A LOOK AT THE new teachers at Avon Park High School. Front row, left to right: William H. Knecht, 11th grade English; Lillie Sandlin, junior high special education; Helen Britt, junior high library; Roger Alan Sanderson, science lab assistant. Second row, Gene Brenner, art teach-

er; Dorothy N. Hash, reading specialist; William A. Kittrell, junior high science. Third row, Howard McGlennen, junior high science and civics; Paul Roberts, social studies; John Howard, English 10; Chester A. Brojek, Jr., 9th grade English. Not shown in picture, Betty Cook, Edward Kemp and William Talbot.

NEW TEACHERS at Avon Elementary for this year are shown left to right, kneeling: Tom Lund, sixth grade; Elmo Roberts, physical education; Ed Holman, fifth grade. Standing, Miss Shirley Hardee, art; Mrs. Lena Suggs, second

grade; Mrs. Susan Willis, fourth grade; Mrs. Peggy Meux, fourth grade; Mrs. Chris Brojek, first grade; Mrs. Margaret Collins, physical education; Mrs. Louise Greig, fifth grade; and Mrs. Dovie Shanks, reading resource.

School Bells Ring Tuesday For Avon Park Students

School bells will ring for over 2000 students in Avon Park area, Tuesday, Sept. 3, to begin the 1968-69 school year.

Buses will run prescribed routes at regular times.

"By opening the day after Labor Day instead of opening on Monday of this week, we probably will have a larger opening day enrollment," said Superintendent of Schools George Douglas. "I see by the paper where a lot of newcomers are coming in, but we really won't know until opening day."

The staffs of all schools in the county now are complete. Douglas said, although there may be some last minute transfers.

The faculties of Avon Elementary, Hopewell, and Avon Park High School have been busy preparing to meet students the first day of school. Many new programs have been prepared to better meet the needs of boys and girls. Special teachers in all areas have been added, grades 1-12.

At Avon Park High School, students will report to the auditorium when the bell rings at 8:30 A.M. for information session and class assignments. Fifteen new teachers will be introduced to the students for the first time. The student council officers will be in charge of opening exercises with president, David Woodward, presiding.

Avon Park High School will open its doors September 3, with 14 new teachers.

Gene Brenner, art teacher, has four years training at Newark School of Art, N.J., two years at the Philadelphia Museum of Art, Pa.,

and is a graduate of Florida Atlantic University with a BS in education. He is married.

New Post Office In Avon Park To Cost Over \$177,990

Postmaster General W. Marvin Watson announced that a contract has been awarded to build a Post Office at Avon Park.

The building will be owned by David R. Balogh, 447 Arthur Godfrey Boulevard, Miami Beach, who will lease it to the Post Office Department for ten years with renewal options running through 20 years. It will be located on the Southwest corner of Pine Street and Verona Avenue. Preliminary estimates indicate that the initial investment in the project will total approximately \$177,990. Annual rental fee will exceed \$18,000.

This represents the lowest responsive bid of seven received by the Department on a competitive basis.

The new one-story building will be air-conditioned and offer more working room than the present building. It will have an interior space of 9,418 square feet, compared with a total of 3,040 square feet in the present building.

The new post office is expected to be completed by approximately June 1, 1969 after the plans are approved. Space in the building located on the corner of Main and Verona streets then be

abandoned for postal purposes. Postmaster General Watson explained that the additional space equipment will mean greater efficiency in line with President Johnson's directive to provide the best possible postal service at the least possible cost.

Because the building will be privately owned, the land will stay on local tax rolls. The Post Office Department's capital investment is limited primarily to postal equipment.

Mr. Watson said: "The nation is experiencing a dramatic expansion in mail volume and services. Post Office construction and remodeling are undertaken in areas showing the most urgent needs."

"Our 40,000 postal locations will handle about 83 billion pieces of mail this year, an estimated 100 billion pieces by 1978 and 139 billion pieces in 20 years. To handle this tremendous amount of mail, the Department is expanding its efforts to put mechanized tools into the hands of the nation's postal workers in areas where it is economically justified."

Hearing On Desegregation Plan Set for Sept.

After three years of relatively smooth sailing in its desegregation program, Highlands County Schools may be headed for rough weather with a mid-September hearing before the federal Department of Health, Education and Welfare as the first storm.

Since last December the county school officials and HEW have been negotiating over charges that Negro teachers are being discriminated against and continuation of Junior High classes in Negro schools is shortchanging Negro students.

Monday Superintendent George F. Douglas received formal notice that administrative proceedings "have been started and other legal action must be taken" with the county schools have been in violation to join HEW.

If the county schools are found to be violating the Civil Rights Act of 1964 the immediate results will be loss of all federal funds coming to Highlands County schools.

Virtually all cases lead to civil action filed against the school board in federal court and a desegregation program for the county is given by court order.

The school board had been notified last week that the "whistle was in motion" for filing administrative proceedings against the Highlands school board in a special school board meeting August 22. Superintendent Frank Bryant had been instructed to write Dr. Lloyd R. Henderson, chief of the litigation branch of the office for civil rights, and request a conference with him sometime during the week of September 15.

Face to Face
Board Member John Wrick has suggested the conference. "I think more can be accomplished by face-to-face meetings than telephone conversations. It's easier to go to Washington if no one else will."

The formal notice which was received here Monday specified that the local board will have 30 days to make formal response to the 30-point statement of HEW which HEW plans to present in its contention that Highlands County is not complying with the federal law.

The 30-day deadline falls on September 14. Superintendent Douglas said Tuesday that no response had been received from the request for a conference. The board may wait that answer before preparing its formal response to the long list of statements of fact. Many of the statements involve no expression of opinion but lay a sort of historical background for the proceedings, such things as: "Prior to May 17, 1964, respondent maintained separate schools for white and Negro pupils. No Negro child attended a regular class with white children in any school or respondent school district prior to the autumn of 1963."

The areas of conflict are pointed up in four statements which actually cover two problems. Statement nine says the Highlands County school board "has not adopted any plan which would by the opening of the 1968-70 school year necessarily result in the discontinuation of the Hopewell, Douglas

(Continued on page 5)

Council Approves Record \$400,225 Budget For '68-'69

Avon Park City Council approved a \$400,225 budget for 1968-69 fiscal year. The biggest single expense in the budget is the street and sidewalk department which calls for \$106,600.

The biggest tax gain other than ad valorem is cigarette tax which will bring the city an estimated \$20,000. The complete budget is on page three of the Sun.

The regular meeting of the City Council was held Monday night at city hall.

It was reported that lease modification on the airport hangar had been signed by Critchfield Marine and also a 90-day lease on the new airport hangar.

Parker of Graves Co. appeared with guarantees and releases on the new hangar. Telegrams from American Steel and from Gulf Doors stated releases were in the mail.

The Council voted to pay Graves Co. \$25,457 when all releases are received and voted to redeem \$27,000 face value of U.S. Treasury Certificates held by Avon Citrus Bank.

City Attorney Hancock discussed land at the airport which was included in a city condemnation suit in 1941. He said two lots of Dr. Estell were included in the suit. Scott requested the opinion of the Council and mayor on land use by Marra.

Councilman Albright stated he thought the city should sell Marra a piece of land.

5 Boys in Custody After Wrecking Classrooms

Five small Avon Park boys were in the custody of juvenile court today after a spree of paint slinging at Hopewell elementary school which did about \$2,000 damage to three rooms.

And the information leading to their capture came from a seven year old Lincoln Heights boy who wondered what "the fun" was doing in his neighborhood, when he saw officers there investigating. He volunteered the information that he had seen the boys with paint.

Arrests were made by Chief Deputy Sheriff J. C. Murdoch, Deputy Gerald King, and Police Chief Earl Gordon of Avon Park.

Murdoch said the boys were aged 10 to 11 years old and the incident occurred last weekend. The paint was spread over several desks, blackboards and floors in two classrooms and the principal's office.

At a hearing Wednesday before County Judge Mervin Reher, the five were released in custody of their parents until a further hearing September 19. In the meantime, the judge ordered that they be home every minute of the day unless at school, church or Sunday School until the next hearing.

THIS IS ONE of the rooms at Hopewell School after youths broke in this past weekend and did several thousands of dollars of damage. The

city has imposed a 11 P.M. curfew and has instructed Police Chief Earl Gordon to enforce it.

for his building and take a quit claim deed on the Marra lots.

Councilman Lane said he

was in favor of encouraging business, not trying to put one out-of-town and he thought they should work

out something for Marra. Mayor Dorr said he thought the city had a

HIGHLANDS COUNTY SCHOOL Officials study the three bids submitted for construction of the first phase of the South Florida Junior College campus. School Superintendent George F. Douglas (standing left) looks on while (left to right) the bids are studied by E. Ray Wells, school board vice chairman who presided for the

special meeting; William R. Frizzell, J. Myers architect who is to supervise construction; Dr. William A. Stalard, president of SFJC; Charles La Prade, district engineer for the United States Office of Education; and Mrs. Helen Pugh, secretary to Superintendent Douglas.

South Florida Junior College Hits Snag As Construction Bids Exceed One-Half Million

Construction of the permanent campus and buildings for South Florida Junior College hit a new snag when bids for construction exceeded the building appropriation by almost a half-million dollars.

Bids opened August 22 by the Highlands County School Board—ranged from a low of \$1,670,000 to a high of \$1,742,000. The bids were from Jones-Mahoney Corp. of Tampa, who submitted the low bid, Pearson Construction Company of Ft. Myers and Whitmore and Allen, Inc. of Lake Wales.

The bids included a list of nine alternates, and if all the alternates were taken the Jones-Mahoney bid would be \$1,546,000—or still almost \$200,000 over the budget.

The school board voted to turn all bids over to the architects for a report from the architects.

School Board Member John Wrick, who is a builder, told the architects present: "The bid amount that is so high, be opposed to reducing the estimated building costs by 20 per cent."

He asked whether costs might be reduced by a different approach to the design.

Perkins & Allen, an architectural firm out of Chicago, designed the campus and first phase of construction with William R. Frizzell of Ft. Myers as the associate architect who will supervise construction.

It is expected that major adjustments in specifications would require work by both architectural firms in the project and the

state and federal agencies furnishing the building funds.

The school superintendent's office said the bids for the county courthouse, was crowded for the bid opening scheduled for 2 P.M. on August 22. E. Ray Wells presided for the special school board meeting in the absence of Chairman Henry Bailey.

South Florida Junior College began operation in August 1968 and is using temporary facilities

in downtown Avon Park. Builders have estimated that a year will be required to complete the first phase of construction on the permanent campus.

The 36-acre campus is adjacent to the Florida Alcoholic Rehabilitation Center, East of U.S. 27 between Sebring and Avon Park.

This week registration is being completed for the new SFJC's third academic year.

Three Year Audit of Commission Reveals Sound Financial Condition

An audit for the three years ended September 30, 1967 of the Board of County Commissioners reveals a sound financial condition—best Auditor Carroll Lloyd had sharp criticism in some areas.

"Generally, the overall operations were fairly well managed," said Lloyd. "However, improvement was needed in the areas of purchasing, accounting, records and property management."

Deficiencies, he said, "were noted in the organization of road and bridge operations. The county Civil Defense program had been poorly managed and the records thereof were in such poor condition that a satisfactory audit could not be made."

Among donated surplus property items missing were two pairs of binoculars, a generator, three desks and a gas engine.

Many items were used by group and organizations which apparently had no relation to Civil Defense, Lloyd pointed out. Like a jeep used by the Boy Scouts, a truck by Sebring Airports Authority, a truck by Avon Park Water Department, an embossing machine by Sebring Utilities to prepare the monthly utility bills, a truck by City of Sebring on maintenance jobs, a truck to maintain the city cemetery.

The Civil Defense criticism was leveled for the period Dan Hansen was employed part time, since then Jim Lawson has been appointed to be a full time director, Rick pointed out.

As to the road and bridge operations, said Lloyd: "Road work is not done in accordance with a plan of work approved by the board. A priority list was adopted by the board during the 1966-67 year. 200-47 and additional projects have been added to the list of approved road construction projects, but when I come time to build a county road this priority list is apparently ignored, and several roads are built at the same time although funds

are not available."

Resolved that the Board of Directors of the Avon Park Chamber of Commerce offers its fullest co-operation and support to Avon Park's Chamber of Commerce.

Passed and adopted at the regular meeting of the Board of Directors of the Avon Park Chamber of Commerce, Inc., this fifteenth day of August, nineteen hundred and sixty-eight.

W. R. Reck, President

Brenda Fann Honored With Bridal Shower

Miss Brenda Sue Fann, bride-elect of Thomas Marshall, son of Mr. and Mrs. Walter Marshall, was honored with a miscellaneous bridal shower Tuesday, Aug. 26 at the Florida Power Lounge in Frostproof. Miss Fann is the daughter of Mr. and Mrs. William Fann of Frostproof and the niece of Mrs. Ray Cook and Joe Fann of Avon Park.

Pink and white, the bridal colors were carried out as the color scheme. Miss Fann, in a white gown, was escorted by her mother, Mrs. William Fann.

The 30 guests were greeted by Mrs. Terry Croley, Miss Fann's mother, and Mrs. Marshall.

Miss Lynn Flood registered guests and was assisted by Miss Dorothy Moore, who displayed the gifts.

Refreshments consisted of punch, cake, nuts and fruits. Hostesses for the evening were Mrs. Nelson McClelland, Mrs. Sharon Stewart, Mrs. Mary Ann Moore, Mrs. Terry Croley and Mrs. Lucille Flood.

The Elephant Fish of the Upper Congo lives up to its name, says Ray Russell of Florida. It has a long snout shaped like an elephant's trunk.

In selecting a service station for your family car, I suggest these considerations: Is it a full service operation? Do they offer the extended services such as emergency road service—pick-up and delivery of your car? Do they make major or minor repairs? Have an inventory of parts—tires, batteries and accessories at fair and ethical prices? Will they help you with trip plans—provide maps and assist you with routing etc. Do the personnel seem courteous and genuinely interested in you and your motoring needs? May I suggest that you stop in and get acquainted with us? There is a difference between a gas station and a service center.

FOR QUALITY PURE OIL PRODUCTS and ACCESSORIES bring your pride and joy to BORDER'S PURE OIL SERVICE CENTER. Well-stocked like it was our own! 200 West Main, phone: GL 34154.

Trudie Mitchell - Michael Ryals Repeat Wedding Vows

The First Baptist Church of Avon Park was the scene of the wedding ceremony of Miss Trudie Mitchell and Freddie Mitchell, Saturday, Aug. 17, at 4 P.M.

Wedding vows were repeated before an altar arranged with two large ferns, Florida greenery and an arch entwined with spirea. The prayer bench was covered with white satin.

Rev. Aden D. Childress read the opening prayer.

Jerrold Perkins, organist accompanied Mrs. Duwayne Lerner, soloist who sang "O Perfect Love, I Believe" and "Whisper Thou Goodnight."

The bride, given in marriage by her father, wore a formal gown, fashioned and made by her mother of satin brocade, empire style, long pointed sleeves. Her detachable, Chapel Train, was fastened at the shoulders. Her bouquet multi-tiered veil was held in place by a self-made rose of satin brocade. She carried a cascade of

Peace roses and fern.

Miss Nancy Sue Mitchell served her sister as maid of honor. She wore a pastel pink linen street length dress, fashioned empire style. A line skirt with a pink satin bow and streamers in the back. Her hairpiece was a pink linen bow and veil. She carried an arm bouquet of Christian Dior red roses arranged with a braided red satin ribbon bow.

Bridesmaids, Mrs. Jo Ann Strickland and Mrs. Jane Nelson wore identical dresses to that of the maid of honor and carried identical arm bouquets of Christian Dior red roses.

The bride's mother wore a light pink crepe dress. Aline, with white accessories. Her carriage was of Heritage roses.

Mrs. Ryals, the bridegroom's mother, wore a light blue crepe dress, trimmed in white and white accessories. Her carriage was of Peace roses.

William R. Ryals, served his son as best man. Bridesmaids were, Lee Ryals and Harry Ryals, brothers of the bridegroom; and Dee Causey and Curtis Nelson as ushers.

After their wedding trip to Fort Myers Beach, the couple will return to Avon Park, where the bride will reside while the bridegroom serves his term in the navy.

U.S.S. Kitty Hawk. The bride is employed by the Big Oil Company of Avon Park.

The reception was held in the Social Hall of the church, which was decorated with arrangements of roses and fern.

Miss Linda Winslow presided at her cousin's bride's book. Mrs. Ophelia Moore, the wedding cake, assisted by Miss Cheryl Guendy. Serving punch were Mrs. Patty Butler, Mrs. Sue Mosley, Miss Sandy Biggs and Miss Arline King.

The table refreshment tables were covered with white, one with center with the bride's wedding cake, lower layer a square with round open layers, topped with a miniature bride and bridegroom carrying out the color scheme of pink and white. Silver, candleabra, white taper and the arch used in the wedding ceremony framed the couple for the cake cutting ceremony.

Punch, nuts and mints were served with the cake.

Mr. and Mrs. George Wind, Mr. and Mrs. George Wind, Mr. and Mrs. Eugene Ryals of Geneva, Mrs. Kathleen Campbell and Mrs. Frances Fletcher of Jacksonville, Mrs. W. C. New, Jacqueline Webb, Charlotte Hochler, Laron, Arsenault, Mrs. Loren A. Jones from Deland, Miss Evelyn, Mrs. Kucimome, Mrs. Joe Newsome, Lakeland, Mr. and Mrs. Doug Swinson, Mrs. Charles Mitchell and Julian Mitchell from Frostproof.

Avon Personals

B. Happy Stom

Dr. and Mrs. Richard Janiga and family have moved to Lake Placid, where Dr. Janiga will open his own dentist office.

Mr. and Mrs. J. H. Heiring and daughter, Marian, Ash St. have returned from a several months stay in Iowa.

Miss Charlotte Westrich, No. 3 Woodlawn Ave., returned Tuesday from Iowa, where she vacationed for two months.

Mr. and Mrs. D. K. Wilcox of Mansfield, Ohio are the guests of Mrs. Frank LaFollette, 417 E. Main St. Wilcox, grandson of the late Fred Book, is executive vice president of Innovations Inc., Mansfield, Ohio.

Mr. and Mrs. Zeno Warner, 4017 E. Main returned Tuesday from a two weeks vacation in Clyde, Ohio.

Daytona Beach seems like the place to go for a week or two just for a weekend. Proving this Avon Park was well represented last week as well as over the weekend. Mrs. Roy Wilcox and the Lawler Wells family spent last week and plan to stay this week at the beach.

Visiting with them at the beach over the weekend were Mr. and Mrs. Kenneth Wells and Mr. and Mrs. Gerald Traverser, and Mrs. Ophelia Rihner and son, Mike.

Mr. and Mrs. Malcolm Crews and sons, Dennis and Keith also spent a few days at Daytona Beach.

Mr. and Mrs. Richard Sherwood have returned from a three weeks vacation. They visited relatives in New York, Michigan and Ohio. They toured 13 states and Canada camping along the way.

Mrs. Floyd Oldham, Eve Camp and Ophelia Rihner are moving to Lake Placid where Dr. Janiga will open his own office.

Attending were Priscilla Tatam, Carol Thiem, Ann Johnson and Patty Perez.

Mrs. Janiga received a silver tray from her friends.

Miss Naomi Ewen Cribb assisted her mother in serving refreshments at the pool side.

Mr. and Mrs. Thomas Schrockley have returned from Michigan and plan to make Avon Park their home.

William R. Ryals, served his son as best man. Bridesmaids were, Lee Ryals and Harry Ryals, brothers of the bridegroom; and Dee Causey and Curtis Nelson as ushers.

After their wedding trip to Fort Myers Beach, the couple will return to Avon Park, where the bride will reside while the bridegroom serves his term in the navy.

U.S.S. Kitty Hawk. The bride is employed by the Big Oil Company of Avon Park.

The reception was held in the Social Hall of the church, which was decorated with arrangements of roses and fern.

Andrea Maria Salis Engaged To Keith Edward Albritton

Mr. and Mrs. Raymond Peter Salis of Mahan Drive, Tallahassee, announce the engagement of their daughter, Andrea Maria, to Keith Edward Albritton, son of Mr. and Mrs. W. E. Albritton of Avon Park.

The wedding will take place September 7 at the St. Thomas Moore Chapel in Tallahassee.

All friends are invited to attend.

Pool Party For Mrs. R. Janiga

A pool party was held in honor of Richard Janiga last Thursday by hostess Mrs. Wayne Cribb, at the home of Mr. and Mrs. J. A. Perez.

Dr. and Mrs. Janiga are moving to Lake Placid where Dr. Janiga will open his own office.

Attending were Priscilla Tatam, Carol Thiem, Ann Johnson and Patty Perez.

Mrs. Janiga received a silver tray from her friends.

Miss Naomi Ewen Cribb assisted her mother in serving refreshments at the pool side.

Mr. and Mrs. Thomas Schrockley have returned from Michigan and plan to make Avon Park their home.

William R. Ryals, served his son as best man. Bridesmaids were, Lee Ryals and Harry Ryals, brothers of the bridegroom; and Dee Causey and Curtis Nelson as ushers.

After their wedding trip to Fort Myers Beach, the couple will return to Avon Park, where the bride will reside while the bridegroom serves his term in the navy.

U.S.S. Kitty Hawk. The bride is employed by the Big Oil Company of Avon Park.

The reception was held in the Social Hall of the church, which was decorated with arrangements of roses and fern.

Miss Linda Winslow presided at her cousin's bride's book. Mrs. Ophelia Moore, the wedding cake, assisted by Miss Cheryl Guendy. Serving punch were Mrs. Patty Butler, Mrs. Sue Mosley, Miss Sandy Biggs and Miss Arline King.

The table refreshment tables were covered with white, one with center with the bride's wedding cake, lower layer a square with round open layers, topped with a miniature bride and bridegroom carrying out the color scheme of pink and white. Silver, candleabra, white taper and the arch used in the wedding ceremony framed the couple for the cake cutting ceremony.

Punch, nuts and mints were served with the cake.

Mr. and Mrs. George Wind, Mr. and Mrs. George Wind, Mr. and Mrs. Eugene Ryals of Geneva, Mrs. Kathleen Campbell and Mrs. Frances Fletcher of Jacksonville, Mrs. W. C. New, Jacqueline Webb, Charlotte Hochler, Laron, Arsenault, Mrs. Loren A. Jones from Deland, Miss Evelyn, Mrs. Kucimome, Mrs. Joe Newsome, Lakeland, Mr. and Mrs. Doug Swinson, Mrs. Charles Mitchell and Julian Mitchell from Frostproof.

Mr. and Mrs. Richard Sherwood have returned from a three weeks vacation. They visited relatives in New York, Michigan and Ohio. They toured 13 states and Canada camping along the way.

Mrs. Floyd Oldham, Eve Camp and Ophelia Rihner are moving to Lake Placid where Dr. Janiga will open his own office.

Attending were Priscilla Tatam, Carol Thiem, Ann Johnson and Patty Perez.

Mrs. Janiga received a silver tray from her friends.

Miss Naomi Ewen Cribb assisted her mother in serving refreshments at the pool side.

Mr. and Mrs. Thomas Schrockley have returned from Michigan and plan to make Avon Park their home.

Lunches To Be Paid For Each Day
This school term there will be a change in the way most pupils pay for their lunch. Pupils in grades two through six will pay for their lunches daily as they go through the line to be served. The first grade will continue to pay for their lunches on Monday for the week.
Lunches with milk will continue to be 35¢ per day. Extra milk may be purchased for 5¢ per one-half pint.
The spectrum is classed as a living fossil, as the species has changed very little for an estimated 80 million years.

RENA K. SMITH, president of the American Legion Auxiliary and Club Secretary Ruby Heim are shown with duty bags for the men in Vietnam.

American Legion Auxiliary Prepare Ditty Bags for Vietnam

During a meeting of the Highlands Unit 66 American Legion Auxiliary, the members had an opportunity to see first hand what it was like last Christmas in Vietnam.
Colored slides taken of the men as they received their ditty bags, opened them and inspected the contents, which were taken by Red Cross was shown at the meeting.
As we fill the sixth ditty bag for the Highlands County Chapter of Red Cross this next week, the program is going to be more meaningful to us as the result of seeing these slides, said Mrs. Rodney Lane, Unit Chairman of American Security.
The Unit agreed that the program would cooperate in the program of service to Sunland Adult

Center, Arcadia by providing a party, books and other items.
Mrs. Alice Sherman donated 65 paper back books for the G. P. Moore Memorial Hospital, Arcadia. These were delivered by Mrs. John P. Arnold.
Mrs. Ruby Heim reminded the members that dues should be paid prior to October 1 in order to avoid the extra 25 cents increase which the national organization is expected to add to dues during the convention which will be held in New Orleans, September 6-12, 1968.
Plans were discussed for the visitation of the Department President, Mrs. Joseph Kuhn, September 22. This is to be a dinner meeting and Units from Sebring, Lake Placid and Wausau will join Unit 66 for the visit.
Mrs. John P. Arnold, as chairman of the dinner and to work with her Mrs. Edith Young and Mrs. Viola Vorwerk.

Three Year

(Continued from page 1)

may not be available for the completion of any project during a fiscal year or even in a subsequent fiscal year.
An examination of the accounts and records of the commissioners evoked the comment "they were kept in accordance with the uniform system of accounts as prescribed by the State Comptroller. Interest in some of \$70,000 was earned during the audit period from time deposits of temporarily idle funds."
Just a year ago, Rich obtained permission to deposit excess funds immediately on receipt, rather than wait for the next board meeting, thus obtaining more interest.
A centralized purchasing system was in use during the audit period. Lloyd noted and the bid laws were usually followed. However most receiving reports for road and bridge department purchases "were not signed by the person receiving the merchandise. And some purchase orders were issued without having the merchandise priced on the purchase order."

Hearing

(Continued from Page One)

and Carver Schools as schools housing children of one race exclusively.
Statement 13 is "Since the Summer of 1965, newly hired white teachers were assigned primarily to predominantly white schools. Negro teachers have been assigned primarily to schools attended only by Negro students."
Two statements were devoted to assignment of white school bus drivers for predominantly white schools and Negro drivers for Negro schools.
Douglas pointed out today that in the 1967-68 school year 13 teachers were assigned across racial lines, and in the 1968-69 year 27 teachers out of the county's almost 300 classroom teachers will be assigned across racial lines — 27 white teachers in predominantly Negro schools and 10 Negro teachers in formerly all-white schools.
The performance rating system for teachers which had figured in early charges of discrimination has been abolished. Seventh and eighth grade classes have been moved from Carver School to Lake Placid Junior-Senior High School.
The junior high classes have been retained at Hopewell in Avon Park and E. O. Douglas in Sebring due to the extreme classroom shortage at Avon Park and Sebring junior and senior highs.
Within the past month the school board adopted a tax program for pay-as-you-go construction of new classrooms. Douglas has insisted that HEW would not accept promises of new facilities but would require at least a specific time table which would indicate when Highlands County school buildings will be adequate for housing a single school system.

Ag Leaders To Meet Sept. 6

Agricultural leaders throughout South and central Florida will hold seven important Florida Farm Bureau Federation policy development meetings Tuesday through Friday of next week according to an announcement today by FFBF officials.
All South and central Florida farmers interested in the development of Farm Bureau policies for the coming year are invited to meet in the city nearest them.
Highlands County's meeting will be held at Griffin's Restaurant in Avon Park, Friday, Sept. 6, Dutch treat dinner.

School Bells

(Continued from Page One)

red and they have one child.
Mrs. Helen B. Britt, school high librarian, has a BS from Florida A & M University and further study at Florida State University.
Charles A. Brown, Jr., 30, grade 8 English teacher has a BS degree from Edgewood State College, Edgewood, Pa., and taught one year at Meadville, Pa. junior high school.
Mrs. Frank T. Cook, school social work and guidance has a bachelor's degree from Florida State University and a masters degree from the University of Florida. She has taught eight years in education, including classroom teaching, guidance and counseling handicapped students.
Dorothy N. Nash, reading teacher, has a BS degree from East Tennessee State and comes to APHS with three years teaching experience.
John Howard, 10th grade English from Ocala, BA from Florida State University and his first year teacher at Edward K. Kemp Jr. MS, geography from Florida State University, married with three children and has taught five years at Baker County High, Marianna.
William H. Kirtrell, comes to the high school from Bradenton with a BS degree in biology and agriculture, Middle Tennessee State University. He is married and has one son four years old.
William Lee Knecht, BA degree from Florida Southern College, RD degree from Emory University, Atlanta, Ga., and graduate work at FSU and University of Florida. He taught five years in Baker County High in Marianna.
Howard McGinnis, will teach junior high science and civics and coach junior high football and "B" team basketball. Married and has two girls. He has a BS degree from Huntington College in Indiana.
Paul Roberts will teach social studies and coach JV football and track, has a BS degree from Catawba College. He is married and they have three children, Tracey R., Casey G. and Paul III.
Roger Alan Sanderson, BS in biology from Florida Southern College.
Lillie Sandlin, junior high special education, has a BS and MS degree from Indiana University. She has had 26 years teaching experience in Kentucky and Indiana before coming to Avon Park. She has a son, Fred Sandlin, who is also a teacher and coach.

at the high school.
William Talbot will teach junior high math. He is a graduate of University of Tennessee of last Sunday and will arrive late and will be newly married.
"Creeping eruption" is actually an annual houseworm trying to live within the layers of the human skin, says the State Board of Health.

For some gain, opportunity needs to look up one.

Mrs. Moseley Initiates New Course In Home Economics at APIHS

Mrs. Violet Moseley, head of Avon Park High School's Home Economics department, will initiate a new course in the home economics department at the local high school this year as an outcome of her attendance at two sessions of the past two summers at Florida State University on General Employment in Home Economics.

Mrs. Moseley was one of 33 teachers chosen through out the state last summer to attend a seminar to prepare the group to develop a guide to aid teachers in the organization and teaching of classes in occupational home economics. During the year the teachers continued study on the project under the direction of

Dr. Agnes Butler, associate professor, FST, a course in preparation for the production workshop which was held this past summer at Florida State University. The original teacher group of 33 attended the production workshop and developed the guide which will be used by teachers in the state in the future.

The Vocational Art of 1963 set up the program which Mrs. Moseley helped develop the past two summers. This act had three purposes: (1) to extend present programs and develop new programs in vocational education; (2) to encourage teachers to use the state's resources; and (3) to provide work study programs to enable young men to obtain vocational education. Financially it means that the state appropriations of Federal funds for the traditional home economics program is 10 percent less. But the challenge is in organizing advertising and teaching programs that consistently enable persons to be successful in gainful employment. For this service, there are funds in abundance. Avon Park will offer such a course this year under Mrs. Moseley's direction. It will be entitled "Wage Earning in the Area of Clothing and Home Furnishings."

The production workshop this summer prepared four guides in the following areas of occupational home economics: (1) child care services; (2) clothing and home furnishing services; (3) home-maker's aide services; (4) orientation to the world of work and (5) supervised food.

NEEDY GET FOOD AID
The U. S. Department of Agriculture's Consumer and Marketing Service reports that 130,702 needy Florida residents, including 218 in this county, received food aid during June through its commodity distribution program. This was 6,106 persons less than the number that took part in the program during May. CAMS attributed the decreased participation to the seasonal increase in employment.

New president of the Florida Magazine Association is Harris Mullen, publisher of Florida Trend Magazine. Mullen was called back into office for the third time in 12 years.

service worker. Mrs. Moseley will use the guide to teach the new vocational course offered this year. Sebring will also offer this new course, and the guide will be used by the five areas developed.

Rotary Report
Reported by Jim Turnbull
Ernest Koller, program chairman for August, introduced John P. Wallace, president of Chatham-Hatcheries of St. Petersburg. Mr. Wallace is president of the local poultry and egg companies stretching from North Carolina to Latin America.

In introducing Mr. Wallace, Ernest pointed out that he is a nephew of the former vice president and Secretary of Agriculture, Henry Wallace. Mr. Wallace was born in Des Moines, Iowa, is a graduate of the University of North Carolina. Mr. Wallace presented a very interesting and informative program using color slides and an explanation of the production of eggs, breeding practices and hatchery procedures used by his own companies as well as the industry.

The trade name for his own chicks is "High Line." He says that they live well, they lay well—turning out about 26 dozen eggs per year or that this can be calculated to thirty pounds of eggs.

Mr. Wallace touched on an interesting aspect of his business when he told an about industry research into multiple chickens. In fact, he pointed out that his own operation has some that weigh 2½ pounds instead of 4½ pounds and they lay almost the same size egg and as many. The industry can see great advance in a chicken like this because it would cut down on the amount of feed needed and they would take up less cage space.

Mr. Wallace presented some very interesting remarks on breeding. It seems that we now mate brother and sister quite extensively to get a better blood line. The industry spends over \$1,000,000 in experimenting with breeding practices, blood typing and crossing of breeds to produce a better grade of hen. They keep all of these records on I.R.M. equipment.

Mr. Wallace showed some slides of his Dade City plant where they are beginning a new breeding stock process. He also showed us an experimental cage with 20 to 30 hens with two or three males.

There was a very interesting part of the program that dealt with the hatching showing the various incubators, the type equipment used for the placement of eggs until they are hatched. When 90% of them are ready, they are combed, sexed and boxed. One interesting fact about this procedure is that they throw away all of the males as these are not needed in raising laying hens.

After they are sorted some are even deboned to keep from damaging each other. Mr. Wallace pointed out that a great many of his chicks were grown for use by his own companies at his own broiler farms for six weeks and are placed in cages where they will never touch the ground. Then they go on to a growing farm and stay there until they are 20 weeks old.

Mr. Wallace pointed out that in his operation they own feed mills which supply all of the feed necessary for his operation and that from each farm he receives a daily report on egg production, feed consumption, mortality rate. These items are phoned into the main office each day.

He operates under contracts with individual farmers for laying. He pointed out that this seems to be the most successful way for him to own and provide the laying hens contract to farmers for the production of eggs.

Mr. Wallace pointed out that over 10,000,000 layers generate over \$100,000,000 in Florida's economy of agri-business.

In touching briefly on his Latin American operations, the companies export hatching eggs and breeding stock. He figures something like over 8,000,000 baby chicks leave Miami—their largest single live export.

The latest gift to Park library is a fine new of the state. This was presented of our librarian, Mr. How, who

The Library Corner

The latest gift to our Avon Park library is a four by five foot map of the state of Florida. This was presented by a friend of our librarian, Mrs. Eugene Hise, who is associated with the Department of Geological Survey of the United States Department of Interior at Washington, D. C. The colored map which was compiled in 1966 and edited in 1967 shows the counties, the delineated highways and counties, the National Parks, Forests, Wild Life Refuges, the Indian Reservations, and the surface altitudes.

Angelo has mounted the map which may be seen now on the East wall of the reading room. Also received are large detailed maps made by the same Geological Survey of the U. S. Government of parts of Hardee and Polk counties as they border each other and all of Highlands County. These are not on display but are available at the library desk.

In the Great Central Valley of California, some 220 different crops are grown on 60,000 acres of irrigated land.

WE SALUTE

LABOR

DAY

We Will Be Closed Monday In Observance of Labor Day

Serving Every Working Men & Women on Labor Day

Our entire society depends upon these men and women who spend their lives in creating and distributing our nation's wealth. We sincerely pay tribute to them on their own day, Labor Day. And we invite all to make use of our qualified counsel in all of their financial affairs.

FLORIDA ALCOHOLIC REHABILITATION PROGRAM

alco- topics

By PAUL C. FORAKER
Editor, Information Services

We in America have invented a number of words to describe intoxication.

A person not only gets drunk nowadays. He also gets stoned, pooped, light, plus any number of other descriptive adjectives.

But regardless of what you might call it, there are individual, unexplained differences which permit some people to remain apparently sober even though they drink great amounts of alcohol.

Some scientists believe these differences lie in the enzyme system and the ability of the individual to metabolize alcohol beverages.

Other people are so constituted that when they drink moderate amounts of alcohol, the muscular valve between the stomach and intestine closes tightly and a large proportion of the alcohol remains unabsorbed for many hours.

This condition often is accompanied by nausea and vomiting, and people affected this way seldom become excessive drinkers. A person's emotion at state at the time he drinks also has something to do with how soon he shows the effects of alcohol.

A certain amount of drinking can often be done without any visible ill effects. Yet the results of excessive drinking are often extremely devastating, as anyone who has experienced a hangover knows. Organs that control important chemical processes in the body are affected by alcohol's

action on the brain, and this in turn affects the way other glands and organs work. When such a process is repeated over and over as it is in habitual drunkards, it can cause serious and lasting injury to the body's tissues and organs, and this can result in stomach, liver, and kidney ailments plus various forms of neuritis.

One of the more serious diseases that may develop from such heavy drinking, along with an improper diet, is cirrhosis of the liver, a common cause of death among alcoholics. Excessive drinking over long periods of time may also result in serious nervous and mental disorders.

Habitual drinking of distilled beverages often produces vitamin deficiency and the diseases that result from inadequate diets. Alcohol does not supply the minerals, proteins, and vitamins essential to health. Thus people who drink distilled alcohol regularly, day by day, may have their appetite satisfied and fail to eat the foods they need to keep healthy.

On the other hand, people who drink regularly but who continue to eat a normal diet are apt to become overweight. A highball or cocktail containing 1½ ounces of whiskey has the same number of calories as six teaspoons of sugar or two pats of butter.

Want to know more? Write for free pamphlets from FARP's Information Services, Box 1147, Avon Park, Fla. 32825.

Maurice Phillips Promoted To Administrative Assistant By FPC

Maurice H. Phillips, Gainesville district manager for Florida Power Corporation, has been named administrative assistant to the company's Suncoast division manager in St. Petersburg, and Carl G. Petteway, Jr., a residential sales counselor in the Gainesville district, will succeed Phillips as district manager in Gainesville. The promotions have been announced by John E. Gleason, Florida Power's manager of division operations, and will become effective August 28.

Phillips was born in Arcadia, and is a graduate of the University of Florida with a bachelor of science degree in electrical engineering. He joined Florida Power in February, 1961, as an associate engineer in the company's Lake Wales engineering department, becoming an engineer in February, 1963. Phillips was named a district representative in Avon Park in September,

1964, and was promoted to Gainesville district manager in August, 1965, holding that position until receiving his

MAURICE H. PHILLIPS
newest assignment as administrative assistant to Carl R. Collins, Jr., Suncoast division manager. Phillips is active in the Rotary Club, holds the position of vice president of the Gainesville Junior Chamber of Commerce, and is the current district chairman of the United Fund Drive. He is married, the father of three children, and lives at 303 N.W. 34th Drive, Gainesville.

A. G. Hardee, Jr. Receives Doctor Degree

A. G. Hardee, Jr., son of Rev. and Mrs. Addison Hardee of Avon Park, received his doctor of philosophy degree in aerospace engineering from the University of Florida, Gainesville.

Dr. Hardee and family recently left Gainesville for Fort Collins, Colo., where he will begin his professorship in aerospace research at the University of Colorado.

It costs over \$1,000 per hour to operate a 4 motor jet trade

Former Avon Resident Dies

Van Dolan Gunther of Warren, Ohio, died August 21, and was buried in Warren, Ohio August 24. He was born in Avon Park June 1, 1917, and is survived by his widow, Mrs. Margaret Gunther, one daughter, Mrs. Louise Williams, two grand children, of Moravia, Ga. and three others, Mrs. Betty Hardee of Avon Park, Mrs. Ethel Lee, Fort Lauderdale, and Mrs. Ira Swann of Virginia Beach, Va.

The Brenner Pass Railroad travels over 50 bridges and through 20 tunnels, and is open the year around.

A JOHN PERRY PUBLICATION

Avon Park, Fla., Aug. 29, 1968-18

Tom Lishman Receives Award

A special award was presented August 21, to Tom Lishman, who is employed at Ridge 46 Service Station, Hwy. 27 in Avon Park. The award, a plaque bearing two rare silver dollars, two Kennedy half-dollars, and a specially matted commemorative coin set in an automotive engine design, was presented for exceptional customer service by a representative of The Gates Rubber Company.

The Denver-based rubber company sponsors a national contest from its 36th year to reward service station personnel who provide exceptional customer service. A fleet of "Gates Mystery Cars" regularly travels across the country stopping at service stations. Each "Mystery Car" has a worn fan belt and a defective belt and offer to replace it.

Avon Mobile Home Park News

The third annual picnic of Avon Mobile Home Park was held at the home of Mr. and Mrs. Alva Thompson August 18. Forty residents of the Mobile Park and four other guests from Avon Park were present with well-filled baskets. Toasts in Indiana, represented included: Housing, Prayers, New, Carolee, Bourland, Laporte, South, Whit, Wauwaka, Syracuse, Laporte, Lafayette, Butler, and Fort Wayne, Washington, Iowa, Michigan, Ohio, Allegan, Mich. were also represented.
Four daughters and six grand children of the Thompsons assisted the husbands of the kitchen and serving for the evening.

A sad accident occurred to Mrs. Titus from Ohio while coming through Fort Wayne, Ind., on her way to the picnic. Her car was struck by another auto causing a complete loss of her car. However, she suffered no serious injury.
We are sorry Paul and Jenny Kim of Laporte could not be with us as Paul was in a hospital in Chicago recovering from a serious operation.
During the afternoon shuffling, lively and constant conversation and a home-cooked meal feast was enjoyed by all.
New officers for the coming year consist of: Harn Byers, president; Basil Kromtz, vice president; and Ula Miller, assistant secretary. Plans for next year's picnic were made and is to be held at Bourland Park in Bourland, Ind.

11 and 12, Block 262, Lake Sebring Subdivision, \$23,000.
Charles Prebble also known as Charlie Prebble and Arizona Prebble, also known as Zona Prebble, his wife, to Leo Boney and Kathleen Boney, Tract 9 in Section 28, Township 37 South, Range 33 East, \$28,500.
About a million acres of tillable land is taken out of circulation each year—and used for homes, roads, airports, factories.

Voters To Elect Three For City Council Seats Tuesday

LESTER BROWN

JACK DUGGAN

EDDIE JOHNSON

CLARENCE KING

DURRAH MARTIN

ANDREW SCOTT

J. B. SPARKS

Avon Park voters will choose three councilmen Tuesday and elect three councilmen to serve for a two year term.

Seven candidates, including two incumbents, three former councilmen and two newcomers are vying for the three seats.

Incumbent Durrah Martin, seeking his third term, was high man in the last election in which he won his second term and saw two councilmen defeated.

Council President Andrew Scott, seeking his second term, was defeated in last year's election by Clarence King and Jack Duggan, who have gained support from voters who have been critical of the way the airport and the new jail have been handled.

King has served nine years on the council. He was high man in every election except last year when he was defeated.

Duggan served one term as a councilman in last year's election by one vote under Rodney Lane.

Another former councilman seeking a seat on the council is J. B. Sparks, a former businessman, now retired. Sparks was mayor against Jimmy Doerr in the last city election and was defeated by a small margin.

Newcomers to city politics are Eddie Johnson and Lester Brown.

Johnson is owner of Sunny Ridge Trailer Park.

Brown is the owner of The House of Better Nutrition.

Also to be voted on is five questions. They are:

1 Are you in favor of Civil Service for city employees?

2 Are you in favor of the City selling tax certificates each year for delinquent taxes?

3 Are you in favor of the city adopting the county tax assessment roll?

4 Are you in favor of the city having a City Judge who shall be an attorney?

5 Are you in favor of the city attorney also acting as prosecutor attorney in municipal court?

New Supper Club Opens In Avon Park

A new restaurant opened for business in Avon Park, The Supper Club and Lounge, in the Saccarda Hotel, managed by Alice and Bill Smith, formerly with Chautauque.

Specializing in prime steaks, seafoods and chops at their finest, with your favorite cocktail if you like, as well as dancing.

There will be live music Friday and Saturday nights, and opened daily at 5 P.M.

Starting September 9, a businessmen lunch from 11:30 A.M. to 2 P.M. beginning at 85c.

AVON BREAK-IN Phillips West End Grocery store on Route 44 West of Avon Park was broken into Sunday.

Chief Deputy Sheriff J. C. Murdoch said cigarettes, groceries and beer were taken. Entrance was gained through a rear door.

Deputy Gerald King reported.

A HOST of Avon Park businessmen and public officials turn out Tuesday to meet Congressman Paul Rogers on his visit here before returning to Washington for the Fall session of Congress.

Congressman Rogers is running for re-election against Robert Russ of West Palm Beach. Congressmen Rogers is the tall man standing beside Mayor Jimmy Doerr.

Four Teams Will Play In Football Jamboree Saturday

The Avon Park Red Devil football team will see some action this Saturday night when the Devils host the newly organized Football Jamboree in which Arcadia, Sebring, Wauchula and Avon Park will play two quarters each against different opponents in a practice situation that will give area fans a pre-season look at the players.

The jamboree will start at 8 P.M. at Memorial Stadium. This year's schedule has Wauchula meeting Arcadia in the first quarter, Avon Park playing Sebring in the second quarter, Wauchula and Avon Park battling in the third period, and Arcadia and Sebring finishing out the fourth quarter.

Ten lettermen will return to the Red Devil varsity this year to form the core around which head Coach Joe Franz will have to build his 1968 team. Senior returning lettermen are Ed, Tim Braswell, center.

Tom Townsend, linemen, Horace Watson, Ed Rock, and Jim Nunnallee, and backs, Billy Richards and Gene Landress. Junior lettermen are backs, Willie Joe Seigler and Curtis Hulen.

Other seniors out for the varsity this year are end, Alvin Hollinger, and linemen, Jerry Kendrick, Junior who will be trying for a starting position this season are Neil Cassell, Roy Clatt, Johnnie Hamilton, Joe Hardy, and Tom Culbertson. The squad will have a number of tenth graders trying to stay up with the varsity. Out this week and scheduled to play in the jamboree game Saturday night are Danny Albright, Donnie DeLaney, Ricky Dick, Joe Franz, Harold (Winky) Hall, Steve Hart, Hershel Haywood, Fred, Johnny, Julian Kendrick, Walter Nunnallee, Mike Ribner, Tim Shields, Winston Smith and Wesley Turner.

Freshmen who are working

out with the varsity are Eddie Earl, Don Sizemore and Randy Ward. Several boys have not reported for practice yet but with school starting this week the squad is expected to reach full strength by the end of the week.

The big question mark for many fans this season is who will move in as starting quarter back with last year's veteran Danny Montedecora out with an injury received last Spring in an automobile accident. Senior Gene Landress, Junior Willie Seigler, sophomore Winky Hall, and freshman Don Sizemore are all working out in the signal calling position but Franz and backfield coach Ralph Hill will not make a decision until after the jamboree and the soap scrimmage game which will be played here at Memorial Field Friday, Sept. 13.

Another position left open by graduation last year is full back. Returning at fullback will be Billy Richards and Willie

(Continued on Page Two)

Commissioners Study Prison Labor for Roads

Highlands County Commissioners have begun work on two plans to put county prisoners to work. At Tuesday's meeting the board authorized a study of instituting a "work gang," and at the same time adopted a statement endorsing a "work release" program.

The latter would have to wait on the next session of the Legislature but commissioners say they would like to begin work gangs as soon as the program could be worked out. Commissioner Earl Outfield, chief proponent of the work status, sees them as an answer to the shortage of unskilled labor for the county's road and bridge crews.

Robert Bolcom, probation officer for this area, attended Tuesday's commission meeting to query the commissioners on their ideas about a program to release prisoners for private employment during a part of each work day.

He presented materials showing that a pilot program in Marion County is considered an outstanding success during the first year of operation. He said the Florida Probation and Parole Commission may seek general legislation to make this a state-wide program.

Highlands County commissioners said they are so impressed with the idea they may seek special legislation if a general bill is not introduced. Under the work-release program selected prisoners, approved by the county judge and the sheriff, may work, serve jail sentences at night, on weekends and holidays.

In Marion County work is supervised closely and pay is administered by the courts with \$3 per day going to the county for room and board in the county jail. Some funds are assigned to dependents and some money is placed in savings to be given to the prisoner when his jail term is completed.

Bolcom said the average daily count at the Highlands County jail is 30 to 35 and he estimates that of this number five or six would be good candidates for a work-release program and "most of the others would be available for a work gang."

Planning for prisoner work took a major portion of Tuesday's short commission meeting.

Health Travel

The commissioners and Health

(Continued on Page Two)

Avon Park High School Shows Only Increase of Students in County

Avon Park High School opened its doors Tuesday morning with a program planned by the student council.

The APHS band welcomed the students into the auditorium under the direction of Vic Mickunas. David Woodward, president, Doug Ayerst, treasurer, Jeanne DuBose, secretary, and Charlie Magenheimer, vice president, showed a new kind of leadership.

Doug told of the work done this summer to prepare the campus for an anti-litter year with an abundance of bright, new red waste pans painted by the members of the band.

Jeanne DuBose announced the student council dance to be held at the Elementary School Cafeteria, Friday night, 8-11 o'clock, Sept. 6.

David recounted plans and progress for a new school year in which the student council has been restructured to give a more democratic student participation in the governing of the school and greater support for the student council.

The emphasis this year is to be on beautification of the campus, a constant vigilance on keeping the grounds neat, actual plans to deal with violators, greater emphasis on scholastic achievement and other new features.

Aaron Cravens, high school principal, and Guy Garrett, supervising principal, followed the student council speakers. All teachers were introduced, many of whom are new this year.

The changes are numerous but the most outstanding one is the seven period day which will open with the first period starting at 8 A.M.

The mood and atmosphere of this opening assembly was a confident dedication to have respect for law and order, high values, a more serious emphasis on academic achievement and a unanimous backing of an energetic student council.

Avon Park High School will honor its commitment to educating those students who will soon become citizens of this community and of our nation.

Avon Park area schools had a total of 2046 students for the opening day of school.

Rate Increase Proposed For Trash - Garbage

A rate increase for the trash and garbage in the city of Avon Park was proposed at the last regular meeting of the city council.

The action came over the objections of Councilman Durrah Martin and after a check of other cities in the ridge area which showed Avon Park's to be the lowest.

The rate increase will be in every category and will range from a 50c increase to as high as \$4.

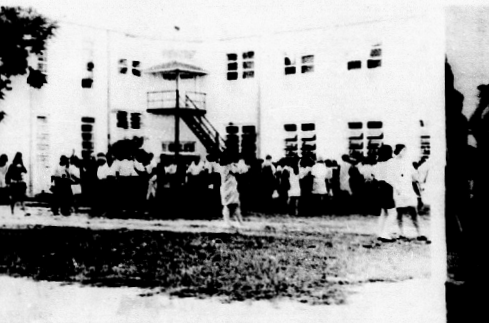

In a one family dwelling the present rate is \$1.75 and the proposed new rate is \$2.25. Two family dwellings \$1.50 to \$2.50. Apartment houses two or more \$5c to \$1.25. Hotels (meals not served) \$2.50 to \$4. Commercial establishments \$3 to \$5 with two pickups per week. Garages and service stations \$3 to \$5.

Office buildings \$5c to \$1. Hotels (meals served, daily pickup except Sunday) \$4 to \$13. Restaurants with daily pickups, except Sunday \$4.

Drug stores with meals served and daily pickup except Sunday \$4 to \$13. Grocery stores with inside garbage rooms \$10 to \$16. Trailers and or house cars occupied as dwelling places, per trailer or house car 75c to \$1.25.

STUDENT COUNCIL OFFICERS welcomed students back to school Tuesday at Avon Park High School. Left to right: Jeanne DeBose, Vic Mickunas, Doug Ayerst, and David Woodward.

STUDENTS OF Avon Park High School wait for the bell to ring Tuesday, the first day of school. Avon Park schools were the only ones in the county that had an increase in enrollment.

AVON ELEMENTARY students look over the bulletin board to find their room numbers and teachers names.

They'd Let Them Starve

Despite the vigorous denials by county officials of the existence of hunger in four of Florida's lowest-income counties, more than 4,000 needy persons had applied and been certified to receive U. S. Department of Agriculture food assistance by the end of July.

"There's no hunger in our county," and "Lazy people should starve," were some of the comments USDA officials received when they approached officials of their counties — Columbia, Glades, DeSoto and Holmes — with the offer to set up a food assistance program.

Yet when the food distribution was set up in these counties, it developed the need for food came from people who for the most part were physically unable to work.

Highlands County has this food program and it does much good here. It is shocking to realize that these four counties refused to operate a food program even when offered 100 per cent financial assistance.

Many of us get irritated with the giveaway programs, the generations of one family which continue on welfare, the able bodied men who refuse to work because they can make more money on welfare. And these have all been cases in the newspaper in the big northern cities.

But how can any of us see somebody go hungry? In America? We cannot understand the callousness of the individuals in these counties who talked to the USDA refusing to cooperate.

Letter To The Editor Claims Avon Park Retarded

Dear Editor:

Some 13 years ago, the Avon Park Sun published a half-page article in issue entitled "Let's Get Together." In the intervening years I'm not sure which has been most confused, the city of Avon Park or its residents. In my own personal life from the standard of living, to others, it is far better that north were subjects of public discussion than subjects of discussion by "whispering saints" who lack the intellectual fortitude to "be what you are." The whole truth published about Avon Park government and administration might appear quite different. We all blunder but are willing to learn and let others learn from our blunders. If Jesus Christ to remain perfect had to grow in wisdom how much more do imperfect humans need to grow by freely sharing and learning from one another.

Avon Park needs to learn both from its own past and from the experiences of other communities. It seems to have been left behind, a potential "school of retarded children" needing special attention. Perhaps we need only to look around us and ask "How many people here in city government, banks and public utilities have prospered at the expense of the community as a whole? Communities in general exploit the "quarters," "quarters" where "unassimilated" minorities of color, nationality, class or creed exist. We just haven't enough of the love of God in our hearts to share our development with these "quarters" that our exploitation doesn't end there.

Personally I have to smile at the published claim that the "average income" for this area is some \$6,000 per year. There must be a few fat salaries in that average. I've never sought nor attained that "average." In fact as I grow older, all I desire is to be worth to someone, the space I take up.

The closest I ever came to the "average income" was when I fell into a share of the Avon Park Lakes exploitation. How many people are scattered over the U. S. who because of this exploitation at the mention of Avon Park? The lions share of this bonanza left the community with the developers, but what are the local people who prospered most doing to redeem the good name of Avon Park? Is our present Chamber of Commerce creating any effective goodwill toward Avon Park? Can't we do more to show residents and strangers alike that we care about them and their problems?

For some 20 years, both for better and for worse, Avon Park was tied to one mayor. Newcomers to the city council do well to make his acquaintance and learn some of what he learned in that time. But as mayor his very goodness was exploited in the name of "friendship." For example I've heard him

say, "Florida Power is the best friend Avon Park ever had." However, we read in the papers how much higher our electric rates are than the rates for the majority of the country. This is not one sample of "mild" "leaky" facts grasping all they can get and returning to the rest of the community. In that regard I always liked the "leaky" facts of the poor who put her last nickel in the collection and said "After all God doesn't look so much on what we give as what we have left after giving." Take a look at what some of our benefactors have left.

We are about to elect three of the city council. In spite of a distorted picture given the public, our present council and our present city administration is an improvement. Both the elected and the appointed officials. Most of the non-elected officials would like to stay and we hope they can. As we go to the polls let's think twice before we try to restore the "good old days." Do the candidates seek to serve or to be served? This I have an aversion to "police mentality" in general, our present council chairman, who having some background in the police force, has served consecutively a good well among new candidates. We are grateful for the part John F. Kennedy played in the airport stalemate. Marjorie held the fort when nobody else dared, not being run out of town as a scapegoat of pet peeves. We still need all the businesses we can get.

In my "house by the side of the road" I was trying to find out how much I could get for how many for how little instead of how much I could get from how many for how little. But I seemed to be working against the tide in Avon Park. The late president, John F. Kennedy's challenge still rings out. "Ask not what your country can do for you—ask what you can do for your country." As the local election approaches, beware of whispered "facts" and whispered promises then VOTE!

Bob Hanford

Team Wins Pro-Am Tourney

Pro-Am-Points Wednesday, Aug. 28 won by team of Pete Peterson, Jack Duggan, J. C. Walker, John Gray.
Labor Day weekend tourney—36 holes medal play with handicap: First, Terry Akin, net 132; tied for second, Andy Miracle, J. C. Walker, net 137; tied for third, Mildred Ford, John Gray, net 138.

Blind Bogey September 2, won by Mildred Ford, 77.
Bob Bate, P. Pierce played over the weekend and shot a very fine 30-37.

FLORIDA ALCOHOLIC REHABILITATION PROGRAM

a c o t o p i c s

By PAUL C. FORAKER
Editor, Information Services

Rodney K. is an alcoholic. He has quit the bottle several times, only to return to its solace a few weeks later each time. He has even tried an alcoholic rehabilitation center, from which he received much benefit. But he is still struggling with his drinking problem.

Rodney feels his ultimate victory over alcoholism will come from his finding a closer and more binding relationship with God. Thus, although a combination of pride and guilt will not let him openly admit it, he would like to be included in the warmth and fellowship of a nearby church.

That's Rodney's situation. He's a good prospect for the kind of deliverance that many an alcoholic has found through faith in God and total commitment to Him. But encouragement alone is not enough. If they fail to show real Christian concern, they have failed not only Rodney, but their Maker as well.

Christ left the earthly tasks of helping the weak, restoring the backslidden, and showing real concern for life's dropouts to His followers, called Christians. What a monumental responsibility this is to every individual who professes to follow the Master.

Yet, those who make up the membership of the church where Rodney would like to feel welcome can each have a part in this as they do their best to make him comfortable and ac-

cepted when he visits the services.
A local church can become a shepherding community only to the degree that it has a climate of warm Christian acceptance, and one of the ultimate tests of its concern is its acceptance of people who have lost their way—like Rodney.
Alcoholics are keenly sensitive to rejection. Their emotional radars pick up subtle signals of condescension and condemnation which many people unwittingly transmit. To sum it up, how uncomfortable would I could feel in your congregation next Sunday, based on the degree of acceptance by his fellow worshippers?

The congregation's attitudes concerning the alcoholic provide either a barrier or a bridge between the alcoholic and the God he is seeking.
Certainly no Christian can be expected to approve of alcoholism, but every Christian—if he is real—must love the alcoholic. This follows the example of Christ, who, although strongly abhorring sin itself, He loves the sinner.

For too long churches have been affected by the other side when the alcoholic is involved. It's time now for Christians to work together to help build the bridge over which the alcoholic can pass as he finds God and regains his life. This bridge is simply true Christian concern.
Want more information on alcoholism? Write FARP's Information Services, Box 1187, Avon Park, Fla. 33825.

Commissioners

Continued from Page One

Department Director Dr. J. D. Workman sketched a year health travel expenses then a request for reimbursement. Controversy has centered on the payment of a \$3.51 deadline for submitting expense accounts.

At Tuesday's meeting, the Health Director agreed to pay back accounts which he had previously rejected, and the commissioners said they would support him in enforcing a reasonable deadline for submitting past requests.

The commissioners failed a request from Juvenile Court Judge Marvin Redner for transfer of funds from a juvenile home account into another phase of juvenile court operation.

Commissioner Carl McIntire pointed out that juvenile home care is under the control of the Board of Visitors and transfer of funds would have to have prior approval of that board. A legislative audit formerly filed with the commission Tuesday criticizes the Highlands County Commissioners and juvenile court for failure to follow such procedure in the past.

Wells Personnel Attending New Car Preview

Today, Chrysler dealers of Avon Park will get their first look at the new lines of 1969 Chryslers and Imperials at a preview meeting at Jacksonville.

The showing is one of 21 being held in various parts of the country for dealers and their sales staffs. They will inspect the new models following a closed circuit, simultaneously televised business meeting for dealers and salesmen which will originate in New York.

Glenn E. White, general manager of Chrysler Plymouth Division, will head a panel of executives who will discuss the 1969 automobiles and promotional plans to continue the sales momentum which made 1968 a record year for the division. The new models go on sale September 19.

Invited and attending the preview are sales and management personnel from Wells Motor Co. of Avon Park, Red Wells, Harmon Atkins, Bill Graybill, and Stanley Wells.

Four Teams Will

Continued from Page One

Sealer but a big power position needs to be filled.
On the line the Devils will have veteran center Tom Toner sent back to anchor things and Orlando Libran, big Ed Rick at 28 pounds, Horace Watson and Jim Nunnally will hold down the center of the line with Tom Bennett back of end and Jackie Hardy, Johnny Hamilton and Avon Holmer trying for an other end position.

Coach Frantz says his biggest problem this season seems to be depth. He feels the squad

will be strong in each position but will have very little experienced relief.

Coach Larry Pickett has been working with the varsity line replacing Dale Landress who has accepted a position at APV in the education department.

Fans are reminded that the football jammer will start at 5 P.M. this Saturday with Avon Park, Wauchula and Sebring playing two quarters each. Advanced tickets are in sole sale for less than admission tickets at the gate.

TO CITIZENS OF AVON PARK:

On the National and World scene, even statewide, this has been a year of drastic change for citizens. I maintain that we must also have change in our local government so that our city may keep pace with our progressive neighboring municipalities. Efficient management and effective leadership can trim excessive "fat" from our city budget, and provide a streamlined city council geared to the progress we must make and the new opportunities which will soon knock on our doors.

Look at what is taking place in the cities ninety miles from us: Disneyworld, Tarzanland and other projects proposed by developers both local and national. In a few years Highway 27 will be four-laned from the Georgia line to Miami and this will be a most decided factor in our growth. We must be ready to prepare our community for these developments and at the same time provide our city with a visionary group of men who will take advantage of these and future opportunities.

If you see fit to elect a tried and proven councilman—one that will work for the best interests of the citizens as a whole and our future community interests—

then pull lever 2A and vote for J. R. (JACK) DUGGAN

Your support and vote will be appreciated

Ministers Urge People To Vote Tuesday

"The right to vote was won for us by men who pledged their lives, their fortunes, and their sacred honor to secure independence and representative government for our native land. Brave men in each generation have given their lives to protect this sacred right. Therefore, it becomes all citizens to go to the polls and vote. Good citizenship requires that we vote. For this reason the Avon Park Municipal Association urges all citizens to vote in our municipal, state and national elections."

"As ministers of the Christian Churches of Avon Park, we urge our members, and all other citizens, to take the obligations of citizenship seriously. We call upon you, our native land. Brave men in each generation have given their lives to protect this sacred right. Therefore, it becomes all citizens to go to the polls and vote. Good citizenship requires that we vote. For this reason the Avon Park Municipal Association urges all citizens to vote in our municipal, state and national elections."

We can't go back and rewrite our thumbs if we want decent, efficient government. We must go to the polls and vote for it."

REAGIONS TO MEET

The Florida Association of Realtors will take place October 10, 11 and 12 at the Hotel Roosevelt in Jacksonville. David Nussbaum, president of the Association has announced.

Ever notice how birds draw up their feet during flight, to reduce air resistance? They don't learn it from watching airplanes—it was the other way round.

Ladies and Gentlemen:

As a member of the present City Council I feel compelled to present to the voters who put me in office a few insights of what has taken place in previous years by the two men, Clarence King and Jack Duggan, you voted out of office last year and Durrah Martin who is seeking re-election.

Mr. King has continually portrayed "Good Business" in his political ads. This "Good Business" included in the past thousands of dollars in unpaid taxes going back in excess of 15 years with no apparent attempt for collection. It included a number of delinquent water bills and tap fees. It included a delay of some 14 years of payment by the City of its share of the firemen's retirement fund. Furthermore, upon changing of the personnel in the City Hall was found that a number of delinquent water bills were not in their proper files, but were in effect buried beneath other papers in unrelated drawers, and one of these bills for some \$30 belonged to a former city councilman who according to reports is actively supporting Mr. King, Mr. Duggan and Mr. Martin.

It was also found that ordinances dating back to 1956, both past and unpassed by the council, were loosely stuffed into a folder instead of being typed into the ordinance book.

We have been criticized by Mr. King and Mr. Martin for our proposed lease on the airport. The \$50 per month (\$600 per year) is a very small figure, however, the lease also provided for additional income from the sale of fuel and other activities which we felt could greatly exceed the rental payment contract. It further stipulated that the person leasing the airport would construct at their own expense a \$10,000 addition to the new building which would at all times be the property of the city. Mr. King said this lease "stinks."

Now I ask you to compare this to a lease by the City Council dated May 24, 1960, at which time there was a lease already in effect that still had FIVE YEARS TO RUN, this Council voted a 15 YEAR EXTENSION to this lease with a FIVE YEAR RENEWAL option, a total of 25 YEARS from the date. The City was to receive \$350 per year or \$27.50 per month.

This lease specifically states that all improvements shall remain the property of the person to whom the lease is made. (IT FURTHER STATES THAT THE CITY COULD NOT LEVY ANY TAXES AGAINST THIS PROPERTY OR AGAINST THE IMPROVEMENTS). The lease further provides that, should the state or county levy any taxes against this property or improvements, the city would pay these taxes and the person to whom the lease was made would reimburse the City. If these improvements were fairly assessed the city would receive many times the lease money in taxes each year.

Mr. King and the former councilman with the aforementioned delinquent water bill who is supporting Mr. King in this election were on the City Council and voted for this lease. And, yet, this man has the audacity to say that the proposed lease at the airport "stinks."

Mr. King is critical of increasing the garbage revenue. I am sure with Mr. King's type of operation even if we squeeze by with fewer sidewalks for the kiddies and the elderly to walk on, fewer stop signs to help control traffic, and fewer street signs, with an under-equipped police force which is under-paid and short handed, a fire department in similar condition as well as being housed in a building about to fall in on not only the fire fighting equipment worth many times what a building would cost, the city can continue with no increase in revenue of any kind.

If Mr. King had been interested in the city instead of Mr. King, he would have been man enough to bring about a garbage increase last year, especially since he predicated and urged this increase for several years before going out of office, as indicated by Mr. Martin at this year's budget meeting.

I sincerely hope that the voters of Avon Park who are sincerely interested in good government and not favoritism will hand this Mr. King and Company a resounding defeat.

I strongly endorse Andrew Russell Scott as a conscientious councilman worthy of re-election for his voting record of the past year.

I hereby urge all voters to go to the polls on Sept. 10, 1968 and cast their ballot for Andrew Russell Scott and vote in favor of the five referendums for a BIGGER AND BETTER AVON PARK.

Thank You
Rodney P. Lane
Vice President
Avon Park City Council
(Paid Pol. Adv.)

Greyhound President Interested In Avon Park Experiment

A short time ago Bob Hanford, former agent for Greyhound in Avon Park, dropped a line to the news press about the Greyhound Corporation's interest in the smaller communities to help support and pleasure. Gerald H. Trautman, the new president of the Greyhound Corporation, replied immediately. The following is a copy of the president's letter to Mr. Hanford. (Quote)

August 26, 1968
Office of the President
Dear Mr. Hanford:

My Fellow Citizens:

It has been reported that last week several persons including Mr. Clarence King, Mr. Jack Duggan and Mr. Durrah Martin held a get together at a local restaurant in what appeared to be a "strategy" meeting on how these three might again gain control of our City Council.

Let me remind you of a small part of their past "Good Business" record.

Remember the \$750,000 bond issue some four years ago? Mr. Martin was one of the councilmen who voted at two different times to put this thru without letting the people of Avon Park vote on it.

When a petition was circulated demanding a vote, this council read us a prepared statement saying "due to the opposition to this bond issue this council has decided to take no further action."

This was in effect a refusal to allow the people a chance to vote on the bond issue. A few weeks later, after two members of this council were voted out of office, Mr. Martin was one of the four councilmen who then voted to spend tax money on a special election on this same bond issue.

Think this is inconsistent? READ ON.

In 1952 an ordinance was passed to do away with all outdoor privies in the City. Some 16 years later approximately 90 of these privies still remain.

What has Mr. Martin done about this in his four years in office? The minutes show that in April 1965 (13 years after the ordinance was passed) the council voted with Mr. Martin supporting the motion to give the violators until Jan. 1, 1966 to comply with the ordinance. In October of that year Mr. King and Mr. Duggan were elected to this council to serve with Mr. Martin. The January 1 deadline came and went, but there appears to be no record that this subject was ever mentioned again.

In March of this year the council, again including Mr. Martin, voted unanimously for the Mayor to enforce all City Ordinances. Later the Outdoor Privy Ordinance was singled out as one of the more important ones and the council voted four to one for the Mayor to enforce this Ordinance. Mr. Martin voted against enforcement.

Inconsistent? "Good Business"? Just prior to the election last year when we voted Mr. King and Mr. Duggan out of office, I brought to every one's attention the large number of delinquent water bills.

The Lakeland Ledger quoted Mr. Martin as saying "After the election I think we should collect these water bills." Yet, this year when the council was trying to pass a water ordinance to make each separate dwelling have a meter (there were as many as 17 on one meter) and to provide for removing meters for not paying water bills, and to provide for a penalty for a person obtaining city water after their meter had been removed for an unpaid bill, Mr. Martin was the only councilman to vote against this ordinance.

Remember, also, that less than 48 hours before Mr. King and Mr. Duggan left office last year they and Mr. Martin authorized issuing a check for \$1365 for services, even tho there was no authorization in the minutes of any council meeting for this payment. If this check was thought to be proper by these three men, why at the council meeting conducted during their last few hours in office was nothing said about this to Mr. Scott or myself. (The minutes show that no new or old business was conducted.)

Later, after the check was found and put in the papers I commented to the council concerning how it was handled. Mr. Martin answered in part by stating "Wayne, there has been lots of times we have done things here that were not according to the book!"

And consider this, on May 13 of this year the council was asked for a 90 day stay on the Privy Ordinance to give the company which owned some 43 of these in violation a chance to comply. On July 24 since no permits had been applied for, Mr. Scott and Mr. Lane signed affidavits for all violators. Three days later the Mayor signed warrants based on these affidavits but set the date of hearing for October 29, three months in advance and nearly a month after the next council will be seated. Just eleven days later, Mr. King and Mr. Duggan again qualified to seek council seats.

I sincerely hope that the voters will not put any of these three men back in our city government.

Thank You,
Wayne W. Albright
(Paid Pol. Adv.)

J. W. McAllister To Head Health Association

I appreciate your taking the time to write me your letter of August 22, 1968 about the agency situation in Avon Park. Florida 1 will work to develop your comments are brought to the attention of those in charge of our business and community development headquarters, and in good time.

You are certainly correct that it is important for Greyhound to create a good image among the citizens of the country. Much of our strength results from patronage from these latter points.

Very sincerely yours,
Gerald H. Trautman

In quite a few letters tried to convey a picture of some of the problems of local agencies and referred that there were other factors besides those listed in the last issue of the "Good Old Days" magazine which tend to lower profits from his operation. In his local "House by the side of the Road" agency, Mr. Hanford said he had tried to create not only a new image of Greyhound service, but of community service as well.

Joe Bass who now has the local Greyhound Agency is putting up a new building and endeavoring to improve the service to Greyhound patrons there. Mr. Hanford has considered continuing his efforts in his agencies elsewhere, but at present continues to operate the local Western Union Agency and to reside on the property which for nine years was the local Greyhound Bus Station.

Retired Persons Will Meet Tuesday

Highlands County Chapter 222 of American Association of Retired Persons (AARP) will resume regular meetings beginning Tuesday, Sept. 10, at 7:30 P.M. at the Highlands Manor, and on each second Tuesday in the months following.

In addition to the regular routine business, George Swank will show slides of the Holy Land which were taken by him when he and Mrs. Swank were on a trip abroad recently. We hope a good turnout will be at this first meeting of the season. All are welcome and anyone 18 years of age or over is eligible to become a member and enjoy the many benefits which are available to our members.

Come and bring a friend.

ON TV
U. S. Presidential Candidate George Wallace will be seen at 7 P.M. Friday on Channel 8.

To the citizens of Avon Park:

I have qualified and am earnestly seeking the office of City Councilman so that we may have good management instead of the good "business" as Mr. King keeps suggesting.

It is my opinion that during the time Mr. King was on the council, the City actually got the "business."

To quote a few instances to substantiate my opinions, when Mr. King and Mr. Duggan left office last year, there was approximately \$20,000 in delinquent taxes, some of which dated back in excess of 15 years. No foreclosure suit was filed in 14 years and 8 of these years Mr. King and his good "business" was in office.

The record also shows that when these men left office there were a number of delinquent water bills. It also came to light after the election on one water meter paying approximately \$12.00 per month for water and garbage. The actual minimum of water and garbage would have amounted to over \$56.00. This is the good "business" of which Mr. King is speaking.

Approximately 14 years ago the city firm voted to go on Civil Service and the City was to pay a percentage each year in the retirement fund. In these 14 years, the City contributed not one dime to this fund. Mr. King was on this council for 8 of these 14 years. At the last budget meeting before Mr. King left office at the insistence of the other council members, this obligation was in fact budgeted to be paid out of the following year of this year's income.

I don't think this City needs any more of Mr. King's good "BUSINESS."

I Would Sincerely Appreciate Your VOTE

Eddie Johnson for YOUR

City Councilman

GOOD OLD DAYS

Do You Want To Go Back To The "Good Old Days"? When We

- Had \$23,000 delinquent city taxes, no foreclosures in 14 years.
- Over \$80,000 water bills 3 months or more in arrears.
- City laws not typed in ordinance book since 1956.
- Heads of families working for only \$60.00 per week.
- Up to 15 houses on one water meter.
- Ninety-two outdoor privies that is a health problem should have been corrected 15 years ago.
- Little or no effort to attract industry to Avon Park.

THESE CONDITIONS EXISTED AS OF OCT. 1, 1967. THESE WERE THE "GOOD OLD DAYS" SINCE THEN A PROGRESSIVE COUNCIL HAS

- Tax Foreclosure suits filed—over \$20,000 delinquent taxes collected.
- Water bills brought up to current condition or meters removed.
- All ordinances typed up to date in ordinance book.
- City employees received a \$10.00 per week raise.
- Ordinance passed requiring one meter for each dwelling under separate roof.
- Over 150 new water meters installed, which brings in over 150 more garbage collection.
- Warrants taken against those maintaining unsanitary privies. Many new indoor toilets installed and privies demolished.
- Critchfield Marine secured a new industry at airport will employ up to 150 persons.

Do You Want To Go Back To The "Good Old Days" or to Continue with a Progressive Council FOR A PROGRESSIVE COUNCILMAN PULL LEVER 6A ON SEPT. 10, 1968 AND HELP ELECT

Andrew Russell Scott
As Your Representative On City Council
(Paid Pol. Adv.)

My Friends:

The city council, of which I am a member, has been criticized by Mr. King, whom you voted out of office last year, and Mr. Martin concerning the airport. I feel that I should make a few remarks on this subject.

The proposed lease on the airport was for \$50.00 per month. This in itself is a very low figure, however, the lease further stipulated that the City would receive a percentage of all money for fuel, tie downs and hangar fees, etc. This could, based on Sebring's performance, amount to more than the actual lease asked now of \$250.00 per month. In addition, this lease specified that the airport would build a \$10,000 addition to the hangar which would, at all times, be the property of the City. Mr. King, in his letter to the editor, said "This lease stinks."

Compare this to the council's action in 1960 when the City extended for 15 years, the lease on a piece of property, that still had five years to run on the lease then in effect, for the sum of \$350.00 per year or \$27.50 a month. This contract also provides that all buildings and improvements would remain the Leasee's Property. It further provides that the City could levy no taxes on this property, or any improvements made on this property. A fair tax would amount to several times the amount received by the City each year on this lease.

This contract further provides, in event the State or County taxes are levied against or upon the premises or improvements, such taxes will be paid by the City and—"will reimburse the City therefore."

Mr. King was on the Council and voted to accept this lease. This is the man who has the gall to criticize the proposed airport lease!

Milton Howard

Also Johnny Johnston, Tommy Johnston, Mary Ann Johnson, Andy Johnson, Wendy Jordan, India Kanger, Matt Krosty, Gay McAlister, Steve Martin, David Mathews, Scott Miller, Sharon Rovee, Pamela Rhymes, Arnell Roberts, Susan Sorenson, Eugene Stated, Larry Speed, Lou Ann Tamm, and Mary Wright.

Mrs. Leo Duffy Returns From Far East

Mrs. Leo S. Duffy has returned from the Far East where she attended the 25th anniversary reunion of the Flying Tenthed Air Force Association held at Taipei, Taiwan.

One of the outstanding events was a tea given by Madame Chang Kai-Shek at their beautiful new palace. Other events included a luncheon given by Mayor and Mrs. Henry Kan at the Mandarin Hotel.

Admiral Clegg and General Clegg jointly hosted a reception and cocktail party at the officers club.

General Chou Chih-Jou and Lai Min Tung, past and present commander in chief of the Chinese Air Force entertained with a dinner for all the members.

Mrs. Duffy's trip included Japan, Hong Kong, and Hawaii.

Stop Throwing Litter On Streets

Litter is a people problem. Litter doesn't throw itself away. People cause it—and only people can prevent it. This is an appeal to people to stop littering in Avon Park or anywhere you are.

It was interesting to see a man standing with a group of friends on the street talking, unrolling a cigarette and throwing it into the gutter. No trash can was near. Another man finished smoking a cigarette and threw it on the sidewalk. One was a litterer the other was not.

Please look at the unsightly litter on the streets of Avon Park. If you throw litter on the streets, stop it.

Marcia Ward To Speak At Parish House

The Episcopal Church Women of the Church of the Redeemer, will hold their first regular meeting of the season, in the parish house of the church, on Wednesday, Sept. 11, after the Mid-week Communion Service.

Communion will be at 9 A.M., coffee and social time in the parish house at 9:45 A.M. The business meeting will start at 10 A.M.

A special treat is in store for all attending, when Marcia Ward will show slides and give a talk about her recent visit to Europe. Most interesting will be slides of the "fence" in England, Scotland and Wales, where she and her companion Bonnie Fisher worked for several weeks.

It is hoped that a large number of members will attend as this promises to be most interesting and enlightening talk.

Avon Personal

Mr. and Mrs. Jim Heim, Home and Mrs. Bill Mackey, Sebring, attended the wedding of their nephew, Ralph Heim, Jr., in Jacksonville Saturday.

Mr. and Mrs. Richard Decker, family and Miss Ann Karkrik spent Labor Day weekend in St. Petersburg visiting with Mrs. Decker's sister and family, the Sam Hallows.

Friends of Mrs. Eugene (Vonnell) Flint will be glad to hear that she is out of intensive care and in Ward 3. She may now have visitors.

Mr. and Mrs. A. P. Cooper had as their guests over the weekend their daughter and family from Ft. Myers. Mr. and Mrs. Allen Daugherty.

Mr. and Mrs. Steve Roberts and family and Mrs. Carol Tomlinson and children spent the weekend camping at Sebastian.

Mr. and Mrs. Joe Fann had as their guests with Mr. and Mrs. P. E. Williamson of Indian River City.

Mr. and Mrs. J. T. Landress and Greg spent the week at Siesta Key in Sarasota.

The Herman Sizemore Family and Diane Pollard are Visiting at the Beach in St. Petersburg

Mr. and Mrs. Larry Hooper and family spent the weekend with their mother, Mrs. Loretta Natche in Dade City, Florida.

Mrs. Hooper's sisters, Mrs. M. B. Hinson and family of St. Petersburg and Mr. and Mrs. C. H. Perryman of Miami, also were in Dade City for Labor Day weekend.

Mr. and Mrs. Elton Crews have their son and family, the Clifton Crews from Athens, Ga. for a few weeks. Harriett Crews and friend, Mary Frazer, both teachers at Columbia, S.C., also spent a few days with Harriett's parents.

Mrs. Mary Ragle of Miami was a house guest of the Hubert Barnards over Labor Day weekend.

Redeemer Service Changed For Fall

The month of September brings a change in the Sunday service schedule of the Episcopal Church of the Redeemer in Avon Park.

The 11 A.M. service is added on Sundays and the Communion service at 9 A.M. on Wednesdays.

Registration for our church school will be Sunday, Sept. 8 at the 9:30 A.M. service. Parents are expected to bring their youngsters at that time and successive Sundays.

September Vestry meeting will be Wednesday, the 11th at 8 P.M. in the parish office.

The Rector will play host to the Lakeland Deacons Clerics at Camp Wengmann on Monday the 9th. The Episcopal Churchwomen will open the Fall season, meeting at the parish house on Wednesday, the 11th after the 9 A.M. Eucharist. Miss Marcia Ward will speak and show pictures on her European trip. A rummage sale is planned for early October.

The first parish supper in late September will be announced.

Our local Churchwomen will host the Lakeland Deacons ECW Day meeting at Camp Wengmann on October 7, with Mrs. Lena Wright as chairman.

Womens Society Meet

The Womens Society of Christian Service met Tuesday morning in Wesley Hall at the United Methodist Church.

Mrs. Don Eastman was the speaker with Mrs. Sam Norris as soloist with Mrs. Edna Jackson was accompanist from the Congregational Church.

The program was on Christ's Social relations, with Mrs. George Kelsey chairman of spiritual life giving devotions.

Mr. and Mrs. Tommy Bagwell and sons, Mr. and Mrs. Ray Bagwell spent the weekend at Pier 66 in Fort Lauderdale.

Mr. and Mrs. Victor Mickunas Sr. of St. Petersburg spent last week with their son and family, the Vic Mickunas on Cherokee Circle.

Mrs. Ethel Donaldson of Avon Park visited in the home of the Mickunas while the senior Mickunas were here. Mrs. Donaldson and the Mickunas are from Inglewood, Pa. and they had many things to talk about.

Junior Women Dress In Costumes To Attend Junior Night

"Around the World" was the theme of annual Junior Night for members of District 9 Junior Women's Club, an event of Thursday night at Sebring Hotel. A smorgasbord was preceded by registration and costumes judged. Members came dressed to represent the costumes of countries around the world. Ninety-eight attended the affair.

Lil Haselbacher of Avon Park in African native costume won first costume prize. Cheryl Guerdin of Avon Park, second, representing a Japanese girl, and Veronica Tolman of Winter Haven third, came dressed as a Japanese himebabe.

The host table was centered with miniature flags representing countries around the world and tables were decorated with centerpieces from other lands, in keeping with the theme.

First speaker on the program was Mrs. W. H. Williamson of Auburndale, District 9 senior director, who read a diary written by the former General Federation president Mrs. E. D. Pearce of Miami during trips in Washington, D.C.

Rev. and Mrs. L. Chester Lewis, Lake Isis, have returned from vacationing in Colorado, Indiana and Ohio.

Robert Duthie returned to Avon Park after two months vacationing in Indiana, Illinois and Michigan. Bob resides now at Southland Trailer Park.

Mr. and Mrs. E. C. Johns and son, from Jacksonville, spent the weekend with his mother, Mrs. L. E. Morgan.

Mr. and Mrs. William Griffin had as their guests over the weekend their daughter, Mrs. and Mr. Elliott Ladrie and children, DeWayne and Debra, and Mr. and Mrs. Reese Parrish of Bradenton. Their son and wife, Mr. and Mrs. Doyle Griffin of Pensacola are spending a two-week vacation with them.

Also visiting in the Griffin home is Mrs. Griffin's mother, Mrs. Alberta Thompson of Wildwood.

Gilliard, DeLaney Wedding Plans

Miss Grace Gilliard, daughter of Mr. and Mrs. J. E. Gilliard, Zella Springs, will exchange wedding vows with Eddie DeLaney, son of Mr. and Mrs. L. Jack DeLaney, this Saturday night, Sept. 7, at 8:30 P.M. in the First Baptist Church, Jacksonville.

The Rev. Felix M. Dent, Jr., will officiate the double ring ceremony.

All friends and relatives of the couple are invited to the ceremony and to the reception.

Wedding Date Changed

Miss Brenda Fann and Thomas Marshall wedding has been postponed from September 7 to September 28, at 5:30 P.M. in the First Baptist Church, Frostproof.

Marshall is in the United States Marines stationed at Jacksonville, and his leave was cancelled for government reasons.

Garden Club To Hold Meet

Founders Circle of the Avon Park Garden Club will hold its first meeting of the year at the home of the president, Miss Lela Brandt, Lake Isis on Thursday, Sept. 12, at 9:30 A.M.

The subject of the program will be "Conservation" and the speaker will be a member of the staff of Highlands Hammock Park.

All members are urged to attend.

Grange 203 To Hold Meet

Avon Park Grange 203 will hold its first Fall meeting at the home of Mr. and Mrs. E. H. Fullmer, 404 Oak St., at 8 P.M. Thursday, Sept. 5.

The program will be Grange Insurance.

Cards On Sale

Circle Two of the United Methodist Church have Christmas cards on sale and a picture of the church. If interested please contact Mrs. Edgar Smoot.

RECEPTION FOR HIGHLANDS SCHOOL
A reception for Methodist students of the Highlands School will be Friday evening at 7:30 o'clock. All MYF members are urged to attend.

Mrs. Gary Hasson Honored With Stork Shower

Mrs. Gary Hasson was the honoree at a baby shower last Saturday night, in the home of Mrs. Ann Mickunas.

Hostesses, Mrs. Ann Mickunas, Mrs. Georgia Mason, Mrs. Inga Staff and Mrs. Rex Thompson served dainty sandwiches, cookies, brownies and the trimmings to some 30 guests.

Mrs. Hasson were presented a corsage of white daisies as the opened her many gifts amongst the giant work with the color scheme of pink and blue. The hostess's gift was a duster set for the new mother.

Shower Given Brenda Fann

The Florida Power Lounge in decor of pink and white was the scene of a miscellaneous shower for a miss Brenda Fann, bride-elect of Thomas Marshall.

Mrs. Fann, Mrs. William Fann and Mrs. Walter Marshall, mothers of the couple were presented with corsages of pink carnations.

Refreshments of party assortments were served to the guests by the hostesses, Mrs. Laverne Hill, Mrs. Audrey Benner and Mrs. Shirley Baucum.
