BUREAU OF ALCOHOLIC REHABILITATION

alco- topics

By JOHN A. WILLIAMS
Editor, Information Services

Truth is the key

That is the simple, short sentence that struck this writer while reading "Drug Abuse in Florida," a booklet just issued

by a report by the Governor's Task Force on Narcotics, Dangerous Drugs and Alcohol Abuse. The task force findings were accurate and to the point. For instance it is now known that the abuse of alcohol is unrivaled by any other drug being used in the state and country today.

It was also noted with equal emphasis that the alcoholic is often the head of a family, a well respected business man, a factory worker, a government executive, a physician, an office employee or a householder.

The overwhelming percentage of alcoholics appear to lead respectable-conventional lives. Findings showed that the problem of alcoholism still seems largely ignored. The public is preoccupied with the mystique surrounding the issue of young popular drugs.

The alarming, hard core facts about alcoholism are not widely known.

We here at the Bureau of Alcoholic Rehabilitation know there are 180,000 alcoholics in the state. This compares with two to three thousand for possibly more heroin addicts. The figures speak for themselves.

Alcohol is known to play a large part in the state's percentage of suicides and of course it is a contributing factor behind many fatal automobile accidents.

Blame for public apathy and ignorance about alcoholism is pointed in many directions, the report says. Mainly, vested interests and widespread, respectable use of alcohol, makes its characterization as the nation's number one abused drug. Statistics indicate that the employed problem drinker costs Florida industry \$72 million annually, and that critical need exists for both in- and out-patient facilities to handle alcoholic cases.

It was also noted that next to alcohol, barbiturates are the most widely used and abused of the depressant drugs, and when taken in large uncontrolled amounts are potential killers.

Of course, you also need more statistics that we could throw at you if we had the space. But if you want to know more about Florida's number one drug problem, alcohol, simply drop a line to the Bureau of Alcoholic Rehabilitation, Information Services, Box 1147, Avon Park, Fla. 33825.

This is one place where you can tell you if alcohol will turn you on or turn you off — permanently!

Health "Insurance" For The Traveler

If your family plans a trip this summer, better give some thought now to the things you hope won't happen.

What do you do about heaven forbid—if someone becomes seriously ill hundreds of miles from your doctor and the home-town hospital?

What precautions can you take to prevent or alleviate the less-serious, trip-poppers — toothache, diarrhea, headache, aches, cuts, bruises and the like?

First a medical checkup for each member of the family before you set out makes good sense. In anyone taking medication regularly? If so, ask your doctor for a prescription so you can have it refilled if need be. At home or on the road, nothing's worse than a toothache, so visits to the dentist are in order, too.

If you'll be camping or otherwise exploring the hinterlands, be sure everyone's immunization shots are up to date, especially for tetanus and typhoid. For most overseas travel, the government requires proof of smallpox immunization, and sometimes against other diseases, before you can get back in this country.

Of course, you can't buy advance protection against some ailments.

A compact well-stocked traveler's medicine and first aid kit is a good bet. Band-aids, aspirin, a motion-sickness remedy for the potentially car-sick or air-sick might be a good idea—especially in a small town, a campsite or

foreign city where a drug store may not be available. You might ask your doctor for suggestions on what to pack.

Some common problems you may want to prepare for: diarrhea, which is aptly called the tourist's disease — at home by the traveler. The change of drinking water or eating uncooked fruits or vegetables may trigger an attack. Many seasoned travelers take along Kaopectate, which is packaged in an unbreakable plastic bottle, for such an emergency.

The inevitable minor cuts, bruises and abrasions: you'll want soap, water, bandages and perhaps an antiseptic ointment. There are several reputable products. Mycitracin for example, that is helpful and have the advantage to the traveler of being non-stinging, having no odor and not staining for most fabrics.

Make a mental note of the larger towns and cities along your route which are likely to have adequate medical facilities in case you're faced with a crisis. Perhaps your local medical society or physician can give you some advance information on this. Check on your medical insurance before you leave — and don't forget to carry proof of coverage.

A final word of caution: Don't be too much of a hurry to get where you're going. In other words, don't spoil the fun by driving yourself to exhaustion. A good rule of thumb is, limit daily traveling to 300 miles and get off the road by 5 p.m.

Teach the Bible In the Schools?

The Bible may be taught again in the schools of Washington, D.C.

For many years it was understood by educators that schools should emphasize the development of right attitudes. Everyone agreed that sound principles of morality should be taught along with the three R's.

However, a new philosophy of education took over some while ago and the teaching of morality, integrity, and nobility of character was thrown out—with results that can be seen everywhere in our country.

Of course, the blame is not that of the schools alone. Our whole society must be held accountable for the fact that the really worthwhile values of life have been downgraded in the pursuit of material abundance.

Shocking Consequences

Early this year, the residents of Washington — our national capital — were dismayed when it was reported that a 15-year-old boy had been shot to death by a gun in the hands of a friend.

On the same day a 14-year-old was shot in the hip with a pistol as he and a fellow student engaged in a friendly scuffle in a school corridor.

Police were ordered to patrol all 46 of the city's junior and senior high schools.

But this is obviously not the way to solve the problem. The condition must be remedied by a change in the attitudes of students — not just by prevention of violence.

A committee has studied the situation and has now recommended that the Bible be introduced into the schools as a

part of the English courses to be read as literature.

The committee has also proposed that the schools make a definite effort to teach students "positive attitudes, such as magnanimity, forgiveness, love of right and truth, and faith in the friendliness of the universe."

The program of Bible reading and the inculcation of desirable traits of character has been endorsed by school administrators, the ministers union, and PTAs.

Some of us might have preferred that the last-named item be presented as "faith in the love of God," but probably the committee was restrained in this by some court decisions.

On the Right Track

Anyway, maybe we're on the way to a major improvement in the strength of character. They have often been hampered in their efforts by obstacles thrown in their way by adults who have sometimes seemed to be oblivious to the most vital matters while stressing the less important.

It is too much to hope that in our lifetime we will again recognize the fact that "The fear of the Lord is the beginning of knowledge."

As the students of Washington seek to resolve the problem, perhaps learn that "To depart from evil is understanding."

Nothing but good can come from exposing the minds of students to the great truths of the Scriptures.

Perhaps this idea should be considered for adoption in other cities, too.

Reubin Askew Brings Campaign For Governor To County

About 400 people paid \$2.50 a ticket for political barbecue at the W. J. Scarborough ranch near Lake Placid Saturday night.

Governor candidate Reubin Askew and his running mate Tom Adams.

The candidates referred to themselves as the "Double A Team." And they found a doubly warm welcome—a friendly crowd and 90 plus degree weather.

Gathered under a big blue tent set up on the ranch, the crowd drank icy cold tinned soft drinks and heard the two good-looking young men appeal for their votes.

Former Secretary of State Adams described Askew as one of the five outstanding young men of Florida, an outstanding legislator (as chosen by the capital press) and winner of the Jaycees' good government award.

They heard Askew describe his running mate as the best administrator in state government, who won the administration award three times. And Askew made it clear he's "the best man running for lieutenant governor."

Lake Placid's Hayward Davis, who currently is county prosecutor, introduced both men, who he knew for several years when he was in the Legislature.

"Why am I for Reubin Askew?" Davis asked. "He never broke his word. One nationally known columnist refers to him as the only honest man running for governor."

crawl with the arms and the breast stroke with the arms. They also had to swim 50 yards with the elementary backstroke, 100 yards with any selected stroke, do front and back turns and do the survival float for five minutes. They had to tread water for one minute, float for one minute, swim underwater for 15 feet, do a standing front dive, know some rescue skills and then finish off with a five minute swim. Those completing the course were: David Reynolds, Linda Vance, Nancy Williams, Laura Hill, Tracy Serdynski, Kelly Serdynski, Billy Barker, Barb Barben, Bubs Maness, Georgi Ann River, Kim Smith, Joan Johnston, and Lee Dunklee.

Altogether there were 82 different boys and girls enrolled in the six classes taught by two recreation instructors during the three week period.

Three teenagers successfully completed the senior lifesaving course taught by Leon Garner. They were Lani Newton, Cindy O'Steen, and Rick Lander. Seventeen youngsters passed the junior lifesaving course which was also taught by Mr. Garner.

Those passing this course were: Bill Murphy, DeWitt, Mary Linda Derkm, Margaret Lynn Miracle, Tim Massey, Jane Eberle, Laura Clark, Connie Tillis, Mary Wright, John Mickunas, Jay Mickunas, Jamie Tomlinson, Kim Smith, Bobbi Newton, Patricia Crave, Kim Charleville, and Sue Allen.

Recreation activities are still underway at the high school gym, the weight room at Memorial Field, and at Avon Elementary each week day from 9 A.M. to 4 P.M. All activities will close July 31 for the summer. This Friday afternoon the group will go to Ridge Lakes for bowling from 1 to 3 P.M. from the recreation centers.

As for Adams, Davis declared, "I've known him 12 years. He's Mr. Clean in Florida government."

He praised Adams for his efforts in paying back campaign debts which his friends had run up and which the candidate had known nothing about. Davis pointed out it would have been easy for Adams, in his government job to "steal" the money and get the debt paid off—but he didn't do it.

Askew took a crack at Kirk to the delight of the assembled Democrats.

"The people of Florida in 1966 went to the polls to get something different," he said. "They got something different."

The crowd laughed and applauded.

Askew said he was making no promises in each county, but "having driven the roads here I think eight years from now they will be a lot better."

Askew was accompanied by his wife, Donna Lou, and the couple and Adams stood in the buffet line to shake hands. People were present from Sebring, Avon Park, Lake Placid, Clewiston and Okeechobee.

The speeches were short, punchy and stressed that the 41-year-old Askew, who hails from Pensacola, will strive for honesty in term of government if elected. A lawyer, he is a former prosecuting attorney and has been in the legislature 12 years, six years in the House, six years in the Senate.

Bailey Unopposed For District Two County School Board Post

"I want to see the job finished; we have the school building program started and I want to see it through," Henry Bailey commented on his decision to seek another four-year term on Highlands County School Board.

Bailey became a member of the county school board in 1961 and in December, 1963, was elected chairman. He is unopposed for Democratic nomination for school board from District 2, and since the Republicans have not fielded a candidate in that district, nomination will be tantamount to election.

Bailey is engaged in real estate and insurance business and a member of the board of directors for First National Bank and Avon Citrus Bank.

He is a veteran of World War II, a past commander of Sebring Memorial Post 630, Veterans of Foreign Wars, past president of Sebring Chamber of Commerce.

"I feel the past four have to be better," the candidate said.

Season Tickets On Sale For High School Football Fans

Red Devil football fans are reminded that reserved seat tickets for the 1970 home football games are now on sale if last year's tickets are to be renewed. The tickets may be renewed for \$3 from now until August 14 at the high school office on weekdays from 8:30 A.M. to noon and from 1 to 4 P.M.

Starting August 17 through September 4 a reserved seat ticket holder may exchange his ticket for another seat if

there are any available ones and then on September 8 through September 18 the remainder of the reserved seat tickets go on sale to the general public on a first come first served basis.

Also on sale now are season tickets for the five home games to be played at Memorial Field. Admission prices are being raised this season from \$1.50 to \$2 per game for adults and from 75c to \$1 for students due to the rising cost of insurance, equipment and transportation. So season tickets will sell for \$8 for the five home games giving a saving of one game and also permitting the holder to have admission to all junior high and "B" squad home games.

Elementary students will have an opportunity to purchase advanced tickets to the home games for 50c each week before the game. A student season ticket may also be made available.

All-Stars Beat Defending Champion

The Avon Park Little League All-Star team won its opening game in the District 4 tournament being held in Wauchula this week by defeating the Auburndale team 4-1.

The game was scheduled to be played at 7 P.M. last Monday evening but an earlier game between Frostproof and Dade City went into extra innings and the Avon Park-Auburndale game didn't get started until almost 9 o'clock. A slow drizzle fell right up until the Avon Park game but the field was in pretty good shape in spite of being wet. Dade City finally won its game in the 11th inning by a score of 4-3 and was to play Avon Park last Tuesday night.

Jerry Robinson pitched the opening game for Avon Park and tossed a four hitter at the defending District 4 champion Auburndale team. Avon Park got all four of its runs in the last of the first inning. Lee Anderson led off and drew a walk. Then Jimmy Jackson bunted and the

Auburndale catcher over three second trying to stop Anderson who then went on to third. Timmy Massey followed with a single to score Anderson. Jim Lamb was out on a long fly ball to right field and then Jerry Robinson drove in three runs with a homerun over the left centerfield fence.

Auburndale got its only legal run in the second when Donny Woods drew a walk and scored on an error by an Avon Park player. In the top of the fifth inning, with two men out and a man on first, the Auburndale firstbaseman slammed a homerun over the fence to apparently score two runs and set the score at 4-3 in favor of Avon Park but the Avon Park manager declared that the firstbaseman had batted out of order and the official score agreed so instead of two runs, the side was declared out and the runs erased.

The Avon Park Little League All-Star team advanced to the semi-finals of the District 4 tournament being held in Wauchula this week with wins over Auburndale and Dade City on Monday and Tuesday nights. Wednesday night the Avon Park team was scheduled to meet Lake Wales at 7 P.M. for a chance at the finals.

In the Dade City game on Tuesday night Timmy Massey performed the mound duties for Avon Park and held the opponents scoreless

the first three innings. Then Dade City pushed over two runs on five singles to take the lead in the top of the fourth frame. But Avon Park bounced back and scored three runs in the bottom of the fourth to go ahead. Jim Lamb led off with a single. Then with one man down, Tommy Lewis also singled. Mark Lewis followed with a fielders choice but all runners were safe and then Dale DuBeine did the same and Lamb scored. T. Lewis scored on Mark Jackson's grounder and Mark Lewis scored on a single by catcher Lee Anderson.

Massey struck out four of the last six outs to retire the Dade City boys and Avon Park took the win by a score of 4-3. Hitting safely for Avon Park besides the boys who hit in the fourth inning were Jerry Robinson with a single and Jim Lamb with another single in the fifth inning.

Polston Seeks District Two Commission Seat

Clarence Polston has qualified as the only Republican candidate for the District Two county commissioner's seat. "My campaign will be low key and consist of meeting and talking with the voters of the county," Polston stated today. The Republican candidate identifies himself as a conservative.

Polston will meet the Democratic candidate in November. Three Democrats will run for the post in the Democratic primary on September 8. They include incumbent Earl Crutchfield, Norman "Jug" Heston, and Elton Taylor.

Polston has lived in Highlands County for 14 years and is the manager of the E. G. Koch Oil Company.

Jack Eckerd Speaks To Highlands County Republicans

About 150 Highlands County Young Republicans dined at Hoiday Inn Saturday night and heard Jack Eckerd, candidate for Governor, describe drugs as the "No. 1 problem in Florida."

Eckerd told the meeting of the Republican group, assembled for installation of officers, and augmented by friends, that he had information the Mafia considers Florida a wide open state for their operations.

The supposedly responsible leadership of this state has done nothing to clean up Miami, a wide open crime city," he charged.

He went on to defend his spending, which he said was not but \$120,000 of his own money.

"Florida has been good to me," he said, "and I feel like giving a little back."

He said he feels there is a need for a responsible individual in the capital, instead of someone using the office to "promote himself" around the country. Ernest Norris, district chairman Florida Association of Young Republicans introduced Eckerd, State Rep. Don Heath, who is running for re-election and Chief Deputy Sheriff O. L. Raulerson, who spoke on the

drug problem. Officers installed by Norris were Daniel Evers, Avon Park, president; Kolton Hill, Avon Park, vice president; Ida Dorman, Lake Placid, secretary; Tom Tataris, Avon Park, treasurer; Andy Jackson, Calhoun, Gadsden, Lake Placid, Daniel Welch, Wilfred Beumel, Jack West, Avon Park and Jim DuBose, directors.

The Coca-Cola bottling plant was robbed of 18 cases of canned Cokes last week. Police Officer Grady Campbell investigated the crime. Entrance to the plant was evidently gained through the shop and the thieves left through the office.

Two stereo players were also stolen last week. On Tuesday, July 14, a player was stolen from the car of Bobby Light. On Wednesday, 10 tapes and a player were stolen from John Martin's car.

Two women were arrested on shoplifting charges Saturday. The women, Linda Blake and Annie Goldman, were spotted by an employee of the Winn-Dixie food store. They were each released on \$100 bonds. The charge is considered a misdemeanor.

Officer W. R. Dugan arrested Leo Shoff for carrying an illegal weapon Saturday night. Dugan noticed the weapon, an Italian-made gun approximately the size of a pen which shoots 22

Elegant Apple Pie

Make the most of the season's bright and crunchy apples! Add some sugar and spice and arrange them atop a custard pie. It's pretty enough to have come from a French pastry shop, yet it's easy and foolproof, since the base comes from handy egg custard mix.

APPLE CUSTARD PIE

1 package (3 oz.) Jell-O Golden Egg Custard Mix

1 1/2 cups milk

1 baked 9 inch pie shell, cooled

2 cups thin apple slices

1/2 cup sugar

Blend custard mix with milk in a saucepan. Bring quickly to a boil, stirring constantly. Mixture will be thin. Cook 15 minutes, stirring often. Pour into pie shell. Chill 1 hour.

Meanwhile, combine apple slices, sugar, water, spices, and lemon rind in a saucepan. Bring to boil. Simmer about 10 minutes or until apple slices are tender. Cool 10 to 15 minutes. Sprinkle gingersnap crumbs over custard in pie shell. Spoon apple slices over crumbs. Chill until set — about 2 hours.

TOM SLADE

Tom Slade Will Be In Country

Tom Slade, candidate for the Republican nomination for state treasurer and insurance commissioner, has announced his schedule for a full day of campaigning in Highlands County on Thursday, July 30.

The day's campaigning will be climaxed with a reception at Sebring Elks Club, 6:30 to 8:30 P.M.

Marshall S. P. Pollard of Lake Placid is finance chairman for Highlands County Slade committee.

Ernest Norris of Sebring is coordinator of the Slade campaign in a seven county area. Other members of the Slade committee in Highlands County include Mrs. William Guenther of Sebring, Mrs. Frank Newman of Avon Park and Mrs. Charles Reynolds, Jr., of Lake Placid, Bob Warrington, DeSoto City.

Slade in his platform stresses, "I am not an insurance man, I am not a banker, and I am not a lawyer."

"Strong emphasis will be placed on returning to a board agency system. Opportunist-type companies have seized upon the open rating law as a measure to severely restrict the ability of the average agent to adequately shop the best markets for his client. This must be stopped and, until it is, fair competition cannot be accomplished," Slade contends.

Some two million dollars worth of gold has been recovered along Florida's east coast, from wreckage of Spanish fleet in 1715.

Modern Garden Pest Brought From France As A Gourmet Food

About 100 years ago, a Frenchman hungry for a delicacy of his native land set off a chain of events which now costs his weaker-stomached Pacific Coast neighbors several million dollars a year.

The immigrant, who still remains nameless to protect his descendants from the wrath of their neighbors, imported and turned loose in the California vineyards a colony of creatures destined to become one of the worst garden pests — the European green snail.

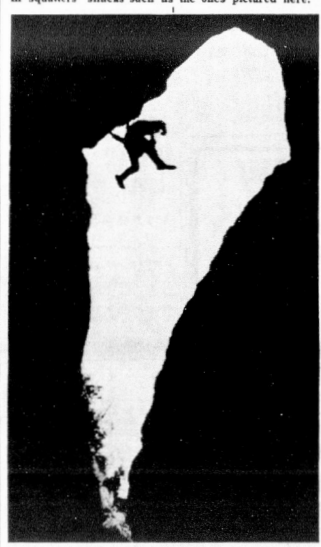

This inch-long, dry, dark mollusk today infests gardens at night causing damage. Despite this, the Frenchman who started it all was motivated by pleasure. Like many of his countrymen, he liked to eat this kind of snail.

According to the people who make Snail, a leading snail killer, the brown snail, known as helix aspersa, is not the culinary delight gourmets call escargot. That is helix pomatia, frequently bred and cultivated for its mild flavor and smooth texture. Helix aspersa is quite different. For some reason, its flesh is gritty with calcium deposits.

Every well-watered lawn and garden has its share, ranging from dozens to hundreds depending on the effort made to control them.

Tens of millions of pounds of snail bait are sold each year in the Pacific Coast states, where the problem is most severe.

Since snails have no known natural enemies, the best method of control found so far is Snail poison, in pellets and granules which are spread around lawns and shrubs.

HANGING by a cable and swinging over a gulf—that's the route taken to reach the entrance of Topolonia Cave, Romania's oldest human fossil was found in this cave, the Balkan country's second largest.

FIX-IT TIP
Stair treads that are covered will not be subject to wear. An uncovered stairway will, in time, develop treads that are badly worn along the edges. When an edge of a tread begins to splinter away or is badly worn down, chisel out a recess in this worn spot and glue in a new piece of hardwood. Plane the new piece flush with the original contour of the tread and refinish to match. If the tread is too badly damaged, remove it entirely and use it as a pattern to cut a new one. Fasten the new one in position with screws.
