Comptroller Takes A Look At State and Federal Relations

Florida's government and business leaders must immediately launch a program aimed at the redefinition of Federal and State responsibilities in private and public enterprise.

The purpose of this redefinition is obvious to all who deal with the complexities of today's business world. The aim is to eliminate duplication, minimize confusion and stop diffusion of state and citizen rights.

It will be no easy task to accomplish this clarification, but it is a job which must be tackled and completed to enable both the State and Federal governments to efficiently map plans for the future. It is necessary if we are to enable each group to best serve the public, while preserving the rights of these citizens.

Today, the collective resources of the Federal government are so massive and awesome that they deny understanding and stifle the ability of states to plan and think in coordination with the far-flung and multi-headed agencies of the national government.

As an example, as Florida is forced into the expenditure of additional millions of dollars for a new type of medical care program, we find as we attempt to determine the most feasible and economical avenue of providing this cooperative care that the state is faced with the impossible prospect of dealing with 171 different federal agencies which are related to welfare aid programs. There probably are a dozen more federal welfare oriented departments which will be in operation by the time you read this comment.

There are two paramount ways, in my opinion, which can be a part in planning this redesigning of proper state-Federal relationship.

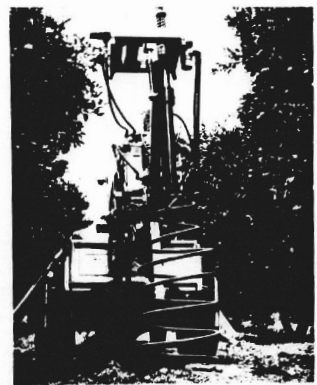

First, we need strong State leadership to forge the plan and lead the way. It must be leadership which believes in its cause, and its cause must be complete dedication to the philosophy of going to the people with the myriad of problems and plans, and telling the people the good and bad about their government.

The idea behind this plan is as old as democracy—simply because it is democracy to take government to the citizens.

The second ingredient necessary is a citizenry with sufficient concern and interest to provide the mandate and encouragement to their governmental spokesmen to carry out these changes.

Armed with the support of the citizenry, State officials can accomplish the redefinition and reeducation of responsibilities of state governments. And, with these accomplished, there will be a return of increased strength and vitality to government at the local level—government which sits at the doorstep of the people.

State strength is the people's strength, and its shrinking muscle must flex itself for this process of rejuvenation.

LEWIS LLEWELLYN

Who Can Escape Penalty of Sin?

WHO CAN ESCAPE?—34-tag When the Bible says, "Be sure your sin will find you out," it does not, of course, refer to the record of the FBI of bringing criminals to justice.

However, it is interesting to notice, in this connection, that men who make the "Ten Most Wanted" list of the Federal Bureau of Investigation do not usually evade their pursuers long. The average length of time a man stays at large after being put on this list is 135 days.

Quick Action
The very next day, one of these men, a Texas suspect of robbing a bank in Houston was picked up in Kansas City, Mo.

Some criminals have been caught speedily when motion-

picture cameras, prepared and set up for just such an occasion, have recorded the commission of crimes and revealed the identity of those who took part in them.

Justice Delayed
Because justice is sometimes delayed, they believe that it will never catch up with them. A well-known congressman, who is also, surprisingly, pastor of a large church in New York City, evidently believed that, because of his position, he could do things that no ordinary citizen could do with impunity. However, he is now being called to account for his actions.

Jesus said, "There is nothing covered that shall not be revealed; neither hid, that shall not be known." He added, "That which ye have sown in the ear in closets shall be proclaimed upon the housetops."

Will you be happy or dismayed when your secret deeds are revealed for all to see?

The Bible says, "He that covereth his sins shall not prosper, but whose confesseth and forsaketh them shall have mercy."

Bluff God?
Those who are trying to bluff their way through life, attempting to evade the consequences of their sins, should remember the warning that "God is not mocked. Whatsoever a man soweth, that shall he also reap."

The only path of safety and of wisdom is that of confessing and forsaking our sins and turning to the Savior Who said, "Him that cometh to Me I will in no wise cast out."

Which path have you chosen?

REP. JAMES A. HALEY

A Losing Battle For Clear Air?

WASHINGTON, D. C.—It may be sad but it is nonetheless true that there can be little argument with the President's call for national standards and enforcement of them—in the control of air pollution. The plain facts are that the haphazard controls the nation now has are not doing the job of cleaning up the air we breathe.

Contaminated air is an unsightly and malodorous nuisance, but it is much more than that. It is a health hazard with potentially catastrophic consequences when pollution densities exceed safe levels. These are medical facts established by scientific testing and research.

Hopeful signs of constructive progress toward clean air are beginning to appear on the horizon, although they are hardly yet sharply visible through the smog of official apathy and public indifference that for too long has characterized the prevailing attitude toward pollution perils in the atmosphere.

One of these hopeful signs, however, is the President's special "clean air" message to the Congress. Compared to his brief and mildly-worded earlier remarks on air pollution in 1966, he has stated the problem this year in dramatic language.

Pointing at last November's New York City smog crisis in which 80 persons died, the President warned that "pollution is getting worse—ten

years from now," he said, "when industrial production and waste have increased and the number of automobiles on our streets exceeds 110 million, we shall have lost the battle for clean air—unless we strengthen our regulatory and research efforts now."

To meet this crisis, the President has put forth a number of excellent, and surprisingly uncynical to the federal treasury, proposals. He outlined plans by which states, with federal help, can regularly inspect exhaust control devices on 1968 model automobiles in the future to make sure they are working; he urged controls on industrial contaminants in the air; regional commissions to deal with interstate pollution; adequate enforcement measures, and more research.

These proposals should be welcomed by everyone. Air pollutants now cause annual property damage estimated at \$1 billion a year, and the toll in human health and happiness has not been, and probably cannot be, measured. Future Magazine estimates that with existing techniques, two-thirds of the pollution could be eliminated at a cost of \$2 billion annually. Sure that kind of investment in clean air and good health makes sense on anybody's balance sheet, and particularly when the cost would be shared by federal, state and local governments and pollution-creating industries. There is no reason,

incidentally, why cooperating industries should not be given tax-incentives to encourage investment in pollution-control equipment.

In any event, the hour is late. The fight against air pollution has been long delayed and the time now has come when there should be massive mobilization against this menace to the lives of our citizens and the future of our country.

Highlands Gets \$38,000 Share Of Track \$\$\$\$

TALLAHASSEE—Fred O. (Bud) Dickinson, Jr., Comptroller of Florida, today announced the release this month of \$2,840,000 in racing tax receipts to counties throughout the state.

This amount to the distribution of \$38,000 to each of Florida's 67 counties. He pointed out each county's disbursement was \$2,800 less than the sum they received in February 1966.

Dickinson noted, however, that the total of \$6,576,000 has been released to the various counties so far this year. This represents an increase of \$28,000 more than total releases for a like period during the previous year.

Postmaster Reports Vandalism To Rural Route Mail Boxes

Complaints have been received by the Postmaster about damage to rural mail boxes by youths throwing oranges and other objects while driving in automobiles.

This same matter became a serious problem two years ago and the Postal Inspection Department made an investigation at that time and 18 boys between the ages of 15 and 18 were involved in this activity. This destruction to U.S. Mail Boxes is a federal offense.

It is advised that all parents with teenage boys in this age bracket be aware of the type activities that are participated in while traveling in and around the area in automobiles.

Postmaster R. D. Young fur-

ther advised, "That due to the seriousness of the problem two years ago it is almost certain that the offenders will be dealt with considerably more punishment than before."

The Post Office Department is equipped to handle this type offense and if further complaints are received the Post Office Department will take the necessary action to apprehend the offenders.

ROSES—Though high maintenance plants in Florida, rose bushes can give you more blooms for table cuttings than any other flower. But weekly fungicide applications are needed to control blackspot.

A young couple was posing for pictures outside a church when the minister hurried to them, saying, "Would you come back inside? I have forgotten something." He had the next in which they say, "I will." But David did not. Heed his fourfold assertion in the ninth Psalm.

"I will praise Thee with my whole heart." Half a heart is no more good than half a parachute. How much praise is only with half a heart? What about yours? Hem your blessings with praise lest they unravel, but do it with a whole heart. "I will show forth all Thy marvelous works." Thanksgiving is good, but thanksgiving is

better. The greatest hindrance to the cause of Christ is the one who professes Christianity but who does not practice it.

"I will be glad and rejoice in Thee," Gladness is the Christian's birthright. It does not come from godliness, but God. A tourist asked a native of the South, "Do folks down here enjoy religion?" "Those that have it do," he answered. "I will sing praise to Thy name." There is just one letter difference between the words "sin" and "sing," and that letter is "G." It stands for God. In giving up sin for the Savior, God gives that one a song. Are you singing or singing?

The Florida Power Corporation's Avon Park plant employees were recently awarded a safety certificate for having worked 14 years without a lost-time accident. Admiring their certificate are, from left, James A.

Stevens, master mechanic; R. A. Woodruff, chief electrician; Helen M. Tuten, senior clerk; C. I. Wells, plant superintendent; J. E. Whitehurst, assistant plant superintendent; and W. M. Green, chief instrument mechanic.

Luncheon Report

Mrs. Alice Marovich has been chosen "Operator of the Month" from the nearly 100 telephone operators serving Avon Park. This recognition is awarded monthly to the operator having the most outstanding performance record.

By the rippling waters of Trout Lake, amid the gay laughter of good friends and guests, our annual banquet honoring our Rotary Avon began. Everyone managed to find their way up the side roads to the darkness to the Bishop Lott Conference Center at Camp Wingmann Shore Tuesday evening. A rib roast beef dinner was enjoyed interspersed by songs and humor. Each Rotarian introduced his partner. Each lady was given an attractive corsage.

John Giddens acted as MC, keeping the program moving at good pace, with remarks by Pres. David Lanier, and recognition of the Committee headed by Morris Adams, with Norm Todd arranging the program.

The speaker was Homer Hooks, effective director of the Florida Phosphate Company, friend of many in Avon Park, and well known in wider circles when he used to be with the Citrus Commission. A most able speaker, he painted the vivid picture of Florida's future in terms of economic growth, population expansion, and agricultural improvement.

What kind of person will be needed to build Florida's future? "It's the important word... 'IF'." All this will be no limit to this vision. "It" will take some doing on the part of State and other leaders as well as the rank and file.

Savings Bond Sales Increase To 97 Million

Mr. Charles L. Longbottom, Highlands County Volunteer Savings Bond Chairman today announced that 1966 had broken all past record for purchases of U.S. Savings Bonds in Florida. Purchases of \$68,369,476 were more than \$7,700,000 higher than the previous record year of 1965.

Impetus was added this year by the announcement by President Johnson in mid-February that the interest rate on the bonds are held seven years to maturity.

Mr. Longbottom further stated that fifty-two of Florida's county volunteer committees exceeded their sales quotas set by the Treasury Department.

Mr. and Mrs. Lee Garrison of Fort Wayne, Ind., arrived in Avon Park last week and visited with friends here on Wednesday evening. They attended, on Tuesday, an International Harvester Motor Retirees Banquet at Clearwater, with a large number of friends consisting of Mr. and Mrs. Ora Myers, Mr. and Mrs. Cyrus Singer, Mr. and Mrs. Norman King, Mr. and Mrs. Joe Garrison and Mr. and Mrs. Carlos Miller, who are also from Fort Wayne, Ind.

Mr. and Mrs. Milton Valentine attended the Laper County, Mich., picnic at the Keweenaw Hall in Bradenton, on Saturday, Feb. 11. More than 200 people were there from the county.

Good fellowship, entertainment and a good dinner was enjoyed by all.

Spending their vacation with Mr. and Mrs. Warren Byrnes and their daughter, Betty, Mr. Byrnes' sister, Mrs. Hilda Davidson, and Betty's friend, Leona Shaffer, were in the neighborhood in Florida for the first time while here.

Congratulations to Mr. and Mrs. Alvin Thompson for winning second place trophy at the Orange Blossom Tournament in Sebring, last week, and to Mr. Thompson for winning a trophy at the Central District Tournament, which was held in Lake Wales.

They were entertained on Saturday evening by slides of Panama, shown by Olive Kerwin, which followed our hymn sing which was led by Warren Byrnes. (We are happy to have you and Nita safely back in our midst). The piano accompaniment was rendered by Mrs. Dai Kalb, very well; she was taken by surprise and had no notion in time for practice, but did so immediately, "coming through" with flying colors. It is really nice to have so many, right here in the park, with musical talents.

There were about 20 people who attended, let's have some more jobs enjoying Sunday evening with their neighbors.

Our monthly pot luck dinner was held on Thursday, Feb. 15, at 12 noon. It is a nice idea, it will be in Highland's Harbortown State Park; have been about 11 a.m. Others, who will be in the recreation hall, as usual. Bring service and beverage, too.

The committee working on the dance include Ricki Pate, Jan Hardy, Ann Judy, Chuck Milton and Judy Laidy.

As the close of basketball season, the Florida State Panthers are approaching the close of a successful season. They have done much better than anticipated since this is the last year of competition.

The Panthers ended up 4th in their conference. They narrowly missed the playoffs. Two losses to Orlando Junior College—one game by point—kept SFJC from the playoffs.

At the time of this writing there is 1 game remaining. The season record now is 15-11.

Coch. Terrell stated that the real true spirit of the players has carried the Panthers to this level. With some moderate height they have faced teams much taller and stronger and have lived up to their motto, "We will play our junior college basketball the way we play our college basketball." The team has come on considerably since Christmas. Steady level-headed playing has improved.

The regular members of the basketball team are Skip Gause, Rocky Kitchens, Jr., Cole, Roy Hester, Jerry Cooper and Bill Whitehead. Coach Mooneyham has added several new players.

"The team," says Terrell, "has shown tremendous ability to meet any obstacle and have come through when the chips were down."

South Florida Junior College is looking forward to having these players again next year.

The week of February 20 will find many students studying extra hard and long. The reason? Mid-term exams. The following week advisory grades will be sent out.

South Florida Junior College is conducting a survey of business's and industrial establishments in Highlands, Harbortown and DeFoe Counties. This survey is being conducted to determine the needs of business and industry for vocational or technical training of personnel. With the information received, the school will utilize it to establish an adult vocational-technical school in conjunction with the Junior College. Questionnaires are being sent out with a list of possible occupations. The businesses are requested to return them to complete the results of the survey.

We at South Florida Junior College express our sympathy to the family of Ronnie Preston. Ronnie was killed in an automobile accident last week. He was a student at SFJC.

Walker Memorial Hospital has received approval from the state to accept patients under the new Extended Care program. The plan for extended care is under the Health Insurance Benefits Program for the Aged (Title XVIII of the Social Security Act).

The Extended Care Facility is designed to be a post-hospital extension of services. In order to have payment made for these services, under the Medicare program, the individual must have been an in-patient of a hospital for at least 3 consecutive calendar days and have been transferred to the Extended Care Facility within 14 days after discharge from the hospital.

It is the purpose of the Extended Care Facility to provide to in-patients of an Extended Care Facility skilled nursing care and related services for patients who require medical or nursing care, or rehabilitation of injured, disabled, or sick persons.

It is not, however, the purpose of the Extended Care Facility to provide custodial type of patient care nor is it designed to take the place of normal hospital care.

Walker Memorial Hospital is pleased to provide Extended Care to the community in addition to its hospital services.

Library Tea

Big Success

The annual Silver Tea held at the beautiful home of Mrs. James Turnbull, Pinecrest Road for the benefit of the Library Fund drew a large crowd and was the anticipated success.

Members of the Women's Club, friends of the Library combined their talents in arranging the beautiful floral bouquets throughout the home. Roses and carnations in various hues were in profusion.

The tea table was lavishly with its long white cut-work cloth arranged with two sets of three branchedandelars in which carnations and lilies were entwined. Each end held a silver tea service, silver dishes and trays held the dainty tea sandwiches, nuts and mints. The buffet was centered with an arrangement of pure white carnations in white creating the effect of splendor.

Margaret Collins and Sandi Maddox presided over the registration book.

Mrs. T. Hayes Maxwell, Mrs. Eugene Hise, Mrs. E. H. Reiser and Mrs. Steve Roberts, composed the receiving line.

Assisting in pouring were Mrs. Samuel O. Norris, Mrs. E. Hartt, Mrs. Kenneth Fugate, Mrs. John Hayes, Mrs. R. L. Padgett and Mrs. Wayne Cribb.

A leisurely tour of the home was extended to the guests which was greatly enjoyed.

Private "In"-Formation

This week marks the end of the first four weeks of the new semester here at Highlands, and also brings us closer to spring vacation.

A number of girls have taken a few days off from school to attend the Gasparrilla Festival in Tampa which is an adventurous event for the Floridians and Northern visitors. The girls have high expectations of being captured by some of the pirates. The parade will be followed up by a fair which will also attract both students and faculty.

The Yearbook Staff sponsored by Doctor Delgado, announced that the ADP/PHI 1967 is completed and en route to the publisher. The girls are waiting in suspense for the yearbook—which will be a memorable review of their first year at The Highlands School for Young Ladies. We would like to thank the merchants in Avon Park and the neighbors for sponsoring the yearbook through their advertisements.

A winter roast, followed by folk-singing around the bonfire, was enjoyed by the girls and their dates on Saturday, February 4. Bingo was played in the Student Center afterwards, as a climax to another Saturday night at Highlands School.

THE ELOQUENCE OF SILENCE

"Be still and know that I am God." Psalm 46:10.

You remember that Elijah fled from the fury of Jezebel and hid in a cave. The word of the Lord came to him. "What are you doing here Elijah?" He answered: "I have been very jealous for the Lord, the God of hosts; for the people of Israel have forsaken thy covenant, thrown down thy altars, and slain thy prophets with the sword; and I, even I only, am left: and they seek my life, to take it away." 1 Kings 18:10. When Elijah had finished his bitter complaint, he is told to stand on the mount. Then after the wind, the earthquake and the fire, he heard a still small voice. When he heard the latter he knew he was in the presence of God. The hour of his souls' exaltation was an hour of quiet communion.

Isaiah was at worship in the temple. We know that a vision of the Lord came to him. And he received the divine commission: "Go and say to this people." Isaiah 6:9. Out from the quietness of his communion, he came forth to be the greatest of the 8th century prophets.

Pascal, the great French religious philosopher, gave us the secret of how Elijah and Isaiah received divine motivation, when he said: "All evils of life have fallen on us because man did not sit alone quietly in a room." This is much like St. Paul's advice: "Study to be quiet." 1 Thessalonians 4:11.

How significant silence can be! Jesus stole away into the hills night after night. It is written that: "He went up into a mountain apart to pray; and when the evening was come, he was there alone." St. Matthew 14:23.

"O Sabbath rest by Galilee!
O calm of hills above
Where Jesus knelt to share with thee
The silence of eternity
Interpreted by love."

The Master left the crowded ways of life occasionally and sought the comradeship of elemental things, the rocks, the hills, the sky and the flowing stream. There he was alone with God.

You will recall Elizabeth Barrett Browning's lovely poem.

"The foolish fears of what might happen,
I cast them all away
Among the clover-scented grass,
Among the new-mown hay,
Among the husking of the corn,
Where drowsy poppies nod
Where ill thoughts die and good are born—
Out in the fields with God."

When the disciples came with the news of the death of John the Baptist, Jesus was overcome. However, he didn't denounce Herod nor did he give a lecture on why the good must suffer. Instead, he said: "Let us go out into a desert place and be alone." He knew the peace of the hills, and the significance of silence in an hour of grief.

Perhaps your friend has suffered a loss. You go to him in his hour of need. You seek words to console him and then you cannot say them. You stand in silence, a silence that is eloquent. You suddenly discover that just being there is important. The arm across his shoulder is enough. Such a person needs most of all the healing silence of God.

A little girl's favorite doll was broken. Her heart was crushed. Her mother took her upon her lap. There was nothing to be said that would help much. The child looked up into her mother's face and pled: "Don't talk about it, please mummy."

Then there is the silence of shame. When Jesus was confronted with the woman who had been taken in adultery, he was silent. He stooped and wrote on the ground as if he had not heard the woman's accusers. He had pity for her. "He lifted up himself, and said unto them, 'He that is without sin among you, let him first cast a stone at her.'" St. John 8:7. How soul-searching that rebuke must have been. He stooped to write again but when he raised himself up the second time, his accusers were gone.

We can think of the silence of Jesus before his judges. "He answered him to never a word." St. Matthew 27:14. Why didn't he answer? His words would not have been received with impartiality. How awful it would be to have sunk so low that Jesus' words wouldn't reach you. Jesus had nothing to say because there was nothing he could say that would make any difference.

One way of life is never to stop and think; one is constantly on the go, rushing to this and that. No time to be quiet. No time to be humble before God. And then, when the silence comes, it comes as an enemy rather than an old friend.

Another way of life is to stop and think: to sit quietly alone, listening and waiting. Such a person gives his soul a chance by giving God a chance.

Dr. Edgar DeWitt Jones, a great preacher of the past generation, said that on those occasions when he was not preaching, he would worship in the congregation. He planned to get to church a few minutes early in order to have a period of meditation: sitting quietly, thinking about God, the Lord Jesus Christ and the power of the endless life.

The Psalmist has a word for private or public worship: "Be still and know that I am God." Psalm 46:10. In the silence God can heal your grief and pain and show you their meaning for your life. He can help you find His love. He will turn your hurt for healing for others. He will come to you and you will know Him as your Friend.

AUDUBON SOCIETY MEETING

The Highlands County Audubon Society, will meet Monday, Feb. 27, at the Nature Museum, just north of Babson Park on Alt. 27, sponsored by the Lake Wales Audubon Society.

After a lunch together and a short business meeting, there will be a conducted tour of several trails in connection with the Museum, by a resident biologist.

Nature lovers who would like to participate are invited to bring their lunch and join the group.

DAR

The Patriots Chapter, Daughters of American Revolution, will observe the birthday of George Washington, at a luncheon-meeting on Wednesday, Feb. 22, at 12:30, Hotel Jacaranda, Avon Park. The commemoration of this event is an annual celebration. Mrs. J. H. Ford, Chapter Regent, and Mrs. Joseph Anton Vasek, Program chairman, extends an invitation to members and guests to attend this patriotic luncheon-meeting. Reservations must be made by Saturday Feb. 18.

CHOIRS ORGANIZED

The Florida Ave. Baptist Church organized their Primary, Junior and Intermediate Chorus, Feb. 7 at their regular meeting. Rev. Lester E. Miller will direct the choir with Mrs. Miller at the piano. A spaghetti dinner was served in the social hall following the meeting.

Mr. Jesse Mercer, Head Master of Highlands School for girls, will be guest speaker.

CARD OF THANKS

After six years of a very pleasant stay at Avon Park Lakes, it has become necessary for health reasons to leave. We want to express our appreciation to all our friends for the many cards and letters we have received during our illness this past summer in the hospital and while recuperating here in our home. For the many visits you have made and for help given so freely. We have never met with more gracious love from any other

place that we have lived.

These last weeks has been over whelming for us because of the concern the people have shown. Now we are leaving for the Schmitt Methodist Home in Richland Center, Wisconsin, to spend the last days. In our loneliness there we shall cherish the memory of all of you. We shall remember the gatherings at the club house, the members of the Board, the men who spent days to improve the neighborhood. The ladies who served such delicious meals and cleaned the

social rooms to make it so inviting for members and visitors alike. Thanks you—one and all. Love to you all. The Rev. Hallward Folkstead and wife

Women Educators Meet in AP

The Alpha Gamma Chapter of the Delta Kappa Gamma Society, international honor organization for women educators, met in Avon Park, Feb. 11, with Avon Park members as hostesses.

The luncheon at Griffin's Restaurant, Highway 27, carried out the Valentine theme. Mrs. Ann Ingles, Sebring, Chapter president, presided at the luncheon and introduced visitors from other chapters. Miss Millie Pearson, a former Alpha Gamma Chapter president, now residing in Bailey, N. C., but many years an Avon Park teacher, brought greetings from her Chapter in North Carolina.

Highlands County schools are serving as pilot schools for a new science approach in the primary grades and Mrs. Redick of the Avon Park Elementary is one of the participating teachers.

A business meeting concluded the meeting for the day. Hostess members from Avon Park were: Mrs. Sadie Brown, Chairman, Mrs. Maryanne Redick, Mrs. Alice Sherman, Miss Sarah Sellers, Mrs. Violet Moseley, Mrs. James Edge and Mrs. Patti Hill.

After the luncheon a most interesting and informative program was presented by Mrs. Maryanne Redick, demonstrating "The Implications for Education" as shown in teaching science in a first grade classroom situation. Several members of Alpha Gamma Chapter from Hardee, DeSoto and Highlands Counties served as "stand-ins" for first grade students—very educational as well as entertaining.

The 52 glee club members represented the 50 states and possessions of Puerto Rico and the Virgin Islands. Alaska speaker was Kathy Smith and Hawaii's speaker was Martha Helms.

Lucky Dixon, Beverly Pollard and Barbara Hewis were accompanied on the guitar by Debbie White singing, "The Cruel War." The piano accompaniment for the entire program was played by Gail Chestnut. Loni Newton and Mirium Limcango danced the Hawaiian hula in native costumes.

The program was introduced by the student council president, Steve Booth, who explained that years ago the FFA department had made the state flag and that the eight foot flag used as a background has flown over the National Capitol and was sent to the school by Congressman Haley.

This assembly was a dress rehearsal for the Exchange Assembly which will be staged next Friday morning at Lake Placid High School and Friday afternoon at Sebring High School.

Mr. and Mrs. H. Varnberg spent last Friday at Vero Beach.

The dream of a clubhouse is finally going to be a reality! The footings were poured during the week and we should see the more progress during the week. We are really burning at the seams! Every space is occupied even to the over-night spaces. More new patio spaces are being planned for the very near future.

Mrs. Beulah McClure and Mr. E. D. Abney spent a day at Vero Beach last week.

George Chalmers has returned from the Winter Haven Hospital where he underwent surgery. He is reported doing nicely. He wishes to thank all those who have been so kind and thoughtful during his illness.

Mr. and Mrs. Mahlon Devine of Jackson, Mich., are staying with the Curry's (Catherine and George). Mrs. Devine is a sister of Catherine's. The two couples visited Mr. and Mrs. E. D. Abney and Mrs. West Palm Beach on Friday.

Mr. and Mrs. Edward Fritz visited Mrs. Fritz's sister, Mrs. G. I. Mason, Layton, Ark., and Mrs. Beulah over the week end. The Friday's will be leaving this week to Lake Okechobee for the Sun Surf Motel at Ft. Lauderdale.

For them happiness and hope they will be back with us next winter.

Mr. James Kenyon of Hamilton, Canada, who is a winter visitor at his stepson's home, Mr. and Mrs. Wm. N. Newham, 5 East Charles St., celebrated his 93rd birthday Thursday, Feb. 9, with a cake and birthday dinner.

Mr. Kenyon is unusually spry and mentally alert for his advancing years.

January Gas Tax Take Is \$70,160

Highlands County, like other counties in the state, gets back three cents of the state's seven cents in gas tax it collects.

January collections, on December gas purchases of motorists, totaled \$84,113.05. Of this \$47,605.73 went to the State Board of Administration in retiring county bonds; \$4,509.96 to the county commission for road and bridge maintenance; and \$31,997.36 to the State Road Department for work being done in the county by the state.

Ferrari To Take On Ford And Chaparral at Sebring 12-Hour

Contrary to statements made by a former Ferrari employee prior to the race at Daytona, there will be no Ferrari entries taking part in the upcoming Florida Grand Prix of Endurance on April 1. The "prancing horse" from Modena now enjoys a 9 point lead in the World Manufacturers Championship contest and is eager to protect and improve that standing the forthcoming Sebring 12 Hours of Endurance.

This event is the oldest long

distance race in the United States and ranks with LeMans, Nurburgring and Targa Florio in the race for the Speed and Endurance World Challenge Cup.

Two other manufacturers of prototype sports racing cars have mean-while arranged to use the facilities of the 5.2 mile Sebring course in preparation for an all out effort to unseat the Italians from their position of leadership.

Both Chaparral and Ford will have cars and drivers here for the Central Florida city on separate occasions within the month for the testing and familiarization with the somewhat changed contour of the course.

For this years race, a "chicken" has been introduced in the long warehouse Straight, which will eliminate the Webster Turn, and, in the opinion of racing experts, permit higher speeds and therefore, new course records.

Red Devils End Season With Loss To Bartow

The Red Devil varsity basketball team closed out its regular season schedule last Tuesday night with a 77-52 loss to the Bartow Yellow-jackets to finish with a 4-13 record.

Last week the Devils lost to Sebring in a real thriller, then upset Fort Meade here last Friday night by a score of 73-63, and lost to Haines City 65-44 last Saturday night.

The Red Devil "B" squad won over Sebring and Haines City but lost to Fort Meade and Bartow to finish with a 9-8 record under rookie coach Fred Sandlin.

Next Thursday night the Red Devils will meet Clewiston in the Class B group tourney in Sebring. The Blue Streaks will play Immokalee in the tourney opener on Thursday with the winner of the Avon Park - Clewiston game meeting Okeechobee on Friday with the winner of the other game playing first seeded LeBelle also on Friday. The final will be played Saturday night.

Meeting Dates Named by Game Commission

Now is the time for Florida sportsmen to stand up and be counted as the Game and Fresh Water Fish Commission seeks consideration for fish and wildlife in future pollution laws. The opportunity for sportsmen to express opinions on pollution and other wildlife conservation progress over the past year and to obtain suggestions and recommendations from sportsmen prior to establishing regulations for the next season.

The Ridge area can attend the meeting in Arcadia March 3.

McBroom said, "All interested persons are invited to attend the meetings, including individuals as well as representatives of conservation organizations. The Commission will recommend the same basic framework for hunting restricted game birds and animals as last year, however, a proposal for a statewide archery season prior to the regular season has been submitted by organized bow hunting groups and before taking action on such proposals we feel that all sportsmen should be heard on the subject."

Other items to be discussed will be the status of the alligator and a proposal for an alligator license and an open hunting season; a license for all persons between the age of 15 and 60 who fish for fresh water fish; and the status of hunting license fees. The Commission will also present a brief summary of its activity over the past year.

McBroom said, "All persons who plan to attend should encourage others to do likewise in order that the commission might have the opinion of Florida sportsmen."

The attendance at last Monday night's duplicate bridge session was large enough to permit awards of fractional master points to the top 4 in each direction.

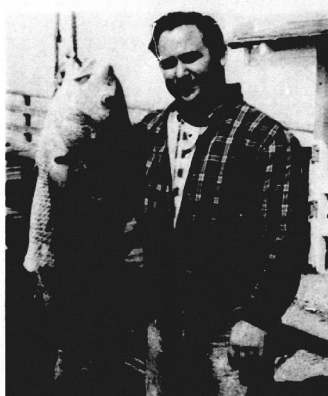

In the North-South positions the team of Dr. Burley and Ted Shoemaker was first in the winner's circle, Eva Jacobson and Alice Fordham second, third place Mary Merilatt and Judy Waugman with 4th place going to Mr. and Mrs. George Smith.

In the East-West contest was so close that only one-half point separated Ernie Duckett and Dr. Dorsey the winners from the 2nd place team of Lois and Joseph Vasek, while Bill Blakely and Des. Ryth were in third place and Elaine West and Turner Mayhew took the fourth spot.

A number of the players are planning to attend the St. Valentine Bridge Tournament in Tampa which begins on Thursday Feb. 16 and which concludes on Sunday the 19th.

Headquarters and site of the games are at the Floridian Motel. With the tournament, the Florida State Fair, horse races and jai-alai, Tampa is having a busy and entertaining weekend for almost everyone.

SEJFC Panthers Wind Up Good Season - Stand Fourth In League

Last Friday night at the Joel Evans gym in Wauchula, South Florida Jr. College Panthers won their 18th game of the year against 12 losses as they won a wild game from St. Petersburg 84 to 80. The game was a fine one, with lots of spirit and an energetic crowd applauding every move of the Panthers. The Panthers moved to a 42 to 40 halftime lead on the fine shooting of Ted Butler, Skip Gause and Bill Whitehead. The tension mounted though 10 minutes to go, exploded into a violent free for all involving players and fans. With 10 minutes to go there was a scramble for the ball at mid court. Rocky Kitchens came up with the ball and was jumped by George Washington of St. Pete. Washington was aided by Willie Richardson. In a matter of seconds players and fans alike were involved in a free for all affair. This trouble spot was quieted by Coaches and officials. The game resumed, went in for a lay up. Again Washington of St. Pete committed a flagrant violation by jumping on Butlers back. Butler went down and when he got up, Washington made an attempt to challenge him with his fist. Before anyone could move, players and fans alike were at it again. Some 10 minutes later, when the fighting was stopped, the officials called the game. City police, Sheriff Newton Murdock and deputies and the State Highway Patrol were called to escort the St. Pete out of the county.

"In 19 years of coaching, that the first free for all I've ever been involved in and I hope it's my last. I would like to take this opportunity to thank the many level headed people that helped stop the fighting. It is a shame that one or two hot heads start such a brawl. Although the St. Pete team was involved, the boy seemed to instigate most of the trouble. Again, many thanks to those level headed people who gave their assistance."

Skipper Gause 32, Bill Whitehead 24, Ted Butler 18, Harry Holley, Junior Gals, and Rocky Kitchens with 4 each led the scoring. Leo Luper led St. Pete with 20. Skipper Gause did not have a defensive job on George Washington that Washington scored only 11 points.

South Fla. 66 Brevard 113

Saturday night in Cocoa, the Panthers of South Florida seemed to have left most of their fight in Wauchula as they played sporadic ball to bow to Brevard 113 to 66.

Cause Butler 18, Whitehead 11, Holley 10, Gals 4 and Kitchens 4 did the scoring for South Fla. Tanner 26, Miller 22, and Lenville were the top scorers for Brevard.

Eighth Graders Win Over Placid

Coach Larry Pickett's eighth grade basketball team finished out its six game season with a win over Lake Placid to set a 5-1 mark for the year.

The junior high team lost only to Wauchula 27-24 and won two from Lake Placid, two from Wauchula, and one from Sebring.

Donald Sizemore was the leading scorer for the eighth grade team with an average of 10.2 points per game. Clark Jackson averaged 8 points a game and Jim Magenheimer pumped in an average of 7 points each game. Others on the squad were Dennis Hart, Ricky Dick, Mike Bagwell, Joe Franza, Harold Hall, Hancock, and Walter Nunnallee.

The eighth graders scored 40 or more points in three of the games with a 42-15 win over Lake Placid being the high score for the season.

Boys Urged To Register For Minor League

J. T. Landress, Director of the Minor League Baseball announced that this is the last week that boys can sign up to play minor league ball.

To this date only 75 boys have signed to play. Last year 120 boys participated in the Minor League program.

Parents are urged to sign their son's application and bring it to Mr. George Kelsey's office at the Avon Elementary school.

Feb. 21 is the last day boys can request to play. A boy who is now on a Little League Team is not eligible to play minor league ball. All other boys are eligible to play if they meet the age requirements.

To play minor league ball the minimum age is 8. A boy can play on 9 year old if he reaches his 13th birthday before Aug. 8, 1967. He can play thru his 12th year provided he does not reach his 13th birthday before Aug. 1 of the year in which he is playing.

Silver Spurs Rodeo Goes At Kissimmee February 24-26

The Silver Spurs Rodeo scheduled in Kissimmee Feb. 24-26 will draw dozens of outstanding professional cowboys from throughout the West to compete with Florida's top cowboys, reports Pete Hunt, president of the sponsoring Silver Spurs Rodeo Club.

"Because it is winter time, with little rodeo activity in the West, we always get some of the nation's best cowboys," said Hunt. "Our \$4000 in prize money to which is added several thousand in entry fees" is also a big draw.

Along with the rodeo, which will be held daily at 2:30 P.M., the Kissimmee Valley Livestock Show and Occola County Fair is scheduled at the adjacent State Livestock and

Crops Pavilion. Cattle will be on exhibit beginning Wednesday, February 22, through Sunday, February 26.

Admission is free to the rodeo and the fair, and the rodeo seats sell at prices ranging from \$1 to \$3. All are reserved, however, and all under roof in the \$600,000, 12,000-seat stadium.

You can be UP TO YOUR NECK IN HOT WATER at no extra cost with a NEW

Q-R heats water 3 times faster The new Q-R Flameless heats water three times faster than old-style electric water heaters—and faster than flame-type!

Q-R gives 3 times as much hot water With the same size tank, a new Q-R Flameless delivers three times as much hot water as old-style electric models and many times more than flame-type. No need for a bigger-than-average tank to get all the hot water you need. Just a 40-gallon Q-R Flameless does it in most homes!

Q-R has more heating power Why the big difference? A 40-gallon Q-R (Quick Recovery) Flameless has one or two heating elements totalling 4,500 watts or more. Typical old-style 40-gallon uses about 2,000 watts.

Q-R costs no more to operate The cost of heating a gallon of water with Q-R is the same as with old-style electric units. You don't pay a cent more for Q-R's speedy heating.

Q-R costs about the same to buy A new 40-gallon Q-R costs little or nothing more than the same size old-style electric models... and a lot less than the same size flame-type.

Hard to believe? Prove it to yourself. Go on and get a new Q-R Flameless water heater. With our 60-Day Money-Back Guarantee of satisfaction, you can't lose!
