Judge Rehner To Head Council of Juvenile Judges

Hon. Judge Mervin Rehner, Avon Park, was sworn in as President of the Florida Council of Juvenile Court Judges at a joint convention of County and Juvenile Judges, held at the Holiday Inn, Miami Beach, July 19 through the 22.

Hon. Judge George Clark, Miami, was sworn in as President of Florida County Judges Assn.

Honorable Frank Dowling, County Judge, Dade County, administered the oath of office. Judge Dowling is a personal friend of long standing. He owns a cottage on Lake Huntley, Lake Placid, and claims part time citizenship in Highlands County.

Retiring President of the Florida Council is Honorable Lamar Winegar, Jr., Jacksonville.

Among those in attendance were the various cabinet officials of their representatives. There are six Vice Presidential Districts, with seventeen separate Juvenile Judges. Some counties have more than one judge in the particular court. There are 73 County Judges, eleven counties have one or more separate Juvenile Court Judges.

In the ten years, Judge Rehner has served in his dual capacity, this is his fourth office, having previously held the offices of Vice President and Secretary for the County Judges Association and one year as President-elect for the Florida Council of Juvenile Judges.

Mrs. Rehner and daughter Laurie attended the convention with Judge Rehner. Laurie had spent a few days with the John Cristofani at Miami, and joined her parents upon their arrival.

The South Florida Junior College President left Wednesday for Washington, D. C., where he is attending a meeting of the National Science Foundation Advisory Commission. One of the tasks of the Commission at this meeting is preparing proposals to be included in legislation to broaden the research and grants to include junior colleges.

The National Science Foundation Advisory Commission is responsible for recommending the research programs to be undertaken with federal funds. Until Dr. Stallard's appointment to the Commission last Fall, junior colleges of the nation had no contact with National Science Foundation and no opportunity to participate in the multi-million dollar research programs it directs.

Congressmen interested in sponsoring the legislation are meeting with the Commission this week, and when Dr. Stallard returns home this weekend he will bring the schedule for hearings before Congressional committees.

Jimmy Doerr First To Qualify For Mayor Of Avon Park

Politics is rapidly becoming the number one item of discussion wherever one goes in Avon Park. The deadline for filing for the forthcoming Mayor and two City Council posts is Friday, August 11th at 5:00 p.m. The City Election will be held Tuesday, September 12th.

So far only one candidate has filed for the races: Jimmy Doerr, a former City Council President filed early as a candidate for the Mayor's race. He is the operator of the What Not Shop and has had a great deal of experience in the affairs of Avon Park city government.

City Council President Clarence King and Council Vice-President Jack Duggan told the "Sun" that they would both file before August 11th for reelection to the City Council. Mr. King has been a Council member for many years and Mr. Duggan is completing his first term on the Council.

There are approximately 3200 registered voters eligible for the September City election.

Figures Show Population Of County 40,000

According to latest figures, Highlands County's population now may be near the 40,000 mark.

Which means it has almost doubled since the last census was taken in 1960 when the population was 21,000.

Possible mail deliveries in the county now total 11,800, a check shows. At the rate of 25 persons per delivery — which has been a rule of thumb some head-counters have used — this gives the county 29,500 residents.

At the last census, the Sebring area population was 5,000; Avon Park area 4,000, and Lake Placid-DeSoto City area, 3,000.

Possible mail deliveries now total 5,078 in Sebring, including the rural routes, 4,317 in Avon Park, including rural routes, and 1,480 in Lake Placid, including rural routes.

Using the same 25 to 1 ratio, this could mean that Sebring's population is 12,695; Avon Park's, 10,170 and Lake Placid's, 3,700, with Sebring the only one more than doubling its growth.

Vaughn Driggers Promoted To Commander

Mr. and Mrs. Vaughn Driggers of Wauchula have received word of the promotion of their son Vaughn Wendell Jr., to Commander in the United States Coast Guard at Graton, Conn. He is in charge of Oceanography School and will be going on sea duty as an Oceanographer on two ships that are going around the by way of the Arctic Circle, on a three months cruise.

He will be executive officer of the Samuel W. Chase ship, which is expected to be ready for use by Jan. 1968.

The new Hood's Dairy branch office building is rapidly progressing. Shown looking it over in Lakeland are James H. Hoot, vice-president of Hood's Dairy Inc. and Ronnie Burton, Manager. The building is expected to be completed by October at a cost of \$55,000. Bennett and Mosley are the contractors.

Council Adds Roy Graham To Fire Department

The Avon Park City Council approved a request of the local Kiwanis Club through its representative, George Haynie to allow the club to fix holes on city sidewalks so that various merchants in downtown Avon Park may display American flags on the various holidays. The local club will foot the bill with many of the local business firms already having the necessary holes to display their flags.

Law Will Help Recruitment Of School Teachers

A teacher contract law passed by the 1967 Legislature may help teacher recruitment in Florida's largest counties—but at the expense of the smaller counties. Superintendent George F. Douglas said the new law provides that teachers holding a continuing contract in one Florida county may become eligible for continuing contract in another Florida county at the end of two years.

In the past a teacher could qualify for continuing contract in a minimum of three years. Educators believe that cutting a year off the minimum qualification for intra-state transfers will give the advantage to the teacher-starved big counties with their higher pay scales.

Meanwhile, the teacher shortage problem is becoming more acute. Highlands County administrators continue to keep fingers crossed and report the situation "pretty close to normal for this time of year."

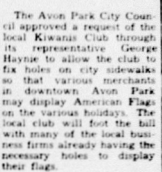

"We have a half dozen or so vacancies—mostly in the elementary field," reports James Ferrell Smith who usually heads the county's teacher recruitment program.

"Our recruitment program paid off," he reports, "we got some contracts signed early—before sanctions. This time of year we usually get vacancies from vacationing teachers and we sign some up to come to Highlands County. This year we aren't getting vacancies, and the vacancies we now have may be hard to fill," Smith said.

Florida Education Association reports the state may have a 4,000 teacher shortage when the new year opens in September. A spot check of 20 counties disclosed approximately 1,700 vacancies.

"Many of the vacancies," said Phil Constant, Jr., associate executive secretary for FEA, "will be caused by annual contract teachers who signed no-bidding. In return for forces in the Spring, but have since sought employment elsewhere."

One small county official complained, "Teachers are going to places like Dade, Brevard and Broward where the pay is good and the county has other attractions such as large cities, beaches and better facilities."

The next regular meeting of the Avon Park City Council will be Monday evening, August 14th at 7:30 p.m. in the Council Chamber at City Hall.

Approved the bid of Parry Glass Company of \$4500 to work on the Municipal Golf Course at the old Pinecroft Course.

The next regular meeting of the Avon Park City Council will be Monday evening, August 14th at 7:30 p.m. in the Council Chamber at City Hall.

School Funds Over \$100,000

Highlands County received \$100,000 from the state as its initial funds in the 1967-68 school year. According to a report received by Tallahassee City (Hed) Dickinson, Jr., comptroller, Highlands County received \$60,000 for support of its 1 through 12 program and \$7,125 for junior college support.

These allotments are from the state's Minimum Foundation Program and sale tax.

Total distribution for the state for July is \$10,200,000 for the 1 through 12 program and \$2,048,799 for junior colleges.

The payments range from a high of \$2,800,254 for Dade County to a low of \$15,382 for Glades.

Among the 30 boards receiving aid for junior colleges, the aid is sent to the county where the college is located. Highlands has low Leon County was second low with \$10,600, and again Dade was high—\$400,666.

Dickinson's report showed that in the 1966-67 year, which ended on June 30, the state had disbursed, through Minimum Foundation Program and sales tax, a total of \$28,225,949. This was divided into \$24,342,310 for grades 1 through 12 and \$3,883,639 for junior colleges, for an average of little more than \$3.5 million per county.

Each of the Head Start enrollees have received immunizations for diphtheria, tetanus and whooping cough. Later shots will give protection against measles, polio and smallpox.

County dentist, Dr. Charles K. Kich, has completed the dental screening and 41 children were found to be in need of professional treatment. The dental work has been begun, and all the appointments are now arranged.

Vision screening is still to be scheduled, and the hearing screening will be combined with the county-wide hearing tests made on all first graders. Head Start children who need special treatments or devices to bring their hearing into the normal range will be able to receive these through Head Start funds.

Each year the national staff of Head Start selects 10 percent of the centers for special study and evaluation. This year the Lake Placid center has been chosen for study, Theile said.

The Highlands County Head Start Director said that while the first grade teachers last year reported good adjustment on the part of children who had attended the Summer Head Start project, positive results of the program are difficult to estimate.

"We are sure of one thing," Theile reported. "The children who have attended the child day care centers who took part in the Summer Head Start at Avon Park, Fairland in Sebring and the Lake Placid center—these children are the best adjusted children of last Summer."

St. C's Budget Will Be Presented Today

A South Florida Junior College budget, branded by the college administrators as "inflationary and unrealistic," will be presented to the school board this morning.

Dr. William Stallard, president of the junior college, declined to reveal details of the budget prior to the board meeting at 9:15 A.M. today (Thursday).

He explained that the state estimates, which are the basis for the budget, are based on an enrollment of 200 students at least 300 full time; which are simply not to have equipment and faculty to accommodate.

On Monday the Legislature passed a \$21.3 million appropriation bill for junior colleges, and on Tuesday Governor Claude Kirk announced "there is no reason to believe I'll not veto this bill." But even if the Legislature would override a veto the financial aid would come too late to help the junior colleges in the 1967-68 year.

Head Start, now in its second summer in Highlands County, is operating with a capacity enrollment of 160 students—40 each in the Sebring and Avon Park centers and 20 at Lake Placid.

Donald Theile, Highlands County teacher who has served as Head Start director both Summers, said the special program for underprivileged children has achieved a "much greater degree of community acceptance this year—so much so that it was necessary to turn away children who had registered to attend."

With the greater registration and the need for more careful screening of applications had been necessary, particularly in the investigation into the financial eligibility of the families. The Head Start program is designed for children from low income families.

The program includes physical, dental, examination for each child. Highlands County physicians who were employed by Head Start to make the physical exams have completed their work. Theile reported, and the county health department has begun the second round of immunizations. This is a four step program and the third and fourth rounds of shots will be given during the 1967-68 school year.

Directed tuberculosis tests produced five positive reactions and the health department is now making follow up investigations to learn whether the children have active TB and whether there are active cases in their homes and neighborhoods.

Each of the Head Start enrollees have received immunizations for diphtheria, tetanus and whooping cough. Later shots will give protection against measles, polio and smallpox.

County dentist, Dr. Charles K. Kich, has completed the dental screening and 41 children were found to be in need of professional treatment. The dental work has been begun, and all the appointments are now arranged.

Vision screening is still to be scheduled, and the hearing screening will be combined with the county-wide hearing tests made on all first graders. Each year the national staff of Head Start selects 10 percent of the centers for special study and evaluation. This year the Lake Placid center has been chosen for study, Theile said.

The Highlands County Head Start Director said that while the first grade teachers last year reported good adjustment on the part of children who had attended the Summer Head Start project, positive results of the program are difficult to estimate.

"We are sure of one thing," Theile reported. "The children who have attended the child day care centers who took part in the Summer Head Start at Avon Park, Fairland in Sebring and the Lake Placid center—these children are the best adjusted children of last Summer."

Head Start, now in its second summer in Highlands County, is operating with a capacity enrollment of 160 students—40 each in the Sebring and Avon Park centers and 20 at Lake Placid.

Donald Theile, Highlands County teacher who has served as Head Start director both Summers, said the special program for underprivileged children has achieved a "much greater degree of community acceptance this year—so much so that it was necessary to turn away children who had registered to attend."

1967-68 year. President Stallard said.

"We open in three weeks, and at this late date we cannot find qualified teachers to expand the faculty in the post where we could accept an enrollment of 500," Dr. Stallard said.

The \$21.3 million appropriation includes both capital and current funds for the state's junior colleges. It would mean approximately \$20,000 per year for each of the next two years, to ward S.F.C.'s current expenses.

Right now the only fixed sum the administration can count on is the \$30,000 per year contribution from the Highlands County Commissioners' money to the junior colleges' operation. Expenses Hardee County's contribution is to be made by the State Department of Education. At a later date we'll have to submit a revised budget.

We are doing all we can to protect accreditation by providing adequate library funds and other expenditures which the accreditation association requires because there is not much profit in our being unless we can offer students an accredited program, the president said.

Parcel Post Deliveries Expanded

Postmaster R. D. Young today announced that parcel post deliveries in Avon Park will be expanded from five to six days a week as of July 16, 1967.

This is in line with a recent directive from Postmaster General Lawrence P. O'Brien following the signing of the Post Office Department appropriation bill by President Johnson. The legislation contains an \$8.5 million item for restoration of the six-day a week delivery which had been cut back in May 1964 as an economy measure.

Nearly 5,000 cities are affected, Postmaster Young said.

The Avon Park Postal Office noted that the improved service will remove an inequity for many business and residential routes.

Postal customers served by "motorized" letter carriers have been receiving six-day deliveries all along. They were not covered by the 1964 cut back inasmuch as carriers on vehicles can deliver parcels of any size. Customers living on routes serviced by foot or bicycle carriers have received larger parcels from five-day a week parcel post routes covered by a truck. Carriers on foot only deliver small packages.

Golden Spoon Awarded Griffin Restaurant

Griffin's Restaurant have been advised by "Trend" Magazine that they will receive a GOLDEN SPOON CERTIFICATE in about two weeks, which they will post in their restaurant indicating that traveling Florida businessmen consider their food tops in the area.

Captain Douglas Mann Awarded Distinguished Flying Cross

Army Captain Douglas V. Mann saved his heavily damaged helicopter and its passengers and was awarded the Distinguished Flying Cross for his heroism June 7 near Pleiku, Vietnam.

Capt. Mann, son of Mr. and Mrs. Wayne G. Mann, 1510 Oakton St., Park Ridge, Ill., earned the award as pilot of a helicopter transporting a patrol that was to evaluate the accessibility and safety of landing zones last January 19.

Approaching a landing zone, Capt. Mann's aircraft was hit by intense automatic weapons fire from the ground that raked the cockpit, seriously wounding the helicopter commander. Subsequent enemy fire further damaged the craft and resulted in more wounded.

Capt. Mann quickly withdrew the helicopter out of enemy range and maneuvered back to his home base near Pleiku. He was able to land the craft without further endangering the wounded aboard.

The citation accompanying his award reads in part: "Exhibiting unusual dexterity and drawing upon his vast knowledge and skill, Capt. Mann saved the lives of his passengers and crew, and recovered the vitally needed helicopter."

The platoon leader and pilot from Company A of the 4th Infantry Division's 4th Aviation Battalion also received the Air Medal in the same ceremony. He earned the award for heroism in flight last March 12.

Capt. Mann, whose wife, Carol, lives in Avon Park, Fla., entered the Army in May 1958 and has been in Vietnam since last September.

A 1953 graduate of Michigan State University, Capt. Mann received his B. S. degree in 1958.

He holds the Army Commendation Medal and eleven additional awards of the Air Medal.

ROTARY CLUB NEWS

Mr. Kai Yong was the guest speaker at the regular meeting of the Rotary Club last week. Mr. Kai Yong is a teacher at the South Florida Junior College and teaches classes in Geography and History.

He spoke to the club about Singapore, the youngest and newest nation in Southeast Asia and illustrated his talk with slides taken by him in and around Singapore. He told of the importance of Singapore in the "East to the East" with a population of over two million people and an important airport.

The club members saw pictures of typical schools in Singapore and Mr. Yong told of the educational system there. Pictures of some of the market places were very interesting and he explained how many different kinds of merchandise were sold in the market.

Mr. Yong concluded his talk by showing pictures of different Monks, Chinese Temples and Hindu Temples in Singapore and kind of the customs and religious practices of each.

TOLL FREE TRAVEL SERVICE

Highlands County residents can obtain advice and ship information and tickets without expensive phone calls or without going out of town by dialing 8-Operator and asking for Lake Wales W3 3013. They will be connected with experienced agents at the Lake Wales Travel Bureau of the Highlands Travel Service in the Waldbrook Hotel, Lake Wales. This office has a listed line on that calls can be made in carriers without toll charges. Arrangements can be made for tickets to be mailed.

Do You Need Fishing License?

TALLAHASSEE - Fresh Water fishermen are reminded by W. T. McElroy, chairman, Florida Game and Fresh Water Fish Commission, that the need for a fishing license is dependent upon three things - where you fish-how you fish-and your age.

If you leave the county in which you reside, or fish in one of the established fish management areas, you need a license.

If you fish in your home county by any method other than with a cane pole for non-commercial purposes, you need a license.

If you are under the age of fifteen or a resident over the age of sixty-five, regardless of where or how you fish you do not need a license.

All non-residents except children under the age of fifteen need a license to fish in Florida's fresh waters.

\$300 Go For Bingo Prizes

The Sebring Elks Lodge No. 1529 Friday night Bingo features almost 30 games with over \$300 in cash prizes.

Last week's games over 50 percent of the people in attendance came away with cash prizes. The Jackpot game this Friday night will be worth \$80.

The Bingo games start each Friday night at 7:30 p.m. sharp and the Elks and their friends are welcome at the Bingo Party every Friday night.

Total number of U.S. agricultural advisers in Vietnam now numbers 49. An additional 26 left recently to join the 23 already there. The advisers are mostly agricultural agents and teachers. Their job is to help the Vietnamese farmers increase production thereby aiding the nation's economy.

MERCURY COUGAR
A car on the wild side

AVON PARK MOTOR COMPANY
East Main and North Verona Ave. Avon Park

If anyone offers you an incomplete sports car - gr-r-ow!

There's no reason to pay extra for options. They aren't necessary with Mercury Cougar. That's why it's called America's most complete luxury sports car at a popular price.

Many of the features you pay extra for on ordinary cars are standard equipment on Mercury Cougar. Many of the standard features on Mercury Cougar can't even be had on ordinary cars. Just look:

- sleek, lean European sports car styling
- all-American V-8 engine
- highway headlamps
- triple-step rear turn signals
- all-vinyl interior
- foam-cushioned bucket seats
- wall-to-wall deep-loop carpeting
- and much, much more

USF Sets Its Applications Deadline

TAMPA—The last day for students to apply for admission to Quarter I, 1967 day and evening classes at the University of South Florida is Monday, Aug. 14.

On campus student housing spaces have been filled for Quarter I, but accommodations are available in Fontana Hall, a university-operated private residence hall complex adjacent to the campus Fontana Hall, which opens in September, will be operated under the same rules as on-campus housing.

Classes will begin Monday, Sept. 18, for an expected 10,000-11,000 students on the Tampa Campus and another 1,700 off

BIBLE DIGEST

H. B. Dean

But if they will not obey, I will utterly pluck up and destroy that nation, saith the Lord—Jeremiah 12:17.

Israel's failure to God carries with it a high price tag, and history is full of the latter end of those who had to find out the hard way.

God must have obedience. Trust and obey.

WHAT'S HAPPENING?

BY CHRIS DARNELL

Dubonnet was a guest of the annual Festival of States recently held in St. Petersburg, Florida. This festival, held in our nation's foremost senior citizen city, is as prominent to St. Petersburg as is the Mardi Gras to New Orleans. In fact, the King of Mardi Gras, Krewe of Fire — Mr. Dubonnet, was present as guest of honor, with a bevy of beautiful girls, other festivals throughout the U.S. were well represented with their own kings and queens who were taken to St. Petersburg for places of interest.

We were wine and dined at luncheon, dinner, and cocktail parties, presented at band concerts, the Festival of States Pageant and Ball, and of course the Sun Goddess finals. The Dubonnet float in the parade was surrounded by girls, confetti girls, a throne, girls, daisies, and girls. You can't beat that for living, so "drink up" and you know what — and remember to see this festival next year.

A medium size (4 ounce) fresh peach contains 8 milligrams of calcium, unusual for a fruit, and only 46 calories (From Peach Council).

By Joe Kinard, Women's Consultant, The Traveler Insurance Companies

Attractive Nuisances

If the youngster next door tees up up and down some morning and plays astronaut in your fine new hammock, watch out! Next thing, you may be sued by his parents. It's fair as it seems, if a child is attracted to your property by some attractive feature, it's a liability. Women in the know realize that property owners must be extra alert in the summertime lest their backyards offer temptations to children. They examine every inch, filling in deep holes, checking the swimming pool fence, making sure that lawn mowers are off when not used.

The Attractive Nuisance doctrine (the legal term that is based on a child's inability to protect himself) does not apply in all cases of youngsters injuring themselves on your property. Ordinarily, the following four conditions must be met: 1. The property owner should know that part of his property containing the "attractive nuisance" is readily accessible to youngsters. 2. The condition must be one that recognizes as a potential risk for children. 3. The child, because of tender years, does not realize the danger involved. (Rarely does the doctrine apply in cases where the child is above the age of twelve.) 4. The usefulness of the condition to the owner must be slight in comparison to the threat of danger involved.

Check with your Travelers' policy to be sure that your Homeowner's policy has adequate liability coverage to protect you in case of a suit of this kind, but recognize the fact that financial protection is no protection at all against the shock of a youngster getting hurt as a result of your carelessness. For your own sake, be especially vigilant this summer.

Florida's leading cucumber producing counties are Broward, Hardee, Palm Beach, Lee, and Collier.

Bob Hope Receives Top Award For Contributions to Juvenile Delinquency

The recent presentation to comedian Bob Hope of the Boys' Clubs of America's coveted "Herbert Hoover Memorial Award" honoring the former president, who in 28 years of service has been a fitting climax to his 25 years of dedication to the cause of juvenile delinquency.

Repeatedly risking his life, Hope has from millions of miles to entertain countless GIs from Leyte to Labrador, from Korea to Cuba and from Vienna to Viet Nam.

But, in typically irreverent style, the 60-year-old comedian refused to play it straight when he accepted the award at the 41st annual Boys' Club convention in Pittsburgh. Referring to the fact that FBI Director J. Edgar Hoover was the previous recipient, Hope quipped "Imagine me, following the FBI—that's a switch."

In a more serious vein, he stressed the great value and importance of the work being done by the Boys' Clubs of America in building young Americans.

Senator Boyd Says Florida Had Poor Legislature Session

State Senator Wilbur Boyd today expressed the opinion that while some good legislation was approved, there were several good measures that went down to defeat in the Legislature this year because of the Republican vote.

Boyd said that the Legislature was a poor session, and that the House of Representatives for eight years before moving up to the Senate. He was chairman of the Public Education and Junior College Committee of the Senate during the session just ended.

The most significant thing done by the Legislature according to Boyd, was the adoption of a strict code of ethics for the Legislature, executive branch and state employees.

Boyd said that the people have been told that education is receiving 30 per cent more money and that education should be able to live within the \$60 million that the Legislature has allocated.

Boyd said that the Legislature has received a lot of criticism for the past two years, and that the Legislature has received a lot of criticism for the past two years, and that the Legislature has received a lot of criticism for the past two years.

Boyd said that the Legislature has received a lot of criticism for the past two years, and that the Legislature has received a lot of criticism for the past two years, and that the Legislature has received a lot of criticism for the past two years.

NEW HOMES

NO CASH NEEDED

100% FINANCED

BUILT WHERE YOU WANT TO LIVE... NOT WHERE THE DEVELOPMENT IS!

When Jim Walter's your builder you don't have to build in a development, or near a city, or even on a paved road to be eligible for full 100% financing. Jim Walter will build a new home almost anywhere for qualified property owners and finances it 100%. You need no cash!

3 bedrooms, OXFORD

Build the Jim Walter way ... it's wise!

It's wise to choose a builder with a flexible homebuilding plan which can be made to fit your financial requirements — instead of trying to stretch your budget. The unique Jim Walter homeowner's plan is designed to help you get the home you need while still maintaining your budget. You may purchase your new home built to virtually any stage of completion from the basic shell home to one 90% complete — offering you the opportunity to make big dollar savings by doing all or any part of the interior finishing that you wish. You may purchase interior finish materials from Jim Walter and install them yourself... purchase them installed by Jim Walter... or make your own arrangements for interior completion. It's up to you. Whether you choose the basic shell home or one 90% complete, you can be assured of getting top quality at the lowest possible price. It's what you expect when you build the Jim Walter way.

Many "build your own" people... 100% financing is now available... on Jim Walter's complete line of SECOND HOME COTTAGES

Highlands County Health Department received a sign of relief this week when official word arrived that instead of a substantial cut the department is receiving a slight boost in state funds.

Big counties had worked for new legislation which would require the State Health Department to make distribution of funds to counties on a straight per capita basis.

The legislation, which was strongly opposed by both the local health officials and the county commission, failed. The State Health Department in the 1967-68 biennium will follow its old policy of making grants on a formula which combines population and program needs.

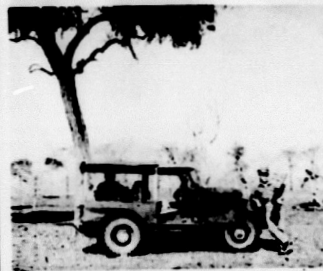

The state contribution in the coming year will be up to \$20,000. In the 1966-67 year the state provided \$24,418 for the Highlands County Health Department budget, and the county levied a tax of 125 mills for its share of the health budget.

Population growth in Highlands County has brought an increase of more than \$10,000 in the state contributions to the county health budget in two years.

Dr. J. Dillard Workman, county health director, had estimated that a straight per capita distribution of state health funds would cost Highlands County at least \$20,000 per year.

The 1966 Legislature approved a pay increase for public health personnel, but did not approve taxes to support the increase. Dr. Workman said he said the county department has two vacancies in its nursing staff and with hospitals in the area boosting staff pay, he is not optimistic about finding nurses to fill the public health posts.

The Library Corner

Do you know that 58 new young adult books have been given to our library by a young summer visitor? Miss Beverly Breakfield who vacations each summer with grandparents in Avon Park has given books about Hardy Boys and Bobsey Twins and books written by Trisxie Belden and Carolyn Keene. We wish to thank Barbara for her interest in the Francis Memorial Library.

ANOTHER SPRING written by Louisa Erdman is not another Civil War novel. Although that is the background, it is, rather, a story of displaced people — which makes it pertinent to us since we have some nine million D. Ps. around the world today. Another Spring deals with people driven from their homes in western Missouri by the Military Order Number 11, issued August 25, 1863 by Brigadier General Thomas Ewing, Union Commander of the District of the Border States.

Harried by the roaming hostile bands of southern raiders and the Union soldiers, their homes looted and burned, the Weatherlys and the Nicholls fled their lands, joining the crowds on the dusty roads, not knowing any destination. In spite of the differences in wealth, caste, race, and privilege, and even in loyalties, hope for the future — for life itself — depended on their being able to forget old ways and adjust to change.

Order Number 11 was the most drastic and repressive measure directed against civilians during the Civil War or at any time in this country with the exception of the hysteria motivated herding of Japanese Americans to concentration camps during World War II. The results of the Order Number 11 stands as the harshest treatment ever imposed on U. S. citizens during our nation's history.

Leigh Chapter Honor Vera Kirkland

The members of Leigh Chapter No. 85 O.E.S. and their families enjoyed a covered dish supper at the Masonic Temple on Tuesday evening July 18. The affair was given in honor of the birthday of Worthy Matron, Mrs. Vera Kirkland, which was complete surprise to her.

A most delicious supper was served and the honoree received many gifts and cards. Games were played and enjoyed by the sixty members who attended.

Avon Park Lakes News

Mrs. Bruce Riley and daughter Marilee returned to their home in Cocoa Beach on Wednesday after spending several days with her parents, Mr. and Mrs. Charles Bolding.

Mr. and Mrs. Paul E. Bennett and granddaughters, Sharon and Paula Sammons were in Miami last Wednesday and Thursday to visit friends and numerous members of the family.

Mr. and Mrs. Victor Gary had as their guests on Tuesday, Mr. and Mrs. Herman Newman and friends of Hollywood.

Mrs. Marion Gatten and daughter Laura left for their home in Sioux City, Iowa on Monday after spending the past two weeks with Mrs. Gatten's parents, Mr. and Mrs. John Schoen.

Mr. and Mrs. Paul Carver were business visitors in Tampa on Friday.

Birthday congratulations go to Paul Calvert on July 20th. Mrs. Frank Alley on July 22nd and to Mrs. Harold Macell on July 26th.

Mr. and Mrs. Charles Bolding were visitors in Lakeland last Monday.

Several ladies from Avon Park Lakes attended the luncheon recently at the First Methodist church to hear Miss Elizabeth Howell, a missionary on furlough from Japan, who showed colored slides and illustrated works there.

NBC FILMING
SILVER SPRINGS An underwater sequence of the NBC Award winning series "I Spy" will begin filming at Florida's official announced today. The film crew is expected to arrive at the Springs earlier to make preparation for the filming, most of which will be done in the main Springs area.

Woman Injured In Car-Truck Accident

A car-truck accident on U.S. Highway 27 at Walker Memorial Hospital last Thursday resulted in one person being injured. Florida Highway Patrolman O. L. Raulerson investigated the accident which occurred at 7:10 a.m.

Trooper Raulerson stated that a car operated by Evelyn Griffin Smith of Wauscha left the parking area at the hospital, went across the outside lane, and was going to make a U turn to go north. At this point a truck operated by Marvin Parks of Evansville, Ind. was going south and coming up behind the Smith car, according to Trooper Raulerson, and suddenly slammed on his brakes and sideswiped the 1967 Mustang.

Mrs. Smith sustained lacerations of the face and was treated at the hospital and released. She is employed at the hospital as a nurse and had just completed her shift when she was going home to Wauscha.

Trooper Raulerson stated that there was \$1800 damage to the Mustang and from \$400 to \$600 to the truck owned by the R. L. Jeffrey Company of Evansville, Ind.

Mrs. Smith was cited by Trooper Raulerson for failure to yield the right of way.

Avon Park City Patrolman Earl Gordon assisted Trooper Raulerson at the scene of the accident.

It was the second accident in two days near the hospital with the second accident resulting in no one being injured.

All year Mustang has been America's best-selling, lowest-priced bucket-seat sports car. Now it's clearance priced! So is our 67 Ford—strongest, quietest ever. So are Falcon and Fairlane. Great trades, too. First come, first save. Hurry!

NOW! YEAR-END PRICES

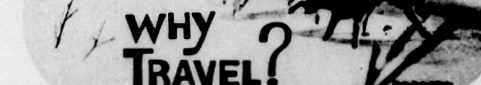

Our prices are so low we don't dare quote 'em. Big selection! Great trades. Hurry!

Save now at your Ford Dealer's

AVON PARK MOTOR CO.

AVON PARK

FLORIDA

WHY TRAVEL?

Beat the heat with flameless cooling and enjoy winter in Florida this summer!

Just now the Alaskan sun shines 24 hours a day and the temperature can hit 90°. So if you want to escape to cool comfort, your best bet is right at home—with electric air conditioning. You might as well go for a central system with a flameless heat pump for year-round comfort. Chances are you will eventually. It's the trend everywhere—and in Florida a home without heating and cooling is obsolete.

A heat pump costs less than separate cooling and heating equipment . . . and now you may save an extra \$50. Get a nice gift, too.* In a made-to-order climate, you'll feel so much better you'll wonder why it took you so doggone long!

FLORIDA POWER CORPORATION

*SAVE A COOL \$50! We'll give an installation allowance of \$50. PLUS the choice of one of a selection of attractive gifts, to any of our residential customers who replace—between April 1 and August 31—flameless heat pump with whole-house electric cooling and heating. Ask your dealer or contractor for details.

*YOUR PRICE OF GIFTS! We'll give any of our residential customers who install central ductless flameless cooling between April 1 and August 31, the choice of one of a selection of new gifts—such as a 16-lamp lamp, an Evolvex Evaporator, or a Uni-Flame Outdoor Lantern. Get details from your dealer or contractor.

HAROLD (HOSS) HICKS, Manager

SPEEDY "COKER FUEL" Says...

"LP-Gas is economical..."

Cooking costs, with LP-Gas, average as much as 53% less than with electricity. Your LP-Gas water heater will operate at half the cost of the same size electric water heater, and home heating with gas is far cheaper.

The low initial cost of installing your LP-Gas unit is rapidly paid off in fuel savings, and most gas appliances not only cost less, but their simplicity means fewer problems and fewer repair bills.

"LP-Gas is comfortable..."

Comfortable! Your LP-Gas water heater that operates at less than half the cost, heats your water twice as fast. Moreover, you have a continuous supply of hot water, even during maximum use periods.

Thermostatically controlled LP-Gas heat will maintain the temperature of your home at the level you desire while fresh air ducts insure that the air in your home is never polluted or stale.

"LP-Gas is dependable..."

You'll never have power failure, surge, or sag in your LP-Gas home. Your LP-Gas installation is all yours, and your LP-Gas man will keep a constant check to insure that the supply is always ready at the turn of a knob.

"LP-Gas cooks better..."

Ask most any housewife and she will tell you that the steady, even, blue gas flame brings out that food flavor that her family appreciates most. That same blue flame allows you to set the heat at exactly the temperature level you desire.

"LP-Gas is safe and clean..."

Fire underwriters have proven that there is less danger of fire in the use of gas than electricity.

Food particles and air impurities that come in contact with the blue flame burn rather than smoulder as they do when they come in contact with electric elements. Positive control of the heat level in gas produces less possibility of spillage and boiling over than with pre-set electric heat levels.

Compare the cost of LP-Gas with electricity.

—One gallon propane (LP-Gas) at top efficiency equals 91,300 BTU's.
—One kilowatt hour of electricity at top efficiency equals 3,412 BTU's.
This means it takes 26.7 kilowatt hours of electricity to equal one gallon of propane (LP-Gas)!

FOR EXAMPLE:

As electric rate of:	Is the same as if you used Propane at a cost of:
1.0¢ per kWh	4¢ per gal.
1.5¢ per kWh	6¢ per gal.
2.0¢ per kWh	8¢ per gal.
2.5¢ per kWh	10¢ per gal.
3.0¢ per kWh	12¢ per gal.
3.5¢ per kWh	14¢ per gal.
4.0¢ per kWh	16¢ per gal.
4.5¢ per kWh	18¢ per gal.
5.0¢ per kWh	20¢ per gal.
5.5¢ per kWh	22¢ per gal.
6.0¢ per kWh	24¢ per gal.

WHY PAY MORE FOR THE LEAST WHEN YOU CAN HAVE THE BEST FOR LESS!

"This figure is based on The University of Texas' Book One-Instructor's Guide: LP-Gas Service Training Course."
—This figure based on: LP-Gas at 75% efficiency.
The Heating, Ventilating & Air Conditioning Guide. (A recognized and generally accepted authority.)

Driving on Right The rule of driving on the right originated with pioneers of the West. As Conestoga wagons traveled west along the National Road, the teamster sat astride the left wheel horse. On meeting another wagon, he passed to the right in order to watch the space between the wheel hubs.

Registration At SFJC Scheduled For August 16-18

South Florida Junior College will begin its second year of operation with registration for the 1967-68 academic year on August 16, 17, and 18. The College has been forced to limit its proposed new programs due to the financial crisis at the State level, but has chosen to use all available funds to strengthen the currently existing areas of instruction rather than embark upon a series of additional programs which could weaken the entire college structure by spreading available support too thinly.

South Florida Junior College will maintain the quality of course offerings so that these will be no question of transfer to other colleges and universities and will continue to strengthen the library and the instructional program.

New equipment will include a complete weather station, bookkeeping machines for the business department, additional science equipment, and numerous other equipment improvements.

All classes will be limited to a size which permits student participation in the classroom. The College will continue to bend every effort toward completion of the accreditation process and is proceeding rapidly in this area.

A complete statement relating to the proposed operation of the College for the 1967-68 academic year is published elsewhere in this issue.

Applications for the fall term are still being accepted at the Registrar's Office, P.O. Box 845, Avon Park, Florida 33425.

Local Red Cross Water Safety Course Complete

Highlands County Chapter American Red Cross water safety courses have been completed under their capable instructor, Ann W. Barren.

Beginners class — John Harben, Jim Lanier. Advanced Beginners — Jim Lanier.

Intermediate Class — John Lanier, Bobby Newton.

Swimmers — John and Lana Lanier.

Life Saving Class — Ralph Lanier, Joe Franza, Don Sizemore, Kathy Bishop.

Life Saving Class — Sandra Biggs, Ralph Hall, Kay Layton.

High Graduating School class Senior Life Saving course taught by Linda Culbreath, Instructor of Physical Education at Highlands County school for girls, passed a Linker, Robin Spragins, Lien Lay, Angel Little, Duffy and Sherrie Duffy on Sebring.

All classes were thoroughly trained in Red Cross water safety.

Residents Donated 1257 Goodwill Bags

Residents of Avon Park donated 1257 bags of unwanted and repairable household materials in the six months ending June 30, to help Goodwill Industries provide jobs for handicapped persons.

As it takes seven filled bags daily to keep a handicapped man or woman employed, Avon Park has provided for nearly 180 days of employment for a handicapped worker.

With more than 550 handicapped employees at Goodwill Industries — Suncoast, 2,500 bags are used daily. These come from more than 750 deposit boxes placed in convenient super market locations in a 34-county area. Donations from Avon Park have shown a healthy increase over the same period in 1966.

"With the addition this year of a residency for out of town rainees, a workshop for the blind and with greatly extended rehabilitation facilities," Dr. Robert C. Adair, Goodwill's Executive Director explained, "an increase in donations of repairable materials will enable us to rehabilitate and train a greater number of handicapped persons than ever before."

NATIONAL GUARD Army awarded outstanding performance plaque to the Lions Club, Rodney Lane, president made the presentation to Capt. McKenzie and Sgt. Gentry. Shown left to right, Sgt. Gentry, Capt. McKenzie and Rodney Lane. Last year the local unit was the winner of the Most Outstanding Unit at camp. The unit will leave Saturday for Fort Stewart for two weeks of training. — (Sun photo)

Avon Park Lions Club Presents National Guard Unit with Plaque for Outstanding Performance

The Avon Park Lions Club presented the local National Guard unit with a plaque Tuesday night for their outstanding performance in the past.

Rodney Lane, president of the club presented the plaque to Capt. I. C. McKenzie, Battery Commander, Sgt. Gentry was also there to thank the Lions Club.

In making the presentation Lane read the following letter:

Capt. I. C. McKenzie, Battery Commander, Sgt. Gentry, 116th Artillery, FARG Avon Park, Florida.

The Avon Park Lions Club would like to take this opportunity to thank the officers and men of Btry "C" for their outstanding performance of duty as members of the Florida National Guard.

In that during 1966, your unit was awarded the Eisenhower trophy which is presented to the overall top unit in the entire State of Florida. Btry "C" also won the State Veterans of Foreign Wars award for having the best training program in the State of Florida.

From experience, we realize the amount of hard work, dedication, and leadership required to merit the award granted your unit. We take extreme pride in the fact that Avon Park has men of this caliber representing them in the overall defense of our country.

We are also proud of the fact that other people are recognizing something we in Avon Park have long known, "your Btry is dependable." Many community projects would have been a failure without the untiring efforts of your officers and men, and during severe hurricanes your unit has been the backbone of public protection. More recently, when a well furnishing water to Walker Memorial Hospital and many residences in that vicinity went dry, your cooperation has permitted a near normal operation.

The Avon Park Lions Club supports our service men wherever they may be and we are grateful for their efforts in helping to keep this wonderful country of ours free.

We as a club or as individuals, could ever be of any assistance to your unit, please feel free to call upon us. It would be a pleasure to help these men who have helped make Btry "C" the best unit in the State of Florida.

Rodney Lane, President Avon Park Lions Club; Adjutant General.

Dale Pearl Safe Aboard Ill-Fated Aircraft Carrier Off Vietnam

Dale Allen Pearl, son of Mr. and Mrs. Marvin R. Pearl flew to the Philippines last week where he boarded the disaster ship Forrestal as they left to join the U.S. 7th Fleet in the waters of Vietnam.

Dale was in the Aviation Electronics Division stationed below the ill-fated flight deck.

Mrs. Peach of the American Red Cross was advised, no action has been taken in listing the casualties and wounded until all news of him have been notified through personal representatives of the navy followed with a confirmed report by wire.

All information is in the hands of each Naval District with Highlands County coming under the Charleston, S.C. District.

Roy A. Hicks from Sebring was also aboard the carrier along with a sailor from Wauscha.

Capt. John K. Belling of Zephyrhills, Fla., skipper of the carrier, said the disaster was an accident of war for which no blame could be assigned.

"It is my personal strong conviction that no human error whatsoever was involved," Belling said, "this is one of those things that happens in the State of Florida."

Rodney Lane, President Avon Park Lions Club; Adjutant General.

Sgt. Norman Cobb Honored On Retirement at Bombing Range

A retirement dinner was held for Sgt. Norman Cobb in the dining hall at the Bombing Range last Friday night July 28. Cobb now a veteran of 20 years service in the Armed Forces was presented with a certificate of retirement from Base Commander, William Wilson of MacDill.

Cobb is one of the first to retire from the Avon Park Bombing Range according to Major Melvin R. Hardin Base Commander.

A native of Morgantown, N. C., Cobb enlisted in 1947 in the Army and after 3 years enlisted with the Air Force to complete his 20 years.

During this time Sgt. Cobb has been stationed in Germany for 3 years, Alaska 2 and one half years, France 3 and one half years, the Congo and participated in the Berlin Air Lift in 1949. For the past 4 years he has been stationed at the Avon Park Bombing Range with the Forestry Service, with responsibility of 107,000 acres.

Known to his fellow workers as "Smoker" Sgt. Cobb is married to the former Jacqueline White, daughter of Mr. and Mrs. George White Avon Park, they have three children, Mike, Sharon, and Gary.

The Cobbs plan to move to Atlanta, Ga. where he will be affiliated with one of the airlines or aircraft operations.

DALE ALLEN PEARL

war and while this may be a small war, it is a real one. At press time, word has been received by Dales parents by wire from Washington, that he is uninjured and safe.

The general fund for the general fund with a sharp drop in the last two months are increased the over-all budget for the general fund is down from \$200,000 to \$180,000.

County Hospital expense, set at \$200,000 for the current year, is up to \$210,000. Welfare costs are both up and down. Hospital and

to indigents was at \$35,000 last year, but added by Medicare and new federal funds for migrants hospitalization, the hospital and

In regular meeting Tuesday the commissioners approved for the 1967-68 year a budget totaling \$1,328,297.17 and set a millage levy of 4.5 mills, the same level as in the 1966-67 year. Final approval of the budget and the county tax levy will follow the public hearing on the budget on August 13.

Property values in the county climbed in the past year. The more than \$1 million boost in non-exempt assessed valuation to \$202,825,196 will push county income up even without an increase in taxes.

The 4.5 mill levy could, with 100 percent collection of taxes, yield \$12,737.39. Other sources of revenue have been budgeted at \$615,820.79 for the coming year.

Four out of the five parts of the budget will be supported on less millage than in the current year. The road and bridge fund is the only part of the budget which will be financed by a higher tax rate—a cent increase from 3.5 to 4.5 mills.

In the past year the road and bridge expenditures drew heavily on funds received from the sale of 41 million in certificates of indebtedness pledging race track taxes for repayment.

The biggest cut in millage is in the general fund where the levy is to be dropped from 2.5 mills to 1.8. All other millages are less than 1 mill—fire and forfeitures is down to 3 mills, courthouse renovation sinking fund 3 mills, and the county health millage is set at 17 mills.

County Health Director Dr. J. D. Workman is protesting the .08 mill reduction made in the health millage and hopes to persuade the commissioners to restore the cut before the budget is finalized in mid August.

In announcing the tentative budget and millage commission-ers said, "Even though demand for services is greater, the commissioners are hoping the expenditures will cover the needs."

They went on to point out that the 4.5 mill levy they are proposing is less than half of the statutory limit of 18 mills and "also is less than one-half of the total millage levied for all county purposes."

The total millage now is standing at 11.09 and the proposed levy for 1967-68 is up to 11.86—4.5 for the county commission, 6.5 for the county schools and 8.5 for the county health.

Slight addition to this 11.86 millage will be levied in certain taxing districts — Avon Park Lakes and the Central and Southern Florida Flood Control District.

The commissioners worked on the general fund with a sharp drop in the last two months are increased the over-all budget for the general fund is down from \$200,000 to \$180,000.

Juvenile Court expense, set at \$200,000 for the current year, is up to \$210,000. Welfare costs are both up and down. Hospital and

New Taxes To Finance '67 Budget

No increase in taxes will be needed to finance the slightly higher budget tentatively adopted by Highlands County commissioners for the 1967-68 year.

In regular meeting Tuesday the commissioners approved for the 1967-68 year a budget totaling \$1,328,297.17 and set a millage levy of 4.5 mills, the same level as in the 1966-67 year. Final approval of the budget and the county tax levy will follow the public hearing on the budget on August 13.

Clarence King Files For Re-election To City Council

City Council President Clarence King formally filed for re-election with City Clerk Lucille A. Shockey on Monday at City Hall. Mr. King is currently completing his fourth term on the Council.

Mr. King a longtime resident of Avon Park has been in business since 1945. He operates Clarence King's Discount Store.

He has been three times President of the Council and has been Chairman of committees that oversee all different departments in the operation of the City of Avon Park.

Jack Dugan the other incumbent Council member declared to the "Sun" that he will seek a second term, but has not yet filed with the City Clerk.

The deadline for filing with the City Clerk is 5 p.m. on Friday August 11.

Jimmy Doerr is the only candidate for the Mayor's race to file so far with the City Clerk.

The City Election will be held on August 14.

Cost of incompetency hearings dropped off in the past year and to get by the county, the state will be providing a larger share of retirement fund payments, and this will save the county about \$1,000, the commission reported.

Many of the items within the general fund budget remain virtually the same, but exact comparison with the 1966-67 budget are difficult because of inauguration of a new state-wide bookkeeping system.

But although they held the line budget-wise, Commissioners were put on notice by the chairman of the County Republican Executive Committee, that he is not happy and will fight to get it lowered in the public budget hearing August 15.

The budget for the sheriff's office is \$200,000, he declared. Col. W. J. Atkinson, "Why should it take nearly a quarter of a million dollars to run this department?"

A total of \$225,215 is budgeted for the office.

Atkinson appeared at Tuesday's county commission meeting and was told he could make his point at the public budget hearing. The peppy Council later spent part of the afternoon in the office of Circuit Court Clerk Earl Nuch going over budget items.

"I'm making a very thorough list of salaries and employees," said the county's top GOP politician, "and I'm going to do it in 15 places where I think they can save money."

He asked whether the commissioners received a breakdown of salaries paid by each department, and was told approximately \$400,000. Commissioner Cecil Skipper said the commission does not set salaries, but they are set by each department head.

At the beginning of the 1966-67 fiscal year the commissioners were hopeful that the year would end with approximately \$400,000 of the money from the race track bond sale still on hand.

The balance on hand October 1 probably will be \$225,000, so for the upcoming year, no expenditures have been budgeted from this fund. The commissioners are anticipating income from race track tax sufficient to pay for the 1967-68 retirement expense and \$50,000 for junior college operation, but up to \$70,000 will be transferred into the county's general fund.

In the past year the commission received a little over a half mill for a current income of \$770,000 for road and bridge work. Major improvements were financed from the race track bond money. In the coming year the road department is to operate with a \$450,000 budget. The road tax payment to the three cities—Sebring, Avon Park and Lake Wales—totalled at \$115,000 in the 1966-67 year is budgeted at \$22,500 for the coming year.

Other Funds

Although the millage is down for each of the other funds, the income for each will be slightly higher, according to the tentative budget. Fine and forfeiture will be up from \$280,710 to \$285,000. The coupon interest and sinking fund (financing for the renovation of the main courthouses and construction of the Dade County Courthouse) will be up from \$175,000 to \$227,500.

The formal budget presentation is scheduled for 7:30 p.m. Wednesday, August 23. The City of Avon Park was dissolved as a town its assets were turned over to the county as a special fund, which was dissolved by the Dade County. Its budget for the coming year will be down from \$4,000 to \$1,500.

The Avon Park Lakes District is a special fund. Its income of \$7,700 from a 2.50 mill levy on assessed valuations of \$7,700,000 was this district. Total property taxes for the Avon Park Lakes District are not at \$20,000 for the coming year.

Mr. and Mrs. Angus Walker were visitors in Sarasota last Tuesday.

The Arts and Crafts Group will meet at the club house at 10 a.m. on Thursday August 10.

Miss Jeanne Pearl is visiting her grandparents, Mr. and Mrs. Max O'Neil for several days.

Mr. and Mrs. Paul E. Bennett and grandchildren, Misses Sharon and Paula Sammons were dinner guests of Mr. and Mrs. N. B. Fowler in Winter Haven last Wednesday.

Mr. and Mrs. Frank Alley were business visitors in Winter Haven last Thursday and in Lake Wales on Friday.

The regular monthly salad bar luncheon will be held on August 3 at the club house at 12:30 p.m.

Mrs. Jack M. Calvert, son Kevin and daughter Kathy from Orlando were week-end guests of Mr. and Mrs. Paul J. Calvert. Kevin will spend a short time with his grandparents.

Congratulations to Mr. and Mrs. Louis Eika who are celebrating their 43rd wedding anniversary on August 3. May they enjoy many more here at the Lakes.

Mr. and Mrs. Clarence Rue were week-end guests of Mr. and Mrs. Ray Muir in Miami.

Mr. and Mrs. Paul E. Bennett and grandchildren Paula and Sharon Sammons spent Friday at Sandhill Island.

The regular Tuesday Club Night was held at the club house with Mrs. George Burroughs serving as hostess. Mr. George Burroughs was celebrating his birthday anniversary on that day with birthday cake and song.

Mr. and Mrs. Orville Cassette have returned home after a five week trip in the north. They first went to Fenelon, Mich. where they attended the triennial school reunion and spent three weeks visiting relatives and friends there and in Detroit. They then drove to Lake Wales on Friday.

Mr. Cassette's former home at Rouses Point, N. Y. where they met his brother and sister and visited for a few days before going on to Montreal to visit Expo 67. After leaving Montreal for a few days, they went to a visit and to leave Mr. Cassette's sister and her brother who flew to his home in California. On the return trip home they visited Mr. and Mrs. E. H. Rose, at their Michigan home.

Melanie George Burroughs and Gene Bailey were in Winter Haven on Thursday to attend the potluck luncheon of the Sunshine Life Members of the Telephone Pioneers which was held at the Winters Club.

Mr. Harry L. Taylor died suddenly with a heart attack at the home of a neighbor on Saturday afternoon. Mr. and Mrs. Taylor came to the Lakes in 1959 from Miami and Mr. Taylor entered the home construction field with his Taylor-Male Homes. Mr. Taylor was born at Shamokin, Penn. January 21, 1905. Following his marriage to Mrs. Taylor in Massachusetts they lived in that state for some time and later in California and Mexico before coming to Miami. Mr. Taylor was connected with the entertainment field for many years especially in the days of the Keith and Orpheum vaudeville circuits and numbered among his friends many of the old time stars, some of whom are still active on stage and screen. In Miami he had been engaged in newspaper work for a number of years.

In addition to his wife Mr. Taylor is survived by two sisters and a brother who reside in Harrisburg, Pa. Funeral services were held at the Scott-Smith-Stephenson Funeral Home on Wednesday morning following which the body was taken to Orlando for cremation.

Their dance routine was out-of-this-world and wildly enjoyed by the group. — (Sun photo)

Speed Up Social Security Checks

"You can speed up payment of your first social security check by following a few simple suggestions," W. E. Arnold, Social Security District Manager, said today. He suggested that people considering retirement should first find out of time how much they can expect in social security benefits and what papers and documents they will need when they apply.

By inquiring before you retire, Arnold said, "you help us to get your social security payment to you promptly. You can, for example, find out whether you already have on hand a document that may be acceptable to prove your age."

Arnold also suggested, "the early and bring evidence of last year's claim two or three months before you actually retire, so there will be adequate time to request any needed information not readily available. Besides your social security card, you should bring evidence of last year's earnings. If you worked for wages, this can be your W-2 form. If you were self-employed, your tax return and cancelled check or money order stub will be needed."

"If a document you will need to bring some proof of your age. You may not have an original birth certificate, but you probably have other records at home that show your age or when you were born. These records may be a delayed birth certificate, an old insurance policy, a family Bible, a passport. Any of these will help to prove your age. Don't put off filing just because you have no proof of age," Arnold said.

Government

Increases Land Holdings In State

The federal government has increased its holdings of property in Florida by more than half a billion dollars during the past five years, the Florida Chamber of Commerce reported. Federal holdings in the state were valued at \$1,700,000,000 on June 30 last year, the latest inventory date. This total figure is a 43 per cent, or \$514 million, more than in 1961. About 13.3 million acres of land in Florida is in the Everglades National Park and almost one million acres are in national forests. Most of the balance of the total holdings is under Defense Department ownership.

SHUFFLING
On Wednesday there were twenty players and on Saturday there were eighteen players in the tournaments. Don McAlexander and Grace Rimbly were in the main event on Wednesday. Charles Fetherman and Tom Clarke were the counterparts. Congratulations winners were Herb Wooten and Eva Chamberlain. Don McAlexander and James Chamberlain.

CARL GAMES
High score in Pinch on Monday went to William Benson with 466. Second high was Ann Janke with 355. Four tables were in play.

DANCES
The same few enjoy the popularity of the dances on Friday evenings with both round and square dancing.

SUPPER
The Fred Robinsons were moving from the supper on Saturday evening. They were visiting their son and family in Miami. Alice Lane makes the hostess.

VIA THE GRAPE-VINE
James Bensonman of Del Rio, Tex., visited his daughter and her two sons for a week. The Benson family is attending Expo in Montreal in October. After their return to Avon Park.

It is a card to Bill Kennel the Paul Hoppes spent a very fine summer in their home in Eden, N.Y.

Arthur and Linda Poling are spending the summer at their home in Rochester, Va.

Mrs. Pollard Hooks 80 Pound Tarpon In Gulf

While fishing from Capt. Jim Thompson's chartered boat, in the gulf off from Everglades City, Mrs. A. A. Pollard hooked an eighty pound tarpon, 5 ft. 6 inches long. With the aid of Mrs. Ellen Crews, the fish was landed. After taking a series of pictures, the fish was returned to the gulf, while still alive.

Mr. and Mrs. C. C. Peebles, Jr., accompanied the Pollards and Crews on the trip. They all caught many snook and red fish which were brought home.

Mrs. Pollard and Mrs. Crews report the thrill of a life time after landing the tarpon.

Girls Needed On Aerospace Team

Sgt. Paul Smith, Air Force Reserve, this week announced that more women in the Air Force WAF are needed to fill highly technical jobs on the aerospace team.

The role of WAF in our country's defense is becoming more vital than ever before, said Sgt. Smith. They now perform a more than 100 different specialties.

Young women between the ages of 18 and 27 who are high school graduates are eligible. They must qualify on a mental test and physical examination before their application is forwarded to a selection board. WAF are assigned to 28 Air Force bases in the United States and they serve overseas in England, Germany, Hawaii, and Italy.

For more information without obligation, on the WAF program, contact Sgt. Smith at 124 South Tennessee Ave., Lakeland, or telephone 962-9857.

Scholarships Available In Agriculture

Those planning to continue their education in agriculture can get an assist by trying for the annual \$500 scholarships offered by International Harvester to six national award winners. Along with the scholarship goes a trip to Chicago and the National 4-H Club Congress. Each state winner receives this trip award.
To be eligible for the state and national awards, the 4-Hers must have completed three years of club work and be over 14 years of age.
For members, ages 9 to 19, agricultural medals are given for best achievement within the county. An estimated 7,000 will be presented this year according to the National 4-H Service Committee, which distributes 4-H medals to all 50 states and Puerto Rico.

THE NEW Office Building of Highlands Cable Television Corporation located midway between Avon Park's Food Fair Shopping Center and Sebring's Southgate Shopping Center

on the west side of US Hwy. 27. Left to right: Henri Bertemes, W. Clarke Swanson, Jr. president and Larry Hooper. — (Sun photo)

Highlands Cable Television Moves Offices To New Location

Announcement was made by W. Clark Swanson, Jr., President of Highlands Cable TV that they have purchased five acres of land on the west side of U.S. Highway 27, located midway between Avon Park's Food Fair Shopping Center and Sebring's Southgate Shopping Center.
The company's present offices in Sebring and Avon Park were formally closed on Tuesday and the staff immediately moved into their new office headquarters.
As has been the case previously, Mr. Swanson stated that monthly payments can be made at our new and modern office facilities, through the mail, at the Avon Citrus Bank or at the Tropical Bank and Trust Co. The company's mailing address and telephone number will remain the same for both Avon Park and Sebring customers.

Civil Service Openings

Interagency board of U. S. Civil Service examiners has issued Civil Service announcement No. AO-6062 for the position of mess attendant and food service worker with starting salaries ranging from \$12.50 to \$21.50 per hr., to previous experience is required. Registrants established will be used to fill positions at the Avon Park Bombing and Gunnery Range as well as in other federal agencies in the state of Florida East of the Apalachicola River. Application forms "CSO 5000AB" and further information concerning these positions may be obtained at the post office in the State of Florida and should be mailed to Interagency Board of U. S. Civil Service Examiners for Florida, 123 S. Court Ave., Orlando, Fla. 32801.

Vietnam Vets

St. Petersburg — M. T. Dixon, of the Florida Department of Veterans Affairs, urges veterans of the Viet Nam era, who are unemployed, to contact their local Veterans Employment Representative in the local State Employment Service Offices for job counseling and employment placement.
Employment counseling and testing is provided when needed, and priority for referral is appropriate training programs and job openings for eligible veterans with first consideration given to the disabled veteran.
This is a service rendered by the United States Department of Labor, and administered by the State Employment Service.

Booklet Offered American Cancer Society

How Floridians can help guard themselves from being one of the 40,000 Americans who will develop skin cancer this year is told in a pamphlet, "Sense In The Sun," offered without cost by the American Cancer Society.

The pamphlet points out that excessive exposure to the strong rays of the sun is an acknowledged cause of most skin cancers.
Protective measures are quite simple according to the text: take your sunshine in small doses — don't let yourself sit in the sun. If you expect to be outdoors for lengthy periods (whether at work or play), wear a broad brimmed hat, a long sleeved shirt, slacks (preferably rather than shorts). If you plan to be on the beaches, take along a beach umbrella, rent one or find a location where you can take intervals in some shady spot. And there are some lotions and creams available for skin protection — but read directions for application frequency.

Yet another suggestion is: if you find certain unusual skin eruptions, a sore that doesn't heal, change in wart, mole or birthmark with irritation, don't try to "doctor" yourself. Consult with your physician. Chances are it isn't a malignancy, but should it be, remember skin cancers are highly curable, if detected early and given prompt proper treatment.

As a public service, besides offering free pamphlets concerning skin cancer, a color sound film, "Sense In The Sun," is available. Clubs, organizations and employee groups may arrange for a film showing program at meetings. Advance bookings may be made by contacting any of the American Cancer Society's offices located in twenty key Florida cities.

Air Force Offers Travel Opportunities

Air Force Sergeant Paul Smith announces that Highlands County female college graduates, interested in travel opportunities, within the United States and overseas, should contact him immediately.

The Sergeant stated that women officers on the aerospace team have thirty days paid vacation each year and may travel anywhere in the free world on Air Force planes at no cost to themselves.

Many vacancies now exist for female college graduates to serve as commissioned officers in the Air Force. Girls possessing any baccalaureate degree, that are interested in the program, can contact the sergeant at 124 S. Tennessee Ave. in Lakeland or call him at 682-8857.

THIS MIGHT look like a comic strip but this is "RUNT" Hunting dog of James O'Berry on Winfred St. climbing an oak tree after "Tom", house cat of the family. "Runt" a two year old cur and red bone hound just likes to climb trees when in pursuit. — (Sun photo)

SOUTH FLORIDA JUNIOR COLLEGE
AVON PARK, FLORIDA
REGISTRATION and ORIENTATION August 15 thru 18
DAY AND EVENING CLASSES BEGIN August 21st
The South Florida Junior College, Avon Park, Florida, announces the following plan of operation for the 1967-68 academic year following restoration of 18.1 million dollars to the state junior college minimum foundation program by the recent special session of the Florida Legislature:
1. South Florida Junior College will offer a full complement of college transfer courses at both the freshman and sophomore levels.
2. South Florida Junior College will continue technical-terminal programs in agriculture, secretarial science, and general business, but will not attempt planned additional programs of this nature until additional financial support is available.
3. The College has been approved as the adult vocational-technical center for this area. Programs in this division will of necessity be very limited this fiscal year.
4. If the demand warrants, a limited extension program will be continued in Lake Placid and Wauchula.
5. A proposed non-credit community service program will not be put into effect. Interested persons are invited to enroll in regularly scheduled classes, on a non-credit basis, where space in these classes is available. Space in laboratory science classes is already critical.
6. In an effort to keep faith with our students and their parents, we will endeavor to operate during the fall trimester on the fee schedule as published in the current college catalog.
7. The College will continue to accept applications from prospective students. Due to the uncertainty which has prevailed relating to the Florida system of junior colleges this year, late application fees will be waived through August 11, 1967. After that date, late applicants will be charged the additional fee.
Complete schedules available in registrar's office; TELEPHONE AVON PARK GL 3-6662 or write BOX 845, AVON PARK.

LT. BOB TURNER

Mrs. Maude Lockett's Grandson Is Custodian of Inflatable Hospital

Lt. Bob Turner, grandson of Mrs. Maude Lockett, serving in Tay Ninh South Vietnam, shown outside the hospital at the back door where he is stationed as Custodian of Hospital Records for the world's only inflatable combat hospital, featured recently in "Time" and "Look" magazines.

This hospital received a real baptism of fire in the jungles of South Vietnam. The \$2-million complex of air-filled operating rooms, laboratories and surgical wards was trucked into an abandoned topiaria plantation 90 miles northwest of Saigon near the Cambodian border.

John A. Clark Died Wednesday

John A. Clark, 87, died Wednesday. He came to Avon Park in 1949 from Charleston, W. Virginia, was a retired supervisor for the United States Gas Co., was a member of the Salvation Army and of the Masons Lodge.

Survivors include his widow, Mrs. Rena Clark, one daughter, Mrs. Ruby White, Gold Springs, Ky.; one son, Howard Clark, Avon Park; two brothers, Frank and William Clark, Charleston; four sisters, Margaret Hanes, Ft. Pierce, Edna Petteyman, El Joleau, Rev. Russell Howard, Rev. H. D. Goetz, Maj. Lloyd Lovestadt, officiated.

American Legion and Masons Lodge had charge of graveside services. Scott Stephenson, South Funeral Chapel, burial in Bougainville cemetery, Ft. Pierce.

Funeral services were held Sunday Aug. 20, 2:30 p.m. in the Scott Stephenson, South Funeral Chapel, burial in Bougainville cemetery, Ft. Pierce.

Harry Taylor Died Saturday

Harry Taylor, 72, died Saturday, July 29. He was a native of Shamokin, Pa., and came here from Miami eight years ago.

He was a veteran of World War I and a retired newspaperman.

Survivors include his wife, Mrs. Ella Taylor, two sons and one daughter in Harrisburg, Pa.

Funeral services were held Wednesday morning, 10:30 a.m., at Maude Funeral Home, who had charge of arrangements.

R. R. Albright Died Friday

Richard Ralph Albright, 79, of 923 W. Hill, died Friday, July 28. He was a native of Martins Ferry, Ohio and came to Avon Park twenty years ago.

He was a Lutheran, a veteran of World War I and was a steel worker prior to entering the service.

Survivors include one daughter, Mrs. David Hilligan of Mount Pleasant, Ohio; one son, Wayne W. Albright, of Avon Park; one sister, Mrs. Mary Keenan of Martins Ferry; one brother, William T. Albright, Coleman, Ohio and seven grandchildren.

Viewing was held at the Middle Funeral Home until Tuesday, Aug. 1, after which the remains were forwarded to Healy Funeral Home, Martins Ferry, Ohio for services and interment.

Middle Funeral Home in charge of local arrangements.

Roy Taylor Injured In Fall

Roy Taylor, owner of Southwestern Motel, has been seriously injured as the result of a 20 foot fall from a roof and by the Goodrich South, Asheville, N.C.

He received a fragment fractured pelvis and double fracture of the left leg.

He is in traction at Walker Memorial Hospital for the next 6 to 12 weeks.

South Florida Alumni Meet

South Florida Alumni Chapter of Alpha Gamma Rho Fraternity met for a dinner meeting at Griffin's Restaurant in Avon Park, Saturday night, July 29.

Vaughn Rogers, president of the meeting and introduced the following guests: Mike Smith and Jimmy Knight both of Bowling Green, Wm. Leon Toke of Sebring, Mrs. E. L. Padgett of Avon Park, Mr.

and Mrs. C. C. Padgett of Pensacola, Mrs. Ann Rogers of Sebring, Mrs. Vaughn Rogers of Wausau.

Each member gave a resume of his life and present activities. New officers elected were: Mr. Leon Toke, President and Mr. Jimmy Downing, Secretary-Treasurer, both of Sebring.

Lynn Hardin On Dean's List

Lynn Hardin of 30 East Thomas St., has been named to the spring semester Dean's List at Saint Francis College in Lucerne, Pa.

A sophomore French student, she attained a 3.5 quality point average. 4.0 is considered a perfect average.

Col. Wayne W. Albright and family.

Card of Thanks

Our sincere thanks to Dr. and Mrs. Laven, Mrs. Richardson, E.N. Mr. Trim, Mrs. Tomber, staff and patients of Walker Memorial Hospital for kind services extended during our recent sorrow.

Thanks to our many friends for their cards and letters of comfort.

Col. Wayne W. Albright and family.

IMPORTANT! Highlands Cable TV MOVING NOTICE

Highlands Cable TV has purchased a new office on the west side of Highway 27, located midway between Avon Park's Food Fair Shopping Center and Sebring's Southgate. Effective August 1st, we will move into our new quarters, and our present offices in Sebring and Avon Park will be closed.

As has been the case previously, monthly payments can be made at our new office, through the mail, at the Avon Citrus Bank or at the Tropical Bank and Trust Company. Our mailing address and telephone number will remain the same for both Sebring and Avon Park.

We cordially invite you to visit us at our new location.

**The Things
We Say**
By RUBY SHANNON

In this modern day, it is
hard to find a teetotaler, that
is, a person who abstains
totally from drinking alco-
holic beverages.

The expression originated
about 1815 when a temper-
ance society in Hecol, N.Y.,
pledged themselves to abstain
from distilled alcohol. A later
pledge bound these same
citizens to abstain from all
alcoholic beverage, be it dis-
tilled or not!

Signers of the first group
were designated as O.P. for
"Old Pledge," while signers
of the latter group signed
T for Total Abstinence.

The temperance movement
grew. The T was empha-
sized and members were
called "T-Total" abstainers,
or "Teetotalers."

Anonymous who remain in
good standing are about the
only teetotalers we hear
much about today.

A secret is something
that burns a hole in a
woman's silence.

Dietitians and account-
ants are in trouble if they
don't keep their figures
straight.

Friendship, like a kiss,
must be shared to be
enjoyed.

Now Johnny is ready to try an armstroke (the human stroke) and combine it with the kick and breathing to do complete stroke on the front. Arms are kept below the surface. As he moves his right arm forward, he turns his left out of the water to breathe, as in this picture. His kick is in regular motion.

'FLYING CRANE' saves thousands of man-hours in valuable construction time in Vietnam. Here the CH-54 places an 18,000-pound bridge span on pillars for a structure across a South Vietnamese river.

Jack R. Scims
Chloe Lookho
Receive Degree

The University of Florida will grant degrees to students who have completed the 1966-67 academic year closes August 31. Chloe Lookho, will receive her Master of Education degree and Jack Roy will receive his BSA degree at this time.

Candidates for degrees include 1,548 men and women. The Graduate School is scheduled to award 62 degrees - 108 for Doctoral and 540 Master's degrees or Specialists in education.

The remaining 417 degrees are appointments among University's 14 academic units. Graduates this month will be honored at the annual commencement ceremonies next June.

Judge Rehner
Information

At last week's County Commission meeting, the lands County Board of Supervisors stated that a public report made on salaries received by county employees, this report was a statement being to the news media by Judge Rehner. Rehner's report was a statement being to the news media by Judge Rehner's report.

He stated, "I was startled to read that none of the salaries of the County employees ever reported. I was surprised to find that none of the salaries of the County employees ever reported. I was surprised to find that none of the salaries of the County employees ever reported."

Judge Rehner further stated, "In fact, my payroll records, as all other records of the office of the County Judge, are open to the public at all times. I have felt that holding public in a public trust and the public is entitled to know how am spending their money. My payrolls have been in the public trust and the public is entitled to know how am spending their money. My payrolls have been in the public trust and the public is entitled to know how am spending their money."

At last week's County Commission meeting, the lands County Board of Supervisors stated that a public report made on salaries received by county employees, this report was a statement being to the news media by Judge Rehner. Rehner's report was a statement being to the news media by Judge Rehner's report.

The board also told the board that although salaries of county employees are a matter of public record, the budget did not include and the commission has record of them.

Commissioner Cecil P. per stated that it was not policy of the board to each department's salary and that salary scales left up to the head of department.

Col. Atkinson told the of county commissioners salaries should be made public and available at all for information to the public. He asked the board for
