Housing Authorities Reveal Project Sites

Don Correll, executive director of the Avon Park Housing Authority, has revealed the sites selected for low rent housing.

The site selected for homes for the elderly is on Byrd Ave., between Circle and LaGrange, near the Elementary School, with a total of 3,724 acres purchased at a cost of \$24,000.

The cost for construction and equipment for these rentals is limited to \$3,500 per room, including disabled and handicapped in the maximum cost per room. Fifty units are to be built for the elderly on this site.

The regular site, located on Tulane Drive, contains 14,412 acres purchased at a cost of \$79,340. There are 80 units to be built on this site at a maximum cost per room of \$2,400 including construction and equipment.

The total budget for this mammoth federally sponsored low rent housing project is \$1,982,044.00. Out of this budget will be built 54 one bedroom (BR) units, 20 two bedroom (BR) units, 28 three bedroom (BR) units, 12 four bedroom (BR) units and six 5 BR units.

This project was initiated and instigated by the Bi-racial Committee in 1964 after considerable investigation by the committee and Mayor E. A. DeLaney. It was then recommended to the City Council by resolution in April 1965.

Members of the Bi-racial committee initiating the project are: James Jones, E. B. Hicks, Nathaniel Packer, Rev. Collis Fogle, Rev. W. W. Wells, Alton Elder, Fred Jahna, Rev. Herbert Graetz, Rev. A. D. Childress and James A. Heim, chairman.

The board members for the project were named last fall and included: Don Correll, executive director; J. T. Landress, James Turnbull, Harold C. Worden Jr., Robert E. Lee and Leamon Kelly.

Construction on this huge project is expected to start the latter part of this year. The contractor building the units will work on the entire project for speedy completion after construction gets underway.

South Florida Junior College Offer Adult Education Courses

South Florida Junior College through its Community Service Program strives to make available the advantages of continuing education to adults who wish to extend their education and preserve their intellectual alertness in an atmosphere of learning which is free from the demands of the regular college credit courses.

The subjects selected range widely and touch upon most of the main areas of intellectual and cultural interests. National and international events, scientific innovations and new economic trends are culled as subject matter for courses which are taught both by regular college faculty members and by experts from the community at large. Along with these current and practical topics, there is a balance of aesthetic courses: Classes in literature, religion, art, music and gardening.

South Florida Junior College regards this program as one very significant way of fulfilling the purposes for which it exists: Community Service. We extend a very cordial welcome to you in the Community Service Program and wish you to feel very much a part of the total college community.

Enrollment Information
All courses are open to the adult population of the community and are designed for those who have various cultural and professional interests. Each course will meet once a week from 7 p.m. to 9:50 p.m. and will run for 17 weeks unless indicated otherwise in the course description.

To reserve a place in a Community Service class, write to the SFJC or register in person at the Admissions Office, Library Building. Early enrollment will assure you a place in the class of your choice. Space in classes with limited enrollment will be

Football Season Tickets Now On Sale

Just two weeks left for Avon Park Red Devil football fans to renew their reserved seat tickets at the high school office at the price of \$3 each for the 1966 season if they wish to purchase the same seat held last year.

Then from August 15 until September 1 seats may be changed if so desired and if other seats are available. After September 2 until September 15 the remaining tickets may be purchased by the general public on a first come, first served basis.

The reserved seat section is the center section in the south side of Memorial Stadium. The reserved seat ticket does not gain admission to the five home games but merely reserves a seat in a choice section for the holder.

A season admission ticket may be purchased for \$6.50 at the high school office also or at Altimier's Bargain Shop or Leon's Sporting Goods Store. Individual members of the Avon Park Athletic Association also have season tickets for sale.

High school office hours are from 8 to 12 in the morning and 1 to 4 in the afternoon of week days.

Damage Suit Settled Out Of Court

A damage suit, growing out of the traffic death of George Davis, has been settled out of court. The petition for judgment of the suit was filed in the circuit court of the 17th judicial circuit, which the Highlands County Commissioners have recently quashed.

The suit was filed by First Marine Bank of Riviera Beach, the court-appointed guardian for Davis' minor daughter, Georgina Davis, now of Sebring.

Defendant was Miner J. Bateman of Sebring, who was charged in the suit with careless operation of the auto in which Davis died. The accident occurred on State Road 17, 2.2 miles south of Avon Park, on Nov. 2, 1963.

The suit charged that the Bateman car left the road and crashed into two power poles; Davis was thrown out of the car.

The defendant was represented by Bart, Bell and Dickenson of Sarasota, and the plaintiff was represented by Miller, Owen, Wagner and Nugent of West Palm Beach.

Withdrawal
Since the classes in the Community Service Program are offered to the citizens of the community at a financial loss to the college, refunds will not be authorized for persons who find it necessary to withdraw from any of the Community Service Program classes.

Changes
The college reserves the right to change the schedule of classes and to cancel classes (course fees refunded to the registrants) where enrollment is insufficient. Minimum 15 people.

You are invited to suggest additional subjects for study or training, which you, your friends, or family members, would like to learn in the future.

County Approves \$1.8 Million Budget

The Highlands County Commission, in its meeting Tuesday, approved the budget of \$1,800,000 in the amount of \$1,739,443 which included a cut of more than \$12,000 in current departmental expenditures.

Under the tax reassessment program there were enough returns to show a net non-empt valuation figure at \$150,000,000, or three times the amount of the 1965 tax roll. The budget, according to these figures, provides for a 6.01 mill levy as compared to the present 17.83 tax levy.

Shirley Coker expressed hopes that his budget would be supplemented at the amount of \$4,500 that the commission had removed from that budget earlier.

Commissioner Skipper said that some departments requested had been granted but others had been cut and he thought the present budget is "something we can all live with."

The State Road Department has indicated that it will begin action toward paving the road to the Highlands Hammock State Park, which the Highlands County Commissioners have recently quashed.

Time road - a four-mile stretch running north from State Road 96, south of Sebring, to the Highlands Park - is a high priority item on the list of projects desired by the commissioners.

In the Tuesday board meeting the commissioners passed a resolution requested by the SRD - clearing the way for the acquisition of right of way preliminary to the building of the road.

Construction of this highway will provide a satisfactory means of access to Highlands Hammock State Park from the south side of the park.

Bid Accepted
The contract for sidewalks, curbs and gutters for S. Commerce St. was awarded to contractor W. G. Young for \$23,290 by action of the board.

The bid of Jack Henry, to permit the use of two acres of the land as a market at a price of \$3,000 per acre, was accepted. The land is located in the Lake Placid area.

Shirley Broward Coker was authorized to buy a safety switch for use at the county jail and for \$46.50. The sheriff stated that this safety switch was needed to prevent electric power from the jail's

emergency power system from getting on the outside power lines, when the emergency power system is in use.

At the request of Commissioner James G. Cress, it was decided that a tractor should

be purchased for use in the fourth district of the county. The tractor is to be equipped with front-end loader and is expected to cost about \$9,000.

J. P. Whidden Appointed Traffic Mgr. For Inter-County Telephone

J. N. Johnson, President of the Inter-County Telephone System, announced today the appointment of J. P. Whidden as Northern District Traffic Manager, effective August 1, 1966. Whidden replaces J. E. Wilburn who has been named District Traffic Manager for the company's Gulf District, with offices in Naples.

Whidden joined Inter-County in March of 1965, after being associated with an appliance firm in Fort Myers.

Whidden is a native of Fort Myers and attended the University of Florida at Gainesville. He has served as Southern District Traffic Supervisor in Fort Myers.

Whidden was a member of the U. S. Air Force for four years with a rating of Airman First Class, serving in the Electronics division at Valdosta, Ga., training fighter pilots. He was discharged in 1960 from service.

Whidden, living in a motel here until he can find an apartment, is not married and has no present plans for such an adventure. His main interest is to do the best he can in his position with Inter-County.

Wilburn joined Inter-County

in August of 1964, having previously been associated with Automatic Electric as a Central Office Installation Supervisor. Wilburn is a native of Ashland, Kentucky, and received his education in the

board approved the employment of Jimmy Whitehouse as custodian of voting machines, effective Aug. 1, replacing Dave Elliott, who has submitted his resignation, effective Aug. 31.

Elliott was on vacation this week and could not be reached for comment on his future plans.

Supervisor of Registrations Roland X. Drott will attend a convention of supervisors of elections in Gainesville, Aug. 16-18. Whitehouse will also attend the convention.

Don Hansen, county Civil Defense Director and Howard Miner, assistant director, are attending a conference on civil defense today (Thursday) in Jupiter.

The board authorized the attendance of these men at the specified meetings as a part of their county responsibilities.

Approve Levy
A tax levy of 4.37 mills was approved for the Central and Southern Florida Flood Control District. The tax applies to the property owners in the area covered by the flood control district and lying within Highlands County.

The Florida State Employment Service requested the use of the meeting room in the courthouse annex, on the first and third Tuesdays of each month. The FSES stated that a service would be begun, the latter part of this month, for the benefit of dropouts and discouraged young people, with the intention of helping

Highlands County Property Owners Association Receive Charter

The Highlands County Property Owners' Association has received its corporate charter from the state. Andrew B. Jackson, attorney for the association, announced to the board of directors at its special meeting this week in Sebring.

The association was formed this spring with the objective of achieving the best possible utilization of the Highlands County tax dollar. C. Elton Crews, Avon Park citrus caretaker, was elected to succeed as the first president of the association.

Crews stated this week "We are very fortunate to have county officials of high calibre and integrity, and we feel that they have done good jobs in years past. We do feel, however, that with growth of our county, we as taxpayers must have a voice in the decisions affecting our county government and county taxes. We want the best and most efficient county government possible."

Serving with Crews this year are the following officers: Andrew Jackson, first vice president, and L. L. Holmes, second vice president, both of Lake Placid. Ed Holcomb, Sebring, is serving as secretary-treasurer.

Directors chosen for the first year from Sebring are, Elbridge Pollard, Floyd Schuma and Ed Holcomb. C. M. Payne, Marvin Kahn, Allen Clayton, George Cross, and Frank Handley, from Avon Park. E. Crews, Norman Todd, Weyman Carver, Charles Metcalfe, Robert Barben, Franklin Ward, and Dan Bennett, from Lake Placid. Allen Waggoner, Andrew Jackson, L. L. Holmes, Bruce Blount and Walter Durrance.

All property owners of Highlands County are eligible for membership and are urged to join the association. At its meeting the board approved a first year membership to extend beyond 12 months to expire December 31, 1967. The cost will be \$10 plus one per cent of the taxpayer's 1965 taxes. For example, if a taxpayer pays \$500 a year in taxes, his membership would be \$10 plus \$5. Maximum membership cost will be \$210.

A meeting for the purpose of increasing membership will be held at Woodlawn Elementary School, Sebring, at 8 p.m., Monday, August 15. A speaker, familiar with the new evaluations, will discuss the effect of the evaluations on all types of property, groves, homes, ranches, farms, commercial buildings and the like.

CHAMBER OF COMMERCE TO MEET TONIGHT

The Avon Park Chamber of Commerce board of directors met tonight at the Chamber building at 8 p.m.

Members are urged to make a special effort to attend as this is an important meeting.

Business Association To Hold Meeting

All businessmen of Avon Park are urged to attend the next meeting to be held August 15, at the Florida Power Lounge, for the purpose of electing officers for the coming year.

Due to the nature of the organization up to this time some have no doubt been overlooked. Don't wait for a personal invitation, just come to the Florida Power Lounge August 15, at 7:30 p.m.

The association, formerly known as "Small Business Association," met Monday and accomplished some very important organizational procedures.

The association discussed and set the annual dues for membership at \$12 per year. Members are urged that this amount may be changed at a future date by a majority vote if this amount is not satisfactory to cover the administrative costs of the assn. The first dues are payable by August 15. Dues are to be delivered to Cole's Nursery.

The official name for the group will be "Progressive Business Association of Avon Park."

The chairman will have a chairman, co-ordinator, promotion chairman, secretary and historian, and a treasurer. The term of office for these will be for one year at a time, with the fiscal year beginning on September 1 to September 1.

The following committees have been appointed: Committee To Form A Code Of Ethics, Committee To Form Purposes Of Association, Membership Requirements Committee and Committee To Draft Working By-Laws.

In other news, was a discussion about the coming "Bowman" to be held in September at Avon Park and the men present passed the hat to raise \$17.00 for an ad in the Florida Archery and Bowhunting Magazine representing the Progressive Business Association of Avon Park.

Three new members were added Monday bringing the total number to 25. It is hoped that all businessmen in Avon Park will join this progressive group.

Summer Band Program Ends With Watermelon Feast

Band director Vic McKuske feels that the Summer Band Program, sponsored by the Highlands County School System, was the best this year that he has ever experienced.

Students took advantage of the six weeks to further their musical training. Students taking summer band have a better chance for more individual attention.

The seventh grade group, numbering in the 50s, met every morning for two hours. The group met in sections then in full band. They

worked on fundamentals and also accomplished playing several concert band numbers. These band practices were climaxed by a watermelon feast last Friday.

Senior band students worked on ensembles and band instruments. Their participation for the coming year. Several students worked on concert solos and were accompanied by Mrs. Clayton Kinsdale on the piano.

Several new students auditioned for the band and

worked to meet the requirements.

Ten junior high band majors worked on twirling routines under the direction of Mrs. Sandy Buggs, former drum major of the APHS band.

The last week the senior band majorettes worked on their twirling routines under the direction of Tay Tanya, band majorette and choreographer at the University of Florida.

Well over 100 students attended the summer band program.

Congressman James A. Haley Reports From Washington

WASHINGTON, D. C. — Americans collectively earned more money in the three months ending June 30 than in any quarter-year in history, taking in \$9 billion more than in the previous quarter—but they wound up with less purchasing power, by \$10 per capita, than in the previous quarter.

Those figures compiled by the President's Council of Economic Advisors. But it takes no high-level economist to explain the paradoxical situation. The explanation can be found in one simple but grim word: Inflation.

The cost of living has been rising for months and the latest Government announcement reports a 1.7 percent increase in the first half of 1966, the fastest rise in eight years. The kind of inflationary movement of which this trend is a part is simple in its origins.

Foreign and domestic demands on the economy are rising at a time when it is already all but fully employed. What is required for the Nation's economy is a cutback in demand more nearly in line with the supply of what is demanded.

Government has two kinds of tools with which to push for such a cutback. One set it can operate directly, reducing its own spending or increasing taxation. The other set of tools is indirect and more subtle, clearing through the business system by the way of credit and money restraints.

To describe the nature of the two sets of tools is to clarify in a flash the ones that officials strictly politically motivated would prefer. To cut public spending and raise taxes requires the Government itself to press on very large numbers of voters in the super-sensitive pocketbook nerve area. Credit and money controls, on the contrary, take hold through the business system and are one step removed from the direct Government-voter relationship. Meanwhile, the politically-motivated official can, if he wishes, denounce the

business system for making money tight and credit dear.

There is, of course, another way for the politician who hesitates to cut the public spending or raise taxes. He can just sit back, do nothing, and let the market itself curtail demand by way of higher prices—inflation. Here, too, the politician can delude the untidy money-laying disproportionate blame on the business structure. It is the business structure which imposes the higher prices which cut demand back to supply. The politician can denounce the business system for its cruelty—and meanwhile continue the spending and tax leniencies which helped stimulate the excessive demand in the first place.

So far in the United States, we have relied on credit and money controls, with all the classic out-cries against bankers and lenders in general. There have even been political proposals for special laws relaxing credit controls which bear on large and vocal a gregations of voters, as in the housing field.

It may be, of course, that money and credit controls administered by bankers and business men, in the face of political protest and also in the face of unreformed spending and tax policies, may do the trick. In any event, we know for sure rather soon. If present price movements continue, we will know that money and credit controls are not enough—if, on the other hand, the upward movement of prices is stopped or substantially curtailed, it would appear that they are enough.

For myself, however, I cannot see how we long can avoid the use of that direct action set of tools available to the government—reduction in federal spending or a tax increase, or a mixture of both. It is rumored here, incidentally, that the President may call Congress into session after the elections this fall to take action along this line.

Stopping Crime

"Take the opportunity out of crime," is the theme of Arnold Sagalyn, director of the U. S. Treasury's Office of Law Enforcement Coordination.

Pointing out that crimes often occur when persons who otherwise harbor no criminal desires chance upon an inviting opportunity to steal, Sagalyn calls for a massive scientific effort to make crime more difficult.

Like, for instance, an automatic ignition locking device which together with audio and visual alarm signals that would go off when an unauthorized person tries to drive the car.

Or the use of exterior and interior lighting and simple contact alarms at strategic locations. Plus "safe, effective personal defense weapons for use by our citizens," capable of neutralizing an assailant or intruder for a brief period without after-effects."

These and similar devices might indeed be helpful in cutting down the alarming increase in crimes against persons and property. Opportunity certainly is a factor.

But such remedies are like applying a mustard plaster to the skin to cure a deep-seated internal cancer.

Crimes are born in the mind; and the mind is molded by training, environment, and the national mores.

What is needed is a return to old-fashioned morality—reversal of the new philosophy that an individual may, with impunity, pick and choose which laws he will respect and which he will ignore; less judicial concern with the "rights" of criminals, and more for the rights of their victims.

41 Legion Aux. Members Attend Leadership Training Course

The two day Leadership Development Training Course at Olenia State Park conducted by the American Legion Auxiliary of Olenia was so enthusiastically received by the 41 women in attendance that they requested that another class be conducted.

This is the ninth training session which Mrs. John Arnold of Sebring, has conducted since she was appointed to serve as director when the program was incorporated into the Auxiliary's activities in 1964.

Mrs. Arnold states that it will be impossible to conduct another class at Olenia State Park until after the first of the year due to her full schedule of duties. She has planned that the district and area level.

Long range planning in the field of leadership development includes advanced training for members only and training for Junior members only. Legionnaires and daughters of Legionnaires un-

Time Granted For Appeal

Circuit Judge Clinton M. Kelly has granted an extension of time for filing an appeal on behalf of Sammie Lee Poole the new date for an appeal is September 15.

Poole has been sentenced to death for the murder of Sebring woman David Lanier has been appointed by the court as defense counsel.

Florida Summer

Last year, more than 16 million tourists visited the state and months showing the highest totals were July and August. Every month of the year brought at least a million.

The July and August totals undoubtedly reflect the summer vacation habit of Americans. But the word also seems to be getting around that Florida's summer climate often is milder than that of many Northern states.

Unfortunately, just as the summer tourist season was coming into its own this year an airlines strike put a crimp in it. Miami, particularly, is hard hit, with an estimated loss of 4,400 tourists daily.

The labor-management climate should be as good as Florida's summer.

MORE PAY — IN PUFFBALLS

The U. S. Senate, as it takes up the minimum wage bill already passed by the House, has the opportunity either to increase or lessen the chances that it will bring on a faster rate of inflation than we are already experiencing. Already the Subcommittee on Labor has adopted an amendment, by Sen. Yarborough of Texas, which could result in economic chaos. The Yarborough amendment would hike the minimum wage to \$1.60 an hour as of February, 1968, instead of waiting until 1969 as the House version stipulates.

The House version was bad enough, from the rise in inflation standpoint. After the first increase to \$1.40 in February, 1967, the boost to \$1.60 two years later would amount to a 7.2 percent increase per year. That's considerably higher than the 3.2 percent "guidelines" which President Johnson and his advisors have said must be followed to prevent inflation troubles. Raising it to \$1.60 in just one year, as Sen. Yarborough proposes, would be a 14.3 percent increase.

Statistics, however, are not so revealing of the danger as is a statement made by Congressman Morris of New Mexico. "The fact is that a minimum wage increase that is thrust upon the economy at a rate too rapid to be properly absorbed might result in drastic economic consequences which would find our wage earners with less dollar-for-dollar purchasing power than they have today." Congressmen Morris, incidentally, has favored an increase in the minimum wage all along. He has also favored putting off the hike to \$1.60 until February, 1970, to minimize chances that it will have consequences he described.

Actually, if one looks only at statistics, a big and fast minimum wage hike appears to be a real good deal for every wage-earner. It's a well-proved fact that as surely as the minimum goes up, so will the pay of most of those earning above the minimum. The trouble is, prices for most everything we have to buy have a habit of going up too. A big, fast hike in the minimum wage will give some people a little more pay, all right—in inflated dollars—puffballs. But it has no job at all because the hike in the minimum has priced his job out of existence.

Not only should the Yarborough amendment be rejected by the Senate; another should be introduced to put off that boost to \$1.60 until 1970, at very least.

Land Sells For \$112,000

Truck gardeners, D. Tope and Sons, Inc., have obtained a new tract of land near their old holdings on the shores of Lake Okechobee in southern Highlands County.

Stamps attached to the deed indicate that the Tope interests obtained the land for \$112,000. The sellers were Mr. and Mrs. Paul Melvin and Mr. and Mrs. Francis Woodard.

Electric Utility Companies Expect To Double Capabilities By 1970

According to a forecast made by Edison Electric Institute, the nation's investor-owned electric utility companies expect to have power-producing capability of about 263 million kilowatts by 1970. That is almost double their capability of nearly 138 million kilowatts in 1960.

More than \$150 million is being spent annually on research and development for the benefit of electric power customers, and the industry's advancement. This figure represents expenditures of the power companies themselves, leading equipment manufacturers and the Edison Electric Institute.

Research and development projects range from new ways of producing electric energy to pollution control, and the electrically powered automobile.

Diabetic Class

Friday at 10 a.m.

Highlands County Health Department will hold a class for diabetics on Friday, August 5, at 10 o'clock in the Home Service Room of the Florida Power Corporation building in Avon Park.

The topic for discussion will be "Diabetes and the Home." Speakers will be Dr. Gordon, Home Service Advisor with the Florida Power Corporation, and Dr. J. H. G. Gordon, Home Service Advisor with the Florida Power Corporation, and Dr. J. H. G. Gordon, Home Service Advisor with the Florida Power Corporation.

Diabetics are invited to attend.

Luncheon Report

Carter Taylor, assistant executive of the West Palm Beach office of the Francis I. DuPont & Co., was the guest speaker at the luncheon meeting, July 31.

Speaker Taylor traced the development of our great securities market from the beginning of the industrial revolution to a group of traders who gathered under a Button Wood tree to become the first stock market.

He discussed the following ten most common mistakes made by investors: 1. Trying to strike it rich, looking for short cuts to get rich quick. 2. Following the crowd, rather than the trend and the present potential of stock own.

Construction Classes Extended To Three Nights

The enthusiastic response of the city of Avon Park, to the first construction class, held Thursday, July 28, was very gratifying, according to Bill Abbott, Vista Volunteer with the Community Action Fund, Inc., instructor.

It was intended originally to conduct one class a week in the evening, for the first few weeks and then expand to one daylight class. With such good response, however, Mr. Abbott says now that he will expand the class to three nights a week, to cover three types of construction, one for masonry, one for carpentry and one for general maintenance.

There were 26 registrants for the first class, with ages ranging from 14 to 50 years and there are four new enrollees thus far this week.

Registration is still open for those who might wish to take advantage of these free classes and those wishing to enroll are invited to call GL 3-4549 between 10 a.m. and 12 noon.

There are other free courses being conducted by Mrs. Abbott. A sewing class has been in operation since February with instruction being provided by professional dress-makers who volunteer their services.

Classes are held in the Hopewell School, every Thursday night at 8 p.m. This class is now being expanded to take in the making of stuffed toys, making and dressing dolls.

The report shows that the \$50 million spent to newspaper advertising last year accounted for 70.8 percent of Sears total retail media expense of \$71,271,000. The remainder went for advertising through circulars, magazines, radio, and television.

After World War II, spending began setting new records almost every year—exceeding \$30 million in 1961, \$40 million in 1962, \$50 million in 1963, \$70 million in 1964, and \$90 million in 1965.

Sears delegates to local units day-to-day advertising and sales promotion decisions. "This has led to the most effective utilization possible of newspaper white space and other media," Lundie commented.

First Baptist Church Recreational Center Includes Slot Car Racing

The First Baptist Church have had a Recreation Group committee for the past 10 years, who have been planning and working out the needed facilities for their youth.

This center is nearing completion with the help of the committee and the young people. Across the street from their church is now a recreational building, in which the

young people and their guests can enjoy ping-pong and various games including the popular slot car racing. Young and old enjoy this 6 track table. Competition racing is judged by so many laps of the track. This is under complete supervision of the recreational group. Necessary repairs are made by this same group.

There is ample parking space on the one side of the building and a fenced in basketball court and shuffleboard which are being prepared. The members and boys of the church painted the building and added the lawn between the courts.

The committee is planning to organize two basketball teams, the youth married group and the single group. Shuffleboard is near completion and there will be volleyball and skating in this area, for members and their guests.

Alcoholism To Be Discussed

On WEDU-TV

True or False? Most alcoholics are found on Skid Row.

This is one of the questions that will be asked, answered, and discussed by a panel of authorities in the field of alcoholism August 11, 9:30 p.m., WEDU-TV, the educational TV station in Tampa.

At the end of the program, viewers can answer a quiz constructed to help determine if they are in the severe stages of alcoholism.

The panel will consist of Ronald J. Catanzaro, M.D., Medical Director for the Florida Alcoholism Rehabilitation Program (FARP), Mrs. Dorothy Frost, Social Worker and Clinical Manager of the FARP's Out-Patient Clinic in Tampa, and Karl W. Baldwin, FARP's Industrial Consultant.

The monthly program is the second in the series of 60 minute documentaries designed to give Floridians a better understanding of the nation's fourth major health problem—alcoholism.

Moderator will be Don Thie, Information Officer for FARP.

The series which is scheduled through June is produced by the FARP in cooperation with Channel 3 officials.

New Chemical For Citrus Scab Disease Found

LAKE ALFRED—New help for citrus scab disease control has been found by Fran Plabner, an Assistant plant pathologist at the Citrus Experiment Station here.

Approval of a chemical called ferbam on citrus has been obtained from the United States Department of Agriculture by the E. I. du Pont de Nemours and Co.

Development of this fungicide for use with citrus is expected to be a boon to Florida's new lemon industry. Scab disease has been the "limiting factor" in producing the crop for the fresh fruit market, according to Miss Plabner.

"It's also needed for grapefruit and other susceptible citrus, particularly those that might have more than one blooming period such as Temple and lime," she said.

Newspaper Ads, Sears Favorite, At New High

CHICAGO—Sears Roebuck and Co. expects to top the \$100 million mark for newspaper advertising this year. It was reported here by James W. Button, vice president in charge of merchandising.

This estimate is based on preliminary reports and forecasts from more than 700 Sears retail stores in every state except Alaska, he said. The company's retail advertising is placed locally by its retail stores.

Noting that the company is celebrating its 80th anniversary this year, Button said: "We are proud to rank at the top among users of newspaper advertising, which has been the case for many years. The fact that our retail stores place this confidence in the power of newspapers, however, is not based on historical reasons. Rather, it is tangible evidence that newspaper readership continues to reach new heights each year, and that newspaper advertising is regarded as the most effective way of bringing our merchandise message to the public."

In announcing the estimate for 1966 retail ad expenditures, Sears also reported that newspaper advertising in 1965 reached a new high of \$90 million, including fees, tuition, room, board and books, and that only students in good standing in their college shall receive the benefit, and that no student shall receive this benefit for more than four years. Student must attend state supported college or university.

Veterans Affairs Announce State Scholarship Program

M.T. Dixon, of the Fla. Dept. of Veterans Affairs, has been asked to clarify just who is eligible for benefits of the Florida State Scholarship Program, administered by the Board of Regents.

Dixon stated in order to qualify for this scholarship the following conditions must be met. The parent entered service from the State of Florida, and the parent served during a war period; April 6, 1917 to July 2, 1921, or December 7, 1941 to December 2, 1945, or June 25, 1950 to July 27, 1953, and the parent's death incurred in service, or death was due to disabilities incurred in service, and last but not least, resident requirement showing bona fide residence of parent for five years preceding the application.

The scholarship provides not more than \$300 shall be expended on any one child within any period of 12 months, including fees, tuition, room, board and books, and that only students in good standing in their college shall receive the benefit, and that no student shall receive this benefit for more than four years. Student must attend state supported college or university.

Dixon urges all students, looking for a helping hand in their college education, who think they may qualify for this scholarship, to please write him at P.O. Box 1437, St. Petersburg, Fla.

Cindy Metcalfe Hostess At Luncheon

Miss Charlene Burescia, bride-elect of Lance Padgett, was honored at a luncheon Thursday, July 28, by Cindy Metcalfe, assisted by her mother, Mrs. Charles Metcalfe.

A color scheme of pink and white with arrangements of roses was carried out through the house.

A novel table arrangement of two love birds in a white bird cage, nestled among pink sweetheart roses and tropical greenery centered the table, which was covered with a pink and white cloth.

The hostesses presented Miss Burescia with a piece of silver, in her chosen pattern. Those attending were Mrs. Charles Burescia, mother of the bride-elect, Mrs. R. L. Padgett, mother of the groom, Mrs. L. D. McGiboney, grand mother of the groom, Mrs. Virginia Baughman, aunt of the bride-elect from Los Angeles, Calif., Miss Judy Wester, Miss Patricia Prescott, Miss Sandy Bliss, Miss Charlotte Gibbs, Mrs. R. R. King, Mrs. C. Ostling, Mrs. C. Wester Jr. and Mrs. P. T. Wilson of Frostproof.

MR. AND MRS. CHARLES PRICE

Seventh-day Adventist Church Scene Of Wedding July 10

The Seventh-day Adventist Church was the scene of the wedding July 10, at 7:30 p.m. in holy matrimony Miss Florida Gayle Moon and Charles Edward Price.

Elder Jim Hamrick from Orlando, officiated.

The bride is the daughter of Mr. and Mrs. William L. Moon of Avon Park. The groom is the son of Mr. Bertha Clark and the late Mr. Alvin Price of Savannah, Ga.

Leona Rickett of Fort Myers, served the bride as maid of honor. Miss Vivian Calahan, sister of the groom, was bride's matron, with Barbara Gileman, cousin of the bride, as bridesmaid. Miss Alicia Cope was flower girl and David Cope, bible bearer.

Daniel Mitchell served the groom as best man. Ushers were Roy Hughes, Avon Park, Byron Griffin, Orlando.

Ronnie Brown, Orlando, William Cook, Avon Park.

The bride, given in marriage by her father, wore a formal original gown, fashioned by her aunt, Mrs. Esther Riss of Tampa. The gown was of pale de sole, enhanced with alencon lace, long pointed lace sleeves, scooped neckline, princess style, with colonial fashioned skirt, trimmed with self material cabbage roses. Her three-quarter length illusion veil was held by pearl tulle. Her bouquet of white carnations centered with a detachable white orchid was attached on a ribbon.

The maid of honor, matron and bridesmaid wore identical dresses, fashioned of length of orchid tulle, fitted style, scooped neckline, with a pleated bodice, holding their tiny veils. They carried cascades of white carnations. The flower girl's tiny dress was fashioned the same as the maids.

The men were attired in summer formal, including the Bible bearer.

The mother of the bride wore an Alice blue lace beaded styled dress, over tulle, white accessories, and wore a purple orchid, and a veil held by a tiny crown.

The groom's mother was unable to attend, due to an injury and under the doctor's care.

The altar was banked with potted plants. Two 7-branch candelabra holding white lit taper candles, flanked both sides.

Two baskets of white gladiolus and mums, which were also used at the head of the bride, were placed on the altar. The bride's soloist sang, "I Love You Truly," "Bless This Union," and "The Lord's Prayer."

The reception was held at the Florida Power Lounge. The bride's table was covered with a lace tablecloth, furnished by Mrs. Walter Ott, that she had brought from the Holy Land. The three-tiered all white cake, topped with a miniature bride and groom, encircled with lily-of-the-valley and bells, and a long formal lace skirt on the table, centered the table. Serving the cake, punch, nut and mums, were Mrs. Margie Cook, Miss Kay Hartwell and Miss Dixie Halvorsen, a former classmate of the bride.

Following the reception, the couple left for a short wedding trip to North Carolina and Savannah, Ga.

Mr. Price is serving in the United States Army and is stationed at Fort Campbell, Ky. Mrs. Price is residing with her parents until she can join her husband.

MR. AND MRS. LEROY STRENTH

Couple Exchange Wedding Vows In Double Ring Ceremony July 29

A simple but impressive ceremony united Miss Wanda Singletary and Leroy Strenth in holy wedlock, Friday, July 29, at the home of her parents, Mr. and Mrs. Clifford Singletary.

The double ring ceremony was performed by the Rev. James E. Light of the Nazarene Church, in the presence of immediate relatives and a few friends. She was given in marriage by her father.

She is the daughter of Mr. and Mrs. Clifford Singletary, 98 W. Pleasant St. He is the son of Mr. and Mrs. W. M. Strenth, North Anoka Ave.

Miss Diane Holand served the bride as maid of honor. James Strenth, brother of the groom, served as best man.

The bride chose a street length dress of pale pink linen, with a high collar, white accessories and chapel cap. Her corsage was a single purple orchid. She wore a single pearl pendant necklace, a gift of the groom.

Her maid of honor wore a street length dress of avocado green, with beige accessories, and wore a white carnation corsage.

The bride's mother wore a navy blue striped linen dress and a pink carnation corsage.

Mrs. Strenth, mother of the groom, wore a jersey dress of red.

floral blue and black flowers. Her corsage was of white carnations.

The reception was held immediately after the ceremony in the bride's parents home. The home was decorated with arrangements of roses, gladiolus and mums.

A three tiered white cake, topped with a miniature bride and groom, was placed on one end of the table that also held punch, mints and nuts. The table was spread with a white lace cloth and was centered with crystal candelabra holding white tapers and flowers.

A surprise miscellaneous shower honoring Miss Naomi Lawrence, bride-elect of Ronald White Young, was given July 30 by Mrs. Peggy Kendrick and Miss Jackie Hall at the Kendrick home on E. La Grande.

The 13 invited guests enjoyed games. The winners gave prizes to the bride-elect, which were home utensils.

Refreshments of punch, fudge, royal cakes, mints and nuts were served.

A bowl of flowers centered the table. Little miniature brides with long colored skirts covered the mint and nut dishes.

The wedding will take place August 3, 3 p.m., at the First Methodist Church.

Native Son Climbs Swiss Mountain

Mr. and Mrs. H. J. Thigpen have just received a message from their son, Jonathan and wife, Edie, from Zermatt, Switzerland.

They state that Jonathan had just completed a safe climb to the summit of the Matterhorn. He said the trip was tiring but not too hard. Jonathan has been training for this climb for several years, by climbing all the high mountains he could reach, including Mt. Washington, in New Hampshire and the Great Teton in Wyoming.

They wrote that they were leaving Switzerland for Denmark and Scotland and then to visit friends in London.

Mr. and Mrs. H. J. Thigpen have recently returned from a two-month trip in their camper, going to Delaware, Virginia, then North Carolina where they visited their daughter and son-in-law, Professor and Mrs. Arthur Hayes in Raleigh, who have just returned from a year in Spain. Professor Hayes taught in the Barcelona University, having been on a year's leave from his regular classes in North Carolina University.

While away the B. J. Thigpens attended their annual reunion in Richmond, Va. There were 101 present all descendants of Mrs. Thigpen's father, John Thigpen, a son of North Carolina. All their children attended the reunion with the exception of L. David family.

They met at the home of Mr. and Mrs. B. L. Heath, Jr. in his daughter and there were 20 present there, 60 years ago there were just two of them.

Carroll Phillips, president of the Optimist Club of Winter Haven, and assistant cashier of the installment loans at the Lake Region Bank of Commerce, gave the principal talk to the graduates, explaining details of the Federal Reserve System and its relationship to local banking institutions. He also discussed qualities in an employee that are important to any employer stressing that responsibility is the key to promotion.

Soil Conservation News

The Soil Conservation Service and the U. S. Department of Agriculture are making available to the public "America the Beautiful" pictures at 10 cents per copy or a set for \$8.00. There are a series of 52 pictures, one depicting each of the 50 states plus Puerto Rico and the Virgin Islands.

The pictures are 18x24 inches in natural color and beautiful enough for the living room wall. The Highlands Soil Conservation District purchased a set that you may see at their office in the Court house Annex. You must see them to fully appreciate how beautiful they are. They will also assist you in ordering them. The one for Florida shows sprawling orange groves interspersed with several lakes.

This week the Soil Conservation Engineers assisted several cooperators with water control work. Among them were Ike Hart, John Watson, and Miami Boy Scout Camp of Sebring, O. W. Cassperson, Carl F. Carlton, and Lionel Lagrow, Lake Placid. Stonn Cattle Co., and Rafters Tattle Co., of Avon Park.

Highlands County Girl Scouts Hold Encampment At Hammock

Despite the rainy weather the Girl Scouts of Highlands County held their encampment at Highlands Hammock, July 28-29.

Twenty-nine girls enjoyed the week and a camp out on July 28. They were under the supervision of their camp director, Mrs. Lil Maughan from Lake Wales. Camp counselors were Gwen Smith and Mary Korny of Sebring.

Each girl carried their own camping equipment. Pitched their tents and shelters, were taught to cook out, build fires, keep their camp clean.

Although the rain hampered their activities, they took hikes under the leadership of two college girls, Ann Pobjacky and Lynn Gardner, who also led in the singing and flag raising ceremonies. They were taught to make plaster casts of animal footprints, they found in the park and most of all they enjoyed swimming in Lake Jackson.

'Economic' Outlook For Florida Citrus

The Florida Citrus Commission recently published an "Economic Outlook for Florida Citrus for the Next Five Years" by W. E. Black, director of the Economic Research Department.

Black brought out that citrus production in the United States has increased from about four million boxes in 1959-60 to 185 million boxes in the 1965-66 season. Of this 185 million boxes, Florida produced 134 million boxes.

The total Florida citrus is expected to reach 215 million boxes by the 1970-71 season, according to Black. This being in line with recovery of bearing surface from the 1962 freeze, along with new and thicker plantings, also barring a natural disaster in the next five years.

Specialty fruit production is anticipated to increase faster than round oranges. Improved cultural practices and better production material coupled with vast new plantings under and larger acreage under four years of age, are attributed to the increased production.

The outlook calls for increased cost of production do to high labor cost and the acreage per grower will increase faster than the total acreage.

Black observed that improvement in quality marketing and advertising will be required in order to move the 215 million box crop and increased the grower share of the citrus dollar. The commission feels that increase consumption of citrus products by the United States, Canada and Europe are necessary in order to move this supply of citrus, and to get the increased consumption will be the job of the entire industry.

Some Senior Citizens Pay Insurance Premiums Direct

William E. Arnold, District Manager of the Lakeland Social Security Office, said that some older people enrolled for doctor bill insurance may be having difficulty paying the full \$2 quarterly premium. Arnold said that these people may pay \$3 or \$6 amounts covering one or two months premiums but should make a payment as soon as possible.

Older people who are receiving monthly social security or railroad payments have the \$3 monthly premium deducted from their benefit checks. Others received premium notices last month requesting them to mail in a quarterly payment of \$9.

Payments may be made by check or money order mailed to the Social Security Administration Payment Center (or payments may be made at the Social Security Administration District Office in Lakeland).

Arnold said some people confuse hospital insurance and doctor bill insurance under medicare. He emphasized the two are separate and distinct. He said premium payment is for doctor bill insurance and only people who have signed up for it are eligible.

Shower Honors Local Girl

The lovely home of Mrs. Art Turner on Highlands Lake was the scene of a miscellaneous shower, honoring Lucille Andrews Tuesday, August 2, 7:30 till 9:00.

Mrs. Andrews is the bride-elect of Wallace White. They will be married August 12 in Mr. White's home on West Palm Street.

Mrs. Andrews is the daughter of Mr. and Mrs. Ned Sellers, 235 S. Forest Ave.

Mrs. Turner presented the 100 invited guests to the bride and her mother in the receiving line.

Co-hosting with Mrs. Turner were Mrs. Wendell Smith, Mrs. Richard Reeves, who presented Mrs. Andrews with a corsage of red sweetheart roses, and a hostess gift.

The home was gaily decorated with bouquets of white and red roses, table covered with the table cloth of hand embroidered flowers from Florence, Italy. Punch, canapies, miniature cakes and dairy pastries were served.

Mrs. Marilyn Smith, Miss Nina Cline and Miss Marian Turner served the punch. The guest book was presided over by Miss Jerry Reeves of North Carolina.

The gifts were opened and displayed on a table covered with white and centered with roses. She received many useful and beautiful gifts.

In a real emergency benefits can be provided in many hospitals that do not participate in medicare.

On the other hand almost everyone 65 and older is eligible for hospital insurance benefits in a participating hospital.

Mr. and Mrs. H. J. Thigpen have just received a message from their son, Jonathan and wife, Edie, from Zermatt, Switzerland.

They state that Jonathan had just completed a safe climb to the summit of the Matterhorn. He said the trip was tiring but not too hard. Jonathan has been training for this climb for several years, by climbing all the high mountains he could reach, including Mt. Washington, in New Hampshire and the Great Teton in Wyoming.

Presbyterians To Hold Reception For New Minister This Evening

The public is invited to a reception to honor the new Presbyterian minister, his wife and two daughters, to be held at the new Presbyterian Church on East Circle Drive, overlooking Lake Verona, Thursday, Aug. 11, from 7 to 9 p.m.

Refreshments will be served.

Rev. Wilson comes from Sta. Teviseville, N. C. Prior to this he was an instructor of Religious Education at Erskine College. He comes not as a total stranger, as several from this community have been in some of his classes and recommend him very highly.

The Wilsons have two lovely young daughters, Sandra and Marsha.

The Presbyterians are happy to have secured the Wilsons and know they will be an asset to the community.

It is hoped the public will respond to this invitation to meet the Wilsons and to extend the hand of community fellowship.

Anyone that has not been through the new church will have the opportunity at the reception.

Guest Preacher And Organist At Redeemer

Two unusual guests will share in the service of morning prayer and sermon at 9:30 a.m. Sunday, Aug. 14, at the Episcopal Church of the Redeemer in Avon Park. The 7:30 a.m. Eucharist will be offered as usual.

Guest preacher will be Robert W. Swartz, a Seminarian, working at A.R.C. this summer. Mrs. Swartz and their three children are living in our area on Lake Letta.

Natives of Pennsylvania, they are now members of the Diocesan family of South Florida.

Mr. Swartz received his B.S. from Villanova University in Philadelphia in Business Administration. To help himself through college he worked at various jobs, policeman, fireman, and construction. After college he entered the insurance business and was transferred to Florida.

Here, as a communicant of Holy Sacrament, Holywood, he became a candidate for the Sacred Ministry. The Bishop sent him with his family to the Virginia Theological School at Alexandria. He is entering his nuptial year as president of his class.

Guest organist Sunday at 9:30 will be Mrs. Margerite Kephart of Fort Myers, whose husband is the district treasurer for the Hammond Organ Co. She will demonstrate the new speaker box available now for church organs.

All members and friends of Redeemer are urged to be present and the public is cordially invited as well. There will be the usual social hour in the Parish House following the service. All are invited to stay.

William Smith Succumbs

William Wall Smith, 63, a native Tammian and a resident here until moving to Trout Lake from about one year ago, died July 31.

He was retired after 22 years with the Bank of Clearwater. He attended the Methodist Church and was a World War II veteran. He was a 32nd degree Mason, a member of the John Darling Lodge 134, F&AM, Tampa, Tampa Consistory, Scottish Rite, and Egyptian Temple.

Survivors include his widow, Mrs. Lula Childers Smith.

Funeral services were held August 2 at 2:30 p.m. from the Moody Funeral Home in Fort Meade, with the Rev. A. G. Hardee officiating.

Quartet At Church of God

The Rebels Quartet of Tampa, who presented an hour of gospel music at the Church of God last Thursday night, were warmly received by 270 people.

The quartet of television fame are recognized as being outstanding among gospel singers. They are often referred to as being America's foremost singers of gospel and spiritual songs.

Rev. Jerry Howell, pastor of the Church of God, is planning a return engagement in the near future for the Rebels.

Card of Thanks

Mr. and Mrs. John A. Riley extend their thanks to their friends and neighbors for the lovely get well cards, visits, offers of help with the trip to and from the Lakeland General Hospital during their recent illness.

This was greatly appreciated.

Million Miles Driven Without Dented Fender

One million miles of driving big vehicles without even a dented fender. Sounds fantastic doesn't it? But that's what Norman Engelbright, truck driver for Goodwill Industries just completed.

He received a citation from the National Safety Council and will receive a cash bonus from Goodwill Industries. Before going to work for Goodwill Industries four years ago, Engelbright was a city

bus driver. He and his wife reside at 3400 24th Avenue South, St. Petersburg. We should have more like Norman Engelbright.

Championship Calf Roping Event Big Success Last Saturday

There was a large crowd at the Ridge Roping Club Arena last Saturday for the championship calf roping and barrel racing contest.

Bobby Sapp of Plant City, came in first with a five calf average of 101.8 seconds time to win the sterling silver engraved belt buckle, given by the Ridge Roping Club, a pair of boots donated by the Hardee Livestock Market of Wauchula, a Spiedel watch band donated by Blair Jewelers of Sebring, and a \$50 savings bond donated by the Avon Citrus Bank of Avon Park.

Second place was won by Gene Tomlinson of Lorida, with a 102 average.

Third place winner was Jay Matthews of Lakeland, with an average of 107.1.

Fourth place winner was Dave Dungan of Zephyrhills, with a 110.6 average.

In the barrel race/clovertail race, Mary French, a 12 year

old girl from Ft. Myers, won first place with a 35.9 second average. She also won a sterling silver engraved belt buckle which was given by the Ridge Roping Club plus a Spiedel watch band from Blair Jewelers of Sebring and a yellow gold I.D. bracelet from Jordan Jewelers of Avon Park.

Second place was won by Sonya McAniels of Ft. Meyers, with an average of 36.2. She was awarded a thermo weave blanket donated by J. W. Earnest Co. Inc. of Wauchula.

Third place winner was Donna French also of Ft. Meyers.

As an added attraction, there was a bull-dogging contest which was won by Gene Tomlinson of Lorida, with a 10.5 second average. Second place was won by Wendell Cooper of Belle Glade, with a 10.6 average.

SATURDAY'S PARADE included city police department, fire department, Mayor, and a host of businessmen and individuals.—(Sun Photo)

WHERE AM I GOING?
QUO VADIS

CONNIE FRANCIS, America's singing sensation, is appearing this Saturday, August 6th at the Curtis Hixon Hall. Last call to see the fantastic Connie Francis Show. If you don't have your tickets, yet, make your reservations NOW!

Don't forget for a night of thrills and racing — the track at Sarasota DOG TRACK is open every evening except Sunday. Next Tuesday, August 9th — men will be admitted free. Thursday is Ladies' night — when the girls get in free. An easy way to get there to avoid the traffic is to call MARCUS AIRCRAFT and have the car take you to the track. The track is located just south of the Bradenton Sarasota airport on Bradenton Road between U.S. 41 and U.S. 901.

Take the wife out for a delicious steak or another of her favorite dishes to any of these restaurants — located close by the TOWER VIEW RESTAURANT on U.S. 27 in Lake Placid. The COPPERTOP on U.S. 27 in Lake Wales. CLAYTON'S on U.S. 27 just south of Sebring or at the SEBRING HOTEL on South Ridge-wood Drive.

For fun, cocktails and dancing, try Frank Wiesner's EL CID LOUNGE on U.S. 27 North in Ft. Meade, or George's Coppertop on U.S. 27 in Lake Wales. Give yourself and the kids a treat by dropping in to PLACID TOWER and taking a ride in the elevator to the top and see that breathtaking view of Florida's natural beauty at its peak. Slot car racing is getting very popular at SAGER'S located on Pine St. in Sebring. Local cinemas have an assortment on the bill this week with the SEVON DRIVE IN showing Tarzan and the Valley of Gold with the cartoon, Frankenstein Conquers the World this Saturday. Starting Sunday MGM's Around the World Under the Sea is a thrilling sea adventure. Steve McQueen, Karl Malden, Brian Keith, Arthur Kennedy and Suzanne Pleshette are starred in "NEVADA SMITH". This film is put into the class of "High Noon" and starts tonight at the Hilans Theatre in Avon Park.

RIDGE LANES is still giving out lots of very nice prizes at their Summer Fun Festival — getting more and more popular is their Moonlight Bowling every Saturday evening. If you are planning to bowl with a team—now is the time to register as the Fall and Winter League bowling will start the middle of next month. SCHOOLS AND EDUCATION are very important to both the parent and their children. Highlands county is now holding a school for girls from the grade third thru the 12th plus post graduate courses. If you haven't as yet visited the Highlands School on Alternate 27 on Lake Wales, make it a point to stop by soon and see their beautiful campus and check with the headmaster on curriculum being offered in their small classes. To give individualized instruction and guidance. This newly opened school has both boarding and day students with classes starting early next month.

Congressman James A. Haley Reports from Washington

In my report to you last week, I discussed the increasingly serious matter of rising costs of living and other impacts on the national economy of the steady trend toward disastrous inflation.

In this connection, as you will remember, I suggested that the Government has yet to take all the steps which are available to it to stop and possibly reverse the inflationary trend. One of these untaken steps, I suggested, was a reduction in the level of federal spending—for certainly a federal budget in excess of \$100 billion, a part of which is based on deficit financing, is a major, if not the major, contributor to inflation.

The question, of course, immediately arises as to how one puts the brakes on federal spending in an era when more and more government programs are being developed or expanded to (supposedly) do more and more for the people—and to continue expanding such programs even when war has put an unusually heavy burden on the federal treasury, which, actually, means the federal taxpayers.

It must be admitted that when question is asked, that it is indeed difficult to put the brakes on. Certainly, it cannot be done precipitately, by a snap of the fingers. But I say that it can be done by long-range planning involving the use by Congressional Committees of powers they have to insist that ceilings be set in advance on spending authorizations for all programs proposed by the executive agencies, and that those ceilings be adhered to except in those cases where the agencies may later be able to show full justification for

elevating those ceilings, say not only that this can be done—but that it has been done, for several years now, by the Interior and Insular Affairs Committee of the House.

At the risk of appearing to blow my own horn, I must at this point say that the House Interior and Insular Affairs committee, of which (because of two impending retirements of members from Congress) I will become the ranking member, or vice chairman, next year, has done this through writing into every departmental authorization bill before it what has come to be known as "the Haley amendment."

This amendment, which I sponsored first early in my service in The Congress, now is attached virtually automatically to all Interior Department spending authorizations and, according to Chairman Wayne Aspinall has resulted in savings of untold millions of tax dollars because it effectively prevents escalation of spending on projects sponsored by such money-hungry agencies as the Bureau of Reclamation. I must confess to pride in having achieved this—if I accomplish nothing else as a member of The Congress, I will have more than earned my salt.

If all of the committees of The Congress similarly applied the underlying principle of the Haley amendment to legislation authorizing spending of tax dollars (and I may say that the Public Works Committee has done so, with great success) federal spending would be held down, at the savings of billions of dollars in the future.

Farmers May Work Children Under 16 Outside School Hours Only

With the start of the school year, farmers are reminded that children under 16 may not work outside school hours. This is in accordance with the child labor provisions of the Fair Labor Standards Act.

"This law helps the migrant as well as the local child to get the education which is so essential in today's world," said Regional Director Henry A. Huettner of the Wage and Hour and Public Contracts Division, United States Department of Labor, said today. "A youngster's future success depends on his education."

The need for continued vigilance is shown by the provisions, findings that children who work on farms during the summer months are behind in school and are at risk of dropping out.

Huettner pointed out that the Act does not restrict children who work at the home

farm for their parents or guardians. He also noted that when state and federal child labor standards differ the higher standards apply.

"The local office of the Wage and Hour and Public Contracts Division at 500 Zack Street, Tampa, will be happy to answer any questions about the Fair Labor Standards Act," Huettner added.

over July collections of 1965—or a gain of 7.22 percent. He also noted that when state and federal child labor standards differ the higher standards apply.

"The local office of the Wage and Hour and Public Contracts Division at 500 Zack Street, Tampa, will be happy to answer any questions about the Fair Labor Standards Act," Huettner added.

Documentary Stamp Sale Up \$1.5 Million

State Comptroller Fred O. (Bud) Dickinson, Jr., announced that sales and use tax collections in July totaled \$2,265,886.

Dickinson noted in the monthly report that revenues from sales and use tax, as well as from gasoline and sporting goods taxes, were considerably above those collected during July of last year.

Dickinson pointed out the revenue from the general revenue fund, was more than \$1.5 million above the total collected during the previous year.

Of the current total, \$2,040,228 came from the sales tax, which is levied throughout Florida and in state offices in Tallahassee. The remainder was made up of out-of-state sales, explained Dickinson.

Revenue from in-state sales totaled \$1,573,275 above a like sum collected during the 1964-65 fiscal year, Dickinson pointed out. Revenue collections from out-of-state sales were down \$1.49 million from a like sum collected during the previous fiscal year.

During the fiscal year ending June 30, 1966, collections of stamp agents totaled \$197,043 as compared with \$185,758 of the previous year.

Stamp inspectors accounted for \$3,022,771 as compared with \$2,929,257 of the previous year. Revenues from sales handled through Supermarkets in Tallahassee totaled \$206,414 as compared with \$218,926 of the previous year.

The amount for Highlands County was \$217,905.

Deaf Man Perfects Midget Transistor Hearing Aid

If you can hear people talk and can't hear the words clearly, then this will be your answer. An extremely small hearing aid using a tiny energized unit, has been perfected by a man who himself is hard of hearing and has been for over 10 years. With his new aid, even whispers are crystal clear.

If interested it is suggested you write HEARING, 35 E. 90th St., Erie, Pa. You will receive full information at no cost or obligation whatsoever.—Adv.

Sales Tax Run Higher Than Last Year

however, that impact of the strike on the state's economy was not fully reflected in the July figures because they were compiled from a sale period to the strike.

Gasoline tax collections for July totaled \$12,671,412 and Florida's five percent whole sale sporting goods tax generated \$156,261 during the same period, said Dickinson.

In the major category of sales and use taxes, Dickinson said records of the State Revenue Department showed a total increase of \$1,567,921

Highlands County Judge Mervin Rehner was in Lakeland Wednesday, to attend the Juvenile and Domestic Relations Court and the Board of Public Instruction of Polk County.

Held in Lakeland at the Holiday Inn, they presented the Second Annual Workshop. "Something can be done about Children's Problems."

Subject for discussion — "The Childs Rights and the Childs Responsibility." (Is it legal—The Childs Right must be protected—Society must be protected.)

The speaker for the morning session was Arthur G. Dozier, Director for the Division of Child Training Schools for the State of Florida.

Chairman of the afternoon discussion was the Hon. Virgil B. Conking, Judge of Brevard County Juvenile Court, Titusville, Fla.

Participants were Hon. Wm. A. Milton, Judge of Brevard County Juvenile Court of Lake County, Tavares, Fla.

Hon. Mervin Rehner, Judge of Juvenile Court of Highlands County, and President-elect of the Florida Council of Juvenile Court Judges.

Questions in the supplementary survey, supported by the Advertising Research Foundation, will be asked of only a part of all families questioned in the regular monthly survey aimed at obtaining employment figures for the Bureau of Labor Statistics, U. S. Department of Labor. The information is taken from selected households in 357 sample areas of the nation.

The television section of the August survey will ask the number of sets in the household, by color or black and white, and the capability of receiving ultra high frequency television.

Census interviewers who will collect information in this survey include Mrs. Christine Oates of Sebring.

Luncheon Report

Laser - Maser

REPORTED BY BOB GAY

Last week, August 3, Bill Wilson, commercial manager of the Lake Wales office of General Telephone Company, gave us a most enlightening and interesting demonstration of Laser (Light Amplification by Stimulated Emission Radiation) and its twin sister Maser (Microwave Amplification by Stimulated Radiation) Both discoveries of Dr. Charles Towns of M.I.T.

Telephone companies are intensely interested in the possibilities of communications, voice, picture and data transmission as present frequencies allocated to the industry are rapidly becoming filled. Laser is presently being used by many scientific and astronomical to zoology and its most interesting applications are in the field of physics.

This comparatively new discovery while thrilling to the scientists, has already been used as 1960 when Alexander Graham Bell sent a message over a light beam. Light and sound are natural companions and are used extensively in the motion picture industry where a photoelectric effect places sound waves on film at the studios and another photo cell reconverts the sound in the theater.

Light as we know it, such as sunlight, is made up of light or fluorescent light, is called incoherent light as it emits energy in all directions. Laser is controlled light emitting one frequency in a controlled direction and can be focused down to a spot of 1-10,000th of a centimeter.

Laser, presently used in surgery has been used to weld a detached retina in the human eye in cases of cataracts, and opens the way to bloodless surgery and possibly to cancer therapy.

N.A.S.A. is presently using Laser as in the Gemini 7 flight and is expected to replace radar as it gives a pattern rather than a blip. This feature will make surveying inaccessible areas possible from a space platform and can be used to map the dark side of the moon for instance.

Bill demonstrated that light exerts pressure when focused on a small area and that a laser generates heat up to 10,000 degrees Fahrenheit, thus creating a whole new field of high temperature physics.

This science can be a tool for a small area and can be used in a number of ways. It has been said that there is no need to conquer outer space. Where cattle controls the first 600 miles around the earth will control the earth. To protect our freedom it behooves us to be the first to control this 600 mile area.

The demonstration reminded the writer "there is no new thing under the sun," and that the new thing in industry in a competitive society can and will develop.

Graduate Level FSAC August 14 In Miami Beach

Avon Park ARC will host the Florida School of Alcohol Studies, August 14-17, in Miami Beach, at the Seville Hotel. Attendance is expected to number about 100 professionals in the field of alcoholism.

FARP faculty will lead special workshops on the "Alcohol and the Law, Alcoholism and Industry, Alcoholism in Treatment, and the Community Action on Alcoholism."

A representative of the Attorney General's office will participate in the panel discussion covering the legal aspect of compulsory treatment of the alcoholic.

Joseph Zisenheim, FARP director, revealed that the ARC has increased its ratio of counselors to patients to one all time high. This has utilized rooms formerly used as beds for patients, lowering the number of beds to 38 or less, from the originally designed for.

He said the advisory council meeting in Orlando recently had advised him to obtain the service of a hospital expert, such as Dr. J. J. Bowers, to study the feasibility of adding to the present hospital facilities, the five beds to bring the hospital back to its originally designed patient capabilities.

Don Thieme, editor, also announced that a co-director, Edwin Bowers, has been hired effective August 1, 1966.

Leaving the staff August 31 is John McCall, who will be chaplain assistant in the new Alcoholism Unit at the University of Iowa.

A new psychologist has been added to the staff effective August 15. Charles Dill of St. Petersburg, was chosen for the position.

Social Security News

By July 1, 1966, 999,000 Florida people 65 or older had signed up for the voluntary doctor bill insurance part of medicare, W. E. Arnold, district manager of social security in Lakeland, announced.

As of the same date, out of a national total of 19.1 million persons 65 or older, 17.3 million, or 91 percent, had signed up for the medical insurance protection to help pay their doctor bills and other medical services. This part of medicare is financed by a \$3 monthly premium paid by the beneficiary with the Government paying a matching amount out of Federal general revenues.

Arnold explained that most people have the premiums deducted from their monthly social security, railroad retirement, or civil service retirement cash benefits. Others who have enrolled for the supplementary medical insurance protection, but who are not receiving cash benefits, pay the premiums quarterly by check or money order to the Social Security Administration or the Railroad Retirement Board.

However, elderly people who may not be able to pay the \$3 quarterly payment at the time they receive the quarterly premium notice may pay \$3 on \$6 and send in the remaining amount later, Arnold said. But they should make sure that payments are made in time to keep this protection in force.

He advised all area residents signed up for the medical insurance part of medicare who have questions about how premiums are paid, to get in touch with the social security office at 306 South Florida Ave., Lakeland, without delay.

The phone number is 686-4195.

Damage Suit Awarded To Lake Placid Man

Oris Simons, who sued Harold Hoyt Horn, Lake Placid rancher, for damages in excess of \$1000 as a result of an automobile accident which occurred south of Lake Placid, was awarded damages of \$1028 on Tuesday of last week.

Simons alleged that he was driving south on U.S. 27 and was stopped for traffic to clear so that he could make a left turn, when Horn, also driving south, struck his car from the rear.

Horn stated that Simons pulled out of the right-hand lane of traffic, evenly to a car, and he, Horn, then suddenly pulled back into the right-hand lane, where he was hit from behind by Horn's car.

Members of the jury which heard the case and determined the amount of the award were Byron L. Davis (foreman), Austin S. Bissau, Telford A. Pohlman, Clifford Tomlinson, J. A. Brooks, and David L. Mallick.

The case was tried before Circuit Judge A. H. Lane. Simons' attorney have filed a motion asking for a new trial.

Florida Citrus Comm. To Hold Public Hearing

The Florida Citrus Commission has called a public hearing for the purpose of hearing protests and receiving evidence and taking testimony with regard to the adoption by the Commission on June 16, 1965, of Amendment 36 to Regulation 105-1-03, and Amendment 4 to Regulation 105-1-09.

The hearing will be held at 11 a.m., or as soon thereafter as can be heard, on Thursday, September 8, 1966, in the auditorium of the Florida Citrus Commission building in Lakeland. This hearing will be continued into the next day if necessary in order that everyone may be heard.

The amendments to the Regulations which have been protested to pertain to stamping of citrus fruit or containers from the Indian River Citrus District or Area of Florida, as defined in Federal Marketing Order No. 905 and designated by said Order as Regulation 105-1-09.

You are invited to attend this hearing and present any testimony or evidence pertinent to this issue.

Orange Juice "Special Task Force" Expands

Florida Canners Association President, Robert D. Flippo, announced recently the expansion of the Chilled Orange Juice "Special Task Force" with the appointment of William G. Beshars, Jr., Kraft Foods, Lakeland, and Joseph D. Mansburn, Florida Citrus Canners Cooperative, Lake Wales, as committee members.

D. O. Hamrick, Tropicana Products, Inc., Bradenton, is committee chairman.

The special committee has been charged to study, investigate and come up with a complete quality improvement program for Chilled Orange Juice.

The increased production of Chilled Orange Juice has shown it to be the fastest growing segment of the citrus industry and a complete quality study will be conducted and a quality improvement program put into action if the committee findings indicate such action is necessary.

Chairman Hamrick said, "I welcome the two additional committee members as they will be most beneficial to our committee, as the committee shall seek out all avenues of approach in its study of a possible quality improvement program for Chilled Orange Juice."

Brian Keith is co-starred with Steve McQueen, Karl Malden, Arthur Kennedy and Suzanne Pleshette in Joseph E. Levine's "Nevada Smith," an epic western at Seven Drive in Sunday thru Wednesday.

First Membership Meeting Of The Highlands Property Owners Assn.

The first general membership meeting of the Highlands County Property Owners' Association will be held Monday evening, Aug. 15, 8 o'clock at Woodlawn Elementary School, Sebring. C. Elton Crews, president, stated that the purpose of the meeting is to acquaint prospective members with the aims and objectives of the organization.

Much interest has been shown in the association because of the current re-evaluation of county property required by the state. Crews stated that a request had been made of the tax assessor's office for a public hearing to address the group. Monday night.

Membership in the association is open to any property owner of the county. The membership fee, carrying through December 31, 1967, will be \$10.00 plus 1 percent of the member's 1965 county tax. A maximum membership fee of \$210 has been set by the board of directors.

The association is patterned after the Polk County Taxpayer's Association, which has been in operation for several years. The Polk County organization employs an executive director, who spends the greater part of his time reviewing budgets of the various county governmental offices and attending tax hearings. That association has saved Polk County property owners many thousands of dollars.

Are there really any sound reasons for buying a Chevrolet in August?

During August, it's so easy to own a Hot Air 4-Door Sedan as getting in the car.

Wait till you see how sporty your look sitting in your Impala Super Sport.

In a word: Six

1. Have you ever known the instant delight of selecting a new Impala Super Sport in the color you want, slipping into its Strato-bucket seats, and driving it home from the showroom the same day? Now it's your chance. Your Chevrolet dealer has a big choice of models on hand with small August price tags.
2. More than likely, your present car will never be worth as much in trade as it is right now. Money—another good reason to buy a Chevrolet this month.
3. Read those articles about when to buy a new car and they'll tell you that August is one of the best months. And your Chevrolet dealer is ready to show you why... with buys that are better than ever.
4. If you think winter's tough on an old car, believe us, so is summer. There's added strain on the engine because of vacation driving. Greater tire wear. The cooling system has to work extra hard. A new Chevrolet can save you a lot of trouble.
5. You do a lot of driving for pleasure so why not ride on Chevrolet's Full Coil suspension. Let your feet feel that deep-twist Chevrolet carpeting. August is to enjoy.
6. Make your summer driving safer by driving by taking advantage of the eight standard safety features built into every new Chevrolet. If your present car doesn't have seat belts, back-up lights, outside rearview mirror, padded instrument panel, look into a new Chevrolet.

Miss Kay Kirby Honored With Shower

The beautiful home of Mrs. Sanford Hartt was the scene of a coffee Thursday morning, Aug. 4, honoring Miss Kay Kirby, bride-elect of Lt. David Higgins. The wedding will take place August 21 at 6 p.m. in the Episcopal Church.

The dining room table, covered with a hand embroidered Madeira white cloth and centered with an arrangement of pink carnations and red roses, held the silver coffee service, dainty ornate sandwiches, pastries, pecan tarts and nuts. An arrangement of peace roses and pink glads was on the buffet.

In the Florida room, an arrangement of yellow spider mums and tropical greenery was used. The table covered with white linen held the punch bowl from which coffee Frappe was served. The living room held arrangements of disbud mums with red and coral glads, and tropical mums. One potted anthurium plant in bloom and one t-leaf plant completed the decorations.

Mrs. Nell Roberts greeted the 120 guests at the door and supervised the guest book. The hostess, Mrs. June Hartt, presented the guests to the bride-elect and her mother, Mrs. Roy Kirby.

Mrs. Wella Padgett, Mrs. Markine Osting and Julie Johnson, poured the coffee from the dining room table and Johnnie Higgins and Sally Higgins served the coffee Frappe.

Avon Personals

BY "HAPPY" STROM

Stephen Ford, young son of Mr. and Mrs. Donald Ford, has returned from a week visit with his uncle and aunt, Mr. and Mrs. Willard Smith in Williston.

It was quite a thrill for Stephen to be on their farm for a week.

Mr. and Mrs. Ray F. Kruse from Clearwater, spent the past weekend at Dr. and Mrs. John Kruse's home. The men are brothers. The men enjoyed fishing at River Ranch while the ladies and children enjoyed a dinner and look-around at the Chateau Suzanne.

Dr. and Mrs. John Kruse were visited by Mr. and Mrs. Eugene Rutchy and son Alan from Springfield, Ohio. The Rutchys were touring Florida and spent two days at the Kruse home.

Dr. and Mrs. Kruse will attend the wedding of Carol Lee Block, Sunday, Aug. 14, in Vero Beach.

Miss Block, daughter of Mr. and Mrs. Arthur Block, will be married to Mr. Alan Hale at the LaPosada Inn, at Vero Beach.

Mr. and Mrs. Earl Green and family have returned from an extended vacation trip through the West in their camp trailer. They returned Sunday, Aug. 7. Their first main stop was in Safford, Ariz., and from there they visited in Phoenix, going on to Springfield, Ariz., where they parked their trailer at the Summers Ranch and

spent quite a few days there as their children thoroughly enjoyed the activities on the ranch especially the horses. They visited friends in Las Vegas and in El Paso they visited at the home of Sgt. and Mrs. Bud Clark.

Returning, they visited Mr. Green's aunt and family, Mr. and Mrs. A. F. Davis in Shreveport, La. In Dalton, Ga., they parked their trailer and made trips to visit friends in the near vicinity. In Chattanooga, Tenn., they visited Mrs. Green's cousin, Miss Margaret Bonner, also her aunt, Mrs. C. B. Thompson.

Mrs. Thompson is well known in Avon Park. In the past, she has spent many winters at the Green home, but now feels that she is getting too old to travel and may not come this winter.

Mr. and Mrs. Harry Simmons, daughter, Linda, and son Larry, have returned from a two week vacation August 3. They drove to Puyarey, Tenn., and left Mrs. Simmons mother, Mrs. Avelly Gize, at the home of her brother and family, Mr. and Mrs. Homer Hart, for a visit while they continued on into Michigan and Canada.

They visited Mr. and Mrs. Omer Snyder in Lapeer, Mich., and took them along to sight-see with them at Niagara Falls and Canada.

Returning back through Puyarey, they visited Mrs. Simmons' uncle and family, and brought Mrs. Grace back to Avon Park with them.

Southland Trailer Court

Mr. and Mrs. G. A. Peste of Dundin, were recent overnight guests of Mr. and Mrs. Sam Walton. Mr. Walton and Mr. Peste were buddies in the first world war, both seeing service in the European Theater.

The Carl Weitzars enjoyed a visit from their granddaughter and family, the Kenneth Tafts, last week. The Tafts are livestock feeder farmers from Edinburg, Ill., and were very interested in what Highlands County cattle raisers can do to supply the mid-west feeder market. Mr. Taft thanks our county agent, Mr. Harris, for his help in gathering much information.

Cyrus Senger informs his friends and neighbors that he has been appointed executive director of Fan Trailer Club, sponsored by the Fan Coach Mfg. Company of La Grange, Ind. Mr. Senger will retain his Southland address, directing his new activities from there.

Word just received from the Cap Morrisons at Silver Springs, Md. "We are enjoying the change from Florida, with less humidity and no gnats." However, they will soon be returning Hurry back.

The first to return after their stay with relatives in Ohio, are Russel and Winnie Lumpkin, and Louise Garrison. Welcome home.

Evlyn Fritz is visiting her son's and daughter's families on the east coast, and last week attended a family get-together in the Keys.

Stewart Dills reports that he spent ten days in the north-west area of Michigan, getting in some fishing and golfing, and brought home some of those delicious Traverse City cherries.

We are sorry to report that the Will Drakes have had to cancel their plans to go to New York, due to the illness of Mrs. Drake. We trust she will improve in health so that they can make the trip later this summer.

Word just received that Luella Pinner had gall bladder surgery July 28. We trust she will have a rapid recovery, so that they will be able to enjoy their new travel trailer before returning to Southland this fall.

We welcome Mr. and Mrs. Herman Home from Sebring, as the latest couple to join our park family, occupying lot 131.

SOUTHLAND HAS NEW IMPROVEMENTS
Mr. and Mrs. Harvey J. McClary, formerly from La Grange, Ill., and Clearwater, purchased our park from the Hitchcocks as of August 1, and already in the midst of several improvements. Florida Power is now installing new electric lines and vapor lights new washers and dryer will soon be added to the laundry, with other improvements as needed in the future. We, the residents, extend a hearty welcome to the McClarys, and wish them much happiness and prosperity in their new association.

MRS. JIMMIE CECIL WILLIS

Miss Mary Susan Prescott And J. C. Willis Married In Sebring

Miss Mary Susan Prescott of Sebring, became the bride of Jimmie Cecil Willis of Sebring in a double ring ceremony, Saturday evening, Aug. 6, at 8 o'clock, in the First Baptist Church in Sebring.

The bride is the daughter of Mr. and Mrs. W. H. Prescott of Sebring. Parents of the groom are Mr. and Mrs. Cecil Willis of Sebring.

The Rev. A. R. Fagan of Orlando, officiating. Mrs. Gerald Darrow, organist and Miss Diane Landress, soloist, presented a program of musical music.

The church was decorated with palms forming a background for three baskets of pompons and gladioli with yellow laceron interlaced to carry out the color scheme. Candelabra with lighted white tapers completed the decorations.

The bride, given in marriage by her father, wore a bouffant gown of misty organza over net and bridal taffeta with imported chantilly lace trim, sculptured bodice of all-over lace, styled with a scalloped neckline and long lace calla sleeves. The overskirt was lace trimmed, back interest was in detail by a double chapel train, which was outlined in chantilly lace and held in place at the shoulders by two tailored bows. Her shoulder length veil was attached to a pill box trimmed in lace and seed pearls, with one tear drop crystal in front. She carried a cascade bouquet of yellow roses, centered with a white orchid with a yellow throat, with white streamers showered with pearls.

Mrs. James Fountain, sister of the bride, was matron of honor. Her formal gown of yellow dotted swiss featured a cascade bouquet of yellow roses, centered with a white orchid with a yellow throat, with white streamers showered with pearls.

The bridesmaids were Miss Jan Walker of Tallahassee, Miss Mary Ann Pavis of Orlando, and Miss Ann Prescott of Lakeland, cousin of the bride. Their dresses and flowers were similar to that of the honor attendant.

Little Leah Andrews was flower girl. Her dress was yellow dotted swiss, with a long full skirt and she carried a white dotted swiss basket filled with yellow rose petals.

Jeffrey Willis served his brother as best man. Ushers were James Fountain, Lake Wales, Jack Oasi of Jacksonville.

Cigarette Tax Collections For June Revealed

Ken Morris, director of the State Revenue Department, reports that net cigarette tax collections for the month of June, 1966, amounted to \$4,361,777.90. Of this amount, \$3,400,470.00 will be distributed to qualified municipalities.

Highlands County will receive \$13,170.00 distributed as follows: Avon Park to receive \$3,340.00; Sebring will get \$7,409.35 and Lake Placid to receive the balance of \$1,319.41.

LOWELL DU-ROSE, JR. perches on camp truck at Camp Challenge, Florida's Easter Seal camp for handicapped children and young adults, north of Orlando. Lowell, Jr. returned to his home in Avon Park last Friday after spending two weeks at camp. Mr. and Mrs. DuRose live on West Prairie St. in Avon Park. Mr. DuRose is employed with Florida Power Corporation.

Why so many Volkswagens live to be 100,000.

The Volkswagen isn't the kind of a car you trade in after a year or two. It's designed and built for keeps.

The piston speed in a Volkswagen is slower than it is in many other cars. The more wear Engine friction and stress are so low that the VW's cruising speed is the same as top speed!

Continuity in making the same basic model year after year has let Volkswageners get the best of both worlds—the kind of a \$5,000 car would be proud of, to say nothing of a car that sells for \$1,585.*

Just to give you an idea: A Volkswagen is so outright, it's a good practice to open the window before you slam the door. Even after you've had it for several years.

So, if you own a '61 or '62 VW that you've taken good care of, why would you want to trade it in for a '66—which looks just like it?

You'd keep it, and have the pleasure of seeing 99,999 on your VW's odometer turn to 100,000.

Sheriff Coker Featured In Magazine

The current issue of the Florida Sheriffs Association magazine, The Sheriff's Star, carries an aerial photo of Sebring race course.

The cover story is a two-page spread, "Sebring—Endurance Test for Sheriff Too," written by Ash Wing. It commences by observing, "Put 80,000 race fans into a city of 8,000 and there's an immediate law enforcement problem of huge magnitude."

This is the situation Highlands County Sheriff Broward Coker faces every March when auto race fans and sports car buffs from all over the world converge on Highlands County and Sebring for the famous 12-hour Grand Prix of Endurance.

Wing comments, "Sheriff Coker is a calm, reserved man with a magnificent World War II record and 33 years experience as a lawman, and he handles problems of either small or large magnitude with the same calm, reserved manner."

The article commends both the volunteer and professional lawmen who work during Race Week each year. He makes special note of the emphasis the lawmen place on preventing trouble in the huge race crowds. The arrest record is low—less than one percent of the crowd.

The Sheriff's Star is published monthly by the Florida Sheriffs Association and has earned national recognition, from the National Sheriffs Association, as an outstanding state journal for sheriffs' associations.

Construction Classes Held

The second class in construction was held at the Hopewell School, Thursday evening, Aug. 4. The attendance met the expectations of Bill Abbott, Vista Worker with the Community Action Fund, Inc.

It was announced that beginning Tuesday, Aug. 9, there will be three classes each week from 8 till 10 p.m. Tuesday night class will cover carpentry, Wednesday night will cover masonry, Thursday night will be devoted to home maintenance and repair.

When asked to indicate their preference for instruction in the three types of classes, all of the men present enrolled in the three classes.

There is a great need for skilled construction men in every town and city. This will be particularly true here in Avon Park when the Federal Housing Developments get underway, about the first of the year. The men who are attending the classes now will be able to qualify for construction work by that time, according to Abbott.

Anyone who has an interest in the construction field is cordially invited to visit and enroll in the class at any time.

The picture shown above was taken early in the evening and they had eight more men that came in later.

FHP To Check Driver's Licenses

Col. H. N. Kirkman, Director of the Department of Public Safety, today ordered all Florida Highway Patrol Troopers to immediately initiate an all-out statewide drive on driver's license checks during the month of August and at the same time requested the assistance of local law enforcement officials in the drive.

"Last year figures showed that for the first time in Florida's history there were more registered vehicles than licensed drivers in Florida," said Col. Kirkman, "and therefore strongly indicated that many people are operating without licenses or they are failing to properly renew their driver's licenses."

"In previous years," said Kirkman, "Troopers have found that while checking for licenses many drivers are found in violation of other

laws which in turn have helped our over all accident and fatality prevention problem."

August has always proven to be a heavy motoring month here in Florida with many Floridians taking their vacations plus thousands of out-of-state tourists also driving on our streets and highways.

"The Patrol's drive license checks," reminds Kirkman, "incorporates an all important automobile safety check along with giving the Troopers an opportunity to impress upon all motorists stopped the need for special cars while driving in busy summer highway traffic."

The Commanding Officer of the Florida Highway Patrol concluded by reminding motorists that when and if you're stopped, it just might prove to be the pause that makes your vacation a happier and safer one you'll live to remember!

Driving A Car Life Or Death Matter

Colonel H. N. Kirkman, Director of the Department of Public Safety, reported that Florida ended the first six months of 1966 with 852 traffic deaths on its highways as compared with 868 for the same period in 1965.

"Statistically we can say Florida has had 14 more deaths on its highways than last year; however, Florida drivers must never forget that people killed in auto accidents are not members of some strange species, and they aren't just statistics or people from other states or all old folk or all young."

"They're all people like you and I with about the usual mixture of good and bad driving habits," said the Florida Highway Patrol Commanding Officer.

"Perhaps a few 'couldn't help it' so to speak. But most of them let one of those bad habits get the better of them through no fault of their own. They may have been just as well aware of the facts of safe driving as you are, but they slipped—as all of us sometimes slip occasionally—at the wrong time. This is when they become that dread statistic!"

Colonel Kirkman concluded with a plea to all motorists to remember that Florida highways over the summer months this year will be crowded with vacationing families as well as the normal heavy traffic so please drive defensively. The next time we're tempted to take a chance on the highway we should remember that driving a car is a life or death matter.

SHUFFLING

On Wednesday, Aug. 3, there were six courts in play. The main event was won by Dr. McAlexander and Reed Simpson, and the runners-up were Kate McAlexander and George Ormiston. In the consolation event, the winners were Ethel Kime and Charles Pensternman, and the runners-up were Mildred Henderson and Chris Cabezas. On Saturday evening, there were five and a half courts in play. This time, the main event was won by Chris Cabezas and Ethel Kime, and the runners-up were Lillian Hayes and Yvonne Bean. The consolation event was won by Jimmie Brown and Kate McAlexander with the runners-up being Wm. Benson and Lura Pickell.

CARD GAMES

There were four tables of pinocle played on Monday, Aug. 1. Very nice high scores were made by two of the players. Jimmie Brown won first place with a score of 1007 and Reed Simpson was second with a score of 980.

DANCING

When the dancers entered the club house on Monday evening, they were delighted to find that during the week the floor had been sanded and refinished. The smooth floor was appreciated by the square dancers and even more by the round dancers. During the evening, frequent requests were made by the round dancers. During the evening, frequent requests were made to play old time favorite squares and it was very evident that those squares were just as popular now as they were several months ago. Another

nice surprise that evening occurred when Freddie Waldman, our Wauchula dancer, came into the club house. We are glad that our friend took only a short vacation in Ney York.

POT LUCK SUPPER

There were only 11 at the covered dish supper on Saturday evening. The reason for this small number was due to a very threatening rainy sky on that evening.

CHIT-CHAT

In the letters we receive from our friends who are taking vacations in the North, are frequent inquiries about the condition of the lawns of their Avon Park homes. Well, it is a sure thing that they don't have to worry about their lawns this summer. The very frequent cooling afternoon showers we have been having, resulted in a luxuriant growing season. We, who have stayed in Avon Park this summer, have had to do a heap of mowing and hedge trimming. When our friends return this year, they should certainly find a nice lawn awaiting them.

Mr. and Mrs. Chas. Bush have now returned from their northern vacation. They visited their children in Ohio, and spent a month at Lakeside, Mich.

Mrs. Fern Sager left this week for a two month's vacation in New York.

This week, Yvonne Beall and Lura Pickell will leave for Jackson, Ohio. From Jackson, Lura will go on for another visit to Hammond, Ind., and then to Chicago. Yvonne will leave Jackson to visit friends at Cambridge, Ohio.

Backyard Safety

Now that school's out, children are enjoying "Those Lazy, Hazy, Crazy Days of Summer." The joy of running through the yard sprinkler on a hot day is one that may be remembered through out adulthood.

But the same backyard, innocent as it may look, presents possible dangers, particularly to children. Sentry Insurance recommends safeguarding our children—and ourselves—against these threats:

Garden plants, bulbs and seeds should be strictly "forbidden fruit" to children. While most children know that they can get sick from eating toxicals, few are aware of the lethal poison in the tulip bulb, foxglove leaf, potato sprout and the rhododendron. Even the lovely lily-of-the-valley, when eaten, is poisonous.
