Dairy Animals Must Be Purebred or Grade

1. Dairy entries must be owned by the exhibitor and on feed 100 days prior to the show.
2. Dairy entries must be halter broken and properly trained.
3. Dairy animals must be purebred or grade. All grade animals must be of good type and conformation and must show the predominant characteristics of a recognized dairy breed. No grade bulls can be entered.
4. A sifting committee will tour the county prior to the Fair to inspect the entries to see if they are eligible. Approval at this time does not guarantee admission into the show. Animals must have good dairy conformation and proper size for age.
5. Health requirements for Dairy Animals will be found in the Appendix.
6. Dairy animals will be classed as follows: Dairy Bulls or Heifers
   - Class A—6-12 months of age.
   - Class B—13-18 months of age.
   - Class C—19-24 months of age.
   - Class D—25 months and older.

   Age is subject to check by the Highlands County Livestock Committee.
7. Official judging in the Dairy Show will be immediately following the Fat Steer Show on Wednesday.
8. A Showmanship Contest for Junior Exhibitors will be held on Wednesday following the Fat Steer and Dairy Shows. Entries will be limited to those with Fat Steers and Dairy Animals.
9. The Dairy sale will begin immediately following the Fat Steer Sale on Friday. The order of sale will be determined by drawing lots, except for Grand Champion and Reserve Grand Champion to be sold first and second respectively.
10. Any exhibitor selling his animal has the choice to "No Sale" his animal at the time the auctioneer sells him, however, the animal must be returned to the barn immediately and cannot be sold in the Sale.

Dairy Animals

Dairy heifers and bulls must show a record of official negative test for tuberculosis made within 30 days of the opening date of the Fair, and be vaccinated against Black Leg, Malignant Edema, and Hemhorragic Septicema at least two weeks before the opening date of the Fair. They must also show a record of official negative test for Brucellosis made within 30 days of entry, except animals under 30 months of age showing proof of vaccination.

Fat Steers

Steers must show a record of official negative test for tuberculosis made within 30 days of the opening date of the Fair and vaccinated against Black Leg, Malignant Edema and Hemhorragic Septicema at least two weeks before the opening date of the fair.

Prize Money Increased for Fair Booths

Prize money for Community Booth has been increased to the following:

1st	$150.00
2nd	$100.00
3rd	$ 75.00

The organizations that put in the Community Booths met last year after the Fair and revised the rules and regulations for the Community Booths.

This year the judging will take place at 5 P.M. Monday, Jan. 13.

The Highlands County Fair board of directors established a closing time for the fair buildings. This time is set for 10 P.M. each night, therefore, all exhibitors are required to leave their exhibits in the Fair until 10 P.M. Saturday night.

Placid Man Bought Top Swine

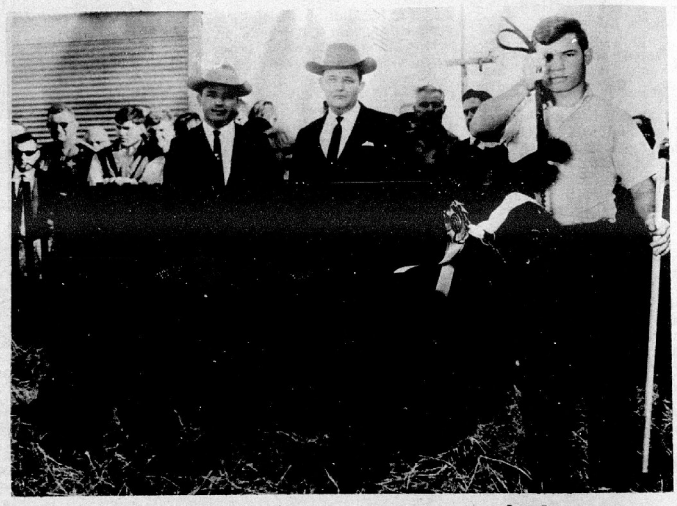
ATTORNEY R. P. DUNTY of Lake Placid bought this winning hog, shown by Jon Christian. He paid 61 cents a pound for the 227 pound animal, a total of $138.47, a record price for swine at the Fair.

Fat Steer Show

Rules and Regulations

1. Steers must be owned by the exhibitor and on feed 180 days prior to the show.
2. Steers will be identified by an ear tag after they are entered. Ear tags will be issued before August 1.
3. Steers must be halter broken and properly trained.
4. A sifting committee will tour the county prior to the Fair to inspect the entries to see if they are eligible. Approval at this time does not guarantee admission into the show barn.
5. Steers must grade good or better and weigh 650 lbs. by Jan. 1 to be admitted in the show.
6. Health requirements for steers are listed in the appendix.
7. Steers will be classed according to the following:
   Age limits of 24 months
   650 to 749 lbs., Light
   750 to 849 lbs., Light Medium
   850 to 943 lbs., Medium
   950 to 1049 lbs., Heavy Medium
   1049 lbs. to over, Heavy

   Steers will compete against one another regardless of breed. These classes are subject to change by the Highlands County Livestock Committee.
8. Official judging of the Fat Steer Show will be Wednesday afternoon at 4 P.M.
9. A Showmanship Contest will be held following the Fat Steer Show and Dairy Show. Entries will be limited to steer and dairy animals.
10. The Fat Steer Sale will begin at 3:30 P.M. on Friday. The order of sale will be determined by drawing lots, except for Grand Champion and Reserve Champion to be sold first and second respectively.
11. Any exhibitor selling his animal has the choice to "No Sale" his animal at the time the auctioneer sells him, however the animal must be returned to the barn immediately and cannot be sold in the Sale.



Benschoter's Animal Was 1968 Grand Champion

THE GRAND CHAMPION STEER of the 1968 Fair was this handsome animal exhibited by Reed Benschoter. Publix Markets purchased the animal. At left is Pat Cooprider, manager of Publix and center is Bob Skinner, meat manager.

tractor center, with several dealers showing.

The concession stand in the commercial building will be operated by the Sebring Band Parents Association this year. The Association is attempting to raise money to send the band to Mardi Gras in New Orleans next month. Concessions along the Midway will be run by Blue Grass.

Community Booths

Again this year the cities of Sebring, Lake Placid and Avon Park will have competing community booths. Avon Park was last year's winner.

Students in Highlands County schools will get an afternoon off during the week at which time they can attend the fair free from 2 to 6:30 P.M. The day for Sebring students is Wednesday and for Lake Placid and Avon Park, Tuesday.

The beauty contest is set for 7:30 P.M. Monday, and 7:30 P.M. Friday.

The CowBelles' booth will be in charge of Mrs. Henry O'Neal. Mrs. J. M. Ashton, president of the group, said beef recipes will be prepared, samples of the recipes handed out, and that beef recipes will be available for those who want them.

Junior Livestock Judging

There will be a junior livestock judging contest, a Highlands County 4-H dress revue, a livestock show, showmanship contest, and livestock sale. The band from the Avon Park Correctional Institution will play on Saturday.

Buildings on the Fairgrounds will close at 10 P.M. each night.

Animals will start coming into the Fairgrounds Sunday afternoon. The junior livestock judging contest for 4-H and FFA members will be held at 4 P.M. Tuesday. The showmanship contest will follow the fat steer show which is set for 4 P.M. Wednesday. The fat steer sale is at 3:30 P.M. Friday. The swine show will follow the showmanship contest on Wednesday.

Agent Hurner, in charge of the livestock show, said 24 fat steers have been entered in the 4-H and FFA livestock show, plus nine swine, four dairy and 2 rabbits. There will be no poultry shown.

Prizes for community booths have been increased, now are $150, $100 and $75 and will be judged an hour before the fair opens.

All spaces have been taken up in the commercial building of which Jack Masters is in charge. Home demonstration and 4-H Club exhibits are in charge of Miss Ellen Landfair, county home extension agent.

Exhibits

The Sebring Jaycees are sponsoring and coordinating the beauty pageant. Among exhibits will be those of the Citrus Advisory Committee, Home Demonstration club, 4-H, Boy and Girl Scouts, and the Sheriff's Rescue Unit.

Other exhibits include the Highlands Art League, sponsored by Sebring merchants, Christian Business Men and Child Evangelism booth, booths of the Highlands County Medical Association, Highlands County Schools, the Highlands County Nutrition Committee, Highlands County Health Department, the Avon Park Correctional Institution, Florida Forest Service, Highlands Hammock State Park, Civil Defense, Sebring Airport Authority and the Florida Comptroller's office.

Money realized from the fair is used in remodeling, adding on and improving fair facilities. The board of directors of the fair association is composed of men who are actually members of the Sebring Fire Department — the Fairgrounds is part of the Firemen's Field complex—plus County Agent Harris, Agent Hurner, and Miss Landfair as directors at large.

Officers

Officers serving with Albritton this year are Charles Schumacher, secretary; Eldridge Pollard, treasurer; directors J. C. Leaphart, Eugene Sauls, Malcolm Watters, George Crist, Jack Masters and Bill Young.

Committees are Hurner, livestock chairman; Lyman Merriam, beauty contest chairman, Thurman Haywood ticket sales, Eugene Sauls, publicity; Jack Masters, commercial exhibits, George Crist, outdoor displays.

Seven Pretties To Compete in Beauty Contest

(Continued from Page One)
beauty contest into a "real challenge and opportunity for the young ladies in this area."

He points out that cash prizes are higher and there is great emphasis on scholarships.

"We are a new pageant and the scholarship money now available is over $800. As we go along and support for the contest grows, we shall be able to build our funds. Eventually we hope to be able to make educational loans to needy girls of the county as well as building the size of the scholarship awards to the winners," Merriam said.

"To help girls acquire the kind of poise that comes from experience, the Miss America Pageant rules permit us to accept entries who are under the Miss America minimum age of 18. This year we have at least two entries who will appear at the county fair but will not be eligible for the finals in February.

"Miss Berie Tyler and Miss Beth Smith of Sebring are under 18, but they have indicated they will compete January 13 and 17," Merriam said.

In addition to these non-finalists the early entries are Misses Corinne Hansen, Jo Ann Williams, Laura Thorpe, Susan Freeland, Colette Whitten.

Again There Are Special Days For Children

Most characteristic sounds at the county fair on Tuesday and Wednesday afternoons are screams and squeaks of delight from hundreds of school children.

Children from the Avon Park and Lake Placid areas are excused from school early for the 2 to 6:30 P.M. observance of Children's Day on Tuesday. The Sebring area observance is on Wednesday, 2 to 6:30 P.M.

Rides on the midway are reduced in price for Children's Days, and youngsters who have been saving money for the occasion can make a dollar go a long way toward happily scaring themselves to death and taxing their stomachs.

AUTO SHOW

Six auto dealers will exhibit their new models in the Fair this year. They are: Avion Park Motors, Ford; Wells Motors, Dodge and Chrysler; Roberts Motors, Plymouth; Bailey-Haughton, Buick, Pontiac, Cadillac; Crews-Peebles, Jeeps and Jeepsters; and Tyee Harris, Volkswagen.

Firemen Have Record of Civic Good Works

(Continued from Page One)

Firemen probably are better known for their "non fire-fighting" activities. The Firemen's basketball team in the late 20's became well known state-wide. In 1928, the firemen shouldered the responsibility of directing the recreational program for the whole city. There were volleyball, baseball, basketball, diamond ball, horseshoes and shuffleboard competitions.

They went deeply into debt in 1930 to acquire a permanent baseball field and became Sebring Firemen incorporated. The playing site obtained was a rundown orange grove at the foot of Magnolia St. which was purchased from Ches Skipper for a small price. It was called Firemen's Memorial Field. Their first venture was the baseball field and they sponsored a team in the Orange Belt League.

Then came the fairgrounds, with the first building in 1940. Three others since have been added.

In 1940, they lighted Tuscawilla Park, then used as a softball field, and later converted to use by Little League baseball.

The races started in 1950 and the firemen have been the sponsoring organization since they started. In the race setup, the firemen lease the race facilities at the Sebring Air Terminal from the city. In turn they contract with the Automobile Racing Club of Florida for use of the plant.

Money derived from the race has been used to improve the athletic complex.

You Will View Boy Scouting In Action at Fair Next Week

Three levels of Boy Scouting will be represented in an "action exhibit" planned and manned by the members and leaders of Cub Pack 810, Boy Scout Troop 810 and Explorer Post 810. All three units are sponsored by First Christian Church.

At least 84 persons will be involved in leading the activities at the booth each night.

Beginning at 7:30 each night a den of the 810 Cub Pack will hold an open meeting. That will be that den's official meeting for the week of January 13-17. Handcrafts, activities and flag ceremony characteristic of a weekly den meeting will be a part of the fair program.

Den 4, Mrs. Howard Rutkosky, denmother, will meet on Monday night; Webelos Den 6, Roy Steele, leader, will meet on Tuesday night; Den 3, Miss Judy Tucker, denmother, and Mrs. James Ledbetter, assistant, will meet on Wednesday night; Den 5, Mrs. Karen Baker, denmother, is set for the Thursday meeting, and Mrs. Arnold Belcher's Den 1 will meet on Friday at 7:30 P.M.

At 8:15 each night members of Boy Scout Troop 810, Robert Hubbell, scoutmaster, will take over for a half-hour demonstration of scouting skills such as rope making, tin can crafts, lashing. Members of Explorer Post 810 will be in charge for the last half-hour each night. James Whitaker is the post advisor.

The backdrop for the booth will be in three sections—each featuring a Scout emblem. The Scouts and their leaders are painting the emblems.

4-H Girls Will Model Creations They Have Made

What the well dressed 4-H girl will not only wear but make for herself will be shown at the Dress Revue at the Highlands County Fair.

The revue is scheduled to begin at 7:30 P.M. on Tuesday.

The Highlands County 4-H girls have traditionally done very well in their dressmaking and often place representatives well up among the top winners in state competition.

These Are The People Directing Fair Efforts This Week

FAIR OFFICERS AND DIRECTORS spend many busy weeks just before fair time getting everything ready for the magic moment of opening day. Left to right are Eugene Sauls, Jack Masters, Ellen Landfair, J. C. Leaphart, Bill Young, Malcolm Watters, George Crist, Eldridge Pollard, Russ Albritton and Charles Schumacher. Not shown are Bert Harris, Jr., and Tim Hurner.—(News Photo)

THE RESERVE Grand Champion last year turned out to be the property of a pretty girl—Kathy Johns. With her is Billy Dees of Lykes Bros. who bought him.

All Artists Are Welcome To Show Their Work at the Fair

All artists residing in Highlands County are eligible to exhibit their paintings at the County Fair, to be held Jan. 13 through Jan. 18. It is not necessary to be a member of the Highlands Art League, just a resident of this county.

Exhibits should be delivered to the Art Booth, Educational Building, County Fairgrounds, Sebring, on Monday, Jan. 13, between the hours of 10 to 12 noon, and from 2 to 4 P.M. Each painting must be registered with the committee in charge of the booth. Also, these entries are not to be removed before 10:00 P.M. Saturday, Jan. 18. Registration is free.

Awards will be made on Tuesday, Jan. 14. Judges will be competent, and live outside the county. Entries will be in five categories — landscape, still life, portraiture, modern, also children's work, either by members or non-members of the Art League. This will include juniors up to the age of 16.

There will be a "Best-In-Show" award on a painting to be selected by popular vote. All fair goers are urged to cast a ballot for his or her choice.

Rabbits Rules and Regulations

1. All breeding buck rabbits must be purebred. Proof of breeding must be available to the fair committee through the club or organization adviser. This evidence should be submitted no later than two (2) weeks prior to the opening of the fair.

2. All breeding doe rabbits may be purebred or crossbred, however the quality of breeding must be of a high caliber. Having crossbred does out of purebred parentage is encouraged.

3. All rabbits to be exhibited in the fair by club and organization members, in competition for ribbons and prize money must be owned by them. This organization must be proven to the adviser of the club and/or organization. Rabbits must be owned 100 days prior to the show. Entries must be made before October 1.

4. All rabbit entries will be limited to one animal unit for ribbon and prize money competition. The breakdown on the composition of one animal unit is as follows:
   a. Rabbits (meat)
      1 breeding buck to a pen
      1 breeding doe to a pen
      3 non-breeding bucks to a pen (fryers)
      3 non-breeding does to a pen (replacement stock)

5. The classification of the kinds and types of rabbits follows:
Rabbits:
   1. Class A: Buck—A mature breeding male rabbit, one year old or older
   2. Class B:—A mature breeding female rabbit one year or older
   3. Class C: Fryer—A junior (one under six months of age) for meat
   4. Class D: Non-breeding Doe—A junior (one under six months of age) for replacement stock.

6. One may enter one class of rabbit. As long as it represents a bonified member project, supported by project record books and okayed by his or her adviser, for ribbon and prize money. However, one may enter additional animals, for ribbon exhibition purposes only. The total number of exhibit entries will be limited by show barn facilities.

7. The following may be entered in the fair as exhibits only.
   A. Doe rabbit and her litter

8. Pen identification information is the responsibility of the exhibitor and/or club or organization. The information should be written and arranged in a neat, uniform, and legible manner. This form below is suggested as guide:
   a. Kind of rabbit
   b. Type of rabbit
   c. Age of rabbit

Many Busy People Behind The Fair

Behind every Highlands County Fair are busy folks putting in many hours gratis to make the event a success. Do you know them?

Here are the people who comprise the board of directors of this year's fair.

Russ Albritton

The president of the Fair Association this year is in his seventh year on the board of directors and his second year in the president's post. He is a citrus production manager for Consolidated Financial Corp., and has lived in Sebring 10 years. He has a wife, Martha, and two children. They belong to First Baptist church. He is a member of Highlands County Citrus Advisory Committee and is secretary-treasurer of Highlands County Property Owners Association.

Bert J. Harris, Jr.

The county agricultural agent again this year is fair manager. He is secretary of Highlands County Cattlemen's Association, Inc., is a past president of Sebring Lion's Club, a past president and board of directors member of the University of Florida Alumni Association, is a member of Highlands County Farm Bureau, Caladium Growers Association, has been county agent 16 years and was assistant agent for four years before that, has the distinguished service award from the National County Agents Association and received the Sebring Lions LEO award in 1960. He served for three years in the armed forces during World War II.

G. Tim Hurner, Jr.

Highlands county's assistant agricultural agent the past three years again this year will be in charge of the junior livestock show. He is a graduate of the College of Agriculture, department of fruit crops of the University of Florida. He is a member of Alpha Gamma Rho agriculture fraternity, is secretary of Sebring Lions Club, is past chairman Highlands County Farm-City Week committee, is a director for the Florida Association of County Agricultural Agents and belongs to Highlands County University of Florida Alumni Association. He is a member of Faith Lutheran Church where he is an usher and chairman of the congregation.

Ellen Landfair

The County Extension Home Economics Agent in Highlands County began work here in September and will be in charge of the womens activities at the fair. She is a graduate of Florida State University where she majored in home economics education. Before coming here she taught for a year at William R. Boone High School in Orlando. She is a member of T. A. P. and Inter-Agency Council.

BREADS, BREADS, BREADS

The Girl Scout food exhibits this year includes, for the first time, a separate award for baking items other than pies, cakes and cookies. Girl Scout leaders reported that girls have shown interest in breads, especially yeast breads, "and these just couldn't be judged in the old categories," one leader remarked, "so there is a whole new set of awards this year and we hope the girls will bring in lots of breads."

FEE IS WAIVED

To aid the 4-H Club members who sell orange juice at the fair to raise money the county commissioners have waived the $1 charge for health cards. Club advisor Tim Hurner asked the commissioners to cut the price to bring it in line with what teenagers could afford, but the commissioners said if the young people are willing to work for club money they would like to encourage them—and waived the whole fee.

THE WEATHER OUTLOOK

The January 13 to 18 low temperatures in 1968 ranged from 32 to 49; the highs 57 to 75. The low temperatures January 13-18 in 1967 were 48 to 60 and the highs 65 to 83. And in 1967 it rained two evenings.

Highlands Schools Put Emphasis on Reading

Reading is THE emphasis in Highlands County schools. In recent years every dollar not nailed down to other programs has gone into hiring of additional personnel and buying new materials to teach all students to read—read better, more quickly and with more complete understanding.

The school's booth at the 1969 Highlands County Fair will be devoted to an explanation of the reading program.

Under a large model of a key, big letters will spell out the booth's theme, "Reading Is the Key." The sub-theme will be, "The Teacher and Materials Make the Difference."

Each of the several booths used by the schools will highlight reading for a given age group. Miss Lillian Depp, school psychologist who is chairman for the display, said that since preparing to learn to read begins in babyhood, she is "tinkering with the idea" of featuring a large rocking chair in the first booth.

"Parents talking to their babies, reading stories to them, playing with them is the first step in getting ready to read," Miss Depp explains.

Moving on around the schools area, from left to right, the booths will show the special exercises used to correct perceptual motor skills problems which may make a block to reading, special reading equipment including machines will be shown, and the far right booth will highlight the junior-senior high reading program.

"Not every machine shown is in each school," Miss Depp explains, "but all this equipment is available somewhere in the county. Parents have been hearing about these materials; here is a chance to see them and try them out."

Teachers will be on duty to talk with visitors. Superintendent George F. Douglass and Mrs. Claire Rowe, schools reading consultant, are preparing a tape recording which will be used throughout the fair to give detailed explanations of the reading program.

Reading and resource teachers from the schools have worked with Miss Depp and Joel Evers, curriculum supervisor, to plan the booth.

One of the less well developed parts of the Highlands curriculum will come in for some attention. At the edges of the schools' area will be small displays of art. Classroom shortage has curtailed the teaching of art in the county schools this year, but a little is going on and will make a colorful frame for the reading program theme.

500 Girl Scouts Will Compete for Ribbons

Over 500 Girl Scouts will compete for ribbons at Highlands County's 1969 fair. Exhibits will be divided into three age groupings—Brownies, Juniors and Cadettes, and Senior Girl Scouts — and competition will be within these groupings.

The traditional "feminine arts" of cooking and sewing are always popular divisions in each of the age groupings of the competition.

Although Brownie Girl Scouts are very young cooks (they may join Brownies at seven years of age), they must make their pies, cakes, cookies or any other cooking entry, "from scratch." No mixes or other short-cut method of cooking is permitted.

The sewing and arts and crafts exhibits, like the cooking, must begin with the raw materials—no pre-packaged kits are permitted in competition.

As the Girl Scouts move up from Brownies to the Junior and Cadette division of the competition, the areas of interest increase. In addition to ribbons in cooking, sewing, arts and crafts, there will be awards for exhibits related to outdoor life, health and safety, citizenship and international friendship.

Senior exhibits will be in cooking, sewing, arts and crafts.

Girl Scouts have 14 units in Highlands County. The hundreds of exhibits unit members prepare for the county fair make up some of the most colorful in the annual fair.

The exhibit area is one of the largest at the fair, and this year it will have a new touch. R. B. Enoch of Avon Park has built new, sturdy shelving for the Scouts exhibits.

Mrs. Stephen E. Vosburgh, chairman of the Girl Scout fair booth, said the years of service have taken their toll on the old shelves and in recent years the exhibits have swayed a little.

Mrs. Vosburgh is in her first year as the Girl Scout fair chairman. She is being assisted by Mrs. Earl Crutchfield, Mrs. Louis Pogany and Mrs. Norman Jensen.

Citrus Is Big Here But It Won't Compete

Agribusiness is Highlands County's biggest business, but the largest segment of that enterprise is not formally represented in the county fair.

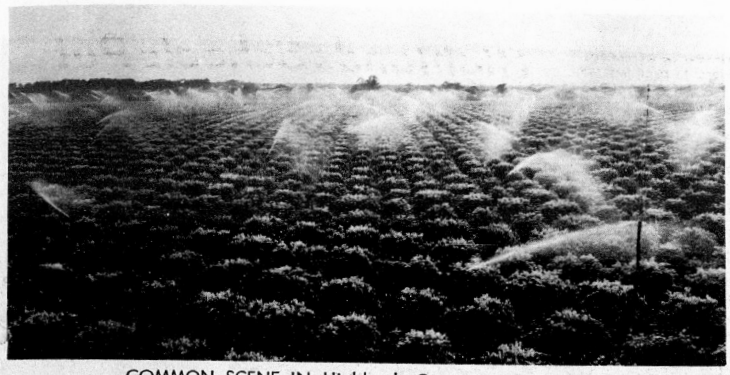
"Citrus is big in Highlands County, but the Fair comes right at the time when growers do not have time to prepare displays or arrange for any sort of formal competition in fruit products," admits County Agent Bert Harris.

If weather is cold citrus growers are battling elements in their groves. If weather is warm, harvest is going ahead full blast.

The 4-H Clubs of the county raise funds for club projects by selling orange juice, and Harris laughingly admits citrus supplies a large share of the money for admissions, rides and cotton candy but no specific exhibits or contests are for fruit.

SHOW JUDGES

Show judges will be Sid Summer, Polk County Assistant County agent, judging steers and swine; Rick Dressel, Avon Park, dairy, and Norman Hudson, FFA teacher, rabbits.



COMMON SCENE IN Highlands County citrus groves during dry weather is overhead irrigation like this on Ben Hill Griffin Grove, South of Avon Park. This makes wise use of water.

RANCHER C. M. PAYNE and Sam Polston examine Deervetch seed being harvested on Payne Ranch. This is a new Summer legume being used on improved pasture and also as wildlife food.

Health Department Offers Free Check

Are you one of the 1,600,000 unknown diabetics in the United States? You may be and not know it.

In a joint effort, the Highlands County Health Department and Highlands County Medical Society will be conducting a Diabetes Screening program at the Highlands County Fair, beginning January 13.

The following persons, most susceptible to diabetes, are especially urged to visit the County Health Department booth for this simple test:

Persons over 40; blood relative of diabetics, regardless of age; overweight persons; mothers whose babies weighed more than nine pounds at birth.

Persons coming for the test should eat a lunch, or dinner containing lots of sugar or starches, about one-two hours before the test.

Health officials suggest eating your regular meal PLUS a jelly sandwich, or a piece of cake or pie . . . or drinking a large cola drink. Suggested menus are:

(1) One sandwich, one piece cake or pie, coffee or tea with sugar or milk; (2) One serving potatoes, dried beans or corn, two slices of bread or rolls, one piece of cake or pie, coffee or tea with sugar or milk.

A high-glucose menu is important before testing because a diabetic's system does not tolerate glucose like a normal person, and the extra sugar remains in the blood stream, making detection easier, a health department spokesman said.

Dr. J. Dillard Workman, director of the Highlands County Health Department, urged people in this high risk group to take advantage of this free screening survey.

"The longer diabetes goes undiagnosed and untreated, the more serious its results may be. If it is detected early enough, it can be controlled, in most instances."

Some of the Winter's coldest weather visited the Highlands County Fair last year. The Fair is about a week earlier than last year.

New 8,000 Square Foot Structure To Be Added at FARC

A new $166,000 treatment and education building will be constructed this year adjacent to the inpatient Center of the Florida Alcoholic Rehabilitation Program, Avon Park.

The 8,000 square foot structure will contain large and small group psychotherapy rooms, observation rooms, and related offices. The building which will take eight months to construct, will also accommodate audio and video equipment.

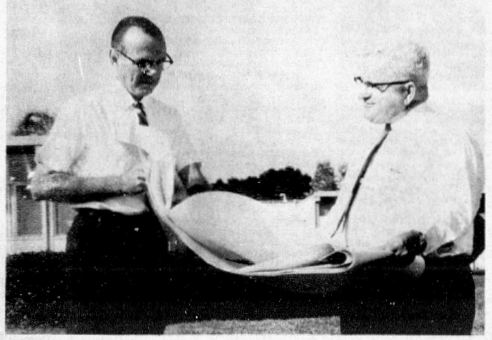
Joseph C. Ziesenheim, Administrator, FARP, says, "The new unit will emphasize our educational element by increasing our training capabilities 400 per cent."

One of FARP's goals is to stimulate "delivery of services where the patient is." Training the local professional would help this task.

"The alcoholic is not alone—but almost!", says Ziesenheim. There are so many cities where the problem drinker can not find effective treatment for his illness."

FARP's 58-bed Center is the only state-supported institution where alcoholics undergoing treatment can be observed and studied.

Approval of the architectural drawings by the Board of Commissioners of State Institutions is expected this month.



STANDING ON the site of the proposed $166,000 treatment and education building, Joseph C. Ziesenheim (left), administrator of the Florida Alcoholic Rehabilitation Program, Avon Park, reviews the final plans drafted by local architect, James A. Heim, AIA. After approval of plans by officials in Tallahassee, Heim will advertise for bids on the building.

Highlands County Officers Take First Formal Oath

By ALBERTA JONES

It was a first for Highlands County and no one was quite sure what to do, so the first formal oath-taking ceremony for county officers was a mixture of quiet dignity and folksiness.

County commissioners, who had proposed the ceremony for Tuesday morning, stood at the top of the stairs on the second floor of the Courthouse, directing a small crowd of county employees and "plain citizens" to the courtroom.

As Circuit Judge Clifton M. Kelly, very dignified in the black judical robe he seldom wears, marched into the courtroom, Clerk Earl Rich stepped to the door to summon stragglers, "Come on in here, come on in."

Among those coming into the courtroom was a news photographer—who is never permitted for a session of court. Tuesday Judge Kelly helped arrange 13 county officials into a photographical group—and reluctantly moved to get into the picture himself.

Clarence Cooper quipped from the audience as the officials took their stand facing the front of the room, "Why don't you face the citizens?"

Clerk Rich shot a glance over his shoulder and blandly responded, "You are seeing our better side!" The audience laughed.

The trend toward more colorful men's clothing was hardly noticeable Tuesday morning. Sports jackets—burnished copper on Rich, blue and maroon plaid on Ted Cason—a royal blue suit on Robert Skipper were the only departures from conservative dark suits. A softly tinted shirt—a blue which photographs well—was the only concession to fashion made by Sheriff Joe Keene who is also owner of a men's clothing store.

Everyone stood very straight and the courtroom became quiet as Judge Kelly began a short speech, "I am very pleased to be asked to administer the oath of office to these officials. I look on a new term of office as an exciting challenge, not only for the officeholders but for the citizens.

"We often hear about the difficult side of politics, but taking the oath of office is one of the more colorful events in work which is truly exciting and satisfying because it is working with people, serving people and helping them meet their problems.

"I am pleased to have this opportunity to extend best wishes to those of you who today swear to serve the people —the community and nation," the Judge said before he asked the officials to repeat after him the short phrases of the oath. The officeholders had chosen to take the oath collectively rather than individually.

Is He in Office?

Among the spectators Tuesday was Roger Miller, newly elected to an office which does not appear to exist under the new Florida constitution. County Attorney Hue E. Nunnallee said Tuesday that Miller has not received the necessary commission from Secretary of State Tom Adams and the county is attempting to learn the status of the duly elected county surveyor.

To meet the requirements of state law the Sheriff's department transfer had to begin at midnight January 7. Actually Sheriff Keene and his staff had started inventory early Sunday.

Retiring Sheriff Howard Coker observed last week, "When I started in this department all equipment was considered the personal property of the sheriff. One of the changes I worked for is the systematic accounting for equipment—and that's a job.

"Every gun, flashlight, even boots and gloves must be accounted for—over $500,000 worth of equipment for a Highlands County sheriff. I have been busy checking it," Coker said.

Tuesday Keene remarked, "The inventory was very well done, but it took awhile to get it checked. The auditor was on hand right at midnight and we worked on until 2:30 Tuesday morning."

Fortunately for the new sheriff "business" started slowly. The telephone has rung more often for messages of congratulations and best wishes than for law infractions.

"We have appreciated every expression of good will, but one was special," Keene said. "Bob and Melba Barringer sent us a big bouquet, and I think that's real nice."

Barringer, who was Keene's opponent for the Democratic nomination for sheriff, is now the owner and operator of a restaurant in Avon Park.

The county commissioners celebrated less glamorously. As the newly sworn in commissioners—Cecil and Robert Skipper and Ben McGee—came into the commission meeting room H. Earl Crutchfield was busy pouring hot coffee for them. "A booster to start you on the new year," he was commenting as he passed the plastic cups down the desk.

The commissioners launched into their regular meeting, other officers scattered to their respective jobs, one veteran officeholder muttering as he went, "I have often been sworn in, but I had never been sworn in."

The newly sworn-in officers are Sheriff Keene, Commissioners Cecil and Robert Skipper and McGee, School Board members Cason and G. Franklyn Ward, School Superintendent George F. Douglass, Clerk Rich, County Judge Mervin Rehrer, Tax Collector W. H. Prescott, Tax Assessor Billy Martin, Small Claims Judge David Lanier, Supervisor of Registration Roland X. Droit.

THE OATH OF OFFICE for Highlands County's elected officials was administered by Circuit Judge Clifton M. Kelly (far left) to (left to right) Roland X. Droit, supervisor of registration; Ben McGee, county commissioner; George Douglass, superintendent of schools; W. H. Prescott, tax collector; G. Franklyn Ward, school board (partly behind Prescott); Cecil Skipper, county commissioner; Joe Keene, sheriff; Billy Martin, tax assessor; Marvin Rehrer, county judge; Robert Skipper, county commissioner; Earl Rich, clerk of the circuit court; David Lanier, judge of the small claims court (partly behind Cason), and Ted Cason, school board.

HEW Requests Extra Time To Appeal School Case

An extension of 20 days has been requested for the federal Department of Health, Education and Welfare general counsel to prepare an appeal from the decision that Highlands County schools are in compliance with the Civil Rights Act of 1964.

A notice of the request for extension was received in the county school offices January 2, and the next day school board attorney Frank Bryant filed a response.

School Superintendent George F. Douglass said the local schoolmen had expected an appeal and the illness of Lewis Grotke, attorney in charge of the HEW case, would delay its getting underway.

Administrative proceedings against the Highlands County board had begun last Spring with HEW charging racial discrimination is faculties and maintaining inadequate junior high school classes for Negro students.

In ordering dismissal of the proceedings, the hearing officer noted that the Highlands board had moved to correct most of the faults cited and the federal officials are now pushing for action only on the maintenance of classes in inadequate facilities at Hopewell and E. O. Douglas schools.

He ruled the board should be given the time it requests to seek a bond issue to launch a building program to meet a county-wide classroom shortage.

In the Highlands response to the extension request, Bryant asked that the local board be assured right to make oral arguments to the HEW appeal, if and when it is filed, and the time for making a response to be extended along with the federal government extension. In his response Bryant specified that the time for response be set up to February 3.

STOKEY RESIGNS

Highlands County commissioners have accepted the resignation of Milton Stokey as chairman of the county's jury commission. His successor will be named by Governor Claude Kirk. Highlands County Republican executive committe, Col. W. J. Atkson, said the Governor has not indicated who the choice will be

Sweet Released On $50,000 Appeals Bond Tuesday

Convicted murderer John J. Sweet walked out of Polk County jail in Bartow at 12:30 P.M. Tuesday after posting a $50,000 appeals bond.

Although he sounded depressed,—"I've been through a lot and I have a lot more to go through"—he said he feels all right. He said he never actually got to Raiford prison, just to the rehabilitation and indoctrination station for state prisoners at "Lake Butler—East Butler—West Butler—something like that."

Queried as to whether he was aware Irene Maxcy, his ex-mistress and widow of the murdered Charles Von Maxcy, is planning to be married, he said he was not. He also said he has not heard from the voluptuous and wealthy widow, the prosecution's reluctant star witness, since he was sent off to jail.

During his first 10 minutes back home in Sebring he had already called Boston, he said. His wife, two sons, daughter and grandchildren live there.

Are they coming here to see him?

"They'll have to," he said. "I can't leave the state."

He said he has not appreciated the stories in the papers [illegible] seen referring to him as "ex-Boston bookie"—"I never was a bookie!" Gambler? "Yes, that I am. I love to gamble."

The stocky blonde and balding Sweet, now 52, who lost weight during the weeks he was in Highlands County jail, said he thinks he put on a little in the weeks he has been in custody since the trial which ended November 8.

He will remain at liberty while his appeal from the first degree murder conviction is pending. Attorney James "Red" McEwen of Tampa said it will take at least six months for the appeal,—"and we do not have the transcript ready yet."

Sweet was brought from Lake Butler to Bartow under guard Monday and placed in jail there until the paper work for the bond could be completed. The $50,000 bond was a surety bond, and cost Sweet $5,000. With him when he was released was the other of his two attorneys, Walter Manley, of Lakeland.

The release of Sweet on bond pending appeal was ordered in a split ruling of appeals court judges in Lakeland Friday.

Judges Robert T. Mann and T. Frank Hodson, Jr., of the Second District Court of Appeals voted in favor of Sweet's release under "good and sufficient" bond after a hearing on Thursday. Dissenting from the order was Acting Chief Judge William C. Pierce.

The bond order specified the $50,000 surety be approved by the clerk of Circuit Court in Polk County, Paul Vaughn.

Sweet was placed in Polk County jail in Bartow at the conclusion of the trial and on December 6 was taken to Lake Butler, preparatory to going to Raiford prison, after Circuit Judge William K. Love rejected a motion for retrial of the case and for Sweet's admission to bond.

The amount of the bond is double the surety posted for him in July, 1967, when he denied the charge in a murder indictment returned by a Highlands County grand jury. That bond stood for him through vain efforts to choose a jury in Highlands County a year ago, an 11-day trial in Bartow that followed and ended in a mistrial in November, 1967, and through another 11-day trial in November, 1968, that brought his conviction.

Notice of appeal from the conviction was filed in the district appellate court December 11 in Lakeland. No hearing date has been set on the appeal.

Sweet was found guilty at the conclusion of the second trial November 6 and sentenced to life imprisonment for the October 3, 1966, for-hire stabbing and shooting death of Maxcy, Sebring citrus and cattle millionaire. The murder was committed in the master bedroom of the plush Maxcy home West of Sebring.

Football Banquet Saturday, Jan. 18

The Avon Park High School Athletic Association will present its annual Football banquet and awards dinner on Saturday January 18th 7:30 P.M. at the Avon Elementary School Cafetorium.

Gene Ellison, Head Assistant Football Coach at the University of Florida will be the Guest speaker. Bob Coleman former Red Devil Star and presently a defensive star for the University of Florida Fighting Gators will also attend if his schedule will permit. Bob is the son of Dr. H. W. Coleman, Team Physician for the Avon Park Red Devils.

Hue Nunnallee Avon Park attorney will serve as master of ceremonies.

Tickets can be purchased at Albrittons Barber Shop, The High School, and from members of the Athletic Association.

4,720 Vehicles Inspected Here

In their first six months of operation the Highlands County motor vehicle inspection stations inspected 12,530 vehicles, issued 12,045 stickers, collected $21,902.

The formal report for the six months was presented at the county commission meeting on Tuesday. County Administrator Charles Morgan explained that 485 vehicles which failed inspection failed to return for re-inspection within five days.

The Sebring station, serving the southern end of the county was, by far, the busier of the two stations. During the first six months 7810 vehicles were inspected at Sebring and 813, Kirk. Highlands County Republican executive committe, Col. W. J. Atkson, said the Governor has not indicated who the choice will be

Game Harvest Double Last Year's Bag

Nearly twice as many hunters tried their luck this year on the Avon Park bombing range, and the total kill was also nearly double that of last year.

A total of 13,041 hunters signed in with the game management office and a total of 7,115 game was harvested in the 26 days of hunting. This compares to 11 days of hunting, 7,873 hunters and a bag of 4,748 last season.

The kill this year was 122 deer, 177 turkeys, 405 wild hogs, 5,033 quail, 350 squirrels, 177 ducks, 142 doves and 549 snipe, game supervisor Richard McClelland said.

The hunting season this year began Nov. 9, ended on Sunday, Jan. 5. The range next will open to hunters for the Spring gobbler season. Shooting will be allowed the Sundays of Mar. 9, 16 and 23 provided there is no military activity.

The number of hunters and game bagged on the 108,000 acres set a new record for the bombing range.

Biggest deer bagged was a 13 point buck, shot by Charles Adler of Ft. Meade early in the hunting season.

DEPUTIES NAMED

Sheriff Joe Keene has re-appointed two deputies who had served in the department during the Coker administration. John Watson and Crohmond "Foots" Livingston were sworn in Tuesday along with deputies whose appointments had been announced earlier.

Whitaker Elected Chairman Of Highlands County Commissioners

Highlands County commissioners whipped through election of Jean M. Whitaker as chairman and H. Earl Crutchfield as vice chairman in less than a minute in the first meeting of 1969. Whitaker, who served as vice chairman in the past year, succeeds Ben McGee.

Whitaker, commissioner from district 4, is beginning the third year of his first term as a county commissioner. Crutchfield, from district 2, is also beginning his third year on the board.

Nominations of Whitaker and Crutchfield were made Tuesday by Cecil Skipper. The board unanimously adopted a motion by Crutchfield that all county employees be re-hired "to serve at the pleasure of the board." This includes Hue E. Nunnallee as county attorney; Hayward Davis as county prosecutor; Mrs. Anna Dee Church as welfare director; Charles Morgan, administrator - engineer; Jack Short, zoning director.

Orientation for new officials and education on the new constitution will be major business this month, the commissioners said. For the commissioners there is a conference at Tallahassee on January 19-21 and the Legislative Weekend at Sarasota today through Saturday of this week. The Sarasota trip will include Administrator Morgan, Clerk Earl Rich, Attorney Nunnallee.

The commissioner orientation at Tallahassee conflicts with the regularly scheduled commission meeting, so this week the Highlands board set its next meeting for Thursday, Jan. 23, at 8 A.M.

Other educational conferences include two for Supervisor of Registration Roland X. Droit or his elections assistant, Jimmy Whitehouse. The first is at Daytona January 17, a session with county judges on validation of absentee votes. Elections supervisors will meet at Panama City on January 30 and 31.

County Cooperation

The commissioners took one step up and another one back in cooperation with civic groups. Attorney Nunnallee said the Attorney General has ruled that the county may permit the American Red Cross to use county office space but not spend tax funds to provide an office. By this opinion it will be acceptable for Highlands County's Red Cross chapter to use an empty office in the Health Department's wing of the courthouse annex.

Other Business

In other business Tuesday the commissioners promised to check who is responsible for cleaning the drainage ditch North of Highlands Hammock Road.

Promised to review the paving schedule for Grange Blossom Estate roads.

Accepted for maintenance 13.28 miles of road in Avon Park Lakes.

Tentatively approved the plat of the first section of Lakeview Memorial Gardens.

Granted the county administrator permission to advertise for a draftsman for the county zoning and planning department.

Voted to accept and write a formal letter of thanks to Sebring attorney Frank Bryant for his proffered gift of 2400 volumes to the Highlands County Law Library. County Attorney Nunnallee commented the books "are needed for the library and few lawyers could afford to buy them for their own offices." Shelf space for so large a gift may be a problem.

Ward, Douglass To Attend School Conference

Highlands County's newest school board member, G. Franklyn Ward of Avon Park, will accompany Superintendent George F. Douglass to a school board orientation conference in Tallahassee on January 16.

Douglass has been asked to present one of the major addresses for the one-day session.

Ward, who was sworn in Tuesday, succeeds R. L. Padgett as one of the two Avon Park members of the county board.

Fire Sweeps Through Monahan Home

Tuesday morning at 9:16 A.M. the Avon Park Fire Department answered a call to the home of Margie Monahan, 200 N. Verona. The house had apparently burst into flame from all directions, causing fireman to battle endlessly. It was reported that the house was furnished with valuable antique furniture.

The cause is still under investigation, with a possibility that a floor tile cement exploded when exposed to heat.

At 12:14 P.M. Lillie Mae Morelands home on Lacey Hill was completely destroyed where defective oil heater seemed to be the cause. An estimated cost of about $11,-200.

Minor damages at the Cora Wray apartment January 5, at 4:05 P.M. caused from cooking.

WILSON SMITH and Steve Roberts shown fighting the fire that gutted the home of Margie Monahan Tuesday morning. The fire department has been kept busy due to a rash of fires this week.

How Safe Is Safe?

Driving to Avon Park on Alternate 27 seems safe enough—except if you stop to think, you may be minding your own business and driving cautiously along and still be in dreadful danger.

That's how it was last week. There was this Avon Park woman, Mrs. Gertrude Halbig, driving along, when out from one of the numerous side roads which plunge into the orange groves, came a car.

There was a crash and driver of this second car was killed, the car which had not stopped coming onto Alternate 27.

The side streets have stop signs at the intersections, but because of dips in the roads and the heavy growth of trees, you're liable to see the signs at about the moment you're going into Alternate 27. And then it's too late.

Lucky are those who are on the side roads heading for Alternate 27 who notice a car whizzing along 27 and crossing their path. They then realize there is a crossroad there, and if they have any sense, they'll slow down. But of course there are lots of times when there isn't a car whizzing along and they're upon the other road before they know it.

It is possible that is what happened to Mrs. Nellie Robertson. She came upon the road unexpectedly not knowing it was there.

It is hard to say what safety precautions this community can take to make that stretch of road safer. Perhaps none. Mrs. Robertson was a careful person. She was wearing a seat belt at the time of impact, but she hit the windshield with such force, it put a concave dent in it. Somebody said if she had been wearing shoulder straps, she would have been saved.

In the aftermath of a tragedy of this sort there is always a certain amount of "if such and such had . . .". Perhaps somebody will come up with an idea to make that stretch of road a safer bit of highway. Perhaps a warning sign—"stop 300 feet head"—or something of that sort where the visibility is particularly bad.

Can something be done?

It's Fair Time Again

Hi Ho let's go to the fair and see what's going on in our community. For you'll see a lot there which is the result of activity on many fronts.

If you don't have a Boy or Girl Scout in your house or an FFA or 4-H youngster, you might be interested in finding out how some of our kids spend their spare time. The boys and girls of today aren't the juvenile delinquents you may have imagined. They do pretty interesting—and in some cases moneymaking—things, like raising steers, swine and rabbits. They make their own dresses, they cook even difficult things like bread.

On another front—the industrial, you'll find new cars and tractors vieing for attention. You'll see a display of how reading is taught in our schools—reading, a vanishing art, if we are to believe many of the stories in the papers.

On still another front—art—you'll see the work of local artists displayed. And there is much much more.

And if you're interested in the thrills from the Midway rides, here's something for you that you only find in these parts once a year.

So let's go to the Fair, have a little fun, see our neighbors, learn a little about what the rest of us are doing. And the more of us who go, the more the few people who work so hard to put it on and do something for the community will feel they have done something worthwhile.

So come on!

Your Social Security

By JACK CARTER
SOCIAL SECURITY REPRESENTATIVE

Q. A friend of mine told me that the Social Security tax was being increased in January, is this right? If so, what will the new tax rate be?

A. Your friend is right. There will be an increase in the Social Security tax starting January 1, 1969. The contribution rate for you and your employer goes up by 2-5 of one per cent (2c on each $5.00 of earnings) on the first $7800.00 of your annual earnings. The new tax rate for the employer and the employee will be 4.8 per cent each. Self-employed persons will pay 6.9 per cent. The tax base remains $7800.00.

Q. I know that the social security tax rate will be increased in January. Will you give me an example of how this will affect me? I earn about $100.00 per week.

A. Since you earn about $100.00 per week you paid $4.40 per week in Social Security tax. Under the new law, you will pay about $4.80 per week, or 40 cents more.

LEWIS LLEWELLYN

Atheist Objects to Prayers in Space

When the Apollo 8 astronauts, orbiting the moon, read from the book of Genesis the account of the creation of the world, millions of their fellow-Americans were impressed—and pleased.

It was an unexpected and most welcome affirmation of faith on the part of the three men who had the prayers of a multitude of the citizens of this country with them on their historic interplanetary voyage.

According to Mrs. Frank Borman, wife of the commander of the flight, "Frank wanted people to understand that this is the good earth. When they read the book of Genesis it was their message to the world. They wanted to bring people together."

Flying around the moon, which the Bible tells us God set "in the firmament of the heavens to give light upon the earth," the astronauts gave recognition to the Creator who had made the planets among which they were traveling.

A Far Cry

It was a far cry from the comment of Yuri Gagarin, Russian cosmonaut who declared, after orbiting the earth, that he had not seen God.

But there was one well-known person who was not pleased. Mrs. Madalyn Murray O'Hair, who has been carrying on a personal fight against God for years, announced that she would complain to the National Aeronautics and Space Administration and start a mail campaign against prayer in space.

Having been successful in taking the required reading of the Bible out of the nation's schools, is she now going to attempt to rule God out of the limitless space of the universe?

This may prove to be too much even for the redoubtable—and up to this point, successful—lady atheist.

Not many Americans will agree with Mrs. O'Hair that "it was a tragic situation on a scientific venture, that something of this nature should have been brought in."

Most of us still believe that "The heavens declare the glory of God and the firmament showeth His handiwork."

Thankfulness

Most of us agree with Mrs. Anders, wife of astronaut William Anders, that "giving thanks is one course from which we never graduate."

The astronauts' wives and families can be thankful that the unprecedented mission has been successfully completed and that the three courageous and dedicated men have returned to their homes.

The American people can be thankful that it was our countrymen who scored this great achievement and again earned the respect of the world.

And Mrs. Madalyn Murray O'Hair can be thankful that God is more tolerant of her than she is of Him.

BABSON'S POINT OF VIEW

Containerized Freight Shipments

Wellesley Hills, Mass., Jan. 9. One of the thorny points of the stalemated labor negotiations with longshoremen is the handling of containerized freight. The dock workers view this rapidly growing mode of freight transport as a threat to the jobs available to longshoremen. This is true, to some extent; but the Babson view is that—as with most major innovations—containerization is the result of the unending spiral of labor costs and of the damage and pilferage losses which have made freight transportation so costly.

Advantages of Containerization

Under the maritime industry's new freight shipment process, cargo flow is speeded. More important, pilferage danger and handling damage are lessened. Thus, greater efficiency is effected at all cargo transfer points. Shippers are able to operate at almost the efficiency of tankers with their uniform loads of bulk goods or liquids.

Conventional ships may require anywhere from five to seven days in port to discharge and receive cargo. Containerships can disgorge and reload in about one day. Hence, not only can the freight be sent speedily along its way, but the containerships can make more trips than conventional freighters.

A Mushrooming Industry

Containerized shipments of ocean freight had a humble beginning in 1956 when the first serious attempt was made by Malcolm McLean to adapt the trucking concept of handling freight to maritime shipping. He envisioned the economic advantages of combining the flexibility of truck freight forwarding (which assembles freight in less-than-truckload lots) with the efficiencies of ships (which haul huge tonnages over long distances at extremely low cost per ton-mile).

Mr. McLean started with four old tankers and two hundred boxlike containers. Since then, many major shipping companies have revamped operations to include containerized shipping. The Sea-Land Services subsidiary of McLean Industries has already made investments of $350 million toward containerization, and by mid-1969 will add another $70 million. Matson Navigation Company, another early entry, plans to double its $80 million investment. Five other U. S. freight lines have committed or earmarked $160 million for this purpose. It is now estimated that within two years 15 shipping companies will have investments in containers exceeding $1 billion.

High Stakes

The foregoing figures indicate the costly nature of containerized freight shipping. Regular containers cost at least $2,000 each, and "reefers" (refrigerated containers) as much as $12,000. Moreover, the new specially designed and fitted containerships under construction in American yards may cost as much as $23.5 million each . . . compared with about $10 million for conventional freighters.

Investments must also be made in terminal facilities. Each berthing space at a modern container terminal may require an outlay of some $4.5 million. Because of the vast economies of the transport, however, Babson's considers these initial investments money well spent.

Worldwide Movement

The trend toward containerization is not confined to America. Six foreign shipping lines, representing four European nations are investing $200 million in the Atlantic Container Line, which began operations in the North Atlantic last Fall. Nine British shipping lines invested $162 million to form two consortia, which in turn formed a super consortium to exploit the Australian trade. Japan's Ministry of Transport has forecast that by 1970 Japan will spend $300 million on containerization. Also, ports both here and abroad are frantically spending for new facilities to handle containerized freight.

Carpenter Is Sentenced To Five Years

Virgil Carpenter, who pleaded guilty to burglary by breaking and entering the West End Grocery at Avon Park, was sentenced to five years in prison Monday by Circuit Judge Clifton Kelly.

Other sentences handed down were: Vernice Kyle Downs, larceny of an auto from Avon Park Motor Co., three years probation.

Homer Thornton, possessing moonshine, $150 fine and two years probation.

Edith Pugh pleaded guilty to assault and battery and received a deferred sentence and was released on day to day and term to term. She said she planned to return to Alabama.

Screwworm Fly Invades Southwest

GAINESVILLE, Fla. — The dreaded screwworm fly has invaded the southwestern states, and it could again become a major pest of U. S. livestock, a University of Florida veterinarian has warned.

The pest cost Florida cattlemen millions of dollars a year before it was eradicated in 1962, and buildup of the insect in states bordering Mexico is now the largest in nearly ten years.

"Every effort is being made to confine screwworms to the Mexican border areas. But, with the heavy movement of livestock, there's always a chance that infected animals will escape detection, or that a contaminated truck will transport the screwworms to other states," says Dr. Richard Bradley, assistant parasitologist with the University's Institute of Food and Agricultural Sciences.

If the pest gains a foothold in Florida, the danger of a screwworm buildup here is greater than in other southeastern states because of our warm climate. Cold weather kills the insect.

Bradley urged livestock producers to watch infected wounds on their animals, especially new animals that have come from other areas. Suspicious-looking fly larvae in animal wounds should be examined by the county agent, or a local veterinarian for positive identification.

Infected animals should be reported to Dr. Clarence Campbell, state veterinarian with the Florida Department of Agriculture in Tallahassee.

Bradley noted that infestations have been found in 92 counties in Texas alone, and over 1400 cases were reported in four border states in just one week in November.

A close inspection program has been set up for animals in infested areas. Sterilized male screwworm flies are also being released to limit the reproduction of the pest.

The screwworm, which is native to Mexico and the southwestern states, first became a problem in the southeast in 1933 in Florida. The warm climate of southern Florida allows the fly to reproduce year around. The years 1936-37 were the worst screwworm years, and an eradication program was begun in 1958. Within less than two years, the sterilized male flies had stopped reproduction and virtually eliminated the screwworm population.

The similar program was used in the southwest, but total eradication was never achieved because of the steady in-flow of screwworm flies from Mexico.

Frost Doesn't Cause Leaves To Change Color

GAINESVILLE — "Ole Jack Frost" doesn't cause the leaves to change their color in the fall.

The color change, says Extension forester Tony Jensen, Florida Agricultural Extension Service, results from chemical processes which take place in the tree during its preparation for winter.

Floridians from other states often miss the signs of the changing season, especially the Autumn colors of broad-leafed trees.

But leaves do change color in Florida, too, especially in North and Central Florida. However, in Florida's mild climate, the amount of color varies greatly from place to place. Then, too, much of Florida is pine flatwoods and cypress ponds. Pines, of course, remain green all year, while cypress leaves just turn brown and fall.

The show of color really does something for the tree. It is a by-product of chemical changes which take place as the leaf dies. Wherever there is winter weather, broad-leafed trees must seal themselves in to live through the cold months. After the corky "abscission" layer forms over the place where the leaf joins the twig, no water can get in or out of the leaf through the stem.

The normal green color of a leaf comes from the chlorophyll that helps in the manufacture of sugar. Without a water supply, this breaks down and disappears. Then yellow and orange pigments called carotenes are visible. Before they were hidden by the chlorophyll.

Reds and purples in some Autumn leaves come from the last sugar manufactured by the chlorophyll acting on certain minerals in the tree leaf, Jensen says. This condition happens especially when days are warm and nights are cold. It has been discovered that certain individual trees produce more colorful leaves annually than others. Horticulturists of the U. S. Department of Agriculture using this fact produce strains of ornamental red maples with added ornamental value.

October, in most states, brings more uniform temperature than any other month.

THE TYPOGRAPHICAL ERROR

The typographical error is a slippery thing and sly;
You can hunt till you are dizzy, but it somehow will get by.
Till the forms are off the presses it is strange how still it keeps;
It shrinks down in a corner and it never stirs or peeps.
That typographical error, too small for human eyes,
Till the ink is on the paper when it grows to mountain size.
The boss he stands with horror, then he grabs his hair and groans;
The copy reader drops his head upon his hands and moans —
The remainder of the issue may be as clean as clean can be,
But that typographical error is the only thing you see.

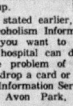
FLORIDA ALCOHOLIC REHABILITATION PROGRAM

alco-topics



By PAUL C. FORAKER
Editor, Information Services

Alcoholism Information Month is being observed throughout the month of January, and it's a good time to reflect on attitudes we find on the part of those with whom alcoholics are most liable to come in contact.

Take hospitals, for example. As early as 1944, the American Hospital Association stated that "the primary point of attack (on alcoholism) should be through the general hospital. Because of the completeness of its facilities and of its accessibility, it is the logical place to which an alcoholic or his family would turn."

But to a large extent, those lofty words were not turned into deeds. When the AHA surveyed general hospitals 20 years later —in 1964—it found that more than 60% of these hospitals still refused to treat alcoholic patients.

What's the problem? Well, a good part of it may lie in the realm of financial responsibility. Refusal of general hospitals to accept chronic alcoholics could be based upon the indigent status of most of these patients, plus lack of reimbursement possibilities from third-party sources. For example, only 43 of the nation's 75 Blue Cross Plans provide some form of coverage for alcoholism.

But whatever the problem, a solution needs to be found. Dr. Jack H. Mendelson is chief of National Institute of Mental Health's National Center for Prevention and Control of Alcoholism. He says "As long as two-thirds of the nation's general hospitals will not admit patients for alcoholism . . . there will continue to be a shortage of treatment facilities for the estimated four million alcoholics in the United States."

He adds, "General hospitals are uniquely equipped to meet the treatment needs of alcoholics . . . The American Hospital Association has recognized that the primary points of attack (on alcoholism) should be through the general hospital. Because of the completeness of its facilities and of its accessibility, it is the logical place to which an alcoholic or his family would turn."

There are several areas in which it's particularly appropriate for general hospitals, in cooperation with other community agencies, to provide services. These include emergency medical care for acute intoxication, diagnosis and treatment of other medical problems associated with alcoholism, psychiatric evaluation and treatment, and rehabilitation evaluation and follow-up.

As we've stated earlier, January is Alcoholism Information Month. If you want to know what your hospital can do regarding the problem of acute alcoholism, drop a card or letter to FARP's Information Services, Box 1147, Avon Park, Fla., 33825.

Southland Trailer Park News

Mr. and Mrs. Raymond Dierker and family, Mrs. Belle Dierker of Lincoln, Illinois, and Miss Naomi Hinkley of Winter Park, Florida, had lunch with Emma Gerdes on Monday, December 30th. Mrs. Belle Dierker visited while the rest went to Miami to see the Orange Bowl game and parade. They left for home on Tuesday.

Edith and Omar Snyder arrived New Year's Day to spend the remainder of the winter at Southland. It was 10 degrees above zero when they left their Michigan home and the second day they traveled in rain all day. They are both looking fine.

Dr. and Mrs. Dinniwell arrived from their home in Ontario just before New Year's.

The Earl Maxwells also arrived last week with their little white dog. She likes to take walks with Marie Monx.

The Baxter's children have returned to their respective homes in Indiana. Mr. Baxter remains in Walker Memorial Hospital. She will be happy to have her friends call.

Marie Stroobant spent New Year's Eve and New Year's Day with her friend Ruby Davidson at Leisure Acres in Sebring.

Our sympathy to Emma Gerdes on the death of her sister-in-law, Mrs. Albert Gerdes of Jerd, North Dakota, who passed away December 30th.

Myrtle Heffernan entertained the Byron Jeremys at the Holiday Cafeteria in Sebring on January 4th, the occasion being Byron's birthday.

The Robert Elethorpes entertained their son and his wife, Mr. and Mrs. Truman Elethorpe for supper on Wednesday night.

Mrs. Pearl Smith and son, Jack, from Corning, New York, were recent callers of the Barths.

Louise Garrison was pleased to have Rev. Hardy call on her Thursday. She is gaining each day. Hope she will soon be able to get out a little.

Mr. and Mrs. Ross Stalford of Gainesville, New York, visited Mrs. Hetta Cook and Mrs. Harriet Meissel from Thursday until Monday on their way to Liverpool Fish Camp at Fort Ogden, Florida, where they will spend the winter.

Mr. and Mrs. Stanley Shilling, Mr. and Mrs. Mason of Orange Villa Estate and Mr. and Mrs. Carl McWithy of Avon Park were Saturday evening dinner guests of Hetta Cook and Harriet Meissel.

Eight people were out for the Shuffle match on January 3rd. Laura Bernthal and Francis McRae were the winners in the play off over Evelyn Fritz and Rev. Hutchens by a score of 84 to 48.

There were sixteen out for Miscellaneous cards Friday night. For those who played Five Hunired, Ben Henningham had the high score with 2920 and Emily Renaud was second with 2570.

A big crowd came out for the New Year's Eve bingo party at the Recreation Hall hosted by our park managers, Mr. and Mrs. Harvey McClary, who furnished refreshments and two door prizes. Everybody had a most enjoyable time.

Much of the foliage on the shrubbery has been damaged by the heavy frosts. The shrubbery plants probably are not damaged and will be putting new starts soon. We miss the roses around the office.

WOMEN'S SECTION

SGT. AND MRS. JAMES W. COBB

Diana Brown and Sgt. James Cobb Wed In Double-Ring Ceremony

Sebring Church of God was the scene of the marriage of Miss Diana E. Brown and Sgt. James W. Cobb of Camp Lejeune, N. C., at 8 P.M., Saturday, Dec. 21. Parents of the couple are Mr. and Mrs. Hill Brown of Route 2, Sebring, and Mr. and Mrs. Harvey Cobb of Avon Park.

Rev. D. I. Phillips of Frostproof officiated at the double-ring ceremony, and a program of nuptial music was given by Mrs. Ray Johnson, organist, and Miss Alexis Day, soloist, both of Avon Park.

A pedestal basket of mums and gladioli, was flanked by two large candelabra, in which white tapers burned, and bouquets of mums and fern, against a background of palms.

Bride Wears Satin

The bride was escorted to the altar by her father. She wore a floor length gown of satin overlaid with lace. The gown was A-line with long, fitted sleeves, tapering to points at the wrists, and the train was accented with sequins at the bottom. A crown of pearls held the three-tiered veil of illusion. Her flowers were a cascade bouquet of miniature white carnations, holly and lavender orchids.

The bride was attended by her sister, Miss Sharon Brown as maid of honor. Her floor length A-line gown of willow green velvet and satin was styled with short sleeves.

Bridesmaids were Miss Patricia Buck of Lake Placid and Miss Shelia Varnadore of Leesburg. Their gowns were fashioned identical to the one worn by the honor attendant, and their headpieces matched their gowns. The attendants all carried cascade bouquets of miniature red carnations with holly.

The bride's mother wore a light green brocade dress with black accessories, and a corsage of miniature white carnations.

The mother of the bridegroom chose a light pink dress, black accessories, and miniature white carnations, in corsage.

Charles Monday, of Avon Park, nephew of the bridegroom, served as best man, and groomsmen were Del DeLaney of Avon Park, and Junior Kindrix. Ushers were Rev. Baswell Smith, and Rev. Alex Day of Avon Park.

Wedding Reception

A reception was held in the church dining room following the ceremony. Bouquets of white mums and red gladioli intermingled with fern were placed at vantage points about the room. The bride's table was overlaid with an antique lace cloth, and held a three-tiered wedding cake, with column dividers, and decorated with white flowers and wedding bells. The cake was topped with a small bridal couple.

The guest book was in charge of Miss Frances Smith. Mrs. James Shanney of Orlando, cousin of the bride, cut and served the cake, and Mrs. Barbara Baucom presided at the punch bowl.

For a wedding trip, the bride wore an off-white A-line knitted dress with black accessories. Her outfit was complemented by the corsage of miniature lavender orchids from her bridal bouquet.

The bride graduated from Sebring High School in 1966, and is presently employed at Highlands General Hospital.

The bridegroom attended Avon Park Schools, and is presently serving with the USMC at Camp Lejeune.

County DAR Met Jan. 6

The D. A. R. Patriots Chapter of Highlands County, met Monday Jan. 6, at the Florida Power Lounge, Avon Park.

The meeting was conducted by the Regent, Mrs. Ralph Kaerber of Lake Placid.

Mrs. J. W. Ingle, Chaplain led the devotions.

Mrs. William J. Locket of Ft. Bassinger, had charge of the program. Her talk was based on the American Indians. She spoke of the memorable experiences her father and grandfather had with the Indians, when she was a child. Mrs. Lockett has remained in contact with the Indians through the following years.

Hostesses were, Mrs. Al Schutt, Mrs. Chas. Balding, Mrs. T. H. Lane, Mrs. S. G. Jacobson and Mrs. Clarence Bue.

Display Paintings Artists Can At Fair

All artists residing in Highlands County are eligible to exhibit their paintings at the County Fair, to be held Jan. 13 through Jan. 18. It is not necessary to be a member of the Highlands Art League, just a resident of this county.

Exhibits should be delivered to the Art Booth, Educational Building, County Fairgrounds, Sebring, on Monday, Jan. 13, between the hours of 10 to 12 noon, and from 2 to 4 P.M. Each painting must be registered with the committee in charge of the booth. Also, these entries are not to be removed before 10:00 P.M. Saturday, Jan. 18. Registration is free.

Awards will be made on Tuesday, Jan. 14. Judges will be competent, and live outside the county. Entries will be in five categories — landscape, still life, portraiture, modern, also children's work, either by members or non-members of the Art League. This will include juniors up to the age of 16.

There will be a "Best-in-Show" award on a painting to be selected by popular vote. All fair goers are urged to cast a ballot for his or her choice.

WE'RE 86% OF QUOTA

About 82 per cent of the 1968 Christmas Seal Sale quota has been reached, with $46,528.15 contributed. Highlands County residents gave $5,348.51 which is $851.49 short of the $6,200 quota. Sebring has given $2,826.51, Avon Park $1,570.50 and Lake Placid $951.50. Lake Placid has gone over its quota of $930.10.

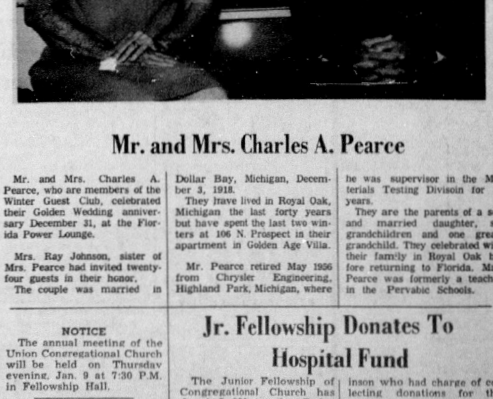
They were married in Eldred, Pa., December 24, 1912 and are the parents of three children, one daughter and two sons. They have seven grandchildren and nine great grandchildren. They attend the Assembly of God Church.

When young, Mr. Robinson was an oil field worker and worked as a machinist until his retirement. They have resided in Avon Park, three years.



Mr. and Mrs. Charles A. Pearce

Mr. and Mrs. Charles A. Pearce, who are members of the Winter Guest Club, celebrated their Golden Wedding anniversary December 31, at the Florida Power Lounge.

Mrs. Ray Johnson, sister of Mrs. Pearce had invited twenty-four guests in their honor.

The couple was married in Dollar Bay, Michigan, December 3, 1918.

They have lived in Royal Oak, Michigan the last forty years but have spent the last two winters at 106 N. Prospect in their apartment in Golden Age Villa.

Mr. Pearce retired May 1956 from Chrysler Engineering, Highland Park, Michigan, where he was supervisor in the Materials Testing Divisoin for 33 years.

They are the parents of a son and married daughter, six grandchildren and one great-grandchild. They celebrated with their family in Royal Oak before returning to Florida. Mrs. Pearce was formerly a teacher in the Pervasic Schools.

NOTICE

The annual meeting of the Union Conregational Church will be held on Thursday evening, Jan. 9 at 7:30 P.M. in Fellowship Hall.

Our expression "Leave no straw unturned" came to us from the old English castles and churches, where layers of fresh straw were spread over the floor now and then to cover litter and dirt. A complete search would include turning the straw.

Florida produces 2-3 of the oranges, and 4-5 of the grapefruit used in U.S.

Puget Sound is twice the size of Rhode Island.

Jr. Fellowship Donates To Hospital Fund

The Junior Fellowship of Congregational Church has donated $20 to the Ryder Memorial Hospital, Puerto Rico for the purchase of a bed, which will help the hospital to come up to the standard to remain in operation.

Money was made for this project by the sale of cookies the children baked and sold, under the leadership of Mr. and Mrs. Gary Hansen.

The group met last Sunday evening and presented the money to Mrs. Richard Dickinson who had charge of collecting donations for this project.

ROTARY CLUB NEWS

At our December 18 meeting Dr. Paul Chalfant, of Sebring, was our guest speaker. Dr. Chalfant is the district chairman for the March of Dimes program and he spoke to the club about this program and the need for the work being done in combating birth defects. The March of Dimes is now entering its second decade in work to prevent birth defects. The objective of the foundation is to seek out the nature of birth defects, find what they are and how they can be prevented, he said.

In 1938 the National Foundation for Infatile Paralysis was begun under the direction of President Franklin Roosevelt. Through the efforts of the foundation through programs sponsored for research into the cause and prevention of polio this once dreaded disease has now been virtually eliminated. In 1954 the first trial for the Saulk vaccine was held and in 1955 the vaccine was determined safe and effective.

In 1958 it was decided that the foundation would move from polio into the field of birth defects. It is recognized that it will take a very long time to win the battle against birth defects however, the importance and need for work in this field is even more important than in the fight against polio.

Today one family out of 10 will have a child born with a birth defect and this is recognized as a family handicap for the handicapped child will have an effect on each member of the family and this magnifies the problem. In Florida, in 1967, out of 100,167 births, there were 7,000 births with birth defects while in the case of polio, in 1954, the peak year for polio cases, there were 1,777 cases in Florida.

The foundation now operated 103 birth defect centers and 109 care centers in Florida with care centers at both the University of Florida and University of Miami.

Another happy ending, in the movies, is the finish of the popcorn right behind you.

The Library Corner

The new novel by the author of "The Lilies of The Field," William Barrett, has just written a thought provoking book entitled "The Wine and the Music." Mr. Barrett was first known and well-received as a magazine writer. He became a first-rate novelist with his best-seller, "The Left-Hand of God."

Mr. Barrett "probes with rare sensitivity and depth into the crisis of a young priest who faces a soul-shattering decision, whether to remain a representative of God in the church he loves so deeply or to leave the priesthood and marry an attractive divorcee who has opened his heart in a way he never dreamed possible. Here is a fascinating story that is both moving and pertinent in a world where age-old concepts are being scrutinized as never before."

This is a most readable story. You will find yourself in "father's corner" all the way.

FIX-IT TIP

Put some life in a drab laundry room by nailing low-cost rough pine boards on the walls and finish them with platinum stain. Repaint cabinets bright flamingo and replace door pulls with white china ball knobs. Cover the floor with indoor-outdoor carpeting in rich gold.

First Baptist RA's Take Canoe Trip Down Creek

Friday evening seven Royal Ambassadors from the First Baptist Church completed their two day canoe trip on Arbuckle Creek from Lake Arbuckle to Lake Istokpoga. The trip was highlighted by hunting and fishing as the group paddled down the creek.

Besides a variety of fish, the boys also bagged several armadillos, quails, ducks, rabbits, and squirrels all of which made a delicious dinner Friday night. Thursday night the group camped along the creek bank.

Members of the group were: Donald Batts, Howard Batts, Vergil McInvale, Charles Snellgrove, Tommy Reynolds, Mike Eberley and Harold Worden. Councilors for the trip were DeWayne Lemler, Lawler Wells, and Gordon Eisenman.

Mr. Harold Worden cooked the meals for Thursday night and Friday morning. Mr. and Mrs. Raymond Batts were the cooks for the Friday night meal.

AP Grange 203 Will Meet Tuesday, Jan. 14

Baha U Llah

the Founder of the Baha'i Faith summons the mankind to love and amity in these words: "Ye are the fruits of one tree and the leaves of one branch. So powerful is the light of unity that it can illumine the whole earth. O people of God! Do not busy yourself with your own concerns; let your thoughts be fixed upon that which will rehabilitate the fortunes of mankind and sanctify the hearts and souls of men. It is incumbent upon every man, in this Day, to hold fast unto whatsoever will promote the interests, and exalt the station of all nations and just governments."

Redeemer Supper Sunday

January 12th marks the date of the Annual Parish Meeting and Covered Dish Supper of the Episcopal Parish of the Redeemer in Avon Park. The time is set for 6:00, and all families, members, and friends are expected in our Parish House. Each brings his own table service and a covered dish, or some other item of food to share with the group. Beverage will be served.

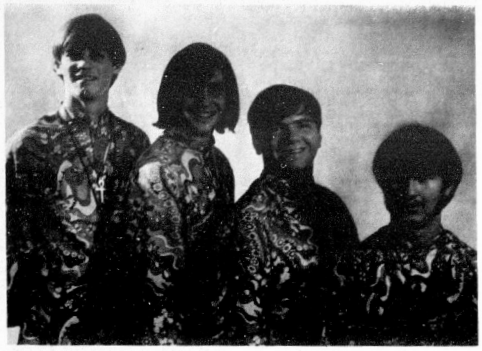
The program will include discussions of the future, elections of Vestrymen, and summaries of activities. This meeting is like the annual meeting of stockholders of a corporation, where every Communicant and friend is a stockholder and needs to be present and counted. Children and youth are welcome and will be entertained during the meeting.

The Episcopal Churchwomen will meet Wednesday, January 8th in the Parish House after the 9:00 A.M. service. The Vestry meets same day at 8:00 P.M. in the Church office.

Bingo Every Thursday Nite

Winter guests, did you know that the American Legion holds a Bingo party every Thursday night at their home on W. Bell St? Bingo starts promptly at 7:30 P.M.

Come join the fun and help the Legion with one of their Charity projects, play Bingo and have fun.



THE CELLAR DOORS will be playing this Saturday night 7-11 P.M. at the Armory in Avon Park. Left to right, Larry Dobbs, Winter Haven, Bob Nelson, Lakeland, Mangy Howard, Avon Park, and David Whatley from Winter Haven. Three other bands will play along with the Cellar Doors, Psychedelic Syndicates, Avon Park; Magena Complexes, Winter Haven and the 5 O'clock Shadows.

W.S.C.S. Wesleyon Guild Meet Jointly

The Woman's Society of Christian Service and the Wesleyon Service Guild, held a joint meeting, January 2, at 7:30 P.M. in Wesley Hall of the First United Methodist Church.

Once a year the Guild presents the program for the W.S.C.S. The devotions were given by Mrs. Anthony Rutz. She introduced her friend and Missionary, Miss Treva Overholt, who is on vacation and visiting in her home. Miss Overholt has been a missionary for 41 years and expects to retire this fall. She spent 30 years teaching in Peru and the last ten years in Chihuahua, Mexico. Her talk about these people and their way of life, was most interesting. Miss Overholt showed slides of the churches, schools and parks and explained each one. A question and answer period followed.

Refreshments of coffee and cookies were served by Circle No. 4 after the meeting.

World War I Vets Will Meet January 9

The Veterans of World War One, Barracks No. 1150, and Auxiliary will hold their regular monthly meeting on January 9th at the Church of God Hall at 7:30 P.M.

All members are requested to attend this meeting, as quite a number of important matters will be concluded.

All visitors in this area that are affiliated with a barracks in their home town, are specially invited to attend, and participate in our hospitality.

The Ladies Auxiliary are reputed for their ingenuity in preparing various morsels of food for the social hour.

Several matters of particular importance to our membership will be discussed and decisions made for future activities. All prior notices relating to this meeting are cancelled.

Club Will Meet In Sebring

Highlands County Republican Club will hold its regular meeting in the Sebring Pier Community Building, Thursday January 16, at 1:30 P.M. Guests are welcome.

Program will be Republican Achievement 1967-1968.

Tickets will be available for the Republican Card Party to be held at 1:00 P.M. at the Pier, the following Thursday, January 23.

Evangelist O. Dean Martin Draws Crowd

The New Life Mission program that is being held at the First United Methodist Church, this week, got off to a fine start last Sunday, when Rev. O. Dean Martin delivered his initial sermon.

A dynamic speaker, Rev. Martin is a native of Avon Park, the son of Mr. and Mrs. T. O. Martin.

This week, he is holding services, explaining the meaning of the ten commandments, every morning 10:00 A.M. in Wesley Hall. He speaks to the young people, in Wesley Hall before the evening service.

Special music has been arranged by the choir director Rev. Paul Gentry, for each evening service, this week.

Rev. Martin a fluent speaker with a steady command of the English language, holds his audience enthralled, telling them of God's love and his willingness to receive those who will give their heart to him, when they want him.

This young evangelist will no doubt fill the church to overflowing, during his New Life Mission program, this week.

Bennett, Childress and Prescott Enter Contest From Avon Park

Three final entrants were announced this week by the Sebring Jaycees, sponsors with Highlands County Fair Association of the Beauty Pageant at the fair next week. All are from Avon Park. This brings the total number of contestants to 10.

They are Ruby Louise Bennett, Glenda Ann Childress and Frankie Suzanne Prescott.

Miss Bennett is the daughter of Mr. and Mrs. Roy J. Bennett and her talent is baton twirling. She is FFA Sweetheart of '68, and Miss Flame of '68 and is a member of Drama Club, is a Band Majorette and belongs to Future Farmers of America and Future Homemakers of America.

Miss Childress is the daughter of Mr. and Mrs. E. J. Childress and her talent is fashion designing. She is a senior superlative and band majorette at Avon Park high school, a member of drama club, FFA and FHA.

Miss Prescott's talent is country singing and her guardian is Mrs. Christine Collier. She is a cheerleader on the Avon Park high school "A" squad, is president of Glee Club and a member of FFA, Student Council and Drama Club.

A total of $60 in prizes will be awarded each night to the girl adjudged most outstanding from each of the county's three major communities.

Botanists often check railroad rights-of-way to locate native plants. Often, this is the only area untouched by plow, axe, cattle, or man's destruction.

Avon Mobile Home Park News

By RUTH E. ROBINSON

Mrs. Lee Crane and daughter, Dolores Walton of La-Porte, Ind., were Sunday visitors of Mrs. Lucile McPherson. On Saturday, Mr. and Mrs. Leonard Cripe and son, Ned, from Goshen, Ind. and Sebring were her visitors.

Mr. and Mrs. Ed Everetts and Mrs. Rosa Bennington, spent Friday in Lakeland.

Mrs. Mildred Timberg returned to the Park after an extended visit with relatives in Illinois and Michigan.

Now that the holidays are over and guests have returned to their homes, games will be resumed at the Recreation Hall. Pinochle will be played on Monday nights, the usual Tuesday night games will be resumed, and euchre on Wednesday night. All games start at 7:15 P.M. Sing-a-long will be on Saturday at the usual time of 7:30 with entertainment following.

The ladies in the Park are reminded of the regular monthly meeting of the Woman's Club, Friday afternoon, Jan. 10 in the Recreation Hall. Meeting called at 1:30 with Mrs. Basil Krontz, president, presiding. This is an important meeting and all members are asked to be present.

Mr. and Mrs. Basil Krontz returned from Butler, Ind., where they attended the wedding of their grandson. On their return they were met at the airport by Mr. and Mrs. Warren Byrer.

The writer would like to express her appreciation to Mrs. Ruth Robinson for taking over the publicity of our Park news for the last issue of the Avon Park Sun, and would also like to acknowledge all tokens of sympathy extended on the recent passing of her sister, Mrs. Carrie Kingsbery of Atlanta, Ga. Mr. and Mrs. Louis Shoemaker recently called on Mr. and Mrs. Speece of Frostproof. Mr. Speece is recovering from illness and just recently out of Walker Memorial Hospital.

The weekly Sing-a-long held Saturday night at the Recreation Hall was in charge of Howard Bell. Warren Byrer was in charge of the singing, after which there was showing of pictures by Larry Robinson of his trip to eastern Canada. The pictures were enjoyed very much.

Mr. and Mrs. Floyd Stevens have returned from a visit with their daughter and family in Louisiana.

Mr. and Mrs. L. Geib had as their recent visitors, Mr. and Mrs. Arnold from Shreve, Ohio, Mr. and Mrs. Jim Sloan, Ashland, Ohio and Mrs. Earl Fowler and sister, Gladys from North Canton, Ohio.

Mr. and Mrs. Welcome Miller had as their guests, Mr. and Mrs. Wayne Reichert and J. D. of Red Bird Mission at Beverly, Ky. Also "Ham" and Juanita Byrer. Wednesday morning all enjoyed breakfast with the Reicherts at Griffin's Restaurant.

We are happy to announce that Mrs. Bess Raas, a patient at Walker Memorial Hospital is improving. We wish Bess a speedy recovery.

Mrs. Ella Roenneburg had a happy surprise when Mr. and Mrs. Melvin Davis of Akron, Ohio (enroute from the Keys) stopped and had breakfast with Ella, who is his aunt, last Saturday morning. Their visit of only a few hours was a happy one, reminiscing, and bringing Ella up-to-date on the goings-on back in Ohio, where several of her sisters and families reside. Safe trip home Melvin.

Mr. and Mrs. Philip Zeh of Schoharie, N. Y. and Mr. and Mrs. Leonard Zeh of Eau Gallie, were recent callers at the homes of Mr. and Mrs. Earl Baxter and Mr. and Mrs. Maurice Pero.

'68 Traffic Deaths Down From 1967

Highlands County's 14 traffic deaths in 1968 showed a considerable decrease from 1967, when 22 persons died during the worst year in a decade for fatal accidents.

Year-end figures for total accidents are not yet available, but there were 366 accidents in the county for the first six months.

A breakdown of county traffic deaths since 1963 disclosed:

1963—466 accidents, 314 injuries, 18 deaths; 1964—488 accidents, 241 injuries, 10 deaths; 1965—580 accidents, 370 injuries, 13 deaths. 1966—595 accidents, 390 injuries, 11 deaths; 1967—672 accidents, 377 injuries, 23 deaths.

FIVE HIGHLANDS County young men left for induction into the armed forces Monday morning. Left to right they are John Altman, William Giles and Angus Black of Sebring, Devin Windham and Clyde Turner of Avon Park.

Red Devils Defeat Haines City To Even Season Record 4-4

The Avon Park Red Devil varsity basketball team evened out its record at 4-4 with a 46-44 win over Haines City last Friday on the Hornets home court. Tuesday the Devils played in Lake Placid and tomorrow night (Friday) a big inter-county battle between the Devils and the Blue Streaks will take place in Sebring with the "B" squads starting the action at 6:30 P.M. Avon Park will return home next Tuesday for a game against LaBelle.

The Devil varsity got off to a slow start against Haines City as they allowed the Hornets to take a 10-2 lead at one point early in the game. Then the Red Devils closed the gap and trailed only 17-15 at the end of the first period. The game seesawed back and forth until the Hornets surged ahead again just before the half and led 29-25 as the two teams went to the dressing rooms.

In the third quarter, Avon Park moved ahead and held the lead, staving off a last minute drive by the Hornets to take the 46-44 win.

Donald Sisemore with 18 and Donald Strange with 16 led the winners in scoring and the same two lead in rebounds with Strange pulling down 15 and Sisemore hauling in 10 for the Devils.

After eight games, Donald Strange is leading in overall scoring with a total of 118 points and Donald Sisemore follows closely with 105 points. Strange is tied with Clyde Sumbry as the leading rebounder as each have a total of 72 for the eight games. Strange is also leading in assists for the season.

One drawback to telling a good story, is that it always reminds someone else of a terribly dull one.

Youth Care Contributors Listed

To all of the contributors who have so generously given in the past eight years: Drive out to the Highlands County Juvenile Home and see what your money has accomplished . . . the trustees of Youth Care, Inc., were able to complete the building by January 1 with the $33,000 collected, and did not find it necessary to go into the mortgage money available until now.

The treasurer reports receipts from 1969 have been $1,104. There must be many of those who said, "When the roof goes on I'll give, too." In the following list we say "thanks to one and all":

Henry Baily Re-elected Chairman Of Schol Board; Salary Increase

Within less than an hour Tuesday, Highlands County's school board got a new name, a new meeting time, new salary for the chairman and re-elected— over his protests—Henry Bailey for his sixth term as chairman.

As required by law Superintendent George F. Douglass chaired the first part of the board's re-organization meeting. Veteran board member E. Ray Wells nominated Bailey, and the nomination was seconded by John Wirick.

Bailey quickly began protesting that "while I appreciate your confidence and the honor I really think someone could do it. it is a very time consuming job . . ." But his withdrawal speech was ignored as Ted Casson moved to close the nominations.

Superintendent Douglass pointed out that the chairman's salary of $25 per month is "not much compensation considering that the chairman has to come to the school office almost daily."

Wells responded, "I had in mind proposing a salary increase when I made the nomination."

The board unanimously adopted Wirick's suggested salary of $100 per month for the chairman.

Finding a new meeting time was the biggest problem of the day. Wells had asked the board to consider switching from the second Tuesday of each month to a Thursday night meeting. The board's newest member, G. Franklyn Ward protested that Thursday would not be good for news releases, "Our local papers would have to print news when it was almost a week old."

After many attempts to find a time suitable for the schools' financial department, which must prepare long reports for the monthly meetings, the board went back to Wells' suggestion and set meetings for 7:30 P.M. on the second Thursday of each month.

No sooner was the time set than the board learned that the finance section cannot get ready for a meeting on January 9, so the first regular meeting of 1969 will be at the old time—Tuesday night, January 14.

Under the new constitution for Florida the terms "board of public instruction" and "superintendent of public instruction" are dropped. Tuesday the board here adopted as its official name, Highlands County school board.

The new constitution sets Douglass' title, Superintendent of Schools.

The board voted Tuesday to re-name Frank Bryant as attorney. Douglass pointed out that Bryant is not paid a salary but rather "charges only for time actually spent on school board business."

The board delayed naming a school architect until the board has had time to confer with James Heim about the nature of that job. Board members indicated a large scale building program could make necessary obtaining additional architectual help.

January 14, at 11 A.M., was set as the time for official inspection of the new cafetorium at Hopewell School.

The annual board visit to Sebring area schools was set for 10 A.M. on Wednesday, Jan. 15. Visits to Avon Park and Lake Placid were made last Fall.

Florida's Pine Is Magic Tree To Chemists

There is a magic tree growing in Florida, that today is yielding oils which can be synthesized into perfume ingredients. This forest wonder, a tree older than mankind itself, has now finally had its ancient secrets unlocked by chemists; the results are providing large additions to feminine "mystique" in the form of fascinating aromas. Aromatic oils from this magic tree are accomplishing these world-wide wonders:

Italians squeeze an oil from the rind of a tiny citrus called Bergamot, and sell it worldwide to perfume blending houses. (In Florida, chemists make a synthetic Bergamot oil from the "perfumery" tree.)

Brazilians distill the wood of a tree to derive Bois de Rose (Rosewood) oil, for use in perfumes and cosmetics. (In Florida, chemists make a synthetic Rosewood oil from the "perfumery" tree.)

Native of India and Ceylon distill grasses to yield Citronellal and Citral oils, both with heavy lemony aromas, for use in pharmaceuticals and cosmetics. (In Florida, chemists make synthetic Citronellal and Citral oils from the "perfumery" tree.)

Throughout the Pacific, particularly Indonesia, natives distill the leaves of herb-like shrubs and grasses to obtain for cosmetics and soaps a geranium odor oil called Geraniol. (In Florida, chemists make synthetic Geraniol from the "perfumery" tree.)

This magic tree of aromatic oils, which may even be growing in your own backyard, is today a delight to perfume compounders everywhere. The most ancient of trees is the majestic pine and it is yielding terpene oils that chemists in Jacksonville have learned how to convert into numerous perfumery chemicals. Synthetic Bergamot, Rosewood, Citral, Citronellal and Geraniol are some of the aromatic oils made at the Glidden Organic Chemicals Plant today—A chemicals plant that has used the pine tree as its main source of raw material since 1911. Other aromatic perfume oil products made at that plant include synthetic lime oil (used in shaving lotions), Hydroxycitronellol (lily-of-the-valley aroma), Neral (fresh floral "piquancy" order), synthetic lemon oil (used in perfumes as well as flavor applications), and Citronellol (peppery green rose aroma).

Florida's magic pine tree secrets have been learned only in the last 20 years, and are yielding perfumery oils which are superior to the myrrh and frankincense available only to kings and queens 100 years ago.

These synthetic aromatics are even superior today to the natural perfumery oils derived world-wide, which they synthesize.

As an abundant domestic raw material for synthetic aromatics, terpene oils from the pine are not subject to conditions that influence natural aromatic oils. Vagaries of weather and crop variations—and even international politics—cause the natural oils from many foreign countries to fluctuate widely in price, availability, and quality. Chemically produced pine perfumery oils however, can be quality controlled to an exceptional degree. Result? Nature's international aroma oils are duplicated from the Southern Pine by Florida chemist, and the product is better than what Mother Nature can do herself.

A good perfume will contain over 100 ingredients and less than a dozen perfumery oils are now produced by pine chemists; these are often, however, the larger components in a fine perfume. Today, ladies, the perfume you use may have as much as 40% of its volume synthesized from Florida's forest. Glidden chemists in Jacksonville hope some day soon to make it better than 75%. The tree of lumber and paper has now taken on adding to feminine mystique; it's an aromatic tree, the pine!—Want to plant and grow your own perfume?

Florida Ahead On All Fronts During 1968

TALLAHASSEE, Florida — has chalked up another banner year.

According to Don D. Meikle-john, newly appointed directors of the Florida Development Commission, the Sunshine State made significant gains on almost all fronts during 1968.

The U. S. Bureau of Census estimated the July 1968 Florida population at 6,160,000. Based on subsequent data, the years end will see an approximate total population of some 6,225,000 versus the 1967 total of 6,081,500.

An estimated 21 million tourists came to Florida in 1968, an increase of almost 8 per cent over the 19.5 million in 1967. Based on advance hotel and motel reservations, cruise-line bookings, attraction inquiries and other tourist indicators, the 1969 tourist count should reach over the 22.5 million mark.

Tourist expenditures in Florida during 1968 are estimated at $5.5 billion, an increase of 10 per cent over 1967. If all goes as estimated the 1969 tourist expenditures will go over $6 billion.

Manufacturing added a total value of an estimated $3.7 billion to the state's economy during 1968. Current indications are that this figure will go well past the $4 billion mark in 1969.

New capital expenditures of manufacturers held at an estimated $300 million annually and is expected to continue at, or slightly exceed, this rate in 1969.

Florida's total civilian labor force will be close to 2.5 million workers at the end of 1968, an increase of more than 60 thousand over December 1967. An expected accelerated growth in employment opportunities during 1969 will add another 65 to 70 thousand workers.

Average monthly employment in manufacturing industries will close 1968 at almost 300,000 workers. 1969 is expected to add some 10 to 12 thousand to this average.

The state's unemployment rate remained at remarkably low levels during 1968. The average over the months held to around 2.9 per cent compared to the national average in excess of 3.5 per cent.

The 1968 estimated total personal income for Floridians neared $18.7 billion, an increase of about 9.6 per cent over 1967.

This figure is expected to rise to a level of over $20.5 billion.

Per capita income for 1968 was pegged at $3,068, up some $215 over 1967. In 1969 it is expected to rise an additional $225 or more to around $3,300 per capita.

Florida's total personal income and per capita income are the highest of the 12 southeastern states.

Total retail sales in Florida are estimated at $12.4 billion for 1968. Based on the assumption that population growth and tourism will advance at past and indicated future rates, retail sales should grow to an estimated $14.5 billion for 1969.

Total value of non-farm building construction during 1968 is placed at $2.3 billion, over 40 per cent higher than 1967. Much of this growth has been in private residential building with an estimated 112 thousand housekeeping units constructed in 1968 as compared to the 74 thousand built in 1967. In 1969 continued pressure for new construction to meet the demand for private residential and nonresidential facilities should hold at or exceed the 1968 activity.

Growth in bank deposits during 1968 ran at a faster rate than during 1967. The end of the year will see deposits of about $11.8 billion, 21 per cent higher than at the close of 1967. In 1969 deposits are expected to exceed the $14 billion mark.

There are over 2 million investors in savings and loan institutions in Florida with some $6.5 billion in savings accounts at the close of 1968. This is up some 10 per cent over 1967. it is expected that in 1969 the total savings figure will top $7 billion.

Cash receipts from farm marketings will top $1 billion in 1968. Late crop report totals have yet to be completed. However, based on the available reports and anticipated information, it is expected that the final figure will reach $1.2 billion.

Citrus has contributed heavily to the increase. Florida groves account for about 71 per cent of the nation's citrus acreage and provide 75 per cent to the total production.

Citrus will again dominate the agricultural picture this year and, along with favorable growing and marketing conditions for other crops, the 1969 farm marketing cash receipts will again top the $1 billion mark and probably exceed 1968's $1.2 billion.

"The future of Florida continues to brighten," says Meikle-john. "We have just scratched the surface of Florida's potential. Continued well-planned, coordinated effort on the part of every Floridian will result in our state becoming a leading force in our nation and the world."

January 16 Final Date To Request Help

The final date for filing requests for assistance under the Agricultural Conservation is Jan. 16. It is important that farmers file their requests during the initial signup period in order to get the necessary approval and take care of other program details before the time is at hand to actually begin work, according to ACP officials.

Cost-share assistance under the 1969 program will average about half of the cost of carrying out such conservation practices as establishing and improving vegetative cover, planting trees and improving existing stands of timber, and practices aimed at the conservation and more efficient use of water.

To make a request for cost-sharing, file an application in Room 1, basement of the post-office, Sebring.

South Florida Junior College Panthers Face Busy Schedule

By COACH TERRILL

South Florida Junior College's Panthers face a very busy week of basketball as they will play six games in 11 days. Two of these were in the St. Johns Invitational at Palatka during the Christmas holidays. Tuesday night in Avon Park, the Panthers meet Valencia Junior College of Orlando in a conference game.

As of this writing the Panthers were holding fourth place in the conference with a 1-2 record, having lost on the home court of the two leaders, Brevard and St. Petersburg.

Thursday night in Wauchula, the Panthers face Polk Junior College and Saturday night in Avon Park, the Panthers host Stetson's JV team. On Monday night in Sebring, the Panthers will host the number two ranked team in the state, Seminole of Sanford.

Last week was hunting season on grades and when it was over five members of the basketball team and three potential baseball players were shot down. Gone from the basketball team were 6'6" starting center and leading rebounder John Battillo, 6'7" Ronnie Combs, 6'7" Ed McAllister, 6'3" Willie Cope and 5'10" Mick Turner.

Our squad looked like a small covey of quail to begin with. After grades it looked like four hunters had shot into the covey on the ground. We could only whistle up seven boys of the 12. Those that survived are Jeff Asher 6'1", Larry Allen 6', Ralph Starratt 6', Ron White 6', Ken Dixon 6'2" Chuck Smith 6'3" and Willie Marovich 6'5".

We are trying to find some boys in school with some experience to fill these vacancies. Probable boys are Donald Skipper of Sebring and Henry Rionda of Belle Glade. However, we don't have any 6'5" or 6'6" boys to replace the height we lost.

Tim Gillis, a reserve last year suited out and did a commendable job in Palatka. The Panthers faced the host school St. Johns, in the opener and lost 85 to 60 with the boys surviving the grade cut, doing a good job. Saturday night the Panthers made another good showing, even in defeat, losing 114 to 94.

If we can win a conference game this week, we will still be in the thick of the conference race as we are now 1-2 in Division 3.
