Live below your means.

If you'd like to get around the high cost of living, we have a suggestion.

Cut down on the high cost of getting around. And buy a Volkswagen. It's only \$1,880. That's around \$120 less than the average amount paid for a new car today. (Leave it in the bank. Mom's coming.)

A VW saves you hundreds of dollars on upkeep over the years.

It takes pints, not quarts, of oil.

Not one iota of antifreeze.

And it gets about 27 miles to the gallon. The average car thirty days that it only gets 14.

So the more you drive, the more you save.

And chances are, you'll drive it for years and years. (Since we never change the style, a VW never goes out of style.)

Of course, a VW's not much to look at. So a lot of people buy a big flashy car just to save face. Try putting that in the bank.

Auditorium May Be Included In Complex

A 1,500 person capacity auditorium or convention hall may be included in the new agricultural-civic complex for Highlands County.

Plans for the complex were discussed Monday night at a meeting of the Capital Improvement Advisory Group in the County Commissioners' meeting room at the courthouse. It was the group's first meeting.

Commissioners Cecil Skipper and Earl Crutchfield, serving on the advisory group with County Agriculture Agent Bert Harris and representatives from other agricultural and business interests in the county, assured the group that agricultural offices had first priority on the \$900,000 they expect to realize from sale of bonds to be repaid from race track taxes.

And the commissioners told the group they would poll civic groups throughout the county to determine the needs of the public for an auditorium or convention hall.

Harris submitted a plan for a 5,400 square foot office complex to house the Soil Conservation Service, Agriculture Stabilizing Committee, and the Department of Plant Industry, as well as his own office and that of the County Home Demonstration Agent. This complex, plans for which were drawn up recently by the Agricultural Extension Service of the University of Florida, would cost approximately \$100,000 and would not include an auditorium. Harris said he did not feel that agricultural interests alone could justify addition of the 1,500 person-capacity auditorium he was asked to include with these plans.

At an earlier meeting, the Board of County Commissioners had approved entering an investor-banker agreement to handle sale of \$1.5 million in bonds to be repaid from race track taxes, as provided by a special act of the last legislature, proceeds from which could be used for the complex without resorting to referendum. County Commission Chairman Jean Whitaker has instructed the group in July to "plan big, big enough to take care of needs 15-20 years from now."

Ricky Dressel, representing the Farm Bureau, asked if the bonds had to be sold right away. Skipper replied "If we don't sell

them, we may not be assured of getting them," and Crutchfield agreed that "the threat is there."

Crutchfield told the group that the money "is definitely not pig-enfolded—there is no commitment" on the part of the commission as to how it will be spent. But he agreed with Harris that offices for agricultural use must be found, either by building new structures or by adding a second floor to the new courthouse annex. Harris has to relocate when a new postoffice is built. The other agricultural offices are located elsewhere and all agreed "should be centralized."

The group agreed also with the impracticality of putting them in a second floor addition to the annex because present county offices there are already becoming inadequate and will need to be expanded to the second floor eventually.

Col. Guy "Lucky" Campbell, representing the Property Owners' League, commented that since the bond issue proceeds cannot be used to reduce taxes, because it is for capital improvement, plans should be "palatable to the whole county."

Skipper stated that discussions of such a complex was not new, and that as long ago as 1960 committees were appointed to visit other agricultural centers, consider local sites, etc. At present, the local site committee favors a 10-20 acre location somewhere "just off Highway 27, between Fairmont Avenue and Southgate." Harris said such a large site may be necessary for parking and for future expansion, as well as such outdoor activities as stock shows, riding circle, etc. Crutchfield said he had been approached by several groups interested in seeing that civic needs be considered in construction of the complex, some even favoring recreational facilities such as an Olympic-sized swimming pool.

Mary Ellen Ward, representing the Zoning Board, asked if consideration had been given to cooperating with the school board in building a large auditorium for civic and school use. The commissioners said they were receptive to discussion of this type.

Harris said he favors an expandable type auditorium, or one which could be built in sections.

Skipper said he will present the agricultural plans to the County Commissioners which will also review surveys of civic groups before definite plans are drawn up.

Others attending the meeting were Charles Schumacher, Russ Albrighton, and Gene Swearingen, from the Citrus Advisory Committee; Chuck Morgan, county engineer and administrative officer; Jack Short, zoning director, and Andrew Jackson, president of the Cattlemen's Association.

Hearing Set On Insurance

TALLAHASSEE — Florida Insurance Commissioner Brownard Williams said today he set early September for public hearings into justification by three companies for their recent automobile insurance rate hikes.

The schedule, September 3 for Travelers Insurance Co.; September 4 for Allstate Insurance Co.; and September 5 for State Farm Mutual Insurance Co. Allstate last week wiped out its 64 per cent increase in home owners insurance after analysts noted it already was making profits of 13.1 per cent.

Although the meetings are open to the general public, Commissioner Williams and his staff of technical and legal experts will represent the public.

Other hearings will be set later, he said, referring specifically to the Insurance Rating Board which recently recommended rate increases for its 133 member and subscriber companies.

Miss Marilyn Cothran and Danny Aaron were united in marriage in a sacred double-ring ceremony Sunday after-

noon, 1 P.M. at the First United Methodist Church with the Rev. D. R. Zeller officiating.

The bride wearing a white linen street length dress with the bodice of linen eyelet was given in marriage by her father.

Marilyn is the daughter of Mr. and Mrs. Carl Cothran, and the bridegroom is the grandson of Mr. and Mrs. Charles H. Wick of Avon Park.

Pvt. Jerry Griffin served as best man.

The couple will make their home at Columbus, Ga., where the groom is stationed at Fort Benning.

Scout Troop 814 Plans To Sell Light Bulbs

Boy Scout Troop 814 of Avon Park announces plans to sell electric light bulbs for the purpose of raising funds for camping equipment for the troop. This is Avon Park's newest scout troop which was organized this past Spring with five charter members.

Today the troop boasts 15 members and three patrol leaders. The patrols are David Metheny, Michael Eberle, and Ricky Spurlock.

Charles Klein is senior patrol leader and Steve Tommek is scribe. So when these boys knock at your door with their bulbs, please remember that this troop is working very hard to earn its equipment and that each and every boy will appreciate your generous support.

Shuffling

There were not enough folks to have a tournament on Wednesday evening, so those who were there just played friendly games.

On Saturday evening 16 folks played two games, then when they were ready for the finals the rain came down, much to their disgust.

Card Games

On Monday afternoon with two tables in play, the high score went to Loretta Simpson with 633, but a close second was Jess Parsons with 623.

Dances

On Monday evening the dance group helped Irene Whipple celebrate her birthday with cake and ice cream. One of the group brought the refreshments.

Supper

Seven folks turned out for the regular Saturday evening supper, which was very delicious. Ann Janke was the hostess and Fred Robinson asked the blessing of the food. Cards were the recreation afterwards.

Chit Chat

Charles and Grace Romilly had as their guests for a week, their son, Fred and his wife, Gladys, of Detroit, Mich. Fred Romilly is a Major in the Air Force Reserve, and an electronics engineer for the Lingtencovright Company.

Olive Kerwin and Thelma Garvey have returned to their homes here in Avon Park after a month vacation in Michigan.

Olive Kerwin and Clara Trues flew from Tampa last Saturday to Boston, Mass., where they met Louie Reiser and Lillian Hayes. The four toured through the New England states, before driving back to Avon Park. While on the trip they called on George and Orpha Mills in Cavendish, Vt. Needless to say the Mills were so happy to see them.

Herman and Helen Harrington have returned from a two-month stay in their former home in Green Bay,

Wis. They are now residents of Avon Park.

Gertrude Fensterman and Grace Kremerick drove to Sarasota Saturday to visit Martha Richman and Emma Kelley. Mrs. Kelley took them on a tour of the home, Plymouth Harbor, which was most elegant. After lunch they went to the infirmary to see Sadie Wyman, who has improved a great deal.

Minnie Day is now home from visiting her daughter in Indianapolis, Ind. She was gone two months.

Toney and Sarah Kerr went by plane to Detroit,

Utility Company To Take Over Power Units

The City of Tallahassee and Florida Power Corporation have announced the physical interconnection of their two electrical systems. The connection took place August 7, 1969.

Interconnections are the means by which two or more electrical power systems can exchange energy safely, either in the event of trouble, or when one of the systems must perform normal maintenance on

generating units. It is a modern step to increase reliable electrical service to customers of all the participating systems, a step sanctioned by the Florida Public Service Commission.

The initial interconnection is a 69,000-volt line linking Florida Power Corporation's Tallahassee substation with the City of Tallahassee's substation No. 3. Following this initial step will be the construction of a higher capacity 115,000-volt circuit which will join the Florida Power system to the city's system.

The actual interconnection agreement was signed by representatives of the City of Tallahassee and Florida Power Corporation on December 23, 1968. Under terms of the 15-year contract, both systems would exchange power and both consented to territorial agreements preventing wasteful duplication of system facilities.

At Meeting

L. W. STEVE, director of the Florida Land Sales board, Tallahassee, appeared before a meeting of the County Commissioners Tuesday to discuss how subdivisions can be better set up to protect property buyers.

DAPHNE GAIL OSWALD, daughter of Mr. and Mrs. Vance Oswald of Hyattsville, Md., has just arrived to enter South Florida Jr. College. Since graduating from high school this June she has been employed with the U. S. Army in Washington. While attending college Gail will be staying with her grandparents, Mr. and Mrs. R. A. de Silva and aunt, Evangeline Gunn, who resides in Lake Lettie Estates.

IN THESE DAYS OF RISING PRICES

electric rates have gone down four times in 18 months

"Our Company's number one objective is to keep lowering the cost of your electricity"

A. P. Perez

A. P. PEREZ, President, Florida Power Corporation

We recognize fully our responsibility to hold down rates in the face of fast-rising inflation. We're working at it. And getting results.

We have lowered rates four times since January, 1968, for a total of \$8,134,778. Since 1959, the composite average cost per residential kilowatt-hour has decreased 20.9%.

If your electric bill is more now than it was ten years ago, it is because you are using more electricity. Today, there are more than 166 electric appliances for use in the home... which is the reason your electric bill has gone up even though the price per unit of service has gone down.

We will continue, always, to make electricity the biggest bargain in your budget.

The selection of firms to design the schools at Selinger Park has been three firms, and members meeting night agreed to hold meeting next week final selection.

The firms still under consideration are F. H. Myers, Lee Bartow and W. Tampa. It was decided that each of these firms would make the final selection.

Decisions on the selection of the school year took up attention at what was a pleasant and harmonious session.

Montreal's Metro

The Metro, Montreal's brand-new subway which opened in time for Expo 67, has been called the "world's largest underground gallery." Each station has distinctive walls, pillars and

ceilings.

In order to let all students continue to be proud of themselves and their school the following code of dress for students 7-12 will be observed. Basically we insist that all students be dressed neatly and in good taste. This eliminates all extremes in dress.

Girls: hair neat and in good taste (no curlers, etc.); 2, makeup, good taste; 3, dress, no extremes that would detract from regular school program. Dresses or culottes only that are of sufficient length to be considered in good taste; 4, shorts, slacks, etc. shall not be worn by any class other than physical ed.

Boys: 1, hair neat and in good taste, no extreme sideburns nor length; 2, clean shaven; 3, if mustache is worn, it must be neat and trimmed; 4, shirt buttoned and tucked in at waist; 5, shoes and socks at all times.

Any interpretation of these basic rules will be made by Mr. Craven and Mr. Garner, the assistant principals for 1969-70 school year.

First Grade Students Can Register Aug. 29

All children who will be in the First Grade this Fall should register at the Avon Elementary School on or before August 29, 1969.

Those children who are already registered for first grade but who have not brought their birth certificate or student physical examination sheet must do so before school begins September 2. Children in grades 2-4 who have not previously been students at Avon Elementary School should register at the Avon Elementary School on or before August 29. The Avon Elementary School is open each day from 8:00-12:00 and 1:00-4:00.

Avon Man Convicted On DWI Charge

Charles W. Woodham, of Avon Park, found guilty of operating a motor vehicle while under the influence of alcohol, Tuesday had his driving privileges revoked for three months and was fined \$200 or 30 days.

Sentence was passed by County Prosecutor Hayward Davis, acting as County Judge. Woodham is on probation. The sentence was the toughest of those handed out at that session of court.

Other fines to local area people were: Clifford Lawrence Churchill, Sebring, improper parking on road, \$25 or 30 days; Willie Earl Downs, Sebring, driving on wrong side of road, \$25 or 15 days; R. L. Ralston, Lake Placid, assault and battery on his wife, \$25 or 15 days.

Problems of Alcoholism Explored At Five-Day Seminar In Avon Park

Lack of a national policy on alcoholism and the exploding social problems associated with it were explored this week in a five-day seminar in Avon Park by William E. Barr, associate professor at the School of Education, Barry College, Miami Shores.

Barr told staff members at the Florida Alcoholism Treatment and Research Center in Avon Park that bringing group methods of treatment to the alcoholic were "absolutely essential" to any modern treatment program. He noted that the Avon Park center is doing an excellent job in this area but reminded the audience that

Avon Park Schools Will Sept. 2 With 12 New Teachers

Avon Park High School will open its doors to students grades 7-12 September 2, the day after Labor Day, at 8:30 A.M. in the auditorium according to Guy Garrett, supervising principal. Teachers will be reporting to the school on August 19. Students who have not registered for this year's term must register on August 27, 28 due to the rush opening of school. It will be impossible to get students in school on the first day.

Buses will run the same route as last year. Twelve new teachers reported to Avon Park High School Tuesday at 1:30 to begin preparations for the 1969-70 school year. The rest of the faculty will report Wednesday A.M., Aug. 20.

Due to lengthy study and planning the school is happy to announce there will not be an extended day at Avon Park High School. The school day will begin at 8 A.M. and end at 3 P.M. Because of extensive use of the auditorium all students will be required to remain in classes from 8 to 3. No students will have to come early nor stay late. Neither will any be excused early except those attending South Florida Junior College for college courses. The schedule for 1969-70 is as follows:

8:04, tardy bell; 8:04-8:10, home room; 8:13-9:03, 1st period; 9:06-9:56, 2nd period; 9:59-10:49, 3rd period; 10:52-11:42, 4th period; 11:45-12:35, 5th and 6th, high lunch; 12:37-1:27, Jr. high, 5 period; 1:30-1:57, Sr. high lunch; 1:59-2:05, 6th period; 2:08-3:00, 7th period. Students in 7-9 grades will not be permitted to leave campus for lunch unless they are in the office and signs for them to go home only for lunch. Students in 10-12 grades will be permitted to off campus with a note from parents on file in the office.

The school will be crowded with an expected 1000 students on campus for the first day. Mr. Garrett hopes that all parents and students will give full cooperation in making this year the best ever in spite of these conditions. With so many schools in the state on extended day and double sessions, we feel fortunate to be able to continue for at least one more year with a regular school day.

New High School Site Will Cost \$100,000

The 36½ acre site for the new Avon Park High School on US 17 will cost about \$100,000 Superintendent of Schools George Douglas said today.

A total of 36 acres, a portion of the site, were sold by Robert and Arden Keller. Price paid as indicated by stamps on the deed was \$80,000. Douglas said the site is continuing with owners of a site for Sebring's high school south of town.

He declined to further identify the Sebring site, but said the Avon Park site is east of the Sebring site and adjacent to the Avon Park city limits.

Red Devil Hopefuls Report For Action

The Red Devil football team reported for action yesterday evening at 5 o'clock at Memorial Field after taking their physicals last Tuesday evening. Head coach, Joe Franz said the boys will be going through conditioning exercises during the first few days and then will get into pads early next week and get down to business for the opening game against Lake Wales on Friday, Sept. 19.

The boys will be practicing each day at 5 P.M. and will not go to two practices daily this year unless the coaches feel extra work is needed. In addition to Coach Franz, the varsity will have Coach Hill and Coach Edgerton. A newcomer to Highlands County from Hardee County, Coach Lewis will teach American History in the high school.

Students are reminded that all Sept. 2-8, holders of reserved tickets may exchange them for other available seats in the reserved section starting September 8. The unclaimed reserved seats will go on sale to the general public. Season tickets for the five home games will be on sale at the high school office.

WINN DIXIE SALES UP

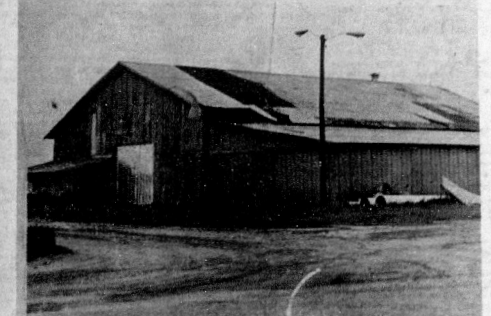

Total sales at Winn-Dixie supermarkets during the four weeks ended July 28 increased \$14,101,340 over the corresponding period last year. They were \$59,269,455 compared with \$55,767,110, a gain of 16.44 percent. The company currently operates 728 food stores compared with 750 a year ago.

Junior College Classes Start Today For Fourth Year

Classes started this morning (Thursday) at 8 o'clock to begin the fourth year at South Florida Junior College. Orientation exercises were held Tuesday in the temporary classroom building in downtown Avon Park.

"This promises to be the largest and academically most capable group ever to enroll in the Junior College," declared President Dr. William Ralston.

A total of 300 students were enrolled last year. Late registrants have through next Wednesday at 5 P.M. to register.

Registration activities began Tuesday and continued on a day and evening basis through Wednesday evening.

Student activities will begin with a dance at 8 P.M. Saturday in the cafeteria of Avon Elementary School. Music will be furnished by the well-known group, the Double Image.

All college students are encouraged to participate.

The college, founded in 1965, registered its first class in August of 1966. It is fully accredited.

School Board Will Select Architect Firm This Week

The selection of architectural firms to design the new high schools at Sebring and Avon Park has been narrowed to three firms, and school board members meeting Thursday night agreed to hold a special meeting next week to make the final selection.

The firms still under consideration are Frizzell Partners, of Ft. Myers, Leslie Pickett of Bartow and Watson Co. in Tampa. It was decided to ask each of these for a firm commitment on their fees before making the final decision.

Decisions on various matters relating to the upcoming 1969-70 school year took up the board's attention at what was a short and harmonious meeting.

The board members approved bus routes, which are altered the same as last year with a few minor exceptions. One change involves one of the buses from Leola which now will run through Arkville for the first time, taking the place of the No. 20 bus. It is a saving on mileage for the school transportation department.

Transportation supervisor Garland Boggs said. Three new 66-capacity buses will be added about the end of September, retiring three to the older buses. A total of 22 buses is used to transport pupils.

School Not Ready Ellis Construction Co. of Tampa requested, and was granted an extension of their construction contract on the Lake Placid Elementary School. Their contract was due for completion August 1 and has been extended until August 26. Teachers will not be in to report to the

City Council Meets With Civil Service Board To Discuss Rules

The Civil Service board met Monday night to discuss with the city council, part of the rules and regulations for city employees now covered by civil service. Discussed were sick pay, holidays and vacation time. Pay for sick leave will range from two to 12 work weeks per year depending on seniority, after evidence of sickness is submitted. Leave time will not be accumulative.

There will be seven paid holidays with special holidays specified by the city council. Thanksgiving will be two days and Christmas will be two or three days depending on where it falls.

Vacation days and dates will be adopted by the department heads according to seniority. Department heads will also have the authority to hire emergency and temporary employees. They will fill all vacancies and make advancements on competitive examination results.

There will be no changes in present positions of personnel but the city council will add a few new employees starting October 1, 1969, if the budget permits. A final reading and adoption of the rules and regulations will be held on September 22.

school next week, but arrangements are being made for planning space for the elementary school.

"We hope the building will be ready when schools start September 2," said Superintendent of Schools George Douglas.

A request of Goodwill Industries was approved, permitting them to distribute their bags for donations on the week of November 5-12.

Insurance agencies in the county were approved which will share in the common insurance in the county. Ford Heacock, Sebring, is agent of record. Approved were Hubbard Biggs, Estelle Fann, Robert T. King, Louise Armstrong, George Mayne, Gordon Willard, of Avon Park; E. H. Norris, Elgin Bayles, Jr., E. C. Vandusen Agency, Heacock Insurance Agency, Howard A. Maddox, of Sebring; Gene Park and Peoples Insurance Agency, Lake Placid.

Teacher Appointments A list of instructional and non-instructional personnel was approved. On the teacher list are William Allen, Mrs. Ruth Rudolph and Kenneth Battles for Sebring High School; Margaret Walker, Herschel Sessions and Frances Kilgore, Lake Placid High School; Nancy Voley, Lake Placid Elementary School; Michael Greer and Librarian Ann Cunniff, DeSoto City-Fred Wild School; Linda Bass and John Fernandez, Hopeville School, Avon Park.

Non-instructional appointments were: Pamela Pitcock, secretary at Lake Placid elementary; bus drivers Thomas

Cadet James B. Godwin Assigned To Kansas Base For Orientation

Cadet James B. Godwin, Jr., 18, son of Mr. and Mrs. R. Godwin, 56, Avon Park, was assigned to Ft. Riley, Kan., during the past month for Army Orientation Training. He is an upperclassman at the U. S. Military Academy, West Point, N.Y.

Serving with a combat unit of the U. S. Army, he performed the duties of a platoon leader. Cadet Godwin is shown here inspecting an 81-millimeter mortar carrier during a class period.

All West Point cadets receive this type of extensive training during the summer of their junior or senior year. Each cadet is required to demonstrate leadership ability in demanding field exercises and administrative functions.

RALPH HEIM

Firm Honored By NASA For Apollo Work

Ralph Heim, formerly of Avon Park and a partner of Reynolds, Smith and Hills Architectural, Engineering and Planning Firm, was in Houston, Tex. last week to attend the meeting honoring the firm, for its role in the Apollo 11 mission which landed on the moon, by the National Aeronautics and Space Administration (NASA).

Reynolds, Smith and Hills designed the mobile launcher on which the Apollo-Saturn 5 vehicle was erected and launched on its epic journey with astronauts Neil Armstrong, Buzz Aldrin and Michael Collins.

The 445-ton 9-inch mobile launcher weighs 118,000 pounds and is reputed to be the tallest and heaviest portable object in the world.

The steel platform and umbilical served two principal functions in Apollo 11, first being used for erection of the Saturn 5 rocket and the Apollo spacecraft in the vehicle assembly building and then, after being transported to the launch pad, being used as a platform for launching the vehicle.

Heim is director of advanced projects for Reynolds, Smith and Hills which is located in Jacksonville. He graduated from Avon Park High School and is the brother of James A. Heim, Avon Park; William J. Heim, Jr., Miami. Heim has two sisters, Verna J. Heim, Avon Park and Geraldine K. Mackay, Sebring.

DeSoto, Inc. Buys Kerna Furniture

DeSoto, Inc. announced today the agreement to purchase the business and assets of Kerna Furniture Company of Avon Park. Upon closing of the transaction, expected early this Fall, Kerna will become a division of DeSoto's newly organized furniture group.

Kerna with headquarters in Pendleton, Ore., is a prime producer of unfinished furniture with four manufacturing plants, one each in Arkansas and Washington and two in Oregon. There are ten owned or leased assembly plants in addition to seven affiliated assembly plants throughout the United States.

Kerna has about seven hundred (700) employees. DeSoto, with headquarters in Des Moines, Ill., is a diversified industrial manufacturer of consumer paints and industrial chemical coating, laundry detergents, residential lighting fixtures and lamps, fireplaces, furnishings, wall coverings and commercial building specialties. Kerna 1968 sales were about \$10,000,000. DeSoto, for the year ended December 31, 1968, had net sales of \$10,822,946.00 and net earnings of \$6,164,386.00.

B. A. Maim, President of DeSoto, stated that this transaction would fit into the program announced by DeSoto in October 1968 of expanding into the furniture and home furnishings field.

Blaise M. Knop, president of Kerna, will be president of the Kerna Division. Mr. E. C. Kerna, founder of the firm will serve as a consultant to DeSoto.

Earlier this year, DeSoto acquired Quaker Creative Corporation, a producer of lamps and lighting fixtures. Under this Fall, shareholders of DeSoto will vote on the previously announced merger with MPI Industries, Inc.

Letters To The Editor

Editor:

Many of us who are concerned about the sad state of affairs in the world are not content to sit and say "Isn't it too bad?" Many of us must be doing something to help and have found that the best place is right in our own community. Evidence of this is the fact that such organizations as F I S H are now in existence.

F I S H is simply people who help each other, trying to add a little more security to the world. In other words they fulfill the commandment to "Love one another." A neighbor in distress simply calls and help is immediate.

Wouldn't it be fine if our city were to have such an organization? Then a senior citizen who needs a ride to the doctor would not need to worry, or a young mother who wakes up ill would have help getting the little ones fed and off to school. If the emergency is more serious, might be prevented? It's something to think about.

fire department that has since denied the rural areas service.

Bear in mind that this money is not tax money in the way that DOES help the merchants, create more employment for AVON PARK residents and enables them to meet their city taxes. Then, too, many of the people living in the city, pay no taxes because of homestead exemption and they are not denied any services.

I wonder if Mr. Hanford if elected, would like me and all the others like me in outlying areas to take our "fringe benefits" to Lakeland and spend them at Watson Clinic, Mass Brothers, Fields, etc. This can work two ways, you know.

World War II pensions and death benefit payments probably will reach their peak about the year 2000. The total cost is expected to be \$5.5 billion a year at that time.

Miss Linda LaFlam and Stanley Spurlock were united in marriage in a very impressive double-ring ceremony Friday, Aug. 15 at the Church of God with Rev. Alex Day officiating.

The bride is the daughter of Mr. and Mrs. Alton LaFlam. The bridegroom is the son of Mr. and Mrs. T. E. Spurlock.

Miss Alexia Day provided nuptial music at the organ with Paul Day at soloist with selections, "He," "I Believe."

The altar banked with an arch entwined with greenery, flanked with white candles, with white tapers on each side with two wedding bouquets of white and pink gladioli, blue and pink Fuji mums. A satin kneeling bench balanced the altar. Flowers were marked with white satin bows.

The bride given in marriage by her father wore a floor length gown of organza embroidered with Alencon lace with bodice accented with sequins and tiny pearls. Her train, of organza with a tiered bow, lined and seed pearls. Her veil of bridal illusion flowing from a rose of matching lace, seed pearls. She carried a cascade bouquet of white carnations centered with a white orchid and variegated pittosporum.

Mrs. Darley Wood, cousin of the bride served as matron of honor. Bridesmaids were Barbara Joan Retherford and Linda Jane Batton. They wore floor length turquoise chiffon over organza empire waistline. They carried a nosegay of Spring flowers.

Buddy Wingard served as best man. Ushers were Dale LaFlam, cousin of the bride and Ralph Barnes.

Debra Chiles, cousin of the bride, and Debbie Spurlock, niece of the bridegroom, served as flower girls. They wore blue embroidered chiffon floor length gowns, and carried tiny baskets of rose petals.

Michael Chiles, cousin of the bride served as ring bearer.

Mrs. LaFlam wore turquoise crepe sheath with matching lace coat, beige accessories and tailored carnations.

The bride wore for her traveling outfit to the west coast a blue linen dress with blue chiffon, long sleeves, fitted bodice, with evening accessories. She wore the orchid lifted from her bridal bouquet.

Reception

The reception was held in the church hall, with Mrs. Neil Roberts of Ridge Florist presenting guests to the receiving line.

The punch table was covered with a white linen cloth. The bride and groom were seated with an early Amner punch bowl with two emulsi-las. The bridesmaids' bouquets added beauty to the table.

The cake table covered

with a pleated Alencon lace cloth was accented with the bridal bouquet, nuts and mints.

Miss Kathy Dick presided at the bride's book.

Those assisting with serving were Debbie Gurganus, Sheila Jackson, Mary Bates, Glenda Childers.

Sharon Bennett caught the bridal bouquet.

Out-of-town guests were Mr. and Mrs. Phillip Chiles, Orlando; Curtis and Betty Ann Thorn from Jacksonville; Mrs. W. W. Corneli and son of Orlando, K.A. Spurlock from Fort Meade.

Rehearsal Supper

Mr. and Mrs. T. E. Spurlock entertained the wedding party of Linda LaFlam and Stanley Spurlock with a barbecue supper August 9, at Horse Hammock.

Free Enterprise Is Best System For Automobile Insurance Rates

Much is being said for and against Florida's free enterprise system of developing automobile insurance rates, sometimes called the California Plan because it has been used there successfully for years.

Just how is this year-old law working in Florida? How is it protecting you and me? Let's look at the record:

"Heretofore we took whatever insurance we could get; but now we can walk into almost any insurance company or agency office and buy the kind of insurance we want."

"For the first time in years, we can shop for our insurance. We can compare prices and coverage and choose the best product at the lowest price, which is the heart of the traditional American system of free enterprise."

"Although our teen-ager children still cause our insurance rates to rise when they use the family car, now the insurance industry is offering us special discounts for teen-ager students who complete driver education courses or who maintain at least a B average in school."

"Those of us who were in the high-priced Assigned Risk market simply became available (and not because of our driving records) were able to return to the standard market. Where prices are lower, our coverage is broader."

"Of course, it's true that insurance rates have risen in

recent months. But it's also true that they would have risen regardless of the laws on our statute books. It is impossible to imagine that insurance rates can be lowered or even remain steady while the cost of everything else is rising. During the past decade, the cost of parts and labor for repairing damaged automobiles has doubled, the cost of the automobile itself has nearly doubled, and the cost of hospital care for traffic accident victims has doubled. Who can argue intelligently that the cost of insurance to protect against these perils should remain constant?"

All in all, Florida's free enterprise insurance rating law is a realistic law, recognizing that prices should be set in the market place and not in political offices.

The law recognizes that governmental regulation of private industry should be applied realistically, according to the fluctuations of the market place, and not fixed artificially according to what some people want or the rest of us should have.

Today's butcher does not sell prime ribs of beef according to 1935 prices. Nor does he sell cheaply simply because his customers would prize that price should be set in the market place and not in political offices.

Insurance is like that. And the free enterprise law is working to help keep it like that. We can argue about it. That's the best way—Lake City Reporter

Social Security Questions And Answers

Question—We are going to have to put our mother into a nursing home due to her forgetfulness and the need for nursing care for her. Will Medicare help to pay the nursing home charges?

Answer—No. Medicare helps to pay for skilled nursing care only when the patient enters the nursing home from a hospital or shortly after the patient's discharge from a hospital, and the services provided in the nursing home are an extension of services provided in the hospital. The care needed by your mother is custodial care and is not covered by Medicare.

Question—Will be age 65 in three months and I plan to retire. How soon should I apply for social security and what should I bring with me?

Answer—Bring with you your social security number, some proof of your age and proof of last year's earnings record as your Form F-2 or your Federal income tax return if you are self-employed.

Question—I am age 65 and entitled to Medicare. What will Medicare pay for? I have to go to a hospital for 90 consecutive days. Will Medicare pay for all covered services except \$11 a day?

Answer—Medicare will pay for a semi-private room in a hospital or other services normally provided by a hospital for up to 90 days, except for \$44 which the patient would pay. For the flat throughout the 90th day hospital insurance would pay for all covered services except \$11 a day.

Question—If I am an patient in a hospital for 90 consecutive days would Medicare pay anything after the 90th day?

Answer—Yes. Each person entitled to hospital insurance has a lifetime reserve of 90 additional hospital days. You can use these days if you are hospitalized for more than 90 consecutive days in the same benefit period. For each lifetime reserve day used, Medicare will pay for all covered services except \$22 a day.

District Nine Workshop Scheduled

District nine workshop will be held Thursday, Sept. 4, 9 A.M. to 12 noon at the clubhouse of the Lakeland Woman's Club, Lakeland. This workshop is planned for all members of FFWC in District nine, and all are urged to attend.

Shuffling

No tournaments this week because of the rains. Wednesday the rains came early enough, but too many thought it would be too wet Saturday, four courts played one game before it rained.

Card Games

Two tables of players of pinochle spent Monday afternoon at their game. High scores went to Dorothy Johnson and H. Lyons with 679 and 687.

Dances

The dances continue on Monday and Friday evenings. Supper.

Anne Janke, the hostess was unable to be there, so she called the supper off.

Chili-Chat

Mr. and Mrs. George Loomis and Mr. and Mrs. Milton Higgs of Dewittville, N. Y. were hosts to the third annual Avon Park picnic on Wednesday, Aug. 6 at the Dewittville fire hall.

Sixty-seven friends came with well-filled baskets of food for a delicious pot luck dinner at noon. They came from Avon Park, Kent, Ohio, Corry, Erie, Fairview, Pa., Elmira, Castle, Eden, Alden, Warsaw, N. Y., and many other nearby towns of Jamestown, Falconer, Dunkirk, Sherridan, Mayville, Fredonia, Chautauque and Dewittville. After the dinner there was a short program of stories and readings by different ones. A get-well card was signed by all for Jenni Baker who was ill in the hospital in Avon Park. The afternoon was spent visiting and talking over the happenings of the past few months since they left Avon Park. Everyone was happy to see each other and it was a perfect day for a picnic. When farewells were said, they all hoped to meet again this fall in Avon Park.

Mr. and Mrs. Seymour Brown and Mr. and Mrs. Paul Swearingen attended the 20th annual Avon Park picnic at Palmyra, Mich., on August 10. David and Elsie Dickerson stopped there on their way to Brevort, Mich. and hosts of the picnic were the Leonard Warners and the Henry Ritters. The Baldwins served a watermelon from their own patch.

Clarence and Ed Harriette Hille were returned to their home on Canfield Street. They vacationed at Bear Lake, N. Y. from where they could visit all the relatives. They attended the Higgs annual reunion at Sheridan Bay on Lake Erie. About 70 were in attendance. On the way back to Avon Park they stopped overnight with Grace Wallace in Fairview, Pa.

Sam and Rose Walton have returned to Avon Park from a three week vacation in Indiana. They went with Edna Senger of Sebring who also has relatives in Indiana, and attended the wedding in Gary, Ind. of a grandson. The Waltons attended the Walton reunion at Muncie, Ind. They visited with Sam's brother, Clarence and a nephew, Ray Baxter in Columbia, Ind. and also Granddaddy Walter in New Albany. They also had a nice phone visit with the Horace Coles of New Cambridge, Ind.

They spent one day picking blueberries, which is always a lot of fun. After a summer of painting on the house and gardening, the Glenn Longs have taken a vacation in the Catskill Mountains.

Lynn and Mildred Hickey attended the picnic at Dewittville. They enjoyed seeing the folks they had known in Avon Park, as they are no longer able to make the trip south.

We were so glad to see Ralph and Eva Lambert back in Avon Park. Last we heard

from them he was in the hospital in Ohio. They flew home while Mrs. Lambert's son and wife drove the car back. Mr. and Mrs. Blake Hurley of Delphos, Ohio, who then stayed a week with them. Mr. and Mrs. Herbert Wooliscroft met the Lamberts in Tampa.

Alta Robinson is in Walker Memorial Hospital, is feeling better than she was, but will be there about a week. Ray and Lois Johnson have done such a good job of baby sitting at their cottage this summer that their fame has spread. They are now baby sitting for a pet cat. If interested, their address is Rt. 1, Nobel, Ontario, Canada.

T. S. Yeager, administrator of Highlands General Hospital, discussed the problems of hospitals, what the public expects of them, and what they can do for their cost. The administrator, who is responsible for the overall operation of the hospital, is basically concerned with how to improve patient care.

The Highlands General Hospital receives \$100,000 per year from the county taxes. This money is used to make payments on the bonds which were sold to obtain construction funds for the hospital. Due to a lack of money, the hospital cannot furnish free service to patients.

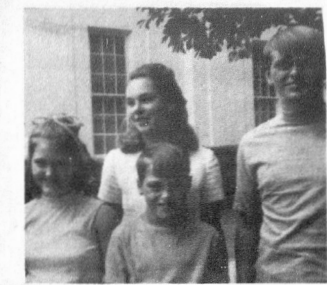

A private room in the hospital cost \$42 per day. This includes the cost of housekeeping, nursing, and food. However, it does not include medicine, laboratory, doctor's fees, etc. The total average cost per patient per day is \$87.

The public cannot understand why a room and meals, and nursing cost so much, but most people are not aware of two-thirds of the people who make up the staff of the hospital, the dietary, maintenance, clerical, etc.

Further, a hospital has to have a full staff on duty 24 hrs. per day, 7 days per week. Although the hospital may be only half full of patients, the complete staff must be on duty because no one knows what hour it may suddenly be filled to capacity.

Pay for employees, generally low, is gradually improving. However, hospital employees still receive only about 75 per cent of what they could get for similar jobs in private industry.

One of the public's biggest misunderstandings about a hospital's service is the emergency room. The public feels that they can receive immediate treatment in the emergency room. This is not necessarily true. If it is a case where loss of life itself is a possibility, all possible help is immediately given. But there is no resident physician available at either hospital in Highlands county. Neither can afford to keep one on its staff. When someone comes into the emergency room, one of the doctors who practices in the community must be called. He frequently is treating a patient who is more in need of treatment than the one who has shown up at the emergency room. Thus, instant service at the emergency room is not available unless a loss of life is in

KATHY, JOHN, and Vic Mickunas, Jr., are shown on the White House steps with Julie Nixon Eisenhower recently on a tour in Washington, D. C. While on vacation the Mickunas' visited in Garrisonville, Va., with Mr. and Mrs. Derwood Franklin and Highlands, N. C.

Complaints From Neighbors Leads To Arrest of Five At Party

Continuing loud parties and complaints of neighbors last week led to the arrest of five people on charges of con-

tributing to the delinquency of minors by allowing them to drink alcoholic beverages.

Arrested were Mrs. Doris A. Heusel, her son, Allen A. Reilly, 22, Purvis Thomas, 20, and Don Arthur Gorman, 22, all of Sebring. James Earl Barber, Avon Park, 19, and James A. Boyd, Zolito Springs, 19.

They appeared Friday before County Judge Mervin Rehner and pleaded "not guilty." Bond was set at \$1,000. Mrs. Heusel, Reilly and Barber posted bond and the others are held in jail pending trial at the September term of county court.

Sheriff Joe D. Keene said his men had been watching activities at the house trailer parked behind the Heusel home at Diner. Lake for some time. Arrests were made by Deputies O. L. Raulerson, Leon Harfield and Wayne Palmer.

The sheriff said one minor boy had been drinking and six juveniles, five girls, one boy, were involved and admitted upon questioning there had been drinking.

paign, Ill., where they visited
their son and other relatives.

While there they attended
the wedding of their grand-
daughter.

Mrs. Marion Gatton and
daughter, Laura from Sioux
City, Iowa arrived recently
to visit her parents, Mr. and
Mrs. John Schoen. Mrs. Ida
Brown has been the guest of
her sister and husband also,
and with Mrs. Gatton and
daughter, and Mr. and Mrs.
Schoen visited Bush Gar-
dens, Sanibel Islands, Cape
Kennedy and many other
places of interest this past
week.

Mr. and Mrs. Jack M. Cal-
vert and daughter, Kathy
from Altamonte Springs
were the weekend guests of
his parents, Mr. and Mrs.
Paul J. Calvert. Kevin left
with his parents after spend-
ing a week at the Lakes with
his grandparents.

Mr. and Mrs. Paul E. Ben-
nett and grandson, Greg
Samson spent three days at
Pine Island last week, deep
sea fishing.

A harried friend says his
golddigging girl friend may
not be very intellectual, but
that she sure has presents
of mind.

DAVID CLARK

Grandson Of
Avon Park Couple
Wins Honors

David Clark, son of Rev. and
Mrs. Gene Clark, Southern Baptist
missionaries to Tokyo, Ja-
pan, returned from New Or-
leans, La., Friday, where he
attended the National Junior
League Convention, held at Tu-
lane and Loyola Universities.

David won first place in the
essay division in character
analysis on Ulysses. He also
won second place in poetry and
a superior on his oil painting in
abstract on Greek Mythology.

He was awarded first place
in Greek History for the State
of Texas, and was named
poet laureate of Rich-
field High School of Waco, Tex.,
where he has been a sophomore
for the past year.

David is the grandson of Mr.
and Mrs. Raleigh H. Lawhon of
East Wimbrow Street, Avon
Park. Mrs. Clark was Miss
Dorothy Lawhon prior to her
marriage.

Avon Mobile Home Park News

LUCILE DUTHIE

It was indeed a gala affair
when the Avon Park resi-
dents held their annual pic-
nic August 14 in Bour-
bon, Ind. The picnic was held in
the city park an ideal loca-
tion for the picnic, with
tables and a shuffle court
under roof. In fact it was so
delightful the group planned
to hold the next annual pic-
nic the same place. The sec-
retary for the group sent per-
sonal greetings from the as-
sembled group to our new
owners, Mr. and Mrs. En-
nette Wright and expressed
their anticipation in meeting
them. The 1969 secretary is
Mrs. Forrest Wiedeman.

The following attended the
picnic:

Mr. and Mrs. Warren By-
rner, Mr. and Mrs. Harold
Faulkner, Verner and Ruby
Goodman, Merrill and J. A.

Scout Troop 814
Enjoy Campout

Boy Scout Troop 814, Avon
Park, sponsored by Our
Lady of Grace Catholic
Church, enjoyed a campout at
Lake Livingston in Pro-
fess this past weekend.

In order for a boy to advance
from tenderfoot scout to ad-
vance scout, he must pass cer-
tain requirements in cooking,
small, unit handling, Scout-
master Johnny Johnson, and
assistant scoutmaster,
Larry Violette were on hand
to assist the scouts in these
skills, after which they went
to Lake Clinch for a re-
freshing swim.

The boys report that they
had a good time despite the
hard work and a torrential
downpour which hit the area
Sunday night. Those making
the trip were David Metheny,
Michael Eberle, Ricky Spur-
lock, Charles Klein, David
Hamm, Johnny Pipkin, Steve
Tomak, Larry Green, John
Johnson, Chuck Behal, Joe
Gillians and Steve Adinolfi.

Mr. M. I. Spurlock and Mr.
Charles Behal assisted with
the setting up of the camp
and Eagle Scout, Larry Bond,
was a visitor.

When a lawyer makes out
a document, why do they
"all it a "brief"?"

Three Girls Attend Camp Merri-Mac

Three Avon Park girls
claim Camp Merri-Mac in
Black Mountain, N. C., as
home away from home for
five weeks this Summer.

Enrolled for the second
session at the North Carolina
camp, they include Cathy
Turner, whose parents are
Mr. and Mrs. G. S. Turner of
Route 2 and Candis and Dee-
Dee Jahna, daughters of Mr.
and Mrs. Fred Jahna of Lake
Isle Drive.

Cathy, a seventh grader at
Avon Park Junior High, lists
favorite camp activities as
canoeing, dramatics, horse-
back riding, dancing, art and
archery, while Candis, a
another junior high student,
says principal interests are
tennis, swimming, archery,
golf, riflery and ceramics.
An upcoming freshman

man at Avon Park High,
DeeDee is participating in
tennis, team sports, synchro-
nized swimming, ceramics and
dramatics.

Merri-Mac, a Christian
camp for girls between 7 and

17, is located in the land of
the skies near Asheville, N. C.
Instruction is offered in
more than 20 activity areas.
Miss Carole Tyler is camp
director and George Pick-
ering is owner-manager.

Rain Causes Pro Am Tournament To Be Cancelled Last Wednesday

The Pro Am tournament scheduled for last Wednesday afternoon at Avon Park, Little Cypress of Wauchula was washed out. Ten teams were on the course when the bottom dropped out cancelling the tournament. The tournament has been rescheduled for this Wednesday, Aug. 20.

Winner of Saturday's point tournaments are as follows:

First place went to Ed Reck with plus four. Second place with plus three was Guy Garrett. Three players tied for third place with plus one—Jim Martindale, W. A. Maddox and Bill Reck Sr.

Invitations are in the mail for the second annual Home Juice Invitational. Already we are getting requests for more invitations. Ten extras were sent out to Ormond Beach and an extra six went to Vero Beach. Early response promises a full field of 160 players for the September 27 and 28. The deadline for entries is September 22, so don't wait, register or mail in your entry NOW to the Avon Park Golf Course Pro Shop.

Labor Day weekend is almost upon us. Plans are for a 36 hole Medal Play tournament using any two of the three days. A junior division (18 and under) tournament will be held at the same time and also women's division will be played.

Let's start the season off with a large turnout for the Labor Day tournament!

Florida Bankers Association Becomes First To Reserve A Convention Time at Disney World

Walt Disney World's role as a major convention center emerged today as the Florida Bankers Association became the first group to reserve a convention time at the "Vacation Kingdom" now under construction near Orlando.

Floyd Call, FBA Executive Vice-President, announced the Association has reserved the entire 800-room Contemporary Hotel for its convention at Walt Disney World May 16-20, 1972.

Many other state, regional and national associations are completing similar arrangements.

The family-oriented destination vacation hotel-resort complex and "Magic Kingdom" theme park are scheduled to open to the public in October, 1971.

"In our opinion," Call said, "Walt Disney World is destined to become one of the world's greatest convention sites."

Regional Institute Scheduled

The Florida State division of Vocational Rehabilitation in cooperation with the Highlands County school system will conduct a two day regional institute for Cooperative School Programs to be held August 21 and 22, at 8:30 A.M. at the new Holiday Inn South of Lake Placid.

The purpose of this program will be to provide in-service training to teaching staff and vocational rehabilitation counselors who are working together to develop practical training experiences for handicapped youth in special education programs throughout the state.

The two-day program will include a key-note address by Dr. Tommy Russell, assistant professor of special education, at the University of Alabama, who will talk on pre-vocational and personal adjustment training in the high school and techniques used in evaluating the vocational potential of the mentally retarded in a high school setting.

Following Dr. Russell's presentation, there will be small group discussions to determine how the material presented can best be implemented into local teaching programs.

To round out the first day's activities, a dinner meeting will be held following which Dr. C. H. Maden, assistant professor of psychology, Florida State University, will address the group on behavioral modification in the classroom.

This is the first of such training institutes to be presented in Highlands County and will bring together teaching personnel and vocational rehabilitation counselors from as far away as Lake County. Other counties which will be represented will be Brevard, Manatee, Sarasota, Lee, and Highlands counties.

Any interested persons wanting to attend the institute or dinner meeting is asked to contact R. M. Lineback, supervising counselor for the Division of Vocational Rehabilitation.

Francis Skipper Promoted To Colonel

Luzon, Philippines—Francis H. Skipper, Avon Park, has been promoted to the grade of colonel in the U. S. Air Force.

Colonel Skipper's wife, Ida, the daughter of Mr. and Mrs. Carl Williams, 2135 N.W. Ninth Ave., Gainesville.

The colonel has been assigned to the 5th Tactical Control Group at Clark AB, Philippines, as deputy commander. Prior to that, he was chief of air defense with the 6th Air Division at Clark.

The 27-year military veteran received his commission through the aviation cadet program in 1945 and served in the China-Burma-India Theater of Operations during World War II. He holds a command pilot rating.

A 1939 graduate of Avon Park High School, Colonel Skipper received both his bachelor of science and master of science degrees at the University of Florida.

Hospital Fire And Safety Host Meeting

The Fire & Safety committee of Walker Memorial Hospital was host at a luncheon last Thursday noon, Aug. 14, to Sheriff Keene of Highlands County, and guest speaker, Sargent Knutsen of the Florida Highway Patrol.

The luncheon, provided by the hospital and served by the Ladies Auxiliary, was held on the porch off the North Lobby of the hospital.

H. D. Sanderford, Assistant Administrator and Chairman of the Fire & Safety Committee, welcomed the group and supplied the opening remarks, followed by prayer by Elinor Davis, R.N., Director of Nurses and Secretary of the Committee. After the enjoyable luncheon, Mr. Sanderford introduced Sheriff Keene, who introduced Sargent Knutsen, who's topic was Highway Safety.

Bob McHenry, Convention Sales Manager for Walt Disney World, said the interest shown by hundreds of organizations assures that the "Vacation Kingdom" will become a major site for conventions beginning soon after its opening in October, 1971.

Panthers Will Begin Fourth Year Of Athletic Competition Next Week

By Coach Dunning Terrell

With registration scheduled for Tuesday and Wednesday and classes scheduled for Thursday, South Florida College Panthers will begin their fourth year of athletic competition.

The Panthers compete in two major sports, baseball and basketball. Although the smallest Junior College in the nation, the Panthers have made a representative showing each year.

We have several boys from out of this area, since our scholarship does not cover their room and board, several of these boys will need part-time work. Any firm or individual that thinks they will help, contact Coach Terrell at the Junior College.

Our housing situation has improved some and we are hoping that more firms will take an interest in junior college athletics and provide some job opportunities for these boys.

At present the Panthers have 27 boys lined up to carry the Panther banner this year with 12 in basketball and 15 in baseball. Only time will tell what

these boys will do as the Panthers play in a very tough league and of course the other schools are strengthening their program every year.

APCI Choir Will Sing At Local Church

Fellowship Baptist Church will host the Avon Park Correctional Institution Choir Sunday, Aug. 24, as the church holds its quarterly "dinner-on-the-ground" and gospel singing.

Dinner will be served at 12:15 P.M., immediately following the morning service. The gospel singing will be held from 1:30 to 3 P.M., and will feature the APCI Choir. The Ridge Trio of Avon Park will also sing a few numbers, and there will be congregational music as well.

The APCI Choir, composed of some 25 inmates at APCI, has sung at several local churches recently and has been well received. The choir will render a number of hymns, gospel songs, and

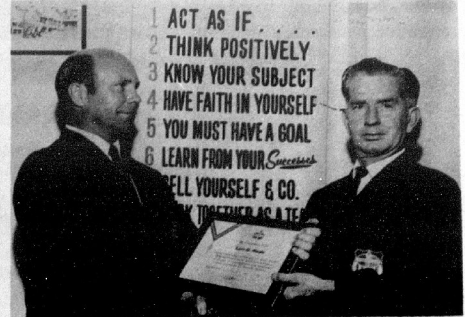

spirituals.

The public is cordially invited to attend this event Sunday at Fellowship Baptist, located at 1000 Thomas Street just east of U. S. Highway 27 in the north part of Avon Park.

Sunday School will be held as usual at 9:45 A.M., preaching service at 11 A.M., Training Union at 6:30 P.M., and preaching again at 7:30 P.M., in addition to the dinner-on-the-ground and gospel singing.

Heavy Oil Traffic

Because of the vast Middle East resources of petroleum, about 85 percent of the total northbound traffic in the Suex Canal toward European ports consist of oil or oil products.

COMPLETES Management Course — Avon Park businessman, James T. Wise, Sr., right, receives his certificate of training from instructor, J. O. Dunster,

after completing an intensive three-week training program at American Oil Company's Dealer Development Center in Ft. Lauderdale.

Avon Park Businessman Completes Course

Avon Park businessman, James T. Wise, Sr., has completed a three-week course in service station management at American Oil Company's Dealer Development Center in Ft. Lauderdale. He will assume management of the branded service station at Hwy. 27, South, associated with Grover's Oil Company, American Oil distributor in the Avon Park area.

The center, one of 12 conveniently located throughout the nation, is devoted exclusively to teaching independent businessmen the variety of special skills necessary for the successful operation of a modern service station.

Through his successful completion of the training course, Mr. Wise has earned the title of certified American Oil dealer.

Among subjects covered were electronic motor analysis, manufacturer-recommended servicing requirements, and the company's own customer-oriented sales philosophy. Dealer Wise also was trained to provide American Oil Motor Club services to customers belonging to the nationwide plan.

All new dealers becoming affiliated with the nationwide oil

company are expected to participate in the development program, which includes both classroom and on-the-job training. The centers are staffed by full-time professional instructors and equipped with numerous modern teaching aids.

Dealer Wise and his wife, Geneva, live at 700 Oak Lane, in Avon Park. They have three sons.

Will Speak

Helen M. Williams, M.D., will be the guest speaker at the 10:30 o'clock service of worship at the Union Congregational Church this Sunday morning.

Dr. Williams is Medical Director of the Florida Alcohol Rehabilitation Program.

Which Will You Choose?

By DAVE LLEWELLYN

Is anything permanently, universally important for a man and for mankind?

Yes. The way of man is not in himself, it is not in man that walketh to direct his steps," the Bible says.

No man can control the direction of his life or his final destiny. But everyone tries.

A rich, young politician once came to Jesus to become His disciple. He deeply wanted the meaningful kind of life that Jesus offered, but when he heard the cost, he was unable to free himself to follow Him.

Observing this young man's sad frustration, Jesus said, "How hard is it for them that trust in riches to enter into the kingdom of God! It is easier for a camel to go through the eye of a needle than for a rich man to enter into the kingdom of God."

Who Can Be Saved?

The startled bystanders exclaimed, "Who then can be saved?"

"Repel men it is impossible," replied Jesus, "but not with God: for with God all things are possible."

What force controlled this man against his will? Riches? No, rather his "trust in riches."

Just as it is not money but the "love of money" that is the "root of all evil."

The force was not in the money but in the man.

But you don't have to be rich to trust in riches. If you just trust in however much you have, you are trusting in riches. (You don't have to have money to love it, do you?)

So the problem is everyone's problem—rich and poor.

Money is an extension of yourself. It gives you power over other people. It is the means of satisfaction for nearly all of your needs and desires. It represents your ability to provide for yourself and your future.

Therefore, to trust in riches is to trust in yourself.

If we are candid, most of us will admit that we submit to the same force this young man did—we trust ourselves. What else can we do? Besides, we live to be happy, and who knows better how to make us happy than ourselves?

But the rich young man wasn't happy. What about you, have you made yourself happy? Probably not.

You probably think you are just being realistic, but the truth is you are defeated.

Most people remain defeated. Some try to compensate through friends, entertainment, or even fantasies. But there are two sources of help—the only two forces in the universe outside the soul of man. Both are eager to empower your life. They are Satan and God.

"Choose You This Day"

Satan offers you pleasures; God offers you joy. Satan will satisfy your present desires; God will refresh you and create new desires.

Satan's help will be temporary for ultimately God controls even him, and in the end your unhappiness will return. Forever, God's help will be everlasting, for God is sovereign, and the joy of God is without end.

You are faced with the impossible task of making your life happy. You have three choices: depend on yourself, depend on Satan, or depend on God.

I put the question to you as Joshua did to Israel: "Choose you this day whom you will serve."

If you would make the most reasonable choice, there's something you should know: Like the young politician, you don't have the power to stop depending on yourself. You need help. Ask Jesus for the power, and He will send you the Holy Spirit. Who will show you how to depend on God.

"MAN ON THE MOON" RECORD

PRESENTED By CBS & WALTER CRONKITE

The epic journey of Apollo XI for only **39¢** WITH A \$2.50 PURCHASE

Narrated by Walter Cronkite, this exclusive 7-inch, 33-1/3 r.p.m. record documents each dramatic step of man's most incredible achievement—from lift off to moon landing to splashdown.

You'll hear the voice of President John F. Kennedy as he announced in May, 1961 the U.S. intention of landing a man on the moon by the end of the decade. Then you'll hear the actual voices of astronauts Armstrong, Aldrin and Collins in each vital stage of their lonely, dangerous journey. Armstrong's immortal words "The Eagle has landed" and his first words as he stepped onto the Moon's forbidding surface are all here on this historic record.

\$200 Fine Handed Out For Reckless Driving

Clifton Rolley, of Avon Park, pleaded guilty to reckless driving, willful and wanton, in county court Tuesday and was sentenced by Judge Mervin Rehner to pay a fine of \$200 or spend 60 days in jail and penalized maximum points.

Other fines handed down in a heavy docket which took most of the afternoon, included the following from Highlands County:

John Henry Wiggins, Avon Park, failure to display inspection sticker, court costs of \$16 or five days.

Alonso Preston Miller, Lake Placid, failure to use due care (accident) \$50 or 15 days.

Glenn McCoy Adams, Lorida, parking on roadway, \$25 or 10 days.

Christine Watts, Avon Park, failure to use due care, \$40 or 20 days.

Maryland Wilson, Avon Park, reckless driving, willful and wanton, \$30 or 15 days.

Fannie Mae Smith, Sebring, on a plea of no defense to trespassing, was fined \$35 or 15 days and prohibited from going to Mrs. Roy's.

John Herman Graham, Sebring, reckless driving, willful and wanton, \$30 or 10 days.

Michael Archie Byrd, Sebring, reckless driving, willful and wanton, \$30 or 10 days.

Samalla Harris, Avon Park, no drivers license, \$30 or 10 days.

Henry Frederick Sachsemaier, Sebring, improper passing, \$30 or 10 days.

Wendell LeRoy Smith, Avon Park, attempting to fish without a license, court costs of \$16 or five days.

Barrett Roosevelt Fleming, Avon Park, assault and battery, \$26 or 10 days.

Charles Adron Chandler, Avon Park, reckless driving, willful and wanton, \$16 court costs or five days.

Floyd Hunter Porter, Lake Placid, following too closely, \$25 or 10 days.

Charles Taylor, Lake Placid, assault and battery, \$25 or 10 days.

Cecil Portner, Sebring, drunk, \$26 or 10 days.

Wilbur Sachsemaier, Avon Park, failure to yield (accident) \$35 or 15 days.

Road Estimates

Forfeiting bonds were: Roberto Inglesias, Sebring, expired inspection sticker, \$25.

Francis Laverne Rimes, Lorida, unlawful speed, \$25.

Dr. Carl Parney Arant, Sebring, improper passing, \$25.

Kenneth Earl Turner, Avon Park, drunk, \$25.

Victor G. Ordone, Avon Park, drunk, \$25.

May B. Solis, Sebring, drunk, \$25.

William Nance, Lake Placid, profanity, \$25.

Mack Douglas, Avon Park, drunk, \$25.

Howard Lethanue Smiling, Lake Placid, driving on wrong side of road, \$35.

Cleveland Emanuel Anderson, Avon Park, drunk, \$25.

Jessie B. Black, Jr., Avon Park, drunk, \$25.

Other Actions

Dwain Patrice Hudson of Sebring voluntarily relinquished her driver's license for 60 days and pleaded nolo contendere to failure to yield (accident).

Fred Junior Strides pleaded guilty to destruction of private property (Joe Macbeth's orange grove) and sentence was set for the November term of court.

Marie Dunn, of Avon Park, pleaded not guilty to sale of alcoholic beverages without a license.

Johnnie Robinson of Lake Placid, pleaded nolo contendere (no defense) to failure to use due care (accident). Disposition will be made Sept. 2.

Robert Edward Merrill, Sebring, accused of failure to use due care (accident) and his case continued. He is presently in Bay Pines hospital, St. Petersburg.

Charlie Frank Wallace, of Sebring, pleaded guilty to unlawful speed and the case was continued until Sept. 23.

Politicians keep their ear to the ground most of the time, 'tis said—but the kryhole would be much cleaner.

As the shopping list grows shorter, the purse also grows slimmer.

375 Students Register For Fall Term at South Florida Jr. College

A total of 375 students had registered by the first of this week at South Florida Junior College and late registrants will be accepted through Thursday.

A total of 276 of these are full time students as compared to 243 full time students last year, according to Dean of Instruction Wilfred Beumel.

An additional 200 students are expected to enroll in the vocational technical school between now and Sept. 15.

The number of students registered throughout the last school year was 306.

New subjects offered this year in the liberal arts college are drawing, ceramics, anatomy, physiology, personal health and parliamentary procedures.

The first social event of the SFLC school year was a dance held Saturday night in the Avon Park elementary school cafeteria which drew a record attendance of between 150-200 students.

Dean Beumel said a number are signing up for different organizations and activities and it appears a golf team may be organized this year which will compete with golf teams from other junior colleges.

There is a larger than usual number interested this year in the school's publications, the yearbook and the newspaper, Beumel said.

The Fall program of Vocational-Technical courses is being offered with special emphasis on those courses which will be of interest to veterans of the area.

Enrollment is now being taken for those veterans interested in entering the field of electronics or that of refrigeration and air conditioning.

South Florida Junior College is also offering a wide variety of programs in the Community Service divisions, and all residents of the community are invited to inquire about courses relating to their individual interests or the special skills which they wish to learn.

It is estimated that over 300 adults will enroll in the Vocational-Technical and Adult Division of the college this Fall. Therefore, everyone is urged to register early to insure a place in the desired course.

When the college moves to the new campus later this Fall, the Vocational-Technical and Adult courses will be greatly expanded, and programs of interest to everyone in the community will

be included as part of the total services offered by South Florida Junior College.

Love seems to be the most fun you can have without laughing. The average person is strongly against all bad habits that he doesn't happen to have.

Couple Honored With Country Jamboree

Sharon Snelgrove and Gerald Wicker were honored with a country jamboree and supper at Home Hammock Saturday, Aug. 16.

Gifts of groceries to the young couple were hid in the haystack from the guests that attended the gala affair.

Supper consisted of crazy dogs, slaw, baked beans, homemade ice cream, cake and all the trimmings that go with a country jamboree. Tables were decorated with red plaid oil cloths with kerosene lamps adding to the festivities.

The Happys, Janice Harfield, Dian Lemler and Cheryl Guerdit along with Virgil Mills, J. T. Landress and P. O. Goff entertained the group with country music.

Hostesses for the evening were Ophelia Rihner, Cheryl Guerdit, Dian Lemler, Myrtis Guerdit, Marilyn Kissenman, Peggy Wells, Betty Lou Wells and Jane Wells.

Linda Joyce Antley-Paul Swartz Weds Sunday In Baptist Church

Miss Linda Joyce Antley and Paul David Swartz were united in marriage August 17, following Sunday morning services at the First Baptist Church in Palatka, with Rev. John Polham officiating.

The bride is the daughter of Mr. and Mrs. Dan Antley, Avon Park and the bridegroom is the son of Dr. and Mrs. Jack Swartz, Tallahassee.

A fan design of gladioli and pompon chrysanthemums banked the altar with potted palms forming the background for the doubling ceremony.

The bride given in marriage by her father, wore a sunny yellow dress of double-knit accented with a front and back yoke with buttoned cuffs on the full length sleeves. She carried a bouquet centered with a purple orchid which was removed and worn as a corsage at the wedding reception.

Miss Frankie Smith of Orlando, a classmate of the bride, was maid of honor and wore a long torso knit dress, styled with a white skirt with blue bodice. Her accessories were navy and she carried a bouquet similar to that of the bride.

Michael Swartz, stationed with the U. S. Coast Guard in Jacksonville, served his brother as best man.

Mrs. Antley, mother of the bride, wore a pale blue sheath sheath enhanced with a lace overlay in the dress yoke and skirt front. Mrs. Swartz wore an egg shell suit of double knit, featuring a subtly fitted jacket and slender skirt. Both mothers wore accessories which complemented their dresses and their corsages were of pale beige cymbidium orchids.

Buffet Luncheon
An imported cloth of linen covered the bride's table at the luncheon in the private dining room of the Twin House Restaurant in Palatka. Roses and wreaths decorated the traditional two-tiered cake, placed on one end of the table with the bride's book on the other.

A complete arrangements of white gladioli, pompon chrysanthemums and feathered carnations highlighted the center dining table where the wedding party was seated.

Following a wedding trip to Jacksonville Beach, former home of the bridegroom, the couple will make their home in Palatka, where the bride will be teaching at St. Johns River Junior College. She is a graduate of Avon Park High School and Florida State University where she received her master's degree in home economics.

The bride spent two years in secondary schools in Melbourne and one year at Albany High School, Albany, Ga. before moving to Palatka.

The bridegroom is a graduate of Leon High School and Florida State University, where he received a Bachelor of Arts degree in Sociology. He studied one year in the FSU graduate school in the field of urban planning and has been employed for the past year by the Southwest Georgia Planning and Development Commission. He will be attending graduate work at the University of Jacksonville, Inter-

Ready-Rittner Announce Marriage

Mrs. Judith Ann Ready and S-Sgt. James Rittner Bussey were united in marriage August 14 at the home of Judge and Mrs. Mervin Rehner.

The bride is the daughter of Mrs. O. L. Young and the bridegroom is the son of Mrs. Virginia Elswick, Richwood, W. Va. and the late Arnett Bussey.

Major Thomas served as best man and Mrs. Peggy O'Bannon of Sebring served as the bride as matron of honor.

A reception was held at the home of Mrs. O. L. Young, Avon Lakes for the immediate family following the ceremony.

S/Sgt. Bussey is stationed at the Bombing Range.

APO Wives Meet At Martin Home

APO Wives and Mothers Club will have a business meeting Tuesday at 7:30 P.M. at the home of Mrs. Dee Dee Martin at Dressel's Ranch, Lake Placid.

The club held its monthly social last week at Avon Park Restaurant. Ten wives attended the dinner meeting.

For the business meeting next week the club members may work out car pools by calling Mrs. Vera Walker.

Parkers Honored On Anniversary

On August 17th George and Ethel Parker were honored with the club members may work out car pools by calling Mrs. Vera Walker.

Jennie Baker is visiting a niece in Spartenburg, Pa. She will also visit in Chattanooga, N. Y.

Most trains of thoughts carry many empty cars.

After listening to several eyewitnesses of an accident, we wonder about history.

Highlands General Hospital Gets 3 Year Blood Bank Accreditation

Reaccreditation of Highlands General Hospital blood bank by the American Association of Blood Banks for another three-year period was announced this week by the American Association of Blood Banks' medical director.

"You are hereby recognized as maintaining or exceeding the standards of blood bank performance as established by the American Association of Blood Banks," stated Dr. Frank C. Coleman, president of the blood banks association, in making the presentation. We hope you will display this award in a prominent place because we share your pride in its significance.

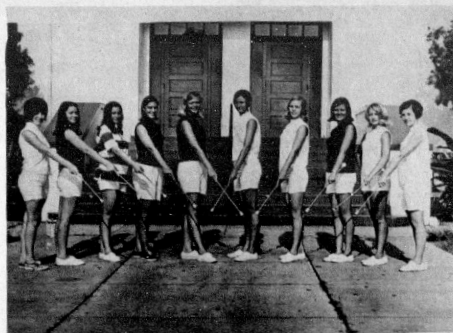

Congratulating the hospital's governing board and staff, Dr. Coleman pointed out that "this recognition by the American Association of

Blood Banks is assurance of your continued interest in establishing the highest quality medical care to the patients you serve."

Highlands General is one of the more than 1,000 blood banks which have been certified through the program. Accreditation was preceded by a comprehensive questionnaire and physical inspection of the blood bank by one of the Association's volunteer specialists.

Avon Mobile Home Park News

LUCILE DUTHIE

Congratulations to Harold and Ruth Wolcott on their 55th wedding anniversary. The affair was observed with a big family dinner. The Wolcotts are from New Carlisle, Ind., and up to the time of his retirement was owner of the grain elevator which he later sold to the Farmers-Co-op.

We are very happy to welcome some new Park residents, Mr. and Mrs. George Bearns, R.R. 6, Rochester, Ind., have purchased a new mobile home which will be located on Court 52. We wish them health and happiness in their new home.

Additional news of the annual picnic held August 13th in Bourbon, Ind. The hosts for the affair were Mr. and Mrs. Welcome Miller and Mr. and Mrs. Warren Byer. There were ten present from Ohio, two from New York, five from Michigan and 40 from Indiana. Officers elected for the ensuing year are: Mayron Heard, president; Mrs. Edith Stevens, secretary-treasurer. It was also voted to have the picnic the second Wednesday in August each year.

Mr. and Mrs. Emmette Wright have as their guests, Mr. and Mrs. James Green and family, Debbie, Tim and Bruce. Their home is in Huntington, West Va. Mr. Green is president of Raybo Chemical Co. and Columbia Paint Corp. of Huntington, W. Va.

The writer is in receipt of a letter from Bess Reas who is a resident of our Park. Bess lives on th lake at Shell Lake, Wis., and is a lover of nature. She tells of a chipmunk that decided to start housekeeping in a wren house. The animal chewed a hole in the house large enough for it to get in, and now there is a new family

there. The question that Bess asks, is how are they going to get out? The wren house is set up about nine feet and is in a tree. She calls her pet the "Pent House Chip." The usual habitat for these animals is the ground which makes it quite unusual and interesting. It will be interesting to know the outcome of this little family.

Mrs. Don Rush, from Big Prairie, Ohio was a recent visitor of her brother and sister-in-law, Mr. and Mrs. L. Geiba. Mrs. Ruth Flower, Canton, Ohio also visited with the Geiba Monday.

In 1934, the Byrd Antarctic Expedition built a 70 foot tower, and mounted a wind-driven generator on top of it. Another expedition in 1955 found 5 1/2 feet of this tower still above the snow, and the generator still working.

Five Avon Park Lettermen Return To Football Squad This Season

Only five lettermen are returning to the Red Devil football squad from last season's team which set a 3-7 record but around 30 other prospects are on-hand each afternoon at 5 P.M. at Memorial Field for pre-school practice sessions under the direction of head coach, Joe Franza, back coach, Ralph Hill, and end and line coach, Eddie Lewis.

The only senior returning letterman is back Willie Joe Seigler who brings two years experience to the backfield. The other seniors out for the squad this year are backs Roy Claitt and Harvey Jones, ends Howie Godwin and Tom Culbertson, and linemen David Barnes.

Two returning lettermen are juniors—center Ricky Dick and back Dennis Hart. Other juniors who will be hunting for starting positions on the inexperienced team are linemen Greg Albright, Julian Kendrick, Don DeLaney, Mike Rhiner, Steve Lawhorn, Danny Albright,

Winston Smith, and Robert Jenkins; backs Walter Nunnelee, Fred Jahns, Winkie Hall, Jim Magenheimer, and Steve Hartt; ends Joe Franza, Frank Davis, and Mike Smith.

The sophomores on the squad will be led by the other two returning lettermen—quarterbacks Don Sise and linemen Randy Ward. Two other fourth sophomores still working out with the varsity are linemen Mike Talley and Bobby Stoops, end Clark Jackson, and back Eddie Ezell.

Two freshmen are trying to make the varsity this season—linemen Jarvis Hartt and Mike Archer.

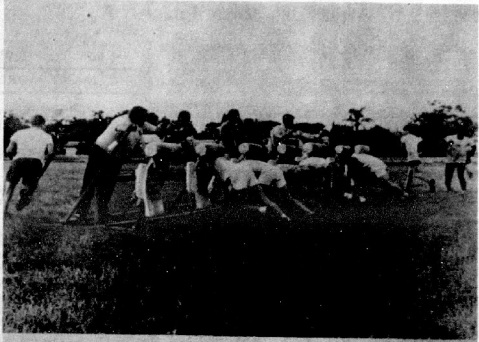

Most of these boys showed much promise in an encouraging Spring practice at the close of last year's school season. The coaching staff will have its work cut out trying to replace the 11 players who graduated off last year's squad. The only regular full season starter returning to the team will be Willie Zeigler but several boys who were out because of injury will be at full strength this season and several others saw considerable action toward the end of the season last year.

The Red Devils will participate in the annual jamboree game in Sebring this year on Saturday, Sept. 6. Other teams in the four team event will be Arcadia, Wauchoula and Sebring. Each team will play two quarters against two of the other teams.

AVON PARK RED DEVILS started practicing this week for their first game with Lake Wales. The Devils are shown going through some plays that will be

used during the season. Above is Danny Albright (center) who is expected to be one of the starting linemen.

Troop 814 To Sponsor Cub Pack

Boy Scout Troop 814 held its first annual program planning meeting August 25 at the scout hall. The activities and advancement program for the coming year were outlined. Planned were several special activities and campsouts. The troop committee, troop leaders

and patrol leaders council participated. Don Brooks, District Scout Executive, assisted with the program. Those attending were Thomas Foley, committee chairman; Phil Boardman, M. J. Spurlock, Charles Behal, Capt. Curtis McMarrell, USAF, committee members; Larry Violette and Larry Bond, assistant Scoutmasters; Johnny Johnston, Scoutmaster; St. Patrol Leader Charles Klein; Patrol Leaders David Metheny, Ricky Spurlock and Michael Eberle, representing the Scouts. After the planning meeting, the Scout leaders met with Brooks and Leon Garner, assistant principal of Avon Park High School to discuss the formation of a Cub Scout Pack. They decided to establish the pack and pledged financial support.

Garner stated that he expected to get the pack off the ground at a meeting in September. The new pack will be Pack 814 also sponsored by Our Lady of Grace Catholic Church.

You're Wrong! It's a sedan.

But you're not all wrong. From here, it does look like a wagon.

That's because our Simca 1204 Runabout has a door in back, that makes it part wagon, part sedan, and all versatile.

It also has versatile front wheel drive, for that big car feel on expressways. And it will take you places ordinary cars can't go. Through mud, sand, sleet and snow.

Other standard equipment includes reclining bucket seats, 4-speed transmission, full carpeting, disc brakes and radial-ply tires.

When you realize it's all backed by the Chrysler People, and when you see our low price... you're right again. It's a great buy.

Through the combined efforts of the Avon Park, Lake Placid and Sebring Chambers of Commerce, a Highlands County Grand Prix Appreciation dinner, Tuesday, Oct. 14, is being planned.

An informal luncheon was held Thursday at Howard Johnson's at which time C. C. Executive Secretary Melvin Hooper, Avon Park Park; Harry Seebler, Lake Placid; C. C. Kenneth H. Grady, president Tropical Forest Park, Lake Placid; and Sebring Chamber of Commerce Reginald S. Smith, vice-president Automobile Racing Museum, Sebring, and Mary R. Bowles, executive assistant, Sebring, discussed plans for the dinner.

Additional income and all around good sporting events," says Kenneth H. Grady.

In reporting beginning of criminal trials September 2, it was erroneously stated in last week's Sun that Don Arthur Gorman, 22, of Sebring, would be tried for breaking and entering and possession of stolen property from Maxcy's Truck Stop.

This was in error. Gorman, who is from Avon Park will be tried for possession of an outboard motor stolen from Dan Bennett.

Gorman also was arrested last week in connection with contributing to the delinquency of minors by allowing them to drink alcoholic beverages. He is free on \$1,000 bond in this case.

Purvis Thomas, also arrested in the case, is aged 23, not 20 and James A. Boyd is aged 22, not 19. Boyd is from Lemon Grove.

Avon Park has more churches than their good will. Good will is God's will. Those who love their neighbor as themselves are not limited by creed.

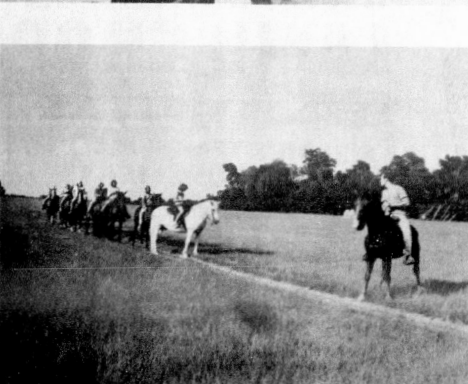

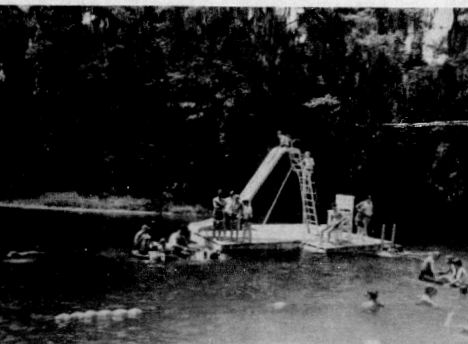

One church administers our local hospital but their unpaid volunteers are of many creeds. Every church needs goals of community service beyond its walls.

Youth today is idealistic but tied to narrow creeds until too late. When their God concept is too small they rebel. Is the answer more police control?

There will be good government and peace on earth when all people of good will cooperate. Must disaster overtake us to unite good will?

They were Allen A. Reilly, Sebring, Don Arthur Gorman, James Earl Barber and Purvis Thomas of Avon Park. They will be tried before Judge Rehner Sept. 8.

The epic journey of Apollo XI for only **39¢** WITH A \$2.50 PURCHASE

Narrated by Walter Cronkite, this exclusive 7-inch, 33 1/3 r.p.m. record documents each dramatic step of man's most incredible achievement—from lift off to moon landing to splashdown.

You'll hear the voice of President John F. Kennedy as he announced in May, 1961 the U.S. intention of landing a man on the moon by the end of the decade. Then you'll hear the actual voices of astronauts Armstrong, Aldrin and Collins in each vital stage of their lonely, dangerous journey. Armstrong's immortal words "The Eagle has landed" and his first words as he stepped onto the Moon's forbidding surface are all here on this historic record.

Mayor And Two Councilmen Will Be Elected Tuesday

Approximately 3222 Avon Park voters are eligible to cast their ballots in next Tuesday's election for Mayor and two City Council members.

With contests in each race, observers are looking for a bet-

ter than average turn out of voters.

Roland Drott, supervisor of registration said that a final check showed a count of 3222 qualified voters registered. Of course there are a few on the

list who have moved away since the list has been purged.

Voter city hall observers estimate a turnout of 65 per cent of the voters.

Voting machines will be used in the city elections. Precinct 1

Walter Guest Club, will cover all the city north of Cornell. Precinct 2 County building on Delaney Ave., covers all the City South of Cornell. A sample voting machine ballot is on page 1B of the Sun this week. The poll will be open from 7 a.m. until 7 p.m.

There are three candidates for mayor, Robert J. Barben, Robert Hanford and Harold Warden.

In the race for the two council seats there are six candidates. Two incumbents, Milton Howard, and Rodney Lane. Others are Lerter Brown, Charles Howe, Don Serdynski and J. A. Wise.

Pulp Worker Killed Here Saturday

Israel Bailey, 32, of Plant City, was killed Saturday night at his arrangement in county court on a charge of murder in the second degree Tuesday and was bound over for trial in Highlands County Circuit Court.

He was ordered held without bond.

Bailey is charged with the shooting death of Milton Moyle, 35, also of Plant City in an apartment in Avon Park about 8 p.m. Saturday.

Musley died of a single gunshot wound in the right chest. According to Deputy Sheriff O. L. Raulerson, Bailey had gotten into an argument with Samuel Neils, also of Plant City, pulled the gun and fired. The bullet missed Neils but struck Moyle.

Police recovered a 22 calibre revolver at the scene. The three men were employed in Avon Park cutting pulp wood, Raulerson said.

STAC GETS FUNDS
Educational funds for Florida's 27 junior colleges totaled \$5.1 million during August, South Florida Junior College's share in the disbursement was \$23,254 as compared to \$17,300 for the same month a year ago.

Commissioners Getting Ready To Sell Bonds

Highlands County commissioners will get ready to sell a new race track bond issue, but they have no idea when the \$1.5 million issue may be to market.

At a special commission meeting on Tuesday night Cortland Rudolph—representative of the commission's Co.—said the bond market was "kaput" and it would probably be impossible to sell the new race track issue.

The interest limitation is a part of the special legislation, approved last Spring, which provides for the Highlands County race track tax.

The bond would be sold to \$1.5 million in certificates of indebtedness backed by income from race track taxes. Rudolph's recommendation is that the bond issue be prepared for the comprehensive bond resolution and validation bill in circuit court—be done immediately.

Rudolph remarked that one factor in the bond market would be the new tax legislation now before the Senate. As it passed the House, the new bill cuts into federal tax exemptions for municipal bonds and could send interest rates on such securities soaring.

Commissioner Cecil P. Skipper, chairman of a county-wide committee studying the best possible use of the race track bond money when it is available, said the county would continue to meet the next meeting is set for 8 P.M. on Monday, Sept. 8, in the county commission meeting room.

At the Tuesday morning county commission meeting, Avon Park Clerk Malcolm Crews reminded the county commissioners that a "variety of county functions are scattered all over Avon Park."

Avon Park City Council had informally suggested that the old post office might be purchased by the county as an annex.

Construction of an agriculture complex, remodeling of the county jail or the addition of a second floor to the courthouse annex have been listed as possible uses for the bond money.

In other actions at the special bond meeting Tuesday night, the commissioners declined to increase the county's insurance to cover possible suits for alleged county negligence.

Ford Heacock, Jr., who chaired the night meeting, said such coverage for the county including the road and bridge department would cost \$3,750 per year or \$3,125 without the road and bridge department.

At the close of the formal meeting, the county commission stood on for a two-hour work session with the county planning and zoning board.

Definition of zoning districts and review of proposed comprehensive zoning resolution filled the agenda for the joint session. County Administrator Charles Morgan said he is hopeful that the Avon Park City Council will be ready for formal county commission action "this Fall" but he refused to estimate the exact date.

TWELVE HIGHLANDS County school bus drivers received their safety awards, and four their 100 hour certificates when the drivers held a meeting Friday with Garland Boggus, school transportation superintendent. Drivers were apprised of new bus routes and time schedules and procedures in making reports. Avon Park City Council Sets Budget At \$424,360 For 1969-70 Fiscal Year

After much discussion and discussion, the City Council arrived at a budget which appeared satisfactory to all departments, except one.

The millage levy will remain as is for the coming year. The budget was set at \$424,360 with a contingency fund of \$2,313.

An increase in salary will be given to city employees in over all amount of \$10,500. All employees will be given the alternative of accepting one of three choices: a straight 3 per cent increase, or free hospitalization and life insurance (paid by the city), or a 3 per cent raise with hospitalization only. A meeting will be held for employees to present the proposals in detail.

It was not easy for the council to adopt a budget, for all departments were asking an increase in equipment and salaries. The council cut out many requests but tempers flared when it came to the building and electrical inspectors' pay. Both men are paid only part time work and with the increase in building permits and enforcement of zoning laws they felt justified in asking for more money.

Since one council member has become mayor, there are only four voting members and with no tie-breaker they stood divided.

Two members felt that a raise was in order and two felt that the work they perform was not important and time consuming enough to merit such an increase. Both men reported on the hours spent without additional pay but the council set at \$2,000 only for each man.

The largest revenue added to this year's income will be the 5 per cent utility tax. This will add revenue of \$48,500.

21 Entries Received for Fat Cattle Show

The Highlands County Fair apparently will have another top notch fat steer show next January 19-24.

County agent said 21 entries for the fair have been received, and they look real good. Entries closed July 15. However, those who want to enter in the dairy, rabbit or poultry shows have until October 1 to do so.

The various departments and the amounts allocated are: City Hall and office expenses, \$96,000; Property maintenance, \$96,000; Publicity, \$5,000; Fire Department, \$28,700; Parks Department, \$12,300; Police, \$78,347; Sanitary and Street Dept., \$107,500; Golf Course, \$36,000; Indefinite, \$28,190.

The water department budget will be \$170,000 with \$115,000 for expenditures and \$55,000 for outstanding obligations.

Disie H. Scott, representing the Jaycees of the county, said the three chapters will raise the money to employ a staff to keep the welcome station open "several days a week, we don't know yet just how many, but surely on weekends." He said a citrus processing plant in the county has promised to supply orange juice without charge.

Local Church Join In Offering Aid to Victims of Hurricane

On Sunday, Sept. 7, the local United Methodist Church will join with all other United Methodist churches in the Florida Conference, as well as the other United Methodist conferences of the Southeast, in the receiving of a special offering for the relief of suffering in the Mississippi-Gulf Coast areas.

If there are those in the community who have not yet had an opportunity to share in this relief work, they may do so through this fund. In this, they will have the assurance that their money will be wisely used by Methodist ministers and allied workers on the spot. The Mississippi-Gulf Coast Relief Fund will be administered by those who actually live in the stricken area and have firsthand knowledge of those who are in need.

Checks should be made out to the First United Methodist Church, and all monies received will be forwarded immediately to the central conference treasurer in Lakeland for prompt distribution to the Mississippi-Gulf Coast area. If there are any questions, you may call the church office mornings, GL 3-3759. All donors will receive a receipt for tax deduction purposes.

Adult Education Courses Start

Adult Education and High School Completion courses start Monday, Sept. 8. To register, or for information, contact South Florida Junior College at Avon Park. Phone: GL 3-6062.

From U. S. 27, the district boundary runs east again to Highland Avenue, then south to the south side of Lake Denton. From there the boundary line again runs east to a point about four blocks (city blocks) east of State Road 17.

The boundary then runs north to Kinsey Road and jogs west about 10 acres before turning north again to Bombing Range Road. From Bombing Range Road, it runs east to include the Avon Pines subdivision. From the subdivision it heads north to Bombing Range Road again at the Polk County line.

Running east along the Polk County line for a distance of one mile, it turns south for about one-half mile and then west to the old road to Frostproof. There it runs north again to the Polk County line once more and back west to the starting point at the junction of the Highlands-Hardee-Polk County lines.

Admission price will be \$1.50 and 75 cents if tickets are bought in advance or \$1 for adults and \$1 for students if bought at the gate on September 6. Game time is set for 8 P.M.

Avon Park Red Devils Will Meet Sebring and Wauchula Saturday Night's Football Jamboree

Avon Park football fans will get an early look at the Red Devil prospects for the coming season this Saturday night when the Avon Park High School varsity will participate in the annual football jamboree to be held in Sebring this year.

The jamboree is a state supported event which allows teams to meet each other in a pre-season game-like situation to check out new rules and give coaches an idea of what to work on before the opening game. Each of the four teams participating in the jamboree in Sebring will play two quarters of ball against two different teams.

Avon Park will play against Arcadia and Sebring in the second and third quarters and Wauchula (Hardee High) will play the same two teams in the other quarters.

Coach Franza will take a squad of 20 boys down to Sebring for the jamboree activities, but only five of the boys will be returning letterman. Leading the returning varsity boys will be halfback Willie Joe Seigler, a senior; quarterback Don Sisemore, a sophomore, is also a letterman and juniors Dennis Hartt and Walter Nunnallee letterman at halfback. The only letterman lineman will be center Ricky Dick.

Dennis Hartt, Freddy Johns and Keith Richards at halfback. Ricky Dick will lead the center prospects with Don DeLaney and David Barnes also working out in that slot. Randy Ward and Danny Albritton head up the tackle prospect along with Greg Albritton and Steve Lawhorn. At guard will be Mike Archer, Jarvis Hartt, Mike Talley, Julian Kendrick and Winston Smith.

Eight boys are trying out for an end position—seniors Benie Godwin and Tom Culbertson and juniors Frank Davis, Mike Smith, Joe Franza and Mike Ribner and sophomores Clark Jackson and Bobby Stoops.

Next Friday night, Sept. 12, the varsity will hold its annual soap scrimmage.

The "B" squad is working out also under the direction of Coach Dewayne Lerner and Coach Ed Culbertson and the junior high team will get into full practice soon with Coach Rusty Marshall.

The "B" squad's first game is set for September 25 and will be played here against Fort Meade.

Construction of an agriculture complex, remodeling of the county jail or the addition of a second floor to the courthouse annex have been listed as possible uses for the bond money.

In other actions at the special bond meeting Tuesday night, the commissioners declined to increase the county's insurance to cover possible suits for alleged county negligence.

Ford Heacock, Jr., who chaired the night meeting, said such coverage for the county including the road and bridge department would cost \$3,750 per year or \$3,125 without the road and bridge department.

At the close of the formal meeting, the county commission stood on for a two-hour work session with the county planning and zoning board.

Definition of zoning districts and review of proposed comprehensive zoning resolution filled the agenda for the joint session. County Administrator Charles Morgan said he is hopeful that the Avon Park City Council will be ready for formal county commission action "this Fall" but he refused to estimate the exact date.

Locking the Barn

State Insurance Commissioner Broward Williams, under fire for suspected excessive kindness toward insurance companies, has proposed a major change in the system of private passenger automobile liability insurance.

It should result, he says, in substantial savings for Florida motorists—like 50% for some—and called the Named Operator Policy. It would shift liability insurance coverage from the vehicle to the driver.

"Each driver would be rated on his own individual driving record, unencumbered by the driving records of others using the family vehicle," said Williams.

This concept, he said, would "go a long way toward our goal of making sure that the good driver pays the lowest price and the poor driver pays the highest price."

Such policies now are sold persons who do not own a car but drive other people's automobiles and want to be insured. These non-owner liability policies are rated approximately 50% lower than comparable coverage on a vehicle.

Now why didn't our commissioner come up with something like this before? It's sort of locking the barn after the horse is stolen, but better late than never. Automobile insurance has been in a sad state, unfair to the good drivers, particularly. Things were so bad in the rating department it would have come as no surprise to learn that the cut of your hair affected your rate.

It's fine that Mr. Williams is starting to solve some of the bad situations in the department—and isn't it a shame he didn't take action before public outcry and possible loss of his job when he comes up for election next time faced him?

If he were any kind of a good insurance commissioner at all, he should have been aware of unfairness, and bad practices existing in his field. And he should have done something to straighten it out.

Why do we have to get him on the pan before we get any action?

New Car Time

Florida's 856 new car and truck dealers represent a total investment of \$129,000,000, employ 26,000 workers and pay \$164,000,000 in wages and salaries annually, according to the Automobile Manufacturers Association.

And they provide enough jobs to support a city larger than the combined metropolitan areas of Tampa, St. Petersburg and Tallahassee.

The report points out that the manufacture, sale, servicing and a commercial use of motor vehicles in the state accounts for 403,000 jobs. Based on a national employment-population ratio, these workers and their families represent a population of 1,047,800.

The time of the unveiling of the new models is again upon us. A few strange new names may confront us—and although there have been hints that the styling will not change much—there will be some new looks.

No matter what, the new cars always look beautiful—and somehow much of the population which can't quite afford a new car, somehow manages regularly to do it. Dealers were not even able to fill all demands for some of the more popular models last year.

We hope the auto industry has a good year ahead. We hope the economy in general has a good year ahead.

The Underpaid Astronauts

A look behind the scenes at some of the dollars and cents facts about our moon men bring out some startling facts.

One of these is that the technicians, members of a militant AFL-CIO local, who maintain the filtration, air conditioning, monitoring and vacuum equipment inside the lunar laboratory, get paid \$550 a week and a total of \$949.50 per week for their sleep is interrupted. Neil Armstrong, who is with US Civil Service, rates about \$600 a week or \$30,054 a year. No overtime, no flight time, no hazard time. Col. Buzz Aldrin gets \$20,607 a year and Lt. Col. Mike Collins \$20,083 annually.

Then take a look at some of the new commercial aviation contracts. At Pan American World Airways, the captain of a Boeing 727 gets \$40,860 annually; the commander of a 707 \$45,564 a year; and when the new 496 passenger 747 takes off in mid-December, the captain will be making \$59,136 annually.

Looks like our Astronauts are working cut rate, doesn't it?

LEWIS LLEWELLYN

Who's Guilty in College Turmoil?

Will there be violence on the campuses of our colleges and universities, this fall?

There certainly will be because the goals of the SDS and similar groups have not yet been achieved and the militant action organizations are determined to carry on their programs of disruption, dissension, and destruction. Can you remember, a few years ago, when we read the reports of disorders on the campuses of Latin American universities and complacently remarked, "Well, it can't happen here."

Now that it is happening—let's ask ourselves the question, "Why did this happen—and what can be done about it?"

Marxist Leaders

There is some Marxist leadership at the head of the SDS, we know. Anyone who questions this is simply not informed. Some of the leaders are Moscow-oriented, while some are Peking-oriented. All such are seeking the destruction of our

society. Some have been frank enough to say so.

But the question is, "Why do some idealistic young students follow such leaders?" It should be emphasized immediately that the majority of students do not follow them. The rebels are a small minority.

Still, there are enough who do follow them that their influence is severely disruptive. Why do some idealistic young people join in such movements? Why are they subject to being misled?

The answer may be contained in a statement made recently by a Florida medical man who said, "Recent history of our youth demonstrates the utter contempt they hold for parental authority."

When respect for parental authority breaks down, respect for the authority of university officials and of representatives of government—local, state, and federal—is weakened.

Parents Responsible

Unfortunately, the students who are now causing the troubles are probably too far gone to be salvaged, in many cases.

But we have a younger generation coming on. How are they being trained? Young people who are trained to respect their parents and to understand their personal obligations to help in the building of a constructive society will not be misled by rabble-rousers. They will be immune to the rantings of the revolutionaries.

No wonder the Bible says, "Train up a child in the way he should go and, when he is old, he will not depart from it."

Many parents have failed their children, themselves, their nation, and their God—by not obeying the Lord's command with regard to the rearing of their children.

Are you training your children in the way they should go?

Tabled for further study a bill for damage county road crews had done in an irrigation line owned by Consolidated Financial Corp. The commissioners said the line was in the county-right-of-way and it would be necessary for the citrus producers to show they had a permit for such placement before repair charges would be considered.

Approved employment of Mrs. Sandy Weaver Knowles as secretary for the planning and zoning department at a salary of \$800 per year. County Administrator Charles Morgan said office space for the new secretary will be a problem but "we must have a secretary before zoning permit applications begin to come in."

Mrs. Knowles is to begin work October 1. —Promised Mrs. Bob Merrill that the State Road Department will be contacted about traffic hazards at the intersection of Knollwood Blvd. and Highlands Ave. Mrs. Merrill said drivers coming from the airport at the 55 miles per hour speed limit and drivers pulling out of Highlands Ave. do not see each other in time.

On the request of the advisory board of the Highlands County Public Health Nursing Service the price of home visits was raised from \$6.50 to \$8.50 per visit.

Some of the cheesecake photos we've seen are pretty crummy.

PLEADS NOT GUILTY

Mrs. Doris Heusel, accused of contributing to the delinquency of minors by allowing them to drink alcoholic beverages, pleaded not guilty in county court Monday. Mrs. Heusel and several others were arrested after neighbors complained of noisy parties in the trailer behind her home.

BABSON'S POINT OF VIEW

Gains For Farm Income

By Babson's Reports Inc., Wellesley Hills, Mass., September 4, 1969. At this moment in the crop season it looks as though net income going to farmers for the current year will reflect a substantial advance over the levels of 1968. This may well be true in spite of continuing increases in the cost of operations and up-trending taxes at municipal and state levels.

Assessing figures for the first half of 1969, the Agriculture Department reported net farm income at an annual rate of \$15.8 billion, up 7% from the first six months of 1968. This worked out to the highest level since 1966 and the fourth-best since percent ever recorded. The rather sharp jump was traceable to a number of key developments: Well-sustained consumer demand for almost all agricultural and meat products, higher prices for certain major items including livestock, heightened efficiency in many farm pursuits, and a generally more liberal volume of marketing.

If the annual rate of \$15.8 billion should persist through the remainder of 1969, the take for farmers for the year as a whole would be one of the highest in our history. The all-time pinnacle was touched in 1949 when farm income soared to \$17.1 billion. There is, of course, no assurance that this will be achieved, if only because of erratic weather conditions in many parts of the country that will have some effect on crop yet to be harvested and sold. But on the hopeful side is the fact that livestock is a segment of farm production, and prices have been exceedingly favorable.

Fed cattle marketings should continue above year-

ago levels as we move into the Fall months. In fact, they may be extremely heavy. After the brisk price advances for meat animals in the Spring came a mid-Summer downturn, and over the period ahead there may be moderate further decline. But the average is likely to hold well above that for the year before. Pork production could lag a year ago during the Autumn because of an apparent drop in farrowings last Spring. Hence, prices may well continue above 1968 levels, with a healthy impact on cash receipts for all kinds of livestock farmers at least through the end of this year.

Poultry and egg prices are also likely to rise slightly over the same period of 1968 despite the well-sustained output anticipated for the remainder of the year. The dairymen have done well thus far in 1969 in terms of dollar intake, but it must be admitted that in many instances their over-1968 margins will be sliced or even entirely eliminated by the unending climb in production costs.

Perhaps the wheat farmer has the least clear idea of what to expect over the period ahead. World wheat production has expanded way beyond commercial needs. Latest figures place U. S. stocks at \$11 billion bushels, some 50% above the volume held at the same time 12 months before. Both overt and hidden price cuts (Canada has made at least six cuts) by the other exporting countries—Australia, Canada, and the European Common Market—have made U. S. wheat virtually non-competitive at support prices. The international grain arrangement aimed to fix minimum world prices has collapsed.

lapsed. So what lies ahead for our wheat farmers?

Hope is that the big producing nations will once more boost their price levels enough to make U. S. wheat again competitive. That would permit this country to get its fair share of the export market. If this is not accomplished, we may be tempted to reduce our wheat price—which would be a cumbersome process at best. And this cost be followed by further cuts on the part of the rival nations, putting this country right back where we now are. Excessively low prices can lead to the use of wheat as feed, with a consequent unfavorable repercussion on our export markets for feed corn. Admittedly, there is a bitter wheat price war on. Let us hope it will be ended with all the export countries reestablishing a sane pricing program.

Waterfowl Season Opens November 27

Florida hunters may look forward to Thanksgiving turkey for lunch and wild duck for dinner on Nov. 27. The 1969-70 season for waterfowl and snipe hunting will open one-half hour before sunrise on Thanksgiving Day.

The season for ducks and coots will be a continuous season with 67 days of hunting. The waterfowl season closes at sundown Jan. 12. The season for snipe hunting closes Jan. 15.

There will be no open season for goose hunting this year.

Persons Must Report Social Security Changes

"Persons failing to report events that may terminate their social security benefits may be found guilty of fraud," reported W. E. Arnold, district manager of the Lakeland Social Security office, today.

As a case in point, Arnold pointed to the recent conviction of Phyllis E. Bates in the U. S. District Court in Tampa. On August 1, 1969, Mrs. Bates, remarried widow of Lennie Retherford, entered a plea of guilty to charges brought against her in connection with unlawful receipt of mother's benefits. Mrs. Bates was sentenced to 30 days in jail and three years probation.

On December 3, 1962, Mrs. Bates of Lake Wales, had filed an application for social security benefits on the earnings of her deceased husband, and was properly awarded mother's benefits.

On April 1, 1965, Mrs. Bates married Billy James Bates. Under the present social security regulations, Mrs. Bates should have reported the event, as it is unlawful for a person to receive mother's benefits after remarriage.

However, Mrs. Bates failed to notify social security of her remarriage and continued to receive her benefits, cashing the checks in the name of Retherford. Two years later, when specifically asked by the Social

Security Administration about her remarriage, Mrs. Bates, in a signed statement denied the event had taken place.

Subsequent investigation by the Social Security Administration revealed the facts which resulted in Mrs. Bates' conviction.

VOTE FOR AND ELECT DON SERDYSKI

AVON PARK CITY COUNCILMAN SEPTEMBER 9, 1969 PULL LEVER 8

Letters To The Editor

Editor Sun:

About four years ago the voters voted against a utility tax by a substantial majority. Now the city council has just passed unanimously a five percent utility tax. Your opinion at the election was "the damned!" This tax according to the legal advertisement in the Sun becomes effective October 1.

That five percent crammed down the voters after they voted against it is something for history. Why didn't they let the voters vote on it again? Afraid maybe.

The council is in trouble and they need more funds. There are probably several reasons why they could need more money and most of them could be corrected with a little good management.

A few of the reasons why the left over funds did not last very long when Mr. Howard and Mr. Lane took office two years ago:

1-A \$50 a week city clerk replaced by one for \$150 a month expenses. A \$75 assistant clerk replaced by one for \$128 a month overtime. A \$30,000 new building to rent to a member of Mr. Howard's family for \$50 per month. However, after all the fuss raised over this deal the man did not get the building. It still had to be paid for.

2-A new billing machine had just been bought prior to Howard and Lane taking office for \$8,000. Apparently they wanted to buy one themselves with the approval of another councilman so they traded this one back and bought one for \$18,000.

After all the spending spree the council has been on there is to need for all the new taxes. If two new councilmen and a qualified mayor are elected with a successful business background most of the council doings can be corrected.

I will list a few of the new taxes that will be forthcoming in the very near future. From the new Federal Housing project (figures are more or less \$900 per month for water, sewer and garbage pickup. Plus property taxes that could run several thousand dollars. The buildings are not tax exempt.

A new increase sewer rates \$800 monthly. The county tax assessment roll that the city will use to ten percent.

I notice from Mr. Howard's views expressed in your paper of August 11, 1969, he is against any property tax for schools and colleges. I am afraid Mr. Howard is evading the issue as new we are talking about these new city taxes that he voted for.

Mr. Lane says in the same issue and I quote, we have been successful in getting unsanitary conditions cleared up. I would like to ask Mr. Lane what he expects to do with those privies still standing in the south end of town?

We can expect a new water rate increase. This is the ordinance the late Mayor Doerr vetoed. The road is clear now.

I can't help but think about all our new citizens found that have been sold in the past on the low tax rate in Avon Park. Many of them

purchased homes and other property because of low taxes. We probably now won't have so many new ones in the future.

Maybe a good way to get this mess in Avon Park straightened out is to elect two new councilmen and put pressure for the other three to resign. Maybe a recall election might not be bad if necessary.

Respectfully summarized Clarence Kling

Editor Sun:

We have had several inquiries concerning the Walcome sign at the northern city limits on Highway 27. It is good to know that so many of our people have civic pride. I am sure that all city officials are among those who care that our city be attractive.

Why many people do not seem to understand is that this sign has been damaged badly on three separate occasions in the past several weeks. The first accident occurred when an automobile left the highway and struck the sign. The insurance on the car repaired the sign at that time.

The second damage occurred shortly thereafter from unknown causes. At this time the plastic letters were damaged. The sign was repaired by Long and Sensing and repairs paid for by the City.

Just two days after the sign was repaired, damage had been repaired something struck the sign a mighty blow from the rear. This severely damaged the frame, the chain fence, the plastic letters and the organization signs thereon.

Damage of this type is so extensive it was impossible to make repairs at the site. About two weeks later the sign was removed for repairs. It will be replaced when it then is completed and will then be painted and the signs of the organizations again mounted thereon.

The Chairman of Commerce has worked in cooperation with the City in this instance and I trust this letter will give the proper information to those who have wondered about the sign but not bothered to call the proper persons about it.

Express Views

To the Voters of Avon Park: Next Tuesday, Sept. 9 we have the opportunity to vote for mayor and two members of the council. These are the most important offices since they affect each of us as we live and work in Avon Park.

For the past 20 years I have taken an active part in our community life. I have served two terms as a member of our council and look forward to serving you as your mayor.

Sincerely, Robert J. Barben Candidate for Mayor

Robert W. Hanford

Let's Cooperate

Our city council has been conscientious and hard working. Voters who feel it can be improved have the opportunity to choose new councilmen. One thing certain, as we can get closer to understanding each other's problems and be constructive in criticism. A few citizens have approached the council in that spirit.

This writer tried to make Avon Park known as a "city with a heart" in a service center combining bus station, pickup and delivery and telegraph service, while endeavoring to operate a 24-hour, self-sustaining center of information and help. By teamwork greater things are always possible.

Robert W. Hanford Candidate for Mayor

Let's Get Acquainted:

I would like to meet you in person but for different reasons I cannot. You are welcome to come by my home and I can show what I did before coming to Avon Park for business and industry and what I can do for the development and prosperity of our city.

Lester N. Brown Candidate for City Council

I have served the City of Avon Park for 20 years. Ten years as a volunteer fireman, and 10 years as a paid fireman.

I do not intend to vote on or pass any item that comes up until I have all details on said item.

I believe in doing the very best one can for your City and I believe that I am qualified to serve as your City Councilman. I would appreciate your vote.

Marsh Hen Hunt Season To Open Monday Morning

The opening gun for the 1969-70 hunting season will sound one-half hour before sunrise Monday, with the opening of the marsh hen hunting season.

Hunting of migratory rails and gallinules (marsh hens) will be allowed for 70 consecutive days ending November 4, according to Dr. Richard Schulz, chairman, Game and Fresh Water Fish Commission.

Bag limit for King and clapper rail is 15 per day in the aggregate, with a possession limit of 30. Bag limit for the sora and Virginia rail in the aggregate, is 25 per day. Total possession sora and Virginia rails is limited to one day bag limit. Daily bag on gallinule is 15 with a possession limit of 30.

Hunting hours for rails and gallinules are from one-half hour before sunrise to sunset. Hunters are required to have their shotguns plugged to a three-shell capacity and rifles are prohibited for taking migratory birds.

Although rails and gallinules are found throughout the state, the majority of the hunting is done in tidal marsh areas along the coastlines.

Highlands General Hospital Is In Red Says Administrator

For the first time since its earliest days, Highlands General Hospital is operating in the red. At the regular meeting of the hospital board Aug. 28, Administrator T. S. Yeager presented a financial report showing a net deficit of \$6,154 for the first 10 months of the 1969-70 fiscal year. The new fiscal year begins on October 1.

The administrator said the number of patients in the hospital (30 to 35 per day) is "not much different than this time a year ago, but the type of patient makes a big difference."

The big losses, he said, are in surgical and obstetrical departments. While the latter is related to the national drop in the birth rate, the decrease in surgical patients apparently is very much a part of staff up heavily which have wracked the hospital all Summer.

A dozen visitors were on hand for the hospital board meeting last week and some of them took the lead in demanding action to resolve the staff problem. Board Member Miss Gertrude Bates introduced a successful motion for the board to hold a special meeting "within two weeks."

Two moves to declare peace immediately between the hospital board and the medical staff were blocked by newly appointed Board Member Van Howell's plea to give time to study the whole matter.

At the opening of the board meeting, the Hospital Administrator read a letter from Governor Claude Kirk appointing Howell to the board; no mention was made of either resignation or dismissal of former board member Henry Calfee, who was not present.

Early in the meeting, attended by all board members, Miss Bates read a long resolution which called for a motion that all past differences "be buried and all doctors be invited to return to their former status."

The administrator read a long letter from Dr. V. Gregg Waters and Dr. J. R. Sanguly, Jr., which said that "re-instatement of Dr. R. T. Richards is essential to the successful care of patients."

The hospital board's barring of Dr. Richards from practice at Highlands General led to surgeons Waters and Sanguly limiting their use of the county hospital, and a series of staff-board disagreements.

In the letter read to the hospital board Dr. Waters and Sanguly said "administrative failure had allowed problems to build up between Dr. Richards and the hospital."

When newcomer Howell requested time to acquaint himself with board problems and procedures -- and specifically the resolution from Miss Bates and the requests from Drs. Waters and Sanguly -- Col. W. J. Atkinson, from the audience, acceded. There has been too much delay on this already. Can't this be presented at a board meeting early next week?

Also from the audience, William J. Gumbert observed, "The hospital is not functioning in the black. The people would be very happy to have this problem resolved. Miss Bates' resolution sounds like sound policy to me."

The hospital board attorney was asked to check on whether the board could legally meet Drs. Waters and Sanguly's demand that the board reimburse them \$750 for legal fees they have incurred in their dispute with the hospital.

New Attorney

A part of the August board meeting was approval of a contract for new legal counsel for

the hospital board. The firm of Crabtree, Brush, Syrett, Meahad and Cates was retained at a fee of \$50 per month with research work to be charged at the rate of \$25 per hour.

The board, since its inception, had been represented by R. P. Dunty, Jr., of Lake Placid. As a part of its August meeting the board approved payment of a final \$500 fee to Dunty, who included in his statement to the board the opinion that it is "not the board's responsibility" to pay fees to doctors' lawyers.

Emergency Room

The board accepted the resignation of Dr. A. P. DeMals, who had had primary responsibility for emergency room work. Administrator Yeager assured board members that the hospital emergency room is not closed but with the number of staff doctors reduced, the "covering of the emergency room is becoming acute."

Dr. Lee Burley, who represented the medical staff at the board meetings, and the Administrator said the staff is working on special emergency room plans which will not be ready at least two weeks but which they are ready, the Administrator said, "I'll ask the chairman to call a special board meeting."

People with keen wit often sharpen them on other's sensibilities.

The average woman has 66 pounds of muscle, and 32 pounds of brain. That explains a lot of things.

Everybody is good for something—even if it is only to set a horrible example.

There are three accidents on Route 27 over the Labor Day weekend, but no injuries were reported.

Labor Day's only accident occurred at 8:25 P.M. 7.4 miles south of Lake Placid when Alvin Junior Jackson, 41, of Parrish, Fla., failed to see the approaching car of Junior Richard of Sebring, and entered the roadway in its path.

Jackson was charged with failure to yield right of way entering a turn highway by Florida Highway Patrol Trooper William Woods. Jackson was accompanied by Benjamin Jackson, 26, of Lake Placid and the Jackson car was damaged to the extent of \$400. Richies, 50, was accompanied by Charlie Richies, 28, Gloria, 2, and Steve, 5. Damage to his car was estimated at \$500.

There were two accidents on Saturday, Aug. 31, 15 A.M., 6.2 miles North of Lake Placid, a 1963 car full of Miami car was collided with a 1960 pickup truck owned by Alton Harris, 41, of Lake Placid. The Miami car was going north and severed into the path of the truck. The driver, Willie James Wiley, 35, of Miami, was charged by Trooper Woods with driving on the wrong side of the road. The car was damaged to the amount of \$80. The truck, \$400. Accompanying Wiley were Lou Gordon, 17, John Wiley, 17, Clarissa Little, 14, Gloria Green, 18, and Dorothy Blount, 19, of Miami. With Harris were Michael Harris, 13, of Lake Placid and Donald Head, 16, of Clermont.

In an accident at 7:50 A.M. Saturday, July 26, 27, of Miami, driving a 1964 convertible, looked back to check in a quick child in the rear seat and strayed over the center line of the roadway. James Mathews of Plant City, 34, driving a Mack tractor trailer of Lykes Bros., took evasive action. Then the Cadillac cut back to the right, and they collided on the roadway and went out of control on the shoulder.

Johns was charged with failure to use due care. Trooper Woods estimated damage to the Cadillac at \$1,000. In the July 26, 1969, 7:30 P.M. at the Sebring Motor Hotel.

Rev. Joe Tolle, pastor of First Methodist Church will give a talk on his recent trip to the Holy Land. This should be interesting and it is hoped there will be a good turnout for the meeting.

Anyone is invited and any person 35 years of age or over is eligible to become a member.

ROTARY CLUB NEWS

By DAVID LANIER

The guest speaker last week was Harvey Jackson, of South Florida Junior College. Jackson spoke to the club on the Arab-Israeli situation in the middle east. At the outset of his talk, Jackson stated that he was offering no solution to this problem and that the would-outline the reasons why. He mentioned the fact that the Arab nations refuse to recognize the legality of Israel, refugees from Israel to the Arab nations were causing great problems and the Arab nations feared the expanding of the "artificial" nation of Israel in the "Arab" world.

There is a great feeling of "Nationalism" among the Arab nations and therefore resentment has developed over the non-Arab nation of Israel invading their domain. The Arabs have hoped for many years that one nation could emerge as a leader and take control of the middle-east but now there is the threat to this of a non-Arab nation doing this. Mr. Jackson discussed the "arms race" or military support of the Arab nations and Israel. The Russians do give great support of the Arab nations except Jordan, both military and technical, and the United States is lending support to Israel although the U. S. aid to the Middle-East is now, in many respects, lacking and this may, in the future, prove to be a mistake.

FOR WORK OR PLAY — The 1970 Dodge Adventurer, the sporty top-of-the-line pickup that's built for work or play, features a host of luxury, convenience and performance options. New Dodge cars and trucks go on display at Wells Motor Co., September 23.

Dodge Trucks Go On Display September 23

Dodge Truck, entering 1970 with a long list of styling and engineering improvements and a product lineup covering 93 per cent of the market, is aiming at 150,000 sales and a third consecutive record sales year, according to Gwain H. Gillespie, Dodge Truck Operations general manager.

"We estimate '69 model year sales will reach more than 143,000 units," Gillespie said. "An increase of some 3,000 trucks over our previous record total set in 1968."

"With the sales momentum generated over the past two years along with the outstanding product improvements found in our new trucks, and favorable market conditions, we expect Dodge truck sales during the coming year to reach more than 150,000 units," Gillespie said.

Styling and Engineering Changes

E. Ray Wells of Wells

The high-volume, light-duty conventional and compact trucks have received numerous appearance and functional changes to appeal to both the light-duty-work truck buyer and consumers in the burgeoning recreational vehicle market Mr. Wells said.

Passenger-Car-Type

Appointments

A new standard grille of bright anodized aluminum with a deep textured insert is featured on 1/2 and 3/4-ton trucks, giving the models a highly stylish front end.

Side marker lights as well as reflectors have been incorporated into a combined lamp and reflector unit for a

neat integrated appearance.

Interior changes on light-duty conventional trucks include three new instrument cluster faceplates that provide improved appearance and add sharp distinction between standard, custom, and Adventure model interiors.

In the standard cab, a new silver and black plastic faceplate is standard. In the custom cabs, the faceplate has been enhanced with bright chrome trim. The top of the line Adventurer features a plush contemporary wood-grained faceplate.

The Adventurer will also have a new, bright tailgate Dodge nameplate for distinctive identity.

Transmission Advances

Four new transmissions have been developed for 1970 conventional trucks.

A new three-speed, fully synchronized manual transmission is standard on all 1/2 and 3/4-ton conventional

Shuffling
Eighteen players on Wednesday shuffled in the tournament, which means the main plays four games instead of three. Winners were Elaine Kers and Chris Carbeas with Eva Chamberlain and Lilou Kull the runners-up. Judy Kerr and Charles Romilly won in consolation over McAlexander and Elizabeth Clarke.

No tournament on Saturday evening because it rained after Burdette Howard had dried the courts off from a previous rain.

Card Games
Twelve players gathered at the Club for their afternoon of pinocle Monday afternoon. High scores went to Sadie Benson and Helen Good with 777 and 738.

Monday and Friday evenings there were the regular dances conducted by Art Gornuch.

Chit Chat

Mrs. Art Gornuch is again in Walker Memorial Hospital. Previously she spent several months there.

Harry and Ota Gibson have returned to their home at 13 W. Circle, after a 10-week vacation in Ohio. They spent several weeks at Lakeside, Ohio, where they could attend the Chautauqua program, which they found most interesting. They also had the opportunity to watch

the National Shuffleboard Tournament. They spent some time in Urbana visiting with their many friends there.

Mr. and Mrs. Allen Huffman and grandson, Dickie Mast came home with the Gibsons, where they were lucky enough to see a bear on the highway, much to the delight of grandson, Dickie.

The folks from the Urbana, Ohio area, who come to Avon Park for their winters, had a get-together picnic at Lakeside Beach. After the bountiful dinner, they spent the afternoon shuffling.

Those in attendance were the Harry Gibsons from Avon Park, the R. D. Conrads, the Herbert McBrides, the Alva Derris, the Sylvan Bakers and the Ivan Goddards of Urbana, the Warner Stevens, the Herbert Smits and the Harold Faulkners of St. Paris, the Robert Fetters of Springfield and the Harmon Heffners of Terre Haute, also Patty Smith and Miss Wilson.

Charles and Irene Pearce and Mrs. and Mrs. L. Kidder of Detroit, Mich., visited Ray and Lois Johnson at their cottage on Georgian Bay, Ontario, for a week-end. On their sight-seeing trip, they saw a bear which is a rare sight. Irene Pearce and Lois Johnson are sisters.

LUCILE DUTHIE

Mr. and Mrs. Arthur Fouly and Mr. and Mrs. Rowley Gaster, residents of our Park have a new great-granddaughter, Leah Genevieve Hite. The little Miss has another pair of great grandparents, Mr. and Mrs. John Hite of Ohio. The grandparents are Mr. and Mrs. J. Walker Hood of New Jersey and Mr. and Mrs. Kim Hite of Ohio. The parents are Mr. and Mrs. Richard Hite of Ohio. Congratulations Art and Jennie.

We are sorry to report that two of the residents of our Park is in Walker Memorial Hospital. Mrs. Miller, the mother of Mrs. Emmitt Wright and Lucile Geib, both are convalescing and we hope they will soon be back with us.

We are sorry to learn that the mother of Margaret Fries has been ill, but Margaret writes that she is doing nicely now and hopes to be with us by the middle of November. She said she had a visit

Progress Costs Money

I don't like to be continually hammered at as being a spendthrift, particularly by the very ones who have created a large portion of the difficulty themselves. I must naturally defend myself. The city of Avon Park spent previous to September 30, 1968, \$31,620.28 plus through July, 1969 an additional \$142.00 or a total of \$32,762.28 which has been charged off as capital investment at the golf course.

The actual expenses at the golf course through July of this year were, 1967-68, \$35,969.42; 1968-69, \$34,195.48; or a total of \$70,164.90. Actual receipts through July 1969—1967-68, \$35,969.42; 1968-69, \$34,195.48; or a total of \$70,164.90. Operational deficit \$24,027.97.

The city was entitled to receive \$15,000 from the county for recreational purposes if properly applied for in advance of spending; we sent our city clerk to the county commissioners requesting reimbursement to get this money to partially reimburse the city for its capital investment.

I feel that the golf course has attracted several fine families to this area and that the golf course is like any other business, we cannot expect instant profit. It would appear that the rates need to be adjusted upward with consideration for those who are already paying taxes to support it as well as dues.

We borrowed \$30,000.00 out of the water department to build the new hangar at the airport which we had to build in order to get the old hangar for industrial use. We have repaid \$6,000.00 to the water dept. (Incidentally Critchfield Marine has paid in excess of \$38,000.00 in payroll to local citizens in the past year plus over \$260,000.00 spent locally.)

We had purchased materials for improvements on Highway 27 south as long as the highway was being put in and we had to move or replace water lines we had our engineers check to see where the most practical place would be for sewer lines to cross the highway. We will put all the sewer and water lines under the Hwy. for less than it would cost to put one of them in if put in after the road is finished. It was estimated to cost \$12,000.00 but the state made additional demands which has increased cost to approx. \$20,000.00.

In November of last year we decided to purchase all the estimated water meter requirements for the year at that time it was anticipated that the low rent housing project would need all their meters by now, we have paid for and have in stock over \$32,000.00 at the city cost.

We borrowed \$50,000.00 to pay for the utilities at the new college site. The college has repaid \$5,000.00 and we paid it back to the bank. For Appointment the college will pay the city the rest and the money is to go to the bank only.

We have had to borrow \$30,000.00 more for operational expenses, we have balanced the budget for next year paying this back.

We have stopped outside of the city fire calls due to the expense to the city and are attempting to negotiate an arrangement whereby the people outside the city limits will assist the city financially and at the same time save themselves on their insurance costs.

Housing Project Almost Completed

The first families will start moving in the new Federal housing project in Avon Park around October 13 according to Cecil Skipper, executive secretary of the Housing Authority of Avon Park.

Skipper has been taking applications for the past three months at an office at the city hall, and will now take them at his office at Lakeside Park. On Sept. 3 he began taking applications for occupancy at DeLaney Heights which is for elderly families over 62.

Lakeside Heights has 80 units to rent and DeLaney Heights has 50. All applications are now being screened by the authority and as soon as the units are ready families can start moving in Skipper said.

A child day care center will be located at the Lakeside Park project which is sponsored by Noah's Ark. Also in conjunction with the school South Florida Junior College will offer some courses on child care.

MISS FLORIDA, Lynne Topping of Marco Island, visited Tallahassee recently to sign her appearance contract with the State Department of Commerce. Governor Claude R. Kirk, Jr., (left) and Lieutenant Governor Ray C. Osborne, who heads the Department

of Commerce, were on hand for the signing. The 20-year-old University of Miami student, will make personal appearances on behalf of the state during her reign. She'll represent the state at The Miss America contest in Atlantic City Saturday night.

Jerrold Perkins Entertains Sisters

Jerrold Perkins, entertained, for one week his sister Mrs. June Freeman, and son Lawrence of Joplin, Mo. who is studying for his Doctorate at the University of Oregon, and will be teaching English at the University of Maryland, this Fall.

They visited all the points of interest in this area and enjoyed swimming on the private beach at Jerrold's home on Lake Isis.

Mrs. Freeman expects to make Avon Park her home upon retirement. She is a talented musician as is her brother, who is the organist for the First Baptist Church.

LOOKS LIKE modern art, but it's really just construction men standing atop huge bamboo poles, part of a structure being erected for a fair in Hong Kong.
