Pin money has a different origin. When pins were introduced at the beginning of the sixteenth century, they were made of silver and were quite valuable as gifts. If a husband did not wish to give his wife a pin, he gave her the money to buy her own, and thus "pin money" came to refer to the allowance a wife was given for her private expenses.

The Things We Say

By RUBY SHANNON

Every autumn, I watch my garden to see that the frost does not kill my tomato plants before I have picked off all the little green tomatoes.

Green tomatoes are the main ingredient of a mixed pickle relish which my family likes to eat with beans and meat during the cold winter months. We call this relish "chow-chow" and here's why:

When English-speaking people began to trade in the Far East, they found the Chinese language sing-songy and hard to understand. The result was that they began to speak their own version of it, called Pidgin English.

Christmas Parade Set For Monday

The second annual Christmas parade sponsored by the Progressive Businessmens' Association of Avon Park and local merchants will be held on Monday evening, Dec. 4 at 7:15 p.m.

All people are requested to assemble at the Ford Fair parking lot, no later than 6:30 p.m. on Monday.

The parade will commence at 7:15 p.m. at the Ford Fair parking lot going east on Main Street reaching the downtown shopping area at 7:30 p.m. The parade will go to Verona cross the Mall and proceed west to the railroad station where the parade will terminate.

Santa Claus will have a shed at the railroad station area and would like to talk to all the youngsters and give them candy.

This parade annually kicks off the Christmas buying season in Avon Park.

AVON PARK HIGH SCHOOL varsity basketball team — front row: Horace Watson, Lucius Taylor, Loris Welch, Donald Strange, Billy Richards. Back row: Leotis Meneil, Dean Lemler, Bill Knapp, Charles Magenheimer, and Ken Dixon.

Red Devil Cagers Play 1st Home Game Tues.

The Avon Park Red Devil cagers will open their 20 game basketball schedule in Moore Haven on Tuesday (Today) night and will be at home for local fans first viewing next Tuesday night when they host the Frostproof Bulldogs at the high school gym.

Coach Dale Landress, starting his second season as head Devil cage mentor, will take eleven boys to Moore Haven including returning lettermen Dean Lemler, Kenny Dixon, Donald Strange, and Bill Knapp. Others on the squad will be seniors Jim Williams, Lucius Taylor, and Lotus McNeil and juniors Tim Braswell, Charles Magenheimer, Loris Welch, and Horace Watson.

Senior Kenny Dixon measures in as the top Devil at 6 ft. 2 inches and will play the center position along with McNeil (6 ft. 1 inch) and Braswell (5 ft. 10 in.). At the forward positions will be Williams (6 ft. 9 in.), Taylor (5 ft. 9 in.), Knapp (5 ft. 11 in.), Welch (5 ft. 11 in.), and Watson (5 ft. 10 in.). Playing at the guard positions will be Lemler (5 ft. 10 in.), Magenheimer (5 ft. 10 in.), and Strange (5 ft. 9 in.).

Five of the boys have been practicing for the past month under "B" squad coach Fred Sandlin. Dixon, Magenheimer, Strange, Knapp, and Welch were joined just this past week by Lemler, Williams, Taylor, McNeil, Braswell, and Watson who had been busy playing football. The practice that the four Devil varsity boys have put in may be a big factor in the Devils winless record this season as Avon Park is known as a slow starting quintet due to a usually long football season for the Red Devils. The newcomers to the Devil varsity, with the exception of McNeil and Braswell, are well known to Devil cage fans having played on the scrappy, fast-breaking "B" squad team under Sandlin last season. Magenheimer, Williams, Welch, and Watson were stalwarts on the team that thrilled Avon Park fans with their never-die spirit last year.

This season's "B" squad will again be under Fred Sandlin, also in his second year at Avon Park. The eleven members of the team are juniors Clyde Sumbry and Albert Moss; sophomores Willie Seigler, Joe Hardy, Roy Clatt, Harvie Jones, John Hamilton, and Phillip Hall; freshman Jim Magenheimer; and eighth graders Don Sisemore and Clark Jackson.

Joe Hardy, at 6 ft., will be the jayvee center. Hamilton and Hall are both 5 ft. 11 in. tall, and measuring in at 5 ft. 9 in. are Seigler, Sumbry, Jones, Jackson, and Moss. Magenheimer is 5 ft. 8 in., Sisemore is 5 ft. 6 in., and Clatt stands 5 ft. 5 in.

Coaches Landress and Sandlin are promoting a "200" club for students which will permit members to attend games at home and away at reduced prices and will also entitle members to attend special dances for members only after some home games. The two young aggressive coaches are striving to build the basketball program at the high school and Avon Park fans are urged to be on hand next Tuesday when the Devil cagers open their home stand with "B" squad action starting at 6:30 and varsity play following. The coaches promise exciting games with the Devil teams determined to set good records this season.

The other pre-Christmas holiday game set are against Arcadia here next Friday if the Bulldog football team does not advance in the state play-offs; Santa Fe of Lakeland away on December 12 and Wauchula away on December 19.

During the holidays, the Devil varsity will participate in the Arcadia Christmas Round Robin Tournament along with Schieg, Wauchula, and Arcadia on December 28, 29, and 30.

Lady Members of Golf Course To Hold Organization Meeting

Lady members of the Avon Park Golf Association are having an organizational day Thursday at the Avon Park golf course. Mary Jane Touchton, temporary chairman, has announced all lady members and any new members be at the club for play at 9 a.m. for nine hole play. There will be a meeting to setup the organization following the nine hole play. Officers will be elected and committees appointed.

President W. R. Reck of the Avon Park Golf Association stated that as of Tuesday, Nov. 28, there are 144 members of the club an increase of 7 during the past week.

Nineteen of the 20 cart sheds have been sold and are occupied Reck reported that another section will be built as soon as the demand warrants.

In another report Reck indicated that since the course was opened for play on November 4 over 150 green fees of $3.50 have been collected for play on the course.

Col. Leslie Blankenship, owner of the Highlands School and also owner of the property that the city leases the golf course, played the course during the Thanksgiving holiday weekend.

Ricky Dressel and Jim Martindale tied for first place with 80 in the regular Saturday Blind Bogey tournament last Saturday. A total of 14 took place in the event.

Alex Ogilvie Pro at the course is still conducting a seminar for the youngsters of the area each Saturday morning at 9 am.

The date for the grand opening of the course has been changed from December 2 to January 6. Plans will be announced at a later date.

Reck indicated he would like to call attention to the fact all players should and must check at the Pro shop before going out to play on the course.

Christmas Seal Funds Reach 38% of Goal

Contributions of $21,580.04 to the 1967 Christmas Seal Campaign have been received to date.

Hayward H. Davis, Lake Placid, Area Christmas Seal Campaign chairman, reported the amount is 38 percent of the goal of $56,700.00.

This is $800.81 short of the contributions for the same period last year, where $22,380.85 had been contributed.

The 61st annual campaign is being conducted by the Mid-State Tuberculosis and Respiratory Disease Association which includes Polk, Highlands, Hardee and De Soto counties.

"We want to urge everyone to mail their contribution as soon as possible," Davis said, "for Christmas Seal funds is the only source of income which support the Association year-round activities."

The county breakdown, with 1966 figures in brackets: Polk - $17,417.29 (18,630.70); Highlands - $2,563.25 (2,358.70); Hardee - $862.00 (623.36); DeSoto - $737.50 (768.09).

Business Women Sell Fruit Cakes For Christmas

The Business Women's Club of Avon Park held their regular meeting Nov. 29 at the Womans Club House.

Mrs. Helen Harris, President welcomed the guests and members. Mrs. Esther Johnson gave the secretary report and roll call. Treasurer, Mrs. Toni Elkhill reported sending checks to the following organizations: Christmas Seals, Noah's Ark, Christmas Cheer, Inc., Ridge Area Retarded Children, Youth Care, Inc., Salvation Army, Cancer Society, Crippled Children and the Patti Hill Scholarship Fund. It gives the Club pleasure to lend a helping hand where it is needed.

Claxton fruit cakes are on sale by the club for your holiday pleasure and may be purchased from club members. This is a money making project, proceeds used for charity.

Mrs. Mildred Logan reported on the Social Committee plans for the Annual Business Woman's Christmas Banquet to be held at the Jacaranda Hotel Dec. 11 at 6:30 p.m. Gifts will be exchanged. Tickets are on sale from members of the Social Committee.

Miss Jane Leome was welcomed as a new member.

Mrs. Thelma Merrill introduced her house guest Miss Frances Maxfield who is vacationing here for a short time before returning to her Civil Service position in Guam.

The social hour was spent playing cards and refreshments were served by the hostesses: Mrs. Rena Smith, Mrs. Edith Young, Mrs. Ada Hallam and Mrs. Elizabeth Nellis.

Crossing Gates Still Issue With Council

Here we go again, for the sixth time during 1967, the Avon Park City Council has hired a man to serve as dog catcher. Earl Hunt appeared before the council on Monday night asking about the status of the dog catcher position. He was immediately hired at $1.25 per dog. He will be required to feed and water dogs, and the city will furnish the equipment. This position has created more comment both pro and con, since the start of 1967.

Another discussion on warning gates for railroad crossings was held with City Attorney, Hue Nunnallee also County Attorney, reporting that the City letter had been read at a recent County Commissioners meeting and he had been instructed to contact the State Road Dept. in Bartow to see if primary road funds could be used for gates on the Main Street crossings. He reported that this could not be done and monies for such purposes would have to come from secondary road funds. Nunnallee indicated that he has been instructed by the County Commissioners to prepare a resolution for the commission re-affirming this action. Nunnallee indicated that a rough estimate of the cost of putting warning gates at the Main St. railroad crossings would be about $15,000.

The council unanimously voted to change the zoning classification of lots 1 - 5, block 11, section 22 from R-1 to R-3. This property will be used for one of the Federal Housing Authority projects that will be built starting in 1968.

In other business:

Council accepted the bid of Southern Meter and Supply Co. $1.11 per foot for 1600 feet of 6 inch transit tiles.

Council President Scott and Fire Chief Wilbur Giddens were instructed by the council to look into the $1.00 per month charge on house trailers to cover fire charges outside the city limits.

Councilmen hired Elton Lawrence as a dispatcher for the police department.

Granted permission for the police department to use radio numbers 1 thru 10, authorizing other departments to rearrange their numbers to conform.

Accepted Civil Service Board action of hiring C. M. Parnell and Joe Evans as firemen.

Instructed City Clerk Malcolm Cowles to contact State Road Dept. placing signs in the area calling attention to trucks that state road 17 is to be used as truck route around the city.

Bobby Ray Light was hired as an employee in the city street department.

The regular meeting scheduled for December 25 was cancelled because of it falling on Christmas Day.

A special meeting was held Wednesday afternoon with Emory Dawkins of Dawkins and Associates of Orlando to go over future plans of Sewerage in City.

Every Day Is Safety Day

This was National Safety Week and it is a good bet that most of us did not even know it.

And what if we did know it? What did we do differently?

Probably not a cotton pickin' thing.

And why drive safely once a year anyway? Safety should be a continuing thing for all of us. Next year at this time, there will be among us people who this year had sons, daughters, husbands, wives, mothers, fathers, brothers, sisters who now no longer have them. Accident victims. There will be some newly blind, some minus a leg, some minus an arm, some paralyzed, some forever disfigured. Accident victims.

Safety is not just a matter of the highways. It is a matter of everday living, although the stress seems to be on highway safety.

Every day is a time to live defensively as well as drive defensively and it is so much easier to work at it if you establish good habits. You don't even notice the effort if you train yourself to do the right thing to begin with.

Like putting aspirin, a very wonderful drug for adults, out of the reach of children who might gobble them down for candy and end up on a stretcher.

Or garden insecticides—which should also be out of the reach of youngsters.

Any day is a day to get that broken step fixed, that faulty gas heater repaired, the non-existent brakes on the car relined, the rusty nails picked up outside and carted away in the trash, the matches out of the reach of playful and inquisitive fingers.

You have heard so many people say when they drive they are obeying all the rules and if there is an accident, it's the other fellow's fault. All well and good, but these days you never know what is behind the wheel of the other car—somebody fresh and fuzzy from a cocktail party, somebody who physically should not be behind the wheel of a car, somebody whose attention has been diverted when the wind lifted the skirt above a pair of pretty legs. The only thing you can do is make a resolution to drive as if the other fellow didn't know how and you had to take due care for the both of you.

Now we know folks don't like to be lectured—we don't ourselves—and it sure would be interesting to know how many read clear through this. If you read on and as a result made just one little change in your routine for the better, for safer living, we would consider the space we devoted to safety well worth it.

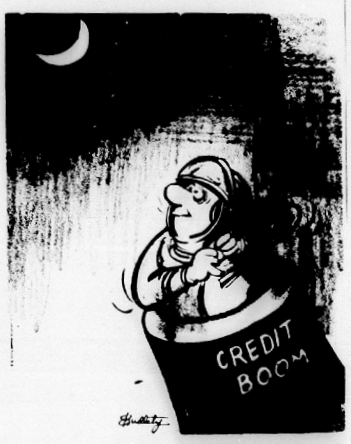
Another Moon Shot



LEWIS LLEWELLYN

Is This Holiday Season Really a Joyous One?

Now that Thanksgiving is over, we are entering on the "joyous Christmas season."

These days, it seems that the Christmas season begins even before the last mouthful of Thanksgiving turkey is swallowed. In fact, Santa Claus has already been seen on the streets of some of our cities, invited early by enterprising merchants.

But, if there is one thing lacking, it is joy. The mood of the nation seems, instead, to be one of discontent, dissatisfaction, a troubled spirit.

But Christmas is, after all, not Santa Claus day. It is the day which we celebrate in memory of the birth of Christ.

"Joy to the World"

Jesus was born to bring joy to the world . . . joy and peace.

Why are joy and peace so notably lacking among us? More important, what can be done about it?

In announcing the birth of Christ, the angels sang: "On earth peace, good will toward men." To the shepherds the angel of the Lord said: "I bring you good tidings of great joy."

God wants us to have peace and joy.

A few hours before His crucifixion, Jesus said to His disciples, "Ask and ye shall receive, that your joy may be full."

In the world ye shall have tribulation, but be of good cheer, I have overcome the world."

Isn't it clear that the peace and joy of which He spoke were to be ours in spite of circumstances in the world—not because of them?

Who Should Have Joy?

If you are not enjoying the fruit of the Spirit—love, joy, peace—is it because you have not let Jesus Christ become Lord of your life?

The Bible says, "He was in the world, and the world was made by Him, and the world knew Him not. He came unto His own, and His own received Him not. But as many as received Him, to them gave He power to become the sons of God, even to them that believe on His name."

This is the path to peace of mind. This is the way to joy even in the midst of troubles and difficulties.

Who has more right to be joyous than a child of God?

KNOWLEDGE IS POWER—AND HUNGER AT TIMES

One day a farmer found a bone.
He thought at first it was a stone.
And threw it at a passing snake.
Ere he discovered his mistake.

But when he knew it was a bone
And not a diamond or a stone,
He took it to an ancient sage,
Who said, "In prehistoric age
This was the shin bone of a Thor
Dinerionmegantosaur
Megniumpermastodon
Letherniumsobelpmejohn."

The farmer cried, "Dad gum my eyes!
Was ever man so wondrous wise!"
He gazes on a piece of bone,
That I supposed to be a stone.

And, with a confidence sublime,
He looks across the void of time,
And gives that fossil bone a name,
The fragment of some creature's frame!

To have such knowledge, sir, as thine,
I'd give those fertile fields of mine!"
"Don't envy me," the sage replied,
And shook his weary head and sighed,
"Your life to me seems full and sweet—
You always have enough to eat!"
Knowledge is power, when you discover how to split the atom or beat the gas company on its bill.

The poor Tampa Tribune will never get over the fact that Florida now has a two-party government. Personally, we fought for it and will keep it up as long as life remains in this old battle-scarred frame.

BABSON'S POINT OF VIEW

Babson Park, Mass., November 30 Better Business Bureaus and local law enforcement agencies all over the nation are receiving complaints about the poor performance or nonperformance of mechanics at repair garages and service stations.

Fraudulent Practices

These complaints range from beefs about carelessness in auto repairs to howls from those victimized by the fraudulent practices of some repairmen who con motorists into okaying repairs or replacements not actually necessary and sometimes not even desirable. One of the most frequent gripes concerns charges for work which subsequent investigation reveals had not been done at all.

Another grievance, becoming more and more widespread nationally, is the overinflated property damage estimate. This particular type of swindle sheet is a very important factor in the final price of accident insurance. Every padded damage estimate helps keep up the cost of all auto property damage insurance.

Impact on Public Safety

For every motorist who has been gouged deliberately by crooked garages, there are perhaps a score of more who have been victimized by incompetent repairmen who either have done sloppy work or have failed to diagonize car troubles correctly. Often as not, the poor quality work or wrong diagnosis has complicated things from the unsuspecting motorist.

But, apart from the inconvenience and unnecessary expense, there is the impact on public safety. No one knows how many accidents each week are directly traceable to the misfeasance or nonfeasance of mechanics whom the non-mechanically-inclined motoring public have trusted, but it is obvious that the number is large enough to call for a crusader of the persistence of a Ralph Nader.

State Supervision

Law enforcement officers in several areas have lately been citing the need for legislation that would provide supervision of repair garages and legal redress for those victimized by the sharp practices of repairmen. Their argument is that the petroleum corporations which largely control the service outlets are not policing these operations.

In New York State this failure has led to serious consideration of possible methods of licensing auto mechanics. Reportedly, there is significant police support for such a move and public interest in it has been growing. In New York City, a full-blown campaign for reform of the repair garage industry is being sponsored by the Citizens Committee for Metropolitan Affairs. Probability is that New York will enact enabling laws before too long.

Federal Controls

Meanwhile, federal officials are becoming more aware of this overall problem and of the acute need for protecting the public and the honest mechanics in the business from the incompetents and the gougers. At present, Congress is studying the auto insurance problem to determine whether Uncle Sam should exercise control over underwriters in this field. Senators and Representatives will be reminded that one of the significant factors contributing to high auto insurance rates is the outright dishonesty of a sizeable segment of the repair industry.

Make no mistake about it, federal controls over such garages and service outlets are coming . . . possibly even federal licensing of mechanics UNLESS the industry does something about the problem . . . and does it fast. Little more than a year ago, few of us expected that federal controls over the automobile manufacturing industry would come so soon . . . or be so extensive. If the large gasoline companies which operate—either directly or through franchise—the bulk of the nation's auto service stations can not voluntarily bring about honesty and responsibility, as well as competence, on the part of mechanics, they are going to be forced to do so by Uncle Sam. And they will find that federal regulation will hurt profits.

Devaluation of Pound Should Prove Warning to United States

WASHINGTON, D. C.—There is no question but that the devaluation of the British pound has sent tremors throughout world financial circles, but there also is no question but that the action was inevitable. And in that inevitability lies a lesson, if not a grim warning, for the United States.

The British government's 14 percent write-off in the value of the pound—which I should point out was the principal medium of world trade, although our own dollar is regarded as the world's monetary standard—was an inescapable action simply because for many years the British government has lived beyond its means.

In other words, the British rulers have for years indulged in inflationary high living and have suffered heavy balance-of-trade losses in dealings with the rest of the world. Like politicians elsewhere in these so-called enlightened times, the British authorities had run a grandiose and costly welfare state, complacently brushing off the fact that the government had insufficient revenues and the Empire, or what remands of it, insufficient resources to support the Utopian-like state the politicians sought to create.

At this point, I would like to ask you to reflect for a moment about the above description of Britain's economic woes, and then compare that description with he situation which exists in our country today.

Here, too, the politicians have created a welfare state which is operated on borrowed money and thereby has created severe inflation, and here, too, we have increased prices of our products drastically and are suffering from heavy deficits in our general balance of payments.

As has been the case with Britain's Labor Government, our balance of payments problem stems mainly from what The Wall Street Journal the other day called "wrong-headed governmental policy."

If our situation seems so closely akin to that in Britain, one may well wonder how it happens that our government has not also been forced to devalue the dollar—a step which, I can assure you, has actually been considered in some depth at the Treasury Department, although we are assured no such action is planned.

I think there are three answers to the question. One is that, as the dollar is the standard for evaluation of all world currencies, formal devaluation would cause a lot of trouble. Another is that our economy is so much bigger and so much more broad-based than Britain's that we are able to continue abusing it for a longer time. But the third, and most important, I think, is that the United States dollar is being continually devalued through our government's addiction to inflation resulting from deficit financing—a process less obvious than formal devaluation, but certainly just as effective in reducing the purchasing power of the dollar, which is what devaluation boils down to in its simplest terms.

Nevertheless, we cannot go on forever and forever in refusal to correct the grave distortions we have imposed on our own economy—distortions which already have brought our government finances to a shocking state.

Herein lies, for this country, the lesson and the warning contained in the inevitable British devaluation of the pound.

Devils Edged Out by Streaks Tuesday Night

Sebring's Class B District 7 championship football team proved too strong for the Avon Park Red Devils last Wednesday night in the annual Thanksgiving Eve intra-county grid rivalry and the Blue Streaks took a 33-12 win to move into the state championship play-offs.

The win gave the Streaks a 9-1 record and the loss left Avon Park with a 5-4-1 mark for the season.

The Devils held their own for the first half but fell before the powerful running of fullback Ronnie Purvis and halfback Steve Young and the excellent passing combination of quarterback Ralph McGill and end George Howze in the second half.

The Streaks went on the scoreboard first after receiving an Avon Park fumble on the Devil 40-yard line. Purvis slashed through the middle of the Avon Park line six times to eat up all the yardage needed for the score with the exception of one six-yard advance by McGill on a quarterback keeper. Purvis went over for the TD from 4 yards out and also added the extra point.

After an exchange of punts, the Devils got a drive going late in the first quarter and moved from their own 47-yard line to the Streak 11-yard marker before the first period ended. An end-around play with Lootus McNeil carrying picked up ten yards early in the drive and halfback Willie Joe Seigler had a couple of long runs to keep the threat going. Then on the first play of the second quarter, Seigler broke loose around right end and scooted the eleven yards for the Devils' first TD. Dean Lemley's run for the point after failed and the Streaks led 7-6.

The Red Devils held the Sebring offense on two series in the second quarter and late in the period managed to score again to take the lead. From the Devil 36-yard line, Seigler and Lemley moved the ball to the Streak 48-yard stripe in three running plays. Then Devil quarterback Denny Montalbona tossed a long pass to Lootus McNeil who had got ten behind his defender and the senior end took the pass in on the twenty-five and raced into the end zone for the touchdown. This time Seigler couldn't get the two yards needed for the extra point but Avon Park had a 12-7 lead as time ran out in the first half.

Avon Park kicked short to Sebring and Purvis moved the ball into Devil territory with two carries and a 15-yard penalty against the Devils put the ball on their own 33 yard line with only 20 seconds left in the half. That was more than Sebring needed to score, however, as McGill fired a long pass to end George Howze for the second Sebring TD. Again Purvis bulled through for the point after to give Sebring a 14-12 halftime lead.

The second half was a different story as Sebring completely dominated play — scoring on the opening drive of the period after moving 70 yards on the ground and in the air. The key play of the drive was a 26-yard pass completion from McGill to Howze to put the ball on the Devil ten yard line. Steve Young moved it the two with two runs and then McGill rolled out to his left and hit Howze in the end zone with a perfect strike for the third touchdown. Steve Young added the point after with a lunge through the middle to put Sebring out front 21-12.

In the fourth quarter Sebring threatened early when McGill ran a punt back from the fifty to the Avon Park 21-yard line but the Streaks fumbled on the first play from scrimmage and Devil lineman Tim Braswell recovered for Avon Park. Three Devil passes went incomplete and Lemley punted out a 31-yard boot to the Streak 29-yard line. From that point Sebring marched to its fourth score with Purvis picking up most of the yardage. A pass from McGill to Charles Echanks was good for a 22-yard gain. Purvis took the ball in for the score from fifteen yards out but McGill was stopped when he tried to skirt right end for the point after.

Trailing 27-12, Avon Park tried to get back in the game as time ran out. A pass from Montalbona to Long with a lateral to Seigler moved the ball to the Devil forty and runs by Seigler, Richards and Lemley advanced the ball to the fifty before the drive ran out of downs and the ball went over to Sebring with 53 seconds left in the game. The Streaks added insult to injury in that short time as McGill and Howze combined to move to the Devil two in one pass play and then score on a short pass to Howze in the end zone. The attempted kick for the extra point was no good but wasn't needed anyway as Sebring had a 33-12 win and the district title.

The Blue Streaks will play Immokalee at Fireman's Field in Sebring tomorrow (Friday) night in the first game of the state play-offs.

SPORTSMAN'S CORNER

by Clark Webster
Remington Wild Life Expert

Hunters . . . Helpers

Conservation of natural resources is one of the most serious problems facing our nation today . . . and no group has more to help solve it than the 18 million American hunters.

Unlike any other segment of the population, each is asked to be taxed so that there would be additional federal funds for wildlife preservation. Back in 1937 both the shooting industry and sportsmen requested a tax on the sale of sporting arms and ammunition. And in 1965, they asked that this excise levy not be removed when Congress was making wide-spread revisions.

Over $300 million has been collected and distributed back to the individual states under this tax law — known as the Pittman-Robertson Act. From the 11 cents collected on every gun and ammunition dollar, five cents goes for improving game range, two cents for buying wildlife lands, two cents for scientific research, and two cents for maintenance and administration.

From these pennies have come 75,000 coverts for pheasants and rabbits, 8,000 miles of multiflora rose hedge, and over 2,500,000 acres of land brought into the public domain. Such vitally concerned companies as Remington Arms maintain experimental farms to study ways of increasing game populations on private lands. In addition, when sportsmen buy their hunting and fishing licenses, they are paying for the support of all 50 state fish and game departments. The money does not come from general tax revenue as most people believe.

These government agencies use the sportsmen's money to provide refuges for non-species of nonhunted wildlife than for game animals. In most cases, the refuges are open to the general public, which pays nothing to enjoy them. But how many nature lovers realize that the hunters made this preservation and increase of wildlife possible? It's something to think about.

Save for a rainy day.

'Hello Town' Tribute to AP

Hello, town!

I once felt that I would never see you again, but here I am, standing once more on my favorite corner. I've missed you, town. You're not very big and you are quiet, but I like you so much better this way. Yes, I've really missed you. Your people are friendly people — unlike so many towns. They are never too busy to say "hello" or ask how things have been lately. Their ways even make a newcomer feel at home.

I'm standing in front of your drug store, town — my favorite of all buildings. How many hours I have spent in this store — the busiest place around after school. As soon as the final bell would ring, everyone would head for your drug store.

Yes, and just down the street is that school, it hasn't changed. I remember the first time I walked into your school — I was sure it would fall. I wanted to turn and go back at first, but I grew to love the place.

I missed your simple but overwhelming beauty, town — your palm trees that line the mall in front of me — your miles of orange groves, along the highways leading to you — your many beautiful lakes throughout the area, and your magnificent sunsets reflecting upon your lakes.

Yes, town — I'm so glad to see you again — I've been gone so long, but this time town, I'm not leaving you, you mean so much to me. You're more than just a town to me, you're a way of life, my way of life, and since I cannot leave my way of life, town, I cannot leave you either.

Vehicle Strikes Trailer

Sgt. Joe Keene of the Florida Highway Patrol investigated a freak accident that occurred at 3:45 a.m. last Thursday morning on State Road 27A at Lakemont. Sgt. Keene stated that a car operated by Fred Lee Davis of Daytona Beach and Sebring went off the road north of the Seven Drive-In Theatre travelling 462 feet, struck a power pole, turned over and according to Sgt. Keene went an additional 27 feet striking a house trailer that was owned by Druward G. Youdal, an employee of the Game and Fresh Water Fish Commission was working at the bombing range gate when the mishap took place.

Davis and passenger Jim Williams of Avon Park were injured in the accident and taken to Walker Memorial Hospital for treatment of injuries and later released. Williams a student at Avon Park High School had played in the Sebring-Avon Park football game the night before.

Sgt. Keene further stated that the fuel tank of the trailer exploded setting the car and trailer on fire, completely destroying both.

There were five people asleep in the trailer at the time of the accident. Sgt. Keene stated that none were injured. Youdal's wife Fannie Lou, Shawn Gerald Youdal age 2, Hilda M. Reynolds of Tampa, Pamela Reynolds, and Edward O. Holden of Tampa.

Sgt. Keene charged Davis with reckless driving in the mishap.

Firearms used to commit more than 6,500 murders, and 43,500 aggravated assaults in 1965.

Special Xmas Stamp On Sale Now

The 1967 version of the special Christmas stamp is now on sale at post offices. It is "Madonna and Child with Angels," painted in the 15th century by the Flemish artist Hans Memling. The masterpiece hangs in the National Gallery of Art in Washington, D.C.

Postmaster Bob Young noted that the use of the special five cent stamp or any other five cent stamp on Christmas cards affords first class treatment. That means the cards will be forwarded if the recipient has moved, or returned if there is no forwarding address so that mailing lists can be brought up to date. Third class postage, four cents, on cards does not provide that service.

The Postmaster urged all area residents to shop and mail early and use ZIP Code on all addresses so that the avalanche of Christmas mail will be moved with the greatest efficiency.

The deadline for all surface mail abroad for Christmas has passed. In order for gift parcels abroad to be received in time for Christmas they should be mailed before December 10 to areas in the Far East, Near East, Africa, South and Central America by Air Mail. The Air Mail Deadline for Europe is December 15.

The deadline for surface parcels to Alaska and Hawaii is November 29, and for other distant states the surface mail deadline is December 4.

Some folks demand their steaks grilled to an exact degree of doneness, but most of us eat at home.

Junior College Community Chorus Concert

The South Florida Junior College Community Chorus will present a Christmas concert, Monday evening, December 4, at the First Baptist Church, Avon Park, at 8:00 p.m.

The main work of the evening will be "Gloria in D" by Antonio Vivaldi. Vivaldi (1676-1741) was known mainly as an instrumental composer, until 1939, when this masterpiece was discovered in Turin, Italy. It was not performed in America until 1949. This is the first performance of the work in this area.

The concert will be conducted by Mr. Buford Jasper, with Ann Mickunas, Evelyn Brown and Lorraine Gloves Howard as soloists. Mr. Donald Edman will be the organist.

The public is invited. A free will offering will be received.

An Outstanding Juvenile Home Benefit!

A basketball team capable of scoring at will against the toughest defenses in the nation, and able to throw in a generous measure of clean, classy comedy will entertain the court fans of Highlands County the night of December 7th at 8 p.m., Sebring high school gym in a contest with the Highlands Expositives (faculty members).

The fabulous Magicians wrap up a big entertainment package in one admission tag (prices) because every man on this Marques Haynes owned group of roundball stylists is without peer in the game.

Haynes, the dribbling wizard who can make a ball become part of either hand as he directs it around and through an opposing player has surrounded himself with masters of the court in such stars as Josh Grider, famous set-shot artist; Bob "Trick" Woods, play-maker deluxe and comedy artist; and 6'8" Paul Plowden, Oklahoma Baptist University who is in his third season with the Magicians.

As one eastern sports editor wrote one season of the Magicians' performance: "If you can't be entertained thoroughly by the brand of basketball this club can play and the type of clean comedy it produces through most of a contest, you don't need to go to a show — you should see a doctor.

Combining scoring ability with magnificent ball handling and rebounding supplied by such giants as 6'11" Edward Thomas of Camp Hill, Alabama, Paul Plowden at 6'8" from Oklahoma Baptist University and Walter Cunningham 6'6" from Tennessee State College, The Magicians have literally over-powered classy teams throughout the United States, Canada, Mexico, Puerto Rico, and U. S. Virgin Islands.

They will make appearances this season in New York's Madison Square Garden, Boston Garden, and in such major cities as Los Angeles, Dallas, Houston, Las Vegas, Tulsa, Oklahoma City, Lubbock, and Kansas City.

In piling up a record of over 4000 victories against only 9 setbacks in 14 seasons the Magicians have played to several million patrons of the court game in 49 states and 4 nations.

Our friendly community celebrated Thanksgiving with a cooperative dinner in the Club House. Eighty-six residents attended a typical Thanksgiving meal, the food having been contributed by the women, and Mr. and Mrs. Franklin Halfacre. The tables were very colorful with their harvest shades of orange, brown, and green, in flowers and vegetables. The food was very delicious, and the hostesses most gracious.

As Mr. Orval Marshall gave the invocation, all were reminded of the purpose of the day, the spirit of thankfulness in the hearts of those present, thoughts of those absent, and the fact that this gathering was an additional blessing to us all.

An interesting program followed the dinner. Mr. Frank Fisher was in charge of it. He introduced Mrs. Glenn Long, who sang "When Winter Comes", accompanied on the piano by Mr. Harold Wolcott.

Dr. George White read an original poem prepared for the occasion and several other people related interesting stories and jokes. The program closed with singing of Thanksgiving hymns, using our new "Sociability Songs" books, for the first time.

Our sympathy is extended to Mr. and Mrs. Milton Valentine in the death of Grace's son, Mr. Victor McGlashen, of Pontiac, Mich. and to Mr. and Mrs. Welcome Miller who were called to Bradenton last week due to the death of Welcome's cousin, Mr. Forrest Faulkner, also from Bourbon, Ind.

We are wishing LaRue Longanecker a speedy recovery from her accident which happened in Orlando last week. A letter from her states that Harry is finished with tests and that he is getting better, since the doctor found the trouble. Which is good news!

Larue is in the same hospital room with Harry as her wrenched back is being treated with heat, and her foot is kept on ice; to "keep her from getting too hot, or too cold," she says. They are in Florida Sanitarium & Hospital, Room 2508, 601 E. Rollins Avenue, Orlando, Fla., Zip code 68303.

Mr. Clifford Young visited with his sister and brother-in-law, Mr. and Mrs. Ora Myers, and his mother, Mrs. Anna Young for a few days. He is from Logansport, Ind.

Mr. and Mrs. Fred G. Thompson of Dania, Fla. paid a surprise visit to Mr. and Mrs. Lawrence Robinson on Monday, as they were returning home from Gainesville, Fla. They are old friends from Cleveland, Ohio.

Mr. and Mrs. Roy Girten had guests, Mrs. Girten's mother, Mrs. Edith Moak, Mr. and Mrs. J. Lockard of St. Petersburg, and Mrs. Lovie Arnold of Columbus, Ga. for a Happy Thanksgiving dinner.

They had visited Mr. and Mrs. James Lockard on Tuesday; and they on Saturday took a trip to Lakeland. The Roy Girtens also helped Mr. Homer Kime celebrate his birthday on Saturday. This week Mr. and Mrs. Arthur Pettle, of Eustis, Fla. are guests of Roy and May Girten.

Mr. Paul Roth will be having vascular surgery this week, and our thoughts will be with him, wishing him a rapid recovery. We hope they will be able to come to Florida as usual, although delayed a little. This sunshine is just the thing for getting well.

Winners at pinochle on Monday were: Mr. Herman Young with 948, and Rosa Kronts with 897. Hostess next week will be Mrs. Lucille McPheron and Mrs. Lucille Shoemaker will assist.

James Smith Sr. Died Nov. 25

James K. Smith Sr., 56, of Tavares, died Saturday Nov. 25. He had been a resident of Avon Park for a number of years before moving to Tavares.

He was a mechanic for the Seaboard Railroad, was a Methodist and a member of the Railroad Brotherhood.

Survivors include his widow, Mrs. Lois Smith; a son J. K. Smith Jr. of Avon Park; a daughter, Mrs. Martha Elder of Avon Park; a brother, Erwin Smith of Laurenburg, N. C.; Four sisters, Miss Sue Smith and Miss Dollie Smith of Laurenburg, Mrs. Ethel Lewis of Southern Pine, N.C., and Mrs. Pat Hanke of Clio, S. C.

Funeral services were held Sunday afternoon, Nov. 26 at 3:00 p.m. in the Scott-Stephenson-Smith Funeral Chapel, with Rev. Parsons officiating. He was laid to rest in Bougainvillia Cemetery.

Day School Fund Drive For Retarded Lags

During the first 10 days of the fund drive for operation of the Ridge Area Day Schools at Avon Park and Lake Placid, approximately $1,500 was received. This is just a bit better than one third of the goal of $4,000 set by the sponsoring agency, the Ridge Area Assn. for Retarded Children.

The drive will continue this week with the high point to be reached Saturday, December 2, with the annual Road Block for the Retarded operated by the American Legion Post of Avon Park. This is the 10th year the Legionnaires have donated a full day of their energies in swelling the proceeds of the fund drive. Former Post Commander and ever-active Legionnaire J. A. Wise will head up the volunteers manning the road block at the main intersection in downtown Avon Park.

American Legion Posts in Sebring and Lake Placid will operate similar road blocks the following Saturday, December 9.

Funds received during the annual drive support services for the mentally retarded within the county for the coming year. In addition to the operation of the special schools at Avon Park and Lake Placid in conjunction with the Highlands Board of Public Instruction, the RAARC operates a summer day camp and provides scholarships for campers at Camp Challenge in Orange County. The Association also has plans for a pre-school session for young children and a sheltered workshop for the young adult retardate.

The program provided by the RAARC and the Highlands Board of Public Instruction has received statewide attention as being one of the best programs in a county with population under 25,000. The County was selected by the Division of Mental Retardation for a pilot program involving the use of a Coordinator for Services for the Retarded, Mrs. Robert Hubbell, Sebring.

Southland Court News

Thirty-six were out for 'Coffee Hour' Tuesday morning. Our attendance is increasing with new people and former residents back for the winter.

Goldie Daun drove to Winnie Lumpkin to Miami Monday to pick up Barbara Lumpkin who is recovering nicely from surgery.

Two tables of bridge on Monday night. Goldia Daun was high with 4460. Second high was David Stanley with 3470.

George and Marie Monxs of Brandon, Florida joined the Park this week. They came to Florida several years ago from the East and recently sold some property at Brandon and moved their trailer here and hope to retire.

Mr. and Mrs. Everett Wegerif and children, Eddie, Danny and Diane of Cape Kennedy, spent Thanksgiving holidays with her mother, Evelyn Fritz. Mr. Wegerif is an engineer with the Boeing Company at Cape Kennedy. Other dinner guests were Mr. and Mrs. Eddie Comfort who are now living at Bonnie Brae. The Comforts formerly lived in Southland.

Emma Gerdes and Goldia Daun drove to Lakeland Friday to visit a friend in the hospital who is recovering from surgery. They also took time to do some shopping.

At miscellaneous cards Friday night there were two tables of 500 with Art Baldwin high with 200 and Herman Wurster with 1740, second. At one table of euchre Winnie Lumpkin and Everett Paxton won two games out of three.

Twelve shufflers were on hand for the Friday afternoon matches. Final winners were Twylis Wurster and Guy Detrick with 72 over Byron Jeremy and Myrtle Hefferman with 64.

In a letter from Mr. Kolk to Ben Hennagham he tells news of their health. He is feeling quite well at this time. Marian has been back in the hospital, but is home now. He thinks they probably will not be able to return to Florida this winter. Their address is: Mr. and Mrs. Sunean Kolk, Goshen, N. Y. R.F.D. 1, Kipp Road, 10924.

Approximately 75 park members gathered at the Recreational Hall Thursday noon for the annual Thanksgiving turkey dinner. Rev. Hutchens gave thanks, expressing the gratitude of the group for the many blessings we have. The hall was decorated in keeping with the occasion. Bernadine Ames was in charge, with Emma Gerdes and Goldia Daun and several other volunteers helping. Three turkeys and dressing were prepared by Hallie Hutchens. Winnie Lumpkin and Hilda McClary. Several guests were included in the number. About 50 attended the Thanksgiving supper, which was served at 5 p.m. Tom Morrison gave thanks. Doris Mallernee played several numbers after the supper.

Bingo Monday night was in charge of Byron Jeremy and the McClarys. Everyone likes to play bingo and had good laughs and good fellowship. Mrs. Neville Clark won the door prize which was donated by the McClarys.

Mrs. Eva Denkinger who has been in the McClarys' rental trailer for a month left Friday for Michigan. The Morrisons and Bett Peterson took her to the airport at Orlando. Also, Betty's brother and sister in-law, Mr. and Mrs. H. G. Stimson, visited her in Avon Park for the Thanksgiving holiday.

Mr. and Mrs. Harvey McClary are very proud of the extra star that was granted by standards by which parks are rated. Now Southland is a 4 star park which is what the McClarys have striven for. In the 1968 issue of Woodall's book there is a picture of the entrance, plus a good description of what we have in the park. Park members are very happy for the McClarys in being able to accomplish this distinction.

Sebring Shores Activities

The hole in one tourney held on the Sebring Shores golf course last Saturday was one of the largest and best conducted ever held by the Sebring Shores Golf and Country Club. It was under direction of Jack Quillen and Clark Taylor and there was never a hitch in traffic on the fairways where seventeen four men teams played.

Next Saturday will be blind bogey day. Avon Park will be represented by the team of Frank Burns, Pickett, Sandlin and Craven. Judge Rehrer, Talmage Sparks, Chas. Ginn and Charles Mosely may also play as a foursome.

Calcutta night at the golf club will be at 7:30 p.m. Dec. 7. Every other Thursday is cards night.

There are a lot of crazy galoots in Sebring Shores during football season and particularly this year among the Hoosiers since Indiana is Rose Bowl bound.

Among the fans attending games last week-end were the Elmer Sherwoods and Walter Anderson's who saw the Miami-Notre Dame game in the Orange Bowl. They were guests of Dr. and Mrs. Ambrose McGinnis at the Bath and Tennis Club in Palm Beach. The Anderson's remained as house guests of the McGinnis's for a week.

ANOTHER TURKEY TOURNEY

Clark Taylor, chairman of the pre-Christmas Golf Turkey tournament, to be held Thursday, Friday and Saturday, Dec. 21, 22, 23, has released the names of the Captains of twenty participating teams. They are Roy Cox, Paul Johnson, Dr. Wolfe, Joe Marquart, Clinton Gill, Ken Wilkenson, Dr. Burley, Wallie Mills, Carlos Falls, Roy Lutz, Ben Eastman, Frank Burns, Charles Moseley, Ralph Probst, Lowell Allen, J. M. McAdams, Harry Norris, George Johnson, Millard Flood and Bob Sherwood.

Thursday Nov. 30 is Calcutta night at 7:30 p.m. at the Golf Club house.

Now that they advertise no-ring-around-the-bathtub soaps, how can you tell if the kids have bathed?

LAST WEEK

Ed. Gay introduced Jim Tillman, State Representative from Sarasota, and a good friend in, as well as near, Highlands County, a graduate of a little known college in the southern part of Florida, Florida State University. A most direct, and interesting speaker, he chose "Freedom" as his subject. Apparently he had done much thinking and reading on this . . . as well as discussion with many other concerned people. The theme developed as follows:

Every great nation in history has averaged 200 years of life from birth to its fall. All of them have gone through the stages of: bondage, spiritual faith, liberty, abundance, complacency, apathy, dependency, and bondage again . . . thus completing the cycle.

Some feel that the American Dream has lost its grip. Tillman quoted from Lippman and Burlingame to show how the public mood has changed from a forward look to that of defense. America seems to have lost is sense of purpose . . . now that it has "got it made". Freedom is *taken for granted*. Can the cylce of the average world power be broken here in America? This Thanksgiving week is a good time to think about this. The only way it to maintain freedom in the deep sense that combined discipline and respect for authority and a willingness to accept responsibility. A society must be worthy of survival to break the cycle toward bondage. At this stage, our land has reached the society of abundance. This is a critical point? Freedom isn't "doing what you please". It is seizing opportunities to forge ahead and lead. Our youth must learn this. So often they do not get this in example at home or at school or at Church. Exeg some setbacks have charged since 1929. Take History books for example; the series entitled "Building America" downgrades the Nathan Hale type and gives much place to leftest figures . . . Communist successes, etc. Today, patriotism is considered "old hat" and square. America must be rebuilt, rediscovered, and rededicated to Freedom in the highest sense. Citizens must be "sold" on our Country and its good points . . . that they may welcome bravery, moral standards of high level, and strong faith in God.

HENRY LANIER and Jimmy Douberly youthful hunters. In the company of George Douglass, Supt. of Public Instruction in Highlands County is shown with the eight point 130 pound deer they both killed while hunting at the north end of the Bombing Range over the past week-end. Henry used a 410 pump gun and Jimmy used a 20 gauge pump gun. Mr. Douglass brought the proud hunters and their deer back to their homes. The picture shows a 250 pound hog that was shot by Jimmy's brother Wayne and his father Randall Douberly.

A House of Many Rooms written by Rodello Hunter was discovered to be a delightful not so new story (1965).

Rodello Hunter was born in Provo, Utah, attended the University of Utah, is married and lives in Freedom, Wyoming. She has written articles on conservation and stories for younger people. A House of Many Rooms is not essentially an autobiography of her own life but rather a biography of her own Morman family. Members of her family "polished up their memories and brought them to me gleaming like papa's Jonathan apples in bushel baskets".

The Woodrows were a lusty family, poor by today's standards but rich in work, in fun, in loyalties, in joy within the family, and in a contagious overflow for the other people in their small community in the mountains of Utah. There were many children, some "owned" and some "borrowed" when nephews, nieces, and grandchildren were taken lovingly into the brood. This story might have happened in many families. The book is packed with events and anecdotes — some sad, some humorous, all accented with tenderness and understanding.

Any book has added interest when there is a map of the town on the inside of the covers. A list of the family and their relationships at the beginning help to involve you in the story immediately.

This book presents a bright and honorable heritage from rural America.
