

Panthers Win Double Header Over Daytona Beach Monday

Monday night at Head Field in Avon Park, South Florida Junior College Panthers won the first double-header victory in the school history. The Panthers had come close to winning two games last year but could only manage to split five doubleheaders.

Cecil Walley, smooth working southpaw from Vinegar Bend, Ala., pitched a two hit shutout in the opened Rex Smith from Desoto flash gave Walley all the firepower he needed in his first time at bat as he lined a 1-1 pitch over the rightfield wall to give the Panthers a 1-0 lead. Walley carefully protected this lead until the 5th inning when the Panthers exploded for 5 big runs. They added two more in the 6th to win going away. Jack Miller and Larry Mobley added doubles to the slugging of the Panther squad.

In the second game, Murray Wilson, son of the late Claude Wilson, pitched a sparkling three hit 9 inning game to win 2-1. Wilson gave up 2 hits and 2 runs in the first inning that produced a run for the beach boys. After that Wilson pitched brilliant ball and gave up a scratch single in the 5th.

The Panthers tied the game in the third inning and it stayed 1-1 until the bottom of the ninth inning. Wilson led off with a single and advanced to second on John Freeman's hunt. Both were safe as the Daytona pitcher attempted to get the lead runner at second. Keith Carter, who had lashed two singles already, placed a per-

fect hunt down the firstbase line and all hands were safe. Dodd Williams, former Okeechobee High star, then lined the ball against the leftfield wall to allow Wilson to trot home with the winning run. Only the first game counted in Division V standings. The Panthers won this one.

Taking the place of Bobby Tolson, in left field, the Cincinnati Reds will have Hal McRae, formerly of Avon Park. McRae signed his contract with the Reds on Wednesday and began spring training.

Tolson's injury will keep him out of the game until June. When this was evident McRae, who always ran a mile a day, began to run 2 1/2 miles a day to get in shape and try for the steady position on the team that was now open.

A few years ago it was the other way around. It was McRae who had a broken leg early in the season. It was nearly the end of the season before he could play again. He remained with the Reds all last year. He has three options but has not been exercised. It was doubtful that he would have made the team.

McRae, 26, in last week of ten pounds lighter than he weighed a year ago. He once got up to 160 pounds last year.

He said he doesn't want to get over 150 pounds again. When he was asked if he could power swing at this weight, he recalled that when he was in high school, he weighed 160 pounds and he could do it then. The Reds will miss Tolson's batting at .216 average and speed with a record of 57 steals.

It's difficult to take advice from some people—they need it so badly themselves.

CARD OF THANKS I would like to take this opportunity to thank all my friends and neighbors for their kind acts, deeds, and prayers, for the beautiful flowers and cards. During my confinement at Gainesville Hospital and Walker Memorial Hospital.

Two Insurance Co.'s Operating Illegally

State Treasurer and Insurance Commissioner Thomas D. O'Malley warned Floridians today against doing business with two insurance companies operating illegally in the state.

The two companies are North American Health Insurance Co., Ltd., located at 600 Lincoln Road, Miami Beach and International Insurance Corp., Ltd., of Annapolis, Virginia.

Neither company has received a Certificate of Authority to do business in Florida from the State Insurance Department.

We have received reports that North American is issuing accident and health insurance policies in Florida without the proper authority," O'Malley said.

We also have information that International is engaged in writing marine insurance policies. We are investigating to see how many policies have been issued to Floridians so that we may take legal action and steps to see that any premium moneys collected by the company are refunded," O'Malley added.

Interest Rate Lowered For Farm Loans

"The Federal Land Bank of Columbia has announced a reduction in the variable interest rate on long-term farm loans from 8 1/2% to 8%. This reduction is effective immediately on all new loans on the variable interest rate. The lower rate will be effective April 1, on all outstanding variable rate loans," according to Charles L. Shackelford, manager of the Federal Land Bank Association of Washington.

"This is the second interest rate reduction on variable rate loans in recent months by the Land Bank which has been made possible by improved conditions in the wholesale money market and the continuing increase in loan volume at the variable interest rate," said Mr. Shackelford.

The interest rate on variable rate loans charged by the Land Bank is determined by the cost of money in the central money markets and the cost of operations of the bank and Association.

"The Federal Land Bank of Columbia makes long-term variable rate farm loans through farmer-owned Federal Land Bank Associations serving every county in North Carolina, South Carolina, Georgia and Florida," Mr. Shackelford said.

The Federal Land Bank Association of Washington serves the long-term credit needs of 500 farmers, growers and ranchers in Charlotte, DeSoto, Glades, Hardee, Hendry, Highlands, Lee, Manatee, and Sarasota counties, with more than \$30,500,000 in long-term credit.

JACK ACRE, president of the Avon Park Lions Club signs a check for \$300 for the Florida Foundation for the Blind.

Lions Club Contributes \$300 To Florida Foundation for Blind

Members and guests attending the March 2 meeting of your local Lions Club noted a general fund raising effort on the part of the club by that activity group.

Fred Hughes, a hard working group leader and graduate of the new parking lot on the west side of the den and placed and painted bumpers in all parking adjoining the building lot.

Business included a report on the recent spaghetti dinner, discussion of final plans for the chicken barbecue held on March 6 and consideration of the question of having delegates at the State Lions Convention in Miami in May.

The report on the spaghetti dinner prompted the board of directors to authorize payment of \$300 to the Florida Foundation for the Blind, Inc. Thanks to the public's patronage the club was able to meet its fair share of the foundation's current year budget.

The formal program, a progress report type of presentation by County School Superintendent George Douglas, gave refreshing and encouraging comments on many aspects of school administration. Among other things, Superintendent Douglas noted that the current building program is substantially correcting serious deficiencies in the system's housing facilities; an updated fiscal system provides essential elements of sound financial management; and human relation type problems are being met through long planned course of action and an avoidance of crash program approaches. In response

to questions, Mr. Douglas stated that efforts to bring about annexation of school properties which about city limits in Sebring and Avon Park are solely related to those properties. Purpose of the annexation would be to bring insurance premiums paid by the school board.

The chicken barbecue held on March 6 appears to have given appetite satisfaction to approximately six hundred paying guests. Many compliments were received on the quality of food and service. The club wants all its patrons to know that it appreciates its hours of planning and toil was so well received. Key Lions in the successful day were: Dick Thayer, responsible for ticket sales and distribution; Fred Hughes, the capable dining room service chairman; J. T. Landrum who had the clean up chore; and last but certainly high ranked in the order of importance came J. O. Allen, the bar-becue king who was charged with preparation of all food. A job well done fellows and we are looking forward to your next one.

Florida Would Get \$80.4 Million

Florida cities and counties would receive some \$80.4 million under President Nixon's general revenue-sharing bill for the first full year.

The bill would provide \$5 billion nationwide in no strings attached grants to localities.

Highlands County, under the plan, would receive \$131,591 according to an assured press release from Washington, D. C. Sebring would receive \$1,486 and Avon Park \$42,228.

County Shifts Some Personnel

A series of personnel shifts and appointments came before Highlands County Commission this week, and one resulted in the first specific problem assigned to the county's new administrative assistant.

Commission Chairman Cecil Skipper proposed adjustment of work at the county road and bridge office. He suggested shifting County Community Director Austin Heacock into the road office and making him responsible for office operations while Road Superintendent Jim Pearce would be responsible for field work.

Heacock would continue as community director and Victor Pollard, who presently assists him, would be given additional responsibility and pay.

Gay Campbell, Property Owners Association executive, suggested that it would be difficult for "one department road and bridge" to have two heads and the commission should designate who is in charge.

Commissioners Andrew Jackson and Norman "Jug" Heston suggested the administrative assistant might be asked to study the department's organization and Chairman agreed, nodding toward Cullen, "Well Charley, that's your first problem."

Appointments at the request of Rev. Warren B. Wall, approved appointments of directors for the Highlands County Mental Health Association: Rev. Wall of Avon Park and Melville Thomas of Sebring, for one year; Mrs. John Longfield-Smith, Father Robert Askren of Sebring, for two years, and Dr. J. Culppeper Brooks of Sebring for three years.

Norman "Jug" Heston was named to represent the county commission on the county's agricultural and Vehicle Tag Sales. The new report shows an excess fee return to the county of \$3,273 or \$1,851 more than in the first report.

Adopted a resolution endorsing President Richard Nixon's revenue sharing plan.

International Relations Discussed

Raymond H. Stokes, president of the Highlands County, has returned to Avon Park after participating in a panel discussion on "International Relations" held Tuesday, March 9, in Savannah, Ga. With him on the panel were seven other leaders in the field of education, all representing different areas of human relations. President Stokes spoke chiefly on administrative problems.

Mrs. Dot Sumner, counselor for Savannah's Board of Education Crisis Program, planned the discussion, which centered on problems connected with the Wilmington Island Grammar School.

County Asks For Grant To Study Water, Sewage Disposal

Highlands County Commissioners will seek a federal grant to finance a county-wide study on water and sewage disposal needs. Funds for such studies are made available through the Farm and Home Administration. Estimated cost of the study is \$6,000.

On the basis of a comprehensive study and plan all or parts of the county could apply for federal grants and/or loans to finance public water and sewage systems.

John Edwards of the Farm and Home Administration staff appeared at the county commission meeting on Tuesday and explained that a county-wide study must be on file by Oct. 1 for any applications for grants to be considered.

Edwards also pointed out that under present regulations Farm and Home grants and loans are available for districts of less than 5,000 population. The cities

of Avon Park and Sebring would not be eligible for help under this agency at this time, but, Edwards pointed out, there is some discussion that the maximum population regulation may be raised to 10,000.

Robert P. Dunty, Jr., county attorney who is also city attorney for Lake Placid, said Lake Placid had inquired about the county study.

Representatives of a consulting engineering firm, Glace and Radcliffe Inc., of St. Petersburg and Winter Park, attended Tuesday's commission meeting and volunteered to help the county in preparing its application for the study grant.

The study in Highlands County would be completed within a 90-to-140 day period, engineers said Tuesday.

IN THEIR presentation The Role of the Media Center in the School Program, Mrs. Virginia Crews and Mrs. Jamie Edge showed the Rotary Club the video-tape projector or the Jimmy-Susie Machine named by students for

the puppets the teachers are holding. Back at the Avon Elementary School library, Chris Batts and Darby Edge watched the screen and listened as the puppets went mountain climbing.

ROTARY CLUB NEWS

Art Willhite introduced Mrs. Jamie Edge and Mrs. Virginia Crews, and these ladies presented an interesting and informative program about the media center at Avon Elementary School.

A few years ago these ladies were called librarians and they supervised a library. However, the school library has changed from a book depository to a multi-media center.

The speakers informed Rotarians that the media center at Avon Elementary School has the largest variety of audio-visual aids and resource material of any school of comparable size in the state.

These ladies assist the teachers in utilizing the available learning materials which are checked out to the individual classrooms from the media center.

Mrs. Edge and Mrs. Crews demonstrated several pieces of equipment and we were all impressed by the sophistication of the educational process of the Avon Elementary School.

The total value of the equipment and materials in the media center was estimated to be over \$250,000.

Although our media center is well equipped, we still have a critical need for clerical help, additional space, and funds for replacement of worn-out materials.

We commended Mrs. Edge and Mrs. Crews for an outstanding program and we offer our thanks for the assistance they are giving to the children of our community.

Rotary 3-10

By JOHN APPLETON

Art Willhite, Rotary Program Chairman, introduced George Douglas, Superintendent of Public Instruction for Highlands County, at last Wednesday's Rotary meeting.

Mr. Douglas discussed the financial operations of the county schools. The tax millage for Highlands County schools is 8.2, that is, \$8.20 taxes for each one thousand dollar valuation of a taxpayer's property.

The school budget for the 1970-71 period is \$1,538,000. The percent of this is for salaries. 7 percent is for insurance and 7 percent is for miscellaneous items such as maintenance of school buses and buildings.

This budget does not include the money for new construction. Mr. Douglas pointed out that Highlands County taxpayers directly pay 40 percent of the budget to the county tax collector.

The remaining 60 percent is received from the state and federal governments as a return of a portion of the taxes paid by Highlands County to these sources.

An important point Mr. Douglas discussed was the necessity for Avon Park to annex the new high school into the city limits. If the county had all schools in city limits, there would be an immediate saving of \$2,500 per year for the county on insurance premiums.

On Wing of a Bird The wing of a bird sustains flight because it acts somewhat like an air and a carrier at the same time. The wing pushes back the air with its wide surface, then glides forward with the least possible assistance.

The three kinds of women seem to be the beautiful, the intelligent, and the Majority.

Mr. Douglas pointed out that Highlands County taxpayers directly pay 40 percent of the budget to the county tax collector.

Board Buys \$143,608 In Furniture For New Schools

Highlands County has awarded contracts for furnishing the county's new schools but rejected a bid for irrigation systems for the new Sebring and Avon Park high schools.

The furniture bids, awarded at the March 11 meeting, totaled \$143,608—about \$40,000 below the budget for furniture for the new high schools and the new additions at Lake Placid and Fred Wild elementary schools.

Superintendent G. F. Douglas presented guidelines for drug information education. A bill enacted by the 1970 Legislature requires a kindergarten through grade 12 program.

The guidelines approved by the Highlands board calls for a two weeks emphasis with instruction for 30 minutes per day kindergarten through grade six and two assembly programs.

Grades seven through 12 will have instruction for one hour per day for two weeks and two assembly programs.

Emphasis is given to helping each student identify "substances that modify mood and behavior" and understanding when and why these modifiers may be used. Liquor and tobacco are included in the study along with narcotics.

Teacher Training

The school board also approved participation in new in-service education program. Supt. Douglas said state funds will pay most of the cost for on-the-job training for administrators at elementary, middle and high school levels.

The board also approved Highlands County's applying to be a training area for occupational specialists. These would be persons without teacher's certification but trained to give students guidance in selecting vocations.

Other Business In other business the board approved four out-of-town trips for student groups: the Avon Park High School Band to the Cherry Blossom Festival in Washington, D.C., March 31; April 4, Avon Park Junior High to Busch Gardens, March 13; E. O. Douglas migrant kindergarten to Busch Gardens, March 26, and Ridge Area Day School to the Shrine Circus in Tampa, March 27.

Approved expenditure of \$1,400 for repairs to a school bus damaged in an accident at Lake Placid.

Approved advertising for a dishwasher for Lake Placid Elementary. (The one installed last year requires too much hand

labor, Supt. Douglas said.) Approved an agreement for installation of milk shake equipment at the new high schools. The schools will buy the milk shake and soft ice cream mix from Florida Citrus Centers, Inc., for \$2.50 per gallon and that company will install and maintain the equipment.

Approved extending suspension of two Sebring High students to give the parents an opportunity to request a hearing. Douglas said the boys had been disciplined many times for unruly behavior.

Thursday afternoon at 3 P.M. South Florida Junior College will host Edison Junior College at Head Field in Avon Park. Edison won a 14-4 shutout last Thursday night in Fort Myers.

Either Jack Miller or Dodd Williams will start on the mound for the Panthers. Williams has been plagued with a sore arm and has been used only in relief. Miller is just beginning to come around after a slow start.

Friday night the Panthers journey to Deland for a single game with Seminole Junior College. This will conclude pre-division game and from there on every game will be a conference game.

Leading sluggers are Rex Smith with two home runs, Larry Mobley and Glen Sizemore one each.

Cecil Wilburn with a 3-0 and Murray Wilson with a 1-1 record led the pitching staff.

The Panthers are on top of Division 5 with a 1-0 record.

On Sunday, March 7, Miss Nancy Lee Cook and Lanny Dean Edwards were united in marriage at Walker Memorial Seventh-day Adventist Church in Avon Park.

The bride is the daughter of Mr. and Mrs. Edward A. Cook of Lake Isis Dr., Avon Park and the bridegroom is the son of Mr. and Mrs. Carl Edwards of Sebring.

The wedding music was provided by George W. Walker at the organ, with selections from Handel's Water Music and Lohengrin's traditional Wedding March. Soloists were Bill Cook, with "Bless This House" and Mrs. A. H. Foster, Jr., with "Whither Thou Goest" and "O Perfect Love".

Dr. Nathaniel D. Davis officiated at the candlelight ceremony, performed at the altar with a background of Chinese palms, white trellis with purple and white orchids and moss, which was flanked by twin 15-branched beveled candelabras with white tapers. The orchids were from Dr. D. C. Hartwell's collection.

Given in marriage by her father, the bride was lovely in a gown of white satin covered with silk organza. The white brocade bodice with seed pearls and lace featured full sleeves with fitted cuffs with seed pearls and six covered buttons. Her white fingertip veil of illusion fell from a band of handmade flowers of pink and seed pearls. She carried a colonial bouquet of white roses, daisies and baby's breath with white satin streamers. She gave a white rose from her bouquet to her mother as she entered and to the bridegroom's mother as she left. The bride's dress was of white satin made by Mrs. Florence Richie of Avon Park.

Mrs. Harold Baucum of Avon Park served as matron of honor and Miss Janice Williams of Concord, Tenn., was bridesmaid. They were gowned alike in pale green crepe de chine with Spring flower print pants-gown. Their headpieces were bows of lavender, pale blue with green with streamers. They carried avocado green baskets with white and pink flowers.

Jana Wright of Avon Park was flower girl and was attired in a short skirted dress matching the attendants. She carried a basket of daisies and rose petals.

Best man was Russell Edwards of Sebring and usher was Dennis Schlachter and Kenneth Weinel, both of Sebring. Mrs. Edward A. Cook wore for her daughter's wedding a pale blue crepe de chine with blue sequined collar. Her accessories were bone and she wore a white carnation corsage.

Parents living on Bombing Range road have won their battle to send their children to school in Highlands County instead of Polk County.

A decision to that effect was made Thursday by the Polk County School Board. And the children will be able to attend this county's schools next September after a short-lived return to Frostproof.

The fight was between the parents and Frostproof citizens who feared losing Frostproof school population.

ELIZABETH CLARKE

453-8723

Over 1200 folks visited the Hobby Show on Thursday, the 11th. Hallie Wetmore can be more proud of the beautiful display she and her workers planned and carried out.

To show their appreciation of the work that Hallie has put into the craft class the ladies gave her a purse made of the milk bottle plastic, painted pink and trimmed with the pink straw flowers. This purse contained what we need to purchase what we need.

Some of the crafts were demonstrated so interested folks could make them: plastic film flowers, egg cartons, can top pins, Christmas trees from meat trays, beads of all kinds, etc. The displays were of so many things it would be hard to pick out the most interesting ones. There were all kinds of bead necklaces, there was a table devoted to needlework, quilts, decorated sweaters, and many other things.

The three things that interested this reporter especially. One was the display of dolls made of plastic crystals by Marie Hall for her granddaughter's wedding.

Another thing made by Marie Hall was the display of beautifully dressed dolls, with the faces, hands, and legs made of dough of a slice of bread mixed with glue. Out of this dough she made a tiny tea set, hand painted.

Marie Hall has moved to Lakeland, and she came especially for the show. Then there was the decorated egg display by Jean Turlier of Middletown, N. Y. The eggs were quail eggs, duck, goose and even two emu eggs and an ostrich egg. The emu eggs are blue, and Mrs. Turlier purchased them from the Rider Animal Farm at Brookville.

There was the Cinderella's coach made of a goose egg, with Cinderella inside. Incidentally, the Turliers have purchased a home here.

As we say each year the show gets better and better.

Shuffling
The "B's" had 10 courts in play on Wednesday. Don Mason and Wilford Culver won over Allen Howard and Lewis Becker. Consolation winners were Herman Wurster and Estelle Swyers.

Rosa Krontz and John Harp the runners-up. Fifteen courts of players were in the "A" group. Clyde Gatchell and Clay Kull won in the main with Florence Young and Glenn Long coming in second. George Rankens and George Norris won in consolation over Gladys Heffner and Herb Woolis.

croft.
On Saturday winners in the "A" group were Hazel Higgs and Alton Wetmore with Henry Retter and Floyd Stevens coming in second. George Coombs and Ralph Crocker won in consolation over Thomas Hance and Hubert Smith.

"B" winners were Phelps Button and Don Mason over Elba Larrew and Chris Steen Flora Hoppe and Francis Hutchins won in consolation over Basil Krontz and Ed Healy.

On Friday Alton Wetmore managed a fun tournament of mixed doubles. Thirty-eight teams were divided into two groups, called the Dogs and the Cats. Everybody played six games, changing opponents each game. Out of the 102 games played the Dogs won 53 and the Cats 49.

Card Games
With seven tables in play Tuesday afternoon in bridge Bob Hawkins won the high score of 5760; Maurice Brevoort had 5680 and DeBore Cook had 53.

In pinocle on Monday Freda Steen had a score of 772 while Michael Demio had 721. Six tables in play. Duplicate bridge was held Friday afternoon instead of Thursday. North-South winners were Vi Lexa and Van-Gie Gleason. Al and Ida Allen, Olive Kerwin and Helen Floyd, East-West winners were Dolores Cook and Roxey Enfield, Alice Garcia and Herman Wurster, Genevieve Moran and Al Strandt, Jean Ludington, director.

Dances
Monday evening guests at the dance were Mr. and Mrs. Fred Wetmore, from Cleveland, Ohio. They are cousins visiting the Alton Wetmores. Martin and Irene Brostrom of Jamestown, N. Y. were also guests.

Friday we had four squares on the floor. That was good. Guests were Norman and Betsy Flora, guests of the Frank Fleury. Other guests were the Lester Warners of Harrisburg, Pa. Mrs. Warner is Mrs. Paul Naus' niece, who were visiting the Naus for several days.

Supper
Floyd and Mildred Ribordy, the Homer Peimings and Arden Hunt were the hosts at the supper on Saturday evening. Mildred Ribordy gave the table prayer. There were 72 present. Floyd Ribordy took the roll of the states, New York was high. Mrs. Helen Smith was celebrating her birthday, and the Edwin Swansons their 50th wedding anniversary. They were honored with the

birthday song.
New members present were the Victor Hixbys and the Muses Bixby, all from Barre, Vt. Guests present: Margaret Holmes from Rockford, Pa., Cora Baker, Marian Dawley, Mrs. Paul Dembo and Jeanette Monohon, all from LaPorte, Ind.

Hymn Sing
The Hymn Sing is misnamed, for it sounds like a concert with audience participation. A very pleasant surprise was the singing of Rodgers and his saxophone, Albert Cushing and his violin, and Mrs. Estelle Davis with the piano. Each gave a solo. Mr. Cushing's solo was "Chansonnet" by Overholt. Mrs. Calvin Rodgers sang a beautiful solo. The hour ended with "Blest Be the Tie That Binds."

News of the Week
Mr. and Mrs. Lawrence Smoll from Adrian, Mich. were guests in the Leo Wagner's home.

Mr. and Mrs. Merrill Wil-mot enjoyed the visit of two of Mrs. Wilmot's sisters this past week. Mrs. Charley Ashley from New Bedford, Mass. and Mr. and Mrs. John Karpavik from Jamaica, N. Y.

Also the Wilmots entertained Mr. and Mrs. Sam Goodman from Fountain, Mich.

Sylvia LaFollette entered Walker Memorial Hospital this past week.

Daniel Keiter was taken to Walker Memorial Hospital. Harry Gibson transferred from Walker Memorial Hospital to the hospital in Winter Haven. He is slowly recovering.

Visitors in the Lloyd Bell's home are Mr. and Mrs. Harry Crago from Toledo, Ohio. Mrs. Crago is Mrs. Bell's sister.

George Mills has been released from the hospital. He is doing very well.

More Families Get Commodities In December

There were 1,847 low-income people in Highlands County on the U. S. Department of Agriculture's commodity distribution program in December as compared to 1,565 on the program a year ago, it has been reported.

At the same time, it was revealed by Russell H. James, Southeast regional director of the USDA's Food and Nutrition Service, that there was a statewide increase of 30 per cent in participation in the food assistance program. A total of 340,670 received food assistance — an increase of 70,423 over the 269,247 on the program a year earlier.

THIS IS SOME of the crowd that enjoyed the crafts at the Winter Guest Club Hobby Show Thursday, March 11.

MRS. MARIE HALL of Lakeland, second from right, is explaining the crafts on her table.

THIS BEAUTIFUL display of jewelry made from beverage can tops is being shown by Mrs. Fannie Hatch, left, and Mrs. David Dickerson.

Avon Park Men Win Poker Run

Jim Allen, Rainey Prevatt and Robert Baxter, all of Avon Park, were top winners in a "poker run" sponsored by Ridge Runners Auto Club of Highlands County. Ridge Runner President Danny Poole organized the non-spect event which drew about 20 participants.

The young car enthusiasts teamed up in groups of two or three to hunt for playing cards. Poole had hidden all over town. After an hour and a half of hunting, Stalling everyone met to determine who had won. First prize was a \$15 gift certificate given by D & D.

THIS GROUP is shown looking over the site for the new National Guard building. Funds have already been appropriated and plans are being finalized with construction to start in the near future. The site is located just south of Avon Park on US 27. Left to right, Warrant

Officer Richbrough, Earl Rich, Clerk of Circuit Court, General Henry McMillan, Sg. Major Ollie P. Gentry, Sgt. Ben Hiltson and Deputy Clerk Ivy V. McKenzie, who is also chief of the firing battery for the local National Guard for the past 17 years.

Group Proposes Halfway House In Avon Park Area

After several months of preliminary study and planning, a group of concerned individuals are today seriously considering the founding of an after-care recovery center to be established in Avon Park.

Involved in the studies of needs of need for a halfway house in the community are Clifford Ables, district supervisor, Florida Probation and Parole Commission, Sebring; Herbert Kelley, superintendent, Avon Park Correctional Institution; Harve E. Olson, Bureau of Alcoholism Rehabilitation, Avon Park; and Robert Bokkum, Community Services Coordinator, Florida Probation and Parole Commission, Bartow.

Meeting in conference at Superintendent Kelley's offices last week, the ad-hoc committee for the residential care unit in Avon Park arrived at several conclusions:

1. That a residential unit was a primary need in this community to serve three groups of people: (1) clients who are under the supervision of the Probation and Parole Commission; (2) discharges from the Avon Park Correctional Institution who are employed in the Avon Park area; and (3) patients discharged from the Bureau of Alcoholism Rehabilitation Treatment and Research Center.

2. That a residential unit would provide a therapeutic-type setting in a home-like atmosphere which would be more conducive to recovery and rehabilitation for a group of per-

sons, many of whom would have no place else to go.

3. That such a residential unit would provide the all-important

stop-gap measure for many persons who may need time to find their way back into productive living.

Devils Drop To 54 Record; Will Play Here Friday

The Red Devil baseball varsity dropped to a 5-4 record last week as they lost three games in a row. Tonight the Devil nine will be in Lake Placid playing the Green Dragons and tomorrow night, March 26, the Avon Park team will host the Winter Haven Blue Devils here at Head Field. Next Tuesday night Frostproof will be down here for a return match. The Bulldogs won an earlier game by a score of 3-2 in Frostproof.

Last Tuesday night a week ago, the Sebring Blue Streaks came to Head Field and came from behind in the top of the seventh to win by a score of 5-3. With Avon Park leading 3-1, the first Sebring batter in the seventh inning drew a walk and the next batter, a pinch hitter, rapped out a single. Then Charlie Lanier came off the bench for the Streaks and blasted out a triple to drive in two runs and tie the game up. Wayne Gill sent Lanier home with a grounder and Buddy Yarbrough was safe on a field-

er's choice that put out Gill for the first out in the inning. Yarbrough later scored on a passed ball before the next two batters were put out on a grounder and a strike out. Lanier then went to the mound as the third Sebring pitcher and proceeded to retire Avon Park in order as Greg Albritton struck out, Howard Sizemore grounded out to the shortstop and Dennis Hart fanned. Danny Albritton absorbed the mound loss for Avon Park as he went the distance giving up 5 hits including the triple in the seventh, walking only three, and striking out 9 of the Streak batters. Both teams made two errors but Avon Park connected for only one hit off the three Sebring hurlers—a single by Mike Bagwell in the third inning.

Fort Myers Game
For the first time in the memory of this writer, the Avon Park Red Devils were defeated in a five inning game called because the opposing team had a ten run inning.

Devil Track Team Outclasses Sebring, Placid

Coach Chet Brojek's Avon Park Red Devil trackmen completely outclassed Sebring and Lake Placid last week as they won the annual Highland County Track Meet here at the high school track by scoring 127 1/2 of the possible 189 points. Lake Placid placed second with 52 1/2 points and Sebring came in third with a total of 10 points scored by a team of only four boys.

This afternoon (Thursday) the Devil trackmen will go to Frostproof to compete in the Frostproof Invitational Meet where they will meet some real tough opposition but with two wins under their belts, the Red Devils are expected to put on a good show for fans who go to the meet.

Next Thursday afternoon the Avon Park squad will compete in Lake Placid in the Lake Placid Invitational Meet. Walter Nunnallee and Winky Hall both contributed 15 1/2 points each to the Red Devil winning effort in the county meet last week here at the high school track. Team captain Walter Nunnallee tied his meet record in the 120-yard high hurdles with a time of 21.6 seconds for a first place in that event and also took first in the 180-yard low hurdles with a time of 21.6 which was 2 tenths of a second under his time the previous week. Nunnallee also came second in the long jump and ran the first leg of the 880 yard relay which was won by the Red Devil team.

Winky Hall placed first in the pole vault with a 10' jump, took first also in the 114'10", came in second in the 220-yard dash and anchored a team winning 880-yard relay team.

Sam Daiber racked up 14 1/2 points with two firsts. Daiber won the long jump with an 18'4" jump, came in first in the quarter mile run (440 yards) in a time of 1:09.2 seconds, won third place in the 100-yard dash with a time of 11 seconds even, and ran the third leg of the mile relay which Avon Park also won.

Jim Magenheimer came up with 12 1/2 points as he finished third in the high jump with a 5'6" effort, won second place in the 120-yard high hurdles, finished third in the long jump with a 17'3" effort, and also ran the second leg of the 880-yard relay.

Joe Franzia added over 9 points with two second places, a tie with two other boys for third place in the pole vault and a first for the mile relay he anchored. Joe's 5'4" high jump was good for a second place, and his 880-yard relay was won by the Red Devil team.

Large Recreation Facility To Open Here Late This Summer

Desert Gardens Natural Park, a playground for young and old alike, is scheduled to open late this summer. The park will be located seven miles north of Avon Park just off U.S. 27 on a 120-acre tract of land.

Talbot Lewis, developer of Orchard Springs, near Winter Haven said this site was chosen because of its wide sand characteristics, its location in a bayhead and its natural floral beauties which he intends to preserve and enhance.

The landscape will be rearranged to make the sand hills bigger and the lakes deeper. Several small islands will be built, each with a specific recreational activity. Lewis and his associates, Gen. Henry Wolfenbarger of Winter Haven and Henry Nafziger of Davenport, incorporate opposing Garden recently and will begin operations as soon as they get a go ahead from the Polk County Planning Department.

Part of the land will be developed into a desert garden, emphasizing the palm trees (some more than 500 years old), the bay and magnolia trees and the wild orchids. Recreational activities will be winter sports brought to Florida sands, including tobogganing, flying saucers, sand climbs, islands for water pistol fights and many other activities.

Council Favors Site On Main Street For County Building

The Avon Park City Council went on record as favoring a site on Main Street as the site for a county building. The site located between North Desota and North Florida Avenue is presently owned by Coker Funeral Home in Wauchula.

The county has advertised for bids on parcels of land that would be suitable for the building. The council is opposed to a site on State Street, however, the council members favor Councilman Duggan said he did not believe that the site would be as easy to get to especially by the older residents as the property on Main Street.

On a civil league had asked previously that they have authority to appoint Council members, however, the council agreed the present members are doing a good job and there should be no change.

After considerable checking on city ordinances pertaining to animals in the city limits, the council decided that there is already enough laws to deal with most any situation but the city would have to enforce them. Hancock also said the size of the city would justify passage of a law prohibiting domestic animals within the city if the council desired.

Council agreed to pay Hubert Kiker \$182 to remove 21 stumps from city property. Hancock reported that he and attorney S. C. Pardee, Jr. had given up hope of a petition was laying on the mayor's desk with 250 signatures and they understood no action would be taken until Mayor Barden had seen it and it was presented to the council. However City Clerk Crews said the petition had been opened and evidently Mayor Barden had seen the petition.

Gordon, speaking in his own behalf, asked the council "where is the line drawn between a city employee's personal life and his job?" He said most of the council members were having their action on rumors and newspaper reports instead of checking into the truth.

Lamon Money and Lawrence Johns speaking in favor of the council upholding the suspension said the younger generation had lost respect for Gordon and this would effect him dealing with them in the future. Blandford said the reputation of the city was at stake and whether a chief of police is on duty or not he should maintain good moral character and have the respect of all the community.

Ross Higley said he has been a resident of Avon Park for 42 years and Gordon was as good a Chief as we have ever had. Robert Fryer said Gordon was his next door neighbor and he is the kind of man that will leave his bed in the middle of the night and stake out a place on a tip trying to prevent a crime.

April Deadline For Homestead Exemption

Highlands County Tax Assessor J. W. "Billy" Martin issued a final warning today that April 1 is the last day to make application for homestead exemption under Florida law.

Martin said some 580 homeowners in the county have not renewed their exemptions for this year. Reminders were mailed this week to all those who have neglected renewing this important exemption.

To those homeowners who are applying for the first time, certain requirements are necessary for eligibility. A person must have moved into his home before January 1, 1971. His deed or contract must be dated prior to January 1, 1971. Deeds, or contracts must be recorded in the County Clerk's Office. The owner must qualify as a legal resident of Highlands County, Florida.

PTA Schedules Drug Abuse Program

The Avon Park PTA presents "Drug Abuse," March 20, at 8 P.M. in the Avon Elementary School cafeteria. Glenn Odham, drug coordinator for Highlands County schools and a panel of informative guests will present a brief history of drugs and a film on drugs, which will be used in the Avon Elementary school program, starting in April.

After each short presentation there will be a question and answer period, open to everyone, all adult public invited. Come and be informed!

All Records Broken At Saturday's Race

All the records were broken this year — crowds, time, laps and lap records — in Saturday's 21st and possibly last running of the 12 Hours of Enduro.

And it was one of the coldest races at a record crowd of 60,000 shivered in windy, but

bright weather while the 50-cruy hovered between the 50-cruy and 72 and sang to 40 after nightfall.

The winning Porsche Audi team of Martin-Rossi, Vic Elford, of Heston, England, and Gerard Larrouse, of Vascreson, France, covered a record

290 laps in their silver flying machine, compared to last year's 248, and traveled at an average 112.500 miles per hour compared to last year's 107.026.

In second place with 257 laps was the Alfa Romeo Spider of Rolf Stommeler, of Germany and Nino Galli, of Italy. In

third, at 248 laps, was another Alfa, driven by Nino Vaccarella of Sicily, one of the winning team members in a Ferrari last year, and Tino Hermann of the Netherlands. Both the Alfas were three liter cars, compared to the five liters of the winning Porsche.

Car Burns
The first hour of the race was the most exciting when Greg Young flipped his Ferrari at the harpin turn, after losing control and hit a sand embankment. He somersaulted three times and ended up on the nose. He was dragged from the car unharmed as it burst into flame.

The first hour also was an eventful one for the winning Porsche, when Elford rapped the Lola of Hugh Klempeter, of Miami, sending it spinning off its course. Klempeter was unhurt.

And with the race only 4 1/2 hours old, favored Mario Andretti in his weird looking high tailed 1 liter red factory Ferrari went out with a shattered gear box.

The victory of the Porsche did not surprise Elford and Larrouse — but the press had almost completely ignored them picking the winners, much to their annoyance. And the winning Alfas were considered long shots.

With the race only a few hours old, favored Mark Donohue, rookie of the year, driving the blue and gold Sunco Ford of Kirk White-Rogers Penske, was smacked from the rear on a turn by the equally favored

ROTARY CLUB NEWS

Reported by David Lanier
Our guest speaker last week was Don Farrens, Dean of Vocational-Technical Education at South Florida Junior College. Don has recently joined our club and gave an excellent "classification talk."

The subject of Don's talk was "The Present and Future in Vocational and Technical Education at South Florida Junior College." Don told the club of the great need for Vocational Education or training, citing figures which indicated eight out of ten high school graduates should be receiving vocational training but in the past, only two out of ten were actually afforded this opportunity. Now, through the facilities of the junior college this training has become available to many high school students and graduates.

Among the subjects now offered are Air Conditioning and Refrigeration, Radio and T.V. Technical Training, Agricultural Machinery, Automotive Mechanics, a certified program in Mechanical Drafting, programs in cosmetology, child behavior, household skills and commercial house-keeping. Most of the vocational programs are intended as terminal within the Junior College and an Associate of Science Degree is awarded on completion of the courses in Agriculture, Business, Criminal Justice. An important program is that of "Criminal Justice" which is extremely helpful in upgrading and improving efficiency of Law Enforcement agencies in this area.

Another little known program, Don said, is the program for training A.P.C.I. inmates in basic Air Conditioning and Radio and T.V. This seems to be a successful and promising program. The college foresees a greatly expanded program of vocational education and training as facilities become available and students indicate the feasibility of added programs. Some of the programs to be added are Practical Nursing, which is expected to be offered in September 1971, Construction Trades and Mental Health programs.

Don closed his talk by quoting a poem, "I'd Rather See a Sinner" which was most appropriate and underscored the need and resulting success of the Vocational Programs of South Florida Junior College.

AN UNIDENTIFIED visiting Rotarian congratulates Don Farrens (center) Dean of Vocational-Technical Education for his talk on the role of vocational-technical education while Lee Corbin (left) waits to ask a question.

Cake and Pastry Decorating Class

The Cake and Pastry Decorating class concluded their instruction and practice sessions last Monday night. The course was held in the spacious kitchen of the Highland Lakes Jr. Academy.

The class was conducted by C.B. Keppeler, who has had

a wide experience in this field both in bakery and school.

The students learned the basics in preparing icings, making the decorating cones, learning control in borders, flowers, lattice and string work, fancy tube writing and color blending.

Another little known program, Don said, is the program for training A.P.C.I. inmates in basic Air Conditioning and Radio and T.V. This seems to be a successful and promising program.

The college foresees a greatly expanded program of vocational education and training as facilities become available and students indicate the feasibility of added programs. Some of the programs to be added are Practical Nursing, which is expected to be offered in September 1971, Construction Trades and Mental Health programs.

Don closed his talk by quoting a poem, "I'd Rather See a Sinner" which was most appropriate and underscored the need and resulting success of the Vocational Programs of South Florida Junior College.

High School Band Will Leave For Washington Wednesday

Many hours of hard work will turn a dream into a long-awaited reality as the Avon Park High School Grenadier Band leaves for Washington, D. C., next Wednesday, Mar. 31, for the 36 annual National Cherry Blossom Festival.

Approximately 105 band members and chaperones will board the Silver Meteor at the railroad station in Avon Park at noon on Wednesday and arrive in the nation's capital at approximately 6 A.M. Thursday morning.

Unboarding the train, the group will board chartered buses and spend the day sightseeing, which will cover the Bureau of Engraving, the Washington Monument, the Jefferson Memorial, the Lincoln Memorial, the Tomb of the Unknown Soldier, the Changing of the Guards, the Kennedy graves, the Pentagon, the White House, the Washington National Airport, Alexandria, and Mt. Vernon.

Both Thursday and Friday nights will be spent at Washington's Manner Hotel.

On Friday, the band will continue their tour of the city and will visit the Capitol, Explorers' Hall, the Lincoln Memorial, and various foreign embassies.

A moonlight cruise down the Potomac River on Friday night will take the students to a large amusement park where they will spend a considerable part of the evening.

Saturday, Apr. 3, a group picture of the band will be taken at Grant Memorial.

After which, the band will march in the National Cherry Blossom Festival Parade of Princesses, which begins at 11 A.M.

Twelve Youths Participate In Teen Day

Twelve young people from the Church of the Nazarene of Avon Park participated in the annual Teen Day activities in Orlando, March 19 and 20. The activities, held every year in March, are sponsored by the Nazarene young people of the Florida district.

On Friday evening, the events were held at the Central Church of the Nazarene in Orlando. Zone Bible quizzing on Matthew took place, in which Linda Trescott and Jonathan Wright of Avon Park participated, representing the Lakeland Zone along with three others from Winter Haven. The team quizzed against the Jacksonville Zone on Friday night, and the Miami Zone on Saturday.

A talent search was also held, in which various groups and individuals exhibited their musical abilities. A brass and woodwind ensemble from Avon Park entered, composed of Julie Pippala, Debbie Clark, Jonathan Wright, Debbi Scott, and Tom Clark.

Saturday's activities were spent at the Florida District Center of the Church of the Nazarene, located off I-4, southwest of Orlando. Quizzing competition and talent search were continued during the day, along with various sports.

The highlight of the day was the performances of the "Trevadors," a gospel-singing quartet from Treveca Nazarene College in Nashville, Tenn.

Despite the chilling winds, each of the approximately 1,000 teenagers had a great time and hoped to be back next year.

Scout Troop Gives Services To Church

Girl Scout Troop 206 gave their services to members of the First Presbyterian Church last Wednesday, March 24.

The girls gave the Scout Promise, and explained the various parts of the Scout Law. Mrs. Judith Mundt, mother of the troop, spoke on a Roundup she attended in 1962 as a Senior troop, and on other opportunities available to Girl Scouts.

Gail Culbertson, a member of Troop 21, spoke on her "Sandwich Shelling" trip. On display were arts and crafts which had been made by Brownie Troop 140 and one of their leaders, Mrs. Margo Maxwell. Both Mrs. Maxwell and Mrs. Mundt are members of the First Presbyterian Church.

The boys and their counselor led Avon Park at 4 p.m. Thursday and returned Saturday night at 7 o'clock. They camped Thursday and Friday nights at Long Pine Key in Everglades National Park, and spent most of Friday fishing in various ponds and lakes in the park, in addition to swimming at Flamingo, at the extreme southern tip of the Florida peninsula.

The trip also included a ride south onto the Florida Keys on the Overseas Hawk on Saturday the return trip to Avon Park took the boys through Miami Beach where they enjoyed another period of swimming.

The Pioneer RA chapter at Fellowship now includes ten members, with a prospective member now working to pass his membership requirements. The chapter was organized in October of 1967 and has operated continuously now for 3 1/2 years.

We Saw a Great Grand Prix Parade Friday Afternoon

GLITTER AND GIRLS distinguished the float of First National and Avon Citrus banks. The county's three

financial institutions sponsored floats.

Photos By
Mike Hetherington

KING JIMMY AND QUEEN WANDA Whitehouse rode the Hall of Fame float, surrounded by some of the county's prettiest girls.

FOUR SCHOOL BANDS enlivened the parade route, with the zippy LaBelle High School band leading off, and Sebring, Lake Placid and Avon Park bands

further in the line of march. Above is Avon Park's band, looking quite like Canadian Mounties.

PLAYBOY BUNNY of the year Cheryl Lee rode a float welcoming race fans. The Bunny was Miss Sebring Grand Prix for this year's racing event.

ONE OF THE UNITS from Egypt Temple Shrine in Tampa was this one, comprised of little white cars, which were

precision driven in circles and figure eights, much to the delight of the crowd.

There Was Much To Be Seen at the Race Track Saturday

CELEBRATING their wins in class were TV's Dickie Smothers and driver John Greenwood. They got on top of the car with their prize silver, wearing kumquat

wreaths and waving American flags. This was a patriotic entry with red, white and blue stars and stripes on their No. 48 Corvette as well.

DRIVER MARK DONOHUE, left, and unidentified fans rap a little before the race in the milling crowd on the grid.

Photographers, professional and amateurs, were everywhere. And a few autograph seekers.

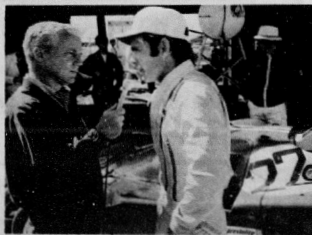

THE FAN at right fell off this overloaded car tooling up the Martini Rossi bridge. Things were such race day you just got across any way you could. It doesn't look like the other fellows are waiting for him.

GOVERNOR REUBIN ASKEW, left, was in the starter's box with his small son at the beginning of the race and for

awhile it looked as if he would wave the green starting flag. At right is Alec Ulmann, promoter of the famed race.

INTERVIEWERS with mikes and records were everywhere as the cars and crowds assembled on the grid before race time. That's Peter Revson talking into the mike. Revson was second last year with Steve McQueen but failed to make the top ten this year.

AS EARLY as Thursday night, there was an estimated 5,000 people in the camping area, a record crowd. Some slept

in the campers, some in tents, some in cars, some on the cold, cold ground. Notice the sky ride in background.

New Business To Sell And Service Motor Coaches In Area

The Florida Motor Coach, Inc. located at 1097 W. Main Street is the newest thing for Avon Park and this area. Operated by Dr. B. C. Ostling, A. R. Perkins and Floyd Flowers, the Motor Coach business started from a discussion on the problems encountered when one needed certain types of service on Motor Homes traveling around the country.

These three men are members of the National Association known as the Family Motor Coach Association, which at the present time has a membership of over 5,000. Coaches ranged from little back yard converted \$1,500.00 bread trucks to the Palatial \$150,000.00 land yachts. There are 85 registered manufacturers throughout the country producing as high as 20 units per day in wide price range from \$5,000.00 up. Travelers in the State of Florida this year can see that far more people are enjoying this care free way of traveling.

These men have talked with large groups of travelers and all agree that a one stop service and sales station is needed in Florida. This new location is equipped with a heavy duty vehicle lift which makes it possible to better service these vehicles.

Floyd Flowers has been with the Army for 20 years in the capacity of Supply and Service and has a very good background on the maintenance of Motor Homes and has been living in a motor home for the past 2 years.

A. R. Perkins comes to the Florida Motor Coach with his 25 years of designing and building fine motor coaches in Ontario, N.Y. and experience traveling 48 states and Canada and having had 11 motor coaches to date.

Accessories for motor coaches, and service is offered and the public is invited to stop and see these vehicles on display at the end of the mall on Highway 27.

Basic Real Estate Course To Begin

The Community Service division of South Florida Junior College will again offer the Basic Real Estate Class for a 10 month period that will hold sessions over an eight week period. This will enable the class to finish on June 1; the first class meeting is April 13. The class will meet every Tuesday night during that period and will also meet on May 3rd and May 31st which are Monday evenings.

Persons desiring information may contact the vocational office at South Florida Junior College but registration must be made in period and these will be accepted beginning Monday, April 13, at 10 A.M.

The registration office will be open from 8 until 9:30 P.M. on Monday, Tuesday and Wednesday, April 5-7 for persons who cannot register during regular hours.

Due to the popularity of this course and the fact that an upper limit of 35 is all that can be accepted, Dean Donald Furens advises that all persons desiring entry try to register April 6.

Annual Bid Contracts Push County Expenditures Up In '71

County government costs will probably edge a little higher, County Purchasing Agent Eugene Hamlin said Tuesday after the County Commission had awarded contracts on 182 items of items purchased on an annual contract basis.

Most of the bids were for road and bridge materials and while some of these were a little cheaper than last year, Hamlin said, others had risen.

He pointed out gasoline and diesel fuel are up. "Gasoline is up less than a cent a gallon, but we have estimated the county will buy 125,000 gallons in the coming year and that little increase adds up. The same thing is true for diesel fuel. It's up just a little, but it adds up to buy 60,000 gallons," Hamlin explained.

Standard Oil was the low and successful bidder for gasoline and diesel fuel. Citgo won the oil bid.

One of the biggest jumps in price is for asphalt. The low bid, from Highlands Asphalt, is 50 cents per ton.

Other road material bids went to Century Industries, Sylvan Shores, Inc., Dixie Drive, Whalaker Brothers, Johna Concrete, Central City Bag, E. A. Mariani, Calvert Materials, Inc., National Pipe Co., Florida Cement.

Highway Lights

At its meeting Tuesday, Highlands County Commission renewed formal request for Florida Department of Transportation to authorize installation of mercury vapor lights at 10 dangerous intersections along 18 highways in the county.

In the Sebring area lights are requested for the US 27 - Fairmont Dr. intersection and the US 27 - State Road 66 - US 98 intersection.

In the Avon Park area lights

are requested at the intersection of 17A with US 27, North Central Ave. North Lake Ave. East Winthrop, State Road 64 and State Road 17.

In the southern part of the county, lights are requested at the US 27 and State Road 70 intersection at the US 27 - State 62 intersection. In addition, the board renewed its request for a "white way" along US 27 from Lake City to Lake McCoy.

Highlands County may, by special legislation, ask DOT to finance such lights from its share of secondary road funds.

In response to questioning by Commissioner Ben McCre's Deputy Clerk Jim Pyle explained a light at the emergency intersection of Highlands General Hospital would have to be financed by county money. The entrance to Highlands Ave. at county road.

Other Business

In other business the commissioners authorized the Purchasing Agent to proceed with plans for obtaining materials for box culverts for Tabas and Sparta Roads. New canal for the Upper Josephine-Jackson Watershed intersects these roads.

Norman "Jug" Heston was named to represent the county commission in negotiations with Sebring City Council for a contract for county residents to use the Sebring dump.

Tuesday with tentative suggestions for a contract which would keep the Sebring dump open a week. They suggested a basic charge of \$3500 per year to the commission.

Deputy Clerk Jim Hamlin was named deputy civil defense director for the county. It is a non-paying job.

Are You Concerned About Your Country?

Are you one of the CONCERNED about our Country? Everyone seemed to be upset, when they saw the headlines Tuesday morning, where Lt. William Calley, Jr. was found guilty of premeditated murder. It took a time to get the news. When will it stop? The humiliation of our country and its ideals.

Our boys are trained to fight and win battles, obey superiors and win - even KILL. When it is done then they have not been on trial. Soon our boys will not know who or what to obey. They are not in Vietnam, they are here. They would love to be home with their family and friends. They are over there, they hope for a cause, but that still doesn't keep them from being cold or hot, and hungry at times, lonely and plain scared. Sometimes they can't tell enemy from friend. It is sad, but if a small child throws a grenade or shoots at them, they are just as good, no matter the age or size.

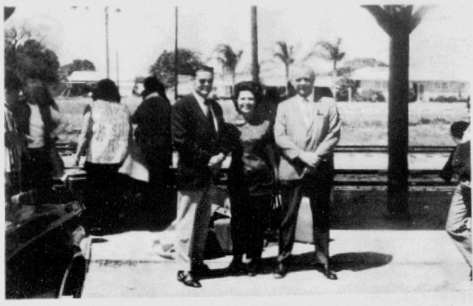

Calley's court-martial was the longest military trial in U.S. history. There is any wonder why? Moments after the jury rendered its verdict, the judge's office was deluged with phone calls, many demanding to know why Calley was convicted. Defense attorney, George W. Latimer vowed to appeal the case, as high as possible.

Businesses who helped to sponsor the ad on front of this paper, should feel proud to be a part of trying to get our all care about Calley and our country.

Five people from our park attended the district meeting of Federation of Mobile Homes of Florida held at Leisure Acres at Sebring Wednesday, March 24. We are in the 6th district and Raymond Peters of Leisure Acres, who is president of this district, presided.

The Federation has set a membership goal of 50,000 for 1971-72 for Florida. He reported there are 12 districts in the state at this time.

Reports were given on the State Convention held at Bradenton March 18. Carl Stebbins reported 36,000 estimated sales of mobile homes in 1971. Florida is first in the United States in mobile home residents; also first in manufacture of mobile homes.

Ora Myers of Avon Mobile Home Park spoke at length on legislation He says 1971 is the year for legislation and we must keep ourselves informed and give expression of our views by writing our Senators and Representatives as these bills come up.

The legislature convenes April 1. We are asked to write immediately our views on two bills. Senate Bill 269 by Walter and House Bill 354 by Hartnett.

Our manager, who has taken over the responsibility of keeping us informed on these important matters, has outlined the procedure by which we can protect ourselves in legislation. This information is posted at the Hall.

Avon Park Red Devils Will Host Okcechobee Here Friday

(Continued from Page One)

Shortstop Dennis Hart got two triples for four at bats. Greg Albritton had a double and a single. Howard Sizemore and Don Sizemore both had two singles each and Mike Bagwell, Clark Jackson, Steve Hart, and Robert Lanning all had one single apiece. The Devils committed three errors in the game.

Last Friday night the Avon Park nine played the best game of the season as they shut-out Winter Haven 2-0 behind the two-hit pitching of Danny Albritton who now is on the mound for the season. The senior hurler

gave up a single in the top of the fourth and another single in the sixth and struck out eight batters as his team backed him up with only three errors.

The Devils scored the two runs against the Blue Devils in the bottom of the fourth inning. Don Sizemore, playing centerfield, opened up the inning with a single and then scored on Clark Jackson's double. Jackson then scored when Dennis Hart singled. The only other Avon Park hit was a single by Danny Albritton in the bottom of the fifth when he belted up with the base hit but couldn't score after reaching third.

Mlle. MARTINE GUNSET, exchange teacher from France, obligingly answered Rotarian questions about her native country, following the showing of slides of the South of France.

French Exchange Teacher Speaks To Avon Park Rotarians

Reported by AARON CRAVENS

Program chairman, Art Wilhite, presented Rotarian Hay Stokes, president of the Highlands School, who introduced Mademoiselle Martine Gunset, an exchange teacher from France.

Mademoiselle Gunset, a native of Paris, is a combination student and teacher at the Highlands School. She speaks four languages but is studying English in addition to teaching French.

Mlle Gunset did not hesitate to review the political, social, and economic conditions of her country. She stated that the present Constitution, adopted in 1958, is the 19th one for that country. It compares somewhat to ours in a division of executive and legislative powers.

The executive branch is shared by a president and prime minister. The president is mostly a symbol. His main function is to select a prime minister who is all powerful in selecting and dismissing ministers who correspond to our Presidential Cabinet.

The legislative division is composed of the National Assembly and Senate. The senators are elected for nine years. They vote the laws. The National Assembly mem-

bers are elected for four years. She stated that economic conditions are better than for several years but inflation still exists.

The reply to a question regarding the superionic transport plane was, "No much cost for the worth to be received."

She showed very colorful slides of the Riviera, Monte Carlo and small resort towns along the seacoast. One village is very old. Its streets are too narrow for automobiles so none are permitted. Also, no night clubs are permitted.

She stated that the climate along the Riviera is warm and it never rains.

The riotous acts of college students seem to have been temporary. They do not seem to be hooked on any one reform desire.

Her estimation of the high spot in France's history is the come-back of De Gaulle. The low one would have to be Waterloo.

We are grateful to Art and Rose for this message with an international flavor.

Girls To Exhibit Art

Possession of narcotics charges filed against William Purvis Thomas last week were dismissed after preliminary hearing in county judge's court Tuesday. The 25-year-old Avon Park man was one of 13 Highlands County residents taken into custody in a wave of arrests accompanying Race Week activities. Seven others who had been jailed on drug charges are now free on bond. James Thomas Frey, of Sebring, posted bond soon after his arrest at the Sebring 12-hours of Endurance race track, and he is to appear for a hearing on April 6. All the others — Steve Allen Winchester and Donald Leon Curdick of Sebring, William Glenn Beck of Lorida, Robert Hansel Thomason of Lake Placid, Mr. and Mrs. Bruce Hobbs of Wauchula — have waived preliminary hearing and have been bound to circuit court. Bond was set at \$1,000 each. Sheriff's deputies said the accused have, over the past week, made arrangements for bail and all had been released from jail by Tuesday of this week. Highlands County juvenile authorities are handling five of the cases. Sheriff O. L. Raulerson, Jr., said all arrests had been for marijuana possession.

The Future — No-Know?

DAVE LLEWELLYN

The future concerns you. What do you know about it? It appears sometimes that there is nothing about which man is not already widely informed or about to make discovery. But there is one thing — the future.

A recent article in a national magazine made passing reference to the "fact" that science is in the process of resolving "the few remaining mysteries of life."

Well, to that writer and to any like thinkers I propose a simple test: prophecy tomorrow.

But before you do, let me make clear what I mean. Foretelling the future can be performed on four levels.

Prophecy
The lowest level is prognostication. When a physician indicates, after a physical examination, that you will "get well," "get worse," that's prognostication. Prognostication is a relatively simple process of anticipating future events on the basis of present irrefutable causes. Its simplicity arises from the fact that the physician has seen all this happen before and he knows by experience the events that necessarily follow.

Projection
A bit more difficult than prognostication is projection. When a business decision to produce 15 per cent more rubber balls over the next six months than it did in the previous half year, its conclusion that that many more would sell was arrived at by projection. Projection is a process of second-guessing the future on the basis of selected present indicators — applying appropriate principles and formulas, suggest certain events. But they are not always reliable. The Babylonian claims it can give "surprise" protection, but there are no guarantees.

New Business In Avon Park To Specialize In Wall Paper

A new business which is opening in Avon Park is "Interiors by Lynn." Owned by Lynn Hartley of Avon Park, and dealing in the hanging and selling of wall paper, working out of her home.

In the Fall, she plans to go South Florida Junior College to continue her training in interior decorating. Until she came here to Avon Park in August, from Miami, she had worked in other homes and found that more and more people in Florida are using wall paper now than ever before. Most women express themselves in a creative way by beautifying their surroundings. They are happiest when rearranging furniture, hanging draperies and dreaming up new color schemes.

Lynn became interested in wallpaper about five years ago when she helped her husband's mother hang some paper in her home. The re-

sult was beautiful, so she went out and purchased some wallpaper for her home and proceeded to get really wrapped up in the whole idea. Lynn says, "there are fabric and shower curtains to match some papers, lovely borders to use alone or over wallpaper, you can find washable vinyls, metallics, flocked and even paper that looks like wood grains."

Lynn's mother, Al in a Deckle, is working with her and they are looking forward to meeting more of the nice people here in Avon Park. They will be happy to show their samples to anyone who is interested and will take them directly to their homes in order to match color schemes. Lynn and five boys have Denton Apartments and the telephone number is 453-8833 or call Hartley Plumbing Service.

RECENTLY presented his branch brass in ceremonies held at the University of Wyoming ROTC department is Samuel B. King, of Avon Park. Upon completion of the ROTC program and graduation from the University of Wyoming, he will be commissioned a second lieutenant in the Chemical Corps, Col. W. Thomas Reader, professor of military science at the University is shown congratulating him.
