Proper wheel balancing is accomplished by the addition of the correct amount of small lead weights to the wheel—There are two types of balancers: The "Bubble" which is the same principle as a level. They lay your wheel on a focal point and center the bubble in a tiny center circle by adding small lead weights to the wheel. The other method, much more satisfactory, eliminates also "high speed knocks" that develop. The wheel is spun by a machine and calibrated at ever increasing speeds—Weights are added at required positions until the wheel is precision balanced. Improper balancing will deprive you of as much as 50% of the life of your tire!

The Streets Were Safe in 1800's

So states Mrs. Dorothy Clarke, mother of Tom Clarke, who celebrated her 100th birthday Friday, April 26.

"When I was a girl you could go out after dark and feel safe. You can't now, not even at my age. That's quite a statement, but Mrs. Clarke still alert despite her age, has many strong opinions."

Living now at the M. J. Clark Memorial Methodist Home in Grand Rapids, Mich., she was born April 26, 1868 in Edwardsville, Ill. In those days the unpaved streets were lit with oil lamps and people were the first to be out of the house at the end of the day to get into much mischief.

Housewives worked long hours then. Mrs. Clarke said, and her modern conveniences were absent. The few washing machines that existed were worked by hand crank.

A Chicago resident came to her life. Mrs. Clarke came to Grand Rapids, Mich. in 1907. Former president of the Daughters of Liberty, she is a strong Republican and favors Richard Nixon in the November presidential election. Her son Tom is a Republican precinct committeeman in Avon Park.

A baseball fan she used to frequently visit Camp Park, she still intends to game on the radio, which she considers an invention superior to television. She enjoys parties including her

MOTHER'S DAY AND THE CARRIATION

For hundreds of years flowers have been known to have a language of their own. Certain flowers say certain things. Each unique in the message they bear. The red carnation has long been accepted as the flower to say, "We admire you." The pink carnation is said to say, "We admire you, tenderly." It is no wonder, then, the carnation has become the nationally accepted flower to represent "Mother's Day." What better means could we use to express our love to a person as noble as our mother.

A lovely floral gift for your mother is just as close as your telephone. Call EV 3-1008, we will see that they are delivered to her door.

Heart of Florida Girl Scout Council

"Join the Wagon Train" was the theme for the Heart of Florida Girl Scout Council's Junior Camp-out held May 4 at Camp Wildwood in Wildwood.

One hundred and thirty-six junior girls took part in the weekend camp where all the activities were centered around practicing and learning new pioneer camping skills. Campers' tents were pitched in Camp Wildwood's primitive camping unit.

A special training session for junior troop leaders was conducted with the campout by Mrs. George Costello, executive director. Included in the instruction were directions for troop camping, program planning and successful patrol system operation. Mrs. Carolyn Tomlinson and Mrs. Wallace West were the Girl Scout adults from Avon Park taking part in this leadership training course.

After having given the matter years of consideration, we have concluded that it is a good thing that youth is only a temporary stage.

Rotary
Report

By BOB GAY
Last Wednesday, Art Wilhite brought to us our two newest members, Malcolm Tatum, and Powell Waite, for classification. Both of these men did well for themselves and their organizations and at the same time brought us closer to understanding them and their particular businesses.

Malcolm Tatum - Classification: Dry Goods Store. Graduated from high school in Plant City and graduated from The Citadel in South Carolina, is married, has 2 children and lives on Campor Street.
After serving as a sales representative for U.S. Rubber Company he decided to go into retail.

Malcolm's father had started a dry goods store in Plant City with Mr. Johnson as a partner with Avon Park being the store store to open. Malcolm is the manager here and he states that a retail clothing store has the same objectives as any other business—to make a profit.

A retail dry goods store must also meet the requirements of the public. Additionally there are problems such as personnel, selection of merchandise, advertising, inventory control, and the bare of all business today—inflation.

There are certain satisfactions connected with the operating of a dry goods store in that it provides a service to the community which is much needed. Malcolm's father was associated with Beck's for 5 years and Malcolm brings good experience to us.

Powell Waite - Powell Waite is business manager of South Florida Junior College; the smallest junior college in the state of Florida. Don't let that idea of smallness affect your thinking, as South Florida Junior College has growing pains next to no other college in the state.

Powell is married, no children, his wife teaches English at Avon Park High School. Presently the Junior Colleges in the state are under the direction of the County School Boards where the colleges are located. After July 1, the Junior Colleges will be administered by district boards of Trustees—two Rotarians are members of this board, Vice Nunnallee and Franklin Ward. Shortly the transition of records from the county seat to the location of the college will take place.

Powell is charged with the preparation of the budget and also staying within the budget—prepares monthly reports to the state—prepares the payroll and purchases the material and supplies for the college. All hands and the cook—man the book store during registration. Powell must see that collections for books sold are correct also collection of fees for attendance. Scholarships that have been made available are also under the supervision of Powell. Seems like many dollars will flow through his office yearly, all of which must be accounted for and from our observations in very capable hands.

Incidentally if any of you Rotarians are interested, SFJC has the lowest fees in the State of Florida—Better Sign up.
Rotary is happy to have these top young men who so ably represent their organizations and it is certain that each of these gentlemen will gain from their Rotary membership.

Girl Scout
Neighborhood
Leaders Meet

Thirty-three members of the Heart of Florida Girl Scout Council's Neighborhood Service Teams gathered at the Lakeland Girl Scout House Tuesday, Apr. 30 to review the Council's work during the past year and to discuss plans for the coming year.

Mrs. E. K. Butties, Council "Tiger," discussed the council's past and current membership statistics and plans for increasing the number of Scouts "knowing" from one level to another during the coming year. She pointed out the need for strengthening the Cadette program through more troop camping and leadership.

Mrs. Butties told the service team members that more troops will be organized. Her "Tiger Plan" will earn leaders to wear on their Robin Hood green hats by bringing new girls and leaders into Scouting and by bringing back into the movement girls who have dropped out. Bill Newton, Marian Limcongo, Cathy James, Avon Park Cadettes are "Tiger Plan" here in Avon Park.

Executive Director Mrs. George Catello reported that although Cadette candidates for this summer's Standing Indian Encampment have had only two practice camp sessions, she feels they are ready for the encampment and have been well trained in camping skills for this opportunity through troop camping and established camping. Three Cadettes from Troop 112 are among those selected for the Standing Indian Encampment in North Carolina. They are Marian Limcongo, Cathy James and Lani Newton.

Reverend Wayne Zoller, speaker for the day, delivered a very incentive and stirring talk on the needs and problems of today's youth and how scout leaders should give the youth understanding instead of compassion.

Attending the meeting from Avon Park were Mrs. Mary Brassell, Mrs. Welch Fisher and Mrs. Robert Barber.

CORRECTION
Avon Park City Councilman, Durrah Martin was against the council awarding Trade Industrial Sales the contract to build a hangar at the Municipal airport as the Sun reported last week. City councilmen have since withdrawn the contract and awarded it to The Graves Company of Kissimmee.

Fifty Competed In Bicycle Rodeo Last Saturday

Fifty boys and girls attended the PTA bicycle rodeo held at the Avon Park Elementary School last Saturday, May 4. The children eagerly entered

the contests to see who could ride their bikes most carefully and accurately. Avon Park PTA, Mrs. (Chief Gordon and Russell) Scott, watched as each boy or girl guided his bike through a slalom run, rode a straight line, stopped quickly and went through a figure eight.

Winners were: third grade—Edward Dorsey and Sherry Collier; fourth grade—Joe Anderson and Mary White; fifth grade—Dave Helm and Holly Green; sixth grade—Dale LaFram.

Gary Helm, in a runoff with all winners, won the grand prize of a bicycle speedometer. All prizes donated by the City of Avon Park in the interest of bicycle safety.

Officer Knudson of the state highway patrol, modeled the morning for helping all the boys and girls to learn more about their bikes and how to ride lawfully and carefully.

How Low Long Distance rates start at 7 p.m. on Friday and continue all weekend. Call home on Friday evening or anytime Saturday and avoid the Sunday Mother's Day busy calling hours. You'll be glad you did and so will Mother.

TRIBUTE TO MOTHER

Let none forget mother. May 12, Mother's Day, be she ever so far away, let some tribute of love be sent her. Honor your dear mother. Time has scattered the sunny flakes on her brow, played deep furrows on her cheek—but is she not beautiful now?

The lips are thin and shrunken, but these are the lips that have kissed away many a tear from childish cheeks, and they are the sweetest cheeks and lips in the world. The eye is dim, yet it glows with the radiance of holy love which can never fade.

The sands of life are nearly

run out, but feeble as she is, she will go further and reach down lower for you than any one else upon the earth. When the world shall despise and forsake you, when it leaves you to the waste side of life, unnoticed, the dear old mother will gather you up in her feeble arms and carry you home and tell you of all your virtues until you almost forget that your soul is disfigured by vice.

Love her dearly and cheer her declining years with tender devotion.

William Blood, 82, died Monday, May 6, in Walker Memorial Hospital.

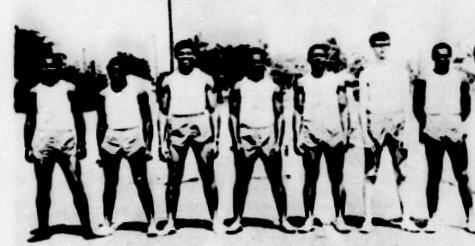

He had lived in Avon Park for four years, coming here from Yonkers, N.Y., where he had lived for the past 14 years.

He was a retired banker and a member of the Community Church.

Survivors include his wife, Mrs. Frances Blood of Avon Park.

Funeral services were held Wednesday afternoon at 2 P.M. from the Scott-Stephenson-Smith Funeral Home with Elder Charles Danforth officiating. He was laid to rest in Boughnville Cemetery.

THREE AVON PARK Red Devil relay teams that qualified for the state will travel to Gainesville Friday, May 10 to compete in State competition.

Teams left to right: Johnnie Hamilton, Lucius Taylor, Leotis McNeil, Willie Seigler, Robert Walton, Smitty Callaway and Jimmy Williams.

Red Devil Track Team Qualifies In All Three Events At Meet

The Avon Park Red Devil track team qualified all three relay teams and took second place in the 440-yard run and the high jump events at the Class B District 7 meet held at the Tampa Catholic track last Saturday. The Red Devils came in fourth in total points with 42 behind Tampa Catholic with 114.

Fort Meade with 73, and Mulberry with 47. Seigler finished in fifth place with 32 points. Zephyrhills scored 13 along with Frostproof to tie for sixth place. Lake Placid 11, Clearwater Central Catholic 11, and Pinecrest 6.

Coach Fred Sandlin will take eight boys to the Class B State meet in Gainesville this Saturday to compete for the state title. The Devil's sprint-medley relay team will probably have the best chance of taking a first place at the state meet after the four boys surprised everyone by winning the district first and setting a new school record with a time of 2 minutes 35 seconds. Running in the medley was Jim Williams, Willie Joe Seigler, Lucius Taylor, and Smitty Callaway.

The Devil's mile relay team came in second behind a fast Tampa Catholic team which set a new record for that school finishing in 3 minutes, 28 seconds. Avon Park had a time of 3 minutes, 32 seconds. Running the mile relay for the Devils were Williams, Johnny Hamilton, Leotis McNeil, and Robert Walton.

The 880-yard (half mile) relay team of Williams, Seigler, Callaway, and McNeil also finished second behind Tampa Catholic, turning in a time of 1 minute, 33 seconds. The winners

"Living" Memorial Cancer Gift Program

With Memorial Day approaching, the Highlands County Unit of the American Cancer Society has had numerous requests for information on the Society's "Living" Memorial Program, according to Sanford H. Boley, M.D., president of the Highlands County Unit of the American Cancer Society.

"Gifts to the Society are made not only in remembrance of those who have died of cancer, but frequently are made in the name of living members of the family or friends in honor of birthdays, anniversaries, and other important events," said Dr. Boley.

The American Cancer Society sends a dignified Memorial Card to the family of the person in whose memory or honor the gift is made, and also sends an acknowledgment receipt to the donor.

Memorial contributions may be sent to the Highlands County Unit, American Cancer Society, c/o Mrs. Marge Richards, First National Bank, Sebring, Florida 33870. Information furnished should include the name of the person deceased or honored, as well as the name and address of the nearest of kin who is to receive the Memorial Card.

Each year, some 25 million people, somewhere in the world, learn to read and write.

The Library Corner

Library hours: Monday, Tuesday, Thursday, Friday, 2:30 P.M. Wednesday to 5 P.M.

In 1961 James A. Michener has published for his many admirers and vast reading public his comprehensive work on Spain, calling his narrative IBERIA. When he visited there first in 1952, he fell in love with the country and the people. Long visits, extensive travel, and deep study have given him an insight on which to base this monumental book.

As a master story teller he writes informally, entertaining with vivid accounts of his own adventures as well as other people. Although he relates much of history, even to prehistoric times, he does not take one subject, worrying it to it's end and before starting a new one. He skillfully interweaves to make a composite picture which is not completed until the very end. He interprets the history, with politics, nature of the people and what makes them tick, sports, religion, architecture, music, literature, the arts, the dance, ballfighting, food, entertain, and people people.

Mr. Michener doesn't begin to hint at the number of people he knows throughout Spain. His characters are real people who help to entertain and beguile the reader.

The book itself is beautiful in cover, paper, type, and the abundance of illustrations.

If you don't want to pay the price of America's roomiest car try the second roomiest:

a new Chevrolet like this

It things like head, shoulder and leg room are important to you, take a close look at the new Chevrolet.

Automotive News did—and its 1968 Roominess Index shows Chevrolet is the second most spacious of all American sedans.

The roomiest? True distinction, we're not at all embarrassed to admit, goes to America's most popular luxury car.

Based on the Roominess Index, which totals seven key interior dimensions to the fraction of an inch.

Chevrolet's 4-door sedan scored 290.7. A tenth of an inch behind the 4-door luxury model.

A pretty good showing when you consider how much more the expensive model sells for. And some of the other cars Chevrolet topped carry just as impressive price tags.

But that's just a sample of the pluses you get at a Chevrolet price. You'll find a lot more of them in the fine things Chevrolet has designed around all that space.

Drop down to your dealer's and bring the family. This one's a real crowd-pleaser.

Gail Bennett To Attend Summer School in Guatemala

Miss Gail Bennett, graduate of Avon Park Junior-Senior High School and South Florida Junior College, has been honored by being chosen one of only 20 University of South Florida students to study at the University of Guatemala this summer. The University is located in the picturesque city of Antigua, Guatemala, founded in 1543 and once capital of the Spanish empire in this hemisphere.

Flying from Tampa on Friday, June 29, Gail and the other 19 students will go to Miami where they will board an Aviateca (Guatemala Airlines) plane and four hours later arrive in the heart of the totally different culture of Guatemala—known as the land of eternal spring.

During her stay at San Carlos, Gail will study Colonial Art of Guatemala, Guatemalan Folklore and the History of Central America, which will complete her concentration in Social Sciences.

Prior to this summer session, Gail and the rest of the group will attend a special class at USF for 18 days learning about orientations to Guatemala, acquiring a bit of conversational Spanish and learning the mechanics of the country.

Trips have been arranged for that will include such places as Guatemala's most beautiful lake, Sunday market, Volcans Pacaya, Ruins of Tikal, travel by plane, the 15th and Mayan ceremonial center, the Castle of Philip and Guatemala's principal cities. Gail will have opportunities for photography, shopping and swimming, plus social events connected with other University students in Guatemala.

Gail and Gary, her twin brother, were the first two to enroll at South Florida Junior College. By attending the summer term and taking 22 hours of work in the fall, Gail was able to enter USF in January, as a junior, majoring in Elementary Education. Gary will also attend USF beginning in September, 1968.

Gail's parents, Mr. and Mrs. William F. Bennett, are very pleased that Gail will have the privilege of this experience in Guatemala.

QUANTITY RIGHTS RESERVED

HERE IS THE BIG DIFFERENCE!

- Low Everyday Shelf Prices
- Deep-Cut Specials Every Day
- Top Value Stamps
- Complete Customer Service

YOU CAN'T DISCOUNT THE FACTS! Regardless of the Store you now shop, we save you more on your Total Food Bill!

Chain A	Chain B	Store A	Store B	Store C
Cost \$57.78	Cost \$55.83	Cost \$52.41	Cost \$52.66	Cost \$51.50
\$7.41 More	\$5.46 More	\$2.04 More	\$2.29 More	\$1.13 More

Regardless of what kind of store you now shop in, Chain A, Chain B, or Store A, you're not getting Complete Customer Service, Value's Tradition Service, and Super Savings on your Total Food Bill. You're SHORTEST CHANGED! Take a good look at the food ads and compare the savings. Especially look at the stores who refer to themselves as "Discount Food Stores." They have pointed the finger.

1. They don't give their customers Trading Stamps.
 2. They don't offer Popular Customer Promotions.
 3. They have never admitted that they have reduced Customer Service.
 4. They do not offer weekly "Advertorial Specials" as you can. Not even on popular, simple items such as Coffee, Butter, Eggs, etc., which always represents a big savings of 20 to 30 cents or more per item.
- The "Discounters" say they have taken the savings (77¢) from all of these things which they have admitted, to reduce the average price of \$50.00 to 7.00 cents. That's something these savings pretty much don't show! It would seem that with only these fractional savings on each item, it would take an awful lot of items to add up to the 30¢ saved on only one pound of coffee (which you needed anyway).
