BOBBY RUNNER, 15 year old son of Mr. and Mrs. Paul H. Runner, E. Pine St., is counseled by Harvey H. Jackson III, Director of Student Personnel at South Florida Junior College. Bobby was the recipient of the \$200

scholarship from the Avon Park Junior Woman's Club. It was awarded mainly on need, character and scholastic ability. He will be a full time student and works at the Highlands Poultry Farm after school hours.

Special Election Called For Wet-Dry Issue

Highlands County voters will go to the polls October 17 to decide whether the county will be wet or remain the way it is now, with package sales only permitted.

Highlands County Board of Commissioners meeting in special session Wednesday morning, set the date for the vote, which will require a special election. Voters will be asked:

(a) to decide whether the sale

of intoxicating liquor, wines or beer shall be prohibited or permitted in Highlands County.

(b) to decide whether such sale is permitted by said election shall be by the package or whether said sales shall be by drink on the premises as well as sales by the package.

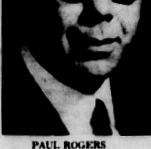

The Board of Commissioners accepted the petition Wednesday morning from George E. Sebring, III, who stepped in as chairman of the group seeking the election when it became necessary a last minute push was needed to get enough names to force a referendum. Also there were H. G. Green and Brad Brown.

The 26 names obtained by

interested persons stationed the past weekend at Southgate Shopping Center and other busy spots in the county did the trick. Supervisor of Elections Roland X. Druitt suggested October 17 as the election date. This is just three days before expiration of the 60 days allowed from the time the commission accepted the petition.

Before accepting the petition, County Attorney H. W. Nunnallee, noting that "anything of this kind is open to post shot," called the Attorney General's office for an opinion on whether the collection of petitions handed in constituted a single petition as

(Continued on Page 2)

Paul Rogers
New Highlands Representative

Paul G. Rogers of West Palm Beach, is serving his seventh term as representative in Congress from the newly designated ninth district of Florida.

Highlands County for the first time is in the Ninth and will be voting on Rep. Rogers at the congressional elections in November, 1968.

A Democrat, he succeeded to the post served by his father, Dwight, for 10 years, after the father died in 1962. He was elected in a special election in January, 1964.

Congressman James Haley, who has represented this district for many years, has discussed matters of mutual interest with him. Cong. Rogers wrote from Washington.

He has indicated his full cooperation with me should I have the honor of representing the county in 1968, Rogers declared. "Highlands is distinctive in its attractiveness, and shares with the other parts of our district a strong interest in tourism, citrus and cattle. These economic matters are shared by all the counties in the new Ninth district and should make our area one of the leading districts in the state in these categories."

Red Devils Begin Training For First Game With Lake Wales

Prospects for the Red Devil football team reported for physicals Wednesday, Aug. 16, and then got down to work with conditioning drills last Thursday and Friday afternoons before taking on double session practices this week with early morning and late afternoon drills.

Head football coach and athletic director Joe Franz, who faces the 1967 season with only one regular returning from last year's state runner-up team, put the boys through a vigorous conditioning program hoping to get the young boys in shape for the opening game with Lake Wales on September 15 here at Memorial Field.

Working with Franz and the varsity prospects are backfield coach Ralph Hill and line coach Dale Landress and junior varsity coach Larry Pickett and newcomer DeWayne Lemler, who will be "B" squad backfield coach. Lemler, a graduate of Avon Park High School, joined the high school faculty this year as a mathematics instructor and will assist with the sports program. Lemler was voted the outstanding senior athlete the year he graduated from APHS.

Fifteen boys were lost from last year's squad by graduation. Backs Emmitt Money, Harold Callaway, Bobby Barben, Earl Sims, and linebacker Steve Bennett, John Wright, Hoppy Reavis, Joe Strickler, Steve Weber, Andrew Wells, Roscoe Bass, Charles Talley, passing attack, and Carl Barnes will all need to be replaced this season. Only fullback Dean Lemler was out sweating out the workouts hoping to find a starting position on the team this year. Prospects for the backfield along with senior

working for a line position are Chuck Long, Louis McNeil, Curtis and Gene Hulen, Sam Jones, Lorenzo Nelson, Charles Peoples, Bill Jackson, Joe McKenzie, John Alwood, E. Reck, Bruce Griffin, James Rueland, Jim Nunnallee, Horace Watson, Robert Crews, Frank Sherrett, Tommy Townsend, and Tim Braxwell, a transfer from E. O. Douglas school played starting center for that school last season.

Several of the prospects have put on some weight over the summer. Denny Montadooca, the leading candidate for quarterback, gained from 126 to 140 pounds. He stands only 5 foot, 6 inches. Chuck Long, an end with some experience, went from 136 pounds to 172 over the summer. Ed Reck and John Alwood weighed in the heaviest at 219 and 215 pounds. Charles Peoples and Robert Crews weigh right at 195 and Jim Nunnallee hit the scales at 188 pounds this season. Bill Jackson is 5 feet 9 1/2 inches and 179 pounds of solid muscles waiting to be ignited into action this fall.

During the next three weeks of practice the Red Devil coaches hope to mold the group into a team capable of taking on the tough schedule set for them. Fans hope that a line well developed can hold the opponents and open the way for the running of Lemler and company and protect the quarterback enough to assure some passing attack. Two practice sessions daily are set until September 5 when school opens and then the team will practice in the afternoons.

Local National Guard Unit Has Riot Control Training

Members of the Avon Park National Guard unit returned from two weeks of their annual maneuvers at Fort Stewart, Ga. near Savannah, 61 enlisted men and five officers headed by Captain I. C. McKenna consisted of the local unit.

The first week of training featured service practice and training. For the first time at the request of Gov. Claude R. Kirk and officials at the Pentagon in Washington, the local unit and other Florida National Guardsmen were given a comprehensive training on coping with riot control.

The second week was taken up with four day tactical house and field exercises. The entire group participated in all field exercises but the house exercises.

The Avon Park Unit was rated superior for overall performance and won the best dressed soldier award in overall competition with all other Florida units. The local unit presented Specialist Rust Miller of Rt. 1, Wauscha, who was voted the best soldier.

The local unit during the two weeks of training traveled over 100 miles of motor marches and the unit did not experience any serious injuries or accidents.

Classes Being Offered In Civil Defense

Highlands County's Civil Defense director, Jim Lawson, this week renewed his appeal for persons to get busy and take some of the classes now being offered.

A personal survival in disaster class will be given at the assembly room of the Courthouse Annex August 28 and 29. Both are six hour sessions, beginning at 9 A.M. and will be taught by J. W. Anderson, CDAF area consultant, of Jacksonville.

Any adult who is interested may take the course. Lawson pointed out it is especially recommended for teachers of science, social studies and physical education.

Those successfully completing the course may then obtain the needed materials in classroom quantities for use in their 9-12 grade classes. They also will be eligible for employment as instructors in appropriate adult education classes.

A second school for radiological monitoring starts at 7 P.M. August 28 at the annex. The attendance at the first school, eight persons—was "disappointing," Lawson said, since he feels this area needs about 40 monitors. There is no charge for the course.

Steve Roberts Appointed To Teleflora Board

Mr. Bob Wells of Miami, President of Teleflora National Wide Organization of Florists has appointed Steve Roberts of Edge Florists to the Board of Directors to fill the vacancy of Pauline Rivkind, deceased, from Petaluma, Calif.

Other directors are Dorothy Saunders of Orlando, Rena Marvin of Ft. Lauderdale, Elina Glass, Pensacola and Hazel Archer, Plant City.

Teleflora is a wire service serving the world, with over 8,000 members in the United States.

Interest Mounts In Avon Park Election

Interest is beginning to pick up daily in the September 12th Avon Park City election. Two candidates are in the race for mayor. And five are in the battle for the two council seats.

Mayor E. A. DeLaney is retiring from public life when his ninth term expires on Saturday, Sept. 30. Two former city councilmen are vying to succeed the veteran incumbent. Clarence King and Jack Dugger, have filed for re-election to their council seats. King is seeking a sixth term and is currently finishing out his third term as council president. Mr. Dugger has entered the council

derby for a second term. The three challengers in the council race are all newcomers to Avon Park politics. Milton Howard, a railroad employee of long standing was the first of them to file for the race. Wayne Knowles, an insurance man and life-long resident of Avon Park, was the next to file. Just before the deadline Rodney Lane, a partner in a record and TV store, entered the municipal field.

There are 3251 eligible voters for the city election. Two polling places will be utilized by Highlands County Registrar Supervisor Roland X. Druitt. The two polling places will be at the Tourist Club and on South Delaney Ave. for the negro voters.

Reserved Seat Tickets Go To Public Sept. 5

Reserved seat tickets for all Red Devil home football games will go on sale to the general public September 5 at the high school gym office. They may also be purchased at Leon's Sporting Goods, Albritton's Barber Shop, or Higgins's or Skinner's Service Stations. Members of the Avon Park Athletic Association also are selling the bargain season tickets.

The Red Devils open the season September 15 at Stadium on September 15 against the Lake Wales Highlands.

Season tickets for the five home games may also be purchased for \$6.50 at the high school office or the gym.

A series exploring telephone service in this area, which brought out a number of complaints, concludes this week in The News, page 3C.

L. E. Travis, president of Inter-County Telephone Company and United Telephone Company of Florida, stated that the decision to ask for higher rates was made after careful and involved studies indicated the absolute need. "No one likes to raise their prices for services or commodities, and we're no different from anyone else," he said.

The materials and supplies that we must buy have risen in cost in most of its local exchange rates and its miscellaneous equipment offerings. The increase requested would increase the company's annual net income by some \$1,291,000 after federal, state and local taxes.

Travis called attention to the basic philosophy underlying an increase in rates by saying that rate increases are a necessary part of the increase, but to enable the company to accumulate funds for the improvement of service and expansion.

The area served by Inter-County has historically been considered to be one of the most explosive growth situations in the entire country. We are happy to have the obligation of providing

Rate Raise Asked By Phone Co.

The Inter-County Telephone System filed Wednesday for a general rate increase for its service with the Florida Public Service Commission, citing unprecedent growth and soaring costs.

The Sebring News, in an exclusive story, revealed two months ago that the company was considering asking for a rate raise. The raise would be system wide—some 15 counties.

The matter will go before the Florida Public Service Commission which will call a public hearing. A rate increase passed by the 1967 Legislature, the commission now is permitted for the time to take the quality of service provided by the company into consideration when setting rates.

A series exploring telephone service in this area, which brought out a number of complaints, concludes this week in The News, page 3C.

Two Car Wreck On U. S. 27

Sunday, Aug. 26, at 2:20 P.M. at Art's Market on U.S. 27 South of Lake Placid a car accident damaged two cars and injured several occupants of both cars.

It was reported that driver, Allen LaPlam, about 42 of Avon Park, a white mustang driving a 64 Oldsmobile received estimated damage of \$800 to the front. In car No. 2, Rosa Gay Reynolds, white of Sarasota, age 37, driving a 63 Ford received approximately \$500 damage to rear.

The only injury in the LaPlam car was Mary Nell LaPlam who received a knee injury. In the Rosa Reynolds car Evelyn Barter received leg injuries, Jessie Barter received lacerations, and Walter Reynolds lacerated head. All were admitted to Highlands General Hospital. Rosa Reynolds received a back injury, but was not admitted.

LaPlam, driver of vehicle No. 1 was charged with passing when vehicle No. 2 turned into Art's Market, and vehicle No. 1 hit No. 2 in the rear, both on the North lane of the highway. Rosa Reynolds was charged with improper changing of lanes. The accident was investigated by Trooper C. L. Rasmussen assisted by deputy sheriff Charles Barker and Lake Placid Chief of Police Charles Williams.

Stretch of 27 Completed

An eight mile stretch of four-laning on Route 27 starting a half mile north of Sebring and going South, has been completed and opened to traffic.

Which means that local people who have become accustomed to using just one lane out around Southgate had better get accustomed to using two lanes, or brace themselves for some fierce scratching.

Police Chief Lennie Curt said that people are catching on fast and "we haven't found anyone driving the wrong way lately."

Eventually, Route 27 will be four-laned completely through Highlands County some time within the period from July 1, 1967 to June 30, 1968, contracts must be let to four-lane the 6.3 mile stretch from Farmington Drive North to Avon Park and the 5.6 mile stretch from Route 98 South to Lake Hendry Drive.

Much of the road shoulder landscaping is finished, but work on this is still going on at the North end of the eight mile stretch just opened. Some ditches still are being graded.

No work has been done on the beach area West of Sebring, but city councilmen hope soon to discuss this with state road officials. Attempts now are being made to set up a meeting.

Some congressmen and union of the name white people by their actions to indicate that this is back of the country. Cheerleaders Attend Clinic In Clearwater

The Avon Park varsity and junior high cheerleaders attended a National Cheerleader Association Clinic sponsored by the Florida High School Activities Association in Clearwater last Monday.

The clinic was directed by Mr. Robert J. Shields, an official National Cheerleader Association instructor for the past nine years. The girls from the Clearwater area received instruction in cheerleading techniques and yells with evaluation and suggestions from the instructor after presenting squad yells.

Varsity cheerleaders attending the clinic were assistant captain, Celia Albright, Pat Holden, Regene Weber, Robin Padfield, and Melonie McClure. Junior high cheerleaders who made the trip were captain Joyce Strickler, Susan Frazee, Patty Turnbull, Connie Elder, Celia Elder, Kathy Kirkland, Linda Heintzel, and Joanne Young.

Horse Racing

The Athletic Institute in Chicago has just released U. S. sports audience figures for 1966, which it gathers from the official books governing each category. Here are the rounded top figures defined as "paid attendance at spectator sports."

Horse Racing, 68,865,454; Auto Racing, 29,300,000; Baseball, 20,103,481; Football, 34,527,742; Basketball, 19,694,048; Greyhound Racing, 11,120,293; Wrestling, 4,630,000; Hockey, 2,941,164; Track and Field, 2,900,000; Soccer, 2,500,000; Boxing, 1,883,000.

Some few issues of this paper I mentioned the fact that the Roman Emperor Hadrian had constructed a systematized set of Roman laws and judicial decisions in to something like order and fairness. His work was especially favorable to the lot of women, who, before this, had been "just a little lower than the angels," but not very much better than a broadsword and something to sweep around with other men, who might want a more desirable "wife."

The Emperor, Justinian, who saved most of the wreckage of the old Roman Empire and was located at Constantinople, went a great deal further than Hadrian and, using that man's work as a foundation, codified the Civil Law of Rome, which is the basis of modern jurisprudence all over most of the civilized countries. During his rule, two great generals of his conquered about half of the old Western Empire and made a part of the Roman Empire again. He also built the Cathedral of St. Sophia.

Now a Mahomedan mosque. Two Christian missionaries brought eggs of the silk worm from China, which led to a great industry in the country. The ladies ought to find the names of these missionaries and put their names in the Hall of Fame.

Tristram, a lawyer, drew up the first "Code" of Laws, the second is called the "Digest," and to these there was added a third, called the "Institutes," a treatise on principles of law for students. This work is considered the most precious gift of Rome to the modern world.

Justinian married a lady of dubious reputation, who did some acting on the stage, but I should not mention this, as it got him into with some of the church people, who, however, praise Solomon, who had four wives, nine hundred wives and lady companions, and King David who had about twenty, more or less, and one of them he obtained by having her husband killed in battle, so he could get a fresh wife.

Pesticide Law May Slow Citrus Exports

Millions of dollars worth of Florida fruit and vegetables may be shut out of German markets because of the aid pesticide residue baggage.

In fact, U.S. communities may have a tough time all over Europe if the European Economic Community (EEC) decides to adopt uniform tolerance levels for imports. However, since members' views on pesticide tolerances vary somewhat, progress on the EEC pesticide law has been slow.

In the meantime the German law covers citrus fruits, deciduous fruits, leafy vegetables, root vegetables, tomatoes, melons, and green beans. Together, such products account for a large part of U.S. agricultural exports to Germany. Entomologist Harnes Shapiro stated:

U.S. tolerance levels, in comparison to West Germany's, range from two to seven times greater. Shapiro labeled the new German tolerance as "unreasonable" and cited recent food and drug administration studies which have again shown that residues in America foods have consistently been well below tolerances set as safe for human consumption.

New chemical tolerance laws are being studied by USDA's Foreign Agriculture Service. Steps are being taken to provide Germany and other EEC member nations with needed information on pesticides and foods not yet covered by the law as well as safe tolerance levels, he said.

Shapiro hopes that these measures will result in tolerances well within the limits of safety and at levels U.S. commodities can meet.

Suit Filed

Suit to collect a promissory note in the amount of \$2,000 has been filed by Michael Morillo, well known restaurateur, against Orange Blossom Estates.

This is in addition to the \$50,000 Morillo says is still due him from Orange Blossom as the result of a settlement a few years ago. Currently efforts are being made to settle the debt with land, but an argument has developed over the present value of the lots.

In 1966-67, Florida's universities provided only about 77 percent of the teachers needed to fill the new positions created by growth, and only 34 percent of the total teachers needed to fill vacancies.

Nominations Being Sought For '67 Awards

The Governor's Committee on Employment is seeking 1967 nominations for awards it gives to five categories—Handicapped, Florida Small and Large Employer, Public Personnel Worker and Florida Physician of the Year.

Large employer nominations are for those firms which employ more than 200 people and their employment to handicapped individuals. Small employers are those firms which employ less than 200 and have the same objective.

Deadline for accepting nominations in September 30 and nominations must be sent to Alan R. Logan, Committee chairman, Post Office Box 7068, St. Petersburg, 33734. Nomination blanks and information may be obtained from Logan or through the Florida Council for the Blind, Florida State Employment Service or the State Department of Education's Division of Vocational Rehabilitation offices.

ADULT EDUCATION

Forty million adults, with money to learn, are on their way back to school. Most will take courses that range from the arts to Zen, while some will go to play marketing games, that is, students at the Sales and Marketing Executive Information Conference School, many of them accomplished executives take refresher courses for two weeks each year at Syracuse University.

Florida ranked 24th among the states in pupils per class room.

Average Family In County Worth \$12,300

What is the net worth, at the present time, of the average Highlands County family? What assets has it accumulated? In the form of cash savings, insurance, equity in its home, automobiles, jewelry, household equipment, pension reserves, investments and the like?

Most families have only a vague idea of how much they are worth. Were they to take stock of what they own, they would probably discover that they are richer than they imagined.

Some guidance for them is provided in national studies of consumer finances, conducted by the Federal Reserve Board and others.

They show that there is a direct relationship between income and net worth. Families with very low income have been able to accumulate very little, while those in the upper brackets have assets equal to several times their annual income.

Applying the national yard stick to Highlands County and to the earnings levels in its area, the inflated net worth of the average local family figures out to approximately \$12,300.

The amount quoted relates to the so-called "average" family. For those in the local area in other income brackets, the estimates are as follows: income of \$2,000, assets of \$13,200; income of \$2,500 to \$10,000, assets of \$29,200; and income of \$10,000 to \$15,000, assets of \$39,000.

Taken into account is the market value of all housing, furniture, clothing, cars and other equipment; bank accounts; the cash value of insurance policies; pension plans; business interests; other bank loans, in statement debt, mortgage obligations and all other accounts payable.

In the great majority of families, it is pointed out, whatever they possess is the result of their own efforts and savings. Only in one case out of 100 has an inheritance accounted for a substantial part of their net worth.

ASC Slates Being Established For Election

ASC county committees should always be the best people available according to Ralph Richardson, county supervisor and agricultural extension agent. He said the committees are being established to fill the vacancy on the ASC county committee being established at the ASC county office. Committee elections will be held the third week in September.

The committee system is the backbone of the farm program. Richardson declared. Its responsibilities include the conservation of natural resources, the stabilization of agricultural commodities, and price-support activities which protect and improve farm income. He said the best people available to fill the vacancy on the ASC county committee are being established at the ASC county office. Committee elections will be held the third week in September.

In Highlands County, Richardson explained, 23 farmers took part last year in one or more programs administered by the ASC committee. Funds disbursed under the program amounted to approximately \$65,000.

Last year approximately 500 acres of farmland were improved under the Agricultural Conservation Program cost sharing arrangement. The total investment in conservation was a total of \$60,000 with about half coming from the participating farmer and the balance from ACP.

The county office manager pointed out that a list of eligible voters in the county is available in the ASC county office. He explained that any local resident who is eligible to take part in an ASC farm program may vote in the county committee elections, and he may hold office as a committee member.

He said that any local resident who is eligible to take part in an ASC farm program may vote in the county committee elections, and he may hold office as a committee member. Couple Weds in Double-Ring Rites Monday Night at Methodist Church

Miss Cassandra Lee Tomlinson, daughter of Mr. and Mrs. Ray Tomlinson, 211 Oak Ave., Sebring, Florida, will graduate from the Fashion Merchandising division of Williams College for women, Ft. Lauderdale, on Saturday, August 19 at 3 p.m. at Fort St. John, Oklahoma, where Lt. Alsbrooks is stationed.

In addition to designing her wedding gown, Miss Tomlinson also designed and created her colorful prom outfit which she wore when she graduated the Queens' dinner-dance at the Yankee Clipper in June.

The bridal gown, sketched, patterned and made by the fashion graduate, consisted of heavy rose lace with a long train and full collar. Beneath was a sheath lining of acetate and rayon. She used ten yards of lace and eight yards of sheath lining in the gown. She also designed and created the following:

Williams College Graduate Designs And Creates Own Wedding Gown

Miss Tomlinson designed and created her own wedding dress details herself. Her marriage to Lt. Buren E. Alsbrooks, was of Avon Park, has been set for Monday, Aug. 21 at the First Methodist Church at Sebring, at 3 p.m. The couple will make their home at Ft. St. John, Oklahoma, where Lt. Alsbrooks is stationed.

The Library Corner

Do you know that once again the library is open to you?

A young lady, "early in the morning" asked one of the librarians for some books on fashion. After looking for some time through books and the antique magazines, she was asked if she could be helped. It seemed she and her husband had antique furniture in their home. When one of the librarians found a book on the history of the fashion industry, she was asked if she could be helped. Noah's Ark Schedule Registration

Registration of preschool children will be held at Noah's Ark, No. 2 on Pleasant Ave., Tuesday, Aug. 29 and Friday, Sept. 1 from 6 to 9 p.m. Children who are 3 to 5 years old will bring a sandwich for lunch. Juice and crackers will be provided for a morning and afternoon snack. Milk will be served at lunch. Children will be called for from 6:30 a.m. to 7:30 a.m.

A new tile floor has been laid at Noah's Ark No. 2 by the citizens of Avon Park. The Board of Directors at their meeting Monday night expressed their thanks to all who helped with the project.

In evaluating the work of the Noah's Ark Child Development Center, expressions of appreciation and approval from public school administration and teachers have brought joy to the hearts of those who have devoted their time and energy to providing loving care to those children. Children from Noah's Ark who participate in the program start program should benefit of the training.

Many problems face the board of directors. The most pressing is the necessity to pay the workers. Last year, no worker received as much as \$1 per hour and most workers for less than fifty cents per hour. People who have to work for a living simply can't do this. Two people in Avon Park are giving \$10 per month to Noah's Ark. They need more such concerned citizens to continue to provide a quality program of child care and development. This is an investment in the future. Any donations may be sent to Donald E. Hanson, Box 665, Avon Park.

"An estimated 25 percent of the elementary school population has some degree of reading disability. The bulk of these underachievers could have avoided initial difficulty if their primary grade program had emphasized the prevention of reading difficulties." — Anthony P. Witman, national director of the Reading Incentives, Educational Development Laboratories.

CALENDAR FACTS

Julius Caesar invented the Leap Year in 46 B.C. to correct the calendar he inherited in which the summer months came in the spring. Our 1966 calendar, which thousands of pharmacists in the U.S. offer free, is the most asked for the widely distributed calendar in the world. The St. Joseph's Family Almanac Calendar contains over 9000 individual items — including decorating tips, fishing and planting information, recipes, and household hints.

NOTICE

The 1967 tax roll is completed and the books are open for public inspection until August 31, 1967.

The City Council will sit as a Board of Equalization to hear any and all complaints. Thursday night, 8:00 P.M. in the Council room, City Hall, August 31, 1967.

Lucile A. Shockley City Clerk

WHY GO NORTH?

Beat the heat with timeless cooling and enjoy winter in Florida this summer!

A cool sight! Yet found only below the equator at this time of year. But why go to extremes, when you can have just the degree of cool comfort you prefer—right at home! At lower cost, too. Improvements in flameless heat pumps have increased efficiency and reduced costs so much that it's the trend in new homes for central cooling and heating.

Once you update yourself on the facts of central electric climate-control, we think you'll see it's a modest investment that pays big dividends in health—less strain on your heart, better sleep, less hay fever and heat rash, less nervous tension. You need a change? Change to electric comfort-conditioning now—you may save an extra \$50 plus a nice gift from us!—and enjoy made-to-order comfort year-round!

The Power to Choose! FLORIDA POWER CORPORATION

"SAVE A COOL \$50. We'll give an installation allowance of \$50. Plus the choice of one of a selection of attractive gifts, to any of our residential customers who replaces—between April 1 and August 31—flame-type heating with whole-house electric cooling and heating. Ask your dealer or contractor for details."

The mind of a child is not a vessel to be filled, but a fire to be kindled.—Plato.

The U.S. Army Reserve teaches skills to build careers

When the couple left for a short wedding trip, the bride wore a fitted green dress with black patent accessories, and the couple left for a short wedding trip. The bride wore a fitted green dress with black patent accessories, and the couple left for a short wedding trip.

"FROM PICK UP NOTES We'll give any of our residential customers who install central electric flameless cooling between April 1 and August 31, the choice of one of a selection of fine gifts—such as a Hi-Intensity Lamp, an 8-volume Encyclopedia, or a Uni-Floet Blower Lamp. Get details from your dealer or contractor."

ABOUT ASSOCIATIONS

From Girl Watchers Anonymous to an organization calling itself "The International Concatenated Order of Hoo Hoo", Americans of all ages gather together in groups to prove that things are done—and get done better—when they're done in union. Many professional and trade associations, like the American Hotel & Motel Association, have facilities to study long range economic developments, staffs to interpret and direct trends and to research technical and market statistics.

FEA is financed solely by dues of its members — no public funds are used in its operations.

Avon Personals

By Happy Strom

Miss Helen Vikkato, daughter of Mrs. Mary Vikkato, has returned to her home in Washington, D. C. She was here to attend the wedding of Clair Smith and Timothy Johnson, Jr.

Helen is a former resident of Avon Park and a graduate of Avon Park High School.

Jeffrey Strick and Pop Hutchinson are in Auburn, Ala., visiting Milton Strick, Jr. who is attending summer school at Auburn University.

Pen Hutchinson has just completed summer school at the University of Florida and they are on a little vacation, looking over the campus at Auburn.

Miss Norma F. Scott (Agnes) returned to her home in Wilmette, Ill., after attending the Smith-Johnson, Jr., wedding.

Mr. Irma C. Cline and Mrs. Bertha Mason have just returned from a month's vacation.

Going to Chicago, Ill., by plane they spent several days in Chicago, Ill., with Mrs. Mason's brother, Elmer C. Dillon and wife, who are winter guests here, staying at Palm.

In Champaign, Ill., the former home of Mrs. Mason, they visited old friends and neighbors. They spent two weeks in Galesburg with Mrs. Mason's sister and husband, Mr. and Mrs. A. E. Kemp, who are also winter visitors here. While there Mrs. Mason celebrated her 64th birthday and was honored by a birthday party. Mr. and Mrs. Kemp celebrated their 40th wedding anniversary on Aug. 13 with a reception at the Methodist Church.

They left Galesburg Tuesday Aug. 15 by plane for Chicago then on to Tampa on their return trip and were met by a friend of Mrs. Cline's.

While in Galesburg they visited Carl Sandburg's birthplace at Kaneville, Ill.

Carolyn Tomlinson and children Dennis and Jamie have returned from a three week vacation with relatives in Pineville, Mo.

Miss Jack Adams, daughter of Mr. and Mrs. Morris Adams has returned from Paris, France where she attended school this summer.

Mr. and Mrs. Joe Perez returned Monday from Alexandria City, Ala., where they visited Mrs. Perez mother, Mrs. L. E. Sellers.

Mr. and Mrs. Leon Delaney and family returned Sunday evening from a week's vacation spent at the Jack Delaney cabin in the mountains near Franklin, N. C.

Mr. and Mrs. E. A. Delaney Jr. and family spent a few days with them and returned last Wednesday.

Mrs. E. A. Delaney's sister, Mrs. H. H. Butts and her husband, Mr. and Mrs. Henry Britton from Melrose, Fla., are visitors in the E. A. Delaney Sr. home.

Mr. and Mrs. Frank Hill left Monday for a two and one-half week trip to Madrid and Valencia, Spain. She was accompanied by her sister Carolyn Simmons and Mary Jo Stansfield from Daytona.

They will attend Charlie Stanfield's wedding in Valencia. The son of Mary Jo Stansfield and Timothy A. Johnson Jr. at a noon ceremony, Aug. 12. Rev. John Corkey officiated.

The bride is the daughter of Mr. and Mrs. Paul L. Smith, Lakeland, and Mrs. Tim A. Johnson, Clearwater, are the groom's parents.

The bride chose a floor-length gown of lace, featuring an empire bodice, long pointed sleeves and daisy meadow, for her wedding. Her attendant was of French illusion. She carried a cascade bouquet of roses and daisies.

Miss Larry Y. Hargison, Kismunee served as her sister's matron of honor. Bridesmaids were Miss Louise Donnelly, Ocala, Miss Nancy Scott, Miami, and Miss Cecilia King, Coral Gables, niece of the groom.

Best man was Norman L. Kestline, Clearwater. Groom's best man was Donald W. Johnson, Baltimore, Md., brother of the groom. Christ McConnell, Clearwater and Wayne L. Thomas, Tampa.

Robbie Ward, son of Mr. and Mrs. Dale Jordan who spent the summer with grandparents, Mr. and Mrs. John Bowyer in Detroit will return next week after an absence of some time.

His grandfather, who is a promoter of Alaska, making Travelogues took Robbie with him and his son on a hunting trip with them in the northern part of Alaska where they went hunting for caribou, pure white breed. Although Robbie didn't get a sheep but

White Bible Ceremony For Dianne Sizemore

By Happy Strom

Miss Dianne Sizemore, daughter of Mr. and Mrs. Sizemore, was presented with a white Bible for her new home from the Young Women's Auxiliary of First Baptist Church, which is their custom for all brides in the Auxiliary.

The buffet table was covered with a white impromptu drawn cloth which held silver ornaments filled with roses. Miniature white bibles marked places for the guests with a name tag for the bride-elect.

Guests were: Mrs. Herman Sizemore, Linda Sizemore, Mrs. Phyllis Cribb, Margaret Lynn Miracle, Sandra Saks, Rhondy Whitehead, Rick, Sherry and Brent Waters, Kathy Mann, Ricky Crocker and Janet McDaniel.

The afternoon was spent playing games for prizes. A pink and white ballgame color theme was used on the cake which was served with ice cream.

The guests received party hats, horns, favors of candy, gum and whistles.

Guests were: Phil Cribb, Margaret Lynn Miracle, Sandra Saks, Rhondy Whitehead, Rick, Sherry and Brent Waters, Kathy Mann, Ricky Crocker and Janet McDaniel.

Martha Ward Attends Music Camp In Mich.

By Happy Strom

Martha L. Ward returned home via plane Monday from Interlochen, Mich., where she has spent the past two months attending the National Music Camp. This is the third consecutive summer that Miss Ward has participated in the NMC program. In addition to playing in the clarinet section of the high school symphony band, she was also enrolled in beginning ballet and beginning

The symphonic band was selected to play a concert at the University of Michigan, Ann Arbor, in July. The trip was made by bus from Interlochen, near Traverse City to Ann Arbor. The students were given time to visit the University of Michigan.

The National Music Camp was founded in 1928 by the late Dr. Joseph E. Conover and has grown to international significance as the largest summer program for music students in the world. Students come from 18 foreign countries as well as from each state in the Union. It has divided its activities into Intermediate, a High School, and a University Division. Programs are planned for all instruments of band, and orchestra and also include voice, chorus, art, ballet, and modern dance.

Miss Ward will enter her senior year at Avon Park High School this year and participate in activities of the APHS band.

Notice

Organizational meeting of the Woman's Coffee League

will be held Tuesday, Sept. 5, 10:00 a.m. in the Grand Prix Lanes. Anyone interested, please come.

Visitors in the Dr. John Kline home this past week were Mrs. Kline's sister and husband, Mr. and Mrs. E. B. Sager, Springfield, O. who returned home Monday.

They left Sunday for Tampa on their return trip and were met by a friend of Mrs. Kline's.

While in Tampa they visited Carl Sandburg's birthplace at Kaneville, Ill.

Carolyn Tomlinson and children Dennis and Jamie have returned from a three week vacation with relatives in Pineville, Mo.

Miss Jack Adams, daughter of Mr. and Mrs. Morris Adams has returned from Paris, France where she attended school this summer.

Mr. and Mrs. Joe Perez returned Monday from Alexandria City, Ala., where they visited Mrs. Perez mother, Mrs. L. E. Sellers.

Mr. and Mrs. Leon Delaney and family returned Sunday evening from a week's vacation spent at the Jack Delaney cabin in the mountains near Franklin, N. C.

Mr. and Mrs. E. A. Delaney Jr. and family spent a few days with them and returned last Wednesday.

Mrs. E. A. Delaney's sister, Mrs. H. H. Butts and her husband, Mr. and Mrs. Henry Britton from Melrose, Fla., are visitors in the E. A. Delaney Sr. home.

Mr. and Mrs. Frank Hill left Monday for a two and one-half week trip to Madrid and Valencia, Spain. She was accompanied by her sister Carolyn Simmons and Mary Jo Stansfield from Daytona.

They will attend Charlie Stanfield's wedding in Valencia. The son of Mary Jo Stansfield and Timothy A. Johnson Jr. at a noon ceremony, Aug. 12. Rev. John Corkey officiated.

The bride is the daughter of Mr. and Mrs. Paul L. Smith, Lakeland, and Mrs. Tim A. Johnson, Clearwater, are the groom's parents.

The bride chose a floor-length gown of lace, featuring an empire bodice, long pointed sleeves and daisy meadow, for her wedding. Her attendant was of French illusion. She carried a cascade bouquet of roses and daisies.

Miss Larry Y. Hargison, Kismunee served as her sister's matron of honor. Bridesmaids were Miss Louise Donnelly, Ocala, Miss Nancy Scott, Miami, and Miss Cecilia King, Coral Gables, niece of the groom.

Best man was Norman L. Kestline, Clearwater. Groom's best man was Donald W. Johnson, Baltimore, Md., brother of the groom. Christ McConnell, Clearwater and Wayne L. Thomas, Tampa.

Robbie Ward, son of Mr. and Mrs. Dale Jordan who spent the summer with grandparents, Mr. and Mrs. John Bowyer in Detroit will return next week after an absence of some time.

His grandfather, who is a promoter of Alaska, making Travelogues took Robbie with him and his son on a hunting trip with them in the northern part of Alaska where they went hunting for caribou, pure white breed. Although Robbie didn't get a sheep but

The symphonic band was selected to play a concert at the University of Michigan, Ann Arbor, in July. The trip was made by bus from Interlochen, near Traverse City to Ann Arbor. The students were given time to visit the University of Michigan.

The National Music Camp was founded in 1928 by the late Dr. Joseph E. Conover and has grown to international significance as the largest summer program for music students in the world. Students come from 18 foreign countries as well as from each state in the Union. It has divided its activities into Intermediate, a High School, and a University Division. Programs are planned for all instruments of band, and orchestra and also include voice, chorus, art, ballet, and modern dance.

White Bible Ceremony For Dianne Sizemore

By Happy Strom

Miss Dianne Sizemore, daughter of Mr. and Mrs. Sizemore, was presented with a white Bible for her new home from the Young Women's Auxiliary of First Baptist Church, which is their custom for all brides in the Auxiliary.

The buffet table was covered with a white impromptu drawn cloth which held silver ornaments filled with roses. Miniature white bibles marked places for the guests with a name tag for the bride-elect.

Guests were: Mrs. Herman Sizemore, Linda Sizemore, Mrs. Phyllis Cribb, Margaret Lynn Miracle, Sandra Saks, Rhondy Whitehead, Rick, Sherry and Brent Waters, Kathy Mann, Ricky Crocker and Janet McDaniel.

The afternoon was spent playing games for prizes. A pink and white ballgame color theme was used on the cake which was served with ice cream.

The guests received party hats, horns, favors of candy, gum and whistles.

Guests were: Phil Cribb, Margaret Lynn Miracle, Sandra Saks, Rhondy Whitehead, Rick, Sherry and Brent Waters, Kathy Mann, Ricky Crocker and Janet McDaniel.
