The Census

Census offices are being set up throughout the country and will swing into action April 1 to see how much this country has grown. Census interviewers will have from four to six weeks, possibly longer to complete the job.

There is a lot of curiosity hereabouts as to just how much Highlands County has grown and estimates of the present population have ranged from 25,000 to 40,000.

There have been estimates that we have advanced a steady three to five per cent each year. It will be interesting to see just how right the unofficial poll takers really are.

We think we are very lucky in this county to have a nice, steady sensible growth. We hope it can continue that way.

For 80 per cent of the householders there will be about 23 questions that take about 15 minutes to answer. For the other 20 per cent of the householders, there will be an average of 69 questions that will require about 45 minutes. For the individual, the census is secret.

This year the 65,000,000 U. S. households can take their own census. They will receive a questionnaire about March 28 and will be asked to fill it out and return it by April 1. These people need not see a census taker unless they return the form incomplete, neglect to return it at all, or ask for assistance. In some parts of the nation, people will be asked to fill out the form on April 1 and hold it until it is picked up by a census taker.

Divorce Rate Lowers In Highlands

What is Highlands County's record with respect to divorce? How does it compare with the record in other counties? In the local area, it is found, fewer marriages have been ending in divorce or separation than elsewhere throughout the South Atlantic States.

As a consequence, the amount of family dissolutions that follow in its wake, are somewhat smaller than average.

The extent of these breakdowns, which are considered to be a contributing factor in the existing insecurity among the many social problems that follow in its wake, are somewhat smaller than average.

The divorce rate in most parts of the country is on the increase, based upon figures compiled by the Department of Commerce through a nationwide survey, and according to reports from the Population Reference Bureau and others.

In Highlands County, the number of men and women who are divorced or separated is now estimated at 900, as compared with the 1960 total of 720.

In terms of the local population, it means that 32 out of every 1,000 residents over the age of 14 are either divorced or separated.

The rate is lower than that reported for most parts of the South Atlantic States, where the average is 53 per 1,000. It is also below the 41 per 1,000 of the State of Florida.

The trend in many sections of the country is in the direction of easier divorces. A number of states have liberalized their divorce laws in the last few years.

In New York State, which was once the toughest state in this respect, adultery being the only recognized ground, all that has to be proved now is that the couple have been living apart for two years or more by mutual agreement.

The ruling is that "it is so socially and morally undesirable to compel a couple whose marriage is dead to remain subject to its bonds."

Traditions of early Poly-nestians relate that natives often made the 2,000 mile trip from Hawaii to Tahiti, in small boats, no power except the wind, and no land mark except the stars.

CPA List Items For Tax Deductions

Jerrold S. Trumbower, CPA, president of the Florida Institute of Certified Public Accountants, points out that taxes for 1969 will be higher than in the past because of the 10 per cent surcharge.

"The following list is not complete," Trumbower said, "it includes deductions that often are overlooked."

The use of your car for charitable work, for example, qualifies as a contribution at five cents per mile. This would include unreimbursed use of a car in soliciting for the United Fund, Girl or Boy Scout leaders transporting goods to camp and so on.

Distributions of old clothing or other items to be sold by charitable organizations are deductible. A statement should be obtained from the charity as to the amount realized from the sale or the fair market value of the items.

Interest on installment purchases is deductible but is limited to six per cent a year on the average unpaid balance. The interest charge is not separately stated by the lender. If the interest is added as specified in the "truth in lending" law, the taxpayer may be able to claim a larger amount.

Florida charges a three per cent sales tax on all automobiles and a four per cent tax on boats purchased from a dealer, and these qualify for a sales tax deduction.

A deduction is allowed for 10 per cent of the cost of hospital or surgical insurance policies, up to a maximum of \$50. The portion not allowable as a deduction can be added to other medical expenses. Deductions for such other medical expenses and medicines, however, are limited by a percentage of the taxpayers adjusted gross income.

Medical expenses include such items as transportation for medical care by contributory carrier or by your own automobile at five cents per mile. Other travel expenses for medical care are allowable, but expenses for lodging and meals at the destination are not allowed unless they are part of a hospital bill.

Fees to a certified public accountant or others for assisting in the preparation of income tax returns are deductible, as are fees to an employment agency for securing a new job. Union dues, professional dues, professional journals and certain educational expenses all are deductible under miscellaneous deductions.

Phoenix, Arizona, was built in an area of prehistoric Indian settlements, with irrigation ditches as evident until a few years ago.

LEWIS LLEWELLYN

What is mental health?

In a symposium in New York City, reported in Time magazine a few months ago, John Gagnon, sociologist at the State University of New York, made this statement:

"I have a minimum definition of mental health. You don't end up in a psychiatrist's office or in the hands of the police, you stay out of jail, you keep a job, you pay your taxes, and you don't worry people too much. That is called mental health. Nobody ever gets out of it alive. There is no way to succeed."

This was described as "a very bitter definition" by another participant, Dr. Charles Socarrides, psychiatrist.

The participants in the symposium had been called together to discuss homosexuality and the problems connected with it.

Bliss This Union?

One of the participants, Rev. Robert Weeks, mentioned "an acquaintance of mine, a man who has been married to an older homosexual for 15 years."

"But of them are very happy," the minister said, "and very much in love. They asked me to bless their marriage, and I am going to do it."

Accept Standard Of Sodom?

He did not state where he found in the Bible the authority to bless such a union. As to those who have chosen to walk in this way, the Bible says, "The men, leaving the natural use of the woman, burned in their lust one toward another; which is unseemly... God gave them over to a reprobate mind."

As the permissiveness of our society continues to increase, there has been mounting pressure for us to regard homosexuality as acceptable behavior.

Clubs have been formed to promote the idea that this sort of immorality should be not only condoned but approved.

W. Dorr Legg, educational director of one such club, has said "I won't be happy until all churches give homosexual dances."

On the New York stage and in the motion picture theaters of the nation "homosexuality is the vogue."

As our society edges daily closer to the standards of Sodom—the "anything goes" society—what should be our attitude?

Should we accept the advice of the "experts" who tell us to welcome homosexuals and overlook their queer way of life?

Some admonish us that Jesus was always loving and compassionate, even to admitted sinners, such as prostitutes. They imply that we should, therefore, accept immoral people and not criticize them for their conduct.

Remedy Available

The truth is that Jesus was never tolerant of sin—but always ready to receive the sinner who wanted to change his way of life and follow the Master.

The remedy for such a person was and is—just the same as the remedy for the self-righteous Pharisee. The Master's clear, unequivocal statement was, "Ye must be born again."

Psychiatrists say that the homosexual will turn to the Lord for the healing that he needs. There is real mental health available to him.

But there is no hope for the community which will tolerate homosexuality.

The fate of Sodom is eloquent evidence of an attitude toward such immorality. Do we want to invite the same attitude toward us?

EMERGING INDUSTRIES

FOR INVESTORS

By Babson's Reports Incorporated, Wellesley Hills, Mass., March 4, 1970. Once again the trend is back to basic research for American industry, private laboratories, and universities. What appeared earlier to be endlessly mounting federal funding is being reversed by overvaluation of many markets and a number of projects which proved futile.

Annual increments for research over the period ahead are expected to be held at a modest rate. It is the opinion of the staff of Babson's Reports, however, that considerable emphasis will be placed on research in nondefense fields.

With this in mind, it seems reasonable that important breakthroughs will be seen, and some of the commercial areas most likely to be affected are discussed here.

Pollution Control and Waste Disposal

Companies producing instruments and equipment for water treatment should do extremely well over the period ahead. The same applies to those firms involved in removing solids and gases from the environment (air pollution), as well as those in the field of solid waste disposal.

We favor such companies as Culligan, Nalco Chemical, and Narco Scientific for investment at this time. Other firms such as Research-Cottrell, Bets Laboratories, American Air Filter, Ionics, and Marley should also participate fully, but this group seems fairly priced investment-wise.

Microelectronics

Spurred initially for military applications, integrated circuits are ready to cast on an even greater market—consumer electronics. Exciting breakthroughs promise early incorporation of thousands of electronic circuits on one small chip.

Another important technology known as MOS circuits is already finding its place in small computers and electronic calculators. We currently recommend General Instrument and Sprague Electric for investor participation. Aid tips are Texas Instruments, Fair-

child Camera, Motorola, Westinghouse Electronic, and RCA Cable Television.

Large cities with towering skyscrapers and other relay obstacles are prime and untapped markets for this type of reception. Cable TV should, in fact, revolutionize present means of communications. Recent FCC authorizations and court rulings should encourage fresh growth.

Our current buy advice is General Instrument. Other leaders include TelePrompster, Columbia Broadcasting, Cox Broadcast, and Vico.

Modular Housing

With the cost of traditional on-site construction soaring and the demand for low-income housing more pressing, the search for streamlined building methods and cheaper materials will become more intense. One solution is the modular form, basically a mass-produced box with plumbing, wiring, and utilities in place. Another is the mobile home, especially adaptable for newly-weds and retirees. In the latter field we currently favor Champion Home Builders. Other leaders include Gurdien Industries, Redman, and Skyline.

Retired Persons Attend Worship

Several members of the Highlands County Chapter of the American Association of Retired Persons recently attended a workshop for chapter leaders held at the Sarasota Sheraton.

Those from Highlands County attending were President W. Smith, Cleve Bowers, Phil Briggs, Mr. and Mrs. George North, and Mr. and Mrs. Harvey Piper.

The workshop will be reported in detail at the next meeting of the Highlands County Chapter, which takes place at the Sebring Manor on March 10, at 7:30 P.M. All interested persons are invited.

The junior varsity lost only one game last year. The Red Devil varsity set a 9-6 regular season record last year and hopes to improve considerably on that record this year.

The "B" squad this season will be coached by Dewane Lemier. The junior varsity has 10 games scheduled with the opener against Wauchula here on Monday afternoon, March 9.

After the first game, the team will travel to Ft. Pierce, Fla., to play a heart-breaking 6-5 14-inning loss to Seminole Junior College Tuesday.

Another will meet West Palm Beach in a return match, having lost 6-1 in West Palm Monday afternoon.

Last Wednesday the Panthers went to Fort Myers and lost another close 13-12 slugfest to Edison.

Rambling Thoughts

CAN A HOUSE BE TAXED IN FOUR STATES?

There is one place in the United States where a house can be built and have one corner in four states at the same time. That spot is the common meeting point of Utah, Colorado, Arizona and New Mexico. If such a house were built, the occupant could sleep in his bedroom in New Mexico, shave himself in his bathroom in Arizona, eat his breakfast in his dining room in Colorado, and read the morning paper on his porch in Utah.

Florida Power Rate Reduction Noted In US News & World Report

The one exception to a national trend toward higher utility rates is Florida Power Corporation, according to the February 23 issue of U. S. News & World Report.

An article titled "Trend of American Business" states that, during 1969, there was a "startling change" nationwide in all utilities, with scores of companies requesting rate hikes. Florida Power, it said, has reduced its rates three times in the past year.

C. R. Watson, local FPC district manager, attributed the reductions to greater sales volume and operating economies. He said, "We are determined to provide the best service anywhere, and at the lowest possible costs."

Cowbells Set April 9 For Cook-Off

Highlands County Cowbells are sponsoring a County Beef Cook-Off. The cook-off will be held April 9, and will be open to all high school home economics students and 4-H members, 14 years of age or older. Entry deadline is March 16.

Entrants will prepare a beef dish using an economy cut of beef, etc. Judges will select a county winner based on flavor and appearance of the dish. The winner will receive a cash prize, a Cowbells cook book, and will enter the State Beef Cook-Off.

All state finalists will receive an engraved silver tray plus the top five will receive a cash award.

First place, \$125; second, \$100; third, \$75; fourth, \$50; fifth, \$25.

A total of 15 counties with local Cowbells organizations will have entrants in the state contest to be held in Tallahassee in May.

Primary purpose of the contest is to educate high school students in the nutritive value of Florida beef.

Any high school student who would like to enter this contest should contact either their home economics teacher or the county home economics agent for details and an entry blank.

Scouts To Pick Up Goodwill Bags Saturday

Gulf Ridge Council Boy Scouts, Cubs and Explorers will visit households in their area starting at 9 A.M., Saturday, to pick up "Goodwill" bags and help the handicapped, in the Scouts' 11th annual clothing collection.

Volunteer trucks and drivers, donated for the day by business firms in each area, will be located at convenient collection points to receive the bags from the Scouts.

Home owners are urged to place their filled bags on the front porch or at the front door where they can readily be seen by the Scouts. The boys will earn a special uniform badge for participating in the clothing collection.

The project provides vitally needed materials used to train more than 650 handicapped men and women at Goodwill Rehabilitation Centers at St. Petersburg, Manassas, Ocala, Ft. Myers and Tallahassee.

Each customer is treated courteously, which makes it a pleasure to do your banking at Avon Citrus Bank.

Carol Sue Kinsey-Ronnie White Wed In Double-Ring Ceremony

In a candlelight ceremony Miss Carol Sue Kinsey became the bride of Ronnie B. White Friday night, February 27, at 7:30 P.M. at the First Baptist Church with Rev. Aden Childress officiating at the double ring ceremony.

The bride's parents are Mr. and Mrs. Joseph D. Kinsey, Jr. of Avon Park and the parents of the bridegroom, are Mr. and Mrs. James H. White of Okeechobee.

Jerrold Perkins was organist and Jim White brother of the groom sang. "We Will Walk With God" and as the couple knelt on the white satin kneeling bench sang "Wedding Prayer".

The altar was decorated with two large standing baskets of Spring flowers flanked with palms with two seven branched candelabras.

Given in marriage the bride wore a white street length dress, empire waist with bell shaped sleeves encrusted with tiny seed pearls, covered neck with a white satin bow at the back. She wore a pearl necklace that was given to her by her great-grandmother, Mrs. D. T. Lockett, years ago. Her bridal veil of illusion was shoulder length. The bride's bouquet was a cascade of white carnations with the tiny white satin streamers.

Miss Debbie Mazac was maid of honor. She wore a street length turquoise dress with empire bodice. Her veil was a pill box effect with a flowing veil. She carried a nosegay of carnations matching her dress.

William Whitener, a classmate of the groom at South Florida Junior College, served as best man. Ushers were Gary Neal, brother of the bride and Ricky White brother of the bridegroom.

The candles at the altar were lit by the couples younger sisters, Misses Judy Kinsey and Terry White.

The mother of the bride chose for her daughter's wedding a pink double knit dress, with a pearl rose, bone accessories and her corsage was of matching carnations.

Mrs. White chose for her son's wedding, a yellow dress coat ensemble, white accessories, and she wore a lavender corsage.

Mrs. Milford Dilly, grandmother of the bride wore a blue crepe dress and yellow carnations, and Mrs. Maybelle Kinsey also grandmother of the bride wore a pink knit suit with yellow carnations.

For her wedding trip to the East coast the bride wore a linen ensemble of beige with coral design blouse and her corsage was of white carnations lifted from her bridal bouquet.

A reception was held at the home of the bride on 13 W.

Thomas St. The two tiered wedding cake topped with a miniature bride and groom was accented by white and pink carnations surrounding both the cake and punch bowl. Crystal compotes of nuts and mints added to the decor of the table that was covered in white, edged with lace. Spring flowers were placed at focal points throughout the home.

Miss Sandra Stephenson presided at the brides book. Those assisting with the serving, were Mrs. Curtis English, Mrs. Raymond Dilly, Mrs. Joe Mazac, Miss Linda Batson and Mrs. Gale Oswald.

Out of town guests were Mrs. Maybelle Kinsey of Arcadia and Mr. and Mrs. Roland Dilly and family of Winter Haven.

Avon Mobile Home Park News

By Florence Young

A capacity crowd enjoyed the showing of a film "Magic of Mexico" in the recreation hall last Friday evening. The film originally scheduled to be shown was not available, but it is hoped that it can be shown at some future date. Faye Gordon, Home Economist for Florida Power, operated the projector.

The combined choruses of the Park, "Avon Mobiles" shared several numbers at the Church of the Nazarene on Sunday evening.

At pinocle on Monday of last week, Agnes Heimerberger had the highest score for the ladies, 1404; Ken Heimerberger shared high score honors, with 1324. High scorers in euchre on Wednesday were Pearl Hale, 172; Al Keyes 163.

The regular Saturday night hymn sing attracted another large gathering. The singing was led by Warren Byrner. The program was in charge of Sylvan Baker, who introduced Keith Debo. Mr. Debo delighted his audience with his readings of Edgar Guest poetry, including "That Old Wooden Tub," "Castor Oil," "Dirty Hands," "Bread and Butter," "Raisins, Pies," "Home," "St. Peter," "Jon-

ah and the Whale," and "Out to Old Aunt Mary's." Following the hymn sing next Saturday evening, the annual baby contest will be held. Residents are asked to bring their baby pictures and other age. Ribbons and prizes will be awarded. It is requested that the pictures be taken to the recreation hall by noon Saturday.

Raymond Fries has returned home to Pattersonville, N. Y. to stay with Margaret's mother who has been seriously ill.

During this past week the Ken Heimerbergers were visited by Mr. and Mrs. M. Harlach and their sons, Mark and Randy of Buffalo, N. Y., their daughter and granddaughter, Nancy and Denise Evans of St. Petersburg, and their uncle, Oscar Mayer of Daytona Beach.

Mr. and Mrs. Del Kingsley of Chestertown, N. Y. were guests of the Heimerbergers on Thursday, Mr. and Mrs. James Raff of Albany, N. Y. on Wednesday and Thursday.

On Wednesday afternoon, Mr. and Mrs. Glenn Long were visited by Mr. and Mrs. Willard Dickinson of Milldale, Conn. and Mrs. Hyla Strickland of Pleasant Valley, Conn.

Visiting Mr. and Mrs. Emmette Wright are their daughters, Janice Davidson, and granddaughter, Shawna of Ashland, Ky.

Guests of Mr. and Mrs. Roy Gorton during the past week have been Mr. and Mrs. Jack Miller of Okemos, Mich. and Mrs. Charles Falls of Sebring. Mr. and Mrs. Robert Bookman of Hendersonville, N. C. and Mr. and Mrs. Jesse Fattell of Chicago, Ill.

Mrs. Grace Amick of Indianapolis, Ind. is spending a week with Mr. and Mrs. O. R. Marshall and many friends in Avon Park.

Mr. and Mrs. Reed Wotringer of Blissfield, Mich. are visiting the latter's parents, Leo and Bertha Wagner.

Mr. and Mrs. Harry Burnett have gone to Pompano Beach to visit their daughter, Mrs. Charles Jones. Harry is scheduled to undergo surgery at St. Mary's Hospital in West Palm Beach on March 5.

They spent the day with Hazel and John Lasse over on Anna Maria Island.

50 People Attend Jetport

Meeting Thurs.

About 50 persons turned out for the second meeting of the Jetport Study Group Thursday, heard pros and cons and chose officers to head the group.

It was decided that officers and other interested persons attend the meeting of the proponents of the Jetport at Lake Wales this week and that the group seek ways to further interest the public and invite their views. Petitions were discussed.

Persons with opinions on the Jetport were urged to write letters to Secretary of State Tom Adams, co-ordinator for Jetport alternatives in Florida.

Speaking to Thursday night's meeting at City Pier were Jack Duggan, Avon Park city councilman, Dr. James Layne, authority in the field of ecology, Bob Haynes, of Lake Wales, and David Austin, Florida Game and Fresh Water Fish Commission.

Dr. Layne read excerpts from a Department of Interior publication which was a study as to what would happen should a jetport be established in Cypress swamp in Dade County. It emphasized these conditions would apply to this county.

It was pointed out that the facility would be five times larger than Kennedy Airport in New York, with one airplane taking off every 12 seconds, night and day, 365 days a year. He said that "noise" would be intolerable and that water would be polluted to a damaging degree to all living things.

He questioned the wisdom of manufacturing such large, fast airplanes. Mr. Duggan pointed to ad-

vantages of locating the Jetport in Highlands County's Avon Park Bombing Range. Haynes read a report on what could be expected in the way of noise, air and water pollution should the Jetport become a reality. Mr. Austin noted that the bombing range is a haven for some almost extinct wildlife and is a timber rehabilitation project. He suggested it could yield jobs to local people in the future.

Church School Sponsor Passion Play Trip

The Church School Staff of the Episcopal Church of the Redeemer in Avon Park are sponsoring a trip to the Lake Wales Passion Play for the afternoon performance March 15. Publicity will go forth to all Church members, especially to families of youngsters and other youth, to plan on attending. Transportation will be arranged by meeting in the Church yard at 4:30 P.M. that Sunday, the 15th. Performance starts at 6:00. The cost will be \$2 over 12 and \$1 for those under 12. People must make reservations at the Church in advance, but can pay at the gate of the Play. Parents are urged to accompany their children and help with the transportation of others.

ROTARY CLUB NEWS

The program last week was developed by Morris Adams and presented by Powell Waite. Joe Smith and Jim Nunnallee from South Florida Junior College were the speakers for the day. They are co-chairmen of Junior College Week—to be observed during the week of March 1 thru 6. It was refreshing to hear the boys' approach, so foreign to what we are led to expect of present day youth.

Joe stressed the need and desirability of students to participate in college activities in order to prepare them for future leadership activities in our society.

A few of the organizations represented on campus are the Student Government Association, Phi Beta Kappa, an honorary fraternity, Kappa Delta Sigma social fraternity, South Florida State College Chorus, the Pep Club and others.

Jim's comments were along athletic lines and added to the club's good feelings and hopes for this generation's future. Bill Stallard also offered some thoughts in conclusion of the boys' presentation.

Some 40 miles of Arizona highway 88, known as the Apache Trail, was hewn out of solid rock.

Avon Park Flying Notes

By Eleanor Trescott

There is a tradition among flyers that when one first solos he has his shirt tuck out and inscribed with his name, date and instructor's name. The following people who soloed in 1969 under the instruction of Dale Johnson have their shirt tails tacked to the wall in the office at Avon Park Flying Service—Allen Hobbs, former of Starling; Coleman Best, Wauchochula; Bill Thompson, Avon Park; Dan Lechetter, Avon Park; Jack Grenfell, Lakeland; Bill Nickoley, Avon Park; Charles Peckles, Avon Park; Stanley Wells, Avon Park; Robert Border, Avon Park; Paul Veasey, Avon Park; and Mike Judah. We will continue with those who have soloed under Don Trescott's instruction in another issue.

Charles Jordan made two solo cross-country flights last week, one to Lakeland and Lake Wales and another to Okeechobee and Arcadia. His brother, Jim Jordan, also made the same two cross-country flights. Stan Trescott made a dual cross-country flight to Sarasota and Venice.

A group of RA boys from the First Baptist Church under the leadership of Stan Wells and Curtis Nelson visited the airport, Tuesday, Feb. 24. They were shown the airplanes and told about them, then they had the opportunity to sit in the airplanes and talk on the radio. Great stick also showed films featuring some of the older type airplanes.

Two new students recently began instruction at the Avon Park Flying Service. Dr. Ammonia Isaac, surgeon at the Avon Park Correctional Institute and on the femoral artery, and Dr. C. O. A. S. Sebring, (wonder what happens when she solos).

Avon Park has a new speaker in the Sebring Rotary Club. He has a speaking engagement at the Sebring Rotary Club.

Farmers Can Get Aid To Prevent Pollution

Farmers, ranchers and other agricultural interests in the area now can get some financial help in preventing pollution of streams and lakes in this area.

R. B. Ober, chairman of the Highlands County Agricultural Stabilization and Conservation committee, said pollution abatement practices for these agricultural practices, he said, are being adopted to the 1970 ASCS program.

The primary purposes of these conservation practices, he said, is to help stop water pollution caused by feedlots and to help prevent siltation of streams and bodies of water.

Ober said livestock sewage lagoons and measures for controlling sedimentation in streams, ponds and lakes have been approved for use in all Florida counties. He said that cost-sharing of these practices will not be available to nonfarm interests.

Getting the public and the farmer pay about half of the cost of carrying out conservation practices, but the cost of carrying out these practices, the cost-share ratio may be 80-20.

A special sign program is being held at the county ASCS office for accepting requests for cost-share assistance through March 31.

ART DUNAVENT of Tippecanoe Lake, Ind., caught this large mouth bass, (18 lbs. 4 oz.) last Wednesday, Feb. 18 with a purple worm in Lake Letta.

DONNY DeLANEY, a member of the Avon Park Chapter Future Farmers of America, is shown examining some of the vegetables he has produced in the outstanding home garden which is a part of his supervised farming program. This is Donny's third yr. to be enrolled in Vocational Agriculture at Avon Park High School. He holds the degree of Chapter Farmer and has always been an enthusiastic participant in chapter activities.

Southland Trailer Court News

By Bessie Paxton
Mr. and Mrs. Horace Potter of Petersburg, Ill. spent Wednesday afternoon with Emma Gerdes. They are spending the Winter in Babson Park.

Eight people came to play shuffle Friday afternoon. In the first round Harriet Meisel and Betty Peterson won over Walter Zastrow and Stewart Dilts by a score of 75 to 55 on the east court. On the west court, Mrs. Gastrow and Dorcas Young won over Laura Bernthal and Winnie Lumpkin by a score of 85 to 35.

Several in the park will remember the Praxtel Fishers who lived here a few years ago. Friends received a letter from Mrs. Fisher recently giving details of Mr. Fisher's sudden death, last October. She continues to live in her home at Wabash, Ind.

Also the Overholts received a letter from Mrs. Kolk this past week. She is quite well except shakiness of her hands and is with her daughter again at this time. Mr. Kolk is in a nursing home not far from her daughter and has recently lost his son. They will be glad to hear from Florida friends. His address is: Siemen Kolk, c/o John Home, N. E. 16, Balmville Rd., Newburg, N. Y. 12550. Mrs. Kolk is at Middletown, N. Y., Rt. 4, c/o Chas. Kirby.

Mr. and Mrs. Claude Connolly of Crawfordville, Ind., wintering in Sarasota were callers of the Paxtons Tuesday afternoon.

Wednesday evening there were four tables of miscellaneous cards played at the Rec Hall. Everett Kleister was high man in 500. Our visiting guest Earl Lowing from Grand Rapids, Mich. was high in ginocchio. Earl and his wife, Ginny, who is Goldia Daun's daughter, and their two daughters, Debbie and Judy, will be leaving for Michigan next Tuesday.

Our annual hobby show will be held at the Hall Tuesday, Mar. 10, from 10 A.M. until 5 P.M. This is always a delightful affair, seeing the many original and interesting articles different ones have made during the year. Articles should be brought to the Hall Monday afternoon or early Tuesday morning. All friends are cordially invited to attend. Refreshments will be served during the afternoon.

Thursday, Feb. 28 Tolby and Michael Chapel had an airplane ride as guests of Park Enterprises. They flew over the park and was able to locate Betty and waved to her, and on to Sebring. Michael enjoyed the ride but said he 'd feel a little funny.'

In the Paxtons were in Sarasota and Bradenton Friday. They called on Mr. and Mrs. Vernon Voez, Bahai friends, in Sarasota; also friends from Indiana, located for the Winter in Sarasota and Bradenton.

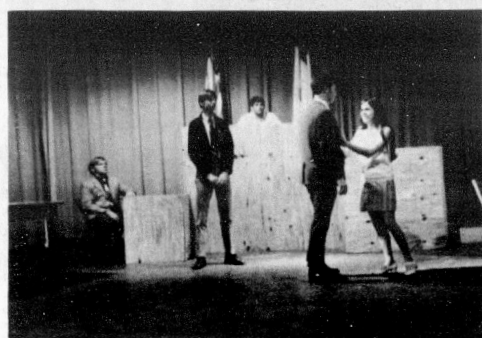

Mr. and Mrs. George Dierker of Lincoln, Ill. and Port Charlotte, called on Emma Gerdes Thursday afternoon. Southland fishermen are

Cast Selected For "Night Of January 16th" Senior Class Play March 6

With announcement of the players who will take the various parts, construction of the setting having begun, and rehearsals having started two weeks ago, the production of Avon Park's "Night of January 16th" scheduled for March 6 is now well under way, according to Les Watson and Bretta Sachsmann, Senior Class Sponsors at Avon Park High School.

Strictly speaking, this is a play without a heroine, but Nickie Rumer has been chosen for the leading female part, that of Karen Andre, defendant in the murder trial. Nor has it a hero, the principal male role being that of the prosecuting attorney, which will be taken by Daryl Bennett, and defense attorney will be Ron Weber. Other members of the cast are: Janice Barben, Barbara Booy, Mike Bradbury, Tommy Capell, Fay Hall, Manzy Howard, Harvie Jones, T. J. Kinyon, Mike Landress, Joyce Martin, Suzette Nelson, Gladys Ousley, Pat Selph, Mike Slear, Cindy Stary, Bruce Streth, and Sara Turilli.

Twelve important members of the cast remain to be chosen, but they, fortunately, need no rehearsing and will not be selected until the night of the performance. They are the jury, who will listen to the evidence and render the verdict on which will depend which of the two endings written for the play will be used. Among the well-known people who have served on the jury during professional performances of the play are Jack Dempsey, James Roosevelt, Ricardo Cortez, Babe Ruth and Helen Keller. On one occasion four United States Congressmen were among the jurors.

A SCENE in the "Night of January 16th," sponsored by the Avon Park senior class.

Mid. Wm. Knapp Will Tell Schools What Naval Academy Is Like

Mid. Wm. L. Knapp, son of the Rev. and Mrs. John L. Knapp, is being sent by the Naval Academy as an escort in the DeSoto Parade, Bradenton, March 21.

The following week he will give talks at all high schools in the county and Rotary Clubs to tell about life in the Naval Academy.

Bill is a 1968 graduate of the Avon Park High School and is in his second year at the Academy, is on the Dean's list and the Superintendent's list with grades of 3.82.

His brother John who graduated from the Naval Academy in 1968 is Aviation Instructor at Corpus Christi, Texas.

Carl Holden Earns Dean's List Grades

Carl F. Holden, III, son of Dr. and Mrs. H. W. Coleman of Avon Park, earned Dean's List grades at Norwich University during the first semester of the 1969-70 college year.

To qualify for the Dean's List at the Vermont military college, a student must attain an academic quality-point average of at least 3.0, the equivalent of a "B" grade in all subjects.

NOW... YOU CAN BUDGET YOUR ELECTRIC BILLS WITH OUR NEW EQUAL PAYMENT PLAN

Amount of Electricity
Used by the Average Home
Varies Month by Month

NOW... PAY THE SAME AMOUNT EACH MONTH

JAN FEB MAR APR MAY JUNE JULY AUG SEPT OCT NOV DEC

NO EXTRA COST! You pay no more for this convenience. You pay the same amount each month. It eliminates higher, seasonal bills. Allows you to budget your payments on a yearly basis.

HERE'S HOW IT WORKS: We add up your electric bills for the past

12 months to determine what your total will be for the next 12 months. We then divide by 12 and bill you for the same amount each month.

At the end of that year, any difference will be figured into the following year.
