Red Devils defeated Haines City 32-27 in their third straight win. Callaway, who plays right halfback on offense and guard on defense, has been a real workhorse for the Avon Park eleven this season.—(Sun Photo)

Undeclared Red Devils To Tangle With Wauchula Friday Night

(Continued from Page 1)

Money took it into the end zone as he swept his right end on a quarterback keeper play. Again the attempted kick for the PAT was no good but the Devils were out front 32-14.

In the fourth quarter the Devils ran only two series of plays and a short one as the game ended. Haines City took over the rest of the period and pushed over two more scores. On the first drive the Hornets drove 73 yards completing five of 11 passes for 68 of the yards. Steve Weber recovered from the one for the touchdown and Hunt's kick was good for the third extra point as Haines City edged closer 32-21.

The Devil's next drive died at the Hornet 25-yard line with one minute and 45 seconds left in the game the Hornets moved the 75 yards for their final score. This time it took a 15 yard pass to Haines, a 36 yard pass play to Eugene Chabault, a 15 yard pass to Jim Cusick, a 10 yard pass to Jim Cusick, and then David Green plunged in from the one for the TD. Steve Weber blocked the place kick holding the score at 32-27.

The Devils ran on the clock with running plays after receiving the final kick-off on their own 40.

The passing attack of the Hornets was an awesome thing in the second half but the Red Devils' high scoring offense with the three running threats gave the Avon Park eleven the scoring margin they needed for the win.

'B' Squad Meets Hardee Jaycee Here Tonight

The Lake Wales "B" team shut out the Avon Park "B" team 16-0 last Thursday night here in a drizzling rain. In the first quarter Lake Wales quarterback George Nixon ran for a 10 yard touchdown and half-back David Seaton skied left end for the extra point.

Early in the second quarter Lake Wales gained a safety when Avon Park's punter was tackled while attempting to kick out from his own end zone putting the visitors ahead 9 at half-time.

The second Lake Wales touchdown came late in the fourth period when Dixon hit Rex Simmons with a pass and Simmons went 12 yards for the score. Leonard Burch ran around right end for the point after and the young Highlanders had a 16-0 victory.

The Avon Park team had offensive drives but none lasting long enough to push over a score. The scoring against the young Devils was almost exactly the same as in the loss to Wauchula the week before—two touchdowns and a safety.

STRICTLY FRESH

Too many girls think a woman's work is done when she sweeps down the aisle.

Manager "You're 30 minutes late. Don't you know what time we start work here?"

New office boy: "No sir. They're always working when I get here."

Wife (showing husband an expensive fur coat): "One really can't help but feel sorry for the poor thing that was skinned for this."

Husband: "I appreciate your sympathy."

You don't know what hard luck is until you buy a suit with two pair of pants and burn a hole in the coat.

New Cliff-Hanging Airport Changes Travel To Madeira

FUNCHAL, Island of Ma-
deira (UPI) — Construction
of a cliff-hanging airport here
recently has changed tourist
travel from sea to air.
For more than 100 years
British and Scandinavian sun-
seekers came here by ship
in the winter. Now the major-
ity of visitors are coming by
air on the 535-mile hop from
Lisbon. T.A.P., the Portu-
guese airline, has two flights
every day throughout the
year and Madeira is becom-
ing a year-round resort.
Bathed by the Gulf Stream
and only 300 miles off the
coast of Morocco, Madeira
has an average winter tem-
perature of 63 degrees and a
summer average of 71.

QUO VADIS

VACATION is over for the TOWER VIEW RESTAURANT crew in Lake Placid, and they will be back to work this Friday, October 14th. Chef Carl is having a real gala re-opening by having a lobster special, all the lobster you can eat for only \$3.25. Lobster lovers, this is the time that you can really fill up on your favorite dish. This special will last for two weeks—fresh fries and cole slaw will be served with the lobster. Watch out for the rush, Carl!

Earl and Charlotte Jung have a charming restaurant on the Cypress Garden, Winter Haven road, just one mile west of U.S. 27. They are conveniently located to all local attractions and their entrees start as low as \$1.25. Try their delicious pizza.

One of Highlands County's favorite dining spots is Christy's SUNDOWN RESTAURANT in Winter Haven—the Chase Lounge has on its entertainment agenda this week, the gifted duo vocalist and drummer Jean and guitarist Jerry. Really an excellent show—see it soon.

In Ft. Meade, the EL CID LOUNGE gives out for the Go-Go girl fans and for the others, pleasant music for dancing by the Nite Flyers.

To accommodate the increasing amount of diners, Mr. George of THE COPPERTOP on U.S. 27 in Lake Wales, is just completing his second dining room, which will open soon. Watch for this opening.

Mr. Hun says to come in and see them soon at the HIGHLANDER RESTAURANT on Abernethy 27 at North Ave. in Lake Wales. If you haven't tried their special buffet on Sundays, stop by this Sunday, you'll enjoy it.

The Morsillos at CLAYTON'S RESTAURANT in Sebring want to remind you that they are featuring that favorite "char-broiled" steaks and of course, don't forget their baked oysters—they're yummy.

WRESTLING FANS, travelling is coming back to Highlands County this month. Watch the ad for the place, the time and your favorite wrestlers, who will be here soon.

Flying is such fun, but when you can pilot a plane it is very exciting up there in the wild, blue yonder. Call Shirley at MARR'S AIRCRAFT in Avon Park now and get started for a real thrill.

At the local cinema HILANS THEATRE in Avon Park, we have the well-known Adam West and Burt Ward of TV fame in the also famous film "BATMAN". The teenagers should love this. Plays thru Saturday.

At the SEVON DRIVE IN starting Sunday and playing thru Wednesday, is strictly adult entertainment, the first feature is "CONTEST GIRL" and the co-feature is "The Stripper" with Joanne Woodward.

The CIRCUS is coming to town—Tuesday, October 18th, call any member of the Sebring Jaycees or other local businesses in your town for tickets now—you will not only have fun and entertainment, but you will also be contributing to a worthy cause. The profits will go to the Highlands County Juvenile Home fund. If one has contacted you as yet to buy tickets, call Bill Bryan at the Tropical Bank and Trust Co. and he will send someone over to get the sale.

With the accent on colorful lips again, yours can be beautifully in style if cared for properly.

Protecting your lips is a 24 hour job. Soft, creamy lipstick should be worn as a protective cover against chapping, even at bedtime. Nighttime lipstick should be applied and lightly blotted for best protection. This procedure will not only keep your lips soft, but will make you delightfully fresh-looking in the morning.

For shapely lips, a professional lip brush is indispensable. For example, BrushFire lip color, recently introduced by Cosmetically Yours, is the perfect answer. The compact case contains lip color, mirror and brush. Its special formula was developed as a safeguard against sun, wind, salt water and summer dryness.

Now, take brush in hand and begin lining your upper lip from the center, extending the line to the corners of your mouth. Repeat the same step on the lower lip. Then fill in the center of your mouth with a slightly lighter shade. Result: a beautifully sculptured mouth.
