BUREAU OF ALCOHOLIC REHABILITATION

alco-topics

By JOHN A. WILLIAMS
Editor, Information Services

Alcohol education, long covered in mystique, is gradually beginning to gain ground in our public and private schools. In Florida, the Bureau of Alcoholic Rahebalitation is continuing to push ahead in this most important endeavor.

It has been noted that while factual information about the nature of alcohol and its effects on the human body should be made available to young people, this alone is not adequate alcohol education.

Behavior in relation to alcohol, for young people as well as adults, involves attitudes, values, and feelings.

If teachers are adequately prepared to handle discussions about alcohol, which has now been termed the number one drug problem in the state of Florida, they can acquaint young adults with the controversy that surrounds drinking in our booze oriented society.

The teacher is in a unique possession, if prepared, to inform young people in the state on the varied perspectives on different drinking and non-drinking practices in our society, especially in our own cultural group.

Teachers can inform young minds about historical facts underlying the current situation in the state in relationship to the problem drinker.

Through our efforts here at the Bureau we have found that such discussions, more than facts alone, will help to overcome the emotional mystique about alcohol.

Because of the many deep-seated attitudes about alcohol, which affect young people, the discussion situation, with the opportunity for airing feelings and learning from one another, seems to us to be the best procedure for alcohol education.

Motives for drinking, for excessive drinking and even from abstaining without guilt feelings, can be explored under the leadership of a good classroom teacher who is himself informed.

Alcohol education, it has been said, should come in many different parts of the school curriculum. We agree. Alcohol use and alcohol problems can be discussed in relation to a great many subjects including chemistry, social studies, English, history, biology, and health education.

Classroom teacher, through the advice of alcoholism experts, can and should handle the areas of alcohol use and alcohol problems besetting our state and nation today.

There are many more areas where teachers can and should introduce alcohol understanding — one of the most important being the driver-education classes conducted by so many schools today.

Those who feel they are not equipped to handle the problems involved in the educational aspects of the drug alcohol may write to the Bureau of Alcoholic Rehabilitation, Information Services, Box 1147, Avon Park, Fla.

Our job is to help. And, if you ask, we will.

Social Security Questions And Answers

Question — Can a person draw a social security check if he earned $5,000 in a year?

Answer — It is possible if the person is 62 years of age or over and did not earn over $140 in any months during the year.

Question — My wife died eight years ago. I filed a claim with the Social Security Administration and received money toward her burial expenses. We had two children age one and two at the time of her death. I have been told that I might be able to receive a benefit for the children.

Answer — Where have you been? We have been trying to contact persons and families like you. We want you to file a claim for the children and no doubt they will be entitled to benefits.

Question — I am a disabled Vietnam veteran. I cannot work. Is it possible that I could receive something from the Social Security Administration?

Answer — It is possible. The only way we can tell for sure is for you to file a claim with the Social Security Administration. When you do this, it can be determined if you have the required work credits.

Question — Since I am not going to school during the Summer, will my student social security benefits stop?

Answer — Not if you are planning to return to school in the Fall.

Creel Seeks Seat As County Commissioner

Former District Four County Commissioner Jimmy Creel has announced that he will run for election to the post which he formerly held in the September 8 democratic primary. Incumbent District Four Commissioner Jean Whitaker has decided to change parties and run on the Republican ticket, according to Creel.

"So many people in Avon Park, Sebring, and Lake Placid have approached me to run again that I have decided to become a candidate for the commission seat which I held for 12 years prior to Jean Whitaker's taking office," Creel stated today. Creel opposed Whitaker in the 1966 elections and lost.

The District Four Commissioner's seat represents the south end of the county, and comprises three-fifths of the total land area of Highlands County.

Creel was born in Avon Park, and has lived in Sebring, and presently lives in Lake Placid. His wife is the former Marian Eide of Lake Placid. The Creels have three children, Nicki, Charles, and Jimmy. Creel is presently the supervising manager of La-Grow Irrigation Systems, Inc., in Lake Placid.

Jackson Runs For District 4 Commission Seat

Andrew B. Jackson, 34 year-old Highlands County lawyer and cattleman, announced his candidacy for the office of Highlands County Commissioner District No. 4 when he qualified Tuesday.

Mr. Jackson is a native of Highlands County and is the son of Mrs. N. B. Jackson and the late N. B. Jackson of Sebring. He is a graduate of Sebring High School and the University of Florida from which he holds degrees in Economics and in Law. He is a Republican.

He served two years active service with the U. S. Army, is past president and present director of both the Highlands County Cattlemen's Association and the Highlands County Property Owners' Association, past president of the Lake Placid Jaycees, director in the Highlands County Young Republicans, vice president and director of the Lake Placid Chamber of Commerce, attorney for the Highlands General Hospital, and a member of the Florida Bar Association, Kiwanis, Farm Bureau, the First Baptist Church of Lake Placid and the Highlands County Planning and Zoning Board.

He is married to the former Barbara Jean Hays and they have one son, Nathaniel Burke. They reside at their ranch in Venus.

Commissioners Offered Land On 27 For Center

Highlands County commissioners moved on three parts of their proposed building program Tuesday, taking two steps forward and one back.

Larger of the forward steps was the recommendation from the Agriculture-Civic Committee that the county purchase 20 acres on US 27, South of Sebring, for the center.

Commissioner Cecil Skipper said the parcel, presently owned by Sebring Development Corp., has 247.56 feet of highway front on the West side of US 27, approximately one mile North of the US 98-State Rd. 66 in intersection with 27 and about two miles South of Highlands General Hospital.

Norman Michael, vice president of Sebring Development Corp., in a letter read at Tuesday's commission meeting said the company would accept an offer of $20,000 for the property.

The Agriculture-Civic Center is one of the capital improvements budgeted from the race track bond sale. One of the smaller projects in the $210,000 budget for administrative buildings is a voting-recreation building at Venus. At Tuesday's meeting the commissioners voted authorization for Architect Jim Heirn to prepare drawings for the Venus building.

Step Back

Announcement that Highlands County School Board may abandon the third floor of the courthouse caused the commissioners to begin debate about halting plans for remodeling of the courthouse and possibly canceling plans for addition of a second floor to the courthouse annex.

The commission has earmarked $200,000 of the race track bond money for the annex addition.

Commission chairman Earl Crutchfield said he had talked with some schoolmen and had been told there is "a strong possibility" that the schools will establish a county administrative center at E. O. Douglas School.

The school will be used for classes in the 1970-71 year but Superintendent G. F. Douglass has mentioned several times the desirability of converting the Douglas campus to an administrative center after the present school construction program is completed.

Cecil Skipper immediately offered: "It is foolish to think about adding to the courthouse annex. The board moves, but Robert Skipper followed with the suggestion that the commission "go ahead with construction of the annex — we know it's needed — but leave this building as it is."

County Administrator-Engineer Charles Morgan suggested the board complete the space-need study now under way because the architects are "far enough into the study that there is no point in stopping that now."

Other Business

In other business Tuesday the commission approved a transfer of $18,202 into the County Welfare Department hospital aid funds to meet the demands created by the advent of Medicaid participation.

—Authorized Tax Collector W. H. Prescott to enter into a lease-purchase agreement for a computer for his office.

—Received a petition for a new garbage franchise from Jethro Robbins. His present franchise expires in August.

—Set August 4 for public hearing on closing of Lake Front Dr. near Dinner Lake.

—Named K. D. Grubb, George F. Douglass, James Phillips, Pat Cooprider, T. S. Yeager, John Barron, Forrest Lloyd, Morris Adams, John Gercken, C. B. Carter to the county's emergency resources planning board. A. C. Heacock is chairman of the board.

Conference On Gas Safety To Be Held Tuesday

A one-day Liquefied Petroleum Gas Safety conference will be held in Sebring July 14, beginning at 8:30 A.M.

The conference is one of a series sponsored by State Treasurer Broward Williams, who administers the state's LP Gas Laws, and the Florida LP Gas Association.

The safety school for the benefit of the LP Gas operating personnel will be held in the city council meeting room over the police station.

The morning session will be aimed primarily at those involved in transferring LP Gas in bulk plants, truck fuel delivermen, and those installing gas tanks.

The afternoon session will be devoted primarily to personnel doing service work and installing LP Gas appliances.

Similar safety conferences will be conducted throughout the state as part of Williams' continuing safety program for those who handle LP Gas.

LEWIS LLEWELLYN

Is Abortion Justifiable?

The rapid growth of the world's population has been cited as a reason for liberalizing laws against abortion. Ten states have already taken action to make it easier for a woman to have an abortion if she is about to become the mother of an unwanted child.

Until just a few years ago, the laws of all 50 states prohibited abortion in all cases except to save the life of the mother.

Some churches have recently taken action to pave the way for legalizing abortion. One major denomination, in its general conference, urged removing abortion from the criminal code and placing it under medical regulations.

The American Medical Association has voted to make abortion the "decision of the patient's doctor as he determines what is best for the welfare of the patient." This action seems to disregard entirely the welfare of the child who has not yet been born.

"Never Necessary"

Doctors are not agreed on the desirability of this move, however. Said Dr. Wesley W. Hall, president-elect of the AMA, "We are victims of our own folly. . . . I see no urgency in having liberalized criminal abortions."

There may be a good case for the law providing for abortion if needed to preserve the mother's life.

However, with modern medical methods and facilities, this may rarely — or never — be necessary. In fact, Dr. Joseph P. Donnelly, formerly medical director of a New Jersey hospital where 115,000 children were born between 1947 and 1961, has said, "Abortion is never necessary to save the life of the mother."

Dr. Leo T. Heywood, professor of obstetrics and gynecology at Creighton University School of Medicine, says, "I am against abortion. It is not necessary in the practice of medicine, and it destroys the very thing the physician is dedicated to preserve — human life."

Dr. John L. Grady, chief of staff of Glades General Hospital, Belle Glade, Fla., says, "The right of the unborn child to life must outweigh the desires of others to destroy it."

When God said, "Thou shalt not kill," did He mean this to apply to grown people only, or to infants and also those who have not yet been born? At what point is an unborn child entitled to life?

Abortion Immoral

Rabbi Tibor Stern of Miami has stated, "Centuries of traditional Jewish law clearly establishes the human nature of the unborn fetus and the immorality of abortion. Those Jews who support abortion legislation have erased every trace of Jewish law from their religion."

The Colorado Supreme Court has stated, "'Child' should include a human being upon conception and during pregnancy, as well as one actually born."

Dr. Richard V. Jaynes, Detroit obstetrician-gynecologist, says of abortion, "Legal or illegal, statistics show that it is definitely more dangerous than childbirth to the mother. To the child, of course, it is the ultimate danger—death."

Can we justify, on the basis of expediency, this destruction of human life — which has throughout our history been considered to be a criminal act?

Mayo To Run For Public Service Commission Post

TALLAHASSEE — Commissioner William T. (Billy) Mayo, Chairman of the Florida Public Service Commission, has filed for re-election to the post he has held for the past six years.

Mayo was elected to a four-year term on the Public Service Commission in 1966 by an overwhelming vote that carried all 67 Florida counties in a first primary victory. He originally joined the PSC on September 1, 1964, to fill the term of the late Wilbur King.

Mayo probably is best known throughout the state for his decade-long fight to correct a Florida Supreme Court ruling which previously prohibited the Public Service Commission from considering utility service in conjunction with rate hearings.

The best way to catch a fish seems to be to go fishing.

Lucky is the person who finds his glasses soon enough to remember why he wanted them.

A genius is a feller who shoots at something others can't see—and hits it.

$139,000 Charged In Fees To Settle Maxcy Estate Questioned

A review of the Charles Von Maxcy estate probate fees has been requested in an appeal filed Thursday before the Second District Court of Appeals in Lakeland.

The fees were set by County Judge Mervin Rehrer.

Representing Marivon, 10, daughter of Charles Maxcy, and her guardian, Miss Elizabeth Maxcy, attorney Owen Rice, Jr., of Tampa, filed to question the $139,000 in executors' and lawyers' fees charged to the $1.4 million estate of the murdered cattle, land and citrus baron.

Rice urged the court to adopt as a principle in Florida a rule followed in other jurisdictions that holds when several attorneys are involved in settling an estate, their total fees shall be no greater than those which have been established if one lawyer had done all the work.

Among the awards questioned in Rice's brief was a $20,000 fee to H. James Brett, of Orlando, one of a bevy of lawyers for the widow, Irene, a co-executor of her husband's estate. This was part of the total of $39,752 ordered paid to the other co-executor, Citizens National Bank and Ward, Bradford & Oswald, of Orlando, its law firm.

More claims for fees will be filed in Highlands County Court, the court was told, as work on settling the estate continues.

It also was noted that additional costs will be charged for the work of accountants who are dealing with the U.S. Internal Revenue service in establishing taxes due on the estate, and for such expenses as "cowboys hired to round up cattle" to establish their value.

The court was told that charges filed in the estate indicate "everybody claims credit for having done practically everything and the judge paid them for it."

It was noted that "the children are supposed to have been the beneficiaries of the estate, but are going to get nothing unless something is done about executors' and attorneys' fees."

Rehrer's handling of the estate was supported by John Ward of the bank's law firm, who said the burden was upon Rice to show an abuse of judicial discretion on the part of the county judge.

Robert Melton, of Orlando, appearing for Brett, asserted Judge Rehrer had followed "to the point of crossing the T's" established Florida precedents in handling matters in the Maxcy estate.

Maxcy was slain Oct. 3, 1966. The widow's paramour John J. Sweet, convicted in the murder-for-hire case, is at liberty pending appeal. Mrs. Maxcy has been indicted for perjury and is out on bond.

It has been reported that the widow received $275,000 from a trust established by Maxcy, plus $170,000 in settlement of a lawsuit to cut her out of the estate.

Rice told the court the co-executors of the estate "were suspicious and antagonistic" of each other and hired their own legal counsel.

Commissioners Cut Spending, Hold Down Taxes

By reducing recommended pay raises and slashing new equipment requests the Highlands County commissioners have brought the 1970-71 budget temporarily into balance without a tax boost.

The commissioners labored over the budget requests line-by-line for about six hours Tuesday and quit when Deputy Clerk Jim Pyle declared a balance achieved.

The board goes back into session at 1 P.M. today to re-study the budget and further changes are expected. Pyle pointed out that the budgeted reserve for the general fund is below "safe" level, and Commissioner Cecil Skipper was working on switches within the road and bridge budget to fatten its reserve.

Commission Chairman Earl Crutchfield led the knife-wielding Tuesday. He had figured a five per cent "cost of living" pay boost for county employees, and the other commissioners went along with his recommendations which usually were less than the requested changes.

In the road and bridge department a different formula was used—$10 a week increase for the superintendent and foremen, $5 per week for everyone else.

County Engineer-Administrator Charles Morgan had been down for a six per cent increase, but Tuesday he volunteered that for "Morale sake" the change in his pay be "$10 a week like the foremen are getting." The commissioners upped that by 19 cents to round off Morgan's salary at $18,000 ($8,000 from the county and $10,000 from the State Department of Transportation).

Virtually every department with new equipment requests were asked to "make do" with less, and many offices were told to "write more letters" and cut down on long distance telephone calls.

Number of Highlands County College Students Up 60% In Five-Year Period

Highlands County parents who have college-bound children are in a squeeze this year.

They are caught between a rise in college costs, a tight money situation that makes it difficult to borrow from banks and cut-back in loans to to needy students.

And for those families that have two or more youngsters going to college at the same time, the financial problem is that much more acute.

The bill that local families will be faced with this year for tuition, fees, room and board will amount to approximately $2,005,000, it is estimated. That is considerably more than it was a year ago.

The facts and figures on college costs and enrollments are based upon reports from the U. S. Office of Education, the Census Bureau and others.

Throughout the country, they show, the number of college enrollments has been rising steadily, year after year. Last Fall the total was 7,400,000, a 60 percent increase in a period of five years.

In Highlands County, the number has climbed from the 280 counted in 1960 to an estimated 780 expected next semester.

As to cost, that will depend to a large extent upon which college they will be attending. For those who will be going to publicly-supported colleges, the average cost will be about $1,250 for students living in the state, the Office of Education reports. For non-residents it will be much more.

At private institutions, it finds, the average is $2,720 for tuition, fees, room and board.

Many colleges, private and public, have rates that vary considerably from these averages, both up and down.

Added to these costs are such incidentals as laundry, transportation, recreation, books and clothing.

Including these expenses, it might cost a family up to $3,400 to maintain a youngster at a private college in the academic year and about $1,750 at a state-supported college.

The total outlay of $2,005,000 for Highlands County families with college-bound children is based upon the assumption that half of them will be going to public institutions and half to private ones.

Maybe — ships are referred to as "she" because it takes men to handle 'em.

UNEMPLOYMENT TO BE MEASURED

The Bureau of the Census will conduct a survey of employment and unemployment in this area during the week of July 19, Thomas W. Mc. Whirter, Director of the Bureau's regional office in Atlanta announced today.

Interviewers who will visit households in this area included in the sample survey are: Mrs. Christine Oates, Sebring, and Mrs. Maxine L. Pearl, Avon Park.

MRS. RONALD MICHAEL COLE

Miss Frances Ann Morgan Weds Ronald Michael Cole In Miami

Miss Frances Ann Morgan and Ronald Michael Cole were united in marriage in double-ring rites at 8:30 P.M., Friday, at University Christian Church in Miami. Parents of the couple are Mr. and Mrs. Charles O. Morgan, 306 East Winthrop, Avon Park and Mr. and Mrs. Frank Kamarunas, Taylor, Pa.

Rev. R. L. James officiated at the candlelight ceremony, following a program of nuptial music presented by Mrs. James, organist.

Tapering white candles burned in candelabra on either side of the altar, and arrangements of white gladioli, white chrysanthemums and white carnations were in brass pedestal urns.

Wears Satin and Lace

The bride was escorted to the altar by her father, who gave her in marriage. She wore a formal gown of candlelight bridal satin and Chantilly lace, with victorian collar and sleeves, and attached chapel-length train. Her headpiece was of sheerest illusion, entwined in her hair with orange blossoms. She carried a white Bible, topped with roses, rosebuds and ivy.

The maid of honor, Miss Brenda Barr, and bridesmaids, Miss Teddi Satoris, Miss Pam Chaney and Mrs. Ronald Nelsen wore gowns and headpieces of variegated green. They carried nosegays of white daisies. Ronald Scott Morgan of Avon Park, brother of the bride, served as ringbearer, carrying a heart-shaped satin and lace pillow sewn by the bride.

The bride's mother chose a formal gown of peach crepe with jeweled wrists, with which she wore matching accessories and peace rosebuds, in corsage.

The bridegroom's mother wore a formal gown of soft pastels with matching stole and white accessories and a corsage of white rosebuds.

The grandmother of the bride, Mrs. Joseph Weigand of Battle Creek, Mich., wore a blue suit and matching accessories, with rosebuds, in corsage.

Robert Popp of Miami attended as best man and ushers were Joseph Gentlecore, Ronald Nelsen, and Robert Forsythe.

Reception at Friends' Home

Mr. and Mrs. Morgan entertained at a wedding reception in the home of Mr. and Mrs. Ronald Nelsen. The bride's table, overlaid with a white linen cloth, bordered with lace, held a three-tiered cake, topped with a miniature bride and groom, complemented with the couple's silver goblets.

Sprigs of lily of the valley were beside the guest book, with a cloth similar to the bride's table.

Mrs. William Goble of Battle Creek, aunt of the bride, was at the guest book throughout the reception and Mrs. Eugene Hamlin, Sebring, received guests at the door.

The couple chose the mountains of North Carolina for a seven-day honeymoon trip. The bride changed to a white linen and lace ensemble, with matching accessories and carried a single red rose.

The bride graduated from Chamberlain High School, Tampa and is now employed as an airline stewardess.

The bridegroom was graduated from Lackawanna Junior College and served in the Air Force. He is employed in public relations with a cement company in Miami.

The couple, upon return, will reside at 9952 Southwest 82th St., Miami.

MARJ RICHARDSON, well-known Sebring artist and teacher, will have an exhibit of her paintings in oil and acrylic in the lobby of the Avon Citrus Bank during July. Her work includes still life, landscapes, portraits and abstract. She has won many awards, including "Best In Show" at Highlands County Fair this year. Dr. Donna Stoddard, head of the Art Dept. at Florida Southern College in Lakeland was judge at the Fair. This award was made in competition with more than 100 entries. Marj sells her paintings regularly, and also conducts classes in her own studio for children and adults. She has a background of college art training, and studied with Ralph Bagley, of Orlando Junior College. She has also conducted classes at the Highlands Art League, of which she is a mem-

Miss Cribbs And L. C. Weaver Wed In Valdosta

Mr. and Mrs. W. E. Cribbs announce the marriage of their daughter, Patricia Haynes to Lewis Clifton Weaver, son, of Mr. and Mrs. I. D. Weaver of Avon Park.

The wedding took place Friday, June 19 at Valdosta, Ga.

The couple will reside at 114 South Pine Street, Sebring. Mr. Weaver is employed by Swan Industries, and Mrs. Weaver works in the office of Civil Defense.

BRIDGE BEING BUILT

Work has begun by the State Department of Transportation on construction of a bridge on SR 70 at Indian Prairie Canal, West of Brighton. The contractor, Square G Construction Co., Inc., of Leesburg, has 150 days to complete the $132,007 project.

The cost of the first trip of Columbus was some $7,250.00, of which he received $320.00, the ship captains $180.00 and sailors $20.00 each.

Mrs. Rena Smith Holds Dinner Party at Home

Mrs. Rena K. Smith assisted by her sister, Mrs. Edith Young entertained members of the family Monday with an old fashion Southern dinner at her home in DeLaney Heights, honoring Mr. and Mrs. J. L. Riley and daughters, Erin and Heather of Louisville, Ky.

The Rileys are visiting with her parents, Mr. and Mrs. Billy Martin, (Mrs. Riley is the former Judy Martin).

The dining table was decorated in a true Southern tradition complimented by the kerosene lamp burning in the center of the table. Colors of red, white and blue predominated the room, with the main dish of chicken and dumplings and all the trimmings.

Those attending the honored guests, Mr. and Mrs. L. N. Smith of Tampa, Mr. and Mrs. Billy Martin, Joey Martin, Toni, Allan and Tami Cason.

Anita I. Renfro Honored For Life Insurance Sales

Anita I. Renfro was recently honored by the management of the Lake Wales district of Liberty National Life Insurance Company for her outstanding sales of life insurance for the first quarter of 1970. She led the entire district in total sales for the period.

This is the third time that Mrs. Renfro has been the Honor Agent of the Lake Wales District. But winning honors is nothing new to her. She attended Washington University for four years and studied law. After leaving college she spent 13 years as a bookkeeper prior to coming with the company seven years ago.

CARD OF THANKS

I would like to take this opportunity to thank my many wonderful friends who were so kind and helpful to me while I was in Walker Memorial Hospital and during my convalescence at my home.

Mrs. E. E. Sheumaker

A. M. Caruso Dies Burial Held At Bougainvillea

Alfred Montgomery Caruso, 81, of 214 Walker St., Sun Ray Homes, Frostproof, died July 3. He was a retired sales manager for an electrical appliance firm in Trenton, N. J., and moved to this area 10 years ago. He was a Baptist and Mason.

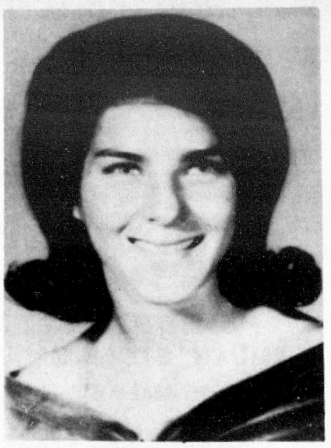
Survivors include his wife, Irene of Sun Ray; two sons, Alfred M. Caruso, Jr., Hicksville, L. I., N. Y., and James D. Caruso of Hollywood, Fla. Also three grandchildren, four great grandchildren and three brothers.

Services were Monday, July 6, 2 P.M. at Stephenson-Smith Chapel with Elder Charles Danforth conducting the service. Burial was in Bougainvillea.

The iron fence around the White House was installed in 1819, during the term of James Monroe.

Health is largely a gift, but one must work hard to retain it.

One may squander inherited dollars in days or weeks, but years are needed to acquire the knowledge that produced it.



MISS NANCY SUE MITCHELL

Miss Nancy Sue Mitchell Is Engaged To Reed Benschoter

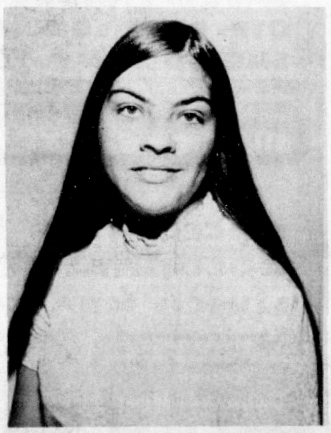
Mr. and Mrs. Lee T. Mitchell of 225 East Walnut Street, Avon Park announce the engagement and forthcoming marriage of their daughter, Nancy Sue to Reed Benschoter, son of Mr. and Mrs. Harvey Benschoter of Sebring.

The bride-elect was graduated from Avon Park High School, and attended South Florida Junior College. She is presently a junior at Florida State University, Tallahassee.

Mr. Benschoter graduated from Sebring High School and South Florida Junior College and is now a senior at FSU.

Wedding plans are being made for September 12, at 4 P.M. in First Baptist Church, Avon Park.

All friends and relatives are invited to attend.



MARTHA ANN MOSELEY, daughter of Mr. and Mrs. Sol Moseley will leave tomorrow, Friday to attend Girls State, in Tallahassee. Martha, a senior next year at Avon Park High School was chosen over five girls from APHS by her speech in March of this year to represent Avon Park at Girls State, by the American Legion Auxiliary, according to Mrs. John P. Arnold. She received the American Legion award in the ninth grade, she also has participated as secretary of the student council, band officer, on the annual staff, a Keyette member, National Honor Society. Girls from Highlands County will board a chartered bus in Wauchula Friday and will stay in Tallahassee for one week.

CRADLE ROLL CALL

Walker Memorial Hospital

Mr. and Mrs. James E. Blake of Lake Placid, are parents of a son, James Edward, Jr., born June 29. Birth weight was seven pounds, nine ounces.

Mr. and Mrs. James M. Williams of Lake Placid, are parents of a daughter, Rosemary Ann, born July 2. Birth weight was seven pounds, 12 ounces.

Mr. and Mrs. William G. Croft of Avon Park, are parents of a son, John Michael, born July 3. Birth weight was eight pounds, 12 ounces.

Mr. and Mrs. Ronald J. Wilson of Sebring, are parents of a daughter, Leann, born July 3. Birth weight was seven pounds, nine ounces.

Mr. and Mrs. Robert E. Leighton of Sebring, are parents of a daughter, Erin Noelle, born July 4. Birth weight was six pounds, 13 ounces.

Mr. and Mrs. Leland P. Whidden of Avon Park, are parents of a son, Leland Paul, Jr., born July 4. Birth weight was seven pounds, one ounces.

Grange Speaks On Drugs And Patriotism

Avon Park Grange met Tuesday evening, June 30 with Master Louise Clarke, in the chair. Letters were received from members in Ohio and New York. New York State Grange held a special meeting in May. They were shocked by the unreasonable actions on the university campuses of the nation. Representing 60,000 Grange members, they adopted five resolutions urging governmental action and action by administrators of the colleges . . . to accept the responsibility of removing from campuses the professional agitators . . . so that the work of education may proceed in a normal atmosphere.

It was voted to recess Avon Park Grange during the months of July and August because several more members will be leaving for the Summer.

The lecturer's program stressed two timely topics: Patriotism and Dangerous Drugs. Commendation by Herbert Hoover—"The Grange not only aids in realizing the conception of a rich and well-rounded rural life, but helps to build into our national fiber ideals of sound citizenship and patriotic service. The Grange is clearly one of the most beneficial forces in life."

The study of drugs brought out where they were raised, how brought into the United States, how distributed, effects of different drugs and rehabilitation of addicts. Opium produced in Turkey may be sold to an underworld broker for $350, smuggled into this country, put up into packets and sold for $225,000.

Two games were played, followed by the patriotic program. Presentation of Flag, Pledge of Allegiance, singing of Star Spangled Banner, talks, poems and readings. Retiring of the Flag. Thought for the day — Remember that AMERICAN still ends with I CAN.

During the social hour, refreshments were served by Mary Haviland.

The next meeting will be held September 8 and will be announced.

Any person who is plugged into current events nowdays is bound to be shocked.

BILL OWENS, owner of Avon Park Motor Company, holds the Distinguished Achievement Award given by the Ford Motor Co. for serving the community with the highest standards of quality representation during 1969.

Avon Park Motor Company Is Recognized by Ford

Avon Park Motor Co., of Avon Park has been selected as one of the nation's outstanding Ford dealerships and has received Ford Motor Company's Distinguished Achievement Award.

The Distinguished Achievement Award is presented "in recognition of progressive management . . . modern sales and service facilities . . . sound merchandising practices . . . high quality standards . . . and continuing interest in rendering superior service to Ford owners."

W. H. (Bill) Owens has been a Ford dealer in Avon Park since August, 1966. The dealership is located at Main and Verona.

Flying Notes

Two new shirttails are on the wall this week. Chester Roberts, Arcadia, and Kit Royer, Lake Placid.

Randy Worthington made two dual cross-countries. The first one was to Lakeland and Winter Haven. The second was to Sarasota and Naples. He took three solo cross-countries also.

Tommy Carmichael made a solo cross-country to Venice and Arcadia. Other solo cross-countries were made by Bill Curtis, Lake Placid and Jamie Trescott, Avon Park. Bill's trip was to Lakeland and Lake Wales. Jamie flew to Orlando and Kissimmee.

Bill Rackley and Randy Worthington flew to Venice in the 172 and spent the day at the beach.

ROBERT L. SMITH, left, buys a new license from Wells Motor Company employee Roy Wingo at the counter which Wells operates to serve Avon Park area residents who want to buy new license tags. The last date to purchase new tags is August 20.

56 Boys Attend Lake Denton Baptist Camp

Fifty-six boys are attending the Orange Blossom Baptist Camp this week at Lake Denton with the Rev. Aden Childress of the First Baptist Church, Avon Park as their director.

Thirty-one (31) churches are participating in the cooperative camp; Highlands, Polk, Hardee and DeSoto Counties represented. These young boys participate in Bible study, mission work, music and recreation, under supervision of skilled personnel.

Boys from the First Baptist Church, Avon Park that are attending: Jack Collins, Jr., Keith Crews, Doug Fletcher, Mike Birt, Rawleigh Turnbull, Dart Edge, Eddy Garner, David Metheny, Clifford Henry, and Grant Stallard.

Counselors helping this week are Raymond Batts, Steve Lawhon, Donald Batts, Wesley Turner and Sherman Drawdy. Dietician for the two weeks of camp is Mrs. Rachael Johnson.

Next week is young girls week at the camp.

Running expenses keep many a wage earner out of breath.

Reassessment of Farm Land Boosts Tax Roll by $19,000,000

The Highlands county tax roll took an $18,937,350 leap upward this year — due primarily to a complete reassessment of all pasture land values.

Assessor J. W. "Billy" Martin unveiled the roll to the County Commission Tuesday, presenting his tentative valuations.

And the good news for taxpayers — other than those whose land was re-valued upward — was that the value of a mill went up from $218,271.97 to $233,990.16.

The jump in the assessment rolls represents a doubling of last year's jump which was $8,-966,663, and compared to the year before that of a jump of $4,801,880.

Martin, in his report to the state of comparative values of the 1969 and 1970 tax rolls for the county pointed out that the reassessment of pasture land values was directed by the State Revenue Department.

About 2,000 pieces of property in the county, representing about 75 per cent of the county's 10,044 square miles, was affected by the pasture land reassessment.

Tax bills will go out the latter part of October.

Adding to a $15,000,000 increase in non-exempt real property was the fact that citrus groves moving into higher production classifications because of age have added to the growth in valuation.

New construction, Martin reported, did not keep pace with the previous year's records. However, mobile homes have increased in greater numbers due to the opening of several mobile home subdivisions. Mobile homes permanently attached to the land are assessed to the landowner, or they may purchase a tag which costs $20.55 to $80.55, depending on length. Ordinarily, on a new trailer, the homeowner is better off to buy a tag.

Martin pointed out that personal property values increased slightly over $1½ million in the past year. However, this is below the normal increase due to reduced inventories and a definite lag in the purchase of new farm and grove equipment.

According to the state Railroad Assessment Board, the county lost $395,510 on railroad property since last year. The county has no control over this assessment.

According to Martin's tentative county valuations, Homestead exempt property climbed $1,122,860 to a new high of $20,-029,760. Wholly exempt property (schools, churches, government, etc.) climbed $1,567,950 to $28,-744,840.

The total value of real estate non-exempt property was listed at $205,412,030 an increase of $14,968,780. Personal property was listed at $24,707,450, an increase of $1,573,270. The total non-exempt value of property rose $16,146,540, to $233,990,155.

The only property to go down was the railroad and telegraph, assessed by the state board, which dropped $395,510 to an assessment of $3,870,675.

ROGERS ANNOUNCES

Congressman Paul Rogers Friday announced his intention to file for re-election to the United States House of Representatives from the Ninth Congressional District of Florida.

We know of nothing worth having that can be obtained without effort.

CARD OF THANKS

I wish to thank all the friends and neighbors for their many cards and flowers, also for all the other nice things they did for me while I was in the hospital and at home during my recent illness.

Flossie Moulton

City Court Has 15 Charged With Drinking or Being Drunk

In city court Tuesday, June 30, 15 people were charged with drinking in public or being drunk and six were charged with improper mufflers to head the list of city violations.

Robert Coleman and Robert Minard were charged with drinking in public. Coleman forfeited a $27 bond and Minard was sentenced to $27 or 10 days.

Cynthia Lee forfeited a $27 bond after being charged with failure to use due care. William Caldwell, Carl Weborg, Otis Brown, Charles Edward, and Ray Craddick forfeited $27 bonds on drunk charges. Charlie Roland, Joe Woody, Quincy Bennett, Stanzie Cravan, Eddie Israil, and Freddie Spires were sentenced with $27 or 10 days for being drunk. The cases against Nell Moore and Gilbert Moore, charged with drunkenness, were postponed until July 14. Transferred to the Sheriff's office because of mental illness was the case for Nell Smith, who was also charged with drunkenness.

Shawn Blackman forfeited bond of $27 after being charged with disobeying a police officer. Julian Moore charged with maintaining a nuisance was fined $52 with disposition being postponed for 30 days. He is to report again to the court on July 28.

Wallace Humphrey and Robert Pickard forfeited bonds of $52 after being charged with reckless driving. Jimmy King was fined $27 or 10 days for failure to use due care and the sentence was suspended. Charles Hood and James Barnes forfeited $12 bonds for disobeying a stop sign. Roy Malcolm forfeited $27 after being charged with driving at an unlawful speed. Clyde Pender, charged with unlawful speed, paid a fine of $27. Paul Carlee, charged with leaving the scene of an accident, forfeited a $102 bond. David Gammage paid $32 for being charged with allowing an unauthorized person to drive. Ernest Stephens paid $27, for not having a drivers license. O'Neal Clemons paid $17 for an improper parking violation.

Cases against Walter George, charged with assault, Robert Pogany, charged with reckless driving, and Donald Laye, Allan Dixon, and James Crocker, charged with improper equipment, were dismissed. Laye, Dixon, and Crocker had to fix their faulty equipment.

James Odell was given a suspended sentence of $27 or 10 days and paid court costs on an improper charge. Jerry Wadel forfeited a $27 bond for disobeying a traffic light.

In two other incidences of improper equipment, John Miners forfeited a $27 bond and Robert Gregory was fined $27.

All Drivers With Birthdays In July Begin Receiving Licenses by Mail

Persons with birthdays in July began this week to receive forms for renewal of drivers licenses, mailed from Tallahassee and returnable in a stamped addressed envelope to Tallahassee.

Former license clerk Welch Fisher said here that from now on all driver's licenses will be renewed in this manner and that licenses can not be applied for locally.

Checks are to be made out to the Division of Drivers Licenses. The old license does not have to be sent in. Keep the signed stub with the old license. It is good for 45 days.

Persons who failed to renew in June or before that now have to go to the Florida Highway Patrol station on Pine Street for examination. From them they will get a temporary receipt good for 45 days until their license can be mailed them.

Examinations for hearing, vision and a road sign test will not become necessary until after January of 1971. And for some, not until 1974. The person to be examined will get a notice.

Here is how it works, Fisher explained. In 1971, persons born in the odd numbered years and whose last name begins with A through M will get notices to appear for examination — the hearing, vision and road sign test. They will pay the Florida Highway Patrol $3 for the test and $3 for the license and be given a receipt good for 45 days until their license arrives from Tallahassee.

The people born in even numbered years, whose last names start with A through M, will come up in 1972. Those born in the odd numbered years with last names starting N through Z come up in 1973 and those born in the even numbered years N through Z will come up for testing in 1974.

Those not called up for testing merely renew their licenses.

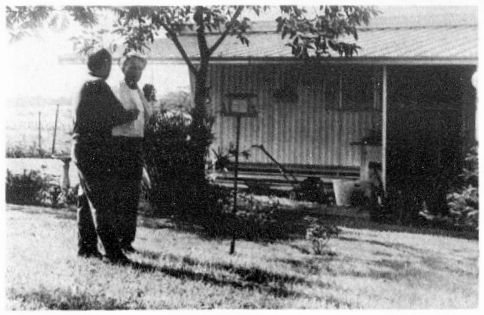
Persons who do not receive the driver's license renewal forms might be those who have an unresolved traffic case, Police Chief Lonnie Curl warned.

Curl said that persons who are accused of traffic violations and fail to appear in court can count on a report of their case being immediately sent to the license bureau in Tallahassee. And their renewal will not be granted until that case has been satisfied.

Also, those who moved since obtaining their last driver's license will automatically be mailed a renewal form to the old address if the license bureau is not otherwise notified.

If the postoffice does not forward the renewal form for one reason or another, the driver must make out a change of address form, obtainable from the county judge's office.

These forms must then be mailed into Tallahassee. Curl urged that persons changing addresses promptly obtain such forms and notify the state.



SHELLY MARRS, left and Richard Sherman stand outside Sherman's mobile home in Bonnie Brae Mobile Estates on Tuesday. Marrs is said to have been target practicing Monday night with a new rifle on his property less than a mile from the Mobile Estates, when some stray bullets hit Sherman's trailer.

Marrs Charged In Freak Gun Accident Here

Shelley Marrs of Marrs Aircraft has been charged by the Sheriff's department with discharging firearms in a public place and has been released on $500 bond as a result of damage done by stray bullets fired during the Monday night target practice which Marrs was conducting on his property West of the city. Deputy Sheriff Wayne Harris stated that Marrs was said to have shot a high-powered rifle and that maximum punishment for such a violation could be six months imprisonment or a fine of $500 or both.

According to Harris, Marrs was shooting at an old car in the open field on his company's property adjacent to the municipal airport. However, the Bonnie Brae Mobile Estates was in the line of fire and two mobile homes were hit in the shooting.

Richard Sherman and his wife's home in the southeast corner of the Estates was hit twice. One time it hit the trailer while Sherman was standing outside his trailer, and according to his wife, Sherman was standing in the line of fire but the shot went over his head and into the trailer.

Mrs. Frank G. Robertson's mobile home was hit three times in different places, with one bullet going completely through her kitchen cabinets and landing in the living room. The other two went to different places in her home.

AARON CRAVENS, Avon Park High School Principal, is inducted as a new member into the Rotary Club by Andrew Miracle, a teacher at the high school.

(Continued from Page One)

the ones who went the farthest.

Al Yarbrough placed second in the men's division of the tournament by playing into the cup of the first hole on the second round. Ricky Dressel shot to aproximately 12 feet from the first hole to take third place. Fred Sandlin took fourth place by playing to about 19 feet from the number one hole. J. O. Allen took fifth place, Aaron Cravens placed sixth and Pete Peterson placed seventh.

Nell Redd took second place in the Mixed Twilight tournament with a score of net 17 for nine holes. Frank and Libby Hall placed second with a net 22. On Wednesday, the Pro-Am points tournament was won by Bob Barben, John Gray, Hugh Dowling, and George Hurst with a score of minus two. Ruth Stevenson took first place in the Ladies' Day tournament Thursday, July 2, with a low net of 42 on the back nine holes.

Man's greatest asset is time. Wise people waste little.

Some gals are such poor drivers that they should get a season ticket.

The expression "Don't look a gift horse in the mouth" has been traced back to 400 A.D. and is widely used in many languages.

Only two major improvements have been made in bread-making over the past 10,000 years—yeast and vitamin enrichment.

Have We Done Our Best?

By DAVE LLEWELLYN

Imagine an artist standing back from his newly-finished canvas and studying it intently. He holds up his thumb to check proportion and perspective. He scrutinizes each brush-stroke for fineness of curvature and detail. He squints, and varies the lighting, to evaluate the balance of color and contrast.

Finally, with hands on hips, the artist announces, "It's my masterpiece. But it is ugly."

Ugly? The creation that represents the sum and excellence of his talent and experience, the best production of which he is capable—and he calls it ugly?

If he had tried to portray ugliness his creation would have been an achievement—but no. He was trying to synthesize beauty.

Yet ugliness is what he produced.

Obviously, something is wrong.

What Went Wrong?

It could be that he didn't try hard enough. Or, he didn't have the proper materials. Or someone else destroyed the creation.

But these did not happen.

He gave it the best of his time and resources and protected it from any possible tampering.

No, the fault had to be more basic. Perhaps he was not born creative. Maybe he trained under an inadequate master. Or he might be incapable of comprehending the nature of beauty.

Somehow he failed, though he gave it his best.

It seems a pity. Actually, it is much worse, for this artist is us—and the creation is our world. It is a tragedy.

"The World: Man's Masterpiece," we will title it. You don't need me to tell you what it looks like. Stand back for a moment now and judge it for yourself.

Could you imagine someone stepping back from the world, with a critical eye surveying the whole, and declaring, "I like it. It is very good"?

It's impossible. Indeed, it seems impossible for most people even to imagine a world in the far future of which it could be said, "It is very good."

Why is it impossible? Not because we haven't tried. The best efforts of the best of men have been negligible. The fault is more basic.

We have produced a world with spots of superficial beauty in pervasive ugliness. In doing so, we have reproduced ourselves.

True Beauty

To what true beauty there is in the world we have contributed almost nothing. We point to trees, parks, rivers, birds, wild life—everything from the lark to sunset—as the outstanding examples of our world's beauty. None of it was our doing. All of it, in fact, was more beautiful before we came along.

The artificial beauty that we have created is almost exclusively a reflection of the natural. Modern art is a rebellion against just this fact—that in all things beautiful nature had it first.

Who made this beauty? The Bible says, "God saw everything that He had made and, behold, it was very good."

He could make our world good again.

DR. ROBERTO CASO is the new pathologist serving Highlands General and Walker Memorial Hospitals. Until now, the hospitals have had to depend on laboratories in Ft. Myers for pathology.

Mazac Has Surgery

Joe Mazac, salesman, for Avon Park Motor Company, has been in the Miami Heart Institute undergoing surgery. He was discharged Saturday and will stay with his daughter, Mrs. John R. Sheridan, in Miami for about a week before returning to his home.

Joe wishes to take this opportunity to thank his friends for the many cards and flowers sent him during his hospital stay.

Avon Park Man Receives Severe Burns

A 21-year-old Avon Park man was still in serious condition in Highlands General Hospital today, but reported improved after receiving severe burns of the upper trunk, arms and lower face Friday.

James Clark, 21, working for Charles Baker in a grove off State Road 66, was putting gas in his farm tractor on State Road 66 adjacent to Sparta Road at 10:20 A.M. when there was an explosion. He drove the tractor to Sebring Heating and Air Conditioning on Sparta Road and one of their men took him to the hospital.

The fire spread to surrounding grass areas where the explosion occurred and burned about two acres before being extinguished by the Florida Forest Service.

WILL HOLD MEETING

The Highlands Chapter No. 42 of Royal Arch Masons will hold their slated meeting, Tuesday, July 14 at 8 P.M. at the Masonic Temple, Avon Park. Visitors are welcome. Refreshments will be served.

Want to see a real fireworks display? Drop in at our house when we're two hours late for dinner.

RONALD WHITE, South Florida Junior College student fills rain washed gullies and levels the soil with a rear mounted scraper blade in preparation for planting Paraguain 22 Bahia grass seed at one of the junior college entrances.

Conviction Upheld In Reckless Driving Case

A jury conviction of reckless driving on Bernard McLeroy of Avon Park was upheld on appeal and he was sentenced last week in county court to pay a fine of $250 or serve three months in jail and to lose maximum points.

Other fines handed out to Highlands County people were:

Helen Christian, Lake Placid, assault and battery, $16 or five days.

William G. Bince, Sebring, assault and battery, $26 or 10 days.

Elizabeth Ann Dressel, Lake Placid, unlawful speed, $26 or 10 days.

Charles Wayne Marshall, Avon Park, unlawful speed, $26 or 10 days.

Dennis Howard Sides, Lake Placid, unlawful speed, $26 or 10 days.

Ernest S. Stephens, Avon Park, unlawful speed, $26 or 10 days.

Andrew Charles Werner, Lake Placid, unlawful speed, $26 or 20 days.

Estreating bonds were:

Ruth Turner Wilson, Sebring, unlawful speed, $36.

Vernice Kyle Downs, Avon Park, unlawful speed, $35.

Robert Wells Germaine, Sebring, unlawful speed, $35.

George Dewey Stewart, Sebring, failure to drive within a single lane, $25, no driver's license, $25.

Victoria London, Avon Park, assault and battery, $50.

Travis Will Head United Telephone

FORT MYERS—L. E. (Larry) Travis, chairman of the board of United Telephone Company of Florida, will become president of United System Supply, Incorporated, in Kansas City, Mo., effective August 1, it was announced today. United System Supply is the purchasing and warehousing arm of United Telephone System.

Travis was elected president of United Telephone Company of Florida in August, 1967 and held that post until earlier this year when he was elected chairman of the board.

Troop 814 Attends Camp Flaming Arrow

Eleven scouts of Troop 814 attended a week summer camp at Flaming Arrow east of Lake Wales this past week. Attending were: Chuck Behal, Larry Greene, Kent Filppula, John Johnston, Charles Klein, Robert Norris, Tommy Johnston, Dennis Hill, Jan Johnson, Johnny Pipkin and David Hamm.

Scoutmaster C. Johnny Johnston and Dick Hamm, Finance Officer took the scouts to camp and back. Capt. Curtis McMarrell spent the week with the troop assisting in instruction and various forms of Scoutcraft. He was assisted by John Pipkin.

Seven members of this troop received the Bald Eagle Award. Charles Klein and Larry Greene received certificates for the mile swim completed at camp. All scouts made great advancement along the scouting trail with several completing Second Class requirements. Charles Klein completed First Class. Outpost overnight camping trip was made by Johnny Johnston, Larry Greene, Robert Norris and Charles Klein.

A full week of fun and work was highlighted with three campfires during the week with parents and Cub Scouts attending as guests Wednesday night. Scouts from more than 20 troops exchanged stories and joined in the skits and songs. Scoutleaders were honored at special ceremonies on July 4th and awards given to the troop with best maintained camp for the week. The National Camp Inspectors also paid a visit and gave the camp an A-100 rating.

Avon Mobile Home Park News

By RUTH E. ROBINSON

Activity has been on the upswing this past week since Emmette and Sallie are back and visitors from Dearborn, Mich. have arrived for almost two weeks. They are Mr. and Mrs. Nevin (Doris) Shearer, son and daughter-in-law of Mrs. Mildred Shearer with their children, Jeannette, Lynn and Nevin, Jr. They are vacationing in their mother's trailer home. The following sights have been on their program and enjoyed very much: Cypress Gardens, Silver Springs, Weeki-Wachie, Highlands Hammock, Spook Hill, Bok Tower, The Masterpiece, Busch Gardens and Sunken Gardens. Plans for this week are to visit St. Augustine, Marineland and Cape Kennedy. Nevin, Jr. was especially interested in seeing the Detroit Tigers Winter practice stadium in Lakeland. It was a pleasure to meet this fine family of our friend Mildred Shearer, who is now on a conducted tour of the New England States.

We also enjoyed meeting Sallie's brother and his wife, Mr. and Mrs. Eugene Miller (Geraldine) with their daughter, Judy. They participated in a game of shuffle while here and Judy swam and sunbathed in Lake Verona. They are planning to return to Huntington, Va. this week in their travel trailer.

Most of our summer residents and visitors found the films last week interesting and educational. One was a T.W.A. film on Africa, and one on the Florida Barge Canal.

We hear that Mr. and Mrs. Basil Krontz are having a happy, busy summer in Indiana. They recently attended the wedding of their granddaughter, Reva Armstrong to Lane Brown. Bride and bridegroom are both planning to finish college.

Mrs. Lulu Maddrell spent a week with her friend, Mrs. Mary Hasley in Winter Park, and returned home on Friday.

Mr. and Mrs. Sylvan Baker write that they have just returned to their home in Ohio from a camping trip to Pennsylvania and New York; also visited Mrs. William Near and quite a few of their friends who live in Florida for the winter months. They are enjoying nice weather even though the rains come and turned all foliage a lush green, requiring more grass mowing (between camping trips).

Mr. and Mrs. Glenn Long want to be remembered to their friends in our park. They have been busy caring for their Northern home, both inside and out, doing some painting on the house. Glenn had a minor accident with a ladder, giving him a gash on the head which is healing nicely. They have begun "training" for winter activities by walking each day, to keep in trim.

Mr. and Mrs. Charles Clemmons write from a pretty site overlooking a lake only 60 feet away, in Kalamazoo, Mich., where their home is located, that they have had some good catches of bluegills. They are still picking red and black raspberries.

Mr. and Mrs. Orval Marshall write that they have sold their home but will stay in it until the middle of September. Future plans have not been settled as yet. We all sincerely wish good health to both of them so we can welcome them back as neighbors next fall.

Mrs. Nila Sherman writes that she is busy baby sitting, and also has another great-granddaughter, Anne Faith La Fountain, eight pounds, four ounces, born on June 11. Nila has found meaningful fellowship with friends in a Christian share group. Many prayers are needed to help so many with today's problems.

How do you measure family financial achievement? A home of your own, children's education funds and comfortable retirement are some of the yardsticks against which to measure. The savings programs of our "builders of happiness" are the means to these ends.

Through the years we have encouraged our savers by paying the highest interest consistent with good management. These savings dollars have been employed to help thousands of families achieve debt-free home ownership through our flexible, economical home financing.

Our association's steady growth is the yardstick by which your progress as "builders of happiness" can be measured. As your "family financial center," we encourage you to continue making financial progress. Open an account or add to your existing savings account by July 10th... earn full interest from July 1st.

Winter Guest Club News

ELIZABETH CLARKE Phone GL 3-6733

Shuffling

Six courts of folks turned out on Wednesday evening. Chris Cabezas and Elmer Goode were the winners over Lawrence Robinson and Grace Warner. Charles Romilly and Gertrude Fensterman won in consolation with Doc Fields and Lillian Hayes the runners-up.

Everyone was glad not to shuffle on Saturday evening to have the wonderful shower we needed so much.

Mystery of the missing shuffleboard chip: On Wednesday evening chip No. 4 black flew out of Illeon Kull's hand, hit the sidewalk and disappeared. Everyone on the courts and on the porch joined in the search. Cars were moved, bushes shaken, pocketbooks emptied, trouser cuffs turned down, but not a sign of the missing chip.

Saturday the mystery was solved, when Lillian Hayes proceeded to launder the dress she had worn on Wednesday evening. Lo and behold, in her pocket was the missing chip!

Pinochle

Twelve folks do not miss the pinochle session on Monday afternoon. Bill Benson came in high with 749 with Sarah Kerr the close second with 722.

Dances

Art Gorsuch is trying to keep the dances going for the summer, and doing a good job, Friday evening there was a square and a half.

Supper

Saturday was the Fourth of July so 36 people who live here the year round gathered together for supper. The Clay Kulls and Olive Kerwin were the hosts. All joined hands for the table grace. A program of a medley of patriotic songs were played on the piano by Arthur Richter, who resides in one of the Golden Age Villas.

News of the Week

Mr. and Mrs. Charles Romilly have had as their guests, Mrs. Myrtle Williams and Mrs. Lillian Richards of Daytona Beach and Niagara Falls, N. Y.

Burdette and Allene Howard arrived safely in Jamestown, N. Y. and are well situated to enjoy visiting with old friends and neighbors.

Edith Stevens has discarded her cane, so we know she is doing right well in her home in Allegan, Mich.

The Glen Longs are enjoying the summer in their home in Plantsville, Conn., gardening, painting, and all the things one does in a home.

This reporter is now back on the job, after a six week vacation in the North, visiting her daughter in Kansas City and friends and relatives in Hanna, Ind. and Berrien Springs, Mich. Winter guests she visited were Harold and Ruth Wolcott and Mildred and Floyd Riborty, and Maynard and Josephine McKinnon in Buchanan, Mich., also Edwin and Minnie Swanson in Door Village, Ind. The Wolcotts live in Rolling Prairie, Ind. and the Ribordys on a farm near LaPorte, Ind. Wonderful time, but it's good to be home.

Henry Troutfetter came through his intestinal surgery successfully this past week. He is recuperating at his home at 18 E. Mich., New Buffalo, Mich. 49117.

Never be late for an appointment and you'll spend an awful lot of time waiting for the other party to show.

Scout Achievements Accomplished By Troop 156 While at Camp Flaming Arrow Reservation

Members of Boy Scout Troop 156 returned home Saturday following a very successful week at Flaming Arrow Scout Reservation.

Among the accomplishments achieved during the week was a mile long swim by Scouts Bill Peters, Eddie Williams and Fred Starr.

Scouts Tony King, Glenn Stone and Randy Rich completed the First Class requirements. Scoutmaster Larry Hooper and Eagle Scout Bill Peters were selected for membership in the Order of the Arrow, a society of honor campers.

Other Scouts at camp were Jeff Whitehurst, Darrel Zoller, David Reynolds, Walter Newton, Calvin Livingston and Butch Farless.

Troop 156 has extended a special thanks to Rev. Duane Zoller, pastor of the First Methodist Church, who acted as camp leader and spent the week in camp with the boys.

Scoutmaster Hooper has also announced that a new Assistant Scoutmaster, Carl Peters, has joined the troop. Mr. Peters has previously served as Cubmaster, Assistant Scoutmaster and Scoutmaster. The Peters family moved to Avon Park recently from St. Petersburg.

Troop 156 will continue to hold meetings during the summer months, with a full Scouting program. Any boy who has reached his 11th birthday can be a Scout. Further information can be obtained by attending meeting.

GOLDEN PASSBOOK ACCOUNT

TROPICAL Bank & Trust Company
SEBRING, FLORIDA

OUR GOLDEN PASSBOOK ACCOUNTS PAY 5% Per Annum

You can start your Golden Passbook with $1000 and add deposits of $100 or more.

Realty FIRST

We have many discriminating owners who object to signs in front of their homes.

There are very, very few properties listed for sale that are not listed with us also.

Let us help you to be sure you get the home of your choice.

We make all arrangements to obtain necessary financing.

Relax and let us do the leg work.

DR. WILLARD PEARCE

Junior College Adds Three New Teachers To Faculty

South Florida Junior College recently added three new members to the faculty in the college parallel division. These additions and others forthcoming are expected to aid in maintaining small classes and high quality education for which the college has an outstanding reputation. The percentage of success of South Florida Junior College graduates who have gone on to four-year institutions is unequalled in the state.

Dr. Willard Pearce, originally from Central Florida, will return to this area with his wife, Patsy, and three children to teach physics. Dr. Pearce earned his BS cum laude from Florida Southern College, a Ph.M. in physics and math and a Ph. D in physics and astronomy from the University of Wisconsin. His experience in industry will add to his value as an instructor at the college.

Harley Mays, his wife, Joanne, and three children will be coming from Twinsburg, Ohio, where he is currently—Finance Director of the city of Twinsburg. He will be an instructor in Business Administration. Mr. Mays earned his M.B.A. from Akron University, Akron, Ohio, and has practical as well as teaching experience in several phases of Business Administration.

Donald Applequist from Indiana will be an instructor in the biological sciences. He earned his M.S. in biology from Ball State University, Muncie, Ind. and has had further graduate study at Florida State University. Mr. Applequist is interested in conservation and the Boy Scouts. He and his wife, Bernadette, will be a welcome addition to the community.

Additional announcements relating to faculty and staff appointments will be made in the immediate future.

COACH JOE FRANZA . . .
To be honored at Gainesville

Franza To Receive Award At Florida Coaches Meeting

Avon Park High School athletic director and head football coach Joe Franza has been honored by the Florida Athletic Coaches Association and will receive the association's Life Membership Award on August 1 at the annual awards banquet to be held at the University of Florida Reitz Union in Gainesville.

The award is given in recognition of Coach Franza's fine contribution of service and performance to the high school athletic program and to the coaching profession. The association expressed its appreciation for the work that the Avon Park coach is doing or has done for high school athletics.

Coach Franza has just completed his 20th year as a coach and physical education instructor at Avon Park High School. He has served as head football coach and athletic director for 18 of those 20 years. The Red Devils have won many honors under his leadership and the teams have amassed an amazing record of victories.

The parents and athletic fans of Avon Park and the surrounding area are proud of this honor the state association is bestowing on Coach Franza for the Avon Park community knows that the contribution this man has made to the lives of hundreds of boys is immeasurable.

County Costs Up But Taxes Stay At 13.5 Mills

The cost of county government is rising, but the tax bill to Highlands County property owners will remain, for the second consecutive year, at 13.539 mills.

This is divided among the county schools, 8.2 mills; county commission, 5.274 mills and Highlands General Hospital tax district, .065 mills. Taxpayers within the Central and Southern Florida Flood Control District have slightly higher millages.

Biggest jump in costs is within the county commission budget where the total budget figure is up more than a quarter of a millions dollars.

The "big three" of the total — the general fund, fine and forfeiture and road and bridge funds — are up to $1,967,000 compared to $1,717,210 for 1969-70.

The general fund reflects the sharpest rise — from $820,000 to $927,000. Commissioners noted that a large slice of the increase goes to the county welfare department which has experienced severe budget troubles since the enactment of the statewide Medicaid program.

Under this program the county is automatically billed for 25 per cent of the cost of hospitalization of welfare patients who remain in the hospital for 12 days or more.

Shift Costs

The commissioners brought the road and bridge budget within current millage by shifting a $40,000 piece of equipment out of the 1970-71 budget into the budget for road and bridge equipment set up under the race track bond money.

Last year County Administra-

(Continued on Page Three)

Reserved Tickets For Football Games On Sale at High School

Reserved seat tickets for the 1970 Red Devil home football games went on sale this week at the Avon Park High School office. Anytime between now and August 14 fans who already hold a reserved seat from last season may renew that same seat for the price of $3 per seat.

From August 17 through September 4 those who have renewed their tickets but wish to exchange them for available seats may do so and then on September 8 the tickets which have not been purchased will go on sale to the general public through September 18.

The high school office will be open week-days from 8:30 A.M. to 12 noon and from 1 to 4 P.M.

Also on sale will be season tickets for the five home games. Admission prices are being raised for the coming season from $1.50 to $2.00 for adults and from 75c to $1 for students. A season ticket will cost $8 and save the purchaser the price of one game and will also admit the holder to all junior varsity and junior high home games next season. Elementary students will be able to purchase advanced tickets to the home games for 50c instead of the gate price of $1.

Coach Franza admitted a real hestiancy to raise admission prices but explained that insurance had jumped from $12 to $25 over the past years, equipment costs had risen drastically and transportation costs were up. He also stated that it was his understanding that Sebring and Lake Placid schools would have corresponding admission prices this fall.

Coach Franza also added that a student season ticket was a possibility and would probably be offered for $5 and include entrance to all "B" squad and junior high home games.

School Board Holds Line On Taxes

With a small increase in state support and a big boost in county tax values, Highlands County School Board has been able to meet increased costs without raising taxes.

The county board has set a millage of 8.2 mills to support its share of a $4,535,983 current operating budget. County ad valorem taxes supply $1,822,778 or a little more than 40 per cent of the operating budget.

The timing of the $4.5 million bond sale brought the cash but not the cost for school construction into the 1970-71 budget. Superintendent George F. Douglass said the real burden of financing the county-wide building program will hit the 1971-72 budget.

Total budget for Highlands County Schools in the coming year — including current operating, debt service, capital improvement and federal funds coming in through contracted programs — is $9,984,238.

Salary Costs

Aside from the building program, the largest cost in operating the schools is salaries. Salaries for teachers are budgeted at $2,514,426. This is an increase of $184,363 over last year — and more than off-sets the $160,000 increase from Minimum Foundation Program.

The total salary figure is more than $3,381,642 — including $16,200 for school board, $16,500 for superintendent, $100,654 for secretaries and clerical assistants and $59,952 for administrative salaries.

Bus drivers' pay is included in the $117,386 budget for pupil transportation services. Transportation Officer Garland Boggus explained that the $25,719 increase in this budget is accounted for in three ways — adding a new bus run in the Sebring Shores area of Sebring, a new run in Lake Placid and one in Avon Park; pay increases for the drivers and a program of preventive maintenance for school buses.

Under capital outlay—a budget of $157,703 — a total of $42,000 is earmarked for purchase of five new school buses and a pick-up truck. The new buses will replace some of the 11 buses now over 10 years old.

Travel Down

With the approval of the county's desegregation plan, travel by the board attorney and superintendent will be less next year, Supt. Douglass said in explaining a budget cut.

The current operating budget for 1970-71 is approximately $96,596 larger than the one for 1969-70.

Public hearing on the budget is set for Thursday, July 23, 2 P.M.

After the hearing here, the total budget must be certified to the State Department of Education for approval.

MARTIN RELEASES TAX FIGURES

County Tax Assessor Billy Martin has released the 1970 figures for the assessed value of Avon Park real estate and personal property which is subject to tax. According to Martin, the assessed value of real estate is $21,729,320, an increase of $455,430 over 1969, and the personal property valuation has increased $440,290 to a present figure of $6,751,590.

Council Will Hold Special Meeting Tonite On Elections

The Avon Park City Council acted on several important city issues at their regular meeting Monday, July 13, including further discussion on the date for city elections. The Council also voted to approve a cooperation agreement between the City of Avon Park and the Avon Park Housing Authority in connection with the Authority's application for 150 additional units of housing which was sent to the Department of Housing and Urban Development.

The Council will meet tonight (Thursday) to revise and approve the operating and debt sections of the city budget and to decide when the city will be able to hold their elections and still comply with the state law. The meeting will convene at 7:30 P.M.

City elections are presently in a turmoil as the city council learned that it is impossible to have a December 1st election unless the election date as stated in the city charter is changed. According to City Attorney Jack Hancock, movement of the election date to a date over 30 days from the date included in he charter requires a change in the charter, and the charter can be changed only if a three-fifths vote of the council and a majority vote of the Avon Park residents favor the change.

The election was scheduled to be held September 8, but the state chose this date to have their primary elections. The situation is further complicated by the fact that the state statute require the city's books to be opened 90 days prior to the election date so that those seeking office may qualify and to give residents an opportunity to register to vote. Then the books are to be closed 31 days before elections. If Avon Park were to return to the September date, the books should have been opened about June 1st, and should be closing about August 1st, which would leave only half a month for people to qualify and register to vote. The Council will discuss this matter tonight (Thursday) in a special meeting at City Hall.

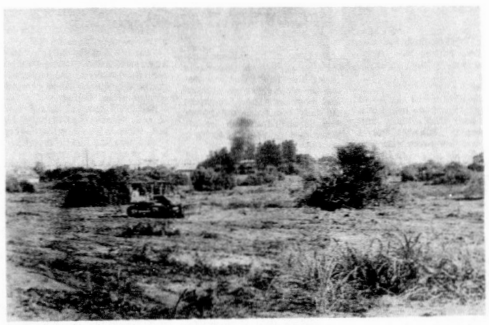
Other Council Action

The councilmen voted to replace all existing junior luminaire with mercury vapor lights and to add 12 street lights on the stretch of US 27 from Main Street to the edge of the city limits.

Shelley Marrs, who operates Marrs Aircraft, offered to pave a strip of city property near his building and then pay the city $10 per month rent on the property for 16 years. The Airport Committee recommended that Marrs lease the area on a month-to-month basis. Councilmen Russell Scott and Milton Howard favored Marrs' 16-year rental plan, but Councilmen Dan Serdynski and Durrell Martin opposed the idea. In the absence of Mayor Barben, President Jack Duggan sat as mayor and therefore did not vote on the issue.

The city clerk was authorized to send a letter to the Atlanta office of the Housing and Urban Development requesting a hearing in connection with the city's application for $500,000 to be used in the proposed construction of new city-wide water and sewer facilities.

JAMES "BUDDY" McROY pushes trees in to the fire at the site where the new high school will be built on the Bombing Range Road. Whitaker Brothers, Inc., of Lake Placid, is doing the land clearing for the school.



HUNDREDS OF ORANGE TREES were pushed down last week as Whitaker Brothers, Inc., of Lake Placid, cleared the land so construction can begin on the new school on State Road 64 (Bombing Range Road).

County Saves More Money On High School Site Clearing

When Highlands County School Board awarded the contract for construction of the new Sebring and Avon Park high schools it dropped site clearing from the contract to save money and it may wind up saving more money than it had expected.

Bids for site clearing and grass planting were opened at the school board meeting July 9 and bids ranged down to $600. The lowest bid submitted by the contractors was $8,000 and three bids were $20,000 or more.

Three bids were opened at the board meeting last week. Farr Equipment Co. bid $300 for clearing of each site and for planting grass without green mulch the bid was $1,516 for the Sebring site and $1,545 for Avon Park for a total bid of $3,705.

Woodrow Waldron bid $1,062 to clear the Sebring site and $1,035 for Avon Park. He did not bid on grass planting.

The high bid was Whitaker, a total of $16,128: in Sebring, $1,398 for clearing and $6,786 for grass planting; in Avon Park, $1,353 for clearing and $6,600 for grass planting.

All the bids were turned over to the schools' architect to be checked against specifications.

Tournament Rained Out

The Mixed Twilight Tournament usually held at the Avon Park Golf Course was rained out last Tuesday, but all teams played in Wednesday's Pro-Am Tournament.

First place went to Andy Miracle, Gus Sullivan, Al Yarbrough, and Jim Turnbull with a points score of plus 28. The teams all played the course's front nine holes twice, once using the men's tees, and the other time using the women's tees.

J. HOMER BIBLE was hit by a southbound Seaboard Coast Line train Friday morning at the Bell Street crossing. Bible was hit in the left front fender by the front of the train and pushed out of the way of the train. The train came to a stop 14 train-car lengths later. Bible, who was uninjured, stands near the left rear fender of his car while Avon Park Police Chief Earl Gordon investigates the accident.
