SET'EM UP in another alley because the Avon Park Red Devils made a perfect strike against the Sebring Blue Streaks on this play during the annual football Jamboree Saturday night.

Red Devils' Annual Soap Scrimmage Set For Friday

The annual Avon Park Red Devil "soap scrimmage" will go without the soap this year according to Coach Joe Franza who says past years donations of soap have given them a supply which will last this season. Instead each fan will be asked to give a money donation at the gate (about the price of a bar of soap or more). As an added bonus the first 200 fans who donate a $1 or more will receive a Red Devil cushion as well as admission to the scrimmage.

The Red Devil players will be introduced individually tomorrow night at 8 o'clock to local fans in the annual pre-season scrimmage activities. Coach Joe Franza indicates that the evening's activities may vary some from past year's soap scrimmage since the Red Devils played two quarters of regulation football last Friday night here in the Jamboree with Sebring, Arcadia, and Wauchula. But Franza does promise at least one full quarter of scrimmage at the close of the activities.

The donations for viewing the scrimmage will go to pay off the debt of the weight machine.

The squad is shaping up good according to Franza. At present three boys are out of action with injuries or infections but are expected to be ready by the first game on September 18 in Daytona Beach against Father Lopez. Randy Ward, 213 pound junior tackle, is sidelined with a shoulder injury; Keith Richards, sophomore back, is out of practice with a knee injury; and Julian Kendrick is trying to get some infections healed up this week. The team lost Winky Hall for the season again this year because of knee trouble.

Linemen trying to grab a starting position on the Devil squad are: Donnie DeLaney, Ricky Dick, Charles Johns, Bill Phillips, Johnny Edwards, Gregg Albritton, Mike Rihner, Earl Strong, Willie Davis, Randy Ward, Danny Albritton, Virgil McInvale, Mike Archer, and Ted Long. Working out for an end position are: Joe Franza, Mike Smith, Clark Jackson, Curtis Jackson, and Jim Magenheimer.

Devils trying to grab a position in the backfield are: Gregg Hartt, Steve Hartt, and Jarvis Hartt at fullback; Frank Davis, Walter Nunnallee, Freddy Jahna, James Coleman, Jim Magenheimer, Doyle Book, Arnold Davis, Keith Richards, Dennis Hart, and Jimmy Cole at halfbacks; and Don Sisemore and Walter Nunnallee at quarterback.

Randy Ward weighs in as the Devil's heaviest lineman at 213 pounds, Virgil McInvale hits the scales at 210, Ricky Dick is at 202 this season, Danny Albritton weighs 192, and Gregg Albritton and Clark Jackson both are at 185 pounds.

The Devil coaches will have the squad lined up in a kick-off team, and offensive team, and a defensive team tomorrow night using as many boys as possible during each game.

Devils Defeat Wauchula, Sebring To Become Jamboree Champs

An almost capacity crowd of area football fans were on hand despite the early rain to watch as the Sebring Blue Streaks and the Arcadia Bulldogs opened the action in the first quarter of the annual football jamboree held here at Memorial Field last Friday night.

The Bulldogs and the Blue Streaks played their quarter to an 8-8 tie as it rained on them part of the quarter. Then the Avon Park Red Devils took on the Wauchula Wildcats in the second quarter and racked up a 14-0 score in the 15 minutes of play.

The Red Devil's first score came on a quarterback sneak by Don Sisemore after a fumble was recovered at the Wauchula 35-yard line. Sisemore kicked the extra point. Later Clark Jackson, Red Devil end, picked up a fumble on the Devil 35-yard line and scampered 65 yards for the second touchdown. Again Don Sisemore kicked the point after to give Avon Park the 14-0 win.

In the third period Arcadia and Wauchula played with Arcadia coming out on top by a score of 6-0 as they managed to push over one touchdwn but failed on the extra point try.

Arch-rivals Sebring and Avon Park took the field against each other in the fourth quarter and battled scoreless most of the quarter. Then late in the period, Walter Nunnallee replaced Don Sisemore at quarterback for the Devils and the team drove over 30 yards to the one. Halfback Dennis Hart bulled through for the TD but the running try for the extra points was stopped short to give Avon Park a 6-0 win over the Blue Streaks.

Fish Fry Will Be Held Friday Night

The Avon Park Athletic Association will sponsor a fish supper in conjunction with the annual Red Devil pre-season scrimmage tomorrow night (Friday) at the concession stand at Memorial Field starting at 6 o'clock. The printed tickets state serving will start at 5:30 P.M. but the time has been moved up to 6 o'clock.

The plates will all sell for $1 regardless of size or age and will have mullet, hush puppies, baked beans, slaw, bread and one drink (coffee or cold drink).

ALEX OGILVIE is shown above looking over entries for the Home Juice Tournament, which will be held Saturday and Sunday, Sept. 26 and 27.

Smith Named Northern District Manager

Edward E. McMillin, manager of United Telephone's 5-county northern area for the past three years was this week appointed general plant supervisor for the company with offices at Fort Myers.

In a realignment of operating departments J. G. (Gordon) Smith has been named northern district commercial manager and Gary A. Guthridge is appointed district plant manager. They will be responsible for all commercial and plant functions in the 5-county area, which has been redesignated as the company's northern district.

The district includes offices at Avon Park and Sebring as well as Arcadia, Okeechobee and Wauchula.

McMillin joined the telephone company as a commercial supervisor in 1962 and served in several plant management capacities at Fort Myers and Naples prior to his appointment as Northern Area Manager in November of 1967. A graduate of Pikeville (Penna.) College he has been active in the Sebring Rotary Club plus other community affairs here.

The family lives in Sebring.

His son Robert was salutatorian of Sebring High School, Class of 1970, and on the varsity football team.

Smith has managed United Telephone's Wauchula office for the past three years. A wauchula native, he started as a sales engineer for the company in Fort Myers in 1964. He then served as commercial engineer there and as local office manager at Okeechobee in 1965-66 prior to moving to Wauchula as commercial supervisor.

In his new position here, Smith will direct the northern district's business operations and serve as spokesman for the company in its day-to-day relations with customers and the general public.

Guthridge has served as area plant manager here since joining the company late last year. A graduate of Purdue University, he served as a district plant supervisor with General Telephone Company of Indiana at Richmond from 1967 to 1969. Prior to that time he worked as a design technician in the electronics industry and operated his own retail electrical appliance business for six years.

Both Smith and Guthridge have been active in a number of community activities during their telephone and business careers.

Young Attends Development Conference

Bob Young of Avon Park, Postmaster for the United States Postal Service, attended the Florida Department of Commerce (FDC) Area Community Industrial Development Conference held in Winter Haven last week.

Officials from the FDC Bureau of Industrial Development headed the day-long seminar which centered on discussions of the needs and means for industrial development. Especially stressed was the interpendence of small and large communities in area development.

The seminar was one of three held recently in Gainesville Panama City and Winter Haven.

Only 46% Of Voters Voice Opinions At Polls Tuesday

A dissappointing 46.5 per cent of Highlands County voters went to the polls Tuesday to ballot for county, state and national candidates in an election distinguished chiefly for its apathy.

Winning by comfortable margins in the Democratic races for County Commission were Jimmy Creel, in District 4, biggest county vote getter and Norman "Jug" Heston, in District 2.

Lake Placid attorney Andrew Jackson toppled incumbent Jean Whitaker, a former County Commission chairman on the Republican side.

Incumbent Jack Wirick, Jr., school board, defeated James Harrison 1,879-1,488 in the closest of the county races.

The 159 absentee ballots were counted late Wednesday, but since all winning candidates had a margin of victory larger than the total of the absentees, they did not affect the outcome.

In defeating County Commission Chairman Earl Crutchfield, Heston former Sebring City Council president with 2,324 votes, was the second biggest vote getter in the county, losing only two Avon Park precincts and the Lemon Street USO precinct in Sebring.

In defeating Brad Bowen, Jr., Creel, a former County Commissioner, lost only two precincts to the roofing contractor, making his first bid for public office. These were Lemon Street and Precinct 14, in Venus.

Jackson, in defeating Whitaker, won seven precincts and halved one. He rolled up his biggest votes in Precincts 8 and 10 in Sebring and 13 in Lake Placid.

The North Highlands County precincts which provided a margin of victory for Whitaker four years ago when he was running as a Democrat, failed to come through for him as a Republican.

The Heston-Crutchfield race seemed to be the most hotly contested, with opinions so sharply divided that members of families disagreed, some supporters said.

When returns were tallied Tuesday night at the courthouse annex, Precinct 1, of Avon Park came in first and for awhile none of the others called or came in. It gave Heston supporters a lift with Heston showing 341 and Crutchfield 379 votes. It also put the Jackson-Whitaker and Wirick-Harrison races only one vote apart.

Returns were slow coming into Elections Supervisor Roland X. Droit's main office. Some precinct workers were frightened of the lightning, it was believed, and did not call in but brought in tally sheets to the warehouse where Jimmy Whitehouse was tallying votes in the midst of the mad confusion of milling candidates and supporters.

The news media sat behind locked doors in Droit's office, wondering why the precincts did not call until finally tally sheets were brought over by Whitehouse's staff.

Heston now will face Republican Clarence Polston in the general election November 3 and Jackson will face Creel.

A total of 47.9 of the 2,659 Republican voters in the county went to the polls, as 1,271 Republicans voted.

Only 30.9 per cent of the registered 10,690 Democrats went to the polls to cast 4,132 votes.

Biggest vote was cast in Lake Placid's precinct 13 with 1,015 of 1,838 registered Democrats; 189 of 368 Republicans.

Second largest percentage of votes cast was at the USO on Lemon Street where 433 Democrats are registered, 229 voted; 12 Republicans, and two voted.

Kirk-Eckerd Faircloth-Askew In Runoff

It will be Kirk-Eckerd and Faircloth-Askew in the governor's runoff and Cramer versus the winner of a Bryant-Chiles runoff for Senator as final votes were tallied state-wide in Tuesday's election.

Almost without exception the voting in Highlands County, in both parties, followed the same trends that emerged in state-wide results.

An exception was in the Democratic gubernatorial race where the Reuben Askew-Tom Adams ticket ran high, leading the Earl Faircloth-George G. Tapper combo by 400 votes. This was just the reverse of the state-wide voting which gave Faircloth about 31 per cent of the Democratic votes to 28 percent for Askew.

On the Republican ticket incumbent Claude Kirk gathered 700 votes in Highlands County to Jack M. Eckerd's 519.

In the Democratic Senate race the Highlands voters gave Lawton Chiles 1766 to Farris Bryant's 1093 — again the reverse of the state trend.

On the Republican ticket the Highlands voters contributed to the easy victory Congressman Bill Cramer won, giving the Congressman 900 votes to 336 for Judge Harold Carswell. In November Cramer will face the winner in the Bryant-Chiles runoff for the US Senate seat veteran Senator Spessard Holland is vacating.

Biggest vote-getter in either party was Hal P. Dekle, who won an easy victory in the state for the Democratic nomination for justice of the Florida Supreme Court. Dekle drew 1,858 votes in Highlands County. He is without Republican opposition in November.

Incumbent Broward Williams and Thomas O'Malley dueled for Democratic votes for state treasurer, and O'Malley emerged with 1,741 votes to William's 1,725 votes in Highlands County. In the state, O'Malley won easily and will face Tom Slade who breezed to an easy win over Thomas Johnston for the Republican nomination.

In the race for Florida Public Service Commission Dominic L. Koo, campaigning under the slogan, "Give a Chinaman a Chance," won his way into a runoff with William Bevis. In Highlands County Bevis was the easy victor with 1374 votes while Koo with 213 was bottom man in the five-man field. The winner will take on Republican David L. Lindsey in November.

Elmer Friday, who received 1222 votes in Highlands County, will face Robert L. Shevin in a runoff for Democratic nomination for attorney general. Highlands voters gave Shevin, who led state-wide, 846 votes. Thom Rumberger is the Republican nominee.

JOE D. KEENE

Highlands' Sheriff Joe Keene Dies Suddenly Sunday Night

A year-long battle with a heart condition ended abruptly Sunday night for Highlands County's widely-loved Sheriff Joe D. Keene.

It was just a year and a day since September 5, 1969, when the big, pleasant young sheriff suffered his first heart attack. In the months between he had entered the hospital again in attempts to stave off another heart attack and also had been hospitalized with pneumonia. He had been scheduled for major vascular surgery next Monday in Miami.

Last week he was ill at home and in bed, but attributed it to a stomach upset.

Sunday he had chest pains and at 9 P.M. he was taken to Highlands General Hospital where Dr. R. T. Rengarts, met him. The Sheriff was put on the defibrillator but 45 minutes later he was pronounced dead.

News of the death spread quickly and around town many flags flew at half-staff until after the funeral on Wednesday.

Life at Law Enforcement

Sheriff Keene spent approximately 20 of the 42 years of his life as a law enforcement officer. For 17 years he was a member of Florida Highway Patrol. In the early 1960's he was promoted to the rank of sergeant and moved to a district office in Arcadia.

He resigned from FHP to run for sheriff of Highlands County. In 1968 he won the Democratic nomination in a race which matched him against Deputy Sheriff Bob Barringer of Avon Park. In the general election he was without opposition.

On Jan. 1, 1969, Keene succeeded Highlands' veteran Sheriff Broward Coker.

During his short administration Keene had induced several changes. A degree of decentralization was achieved with the stationing of four deputies in Avon Park and an equal number in Lake Placid. Last Spring a special drug detail was established.

Keene and his staff prepared and distributed leaflets on drug abuse, and the Sheriff spoke to parent and teenager groups throughout the county about drug addiction and about drug laws.

Youth Work

Throughout his career Sheriff Keene put particular emphasis on work with young people and children.

In August he had obtained permission from Highlands County School Board to commence a junior deputy program with the sixth grade students in all Highlands County schools.

He had helped to form Explorer Post 816 into a law enforcement specialty post, one of the first law enforcement posts in Florida.

At the time of his death he was serving on the Exploring Committee for Highlands District, Gulf Ridge Council of Boy Scouts of America.

He was a past district chairman for Highlands District, BSA, and member of the executive board of Gulf Ridge Council. He was a member of the committee when Explorer Post 810 was formed in Sebring. He became a member of the Sebring Firemen last week.

Native of Florida

The Sheriff — his full name was Joseph Daniel Keene — was born May 14, 1928 in Kissimmee. He came to Highlands County 13 years ago from Bartow.

Sheriff Keene is survived by his widow, Mrs. Valerie Keene, and a daughter, Miss Donna Keene, who live at 911 South Lakeview.

He also leaves a son, Reginald Keene, of Kissimmee; two grandchildren; his mother, Mrs. Vera S. Keene of Kissimmee; three brothers, Larry Keene of Winter Park, Murray Keene of Flagler Beach and Butch Keene of Kissimmee.

He also leaves four sisters: Mrs. Jean Iannuci of Toledo, O.; Mrs. Joseph Barro, Mrs. Beverly Williams and Mrs. Minnie Kritzs, all of Kissimmee.

Sheriff's Association

Sheriff Keene was a member of Florida Sheriff's Association, National Sheriff's Association and Florida Peace Officer's Association.

He was a veteran of the Korean conflict.

He was Past Master of Sebring Lodge No. 249 F & AM and a member of Kiwanis Club. In March, 1969, he and Mrs. Keene, representing Sebring Kiwanis Club, were elected King and Queen of the Grand Prix Ball for 12 Hours of Endurance sports car race.

Keene was a member of First

JAMES K. TILLMAN

ROBERT "BOB" JOHNSON

Tillman and Johnson Win Seat In State Legislature

Incumbent James K. Tillman of Myakka and Attorney Robert Johnson of Sarasota won the right to represent this district in the State Legislature in Tuesday's voting.

Tillman, cattleman and rancher, won comfortable over Dr. Robert Lasky of Sarasota 10,070-8,317. Johnson coasted to an easy victory over incumbent Donald Heath of Nokomis who in the last session introduced a gambling bill as a money-raising measure. The win was 10,641-5,144.

The winners are Republicans and have no Democratic opposition, so their trip to the Legislature is assured.

Highlands County followed the trend giving Tillman 716; Johnson 549; Heath 520 and Lasky 304.

Hunters Will Have 56 Days To Shoot Ducks

Florida duck hunters will have 56 days in which to hunt ducks and coots during the 1970-71 season. The season will open one-half hour before sunrise on Thanksgiving Day, Nov. 26, and continue through Jan. 20.

A recent change in the hunting point system which governs the daily bag limit of duck hunters will allow a total of 100 points per day, rather than the previous 70 points allocated for a day's bag. The change also places a value of 90 points on the high point ducks, rather than a previous 60 points.

Highlands' Sheriff Joe Keene Dies Suddenly Sunday Night

(Continued from Page One)

Baptist Church, Sebring. Rev. Robert Bateman, pastor of First Baptist Church, officiated for funeral services at the church on Wednesday morning.

Interment, at Pinecrest Cemetery, was under the direction of Stephenson Funeral Home.

Active pallbearers were W. J. Scarborough, Frank Walker, Cecil Heston, Leon Tolar, Buddy Wise and O. L. Raulerson, Jr.

Sheriff N. H. Murdock of Hardee County arranged for personnel to cover in Highlands County on Wednesday to give the entire staff of Highlands County Sheriff's Department an opportunity to attend the funeral rites.

The funeral services held Wednesday morning at First Baptist Church were attended by more persons than for any funeral held here in many years.

The grieving throng spilled out of the church and back to the sidewalk and lined the walls of the church which holds about 660 persons.

Many out of county lawmen as well as county officers attended. The street in front of the church was completely filled with cars and cars lined adjoining streets.

The church was banked with floral offerings at both front and back. The Rev. Robert Bateman in eulogizing Sheriff Keene, described him as "a good man, a compassionate man."

Joe Keene Memorial Fund Started

A Joe Keene Memorial Fund was started this week when Mr. and Mrs. Gene Baymiller presented a $100 check to the Highlands County Sheriff's office.

The check will be sent to the Florida Sheriff's Boys Ranch. Acting Sheriff O. L. Raulerson, Jr., said the late Sheriff had requested that "if something happens" that he wanted no flowers sent to his funeral, but that friends remember him with funds to the Boys Ranch.

Raulerson said persons who want to contribute to the memorial fund can send their checks made out to the Joe Keene Memorial Fund, Florida Sheriff's Boys Ranch, Live Oak, Fla. He said the donors can designate whether the money be used for the Boys Ranch or Girls Villa.

District Scout Executive Don Brooks said memorial funds are being set up through Gulf Ridge Council in Tampa.

Sheriff Keene founded the Junior Deputy program for sixth graders in Highlands County schools and has long been active in youth work.

He was a past district chairman of Highlands District Gulf Ridge Council, Boy Scouts, and the time of his death was a member of the district committee on Exploring.

He Thanks Police Department

Editor
Avon Park Sun
Dear Sir:

I want to publicly thank the Avon Park Police Department for the speedy and professional way it reacted this past Sunday when a gunman held me up at the Ridge Bar and Lounge after I had closed for the day.

Fortunately, I had been able to stall the man until a car drove in for a late purchase. I was able to vault into this vehicle and the driver, to whom I also am deeply grateful, took off, leaving me, at my request, at the home of the owners.

This car then proceeded to the Avon Park Police Department, although this happened outside the city limits, the department immediately came out to the scene of the holdup and investigated this crime. The gunman, who had fired at the car and barely missed one of the occupants, had escaped, but this in no way can be blamed on the police officers, who intelligently and capably found several clues, which might be of great value at a later date.

The Avon Park Police Department as well as the Highlands County Sheriffs Department, which arrived a few minutes later with three cruisers, reacted in a way which would be a credit to any police force many times the size of ours.

While we often criticize our police—mainly because they cannot perform miracles—I feel it my duty to give them credit, where credit is due.

Sincerely,
Henry M. Heilig

Families at APCI Are Being Victimized by Own Democracy

To the Editor:

We, the employees and their families of Avon Park Correctional Institution have become the victims of the misuse and abuse of our democracy, which abuse and misuse is tearing this nation apart.

Without warning, previous or fair investigation of our situation, the Polk County School Board voted three to two to transfer our children from Avon Park schools (10 miles due west of the Institution on a paved road) to Frostproof schools 23 miles through woods and groves over unpaved and inadequate roads, some never meant for public travel. The conditions which existed 16 years ago that prompted a joint agreement between Highlands County School Board and Polk County School Board, permitting our children to attend Avon Park schools has not changed one bit.

We live in the extreme southeast corner just a few feet into Polk County on the back side of Lake Arbuckle. There is a fishing camp on the north side of the lake and the rest of this area between us and Frostproof is nothing but swamp, woods, and groves. The only way to get to Frostproof is to go east through Avon Park, up U.S. 27, and back east to Frostproof, except through the grove trails that the school bus is taking our children. Even then, they travel within a few blocks of Avon Park schools. We are like a suburb to Avon Park.

When we discovered in the Tribune, several weeks ago, that Polk County School Board was considering this action we didn't get too upset, because our trust and faith in men elected to deal in the best interest and welfare of little children led us to have little doubt that a switch would be made. We believed that the forced busing of students from their neighborhood schools was an irksome duty to the school boards of our area as it is to us, and while it is legally necessary at the moment, I think everyone feels it is ridiculous. We felt our children's welfare would be the first and final consideration since there was no court order in this decision to be dealt with by the Polk County School Board.

We did, however, send two representatives to present our cause before the school board and they voted to delay action for two weeks. While it was inconceivable to us that this was necessary, we felt that at least now they could come and see our situation for themselves. They would then understand that a negative vote would sever our children from many things essential to a well-rounded education such as scouts, religion, civic and educational extra-curricular activities including after-school music lessons. These require only a ten minute drive on our part to Avon Park. Whereas, to transport our children out of and around Avon Park into Frostproof requires their riding the bus at the hours these activities are offered.

We restrained ourselves by refusing at this time to bring any undue pressure, because we believed right would be done.

The decision was rendered against our children by the most flagrant, irresponsible action on the part of these three men. Never one time during this period did they come to investigate.

This is when we parents became desperate at the injustice being inflicted upon us. We asked the State Board of Education to make an objective investigation and evaluation of our dilemma. This was done by a committee consisting of three members of Mr. Christian's staff from Tallahassee. They investigated thoroughly, met with both areas concerned and reported that the transferring of our children from Avon Park to Frostproof would be educationally, economically, and socially unsound. They recommended our children remain in Avon Park schools.

The Polk County School Board members involved chose to ignore the report and remained stubbornly adamant in their negative decision.

As mothers, we could not sit any longer and see this unjust, unreasonable act against our children without hearing in person the reason or reasons offered by those who are responsible. A delegation of mothers went to Mr. Watson and Mr. Dockery, two of the negative board members, expecting to have a reasonable conversation. We could never get either gentleman to discuss the REAL issues—the total education of the child—with us. When we tried to draw them into this aspect of our concern, they cheapened our concern by terming it a woman's emotional reaction to something we wanted and didn't get.

Their assessment of our situation revealed to us a total lack in understanding of genuine sympathy. The only defense for their action was "the law is the law." (Polk County school children are to be educated in Polk County). Again and again the law was used as a whip in their hands to deny us any fair and sensible reason for their actions. We found them to be calloused and unfeeling in their attitude towards our children's religious, social, and civic plight. And their reaction to our asking help of the State Board of Education was unbecoming and beneath the dignity of an elected public servant. It yet remains a mystery to us why an unbiased opinion based on the best qualified men in education in the state was such an affront and insult to these men. Nevertheless they were indignant and and were indignant and vowed that regardless—they would never reconsider their votes.

Mr. Estes, (the other negative board member) after talking with us, admitted he had acted without full knowledge of our situation and led us to believe he would call the board members to reconsider for us. According to Mr. Watson and Mr. Dockery, this never happened; we were deceived into believing we had hope.

Polk County citizens, many of your children are being forced into busing out of neighborhood and across towns because the board has been forced to act by legal instructions. This does not enter into the decision your three school board members rendered on us—forcing our children to be bused out of their environment and neighborhood. The courts or integration do not enter the picture. In fact, they have been implored, begged, and even instructed by higher authorities to give our children a decision that would give them the advantages a neighborhood school offers to the total life of the child and THEY WOULD NOT.

These three men had a golden opportunity to show Polk County residents that they can do the right thing by children if the courts would leave them alone. Yet in a situation that could have proven their integrity towards your children they have lost our confidence by their action and attitude towards the case. These men revealed more concern over their hurt ego and pride from the action of the state committee than the welfare of a child and this is not the quality I want in a man elected to have this kind of authority over my most prized possession—my children.

Raulerson Appointed Interim Sheriff

Chief Deputy Sheriff O. L. Raulerson, Jr., was appointed interim sheriff of Highlands County Monday morning by Circuit Court Judge Clifton M. Kelly.

Raulerson will serve until Governor Claude Kirk appoints a sheriff to replace him.

At the time of his death, Sheriff Joe D. Keene had two more years and four months to serve of his four year term.

Circuit Court Clerk Earl Rich said that the sheriff appointed by the governor probably would serve out Keene's unexpired term unless a special election is held, which is considered unlikely, or unless a special election is called on some other matter and the matter of the sheriff's job were placed on such a ballot.

Raulerson is a former Florida Highway Patrol trooper. Keene announced recently in seeking a pay raise for his chief dupty that Raulerson had worked 1,400 hours overtime in the past year.

Red Cross Appeals For Disaster Funds

Highlands County chapter American Red Cross this week joined in the nationwide ARC appeal for funds for the Hurricane Celia disaster.

Mrs. Florence Peach, executive secretary of the local chapter, said checks can be mailed to the chapter office in the courthouse annex.

She pointed out that welfare inquiries on Hurricane Celia should be made directly to the chapter of residence of the person about whom the inquiry is being made. They are not to be sent to San Antonio.

Red Cross recovery and emergency expenditures along the Celia devastated coastal bend topped $4,400,000 just 27 days after the hurricane. Over 120,000 persons received Red Cross emergency care during the early days of the operation.

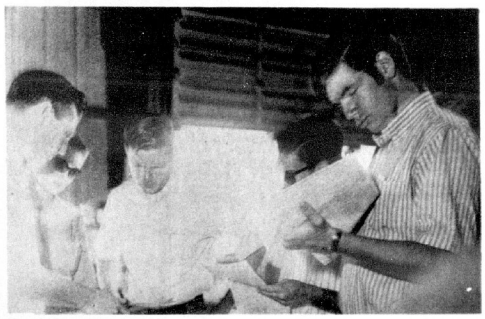

AVON PARK City equipment was finally freed to start work on the infield of the new baseball field on the South Florida Junior College campus, just off U. S. Highway 27. Wilbert Crawford has his small dozer pushing dirt out of the first to second base pathway, while Jack Elder is wheeling the road patrol down to the second to third base line with a load of soil.

Local Resident Visits Punchbowl Cemetery In Hawaii Recently

Mrs. Aline Lyle Parnell of Avon Park, Mrs. Helen Jones and Mrs. William Lovell, sister of Mrs. Parnell, from Dundee, are back home after a Hawaiian vacation.

The trio left Tampa at 8:34 A.M. August 19 and arrived in Honolulu at 4:05 Pacific time.

The trip was to visit the grave of Mrs. Parnell's husband, Lt. James P. Lyle, Jr., who was killed in World War II and buried in the "Punchbowl," National Memorial Cemetery of the Pacific.

Lt. Lyle was with the 1348 A. A. F. Base Unit of the India Burma China Theatre and lost his life, April 9, 1945.

The cemetery lies in the crater of the extinct Vocano Puowaina, located on the island of Oahu, and popularly known as the "Punchbowl," because of its circular shape.

Punchbowl's Hawaiian name "Puowaina" means, "reverence to the highest degree, to hallow." From the earliest times related in song and legend, Puowaina has been venerated by the Hawaiian people as a resting place for the weary.

Comprising a total of 112 acres, it is the first National Cemetery to be established in the Pacific Area. The cemetery contains the remains of 13,000 World War II dead, who gave their lives, more than any other National Cemetery in the world. There are 19,500 remains interred in the cemetery.

The Memorial consists of the stairs flanked by eight "courts of the missing." There are listed the names of 26,280 American heroes, whose bodies were never recovered. There are 18,093 from World War II, and 8,187 from the Korean War.

On the top level is the Court of Honor, Chapel, pool and map galleries. Here painted on marble is the Pacific and Korean campaigns.

Overlooking the Court is a 30 foot female figure with a laurel branch.

The valiant dead of the Armed Forces who ventured far, fought bravely, and gave their lives to preserve freedom and liberty in our land. Together they lie there in mute testimony to the manner in which they lived, worked and fought to achieve the victories in order that America may live.

On Memorial Day a lei and a flag is placed on each grave. While there Mrs. Aline Lyle Parnell visited the cemetery numerous times and placed a Lei on her husband's grave.

The group rented a car and took in the Island of Oahu. They visited Pearl Harbor and saw the U.S.S. Arizona Memorial. They also saw the children's hula show, at the "Ala Mona," the world's largest shopping center. They took in the Don Ho show at Kimo Wilder McVay's famous nightclub in the International Market Place, at Waikiki Beach, with special guest star, James Darren. They enjoyed swimming at Waikiki Beach, in view of Diamond Head.

Mrs. Aline Lyle Parnell has a son, James S. Lyle, who lives with his wife and year-old daughter, Lesley Anne in Sanford, Fla.

Ford's new 1971 Pinto, a two-door sedan, combines a small-car feel with a sporty-car look. The sloping windshield is accented by the low, sleek lines of the hood and fenders. Ventless side windows add to the trim lines of the car. In the rear, Pinto's short deck and fastback lines stress the contemporary look of the Seventies. The Pinto is about 13½ feet long, turns in a circle of only 31 feet for easy maneuverability and delivers more than 25 miles per gallon in city-suburban driving. The new Pinto will be on display at Avon Park Motor Co., Friday, Sept. 11.

Two Youths Get 10 Year Sentences

Two charges of armed robbery drew for a 16-year-old Avon Park youth a prison sentence of 10 years, In Circuit Court Tuesday Judge Clifton Kelly sentenced young Roger Lee Lewis to two 10 year sentences to run concurrently.

He and a companion, Aaron Riley, had pleaded guilty to using guns to take $430 from Elmer Akselsen and $15 from Joel Stokes as the former was making collections in the Lacey Hill section of Avon Park.

Riley last week was sentenced —also to 10 years in prison. In announcing Lewis' sentence, Judge Kelly pointed out Lewis has a long court record—going back to when he was eight years old.

The New Pinto Will Be Here Friday

Avon Park Motor Co., of Main and Verona is headquarters in Avon Park for the 1971 line of Ford Division cars and trucks, including the new subcompact Pinto and the restyled Ford and Mustang lines.

Pinto will be on display at Avon Park Motor Co., beginning Friday, Sept. 11. The remainder of 1971 cars and trucks will debut the following Friday, Sept. 18.

"The action in 1971 is bound to be in the small car arena, and our little Pinto is going to be right in the thick of the donnybrook," said John Naughton, Ford vice president and Ford Division general manager.

"Including Maverick in both the two-door and the four-door version, our one-two small car punch gives us the strongest entry in the industry in this increasingly important market," he said.

Pinto sports the flair and style of its stablemates—Mustang and Maverick — targeting in directly on the size and economy characteristics of the leading imported cars.

Smallest of the domestic subcompacts, Pinto is four inches longer, eight inches wider and seven inches lower than the leading import. Ford Division's spacious "mini" car also offers more interior room, including five inches more rear seat knee room and six inches more front seat shoulder room.

This two-door sedan is powered by a front-mounted, 75-horsepower 1600-cubic centimeter (97.6 cubic inch) engine. The optional power plant is a 2000-cc (122 cubic inch) overhead cam engine rated at 100 horsepower.

Standard features include a floor-mounted, four-speed, fully synchronized transmission; sports-car-type rack and pinion steering; bucket seats, and 15 colors ranging from Pinto Gold to Model T black.

ROTARY CLUB NEWS

By DAVID LANIER

Last week program chairman, Bob Gay introduced the guest speaker, Mrs. Frances Walton of the United Telephone Company. Mrs. Walton presented a film illustrating Customer Services. This most interesting film showed typical events encountered by telephone operators every day such as, the irritable customer, the nice customer, cooperative and uncooperative, arrogant and understanding customers and how the operators handle these different situations and how they feel about different types of customers. Also, we saw examples of cusotmer services, emergency situations, etc.

Following the film, Mrs. Walton spoke to the Club about "Telephone Courtesy," how to hold the phone, how to answer and how to place calls, such as answering promptly, properly identifying yourself, explaining any delays to one who is holding a phone call, and how to properly terminate a call.

Following Mrs. Walton's talk, a short question and answer session was held during which some of the club members asked questions in regards to certain telephone problems.

Hold-Up Attempt Foiled By Manager

A lone, shaky gunman held up the manager of the Ridge Bar and Lounge North of Avon Park in the early hours of Labor Day. When Henry Heilig, the 55-year-old manager of the place, had just closed the front door a blond youth stepping from around the corner and pointing a revolver at him and ordered Heilig to reopen the door and to open the safe. "I need the money bad," he said, "and you are going to get it for me." Heilig stated that once he had locked up, he could not open the door. Having nothing but his wits to match the gun and according to his statement was too scared to have much of them.

He kept the gunman occupied by consistently assuring him of his cooperation. He told the robber that he himself had spent many years in Florida prisons and described some of the places he was in. As Heilig had been a classification officer in the Florida Prison system, he knew what he was talking about and this alleged criminal past kept the gunman at ease. During the conversation the robber repeatedly mentioned his need for money and Heilig believes that the assailant might be a drug addict.

After this conversation had gone on for ten to fifteen minutes, which seemed like hours to the frightened and scared Heilig, a car drove into the parking lot and Heilig suggested that he would tell the occupants that he was closed and that they should move on. "If you make any false move," the gunman stated, I'll kill you." Heilig calmly approached the car and at the last moment dove into The three occupants did not the back seat.

know what was going on, as they could not understand what Heilig was saying. They understood the situation quickly, however, when the gunman fired at the car, the first bullet hitting the door, about three inches above the head of Connie Gainis, one of the occupants.

They dropped Heilig at the home of the bar's owner, Merrill Prescott, who aroused from his sleep, immediately returned with Heilig to the place of the robbery, but the gunman had already fled. The Avon Park Police, who arrived a few minutes late, found the place the robber had parked and followed the car's trail through the groves until it got lost on a hard road.

The robber was described by Heilig as a slender youth, about 23 to 25 years old, about 145 to 160 pounds, wearing dark pants, white shirt and dark glasses. His most outstanding feature was his bright blond hair, although Heilig believes that the robber could have worn a blond wig to conceal his real looks.

Local Boy Injured In Gun Accident

Jackie Bennett was accidentally shot in the right wrist Tuesday afternoon in the parking lot across from Avon Park High School with a .22 pistol.

According to Police Chief Earl Gordon, the .22 pistol belonged to Danny Bennett. It was laying in the front seat following their trip to the country to feed the Bennett dogs. Upon arriving at school young Bennett picked the pistol up to put it behind the seat when he accidentally dropped it causing it to go-off coming up under the seat and hitting him in the wrist.

He was taken to Dr. B. C. Ostling office by a schoolmate, Wesley Turner.

Episcopalians Gather In Lakeland

The Lakeland Deanery will gather all parish leaders and other interested folk next Sunday afternoon at 3 o'clock to discuss the issues for the coming General Convention of the Episcopal Church.

The Rev. John L. Knapp, members of the Episcopal Churchwomen, and Vestry, and anyone else interested, are planning to travel to All Saints' Church in Lakeland for the meeting. It is most important to give voice on our modern day issues to our Diocesan delegates and for them to pass it on, at the International Convention in Houston next month. This is the layman's opportunity to express his views and make them felt.

How "Red" Got His Name

By DAVE LLEWELLYN

Everybody knows somebody named "Red." You probably have a friend with that nickname but, if not, there are still plenty of "Reds" you know of —aren't there?—"Red" Grange, "Red" Skelton, and "Red" Buttons, for example.

"Red" apparently has been popular as a nickname for a long time. There is extant a very interesting record of a man nicknamed "Red" who lived about 1900 B.C.

This man was called Edom, which in an early Semitic language meant "red." There is some indication that Edom may have had red hair — but, if he did, that isn't where he got his name.

He was a grandson of Abraham, though his clan was later lost by intermarriage into the Arab nations.

Edom became a powerful man. As head of a large tribe of descendants, he ruled a sizable area of southern Palestine around Mount Seir.

Brother Vs. Brother

In spite of his political significance, however, the best known — and most important — thing about "Red" was how he got his name.

When "Red" was young, he was a real outdoorsman, a thoroughbred hunter-camper type.

The trouble was that "Red" had a twin brother, who was just as different from "Red" as black from white.

His brother was a mamma's boy. He stayed around the house and yard all day while "Red" went out hunting. A quiet boy, he was just the opposite of his strong and active brother. But what he lacked in strength, he made up in cunning. He was a sly schemer.

As their father grew older, he became increasingly jealous of his older brother's greater rights of inheritance—for "Red" was the first-born of the two and the first-born was entitled to the birthright.

The family was divided — mother and younger twin, Jacob, against father and older twin, Esau.

The day Esau got his nickname was bad from the beginning. After being out all day on an unsuccessful hunting trip, he returned home, famished and empty-handed, to find Jacob cooking a pot of red soup.

With almost criminal callousness Jacob withheld the food from Esau until he vowed a transfer of his inheritance rights. By this foolish and indifferent selling of his birth rights — which were as much spiritual as physical — for a pot of red soup, Esau became known as Edom, that is, "Red."

Change Is Possible

How would you like it if every mention of your name always called to mind the most foolish thing you ever did in your life?

Like it or not, we are named by our actions. Not so clearly as Esau, probably, but just as effectively we develop reputations that stick in people's minds as long as our names do — sometimes even after our names have been forgotten.

Yet, whatever your birth, family circumstances, economic pressures, or bad decisions have made you into, it can all be changed. Lives can be changed, and reputations with them.

The later lives of Esau and Jacob demonstrate this.

All it takes is your will and God's power.

Wise Is Seeking Seat On City Council

J. A. Wise, a businessman in Avon Park since 1948, is seeking a seat in the City Council.

Wise came to Avon Park in 1938 and later went into business for himself. He is running on a platform of "let's apply sound business principals of city government."

Wise said he is against the unnecessary spending that has been going on at the City Hall. He further states that he is not against a good sound sewer program, but is against the one proposed by the present council which will cost the residents of Avon Park nearly $6 million dollars.

Wise said if he is elected he will be the peoples candidate and their problems will be his problems.

In civic activities, Wise is a past commander of American Legion Post 69 and for many years has headed the city road block to raise funds for the Ridge Area Day School.

If you want a man who will work for all the residents of Avon Park, elect J. A. Wise your city councilman.

Avon Mobile Home Park News

By RUTH E. ROBINSON

Charles Brush went back into Walker Memorial Hospital on Monday, prior to scheduled surgery for 11 A.M. on Tuesday, Sept. 8. Albert Brush, son of Charles, flew here from Virginia Beach, Va. to be with his father at this time. A rapid recovery is wished for Charles after his surgery.

Mr. and Mrs. Sylvan Baker are expected to return here this week to the delight of all of us. Bertha Brush will be happy to see these good friends, too, from her home town.

Lulu Maddrell will be very happy to see LaRue Longanecker (who is enjoying her friends, daughter, and granddaughter in LaPorte, Ind.) and Bea Tingler return from their vacation, as it is quite lonely on her end of the street.

Lawrence and Ruth Robinson are glad to be back here with their friends and relatives, as they resume their varied activities.

Mrs. Charles Allwood is expecting her son, John home from his vacation on Tuesday, only to prepare for his departure again on Saturday, for his first year at Florida State University, at Tallahassee.

Mr. and Mrs. Emmette Wright are taking their son, David to Trevecca Nazarene College in Nashville, Tenn. this weekend, leaving Thursday or Friday for his appointment at college on Saturday. Emmette and Sallie will return on Monday evening.

May our two college students have many good things happen to them as they pursue their respective chosen fields. They too, will be in our prayers many times during the school year.

We hear that Glenn Long had a painful experience, being attacked by five yellow jackets, then reacting unfavorable to the injections. We are pleased to hear that both Glenn and Mildred are now back in fine shape, enjoying their two and a half mile hike each day.

Mr. and Mrs. Ora Myers spent a very enjoyable Sunday afternoon at Leisure Acres visiting with Mrs. Edna Senger after a delicious dinner.

Mr. and Mrs. Bernard (Bill) Stone have left our park to live in their new home on Charles Avenue in Avon Park, almost two weeks ago. We shall miss them and hope they will return to visit us often, as we wish them many years of happy living in it.

Welcome Miller is recuperating at home now, and his friends are hoping that he will be able to come back this Fall, to his "home away from home" in our Avon Mobile Home Park.

CHEVY'S NEW LITTLE CAR IS OPEN FOR BUSINESS.

We call it Vega.

We also call it "the little car that does everything well."

Because it does.

Everything? Everything.

Vega moves well, stops well, steers well, rides well, handles well, responds well, passes well, travels well, parks well, wears well, and is priced well under what you'd expect to pay for such a talented little car.

In our highway tests, Vega has been getting gas mileage in the neighborhood of the little imports, which isn't a bad neighborhood.

Yet unlike your average little car, ours steps right out when you step on the gas.

The engine is a specially designed overhead cam four with a lightweight aluminum alloy block. It turns slowly and quietly at turnpike speeds, with power to spare.

Disc brakes are standard in the front. So are bucket seats, except on the truck.

How we doing so far?

Numbers speak louder than words.

The wheelbase is 97 inches.

Total length is just under 170 inches, or nearly four feet shorter than a full-size Chevrolet.

Height of the coupe is just 50 inches, nine inches lower than the leading import.

Width: a nice stable 5½ feet.

Weight: 2,190 lbs. for the sedan.

Engine displacement: 140 cubic inches.

Fuel economy: about 25 mpg, with the standard engine and transmission, in our highway tests.

Horsepower: 90. You can order 110. (90 and 93 hp, SAE Net.)

Seating capacity: 4 adults.

What it all adds up to is a lot of little car.

Three cars and a truck.

Vega turned out so well that we couldn't turn out just one.

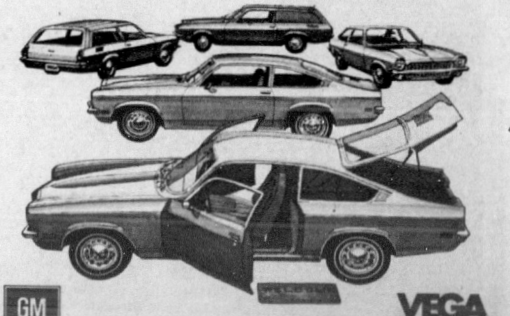

So we're turning out four: the sporty little hatchback coupe shown open and closed in the foreground below; the sedan, on the right; the Kammback wagon, on the left; and the little panel truck, in the rear.

Oh, and a special GT version of the coupe and wagon which we'll show you later on.

September 10th is Opening Day.

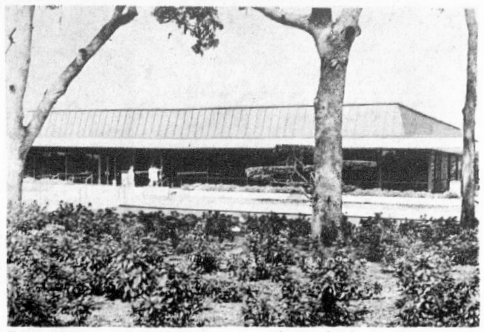

All 6,300 Chevrolet dealers are handling Vega, so you shouldn't have to go very far to see and drive one.

Chevy's new little car is open for business. Look into it.

THESE FOUR Avon Park residents are among the 2300 average daily visitors and the 4000 average weekend visitors to Disneyworld Pre-view headquarters southwest of Orlando off Interstate 4. Spacious grounds planted to trees, shrubs and flowers surround this glass-walled reception building.

DEMON FOR ECONOMY — New addition to the Dodge compact line for 1971 is the 108-inch-wheelbase Demon, which combines economy and sporty look. Engines range from the 198-cubic-inch Slant Six to the 340-V-8.

The Demon will be on display at Wells Motor Co. Sept. 15.

Volunteer Fire Association To File For Corporation This Week

The Highlands Lakes Volunteer Fire and Rescue Association has drawn up a charter and by-laws and expects to send a request for incorporation to Secretary of State Tom Adams.

The Association's fire protection will cover individual subscribers in the Highlands Lakes area, which includes Lakes Adelaide, Olivia, Chilton, Lillian, Byrd, Damon, and Brentwood north of Avon Park.

"The first signature was put on the charter three weeks ago," Robert Sanborn, president of the newly formed association, said today. "We are waiting for one more signature and then we will be able to send the request for incorporation."

Interested residents of the area met two months ago to discuss the idea of forming a volunteer fire association. As a result of that meeting, a 16-member committee was selected to proceed with incorporation. Three men, Sanborn, Dan Sanderford, and Frank Shannon, were chosen to contact a lawyer to draw up a charter and by-laws.

The charter and by-laws have now been completed, and the members of the executive committee of the association include Sanborn, president; Shannon, vice-president; Les Burch, secretary; D. B. Wildman, treasurer; and Roy Genson, assistant seretary-treasurer. These are the men who sign the charter which will be presented for approval.

Once the charter has been approved and the request to incorporate has been granted, the 16-member committee will tell their friends and neighbors of the general meeting of the residents of the area. The meeting will be held in the gymnasium at the Highlands Lake Junior Academy and those present will be able to ask questions about the proposed fire protection.

Sanborn has spent 16 years working with a tri-community volunteer fire association in eastern Tennessee. That group saved an estimated one-quarter of a million dollars of property during its first three weeks of operation after it was established.

Because of its fine record for fire prevention, the Tennessee association was given financial support by the fire insurance companies for the protection of the homes and businesses which were involved in fires.

Nursing Home Owners Attend Convention

Mr. and Mrs. Herbert Hopps of Avon Park recently attended the Annual Convention of the Florida Nursing Home Association held at the Plaza Hotel, Daytona Beach, Aug. 26 through Aug. 29.

The four day convention featured many distinguished speakers in the Health Care Field. Among the many speakers were Dr. Malcolm J. Ford, Deputy Director, Florida State Division of Health, Mr. Wright Hollingsworth, Chief, Florida Division of Family Services and Frank White, Assistant Regional Director, Bureau of Health Insurance, Social Security administration.

Annual elections were held during the Convention and the Association's new officers were installed by David R. Mosher, President of the American Nursing Home Association.

The Florida Nursing Home Association is an organization of licensed and highly qualified nursing homes. The voluntary membership represents the great majority of homes dedicated to the care of the ill, indigent and aged.

Demon Will Be Displayed Wells Motor Sept. 15

DETROIT—There will be a little Demon in the Dodge compact family for 1971.

Smaller than its 111-inch-wheelbase Dart "big brother," Demon is a semi-fastback coupe built on a 108-inch wheelbase and will be available in two series— a standard two-door and a performance-oriented version, the Demon 340.

"Demon will be a price leader—a value package with particular appeal for younger families, college students, and women who work," said Robert B. McCurry, Dodge general manager.

"The Demon is one of the most pleasing automobiles we have ever brought to market," McCurry pointed out. "The overall appearance is contemporary, which allows the car to fit in almost any given situation.

"Handling, performance, and economy characteristics make Demon at home either on the road or around town. Its compact size simplifies parking, yet offers plenty of room for passengers and luggage."

Styling and Equipment

The overall length is 192.5 inches with a width of 71.8 inches and height of 52.6 inches. Front track is 57.5 inches. Rear track is 55.5 inches.

Distinctive high rear fenders complement the rounded door panels.

Demon and 1971 Dart will share front end sheet metal and grille pieces, but will feature separate interior and dash appointments. The rear side windows on the Demon will be the pivot type. Taillight and backup light structures are concealed in vertical slots, which blend with the moulded appearance of the trunk lid.

The standard six cylinder engine in Demon will be a 198 cubic-inch Slant Six. A 225 cubic-inch Slant Six will be optional. Standard V-8 will be the 318 cubic-inch engine. In the Demon 340, a 340 cubic-inch V-8 is standard.

Wide Variety of Features

A line of luxury trim is available in Demon models with a myriad of interior and exterior colors offered along with vinyl and cloth interior trims. An all-vinyl bench seat is standard.

Molded plastisol-applied head restraints will be standard. Vinyl bucket seats with integral head restraints and center console are optional.

Eighteen exterior colors will be offered including five bright sporty colors—Butterscotch, Citron Yella, Hemi, Orange, Green-go, and Plum Crazy. Vinyl tops will come in Gold, Green, Black or White.

On the Demon 340, a rallye instrument cluster is standard. Other standard items include a heavy duty, rallye-type suspension, E70 x 14" tires and 3-speed, floor-mounted, fully-synchronized manual transmission.

A new part-throttle kickdown feature will be standard with all automatic transmissions. The low speed kickdown enables the driver to gain extra passing or acceleration power with a slight depression of the accelerator.

A "keyless" door locking system is standard and enables the driver or passengers to lock the car without an ignition key.

Heading a long list of trim and convenience options for Demon, will be a Cassette stereo tape player and recorder. The new player-record system, an industry first, is offered as a floor mounted option and provides a means to play Cassette tapes or record music from the car radio or the voice of the driver or passengers.

A gasoline evaporation control system will be installed as standard equipment. This system prevents loss of fuel vapors from the carburetor and fuel tank to the atmosphere. These vapors are vented through lines to the crankcase by way of the crankcase air cleaner.

Dodge cars sold in California have a new emissions control feature. The reduction of nitrous oxides is accomplished by reducing vacuum spark advance on acceleration up to 30 mph.

Compact Market To Remain Strong

"The compact market has increased by 50 per cent in the last five years," R. B. McCurry said, "and in the 1970 model year, the small car buyer (foreign, compact and sports compact) will account for one third of domestic car sales."

He added:

"With the influence of the young people entering the automobile market place, this segment of the market should remain strong."

SIX MILLION Americans seeking a sanctuary from urban life now dwell in the 25,000 Mobile Home Parks that have sprouted outside the nations large cities. Among them they have created a whole new life style. Probably the fastest growing one in the United States society. Last year one out of every three new one family dwellings sold in this country was on wheels. Today for only 1/3 the price of a modest suburban house a family can buy a 12'x60', air conditioned mobile home with two bedrooms, a comfortable living room and a well gadgeted kitchen. Thus equipped mobile home owners can join a self sufficient colony complete with swimming pool, recreation hall and shuffle courts. Escaping the worries of street crime and lawn mowers. Most important perhaps they are able in large measure to choose their neighbors. Mobile home dwellers like to boast that theirs is the only way to live and that their instant communities offer an answer to the problems of the urban pressure cooker. Come visit Grayce's Mobile Estates, Sebring. gtc
