The Things We Say

By RUBY SHANNON

Around Easter time, we are
apt to read about a passion
play, or we may plan to at-
tend one.A Passion Play is a dramatic
performance depicting the
suffering and death of Jesus
Christ. The word "passion"
comes from the Latin "passio"
which means suffering.The meaning of passion be-
gan to change during the 14th
century in Geoffrey Chaucer's
writings. At that time, pas-
sion began to signify anger,
rage, and the tender passion,
love. Today, it generally
means the violent emotions of
sexual love, but its original
meaning is retained in the
word "compassion."The most famous passion
play in all history is that one
held every ten years by the
people in Oberammergau,
Bavaria, in West Germany.After the great plague of
1633, the people of this village
vowed to honor the passion of
Christ by giving a play. The
performance lasts eight hours,
and more than 1,200 per-
formers make up the cast.The play was delayed from
1920 until 1922 because of
World War I, and delayed
again in 1940 because of
World War II, but it was re-
sumed in 1950.

FIX-IT TIP

For marble with a dull finish, a mildly alkaline abrasive cleaner that contains no caustic or harsh fillers is best for cleaning it. It should rinse freely, even in hard water, and should not grind or scratch, or leave a film. Wet the marble with clean, clear, hot water. Sprinkle the abrasive cleaner on a wet fiber brush and scrub marble. Rinse and wipe dry to avoid streaking.

The Things We Say

By RUBY SHANNON

If you've ever been to an old-fashioned Southern fish fry, then you must have seen and have probably eaten - hush puppy.

After some fish have been caught the party congregates on the bank of the river and the best cook takes on the chore of frying the fish.

In older days, the fish were always fried in a large iron wash pot or kettle. But these pots are now hard to come by and the fish are fried in a plain iron skillet.

When the last fish has been battered and broiled in the hot fat, the cook has ready a batter made with two cups of corn meal, two tablespoons of flour, three tablespoons of chopped onion, one teaspoon of salt, one-half teaspoon of soda, one teaspoon baking powder, one cup buttermilk and one egg.

This batter is dropped by the teaspoonful into the sizzling fat. It comes out a hush puppy - about two inches long and one-inch thick.

A hush puppy is, of course, to be eaten with fried fish. The name "hush puppy" was applied to this concoction because the stuff was fed to the numerous dogs that whined around the river when they smelled the fish frying.

SPEEDY "COKER FUEL" Says...

"LP-Gas is economical . . ."

Cooking costs, with LP-Gas, average as much as 53% less than with electricity. Your LP-Gas water heater will operate at half the cost of the same size electric water heater, and home heating with gas is far cheaper. The low initial cost of installing your LP-Gas unit is rapidly paid off in fuel savings, and must gas appliances not only cost less, but their simplicity means fewer problems and fewer repair bills!

"LP-Gas is comfortable . . ."

Comfortable! Your LP-Gas water heater that operates at less than half the cost, heats your water twice as fast. Moreover, you have a continuous supply of hot water, even during maximum use periods. Thermostatically controlled LP-Gas heat will maintain the temperature of your home at the level you desire while fresh air ducts insure that the air in your home is never polluted or stale.

"LP-Gas is dependable . . ."

You'll never have power failure, surge, or sag in your LP-Gas home. Your LP-Gas installation is at yours, and your LP-Gas man will keep a constant check to insure that the supply is always ready at the turn of a knob.

"LP-Gas cooks better . . ."

Ask most any housewife and she will tell you that the steady, even, blue gas flame brings out that food flavor that her family appreciates most. That same blue flame allows you to set the heat at exactly the temperature level you desire.

"LP-Gas is safe and clean . . ."

Fire underwriters have proven that there is less danger of fire in the use of gas than electricity. Food particles and air impurities that come in contact with the blue flame burn rather than smolder as they do when they come in contact with electric elements. Positive control of the heat level in gas produces less possibility of spillage and boiling over than with pre-set electric heat levels.

Compare the cost of LP-Gas vs. Electricity

-One gallon propane (LP-Gas) at top efficiency equals 91,300 BTU's.
-One kilowatt hour of electricity at top efficiency equals 3,412 BTU's.
This means it takes 26.7 kilowatt hours of electricity to equal one gallon of propane (LP-Gas)!

FOR EXAMPLE:

An electric rate of:	"In the same as if you used Propane as a cost of:
1.0¢ per kWh	4.0¢ per gal.
1.5¢ per kWh	6.0¢ per gal.
2.0¢ per kWh	8.0¢ per gal.
2.5¢ per kWh	10.0¢ per gal.
3.0¢ per kWh	12.0¢ per gal.
3.5¢ per kWh	14.0¢ per gal.
4.0¢ per kWh	16.0¢ per gal.
4.5¢ per kWh	18.0¢ per gal.
5.0¢ per kWh	20.0¢ per gal.
5.5¢ per kWh	22.0¢ per gal.
6.0¢ per kWh	24.0¢ per gal.

*This figure is based on The University of Texas' Book One-Instructor's Guide.
*LP-Gas Service Training Course.
*This figure based on LP-Gas at 75% efficiency.

Spice CABINET

For delicious home-made pizza, split English muffins in half and butter. Spread tomato paste mixed with meat sauce and cover. Sprinkle with top with grated cheese and broil 8-10 minutes.

At a pre-arranged time, flavor and color idea is to use canned tomato sauce with cheese for part of the liquid for mashed potatoes. Sprinkle with chopped parsley to serve.

FIX-IT TIP

Repairing a gas water tank can be done by cementing patches of cellophane over the leaks with a regular cellulose acetate household cement. Drain the tank and allow it to dry thoroughly, then clean a two- or three-inch spot around the leak with emery cloth. Cut the area with household cement and lay a patch of cellophane over it. When it has dried, cover the entire area again with cement and apply a second patch. The first or five layers in this manner, using cement liberally and allowing ample time for it to harden before refilling the tank.

STRICTLY FRESH

More bounce to the ounce is fine in tennis balls and soft drinks, but poor in check.

Dad says that if he and mom were not in the PTA they'd just have vacation without representation.

The wife of the wife who thinks he is Heaven's gift to women is liable to exchange him for something more practical.

A writer on child behavior says that many boys just don't like to fight, which may account for some confirmed bachelors.

The measure of success is not whether you have a tough problem, but whether it's the same problem you had last year.

SWISS STEAK

NECTARINE

1 1/2 to 2 lbs. flank steak
4 tablespoons dry onion soup mix
3 tablespoons water
4 to 6 fresh nectarines

Cut steak into 6 to 8 serving pieces. Brown in skillet. Place in shallow baking pan. Sprinkle with dry soup mix, add water. Cover with foil and bake in 350 degree moderate oven 45 minutes. Slice nectarines to make 3 cups, arrange over steak. Bake covered 15 minutes longer. Makes 6 to 8 servings.

Many Allegiances

Mobile, Ala. is sometimes called the "city of six flags." Since its first settlement it has been owned by the French, British and Spanish, and has also flown the flags of the American colonies, the Confederate states, and the United States.

Died in Capital

After serving as president John Quincy Adams became a member of the House of Representatives, where he collapsed while answering a roll call. He was moved to the speaker's office, where he died.

Cool Your Heels

The expression to "cool one's heels" started in the days when horses were the usual means of transportation. The animals' hooves would get hot on a long trip and riders would stop and pour water over their mounts' hooves to cool them off.

In the News

FIRST ARREST by New Orleans District Attorney Jim Shannon for investigation of conspiracy to murder President John F. Kennedy was Clay Shaw, former managing director of the International Trade Mart of New Orleans. Shaw told newsmen he was innocent of such charges. Shannon has promised more arrests in the case.

The Things We Say

By RUBY SHANNON

The man and his problems became well known. That any unbranded animal in any herd became known as a maverick and before long the term was also being applied to a person who like the unbranded calf belonged to no one and lived life on his own. Maverick, a popular western movie some time back, concerned a couple of gambling brothers who showed up at unexpected places and did not always do things in the traditional western way. James Garner as Bret Maverick was the first maverick on television and his brother Bart was played by Jack Kelly. The series was popular, but in time it broke up when mavericklike brother Bret bolted the act.

Listening to an eyewitness account of the big Chicago blizzard this year sounds like a snore job, but you can't help but get the drift.

Avon Shooting

Stenhauer's personal file, he related, Stenhauer was locked in the patrol car when the officers were shot.

We notified the office of Sheriff O'Connor of the address in the rent receipt and they promptly put the place under surveillance, although the rent receipt was in a fictitious name.

The telephone number proved to be that of Stenhauer's parole officer in Missouri and it took some digging to find the city in which it belonged. They had no area code.

involved in burglaries and robberies in California and other states. Missouri wants them too.

Stenhauer originally told arresting officers he was hitchhiking with three other men. An abandoned car was found in Clewiston which had his fingerprints, indicating otherwise to Coker's office.

Gordon and Bass have been released from the hospital and are recovering.

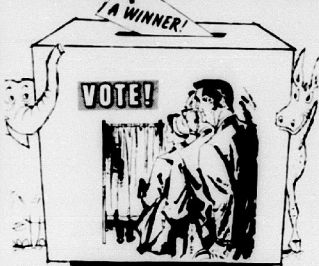

Highlands County has applied for a grant from the Office of Economic Opportunity for a Summer Head Start Child Development Program beginning June 19, 1967 and ending July 28, 1967. This program is for children who will enroll in first grade in Sept.

Jim Runkle Accepts Position In Nassau

Jim Runkle of Avon Park has accepted a position with the Page Communications Enterprises of Washington, D. C., as consultant to the Bahamas Telecommunications Corporation.

Runkle's family have established a home in Nassau where they expect to reside for a minimum of two years.

Mr. Runkle was formerly with the Defense Communications Agency in Washington, D. C.

The Bahamas Telecommunications Corp. is making extensive telephone system improvements and addition, in order to provide World-Wide telephone service to all Major Islands in the Bahamas group of islands.

The new equipment will be the product of United States Manufacturers and will be designed to become part of the United States Customer Direct Distance Dialing Network.

Their daughter Cheryl attends Skinner Secretarial College in Nassau and will graduate in May. The family has lived in Avon Park for 6 years and own an apartment house on E. Laramie Road which was formerly with the Telephone Co. here.

New York Sextet Will Appear In Lake Placid

The New York Sextet will appear in Lake Placid on April 2 at 8 P.M. for the third concert of the season presented by the Highlands Community Concert Association. Members of the Association will please note the date change from Saturday to Sunday due to the rains.

The New York Sextet presents one of the most varied and popular programs of the season. The Sextet presents songs, duets, trios, quartets and the entire ensemble in a program of great art songs, operatic selections, folk songs, spirituals and hits of the Broadway stage. Each season the New York Sextet tours from coast to coast and border to border, headed by Edmond Kaiser, their outstanding, young performers bring the Sextet the benefit of their extensive professional backgrounds and musical training.

Buford Jasper has reported the representative community concert will not be able to work with our local group for the Membership Drive until May. The actual date of the drive will be announced later. It is very important that we have our drive in the Spring, in order that we may have a better selection of dates and talent for the coming season.

CARD OF THANKS

Mr. and Mrs. Morris E. Sattler extend their sincere thanks to all their friends and neighbors who in any way contributed to their Golden Wedding Anniversary party.

They also thank their friends for the many beautiful and useful gifts they received.

This party will live long in their memory.

CARD OF THANKS

For the cards, flowers, visits and prayers, daily visits by my pastor, Rev. Lester Miller, for the deep concern of the City Officials, I am deeply grateful. My thanks to all.

Commission—

form for presentation to the Legislature. "We don't know yet who will be representing us but I feel we had considerable experience in the field," Stenhauer said.

It is not clear what will happen to the county's teacher's union strike. The new legislation may add teeth for it or repeat it so the new zoning board could start from scratch.

Public Complaints. Clarence Cooper, who resides on Sparta Road, appeared at Tuesday's meeting to ask the commissioners to eliminate a junk pile at the school bus stop on Sparta Road. He complained that it was a hazard for snakes.

John Quinn of Lake Josephine community registered a different kind of complaint. He said the county had promised, last September, to build a deceleration lane to the west of US 27 at its intersection with Lake Josephine Drive. He said the county had promised to get it as soon as we possibly could.

Commissioner Jean Whitaker brought in a request for adding four short projects in the southern part of the county to the county road priority list.

In Other Business. Tuesday the commissioners voted to return to (Cable Engineering Company of Coral Gables the deed for a lot in Placid Ridge Estates. The lot given to the county for a recreational area cannot be used for that purpose since it would violate a restriction in the subdivision's deeds.

The commission accepted \$230 from Sebring City Council to pay costs of moving utility lines along South Commerce. The payment to the county did not include the cost of replacing a fire hydrant which was damaged by a county truck during the street improvement project.

The board approved purchase of paint to refurbish the Civil Defense bus which will be used by the Sebring 12 Hour Race's medical services committee.

The board voted to repair the county voting building on Fairfield Avenue in Avon Park and Commissioner Cecil Skipper suggested that a porch be added to protect the front entrance to the building.

Tentative approval was given the plan for Gray's Mobile Trailer Estates. The Estates' owners, Mr. and Mrs. Francis Russell, have decided to dedicate the internal roads as public streets. (At last commission meeting the owners had indicated they would prefer to retain the streets as private roads).

CARD OF THANKS

For the cards, flowers, visits and prayers, daily visits by my pastor, Rev. Lester Miller, for the deep concern of the City Officials, I am deeply grateful. My thanks to all.

NOTICE

Holyrood Commandry Chapter 27 N.E. will meet in the Avon Park Masonic Temple, Monday Mar. 27, stated Convocation 8 P.M.

All visiting St. Knights are welcome. Refreshments will be served.

Sun Ray News

Easter is here and again we pause to think upon the joy this day has made possible for us. I certainly pray that each one of us will be blessed by the services that they attend over the community Easter service will be held Friday night at the Methodist Church in Frostproof. Let's try to attend the service if we can.

The Veterans of World War I held their annual meeting at the club house in Sun Ray Monday, Mar. 20. The regular business was taken care of and then a discussion was held on the Mobile Sun unit being sponsored by the Baracks. At the close of the meeting, all members were urged to vote on Tuesday.

Last Thursday the Sunshine Club of Sun Ray held a covered dish supper with 94 present. Several visitors from other States were introduced and greeted. Following the supper Earl Stanton of the Highlands Ladies Aid presented a show of interesting places to which the Airlines can take visitors.

Miss Mattie Watson has as her guest Miss Jennie Farnon of Cayuga Falls, Ohio. Her granddaughter will be visiting over the Easter holidays. Miss Farnon is a student at Kent State University.

House guest of Mr. and Mrs. Stanley Gushow are Mr. and Mrs. E. B. Rush of Zephyrhills. They also visited with Mr. and Mrs. John Brooks of Raymond Ave.

Mr. and Mrs. Louis J. Smith spent last Friday visiting with several friends in Sebring.

Sunday was certainly a busy day for Louis J. Smith. They entertained Mr. and Mrs. J. Bunting of Stanford, Ill., and Mr. and Mrs. J. B. Smith of Union Town, Ohio and Mr. and Mrs. Frank Marshall of Akron, Ohio.

Robert Swartz of Hiwassee College is spending the week with his grandparents Mr. and Mrs. E. L. Croft.

Lowell Barnett of Cincinnati, Ohio visited with Mr. and Mrs. Chester Perin. They spent a day with Mr. and Mrs. Cliff Schottelre who are spending the winter at Winter Haven. While there they toured the chain of lakes. These men were in the same company overseas during World War I.

Mrs. Willis Rhoden, mother of Mrs. Judy Mauldin, was entertained by Mr. and Mrs. Chester Perin. They spent a birthday dinner. Attending the dinner from the family were Mrs. Rhoden's sister Mrs. Bill Parrish and family, Mr. and Mrs. J. F. Parrish and family, Mr. and Mrs. Staggall and family, Mr. and Mrs. Hardy Rhoden and grandchildren. They were from the Frostproof area and Mr. and Mrs. Judy Mauldin and Timmy, and Mr. and Mrs. Hardy Rhoden and grandchildren.

Mrs. Leenhauts Dies After Long Illness

Death came to Josephine Annie Leenhauts on March 20th at the Walker Memorial Hospital after a long illness. Mrs. Leenhauts had lived in Avon Park for over five years at the home of her daughter and son-in-law, Mr. and Mrs. Walter H. Beach. She was born in Williamson, New York April 13, 1881 where she resided until the death of her husband, Abram Garfield Leenhauts in 1959.

Besides her daughter, she is survived by a son, Myron Leenhauts residing in Berkeley, California, three grandchildren, Mrs. Allan Quintana, Santa Fe, New Mexico, Mrs. Karl May, Tucson, Arizona, Mr. Clinton F. Beach, Stone Mountain, Georgia and seven great grandchildren. She also leaves four sisters, Mrs. Albert Fisher, Newark, New York, Mrs. Salem Corvettville, Williamston, New York, Mrs. Harry Dikeman, Newark, Ontario, New York and a brother, Mr. Stanley Amelie, Rochester, New York and many nieces and nephews.

Mrs. Leenhauts was a lifetime member of the Reformed Church in America at Ontario, New York.

Funeral services were private with Rev. Herbert Graetz officiating.

Frances Horton Circle Meet

The Frances Horton Circle of the WMU of the First Baptist Church met with Mrs. C. W. Ringfield, Tuesday, Mar. 21.

The meeting was opened with prayer by Mrs. E. C. Weaver. The business of the circle was conducted by the chairman Mrs. W. C. Touchton.

The subject of the program was "Are Home Missions Needed?" which was led by the program chairman, Mrs. R. H. Lawton. Those taking part on the program were Mrs. W. C. McFarland, Mrs. W. C. Touchton, Mrs. R. W. Wingfield.

Private "In" - Formation

This has been a rather hectic weekend at the Highlands School because every one is at the peak of excitement over spring vacation.

We're practically packed and ready to go.

The Veterans of World War I held their annual meeting at the club house in Sun Ray Monday, Mar. 20. The regular business was taken care of and then a discussion was held on the Mobile Sun unit being sponsored by the Baracks. At the close of the meeting, all members were urged to vote on Tuesday.

ROTARY CLUB NEWS

We met and sat at the feet of a College professor and learned the story behind the rise of food prices. Our guest speaker, introduced by March chairman, Roy Seime, was Dr. Kenneth Roy Teffertiller, the Professor of Agriculture, Economics, and chairman of the Department at the University of Florida and of the University of Agricultural Experiment Stations and Extension Division.

He explained that food prices usually go up by about 10 percent a year. But in 1961 they rose 11 percent and in 1962 they rose 12 percent. This caused boycotting by housewives and the attendant publicity must be borne in mind that the supermarket can now contain many items formerly found only in specialty shops—drugs, soap, magic rice, and hardware items making the cart total a bigger package even if food prices stayed the same. Food itself has risen because of many factors—increased population, higher standard of living, smaller output of some varieties of food production. Two-thirds of the increase in food prices comes from dairy and bakery items. The actual food increase since 1960 has been 11 percent while medical supplies was 310, transportation 36 percent, recreation is 10 percent.

A workman now costs 18 percent of take home pay on food in U.S. In Japan, 40 percent; Korea 60 percent; Europe 36 percent; Russia 40 percent. A U.S. workman works 8 hours a week for his food. 15 years ago he worked 18 hours for it. One hour's labor brought 11 cans of concentrate (12 oz. cans) in 1944. Today it buys 19 cans. Efficiency in agriculture is responsible for the advantage.

Dr. Ken showed slides with graphs illustrating costs, especially those of beef, showing how a steer weighing 1000 lbs. fetched the farmer 20 cents a lb. on the hoof and ended up on the dinner table at from around 30 cents for hamburger to \$1.50 or more for choice steaks. The three factors making the price are: shrink, service, and selection.

EASTER

"Why seek ye the living among the dead? He is not here, but is risen; remember how he spoke unto you when he was yet in Galilee, saying, The Son of man must be delivered into the hands of sinful men, and be crucified, and the third day rise again." St. Luke 24: 5-7.

A strange restlessness seemed to settle down on Jerusalem on the night before the resurrection of Jesus. The spirits of the disciples were as gloomy as the darkness without. We can imagine blunty and blunty Peter saying: "It's all up! At dawn I start back for Galilee. I go a fishing."

As the night wore on a group of women made their way through the moonlight. When they passed the Garden of Gethsemane one of them said: "It was here that they took him." As it began to dawn, they came near to where Jesus had been buried. "And they said among themselves, who shall roll us away the stone from the door of the sepulchre?" St. Mark 16:3. They had brought sweet spices to anoint Jesus' body. Their problem, however, had been settled: they saw that the stone had been rolled away. When they entered the tomb, they were startled not to find the body of the Lord Jesus, instead they saw an Angel who exclaimed: "He is risen; he is not here; behold the place where they laid him." St. Mark 16:6. Now hope throbbed in their hearts as they ran to tell the story, the great good news that life and light had taken the place of darkness and death.

We know that something so wonderful happened that it turned the despondency and despair of the disciples into joyous conviction and positive certitude. They were convinced, beyond a shadow of doubt that Jesus was alive again. Out of the depths they came with jubilation and triumphant faith in the resurrection.

The Christian Church had its beginning as the disciples, struck with wonder at the blessed encounters with the risen Lord, purposed in their hearts to be heralds of eternal hope through the power of the risen life of our Lord Jesus Christ.

Easter becomes more real to us, if Christ is risen in our hearts. The light of another world falls across our lives. In that light we discover that man is of God, and as such is a creature of the spirit as well as of the flesh and blood. The spirit of man is stronger even than death and rises victorious over it.

Donald Hankey was a Lieutenant in the Royal Warwickshire regiment in England during World War I. As he left England for the front he wrote to a friend: "I feel singularly at ease. There is only one tragedy and that is the loss of God's love; and of that I feel too confident to be afraid." Before going into battle he called his men to prayer and said: "Remember men, if wounded slightly, if killed, the resurrection." After the battle was over, they found his body, facing forward, near the objective which his men had taken. For him, it was the resurrection.

There is an inner man that rises triumphantly from the wreckage and decay of the human body. The rich man, who had built a landed estate in the New Testament story, had forgotten that he had neglected the nurture of the inner man. "Thou fool!" God says, "this night thy soul shall be required of thee." St. Luke 12:20. We are all going Home some day. We are only a heart beat away. The credential that will be honored in that world is the moral and spiritual life that a man has lived there. And there will be no deception before the all-seeing eyes of God.

A cynic one tried to outwit a wise, old man. He held a tiny bird in his hand, and asked the sage, "What have I in my hand?" "A bird," the sage replied. He then asked the question: "Is it dead or alive?" thinking to kill the bird if he received the answer "alive," and to open his hand and let the bird fly away, if the sage said: "Dead." The sage, however, said neither. He answered the cynic by saying: "It is as you will!"

Is Jesus dead or alive? He is alive as a fact of personal experience to all who love him and seek to do his will. Is he alive for you? It is as you will.

In a hundred years from now, will you be alive? It is as you will. By the grace of God you will be alive, if you are living the kind of life that has the divine quality of eternity in it. Easter not only assures man of immortality but also the reunion of the immortals as God gathers his children home.

"Where is Coventry?" a traveler in England asked a mere lad. The boy replied, "I don't know, but there is the road leading to it." Where is heaven? Who knows the answer? But this much we do know that Christ is the road that leads to it.

St. Paul asks the question: "Who shall separate us from the love of Christ? Shall tribulation, or distress, or persecution, or famine, or nakedness, or peril or sword?" Then he gives us his answer: "Nay, in all these things we are more than conquerors through him that loved us. For I am persuaded that neither death, nor life — shall be able to separate us from the love of God which is in Christ Jesus our Lord." Romans 9: 35-39.

The conviction that the risen Christ must rule keeps his followers singing: "His Kingdom cannot fail; He rules o'er earth and heaven; The keys of death and hell are to our Jesus given. Lift up your heart! Lift up your voice! Rejoice! Again I say, Rejoice!"

Tomorrow it'll take the kids to the orthodontist.

During a coming weekend, the Camperobile is a little house in the woods. It has an insulated, carpeted interior. With enough room to sleep 4-12 adults, 2 kids. And enough closets and cabinets to hold enough to hold your family for weeks. It even has a kitchen sink, A/C, and a private bathroom. (The Camperobile has curtains that draw over every window and even wrap around the windshield.) But once you break camp, all the money spent inside the Camperobile folds away. So you can use it all the ways you'd use a VW Station Wagon. For commuting. Shopping. Taking the kids around. Or taking a rest to the vet. (And like any VW wagon, it holds almost twice as much as ordinary wagons.) Actually, you'll probably wind up using the Camperobile more in the city as a station wagon than you do in the country as a Camperobile. Because it's just as useful in the thick of it as it is in the thick.

SPEEDY "COKER FUEL" Says...

"LP-Gas is economical..."
Cooling costs, with LP-Gas, average as much as 53% less than with electricity. Your LP-Gas water heater will operate at half the cost of the same size electric water heater, and home heating with gas is far cheaper. The low initial cost of installing your LP-Gas unit is rapidly paid off in fuel savings, and most gas appliances not only cost less, but their simplicity means fewer problems and fewer repair bills!

"LP-Gas is comfortable..."
Comfortable? Your LP-Gas water heater that operates at less than half the cost heats your water twice as fast. Moreover, you have a continuous supply of hot water, even during maximum use periods. Thermostatically controlled LP-Gas heat will maintain the temperature of your home at the level you desire while fresh air ducts insure that the air in your home is never polluted or stale.

"LP-Gas is dependable..."
You'll never have power failure, surge, or sag in your LP-Gas home. Your LP-Gas installation is all yours, and your LP-Gas man will keep a constant check to insure that the supply is always ready at the turn of a knob.

"LP-Gas cooks better..."
Ask most any housewife and she will tell you that the steady, even, blue gas flame brings out that food flavor that her family appreciates most. That same blue flame allows you to set the heat at exactly the temperature level you desire.

"LP-Gas is safe and clean..."
Fire underwriters have proven that there is less danger of fire in the use of gas than electricity. Food particles and air impurities that come in contact with the blue flame burn rather than smoulder as they do when they come in contact with electric elements. Positive control of the heat level in gas produces less possibility of spillage and boiling over than with pre-set electric heat levels.

Compare the cost of LP Gas vs. Electricity

—One gallon propane (LP-Gas) at top efficiency equals 91,000 BTU's.
—One kilowatt hour of electricity at top efficiency equals 3,412 BTU's.
This means it takes 26.7 kilowatt hours of electricity to equal one gallon of propane (LP-Gas)!

FOR EXAMPLE:

An electric rate of	**Is the same as if you used Propane at a cost of

THE RESPONSIBILITY OF THE CITIZEN AS A VOTER

BY RALPH BUSHNELL POTTS

"The blood of free man stains my ballot sheet. Whatever others may do, I shall not carelessly make my mark. I vote not because I can but because I must. Those that died for this, my voice in government, had a right to expect that I would prepare with every faculty to use it wisely, honestly and courageously. They did not die that fools, blind partisans or the reckless might make a game of free elections.

Only my secret heart knows whether I justify the definition of "voter" as they wrote it in the reddening sand. If I love my country as they did, I question my qualifications again and again.

I carefully study the issues and candidates to determine what is best not for me or my minority but for my country.

I will not be confused or deceived by propaganda, slogans or histrionics. I shield my eyes to the glitter of personalities, purge my mind of passion and prejudice, and search diligently for the hidden truth. I must be free of all influences save that of conscience and justice.

I garden for dreams, but with a realistic spade. My test is not of trend or popularity, but of principle and liberty.

I vote as if my ballot alone decided the contest. I may lose my preference, but I will not throw away my sacred vote. For within the booth I hold in my humble hand the living proxy of all my country's honored dead."

GI BATH is administered to Red Cross assistant field director Ross Malloy at Pleiku, South Vietnam, by men of the Fourth Infantry Division. About 275 Red Cross workers are in Vietnam, assisting in hospitals, recreation programs, personal counseling and relaying emergency messages from home.

Animal Trick

The crested flycatcher has a habit of often including a rattlesnake in its nest. Its purpose is not known for sure, but some naturalists believe the snakeskin serves as a warning to predators that intend to rob the nest.

Big Baby

The female brown bat of the eastern United States weighs only six or seven grams, but gives birth to a two-gram baby—equivalent to a human infant weighing 40 to 50 pounds at birth.

Boxing Reign

Joe Louis held the world heavyweight boxing championship the longest—11 years, eight months and seven days. About the only thing any woman doesn't know is why she married the rival she did.

Sometimes a fella really needs a friend. Help us help.

When disaster strikes, it isn't picky. It hits women, it hits kids like these. It could hit you. Wherever it hits, your Red Cross is there. With food, with clothing, shelter and medical help. In a single year, your Red Cross came to the aid of nearly 573,000 disaster victims—people like you who weren't so lucky. This year, too, people will need your help. The American Red Cross.

- To frost cupcakes packed for school lunches, split the cakes and spread the frosting inside. Put cakes back together, sand with style and the frosting won't stick to the material wrapped around it.
- For making sweet bread, add a pinch of salt from hot but liquid. Soak 10 minutes and strain.
- Use a nutcracker for opening bottles that stick, such as ketchup and syrup bottles.

TAGS, TAGS, TAGS, and here is the staff of the Highlands County tag office ready for Monday's rush of auto tag buyers. Left to right are: Roland Drott, chief of the tag office, Lida Vickers, Lois Drott, Edna Clarke, Dorothy Carter, and Jimmy Whitehouse.

Automobile Tags Go On Sale Here Monday

If you're an eager beaver and go dashing into the Highlands County auto tag office Monday morning, you'll have to stand in line to pick up your license. It's the busiest day of the year.

But if you wait a few days, you won't have to stand in as long a line — or maybe not at any time at all.

Dottie Carter, deputy clerk in Roland A. Drott's office,

who is the tag lady, said more than 800 tags have been sold ahead of time and people are very prompt in picking them up.

Some people wait to leave for the north so they can pick up their tag, before they go to work.

There have been more pre-sales of tags than ever before in the morning out more this year than ever before, she noted.

The most popular number is 13, and you can forget it because Bob Burns, superintendent of public works, has had it for some time. Likewise for W-13. This has been the number for years of Mrs. Cito Carmilio of Sarasota, sister of Mrs. Drott.

But now hold on, you 13 lovers, W-13 is vacant, it belonged for many years to a tag that was sold to a man who is now deceased. And there has been no request for it.

Miss Carter said about 190 of the 800 pre-sales were to owners of mobile homes. They leave early for the north and have friends put the tags on their trailers.

Other favorite numbers are for age, telephone number, year born, draft number, or year married.

And lots of Miamians buy tags. Some if you have a Highlands County tag, Lida Dade gardeners can't make you get your car inspected every six months at \$1 per. You save \$2 a year if your car wouldn't pass anyway, you're doing real great.

AP High School Band Will Go To Cherry Festival In Washington

The High School marching band in all its splendor, arrayed in new uniforms along with their instructor Mr. Vic McKenna will leave April 3 for Washington, D. C. where they will participate in the 1967 National Cherry Blossom Festival parade on Saturday, March 9.

Although area TV stations cannot receive the parade, Avon Park will know their band will meet the highest standards and proudly display their ability and new uniforms to the viewers through the area in which it is received.

The National Cherry Blossom Festival had its origin 53 years ago when the wife of the President, Mrs. William Howard Taft, planted the first Japanese Cherry Tree on March 27, 1912. Viscountess Chino, wife of the Japanese Ambassador, planted a second tree as a token of friendship between the people of Japan and the United States. This ceremony officially accepted a gift of 2000 Japanese Cherry Trees which were planted at the Tidal Basin and the Potomac Park Area. As the years went

Anna Roberts Pioneer Resident Dies March 21

Mrs. Anna Lida Roberts, 82, died Friday, March 21, in the Highlands County Home in Lakeland. Mrs. Roberts was born in Zolfo Springs. After their marriage, they established their home in Zolfo Springs, living in rural area where they had a large garden. They bought a ranch in Harter County, Florida, where they spent a large portion of their lives. Moving from there to a home on Lake Verda in 1943 which was destroyed by a storm. Their last residence was at the corner of Ventura and Circle Drive.

She was a Methodist all her life. She was very active in church and community work. She and her husband had built the church in Zolfo Springs, Florida, and the church was named after her. She was a member of the church for many years.

Survivors include a son, Wendell Roberts of Avon Park and a daughter, Mrs. Anna Lee Roberts of Sebring. She is survived by a sister, Mrs. Horace Durrance of Bartow, 10 grand children and three great grandchildren.

Funeral services were held at 3 p.m. Monday, March 27, at the First Methodist Church in Avon Park. Rev. T. J. Blitch, her favorite pastor of Bartow, officiated. Burial was in the Highlands County Home.

Active pallbearers were Earl Rich, Harold Nite, Jack Dugan, Joe Perez, Fred Redick and Charles Metcalfe.

Honorary bearers were Jerome Shultz, Ray Wells, Virgil Tondex and Steve Roberts.

She was laid to rest in Rosengarden Cemetery, Scott-Shepherd-Smith Funeral Home was in charge of arrangements.

Lieutenant Colonel Earl G. Hunt, whose wife, Ouida, is the daughter of Mr. and Mrs. T. O. Martin of S. Lake, Avon Park, has been decorated with the U.S. Air Force Commendation Medal during retirement ceremonies at Altus AFB, Okla.

Colonel Hunt was awarded the medal for meritorious service as director of intelligence for the 35-year veteran

Boyd Wins Seat As County Votes GOP

Only 26 percent of Highlands County registered voters went to the polls in Tuesday's election as the Republicans kept in victory in all three House seats.

Avon Highlands County went straight Republican.

The only Democrat to serve in the counties with high birth rates is Joseph Boyd, the Senator from Pinellas. He defeated political newcomer Earl Watson, Republican, of Avon Park.

J. K. Tillman, Myakka cattle man, had an easy victory over Democrat S. Chesterfield Smith of Arcadia, the incumbent Smith.

Woodrow Todd To Speak At Chamber Of Commerce Banquet

Woodrow W. Todd, Executive Vice President of the Greater Clearwater Chamber of Commerce, is to be the speaker at the annual banquet of the Avon Park Chamber of Commerce on April 6, Tuesday, April 4, is the deadline for making arrangements for the local Chamber office.

Mr. Todd assumed a position with the Clearwater Chamber in the fall of 1961, and became executive vice president in 1962. Prior to that time, he served as manager of the Haines City Chamber for six years.

Two Men Under Death Sentences Get New Trials

Two men sentenced to death will be retried here during the May 8 term of circuit court as a result of a Florida Supreme Court ruling.

They are William Marshall Hollins, sentenced in the slaying of Henry Townsend in an Avon Park service station holdup, and Sammie Lee Poole, sentenced for rape.

Hollins was tried with Michael Nelson and Donald Lee Walker for the March 26, 1960 murder. Only Hollins received a death sentence. Four years ago the Florida Supreme Court reviewed the case and held that no error had been committed and left the death sentence standing.

Then in another review last month, the same court decided that a new trial should be granted because the jury could have been prejudiced by Hollins' admission in court that he had once confessed the robbery murder.

Clifford Kelly, who presided in the case, had ruled that Hollins' statement should be disregarded by the jury, but the Supreme Court felt the statement so damaged a new trial was warranted to insure justice.

Devils Shut-Out Bulldogs 3-0 To Host Lake Placid Tonight

Devil hunting ace Emmitt Moneys tossed his second no-hitter of the season last Tuesday night at the Frostburg, Md. stadium, as the Avon Park team chalked up its sixth win with a 3-0 shut-out over the Bulldogs in Frostburg.

The veteran Red Devil pitcher struck out 13 Frostburg batters during the seven inning battle and walked only three as he held them hitless. The Devils were in trouble only twice—in the first inning when the lead-off batter, Larry Byrd, threatened to tie things up, with a booming over-the-fence hit that was called foul at the last second as it cleared the first-base line fence.

The Devils, who have had their troubles at the plate this season, scored their first run in the top of the fourth when Dean Lemier singled, scored on an error by the third baseman, and scored on a double steal with Moneys liberally getting in a run-down to allow Lemier time to score.

Bill Knapp, Devil center-fielder, scored Avon Park's third frame when left fielder Robert Sizemore walked, went to second on Dean Lemier's single to left field, took third on a throwing error by the Brahman pitcher attempting to pick him off second, and scored on Moneys' single to right field.

The Red Devil "B" squad won over the Okeechobee Juniors for the first time in the sixth inning when Glenn Sizemore and Clark Jackson had shared the hurling duties of the first five innings.

Griffin Building Cold Storage Warehouse

Work began last week on the construction of a cold storage warehouse by Ben Hill Griffin, Inc. in the building of the Woody and Marjorie have two sons, Mark and Kent. Their home is at 2025

Ben H. Griffin, Jr., President of the company, pointed out that it was necessary for his organization to expand its cold storage warehouse facilities and the decision had been made to construct a warehouse in Avon Park that would handle about one million, seven hundred fifty thousand pounds of frozen foods. Mr. Griffin further pointed out that construction of the warehouse was scheduled for completion in late April and would be fully utilized soon thereafter.

It is estimated that the facility will employ approximately twenty-five people when it is operating fully and that most of the product stored there will be shipped directly to customers in northern markets.

This is the first facility of this type to be constructed in the Avon Park area. It is estimated that it will be available for storage by other firms in the frozen food industry. Also, warehouse space will be available for storage of other commodities.

Ben Hill Griffin, Inc. began its operation in Avon Park in August 1948. This company has had a continuous fruit picking operation since that date.

Ben Hill Griffin, Inc. has extensive grape programs in North Highlands County and has been operating in this grape operation for many years.

Reassignment Of Liaison Officers Announced

Reassignments and readjustment of assignments for liaison officers for the U.S. Air Force Academy for Polk, Highlands, Hardee, DeSoto and Okeechobee counties effective April 1 were announced today by Col. Guy T. Hagli, liaison officer coordinator, Tampa.

Lt. Col. Claude Ridley of Winter Haven will be responsible for all Winter Haven, Lake Alfred, Auburndale, Kathleen and Santa Fe schools.

Lt. Col. John W. Dulin of Lake Wales has been assigned to oversee schools in Lakeland, plus Mulberry, Haines City, Bartow, Lake Wales and Frostproof.

Major Elmo Roberts of Wauchula will cover schools in Ft. Pierce, Sebring, Lake Placid, Arcadia, Okeechobee and Wauchula.

In civilian life, Colonel Ridley is supervising principal of Winter Haven schools. Colonel Dulin has an advertising agency in Lake Wales and Major Roberts is principal of Hardee County High School in Wauchula.

Liaison officers counsel young men interested in seeking admission to the U.S. Air Force Academy. They are active in the ready reserve.
