BUREAU OF ALCOHOLIC REHABILITATION

alco- topics

By JOHN A. WILLIAMS
Editor, Information Services

If the black man doesn't feel comfortable in an "all white" world, what must he feel like in an all white community if he is an alcoholic?

That question was posed recently when the first known "all black" half-way house was opened in Brevard County.

The director of the new experimental black half-way house told this column that few black people seek help for alcoholism because they don't know what the disease is.

"Negroes," he said, "are in the stage of understanding alcoholism that the white man went through 25 years ago. To further complicate matters, alcoholism to the black man is not a disease or illness — it's a habit."

Literature, pamphlets, movies and talks on the national illness are in the language of the white, "middle class," he notes.

And, it is this theory that warrants the statement that treatment for alcoholic Negroes warrants segregation instead of "togetherness."

You take one white man and put him in a group with 30 Negroes and see how comfortable he feels. There is a good point here.

The recovered black alcoholic related recently in a newspaper article that he had taken over in Negroes to AA meetings. "But I can't ever get them to go back," he said.

They just don't feel comfortable in the all-white world. And to show the apathy and misunderstanding surrounding the problem, he said, most of the people in the neighborhood were more than ready to jump on the house, referring to it commonly

as the drunk house, not even beginning to think of what could be accomplished in rehabilitation if a bit of human understanding, education and aid were given instead of a turned off attitude.

Actually, no man or woman, black or white wants to be known as an alcoholic. It carries a terrible stigma of losing one's good name.

And just like the white alcoholic, negro spouses and relatives have little sympathy for the drinker. They think the excessive drinking is just lack of will power.

The black man, like the white man is afraid of losing his job if it gets out he's getting help for alcoholism.

Average lower incomes among Negroes plays a part in the "it's not me" black thinking. Not everyone agrees with this assessment and there is much to be learned about the "whys and wherefores" of blacks who become problem drinkers and the type of treatment that should be offered to them.

In fact, we don't even know all the answers about the white problem drinker as yet. But progress is being made and hope is always right next door.

The Florida State Bureau of Alcoholic Rehabilitation through its multi-faceted approach to the alcoholic has learned much in its few short years of existence.

For more information on alcoholism in general, simply write to Information Services, P.O. Box 1147, Avon Park, Fla. We're available and not just want to in many instances, can help.

MRS. VALERIE KEENE, left, widow of Sheriff Joe D. Keene, was given a plaque in honor of her late husband by Youth Care, Inc. The commendation is being read by Mrs. James Turnbull, right, president of Youth Care. Presentation was made Sunday during open house at the Juvenile Home.

Social Security Questions And Answers

Question—As a college student, I work part time each semester and full time during college vacations, such as the Christmas holidays. The social security contributions coming out of my pay could help me meet expenses. Why deduct from my earnings now, considering the number of full-time years in the future I'll have to pay? Will I really get my money's worth over the long run?

Answer—You and other young workers—part time or full time—are earning valuable social security retirement, survivors, and disability insurance protection.

Question—A fellow student tells me that social security is a waste of money. He says that if you are young and your family has social security, you can't get it until you are 65. He says that if you are young and your family has social security, you can't get it until you are 65. He says that if you are young and your family has social security, you can't get it until you are 65.

tion worth more than the social security contributions you pay. For example, if you are under 34 and have 14 years or more of recent work in your social security record, you and your family may count on monthly benefits if you become disabled. And your family would get monthly benefits if you died. Earnings of as little as \$60 in any 3-month calendar quarter will assure you of credit toward this valuable insurance protection.

Question—A fellow student tells me that social security is a waste of money. He says that if you are young and your family has social security, you can't get it until you are 65. He says that if you are young and your family has social security, you can't get it until you are 65. He says that if you are young and your family has social security, you can't get it until you are 65.

Answer—No, he is not right. Social security is a very real benefit to you and your family. It is a way to protect your family's future. It is a way to protect your family's future. It is a way to protect your family's future.

Letter To The Editor

To The Editor:

Here's your old gal friend again. Hope you been looking for me in this here column every week. I mean I've been having me a busy time, trying to keep up with all the goings on in this swinging high-school band. I'm just telling you dudes.

If you don't think I'll get a great hand in this little ole town, I'll just oughta head on out to the football field some night when them kids are practicing. Them high-stepping majorettes make my old corny toesingle in my double-sole black sneakers. You oughta see me out there in back of them bleachers a-marchin up and down with my old pea-coat a-floppin.

Remember now folks — the Band Association members are collecting things for the auction in the Spring. I shore hope I'll bring in some good things cause Old Lola is gonna be right there looking for some good bargains. I shore would like to pick up a new coat. This old pea-coat must be around the world twice.

Well, I got my old cycle warming up so I can cut out to the field. I hear them drums, and I gotta get out there to get my kicks.

See ya later,
Lola

P.S. — You'll be sure and visit the Band Auction at the football game Friday night. Them folks has got some g'ood stuff over there.

ROTARY CLUB NEWS

Reported by DALE LANDRESS
HAROLD WOODEN

Rotarian Franklin Ward introduced newly appointed sheriff, O. L. Raulerson, Jr. to the club.

Sheriff Raulerson said the public who is clamoring for "Law and Order" is faced with several challenges today. One being the lack of communication and understanding between the public and law enforcement agencies. Among the things Raulerson noted were the public's feelings of not wanting to get involved and reluctance to pass on information. Everyone talks about the lack of law enforcement but they don't want to do their part because of the time involved should they have to appear in court as a witness. To the public the course of law seems slow, but he pointed out it must be to protect our rights. It is a six to eight month process to get a conviction even if the case is not continued.

Sheriff Raulerson said he and 13 outside men are expected to cover 1,282 sq. miles of Highlands County, with only two men on duty from midnight to 8 A.M.

He said word was spread at the number of people when they have something stolen that cannot even give a good description of the stolen article, such as serial number or make.

Consolidation of county and city, Raulerson said, would result in loss of freedom. Each city would lose the right to name who's in charge of their area. Other pitfalls of consolidation would be too much power falling into one man's hands. Organized crime would only have to control one man instead of four, the Sheriff, Avon Park's Police Chief, along with Sebring and Lake Placid's Police Chiefs.

Sheriff Raulerson closed by assuring the club if anytime in or anywhere his department could help us just ask and anytime we need a bit of information that could help them please call and our name would be kept anonymous in so much as possible.

Red Devil Juniors Defeat Frostproof for 5th Straight Win

The Avon Park Junior football team rolled over Frostproof by a score of 52-24 on the Bulldog's home field Tuesday, Nov. 3, for its fifth straight win. The junior high Red Devils were scheduled to finish out their six game schedule last Tuesday night at Memorial Field against the same Lake Placid team that they had defeated in Lake Placid by a score of 49-8.

The Avon Park boys scored only once in the first quarter and that TD came on a five yard sweep around right end by William Burley, the Devil's quarterback, to climax a 38 yard drive. Josh King slanted through the line on an off tackle play for the two point conversion and Avon Park had an 8-0 lead.

In the second quarter the Avon Park offense took advantage of a Bulldog fumble and marched 75 yards to score again. Ricky Claitt went off tackle for 11 yards for the touchdown and William Burley tossed a pass to end Micky Claitt for the two point after the score to push Avon Park ahead 16-0.

The Frostproof got into the scoring act on a 45-yard pass play and also passed for the two point conversion to tie the score.

Before the half Ricky Claitt scored again going in from six yards out and the try for the extra point was good so Avon Park took a 24-8 lead to the bus at halftime.

In the third quarter Frostproof scored first to move within six points of the Avon Park score. One of the Frostproof backs broke loose and ran 45 yards for the second Bulldog score and then a run for the two point was also good setting the score at 22-16.

But Avon Park bounced right back to score two more touchdowns before the third period ended. Josh King ran 30 yards around left end for the first TD and Ricky Claitt ran the extra points. Then Micky Claitt intercepted a Frostproof pass on the Bulldog 10 yard line and ran it in for a touchdown which was followed by two more points as Josh King ran the points after.

The Junior high Devils had done it for the TD and a three yard line only to be denied the score before Micky Claitt intercepted the Frostproof pass to get the score away.

Avon Park scored twice more in the fourth period with William Burley keeping the ball on a quarterback option and running 20 yards for the first one. The pass for the points after was good. Then Josh King finished out the scoring with a 25 yard run for the TD and a three yard dash around left end for the extra points to give Avon Park 52 points—the most points they had scored this season.

The Election Is Over

I appreciate much support and most of the votes BUT if 3000 voters wanted a change and took the trouble to go to the polls and say so, we need to know what our people want in a school system.

We came through a state-wide teacher walk out with far fewer scars than most school boards. (No Florida School Board had ever faced that before).

We got full approval of H.E.W. (Federal Government) on desegregation. We did not please anyone, black or white, but we did far better than many counties. We got good cooperation from the public and no court orders from the courts. Many counties did not handle this problem so wisely.

Our building program is on schedule and a good program.

Our concern now is to do our best in educating our children. We welcome comments, suggestions and help to do the best job possible. Tell us (in writing) what you want improved and we will do our best.

I did not campaign for votes in the usual manner because I figured our record spoke for itself. I did not want to serve you if you did not want me to have the office. THANKS for expressing your approval. I will do my best.

Insurance Firm Sues To Collect Over Payment

The bookkeeping department made a mistake and New York Life Insurance Co. wants two Avon Park residents to give the money back. In a suit filed in Circuit Court this week the insurance company says that Randolph Morrison Wood and Barbara Ann Wood Cook were paid \$6,043 each on a claim from their father's life insurance when they should have received \$604.59 each. The company charges that the recipients knew that the insurance firm's bookkeeping department had made a mistake and each should return \$5,441 to the company. Dorothy Wood, executrix of the estate of the late Dr. Theodore H. Morrison of Daytona Beach, is named co-defendant in the suits.

PART OF THE enjoyment of the SFJC student picnic was the time to just sit and talk with either student or faculty members.

Panthers Of SFJC Open Cage Season

This coming Saturday night at 8 P.M. at the Brevard High School Gymnasium in Cocoa, SFJC will take on the Brevard Titans in the first home game of the season for both teams.

Last year Brevard was ranked No. 1 for the regular playing season. However, they did not make it to the Nationals due to an upset by Lake City in the state play-off.

Three of the Titans are 6' tall with the others between 6'3" and 6'8". Coach Dunning Terrell reports that the Panthers have been working for the past six weeks in an effort to mold a smooth operating unit with particular stress on speed, good shooting, and a tough, man to man defense.

The starting line-up for Saturday night will be Edgar Moseley 6'3", Robert Forte, 6'5" at low post, Donald Strange, 5'10" and Walter Scott, 6'1" wings and John Beattie, 5'10" point. Backing these boys up and possibly playing equal time will be Kim Malcolm, Bill Whitener, Jerry Austle, George Hene, Rodney Hollinger, Murray Wilson, Mike Maddox and Charles Alexander.

Monday night, Nov. 16, the Panthers go to Tampa to tangle with the Falcons of Florida College at Temple Terrace.

Thousands of Property Tax Bills Mailed Out of County This Week

Around two to three thousand tax bills on Highlands County real estate were mailed out of the county again this year.

This is because residents in many foreign lands have purchased property in Highlands County, mostly lots in subdivisions.

The largest number of owners probably is in Puerto Rico, having purchased in Sun 'n Lake Estates," said Tax Collector W. H. Prescott. "And the second largest number is in Canada, having purchased in Sun 'n Lake and Highlands Park."

Residents of other countries also have purchased in these subdivisions, he said.

Calling attention to the out-of-country owners is a display of stamps from 32 countries, which Prescott's son-in-law Jim Willis has gotten together as a hobby over the past 10 years.

Prescott said most of the foreign taxpayers own small parcels of property—lots—although some own groups of lots. One large ranch in Venezuela was owned by a Venezuelan group.

Many of the out-of-town payers are servicemen or government employees, stationed in foreign areas, some of whom possibly bought for investment, some hoping to eventually retire here. Stamp collectors who visit the tax collector's office, may notice

that one Argentine stamp has former President Kennedy's picture on it. Argentina, Prescott said, has some of the prettiest stamps which picture colorful birds and butterflies.

Here are the countries from which the 32 stamps were mailed by taxpayers who owned—or may still own—land in Highlands County.

Argentina, Australia, Austria, Bahamas, Barbados, Bermuda, Bolivia, Canada, Canal Zone, Chile, Costa Rica, Dominican Republic, Dutch Antilles, Ecuador, Ethiopia, Finland, France, Germany, United Kingdom, Greece, Haiti, Honduras, Hong Kong, India, Ireland, Italy, Jamaica, Japan, Liberia, Libya, Mexico, Netherlands, New Zealand, Nicaragua, Norway, Peru, Philippines, Portugal, Salvador, Saudi Arabia, Somalia, Spain, Sweden, Switzerland, Thailand, Trinidad, Tobago, United Arab Republic, Union of South Africa, Turkey, Venezuela, Colombia and Yugoslavia.

Turkey Shoot Scheduled November 22

Avon Park sharpshooters can put their skills on the firing line Sunday, Nov. 22, behind the Sebring Mobile Homes, Hwy. 27, during the annual Sebring Jaycee turkey shoot.

"Shells will be supplied with every round and you can have your own shotgun if you desire," says Larry Labr, chairman of the event.

The best shot of each line which will have 12 persons competing will receive a 10 pound turkey from a local grocery chain. Each contestant will pay a \$1 entry fee.

Labr says, "We'd like to see the girls come out and try their luck this year. In fact, I want to have an all girls firing line at 3 P.M."

The turkey shoot will start at 10 A.M. and continue until early evening.

In connection with the turkey shoot the Sebring Jaycees are once again selling tickets for a drawing on a Ithaca pump 12 gauge shotgun. Last year's winner was Jean M. Mosier, alcoholism counselor, Bureau of Alcoholism Rehabilitation.

The drawing will be held on November 22 at 5 P.M., during the turkey shoot.

Avon Residents Warned Of Speeding

Within a 24 hour period eight arrests were made for speeding with the City area. Radar was used in these apprehensions.

Earl Gordon, police chief, warns residents and visitors that citations will be issued for any infraction of the speed limits within the city area.

Gordon, also asked that drivers be reminded of violations of the school zones speeding. These zones are clearly marked and all drivers are asked to obey them, for the safety of the children. Another reminder to all motorists was to caution people to watch out for the two lane circles, although they look to be a two way street the circles are two lane, but one way streets.

Those arrested were Walter Alford, Avon Park, Deborah Booth, Avon Park, Darryl Bennett, Avon Park, James Bale, Sebring, Geraldine Lucille Keller, Avon Park, all on speeding charges. Their cases will be heard in City Court on November 17.

Southland Trailer Court News

By BESSIE PARTON
It is November, 1970. Time to return to Southland, great old friends and get acquainted with newcomers. We miss those who are not returning, those who are living elsewhere. We miss Emma Gerdes, who left us so suddenly last Summer. It is good to have known Emma, who lived true and sincere, serving and brightening her corner. Yes, we miss Emma.

Our thoughts turn to adorable Melissa Lynn Chapel, now six months of age. We see us in her in new life and passing of those who are older. Michael Chapel is growing up so fast.

We would not forget those suffering from severe illness and hope they may be encouraged and lifted beyond excruciating pain.

Welcome to our newcomers! We hope they will join our activities and feel they have gained because of being here.

More improvements can be seen here and there—greener grass, fresh paint, newly paved streets, helpful railings at the hall entrances and new fence on the north.

Ben Henningson has been in Walker Memorial for a week with an attack of lumbago. However, he is improving and will return home in the near future.

Twenty-six were out for bingo Friday night. Manager Moynihan was in charge, assisted by Betty Peterson. Hetta Cook was the lucky winner of the door prize.

Rebecca Hostetter is much improved after a re-occurrence of severe pain in her right arm, which was fractured early this Fall.

Omer Snyder, his son and daughter-in-law came Thursday to spend the Winter in Florida. They are well, had a safe trip down and spent 10 enjoyable days in the Smokies enroute to Florida.

Sam and Rose Walton and Edna Senger were callers in the park Sunday afternoon. They formerly lived here.

Lions Club News

Members attending the November 3rd meeting welcomed as a guest, Rev. Ragdale of the Presbyterian Church and Lloyd Brumbaugh and, as a guest and speaker, Mrs. Marian Reddick of the Avon Park Elementary School teaching staff.

A near full house listened to Mrs. Reddick tell proudly of Avon Park's innovative program of teaching children whose abilities to learn are not developed when they first report to school. The program is quite different from traditional approaches to a common problem—facing first grade educators Mrs. Reddick said the objective was to develop each child's learning potential to the fullest. In somewhat technical terms the program is designated as a visual motor coordination effort. These terms more plainly stated concern a child's difficulties in relating he and his environment to space factors, such as up and down, close and away, on and off and others.

It was enlightening and most encouraging to learn of the depth of knowledge of the problem held by Mrs. Reddick and of the tools and techniques designed to meet the child's needs. Learning the development and implementation of the program when results can be measured in real life children gaining an ability to learn where none was previously evident.

Business matters taken up were somewhat limited due to all the interest in the election returns. Fourteen delegates were somewhat drained by the time and effort devoted to the barbecue on the preceding Saturday night. Many members worked long and diligently in their effort to help Avon Park celebrate Halloween and are most appreciative of the public participation and assistance.

Members of the Board of Directors and the Finance Committee are reminded of a special meeting on Tuesday evening, Nov. 10, no dinner.

Avon Park "B" Squad Wins Over Sebring 26-6 Thursday

A 26-6 win over the Sebring jayvee squad gave Avon Park's "B" team a 4-3 record last Thursday night at Fireman's Field in Sebring. The junior varsity Red Devils have only one game left on the schedule—a home battle here at Memorial Stadium tonight. (Thursday) starting at 7:30 o'clock against the Lake Placid Green Dragon "B" team. Avon Park's "B" team defeated Lake Placid 14-6 in an earlier game played in Lake Placid.

Danny Lewis, Avon Park's offensive line halfback, was the big scoring gun for the junior varsity Devils in Sebring last week as he scored three touchdowns. The freshman back scored the first Devil touchdown on an exciting 30 yard run as Danny broke through the left side of the line and then cut back to his right to race into the end zone for the go ahead touchdown. The extra point try failed.

Sebring scored its lone TD next to tie the game up 6-6 and the junior streaks also missed their try for the points after the touchdown.

Later in the game Lewis swept around end for a 25 yard jaunt into paydirt to move the score to 12-6. A pass was good for the conversion and Avon Park went ahead 14-6.

The junior Devils' third touchdown was scored by the defense as defensive halfback Tony Williams intercepted a Sebring pass on the Blue Streak 25 and returned it into the endzone for the score. Again Avon Park's try for the extra points was no good.

Danny Lewis scored the final touchdown of the game on a five yard bust through the middle of the line to set the final score at 26 to 6 for Avon Park's second win over the Sebring "B" team. The earlier score was 28-0 here at Memorial Field.

Agan Coach Dewayne Lerner singled out his defensive unit for special mention for their outstanding play in the Sebring game. Defensive ends Eugene Flowers and Bud Wenter, tackles James Walker and Nate Williams, noseman Gene Albritton, and linebackers Danny Lewis, Ronnie Dick and Walter Kemp-ton kept the Sebring offense stymied all evening.

The running of backs Roy Lamb and Bill Phillips also drew praise from Coach Lerner. He said that Phillips broke loose for several good gains from the halfback slot.

Avon Mobile Home Park News

By RUTH E. ROBINSON

More friends returning from the North are as follows: Mr. and Mrs. George (Mercedes) Beatty, Mr. and Mrs. Alva (Margaret) Derra, Mr. and Mrs. Harmon Heffner (Gladys), Mr. and Mrs. James Stark (Florence), Mr. and Mrs. Phelps Buttons (Josephine), Mr. and Mrs. Harry (Olive) Burnett, Mr. and Mrs. Hawley Ghaeters (Eda), Mr. and Mrs. Cecil C. Hale (Pearl) from Dayton,

Ohio. We welcome Mr. and Mrs. Roy (Minnie) McCutcheon, sister of Bea Tingler and Basil Krontz, to our park family. They are formerly of Avon Park Lakes, now residing in the mobile home on Court No. 86. We regret losing Mr. and Mrs. Vernard Goodman as they return to their home in the North due to illness, and sincerely hope for better health for Mrs. Vernard

Goodman.

Leaving our park to live in Michigan, Nils Shearman will be missed, but wishes for her happiness follow her. Mr. and Mrs. Harold Kading and Raymond Kading from South Wayne, Wis. were supper guests on Saturday night of Mrs. Lula Maddrell. The Harold Kading will spend the Winter in Avon Park. Raymond will fly back to snow and ice country soon. Mr. and Mrs. Howard Romblek of Fort Wayne, Ind. were our house guests last week, save Mr. and Mrs. Ora

Myers. Friday, the Rombleks and Myers spent the day with Mrs. Edna Senger at Leisure Acres. The Howard Bells entertained Louise's sister, Miss Edith Webb and their friend, Miss Florence Alexander on Sunday during their first trip to central Florida. The Robinsons were pleased to have Mrs. Ada Hirs, a former resident of our park visit for a while on Saturday. Mrs. Hirs will be spending the Winter in Avon Park. Mr. and Mrs. Ralph Croger were very happy to hear

of their granddaughter, Miss Tammy Shumake, who is only 15 years old, receiving a special member award by the Ohio Quarter Horse Association. She attended the All American Quarter Horse Congress in Columbus, Ohio at the State Fair with her parents, Mr. and Mrs. Richard Shumake, 631 Fenton Ave., Conneaut, Ohio. Miss Shumake was selected for the scholarship by the Ashland County Extension office, for excellent showing and general horsemanship out of all the 4H groups in the county. The Congress offers an educational program including lectures, demonstrations, and exhibits on every aspect of judging, showing, performance, breeding and management of quarter horses. Her full blood quarter horse, Brown Ruff is also 15 years old. Tammy, who is in the tenth grade at Conneaut High School was high point winner for 15 year olds in horsemanship among 4H Clubs at the Ashland County Fair this year and one of the four winners of medals in

OVER 100,000 CHIMNEYS WILL NOT BE SMOKING THIS WINTER!

WHY?

Because of clean ELECTRIC HEAT!

There are over 100,000 homes and businesses
served by Florida Power which are elec-
trically heated.

This means there is no smoke... no soot...
no fumes coming from the chimneys of these
home and business owners.

Flameless electric heating helps reduce air

pollution... helps keep your air healthy...
easier and better to breathe.

Think about it.

Wouldn't you... and all your neighbors...
breathe a little easier if you had flameless
electric heating in your home and business?

The Old Deer Still Guards Avon Park's Mile-Long Mall

Did you know there's been "hunting" going on in our Mall? Well, there has. Do you remember the beautiful, deifying "deer" that inhabited the section of our "Mall" in front of the Jacaranda Hotel? Well, I know all of us older citizens of Avon Park remember that "deer."

When Mrs. Coats was at the Jacaranda she loved that "deer" and wrote a book of poems with a poem in it about that "deer."

She wrote back, since leaving Avon Park and wanted a picture of that striking deer, so a good friend, Alene

Lytle went down to take it. Well, what do you know? That "deer" had up and left its beautiful surroundings, that had been its home for so many years.

Well, this friend went a hunting "in our mall" not with gun, but specks, she looked high and low-up and down-behind a d under each bush and shrub, on the "hunting" had been going on in our "mall."

I hear tell there is a certain man in town that has a dog that tries to catch that deer every time he passes that section of the mall, where that "deer" is located.

Think of the time wasted by folks in an office explaining to others how busy they are.
