Sweet Will Get Cut of Money From Ranch

The 324-acre ranch and luxurious ranch home of the late Charles Von Maxcy, has been sold for \$248,200.

And John J. Sweet, the man found guilty of murdering the millionaire cattle and citrus man, will get a big slice of the proceeds — at least 30 percent of a \$200,000 mortgage.

A warranty deed, filed in the office of Circuit Court Clerk Earl Rich, lists the buyers as Joe M. Stiles, Jr., and his wife Yee Vee S. Stiles and the sellers as Maxcy's widow, Irene H. Maxcy Wells, individually and as trustee for J. J. Sweet under Declaration of Trust, dated November 28, 1966, and J. J. Sweet.

The ranch is located West of Sebring just off Sparta Road. The land was sold with provision that two parcels be used for a sewage easement and the other for a road easement be completed.

Under the Declaration of Trust, Sweet would receive 30 percent of the proceeds. Mrs. Wells, widow of Maxcy, who was found murdered in his home Oct. 3, 1966, signed the Declaration of Trust with Sweet not quite two months after the millionaire cattle and citrusman's death.

However, another instrument was filed with the deed, assigning 30 percent of the \$200,000 mortgage to Sweet. It was believed, although this could not be confirmed, that Sweet would not share in the \$48,200 cash payment, since there was some question whether the agreement on the land included the house.

Mrs. Maxcy, admitted mistress of Sweet, a land salesman, and Sweet now are living in Deerfield Beach. She says she has her divorce from Wells and will take back the Maxcy name. Sweet has appealed his first degree murder conviction in Maxcy's hire killing, and is at liberty on \$50,000 bond while the Florida Supreme Court decides whether to uphold the conviction or let the state proceed if it so desire, with a third trial. The first murder trial ended in a hung jury. He faces a sentence of life imprisonment.

Mrs. Maxcy, chief witness for the state, was convicted of perjury in Sweet's second trial and is at liberty on \$25,000 bond.

Sweet until a few months ago maintained an apartment on South Commerce Street. According to an interview with a St. Petersburg Times reporter he has been staying with Mrs. Maxcy and her daughter Marilyn in her apartment in Deerfield Beach.

According to trial testimony, Maxcy was shot and stabbed in the bedroom of the ranch home by two Boston hoodlums.

The tangled affairs of Sweet and the four times wed Mrs. Wells erupted about two years ago when Sweet filed a damage suit for "in excess of \$250,000" in Circuit Court, claiming she gave false testimony at both his trials.

Several months later, however, it was dropped. Sweet was found guilty of first degree murder Nov. 8, 1969, and sentenced to life imprisonment. He was enroute to Raiford to serve his time when his attorneys succeeded in getting him released on bond pending appeal.

Meanwhile, the wealthy Irene had found another love and married him early in February in 1969. He was Jerome Wells, a dark handsome boat builder of Pompano Beach.

The marriage last two weeks and then Mrs. Wells filed for divorce.

The sale was a direct one. No broker was involved.

Three Youths Picked Up For Petty Larceny

Three youths were picked up Monday night at Bills Corner for petty larceny when they were caught by Patrolman Presley Selph in the possession of pop bottles at the store.

Involved were Laurie Adams, 21, of Hollywood, Jerry Vineyard, 21, of Sebring and Donald Carlisle, age 20, also of Sebring. They were being held in a city jail Tuesday afternoon.

Ruth Brown was released on a \$100 bond for shoplifting at one of the larger supermarkets.

JAMES HEIM, chairman of the Avon Park Rotary Club Scout Committee and Joe Murphy, Jr. of Troop 157 demonstrate how little space a hundred aluminum cans take in a plastic bag. The

Scout troop is collecting aluminum cans as a troop project. The plastic bags, supplied by Reynolds Aluminum Co. were distributed to all Rotarians for use and are to be picked up by the Scouts.

State Officials To Investigate School Dispute At Range

A special team from the staff of the State Department of Education will spend today in an on-site investigation of the dispute over where Avon Park Bombing Range and Pittsburgh area children should attend school.

Under a 16-year-old agreement between Highlands and Polk counties the children—about 80 this year—have attended classes in Avon Park. This Summer the Polk County School Board terminated the agreement.

In a special meeting Monday the Highlands County School Board unanimously voted to file a formal protest with the State Board of Education. The action was taken at the request of parents of school children living in a small settlement on the bombing range, just North of the Polk-Highlands line.

The protest and supporting evidence of the long-standing agreement were prepared by Highlands Superintendent George F. Douglas and hand-carried to Tallahassee by two of the protesting fathers, Herbert C. Kelley and Richard Hamm.

Kelley is superintendent of Avon Park Correction Institution, and Hamm a member of the APCI staff. They said 55 children live in the bombing range settlement which included both APCI and Air Force personnel. Garland Bogus, Highlands County transportation officer, said five to 10 children are enrolled each year from the Pittsburgh area.

Summer Fight
The parents in the bombing range settlement have been fighting the Polk County School Board action since it was announced early in the Summer. The Polk board postponed action in July and at the August meeting voted three-to-two to require the children to attend school in Frostproof.

At the Highlands board meeting Kelley said "We do not wish to place the Highlands board in an embarrassing position, and we are not putting the Polk County school system on trial, our protest is based on the transportation situation."

Kelley said he and other

parents had checked "all possible routes" from their homes to Frostproof schools and the minimum distance would be 13.9 miles one way "over roads we feel were not constructed to transport children."

They said the clay roads wind

through groves and at times are only one lane wide. They told the Highlands board they estimated that the children—35 are in elementary grades—will have to get up at 5 or 5:30 A.M. to catch the Polk County school bus and

McFarland Receives Masters Degree From Georgia State Univ.

Paul A. McFarland, Jr. received the degree of Master of Education in Elementary Education on August 18 from Georgia State University in Atlanta. Georgia, Dr. Arthur G. Hansen, Georgia Tech President, spoke to the 750 graduates with more than a third receiving master's degrees in the largest Summer commencement of the university's history.

After graduating from Berry College at Rome, Georgia, with a major in social science, Paul attended Florida Southern College and Georgia State to also obtain certification on the elementary level. He has taught for the past five years in the Cobb County School system and resides in Smyrna.

He is the son of Mr. and Mrs. Paul McFarland, of 28 W. Charles St. and the brother of David McFarland, Chermont, and Clement McFarland, Deland.

PAUL MCFARLAND, JR.

Avon Park Band Directors Discuss Budget For This Year

The Board of Directors, of the Avon Park Band Parents Association held their first meeting of the school year, August 19, at the Florida Power Lounge.

The main business was the budget for the coming year. The trip which the band plans to take next year was also discussed. Discussed with much interest was the band food concession booth, which is hoped to be finished and

in use by the first football game, September 5. Those present were Vic McKunas, band director; Ed Sharpe, president of band parents association; Carolyn Tomlinson, vice president; Betty Crews, secretary; Wilma Kangerter, ways and means; Ophelia Rhiner, membership chairman; Wilson Smith, transportation; and Lou Miller, transportation and equipment.

Six Candidates Seeking Three City Council Seats

Six candidates have qualified for the three seats that will be vacant on the Avon Park City Council.

The three elected councilmen will take office on October 1.

A few seconds before the deadline last Friday at 5 P.M. Rodney Lane qualified for the city council race. Others qualifying Friday were J. A. Wise, Charles Howze and Clarence King, bringing the total to six candidates vying for the three seats.

Council President Jack Duggan, who has served two terms on the council is seeking his third term and incumbent City Councilman Durrah Martin will be seeking his fourth term.

Jack Duggan, president of the city council, has been an insurance man in Avon Park for many years and has been associated with Metropolitan Life Insurance Co. He is an active member in the Avon Park Lions Club. Duggan is also a member of the com-

mittee of the police academy that will go to Tallahassee the first of September in hopes of locating the academy across from South Florida Junior College.

Charles Howze, owner of

Howze Electric, Avon Park is in the race for the second time. He has lived in Avon Park since 1941, and had been employed by the City of Avon Park for 10 years as a fireman before going into

business for himself.

Clarence King, a nine year veteran councilman with 3 terms as council president, has been a businessman in Avon Park for the past 25 years.

Rodney Lane has served one term on the council and lost out last year to Don Sertynski. Lane is a partner with Lane's Records and TV on Main Street.

Durrah Martin will be seeking his fourth term as a councilman. He was president of the Little League Association this past year. Martin is also a member of the Zoning Board, a charter member of the Lions Club and the Fire Department.

J. A. Wise has lived in Avon Park since 1938. Wise has been in the plumbing business since 1948. He is a past commander of Post 69 of the American Legion and for several years headed the road block for the Ridge Area, Day School for Retarded Children. He was defeated last year by a small margin of votes.

Supervisor of Registration Roland Drott will charge the city \$800 election cost. There will be five voting machines in Precinct One and Two in Precinct Two. The Commissioners set the fee.

According to the registration department there are 2589 registered voters in Precinct One, at the Tourist Club and 534 registered voters in Precinct Two on South Delaney bringing a total of 3123 registered voters for the city election, to be held on September 22.

Local Man Caught With Marijuana
Saturday morning, officers Ward and Turner of the Avon Park Police Department picked up Gayle Wilkins, 21, of Sebring for driving while under the influence of alcohol and the influence of marijuana.

These two arrests led Police Chief Earl Gordon, along with members of the Highlands County Sheriffs to the arrest of Mark Gossick, 21, of Avon Park Saturday morning, at his home on North Florida Avenue.

Gossick was charged with the possession and sale of marijuana. He is free on a \$1,500 bail pending circuit court arraignment after a preliminary hearing.

Miss Wilkins is on three year probation from Miami on similar charges, of the use of drugs and is being held in the county jail. The juvenile arrested with Miss Wilkins has been turned over to the juvenile authorities and being held at the Youth Care Home in Sebring.

This brings a total of six

Schools Enter New Era Monday

The opening of classes Monday heralds an era of change for Highlands County schools. For the first time the county has a single, completely racially integrated school system.

Facilities, staffs, student bodies are desegregated, but this is just one change for the schools now embarking on a series of modifications which will, over a period of approximately three years, include new high schools, introduction of middle schools and compulsory kindergarten.

Highlands County school officials are prepared for a record opening day enrollment — perhaps as many as 6,000 the first week. Opening week registration in 1969 was 3,896. Peak enrollment for the school year was 6,300.

Contact Cabinet

Interested persons in the county are being asked to call and write Gov. Claude Kirk and his cabinet urging them to locate the Little F.B.I. academy in Highlands County.

The cabinet and the cabinet will decide shortly where to place the new \$900,000 facility. This area has made an all-out attempt to obtain it. It is believed the matter will be taken up by Kirk and the cabinet September 1.

Annual Football Jamboree To Be Held at Memorial Field Sept. 5

The annual pre-season prep football jamboree is set to be played here at Memorial Field on Saturday, June 5, starting at 4 P.M. according to Avon Park Athletic Director and head football coach Jack Francis.

The Avon Park Red Devils will participate in the game along with Sebring, Arcadia, and Wauchula. Each team will play two quarters of regulation football. This is the third year the jamboree will be played. Avon Park hosted the first affair, last year Sebring was the site of the four-team game, and the year Arcadia was supposed to host the game. However, due to the fact that the Bulldogs'

field was not ready and neither was the Hardee High new field ready, Avon Park accepted the game for the second time.

Admission at the gate will be \$2 for adults and \$1 for students but advance tickets may be purchased for \$1.50 for adults and 75 cents for students. These tickets may be bought before the game at Albritton's Barber Shop, Leon's Sporting Goods Store, Silmon's Sports Station, the high school office, or the high school gym office.

The game is set to give fans a pre-season look at the four area teams and to give coaches a look at the boys under the lights to see what needs to be worked on most before the opening game two weeks later.

The Red Devils will open their season in Daytona Beach against the Father Lopez team on September 18. The annual Red Devil soap scrimmage and athletic association fish fry is set for Friday night, Sept. 11, at Memorial Field.

Council Adopts \$435,395 Budget For 1970-71 Fiscal Year

The Avon Park City Council adopted their 1970-71 budget which calls for the expenditures of \$435,395, this includes \$133,395 in taxes with \$111,160 for general government. The fire department will get \$42,600, police department \$122,800 and sanitation and street department \$105,000.

The council held the line on taxes even though the city budgeted a ten percent pay raise for all city employees. The additional money will come from the telephone franchise and the utility tax passed this year by the council.

In Other Action
The council placed an ordinance regulating trailer and mobile home parks in the city limits on its first and second readings. The ordinance will set specific standards for mobile home parks and their establishment in areas which are especially zoned for such dwellings.

The council will hold a public hearing on a request to change zoning on Morning Sun Manor subdivision from C-1 to R-1. The hearing will be held September 14 at 7 P.M.

Council voted to employ a sewer plant operator effective October 1, at a rate of \$80 to \$100 per week depending on experience.

Heath-Tillman Meet With City Council

State Representatives Donald Heath and James Tillman visited with the City Council at their regular meeting Monday night and announced that they had received word from Tallahassee that drivers tests would be given two days in Avon Park, two days in Sebring and one in Lake Placid in the future.

Avon Park was to be eliminated after the Florida Highway Patrol, in an effort to cut expenses were consolidating examination points. The council requested the department of Public Safety to continue weekly examinations here as there were a great number of local residents and inmates being returned to full citizenship from the Avon Park Correctional Institution.

State Officials To Investigate

(Continued from Page One)

will arrive home at 4 or 4:30 P.M.

"If they attend C or Browne Scout meetings or hand practice after school, mothers will have to drive through those lonely grove routes to pick-up the children," Kelly said.

"We belong to Avon Park churches and civic clubs, we shop in Avon Park. The Highlands School bus goes 21 miles into Park to pick up our children. The Park bus will drive 87 miles into Highlands to come to our settlement," Kelly protested.

Attorney Opinion
School Board Attorney Frank Bryant advised the board that state school law provides a basis for a formal protest to the State Board of Education (made up of the Governor, members of the Cabinet and the Commissioner of Education as executive officer).

At the Cabinet Tuesday the whole problem was officially assigned to Christian, who in

turn named the investigating team to visit here.

Other Business
In other business Monday the Highlands School Board set 11 A.M. on Thursday, Sept. 10, for the sale of \$1.5 million in bonds backed by race track taxes. This sale will finance the remodeling of Lake Placid High School and other smaller remodeling jobs in county schools.

Non-instructional personnel appointments approved were Miss Barbara Ann Fulton, E. O. Douglas, Mrs. Joyce DeLooney, teacher aide at DeLooney City, Mrs. Andrea Albritton, Mrs. Althea Williams, Mrs. Virginia McRae, Mrs. Grace Wade, Mrs. Rosemary Clark, Mrs. Ruth Jones, Steve Marzine, all teacher aides at Avon Elementary. Mrs. Patricia Lyons, teacher aide at Sebring High. Mrs. Maggie Smith, Dianne Wikowski, Mrs. Lillie Mae Warren, all teacher aides at Lake Placid Elementary; Alfred Jackson, custodian, Avon; and Frances Ziegler, clerical aide, Avon Park High.

LEWIS LLEWELLYN

Which Revolution Should We Have?

"Join the Revolution," shouts a banner headline in a campus-oriented publication.

"We are the revolutionaries," said the criminals who kidnaped Judge Harold H. Haley, Deputy District Attorney Gary W. Thomas, and three women jurors from a courtroom recently.

The judge and three of the kidnappers were killed, a short time later, in a brief but bloody gun battle as the criminals who called themselves revolutionaries were trying to get away—with their hostages—in a rented van. Stopped by police officers, they shot it out with tragic results.

Not Just Like That

There is a great deal of talk, these days, about revolution.

There is more than talk. People have been killed, buildings have been bombed, other buildings have been burned to the ground.

Perhaps in an effort to justify some of these unjustifiable actions, some have been saying that Jesus was a revolutionary.

A church magazine advertisement for a book about Jesus asks the questions:

"Was He the apocalyptic 'Son of Man' or an existentialist rabbi? Was He an Essene-like ascetic, a Nazarene, a Messiah, or a paranoiac revolutionary?"

Some writers, noting that Jesus was often at odds with the religious leaders of His time, have declared that He was the founder of the Kappa Sigma fraternity, Junior Class president and Homecoming King.

Was He a revolutionary? The answer is "Yes"—but He was a revolutionary kind of revolutionary. He was not the

kind of rebel who tries to force changes in society by using a gun or a sword—or by throwing a firebomb.

Those who misunderstand the mission of Jesus must ignore the obvious fact that He never attacked the government or did anything to disrupt the smooth functioning of a government-operated activities.

Revolution of the Spirit
His was a different kind of revolution—a revolution of the spirit.

This is the kind of revolution that Jesus came to bring about—a personal revolution so drastic and complete that Jesus spoke of it as being "born again."

Many religious leaders then could not understand it—or would not receive it. When Jesus told them, "I must be born again," he asked "How can these things be?"

Those who do not understand Jesus, and their lives were transformed—revolution.

The foul-mouthed fisherman, Peter, became a fish evangelist who turned thousands from death to life.

Saul of Tarsus, who consented to the stoning of the martyr Stephen, became the mighty Apostle Paul. Thousands of lesser-known and unknown—men and women who have been transformed.

Jesus was often at odds with the religious leaders of His time, have declared that He was the founder of the Kappa Sigma fraternity, Junior Class president and Homecoming King.

Was He a revolutionary? The answer is "Yes"—but He was a revolutionary kind of revolutionary. He was not the

Former Councilman Says Sewer Program Be Handled Differently

Editor:

I have lived in Avon Park for 25 years and operated a successful business here during the same time. I served nine years on the Avon Park City Council, three terms as council president.

During this period most of the streets and sidewalks were repaved. The city purchased additional property behind the city hall and five station for future needs. Tourist recreation and courts are among the accomplishments. All of this was done with a minimum tax increase from the depression days.

I would like to clear up a statement by someone that I'm against an expanded sewer program. I am not against anything that I consider good for our community. I am certainly not against a sensible sewer program. I do not believe the program being pushed by Mr. Duggan is sensible and I don't believe the users could ever get it paid for.

The program, before it is paid for will cost more than \$5,000,000 principal and interest. If there has to be refinancing along the way as there has been on the present indebtedness the cost would be very much more.

It might be interesting for you to know the engineers for the program has a \$207,000.00 fee attached for themselves. There is just too many amenities by the chairman and not enough of knowing what is going on.

The water department revenue is to be used in with the revenue certificates for the planned sewer program. This means the city will not be able to draw funds from the water department to help other city operations. Therefore the only other way to replace these lost funds is an increase in the utility or property tax. The water department could never play its important part in our community anymore.

I will cooperate with any council member to work out a sensible sewer program using only accepted business methods that can be paid for. This program to be first presented to the taxpayers and voters for acceptance or rejection. I will abide by their decision.

You people that rent your home better get interested as those new service charges will apply to you also. Space does not permit me to list the proposed new taxes.

There has been new taxes and increases or others in the last three years. The city has more money coming in than ever before, yet they had to borrow \$50,000.00 last year for the payroll and from the way I see it now they will have to borrow more this year. I ask why?

I also bring to your attention some of the obligations that have to be paid on bank

and contracts, etc. The payments on the following are probably current, this is only to show the obligations we already have. Water system \$195,000.00, new disposal plant \$200,000.00, electric lines and others. The old 1928 bond issue of \$830,000.00.

There is still nearly a million dollars of city debt. These issues after being paid on all these years. This was brought about by the depression in the 1930s. This necessitated refunding of principal and interest and you see it really cost.

I cannot see that monster sewer program after working with the present indebtedness. It is important that every registered voter be informed of this forthcoming election.

Least I forget there are several obligations at the airport that have to be met.

Clarence King CITY COUNCIL News

Twenty-six were brought before the city judge, David L. Lerner, in city court, Tuesday night August 25th, in the chambers of City Clerk Coleman and Paul Schroeder, and Robert Lyons, were each fined \$27 for unlawful parking.

Leola Pullen, and Samuel Collins were each charged \$27 for failure to yield. Collins was also charged \$27 for no drivers license.

Dorrie Boardman was fined \$27 for reckless driving while drinking.

Andrew Allen, and Esau Scott, were both charged \$27 for being drunk.

Charles Byrd was fined \$27 for trespassing.

Sam McKenna was charged \$27 for parking a trailer in an unauthorized zone.

William Cordle was charged with operating a motor vehicle with no drivers license, while Lacy Montgomery was fined \$27 while operating a motor vehicle at night.

Donald Carlisle, Jerry Blinard and Laurie Adams were charged with petit larceny and are spending a 15 day jail sentence.

Russell March, charged with no inspection sticker, case postponed until September 8.

Barbara Downs, was fined \$17 for operating motor vehicle on restricted license.

Willie Brown is spending 15 days in city jail for more drinking. Will Shuler and David Gammage, were charged \$27 for allowing an unauthorized person to drive.

Joseph White was charged with leaving the scene of an accident, property damage and failure to use due care, and was charged \$75.

Russell James charged with failure to obey stop sign and charged \$12.

FACING THE CHALLENGE

Dear Editor:

Some time ago the Avon Park City Council engaged Consulting Engineers to prepare a preliminary plan for needed water and sewerage improvements. That is where we stand at this time. The council has been presented outlining a preliminary plan for improvements estimated to cost \$2,850,000. It should be noted that this program includes improvement and expansion of both water and sewer systems.

One of the opponents of this forward-looking development plan has been quoted as not opposing the plan but "against the cost." It has always been one of us, as we have been able to enjoy the benefits of expanded municipal services or some municipal improvement project. Each citizen, including the city council, must of course weigh the advantages of a specific service or project against the cost. We are at this stage in the present program for possible water and sewerage improvements. We are weighing the "need" versus the "cost," and are facing the problem of financing the proposed methods of financing the project.

As a coincidence, the first sentence in the Engineer's report reads, "The City of Avon Park bears a great responsibility to protect the health, safety and well-being of its citizens."

It should be the City Council bears the responsibility for proper decisions with respect to the City's need for safe water and the need for pollution control. The City Council or the next City Council should, in due course, make a deliberate study of the proposed program, face up to the requirements for protecting our environment. All of us would hope that a satisfactory program can be obtained with the least possible tax payer as possible. The program is in this phase at the present time. The City is exploring the possibility of obtaining federal assistance so that the burden upon the taxpayers is as reasonable as possible.

The program under consideration includes a new water treatment plant, a new ground water distribution tank, and some water distribution lines. The City is considering the cost of these improvements versus the desirability of eliminating the health and safety problem resulting from hydrogen sulfide in our water. The new facilities for water treatment and chlorination is to be a safe, unobtrusive water is delivered to every home.

Development of our sewer system has lagged considerably behind the water system. Forty-two years later, we still have less than 500 customers served by the central sewerage system. The Engineer's report shows that the potential customer load of 2,642 connections. This means that less than 1 in 8 residents are served. Commercial establishments are served by the existing sewer system. We cannot police the pride to this municipal service.

Today we are still using practically all of the sewer piping laid in 1928. In fact the bulk of the sewer lines which are in use are the results of the 1928 construction program. You see the type materials which are used in sewer systems are good for a 100 years and, once installed, will serve our children and grandchildren.

We must deliberate carefully whether or not we should take up a major water and sewer improvement program—just as our predecessors undertook a substantial program in 1928 from which we have benefited immensely. When you consider the life span of waterworks and sewer utility systems, it comes obvious that rather than a "pay-as-you-go" program, it is logical to proceed. The cost may be spread over a great many years to permit paying as the City grows.

Adequate water and sewer systems are basic community services. How we expect to induce new business and industry, with its helpful payroll, to move to Avon Park when the industries and their workers may enjoy better central water and sewer facilities in other communities?

Avon Park's sewer system now serves only about one percent of the potential customers—that is, presently developed homes and businesses. Based upon the rate of expansion under a "pay-

as-you-go" program we can expect to double the number of customers served over another 40 year span. Although it may be risky, the City Council fully understands the need and advantages for the program.

EDUCATION
President Avon Park City Council

A city which does not consider the needs of its people soon becomes stagnant and dies. It has been said that providing modern water and sewer systems in a community is essential if it is to "live in close contact with his fellow man, without endangering health, comfort and niceties of living with accumulation of the waste of his life and living processes."

I believe that the City Council will be guided, as it should be, by the wishes of the citizens of Avon Park. The City Council is reaching a final decision regarding the proposed improvements. In determining whether to go forward with the waterworks and sanitary sewerage improvements, the City Council is surely terminating the future progress of the City. We are facing the "growth" period of the City. We are facing the "growth" period of the City. We are facing the "growth" period of the City.

It is no doubt the real issue. To this I believe that the City Council has been quite prudent in mending money for planning. Five years ago the City received from the federal government \$4,000 for a preliminary survey and engineering report. It also borrowed some funds for some final planning. The City Council was not carried out.

A portion of the \$4,000 was repaid at the time the City constructed its new sewerage treatment plant at Lake Glenada. Recently the Council had the five-year-old plant replaced and for this the City Council obligated \$3,000. This last amount is the City's funds risked in planning to this date. Any other planning funds were loaned "interest-free" by the state government with no requirements for payment until such time as the proposed improvement might be constructed.

Currently, the Engineers have recommended a \$2,850,000 sewer treatment plant. The City Council has provided a federal grant of \$500,000 is obtained for the Department of Housing and Urban Development, and \$200,000 grant is obtained from the Department of Interior. Only water and sewer funds of \$2,150,000 would be obtained from a revenue bond issue. Only water and sewer revenue would be pledged to support the bonds. The utility systems would be self-supporting and would not require any contributions from the City's general fund—that is, no additional taxes would be pledged or used to require the revenue bonds.

All of us must be careful not to become complacent because of \$207,000 has been scheduled for "engineering fees." Actually, this is simply a tentative allocation which covers "engineering" from the beginning until construction is complete, give two or three survey crews for field survey work throughout the City and two or three inspectors during the construction period to be sure the materials and workmanship meets the specifications. These "hired" services are necessary if we are to obtain our share of Federal grant funds. Anyway, like a good insurance agent, a good engineer saves the City money in the long run. Any fees paid out would, by contract, be standard fee payments as recommended by Florida Engineering Society. These are estimated to be \$150,000 and, knowing the nature of the services, only a small percentage would be actual profit to the Engineers.

I am sure that both the present City Council and the future City Council will give careful attention to the water and sewerage needs. It will be necessary to hold several public hearings in order that the program can be fully explained and obtain the support of the citizens for whom the program is conceived and designed to protect. No city growth or progress can be sustained by a constructive and dependable without a safe waterworks system and an adequate sanitary sewerage system.

We have a wonderful climate, excellent education and medical facilities and a growing economy that we cannot afford to neglect other essential aspects of our growing community. Our utilities are so essential that it will be a disservice to see the proposed program not handled as an election campaign issue. Rather, I would suggest that the City Council fully involve the extent

of federal aid possible and, having determined this, devote public hearings so that both Avon Park citizens and City Council fully understand the need and advantages for the program.

Two People Need For County Administrators

Highlands County Commissioner will seek two persons to fill the county administrator-engineer post left vacant by the resignation of Charles Morgan. In a special meeting Tuesday morning the board unanimously fell into line with Commissioner Earl Rich and the Highlands County Citizens' Association for a couple of weeks for a county administrator and for a department superintendent.

In response to a question from the Citizens' Association, which leaves this week to become known for Bay County—said, "I wholeheartedly agreed in the decision to divide the job. I am constantly playing catch up and neither the engineer nor the administrator job get done."

The commissioners shied away from giving a direct answer to another question from the audience. "What will each of these jobs pay?"

Commissioner Jean Whitaker ventured that the county administrator could be found for \$7,500 to \$10,000 a year and maybe someone for \$8,000 to \$12,000 a year.

The present salary schedule for the county road and bridge department is \$4,000 per week for a road superintendent, and the board said that schedule will remain unchanged.

Morgan's secretary—Mrs. Anne Sebring, who had been on the payroll for 10 years and will work in the engineer-administrator office on the first floor of the courthouse complex and bridge payrolls and reports.

All other business of that office is to be handled by the office of the Deputy Circuit Court Clerk Jim Pyle, on the second floor of the courthouse.

Clerk Earl Rich pointed out that the county administrator post had been established under a special legislative act spelling out qualifications and duties. Throughout the discussion Tuesday the commissioners had referred to seeking new personnel "locally," and some commented that the position when Rich read the job description as a Master's degree from an accredited university, a Bachelor's degree and five years experience in government administration, or a Bachelor's degree and an "equivalent" in business or government which would indicate ability in administration.

The commissioners said they would ask County Attorney R. P. Dancy, Jr., for an opinion on how they must adhere to these requirements.

Late in the meeting Earl Rich, who had been in charge of the engineer who resided in Lake Wales, appeared to request the commission to give "very careful consideration" to replacing Morgan. "The job is very much harder than it was a year ago because of environmental problems."

He said regulations in the environmental field are developing rapidly at national and state level.

"A man needs to know transportation and sanitation requirements—and even more," Blair said.

Garbage Problems
Blair suggested that the sandwiched into the midst of a discussion on county garbage problems.

Commissioner Whitaker said complaints about air pollution had forced Lake Placid to abandon its hazardous trash dump and necessitates more frequent use of county equipment to push and fill at the dump.

Highlands County is relatively free of pollution now, but New York City is not. The time to combat pollution is before it becomes a problem. We have parts of the county that would turn your stomach now.

I don't like the solution but we have to go to a mandatory garbage transfer station, relocate landfills and cover them every day," Morgan said.

The commissioners agreed to undertake a study of garbage disposal needs.

South Florida Junior College Welcomes Its Freshmen

After a three week interval of relative quiet, South Florida Junior College welcomed its entering freshmen from an orientation period, Wednesday, Aug. 17. Mr. Dan Walsh, Director of Student Personnel, briefed the students on the college elements at South Florida Junior College.

Dr. W. A. Stallard, president of the college, welcomed the new students to the campus and pointed out that the majority of our problems demanding immediate solutions are those caused by "population pressure." The students' reactions were attentive and thoughtful.

Next, the students were introduced to Dean Wilford Beunel and Dean H. D. Griffin and the faculty. Mr. Glen Cockcroft, Registrar, explained fees and other related expenses. Past and present students of SFJC spoke

GLORIA BENNETT and Jane Eberle are shown pitching their tent while setting up camp under the supervision of Tim Fisher, scout leader of Troop 21 at Jonathan Dickinson State Park, three miles south of Stuart.

JANE EBERLE cooks breakfast while the rest of the Girl Scouts sing and wait for their breakfast.

SUE ALLEN, Vicki DeWitt, Linda Andrews and Patricia Cravey study their fire that they built for cooking at their four day camping weekend.

GIRL SCOUT group enjoy the results of James cooking at breakfast during the weekend while camping.

Council Says Clean Up Vacant Lots

A massive clean-up campaign of vacant lots is under way in Avon Park after a letter prodding from the Avon Park City Council.

The city sent 52 notices to owners of vacant lots that the lots must be cleaned by Aug. 27 or face the consequences of being brought into court, however, councilmen agreed Monday night to extend the deadline two weeks because this was the first time lot owners have been asked to clean them up.

Out of the 52 notices sent out, City Clerk Malcolm Crews said 31 have been cleaned, the city is to clean six at the rate of \$10 per hour and 15 have not responded.

The ones that have not responded will get second notices this week. Only the lots North of Main Street are effected at this time.

PAT CHAMBLISS

Pat Chambliss Joins Junior College Staff

Pat Chambliss has joined the staff of South Florida Junior College as director of Business Services. He earned his B.A. in business administration at Mercer University. Following graduation, he served three years in the Army, attaining the rank of captain in the U. S. Army Reserve.

Since leaving the Army, Mr. Chambliss has lived in Tampa, and for 10 years was engaged in public accounting work there before joining the Legislative Auditor staff where he has been employed for the past four years.

Mr. Chambliss, his wife, who is a speech therapist, and their four children, Clifford, Tim, Elaine and Jeff, live in Sebring. The family are active in Baptist Church work. Mr. Chambliss is a Baptist deacon, and is currently active in Boy Scout work.

Farmers To Get ASC Ballots

ASC county committee election ballots will be mailed September 1 to all known eligible farm voters, according to R. B. Over, Chairman of the Highlands County Agricultural Stabilization and Conservation Committee.

Farm voters may vote for only one of the candidates listed, or they may write in their choice(s) on lines provided at the bottom of the ballot. To be counted, all ballots must be properly signed and mailed or returned to the county ASCS office by September 11.

One Committeeman and two alternates will be elected.

The U. S. Government spends more per day, now for paper towels, alone, than it spent per year, back in Washington's day, for everything.

County Will Have New Building and Zoning Department

Highlands County will have a new county-wide building and zoning law and a department to operate it and enforce it come January 1.

But how the cities in the county and their building departments will fit into this new setup was still up in the air after a meeting Tuesday night between officials of the cities and County Commission.

But they agreed to submit their varying ideas to the county by September 15, so the county can proceed in the proper direction.

Declared County Commission Chairman Earl Crutchfield, who chaired the meeting:

"If you're interested, we'll see then if you're interested and work it out from there."

Commissioner Jean Whitaker, noting that no representatives from the City of Lake Placid were in attendance, declared "I can tell you just flat, they wasn't interested."

Avon Park City Clerk Malcolm Crews suggested that perhaps something might be worked out whereby the county could subsidize extra employees in the city's building departments, which would permit city inspectors to take care of some of the county work in their immediate areas.

Economy and Efficiency

Crutchfield, who emphasized that the suggestion of a county-wide building department

was to make the necessary inspections.

He spelled out in detail how he proposes the department be operated.

It would have three offices, one in each of the three municipalities. Each office would have one inspector and one secretary, which would be adequate at this time. Future growth in population and building would determine the additional personnel required.

The three inspectors for the pilot program would be expected to cooperate with each other and could very easily assist each other with any overloads in the contiguous area of operation.

The proposed budget would provide \$21,000 in salaries for three inspectors, two secretaries and \$9,000 for supplies, auto allowance, office equipment, telephone, etc.

MR. AND MRS. P. C. BONEY

Mr. and Mrs. P. C. Boney Celebrate 50th Anniversary

The three children of Mr. and Mrs. P. C. Boney honored them on their 50th wedding anniversary with a reception at their home, 609 Park Avenue, Sunday, Aug. 23.

Mr. and Mrs. Boney were married in Bowling Green, Aug. 22, 1920, by Rev. Hare, Baptist minister.

Attendees were Jim Sykes, M. O. Benton and Miss Leta Graham, (the new Mrs. Claude Williams of North Carolina).

Their honeymoon was from Wauchula to Avon Park, where Mr. Boney had bought half interest in a barber shop on Jim Simmons. They had their first apartment with Mrs. George Gowan on Bell Street.

Their children are son, Norris Boney, and wife, Elaine and son, John of Ocala and daughter, Mrs. David Lennon of Lake Placid. Daughters, Mrs. Anna Dee Shaw and husband, Charles of Avon Park, and Mrs. Weita Davis and sons, Chuck and Jim of Wauchula. They had another son, Olin, who was killed in World War II.

Standing at the door on the porch, to greet the guests, was the daughter, Weita Davis of Wauchula, and daughters-in-law, Mrs. Norris Boney of Ocala, Mr. and Mrs. P. C. Boney with their son, Norris, stood just inside the living room.

A conversation piece was a card tree in the front bedroom. It was filled with cards from friends and loved ones from all over the USA.

Another discussion piece was their new little pink bathroom, with tile, hand painted by Mrs. Boney.

Guests were invited into the Florida room where a long table covered with a white cloth, overlaid with a gold cloth, held a silver punch bowl on one end and a wedding cake, in the shape of a heart, created by Anna Dee Shaw, a daughter, on the other end. In the center of the table was a five pronged candelabra with lighted tapers.

At one end of the Florida room, was a maple table with a large silver tray with an arrangement of two golden rings of gold mums and carnations. Around this tray was a fruit of all kinds, which the guests enjoyed. In one corner of Florida room was an arrangement of two golden rings of gold mums and carnations.

In center of table, in the dining room, were gold and white candles in gold holders with "50th" on each candle. A love ball in gold made from medicine and ribbons, made by Mrs. Boney, hung from the chandelier.

Off to one side was a container of large yellow mums with gold bells, and the "50th" in gold, a gift from Mr. and Mrs. L. M. Shattell of Wauchula.

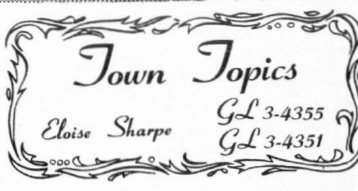

On another side table was an arrangement of yellow and white mums, a gift from Mr. and Mrs. Steve Roberts of Avon Park. On the buffet in a container, that was hand painted by Mrs. Boney, was an arrangement of gold mums and snaps from the Boney children.

Another arrangement was a container of spider mums with gold added, from the Dowling family and neighbors of the Boney in Florida.

The three guest books, which were filled with names of more than 200 guests attending, were kept by the Boney's granddaughters, who were Mrs. Jo Rutherford and Miss Ann Boney, niece from New Jersey, Mrs. Ethel Rutherford, and Mrs. Eunice Smith, in later years.

So many helped in many ways, but some helping at the punch table were Mrs. Myrtle Boney, sister-in-law of Pete from New Jersey, Mrs. Louise Park from Lakeland, Mrs. Jo Rutherford and Miss Ann Boney, niece from New Jersey.

Helping with the serving of the cake were Mrs. Ethel Rutherford, Mrs. Eunice Smith, Mrs.

Eloise Sharpe

Local Topics

Mr. and Mrs. Paul McFarland and son, David who resides in Clermont, have returned from a week spent with their son and brother, Paul, in Smyrna, Ga. They went to Underground Atlanta, Six Flags, and other places of interest. The highlight of their visit, however, was attending the 55th Commencement (Summer phase) of Georgia State University at Atlanta Municipal Auditorium, where Paul received a Master's of Education degree in Elementary Education.

Mr. and Mrs. Kelton Hill and children, Kellie and Travis, spent an enjoyable weekend at Ft. Myers Beach. They were joined there by Mr. and Mrs. Dan Evers and daughter, Cindy, and Mrs. Evers' sister, Libby, who is visiting them from Evansville, Ind.

Mr. and Mrs. C. R. Hamm and family spent several days at Panama City Beach. They also visited Six Flags Over Georgia, in Atlanta, last week.

Mr. and Mrs. David Johnson of Ft. Atkinson, Wis., has been visiting their parents, Mr. and Mrs. A. J. Robinson, of 400 Tulane Circle. While here they had luck while deepsea fishing at Bradenton, by catching 70 lbs. of black and red grouper.

Set Lowe Ferguson surprised his family when he flew into Orlando Jet Port. His parents, Mr. and Mrs. Lowell Ferguson, Sr., picked him up for the week-end, then took him back to Orlando, to fly back to Ft. Jackson.

Mr. and Mrs. Arlin King had a week-end of leisure fishing at Lake Okechobee. They were met there by Mr. and Mrs. Vic Kiser, of Ft. Lauderdale.

Mrs. M. G. Whitcomb and Mrs. Floyd Johnson attended the Field Enterprise Education Presidents' Conference at the University of Florida, Gainesville, last week-end.

Mrs. J. Casey, Jim, Andrea and Debbie spent the week-end in McAlpin with Casey's brother, Dr. and Mrs. Dallas Weckley and son, Lance of LaCrosse, Wis.

While there they attended the State Festival of Arts and Symphony Concert to hear Dr. and Mrs. Weckley perform.

The highlights of the trip was a ride on the "rapids" down Apple River, in an innertube.

Mr. and Mrs. Herman Gaslin and in Waycross, Ga. Tuesday and Wednesday of this week, because of the flu, the supper, Bingo will start at 7:30 Saturday night, Aug. 29, there will be a dance starting at 9:00. Music will be by a local combo, Leroy and Boys. Everyone is invited to enjoy the covered dish supply and bingo on Thursday night and the dance on Saturday night.

The Shields are forever in Lakeland. Mr. Shields was transferred to the Coca Cola Co. in Lakeland.

Mrs. J. K. Farrell and Mr. and Mrs. A. C. Burton have returned from Temple Tenn., where they visited friends and relatives for four weeks. Mr. and Mrs. Burton were accompanied home by their daughter, Mrs. David Bomar, who will visit here and in Ocala.

Mrs. Farrell who has taught school for 30 years, is now with Mrs. Don Peterson Avon Elementary, retired this past June. She plans to substitute teach this year.

Mrs. James H. Woodfield left Tuesday for a week-end stay with her daughter and family, Mr. and Mrs. Kenneth Hansen and four children, Michael, Garon, Leslie and Robbie.

Mrs. Gladys Rutledge has returned from Jamestown, N. Y., where she visited her granddaughter and family, Mr. and Mrs. Don Peterson. Mrs. Peterson is the former Kakkie Gaster of Avon Park.

Anne Barben Is Honored With Luncheon

Anne Wilmet Barben, popular bride-elect of Michael Furr, was honored at a luncheon Saturday, Aug. 22, at 1 P.M. at the home of Mrs. C. P. Anderson, 208 East Canfield Street.

The lovely home was festive throughout with fresh garden flowers.

Anne was lovely in a pink knit dress accented with dainty pearls.

The hostess, Mrs. Anderson, presented Anne with a double-deck of playing cards. The young matrons sharing this lovely occasion with Anne were, Mrs. John Gross, Mrs. Morris Adams, Jr., Mrs. Mattox, Mrs. Ricky Dressel, Mrs. Mel Bass, Mrs. Chuck Metcalfe, Jr., Mrs. E. G. Touchton, Jr. and Mrs. Tom Bass of Okechobee.

Mr. and Mrs. H. H. Rutledge spent the week-end in Hollywood with their son and family, Mr. and Mrs. Jay Clark.

Janet James left Wednesday, Aug. 26, for a stay in Atlanta, Ga.

Clarence Barth, of Marietta, Ohio, is visiting her sister, Mrs. Dan Barth, of Highlands Lakes, for a few days.

Mrs. Ruth Bottic and son, Mark, left Wednesday, Aug. 26, to return to Columbus, Ohio, after a two week visit with her mother, Mrs. Agnes Ormiston, of Highlands Lakes, for a few days.

Guests of Mr. and Mrs. Chef Brojek, for a few days were Mr. and Mrs. Robert Sourbier and a daughter, Becky from Pittsburgh, Pa.

Steve Cravey left Wednesday, Aug. 26, after a three-week stay with his mother, Mrs. Cravey and brothers and sisters, Cindy, Bill, Brenda and John. He will drive back to Ft. Worth, Tex. by way of his birthplace, Biloxi, Miss.

There has been several get-togethers in his honor during the enjoyable time he has been in Avon Park. He was a freshman at North Texas State University.

Of the 35 people attending, out-of-town guests were Mrs. Daubny and daughter of Frostproof.

Hostesses were Mrs. Neal Avery, Mrs. Mac Jenkins, Mrs. Thomas Jenkins, and Mrs. Doyle Roan, Jr.

Sun Ray Couple Weds In Catholic Church

Our Lady of Grace Church in Avon Park was the scene of a beautiful wedding of Miss Cheryl DeSalvo and Thomas Ballard, Jr. Father Antonio, pastor of the church, presided at the ceremony.

The bride was a member of the history department, the group will leave September 3 and will tour Ireland, England and Scotland, visiting sites of literary and historical interest.

The students will settle in a London hotel September 25-November 15, taking three courses in English history and literature at Birkbeck College of the University of London.

Dr. Pate and Dr. Block will teach the courses. All three courses will be enriched by numerous lectures given by members of the faculty of the University of London.

The students will move to Stratford November 16 to begin a study of Shakespeare, planned by the Shakespeare Institute of the University of Birmingham, and utilizing lectures by some of the best Shakespearean actors and authorities in the world. The students will attend several plays at the Royal Shakespeare Theatre. Dr. Pate will teach the Shakespearean drama course.

Students will also have opportunities for independent travel, either in England or on the continent, according to individual interests.

The group returns to this country December 14.

"The 1969 program was quite successful," Dr. Pate said, "and we expect even greater success in 1970."

Last Fall 28 students traveled and studied in England.

READING CONSULTANT, Mrs. Jane Mack, coordinator of migrant reading program, Penn Hill District of Pittsburgh, Pa., gave a talk to all the teachers at Avon Elementary Monday afternoon. Mrs. Mack is a consultant in reading.

ing to the Economy Publishing Company and visits schools throughout the United States. Since we use the Economy "Tag" Reading Series in our first three grades, Mrs. Mack gave the teachers new ideas in the teaching of reading.

Anne Barben Honored With Kitchen Shower Saturday

Anne Wilmet Barben, popular bride-elect of September 12, was honored with a kitchen shower, Saturday night, Aug. 22, from 7:30 till 9:30, at the Fellowship Hall of the Union Congregational Church.

Rose corsages were presented to the bride-elect and the bridegroom's mother.

The table was overlaid with a pink cloth and pink candles on either end in a three-branched candelabra.

Pink roses were used at various points around the room.

Refreshments of tiny cakes with pink rosebuds and green lime punch, with nuts and mints, were served the guests who enjoyed this occasion with Anne.

A conversation piece was the Furr (Fir) Tree, made by Mrs. Charles Shepherd, grandmother of the bridegroom. It was composed of various household items to represent a tree, with gifts hanging from each branch, from members of the Shepherd family.

Anne was presented a GE portable mixer by her hostesses who were, Mrs. Raymond Dille, Mrs. Charles Ginn, Mrs. Andrew Maricle, Charlotte Smith and Mrs. M. G. Whitcomb.

WOMEN BOWLERS TO MEET

The Women Bowlers Association will hold their meeting Sunday, Aug. 30, at 2 P.M. at Ridge Lanes.

A mixed tournament will follow the business meeting. All women bowlers are urged to attend.

Lark Adams To Study In England

Lark Adams of Avon Park, daughter of Mr. and Mrs. Morris Adams is one of 39 members of the history department, the group will leave September 3 and will tour Ireland, England and Scotland, visiting sites of literary and historical interest.

The students will settle in a London hotel September 25-November 15, taking three courses in English history and literature at Birkbeck College of the University of London.

Dr. Pate and Dr. Block will teach the courses. All three courses will be enriched by numerous lectures given by members of the faculty of the University of London.

The students will move to Stratford November 16 to begin a study of Shakespeare, planned by the Shakespeare Institute of the University of Birmingham, and utilizing lectures by some of the best Shakespearean actors and authorities in the world. The students will attend several plays at the Royal Shakespeare Theatre. Dr. Pate will teach the Shakespearean drama course.

Students will also have opportunities for independent travel, either in England or on the continent, according to individual interests.

The group returns to this country December 14.

"The 1969 program was quite successful," Dr. Pate said, "and we expect even greater success in 1970."

Last Fall 28 students traveled and studied in England.

Lee Prevatt Has Slumber Party Wednesday

Lee Prevatt, daughter of Mr. and Mrs. Ernest Prevatt, had a slumber party Wednesday night.

The girls had grilled hot dogs with all the trimmings. They played craps eight, and various other games, and each until the wee hours of the morning.

Upon arising they ate a hearty breakfast and left for home. Those sharing this night of fun, before school opens were Lee and Joy Prevatt, Stacey Sharpe and Jean Pearl.

Gamma Epsilon Meet Thursday

Gamma Epsilon Chapter of Alpha Delta Kappa met for a noontime luncheon at the Holiday Motel on August 26 in Sebring, Thursday.

Twenty-three members were present for the first meeting of the new chapter. A welcome and a welcome were extended by Mrs. Carmen Duncan of Lake Placid, chapter president.

Lalor in attendance, an executive meeting was held at the home of Mrs. Robert Butta to set up plans for the coming year.

South Florida Junior College To Observe Conservation Week

The fifth annual Conservation Week observance will be held October 6 through 8 at South Florida Junior College, Avon Park, and Highlands Hammock State Park.

The week is sponsored by Florida Conservation Council, Florida Department of Natural Resources, South Florida Junior College, Sebring Woman's Club, Avon Park Chamber of Commerce, Sebring Chamber of Commerce and Sebring Garden Club.

The week will kick off at 10 A.M. October 6 with a motorcade to Archbold biological station, Archbold and Dr. James Layne as hosts.

The group will leave at 12:30 P.M. for the Brighton Seminars Institute reservation.

The group will meet October 7 at the museum building in the park and there will be a contest meeting and box lunch at noon.

In the afternoon, Dr. O. E. Fry, on the conservation of the Florida Game and Fresh Water Fish Commission will speak and the visitors will walk various trails in the park.

There will be registration at the college at 8:30 A.M. October 8. Speakers that day include Dr. Willard Stallard, president of S.F.J.C., Col. A. S. Fullerton, district engineer, U. S. Army corps of engineers, William Farrington, Laker in attendance, an executive meeting was held at the home of Mrs. Robert Butta to set up plans for the coming year.

Speakers October 9 include Mrs. Joseph Newinger, president of Florida chapter, Nature Conservancy, and Dr. James Layne, semological Archbold experiment station; Ned Landrum, director of the division of recreation and parks; C. H. Salter, Larry Hooper, Mrs. Robert Jones, Florida Federation of Junior Women's Club, and Randolph Hodges or a representative of the Department of Natural Resources. Mrs. T. K. Young will be master of ceremonies for this day.

"God, Take My Son by the Hand"

By Ann Carter

Edwin Johnson starts first grade Monday.

Monday morning bright and early, the school bell will ring again. There will be many little boys answering it for the first time.

It is difficult to explain, unless you are a mother, what emotions you feel as your son for the first time in his life, starts out on the long journey of life.

Edwin Johnson, son of Mr. and Mrs. Floyd Johnson, Jr., starts first grade this year, and I know what is in their hearts, as it must be in every parent as their son begins this new life.

A little prayer that helped me five years ago, I'd like to pass on as it goes through my heart and mind.

"God, my son starts to school Monday, it is going to be something strange and very new to him, and I hope they treat him sort of gently.

"Up to now, you see, he has been King of the roost and boss of our backyard. I have always been there to patch

his wounds and comfort him.

"But now, as I know it must be, things will be different, he is starting out on that long journey, with all its sorrow."

"He will have to have faith, love, hope, and courage, and God help him, take him by his small hand and help them teach him... he will have to learn... that for every enemy in this old world that there is a friend."

"That there will be lots of big bullies, but that they are the easiest to whip."

"God, help them teach him, that it is far better to fail than to cheat. Teach him to listen and take only the truth, stand up and fight for what he believes in... for some day he will be a man."

"He is still a little boy... help them to understand him... don't be a baby him... but be gentle and firm."

"He is such a sweet little Guy."

ROTARY CLUB NEWS

By LEW MILLER

Emmette Wright last Wednesday masterfully presented a classification program on "Mobile Home Living." When the mobile home is paid for people can live on \$150 per month.

Emmette stated in his introduction of Hercei Studebaker, president of Studebaker-Southern Inc., South Lake Wales.

Mr. Studebaker defined a mobile home as relocatable housing. The early mobile homes belonged to beet workers, sometimes referred to as "Gypsies," as they

worked in the sugar beet fields of Northern Indiana and Ohio. This it was only natural that Elkhart, Ind., should become the home of mobile homes in the 1930's.

The mobile home park as described by Mr. Studebaker is ideal for retired people. In rural American people watched out for each other and as we changed to an urban way of life people ceased to look out for their neighbors. The mobile home park develops a spirit of "community togetherness" where people are interested in each other thru their games, churches and other activities.

In 1969, 85% of the single family housing built was mobile home construction. This type of

housing makes it possible for people to own their own homes whereas otherwise they might not be able to. The building of mobile homes makes more efficient use of labor along with better quality control and it is a way of life that many people like with the ease of housekeeping and its labor saving features.

There are 70 manufacturers of mobile homes in Florida. In 1968, they built about 22,500 units, nationally 117,000 units were built while in 1969 in Florida 37,425 units and 412,000 units in the U.S. In seven months of 1970, 24,392 units were built in Florida.

It is estimated that over 1,000,000 people are living in mobile homes in about 36,200 registered parks averaging 142 spaces with 2.49 people per unit and 27% of these are of school age. Population experts predict that over 1,000,000 people will move into Florida during the next five years and with housing already scarce the mobile home may have to fill the gap.

These homes range in prices from \$2,999 to \$16,000—having a wide range in quality and size. Two 12 x 40 foot furnished units located side by side come in this top price category. In Florida, 12 foot wide mobile homes are permitted while some states now allow 14 footers in width.

In regards to the controversial subject of taxes, Mr. Studebaker pointed out that a mobile home park is a high concentration of property area with eight units per acre. He pointed out that Pinellas County with 27,000 spaces for mobile homes averaged \$499 taxes per acre while housing developments in the area only averaged \$400 per acre.

Each person is his own doctor, when it comes to curing cold feet.

Lions Club News

Although August 18 was a typical mid-summer day, the Lions Den had a good number of seats filled for the dinner and meeting session. Lion Milt Giddens, on assignment from President Jack Aciri, initiated a regular program feature of reading a brief on some aspect of Lionism. The theme "One Common Bond" brought out the significance of the relationship among Lions throughout the world. Lion Milt said in part, "Each Lions Club receives much of its strength and ability to function from Lions International. If the club stood alone, without affiliation, its influence and resources would be limited. The organization, inspiration, direction and "know-how" that comes from Lions International is a highly valued asset."

On appeal from the Public Relations committee, volunteers for bowling in the Orange Blossom League on Monday nights, as representatives of Avon Park Lions, come forth in sufficient number to staff a full team. All trust that the team will do its bit to increase interest in Lionism and help the membership list grow.

Lions Aciri, Sanderford, Nierstheimer and Smith attended the District Cabinet meeting at the Holiday Inn in Lake Placid on Sunday, August 23. They were accompanied by their wives, who joined about one hundred fifty other Lions ladies for a fine style show at the Tower following the formal noon buffet. Lion Governor L. Dunn Perkins set the theme for his administration as "total involve-

ment." He urged all officers to set goals in project scope to assure that each and every member Lion has whatever assignments he can accept and expect to carry out. A busy Lion is an interested Lion, said Lion Governor Perkins, and that is what is needed to continue to carry out our mission of service to the community where we live.

NOTICE OF APPLICATION FOR TAX DEED
Notice is hereby given that Samuel G. Gatten, holder of Tax Certificate No. 12, issued the 21st day of May, A.D. 1969, has filed same in my office and has made an application for tax deed to be issued thereon. Said certificate embraces the following described property in the County of Highlands, State of Florida, to-wit: Lots 1711 to 1728, lot and 1769 to 1780, incl. Avon Park Lakes Unit 4, as recorded in Plal Book 4, near 25, of the Public Records of Highlands County, Florida.

The Assessment of said property under said certificate issued was in the name of Palmistto Land Co., Inc. Unless the said certificate shall be redeemed according to law, the property described therein will be sold to the highest bidder at the Court-house door on the first Monday in the month of October, 1970, at the legal hour of sale, 11:00 A.M. Dated this 19th day of June, 1970.

AL LASKY M.D.

Meet the Lasky family, from left to right, Steve, Carol, Ellen, Mary Jo and Al

Albert S. Lasky, M.D. is a candidate for the Florida House of Representatives in District 117, comprising Sarasota, Charlotte, Highlands and DeSoto Counties.

Dr. Lasky has served the community as a physician and surgeon for a number of years, having moved here from St. Petersburg in 1960. Educated at Seminary High School, Youngstown, Ohio, Ohio State University and the University of Miami School of Medicine, Miami, he did graduate work at the University of Michigan, Ann Arbor and holds a D.D.S. degree and a Masters degree in Surgery as well as an M.D. degree.

Current professional affiliations include staff membership at Sarasota Memorial Hospital and Doctors Hospital and service on the consulting staffs of Venice Hospital, St. Joseph's Hospital, Port Charlotte, and Naples Community Hospital.

He is a member of the Sarasota County Medical Society, the Florida Medical Association, the Sarasota Tumor Clinic (on which Dr. Lasky has served for the past ten years) and the A.M.A.

Dr. Lasky is a current member of the Knights of Columbus.

A BIBLE DRAMA, "Winners Can Be Losers," will be presented at First Baptist Church, Avon Park, on Sunday evening, August 30, at 7:45 P.M., by a group of young people. "Winners Can Be Losers," is the story of Naaman taken from II Kings 5. Pictured above are those taking part. Reading from left

to right, front row are: Gine Beth Henderson, Carol Wicker, Dennis Crews, Debbie Robinson and Doyle Book. Back row, left to right are: Steve Lawton, Donald Batts, Hayward Batts and Vic McKunas. Not pictured is Hal Worden, Jr.

THE STORY OF ZACHEUS, "A Tree For Climbing," is one of two Bible dramas to be given Sunday night, Aug. 30th, at 7:45 P.M., by the youth of First Baptist Church, Avon Park. Pictured above in a scene from the drama are, left to right, Andy McDaniels and Danny Bass as the traders, Elam and Elah;

han; David Methenay, as Zacheus, the rich publican and the tax collector; Sharon Dover and Kim Charleville as Hodel and Keturah, servants in the household of Zacheus. Several other members of the youth department participate in the street scene.

Conference and Dinner Set For Presbyterian Church

A Summer Missions Conference will be held Sunday at the First Presbyterian Church. The theme of the Conference will be "Ambassadors for Christ." Dr. W. H. Stuart will lead the Conference.

Migrant Program To Be Expanded This Year

The educational program for some 1,200 migrant children in Highlands County schools will be vastly expanded this year utilizing \$250,000 in state and federal funds.

And there will be fringe benefits for non-migrant children as well. Among these, the right to read program will serve practically all students in Woodlawn, Fred Wild, Lake Placid and Avon Park elementary schools.

This program is aimed at bringing up the reading skills of the children. Mrs. Claire Rowe, reading consultant, will be in charge.

Highlands County for several years has had a pre-school kindergarten program for migrant youngsters, paid for by federal funds and in charge of Joel Evers, director of the federal programs for the local schools.

In addition to instruction, the migrant children will be fed at an early morning snack and lunch at a cost of not more than 60¢ per day per child in the early childhood and kindergarten programs.

Dr. Stuart will meet with the Elders and Deacons at 5 o'clock Sunday afternoon. At 6:30 o'clock the church officers will have a dinner with Dr. Stuart in the Fellowship Hall of the church. The women of the church will serve the meal.

At 7:30 o'clock the Missions Conference will be resumed. All interested friends and members as well as Elders and Deacons are invited to attend this Conference. After the Conference, an informal reception to meet Dr. Stuart will be held in the Fellowship Hall.

Dr. Stuart, a rancher in Polk County is Superintendent of Missions of the Florida Presbytery. He is a ruling elder in the Barlow Associate Reformed Presbyterian Church.

Baptist Revival Continues Thru Friday

Youth-led revival services at the First Baptist Church which began Sunday night will continue this week through Friday night, Aug. 28. Services are held each night beginning at 7:30 P.M.

Rev. Ralph W. Stone of Tampa, is the evangelist, and Richard L. Beaman, of Titusville, is leading the singing and directing the youth choir. Rev. Aden D. Childress, pastor, extends a cordial invitation to all.

Mrs. Wester Will Host Altar Guild

Mrs. A. C. Wester Sr. will host the Altar Guild at a luncheon in her home this Thursday, Aug. 27 at noon. All members are expected. Important business will be transacted after the luncheon. The church school staff of the Church of the Redeemer will meet in the parish office after the 10 A.M. service next Sunday, Aug. 30. This will be the first meeting of the new staff under the direction of Mrs. Ben B. Gurner, church school superintendent. Materials are ready for study-room assignments and will be outlined, and many topics for discussion will come up.

The speaker at the 10:30 o'clock worship service this Sunday morning will be Dr. W. A. Stallard, president of South Florida Junior College. His subject will be "The Drug Problem." Church School at 9:15 A.M.

Stallard To Speak Sunday

A proven way to make a long story short—don't start it.

Vote For B. T. (BRAD) BOWEN, JR.

For The Position of County Commissioner District 4
DEMOCRATIC PRIMARY SEPT. 8

B. T. Bowen, Jr., resident of Florida for 24 years, has been a businessman in Highlands County for the past 12 years. He is a graduate of Rhode Island State College, with a Bachelor of Science degree in Agriculture.

Good Example To Follow

By DAVE LLEWELLYN
Have you ever become uneasy as that a Canaanite observing their shadows? Or have you ever noticed a Perizite watching you closely? No! Then take warning—don't make any suspicious moves, because you're surrounded. The Canaanites and Perizites represent spies of the enemy and they are engaged in relentless espionage against you. They aren't an elite corps, they are ordinary people. In fact, that's why they are so effective: they catch you while you are unsuspecting. Every actual and potential enemy you have has his Canaanites and Perizites watching, imagining information to be used against you. They are of no particular nationality. These code names have been given them from an ancient story.

Close Observers
Though they are no longer in existence, the Canaanites and Perizites were once small tribal nations in the Palestinian area. About 4,000 years ago, these tribes were present when the Hebrews entered the land of Canaan. The Canaanites and Perizites were of the area of the Persian Gulf into Palestine.

Particularly they were recorded as being there at a time when Hebrew unity might easily have been destroyed. Presumably the Canaanites and Perizites were watching with eyes wide open.

When Israel's progenitor, Abraham, moved into the area near the Dead Sea, he took with him a nephew named Lot. Since in those times the area was well watered and grassy, both Abraham and Lot fared well with their herds, so well that their herds began to graze on the same land.

United First Methodist Church
Duane R. Zoller, minister

have quarrels over grazing rights. With their potential enemies observing their shadows, and with their need for unity paramount, Abraham and Lot reached a peaceful resolution by dividing the land between them. Abraham gave Lot his choice of area. That is what awareness of your Canaanites and Perizites can do for you. It can make you conciliatory, for the sake of causes greater than your individual desires.

They're Watching You
When you are representing a company, a school, a family, many people judge the larger group by your behavior. Occasionally, personal aims must be relinquished for the good of the whole.

Abraham's primary purpose in living was to demonstrate the peace and non-grasping confidence that his personal relationship to Jehovah gave him. Because of this, though he had been promised control of the whole land of Palestine, he patiently allowed the various tribes to remain in the land—and even let Lot take for himself the better half of the area that he did control.

Had Abraham fought for his rights, he would have obscured to his family and to his neighbors, especially the Canaanites and the Perizites—the nature of God and His ability to satisfy people.

For the sake of the reputations of your associates, and for the sake of those who watch your life closely, imitate Abraham.

Christians, especially, should imitate Abraham for the sake of each other and the whole world.

AVON PARK

Football Practice Gets Underway As Devils Prepare For Jamboree

Football practice for both the Red Devil varsity prospects and the Avon Park "B" squad hopefuls got underway in earnest last Tuesday as the boys donned pads and started getting in shape for the jamboree game to be played here on Saturday, Sept. 5.

In the Red Devil varsity backfield several boys are working hard to win the starting halfback slots left vacant by the graduation of Willie Joe Seigler and Roy Clait. Senior Walter Nunnallee seems at this point to have one of the halfback positions but the other one is still up for grabs with Dennis Hart, Curtis Jackson, Frank Davis, and James Coleman looking like the top prospects. At fullbacks Steve Hart is backed up by Jarvis and Greg Hartt and quarterback Don Sismore will have Thad Tate and Winkie Hall pushing him for the signal calling job. Other backs working out for offensive or defensive positions are Jim Magenheimer, Fred Johns, Wayne Todd, Bill Phillips, Jim Cole, Earl Strong, Keith Richards, Arnold Davis, and Doyle Book.

Working hard to earn a line position will be ends Joe Franz, Clark Jackson, Bud Wester, Jim Magenheimer, and Mike Smith. At the center position are Donny DeLaney and Ricky Dick and other linemen prospects are Danny Albritton, Greg Albritton, Randy Ward, Mike Archer, Wesley Turner, Virgil McNeale, Ted Long, Mike Rihner, Charles Johns, Ray Cuipepper, Clayton McNeil, Willie Davis, James Smith, Jackie Allen, and possibly Greg Hartt.

Some of the boys have not been able to report to practice yet due to work but next Monday school will start and the roster should be complete by next Monday afternoon.

The "B" squad boys are working out each day under the coaching of Dewey Lemler and Ed Culbertson and next week the Sun will list the jayvee boys and the positions they are trying to nail down for the opening game in Fort Meade on September 24.

Junior high football practice for seventh and eighth graders will start sometime after school opens under the direction of Coach Ken Shackelford.

Roping Club Must Bid On Land

The Ridge Roping Club of Avon Park will have to bid on the ten acres of land at the Avon Park Airport that they have been trying to lease. The council was told by the city attorney Hancock at Monday night's meeting.

Hancock said that a law passed by the legislature which went into effect July 1, states public land has to be advertised and leased to the highest bidder. The city can specify what the land can be used for. In this case the council agreed

to advertise the land and specify that it be used for recreational purposes. The roping club has planned to move their arena on the property. Sam Skinner, representing the club has worked with the council in leasing the land.

HOW LONG BEFORE OUR BEACHES LOOK LIKE THIS?

IT CAN HAPPEN...IT WILL HAPPEN...

UNLESS LEGALIZED GAMBLING IS STOPPED SHORT AT THE POLLS ON SEPTEMBER 8th

My opponent has introduced a bill in the Florida Legislature which would legalize gambling on much the same basis as it now exists in Nevada (where the above photograph was taken). He says that legalized gambling would add millions of dollars to the State treasury and take some of the pressure off of the home owner. Malarky! I say that increased costs for law enforcement, for welfare payments and aid to dependent children, for control of drug abuse and for administering the legalized gambling program itself would eat up all those extra millions and then some. Legalized gambling will cost you money. And, in addition, the price in wasted lives, broken homes and deprived children is too high a price for a moral, civilized and urbane society to pay, whether it makes money or not. Nevada has now had to legalize prostitution as a re-

sult of having legalized gambling. I challenge my opponent to debate the subject of legalized gambling with me... any time, any place in this district, prior to the elections on September 8. I challenge him to produce the figures by source and substantiate the income claims he has made, and to also produce figures showing what the true cost to the State will be. I further challenge him to produce the polls he claims show wide spread public support for his gambling bill and to explain why a referendum to introduce legalized gambling was overwhelmingly defeated recently in Miami Beach. There are other questions which need answering...

1. Why would a freshman legislator from Nokomis, Florida introduce such a bill in the first place?
2. If the bill to legalize gambling is passed,

where will the casinos be built... on Lido Beach, Venice Beach, Charlotte Harbor, Lake Jackson... just where?

3. Who stands to gain the most... the people of Florida or the Mafia?

THE PEOPLE DEMAND AN ANSWER!
THE PEOPLE DEMAND A CHANGE!

Elect!

RE-ELECT

John W. Wirick, Jr.

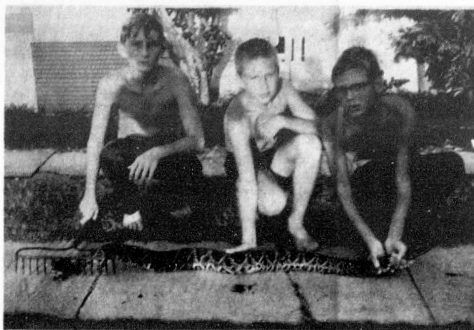

SCHOOL BOARD
DISTRICT NO. 3

LAKE PLACID AREA

16 Years' Proven Service to Citizens

Of Highlands County

(Paid Political Adv.)

THE FACES on these three boys tell the story of the five foot rattlesnake that Mose Pollard killed Sunday evening on the Wauchula Road. The Diamondback rattler had 11 rattles and one button. Left to right, Kenny Fletcher, Mike Birt and Bobby Young.

WHO WILL know whether this diamondback rattler was coming to South Florida Junior College to register for a class, coming for a beauty treatment or coming to investigate the rock and roll band playing for student registration? Lorenzo Nelson discovered the 11 button rattler on the cosmology building veranda. Being without long-range tools, Lorenzo summoned Jim Nunnallee and Tom Townsend, who quickly subdued the four foot, four inch rattler with a potato hook. Howard Crawford claimed the dead diamondback for his zoology lab.

Avon Mobile Home Park News

By RUTH E. ROBINSON

Robert Gibb has returned to his home in the park from Gainesville, where he underwent a very successful operation of removing a cataract from his eye and a cornea transplant. His doctors say it is as near a perfect operation of that kind they have performed.
Mr. and Mrs. Lewis Biggers made a short vacation trip recently to Interlaken, visit friends, Mr. and Mrs. Lewis Nemeth of West Virginia. The Biggers enjoyed reminiscing old times while visiting the Nemeths in their new home on Lake Lady-slipper.
We are sad to report that Beas Rasm is in the hospital in Madison, Wis. Her condition is serious. Do give her your prayers and best wishes for recovery. Send her a card c/o Methodist Hospital, Madison, Wis. 53700.
Also Charles Brush was taken to Walker Memorial Sunday morning. We are quite concerned for his well being and covet your prayers and cards. Send them to him c/o Walker Memorial Hospital, Room 143, Avon Park, 33425.
Larry and Ruth Robinson will begin their return to Avon Park from Ann Arbor, Mich., where they have been

visiting with their daughter Carol, who had a serious operation. Carol is gaining in strength. Larry and Ruth plan to make a few stops on the way home—one in Cleveland, Ohio to see two doctors, Ruth's father, brother and family, Ruth's oldest daughter and family. Next stop will be in Columbus, Ohio to visit Mariene, then on to Cincinnati to visit Larry and to call on the Williams Bells. The Robinsons visited the Leo Wagners in Adrian, Mich. They are looking well and making plans for as early a return to Avon Park as possible.
Mr. and Mrs. "Jack" Worley, Ct. No. 40, visited Mr. and Mrs. Fred Blanken of Melbourne. They were gone Friday through Monday.
Mrs. Roberts Alwood returned to her home Tuesday from several weeks of convalescence in Beaufort, S. C. Her son John will be leaving for college September 12.
Jim and Florence Stark write from Fenelon, Fall, Ontario, Canada. Florence has had a couple of falls. Jim says their times of recovery are limited by their health. However, they are still looking forward to a winter in Avon Park, health permitting.

Girls Physical Education Has New Instructors

The girls physical education department of Avon Park junior and senior high school will be under the direction of two new instructors this year and several new policies will go into effect according to instructors Mrs. Lorraine Howard and Miss Phyllis Love.

In regard to uniforms for the coming school year the two instructors will require all physical education students to wear white socks and white tennis shoes each day but uniforms will differ by grade level. Students in grades seven and eight will be required to wear white shirts and red shorts. Parents may purchase these articles at their discretion. But students in grades nine and 10 will be required to wear red gym suits which will need to be bought through the girls physical education department. Junior and senior girls will be required to wear white gym suits which may be purchased at Leon's Sporting Goods store.

Mrs. Howard and Miss Love also remind students that each individual's first and last name must be on the left front of the top of the uniform and seventh and eighth graders must also have their names on their shorts.

Other new policies will be explained to the students during the first few days of school.

The horn of plenty is usually on the car just behind you, at a traffic light.

THE DOLLAR AND SENSE
OF AN ALL-ELECTRIC MOBILE HOME

Mobile-home minded? Consider the plus benefits of an All-Electric model — ECONOMY — It will actually cost you less to operate an All-Electric mobile home than to use a combination of gas and electricity. You'll enjoy modern, electric living, and save, too!
CLEANLINESS — With flameless electricity, there's no soot. Your mobile home is bound to stay cleaner, longer!
CONVENIENCE — Just plug in to get the electricity you need. There's no need to put a cord in the window when you need fuel. No need to get the heater cleaned or relighted when cool weather comes 'round. All-Electric is mobile home living at its best... and it costs you less!
The folks at Florida Power invite you to see the new All-Electric mobile homes on display at your dealer's now.

Shuffling

Twenty folks turned out for the tournament on Wednesday evening with Blaine Kerr officiating. Chris Cabezas and Frank Hornick won in the main event with Blaine Kerr and Herb Shauger the runners-up.

Consolation winners were Clay Kull and Dorothy Gruber over George Ormiston and Helen Goode.

No game Saturday evening, it's rained. Several played cards in the club house.

Dance

Art Gorsch conducted the dance on Friday evening with the same one square and one couple over. But it's always fun.

Supper

The supper is now down to five folks, but in spite of that a good meal was provided. Elmer

Goode said the table prayer.

News of the Week

Leslie Hildreth is improving so much in Fairfield, Maine, and they are looking forward to being in Avon Park this fall.

The Harold Wilcoits in Holling Prairie, Ind., are having a busy Summer, the time is going by so fast, it won't be long till they are back in Avon Park.

The Maynard McKinnons in Buchanan, Mich., celebrated their 30th wedding anniversary this month with a reception in their church. Their many friends wished them well. It was a delightful party. The Lohdells and the Brewsters of Goshen, Ind.,

were there. They, too, are looking forward to being back in Avon Park this fall.

The Ray Johnsons in Nobel, Canada, are entertaining their daughter and family, L.I. and Mrs. Wilcox and three sons from Ft. Sheridan, Ill. They are all enjoying the fishing and boating and berry picking.

Charles Brush is in the hospital for observation.

The temperature in Wind Cave, North Dakota, is a steady 47 degrees, as compared to middle 50's in most caves.

Stephen Ford Celebrates Birthday With Trip To Pioneer Park

Stephen Ford, son of Mr. and Mrs. Donald Ford, celebrated his 12th birthday Tuesday, Aug. 25, with an outing to Pioneer Park. The 16 boys climbed into station wagons and took off at 10 A.M. They enjoyed swimming in the pool, exploring the river banks, and playing ball.

They had a picnic lunch of hot dogs with all the trimmings, and birthday cake with chocolate icing. The boys were very reluctant to get into cars to return home, and end their day of fun.

Larry King Is Home From Atlantic Fleet

Midshipman Larry A. King, son of Mr. and Mrs. Arlin S. King of 529 E. Bell St., Avon Park, is home after serving with the U.S. Atlantic Fleet's Amphibious Force as a part of his six-week Summer at-sea training program. While cruising to the

Pacific ports of Yokosuka, Japan, and Hong Kong, he received instruction in seamanship, engineering, weapons and operations. He is a member of the Class of 1973 at the U. S. Naval Academy, Annapolis, Md.

Western Union In New Location

The Western Union office is now located at Ridge Florist, 402 West Main Street in Avon Park. The office will be open Monday through Saturday from 8 A.M. until 5 P.M. Steve Roberts, owner of Ridge Florist, said he will continue to give the Avon Park area fast efficient service as has been done in the past.

THESE NEW TEACHERS will greet their pupils for the first time Monday morning at Avon Elementary School. Left to right, Patty Loughan, Grace Delaney,

Coye Kay Brenner, Marion Foster, Patricia Simon, Emily Biggs and Arline King.

AVON PARK Elementary School new teachers, left to right, Lloyd Brumbaugh, Ken Hollingsworth, Jan Hennessey,

Bruce Hunt, Jean Wilson, Nancy Heltohm, Edward Simon and Robert Sylvia.

Elkhill Is Serving Aboard USS Hancock

Navy Petty Officer Third Class Garvin R. Elkhill, son of Rudy S. Elkhill of 1200 W. Circle, Avon Park, is serving with Attack Squadron 35 aboard the attack air-

craft carrier USS Hancock in Alameda, Calif. His squadron is preparing for deployment to the Western Pacific after this year.
