Avon Park Red Devils Drop 2 Straight Games For 4-7 Record

The Avon Park varsity basketball team lost two more games last week and dropped to a disappointing 4-7 record, but Coach Fred Sandlin thinks the next six games on the schedule should be wins for the Devils.

The Red Devils lost to Hardee High in Wauchula Tuesday night a week ago by a score of 71-65 and last Saturday night the Devils lost to a strong LaBelle five by a score of 82-73. The Devils led both games at halftime and gave both teams a scare before bowing in the final half.

Last Tuesday night the two Devil teams were scheduled to play a return game with Moore Haven here. Avon Park won an earlier match by a score of 69-66. Tomorrow night the Devils will travel to Frostproof for a third game with the Polk County Bulldogs. Frostproof won the first game 66-53 and Avon Park took the second game in the Christmas Tournament by a score of 56-50. Next Tuesday night the Devils are idle.

The Avon Park "B" team, coached by Buddy Marshall, also lost to Wauchula last week by a score of 54-39 and the LaBelle "B" team didn't show up last Saturday night so the Avon Park jayvee squad now has a 5-3 record.

The LaBelle varsity, with a 10-1 record, had three boys 6'6" or taller and all three scored in the double figures. Mike Brown, 6'7" freshman, hit for 17 points; Arthur Kitchen, a 6'6" freshman, scored 15 points, and Herbert Brown, 6'6" senior, brother of Mike, led the game scoring with 30 points.

In spite of the height disadvantage, the Red Devils threw a scare into the LaBelle team as they jumped off to 16-11 first quarter lead and held on to take a 37-35 advantage to the dressing room at halftime. The Devils were scrapping every second of the game giving the taller LaBelle boys trouble with pass interceptions and holding their own on the backboards.

In the third quarter, however, LaBelle moved out front and had the Devils 64-37 at the close of the third period. The Indians gained two more points on the Devils in the final quarter and took the 82-73 win after Joe Hardy fouled out for Avon Park. It was perhaps the best game for the Red Devils in spite of the fact that they lost the game.

Herbert Stukes sank 21 points to lead the Devil effort followed by Hardy with 18, Don Sisemore with 15 and Roy Claitt with 12 counters. It was definitely Claitt's best effort of the season and the improved scoring of him along with Stukes and Hardy should mean the Devils have found the winning formula.

In Wauchula Tuesday night a week ago, the Devils also played an excellent first half against the Hardee High team which has a 7-4 record against some mighty fine competition. In fact the Devils outscored Hardee in every quarter except the third when the Wildcats pumped in 22 points while holding the Devils to six counters.

The Devils led 18-4 at the end of the first period and then 39-31 at halftime. Then Hardee jumped to a 53-45 lead at the finish of the third period as the Devils went cold and although Avon Park pumped in 20 points to Wauchula's 18 in the final period the Wildcats took the 71-65 victory.

Joe Hardy took scoring honors for Avon Park and for the game with 28 points. Sisemore had 22 also for the Devils and Claitt was third with nine. The Devils hit 13 of 25 free shots while Hardee hit 19 of 21 for the winning difference.

Herbert Stukes led the Red Devils in rebounding with 20 against LaBelle last Saturday night as well as leading the Devil scoring.

Twelve Couples Honored On 50th Wedding

Sundays may come and Sundays may go but last Sunday will long be remembered at the Winter Guest Club. An overflow crowd gathered to honor 12 couples that have been married for 50 years in 1969.

The girls chorus from Avon Park High school under the direction of Kenneth Eberle sang sweetly as only young voices can and the folks enjoyed hearing the old and favorite songs.

A golden book with all the names of the couples listed as a background flanked by golden drapes and two beautiful baskets of golden flowers. The couples were brought to the stage to the strains of "Here Comes the Bride," and introduced by master of ceremonies, Paul Swearingen as they took their seats on stage.

Rev. Clifford Dance of the First Christian Church was superb with his well chosen words for these special couples.

A beautiful wedding cake set upon the golden cloth that carried out this very special occasion was served by Minnie Brow and her staff.

If a fuse keeps blowing on a circuit that is not overloaded, test for a short by disconnecting all appliances on that circuit, turning off the main switch and replacing the fuse with a light bulb. If the bulb lights when you turn the main switch back on, electricity is passing through the circuit and there is a short.

Adventist Church Holds Auto Social

An "Auto" Social was held Saturday evening at Highland Lakes Academy auditorium by the Social committee of Walker Memorial Church under the direction of Mrs. J. Wesley Osborne.

As the guests arrived they were divided into four (4) sections of automobiles: Fords, Oldsmobiles, Chevys and Cadillacs. The different sections ran against each other for points, and games constituted the quest for points. The judges, who included Mr. and Mrs. Robert Sanborn, Dr. Osborne, and Judge M. C. Taft awarded the race to the Oldsmobiles, each of whom received an all-day sucker.

The "automobile trip" was concluded in a beautiful field where a "picnic" was served. Refreshments included punch and cookies.

About 150 persons attended the social. Mrs. Osborne stated that socials or recreation are held on most Saturday evenings. She also stated that the social committee will begin to sponsor a pot-luck dinner at the Highland Lakes Academy auditorium for the entire membership of Walker Memorial Church and guests on the first Saturday of each month.

Panthers Will Play Last Home Game In Avon Park Monday

By COACH TERRELL

Monday night at the Avon Park gym, South Florida Junior College Panthers basketball team will play its last home basketball game of the season. The Panthers still have six games to go but five of the six are away from home.

Boys making their final appearance for the Panthers are Willie Marovich, Chuck Smith, Ronnie White, and John Graham.

This is a good chance for area sports fans to show their appreciation for the junior college athletic program by attending the last home game.

The Panthers have played representative ball but have only a 4-16 record to show for their efforts. However, they have shown improvement and seem to be gaining strength. Saturday night they fought Orlando to a standstill before three wiard technical fowls gave the Orlando a come from behind victory in the last four minutes. The Panthers led all the way until four minutes to go and finally dropped a 97 to 88 game.

Monday night in Auburndale, Polk grabbed a lead early and hung on to cop a 91 to 76 victory. Chuck Smith 14, Jerry Stephenson 12 and Donald Strange with 10 paced the Panthers in their game. Polk moved their record to 9 and 8.

Nine members came out for shuffle Friday afternoon. In the play-off Stewart Ditts and Elmer Kiracofe won over John Mitchell and Omer Snyder by a score of 80 to 28. In the consolation Byron Jeremy and Myrtle Heffernan won over Blanche Kiracofe and Winnie Lumpkin with a score of 78 to 36.

Rose Walton and Mary Thomas were callers in the Park Saturday. Sam has had a recent check-up with his doctor and the report is good.

Many in the Park will remember the Earl Murphys. Word was received from them after Christmas. They are struggling with ice and snow at their home in Britton, Mich., were feeling very well and might consider coming down for two months if we could find a nook in Southland for them.

It is good to see Ben out and walking around after being confined to the hospital and at home for sometime.

Thirty-six were out for coffee Tuesday morning. Ora Myers of Avon Mobile Home Park came to tell us more about the Federation of Mobile Homes of Florida. We have 82 people living in Mobile Homes in our Park at the present time and 32 have joined this Federation. New officers have been elected and installed in various districts for the coming year. Mr. Myers holds one of these offices. His telephone number is 453-3621, if you have questions to ask about the Federation.

What a delight to join 60 people at the hall Wednesday evening for a chop suey supper. We thank Winnie Lumpkin and her many helpers for preparing and serving the supper. Observing, one would wonder who had the most fun, the committee or the guests. This committee has an eye for business, since we hear the supper was not exactly a profit making affair, but some excess dollars did fatten our rather depleted "Kitty". People always like to eat and many hands were raised when asked if we would like a repeat, perhaps a spaghetti supper.

Dorcas Young, Laura Bernthal, Betty Peterson, Marie Strobhant, Goldia Daun and Ann Antony joined Ruby Davidson of Leisure Acres at the Cafeteria on the circle, Sebring, Thursday evening and had a nice dinner together.

Lem Hostetter, who has been confined to his home, is improving, is up and glad to have callers.

The flu bug is still with us, leaving several mild cases. Mocking birds and sunshine are good cures for that.

Several members of our Park have recently joined the Winter Guest Club, making a total of 28 at this time.

Monday evening, Feb. 2, at 7:15, the Ritchies will show movies at the recreation hall of L. A., Grand Canyon and Disneyland. Also slides of their trip to Hawaii.

Observing one will see five new fire extinguishers around over the Park for our protection.

Earl Maxwell who sustained quite serious injuries about two weeks ago is recovering nicely at Walker Memorial Hospital. He hopes to return to Southland in the near future.

Several ladies are making dresses, getting ready for Easter no doubt, which comes early this year. At craft Tuesday, Jan. 27, demonstrations on making flowers out of egg cartons were given.

46 Families Receive Food From Cheer, Inc.

Christmas Cheer Inc., sent parcels of food and toys to 46 families having a total of 141 children. This organization serves as the charitable arm of our local churches, civic, social and fraternal organizations, together with many of our good citizens.

Rev. Herbert D. Grastz, president of Christmas Cheer Inc., speaks for the entire organization in saying: "Thanks to all who assisted in any way. Thanks to the Lion's Club. Thanks to the churches, civic, social and fraternal groups, as well as to the many interested citizens for their assistance. Special thanks is extended to Mayor Robert J. Barben and the members of the Town Council for providing men and trucks to make the deliveries.

It was through the combined efforts of all who cooperated that this wonderful expression of concern at Christmastime made Christmas real in many homes, especially to the children."

Mrs. Mary Batts Receives Citation For Son

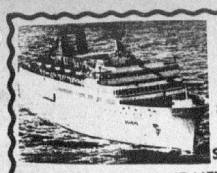

Major Mason, of Lakeland, presented Mrs. Mary Batts two citations by direction of the President of the United States in behalf of her son Corporal (Then Private First Class) William G. Batts last Thursday afternoon who was killed September 2, 1969 in Vietnam.

Corporal Batts, was with Company C, 4th Battalion, 3rd Infantry, 11th Infantry Brigade APO, and received the Silver Star for his gallantry in action against an armed hostile force in the Republic of Vietnam. On September 2, 1969 the Company was conducting reconnaissance in force operations southeast of Tra Bong when the rear security element came under heavy enemy automatic weapons, and mortar fire. Private Batts, a squad leader with the weapons platoon, exposed himself to the intense enemy barrage as he moved from fire team to fire team. He directed accurate volleys against the insurgents and maintained the order and effectiveness of his men. He then saw one of his comrades receive a serious wound and fall in an open area. With complete disregard for his personal safety, he braved the enemy barrage and went to the aid of his fellow soldier. As he moved forward through the enemy fusillade, Private Batts was mortally wounded. His courageous actions inspired the remainder of his element to rally and defeat the enemy force.

The Bronze Star was presented to him for meritorius service in connection with military operations against a hostile force.

MRS. MARY BATTS is shown receiving two citations for her son, Corporal William G. Batts who was killed in action in Vietnam, September 2, 1969.

that was moved. McKenzie said the building was in good shape except for dry rot where former concreted steps were located. The Mayor said he did not feel the building met City code.

Mr. Duggan said he felt the city council was obliged to accept the recommendation of the Building Inspector. Mr. Martin said this matter should first go to the Zoning Board.

Mr. Hancock said moving without a permit was a clear violation of city code and each day the building remained on property to which it was moved without a city permit constituted a separate offense.

The Mayor said the city could not do anything about this building until it was moved as it predated the city code when located on the highway. Now it must meet city standards. He said he did not think this building would be satisfactory anywhere in the city.

McKenzie was informed city permit was required for the fence he now has under construction. He was requested to bring his request to remodel the building as moved before the Zoning Board.

Are You a Friend Of This Man?

By DAVE LLEWELLYN

Jesus is alive and living in this town. He may be on your block or across the tracks, but He is here.

Go look for Him.

I'll tell you what He is like so you will be sure to recognize Him: His clothes are rags, and He is right now lying sick to the point of death.

He needs our help.

To be frank, He is nearly discouraged that those who claim to be His friends, those for whom He gave His life, should now be so calloused as to let Him die again in poverty and loneliness.

Where to Find Him

Perhaps you were not aware that He is really among us. When Jesus returns, He will point out specifically who He was, but for the meantime He has given only a general description.

In a preview of one way He will judge believers at the end of the world, Jesus disclosed: "Then the King will say to those on His right, 'Come, you who are blessed of My Father, inherit the kingdom prepared for you from the foundation of the world. For I was hungry, and you gave Me something to eat; I was thirsty, and you gave Me drink; I was a stranger, and you invited Me in; naked, and you clothed Me; I was sick, and you visited me; I was in prison, and you came to Me.'"

"And the King will answer and say to them, 'Truly I say to you, to the extent that you did it to one of these brothers of Mine, even the least of them, you did it to Me.'"

So Jesus can be found in the slums of this town.

It has long been disconcerting to us that Jesus gave no more precise guidelines for determining which wretched people should be the recipients of our giving. So disconcerting it has been, in fact, that many of us have adopted an artificial standard.

"God helps those who help themselves" is the standard, and many people even believe that this is a verse from the Bible. But it isn't.

So how do we determine who should be the objects of our charity? By their need. The first half of pure religion according to the apostle James is "to visit orphans and widows in their distress."

But perhaps first we should pause to refine our thinking. Men and women in poverty or distress are not "objects of charity." They are people, just as much as we are; people whom God loves and cares for. And people who receive gifts presented in the love of Christ Jesus often respond by giving love in manifold proportion.

More Happiness in Giving

Hasn't God taught us that we are more happy when we give than when we receive?

If someone offered you $10,000 if you would spend your spare time — not time freed by quitting your job, but just the same amount of spare time that you have right now—helping the poor people of your community, would you find time to do it?

It is not money that ultimately separates the rich from the poor; it is a relationship to Jesus Christ. And Jesus taught concerning the practical truth of that relationship: "To the extent that you did it to one of these brothers of mine, even the least of them, you did it to Me."

What motivates you?

Goal and Dates Set for Local Red Cross Drive

Ralph W. Lyons, general chairman for the 1970 Red Cross Fund Drive, held an organizational meeting of his four co-chairmen, with T. S. Yeager, chairman of the Highlands Red Cross executive board and Mrs. Florence Peach, its executive director, this week. Goal of the drive and the dates were announced following the meeting.

"The goal for the 1970 drive is $15,000. We who are involved in the drive believe this figure to be a realistic one, well within reach of the community. It will enable the executive secretary and the board to continue the present services offered by Highlands County office to residents of the county, and to cautiously expand some services which have had to be cut in the past.

The service to military men and their families is presently one of the largest and most extensive services rendered by Mrs. Peach and volunteers. Since the local Red Cross office is the only available official line open for use in those instances when family communications break down, we in Highlands County must keep that line open and working.

"The other services provided by the local Red Cross office are largely unknown to the general public. In weeks to come we propose to let the county know what these services are, so that when asked to share in Highlands Red Cross work, every family will respond gladly and generously. We hope, this year, to make this drive one of total community involvement and dedication," Mr. Lyons stated.

Sunday, Mar. 1 is International Red Cross Sunday and will be the beginning date for drive activities which will continue for two weeks throughout the county. County co-chairman, Ken Wilkinson of Sebring, H. D. Sanderford of Avon Park and Dixie Scott of Lake Placid are firming up their local organization personnel, preparatory to the actual drive dates.

THIS IS TRULY PORCELAIN FINE CHINA

according to its strictest definition. That means it's made of choice refined clays, fired three times at extremely high temperatures. Fine china you can readily identify by its thinness, its lovely translucence, its clear telling ring when you strike it. Completely non-porous, acid and chip resistant. This is the *same quality* porcelain fine china regularly sold in better stores.

WHY DO WE OFFER A VALUE LIKE THIS?

If you're our regular customer, we want to keep it that way. If you're not, we want you to come in, and keep coming in, when you see what we mean when we say *value.*

Entertainment

A wonderful program was arranged by Paul Swearingen for the 14 couples who had their 50th anniversary in 1969. One couple could not be there as she was in the hospital, the Harold Harpers.

The stage was decorated with gold drapes and other accessories.

A group of girls from the high school sang several timely songs under the direction of Kenneth Eberle, their director. They sang "Love's Old Sweet Song," and ended with "May the Good Lord Bless and Keep You."

Rev. Clifford Dance of the First Christian Church gave a most interesting and timely talk, ending with all the couples repeating thier marriage vows they took so many years ago.

Ann Carter of the Sun took pictures as did several others.

The couples stood in a receiving line and all went through, wishing them many more years of happiness. Each couple had a book to be signed. Refreshments were served from a well decorated table.

NOW...YOU CAN BUDGET YOUR ELECTRIC BILLS

WITH OUR NEW EQUAL PAYMENT PLAN

NO EXTRA COST! You pay no more for this convenience. You pay the same amount each month. It eliminates higher, seasonal bills. Allows you to budget your payments on a yearly basis.

HERE'S HOW IT WORKS: We add up your electric bills for the past 12 months to determine what your total will be for the next 12 months. We then divide by 12 and bill you for the same amount each month.

At the end of that year, any difference will be figured into the following year.

Another way Florida Power "says it with service."

MERCURY FISHING OUTBOARDS

SPACE AGE ENGINES

We're not kidding! A Merc fishing engine is SO superior in design and ahead of the field, that it belongs to the Space Age.

✶

Thunderbolt Ignition with Maker Points — Instant starts with up to 40,000 volts of power. Fastest, hottest spark in the industry.

✶

Perma-Gap Spark Plugs — new super-tough center-electrode alloy resists spark erosion. Under normal operating conditions, Perma-Gap plugs will last the life of the engine.

✶

Use Regular-Grade Automotive Gas — with Thunderbolt and Perma-Gap plugs, economical regular-grade gasoline is recommended.

✶

"XK" Aluminum — a corrosion-resistant aluminum alloy that's 40% stronger than aluminum used in competitive outboards.

✶

Add to these outstanding new features old Mercury standbys: shearproof propeller drive, Glide-Angle design; Shallow-water Slant, Jet-Prop exhaust, one-piece driveshaft and lower unit housings; Full Jeweled Power; fixed-jet carburetion; full silencing system; one-hand steering and throttle control; full forward-neutral-reverse gearshift, and you know we've got the Space Age fishing outboard.

✶

Want to see one for real? Come on in, we've got 'em all on hand.

MALCOLM CREWS, City Clerk and Assistant Fire Chief Mac Flowers look over the new site proposed for the State Firemens Headquarters on U. S. 27. S.

State Firemen To Locate Headquarters In Avon Park

"Avon Park has been selected for the new building site for the state headquarters of the Florida State Firemens Association," said Assistant Fire Chief Mac Flowers.

The three dimensional building will cost approximately $20,000 or $25,000 and be located on U. S. 27 S. and was donated by the City of Avon Park.

The state officers, board of directors and building committee of the Florida State Firemens Association, Inc., will meet in Avon Park on April 18 for formal acceptance of the property.

A fire museum has also been proposed to be built next to the headquarters and office building.

George Tillingkast, second vice president and chairman of the association building committee visited Avon Park last week and inspected the sites. He recommended to the board of directors at a meeting in Winter Haven last Saturday that the site be accepted. He also remarked while in Avon Park that he did not think a better site could be found.

The meeting in April will be hosted by the City of Avon Park and the Avon Park Firemen. Members from local service and civic clubs, and a number of county officials will attend this meeting.

DUKE CHRISTENSEN

Christensen Named To Hall of Fame

Duke Christensen, for three years president of the Florida Shuffleboard Association, on Monday was elevated to the association's Hall of Fame.

Mr. Christensen accepted the honor at the association's annual banquet in West Palm Beach. He now is president emeritus of the group.

An additional honor for Mr. Christensen was the gift of a Life Membership in the Avon Park Winter Guest Club with which he was associated for over 15 years. He is the first person so honored.

Mr. Christensen began his years with the Avon Park Winter Guest Club as a director. He soon became president, then rose to the Central District's treasurer post. Then for three years he was Central District president.

After that he was chosen to serve Central District as its delegate to the State Executive Committee. He became third vice president, then second vice president and was unanimously elected president in 1967.

Citrus Growers Braced Wednesday For More Below Freezing Weather

Citrus groves in Highlands County generally weathered the January 8-11 freeze in good condition, a spot check disclosed.

But citrus interests braced Wednesday for more below freezing temperatures and readied thousands of smudge pots and return-stack heaters to fire the groves.

A hard freeze for North and Central Florida was forecast for Wednesday and Thursday.

"But I don't really think those temperatures would have done any damage," said Tim Hurner, assistant county agent, citrus. "I think it got the coldest just before sunup."

The groves will suffer more damage if temperatures stay at a 28 temperature or below for four hours, however, he pointed out.

As to the freeze of four weeks ago, Hurner said there is some foliage damage all over the county, but pointed out "I haven't heard of anybody with total or real severe damage."

One thing that saved Highlands County trees, was that most of them were in good condition and "cool weather before the freeze had hardened up the trees real well. There was not much tender growth."

A lot of the trees lost their leaves, Hurner said, but "I believe the trees will come back. The young groves seem to have done very well. I had expected to find more damage, but I haven't run into anyplace where the trees were completely frozen out."

Temple oranges still on the tree at the time of the freeze were pretty heavily damaged, he said, but most of the Temples had been picked before the freeze.

Valencias, the biggest crop in the area, and a later crop, suffered "insignificant fruit damage and drying."

Most of the pineapple oranges, however, were still on the trees and along with the Murcotts and tangelos were damaged.

Most of the damage is on the East side of Avon Park and Sebring, Hurner said.

20 Pct. Droppage

"We have talked about a figure of 20 percent droppage in pineapples. They were late getting started and a very few had been picked by the time of the freeze. A 20 percent drop is a very good sized drop."

Hurner said "in what fruit I've cut in the Avon Park area, there is some damage or some drying in all the fruit. The Valencias seem to be holding on real well."

He added he thinks the juice content in the Valencias will be down "but the fruit drop will be insignificant."

Weather Information

Apropoi of the freeze, grower Marvin Kahn began action to get better weather information in the county. Accompanied by district water conservationist Sam Polston and citrusman Smokey Padgett, he went to Lakeland recently to meet with Weatherman Warren Johnson at the Lakeland weather bureau offices.

For Frost Protection

"We are interested," he said, "in getting additional information for use in running irrigation systems for frost protection."

Some local citrus interests are very interested in establishing better communications and weather information not available on the standard radio weather broadcasts, Kahn said.

Such information as this would be dew point and relative humidity. It has been suggested that a direct contact be established here with the Lakeland office to get such additional information.

Hardee County area has a weatherwatch radio station in cooperation with the county government.

Upon questioning, Kahn said that "something of that sort would be very helpful. Three or four of us have talked about this."

Advisory Committee Recommends Bussing Two Grades To Hopewell

In the first specific suggestion for a new desegregation plan for Highlands County schools, Avon Park Lay Advisory Committee has recommended bussing as "the least evil."

Committeemen said consideration had been given to the Avon Park Negro community's wish to keep Hopewell in operation as a school, and the committee asked the county school board to consider placing "perhaps two grades at Hopewell."

Superintendent George F. Douglass has met with the Lay Advisory Committee in Lake Placid to present details on the alternatives suggested by the federal Department of Health, Education and Welfare, and a similar meeting with the Sebring Lay Advisory Committee is set for tonight (Thursday).

The Avon Park committee's suggestion was presented to the school board at a meeting on Jan. 27. George Franklyn Ward, school board member from Avon Park, asked the Superintendent to compile information about the relative costs of each of the plans HEW had suggested would place the Highlands schools in compliance with federal civil rights law.

Douglass said the board will not adopt any plan which would require use of any sub-standard facilities. Last Spring a delegation from Avon Park had attended a school board meeting to plead for continuation of Hopewell. At that time Douglass had said there might not be enough good classrooms at Hopewell to accommodate all the students of any given grade.

At the school board meeting last week he said, "The school board will look at each community and its peculiar needs and circumstances as it attempts to work out a new desegregation plan."

In response to questions from the board and members of the audience he explained that freedom of choice plans are "approved if they work. If the freedom of choice plan does not achieve integration, it is not approved."

School Board Chairman Henry Bailey noted that Bibb County, Ga. (Macon), had achieved integration with a freedom of choice plan by offering special, highly desirable courses, only at the buildings which had been identified as Negro schools.

Douglass said the dollars and cents cost of alternate desegregation plans will be presented to the school board at its Feb. 12 meeting.

Public Invited To Jetport Meeting

The public is being invited to a dutch treat dinner at Griffin's Restaurant in Avon Park at 7 P.M. February 11 to learn more about attracting a jetport to Highlands County.

Special invitations are going out to City Council members, county commissioners, Chamber of Commerce members from Highlands and Polk counties.

Ernest M. Breed, Sebring attorney, will be toastmaster.

Plans for the dinner were discussed at a meeting held Tuesday night of last week at Florida Power Corp. offices in Avon Park.

Attending that meeting and showing a first time interest in the project were Winter Haven City Commissioners Paul Smith and Charles Paul. Highlands County Jetport Authority chairman Pat Coopridер presided. Sixteen persons attended.

A recent agreement between the federal government and the Dade County Authority resulted in the authority's Everglades site being removed from consideration as a jetport site.

Under the terms of that agreement, the federal government will furnish the port authority an alternate site for the jetport at no cost to Dade County. The Avon Park Bombing Range is owned by the federal government and would not require the expenditure of tax dollars to obtain.

Congressmen Haley, Rogers Attends Dedication Saturday

A large crowd turned out Saturday to view the parade and attend the dedication ceremonies of the new post office facility despite cold, windy weather.

Congressman James A. Haley, who was the representative in Congress for Highlands until the Federal Court placed Highlands County in another district, returned to Highlands County for the dedication of the building he helped secure for Avon Park. Mr. Haley explained the system that is being developed for building new post offices.

"Due to the fact that the nation could not afford to finance the replacement of post offices as they are needed, a competitive bid system has been established," Mr. Haley said. "The government contracts with private enterprise to build facilities in accordance with government specification and to lease it on a long term basis at a reasonable rate."

"This system benefits many," Mr. Haley continued. "The property stays on the tax rolls. The owner gets a fair return on his investment."

"I forsee a great future for you, I am proud of what you have accomplished," Mr. Haley commented while discussing the sound growth and progress that is evident in the Avon Park area.

At the close of his speech Mr. Haley introduced Congressman Paul Rogers of the 9th District who represents Highlands County in Congress.

"I think that Avon Park and Highlands County are different from other towns here and there," Mr. Rogers told the crowd, "but the people are basically the same. You want the same things as the guy in Minnesota or Michigan or Oregon. You want streets you can walk—day or night—you want schools which you know will give your children a good education—and ones which your children go to because they are near, not because they are part of some mathematical formula designed by someone in Washington. You want a clean town, with air you can breathe and water you can fish and swim in. And you want a little spare cash at the end of the week."

"I don't think we want to much," Mr. Rogers continued, "but I can tell you we had better get interested enough to get involved in some of these issues or we will lose what we have."

"There are too many people who feel they know what's good for everyone else, and there's too many people who have the attitude of 'Let Jack do it.' When those two groups get big enough, then their trouble for the rest of us."

In summary, Mr. Rogers asked the citizens of Avon Park to get involved, in conservation, to see to it that our open lands and rivers and lakes are kept for all of us—in anti-pollution moves to see that our environment is not destroyed as we develop our city and counties—and in civic affairs to see to it that our police and public officials and schools are the best that we can provide.

Hue Nunnallee, County Attorney, served as master of ceremonies. Mayor Robert Barben gave a short talk on some of the preliminary work that was done by different individuals and groups to secure the new post office facility. Mayor Barben also noted that this is the first office dedicated to service in Avon Park.

Thirty-three postmasters from other areas attended the dedication, some from as far as Cross City, Tallahassee, and Ft. Lauderdale and Palm Beach.

Vernon Risher, personal representative of the Postmaster General Winton M. Blount, spoke about the tremendous growth of the Post Office Department and explained how the post office is beginning to mechanize through the use of scanner machines and ZIP Code.

The Avon Park High School Band entertained and played the national anthem during the flag ceremony. Congressman Rogers presented the flag to Postmaster Robert D. Young that had been flown over the nations capital. The American Legion served as color guard.

After the ceremonies, approximately 600 people toured the post office and enjoyed the refreshments furnished by the Chamber of Commerce. The Avon Park Correctional Institution Band played during the open house.

CONGRESSMAN James A. Haley, Postmaster Robert D. Young, Congressman Paul Rogers, and seated, former Avon Park postmaster, Douglass G. (Doc) Perry, who was postmaster for Avon Park for 24 years are shown here at the dedication of the new post office building Saturday.

Durrah Martin Elected Head Of Little League

Officers and coaches of the Avon Park Little League held their first meeting of the season at City Hall Monday night. At the meeting all officers were re-elected to serve again. Those elected were: Durrah Martin, president; Alton Elder, vice president; Malcolm Crews, secretary; Leon DeLaney, treasurer; Tom Anderson, chief umpire; Ed Tomek, player agent; Dolan Hill, safety officer.

A big announcement for boys who like to play Little League ball was that there would be eight teams in the league this year, an increase of two. New sponsors are I. H. Ford Motor Co. and Leon's Sporting Goods. This will give an additional 24 boys a chance to play in 1970.

Possibility of a senior Little League in 1970 were discussed. If enought interest is shown an attempt will be made to form a Senior League. All boys 13, 14 or 15 years of age who are interested in playing ball are asked to call President Durrah Martin and list their names with him.
