Easter Pilgrimage To Lake Wales Will Be Revived This Year

Revival of the annual Easter Pilgrimage to Lake Wales was announced by Roger Cain, president of the Greater Lake Wales Chamber of Commerce, who said the observance will begin Palm Sunday, April 3.

Special church service will begin that day and continue during the entire week.

There will be two recitals at the Singing Tower in Mountain Lake Sanctuary, one at noon and the other at 3 p.m., on Palm Sunday.

The Black Hills Passion Play will open its Holy Week schedule with a twilight performance on Palm Sunday at 6 p.m., to be followed by presentations nightly Monday through Saturday at 7:30 p.m.

The annual Easter sunrise service at the Mountain Lake Sanctuary has been scheduled for 6 a.m., to be followed by a special showing of The Last Supper at the Great Masterpiece.

Target Date Set On U.S. 27 Four-Laning

Target date of June 30, 1967, has been set by State Road Board Member Vincent Nuccio for completion of the four-laning of U.S. Hwy. 27 past Lake Placid.

At its meeting Tuesday, the Highlands County Commission approved a resolution releasing a half-million dollars of the county's secondary road funds for use in completing the four-laning project.

Nuccio had requested the release when he met with the commissioners in the annual secondary road hearing at Bartow late last week.

Commissioners had offered to share the cost of four-laning from Fairmont Drive at Sebring to the intersection of 27 and SR 29, south of Lake Placid. The first section of the work—Fairmont to US 98 is now underway.

Nuccio told county commissioners last week that the second section of the job is to be included in the state's 1966-67 road primary budget, and, "We hope to have the whole job completed by June 30, 1967."

The first section, a distance of about eight miles, was begun in December. The contractor was given a year to complete the work. The second section—from U.S. 98 to SR 29 is a distance of 12.4 miles.

At the request of the State Road Board the County Commission approved expenditure of $90,000 of secondary road maintenance funds for resurfacing SR 17 from its intersection with U.S. 27 to Hendricks Field.

No date was mentioned for commencing of this project.

Public hearing on expenditure of the first of the $1 million from the sale of certificates of indebtedness is set for March 25.

A special budget for funds from the sale of the certificates has been set up for the rest of the 1966-67 budget year. It earmarks $194,775 for road construction.

Hearing on the budget is scheduled for 9 a.m.

One of the projects budgeted is a sidewalk on the west side of S. Lakeview Drive from Kenilworth Blvd. to the shopping center in Sebring.

Bids on the sidewalk were opened Tuesday, and Bill Young won the contract on a bid of $8,800 ($10,000 had been budgeted).

Construction will begin between April 1 and 10.

Easter Seals Will Aid Needy Crippled Tots

Highlands County residents will receive Easter Seals in the mail this week as the annual appeal of the Florida Society for Crippled Children and Adults, 960 Lee Rd., Orlando, gets underway.

The annual drive, held in conjunction with a nationwide appeal, will run through March to Easter Sunday, April 10.

Kenneth H. Grady, executive vice president of the Tropical State Bank, Sebring, is 1966 Easter Seal campaign treasurer for the South Central area. Miss Edna Merrow, 218 Lakeview Dr., Sebring, is coordinator.

Grady stressed that solicitation would be by mail only. There will be no door bell ringing or canvassing of local businesses. Appeal will be made by letter only to Highlands County residents.

Proceeds will be used to send handicapped children and young adults to Camp Challenge, Florida's Easter Seal camp, located 25 miles north of Orlando on State Rd. 46. Funds also help to maintain and operate the camp which each summer provides recreational activity previously denied them for 300 handicapped youngsters, nearly 50 percent of them in wheelchairs.

Other services offered Highlands County residents by the Florida Society include direct patient care for indigent children and adults. This includes equipment loan, medical evaluations and therapy treatments.

Damage Suit Filed In Court

Two suits seeking damages for injuries allegedly suffered in motor vehicle accidents on Hwy. 27 were filed in Circuit Court last week. Both cases have been assigned to Judge Clifton M. Kelly.

Mattie Butler filed suit on behalf of her minor sons Willie M. and Jerome Butler. She charges that they were injured when a car in which they were riding collided with a truck owned by A & B Trucking Co. and driven by Charles Alessi. The accident on Jan. 18, occurred 100 feet south of the Polk-Highlands line.

Economy Packing Co. had hired the truck, the suit claims, and the packing company is listed as a co-defendant in the suit. Damages in excess of $5,000 is being asked for each of the boys. The plaintiff is represented by the Tampa law firm Nichols, Gaither, Beckham, Colson, Spence and Hicks.

In the second suit George H. Williams has sued the estate of the late Corley Graves Newman. The suit—filed by the Jacksonville law firm of Howell, Kirby, Montgomery, Sands and D'Aiuto—states that Newman died as a result of a crash between the vehicle he was driving and car driven by Williams. This accident was on September 21, 1965. Williams is asking damages in excess of $600.

Band Auction Termed Success By Workers

Last Thursday's auction on The Mall, staged by the Band Parents Association for benefit of the Avon Park High School Band, was termed a hugh success.

Three auctioneers kept things moving from 2 p.m., until late evening despite cold winds whistling in from the north during the night.

Wayne Albright and Joe Kinsey Jr., local auctioneers, were aided by Harry Van Buskirk in getting the prices higher although many an item donated by at least 84 merchants were bargain sales. Mr. Van Buskirk was a visitor from the midwest.

Merchants in Avon Park responded in a large way by donating to the band auction as did merchants in Sebring, St. Petersburg, Winter Haven and Mulberry who sent merchandise to help local bandsmen.

Association officials noted a number of individuals had donated cash to help gain funds for band expenses. And, they are asking those who desire to contribute—most have been $10 cash donations—may do so by contacting Vic MicKunas, band director and treasurer.

No report has been made of the financial success of the auction, or the number of items received to be sold.

Beer Sale Hours Remain The Same

A short-handed County Commission refused to act Tuesday on a petition that hours for beer sales be extended, especially during race week.

Request, presented by Gerald Bee, proposed that the closing hour for beer sales be moved from midnight to 2 a.m. each day. Opening time for sales is 8 a.m.

Clerk Earl Rich said the Highlands Commission "in the past has followed the general lines of the state rules." Bee said the state regulations are for 7 a.m. to midnight with no Sunday sales.

"Sometimes in the past," he pointed out, "this Commission saw fit to exercise the authority granted by the state to set rules within the county. The morning hour has been changed to 8 and Sunday sales are permitted," he said.

Bee was told to contact County Commission Chairman Cecil Skipper and ask for a special meeting if he wished to press for action before the Grand Prix on March 26.

The Commission did act on an application for a liquor license, denying that from Hillcrest Grocery.

Commissioner J. A. Butler had received a petition from Hillcrest residents protesting proposals that a liquor store be licensed in their neighborhood.

Purchase of a front-end loader and a dragline was tabled.

The commission approved a joint request from the tax assessor and tax collector for permission to purchase a new tax billing machine, cost to be shared from the excess fees of the two offices.

Lake Haven Estates developer submitted a request that the county accept the streets in sections 1 and 2 of the subdivision for county maintenance. The Commission decided to write a letter to the developer directing that the streets must be repaired and shoulders fixed before the county will accept them.

First National Bank of Sebring won a time deposit of $34,500 for 90 days on a bid of 4.31 percent interest.

Commissioner Butler volunteered to meet with the Pinellas soil and water conservation leaders who wish to visit watershed projects in this county.

Commissioners formally accepted maintenance on the Fisheating Creek Marsh and the East Chain of Lakes watershed projects.

The board accepted land for road right-of-way from the Sudan Interior Mission which is planning a retirement settlement at Sebring.

Veterans Officer Harvey Roberts' attendance at a veterans officer school in Miami Beach was approved.

The club has roping Sunday afternoon and Wednesday and Saturday nights at the corral on Wauchula Road. A Bag of feed for the pony was donated by Mr. Stimson.

On Probation

An 18-year-old youth was placed on probation for 10 years in Circuit Court Tuesday. Robert Nestler, one of the group of youths arrested for burglary by breaking and entering at Buddie's Sinclair Service and Radiator Shop, south of Lake Placid, is also on a 10-year probation from an Orange County court. His sentence here is to run concurrently with the Orange probation.

Louis Stein, president of the supermarket chain, also reported the highest sales in the company's history for the 40 weeks ended Feb. 5, which amounted to $911,400,000, an increase of 7.2 percent over the $850,415,000 for last year.

Two-Party Contest Is Assured

A two-party contest—the first in many years—is coming up in November. Lake Placid Republican William H. True will face the winner of the James Creel-Jean M. Whitaker race for Democratic nomination for County Commission.

The primary contest in District 2 widened as H. Earl Crutchfield qualified as a Democratic candidate opposing incumbent J. A. Butler and Kator Butler. This contest faces the possibility of a run-off for nomination.

Veteran School Board Member E. Ray Wells of Avon Park qualified Monday for another four-year term. Lake Henry Bailey of Sebring and John Wirick of Lake Placid, Wells is unopposed and the election of the three school board incumbents is assured.

Crutchfield is a life-long resident of Sebring and associated with his father in grove caretaking business. He is a newcomer to politics.

Whitaker, land developer and owner of Placid Tower, is president of Whitaker Brothers Contracting Co. He, too, is a first-time candidate, qualifying Tuesday only minutes ahead of the noon deadline.

True, lone Republican on the county ballot, is a long-time resident of Highlands County, and associated with True Enterprises.

School Survey Team Arrives

A study of Highlands County school buildings and possible school needs during the next five years is being made by a special state Department of Education team.

The seven-man team arrived Monday and will visit all schools and meet with local school officials, including the School Board.

The Highlands board rejected a key portion of the survey made in 1963 which recommended a single consolidated county high school. Under that survey, the state will not approve spending any funds on existing buildings for Lake Placid, Avon Park and Sebring High Schools.

Soon after rejecting the 1963 survey's high school recommendation the Highlands School Board asked a restudy.

The survey teams now here includes Donald R. Lott, director, specialist in school surveys with the Florida State Department of Education; Charles E. Chick, assistant director of the division of administration in the Department of Education.

John Colombo, general supervisor, Osceola County public schools; Carl G. Crawford, principal of Belle Glade Elementary; Walter B. WALK AS YOU TALK

"Now therefore perform the doing of it." II Corinthians 8:11.

There is usually a difference between a man's profession and his performance. This fact led to the saying: "What you are speaks so loudly that I cannot hear what you say." We are sure that one of the finest things that can possibly be said about anyone is: "He walks as he talks." That is not the easiest thing in the world to bring off. Let us look at the case of a man who failed to walk as he talked.

Jesus and his disciples had just left the Upper Room in Jerusalem where they had had the blessed fellowship of the Last Supper. As they were going to the Mt. of Olives, Jesus said to his disciples: *"All ye shall be offended because of me this night."* Whereupon Peter answered: *"Although all shall be offended, yet will not I."* St. Mark 14:29. In the Gospel of St. Luke Peter's avowal of loyalty is much stronger: *"Lord,"* he says, *"I am ready to go with thee, both into prison, and to death."* Strong words!

When Jesus was arrested in the Garden of Gethsemane, he was taken to the house of the high priest. Peter followed in the shadows. He entered the courtyard and warmed himself at an open fire. His eyes followed the movement of the people gathered there. All went well until one of the maids of the high priest happened to notice him. Under her gaze, he flinched. Then it happened. She pointed the accusing finger and said: "Thou also wast with Jesus of Nazareth." As if struck in the face, he backed away saying, *"I know not what thou sayest."* He made his way to the porch. He fared no better there, for he was approached by one who singled him out with the accusation: "This is one of them." Again, he denied his Lord. The curiosity of the crowd was aroused by now. "Surely thou art one of them; for thou art a Galilean, and thy speech betrayeth thee." Peter's reaction to that was immediate and rather violent. It is written that he *"began to curse and swear, saying, I know not this man of whom ye speak."* St. Mark 14:71. St. Luke adds a note of tenderness at this point: *"And the Lord turned, and looked upon Peter. And Peter remembered the word of the Lord, how he had said unto him, "Before the cock crow, thou shalt deny me thrice."* St. Luke 22:61. Peter bowed down in shame and went out weeping bitterly.

It is quite obvious that Peter had not walked as he had talked. We feel sorry for him. We make excuses for him saying, "he was only human, after all." Just like anyone one of us. Yet there is this difference: Peter had been three years in the Master's company; he had heard the teachings and had witnessed countless acts of healing and mercy. He had been so impressed that at Caesarea Phillipi he had acclaimed: *"Thou art the Christ, the Son of the living God."* St. Matthew 16:16. However, in a moment of testing, he had failed.

Let us walk down the generations to another age. It happened in 14th Century England. Henry VIII had broken with the Church of Rome and had instituted the Church of England. He chose Thomas Cranmer to be the Archbishop of Canterberry. The Bible, in the English language, rather than Latin, was placed in all churches. During the regency of Edward VI, Cranmer was assigned the tasks of preparing a Prayer Book for the Church of England. Edward died and Mary became queen. She endeavored to bring all England back to the Roman Church. The leading bishops of the Protestant church were burned. Cranmer recanted. He went so far as to curse both Luther and Zwingli and himself for following their teachings. In spite of the fact that he had recanted. He was condemned to be burned. Before his death he was required to stand in the Church at Oxford and repeat his submission to the queen and the pope. In the midst of this he broke off and declared: "Now I come to that which troubles my conscience more than anything that I ever did or said in my whole life, and that is that through fear of death I signed with my hand what I do not believe in my heart. When I come to the fire, this hand shall be the first to burn." It is said that he went forth smiling. When he was burned at the stake, he held his right hand in the flame until it was burned away.

It is not easy to walk as one talks. It surely was not easy for Peter or Archbishop Cranmer. We know that Peter repented, as did the good archbishop, who walked to a martyr's death smiling. There is hope for those of us who fail again and again.

A young man sought to conceal a very serious problem in his life from his dearest friend, fearing to lose his friendship. At last he could stand it no longer and he told his friend the whole story. After he was through his friend replied: "I've known about it all along, and I've liked you in spite of it." What a tremendous burden that must have lifted from his heart.

God knows. He loves us. He continues to love us not because we have fooled Him but because it is His nature to love on in spite of everything. God knows the worst about us. Yes! He also knows the best about us, too! Peter failed Jesus and pained his heart but then he had been the one who had hailed him as God's Messiah.

We don't always walk as we talk. Gods' love follows us in spite of our failures. Our faith is that if we are repentant, God strives with us and gives us grace and power to more and more walk as we talk. With God's help, we can walk even the hard way with a smile on our face, as it was on the good Archbishop's face as he walked to martyrdom.

Two Named

Former Circuit Court Judge Joe D. Kinsey, co-ordinator for gubernatorial candidate Robert King High in three central Florida counties, announced the appointments of two Highlands County campaign managers.

Judge Kinsey named Wayne W. Albright campaign manager for Avon Park, and attorney George W. Whitehurst Jr., campaign manager for Sebring.

Carter Creek Watershed Meeting Set

There will be a meeting of all landowners interested in the Carter Creek Watershed Project at 8 p.m. March 21, courthouse annex, Sebring.

The meeting is jointly sponsored by the County Commission and the Highlands Soil Conservation District.

Its purpose is to determine whether or not there is enough interest among the affected landowners to apply for assistance in establishing the necessary structures and canals to regulate several lakes in the watershed, namely Lake Bonnett, Lake Redwater, Lake Sebring, Little Bonnett, Lake Letta, Lake Lotela, Lake Lelia, and Lake Glenada.

Anyone having an interest in the control of these lakes is invited to be present and express their concern.

Tri-County Area Gets Health Aid

Highlands-Glades-Hendry counties have been alloted $57,853 of the $299,953 the U. S. Public Health Service has appropriated to help the Florida State Board of Health in 16 Florida counties with its health program for migrant workers.

Specific objectives of the board's program are to provide basic health services for the migrants.

The Coast Guard aviation center in Elizabeth City, N. C. is scheduled to begin construction this year of a round barracks, a "first" in the construction of military barracks.

Avon Park's Church of the Nazarene offers religious life to those of all faiths seeking solace of the church in their lives. The local church has had worshippers of many faiths this winter. It offers religious teachings of the older faiths many remember from childhood. Here, the church works closely with the Highlands County Youth for Christ program, and offers Wednesday night Bible teaching to supplement its Sunday services. It is one of the older Avon Park Churches. Its pastor came here in June, 1965 from Brevard County where he spent 8 years in church work.

Typing Class Works On Book

Mrs. Rutz's typing class has been typing a short book which consists of about 10 pages. The title is "The Right Thing to Do." It is about home, school, public, and social behavior.

We have also been taking one-and five-minute tests. Each person records his grades on the two tests each week. At the end of the nine weeks, we will take the three best grades and this will be our average.

We are very fortunate to have Mrs. Rutz as a teacher this year. She has also taught school in a few Latin American countries.—STEVE WEINZIRL

Tasty Meals Are The Goals

Nutritious, attractive, tasty meals are the goals of the students in the Nutrition and Foods classes. In planning individual meals, the skill and ease with which various foods can be prepared will be carefully considered by the students; but nutritive value should receive top consideration.

The easiest way to be sure that all the necessary nutrients have been included is to check with the Basic Four Food groups.

Each day serve:

1. Milk and milk products; 3 or 4 glasses.
2. Meat, fish, poultry; 2 or more servings.
3. Vegetables and fruits; 4 or more servings.
4. Bread and cereals; 4 or more servings.—STANLEY WELLS

Modern Math Is New Topic

Along with the new mathematics of studying new number systems of arithmetic, comes the practical aspect of mathematics. In Mr. Pickett's modern math classes 155 students in grades seventh and eighth had a little practical application in math by drawing house plans to scale.

These plans were drawn on paper with a scale of ¼ inch equaled to 1 foot. These house plans are the students own ideas or ones gotten from magazines. Each student was required one house plan and had one month to complete it. The house plans were graded on neatness, accuracy of measurement, and practicalness.

The best posters out of 155 were handed in by Martha Moseley, Gail Metheny, Susie Skipper, Joyce Strickler, Beverly Wicker, and James Williams.

Future Farmers of America

Recently the Avon Park Chapter of the Future Farmers of America, in cooperation with the Vocational Agriculture Department of Avon Park High School, participated in a land judging contest held at Zolfo Springs.

This contest is held annually and sponsored by the Regional Soil Conservation Department, to stimulate interest in determining types of soils and in soil conservation.

Avon Park has always been a top competitor and held true to form in this year's contest by defeating Sebring, Lake Placid, and E. O. Douglass in the Highlands County.—JIMMY POWELL

Driver's Education Program

Driver's education is taught for the purpose that students may learn the fundamentals of safe driving. Driver's education is open for students, grades 8 through 12.

The instructor for this course, Coach DeCola, a graduate of Florida State University, is certified in driver's education and physical education. He has been teaching driver's education for three years.

A course in driver's education covers a period of one semester. Each student is required to spend six hours behind the wheel and three hours in the class room. All phases of driving are covered. By the end of the semester course, a student is expected to be able to pass a test that is more difficult than the Florida's license test.

On an average 120 students take this course each year.

The I. H. Ford Motor Company is kind enough to lend the school a new Chevrolet for teaching purposes in driver's education each year.

Audio Visual

Besides books, the library has films available. The following is a rough estimate of the number of films Mrs. Best is in charge of: 14 Philosophy; 100 Social Studies, 22 Linguistics; 200 Science; 100 Applied Science; 44 Arts and Recreation; 16 Literature; 50 History; and 100 Travel, a total of 648 films.

The APHS High School does not own these, however, they are available to us through the Material Center.

Red Devil Track Team Impressive As Runners Post 101 Point

Scoring 101 points in a triangular meet, the Red Devil track team won its second straight meet last Thursday, competing with Hardee High (54) and Frostproof (22) at APHS track.

Avon Park took first place in all running events except the 100-yard dash won by Bill Brooks of Hardee in 9.9 seconds—just one-tenth of a second ahead of Avon Park's Harold Callaway.

The Devils also were first in two of the five field events, winning the discus and shot put.

Hardee placed first in the broad jump, the high jump, and the pole vault.

The 120-yard high hurdle was won by Devil Mike Coleman in 15.4 seconds. Three of his teammates took the next three places. Bobby Burton was second, Earl Sims came in third, and Smitty Callaway took fourth place to shut out the other two schools.

The 100-yard dash featured Brooks and Callaway as the speedy Wauchula boy barely edging out the Devil's fastest sprinter. Devil Robert King placed third and Frostproof's Jack Brooks took fourth.

Tom LaFlam took the mile run easily in 5 minutes, 6 seconds. J. Melendy of Hardee was second, Milton McKenzie of Frostproof, third, and, Avon Park's John Wright, fourth.

Red Devils took first place in all three relays. Running for Avon Park in the 880-yard relay were Mike Coleman, Bob Barben, Robert King, and H. Callaway in 1 minute, 36 and one-tenth seconds. Hardee was second and Frostproof, third.

The sprint medley relay team for Avon Park was Tom Nunnallee, Bob Barben, R. King, and T. LaFlam. They took first with a time of 2 minutes, 10 seconds. Frostproof came in second and Hardee, third.

The mile relay was run for the Devils by Jack Crunkleton, Mickey West, Jim Burrescia, and Tom Nunnallee in 3 minutes, 52 and five-tenths seconds. Hardee placed second and Frostproof, third for no points.

Ten points are awarded to the first place relay team, six for second and none for third place in a triangular meet.

Avon Park took the first three places in the 440-yard run with Tom Nunnallee winning in 56.6 seconds followed by Mickey West and Billy Richards of Frostproof. Don Yates came in fourth in the quarter-mile race.

Mike Coleman ran and leaped the 180-yard low hurdles in 23.9 seconds to win. Bobby Burton came in second for the Devils. Frostproof's Larry Byrd and Waylon Walden placed third and fourth in the lows.

The 220-yard dash provided Harold Callaway with an opportunity to even the the score with Hardee's Brooks, and big Harold "turned it on" to take first, setting another new school record—22.4 seconds.

Last week Harold ran it in 22.5 seconds. Bill Brooks came in second, T. Campbell of Hardee, third; and, Kenny Dixon added a point to the Devil's score with a fourth place.

In the field events, the Heilig twins and H. Callaway teamed to take the first three places in both the shot put and the discus throw. Al Heilig tossed the shot 42 feet for first place. Callaway was second with 41 ft., Henry Heilig tossed it 40½ feet for third. Hardee's Bennett took fourth place with 39½ feet.

Henry Heilig threw the discus 125 feet for first place. Callaway was second, Al Heilig third, and C. Fazzini of Frostproof, fourth.

The best Avon Park could do in the other three field events was to take fourth place in the high jump when Mike Coleman and Mickey West tied.

Hardee took the other three places with Ellery Beard jumping 5 feet and 7 inches for top honors followed by Carmichal and Powell. Bill Brooks won the broad jump with 19 feet 11½ inches. Frostproof's Brooks and Taylor were second and third and Hardee's D. Campbell was fourth.

The pole vault was won by Ellery Beard of Hardee with a vault of 9 feet, 3 inches. Hardee's Hughies was second and Frostproof's Yates and Walden tied for third.

This Thursday (today) the Red Devils travel to Fort Meade to compete against the Miners and Hardee High.

Economic Students Study Taxes

A tax is a charge imposed on individuals and businesses by the government for public services, mainly without direct relation to benefits received.

In Economics, the students are eager and very interested in learning about taxes. They will learn that the government obtains almost all funds to pay the cost of its services by collecting taxes; but, it has other sources of obtaining funds, and the total income from these sources are very small.

The students will be learning the different kinds of taxes; for example, property taxes, income taxes, sales taxes, etc.

Another important part they will be studying is "what is a good tax system."

Some of the questions that the Economic students will be answering are: Why are taxes necessary? Does the fact that a tax is easy to collect make it a good tax? Do rich and poor share the tax burden fairly? These and many other questions will be discussed.

Mr. Maness and the Economic classes welcomes all parents and anyone who wishes to come, to visit the class this week and next to join the students in discussing and learning about taxes. This study will be very helpful to all.

English Classes Study Work On Research Papers

Mrs. Chloe Lookhoff's 11th grade English class is studying Non-Fiction Type Literature and the study of preparing research papers.

Mrs. Lookhoff is also giving instructions in using reference materials in the library, finding material related to the chosen subject; evaluating the material, taking notes on the research material and compiling it. Instructions on making footnotes and bibliographies are also given.

A great deal of care is taken in choosing subjects suitable to the maturity, scope, and interest of each individual student. After these instructions on how to prepare a research paper is given, students of the class will choose a subject and begin their term papers using what they have learned from the instructions.

Mrs. Lookhoff's 10th grade English class is also studying Non-Fiction Type Literature. This week they will complete the nineteenth century English novel "Silas ...ner" by George Eliot. This novel explores significant values and concepts that life can become stunted without love; that wrongdoing carries within itself the germ of its own punishment; that human beings are more important than money or things and that no one can escape the consequences of character.

In the next couple of weeks Mrs. Lookhoff is planning to have her classes study some of the world's finest poetry.—TONY TODD

Devil Baseball Team Wins Opening Two Games In Defeating DeSoto High, Then Frostproof

The Red Devil baseball team opened the 1966 season with two wins last Friday and Saturday nights at Head Field, winning over DeSoto High, 7-1, the first night and defeating Frostproof, 13-3, in a five-inning game Saturday night.

The Devils rapped out five singles in their 7-1 win over DeSoto while Mike Knapp, senior lefthander hurler, held the Bulldogs to 3 singles and struck out 13 batters.

Knapp scored the first run of the game for Avon Park in the bottom of the second. He singled and went on to third as the ball got by the right fielder. Then John Elder sent him home with a sacrifice fly to centerfield.

Avon Park's other six runs all came in the fourth inning. Spencer Oberle, Bob Coleman, Knapp, Elder, Powell and Lemler came across with runs on singles by Coleman and Powell, four walks issued by the DeSoto hurler, and a couple of Bulldog fielding errors.

Other Devil hitters were Ronnie Jackson and Johnny Elder with singles. The Devils committed three errors during the seven inning affair.

DeSoto's lone run came in the fifth frame. Shortstop Bill Hines drew a walk, one of six issued by Knapp, and then came home on back to back singles by Gary Tyson and Fred McCall. The Bulldogs left three men on base as Knapp struck the side out after issuing one more walk that inning.

Saturday night the Frostproof Bulldogs jumped off to a surprising 3 run lead in the first inning. The first man up walked, the second batter singled, and after the third batter struck out, Larry Byrd, the clean-up batter, sent the first two runners home with a triple that bounced off the left field fence. Byrd later scored on an error by the Devil catcher.

The Red Devils tied the game up in the bottom of the first frame, however, on a double by Coleman and a single by Knapp, two walks, and two Frostproof errors. Avon Park added three more runs in the second inning on one hit and four errors and two more runs crossed the plate in the fourth frame aided by singles by Knapp and Lemler.

In the bottom of the fifth inning the Devil batters put the game in the record book by scoring five runs on three hits while the Frostproof players committed four more errors bringing their total to 13 for the five inning game.

Ronnie Jackson, Devil senior righthander, went the distance for Avon Park giving up three hits, five walks, and striking out 10 batters. The husky hurler worked the five innings after only four days of practice.

Larry Byrd took the loss for Frostproof giving up 8 hits to the Devils and allowing 9 walks. Mike Knapp rapped out three singles to lead Avon Park at the plate closely followed by Bob Coleman with a double and a single. Hoppy Rewis connected for a triple for Avon Park in the fifth frame and Spencer Oberle and Dean Lemler contributed a single each.

Friday night the Red Devils are idle but will travel to Sebring next Tuesday, March 22, for their first away game and return home next Thursday to host the Okeechobee School for Boys.

TIRED RUNNERSUP are the above cagers of Avon Park High being presented their trophy by Mulberry High School Principal Dave Lofgren at Mulberry last Saturday night. The grove worker has been charged in the fatal stabbing of Eugene Dennis in Avon Park.

Concerning Your Valuable Papers

By AMY ATMORE

If your home caught on fire and you suddenly knew you had only five minutes to take out those things you needed most, could you get your most important papers out in one minute flat?

You would want your insurance policies, all kinds. Your house and car payment books, bank book, savings account book, copies of your income tax returns past, plus those receipts etc you will need next January. Your social security cards, stocks, bonds, property records, car title, health cards, military records, maybe divorce papers, citizenship papers, educational record, employment record, canceled checks to prove you paid your bills, your will!

Does it seem like a long, jumbled up list of things all important? I meant it to!

The only way is to get these gathered together one day. Take the time to do it. Make a careful listing of them. Make at least three copies, all alike.

Those papers you cannot easily replace or do not have to use often, put them in a safe deposit box at your bank. Add in one of the lists of papers, showing exactly where each is kept. List where your will is, who takes care of what, when.

In the safe deposit box should maybe go your property records, stocks, bonds, insurance policies, car titles, birth certificates, citizenship papers, church baptismal records, military records, marriage certificate, divorce papers if any, employment record, medical records you might need for future insurance policies, social security cards, an exact list of household possessions, and any other papers you know you cannot safely keep at home. A copy of your inventory of papers showing where each is should be here too.

How about the name of your lawyer, your pastor, your cemetery lot location and receipt, your will?

In one safety box at home, you might want things like your income tax records, house and car payment books, any other payment books currently is use, savings account and bank books, a list of bills you pay on plus the dates they are due is handy. This helps you pay promptly.

Any sturdy box will do. A small overnight case might fit your needs. However, office supply places stock small fire resistant boxes at fair prices.

In your bill fold, keep your driver's license, fishing license, passes, pastor, insurance cards, any other cards that will help identify you quickly in case of Emergency. Whom to notify in case of serious emergency too should be in your billfold, easily found.

This list should be checked over at least once a year to be sure it is up to date, all together, just the way you really intend it to be. On your birthday is an ideal time for this checking.

You Can Believe It!

THIS ILLUSTRATION OF FABRIC, AS SEEN UNDER A POWERFUL MICROSCOPE, SHOWS THAT AFTER 15 WASHINGS IN HARD WATER, THE FIBERS ARE FILLED WITH SOAP AND DETERGENT DEPOSITS WHICH CAUSE CLOTHING TO WEAR OUT UP TO 33% FASTER.

AS LITTLE AS ⅛ INCH OF HARD WATER SCALE IN A WATER HEATER CAN BOOST HEATING BILLS AS MUCH AS 16% AND REDUCE WATER HEATING EFFICIENCY BY AS MUCH AS 20%.

IN OUR MODERN LIVING, EACH PERSON USES OVER 3 TIMES HIS WEIGHT IN WATER EVERY DAY, OR AN AVERAGE OF 60 GALLONS FOR ALL HOUSEHOLD PURPOSES. WATER WEIGHS 8.3 POUNDS PER GALLON, THUS EACH PERSON USES 498 POUNDS OF WATER PER DAY, ACCORDING TO THE CULLIGAN WATER INSTITUTE.

SURPRISINGLY ENOUGH THE AMAZON RIVER IN THE TROPICS HAS ONE OF THE BEST AND SOFTEST WATER SUPPLIES IN THE WORLD. ONLY A HOUSEHOLD WATER SOFTENER PROVIDES BETTER WATER FOR EVERY USE.

FIX-IT TIP

To pair hairline or separation cracks in brickwork, apply a w[illegible] ing liquid.

To repair seri[illegible] you must point the joints. Remove a[illegible] old mortar and dirt to a depth of one inch. Use broad chisel and scrape places between bricks until thoroughly clean. Use a hose to wash out dust and dirt.

Here's an item from our "good old days" department:

The beauty of the old-fashioned blacksmith was that when you brought your

horse to be shod he didn't think of 40 other things that ought to be done to it.

TURTLEBACK—This enterprising gopher turtle, topside, hitches a ride on the back of his huge cousin, a galapago tortoise, at Ross Allen's Reptile Institute at Florida's Silver Springs. The two are pen mates in the turtle compound there.

"Gee, you look pretty when you get mad!"

What does the Red Cross do with your money?*

This hand-painted sign, hurriedly placed among the debris, gives the answer. When tornadoes completely obliterated Los Palmos, Ohio, hundreds of Red Cross volunteers were on the job before the shock had been fully felt. Your dollars made it possible for the Red Cross to help comfort, clothe, shelter, feed and provide needed medical and nursing care, household furnishings, and assistance in the repair or rebuilding of owner-occupied homes.

In all phases of Red Cross work, *every dollar* does the work of six, because Red Cross volunteers give their services without pay. Join in their effort. Support your* Red Cross!

*The financial support of the Red Cross comes from voluntary contributions of private citizens—like you.

You can help too!

THE PHYSICIAN: AN IMPORTANT MEMBER OF THE ATHLETIC TEAM

The medical care of athletes has been improving with the years. Team physicians have a responsibility not only to treat the injured player in a manner to get him back into play as soon as possible, but to protect him from getting injured. A careful physical examination and a consideration of the history of past illnesses and injuries are considered necessary. Vision and hearing have a great deal to do with the perfect coordination necessary in preventing accidents among athletes.

Team physicians can do much to urge personal cleanliness and hygiene in the athlete, for it is a well known fact that athlete's foot, boils and carbuncles are common and disabling in athletic programs. The ideal arrangement for high school athletics is to have a full-time trainer regularly present in the athletic area. This person should be well informed on the prevention of injuries and illnesses among athletes and able to take proper care of such athletes until they are seen by the team physician.

One of the difficult decisions a team physician must make is when to permit an injured player to return to practice. The coaching staff is anxious to have the player back with the team, and the player usually feels this way too. The team physician's first concern is the welfare of the injured athlete and his danger of being reinjured by returning too soon to the game.

While physicians are not usually experts on athletic equipment, they do know the anatomic parts to be protected and can be of valuable help in selecting the best equipment. The team physician should play an important position in the game.

FIX-IT TIP

New plaster should always be allowed to age from 60 to 90 days before painting. If the weather is warm and humid the period should be longer. If there is any moisture present in plaster, paint is almost certain to peel or discolor.

Dead Wrong

A hearse, speeding down the Connecticut Turnpike at 75 miles per hour near Westport, was halted by state police. The vehicle bore a body bound for New York City.

"You people have no respect for the dead in this state," snapped the driver of the hearse.

"Yes, we do," replied Sgt. Donald Waite of the radar patrol. "That's why I stopped you."

Council Votes To Issue Certificates

Action finally is under way to build a $150,000 disposal plant and pumping station, after months of controversy for Avon Park.

By a 3-2 vote, the City Council moved to issue a maximum of $250,000 in revenue certificates for the work, and, improve the city's water system with money left.

Revenue from the Water Department and present sewage system will be pledged to retire the certificates over a 20-year period.

Action took a long time coming Monday night.

It was not before a move by Councilman Clarence King to issue a maximum of $125,000 in certificates, less if not needed to construct the disposal plant and pump station, met with defeat.

King's motion was seconded by Councilman J. R. (Jack) Duggan to get the session to a conclusion. It was Duggan, who, several weeks ago, asked the council to get started on the disposal plant.

It was that action that caused Monday night's special meeting with Emery Dawkins of the engineering firm of Dawkins and Grantham, engineers who prepared plans for the disposal plant, and Jack Seaman, fiscal agent charged with getting the certificates sold.

Both Dawkins and Seaman presented engineering details and fiscal needs of the city. And, the latter reviewed in detail facets of the 1966 ordinance which paved way for issuance of revenue certificates to build the present water system.

Vote on King's motion saw Duggan voting with him as Councilmen George Border, Durrah Martin and Council President James Doerr voting resounding "nos."

It was Border who proposed the issuance of $250,000 in certificates, with Martin adding his second to bring it to vote. Both favored more funds for extension of sewer lines.

Duggan swung the adoption with his "yes."

Doerr, who joined the Council majority last summer in seeking issuance of $750,000 in certificates for the disposal plant and lift station work, a move defeated last Dec. 7 by voters, voted "no" Monday night with King.

HAROLD F. ROLL

Homecoming Week-End Set By Adventists

Harold F. Roll, secretary-treasurer of the Florida Conference of Seventh-day Adventists, will be the keynote speaker at the annual Homecoming-Visitors Day this Saturday, 11 a.m., at the Seventh-day Adventist Church, Lake Lillian.

Elder A. W. Ortner, former pastor, and Elder Herman Ray, former chaplain, will assist in the morning worship.

Mayor E. A. DeLaney will bring greetings from the City of Avon Park.

At the youth devotional Friday evening 7:30 p.m., the feature will be a male quartette from Forest Lake Academy at Maitland. Ronald Brown, a junior at the school and son of Mr. and Mrs. Harold Brown, is a member of the quartette.

Sabbath school Saturday 9:30 a.m. will be under the direction of H. W. Bauer; the adult lesson study will be directed by Elder Herman Ray of the Florida Sanitarium & Hospital, Orlando.

After the morning worship guests and church members will be served luncheon at 12:30 p.m.

"Action Now" will be an inspiring symposium that will feature ministers and laymen on Saturday afternoon at 3 p.m.

Elder A. W. Ortner, former pastor who is now serving at Fort Pierce will direct vespers at 5:30 p.m. Musical talent from his Fort Pierce church will assist Mr. Ortner.

He did not explain his action but friends said he is still of the opinion the city should obtain funds to extend sewer lines as a revenue producing measure.

Duggan, who was elected with King last summer in opposition to the issuance of the $750,000 certificate program said of his change of mind that I want Avon Park to progress.

"As I see it, we need the disposal plant and pumping station now, and adequate facilities to handle the situation.

"We are on the threshold of a junior college coming into the area, as well as the 150 unit Housing Authority development. We will have to provide facilities to care for them," he continued.

"I don't see the issue a political question, and I am not going to let politics defeat what I believe is for the best interest and growth of Avon Park.

"I hope those who voted for me do not think I am turning my back on them, but I am moved to act for what I think is for the best interest of the city," Duggan concluded.

Border, at the outset, emphatically said he would defer "or ally move to increase sewage rates on those using the present system, approximately 300 outlets, to pay for any disposal plant."

King questioned if the planned plant were needed, and told that under present conditions it would operate at only about one third of capacity, wondered if a smaller plant could not be built.

He quickly was reminded of the advent of the junior college and 150-unit housing developing which will have to be served when built, even if several years away.

Both Border and Martin, who fought for sewer improvements but saw what has been termed a misinformed opposition defeat any program, were opposed to just building a disposal plant and pump station but acted Monday for any improvement they could get.

They tried Monday night unsuccessfully to get the Council to favor a larger certificate issue for need improvements to the Water Department and sewer line extension.

Dawkins pointed out need for such improvement as contained in his engineers report. He was joined by Mayor E. A. DeLaney, citing instances of inadequacy of present lines.

It was the general consensus that while the action taken is inadequate for the city's needs it is the first move in the right direction to move Avon Park forward.

This was noted when Dawkins reminded councilmen they have an industrial park site but it is not of much enticement until sewer, water and electrical lines are provided.

Formation of Carter Creek Watershed Project Expected To Follow In Wake of Special Meetings

In a series of special meetings next week property owners around a dozen north central Highlands County lakes will gather information for the formal filing of application for establishment of a Carter Creek Watershed Project.

In a special meeting last Monday the land owners and watershed project sponsors discussed the proposed project and named interim officers.

Sanford Hartt was named interim chairman, and Bill Sachsenmaier, vice chairman. Mrs. Charles Snodgrove was named interim secretary-treasurer.

At the same meeting leaders were named for the smaller, information-gathering sessions.

Property owners in the Lake Lotela area are to meet Monday night at 7:30 p.m. at the Avon Park Chamber of Commerce. G. F. Ward is chairman for this meeting, and Jack Hutchinson is vice chairman.

Also on Monday at 7:30 p.m. a meeting will be held at the Shrine Club at Lakemont. This meeting will bring together the Lake Letta area owners with Kenneth E. Michael as chairman, and the Little Bonnet owners with Bob Barben as chairman.

The Lake Sebring and Little Red Water area owners will meet at Sebring Shores Golf Club with Bob Sherwood as chairman and Sheridan Miller as vice chairman. This meeting is set for Tuesday at 7:30 p.m.

Chairmen were named for four other areas—Art Gose for Lake Letta; Lake Glenada, Gerald Wicker; Lake Silver, Bill Sachsenmaier; Lake Anoka, Billy Martin; Lake Bonnet and Carter Creek, Woodrow Harshman.

"Property owners who are in these areas, not now scheduled, should contact the chairman for that particular area," Hartt said.

The area meeting chairmen will come together on April 4 for a meeting with the Highlands County Commission and the Highlands Soil Conservation District supervisors.

County commissioners and the soil conservation district are co-sponsors for the watershed projects within the county.

At the meeting on Monday night held at the courthouse annex, the soil conservation organization was represented by James Maxcy and Carl McIntyre, represented the county commission.

"Virtually everyone at the meeting mentioned some troubles from flooding," Maxcy reported. "With a watershed project we should hope to control the lake levels to avoid flooding and maintain water levels in dry times. We look forward to improving channels, linking lakes and building of water control structures.

"The soil conservation service has found that permanent, fixed controls—no boards to be installed and removed by individuals—are the best way to maintain a water conservation and control program," Maxcy said.

He estimated the land area to be included in the proposed Carter Creek project would be "about the same as the Upper Josephine project." That project includes about 30,000 acres.

Maxcy estimated that the Carter Creek project would cost about $250,000, but added that this was a "very rough guess and cost might go as high as $1 million."

One of the difficulties in estimating cost is the time lag between application here and letting of contract.

From here the application goes to a governor-appointed state Soil Conservation Board. If approved by that board, the application is forwarded to the United States Department of Agriculture Soil Conservation Service.

If approved by that service, the application is given a priority for planning, and after the priority is assigned the planning moves to the comprehensive planning stage. As comprehensive plans are developed approval must be given by all boards and agencies concerned with water—water resources, flood control, fish and game commission, health, recreation agencies must give approval.

Cost-sharing proposals are included in the plans. The federal participation is linked with the use of project. Flood prevention structures, for example, may be 100 percent federally financed while a water control structure to maintain water levels may receive a lower percentage of federal aid.

In the four projects already in operation in the county the extent of federal participation has varied from 60 to 90 percent of the total cost.

Highlands County, in the Upper Chain of Lakes Project, in the southern part of the county had the country's first small watershed project.

The Fisheating Creek Project was second in the county and was second in the state.

Other active projects are the Istokpoga Marsh and the Jackson Josephine Projects. The West Chain of Lakes application was made two years ago, and Soil Conservation staffer Sam Polston said he is hopeful that the West Chain of Lakes project may be into the detailed planning stage within a year.

The Carter Creek project would be the first in the Avon Park area. It will include Lakes Lotela, Tulane, Anoka, Lelia, Glenada, Silver, Denton, Little Bonnet, Letta, Little Red Water, Sebring and Big Bonnet.

Unity and Togetherness Theme Features Annual C of C Dinner

Togetherness keynoted the annual dinner meeting of the Avon Park Chamber of Commerce St. Patrick's night by all who spoke during the evening.

Held in Griffin's Restaurant banquet room, the dinner was attended by approximately 120 business and civic leaders and their wives. Included were State Senator Hayward Davis, Rep. Morris Adams.

Representing the city were Mayor E. A. DeLaney Sr., and Mrs. DeLaney, Councilman George Border and Mrs. Border and Councilman J. R. (Jack) Duggan and Mrs. Duggan.

Jack DeLaney, president of the Chamber of Commerce, sounded the initial theme of the dinner in calling for full and complete support of the civic organizations. The work continued, while working for the betterment of Avon Park needs support and confidence of the city's business interest as its residents.

Mark Wheeler, community development director of the Florida Power Corporation, echoed DeLaney's plea for togetherness, asking and advocating that all interests work together to build, not work at cross purposes and tear down.

And, he cited instances of other cities in the 65 to 70 communities his firm serves, where wrangling had been knocked down to be supplanted with cooperation.

There, he noted, cooperation had produced development, advancement and culmination of needed projects.

Such development, he added, created streets, sewers, disposal plants, auditoriums which produced new industry and more residents.

Much of his address was devoted to the lighter side but injected were sharp points extolling the virtue of cooperation by all factions to produce a better and more liveable city.

A feature was the awarding of Citizens of the Year plaques to Mrs. Hazel Wilson and Franklyn Ward by R. M. Gay, chairman of the Outstanding Awards Committee of the Chamber.

They had been selected by a secret committee from among 12 monthly awards winners during 1965.

George Haynie, vice president and former president of the Chamber, was master of ceremonies, keeping his audience in good humor with his witticisms.

Ted J. Ward gave an inspiring invocation paving the way to an enjoyable and fruitful evening.

Robert J. Barben, chairman of the dinner committee, introduced Wheeler and disclosed much of the preparation had been accomplished by Mrs. Dybelia Rhiner, Mrs. Betty Peebles and Mrs. Ann Johnson of the Women's Division of the Chamber.

They also were responsible for the Irish shamrocks gracing tables and backdrop as well as the saucy dolls of grapefruit and orange with painted cheeks and Irish hats of shamrock green, a masterpiece of the decorator's art.

Mrs. Anna Belle Worden, executive director of the Chamber, also came in for a good share of the credit due for the most successful dinner in the Chamber's history.

Several Weeks Delay Seen In Site Selection

Four to six weeks delay is seen in naming a site for the South Florida Junior College.

While a state Department of Education site survey team inspected the three sites within a 4-mile radius of Avon Park last Thursday, March 17, Highlands School Superintendent George Douglass said reviews will delay recommendations.

The three sites inspected were state owned property held by the Alcoholic Rehabilitation Program on U.S. Hwy. 27; land held by the Maxcy citrus interest, also on Hwy. 27 south; and, the first offered site, that of the Touchton interests on SR 64, or the Wauchula Road.

Advisory Council of the Alcoholic Program has approved granting land held by the program but decision of giving it to the Department of Education rests with FARP officials in Tallahassee. Highlands School Board was informed recently.

Center of the geographical area the college will serve—Highlands and Hardee Counties—is within a 4-mile radius of Avon Park.

Both the Touchton and Maxcy properties were offered free without strings in the public interest, it is understood.

The Junior College will open in Avon Park in mid-August in temporary quarters under direction of Dr. William Stallard. Several members of his staff have been named, including Wilford J. Beumel, director of student personnel; Miss Leila Louise Sebring, librarian; and, several instructors. Beumel will be second in command.

Work is progressing on renovating the Todd and Brickell buildings for temporary use. Also to be used are the Hilans theater during the day, and the National Guard Armory for sports activities.

Not To Run

Senator Doyle Carlton Jr., Wauchula, will not seek office as state senator from the five-county district created recently by the special session of the Legislature.

Carlton, who had said he would run prior to the redistricting, revealed he is throwing his support to Senator Hayward Davis of Lake Placid in the May Democratic primary.

And, he added, he will support former Rep. Wilbur Boyd of Palmetto for the district's other senate seat.

Tags Go Slow

Motor vehicle tags for 1966 are continuing to sell very slowly, Tag Agent Roland X. Droit reported. Todate about 4,000 passenger car tags have been sold.

"Only about a third of all kinds of tags have been sold, and the time for buying is more than half over," said Droit.

The tags went on sale on March 1, and they must be displayed on all vehicles by April 20.

"WELL DONE," SAYS R. M. GAY to Mrs. Hazel Wilson and Franklyn Ward, selected as Avon Park's Outstanding Citizens for the year 1965. Mr. Gay, chairman of the Chamber of Commerce's Citizens Award Committee, made the plaque presentation at the Chamber's annual banquet March 17. Mrs. Wilson was chosen for her church and civic work, especially for heading the Women's Division in its Christmas Lighting work. Ward was honored for his civic and youth work and his untiring efforts for the retarded on a local, district, state and national level. — SUN PHOTO.

THE NEA REPORT

The National Education Association's report on "Florida's political atmosphere as it affects education" contained no real surprises—for the general public.

There may have been an element of surprise in it for the affiliated Florida Education Association, which had asked for the survey with at least some expectation using it as grounds for sanctions against the state.

The NEA study and report did pinpoint some educational problems, and in the past the "black listing" weapon—which makes it difficult to hire teachers—has been used to put pressure on state governments which make insufficient effort to correct school deficiencies.

Generally, however, the NEA report failed to make a serious case against the "political atmosphere" in Florida.

Its strongest criticism was against rural domination of the state legislature, which "with the consequent under-valuing of education, is to blame for many of the state's educational ills."

If this is true, there would be little point in applying sanctions against the state until the newly-apportioned legislature is given a fair chance to prove what urban domination can or will do.

More specific criticisms fell into three categories, led by the state's political structure as it affects schools and the means of financing them.

The NEA apparently would like to rewrite the state constitution—a job which is already being undertaken by a duly constituted group of Floridians.

It recommended, among other things, reconstitution of the state board of public instruction as a non-partisan group of "leading citizens," taking educational control out of the hands of the state cabinet—and politicians.

It said the state superintendent of schools should be appointed and should not be a member of the board; that the powers of the state budget commission should be curtailed; that county property assessments should be controlled and made uniform at the state level; and that the state should impose an income tax for educational use.

These are all matters of opinion. The NEA recommendations might or might not be in the best interests of Florida's educational system. Most of them already have been the subject of debate in this state, and that debate is sure to be intensified in the next legislative session.

Recommendations at the county level are of a scatter gun nature. It was urged that non-salaried school boards be elected on a non-partisan basis; that county superintendents be appointed; that trustees be eliminated; that school millage elections be abolished and that tax assessors be appointed.

In many counties, including Palm Beach, some of those conditions already exist; others have been considered by county voters and rejected. They are, and will remain, things for the voters to decide.

Third category of the NEA report pertained largely to teachers and their professional status. In effect, the recommendations encouraged stronger "teachers unions."

They call for higher salaries, job protection and tenure rights, and "a unified and effective professional and political action program."

Paradoxically, while the general tenor of the report was to get politicians out of education, it urged educators to get into politics—from the lowest municipal level up to the state and national levels.

Teachers should be interested in politics, just as every other self-respecting citizen should. But they could defeat their own purposes by becoming a militant political action group, giving the public impression that they seek measures inconsistent with the general good.

There is no more important governmental activity than providing quality education for American youth. But interest in it is not confined to educators and quality education should not be too closely identified with the professional statues of teachers.

The NEA's report should be thoroughly studied by Florida citizens as well as state officials. It contains much of value in planning our future course in education; it points out weaknesses that must be corrected; it suggests possible means of strengthening our schools.

At the same time, it should be remembered that Florida and its individual counties have peculiar problems of their own which may not be susceptible to any NEA panacea.

It is not likely, for instance, that the people of Florida will accept a state income tax within the foreseeable future.

But they do take their responsibility to education seriously. There is a growing movement to improve it, and there has been evident progress in recent years.

R. C. JORDAN

R. C. Jordan, Sarasota, In Senate Race

Russell C. (Russ) Jordan Jr., of Sarasota, is a candidate, subject to the Democratic primary, for the Senate from District 27.

This is one of the two Senate seats allotted to the five-county 7th Congressional district under the new reapportionment plan. A two-year term has been set up for this district and a four-year term for the other.

"I feel that the 1967 session of the Legislature will be the most important one in Florida's history," Jordan said in announcing his candidacy. "It will be of crucial importance to the small and middle-sized counties, because patterns for local representation in the Legislature and distribution of state tax funds will be set.

"If the big-city counties—with their lack of interest and understanding—and the special interests are allowed to dominate this session, areas such as ours are going to be locked out, and we might just as well hand over the keys to Miami and Jacksonville.

"These big-city people simply do not know our problems in the small and middle-sized counties, and they don't have time to learn them.

"We are going to have to send men to Tallahassee who can tell our story and tell it convincingly. I have made a thorough study of reapportionment problems and also of state finances, and I feel that this knowledge and my experience in the Legislature will be valuable.

Jordan was state representative from Sarasota County in the 1962 special reapportionment session; the 1963 special reapportionment session; and the 1965 regular session.

He served as vice chairman of the military and veterans affairs committee and as a member of the mental health, industrial development, criminal law, motor vehicle, drainage and water conservation, and atomic energy committees in the House and on the Legislative Council's Education Committee.

Jordan has owned an insurance business in Sarasota for 16 years. He is a member of a number of Sarasota organizations, including the Chamber of Commerce, Junior Chamber of Commerce, Siesta Key Post of the American Legion, and the Association of the U.S.Army.

He enlisted in the Air Corps in 1943, when he was 17 years old, was later commissioned in the Infantry and served during the occupation of Japan.

On his return to the U.S. he joined the National Guard, and he formed the Sarasota National Guard Unit. He is presently a major in the U.S. Army Reserve.

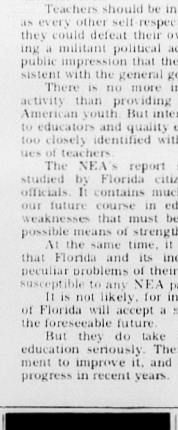

He is serving his second term on the Sarasota County Democratic Executive Committee and has also been active in the Young Democrats, serving as a delegate to the national convention in 1964 and to the state conventions in 1962 and 1965.

Jordan, his wife, Joan, and son, Robert 14, are members of the First Christian Church of Sarasota (Disciples of Christ), where he is a deacon and former Sunday School teacher.

A. E. GRIDLEY

Sarasota GOP Candidate In Senate Contest

Ansel E. Gridley, a Sarasota businessman, has announced his candidacy for the State Senate in senatorial district No. 28, a four year post. This is his first political effort. He is a Republican.

"There should be a comfortable choice of candidates for every political office in Florida," said Gridley.

"There should be a strong opposition candidate filing for every governmental responsibility. Too often, we the people find ourselves without a choice between someone and someone, and are instead faced with a choice between something and nothing on election day.

"I am a businessman. I want to see the West Coast and Middle State areas prosper. These areas can prosper when the people in Highlands, Hardee, DeSoto, Manatee and Sarasota Counties send someone from the opposition party to Tallahassee. Uncommitted to any entrenched interests, this opposition could set about to correct some of the legislative bills that are slowly eroding our democratic process here in Florida, and provide effective legislation on behalf of all the people, and not just the special interest groups. My campaign will be thorough and efficient. I intend to tell this story in the far corners of my district, and the voters will endorse my effort. It is time for opposition leadership."

Gridley first came to Sarasota in 1930. He attended Sarasota High School. Married, with one daughter attending Manatee Junior College, he is president of Tel-Appliance Center, Inc., in Sarasota.

He attended the University of North Carolina and was graduated from Rollins College, Winter Park, with an AB degree in Business Administration.

Affiliations include active membership in the Chi Phi Fraternity, Kiwanis Club of Sarasota South, First Congregational Church, American Radio Relay League and Quartet Century Wireless Association, and he functions as a columnist and technical writer for various radio publications.

Gridley is an Army Corps veteran of WW II, and served in the European Theatre of Operations as a communications officer. He formerly served as vice president and general manager of television station WWOR-TV in Worcester, Mass. Previous to that he was president of radio station WFYM in Fitchburg, Mass., and promotion manager of radio station WHOO in Orlando.

He organized one of the first community television antenna systems in the United States, and is a pioneer in communications via radio-equipped satellites.

STANDING IN PILATE'S SHOES

"What then shall I do unto Jesus which is called Christ?" Matt. 27:22.

A sense of justice in itself is not enough. One needs the power of will to back it up, if he is to do right. Such action, of course, is often costly.

Pilate has a terrible immortality. He is remembered as one who had a sense of justice but allowed it to be blunted by expediency. His lack of character brought a cruel death to the most just man who ever lived. Let's reconstruct the scene.

It was early in the morning, sometime between 5 and 6 o'clock. Pilate was aroused by a great tumult without the palace. Messengers came. He was wanted in the Hall of Judgment. When he went out, he found that a crowd had assembled. They were crying, "Crucify him! Crucify him!"

Pilate was in a sullen mood for two very good reasons. First, it was early in the morning. Then, too, when he asked: "What charge bring you against this man?" the leaders did not name a crime but curtly answered: "If he were not a criminal we would not have brought him to you."

Certainly that was no way to answer a Roman governor. So, Pilate said in effect: "All right, take him and judge him yourself."

No doubt but that he would have turned and walked away, if it hadn't been for the words: "We are not allowed to put a man to death."

Then it was that Pilate began to realize that they were charging the accused with treason. It became important for him to look into the matter and he took Jesus into the palace for questioning.

"Thou," Pilate asked, "art thou a King?"

Thereupon follows one of the most interesting and instructive dialogues in history.

Jesus answered: *"Sayest thou this thing of thyself, or did others tell thee of me?"* Literally, Jesus is saying: "Do you speak from observation and experience or from hearsay?" A very penetrating question, indeed.

Pilate was rankled by it and answered: "Am I a Jew? Your own nation has condemned you: What have you done?"

Jesus' response, no doubt, took Pilate by surprise! *"My kingdom is not of this world; if my kingdom were of this world, then would my servants fight, that I should not be delivered to the Jews: but now is my kingdom not from hence,"* Jesus went on and claimed kingship in the realm of truth; "to this end was I born, and for this cause came I into the world, that I might bear witness to the truth. Every one that is of the truth heareth my voice."

Pilate was impressed both by Jesus and his testimony. He mused a moment and then asked: "What is truth?" However, he didn't wait for an answer but went out to render a verdict on the basis of the evidence, a just and sound verdict: "We find the defendant not guilty." This verdict was received with howls.

In the clamor of voices Pilate overheard a voice saying: "He has stirred up the people all the way from Galilee." It dawned on Pilate that Jesus was a Galilean and, therefore, belonged to Herod's jurisdiction. So, he decided to take the easy way out and send the defendant to Herod. He must have breathed a sigh of relief as the ugly mob left. His attempt to shift responsibility, however, didn't work: Herod sent Jesus back to him.

Then, instead of acting as Judge and Arbiter he again attempts to shift responsibility and let the mob decide the case. It was customary at the Passover to release a prisoner to the people. Which one shall it be, Jesus or Barabbas? "Then cried they all again, saying, not this man, but Barabbas." Failing, again, Pilate then sought the verdict of the mob! "What then shall I do unto Jesus which is called the Christ?" The mob cried for his crucifixion.

Pilate tried once more to bring the case to a conclusion. He would have Jesus scourged. After Jesus had been scourged with the terrible iron-tipped Roman lash, he was brought forth clad in an old purple robe and with a crown of thorns jammed down on his head.

Pilate cried out: "Behold the man! You desired to see him suffer. Is not this enough?"

He received in reply the taunting cry: "Crucify him! He ought to die because he has made himself the Son of God.

Pilate was disturbed and asked Jesus: "Art thou the son of God?"

Jesus gave him no reply.

Pilate still hesitated but someone clinched the out come of the trial by crying out: "If thou let this man go, thou art not Caesar's friend: whosoever maketh himself a king speaketh against Caesar." Pilate was afraid.

Then it was that Pilate resorted to an old Israelitish custom of the washing of the hands, when there was uncertainty as to who was the guilty party. Thus he sought the transference of guilt for the crucifixion.

He said: "I am innocent of the blood of this just person; see ye to it."

The people answered: "His blood be on us, and on our children."

What an awful heritage!

Pilate then delivered Jesus into the hands of his enemies to be crucified.

Pilate's vacillation got him so deeply involved that at last he was forced to hand over an innocent man to be done to death. He had tried to save Jesus. He failed because he was weak, shifting, uncertain and thoroughly unreliable. He was crafty but not wise. He became an instrument through which the greatest crime in history was perpetrated.

Pilate asked the Jews what he should do with Jesus. He should have asked himself. He should have searched his own conscience. You are required to ask yourself the question also.

Now, the shoe is on your foot. Will you accept the responsibility of a personal answer?

In finding your answer don't spend all of your time wrestling with what you think about Christ; rather ask yourself, "What does Christ think about me?" You can't circumvent that question; you must meet it head-on.

It will humble you and ready your heart to accept the gift of God's forgiving love.

The Pussycat.

For people who are fed up with tigers.

There are a lot of ferocious cars around these days if their names don't take your breath away, try their price tags.

The Volkswagen Karmann Ghia is a different kind of car. It's a Pussycat.

Sort of a tiger that's been housebroken.

It was designed by an Italian designer famous for classic style, but it's powered by a Volkswagen engine famous for classic economy.

It takes 18.5 seconds to go from zero to 60 miles an hour in a Karmann Ghia. It takes a lot longer in a lot of other cars.

It's built by hand, welded and hand shaped by craftsmen. Each one is inspected by a single Volkswagen mechanic, anywhere in the world.

This Democratic primary, incidentally, is the first in three decades or more when the nomination was not being sought by two or more former members of the legislature.

Children Sees Milk Processed

Two third grades with their teachers, Mrs. Edward Halvorson and Mrs. Burdette Howard journeyed to the Nickerson Dairy at Wauchula to learn first hand how milk is prepared for sale.

We saw how bottles were washed and sterilized. How the milk was brought from the farm. How it was pasteurized, homogenized and how chocolate milk is prepared. After observing the processes we were treated to the delicious chocolate milk.

Drivers who helped with the transportation were Mrs. Glen Fry, Mrs. Willie Williams, Mrs. Murray Spurlock, Mrs. William Murphy, Mrs. C. R. Hamm and Mrs. Robert Sesman.

The children enjoyed the trip very much and were pleased the way the Nicker sons explained everything to them.—ALLENE HOWARD

Records Show Tourist Influx

Seasonal factors showed up somewhat stronger in Florida's economy in 1964 and 1965 than during the previous 10 years, the Florida State Chamber of Commerce stated in its Business Review.

"Variations in winter and summer business are inherent in Florida's geographical location and climate and are emphasized by its agriculture-oriented activities.

"During both of the past two years, winter month business throughout the state stood about 10 percent over summer month business. Although this is not a large difference, it represents a wider gap than during the other years back to 1950 when the difference ran about 7 percent.

"The principal gauge used to measure business in general is bank debits, or the total of checks written on bank accounts. Backing up this gauge are employment and sales tax statistics which tell virtually the same story.

"Economic forces which tend to counteract variations in modern Florida's economy are year-round tourism and a wider variety of manufacturing not dependent on agricultural crops. These forces have grown, rather than lessened, during the past two years therefore it could be that the 10 percent difference resulted from especially good winters. Some adverse summer weather was present, however.

"Bank debits are available for the more populous Florida counties and cities. These show that the greatest seasonal variation last year was in the West Palm Beach Metropolitan area with a 21 percent winter advantage. Fort Lauderdale-Hollywood area and Fort Myers each had 18 percent. Sarasota and Winter Haven registered 17 percent; Bradenton 16 percent and Monroe County 15 percent.

"Lakeland and Bartow each had a 14 percent winter-summer variation; Miami 13 percent; Tampa-St. Petersburg area and Orlando 12 percent each; Ocala 7 percent; Pensacola 5 percent; Gainesville and Jacksonville 4 percent and Daytona Beach 2 percent. On the other hand, winter business was slightly below summer in Brevard County, Tallahassee and St. Augustine.

Avon Park Camp Meeting Site Used For Fellowship Retreat

A senior high group from Bartow's First Methodist Church used facilities of Avon Park Camp Meeting during the past weekend, for a youth fellowship retreat.

Nineteen young people and their counsellors comprised the company. The young people found the two big rooms in the camp Youth Dormitory extra comfortable.

Some of the adults who accompanied the youth were placed in the suites of the regular camp musicians in the same building.

The youth had morning watch services, study and counseling groups, afternoon recreation, evening vespers, and enjoyed the kitchen and dining room facilities of Fellowship Hall for meals. Sunday morning, they worshipped in a body in First Methodist Church.

A youth group from Hialeah Methodist Church is expected again this year, before the lenten season is past. It uses one of its nights for a trip to the Passion Play.

The camp, officials say, is glad to have its facilities used by young people in such retreats.

From the early days of sailing vessels, lime juice has been on the regular ration of British sailors to prevent scurvy. From their large consumption of lime juice, British sailors received the nickname, "limeys."

THE CHURCH OF THE Nazarene in Avon Park held a turkey dinner at the Florida Power Lounge on Tuesday evening, March 16. The honored guests were Northern tourists who have attended the Church services during the winter months. The decoration theme was "Winter — North and South," with favors of miniatre snow sleds with riders and miniature palm trees with a "tourist" resting against the tree. Forty-four adults enjoyed the evening with group singing following the dinner. The state with the largest representation was Michigan. James E. Lightly is pastor of the Church.—SUN PHOTO.

Food Poison Warning Given

The State Board of Health has warned that approaching warm weather holds food poisoning danger for the careless in preparing picnics or canning vegetables from home gardens.

The board also noted that members of organizations which serve meals as special money-raising projects should be aware of provisions of the Florida Sanitary Code which specifies that food may be prepared only in an approved kitchen (home kitchens are not approved); and that persons preparing food or serving it to the public should be free of communicable diseases and maintain clean habits at all times. Infants or children are not permitted in food preparation areas, nor are birds or animals except guide dogs for blind persons.

County health departments are charged locally with enforcement of regulations regarding food served to the public.

The board suggested that in preparing for picnics, food fixings be taken in a portable ice chest and prepared just before mealtime, especially such things as potato salad, and prepare NO food if hands have cuts or scratches.

Use of bottled or canned goods is best. Watermelons or fruits are safer desserts than cream-filled pastries.

Food poisoning symptoms include vomiting and often diarrhea. The effects may be immediate or come two or three days later.

Postmaster Reminds Public Mail Becomes Effective On March 26

Increases in money orders, insurance, registry, certified mail and COD rates will become effective March 26, Postmaster Young has announced.

The cost of operating these five special services now exceeds revenues by $60 million annually. The fee increases will narrow the cost-revenue gap by $36 million, based on business handled in fiscal year 1965.

Fees for money orders, registry and COD were last changed in 1961, insurance and certified mail in 1963.

The fee changes, announced in the Jan. 11 federal register and confirmed in the register on Feb. 25, are put into effect under the existing administrative authority of the Postmaster General.

The increases include:

MONEY ORDER FEES: Domestic and international money order fees will be increased by 5 cents.

INSURANCE FEES: The minimum fee bracket will be increased from $10 to $15 and the minimum fee will be 20 cents instead of 10 cents. The revised insurance fees will be as follows: $0.01 - $15, 20 cents; $15.01 - $50, 30 cents; $50.01 - $100, 40 cents; $100.01 - $150, 50 cents; $150.01 - $200, 60 cents.

REGISTRY FEES: The present 90 cents and 75 cents fees will be combined into a single fee at 75 cents for values up to $100. Registry fees for articles valued in excess of $100 will remain unchanged.

COD FEES: The present 40 cents and 50 cents fee brackets will be combined into one fee bracket at 90 cents for amounts up to $10. There will be no change in the fees covering items valued above $10.

CERTIFIED MAIL: The fee will be increased 10 cents from the present 20 cents per item to 30 cents.

Losses incurred in the operation of special services are paid from funds drawn from the federal treasury. The fee increases will shift a substantial portion of the special service cost borne by the public to the users of these services.

Government Topic For Davis' Talk To Members of Local Rotary Club

Senator Hayward Davis of Lake Placid, speaker at last week's meeting of the Avon Park Rotary Club, discussed concepts of "government by law, rather than by man."

Davis, who spoke recently at a Washington birthday luncheon of the Daughter of the American Revolution on action of the U.S. Supreme Court in its interpretation of legislative acts, reminded Rotarians of that Court's action.

He noted a new and different form of government is being created in radical changes advocated by that Court through its decisions, that different form of government being one wherein the people are governed by men rather than by laws.

He commented that until the recent past, we have been governed by law whereas, in Russia, the people are governed by men, notwithstanding the fact that the Russian constitution is much like our own, providing for equal rights, separation of church and state, freedom of speach, freedom of the press and freedom of assembly.

Now, he said, our Constitution is under attack, unintentionally by some, but deliberately by our enemies, and, if these attacks are not taken seriously, our nation as we know it will not survive and that concept of government by law rather than by man which is the very foundation of American freedom will be lost.

Senator Davis remarked that you may say, 'How can such attacks prevail?'

The answer to this question, he said, is in two words "public apathy," or neglect of civic duty.

Examples of this are citizens who do not vote, and the failure of American citizens to participate in their government.

There was a time in history, he said, when the more educated and successful people, the community leaders, felt duty bound to give themselves to public service for at least a part of their lives.

It was this type of dedication to the principles of self determination that gave us men such as Thomas Jefferson, George Washington, Benjamin Franklin and others, the greats of our nation.

Now, too often, those who could really contribute much to our communities and state through public service sidestep the opportunity because of business or personal reasons.

It is much easier to let someone else, whether qualified or not, assume the responsibilities of government, but the need for men and women with a dedication to our way of life and with outstanding qualities of leadership is equally as great today

as it was in the formative days of our nation.

In closing, Senator Davis said that to win, or even survive, it is encumbent that we as did our forefathers, pledge "Our Lives, Our Fortunes, and our Sacred Honor" in order That this Nation, under God, shall have a new birth of freedom, and that the government of the people, by the people and for the people shall not perish from this earth."

April Set As Cancer Control Month In State

Because cancer is a serious health problem in Florida, and annually the cause of more than 9,700 deaths, along with an expectancy of 20,000 new cases this year, Gov. Haydon Burns has issued a proclamation designating April as Cancer Control Month in Florida.

The proclamation points out that more than 60,000 men and women have volunteered to participate in annual educational and fund-raising Crusades throughout the state to "tell their neighbors" about the threat of cancer, what should be done about it and how contributed public funds make it possible for the Florida Division of the American Cancer Society to conduct year-round cancer control programs and projects—to help save lives.

Citizens of all ages are also urged to learn "Cancer's 7 Danger Signals" so that they may recognize symptoms and consult with their physicians should the symptoms persist for a period of two weeks. Early detection and prompt, proper treatment is credited with saving thousands of lives.

Presentation of the Governor's official document was made to James W. Walter, Tampa, head of the nationally known Jim Walter Corporation and volunteer state chairman of the 1966 Crusade of the Florida Division of the American Cancer Society.

HOBBY SHOW

The culmination of the craft class is the fine hobby show put on every year under the direction of Hallie Wetmore and her able helper, Evelyn Rouget, when the articles the ladies have made are put on display. Also when the public can have a share in displaying their arts and crafts.

Over 800 came to see, more than any other year.

Mr. and Mrs. Robert Sims of Milton, Ind., drove 28 miles to see the fine display.

Among the displays that drew the most attention were the stained glass bottles and vases; handbags and tote bags (which may be a special project next year); waste paper baskets made from magazine paper; mosaic tile rooster pictures made by Elsie Dickerson and Mabel Parker.

Of course, everyone stopped to watch the demonstrations of original gravel pictures by Ethel Parker; palm cones by Fern Beck and Bernadine Ames; mosaic tile by Elsie Dickerson and Arlene Lane; coloring of egg shells by Marion Sunday; pine needle baskets by Ruth Watkins; hat making by Alda Peters.

Hazel Higgs and Caroline Webber made plastic lace bugs and sold them faster than they could make them.

On behalf of the class, Evelyn Rouget presented Hallie Wetmore a corsage and a camera. Hallie immediately put into the camera by taking pictures of the different displays.

Refreshments were served by Mary Smith and her able helpers, Veronica McNamara, Cecil Burrows, Nellie Becker, Grace Romilly, Flora Hoppe and Alma Moroney.

The audience was in stitches as a "lonesome gal" came to the stage with her sweet charm and stunning appearance and sang "I'm So Lonesome."

Many of the songs of yesteryear were sung by the group under the fine direction of Mrs. Edna Henderson, and seemed to please everyone.

As a fitting climax to an eventful evening, Sergeant-at-Arms Larry Bond of Troop 150 and his color guard marched the colors inside the clubhouse with the pledge of allegiance to the flag and the singing of "The Star Spangled Banner."

The flag was given to the club by Paul and Ethel Swearingen. Mr. Swearingen has been the capable director of entertainment this season.

Avon Park High School News

PEGGY JOHNSON and Barbara Harden receive guidance from Mrs. Patti Hill, guidance counselor at APHS.

Guidance For APHS Students

Mrs. Patti Hill, guidance counselor at Avon Park High School, is one of the busiest people on the school staff.

She is always ready and willing to aid a student in any problem he may have.

The last few months of school keep Mrs. Hill's schedule quite full. In addition to ordinary procedures, there are many tests for seniors to take.

When the tests are completed and have been graded, Mrs. Hill, councils with each student individually and helps him decide on what he is best suited for after graduation. If he intends to go to college, there is information on different colleges available to the student for the asking.

We are grateful to Mrs. Hill for the interest she has shown in each of us.

Proofreaders Work On News Copy

This is the fourth edition of the High School section in The Sun. As before, the Business English Classes, under the supervision of Mrs. Ebelle, have worked diligently to prepare these articles for this week's page.

Each week eight new proofreaders are assigned to see that the articles are turned in. The following students were last week's proofreaders: Janet Phillips, Janet Doubleriey, Linda Wester, Martina Barber, out of the first period and Alan Ball, Steve Weingirl, Doris Helms, and Shorty Arnold out of fourth period.

English IV Department

In English IV we are studying the Elizabethan period and its role in English literature. We are learning the important poets and authors of that period and how they wrote and what influence they had in English literature.

Mrs. Suggs is now trying to stress the point of working on our term papers and finishing them before the last minute, which is April 12.

Planning Only Part of Job

Planning tasty, attractive, appetizing meals is only part of the job in meal preparation in Miss Joy Grimes's classes. Such preliminary steps, as, the meaning of preparation terms and the names and uses of kitchen tools are necessary. Students in the nutrition and foods classes spent several days learning these terms and the methods used in each process.

Knowing what the tool is and how to use it can save several minutes for a student. Their minutes are very valuable to a student during a foods lab, due to the short amount of time. An apple core is an example of a tool that many people are not familiar with. It takes only a few seconds to use it, plus the fact that it does a very neat job of removing the core from an apple.

English Class Spelling Bees

Spelling is emphasized continuously throughout our school years. It is mostly emphasized in the seventh and eight grades. These two years are considered essential for school preparation.

Often Mrs. Reddick's seventh and eight grade English classes have spelling bees and the following students have proved to be outstanding in this field: Seventh grade: Mike Bagwell, John Giddens, Linda Bennett, Penny Carroll, Teresa Laurie, Gail Holmes, Linda Marshall, Dorothy Lemar, Ernest Stick, Becky Tubbs, Jill Reaves, Neida Watson, and Paul McAfee. Eight grade: Patricia Meeks, Linda Hebenthal, and Dorris Little.

Lonely Death

Creative Paragraphs

What are these, you say? Here's a very good example of one by Jimmy Barrescia.

—ed.

The night is inky and piercing cold, but on the granite hearth a log fire crackles, scattering sparks on the flagstones. Alone I sit here, the last remaining adventurer who had set foot in this accursed castle. The thing had gotten all my dearest friends and I am now alone awaiting death within these large brick walls which surrounded me. I can now hear the sound of its footsteps about my ears and I am afraid the echoes of its footsteps grow louder now and I know death cannot be far. I am now fighting with my sanity and I am debating whether or not I should end my life now, in a much less painful manner, rather than to give the pleasure to it, the murderer of all my friends. With its entrance at the far end of the enormous chamber, the room grows dark, pitch black, all except the small area in which I sit close to the glaring fire. I can now see its horrible luminous eyes as it approaches me, and I shiver at the thought of my horrible fate lurking in the darkness. I can almost feel its hot moist breath, through the darkness on my face, moistened with the blood of my companions. I know life is over for me now and looking about I see an object in the dim radius of red light around the fire, the old polished iron fireplace poker, sharp as a spear, its seems to beckon to me to end my life before my stalker tires of toying with me. Even if I were to try to reach the poker and thrust it through my body my would-be murderer would probably reach me first and but I must try. GOOD BY

If a man empties his purse into his head, no man can take it away from him. An investment in knowledge always pays the best interest.

The early Romans are reported to have fed parsley to their chariot horses in the belief it would make them speedy. Parsley was introduced into the United States during the early days of colonization.

Morning Meditation

Each morning at 8:10 a.m., a group of teachers and students gather in Mr. Sewell's mathematics room for a few minutes of quiet meditation. Up to this time twenty pupils and five teachers, including the supervising and assistant principals have taken part. The largest number in attendance has been fifteen.

This has proved to be a very worthwhile period for those who have come.

Since there is no attempt to teach religion, it is open to any religious faith. This conforms with the U. S. Supreme Court ruling, which requires that pupils have freedom of choice in the matter of prayer.

The plan is to continue this everyday during the school year. All students and teachers are invited to become a part of the group and come as often as possible.

STUDENTS STUDY many things in high school career.

Students Study Many Things

In Joe Ward's room, there is a variety of things studied.

For example, in his seventh and eighth grade classes, Mr. Ward is now teaching the basics of personal hygiene. His students learn the importance of good grooming and cleanliness.

Mr. Ward also teaches ninth grade civics. This one of the most important subjects a student could possibly take as a freshman. In this class students study the basic economics of family, community, and country.

In the latter part of the school year Mr. Ward's civics students will take up the study and definition of our country's greatest document, The United States Constitution. Mr. Ward believes that every student should know on what our country was founded.

Math Topic For Students

This week in Geometry, we are studying the Pythagorean (Pih thag o-ree-an) Theorem.

Proof of the Pythagorean is one of the classical exercises in plane geometry. The method of proof that has come down to us from Euclid's Element about 300 B.C. The proposition that the square of the hypotenuse of a right triangle is equal to the sum of the squares of the two legs has been the subject of much interest and studied by both professional and amateur mathematicians from all over the world down through the years.

We shall also be studying simple trigonometry.

MODERN MATH is a real challenge to student to think, and that is what the above group has been doing under Mr. Prickett's direction.

Math Challenge To Students

Along with the teaching of modern math, comes a system of mathematics that challenges the students to think. This challenge has further been stimulated.

Mr. Pickett is showing the student how to put mathematics to a practical use.

House plans are the challenge. The 155 students in his classes were given one month to complete these plans. The house plans were drawn on poster paper with a scale of ½" equals 1'.

Posters were graded on neatness, accuracy of measurement, and originality of the plan. The following students were the ones who had A's.—EUGENE EVERETT

Good Friday Is Holiday

Friday, March 25, there will be no school! The Sebring International Grand Prix will be on Saturday, March 26!

Friday morning there will be practice for the big race on Saturday, and Friday afternoon there will be stock car races.

The races only come to Sebring once a year, and people from all over the world attend, both as spectators and as participants; therefore, the races are a spectacular event. So the races are a school holiday on the school calander.

FFA Chapter Receives Chicks

The Avon Park FFA recently received 100 baby chicks to be raised and supply meat for the annual Father and Son Banquet. These chickens are donated by Sears, Roebuck & Company.

When the chapter received these chickens, we entered a contest in competition with all the chapters in southern Florida. This contest is based on gains per pound of feed in eight weeks.

Over the past few years Avon Park has done well in this competition.

All members of the chapter are preparing speeches for the public speaking contest to be held in April. One member of the chapter will be selected to represent Avon Park.

APHS Is Commended For Its Sportsmanship In Tournament

Sportsmanship—We talk much about it but do we really practice it? Recently Avon Park High School was commended by a rival in the district tournament for their sportsmanship. Jupiter High School is noted throughout the state for their good sportsmanship. The following letter was received by A. B. Wilhite, Supervising Principal, from the captain of the Jupiter varsity cheerleading squad:

"For the past two years, Jupiter High School has won Palm Beach County's Sportsmanship Trophy. Because of this, we have come to realize even more the importance of good sportsmanship. We are very conscious of our own such presentation, and we are more aware of the presentation of other schools' sportsmanship. We feel that having good sportsmanship is just as, or even more important than winning a game.

"Of all the schools we have played this year, we have never seen such fine sportsmanship as that of Avon Park High School. Not only was the team of fine character, but the cheerleaders, coaches, and crowd impresssed us very much.

"You are very fortunate to have such a fine group of people at your high school, and we would like to wish Avon Park High School the best of luck in all its future endeavors.

SINCERELY,

Glee Club Returns With Top Ratings

The Avon Park High School Glee Club left early one morning recently for the district contest in Orlando. There were 75 students who participated from our Glee Club. All of the students were transported via bus and car. Rev. Lighty drove the bus, and Mrs. Lucile Johnson and Mrs. Catherine Hall drove their cars in order to transport the students.

Otis Strickler was kind enough to let us use his station wagon when the bus and the two other cars were filled to capacity.

The ratings were as follows: an overall "excellent" in concert and a "good" in sight-reading.—BOBBY BURTON, JACKIE HALL

World History Is Interesting

Mr. Craven's world history classes have completed a nine-chapter study of "The Age of Revolutions."

These began with England's Revolution which was almost bloodless.

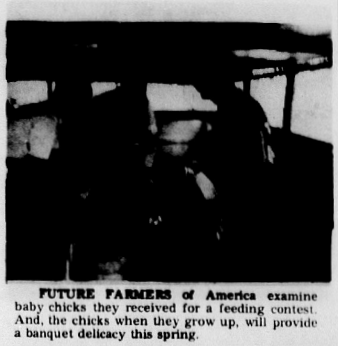

America's followed; then came the French which saw a Republic formed and then an empire with Napoleon as it's emperor.

His defeat at Waterloo has more meaning now that we have studied about him and his methods.

This same period gave the world Karl Marx, who forecast a world revolution between classes.

We look forward to learning more about this and his philosophy which led to Communism in Russia rather than England.

STUDENTS STUDY makeup of auto during mechanics class.

Car Mechanics Is New Course

This is the first year that Avon Park High School has offered a course in auto mechanics. In this course we have a car which we disassemble, study, and then reassemble.

We have gone through the engine, starter, generator, voltage regulator, solenoid, water pump, and automatic transmission.

The mechanic instructor is Bill Hood, a local mechanic who gives an hour of his time each school day, in order to teach this course.

We are very fortunate to have Mr. Hood's experienced guidance and feel that this course is an asset to our program.

FTA Enjoys Local Speakers At Meetings

Mrs. Chole Lookhoff is the advisor for the Future Teachers of America, otherwise known as the FTA.

The FTA has about 30 active members and about 20 non-active members.

To be a member, a student has to be recommended by a teacher. After a student joins, he must maintain at least a C average in all subjects.

The FTA is an organization of boys and girls who want to learn all about teaching as a career. Being a member of the FTA does not mean that you will be a teacher, just that you want to learn all you can about the teaching field.

At our meetings, we have speakers who talk on different kinds of education, as, European and Latin American education. We also have speakers from the staff of teachers at APHS, and, from the local churches.

Recently we had the privilege of having Mr. Tarragrosa speak to us on the education and customs of Puerto Rico.

The FTA would like to extend its thanks to Mr. Tarragrosa for a very interesting and greatly appreciated program.—MARTINA BARBER

U. S. Savings Bonds
Pay More Interest

4.15% when held to maturity

Higher interest on the Bonds you already own, too!

U.S. Savings Bonds are a better way to save than ever

Because now all Series E and Series H Bonds bought after December 1, 1965, will earn the new, higher interest rate of 4.15% when held to maturity. That's only 7 years for Series E — 9 months quicker than before. All H Bond interest checks will be larger beginning in June 1966.

And your outstanding Bonds will earn more, too, from now on. So, you don't have to cash in your present Bonds to get the attractive new rate.

Ask about buying Bonds where you work or bank. For America's future. And yours.

"Today, none of us can remain aloof on the sidelines."

"Today, above all, is a time for all Americans to rededicate themselves to the spirit that animated the Minutemen of Concord—who serve as a symbol of the Savings Bond program. For today, as at the founding of our nation, it is freedom which is again at stake. Not all of us are called upon to fight in the jungles of Vietnam, but while our men are there, in the front lines of a distant land, none of us can remain aloof on the sidelines. We must all do our share—in every way we can—to support our men in Vietnam. One sure way is open to all Americans through the Savings Bond program."

To keep a brick wall moisture-proof and still have it retain its original color, coat the wall with masonry sealer. Be sure the walls are thoroughly dry and remove all loose material before applying the sealer

Florida Magic

It's no wonder that Florida is one of the tourist capitols of the world with an abundance of sunshine, flowers and pretty girls in every part of the state. Carol Lynn Blum, the reigning Miss Florida, matches the radiance of these colorful orchids at Sunken Gardens in St. Petersburg where she spreads her magic to the delight of visitors from every state of the union.

The Red Cross asks young Americans for their help. They respond with responsible and invaluable service. Mary, the volunteer shown in this picture, was once a polio patient in this same hospital. She still receives regular therapy for her legs. In her spare time, she serves the Red Cross without pay. Her unselfishness was repaid the day Michael learned to walk. Mary is one of two million other volunteers, youth and adult, who make it possible for each Red Cross dollar to do the work of six. You too can help. Support your Red Cross!

*The financial support of the Red Cross comes from voluntary contributions of private citizens—like you.

You can help too!

Sober Situation

Speeding is so rampant in Barnes, England, that a policeman was surprised to see a car traveling within the speed limit. He stopped the motorist to congratulate him for his prudence. Instead he arrested the driver on charges of drunk-driving.

"Promise Her Anything" Great With Rousing Fun and Slick Comic Antics

With babies as the subject and the name of the game hunting for a father, Paramount's "Promise Her Anything" has all the riotous ingredients of first class comedy. Starring Leslie Caron, Warren Beatty, and Bob Cummings, the film, which opens March 27 at the Hilans Theatre, can boast of a fine cast of multi-talented performers.

Harley Rummel (Warren Beatty), an art film-oriented cineamateur, who makes his daily bread directing stag movies, is immediately attracted to his new neighbor, Michele O'Brien (Leslie Caron), and, in spite of himself, to her ingratiating 18-month-old baby, John Thomas. Michele is a widow who works for the child-hating Dr. Peter Locke (Robert Cummings), the world's most noted child psychologist.

Harley is under pressure from his producer (Keenan Wynn) to come up with some block-busting moneymakers. His various gimmicks (strip-tease versions of "To Tell The Truth," "Open End," etc.) are not making it in the stag reel market. His brainstorm is to use a baby to counterpoint the wilder elements in the movies. To get John Thomas as his super-star, he offers babysitting services to Michele. She, of course, is unaware of Harley's occupation.

And this is merely the beginning of one of the funniest and most captivating pursuits of a male creature ever to adorn the screen. In the confusion that ensues, the right man, really the wrong one, gets away, and little Michele finally settles down with the right man. Although its wild, "Promise Her Anything" fulfills its promise—hysterical merriments to delight everyone's taste.

It was produced by Stanley Rubin and directed by Arthur Hiller from a screenplay by William Blatty. The Seven Arts-Ray Stark production was filmed for Paramount in color.

ATTRACTIVE TALENTS is the only apt phrase that can be used to describe Warren Beatty and Leslie Caron who star in Seven Arts-Ray Stark comedy, "Promise Her Anything," a Paramount Picture in Technicolor opening March 27 at the Hilans Theatre.

HUGE RACE CROWD AS SEEN FROM THE AIR.

All Action Resinded On Disposal Plant

Avon Park is right back where it was when voters defeated a referendum Dec. 7, 1965 to raise $750,000 through revenue certificates to extend sewer lines and build a disposal plant and lift station.

City councilmen Monday night rescinded any and all action taken during the last month to get a disposal plant and lift station started here.

That included the 3 to 2 vote taken March 21 to issue $250,000 in revenue certificates to build the $150,000 plant and lift station. Money that would have been left was to be used for Water Department mains and any possible sewer work.

Monday night's action was precipitated by Councilman Clarence King who stated that whether the 3 to 2 vote was legal or not "it was not morally right for three men to put the city in debt for 20 years."

He added their action was against the will of the people by the latters action taken last Dec. 7 at the polls.

King said he felt it was a grudge held by some that had held over from the referendum. And, he continued, the city should do what the people want.

Council President James Doerr raised the question regarding Council votes taken at meetings Feb. 28 and then on March 21.

The first was that on a motion by Councilmen Jack Durgan to issue $120,000 to be spent on a specific plan.

On March 21, at a special meeting held to discuss financing the program, King suggested raising $120,000 by issuing certificates but the move rose only to 2. Then Councilman George Border moved that the Council raise $250,000 for the work. This motion passed, 3 to 2, King and Doerr dissenting. Councilmen Durgan Martin joining Border and Durgan in its passage.

Answering Doerr's question, City Attorney Hue Nunnallee said Durgan's motion of Feb. 28 would have to be rescinded to make the last legal.

Durgan offered and King seconded a motion to rescind action taken March 21 to issue the $250,000 in certificates and issue $120,000 to follow the engineer's plan first adopted.

This was defeated as Border abstained, and Martin and Doerr voted "no" leaving it a tie vote.

After much controversy consuming much of the meeting Border moved that the Council rescind all action taken on construction of a disposal plant and lift station, which was passed unanimously.

Border, in offering his motion, said the Council was wasting too much time, getting nowhere, and it should take up other business.

During the controversy it was noted by Doerr that as the Council wrangled construction costs were mounting, that if the work had been started when first discussed a year ago it probably could have been done at least 5 percent cheaper.

And, he was one as was Martin who said that all residents will have to help pay for the work under any plan now wheteas, if the referendum had passed there would have been others to help.

Revenue from the Water Department will be pledged, as will the approximate 320 customers on the present sewer lines, to pay off any revenue certificates that been said. There would have been approximately 1830 on extended sewer lines.

Border, during the meeting, remarked that by its action he was too embarrassed to bring anything up for the Council to consider. He felt, he said, action taken by the body was a move backward and not a step forward.

Wayne Albright questioned engineer and local agent fees and suggested the Council consider a package deal disposal plant.

County Budgets First Income From Race Fund Certificates

Highlands County commissioners formally approved a budget for first expenditures from the $1 million fund derived from sale of the race track tax certificates of indebtedness.

The budget, which runs through the rest of the fiscal year that closes in September, calls for spending $195,000 for capital projects in the county; $10,000 for the fiscal agent fee for services in marketing the certificates; and, $65,000 for a reserve fund.

A public hearing—which drew an audience of one newspaper reporter—was held Friday morning.

Some preliminary planning for the initial projects to be financed from the certificates was made at the Friday meeting.

County Purchasing Agent Eugene Hamlin was asked to obtain preliminary estimates about costs for curbing for the improved S. Commerce Street in Sebring.

Widening of this street from the Circle to Highlands Avenue and improving Highlands to its intersection with Kenilworth Blvd. is one of the high priority projects and is budgeted for $100,000 from the $1 million.

Commissioner J. A. Butler said the city of Sebring has voted to cooperate in this project and will take care of the cost of moving utilities.

Commissioner Ben McGee is working on preliminary estimates for costs of building a beach between the new four-laned Hwy. 27 and Lake Jackson. This project has been budgeted for $50,000.

Commissioner James Creel is seeking possible sites for a county office building in Lake Placid.

County Health Director Dr. William Hill and Tag Agent Roland X. Dyott have been invited to attend the April 5 Commission meeting to present plans for such a building. The Health Department and tag agent have been requesting permanent county offices for their use in the Lake Placid region.

The branch office building is not listed in the projects to be financed from certificates in the current fiscal year.

"We think we might be able to have plans ready and be prepared to let a contract for the building by the opening of the next budget year in October," Commission Chairman Cecil Skipper said Friday.

One of the certificate projects is now underway in Sebring—the laying of a sidewalk along S. Lakeview Drive from Kenilworth Blvd. to the shopping center. This project was budgeted for $10,000, and a contract was signed at the last commission meeting for $8,800.

County Attorney Hue Nunnallee reported that filing of the condemnation suit for right-of-way from the improved Highlands Ave.—from Kenilworth Blvd. to Hwy. 27—is being delayed while negotiations go forward with the Highlands General Hospital Commission.

The State Road Department in preparing descriptions of the land needed had overlooked the hospital parcel. Nunnallee said the initial settlement offered by the Road Department had not been satisfactory and negotiations with the hospital board are necessary.

"I realize that this particular suit has been very drawn out," Nunnallee told commissioners, "but I do feel it is not suitable for this board to sue the hospital if we can possibly work out a settlement. We learned about this late, and so we are late making the necessary arrangements."

Commissioners approved borrowing $179,300 to pay the entire bill for the current tax re-assessment program.

The board had hoped to pay some of the cost from the race track certificates, but Chairman Skipper said, "We have learned that will not be permitted, so we must borrow to pay the cost."

Tax Assessor Billy Martin said the job is 69 percent complete and he still is confident that the tax roll will be ready on schedule for the 1966 67 year.

The board accepted right-of-way for a county road at Dressel's Dairy.

Deadline Set To Register

Prospective voters have until 5 p.m. Saturday, April 2 to register to vote in the May 3 primary.

Roland Dreit, election supervisor of Highlands County will keep his office open in the Courthouse Annex until that hour for eligible voters to register. To be eligible a person must be an American citizen, have lived in the state one year and in Highlands County six months, and at his present address during the six months.

Registrations books will remain closed until after the second primary in May.

Callaway Wins 'Sun' 440 Run

Harold Callaway, speedster of the Avon Park Red Devil track team, took top honors in the 440-yard dash at the Clearwater "Fun and Sun" track meet last week.

Callaway, lone APHS entry, racing against Class AA and A competition, did the distance in 50.1 seconds.

Red Devil Baseball Team To Play Clearwater Here Friday Evening

The Red Devil baseball team fared badly on the road last week losing to Sebring, 2-0, and Clearwater Central Catholic, 2-1, but did better at home on Head Field last Thursday night defeating Okeechobee School for Boys, 9-3.

The team will face Clearwater Central Catholic at Head Field Friday night at 7:30 and then travel to Lake Wales Saturday night for a single game with the Highlanders. Next Tuesday, April 5, the Devils will get another shot at Sebring on Head Field, and, Thursday, April 7, the Avon Park nine will host Clermont before the Easter weekend lay-off.

The Sebring team took advantage of an error in the first inning to score quickly as Steve Young singled in Roger Johnson who was safe at first when a Devil fielder dropped a fly. Streaks scored another run in the second as Grady Curl led off with a walk, went to second on a passed ball, and scored on Roger Johnson's single.

Devil hurler Mike Knapp shut the door on the Streak batters after the second inning but the Avon Park team was unable to score a run in spite of Knapp's booming triple to right centerfield in the seventh inning.

Avon Park got four hits off winning hurler Marty Gilllian while the Blue Streaks rapped out three singles off Knapp. Both teams committed one error each.

Avon Park's starting pitcher, Ronnie Jackson, was credited with the win in the game with the Okeechobee School for Boys last Thursday night.

Jackson struck out 10 batters in the four innings he tossed allowing only one man on base. Then young Bill Knapp came on in relief and retired the Chiefs in order in the fifth frame. However, in the sixth inning, the Chiefs put together a single, an error, and a walked batter to score three runs before Emmitt Money came to the mound and put out the next three batters. Money struck out four of the six batters he faced.

The Devils got seven hits off two Chief pitchers with Mike Knapp slamming out a triple and two singles and Money connecting for two singles to lead the way.

Last Friday afternoon the Devils tangled with the Clearwater Central Catholic Tornadoes and came out on the short end of the score. With the Yankees and the Phillies playing within sight of the high school game, the Red Devils gave up two runs to the well-coached Tornadoes in the second inning on two hits and two errors.

Emmitt Money started on the mound for Avon Park and got through the first inning without allowing a run in spite of the fact that Clearwater loaded the bases on a walk and two fielding errors. But Devil firstbaseman Ronnie Jackson was injured on a pick-off play in the first frame and Money was moved to first and relieved by Mike Knapp to start off the second with the score 0-0. The first two batters up singled off Knapp and then scored as the Red Devils committed two more errors.

In the top of the sixth Avon Park's shortstop, Bobby Coleman, led off with a triple to left field and scored on Mike Knapp's single but the Devils weren't able to get another run over the plate and lost 2-1. Clearwater got four hits and played errorless ball while the Devils got only three hits off winning hurler John Herndon and committed four costly errors. The win set Clearwater's record at 8 wins and 1 loss for the season.

The Class B Tornadoes are in the same group as the Red Devils along with Frostproof, Lakeland Santa Fe, Lake Placid, Lithia-Pinecrest, Mulberry and Zephyrhills.

The Red Devils bounced back Tuesday night with 4 convincing 9-0 win over DeSoto High Bulldogs at Head Field behind the hurling of Emmitt Money who allowed only four scattered singles.

The Devils scored one run in the first on a walk, single, sacrifice bunt, and an error by the DeSoto firstbaseman. Two runs came across in the fourth when Hoppy Rewis walked and went to second on a passed ball. Carl Holden doubled to center and scored on another Bulldog error. Bill Knapp scored in the fifth after blasting a triple past the right fielder. Spencer Oberle scored the Devils final run in the sixth.

Mike Knapp, who is hitting at a .579 clip, led the Devils with a double and a single. Oberle rapped out two singles. Holden and Jim Powell both doubled.

ECW Rummage Sale Slated

The Episcopal Churchwomen are looking forward to their spring rummage sale Friday and Saturday, April 1-2, from 8 a.m. until 5 p.m. each day. The place is 14 S. Lake Avenue (the former A & P store).

They have many good opportunity items to offer Avon Park friends, and they invite all to come in and look around.

Those donating articles are reminded to take them to the store as soon as possible so that they may be priced and arranged for display before the sale starts Friday morning.

Race Week Rushes In and Out As Many Visitors Come and Go

Sebring's 12-Hour Endurance Race, internationally known, has its impact on Avon Park and the surrounding territory.

This is attest in the influx of visitors who make a grab for rooms, that is, if they failed to make a reservation the previous year. And, most of them do, as hotel, motel and private homes will tell the enquiring reporter.

Not only do motels, hotels and restaurants benefit by also Avon Park's filling stations and garages.

The influx starts several days prior to the pre-12 hour contest—the 4 hour drive for sedans—a prelude to the noisy, roaring 12.

For those racing buffs who like to see the sleek machines a number were to be found in Avon Park, closely watched in several garages. And, a few were seen parked but guarded in motel grounds.

Those in the know took the Avon Park short cut through the city to Alt. 27 along the rolling curving highway through orange groves past lakeside cottages to Sebring.

Many stopped in Avon Park for a break, some for a few minutes and food or drink; others to stay and commute to the race track on the former Hendricks Field Air Corps base.

For those on Hwy. 27 it was a constant roar Friday night as sports car fiends in all types and shapes of the midgets rolled and tooled their way to the race track.

Starting early Saturday night it was the same roaring, whining noise as the tired, grimy crowd, estimated between 75,000 and 100,000, accelerated on their home-bound journey.

The great exodus was on after the satisfied horde had seen Sebring and the Highlands County area.

A great attraction is the Sebring spectacle, once a year drawing card to Highlands County. But, although in its mid-teens—16 this year—it needs to become of age with many health and safety features at its course. Many averred after the 12-gruelling hours of human endurance.

Avon Park and Sebring, the two cities most involved, what they felt the impact for years, each year are doing things to make the week more enjoyable for the visiting fan.

Mayor Sets C of C Week

Mayor E. A. DeLaney, in conjunction with Florida mayors, has proclaimed the week of April 3-9 as Chamber of Commerce Week in Florida.

The action is in recognition of the achievements of local chambers of commerce in promoting business and in effecting civic improvement.

Mayor DeLaney, in setting aside the week, noted that the Avon Park Chamber of Commerce has served the community "faithfully and well since 1939, and has been largely responsible for the city's present development and prosperity."

The Chamber, he noted in the proclamation, has supplied volunteer manpower, know-how and effort to get "things done," and given financial suppott to maintain the organization.

He urges citizens to "cooperate in every way with the splendid program of civic betterment carried on by our Chamber of Commerce."

Security Aide At Courthouse

W. E. Arnold, manager of the Lakeland Social Security office, said a representative of the Lakeland office will be at the Highlands County Courthouse Annex Thursday, March 31 (today) from 9 a.m. to 9 p.m.

This will give every person who was 65 before Jan. 1, the last opportunity to sign up for the "Medicare" program under the Social Security Law.

Arrangements for the use of the Annex for this all-day period were made thru the assistance of Earl Rich, Clerk of Circuit Court in Highlands County.

Arnold urges everyone regardless of whether they are working or not to file the necessary claim before the March 31 deadline. The next enrollment period will be beginning October, 1967.

Law Places Emphasis On Prevention

The emphasis was on prevention in the work of law enforcement officers during Race Week. Early this week Highlands County Sheriff Broward Coker released a report which showed a total of 125 arrests for March 23-27.

"We do not make a great many arrests—only those that are absolutely necessary," Sheriff Coker said.

During Race Week Florida Highway Patrol, Highlands County Sheriff's Department, local police and auxiliary organizations concentrate on law enforcement and traffic control in connection with the race. The emphasis is preventing trouble.

Among the arrests the Highlands County deputies arrested 21 persons for being drunk, 4 for traffic violations, 4 juveniles, and 31 on other charges.

Vandalism and destruction of property were among the chief causes for arrest this year, the sheriff said. Some of the campers appropriated a part of the track's wooden fencing to build fires when the weather turned cool. This was a typical offense this year, Sheriff Broward Coker said.

In addition to the 76 arrests made by the Sheriff's Department, the Florida Highway Patrol reported 49 arrests—31 on traffic charges, 2 in connection with accidents, 2 juveniles and 18 on other charges.

In County Judge's Court on Monday only two cases were heard. One man pleaded guilty on a drunk charge, and Edward DeVoe Hunt, 45, of Sebring, pleaded guilty to driving while intoxicated and to resisting arrest without violence.

On the latter charge he was fined $50 or 30 days, and on the "dwi" charge sentence is being deferred pending arrival of Hunt's driving record.

APHS Annual, Thanks To Two, Gets Its Ad

Thanks to George Border and Durrah Martin, the half page space in the APHS annual usually taken by city will not go abeggin.

When the City Council last Monday failed to act on the seniors sales pitch and the matter had died for want of a second, the two councilmen each pledged half the amount for the ad.

They acted after several other matters had been handled, included the authorization to pay Vic MicKunas $300 for directing the APHS Band in its six winter concerts.

A precedent in paying band directors was set some years ago.

Just what the copy will be in the form of city ad is a mute question. One voice suggested crediting the two donors. They declined to be named.

Maybe the copy will read "From two well wishers."

And, that will be that.

I AM THE NATION

I WAS BORN on July 4, 1776, and the Declaration of Independence is my birth certificate. The bloodlines of the world run in my veins, because I offered freedom to the oppressed. I am many things, and many people. *I am the nation.*

I am 195 million living souls—and the ghost of millions who have lived and died for me.

I am Nathan Hale and Paul Revere. I stood at Lexington and fired the shot heard around the world. I am Washington, Jefferson and Patrick Henry. I am John Paul Jones, the Green Mountain Boys and Davy Crockett. I am Lee and Grant and Abe Lincoln.

I remember the Alamo, the Maine and Pearl Harbor. When freedom called I answered and stayed until it was over, over there. I left my heroic dead in Flanders Fields, on the rock of Corregidor, on the bleak slopes of Korea and in the steaming jungle of Vietnam.

I am the Brooklyn Bridge, the wheat lands of Kansas and the granite hills of Vermont. I am the coalfields of the Virginias and Pennsylvania, the fertile lands of the West, the Golden Gate and the Grand Canyon. I am Independence Hall, the Monitor and the Merrimac.

I am big. I sprawl from the Atlantic to the Pacific . . . my arms reach out to embrace Alaska and Hawaii . . . 3 million square miles throbbing with industry. I am more than 5 million farms. I am forest, field, mountain and desert. I am quiet villages—and cities that never sleep.

You can look at me and see Ben Franklin walking down the streets of Philadelphia with his breadloaf under his arm. You can see Betsy Ross with her needle. You can see the lights of Christmas, and hear the strains of "Auld Lang Syne" as the calendar turns.

I am Babe Ruth and the World Series. I am 130,000 schools and colleges, and 320,000 churches where my people worship God as they think best. I am a ballot dropped in a box, the roar of a crowd in a stadium and the voice of a choir in a cathedral. I am an editorial in a newspaper and a letter to a Congressman.

I am Eli Whitney and Stephen Foster. I am Tom Edison, Albert Einstein and Billy Graham. I am Horace Greeley, Will Rogers and the Wright brothers. I am George Washington Carver, Daniel Webster and Jonas Salk.

I am Longfellow, Harriet Beecher Stowe, Walt Whitman and Thomas Paine.

Yes, I am the nation, and these are the things that I am. I was conceived in freedom and, God willing, in freedom I will spent the rest of my days.

May I possess always the integrity, the courage and the strength to keep myself unshackled, to remain a citadel of freedom and a beacon of hope to the world.

This is my wish, my goal, my prayer in this year of 1966*—one hundred and ninety years after I was born.*

"I Am The Nation" was published in the public interest by the Norfolk and Western in 13 metropolitan daily newspapers earlier this year. More than 10,000 reprints have been mailed to those requesting a copy for home or office use.

Diphtheria Returns Again

A case of diphtheria is a six-year old white, female, in Sebring has been confirmed by laboratory isolation. Additional studies are being performed to detect any other possible cases.

It was only a little over a year ago when the area had its major outbreak in Sebring and Lake Placid. Diphtheria in 1964, in 1965, but diphtheria is a preventable disease.

"We should not have diphtheria in this day and age," says William F. Hill, Jr., M.D., director of the Highlands County Health Department. Protection is as close as your family physician's office. The cost of prevention is a few dollars, at most. The cost of a case is a minimum of several times the cost of prevention, plus loss of time at school or work, exposure of family and friends, possible hospital costs or even death of a loved one. WHY do we take chances? Why do we feel it can't happen to us? It can, it does, It is happening!

"Have all sore throats checked by your physician immediately and better still, get your diphtheria (and tetanus, a killer also) shots up to date right now. Don't be sorry when you can be safe and happy," Dr. Hill concluded.

The Florida Canners Association is celebrating its 35th anniversary of service to the citrus processing industry. The Association was organized at Tampa, in 1931 and moved to Winter Haven in 1955.

Unions Back Haydon Burns

JACKSONVILLE—More than 200 labor unions affiliated with the Florida AFL-CIO have endorsed Governor Haydon Burns for re-election within the last three weeks of March.

These include four statewide associations and multiple-union district councils from Pensacola, Panama City, Manatee, Sarasota, Hillsborough, Pinellas and Polk Counties.

One of the associations, the Communication Workers of America is composed of 12 unions representing approximately 10,000 members. The Hillsborough Council is composed of 16 unions and its president, Harley Martin, notified Governor Burns the endorsement was made without a "dissenting voice or vote."

In addition, more than 40 other prominent individual labor leaders have pledged their support to Burns, including Frank D. Howard, of Leesburg, chairman of the Florida Brotherhood of Locomotive Firemen and Enginemen.

Howard said Governor Burns "had proved himself to be a capable, fair and impartial administrator of the affairs of this great state . . . who has an understanding of the problems of the people . . ."

Martin said his members felt Governor Burns was "truly the governor of all the people of Florida, including not only members of organized labor but all wage earners in our great state."

Letters To The Editor

Band Brings Forth Praise

Editor:

"Avon Park High School Band refreshing transfusion to Clearwater parade."

The above statement was made by one of the Clearwater spectators. The applause of the people who lined the three mile Clearwater "Fun in the Sun Parade" route seemed to portray their total agreement.

A thrill ran down your spine and a tear brightened your eye as our Avon Park High School Marching Band swung by in their red and white uniforms, the majorettes in red sequin uniform and white boots, batons awhirl, all in perfect step and formation. The band, their instruments held high and giving complete attention that their music and cadence be nothing less than the perfection that Victor MacKamas, their director, expects of them.

Clearwater's "Fun in the Sun Parade" was held Friday evening, March 25, and was broadcast over Channel 10. Avon Park Band was given 30 seconds.

Mrs. Bradberry, Mrs. Ferguson, Mrs. Flint, Mrs. King, Mr. and Mrs. Furr, Mrs. Reddick and Mr. Miller acted as chaperons and were enthusiastic in their praise of the band both in their conduct to and from Clearwater as well as the very fine performance they executed in the parade.

"Team captains have given liberally of their time guiding and directing the soliciting in their areas. These include Mrs. Thomas Bagwell, Mrs. J. C. Bringegar, Henry Caffee, Miss Ruby Chapman, Don Eastman, Dave Enright, Mrs. Lowell Ferguson, Mrs. Joe Franza, Mrs. George Godwin Jr., Mrs. Clay Kull, Francis Love, Mrs. Pearl Luyben, Mrs. Walter Oet, Mrs. W. E. Peach, Morris Phillips, Dixie Scott, Mrs. Frank Shannon, Ernest Sims, Mrs. Pearl Smith, Mrs. Wilton Stringer, Mrs. Cliff Thomas, Mrs. Clay Viles, Mrs. Ted Waird, and Mrs. Lawler Wells.

"Success of the Team Captains could not have been possible without the cooperation of the many solicitors. To each solicitor we extend a special thanks.

"Success can be achieved only as we all unite our efforts in our community. The Red Cross is truly an asset to the people of Avon Park and our men in service. Through the Red Cross many are assisted in meeting personal needs as well as learning to serve in emergency situations where Water Safety and First Aid are beneficial.

"Even though this year we have more than doubled the amount raised for Red Cross last year, we are short of reaching the goal set for us to meet the Avon Park needs.

The contributions which have been received are deeply appreciated. It has been our desire to contact each resident. We realize, however, that many have not had opportunity to contribute. Those wishing to do so may send donations to Red Cross, Sebring.

Smith Seeks Ninth Term In State House 1-24 rop with pix

Veteran Rep. S. Chesterfield Smith of Arcadia has announced he will seek a ninth consecutive term in the state house of representatives.

He has previously served eight consecutive terms as the representative from DeSoto County. Under the new reapportionment plan, he will seek to use his experience and seniority in committees to represent Hardee, Highlands and DeSoto Counties.

He was recently elected chairman of the Legislative Council which serves the state in legislative affairs while the legislature is not in session.

He has been chairman of the Appropriations Committee for one term and a member for the other seven sessions. Other committees on which he has served as chairman or been a member are Citrus, Mental Health, State Institutions, Veteran Affairs and others.

He has been a leader in the fight against the pollution of Peace River, and has sought for better public recreation and parks. He also favors the four-laning on U. S. 17 and U. S. 27.

He believes that education should be bettered at all levels, that each county should have a legislator and the retention of the present division of the race track and gas revenue funds.

He is against the inclusion of groceries and medicine under the sales tax and any increase in the car license tax.

Smith was born and raised in DeSoto County. He is a veteran of World Wars One and Two. He recently sold the Arcadia Drug Store which he had owned and operated for past 40 years.

He feels that now he can devote full time in the serving the three counties which he wishes to serve.

William H. True, operator of True Enterprises of Lake Placid, has announced his candidacy as a Republican candidate for the County Commission.

"A Republican victory in Highlands County in November is not an impossibility," he says. "It will take hard work and door to door campaigning on the part of supporters and party members. True was born and raised in Portland, Maine, was a resident of Philadelphia two years and Needham, Mass., 11 years.

He was ordered to active duty in July, 1941, and sent to Command and General Staff School at Leavenworth, Kas., and assigned overseas February, 1942. He was with the Fifth Air Corps until his return to the states October, 1944. He was then ordered to Florida where he remained following discharge from service.

Dynacor Rayon Used In Tire

Armstrong Rubber Company has announced that its premium-grade "Coronet" tire is now being made with new Dynacor rayon cord. Announcement of this development was made by Paul L. Giblin, vice president for sales.

"The new Premium Coronet is the first tire to be put into full-scale commercial production using Dynacor rayon," declared Giblin. "This move represents another industry first for Armstrong and demonstrates our leadership in the development of superior tires for the replacement market," he continued.

Dynacor rayon, a development of the American Viscose Division of FMC Corporation, offers high speed performance and overall carcass durability equal to any available tire reinforcing material. At the same time, it retains the quiet riding, smooth handling characteristics of standard rayon.

Production with the new rayon cord began last January at Armstrong's West Haven, Conn., plant. This followed more than two years of research by Armstrong who worked in close cooperation with American Viscose in developing the new Dynacor process for tire manufacturing. Evaluation of a pilot run of thousands of tires produced in May and June of 1964 has indicated superior results from actual use in the field.

Florida's Population Increased 55.4 Percent In Ten Years

Florida's population increased 55.4 percent from 1955 to July 1, 1965. The figures are 5,905,000 against 3,870,000—an increase of 16,958 persons a month since July 1, 1955.

Data prepared by the Florida State Board of Health show that natural increase—the difference between births and deaths—accounted for about a third. The remainder was due to out-of-staters moving into Florida.

The white population increased from 2,969,800 to 4,775,800 during the period, about 13,000 persons a month. Non-whites increased 2,742 a month to 1,029,200.

Preliminary figures showed 59,080 resident deaths in 1965, an increase of 2,327 over 1964. However, the death rate rose only 3.0 percent (9.9 to 10.2) during this period.

Diseases of the heart led with 21,072 deaths; cancer was next with 10,301; stroke third with 6,898; and all accidents fourth with 1,856.

Births last year were 107,006, about a 6 percent decrease from the 1964 total of 113,986.

Marriages increased from 29,904 in 1955 to 49,999 in 1965—about 63 percent. However, the rate per 1,000 population rose only 4.9 percent.

Divorces and annulments rose to 25,333 in 1965 from 19,999 in 1955 but the rate per 1,000 population dropped from 5.4 to 4.4 during the 11-year period.

Students View

From now on, each week there will be an article on students' reactions to current events. This week we asked several students about their views on the Avon Park High School page in The Sun.

Most of the students we talked with seemed to think it was a good idea, but some of them said that they would like to see more valuable articles of news instead of a lot of stories that take up space and don't say anything. We admit, though, that I agree with this idea.

The Club had the pleasure of honoring the 700th member last Monday by presenting to Mrs. Ralph Lambert a beautiful two orchid corsage from the Avon Gardens. After the ceremony and picture taking, Mr. and Mrs. Lambert, Mr. and Mrs. Fensterman, outgoing president and wife, Mr. and Mrs. Leo Wagner newly elected president and wife, Mayor E. A. DeLaney and Mr. and Mrs. Jack DeLaney had a delicious dinner at the Jacaranda Hotel, courtesy of the management. The table was beautifully decorated with a floral arrangement of yellow mums and daisies and snapdragons by the Ridge Florist. After the dinner the arrangement was presented to Mrs. Fensterman, who, in turn, presented it to Mrs. Wagner. The membership committee, of which Clay Kull is the chairman, has done a fine job.

ENTERTAINMENT

About one hundred members gathered to hear and see a musical comedy actor, Jack Ellsworth, who was on the road with a "Ms Fan Lady" troop, sing and play on the piano. Miss LaRue, who accompanied him, delighted the audience with her singing of the song "I've Played the Palace." Not to be left out the audience joined in singing many of the old time songs.

SHUFFLING

On Monday, the winners of the mixed doubles tournament were Charles Fensterman and Kate McAlexander. Runners-up were Dorothy Gruber and Andy Clarke.

On Wednesday, the main event was won by Walter Sawyers and Kate McAlexander, with Dorothy Gruber and Jim Brown the runners-up.

Consolation winners were Ernie Rouget and John Floyd over Doc McAlexander and Charles Fensterman.

Oscar Lamb and Tom Hance were the winners in the B Class with Art Jordan and Albert Morrison the runners-up.

Phyllis Hance and Walter Batcheider were the consolation winners over Earl Hazzard and Edith Stevens.

On Friday, there was a tournament for all those over 70, when everyone played for himself. There were 28 entrants, and the winner was John Floyd, with Claude Bynner the runner-up. Both received trophies.

Before the game on Saturday, Howard Kellogg, shuffleboard manager, announced the new manager for next year, Eldred Gruber. Mr. Gruber thanked Mr. Kellogg for all the latter had done for the Club, and assured the members that he would do his best to carry on this coming year.

Winners in Cpass A on Saturday were Alva Thompson and Scott DeGolyer over Andy Clarke and Lillian Hayes.

Dave Dickerson and Hazel Higgs won in consolation over Herbert Shauger and Chris Cabezas.

In I.

In B Class the winners were Ralph Crocker and Ross Stewart, runners-up Sarah Kerr and Ethel Parker.

Consolation winners were E. B. Howard and Ellen Coombs over Fern Haag and Bertha Wagner.

CARD GAMES

Pinochle had seven tables in play on Monday, and the high score went A. McAlexander with 850, and second high score of 700 was won by Anne Janke.

There were two tables of bridge on Tuesday. Vi Lenz came in first with a score of 3280 with Ella Gruber a close second with a score of 3260.

After three pre-emps we were able to have our regular duplicate games Thursday, March 24. Results were close with the Thicroli-Reisner pair winning the North-South by one point, and the E. Merchants winning the East-West by the same margin. We are planning to have duplicate next Thursday, and will decide then as to how long to continue it this spring. E. C. Ludington, director.

SUPPER

Fifty-four folk came to share in the pot-luck Saturday night. Emory Mitchum returned thanks. Hosts were the Dan Keiters and the Russell Smiths. New York still leads with 21 present. Golden wedding anniversary of Audra and Horace Cole was celebrated by the couple telling how they met, and the group singing Happy Anniversary. A check you note was read from Ralph and Eva Lambert of Defiance, Ohio. For Those Who Love You.

HYMN SING

The last Hymn Sing of the season was a very pleasing affair, under the able direction of Fred Hiland. Paul Hooper suggested we give thanks to Fred for the fine job he has done in conducting the Hymn Sing all season. A trio composed of Jerauld Perkins at the piano, David Sechrist with his cello and Albert with his violin gave several very fine selections. Fred Hiland sang that beautiful hymn, "How Great Thou Art," doing full justice to it.

Mildred Long accompanied him, as she did for all the hymns. Men came up front and sang "The Church in the Wild Wood." One hundred and six folks enjoyed the hour. Leo Wagner opened the meeting with prayer and Earl Hazzard dismissed us with prayer.

ENTERTAINMENT

Next Thursday evening the Oscar Lambs will show their pictures of the Holy Land. They spent several months in Europe and have some very fine pictures to show.

HIS CROSS AND OURS

"If any man will come after me, let him deny himself, and take up his cross and follow me." St. Matthew 16:24.

Did you ever wonder why Jesus seemed to shrink from the cross. He was fearless in the cleansing of the Temple and yet he seemed to confront death with fear and trepredation. *"I have a baptism to be baptized with"* he said, *"and how am I straitened till it is accomplished."* St. Luke 12:50. Dr. Glover observed that "as the dreaded event comes nearer, he shrinks from it with abhorence and loathing, as from a frightful tragedy."

We do know that in the Garden of Gethsemane: *"He began to be greatly amazed and sore troubled. And he saith unto his disciples, my soul is exceeding sorrowful even unto death."* St. Matthew 26:38.

This does not appear to be the way that a brave man, under the impulse of a mighty cause, meets death. How different from that of St. Paul who marked his willingness to face death with the words: *"If I am poured out as a drink offering upon the sacrifice and service of your faith, I joy and rejoice with you all."* Phillippians 2:17.

How do we explain what seems to be a fear of death on the part of Jesus?

In the first place it helps to understand his shrinking from the cross, if we remember that he identified himself and his cause with the Person and purpose of God, the Father Almighty. In answer to the question of the Jews, at the temple in Jerusalem, as to who he was, Jesus answered: *"I and my Father are one."* St. John 10:30. So, it was that he knew that every wrong done to him was done to God as well. He knew that his tormentors were setting themselves against God and, therefore, were dooming themselves to suffer.

Jesus knew that an Israel that would not recognize its' Messiah would have the Kingdom taken from it. He was overwhelmed by the tragedy of his peoples' rejection of God and the terrible consequences to come. It is no wonder that he said to the women who wept for his as he carried his cross to Calvary: *"Weep not for me but weep for yourselves and your children."* St. Luke 23:28.

History records the siege of Jerusalem by the Romans, its' fall and destruction in 70 A.D. The suffering of its' people was incredible; the 600,000 within the city's walls were either slain or taken captive.

When you realize Jesus' great love for his people, you begin to understand how he felt the burden of their shame, for he realized the enormity of the crime they would be guilty of. What they were about to do to him they were doing to God. This was the reason that he drew back from the impending crucifixion.

As for himself, Jesus had the courage to face what had to be faced. It is written of him that when his time had come, *"he steadfastly set his face to go to Jerusalem."* St. Luke 9:51. The cross was not thrust on him, he willingly accepted it. Jesus made this great truth perfectly evident in the words: *"Therefore doth my Father love me, because I lay down my life, that I might take it again. No man taketh it from me, but I lay it down of myself. I have power to take it again."* St. John 10:17-18.

In the First World War there was a young soldier of France, whose arm was so seriously shot-up that it had to be amputated. When he regained consciousness, after the operation, the surgeon said to him: "I am sorry, son, to tell you that you have lost your arm." Whereupon the young man answered: "Sir, I did not lose it; I gave it - for France." And so it was with Jesus. He did not lose his life. He gave it.

In the face of trial and crucifixion, he had poise. He went to the cross knowing that his suffering and death would draw men to his kingdom of love: *"And I, if I be lifted up from the earth, will draw all men unto me."* St. John 12:32.

Dr. Glover gives the place and the meaning of the cross in the following statement: "The cross is the outcome of (Jesus') deepest mind, of his prayer life. It is more like him than anything else he ever did. It has in it more of him. It was his love of men and women and his faith in God that took him there."

In my ministry I have often heard a father or a mother say, "if it could only be me that had to suffer and not my son." That exclamation gets at the very roots of life, as it is written: "Where I love, I live." We are woven together into families by love, mutual need and interdependence. Out of this close association we get our joys as well as our heartbreaks. So often the cross we bear is in the heart.

Jesus said to his disciples: *"If any man will come after me, let him deny himself, and take up his cross and follow me."* St. Matthew 16:24. The Master is talking about discipleship.

Albert Schweitzer made the great decision to become a doctor to the natives of Central Africa because, as his biographer says, the "burden of debt (that) lay on the white man, lay on himself . . . He must repay what he could of his share by using the white man's science to alleviate the black man's pain. He would repay - with his life."

When we take up our cross we die to self, we take on the burdens of others. We put ourselves at the service of Christ. In this we join those whose hearts are turned toward the needs of people, who day by day engage in the conflict with prejudice, hatred and injustice.

Jesus' acceptance of a cross of suffering for humanity, proves God's great love for us. It gives us the courage to stand up for what is right, and to enter the struggle for a better world.

Pros and Cons On Meals

Recently students around school were asked what they thought about school lunches and this was their response.

JIMMY POWELL—"The meals are good but they don't give you enough to fill up that empty spot."

EDNA SPURLOCK—"I like the meals because they are very delicious. Some students fuss and say 'The meals at the lunchroom stink.' The reason behind this is that they just want to go off campus for lunch."

TOM LaFLAM—"They are allright. I have had better but I've also had worse."

LINDA VINSON—"Sometimes they're allright and then again they aren't."

AVIE STANSBERRY — "The food is good but I'm sort of particular. It's a lot better than eating in a restaurant where you have to pay an outrageous price for the same thing you can get for 35 cents in the lunchroom."

MARY KRESS—"The meals in the school lunchroom are well balanced, have a good variety each day, and they are at a bargain price. The only thing I disagree with is the atmosphere."

The Devils Club is a group of athletes who have all lettered in one sport or another such as football, baseball, track, and basketball.

We take care of the concession stand at the baseball and basketball games. At the end of the year, we have a banquet for all members who have earned 50 points.

How do we earn points? We receive 10 points for lettering in a sport, and 5 points for working at the games. With the money we earn, we leave a gift to the school at the end of the year.

CHILD CARE topic for Home Demonstration Department students.

Child Care Is Topic For 'Ec' Students

For the past several weeks advanced classes of the Home Economics Department have been studying child development.

Mrs. John Endicott, county health nurse, discussed different phases of prenatal care. This course will cover the full second semester.

During this time, Mrs. Violet Moseley, teacher of the advanced classes, plans to have several guest speakers on the subject of child care. This course will be a great aid to these future homemakers.

As a special project for this nine-weeks period, the girls are required to do an observation of a young child. The last nine-weeks period, the girls will be required to do a research paper on the specific phase of child development that interests them most.

Also, during this period, Mrs. Moseley plans to have several young children come to classes to be observed by the students.

In these classes special emphasis is given to playing habits, discipline, creativity, physical, and mental development.

Students Off Early For Sebring Races

Last Friday, Avon Park High School students were excused from school to attend the annual racing events at Sebring, which is one of the main events of Highlands County.

Students were able to see some of the finest sport cars in the world: Factory Fords, Chevys and other American engineered cars created specially for racing. But these aren't the only entrants. The bright red Ferrari that has won the 12 hour endurance race more times than any other car also participated.

This is truly a very educational experience for students.

CHEERLEADERS CHEER for spot in squad to yell for dear old APHS.

Cheerleading Tryouts Are Held

Upon the cheerleaders rest a great responsibility. They set the stage for sportsmanship, school spirit, and the whole mood of the athletic program.

The past two weeks have been filled with girls working very hard to fulfill the requirements of cheerleading, which are: at least a "C" average; attending six of the eight practices; and a great desire to cheer.

These girls are: for "A" squad: Celia Albritton, Sharon Bennett, Donna Buettell, Nina Cini, Mary Lou Cramer, Susan Gentry, Nita Howze, Pat Holden, Lisbeth Liles, Pam Maness, Melanie McClure, Melba Mitchell, Robin Padelford, Emily Rowland, Marilyn Smith, Reggie Weber, and Frankie Prescott.

For "B" squad: Janie Barben, Linda Bennett, Kay Carver, Nancy Cini, Paula Curlee, Celia Elder, Connie Elder, Susan Franza, Linda Hebenthal, Gail Holmes, Elaine Johnson, Kathy Kirkland, Claire Lanier, Sarah McClure, Nancy Mitchell, Beverly Pollard, Carol Retherford, Bonnie Rowland, Kathy Smith, Joyce Strickler, Melodye Taylor, Patty Turnbull, Joni Young, Cindy DuBose, Patty Childress, Winifred Davis, Martha Wright.

The first elimination is made by a committee of teachers; the second, is made by the student body on skill poise, and presentation.

Each candidate has pledged herself to help promote good sportsmanship, good school spirit, good citizenship, and enthusiasm to back our athletic teams on any other endeavor which reflects credit upon our school.

Whom Do We Have Here?

By BRENDA BROWN

"What pretty curly hair" "I was told your hair was red when you were young" "Well, what color do you think it is now?" "Oh, I'm very sorry. I just wasn't thinking."

We interviewed this Senior and found out that he likes cars. He enjoys working on them and driving them.

"I like to eat, too!" he said. "Well, what is your favorite food?" "Oh, just food—period!" he answered.

This student is not overly-active in school curricular activities, as he has a part time job. He is saving money and making plans to attend a junior college after high school graduation.

Physical Fitness Test

Coach Franza, head of the Athletic Department, has been giving all of his classes physical fitness tests. The tests consist of pull-ups, sit-ups, Marine squats, and a 300-yard shuttle run.

This is the same test that Marine recruits take while in basic training.

In order to make a perfect score, you are required to do 54 push-ups, 79 sit-ups, 77 squat-jumps, 29 pull-ups, and run the 300-yard dash in 44 seconds.

Through Pits, Over The Hills

Like thrills? Try riding on one of these through the clay pits, up and over the hills.

This is a common sand buggy, (also called a dune buggy or beach buggy), built by Stanley Wells, with the help of Kenny Wells and David Barefield.

They started with a '57 Plymouth body, chopped the body off and shortened the frame, dropped a 225 cubic inch '57 Dodge engine in the frame and bolted it to a '59 Dodge automatic transmission.

A month and a half later he came out with his present sand buggy. Stanley is now installing a seat from a Fiat in the rear for a rumble seat, to carry more passengers, who enjoy riding, as in the picture above.

The primary purpose for Stanley's building the buggy is to drive to the races and for joy riding in the clay pits.

High School Custodians

Our custodians have been serving Avon Park High School for many years. These custodians are Mrs. Garrett, Mr. Reynolds, and Mr. Horton.

These people keep the buildings clean and neat for the students. Their job is not easy but they are always friendly and willing to help any student.

We really appreciate the fine job that the custodians do, and we hope that all the students will do what they can to help them keep our school neat and attractive.

Students Develop Countries As Project

In Economics, the students have been given a country to develop as a project. These projects were due this Tuesday to be checked, and to see how much each student has done in developing his country to make it a better place in which to live.

Mr. Maccoy and the students have been discussing about what kind of tax system would be best for each country and why. The developing of these countries has helped the students in realizing how important our own tax system is in the United States. They will also have more knowledge of our government; this knowledge will be very important to students to day, for they will be the men and women in society tomorrow.

Also this week, the students in economics have been discussing International trade.

Prospective Soldiers Get Their Say

By AVIE STANSBERRY

Very rarely do teenagers get a chance to express their opinions. There are several boys, now Seniors at Avon Park High, who are going into the military service directly after graduation.

These boys want everyone to know what they think of the United States position in Viet Nam and at home. Going into the Air Force are Al Heilig and Jack Crunkleton, the Marines, Bobby Cannon and the Navy, Danny McMasters. These four boys have expressed their opinions.

AL HEILIG:

Q. What do you plan to do directly after graduation?

A. "I'm going on the Senior Trip and help my dad in his business. July 1, I'll be going to Miami for a physical, then to Lackland AFB, Texas."

A. "I am willing to go."

Q. Do you want to go to Viet Nam?

A. "I am willing to go to serve my country. I believe it is my duty as an American citizen and as a person to keep our country free from communistic rule."

Q. What about Draft Card burnings?

A. "In my opinion, I believe that people who burn their draft cards do not know what it is like to live under a dictatorship or Communistic rule. If they did know, they would be willing to preserve the freedom of their heritage."

Q. Are you frightened at the thought of being sent to Viet Nam?

A. "I probably will be scared, yes. Everybody who goes into a battle line has some doubt in his mind if he'll come back."

Q. Is there anything else you would like to say?

A. "I was not born in the U. S. but came here from Vienna, Austria, with my parents and brother in 1949. I have a lot to be grateful for. This country of ours is free and has been free for the last 200 years. It is my duty as an American citizen to go into the military service and try to preserve the freedom of our country for the future generations. If more Americans would realize what is at stake if we lose our freedom, they would be glad to serve their country. Viet Nam is first base and the U. S. is home plate in this contest. Once the Communists have another hold on Asia, they will go on to the rich and green pastures of the United States. If we lose the battle in Viet Nam, we will lose the respect that our forefathers fought so hard for. We'll be wide open for another, more devastating Pearl Harbor."

The remaining three boys were asked the same questions. Here are their responses:

After graduation?

DANNY McMASTERS—"If you're not going to college, there's no future on staying here. I'm joining the Navy. There's nothing else to do unless you want to work as a bag boy."

BOBBY CANNON: "The day after graduation, I'm visiting my grandmother for a couple of weeks. Then I leave for Paris Island, S. C., on June 28."

JACK CRUNKLETON: "I plan to take a job with Bill Crunkleton, Contractors, as a carpenter's helper. I plan to go into the Air Force in August if I don't start college."

PROOFREADERS busy on preparation of newspaper copy.

Proofreaders

This is the fifth edition of the high school section in The Sun. As usual, the Business English classes have gathered quite a number of articles which we feel are of interest to our community.

This section is to let you, the community, know what is going on in APHS. We also try to give you a variety of things to make our page interesting to all readers.

The proofreaders for the March 24 page were Toni La Flam, Mike Coleman, Linda Cravey, and Avie Stansberry out of 1st period; Buddy Parnell, Jack Crunkleton, Dennis Hood, and John Simpson out of fourth period.

On going to Viet Nam:

DANNY McMASTERS: "Well, look at it this way. If they send me there, it's my duty to go. You're fighting Communism so go ahead and go. I'm sure not going A.W.O.L."

BOBBY CANNON: "Not especially, but I would go if I had to. I don't believe anybody wants to go."

JACK CRUNKLETON: "No, but it is necessary for so many to go. I see no reason why one of these should not be me."

On draft card burnings:

DANNY McMASTERS: "I don't think they should be put in prison. They should be sent to Viet Nam without training. To me, it's just a disgrace to your country—I'd better stop right there!"

BOBBY CANNON: "I don't think too much of them. They're the ones that belong in jail—they're the ones who should have to go to Viet Nam."

JACK CRUNKLETON: "I think anyone who would burn their draft card should be put in prison for quite a length of time. Would you want someone in Viet Nam who didn't care to fight? He would endanger not only his life but possibly many soldiers from the U. S."

Are you frightened?

DANNY McMASTERS: "Sure I am. Anybody with any common sense should be. As far as that goes, nobody wants to go and get his brains shot out but someone has to go."

BOBBY CANNON: "I have to think about that. Yeah, I'm scared a little bit. I think everybody is scared a bit."

JACK CRUNKLETON: "Sure, isn't everyone?"

Anything else?

BOBBY CANNON: "Nothing else, I don't guess."

JACK CRUNKLETON: "That's all."

ELECTRICAL EQUIPMENT provided the Home Economics classes at APHS.

"Ec" Classes Receive Equipment

"Use and care of the electric range" was the topic used by Miss Faye Gordon, home economist with Florida Power Corporation, when she spoke to Miss Turner's Nutrition and Foods classes.

Miss Gordon first showed the students how easy it was to clean the pull-and-clean over, and then how to clean the surface units. This was followed by a demonstration using the surface units, broiler, and oven.

To demonstrate the use of the surface unit, frozen broccali was cooked.

The use of the broiler was demonstrated by broiling hamburgers. Hamburgers prepared in this way are much better for you because no fat or grease is added to cook them.

While the hamburgers were broiling, Miss Gordon prepared a cream puff batter, which was placed in the oven to bake.

Each student was given a sample of each food prepared.

The electric equipment in the Home Economics Department consisting of two ranges, a refrigerator, washer, and a dryer were recently placed in the department through the courtesy of Florida Power Corporation. They will put new equipment in the department each year for five years. This enables the students to have up-to-date equipment to use in their foods classes.

Shorthand Is Really Moving!

Last week the Shorthand class has completed the Gregg Shorthand textbook and is looking forward to new techniques of study.

Mrs. Rutz, the shorthand instructor, has kept them interested and working steadily and the students have completed the textbook at the time anticipated.

Mrs. Rutz informed the class that they will now take dictation from books not studied and also from records.

It seems as though these students will continue their business course with even more interest and enthusiasm than at the beginning of the year.

Atlas is expected to contain the Japanese with his power as the Steamboat pounds them into senselessness as a part of the evening's entertainment.

Notice of School Desegregation Plan Under Title VI of the Civil Rights Act of 1964

This notice is made available to inform you about the desegregation of our schools. Keep a copy of this notice. It will answer many questions about school desegregation.

SECTION I DESEGREGATION PLAN IN EFFECT

The Highlands County public school system is being desegregated under a plan adopted in accordance with Title VI of the Civil Rights Act of 1964. The purpose of the desegregation plan is to eliminate from our school system the racial segregation of students and all other forms of discrimination based on race, color, or national origin. Your school board and the school staff will do everything they can to see to it that the rights of all students are protected and that our desegregation plan is carried out successfully.

The plan adopted by the Board of Public Instruction and approved by the office of Education on June 25, 1965 is based upon a combination of non-racial geographic attendance zones and a freedom of choice plan. The grades applicable for this year (1966-67) are grades 1 through 10 in Lake Placid, grades 1 through 11 in Avon Park and grades 1 through 12 in Sebring.

For those who live in the geographic zones, Section II of this notice will provide complete information. For those who live outside of an attendance zone Section III of this notice will apply.

SECTION II NON-RACIAL ATTENDANCE ZONES

1. Under the desegregation plan, the school each student will attend depends on where he lives. An attendance zone has been established for each school in the system. All students in the same grade who live in the same zone will be assigned to the same school, regardless of their race, color, or national origin and regardless of which school they attend now.

2. TRANSFER TO SCHOOL IN ANOTHER ZONE

A student may transfer from the school to which he is assigned only under the following conditions:—(Transfers for any other reasons will not be permitted.)

a. To continue or initiate a course of study not available in the school in residence zone.

b. To attend school with member of family.

c. Special needs such as physical, or other handicaps as identified by parent, doctor, etc.

3. NOTICE OF ASSIGNMENT

On or before April 16, 1966 the parent, or other adult person acting as parent, of each student enrolled in this system will be sent a letter telling him the name and location of the school to which the student will be assigned for the coming school year. The letter will also give information on any school bus service provided for the student's neighborhood. A copy of this notice will be enclosed with each letter. The same letter and notice will be sent out on the above date for all children the school system expects to enter the school system for the first time next year. This includes children entering first grade. If the school system learns of a new student after the above date, it will promptly send the student's parent such a letter and a copy of this notice.

4. MAPS SHOWING ATTENDANCE ZONES

Maps showing the boundary lines of the attendance zones of every school in the school system are freely available for inspection by the public at the Superintendent's office. Individual zone maps are available at each school.

5. REVISION OF ATTENDANCE ZONES BOUNDARIES

Any revision of attendance zone boundaries will be announced by a prominent notice in a local paper at least 30 days before the change is effective.

SECTION III FREEDOM OF CHOICE PLAN. (For those who do not reside in attendance zones)

1. THIRTY-DAY SPRING CHOICE PERIOD

Each student or his parent, or other adult person acting as parent, is required to choose the school the student will attend next school year. The choice period will begin on April 1, 1966 and close April 30, 1966.

2. EXPLANATORY LETTERS AND SCHOOL CHOICE FORMS

On the first day of the choice period, an explanatory letter and this notice will be sent by first-class mail to the parent, or other adult person acting as parent, of each student then in the schools who is expected to attend school the following school year. A school choice form will be sent with each letter, together with a return envelope addressed to the Superintendent. Additional copies of the letter, this notice and the choice form are freely available to the public at any school and at the Superintendent's office.

3. RETURNING THE CHOICE FORMS

Parents and students, at their option, may return the completed choice forms by hand to any school or by mail to the Superintendent's office, at any time during the 30-day choice period. No preference will be given for choosing early during the choice period. A choice is required for each student. No assignment to a school can be made unless a choice is made first.

4. CHOICE FORM INFORMATION

The school choice form lists the names, locations and grades offered for each school. The reasons for any choice made are not to be stated. The form asks for the name, address and age of the student, the school and grade currently or last attended, the school chosen for the following year, the appropriate signature, and whether the form has been signed by the student or his parent. Any letter or other written communication which identifies the student and the school he wishes to attend will be deemed just as valid as if submitted on the choice form supplied by the school system. The names of students and the schools they choose or are assigned to under the plan will not be made public by school officials.

5. COURSE AND PROGRAM INFORMATION

To guide students and parents in making a choice of schools, listed below, by schools, are the courses and programs which are not given at every school in this school system.

A. All Elementary Schools offer the same course of study.

B. All Junior High Schools (7th, 8th and 9th grades) offer the same course of study—(except Hopewell does not offer Junior High Vocational Agriculture, or Vocational Home Economics).

C. Avon Park High School offers the following courses not offered by every other school:

a. Instrumental music.

b. Latin, Economics, Adv. Shop, Adv. Math, Biology II. Speech.

D. Sebring High School offers the following courses not offered by every other school:

a. Physics, Adv. Biology.

b. French, Journalism, Gen. Math II

c. Latin

d. Diversified Cooperative Training

e. Elementary Analysis

E. Lake Placid High School offers the following courses not offered by every other school:

a. Humanities, Speech.

F. E.O. Douglas High School offers no courses that are not offered by other schools.

6. SIGNING THE CHOICE FORM

A choice form may be signed by a parent or other adult person acting as parent. A student who has reached the age of 15 at the time of choice, or will next enter the ninth or any higher grade, may sign his own choice form. The student's choice shall be controlling unless a different choice is exercised by his parent before the end of the period during which the student exercises his choice.

7. PROCESSING OF CHOICES

No choice will be denied for any reason other than overcrowding. In cases where granting all choices for any school would cause overcrowding, the students choosing the school who live closest to it will be assigned to that school. Whenever a choice is to be denied, overcrowding will be determined by a uniform standard applicable to all schools in the system.

8. NOTICE OF ASSIGNMENT, SECOND CHOICE

All students and their parents will be promptly notified in writing of their school assignments. Should any student be denied his choice because of overcrowding he will be promptly notified and given a choice among all other schools in the system where space is available.

9. STUDENTS MOVING INTO THE COMMUNITY

A choice of school for any student who will be new to the school system may be made during the spring 30-day choice period or at any other time before he enrolls in school. An explanatory letter, this notice and the school choice form will be given out for each new student as soon as the school system knows about the student. At least seven days will be allowed for the return of the choice form when a choice is made after the spring 30-day choice period. A choice must be made for each student. No assignment to any school can be made unless a choice is made first.

10. STUDENTS ENTERING FIRST GRADE

The parent or other adult person acting as parent, of every child entering the first grade, or kindergarten (delete "or kindergarten" if not offered), is required to choose the school his child will attend. Choices will be made under the same free choice process used for students new to the school system in other grades, as provided in paragraph 10.

11. PRIORITY OF LATE CHOICES

No choice made after the end of the spring 30-day choice period may be denied for any reason other than overcrowding. In the event of overcrowding, choices made during the 30-day choice period will have first priority. Overcrowding will be determined by the standard provided for in paragraph 8. Any parent or student whose first choice is denied because of overcrowding will be given a second choice in the manner provided for in paragraph 9.

12. TESTS, HEALTH RECORDS AND OTHER ENTRANCE REQUIREMENTS

Any academic tests or other procedures used in assigning students to schools, grades, classrooms, sections, courses of study, or for any other purpose, will be applied uniformly to all students without regard to race, color or national origin. No choice of school will be denied because of failure at the time of choice to provide any health record, birth certificate, or other document. The student will be tentatively assigned in accordance with the plan and the choice made, and given ample time to obtain any required document. Curriculum, credit, and promotion procedures will not be applied in such a way as to hamper freedom of choice of any student.

13. CHOICES ONCE MADE CANNOT BE ALTERED

Once a choice has been submitted, it may not be changed, even though the choice period has not ended. The choice is binding for the entire school year to which it applies, except in the case of (1) compelling hardship, (2) change of residence to a place where another school is closer, (3) the availability of a school designed to fit the special needs of a physically handicapped student, (4) the availability at another school of a course of study required by the student, which is not available at the school chosen.

SECTION IV INFORMATION WHICH APPLIES TO ALL PLANS

1. ALL OTHER ASPECTS OF SCHOOLS DESEGREGATED

All school-connected services, facilities, athletics, activities and programs are open to all on a desegregated basis. A student attending school for the first time on a desegregated basis may not be subject to any disqualification or waiting period for participation in activities and programs, including athletics, which might otherwise apply because he is a transfer student. All transportation furnished by the school system will also operate on a desegregated basis. Faculties will be desegregated, and no staff member will lose his position because of race, color or national origin. This includes any case where less staff is needed because schools are closed or enrollment is reduced.

2. ATTENDANCE ACROSS SCHOOL SYSTEM LINES

No arrangement will be made, or permission granted, by this school system for any students living in the community it serves to attend school in another school system, where this would tend to limit desegregation, or where the opportunity is not available to all students without regard to race, color or national origin. No arrangement will be made, or permission granted, by this school system for any students living in another school system to attend school in this system, where this would tend to limit desegregation, or where the opportunity is not available to all students without regard to race, color or national origin.

3. VIOLATIONS TO BE REPORTED

It is a violation of our desegregation plan for any school official or teacher to influence or coerce any person in the making of a choice or to threaten any person with penalties or promise favors for any choice made. It is also a violation of Federal regulations for any person to intimidate, threaten, coerce, retaliate or discriminate against any individual for the purpose of interfering with the free making of a choice of school. Any person having any knowledge of any violation of these prohibitions should report the facts immediately by mail or phone to the Equal Educational Opportunities Program, U.S. Office of Education, Washington, D.C., 20202 (telephone 202-962-0333). The name of any person reporting any violation will not be disclosed without his consent. Any other violation of the desegragation plan or other discrimination based on race, color, or national origin in the school system is also a violation of Federal requirements, and should likewise be reported. Anyone with a complaint to report should first bring it to the attention of local school officials, unless he feels it would not be helpful to do so. If local officials do not correct the violation promptly, any person familiar with the facts of the violation should report them immediately to the U.S. Office of Education at the above address or phone number.

YOUTH IN SPORTS: GOOD HEALTH IMPORTANT

The examination of a boy who wants to be an athlete can put the examining physician in a difficult position. Being turned down for something he wants to do that will build his morale and ego can cause psychological trauma to a boy.

Sometimes much pressure is exerted by interested parties in an effort to have an athletic aspirant given a clean bill of health by the examining physician. But physicians have standards when qualifying or disqualifying anybody for anything, and are not to be coerced into confirming that a boy is qualified to be an athlete when he is not, even though he may have skills much needed by an athletic department.

There are three major problem areas where disqualifying defects are often detected in the examination of prospective athletes. The metabolic diseases are a factor, especially diabetes. Diabetes, as such, is not always considered a disqualifying disease if it is adequately controlled either with or without insulin. But often there are insulin reactions associated with increased exercise. Kidney disease is a serious matter, and while the results of tests may not be alarming during examination, the added stress of athletic competition can put a heavy load on the kidney function, with dire results. There are problems of the cardiovascular-respiratory system, which frequently include heart and blood pressure abnormalities.

Every youth needs to be in good health when competing in sports, especially the contact ones such as football, basketball, wrestling and soccer. His best insurance is an adequate physical examination.

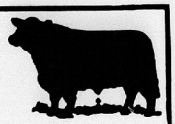

"If TV is already too childish for an infant like me, what do I watch during my formative years?"

Spice CABINET

- Try using a few drops of either cinnamon oil or oil of cloves (or both) the next time you make pickles. It gives a delicious flavor to watermelon pickles and also works well with pickled beets.
- Before packing your suitcase for a trip, put everything you plan to take in plastic bags and then label the contents of each bag with a felt-tipped pen. This will really simplify repacking when you're ready to come home.
- Want a brighter shine on your kitchen floor? Try adding a cup of skimmed milk to your pail of rinse water.

Dubious Distinction

Wide-eyed Sunken Gardens model Maureen Esposito from St. Petersburg, Florida, looks rather uncertain about her movie role in which she portrays a Genie who appears via Aladdin's lamp. The shapely brunette, 38-23-36, has her doubts about fitting into the tiny magic lamp from which she was summoned to grant three wishes to the lamps possessor.

Life With The Rimples

By Les Carroll

In the News

Senate Democratic leader Mike Mansfield was in the news again when he said that prolonged floor debate on Viet Nam had been useful but that he opposed any new Viet Nam policy declaration by the Senate. The Montana lawmaker is on the record as saying he felt our chance of a just settlement by negotiations was "very slim." He has also stated that he is fearful that we are drifting in the direction of a general war on the Asian mainland.

DEEP QUESTION—The Longwood Avenue station of the Pelham Bay subway line looked more like New York harbor when this picture was taken. A busted main flooded the station with four feet of water and caused emergency crews to work around the clock in an effort to restore service.

Pictorial INTELLIGRAM

How are you on recent events? Complete the following six statements, checking your answers with those below, to find out.

1—Pictured Alabama Governor (George Wallace) (Richard Long) said he'd run the state if his wife is elected governor this fall.

2—Former U.S. High Commissioner to West Germany (William P. Bundy) (John J. McCloy) was named head of the Atlantic Institute, which is based in Paris.

3—Uganda's Prime Minister (Obote) (Mutesa) ousted five cabinet ministers and took over complete control of the country.

4—Ghana President (Krachi) (Nkrumah) was toppled while he was in Peking.

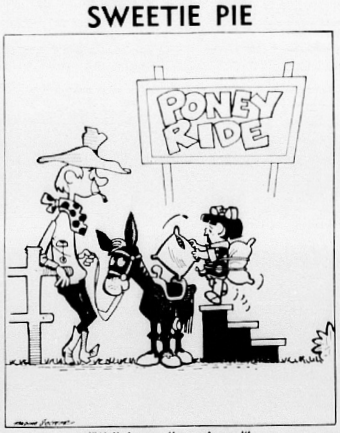

5—After three months in office Congo President (Mobutu) (Kasavubu) was reported to be making little progress against inflation and corruption.

6—Pictured British Prime Minister Wilson said his country would (increase) (decrease) its overseas forces by a third.

Count 10 for each correct choice. A score of 60 is excellent; 50, good; 40, fair; less than 40, poor.

The Things We Say

By Ruby Shannon

"John says what he thinks and makes no bones about it," my friend remarked. She was quoting a semihumorous cliche which at one time involved a serious matter . . . that of swallowing bones.

In olden times, cooking utensils were hard to come by, and quite often several food items would be cooked in the same pot. A chicken's neck or back was often thrown into a pot of stew and once it was cooked the bones fell apart and became mixed with the vegetables. The person eating the stew had to pick with care in order to find the bones and not swallow them. The saying was, originally, "I hope you find no bones in the stew"; or "try to make no bones in the stew."

In time the expression which originated in eating became associated with speaking. When two people did not see a situation in the same light, they were said to have "a bone of contention." If they did agree, they accepted a situation as it was and "made no bones about it." Later, "to make no bones about it," meant to speak frankly.

There are other expressions associated with eating which are frequently heard. "I won't swallow that," or "That sticks in my craw," are two examples.

Bones have a lot to do with our lives. "Bone dry" means prohibition of liquor traffic is strictly enforced, and "I have a bone to pick with you" means that two people have had a cause of disagreement and one has registered a complaint. In college, students "bone up" on a subject before taking a test and in court "to have a bone in the throat" means that someone declines to answer a particular question, or is unwilling to talk.

Wrong Numbers

Eugene Johnson, of Chicago, recently wrote a radio station requesting it play a couple of tunes—"America" and "God Bless America." "We do not have those musical selections in our library," was the reply he received. The station he wrote was Radio Moscow.

Lucky Landing

A robin who built its nest on the nozzle of a fire extinguisher at an old folks' home in Norwich, England, has a permanent home for itself. The residents decided to purchase a new extinguisher, rather than evict the bird.

Hairy Problem

Denver policeman Don Gavito was left holding the wig, while the missing woman wiggled free.

Gavito said he chased a woman suspected of soliciting. But when he grabbed her by the hair, she kept on running—a brunette instead of a blonde.

What does the Red Cross do with your* money?

This hand-painted sign, hurriedly placed among the debris, gives the answer. When tornadoes completely obliterated Los Palmos, Ohio, hundreds of Red Cross volunteers were on the job before the shock had been fully felt. Your dollars made it possible for the Red Cross to help comfort, clothe, shelter, feed and provide needed medical and nursing care, household furnishings, and assistance in the repair or rebuilding of owner-occupied homes.

In all phases of Red Cross work, *every dollar* does the work of six, because Red Cross volunteers give their services without pay. Join in their effort. Support your* Red Cross!

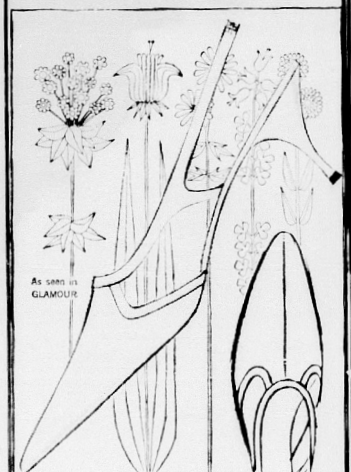

*The financial support of the Red Cross comes from voluntary contributions of private citizens—like you.

Walt Disney's 'The Ugly Dachshund' Is a Rollicking, Romantic Comedy

(Prepared Review)

If you're in midwinter doldrums and in need of a good laugh, Walt Disney has a cure for what ails you in his new rollicking, romantic comedy, "The Ugly Dachshund," opening Thursday, Friday, Saturday at the Hilans Theatre.

"The Ugly Dachshund" is the featured motion picture in Walt Disney's "perfect program" of entertainment, which also includes the fully animated cartoon featurette, "Winnie the Pooh and the Honey Tree."

Two of Hollywood's brightest young stars, Dean Jones and Suzanne Pleshette, are teamed for the first time in the hilarious Technicolor feature as a pair of newlyweds, whose honeymoon cottage goes topsy-turvy when four mischievous dachshunds and a confused great Dane, who thinks he, too, is a walking weiner, move in.

Sharing the stellar spotlight is veteran comedian Charlie Ruggles, whose inimitable brand of whimsy sparks the role of the family's veterinarian.

The real scene-stealers of this comedy caper, however, are the canine performers. Four precocious dachsies named Heidi, Tokey, Peskey and Norma come in for their share of the plaudits and an amazing great Dane called Diego, could well make off with the next patsy Award (the animal equivalent of Oscar) for some truly inspired thesping.

"The Ugly Dachshund" is a guaranteed blues-chaser, with built-in appeal for the entire family. Norman Tokar directs with his usual comedy flair and keeps the action moving briskly.

One sequence, in which a colorful Japanese garden party literally goes to the dogs as the household pets break loose and wreck everything from the buffet table to the guests' nerves, will be long remembered as a comedy classic.

Albert Aley's screenplay is keyed for a maximum of laughs and Winston Hibler, Walt's co-producer, has richly mounted the entire production. Buena Vista releases the feature.

READY TO TURN HEADS — Lilly Dache's, favored and fanciful halo snood of field flowers is shaped on an open-crown net form. The addition of a hat like this can make last year's costume look new.

When Stephen Foster wrote the song, "Way Down Upon the Suwannee River," he had difficulty in finding a southern river with an appropriate, two-syllable name. His brother, Morrison, suggested the Pee Dee in the Carolinas; however, Stephen became fascinated with the Suwannee in Florida. Slurring that three-syllable name into two, he completed the composition which has become Florida's state song.

During the late 17th century, the wizardry of one English mathematician inspired an expression which has remained in use to this day. "According to Cocker," meaning "absolutely correct," originated in 1678 following the posthumous publishing of Edward Cocker's book "Mathematics."

QUO VADIS

Don't know where you want to go tonight? Look at the places on this page for the various places and different things you can do in and around Highlands County. On the entertainment list is a hilarious movie playing now thru Saturday at the HILANS Theatre in Avon Park called "The Ugly Dachshund." This is a fun family movie and if you have seen it once, you will want to see it again.

TEENAGERS for good fun and sports, try bowling at RIDGE LANES located on US Hwy. 27, halfway between Avon Park and Sebring. Gray Hammond will go out of his way to try and help you get started if you are a novice or are looking for pointers to improve your game.

RIDGE AUCTION SALES on Waucbula Rd. in Avon Park is really pulling them in, according to Joe Kinsey Jr., and Wayne Albright, auctioneers. they sold out last week and are hustling around to get some buys in both new and used merchandise. You all are invited out to join the fun every Friday evening whether you bid or not.

PLACID TOWER in Lake Placid is one of the tourists' main attractions here. The view is so beautiful from the top and the free orange juice so inviting. Jean Whitaker—owner and manager, said this past week, people have been waiting in line, so they won't miss this attraction and have been taking pictures to show the folks back home.

Another Friday night attraction is WRESTLING at the Avon Park Armory. This is quite a favorite here and they really pack them in from the county and also the surrounding area.

Don't want to cook, dine out and enjoy a pleasurable evening without worrying about the dishes. TOWER VIEW RESTAURANT on US 27 in Lake Placid offers a variety of food that is delicious and inexpensive. They are open for breakfast, luncheon and dinner. Carl DiGacomo, chef-owner, says to try their extra special dessert the Key Lime Pie, you will want a second helping.

CLAYTON'S RESTAURANT, located on U.S. 27 in Sebring is noted for their Italian specialties and of course the tender juicy and luscious steaks and chops. If you are delayed in getting to dinner, you will usually find them open until 10 p.m. Enjoy your food in a relaxed atmosphere and don't be surprised if you see many of the noted race drivers there—they make it a point to stop and see the Morsillos whenever they are in town.

KAY'S RESTAURANT at the Sebring Airport always welcomes both natives and visitors with quick service and tasty dishes, whether it be for a snack or a full course meal. Try the Terminal snack bar.

If you are looking for a night of gaiety, see Mr. George at the COPPERTOP LOUNGE located a short distance north on US 27 in Lake Wales. "Don" the bartender can make up a cool refreshing cocktail or highball in a flash. Ask Johnny Kragon for your favorite tune, you'll like his rendition of it. Mr. George says to look for his opening announcement sometime in April for his Steak House due to open soon.

EL CID LOUNGE located on US 17 just north of Ft. Meade and a very short distance from Highlands County offers excellent drinks and the "Night Beats" for your dancing pleasure plus a Go Go girl show.

Bill Gravely of JACK'S BAR on US 27 north of Avon Park offers cool refreshing beer. They are open from noon until midnight.

Looking for a quick method of transportation to save time when you go somewhere, Call Shelley Marrs — he is most accomodating and his prices are very reasonable.

FIX-IT TIP

Before thawing a frozen pipe check over the entire length of pipe looking for splits or open seams. If the pipe appears to be okay, turn off the water supply to that line, open the faucet at the other end and start thawing.

Always start thawing as near the open faucet as possible. Then, if there is a little split you didn't notice, you won't be completely flooded.

There are several ways of thawing pipes. Hot water and towels are fine unless there are decorations around that might be damaged by the water.

A blow torch is good but don't overheat the pipe so steam forms or it will blow the pipe to bits.

Electric heaters will do the trick, too, but don't let the heater come in direct contact with the pipe.

APHS Stalls Sebring Batters As Devils Win 2-0 Thriller

Avon Park's surging baseball team scored two runs in the third inning on two walks, two errors, and a wild pitch to shut out the Sebring Blue Streaks, 2-0, at Head Field Tuesday night. It was their seventh win.

Mike Knapp limited Sebring to two singles for his third win. He struck out 11 batters and did not walk a man.

The ace Devil lefty faced only 24 Sebring batters in the seven inning affair and was backed up by excellent infield play in spite of the three Avon Park errors.

Mike Knapp and Bobby Coleman got the only hits off Sebring hurler Marty Gilliken. Knapp doubled in the second and Coleman beat out an infield grounder in the sixth. Gilliken, top Streaks hurler, fanned 10 in the six innings, and walked three. The Streaks also committed three errors.

The loss gave Sebring an 8-2 record and set Avon Park's mark at 7-3 as both teams go into the stretch of their respective district races for top seeding. The Streaks are Class A and compete against Lake Wales, Bartow, Wauchula, etc.

Sebring's jayvee team defeated Avon Park's "B" squad in Sebring Tuesday afternoon, 4-2. The Avon Park "Bees" are now 2-3.

Operation of Animal Shelter Criticized at Commission Meet

Former superintendent of the Pine Haven animal shelter unsuccessfully sought to obtain the county commission's intervention in the shelter operations at Tuesday's Commission meeting.

In a statement sharply critical of the Highlands Humane Society board Calvin H. Collier said, "I'm concerned about the future and what will happen to the Humane Society which a few people run."

He charged that board members interfer with picking up strays and that dog tags are not being sold in Avon Park "because no one has explained to the police what to do with the money when it is collected."

Commission Chairman Cecil Skipper told Collier, "We have nothing to do with operation of the Humane Society and the shelter. As to whether the Commission continues to put money into the shelter remains to be seen. Apparently everything is not rosy. I am certain complaints like yours will be weighed when budget is drawn up, but the commissioners have no right to audit the Humane Society books or interfer with personnel policies."

The County Commission is currently budgeting $10,000 per year for a contract with the Humane Society to operate an animal control program for the county.

Collier said he had started his work as shelter superintendent and impounding officer on Nov. 15 and was discharged on Monday of this week.

Lake Placid Plans Shown

Dr. W. F. Hill, county health officer, and Roland X. Droit, supervisor of registration and tag agent, presented to the county commission Tuesday a plan for a 1,500 square-foot building which could serve as a county office building in Lake Placid.

South Florida Junior College Remains On Trimester System

SFJC Heacock Memorial Fund Is Growing

Established in memory of Mrs. Patricia Heacock, a memorial fund will aid South Florida Junior College students in need of financial assistance.

Dr. William A. Stallard, college president, has announced that the fund already has passed the $1,100 mark and is continuing to grow.

The fund is in memory of Mrs. Heacock of Sebring, tragic victim of the recent Sebring auto races killed when one of the cars was knocked out of control into a group of spectators. Mrs. Heacock was one of four fatally injured in a warehouse area not open to the general public.

Anyone wishing to contribute to the memorial fund in any amount may address his check to Dr. Stallard, SFJC, P. O. Box 845, Avon Park.

Such contributions are tax deductible.

Proceeds will be used entirely to further the education of the youth of the college.

South Florida Junior College will remain on the trimester system at least two years, according to Dr. William A. Stallard, president of the Avon Park institution.

He was among educators from Florida's junior colleges who met last week at Key West to study the problem of college terms.

Under present plans the Avon Park institution will receive registrations starting August 16, with classes starting August 19 in the temporary quarters located at the Brickell building and the former B & B store, both on E. Main Street.

Facilities of the Hilans Theater also will be used, according to plans, for assemblies. The National Guard armory also is available for sports activities.

Renovation of the Brickell and B & B buildings is fast nearing completion.

Wilfred Beumel, Dr. Stallard's assistant and head of students, Tuesday opened offices in the former B & B store which now is to be known as the SFJC Library Building.

Beumel will maintain office hours there from 8:30 a.m. to 4:30 p.m., with an hour lunch break from noon to 1 p.m.

Also to be located in the Library Building will be the business office and college book store. The latter will be opened August 19 to coincide with the college opening.

Applications may be obtained at Beumel's office henceforth. Brochures regarding all phases of the new college may be obtained from his office, according to Dr. Stallard.

SFJC is one of five new junior colleges opening in the fall in Florida. Others are to be located at Jacksonville, Gainesville, Tallahassee and Sanford. It will be one of 22 operating in the state preparing students for higher education.

Library Tells New Hours

New hours for operation of the Avon Park Library are being announced for four afternoons each week, from 1:30 to 5:30 p.m., on Monday, Tuesday, Thursday and Friday.

It will be open from 9 to 12 noon each Wednesday, and closed Saturday.

Mrs. Sidney Horne, librarian for approximately a year, has resigned for personal reasons, it was revealed, and Mrs. Floyd B. Lingren will replace her. Mrs. Estelle Fischer will continue as assistant librarian.

Mrs. Horne's work was praised, in announcing resignation, and it was said circulation of books has greatly increased under her guidance.

TRIMESTER TROUBLES

As Florida moves to abandon the trimester system in higher education in favor of the quarter system, evidence crops up over the nation that the problem is not peculiar to the Sunshine State.

Hailed a few years ago as a cure-all for the ills of the semester system, the trimester is now being blamed for severe financial troubles in some big schools and the controversy has started all over again.

The University of Pittsburgh, for instance, found that the trimester "failed dismally to appeal to those undergraduate students who would best sustain tuition income." Summer enrollment was light, and losses resulted because Pitt was paying 70 per cent of its faculty on a full-year basis.

State University at New York had similar troubles. Miami (Ohio) University finds student and faculty dissatisfaction with the "pressure" of the trimester system.

But it has worked remarkably well in some places. Parsons College at Fairfield, Iowa, calls it a "total success." The University of Michigan at Ann Arbor reports "some rough spots," with the principal difficulty getting the faculty to pace themselves to the new calendar.

The quarter system is as yet unproven, but there is optimism in some other colleges as well as in Florida, that it will provide the advantages of the trimester without its shortcomings.

General idea of both, of course, is the possibility for accelerated college work and to take full advantage of college plants.

Michigan didn't try to speed its overall academic program, but rather aimed at a year-round operation to provide more services to a greater number of students.

Actually, that is the basic idea of the trimester as well as the quarter system. With increasing demands on higher education facilities, it is only economic realism.

Further experience probably will show that either system will work if there is a will to have it work. Either can be made to fail by foot-dragging.

STATE INCOME TAX?

Preliminary discussions of the Florida Constitutional Revision Commission have pinpointed many of the areas of conflict that must be compromised before a new state charter can win acceptance.

Unquestionably, the sharpest differences of opinion will have to do with taxation and related issues. Of these issues, the question of a state income tax is assuming the front position.

The present Florida constitution flatly prohibits a state income tax. Opponents of this prohibition hold that all taxing authority should be placed in the hands of the people's elected representatives (the legislature) so that they may be responsive to changing times.

It is further argued, especially by education's political arm, that these changing times require Florida to impose a state income tax.

Validity of that argument has yet to be proven, although there are less inviting alternatives if new sources of state revenue must be found. To the average Floridian, and to thousands of prospective Floridians, a state income tax is highly undesirable.

It was made no more desirable by the comparison used at last weekend's constitutional revision meeting. Rep. Ralph Turlington of Gainesville pointed out that "California is larger in all respects than Florida and it has an income tax."

While we do wish to grow, not many of our 5 million plus citizens have any burning ambition to match California's taxing policies.

State income taxes may not inhibit growth. They do not necessarily promote it, either. And they open a wide door to uninhibited state spending, much as federal income taxes have made Washington the spending capital of the world.

Right now it seems imperative to increase state revenues to meet increasing demands for state services. If the principle of a state income taxe is established, those demands might be met. But in another decade the most pressing problem might be how to curb the state spenders.

It would take a lot of sunshine to compensate for the tax climate so created.

From a practical standpoint, the biggest argument against inclusion of a state income tax authorization in the new Florida constitution is that it probably would assure its rejection by the voters.

A WOMAN'S WORLD

It was a man's world.

Maybe it still is. But not for long—not if the medical research scientists know what they're talking about.

Eventually, if present trends continue, the United States could become a matriarchy—"a nation dominated by elderly widows"—according to Dr. Carl E. Burkland of Sacramento, Calif.

The reason: Man are more susceptible to disease, accidents and suicide than what we used to call "the weaker sex."

Men do not live as long as women nowadays, and they are showing less ambition and drive, while women are pushing ahead in all fields.

Why men actually are the weaker sex so far as longevity is concerned is a scientific puzzle, but Dr. Burliand has a theory about their wanting ambition.

He says the male's decline in drive may be due in large part to development of the welfare state.

"We have the 'mother-government' taking over, with the result that men have less to do and tend to want to retire from the battle for survival at earlier and earlier ages."

We'll leave it to the scientists to explain the biological factors involved, but almost any intelligent observer can corroborate the debilitating effect of government paternalism — excuse it, we mean maternalism.

Men have historically worked and fought to provide for and to protect their women and their offspring. They were needed, and they felt needed; they had individual drive because it was a survival factor.

The goad of necessity is being gradually removed; self reliance is becoming an anachronism. From the attitude of "let Big Brother do it" he may, as the doctor says, drift to the philosophy of "let Big Sister do it."

One thing as yet unexplained: By the same process, the women surely must some day lose their new-found ambition. Then who takes over? The computers?

Late Dr. Sue Thompson Gould Outstanding In Public Health

Dr. Sue Thompson Gould, who died 11 days after heart surgery at Texas Medical Center, Houston, Texas, was an outstanding medical doctor in the public health field.

Many of her professional years were devoted welfare and county health department medical supervision in New York state and Connecticut.

She at one time was field representative for the National Foundation for Infantile Paralysis, New York City, working as assistant to Dr. Don Gudakunst, medical director.

From December, 1942 to October, 1947, Dr. Gould was acting health commissioner for Columbia County, Hudson, N. Y. serving as commission for a six year term.

She was the first woman to hold such a position in New York State. She resigned to be with her husband in New York City.

Her professional career was devoted to the medical aspects of public health and as a specialist in that field and publix welfare gerontology.

Dr. Gould was licensed to practice in Illinois, Indiana, Michigan, New York and Connecticut.

She was born at Canamoque, Ontario, Canada, the daughter of William James Thompson and Rachel Baird Thompson.

Her education was gained at public and high schools in her birthplace between 1906-1916. She was awarded a teaching certificate in 1917 from Normal School at North Bay, Ontario, and taught school between 1917-20 in Canada.

Her university education was obtained at the University of Chicago where she received a BS in 1924 and her medical training started during her senior year when she attended Rush Medical College, gaining her MD in 1928.

Her intern training was obtained at Mercy Hospital, Gary, Ind., where she spent six months during 1927-28. She also interned at the Hospital for Sick Children at Toronto, Canada, spending eight months there several years later.

A MPH degree was received in May, 1942. That same year she received instruction in infantile paralysis and epidemiology at Warm Springs, Ga., with emphasis on the Sister Kenny treatment of infantile paralysis.

Several books were published by Dr. Gould, and she had a number of medical articles published in medical journals on child care and public health.

While devoting much of her time to assigned public health work she also continued her studies in the medical field and attended a number of teaching clinics at Hartford Hospital and Institute for Living at Hartford, Conn.

Between 1928-36, Dr. Gould was assistant director, medical inspection department, Gary Public School, Gary, Ind. During that period she did much research in scarlet fever and diptheria immunization, the latter with Dr. Gaston Ramon of the Pastuer Institute of Paris, France.

It was in 1936 she became director of district health unit 2 at West Branch Mich., an area covering four counties. While there she saw the unit receive several awards, among them an Award of Merit in the U.S. Chamber of Commerce Health Conservation Contest in 1939, and in 1940 the Northeastern Division Chamber's plaque.

Between 1951-55, Dr. Gould was assistant medical director of the State Department of Welfare, Hartford, Conn., and between 1955-59 acted as part time medical consultant to the Connecticut State Department of Welfare.

Her honors were many, including Alpha Epsilon Iota, women's national medical society, fellow of the American School Health Association, fellow of the American American Public Health Association, New York, Connecticut, Indiana and Michigan Medical Societies, many county medical societies in the preceding states, and, an associate of the Royal Society of Health of England. In all, she was a member of more than 19 medical societies and affiliations.

Dr. Gould became an American citizen in 1929.

She and her husband, Edward H. Gould, a retired accountant of Greenwich, Conn., who e he was an administration assistant for the Housing Authority, started coming to Avon Park several years ago. They became residents in 1965, staying at the Southland Trailer Court.

Tropical Weavers' Guild of Florida will hold its annual two-day conference April 15-16, at the Robert Meyer Motor Inn in Orlando.

Anyone interested in hand weaving is invited to attend the meetings.

Health Board Has Warning

Spring time can be pleasant but it also brings danger to the entire family unless caution is observed, the State Board of Health says.

Spring cleaning may sound like nothing more than extra work but the home is a dangerous place and care should be taken when standing on chairs or ladders, or walking around electric wires.

Of great importance to those who work outside, especially gardeners and farmers, is the danger of tetanus or lockjaw.

CONGRESSMAN HALEY'S REPORT

WASHINGTON—The scramble for working money in this country is at a record high, the demand coming from businessmen seeking expansion and modernization funds and from consumers seeking to finance everything from a color television set to junior's tuition, or even vacation.

The scramble, of course, results from the current boom—and it is another torch helping to fuel our inflationary fires.

Significantly, just before this was written, the House Banking Committee has taken steps aimed at slowing down the scramble. It has approved a plan to give the President standby authority to impose consumer credit controls.

Under the proposal, the President could issue regulations controlling down-pay ment requirements on such things as automobiles, television sets, appliances and other durable household goods. The President also could regulate the maximum length of installment payment contracts.

Bigger down-payments on such things would not be universally popular, of course, now would increased monthly payments which would result from the shortening of the maximum length of time payments. But controls on consumer credit unquestionably would provide a needed brake on our ever-heating economy, resulting in more savings, less spending, and thus dampening the fires of inflation.

Similar credit controls were in effect during the Korean War and, I think, were helpful—although not entirely successful—in holding down inflation. I think it is likely that The Congress will support the Banking Committee's program, at least in principle, because it takes cognizance of the economic facts which press today for hard economic decisions by political Washington.

For myself, however, I would like to see one amendment written into this bill which would, I think, make it more effective.

Under the Banking Committee plan, the President presumably would (but would not be required to do so) delegate actual decision-making on consumer credit control regulations to some agency familiar with money and credit needs and demands.

The consumer credit control program approved by The Congress during the Korean War provided specifically for administration of the program by the Federal Reserve System.

In my opinion, the Federal Reserve System is by far the most qualified of all Government agencies to operate in the fields of consumer credit controls—and it would therefore be my hope that the Banking Committee's bill be amended by the House or the Senate before it becomes law.

Meanwhile, however, inflation is becoming, day by day, an increasing threat to our economy. The purchasing power of the dollar has decreased 11 percent since our Vietnamese involvement in 1950. But latest government reports on the cost-of-living show that the price index currently is increasing at an annual rate of 6 percent. One month, of course, does not make a year—but one month certainly could serve as a warning.

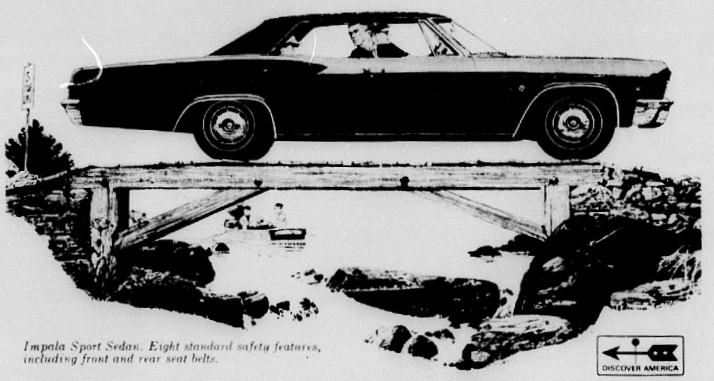

Many Airports Constructed

More than 100 new airports have been constructed in Florida during the past 10 years, pushing the total number to 252 by January of last year, the Florida State Chamber of Commerce reports.

Florida's giant strides in the development of its potential for aviation show up well when compared with other states. For example, in 1955 Florida, with 144 airports, ranked 19th among the 50 states. By 1965 it had moved up to 9th spot.

The quality of Florida's airports has also improved. 97 of them are paved compared with 57 ten years ago. About two-thirds of the airports throughout the country are privately owned. In Florida, 156 of the 252, or a few over half, are privately owned.

"Numbers of aircraft and of pilots registered in Florida have also gained appreciably since 1955. Last year there were 3,506 active civil aircraft in the state, up more than two thousand

Impala Sport Sedan. Eight standard safety features, including front and rear seat belts.

Diphtheria On Rise In The County Again

Diphtheria, which swept through the county a year ago, may be on the rise again. County Health Director Dr. William F. Hill Jr., said that two more cases have been reported, bringing the total to three.

All three cases are in Sebring. The newest are girls, a 12-year-old and a 16-year-old, both students at Sebring High School. They reside on the same street, Dr. Hill said.

Last week the Health Department reported a six year-old white girl was suffering from diphtheria.

"At the moment the Health Department is not attempting mass cultures. We are watching the situation very carefully and do urge that all cases of sore throat be treated immediately. The school officials have been alerted, and we have suggested that any child suffering from sore throat be sent home and urged to see the family doctor at once," Dr. Hill said.

Between Oct. 25, 1965, and March, 1966, a total of 25 diphtheria cases were reported in Highlands County, Dr. Hill said. "But diphtheria is a preventable disease," the health director said. "We should not have it at all in this day and age."

He said diphtheria shots are generally considered to be effective for three years but from time to time physicians may recommend more frequent boosters, Dr. Hill said.

Library Week Observed at Woman's Club

The regular meeting of the Woman's Club Friday afternoon at the Clubhouse was well attended and the ladies heard a most interesting program in observance of National Library Week.

Mrs. John L. Knapp reviewed the book, "My Shadow Runs Fast," by Bill Sands.

Mrs. Knapp has a special interest in criminology and a background knowledge of prison systems and the handling of condemned persons. Being the wife of a minister who served churches near the Chicago area and other places she had occasions to visit many prisons and talk with those in charge as well as the inmates.

Her lecture on the subject in connection with the book review was full of interesting information.

The program was opened with the usual club ceremony led by the club president, Mrs. T. H. Maxwell. Mrs. A. M. Paine gave an appropriate devotional on the Easter theme, and Mrs. Samuel O. Norris sang a beautiful hymn, accompanied at the piano by Mrs. Edna Jackson.

The library committee was in charge of the program. Mrs. R. L. Padgett, chairman of the Library Committee, was absent but sent a written report of the library work which was read by Mrs. George Langman.

It was with regrets that the Club accepted the resignation of the librarian, Mrs. Sidney L. Horne, but was delighted to find a replacement in Mrs. Floyd Lindgren.

Three new members were welcomed into the club, two of them being sustaining members. The president urged the women to join the Woman's Division of the Chamber of Commerce on the invitation of the organization's president.

She also announced that the Junior Woman's Club will sponsor a movie, "The Life of Norman Vincent Peale," at the Hilans Theatre on April 19, and urged the women to support the Juniors by attending.

Among the several guests who were present was Mrs. Don Eastman, who spoke briefly on VISTA and what the program is attempting to do in Avon Park. She appealed for more volunteer workers.

Mrs. George Langman, chairman of the Art Department, reported on the success of the art classes which were held for six weeks. She thanked those who participated in the art exhibit which was held during the week with paintings exhibited in the down-town store windows. The merchants were commended for their cooperation in this project.

The Club and Library Committee will sponsor a vocal concert on Sunday afternoon, May 1, as a Library Benefit.

Delegates elected to attend the FFWC Convention in Clearwater, April 13-15 were Mrs. Maxwell, Mrs. H. Otto Kreiger, Mrs. N. H. Booth Jr., and Mrs. S. O. Norris. Mrs. Langman, Mrs. Edgar P. Smoot and Mrs. William Wall Smith will also be going for one day and they will take other who desire to go.

A buffet supper was served in the dining room decorated as a French Cafe. Red and white checkered cloths covered the tables, and matching curtains at the windows.

Candles in wax-dripped wine bottles offered a soft glow, and large hand sketched murals covered the walls.

Menus in French were decorated with dancing girls and the Eiffel Tower.

There were rose arrangements, and a French fountain accented with colored lights reflected through to the dance floor.

A wrought iron divider separated the dining room from the dance area which was transformed into a French Garden, the walls being covered with greenery.

Dancing was to the music of the APCI combo.

Mrs. T. Hayes Maxwell, president of the Woman's Club, was the installing officer. Her theme for the service was a flower garden, the various colors representing duties of each of the following officers: president, Mrs. D. R. A gigantic special Easter program for children is scheduled at The Great Masterpiece in Lake Wales this Sunday.

The highlight of the day will be the two Easter egg hunts at 2 and 4 p.m., officiated by Barney the Clown and Cousin Hector, of television fame.

Three acres of the Masterpiece grounds will be the hiding place of over 1,000 brightly colored eggs and prizes will be awarded to some of the children. The golden egg will bring the finder a $25 Savings Bond, and free cable car rides will be given to the ones finding the red eggs.

An Easter surprise will be given to the first 1,000 children to arrive at the Masterpiece on Easter Sunday. All children under 12 years of age will be admitted free when accompanied by their parents.

"The Easter program for the 'toddling tots' will not interrupt the regular presentations of da Vinci's 'Last Supper' or the guided tours held every 30 minutes from 8:30 a.m. to 6 p.m., because the children's program will take place in our lower gardens," reported Ken Curtis, general manager of The Great Masterpiece.

This is the second year that a special children's Easter program has been scheduled at The Great Masterpiece.

Drawdy Gets Teaching Post

Sherman Drawdy of Avon Park has been assigned his student teaching activities by the Division of Education, Georgia Southern College, Statesboro, Ga., for spring quarter, 1966. According to Dr. Donald Hawk, director of student teaching, Drawdy has been assigned duties in the Social Science program at Claxton High School in Claxton, Ga.

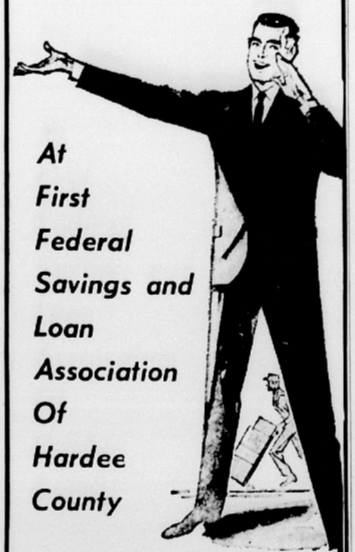

Drawdy is the son of Mrs. W. A. Drawdy and the late Mr. Drawdy.

He will graduate in June.

Myths Of Easter

Although Easter is one of the most solemn Christian feasts, the names by which it is known often are not Christian at all. In France, Easter is called Paques; in Italy it is called Pasqua; and in Spanish-speaking nations it is called Pascua. World Book Encyclopedia notes that all three words are derived from the Hebrew word Pesah, which is the name for the Jewish feast of Passover. The English word, Easter, may have come from Eostre, a Teutonic goddess of spring, or from the Teutonic festival of spring called Eostur.

Luncheon Report

Last Wednesday at our regular meeting, our won Doc Larson introduced Harold Robinson, who has been working in the steps of our past member, Marvin Baldwin.

Mr. Robinson, a native of Wisconsin has been successful to Harold Baldwin at the Adventist Hospital in Bangkok and appeared before our club in native dress which he explained was worn by all older men and all women of Vietnam.

The talk was illustrated by a series of slides, in color, which possibly presented to the club the French provincial influence in architecture and street design. But there the French influence stops. The local citizens who dine out are presented their food by a chief waitress who prepared the food at curb-side where it is eaten and the utensils cleaned. There are in rural areas, thatch covered outdoor eating places which serve among other things bottled drinks of U. S. orgin.

Shopping is an adventure in bargaining, no produce is priced add the buyer makes an offer. This never avails in a sale as the seller has a price somewhat higher that he insists he must have for the merchandise offer and counter offer follow until a meeting of minds is reached.

There is not ready-made wearing apparel as such, suits and shoes are made to fit the purchaser. Consequently one can secure a tailor made suit for approximately $40.

Other than the few merchants, who are mostly Chinese, the population lives (or exists) by raising and selling rice, vegetables, or as fishermen. The diet consists of rice, fish and vegetables. Most animals even the oxen become family pets and as such are not raised for their food value.

The villages of Vietnam are fenced with bamboo poles, sharpened on the top and a dry moat completely surrounds the rural village. This is an effort to reduce infiltration by the Viet Cong sentiment is manifest in each village by a tall watch tower from which observers can view the surrounding countryside.

On visits to the village by the missionaries and doctors the physical as well as the spiritual side of the lives is tended. Doctors and missionaries act as barbers and are welcomed to the village by Christian hymns sung in native tongue.

The main religions in Vietnam are Buddism and Catholicism. There is some resistance to protestantism causing most people to do their travelling in day light hours.

EASTER

"He is not here: for he is risen, as he said. Come see the place where the Lord lay." St. Matthew 28:6.

The word "Gospel" means good news. On Easter day how good the news! A triumphant proclamation of good news! Good news from a grave side!

It was early in the morning. The trees created a lacy filament against the first flush of dawn. A company of women, who had gotten up before daylight, made their way through the dim light of early dawn. They were not expecting anything very spectacular. As a matter of fact they were carrying ointments and spices to complete the preparation of the body of Jesus for entombment. Their hearts were troubled.

We miss their tragic sorrow because we know the end before we even begin to read the story. The disciples on the walk to Emmaus revealed the feeling of despair in the hearts of Jesus' followers, when they said: "We had hoped that it had been he which should have redeemed Israel." Arthur Hugh Clough plumbs the depth of their disillusionment in the poem:

"Ye ignorant and idle fishermen
Go to your huts, and boats, and inland native shore,
And catch not men, but fish;
Whate'er things ye might wish,
Him neither here nor there ye e're shall meet with more.

Ye poor deluded youths, go home.
Mend the old nets ye left to roam,
Tie the split oar, patch the torn sail,
It was indeed an idle tale!"

As the broken-hearted women made their way, something happened. In St. Matthew we read of it: *"Now after the sabbath, toward dawn of the first day of the week . . . . there was an earthquake."* If the earthquake disturbed the women, causing them to pause, we do not read about it. Perhaps, their remorse was too deep, or they were too intent on their mission to notice. We do read that they came to the place of Jesus' burial and discovered that the stone had been rolled away from the mouth of the tomb.

Surprised, but relieved that the stone had been rolled away, they entered in but found not the body of Jesus. They were shocked. They wept. We can sense their emotional reaction to the empty tomb in St. Johns' account. To the question: *"Why weepest thou?"* Mary Magdalene answered: *"Because they have taken away my Lord, and I know not where they have laid him."* They knew that the tomb was empty but the true significance of the empty tomb had not yet been made known to them.

At Jesus nativity the angels announced the incarnation to the shepherds tending their flocks by night, the Word of God becoming flesh for to dwell among men. Now, in the dawning light of day, the angels proclaim the resurrection, the Divine entering into the life of the world in the risen, glorified body of Jesus Christ. *"Why seek ye the living among the dead?"* They say to the women, *"He is not here but is risen: remember how he spake unto you, when he was yet in Galilee,* saying *'The Son of man' must be delivered into the hands of sinful men, and be crucified, and the third day rise again."* The women were really shaken by this news.

They ran to tell the disciples. It was all so incredible that the disciples thought it to be an idle tale and they believed them not. Peter arose, however, and ran to the sepulchre. We read in St. John that the beloved disciple went with him. They discovered it to be even as the women had said, the tomb was empty. St. Luke says that Peter departed from the tomb wondering in himself at that which had come to pass.

Mary Magadalene went back to the tomb. It was then, while she stood without the tomb weeping, that Jesus appeared to her. She did not recognize him until he spoke her name. She came back hurriedly to tell the disciples the wonderful news, *"Jesus lives!"* This was the greatest news ever to break upon the mind and heart of man in all his long history on the earth.

That afternoon Christ appeared again, this time to two disciples as they fled Jerusalem and trudged the weary miles back to Emmaus, their dreams shattered, their hopes blacked out. They recognized who he was in the breaking of bread. And in the evening of the same day, Christ appeared to all the disciples but Thomas as they sequestered themselves for fear of the Jews in the upper room at Jerusalem. It is written that he came and stood in their midst saying: *"Peace be with you."*

The Scriptures tells us that He appeared many other times to his disciples and certain of his follower. "Last of all" Paul wrote, "he appeared unto me." St. Paul could have said: "He appeared unto me, the persecutor, the cruel, the undeserving, but he appeared unto me nevertheless and forgave all. He came even unto me."

The full realization of the great eternal fact that God was in Christ and had raised Him from the dead brought the disciples to their knees and it is written that they worshipped Him. It is this great eternal fact that draws us together for worship on Easter morning.

If the message of Easter awakens us to the full realization that we are truly the children of God, and if children, then heirs of God and joint heirs with Jesus Christ, then this Day can be the greatest in our lives. For at Easter we become truly conscious that we are immortal beings: that death is but an experience, an incident in life: that death hath no power over us because Christ has broken the bonds of death.

In a book "A Man Called Peter," Catherine Marshall tells the story of her well-known preacher husband. In the book she says that after his heart attack, as he was being moved from their home to the hospital, he said to her: "Darling, I'll see you in the morning." Little did she know that these would be the last words that the would speak to her, for he died soon after. Was the mistaken? Easter says "No!" The message of Christs' resurrection brings the assurance that Peter Marshall shall, indeed, see his beloved in the glory of God's eternal morning. Life after death has now become the most real thing in the universe.

Dr. Davis To Give His Final Sermon

The Easter message at the First Presbyterian Church will be brought by Dr. Nathaniel Davis who has been filling the pulpit.

This will be Dr. Davis' last sermon before leaving for Englewood, and it is hoped many of his friends will worship with us this Sunday. His leaving will be missed by the congregation.

On Sunday, April 17 Rev. Marshall Wilson of Statesville, N. C. will preach. He is a candidate for a call from this church. It is hoped that many will come for the morning worship to hear him.

Churches of Christ, Scientist

The ministry of Christ Jesus, his crucifixion according to St. Luke, and the resurrection account from John, form the basis for this Sunday's Bible Lesson at Christian Science church services.

Responsive Reading from Isaiah will include this verse: "Say to them that are of a fearful heart, Be strong, fear not: behold, your God will come with vengeance, even God with a recompence; he will come and save you."

Passages to be read from the Christian Science textbook ("Science and Health with Key to the Scriptures" by Mary Baker Eddy) will include these lines:

"There were rock-ribbed walls in the way, and a great stone must be rolled from the cave's mouth; but Jesus vanquished every material obstacle, overcame every law of matter, and stepped forth from his gloomy resting-place, crowned with the glory of a sublime success, an everlasting victory. . . . He proved Life to be deathless and Love to be the master of hate."

Subject of the Lesson-Sermon: "Are Sin, Disease, and Death Real?"

Christian Science Society Church located in Avon Park Lakes at Avon Blvd., and Highlands Avenue is one of the newer edifices in the Avon Park area. Its faith is based on Bible teachings which its founder, Mary Baker Eddy of Boston extolled and have been brought forward during the years.

Nolin Wins 'Mag' Sale

Last Wednesday ended up the sales of the Progressive Farmer Magazine which the FFA has been selling.

A .22 semi-automatic rifle was awarded to the top winner, Mike Nolin, a member of the third year "Ag." class. He put forth a lot of effort in selling the Progressive Farmer Magazine.

Wednesday and Thursday we worked in the shop painting sections, signaling "danger" areas to the "Ag." students. We hope that this will help them in the future to be more careful in shop activities.

Mr. Griffin and the land judging team, which is composed of Ronnie Laye, Stanley Spurlock, Charles Peebles, and Carl and Ralph Barnes, left last Friday morning for Ocala to participate in the state land-judging contest.

Seniors In Last Lap

Well, it's finally here. The last reporting period is at hand.

This is the most important time of the year for seniors for they have the most to do. For example: mailing out invitations, making plans for the trip to Nassau, or the most important of all, deciding on what to do after graduation.

This is truly one of the happiest times of our lives. Eager to get out on our own and show the world we're ready to take anything it may offer. Even then, it's a little sad, knowing that most classmates will probably never see each other again.

But, this isn't the worst thing because we know we will meet new friends probably just as close as those we leave behind.

Yes, this is truly the last lap before that great big giant step!

Creative Writing Has Been Topic In Classes Conducted By Mrs. Suggs

BY AVIE STANSBERRY

For the past three weeks, Mrs. Suggs has been conducting classes on creative writing. The first phase was poetry, and all the students were asked to write a poem.

The following poems by Elizabeth Kress, Sharon Lawrence and Barbara Doer were selected by Mrs. Suggs to be outstanding.

I RUN

I run
With wind and rain beating an illusive pattern against my face
Striking at the loneliness held within me
And for a fleeting moment
I can forget
Forget you
And the love you once had for me
Which so speedingly left
Leaving me
Empty
In mind, soul and body
I am but existing
Not living
The living left with your heart
I don't suppose I'll ever forget really
But now
For this moment
This moment as I run
Suddenly leaving everything behind
You do not exist within me
I am living
But only for a breath of remorse
For now I stop
And I, again remember
The rain beats relentlessly upon everything in its wake
And I stand
Very still
And very much alone.

TAKE NO THOUGHT FOR THE MORROW

I watch as the sun leaves the sky,
Setting heaven aflame as it goes.
Each ray kindles beauty;
The sun's brilliant light
Fills the clouds with a bright crimson fire.
Soon the clouds seem to tire of their flame,
And allow purple shadows to fall
Now the darkening sky
Turns a deep royal blue,
While the clouds hold a faint orchid blush.
The splendor has come to a close.
Now peace is replacing the light.
Yet one massive cloud
Will not give up its flame.
It rises in glorious display.
The result of this beauty is strange.
For reasons I can't understand
The marvelous cloud
Has filled me with fear.
It is terror, not peace, that I feel.
Yet why this unreasoning fright?
For the earth is as still as can be.
Serenity now
Is a tangible thing:
The mushroom cloud holds eternity.

—SHARON LAWRENCE

I, ME, MYSELF ALONE

I feel.
I see.
I hear.
I search.
But, for what?
Do I know?
Do I understand?
Do I learn?
Do I do my best?
Am I better for all of this?

I do.
I don't.
I can.
I can't.
Must I choose which?
Must I change?
Must I grow up?
Must I live these things?
Must I do all of these?
Am I worthy of this choice?
I am.
I am not.
I can be.
I must strive to be.
If I don't make myself so,
Of what use am I?

The History Department

The American History classes are still on a very important and educational schedule. They are studying the "Labor Unions" in their American History books.

Current events play an important part in their studying. They provide the students with very educational and interesting information about people and activities of the world. The information comes from the newspaper the students receive weekly called the "National Observer."

Team Beats Lake Wales And Hardee

In the first night track meet of the season the Avon Park track team racked up 81½ points, beating Lake Wales, which had 58½ points, and Hardee with 30 points.

Excellent individual performances and shrewd coaching by Coach Jeff DeCola, who puts the team's success over possible wins by individuals and who gives a maximum number of boys a chance to compete, won the event.

The track team now has four straight wins this season and has beaten all the schools they have competed against—total of seven in all.

Economic Students Study International Trade

This week the students of Economics have been studying about international trade—trade among countries. They have learned that it is difficult, if not impossible, for the United States to get along without foreign trade.

Economic students have learned why international trade is desirable; special products are more widely consumed, and the standard of living is raised by international specialization.

The students have also learned how payments are made in international trade. Each country has its own currency, and the currency of one country is usually not accepted as an exchange in any other country.

Could the United States get along without foreign trade? Why do foreign countries have to sell to us in order to be able to buy American products? How does a country achieve a balance of payments in international trade? These and other questions have been discussed this week by the Economic students.

The National Honor Society

Some time this month the National Honor Society of Avon Park High School will have its Spring induction.

Being a National Honor Society member is one of the most outstanding honors a Junior or Senior can achieve during his high school years.

What makes the National Honor Society so outstanding is the requirements of membership.

The requirements are:

(1) Candidates for membership must have spent at least one semester in Avon Park High School and be a member of the Junior or Senior class.

(2) Must have a minimum scholarship grade of "B" and maintain it throughout the rest of their high school years.

(3) Eligibility shall then be considered on their service, leadership, and character to their friends, community and school.

These are the requirements of a National Honor Society member and these are the reasons why the Avon Park High School student body is so proud of this organization. They feel that these students will make a brighter tomorrow.

Since grape juice in America is usually either pasteurized or frozen, the Muscat variety cannot be utilized for this product. The Muscat, delicious when eaten fresh, acquires a disagreeable flavor if processed. As it is not similarly affected by present preservation methods, the Concord grape is widely used for juice.

Devil Harriers Win Their Fourth Humbling Hardee, Highlanders

Undefeated Avon Park track team won its fourth meet last Thursday night in Lake Wales over the Highlanders and Hardee High, scoring 81½ of the 180 possible points.

Lake Wales had a total of 65½ points and Hardee scored 30.

This week's meet, scheduled for Wednesday with Sebring at the Blue Streaks track was cancelled by the Sebring coach so the Red Devils will be idle as a team until next Thursday, April 14, when they will participate in a 9-team meet in Fort Meade against the host Miners, Arcadia, Hardee, Frostproof, and Sebring.

On Wednesday, April 20, the Devil harriers will host a duel meet with Clermont.

Harold Callaway and Henry Heilig both won two first places for Avon Park, and the Devils took first in two relays at Lake Wales, Thursday night.

Callaway edged Lake Wales' McDuffy to take the 100-yard dash with a time of 10 seconds and won the 220-yard dash in 22.5 seconds.

Henry Heilig tossed the shot 40 feet, 11 inches to place first, then threw the discus 121 feet, 2 inches for the best distance of the evening.

A sprint medley relay team of Earl Sims, Robert King, Tom Nunnalee, and Bill Wild gave Avon Park 10 points with a first in that event running the staggered distance relay in 2 minutes, 9.5 seconds.

Bobby Barben, Tom Nunnalee, Mickey West, and Tom LaFlam teamed to win the mile relay for the Devils with a time of 3 minutes, 42 seconds.

Avon Park's other first was won by Mike Coleman with a 16.0 second running of the 120 yard high hurdles. Bobby Burton placed second in the highs.

Bill Wild took a fourth in the 100-yard dash with a 10.5 effort and John Wright placed third in the mile run behind Bingham of Lake Wales and Carmichael of Hardee.

Lake Wales edged out the Devils in the 880-yard relay, handing Avon Park their first relay loss of the season. A couple of bad hand-offs slowed the Devil runners. A last crowd-raising effort by anchor man Harold Callaway was not quite enough and the Highlanders finished in 1 minute, 33.1 seconds.

Bobby Barben came in second in the 440-yard; Mickey West placed fourth behind Hardee's Brooks and Lake Wales Allen.

Devil Tom LaFlam switched to the low hurdles and placed second behind Lake Wales Gaines. Earl Sims and Mike Coleman tied for fourth for the Devils.

Hardee's Campbell won the half mile run, and Acres of Lake Wales came in second but Avon Park's Kenny Dixon and Jack Crunkelton placed third and fourth.

Backing up Callaway in the 220 was Bobby Burton, who came in fourth. Hardee's Brooks placed second and Lake Wales's speedster, McDuffie, took third.

In the field events, Skip Stephens of Lake Wales won the broad jump and the pole vault and Hardee's Powell took first in the high jump. Avon Park's Callaway tied Al Heilig for third in the shotput toss and came in second in the discus throw. Al Heilig took fourth in the discus.

Earl Sims was second in the broad jump and Mickey West was third in the high jump. Mike Coleman tied Barlowe of Lake Wales for fourth place in the high jump.

Devil Hitters Come Alive, Bop Central Catholic, Highlanders

(Continued from Page 1)

They play Wauchula there April 12, and finish out at home against Winter Haven and Wauchula April 15 and 19 in afternoon games at Head Field.

The Red Devil's 20-2 win over Clearwater Central Catholic's baseball team at Head Field last Friday night was sweet revenge for the local prep nine after losing to the Tornadoes in Clearwater the week before.

Coach Ralph Hill's team moved its record to 6-3 last Saturday night with a 12-8 win over Lake Wales on the Highlander's home field.

Tonight (Thursday) the Red Devils will host the Clermont nine at Head Field, and, next Tuesday they will travel to Mulberry to play the Panthers in a Class B, Group 6 game.

The Red Devils close out the regular season with games with Okeechobee School for Boys and Winter Haven next weekend.

The Class B, Group 6 tournament is set to be played at two different sites, starting April 21. Eight teams will compete and a chance to advance to the state meet.

Avon Park is grouped with Clearwater Central Catholic, Frostproof, Lakeland Santa Fe, Lake Placid, Lithis-Pinecrest, Mulberry, and Zephyrhills.

The two teams with the best season records will host the sub-group meets, with the winners meeting for a best-of-three game play-off for the championship.

The Red Devils slammed out 12 hits and took advantage of 12 walks by four Clearwater pitchers to score 20 runs while lefty Mike Knapp held Clearwater hitless for the five inning game. The two Tornado runs came in the second on two walks, two stolen bases and a throwing error.

Devil shortstop Bobby Coleman had a homerun over the left field fence, also a triple. Catcher Dean Lemler had a triple and Mike Knapp hit a double and two singles. Carl Holden and Emmitt Money each had two singles, and Bill Knapp and Jim Powell each contributed a single.

In Lake Wales the Devils started off the first inning by scoring eight runs on seven hits, all singles, while the Highlanders committed four errors. The Devils then added two runs in the second and one each in the third and fourth frames. Altogether Avon Park rapped out 13 hits off two Lake Wales hurlers.

Again it was Coleman leading the hitting for Avon Park. The big shortstop slammed out three singles in four trips. Holden, Oberle, Money, and Lemler each had two singles, and Bill Knapp and Jim Powell had a single apiece.

Emmitt Money went the distance and chalked up his second win. The Devil right-hander struck out 10, walked four and gave up nine hits to the scrappy Highlanders who kept pegging away at the Avon Park lead and finally scored eight runs. Both teams committed seven errors during the seven inning game.

Four To Enter Tampa Relays

Avon Park High track coach Jeff DeCola will take four members of the Devil cinder team to Tampa tonight (Thursday) to participate in the Hillsborough Relays.

Harold Callaway, Bill Wild, Tom Nunnalee, and Tom LaFlam will enter several events against the Class AA teams to test their ability in the big West Coast meet.

Theme Writing Begins In English Class

"If you can dream it, you can do it." This is the motto, used by one man, that made him a great person.

This week, Mrs. Ginn's 10th grade English classes are writing theme's based upon this idea.

The themes are being written about American's they think are the most unforgettable character. It could be the man who started the circus, or the Wright Brothers who built the first airplanes, the leader of some track team, or any person they think has shown great potential.

The heart of HOT WATER HAPPINESS...

A flameless WATER HEATER!

COMPARE!

FLAME-TYPE

1. Flue needed. Flue collar gets hot—up to 550° F. Could cook 1" steak in 12 minutes!
2. Most heating from bottom. Some heat transfers to water from flue, large part wasted up vent.
3. Hot water rises to top through cold water, losing heat. No hot water until entire tank is heated.
4. Mineral deposits accumulate on bottom, slow heat penetration to water. The older the heater, the slower it gets.
5. Flame produces fumes and soot. Soot on burner parts reduces efficiency.

QUICK-RECOVERY ELECTRIC

1. No flue. Can be installed anywhere, allowing short pipe runs which save hot water. Cool to touch—all over.
2. Heating units both top and bottom. Immersed so all heat goes into water. None lost up chimney.
3. Top unit heats water at top of tank, delivers hot water before entire tank is heated.
4. Lower unit above bottom of tank. No interference by sediment . . . no loss of efficiency.
5. Flameless! So it's cleaner. No loss of efficiency here, either!

. . . AND AN electric WATER HEATER COSTS LESS TO BUY, LESS TO INSTALL AND NOW YOU CAN SAVE $25 EXTRA!

Reddi says: When you need a new water heater, give your friendly chef the feeling of security.

Ask your dealer or plumbing contractor to compare costs—you'll see an electric water heater is economical all ways! And if you're a Florida Power Corporation customer and switch from flame-type to an electric water heater between March 1 and April 30, we'll give you an installation allowance of $25. Call your contractor now!

Say you care... with a flameless electric water heater!

We say it with service.

Spice CABINET

MAYONNAISE
2 teaspoons salt
2 teaspoons powdered dry mustard
2 teaspoons sugar
2 tablespoons vinegar
4 egg yolks (¼-cup)
1 quart salad oil
1 tablespoon lemon juice

Combine salt, mustard and sugar. Add half the vinegar and the egg yolks. Beat well. Add oil, a few drops at a time, to the egg mixture, beating constantly, until 1 cup has been used. Continue beating, adding oil in larger quantities. When the mayonnaise begins to thicken, add lemon juice and the rest of the vinegar alternately with the remaining oil until all has been used. This is a thick mayonnaise; it may be thinned by adding cream or fruit juices. Yield: 1 quart.

COMEDY CORNER

"He's the laziest guy we ever had in our gang!"

Sky Diving Queen

A deserving title for vivacious Irma Wehle of St. Petersburg, Florida, who finds modeling at Sunken Gardens as challenging as her sky diving hobby. Although we suspect that this picture was set-up, the shapely brunette, 35-22-35, is a bonafide member of a local sky diving club and has made more than thirty jumps.

FIX-IT TIP

An antique finish can be given to a piece of furniture by applying a tinted glazing liquid to a painted, enameled or stained surface. Brush on the glazing liquid, which is mixed with a little raw or burnt umber, then blend out with a piece of cheesecloth.

It took Danny Thomas to match the snoot of this friendly toucan at Florida's Sunken Gardens in St. Petersburg. The well known entertainer was recently in Florida on business, but found time to enjoy the sights and meet Miss Sunken Gardens, the lovely Lana Sloniger.

Coppertop Restaurant Serves Delicious Food

T.V. GEORGE opened his COPPERTOP restaurant this week. Last October, he opened the well-known Coppertop Lounge, located on US 27 just north of Lake Wales.

Mr. George hails from Fayetteville, Tenn. and has lived in Florida 13 years. He was formerly an accountant, a special agent for the U. S. Treasury Department and a national bank examiner. His education included Morgan Prep and the University of Tampa.

The Coppertop restaurant adjoins the cocktail lounge and has space for dancing. Music is supplied by Johnny Kragon on the keyboard of a combination piano and organ with a built-in rhythm section.

Plush carpet on the floors, shiny copper top tables with leather arm chairs makes for a comfortable and leisurely dining.

On the menu, you will find varied appetizers, which include shrimp cocktail supreme and tasty soups. Thick juicy and tender CHAR BROILED STEAKS are featured. Served with them are delicious baked potatoes topped with sour cream, chives or bacon; tossed green salad with a choice of onion rings or mushrooms and a loaf of bread with butter. Try Black Bottom Pie for dessert.

Seafood, including red snapper and shrimp, will also be available plus specialties of chicken, steak sandwich and shrimp salad. The dining room is open from 5 p.m. to 11 p.m.

Mrs. George is the hostess and the chef is Eleanor Fleckenstein, formerly of the Highlander Restaurant.

The cocktail lounge is open until 1:00 a.m. except on Saturday until 12.

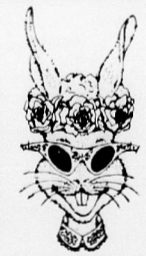

Don, the bartender is an expert on dry martinis, which are served in frosted crystal glasses. Name it, Don can make it.

Another portion of the building, houses a package store, where there is a varied assortment of liquor, wine, beer, mixes and of courses both the domestic and imported champagne.

Come See Us, says Mr. George for charm, lilting music for dancing, excellent cuisine and refreshing drinks amid dark wood, sparkling glass and gleaming copper—this is the special atmosphere for the epicure.

JOHNNY KRAGON supplies the music for listening and dancing at George's Coppertop on U.S. 27 in Lake Wales.
