Parade will start promptly at 10 A.M. with Parade Marshal George Haynie with ceremonies at the bandstand at 11 A.M.

Scouts will be excused from school to participate in the parade only if they have written permission from their parents.

Barracks No. 1150 veterans of World War I, are requested to be at the Avon Park bandshell at 11 A.M. on Armistice Day, November 11 to help celebrate Armistice Day.

Veterans from the near area are also cordially invited to attend and join with this Barracks in celebrating this most eventful day.

Veterans will please wear their VWWI caps.

State Road 17A Named Memorial Drive By Board

Anybody for a nice, new road sign—with the name Cow House Road on it?

At Tuesday's meeing of the Highlands County commissioners, the name of the road which runs North from the eastern edge of Lake Istokpoga to the Seaboard Coast Line Railway was officially changed to Shores Road.

The road is a main access to Istokpoga Shores, a development headed by Raymond Guernsey.

At the commission meeting the developer's wife explained the wish for a road name with "more aesthetic appeal" concluding, "Really with a name like Guernsey we don't need a Cow House road leading into our development."

As the commissioners agreed to the suggested Shores Road they wondered what use they might have for that nice new, and recently erected Cow House road sign.

Mrs. Guernsey presented other, more serious complaints to the commissioners Tuesday. The most complicated problem is the ownership of the main entrance road into Istokpoga Shores.

Who Owns Road

She produced a copy of the county's official records showing a resolution, passed by the Highlands County commissioners in 1960, accepting the short entrance road as a county road. The commission official minutes for the same year fail to show that such a resolution was adopted.

County Attorney Hue Nunnallee explained that ownership of the road is something of a legal tangle at this point. The description of the road was given to County Engineer Charles Morgan, and a report is to be made at the next meeting.

Chairman Jean M. Whitaker suggested that the resolution might be adopted by the present board to make the road acceptance by the county official.

A delegation of property owners from Istokpoga Shores joined Mrs. Guernsey in requesting prompt attention to the former Cow House, now Shores, road.

Chairman Whitaker asked the County Engineer to assign county road crews to patch the road and clean drainage ditches along it "as quickly as possible."

New Road Name

A new name was given to a state secondary road Tuesday morning. With the approval of the Sebring and Avon Park postmasters and sub-dividers along the route, the name of State 17A from Fairmont Dr. in Sebring to the southern edge of Avon Park was changed to Memorial Dr.

Morgan said portions of the road have been called Devonshire Rd., Lake Sebring Dr., Tarpon Dr., Scenic Highway, Power Plant Road and in Avon Park, Highlands Ave.

T-Sgt. Hentnik Participates In AF Exercise

Technical Sergeant Paul A. Hentnik, son of Mrs. Josephine Hentnik of 74 High St., Gardner, Mass., recently took part in a U.S. Air Force mobility exercise at North Field, S. C.

Sergeant Hentnik is a flight engineer with the Tactical Air Command's 64th Tactical Airlift Wing at Sewart AFB, Tenn., that participated in the 14-day operation called "Coronet Bare."

The operation, involving more than 1,100 Air Force personnel, marked the first time aircraft have operated from completely pre-packaged, expandible maintenance and hangar facilities. Independent power and water distribution systems and other newly developed mobility equipment was utilized.

The sergeant is a graduate of Gardner High School.

His wife, Carol, is the daughter of Mrs. Howard Tilton of Avon Park.

Traffic Bumps Installed To Slow Traffic

Avon Park city employees installed two traffic bumps on West Pleasant Street three weeks ago to try and slow down traffic in that area. Children who walk to school and live on the south-side of town walk across Pleasant at these points.

Members of the city council have had numerous complaints about the bumps from motorists. They say their car will be damaged, their wheels out of line, other reasons, but council members believe that if the bumps can save only one life they will be worth all that trouble.

Signs have been erected to warn motorists to slow down without any persuation, the traffic bumps will stay, the council says.

1,932 Hunters Visit Range

Hunting was good at Avon Park bombing range this past weekend although it was wet going underfoot.

A total of 1,932 hunters visited the range and harvested 1,385 items of game.

The kill was 31 deer, 120 hogs, 43 turkeys, 1,033 quail, 138 squirrel and 20 doves.

OFFICIALS OF Youth Care, Inc., hand over a check for $5,302.50 to Al Roepstorff, president of Tropical Bank and Trust Co. The check represents a year's principal plus six months interest on the mortgage. It is the first payment on the mortgage. The county pays $4,800 a year rental for the new juvenile detention facility. Left to right are Roepstorff, Juvenile Judge Mervin Rehrer, Virginia Rebman, president of Youth Care, Inc., and Marshall S. P. Pollard, treasurer.

South Florida Junior College Starts Moving To New Campus This Week

The work of moving South Florida Junior College to its handsome new campus on Lake Glenarda from its present temporary quarters on the Avon Park Mall began on Monday.

First to be moved was the library, which will be housed on the second floor of the only two-story building on the campus.

"We don't quite know when the rest will be moved," said Dr. William Stallard, president of SFJC, "at least not for another week."

He added that the classes, involving between 600 and 700 students, will move "all at once."

Dedicaiton Dec. 4

The formal dedication of these first buildings on the 80.6 acre campus just off Route 27 will take place at 11:15 A.M. Thursday, Dec. 4 and Gov. Claude Kirk will give the dedicatory address. No invitations will be sent, because, as President Stallard explained, "we might forget somebody." The public is invited to attend. And since the amphitheatre is an outdoors one they're hoping it won't rain.

Members of the press and radio in the county were given a tour of the nine finished and almost finished buildings on Sunday.

"We figure we have an investment now right at $2,000,000," President Stallard said, adding that the greenhouse will cost an additional $50,000 and equipment purchases an additional $100,000 above the $2,000,000 figure. Add onto that, library books valued at over $100,000.

This is the first phase of the construction, and Dr. Stallard declared he will immediately get to work on the second phase "if the amendment passes," referring to the amendment voted on state-wide Tuesday.

Nine Buildings

In addition to the nine big buildings, there are smaller structures housing rest rooms, janitor areas, washrooms and an equipment building.

Students who have not yet taken a peek at the new campus facilities will find what probably is one of the handsomest junior colleges in the nation, with buildings designed to take full advantage of the beauty of Lake Glenarda and Lake Lelia and the pine-tree studded grounds.

The buildings are of economical concrete slab construction, air conditioned, use practically no wood, with the outside detail and decor brought out in the concrete slabs, wide pillars, posts, in white and grayish white.

Most of the buildings are carpeted in an easy maintenance acoustical floor covering in a burnt orange. Exposed overhead concrete beams although an economy feature, actually are decorative.

The buildings feature economy of construction — but beautiful things have been done with a wall here, a wall there, of a bright deep blue, a soft pumpkin, a Chinese red, a lush deep yellow to set off the off-white walls. And there are floor to ceiling windows everywhere.

Black, White and Red

In the cosmetology and science classrooms, floors are vinyl, more practical for these areas. In cosmetology, there are black sinks, a white tile wall behind, and one Chinese red wall to give a color accent.

The lecture room has back walls of the same acoustical floor covering in a slightly deeper shade installed to improve acoustics. The speaker can be heard in the back of the 129 seat room very easily if he speaks in just a normal tone of voice. The seating rises slightly toward the back.

There is no auditorium at the college, except the rounded open air amphitheater just below the library looking onto the lake. There is no student union building yet, since this building at first will be used for classrooms. But it is hoped it can be put to to its intended use in about two years.

Concrete walkways, some of them covered, lead between the buildings and landscaping will be extensive, with the greenhouse hopefully providing most of this.

Sand in Your Shoes

Right now the contractor, Jones-Mahoney of Tampa, is starting the cleaning up, and walking around looking right now will get you sand in your shoes. The real Florida gritty kind.

Since 1966 when the college first began operation, it has been housed in three buildings on the Avon Park Mall.

Completed on the new campus thus far are the library and language building, administration and science buildings, cosmetology and fine arts, business education, arts and drafing, auto mechanics and agriculture mechanics vocational buildings and the lecture center. They hope soon to have a gym, tennis courts, soccer field and track. Junior colleges do not have football.

Dr. Stallard, whose field is science, declared the science laboratory "is as good as any in the country—as good as Harvard," although it is not as large. There is one balance "so delicate it will weigh a fingerprint," he said.

The college services Highlands, Hardee and DeSoto counties.

The vocational training programs at the college will serve junior and senior high school students, and the new program of school construction in the county will not duplicate these facilities.

Light Like Daylight

"Construction is concrete slab, with concrete roof and overhead incandescent and fluorescent lighting, which combined, gives a light like daylight.

The lakeside buildings already have been bothered with mayflies and blind mosquitos and a $1,700 fogging machine has been ordered.

Of the five junior colleges approved by the Legislature when SFJC got the nod in 1965, only one is in operation—and it is not a permanent facility.

Of the students who have gone from SFJC on to other colleges for their last two years—not one has flunked out. In fact, they are getting better grades than they were at SFJC, Stallard said.

Helping conduct Sunday's tour were Deans W. J. Beumel and H. D. Griffin; librarian Leila Sebring, business manager Powell Waite and architect Cecil Frizzell of Ft. Myers.

TAPES to teach good English as well as foreign languages will be controlled from this center in the language division building at South Florida Junior College. At left is Powell Waite, business manager of the college.

WORKMEN are busy making the open air amphitheatre at South Florida Junior College ready for students who will be using it in a couple of weeks.

Legislators Differ On Racing Bonds

Within less than a week two members of Highlands County's legislative delegation have expressed differing opinions about the extent of the county's liability for bonds which might be authorized by the county commission for construction of a racing and recreation complex.

In an address before Highlands County Property Owners Association Monday night, James T. Tillman said he would "caution" the county on approving a bond issue "within the scope" of a new state statute.

Members of the Property Owners Association said Tillman expresed the belief that the county might be assuming "a degree" of liability for repayment of the bond issue.

Rep. Granville Crabtree, in a special meeting of Highlands County commission last week, had stated that the county would not have any financial responsibility if the proposed racing-recreation complex failed.

Crabtree explained that the industrial revenue financing act passed by the last Legislature provides means for the county commission to authorize floating a tax exempt bond issue. Such an issue could be used to build the new racing complex being planned by Alec and Mary Ulmann as a new home for the famed Sebring 12-Hour Endurance Race and other auto racing events.

Crabtree said the new bill would eliminate the need for special legislation to authorize a bond issue exempt from federal income taxes.

Contacted after Tillman's address to the Property Owners, Crabtree an attorney, reiterated his belief that the county commission would have no financial responsibility for the racing complex bonds, "The law is very clear."

Tillman Address

Tillman's address to the Property Owners touched on several state-wide issues. He said he "question the wisdom" of establishing a unicameral legislature. He said it would not result in great economies to the taxpayer.

He expressed concern over the state budget deficit and forecast that ultimately some type of increased taxation would be required.

Tillman, a former social worker, blamed "ever increasing amounts of money" spent on such programs as welfare and Medicaid for present difficulties.

The Legislator denied that the controversial pay raise for members of the Legislature is responsible for the state's money problems.

He contrasted the increased pay bill with the old procedures and pointed out that in his case the pay raise will amount to less than $40 per month.

Avon Park Red Devils Continue Winning Streak Defeating Arcadia 33-14; Meet L. Placid Friday

The Avon Park Red Devils continued their winning ways last Friday night with a convincing 33-14 victory over the DeSoto High Bulldogs on a wet, slippery field in Arcadia. The win set the Devils record at 5-1-1 with three games left on the schedule.

Tomorrow night (Friday) the Devils will go against the Green Dragons in Lake Placid. It will be the first varsity meeting of the two Highlands County teams on Lake Placid's lighted field. Last year the Red Devils handed the Dragons a 35-19 defeat to marr their near perfect record. This season the Lake Placid eleven has won only two games—an 18-8 win over Okeechobee and a 32-2 victory over Moore Haven — while losing to Sanford Naval Academy, Alva, Fort Meade, Immokalee, and John Carroll of Fort Pierce.

Last Friday, in spite of the wet field, it was the crushing ground game of the Red Devils that gave Avon Park the win and gave Arcadia a 4-3 record. Devil halfback Roy Claitt rushed for a total of 157 yards personally and the Devil offense ground out 252 yards against the Bulldogs defense. Three pass interceptions by Avon Park and a fumble recovery also kept the Bulldogs in the hole all evening.

Claitt scored 14 of Avon Park's points and intercepted a pass on his own two yard line to stop an Arcadia drive late in the first half when Avon Park led only 7-0. The shifty Red Devil back, who has been improving every game, scored one of the TD's on a 90-yard run after slipping through the middle of the Arcadia line which was mighty stingy giving up yardage all evening.

The first quarter of the game was scoreless although the Red Devils drove to the Bulldog 13-yard line midway in the period only to have several penalties slow the drive down and forced them back to the Arcadia thirty where they lost on downs.

Late in the first period Avon Park got the ball on its own 30 and moved to the DeSoto three yard line only to bog down on four plays from the five. Claitt had a 20 yard gain and Willie Joe Seigler picked up 40 yards on a carry in the fruitless drive.

The Bulldogs took over and moved out to their own 23-yard line before they were forced to punt. Devil lineman Larry Tolbert dashed through and blocked the punt to give Avon Park possession on the 11 yard line. It took the Devils five running plays after two penalties against and a pass interference call for the Devils to move in for the first TD. Claitt wedged through from the two and then Don Sisemore kicked the point after to give Avon Park the 7-0 lead.

As the first half drew to a close, Arcadia started hitting with passes and moved to Avon Park's 15. But Claitt intercepted a possible touchdown toss at the two and ran it out to the 13-yard line as the half ended.

Arcadia threatened again early in the third period. The Bulldogs took the kick-off and went to the Devil five on a short and long pass gains. But Avon Park's defense held and pushed the Bulldogs back to the ten yard line on fourth down to take possession.

It was at this point that Claitt scooted through or under the Bulldog line and broke into the clear to dash the 90 yards for Avon Park's second touchdown. Sisemore's kick for the point after hit the side bar and bounced back but the Devils had a 13-0 advantage.

Avon Park scored again quickly. The Bulldogs returned the kick-off to their own 30 but on the first play from scrimmage, Mike Smith intercepted a pass out in the flats and returned it to the Bulldog 10 to set up the next Devil score. Claitt carried to the five and then Seigler burst through from there for the TD. Again Sisemore's kick was no good setting

Highlands Voters Approve Amendment

Florida voters overwhelmingly passed the state-wide amendment which with no new taxes will funnel $35 million annually into campus construction.

And Highlands County voters went along voting 1,493 to 347 for the amendment. Only two precincts turned it down—Lorida 6-20 and Venus 0-11.

A total of 13½% of Highlands Cou... , 13,360 qualified voters went to the polls, R. X. Droit, elections supervisor, estimated.

Victimizing the Victims

If it isn't one thing, it's another with the big insurance companies, it seems.

They've been under fire recently in Florida for trying to raise prices on premiums while at the same time enjoying already enormous profit margins.

And now we read that insurance companies are robbing the victims of Hurricane Camille. Part of it goes back to the old argument when you try to collect for hurricane damage. Did the wind or the water do the damage? Many hurricane victims have found they were insured against windstorm damage—but not against water damage.

And so it was with the Camille victims at Gulfport, Miss.

Columnist Jack Anderson wrote that officials of the American Insurance Association screened adjusters' reports so that any "neighboritis" would be stopped. At the same time they were paying out big sums to engineering research firms to dig up data that might ward off or beat down lawsuits from unhappy policyholders.

We can't help but feel that many of the insurance companies, through their conduct, ask for a lot of the trouble they seem to constantly be in.

And we can't help but wonder about the politicians who side with them more than they do with John Q. Public.

High Cost of Elections

The case of Florida's Secretary of State Tom Adams and his $100,000 owed in campaign debts, brings into sharp focus one of the greatest evils of our system of elections today.

The high cost of running for office.

Since the overwhelming majority of campaign contributions comes from a relatively few special interest groups, you can just be sure that when there is a choice between benefitting the public at large, like you and me, and benefitting the special groups such as the oil crowd and their fat depletion allowance, who do you think will get the nod?

The little guy who never contributes to a campaign, who casts his vote and doesn't have anything to do with political campaigns may think he's being represented by the winners of an election. But when you look at the way our representatives vote when they get to Tallahassee and Washington—you are disillusioned. Not every vote, mind you. But on many.

There doesn't seem to be any real answer to changing the system. Because somebody sure enough will find a way to circumvent it. So you put on a ceiling of expenditures for a candidate? There will be clubs, or friends or something else coming up with the money.

FAMILY COUNSELORS
BETTY HESTON BILLIE WITTEN

HERITAGE PROGRAM LAUNCHED

BETTY HESTON and BILLIE WITTEN have completed a course in Family Counseling, it was announced by James Rimer, General Manager for LAKEVIEW MEMORIAL GARDENS. The two women will be calling on families in Highlands County, explaining the Heritage program. This program helps a family to plan ahead and to become acquainted with some interesting facts that most people have never thought about. Mrs. Heston and Mrs. Witten will be able to answer the many questions about cemetery property.

Lakeview Memorial Gardens is located on SR 17A between Avon Park and Sebring and has just completed work on the Feature Mausoleum in the Garden of Everlasting Life. The beautiful heroic size statues on top of the mausoleum were made in Carrara, Italy of pure white Italian Marble. These statues are truly religious works of art. More statues are planned for the garden of the Sacred Heart, which is the Catholic garden, and also in the Masonic Garden. Work is also proceeding on various landscaping features in the various family areas. Lakeview Memorial Gardens is open for visitors 7 days a week from 9 A.M. to 5 P.M. The public is invited to visit any time within these hours.

LEWIS LLEWELLYN

Reduce Crime by This Method?

A "task force" of 14 members, headed by UCLA psychologist Evelyn Hooker, has hit upon a way to lower our constantly increasing crime rate.

The crime rate, as you already know, has been skyrocketing, year by year.

Stores are being closed in some cities because they have been robbed so many times that the managements have decided that it is no longer worthwhile to take the risks of doing business in those places.

The declining level of general morality in the country is a cause of concern among national leaders.

But now the "task force" has the answer to a way to decrease crime in at least one category—immoral acts between members of the same sex, known as homosexual crimes.

Eliminate This Crime

The remedy for the situation, the group suggests, is to legalize such acts, when committed by consenting adults in private.

This method of lowering the crime rate has fascinating possibilities.

The next step might be to make adultery legal, when committed by consenting adults in private.

Already it has been suggested that the use of marijuana be legalized, thus doing away with another class of crime.

In Denmark, they have eliminated completely the crime of publishing and selling pornographic literature by the simple expedient of legalizing this type of activity.

In this country, we are moving in the same direction.

Are there any other laws that you would suggest we might do away with, in decreasing the incidence of crime?

Or do you favor, instead, holding to the laws that we have and enforcing them, so that decent people can have a decent country in which to live and bring up their children?

Immorality—and especially homosexual acts—characterized the city of Sodom just before it was destroyed by fire because of its wickedness.

Should We Take This Course?

Here is what the Bible says about homosexuals, referring particularly to some in the past who practised this vile sort of immorality, but recording these thoughts for our admonition and instruction.

"For this cause God gave them up unto vile affections, for even their women did change the natural use into that which is against nature. And likewise also the men, leaving the natural use of the woman, burned in their lust one toward another, men with men working that which is unseemly, and receiving in themselves that recompense of their error which was meet.

"And even as they did not like to retain God in their knowledge, God gave them over to a reprobate mind, to do those things which are not fitting—being filled with all unrighteousness, fornication, wickedness, covetousness, maliciousness."

Is this the course which you think we should follow?

BABSON'S POINT OF VIEW — Watch Inventory Figures

By Babson's Report Incorporated, Wellesley Hills, Mass., November 6, 1969. High borrowing costs, tight credit, impaired vigor of consumer spending, and anti-inflation fiscal policies of the federal government have all been well publicized in the past year as factors which can cause business hesitancy.

Indeed, at long last, the seemingly unstoppable upward climb in business has been checked, at least temporarily. After reaching a peak at mid-summer, industrial activity has crested over.

Thus, attention is now swinging more toward concern that these measures which were instituted to cool down a superheated economy may precipitate a downward slide in business greater than expected. However, monetary and fiscal policies can be switched in fairly rapid order.

CYCLES OF INVENTORY CHANGES

A factor which is less readily controlled is the element of cycles in business inventory holdings. Economic studies in the past have been able to establish a clear indication that business inventory policies have played a major part in determining the course of the shorter moves in business fluctuations.

Buying in excess of current needs represents inventory accumulation. This type of action can not only lead business out of a recession but also accentuate the ensuing economic upswing, and even prolong a business boom.

But when manufacturers, wholesalers, and retailers deemphasize inventory accumulation or engage in an outright liquidation of swollen inventory holdings, the net result is to reduce business vitality.

CAUSES OF CHANGES IN INVENTORY POLICIES

Many factors affect business inventory policies, including the business climate itself. However, expectations for near-term business are far the most important determinant of business inventory policy. In a sense, this represents the elusive force of business confidence. Anticipation of higher levels of business can prompt businessmen to lay side more inventories than current demand warrants.

By the same token, rising prices or expectations of labor disruptions can prompt forward buying to assure adequate supplies of inventory to meet future needs.

On the other hand, apprehension concerning a possible drop-off, or even a leveling off, in business fosters more cautious inventory policies. Then, when the business dip does occur, the usual tendency is to feed on existing inventory stockpiles rather than new output, which in turn can aggravate the business letdown.

LOSING CONTROL

It is not easy for businessmen accurately to determine future inventory requirements. Seemingly unstoppable business advances have a nasty habit of terminating sooner than expected, or off-times can run longer and stronger than anticipated. But this type of deficiency can be remedied quite readily, although perhaps on a costly basis.

A far greater danger is the unintended building up of inventories. This can result from overly optimistic projections of future demand, or the resolution of a labor conflict either short of a walk-out or with only a brief tie-up.

In either case, businessmen are left with greater-than-desired inventory holdings which must be reduced. Moreover, sometimes inventories can continue to build up even after cutbacks in orders are instituted, as deliveries are received on orders previously placed. This situation is especially onerous when demand also slumps.

CURRENT INVENTORIES POSE A DANGER

During the long business upturn which now appears to have been checked, inventory holdings seemed inadequate in most instances. Moreover, with the inflationary spiral in commodity prices, the businessman who kept his shelves heavily stocked fared very well.

But now that demand has tapered off and the uptrend in industrial activity has crested over, inventory holdings could suddenly become burdensome.

Thus far, the ratio of inventory to sales has not been out of line with normal benchmarks. However, if sales should falter, adequate stockpiles could become excessive, prompting manufacturers delivered goods which were previously ordered.

Red Devils

(Continued from Page One)

the score at 19-0.

The Bulldogs cranked up their air game again on the ensuing offensive series and scored on eight plays from their own 35-yard marker. The touchdown came on a 37-yard pass play from quarterback George Whitlock to end George Goodman. The extra point kicked by Richard Hall was good and Arcadia had 7 points on the board.

The Devils struck again in a hurry as Willie Joe Seigler grabbed the Bulldogs' kick-off and returned it 70 yards from his 10 to the Arcadia 20 before he was pulled down. Then Sisemore picked up two yards on a keeper, Claitt almost scored with a 17 yard pick-up to the one foot line, and Sisemore sneaked it in for the six pointer. An attempted pass for the two point conversion was incomplete leaving the score 25-7.

Mike Smith got into the act again for Avon Park. Arcadia had possession after the kick-off at the Buildog 20-yard line and tried a pass on first play. Devil defensive end Mike Smith intercepted for the second time to give Avon Park the ball on the 21-yard line. Seigler finished off the affront with a run into the end zone from that point and then Sisemore flipped a pass to Roy Claitt for the two pointer and Avon Park had 33 points to Arcadia's seven.

The last Arcadia score came on the first play of the fourth quarter after the Bulldogs had moved through the air from their own 35-yard line to Avon Park's 22-yard stripe. Whitlock hit Goodman in the open for the 23 yard TD play and again Hall's boot for the PAT was good.

The final quarter was a series of penalties and punts as neither team could muster another scoring drive. Arcadia did drive to Avon Park's 15 late in the game but the Devil defense finally got through to the Bulldogs' passer and threw him for several losses to stop the drive. The game ended with Avon Park in possession just inside Arcadia territory.

Avon Park drew 120 yards in penalties and Arcadia had 85 yards marked off against its offense as the officials tossed flags on play after play. Many penalties were refused or offsetting.

The Bulldogs passing game was tremendous in spite of the three Devil interceptions. Whitlock tossed for a total of 273 yards and two touchdowns but Avon Park held the Arcadia ground game to nine yards of net rushing.

Claitt picked up his 157 yards with 20 carries for a 7.8 yard average and Seigler maintained his average of over seven yards per carry with 74 yards in 10 carries. Seigler now has gained a total of 899 yards rushing with 114 carries in the seven games and Claitt is gaining on the leader with a total of 636 yards in 105 carries.

Seigler has scored 14 touchdowns and four 2-point conversions for a total of 92 points; Claitt has 56 points on eight touchdowns and four 2-pointers; Sisemore has 37 points on four touchdowns, two 2-pointers, and nine placement kicks; Steve Hartt has scored 18 points, and end Clark Jackson has taken in the ball for two touchdowns for 12 points.

Veteran's Day Proclaimed By Mayor

WHEREAS, The eleventh day of November has been designated as Veteran's Day and has been declared a legal holiday; and

WHEREAS, The men and women who served in the uniform of our country have made a major contribution not only to the preservation of freedom throughout the world; and

WHEREAS, the gallant Americans serving in today's armed forces continue to demonstrate the unselfish willingness of our Nation to meet the challenge of those forces wishing to defeat through armed conflict the cause of individual determination; and

WHEREAS, the Nation and the free world are eternally grateful for the contributions of American veterans to the advancement of the cause of an honorable world peace; now

THEREFORE, I, Robert J. Barben, Mayor of the City of Avon Park, Highlands County, Florida do hereby call upon all citizens to observe Tuesday, November 11, 1969, as VETERAN'S DAY, and ask that the day be observed with appropriate ceremonies in honor of those who have borne the burden in defense of our freedom.

I further call upon all citizens and business firms to mark this day with the proud display of the flag of the United States as a reaffirmation of our national unity, a rededication of our support to our Nation in her defense of the cause of freedom, and, especially, our recognition and appreciation of our newest generation of veterans whose willingness to serve the national purpose is in the finest tradition of our great NATION.

IN WITNESS WHEREOF, I have hereunto set my hand and caused to be affixed the official seal of the City of Avon Park, Highlands County, Florida this 27th day of October, 1969.

Robert Barben
Mayor

Rambling Thoughts

By O. L. SHOBE

TELLING THE TRUTH

I do not know whether John W. Helm, of Clearwater, will appreciate my copying verbatim his fine letter in the Commentary page of the Tampa Tribune of Wednesday, October 23, or not, but it expresses my idea almost to a complete finish. For a long time, I have wished the United States Government would make up its mind to go into the Vietnam war and make an end to it, but this letter of Mr. Helm's gives me and everybody else something very serious to think about. Just read what this gentleman has to say. Read this and think seriously over the editorial of the U.S. News and World Report by David Lawrence, Wednesday, November 3, in which that peerless writer heads his page: WORLD WAR III — in the 1970's.

Mr. Helm expresses what, a few days ago, would have been received by me with loud hurrahs of scorn and vituperation. Today, after reading Mr. Helm's article, I am just about ready to turn around and join his side:

"THE WAR HAS GROWN TOO LONG. Now that the moratorium on the war in Vietnam has ground to a halt it seems that everybody is bursting forth with explanations of its results as evidenced by the Associated Press in its glossary of opinions of the nation's smart ones as reported in the Tampa Tribune of October 19.

"It is apparent that no one has advanced the reason for the extensive opposition or unpopularity of this war. We have been in Vietnam approximately the equivalent of the duration of our own Civil War, and a longer time than it took to win the first and second World Wars.

"Anyone must see that this war is important to us and to civilization, but my disenchantment with it is the way it has been and is being fought. I don't know who forced the "no win" policy on us, but I think they are traitors and we are idiots for espousing it. It may be that the Kremlin and Peking are baiting knives to our back, calling the shots and daring us to win.

"The policy of sending half a million men to Vietnam for the purpose of occupying a few enclaves and spending 30 or 40 billion dollars to keep them there is enough to frustrate the most rabid hawk.

"By the hundreds we are sending men each month to be shot without any idea of destroying the enemy. It is like stuffing fresh meat into a sausage machine or trying to make a puddle in the sand with wine, but to ameliorate our anguish the enemy losses are always reported as ten or more to one American. If we would go out in the field and clean up the trashpile, which we are fully capable of doing, morality isms and draft card burning would lose their vigor. It wouldn't be long before we could bring our men back with pride. Advancing armies are necessary to drive the enemy out of the country, not just into fox holes from whence they can come attack again.

"It appears to be extremely asinine for our negotiators to sit 35 or 40 meetings to just listen to the insults and propaganda from a few North Vietnamese. What they should do is turn the table upside down and walk out. What has American manhood and know how gone to anyhow?"

Nothing could be expected but such fiddling around from a bunch of negotiators (?) who could take months of time during which hundreds of men were being killed to decide the size and shape of the table around which they were to meet. Yes, indeed! The war has grown too long by more than months, Mr. Helm!

WRITE TO MOTHER

I thought I'd write to Mother, but the press of business cares kept me busy at the office and the days passed unawares, and before I realized it, another day had passed away, and that letter to dear old mother was put off another day.

Oh, I vowed I'd write to Mother, but each day was like the rest; full of care and rush and hurry till the sun sank in the West, and then the thought would strike that it simply was a crime that I hadn't written Mother, but I simply hadn't time!

Oh, I vowed I'd write to Mother, when I got the old desk clear, then I'd take the old typewriter and would show the sweet old dear why I hadn't written sooner; how so many things on hand had prevented me from writing, and I knew she'd understand.

So the days fled swiftly by me, till they ran on into weeks, till at last the thought of Mother brought a hot flash to my cheek, and at length in shame and sorrow I began it, but before I had finished Mother's letter, someone rapped upon the door.

There before me stood a youngster, dressed in uniform of blue and a message he presented and, somehow I almost knew what was in it, for my spirit sank in a peculiar way, and it read: "Your mother called you just before she passed away."

So sit down and write to Mother, every mortal lass and lad; take it as your bounden duty, or some day you will wish you had, and I hope that Heaven shields you from the melancholy fate of the man who wrote to Mother, but who waited till too late—O. L. Shobe.

Your Social Security

Question—I went to work recently when my youngest child started to school. I like it and feel very useful. But, oh, those taxes! Why do I have to pay social security taxes? I will get benefits on my husband's record anyway, so what good will mine be?

Answer—You and your children will have additional protection because of your work. If you should become unable to work because of a disability, you and they could receive social security on your own record. Also, the children could receive benefits if you should die. Both of these benefits would be paid regardless of the support your husband furnishes.

Question—I have worked for years because my husband is an invalid. I'm getting ready to retire now. Can I get an allowance for him? He is over 65 and on Medicare, but did not work long enough to get social security payments.

Answer—Yes, a husband who is dependent on his wife for at least one-half his support may be entitled to benefits on his wife's record. When you apply for your social security, an application should also be made for or by your husband. Get in touch with your social security office for more details.

Question — I get my check every month on time at my old address. I just moved and don't wish to upset getting my check on time. What should I do?

Answer—Report your new address to your local social security office. They can teletype your new address promptly and accurately to insure getting your checks on time to the new address.

Question—I am going to earn over $1680 this year since I got a good Summer job. How should I tell social security to adjust my check?

Answer—Call, write, or visit your local social security office. They'll explain how your work will affect your check and will help you report this work to adjust your checks.

Question—I get a widow's social security check. I just remarried. Do I have to report this?

Answer—Yes! You must report to your local office the fact you got married. They can tell you if your check will be readjusted.

Question—My husband and I were getting a social security check together. He died a few days ago. How do I get the check changed for myself?

Answer — Your local social security office is the place to call or go for help. They can make the changes needed to get the check coming again to you.

Question—My husband died on the 30th of May. Shouldn't I get all or most of his check for that month since he died on the last day of the month?

Answer—No. You are not entitled to any of his May check. The law specifies that the person must live through the entire month to be eligible for a check for that month. It would make no difference if he died on the 10th, 20th, or 30th, no check would be payable for the month of May.

Question—We recently hired a man to do some yardwork for us on a regular basis. He says that since he is already 65 and drawing social security we are not supposed to deduct any social security from his pay. Is he right?

Answer—No. He's wrong. The age of your employee doesn't matter as long as he works in employment covered by social security.

Danforth Speaks At FHA Meeting

By Sarah Turnbull

"To Dare Is To Care," was the theme of the October 27, FHA meeting. President, Bonnie Rowland, called the meeting to order, who turned the program over to Carla Lee.

Carla introduced the guest speaker, Chaplain Danforth, who gave a very inspiring talk on the theme of our meeting.

Bonnie Rowland, president; Meroe Henry, vice president of Program of Work; Catherine Lewis, vice president of recreation; Carla Lee, secretary; and Janie Barben, treasurer; initiated the new members in an impressive formal ceremony.

The meeting was closed with the reciting of the FHA creed.

Mrs. Eastman Tells Grange About Noah's Ark

Avon Park Grange No. 203 met Tuesday evening, Oct. 28 with Master Louise Clarke in the chair. The speaker for the evening was Mrs. D. V. Eastman, who talked about Noah's Ark, Child Development Center—how it is conducted, how it is financed and its present needs.

The State Grange Gatekeeper, Beverly Parker of Hardee Grange, was present and told of plans for the 103rd Annual National Grange session which convenes at Daytona Beach from November 9 to 18. Most of the sessions will be conducted in the fourth degree so subordinate members may attend. The Sixth and Seventh Degrees will be exemplified in full form on Saturday, Nov. 15. Several from Hardee Grange will be driving and will be glad to transport those from Avon Park who have no way to go.

Citizenship was the main theme for the Lecture Hour. Grange Policy—No one, by becoming a Grange member, gives up that inalienable right and duty which belongs to every American citizen, to take a proper interest in the politics of his country. On the contrary, it is right for every member to do all in his power to influence for good the action of any political party to which he belongs. It is his duty to do all he can to put down bribery, corruption and trickery, to see that none but competent, faithful and honest men are nominated and elected to positions of trust.

Song—America. Report on Bond Issue to be voted on November 4 by Alfred Haviland, chairman of the legislative committee. Game—Politicians Promise. Take to Everyone. Principles of America by the Lecturer. The Friendly Pumpkin by Nancy Shav. A Broomstick in the Sky by Louise Clarke, accompanied by cartoon. The Ups and Downs of Apple Picking by Eva Nickerson. Thought for the day—The reason some conremen are so anxious to get reelected is that they know they could not make a living in private business under the laws they passed while in Congress. During the social hour refreshments were served by Mr. and Mrs. F. W. Pullman.

The next meeting will be held in the Junior Sunday School room of the First United Methodist Church on November 11 at 8 P.M.

Mark Ostling Wins Golf Trophy At Lakes Wales Country Club

A group of our local lady golfers attended an Invitational held at Lake Wales Golf and Country Club on Thursday, Oct. 30.

Those attending were Mark Ostling, Julie Johnson, Clair Irwin and Terry Akin. In all there were 112 guests. Each lady was presented with a small floral arrangements with a special recipe attached.

Mark Ostling was the outstanding member of the Avon Park group, winning a very lovely trophy for low net in her flight. We're all very proud of her!

There is another golf invitational extended to the Avon Park ladies on November 18 at Bartow. We hope more of our local girls will attend and enjoy these special events.

The rains last week did nothing to help the play at our golf course. Saturday, Nov. 1 the sky stayed clear long enough to complete a tourney however, with the winners being a tie, John Gray and Dick Martin, points individual. Because of the weather our Wednesday tourney and cookout was cancelled but is rescheduled for this Wednesday, Nov. 5.

On the following Wednesday, Nov. 12 the Avon Park golfers will go to Wauchula for their monthly scheduled games. Please let us know in the Golf Shop who is interested in attending this tournament.

Scouts Display Halloween Bags At Meeting

Bonnie Brae Mobile Home News

Another week and more of our friends are returning to Bonnie Brae from up North. The most recent arrivals are Mr. and Mrs. Percy Begeal, Mr. and Mrs. Neal McGonagle and Mr. and Mrs. Clarence Gerrard.

John and Hazel Lasse, the former managers of Bonnie Brae have just returned from Janesville, Wis. They returned by way of New Orleans with their daughter, Vera and son-in-law, Jim. Vera and Jim will be spending a week here before leaving for New York where they will meet their daughter, Patty, who will be celebrating her 18th birthday. Patty will fly from Chicago to New York. Their planes are scheduled to land a minute apart. They will spend a week in New York combining business with pleasure before returning to Janesville, Wis.

Our coffee hour is now held every Thursday morning at 10 A.M. and bingo every Tuesday evening at 7 P.M. A small group of people gathered together Thursday evening to play cards in the newly painted club house.

The committee consisting of Thelma Chalmers, Chlora Vandevender and Blanche Hance are working on the covered dish luncheon to be held Wednesday, Nov. 5 at 12 noon.

Mr. and Mrs. Tom Barnett from Lake Letta and Howard Fishbeck and Doris Roach spent Sunday afternoon at Highlands Hammock. On Monday afternoon, Mr. and Mrs. Tom Morrison of Southland called and Wednesday afternoon Howard Fishbeck and Doris Roach were visited by Laura Bernthal of Southland.

Mr. and Mrs. Bruno Zappa, from Montreal, Canada were the guests of Marie and Paddy Lizotte for a few days before going on to the Gold Coast. The Lizottes spent a busy day shopping in Tampa last Thursday. They received a letter from Mrs. Frank Robertson stating that Frank is still in the hospital, but was very much better, and they sent their best to their friends in the Park.

Last Saturday, Mr. and Mrs. Fred Schaefer of Sandusky, Ohio and Wauchula, were dinner guests of the Chocklevs, at the Lake Placid Holiday Inn. Afterward both couples returned to Tom and Evie's and spent the evening visiting.

Mr. and Mrs. Earl Baxter of Sloansville, N. Y., spent the evening last Tuesday with Mr. and Mrs. Frank Foote.

C.W.O. James Kujasky was a weekend guest of Dick and Bonnie Sherman. Jim is in the Coast Guard and has just returned from 10 months patrol along the Vietnam coast. He and Dick served together in Traverse City, Mich. and haven't seen each other for 11 years. Jim will be stationed in St. Petersburg aboard the new cutter Steadfast. He was transferred from Hawaii.

Mr. and Mrs. Harold Hall of Eastham (on the Cape), Mass. spent two days visiting with Thelma Chalmers before going to their Winter home in Kensington Park section of Sarasota. Mr. and Mrs. Louis Moreau of Haverhill, Mass., visited with Thelma Chalmers on Saturday afternoon. They are spending the Winter at Paradise Trailer Park in Lake Wales.

Mr. and Mrs. Robert Mossburg of Hartford City, Ind., visited with Ellen and Neil McGonagle, Friday, enroute to spend the Winter at Big Pine Keys Fishing Lodge on the Keys.

Henny and Joe Moreno were guests at the home of Mr. and Mrs. Ted Gressman last Tuesday night. A birthday party in honor of Margaret Van Buskirk was celebrated after which pinochle was enjoyed by Mr. and Mrs. Leon Van Buskirk, Mr. and Mrs. Ted Gressmand and Henny and Joe.

Girl Scouts Attend Camp At Wildwood

Eleven Junior Girl Scouts from the Jacaranda Neighborhood attended a Junior Jambola at Camp Wildwood last weekend. They joined Junior Girl Scouts attending from all over the Heart of Florida Council which is composed of Highlands, Hardee, Sumpter, Polk, Lake, Citrus and Marion counties.

The Scouts enjoyed Ecology, camping, hiking, swimming and working on service projects. The 11 girls attending were chosen by the selection committee and left Friday to return Sunday.

Girls attending were, Margaret Turnbull, Sue Nunnallee, Brenda Cooper, Misty Hooper, Delores Ham, Jean Johnston, Suzy Crews, Donna Crews, Pam Griffin, Wanda Prine and Gladys Prine.

Prescott Sues For $100,000 In Death of Wife

J. D. Prescott this week filed suit asking $100,000 or more in damages and a trial by jury in the auto accident death of his wife, Jewell last May 8.

Named as defendants were Kathleen Jones Ellis, B. A. Ellis and American Employers Insurance Co. Mrs. Prescott was killed on Route 27 .3 miles South of Avon Park. Mr. Prescott was working on the highway there and she had just been talking to him and was leaving in her car to return to Sebring. The West Palm Beach firm of Cone, Wagner, Nugent, Johnson, McKeown and Dell will represent Mr. Prescott.

Now, less than 60 per cent of our national income is spent for essentials: in 1900, some 85 per cent went for that purpose.

MR. AND MRS. ROBERT S. BRISCOE of 1010 W. Main, Avon Park, aboard the S.S. New Bahama Star, just prior to a Nassau cruise from Miami. They are shown outside the beautiful Star Lounge, overlooking the ship's pool and spacious sun deck. The ship was their floating resort hotel for the complete trip — they lived aboard, had all meals in the ship's sunny dining room, enjoyed nightclub entertainment in the elegant Star Lounge, organ recitals in the intimate Bahama Lounge. Movies are shown evenings in the ship's theatre — the cruise staff plans entertainment for those wishing to participate. In Nassau, there was time to shop, sightsee, and take in the Bahamian night life.

Letters Received Express Success Of Florida Home Juice Tourney

The following letters are just a few of the many received by people who were responsible for success of the Florida Home Juice Invitational Golf Tournament.

The letters were written by people who played in the tournament.

Mr. W. R. Reck, President
Avon Park Golf Assn., Inc.
Dear Mr. Reck:

The Second Annual Home Juice Company Invitational was a complete success and I appreciated the opportunity of playing in it.

The golf course was very interesting and a pleasure to play. Everyone in your association was the most congenial of any tourney I've played away from home. Seems like the only friendly people left are the ones from small towns.

Your sponsor, Florida Home Juice Company is second to none—barbecue, refreshments, (both at the barbecue and on the course) were really great. The entry fee should be $25 in my opinion.

Thank you again, and if possible I certainly would like and look forward to playing again next year.

Sincerely yours,
Jerry Tarnow

Dear Mr. Hall:

Great events cannot go unnoticed, or unmentioned. And certainly, your Home Juice Invitational Golf Tournament this past weekend was a great event.

From our first step onto the first tee of a beautiful, finely manicured golf course, through 18 interesting (but sometimes frustrating) holes, the delicious barbecue, a wonderful combo, an absolutely fabulous bar tended by the friendliest of bartenders, and, above all, the truly wonderful, friendly people of Avon Park—we can only say we enjoyed every exquisite minute of it!

Our sincerest thanks and gratitude to you and your firm for sponsoring it and to Mr. Ogilvie and his folks for their untiring efforts in making it such an outstanding event.

We hope you will allow us to return next year.

Sincerely,
Arnold Jenkins

Mr. Alex Ogilvie, Mgr.
Avon Park Golf Assn.
Dear Alex:

Just a note to let you know how much I enjoyed playing in the Flo-Cal Golf Invitational. My sincere congratulations with the well managed and smooth running tournament.

I appreciate having an opportunity to participate and wish you much continued success.

Best personal regards,
L. Dale Carlton, Director
Grower Division
Florida Citrus Mutual

Mr. Leonard Haddad
Florida Home Juice Co.
P. O. Box 576
Avon Park, Fla. 33825
Dear Mr. Haddad:

Just a short letter to let you know how very much I and the entire Daytona-Ormond contingency enjoyed the 1969 Home Juice Open Golf Tournament. It was my good fortune to attend last year's inaugural event, and I must report that all of those responsible for organizing and running the tournament have done a tremendous job each year. The amount of time, effort and just plain hard work given to the tournament by Pro Alex Ogilvie and the members of the Avon Park Golf Course is plainly evident to and greatly appreciated by all of us out-of-towners. You may be assured, also, that the hospitality, that good warm southern friendliness, of your Company and the citizens of Avon Park is second to none.

Before closing I must tell you that I consulted my psychiatrist about the loss of 8 shots to par on the first hole in the tournament (yes, I am the guy who had a 12 on number 1). The doctor (also my wife) told me to cry a lot and not to think about it anymore than I have to. However, anytime we are with friends she keeps asking me to tell them that funny story about my third OB from the tee trap on the first hole of the Avon Park Open. And, too, that recurring dream where Ricky Dressler watches me sink an 8 foot putt and says, "Nice 12, Bill" is still a bit bothersome, but not quite as frequent.

The tournament was truly outstanding in every respect, and we all look forward to returning next year.

Very truly yours,
William E. Loucks

Dear Mr. Ogilvie,

I would like to express my sincere appreciation for the courtesy and consideration extended to me during your fine golf tournament.

I congratulate you and all the fine people who worked so diligently to make this tournament a huge success. I especially want to thank Mrs. Mildred Ford, who graciously consented to ride with me and contest my score during the final round of the tournament.

I am looking forward to having the opportunity to participate in your golf tournament again next year.

Sincerely yours,
Ronald D. Daniel

Golf Association Tries To Land State High School Tournament

Upon learning that the Florida High School Activities Association, Inc. had been unable to obtain a golf course for its 1969 State High School Golf Championship Tournament, scheduled for April 1970, the Board of Directors of the Avon Park Golf Association, at its meeting on September 18th voted to make the Avon Park Golf Course available for this tournament.

This offer was forwarded to Floyd Lay, Executive Secretary of the Florida High School Activities Association by R. Guy Garrett, Supervising Principal of the Avon Park School System who is also a Director of the Avon Park Golf Association.

Mr. Garrett was advised by letter from Mr. Lay that the offer would be considered by the Board of Directors of the Florida High School Activities at its meeting on October 6 and 7, 1969.

The Second Annual Florida Home Juice Amateur 54 hole Golf Tournament was held at the Avon Park Golf Course on September 27 and 28 with a field of 160 golfers from as far away as Miami and Jacksonville and was won by Mike McDermott, a fine young 2 handicap golfer from Ormond Beach with rounds of 78—72—150. Bill Perry, Jr. of Winter Haven, a 1 handicapper came in second with 78—73—151 while his brother, Ben Hogan Perry, Jr. of Winter Haven and Bill Lemke from tied for third with 153 scores.

The course is the former Pinecrest Golf Course on which the Haig and Haig mixed 2 ball tournament was played by the leading men and women touring pros for a number of years. It is a 6400 yard par 72 course with large greens, all of which are well guarded by sand traps, in many cases larger than the greens. It is a championship course in every respect and a true test of skill for even the best of golfers.

Retired Persons Will Meet Tuesday

Highlands County Chapter 222 of American Association of Retired Persons will hold their regular monthly meeting Tuesday, Nov. 11 at 7:30 P.M. in the Sebring Manor Hotel.

An interesting program has been planned and it is hoped that there will be a good attendance. Visitors are always welcome and anyone 55 years or over is eligible to become a member, whether retired or not.

Avon Mobile Home Park News

LUCILE DUTHIE

Lucile Duthie

The last few days has seen many of our residents returning to our Park. Those just returning are, Orval and Oma Marshall, Alva and Hazel Thompson, Welcome and Ula Miller, W. H. and Louise Bell, Harold and Marjorie Faulkner, Hubert and Helen Smith, Harmon and Gladys Heffner, Lynwood and Marion Lovell, Harold and Ruth Wolcott, Harry and Olive Burnett, Basil and Rose Krontz, Leo and Bertha Wagner, and Mr. and Mrs. Near.

We also have two new residents, Byron and Katie Zopfie, Court No. 17, from Kissimmee, and John and Edna Wolf Court No. 50 from Sebring. It is nice having them all back and we especially welcome the Wolfs and Zopfies, our new residents and hope they will enjoy being with us.

Mr. and Mrs. Ora Myers recently attended a District Meeting of the Federation of Home Owners Association, Inc. The meeting was held at Leisure Acres in Sebring. The Myres reported the meeting well attended and that Mr. Schoonover head of the blood bank was a guest as was Mr. Tedesco.

Mr. and Mrs. Nels Hinkle of Plant City Mobile Home Park were Sunday guests of Mr. and Mrs. Ora Myers.

Monday morning the ladies in the Park had their first get together at the shuffle court, with a large number in attendence. The men met at the court in the afternoon for their first gathering. The shufflers, both men and women are looking forward with anticipation for a pleasant and active season.

We extend our sympathy to the Boyd Dager family in the death of his sister, Mrs. Zelda Muckley, Crystal Beach. Mrs. Muckley expired October 29 after a brief illness. Mr. and Mrs. L. Geib, close friends of Muckleys spent several days with the family.

We also extend our sympathy to Mrs. Louis Shoemaker in the death of her brother, Major O. A. Curtis, age 73 years of San Antonio, Tex. Major Curtis was a member of Co. B and fought on Mexico border, WWI and WWII. He was born in South Bend, Ind.

Mrs. Earl (Doris) Johnson is a patient at Walker Memorial hospital. We wish you a speedy recovery Doris.

Mr. and Mrs. L. Geib recently entertained Mr. and Mrs. Sam Norris at dinner, the affair honoring Mr. Norris on his 86th birthday. Congratulations to Mr. Norris.

With the return of our Winter residents many improvements have been made. The Beckers and Ora Myers have screened in their patios, many have had new skirtings on their Mobile Homes, and new concrete driveways have been poured in some of the courts, all of which makes for a much prettier Park.

Mr. and Mrs. R. C. Donegan from Cortland, Ohio left last Tuesday after spending ten days at the Lakes as the guests of Mr. and Mrs. Floyd Huntington. Mr. Donegan is the brother of Mrs. Huntington.

Mr. and Mrs. John Bengel, Mr. and Mrs. Edwin Guenzel and Miss Charlotte Thompson returned last Saturday from a camping trip to Indian Rocks Beach where they spent a week. They visited many places of interest in the area and the men fished at Clearwater Beach. They enjoyed dinner at the Kapok Tree Inn and The Sweden House before returning home.

Mrs. Ann Harkless from Roseville, Mich. left on Wednesday after spending five days at the Lakes with Mr. and Mrs. E. J. Rice. They were former neighbors in Michigan.

Mr. and Mrs. Ralph Harless from St. Albans, W. Va., arrived on Monday to spend a few days at the Lakes as the guests of his sister and husband, Mr. and Mrs. Maurice Bush.

The regular monthly pot luck dinner will be held at the club house on Thursday, Nov. 20 at 6 P.M.

Mr. and Mrs. Charles Balding and Mr. and Mrs. Ray Walker were visitors in Lakeland last Friday.

Mr. and Mrs. Walter Meyer from Winter Haven were callers last Saturday morning at the home of Mr. and Mrs. W. T. Haines.

Mr. and Mrs. John Meloough from Florence, Ky. arrived last Thursday to spend a week at the Lakes as the guests of Mr. and Mrs. Walter Niersteimer. Mrs. Meloough is the niece of Mrs. Niersteimer.

The regular monthly salad bar luncheon of the Woman's Group will be held at the club house on Thursday, Nov. 6 at 12:30 P.M. A business meeting will follow the luncheon, with Mrs. Charles Keys presiding.

Mr. and Mrs. Adam Weintraut returned last Tuesday afternoon by plane in Tampa from a four day trip to New Castle, Ind., where they attended an open house given by their three sons and two daughters last Sunday to celebrate their 50th wedding anniversary. The celebration was held at the St. Albans Catholic school hall.

Mrs. Max O'Neel and Mrs. Frank Alley were visitors in Lake Wales last Saturday.

Mr. and Mrs. Charles Keys, Mr. and Mrs. Irving Stotts and Mrs. Fannie Reinke were the dinner guests of Mr. and Mrs. Frank Haskin last Friday night.

Mrs. John E. Kern from Kissimmee left last Friday after spending five days at the Lakes as the guests of Mrs. Elizabeth Winkler.

Mrs. John Schoen returned home last Friday from a three day stay in Walker Memorial Hospital for observation and treatment.

Nine ladies met at the club house last Thursday to sew for the needy. The next meeting of the group will be held at the club house on Thursday, Nov. 13 at 1 P.M. All ladies at the Lakes are welcome.

Mr. and Mrs. Charles Keys visited his family in Lutz Wednesday, and stopped in Tampa and Lakeland before returning home.

Mr. and Mrs. Paul J. Calvert returned home last Saturday from St. Petersburg where they visited Mrs. Clarence Bue for two days and visited Mr. Bue who was in the hospital for observation and treatment.

James Schwab form Gresham, Ore., was the overnight guest of Mr. and Mrs. M. S. Corwin last Thursday. Mr. Schwab is their son-in-law.

Girls Auxiliary Honored With Party Thursday

The Junior Sunday School Department and Girls Auxiliary of the Florida Avenue Baptist Church was honored last Thursday night in the social hall of the church with a Halloween party.

The room was decorated in the traditional Halloween manner, spook house, fortune teller, and bobbing for apples was the highlight of the evening.

Costume contest was won by Stuart Collier, Patrick Kangeter and Lisa Maddox.

Approximately 70 people attended the gala affair.

Gloucester, Mass., claims to be America's greatest fishing port, and has lost over 10,000 men to the sea, over the past century.

Shuffling

Wednesday as you know, it rained, so there was no shuffling. But on Saturday morning there were nine and a half courts of "A" players. Gertrude Fensterman and Everett Paxton won in the main with Dorothy Gruber and Hazel Thompson the runners-up. Consolation winners were Kate McAlexander and Harmon Heffner.

In the afternoon there were four courts of "B" players, with Etha Larew and Herman Young winning. Runners-up were Ella Roenneburg and Helen Smith. Bea Tingler and Art Jordan won in consolation over Martha McBeth and Twyla Wurster.

Card Games

Annie Janke had the high score of 811 in pinochle on Monday afternoon at the club house. Sarah Kerr came in second with 749. Five tables were in play.

There were seven tables of bridge players on Tuesday afternoon. Maurice Brevoort came in first with 6200 and Al Strandt came in second with a score of 5990.

Thursday, Nov. 6 at 1:30 P.M. Duplicate bridge will start.

Crafts

Hallie Wetmore announces that craft classes will start at 9:00 on Thursday morning, Nov. 6. All you ladies come out.

Dances

Even though not too many have been coming out to the dances, they do have an awfully good time. Monday eve only one square and on Friday evening two squares. All you square dancers come out and see what a good time you can have.

Suppers

Hetta Cook and Harriet Meissel were hostesses at the supper Saturday evening with 39 present. Fern Haas asked the blessing. Everyone wished Hallie Wetmore a "Happy Birthday." Guests were Mr. and Mrs. Russell of Sun Ray. Several members are back for the first time: Mr. and Mrs. Daniel Keiter of Bucyrus, Ohio, Fern Haas from Adrian, Mich., Mr. and Mrs. Everett Paxton from Crawfordsville, Ind., Minnie Brown from Groton, Vt., and Mr. and Mrs. Seymour Brown of Michigan.

After the wonderfully good supper a short program entertained the folks. Annie Janke gave the reading "Grandma," another reading by Irene Ayling, "Interlude" and "A Monkey's Viewpoint" by Caroline Webber. Fred Robinson played some old time music on his harmonica. Closing with their regular song.

News of the Week

You will all be glad to know that Ethel Swearingen is now home in Royal Oak, Mich., after her long nine weeks in the hospital. They are hoping to be in Avon Park by December 1.

Mrs. Art Gorsuch has now been released from the hospital.

Zeola Price Kellogg spent the past week moving from her home on West Main to her new home on So. Verona.

Tom Clarke is slowly improving, but is still in Walker Memorial Hospital. He is so pleased with the many cards and callers he has had.

This year's membership now totals 184 with two new members, John Wolf of La-Paz, Ind. and Mina Young of Avon Park.

Those who have been members in the years past, but recently returned are: William and Louise Bell of Milford, Ohio, Fred Bolton of Northfield, Mass., Viola Buehrer of Palmyra, Mich., Andrew and Alice Clarke of Nestor Falls, Ont., Canada, Harold and Margery Faulkner of St. Paris, Ohio, Frank and Maude Foote of Esperance, N. Y., Harmon and Gladys Heffner of Urbana, Ohio, Everett and Margaret Keister of Westville, N. Y., Welcome and Ula Miller of Bourbon, Ind.

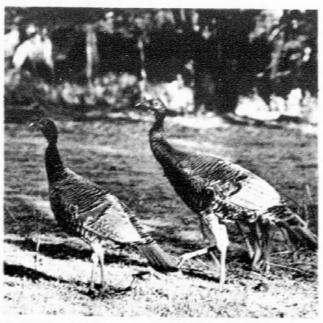
Also George and Orpha Mills of Cavendish, Vt., Everett and Bessie Paxton of Crawfordsville, Ind., Henry and Tillie Retter of Blissfield, Mich., Russell and Mary Smith of Tiro, Ohio, Hubert and Helen Smith of St. Paris, Ohio, Floyd and Edith Stevens of Allegan, Mich., Zola P. Striley of Silver Springs, Md., Alva and Hazel Thompson of Argos, Ind., Ralph and Georgina Wernham of Komoka, Ont., Canada, Hetta Cook of Warsaw, N. Y. and Harriett Meissel also of Warsaw, N. Y.

Pfc. J. T. Wise, Jr. Arrives In Vietnam

Pfc. James T. Wise, Jr., son of Mr. and Mrs. James T. Wise, Sr. of Avon Park has arrived for a tour of duty in Vietnam.

After completing a 12 week course in Fort Benning, Ga., he was transferred to Vietnam.

He is an Army mechanic and would like to hear from his friends. His address is Pfc. James T. Wise, Jr., 262-58-2336, 379th Trans Co. Reefer APO San Francisco, Calif. 96491.



THE KILL of turkey was described as "fair" for the first weekend of the hunting season. These are the Florida wild turkeys which are being harvested this year. Forty-three were killed at the Avon Park bombing range last weekend.

The church building in Acoma, New Mexico, is unusual in several respects. All material was carried to top of 360 foot butte by human muscles — beams 40 feet long and 14 inches square were carried by men from 30 miles away, over rough terrain — material for walls up to 10 feet thick and 60 feet high were carried up to the 360 feet, largely by women.

It is difficult to say the right thing at the right time — but more difficult to leave unsaid the wrong thing at the right time.

Many of our human troubles are due to lack of knowledge—1) of what is one's business, and 2) what is none of one's business.

Vestry Meets Wednesday In Parish Office

The November meeting of the Wardens and Vestry of the Episcopal Church of the Redeemer will be at 8 P.M. Wednesday, the 12th in the parish office. This is an especially important meeting as Karl Swanson, chairman of the Every Member Canvass will organize the group to be a part of the calling team. The Canvass was kicked off at the parish supper last Sunday when Lewis E. Cooks spoke to the gathering on his recent trip to General Convention II held in Notre Dame University at South Bend, Ind. Our people are requested to sign pledges and bring them to church next Sunday. Or, they can take a card at church next Sunday and turn it in at any of the services.

Our aim is to have every communicant, or anyone else who wishes to, sign and keep a pledge to the work of the church. Another aim is to teach people that their need to give to God's work is greater than the church's need to receive their support.

Sunday School Lesson

Can We Always Trust God?

By DAVE LLEWELLYN

Another day and we are not dead.

Life alone seems sometimes a small thing to be happy about. Yet so wonderful a thing as life is seen by many as a system of despair.

"I wish I were dead" is more than a passing woe for many people. Many are elderly, sick, or forgotten. Some are widows, orphans. Most are "normal" people.

"Lamentations" is dedicated to the desperate. Repeating "There is none to comfort me," it echoes the shrieked and whispered cries within us.

Jeremiah's despair in "Lamentations" is absolute. Even God he sees as tormentor. "The Lord is become as an enemy." "I am the man that hath seen affliction by the rod of His wrath."

His Mercies Fail Not

But from the bottom of his hopelessness rises a curious recollection. "This I recall to my mind; therefore have I hope. It is of Jehovah's lovingkindnesses that we are not consumed, because His compassions fail not."

God is to be praised that I am not quite dead?

Who ultimately controls evil but God?—and I am to be hopeful of His compassions?

Isn't it a bit foolish to honor God for good and absolve Him from evil, indeed to bless Him for evil also?

When his own God seems bent on destroying him, isn't it time for Jeremiah to reconsider his faith?

At times when you cannot think, you must trust God. And when you can think, you'll remember why: "Because His compassions fail not. They are new every morning."

In fact, however, there is never a time to redecide about belief. Trust is a relationship, not a principle. Just because you are out of communication with your mate does not mean that you are no longer married. When you come to be reconciled, you do not need to repeat your marriage vows. The fact of your marriage has not changed, though your participation in it has faltered.

When a person goes to his mate for help or comfort, it has already been decided how he or she will respond. That commitment was made at the marriage ceremony. The only problem is how to put the relationship back into responsive operation.

So it is when we come to God in despair. We do not decide again whether or not to believe in Him. We already have a proven relationship of trust. The problem is how to put that trust back into operation.

Unshaken Trust

Job pressed this issue much farther than even Jeremiah and concluded, "Though He slay me, yet will I trust Him."

Jeremiah concluded that the evil which men must endure works ultimately for good. That he was right in this conclusion is testified by the life of Jesus, who "though He was a Son, yet learned He obedience by the things which He suffered."

You shouldn't have to be made happy to be made thankful.

"B" Squad Meets Sebring Tonight

The Avon Park "B" squad will play its last home game of the season here at Memorial Field tonight (Thursday) in a return battle with the Sebring junior varsity starting at 7:30. The Devil "Bees," coached by Dewayne Lemler, have won five straight games now after dropping their opener to Fort Meade by a score of 6-0. The "B" team defeated Sebring 22-6 in an earlier game down in Sebring.

Last Thursday night the Avon Park jayvee squad traveled to Arcadia and edged out the DeSoto High "B" team by a score of 6-0 in a hard fought game on a wet, slippery field. In the previous game between these two teams, Avon Park won 20-16 in a real offensive battle. But the game last week was just the opposite with the defense having to do most of the work as the second half was played in a drizzle.

In the last part of the first quarter, Avon Park put together a good drive and scored its only touchdown on the second play of the second quarter with a pass from quarterback Leon McRae to eighth grader, Danny Lewis, who made a head-on dive to catch the ball. The play came on fourth down with two yards needed from the 7-yard line.

Avon Park threatened late in the third quarter when they got the ball to the 4-yard line but couldn't score. Coach Lemler continued to praise his defense for its aggressive play and commented on the team work of the offense.

All Avon Park football fans are encouraged to attend the game tonight to support the "B" team in its final home game of the season. The final game of the 1969 season for the Red Devil jayvee squad will be November 13 in Lake Placid against the young Green Dragons.

RED DEVIL reserve fullback Walter Nunnallee is a junior who is seeing lots of action this year as the Avon Park team has moved to a 5-1-1 record so far. Nunnallee alternates with Steve Hartt at the fullback slot on offense and plays linebacker on the Devil defensive squad. He also holds the ball when Don Sisemore boots for the extra point and Sisemore has kicked 9 out of 13 attempts in the last seven games. With another year yet to go with the Red Devils, Nunnallee will be a vital part of the varsity play in the future.

Samuel Ashe Pleads Guilty To Burglary, Sentenced by Judge Kelly

Samuel Ashe, 24, of Avon Park, who pleaded guilty to burglary of Poole's Beer Garden and Restaurant in Avon Park, July 24, was sentenced to spend six months to five years in jail Monday by Circuit Judge Clifton Kelly. He was given credit for time served in jail of 90 days.

Ashe was arrested with Walter Ivory Earl Roberts, 20, who has pleaded guilty in the case but still is under pre-sentence investigation. He is held in jail on $1,000 bond.

Sentenced To 6 Mos.-5 Years

John Sanderson, Jr., of Avon Park, was sentenced to from six months to five years in jail for the burglary of the Maxcy Truck Stop on U. S. 27 several months ago.

Circuit Judge Clifton Kelly passed sentence Monday. He gave Sanderson credit for 90 days served in jail.

Southland Trailer Court News

By Bessie Paxton

November 1, time when friends return to Southland for the Winter; time when they meet again those who have spent the Summer here. Circumstances of life have been changed for many. We have newcomers, and welcome them. We hope they will feel at home and enjoy being with us. Greetings and good health to all!

Mr. and Mrs. Harvey McClary have sold the park to Mr. and Mrs. Toby Chapel. The Chapels have a young son, Michael, age five. The McClarys are located in their apartment in "The Villa" immediately east of the park.

Together with nice Summer rains and much care the park grounds are very attractive. Soon now, flowers will be blooming and everyone will be delighted with the results of their efforts.

Park activities will be in full swing beginning this week; members are asked to watch bulletin board on north of laundry for dates and hours of different activities. News item s may be placed on the two smaller boards of the south, and each member is free to use these bulletin boards. Those in charge will appreciate this ties. News items may be be placed in box at laundry door. However, several changes in the schedule have been suggested, which will be carried out for a few weeks and if satisfactory will be a help for next year's work.

Twenty-eight attended coffee hour Tuesday morning. After several months of vacation coffee hour is again a time to meet and chat.

Thirty-eight came to the hall Friday night to play bingo with Robert Moynihan and Byron Jeremy in charge. Moynihan is an excellent caller and I am sure everyone appreciated Jeremy's efficiency and efforts as he distributed the prizes. Some folks won and some didn't, as usual, but everyone did have a good time, thanks to the committee.

Older residents of the park will remember Corwin and Grace Coate. She is now living near her children at Troy, Ohio. Recent letter from her tells of the many greetings she received on her 84th birthday. Her address is: No. 4 Cameo Circle, McKaig Ave., Troy, Ohio.

Among recent arrivals to Southland for the Winter are Mr. and Mrs. Everett Keister of Westfield, N. Y. and Goldia Daun of Grand Rapids, Mich.

Mr. and Mrs. John Bryer of Haddenfield, N. J. visited friends in the park Tuesday. They are former residents of the park.

Dorcas Young and Betty Peterson went to Clearwater and Dunedin this past week. Dorcas visited her sister in Dunedin and Betty some of her Michigan friends in Clearwater. Even though it rained most of the week, there were trips to Busch Gardens and shopping sprees that were fun for all.

The formerly two blind mice who live at 114 and 115 Dead End Street can see. They do not run after anything, but one can read, knit and not drop stitches and cook; the other can drive, type and read. Yes your two formerly blind mice can see.

We welcome Mr. and Mrs. John Ferreli of Weirton, W. Va. to Southland Court. The Ferrelis have purchased the Moynihan's Tampico trailer.

Mr. and Mrs. Bruce Crawford and baby daughter of Miami spent Sunday with Hetti Cook and Harriet Meisel. Mr. Crawford is Harriet's grandson.

Mrs. Bernice Cox and Mrs. Netti Martin of Sebring were pleasant callers of Hettie Cook and Harriet Meissel.

The Kenneth Barrs are now located on lot no. 135 and are very happy with their larger trailer and new location. They sold their smaller trailer, which was located immediately south of the office, to Mr Rutherford who formerly lived in the park.

We welcome Park and Helen Ernberger of Norwalk, Ohio who recently located on lot No. 134. Other newcomers are Rosetta Hall of Perry, N. Y. and Evangeline Gleason of Rochester, N. Y. who have purchased the Horne trailer on lot 131. The Breadmans from Toronto, Canada are also with us for the Winter. They are located two doors south of the office.

Byron and Bee Jeremy have a new addition, they recently purchased a travel trailer. Their daughter and husband, Mr. and Mrs. James Essex of Elyria, Ohio are also expecting an addition in December. The Jeremys have an eye for business, This little trailer will serve nicely for sleeping quarters for the Essex family during the anticipated visit with their parents later in the season. Then, the Jeremys dream of pleasant trips in this trailer during the Summer. How we do find ourselves being covetous at times. Some of us return North to mow weeds and grass while others stay in Florida and sit in the shade in order not to wilt.

ROTARY CLUB NEWS

Andy Miracle was program chairman last week and he brought with him our old friend and former member Vic Mickunis. Vic also brought his right hand man and trumpeter Bob Strenth and a few other important members of his band. They demonstrated their several instruments and some of the tricks they develop with them.

Vic followed up with a thorough and detailed explanation of the various steps necessary to make a band function as capably as Vic has accomplished with his Avon Park Band. Vic used charts to explain each phase of production, then showed some films illustrating the band at its best.

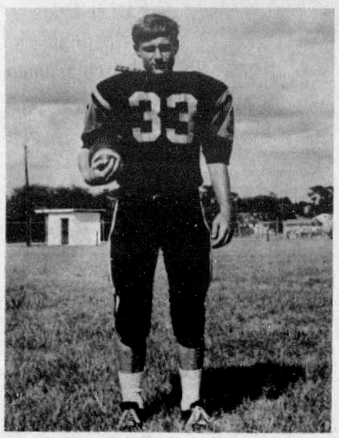
We are indebted to Andy and Vic for bringing us an enlightening program.

Cub Scouts Host Family Members

Monday evening, Oct. 27, was family night for Scouts of Troop No. 814 when they played host to members of their families and invited guests. In charge of the program was Senior Patrol Leader Charles Klein and Assistant Patrol Leader David Metheny. The program included skits after which the Leaders of the three patrols were introduced. They are Winding Creek Patrol, Ricky Spurlock; Cougar, Michael Eberle and Fighting Tiger, Larry Green.

C. Johnny Johnston, Scoutmaster presented Tenderfoot awards to David Hamm, Ricky Spurlock, Robert Boardman, Gary Curlee and Chuck Behal. Miniatures of their awards were presented to the parents of these Scouts. Pictures of camping activities available to the Scouts at Flaming Arrow were shown, following which refreshments were served by the Mother's Committee.

On Saturday, Nov. 1, the following Scouts attended Scout-o-rama at Florida Citrus Showcase in Winter Haven: Robert Boardman, David Metheny, Tommy Johnston, Charles Klein and Johnny Johnston. All agreed the program was both interesting and informative. So impressed were the Scouts that plans are already underway to have all Scouts from No. 814, including Cubs and their families attend next year. Sr. Patrol Leader Charles Klein wishes to remind the parents of Scouts that Scouting is a family affair and that visitors are welcome to attend meetings of the troop at any time.



ONE OF THE most improved players on the 1969 Red Devil varsity is junior offensive end Joe Franza. The tall, lanky lineman earned a starting berth on the offensive eleven before the season started after coming up from the junior varsity. He has caught two passes or a total of 35 yards and has steadily improved with each game. Joe has also seen action on defense at the end slot. The play of Franza and other rookie linemen on this Devil team has probably been one of the biggest factors in the success of the team thus far.

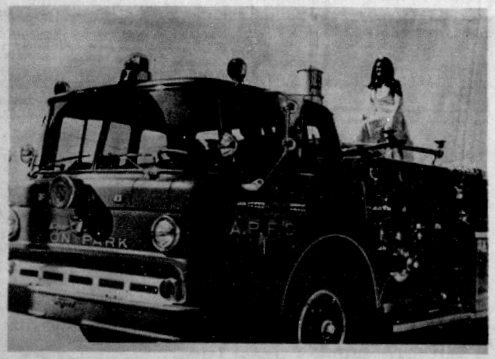
VOLUME XLVI NUMBER 2 | AVON PARK, FLORIDA 33825—THURSDAY, NOVEMBER 13, 1969 | GL 3-4351 | GL 3-4355 | 10c PER COPY

THE AVON PARK Red Devil marching band led by their color guard brought large applause from the crowds that lined the streets.

THE COLOR GUARDS from Highlands County line up in the mall for the ceremonies to start after the Veterans Day parade.



MISS FLAME, Celia Elder atop of the Avon Park Fire Department truck.

OFFICERS of the Old Settlers pose in front of the bandstand, Jack Duggan, president; Mrs. Grace Boney, treasurer, and Cliff Thomas, secretary. Missing from the picture is Jack DeLaney, vice president.

Jack Duggan Elected President of Old Settlers

The re-organized group of the old settlers held their meeting on October 29 at the Fellowship Hall of the Congregational Church.

Officers elected to serve the term, President Jack Dugan, Jack DeLaney as Vice President, Cliff Thomas as Secretary and Grace Boney, Treasurer.

One of the group's goal is to establish the original band stand as an historical marker for Avon Park. This being one of the old settlers contributions to history. It was noted that there is so few of the old band stands still standing, this is coming back into style, as, big cities are building them now.

Large Crowd See Veterans Day Parade

A large crowd turned out to watch the annual Highlands County Veterans Day parade Tuesday on the 51st Armistice anniversary.

George Kelsey, principal of Avon Elementary School led the students to their prospective seat in the mall to watch the parade.

A warm sunny day welcomed the guests from Sebring and Lake Placid, as the Avon Park City Police car led the parade with two sheriff cars and one Highway Patrol car close behind.

Color guards and high school bands from the three towns in the county participated, as well as the American Legion Posts.

National Guard Armory exhibited a fine assortment of trucks.

Avon Park Fire Department was represented with Miss Flame, Celia Elder riding on top of the fire truck.

Boy Scout Troop 814 and Den One of the Cub Scouts, Pack 814 were the only Scouts that participated in the parade.

Ceremonies were held at the bandstand at the end of the parade with Dr. William Stallard acting as master of ceremonies.

The combined parade and ceremonies for the county's three cities were held in Avon Park where speaker Rex Bond, chairman of the board of First National Bank of Sebring and Avon Citrus Bank asked his listeners to seek "spiritual guidance for our national leaders" in ending the "unpopular war" in Vietnam.

Paraphrasing Lincoln's famed Gettysburg Address, he called for a just peace in Vietnam "so those who have served will not have served in vain."

Tim Williams presented Taps at 11 A.M.

The Gold Star Mothers held their place in the hot sun in front of the bandstand, during the short but impressive ceremonies.

Vic Mickunas, band director of Avon Park High School Band directed the combined bands with the National Anthem.

Mayor Robert Barben and City Clerk Malcolm Crews rode in one car followed by other members of the City Council.

Credit goes to Phil Brigg, commander of Post No. 69 and to parade marshal, George Haynie for the well organized parade.

Chamber Elects Six To Serve On Board

Election of six persons to the Board of Directors of the Avon Park Chamber of Commerce was announced today by Chamber president, Bill Reck.

Elected to serve three year terms beginning December 1, are Tommy Bagwell, Bagwell Lumber Company; Fred Jahns, Jahns Concrete; Fred Nugent, United Telephone Company; Bill Reck, Avon Citrus Bank; Steve Roberts, Ridge Florist; and Art Turner, Turner Furniture Company.

Officers for the coming year will be elected at the Chamber's December 4th meeting.

Work On Christmas Lights Begin

The fund raising drive for Avon Park's new Christmas decorations is progressing with over $1900 contributed, according to Robert R. King, Jr., chairman of the Chamber's committee.

Donations totaling $345 were made this week by United Telephone Company, Ben Hill Griffin Inc., Ramsey's Ben Franklin Store, and Southland Trailer Park.

Work crews from Florida Power Corp. will begin installing the mounting brackets this week. Plans called for the decorations to be lighted at Thanksgiving.

Contributions for this project may be mailed to the Avon Park Chamber of Commerce, P. O. Box 1336, Avon Park.

Council Rejects Telephone Company's Franchise Bid

United Telephone Company presented the Avon Park City Council with another proposal on their franchise Monday night at the regular meeting of the council.

Ed McMillan, telephone representative presented the proposal which called for a one per cent tax for a period of five years. Then the franchise could be reopened for negotiations. The contract does not call for any free telephone service to the city.

The old franchise which expires this year was for 30 years and did not provide for any taxes of special services for the city.

Florida Power Corporation has a four percent franchise tax and also provide special services to the city. This was brought out repeatedly by members of the council and other public utilities should have similar arrangements.

McMillan said that anything over one percent could be passed on to phone users. The company increased its rates in this area last year.

Councilman, Serdynski said that Bartow is in negotiations with General Telephone now and he would like to see the outcome of their contract, because it may open new avenues for city officials in negotiating with United Telephone.

A motion was made by Scott and seconded by Duggan who passed the gavel to Serdynski to accept the proposed franchise. Howard, Martin and Serdynski voted no.

The council passed ordinance number 507 which set the time for selling alcoholic beverages from 7 A.M. to 12 midnight with no sales on Sunday.

Previous hours were from 7 A.M. to 2 P.M., the same as county hours. The action came after the question was put on the ballot September 9 and voters voted to set the hours back. The ordinance was passed with Howard abstaining and Duggan voting no.

Council members who voted for the ordinance said they did so because that is what the majority of voters who voted expressed and they had no choice. The ones who voted against the ordinance said they could not see discriminating against a legitimate business especially when the county hours are from 7 A.M. to 2 P.M. and anyone can go just outside city limits.

The ordinance is now in the hands of Mayor Barben.

In Other Action

A request was made for release of reverter clause on Golden Age Villas property by attorney S. C. Pardee, Jr. on behalf of Avon Investment Co. Scott said Avon Investment was supposed to build recreational facilities as part of the deal and this has not been done. Discussion held about laundry in the main building not being in compliance with variance granted by the zoning board. Action was delayed two weeks.

City will install double street light at Post Office on E. Pine St. and mark curb red at mail drop boxes.

Accepted recommendation of Zoning Board to grant permit to Kendrick Trim to move house to N.E. ¼ of Lot 8, Block 16, Sec. 22, provided bond corrected to satisfaction of city attorney and a letter to be given to council that work would be completed within 120 days.

Gordon Dow requested to know if the City had used any tax money in an effort to bring the jetport to Highlands County. It was explained that the City had contacted authorities several weeks before the current effort began and were convinced that the jetport would remain closed to Dade County since they were putting up the finances. The City had therefore not pursued the matter further.

Ralph Burkett said the traffic bumps on West Pleasant St. were causing a lot of noise at night by trucks bumping over them. Motion by Mr. Howard, seconded by Mr. Martin to remove bumps on West Pleasant St. Howard and Martin voted Aye. Scott, Serdynski and Duggan voted Nay.

George Haynie requested council consider 20 mph signs be erected on N. Lake Ave. from Main St. to Church St.

Passed resolution authorizing Mayor and City Clerk to execute an easement to Seaboard Coast Line Railroad on a portion of the street to be paved south of Main St. and adjacent to railroad tracks.

A letter from the airport committee was read. It recommended a program for treatment of weeds on runways and taxiways at an approximate cost of $465.00.

Martin reported the zoning board had met with E. H. Green's son and were waiting for Mr. Green to return to the city to complete arrangements to clean up the area used for

MAYOR BOB BARBEN signs a proclamation proclaiming November 9-15 as American Education Week. He signed the proclamation during the City Council meeting Monday night.

Parent-Teacher Conference Will Climax American Education Week

Local observance of National Education Week will be climaxed with a Parent Conference Day in all the public schools Friday.

No regular classes will be held Friday.

The following schedule is to be observed on November 14 in order that each parent will have sufficient time with the teacher; XYZ, 8:30-9:30; ABCD, 9:30-10:30; EFGH, 10:30-11:30; IJKL, 11:30-12:15; Lunch hour, 12:15-1:15; MNOP, 1:15-2:15; QRST, 2:15-3:15; UVW, 3:15-4:00.

If it is impossible for a parent to confer with the teacher at the designated hour, the parent should contact the teacher for another appointment. To avoid interruption during conference, parents are requested to go by the office before going to the classrooms.

The parent-teacher conference should help the parent to understand the type of work his child is doing as well as the rate of progress he is making. The parent should be able to aid the teacher in a better understanding of the child and his needs.

George A. Kelsey, principal of Avon Elementary School, encourages all parents to visit the school at some time during American Education Week and to come to P.T.A.

Teachers at the high school will have a work day, parents may come to the office and they will be directed to the right room for visitation.

Teenagers Spent Record Amount In County

Highlands County's teen-agers, who represent a larger proportion of the local population than ever, have become a consumer group to be reckoned with.

An estimated $2,432,000 a year is being spent by them here for clothing, records, beauty supplies, radios, paperbacks, snacks and for their various other needs and wants.

The findings are based upon facts and figures gathered by the Institute of Life Insurance, the Rand Youth Poll and others, covering the nation as a whole.

They show that American teen-agers now have a personal income of more than $20 billion a year, which includes their weekly allowances and their after-school earnings — from baby sitting, lawn mowing and other jobs. Back in 1950, by way of comparison, they had only $5 billion to spend.

Those in the 16 to 19 age group are the wealthiest. Boys in this bracket average $18.35 a week, says Rand, and girls, $13.80. The younger children have much less — boys $5.65 and girls, $5.80.

On this basis, in Highlands County, where there are some 3,040 teen-agers at present, it amounts to approximately $2,432,000 a year.

This is an amount of buying power that is of considerable importance to local retail merchants. And, they are aware, it is money that gets spent quickly.

A breakdown by the Rand Poll shows how the average teen-ager in the 16 to 19 group allots his weekly stipend. Among girls, the largest item is personal grooming, $4.60. Next comes clothing, $4.20, and movies and entertainment, $2.15.

The top item for boys is movies and dating, which takes $4.45. This is followed by car costs, $3.25, and clothing, $3.10.

Of still greater interest to merchants and manufacturers is the other family purchasing, estimated at close to $40 billion a year, over which the teenagers have a direct influence.

Whether it be the type of car that is bought, or the home furnishings or the food that is served, they have a big voice in the decision.

In Highlands County, in line with the findings nationally, this influence affects purchases estimated at $4,815,000 a year.

Avon Park Red Devils Defeat Dragons For Sixth Straight Win; Meet Okeechobee Friday

The Red Devils racked up their sixth win of the season last Friday night when they took a 26-6 victory from the Lake Placid Green Dragons on the Dragons home field. It was a fast, almost dull game with the exception of a few spectacular plays, but the Red Devils managed to score in every quarter but the second to put 26 points on the board and to hold the Dragons to six points.

This week the Avon Park eleven travel to Okeechobee to take on the Brahmans who have a surprising 4-4 record this season. The Brahmans have won over St. Andrews (6-0), John Carroll (22-0), Melbourne Central (16-7), and Moore Haven (18-0). They have lost to Jupiter, Lake Placid, Pahokee, and Sebring (36-0). However, the Okeechobee team has won its last three games and seems to have jelled its offense somewhat. The Devils will have all they can handle down at the top of the big lake tomorrow night because the Brahmans are big and strong and want to beat Avon Park badly to knock them out of the top place in the Class B District 7 race.

Lake Placid Game

In Lake Placid last Friday the Red Devils kicked off to Lake Placid and then held the Dragons at the 37-yard line on their own side of the 50. Avon Park took the punt on its own 25-yard marker and put together a drive that ended with a TD on a 23 yard pass play from Don Sisemore to end Clark Jackson. Sisemore, Claitt and Seigler moved the ball in short gains to the 23-yard line and then on first and ten, Sisemore saw Jackson in the open and the big end took the ball in on a perfect catch and ambled into the end zone for the score. Sisemore booted the extra point this 10th out of 14 attempts) and the Devils led early in the first period 7-0.

Lake Placid fumbled on its next offensive drive and Devil Larry Tolbert fell on the loose ball at the Dragon 41. The Devils moved to the 20 but were pushed back to the 30 on a five yard penalty and a loss on an attempted pass.

The second quarter was a defensive battle although Lake Placid put together its longest drive of the evening when the offense moved from its own 40 to the Devil 25 before the Dragon quarterback was thrown for a 25 yard loss back to the 50 on a fourth down pass-ing attempt. The Devils drew two consecutive 15 yard penalties which hampered their offense durig the second period.

In the third quarter, however, the Red Devils exploded for two touchdowns. They took the kick-off and marched 60 yards on the ground to the one yard line and then Sisemore dived under the Dragon line for the TD. Willie Joe Seigler had a 16 yard gain during the drive. The versatile back wheeled and twisted through the Dragon secondary for the thrilling run. Sisemore's boot for the point after was blocked setting the score 13-0.

Two running plays later, the Green Dragons fumbled again and Devil Jarvis Hartt recovered for Avon Park at the Lake Placid 10 yard line. Willie Joe Seigler moved the ball to the five and then a five yard penalty set the ball on the 2½ yard line from which point Seigler dashed around right end for his only TD of the evening. An attempted pass for the two point conversion was no good leaving the score 19-0.

Lake Placid took advantage of a Devil miscue midway in the fourth quarter. The Dragons had punted to the Devil 30 and recovered the ball after a Devil touched the ball as it bounded along. On the very first play after the fumble recovery, a substitute back, freshman Randy Hunt, swept around his right end and dashed the 30 yards to score. Hunt's run for the extra points was stopped well short of the goal. Score—19-6.

On the following kick-off Seigler took the ball at his own 17 yard line and ran it all the way to the Dragon 45-yard line to set up the next scoring drive. Claitt had a 10 yard gain, Hartt picked up five, Seigler gained eight and then Sisemore kept for three gains to the Dragon five. Then Steve Hartt burst off left tackle for the score and Sisemore's kick was good giving Avon Park 26 points.

The Dragons went to the air on their final drive and were moving well until Avon Park's Frank Davis intercepted a long pass at the Devil 15-yard line and Avon Park ran out the clock and took the 26-6 victory.

The Red Devils picked up less yardage against the Dragons

Teachers—Their Week

This is National Education week. Friday is parents conference day, but parents may visit any classroom this week simply by checking with the principal and scheduling the visit.

We feel fortunate in having a very fine staff of teachers in this county. The school board has chosen to concentrate on financial rewards for experience and advanced study and they feel it has paid off. For several years this county has ranked very high in the salaries offered for experience and education.

Professional educators have emphasized that low ceilings often drive the better teachers from the profession. The ceiling in Highlands County is $12,025—and only five other Florida counties do better.

Collier County's $14,000 is tops and the other top counties—Broward, Dade, Palm Beach, Brevard, all in the Florida Gold Coast area, are in the $12,000 to $13,000 bracket.

Highlands County's $6,300 minimum for a bachelor's degree ranks seventh in the state. In Highlands County the minimum for a teacher with a master's degree is $7,100, ranks 15th, and the master's degree maximum is $10,625 or 10th for Florida.

Teacher recruiters in recent years have found that teachers place primary emphasis on things other than salary however. The amount of money allocated for teaching supplies—extra maps, books, audio-visuals—the amount of time allowed for teacher planning and provisions for continuing professional education, the age and condition of school buildings are key questions, the recruiters face.

And a primary interest always is, "What is the community attitude toward the schools and education?"

LEWIS LLEWELLYN

Is the Viet Nam War Immoral?

Oregon's Sen. Wayne Morse said, some time ago, that the war in Viet Nam was "immoral."

This theme has been echoed by many — including some church leaders.

Is the war immoral? It certainly is — on the Communist side!

The mass graves at Hue, where thousands of civilians were buried, are eloquent proof of this. Some of these people were shot in the back of the head, some clubbed to death, some buried alive.

If further proof is needed, consider the testimony of an American former prisoner of war, returned by the Communists. He told of other American prisoners' having their fingernails pulled out, of their being burned with glowing cigarette ends, of their being suspended from beams by ropes — in addition to the well-known savage beatings.

On the Red side, the war is most certainly immoral.

Is This Immoral?

But since when has it been immoral to protect people against being tortured, maimed, or shot to death by godless, blood-thirsty armies of killers?

The Great Teacher once said that one of the important commandments was, "Love your neighbor as yourself." How can this be squared with the advice that we should walk by on the other side while the people of South Viet Nam wallow in their own blood?

There may be good reasons for us to want to disengage ourselves from our deep involvement in the Viet Nam war — and, indeed, there are — but the morality of our position there is not one of them.

It is easy to understand why our enemies would like us to believe that we should not continue to protect their proposed victims. But are some of our church leaders so color-blind that they can't recognize Red propaganda when it is put into their hands?

Churches and church groups which have urged that we abandon our friends in Viet Nam ought to re-examine their consciences.

Are they really willing to continue to advocate the policy which, if adopted, is sure to result in the killing of hundreds of thousands, perhaps millions, of innocent men, women, and children?

How Long?

How can God's people be maneuvered into being on the same side as the atheistic Communists?

We all want the killing to be brought to an end. The thing that prevents some of us from advocating immediate withdrawal of our forces is the certainty that that would not cause the killing to end — that, instead, it would set the stage for a series of massacres, similar to that at Hue, which would shock the consciences of those who are now clamoring most insistently for us to withdraw from the conflict.

Our president has expressed the hope that, in pursuing peace while refusing to abandon principle, he will be sustained by our prayers.

Let us all join in asking God to guide in the affairs of our nation in this time of testing.

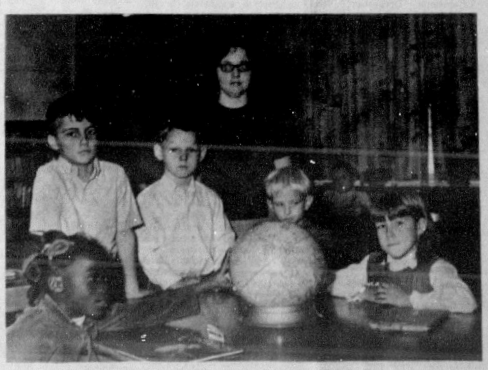
READING can be learned in many ways at Avon Elementary School. Here is a group of children in Mrs. Brooks' Second Grade reviewing their phonics through playing word games.

TEMPTING SPORT

Pretty Sunken Gardens models Debbie Clark, left and Jo Jo Smith from St. Petersburg, Florida appear to be tempting football fans everywhere to get into the swing of things and get out to see a football game. The girls are doing an outstanding job of attracting attention to the popular sport which never had shapelier promoters in the history of the game. For the benefit of statistical minded sports fans Debbie is 5'4" tall, weighs 115 lbs. and measures 35-24-36. Jo Jo is 5'2" tall, weighs 107 lbs. and measures 36-25-36.

AVON ELEMENTARY SCHOOL uses many people and places in the community as an extension of classroom learning. Miss Faye Gordon, Florida Power Corporation, presents a lesson on "The Mighty Atom" in a Fifth grade class.

MUSIC is an important part of the program for every student in the Avon Elementary School. Mrs. Ann Mickunas and Miss Janice Way use the bells in teaching note-reading and music theory.



MISS WANDA FINCH and some of her Second Graders use the new moon globe in the Avon Elementary School Library in studying about the Apollo 12 Moonshot.

MR. AND MRS. SHARIAN

Local Couple Is Married In Seventh-day Adventist Church

Miss Serpouhi Tavoukdjian and Bedros Sharian were married on October 7 at the Chalet Suzanne. Elder D. R. Castonia, pastor of Walker Memorial Seventh-day Adventist church, performed the ceremony.

Miss "T" as she has been affectionately known, has been with Walker Memorial Hospital since it started. She was an Armenian by birth and suffered greatly when the Armenians were marched out of their homeland during the World War. Finally she obtained permission to enter this country and became a registered nurse. She has been widely known for her cheerfulness and dedication to the needs of her patients.

Sharian is also Armenian by birth. When he arrived in this country he attended a Mennonite Seminary where he graduated from the theological course. Later he began a rug cleaning business in Atlanta, Ga., which prospered and grew into a large organization. He has wintered here for several years and has endeared himself to his neighbors and friends.

After their return from their wedding trip, friends gave them a reception at the Sanborn home. Host and hostesses for the occasion were Judge M. C. Taft, Dr. and Mrs. Carl Larsen, Dr. and Mrs. Walter Ost, Miss Grace Paden and Mr. and Mrs. Robert Sanborn. About 150 friends called during the afternoon. The Sharians received many lovely gifts including a service for 12 set of china with an etched gold border.

The Sharians are now residing on Lake Lillian. Mrs. "T" plans to retire from her nursing at the end of this year.

College Students Sponsor Hootenanny

The South Florida Junior College Student Government Association sponsored a Halloween Hootenanny on Friday, Oct. 31 for students.

Frank Kapriva, David Murdock, and Harvey Jackson furnished the guitar music, and they also led the singing. The hootenanny started at 8 P.M. and lasted until 8:45 P.M. The movie "Gambit" starring Michael Caine and Shirley MeClaine was featured following a "Pink Panther" comedy.

Decorations and refreshments consisting of punch, Cracker Jacks, brownies and an assortment of Halloween candy, were furnished by Miss Betty Anne Baker.

It was estimated that 50 students attended, some bringing blankets, quilts, pillows, and even a mattress or two to make them comfortable.

Mr. and Mrs. Harvey Jackson, Mr. and Mrs. Daniel Walsh, and Mr. and Mrs. Cowart were supervisors.

Rogers Speaks To Avon Park Woman's Club

Preceding their meeting Club board members and November 7, the Woman's officers held a luncheon honoring their speakers Congressman Paul G. Rogers and assistants, Daniel Mica from West Palm Beach office and Robert Maher from the Washington office and Mrs. Karl F. King, second vice president of the Florida Federation of Women's Clubs.

Invited guests were Judge Mervin Rehrer, Mayor Robert Barben and Alma Hooper, executive secretary of the Chamber of Commerce.

The business meeting opened at 2 P.M. in the club house with President Mrs. Edgar Smoot presiding. The club's 50th anniversary theme was carried out in decorations, name cards and refreshments.

After devotions by Mrs. Walter Ost and appropriate vocal selections. "God Bless America" by Mrs. George Walper, accompanied by Mrs. Edna Jackson, the president introduced Mrs. Karl King, speaking on "Federation" a former teacher, she recently retired after serving 14 years as Dean of Women at the University of Tampa. She is a past president of the Tampa Woman's Club and was chosen "Woman of the Year" in 1959.

From extensive Federation experience and her background in education she spoke on woman's life span, their place in society, industry, teaching and the need of college training also their progress through the ages.

Program chairman, Mrs. Mervin Rehrer introduced Congressman Rogers and his assistants. She thanked him for the American flag, which had flown over the capital and presented to the club. He spoke of the noticeable progress of Avon Park, the new post office and junior college. Speaking on "Americanism" he reminded the members to "count their blessings" in America and consider the educational situation and the ability to govern ourselves. Blessings are taken for granted. He spoke on the progress of mental health, drug conditions and the bill passed in the House, the importance of controlling air and water polution and including the Vietnam situation concluding with "Be Proud to be an American." He serves the 9th District of Florida which now consists of North Broward, Palm Beach, Martin, St. Lucie, Okeechobee, Highlands, Glades, Hendry and Collier.

Members presented their guests which included Rev. Duan Zoller and wife, minister of the Methodist church.

A rummage or thrift sale will be held in the club house on November 14 and 15. Members are asked to bring articles, clothes labeled as size to the club house, November 12 and 13 from 11 A.M. until 4 P.M.

Mrs. Jim Thorp is taking orders for personalized post cards and labels. More American flag pins have been ordered and may be purchased from Mrs. Edgar Smoot.

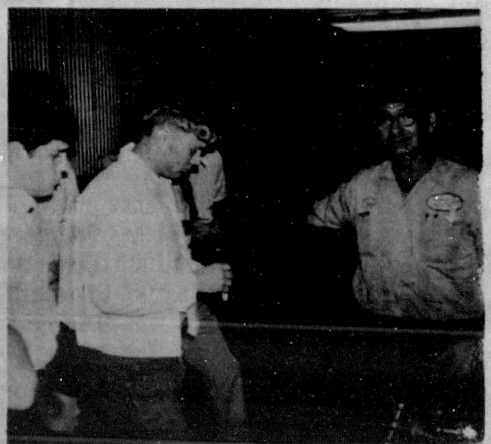
Mrs. Eugene Hise, librarian gave the library report and suggested memorials in the force of books in lieu of flowers for deceased loved ones. Cards are available at the library.

The president reminded the members of the dedication of South Florida Junior College which Governor Kirk will attend December 4.

Refreshments were served by hostesses Mrs. Hilda Taylor, Mrs. Herbert Hopps and Mrs. Mildred Waddell. Sixty members attended.

Next meeting in charge of Fine Arts Department with the annual Christmas Tea, December 3 at the Union Congregational Church, with hostesses, Mrs. I. H. Ford, Mrs. William B. Dick, Mrs. Grace Kinner and Mrs. Hubbard Biggs.

MISS LELIA SEBRING, librarian of The South Florida Junior College conducted Franklin Ward through the new library rooms during the moving of the library stock room and the adjoining work books and equipment to the permanent location on the north shore of Lake Glenarda.



CHARLES PEEPLES, Avon Park, and Richard Gandy, Bowling Green along with the other members of the Agribusiness class from The South Florida Junior College discuss with Cecil Patterson, the relative economics of repairing and rebuilding broken agricultural machinery versus the purchase of new parts or machinery.

HACUS Members Attend State Conference

Although the birth rate is dropping, the number of young children enrolled in nursery schools, day care centers and kindergartens is rising.

Seven delegates from Highlands Association on Children Under Six (HACUS) heard arly childhood development experts, in addresses at the annual conference of Florida Association on Children Under Six in Tampa last week, say that working mothers are entering children in away-from-home programs at ever younger ages.

Speakers pointed out that working women who once extended their maturnity leaves until children were four to five years old now enter their children in nurseries at four to five weeks old.

This rapid rise in very early childhood care centers may prevent an employment crisis arising for workers in private kindergartens soon to be displaced by the event of state-wide public school kindergartens.

Some of the private kindergarten workers will move into the public schools and others, with a minimum of re-training will move into the programs for younger children.

Highlands County has something of a head start in formal training programs for children's day care workers. South Florida Junior College, under its vocational division, is offering such a class.

HACUS members attending the state conference, in addition to Mrs. Waters, were Mrs. Martha Horton, Mrs. Barbara Watson, Miss Christy Clark and Mrs. Miriam Bernhard all of Sebring; Mrs. Kathleen Whitcomb and Mrs. Rena K. Smith of Avon Park.

Mrs. Whitcomb and Mrs. Waters attended the FACUS executive board meetings last week where work was begun on a legislative package to be presented to the 1970 session of the Florida Legislature.

Program For Retarded Expanded

An expanded program for retarded children below public school age opened Tuesday in Sebring. Sessions in what is called a Developmental Training Program will be held 9 A.M. to 2 P.M. each Monday through Friday during the school year in the church school annex of First Christian Church.

The DTP is sponsored jointly by the state Division of Mental Retardation and the Ridge Area Association for Retarded Children. A three-hour program was held in Avon Park and Sebring last year, but the new program has larger staff and longer hours.

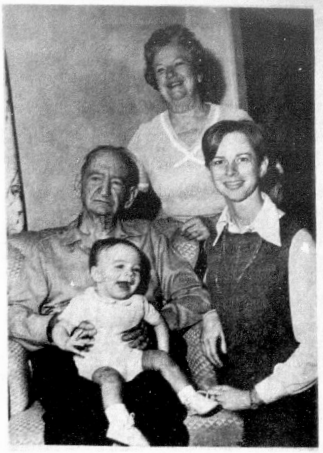
Mrs. Jay Purvis of Sebring has been named lead teacher, and Mrs. Donald Clark of Avon Park is assistant.

Retarded children from 2 to 8 years of age are accepted for developmental training to "help the children prepare for school."

Mrs. Virginia Hubbell, regional representative for the Division of Mental Retardation, said emphasis is given helping the children learn to take care of themselves. "These children need special help in learning to do routine things—put on a sweater, feed himself, even stand alone.

"To give this help we need individualized attention for the students, so right now we are seeking a corps of volunteers to assist the professional team at the developmental training program. Persons interested in volunteering should contact the mental retardation office at the courthouse annex," Mrs. Hubbell said.

The church building in Acoma, New Mexico, is unusual in several respects. All material was carried to top of 360 foot butte by human muscles — beams 40 feet long and 14 inches square were carried by men from 30 miles away, over rough terrain — material for walls up to 10 feet thick and 60 feet high were carried up to the 360 feet, largely by women.



HELPING W. A. Kindel celebrate his birthday on Veterans Day, November 11, was his daughter, Mrs. Fred T. Craven of Concord, N. C. and her daughter, Mrs. Wilson Propst and son, Jake, 4½ months old from Concord also. They flew down for the event and left Wednesday.

Alpha Gamma Chapter Meets In Avon Park Saturday

Alpha Gamma chapter of Delto Kappa Gamma, international honor society for women educators, met Saturday at the Florida Power Company lounge in Avon Park. The chapter consists of active and retired teachers from Highlands, DeSoto, and Hardee Counties, 57 answering roll call at this meeting.

Mrs. Eloise Driskell, president, conducted the executive meeting prior to the business session. Donations received for the International Scholarship Fund amounted to $54.16.

Recognition was given several members for recent honors and achievement as follows:

Miss Ella Rolls, elementary supervisor of DeSoto County for being selected as Woman of the Year by the Arcadia Business and Professional Women's Club. This is the second year she has been so honored.

Mrs. Laura Johnson, exceptional child teacher of Arcadia, and Mrs. Virginia DeShazo, reading specialist of Arcadia, recently received their master's degrees from South Florida University.

Mrs. Mary Roberts, reading specialist of Lake Placid, was congratulated for receiving her ESD at George Peabody College.

The program was in charge of the personal growth and services committee with "Open My Eyes" as the topic, emphasizing personal growth through hobbies.

Following the program, members were invited to the Avon Park Correctional Institution, where Miss Anne Karrick had made arrangements for lunch and a tour of certain areas.

Mr. Ham, in the absence of the administrator, welcomed the group at the officer's mess. He invited them to go down the chow line, where a well balanced lunch was served on trays. During the lunch hour, music was provided by one of the institution's bands.

Mr. Ham stated the present population of the correctional institution was 622 men, who were minimum security risks. He said every effort is made to rehabilitate these men, urging those who have not completed high school, to study.

About 200 attend classes in the forenoon, and work in the afternoon, he said, and added that some work in Avon Park. Others are occupied in keeping up the grounds.

The group visited the library, which was well equipped, the chapel, and the nursery, which had many beautiful orchids as well as many other plants. The hobby shops, where wood carving, ceramics and leather work are taught were of particular interest.

The group was impressed by the progressive methods used in running this penal institution, where men have every opportunity to learn a trade and how to be useful citizens.

Miss Ann Karrick and Mrs. Violet Moseley were in charge of arrangements. Mrs. Shirley Furr and Mrs. Charlotte Smith decorated the dining hall with a Veterans' Day theme.

Other members present were Miss Sarah Sellers, Mrs. Alice Sherman, Mrs. Sadie Brown, Mrs. Maryanne Reddick, and Mrs. Mary Jean Reddick.

Accomplishing any job takes brains and time. The more brains one has, the less time it usually takes.

Junior Women Make Christmas Wreaths

The Junior Woman's Club held their monthly meeting on November 4, with Eileen Martin giving the devotional.

Business meeting consisted of plans for the Mothers' March to be sometime in January, and the Christmas Party — progressive supper to be on December 13, starting at 6:30 P.M.

Hostesses will be Mrs. Eileen Martin, Mrs. Marva Turner, Miss Cheryl Guerndt, and Mrs. Margaret Collins. Members were urged to bring husband or their escorts.

Nell Roberts, of Ridge Florist, presented a program where members of the club made Christmas wreaths.

Decorations of Thanksgiving were used by the hostesses Eileen Martin and Lois Sachsenmaier serving hot apple cider, cake and candy.

Visitors welcomed for the evening, Mrs. Nancy Lawhon and Mrs. Connie Evans.

Wordens Win Trip To New York

Harold C. Worden, Jr. agent for the Mutual Benefit Life Insurance Company, and wife Mary Lucille, attended the company's annual meeting for outstanding new agents November 5-7 at New York City's Essex House.

"Bud" was one of seventy-two new agents that qualified for the 1969 Squab Club, sales honor group of the Newark (N.J.) Co., that attended the business and educational conferences on panel discussions.

While in New York the Wordens were guests at dinner at Mama Leone's Restaurant and "Promises, Promises" at the Shubert Theatre.

Business Women To Meet

The Business Women's Club will hold their regular monthly meeting Monday November 17, at 8 P.M. in the Club House.

Claxton Fruit Cakes are available at $1.25 per pound. Buy them for Thanksgiving and the Holidays, and add a festive touch to your dinners.

On Wednesday there were not quite enough "B" class to have a tournament. There were 14 courts of "A" players. Kate McAlexander and Andy Clarke won in the main with Doc McAlexander and Ralph Crocker the runners-up. William Near and Blaine Kerr won in consolation over Alton Wetmore and Clay Kull.

On Saturday, 58 folks lined up for their court number. Blaine Kerr and Glenn Long came in first with Tillie Retter and Floyd Heinrich coming in second. Dorothy Wilde and Larry Robinson won in consolation over Gertrude Fensterman and Bob McBeth.

There were 5½ courts of "B" players. Martha McBeth and William Trapp won in the main event, Art Jordan and Steve Brown came in second. Consolation winners were Lois Johnson and Grace Hildreth over Herman Young and Frieda Steen.

Card Games

High scores in pinochle on Monday afternoon went to Loretta Simpson and Doc McAlexander with 772 and 766. Almost a tie. There were five tables in play.

No bridge Tuesday because of the election.

Duplicate Bridge opened the season with seven tables on November 6. Mrs. Jean Ludington has volunteered to be our director. So folks, you won't be playing the same board twice.

The winners North-South were Mr. and Mrs. A. E. Allen, 72 points, Louise Resiner and Lillian Hayes 56½ points, and Vi Lexa and Inez Kenney, 53 points.

East and West winners were Evelyn Fritz and Evangeline Gleason, 60 points, Mr. and Mrs. Joe Nickerson, 53½ points and two tied with 46½ points, Mr. and Mrs. Chas. Brush and Sarah Spindler and Juanita Carr.

We are happy to have Mr. and Mrs. A. E. Allen as new members and Mr. and Mrs. Hanner of Sun Ray, and Chris and Mabel Cabezas of Sebring with us. Also glad to see Sarah Spindler back after a year or so of absence.

If you can play bridge, you can play duplicate, so get yourself a partner and come enjoy the fun. Shella Wurster, manager.

Dances

Monday and Friday dances go on with one and two squares, but more are coming back, so more will be coming out now.

Supper

The pot-luck supper on Saturday evening was hosted by Alton and Hallie Wetmore. Many are returning for the Winter and there were 55 in attendance. New York had the most with 24. President Russell Smith and Mary have just returned. Mr. Smith made a few remarks. Fannie Schilling gave a reading about "Where did the Summer Go?" Program was concluded by all singing "Blest Be the Tie that Binds." Then many stayed to play different card games.

Crafts

Quite a number of ladies gathered Thursday morning for crafts. The craft for the day was the decorating of stationery, and it was real pretty.

Paul Meek Spends Week At Home

BMC Paul A. Meek, U. S. Navy spent last week with his parents, Mr. and Mrs. L. R. Meeks, Center Street, Avon Park.

This was the first time that the Meeks had seen their son in over 10 years.

The family held an "early Thanksgiving" dinner November 9, before Paul returned to Seattle, Wash. to depart for a tour of duty in the Phillipine Islands.

While here he visited with Mr. and Mrs. Charles R. Smith and family.

Mrs. Ola Slater Dies Tuesday

Mrs. Ola A. Slater, 81, died Tuesday, Nov. 11. Born in Illinois, she had lived here for 15 years. She was a member of the Church of Christ.

Survivors include two sisters, Mrs. Gladys Sutton and Miss Cora Brines of Avon Park.

Funeral services were held today at 10 A.M. from the Scott-Stephenson-Smith Funeral home with Rev. Clifford Dance officiating. Cremation followed.

Bobby Newton Chosen For Audubon Trip

Girl Scout Cadette Bobby Newton, daughter of Mr. and Mrs. Welch Fisher, is one of nine girls chosen out of 40 from the Heart of Florida Council to take part in an Audubon Adventure.

This December Bobby will join girls from all over the state and camp at Highlands Hammock State Park and at Corkscrew Bird Sanctuary. She will take a trip through the Everglades and mangrove swamps and visit a Seminole Indian village. In order to compete for this opportunity, Bobby was required to have her Red Cross swimmer, camp craft proficiency and small craft badges.

It is an honor for Bobby to be chosen and speaks very well of those scout leaders in Avon Park who have helped Bobby and other young girls to receive the training necessary to participate in an event such as this.

Local Citizens Aid College In Moving

Once again the fine citizens and businessmen of Avon Park have come to the aid of South Florida Junior College. During the recent move of the Junior College Library and Administrative offices to the new campus facilities on Lake Glenarda, four local men made outstanding contributions.

C. Elton Crews provided a truck to haul and support a conveyor belt used to move books and furniture to the second floor of the library. Two trucks used in hauling books and furniture were furnished by Franklyn Ward and Ward's Nursery for the entire week.

The best labor-saving device of all was furnished by Charles Williams of V & W Dairies. This was a 30 foot conveyor which reached the second floor of the library and saved the college workers many hours of extremely hard labor. A fourth truck was used which belonged to Townsend Lumber Co.

South Florida Junior College is greatly indebted to these gentlemen for their contributions. Without their generous help the College could not have moved the 14,000 books and administrative offices in such a short period of time.
