200 Persons Attend Art Show

Sunday afternoon, Feb. 4, the Highlands Art League Gallery was the setting for a one-man art show by Frederic Holder, artist extraordinaire. It was attended by approximately 200 persons.

Mr. Holder's work ranged through pen and ink, water colors and oils . . . using a wide selection of subjects . . . landscapes featuring changes of seasons, and still horses for nature lovers, in water colors and oils and a most impressive selection of personalities from the past and present. His work shows the results of years of striving for perfection of technique in bringing to the viewer a feeling captured on canvas, of being in the presence of people who have helped to shape the course of our nation. Other paintings presented by the artist were of his family and revealed his feelings of understanding of their natures.

A special guest was Mr. Holder's wife, who was a subject in the family painting group and who admits she is her severest critic. They reside at 2213 W. Sparrow Ave., Sebring.

Many of those who attended the affair were from out of state: Ontario, Canada, Michigan, Illinois, Indiana, New Jersey, New York, Virginia and Georgia were represented.

Hostesses for the reception were Mrs. Carl Sodergren and Mrs. Lillian Van Hoose who presided at the refreshment table where an assortment of sweets and coffee were served.

Mrs. Herbert Schneck, president of the Art League, League officers and members were in attendance.

PFC. Alfred Thomas Wells, son of Mr. and Mrs. W. T. Wells, who has been home on leave after graduating from Air Borne Training at Ft. Benning, Ga., will leave for Viet Nam Feb. 27, to be stationed with the 101st Airborne Division, 90th Replacement.

'B' Squad Wins 14th Game Over Sebring

Avon Park's "B" team wrapped up its fourteenth victory last Tuesday night in Sebring with a 63-53 win over the Blue Streaks junior varsity squad but the Red Devil varsity lost out 61-52 to the Streak varsity to give the Sebring team only its second win of the season.

Both Devil teams are idle until February 16. Friday week, when they will host Santa Fe of Lakeland here at the high school gym. On February 19, Tuesday, the Devils will travel to Lake Placid for the final game of the regular season.

"B" squad ace backboard man, Clyde Sumbry, scored 28 points against Sebring to lead the Devils to the win. Willie Seigler hit for 12 counters and Don Sizemore had 7 points to aid the Devils cause. The Avon Park "Bees" have lost only one game this season under Coach Fred Sandlin. Sebring's Freeland was high scorer for the junior Streaks with 23 points.

Ralph McGill was the big gun for the Blue Streak varsity as he hit for 28 points and Hollinger sank 17 more for Sebring. Avon Park's Kenny Dixon led the Devil's effort with 13 points and Bill Knapp and Mike Vanderbilt had 12 each.

The score was tied 12 all at the end of the first quarter but Sebring jumped out to a 6 point lead at halftime.

ROBERT McDONALD, noted pianist, who gave a concert at the First Methodist Church last year will present a concert at the Highlands School for Girls, Sunday, Feb. 11, at 3:30 P.M. during the present week-end at the school. This will be the Fine Arts Series 2nd program. Mr. McDonald is Artist in residence at Florida Southern College in Lakeland. He took his Masters degree at the University of Michigan. In Vienna h met his wife Ingrid, where he was performing artist for the State Department, performing abroad.

Rev. John F. Mangrum will be the speaker Tuesday, Feb. 6, 7:00 P.M. Ladies night at Camp Wingman.

Program Presented In Playlette Style

The Night Women's Missionary Society, presided by its President Mrs. Ophelia Rihner, met at the First Baptist Church at 7:00 P.M. Tuesday, February 6, for its Monthly Executive Meeting.

The program was presented by the Barbara Smith Circle in the form of a playlette under the direction of Mrs. Lena Suggs.

A very informative report on the Young Women's Auxiliary of the Baptist Church was given by Mrs. Pam Pickett, one of the leaders. She reported on its purpose and accomplishment and stated that it is an action organization. The YWA is composed of girls ages 16 through 25, high school and career girls.

Letter to The Editor

I Believe

A friend shared these thoughts with me and I would like to share them with you.

I BELIEVE

I believe in the supreme worth of the individual and in his right to life, liberty, and the pursuit of happiness.

I believe that every right implies a responsibility; every opportunity, an obligation; every possession, a duty.

I believe that the law was made for man and not man for the law; that government is the servant of the people and not their master.

I believe in the dignity of labor, whether with head or hand; that the world owes no man a living but that it owes every man an opportunity to make a living.

I believe that thrift is essential to well-ordered living and that economy is a prime source of a sound financial structure, whether in government, business, or personal affairs.

I believe that truth and justice are fundamental to an enduring social order.

I believe in the sacredness of a promise, that a man's word should be as good as his bond; that character—not wealth or power of position—is of supreme worth.

I believe that the rendering of useful service is the common duty of mankind, and that only in the purifying fire of sacrifice is the dross of selfishness consumed and the greatness of the human soul set free.

I believe in an all-wise and all-loving God, and that the individual's highest fulfillment, greatest happiness, and widest usefulness are to be found in living in harmony with His will.

I believe that love is the greatest thing in the world; that it alone can overcome hate; that right can and will triumph over might.

Highlands Community Concert To Feature Raymond Michalski

The Highlands Community Concert Association will present Raymond Michalski, bass-baritone in concert Saturday at 8 P.M. in the Sebring High School auditorium. This is the second concert of the current season.

A young American bass-baritone, Raymond Michalski, received the role of Alexas in Samuel Barber's "Antony and Cleopatra" at the gala opening of the new Metropolitan Opera House.

New Yorkers have come to know him through his many performances at Philharmonic Hall with the Concert Opera Association before his Metropolitan debut in 1965. They had also heard him with the American Opera Society, and audiences and critics alike had praised his exceptional talent.

In Chicago he has performed both in concert and opera, gleaning praise similar to that received in New Orleans, Pittsburgh, Washington, Toronto and Boston.

In a career assisted by the Sullivan Award, further enhanced by winning two Rockefeller grants and first prize in the International Music Festival in Munich, Raymond Michalski has sung in opera, oratorio and with orchestra with the same stunning success as greeted his debut recital in New York City in 1959. On that occasion his voice was called "rich textured, ample range, power and stylistic polish."

It was his father's singing that provided the initial inspiration for Raymond Michalski's study of music. At the age of four he started on the piano, and was encouraged at this instrument by a friend of the family, Ignace Paderewski. To this day Michalski is a fine pianist. Not until after his Army service did he seriously consider vocal study and begin to work at the Mannes College of Music in New York City.

Michalski is accompanied at his recitals by his wife Nadine, who also sings and teaches. They live with their two daughters in Bayonne, N. J., where Raymond was born.

It proved to be a delightful occasion with comments of good oyster soup and good service. Cake, cornbread, hot rolls and relish dishes were brought in by a number of ladies. Television Cameramen Complete 4 Days of Filming Alcoholic Center

A seven-man NBC television crew has returned to New York and Chicago after spending four days in Florida last week shooting 7,000 feet of film in preparation for an hour-long nation-wide telecast of a documentary presentation on alcoholism.

The crew, consisting of a producer, assistant producer, cameraman, assistant cameraman, soundman, electrician and unit manager, spent three days at Florida Alcoholic Rehabilitation Center in Avon Park, plus one day in Cocoa.

Much of the Center's day-to-day operation was filmed at Avon Park, while at Cocoa the TV crew turned its cameras on the family of a real patient currently at the Center who had given permission for the filming. Telecast of the documentary is scheduled for sometime in April.

How much of the documentary will deal with the Florida Alcoholic Rehabilitation Program is as yet uncertain. The crew has visited five alcoholism programs in addition to Florida's, and has shot a total of 40,000 feet of film which is about 40 hours worth. This will have to be edited down to a one-hour presentation.

Programs visited beside FARP are St. Louis (Mo.) Detoxification Center, Mendocino State Hospital at Talmage, Calif., the Georgia Clinic at Atlanta, Connecticut Alcoholism Program, and New York State Alcoholism Program.

Len Giovanitti, producer of the documentary, says it was necessary to shoot the full 80,000 feet of film because the subject of psychotherapy cannot be anticipated. In other words, it is impossible to tell in advance when a "revelation" or "moment of truth" will occur in psychotherapy, and in order to catch these, it was necessary to shoot much extra film.

The next two months will be spent in New York editing film footage for the documentary.

Giovantti says he has found, during the filming experience, alcoholics to be basically very sensitive persons. A layman in the field of alcoholism, Giovanitti says five months of working on the alcoholism documentary have convinced him that psychologically, alcoholism indeed is an illness.

Religious Liberty Day Service Saturday

"Current events indicate the United States is fast approaching the time when 'Canceled' may be stamped across the Constitution and the Bill of Rights," said Seventh-day Adventist Pastor Robert H. Kerr, Saturday, Feb. 3.

Speaking at his church's annual "Religious Liberty Day" service, Pastor Kerr based his predictions on biblical prophecies in the book of Revelation. He said he wouldn't be surprised if the United States repudiated its republican form of government if current trends continue.

Commented Pastor Kerr: "A new mood permeates the nation. The principle of separation of church and state is considered out of date. For several years many have been searching for ways and means of outflanking the Constitution, particularly the First Amendment." He said pressure most likely will intensify from various religious groups who want changes in both state and federal constitutions, to permit tax funds to be used to help support parochial schools.

In the U. S. and Canada the Seventh-day Adventist Church supports nearly 1,100 universities, colleges, academies, elementary schools, and schools of nursing, with an enrollment of nearly 90,000 students. The church believes in separation of church and state and believes its schools—and other parochial schools should pay their own way for buildings, textbooks, salaries, and bus transportation.

The minister warned of present efforts to tamper with the Federal Constitution. "Most Americans don't realize," he said, "that already 32 of the necessary 34 state legislatures have approved a measure to call a constitutional convention to alter the federal charter.

"It is true," he continuted, "that the principal purpose of the convention would be to review the reapportionment question. But such a convention could just as well change other parts of the Constitution. This should give people real reason for concern."

Pastor Kerr urges his congregation to subscribe to "Liberty," a magazine dedicated to church-state separation. The magazine has a circulation of 420,000.

Gravel deposits in several parts of Florida have yielded up human bones, crude pottery, bone awls and human-made implements, hand worked tools of various types, along with boxes of extinct animals—camel, saber tooth tiger, lions, etc.

Glenn Eldridge Writes Letter

South Vietnam

Dear Civilians, Friends, Draft Dodgers, Etc.,

In the very near future the undersigned will be once more be in your midst, dehydrated and demoralized, to take his place again as a human being with the well known forms of freedom and justice for all, engage in life, Liberty, and the somewhat delayed pursuit of Happiness. In making your joyous preparations to welcome him back into organized society, you might take certain steps to make allowances for the crude environment which has been his miserable lot for the past 12 months. In other words, he might be a little Asiatic from Vietnamesitis and overseasitis, and should be handled with care.

Do not be alarmed if he is infected with all forms of rare tropical diseases. A little time in the "Land of the Big PX" will cure this malady.

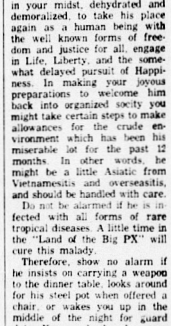
Therefore, show no alarm if he insists on carrying a weapon to the dinner table, looks around for his steel pot when offered a chair, or wakes you up in the middle of the night for guard duty. Keep cool when he pours gravy on his dessert at dinner or mixes peaches with his Seagrams VO. Pretend not to notice if he eats with his fingers instead of silverware and prefers C-rations to steak. Take it with a smile when he insists on digging up the garden to fill sandbags for the bunker he is building. Be tolerant when he takes his blanket and sheet off the bed and puts them on the floor to sleep on.

Abstain from saying anything about powdered eggs, dehydrated potatoes, fried rice, fresh milk or ice cream. Do not be alarmed if he should jump up form the dinner table and rush to the garbage can to wash his dish with a toilet brush. After all, this has been his standard. Also, if it should start to rain, pay no attention to him if he pulls off his clothes, puts a bar of soap and towel and runs outdoors for a shower.

When in his daily conversation he utters such things as: "Sin boi" and "Dau Oi" just be patient, and simply leave quickly and calmly if by some chance he utters "Di Di" with an irritated look on his face, because it means no less than "Get the h - - - out of here." Do not let it shake you up if he picks up the phone and yells "Parchment Sir" or says "Roger Out" for good bye, or simply shouts "Working."

Never ask why the Jones' son held a higher rank than he did, and by no means mention the term "Extend." Pretend not to notice if at a restaurant he calls the waitress "Numbah one girl" and uses his hat for an ashtray. He will probably keep listening for "Homeward Bound" to sound off over AFVN. If he does, comfort him for he is still reminiscing. Be especially watchful when he is in the presence of a woman—especially a beautiful woman.

Above all, keep in mind that



beneath that tanned and rugged exterior there is a heart of gold (the only thing of value he has left). Treat him with kindness, tolerance, and an occasional fifth of good liquor, and you will be able to rehabilitate that which was once (and now is a hollow shell of) the happy-go-lucky guy you once knew and loved.

Last but by no means least, send no more mail to the APO, fill the ice box with beer, get the civvies out of the mothballs, fill the car with gas, and get the women and children off the streets—BECAUSE THE KID IS COMING HOME!!!!!!!!!!!!

Neap Tides

When the sun and moon act directly against each other, as they do at the first and third quarters of the moon, the high-water level of the tide stands at its lowest point. This is called a neap tide.

Society Will Conduct Bald Eagle Survey

Members of the Highlands County Audubon Society will undertake a Bald Eagle count for Highlands County on Sunday, Feb. 18, meeting at the Lake Placid Tower at 8 A.M. and will reassemble at 1 P.M. at the club house of Highland Park Estates for those unable to attend the morning survey.

Charles Hutchinson, president of the local Audubon Chapter invites all local citizens to assist in this important count by reporting any known active nest sites to EV 5-8467 in Sebring, in Lake Placid to Dr. James Layne at the Archbold Biological Station, HO 5-2571, in Avon Park call information to Mr. Beach, GL 3-6213.

The founding fathers made an appropriate choice when they selected the Bald Eagle as the emblem of our nation. But as latter day citizens we shall have failed a trust if we permit the Eagle to disappear. To find out why the Bald Eagle has declined in numbers, and then to take the necessary steps to assure its permanence among our living wildlife, these are important tasks for conservationists.

Let us here in Highlands County do our part and be proud to have these magnificent birds nest with us each year, let us protect them and insure their perpetuity as a living National Emblem.

CUT YOUR IRONING with a 2 CYCLE FLAMELESS ELECTRIC DRYER!

Now, with a two-cycle electric dryer and everything "permanent press," you could cut out ironing completely!

This modern flameless dryer is what permanent-press fabrics need to live up to their name.

Cycle #1: Tumbles clothes in heated air to "relax" synthetic fabrics and shake out worn-in wrinkles.

Cycle #2: Tumbles clothes in *cool* air to set the fabric *smooth*.

This new drying technique also makes knitted, brushed, and pile fabrics softer and fluffier than new. Now that you can get permanent-press sheets and table linen, what's left to iron?

And two-cycle flameless drying is thrifty—about 7 cents worth of electricity dries a load.

If you're a customer of ours, you can try a dryer on our **30-Day Money-Back Guarantee of Satisfaction**—given if you purchase a 230-volt electric dryer in *February*, 1968. Ask your appliance dealer for details.

Grand Prix Ball Queen Will Be Chosen From Highlands' Pennies

Highlands County will be voting with its pennies for the 1968 Grand Prix Ball Queen soon. Canisters will be distributed throughout the county this year. Every penny dropped in is a vote for your favorite.

One of the candidates is Mrs. Paul Phypers, Jr., sponsored by Lake Placid Junior Woman's Club.

Carolyn, five feet seven, has brown hair and sparkling brown eyes.

Born in Santa Ana, Calif., she has been a resident of Lake Placid for nine years. Her husband, Paul, is a farmer in Lake Placid and collects antique cars. They have five children, Randy, 8, Paula, 6, Steven, 5, Craig, 4, and Jenifer, 18 months.

Carolyn is a member of First Methodist Church. She is president of Lake Placid Junior Woman's Club and has held the office of secretary and program chairman.

She enjoys swimming and being a housewife. Her main interests are her five children.

Coal beds in Nova Scotia and New Brunswick reach a thickness of as much as 13,000 feet. And, we are told, it takes eight to 12 feet of vegetable debris to produce one foot of coal. So What??

Andy Dennon Takes Position In Chipley

Andy Dennon, at one time a part owner of radio station WSEB and more recently in news, sales and programming at WJCM, left Sunday for Chipley, where he will be in sales, news and programming for station WBGC.

Mr. Dennon, who had lived in Sebring at various times since 1960, is also a former advertising representative for the Avon Park Sun.

Only Eight Animals Adopted

Only eight animals have been adopted out or reclaimed by their owners since Highlands County's new dog control program went into effect February 1.

While over 100 dogs and cats have been destroyed, with the county disposing of them.

Adopted were three pups, two cats, and one full grown dog. Two animals were redeemed by their owners.

One particularly beautiful dog, a black and white female English setter, is among the dogs picked up this week which will be destroyed if not claimed or adopted.

Rotary Report

George Walper introduced Mrs. Florence Peach, Executive Secretary of the Highlands County Red Cross, as a charming and effective herald for the coming Red Cross financial drive in March. Of course, this is an annual campaign, and all solid citizens support it. But here are some solid points we must spread to help this cause along.

1. The Red Cross is a Volunteer Outfit in terms of organization, direction, and financing. True, it has paid workers all over the world doing faithfully jobs for us and our loved ones. The Red Cross is You!

2. One of the biggest jobs is tracing persons, either for GIs or some GIs themselves, as well as ministering to servicemen away from home with counseling, hospitality, and personal service in family relations.

3. The Red Cross is active in international relations connected with the "Geneva Convention" relating to care and treatment of prisoners of war, etc.

4. R. C. is at work here at home, in our county—training people for water safety, home first aid, swimming classes, disaster relief. In Highlands County the case load in 1966-66 was 240, jumped to 423 in 1966-67, and is on the higher in 1967-68. Scholarships are raised to send leaders to the Aquatec school of Florida for special ten day training. Our local "Gray Ladies" in our schools are trained by RC. In 1960 when Donna struck us, our County received $19000 in aid. When a neighbor's house and goods go up in a fire, the RC sends in relief supplies and household goods to tide the family over.

5. Our Highlands County Red Cross hasn't been adequately supported—and now the financial need is Critical. Indeed, if more support isn't forthcoming, there is a possibility that our County office will close! That means, that when you have a need—you will have to go to Winter Haven office. Avon Park's share in the County budget is $5000. In the March campaign, we must do our share! The Red Cross is a volunteer outfit. Your Red Cross is you!

Money For Missions WMS Subject

"Money for Missions" was the subject of a very instructive and interesting program given at the February meeting of the Day Woman's Missionary Society of First Baptist Church on Thursday, Feb. 1. The members of the Kay Wheeler Circle, Mrs. E. A. Martin, chairman, were in charge.

How the church is involved in missions through gifts to the Co-operative Program and to mission offerings was the study question. The program theme was introduced by a dramatic sketch in which Mrs. Otis Strickler and Mrs. Kenneth Wells participated.

Mrs. Willis Robinson told of the 65 countries around the world in which Southern Baptists now have foreign mission work. An explanation of how the Co-operative Program works in the church was given by Mrs. Martin.

A chart showing how gifts at First Baptist Church have increased was displayed and explained by Mrs. Raymond Hall. The closing prayer was led by Mrs. Aden D. Childress.

During the business session monthly emphasis were given by three chairmen. Stewartship was presented in a skit by Mrs. W. C. Touchton and Mrs. Bryce Martin. Mrs. W. B. Johnson announced the schedule for the "Season of Prayer for Home Missions" March 4-8. Prayer partner cards will be distributed in each circle.

Representatives of the youth work were introduced and told something of the month's plan of work for their group. They were Mrs. Lucy Loveless with the seven-year Sunbeams, Mrs. Carol Hall with four-year Sunbeams, and Mrs. Jack Collins with the 10-year G.A.

Announcement of the Orange Blossom Associational WMU quarterly meeting on February 14 from 10 A.M. to 2 P.M. was made. The next regular meeting will be held on Monday, March 4 in connection with the Season of Prayer for Home Missions.

Volkswagen introduces the automatic stick shift.

After lo these many years our humble little bug has gone automatic.
Gone is the clutch.
Gone is the wifely whine, "It's cute, but I can't drive it."
Gone is an era of Volkswagendom Sniff.
And in its place?
A Volkswagen you can drive all over town without shifting.
Only on the highway do you shift.
Once. (This is an economy move. Which, after all, is still the name of the game.)
But you do have a choice in the matter: you can drive it the easy way (described above). Or you can start out in low and take it through the gears like a regular stick shift.
The automatic stick shift is an option: you pay a little more.
But you do a little less.

No Cases of Yellow Fever In 60 Years, But Eradication Continues

There have not been any known cases of yellow fever in Florida in over 60 years.

But an all-out assault on the insect, with a force of some 70 men and 11 trucks, headed by biologist Eugene G. Rayhuck, is now in progress in Highlands, Hardee and DeSoto counties.

Larvae of the Aedes Aegypti mosquito, which carries yellow fever, were found in such numbers in these counties during an inspection here this Summer covering several months, that a full scale eradication program was authorized.

"I hope to have all my men hired within the next two weeks," said Rayhuck, the new area supervisor and former area supervisor in Palm Beach County.

We want to clean it out here and then go to the hard core area which is West Palm Beach South," he said.

Rayhuck, employed by the state of Health Education and Welfare was assigned to the state of Florida, and is a veteran of such fights as that against encephalitis, water pollution and air pollution.

The Aedes Egypti breeds in man-made containers such as old cans which fill with rain-water, and Rayhuck said he hopes to get city and county cooperation in a campaign to clear out trash.

"Trash is something everybody has and nobody wants but me," said Rayhuck, "and I intend to put it in a sanitary landfill, if we can get the cities and counties to cooperate with us."

One of his projects in West Palm Beach, he said, was to remove a large number of old vehicle bodies from the scene.

He will have offices in Wauchula and Arcadia, but will headquarter and live in Sebring. The mosquito control office is on State Road 17 North.

Rayhuck said he will need the cooperation of all the people in the county to accomplish his task.

It was pointed out by Dr. J. D. Workman, county health officer, that although there has been no recent outbreak of yellow fever, all that is needed is one case to pepper the community via the mosquito, and the illness is hard to check.

The eradication program using spraying and insect source reduction methods has been launched on a national scale. The Highlands County Health Department is cooperating.

Rayhuck and his wife, Gertrude, and their daughter, Joanne, 5, are now residing in Sebring. Rayhuck is a graduate biologist from the University of Miami and spent five years in the encephalitis fight in the Tampa Bay area.

The world has some 4 billion acres of land, good, terrible and in-between. Of this, some 2.7 billion acres are suitable for production of crops, or for pasturage of animals—less than one acre for each person now living.

Motor Memos, our little weekly column will include friendly tips on the operation and maintenance of your car. We hope that you will enjoy following it as much as we do presenting it each week and that you'll find our suggestions helpful.

Incidentally, faulty exhaust systems claim more lives than one would ordinarily realize. Moisture accumulated from hot exhaust through a cold metal muffler and exhaust pipes causes corrosion, rusting through and eventual leakage, possibly into your car's interior. Have your exhaust system checked regularly by trained experts.

We have two newcomers to wish a pleasant Winter visit while here in our park, Mr. and Mrs. Nelson Reynolds Murrella from Lancaster, Pa., Court No. 1, and Mr. and Mrs. August Schulz (Gertrude) from Lake Geneva, Wis., on Court No. 31.

There were 80 members present at a special meeting of the Federation of Mobile Home Owners of Fla., Inc. on Saturday night, Jan. 27 at the Avon Mobile Home Park Recreation Hall. This was in recognition of the organizing of the Avon Mobile Home Park Unit No. 1 of the Federation of Mobile Home Owners of Florida, at the present time associated with the Polk County District, until more units are formed in Hardee County.

The following officers were installed by Bertram Lewis, president of District No. 1 of Polk County: President, Ora Myers; Vice President, Lawrence Robinson; Secretary and Treasurer, Mrs. Margaret E. Shuffling

Duke Christensen was re-elected president of The Florida Shuffleboard Association for his second term. This was at the 32th annual three-day State Singles Tournament at the St. Petersburg Shuffleboard Club. The annual meeting was held on the second evening of the tournament when all the state officers were re-elected. Norman Flora of Sebring was elected president of the Central District.

A banquet was held the first evening to honor those who were elected to the Hall of Fame. These were people who have done most for shuffling in the State of Florida. The secretary of the State Board, William C. McCracken, was master of ceremonies. Duke Christensen gave a short talk.

The Winter Guest Club of Avon Park is very proud to have one of its members hold the highest office in the state. Mr. Christensen was district president for three years, president of the local club two years, and manager of the tournaments for several years.

Judy Kerr and Lloyd Young won the "B" class in Wednesday's tournament, with Tom Hance and George Norris the runners-up. Consolation winners were Kellie Larew and Harry Maye over Estelle Sayers and Gladys Warner. Thirteen courts were in play.

"A" winners were Ethel Kime and Walter Sayers over A. McAlexander and Art Reinhardt. Milton Higgs and Herbert Shauger won in consolation over Jim Brown and Mae Rankins. Twelve courts were in play.

On Saturday Kellie Larew and Ross Stewart won over Eva Chamberlain and Georgina Wernham. Consolation winners were Catherine Baker and Leslie Hildreth over Mabel Crocker and Edith Stevens. There were 11 courts of "B" players. Tom Clarke and Alva Thompson won in the "A's" with Fred Bolton and David Dickerson the runners-up. Chris Cabezas and Ruth Jordan won in consolation over Ernest Rouget and Caroline Webber.

Card Games

In pinochle on Monday, John Nuber led with 728 points. Allene Howard was a close second with 717. Door prize was won by Sadie Benson.

Seven tables were in play in bridge on Tuesday with Grace Beauvais coming in with a score of 5670. Bud Hawkins second with 4550. Genevieve Moran won the door prize.

Mr. and Mrs. William Cole won in duplicate bridge as North-South. The winners in East-West were Claude Bynner and Chas. Brush. Door prize was won by Claude Bynner.

Entertainment

Thursday evening at the club house snakes predominated. The succulent fruit that is given as prizes turned out to be labeled Rattlesnake Meat. Seven persons vied for the honor of champion snake catcher of the Avon Park area. It was with much misgivings that the prize winners had their catch draped around their necks for a picture taking routine.

Crafts

Forty or 50 ladies were busily making fruit this past Thursday morning. Next it will be the coloring of same fruit. Next Thursday morning they will be making things from copper and aluminum, under the direction of Evelyn Rouget.

The Hobby Show will be March 14. The ladies will display their handicrafts, not only what has been made in crafts at the club, but many other things.

Dances

The lessons on Monday evenings continue from seven till eight. Regular dance afterwards till 9:30. The dance on Friday was very well attended with many guests and newcomers. Five squares were on the floor at one time.

Supper

Ninety-three were at the Saturday evening supper, 35 from New York and 10 from Indiana. Guests attending were Mr. and Mrs. Archie Topping and Mr. and Mrs. Les Chase of Wild Rose, Wis. Mr. and Mrs. Howard Crumb of Rochester, N. Y. Mr. and Mrs. Roy Wyant of Castile, N. Y. Mrs. Ruth Geoffrey of Toronto, Canada. Mrs. Beulah McClure of Michigan and Mrs. Thelmas from Cape Cod, Mass.

Leola Poling was celebrating her birthday, and the Earl Mawells their wedding and anniversary.

Maynard McKinnon gave thanks for the bountiful supper. Emily Neuwirth read "Old Age Beatitudes." Maynard McKinnon told several anecdotes, and several jokes were told, and all were much enjoyed. The group sang a number of old familiar songs in closing. Eula Gunning accompanied these on the piano.

The Maynard McKinnons and the Jack Neuwirths were the hosts.

FHA Sweetheart Announced At Dance Sat.

The annual TWIRP dance will be held Saturday, Feb. 10 at the Avon Elementary Cafeteria. The time will be from 7:30 until 11:30 with a live band, the Cellar Doors.

The dance will be open to all Avon Park High School students and their guests. Refreshments will be provided by the FHA. Admission price is $1 per person. The dress will be dressy, with the girls wearing heels and the boys wearing coats and ties.

All Future Homemaker members will vote for the FHA sweetheart and the winner and runner-up will be announced at the dance. Last year's winner was Penny MontiDevca.

At this dance the girl asks the boy of her choice. She is to bring him and also pay for both of them. This is how the name of the dance came about. TWIRP stands for "the woman is requested to pay."

All FHA members are encouraged to attend!

The Library Corner

The Heretic—Alison Macleod.

"In the 16th century England a heretic was anyone who dared question the beliefs held by the reigning sovereigns. Anne Askew disagreed with Henery VIII, who was himself a heretic in the eyes of the Catholic church. Her real crime seems to have been her insistence that her marriage was a nullity. She had been forced, while still a child, to marry Thomas Kyme, who later turned her out of his house.

The much divorced King strongly objected to divorce for others. Having set his own conscience against the authority of the Pope, he refused to let his people set their consciences against him. Even Anne Askew's friendship with the queen, Katherine Parr, did not protect her. Indeed, it made her important enough to be "put to question" in the tower.

Two of the King's counselors threw off their long robes and worked the rack themselves. She refused to tell them anything about her friends at the same time she refused to recant.

The Heretic is the story of this woman who died for her convictions, as it might have been told by the maid who was with her to the last. It is history illumined by imagination.

Anne's own narrative, which was written in prison, smuggled abroad to be printed, and then given out secretly in the London streets, still survives. It provides the factual basis for the novel, but Alison Macleod has brought to the historic facts a modern consciousness of the effects of tyranny."

Desegregation Plan Will Be Submitted Mar. 1

A new desegregation plan for Highlands County schools will be submitted to federal Health Education and Welfare officials by March 1.

At Tuesday's meeting the school board authorized Superintendent George F. Douglass and board attorney Frank Bryant to draft statements to answer charges that the board is "maintaining small and inadequate schools" and has failed to desegregate faculty and staff.

The original notice that Highlands schools are failing to meet the requirements of the 1964 Civil Rights Act gave the local officials 30 days to file a new desegregation plan. In telephone conversation the HEW officials had offered Douglass a 30-day extension to that deadline, but he told the board he does not believe it will be necessary.

Both Bryant and Douglass said the board's three-year-old desegregation plans is essentially acceptable, but HEW is requiring statements of board policy about how it will be implemented next year in two specific areas.

"I want it to be perfectly clear that the phrase 'small and inadequate schools' is in reference to the junior high programs at Carver, Douglas and Hopewell," Douglass told the board.

In response to questions from Board Member R. L. Padgett, Douglass acknowledged that the junior high programs in the smaller Negro schools "cannot be the same quality as those in the larger Lake Placid, Sebring and Avon Park High Schools."

He told Board Chairman Henry Bailey repeatedly emphasized that all the high schools are so overcrowded that further integration cannot be attempted until some new buildings are completed. Douglass is confident that HEW will accept the board's assurance, in a policy statement, that dual junior highs will be eliminated when buildings are available.

Bryant suggested that the board could meet the faculty desegregation requirement by attaching to its present plan a statement giving exact figures and percentages of faculty and staff to be assigned across racial lines in 1968-69 school year.

Douglass said a special meeting of the school board will be called later this month to study details of the desegregation plan.

Sixteen other Florida counties —Columbia, Hernando, Hardee, Jackson, Jefferson, Lake, Marion, Nassau, Osceola, Palm Beach, Putnam, Seminole, St. Johns, St. Lucie, Suwannee and Washington—have been warned that federal funds are in jeopardy.

Dr. James Campbell, associate state superintendent, said this appears to herald a "considerable increase in strictness in enforcement of the Civil Rights Act."

Bond Sale Delayed

The board voted Tuesday to accept the recommendation of its fiscal agent, Wainright and Ramsey, and delay sale of the $1 million race track bond issue until July 1.

Douglass said difficulties in shifting the race track money out of current operation into

Bill Reck Elected To Second Term As President of APGA

Members of the Avon Park Golf Course unanimously accepted the recommendation of the nominating committee and re-elected W. R. (Bill) Reck to a second term as president of the Golf Association at the annual membership meeting Thursday night.

John Giddens was elected to serve as vice president and Aaron Cravens, secretary and treasurer for a term of two years. Others elected to serve on the board of directors were Cecil Skipper and Robert R. King for a term of one year.

Robert Young was elected to serve for two years and Guy Garrett, Bob Lee and Bob Barben are to serve three years.

The golf association has 178 members and opening day the membership was only 120. The goal set by the association is 200 which they expect to get by this summer.

In November and December 2618 members to play and in January 1637 registered for a total of 4255. The total number of green fee players that have registered to play through January is 743.

Alex Ogilvie, pro at the golf course, said he was very much impressed with the number of juniors that are playing or that want to play. He said he has been working with between 10 and 22 every Saturday teaching them rules and adequate while on the course.

Ladies day is every fourth Thursday. A golf clinic is held for anyone wishing to attend.

Safety Award

A SAFETY ACHIEVEMENT award for the best accident prevention record of any major citrus processing firm in Florida, has been won by employees and management of Ben Hill Griffin, Inc. Industrial accident injuries and medical costs were reduced by 66 percent during 1967. The award was presented to Ben Hill Griffin, Jr., left, at the close of the company's first year of operating a formal safety program.

High School To Present A Musical Comedy March 8

A musical comedy in two acts, "Mr. Crane" is to be staged at Avon Park High School March 8. This is the result of a dream of the high school principal, Guy Garrett, and many members of his faculty.

Traditionally there was the senior class and junior class plays. Now there will be a fine school production of near professional character with a large cast of characters.

The musicale, "Mr. Crane," is of course taken from the legend of Washington Irving known as the Legend of Sleepy Hollow and familar to every generation since the time in which he lived in New York State. The setting of this version is in modern times in which many popular tunes are sung.

Rehearsals are being held daily under the direction of K. Eberle, A. Miracle, Jim Martindale, Vic Mickunas, Ernest Doty and other faculty members.

The extravaganze in two acts will be held Friday, March 8, and Saturday, March 9, in the high school auditorium, curtain time is 8 P.M.

Plan for ticket sales is as follows: Advance sales—students 75c; Door tickets—students $1.00; advance sales—adults $1.50; door tickets—adults $2.00.

The souvenir booklet giving the cast of characters and the program will have a special sheet listing donors, people who are interested in financing such a worthwhile project. The list will be called the Patrons of the Musicale.

Tickets may be procured in advance through any student or at the high school office. It has been many years since such an elaborate venture was tried in Avon Park High School and it is flet the city is ready for this high type entertainment.

Cof C Directors Meet Tonight

All members of the Board of Directors of the Avon Park Chamber of Commerce are urged to attend their regular meeting Thursday, Feb. 15 at 8 o'clock at the Chamber office. All members of the Chamber are invited to attend.

City Hall Collects $13,000 Delinquent Property Taxes

The Avon Park City Council at their regular Monday night meeting were told by Assistant City Manager Harry Borden that $23,058.77 delinquent property taxes has been reduced to $9,958.97 and personal property taxes had been reduced from $862.40 to $130.80 for a total of $12,970.30 collected or being paid on installment agreements.

Also brought out at the meeting was a list of people who were violating the water and sewer ordinance.

The situation is the result of the activity of the city people who added apartments to their homes for rental purposes without the use of existing ordinances. The corrected bills will increase the city's income by approximately $225 per month so far.

There are 435 sewer hookups at the present time in the city of which 339 are residential and 97 businesses.

In other action the council denied Leo Smith to park a trailer in Cherokee Ave. next to his home for his mother-in-law. Smith presented a petition of his neighbors consenting to the trailer.

Mr. Albright said this was a hardship case and the council should make an exception since Smith's property is only 100-feet beyond the commercial zone.

Mr. Lane made a motion to give Smith 45 days to present his appeal to the board of adjustments and come back to the council for action on the matter.

—Agreed to help install gates on Hart Avenue which goes through the cemetery.

—Voted to mark off 300 feet on each side of South DeLaney Avenue North to Castle Street for parallel parking and to install stop signs along Carolina Avenue on First, Second and Third streets.

Mayor Doerr said with all due respect to the council and Congregational Church and its members "I feel that this property can best be used by remaining the property of the city."

Council also rescinded a motion of January 22 to extend cocktail lounge hours. The action to extend the hours was taken to conform with Sebring, but last week Sebring also rescinded their motion.

United Telephone Company Announce Plans To Adopt An All Member Calling Plan

United Telephone Company of Florida has announced plans to adopt the all number calling plan, known nationally as ANC. The change will be introduced gradually through a 11 of the northern area's nine exchanges.

Making the announcement is Hour the forthcoming change was E. F. McMillin.

McMillin noted that the first exchange to be converted to ANC will be Clewiston in March of this year. For the most part," McMillin said, "the conversion to ANC merely means the dropping of the familiar exchange name and replacing the associated first two letters with the corresponding numbers." Avon Park would see GLendale 3 replaced by 453 and so on," he said. It may be a year before Sebring starts changing.

By way of explaining the necessity for conversion to the all number calling plan, McMillin outlined a history of dialing and the complexities involved where there aren't enough exchange names to go around; it goes something like this.

The problem area of telephone numbering had its begining soon after the introduction of the telephone.

The rapid increase in telephones swamped operators and the idea of assigning numbers evolved. The numbers worked fine for a long time, but then big city populations grew too big to be handled in one central office, and a central office name had to be added to telephone numbers.

This seemed to solve the problem—but only temporarily.

The problem was solved only until the industry made the new advance called direct distance dialing (DDD).

Now in operation through most of the nation, direct distance dialing enables customers to dial their own long distance calls.

DDD expanded the calling area but it had narrowed the possible number of combinations for practical use in telephone numbering.

For an example, let's look at two nearby communities.

In city "A" there is a central office known as TWinbrook, and Mr. Jones has telephone number TW 2-5459. In city "B" lives Mr. Smith and his phone number is TYler 2-3459.

A quick look at your telephone dial will show that in effect, the two men have identical numbers—892-3459. Now if city "A" and "B" are in the same DDD calling area, this is going to present an obvious problem.

So a new numbering plan was needed and ANC was the industry's solution.

The adoption of ANC telephone numbers has some side benefits too. ANC helps eliminate dialing errors caused by sound-alike central office names such as Mitchell and MUtual. It eliminates wrong number dialing caused by mistaken spelling, such as HI instead of HY for HYacinth.

Ultimately, the world-wide use of ANC would make it possible to remove the letters from all telephone dials, thus making them easier to read and also helping the trend toward the smaller telephone, including the use of push-buttons instead of dials.
