BWC TO HOLD MEETING

The Business Women's Club of Avon Park will hold their regular monthly meeting Monday evening, 8 P.M. at the Woman's Club.

The largest weight of bombs ever known to be dropped at any one time on one target was the 3,000 tons of high explosives unloaded on Nuremburg, Germany, during World War II.

CAREY CARLTON

Local Man Named to College Round Table

Carey Fuller Carlton has been appointed to the Florida Presbyterian College President's Round table by Dr. William H. Kadel, president of Florida Presbyterian College.

The President's Roundtable is a group of young business executives from all sections of the state, representing Florida's business and industry. The group is designed to bring these representatives into the mainstream of college activities.

Carlton is an active participant in the social and political affairs of Sebring and Highlands County. He is a past member of the Jaycees and Kiwanis Clubs of Sebring and is presently active in the Florida Cattlemen's Association and the Florida Beef Council Board.

Born and raised in Arcadia, where he received his primary education, Carlton served in the Florida National Guard. He is the owner of land and cattle throughout Highlands, Glades and DeSoto Counties and the manager of his own ranching and citrus business.

Other members of the FPC President's Roundtable includes Charles McArthur, Okeechobee; John R. McPherson, Winter Garden; Girard W. Moore, Jr., Miami; Raymond K. Mason, Jacksonville; Robert J. Miller, Bradenton; Colin J. English, Jr., Tallahassee; Kenneth H. MacKay, Jr., and William B. Ray, both of Ocala; Michael Garner, Miami; and J. Ross Parker, Tampa.

HEALTHY GAINS

Fred O. (Bud) Dickinson, Jr., Comptroller of Florida, today said the state's 246 commercial banks and trust companies showed "healthy gains" during 1967 with total assets exceeding $3.6 billion. Statements from the institutions showed assets at $3,605,247,922, for a 12 month increase of more than $555 million.

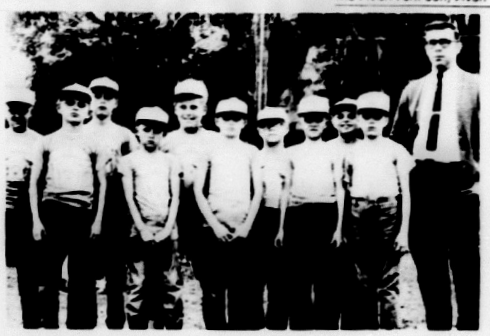

Hartwell Ginn Dies Of Heart Attack

Friends will be saddened to learn that former resident E. Hartwell Ginn, suffered a heart attack in St. Petersburg and died April 4.

He became a resident of Avon Park in 1919, attended the public schools and graduated from Avon Park High School in 1929. He moved to St. Petersburg the latter part of 1929 and was a resident of that city until his death.

He is survived by his widow, Eunice Gray Ginn, two daughters, Mrs. David Schoenborn of Tampa, and Helen Louise Ginn of St. Petersburg; two sons, E. H. Ginn Jr., of Winter Haven and Charles Ginn of the United States Army; three sisters, Mrs. R. M. Grover, Mrs. H. S. Leard and Mrs. Carl Sexton, all of St. Petersburg. One brother, Charles R. Ginn of Avon Park.

Twice to date has the Bible been used on a commemorative stamp—in 1939 and in 1956.

COACH PAUL C. FORAKER with his Yankees, minor league players—pictured left to right, front row, Charles Luke, Paul Hudson, Franklyn Batsch, Lyle Halvorsen, Fred Starr. Back row, Ronnie Brock, Ronny Jackson, Tony King, Jan Johnson, Mark Smith. Members not pictured: Larry Johnson, George Harvard, Ray Davis, Mike Davis, David Todd, Johnny Hudson.

AN ERROR

It was erroneously reported in last week's issue of the paper that the salary of the Highlands County sheriff pays $14,300 and that of the superintendent of schools, $15,000. Both jobs at present pay the same amount—$13,750.

NATIONAL FLOWERS

In most of the countries of the world, they have adopted a flower or a plant as the national emblem.

The United States has chosen the goldenrod—some people call it a weed, but it is a flower and in abundance in the fields and along the roadsides.

There are many countries with common flowers as their national emblem. For example: England has the rose, and we all know Canada has the maple leaf. Different people love different flowers.

We proudly display all our flowers in our shop. Call us, we are as close as your telephone.

Undefeated 'B' Squad Beats Sebring

An 11-2 victory over the Sebring "B" team gave the Avon Park Javee squad its 10th consecutive win last Friday afternoon in Sebring.

The seemingly unbeatable Red Devil "B" squad banged out 11 hits in the five inning game while starting pitcher Clark Jackson and Don Sisemore, who relieved in the fourth held the junior Streaks hitless.

The two Sebring runs were scored in the first inning on a walk, a fielder's choice, and several Devil errors.

Dennis Hart with three singles and Steve Hartt with a double and a single led the Avon Park hitting attack. Second baseman Steve Cravey and firstsacker Bill Smith contributed two singles each and Clark Jackson and Greg Albritton finished out the hits with a single each.

The young team, coached by Larry Pickett, has given up only 17 runs in the 10 games, and the closest score was a 6-2 win over Wauchula—one of four wins over that team. The Devil "B" team itself scored a total of 109 runs.

Dr. Jane Day Will Attend Conference

Dr. Jane Day, daughter of Mr. and Mrs. T. Hayes Maxwell will be attending a world conference of mathematicians in Czechoslovakia in June. Her children, Bonnie Claire and Stephen Walter will visit with their grandparents while she is on tour.

Dr. Day, a product of Avon Park, graduating from Avon Park High School is listed in the "Outstanding Young Women of America," 1967 edition. She and her family are residents of Redwood City, Calif., where she is with the College of Notre Dame, Belmont, Calif., as assistant professor. She graduated from the University of Florida, Gainesville with a B.A. degree in 1958 and her MS degree in 1961 and her PhD in 1964. She received advanced studies at Princeton, N. J. in 1967 after which she became assistant professor, College of Notre Dame.

Religious Drama To Be Presented By First Baptist Church Sunday

PRINCIPLE CHARACTERS in the religious drama "There Is No Death" which will be presented at the First Baptist Church evening service, April 14 at 7:45. Th public is welcome to attend. Left to right, Robert Gay as Cornelius, Mary Bass as Sarah, Gordon Eisenman as Stephen and Janice Barefield as Orpha.

A religious drama, "There Is No Death," will be presented at First Baptist Church of Avon Park on Easter Sunday night at 7:45 P.M. This one-act drama tells the story of what might have happened to the rich young ruler who denied the call of Christ. The play, centered around the theme of immortality, holds a message for all time.

Four characters bring the story to its dramatic climax. Stephen, the rich young ruler, is portrayed by Gordon Eisenman. Sarah, his mother who is lame and seems to have found the spiritual value of suffering, is Mrs. Milton Bass. Cornelius, the father, is played by Bob Gay.

Mrs. Janice Barefield takes the part of a young maid servant who is constantly rebellious.

Mrs. Larry Pickett as a modern day seeker will present the prologue. Mrs. Aden D. Childress and Mrs. Ophelia Rihner are directing the drama. The music will be given by the Chapel Choir directed by Miss Cheryl Guerndt, with Jerrold K. Perkins, organist and Miss Trudie Mitchell, pianist.

The drama takes place in a garden scene on the first Easter Day, and the scene will be prepared by Mrs. Jane Wells, Mrs. Ophelia Rihner, Bud Edge, and Bud Worden. In charge of the lighting effects will be Milton Bass, Carl McWilliams and Herman Sizemore.

Authentic costumes have been made by Mrs. Lena Suggs, Mrs. H. L. McCulley and Mrs. E. A. Martin.

This religious drama, "The Meaning of Death," will provide a meaningful spiritual climax to the many Easter activities held in the churches of Avon Park this week. "Religious drama is a rare experience in our town, and a cordial invitation is extended to all interested persons to attend. Your heart will be stirred and blessed," says the pastor, Rev. Aden D. Childress.

Southland Trailer Court News

Eight people played euchre Monday night. Peoples return to their northern homes and pleasant visits with friends on patios are an attraction now.

Twenty-eight were out for coffee Tuesday morning. Those remaining in the park last summer found the coffee break a fine time to get together. Harriett Meisell and Fanny Blank were guests.

Mary and William Hadley of Tavares were visitors of the Lumpkins Tuesday.

The Wallace Grants, the Earl Maxwells left Wednesday for their homes in the North. Also the Dickersons, who were living in the Clark trailer, left Saturday morning. We hope all of them have a safe journey and have a nice summer.

Several shuffled Tuesday afternoon, but no score was kept.

At miscellaneous cards Friday night Harry Barth was high in '500' with 2010. Winnie Lumpkin, second with 1770.

Mr. and Mrs. Earl Johnson of Ferndale, Mich. called on the Waltons this week. They were enroute to Warm Springs and have been wintering in Sanford.

More improvements! The McClarys have recently installed an air conditioner. Also the WPA were at work Saturday morning, with brooms and carts. We hope the air conditioner makes the summer more comfortable for the McClarys.

The Omer Snyders visited with W. Van Simmons of Wauchula this past week.

Mr. and Mrs. Calvin Kiracofe of Lima, Ohio, son and daughter-in-law of Elmer and Blanche Kiracofe will arrive next week to drive the Kiracofes home. Their plans are indefinite for another year, but we hope they will return to Southland next fall.

Marie Stroobant came home Wednesday from a recent visit with her sister in Des Moines, Iowa. She reports nice weather in Des Moines with signs of spring everywhere. Marie has been away from Southland since last September, and while she had a pleasant several months while gone, says, as most of us do, there is no place like home.

Word has been received from Rebecca Hostetter of their safe arrival home. She is finding the chores around a large home much more than a trailer and wonders why we live any other way than in a trailer.

Mr. and Mrs. Edwin Long, and son and his friend of Clayton, N. Y. came Sunday to drive their parents, the Fletcherpes home. They will be here a week or more.

Attend Annual Perry Managers Meeting in WPB

Catherine Hager and Dorothy and Jack Baldwin spent Wednesday at Bradenton shopping. Thursday evening the Halls visited and spent the evening. Sunday, Catherine was a dinner guest at Bertha Lee's and on Monday, Mr. and Mrs. Carl Dager of Robertsville, Ohio, former neighbors of Catherines were dinner guests at Mr. and Mrs. Sam Norris', accompanied by Catherine Tuesday evening. Mr. and Mrs. M. Stewart invited Catherine for dinner.

Mr. and Mrs. Charles Williamson of Whitman, Mass. who have been wintering in St. Petersburg, visited and spent Monday night with Thelma Chalmers before returning to Massachusetts.

This week has seen the greatest migration from Bonnie Brae. Those returning to their homes in the North were, Mr. and Mrs. Cecil Thomson of Pardeville, Wis. on Saturday, Mr. and Mrs. Waverly Porter of Valparaiso, Ind., on Wednesday, Mr. and Mrs. Chris Shorten of Fredericktom, New Brunswick, on Thursday, Mr. and Mrs. William Morris of Newton, N. J. on Monday, and on Tuesday, Mr. and Mrs. Evan Brubaker of Portland, Ind. and Mr. and Mrs. Harry Lemler of Bourbon, Ind.

This I believe will be the last news letter until Fall, due to so many having left the park. Have a nice summer and hope to meet you all in the Fall after a restful summer!

Special vocalists for the program will be: Mrs. Clara Jo Pipkin, Miss Nita Howze, Rev. Lester Miller, Miss Julie Kangeter, Miss Bonnie Rowland, Susan Howze and Paula Archer. Mrs. Lester Miller and Miss Gail Chestnutt will be the accompanists.

The public is welcome to attend this impressive service.

Revival At Florida Avenue Baptist Church

Special revival services will be held at the Florida Avenue Baptist Church, April 15-21 at 7:30 P.M. each night. The visiting speaker will be Rev. Aaron Singletary, pastor of the Ridgewood Baptist Church of Jacksonville.

The music for the revival will be directed by Rev. Lester Miller. Mrs. Miller and Miss Gail Chestnutt will be accompanists. The church choirs will participate and there will be special music each night including numbers on the musical saw, bells, and the vibraharp. Everyone is invited to attend and enjoy the inspiring music and plain bible preaching. Rev. Lester Miller is the pastor.

Educator Will Speak at Good Friday Service

Dr. Charles M. Laymon, one of the leading educators in the South will preach at the community Good Friday service in the First Baptist at 7:30 P.M. Dr. Laymon is head of the Department of Religion at Florida Southern College. He is the author of more than a dozen books on religion and is nationally recognized as an authority in his field.

This service is sponsored by the Avon Park Ministerial Association. The choir of the First Baptist Church will sing.

The following ministers will have a part in the service: Reverends Marshall Wilson, Thomas Sleepe, Clifford Dance, Herbert D. Graetz Earl E. Denny and A. G. Hardee.

The public is cordially invited to attend.

Easter Services Congregational Church

Rev. Robbins Ralph, D.D., superintendent of the Florida Conference of the United Church of Christ, will preach at the 9 o'clock service of worship on Easter morning at the Union Congregational Church. Rev. Herbert D. Graetz will be in the pulpit at 11 o'clock.

The Lord's Supper will be celebrated on Maundy Thursday evening at 7:30 o'clock. This is the night on which the Lords' Supper was instituted and it is fitting that Christs' followers should gather in remembrance of Him.

Sunday Service

Subject: Are Sin, Disease and Death Real?

Golden Text: Psalms 30: 1. I will extol thee, O Lord; for thou has lifted me up, and has not made my foes to rejoice over me.

Responsive Reading: Corinthians I Chapter 18 verse. 15 Chapter, 12-14, 20, 21, 23-25 verses.

THE BIBLE SPEAKS TO YOU ON RADIO

What does Easter mean to a space age? What does it say to us in the twentieth century? The Bible says the promise of Easter is timeless. Listen Sunday, Apr. 14, 9 A.M., WJCM to "Easter and Today's World."

Lester Brown Selected For 1968 Community Leaders

Lester Natan Brown of 933 West Main Street, Avon Park, has been selected to appear in the 1968 edition of Community Leaders of America. Other recipients of this honor include governors, United States senators and congressmen of the various states.

The publication includes many citizens such as educators, leading businessmen, members of state legislative bodies, civic and political leaders, elected leaders of various political subdivisions, farmers, ministers, officers of various trade organizations, leading sports figures, and many other individuals who, because of past achievements and service to their community, state, and or nation, are recognized as community leaders of America.

The Sahara is about as large as U.S., and has only two roads crossing it—one, North and South, and one, East and West.

Special Services At Presbyterian

Rev. Marshall Wilson has announced special services at the Presbyterian Church for Wednesday and Holy Communion on Maundy Thursday, both at 7:30 o'clock.

Regular Easter services at 11 A.M. with special music.

All members and friends are urged to attend the services.

Rotary Report

Art Wilhite presented Mrs. Beverly Deason, the field representative of the American Cancer Society from Tampa. Mrs. Deason gave some background of the Society's activities and mentioned there were about 35 active board members in Highlands County with Dr. Hubert Coleman as chairman. She stressed the educational program of the Cancer Society which is carried on throughout the entire year, and she indicated that emphasis on smoking education was pushed in the fifth and sixth grades since it appeared that no appreciable good was done if this program was carried out in junior high or later. Mrs. Deason indicated that at the present time almost 100% of breast and uterine cancer in the female could be cured if detected in time. She made this point in emphasizing that April is cancer control month.

Mrs. Bannerman of Sebring handles the Society's "Loan Closet" for indigent patients in this county. The Cancer Society pays costs for treatment of indigent patients at the Winter Haven facility. The Cancer Society also works with other social agencies in providing care where problems are created in the home when a member of the family is stricken with cancer.

The program proved to be both informative and interesting.

Trophies Were Awarded at Annual Women's Bowling Banquet

The annual HWBA banquet was held last Monday evening at the Sebring House.

Following an enjoyable dinner the presentation of trophies for the City Tournament was made by the outgoing secretary, Gertrude Ford.

Trophies were awarded as follows:

Singles and all events handicap, Cheryl Taylor. Team event—Florida Home Juice Team, Mildren Stephenson, Doris Landress, Jean Cooper, Christine Lee and Barbara Simmons.

Doubles, Gail Messick and Anna Dee Harden. All events scratch, Lee Bykowski.

Newly elected officers for HWBA were also announced. They are: president, Betty Spurlock; first vice president, Louise Bryant; second vice president, Ora Bullock; secretary, Gertrude Ford; treasurer, Millie Stephenson; assistant secretary-treasurer, Cheryl Taylor.

TEAM EVENT won by the Florida Home Juice Company team of Avon Park in the City Association Bowling Tournament at Grand Prix Lanes. Pictured left to right: Christine Lee, Barbara Simmons, Gerald Gobbie, stand in for Frank Hall) Diane Landress and Millie Stevenson.

DOUBLES TROPHIES were won by (Gail Messick, not pictured), Gray Hammond, manager of the Grand Prix Lanes holding her trophy and Anna Dee Harden.

Commissioners Scholarship Program

A scholarship program aimed at keeping Florida's youth power for public service has been launched by the State Association of County Commissioners, SACC.

Details of the SACC Scholarship Foundation have been laid over many months, and they were unanimously adopted at the SACC meeting at Orlando last week.

Ben McGee, chairman of the Highlands County commissioners and member of the SACC board, announced that awards will be awarded for study in some field of public service and primary consideration will be given to students of limited financial means.

"We want to keep students from dropping out of school because they can't see any chance ahead for them. We want to find those kids who quit and take some dead-end job because they feel they haven't the money to go to college and get the education they know they'll need to get a really good job.

"As we have studied this we have found that the disturbances on campuses which worry everyone so much come mostly from students who are not having to work for an education. The poor kids who have to battle to get to school work hard to stay there; they don't run the risk of losing a chance to better themselves," McGee observed.

Applications for the scholarships will be available in the county commission office at the courthouse "in the very near future," but McGee said it is too late now to screen applications for the school terms beginning September.

MOTOR Memos PURE

Snow and ice cause pure havoc with your car in cold climates. The calcium chloride on slick salt roads and streets eats at metal and bleaches paint. If your car is exposed to these conditions, frequent washing is recommended.

Your car should be professionally polished and the chrome cleaned twice a year. A real crank on appearance will lightly wax his own car once a month.

Sun and salt in the coastal regions are another real concern but in all cases **washing weekly** is the answer. It will pay large dividends comes trading time.

Russ Jordan Files For Post

Only Democrat to file thus far for the post of representative from District 119 of which Highlands County is a part, is Russell C. Jordan, Jr., of Sarasota.

Jordan served in the legislature in 1962 and 1963. During that time he worked for a reasonable representation from all areas of the state, for a better distribution of school and road monies and generally a pay-as-you-go philosophy.

He is 41 and lives in Sarasota with his family where he owns an insurance agency.

Martin Luther King, Jr. - 1929-1968

The death of Dr. King leaves us grieved, ashamed and apprehensive. While he lived we admired his dedication to his people and his struggle for the causes of racial equality and universal brotherhood. Now that he is gone we find need to reaffirm our belief in his principles and methods of non-violent striving toward a truly democratic and spiritually healthy society.

Although we pay tribute to the late Dr. King, we are aware that there are some who dislike or despise him. Contrary to these feelings, he was more respected by people throughout the world than perhaps any other living American.

The murder of Dr. King, following a pattern of increasing hostility and violence on the part of Americans, makes us question the validity of our sense of values and the stability of our present social system. Anarchy is wrong and terrifying, but so are injustice and discrimination. If our society is based on adherence to law and order the laws must be representatively legislated and the order must be just and compassionate. It is our fervent hope that Dr. King's memory will foster a rededication to racial harmony as well as serve to discourage intemperance and violence, which he neither promoted nor condoned. His objectives were to help bring about a change which would relieve the sense of futility among Negroes and free the white man from the hatred which corrodes the soul.

As we express our sorrow and concern over Dr. King's assassination it is also appropriate to urge that full participation in our community be made available to minorities, not just as an act of reparation, but because it is a right of citizenship. This should mean increased educational opportunities, meaningful involvement in civic programs and organizations, representation in local and state government, a broadened choice of residence and more profitable and respectable employment. Accomplishing these goals will require tolerance and good will on the part of the white majority as well as more desire to exert pride and determination on the part of minority groups.

By stating our convictions and feelings in this manner we sincerely hope to contribute to the furtherance of brotherhood and human understanding on behalf of all the people of our community.

Arthur Hailey's Airport, published in 1968, is bound to bring him another success. Others of his novels are Hotel, The Final Diagnosis, and Born in Britain.

Mr. Hailey is Canadian by nationality and a resident of beautiful Napa Valley, "the rainbow's end," in northern California.

Airport is a fictional story which came as a result of a year's painstaking research—interviewing hundreds of airline and airport officials, pilots, air traffic controllers, and others, discrossing North America and Europe. "You will think this is more than a story. It could be about your own airport."

Lincoln airport is counted an up-to-date facility with a modern glasschrome terminal but it's operational areas were dangerously outmoded to the point of "danger," the air traffic control overworked. This dramatic story goes on behind the scenes during a seven hour period in a Winter blizzard—and with the many men and women concerned with their pressures, passions, and problems.

Mr. Hailey, in this multi-plot drama, has written this engrossing, enjoyable tale packed with little-known information, for example, how smugglers trip themselves up with the customs officials, how to get free drinks on the economy flights, what is an airport "longline," how much an airline will pay on the spot for damaged luggage claims.

Local Man Member of Soil Foundation

Officials of the 29-year old Soil Science Foundation, a Florida organization which has pioneered new approaches to use of fertilizers and soil amendments, today announced a major reorganization to permit greater research activity.

Dr. O. C. Bryan, technical director of the foundation, disclosed two new charters have been filed in Tallahassee—one for the Soil Science Foundation, Inc. and one for a new Soil Science Service, Inc., located in Lakeland. Both will be non-profit.

Among charter trustees of the new foundation is Robert J. Barber of Avon Park.

The foundation will function in the area of applied research in order to provide for expanded needs, Dr. Bryan said. Soil Science service will help the individual grower farmer and rancher by taking soil samples, performing analysis and recommending fertilizer grades suitable to the soil.

Early Greek alchemists classed all substance into four groups—fire, air, earth and water. Quintessence, the fifth substance, meant the ultimate, or final, item.

Water Safety Instructors Meet Plans Made to Award Scholarship

By CHERRIE DUFFY
Water Safety Instructor

A meeting of the Red Cross Water Safety Instructors was held Thursday night, at the First National Bank. Nita Stewart outlined plans for awarding a scholarship to one water safety instructor of Highlands County to attend a session of the National Aquatic School at Ocala. This school offers training in lifesaving, swimming, boating and sailing, and instruction in the teaching of handicapped children.

Anyone who is a qualified water safety instructor and wishes to apply for this scholarship can contact Mrs. Florence Peach at the Red Cross office in Sebring. The one stipulation to getting this scholarship is that the instructor is required to teach in Highlands County after returning from aquatic school.

Bob Bernhard, Water Safety chairman, announced that it is time for the Instructor Review to be held in Highlands County. The purpose of the review is to offer to all instructors review training in new swimming skills and techniques. It was agreed that the chapter would ask Bob Zubrod, area director, if he would conduct this review some time around May or June if it is possible.

Plans were made for the scheduling of Red Cross swimming courses which will be offered this summer. Instruction will be offered in the following phases of swimming: beginner, advanced beginner, intermediate, swimmer, junior, and senior lifesaving.

Qualifications for these courses are listed as follows: beginner, no previous swimming experience or instruction; advanced beginner, must have successfully passed the beginner swim test; intermediate, must have successfully passed the advanced beginner swim test; swimmer, must have successfully passed the intermediate swim test.

Junior Lifesaving, must be between 12 and 15 years of age and in sound physical condition; senior lifesaving, must be 16 years of age or older or in or past the 11th grade in school. An instructor's course will be offered to anyone who is 18 years of age or a high school graduate and has a Senior Lifesaving certificate.

In addition to these courses, an additional course in survival swimming will be offered. There is no age or swimming ability qualification limit set on this course. Anyone who wishes to enroll in any of these courses should contact the Red Cross office in Sebring as soon as possible.

In order to offer swimming instruction this summer, the Red Cross will need places to hold classes. If anyone is interested in offering the use of their pool or beach it would be very much appreciated. The Red Cross assumes full responsibility for any damages or injury while classes are in session.

People in Lake Placid or Sebring should contact the Red Cross office at EV 5-8143 during the daytime or Bob Bernhard at EV 5-6544 at night. People in Avon Park should contact Cherrie Duffy at GL 3-4081.

Schedules for the Summer Swim classes will be announced at a later date.

Avon Mobile Home Park News

Ruth E. Robinson

Sincerest sympathy is extended to Arthur Pruty in the death of his brother who resided in California.

Boyd Dager on Ct. 26 is recouperating nicely, feeling fine, and expects to return here this month. They have had so much rain in Texas that they are hoping for loads of sunshine when they arrive back in Florida.

Dr. and Mrs. George A. White left for their home last week and next week will see many more vacant trailers.

Mr. and Mrs. Carl Stoneburner of South Bend, Ind., spent an afternoon last week at the Longanecker home. They have recently returned from an eleven week visit to Hawaii.

Those from our Park who attended the last exhibition game of the year in Lakeland on Saturday were: Mr. and Mrs. Floyd Stevens, Mr. and Mrs. Earl Baxter, Mr. and Mrs. Harry Burnett, Jesse Yates, Harry Brown and Mrs. La Rue Longanecker. They saw home team Tigers defeat the series winners of last year, the St. Louis Cardinals. Attendance for Saturday was 3,015; for season it was 30,258 which broke previous records for these games.

Avon Mobile Home Park, a new unit of the Federation of Mobile Home Owners Association, is still within a district. By fall, the officers of this unit are making plans for membership meetings of other parks in this area. It will follow within a short time that we will then qualify for a District. We have a membership of 63 out of a possible 75. Dr. Hulse offers this suggestion to district presidents and for central officers. Contact Mobile Home Dealers and encourage them to give their customers who have purchased a Mobile Home a one year membership in the Federation of Mobile Homes. It would be $2 well invested by them. It would increase our membership by an estimated 1500 a year. Count your blessings as a member for benefits received.

Queen Bee, Bess Raas, of the Bridge Club, was treated to a prize dinner at the Highlander Restaurant at Lake Wales on Monday by her CO-Bees: La Rue Longanecker, Martha McBeth, Olive Kerwin, Mildred Long, Bea Tingler, Olive Burnett and Ruth Wolcott. The Queen Bee wore an Amarillo Lily for a bit-of-honey.

Charles Hague's Mother Dies

Mrs. Carolina Hague, 83, a resident of Sebring for 18 years, died in Hawthorne, N. J. She was born in Springfield, Mo.

Survivors include two daughters, Mrs. A. W. Dutton, Sebring, and Mrs. Jacob DeYoung, Hawthorne; two sons, Charles Hague, Avon Park and Troy Hague, Mulberry, and a sister, Mrs. Maude Eaton of Oklahoma.

Funeral services will be held at the Stephenson Funeral Chapel in Sebring, Saturday morning, at 10 o'clock, with Rev. Leland E. Brooker officiating.

Intement will be in Pinecrest Cemetery, Sebring.

Stephenson Funeral Home in charge of arrangements.

High Pinochle Scores

From five tables of pinochle at the Winter Guest Club, April 1, Sadie Benson had a high of 744 with Ann Janke, second high of 742.

Four tables were played April 8, with Jim Brown high with 744 score and Grace Beauvais second high 690.

Local Scouters Travel To Bartow

Avon Park Girl Scouts met with other Girl Scouts in the Heart of Florida Council in Bartow Saturday for the Juliette Low World Friendship Festival.

This was held at Peace River Park in Bartow with Mrs. Joseph Macbeth, Sebring, as chairman of the event.

Entertainment was songs and dances from other countries while international flags were displayed by senior scouts.

Money collected by the troops during the past year for the Friendship fund was collected at the festival. The International Friendship Chairmen from the Avon Park Troops were as follows: Brenda Cooper, Troop No. 67; Pam Williams, Troop No. 143; Misty Hooper, Troop No. 140; Laurie Rehrer, Troop No. 206; Julie Filippula, Troop No. 305; Donnell Braswell, Troop No. 117.

This fund makes it possible for Girl Scouts throughout the world to visit other countries. Avon Park Scouts hope some day an Avon Park Scout will be able to visit another country through this fund.

Scouts Cook-out

Girl Scout Troop No. 206 held a cook-out recently at Donaldson Park. The girls made chili, and salad, which they served with doughnuts for their supper. They all had a wonderful time as they were working on their back yard Fun badge and training for the all troop encampment which will be held April 19 in Donaldson Park.

Troop 140 Meet

Brownie Troop No. 140 and their leader Mrs. John Sechrist held their meeting Monday, Apr. 8 at the Ridge Area Day School. Junior Scout, Bobby Newton instructed the troop on how to put up a tent, preparatory to the encampment to be held April 19.

Sims New President Of Gator RA's

Fellowship Baptist Church's Gator Chapter of Pioneer Royal Ambassadors named Roy Sims of Avon Park its new president last week in the organization's semi-annual elections.

New vice president is Richard Crews; secretary is Danny Sims; sergeant-at-arms is David Meeks; initiation chairman is Ray Bevels; and recreation chairman is Ray Culpepper.

The elections are for a six-month period. Chapter rules call for elections to be held at the first meeting in April and again at the first meeting in October.

Chapter meetings are held at the church each Wednesday night at 7:15, and all boys in the 12 to 14 age bracket are eligible for membership. Along with the serious aspect of RA work, the chapter includes many outdoor activities such as camping and sports.

Total active membership now stands at 13 boys in the chapter.

Shuffling

Now that it has turned off so hot, the tournaments on Wednesdays and Saturdays will be at 6:30 P.M. That is a nice time of day to be on the courts.

Fifteen and a half courts were in play on Wednesday of A and B players. Winners were A. Mc. Alexander and Robert McBeth with Herbert Shauger and Everett Paxton the runners-up. Duke Christensen and Helen Gaut won in consolation over Chris Cabezas and David Dickerson.

Saturday's winners were Art Reinhardt and Lloyd Young over Hazel Higgs and George Rankins. Glenn Long and Chris Cabezas won in consolation over Gladys Heffner and Charles Romilly. Twelve courts were in play.

Card Games

In bridge on Tuesday high scores went to Chris Cabezas with 4970 and Sarah Spindler with 4280. Sixteen players were in competition.

Mr. and Mrs. Joe Nickerson were the North-South winners in duplicate bridge on Thursday. East-West winners were Mr. and Mrs. Fred Bolton. Five tables were in play.

Crafts

Thursday was the last session of crafts for this season. We give our many thanks to Hallie Wetmore for the many hours of cheerful direction she has spent these many years that she has been the director. The last session was spent in making roses and small shell animals. Marie Hall taught the class in shell making.

Hallie Wetmore announces that she will have "open house" on Thursday, Apr. 11 after two. This is for any who need extra help in their projects, or if they need any materials.

Dances

There will be no dance on Good Friday this week, but there will be the regular dance on Monday with lessons in "chewing gum" at seven, with the dance at eight.

Cliff Seiffert announced his retirement as dance director, because he says he wants to do more dancing himself. He has managed the dances for two years and has done a fine job, with the help of his good wife, Ina.

Supper

People like to eat together and to mingle with friends. This was evident Saturday evening as all met at the club for the weekly supper. Each week a number have returned to their homes in the North. We miss them, and hope for their safe return in the Fall.

One long table, decorated with variegated flowers brought by Minnie Brown, and laden with good food made the guests very comfortable. Hazel Higgs gave thanks for all these gifts.

It was reported that Belle McDaniel is home from the hospital after an automobile accident. Bertha Poe and Mary Armstrong, who were also in the accident, are still in the hospital. Grace Holbrook is home after being in the hospital many weeks with an injured ankle.

Several brought memories to mind with prose and poetry learned when young, to share with us. Grace Wallace, accompanied by Agness Dentler, sang "When You Come to the End of a Perfect Day." This was impromptu and beautifully done. Paul Hoppe played two numbers on his accordian, which everyone enjoyed.

Minnie Brown and the Alton Wetmores were in charge.

Avon Park Campground

Mr. and Mrs. Roy Douglas flew North Tuesday; they are from Indiana. Mr. Douglas has been a patient at the Walker Memorial Hospital.

Mrs. Pearlie Mincks of Beverley, Ohio, and Mr. and Mrs. Roy Watts of Weaverville, N. C., have both left.

Mr. and Mrs. Fred Schoenhals have moved into their new home on Lake Isis that used to be the Watts home.

Rev. Billie Holsten has returned having been away. She drove her new car from Atlanta, Ga., that she ordered in Japan while on her former trip around the world.

ATTENTION, VIET VETS

M. T. Dixon, Director of the Florida Department of Veterans Affairs, said many of the returning Viet Nam veterans are getting misinformation about some of the benefits to which they are entitled. He advised that he has a pamphlet which is a Summary of Benefits for Veterans with service since January 31, 1955 to the present time and it is free for the asking.

John Ruskin said it . . . and we agree . . .

It is unwise to pay too much, but it's worse to pay too little. When you pay too much, you lose a little money -- that is all. When you pay too little, you sometimes lose everything because the thing you bought was incapable of doing the thing it was bought to do. The common law of business balance prohibits paying a little and getting a little -- it can't be done. If you deal with the lowest bidder, it is well to add something for the risk you run, and if you do that you will have enough to pay for something better.

Construction Will Start Soon On AutoStations

Construction may begin this week on Highlands County's first two motor vehicle inspection sites, and personnel appointments are expected within a week.

Highlands County commissioners, at their meeting on Tuesday, acquired—by lease and purchase—the land for the Sebring station. Most of the land for the station is provided via a lease from the city of Sebring to the county, and a 40 by 140 foot parcel was purchased from J. T. Manns for $1,000.

The inspection site is located on Kenilworth Blvd., about two miles from the Kenilworth Lake View Drive intersection. It lies diagonally across the road from Whitaker Brothers.

The lease—which was offered by the city of Sebring after the county could not obtain a change in zoning to permit use of another Kenilworth Blvd. site — calls for annual rental of $1 for 20 years and includes a provision for renewal for a second 20 year period.

The lease was presented to the commissioners Tuesday by City Clerk Jack Stroup, and County Attorney Hue Nunnallee approved it for adoption by the commissioners.

The Avon Park inspection site is to be built on county barn land, and construction probably will be under way there very soon, possibly this week.

Purchasing Agent Eugene Hamlin said Tuesday that a green and white color scheme has been chosen for the metal buildings which will house the vehicle inspection offices and equipment.

The commissioners said Tuesday approximately 30 applications had been received for inspection staff positions. The board has begun screening these applications and expects to submit a dozen choices to state officials. Initial appointments may be ready for announcement next week.

The state law which setup the semi-annual inspection requirement also provides that all inspection staff members must be vhecked out with law enforcement officers, including the Federal Bureau of Investigation.

Legislators explained the detailed personnel requirements had been included in the law as an avenue to preventing improper sale of the inspection stickers.

The county commissioners hope to have at least the top position of vehicle inspection director, paying $6,500 yearly, filled in time for the director to attend a special orientation program at Clearwater on May 3.

A school for all inspection staff members will be held at Wauchula for three days the latter part of May. The inspection program is to begin on June 1.

Other Business

In other business Tuesday the county commissioners granted requests to waive the $2.50 chest X-ray fee for Florida National Guard mess staff and $10 water sample test fee for the 4-H Camp.

MARCIA WARD

DAVID SECHRIST

Marcia Ward Star Student: Picks Sechrist Most Influential Teacher

It was no surprise to anyone at Avon Park High School to hear that Marcia Ward had been named Star Pupil of the year 1968 for their high school.

In Florida, the Chamber of Commerce sponsors this program choosing a Senior in each Florida high school to be the Star Student. In May an area dinner is held in Daytona Beach for the selectees from each school.

The December Scholastic Appitude Test, college entrance examination, results and the 12th grade placement test ratings are the qualifications for the choice of Star Student.

However, by almost any other means Marcia would have been chosen as she has a four average or straight "A" grades throughout her high school years. This in itself is a most unusual record. When this is combined with a leader in the band, a lead part in the Senior Play and the many other achievements to which this young lady has applied her leadership ability, she certainly qualifies for the title of "girl most likely to succeed" which her class also named her.

This talented student, the daughter of Mr. and Mrs. G. F. Ward, has just been accepted at Swarthmore College near Philadelphia, Pa.

Each Star Pupil is asked to name the teacher most influential in their learning experience. Marcia chose David Sechrist, mathematics teacher. This in itself is another unusual feature of this choice as Mr. Sechrist was the choice of Joe Strickler, Star Student of 1967.

Joe and Marcia both felt Mr. Sechrist influenced them to a greater degree than any other faculty member of the high school. Marcia felt in having Mr. Sechrist for her three years of math, he prepared her well for the pursuit of these studies which she wants to use as her major interest.

Who is this man, Mr. Influencial Teacher? David Sechrist has many attributes which qualify him for the title of "most teachable teacher." This extraordinary teacher respects his pupils and they in turn respect him. he has a sterling excellence of character honed through his own disciplined life. he makes the students earn their grades. he expects superior behavior and results and therefore gets just that. Mr. Sechrist not only gives of himself as a teacher, going far beyond his duty in giving students extra time and with patience and understanding tries to make the assignments clear. but he has a warm and personal quality which sets him aside as a most charming person. Music is an avocation which he shares widely with the students, churches and community and is often seen carrying his cello as he briskly walks to play in a concert. He is always interested in athletic events and is usually seen at all high school games. Fortunate, indeed, is a student who has had a chance to share the inspiration of such a teacher.

It is impossible to evaluate teaching as it has such a long range effect but one could venture a guess that many students have been channeled into teaching through their association with Mr. Sechrist. In his humble way he is always listening. He seems to feel each day is a new learning experience for him and so he listens to his pupils.

He recognizes the teacher's plan for the day is not a set statement on a page but a springboard that starts a whole new area of investigation. He himself has a quiet, listening, spirited eagerness for study. His face shows a quiet calm, a respect for others, a hope for new insights and all this is contagious.

Nothing but a love of young people and a love of mathematics can inspire a teacher to catch his pupils in this kind of spell. Mr. Sechrist is indeed, in the eyes of students and faculty of Avon Park High School, worthy of the title of "Teachable Teacher."

It is no wonder that the Star Pupil, Marcia Ward, chose this Star Teacher, Mr. Sechrist, as her inspiration.

An invitation has just been received by the Star Students of Highlands County to attend the noon Rotary luncheon at the Sebring Hotel, Monday, Apr. 22, where the achievements of these students will be recognized.

$1.45 Million Ready For First Construction

June 15 has been set as the "outside date" for awarding of the general contract for construction of the first phase of the South Florida Junior College campus.

Total funds available for this phase will be slightly less than $1.45 million. President William A. Stallard told the Highlands County school board in a special session Tuesday night.

A delegation from the college's advisory board attended the meeting to hear Supervising Architect William B. Frizzell of Ft. Myers outline the basic campus design.

He said working drawing are now 90 per cent complete for the modernistic buildings which will be between Lakes Glenada and Lelia and to the East of US 27.

The plans given tentative approval by the Highlands school board Tuesday are now en route to federal and state school officials for approval.

The architect suggests a 360-day construction schedule. President Stallard says he hopes the Fall term 1969 can be conducted on the permanent campus.

Frizzell said the building design stresses low maintenance. There is wide use of pre-cast concrete slabs and beams which will not be painted. A new type of interior wall made of gypsum is to be used.

Sound will be controlled by use of a few panels of accoustic tiles and extensive of new carpeting materials, the architect said. All buildings will be heated and cooled electrically.

If state education bonds, now being advertised for sale, do sell soon, the advertising for bids may begin in early May and bids would be opened in June, school officials said.

In July the direct control of the junior college passes from the school board to the advisory board, and to avoid confusion in transfer or responsibility, the SFJC administration has expressed the desire for bids to be awarded by June 15.

FARC Will Hold Open House Saturday

Florida Alcoholic Rehabilitation Center's seventh annual open house is scheduled for Saturday from 1 to 4 P.M. at the Center, located one mile South of Avon Park on U. S. Highway 27.

Letters of invitation have been mailed to 857 persons who were Center patients during 1967, to 173 AA groups across the state, to 118 individual AA members across the state, plus Florida Alcoholic Rehabilitation Program's five clinics, the Sarasota Services Project, and FARP field representatives.

Out of this total, it is anticipated that close to 200 guests will visit the Center Saturday during the open house, according to Harve Olsen, FARP community field representative and coordinator for the event.

Center personnel will handle registration of visitors, and arrangements are being made for the honoring of staff members who have served at the Center for 10 years.

Firm Picks Avon Park Site To Build Fiberglass Boats

AVON PARK AIRPORT Hangar where Critchfield Marine of Orlando will build fiberglass boats. The company will construct another building 60,000 square feet about 50 feet from the present hangar.

Work To Begin In Two Weeks

The City of Avon Park today announced that after approximately two months of negotiations a lease has been executed with Critchfield Marine of Orlando to build a boat plant in Avon Park.

The site will be at the Municipal Airport where they will utilize the existing hangar and youth center building plus construct a new building approximately 60,000 square feet for an assembly line.

Initial contact with the firm was made by Weyman Carver, chairman of the Avon Park Airport Committee.

Critchfield Marine is the largest boat manufacturer in Orlando at present and is owning two plants, producing 10 new fiberglass boats per day. They build boats ranging from 15 feet through 23 feet in length and have the reputation for building a rugged, speedy boat.

In 1967 their boats won competitions in Canton, Ohio and Miami, setting U.I.M. world records for five mile competition in Canton. Their 1968 model catalog lists nine different models.

It is anticipated that production will be increasing to 20 units daily in the new location. Boats are distributed from Boston to Houston.

Preliminary plans are to start with approximately 70 employees of which about a dozen will be key personnel transferred from Orlando and the rest trained locally.

The City Council will build a new airport hangar for use of the local airport operator. Bids on an 80 foot by 100 foot hangar have been received and it is anticipated that the contract will be let at the regular meeting Monday night, April 22.

Partial production is planned within two weeks using a portion of the airport hangar while full production will begin as soon as all facilities are available. Bill Critchfield is president of the company and Mr. J. A. Burnett, secretary.

Golf Tourney To Benefit Cancer Crusade

A golf tournament to benefit the Avon Park Cancer Crusade Drive will be held at the Avon Park golf course on Saturday and Sunday, April 20 and 21.

According to Bill Beck, president of the Avon Park Golf Association, the entry fee for the tournament will be $2.50 for each day. Both days will be played as one tournament and players may enter both days by paying the entry fee each day. This will give them two chances to win.

The tournament will be medal play less handicap. Those players who do not have an established handicap will be handicapped under the Calloway system.

There will not be a greens fee charge for those non-members who enter the tournament on either Saturday or Sunday.

Sheriff Candidates To Speak

The two candidates for the office of Highlands County Sheriff will be the speakers at the Avon Park Jaycees meeting Tuesday night at 8 P.M.

Candidates Bob Barringer and Joe Keene will each be given 15 minutes to speak and then will be available for questions.

All men between the ages 21 and 35 and interested in Jaycee work are invited to attend. The meeting will be held in the director's room of the Avon Citrus Bank.

Hue Nunnallee To Resign As Avon Park City Attorney

HUE NUNNALLEE

Hue Nunnallee, Avon Park city attorney for the past 11 years asked the city council Monday night at a special session to accept his resignation. The action came as a surprise to the council and each member expressed his regret at his decision and expressed their appreciation for his service.

Nunnallee stated that his workload had increased to the point that he was forced to take steps to lighten it. He said he would continue to serve until a successor could be selected and would cooperate in any way with the man picked to succeed him.

Nunnallee further stated that his work as County Attorney is demanding more and more of his time.

Devils Will Play In District Tournament

The Avon Park Red Devils were seeded third in the Class B District 6 tournament and will open the sub-group meet to be held in Mulberry starting tonight (Thursday) at 7 P.M. with a game against Zephryhills.

Frostproof drew top seeding in the meet with a 7-1 record and will host the other sub-group tourney. Mulberry with a 9-2 record will take on Clearwater Central Catholic after the Avon Park vs Zephryhills game.

Fourth-seeded Tampa Catholic will play Sebring in the opening game in Frostproof and the Frostproof nine will battle Sarasota's Cardinal Mooney in the nightcap there.

Records for seedings in the tournament were based on wins and losses against all classes except Class AA schools.

The winners of tonights games will meet at their respective sites Friday night at 7:30 to determine the sub-group champions and then the winners of each sub-group will meet next weekend in a best-of-three game play-off on a home and home basis.

The eight teams with their records against Class A, B, and C schools are: Frostproof 7-1, Mulberry 9-2, Avon Park, 10-4, Tampa Catholic 11-5, Sebring 5-3, Zephryhills 8-4, Cardinal Mooney 8-4, and Clearwater Central Catholic 4-9.

Coach Ralph Hill is expected to start senior righthander Robert Sizemore (4-2) on the mound with junior Glen Sizemore behind the plate. Other Devil starters will be Dean Lemler, first-base; Denny Montsdeoca, second-base; Larry LaPlam, short-stop; Bill Jackson, thirdbase; Billy Richards, leftfield; Steve Walker, centerfield; and Bill Knapp, rightfield.

Dean Lemler is leading the Red Devils at the plate with an even .400 batting average with Robert Sizemore in second place with a .388 average. Hitting over .200 are Bill Jackson, Steve Walker, and Denny Montsdeoca.

Billy Martin Will Head Band Association

At the Avon Park High School Band Association meeting Monday night the following officers were elected for the 1968-69 year.

President, Billy Martin; vice president, Gerald Wicker; secretary, Mrs. Ophelia D. Rihner.

Treasurer, according to the school ruling, is always Vic Mickunas.

Financial reports were read and the state contest trips coming up the week of May 2, was discussed. The annual band banquet will be held at Camp Wingmann with the date to be decided by the band members. It was hoped by Mr. G. F. Ward, retiring president and the incoming officers that a wider range of interest and responsibility will prevail among the band parents next year.

Mr. Ward was given a vote of thanks by the members and both retiring and incoming presidents praised the band director for a splendid year.

Disney Project To Be Explained At Chamber Meet

Residents of Avon Park will have the opportunity to hear what effects the Disney World Project will have on this area Thursday night at the Chamber of Commerce banquet.

E. L. Davis, executive vice president of the Winter Haven Chamber of Commerce will be the guest speaker.

The banquet will be held at 7 P.M. in the Avon Elementary School cafetorium. Ted Ward will introduce the speaker and George Haynie will be master of ceremonies.

Teacher Salaries To Come Before Board

By late April the salary schedule for Highlands County school teachers will be before the county school board for action.

Superintendent George F. Douglass said, at the April board meeting, that he has met with the salary committee of the Highlands County Education Association and the complete schedule should be ready for presentation by April 23.

The 1967-68 salary schedule began at a low of $5,000 for teachers with a Bachelor's degree but no experience. As teachers work in Highlands County they are rated and a step up in level is worth $250 per year in salary (there are three levels).

For a Master's degree a teacher receives $600 per year, and a doctorate is worth $1,000. Teachers who have earned a continuing contract earn $400 per year more than those on annual contract. Teachers with continuing contract and 10 years of experience receive $800 supplement and continuing contract and 15 years of experience is worth $1,000.

Members of the HCEA salary committee are Tom Holton, Jim Taveniere, Mrs. Angel Fuller, J. Ed White, Mrs. Mary Eckstadt of Sebring; Jack H. Baker, Victor D. Kirk and Loren Bennett of Lake Placid; Leslie Burch, Ed Culbertson, Miss Sarah Sellers of Avon Park.

The last session of the Legislature provided additional teacher salary funds, but the exact salary schedule for this county's teachers for next year has not been hinted at in school board meetings.

BUSINESS JUMPS

Sales tax collection for March in Highlands County totaled $98,465.77, up 23.11 per cent above March 1967 which was $79,912.40.

Shift In Tax Collection Cost Could Put Commissioners In Bind

A shift in tax collection costs from the school board to the county commission could put the Highlands County commission in a financial bind and force millage up next year, it appeared today.

School Superintendent George F. Douglass explained to the county commissioners and school board—in separate meetings Tuesday—new legislation which paved the way for the schools to shift the $40,000 to $50,000 burden.

A joint session of the two boards is set for 7:30 P.M. on Tuesday, Apr. 23, to discuss the problem.

Under the old law, the county Commission and school board divided costs of tax assessment and collection for school taxes. A new law enables the school boards of the state to shift the whole burden to the county commissions.

"And you mean the commissioners don't have any choice?" the stunned commissioners asked Douglass Tuesday. They protested that they would have to raise millage to obtain money.

Douglass pointed out to the school board that the rollback requirement, under which the commissioners operate, limits any tax increase in this county to less than half a mill (10 per cent of the present 4.5 levy) and at present valuations, virtually all of such an increase would have to go for collection cost increases.

1st Membership Tournament At Avon Course

Bob Barben, tournament chairman of the Avon Park Golf Association, has announced that first round matches in the Association's first annual club championship tournament will be started on Saturday, April 27. The tournament is expected to run through the end of May. Barben urges all A.P.G.A. members to sign up at the clubhouse for the tournament so that Prof. Alex Ogilvie, can start making the pairings.

The tournament will be a match play affair. Flights will be determined by handicaps. Play, however, will be match play without handicap.

Barben urges all members to enter this tournament to get our tournament schedule off to a good start. Since this is the club championship there will not be an entry fee, however the Association will award trophies to be held Saturday and Sunday, at the Avon Park golf course and will benefit the cancer crusade.

Something's Wrong

Insurance companies spend hundreds of thousands of dollars a year explaining in advertisements how considerate they are of John and Jane Doe and how careful drivers who won't cause accidents are given special care.

But there is something wrong with a system that operates the way they do, despite the promises of the advertisements. What kind of system is it which permits an incident of the sort we recite in the next few lines.

A local man was arrested for being across the center line when it was marked that he should not. He maintained that where he crosssd the line, there was no forbidding extra line. He got a ticket, nevertheless, and said he'd fight it in court. Until he found he would have to take precious time from his business and hire a lawyer and it would be cheaper to pay the $35 fine. This he did.

About three weeks ago, he got a notice from his insurancee company that his yearly premium was being upped $19 because of this violation. THE VIOLATION OCCURRED IN 1965. It was the first moving violation ticket the man ever had received. He had had none since.

This is only one of many injustices which insurance companies are forcing on their customers these days. Your insurance is cut down to a minimum or canceled altogether if you have a bad accident, although you may have been with them for 20 years. Things like that.

Citizens are being taken over the high hurdles these days. What is our state insurance commissioner doing about it?

LEWIS LLEWELLYN

Action Taken to Reduce Flow Of Pornography Through Mail

Effective action has finally been taken to reduce the flood of pornographic literature which has been pouring unwanted into the homes of many teen-agers through the mail.

Since the revered justices of the Supreme Court appear to be unable to recognize printed obscenity when it is laid before them, some way had to be found to handle the problem through other than the usual legal channels.

A Post Office Department ruling has now been announced which will allow anyone who receives in the mail an unsolicited advertisement which he considers "erotically arousing or sexually provocative" to have the post office order the mailer to remove his name from the mailing list.

This means that those who have been receiving through the mail pornographic literature which they do not want can now have the post office stop delivery of such mail.

Previously, there had been no way by which the recipient of such unwanted mail could get his name off the mailing lists. Some have tried repeatedly—and unsuccessfully — to have their names removed from such lists. The flood of filth poured on.

The decision by the individual that the material is objectionable to him is not subject to challenge by anyone. Parents of children who have unwittingly got their names on the mailing lists of publishers of pornographic literature now have a weapon with which to fight back.

Of course, the American Civil Liberties Union, which defends so many indefensible causes, will in all probability test the ruling in court on the grounds of interference with freedom of speech. We may hope that this legal challenge will be unavailing.

This leaves, of course, other channels of distribution still open to the publishers of indecent literature. Many owners of drug stores and many other merchants apparently have no conscience about selling printed poison to anyone—so long as the merchant makes his profit on the transaction.

What does the Bible say about what people should read? There is a lot of good advice contained in the Scripture—some of it in the form of warnings about what happens to those who fill their minds with thoughts of evil and wickedness.

But if we will heed the admonition of the Apostle Paul we will need no prohibition of evil conduct—no "thou shalt not" commandments at all.

The apostle gives his advice in these words: "Whatsoever things are true, whatsoever things are honest, whatsoever things are just, whatsoever things are pure, whatsoever things are lovely, whatsoever things are of good report—if there be any virtue, and if there be any praise, think on these things."

Can you imagine people whose minds are filled with wholesome thoughts getting themselves into immoral and degrading situations?

Good Response To Scholarship Foundation

Initial response to the State Association of County Commissioners Scholarship Foundation is "just wonderful," Bert McGee, Highlands County commission chairman said today.

McGee, who is a member of the board of directors for the SACC said offers of contributions have come quickly. "People called and offered to give money and help with fund-raising projects. I think the first gifts were being offered almost as soon as the newspaper announcement was off the press last week," McGee said.

"I think generous people are pleased with the idea that we can prevent bright kids from dropping out of school by offering them some hope that they can get financial help to go on for higher education," he surmised.

One scientist recently gathered 200 different kinds of ants in the Malay Archipelago, 200 of which were previously unknown.

DEPENDABLE EXPERIENCED CAPABLE
THE PEOPLE'S CANDIDATE

Dear Voter:

I promise if elected to distribute all County Business, equally and fairly by competitive bidding, after advertisements. Or are you willing to continue with the policy of giving all County Business to a select few? I will represent all Highlands County fair and impartially.

I will give employment to as many people as possible. Help secure more industry for Highlands County, such as canning, sectionizing, and juice plants, to harvest our citrus industry, and give more employment.

I will open all creeks, rivers and lakes, for fishing purposes. Open new roads where needed. Keep all bridges in the best possible condition.

I know that the next four years are going to be hard for us all, and I will need your advice and cooperation to make a good commissioner.

I stand for lower taxes and forequalization on all citrus groves. When I was commissioner I knocked six and a half mills off your taxes.

I will cooperate with the School Board, Hospital and Health Boards, and City Officials as well as the State Officials.

I will give more aid to the aged, crippled, blind and dependent Children.

I will cooperate with other members of the board to the best interest of the District and Highlands County. I will give time for all performance of the duties of the Office.

Your Vote and Support will be appreciated at the Democratic Primary, on May 7th, 1968.

BABSON'S POINT OF VIEW

Shortcomings of Congress

Babson Park, Mass., April 18. Our founding fathers intended that Congress should be a bulwark against centralism in government. They expected its acts to be an authoritative reflection of the collective will of the people.

Much Criticism Not Constructive

If Congress is to reflect the true will of the people, that will must be expressed continually, frankly, and constructively. As almost any Congressman will confirm, the will of the people is being expressed only partially and imperfectly today. To be sure, incoming mail to Capitol Hill is impressively large, while communications from Senators and Representatives to the folks back home are flowing in record volume. But real dialog between members of Congress and the people still leaves much to be desired.

Few indeed are the suggestions sent to Congress which deal convincingly and objectively with today's problems. But in this era of swift communications, with unprecedented industrialization, and multiplying government functions and programs, Congress is showered with criticism . . . much of it not constructive.

Procedure Need Updating

Certain it is that Congress is slowed, and sometimes bogged down, because of the rigidity of its dedication to tradition. If you really want to plead your views personally on a bill before a congressional committee, you'll find it relatively easy to get the nod to present yourself. But be prepared for delays, and possibly postponements, in your appearance and date and time. For committees meet mostly about midmorning and adjourn by noon when the Senate and the House convene. Sessions are short, hurried, often superficial.

For lack of time, informed and well-meaning citizens are rushed through. Some get the impression they are being brushed off; feelings bruised; these people become discouraged. Often they never again return to Capitol Hill, leaving the committee hearings to the professional lobbyists who survive and thrive because they are Johnny-on-the-spot and persistent in their pleadings.

Dynamism and the Seniority System

Gone — perhaps forever — are the really strong Speakers of the House who almost single-handedly made a good deal of the congressional history of yesteryear. But Congress is still blessed with numerous men of statesmanlike capable, articulate, and often highly individualistic. The colorful flavor of bygone years may or may not be recaptured, but the dynamism should be retrievable.

Some claim the ills of Congress stem mostly from the so-called seniority system which provides that committee assignments, chairmanships, and influence generally depend on length of service. This assumes that the incompetents in Congress manage to be re-elected "ad infinitum". Criticism of the seniority system also suggests that Congress is "old and tired." Not so. The median age of all members of Congress is 55 (Senators 59, Representatives 52).

Where Congress Fails

Sen. Russell B. Long of Louisiana has proposed that the Senate establish a dial-a-vote system that would permit absent members to record themselves by telephone when important roll calls are being taken. Hidebound as Senators are to tradition, there is no early hope that they will adopt such a precedent-shattering idea. But Sen. Long's proposal does focus attention on the fact that Congress clings to voting procedures and members' courtesies that are archiac and time-consuming. Unlike so many state legislatures, Congress so far has failed to use electronic voting devices which could speed its work.

Congress' most dismal failure lies in its seemingly superficial handling of its chief responsibility—the enactment of laws. Under present rigid procedures and limitations of funds and staff, neither existing nor proposed programs are being studied as carefully or as fully as they should be relative to national goals.

REP. JAMES A. HALEY

Some Provisions of Civil Rights Bill Were Outrageous

WASHINGTON, D. C.—It is an adage that there is no use in crying over spilled milk. But I nevertheless must say that I believe that the action of the House in passing and sending to the President a civil rights bill containing provisions never considered by the House or its Judiciary Committee was shockingly irresponsible.

There is no question in my mind but that the House approval of this bill, containing outrageous provisions never considered in committee or debated on the floor in the House, was the result of election-year arm-twisting coupled with the emotional surge resulting from the unfortunate murder of Martin Luther King, Jr.

But legislation which strikes at the very heart of our constitutional guarantees of private property rights, which strikes at the constitutional right of the citizen to bear arms, which requires us to violate the treaty rights of others, should never be considered in an atmosphere of politics and emotion.

As must every good citizen, every decent citizen with respect for law and order, every believer in the rights of the individual, I deplore the murder of Dr. King. His death was tragic. The consequences of his murder—in riots across the nation which took the lives of scores of people and resulted in the destruction of untold millions worth of private property—also were tragic. Violence always is tragic—and always deplorable.

But in a Nation which prides itself of being ruled by law and not by man, there is no place for legislation which could not have been enacted had it not been for a tragedy affecting one man, no matter how great a leader of his people he may have been, and because of the arm-twisting power that one man's death gave to politically powerful people and groups in an election year.

A majority of my colleagues in the House nevertheless saw fit to knuckle under to the pressures of emotion and politics. This was of course their right; just as it was my right and the right of an overwhelming number of members of the Florida delegation in the House not to knuckle under to such pressures. But I think it deplorable that this bill came to final consideration in so supercharged an atmosphere, and I do not believe it would have become law had it not been for the tyranny of political and emotional considerations.

My own major objection to the bill was its so-called "fair housing" provision. This provision, added to a House bill in the Senate, is, I am afraid, the beginning of the end to private property rights—rights hitherto guaranteed by the Constitution—in our society unless there is an early reversal of the current trend toward executive, judicial and legislative assertion that only minorities are entitled to constitutional rights.

I object to this provision not only because of its content, but because it was approved by the House without any consideration whatsoever, by the House as a whole or by its Judiciary Committee, or by even a conference committee. No law destructive of individual rights should be so carelessly passed.

It happened, I am sorry to say, on the key vote; 152 Democrats favored and 89 opposed the unconsidered Senate amendments, while 77 Republicans favored them and 106 Republicans opposed them.

I am sending out an SOS to each and every one of the over 1,300 cases which our Highlands County Chapter of the American Red Cross has helped in the past three years that I have been your executive secretary!

I want to remind each one of you that our office came to your aid when you needed help! Now we need and are asking for your help.

Your Red Cross still lacks $3,000 to make our goal this year and if each of you who received Red Cross help would send or bring your membership of $1 or more to our office at 17 North Commerce Street, we would more than reach our goal.

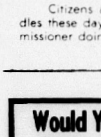

I know so many of you have not had the opportunity to join our organization this year as you have not been contacted by a volunteer solicitor. If each of you will answer my SOS, you can assure yourselves that your Red Cross office will be here if and when you again need our assistance.

We helped you—now we ask that you help us!

ask the State Road Department for more information about plans to install flasher type school zone signs on all primary and secondary roads where there are such zones. The road department, in a letter to the board, said the installation costs will be taken from the county's share of gasoline taxes, but maintenance and operating costs must be provided by the county from funds other than gasoline taxes.

Appeal Made To Deposit Mail Early

Postmaster Bob Young today appealed for mailers to start depositing their mail earlier in the day and promised them better service if they'll do it.

Mr. Young issued his "mail early" plea in connection with a nationwide campaign by the Post Office Department to inform the public about problems caused by late mailing.

The postmaster said too much mail is flooding post offices in late afternoon or early evening here and elsewhere across the country instead of being distributed evenly throughout the day.

This is a primary cause of inefficiency in post offices and unnecessary cost to taxpayers, he said.

"Too many business offices and other mailers are holding their mail until the end of the business day," Mr. Young said, noting that these late-evening surges of mail are causing delays that could be prevented with early mailing.

"A letter that's deposited early in the day gets a significant head start on this late-evening mail," the postmaster said, "because it can meet earlier dispatches out of town and because it doesn't enter the post office at a time when we are too busy to give it the fastest handling."

Among the problems created when a great surge of mail comes in during the evening, he listed:

—"Our aisles become so crowded that it's difficult to move around the mail, let alone move it on to its destination.

—"We have to schedule too many employees to work at the same time. This means that we can't make the best use of our work space.

—"Machinery such as a letter sorter or facer-canceler is not fully utilized and can't make up for partial use earlier in the day when mail volume is not sufficient for full capacity operation. Even with modern sorting and other machinery, mail still backs up at night.

—"Since our employees are under fire to make evening dispatches for as many letters as possible, the error rate may go up."

Postmaster Young called the attention of businessmen to a "Scheduled Mailing" program, in which an early-afternoon cut-off time for the deposit is set for all but the most important mailings.

"Scheduled mailing allows the most important mail to meet its dispatches, while other mail can be worked during the morning hours," the postmaster said. He added that post office representatives would like to visit the mailrooms of business firms and other organizations to help set up a scheduled mailing program.

National Guard Will Conduct Field Training May 19 through June 2

Major General Henry W. McMillan, the adjutant general of Florida, announced today that the Florida Army National Guard will conduct its Annual Field Training at Camp Blanding in May and June.

The 53rd Signal Group will train there from May 5-19, the 1st and 2nd Battalion of the 116th Artillery from May 25 - June 2, and the 53rd Infantry Brigade, the largest contingent, June 9-23. The only major element not training at Camp Blanding will be the 164th Artillery Group (854 officers and enlisted men) which will train at Fort Stewart, Ga., May 19 - June 2.

The Florida Army National Guard has a strength of over 8,000 officers and enlisted men stationed at 51 armories located throughout the state. Of this total number over 6,000 will train at Camp Blanding.

The Camp Blanding military reservation is located in Clay County, 10 miles East of Starke. The military reservation serves as a training site throughout the year for elements of the Florida National Guard and it also serves as a logistical base. The higher echelon maintenance required on Federal equipment is performed at the Combined Support Maintenance Shop there. This shop is also assigned the field maintenance mission for all vehicles and generators of Headquarters, U. S. Strike Command. The U. S. Property and Fiscal Officer has a warehouse, located within this reservation, for the receipt, storage and issue of all Federal property used by the National Guard. The Florida National Guard Officer Candidate School is also located there.

Other branches of the Armed Forces use the reservation on occasion for training purposes. The U. S. Atlantic Fleet, Fleet Air, Jacksonville, uses a portion of Camp Blanding as a bombing range.

The economy of the communities in the immediate vicinity of Camp Blanding will be stimulated by the encampment of the Florida National Guard at Camp Blanding.

Avon Mobile Home Park News

Our sincere sympathy is extended to Mrs. Victor Timberg and family in the passing away suddenly of husband and father, Victor Timberg, on Friday, Apr. 12.

We received word from Mr. and Mrs. Welcome Miller and the Warren Bryers of their safe arrival home, and the commencing of farm chores, etc.

Departures this past week included: Mr. and Mrs. Alva Thompson, Mr. and Mrs. Forrest Wiedeman, Mr. and Mrs. Harman Heffner, Mr. and Mrs. Jesse Yates, Mr. and Mrs. Earl H. Baxter, Mr. and Mrs. Roy Girten, Mr. and Mrs. Eola Ghaster, Mr. and Mrs. Charles Tabone, Mrs. Harold Garver, Miss Margaret Garvey, Mr. and Mrs. Richard Rux, Mr. and Mrs. Floyd Stevens and Mr. and Mrs. Robert McBeth.

Ella says: "thanks dear friends and neighbors for the many acts of kindness and favors extended to me after I experienced a painfull fall. A kind "thank you" to Cora and Ernie Kirback for taking me for medical care. All was greatly appreciated.

Mr. and Mrs. Norman Coody and daughter, Dena Marie of Poplar Grove, Ill., are spending a two weeks vacation with Norman's parents, Mr. and Mrs. Walter Coady, who also entertained Mrs. Coady's brother, Gilbert Lacroix of Lake Worth on Easter Sunday.

Mrs. Larue Longanecker attended Easter Sunrise Services at Lake Apopka, Winter Garden with their son, Donald and wife Martha. There were about 400 people and four choirs as well as bands participating, a very inspirational morning.

Mrs. Ada Hire and Mr. and Mrs. Lawrence Robinson spent Monday driving to Tampa International Airport to pick up Ada's daughter, Jean, who will accompany her mother home, enjoying some of Florida's sunshine and sights of St. Augustine.

We wish a speedy recovery to Frank Fisher who has had a "bug" of some kind which robbed him of his voice, and strength.

It takes about 800 pounds of wood to produce the paper and paper products used each year by the average American citizens.

Thirty Year Resident Dies

James R. Selph, Sr., 42, died Monday, Apr. 8. He was born in Natalee and had lived here 30 years.

Survivors include his widow, Mrs. Leadelle Selph, one son, James R. Selph, Jr., Avon Park; his mother, Mrs. Marzille Deaning Selph, Avon Park, three brothers, Vurnis Selph, Waverly, N. Y., Presley and Sidney Selph of Avon Park, three sisters, Mrs. Neta Bass and Mrs. Pauline Fairchild of Avon Park and Mrs. Eva Fartree of Lake Wales.

Funeral services were held Thursday morning, Apr. 11, from the Scott-Stephenson-Smith Funeral Chapel with Rev. Lester Miller officiating. He was laid to rest in Bougainvillea Cemetery.

Girl Scouts To Camp At Donaldson Park

If all you know about Girl Scouts is that they wear green dresses and sell cookies, it's time you became educated. The place to do just this is Donaldson Park.

On Friday at 3:15 the entire Jacaranda Neighborhood of Girl Scouts and Brownies will begin an overnight encampment. The 100 girls and their leaders will pitch tents, build camp fires, set up exhibits, hold ceremonies and at 7:45 on Friday evening put on an entertainment for the public with each of the six troops being responsible for seven to nine minutes of entertainment.

Saturday morning will find the girls busy with preparations for breakfast and after the last dish is washed and hung in its "dish" bag, the girls will be ready to explain their many crafts and exhibits to the public. After cooking their noon meal and again cleaning up, the girls will take down their tents and like the Arabs silently drift away. (Well maybe not so silently) but only after the park has been left in tip top shape.

All friends are cordially invited to come and visit this encampment anytime from 3:15 on Friday until 3:30 on Saturday, April 19 and 20. You are sure to be surprised at how much is accomplished by some hard working leaders and enthusiastic girls.

Contest At Congregational

The Junior Youth group of the Congregational Church will challenge the senior youth group to a contest about knowledge of the Bible and the church.

The contest starts this Sunday evening and will run four weeks, after which the losers will treat the winners to a nice Sunday evening supper.

April 20, the Senior Youth Fellowship will hold a work-day for Christ and will do odd jobs around the house. Their earnings will help under privileged children attend a summer camp next summer.

A list of the preventive medicine in your car's maintenance suggested by your service station or garage appears to be just selling and of course we do make money in parts replacement. However, we definitely have a responsibility to our customers and try to point up faulty equipment as we notice it.

One of the most commonly overlooked parts and, like insurance, not appreciated until needed, is the insignificant "wind shield wiper." Until you've been caught in a blinding rain storm where you can't stop for fear of being hit from behind or continue on with only an obscure dividing line in the road to guide you, can you really appreciate good wipers. A five dollar bill buys you complete protection.

All Florida Magazine Goes Back to School

All Florida Magazine next week goes back to school. Not to the classroom, but it takes a trip on a jampacked Yellow Peril, the bus.

Join a harried housewife-bus driver as she relates her many adventures to and from school. Hilarious is just one of the descriptions the editors have for the story.

Also in All Florida: history in a Florida courtroom. A jury views a murder confession on video tape. The verdict is guilty, and police have a new way to combat the many legal and technical loopholes criminals are acquiring. Read "TV in the Jury Box" by Todd Wright.

All Florida Magazine, complete with easy to read TV listing for the week, is distributed with The Avon Park Sun.

Early Service Terminated

The early morning service at 9 A.M. has been terminated until next Fall. Services as follows: Sunday School at 9:45 and Morning Worship at 11 A.M.

The United States is classed as the wealthiest nation on earth, by far, yet we have the world's highest violent crime rate, the world's highest homicide rate, by far the world's highest juvenile crime rate, the world's highest divorce rate, and one of the highest suicide rates in the world.

Lutheran Church Plan Picnic At Hammock

Ressurection Lutheran Church women held their regular monthly meeting at the church, April 10.

Devotions were by Mrs. Lenora Lehman. Mrs. Elmer Hurst, president, welcomed the ladies present.

Mrs. David Roche read the minutes of the last meeting. Mrs. J. A. Terp gave the treasurer's report.

It was decided that the LCW provide the altar flowers for Easter Sunday service. They will be given in memory of the late Rev. Harold Knoll.

The congregations of Resurrection and Atonement Lutheran Churches are planning a picnic dinner at Highlands Hammock State Park, April 28. Persons attending are reminded to bring their own table service and tablecloth.

Mrs. Lenora Lehman read a chapter from the book, "A Woman Wants God." These chapters are always enjoyed by the group.

The hostess for May will be Mrs. Hurst.

Rev. Ivan Miller was a guest. He gave a short talk and closed the meeting with a prayer.

After the meeting, a social hour with Mrs. J. A. Terp as hostess was enjoyed by all present.

BOARD OF DEACONS TO MEET SUNDAY

The Board of Deacons of the Union Congregational Church, will meet this Sunday evening, April 21 at 7:30 P.M. All members are asked to be present.

Lions Hear FBI Speaker

The regular meeting of the Lion's Club was held in their den on W. Bell St., Tuesday night, Apr. 16.

The city police force was invited guests. The speaker for the meeting was Maurice Miller from the Miami office of FBI.

THE HEARTY ROSE

We naturally think of the rose as being a delicate flower. It has that effect when we handle the fragile-looking petals of the rose blossom.

Have you ever noticed a rose bush after a severe wind storm? It is surprising how few of the full-bloomed blossoms are affected after the winds have ceased. The petals seem to hug each other tightly, and suffer very few ills from nature's elements.

The rose is probably the most welcome flower you can send to a sick friend or a shut-in. Ours are the loveliest, we select them just for you. The next time you need

Duplicate Bridge Report

By A. HARRISON KOSOVE

As the duplicate bridge games gradually approach their closing session, each week finds more of our players preparing for their return North, and this week we bid adieu to Perc and May Stevens, who are leaving for Rochester N.Y., and to Elinor Welch who will be returning to New Jersey on Friday.

We were happy to greet again Margaret Pellon's son, Frank, who, with his mother, made a most congenial partnership.

With seven tables in play, the winners were as follows.

North-South: Perc and May Stevens, first; Mary Merllott and Judy Waagmann, second; Jane Rapp and Josephine Smith, third.

East-West: Ruth Pennell and Evelyn Roseman, first; Lois and Joe Vasek, second; Helen Beans and Gillis Collins, third.

The closing dinner and bridge game will be held Monday, May 6 at the Sebring Golf Club and anyone interested in participating may contact Ruth or Harry Kosove at EV 5-0778.

Social hour is at 5:30 to 6:30 after which dinner and presentations of contributions to civic causes will be made — followed by the final duplicate bridge game of the season. Tickets are $3 per person.

In the meantime, our regular games will continue as usual each Monday night, at 7:30 P.M. The final master point game will be held April 9, at which time the donation is $1.25 per player.

Many guests at the Inaugural Ball for President Grant in 1969 had their wraps stolen, and had to go home cold.

Mr. and Mrs. William Langmus Celebrate 50th Anniversary

Mr. and Mrs. William Langmus, Avon Park, celebrated their 50th wedding anniversary and Mrs. Langmus' 72nd birthday with open house for their relatives and friends, April 11.

The couple were married in Covington, Ky., April 11, 1918 by Rev. T. C. Crume.

They are the parents of four sons, Robert Langmus of Cincinnati, Ohio, and Burton Langmus of Tampa, who were here for the celebration and Donald and Harold Langmus also from Cincinnati. Eight grandchildren and two step-great-grandsons.

Fifth Fatality Of Year Here At Bair's Den

The Highlands County 1968 death toll rose to five Easter Sunday when Feofild Laboy, 31, of Palmetto was killed in a car-truck crash at the Bair's Den.

Both Laboy and the driver of the convertible in which they were riding, Tanuel Serrand of Palmetto, were thrown from the car when Serrand failed to stop on entering Route 27 from the East and the car was hit by an autocar truck driven by Oliver D. Graham of Chattanooga, Tenn. Serrand received broken ribs. Graham was uninjured.

Trooper O. L. Rauleson of the Florida Highway Patrol and Cpl. C. A. Humphries, FHP, investigated. Serrand was charged with failure to yield at a stop sign and with having no driver's license. The convertible was a total loss and damage to the truck was estimated at $600.

with flameless air conditioning

To Stamp out Summer Heat

Any hideout is healthier when heat and humidity are locked outside.

A word to the wise: There's still time to check the job with your electric appliance dealer or air conditioning contractor. One word from you and he'll sing. Give you all the facts and figures about installing electric air conditioning in your hideaway.

Remember, when the heat's on, flameless air conditioning helps you keep your cool.

We'll give an installation allowance of $50 to any of our residential customers who removes — between April 1 and June 30 — flame-type heating and replaces it with whole-house electric cooling and heating. Ask your dealer or contractor for the details.

2,573 Acres Of Forest Land Burned

The smell of orange blossoms was intermingled today with the acrid smell of the six muck fires still burning and smoldering in Highlands County.

Highlands County rangers of the Florida Forest Service said as of Tuesday and since January 1, a total of 2,573.3 acres have been burned by 129 fires in the county. A total of 219 acres was burned last week.

Rangers fought 10 fires last week and the big one South of Sebring and West of route 27 near Sebring Oaks still is burning, said County Ranger Roy Williams of the Forest Service.

"It is too far from water for us to do much with it," said Williams. "We can't get into the muck because the equipment would get stuck."

Rangers, however, were able to get to the Gerald Springer property, although it is in a remote area southwest of Sebring, and pump water on a muck fire burning there.

It is almost a month since Highlands County has had more than just a sprinkle of rain.

The drought in central Florida continues, despite forecasts of showers, and woods and swamps are tinder dry and the danger of outdoor fires becoming wild fires is extreme, according to District Forester E. S. Sweeten of the Florida Forest Service. Central Florida in the last five years has experienced a rainfall deficit equivalent to one entire year's precipitation.

The extreme dryness, lower water tables, dry muck and high daily winds make outdoor burning "dangerous," said Sweeten.

All persons are admonished to stay with any fire they start until it is dead out. Sweeten warns, however, against doing any outside burning until there has been a change in the weather which permits burning to be done without such high risks.

Heavy rain makes trash burning safe for only a relatively short time.

NOT FOR HAMMOCK

The Golden Eagle passport, which entitles visitors to federal recreation areas unlimited access for a year, will not admit holders to Highlands Hammock State Park, Park Superintendent Capt. Robert Baylor pointed out. Highlands Hammock is a state park.

Our word beggar first appeared in the English language about 1260, and was spelled bagger, meaning a person who carried a bag from house to house, for alms.

Ever notice how many prominent people came from obscure villages?

Pleads Guilty to Forging Check

Levi J. Sheffield, accused of forging a check for $15 using the name of Henry Crutchfield, pleaded guilty Monday before Circuit Court Judge Clifton Kelly. He will be sentenced later.

Lee Joseph Twiggs, accused of breaking and entering by taking a radio and record player of Mattie Mae Anderson, was found guilty as charged by the judge. He will be sentenced later.

The case of David Ward, Jr., charged with non-support of his minor child, Catherine, had his case continued on a day to day, term to term basis on condition he pay $10 per week toward support of the child.

The Library Corner

One of the recent memorial gifts to the Avon Park Library is the latest book written by President Dwight D. Eisenhower which he calls At Ease—Stories I Tell My Friends.

In warm and personal terms he writes about his life, his aquaintances both little-known and celebrated, and the history that enfolded before him.

In story after story he tells of his parents, his early life in Kansas, his experiences at West Point, his dreams, his life-long learning of discipline. The details of his life from the Point through the Presidency as they relate to history he has already reviewed in three former works, Crusade in Europe, Mandate for Change, and Waging peace (the White House years).

This book is written for fun—his memories of his wife, his wonderful years in the Canal Zone with General Fox Conner, his experiences with the spirited George Patten, as Aid to General Douglas MacArthur in the Philippines, through the war years and the peace years until he returns to the United States to run for the Presidency.

He writes of people, places, and experiences with ease and sincerity.

Library hours: Monday, Tuesday, Thursday, Friday, 1:30-5:30 P.M., Wednesday, 10 A.M. - 1 P.M.

Avon Park Track Team Defeated By Fort Meade

The Fort Meade track team tore up Avon Park and Mulberry last Wednesday afternoon here at the high school track scoring 96 points to win the three team meet. Avon Park came in second with 53 points, and Mulberry finished last with 31 points.

The Red Devils took only two first places. Clyde Sumbry won the mile run with a time of 5 minutes, 9 seconds and Leslius McNeil won the 180-yard low hurdles with a new school record time of 21.1 seconds. McNeil held the school record of 21.3 which he set last year.

Avon Park scored only nine points in the five field events. In the high jump event Charles Magenheimer took second with a 5 foot, 5 inch jump. Jim Magenheimer was third with a 5 foot, 4 inch effort, and Curtis Hulen came in fourth with a 5 foot, 2 inch jump. Tim Braswell came in third in the shot put toss with a 40 foot, 5½ inch throw. Lucius Taylor earned one point by coming in fourth in the broad jump with a 17 foot, 5 inch jump.

Freddy Jahna took a fourth place in the mile run with a time of 5 minutes, 25 seconds. In the 440-yard dash Robert Walton and Johnny Hamilton took second and third places and Taylor came in second behind McNeil in the low hurdles.

In the half mile run James Hashing and Clyde Sumbry took second and third and Wesley Turner finished fourth.

The three relay teams all came in second. The 880-yard relay team of Roy Claitt, Willie Seigler, S. Callaway, and McNeil ran the half mile in 1 minute, 35 and 9/10 seconds behind the Fort Meade team. The sprint medley team of Seigler, Taylor, McNeil, and Callaway also finished behind Fort Meade with a time of 2 minutes, 11.6 seconds and the mile relay team of Hamilton, Jones, Taylor, and Walton came in second behind Mulberry's team with a time of 3 minutes, 48.6 seconds.

Wednesday, the Avon Park team participated in a meet in Frostproof and Saturday they may take part in a Sebring Invitational Meet if it is held. Next Thursday, Apr. 25, the Red Devils will host the Highlands County track meet with Sebring and Lake Placid participating for the county championship.

Nominations Open For Schools Advisory Group

The first Lay Advisory Committee for Highlands County schools will be named in May. At its April meeting the Highlands County school board authorized Superintendent George F. Douglass to proceed with plans for establishing the committee as a channel of communication between the public and the schools.

Douglass told the board he hopes "to involve as many people as possible." In addition to the committee, which may be small, there are to be numerous study groups which will work with the countywide committee on projects for improvement of public education.

To assist the school board in obtaining committee nominations, this newspaper is publishing a nomination form which appears in this week's paper.

Nominations do not need to be on any special form, but it is most helpful to the administrators handling the nominations if suggestions are written, Douglass said. It will also be helpful to the school board if the nomination includes a short statement about why the nominated person may make a good Lay Advisory Committee member.

During the teacher walkout in February many laymen came forward with offers of help, and Douglass promised that interested laymen would in the future be given more opportunities to help the schools.

Baker, chairman of plant exchange Founders Circle, Mrs. Ray Rutherford, chairman of Federation of Garden Club plant exchange and Mrs. Peter Boney, chairman of Hibiscus Circle plant exchange, which will be held April 25, 8:30 to 11 A.M. sponsored by the Garden Clubs. Final plans have been made. This is open to the public. If you have plants you would like to exchange for other plants or if you do not have plants, come, and maybe you will find something you would like to plant in your garden. Plant exchange will be held on the Mall in front of Jacaranda Hotel. Make Avon Park a Garden City.

FARP Has Big Training Program On

Florida's Alcoholic Rehabilitation Program, with its in-patient center at Avon Park plus five out-patient clinics at Miami, Tampa, Orlando, Jacksonville, and Pensacola, lives up to its name and then some.

The "then some" in this case refers to the extensive amount of training carried on by the program. This training ranges from chaplains to public health nurses and from vocational rehabilitation counselors to probation and parole officers.

On the job training is extremely important for persons studying for any position in the field of human relations. There is only so much that can be learned from books. The remainder must come from real life experiences.

FARP, due to its direct dealings with people, is one of Florida's ideal training grounds, and many make use of it each year.

For example, the Family Services department of FARP, located at the Avon Park Center, is responsible for a total of 96 public health nurses visiting the center in the past year, from April 1, 1967, to March 31, 1968. These nurses from various Florida counties, each spent two days getting a complete briefing on FARP and how it works.

FARP has also been responsible for helping train close to 75 chaplain trainees at its Avon Park in-patient Center, some of these on a full time basis and others part-time.

Since 1962 more than 200 vocational rehabilitation counselors have attended orientations at the Avon Park Center. Many of these spend a full week at the Center, talking with patients, learning the problems of the alcoholic as related to job opportunities, and working with the vocational rehabilitation counselor in trying to solve these problems.

Social workers find fine learning opportunities at the FARP. Students working on their MSW degrees satisfy part of their training requirements at the Center; four recently spent three days a week for one full term fulfilling this quest.

Numerous administrators, directors, and superintendents of mental health units also visit the Center for on-the-job training.

Not only is FARP's in-patient Center involved in training activities—its five out-patient clinics are also busy in this field.

For example, the Orlando clinic holds half-day orientation sessions for vocational rehabilitation counselors and probation and parole officers. Clinic personnel also meet periodically with the Orlando city court program staff.

The Tampa clinic, since its opening, has offered training, education, and consultation to the staffs of other community agencies.

At Pensacola, regularly scheduled training at the clinic includes that of vocational rehabilitation counselors, student nurses, social work graduate students, and occupational therapy groups.

Jacksonville clinic has made a special effort to train pastoral counselors in the field of alcoholism.

FARP's Miami clinic has been specializing in accepting trainees from Miami Beach Junior College.

MONEY SAVED

An amendment to the foreign aid program offered by Congressman Paul G. Rogers has saved the nation $432 million in foreign aid grants and gifts. Rogers' amendment was put in the Foreign Assistance Act in 1961 and required the State Department to reduce and eventually terminate bilateral grants and gifts to foreign countries receiving U. S. aid.

Announcing
Chevrolet's new Torque-Drive.

Nobody else offers anything like it at the price.

Torque-Drive does away with the clutch pedal. Most of the shifting, too. And for the most economy, it's available exclusively on all Camaro sixes and Chevy II Nova 4- and 6-cylinder models.

Look how simple it is. You accelerate in 1st, then shift to Hi for cruising. That's all.

If you like, you can even start in Hi. And accelerate from standstill to cruising speed. It's just a little slower that way.

The shift lever is conveniently located on the steering column, and there's a selector quadrant with easy-to-read indications: Park-R-N-Hi-1st. Only your Chevrolet dealer has it—clutchless driving at only $68.65.

The first no clutch one shift $68.65* transmission

Only Chevrolet has it.

Rotary Report

Dr. Larsen has just returned from attending a medical seminar in California. He reported that heart disease and cancer were the most discussed topics.

Dr. Larsen with the aid of a chart, reviewed the heart and some of its problems and solutions. Basically, heart disease falls into two categories, valves and coronary. Valves are more often the problem of younger people, being caused by rheumatic fever or something similar. Valves become scarred. Blood cannot get through. It is now a rather common practice to put in heart valves. They are made of nylon or orlon and stainless steel. They are put in by open heart surgery.

Coronary problems are more perplexing. These arteries supply the heart with its blood. If they become restricted, not enough blood can get to the heart. Pain is one result of this lack of flow. No treatment has proved overly successful in the past so much work is now being done. One new method of interest is the use or substitution of the mammary arteries. The coronaries are removed and the mammalaries are tied into the heart. This has seemed to be successful so far and does not require open heart.

Dr. Larsen reported little progress of note has been made in the battle against cancer. Early detection is the best cure.

MR. AND MRS. VICTOR GARAY of Avon Park Lakes was honored on their 50th wedding anniversary by the women of Avon Park Lakes Club with a reception at the club for members and friends, Monday evening, April 15. The club house was decorated in keeping with the occasion. A floral centerpiece of gold flanked with candles centered the refreshment table from which the decorated sheet cake, mints and nuts were served. The couple was married April 15, 1918 in Vienna, Austria, coming to America in 1922 after the birth of their two sons, John and Charles, and located in Brewster, N. Y. Both sons attended the reception. John is from Pullman Lake, N. Y. and Charles from Chicago, Ill. They have six grandchildren.

Honor Society Induction Is May 9

Spring Induction for the National Honor Society Avon Park High Chapter has been announced by the Sponsor, Ernest Doty and the president, Bill Knapp.

Date and time are 3rd period, 10:20 A.M., May 9th. The theme for the ceremony this spring is "Man's Flight through Life is Sustained by the Power of His Knowledge."

Guest speaker will be G. Franklyn Ward. Music for the induction will be furnished by David Sechrist who will play his cello.

Comptroller Fred O. (Bud) Dickinson, Jr., today said $4,062,891 has been distributed this month to Florida's 26 county school boards which administer junior college programs. South Florida Junior College received $1,983 compared to $5,841 in 1967.

The Scripps Institute of Oceanography recently announced the discovery of a subsurface current in the Pacific, some 3,500 miles long, 250 miles wide, and about 1,000 feet deep, flowing 100 feet or so under the surface of the sea.

Seniors Will Attend Asolo Theatre

On Wednesday, Apr. 24, 86 seniors of Avon Park High School will travel by bus to Sarasota to see the matinee performance of Henry IV, Part I, Wm. Shakespeare, at the Asolo Theatre. Accompanying them will be Guy Garrett, principal, Jean Price and Mrs. Wilda Knapp of the English Department.

The students have paid for and planned for this trip for some time, many of them having to work to earn the price of the theatre ticket and bus fare.

Henry IV, particularly appropriate in as much as the seniors study English Literature, is a rare comedy of epic grandeur, and gives a fine portrait of England in 1400. The memorable characters include the immortal rogue Falstaff, the prodigal prince Hal and the rebel Hotspur as well as the master-politician Henry IV. Last year the seniors were allowed to see "As You Like It" at the Asolo theatre. The enthusiasm for last year's performance whetted the appetite of this year's class for a field trip.

Bus Station Moves To New Location

Avon Park's Greyhound bus station, opened by Charles Burrescia at 1014 West Main St. over nine years ago was moved last week from the west end of the Mall to Joe's Sinclair Service Station at West Bell and Highway 27.

Bob Hanford who has operated the station for the past three years, requested that it be moved when his efforts to establish a self-sustaining Welcome Station for the area seemed doomed by the conflicting requirements of two interstate-controlled commission agencies —namely the Greyhound and the Western Union.

While Greyhound required the minimum wage of $1.60 per hour, Western Union was still requiring the maximum number of hours, and the income from both was insufficient to support either.

Mr. Hanford, technically "retired," sought only enough income to pay for overhead and daytime help so he could voluntarily render much needed services in the financially unprofitable hours between sunset and sunrise, when small towns like most bus stations are closed and travelling people stand outside and wait with no sources of information and help, no night taxis and no place to rest.

The ministerial association requested Hanford to be a clearing house for hungry transients and the police themselves have at times requested that he give shelter in cases of justifiable "vagrancy." Hanford has retained the Western Union, a potential snack bar, and "pick up and delivery service," the three minor sources of income until he decides how best to utilize his property in the public interest.

Problems of how to meet the technicalities of Federal tax requirements before the April 15 deadline necessitated the hasty closing of the station.

WHY THE BEST

So important when you buy natural vitamins and supplements. — It is the ninth anniversary at the House of Better Nutrition, all our regular preferred customers are invited to come in for their free gifts and save 25% of the regular retail prices and 10% off the mail order cat. New customers will get useful gifts with purchases of $3.00 and up. The larger the purchase the large the value of the gift.

County Loses Fight to Lower Elevator Costs

"So all my fight was in vain," Commissioner Earl Crutchfield lamented Tuesday when the county commission learned that it cannot terminate its maintenance contract with Otis Elevator at this time.

Several weeks ago the Highlands County commissioners balked at paying a new — and higher — monthly inspection fee for the courthouse elevator.

Since installation of the elevator in 1960 the commissioners had carried a maintenance contract with Otis, and some advances in prices have been made. The most recent increase pushed the cost to $66.24 per month.

Other commissioners joined Crutchfield's rebellion, and plans were launched to find less expensive service. At Tuesday's meeting the latest correspondence was presented to County Attorney Hue Nunnallee for inspection.

That contract termination clause cannot be activated until December, 1970. With a sigh Crutchfield's Company surrendered.

Mr. and Mrs. M. W. Krueger of Ferndale, Mich., with their two daughters, Cheryl and Gail, two sons David and Brian, are here visiting their parents, the Waltons during the Easter vacation. They expect to do some going around, while here, including Floridaland, near Sarasota, Bradenton, and some picnics.

Your news reporter and bulletin board caretaker wish everyone health and a pleasant summer. Hope to see all of you in the fall. They will be leaving Wednesday for their home in Indiana.

One of the lessons of history is that nations are in for trouble when their masses have too much leisure time, without having the cultural background to use it properly.

Mrs. Wilson Named Mother Of The Year

Mrs. Clarice Wilson of Greenville, S. C., a frequent visitor in Avon Park for many years, has been named South Carolina mother of the year.

Mrs. Wilson has won wide spread acclaim in home decorating and gardening. She has taught a Sunday School Class at the First Presbyterian Church in Greenville, S. C. for many years, with an average attendance of 125 every Sunday, is the author of many books on flower arranging and has lectured in 22 states.

Each year Mrs. Wilson prepares a booklet with recipes, spiritual thoughts and helpful hints and sends to 1,400 friends as Christmas cards.

Mrs. Wilson has one daughter, Mrs. Langdon S. Ligon of Greenville who says her mother is hard to explain on paper. It is no simple chore to put wit and personality on paper.

Mrs. Wilson's many Avon Park friends are delighted to hear of this honor awarded her and feel she is fully qualified.

RESIGNED

Mrs. Emily Mann, court reporter, has resigned as official court reporter in Highlands County and will be with Judge Tom Langston in criminal court of record in Bartow. She lives in Bartow. In court this week until a new reporter is named was Lannie Swift of Lakeland.

Elizabeth Clarke — GL 3-6733

Shuffling

No shuffling tournament Wednesday because of rain.

Fifty-two folks lined up for the tournament Saturday evening. Was a little on the chilly side, but nice to play. Winners in the main event were Harold Faulkner and Herb Shauger over Alton Wetmore and Tom Clarke.

Elizabeth Clarke and Rose Stewart won in consolation. Gertrude Fensterman and Chris Cabezas were the runners-up.

Card Games

There were four tables of pinochle players Monday afternoon. Jim Brown and Grace Beauvais had the high scores of 774 and 690.

In bridge on Tuesday, Bertha Brush and Chris Cabezas had the high scores of 5430 and 3790. They too had four tables of players.

In duplicate bridge there was a different method of scoring. Frank Thierolf and Mabel Cabezas had the high score, and Juanita Carr and Sheila Wurster came in second.

Dances

Regular dance and lesson on Monday evening, but no dance on Friday, as it was Good Friday.

Supper

The number at the supper is gradually dwindling as they one by one leave for their northern homes. Twenty-five sat down at one long table Saturday evening. Eleven of them were from New York. Guests were Mr. and Mrs. Lane and daughter of Kenmore, N. Y. Mrs. Lane is the daughter of the Joseph Blomquists, where they are visiting for several days.

It was reported that George Parker is ill of a heart attack and is in Walker Memorial Hospital. Mr. Parker is coming along fine.

The program consisted of several readings. Minnie Brown's reading, "Happy Easter in 1910," which told what the young ladies wore in 1910. Bessie Paxton and Joseph Blomquist gave most interesting readings. Hallie Amstutz played a medley of Easter songs, ending with "The Easter Parade." In closing Paul Hoppe played "Till We Meet Again" on his accordian.

The Joseph Blomquists and the Earl Aylings were the hosts.

News From the North

The Floyd Hendricks had a flat tire five miles out of Avon Park, but they arrived home in Elmira, N. Y. safely and found lovely weather.

This reporter would appreciate letters from the folks in the North telling about their happenings. Other folks in the North would like to hear about it. P. O. Box 1265.

Money Needed To Buy Flags For Servicemen

Mrs. Edward Teppert, chaplain for Highlands Unit 69 American Legion Auxiliary wants to know if you the citizens of Avon Park realize that there is an urgent need for funds to purchase Florida flags for the Fighting men in Viet Nam.

The program of flags for the fighting men in Viet Nam was started by the Secretary of State Tom Adams in 1966 when a Marine Captain wrote asking for a state flag pointing out that regulations prohibited the personal use of the national flag. The Tom Adams Flag Fund was established and flag requests have been filled by the contributions of funds by companies, civic and veteran organizations.

"We of the Highlands Unit 69 American Legion Auxiliary have contributed funds for the purchase of four flags, with the request that Mr. Adams send these flags to men from this vacinity" states Mrs. Teppert. "We have had thank you letters from these men stating that he received a letter telling him that our Auxiliary had purchased the flag which made it more personal and more meaningful.

With the rotation plan of service men and the fact that their flags are destroyed by enemy fire, Mr. Adams tell us that he has from 25 to 50 request each month for the Florida flag and that there is a backlog of requests on hand."

Mrs. Teppert, states that the Auxiliary is purchasing another flag the cost $6.50 and if there are those in Avon Park who would like to make a contribution to the fund they may send it to Secretary Adams, or if they wish they may give it to the unit secretary, Mrs. Jim Heim.

If you wish someone to pick up your contribution you may call Mrs. Teppert GL 3-4033 and arrangements will be made to pick up your contribution.

COMMENCEMENT SET

Wednesday, May 1, has been chosen as the date for South Florida Junior College's second commencement. President William A. Stollard said today that more than two dozen students are expected to receive diplomas at the Spring commencement at Avon Park High School auditorium.

Cortez was the first known white man to enter what is now Arizona, 29 years after the first discovery of the Western Hemisphere.

G. T. Johnson Promoted To Specialist 4

Gerald T. Johnson, 22, whose mother, Mrs. Mattie Q. Johnson, lives in Avon Park, was promoted to Army specialist four March 18 near Pleiku, Viet Nam, where he is serving with the 4th Infantry Division.

Spec. Johnson, a supply specialist with Company A of the division's 4th Supply and Transport Battalion, entered the Army in September 1966, completed basic training at Ft. Jackson, S. C. and was assigned at Ft. Bragg, N. C. before arriving in Viet Nam in June 1967.

A 1966 graduate of Twin City High School, Batesburg, S. C., he was employed by Imperial Casket Co., Leesville, S. C. before entering the Army.

The Avon Park City Council at its regular meeting Monday night accepted Dixie Industrial Sales bid of $27,380 to build a new hangar at the airport.

The other bid from The Graves Company was $25,457. Both bids were revised after the council decided to make some changes in the hangar doors.

Mayor Jimmy Doerr said he felt it was unfair and unethical to let a bidder cut his bid after having knowledge of other bids and not give other bidders the same privilege. He said it is not right to spend taxpayers money on the highest bidder.

Grand Prix Bowling Lanes Destroyed By Fire Tuesday

The plush Grand Prix bowling lanes north of Sebring which weekly draw between 1,500 and 2,000 bowling enthusiasts, burned to the ground in the early hours before dawn Tuesday.

Fire of unknown origin apparently started in the rear East end away from busy Route 27. It appeared a chunk of wall had been blown out behind the pin setting machines. Only parts of the outside walls were left standing.

A German Shepherd dog, penned in a chain link enclosure attached to the building, miraculously survived when he took refuge behind his dog house, burrowing in the dirt to get his head beneath the little wooden structure.

The lanes, one of the county's most outstanding recreational facilities, were built only eight years ago and were sold just two years ago for $350,000 by John and Miriam Perlaki to Gray and Claire Hammond.

The loss is partially covered by insurance — $120,000 on the building, $30,000 on the contents.

"Gray will get nothing," commented his attorney, Frank Bryant, who added that the insurance money first would go to Avon Citrus bank which holds a $40,000 mortgage and then to Perlaki.

An element of mystery was added Tuesday night. Between 6 and 6:30 P.M., onlookers saw two men with shovels unearth a tin box and pour the money it contained into a pail. They moved the burned desk and dug underneath.

Attorney Frank Bryant, on being informed, contacted Hammond, who said he knew nothing about it. The box, Hammond said, probably was the one with the change for the next day's business — about $100 in bills and silver. Additional money was lost, Bryant said, in the coin machines for colas and such and about $70 in some cash drawers. Bryant reported the incident to the sheriff's office.

Perlaki said the sale to the Hammonds was a no deposit, contract sale. A total of $314,557.42 plus interest remains to be paid, according to a suit for foreclosure and appointment of a receiver filed Friday in Circuit Court. Payments have been $857.14 per week.

Attorney Bryant said his client locked up and left the alleys at 1 A.M. Tuesday. He was awakened at 20 minutes of 7 o'clock by a telephone call, Bryant said, and hurried out to the fire.

Chief Deputy Sheriff J. C. Murdock said the sheriff's office got a call about 2 A.M. A truck driver had noticed the flames and stopped at Maxcy's truck stop south of the lanes to call

Red Devils Will Host Annual Highlands County Track Meet

The Red Devil track team will host the annual Highlands County Track Meet here at the high school track today (Thursday) starting with field events at 3:30 P.M. The Devils are the defending Highlands County champions and will compete today as favorites to repeat against Sebring and Lake Placid.

On May 3 the Avon Park team will compete in the district meet to be held at the Tampa Catholic track in Tampa. Members of the team who qualify will participate in the state meet in Gainesville on May 10.

Last Thursday the Red Devils came home with first place from a four team meet held in Frostproof. The Devils took the win with 80¼ points. Frostproof came in second with 69½ points; St. Cloud was third with 61¼ points and Sebring finished with 31¼ points.

The Devils improved in the field events taking 25¼ points in the five events with three first places. Tim Braswell placed first in the shot put toss with a 41 foot, 7 inch effort and Chuck Long added a half point with a tie for fifth place in that event. Robert Walton tied Sebring's McGill for first place in the broad jump going 18 feet, 11 inches; Jim Williams came in third; and Lucius Taylor was fourth in the broad jump. Charles Magenheimer took took the high jump with a 5 foot, 9 inch jump and Curtis Hulen was fourth and Jim Magenheimer came in fifth. Chuck Long also grabbed a fourth place in the discus throw but the Devils didn't place in the pole vaulting.

The Red Devil's mile relay team of Sam Jones, John Hamilton, Leotus McNeil, and Robert Walton won with a time of 3 minutes, 35.5 seconds. The Devil 880-yard relay team and the sprint medley team both placed second with Frostproof winning the 880 and St. Cloud taking the medley.

In the running eevnts Jim Williams tied for second place in the 100-yard dash and Willie Seigler came in fifth. Clyde Sumbry took fourth place in the mile run for two points and tied a St. Cloud boy for third place in the 880-yard run for another 1½ points.

Robert Walton won the 440-yard dash with a time of 54.2 seconds and Johnny Hamilton came in second with a 55.6 second effort. Leotus McNeil continued to control the 180-yard low hurdle event winning with a time of 21.5 seconds and Lucius Taylor placed second in that event with a time of 21.7 seconds. In the 220-yard dash Williams came in second and Willie Seigler tied Sebring's Bell for fifth place. The Devils were shut out in the high hurdles.

Wilbur Boyd Will Speak At Commencement

Associate in Arts degrees will be awarded to 29 students in South Florida Junior College's first full scale graduation. The commencement is set for 7:30 P.M., May 1, in Avon Park High School auditorium.

The junior college began operation in the Autumn of 1966, and two students who transferred from other schools were able to complete graduation requirements and graduate in the Spring of 1967. The Class of '68 is the first one to have completed the full two years of work at the Highlands-Hardee college.

Senator Speaker

Principal speaker for the junior college commencement will be State Senator Wilbur H. Boyd of the 31st Senate District which includes Highlands, Hardee and his home county, Manatee.

Boyd is chairman of the Senate committee on education. He was elected to the Florida House of Representatives in 1958 and in 1967 was elected to the Senate. As a member of the House he was voted by Representatives and the press as an Outstanding Member, and he earned the United States Junior Chamber of Commerce Distinguished Service award.

He attended University of Tampa and Stetson University. At the latter he was a classmate of Highlands School Superintendent George F. Douglass.

Boyd will be introduced at the commencement by SFJC President William A. Stallard.

The South Florida Junior College Chorus, under the direction of Professor Buford G. Jasper, is to sing two selections. Miss Elaine Whitehead will be pianist for the program.

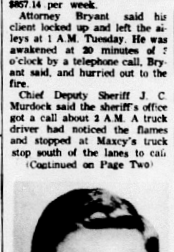

Father John L. Knapp, rector of Avon Park's Church of the Redeemer, will give the invocation and benediction.

Dr. William Stallard will confer the degrees on the following students:

Gary E. Bennett, Avon Park; James Bryan Boatenhammer, Wauchula; William Carlton, Zolfo Springs; Linwood Wynes Dorsey, Avon Park; Helen Kay Drake, Bowling Green; Shirley Lee Elems, Bowling Green; Brenda Rosella Ellison, Wauchula; Ralph William Folsom, Sebring; Robert L. Grimsley, Wauchula; William Powell Jones, Wauchula; Juliane Kazen, Wauchula; Rocky Allan Kitchens, Wauchula.

25 Percent More Students To Graduate in '68

Highlands County's high schools will graduate 25 per cent more honor students in 1968 than they did in 1967. Invitations to the Scholarship Recognition, Inc., annual dinner for honor graduates has gone out to 60 students. The 1967 recognition dinner had 44 guests of honor.

The 1968 dinner is set for 7 P.M. on Saturday, May 3, at the Sebring Hotel dining room. Dr. John S. Allen, president of the University of South Florida since its founding at Tampa in 1957, will be the principal speaker.

Scholarship Recognition, Inc., was founded in 1963 by a group of Highlands County business and professional men who wished to recognized students for "scholastic excellence during ... high school." To qualify for an invitation a student must have maintained at least a B (3.0) average through a mini-

Absentee Voters Heavy As Primary Nears

Voting by absentee ballot for the May 7 primary already is "quite heavy," Supervisor of Elections Roland X. Droit said today.

Droit said his office will remain open Saturday of next week, May 4, until 5 P.M. for the convenience of those planning to vote by absentee ballot and also for those purchasing automobile license tags.

Although independents, of which there are 125 in this county, have no candidates, they still can vote on the amendment making the post of school superintendent appointive, Droit said.

The last date for candidate to receive contributions for the first primary is May 1. Deadline for candidates and parties to file lists of poll watchers with Droit's office is April 30 for the first primary.

NEW PRESIDENT of Ridge Area Association for Retarded Children Steve Roberts, left, plans expanded services to the retarded with Rev. Tom W. Jones and Mrs. Virginia Hubbell. Mr. Jones heads the Summer day camping committee and is working with Mrs. Hubbell in drafting the prospectus for the early childhood development centers. Mrs. Hubbell is a consultant for the Division of Mental Retardation.

Steve Roberts Named President Of Ridge Area Day Schools

Plans to launch an early childhood development program for retarded children were announced at the annual meeting of Ridge Area Association for Retarded Children.

The meeting was held Monday at First Christian Church, Sebring, and included election of officers and approval of plans for expansion of services to the retarded.

Steve Roberts, owner of florist businesses in Avon Park and Sebring, was named Ridge Area Association president for 1968-69. He succeeds Thomas R. Johnson, Jr., Sebring, who was elected vice president and chairman of the school operations committee.

Mrs. G. F. Ward of Avon Park was named secretary, and Miss Pat Lagoni of Sebring was re-elected treasurer. Directors elected were Samuel C. Nixon, Jr., Thomas G. Nason and George F. Douglass, all of Sebring; Miss Ann Karrick and Mrs. Henry Heilig of Avon Park; Mrs. Jean Moore of Lake Placid.

Retiring President Johnson said the recent sessions of the Florida Legislature have been "banner ones" for special education. Public education for all children — including children physically and mentally handicapped — is now mandatory.

"Now we need, as an association, to be looking to programs for retarded persons whom we could not serve before," Johnson said as he announced plans for opening two centers for retardees under six years of age.

The Sebring center will be based in the annex of First Christian Church and will be open five days per week, 8:30 to 11:30 A.M. A site for an Avon Park center is being sought, Johnson said.

Each of the early childhood development centers is to be headed by a professional teacher and volunteer aides will be enlisted to help with the programs. A September opening date is planned.

The Summer day camping program, launched last year as a pilot program for retardees, is being planned for this Summer, Johnson said. Mrs. Mildred Webber, teacher in the Avon Park unit of Ridge Area Day School for Retarded Children, said the 1967 day camp held at Sebring Woman's Club, had seemed to keep the children mentally alert over the Summer so that the 1967-68 school year got off to a "fast start."

Rev. Tom W. Jones of Sebring was named Monday to serve as chairman of the 1968 Summer Day Camping program. Because of the emphasis given water safety training, a site near water will be sought for the 1968 camp, he said.

The Ridge Area Association also will provide scholarships for retarded children to participate in away-from-home camping programs at Camp Challenge in June and at Christian Churches Conference Grounds in August.

In the official reports officers noted that the annual fund drive had netted over $4,000, an increase of approximately $1,000 over last year.

Johnson also noted that because of cooperative efforts by the Highlands County school board, county commissioners and Ridge Area Association, special education is available here to more than three times the number of children being given aid in any other rural Florida county.

Law Provides For Commission Pay Collection Cost

By ALBERTA JONES
News Education Writer

Highlands County school board emerged from a special session with the county commissioners and teachers' salary committee with decisions which add up to no new county taxes.

By passing along to the teachers all state money made available for salary support, the Highlands County school board was able to adopt a new and higher salary schedule for teachers and administrators. On the recommendation of Superintendent George F. Douglass, county support for teachers' salaries will continue at the same level for 1968-69 as set for 1967-68.

The school board also agreed to continue to levy taxes in two parts—in a general levy 3.2 mills, assessed and collected at the county commission's expense, and 8.13 mills levied in a district with expense borne by the school board.

New legislation provides that the school board may shift the whole assessment and collection cost to the commissioners. Highlands County commissioners were all present at Tuesday's special school board meeting to repeat their protest that shifting the taxing cost would drive up county millage.

School Board Chairman Henry Bailey said, "no increase in school millage "is anticipated at this time, and the consensus of this board is we can continue, for a time, just as we are."

Higher Salaries

Although the level of local support remains the same next year, the basic salaries for Highlands County teachers will be substantially higher. Beginning salary—for teachers with a Bachelor's degree, no experience—goes from $5400 to $6300.

Master's degree holders without teaching experience will begin at $7100. At this time Highlands County has only one teacher with the top-rank I—standing and Douglass said Tuesday that with increments for continuing contract and experience that teacher's pay for the next year could be $12,341.

Merit Pay Dropped

The controversial merit pay feature of Highlands County teachers' salary schedule is eliminated in the 1968-69 schedule Douglass told the board that the teachers of the county are split "about 50-50 over it," and members of the Highlands County Education Association salary committee present at Tuesday's meeting agreed with this report.

Douglass said investigators from the federal Health, Education and Welfare department had criticized the operation of the merit pay system—which is unique to this county—but the Superintendent denied that the federal officials had requested its elimination.

"They have not recommended its elimination, but they have said any system must be completely free of racial basis and any hint of discrimination along racial lines," Douglass said.

Some Highlands County teachers had complained that favoritism had been shown in the grading of teachers. Douglass complained Tuesday that the system "is difficult to administer and classroom teachers seldom get it except when they are in favor of it."

New state legislation requires that each principal make a written evaluation of each teacher annually and show each teacher this report. The Superintendent said the continuing contract—sometimes "administered badly in the past in this county and in this state"—would be awarded more carefully.

"We have gone on the 'bird in the hand is worth two in the bush' theory," Douglass said. "We have been reluctant to dismiss a teacher with no one in sight to replace the dismissed one. But our new salary schedule is competitive and we should begin to make some choices in our selection of teachers."

Florida Forest Service Ranger Burns To Death In County Fire

A Florida Forest Service ranger on loan here from Glades County was burned to death fighting a 1,000 acre fire near the Bair's Den Tuesday afternoon.

Cecil F. Irey, 53, was found at 4 P.M. burned on his tractor, which had hung up on a stump. The fire, the county's biggest this year, apparently moved too suddenly for him to escape. Highlands County rangers started looking for him when they lost radio contact.

County Ranger Roy Williams and his entire crews were fighting the entire crew were fighting two miles West of the Bair's Den North of Route 70.

Ray Murphy, investigator for the Forest Service, who burned to the scene with Sheriff Broward Coker and County Coroner Judge Mervin Rehrer, bitterly remarked that "I hope the people who caused the fire think about what they have done."

He will press the investigation, he said. Irey is survived by his wife, in Palmdale, a son in Palm Beach County and a daughter in Indianapolis.

Sheriff Coker said the rangers on Wednesday requested Gov. Claude Kirk to include this area in the "no burning" proclamation already in force in several central Florida counties.

"The rangers and all law enforcement agencies would like to caution people to be very careful in connection with any fire," he said.

He added he had traveled from Live Oak to Sebring last week end, and said "it looked like a powder keg. The whole district is so dry."

Nine fires burned 1,216 acres in Highlands County this past week, Ranger Williams said. The one which took the ranger's life is the worst so far this year.

The year's fires thus far now total 147, compared to 115 for the same period last year, which was a very bad year for fires. So far 3,852 acres have been lost.

Drought conditions are worse than last year which was the driest Spring in 25 years. Sebring's last rain was a scant .45 of an inch. The entire year's rainfall since January 1 has been only 3.30 inches.

"We have six known muck fires now burning in the county," Williams said. "The second largest is in Marion Henry Bay, East of Sebring and Northwest of the airport."

There is so much muck and heavy growth, it is impossible to get men and equipment to the bay to fight it, he said. The railroad tracks act as a fire break to the North, but strong southerly winds could take it across to the Sanford Hartt Ranch, he warned.

"Smoke from this fire and other muck fires in the county as well as fires from surrounding counties all add up to the general accumulation of smoke in this area," he pointed out.

"Due to the reduced visibility from the Florida Forest Service lookout towers, we ask the public to report all woods and grass fires to us at EV 5-8851."

A Lake Wales man, Louis Lasseter, was arrested Thursday and charged with wilfully setting fire to lands in Polk County which he did not own or control. There is a $1,000 penalty plus jail sentence.

Daylight Savings Start Sunday

Highlands County along with the rest of Florida will go on Daylight Savings Time next Sunday, Apr. 28. At 2 A.M. — if you're still up and about, you can set your clock ahead to 3 A.M.

Most people will set the clock ahead an hour when they go to bed Saturday night. Last year, some churchgoers forgot, and found themselves late to church, church people reported.

Only two of the 50 states will not observe daylight time—Hawaii and Arizona.

Again this year the railroads will conform with the time set by the states.

The printing press has been described as one of the most important machines ever developed, as universal education is difficult or impossible without it, and free government cannot survive without an educated, informed electorate.

The 60 honor graduates include 27 from Sebring High School, 23 from Avon Park and 10 from Lake Placid High. The Avon Park group includes eight students who have averages of 3.5 or higher. Marcia Leigh Ward's 3.97 average is high for the whole county.

Marcia, second daughter of Mr. and Mrs. G. Franklyn Ward, has been on the Avon Park High honor roll for four years, won awards in Latin, algebra and speech. Her father is currently an unopposed candidate for a seat on the Highlands County school board.

Right at Marcia's heels is Smith Rudasill, III., Sebring High student leader who has rolled up a 3.956 average during high school. He has won awards in civics, biology, chemistry, band and science fairs. He is a son of Mr. and Mrs. Smith Rudasill, Jr.

Top student for Lake Placid High is Paul Oxer who has a 3.8 average. He is a son of Mr. and Mrs. Oxer of Lake Placid.

Two High School Seniors To Visit England This Summer

Two Avon Park High School Seniors are about to launch out into a fascinating summer. Marcia Ward, daughter of Mr. and Mrs. G. F. Ward, and Bonnie Fisher, daughter of Mrs. Fred Fisher will leave soon after graduation for England. The girls read about this upcoming possibility for a work-adventure summer in Seventeen magazine some months ago and after many inquiries decided on this unique way to learn and try their wings following high school graduation and before settling down for college in the fall. Marcia plans on Swarthmore and Bonnie on South Florida Junior College.

The day after graduation, June 6, these girls will fly to New York and sail from there on a student ship. They are now getting their necessary shots, passports and other essentials for leaving the country. Living in youth hostels they will work and travel at various archeological diggings under the direction of European college students majoring in archeology. These work-excavation projects have been going on since 1964 and have become popular with college students from the United States and Europe.

The three digs planned so far are Usk, Wales, where there is an Earth and Timber fort from the Roman invasion. In Ludershall, England they will hunt for treasures where once a Royal hunting palace of Medieval time stood. In Oxford, England there was the City Wall, a Franciscan Friary and Medieval tenements.

Although the students are paid a stipend the travel between diggings is their own responsibility. The student ship returns August 10 landing in New York August 19. These girls will have plenty to write about when they return to their colleges in the fall. Other summers Marcia has attended Interlochen music camp in Michigan, so this promises to be a completely different experience.

Delinquent Tax List Shorter But More Costly

Although the number of items on the delinquent tax list for personal property and intangibles is down this year, the amount of taxes owed is up.

W. H. Prescott, tax collector for Highlands County, said the week began with 77 items on two lists. The total of tax owed on personal property was $11,093.19 and on intangibles, $225.39.

Payment is continuing to come in, Prescott said and added that by the time the delinquent tax list appears in the newspaper today he expects the number of items to be less than 70.

This time a year ago the unpaid personal property tax was $7,573.97 and on intangibles $513.63.

Some of the delinquent tax bills are as large as $600 and a few are a little over $1.

Bowling Lanes

(Continued from Page One)

The Florida Forest Service and Sebring Fire Department were called by the sheriff's office, but nothing could be done as flames swept fiercely through the huge, unpartitioned structure.

Murdock said the roof already was caved in when they got there and "boy was it hot!"

The Avon Park Correctional Institution also had been called to come with bloodhounds and Murdock said they circled the place "to see if they could pick up anything." They were unable to do so.

With Murdock were Deputies George Crist, Densby Jackson and Wayne Harris.

The fire apparently moved as fast as it did because the wood lanes are treated with lacquer and are highly flammable, said Sebring Fire Chief Thurman Haywood. He added "it was useless for us to attempt to extinguish the fire with the amount of water we could carry. We just stood by helplessly. The lanes are in the unincorporated county area.

Haywood said the state fire marshal was notified Tuesday morning and they will investigate. "All we could do was go and watch it burn. It was too far gone."

County Ranger Roy Williams of the Florida Forest Service said that they received a call about 2:30 A.M. and when they got to the building it was half gone. They had their two woods tanker trucks standing by in case of grass and tree fires but only a little grass burned.

"It was a mess," he said. "We sure hate to see this area without a bowling alley. Lots of people used it."

The fire came at a time when differences between the present owners and the former owners were just being ironed out according to Attorney Bryant. Perlaki claimed rental on the AMF pinsetting machines was in arrears, that Hammond had refused to pay 1967 state and county taxes, failed to file weekly reports on the rental agreement with AMF, failed to keep payments current, failed to properly maintain the premises. Bryant said this had all been straightened out on Monday afternoon. The taxes were paid, the Monday before the suit was filed on Friday, an outside sign repaired, and "we had agreed on a schedule of payments they would accept and we had arranged for the money."

The property currently is subject to a $40,000 mortgage at Avon Citrus Bank. Bryant said payments of $857.14 per week are current and have been made through the bank.

Davis said AMF had called his client, Perlaki, and threatened to take out the machines, and that if the Hammonds did not pay the back rental of $9,426.93 in full, plus 13 weeks for which no weekly reports had been filed, they would take legal action on or before Monday, April 22.

"That's exactly what we stopped it," said Bryant. "I called New York Monday and got it worked out."

A hearing on the court action was scheduled for 4 P.M. Tuesday before Judge Clifton Kelly but canceled after the fire.

"There's no need for a receiver now," commented Attorney Hayward Davis, representing Perlaki. The Perlakis now live in Sarasota.

The insurance was placed through Davis and Roberts in Wauchula and their investigator and an adjustor were on the scene Tuesday. A spokesman said the huge insurance was spread over eight insurance companies.

SHERIFF

THE SHERIFF

The Sheriff, a mighty man is he; he's known county-wide;
And when he comes into our town, the culprits run and hide.
He stands for law and order, no rough stuff now, by heck,
And if you get in trouble, he's breathing down your neck.

He's elected by the people who pay their share of tax.
And if he doesn't please them all, he's sure to get the axe.
The call may say for an accident, or just to stop a fight;
But you can bet your bottom dollar, he'll be working half the night.

He gets no compensation for all this overtime;
He won't get thanked most likely, or told he's doing fine.
There are lots of things required to hold this county job;
You have to deal with criminals who murder, steal and rob.

The Sheriff gets called for anything, at any time or place,
Regardless if it's criminal or just a civil case.
There are always lots of questions asked and if they get in trouble
To the County Sheriff they come, a running on the double.

He might be serving a summons or else a tax citation;
There is lots of paper work to do in this Sheriff's occupation.
There is usually plenty of work to do with all this paper stuff,
And when it gets hot in the field, I'd say more than enough.

He always tries to please them all and treat everybody right;
If some can't make it in the day, he'll attend to the court at night.
The legislators wrote the laws and put them in the books,
But the guy who must enforce them gets all the dirty looks.

The changes in the laws are made by legislation,
But to get the public to understand takes lots of explanation.
It seems an everlasting job, though merits it has some,
To just sit back and sigh and say Well, that's a job well done.

There is lots of satisfaction in helping out some lad,
To stop his little escapades before he turns out bad.
I don't know why he keeps the job, someone's always throwing mud;
But I guess this sheriff business kind of gets into the blood.

He can solve a dozen cases, it's his job, they shrug and say,
But miss one and DUMB COP he's called, he isn't worth his pay.
There is lots of good work to be done but there is something lacking--
What law enforcement needs the most is solid public backing.

There is much more that could be said but just to add a pun
The perfect definition is PUBLIC SERVANT NUMBER ONE.

Lou Hooper—Ann Johnson Named Man and Woman Of The Year

LOU HOOPER was chosen "Man of the Year" at the Chamber of Commerce banquet and awarded an engraved plaque for his work with the Chamber.

THE TITLE of "Woman of the Year" was bestowed upon Ann Johnson at the Chamber of Commerce banquet, for her work at the County Fair, bringing first place to Avon Park. She received an engraved plaque.

ANNA BELL WORDEN RUPP receives silver tray from master of ceremonies George Haynie at the Chamber of Commerce banquet April 18. This was engraved with her name and awarded to her in appreciation for her past 18 years of service as executive secretary of the Chamber of Commerce.

Avon Park Chamber of Commerce held their annual membership banquet Thursday evening at the Elementary School Cafetorium. George Haynie acted master of ceremonies for the occasion, introduced political candidates for the coming election in May, preceeding the dinner Rev. Wells offered devotions.

Three cheerleaders, Cecelia Albritton, Pat Farr and Melinda McClure from the high school led in the Avon Park cheer.

William Beck president of the Chamber of Commerce, introduced the directors and recognized their wives. "More service, more members and more money is needed for the Chamber" he said. All business men have been solicited for the needed help.

An engraved silver tray was awarded to Anna Bell Worden Rupp, for her past 18 years of service as executive secretary of the Chamber of Commerce. Ann Johnson was awarded a plaque for "Lady of the Year" for her work at the Highlands County Fair which won first place for Avon Park. Lou Hooper, was chosen "Man of the Year" and awarded a plaque for his work with the Chamber.

Disneyland figures decorating the banquet hall gave a clue to the subject to be used by the principle speaker for the evening. Al Davis from Winter Haven Chamber of Commerce who was introduced by Bill Owens. His topic was "Disneyworld and the Impact on Central Florida."

"There is no question" the chamber executive said, "but what Avon Park and Highlands County will receive great benefits from the huge Disneyland project even if the area is on the economic fringe." He explained that seven units are planned for what will be known as EPCOT City (Experimental Prototype City of Tomorrow) the first to be complete by January 1, 1971, which will be many times larger than the present Disneyland in California and will cover 27,000 acres. Housing will be at a premium. Thirty-seven thousand dwellings will be built in the immediate area. U.S. 27 will become a main arterial highway through to Miami.

He warned there would be growth problems, more schools and hospitals needed. However, 56.661 billion would be coming into the state including tourist money.

A question and answer period followed his talk.

Disneyworld will make Florida the nations number one family land playing with the proposed "Tarzanland" to be within a radius of 50 miles of Orlando and the Western attraction announced by Roy Rogers.

Ice cores drilled 1438 feet deep in Greenland and 1013 feet deep in Antarctica recently, show definite layers similar to growth rings of trees.

Devils Defeated In Tournament

Avon Park's Red Devil varsity baseball team lost out in the first game of the Class B sub-region tournament held in Melbourne last Thursday night when the Zephyrhills nine took a 7-1 win from the Devils in a bout them from state competition.

Melbourne defeated Clearwater Catholic in a later game that night and went on to win over Zephyrhills the following night to take the sub-region title to Eastwood Tampa Catholic knocked off Sebring 8-7 in the other winning semi-final game. Kenneth's Cardinal Mooney on Thursday night defeated Tampa Catholic 8-7 in extra innings to earn the right of Melbourne and the Class B Group 8 championship. The two teams will meet this week in a best of three series starting tonight.

The Red Devils got off to a bad start against the Zephyrhills team as they gave up three runs in the top of the first inning on a walk, a double and an error in the park homerun. The Bulldogs scored again in the top of the second when they had singled and walked to settle in for the fourth three singles and an error by the Avon Park infield allowed three more runs across the plate for Zephyrhills a 7-0 lead.

Avon Park finally pushed its lone run across in the bottom of the fourth when Dennis Mosley walked, went to second on a wild pitch and scored on Dean Lemler's single. The Devils got only two singles off the young Zephyrhills hurler as Mosley had single in the third and Bill Knapp singled in the bottom of the seventh.

Robert Simmons went the distance for Avon Park giving up 10 hits and walking three batters. It was the worst loss suffered by the Red Devils all season as the other four losses during the season had all been by the difference of one run. The final record of the Devils was 4 wins and 5 loss in the sub-group meet.

Panthers Close Out Athletic Season In Avon Park Saturday

By Coach Dunning Terrell

Last Saturday night in Avon Park South Florida Junior College Panthers closed out their second season of participation in athletics as they lost a double header to St. Petersburg Junior College.

The Panthers showed an improvement in their baseball record over last year's team as they recorded two conference wins against 14 losses compared to last year's record of no wins and 12 losses. Their overall record was three wins and 20 losers. Last year was one win and 17 losses.

The Panthers basketball squad amassed a total of eight wins and 18 losses.

At a glance this would seem to be a terrible record. However, considering that South Florida Junior College is the smallest junior college in the state and only in it's second year of operation, and the fact that the Panther's scheduled the toughest competition in the state, it is not so bad a record. Many of the games were lost by one or two points in basketball.

In basketball, five of the top ranked eight teams of the state were on the Panther schedule.

We have a tough row to hoe to catch these other teams. Many of the schools on our schedule have a student body of 5,000 to 12,000 students compared to our 250 to 300 students. However, we will not back down from any junior college.

The Panthers will loose several good boys by graduation. In basketball, Skipper Gause, two year all conference and first all state, Rocky Mitchell, Junior Gale, Ted Butler, Thomas Williams, Alonzo Whitehead. All of these boys were starters. Gale, voted the most valuable basketball player by his teammates, has signed a full grant in aid with Stetson. Gause is still undecided.

In baseball, Roemie Jackson, Charlie Mosseyhame, Keith Blanton, Roy McMillian, Ted Butler, who was all conference as a freshman, Alonzo Whitehead, Jim Boutenhammer and Freddie McCall will leave the Panther's fold.

These boys in basketball and baseball deserve the thanks of all the people of Hardee and Highlands County as they cast their lot with new schools when many could have gone to an established institution. Their contribution to the South Florida Junior College program will long be remembered.

Spring Football Practice To Start Monday

Joe Franza, Avon Park High School athletic director and head football coach, announced this week that spring football practice will start next Monday afternoon and continue for three weeks with an inter-squad game to be played Thursday night May 23 at Memorial Field under the lights for fans to attend.

All high school boys who are members of the junior class or lower are invited to participate in the spring practice under the direction of Franza and assistant coaches Ralph Hill, Dale Landress, Larry Pickett and Dewayne Lemler.

Country Music Show Schedule For May 24

The Avon Park High School Athletic Association will sponsor a Country and Western Music show at Memorial Field Friday night, May 24 featuring Roy Drusky and his band of Grand Ole Opry fame. The proceeds from the show will be used to improve the lighting at Memorial Park.

Tickets for the big show are now on sale from members of the athletic association or at the high school at $2 for adults and $1 for students.

Roy Drusky has been a Grand Ole Opry star for several years and is also a Mercury recording star.

Further information concerning the show will be released later but Avon Park residents are urged to set May 24 aside to attend the big performance at Memorial Field.

My wife and I, my son and daughter-in-law attended the high school concerts recently and were very impressed with the talent, spirit and understanding at every movement of the conductor, Mr. MicKunas, who is in my opinion an outstanding teacher.

Mr. and Mrs. MicKunas are contributing a lot to our city and our county. They develop talent which is beneficial to the youth and to our citizens.

We were former New York residents and have seen many good performers and were surprised how Mr. MicKunas was able to transfer his ability, his speaking without words to the students, especially the juniors and make them express their feelings.

BEN H. McGEE

WHY

Ben H. McGee Is Best Qualified to Be Re-Elected County Commissioner District 3

BEN McGEE is a Steward of the Public Interest, and the public interest demands that he be informed—about public education, welfare, health, planning, zoning, economic development, water resources, transportation, agriculture, hospitals, airports, libraries, civil rights, law enforcement, fire protection, public works, community relations—and the beat goes on—no man is an island and no county can exist in isolation. The VERY ESSENCE of our Democratic system is an informed electorate and a better informed electee. The alternative is to leave the public interest in the hands of the bureaucracy.

BEN McGEE IS WELL INFORMED and ALWAYS AVAILABLE WHEN NEEDED

He has served the last 6 years as DISTRICT DIRECTOR OF THE STATE ASSOCIATION OF COUNTY COMMISSIONERS—the last three years as Director at Large. He is one of 15 Directors at Large, selected from a membership of 339.

As a member of the State Association of County Commissioners he has served on the following committees:

Health and Welfare, Resolutions, Taxation and Revenue, Compensation.

He has worked with all county and city officials for better government.
He has built new roads whenever possible and has kept the old roads in good repair. There are only 7 miles of school bus routes unpaved in District 3.
BEN McGEE is running INDEPENDENTLY and is bound by no POLITICAL groups.
He has worked and will continue to work to promote and acquire new industry for our county. Five new dairies have located in District 3 in the Kissimmee Area.
He believes in using the tax dollar as economically as possible to benefit the greatest number of people.

After reading the above requirements of a county commissioner and then reading Ben H. McGee's qualifications, I am sure that you too feel that he is the best qualified candidate for County Commissoner, Dst. 3.

Your VOTE and SUPPORT will be greatly appreciated on May 7, 1968
YOU CAN WIN WITH BEN—WE DID IT BEFORE and WE'LL DO T AGAN
YOU CAN WIN WITH BEN—We Did It Before, and We'll Do It Again.

Announcements was made of the Art Contest and the Colored Photograph Contest sponsored by the National Grange.

The Lecturer, Mrs. F. H. Fullmer, presented the following program: song, America, with Mrs. F. B. Howard at the piano; tableau, Betsy Ross, mother of the flag, by Mrs. A. J. Blomquist, accompanied by reader, F. B. Howard. Conundrums. This is my life, Mrs. Clarence Higgs. Recognition of Grange Week, reading on Seventh Degree and the Assembly of Demeter by Mrs. D. J. Roche. This is my life, A. J. Blomquist. Thought for the day—Getting an idea should be like sitting on a pin; it should make you get up and do something about it.

Refreshments were served by Mr. and Mrs. E. B. Howard during the social hour.

Will be May 23

The annual band banquet will be held Thursday, May 23 at Camp Wingmann.

Awards, dancing, fun and games besides an excellent dinner will give these hard working band students a finale to a year of dedicated band work.

Vic Mickunas the director and newly elected president of the band association will do everything to make this a memorable night. Mrs. Ophelia Risner is chairman of the event.

Irene Gillilan - James Ivey, Jr. Exchange Wedding Vows Friday

The First Baptist Church of Avon Park was the scene of the wedding uniting in holy wedlock Miss Mayme Irene Gillilan, daughter of Mr. and Mrs. William Gillilan of Sebring and James T. Ivey, Jr., son of Mrs. E. W. Mercer, Avon Park and James T. Ivey of Nashville, Tenn., April 19, at 8 P.M. The double ring ceremony was performed by the Rev. Aden Childress.

The church altar was decorated with two large standards of permanent white stock and carnations.

The organist, Mrs. Frank Morgan played appropriate bridal music preceding the ceremony and accompanied the soloist, Mrs. Tom Jamieson of Fort Myers who sang "Because" and the "Wedding Prayer."

The bride given in marriage by her father chose a bridal gown of white peau de soie fashioned with open pleats on an A-line skirt. Fitted bodice, long pointed sleeves, appliqued lace daisies around boat neckline and bottom of the skirt. She wore a double strand of pearls. Her illusion shoulder length veil was held in place with a crown of seed pearls and sequins. She carried an arrangement of white carnations on a white Bible.

Mrs. Clara Byrd, Melbourne, served the bride as matron of honor and wore a street length pink chiffon dress over taffeta, full skirt, round neck line, short sleeves, satin bow in back with chiffon panels flowing from it. She carried a nosegay of large white mums.

The bride's mother wore a blue and gold brocade street length ensemble with white accessories and wore a corsage of white carnations.

Mother of the bridegroom wore a light yellow two piece suit with paisley blouse and brown accessories. Her corsage was white carnations.

Charles Gillilan served the bridegroom as best man. Ushers were Ernest Gillilan and Lamar Gillilan all from Sebring.

Reception

After the ceremony a reception was held at the home of the bride's uncle and aunt, Mr. and Mrs. Billy Gillilan, 401 E. Canfield. White pompoms decorated the home.

The three-tiered wedding cake topped with a miniature bride and bridegroom was centered on a table covered with white and served with punch, nuts and mints.

Patsy Perez and Mrs. Billy Gillilan served the punch and cake.

Out of town guests were Mr. and Mrs. Buddy Byrd, Melbourne; Mr. and Mrs. Rudolf Suggs, Bradenton, and a large number of friends and relatives from Sebring where the bride is employed in the Credit Bureau of Highlands County. The bridegroom is employed at Food Fair in Avon Park.

For traveling the bride wore a two piece knit yellow and white suit. Her corsage was lifted from her white Bible.

Upon their return from a trip to the coast the couple will be at home at 905 W. Canfield.

MR. AND MRS. NEAL TODD announce the engagement of their daughter Sarah Catherine to PFC. Carl Lambeth, son of Mr. and Mrs. J W. Lambeth of Frostproof. THE WORD FLOWER HAS DEEP MEANING

The word flower has crept into the English language. It is a beautiful word, originally meaning the blossom of a plant, has now come to mean such things as the best or choicest part of anything, the prime, a figure of ornamental expression.

The American Indians used the word to name beautiful little girls—such as "Little Flower" or "The Child with the Face of the Flower." It was simply the best description they could give the child.

We feel our flowers are too beautiful for words. We offer the finest, greatest variety that you'll find anywhere.

When you need flowers—call us.

Rotary Report

Reported by Father John Knapp

Last week's meeting, April 17. This is difficult to report in that one had to see this program to really appreciate it. It was indeed an effective demonstration of the physical effects of smoking. Appropriately enough, one song leader, Otis led us in "On Top of Old Smokey," just before Dr. Larsen introduced the program.

The larger portion of the presentation was handled by Chaplain Charles Danforth of the Walker Memorial Hospital, reporting on the courses conducted there to help people quit smoking. Two of these five day series have been held so far, and more are planned.

Chaplain Danforth remarked on the truth that most people start smoking not because they enjoy it, but because of social pressures of their peer group. Later they get "hooked." To stop the habit, one must be deeply concerned of the need, and possessed of strong willingness to try and receive help.

Pills do not help in most cases, as the involvement is mental as well as physical. The Pavlov principle in association is active here . . . that time of day, the habitual chair or associate, etc. Willpower can be built up to control the strong drive, just as the Queen Mary's 85,000 tons can be steered by the 60 ton rudder she has.

Chaplain Danforth rigged up a mechanical smoking machine to show the amount of tar that passes through even the best filters on fags, trapped in cotton and in a small bottle.

This presentation is not aimed at adults only who want to stop smoking, but can be used with great value in High School and Jr. High groups. What happened to "Springtime"?

About 90% of the elements in trees, plants and field crops are thought to be derived from the air, and balance, only, from the soil.

Maxcy Estate Grove Is Sold

A young orange grove, 24½ acres, located just off Route 27 and west of DeSoto City, has been sold by the estate of Charles Von Maxcy to Douglas T. Holden and Perry B. James, III.

Price paid, as indicated by tax stamps in the office of Circuit Court Clerk Earl Rich, was $40,000. This figures out at slightly more than $1632 acre.

JOE D. KEENE is physically fit, mentally trained, and socially dedicated to give all of Highlands County a 24-hour, day and night, law enforcing agency.

You know my qualifications and my firm intention to give you honest, fair and impartial law enforcement as your elected Sheriff.

If you want a Sheriff who is under no obligations to anyone; who has made no promises of appointments; who will treat everyone with equal fairness and give you honest and efficient administration of the duties of the sheriff's office in an economical manner . . . then I, Joe D. Elect
A. C. "Austie" HEACOCK
SUPERVISOR OF ELECTIONS
DEMOCRATIC PRIMARY MAY 7

Dear Highlands County Voter:

Since it is physically impossible for me to meet each one of you individually, I would like to use this letter to tell you about me and my qualifications for the office of Supervisor of Elections.

Since 1919, I have been a resident of Highlands County. I attended the Sebring schools, graduating from High School in 1931. During World War II, it was my privilege to serve in the United States Navy for three years, two of which were spent overseas.

With my wife, Natalie, and our three children, Bill, Mary Carroll and Elizabeth, I live at 812 South Lakeview Drive, Sebring. We are members of the First Presbyterian Church of Sebring. I am a Life Member of the Sebring Fire Department and a member of the VFW Post #4300.

As a former member of the Board of County Commissioners of Highlands County for two terms, I was elected Chairman in 1956.

For the past 5½ years, I have served as a Deputy Tax Collector under W. H. Prescott, Tax Collector of Highlands County. I resigned from this position January 31, 1968, in order to seek the office of Supervisor of Elections.

I am qualified to perform the duties of Supervisor of Elections, and if I am elected I will operate the office in an efficient and economical manner. After twenty-eight years, it is time for a change!

Your vote in the May 7th Democratic Primary will be appreciated.

Sincerely,

Austie Heacock

FIVE REPUBLICAN candidates, only two of them facing primary opponents, appeared before a meeting of Highlands County's Republican Women's Club on Thursday to give voters a look and a listen. Posing here, left to right, are Herbert Harman and T. Kelton Hill, running for county commission seats; Donald Heath, for state legislature; Robert Rust, U. S. Senator, and Granville Crabtree, state legislature. At far right is Mrs. Crabtree and in front is Mrs. A. H. Schutt, president of the local club. Heath and Rust have opposition in the primary.—News photo.

Scouts Have Lad and Dad Camp

This past weekend dads having boys in Cub Scout Den 2 of Avon Park had an opportunity to get better acquainted with their sons outside activities through a special Lad & Dad campout held at Pioneer Park in Zolfo Springs using the facilities of the Massee Paige Memorial campgrounds.

The event was arranged through the efforts of Den Dad Johnny Johnston. The group left Avon Park Saturday at 1 P.M. and returned home Sunday after noon. They enjoyed swimming, fishing and a delicious barbecue prepared by Harold Barker whose son, Johnny, was ill with mumps and unable to attend.

Those enjoying the outing were Bill Owens and son, Mike; Tom Anderton and son, Lee and Ricky; Bob Young and son, Bobby; W. C. Johnson and son, Jim; Johnny Johnston and son, Tommy; and Harold Barker.

Billy King and Robert Boardman, cubs, also enjoyed the trip although their dads were unable to attend.

Go to School, Judge Says, Pay Fines

Two Avon Park people found guilty of traffic charges were sentenced to attend a defensive driving school in addition to paying fines. Sentences were passed by County Judge Mervin Reiter.

William Joel Adams, 19, was fined $30 for reckless driving, and George Arthur Dobbins, $15 for failure to have his vehicle under control.

Joe Reveis of Avon Park was fined $35 for failure to use due care. Dorothy Lee Matherly of Avon Park, who failed to appear in court on a charge of failure to yield, was charged with failure to appear and $10 bond set. Eugene Pickett of Avon Park estreated a $25 bond on a drunk charge.

The defensive driving school starts May 7 and will be held each Tuesday for four weeks.

100 Gather to Hear GOP Candidates

Highlands County Republicans and friends gathered over 100 strong on Thursday to welcome and listen to candidates for state, national and county offices at city pier.

Six candidates, headed by Robert W. Rust of West Palm Beach, running for the ninth district U. S. House of Representatives seat, included Donald E. Heath, Nokomis building contractor, Granville H. Crabtree, Jr., Sarasota, present state legislator from this district, T. Kelton Hill, Avon Park businessman and Herbert W. Harman, Sebring businessman, running for county commission in districts one and five, respectively.

The meeting, held at the pier, actually was a regular meeting of the Republican Women's Club of Highlands County, but Mrs. A. H. Schutt, president, turned over introduction honors to Col. W. J. Atkinson, chairman of the Highlands County Republican central committee.

Crabtree was the first to speak—but for Cong. Ed Gurney of Orlando, running for U. S. Senate, who was unable to be present. Next came Rust, named outstanding member in the Florida House of Representatives this year by the press. He pinpointed Viet Nam, crime and riots and inflation as the big problems of this time. "We need leaders with courage and guts," he said.

He termed "utterly ridiculous this country's trade and aid with and to Communist controlled countries."

"This week's casualty list in Viet Nam was 356 American boys killed," he declared, "while LBJ gave trade and aid to Czechoslovakia and Russia. They are killing our boys with Russian Migs and Chinese rifles. With a Republican Congress and president we can reverse this."

Crabtree then spoke for his own candidacy, followed by Heath and the Highlands County men.

Memoranda handed out at the door gave capsule identifications of Republicans to be voted on in the Highlands County May 7 primary.

For U. S. Senator—Edward J. Gurney, presently serving in the U. S. House of Representatives. Herman W. Goldner, did not support Goldwater in 1964 nor Kirk in 1966.

For U. S. 9th District, House of Representatives—Robert W. Rust, serving second term in Florida House. Voted outstanding by press. Reid Moore, mayor of West Palm Beach.

Justice, Florida Supreme Court, Group 2—David L. McCain, present judge, 4th district Court of Appeals. Ellis S. Rubin.

Florida Public Service Commission—Ray C. Osborne, present member of State Legislature. Our Lincoln Day speaker in 1965. Martial Des Roches.

Florida House of Representatives, District 118—Donald E. Heath, building contractor. Andrew Sandegren.

Republican candidates with no opposition, whose names will not appear on the May 7 ballot: Jim K. Tillman, Granville H. Crabtree, Jr., incumbent House members; T. Kelton Hill, Herbert W. Harman, Highlands County commission.

More Young Predicted for Highlands County

Highlands County will be witnessing a sharp increase in its young adult population in the next few years, with a consequent rise in the local marriage rate and in the number of new household formations.

It is not idle speculation. It is based upon solid, statistical evidence.

The latest Census Bureau figures show that approximately 1,797 young men and young women in the local area are now in the 20 to 25 age bracket—the young adult category.

This is a big increase over the number that are normally in that age group. In 1960, for example, there were only 1,109.

Why the sudden increase? It harks back to the second World War and to the extremely high birth rates in the years just following it.

The babies that were born in that period have now reached adulthood and are in the prime marrying ages. They are going to work, getting married and forming families of their own.

All of this is sweet music to local retail merchants. Each new wedlock means a new household and each new household represents thousands of dollars of consumer business.

On the basis of surveys that have been made of the bridal market, an estimated $1,500 is spent by a couple, with parental assistance usually, in connection with their engagement and wedding.

Another $3,000, on average, is spent within the first year in equipping their home. Some of it is paid for in cash and the rest is bought on credit.

At this rate, the amount of potential spending in Highlands County from this source comes to a healthy $3,960,000. This assumes that nearly all those in the young adult age group get married during the next few years and that some 880 new households result.

Bicycle Rodeo Set for May 4

A bicycle rodeo will be held Saturday, May 4, 10 A.M. at the elementary School in Avon Park for 3-4-5-6 grade pupils. Sponsored by the PTA. Pupils will be registered at the school.

Officer Knutson of the Highway Patrol will conduct a safety program with the assistance of Russell Scott and members of the police department.

Each bicycle will be checked for safety and each child will undergo a bike riding accuracy test, such as riding a straight line, a figure eight and slalom then stopping at a designated place.

Prizes will be given for the most accurate rider in each grade.

Boys in the picture are shown with their bicycles at the police station where they received information about the rodeo.

Commandery To Repeat Degree

Hollywood Commandery No. 27 Avon Park, had in attendance Monday evening, Apr. 22, about 25 members and visitors exemplifying the Red Cross degree in full form on two candidates. This degree had not been done in full by Avon Park in several years.

This will be repeated Monday, May 27 on one candidate after which, Em. Commander Benj. Henningham has invited all to the dinning roof for refreshments.

Avon Mobile Home Park News

Welcome back to Mr. and Mrs. Boyd Dager, who arrived here on Saturday from Texas.

Word was received from Mr. and Mrs. Robert McBeth of their safe arrival home, finding her mother a bit improved.

Mr. and Mrs. Glenn Long will celebrate their 44th wedding anniversary on April 26 by taking a tour of Cape Kennedy, after which they will go on the road to Ormond Beach. Here they will be the guest of Mr. and Mrs. George H. Myers. Mrs. Myers is a cousin of Mrs. Long's.

A friendly group of neighbors helped Mr. and Mrs. Raymond Fries celebrate their 28th wedding anniversary on Sunday evening as well as Raymond's birthday. There were 20 guests including: Mr. and Mrs. Bland Nieukirk, Mr. and Mrs. Julius Converse, Miss Margaret Converse, Mr. and Mrs. Frank Fisher, Mr. and Mrs. Lyndon Lovell, Mr. and Mrs. Ora Myers, Mrs. Lucille McPherson, Mr. and Mrs. Dwight Sherman, Mr. and Mrs. Franklin Halfacre, and Mr. and Mrs. Lawrence Robinson. We all enjoyed the punch, cake, cookies, ice cream, snacks and best of all, the fellowship. Best wishes for many years of happiness was expressed to both, Margaret and Raymond with a variety of cards.

Departures for last week were Mr. and Mrs. Henry Wittekindt, Mr. and Mrs. Harry Brown, Mr. and Mrs. Harry Burnett, Mr. and Mrs. Paul Roth, Mr and Mrs. Orval Marshall, Mr. and Mrs. Harold Faulkner, Mr. and Mrs. Kellie Larrew, and Mr. and Mrs. Ralph Crocker.

The last meeting of the Federation of Mobile Home Owners of Avon Mobile Home Park was held on Monday evening in the Recreation Hall with 24 members attending. Refreshments were served, followed by a shuffle tournament on four courts "Just for fun." There will be no more meetings until called for, in the fall.

A temperature of minus 127 degrees was officially recorded on Antarctica on August 17, 1958.

The new Federal Interstate Highway system now under construction will connect 42 of our state capitals, and 90 % of our cities with a population of 5,000 or more.

Girl Scouts Camp In Donaldson Park Saturday and Sunday

The Girl Scout encampment on Friday and Saturday in Donaldson Park, could not help but impress those visitors who took time to stop and look. Neatly set up in the various corners of the park were Brownie Troops: 143, Mrs. Allie Cain and Mrs. Betty Johnson; 140, Mrs. Shirley Schrist; 67, Mrs. Nancy Weber and Mrs. Doris McInvale; Scout Troop 305, Mrs. Katie Rehrer and Mrs. Vernell Cravey; 206, Mrs. Jane Barben and Mrs. Tim Fisher; and the Cadette Troop, Mrs. Linda Culbreth and Mrs. Marcia Jackson.

Each troop had arranged exhibits near their tents which ranged from making of moccasins from leather, through various types of fires to palmetto leaf hats. At the center of the encampment stood the first aid tent. The Highlands County Chapter of Red Cross was most co-operative supplying their station wagon and a staff instructor. Fortunately there was nothing more serious than a bumped head and a few insect bites but had an emergency occured the girls who worked in the booth had passed their first aid course, also given by the Red Cross, and would have been prepared to handle it.

A registration booth was manned throughout the entire night so any parent who needed their child, could have found her immediately with the hostess help. Each girl was checked in and out of the encampment each day.

The colorful flags along the center of the encampment were the national flags of each country that is a member of the international Girl Scouting program. Mrs Pat James who was in charge of the encampment planned a schedule which kept the girls interested and active but also left them time to enjoy the comradship of living together as a group.

An enjoyable program took place on the beach around the campfire on Friday night. Each troop was responsible for providing some type of entertainment. The program was varied with singing, a musical band and skits. The ceremony in which the spirit of Girl Scouting came across Lake Verona in a canoe was most impressive. The spirit of Girl Scouting walked among the girls as they set on the beach and picked two honor scouts from each troop. These girls were given an Indian head dress and took part in a short dedication around the fire.

The girls chosen were: Troop 305, Lori Behal and Patricia Cravey; 206, Bobbie Newton and Laurie Rehrer; 117, Sue Furgason and Donnell Brassell; 143, Rhonwyn Whitehead and Dolora Ham; 140, Misty Hooper and Gloria Clark; 67, Sue Nunnallee and Laura Weber.

As the last echo of taps drifted away, the girls were all ready dashing for their tents and preparing for the giggles and whispering which are the real fun of spending a night in the out-of-doors.

Saturday was another busy day with meals to be cooked and chores to be done. Before very long, it was time to take down the tents and stow gear before the final entertainment put on by the Cadettes. Then came the lowering of the flag for the last time. Representatives of the Seniors, Cadettes, Juniors and Brownies took part.

On Sunday morning driving past the park it was hard to believe that an encampment of some 100 girls and their leaders had ever been there. No evidence of the fires could be seen, no litter or trash. The Girl Scouts had left the park as it was found. But scattered throughout the town weary mothers and sunburned girls knew that the camp had actually happened and would carry the memories for years to come.

African hunters claim no lion ever dies a natural death. When they get injured or helpless with age, the hyenas close in on them.

PAT MILLER left and Janet James, senior Girl Scouts raise the American flag opening the Girl Scout encampment held in Donaldson Park, April 19 and 20.

C. L. Landis Dies In Tampa

Clifford L. Landis, 72, died Saturday while visiting in Tampa. He came to Avon Park some 25 years ago from Binghamton, N. Y. He was night watchman for Bert Hill Griffin, Inc. He lived at 305 E. State St.

He was a Baptist.

He is survived by his wife, Mrs. Laura Landis, Avon Park; a son, Wilbur Landis, Binghamton; daughters, Mrs. Clara McCallion, Philadelphia, Pa., Mrs. Ethel Porter, Salisbury, Md., and Mrs. Dorothy Leach, Erie, Pa.; his mother, Mrs. Vinie Landis, Binghamton; and a brother, Ralph Landis, Binghamton.

Funeral services were held Monday, Apr. 22, 1:30 P.M. at the Scott-Stephenson-Smith Funeral Home with Rev. Aden Childress officiating. He was sent to Allen Funeral Home, Candor, N. Y. and laid to rest in Maple Grove Cemetery, Candor, N. Y.

If you're stalled on the road and need a push for starting here are a couple of tips that may help you.

First, never pull an automatic transmission—push it for safety's sake. You push in "N" or neutral to about 30 M.P.H. turn on key and drop into "L" or low. If you're forced to push your car a great distance—over 20 M.P.H., by all means disconnect the 4 or 5 bolts and drop the drive shaft! You can easily burn out the transmission if you don't! That's why a tow truck raises the rear of a distressed car and tows it.

Mothers, Daughter Banquet Set

The last meeting of the year for the Women's Fellowship of the Union Congregational Church will be a mother and daughter banquet which will be held on Wednesday, May 1 at 6:30 P.M. in Fellowship Hall.

Mothers get your daughters or horros one if you don't have one of your own and come, have an enjoyable evening together.

Contact Mrs. Cecil Skipper or Mrs. A. W. Miracle for reservations.

In 1882, Hamilton Disston bought four million acres of the Florida Everglades for 25 cents an acre.

THE NEW AUDITORIUM and gym of the Highlands Lakes Junior Academy, Seventh-day Adventists, will be dedicated Sunday, Apr. 28 at 2:30 P.M. Seating capacity in the new building is estimated to be over 1000. The building is intended not only for school use but as a community service as well.

Highands Lakes Junior Academy Will Dedicate Gymnasium Sunday

The new auditorium gymnasium at Highlands Lakes Junior Academy in Avon Park will be formally dedicated and opened to the public by special ceremonies this Sunday, Apr. 28, at 2:30 P.M.

Located on the East side of the school campus, the light blue and white structure on Avon Boulevard at Highlands Lakes is one of the largest of its type in this area with more than 10,500 square feet of space including the main floor, balcony, library, restroom, and kitchen facilities.

Seating capacity is estimated to be over 1000, and the building is intended not only for school use but as a community service as well.

Begun in late 1966, the auditorium-gymnasium soon became a local landmark with its concrete and steel fabrications rising to 24 feet at the peak.

It was envisioned as part of the seven acre campus complex of Highlands Lakes Junior Academy, a parochial-type school sponsored by the local Seventh-day Adventist Church of Avon Park.

The present school plant also consists of a modern three-classroom building with an additional 28 x 45 foot unit now under construction.

Program highlight will be a concert by an 80-member band under the direction of Mrs. Pat Silver from Forest Lake Academy in Orlando. The dedicatory address to follow is to be delivered by Elder R. H. Pierson, president of the General Conference of Seventh-day Adventist with headquarters in Washington, D. C.

Also participating will be officials from the Florida Conference offices in Orlando. Elder W. O. Coe, president, who will present the opening remarks and introduce the main speaker; Elder H. F. Roll, treasurer, reading the litany, and Elder E. Barnes, educational secretary for Florida, dedicatory prayer; Paul Bonney, principal of Highlands Lakes Junior Academy, will offer a vocal solo entitled, "I Talked to God Last Night."

When interviewed about school activities in the new gymnasium, Principal Bonney states that many sports can be accommodated such as roller skating, volley ball, shuffleboard, basketball, tennis, and badminton.

In addition, there will also be a strong emphasis on physical fitness under the direction of the school staff which includes Merlin Wittenberg, Mrs. Dan Ledbetter, and Mrs. Irva Baesler.

Among those serving faithfully on this project of building has been Dr. Walter Ost, chairman; Principal Paul Bonney, and Cliff Myers as building advisor.

They, the students and teachers, the church, and all who gave so much of their time and efforts sincerely thank the public for sharing in this happy occasion and invite everyone to not only attend the dedicatory services but to visit the Highlands Lakes Junior Academy.

The public is welcome to attend.

Christian Science Service

Subject to be used at the Christian Science Society Church Sunday, Apr. 28 will be "Probation After Death."

Golden Text: Psalms 138:8 The Lord will perfect that which concerneth me: thy mercy, O Lord, endureth for ever.

Responsive Reading: Thessalonians 4:13, 14, 18, 5: 1,2, 4-6, 9-11, 13, I would not have you to be ignorant, brethren concerning them that are asleep, that ye sorrow not, even as others which have no hope.

14. For if we believe that Jesus died and rose again, even so them also which sleep in Jesus will God bring with him.

18. Wherefore comfort one another with these words.

MOVING STUDY

The Florida Development Commission recently voted 9-1 to establish a committee to study the feasibility of moving the commission headquarters from Tallahassee to the Central Florida area.

Church Homecoming Saturday

In connection with the week-end dedication ceremonies for the new Highlands Lakes Junior Academy auditorium-gymnasium, the local Seventh-day Adventist Church on Lake Lillian is featuring a "homecoming" program at the church on Saturday, Apr. 27, beginning at 9:30 A.M. Many former members, other guests, and friends will be present and the public is also cordially invited.

This special day is divided into five distinct services including a program for Saturday evening. Sabbath School is the first under the direction of Mr. M. A. Paden, superintendent. The church at study period will be conducted by Elder B. E. Pleasants, Jr.

The regular church service at 11 A.M. features an address by Elder K. A. Wright, a former pastor, with two others participating for invocation and prayer.

Elders H. C. Roy and A. W. Ortner, respectively Pastor Wright's sermon is entitled "The Insignia of Nobility."

Another afternoon service at 3 P.M. presents several choir offerings in song and an address by Elder Gordon M. Hyde from Southern Missionary College near Chatanooga, Tenn. Vespers at 6:15 P.M. promises more in music and meditation by Elder H. C. Roy, chaplain of the Florida Sanitarium and Hospital in Orlando.

Preceding at 7:15 the Highlands Lakes Junior Academy band will perform, followed by a Walt Disney film "Miracle of White Stallions." There is no charge for this program, and Elder R. H. Kerr, pastor of the Seventh-day Adventist Church here in Avon Park along with his membership wish to welcome everyone to a worthwhile day in worship together.

Florida's first newspaper, the East Florida Gazette, was published in 1783 in St. Augustine by William Charles Wells, a Tory. He rushed out an extra edition to proclaim the British defeat in the Revolutionary War.

DICK THAYER, a member of the Lions Club, (back to camera), is shown registering a few of the 280 people who were examined for Glaucoma during the two day period of tests at Walker Memorial Hospital last week.

Glaucoma Tests Find 12 Suspects

Billy Martin, chairman for the glaucoma tests sponsored by the Lions Club of Avon Park, reports that 280 people were given the test for glaucoma during Thursday and Friday, Apr. 18 and 19 at Walker Memorial Hospital.

From this number, 12 suspects were referred to an ophthalmologist.

Several members and their wives assisted Helen Burch, registered nurse with the tests and registrations.

Another clinic will be held next year.
