AVON PARK firstsacker Mike Vanderbilt goes into the air for the catch as a Red Devil hurler attempts to pick a Wauchula runner off first. The Devils won 12-4 in the Saturday night game.

Avon Park Red Devils Will Meet Sebring Here Friday

The Avon Park varsity baseball team advanced its record to 7-3 last week with a 13-2 Friday night win over DeSoto High and a 12-4 victory over Hardee High on Saturday night. Both games were played at Head Field.

Tomorrow night (Friday) the Sebring Blue Streaks will invade Head Field for a return game with the Devils and next Tuesday night Lake Wales will be here. The final game of the regular season is set for next Thursday night with Naples offering the competition here at Head Field.

Robert Sizemore pitched the five inning game against Arcadia last Friday, allowing two runs, four hits, and walking only one. The Red Devils rapped out nine hits off two Arcadia hurlers including doubles by Bill Jackson and Bill Knapp. The Avon Park team scored the 13 runs in four innings taking advantage of six walks and five errors by the Arcadia nine.

Robert Sizemore, Larry LaFlam, and Dean Lemler hit two singles each and Mike Vanderbilt drove in two runs with a single in the second frame.

Last Saturday night the Devils swamped the Hardee High Wildcats by a score of 12-4 as Dean Lemler swatted out a double and three singles in four trips to the plate to lead a 16 hit barrage against the visiting team from Wauchula.

Bill Knapp started on the mound for Avon Park and went three innings before he was relieved by Robert Sizemore in the fourth. Knapp gave up four runs and allowed one hit during his stay on the mound. Sizemore came on in the fourth with the bases loaded and limited the Wildcats to three singles in the last four innings. The senior righthander struck out 10 batters in the final four frames.

Denny Montsdeoca accounted for three singles and Sizemore, Jackson, and Walker had two singles each. Hitting a lone single were Larry LaFlam, Mike Vanderbilt, and Bill Richards.

The Avon Park varsity and "B" squad baseball teams took a couple of wins from the Okeechobee Brahmans squads here at Head Field last Tuesday evening.

The varsity squeezed by with a 2-1 victory and the undefeated "B" squad shut-out the 'Chobee jayvee team 9-0 for its ninth consecutive win.

In the nightcap, Larry LaFlam, junior shortstop for the Devils, started off the scoring action with a home-run over the left field fence in the bottom of the first inning. It was the first home-run hit by the Devil varsity this season.

Okeechobee tied the game up in the fifth frame when the pitcher walked, stole second and came home on a single by thirdsacker Billy Stratton.

In the top of the seventh the Brahmans threatened when the lead-off batter of that inning drew a walk and moved to third on a throwing error on an attempt to pick him off first. The next batter grounded to the Devil shortston who held the runner at third momentarily before throwing the batter out at first. The runner on third broke for home and Devil firstbaseman Dean Lemler made a perfect throw to catcher Glen Sizemore for the out at the plate.

With two men down in the last of the seventh, winning pitcher Bill Knapp doubled to the left field fence. Montsdeoca drew a walk and then Robert Sizemore lined a single into left field to score Knapp with the winning run.

Knapp went the distance for Avon Park posting his fourth win of the year. He gave up one run on two singles while Avon Park committed one error. The Red Devils scored their two runs on four hits—LaFlam's homer, Knapp's double, and two singles by Robert Sizemore. The Brahmans committied two errors.

The Avon Park "B" squad took the 9-0 win in six innings behind the 2-hit hurling of Don Sizemore who posted his fifth mound win. Th young lefthander fanned eight batters as he went the distance for the winners.

Panthers Will Meet Brevard Here Thursday

Thursday at 5 P.M., South Florida Junior College Panthers will meet the co-leader of division three, Brevard Junior College of Cocoa, in a doubleheader. Only a 20 minute break will separate the two games. The afternoon game will be seven innings with the night cap a nine inning affair.

Hoppy Rewis will be on the mound in the opener and Tom Foster behind the plate, and Ralph Starratt or Keith Blanton will open on the mound in the night cap.

The Panthers lost to Brevard in Cocoa 3-0 and 6-1 last Thursday.

Saturday the Panthers journey to Sanford for a game with Seminole.

Several changes are to be made in the Panther line-up. Ron Jackson who was taken from the pitching corp and placed at first base will continue there. Alonzo Whitehead has been moved from first base to center field to replace Ted Butler who is out for the season with a broken hand. Tony Molares is also out with a dislocated shoulder.

The Panthers lost to Brevard 3-0 and 6-1 and on Thursday lost to Indian River 9-1 in Ft. Pierce. Keith Blanton making his second start gave up three runs in the first inning, but then settled down to limit the Indians to four hits until the seventh. McCall relieved Blanton with the bases loaded and none out and pitched the Panthers out of a real jam by allowing no hits and no runs. Starratt gave up two runs and two hits in the eighth.

Charlie Moneyhann and Roy McMillian continue to lead the Panthers at the plate.

Hospital Accredited For Next 3 Years

The Administration of Walker Memorial Hospital has just received word from the Joint Commission on Accreditation of Hospitals recertifying Walker Memorial Hospital for three years.

The description "Accredited by the Joint Commission of Hospitals" is highly valued by hospitals that have attained the right to use it. It symbolizes the striving for excellence that characterizes our nations hospitals. Over the years the accreditation program has grown steadily as an effective force in promoting high standards of hospital care for all.

To the hospital itself, attainment of accreditation means assurance that it is providing high quality care for its patients.

The Joint Commission notification to Walker Memorial Hospital stated, "The Commission wishes to commend you for maintaining standards deserving of accreditation and for your constant effort to improve the quality of patient care."

Three year accreditation of the Joint Commission is the highest degree of accreditation offered by the Joint Commission.

Glaucoma Clinic Set For April 18-19

The Avon Park Lions Club will sponsor another Glaucoma Clinic on April 18 and 19 at Walker Memorial Hospital.

Clinic personnel, under supervision of Helen S. Birch, R.N. of Polk County Eye Clinic, will be on hand at the North lobby during the hours of 10 A.M. to 1 P.M. and 2 P.M. to 4 P.M.

Billy Martin, Sight Conservation chairman, says, "This test is free, quick and painless and is recommended once every two years. We urge all persons 40 years and older to take advantage of this free glaucoma test."

WOODROW WALDRON

Waldron Quaifies For Commission Seat

Woodrow Waldron, 38, a DeSoto City businessman and native of Highlands County, has announced he will run for county commissioner, District 3, subject to the Democratic primary.

He will face incumbent Ben McGee, Harvey Harris and Wm. Ewing.

Waldron is a graduate of Sebring high school and for a number of years has been engaged in land developing, operating under the name of Waldron and Corbett.

He is a member of the Lorida Baptist Church, past president of the Men's Brotherhood, Leslie Collier Post No. 74, Elks, Highlands County Farm Bureau, Cattlemens Association, is a veteran of the Korean conflict and belongs to the American Legion and Veterans of Foreign Wars.

In announcing, Waldron declared: "My friends and business associates throughout the county have urged me to run for county commissioner. I feel that I can do a good job because of my business background and experience in dealing with people on a fair and equitable basis."

The Waldrons are a pioneer family in this county. His wife is the former Louise O'Neal and they have a son, Allen, 2.

Drivers Test

Effective April 5, driver license tests will be held on Fridays, 1:30 P.M. at the City Hall instead of Thursdays as they were formerly held.

Deadline For Qualifing Passed With Eight Offices Unopposed

As deadline for qualifying for the May 7 primary came and went at noon Tuesday, eight Highlands County candidates found themselves home free with no opposition.

Automatically re-elected to office were: George Douglass, Sebring county Superintendent of Schools; County Judge Mervin Rehrer, of Avon Park; County Clerk of Circuit Court, Earl Rich, of Avon Park; County Tax Assessor, Billy Martin, of Avon Park; County Tax Collector W. H. Prescott, of Sebring; County Surveyor, Roger E. Miller, of Sebring; Small Claims Court Judge, David F. Lanier, of Avon Park; and School Board member from District 4, G. Franklyn Ward of Avon Park, making his first bid for the office.

The county commission seats in Districts 3 and 5 attracted the biggest list of candidates—five each. Vying for the seat of retiring commission chairman Carl McIntyre of Sebring are four democrats—Bill Haynes, J. Don Hunt, former Sebring mayor, John W. "Johnny Bill" Schumacher, a former commissioner, Robert Skipper, and one Republican, Herb Harmon, all of Sebring.

After the seat in District 3 are incumbent Ben H. McGee, W. S. "Bill" Ewing and Harvey Harris, all of Sebring. Woodrow Waldron of DeSoto City and John Driggers of Lorida. All are Democrats.

The only Republican besides Harmon to file for a county job was T. Kelton Hill, who will oppose Cecil P. Skipper in District 1 for a county commission seat in the November election.

THERE WERE HAPPY SMILES when county officials checked the office of Jim Pyle, deputy Clerk of Circuit Court, seated, and found that nobody had qualified by the deadline Tuesday noon to run against them. Left to right are Tax Assessor Billy Martin, Tax Collector, W. H. Prescott, Clerk of Circuit Court, Earl Rich and County Judge Mervin Rehrer. Not shown are four other officials who qualified for office and who have no opposition. They are George Douglass, county superintendent of schools; Judge of Small Claims Court, David Lanier; G. Franklyn Ward, School Board, District 4 and Roger Miller, county surveyor. (News Photo)

Vandals Destroy Mail Boxes Near Lake Letta

On Tuesday, A.M., Mar. 26, a number of rural mail boxes were destroyed on Lake Letta, and at the rear of the Sevon Drive-In Theater, and on the South side of Lake Lotela along with damages to state and private roadsides. It appears that the damages to state and private roadpushing signs and boxes forward and then running over them.

Most of the rural mail boxes were completely beyond repair. The matter has been referred to the county sheriffs department and the postal authorities. These acts, which were quite numerous three years ago have been few in the past year. However, the post office department is watching closely and will act immediately to have the persons apprehended and dealt with in order to curb immediately further outbreaks of this type.

Damage to rural mail boxes, while they are personal property of individuals, are considered United States Government property and criminal acts against them are punishable by fine and imprisonment.

Tickets For Chamber Banquet On Sale

Beginning tis week, Chamber members will be supplied with materials for the Friendly Floridian campaign which was initiated by the Florida Council of 100. Members will be supplied posters, bumper strips, table cards and decals bearing the Friendly Floridian slogan. These materials are being supplied by the Chamber of Commerce.

Tickets for the annual membership dinner on April 18 are now on sale at the Chamber office, they may be purchased from any director.

Speaker for the evening will be Al Davis, executive vice president of the Winter Haven Chamber of Commerce. The dinner will be held this year at the Avon Elementary School cafetorium.

Membership renewals this week are the Avon Park Sun and L. C. Hooper.

Some of the items available at the Chamber office are city street maps, brochures on dozens of Florida attractions, Avon Park plates for your automobile and attractive stick-on labels for your mail. Stop in and make yourself acquainted with the information available to you.

During the week March 25-29 there were 43 visitors in the Chamber office; 19 phone calls desiring information; and nine letters requesting information on Avon Park.

50% of Goal Reached

Mrs. Florence Peach, executive secretary of the American Red Cross reports that the counties goal of $10,000 is slightly over the half way mark, a total of $5,367.91, having been reached.

This worth while cause should receive the whole hearted support of the county. The goal should be reached that the Red Cross service may remain in our county. Your contributions will be greatly appreciated.

County Commissioners Purchase Steel Buildings for Inspections

Highlands County Commissioners Tuesday morning had purchased two steel buildings to house motor vehicle inspection lanes which they must have operating by June 1.

And until Tuesday night, they were not sure where they were going to put them after their original plans to build on a Kenilworth Boulevard site ran afoul of City of Sebring zoning regulations.

But they moved fast. Commissioners Earl Crutchfield, Ben McGee and Jean Whitaker appeared before Sebring City Council Tuesday night and after a little mulling over of maps on motion by Councilman F. Elgin Bayless, Jr., they had their site.

The council voted unanimously to lease two and one half lots on Kenilworth Boulevard just beyond the State Road Department buildings, for $1 a year for 20 years with a renewal and or reverter clause.

Two weeks ago the commissioners had accepted a bid for $13,980 for a 9.8 acre site, subject to being able to get the zoning changed to commercial. Mrs. William Post, owner of the land, was told the city zoning board was reluctant to recommend a change in zoning, and there were other time consuming problems, such as public hearings and publishing of notices which would require "four to six weeks." All this would put a strain on the June 1 deadline.

Commissioner Carl McIntyre said "The area where your land is, Mrs. Post, is all orange groves, and it just did not occur to us that it would be zoned residential. I don't understand it."

The commissioners agreed to attend the Sebring City Council meeting Tuesday night to inquire about the alternate Kenilworth Blvd. site suggested by the city and to explore the zoning problems of the Post site.

The Avon Park inspection station is to be built on a part of the Avon Park area county barn site.

Buildings Purchased

Two prefabricated steel buildings to house the inspection equipment and offices were purchased by the commissioners from Hollenberg and Wolfe, Inc., on a low bid of $23,125.

The contractors promised the commissioners the buildings will be completed on May 25. Purchasing Agent Eugene Hamlin was authorized to prepare reports on additional equipment needed for the stations, particularly the office supplies.

Four-Laning 27

Two problems related to the four-laning of US 27 came before the commissioners Tuesday. Col. James F. McLare, who operates a fruit stand near Lake Placid, obtained a promise from the board to write to the State Road Department formally requesting a change in the location of a changeover in the four-laned highway. He said since a large portion of his business comes from northbound traffic, a changeover located to the immediate South of his business is essential to his business survival. Present plans place the changeover just North of McLure shop.

The commissioners, at the request of the State Road Department, formally renounced any claim to the bottom of Lake Anoka. Passage through Lake Anoka is a part of the four-laning of US 27 between Sebring and Avon Park.

Other Business

In other business Tuesday the commissioners adopted a formal resolution protecting the ownership of Withers and Harshman of two lots on Dinner Lake. The public frequently uses these lots to turn at a Dinner Lake boat ramp. County Attorney Hue Nunnallee said.

Promised to review polling place location for precinct 5 which now votes at Hart's Memorial.

Vesper Program

Members of The Highlands School chorus, under the direction of Miss Evelyn Brown, will present a Palm Sunday Vesper program at the school on April 7 at 7:30 P.M. Musical selections will be interspersed with scripture readings appropriate to the Lenten season.

This program is open to the public.

JOHN DRIGGERS

John Driggers Runs For District 3

John Driggers, 48, Lorida cattleman and commerical fisherman, is making his first venture into politics this Spring, announcing as a candidate for District 3, County Commission.

He will oppose incumbent Ben McGee, Woodrow Waldron, Harvey Harris and Wm. Ewing.

A native of Lorida, Mr. Driggers served three years with the South Pacific in World War II. He is a deacon in the Missionary Baptist Church at Lorida and teaches the men's Sunday School class.

His wife is the former Frances McClelland of Sebring and they have one daughter, Debbie, a sophomore in Sebring High School. Mrs. Driggers is one of the county's school bus drivers.

Donkey Baseball Game

The Jaycees and the Lions will hold their donkey baseball game, April 13, 7 P.M. at the Avon Park Memorial Field. Advanced tickets may be purchased from the members of either club. Adults $1.25, students 60 cents.

The Jaycees threaten to whip the socks off the Lions, while the Lions feel their past experience will help them win.

Hill is a former Democratic Avon Park city councilman and both he and Skipper are from Avon Park. Republican Harmon is from Sebring, and will oppose the four Democrats in the November election.

Ted R. Cason, school board member in District 2 and former mayor of Sebring, drew opposition from Bonnie Wade, only Negro candidate in the county, and believed to be the first Negro ever to seek county office. Both men are from Sebring and both are attorneys.

Probably the most hotly contested race will be that of sheriff. R. H. "Bob" Barringer, of Avon Park, former chief deputy under Sheriff Broward Coker, who is retiring after 16 years in office, opposes Joe D. Keene, former sergeant in charge of the Florida Highway Patrol in the three-county area including Highlands County. Keene lives in Sebring. The job is the next to highest paying in the county—$14,500 a year. Only the office of superintendent of schools pays more—$15,000.

Another close race should be that of Roland X. Drost, supervisor of elections for many years, who faces a hard working A. C. "Austie" Heacock, who is a former county commissioner and employee in the tax collector's office. Both are long time Sebring residents.

In winning a school board post, G. Franklyn Ward surprisingly goes into office without opposition to the post to be vacated this year by R. L. Padgett. Both men are from Avon Park.

2,000 Acres Of Forest Lands Burn in County

Highlands County along with the rest of Florida is setting a hotter pace this year over last in outbreaks of fire and in surface areas affected.

The Florida Forest Service ended March with 46 fires for the month which burned over 2,000 acres in Highlands County. Loss in real property for this amounted to $2,483, not including timber and damage to fences, but was estimated that property saved that would have burned had it not been for the rangers was $16,700. Total fires —January 1-March 31 with 119.

Five muck fires were burning in the county at mid-week, including a stubborn and widespread fire South of Sebring which has been blazing and smouldering more than two weeks.

"This fire will receive first priority as crews are available," said County Ranger Roy Williams of the Florida Forest Service. "But work will go slowly because of all the fires we are having which require prompt action.

"The danger on Route 27 and the somke irritation to the residents in the area is well understood by the Florida Forest Service and by state, county and city officials."

Ranger Williams said 15 fires are waiting for action. "As a result of smoke and fog on Route 27 South near the Sunoco station, there were three accidents, but none of them serious.

A bad fire started Sunday afternoon, burning out in the area of Sebring Lakes Estates South of Sebring and West of 27 just southwest of Josephine Lake. The ranger said they anticipate "it will burn 200 acres, before we get it under control. We believe it was set by persons unknown."

The land affected is scrub with timber and "we hate to see the timber go," said Williams.

"For those who see an area they think needs burning, but which does not belong to them, we ask that they think of the residents in the area before they thoughtlessly start something. We would like to point out starting such a fire on somebody else's property is a felony which can be punished by imprisonment for a term of not more than five years."

Ranger Williams has promised the Highlands County Commission his crews will attempt sprinkling on lands near US 27 to reduce the smoke near the road. Commissioner Earl Crutchfield at Tuesday's commission meeting said he had been told that at least two recent traffic accidents on 27 could be attributed to poor vision caused by

Road Hearing Set For April 18

As a prelude to the four-laning of Route 27 through Highlands County, the State Road Department will hold a public hearing at 10 A.M. April 18 in the Highlands County Courthouse.

Preliminary construction plans will be available for review at that time with State Road Department engineers. Following this review, a sound recording will be made of all persons who wish to express their views, favorably or or unfavorably, concerning the location and economic effects of the proposed construction.

The Road Department's Relocation Advisory Assistance program, which will be available to anyone displaced as a direct result of the construction of this project, will also be discussed at this hearing.

All persons who wish to be heard are being urged to attend by C. W. Monts De Oca, district engineer.

smoke drifting across the road South of Sebring.

Crutchfield said the Ranger had said the fire now burning is covering such a large area that it cannot be extinguished by sprinklers but control close to the highway may reduce traffic hazards.

"Again we caution everyone to use extreme care in burning," Williams warned. "Our rainfall records in the county average for the year thus far at 3.30 inches compared to 4.64 last year which was our driest Spring in 25 years."

Florida Forest Service crews will be available to assist landowners in burning and putting in pre-suppression fire lines on a very limited schedule, Williams said.

"If you must be burning, please call the Florida Forest Service and give the time and location of the burning so we will not make unnecessray trips to check legal fires."

According to the Florida Forest Service, 1,719 separate forest fires burned a total 43,964 acres in Florida during March.

The state's forest fire situation, recently termed "serious" by State Forester C. H. Coulter, is fast becoming critical. Unless an upturn for the better is indicated soon, Coulter said, requests for emergency no-burn bans would be made. Such orders are issued by the Governor and none has been in effect since June, 1967.

Total fires since January 1 are 3,820—616 more than for the same three-month period a year ago. Total acres burned since the first of the year are 76,374—an 11.2 per cent increase over the same period of one year ago.

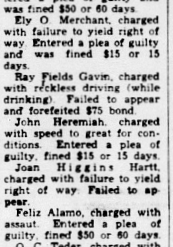
Jesse Newman Retires From Coast Guard



JESSE T. NEWMAN

They say "join the Navy and see the world," and for Jesse T. Newman, 44, it was join the Coast Guard and see a lot of the United States.

Newman was honorably discharged Friday form the Coast Guard in ceremonies at St. Petersburg, where he has been stationed the past two and one-half years and is now retired on his five-acre farm at Lorida. He spent over 20 years in the Coast Guard.

A commissaryman first class, he spent most of his time as a cook although he is qualified as a duster pilot and a barber.

Among the cities where he has been stationed are Attu, Alaska, Long Beach and San Diego, Calif., Elizabeth City, N. C., Detroit, Charleston, S. C., Grand Turk Island (where so many hurricanes start) and Miami, Ft. Pierce and New Smyrna Beach.

He is a graduate of Avon Park High School and a grandson of John Roberts, formerly of Sebring and now of Bradley Junction.

Before joining the Coast Guard, Newman served seven years with the Navy in Korea and World War II.

Track Team To Host Mulberry Here

The Red Devil track team last out to Frostproof by 3½ points in the Frostproof Invitational Meet last Thursday afternoon scoring 76 points for second place. Lake Placid came in third with 36½ points and LaBelle finished fourth scoring 23 points.

This week the Devil team will be idle but will host Mulberry in a dual meet here at the high school track East of Memorial Field next Wednesday afternoon, Apr. 10, starting with field events at 3:30 P.M.

Avon Park took five of the 15 possible first places. Ulysses Brown won the high hurdles in 15.6 seconds for his best time this year. Clyde Sumbry took first place in the mile run with a time of four minutes, 57.9 seconds—also his best time this season. Levitus McNeil won the low hurdles in 21.6 seconds and Jim Williams won the 220 yard dash with a time of 23.4 seconds. The mile relay team made up of Johnny Hamilton, Luis Burrescia, McNeil, and Robert Walton won its event with a time of three minutes, 38.7 seconds.

Other scoring Red Devils were Walter Nunnaller with a fifth in the high hurdles, Tim Braswell and Chuck Long with second and third places in the shot put, Willie Seigler with a second in the 100 yard dash, Walton and Williams taking third and fourth places in the broad jump and Long with a fourth place in the discus throw.

The 880-yard relay team and the sprint medley relay team both took second place behind Frostproof. Running for Avon Park in the 880-yard relay were Williams, Burrescia, Seigler, and Smitty Callaway and running the sprint medley were McNeil, Taylor, Clatti and Callaway. The sprint medley team turned in a time of two minutes, 7.7 seconds which is close to the Devil's school record in that event.

In the 440-yard run Walton and Hamilton placed second and third. Lucius Taylor took third place and Brown fifth place in the low hurdles along with winner McNeil in the half mile run Sumbry placed second with a time of two minutes, 14.7 seconds and Sam Jones came in fourth.

Winkie Hall vaulted nine feet, six inches for second place in the pole vault event and Seigler tied with a LaBelle boy for fourth place in the 220 yard dash. Brown was second in the high jump and Hulen jumped five feet even for fifth place in that event.

Devils Win

The Red Devil "B" squad baseball team added to its undefeated record last week with a 10-4 win over DeSoto High in Arcadia, and a 6-2 victory over Hardee High in Wauchula to set an untarnished 8-0 mark for the season.

The game with Arcadia's junior varsity team was a five inning affair with Don Sisemore taking the mound win although he was relieved by Clark Jackson in the second inning. Jackson struck out seven batters during his three and two-thirds innings of hurling. Arcadia scored all four of its runs in the second frame on three singles.

Avon Park got only five hits off two Arcadia hurlers with Dennis Hart's three singles for three times at the plate leading the hitting for the junior Devils. Don Sisemore and Steve Hartt got one single each.

The win over Wauchula last Friday afternoon was the fourth straight win over that team for the Avon Park "Bees". Clark Jackson, the winning pitcher although he pitched only one inning before being relieved by Danny Albritton, who was a terror at the plate as he blasted out a homerun and two doubles in four trips.

Steve Hartt and Don Sisemore both had a single and a triple and Sisemore scored three of Avon Park's six runs. Dennis Hart and Greg Albritton had a single each to round out the Devil's nine hits off losing hurler Thornton.

Wauchula scored its two runs on two singles in the seven inning game.

Tomorrow (Friday) the "B" team will play in Sebring.

Leslie Norris Promoted

FT. DIX, N. J. (AHTNC) — Leslie R. Norris, 21, son of Mrs. Katie W. Norris, Avon Park, was promoted to Army private pay grade E-2 upon completion of basic combat training Feb. 29 at Ft. Dix.

The promotion was awarded two months earlier than is customary under an Army policy providing incentive for outstanding trainees. The promotion was based on his scores attained during range firing, high score on the physical combat proficiency test, military bearing and leadership potential.

His wife, Martha, lives at 1196 Cherry St., Tarboro, N. C.

FUTURE HOMEMAKERS of America, Nina Cini, Mary Bates and Sue Ayrest, look on as Mayor James Doerr signs the Proclamation of Future Homemakers Week designated April 1 through the 8.

April 1-8 Proclaimed Future Homemakers of America Week

WHEREAS, the Future Homemakers of America, a State and National organization which brings together groups interested in working for better homes and family life, has designated April 1 through April 8, as National Future Homemakers Week, and

WHEREAS, the Avon Park Association Future Homemakers of America provides opportunity for it's members to work together effectively for the further development of the individual as a member of the future home, Community and Nation and

WHEREAS, this organization serves to further develop leadership and intelligent participation in a democratic society through group projects,

NOW, THEREFORE, I, James M. Doerr, by virtue of the authority vested in me as Mayor of the City of Avon Park, I thereby proclaim the week of April 1-April 8 as FHA week, in Avon Park, and earnestly request all citizens and public officials to cooperate in arranging and participating in appropriate ceremonies and other observances dedicated to the work of the FHA.

In witness thereof, I have thereby set my Hand and Caused to be affixed the Seal of the City of Avon Park, this 1st day of April A.P. 1968.

James M. Doerr

Attest Signed

Sylvia Aldrich - Dennis Fischer Engaged: Plan June Wedding

Mrs. Myrtle Aldrich, Avon Park has announced the engagement of her daughter, Sylvia May to Dennis J. Fischer, son of Mr. and Mrs. John Fischer Jr. 725—12th St. South, Bismarck, N. D.

The bride-elect is a graduate of Sheyenne River Academy, Harvey, N. D., and now attends Southern Missionary College, Collegedale, Tenn.

Mr. Fischer is a 1964 graduate of Sheyenne River Academy, and has attended Union College, Lincoln, Neb. He is employed by the Georgia-Cumberland Conference of Seventh-day Adventists, Decatur, Ga.

A June 23 wedding is planned at the Seventh-day Adventist church at Bismarck, N. D.

Dr. Lida Brandt Will Speak To Woman's Club

The Woman's Club of Avon Park will hold their regular meeting at their club house, Friday, April 5, 2 P.M.

Devotions will be given by Mrs. Wm. B. Johnson.

Mrs. Willard Baumel, program chairman of the Civic and Foreign Affairs Department, will introduce the speaker, Dr. Lida Brandt, who will speak on "Foreign Affairs Today; problems of the Middle East."

Hostesses will be Mrs. Frank Waddell, Mrs. Charles W. Creighton, Mrs. John Floyd and Mrs. T. M. Weekley.

Batts - Andrade Wed Friday

Irene Batts, daughter of Mr. and Mrs. W. N. Cribb, became the bride of Albert M. Andrade, Friday, March 29 at the home of the bride's brother, Mr. and Mrs. Ferland Cribb. The groom is the son of Mr. J. M. Andrade and Mrs. Beamer, Arroyo Grande, Calif.

Recorded music furnished the background for the double-ring ceremony performed by Rev. A. G. Hardee. The bride was given in marriage by her brother, Ferland Cribb.

The bride chose a light blue dress, with white hat and accessories and a corsage of red roses for her wedding.

Reece DeGagney served the bride as matron of honor. She wore a two piece turquoise dress and a corsage of white carnations.

The bride's mother chose a dress of beige and a rose corsage for her daughter's wedding.

The groom was attended by Joseph DeGadney of the Avon Park Bombing Range as best man.

The couple will make their home at 205 South Lake Ave.

Tax Deadline Arrived Monday

As the deadline for paying taxes arrived on Monday, Tax Collector W. H. Prescott reported that things are better than last year.

It's been a better year for citrus, for one thing.

Prescott said a total of $2,326,665.01 out of $2,415,841.96 had been paid as of Monday as compared to $2,128,070.18 out of $2,235,477.16 April 1, 1966.

Doing a little subtracting this discloses that only $89,176.95 was delinquent as of Monday compared to $107,406.97 delinquent as of April 1, 1966.

The biggest of the delinquent taxpayers was Highlands Park Estates at Lake Placid with unpaid taxes of slightly over $8,000, Prescott said. This accounted for several hundred of some 1,250 delinquent properties this year. Highlands Park is under federal receivership.

Prescott said his office had validated about 2,000 more receipts this year, indicating to him that a lot more people are lot owners in the county than ever before.

Going to percentages, as of April 1, 1967, 96.3 per cent of the tax roll was paid as compared to 95.2 per cent April 1, 1966.

DAVID TODD, grand champion winner for pack. Pine Wood Derby held March 21, with awards and winning car.

Revival At Methodist Church

The First Methodist Church invites you to share with them the good news of the gospel as it is brought by the Gaddis Evangelistic Party. The Rev. Tilden H. Gaddis of Avon Park, will preach the Sunday services at 10:55 morning and each evening at 7:30 o'clock, Sunday through Thursday.

Dr. Gaddis is a camp meeting preacher. He just finished a camp meeting at Portage, Ohio, where he preached to an average of 600 or more at a service. He is assisted by his wife, Elma Moser Gaddis, who is one of the most talented evangelistic workers anywhere. She has a Bachelor of Sacred Music degree and plays the organ, piano, vibra-harp, clarinet, saxophone, chimes, piano accordian, autoharp and guitar, some of which will be used at the meeting.

You will be entertained as there is an element of entertainment in their ministry, but you will be inspired and shaken and moved.

They have visited 88 foreign countries, spoken in churches of 59 different denominations, spoken in 900 schools and over 120 radio and TV stations.

FHA Week

The importance of homemaking which is always stressed in public schools is brought into sharp focus during National Future Homemakers Week known as FHA Week, April 1-8.

Highlights of the week, as follows:

Monday night, Apr. 1 at the Florida Power Lounge at 7:30 meeting of the entire membership with special guests being the eighth grade girls and their mothers. An excellent program includes a new FHA film, "Warm Courage and High Hope." Highly praised after the 50 or more showings around Florida, a fine professional cast tells the story of the organization and the opportunities it offers the members. The producer is working for Disney. The two leading ladies are FSU students once Florida State FHA officers.

Tuesday—Called Poster Day to publicize FHA.

Wednesday—Color Day when all members wear red and white.

Saturday, Apr. 6, Monday, Apr. 8—At 7:15 until the close of the play the FHA will provide free baby-sitting service for all children too young to see the musical comedy, Mr. Crane.

The FHA in Avon Park High School is under the direction of the two home economists, Mrs. V. Moseley and Miss J. Criner.

Girl Scouts Will Camp At Donaldson Park

Friday and Saturday, Apr. 19 and 20 will find Donaldson Park the busiest place in town. The Jacaranda Neighborhood of Girl Scouts and Brownies will make camp at the park from 3:30 Friday until 3:15 Saturday on these dates. This camp-out has been planned to give the Scouts a taste of established camping and to let the public know what the Girl Scouts of Avon Park are capable of doing.

An encampment such as this requires a great deal of planning and preparation by both the girls and their leaders. The safest plan for pitching tents, building fires and preparing for the unexpected are only a few of the problems to face the leaders.

The public is urged to visit the encampment at any time during these two days. They will see the girls putting up tents, building camp fires, preparing meals, holding ceremonys and exhibiting their skills and crafts. On Friday evening at 7:45 there will be planned entertainment by the troops and it is hoped they will have a large audience to perform for.

Watch the paper for more items on the encampment next week.

For the moment let's think of your carburetor as the "throat" to your engine—as it sucks gas from the fuel pump and air, it naturally sucks with the air—dust, certain exhaust fumes, bugs and other impurities. That's why we have the air cleaner, that large bowl mounted on top of your carburetor. This should be checked quite frequently. We replace our regular customer's air cleaner about every ten thousand miles or twice a year. It takes only about two minutes to chec kand for replacement. You'll get a lot of change back from a five dollar bill—Well worth the money!

Conservationists Assist Cooperators

By O. S. POLSTON, WLC

With the coming of Spring the interest in conservation work is increasing. This past week the Highlands Soil and Water Conservation District assisted several cooperators with various types of practices.

L. H. Alsmeyer, of Sebring, Earl Crutchfield of Sebring, Jack Hutchinson of Avon Park, and Charles Reynolds of Lake Placid were all assisted with the design of permanent sprinkler irrigation systems for their groves. Mr. Alsmeyer and Mr. Hutchinson both have their systems under construction at present.

This is considered the most critical time of the year for citrus irrigation since the trees are blooming and setting a crop and the amount of moisture available is real important in the crop set. Many growers felt that with irrigation systems during the drought last Spring they got twice the yield as where they could not irrigate.

The permanent systems were used much more effectively because of the low labor requirements. The trees care little as to how the water is applied, but often they are not irrigated enough because of the expense of labor needed in the use of portable systems.

C. Elton Crews, of Avon Park, who is also secretary-treasurer of the district board, was assisted with an overall program of water control for 320 acres. It included ditch maintenance, water control structures, irrigation well location, and tile drainage on part of the area.

Walter Elliott, of Sebring, was assisted with the design of a pit to supply irrigation water to his farm. Elliott Lott, of Venus, and Mitchell Miller of Lake Placid were both assisted with complete soil and water conservation plans for their entire ranches. These are long range plans and will be developed over the next several years.

The district has assisted most of the landowners over the past several years with the development of such plans and such a land use program based on soil type is the primary assistance available through the Soil Conservation Service and District jointly.

The Soil Conservation District assisted Santa Fe Ranch with preparing up-to-date maps for ready reference of their conservation plan. The basic map was obtained through the new map service recently set up in the office of the Clerk of the Court. These maps are now available at a nominal cost to the landowner.

Rebekahs Meet Monday

The Eleanor Seaverns Rebekah Lodge No. 65 held its first meeting for the month of April, Monday, Apr. 1 at 8 P.M. at the Youth Center.

After the business session just before the lodge closed, Noble Grand Bertha Baker, asked the recording secretary, Lucille Phillips, to carry around a basket, on which were a number of gifts for everyone. Some of them were of a most useful nature, while others were zags. Merriment took over for a period of time, after which the lodge was closed in order.

At the close of the meeting, refreshments were furnished by Marcelle Kopta and Sadie Whitehurst.

There were 20 members and two visitors present.

Brand Seeks Seat On Service Commission

Robert C. Brand, 41, businessman and consulting engineer from Palm Beach County, announced today that he would be a Democratic candidate for the office of commissioner on the Florida Public Service Commission.

Mr. Brand is a native Floridian, a Democrat, and the father of two school age children. He is a graduate engineer of the United States Merchant Marine Academy, Kings Point, N. Y., and he attended the University of Florida.

During World War II, he served as an officer in the United States Merchant Marine, and during the Korean War, as a Naval Reserve Officer. At the present time, Mr. Brand is president of Bristol Springs Corp., a privately owned water and sewer company.

Avon Park High School Juniors and Seniors Will Present Musical Comedy Mr. Crane, April 6 and 8

Baby Sitters Available For Mr. Crane

Few people enjoy squirming children at a dramatic production. Realizing parents must often stay home to cover the care of their children, a service has been developed to care for children during the two nights of the Avon Park High School production of Mr. Crane. No mother now has an excuse for not attending this lyrical comedy. The Future Homemakers, child development department, under the direction of Mrs. Moseley and Miss Criner, home economic directors, have planned this gratis service.

Beginning at 7:30 Saturday, Apr. 6 and Monday, Apr. 8 the girls will be on hand in the home economics first floor lounge in the Avon Park High School ready to welcome all children who are too young to attend the play. Although some toys will be provided, it is wise to have the child bring along his favorite toy. At least six girls will be giving the children ample care. Let each child have the thrill of coming to school, drawing on a blackboard and looking at picture books while mom and dad relax as carefree audience participants on one of these nights for the charming, light-hearted musical, "Mr. Crane."

SENIOR AND Junior students of high school, cast in the play.

While rehearsals go on nightly many additions have been added and the directors and cast are hoping to attract a record crowd to the first musical comedy in many years. The junior and senior class make up the cast. The FHA is providing a free baby sitting service. The FHA is also serving citrus punch during the intermission.

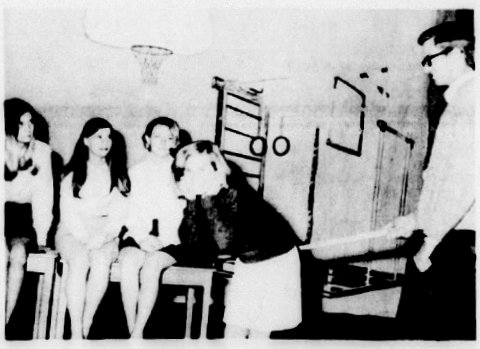
On both nights an added attraction will be the entire stage band playing the overture. Skits have been given by several members of the cast at meetings of Rotary, Kiwanis, the Winter Guest Club, the Junior and Senior Woman's Clubs. Posters are seen everywhere in Avon Park and the surrounding towns and radio stations are broadcasting the news. Rickie Green and Gerald Wicker are in charge of advance ticket sales. Tickets may be purchased at the door.

Celia Albritton and ten ushers in formals will be presenting the programs designed and produced by Mr. Doty. Other faculty members directing the musical are Mr. Martindale, Mr. Eberle, Mr. Miracle and of course Mr. Mickunas directing the student band.

MR. CRANE and student practice the waltz.

MUSIC ROOM at school, students agog at news of a man teacher coming.

TWO OF THE directors, Andy Miracle and Kenneth Eberle discussing production.



ICABOD WHIPPING "little boys." Susan Booth, Marcia McDugald, Melanie McClure, Robin Padelford and David Woodard.

TOM BONES (John Alwood) asking Kathy Van Tassel (Myrna Denny) to go to a dance with him. Mr. Crane is angry.

PATTY GOFF, accompanist for musical comedy.

Girls To Usher At Mr. Crane

These attractive girls of the junior and senior classes will usher for the musical comedy, Mr. Crane, to be given Saturday, April 6 and Monday, April 8. Curtain time 8 P.M., in the Avon Park High School auditorium.

Baby sitting service is provided for children too young to attend the musical. Girls to baby sit are, Frankie Prescott, Celia Albritton, Pat Holden, Jackie Hutchinson, Donna Buettell, Marilyn Smith, Mary Bates, Nina Cini, Leota Knight and Jeannie DuBose.

It's half-past spring!

pick a warm day soon and check your air conditioning...

Now, you'll get prompt service on whatever needs to be done . . . and on improvements you decide to make. You'll avoid the rush if you turn on your air conditioning now . . . and check. Is every room as cool as you like it? Need new filters? Repairs? Maybe it's time for a new unit. Or a whole new system.

Have you asked about heat pumps . . . for automatic year 'round comfort?

And if you do not yet enjoy the blessings of air conditioning, now is the time to install it. Because many dealers and contractors offer off season inducements. Many offer attractive easy terms.

Before you know it, summer weather will arrive. For the sake of your own cool comfort, for the sake of economy, do something about your air conditioning now!

check list for efficient, economical air conditioning

FILTERS — Clogged filters make unit work harder and cause higher operating costs. Normal home use requires cleaning or replacement at least twice each cooling season.

OUTDOOR SECTION — Keep clear of plants or other obstructions. Anything that interferes with air flow makes unit work harder and increases operating costs.

INDOOR GRILL — Keep clear of furniture or drapes. Anything that interferes with delivery or return of air will not allow unit to cool properly.

VENTILATION — An attic that is not properly ventilated becomes a heat trap—attic temperatures can go up to 150° in our Florida sun. Ventilate and you'll decrease heat gain through the ceiling and the amount of cooling you need.

INSULATION — A properly insulated home results in lower operating cost. Tests show that up to 50% less residential cooling is needed when you have adequate insulation.

PAINT COLOR — Dark-colored walls absorb more heat than *light* colors. Light colors save cooling costs.

SUN SCREENS — Large picture windows and sliding glass doors on the east or west side admit heat and cause unit to work more. A sun screen may be advisable. Awnings help, too.

SHADE — Trees that shade your home are like money in the bank. Wide roof-eaves shade the walls and reduce cooling costs.

operating hints:

AWAY FOR THE DAY — Turn fan-switch to "auto" for best humidity-control while you're away and for comfort when you return.

AWAY WEEKENDS — Raise thermostat setting about 5° with "auto" fan setting for additional economy.

Rotary Report

Reported by Father Knapp

At last week's meeting Hue Nannalee, acting for Jim Turnbull introduced George Douglass while David Latner presided, acting for Don Hassfurder. Mr. Douglass, Superintendent of Public Instruction in Highlands County, is not only a good speaker, but a friendly neighbor as well. His topic was the review of the recent mass resignation of the Florida teachers.

His attitude was one of fairness and good will toward all who had taken part in the recent event, understanding the motives and goals of educators as a whole, however unfortunate the methods and feelings in many cases. He stated his belief that one result would be for better education in the state of Florida.

In a rundown of the actions of the state legislature and laws presented and vetoed, others passed, he stressed the efforts at correcting the trend in the past years of the lowering of the proportion of state funds while county revenue had been constantly rising, imposing an increasing burden on the local property taxpayer.

The final law seems to favor small counties in its features where reevaluation has been made. The larger counties are still working out their larger problems. The action of the NEA and the FEA did prod the state into action and passage of the latest bill on education, not a perfect law, but a step in the right direction.

Florida has one of the biggest problems in the nation due to rapid growth in population, and a weaker social and financial background compared to older and more industrial states.

George was optimistic as to the future, and stressed the role of parents and other lay resources in helping to shape school life and state policies.

S-Sgt. Contorno Is New Air Force Recruiter

Staff Sergeant John Contorno, son of Mr. and Mrs. Bennettio Contorno of 833 E. 155th St., Cleveland, Ohio, has completed the special U. S. Air Force recruiter course at Lackland AFB, Texas.

Sgt. Contorno, previously assigned to Nakhon Phanom Royal Thai AFB, Thailand, will be an official Air Force recruiter at 124 S. Tenn. Ave., Lakeland, and serving the Avon Park area. He was picked for the special assignment as a volunteer with an outstanding military record.

The Sergeant was trained in 11 areas of study, including the Airlift Command C-141 Starlifter, is a metalsmith.

The sergeant is a graduate of Avon Park High School.

His wife, Bette, is the daughter of Mr. and Mrs. A. I. Fuller of 1200 Nelson St., Lincoln, Neb.

Some businessmen buy check-writing devices; others marry them.

T-Sgt. W. Sellars With Aerospace Defense in Korea

Technical Sergeant William C. Sellars, son of Mr. and Mrs. R. Neal Sellars of Avon Park, is serving with an Aerospace Defense Command (ADC) contingent deployed to Korea. He supports the first F-106 Delta Dart fighter-interceptors using inflight refueling that have flown to critical overseas areas along with tactical air units.

The 1,400-mile-an-hour F-106s were sent from McChord AFB, Wash., to Osan Air Base as part of the buildup of U.S. forces in Korea triggered by the North Korean crisis.

The ADC all-weather interceptors used their newly-inaugurated technique of inflight refueling and were supported by Strategic Air Command KC-135 Stratotankers for the long over-water flight. The supersonic fighters arrived at their destination combat ready and were immediately placed on alert to defend other forces in the area.

The Delta Dart crews are assigned to the 318th Fighter Interceptor Squadron at McChord. The squadron has been selected as the most outstanding unit of its kind in ADC's Fourth Air Force. It attained the honor through recent high ratings in combat readiness and intercept and inflight refueling proficiency.

Sergeant Sellars, who flew to Korea aboard a giant Military Airlift Command C-141 Starlifter, is a metalsmith.

The sergeant is a graduate of Avon Park High School.

His wife, Bette, is the daughter of Mr. and Mrs. A. I. Fuller of 1200 Nelson St., Lincoln, Neb.

S-Sgt. Grantham Serving In Viet Nam

Marine Staff Sergeant Jack Grantham, son of Mr. and Mrs. H. A. Grantham of 133 N. Butler Ave., Avon Park, and husband of the former Miss Gloria J. Ramirez of 2545 Texoma Drive, Oklahoma City, is serving with the First Battalion, Seventh Marine Regiment, First Marine Division in the Republic of Viet Nam.

The battalion conducts large scale search and destroy missions against the enemy. The Marines also make company and platoon size sweeps against enemy infiltrators.

The unit is also engaged in a civic action program designed to assist the Vietnamese people in completing self-help projects, such as the building of wells, culverts, small bridges and schools. Equipment and materials for the projects are made available through the Marine Corps Reserve Civic Action Fund. Marines in Viet Nam provide the know-how and guide the Vietnamese people in carrying out these projects.

"Where Good Furniture Is Not Expensive"

Southland Trailer Court News

About 40 people turned out for bingo Monday night. Everyone had a good time even though some were the chosen few. Those who did not win think 'aggravation' would be a better name for the game than bingo. Some were lucky enough to take home more than they brought.

Had a good turn out for 'coffee' Tuesday morning. Harriett Meissel and Fanny Blank were guests. Also, we had a special guest. Little five-months old Deborah Essex came with her mama and grandmother, Bessie Jeremy. How people, especially ladies, love an adorable baby, and this little miss takes the cake.

Mr. and Mrs. James Essex, son, James, and little daughter, Deborah, of Elyria, Ohio, are here to visit their parents, the Jeremys, for two weeks.

Tuesday afternoon's weather was ideal for shuffling, but only six people showed up. Omer Borck and Myrtle Heffernan were the winners over Mae Borck and Everett Paxton with a score of 70 to minus 25.

Stewart Dilts left Wednesday morning for his home in Michigan. Dilts plans to be back next Fall to take up activities with his friends in Southland.

Mr. and Mrs. Howard Sexton of Punta Gorda visited Goldia Daun for a few days. They spent one afternoon at Bok Tower and one at Highlands Hammock enjoying the beauty of the flowers, birds and trees.

At cards Friday night '500' was played at three tables. George Purdew was high with 2010 and Winnie Lumpkin was second with 2000.

Mrs. Gertrude Snyder of Waterbeet, Mich., and her mother, Mrs. Bischof, of Odessa, visited Friday with the Omer Snyders. Mrs. Snyder is a daughter-in-law of the Snyders.

Clarence and Maize Sarnes who were to come to Southland for a visit with friends on Monday called to say Mr. Sarnes is not feeling well and they are flying to their home in Michigan immediately. Friends in the park hope they arrive home safely and that he will be much improved.

Mr. and Mrs. Owen Reed whom many will remember while living in the park two years ago, called on Edith and Omer Snyder Friday. They were on their way to Texas.

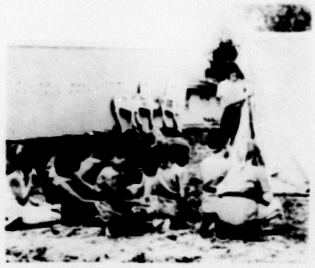
A number of park members left this week for their home in the North. Before many weeks those who remain for the summer will be lonely and may rename Southland and call it 'Ghost town.' We hope they will pool their energy and have a lawn supper and report news of their activities to the local paper so that those who are in the north will know about them.

Mr. and Mrs. Fred Grant of Brockville, Ont., came a few days ago to drive his parents, the Wallace Grants, to their home in Ontario.

Quite a bit of changes being made at Half Way Place in the park. Laura Staniland left Sunday for her home in Canada after a visit with her daughter inn Maine. Betty Peterson spent the day Monday moving into the trailer she purchased from Laura and Marie Stroobant will be returning home in the very near future.

Mr. and Mrs. Douglas Mitten and children, David, Mary Ellen, Rachel and Bonnie from Hespeler, Ont. spent the holiday week with Mrs. Mitten's parents, Dr. and Mrs. Dinniwell. Also other recent visitors were a number of relatives and friends from Canada.

Dr. and Mrs. Dinniwell spent Saturday with Mr. and Mrs. Colin Fletcher of London, Ont., who are holiday ing at Lakeland.



MRS. ALBERT CAIN and Mrs. James Johnson, leaders of Brownie Troop 143 hope their girls will remember how to put up this tent next April 19 and 20 at the encampment in Donaldson Park. Cadette Scouts Kathy James and Darlene Viets show the right way to do it.

BROWNIES FROM Troop 67, led by Mrs. Phil Weber and Mrs. Clarence McInvale, watch closely as Cadette Scouts, Lani Newton and Debbie Scott teach them the fine art of pitching a tent.

LEGION BINGO

A nice group gathered to play bingo at the American Legion Hall in Avon Park last Thursday night. The jackpot of $24 was won by Mrs. Sadie Piper and Mrs. Cecelia Forsberg. Both ladies are from Bradford, Fl.

There will be another bingo at the hall next Thursday at 7:30 P.M. Everyone is welcome.

all about Flowers

THE MESSAGE OF SENTIMENT

How long have flowers been used in religious festivals and celebrations? No one knows, but they were used in this method long before they were used to decorate homes.

The first uses of flowers in religious ceremonies included the rits of life and death. For generations sympathy has been expressed with a floral offering. That is why we use them today.

Our floral offerings are arranged with special, tender care. Call us, we are as close as your telephone.

Retired Persons Meet Tuesday

The Highlands County Chapter 222 of AARP will hold their regular monthly meeting Tuesday, April 9 a 7:30 P.M. in the Sebring Manor Hotel.

Dr. Robert T. Rengarts will be the guest speaker and will show slides and explain some of the newest equipment in the intensive care section of Highlands General Hospital. This is a meeting you should not miss, as few large hospitals and hardly any the size of Highlands General have some of the type equipment that we are fortunate to have here in the county.

Come and bring a friend, all are welcome and anyone 55 years of age is eligible to become a member whether or not retired.

The Spring enrollment period for AARP group insurance began March 15 and will be open for a limited time only.

The Library Corner

A rather whimsical tale is one of the new books in our library. The Intelligent Dog's Guide to People Owning was composed by Greyfriar's Flaine-Petticoat, A.K.C. No. WA339236, collaborated and written by Roland A. Browne, his Special Person.

During the past year we have introduced to you That Quail, Robert, and the heavy English Shire horses in the book entitled, Breed of Giants. This book is a manual telling how to handle people, cats, other animals, and other circumstances as outlined by an English Sheep dog who lives in Clarksville, Tenn.

Since there are so many dog lovers and fanciers this book should prove a delightful narrative of much-needed information on the philosophy and psychology of a dog-man relationship. The story is written by the Special Person who is owned by this sheep dog. "The book will lead people to submit with good grace to being owned—the only sensible course for humans to follow—ask anyone owned by a dog."

"The care of human pets, their grooming, exercise, and food problems are thoroughly examined." Answers to most frequently asked questions are how to treat the foibles and failures of humans, particularly neighbors and friends. The book is a must for all dogs—and if the Owned People can get it away from their dogs, it will provide amusement for years as they see their idiosyncrasies through their dog's eyes."

Library hours: Monday, Tuesday, Thursday, Friday, 1:30-5:30 P.M. Wednesday, 10 A.M.-1 P.M.

Fruit Fly Research

By B. H. HARRIS
County Agent

A number of homeowners have contacted our office concerning the Caribbean Fruit Fly in Highlands County. This pest has spread to some 23 counties in southern and central Florida.

We have not had a spray program that would control this pest and have had numerous reports from homeowners of the destruction of back yard fruits including guava, peaches, kumquats, loquats, surinam cherries and certain other sub-tropical fruits.

Our hopes in having a program in the future were increased when Dr. J. W. Sites announced on March 22 a research program aimed at controlling this pest.

This research effort is an addition to other basic IFAS studies and cooperative area control investigations with the Florida department of Agriculture's Division of Plant Industry and USDA's Plant Pest Control Division.

Entomologists from both the Sub-Tropical Experiment Station at Homestead, and the Plantation Field Laboratory in Broward County will be conducting experiments on control of the insect, according to Dean Sites.

Results of this research will be released as soon as a satisfactory control program is developed and adapted for small growers and homeowners.

Ball and Mercer Enlist In Marine Corps

Two young men from Avon Park enlisted in the Marine Corps during the month of March. They are Alan C. Ball, son of Mr. and Mrs. Donald C. Ball, 706 Oak Lane, and Michael S. Mercer, son of Mr. and Mrs. Stanley Mercer of Route 1.

Alan and Mike are presently undergoing eight weeks of Marine recruit training at Parris Island, S. C., where they will study such things as military courtesy and discipline, first aid, history and traditions of the Marine Corps and many other subjects to numerous to mention.

Three of the eight weeks will be spent on the rifle range learning to fire the most up to date and modern weapons used within the Marine Corps.

Mike was enlisted under the Guaranteed Aviation Duty and will start his aviation training at Memphis, Tenn., after his 20 day leave.

Alan took advantage of the Marine Corps two year program and will be assigned to some ground unit upon completion of his training.

Young men from the Avon Park area interested in more information about the many opportunities available to them in the Marine Corps may write or call the recruiting office in the Federal Building, located in downtown Lakeland.

More People Are Eligible For SS Benefits

Many additional people are now eligible for monthly social security benefits, according to W. E. Arnold, District Manager of the Lakeland Social Security Office. They were made eligible by new amendments. Those persons who may now be eligible:

Disabled widows or widowers age 50 to 62 who became totally disabled before or within seven years after their spouse's death.

Persons who became disabled before age 31 who were previously denied benefits because they had not worked long enough under social security. They can now qualify with less work.

Children whose mothers have died, become disabled or retired, but who could not receive monthly benefits because their mothers did not meet the work requirements. Children that may qualify for benefits are those under 18, those over 18 who are disabled and became disabled before their 18th birthday, and those between ages 18 and 22 who are full-time students.

CHARLES R. GINN has been appointed superintendent of the Bougainvillea Cemetery. He assumes the position formerly occupied by Rex Furr who srved in this capacity for several years. All inquiries should now be directed to Mr. Ginn. Mr. Furr leaves the office with the commendation of the Board of Directors and townsmen alike for a job well done. Thern Grey has been given the position of caretaker. He will be at the cemetery during week days and will be responsible for its care.

CARD OF THANKS

My sincere thanks to Dr. King and nurses at Walker Memorial Hospital for the care I received during my illness.

Avon Mobile Home Park News

Another list of folks hoping to be home for the coming holidays, and leaving this week are: Mr. and Mrs. James C. Stark, Mr. and Mrs. August H. Schulz, Mr. and Mrs. Burton Phelps, Mr. and Mrs. Harvey F. Brandt, Mr. and Mrs. Welcome Miller, Mr. and Mrs. Basil Kroetz, Mr. and Mrs. Howard Bell, Mr. and Mrs. Sylvan Baker and Mr. and Mrs. Flagget Knight.

Visiting with Mr. and Mrs. Dwight Sherman are friends, Mr. and Mrs. Arling Chatner from Monroe, Mich., and their granddaughter, Lorri, who found the game of shuffling a fascinating challenge.

Mr. and Mrs. Harry Burnett were surprised last week when friends from their home town came for a visit, Mrs. Slouff and Mary Benson from Sunrise Beach, Mo.

An unusual and interesting trip was taken by the Julius Converses, Margaret Converse, Harvey Brandts, and Lawrence Robinsons to the Lion Safari African Veldt, near West Palm Beach, last week. The lions were lazily sleeping in the sun, very affectionately entwined, so one could hardly distinguish which one's tail or paw belonged to the right lion. There were many other kinds of wild animals there, also, however appearing quite tame. The best show was displayed by the Chimpanzee families and their caretaker. It was a fine day and enjoyed by all.

Euchre scores last week were 141 for Mrs. George White and 138 for Mr. White—that is togetherness! Pinochle scores were 1281—high for Frank Fisher (who is back with us and well on the road to recovery) and 1068 for Edith Stevens. Mr. and Mrs. F. Fisher will be host and hostess at the next pinochle games.

The crowds at our Saturday evening social hour are gradually diminishing, but those of us who remain, should try to attend for fellowship and fun. Harry Brown showed slides last week. We are hoping that Margaret Fries will be feeling well enough to be at our next Saturday program, with her at the helm of the entertainment.

CARD OF THANKS

My sincere thanks and grateful appreciation to my friends and neighbors at Bonnie Brae Estates, for the lovely flowers, cards and sympathy I received during the long illness and death of my husband.

Catherine Hager

EMPHYSEMA ON RISE

Emphysema is on the rise in Florida, according to the State Board of Health, and today ranks seventh among the leading causes of death. In 1967 there were 1,318 deaths from the disease. They were only 433 deaths in 1957 when it ranked 13th.

Bonnie Brae Mobile Home

Hazel and Harry Jedrey spent Friday and Saturday in Hollywood. They were accompanied by Mr. and Mrs. Roland Plummer from Sebring. Both couples are from Harrington, Maine. While on the trip they attended Hollywood Kennel Club on Friday and Derby Day at the Gulf Stream Racetrack on Saturday.

Mr. and Mrs. Russell Maurer of Chelsea, Mich. were guests of Catherine and George Curry during the week.

Mr. and Mrs. George Payne, Madison, Wis., called on Hazel and John Lasse on Thursday. Ruth Payne is John's cousin.

Mr. and Mrs. Clarence Smith left Wednesday for their home in Attica, N. Y.

Miss Judye Roberts moved her new mobile home to Bonnie Brae on Tuesday. Welcome to the park, Judye.

A "Happy Traveling Dinner" was held on Saturday night at the recreation hall, for all those leaving for the North this week. It was a "potluck" dinner and attended by 58 people still here. Mrs. Hazel Podewels donated a very pretty cake inscribed with "Happy Traveling." Mrs. Marie Lizotte had charge of the coffee which was acclaimed as the best ever. A happy and safe trip is wished to all. See you in the Fall.

Mr. and Mrs. Ervine Lasse from Milwaukee and Mrs. Lasse's aunt, Mrs. Lula Hussey from Tampa spent Tuesday and Wednesday with John and Hazel. Ervine is John's brother.

On Friday Hazel and Roy Podewels, Hazel Lasse and Thelma Chalmers spent the day at Bradenton and Sarasota shopping and visiting. Any man who will spend the entire day with three women shopping deserves a crown!

Coffee hour was held on Wednesday morning with Hazel Podewels and Shorty Thomson in charge.

Mr. and Mrs. Ted Gressman and Mr. and Mrs. Leon Van Buskirk surprised Henny Moreno with a birthday cake and ice cream last Tuesday evening. After refreshments, pinochle was enjoyed. Henny wishes to thank everyone for the many cards and gifts she received and for the pretty birthday cake the "Bing" Jones family presented her with on her birthday.

Visitors this past week at the Moreno home were Mr. and Mrs. Victor Nyman, Doc and Mrs. Field, Mr. and Mrs. Phil Tiffany and Mr. and Mrs. Orley True.

Sunday morning after church, Hazel and John Lasse, Elvira and Cecil Thompson and Thelma Chalmers were dinner guests of Hazel and Roy Podewels at Griffin's Restaurant. It was in celebration of John and Cecil's birthday and also as a farewell dinner, as the Thomsons and Podewels leave during the week to return to their Summer homes in Janesville, Wis. A safe trip and happy Summer is wished by all.

Mr. and Mrs. Elta Lamson have sold their trailer and have purchased a home nearer town. We are sorry to have them leave as they have been in the park several years. Best wishes to Edna and Elta and much happiness to them both are wished from all at Bonnie Brae.

Mr. and Mrs. Earl Holbrook who have stopped several times in the past two years on the over-night spot, visited on Friday and spent the night Saturday with Thelma Chalmers. They were on their way back to Ohio for the Summer after spending the Winter at Marathon, on the Keys.

Ronald and Carol Thomson of Janesville, Wis., are spending a week with his parents, Mr. and Mrs. Cecil Thomson. While here he will visit a couple of days with his sister, Mrs. Carl Redenius at Boca Raton before returning to Wisconsin with his parents. He will help his dad with the driving. Ron has not seen his sister for four years, as he has been in the service for two years, serving 18 months in Ansbach, Germany. He is so happy to be back home with his wife, family and friends.

Mr. and Mrs. Jack Baldwin and Catherine Hager were Wednesday evening dinner guests of Mr. and Mrs. J. E. Confort.

Callers at Catherine Hagers during the week were: Mr. and Mrs. L. Gieb and Mrs. Mildred Shearer on Monday; Mr. and Mrs. Ed Parker of Arcadia on Wednesday afternoon; Mr. and Mrs. H. Singer of Minerva, Ohio, Saturday A.M.; Mrs. Bertha Lee of Avon Park and Mrs. Ruby Hunt of Mayo, on Saturday evening, and Mr. and Mrs. William Hanlon of Ft. Meade on Sunday. Mrs. Dorothy Baldwin accompanied Catherine to Lakeland last Tuesday on business.

Mr. and Mrs. Merritt Jones and Mrs. Marion Hutchins were in Clearwater to call on friends from Vermont on Wednesday. Friday they visited Bok Tower in Lake Wales.

The Wehrs (Ed and Lil) and Tuffy from West Salem and the Everett Lambrechts from Rhinelander, Wis., left for home on Monday. Hurry back folks!

Callers at the Harry Lemler home this past week were, Mr. and Mrs. Conda Eaglebarger, Elkhart, Ind.; Mrs. E. J. Switzer, St. Petersburg; Mrs. Marie Gerrard and Lucille Lemler both of Avon Park.

CARD OF THANKS

The family of Marvin Jones thanks their many friends and church members of the First Baptist Church and minister Rev. Aden Childress for their prayers, flowers, cards and visits in their behalf during the illness and surgery of Mr. Jones in the Winter Haven Hospital.

Avon Park Campground

Mr. and Mrs. Earl Stewart of Steubenville, Ohio, have returned to their home.

Mr. and Mrs. Chester Goetz of Dade City recently visited their relatives, Mr. and Mrs. Jerome Shiltz.

Chaplain Mark Smith visited his parents, Rev. and Mrs. T. Homer Smith Sunday enroute to his home in California.

Miss Debbie Botz of Hinckley, Ohio, left Wednesday from the Tampa airport after visiting her uncle and aunt, Mr. and Mrs. Jerome Shiltz and grandmother, Mrs. Margaret Roe.

Mr. and Mrs. Edgar Neptune of Canton, Ohio, Rev. and Mrs. J. R. Parker of Wilmore, Ky., Mr. and Mrs. Charles Avery of Michigan, Mr. and Mrs. Carl McWhithey of Warsaw, N. Y., have all left.

Mr. and Mrs. J. A. Allen plan to leave this week for their home at Hopedale, Ohio. They recently had his brother, Rev. David Allen of Boca Raton visit with them.

Mr. and Mrs. Howard Ferguson are visiting her sister and husband, Mr. and Mrs. John Wedamann at Daytona Beach.

John Ruskin said it . . . and we agree . . .

It is unwise to pay too much, but it's worse to pay too little. When you pay too much, you lose a little money -- that is all. When you pay too little, you sometimes lose everything because the thing you bought was incapable of doing the thing it was bought to do. The common law of business balance prohibits paying a little and getting a lot -- it can't be done. If you deal with the lowest bidder, it is well to add something for the risk you run, and if you do that you will have enough to pay for something better.

Brother Of Spencer Pickett Dies In Calif.

J. Malcolm Pickett, 54, died Thursday in Los Angeles, Calif. He had lived in Los Angeles 20 years. He was born in Callahan, and came to Sebring at the age of four.

He was a Baptist and a member of the BPOE.

Survivors include his widow, Mrs. Margie Pickett; his mother, Mrs. Claribel Pickett, Sebring; a sister, Mrs. Legare Smoak, Sebring; a brother, Spencer Pickett, Avon Park.

Funeral services were held at the Stephenson Funeral Chapel in Sebring, Wednesday morning at 10 o'clock with Rev. Joe G. Clements officiating. Interment in Pinecrest Cemetery in Sebring.

Elizabeth Hayes Dies in Hospital

Mrs. Elizabeth K. Hayes, 70, died at Walker Memorial Hospital, Wednesday, March 27.

Mrs. Hayes was born in Cambridge Springs, Pa. She made her home in Rockwell, N. C., and has been spending the Winters in Avon Park for the last 10 years.

She was a retired school teacher and attended the Methodist Church. She is survived by a sister, Mrs. Ruth Clancy of Avon Park.

The body was sent to the Fowles Funeral Home, Rockwell, N. C. Friday afternoon, March 29 for services and interment.

Mizelle Funeral Home in charge of local arrangements.

Shuffling

The last tournaments to win points for this season were held this past week. "B" winners on Wednesday were Burdette Howard and Mary Smith over Tom Hance and Louis Potter. Consolation winners were Ely Merchant and Francis McRae. Arthur Poling and Estells Sawyers were the runnersup.

"A" winners were Everett Paxton and Ernest Rouget over Blaine Kerr and Ralph Lobdell. Grace Warner and Herbert Woolscroft won in consolation with Louise Prelipp and Toney Kerr the runnersup.

Saturday's winners in the "B" class were Tom Hance and Ely Merchant over Arthur Poling and Grace Wallace. Phyllis Hance and Margery Faulkner won in consolation over Leonard Warner and Twyla Wurster.

"A" winners were Earl Hazard and Cleo Lane over Herb Shauger and Grace Warner. Consolation winners were Toney Kerr and Louise Prelipp over Jennie Baker and Gertrude Fensterman.

Card Games

William Benson won high score in pinochle on Monday, his score was 744. John Nuber came in second with 622. Five tables were in play.

In bridge on Tuesday high score went to Julie Hawkins with 5750. William Cole came in second with 5360. Elda Cole won the door prize. Seven tables were in play.

The duplicate bridge group voted to continue their games on Thursday, for their six tables in play. North-South winners were Vi Lexa and Inez Kinney. East winners were Lillian Rodgers and Maurice Brevoort. Mr. Brevoort also won the door prize. The prizes will be discontinued.

Entertainment

The large group of members that gathered Thursday evening to see the two-act mystery play, "He Isn't Dead Yet" performed by the students of Hopewell School was very gratifying to every thinking person that attended.

Hopewell School should be proud of the student body that produced the play.

Much credit must be given Mr. Henry, who directed these young people. Their young minds never faltered with ready lines proving the splendid training they had received.

Again let us give a loud hurrah to Mr. Henry, and let's hope he keeps up the good work with these young people.

Crafts

Hallie Wetmore asked the ladies what they would like to do next year. They voted on several things, among them the leather carving, tile and copper pictures.

Dances

The Monday evening group voted to continue the lessons in new dances. There were three squares.

There were many guests at the Friday evening dance. Five squares were on the floor.

Supper

Zeola Kellogg, hostess of the supper, brought flowers from her lovely garden to decorate the tables for the supper Saturday evening. Forty-five were present and Fred Robinson returned thanks.

Guests at the supper were Mr. and Mrs. G. E. Lambert of Clearmont, Wyo. Mrs. Lambert is Lillian Rodgers' daughter. The group honored Clara Robinson by singing "Happy Birthday" to her.

Mr. Craven gave a skit of a play that the Avon Park High School will be presenting on April 6 and 8.

After the tables were cleared away Earl Pierce took the group via some very fine pictures, to the Bad Lands, the Black Hills, Yellowstone National Park and the California and Oregon Redwoods. He also showed scenes of his home community in Michigan, and the Upper Peninsula. We thank the Pierces for showing these pictures.

NEW CATERERS CHARTED

TALLAHASSEE—Secretary of State Tom Adams today announced the chartering of the following corporation: Sebring Satellites, Inc. Purpose: to operate a catering service. Subscribers: Lottie Alsmeyer, Louis Alsmeyer, both of 2457 North Lakeview Drive; Bessie R. Barker, 5043 West Lakeview Drive, all of Sebring.

The first thing a new dieter learns is that what's good to eat is bad.

Texas Boys Choir Presents Last Community Concert of Season

The Community Concert Association presented the fourth and final program of its Winter concerts at Sebring High School Auditorium, Thursday, March 28, to a near capacity crowd.

Featuring the Texas Boy's Choir, which originated in Denton, Texas, wearing dark blue coats, grey trousers, the concert was opened with popular European songs, arranged by Kalman Halasz, in Dutch, Swedish, German, Italian, Austrian and English, directed by Luis Berber.

Their second rendition was a tribute to Walt Disney. Dressed in yellow jackets, black trousers, they sang the feature numbers of "Snow White," "Mary Poppins," "Pinocchio" and "It's a Small World."

After intermission, dressed in cathedral robes of red, ruffled collars, they sang contemporary religious numbers. "A Ceremony of Carols."

In western attire, white Texas hats, white shirts, red trousers, vari-colored neckerchiefs, black boots and boots, they seemed to sing their favorite numbers, "Songs of the West," which brought hearty applause from the audience. As their encore they sang "Skip To My Lu" ending with "Oh, Beautiful For Spacious Skies."

Texas composer and Odessa College professor Paul Peck has arranged many of the songs for the choir. They are now completing their Spring tour spanning their own country's East Coast from Florida to Long Island.

These boys are the 8 to 12 year old members of the Texas Boys Choir, now of Fort Worth. They have what is probably the largest collection in the world of contempory manuscripts written exclusively for boy choir performance. These 26 boys from Texas make America proud of a choir that can sustain comparison with the best choirs of Europe.

Top Businessmen Applaud LBJ Decision

"I applaud President Johnson's decision to remain out of the campaign for reelection," Melvin H. Baker one of America's leading businessmen, told Sebring Rotary club here Monday.

Mr. Baker, honorary chairman of the National Gypsum Company, which he founded, was selected three years ago as one of the 10 top business leaders of the nation.

He said "Now that Mr. Johnson is out of the political contest he can truly be the President of all the people and above politics as he concentrates on peace at home and abroad and on fiscal solutions to the nation's threatened solvancy."

The speaker warned of the terrible threat of national bankruptsy, inflation and moral decay but he paid tribute to the greatest nation in the world with the best form of government yet devised by man. He said that Florida is in an enviable situation with its wealth of climate, health, citrus and cattle abundance and predicted inevitable progress and happiness for our favored people.

"We hope and pray that Nixon, Kennedy and McCarthy will develop their respective programs for our nation and that will present them to the people in order to give the voters a real choice," he concluded.

Duplicate Bridge Report

By A. HARRISON KOSOVE

With so many of our nothern friends already returned to their homes, last Monday night's turnout was most gratifying. While Ted Shoemaker was missed, Dr. Burley teamed with Jack Ingle and with Lois Vasek away Joe Vasek teamed with Harry Kosove.

Alice White's absence ...e to a temporary physical i...position drew the sympathy ... the players and all hope for the early return to our midst of all those who were not among us last Monday night.

Last Wednesday a contingent from Sebring visited our neighboring community's bridge club at Lake Wales and we report, with what is hoped becoming modisty, that our representatives gave a good account of themselves—Ruth and Harry Kosove winning first place and Hillie Horne and Jane Rapp coming in second, a scant point behind the winners.

Our Lake Wales neighbors were invited to visit our group whenever convenient to them.

The results last Monday at Sebring were as follows:

North-South, Judy Waugaman and Mary Merilatt, first; Hillie Horne and Jane Rapp, second; Vi Lexa and E. C. Ludington, third.

East-West, Joe Vasek and Harry Kosove, first; Elinor Welch and Milton Hinlein, second; Al Linville and Ernie Duckett, third.

The usual fractional certificates will be awarded next Monday night. Players are again reminded that the ...est and last master point game of the season will be Monday, Apr. 22, the closing dinner and bridge game April 29, final details of which will b... published in the News, next week.

Next fractional point game, usual time and place, next Monday night. Donation $1 per player start promptly at 7:30 P.M. Those who like to play bridge will find this a most enjoyable evening. Bring a partner and come on out.

VOLUME XLIV NUMBER 25 AVON PARK, FLORIDA 33825 — THURSDAY, APRIL 11, 1968 GL 3-4351 GL 3-4355 10c PER COPY

SPOTLIGHT ON FLORIDA—About one-fourth of an upcoming hour-long NBC-TV documentary presentation on the subject of alcoholism was filmed at Florida Alcoholic Rehabilitation Center, Avon Park. The telecast is scheduled nationwide on Friday, Apr. 12, from 10 to 11 P.M., E. S. T., and one hour earlier in Florida's Central Standard Time zone. Viewers are advised to check their local newspaper or NBC-TV outlet to make sure of the time the program will be telecast in their area. This photo, taken at the Avon Park in-patient Center, shows cameras grinding out film beside lake on center grounds. In photo are (left to right) Assistant Cameraman Robert Hollahan, Cameraman Bruce Powell, unidentified patient, Producer Len Giovanitti, Assistant Producer Rafael Abramovitz.

Avon Park Lions Plan Glaucoma Tests at Walker

Avon Park Lions Club members are making final arrangements for the glaucoma clinic scheduled for April 18 and 19 at North lobby of Walker Memorial Hospital. Hours will be 10 A.M. to 1 P.M. and 2 to 4 P.M.

Billy Martin, chairman of the committee in charge of the clinic, stated he has information that glaucoma is the second leading cause of blindness. It is a condition resulting in too much pressure within the eyeball. This serious disease may attack without warning, so slowly and painlessly that the victim may not be aware of any eye trouble.

If glaucoma is detected in the early stages, treatment will usually preserve useful vision for many years, however, sight destroyed by glaucoma cannot be restored. For each month that a glaucoma victim postpones treatment, he may lose a small but priceless percentage of his sight, a gift which he can never reclaim.

Glaucoma may strike anyone, but most of its victims are persons over 40 years of age.

"You may think you have perfect vision, but you could still have glaucoma."

"Remember, this test is free, quick and painless," Martin added.

Federal Head Start Grant Conditions Given County

Board Restores Continuing Contracts

With the comment, "Let by gones be bygones," Highlands County school board has voted to restore continuing contract to five teachers who had resigned twice during the statewide education crisis.

At the March meeting the school board had voted 3 to 2 to authorize the superintendent to rehire resigned teachers.

"At that time the only thing I could legally do was to offer an annual contract," Superintendent Douglass explained Tuesday night.

The day after our March meeting the Attorney General ruled that continuing contracts could be granted if the local board wished. What does this board wish to do?" Douglass asked, but when the board asked for a recommendation he hedged. "I am not going to make a recommendation, then let the board shoot me down."

He said five of the 10 teachers who resigned twice—Mrs. Doris Everett at Avon Park High, Mrs. Mary Roberts at Lake Placid Elementary, Mrs. Jean Moore at Lake Placid High, Mrs. Shirley Furr and Miss Mary Ellen Jones at Woodlawn — are "at work and doing a good job," Douglass told the board.

The other five—Miss Jane France Levine, Joe Ward, Mr. and Mrs. Richard Payne and Mrs. Agnes Washington — have not returned to work and "their positions have been filled," Douglass said Tuesday.

Ted Cason, school board member who had led the fight against rehiring last month, said Tuesday he now favors re-establishment of continuing contracts and returning all teachers to the status held before the February walkout. The motion was quickly seconded by John Wirick, the most consistent booster of an "open door" policy, and passed unanimously.

Appointment Delayed

Another surprise in personnel actions Tuesday was delay in appointment of a principal for Avon Elementary.

R. L. Padgett balked at the recommendation or reappointment of veteran principal George Kelsey. "I have no quarrel with Mr. Kelsey, he is a very fine man, but I feel there are younger, stronger men in this school system who could give leadership to Avon Park's elementary school. I am sure there are other, less demanding posts in the school system for Mr. Kelsey."

Padgett moved that all other supervisors, coordinators and principals recommended by Douglass, be appointed for the 1968-69 year, and this was approved.

County staff reappointed are J.

Disney World Project To Be Explained at Chamber Banquet

The Avon Park Chamber of Commerce has announced plans for their annual membership banquet, to be held Thursday, Apr. 18 at 7 P.M. in the Avon Elementary School cafetorium.

Speaker for the event will be E. L. Davis, executive vice president of the Winter Haven Chamber of Commerce. Mr. Davis has been with the Winter Haven Chamber for the past 17 years, and has helped with the development of the entire county as well as Winter Haven.

He comes to Avon Park on the recommendation of Dick Pope, and will speak on the Disney World project planned for central Florida. Chamber officials are hopeful that many of the predictions of the future progress will be revealed, and that we will be informed on the possible development of all of central Florida.

Mr. Davis was born in Detroit, Mich., and graduated from the University of Michigan with a degree in business administration. Later he was instructor at Wayne State University. While serving with the USAF during World War II he was a Lt. Colonel and was a commander of a heavy bombardment squadron.

E. A. DAVIS

He is a past president of the Florida Chamber of Commerce Executive Association, and the president-elect of the Winter Haven Rotary Club.

Mr. Davis will be introduced by Chamber director, Ted J. Ward. George Haynie will be master of ceremonies.

County Schools To Have Head Start Program

Highlands County schools will provide a program for pre-school children this Summer—with or without federal assistance. Superintendent George F. Douglass told the board Tuesday night that he would present details of a pre-school program at the May 14 meeting.

A pro-Head Start delegation of about a dozen persons presented a petition, with 43 names, to the board at its Tuesday meeting, and Chairman Henry Bailey said he had been handed another petition with 25 or 30 names" prior to the meeting.

The delegation — added to teachers interested citizens and sacrifices filled the Superintendent's office to overflowing Tuesday.

Douglass noted. Evidence of these people here tonight is they want a pre-school program."

The Superintendent said his office has not received formal notice that federal anti-poverty funds will be denied for six weeks Head Start program in Highlands County, but in telephone conversations with federal workers he has been told that the $26,000 grant will be denied unless the Sebring center is moved from E. O. Douglas to Woodlawn Elementary and Avon Park's from Hopewell to Avon Elementary.

In response to R. L. Padgett's query, "Can't we find a compromise site?" Douglass responded that only schools have the necessary cafeteria facilities.

Throughout the exchange with Head Start administrators, Douglass has argued that Douglas and Hopewell schools which serve low income families should "not be left without any program".

Mrs. Jean Murphy, who was spokesman for the petitioners, said, "I work at the day care center here in Sebring and we need some type of program. Whatever it is, we need something to keep children's minds occupied and challenged."

Using her hands to indicate different heights, she continued, "They need something creative when they are this high," indicating knee-high, "don't wait until they are this high," indicating head-high, "to get their minds off violence and vandalism; then it's too late."

New Guidelines

In his negotiations over Head Start, Douglass has complained that the federal Office of Economic Opportunity has objectives which are in opposition of those of the Department of Health, Education and Welfare.

In a Monday-Tuesday session at Orlando the Florida school administrators were introduced to HEW's desegregation guidelines for 1968-69.

"The new guidelines have no numbers, no percentages. The federal government wants prompt and effective action to eliminate any dual system of schools. The statement of intent we submitted will not be acceptable because it does not spell out the concrete action which will be taken to eliminate the housing problem which is our trouble," Douglass said.

HEW had notified Highlands County that it is not complying with the 1964 civil rights law because it is maintaining inadequate junior high programs at Carver, Hopewell and E. O. Douglas schools. The school board has said these programs will be eliminated as soon as new schools are built in Sebring, Avon Park and Lake Placid.

The chief HEW administrator for the Southeast has been invited to confer with the Highlands County school board next week about new plans to meet the federal requirements.

Other Business

In other business the school board approved formation of a Day Advisory Committee for the county schools. Committee appointments are expected at the May board meeting.

S. Tuesday, Apr. 16, at 7:30 P.M. for a conference with South Florida Junior College architects.

Set April 23 for action on the 1968-69 teacher salary schedule.

Alcoholic Beverage Hours Under Attack by Ministers

★ ★ ★

In a split decision by the Avon Park City Council Monday night a motion to rescind the sale of alcoholic beverages after 12 midnight was lost. Recently the council voted to extend the hours until 2 A.M.

The action came before a capacity crowd of ministers and local residents. Ted Ward read a statement which was adopted by the ministers and read as follows:

We feel that the recent action of the town council extending the hours of selling alcoholic beverages from 12 midnight to 2 A.M. is unwise. There is added law enforcement problem in our town brought on by this action.

It is our understanding that the enforcement of the law resulted from this action resolves entirely upon our own city police after midnight.

The problem of undesirables gravitating to our community, after the surrounding communities have closed their bars. The statement goes on to say that Avon Park is the only community its size with selling hours after midnight.

In the first local option election, Avon Park was the only city in our county in which the majority of the people voted against selling alcoholic beverages at all and in the recent election the people of Avon Park voted against selling alcoholic beverages by the drink.

Zig Callaway, who operates a cocktail lounge in the city, said he could see no way the extra two hours would hurt anyone. Callaway said his business was just as legitimate as any other business and because the hours for lounges were best through midnight he should be allowed to operate during the best time for his business.

Whitey Barder also appeared before the council and spoke on behalf of the extended hours.

Others speaking in favor of limiting hours were M. G. Whitcomb, Rev. Graetz, Rev. Miller and Rev. Childress who said they were against special privileges for sales hours.

Councilman Scott explained that hours were extended to give more hours to legitimate sale and to help control bootlegging.

In Other Business

Bids were received on a new aircraft hangar. Scott explained that the letting of a contract on construction of the aircraft hangar hinged upon leasing of the old hangar and that bids could not be awarded until that occured. The council is to study the bids and make a decision after the old hangar is leased.

Red Devils Defeat Sebring 5-4 To Play Naples Here Tonight

Red Devil leftfielder Billy Richards capped out a sacrifice fly to left field in the last of the seventh inning last Friday night to drive in Larry LaFlam with the winning run in Avon Park's 4-3 victory over the Sebring Blue Streaks here at Head Field.

The Red Devils moved to a 9-3 record with the win over Sebring and will finish out the regular season this week with a game set against Lake Wales last Tuesday and the final game with Naples to be played tonight (Thursday) due to the Easter holidays.

The game between the two arch rivals was nip and tuck all the way. Avon Park scored first pushing over three runs in the bottom of the second inning. Bill Jackson led off and drew a base when he was hit with a pitched ball. Then Richards was safe on an error by the pitcher and Steve Walker drew a walk. Bill Knapp singled to drive in Jackson and Richards and then Walker scored when the catcher overthrew third trying to catch him off base.

Sebring bounced back with two runs in the top of the third when Charles Eubanks walked, George Howze doubled, and Robert Senkarik singled before Devil hurler Robert Sizemore struck out the next three batters.

Then in the top of the fifth inning Sebring went ahead scoring two runs on a single and three Avon Park errors.

The Devils tied it up 4-4 in the last of the sixth. Richards walked, moved to second on a sacrifice bunt by Knapp and scored when young Glen Sizemore slashed a double out over the leftfielders head. Sizemore had taken over the catching duties the game before when Dean Lemler moved to first base to cover for the injured Mike Vanderbilt who is out for the rest of the season.

The Devils were also playing Sebring without regular starter Denny Montsdeoca who injured his leg last week. George Copeland filled in for Montsdeoca very capably.

The Streaks played without the services of Ronnie Purvis, pitcher and first sacker, who was out with an injured knee.

In the top of the seventh, Sebring threatened when, with one man down, Howze singled, stole second and attempted to make third when Senkarik's long fly ball was caught in left field. Devil Bill Richards made a perfect throw to third after the catch, however, and Howze was called out on a close play when Bill Jackson put the tag on him sliding into the base.

Avon Park then scored the winning run in the bottom of the seventh without a hit to wrap up the win. The loss put Sebring in the losing column with a 5-6 record and the Streaks lost to Mulberry last Monday night to drop to a 5-7 mark for the year.

Panthers To Pay Here Wednesday

Wednesday night at 7:30 in Avon Park, South Florida Junior College Panthers will meet the number two team in Division 4, Indian River. At present, Indian River is 20-6 for the season. Freddie McCall or Keith Blanton will probably be on the mound for the Panthers.

Monday night the Panthers met Polk Junior College and split a doubleheader winning the first 2-1 and losing the nightcap 4-0.

In the opener, the Panthers jumped out to a 2-0 lead early. Polk added a run in the fourth inning to narrow the gap to 2-1. In the last inning Polk put runners on first and second with one out at this point, Polk shortstop Murphy lined a shot into left center that apparently was gone for triple and at least two runs, out of nowhere came Tim Gillis, the Pahokee flash, to make a leaping one handed stab of the ball, doing a forward roll to come up gracefully and fire the ball to Mooneyham at second base for a doubleplay to end the ball game and give the Panthers a well deserved 2-1 win.

In the night cap Ralph Stavatti pitched fire ball after a shaky start only to lose 4-0. Polk scored one in the third, two in the fifth and one in the seventh.

The Panthers are fast developing a fine defensive club, consistantly coming up with doubleplays and outstanding fielding plays.

The Panthers meet Bradenton Wednesday, Apr. 17 and meet St. Pete in Avon Park, Saturday, Apr. 20 in a doubleheader.

Man Killed In Argument Friday

An argument over a dress shirt worth a few dollars ended Friday in the death of Robert Morgan, an 18 year old Avon Park Negro.

Chief Deputy Sheriff J. C. Murdock said Kenneth Griffin, 22, is being held without bond in Highlands County jail, facing a first degree murder charge.

Murdock said the shooting occurred Friday in the apartment house where both men resided. Morgan, said Murdock, was shot four times with a 22 caliber pistol in the left side.

Witneses said Griffin wanted to borrow a dress shirt from Morgan, but Morgan declined to give him his best one.

Legionnaires Challenge Community

American Legionnaires have issued an interesting challenge to this community. Post No. 69 will have a "Post Paint-In" as the first step in a community "Clean-Up Campaign." a sustained effort for the month of April.

Legionnaires, members of the American Legion Auxiliary, and sons of the American Legion will wield paint brushes, rakes and tools in an all-out effort to prepare the local American Legion activities center for the advent of the Legion's 50th anniversary to be celebrated nationwide from August of this year through 1969.

Legionnairies will be helping other organizations with their beautification projects.

Instead of talking about civic pride, now is the time for the citizens of Avon Park to demonstrate it and go on record that you care about what happens in your community.

Individuals can follow the Legion's lead by cleaning up and improving their personal property and places of employment.

It is hoped that the resulting efforts to remodel, redecorate and rejuvenate Avon Park will show what great improvements can be made by concerned citizens. Who knows? Perhaps this unprecedented and energtic germ of an idea will sprout into an annual demonstration of civic pride.

Local Banker To Serve On Committee

E. G. Touchton, Chairman of the Board, today announced that Charles W. Whitehead, Jr., President of Avon Citrus Bank, has been appointed to serve on the Florida Bankers Association's Citrus Committee.

The Florida Bankers Association is the state trade association for 450 commercial banks in Florida. The Association is the legislative voice of the industry in matters affecting banks and bank customers and is the organization through which Florida bankers accomplish their industry tasks of banker education, inter-bank communications and public relations.

More than 300 bankers from all areas of the state and from all size banks volunteer their time and efforts each year toward helping the Association accomplish its industry objectives. The Florida Bankers Association was founded in 1888 for the purpose of providing a statewide organization through which commercial banks could work together to improve banking services to the public.

Accreditation Officials Study SFJC

For South Florida Junior College "the long wait" has begun. The accreditation team from Southern Association of Colleges and Secondary Schools completed its second study on Wednesday, but results will not be announced until the Association's annual meeting in December.

At the Association meeting in December, 1967, SFJC was formally admitted as a candidate for accreditation. At the 1968 meeting the report and recommendation of the accreditation team will be presented and voted on by the full Association membership.

The accreditation team members headed by President Mervin Baker of South Plains College, Texas, arrived on Sunday and continued to work through Wednesday. President of SFJC, Dr. William A. Stallard, said achieving of full accreditation within two years of operation is unusual and very difficult when the school is using temporary facilities.

Easter Sunrise Services In Donadson Park

"Salute to the Dawn," by trumpeters, will open the community Easter Sunrise service in Donaldson Park on Sunday morning at 6 o'clock. The glad message of Easter will be brought by Rev. Clifford Dance, pastor of the First Christian Church.

A brass choir from the Avon Park High School band, under the direction of Victor Mickunas, will accompany the singing. Special music will be offered by the high school glee club under Kenneth Eberle's direction.

Rev. R. Marshall Wilson, president of the Avon Park Ministers' Association will be in charge. Other ministers participating will be Reverends Aden D. Childress, Thomas Sleepe and Earl E. Denny.

All citizens are urged to join in this service of joyful praise on Easter morning.

MORE FIELDS OPEN

The Air Force is opening nine more career fields to women. Effective immediately, these will be added to an ever-growing skill list open to WAF (Women in the Air Force). They include radio frequency management, vehicle operator and supervisor, data services and management analysis, chaplain services, personnel systems, instructional programming and for WAF officers, engineering or scientific assistant.

DOUGLAS J. MANN, son-in-law of Mr. and Mrs. A. G. Yarbrough, Avon Park, has been promoted to major at the U.S. Army Primary Helicopter School. His wife, Carol, and Colonel Lloyd G. Huggins, Primary Helicopter Center commander, pinned the new insignia of grade to his uniform. Major Mann is an instructor in the School's Academics Division. He is a 1953 graduate of Melbourne High School and received his bachelor's degree from Florida Southern College in 1958. A Viet Nam combat veteran, he wears the Distinguished Flying Cross, Army Commendation Medal, and 12 awards of the Air Medal, including one for valor. Happiness Is . . .

Every once in a while we read about something the bureaucratic brains have done in Washington which seems an awfully good waste of our hard-earned tax money.

Like in Puerto Rico, the Public Health Service conducted a survey of happiness as part of a $249,000 study of conditions there.

It disclosed that people who think positively are happier than those who think negatively, those who make money are happier than people who make less, young people are happier than old people and people who are healthy are happier than those who are sick.

A lot of time and tax money could have been saved by recalling an old saying: "It's better to be rich, young and healthy than poor, old and sick."

LEWIS LLEWELLYN

What Is Cause of Rioting Since King Assassination?

When Dr. Martin Luther King was shot to death in Memphis, the reaction—on the part of many—was first shock, then grief. The senseless killing was, of course, condemned by all right-thinking and law-abiding citizens.

Flags were flown at half-staff at federal buildings all over the nation by order of the president. The people of the United States showed grief and respect for the memory of the fallen leader in a most unusual manner.

But something else was shown, too.

In more than 40 cities across the nation, riots and other disturbances of the peace broke out—with arson and shootings which left over 30 dead and hundreds injured.

Grieving"

Are these the acts of people who are grieving over the death of a beloved leader?

Or are they the acts of a criminal element, taking advantage of a situation and exploiting it for their own purposes?

Worse yet, are they the acts of a group of conspirators who are prepared to unleash destruction and death on our major cities, awaiting with an incident which can be used to trigger a spree of looting and burning?

A partial answer to these questions may be found in the statements of Stokely Carmichael at a press conference in Washington, D. C. the day after Dr. King died.

Evidently placing the blame for King's murder on all white Americans—not just the one man who pulled the trigger of the assassin's gun—Carmichael said:

When white America killed Dr. King, it declared war on us. We have to retaliate.

"Our retaliation," he continued, won't be in the cotton fields, not in the streets of America. . . . Black people know that their way is not by intellectual discussions. They know they have to get guns."

When violence breaks out simultaneously in more than 40 cities, it takes considerable credulity to believe that there was no coordination, no planning, no prior preparation.

What Next?

And when such widespread disturbances can be set off so quickly, sober citizens wonder what will be the next in the ever-worsening series of attacks on the lives and safety of law-abiding citizens of this country.

This is a time when some of us believe that prompt and decisive action should be taken to restore safety to our streets, throughout the entire nation.

And this is a time when some of us believe that we should also ask God to help us restore the moral climate of our beloved country.

The question is: Is God's attitude toward us affected by our attitude toward Him?

The answer is found in the Scripture. "Them that honor Me I will honor," declares the Lord, "and they that despise Me shall be lightly esteemed."

Jesus said: Whosoever shall confess Me before men, him shall the Son of Man also confess before the angels of God. But he that denieth Me before men shall be denied before the angels."

If this means that God turns His back on those who turn their backs on Him, do you suppose that this is what is happening to us—or is it merely a coincidence that, as a nation, we have turned away from God and, as a nation, we are experiencing a time of violence and crime such as has never occurred before in our history?

operation of aircraft facilities at the municipal airport.

Authorization was given the mayor and city clerk to execute a lease agreement with Critchfield Marine.

Notice was given that the State Road Department would hold a meeting on the economic effects of 4 laning US 27 between Avon Park and Sebring at the court house on April 16, at 10 A.M.

It was reported that the city insurance company had settled a liability claim with the Kelley family whose daughter broke her neck diving off a dock more than a year ago in the amount of $13,350.

Council voted to remove all boats from Lake Tulane and Gator Lake.

A report was given that two unsafe buildings condemned by the city one had been torn down. The city attorney was requested to give notice by registered mail to the other owner that since the building had not been removed the city would demolish the building and bill the owner.

The council voted to install a street light on West Pleasant Street by the S.C.L. railroad tracks and to replace the street light on East State by S. Verona Ave. with a mercury vapor light and to install a larger bulb in the light on South DeLaney Ave. by Castle Street.

A request was made for the city attorney to render an opinion concerning the ex-mayor serving also as superintendent of the water system from Attorney General Earl Faircloth.

City Attorney Nunnallee read a letter from Attorney S. C. Pardee, Jr. regarding train stops in Avon Park and action taken in an effort to have same continued. No action was taken by the city council due to lack of funds to spend in this matter.

Tony Phillips was employed as police dispatcher subject to meeting all requirements.

Red Devils

went the distance for the Devils on the mound giving up seven hits including two doubles. The senior righthander struck out 12 Streaks in the seven inning game and walked only two batters. It was Sizemore's third mound win of the year against one loss.

The Devil batters got only four hits off Sebring starter Steve Young and relief hurler Miller Gee. Sizemore's double was the only extra base hit but Larry LaFlam, Bill Jackson and Bill Knapp all had one single each. Both teams committed three errors.

Last Tuesday night the Avon Park baseball team defeated Lake Wales 12-1 in a five inning game to move up to a 10-3 record with only a game with Naples tonight (Thursday) left on the regular schedule.

The sub-group tournaments will start next Thursday, Apr. 18, with the top eight teams in the group meeting in two sub-group meets to determine the district champ. The Red Devils should be in the top four and could possibly get one of the sub-group tourneys here. The sites and participating teams should be determined this weekend.

The Red Devils scored two runs in the last of the first inning, added nine more in the third frame and another in the bottom of the fourth to take the 12-1 win from the Highlanders here at Head Field last Tuesday.

The Lake Wales pitchers, three of them, had control trouble and seven Devil batters drew walks during the four innings at bat. Steve Walker led the Avon Park hitters with two singles and Robert Sizemore, Larry LaFlam, Dean Lemler, Billy Richards, and Bill Knapp all singled for a total of seven hits off the three Lake Wales hurlers.

Bill Knapp went one and a third innings on the mound for the Devils before Robert Sizemore came on in relief with two men on. Sizemore gave up one hit—a double as he finished out the game. Knapp gave up a single and walked two batters.

MEXICAN ORANGE IMPORTS

"California and Texas will now join with Florida Citrus Mutual in its long fight to see that Mexican orange shipments into U.S. markets are held at a minimum," according to Robert W. Rutledge, executive vice president of the big grower organization. This season, Mexico so far has shipped 1,668 cars of oranges into the United States compared to only 284 cars at this same time a year ago.

Rambling Thoughts

By O. L. SHOE

KEEPING WHAT LITTLE LIFE IS LEFT

One of the few who seem to like this column asked me what I had to say about the hideous murder of Martin Luther King. I told him to look closely here and he would see further more. I told him that "I had but one life to give for my country," as Nathan Hale told the British when they had him on the scaffold as a spy from the Colonial Army, but that I wasn't sure whether I still had any country or was living in a dreadful dream.

I told him that when I found out what the United States stood for and liked what I found out, I might risk it, if I thought it would do any good, but right now, for me and my loved one,

"silence is golden" and don't you forget it! Let's see: Lincoln killed by a half-wit actor, Garfield by a nut who did not get an office; McKinley, shot by an anarchist, Kennedy shot by a silly Comunist; Martin Luther King shot by a person unknown. That's a terrible record!

Wife and I heard King's last address on the TV. I shuddered and said, "Honey," her nickname from childhood, I said, "That poor man is walking in the 'valley of the shadow of death' right now! He'll never get away with that kind of talk much longer in the terrible state of this poor country of ours."

"God bless and protect him; he is doing what he believes is right, or he would never take such risks these days."

Forty-eight hours later, he was a corpse. This is all I have to say about this miserable affair. Our country needs God's help as never before for over a century.

Yes, like Nathan Hale, "I have but one life to give for my country," but I'm beginning to wonder if it is worth it.

I will say for King: He was trying to help his people. Like Andreas Hoffer, the Swiss hero, who rushed the Austrian army and gathered a dozen spears in his breast to make a hole in the line for his followers, King may have died like that. May God give peace to his soul to his country too. Amen!

But! After seeing a mob of looters (whites among them, too) breaking into business houses, setting fires right in the national Capital City, with armed troops watching with no orders to do anything, I don't think that kind of government is worth what little life there is left for me in such a country.

This outlawry was occasioned by a pretense of sorrow for the death of a man who condemned such practices. I blush for my country, for if such outlawry in the cities had been stopped by the government right at the beginning, Martin Luther King might have never died, shot down like a wild animal.

In all our history, this nation never saw such lawlessness as it has put up with during the past few years. Death will reap a far worse harvest unless something is done soon. When you plant dragon's teeth a harvest of swords is in store for any country.

I am loath to close this long article, but it is too long, but I admit I am ignorant on many subjects. I wish somebody will send me by mail to O. L. Shobe, Lake Wales, how Mr. King reconciled his doctrine of "Civil disobedience" with parallel "non violence."

Without laws we are worse off than if we lived in a jungle. We have criminal laws and civil laws, they both require officers, supported by force, often with arms, to enforce them. If I understand his doctrine, he taught disobedience to civil laws if we do not like them. Well, then! What is going to keep me, while disobeying civil law, from running right against an officer whose job is to see that civil law is observed?

When I confront this officer, both with determination to do what he wants to do in the matter, in comes "violence!" It resolves to this: either I am a fool or King was, one or the other. I am in the dark on this. I went to school with Negroes and have an ancestry who fought to free the slaves, and have a "Northern" slant on this scandalous condition this nation is in.

I would like to know how a man, as learned as King was, could support and preach such incompatible ideas. I am honest in this. I have no hatred in my heart for a person with different pigment in his hide. I try to do unto others as I like to be treated, consequently am poor in goods, but I can't see how King ever thought he could travel two paths, one leading North and the other going South.

TO SENATOR FULBRIGHT, BOBBY KENNEDY and SUCH—

Sir Robert Thompson says this is the way the Communists measure three basic military factors in Viet Nam:

ON MANPOWER: "I would estimate that Hanoi can afford to lose roughly 100,000 men a year and not feel it politically or economically."

ON PEACE TALKS: "Negotiations are not regarded by Hanoi as a means of achieving a settlement or peace. In their OWN WORDS: 'Fighting while negotiating is aimed at opening another front'."

ON FINAL VICTORY: "There is really only one issue in Viet Nam. Either the North is going to get the South, or it is not. That decision will be reached not on the battlefields, but in the minds of the South Vietnamese."

At this writing, my opinion is that the decision has been reached—in the United States—already. The ignorant people to whom past national experience is buried to just a dim memory, under several years of having a good time with the gals, the sports, the drinks, the marijuana, and such dim-wits as the Bobbies of the Hoh-and Barners, and such light-weight thinkers. "Aye! Tear that tattered ensign down; long has it waved on high! And many an eye has dimmed to see that banner in the sky! Beneath it rang the battle shout and burst the cannon's roar; the eagle of the nether skies shall sweep the seas no more!"—Bryant.

ANOTHER LOOK AT IT

As all the tumult and the shouting dies, I suddenly remember a document which says: "WE hold these truths to be self evident: That ALL MEN are created EQUAL and that they are endowed with certain inalienable rights; that among these are life, liberty and the pursuit of happiness."

The man who wrote that document owned slaves—black men and women, the Father of His Country had slaves—black men and women, and I have three volumes of the latter's works, in one of which he wrote to Marquis De Layfayette, as an inducement to get him to visit him at Mt. Vernon, "two lovely quadroons" with whom he could "play" during his stay while there. Now, what do you think of that, by gum?

BABSON'S POINT OF VIEW

Teenagers Will Need Help In Finding Summer Jobs

Babson Park, Mass., April 11. Finding jobs for vacationing students will be a more significant problem than ever during the forthcoming Summer season. Many youngsters will need money to meet the ever-mounting costs of education, especially those from large families and of or with limited means. Then, too, it is vitally important to keep teenage idleness at a minimum during the hot Summer months when urban violence is so easily sparked.

Youthful Labor Force On The Increase

The sudden and dynamic expansion of the labor force when schools and colleges close down for the Summer is nothing new. It has always presented difficulties. But the Summer of 1968 promises perplexities well beyond the usual. In the first place, Labor Department statistics for the 20 largest metropolitan areas of the nation indicate that some 2,555,000 mostly full-time positions must be found if work opportunities are to be made available for all the teenagers expected to be seeking jobs.

Total teenage employment during the Summer of 1967 amounted to only 2,125,000. While the increase of 430,000 anticipated for this year's vacation season may not at first glance appear excessive, it will still take effort of private industry and of government agencies to absorb this additional labor reservoir. During recent years, both private and public employers have put on impressive campaigns to place young people in Summer jobs with the smallest amount of delay and confusion. Vice President Humphrey has spearheaded these campaigns, and he will strive for even greater success this year.

Focus of Trouble in the Cities

While the question of finding Summer employment in general throughout the country, the problem in urban centers is always particularly difficult . . . there are just too many youngsters for the number of job openings. That is why special co-operation is essential among all concerned during the critical time of transition from Spring into Summer. Companies anxious to help by providing all possible full-time employment for the vacation period can find many sources of encouragement.

In most areas the boards of trade and chambers of commerce are actively working to achieve maximum placement. Federal and state labor and employment security divisions will be ready to aid both in lining up openings and in channeling available boys and girls into them. Service clubs—such as Kiwanis, Lions, etc.—are working with business and industry to promote the fullest possible Summer employment force where population is especially localized, frequently spurring retail and service outlets to expand their staffs for the Summer.

Permanent Employees May Be Found

With the basic labor shortage still acute, especially in lines demanding high skill and adaptability, astute employers will be on the lookout for temporary youthful workers who might become valuable permanent workers. Personnel officials would therefore do well to observe their Summer jobbers and their capabilities with exceptional care, even if the youths still have another year or more of education to complete. A great many concerns have found it rewarding to offer unusually gifted youngsters part-time employment after they have returned to school. On-the-job training and evening classes can develop some extraordinarily loyal and talented employees.

Ambitious youngsters with a keen eye to the future should seek out positions with companies that may be looking for likely young job aspirants on a permanent basis. In the long run, this will likely contribute far more to their careers than the immediately enticing prospect of "flash" jobs at Summer resorts with perhaps 10 to 12 weeks of operation at high pay. Wise parents will guide their teenagers in such matters, helping them to plan for their future working lives as early as possible.

REP. JAMES A. HALEY

We're Bringing the Boys Home From Europe

WASHINGTON, D. C.—A decision arrived at last May is expected to be put into effect this month when something like 35,000 members of the Army and Air Force are scheduled to be brought home from Europe's eastern defense line.

This may be our first specific action in defense of the lagging position of the United States dollar in which monetary circles.

Bringing these men home will reduce the amount of money now spent for their support overseas by about $30 million a year, and the resulting net reduction in our balance-of-payments deficit could run to as much as $75 million.

And, for all this cutting back of the thankless job of assuming the military responsibilities of European countries, we still will be keeping close to a quarter-million troops in West Germany.

It now is just about a year since we completed withdrawal of United States forces from France after Charles de Gaulle's eviction of the North Atlantic Treaty Organization establishment. Any economic dislocation resulting from the removal of 26,000 of our servicemen and their 70,000 dependants was most marked among Frenchmen who had grown accustomed to American wage scales.

Times and conditions change and the continued maintenance of a vast defensive United States military force in Europe is rapidly becoming an anachronism. Not only is it time that Europe look to her own defense—but the whole military concept upon which our sustained presence in Europe has been premised is passing.

The change is certainly toward a more realistic and perhaps a somewhat drastic approach to the problem of defensive warfare.

In his book, NATO WITHOUT FRANCE, Carl H. Amme, Jr., of the Stanford Research Institute emphasizes the need to adapt present-day military doctrine to new circumstances.

By this he argues the nations still associated with NATO "should be prepared to use battlefield nuclear weapons," that is to say, tactical devices, "in highly selective manner before a conflict can expand into a major convention war."

There is some evidence about this available to the American people. We have permitted our failure to adapt to the specialized kind of warfare the Hanoi Communists wage to bring us to the brink of an endless futility in the Vietnamese war.

It seems to me that the United States, its people and its government, might as well accept the fact that when and if the day comes when a showdown with Communist Russia is the only way out, the swift and brutal nuclear blow is going to be struck by one side or the other. Self-preservation, in my opinion, limits this country's options in such an eventuality.

But that is in the future. Meanwhile, the idea of bringing home from Europe as many of our troops as possible and logical, and the resulting saving of every possible dollar of foreign expenditure, constitutes a first long stride toward a recovery of the common sense we seem to have abandoned in the years since World War II in our zeal to provide a police force for all the world.

Moreover, the withdrawal of forces from Europe will serve an additional purpose. We are short of military manpower because of increasing needs in Viet Nam. We have had to reduce our home-based forces—the so-called Strategic Reserve—below what is regarded as the minimum safety level. To regain this safety level we now are engaged in ordering civilian reservists in large numbers to active duty, but the return of troops from Europe will reduce the number of reservists who must be called.

SOUTH PACIFIC

Some of Tahiti's traditional warmth has gone. A middle-aged Tahitian explained, "Once we used to smile at every stranger, and offer hospitality. But now there are too many strangers. We haven't grown unfriendly. We're just overwhelmed."

FEATHERS FOR LeROY

A "blue feather" might sound a little strange as a campaign device, but LeRoy Collins supporters throughout Florida have adopted the symbol as the hottest thing in politics since the invention of the bumper strip. Feathers, dyed a deep royal blue, are showing up on lapels, in women's hair styles and name badges as campaign supporters meet and work from one end of the state to the other.

Billy C. Cason was reappointed as supervising principal of Sebring area schools. Guy Garrett will continue as Avon Park area supervising principal, and Aubrey Morris will continue as Lake Placid's supervising principal.

Building principals will be Ellis Watson at DeSoto City-Fred Wild, Jack L. Ingle at Woodlawn, Samuel C. Nixon, Jr., at E. O. Douglas, Cason at Sebring High and Wallace Cox, SHS assistant.

Norris T. Brooks was re-appointed as assistant at Avon Elementary; Garrett at Avon Park High with Aaron W. Craven, assistant principal, Ernest E. Sims, Hopewell.

In Lake Placid, Morris is principal at Lake Placid High with Malcolm W. Ross as assistant, David Robinson, Jr., Lake Placid Elementary, and Homer T. Williams, Carver.

Leaves of absence were approved for three teachers for the 1968-69 school year: Mrs. Martha Bagnato at Sebring High, Mrs. Elinor Beadleston for a year of study at Florida Atlantic University and maternity leave for Mrs. Janet Bollinger. Mrs. Beadleston is teaching at Carver this year and Mrs. Bollinger at Woodlawn.

Case Knapp, Jr., was appointed custodian at Avon Elementary.

Fines Levied In County Court

Michael Casey Temple, of Sebring, was fined $50, and assessed maximum points for reckless driving and $20 for violation of restrictions on his driver's license Tuesday in county court. He also was sentenced to attend a defensive driving school by Judge Mervin Rehrer.

Cancer Crusade Officers Holds Kickoff Coffee Wednesday

The kickoff coffee for the annual Cancer Crusade was held Wednesday, Apr. 3 at the Woman's Club building. Coffee and doughnuts were enjoyed by everyone who attended.

Mrs. Don Mattox, hostess for the event, introduced Mrs. Beverly Deason, field representative and Mrs. Art Wilhite, chairman of the crusade in Avon Park this year. They briefly told about the importance of the drive and what should be done to carry it out successfully. Everyone joined in the question and answer period.

Mrs. Mattox, residential crusade chairman, announced the following as area chairmen in this year's door-to-door drive: Mrs. Lila Behal, Eve Booth, Margaret Collins, Clarice Ford, Kathy Griffin, Ann Johnson, Joyce Miner, Betty Pebbles, Wilma Smith, Betty Spurlock, Carol Thieme, Carolyn Tomlinson, Cheryl Guerndt.

These volunteers hope that everyone will give their full support and co-operation when your cancer crusader calls on you to help with a check-up and a check.

Spring Term Of Court

Jury trials for the Spring term of court will begin May 27 before Judge Clifton M. Kelly, with four of the five cases growing out of automobile accidents.

Three of the cases, involving Miami people and a Chicago defendant, grew out of an accident March 19, 1967, on State Road 25. Mr. and Mrs. Kilby Taylor of Miami are suing Frank Prchal of Chicago for $5,000 and compensatory damages. Mr. and Mrs. Albert Parker, of Miami, are suing Prchal for $5,000 and compensatory damages and Lois Higgins of Miami is suing Prchal for compensatory damages.

Primaries Are Only Three Weeks Away

State's Attorney Glen Darty, State Sen. Wilbur Boyd, Rep. James K. Tillman and Public Defender Lee Roy Horton, have been automatically re-elected to office, it appeared today, as Secretary of State Tom Adams released the complete list of candidates who have qualified for the primaries.

All but Tillman are Democrats. None of them drew opposition in either party.

Highlands County voters will go to the polls to pick candidates three weeks from Tuesday in the state's first primary. The second primary will be held May 28. The general election is Nov. 5.

They also will vote on a proposed constitutional amendment which would make the post of county superintendent of schools appointive rather than elective.

The names of 29 candidates, state, district and county, appear on the official primary ballot of the Democratic party and 10 on the Republican.

Democrats will have the following to choose from for state and national office:

U. S. Senator—Leroy Collins, Earl Faircloth, Sam Foor, Richard Lafferty. Justice of the Supreme Court, group one, Joe Boyd, Richard H. Cooper, Sam Smith. Justice of the Supreme Court, James C. Adkins, Jr., Woodie A. Liles. Justice of the Supreme Court, Vassar B. Carlton, Hal P. Dekle.

Florida Public Service Commission: Harvey H. Baker, Robert C. Brand, Jess Yarborough.

Republicans will have the following to choose from: U. S. Senator, Herman W. Goldner, Edward J. Gurney. Representative in Congress, Ninth Congressional district, Reid Moore, Jr., Robert W. Rust. Justice Supreme Court, group two, David L. McCain, Ellis S. Rubin. Florida Public Service Commission, Martial "Marti" Deschoes, Ray C. Osborne. Member of the state house of representatives, Donald E. Heath, Andrews Sanderson.

County officials to be voted on May 7 include sheriff, supervisor of elections, county commission and school board.

A check of the ballot reveals that Democratic Congressman Paul Rogers has no opposition in the primary and will not face an opponent until the election in November.

Russell Jordan, of Sarasota, seeking a legislative seat, has no Democratic opposition in the primary.

Rep. Granville Crabtree, a Republican, has no primary opposition for re-election to the Florida House.

For voter registration, the books closed April 6 and will not be open again until June 3. Supervisor of Elections Roland X. Droit, said registration was heavy—385 in the county during the past two weeks.

Joe D. KEENE

FOR

SOUND RESPONSIBLE JUDGEMENT IN LAW ENFORCEMENT

JOE D. KEENE believes that the laws of the state must be upheld and as your sheriff will see that our laws are enforced to the best interest of the people, and will never yield to threats or pressures from any one or special interest groups.

AS YOUR SHERIFF, JOE D. KEENE believes it will be his duty to go to the people in every way possible, present to them a realistic statement of the condition of our sheriff's department, detail the needs in man-power, equipment, training, and measure the cost in dollars and cents, and tell the public what they can expect to get for the funds requested.

JOE D. KEENE strongly feels the need for a Junior Deputy Program for the youth of our county. He will work for closer and better relations with the juvenile authorities to help the youth of our county.

We will never be without crime and criminals, and it will never be possible for our law enforcement men to apprehend and convict all law breakers, but JOE D. KEENE will appreciate the opportunity to bring the average up for Highlands County. We have the resources and JOE D. KEENE, AS YOUR FULL TIME SHERIFF, will provide the manpower with ability, intelligence and capacity to do this. HIGHLANDS COUNTY NEEDS JOE D. KEENE AS ITS SHERIFF—A man that will not forget why he was elected, the job he was elected to do—determination to do it and experienced dedicated leadership to lead the men that he employs.

In a free society, good law enforcement is everybody's business. You can make it your business by becoming more than just a law abiding citizen.

SUPPORT AND VOTE FOR JOE D. KEENE FOR SHERIFF ON MAY 7.

Mrs. Bridges Hosts Avon Homemakers

In orders signed last week by Circuit Judge J. H. Willson, all creditors of Highlands Security Abstract and Title Co., Inc., Sebring Enterprises, Inc., and George E. Sebring, III, have been ordered to cease from proceeding with any suits or other actions against any of the defendants.

And the judge gave all creditors until May 15 in which to file claims with receiver Hayward Davis, attorneys Guilmartin and Bartels and MacBeth and Breed.

First claim to be filed was that of Avon Citrus Bank in the amount of $5,062.65. According to their claim, a promissory note given August 9, 1967, in this amount was secured by 51 shares of stock in the firm. Nothing has been paid on the note and the bank's claim is for principal plus interest.

Mt. Dobratch, Austria, exploded on January 25, 1348, killing 11,000 people and destroying nine churches in 17 villages. This was not a volcanic mountain, and there was no earthquake. No foolproof explanation has ever been given.
