AP Glee Club Presents Sunday Concert—Aided by Junior High

School Program Need Named By Douglass

At an informal session with the Avon Park Chamber of Commerce Thursday night, County School Superintendent George Douglass outlined the construction program for new schools if the April 25 school bond issue is approved by Highlands County freeholders.

The program would call for a new elementary school in Avon Park in 1968 and a new high school in 1969.

These, and new schools for Lake Placid and Sebring, are the unanimous recommendations of the County school board as being the only solution to the growing school populations, said Douglass.

The \$1.10 bond issue would be paid off on a levy of 1.22 mills—or \$1.22 per thousand of assessed valuation, after homestead exemption.

Douglass pointed out that the recommended program is based upon anticipated needs for classrooms for several years to come. For example, the proposed Avon Park high school with an enrollment of 720 is present would be able to handle a future enrollment of 1200 students.

Architect James Heim said that building construction costs are increasing at the rate of about six percent per year. This is another reason that the school board has recommended the beginning of the construction program at this time.

The board of directors of the Highlands County Property Owners Association met in Sebring Tuesday night to consider the proposed Highlands County School Bond issue.

President C. E. Crews said the board agreed to retain professional assistance in analyzing the information pertaining to the bond issue, available from the county school superintendent and the state department of education.

A full report of the analysis will be made to the board of directors March 15 and subsequently to all members of the association.

The board further agreed to employ an executive vice president.

The time is Thursday, Feb. 16, at the Walker Memorial Sanitarium from 10 a.m. to 1 p.m. and from 2 to 5 p.m. You may think you have perfect vision and still have glaucoma. Glaucoma is the second leading cause of blindness. It is a disease resulting from too much pressure within the eye. It is a silent thief, and it can be detected in early stages, preserve useful vision. However, sight destroyed by glaucoma cannot be restored.

Plan now to have your glaucoma test on Thursday, Feb. 16.

PBA Sponsors

Fun and Games
The Avon Park Progressive Business Association is sponsoring Kiddleland and Teen-age Fun Center which will be at Avon Park, February 14 to 16.

Kiddleland will feature four kiddie rides and four teen-age rides and will be located on the city owned Prospect Park.

Members of the business association will distribute tickets.

Baseball Season Tickets On Sale For 10 Home Games

Adult and student season tickets for the 10 home baseball games of the Avon Park Red Devils went on sale this week according to Coach Ralph Hill.

The adult season ticket sells for \$5.00 and the student season ticket is available for \$2.50. This is the first time a

student season ticket has been offered and the compact deal is quite a savings for parents, whose students will be attending the Devil's home games. Regular admission price is 40c per game for students and the season pass will admit a holder for 25c per game.

Both season tickets are now on sale at Stimson's Gulf Station, Abington's Barber Shop, Leon's Sporting Goods, the High School Gym office, and from cheerleaders and coaches. Parents are urged to consider the purchase of a season pass for members of the family before the first home game scheduled for March 7 at Head Field against Frostproof.

The Red Devil baseball team is the defending Class B State champion and Coach Ralph Hill was selected as Class B Coach of the year last season. All baseball fans will want to support this year's squad which will be playing ten of the thirteen scheduled games here at home.

Regular admission price for students will be 75c for the season ticket will save an owner \$2.50 for the season or 25c per game. Get your season ticket now and show the Devils you are expecting another good year on the baseball field.

President C. E. Crews said the board agreed to retain professional assistance in analyzing the information pertaining to the bond issue, available from the county school superintendent and the state department of education.

A full report of the analysis will be made to the board of directors March 15 and subsequently to all members of the association.

The board further agreed to employ an executive vice president.

Judge Rehre Attends Meet

Highlands County Juvenile Judge Mervin Rehre attended the Council of Juvenile Judges' Convention held at the Ramada Inn, Feb. 2 to 4, in Cocoa Beach.

Judge Rehre is president-elect of the council and will assume office in July.

Constitutional revisions, various bills, and proposals for improvement of Juvenile Courts throughout the state, were discussed.

A side-light of the convention was a conducted tour of the Cape by a major from the Air Force. The trip included a ride of the Vehicle Assembly Bldg., which is the largest building in the world.

There is a stunned atmosphere at the Cape over the recent loss of the Astronauts.

DR. SPOTSWOOD TO SPEAK
Dr. Curran L. Spotswood, affectionately known as "Spotty", will be guest speaker at the First Methodist Church, Friday, Feb. 10.

This is an area meeting, to which church in this vicinity will be sending representatives. Hear! Learn! Discuss! with him at 11 a.m. Nursery open for pre-schoolers.

County Ranger Warns Of Fire Danger

Roy Williams, County Ranger for Florida Forest Service, called the public attention to the hazards produced by fires.

The total fires since Jan. 1, put out by the Forest Service, has reached 30, besides checking smokes left by fires.

The public is urged to contact Mr. Williams before setting fires. Since Jan. 1, 567 acres have been damaged by fire. Damage to orange trees, trailers, bees, etc., amount to \$3800.

There are now 6 muck fires raging. These can be put out before the Forest Service can assist any land owners with additional fires.

Extreme caution is urged around muck, due to the extreme dry condition, low humidity etc. Fires spread from burning trash in the backyard. Be sure your fire is completely out before leaving it.

Report all forest and rural fires to the Forest Service. Emergency Phone, EV 5-8851.

EXHIBIT OF HANDCRAFT

Commission Delay Decision On Jail

Highlands County commissioners, alarmed over the shrinkage in the race track bond money, have again delayed a decision on construction at the county jail.

A price tag of \$153,171—building costs for remodeling, a small amount of new construction and architect's fees—is substantially higher than fees would run the total pack county commission had earmarked from the race track bond money.

The second round of bids, opened at a special commission meeting last week, lower than the first bids, were submitted with four different alternates.

Cooper-Benton, Inc. of Orlando was low with a base bid of \$129,447 and the alternates came to \$9,500.

This Tuesday's commission meeting Chairman Carl McIntyre said all the alternates were "too important to eliminate." He went on to add that the 10 percent architect fees would run the total pack cost to more than \$159,000.

The standard fee for architects is 6 percent for new construction, but fees are higher for remodeling. The commissioners paid a Tampa architectural firm a 10 percent fee for the recent courthouse renovation job.

Chairman McIntyre raised a question about holding the jail plans for a time and re-bidding, hoping for local bids which would lower costs.

The Rogers, Lovelock & Fritz representatives, the firm which has drawn the plans for the jail remodeling, said construction costs at this time are rising at the rate of 1 percent per month.

Commissioner Earl Crutchfield put in, "I'm worried about the race track fund. I said he had run a quick study which showed that if present commitments are subtracted from the fund—originally \$1 million—we'd have about \$300,000 left."

He urged the board to "sit down and list all the projects with realistic cost estimates and assign priorities to the projects."

At the time of the sale of the certificates of indebtedness pledging race track tax income for repayment, a number of possible projects were listed without cost estimates attached.

In a later resolution adopted by the commissioners, possible projects to be paid from the race track money were listed with loose cost estimates. This resolution included a third floor for the jail—listed at \$200,000 and \$125,000 for a second floor addition to the courthouse annex.

The latter project has been abandoned, and the jail addition reduced from a full third floor addition to remodeling an existing space with a small amount of new construction.

As chairman of the newly operating county buildings department, Chairman Crutchfield called a meeting for the purpose of making a study of the jail project costs in relation to the shrinking bond money.

Shortage of space threw a

problem into the commission's lap Tuesday. Mrs. Virginia Hubbell, coordinator of community services for the mentally retarded, and Mrs. Elizabeth Nellis, mental health worker, attended the commission meeting to request office space.

In a letter to the board these two workers, who are paid by state agencies, explained that because of the confidential nature of their services, private office space is highly desirable.

When the dental clinic was placed in operation in the

Edison of Fort Myers. The Partners have split with Edison winning in the Brevard Tourney and losing to Edison in Ft. Myers. This will be the last regular season game.

At present the Panthers are 16 and 12 for the year. A win over Central of Ocala would assure the Panthers a winning season in their first year.

The Hardie Highlands supported South Florida Junior College Panthers are still battling for a play-off berth in the state tourney at Panama City. To gain a berth, several big bids must be satisfied.

If St. Petersburg can beat Manatee and Manatee can beat Orlando and the Panthers can beat St. Petersburg and Brevard, then, a play-off will be required to determine the number 2 slot. Only two teams from Division A are eligible to go to state. At present Brevard is in, with a perfect 20-0 record. Manatee is third with a 4-4 record. Orlando is 2nd with a 3-4 average. Florida and Polk have 3-5 and St. Petersburg 1-6.

The Panthers will remember the 1965 defeat at St. Petersburg handed them two Saturdays ago before a large television audience. This loss virtually knocked the Panthers from conference contention. St. Petersburg, 60 percent of the first half and 67 percent for the entire game.

In this game Skipper Gaudin scored 39 points for a season high, but the defense gave St. Petersburg a 76-60 victory.

To win the Panthers will have to stop George Washington from Gibbs star in St. Petersburg.

Saturday night the Panthers journey to Cocoa to do battle with the number 10 nationally ranked Brevard. Brevard jumped from 10th in the national ranking and still hold the number 1 spot on defense with a 3-0 average. The Panthers have scored 77 points each time they have played Brevard.

They have dropped 6 points over Brevard's first total. "We are hoping we can catch them before the season is over."

Monday night at the Sebring gym the Panthers will play the Seminoles from Sanford. Hardie fans will remember the Coach, Joe Sterling of Appleton, who has a 9 win record with one of the losses coming from the Panthers in a 60-50 loss on a last minute shot from Rocky Kitchens.

Tuesday night, in Lake Wales, the Panthers will face the southern division leader.

The Avon Park High School Band presented the second in their series of concerts, Sunday, Feb. 5, 3:30 p.m., in the high school auditorium.

Attended by a near capacity audience who heartily applauded each number.

Under the baton of the capable instructor, Vic Muevas they presented a program opening with the "Mighty Mike" March by Messing. A difficult number, "Great Gate of Kiev" by "Mossorgsky" was followed by a lighter number, "The Blue and the Gray" by Grun-dman, which featured selected made famous during the civil war.

Talented Marsha Ward, was the soloist for "Clarinet on the Town," by Merriam.

Following "Black is the Color of My True Love's Hair" by Ployhar, guest artist Miss Ann Grovenstein, from Highlands College, for Girls, on the harp. Playing a minuet as her first number, she then told of the versatility of the harp with demonstrations, which pleased the audience.

Corp. Steve Weber, student conductor directed the next number "Gigi" by Lermer and Loewe, playing the popular numbers from the show.

Corp. Steve Weber, student conductor directed the next number "Gigi" by Lermer and Loewe, playing the popular numbers from the show.

"Timpali" by Leist set the tempo to feature John Mason on the trombone and the drummers. Solo-Timpali, by Ricky Brooks. Drummers were, Tom Sharpe, Milton Howard and Paul Vilkas.

"Riffin' the Blues" by Van Auker, a jazz number, featured Gerald Wicker with his trumpet.

The last number before the St. Petersburg Banner was the March "Grandioso" by Seitz, which was dedicated to Marsha Collins, a teacher on leave from the high school, who had made the request as her march had been popular in high school during her school days.

Last but not least, Mrs. John Knapp, in her gracious manner, once more told of the needs of the band, speaking of money, but as she stated "Commemoration of our country" after which a little hars were passed for contributions to be used toward the purchase of the band uniforms.

The next concert, February 10 will feature the band in their new uniforms. The South Florida Community Chorus will appear as guests artists.

health department section of the annex. Mrs. Hubbell and Mrs. Nellis were moved from separate rooms into a single office, which is 9 by 11 feet. The letter stated:

Mrs. Hubbell said Tuesday that the county health director has the problem of having more staff to offer more services to many more people but still the same amount of space. Mental health and mental retardation are health related services; there are a host of cranny somewhere that can be used for offices?"

Rev. Tom J. Jones, president of the Ridge Area Association for Retarded Children, also appeared at the commission meeting and spoke in behalf of the office-space request.

The work Mrs. Hubbell is doing is a pilot program. The only other person doing this kind of work is located in Jacksonville. We feel honored that Highlands County was chosen to participate in the pilot project, and we are eager to see it succeed," Mr. Jones said.

He also presented to the board a letter of appreciation from the Ridge Area Association to the commission for its help in making funds available for construction of a special school for retarded children in the Lake Placid area.

The commissioners, after Tuesday's meeting visited the health department facilities in the courthouse annex and launched a study of office space allocation.

Unsolicted Gifts
The commissioners had the unusual problem of dealing with unsolicited gifts Tuesday.

Clark Earl Rich reported to the board that he had received a letter in his office he had come across a deed for a parcel of land in Sebring County Estates. This deed, to the county, is for a 56 by 200 foot strip of land giving access into a land-locked site beyond Sebring County Estates.

The commissioners glumly observed, "Once we accept the deed, we will start asking us to put a road on it."

Commissioner "Doc" Whitaker suggested, "Write the donors a nice letter and tell them we will accept this deed. When a road is paved to county specifications."

Another unsolicited gift is causing some problems now. In February, 1964, Gables Engineering, Inc. of Coral Gables, deeded to the county a site in Placid Ridge Estates for national purposes.

A boat ramp and public recreation area have been pre-arranged on this site and are in use. Residents of the area, through their attorney Haywood Davis, are protesting to the board that the public boat ramp and recreation area is in violation of restrictions in the subdivision's deed.

County Attorney Hue Nunnallee told the commissioners the county may abandon the recreation area or file suit in Circuit Court to give the subdivision's property owners an opportunity to be heard. If this area is to continue in public use, court action will be required," Nunnallee said.

Highway Park Clean-up
Another Lake Placid area community was promised help on a clean-up drive. Richmond Green, serving as spokesman for a delegation from Highway Park Improvement Association, asked the commissioners to provide county trucks to haul away trash.

We are trying to encourage everyone to clean up. If the county could help by providing some trucks to haul away big pieces of trash like old refrigerators and rusty bed-springs, we are a little better off," Green explained.

Green said that he had been designated as the pickup day. County welfare workers, Mrs. Anna Dea Church, supported the Highway Park delegation's request in pointing out to the commissioners, "We've had a terrific increase in tuberculosis rate in the Lake Placid area."

Other Business
In other business Tuesday the commissioners received a letter from Marion Stever of Avon Park route 1 that a neighbor is starting a junk yard. The commissioners said they would supply him with the junk yard requirements as set forth in special legislation for this county.

Related to the Pearl Remodeling of Avon Park the bid for fencing county barns in Lake

(Continued on page 8)

Social Security Questions And Answers

Question: If I am in a hospital that is under medicare and my doctor orders me placed in a private room, will it be covered under medicare?

Answer: Yes, if your physician decides it is medically necessary for you to be in a private room the hospital insurance will pay the reasonable costs.

Question: My grandmother is the nicest person in the world, but she's lived a rather sheltered life. She may qualify for care in a nursing home after a corrective heart surgery next month. I'm worried about her reaction to living in the same room with strangers, especially people of different races. Can they make her do this even if it hinders her health?

Answer: The problem of incompatibility is one with which nursing home administrators have been struggling for many years. In most of the circumstances arising from such situations, patients' cooperation is eventually obtained without developing or maintaining a pattern of segregation which would violate civil rights laws.

Question: Will hospital insurance under medicare pay for my care in any nursing home or rest home I may choose?

Answer: No, it will not. Hospital insurance pays for care only in a qualified extended care facility. Custodial care is not covered.

Please address your questions to the Social Security Administration, P. O. Drawer "E", Lakeland, Fla. 33802.

Student Loans From Credit Unions

Florida Student Loans

Loans from credit unions to college students in Florida exceed loans in all other states except Hawaii. These loans are under the Higher Education Act of 1965 and Florida has only been using the program for the past 90 days.

Loans are limited to full time college students including those in graduate courses, and are limited to \$1,500 per school year. The interest rate is 6 percent simple, and if a student's family income is less than \$15,000 per year, the U. S. Office of Education pays all interest while the student is in school. Another feature is that no loan payments are required of the student while in school.

All banks, credit unions and savings and loan associations in Florida are authorized to make the loans, which are fully guaranteed as to principal and interest by United Student Aid Funds, Inc., a privately endowed corporation under contract to the Governor's Commission on Scholarships and Student Loans for this purpose.

Under the program, federal funds are allotted to states to provide an insurance reserve guaranteeing no loss to private lenders on loans to college students.

If things keep going as they are now, and I expect they will, (or I may rate with Fuller Warren as a prophet.) Florida will, one day in the not far-distant future, be a land of ruins surrounded by lovely fields of Marketing Centers.

NEWSPAPERS
GIVE A BIG DIFFERENCE IN PEOPLE'S LIVES

Growers Get \$7.5 Million From Griffin On 1966 Crop

Checks representing final payment of more than \$7.5 million to Florida citrus growers, producers and intermediate handlers for their 1966-67 fruit crop have been mailed by his firm, Ben Hill Griffin, Jr., has announced.

The Frostproof based citrus grower and processor, who is president of Ben Hill Griffin, Inc., said returns to growers on 1966-67 fruit crops processed by his firm actually totaled \$7,566,281.99.

The Polk County State Senator revealed that his company returned \$4,111,454 per pound of fruit solids on Valencia oranges.

These payment averages represent net returns to growers and handlers after all deductions for advertising, taxes, processing and marketing fees, Griffin explained.

Sen. Griffin reported that growers and handlers "expressed extreme satisfaction with these returns and most of them indicated that these are the highest returns that they have received for 1966-67 crops. Some said these were the highest returns paid by any processor in the industry for this season."

In announcing the payments, Griffin expressed appreciation for "the fine cooperation we have had from growers and handlers during the past season," and he expressed continued optimism for the 1966-67 season although he explained that

Stocked Fish Doubled In 1966

The number of fish stocked in the First Conservation District in 1966 doubled the 1965 figure, according to Commissioner Jack Clett. Game and Fresh Water Fish Commission, Wauchula.

In 1965 a total of 21,420 fish were stocked by the Commission in the 90 bodies of water. The 1966 total was 51,361 fish released in 90 different bodies of water.

By species, the totals were largemouth bass - 88,810; panfish (or bream) - 60,601; channel catfish - 390,990; and striped bass - 1,000.

Highlights—3,000 bass, 11,750 panfish (private ponds) and 500 black crappie (June-Winter).

Fish are distributed to both private and public after inspection of a lake or pond by a Commission Fishery Biologist who determines actual needs and orders the fish. Panfish are generally stocked in the fall; bass are stocked in the spring.

Avon Park Gets Cigarette Tax From State

Avon Park cigarette Don Meekins, director of the State Beverage Department, reports that net cigarette tax collections for the month of December 1966, amounted to \$4,827,112.31. Of this amount \$1,569,492.25 went to the state general revenue fund and the remainder of \$3,257,620.06 went to the qualified Avon Park's share was \$6,708.19 which goes into the city's general fund.

Wauchula got \$5,478.50, Sebring \$8,964.00 and Lake Placid \$1,425.

Smallest finger in the pot was the town of Horsehead Beach which received \$8.15, total.

Said one long-haired girl to her long-haired girl friend: "No, papa does not kick because I go with Elmer. We stay out as late as we please. He thinks he is a girl."

While the war in Viet Nam may be one of those things that get worse before it gets better, it's a cinch it will get longer before it gets shorter.

Shuffling

Our club has been honored by one of our members, Duke Christensen has just been elected State President of the Florida Shuffleboard Association. Congratulations.

Ten teams from Avon Park went to Lake Wales on January 30 to the District Tournament. Alva and Hazel Thompson came home with trophies. They won third place in the main event.

Tuesday, Feb. 7, was the Tri-City Tournament, Lake Wales, Sebring and Avon Park. Fourteen teams from each club were here, so 21 clubs were in play.

On Friday, the third, the shufflers from Michigan played the shufflers from Indiana-All States. Indiana-All States won 27 games, and Michigan won 12.

On Wednesday with 16 and a half courts in play in the B Class, Alice Clarke and Glenn Long won over Mae Rankins and Earl Werner. Moody Beck and Alva Peter won in consolation over Wilfred Culver and Louise Freppo.

The A Class had 11 and a half courts in play. In the main event Everett Paxton and Ernest Rouget won over A. McAlexander and Walter Sayers. Consolation winners were David Dickerson and Myrtle Hefferman over Floyd Stevens and Earl Hazzard.

Thirteen and a half courts played in the B Class on Saturday. Glenn Long and George Rankins won in the main event over Jean Culver and George Combs. Consolation winners were Ross Starn and Georgina Wernham over Ellen Combs and Mildred Long.

The A winners were A. McAlexander and Grace Warner over Chris Cabezas and Earl Hazzard. Consolation winners were Louise Bell and Otto Gibson over Frank Flory and Charles Romilly.

Card Games
In Pinchle on Friday, high score went to James Yarnell with a score of 744. Herman Wurster and Sarah Kerr tied for second with scores of 700.

In bridge on Tuesday, J. Nickerson had high score of 4260. M. J. Brevort came in second with a score of 2093.

Entertainment
Last Thursday there was a good crowd to look at the Senior Color Tour, "From Ft. Wayne, Indiana to the Florida Keys". The pictures were so clear and the narration so vivid it was just like taking the trip.

Next Thursday there will be a Sing-Fest with a couple of vaudeville acts, singing by the Shufflers with audience participation. If you like to sing the old songs, do come.

Crafts
There was the usual hobby Thursday morning created by the 60 ladies doing the various types of handwork. Next week Nora Werner will be teaching the making of small fruits from a "dough" that Mrs. Werner cooks beforehand. Sounds interesting.

Dances
On Monday night there were three squares learning to square dance from 7 to 9. From then to 9:30 the regular dancing took over. Five squares participated on Friday evening. Guests introduced by Lois Johnson were:

Dr. Dean Conrad of Terre Haute, Ohio, Benita Kasm and Mrs. Nobes of Wauchula, Michael Traub of Miami, the Earl Wathens of Mantow Springs, Colo., Lea Connop of Stratford, Ontario, Canada, the Frank Goodwins of Stanfieldville, N.

Y. McNaughton of Albany, N. Y., and welcomed back was Delaney MacMillan and her daughter Ruth Bacon of C. S. City, Mich.

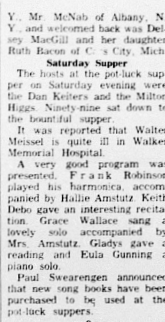

Saturday Supper
The hosts at the potluck supper on Saturday evening were the Dan Keilers and the Milton Huges. Ninety-nine sat down to the bountiful supper.

It was reported that Walter Meissel is quite ill in Walker Memorial Hospital. A very good program was presented. Frank Robinson played his harmonica, accompanied by Hollie Amstutz. Keith Debo gave an interesting recitation. Grace Wallace sang a lovely solo accompanied by Mrs. Amstutz. Gladys gave a reading and Eula Gunning a piano solo.

Paul Swarzensen announced that new song books have been purchased to be used at the potluck suppers.

Recently returned, Harry and Clara Brestler of Goshen, Ind., Tom and Phyllis Haines of Castle, N. Y., and Earl and Minnie Pierce of Hopkins, Mich.

First to be introduced were Claude Moore of Cedar Falls, Iowa, Wm and Audrey Near of Sherman, N. Y., Earl and Elma Jane Wadley of Marietta, Springs, Colo., Herman Young of Pine Park, Mich., and Harvey and Helen Krenning of Michigan City, Ind.

AVON PARK SHUFFLEBOARD ASSOCIATION

KENT FILIPPLA, age 11, 102 N. Lake Ave., has carried and delivered the "SUN" since last summer. On December 21, 1926 Kent sold 120 papers and won a baseball glove from the SUN as an award for his efforts. Kent is the son of Mr. and Mrs. Kenneth Filippa. (Sun Photo)

Lake Letta Mobile Home Ct.

Monday guests of Mr. and Mrs. Earl Carpenter were Mr. and Mrs. Harry Carpenter, Mr. and Mrs. Cook and Mr. and Mrs. Everson all of Lake Wales and Mr. and Mrs. Paul Grange of Brandon, Fla.

A welcome to Mr. and Mrs. Carl Parks of Washington, who visited us for the first time.

Mr. Elin Phillips spent a week with us visiting his cousin Mr. and Mrs. Henry Phillips.

Mr. and Mrs. Russell Doughty enjoyed a visit with their son from Penna.

A Happy Birthday to Janet Slear, daughter of Mrs. Helen Slear and Mr. Lloyd Carpenter, who had mutual birthday.

In memory of Bert Sheepers, Mr. Fontaine and Mrs. Sheepers are planting evergreens in a special bed, naming their lot "Evergreen Point."

WOMAN'S CLUB TO ATTEND COURT
The Woman's Club of Avon Park will attend a court session in the court room of the Court House in Sebring, Thursday morning at 9 o'clock.

Court will be presided over by Highlands County Judge Mervin Rehner. Regular cases will be tried as they are presented.

This program is sponsored Nationally by the Federation of Woman's Clubs and National Council of Juvenile Court Judges. Although specific invitations are to the Woman's Clubs, other interested persons are invited to attend.

Bonnie Brae Mobile Estates

Mr. and Mrs. Norman Hill of Andover, N. J., celebrated their 30th wedding anniversary at the coffee hour on Thursday. They were married at Mr. Hill's parents home in Nettong, N. J. Over 50 guests were present at the coffee hour in spite of so many being away for the day on trips.

The cake was baked by Mrs. Thelma Chalmers and decorated by Thelma and Mrs. Marie Alzotte. They were presented a potted plant by the managers of the park, Harold and John Lasse.

On Friday the Hills were treated to a delicious dinner at Mr. Hill's niece and husband, Mr. and Mrs. David Waldron of Avon Park Lakes. Many more years of happiness are wished for the Hills.

Mr. and Mrs. Roy Spence of New Brunswick called on Mr. and Mrs. Chris Shorten on Sunday.

Mr. and Mrs. Ernest Davis enjoyed Cypress Gardens Sunday.

Callers of Mr. and Mrs. Frank Foote this past week were Mr. and Mrs. Joseph Kroil, Mr. and Mrs. Lyndville Myers, Mr. and Mrs. Earl Baxter, Mr. and Mrs. Welcome Miller and Mr. and Mrs. Lawrence Violette.

Mr. and Mrs. Edward Friday of Dixon, Ill., has moved onto lot no. 5, where Mr. and Mrs. Bill Tyson were. Mr. and Mrs. Tyson have moved to Winter Haven. We are sorry to have the Tysons leave and hope they will be happy in their new home. Welcome Edward and Mildred.

Mrs. Dain of Connault, Ohio is visiting with Mr. and Mrs. Elta Lamson.

The Gerrards (Marie and Clarence) drove to Anna Maria Island on Friday to visit Mrs. Winnie Jackson. Mrs. Jackson returned with them and will stay in her Holiday Home here for awhile. Welcome back Winnie.

The Martins (Selma and Vernon) and the Porters (Mary and Waverly) took a trip to Bradenton and a trip to Myakka State Park, where they enjoyed much of the wildlife found there.

Mrs. Bernice Hendrickson of Warren, Pa. and Mrs. Esther Green of the same town have been visiting the Johnsons (Fran and Larry). They have taken many trips around this vicinity and enjoyed visiting the Singing Tower. Mrs. Green is Larry's sister. They are living on Hart Ave., while here.

Mr. and Mrs. Martin, Mr. and Mrs. Porter, Mr. and Mrs. Johnson, Mrs. Green and Mrs. Hendrickson enjoyed to concert given Sunday at the High School by the band.

George Chalmers is reported doing nicely after surgery at Winter Haven. His condition is expected to be home soon.

Mr. and Mrs. Floyd Knapp and Mr. and Mrs. Cecil Thonn spent Sunday at Myakka State Park.

Mr. and Mrs. Roy Podewels went to Largo Saturday, and spent the day with Mr. and Mrs. Henry Wolf.

The future historian will note that when the world was becoming over populated, the auto was invented and the auto was over.

SFJC News

By Judy Wester

On January 30 and 31, architects from Chicago and Ft. Myers and experts from the State Department in Tallahassee were in Avon Park. These men were here to develop the master plan of the new college to be built. Along with this study, the men discussed the relocation of the present road and the possible locations for the new buildings.

A new cheerleader has been selected for S.F.J.C. She is Judy Ladney from Lake Placid.

Baseball season will soon be here and the S.F.J.C. Panthers are getting ready. Official practice began Monday, Feb. 6.

The Panthers will play a competitive schedule of 18 games. Of these 18 games, 12 will be conference games.

S.F.J.C. is in Division III of the Florida Junior College Conference. Other members are: Manatee, Polk, St. Petersburg and Brevard.

At present there are 6 members of the team who have had previous baseball experience. 5 or 6 more players have been recruited out of the student body.

When asked about the upcoming baseball season, coach Terrell stated, "we have our work cut out for us."

Baseball season starts March 8.

One of the new classes this Trimester is Plant Propagation. So far this year the class has planted and transplanted seeds, taken to a greenhouse to view some of the plants and visited a caladium farm in Lake Placid. Mrs. Durance, the instructor, expresses her appreciation to all of those who have donated plants for this class. She says that donors will be contacted within a couple of weeks. A delay has been caused by the lack of water at the plant site.

TO CELEBRATE GOLDEN ANNIVERSARY
Mr. and Mrs. Walter E. Rutherford, Aunt Fannie and Uncle Walter, will celebrate their Golden Wedding Anniversary at the Florida Power Club House on Lake Loche, Saturday, Feb. 11, from 2 to 4 p.m. All friends and relatives are cordially invited.

Mr. and Mrs. Roy Spence of New Brunswick called on Mr. and Mrs. Chris Shorten on Sunday.

Mr. and Mrs. Ernest Davis enjoyed Cypress Gardens Sunday.

Callers of Mr. and Mrs. Frank Foote this past week were Mr. and Mrs. Joseph Kroil, Mr. and Mrs. Lyndville Myers, Mr. and Mrs. Earl Baxter, Mr. and Mrs. Welcome Miller and Mr. and Mrs. Lawrence Violette.

Panthers Win 3 Straight

Beginning with a fine 107 to 92 win over Indian River last Monday night the South Florida Junior College Panthers continued to gain revenge as they topped Florida Southern 36 to 30 and on Saturday night trounced on Daytona Beach 109 to 64. The Panthers had lost to Florida Southern 36 to 64 and to Daytona Beach 74 to 70. These three wins boosted the Panthers to a 16 win, 12 loss record. A win over Central Tuesday would assure the Panthers of a winning season. However, the Panthers are shooting for the magic 20 game win. To do this they would have to win 4 of the last 5 games, a feat that is not impossible.

In the Florida Southern game, the Panthers jumped out to a big 44 to 24 half time lead and coasted on in to the victory.

The scoring was evenly divided as 5 boys hit for double figures. Skipper Gause, 24, Bill Whitehead 17, Rocky Kitchens 15, Ted Butler 11, and Junior Gule 10, Harry Holley 2, and Jeremiah Cooper 1.

For a while it looked like a repeat for the Daytona Beach team as they held a 12 point lead at one time during the first half and then led 55-44 during the 2nd half. However, the Panthers kept clawing, scratching and any other way to get points, finally caught the Vikings and sent ahead 64 to 50 at halftime. Skipper Gause had 24 points the first half and finished with 34 for the night.

Close behind came Bill Whitehead with 22. Bill was delighted that he finished the entire game as he had had some trouble with fouls. Junior Gule 14, Ted Butler 12, Harry Holley 15, Rocky Kitchens 9, completed the scoring for the Panthers.

GEORGE DOUGLASS TO SPEAK
George Douglass, County Superintendent of Schools, will be the guest speaker at the monthly meeting of the Highlands County Women's Republican Club, Thursday, Feb. 16, at 2 p.m. at the Per Community Building in Sebring.

NOTICE TO CREDITORS
Notice is hereby given that the undersigned has, on day of April, 1967, procured an Affidavit of the Clerk of the County of HIGHLANDS, FLORIDA, to be filed in the Court of the County of HIGHLANDS, FLORIDA, in the case of the Estate of ROBERT D. EDWIN, deceased, and all other persons having claims or demands against said estate, to present them in person to the County Clerk in Highlands County, at his office at the Court House in Sebring, Florida, on or before the 15th day of May, 1967, for the purpose of settling said estate.

Each claim or demand must be in writing and must state the place of residence and post office address of the claimant and must be sworn by the claimant, his agent or his attorney, or the claimant, as the case may be, before a Notary Public in and for the State of Florida, on or before the 15th day of May, 1967.

Sermonette

REV. HERBERT D. GRAETZ
United Congregational Church
"WOULD BE CHRISTIANS"

"And why call ye me, Lord, Lord, and do not the things which I say." St. Luke 6:16.

We remember that some years ago a United Nations Diplomat, Povl Bang-Jensen, was fired from his job because he would not break his pledged word. He had been appointed to interview Hungarian Freedom fighters to get information for the United Nations. He promised these men not to reveal their names to protect them from the vengeance of the Communists and to protect their relatives who were still behind the Iron Curtain. He did his job as he was asked. Then a queer thing happened.

The United Nations demanded the names of those Povl Bang-Jensen had interviewed. He refused to give the names for the best reason in the world; he had promised not to divulge them. Because he refused to break his promise he was fired.

Bang-Jensen committed suicide. His wife said that he was a victim of an old-fashioned code of honesty.

Clot Huntley, in commenting on Bang-Jensen's suicide, said that in his opinion the British diplomat "lived at a time when conscience can be an unbearable burden." Such a situation is most serious and is bound to effect the moral climate of the people in our country.

Dr. Elton Trueblood has said that our chief trouble is that we have lost a sense of meaning out of our lives. If we go a little deeper in our observation of the modern scene, I think we can safely say that we have lost the sense of values, too.

We make decisions too much on the basis of selfishness. We are motivated by the consideration of how our action will effect our institution, profession or business, giving little or no consideration to how it will effect others, whether the act will be to the larger interest of the whole community. We are like the politician who puts his own good, and his party, above the larger good of his country. We serve ourselves and our own as if Jesus Christ had never lived and died. This form of secularism that puts man central and makes self-interest his highest concern, is competing with Christianity for the mind and heart of America.

Jesus gave us the dictum of being a good neighbor, of doing unto others as we would have them do unto us, of loving not just our own family and friends but loving all men. He further has taught us that all men are our brothers and that we are not to be a brother only but a servant as well.

As followers of the Lord Jesus Christ we cannot be one thing on Sunday and another thing during the rest of the week. As a Christian we cannot do shoddy, second-rate work. As a Christian we cannot cheat, lie and steal in conducting our business or profession in order to make money. As a Christian we must always remember who we are and Whose we are; we must be motivated by the spirit and principles we find in Christ in all of our dealings.

When a true Christian must make a decision, he will ask himself the question: "What is the right thing to do?" The idea of rightness in every case being the known will of God. Jesus had to answer that question in his temptation experience in the wilderness. We have to answer it, too.

A business man answered the question as to whether or not he was a Christian by saying: "I will show you where I worship." "No," replied his questioner: "Show me the business where you work and how you conduct it. Show me your books." That is the final test of whether a man walks as he talks. If he doesn't, then his profession of religion is no good. He may fool his fellow men by the front he puts on but he doesn't fool God. And all men must one day answer to their Maker. To any such the following quotation fully applies:

"He lived for himself, he thought for himself;
For himself and none beside;
Just as if Jesus had never lived;
As if he had never died."

May I include myself in the condemnation. We are all guilty; clergymen as well as those in the other professions, business men, industrial workers and men in government. We must awaken! There must be a searching of hearts and moral renewal. We must get closer in our living to the ethical requirements in the teaching of the Lord Jesus Christ. We all live under the divine warning: "I am he which searcheth the reins and hearts; and I will give to every one of you according to your works." Revelation 2:23.

What is a man to do? There is only one thing that a truly Christian man can do and that is to take a stand for what is right and play the game of life fairly and honestly even though he goes down in defeat. To do that, of course, is not easy. It cost Jesus his life by crucifixion. This same Jesus speaks to you and me and says "take up your cross" - if need be - "take up your cross and follow me." The question is: are we willing to be honest with ourselves before God and really obey Christ?

Christ's way is never easy; it's like a winding stairway with splinters on it. But if we truly espouse the way of Christ, we will climb those stairs. Then, and only then, we will become leaven to bless for good the lives of those about us.

Methodist Will Hold Mission Study Class

The First Methodist Church next Sunday at 8 p.m. will eliminate the church-wide study, "Affluence and Poverty: Dilemma for Christians." Questions such as "What is our community doing and what more needs to be done?" will be discussed by a local panel, moderated by Rev. A. G. Hardee. The panel will consist of Judge Mer-

CARD OF THANKS
We wish to thank all those who helped to make our Golden Wedding Anniversary a very happy occasion.
Many thanks to Mr. and Mrs. Paul Sawaringer, the chairman, and those who helped serve refreshments and the ushers who were so very helpful.
We also thank the club for the Golden Wedding Book.
Mr. and Mrs. Walter Messel, Mr. Refner, Don Correll, Mrs. Donald Eastman, and W. B. Gant.
The devotional period from 7:30 to 8 p.m. will be led by Mrs. T. Hayes Maxwell.

On "The Death Of God"

Rev. Herbert D. Graetz, pastor of the Union Congregational Church, has announced his sermon subjects for Lent. He will preach this coming Sunday on the much discussed subject of the death of God. His sermons will be as follows: "On The Death of God" Feb. 12; "Will Jesus Visibly Return To Earth?" Feb. 19; "When Immortality Is Terrible" Feb. 26; "What Is Heaven Like?" March 5; "The Dark Side of Life" March 12.

Diplomacy is the art of soothingly saying "nice doggie," until you have time to pick up a rock.

World Day Of Prayer Feb. 10

When millions of persons in 127 countries, including those in Avon Park unite in prayer on the same day, it is a remarkable event.
This occasion, World Day of Prayer, will take place on Feb. 10, 7:30 p.m. at the Adventist Church on Lake Lillian, sponsored by the United Church Women who invite all of the community to join in this observance.
No barriers of race, denomination of culture are recognized when women come together for this day of prayer, which has a history of nearly 60 years.

It is always observed on the first Friday of Lent and each year extends beyond still more national and religious lines in concern for the needs of all people for the message of the Christian gospel.
United Church Women in recent years have invited Catholic women to join them in their service. In more than one city this marked the first time people of Protestant, Orthodox and Roman Catholic churches had worshipped together.

Red Devils Drop Pair Last Week

The Red Devil basketball team both dropped two games last week with the varsity losing 83-80 to Haines City and 56-41 to Lake Wales. The "B" squad was defeated 34-13 by Haines City and got stomped 80-36 by the Lake Wales junior varsity in Lake Wales last Friday night.

Dean Lemier and Donald Strange had nine points each for the Red Devils against Haines City and Andrew Wells had seven as the Hornets held the Devils under 40 points while they hit from everywhere to score the 81 points.

The Haines City jayvee squad took advantage of a bright advantage to outscore the junior Devils 56-41. Charles Magenhorn hit for nine points and Jim Williams added eight but the Devil "Bees" were cold shooting and couldn't catch the Haines City boys.

In Lakes Wales last Friday night the Avon Park varsity played a press and control type game to hold down the Highlanders and moved within five points of the taller boys late in the game only to lose out by 13 points. Money and Stricker had 11 points each for the losing Devils.

The Avon Park "B" squad took its worst loss of the season from the Lake Wales jayvees losing 80 to 36 to a hustling Highlander squad. One Lake Wales player scored 30 points to lead his team to the win.

Friday and Saturday the Red Devils will be here at home to Fort Meade and Haines City with action starting both nights at 8:30.

FATHER OF LOCAL RESIDENT DIES

Mr. E. L. Williams, father of Mrs. Kenneth Wells, died Feb. 1, after a long illness, in Memphis, Tenn.

Besides Mrs. Wells he is survived by his wife Carrie and three sons, Jerry L. Williams, Nashville, Tenn., and James Ed. Williams also from Nashville, Sgt. Chas. Williams, Macoon, Ga. Two step-sons, Russell Wright and Terry O. Wright both of Nashville, and nine grandchildren.

Mrs. Wells and her son Stephen, flew to Nashville and will stay a few weeks with her mother.

Mrs. Helen S. Birch, R.N., of Lakeland, from the Polk County Eye Clinic who will conduct the Eye Clinic for Glaucoma at the Walker Memorial Hospital, Thursday, Feb. 16. All persons over the age of 40 are urged to receive this test. Hours are from 10 a.m. 'till 1 p.m. and 2 p.m. 'till 5.

Mrs. Walter Ost Entertained For Halverson Bridal Shower

Mrs. Walter Ost and friends entertained 50 guests at a home honoring bride-elect Damaris Halverson with a bridal shower.

Miss Halverson was seated in a pink heart shaped chair, where her shower gifts were presented to her. She received many useful and beautiful gifts. She was presented with a corsage arranged on a pot-holder which held a rose dish towel centered with miniature kitchen utensils. Each guest, upon arrival, was pinned with a small paper umbrella, the guest who found a cross on the back, received the door prize of kitchen utensils.

A bridal doll, dressed in honeycomb silk, surrounded with tiny permanent pink flowers, decorated the mantle. Over the refreshment table, white wedding bells were arranged. In keeping with Valentine's Day, pink punch was served with nuts.

Private "In" - Formation

Last Friday afternoon the Highlands School Chorus, under the direction of Miss Evelyn Brown, sang for the Women's Club in Avon Park. They presented several selections from the musical play, "West Side Story."

Class consciousness became high when senior privileges were finally posted and made effective. Seniors will now be able to have three off-campus dates on the weekend, as well as several other privileges, such as two late lights during the week and a Senior "Skip Day."

A group of students went to Tampa Saturday night to see the movie, "Doctor Zhivago." The group included members of the Problems of Democracy class, who are at present studying the Russian Revolution, which tie in closely with the movie.

Sunday afternoon Miss Ann Groves was guest soloist at the Avon Park High School Band Concert. She presented two hard selections. Several of our students were present for the concert and came back full of praise for the performance. The drum solo was especially commented on.

THIS COMMUNITY of new homes the dairies — this is part of their are occupied by people working for compensation.

Southland Trailer Court

Friday Feb. 3rd. Spring is here — we think. Many things tell us so. Mocking birds are warbling the songs of many birds; the park was never more beautiful, flowers and green grass bedeck every nook and cranny, and the air has that lazy feeling. Not time to go home, even though one does have itchy feet. Weather reports from the north are good cures for this type of itchy feet.

Two of our park members won in shuffle at winter Gumbo at Club Wednesday afternoon. Everett Paxton won in the main event and Myrtle Heffernan won in consolation. Congratulations. Also Everett played in the Central District Tournament at Lake Wales Monday and Tuesday, and went to the semi-finals. A capacity number of players were in the tournament representing approximately fourteen cities and courts. Plenty of team competition was displayed.

Omer and Edith Snyder were callers on her uncle and aunt, Mr. and Mrs. Max Walter of Bradenton, this week.

Ross and Sam Walton; Mary and Ernie Thomas were in Orlando, Tuesday to check on Sam's artificial leg. He received a good report.

A capacity crowd was on hand Thursday evening at Winter Guest Club to see Cy Senger's picture "Ft. Wayne, Indiana to Key West, Florida." The Senger color tours are entertaining and excellently told.

Mr. and Mrs. Carlos Miller of Ft. Wayne, Indiana are guests of the Sengers.

Mrs. H. A. Staniland met her daughter, Mrs. John Gallagher, of New York, at Tampa Airport, several days ago. Mrs. Gallagher has come for an extended visit with her mother.

Several ladies were at the Hall Thursday afternoon for the weekly sewing and chat.

Rev. and Mrs. Hutchens visited Rev. and Mrs. Folkstead at Avon Park Lakes, Wednesday afternoon. Rev. and Mrs. Folkstead have sold their home in Florida and will go to Richmond, Wisconsin for residence. Also Mr. and Mrs. Ray Browning and Mrs. S. T. Dixon of Bloomington, Indiana were guests recently of the Hutchens.

Sixteen players turned out for the shuffle match Tuesday afternoon. Ernie Thomas, substituting for Sheila Wurster, and Myrtle Heffernan won, with 78 over Golda Daan and Guy Detrick with 57.

The Pinneys have returned from a month's fishing trip at Lake Istokpoga. They tell us of several fish stories.

Alta Robinson entertained Florence Baker, Fern Haas and Scott DeGoyer for dinner last Sunday.

The Werthaus visited Gale and Esther Copping of Cortez on the Gulf Wednesday and Thursday.

Wednesday evening they were entertained by the Coppings at dinner in the Florida room of the famous Kapok Tree inn at Clearwater.

Five tables of cards were played at the Hall Friday night.

Golda Daan reports twenty-one were out for the sing Sunday evening at the Hall. Park Folks are enjoying these semi-monthly sings.

Walter Meissel is in Walker Memorial Hospital for a check up. We hope he will soon be able to return to Southland.

Ari and Ida Baldwin report several were at the hall Saturday night for T.V. programs.

Mr. and Mrs. Lloyd Wyant of New York visited with the Meissels for three days last week. Also Mrs. Ilia of Sebring visited the Meissels.

Ann and Harry Barth will be in Fustis, Clearwater, Bradenton, Ft. Lauderdale and Hollywood for several days.

Commissioners—

(Continued from Page 1)

Placid and Avon Park. He bid \$2,115.41 for the fencing installed.

Seven eight items of surplus county property to the high bidder. The bids totaled \$191.52.

Bought Creel Building furniture and equipment from Highlands Office Supply and Drane's for a total of \$1,942.55.

In addition a suitable refrigerator for the health office in the Creel Building had been purchased at \$181, county purchasing agent Eugene Hamlin reported.

Received information from a Tallahassee firm which would codify and index the county's special legislation and laws applying to this county because of population.

At the request of the Avon Park Cemetery Association agreed to commence proceedings for the closing of the county's half of Hart Avenue where it bisects Houganville Cemetery.

Gun Accidents Take Toll

Gun accidents resulted in 356 casualties during 1966, 80 of which were fatal, according to the official Firearms Casualty Report compiled by the Florida Game and Fresh Water Fish Commission.

Of the 356 casualties, only 61 of the accidents involved hunters. Twenty-six of the hunters were youths under 18 years of age.

The Firearms Casualty Report indicated an increase in total casualties from 1965 when 319 accidents and 54 firearm fatalities were reported.

Hunters being mistaken for game resulted in 16 accidents. Russian roulette accounted for three, air guns for nine, and practicing quick draw resulted in ten firearm accidents. Target shooting on ranges including skeet, trap and rifle ranges resulted in two accidents for 1966.

According to W. T. McElroom, Commission Chairman, the lack of training in firearm safety is a major cause of many accidents every year and hunters who have received training are seldom included in the annual Firearms Casualty Report.

McElroom added, "We would encourage all parents to require their children to have proper firearm training before giving them access to guns. The name and address of firearm safety instructors is available upon request to the Game and Fresh Water Fish Commission."

Civil Service Examinations Announced

The Interagency Board of U. S. Civil Service Examiners for Florida located at 123 South Court Ave., Orlando, has issued the following examination announcements:

Junior carpenter, (\$2.11 - \$2.63 per hour).

Carpenter, (\$2.73 - \$3.40 per hour).

Dental hygienist, GS-4 and 5, (\$1,778 - \$3,401 per year).

Electric accounting machine operator, GS-2, 3 and 4, (\$3,925 - \$4,776 per year).

Junior electrician, (2.11 - \$2.63 per hour).

Electrician, (\$2.73 - \$3.40 per hour).

laborer, (\$1.40 - \$2.09 per hour).

Laborer (cleaner), (\$1.40 - \$2.09 per hour).

Machinist, (\$2.73 - \$3.40 per hour).

Plant operator (steam), (\$2.57 - \$3.54 per hour).

Positions to be filled are located throughout the state of Florida with exception of the 10 counties in Northwest Florida. Positions for dental hygienist are located throughout the entire state of Florida.

Information regarding qualifications and how to apply may be obtained from the Interagency Board of Examiners, Orlando. Further information and applications may be obtained from:

Gladys H. Smith, Avon Park Post Office.

Books For Men In Vietnam

Servicemen in Vietnam have complained about the shortage of reading material. The Avon Park Junior Women's Club, Inc. voted at a recent meeting to do something about it. Each club member is bringing paperback books to the next club meeting, February 7, to be sent to Avon Park boys serving in Vietnam.

The public's help is needed badly in securing the names and addresses.

If you know of any servicemen from Avon Park, serving in Vietnam, please leave the names and addresses at the Ridge Florist or phone Mrs. Carolyn Tomlinson at GL 3-6734 or Mrs. Margaret Collins at GL 3-6218 and they will be picked up.

Other members serving on this committee are Mrs. Joan Serdynski, Mrs. Bobby Madrox, Mrs. Betty Heckard and Mrs. Tammy Young.

Religious Series

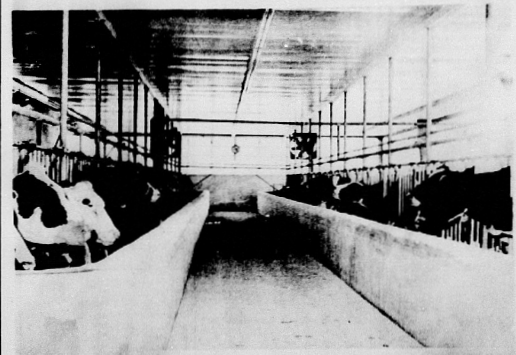

On Radio

Christian Science Radio series the effectiveness of healing through prayer will be discussed in depth in the concluding part of a special series titled "Prayer and the Spiritual Healing Movement" on Sunday, February 12, 7:45 a.m. - radio station WJCM Sebring.

The Avon Park area supplies ten percent of the total milk supply for the Southeastern Florida consumer market.

Three local dairies who are: V & W Farms, Dressels Farms and Tropical Dairy each milk 2,150 cows and account for a gross product of one and a half million dollars each year.

They employ 150 full-time workers, they feed 45 tons on each farm each day and the three farms supply about 9000 gallons of milk per day for—primarily—the Miami market.

COWS ARE MILKED in stanchions in these grade "A" barns and the milk is piped to refrigerated holding tanks. The average milk cow has a five year production life. The V & W proprietor, Charles Williams, says

that close production controls are kept when a cow produces less milk than is necessary for her keep, then it's off to the hamburger factory. — (Sun Photo)

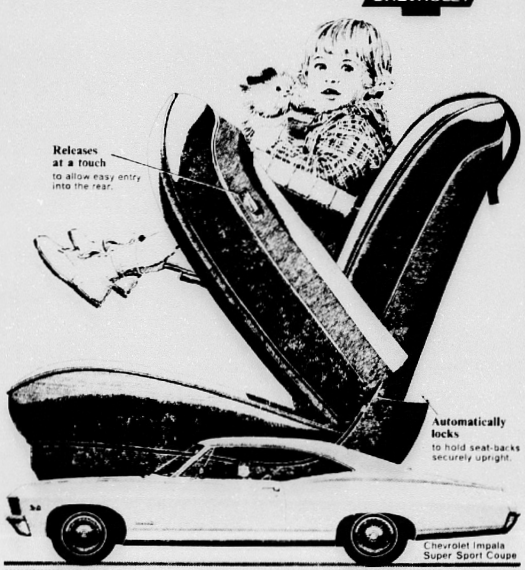

Even the seats have locks in Chevrolets

We put automatic latches on all our folding seat-backs to keep them from flopping forward should you ever stop suddenly. The seat sits upright until you trip a latch.

Additional items we put into the '67 Chevrolet, as handy pushbutton releases for the seat belts, an ash tray that glides in and out on ball bearings, a 4-speaker stereo tape system you can add, not to mention noticeable improvements in the way the car rides and handles. Go to your dealer's. Drive a new Chevrolet, get a free sample of

that sure feeling

CHEVROLET

Releases at a touch to allow easy entry into the rear.

Automatically locks to hold seat-backs securely upright.

QUO VADIS

MUCH MUCH is going on or coming up in the near future... where do you feel like going? How about those fascinating and exciting swamp buggy races Sunday in Naples? If you don't have your reserved seat yet, get there early, so as not to miss the start.

Opening Friday, the 17th, we have the annual Miami International Boat Show at Dinner Key. Fantastic new boat models are scheduled to be shown, this is a must not only for boat lovers but for all of us, who live near so many lakes in Highlands County.

MADISON SQUARE GARDEN ICE SPECTACULAR "Holiday On Ice" will open this year at the Curtis Hixon Hall on Wednesday, George Washington's birthday. Costumes are extravagant and the skating—exceedingly wonderful. A truly beautiful show.

For delightful dining spots to take your best girl on St. Valentine's Day on any day, stop in and enjoy a leisurely meal at THE TOWER VIEW RESTAURANT in Lake Placid—don't forget, if you love lobster, you can have all you can eat for only \$3.25. In Winter Haven, Nick Christy's SUNDOWN RESTAURANT offers celebrities, travelers and all diners delicious meals in plush surroundings while his CHASE LOUNGE offers the night set dancing and lively entertainment. Mr. Hunt of the HIGHLANDER RESTAURANT in Lake Wales invites you to enjoy a cool beverage at his Horseshoe Bar while ordering your dinner from his varied menu, which features many award winning citrus dishes for dessert. Also in Lake Wales, we have George's "COPPERTOP" with superb steaks served in a luxurious atmosphere. Don't forget Frank Wiesner's EL CID LOUNGE in Fort Meade for fun, entertainment and dancing.

At our local cinema this week we have attractive Tony Curtis in "Arrivederci, Baby!" playing at the HILANS THEATRE in Avon Park thru Saturday. At the SEVON DRIVE IN THEATRE, we have adult entertainment starting Sunday—"Paris Secrets" and Academy Award Winner Julie Christie in "Darling."

Sports Fans—don't forget the exciting wrestling card at the Armory in Avon Park tonight!

Readers, have you ever thought about how much money you can see of your large acreage and ranches from the air... a terrific way to see it all in a short time. Call Shelby at Marrs Aircraft the next time you plan to show this property, so convenient and easy.

"Where You Can Always
Dress Better For Less"

Radioisotopes are being
used to treat cancer, drill oil
wells, and produce space
rockets, among other things.
Yet recent studies by the
Atomic Industrial Forum
show that progress in the use
of these "wonder atoms"
could be stepped up by mod-
ernizing old regulations.

The Things We Say

By RUBY SHANNON

The little state of Delaware was the first to ratify the Constitution of the United States, and for this reason it is called "the first state". Delaware is also called "the diamond state" for despite its small size, it has many riches. Few people know, however, why it is also called "the Blue Hen state".

During the Revolutionary War, soldiers from Delaware fought exceptionally well—so well in fact that the people compared them to a brood of fighting cocks. A Captain Caldwell of Delaware who was an officer in the Revolutionary War said no cock could be truly game unless he had a blue hen for his mother, and thus arose the rebuke to one who boasted of his descent. "Your mother was a blue hen, no doubt!"

The people from Delaware are sometimes called "the blue hen's chickens" because of their ancestors' record in the great war.

When Delaware adopted its state bird, the domesticated game cock became the national choice. This fowl is called the "Blue Hen Chicken".

Delaware is unique in other ways. The Swedish and Finnish settlers in the Delaware region in 1638 built the first log cabins in America, and the Delaware constitution, unlike those of other states, can be amended by the legislature without the consent of the voters. Part of Delaware's boundary is a semi-circle, and units of local government are called "hundreds".

Strange Creatures
Borneo, one of the great islands of the world, is noted for its wide variety of wildlife, ranging from the flying snake, which can actually glide through the air, to giant toads larger than a Pekinese dog.

Buying shoes too tight is a corny thing to do.

COMMON HEARING PROBLEMS
DO THEY APPLY TO YOU?
1. I can hear but I can't understand the words.
2. Folks don't speak as clearly as they used to.
3. I'd just as soon stay home.
4. It's embarrassing to give the wrong answers.
THESE PROBLEMS CAN BE HELPED!!!

Three for the Fireside

A Biography, a History and a Novel
By a Florida Author

by dick dale

Three books by Major William Landis, a Florida author, are now available in paperback. The books are "Flight From a Firing Wall," "Checked Red Sunshine," and "Frontier Edge."

"Flight From a Firing Wall" is a novel about the life of a soldier in the Civil War. It is a story of a man who is caught in the middle of a conflict between two warring factions.

"Checked Red Sunshine" is a biography of a man who was a soldier in the Civil War. It is a story of a man who was a soldier in the Civil War and who was a member of the Union Army.

"Frontier Edge" is a history of the frontier of Florida. It is a story of the people who lived on the frontier of Florida and of the events that took place there.

The books are available in paperback for 95¢ each. They are available at the following bookstores: The Florida Book Company, Tallahassee; The Florida Book Company, Orlando; The Florida Book Company, Miami.

The books are also available in hardcover for \$2.95 each. They are available at the following bookstores: The Florida Book Company, Tallahassee; The Florida Book Company, Orlando; The Florida Book Company, Miami.

The books are also available in audiobook format for \$19.95 each. They are available at the following bookstores: The Florida Book Company, Tallahassee; The Florida Book Company, Orlando; The Florida Book Company, Miami.

The books are also available in e-book format for \$9.95 each. They are available at the following bookstores: The Florida Book Company, Tallahassee; The Florida Book Company, Orlando; The Florida Book Company, Miami.

The books are also available in large print format for \$19.95 each. They are available at the following bookstores: The Florida Book Company, Tallahassee; The Florida Book Company, Orlando; The Florida Book Company, Miami.

The books are also available in braille format for \$19.95 each. They are available at the following bookstores: The Florida Book Company, Tallahassee; The Florida Book Company, Orlando; The Florida Book Company, Miami.

Three for the Fireside (continued)

Company "D" 3d Artillery will be called Fort Lauderdale'."

"Checkered Sunshine" is excellently documented and well illustrated.

In early December of this year an Inner Sanctum Mystery left the literary halls of Simon and Schuster and sold itself out in a matter of days.

If you read "Flight From A Firing Wall", and you should, there may be a question that the story is a mystery at all. Not, at least, in the cold sense of the word.

What it is, however, is much more.

This is the first novel centering around Miami and Castro's Cuba. Cloak and daggering that must come from a remarkable mind - or from one that has taken a great deal of fact and added just the right amount of fancy.

Baynard Kendrick completed this bombshell just prior to his 73rd year, many of which have been spent bent almost double over a series of completely wrecked typewriters.

Forty or more books have carried his byline to some high degree of literary fame. His Duncan Maclain series (a blind detective) enjoyed visual appearances on the silver screen a few years back.

If a writer makes a come-back, then Kendrick has been eminently successful with "Flight From A Firing Wall". He claims five long years of research and travel went into the book and it isn't hard to believe.

Graphics involving both the scene at Miami and in Cuba are realistic to a detail. And his Cuban is excellent.

This is the tale of a man who leaves the safety of Miami to attempt the rescue of his wife from the inner core of the Castro regime.

To tell more would be spoiling the fun. At any rate, it gets all mixed up with spies and counter-spies for a real today-type novel in a most exciting setting.

Condensation of the novel appeared, almost coincidental with the sell-out of the first edition, in the Winter 1967 Selections of the Reader's Digest Condensed Books.

A nice tribute, but our advice; get the uncut version for the full flavor of Mr. Kendrick at his very latest best.

"Frontier Eden and "Checkered Sunshine" are published by the University of Florida Press, at \$6.50 and \$8.50 respectively. Flight From A firing Wall is from Simon and Schuster, \$4.50.

WHY

Name _____

**do so many adult single,
widowed and divorced
people FILE an "S.P."**

BECAUSE

***they are anxious to
meet people who are
compatible to them.***

The **Selection Profile** is the key to scientific matching – the modern, intelligent method of selecting and meeting your companions in a dignified and confidential manner.

INSTRUCTIONS

Carefully fill out the top portion of the Selection Profile, then, in a rapid manner, make a check mark (X) in the "Me" column beside the things you like, dislike, you are, and have. Then go back and make a check mark (X) in the "He-She" column beside the things you would want the other person to like, dislike, to be, and have.

Then simply mail the completed Selection Profile to **COMPTRONIC SELECTION CORPORATION**, Computer Hdqtrs., P. O. Box 1169, Boulder, Colorado, for your reply.

The fifth wheel. All entrants in the Trials are fitted with the special wheel (above) for more accurate recording of speed and distance traveled. Cables lead to instruments inside the car (below) where graphic records are produced.

Smashed equipment resulted when this sedan slewed completely around in braking test. Car was moving to left of picture when brakes were suddenly applied.

By DICK DALE

Test

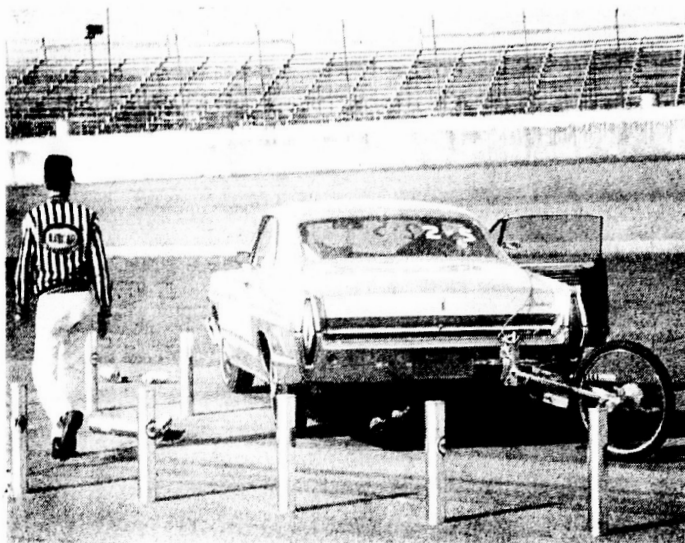

The driver shifted his foot and drove the brake pedal floorward. Tires screamed in locked position, and smoke billowed from beneath the sliding vehicle.

Without warning, the grip of the brake on one wheel slipped and the big car slewed sideways across the road and came to rest, headed in the reverse direction.

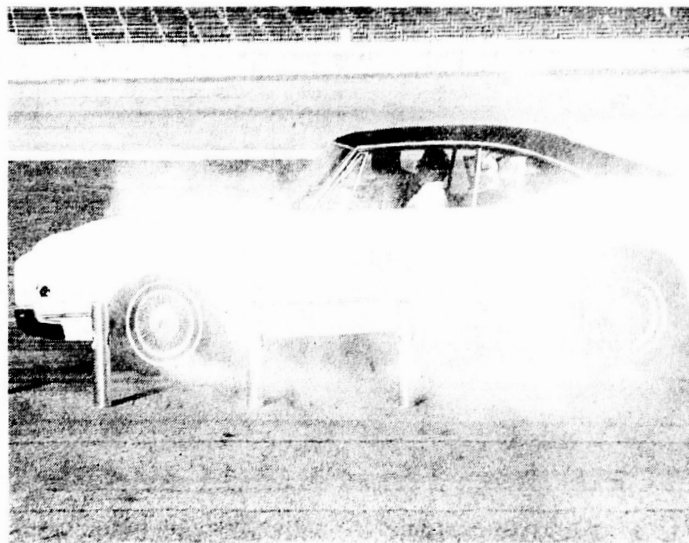

This wasn't, fortunately, action preceding a highway accident. It was a part of the annual four days of testing at Daytona's International Speedway and the Ninth Union-Pure Oil Performance Trials, in mid-January.

Originally conducted by Pure, the trials will

Downed pylons are charged against point score of testing car. Braking tests showed many of our automobiles do not stop in a straight line manner.

Correct stop inside lines is accomplished only when vehicle locks all four wheels and slides straight ahead. Smoke is from burning rubber and brake linings.

est

by TRIAL

**A Three-Point Check
On America's Rolling Stock;
What You Can Expect
From Your New Car**

get a new stimulus with the merger in 1965 with Union Oil Company of California and the latter taking on the parent role.

Tests which have been conducted in Daytona since 1958 will now alternate between the Speedway and Riverside International Raceway, on the west coast.

The Trials this year - that check economy of operation, acceleration, and braking ability - picked up a touch of added excitement. Nine Pontiac entries were disqualified for mechanical alterations to the fuel induction systems.

One Catalina survived the purge and placed third in its class with 16.67 miles per gallon.

Whatever the alterations were, Pontiac should make them on all their cars. They registered the best mileage in classes 5 and 6 (Intermediate 8 Cylinder and Intermediate 6 Cylinder) before NASCAR officials blew the whistle.

In the overall, Oldsmobile emerged as the leader in all tests. Ford dominated second place and a Rambler American 220 captured Class 7 (Compact 6 Cylinder).

What the Union-Pure Trials tell the automobile buying public is threefold. How much it's going to cost you to run the new bus. How quick you can get away from trouble in an emergency or pass at a lumbering vehicle ahead.

Accredited Member National Home Study Council

Test by TRIAL (continued)

And how good your braking system is in a panic stop.

Very likely these are the most important points to the average driver who doesn't care much about engine types, cubic inches, or double-barrel carburetors. They give a good guide to cost and control.

A run down of the four-day trials offers some surprises.

The front-drive Olds Toronado won the Super Deluxe Class with 28 out of a par 30 points. The big beauty took first class-place in economy with a 17.300 miles per gallon, and ran class-first in acceleration (25 mph to 70 mph) with 7.890 seconds. In braking it was class-third, coming to a panic stop in just over 222 feet.

A Buick Electra was second with 26 points. It registered 15.865 miles per gallon, accelerated in 8.255 seconds, and stopped in 191.5 feet.

Class II (Deluxe 8 Cylinder) saw an Oldsmobile Delmont 88 score 24 points for top position. Figures were: 17.466 mph, 9.875 seconds acceleration, and 179.4 feet stopping distance.

A Mercury S 55 missed this by one point, scoring 23 overall. It gave 16.885 mpg, accelerated in 7.855 seconds and stopped at 217 feet.

Class winners for III through IX were: Oldsmobile Delmont 88, Ford Custom, Olds Cutlass Supreme, Ford Fairlane, Rambler American 220, Oldsmobile 4-4-2, and Ford Mustang 2 plus 2.

Best overall in gasoline economy was a Chevrolet Corvair 500 with 26.045 miles per gallon. Best in acceleration (25-70 mph) was a Ford Fairlane GT at 5.585 seconds. The Rambler American 220 stopped in the shortest distance with an even 170 feet.

On the subject of braking, there was a wide range of degree in what might be termed a successful stop. Several entrants pulled violently to one side or the other and one scattered photographers on the sidelines by skidding completely around amid a shower of pylons.

These mishaps, if that be the word, show on the tally sheets only as penalty points lost, and really ought to be recorded as matters of control or mechanical failure.

In a highway panic braking situation the skid could mean the difference between a safe stop and sudden death.

Figures at the Trials give some cause for pause for the average man on the road. If something suddenly appears in front of you while your car is traveling 65 miles an hour - you'll hit it if it's less than 200 feet away.

More emphasizing the need of having brakes in good mechanical order and keeping an eye on the car ahead. Watch out for the other fellow!

The Performance Trials serve to compare current American passenger cars and offer some guidelines to the buying public.

NASCAR (National Association For Stock Car Automobile Racing) sanctions and supervises the trials, and will continue to do so on alternate years when the evaluation competition moves to California.

They do this under contract to the sponsor, but with complete police powers and stringent regulation. NASCAR people know cars and can spot a bit of hopeful hopping-up like bird dogs on a covey of quail.

In spite of a margin of error from the human factor, and possible problems in recording, the trials are fair and certainly the best offered anywhere today. This year members of both Union and Pure research teams were on hand with the intent to improve on the equipment used, if it appeared improvement was in order at any point.

Presently, fuels are weighed rather than measured by liquid scale. Each car carries the famous "fifth wheel" on an outrigger attached to the back of the vehicle.

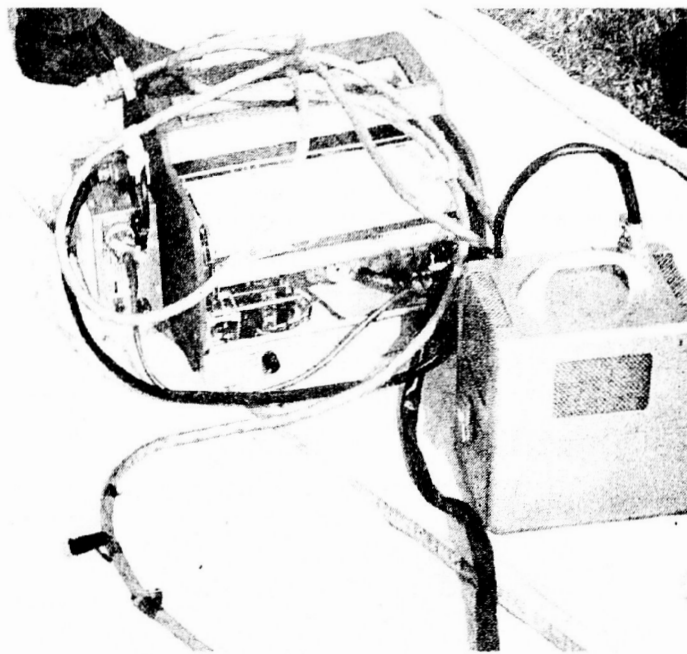

This provides highly accurate calibration of speed and distance traveled, and is connected to test and recording equipment inside the car. In addition, a NASCAR observer rides every run and makes his own notations.

The trials are held open to the public and announcement of results is almost instantaneous over a public address system. For those fortunate enough to be on hand, the complete picture is quite obvious.

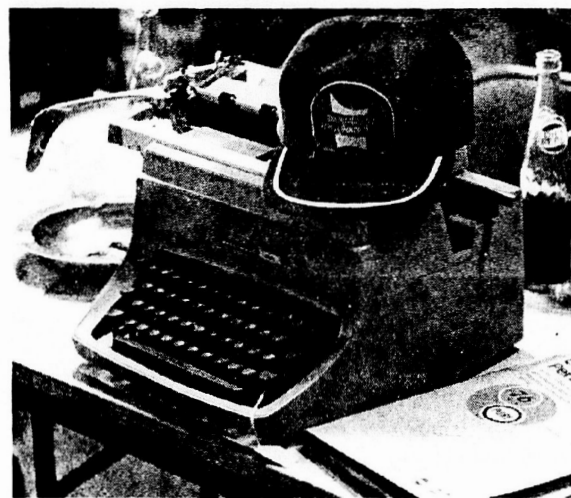

Everyone, unfortunately, can't attend. And news media - radio, television, newspaper, etc. - often don't give the overall information a prospective car buyer might like to have.

To meet that need and provide a complete run-down on the testing, the sponsors have arranged to produce an Official Results Handbook. It's available from Union-Pure Oil for a few cents postage. Check with your local dealer or Department AF, Box 1763, Chicago, Ill., 60690.

But, most of all, try to see the Performance Trials at the Daytona International Speedway (odd years) or at Riverside International Raceway (even years) for a ringside view of the best of Detroit in serious competition for public acceptance.

Sophisticated instruments help keep trials accurate and fair. Union/Pure Oil engineers studied the 1967 data with an eye to further improvement or simplifications.

Press representatives come from all parts of U. S. and Canada for the evaluations. Wire services are kept abreast of monetary reports through the four days of testings, and reporters file stories via long distance telephone hourly.

stars

in

your eyes

Chances are that you know your sign according to the teachings of Astrology; that you are aware of the meaning of the numerical sequence of your name; that you know the life-line in your palm from the heartline; or that you seek the forecast of things to come from your Ouija board.

It may be, of course, that you depend on the configuration of the leaves in the bottom of your tea cup, or upon an advisor who peers into the depths of a crystal ball in search of fate and fortune.

And it means that you are one of the millions of people around the world who cling to a slim hope for a glimpse of tomorrow by means of the stars, Numerology, Palmistry, tea-cup readings, or what-have-you.

The arts of the ancients are as popular now as they were when civilization was very young and the advances of the modern world have apparently failed to shake beliefs deep-rooted in mankind.

Astrology goes way back in time and, in fact, fathered today's science of astronomy. The earliest known book in English on palmistry was written in 1400 A.D. and wasn't really a book but a scroll.

The Ouija board dates to France in 1853 and was called a Planchette, after the man who devised the means of communicating with the spirit world.

Originally this was a small platform on (casters) and with a pencil afixed so it would "write" out messages when the operator's fingers were placed upon the instrument.

The present Ouija board has the letters of the alphabet, numbers from one to ten, and direct answers such as "yes", "no", and "good bye".

In that form the device goes back to the days of Pythagoras in 340 B.C. - according to French history. It was a very popular item of the time.

Today the Ouija board is still popular with sales steady and even brisk in some areas. The name is composed of two words; "Oui" (French for Yes) and "Ja" (German for Yes.) An optimistic title, perhaps.

Belief in these things is generally regarded as some sort of minor bad habit, at the least, and most people won't admit to it. However, they always "know somebody" who does if the subject is raised in conversation.

The stars are tops on the "fortune" parade. There are several magazines published for newsstand sale and

By DICK DALE

nearly every newspaper in the country carries an Astrology column.

For many years—and in some instances today—farmers planted their crops in various phases of the moon.

M. A. Brooker, Dean of the College of Agriculture at the University of Florida, agrees that prior to the advent of the agricultural sciences these ideas were leaned on by some of the farming people. He recalled hearing elders discussing the subject when he was very young.

However, Dean Brooker feels the idea is not subscribed to now as it has been in the past.

The effect of the heavenly bodies on the earth does have some basis in moon-effect on earth tides. There are also tales of agitation among the mentally disturbed during certain phases of the moon.

There may be some relationship between Astrology and our entertainment world. We say performances are "stellar" and the most successful rate a star on their dressing room doors.

In 1459 Marsilio Ficino, an Italian medical student, set about translating the Platonic and Neoplatonic writings. In his *De vita* he notes that children of Mercury and Saturn, cold and dry planets, are often people of great genius who are driven by Saturn, the highest of planets, to the study of the highest things.

For these melancholics, Ficino recommends a certain astrological time for study and creative work and supplies the formulae for their medicines which must be compounded under Venus and Jove. (The Star-Crossed Renaissance, Duke University Press.)

Early royalty in all areas of Europe breathed easier when they had their astrologers keeping tabs on things, and the early Church was mindful of the powers of the stars.

Times change and today the once "dark art" of hynotism is helping in fields of medicine, surgery, and psychology. Those who could "see" things or had "premonitions" were regarded as witches; the same powers are now being studied as Extrasensory Perception by learned men and there is the thought this form of contact (mind reading) will be looked into as a means of communication with spacecraft beyond the reach of radio waves.

Perhaps, then, the other "sciences" may soon emerge with more dignity than they have enjoyed.

Who can tell? Ask your Astrologer—or your Ouija board!

Heart Warming Dessert

Plan a light dessert with a luxury look and flavor. It's Valentine Cherry Cottage Dessert, blending cottage cheese, sour cream, pineapple, pecans and dark sweet cherries in a heart-shaped mold.

Here's a cherry dessert that's red, white, and beautiful; it's called Valentine Cherry Cottage Dessert. Use an attractive heart-shaped mold if you have one; if not, the dessert is just as delicious in a ring mold or a star shaped container.

Plump, dark, sweet Bing cherries and tart-sweet pineapple lead the list of good things that go into its making. The main ingredient is cottage cheese, which provides not only a delightful dairy fresh taste but the food value of milk protein.

Valentine Cherry Cottage Dessert is the perfect party dish. Its graceful heart shape, topped with a crown of ruby-red cherries, makes a festive centerpiece for any table.

VALENTINE CHERRY COTTAGE DESSERT

- 1 can (1 lb. 14 oz.) pitted dark sweet cherries in heavy syrup*
- 1 can (13½ oz.) crushed pineapple*
- 2 tablespoons (2 envelopes) unflavored gelatin*
- ½ cup pineapple syrup*
- 2 cups cottage cheese*
- ½ cup dairy sour cream*
- ½ cup chopped pecans*
- 1 tablespoon sugar*
- 1 teaspoon grated lemon rind (optional)*
- 1 tablespoon lemon juice*
- ¼ teaspoon salt*
- ½ cup whipping cream, whipped*

SAUCE:

- ¼ cup sugar*
- 2 tablespoons cornstarch*
- Dash of salt*
- 1 cup cherry syrup*
- 1 teaspoon grated lemon rind (optional)*
- 2 tablespoons lemon juice*
- 1 tablespoon pineapple syrup*
- ½ cup dark sweet cherries*

Drain cherries reserving 1 cup syrup for sauce. Halve cherries; set aside ½ cup for sauce. Drain pineapple reserving ½ cup syrup for salad and 1 tablespoon for sauce; set aside. In a 1-quart saucepan soften gelatin in ½ cup pineapple syrup. Place over low heat, stirring constantly, until gelatin is dissolved. Cool slightly. In a bowl combine cottage cheese, sour cream, pecans, sugar, lemon rind and juice, salt, cherries, pineapple and dissolved gelatin. Fold in whipped cream. Turn into a 7-cup heart-shaped mold; chill until set. Makes 10-12 servings. Meanwhile prepare Sauce: In a 1-quart saucepan combine sugar, cornstarch and salt. Stir in cherry syrup. Cook over medium heat, stirring constantly, until thickened. Cook 2 additional minutes. Stir in lemon rind and juice and pineapple syrup. Add cherries. Chill sauce. Unmold salad onto serving plate. Spoon cherry sauce around the outer top edge of heart; pass remaining sauce. Yield: 2 cups sauce.

Above: The Kiss of Death. Judas betrays Christ with a kiss on the forehead. Scene is high point of the drama.

Caiaphas, the High Priest, is portrayed by Leland Stanford Harris for whose family Stanford University was named.

Chronicle of a Carpenter's Helper; the Last Week of the Life of Christ, in dramatic Presentation at Lake Wales . . .

Seven Days OF SORROW

By DICK DALE

In the heart of citrus country, near Lake Wales, there is an amphitheater where the spectator is forgetful of being a part of an audience. Rather, he is witnessing the first happening of the events described.

So moving is the final moments in the life of the Man from Nazareth; and so effective the portrayal by Josef Meier and the Black Hills Passion Play company.

Dramatization of events that make up the world's history has always been the most effective method of furthering true appreciation by the people. As early as the tenth and eleventh centuries there are accounts of living pantomimes, often accompanied by songs, which told stories of the Bible.

And the first episode that suggested itself for dramatization was the Resurrection of Christ, staged on Easter Sunday morning, a long time ago.

In central Europe monks of the church started the Luenen group in the year 1242 with all parts being portrayed by members of the clergy or brotherhood.

As the production expanded to its present scope covering the last seven days in the life of Christ, local citizens became actors and coveted parts were handed down, father to son, through many generations.

From these came Josef Meier, a seventh-generation player in the Luenen company.

Meier began with hopes for a medical career but gave up due to poor health and an economic need to take an active part in the family's business. About the same time he took an early part in the local Passion Play and stayed

Left: Rex Marlow is most convincing as the Roman ruler, and comes from many years in radio, television, and motion pictures.

with it—moving through several roles—until, at 28, he played the Christus for the first time.

And in 1938 he brought the Luenen group to this country and established a permanent production at Spearfish, in the Black Hills of South Dakota. The play has since become known as the Black Hills Passion Play.

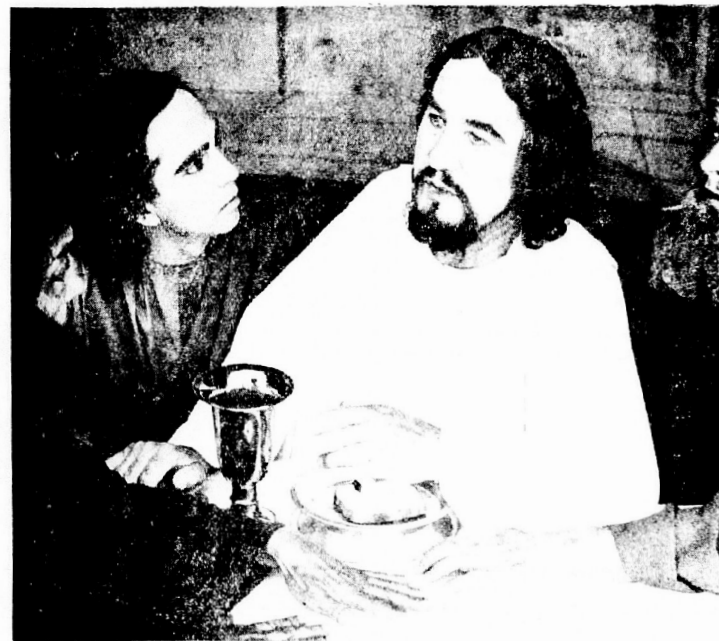

Over the past thirty years Meier has performed his characterization before more than eight thousand audiences here and abroad, and bears the reputation of being the world's outstanding Christus portrayer.

Early appearances, in this country, were made on the road and the troupe continued to travel through the winter season after the establishment of a base theater at Spearfish.

In 1951 the people of Lake Wales induced the company to establish a winter home in Florida and raised \$150,000 to build an amphitheater for the purpose. A staging area 350 feet long gives the play the same setting used in the Black Hills.

The first performance was given in January

Seven Days (continued)

of 1953 and the winter program has been a major Florida attraction since that time.

Just as local people were given an opportunity to perform in the great drama centuries ago, the practice continues today with the Black Hills - Lake Wales company.

Around a permanent group of professional players in major roles, local men, women, and children, appear on the huge stage as citizens, soldiers, and merchants.

Regulars are veterans of long duration with the Passion Play. Clare Hume Meier, who portrays Mary, was born in Chicago. She attended Northwestern University and began writing and acting in radio in her home town.

Her first roles in the Passion Play were Salome and Mary Magdalene. In 1937 she became Mrs. Josef Meier and their daughter, Johanna, was born the following year.

Leland Stanford Harris is a native of San Francisco. He joined the Passion Play twenty-five years ago, after a career in professional theater.

Harris is a descendant of Leland Stanford for whom the University at Oakland was named. When not recreating the role of Caiaphas, the High Priest, he makes short returns to the contemporary stage.

Julio Averill gives a vivid performance as Judas. His early days were in Children's Theater and as a Shakespearian actor over most of the country. He began with the Meier troupe as King Herod more than twenty years ago.

By comparison a junior in the company, Rex Marlow is a Pontius Pilate most believable. Rex looks a great deal like screen actor Stephen Boyd with all of the obvious strength needed for the role of a Roman ruler.

His membership in the company began five years ago, after a great deal of experience in motion pictures, television, and radio. Marlow calls Detroit home altho his schedule keeps him pretty much elsewhere.

These performers, and others of the company, offer a pageant of color and drama before countless thousands of spectators annually. Aside from the religious aspect of the Passion Play, it offers an important recall of a time in history.

A moment in the life of Jesus of Nazareth who left upon the world a doctrine to be known as Christianity. The beginning of great churches. Built upon trial and tragedy. Seven days of sorrow.

TROPICANA INTRODUCES...

NEW WAY TO BUY A POOL...

Now you can furnish a glamorous
poolside patio with the \$250.00 you
can save!

Here are three smart ways to save money when you give your family a
healthful Tropicana home pool...

1. PLAN NOW...BUILD LATER

This new Tropicana program lets you build any time you want this winter or even next spring
and still get low winter prices. Plan your pool now! A \$25 deposit makes sure your low price is
protected. You'll have extra time to prepare your yard or plan your plantings. Get your
Tropicana Pool at these low prices! With no payment until May, 1967!

2. PLAN NOW...BUILD NOW...PAY LATER

Maximum savings, fast expert construction, big end-of-season discount on accessories. Use the
spring for leisurely landscaping. All this and still no pay till May. Be our guest, you can swim in
your own pool many warm weekends before then.

3. SPECIAL OFFER...SAVE \$250.00...EITHER WAY

For a limited time, with the purchase of a new pool, get \$250.00 off on the Medallion Pool!

PLUS THESE TROPICANA SERVICES AND FEATURES

FINANCING. Like your home itself, you can enjoy your pool as you pay for it on long-term
financing as long as 10 year Bank Financing. Gives the entire family countless hours of
healthful recreation. If you are a smart buyer who can plan ahead and save hundreds of dollars,
call at once.

RESPONSIBILITY. A pool is a custom construction that combines the engineering and
construction skills of dozens of craftsmen. Your assurance of quality is the reputation of your
builder. You can be sure when you choose a Tropicana Pool!

SERVICE. Biggest Builder. Best Service. The warranties of a builder or manufacturer depend on
his ability to back them up. Tropicana service is from one source, with the Motto: "If you don't
get service from Tropicana you haven't asked for it!"

FREE PLANNING. The planning is part of the excitement. Tropicana's printed a big pool
planning kit loaded with pool information. Ask for your free copy when you call or visit
Tropicana, but do it soon!

For free booklet "Mobile Home Living In Florida," photos and information write ORANGE BLOSSOM HILLS INC. Dept. 729-B 2148 N.E. 164th Street, Miami, Florida 33162

Don't Neglect Slipping FALSE TEETH

Do false teeth drop, slip or wobble when you talk, eat, laugh or sneeze? Don't be annoyed and embarrassed by such handicaps. PASTEETH, an alkaline (non-acid) powder to sprinkle on your plates, keeps false teeth more firmly set. Gives confident feeling of security and added comfort. No gummy, gooey taste or feeling. Dentures that fit are essential to health. See your dentist regularly. Get PASTEETH at all drug counters.

WOMEN PAST 21 WITH BLADDER IRRITATION

After 21, common Kidney or Bladder Irritations affect twice as many women as men and may make you tense and nervous from too frequent, burning or itching urination both day and night. Secondly, you may lose sleep and suffer from Headaches, Backaches and feel old, tired, depressed. In such irritation, CYSTEX usually brings fast, relaxing comfort by curbing irritating germs in strong, acid urine and by analgesic pain relief. Get CYSTEX at druggists. Feel better fast.

FLORIDA

CAMPsites—Deep in the heart of the great Ocala National Forest where few individuals have the privilege of owning land. Isolated, yet accessible, with electricity. Good fishing, hunting. Weeks Of Back Pain Now Relieved

"After weeks of pain in my back and hips, I tried DeWitt's Pills—got wonderful relief," says Mrs. R. Gardner, Waterloo, Iowa.
DeWitt's Pills act fast with a proven analgesic to relieve pain of backache. Their mild diuretic action helps to eliminate retained bladder wastes that can cause physical distress. If pain persists, see your doctor. DeWitt's Pills often succeed where others fail—quickly relieve minor muscle aches and pains, too. Insist on the genuine DeWitt's Pills. At all drug counters.

END FALSE TEETH MISERY

**MAKES
FALSE TEETH
FIT
BEAUTIFULLY**

DENTURITE is a miracle plastic which sets in five minutes. Wear your plates and eat anything immediately. Stops clicking. Eases sore gums. Prevents food particles from getting under your plate. Laugh, talk, even sneeze without fear of embarrassment.

DENTURITE gives a "Cushion of Comfort." Lasts for months. Peels out easily if replacement is needed. Uppers, lowers or partials fit firmly and securely without daily use of powders, pastes or cushions. Easy to use; tasteless, odorless, harmless to plates and gums. Money back guarantee. At your drug counter.

MIRACLE PLASTIC denturite REFITS FALSE TEETH

FIX BROKEN DENTURES AT HOME IN MINUTES

Amazing new Quik-Fix repairs broken plates, fills in cracks and replaces teeth like new. Fast! Easy to use! No special tools needed. No costly dental bills. Works every time or your money back. Accept no substitutes, always ask for **BRIMMS** **QUIK-FIX** **Denture Repair Kit** At All Drug Stores

Be 4" Slimmer

With Amazingly Different

Compreso-Belt*

*Exclusive Sliding-Adjustment Feature
Makes You As Thin As You Want*

Flattens Tummy-Slims Hips

Now it's so easy to slenderize your tummy appearance. Simply adjust the two sliding panels until you look and feel just right. Only Compreso has this amazing invention which lets you make yourself look up to 4 inches thinner. You get a flattened tummy and slimmed hips the instant you put on Compreso. You'll be so pleased with your new look and you'll be so nice to look at too!

Nips Waist, Smooths Bulges

The minute you step into Compreso you'll feel your waist becoming inches smaller and your bulges disappearing from sight. You'll be so pleased with the way your thighs have been compressed. The sliding adjustment feature always lets you be held-in just as much as is comfortable for you.

HOW COMPRESO-BELT WORKS

Compreso is a new invention featuring two adjustable panels which flatten and support the tummy. These double extra-front panels permit sliding adjustment comfortable to you. Utmost snugness when required and relaxed support at other times. You are always as slim as you want to be with Compreso.

TRY COMPRESO 10 DAYS FREE

Wear Compreso Ten Days Free and enjoy a slimmer, more youthful-looking figure. If you are not absolutely delighted with the results, there will be no cost to you. Just return Compreso-Belt* to us, and you'll receive a full refund of the purchase price promptly! So don't delay.

Use the coupon to order your Compreso-Belt today!

BEFORE COMPRESO

Stand in front of a mirror and take a good look at yourself. See how your tummy droops over and down. Notice the slouching appearance, the bulging waistline.

AFTER COMPRESO

Now step into Compreso Belt. Adjust the sliding panels. Instantly you look and feel like a new person. Tummy is now flat and your waistline is thin and smooth. Abdomen is held in firmly yet comfortably.

ITEMS FOR THE Band Auction — Larry Pickett, Avon Park high school teacher is shown here donating some items for the Band Auction to be held Friday, Feb. 24 at 2 p.m. Band members are Bill Nickoley, T. J. Kinyon.

Any one wishing to donate are asked to call any of the band members or parents. — (Sun Photo)

City Rejects Employee Be Registered Voter

In an evening that saw tempers flare the Avon Park City Council Monday night rejected a motion by Councilman Albright for a city referendum that would require that every city employee would be required to be a registered city voter.

The motion was defeated for lack of a second. Mayor Delaney opposed such a referendum saying that "It would be the Council's hands" in hiring qualified employees simply because they were required to be a registered city voter.

All-affected officials are at present required to be registered city voters, as set up in the original city charter of 1959. Mayor Delaney noted that many people live outside Avon Park but, because they own businesses in the city, they are actually some of the biggest contributors in tax revenue. The Mayor said, "They are among the life blood of the community," and said he felt such a move would be unfair to them.

City Attorney Hue Nunnallee noted that under Florida laws such a change in any city's charter must go before the State Legislature and under the present state legislation this probably would not be possible until the next session in 1969.

In a special meeting last week plans for the new \$300,000 nursing home were discussed. (See story in adjoining space.)

In other action, a group of boys from the high school asked for consideration of a plan to close off the end of Camphor Street. Council agreed that hazardous traffic conditions exist at the high school and they are to meet with Superintendent Garrett to discuss proper corrections.

Councilman Martin reported that the sprinkler system at the ball park is complete. He said that about \$1000 has been spent in the system and repairs, to date. Mr. Martin requested approval to spend about another \$50 for paint for the steel in the stands and added, "This will give us a

fine ball park that should require no major monies for the next four or five years."

Councilman Scott said the city police were not being paid for trips to Sebring to appear in juvenile cases. It was unanimously agreed that they should be paid the same for this work as for trips to appear as witnesses in County and Circuit Court.

On the subject of juveniles, Chairman King said that the police committee had met last week with Judge Rehner to discuss some program changes. Mr. King said that the meeting had been "very productive." The city is going to provide a room on the second floor of the City Hall for the probation and juvenile counselors. Most juvenile cases are handled in this manner and before this the counseling was done either in Sebring, or here in the high school, or in the

Glaucoma Eye

Clinic Set Thur.

Free eye tests for glaucoma will be available at Walker Memorial Hospital Thursday, Feb. 16, 10:00 A.M. to 1:00 P.M. and from 2 to 5:00 P.M.

The test is free to any person over 40 years of age. Mrs. Helen S. Birch, R. N. from Lakeland will be here to do the testing.

\$300,000 Nursing Home Proposed In Avon Park, Calls For 100-Bed Unit To Replace Hillcrest

A new \$300,000, 100-bed nursing home is proposed to be built in Avon Park at the site of the old Hillcrest Nursing Home.

Construction of the new building would proceed in such a way that none of the present occupants will have to move out of the old building until the new home is completed.

The first stage would be a \$200,000 first floor unit that

will house fifty beds.

Patients will be transferred and the second 50-bed unit started.

Clearance for this project came only after last Friday's action by Avon Park City Council's when they sold the developers a 55 foot strip of land north of the present home. In a unanimous vote they sold the property for \$750.

The developers needed title

to this strip of land before they could get their necessary financing arrangements underway.

Construction is expected to start sometime in 1967. Developers are EDCE Enterprises, Mr. H. C. Hopps, president, who are operators of the present nursing home. The home will be designed to meet necessary requirements for the extended care program of medicare.

The public is urged to support the band by attending this supper.

One-half barbecued chicken with all the delicious trimmings will be served.

Tickets will be available from any member of the Lions Club or the band.

The public is urged to support the band by attending this supper.

Band Uniform Program Still Underway

What's the News on the Avon Park High School Band Uniforms? Director Mickunas says about it at the half-way point. The next time the band gives its concert February 18 at 3:30 the High School Auditorium is likely to look like the changing of the guard at Buckingham Palace because the band students expect to be resplendent in their new uniforms, including busbies. Still money has to be raised. The last concert collection was just under \$200.00 and the next concert is expected to pass well over the \$200.00 mark, which is the cost of 2 uniforms.

The Auction—on Friday, February 24, at 2 P.M. until all is sold. The Mail will be the setting for the event of the year. The Band Benefit Auction. Right now students and teachers in the school are being urged to bring in all auctionable merchandise next Friday morning or to call for a pick-up. The Auction headquarters next to the Avon Citrus Bank drive-in window will be open every afternoon from 1 till 5 to receive merchandise large and small. Donors are asked to call GL-3-6517 any time in the A.M. and GL-3-6666 in the P.M. All items saleable for \$1 or more are welcome. Nursery stock, furniture, appliances, yard furniture, tools, groceries, trad stamps, bonds, books, all will bring a good price as the donors bid higher and higher to the cries auctioneers, Joe Kinsey and Wayne Albright.

Barbecue Supper—on Saturday, February 25, the day after the auction the Lions Club will put on a barbecue and sell all the proceeds for band uniforms. It is hoped between the carry-out dinners and the sit-down potluck money will be in hand for the entire rest of the uniforms. Mickunas says that \$100 will buy an entire uniform.

Lions Sponsor Dinner Feb. 25

Lion Club President Clay Viles today announced that the Avon Park Lions Club would hold a barbecue chicken supper at the clubhouse on West Bell St., Sat. Feb. 25 for the benefit of the Avon Park High School Band.

Lion Dick Enoch has been made chairman of this event. He and his committee are hard at work planning to make this a feast never to be forgotten.

Bond experts have told the board to expect a higher interest rate for the \$1 million. It is a lower rate than the \$3.15 million general obligation issue would be. The bond interest is favorable to the seller at this time and the general obligation bonds are bringing interest rates around 4 percent but rate track issues are higher.

Padgett suggested leaving the bond issue sale for later discussion, and Superintendent George Douglas moved it to the bottom of the agenda.

Whether to sell before the Legislature convenes April 4 has been placed on the agenda for the board's March 14 meeting.

Foreign Languages An unexpected case of controversy Tuesday night was elementary school curriculum. Board Member Padgett suddenly asked the Superintendent and other board members to give serious consideration to inclusion of foreign language in elementary curriculum—preferably begin-

Are Track Income Still Not Indebted

A troubled Highlands County school board was unable Tuesday night to set a date for the sale of the \$1 million race track certificates of indebtedness.

At the close of a three-hour meeting the board unanimously approved R. L. Padgett's motion that fiscal agents Wainwright & Ramsey be instructed to prepare a sale, but noted that final approval of a sale date is being delayed.

Preparations for the race track certificates sale were started shortly after the school board received the state Department of Education building survey recommendations last Spring. Fiscal agent representatives had recommended delay of the sale until after the referendum on the \$3.15 million bond issue.

The \$1 million race track money is earmarked for construction, and with the \$3.15 million issue would make up the county's share in the financing of the building of two high schools, a new elementary school and completion of a second elementary school.

Wainwright & Ramsey had advised earlier, "This is all one package and sale of the \$1 million issue could easily confuse the voters."

Tuesday night the fiscal agent presented a new problem—indications that the Legislature will move to cut the smaller counties' share of race track tax income.

The Legislature meets April 4, and the \$3.15 million bond referendum now is delayed to April 25.

Board Member John Wrick observed, "I'd rather trust the voters of Highlands County than the Legislature. You know the big county candidates will be under pressure to change the present equal distribution. I think the voters in this county will understand that we must have the \$3.15 million in addition to race track money."

But his motion to proceed to sale quickly could not get a second. "We must go together on this and I'm afraid the race track will confuse the voters—particularly in relation to the interest rate," E. Ray Wells said.

Bond experts have told the board to expect a higher interest rate for the \$1 million. It is a lower rate than the \$3.15 million general obligation issue would be. The bond interest is favorable to the seller at this time and the general obligation bonds are bringing interest rates around 4 percent but rate track issues are higher.

Padgett suggested leaving the bond issue sale for later discussion, and Superintendent George Douglas moved it to the bottom of the agenda.

Whether to sell before the Legislature convenes April 4 has been placed on the agenda for the board's March 14 meeting.

Foreign Languages An unexpected case of controversy Tuesday night was elementary school curriculum. Board Member Padgett suddenly asked the Superintendent and other board members to give serious consideration to inclusion of foreign language in elementary curriculum—preferably begin-

ning not later than third grade.

"I am not saying what we are doing is not fine; but I want our schools to improve. Reading and foreign languages are areas that will pay dividends. How many of our students can read, speak, really understand another language?"

"The new frontiers are to the South. We are in a good position here in Florida to teach Spanish and our students would be in a good position to make use of it," Padgett said.

Superintendent said there is controversy about the teaching of foreign languages.

pointing out that science-orientated educators are recommending that French and Spanish be dropped completely and German taught extensively. "I'll be happy to make a careful study on this and bring in a report at our next meeting, but I cannot make a recommendation until I have made such a study," Douglas said.

Chairman Henry Bailey said, "I think remedial reading and reading with speed and comprehension are the areas we need to concentrate on right now. Better use of English is my concern."

Teachers present in the audience joined the discussion—

and reflected opinions varied as the board's.

Personnel Changes The board approved a series of personnel changes—accepted the resignation of Scott K. Gibson, South Florida Junior College math teacher, who has accepted a position with an aircraft firm at Cape Kennedy.

Delores Duke Bosco's resignation was accepted, and Gara Ward appointed to fill the vacancy at Avon Park High School. Lucille Derkman was appointed to fill a vacancy at Avon Park High School, and Harvey Hendley appointed to the Carver School faculty.

Insurance Programs Superintendent Douglas told the board Tuesday, "I am about ready to recommend that we get out of the insurance business. We got into this as a service, and now our principals are having to spend too much time on the paper work and the complaints."

According to a report from the insurance agent for the board, Ford Heacock, 119 claims have been paid for student accidents this year, and 22 claims have been denied for other reasons, but the 30-day limit for filing of claims is chief cause of trouble.

Other Business In other actions the board authorized the Superintendent to place \$100,000 on time deposit for 90 days at the highest and best rate of interest.

Approved the period of March 16 through April 14 for the mailing of information about the county's desegregation plan (now entering its third and final year).

Appointed Ted Cason, Guy Garrett, Garland Boggs, Harry Jones to a committee to review bids on classroom, janitorial and paper supplies for 1967-68.

Approved a request for Carver School students to use a school bus for a trip to the State Fair on February 18 and for the Carver School Patrol to make a trip to a sugar mill at Clewiston.

Approved a request from Highlands County Food Service Association for permission to have a bake sale and use school cafeteria space for supper to raise money to help defray expenses to the Association's state convention.

Amended the budget for federal grants to include a request for materials and four teachers of remedial reading.

Expelled two students from the same seating family from riding school buses the rest of this year. The students must continue in classes.

C of C 1967 Lists Program - Committee Members Listed

Lou Hooper, president of the Avon Park Chamber of Commerce, has announced the program of work and committee chairmen for 1967, they are as follows:

1. Promote membership drive—aim to increase membership by 100 percent.

Kiwanis Club Supports School Bond

The board of directors of the Avon Park Kiwanis Club voted Tuesday to support the school bond issue which will be voted on April 23.

The Public Relations and Business Committee of the Kiwanis recommended that the club publicly support the issue.

Kiwanis guest speaker this week was Major Harden, commander of the Avon Park Bombing Range. A film of the highlights of 1966 Air Force activities were shown which Major Harden said was the best one he had seen of this type. The film showed action in all parts of the world.

Members of the Kiwanis Club were invited out to see the operation.

HAPPINESS IS A RIDE on the merry-go-round—and one is located in Prospect Park. The Progressive Business Association of Avon Park is sponsoring this Kiddieland and Teenage Fun Center from February 14 through 18. Tickets are available from all PBA members.
