How's This For Utopia

A place where everyone has a credit card and there is no limit to what anyone can charge.

That, says the president of the Amalgamated Flying Saucer Clubs of America, is how it is on some other planets, those inhabitants supposedly have visited earth in flying saucers.

Gabriel Green of Los Angeles, says 10 persons will give testimony during the saucer organization's convention in Reno this weekend. They say they have been aboard craft

from other planets and galaxies and talked with spacemen, in English.

By the way, the super credit card system, Green says, is a combination of the best of capitalism and socialism.

There was no word on what happens the first of the month, when earthmen's bills come due.

Beverage Dept. Does Not Like Moonshiners

During the month of June, 10 moonshine stills, 3,240 gallons of fermenting mash, and 373 gallons of non-tax paid (moonshine) whiskey were seized and destroyed by agents of the department.

A total of six vehicles were seized, and 145 criminal cases were made during the month. Of the 101 trials in court, 81 resulted in convictions, or a 80.2 percentage rate.

tions for Alcoholic Beverage were processed.

Accounting for the \$9,956, 656.29 in Revenue Collections, cigarette taxes amounted to \$4,359,452.99; spirituous beverages, \$2,073,459.84; beer, \$2,810,324.06; and wine, \$559,204.56. Miscellaneous collections accounted for the balance. The Revenue Collections amount to a 5.29 percent increase for June, 1966, over June, 1965.

This enforcement work was accomplished with the cooperation and assistance of City, County, State and Federal law enforcement agencies.

Avon Park's first hosting of the District 4 Area II Little League tournament was a complete success in every way except that the Avon Park team lost 3-4 in an eight inning game to Hardee County in the final last Friday night.

In the tourney opener, last Wednesday evening, Lake Wales won over Fort Meade 10-5 and Hardee defeated Sebring 7-4 in the nightcap. Then on Thursday Avon Park shut out Lake Wales 5-0 behind the three hit pitching of Tommy Veasey, and Hardee slipped by Frostproof 1-0 scoring in the top of the sixth.

In the final game Friday night Hardee jumped off to a two run lead in the top of the second inning, but Avon Park came back in the bottom of the second to take over by scoring three runs. Then in the fifth Hardee scored two more runs to take a 4-3 lead. With two men down in the last of the sixth, Avon Park scored one run to tie the game up and force it into extra innings.

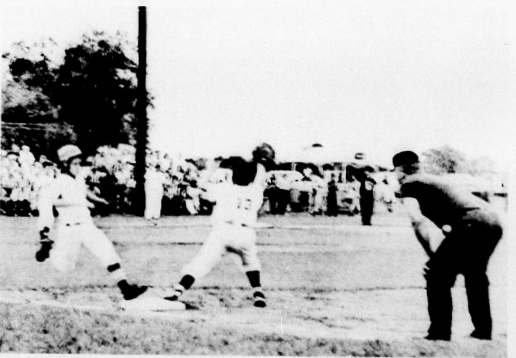

Neither team scored in the seventh, but in the top of the eighth, Hardee pushed over the winning run on three consecutive singles and an error by the Avon Park leftfielder. Hardee scored its five runs on 12 hits off losing hurler Steve Hancock who went the distance for Avon Park. The local team rapped out eight hits off four Hardee pitchers with Tommy Veasey and Artis Bass connecting for doubles and Steve Hancock hitting four singles for four official at bats. Both teams committed four errors.

Many compliments were heard on the condition of the field and the new bleachers. Thanks are due to many Avon Park Little League fans and personnel and inmates of A.P.C.I.

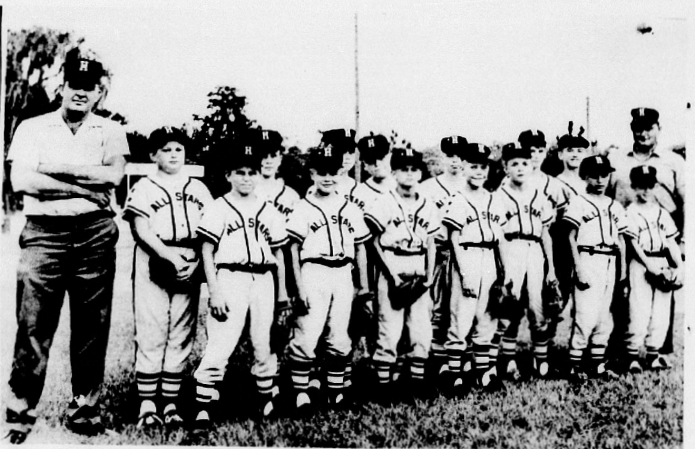

ALL EYES ON THE BALL as ball is being pitched during the Little League All Star game between Lake

Wales and Avon Park last Thursday. The home town team were victors in the game.

TERRY WEST stretches those legs to beat the throw to first during the All Star game last Thursday night.

Avon Park won with a score of 5-0 over Lake Wales. Crowd was enthusiastic over plays such as these.

HARDEE ALL STARS: front row—Starrett, Oliff, Reeves, Lambert, Dyal, Gilliard, Heine; back row—Albritton, Tew, Peacock, Dickey, Ske-

toe, Albritton, Prince; Manager Tew on left and Coach Albritton on right.

Citrus Commission Grants Extension For Experiment

The Florida Citrus Commission has granted an extension of one year for experimental permits that would allow packing fresh fruit in plastic mesh bags.

Recommendation for the extension came from the Commission's Fresh Fruit Committee, following "excellent" packer and trade reaction to the container.

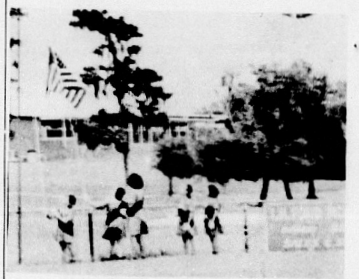

Ten permits were issued in the 1965-66 season for use of over two million of the new bags.

Bill Strickland, general manager of the Florida Fresh Citrus Shippers Association, reported his organization had taken no official position on the matter since some shippers were not able to use the

bags because of last January's freeze. Those shippers who did use the bags expressed satisfaction with the containers and requested extension of the permits.

Fruit in the experimental bags had "good shelf life" and was shown "to better advantage," according to some shippers. Others mentioned lower cost of the plastic mesh bag and "good potential."

The Commission allowed use of tray packs with film overwrap as a standard container until July 31, 1967. The Fresh Fruit Committee reported these containers have "considerable long range potential."

MISSILE DETECTION CAPABILITIES of the three Ballistic Early Warning Sites scattered throughout the world are outlined in this artist's sketch. With the recent dedication of the \$400,000,000 complex in Clear, Alaska, the system covers the top of the world completely.

Hear It Now
The San Francisco attorney eloquently pleaded with the Board of Permit Appeals to restore the liquor license of a billiard parlor operated by two elderly brothers, whom he said were deaf.

The board, apparently swayed by the persuasive plea of the lawyers, unanimously granted the request of the brothers, who had stood mute during the hearing.

But a dazed chairman James Harvey, "if you ever come back here, you're out of luck. Understand?" Yes, sir, the deaf brothers replied. The board members chuckled and granted the request anyway.

FIX-IT TIP

To cut plywood or any hardwood with a bench saw without splintering the finished edge of the wood, mark a line for cutting and place a strip of cellulose tape over it. Run plywood through the saw slowly and you'll have a neat edge. Then just peel off the tape.

MILLER PEST CONTROL

For all your insect problems, lawn spray, termites, roaches and ants. Call EV 5-2538, 617 S. Eucalyptus, Sebring, Florida. Adv.
