VOLUME XLVI, NUMBER 44 | AVON PARK, FLORIDA 33825—THURSDAY, SEPTEMBER 3, 1970 | GL 3-4351 | GL 3-4355 | 10c PER COPY

SHOWN ABOVE is Glenn Phillips, son of Mr. and Mrs. Kelly Phillips, of Avon Park, with some of his works of art, on display at his parent's store, on Wauchula Road.

Local Boy Is Portrait Painter, Cartoonist

Glenn Phillips, son of Mr. and Mrs. Kelley Phillips, is a 21 year old rising young artist, whose goal is to become a portrait painter and cartoonist.

He graduated from Avon Park High School in 1967 and from South Florida Junior College in 1969.

He has many drawings, paintings and works of sculptor that are on display at his parent's store on Wauchula Road.

When his mother was asked when she first realized Glenn was talented, she said, "ever since he has been big enough to hold a pencil in his hand." Needless to say his mother was beaming with pride, as we viewed each piece of his work.

He has been drawing and painting for a long time, but says he took up sculpture only this year. When he was younger he took art lessons from Maxine Fries.

He will soon finish a correspondence course from "The Famous Artist Course," of Westport, Conn.

In his collection is a portrait of Mrs. Nicholas of Avon Park. Other outstanding pieces are a portrait of his little nephew, Stevie Phillips, and Steveie's head done in delicate sculpture. He has a large painting that the Coca Cola people would do well to acquire for a billboard advertisement.

Glenn leaves the middle of September for Demorest, Ga., where he will be a senior this year at Piedmont College, majoring in visual arts.

Bombing Range Students Transported To Frostproof

An almost empty bus is driving through the Avon Park Bombing Range to transport students to Frostproof schools. Most of the 55 children belonging to families of Air Force and Avon Park Correctional Institute personnel have moved into Avon Park to avoid transfer from Highlands to Polk County schools.

The dispute over assignment of the students who have traditionally attended Avon Park schools was carried to the state cabinet last week.

The cabinet assigned the problem to State Commissioner Floyd Christian who sided with the parents opposing assignment to Polk County, but could not block the action.

In a telegram to Highlands Superintendent George Douglass, Christian said, "On the basis of study made by members of my staff and consultation with legal counsel, in the interest of the welfare of the pupils and economy of transportation, I personally would strongly recommend that arrangements for pupils to attend Avon Park schools be continued at least for the 1970-71 school year."

Christian's telegram concluded, "Legal counsel's advice is that Polk County School Board has full authority to assign pupils and no authority resides in the Department of Education to overrule it."

Douglass said his office had no communication from Polk County to indicate that the Polk board would follow Christian's recommendation, and Monday no Highlands school buses went into the Bombing Range area.

Kept at Home

Herbert Kelley, APCI superintendent and one of the leaders in the fight to continue in Avon Park schools, said children were kept home Monday and the Polk County school bus made the Bombing Range run empty.

By Tuesday many families had arranged for children—mostly in lower elementary grades—to stay in Highlands County with friends or relatives. "Most of the parents who are unable to move from the Bombing Range did reluctantly enroll their children in Frostproof," Kelley reported, adding that the fight to obtain a Highlands County assignment continues.

Presumbly the children from the Pittsburg area which lies North of the Bombing Range are attending Frostproof schools. Transportation Officer Garland Boggus says attendance from Pittsburg is "about a half-dozen each year."

Appeals to Governor

In a long letter to Governor Claude Kirk, J. R. Duggan, Jr., president of Avon Park City Council complained that the Polk County School Board had refused to continue its 16-year agreement with Highlands schools "in spite of the fact that nothing has been done to provide a closer Polk County school or to improve the roads between the two areas."

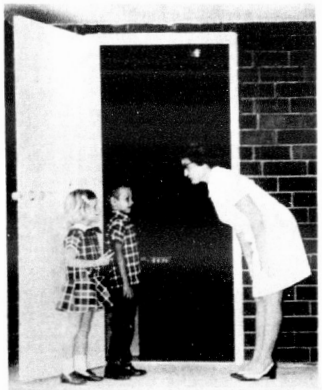

Duggan said the roads from the Bombing Range to Polk County schools "are extremely poor while a good State road exists between the Bombing Range and Avon Park."

He said attendance at Polk County schools "means a 40 mile daily round trip over poor roads, 50 per cent of which are unpaved, simply graded trails through the orange groves. Children previously involved in activities such as band, athletics, Scouts and church groups have had to drop out."

Duggan told the Governor, "Employee morale at the Institution is at low ebb due to concern over the welfare of the children."

He appealed, "We call on you as Governor of our great state to override this action and restore our children to their normal school attendance in Avon Park."

A three-man staff from the state Department of Education visited the Polk and Highlands school superintendents last Thursday and rode over the route the school bus is following from the Bombing Range to Frostproof.

FIRST GRADERS—Jill Cooper, and Jimmy Runner are greeted at the door by Mrs. Maryanne Reddick, first grade teacher, as they start their first day of school Monday morning.

Former Avon Park Boy Killed In Auto Accident

Death ended a joyride along a country road South of Avon Park early Thursday.

A car with six Sebring teenagers went out of control at 12:47 A.M. on a slight curve and grade on Lotela Road 4 miles South of Avon Park, rolled over three times and came to rest on its wheels.

Dead was tall, blonde Roger Thomas, 18, star of the Sebring High School track team. He was one of three riding in the front seat who were thrown out and he was tossed about over so eight yards ahead of the car.

Injured were Joseph Mackay, 19, 210 Bay Street, the driver, with head and arm cuts; Terry Feichert, 16, with head injuries and a broken ankle; Richard Givens, 16, superficial cuts and bruises; Charles Hughes, 18, and Richard Solis, 18.

Solis and Hughes were given emergency room treatment and released. Mackay and Givens were discharged Monday from Highlands General Hospital. Feichert is reported in satisfactory condition at Walker Memorial Hospital.

Thomas, Mackay, Hughes and Solis were members of the 1970 graduating class of Sebring High School.

Toll to 19

The death of Thomas brought the county's traffic death toll so far this year to 19. Mackay was charged by the Florida Highway Patrol with failure to use due care. Other charges are pending.

The accident occurred in front of the G. Franklyn Ward home on Lotela road, right at the end of one of the Wards' driveways.

Solis, who says he and Hughes are "about the only ones who remember what happened," recalls that the car started to sway and "I just balled up and covered my head."

In the front seat with Mackay were Feichert, riding in the middle, and Thomas. In the rear seat were Givens on the left, Hughes in the middle, Solis on the right. None were using seat belts, so far as could be learned.

Solis said the boys had just been riding around and were headed home going South. Mackay, Thomas and Hughes had picked up Givens and Solis around 10 P.M. and asked them to go for a ride, which they did.

Both Doors Torn Off

Solis recalls that the three in the front seat were thrown out and "both doors" of the car were torn off. Mackey, he said, was sitting on the hood mumbling that he had wrecked the car, a 1962 Chevrolet belonging to his mother, Geraldine Mackay.

"Charlie (Hughes) and Dicky" (Givens), he said, "were running around asking if everybody was okay."

He said he thought it was a few minutes before Mr. Ward arrived, and then Mrs. Ward brought Dr. John Clarke, of Washington, D. C., staying at the home of Dr. Burton Ostling a few doors away. Dr. Clarke, pinch hitting for Dr. Ostling who was on vacation, is on the Air Force staff which attends President Richard Nixon. Solis said he was told.

Mrs. Ward said Mr. Ward already had gone to bed and was asleep and she was just getting to bed when she heard the noise of the crash. She and her daughter could see the car lights at the end of the driveway. Mrs. Ward awakened her husband, called Doctor Clarke and notified police then went to bring the doctor to the scene. He administered first aid.

Coroner Mervin Rehrer pronounced Thomas dead at 1:30 A.M. and set time of death at 12:50 A.M. He said Thomas died of a broken neck and severe head injuries.

Refused Transport

Solis said the ambulance from Avon Park arrived about 15 minutes after the crash. He confirmed that the driver refused to transport them to a hospital because they were unable to pay for the service in advance.

A short time later, Stephenson ambulance came and transported Feichert, Hughes and Solis to Walker Memorial Hospital at Avon Park and Thomas to their Sebring mortuary. Mackay and Givens were taken by automobile to Highlands General Hospital.

Cpl. N. H. Duttenhaver of the Florida Highway Patrol and Deputy Sheriff Richard Cooper investigated the accident.

Funeral Saturday

Funeral services for young Thomas were held Saturday at the Sebring Church of the Nazarene with the church's pastor, Rev. Joe Benson officiating.

Burial, under the direction of Stephenson Funeral Home, was in Pinecrest Cemetery.

The Thomas youth was born in Avon Park. He lived at 117 Glenwood St. in Sebring.

He attended Sebring schools and was a member of the SHS Class of '70. Throughout his school years he was active in athletics. He played in the majors and senior divisions of Little League baseball.

In high school he played B squad basketball and baseball, but track was his principal athletic interest. He earned a varsity letter in track three years, and in the 1970 season his performance in shot put and discus earned for him the trophy as the Most Valuable player on the track team.

The young traffic victim is survived by his parents, Orell Thomas of Avon Park and Mrs. Jean Morris of Sebring; a brother, Melton O. Thomas of Sebring; two sisters, Mrs. Barbara Jean Baker of Sebring and Mrs. Sharon R. Comstock of Naples.

DOORS TORN OFF, this car rolled over three times and threw three of the six occupants out in a fatal accident on Lotela road last Thursday. The dead youth was Roger Thomas, the driver, Joseph Mackay.

Holly Reddick To Be Honors Program Student at Stetson

Holly Reddick has accepted an invitation to be an Honors Program student at Stetson University in Deland, and has departed to participate in orientation activities beginning on Tuesday, Sept. 1.

The Honors Program invitation was extended to approximately 35 freshmen and is the highest academic honor offered incoming freshmen. It provides good students an opportunity to study together in small classes under outstanding teachers.

Holly was valedictorian of the 1970 senior class at Avon Park High School and was graduated with a 3.976 average, the highest in Highlands County. She was the second highest scorer and alternate winner in the First Federal Scholarship competition, ranking only several points below Bill Nickley, the first place winner. She also won the Florida Regents Scholar Certificate of Merit and was chosen as an outstanding High School Student in America.

Numerous honors were received by Holly during her high school years. She was awarded the DAR Good Citizenship medal and was the Girls State Representative in her junior year. She was the recipient of a number of academic awards and very active in school organizations serving as president to several. Holly has been in the band since sixth grade and has taken piano lessons since second grade. She is a member of the National Fraternity of Student Musicians. She was a member of the All-State chorus in 1970.

Miss Reddick is a leader in the Methodist Youth Fellowship and has been active in church organizations and activities in the community.

She won the Wesleyan Scholar Award in National competition but rejected it to be an Honors Student at Stetson.

Football Jamboree Saturday

The annual pre-season prep football jamboree is set to be played here at Memorial Field on Saturday, Sept. 5 starting at 8 P.M. according to Avon Park Athletic Director and head football coach Joe Franza.

The Avon Park Red Devils will participate in the game along with Sebring, Arcadia, and Wauchula. Each team will play two quarters of regulation football. This is the third year the jamboree will be played.

Admission at the gate will be $2 for adults and $1 for students but advance tickets may be purchased for $1.50 for adults and 75 cents for students. These tickets may be bought before the game at Albritton's Barber Shop, Leon's Sporting Goods store, Stimson's Service Station, the high school office, or the high school gym office.

The game is set to give fans a pre-season look at the four area teams.

Political Rally Set For September 19

The Avon Park Jaycees will hold a political rally in Donaldson Park, starting at 7:30 P.M., September 19, with the APCI band playing.

The master of ceremonies this year will be Hue Nunallee. You will be able to hear all six candidates' speeches, then there will be a question and answer period afterwards.

The city council requested the rally be moved to Donaldson Park, because of the condition of the bandstand on the Mall.

Enrollment at Avon Park High School Up 82 Students

The opening days of school—the first under complete racial desegregation — went off smoothly throughout Highlands County this week.

A new private school for fifth graders in Avon Park drew an enrollment of 17, but boycotts did not develop and enrollment edged up to a new high for opening day, 1,929.

High schools led the way in enrollment increases with each of the three high schools showing gains over opening day a year ago.

Avon Park High's enrollment went up 82 to a new high of 951. Lake Placid High was up 30 to 660.

Lake Placid Elementary was the only elementary system to show a net gain. The total enrollment of 742 on Monday was 58 greater than the combined first day counts of Lake Placid Elementary and Carver School in Sept., 1969.

Kindergartens Delayed

Delay in the opening of kindergartens depressed elementary school opening day enrollments throughout the county. In Sept., 1969, kindergartens enrolled 54 children.

The assignment of approximately 60 children from the Avon Park Bombing Range settlement and Pittsburg to Polk County schools cut into Avon Park enrollment. Highlands County school officials said approximately 55 elementary school children are involved in the re-assignment, and Avon Elementary showed a net decrease of 56.

At the beginning of 1969-70 year there were 214 fourth grade students in Avon Park schools. This year there are 182 in fifth grade, or a decrease of 25. This is the only grade assigned to Hopewell which had been an all-black school.

The newly established Park Academy, a private school offering fifth grade, only, at Avon Park reported an enrollment of 17 Monday.

The dropout rate for high schools continued high in Avon Park and Sebring. Of the 164 students who began 11th grade at SHS a year ago only 131 signed opening day this year to begin their final year of school.

In Avon Park the Class of '71 had 135 members a year ago and is down to 119 now. Lake Placid's senior class picked up members, going from 93 to 99.

Transportation Trouble

Transportation presented the most headaches on opening day. A large number of well-meaning parents drove their children to school Monday morning, but that compounded problems when the school day was over.

Children uncertain of the number of their bus or the appearance of their driver, tended to assign themselves to buses and drivers they had known in other years — and some were reluctant to get on any bus.

Principals reported there were "the usual" problems of opening day — younger children who "decided they wouldn't go to school just now" and nervous parents who wish to have teacher assignments changed. The school administration attitude on both problems is "stay put—everyone stays in class, where he has been assigned."

Driver Exams Schedule Set

Written examinations for drivers license resumed schedule Monday from 9 A.M. till 4 P.M. at the city hall with Sgt. Shea, examiner conducting tests.

Each Monday and Wednesday from 9 till 4, examinations will be given and driving tests will be conducted each Wednesday at the same time.

Support Your Community

We exchange papers with many of the papers in the surrounding area. After reading them for a time you discover that most small communities have about the same problems and the same goals.

They are all searching for new industry, more people and better facilities. On the other hand most of them are trying to lower taxes and get grants from the federal government.

They succeed or fail in all of the projects in varying degrees generally because of circumstances beyond their control. Basically most of these communities are about the same. The thing that makes them different is that one is your hometown. Boost your community, it helps everyone.

Three R's Are Not Enough

A century ago, Horace Mann predicted that crime could be eliminated as tax-supported public schools increased and more people could have more education. Has it worked that way?

Today we have the greatest educational system in our history —in size and cost. We also have the highest rate of crime and violence.

What is the reason?

Could it be that three R's are not enough to educate people to lead happy, productive, successful, peaceful lives?

What Is Missing?

What has been missing from our educational system, which has caused it to fail to produce the results that were promised?

Dr. John Howard, president of Rockford College, Rockford, Ill., says religion is needed in education, to give people "the ability to find inner guidance for outer harmony."

Recognizing this most basic need, some educational authorities are now acting to remedy the situation, at least to some extent.

In Orange County, Florida—of which Orlando is the principal city—the school board has voted to permit five to seven minutes of daily devotions at the beginning of each school day.

The resolution adopted by the school board does not state that the devotional period will be required, but that it will be permitted.

The official action is intended to provide an opportunity for individual prayers and reading of the Bible by groups or individuals, followed by a salute to the flag of the United States and ending with the singing or playing of an appropriate patriotic song.

Ever since the Supreme Court ruled against prescribed prayer and Bible reading in the public schools—and many schools simply eliminated daily devotions—there have been some students and teachers who felt the need to continue to recognize God as Lord, in school or out.

One 12-year-old school girl in Boston expressed her feelings in this way:

"Now I sit me down in school
Where praying is against the rule
For this great nation under God
Finds public mention of Him odd. . . .
Praying aloud in a public hall
Upsets believers in nothing at all. . . .
But now, O Lord, this prayer I make —
Should I die in school, my soul You'll take."

Last year, students in one New Jersey town set up a tent across the street from the school building, where they went each day for a period of devotions before school.

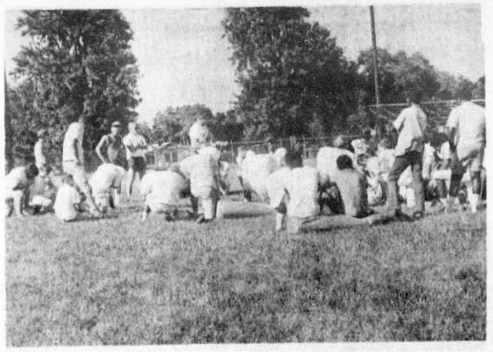

No Neutrality Intended

There was not the slightest intention, when our country was established, that we should be neutral about God in our national life. The adoption of the motto, "In God We Trust," is proof of that.

Our pledge of allegiance to the flag contains the clear recognition of our reliance on God in the words "one nation under God, indivisible, with liberty and justice for all."

The Bible tells us, "Train up a child in the way he should go, and when he is old, he will not depart from it."

Maybe if the fourth R in our public schools were Religion, there would be fewer students in our universities majoring in rioting.

Commission Defeats Motion To Rescind County Zoning Codes

A motion to rescind Highlands County commission's action in establishing county zoning and building codes failed Tuesday by the same 3-to-2 margin which adopted the comprehensive programs two weeks ago.

Commissioner Robert Skipper, who voted against adoption of zoning at the Aug. 18 meeting, introduced a motion to rescind at this week's meeting after an angry DeSoto City resident called the earlier action "illegal."

Del Preston Jones, who had appeared at hearings to oppose the building and zoning proposals, said Tuesday that the adoption of the programs "without a public notice violated the spirit, if not the letter, of government in the sunshine."

Chairman Earl Crutchfield asked Board Attorney R. P. Dunty, Jr. to advise the board whether the action to adopt zoning had been illegal and the attorney ruled there had been no violation.

Crutchfield added, "I see nothing that makes me feel the county has done anything illegally. It came up in the normal course of business and I did what I thought was right."

Commissioner Jean Whitaker backed Robert Skipper's motion to rescind, but Commissioners Ben McGee and Cecil Skipper sided with Crutchfield to defeat the motion.

Before leaving the meeting Jones threatened political reprisal. Addressing himself to Crutchfield he said, "You're campaigning for re-election on a platform of open government. You certainly are not living up to that. You've taken your action and now I'll take mine."

Zoning Violation

Later in the meeting the commission was informed of the first ruling under the new zoning resolution. Zoning Director Jack Short presented an application for a package liquor sale license with the report that the proposed location, is by county zoning, too close to E. O. Douglas School.

The board instructed Short to return the application to the state beverage control officers with the report on zoning violation.

Other Business

In other business the board voted to pay tuition for Beverly Dyer to attend a private kindergarten in Sebring. The child remains in residence at the Youth Care home while charges against her mother are pending in Circuit Court.

Received from Del Preston Jones and Commissioner McGee requests for further study on obtaining public dumping grounds.

Received a letter from Mrs. Myrtle Lownsbury complaining about air pollution in the Grayce's Mobile Estates area and a letter of commendation for the county veterans service officer Harvey Roberts from Lester A. Ehret of Sebring.

Adopted a resolution of appreciation for the late Mrs. Clara Pearce, the only woman to serve as a member of Highlands County commission.

18 Auto Deaths Predicted For Holiday Period

TALLAHASSEE — The last big holiday of the summer may see 18 traffic deaths unless some "thoughtful" driving habits are displayed during the Labor Day Holiday weekend the Florida Highway Patrol said today.

Colonel Reid Clifton, director of the Patrol, said, "The Labor Day holiday period will be dangerous for drivers. People will be traveling to all parts of the State for their final outing of the summer. For some it will be the final outing of their life unless we all display some 'thoughtful' driving habits."

Clifton explained, "Thoughtful driving has a dual meaning for traffic safety. In one instance we mean courteous driving by giving consideration to other motorists. We also mean attentive driving. Combining the two produces a winning safety habit."

The holiday period begins at 6 p.m. Friday September 4 and ends at midnight Monday September 7. The Patrol is predicting 18 traffic deaths during the 78-hour period.

Presbyterian Church To Present Class On Christian Discipleship

"Exploring Christian Discipleship" will be the theme of a series of classes beginning September 13 at the First Presbyterian Church. The Wednesday night classes will start on October 7. The classes will continue through November 25. The time is 7:30 o'clock.

The classes will have different facets for different people. For some who have not made up their minds about Christian discipleship; it will be more like an "Inquirers' Class"; perhaps a first attempt to look at the Christian faith. For others, the classes will serve as a "Refresher Course." For others, it may be the first opportunity to take a class in the basics of the Christian faith; even though they have been a church member for years. The plan is to have not only lecture, but also discussion, questions, and some filmstrips. The classes will be an attempt of some people to learn together more of what Christian discipleship is about.

The eleven Sunday night classes have grown out of the conviction that some persons have "hazy" and even wrong ideas of what Christian discipleship is. In the background of planning of these classes has been the consideration that even if one attended preparation classes before becoming a Communicant member of the church; there is need to consider discipleship in terms of where we are today. Those who attend the classes are under no commitment to join any church. The minister of the church will lead the Sunday night classes.

The four Wednesday night classes during October will deal with the history of the Associate Reformed Presbyterian Church. Clarence Boswell, Jr. will lead the classes in church history. Mr. Boswell, an attorney, is a member of the firm of Boswell and Boswell in Bartow. He is a ruling elder in the Bartow Associate Reformed Presbyterian Church.

The four Wednesday night classes in November will deal with the government of the Associate Reformed Presbyterian Church. Monte Campbell will lead the classes in church government. Mr. Campbell, also an attorney, is a member of the firm Tomasello, Campbell, Dunlap, and Norris in Bartow. He is also a ruling elder in the Bartow Associate Reformed Presbyterian Church.

The Church Nursery will be open both for the Sunday and Wednesday night classes during the 11 week period.

Pastor Watts Will Speak To Adventists

D. R. Watts, secretary of the Ministerial Association of the South India Union of Seventh-day Adventist Church this weekend. Pastor Watts will speak and show colored slides at a special Friday evening meeting at 7:30. Pastor Watts will also speak at the regular Sabbath services on Saturday at 11:00 o'clock.

The Walker Memorial Church will also hold its regular Fellowship Dinner at the auditorium of Highland Lakes Jr. Academy following the Sabbath service. The public is cordially invited to these functions.

Episcopal Church Will Honor Children

The Episcopal Church of the Redeemer in Avon Park will observe Rally Day for the children and youth next Sunday, Sept. 6 at the 10 A.M. service. This Family Service of the Holy Eucharist runs all year and many of the youngsters attend during the season when classes are recessed. Registration for classes will be held this Sunday and we expect all of our children to turn out with their families.

Mrs. Ben B. Gurtner, church school superintendent will head a fine group of teachers and fellow workers, included are: Mrs. William Smith, Mrs. Alex Sharp, Mrs. E. G. Touchton, Jr., Mrs. John Gross, Mr. and Mrs. Sanford Hartt, Mr. and Mrs. Denis Schroeder, and James Turnbull. The rector acts as a resource person in monthly meetings and parish education projects.

Mrs. Helen Field and the rector are anxious to start augmenting our choir, and invite new members to join. We will have our first choir practice this Sunday after the 10 A.M. service in the church. All are very welcome!

Our Wednesday services resume this week with the 9:30 A.M. Eucharist.

September vestry meeting will be at 8 P.M. September 9 in the parish office.

Episcopal Women Will Meet Sept. 9

The Episcopal Church Women of Avon Park, will hold their first meeting of the Fall series on Wednesday, Sept. 9.

After the regular 9:30 A.M. mid-week Communion, members will drive out to the home of Mrs. Walter Mandis, for a short "coffee." Business meeting will follow at 10:30 A.M.

Mrs. Burton Ostling has a fine program lined up after the business meeting and promises an enjoyable time. It will be a worthwhile meeting, and all members are asked to make a special effort to attend.

THESE SENIORS are anxious, but reluctant in starting their last year of high school days. Left to right are: Sue Ferguson, Laura Camp, Barbara Flowers, Gail Metheny, Barbara Miller, Nelda Watson, Beverly Wicker, and Donald Batts.

Survey Shows County In Above Average Retail Market

Highlands County, on the strength of its business activity during the past year, is given a high rating in a new survey of buying power.

The figures show that it was an above-average retail market in the year. Local residents earned more and spent more, per capita, than people in most other areas of the country.

The facts and figures, giving comparable data for every county in the United States, are contained in a copyrighted study made by Sales Management, the marketing publication.

It shows that, in Highlands County, the relatively strong consumer buying produced a sales volume in local retail stores of $47,350,000, as against the previous year's $41,430,000.

From the standpoint of population alone, this was more than should have been expected. Figured on that basis, local retail business should have amounted to only .0127 per cent of the national, since that proportion of the total population lives in the area.

Actually, however, it went above that amount, accounting for .0136 per cent of the national volume.

Although consumer spending was at a higher level locally than in most communities, it was distributed differently than in other years. More money went for soft goods and services and less for the high-price durables than usual.

With inflation still rampant and with no quick end in sight in Vietnam, people were more cautious in their spending and anxious to keep their installment debt down.

From the standpoint of income, 1969 was a good year for most local families, the figures show.

Net earnings of Highlands County residents, after payment of their taxes, came to $58,701,000, topping the previous year's $54,833,000.

It was equivalent to $6,826 per household, an average obtained by dividing total income by the number of households.

Just how one community compares with another in buying power and business vitality is revealed in the survey through an "index of sales activity."

Highlands County is given an index rating of 107, placing it 7 per cent above the national average.

MORE REAL ESTATE SOLD

Documentary stamp collections for Highlands County advanced strongly in July over a year ago. Total collections for July were $11,704.50 compared to $8,634.35 a year ago, reflecting increased sales of real estate.

Cigarette Taxes Down In Avon Park

Cigarette smoking in Highlands County was up in August this year, compared to a year ago.

But in Avon Park, collections were down a little, $7,038.71 compared to $7,225.12 there in August a year ago.

Net cigarette tax collections for Sebring totaled $11,439 in August as compared to $8,843.54 a year ago.

Resident Program Terminated

For several years now Walker Memorial Hospital has maintained a resident program for retired citizens. Effective October 1, this program will be terminated. It has been realized that with the hospital building program at hand that other plans would have to be made for senior citizens. The decision to close this program at this time, however, was expedited due to Medicare involvement with the hospital program.

The employees of the hospital are going to miss having the senior citizens for they have truly become a part of the overall hospital family through the years.

River Greens Form Ladies' And Men's Associations

River Greens Golf Course has formed a Ladies and Mens Golf Association.

The Men's Association will be called the River Greens Goofers. Their first meeting was held this past Monday night when Frank Shannon was elected president; George Peffer, secretary; and Dale Durden, treasurer.

Next meeting will be held September 21 and anyone interested in joining the new groups may call River Greens Golf Course 453-5210.

Labor Day Tournament

River Greens will host a Labor Day Golf Tournament which is sponsored by the Men's Golf Association for members and guests 18 years and over.

This will be an 18 hole tourney any one of the three days, Friday, Saturday and Monday using the Calloway system.

How Important Is Peace to You?

By DAVE LLEWELLYN

A desire for peace is universal. Indeed, the rising demand for peace is almost universal.

Yet peace itself is very individual. Universal peace is only the universal effect of individuals at peace with all other individuals.

The real problem of peace is not an international one, at all. If nations no longer waged war against each other, there would still remain our nation's internal turmoil.

Were the wishes of "Peace in Vietnam" and "Peace in the Middle East" miraculously granted, new posters would appear for "Peace in the Streets" and "Peace in Politics."

And were those granted also, honest crusaders would have to press on for "Peace in Our Private Lives."

Perhaps peace is not so rare as the newspaper headlines would make it appear. Most nations are not at war with other nations. The majority of people within every nation—even those at war—are not personally fighting anyone, at least not physically.

That view is still not very satisfying, however, if you are not in that majority, is it?

One Man's Experience

Practical suggestions for personal peace between neighbors may be more valuable to you than a new platform for war protests. Here is an account of how one person went about procuring peace for himself. Maybe we can profit by his example.

I know of a businessman who made a sizable fortune abroad and decided to move back to his home town, where he had grown up and lived with his parents for many years. There he settled, invested in some livestock, and planned to live out his days in quietness and peace.

But his neighbors wouldn't let him. They were jealous of his success and where there is jealousy there is no peace.

His neighbors harassed him by polluting his wells and disputing his water rights.

This man's response, each time, was to dispose of his land and move farther away from town.

Finally, in his third location, 40 miles away from the first, his neighbors let him alone and he did live out the rest of his life quietly and peacefully.

Every time I tell this story I find contrasting reactions to this businessman's conduct. Some praise his policy of non-confrontation, while others, asserting that they are also for peace, condemn his abandoning his basic rights in the face of clearly illegal coercion.

To the second group, peace could not exist without law. If necessary, lives must be sacrificed to maintain the laws that protect the peace.

To the first group, peace cannot exist without life. If necessary, legal rights must be sacrificed to maintain the lives that can experience peace.

Peace Given by God

The man to whom this happened was Isaac, whose story is told in the Bible—in Genesis 26. The reason why Isaac was able to sacrifice his legal rights for peace was that he realized that peace can rest on something firmer than laws.

Peace for Isaac rested on his assurance that God was taking care of him individually. He did not have to fight for his right to peace; God would provide peace for him.

God provides an impenetrable peace for those who ask Him for it.

Group Attends Institute On Alcohol, Drugs

How to cope with the 681 alcoholics in Highlands County will be the goal of those attending the Eighth Annual Institute on Alcohol and Other Drugs in Orlando this week.

Over 250 students from throughout the state will start registering today (August 30) on the campus of Florida Technological University. The Institute is jointly sponsored by FTU and the State of Florida Bureau of Alcoholic Rehabilitation, Avon Park.

Those attending from Highlands County are: Mrs. Helen K. Young, Mrs. Donna C. Revell, Miss Ute Nies, Miss Lynne Ackart, Mrs. Elizabeth P. Nellis and Mrs. Judith A. Mundt from Avon Park. Mrs. Esther G. Clift and Mrs. Mary Jane Ambrose from Sebring.

During the week-long session, the students will participate in workshops and general sessions on all addictive substances.

A drinker is considered an alcoholic when he must drink. This does not include the drink a day before dinner drinker—provided that is all he drinks, BAR officials say.

The figures on number of alcoholices in the county were obtained in a survey by the BAR for the fiscal 1968-69 year, and does not include alcoholics under treatment at the center. The figure is not considered high in a county population of over 27,000.

Deadline For ASC Ballots Is Sept. 11

Highlands County farmers are now receiving mail ballots for ASC county committee elections, announced R. B. Oxer, chairman of the County Agricultural Stabilization and Conservation (ASC) Committee. Marked ballots are to be put back in the mail or returned to the county ASCS office by September 11.

Eligible farm voters will elect one member for a three year term and two alternate committeemen to serve for one year.

In the committee election, voters may vote for only one person. The ASC Chairman said it is important that farmers know that they are to vote for only one because under the past procedure they could have voted for three candidates. Voters may select from the candidates listed on the ballot or may write in choices.

Any person who believes he is an eligible voter but who has not received a ballot by September 5 should get in touch immediately with the County ASCS office located in Room 1, basement of Sebring Post Office, in order to obtain a ballot.

Realizing that several of our community physicians would be on vacation for several weeks, it was decided to make a final redecorating of the second floor area of the original hospital building. It was anticipated that this area would be closed for two weeks while the redecorating process occurred. Redecorating plans have had to be altered, however, in order to care for the increased patient need for this area.

Shoplifting Is Serious Offense

What is a "shop-lifter"? "One who steals articles from stores."

Why do most people take things from stores? There are various reasons given. Very few really are in need, that shop-lift. Most of the time they have money on them when they are caught. True, some may be in need, and these are the sad cases. But most often, it is the same old story, someone wants something for nothing, or wants to see if they can get away with it.

They think, Oh! Look at this big store filled with merchandise, they won't miss this one thing.

But what if everyone took just one item, the stores would be empty.

Most people don't know, when articles are stolen, so many have to be sold to make up for the stolen item.

Too, most businesses do not own the merchandise in their store. It is either on consignment or they are using borrowed money to stock their establishment.

Some people are called kleptomaniacs. The dictionary says, a kleptomaniac, is one under the influence of kleptomania. It describes kleptomania as a form of insanity manifesting itself in an irrestible propensity to steal. Now, that big word, "propensity." It means, natural tendency. These people need to change their desire to steal.

Do you value your reputation? It is bad on you and your family when anyone is caught shoplifting.

The public sees you apprehended, taken away in a police car, and then a large fine of $100 or more, for maybe a 19c item.

Did you need and want that 19c item that bad? Enough to cause embarrassment for you, your family and the large fine. You could have bought a lot of 19c items with that wasted $100.

The answers some give when asked "why they did it," are: "I don't really know why I did it." Or, "Yes this is my first time." Is it really? Or is is the first time you have been caught? Some say, "I haven't ever done a thing like that before," or some flatly say, they didn't do it, they don't know how the merchandise got where it was. It was some kind of mistake. Some do it for fun or thrill. Some say "I'll never do it again."

Most sales people are trained to detect shoplifters. Does the public know this? Most sales people dislike the catching of a shoplifter, unless they are professionals or are mean about it, then it may be a pleasure.

They had rather you put it back, or even yet, not do it in the first place. The law and bussinessman hopes each one is caught, to make examples of them, and to try to educate the public, to try to stop so much shoplifting.

When people are caught, most are embarrassed to visit the establishment when they are caught, anymore. Regardless of what you need from the place, you hesitate to go.

No one ever forgets it, if you are caught shoplifting. Even if you get away with it one time, sooner or later you will get caught.

Most sales people are alerted to you, they may have even seen you get an item on a previous visit, and are waiting for you to come in again.

Stop and think, is it worth all the embarrassment and expense for that taking of something that doesn't belong to you? Do you want it that bad?

Even if you get by once or twice or forever, shoplifting in a store, there's someone up above who sees you.

Have you ever wondered why everything in stores is so high? Besides the normal high cost of groceries and merchandise the general public is having to pay for items shoplifted also. A certain percentage is added to the items, to try to help cover the shrinkage of shoplifting.

From the evidence of discarded packages, an enormous amount of money is lost each year from shoplifting. They have been known to take anything, from soup to nuts and pens. Most shoplifters take the entire package, because they are usually in a hurry, so with these and the discarded evidence, there's no wonder the public has to pay such high prices.

The managers of stores and employees are being alerted and made more aware of the shoplifter. IT HAS TO STOP, some way. So shoplifter, beware, all the public will be watching for you. We are all tired of paying for things you take.

16 Year Old Youth Sentenced To 10 Years

A 16-year-old Avon Park youth has been sentenced to 10 years in prison for armed robbery. Aaron Riley was sentenced Monday by Circuit Judge Clifton Kelly who noted that the youth and a companion had used guns to take $430 from Elmer Akselsen and $15 from Joel Stokes.

Akselen said he had been making collections in the Lacey Hill section of Avon Park and was stopped by Riley as he returned to his car. Stokes was a passenger in the Akselsen car.

Lewis, who was with Riley, was not sentenced Monday when the court discovered that Lewis's attorney had not been notified of the court hearing.

Both boys had entered pleas of guilty to two counts of armed robbery. Highlands County Juvenile Court had waived jurisdiction and bound the youths over to Circuit Court.

Lewis, 16, has a juvenile court record dating back eight years. This was Riley's first offense.

Eddie Lee Williams, 23, and Arthur Flowers, 19, both of Avon Park, had pleaded guilty to being accessories after the robbery. In court Monday Flowers was sentenced to two years in prison and Williams to five.

All four were moved to Lake Butler prison reception center on Tuesday.

In court Monday Mary Jane Dickerson of Avon Park, charged with aggravated assault, pleaded guilty to the lesser charge of assault and battery and was fined $251 or 30 days in jail.

Tax Adjustment Board Meets Tuesday

With no complaints to process the first session of the Highlands County Tax Adjustment Board lasted approximately five minutes Tuesday.

The Tax Adjustment Board, which has members from both the county commission and the county school board, replaces the old Equalization Board. Property owners who feel their property has not been assessed properly file complaints—as they did with the Equalization Board—except that the new law requires hat complaints be heard according to timetables set in the law.

Highlands County Tax Assessor J. W. "Billy" Martin said proper printed forms for Tax Adjustment Board use have not been designed by the state yet, but this was not a serious problem this year since all complaints had been worked out without the filing of the complaint petitions.

Commissioner Cecil Skipper is chairman of the Tax Adjustment Board. Other members of the board are Commissioners Jean Whitaker and Ben McGee; School Boardmen Jack Wirick and Franklyn Ward.

After the board had concluded its meeting, the county commission formally certified to the county Tax Collector a county millage of tax levy of 13.598 mills.

Mayor Asks Ambulance Service Why They Refused Auto Victims

In a fatal accident early last Thursday morning, it was reported by police at the scene of the accident that the driver of Ridge Ambulance Service, Avon Park, refused transportation to the hospital for the youth involved.

According to reports by the local police department, the ambulance service answered the call but after arriving at the scene found the youths were unable to pay in advance and refused them services, informing the police they would have to contact a different ambulance service.

A Sebring base ambulance, Stephenson, arrived at the scene and transported them to the hospital.

In a written letter to Claude Lee, owner of the ambulance service, Mayor Robert Barben asked for an explanation of the driver's actions.

Tuesday, Lee had not answered the letter but had made an effort to contact the Mayor. The Mayor is out of town until the latter part of the week and it is reported that Lee announced that the driver was in error, that the youths should have been picked up and it was not according to his policy to refuse services in cases such as this and that it would not happen in the future.

Lee, also stated to authorities that his drivers had been instructed to collect in advance from nursing home patients needing ambulance service to the hospital.

Roberts Lists Advantages Fifth Grade Will Have at Hopewell

Elmo Roberts, assistant principal for Avon Elementary School and for Hopewell school opened up the first day of school at Hopewell with a well balanced speech giving the advantages that Hopewell will offer the fifth grade students this year.

Roberts pointed out that they had more space and a complete library with their own librarian, Mrs. Sarah Williams on hand.

A number of parents attended the assembly in the lunchroom at Hopewell Monday and were given an opportunity to ask questions if they so desired.

One of the teachers at Hopewell this year, an ordained minister, Edward Simon gave a very inspirational talk on welcoming the students with the parents. He pointed out that they had set up a program where each child would be tested to their ability which they might make progress. Although each student had a base homeroom they would have five to six teachers for different subjects, similar to those in upper classrooms.

Roberts briefed students and parents on the policies that would be obtained at all elementary schools. One is that for the safety and protection of the student, a written permission from the parent or guardian must be taken to the office of your school, before one will be allowed off the school grounds.

The seven homeroom teachers for the fifth grade at Hopewell this year are, Mrs. Clara Boone, Lloyd C. Brumbaugh, Mrs. Shirley Furr, Elbridge Holman, Bruce Hunt, Suzanne Reeb and Edward Simon.

Mrs. Esther Johnson special education director will maintain a room at the school also.

ROTARY CLUB NEWS

By REV. JOHN KNAPP

Hearing Mark C. Hollis talk, or even being in his presence is like being hit with a blast of electric energy spray. So, it was an outstanding address he gave at the meeting of the Rotary Club of Avon Park, August 26. Introduced by our president, Dr. Stallard, Rotary District Governor Hollis made everyone at ease with good humor and a cordial greeting —extending as he did his hand of friendship at the door as members entered—he sought to express the distant greetings of Rotary International president Bill Walk. Our Club Assembly of the evening of August 25th came in for some good comment. It too, was a splendid event!

The announced theme of the coming District Assembly at Lakeland, October 23-24 will be that suggested for World Rotary, "Bridging the Gaps." Mark outlined the coming program there; Panel discussion on Mass Communication Media; Ecological Problems; Jack Averitt will speak on International Relations; banquet speaker will be Buck Rodger, president of Data Processing of I.B.M.; a Youth panel discussion of outstanding leaders; and "Rotary on Trial" dramatization led by Ken Wacker of Winter Park, a Director of R. I.

The last portion of Gov. Hollis' talk dealt with the many problems of some Clubs., including our own. Four points were stressed: 1. The spectator syndrome of watching things happen rather than pitching in to work. 2. Complacency which turns into apathy. 3. Lack of fellowship and friendship in meetings and among members and visitors. 4. Hypocracy of those who like to be called Rotarians for status reasons, and do not live up to Rotary ideals and service. These four evils can kill a club, family, church, or even a nation. Rotary seeks to combat these with participation, interest, friendship, and honest service to others.

So, we were called to "Bridge the Gaps" between people, nations, community groups, etc. He closed with a quotation from Nehamiah who 440 B.C. rebuilt the ancient walls of Jerusalem because, "The People Had a Mind to Work."

MARK C. HOLLIS, Rotary District Governor solidly emphasizes a point during his talk with the Avon Park Rotary Club.

Florist Group Attends Fall And Christmas Design School

Steve and Nell Roberts, Joel and Connie Albritton, Sebring, and Bill McDaniel of Ridge Florist, Avon Park, and Sebring, attended the Florida West Coast Florist's Association Fall and Christmas Design School, held at the Princess Martha Hotel in St. Petersburg.

The design school is to show all the latest things available to florist shops throughout this area. Six floral designers from Florida and South Carolina designed before the 500 people in attendance. They demonstrated and showed how to work with the new items. Nell Roberts and Joel Albritton of Ridge Florist were designers on the panel.

Nell won first place for having the most beautiful table decoration. She used a Fall theme with a burlap table cloth and an arrangement of the new burlap flowers available. Joel won first place for his Christmas door decorations. He used an old fashion theme for his door with the traditional red and green. Emerald Green is the color for 1971.

Steve is president of the West Coast Florist Association, the largest in the state, felt the school was very successful and well attended by fellow florists throughout the state.

TAXES

We are entitled to quality government for the taxes we now pay. I support efficient, orderly government without new taxes being levied upon our citizens.

A number of parents attended the assembly in the lunchroom at Hopewell Monday and were given an opportunity to ask questions if they so desired.

One of the teachers at Hopewell this year, an ordained minister, Edward Simon gave a very inspirational talk on welcoming the students with the parents. He pointed out that they had set up a program where each child would be tested to their ability which they might make progress. Although each student had a base homeroom they would have five to six teachers for different subjects, similar to those in upper classrooms.

Roberts briefed students and parents on the policies that would be obtained at all elementary schools. One is that for the safety and protection of the student, a written permission from the parent or guardian must be taken to the office of your school, before one will be allowed off the school grounds.

The seven homeroom teachers for the fifth grade at Hopewell this year are, Mrs. Clara Boone, Lloyd C. Brumbaugh, Mrs. Shirley Furr, Elbridge Holman, Bruce Hunt, Suzanne Reeh and Edward Simon.

Mrs. Esther Johnson special education director will maintain a room at the school also.

ROTARY CLUB NEWS

By REV. JOHN KNAPP

Hearing Mark C. Hollis talk, or even being in his presence is like being hit with a blast of electric energy spray. So, it was an outstanding address he gave at the meeting of the Rotary Club of Avon Park, August 26. Introduced by our president, Dr. Stallard, Rotary District Governor Hollis made everyone at ease with good humor and a cordial greeting —extending as he did his hand of friendship at the door as members entered—h e sought to express the distant greetings of Rotary International president Bill Walk. Our Club Assembly of the evening of August 25th came in for some good comment. It too, was a splendid event!

The announced theme of the coming District Assembly at Lakeland, October 23-24 will be that suggested for World Rotary, "Bridging the Gaps." Mark outlined the coming program there; Panel discussion on Mass Communication Media; Ecological Problems; Jack Averitt will speak on International Relations; banquet speaker will be Buck Rodger, president of Data Processing of I.B.M.; a Youth panel discussion of outstanding leaders; and "Rotary on Trial" dramatization led by Ken Wacker of Winter Park, a Director of R. I.

The last portion of Gov. Hollis' talk dealt with the many problems of some Clubs., including our own. Four points were stressed: 1. The spectator syndrome of watching things happen rather than pitching in to work. 2. Complacency which turns into apathy. 3. Lack of fellowship and friendship in meetings and among members and visitors. 4. Hypocracy of those who like to be called Rotarians for status reasons, and do not live up to Rotary ideals and service. These four evils can kill a club, family, church, or even a nation. Rotary seeks to combat these with participation, interest, friendship, and honest service to others.

So, we were called to "Bridge the Gaps" between people, nations, community groups, etc. He closed with a quotation from Nehamiah who 440 B.C. rebuilt the ancient walls of Jerusalem because, "The People Had a Mind to Work."

MARK C. HOLLIS, Rotary District Governor solidly emphasizes a point during his talk with the Avon Park Rotary Club.

Florist Group Attends Fall And Christmas Design School

Steve and Nell Roberts, Joel and Connie Albritton, Sebring, and Bill McDaniel of Ridge Florist, Avon Park, and Sebring, attended the Florida West Coast Florist's Association Fall and Christmas Design School, held at the Princess Martha Hotel in St. Petersburg.

The design school is to show all the latest things available to florist shops throughout this area. Six floral designers from Florida and South Carolina designed before the 500 people in attendance. They demonstrated and showed how to work with the new items. Nell Roberts and Joel Albritton of Ridge Florist were designers on the panel.

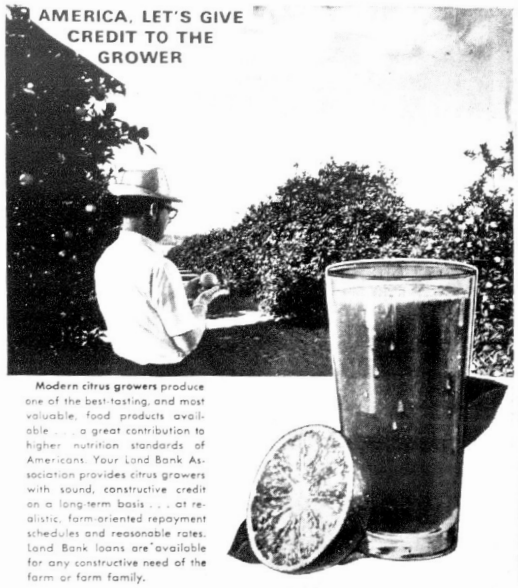

Nell won first place for having the most beautiful table decoration. She used a Fall theme with a burlap table cloth and an arrangement of the new burlap flowers available. Joel won first place for his Christmas door decorations. He used an old fashion theme for his door with the traditional red and green. Emerald Green is the color for 1971.

Steve is president of the West Coast Florist Association, the largest in the state. felt the school was very successful and well attended by fellow florists throughout the state.

a man deserving of public trust... Bob Johnson

REPUBLICANS! Here is a man who is proud to stand up for traditional Republican principles . . . a man who will uphold the rights of all the people . . . a man you will see again after he is elected.

TAXES

We are entitled to quality government for the taxes we now pay. I support efficient, orderly government without new taxes being levied upon our citizens.

CONSERVATION AND POLLUTION

We must preserve our seashores, marshlands and bays for the needs of the people. I will also oppose the cross-State barge canal and work to create a harmonious effort between Government, Industry and good citizens to clean up our environment.

GAMBLING

I oppose legalized casino gambling. It will destroy our family tourist trade as well as increase drug abuse, crime, welfare payments, and raise your taxes to control the menace created.

EFFICIENCY IN GOVERNMENT

I believe in the dignity of man and protection of animals, and I will not waste your tax dollars debating such trivia as bloodless bull-fight bills.

PAY RAISE

I will fight to rescind the legislative pay raise, and, if unsuccessful, will serve for the prior compensation - a direct savings to the taxpayer of $7,200 for my two years of service.

LAW AND ORDER

I have definate plans for Probate reform and Criminal Law reform, each designed to aid your personal security.

Elect a true, proven conservative who has supported Republican candidates such as Presidents Eisenhower and Nixon, as well as Senator Barry Goldwater - a conservative who will work with energy and enthusiasm to represent YOU.

Back To School Luncheon Held At Serdynski Home Thursday

A group of the loveliest ladies in town had a "back-to-school" luncheon, Thursday, Aug. 27, at the Don Serdynski home at 198 East Canfield Street. The hostesses for this elegant occasion were, Tracy and Kelly Serdynski.

All the guests came dressed in mommie's dress-up clothes. They did a better job than their mommies, in spike heels. All had hats and fancy hairdos.

The long table had places set for the 13 young ladies and the "court jester," loveable little Edmond Swearingen, dressed in a clown suit.

The luncheon consisted of hot dogs, potato chips, baked beans, pink lemonade, and for dessert, ice cream.

Helping serve this young set were, Mrs. Eugene Swearingen, Mrs. Daniel Evers, Mrs. Steve Maxwell, Miss Amy Beidler and Mrs. Serdynski.

The young ladies played cards and strung beads to take home. Those enjoying this "back-to-school luncheon with Tracy and Kelly were, Gi Gi Swearingen, Abby Swearingen, Pattty Barben, Cindy Evers, Robyn Heckard, Nancy Sue Turnbull, Shellie Maxwell, Susie Maxwell, Beth Maxwell and court jester, Edmond Swearingen.

Success is seldom an accident or an incident—it is the result.

Avon Park Group Return From Trip To New York, Nova Scotia

Olive Kerwin, Lillian Hayes and Clara Truex have returned from a three week trip to New York City and Nova Scotia. They joined their LeBeau Tour at Yarmouth, Nova Scotia, after crossing the Bay of Fundy on the new luxurious Prince of Fundy.

The first night was spent at Braemar Lodge, on Lake Ellenwood. The high point of the Monday's tour was Grand Pre National Park and the 14 acre Memorial Park dedicated to Longfellows poem 'Evangeline.' Looking on one side you see a young Evangeline but as you walk around one gradually sees Evangeline become old and saddened.

Tuesday the tour continued along the north shore of Nova Scotia to Caribou where bus and passengers boarded a ferry for one and a half hour ride across Northumberland Strait to Prince Edward Island.

Wednesday they returned to Nova Scotia and proceeded to Cape Breton Iseland via the Canso Causeway, which crosses Strait of Canso and links Cape Breton Island with mainland. It is said to be the deepest causeway in the world, reaching depths up to 281 ft. It is 800 ft. wide at base.

Steep hills rise from the Gulf of St. Lawrence to heights of over 1700 feet. The Cabot Trail circles the shores 184 miles and is an unforgettable experience. Next to Baddeck, where they were lodged at the Telegraph House Hotel. Alexander Graham Bell lived in this main house while working on many of his experiments. A trip was made to the fabulous Bell Meseum and later a cruise on beautiful Bras D'Or Lake where they could view the 1000 acre Bell Estate. After an overnight stop in Halifax they visited the Peggy's Cove which is a haven for artists and camera fans.

The last stop was back of Braemar Lodge, where all would loved to have remained for at least a week—but all thines must come to an end so back to the Prince of Fundy for daytime trip back to Portland and this time on a story sea.

They then had an extra treat waiting for them in Boston where Louie Reisner met them and the four drove back to Avon Park via Stone Mountain at Atlanta.

MOBILE HOMES

SIX MILLION Americans seeking a sanctuary from urban life now dwell in the 25,000 Mobile Home Parks that have sprouted outside the nations large cities. Among them they have created a whole new life style. Probably the fastest growing one in the United States society. Last year one out of every three new one family dwellings sold in this country was on wheels. Today for only 1/3 the price of a modest suburban house a family can buy a 12'x60', air conditioned mobile home with two bedrooms, a comfortable living room and a well gadgeted kitchen. Thus equipped mobile home owners can join a self sufficient colony complete with swimming pool, recreation hall and shuffle courts. Escaping the worries of street crime and lawn mowers. Most important perhaps they are able in large measure to choose their neighbors. Mobile home dwellers like to boast that theirs is the only way to live and that their instant communities offer an answer to the problems of the urban pressure cooker. Come visit Grayce's Mobile Estates, Sebring. gtfc
