FEBRUARY 23-27— SENIOR WEEK.....

Senior Week is now observed each year during one week in February. It involves different requirements on certain days.

For a few examples, on Monday all seniors were to be dressed up (coat and tie for boys; girls wear nice dresses). Those who would like to eat in the lunchroom were excused early from fifth period class, and their names were to be given to Bruce Strenth, Mangy Howard, or Daryl Bennett.

Tuesday the seniors were to be dressed funny and of course with good taste.

Wednesday was student teacher day. The teachers are requested to select a senior from their classes and let him present the lesson for the day.

Thursday is student will fay. Each senior who wishes to may turn in a paper during homeroom, willing a name or something else to a junior.

And on Friday seniors will be asked again to dress up in coats, ties or nice dresses. There will be an entertaining assemble in which a talent show will be given.

Don't forget, seniors, this is your week, make it one to remember.

It's February 23-27.

Advisory Group Meeting Again

Student Avisory Group of Avon Park High School has decided to continue its regular meetings.

On February 3, the student Advisory Group held a meeting with the new principal, Aaron Cravens. In the meeting the principal stated that he feels there should be some changes made in the group.

When asked to be more specific about the matter, Mr. Cravens replied: "I haven't really made any plans as of yet, but I feel that more students should be involved in conferences with the group.

The members of the Advisory Group hope to better the relationships of students as well as teachers of APHS in the future.

TWIRP Week In High Gear Around APHS

FHA had its annual TWIRP Week February 16-20. The schedule is:

Monday, all FHA members made signs carrying out the theme, "The Race is On" and hung them around the school.

Tuesday was "Sadie Hawkins Day," with all the girls planning to go to the dance wearing tennis shoes (symbolizing their running after a date), pigtails, and dress in poor taste. At lunch there was a "Sadie Hawkins Race" with the girls supposed to catch a boy and pin a valentine on him. Your "catch" was who you were to ask to the dance.

Wednesday afternoon the girls washed their dates' cars at Carla Lee's house after school.

Thursday the girls take over the boys' role. They are to carry their dates' books, open doors, and also take the boys to lunch.

Friday was "Cupcake Day." The girls are to bake their dates some goodies (cupcakes, cookies) and give them to the boys at school.

Saturday night was the dance. The FHA Sweetheart will be announced, and, as you know, "The Woman Is Requested to Pay."

Fair Time Is Not Fair

Twice a year A.P.H.S. students and other Highlands County students are faced with exams. These tests on the acquired knowledge of the semester and year are indeed important and should have the full attention of the student.

However, once a year something else also detracts the attention of students—the Highlands County Fair, and for no particular reason the dates of the fair coincide perfectly with the dates of semester exams. We feel this is detrimental to the student's grades since most would rather be at the fair than home studying for exams.

This is not only a metter of students, but also of teachers who have children and are active in setting up booths for the fair. It is a hardship on them when they should be home preparing tests and grading them.

New Supervising Principal Aaron Cravens remarked that being new he didn't know how it happened, and admitted that it is a problem and that something could be done. One solution given by Mr. Cravens to eliminate the problem might be to spread the exam schedule over a two-week period using only single periods instead of the usual two for an exam. This would not be difficult since the exam schedules are left up to the principal, plus the fact that A.P.H.S. is the only Highlands County school using double periods for semester exams.

Mr. Cravens has strong intentions of bringing the matter before the next principal's meeting with County School Superintendent George Douglass who will have to approve the change.

This coincidence has happened three years consecutively and we wish more power to Mr. Cravens in his attempt to change the mishap. And though this year's seniors will not benefit, we hope in following years that this will not be a hardship on students.

To Drink... Or Not To Drink?

By Dorothy Martin

Alcohol is a type of narcotic drug. And as we all know, a narcotic is a chemical that dulls the senses.

There are some people who just cannot leave alcohol alone, those who would rather drink than eat. Here's an example:

Tom: "Hey, Jim, we guys are going to have dinner at Pete's and after that we're going to do our 'thing.' Would you like to join us?"

Jim: "No, I don't have but a little change, and I need a drink bad."

Tom: "But you will join us after dinner."

Jim: "Yeah man."

Some people like the taste of alcohol and others do not, but still they have a terrible craving for it. These are the people who let alcohol ruin their lives. They lose their jobs, their friends, and their self-respect. And of course without proper food, their bodies grow weak.

We know that many fine, sensible people drink. Why? Do they drink because they want to, or have they become trapped by it?

New Camaro. Feb. 26th.

We've never announced a car at this time before. But then nobody's ever announced a car like this before.

Super Hugger

If it were an ordinary sportster, we'd have introduced it at the ordinary time.

Instead, we took the time to build a whole new Camaro.

We started with a sleek new shape and a low road-hugging stance.

And added more hood. A faster fastback. Wider doors. And new deeply contoured bucket seats.

The instrument panel wraps around you. With enough dials to make you think you're piloting a 747.

There are four transmissions. And six power plants up to the Turbo-Jet 396 V8 that you can order.

Pick the one that best suits your driving. Then go pick on an open road.

And make it one with plenty of twisting turns. Because Camaro has a remarkable new suspension. And standard front disc brakes for a leech-like grip on the road.

New Camaro. The Super Hugger.

Other sportsters always feared it might come to this.

And they were right. Only their timing was wrong.

Putting you first, keeps us first.
