Construction On New Jr. College To Begin In October

The contract for construction of the first phase of the permanent campus of the new South Florida Junior College was signed Wednesday. An unprecedented grant extension of funding from the State Board of Education enabled the Highlands County school board and junior college trustees to let the bid for \$1,546,000.

James Mahoney Corp. of Tampa will be the contractor for the ultra-modern campus which may be ready for use during the 1969-70 school year.

Bids were received on August 22 and ranged from the low submitted by the Jones Mahoney Corp. to a high of \$1,747,000. With alternate out, the low bid was shaved to just over \$1.5 million, still 16 per cent above the budget.

Dr. William A. Stallard, president of South Florida Junior College, went to work to find more than \$200,000 which would enable the school board to let the bid. The state cabinet, sitting at the State Board of Education Tuesday morning appropriated the additional money for the junior college.

At the same meeting the Florida Attorney General ruled

that the full responsibility for the construction program should be shifted from the county school board to the new board of trustees for S.F.J.C.

The bids had been made to the school board under an old law ruling, so at a special school board meeting on Wednesday, a resolution was adopted transferring the bids to the trustees.

A trustee meeting was hastily called for Wednesday morning.

and eight of the nine members were on hand to receive the bids passed on from the school board in the special trustees meeting, chaired by Rex Bond, the contract was let.

Bond said the trustees are hopeful that the contractor can begin work in October and by late autumn "we shall actually be digging in the permanent campus between Sebring and Avon Park."

Florida law provides that when a candidate withdraws his late bid, a new candidate may be selected by the county executive committee of its political party.

William Atkinson, chairman of the Highlands County Republican executive committee, said the committee will meet on Tuesday night to select a new candidate for district 1 commission post.

Kelton Hill Withdraws From Race

T. Kelton Hill, Republican candidate for county commission from district 1, has withdrawn from the race and formally requested that his name not appear on the general election ballot in November.

Hill had qualified to run for the seat now held by Cecil P. Skipper. In a short statement to the commissioners, Hill explained that he has moved from Highlands County.

Skipper, who is seeking another term as the county commission, was without opposition in the Democratic primary last spring.

First Student Holiday October 18

The first holiday for Highlands County students will come a week earlier than they had anticipated. At the September meeting of the county school board the school calendar was amended to provide a work day for teachers and holiday for students on October 18.

The calendar had first set October 25 for the workday. Superintendent George F. Douglas recommended the change to enable teachers to attend subject matter conferences which will be held throughout Florida on Friday, Oct. 18.

The switch to October 18 day of the students is good news for Boy Scouts and their leaders in Highlands County. Scout leaders had already approached Superintendent Douglas with a request that Scouts be excused from school to attend a large camporee at Silver Springs on October 18-20.

End To All Negro Schools Seen In Highlands County

Highlands County school officials have started work on a new school desegregation plan which will eliminate all Negro schools.

In a negotiation session in

Washington on Friday, four Highlands County school officials were told that the three schools attended only by Negroes must be closed or a majority of white students assigned to them.

The point of conflict between the county and federal officials is time. Federal policy requires elimination of the all-Negro schools by September 1969.

Highlands County school officials

estimated new classrooms must be built to accommodate both a growing and shifting school population.

At a special school board meeting on Wednesday, the board approved a motion by E. Rex Wells that a committee be named to draw up a new desegregation plan. As Wells said, the October 18 school board meeting as report time for this committee.

Whether the Health, Education and Welfare will "ban" the new plan hinges on whether the federal officials can be convinced of the sincerity of the Highlands County residents. HEW staff members at the negotiation session implied all school systems which had delayed desegregation from 1954 to 1964 from the basic Supreme Court decision until the Civil Rights Act of 1964 were more interested in subterfuge than sincere effort at desegregation.

All plans filed to comply with the 1964 legislation are being reviewed and school systems which will not complete desegregation by the opening of the 1969-70 school year are being declared in violation of the federal law. Administrators are expected to attend a series of proceedings against Highlands County school board were begun in late August, and the first formal hearing will be held before October 19.

Completed by March

The full schedule of hearings is to be completed about March. Adverse finding by the hearing board would result in loss of federal funds by the county schools—and possibly a suit in federal court. Approval of a new desegregation plan would halt other proceedings immediately.

The negotiation session was attended by Superintendent George F. Douglas, School Board Members Henry Bailey and John Wierick, and Attorney Frank Bryant.

At the special board meeting Wednesday, Bailey, emphasizing that he was speaking as an individual and not a board spokesman, said he was in favor of the elimination of Carver, E. O. Douglas and Howell schools and the adjustment of the county school building program to reflect this change.

Plans Advanced

Federal officials had suggested that total desegregation could also be achieved by redrawing the school attendance zones to make 51 per cent of the student bodies at Carver, Douglas and Howell white. Another route—favored by HEW—would be using these three schools as the sole location for certain grades.

A State Department of Education survey team which made a building survey in Highlands County Monday and Tuesday attended the Wednesday board meeting and offered suggestions but refrained from commenting on the approach to the county's desegregation problems.

Board discussion Wednesday yielded other members were inclined to agree with Bailey and work toward elimination of the present all-Negro schools. The present countywide possible program following the middle school concepts of Superintendent Douglas.

Existing elementary facilities in Sebring and Avon Park and the new school at Lake Placid would be enlarged slightly to accommodate grades one through four. The present high school buildings at Sebring and Avon Park would be "changed a little" to take all students in grades five through eight. A new high school would be built as formerly planned and expanded to include grades nine.

The present Lake Placid facilities would house grades six through 12 until that area has grown enough to support a separate high school.

2,505 Voters Not Registered In County

There are 12,485 registered voters in Highlands County and 15,000 who are eligible to vote, a statement from Secretary of State Tom Adams declared this week.

Weeks released a statewide estimate of voting population, pinpointing the number of eligible but unregistered voters in each county statewide. Adams said 764,000 Floridians are eligible to vote who have not registered in the 1968 national figure is 2,505.

Panthers Start Preparation For Basketball and Baseball

This week preparation for the third season of play began for the South Florida Junior College Panthers of Hardee and Highlands Counties as the baseball and basketball squads began practice.

The Panthers are members of the Florida Junior College Conference and more specific, Division III of the Florida Junior College Conference.

Members of Division III are Manatee, St. Petersburg, Florida College of Tampa, Polk, Lake Sumter of Leesburg, Volusia of Orlando, Orlando Junior College, Brevard and South Florida. From the division last year came the state champions and finalist in the National baseball championship, Manatee, and the state runner-up in basketball, Brevard.

The Panthers will be hosting an almost complete freshman squad as nearly all the original players of two years ago have graduated.

Basketball practice will open with three workouts per week until mid-October when the squad will begin a week workouts.

At present, we are still trying to get these boys settled down in school. We need about 3 part-time jobs. Mostly, afternoon or night jobs, for 3 boys. If any one has some part-time work for these, please contact Coach Terrell.

Our other major problem is to convince these boys they are now in college and have to spend about 4 hours a day studying.

Our basketball squad is completed and our baseball squad is now almost complete with the signing of Ronnie Purvis, former Sebring High pitcher and catcher. Ronnie had a knee operation in the spring and had not strengthened enough for the rigors of Florida State football. Ronnie is entering South Florida Junior college in January.

County Seeks Commodity Distributor

A new director of commodity distribution is being sought by the Highlands County board of county commissioners. The \$200,000-a-year post became vacant Tuesday when the board accepted the resignation of Howard Miner.

Miner, who was the first commodity director hired by the county, is currently on sick leave and his formal resignation was presented on his behalf by Commissioner Cecil Skipper.

Skipper suggested that the board seek applications through September 30. Commissioners said they are not restricting applications to men, but they added that the job does entail lifting and moving heavy packages of food stuffs and extensive investigation.

Red Devils Open Season In Lake Wales Friday Night

The Avon Park Red Devil football team will open the 1968 season tomorrow night (Friday) in Lake Wales against the Highlanders who are expected to be exceptionally strong this season. Game time is 8 P.M.

The small Devil squad which has worked out under the lights several times this month and participated in the four-team jamboree here two weeks ago has improved in many areas but still seems weak in the tackling department.

Last Saturday the squad was divided into two teams and held a game-like scrimmage for fans who brought a bar of soap for admission. The Red team, quarterbacked by freshman Don Sisemore, outscored the White team in the regulation half game affair. Halfback Roy Claitt scampered over for the Red's first score and Sisemore booted the extra point with young Walter Nunnallee holding. Fullback Billy Richards later scored again for the Reds but this time Sisemore's kick for the PAT was no good.

The White's scored early in the half on a wide sweep by halfback Willie Joe Seigler but the extra point try failed. Along with Seigler in the White backfield were Curtis Hulen and quarterback Gene Landress. Ricky Dick was center for the losing team and also on the line were guards Donnie DeLaney and Jerry Kendrick, tackles Black and Horace Watson, and ends Johnny Hamilton and Alvin Hollinger.

The Red team had Walter Nunnallee and Roy Claitt at halfbacks, Billy Richards at fullback, and Don Sisemore at quarterback. On the Red line were ends Tim Braswell and Joe Franza, tackles Randy Ward and Orlando Libron, guards Jim Nunnallee and Gregg Albritton and center Tom Townsend.

Others from the state attended were Judge Bowden Hoyt, Juvenile Court Judge of Polk County, a past president and present director of the National Juvenile Court Foundation, Mrs. G. L. Barnard, president of the Florida PTA, Mrs. Jewel Haddock, national director of PTA, and Dr. Louis B. Hoff, state PTA director.

Purpose of this conference was to acquaint PTA leaders with juvenile courts; to stimulate local interest in community problems concerning juveniles; and to inform leaders of possible courses of action to follow in solving these problems.

An outstanding feature of the conference was the address given by the noted psychiatrist, Dr. Carl Menninger, chairman of the Menninger Foundation. The conference was also a follow-up to a few state conferences financed by the Sears Foundation last year.

line headed by veteran center Tommy Townsend along with Horace Watson, end Jim Nunnallee, Orlando Libron, Tim Braswell, Jerry Kendrick, Alvin Hollinger and Ronnie Fletcher. Junior linemen are Johnny Hamilton, Joe Hardy and Hulen. Sophomores Ricky Dick, Frank Davis, and Danny Albritton who is currently sidelined with an injury and freshmen Randy Ward and Clark Jackson finish out the line.

The squad shapes up having eight probable starting seniors and three starting juniors. There are 11 seniors, seven juniors, five sophomores and three freshmen on the varsity at the present.

Head coach Joe Franza said early this week that his probable starting offensive line-up would have Billy Richards at fullback, Willie Richards at left halfback and either Roy Claitt or Neil Caswell at right halfback. On the line will be Tom Townsend at center, Tim Braswell and Jim Nunnallee at guard, Orlando Libron and Ed Rick at tackle and either Curtis Hulen or John Hamilton at left end and Tim Braswell or Joe Hardy at right end.

The probable starting defensive line-up will have Hulen and Braswell at left end and Hardy and Ricky Dick at right end. Ward and Libron at guard, and Ed Rick in the middle linebacker slot. Linebackers Seigler, Townsend, Watson and Claitt will make up the backfield. Richards and Landress will play along with halfbacks Richards and Landress.

Next Thursday night, September 26, the Devil "B" team will travel to Ft. Meade for its opening game and next Friday night the Devils will entertain Mulberry here at Memorial Stadium.

CHAMBER TO MEET

The Avon Park Chamber of Commerce Board of Directors will meet Thursday, Sept. 19 at 8 P.M. in the Chamber office. All directors are urged to attend.

AT MIAMI MEETING

Members of the County Commission and welfare directors, including Chairman Canzanzano are attending the meeting of the Association of county commissioners and welfare directors in Miami Beach this week-end.

Brucellosis Testing Stopped By Ag Dept.

Brucellosis testing in Florida has been stopped by the U. S. Department of Agriculture until a test case questioning the right to test has been settled.

A total of 75 per cent of the cattle in Highlands County are owned more than 51 per cent of the cattle, have petitioned the state to test here, but some of the cattle owners in the state.

A test case in Martin County ended in a decision that the testing is unconstitutional. It is being appealed.

Assistant County Agent Tim Turner said Highlands is one of five counties in the state in which testing has not been going forward.

Brucellosis (Bangs disease) causes cows to abort. Once a cow is found positive, the owner has 15 days to get the animal to slaughter and receive its indemnity. The cattle are appraised and the USDA makes up the difference between the slaughter and appraisal price up to \$37.50 per animal.

In a testing of 28 herds of beef cattle in this county, seven reactors were found in two herds northwest of Avon Park.

Under a recent federal regulation, a brucellosis testing program will become mandatory for engaging in interstate shipment of cattle.

Commission Revises Liquor Sale Hours

Highlands County commissioners have revised liquor sales hours to lengthen the weekday sales time and reduce Sunday hours.

At their meeting on Tuesday the commissioners unanimously adopted a motion setting weekday sales from 7 A.M. to 2 A.M. for Monday through Friday, from 7 A.M. to midnight on Saturday, 1 P.M. Sunday to 2 A.M. Monday.

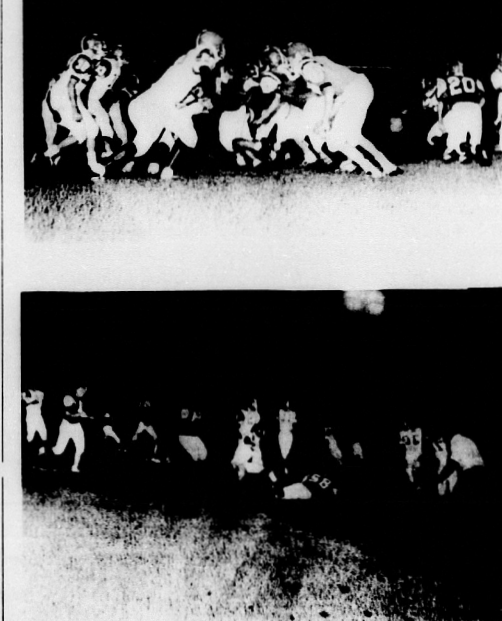

As introduced by Commissioner Cecil Skipper, the closing time was uniformly set at 2 A.M. Jean Whitaker said he would support Skipper's motion if the Saturday closing time was moved back to midnight.

Midnight is the official closing time set by state law, but the law also provides that local variations may be adopted. In suggesting the longer sales day, Skipper noted that Polk County and towns within Highlands County have set a 2 A.M. closing.

Commissioner Carl McIntyre said he "can't see staying open until 2 A.M." but added he was willing to go along because of the provision for no Sunday morning sales.

At the present, beer sales may begin at 7 A.M. on Sunday, same as all other days of the week. Commissioners got a nod of approval from Sheriff Brown and Coker when they said prohibiting sales of "any alcoholic beverage and intoxicating beverages" from midnight Saturday to 1 o'clock on Sunday, "should reduce some problems."

The new hours will become effective on October 1.

THE RED DEVILS went into action Saturday night at the annual soap scrimmage. The Devils were divided into two teams which battled it out

before a stadium full of supporters. They will meet the Highlanders in Lake Wales Friday night.

Several of the boys who participated in the soap

scrimmage will drop down to the "B" squad this week (Friday) in Lake Wales against the Highlanders who are expected to be exceptionally strong this season. Game time is 8 P.M.

The Constitution

This is the week to take stock and think a little bit about a 181 year old document which affords us protections and freedoms which we take as ours for granted from cradle to grave.

Tuesday of this week was the 181st anniversary of the signing of the Constitution of the United States. Taking pains to remind us of the anniversary is the National Society, Daughters of the American Revolution. The permanent observation of Constitution Week September 17 through 23 was launched by the DAR.

Although probably very few of us will take the trouble to read over the Constitution—the least we can do is be grateful that we are a part of this great country of ours. How many people all over the world would love to be in our shoes!

They're Too Big Now

In the September issue of the Florida Explorer, official organ of Peninsula Motor Club (AAA), we are warned that unless we wake up and do something about it we may have to contend with freight trains on our highways. Instead of trucks and trailers we will encounter bigger and heavier rigs hauling not two but three or more trailers.

The trucking industry now has a bill being considered in Congress that would permit the operation of bigger and heavier rigs, removing restrictions on size and weight. Can you imagine a truck hauling two or three giant trailers in front of you on the highway? Such a rig would be almost impossible to pass.

Although truck rigs comprise only seven per cent of highway traffic, they are involved in 19 per cent of the accidents that result in fatalities.

Truck drivers in many instances are among the best drivers on the road and the most courteous, but there are always some hot rodders, others who push themselves to too great lengths, get careless or fall asleep. And the people in the average automobile don't have much of a chance when they tangle with one of these monstrous rigs.

Better we should be thinking of cutting down on truck sizes, getting smaller vehicles which don't tear up our roads as thoroughly as do the big ones.

A National Primary

We're hearing and reading more and more about revamping or abolishing national presidential nominating conventions. And we hope it gathers momentum.

And with the two big televised conventions still fresh in our memories, we seriously wonder if the men who emerged as the candidates would have done so if the choice had been submitted to the people.

The assignment of preparing and planning for such a changeover would be a terribly responsible and certainly monumental one—and here again we come to the problem of people, and the pulling and hauling that would evolve. How could a completely objective and honorable group to set this thing up ever be put together?

We have big problems in this country, big things to do. We sometimes wonder how things ever get done as well as they do.

THANK YOU

I would like to thank all the voters of Avon Park who supported and voted for me in the election Tuesday for the office of city councilman. I will continue to do my best for the interest and betterment of Avon Park.

Durrah Martin

Letters To The Editor

Dear Editor:

Knowing that the city elections are over it might be well to ask ourselves what happened and why. To begin with we wish to extend our heartfelt sympathy to Durrah Martin whose victory at the polls was by the death of his father the next morning. It wasn't until after the death of his father that we discovered this was the same Willie Martin whose friendship we had cherished as a neighbor ten years ago. We all recall the narrow escape from death of Durrah himself a few years ago when he was nearly electrocuted while employed by the Florida Power Co. The way he did not always agree with his voting record we rejoice that he is still with us.

Government, for, and by persons is often contrary to the best interests of the public as a whole. This is the basic idea of the present city council and of past city councils. The same may not always be true. Proof of the cold factual approach of Rodney Lane, we cannot help but recognize. In his address of efforts to eliminate special privilege and to treat everybody on an equal footing. Perhaps others in the majority were a little more merciful. Scott's victory was based on a firm stand of justice seasoned with mercy.

We favored in this campaign for services rendered on a previous city council when his vote help prevent a \$25,000 "kickback" to some councilmen and other city officials for getting the "right contractor" on a city job. But as this campaign progressed his pledge became "to cooperate with whoever was elected," apparently regardless of what they stood for. We believe he rather expected to come out second highest in votes, but Eddie Johnson, a newcomer, let people know where he stood, and came within a very few votes of being the well known old-timer, Sparks.

Jack Duggan found himself in a somewhat similar situation to that of Vice President Humphrey on the national scene. Humphrey was tied to the Johnson administration and Duggan was tied to the King administration, but he didn't disown his old chief. Before the election this writer expressed to Duggan confidence in his integrity, tho he felt Duggan had been used as a pawn by self-centered interests of others. We hope he now recognizes he was elected on his own merits and not because of his association with King.

A farewell to Wayne Albright who "did not choose to run." Tho some may have questioned some of his personal escapades, as a city councilman he served the city well.

These facts were brought to my attention in regard to the election. Only 47% of the eligible voters voted. Martin was elected by only 25% of the eligible voters, Duggan 23 percent and Scott 20 percent. Tho the King administration wasn't all bad, we felt the present administration to be an improvement in many ways and as an interested citizen participated in preventing a return to "the good old days." When it is known that a city election like this one is going to be close, the "old pros" concentrate on a certain neglected area of the community to garner the few extra votes needed to win. Personally I had little time or money to throw into the campaign for better city government. There may be some doubt, but if my little effort succeeded in turning only ten votes from King to Scott that effort was vital in the election results. Reader, what did YOU do, "for better or for worse?"

The proposed amendments all look like progress. Yet the cost of the last two especially could be prohibitive unless our city charter is first amended. We hope the new city council will take a good look at the charter before building too much new superstructure without better foundation.

The basic problem in government all over the world is this: Will big business control government for the best interests of a favored few? Or will government control big business for the best interests of the many? Avon Park is a miniature world in itself, with the same problem on a small scale. Past city councils have distributed benefits to the strongest influences rather than to the greatest needs. It has problems ahead to decide. The outgrowth problem is one. Everybody likes Mr. Metcalfe personally and we are in sympathy with some of his problems. But why should the taxpaying public be expected to protect his invest-

ment in some 90 to 100 houses below standard, with rentals averaging over \$520 per year when there are so many individuals struggling to pay taxes and meet public regulations on their one and only home? Even the much talked of "\$10,000 in uncollected rent" looks mighty small when spread over some 90 houses and a period of 20 years. Four days per year in uncollected rent per house, is this the picture he is giving us?

We have a wonderful group of friendly elite in Avon Park. Their only flaw is in being specially privileged at public expense. Unfortunately we missed the hottest part of the last city council meeting before the election. Never to my knowledge has the council "gal- lery" been so packed with the elite of the city who have been used to top-priority consideration from former city administrations. Prof. Jahna in whose defense they rallied is a "well guy" as are most of the others. There is not much more likelihood of the public wanting to run him out of town than there is for the Touchton interests to be run out of town. We need each other but lots more of us would enjoy the opportunity to pick and

choose which public benefits we would like to sponsor with our tax money and which we could leave for others to pay. From the "rugged individualists" of the Chamber of Commerce to the mighty Touchtons we need to recognize that everything we have belongs to our Creator and that we are merely his agents in its distribution. Let's back a city council which seeks wisdom for itself, equal opportunity for all and a square deal even for YOU.

Robert W. Hanford

Dear Sir:

I note with great interest the tempest in the election for councilmen. I see that the situation remains constant. Ten years ago when I lived in Avon Park, the same men, with the exception of one or two, were running for election. Yes, the faces are the same. The ideas about progress are the same—total- ly absent.

It is too bad that a wonderful place like Avon Park can't match the progress made by similar towns in Florida.

Your paper is very informative. I look forward to each edition.

Two Teams Tie In Golf Tournaments

The Wednesday Pro-Am finished in a tie with two teams firing a net 55. The first team to finish was Pete Peterson, Bob King, Larry Ford and John Gray had to wait around to see if they had a winner.

The last team on the course came in with a net 55 which was Bob Young, J. C. Walker and Karl Swanson. Saturday's Point Turney drew one of the biggest fields of the year with 24 players competing. The winner with plus 14 was Lee Munson. In second place was Les Burch with plus seven. Third place was taken by Bob King with plus six.

The Avon Park Womens Golf Association will have a brief meeting Thursday, Sept. 26. Several items of importance are to be discussed.

Residents Here Contribute To Scholarships

Highlands County residents have earned the distinction of being among the first to contribute to the State Association of County Commissioners Scholarship Foundation, Inc. Ben McGehee, Highlands County Commissioner Chairman, said today that \$400 has been given from Highlands County and other gifts have been promised for the scholarship program which gets into full swing during this school year.

Applications for a SACC scholarship are now available in the county commission office at the court house, and they will soon be available from the guidance counselors at each high school, McGehee said.

The commissioners have indicated that financial need will

Congress of the United States House of Representatives Washington, D.C.

Dear Friends:

As your Congressman I have felt that it is my duty, and I am sure you agree, to remain here attending each session of the House of Representatives until the Congress adjourns.

As a candidate for re-election November 5th, I, too, would like to be home campaigning as others are doing but the important responsibilities you have entrusted to me, as your representative, prevent this.

As soon as the Congress does adjourn I look forward to returning to Florida to meet with as many of you as is possible, to personally seek your vote and support. In the meantime, your help and your vote will be appreciated.

Faithfully yours,

PAUL G. ROGERS, M.C.

Farm Bureau Plans For Annual Meet

Norman Todd, president, Highlands County Farm Bureau, announced that final plans had been completed for the annual Farm Bureau General Membership meeting.

The date is October 17 and the location this year will be Camp Cloverleaf located on Lake Francis just north of Lake Placid. This is the 43rd camp.

Todd says that the facilities there are very nice and sufficient to handle the 400-500 people expected. This is the first time the Annual Meeting has been held away from Sebring," said Todd and we hope to have every member attend this year."

Marvin Kahn, local program chairman and a State Director of Florida Farm Bureau, announced that the Honorable Paul G. Rogers, Congressman, 9th Florida District, will be the guest speaker.

The meeting will include a barbecue or a family style dinner. Annual election of officers will also be held.

THANK YOU

My sincere appreciation to the voters of Avon Park for electing me your city councilman.

J. R. (Jack) Duggan

Judgment Day

Representative Crabtree, my opponent has been judged and rejected by the other members of the Republican Delegation (Herald Tribune 7-26-68). Displeasure over Crabtree's absence from most of the season—a vacation—at odds with the other three members of the delegation.

You shall judge a man by his foes as well as his friends, J. Conrad.

As a man grows wiser he will talk less and say more—

It takes a politician 15 minutes to tell what he knows—the next 15 minutes are really interesting because he shows what he doesn't know.

Representative Crabtree, why did you run away from the vote on flashing lights at every school crossing?

Nothing handicaps some politicians so much as honesty.

Friday Is Last Day For ASC Election

Farmers were reminded today of a very important part of the election process for Agricultural Stabilization and Conservation (ASC) county committee members, especially where ballots are mailed in to the ASCS county office. In Highlands County the deadline for returning ballots in the ASC election is Friday, Sept. 20.

For U.S. Richardson, county office manager, ASCS points out that two envelopes have been mailed with the ballots to all eligible voters of record in the county office. One envelope is plain and the other has a statement printed on the back which the farmer needs to sign. A witnessed mark will also qualify as a signature.

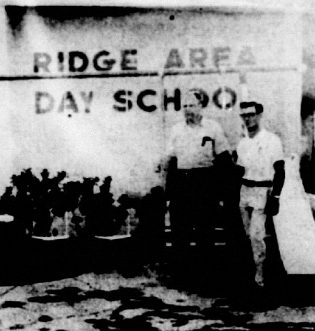

The ballot should be marked and sealed inside the plain envelope. Growers are cautioned not to enclose any other material. Also, they should not write on the plain envelope. This assures the secrecy of their vote.

The plain envelope should then be put inside the envelope with the statement on the back. This statement is a certification that the ballot was marked by the farmer personally without undue influence by any person. The envelope should then be mailed or otherwise delivered to the ASCS county office.

Be sure to sign this statement on the back of the outside envelope," Richardson urged. "If it is not signed, the ballot will not be considered as a vote. And we certainly want every eligible voter's ballot to count in the election."

NORRIS FINED \$75

Ronald Norris, driver of a car in which Paul Church was seriously injured August 16, pleaded no defense in county court last week to a charge of failure to use due care, and was fined \$75.

THE AVON PARK Jaycees donated a swing set to the Ridge Area Day School this week from proceeds they received from a car wash. Members of the Jaycees making the presentation: Emmitt Andrews, Bill Boyer, president of the Jaycees; Steve Roberts and Roy Thompson.

Episcopal Women Hold Regular Meeting

The Episcopal Church Women held their regular meeting in the Parish House of the Church of the Redeemer, Wednesday, Sept. 11. Mrs. Sherman Francisco presiding.

Mrs. Claire Irwin led the devotions with prayer. Mrs. Francisco introduced Miss Maria Ward, who showed slides and gave a talk of her recent "Digs" on which she worked in England and Wales, which was most interesting. One hopes she will realize her wish to revisit these workings next year. A short question and answer period followed.

Mrs. Francisco brought the meeting to order, the secretary's and treasurer's reports were read and approved. Mrs. Francisco read a letter from Mrs. Carlotta Thayer, asking co-operation for the Deaneys meeting to be held at Camp Wingman, October 7. Mrs. John Wright is chairman of registration.

Reva Turner is in charge of the coffee hour and luncheon. Charge for lunch is \$1.50. Registration from 9 to 10 A.M. Communion 10 A.M. followed by meeting, lunch at 12 noon, meeting ends at 2 P.M. It is hoped all members will make an effort to attend. Due to closeness of the Deaneys meeting, the regular October meeting will be cancelled. The regular board meeting will be held as usual Wednesday, Oct. 2.

Mrs. Rena Smith asked for donations for the rummage sale, which will be held in the Parish House for three days starting Oct. 3 to 5. Oct. 3, hours, 12 noon until 7 P.M.; Oct. 4, 7 A.M. to 7 P.M.; Oct. 5, 7 A.M. to 12 noon. Donations may be dropped off at 30 N. Butler.

Mrs. Ed Hall asked for

volunteers to help with the spaghetti supper to be held in the Parish House Monday, Nov. 18. There will be two servings at 12 noon and 5 P.M. Tickets are \$1.50.

Mrs. Cynthia Calvert, Mrs. Maude Buck, Mrs. Lucy McKenzie, nominating committee, presented the new slate of officers, which was accepted. New officers are, Mrs. Sherman Francisco, president, Mrs. Ed Hall vice president, Mrs. George Cone, treasurer, Mrs. E. G. Todd, secretary.

Mrs. Francisco thanked the hostesses, Mrs. B. Ostling, Mrs. F. Peffer, Mrs. C. Romilly for the refreshments. Father Knapp closed with prayer. The next meeting will be on November 13 after the regular mid-week Communion.

Larry Collins and Dominique Lapierre, authors of *Is Paris Burning?* have just published *Or I'll Dress You In Mourning*, a Book-of-the-Month club selection. This is the second major book on Spain to come out in this year—however, this one is a novel.

"Don't cry, Angelita. Tonight I'll buy you a house; or I'll dress you in mourning," was the vow that Manuel Benitez made to his sister when he was to make his first appearance as an apprentice matador. His sister had raised him during the poverty years following the Spanish Civil War—and now he was to fight "in the small Andalusian town that had expelled him five years before as an incorrigible delinquent."

Today Manuel Benitez is the idol of Spain. With intensity and color the authors tell this dramatic story from the time of the old, conventional, isolated Spain through 30 years of evolutionary change to a new Spain taking a place in European Society of miniaturists, high-rise apartments, television. More especially, Spain has its own personality in the "promotion of toreros, like a brand of soap, the breeding of bulls on ranches in the richest farmlands, the pressuring of press agents." He rises through years of cruel struggle by the sheer force of the overpowering intensity of his single-minded dream.

STATE FUNDS FOR SFC
Florida's 27 junior colleges received \$4.4 million in state funds for fiscal year 1968-69. The monthly disbursement of \$160,000 was reported by the Florida State Board of Education. The total for the fiscal year was \$1,920,000 compared to \$1,822,225 in September 1967.

Honest Living Made Easy

It should be easy to make an honest living. There's just not that much competition.

Russ Jordan pledges that the following shall guide his actions:

It ought to be easy to be happy and to be a Representative to serve his people. His pleasure, his satisfaction to that of his constituents and above all, even, and in all cases, to prefer their interests to his own—E. Burke.

Representative Crabtree, why did you run away to Japan instead of staying to fight for your constituents during the Constitutional session.

alco- topics

By PAUL C. FORAKER
Editor, Information Services

E. M. Jellinek, in his book, "The Disease Concept of Alcoholism," points out there is not just one form of alcoholism, but several. He describes the four most common species of alcoholism as follows:

1. Alpha alcoholism—A purely psychological dependence on alcohol for relief of bodily or emotional pain and with no signs of progression.
2. Beta alcoholism—Complications of alcoholism, such as gastritis, may occur simply because of heavy social drinking and with no signs of physical or psychological dependence.
3. Gamma alcoholism—Both psychological and physical dependence are observed, and physical dependence is characterized by loss of control of drinking.
4. Delta alcoholism—Both psychological and physical dependence are observed, but the physical dependence is characterized by an inability to abstain from alcohol rather than by a loss of control. In other words, the Delta type requires regular "maintenance doses" of alcohol.

In the United States, Gamma alcoholism is the species that predominates. But in other countries, the most common type may be one of the others.

For example, Delta alcoholism predominates in France, Chile, and Portugal, all of which are considered wine-drinking countries. In these nations, a fairly steady morning-to-evening drinking pattern is common, and there is general social acceptance of large individual consumption.

A hard-drinking Frenchman, particularly one who works in the wine-growing area, often drinks as much as three quarts of wine a day, starting with a six-ounce glass of wine with breakfast and continuing at regular intervals throughout the day.

This type of drinker may be considered addicted to alcohol, but he may go on indefinitely—never really drunk and never totally sober. Unlike the Gamma alcoholic, these "Deltas" usually show no loss of control over drinking and have no compulsion to drink themselves into a stupor.

However, since they often are unable to abstain from alcohol for even a day they cannot—unlike so many alcoholics in the United States who are "Gamma mas"—ever go "on the wagon."

France tops the list in amount of alcohol consumed by its citizens in a year's time. Second on the list is Italy, with Switzerland third.

The United States ranks eighth and Canada ninth. Far down the list are Finland and the Netherlands, which rank 26th and 21st respectively.

Got a drinking problem or do you know of someone who does? Write for information on Florida Alcoholic Rehabilitation Program from FARP's Information Services, Box 117, Avon Park, Fla. 32825.

Mr. Wheeler presented two films on wildlife. The first film was about the various species of waterfowl found in the United States and their migratory habits. The film pointed out that over 26,000,000 water fowl are killed in the U. S. each year. With such a large number being killed there must be some conservation measures to protect these birds. The film pointed out some of the characteristics of ducks, geese, and swan.

The second film was much more interesting since it was filmed in Florida about the various wild game of the state. We were taken on a camera hunt to several sections of the state where we saw deer and men in pursuit of fox, coon, wild hog and the panther. The film also included two popular and plentiful game birds, the quail and the turkey. These two birds are found in all sections of the state and really test a hunter's skill.

After the films, Mr. Wheeler talked for a few minutes on game law enforcement. He pointed out that there are not enough wildlife officers to enforce all the laws and catch all the violators, therefore, it is important that each citizen do his part to obey the laws and influence others to do the same. He pointed out that with the population increasing, the wildlife is decreasing and more than ever good conservation practices are needed.

CARD OF THANKS

My wife and I would like to thank all the people at Walker Memorial, doctors, ministers, friends in Avon Park and up North, for all the cards sent and kindnesses shown to us following our recent automobile accident.

ROTARY CLUB NEWS

By POWELL WAITE

Chuck Metcalfe, an outdoor enthusiast himself, presented us with a very enjoyable program on game birds and wildlife in Florida. Chuck's guest was Eddie Wheeler, Wild Life officer for the Florida Game and Fish Commission. Since hunting season is just around the corner, this program was well received by all present. It gave us an opportunity to dream of what may happen during the coming season.

Bonnie Brac Mobile Home Park News

Mrs. Carl Wetzlar passed away Thursday evening at Walker Memorial Hospital after a long illness. Memorial services were held at the funeral home Friday night with the Park Ladies Auxiliary (of which Mrs. Wetzlar was president) attending in a body. She was taken by plane Sunday to Springfield, Ill. for burial Monday, Sept. 16. Our sincere sympathy to Carl from all of us at Bonnie Brac.

Mr. and Mrs. Thomas Chockley are newly settled in their new 12 x 60 Skyline Mobile Home. Welcome back Thomas and Evelyn.

Mrs. Marie Liotte, who has been quite ill, is much improved.

Bertha Lee of Avon Park accompanied Catherine Hager of Bonnie Brac on August 21 to Canton, Ohio, to attend the funeral of Catherine's brother, Paul Shengle. He is also survived by his mother, Louise Shengle of Bonnie Brac. They returned September 12.

Local Legion Begins Active Year

"With the conclusion of the 56th annual National Convention of the American Legion in New Orleans, this past week we begin a year of activities in observance of the 56 years of service to God and Country," states Phil Briggs, commander of the Highlands Post 65 American Legion.

"As we review the achievements of the past," continued commander Briggs, "we realize that we are faced with a challenging future and that we must be prepared to move into new fields of service."

"As we observe this the 56th year of the American Legion we invite each eligible veteran to join our ranks. If you are a veteran of World War I, World War II, Korea or Vietnam we need you."

"All veterans are invited to attend our monthly covered dish dinner at the Legion Home on West Bell Street, Thursday, Sept. 26. Come and enjoy the fellowship. A hot link supper will be served at 6:30 P.M. and our weekly bingo game will follow."

CARD OF THANKS

The family of Willie Martin would like to thank the staff of Walker Memorial Hospital, park ladies, ministers for their kindness shown during his long illness.

They also extend their thanks to neighbors and friends who have shown their thoughtfulness during their time of sorrow.

Victoria Wiltzie In First Class To Attend Flagler College

Victoria Wiltzie of Avon Park will attend Flagler College in St. Augustine this fall. She will be one of the first class of freshmen to attend this institution.

Flagler College is housed in the old Ponce de Leon Hotel in St. Augustine, the oldest settlement in the United States.

A faculty consisting of 70 percent Ph.D.'s with experience ranging from extensive study abroad to teaching in some of the United States' finest institutions of higher learning, will teach the first freshman class at Flagler College for Women this fall. Those who do not have their doctorates, have masters with additional studies and distinguished teaching records in their fields. The student-faculty ratio will be one to eight or ten.

Miss Wiltzie is a graduate of Highland School for Girls, will be majoring in Political Science with a minor in Art. The Professor of Political Science will be Dr. Chen-Yu Cheng, St. Augustine, professor of history and political science. Cheng received his B.A. from National Chian University, an M. Sc. (Econ.) from the London School of Economics and Political Science International Relations and a D.F.S. (Doctor of Foreign Service) from the University of Southern California.

His career has included appointment as a junior member of the Chinese Delegation to the League of Nations in Geneva, appointment as director of political affairs bureau of the Second Army Group when the Sino-Japanese war broke out and a member of the Chinese Diplomatic Service. He was in Panama as the Chinese minister, and he has taught at National Taiwan University and National Chengchi University.

Another of Miss Wiltzie's instructors is Dr. Roland Fraenkel, professor of history, Frankfurt who came to this state from New Zealand, earned an LL.D., M. Econ. and B. Comm. and his affiliations include the British Society of Commerce, Australian Institute of Management, Royal Economic Society, London, Royal Society of Art, London, and Academy of Fine Arts.

Flagler College will prove to be an outstanding educational opportunity for young ladies. Victoria Wiltzie is the daughter of Mrs. Lynn Wiltzie, well-known artist of Avon Park, and the granddaughter of Mrs. Esther L. Jones, of Highland Lakes.

If you want one good reason for switching to electric water heating, here it is: You get a lower electric rate.

Homes with electric water heaters get the new low rate of 1 1/4 cents per kilowatt-hour on one-quarter of all electricity used in excess of 180 kw per month — not just on electricity for water heating.

They're always in hot water. You will be, too, if you put in a Q-R electric water heater. (Q-R stands for "quick recovery" — means the hot water you use is speedily replaced.) Another reason is it's flameless — so clean and safe.

And if you want one good reason for switching NOW, here it is:

We'll give an installation allowance of \$25 to residential customers who replace flame-type with electric water heaters between now and September 30th.

Your plumbing contractor or appliance dealer will arrange with us to give you this allowance. Then you'll be billed at the new low rate and save on electric bills every month.

There seems to be more than one good reason why now is the time to...

Graduate to Q-R flameless electric water heating!

American Assn.
Retired Persons
Fall MeetingBy MARGARET SHEPHERD
Publicity Chairman

Highlands County Chapter 222 of American Association of Retired Persons (AARP) held their first meeting of the Fall season Tuesday, Sept. 10 at the Sebring Motor Hotel with 105 persons attending. It was a pleasure to see so many members that had been away for the Summer months, also to enroll several new members.

After the routine business was disposed of, George Swank who is one of our members, showed beautiful colored slides of the Holy Land which he took while he and Mrs. Swank were on a tour of the far East. These were very interesting and we had many comments from the members on their enjoyment of them. We are indebted to George for sharing these slides with us.

The next regular meeting will be held Tuesday, Oct. 8. This will be a meeting you will not want to miss, so circle your calendar now and watch for the notices in the papers.

CARD OF THANKS
The Curlee family extends their sincere thanks to their neighbors and friends who stood by them during their time of sorrow.

ALL-NEW CHRYSLER—Completely new for 1969, Chrysler is in every way a bigger car than last year's models. On the outside, it is five inches longer. On the inside, nearly every dimension has been increased for driver and pas-

senger comfort. Available in 15 models, Chrysler offers a host of engines, options and accessories. Pictured is the Chrysler Newport Custom four-door hardtop.

New Chrysler Line on Display
At Wells Motor Co., Thursday

The 1969 line of Chrysler cars, Trucks and Vans, is on display at Wells Motor Co. in Avon Park, introduces a new concept of design called "torque styling" which substantially increases interior room and gives the cars a totally different appearance.

The new styling is another giant step forward for the Chrysler line. In every respect, it embodies the contemporary styling and solid engineering that has made Chrysler synonymous with quality in the automotive world.

The lines of the new cars are sleek and flowing. Overall length is 224.7 inches, five inches longer than the last models. The 15 models in five series—Newport, Newport Custom, 300, New Yorker and Town & Country wagons—are now on sale.

Nearly every interior dimension has been increased from last year for optimum comfort and roominess: more than three more inches of added legroom in the rear seats of four-door sedans and even more in most four-door hardtops, greater rear-seat knee room, and shoulder room increased more than three inches in both front and rear.

Among the features in the Town & Country lines is an air deflector which deflects air over the rear window, keeping it clean and preventing flies and dust from entering the rear window when it is open.

Wagons also are equipped with

dual action tailgates, which can be opened as a door or a tailgate.

Avon Mobile Home Park
News

By Lucile McPherson

We are happy to welcome Mrs. Helen Hickey and her sister Miss Agnes Keane from Long Island, N. Y. to our Park. They are the proud owners of a new Buddy Mobile Home which was placed on Court 1. The two sisters plan on making this their permanent home and we all wish them health and happiness here.

Mr. and Mrs. Arthur Fouty, Marblehead, Ohio, arrived last week for the winter months. The Foutys are long time residents in our Park.

Word from Larry and Ruth Robinson tell us of their safe arrival North and that they are having a nice vacation. They have had pleasant visits with Mr. and Mrs. H. Bell, and Mr. and Mrs. Julius Converse, residents of our Park.

Mr. and Mrs. Marion Howell, LaPorte, Ind., have purchased the Frank Fisher Mobile Home. They will spend the winter here and hope to make it their permanent home later. Welcome Marion and Agnes.

We are happy to report that Mrs. Lillian Gibbs, a patient at Walker Memorial Hospital is much improved. Lillian is now able to sit up and have solid foods.

We wish for her a speedy recovery.

Congratulations to Mr. and Mrs. Walter Coatsy on their 41st wedding anniversary.

Mr. and Mrs. Lo Goh and Mr. and Mrs. Wm. Dunn spent Wednesday in Anna Maria, Bradenton, and Cortez.

Mr. and Mrs. Don Longnecker of Ocoee, Fla. spent the weekend with his mother, Mrs. Harry Longnecker.

Mrs. Olive Kerwin returned from spending a week at Ormond Beach. She took the Timoka Jungle cruise which was one of the highlights of the week.

Word has been received from Mr. and Mrs. H. Burnett, Sunrise Beach, Mo., that they have sold their home and expect to be in Avon Park early.

Announcing your next car:

It can surround you with a fuselage.
A sweeping new design where body and frame are one.

Three Hundred 2-Door Hardtop

Your next car can be a glossy
curving line of tempered glass
and steel that sweeps quality
around you. A molded shell of
stressed skin and thousands of
miniature welds.

Your next car can have a
cockpit. Instead of just a seat
and a dashboard.

Your next car can provide a
controlled environment where
man creates his own climate
and the perimeter of the cockpit
blends away the murmur of
road and wind.

Your next car can cater with
soft seats fitted to the contours
of your body, and memory
systems that complement your
driving habits.

Your next car is 15 choices,
but only one shape.

AUSTRIAN COMPOSER Robert Stolz, 87, poses with his 23-year-old wife in Vienna. Stolz, who has written countless operettas and waltzes, currently is working on 12 new rock 'n' roll pieces.

How about a new rice dessert for dinner tonight? (Plain rice pudding, good as it is, isn't the only rice dessert, you know.) Glorified Lemon Rice, quickly made with Minute Rice, features juicy sliced peaches or whatever fresh fruit is on stage at the moment. Lemon juice adds the tang, and chopped nuts a bit of extra crunch.

GLORIFIED LEMON RICE
1 cup water
1/4 cup lemon juice
1/4 cup sugar
1/4 teaspoon salt
1 cup packaged enriched pre-cooked rice
2 cups sliced peaches*
Sugar
1/4 cup chopped nuts
1 1/2 cups prepared whipped topping or whipped cream

*Or use any desired fresh fruit or combination of fruits.

Bring water, lemon juice, 1/4 cup sugar, and the salt to a boil in saucepan. Stir in rice. Cover, remove from heat and let stand 5 minutes. Uncover, fluff with fork, and cool. Meanwhile, sprinkle peaches with enough sugar to sweeten; let stand. Drain fruit, measuring 1/4 cup syrup. Add fruit, measured syrup, and nuts to cooled rice. Fold in whipped topping. Spoon into dessert dishes and garnish each serving with a maraschino cherry and additional sliced peaches, if desired. Makes about 4 1/2 cups or 8 servings.

Formal Hearing On Highlands County Schools Set for Oct. 11

The first formal hearing in the administrative proceedings of the Highlands County school administration was set for 10 A.M. on Friday, Oct. 11, in Washington, D.C.

The Federal Department of Health, Education and Welfare has instituted the proceedings, contending that the county school board has failed to adopt a plan which will end school segregation by September, 1969.

On September 13 four representatives of the Highlands County school administration were told that a ruling will be forthcoming within not more than 20 days. With the hearing set for October 11, the HEW ruling will be on or before October 31.

Officials now planning to attend the October 11 hearing are School Superintendent George F. Douglas, Attorney Frank Bryant and Board Chairman Henry Bailey. Congressman Paul Rogers has notified the Highlands County school men that he or some of his staff will attend the hearing in Washington.

Federal officials have indicated that any time a desegregation plan is approved, the administrative proceedings to end federal funds will be halted.

During the Washington conference the Highlands school officials were told that a ruling will be forthcoming within not more than 20 days. With the hearing set for October 11, the HEW ruling will be on or before October 31.

Officials now planning to attend the October 11 hearing are School Superintendent George F. Douglas, Attorney Frank Bryant and Board Chairman Henry Bailey. Congressman Paul Rogers has notified the Highlands County school men that he or some of his staff will attend the hearing in Washington.

THE FIRST ANNUAL Home Juice Invitational amateur golf tournament will be held at the Avon Park golf course Saturday and Sunday, Oct. 5 and 6. Shown here is Frank Hall, representative of Florida Home Juice Company, who is sponsoring the tournament. Looking at the poster announcing the tournament held by Bill Beck, president of the Golf Association, also Alex Ogilvie, golf pro at the course.

Golf Course Schedules First Tournament October 4, 5

The Avon Park Golf Course, in its second year of operation, will have its first big tournament Saturday and Sunday, Oct. 5 and 6.

The first annual Home Juice Invitational amateur golf tournament sponsored by the Florida Home Juice Company will be 36 holes medal play with 18 holes scheduled each day.

Participants will compete in flights of 16 according to their current handicap. Flights will be split into A and B divisions for the final 18 holes of play. Ties for first place will be decided by sudden death playoff.

The winner of the tournament will receive a large trophy and a replica will stay in the clubhouse. Prizes consisting of merchandise will be awarded to winners and runner-up in each division.

W. R. Beck, president of the Avon Park Golf Association, said entry fee is \$10 for the tournament and \$5 for the clubhouse. The tournament will be held on the Avon Park Golf Course, before October 1.

Council To Install Members Tuesday

The Avon Park City Council held its last regular meeting Monday night before the nontraditional meeting which will be held Tuesday, Oct. 1 at 9 A.M. Council President Russell Scott and Durrah Martin along with Jack Duggan will be sworn in to serve two year terms.

Duggan will replace Councilman Wayne W. Albright who refused to seek a second term.

At the meeting Monday night, Fire Chief Wilbur Giddens asked the council for an additional man for his department. At the present there are three full-time men, which has been sufficient in the past but now the city has a number of new residents and the fire department will begin construction, and the city will have to furnish fire protection to it.

Driver Pleads No Defense In Accident

An 80-year-old man charged with an accident earlier this month which hospitalized three persons, was fined \$20 in county court by Judge Mervin Rehner Tuesday and ordered re-examined for his license.

Leon W. Vail of Avon Park pleaded no defense to a charge of failure to yield. The accident occurred on Route 27 in front of the Tower Restaurant when Mr. Vail turned in front of an oncoming car. Both Mr. and Mrs. Vail were injured.

In other sentences handed out in county court: John H. Jackson of Avon Park, charged with driving without a license, estranged an \$85 bond.

Ellsworth Butler, Avon Park, not logging truck time, estranged \$85 bond.

Willie Clay Washington, Avon Park, \$25, failure to yield.

Charlie Childs, Avon Park, operating a boat without a life preserver.

O'Neal Clemmons, Avon Park, \$25, fishing without a license.

Herbert V. Shauger, Avon Park, failure to yield, \$25 and re-examine for driver's license.

Henry F. Shirley, Avon Park, operating a boat without proper safety equipment.

Eddie Newstead of Avon Park, found guilty of assault with a deadly weapon on John Hamp, was sentenced to a year in prison Monday by Circuit Judge Clifton Kelly.

She is currently employed in the library of the Fred Wild School in Sebring.

Over the objection of Durrah Martin, the council agreed to lease approximately six acres of land south of the boat factory. Shelley Marrs to build airplanes. Marrs said he expects to employ at least five people as he can get set up in his new location.

The public defender Monday was appointed by Circuit Judge Clifton Kelly to represent Clyde Nelson Turner, 19, of Avon Park, arrested August 26 after he was seen hiding something under a rock in his yard.

Turner was charged with possession of marijuana after Police Chief Earl Gordon of Avon Park and Deputy Sheriff Gerald King said they found a packet of marijuana under the rock. A motion was made to have city property from East State Street to a line with the north corner of Smith Upholstery Shop.

Re-appointed Harold Warden, Jr. to a three-year term as the City Housekeeper. His present term expires October 10.

King said his office had previous information that Turner was involved with marijuana and they acted after he was seen hiding something under the rock. Turner lives at 210 S. Lake Drive.

Crane and L. P. Childress permission to put up parking 50c signs on his land near the football field.

Agreed to open 4th Street between Tulane Drive and South Lake Avenue and give owner of buildings on right-of-way one week to move them. There are four privies on the right of way that belong to Southside Park which will have to be moved.

Appointed Elder Kinross Paul to the Bi-Racial Committee to fill the unexpired term of Rev. I. G. Stripling.

Agreed to purchase material and hire men to relocate the water and sewer lines on US 27.

Employed Herschel Wayne Palmer as patrolman at \$92 per week and Hattie Phelps as bookkeeper at \$85 per week.

To advertise for bids on a green mower for the golf course and 1250 feet of chain link fence with two gates at the airport.

Agreed over Martin's way to pay Assistant City Clerk Mary Durden for 167 hours overtime accumulated since May. The city pays straight time for overtime, which is \$3.20 per hour for the time worked.

Hospital Offers Cure For Smoking

There are 230,000 more persons who report having a heart condition in this country than there would be if all people had the same rate as those who never smoked.

Estimates of excess deaths associated with cigarette smoking have ranged up to 300,000 deaths per year and the new study of illness shows an excess of some 77 million workdays lost per year because of illness as well as an excess of over 300 million days of restricted activity. Obviously, there are very large costs involved here, in terms of human life, loss of wages, costs of hospitalization and medical care, and monetary losses to the economy," so states Chaplain C. J. Danforth, of Walker Memorial Hospital, as he quotes from a recent bulletin sent to him by the U.S. Department of Health, Education, and Welfare.

"We want to do our part in putting a stop to this needless tragedy," stated Danforth.

Once again, Walker Memorial Hospital, in conjunction with the National Physical Fitness program, and by response to the health care area, will conduct a 5-day Plan to stop smoking. For all who would like help with this addiction, please call now: GL 3-3161 and make your reservation. Dr. C. J. Larsen will again be associated with Danforth in this team effort.

All former smokers are requested to encourage their friends who want to quit, to attend this session. Remember the date, October 6 through 10, 7:30 to 9:00 P.M. at the hospital located 3 miles north of Avon Park on U.S. 27.

Commission Attends Meet In Miami

All five Highlands County commissioners are in Miami Beach this week for a convention of the State Association of County Commissioners.

Commissioners are Ben McGee, Cecil P. Skipper, Earl Crutcher, Jean M. Whitaker and Carl McIntyre.

Mrs. Anna Dee Church, county welfare director, is attending the county welfare directors' association's conference which is being held in Miami Beach in conjunction with the commissioners' meetings.

With signs of relief the commissioners observed, "This will get all the land back on the tax roll and that is what we started to do."

Highlands County very probably now has a population in excess of 27,000, the latest census figures indicate.

Just released are figures from the census office showing that this county has grown steadily since the last census was taken in 1960, going up 20 per cent from 1960 to 1966.

The 1960 census of April 1 that year showed the population at 21,328. Figures for July 1, 1966, showed 25,600. With two years elapsed since that time, and if the rate of growth is as steady as it appears to be, there are about 5,800 more residents in the county than in 1960.

The 1966 figure was an estimated one, the Department of Commerce, which released the figures, pointed out.

Adult Education courses sponsored by South Florida Junior College are planned to start Thursday (today) and continue throughout the year. A wide variety of subjects are offered to satisfy the needs of many people in the counties supporting the college.

County Trades Land With Railroad

Many months and more hours later the Highlands County commissioners have succeeded in divesting the county of 25 acres of land and adding to the county tax roll.

At last week's meeting the county commissioners approved an exchange of deeds with the Seaboard Coast Line Railroad. The railroad is receiving 25 acres of land located to the county by the railroad almost a decade ago, and in exchange the county is receiving clearing title to a strip of land along the railroad right-of-way in southern Highlands County.

In 1960 the railroad gave to the county some old railroad right-of-way the Seaboard line no longer needed. The county, in turn, leased the land to several citizens, mostly for pasture.

Early this year the commissioners decided it would be more profitable for the county to sell the land and collect taxes on it rather than small rentals.

When County Attorney Hugh Nunnallee began to draw up papers the fun started. The old railroad deeds were an unbelievable mass of complications, clouded titles, improper maps. Nunnallee plugged along through the Summer months with the company of a battery of Seaboard Coast Line lawyers. He was able to report that the railroad proposes to "trade."

This would pave the way for sale of the land.

With signs of relief the commissioners observed, "This will get all the land back on the tax roll and that is what we started to do."

For those who want to complete high school, this course will be offered.

Anyone interested in sewing may attend class at the Sebring High School. In addition, a course in Health for Senior Citizens will be taught at Sebring.

Ceramics, a course in creative art, will be taught at Avon Park High and a secretarial course will be held on the campus of SFJC at Avon Park.

Red Devils Will Play First Home Game Friday with Mulberry

The Red Devils will host the Mulberry Panthers here at Memorial Stadium tomorrow (Friday) night at 8 o'clock and both teams will be looking for a win after being their openers.

Last Friday, Avon Park took a second-half 25-13 trouncing from Lake Wales and the Panthers felt the sting of the Tampa Catholic Crusaders by a score of 25-7 in their home opener.

Mulberry's only score last week came on a 30-yard pass play from quarterback Steve Mullis to Billy Carroll and since both games were played in the rain the two teams are still to be tested under despicable conditions.

The running of Devil backs Billy Richards, Willie Seigler, Neal Caswell and Roy Clait was encouraging last week and the Avon Park held well in the middle defensively but couldn't seem to stop the end sweeps.

Avon Park's scrappy Red Devil football team scored twice in Lake Wales last week before the Highlanders got on the scoreboard but then the Polk County team ran for four touchdowns and a 25-13 opening victory on a wet field caused by intermittent gusts of driving rain throughout the game.

Fullback Billy Richards went over from the one yard line in the first period and led a 25-yard drive that was set up by a fumble recovery. Don Siamore boot the extra point and the Devils went off front with a 7-0 waterlogged lead.

Willie Joe Seigler, Avon Park left halfback, got the Devil's second TD early in the second quarter going for 25 yards.

That's all there was for the Devils cause in the second half it was turnabout with Avon Park doing the fumbling and Lake Wales turning the recoveries into touchdowns. Quarterback Mike Murphy scored the Highlanders' second TD from the three yard line running an option play around left end but again the kick for the extra point was no good and the Devils still led by a margin of one point, 13-12.

Big, hard-running Mose Battle took a pitch-out and raced 30 yards around Avon Park's end for the score that put Lake Wales out front in the third quarter and then in the final period Battle used the same play to romp 65 yards around right end for the fourth Lake Wales TD. This time Mike Meyer kicked the extra point to set the final score 25-13.

Hunters Beware Of Shooting In Groves

"Hunters who stray into citrus groves, even though they're just taking a shortcut, face a \$1,000 fine or a year in jail or both," according to F. Leslie Bessenger, chief of the Fruit Protection Division of Florida Citrus Mutual.

Bessenger added, "This section of the trespass law is aimed at protecting human lives and also at cutting down losses to growers."

"A single shotgun blast in a grove can ruin a lot of fruit."

"I'm sure that when hunters know of this law, they'll cooperate, and here at Mutual we're doing our best to get the word to all sportsmen."

"Ignorance of the law is not a valid excuse, and I hope all hunters will cooperate with law enforcement agents."
