

Voters To Elect Three For City Council Seats Tuesday

LESTER BROWN

JACK DUGGAN

EDDIE JOHNSON

CLARENCE KING

DURRAH MARTIN

ANDREW SCOTT

J. B. SPARKS

Avon Park voters will choose the police and Tuesday and elect three councilmen to serve for a two year term.

Seven candidates, including two incumbents, three former councilmen and two newcomers are vying for the three seats.

Incumbent Durrah Martin seeking his third term was high man in the last election in which he won his second term and saw two councilmen defeated.

Council President Andrew Scott seeking his second term faced stiff opposition from Clarence King and Jack Duggan who have gained support from residents who have been critical of the way the airport and the new hangar has been handled.

King has served nine years on the council. He was high man in every election except last year when he was defeated.

Duggan served one term and was defeated in last year's election by one vote over Rodney Lane.

Another former councilman seeking a seat on the council is J. B. Sparks, a former business man and a resident. Sparks ran for mayor against Jimmy Doerr in the last city election and was defeated by a small margin.

Newcomers to city politics are Eddie Johnson and Lester Brown.

Johnson is owner of Sunny Ridge Trailer Park. Brown is the owner of The House of Better Nutrition.

Also to be voted on is five questions. They are:

- 1 Are you in favor of Civil Service for city employees?
- 2 Are you in favor of the City selling tax certificates each year for delinquent taxes?
- 3 Are you in favor of the city independent of county law?
- 4 Are you in favor of the city having a City Judge who shall be an attorney?
- 5 Are you in favor of the city attorney also acting as city prosecuting attorney in municipal court?

A HOST of Avon Park businessmen and public officials turn out Tuesday to meet Congressman Paul Rogers on his visit here before returning to Washington for the Fall session of

Congress. Cong. Rogers is running for re-election against Robert Russ, of West Palm Beach. Cong. Rogers is the tall man standing beside Mayor Jimmy Doerr.

Commissioners Study Prison Labor for Roads

Highlands County Commissioners have begun work on two plans to put county prisoners to work. At Tuesday's meeting the board authorized a study of instituting a "work gang," and at the same time adopted a statement endorsing a "work-release" program.

The latter would have to wait on the next session of the Legislature, but commissioners say they would like to begin work groups as soon as the program could be worked out. Commissioner Earl Crutchfield, chair of the work group, said he saw them as an answer to the shortage of unskilled labor for the county's road and bridge crews.

Robert Ballcom, probation officer for this area, attended Tuesday's commission meeting to query the commissioners on their ideas about a program to release prisoners for private employment during a part of each work day.

He presented materials showing that a pilot program in Marion County is considered an outstanding success during the first year of operation. He said the Florida Probation and Parole Commission may seek general legislation to make this a state-wide program.

Highlands County commissioners said they are as impressed with the idea they may seek special legislation if a general bill is not introduced. Under the work-release program selected prisoners, approved by the county judge and the sheriff, may work, serve jail sentences at night, on weekends and holidays.

In Marion County work is supervised closely and pay is administered by the courts with 80 per cent going to the county for room and board in the county jail. Some funds are assigned to dependents, and some money is placed in savings to be given to the prisoner when his jail term is completed.

Ballcom said the average daily cost at the Highlands County jail is 20 to 25 and he estimates that of this number five or six would be good candidates for a work-release program and "most of the others would be available for a work gang."

Planning for prisoner work took a major portion of Tuesday's short commission meeting.

Avon Park High School Shows Only Increase of Students in County

Avon Park High School opened its doors Tuesday morning with a program planned by the student council.

The APHS band welcomed the students to the auditorium under the direction of Vic Michunas. David Woodward, president, Doug Ayers, treasurer, Joanne DeBose, secretary, and Charlie Magnum, vice president, showed a new kind of leadership.

Doug told of the work done this summer to prepare the campus for an anti-litter year with an abundance of bright, new red waste cans painted by the members of the school.

Joanne DeBose announced the student council dance to be held at the Elementary School Cafeteria Friday night, 8-11 o'clock, Sept. 6.

David Woodward, class president, prepared for a new school year in which the student council has been restructured to give a more democratic student participation in the governing of the school and greater support for the student council.

The emphasis this year is to be on beautification of the campus, a constant vigilance on keeping the grounds neat, actual plans to deal with violators, greater emphasis on scholastic achievement and other new features.

Aaron Crews, high school principal, and Guy Garrett, supervising principal, followed the student council speakers. All teachers were introduced, many of whom are new this year. The changes are numerous but the most outstanding one is the seven period day which will open with the first period starting at 8 A.M.

The mood and atmosphere of this opening assembly was a confident dedication to have respect for law and order, high values, a more serious emphasis on academic achievement and a unanimous backing of an energetic student council.

Avon Park High School will honor its commitment to educating those students who will soon become citizens of this community and of our nation.

Avon Park area schools had a total of 2046 students for the opening day of school.

Avon Park Man Draws Five Year Sentence

Nathaniel Arnold, who pleaded guilty to breaking and entering the Venus Post Office April 21, Tuesday a safe and stealing off with a large sum of cash, Tuesday was sentenced to five years in state prison.

Circuit Court Judge Clinton Kelly sentenced Arnold, of Avon Park, and put Otto Lee Thayer Arnold, his wife, on five year probation. Charge against the pair of breaking into Shavers Service Station, Monday's and Tuesday's drives were dropped.

Other cases sentenced were: Marcus Kevin Pley, 23, Shalvoles, Shalvoles, one year for breaking into the Citrus Development Company South of Sebring on Route 27 June 1. Jack Alma Wilcox, Route 1, Sebring, five years probation, for burglary of Citrus Development Company June 20.

James Dean, John Pickett, three years probation, for assault to murder Sara Oler with a hunting knife June 1 at Sebring. George, George, at one time lived with the Oler woman, he testified.

Robert T. Voshok, Tampa, two years probation for obstructing justice by tampering F. E. Collins of the Florida Highway Patrol at the Sebring Air Terminal March 28 and robbing a rest with violence.

Stephen T. Gault, of West Palm Beach, accused of robbing a rest with violence and assault and battery March 28, 29 or 30 days in jail.

Several cases came up for hearing and arraignment.

William Owen Giffey of Avon Park pleaded guilty to burglary by breaking and entering Green's Surplus store at Avon Park July 24. A pre-sentence investigation was ordered.

The case of William D. Bonds of Lorinda accused of withholding support of four children was put on the inactive docket.

R. J. Telle, accused of attempting to commit a felony by breaking into the real estate office of Ray Alexander on Highway 27 South, August 5, was referred to the public defender on his plan of not guilty.

Breaking and entering cases against Kenneth Burton Sauer of Avon Park, and Terry Lee Willis, Lake Wales, were referred to the public defender.

Also referred to the public defender were auto larceny charges against James, Willie, Bernice Kyle Davis and Larry Stevens Willis of Avon Park.

Four Teams Will Play In Football Jamboree Saturday

The Avon Park Red Devil football team will see some action this Saturday night when the Devils host the newly organized Football Jamboree in which Arcadia, Sebring, Wauscha and Avon Park will play two quarters each against different opponents in a practice situation that will give area fans a pre-season look at the players.

The jamboree will start at 8 P.M. at Memorial Stadium. This year's schedule has Wauscha meeting Arcadia in the first quarter, Avon Park playing Sebring in the second quarter, Wauscha and Avon Park battling in the third period, and Arcadia and Sebring finishing out the fourth quarter.

Ten lettermen will return to the Red Devil varsity this year to form the core around which head Coach Joe Franz will have to build his 1968 team.

Senior returning lettermen are: Tim Braxwell; center,

Tom Townsend; linemen, Horace Watson, Ed Reck, and Jim Nummallee, and backs, Billy Richards and Gene Landress. Junior lettermen are backs, Willie Joe Seiger and Curtis Hulen.

Other seniors out for the varsity this year are end, Alvin Hollinger, and linemen, Jerry Kendrick. Juniors who will be in line for a starting position this season are Neal Caswell, Roy Chait, Johnnie Hamilton, Roy Hardy, and Tom Culbertson. The squad will have a number of tenth graders trying to stay up with the varsity. Out this week and scheduled to play in the jamboree game Saturday night are Danny Albrighton, Donnie DeLaney, Ricky Dick, Joe Franz, Harold (Winky) Hall, Steve Hart, Marshall Haywood, Freddy Jaina, Julian Kendrick, Walter Nummallee, Mike Rhner, Tim Shields, Winston Smith and Wesley Turner.

Freshmen who are working

out with the varsity are Eddie Deel, Don Sizemore and Randy Ward. Several boys have not reported for practice yet but not reported starting this week the squad is expected to reach full strength by the end of the week.

The big question mark for many fans this season is who will move in as starting quarterback with last year's veteran Danny Monstedeos out with an injury received last Spring in an automobile accident. Senior Gene Landress, junior Willie Seiger, sophomore Winky Hall, and freshman Don Sizemore are all working out in the signal calling position but Franz and backfield coach Ralph Hill will not make a decision until after the jamboree and the soap scrimmage game which will be played here at Memorial Field Friday, Sept. 12.

Another position left open by graduation last year is fullback. Returning at halfback will be Billy Richards and Willie (Continued on Page Two)

New Supper Club Opens In Avon Park

A new restaurant opened for business in Avon Park, The Supper Club and Lounge, in the Jaccaranda Hotel, managed by Allen and Bill Smith, formerly with Chaslet Summers.

Specializing in prime steaks, seafoods and chops at their finest, with your favorite cocktail if you like, as well as dancing.

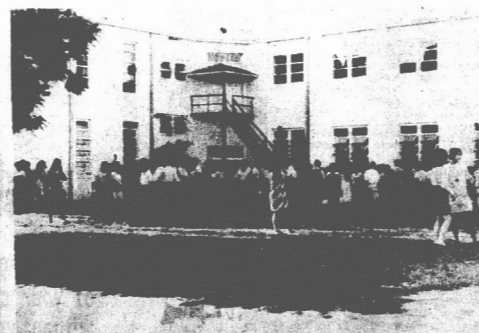

There will be live music Friday and Saturday nights, and opened daily at 5 P.M.

Starting September 8, a business lunch from 11:30 A.M. to 2 P.M. beginning at 6c.

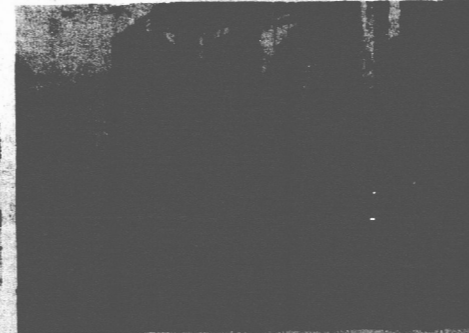

AVON BUREAU
Phillips West End Grocery store on Route 40 West of Avon Park was broken into Sunday. Chief Deputy Sheriff J. C. Shaddock said cigars, groceries and beer were taken. Shaddock was patrolling through a rear door. Deputy Gerald King reported.

STUDENT COUNCIL OFFICERS welcomed students back to school Tuesday at Avon Park High School. Left to right: Joanne DeBose, Vic Michunas, Doug Ayers, and David Woodward.

STUDENTS of Avon Park High School walk for the bell to ring Tuesday, the first day of school. Avon Park schools were the only ones in the county that had an increase in enrollment.

AVON ELEMENTARY SCHOOL was the only one in the county that had an increase in enrollment.

Ministers Urge People To Vote Tuesday

"The right to vote was given to us by men who placed their lives, their fortunes, and their sacred honor" to secure independence and representative government for our native land. Every man in each generation has a duty to give his life to protect this sacred right. Therefore, it behooves all citizens to go to the polls and vote. Good citizenship requires that we vote. For this reason the Avon Park Ministerial Association urges all citizens to vote in our municipal, state and national elections."

"As ministers of the Christian Church of Avon Park, we urge our members, and all other citizens to take the obligations of citizenship seriously. We call upon you especially to vote in our municipal elections on Tuesday, Sept. 16. We ask you to carefully consider the qualifications of all candidates and to choose those whom you feel have the ability to serve the greatest good for all the citizens of our community; remembering that this is our town, this is the place where we live and rear our children."

We can't sit back and tolerate our churches. If we want decent, efficient government, we must not let the polls and vote for it."

HEARINGS TO MEET
The final Annual Convention of the Florida Association of Realtors will take place October 11, 12 and 13 at the Grand Hotel in Jacksonville. David H. Henson, Jr., president of the Association, has announced.

Ever notice how birds draw up their feet during flight, to reduce air resistance? They didn't learn it from watching airplanes—it was the other way round.

Ladies and Gentlemen:

As a member of the present City Council I feel compelled to present to the voters who put me in office a few insights of what has taken place in previous years by the two men, Clarence King and Jack Duggan, you voted out of office last year and Durrah Martin who is seeking re-election.

Mr. King has continually portrayed "Good Business" in his political ads. This "Good Business" included in the past thousand of dollars in unpaid taxes going back in excess of 15 years with no apparent attempt for collection. It included a number of delinquent water bills and tap fees. It included a delay of some 14 years of payment by the City of its share of the firemen's retirement fund. Furthermore, upon changing of the personnel in the City Hall it was found that a number of delinquent water bills were not in their proper files, but were in effect buried beneath other papers in unrelating drawers, and one of these bills for some \$80 belonged to a former city councilman who according to reports is actively supporting Mr. King, Mr. Duggan and Mr. Martin.

It was also found that ordinances dating back to 1954, both past and unpassed by the council, were loosely stuffed into a folder instead of being typed into the Ordinance Book.

We have been criticized by Mr. King and Mr. Martin for our proposed lease on the airport. The \$50 per month (\$600 per year) is a very small figure, however, the lease also provided for additional income from the sale of fuel and other activities which we felt could greatly exceed the rental payment contract. It further stipulated that the person leasing the airport would construct at their own expense a \$10,000 addition to the new building which would be at all times the property of the city. Mr. King said this lease "stinks."

Now, I ask you to compare this to a lease by the City Council dated May 24, 1950, at which time there was a lease already in effect that still had FIVE YEARS TO RUN, this Council voted a 15 YEAR EXTENSION to this lease with a FIVE YEAR RENEWAL option, a total of 25 YEARS from the date. The City was to receive \$350.00 per year or \$27.50 per month.

This lease specifically states that all improvements shall remain the property of the person to whom the lease is made, (IT FURTHER STATES THAT THE CITY COULD NOT LEVY ANY TAXES AGAINST THIS PROPERTY OR AGAINST THE IMPROVEMENTS). The lease further provides that, should the state or county levy any taxes against this property or improvements, the city would pay these taxes and the person to whom the lease was made would reimburse the city. If these improvements were fairly assessed the city would receive many times the lease money in taxes each year.

Mr. King and the former councilman with the aforementioned delinquent water bill who is supporting Mr. King in this election were on the City Council and voted for this lease. And, yet, this man has the audacity to say that the proposed lease at the airport "stinks."

Mr. King is critical of increasing the garbage revenue. I am sure with Mr. King's type of operation even if we squeeze by with fewer sidewalks for the kiddies and the elderly to walk on, fewer stop signs to help control traffic, and fewer street signs, with an under-equipped police force which is under-paid and short handed, a fire department in similar condition as well as being housed in a building about to fall in on not only the fire fighting equipment worth many times what a building would cost, the city can continue with no increase in revenue of any kind.

If Mr. King had been interested in the city instead of Mr. King, he would have been man enough to bring about a garbage increase last year, especially since he predicated and urged this increase for several years before going out of office, as indicated by Mr. Martin at this year's budget meeting.

I sincerely hope that the voters of Avon Park who are sincerely interested in good government and not favoritism will hand this Mr. King and Company a resounding defeat.

I strongly endorse Andrew Russell Scott as a conscientious councilman worthy of re-election for his voting record of the past year.

I hereby urge all voters to go to the polls on Sept. 16, 1958 and cast their ballot for Andrew Russell Scott and vote in favor of the five referendums for a BIGGER AND BETTER AVON PARK.

Thank You
Royney P. Laus
Vice President
Avon Park City Council

Greyhound President Interested In Avon Park Experiment

A short time ago Bob Henson, president of the Greyhound in Avon Park, dropped a line to the new president of the Greyhound Corporation at its headquarters in Chicago, describing his efforts in creating a new image for Greyhound in the smaller communities between terminals.

Mr. Henson, Jr., president of the Association, has announced. The following is a copy of the president's letter to Mr. Henson. (Quoted).

August 29, 1958
Office of the President
Dear Mr. Henson:

Very sincerely yours,
Gerald H. Troutman

(and quote)
Mr. Henson in his letter, tried to convey a picture of some of the problems of local agencies and informed that there were other factors behind these listed in the last "Go With Greyhound" magazine which tend to lower profits from bus operation. In his local "Home by the side of the Road" agency, Mr. Henson said, he had tried to create not only new image of Greyhound service, but of community service as well.

Joe Bass who now has the local Greyhound Agency is putting up a new building and endeavoring to improve the service to Greyhound patrons there. Mr. Henson has considered continuing his efforts in bus agencies elsewhere, but at present continues to operate his local Western Union Agency and to reside on the property which for nine years was the local Greyhound Bus Station.

Retired Persons
Will Meet
Tuesday

Highland County Chapter 88 of American Legion of Retired Persons (AARP) will resume regular meetings beginning Tuesday, Sept. 15, at 7:30 P.M. at the Hotel Grand Hotel and on each second Tuesday in the month following.

In other volunteer activities, George Swank will show slides of the Italy Land which he visited when he and Mrs. Swank were on a trip abroad recently. We welcome all interested to come and bring a friend.

ON TV
U. S. Presidential Candidate George Wallace will be seen at 7 P.M. Friday on Channel 5.

To the citizens of Avon Park:

I have qualified and am earnestly seeking the office of City Councilman so that we may have good management instead of the good "business" as Mr. King keeps suggesting.

It is my opinion that during the time Mr. King was on the council, the City actually got the "business."

To quote a few instances to substantiate my opinion, when Mr. King and Mr. Duggan left office last year, there was approximately \$30,000 in delinquent taxes, some of which dated back in excess of 15 years. No foreclosures were held in 14 years and 5 of these years Mr. King and his good "business" was in office.

The record also shows that when these men left office there were a number of delinquent water bills. It also came to light after their departure, that there were as many as 15 dwellings on one water meter paying approximately \$12.00 per month for water and garbage. The minimum water and garbage would have amounted to over \$55.00. This is the good "business" of which Mr. King is speaking.

Approximately 14 years ago the city Council voted to go on City Service and the City was to pay a percentage each year into the retirement fund. In these 14 years, the City contributed not one dime to this fund. Mr. King was on this council for 3 of these 14 years. At the last election, Mr. King left office at the instance of the other council members, this obligation was in fact suspended to be paid out of the following year of this year's income.

I don't think this City needs any more of Mr. King and "BUSINESS."

I would sincerely appreciate your votes.

Andrew Russell Scott

City Councilman for 1958

Thank You,
Royney P. Laus
Vice President
Avon Park City Council

J. W. McAllister To Head Health Association

Jack W. McAllister former resident of Avon Park, has been elected president of the Florida Voluntary Health Association (FVHA). He is executive director of the Florida Association for Retarded Children which is headquartered in Tallahassee.

The FVHA is an organization composed of 13 major voluntary health agencies in Florida.

Other officers elected here during FVHA's 8th Annual Health Institute at the Tuscon International Inn were:

President, Dr. Peter Hunter, St. Petersburg, executive director, Florida Heart Association; vice president, Al Burk, Orlando, chairman, Orange County Voluntary Health Council, secretary; and Ed Pitt, Orlando, executive director, Mental Health Association of Florida, treasurer.

Elected members-at-large of the Executive Committee were: John Baird, Miami, executive director, United Cerebral Palsy of Florida; Al Foster, Jacksonville, managing director, Florida Tuberculosis and Respiratory Disease Association; and Ed Foreman, Orlando, regional director, The National Foundation—March of Dimes.

Member agencies of FVHA include: Florida Association for Mental Health; Florida Heart Association; Florida Society for Crippled Children and Adults; Florida Society for Prevention of Blindness; Florida Tuberculosis and Respiratory Disease Association; Muscular Dystrophy Association of America; National Cystic Fibrosis Foundation; National Multiple Sclerosis Society; The National Foundation; United Cerebral Palsy of Florida; and Florida Division, American Cancer Society.

At this first meeting of the season, all are welcome and anyone 18 years of age or older is eligible to become a member and enjoy the many benefits available to our members.

Come and bring a friend.

ON TV
U. S. Presidential Candidate George Wallace will be seen at 7 P.M. Friday on Channel 5.

My Friends:

The city council, of which I am a member, has been criticized by Mr. King, who was out of office last year, and Mr. Martin, who is seeking the airport. I feel that I should make a few remarks on this subject.

The proposed lease on the airport was \$50.00 per month. This is about 10% of what we are, however, the lease further stipulated that the city would receive a percentage of all income from the airport and would have the right to buy the airport and improve it at a later date.

based on the city's purchase of the airport. In addition, the lease stipulated that the city would receive a percentage of all income from the airport and would have the right to buy the airport and improve it at a later date.

Compare this to the lease which the City Council voted on last year, at which time there was a lease already in effect that still had FIVE YEARS TO RUN, this Council voted a 15 YEAR EXTENSION to this lease with a FIVE YEAR RENEWAL option, a total of 25 YEARS from the date. The City was to receive \$350.00 per year or \$27.50 per month.

GOOD OLD DAYS
Do You Want To Go Back To The "Good Old Days" When We Had \$21,000 delinquent city taxes, no foreclosures in 14 years, Over \$500.00 water bills 3 months or more in arrears, City laws not typed in ordinance book since 1954, Floods of families working for only \$50.00 per week, Up to 15 houses on one water meter, Twenty-two outdoor privies that is a health problem, should have been serviced 15 years ago, Little or no effort to attract industry to Avon Park.

THREE CONDITIONS EXIST AS OF OCT. 1, 1957—THREE WHEN THE "GOOD OLD DAYS" SINCE THEN A PROGRESSIVE COUNCIL WAS
1 Tax Foreclosures not filed—over \$500.00 delinquent taxes collected.
2 Water bills brought up to current condition or meters removed.
3 All ordinances typed up to date in ordinance book.
4 City employees receiving a \$10.00 per week raise.
5 Ordinance passed requiring one meter per each dwelling water separate read-out of meter.
6 Over 150 new water meters installed, which brings in over 150 more garbage collection.
7 Wastewater taken beyond those maintained by sanitary privies. Many new better toilet facilities and privies built.
8 Cityfield Market moved on new factory at airport will employ up to 125 persons.

Here's Widow Is Granted \$10,000

TALLAHASSEE - Mrs. Mary Ivy, widow of Cecil Ivy, Florida Forest Service firefighter who died while fighting a wildfire in Highlands County, has received a special \$10,000 award.

Under the laws of Florida, Chapter 27-01, compensation, separate from widow's compensation, is authorized under qualified circumstances. Mr. Ivy died April 20, apparently of suffocation, when his fire-fighting tractor became lodged and was overrun by snapping flames.

John Y. Humphreys, Board of Forestry president, is a resolution adopted unanimously by the board at a recent Tallahassee meeting cited the late Mr. Ivy for his courage and heroism.

The Ivys have two children, one a deputy sheriff in Palm Beach County, the other a teacher in Indiana.

Avon Mobile Home Park News

By LUCAS BROWNING

Mr. and Mrs. G. Marshall, husband and wife, and Avon Mobile Home Park, celebrated their 25th wedding anniversary in a ceremony.

Many friends of Mr. and Mrs. Marshall joined them for a special meal Tuesday night. There were 25 blooms on the plant and a delight to see.

Mrs. Robt. Gibbs underwent surgery Tuesday at Walker Memorial Hospital. We all wish Lillian a speedy recovery.

Mrs. Ross Remington and Mrs. Lucille McPherson spent last Friday in Lakeland.

Mr. and Mrs. L. M. Higgins are leaving Wednesday on a 3 week trip. They plan to spend time in Harrisburg, Ill. where they will have a reunion with relatives from Coll., Ky., and Ill. From there they will go to Detroit, Mich., and spend time with Higgins' mother, who is 97 years young.

Mr. and Mrs. L. Geth are spending Labor Day with Mr. and Mrs. M. B. Boudin, Brentwood. They plan an enjoyable fishing and will have a picnic in the eve.

HOPE VOUCHER

Private clubs throughout Florida will be staying a beautiful golf tournament for Project HOPE during the month of October. Club members will qualify to participate in this full handicap event by making a \$10 tax-deductible donation to Project HOPE. In December the play-off is at Port B. Lacie Golf and Country Club.

● I will not play politics, my political philosophy is Honesty and Sincerity of purpose.

● I will appreciate your vote and support.

J. B. SPARKS
(Paid Pol. Adv.)

There was only one way we could improve on Q-R flameless water heating. (Reduce the rate.)

So we did it!

In fact, homes with electric water heaters get the new low rate of 1 1/4 cents per kilowatt-hour on one-quarter of all electricity used in excess of 180 kWh per month - not just on electricity used for water heating.

More than 70% of our household customers now enjoy this new low rate. If you don't, shouldn't you switch to clean and flameless water heating?

And to help you make the switch, we're giving an installation allowance of \$25 to residential customers who replace flame-type with electric water heaters between now and September 30th.

Your plumbing contractor or appliance dealer will arrange with us for you to get this allowance. Then as soon as your flameless water heater is installed, let us know and you'll be billed at the new low rate and save every month!

Why Q-R? It stands for "quick recovery" - means that the hot water you use is speedily replaced. With a Q-R flameless water heater, you're always in hot water up to your neck!

"If you heat water electrically and have not applied for the water heater discount. If you have please notify our nearest office. If you have applied, "WH-DC" on your bill means you're now getting the water heater discount."

Graduate to Q-R flameless electric water heating NOW and SAVE!

B

We Now

For a complete reading change and a bit of whimsy in these hot summer days try an old, yellowed book published in 1899 by Mark Twain (Samuel Clemens) entitled *Extract from Captain Stormfield's Visit to Heaven*.

This starts with Captain Stormfield's flight through the skies. A race with a peculiar object brings him to the wrong gate. When this is finally straightened out, he finds his re-conceived ideas of Heaven—a harp and hymn book, pair of wings, and a halo, size 13, for Captain Stormfield of San

Francisco, make him out a clean bill of health, and let him in, do not hold up when he tries to use them. He met up with "an old, bald-headed soul by the name of Standy McWilliams from somewhere in New Jersey" with whom he "used to lay around, warm afternoons, in the shade of a rock—and talk about all kinds of things." Standy helped Sam get used to the ways of Heaven—what to do—where to go—and what to see.

To read this would certainly be a change from many of our modern novels.

Highlands School Opens To 144 Students

The Highlands School opened its doors for the 1968-69 school year yesterday, and will teach in the modern studios and Mary Hall.

Dr. Maria Diaz, author of the Highlands School, is a native of Cuba. Dr. Diaz came to the United States in 1955 and taught in the Howard School for Girls, West Philadelphia, Penn., for the next five years.

Miss Barbara L. Miller received her BS from Ohio State University, MA from Columbia University, and has done additional graduate work at the University of Virginia, University of Florida, and University of Arizona. Miss Miller joins the science and mathematics departments.

Miss Jo Ann Mills of Washington, D. C., graduated from the College of Charleston, and will teach developmental and remedial reading.

Miss Carole Scott of Alexandria, Va., graduated from the College of Charleston. She will assist her duties in the physical education and social studies departments.

Mr. A. B. White, for many years the principal of Avon Park High School, has joined our mathematics department.

Miss Clara Elliott, a native of Scotland, who will assume her duties as laboratory night supervisor.

Mrs. Bess Mann, Mrs. Ellen Davis, and Mrs. Irene Ogden have joined the home economics staff. Mrs. Mann comes to the Highlands School from Orlando with previous experience with the Young Women Community Club of Orlando, Jewish Child

Service Center of Los Angeles, and Methodist Children Village, Detroit, Mich.

Mrs. Ellen Davis, a native of Jackson, Mich., was director of the student union at State College, Okla., before joining the Highlands School staff.

Mrs. Irene Ogden, of Des Moines, Ind., was head custodian of student housing at the University of Wisconsin. She will serve the Highlands School as custodian and assistant to the dean of students.

Survivors include Mrs. Mary McWilliams, a daughter, thirty-five years old, and a son, Ralph Davis, Jr., age 15. Funeral services will be held at 10 a.m. at the Highlands School Chapel, 1440 S.W. 13th Ave., in Miami.

The Avon Park Sun

Avon Park, Fla., Sept. 5, 1968-15

Husband Of Former Resident Dies

Ralph Davis McWilliams, husband of former resident, Mrs. Ellen Davis, died August 27, in Miami.

Mr. Davis was born in Jackson, Mich., and was a graduate of the University of Michigan. He was a member of the Phi Kappa Phi Honor Society and the Phi Beta Kappa Society. He was also a member of the Sigma Xi Honor Society and the Phi Kappa Phi Honor Society.

ALICE AND BILL SMITH, Managers, formerly with Chateau Suzanne

J. R. "Jack" Duggan **Doreah Martin** **Clarence King**

This fiscal year spending of our city government cannot continue without lots of new tax monies.

The sure way to stop all this nonsense is to elect the three qualified men above.

Paid for by a group of businessmen and taxpayers to elect Duggan-Martin-King.

Reported by Herman Todd

Program chairman Ernest Koehler introduced Mrs. Florence Peach from the Highlands County Red Cross Chapter. Mrs. Peach said from now to about the middle of October, volunteers would be filling ditty bags. We had an insight into just what these bags are and how they are distributed by a series of slides taken in Vietnam last Christmas. We were shown how the bags were stored and delivered on Christmas day. In this case they were delivered to an outpost by helicopter. A major dressed as Santa and two Red Cross girls handed the ditty bags to all the soldiers.

Mrs. Peach explained that every soldier in Vietnam received one last year. All the bags were done in communities all over the country by various volunteer groups. The value of the bag is around \$3.50. They contain such things as stationery, flashlights, nail clippers, cards, ballpoint pens, soap, wash cloths and small tin toys. Each item is wrapped in Christmas paper. A soldier gets a dozen or so items in a bag. Mrs. Peach reminded us that all gifts, money or materials are greatly appreciated.

BROCHURE OFFERED

A new 12-page brochure devoted to the unique appeal of Everglades National Park and its major vacation facilities located at Flamingo on Florida Bay is available free from the Everglades Park Company, 1900 South Federal Highway (U.S. 1) Miami, Fla. 33137.

New Features Seen In The 1969 Dodge Charger Displayed

DETROIT—Charger, the popular, family-size sports car which posted Dodge sales to dramatic all-time record high in 1968, will retain its distinctive aerodynamic silhouette for 1969. But a list of refinements and improvements have been incorporated, including a new Charger 500 model for the performance-minded and a plush leather interior "Special Edition" (SE), to enhance Charger's appeal in the new model year.

New grille and tail light treatment bolsters Charger's sporty car flavor. There are new vinyl roof and exterior color offerings; engineering innovations ranging from manual tilt seat adjuster and easier-reach door lock buttons to improved automatic brake adjusters and "headlight on" warning buzzer.

Charger has been an exciting car—a winner for Dodge Division," declared Robert B. McCurdy, Dodge general manager.

Public acceptance of our all-new Charger in 1968 soared beyond our most optimistic predictions. We originally forecast 33,000 sales for 1968 but public response to the new Charger

quickly caused us to alter projections to 65,000. We are aiming at more than 80,000 Charger sales in 1969.

To meet the rush of dealer orders, we tripled production at our main assembly plant in Hamtramck (Mich.) and added a Charger line to the St. Louis installation.

Charger has been accounting for 18 per cent of Dodge car sales in 1968 and is running 400 per cent ahead of the 1967 model, McCurdy pointed out.

He said that manufacturers, when they bring a specially car to market, ordinarily do not make changes until the third year of the model's life.

"But our thinking at Dodge was to provide customers with even more attractions without disturbing Charger's unique wedge-form design or identity."

Special Edition
 An optional "Special Edition" door group for Charger and Charger R/T models features the richness of leather bucket seats, wood grain steering wheel, and wood grain inserts on the instrument panel.

Identified by "SE" name plates of the roof pillars, the Special Edition package also contains bright-trimmed pedals, deep-dish wheel covers and a light group including time-delay ignition light and hood-mounted turn signal indicators.

Charger 500
 The new member of Dodge's "Scat Pack"—the Charger 500—is designed with the performance-minded driver in mind.

It looks much like the standard Charger at a glance but has two major features that set it apart.

The rear window has been slanted more so that it is flush with the trailing edge of the rear window pillars. The basic Charger and Charger R/T have a "tunnel" roof and the rear window is slanted less.

The grille now is flush-mounted instead of recessed to improve air flow and head lights are fixed instead of concealed as in the Charger and Charger R/T. The 500 is powered by the 426-cubic-inch Hemi engine.

Vinyl Tops Are Up
 Three out of every four Charger buyers ordered their cars with vinyl tops in 1968. To provide an even wider selection of vinyl roof colors and selections are increased to four for 1969 and include tan, green, black, and white.

Split Grille
 A divided grille with six functional air vents in the divider piece was designed to imply dual intake in keeping with Charger's sporty car theme.

New Tail Lights
 Near wall-to-wall rectangular tail lights are recessed and replace the dual, round, projecting lights of the 1968 model. The lights are surrounded by a black inset as they were last year to retain Charger's highly identity.

Other changes include an optional, manually-operated, six-way driver's bucket seat, easier reach door lock buttons, improved automatic brake adjusters, improved sure-grip differential, and optional fiberglass tie-rod tires which increase tread life and improve traction.

Engines
 Standard V-8 for Charger is the 318 C.I.D., 230-hp engine. The standard six-cylinder is the 225 C.I.D., 145-hp Slant Six. Optional 383 C.I.D. engines, with two or four-barrel carburetors and 200 and 250 hp respectively, are offered. In the Charger R/T, which accounted for 21 per cent of 1968 Charger sales, the 440 C.I.D. Magnum, 375-hp powerplant is standard and the 426 C.I.D., 425-hp Hemi is optional.

Suspension
 A high-rate, rally-type suspension, including sway bar, is standard. The R/T and 500 models have a special handling suspension package which includes heavy duty torsion bars, heavy duty shocks, extra heavy duty rear springs and sway bar.

Options
 A long list of options includes automatic speed control, front disc brakes, 140-cm. rear window defogger, AM, AM/FM, and AM/FM stereo radios. Charger's wheelbase remains at 117 inches; overall length is 208 inches, width, 74.6 inches, and height, 55.2 inches.

Charger-identified items, such as the aerodynamic spoiler on the rear deck; rally-type instrument panel with easy-read gauges clustered to the driver, and map pockets on the doors, are retained on the 1969 model.

"Charger is a success story. We expect to write a new chapter in 1969," McCurdy said.

One pound of uranium 235 will produce energy equal to 3 million pounds of coal.
