SEVEN COUPLES celebrated their 50th wedding anniversary at the Winter Guest Club Sunday. The club house was filled with a capacity crowd to see the couples be honored, and cut a large cake provided for them. From left to right, Mr.

and Mrs. Earl Ayling, Mr. and Mrs. Frank Jinn, Mr. and Mrs. Edwin Skanson, Mr. and Mrs. Joseph Parson, Mr. and Mrs. Fred Thorley, Mr. and Mrs. Clifford Seifert, and Mr. and Mrs. Tony Kerr.

Winter Guest Club News

By Elizabeth Clarke

Shuffling

The Winter Guest Club was the scene of much activity Tuesday when 14 teams from each of the three cities, Sebring, Lake Wales and Avon Park, gathered to vie with each other for the most games won.

Sebring won 46 games with Avon Park a close second with 45. Lake Wales came in with 33. The winning teams from Avon Park were: David Dickerson and Fred Babin, three games; Lawrence Robinson and Robert McBeth, four games; Walter Sayers and Ernest Rouget, four games; Charles Rorley and Scott DeFolter, six games.

Ruth Jordan and Dorothy Wade, three games; Clay Kull and Everett Paxton, four games; Andy Clarke and Horace Cole, five games; and William Bell and Frank Fisher, five games.

The postponed tournament of January 3 was played off on January 4 with the following results: Ralph Crocker and William Miller were the "B" winners over William Chapman and Mildred Long. Harold Faulkner and Chester Thayer won in consolation over Georgina Werham and Lloyd Young.

"A" winners were Kate McAlexander and Everett Paxton over Charles Fernerman and Arthur Bombard. Jennie Baker and Robert McBeth won in consolation over Chris Cabezas and Alva Thompson.

In the regular tournament on Wednesday, Ellen Coombs and Albert Reinhardt won in the "B" class, with William Chapman and George Coombs the runners-up. Consolation winners were Georgina Werham and Lloyd Young over Fannie Blank and Harry May.

In the "A" class William Bell and Charles lost to Robert McBeth and Hazel Thompson. Jim Brown and Ray Mullins lost to Andrea Clarke and Ernest Rouget in consolation.

Saturday's "B" winners were Welcome Miller and George Parker over Harry May and Harold Walcott. Consolation winners were Leonard Warner and Gladys Warner over Mary Smith and Lloyd Young.

"A" winners were Charles Fernerman and Walter Sayers over Clay Kull and Dale Christensen. Chris Cabezas and Tom Clarke won in consolation over Leo Wagner and Alan Wetmore.

Winners of meals this week were Bert Shauger, Louise Priolepp, Russell Smith, George White, Ellen Coombs and Flora Hoppe. Laundry tickets went to Georgina Werham, July Kerr, and Andy Clarke.

Theatre tickets were won by Thayer Faulkner, Ruth Robinson, Harry May, Ross Stewart, Tom Clarke, Clay Kull, David Dickerson, Leo Wagner, Harry Wade and Hazel Thompson.

Card Games

High score won Monday in pinocle went to John Nuber with 709. Claude Byrner came in second with 747. There were seven tables in play. Six tables of members played in duplicate bridge on Thursday. North-South winners were Stella Warner and Ann Barth. East-West winners were Earl Brevoort and Lillian Rodgers.

Many busy ladies picked out the day and designs to make some lovely articles. This next Thursday they will be grouping them.

Supper

Eighty-one were present for the supper Saturday evening, Jan. 13. New York had 25, Indiana 12 and Michigan 11. Fanny Blank gave sincere thanks for all the needed things of life. Hazel and Milton Higgs assisted by Harriet Higgs did a fine job getting food around the tables to everyone and keeping hot water pitchers filled.

Mr. and Mrs. Kenneth Dyser of Lansing, Mich., Mr. and Mrs. Otto Kroger of Marion, Wis., and Mr. and Mrs. George Smith of

Ontario, Canada, and Dorothy Dutch of Washington D.C. were guests.

Happy birthday was sung to several and one couple celebrated their wedding anniversary this past week. Florence Baker is in the hospital with the shingles. Charles Brush is home from his hospital stay.

Hazel Higgs read a poem "Chautauqua Lake Picnic" written by Rosa Neil Cranfill when she was 86. She told of pioneer days in 1871 when, with her family, she went to this picnic in a wagon pulled by oxen and crossed the lake on a ferry.

History says this ferry is still in use and a point of interest in New York. The lake is 18 miles long, and the ferry crosses at the narrowest point from Stow to Bemis Point. At the present time it is capable of carrying nine cars at a time.

Harriet Higgs read several jokes, mostly "out of the mouths of babes."

The meeting was closed with group singing accompanied by Ella Gunning. They seemed to like singing and think it should be done more often.

Membership

First time members: Harry Lyons of Hampton, Va.; Ray and Fanny Keeler of Greenfield, Ohio; Scott and Nellie Starr of Cleveland, Ohio; Otto and Henrietta Kropfer of Marion, Wis.; Martha Porter of Union Mills, Ind.; Herbert and Helen Smith of St. Paris, Ohio; Sarah Spindler of Falmouth, Mass.; Lewis and Pauline Schinkel of Connersville, Ind.; James and Bess Wiggins of Stearns City, Iowa.

Recently returned members: Walter and Gertrude Baxter of Moxvay, Ohio; Cecil Burroughs of Carrollton, Ill.; Horace Cole of Cambridge City, Ind.; John and Agnes Decker of Cedar, Mich.; Ralph and Ella Gunning of Cedar, Ind.; Marie Kramer of Callingswood, N. J.; Claude Moore of

Cedar Falls, Iowa; Charles and Marjorie Park of Sherman, N. Y.; Harry Porter of Union Mills, Ind.; Ed and Clara Reutshler of Marion, Ohio; C. L. Smith of Oakton, Va.; Myrtle Ponzelle and Nora Werner of Milton, Ind.

We now have 614 members. An overflowing crowd of members gathered at the club house Sunday afternoon at 3 P.M. to honor seven couples who celebrated their 50th wedding anniversary in 1967.

Opening the musical program was David Sechrist on the cello playing a Stephen Foster melody and "Old Man River." Accompanying him on the piano was Gerald Perkins.

Albert Cushing on the violin played "Theme and One Alone" and "At Dawning." Mildred Long sang "Because" in a manner never to be forgotten.

Dora Milligan recited a poem, which she composed. It was well executed and very appropriate for a golden wedding.

Keith Debo is a cross between Will Rogers and Edgar Guest. His recitation was superb and in a language familiar to all.

To the strains of "Here Comes The Bride" seven couples came on stage to be introduced. Earl and Irene Ayling, Frank and Mary Jinn, Edwin and Minnie Swanson, Jesse and Mda Parsons, Fred and Mildred Thorley, Clifford and Ina Seifert and Tony and Sarah Kerr. Then Rev. Hardie offered a prayer.

The cake cutting ceremony will never be forgotten with the picture taking and the antics of the frisky "young bucks."

Everybody then went through the receiving line and on to the delicious punch and cake served by Flora Hoppe and her efficient crew.

Beautiful yellow chrysanthemums and corsages designed and arranged by Evelyn Rouget lent a beautiful decor to a lovely and enjoyable afternoon.

TWO ARBOR DAYS?
 For many years Florida has two Arbor Days—one observed by the public schools, the other by the State Federation of Garden Clubs. In 1945, however, the Florida Legislature adopted the third Friday in January as Florida's official Arbor Day. Annually, the state of Nebraska pioneered the Tree Day idea in 1927.

FLORIDA'S HOTTEST
 One of the most destructive forest fires in Florida history occurred in 1966 in Columbia, Baker County, originating from Pinhook swamp, 120,000 acres of this prime timber, were ravished in a 24-hour period. Thirty crews fought the raging flames made more difficult to suppress by a dry cold weather front and high winds.

Smokers who want to kick the habit will again have their chance next week under a special five-day plan to be conducted here by a physician-chaplain team at Walker Memorial Hospital.

The plan consists of regular evening group therapy sessions and a daily personal control program for home or work. It has had a successful five-year trial run in most major cities of the U. S. and Canada and has been featured in Time, Newsweek, Parade and many of the nation's leading newspapers.

Conducting the program locally will be Dr. A. H. Foster and Chaplain C. J. Danforth, both of the Walker Memorial Hospital staff. Group therapy sessions will be held without charge from 7:30 each evening beginning January 25 in the north lobby of the hospital.

Sponsored by Walker Memorial Hospital, the five-day plan is a public service to help improve the health of the community and to contribute to the national physical-fitness program.

Chaplain Danforth explains.

Already held successfully in cities all across the United States and Canada, the five-day plan to stop smoking features such topics as the psychological and physical aspects of the habit, how craving can be weakened, how will power can be strengthened, physical effects of smoking, organizations of a badly system and many other techniques designed to break the habit within a five-day period.

A feature will be the film "One in 2000" depicting in full color a lung cancer operation, to be shown January 26, the first evening of the therapy session.

Developed under the sponsorship of the Seventh-day Adventist denomination, the plan was originated by J. Wayne MacFarland, M.D., and Elman J. Finkenberg, clergymen, both of South Lancaster, Mass. As many as 500 smokers have been engaged in the plan at one time.

Mrs. Lucille L. McPherson, Mrs. Mildred J. Shepper, Mrs. Lulu Maddrell, Mr. and Mrs. L. Shoemaker and Mr. and Mrs. Lloyd Steven pass back from a fun cruise to Nassau aboard the S. S. Bahama Star Eastern Steamship Lines popular cruise ship. They enjoyed the fine entertainment and good food while aboard the ship.

THE AVON PARK Fire Station buzzed with activity all day long last Saturday during the Rabies Clinic which was held from 9 A.M. to 5 P.M. City Clerk Malcolm Cross reports that 176 cats and dogs were licensed during the day. 176 were licensed on the previous Saturday making a total of 206 to date. In addition, 11 licenses have been sold at the City Hall. This is estimated to be only about one-third of the animals in this area which should be licensed. The new county licenses are good anywhere in Highlands County. They are on sale at the city offices in Avon Park, Sebring and Lake Placid. County Inspecting Officer Hollis Richards has been employed to enforce regulations on stray animals and an immediate drive is planned.

CARD OF THANKS

We wish to express our sincere thanks and appreciation to our neighbors, friends, the friends of the family, to Dr. Burt and Mrs. Dugan for all the love and kindness given to her during her illness. A heart felt thanks to her many cards and messages, especially received from her friends in Sebring since her death.

Garden Clubs

The Avon Park Federation of Garden Clubs will have a bake sale on Friday, Jan. 26, starting at 8:30 A.M. at the Kwik Check. Proceeds will go toward beautifying the Mall.

Our word AMETHYST

A gem stone, takes its name from two Greek words which mean "not to be drunk." They were formerly worn in necklaces or on rings, hoping they would accomplish this result.

NELL ROBERTS and Carolyn Tomlinson are shown displaying a poster about the Mothers' March which will take place Feb. 26. Leave your lights on as each house will be canvassed for this worthy project.

Highlands County Mothers Will March Tuesday For Dimes Fund

Highlands County's annual Mothers' March for the March of Dimes is set for Tuesday night with door-to-door campaigns planned for Avon Park, Sebring, and Lake Placid.

Residents are urged to cooperate by leaving their porch lights lit that night, according to Gene Schick of Sebring, campaign director for Highlands County.

Mothers' March goals include \$1,000 for Avon Park, \$1,200 for Sebring, and \$300 for Lake Placid. The county's total goal is \$3,000.

The fight against birth defects is being carried on through programs of research, medical care, and professional and public education—the same approach that led to the victory over polio.

Schick and Howell have issued a plea to Highlands County residents that each do his part to make the 1968 March of Dimes drive the most successful ever.

Christmas Bags Appreciated

Have you wondered if the Christmas bags filled with gifts for the boys overseas were appreciated at the holiday season? You may be sure they were. Many letters have been received by these who included their name and address in bags of appreciation for the thoughtfulness in remembering those overseas.

One letter states: "This was a great morale booster for the boys on this day when homesickness is so great, and the missing of their families and loved ones. For this I send my thanks and gratitude."

Many others of like content were received. The Christmas bags were made by the American Legion with Mrs. Arnold in charge, churches, WWI veterans clubs and individuals, from material furnished by the American Red Cross. These were filled with paper backed books and notable articles which were contributed by interested people.

This was a most worthwhile project and plans are being made to send more bags next Christmas.

A 25-foot scale ship in Big Trees State Park, Calif., has been used as a fair for a dance hall, a restaurant, a church, a saloon, a bowling alley, and for a newspaper shop.

Avon Mobile Home Park

Welcome to newcomers, Mr. and Mrs. Norman Anderson from Wisconsin, who are on Court 24. The first meeting of our branch of the Federal Association of Mobile Home Owners of Florida, Inc. met at Avon Mobile Home Park, Recreation Hall, on Monday, Jan. 22 at 3:30 P.M. for the purpose of electing officers as follows: President, Ora Myers, Vice President, Lawrence Robinson, Secretary and Treasurer, Mrs. Raymond Margaret Friss.

The next monthly meeting will be held on February 26 at 3:30 P.M. in the same place.

Our monthly pot luck dinner in the recreation hall was attended by 27 members of the park last Thursday. A beautiful fall, laden with plenty of good food, was once again the pattern. Hostesses were Mrs. Oma Marshall and Mrs. Edna Miller. Harry Wittekindt asked the blessing in prayer.

Frank Fisher, as master of ceremonies, favored us with some of his best jokes, and readings were given by Mrs. Alice Barnett, Mrs. Regina Roth and Mrs. Harry Longenecker. A lovely duet was sung by Ham and Nita Byer, accompanied by guitar music in the hands of Ham.

A welcome and introduction of new arrivals, since last month's pot luck followed, then adjournment after singing of "God Be With You."

It was sad news when we heard of the passing away of Mrs. Arthur (Gladys) Massey last week while in St. Petersburg. The interment was in

Bonagum Cemetery in Avon Park from the Marble Funeral Home.

Mr. and Mrs. A. C. Wright and their daughters, Mrs. Essie Hedges of Gainesville and Mr. and Mrs. Clarence Lumbard of Sebring, Fla., were dinner guests of their niece and her husband, Mr. and Mrs. Kellie Larree last Thursday.

Visitors to the Forrest Wade home, Warren Byers and William Milers, home last week were Mr. and Mrs. John Ely and on Wednesday afternoon, Mr. and Mrs. Harold Wessham from Bourdon, Ind., visited them after they had spent two days at Pompano Beach, seeing the horse racing. The Wesshams and Wesshams spent the evening with Mr. and Mrs. Harry Lemmer at Bonnie Brae Trailer Park.

Warren and Nita Byer and Mr. and Mrs. Welcome Miller drove to Punta Gorda last week to visit their friends from Bourdon, Ind.

Dorrie and Mrs. Kenneth Raak of Rukersfield, Calif., arrived on Friday for a visit with Mrs. Raak's parents, Dr. and Mrs. George White. Dr. Raak left on Sunday for Hollywood, to take a course in Orthodontics. Mrs. Raak is staying with her parents.

Mr. and Mrs. William Hawkins from Sheppard, La., were callers at Dr. and Mrs. George White's home on Friday. Mrs. Hawkins is a niece of Dr. White. They were on their homeward trek from a vacation on the Keys.

Mrs. Harry Longenecker was pleasantly surprised recently

WE RESERVE THE RIGHT TO LIMIT QUANTITIES

As much as we'd like to, not everyone can find time to run to the nearest Spanish or Cuban quarter to enjoy a meal of tender shrimp and yellow rice. So the next best thing is to serve this highly flavorful dish at home. I love to prepare it for three good reasons. Number one, it's a simple one-dish meal. Number two, it's pretty as a picture and can be prepared ahead of time. Number three, it's one of my family's favorites. But is still "cheap" enough to be served to company.

What could be easier for you than to prepare a casserole of shrimp and rice. Add a salad and heat up large, chunky pieces of Cuban bread? The meal practically serves itself.

But there's a hint I learned a long time ago. Never overcook your shrimp. I bring seasoned "bay leaves" about 6 peppercorns, salt and pepper water to a boil and add the shrimp. When water returns to boiling, cook shrimp not more than 5 minutes. This keeps them really tender.

Another thing. Did you know you can pretty well count on 15 to 18 jumbo size shrimp in a pound of raw shrimp. In the shell? If you buy pre-peeled shrimp, you'll probably find 25 to 30 to the pound. And 50 or more tiny shrimp will make up a pound.

Something else I find helpful is the fact that it takes 1/2 of a pound of raw shrimp in the shell to make up a cup of cooked, peeled shrimp. If you buy frozen, peeled shrimp, you'll need seven ounces to make up a cup.

We use shrimp in almost any form and right off hand I can't think of many foods as easily stored and cooked. I keep a couple of pounds of the seafood in my freezer at the time. Comes in handy, quickly for chicken, spaghetti, soups and hot meals. If shrimp isn't one of your "stand-by" foods, you might give it a try. It has helped me out of a tight many a time. Pretty handy food on the spur of the moment. I might add.

And by the way, a perfect Spanish-style dessert to go with your shrimp and yellow rice is creamed cheese and guava shells. The shells are the creamed-shrimp-meat portions of the fruit. You could serve the cheese with canned figs. Hope you like this as much as we do.

Federal Probe Pay System

A federal probe of this county's unique merit pay for teachers system has been launched almost simultaneously with the error Claude Kirk's request for an evaluation program for the whole state.

Highlands County School Superintendent George F. DeJas this week is preparing a teacher salary report requested by Lloyd R. Henderson, chief of the state branch of the federal Department of Health, Education and Welfare.

The report is to show name, race, salary being paid, date hired, date commencing contract was granted, rank and level of each teacher in this county.

This report request was made by visit in December a three-man HEW team investigating a complaint that the county school administration is using a dual salary system discriminating against Negro teachers.

According to reports West Coast newspaper, the plant against Highlands County school officials was filed by this county's Negro teachers.

Both State School Superintendent Floyd Christian and U.S. Superintendent, Douglas the National Association for the Advancement of Colored People that this county uses a rating system in which each teacher is graded as good, good or excellent.

Annual ratings are made in the first three years of a teacher's work in Highlands County but then the ratings are frozen until either the teacher is promoted or the principal in the school where the teacher is working makes a request for re-evaluation. If the principal makes a request it must be in writing.

JACK E. WELLINGTON, Wauchula Office Branch Office Manager and Assistant Secretary-Treasurer of Southwest Florida Production Credit Association, presents Glen Murphy, Highlands County cattleman, T. Hayes Maxwell, Highlands County citrus grower and Charlie Williams, Hardee County dairyman with refund checks. Mr. Wellington stated

that consistent with co-operative principles, the Southwest Florida PCA was able to return to its borrowing members \$12,596.56 even though 1967 was one of the highest cost of money to the association years. Southwest Florida PCA serves 623 farmers, ranchers, and growers in 9 Southwest Florida counties with more than \$20,000,000 of short and intermediate-term agricultural credit.

Federal Probe of Highlands County's Merit Pay System for Teachers Launched

A federal probe of this county's unique merit pay for teachers system has been launched almost simultaneously with Governor Claude Kirk's request for initiation of an evaluation program for the whole state.

Highlands County School Superintendent George F. Duglass this week is preparing a teacher salary report requested by Lloyd R. Henderson, chief of the education branch of the federal Department of Health, Education and Welfare.

The report is to show the name, race, salary being paid, date hired, date continuing contract was granted, rank and level of each teacher in this county.

This report request was preceded by visit in December, by a three-man HEW team investigating a complaint that the county school administration is using a dual salary system discriminating against Negro teachers.

According to reports in a West Coast newspaper, the complaint against Highlands County school officials was filed by 25 of this county's Negro teachers. Both State School Superintendent Floyd Christian and County Superintendent Duglass told the National Association for Advancement of Colored People that this county uses a unique rating system in which each teacher is graded as good, very good or excellent.

Annual ratings are made during the first three years the teacher works in Highlands County, but then the ratings are frozen until either the teacher or the principal in the building where the teacher is working makes a request for re-evaluation. If the principal makes the request it must be in writing.

stating the reason for the re-evaluation.

State Superintendent Christian admitted, to the NAACP, that the system contains possibility for discrimination, "but no evidence appears that discrimination is used."

The businessmen of the school board like to think of the ratings as a sort of merit pay schedule like those used in private industry. Each promotion in rating is worth \$200 per year to the teacher.

These supplements are in addition to the state ratings which are tied to college de-

grees. A Master's degree rates a boost of \$600 per year and a doctorate is worth \$1,000 per year.

Florida Education Association won record in 1961 opposing "subjective evaluation" as "discriminatory to the morale of the teaching profession."

One of the points in the Governor's address to the special session of the Legislature was the proposal for continuing valuation of teaching.

Within Highlands County at least there is some speculation whether the current HEW probes here will tend to steer the legislators away from this proposal.

Board Moves To Protect SFJC Construction Grant

By a promise to provide some county funds, the Highlands County Board of Commissioners moved Monday to protect a South Florida Junior College construction grant of a half-million dollars.

A special school board meeting Monday, Jan. 29, explained that addition of vocational buildings to the phase one construction program and a shift in matching fund requirements will make necessary a loan of \$100,000, instead of the originally requested \$100,000.

He explained the loan must be repaid within three years, and both the state and SFJC budget for repayment had been pledged to the lower figure.

In asking the county board for a promise to give aid, he said, "I realize that this is going to put the junior college in a financial straight jacket for the next four or five years. But if we fail to come up with the matching funds at that time we'll have to make a new loan."

The half-million dollar grant was to be used for South Florida Junior College and would be divided into two parts.

He explained the junior college would have to make a new application and federal financial aid would be given to the new grant.

Board Member Jack Work pointed out, "We can get a lot more building for the dollar here."

Where Can We Run To?

The President's State of the Union Message left many of our exasperated Democrats convinced there is something of a sorry state.

But after listening to the Republican bigwigs in their TV talk to the nation—where in the world is there to go except stick with the Democrats? Where can we run to?

Why, California's George Murphy, ex-movie star and now GOP drumbeater—emulating the appearance of Republican Congressmen, it still was a disappointing spectacle, despite Murphy's professionalism.

They started off with poor old Dwight Eisenhower, who really had very little to say and who are convinced will go down in history as one of our more inept presidents. And this is the GOP shining light?

But worse was to follow. Congressman after Congressman after Senator got up to mouth the Republican viewpoint and it was mostly just talk without saying anything. Lots of criticism. However, rapid oratory, but nothing to offer constructively to straighten things out. They could point to little solid accomplishment from the Republican side of the aisle.

If we were unhappy with Lyndon and company, the Republican program could only make us Democrats side with LBJ if only as the lesser of two evils.

The Republican presentation was so bad it made us wonder if some of their brighter boys, like Nelson Rockefeller, and George Romney, proven administrators, are not also tainted with the over-conversation of their party. And would they not shove this country backward instead of forward?

Maybe a change would be great, but after the GOP program, it would appear that a change from the Demos would be like jumping from a frying pan into the fire, to use an old cliché. The Hoover depression of the 30's and Eisenhower recessions of 1957 and 1958 are still sharp in our memories.

And we could not help but wonder how all these people, who spoke on and on with the bright smiles, the impeccable clothes, and had so little to say ever got elected to Congress.

We just sort of concluded that elections are popularity contests these days, that the electorate is too lazy, or uncaring to find out how a man thinks and vote, and as a result things are in a mess.

And doesn't it serve us right?

Accident Prone? It'll Cost You

It was a great year for accidents in Highlands county in 1967, which kept us right in step with the growing accident rate all over the nation.

Beyond the unmarked roads, injured and dead people, which are the immediate apparent results of an accident, there is much, much more.

Florida is one of the states that permits a car on the road without insurance—but once a person is in an accident, he or she has to have that insurance.

In the meantime, if the car causes an accident, and the people are too poor to pay for the misery their actions caused, the injured parties are stuck. Why sue somebody who has no money? Of course the party who caused the accident must carry car insurance from then on, or that's the theory.

There is another side to the insurance coin. Even if a person has an accident, not his fault, and maybe a couple of other minor accidents closely grouped together, the insurance company lands on him with all four feet, cutting down on the limits of the policy to where he is left practically naked and unprotected. So he tries frantically to get in another company, which charges plenty, if it takes him at all.

There was quite a hue and cry about this in a recent issue of Time magazine, which noted somebody had suggested government take over the car insurance business.

Cars have killed more Americans than all our wars. In 10 years, the average insurance premium has soared 55 per cent. Despite the rise in premiums, the insurance industry claims itself bright red. Thousands of unpreferred motorists must pay sky-high surcharges. So much money is involved it seems to nourish corruption. Ambulance chasing lawyers, doctors, witness who remember or forget the impossible.

Perhaps government takeover of this part of the insurance industry would be a good thing.

Whatever the answer—and we do not know what it is—some reform is needed.

LEWIS LLEWELLYN

Secrets Will Be Revealed—Sooner or Later

Will Big Brother soon be looking over your shoulder?

To some observers, in 1968, 1964 doesn't seem so far away—and George Orwell's predictions do not appear so far-fetched and grossly overemphasized as they may have seemed at one time. With the advent of the computer and the increasing centralization of government and governmental agencies in Washington, it was probably inevitable that sooner or later, someone would propose the consolidation of some of the files of these agencies.

Beneficial?

This is beneficial, at first glance, for those who run the agencies and bureaus would have available to them a quantity of information without the necessity of spending time and money to gather again files accumulated already by other agencies.

But critics of the proposal say that governmental agencies now have a great deal of information about citizens of the

United States which might be used to the detriment of these citizens if the greatest care is not exercised in the use of the data now on file.

An example cited by Prof. Alan F. Westin of Columbia University, who has made an extensive study of privacy and the attacks now being made on it, is that the FBI uses private investigators to look into the question of how a man and his wife are getting along, before approving an application for a government guaranteed home loan.

The FBI states that marital stability is an important factor in the making of home loans, because divorce is one of the leading causes of foreclosure.

But what if all the information on each of us is gathered into one central repository? Can we trust the people who run the machines to use the necessary discretion?

Proponents of the plan say that there is nothing to fear. Critics are unconvinced. Congress is considering the proposal.

Whether all of the recorded information about each of us will eventually be made available to any government bureaucrat who wants to satisfy his curiosity about us is not certain.

One Thing Certain

One thing is certain, though. There is a complete record of all that we have said and done—whether secretly or in secret—and this record will some day be made public.

Jesus said, "There is nothing covered, that shall not be revealed; neither hid, that shall not be known." Therefore, He continued, "whatever ye have spoken in darkness shall be heard in the light. And that which ye have spoken in the ear in closets shall be proclaimed upon the housetops."

Since we know that our secret deeds will some day be made known and that our most closely guarded secrets will some day be revealed, what kind of people ought we to be?

County Maps Back With No Road Names

Is the emotion a buyer feels at receiving the wrong order in direct proportion to the time the buyer waited for the merchandise?

By any measure the Highlands County commissioners suffered acute frustration Tuesday when they got their first view of the long-awaited maps of the county.

The new maps did not show the county road names. The commissioners had spent many hours on the road naming project prior to ordering the new maps.

So far as could be determined there had never been any attempt to catalogue the roads by name, and by tradition some of the most frequently traveled roads had acquired more than one title, others had no name at all. The naming project proved to be more difficult than it sounds, and was very time-consuming.

When finally completed, the maps were ordered and then the commissioners waited and waited and waited for the maps. This week the maps came in—state road names.

Zoning Director Jack Short, who thinks those maps with names will be vital to the new zoning board, offered to help Clerk Earl Rich add names before a printing order is placed. Comforted by the assurance that the road names can and will be added immediately, the commissioners ordered 100 copies of the new map.

Clark Rich was authorized to sell the new map at 25 cents each. "We are not trying to make a profit on the maps, and a 25-cent charge should cover the printing costs and postage when we have to mail some," Rich told the board.

The commissioners at one time suggested that once the county roads are named and mapped, it "would be nice to get some road signs up to help people find their way around the county more easily."

The appointment of Mr. Ward to the Florida Board of Trustees was announced. He will attend his first quarterly meeting on March 2 in Orlando at the state headquarters. Harold Turner is the director.

He and Mrs. Turner visited Highlands County a few weeks ago when the office building at 321 Magnolia, Sebring, was dedicated to the Lord's work and an open house was held.

The "B" Squad Up Wins to 13-1 Over Ft. Meade

The Avon Park "B" squad upped its record to 13 wins and one loss last Tuesday night when the scrappy varsity defeated by Fort Meade 54-51 in a real thriller.

The Devil's fire re-bunder, had 13 and 11 points each to add to the varsity's tally. The varsity's hardy accounted for six points.

The score was tied 13 all at the end of the first quarter and again at the half 27-27. Fort Meade held a one point lead at the end of the third period but the Devils outscored the young Miners 15-9 in the final period to take the 54-51 victory.

Big Mike Vanderhilt and Kenny Dixon hit for 13 points each for Avon Park's varsity. The varsity's hardy accounted for six points.

Welcome Visitors...

We hope you'll feel so at home in Florida that you'll stay for good. !

Florida, of course, is different—that's why you came. It's sunnier. Balmier. Sandier. Palmier. More spacious, herbaceous, ichtyaceous.

There's another difference you may not have expected. Most Floridians came from somewhere else. They're dyed-in-the-wool Floridians—with ties to the old home-bred! Floridians, they love it... as if they had borned it. As if it were their baby. So they want you to love it, too!

We think Florida is the most exciting place in the world—the Prototype State of Tomorrow! And we Floridians try to make it the friendliest... to show our appreciation for the zip and zest you bring... and to win you over, bring you back, and keep you here for good!

NOTE TO FLORIDIANS: Busy as we are these days, let's all try to take time to be as friendly as we feel... make our visitors feel at home.

Walker Memorial Celebrates 20th Anniversary Through January

Through the month of January, Walker Memorial Hospital in Avon Park has been celebrating the 20th anniversary of its founding. January 18, 1948, the first patient was admitted to this facility.

Staff physicians, employees, members of the community, advisory board, the board of directors, and friends who have been associated with the institution through the years have attended lunquets commemorating the celebration. Harold Brown, maintenance supervisor, staff physicians, Hubert Coleman, M.D., C. J. Larsen, M.D., Mrs. C. J. Larsen, medical rec-

ords librarian, and Miss Serpouhi Tavakolian, Miss T., R.N., were presented with 20 year awards.

Other awards were given for the following years of service: Fifteen years to S. A. King, M.D., D. C. Hartwell, M.D., Mrs. Helen Richardson, R.N., and Paul Richardson, A.R.C.P., ten years to B. C. Odling, M.D., five years to E. C. Burns, M.D., V. G. Waters, M.D., A. H. Foster, M.D., W. M. Od, M.D., Mrs. Virginia Brooker, L.P.N., Jack Brooks, Mrs. Mildred Becker, Mrs. Gene Hallett, Howard Pallett, C.R.N.A., Mrs. Ruth Pearson, Mrs. Osa Sellers, Kenneth Trone, Mrs. Helen Ward, and Miss Edith Wiquist, R.N.

A highlight of the 20th anniversary celebration featured the official opening of the new \$40,000 area which includes clinical laboratory, blood bank, and outpatient waiting room. Of special interest in this area is the new patient meditation chapel where patients or their families may find a place of quiet serenity in which to seek comfort in times of need. With this new facility, Walker Memorial Hospital has taken another step forward in better serving this community.

CARD OF THANKS

My sincere thanks to the folks at Southern Trailer Park for their assistance, visits and flowers I received while hospitalized at Walker Memorial Hospital, and for the food prepared for my husband. Also thanks to Dr. Coleman, Dr. Larsen and the hospital staff for the wonderful care. May God bless you all.

The Library Corner

Intelligent Life In The Universe was published in 1966. I. S. Shklovskii, associated with the Soviet Academy of Science, and Carl Sagan from Harvard University and the Smithsonian Astrophysical Observatory were the authors.

The product of a unique international collaboration between a world famous American space scientist and a leading Russian astronomer, is the first popular and accurate discussion of the entire panorama of natural evolution-including the origin of the universe, the evolution of stars and planets, and the beginning of life on the earth.

Also included is a great deal of new material.

While the book contains in small print technical material of interest to the specialist, it is written primarily for the intelligent layman.

A program on the Ecumenical movement, locally has been planned with Rev. A. G. Hardee the guest speaker.

Anyone may attend.

A recent check of 365 editions from the New York Times revealed 66 Biblical verses, references, or allusions.

Jimmie Downing, Branch Office Manager of Southwest Florida Production Credit Association presents Ben Eastman, Citrusman, left to right, Mr. and Mrs. Kenneth P. Detjen, Dairy, Eastman, Downing, Victor Fernandez, Cattle, and C. M. Payne, Cattle and Seed harvesting, all from Highlands County, with interest refund checks.

Mr. Downing stated that consistent with cooperative principles, the Southwest Florida PCA was able to return to its borrowing members \$42,996.56 even though 1967 was one of the highest cost-of-money to the association years. DON HALVERSON, Pathfinder leader of the military aspect of the Pathfinder group, together with Leslie Wapner and Byron Carlton seen at the ceremony.

Walker Memorial Seventh-day Adventists Sponsor Pathfinders Club

To a break "But Two-Three-Four" drillmaster cadence, the smartly uniformed marching unit of youngsters recently trumpeted along the Mall in the annual Avon Park Christmas parade. Large placards on an attractive float identified them as the Walker Memorial Pathfinder Club—"Christian Youth"—but many onlookers wondered just who this group was, thinking perhaps that their natty green and tan uniforms linked them to the Boy and Girl Scouts. Not quite so, though their aims and goals are much the same.

The chief chapter of Pathfinders is part of a worldwide army of "Youth Today" (sponsored by the Walker Memorial Seventh-day Adventist Church). These young people, numbering nearly 10 million in the ages of 10 and 15, are all part of a vast organization devoted to helping youth everywhere develop through character and youth activities. And since 1963 when the Pathfinder organization was launched around the globe, the plan has far surpassed the expectations of even the most far-sighted visionaries.

On becoming Pathfinders these young people must be willing to conform their lives to the principles of the JMW (Junior Missionary Volunteer) Law and Pledge. This means a promise, by the grace of God, to be pure, kind, and true; to be a servant of God and a friend to man. Further, they agree to keep the Morning Watch (daily devotion), to do an honest part, to care for the body, to keep a level eye, to be courteous and obedient, to walk softly on God's errands.

This may sound like a very large order, but Pathfinders do regard their promises seriously and with great success. It is indeed inspirational to see youngsters by the thousands building well-balanced lives as Pathfinders.

From the outset when Pathfinders are inducted into the club during a stirring candle-light program, life for a Pathfinder takes on new dimensions. Activity surrounds and abounds. Each week the Pathfinder night is devoted to special indoor and out-of-door activities and events. Vast in scope, instruction is given in the areas of Bible and nature study, the learning of useful and helpful things to do at home, first aid, personal and home hygiene, and crafts.

All this is accomplished while imparting, directly or otherwise, such qualities as honesty, sincerity, reverence, diligence, courtesy, truthfulness, obedience, and purity.

Currently the Walker Memorial Pathfinders have what is popularly known as a "swing-in" club. First, they learn by doing. Though the variety of activities seems endless, crafts of every description, carpentry, and more, make sales, etc.

Walker Memorial Pathfinders are very fortunate, indeed, to have a wonderful new home for their club. The entire balcony level of the handsome new auditorium gymnasium at Highlands Lake Junior Academy has been designated for this worthwhile unit, and the Pathfinders are now earning means to equip it with portable worktables and lockers.

Ceremonies Held For Juvenile Home

About 25 of the persons who have worked hardest for Highlands County's new juvenile home were on hand for ground-breaking ceremonies Tuesday afternoon.

Rev. Tom Jones, head of the building committee, and Mrs. William Guenther, who designed the building and is the wife of the new president, turned out the first shovelful of dirt.

The home will be a \$40,000 structure on five acres located between Highlands General Hospital and Fred Will school. The site was given by Youth Care, Inc., the corporation formed to build the home by the City of Sebring.

City and county officials and Youth Care members were on hand where for 10:00 a.m. to 1:00 p.m. can live. All crops can grow.

The Arabic alphabet has 24 letters, Turkish, 28, Russian, 29, Persian, 26, Latin, 22 and French, 21.

Just for the grand opening, K. D. Grady, contractor, will start construction some time in the next few weeks. James Brown is the architect.

MRS. CARL SELBY instructs Ruth Martin, a Pathfinder in the art of glass painting, one of the crafts taught the Pathfinder group.

Would You Believe?

That of the 6.3% recent rate increase for Workmen's Compensation, 5.6 percent in the legislature increased weekly benefits. The rate is effective Feb. 1st.

Christian Science Lecture Saturday
Glen L. Morning, CSB of San Francisco will give a Christian Science lecture at Avon Park on Saturday, Feb. 3, discussing how a spiritual standpoint in life turns trouble into opportunity.
The lecture is being sponsored by the Christian Science Society, and will take place at 7 P.M. in the church at Avon Park Lakes.
Mr. Morning is a recognized teacher and practitioner of Christian Science, whose interest in the religion began while he was a student at Drake University in his native Iowa.
He later did graduate work in piano and composition at the American Conservatory of Music in Chicago, and traveled widely as a concert pianist and theater musician. In 1965, he began devoting full time to religion, and was officially accredited in the Christian Science healing ministry.
He is now on tour as a member of the board of leadership of the First Church of Christ, Scientist, in Boston, Mass.

Kathy Akselsen Named 1968 Homemaker

Because she finished first in a written knowledge and attitude examination for senior girls December 5, Kathy Akselsen has been named 1968 Betty Crocker Homemaker of Tomorrow for Avon Park High School.

Kathy Akselsen's achievement has made her eligible for state and national scholarship awards and also has earned her a specially designed silver charm from General Mills, sponsor of the Betty Crocker Search for the American Homemaker of Tomorrow program.

A state Homemaker of Tomorrow runner-up will be selected from the winners of the schools in the state. The state winner will receive a \$1,500 college scholarship and her school will be awarded a complete set of the Encyclopedia Britannica by Encyclopaedia Britannica, Inc. The runner-up will earn a \$500 educational grant.

The Betty Crocker Homemaker of Tomorrow from this state, together with those from all other states and the District of Columbia, each accompanied by a school advisor, will join in an expense paid educational tour of Colonial Williamsburg, Va. and Washington, D.C. next Spring.

The national winner—the 1968 All-American Homemaker of Tomorrow—will be announced at a dinner in Minneapolis, Minn., home of General Mills, Inc. She will be chosen from state Homemaker of Tomorrow on the basis of her original test score plus personal observation and interviews during the tour, and her scholarship will be increased to \$5,000. Second, third, and fourth ranking national winners will have their original scholarship grants increased to \$4,000, \$3,000 and \$2,000, respectively.

This is the 14th year of the Betty Crocker Search initiated in 1954-55 by General Mills to emphasize the importance of homemaking as a career. Approximately six million senior girls have participated in the Search program since its inception, and 1,356 winners will have earned scholarships totaling \$1,481,500 at the conclusion of the current program.

The 603,796 girls from 15,079 schools registering for the 1968 Search established a new record for the program.

They May Not Be Around Tomorrow

THIS MAY VERY WELL be the last day in this great big beautiful world for these puppies, photographed here in the dog pound. They were in the first group of puppies picked up five days ago, and if they haven't been adopted out or their masters have not

called for them, they will be put to sleep. Their five days of grace is up today. The little dog at the right apparently belongs to somebody—he has a collar—but they didn't care enough apparently to buy his license and rabies shot.—(Alexander Photo)

ASCS Will Help Farmers In Reporting

Farmers will benefit from a new reporting service which has been inaugurated by the Agricultural Stabilization and Conservation Service. R. B. Over, vice chairman of the Highlands ASCS County Committee announced today.

A report of payments made to each farmer under ACP, not feed grain, wheat, and other direct payment programs during 1967 will be mailed to the farmers during the latter part of January. This report is expected to be helpful in preparing individual income tax returns. The same information must also be furnished to the individual income tax returns.

It is estimated that over 3,000 farmers will receive this report, he said. This information is being gathered from county offices and summarized by computers and mailed direct to farmers. A job of this size could not be completed without an automated system, added Mr. Over.

Since this is the first year for a service of this magnitude, he warned there are bound to be a few problems. He suggested that farmers carefully read the explanation on the report and check the accuracy of the total reported by comparing it with farm records. If an error is discovered, the nearest ASCS County Office should be contacted to have the mistake corrected. County Offices have been instructed to give farmers whatever assistance they need regardless of where the farm is located.

The first permanent white settlement in North America, north of Florida, was in Nova Scotia, in 1605-15 years before the Pilgrims crossed over.

104 Dogs and 13 Cats Impounded In Week

The life of Highlands County's dogcatcher today was proving to be a pretty sharp thing-like sharp teeth in his strong right arm.

As the first week of dogcatching ended, Dogcatcher Julius Richards had impounded 104 dogs and 13 cats—and had some teeth marks from 104 dogs and 13 cats, and a brand new tetanus shot.

Richards concentrated in Sebring and Lake Placid this week—and what a lot of many cars he picked up.

"Most of the dogs we have picked up are old strays dogs nobody wants," he said. "Some are crippled, some run over, and some have the mange so bad the hide is gone and blood is running out. They were just lying around the houses."

He found the meanest curs in the Lake Placid Negro section, and the people there were most cooperative. The kids helped me, and told me about the mean dogs."

Wall Street, St. Johns, New foundland, is classed as the oldest street North of the Rio Grande, and dates back to 1580. The highest building in the British Commonwealth is in Toronto—55 stories high.
