Avon Park Muls \$526,393 Budget

The Avon Park City Council tipped through its tentative 1971-72 budget at a special session Thursday night. The total expenditures are expected to be \$526,393.

This is up nearly \$10,000 from the 1970-71 budget due to a slight increase in state and local revenue from cigarette, utility and gasoline taxes among other items.

The budget will not come up for final adoption until later in the year, probably the last part of September.

Among some of the more important items discussed were salary increases for most city employees. As it now stands the new budget is a balanced one since expenditures are geared to expected income. There will be no doubt be some minor changes in switching funds around before the final individual figures are set, according to City Clerk Malcolm Crews.

The preliminary budget, broken down by departments, shows general expenses to run some \$110,000. The building department shows a total of \$10,000, city property maintenance, \$25,300 and public works at \$6,600.

Avon Park Tag Seller Waiting Out Customer Lull

"It's a shame, but we're just sitting here waiting for the last minute rush before Aug. 20 for people to come in and pick up their new Florida license tags," Roy Winzo, tag clerk at Wells Motor Co., said this week.

Winzo said now is the best time for those who have not purchased their new 1971-72 tags to do so and avoid what seems always to be the last minute rush.

He said that usually about 3,000 tags are sold in Avon Park and thus far he has only passed out 1,500. "Most people seem to rush us at the beginning of the yearly tag selling or rush us at the very end," he noted.

Winzo's tag clerk at Wells Motor Co., said this week. Winzo said now is the best time for those who have not purchased their new 1971-72 tags to do so and avoid what seems always to be the last minute rush.

At a special meeting in Barlow last week the board learned that more options are open. As Commission Chairman Cecil Skipper explained it the county can elect to "leave it like it is right now, take the 80 per cent and contract with Department of Transportation for maintenance or take the 80 per cent and go it alone."

At the county meeting the commissioners were drafting the 1971-72 budget they assumed the county would have to take on maintenance of the secondary roads along with the increase in funds.

Under a new state law the county receives all of the income from the seventh cent gasoline tax. In previous years the county had received 20 per cent of this tax, and the state maintained the secondary state roads within the county.

City Hall Leak Might Give Wet Feet to Workers

There's a "leak" down at city hall but it's not a governmental one. City Councilmen while mulling over the coming budget for 1971-72 fiscal year concluded that the roof on the "old girl" is in bad need of repair.

City Judge Pay Hike Suggested

If the proposed city budget gets a clear go ahead by city council members within the next two months, City Judge Daniel Lamer will get a \$600 raise.

'Problem Children' Provide Headaches for Teachers

With the opening of school August 30, Highlands County schools will try a new approach to an old problem, the child who misbehaves.

Supt. Douglas says if the project succeeds it may be expanded, but behavioral specialists are in short supply. Perhaps more elementary schools can be added by the 1972-73 year, but right now there is no plan to

have engineered classrooms in middle schools or high schools. "By the time children are old enough for those schools they are fairly well set in their ways," Johnson explains. Hopefully the engineered classrooms will reduce behavioral problems encountered at the higher grades.

State Has Until September 1, To Bring John Sweet to Trial

Postponement of Irene Macey's trial for perjury plus Florida's new speedy trial rule may prove to be the combination that makes John Sweet a free man.

Sweet, at liberty on \$50,000 bond, faces life imprisonment for the murder of Mrs. Macey's husband, Charles von Macey. State Attorney Glen Darty said that under the new speedy trial rule he has 180 days from trial March 1 to bring Sweet to trial again—his third trial.

Time expires before the new date, September 7, of Mrs. Macey's trial, and. "We cannot commit Mrs. Macey to testify before her trial," Darty said. "If we did have her testify, we would have to give her imprisonment on her perjury charge."

TEEN-AGE MARRIAGES ARE RISKY

The July issue of *Plain Truth* reports that 54 percent of teen-age marriages end in divorce when both bride and groom are teen-agers. When only the bride is teen-age, 36 percent of the marriages end in divorce. When both the bride and groom are 20 years of age or older, 18 percent end in divorce.

Since the stability of American society demands the stability of family life, the social repercussions of teen-age marriages are a serious matter of public concern. Marriage is for adults, not for children! Family life entails responsibilities which require the maturity of adults.

Marriage is like a career or profession. It requires preparation. It requires schooling and specialized training. It requires maturity. Only when one can assume the responsibilities of supporting a wife and family should marriage be considered.

Thousands of teen-agers learn too late that marriage is much more than romance. Sexual maturity is reached before mental, emotional and spiritual maturity. Men and women are more than mere bodies. Marriage requires maturity of mind, emotion and spirit. Parents, pastors and educators should help teen-agers realize this.

YOUTH IS HOW YOU THINK

We recommend the following thoughts on youth to those who may fear they are leaving it behind. They were written many years ago by Samuel Ullman, and are as true today as they were then.

Youth is not a time of life — it is a state of mind. It is not a matter of ripe cheeks, red lips and supple knees, it is a temper of will, a quality of the imagination, of vigor of the emotions, it is a freshness of the deep spring of life.

Youth means temperamental predominance of courage over timidity, of the appetite for adventure over the love of ease. This is often more existent in a man of fifty than a boy of twenty.

Nobody grows old by merely living a number of years; people grow old only by deserting their ideals. Years wrinkle the skin but to give up enthusiasm wrinkles the soul. Worry, doubt, self-distrust, fear and despair — these are the long, long years that bow the head and turn the spirit back to dust.

You are as young as your faith, as old as your doubt, as young as your self-confidence, as old as your fear, as old as your despair, as young as your happy.

Social Security Questions And Answers

Question — I lost my Medicare card the other day when I lost my billfold, but I have my number written down on a piece of paper at home. Do I really need to replace this and get another card? It's so hard to find a parking place when I go to the social security office!

Answer — You really should get a new Medicare card and carry it with you whenever you go to the doctor or to a hospital for treatment. It is evidence that you do have Medicare and it shows the doctor or hospital the name and claim number that are on your Medicare records with social security. This will help to avoid delays in payment due to the use of a wrong name or claim number. You do not need to come to our office in person to report the loss of your Medicare Card. You may notify us by phone and we will send you a new card as soon as possible. If you do not have a Medicare card, you should get one as soon as possible. If you do not have a Medicare card, you should get one as soon as possible.

Question — I am 68 years old and signed up for Medicare several years ago. Each month my social security check is cut \$5.30 for Medicare. I also have a Medicaid card and get an old age check. The other day my sister told me that my social security check should be cut for Medicare any more. Is that true?

Answer — Yes, your sister is correct. If you receive an old age pension check and Medicaid, the state is paying your Medicare premiums for you each month. The state has been paying Medicare premiums in January, 1970, when Medicaid became effective. You should phone your social security office right away and ask them to correct their records so that your social security check is no longer cut for Medicare.

Six Fines Total \$600 for Failure To Have Current Inspection Tags

Vehicle inspection certificate difficulties cost an Avon Park man six fines of \$100, court costs and a 30-day suspended jail sentence when he appeared at the July term of jury trials in county judge's court.

Jeff Chaney entered no contempts plea to all counts—three of selling a car with improper inspection certificate and three of unlawful possession or affixing inspection certificate on an automobile.

Charles Thomas Hughes of Sebring, pleaded guilty to reckless driving. His driver's license was revoked for three months and he was fined \$100 or 30 days in jail. Moral Issues

Discussing the morality of actions by the United States in Indochina, former Secretary of State Dean Rusk recently referred to the SEATO treaty and our obligations under its terms and asked, "Is there a moral issue in our making a pledge which we do not honor?"

"Surely there is a moral issue if the North Vietnamese invade these gentle, peace-loving people of Laos, or if they invade South Vietnam, or . . . Cambodia," he added, pointing out that "there would not have been a single American soldier in Southeast Asia firing a weapon at anybody if Ho Chi Minh had kept his guerrillas and regiments and divisions out of Laos and South Vietnam and Cambodia, and his guerrillas out of Thailand."

A couple of months ago leaders of 27 religious bodies signed a statement calling for repentance regarding our actions in Indochina.

Disagreeing with this position, I wrote in a column about that time, "If we desert our allies to whom we are bound by treaty and if we abandon our prisoners of war . . . and if we withdraw our protection from the civilians whom we are now defending, then we shall certainly need to repent."

Unworthy, shameful

However, since the publication of the stolen Pentagon Papers has cast some light on matters which had previously been kept secret, a California reader has written me, "It is clear now that we do need make penance for what we have done in Southeast Asia."

I agree that the Pentagon Papers have brought to light at least one incident for which we apparently should be penitent. I am referring to the coup that

Emma Northrup Is Dead at 70 In Winter Garden

John William Putnam of Avon Park, charged with reckless driving, willful and wanton, pleaded guilty to a reduced charge of failure to have vehicle under control. He was fined \$100 or 30 days in jail.

William Pugh of Avon Park, entered guilty plea to four charges and was fined—\$25 or 10 days for public drunk, \$25 or 10 days for profanity, costs of \$16 or five days for assault and \$16 or five days for disturbing the peace.

Gilbert Douglas pleaded no contempts to a charge of disposing of property under lien. Disposition was deferred to September.

Church Group Has Outing

The Senior high and college class of the Church of the Nazarene traveled to Lake Wales Monday, Aug. 2, to visit Bob Tower and the Mountain Lake Sanctuary.

The morning was spent viewing the grounds, feeding swans, and listening to the carillon. At noon, the young people had a picnic at Lake Wales city park.

Returning to Avon Park, an afternoon of boat riding and swimming was enjoyed on Lake Loila Rev. and Mrs. Paul Trissel, served as chaperones.

Mrs. Trissel is the teacher of the class.

Overthrow President Ngo Dinh Diem.

On the basis of the facts as they appear now, this was an unworthy and shameful incident in our history.

There is another area of our Asian policy about which we should feel repentant. It occurred a quarter of a century ago and it has had and will continue to have wide and fateful repercussions.

In January, 1946, Gen. George C. Marshall was sent to China for the purpose of persuading the Nationalist Government of China, headed by Chiang Kai Shek, come to terms with the Communists, led by Mao Tse Tung. This was followed by the Communist takeover of mainland China.

In the blood-bath which accompanied the Red acquisition of power there, at least 20 million people were killed—according to the best estimate available to me. Probably four or five million of these were Christians.

It is hard to understand why Christian church groups should hedge their action designed to lend an aura of respectability to the Red-handed murderers of millions of Christians, and millions of others.

On Guard

Yes, there are incidents in our Asian diplomacy for which we should repent. May we be on guard that no more such incidents occur.

There is a book which contains some wise counsel for us to consider at this time, as we contemplate doing business with the Communists who now control China. "Be not too envious against evil men, neither desire to be with them, for their heart studieth destruction."

Avon Mobile Home Park News

The big news this week is the annual Avon Mobile Home Park picnic, to be held next Wednesday, Aug. 11, at Indiana City Park in Bourne, Ind.

George and Mercedes Bears of Rochester, Ind., sent their greetings to the summer residents in the park. They plan to head back south sometime in October.

Emory and Bonnie Burgess of Jamestown, N.Y., have been enjoying a visit with their 11 year old granddaughter from California.

Edwin and Marguerite Peethan of Bowling Green, Ohio, report that they are having a good summer. They plan to return south in the middle of October.

Lucille Shoemaker is keeping quite busy with her garden at her home in La Porte, Ind.

Bob and Lucile Duthie have been far off in the Canadian Rockies, enjoying a great vacation at Jasper Park Lodge, near Banff, Alberta.

Bea Tindler is visiting family and friends at Gaetzville, Mich. Lailue Longenecker is visiting her daughter, currently in La Porte, Ind. Lailue talked to Ginny Roth and Ruth Wolcott on the phone, and Ruth commented that she was enjoying the Park news in the Sun each week.

Lailue gives her regards to all the Park residents, and would like to hear from her friends. Her address is: 6 Elm Place, La Porte, Ind. 66350 (c/o Melvin Neuman).

Our sympathy is extended to Marie Worley, whose sister, Mrs. Nellie Roberts of Uaupia, Calif., passed away recently.

Mr. and Mrs. Harold Benson of Downers Grove, Ill., recently had a nice visit with Dr. Field here in the park.

Larry and Ruth Robinson have certainly acquired a new job at a radio station in Sebring, as an announcer. He broadcasts from 6 to 11 p.m.

Many thanks for all the nice compliments on the news snippets each week. Sorry I won't be here to do much longer, but I've got to go get an education, and I can't very well write the Park news in Oklahoma, can I? Everybody take it easy, and have fun at the picnic. Watch those calories!

Group Insurance For Highlands County Employees Will Increase

The County Commission was notified Tuesday morning at its regular meeting that the current rate for its group insurance will increase effective September 1 by 40 per cent.

The increase will cost the county some \$10,000 for one fiscal year.

According to the commission, the raise by Pan American Life Insurance Co. is far above an acceptable increase in rates, and it was decided to advertise for a new insurance contract.

However, due to the short notice from the company, they have decided to accept the insurance on a temporary basis. The current policy may be discontinued with 30 days notice.

Budget

One of the main items of business at Tuesday's meeting was the adoption of a record budget of \$3,993,201.

adorned with lavender flowers and with the words, "Congratulations Mae," as her daughter, Mrs. Connie Garner, granddaughter, Lori Garner, her son, Kenneth Kreigh and her sister from Arcadia, Mrs. Lila Scott, looked on.

There was an abundance of good food (an especially good lemon pie) and it was evident that the operators could cook good, as well as put through telephone calls.

Mrs. Kreigh started her telephone career in Arcadia in 1906 with Inter-County Telephone Company, where she worked for five years. She was a lady of leisure for a few years, taking care of the little ones, and then started back to work in Arcadia on January 1, 1949, where she worked until 1957, when she was transferred to Avon Park, when the toll office was converted over.

Also present to wish her happiness in her retirement besides President Bollinger, General Traffic Manager Holway and her family were Vice President E. P. Kittinger of Fort Myers; T. N. Mayer, district traffic manager; Dorothy Simpson, C. O.; and all em-

ployees of the telephone company here in Avon Park, who will miss Mae.

MR. AND MRS. HAROLD McCLELLAND

Joyce Murray Married July 10 To Harold E. McClelland

In an impressive candlelight ceremony on Saturday, July 10, Miss Joyce Ann Murray became the bride of Harold Edward McClelland at First Baptist Church in Bowling Green.

The bride is the daughter of Mr. and Mrs. J. Floyd Murray of Bowling Green, and the bridegroom's parents are Mr. and Mrs. H. Edward McClelland of Avon Park.

Rev. Ralph Taylor officiated at the double-ring ceremony performed at 7:30 o'clock in the evening.

Miss Bertha Judah, organist, and Mrs. Linda Taylor, soloist, both of Bowling Green, rendered a program of traditional wedding music, with selections of "More," "I Love You Truly," and "The Wedding Prayer."

The ceremony was performed before an arch entwined with greenery, yellow daisies, white orange blossoms and love birds. On either side of the arch were baskets of yellow, white and white daisies, yellow and white carnations, and white carnations, flanked by spiral candelabras with yellow candles. Three multi-branched candelabras with yellow candles formed the background for the bride's arch. The white satin profile prayer bench was accented with large baskets of mums, glads, daisies, and carnations. The family pews were marked with yellow and white bows, with five single aisle candles down orange blossoms, yellow daisies and ribbons.

Bride Wears French Styled Gown of Satin

Given in marriage by her father, the bride wore a French-styled gown of white satin with fitted bodice and waist. The stand up collar and bodice were lace covered accented with tiny seed pearls and sequins. The full long sleeves were fitted at the wrist with wide cuffs fastened with tiny satin covered buttons. The semi-full skirt bordered with lace fell loosely and formed a long train.

A wide back which circled the waist was enhanced by a low in back. Her elbow-length bridal veil of illusion was held by a crown of tulle-draped pearls and seed pearls. She carried a cascade bouquet of three white orchids with yellow throats, surrounded with white daisies, mums, carnations, baby's breath and green ivy accented with yellow and white streamers.

The bride chose for her mother of honor, Mrs. Allen Jackson, her sister of Winter Haven. She wore a stand-up collar and baby-doll sleeves. It featured a laced bodice with five tiny covered buttons. Her headpiece was a yellow matching bow and were carried a white basket of yellow and white daisies with yellow streamers.

Serving as bridesmaids were Mrs. Jack Webb, sister of the bride from Wauchula; Miss Kathy Murray, sister of bride from Bowling Green; Miss Jane McClelland, sister of the bridegroom from Avon Park; and Mrs. Linda Baxley, cousin of bride from Wauchula. They each wore gowns of yellow pea de soie designed identical to that of the matron of honor with matching headpiece and carried baskets of daisies.

Little Miss Cindy Terrell, cousin of the bride, was flower girl. She was groomed identical to the bridesmaids, and preceded the bride down the aisle carrying a basket of daisies and rose petals, which she scattered along her pathway.

Mr. McClelland chose for his best man, Dennis Richards of Bowling Green. He was escorted by Jack Webb, brother-in-law of the bride from Wauchula. Robert Burnett, Wauchula; Charles Stevens, Zolfo Springs; and Dean MondaDecca of Avon Park.

Mrs. Murray, mother of the bride, wore an ensemble of apricot polyester double-knit with long sleeves gathered at cuff and stand up collar. She wore a matching lace coat and carried a seed pearl bag. She wore apricot shoes of pea de soie and a purple orchid corsage.

For her son's wedding, Mrs. McClelland wore a turquoise ensemble of dacron polyester with matching lace coat. It featured long sleeves gathered at cuff and stand up collar. She wore turquoise shoes of pea de soie and carried a white evening bag. Her corsage was a purple orchid.

Ultra-Modern Gal Has Easy Go In Kitchen

By FAYE GORDON

You might get upset about the politics, manners and morals of the modern age, you might feel that the tension generated by the riots and protests is more than you can stand; you may be at year with end trying to balance your budget while prices continue to soar.

But even with all the problems of the era, you'll have to admit there are plenty of advantages. Life really gets easier in many respects.

Today's housewife can forget the disadvantages and rejoice in the advantages and rejoice in the electric ranges being developed. Microwave (the energy used to cook is an electronic wave) are high frequency radio or short waves in the same general category as those used in radar technology.

This type of "instant" cooking is different from conventional cooking in that it does not utilize the direct application of heat to cook food. Instead, electromagnetic waves in the microwave range are absorbed into the food, causing the food to cook throughout its mass all at once.

Food cooked in this type of range must be cooked on (or in) glass, paper, ceramic or plastic. Pots and pans, and you can serve it immediately because the container stays cool.

Buy homemakers like the speed since food cooks in seconds or minutes. There are no fumes which eliminate grease deposits on walls and ceilings. It's a modern housekeeping.

Be an ultra-modern gal. Cook baked potatoes in ten minutes, hamburger in 30 seconds and a five pound roast in 37 minutes. And call me for further information.

It is a Woman's World.

Two International Scouts Visit Avon Park Group

Avon Park Boy Scouts were treated to an interesting and rare talk from two scout leaders from opposite ends of the globe Monday night.

The boys, who have been spending the summer as exchange scout leaders are Tony Smith from Wolverhampton, England and Toshi Yamada from Kyoto, Japan.

Smith flew from England to New York as did Yamada, to spend the summer months at Camp Planning Eagle near Lake Wales.

Larry Hooper, Avon Park, who teaches electronics at South Florida Junior College has been at the camp most of the summer with the scouts as a counselor-leader.

Both Yamada, 21, and Smith, 24, explained what scouting is like in their respective countries, passing out maps, literature and different wearing apparel for the young local scouts to look at.

The overseas visitors first flew to New York then took a bus to Tampa where they were met by local scoutmasters.

Both scouts expressed amazement at the warm temperatures and flat terrain encountered in Florida. Smith, who said he was used to the "cooler-fog" climate in England sported a mighty pink "sunshine tan."

Yamada expressed much the same sensation.

For both international scouts, it was their first trip to the United States and they said they found the southern land of their liking "mostly because of the friendly and polite attitude of the people in Florida."

Smith will soon leave to visit Miami and then travel back up the east coast through Virginia, Washington, D.C. and New York before departing for England where he is employed as an accountant.

Yamada will go in the opposite direction and take in the mountains out West before departing by air from San Francisco for Japan.

The workshop provided training for individuals now employed in food service in hospitals, nursing homes, schools, or other institutions, and was designed to prepare them for membership in the Hospital Institution and Educational Food Service Society (HIESS) sponsored by the American Dietetic Association.

To graduate from the program, the food service worker attends sessions at Andrews for two summers and is supervised by an ADA member during the intervening months.

The participants were also given laboratory experience in the AU bakery, snack shop, and salad preparation center, as well as in the use

Twenty-Year Quarrel

How do you settle a 20-year-old quarrel?

Esau had tricked his old, blind father into giving him most of the inheritance, leaving very little for his twin brother, Jacob. Now it was 20 years later and Esau was coming for Jacob with an army of 400 men. Jacob was scared.

When Esau had discovered Jacob's treachery, he had determined to murder him. Jacob saved his life by a quick escape. Their mother had told Jacob he would call him back out of hiding when Esau's anger cooled, but no word ever came.

"Time heals all wounds," they say — we know it isn't true. Many a family quarrel has lasted over two decades, and time healed nothing. If anything, the hurt deepened into implacable hatred.

Bribery, Flattery
So Jacob feared with good reason. Yet he kept his head and acted prudently. First, on a verge of panic, he prayed. "God, help me!" is about what he said. Probably it sounds like something you have said, some time or other.

But then he calmed down and devised a plan. He sent his brother a series of gifts, totaling over 500 valuable animals, very appealing to a rancher like Esau. Just to be sure, with each gift he sent a message like "These are from your servant Jacob, sent as a present for my lord Esau." Very clever. Nothing settles things like bribery sweetened with flattery.

Jacob admitted, "I will appease him with the presents that precede me, and then when I face him perhaps he will accept me." Well worried, he met Esau.

Esau said, "If you are going to worship, and remember that your brother has something against you, leave your worship and go your way; first he repented to worship, and then come and worship."

Notes On Helping The Handicapped

The last weeks of Fun Camp were highlighted by two outstanding events. All campers were invited to spend a fun-filled day at the R. L. Dressie home in Lake Placid. The large indoor pool was the delight of the day. Campers were able to demonstrate their swimming skills developed during the previous weeks of instruction. The food for the day was something special to remember.

The second event was a trip to Vero Beach piloted by bus driver DeWayne Lemier and specially chartered by Steve Marine of Lake Placid. Steve is a favorite with all the campers and was a special guest on this day of days. Many RAY-ARCs volunteered their day to assist campers.

The Developmental Training children have been making a weekly trip to Highlands Hammock. It is their field trip and means so much to them as a stimulus to observation.

The RAY-ARCs have had a busy summer. New members have been secured. Volunteers have assisted daily at the Fun Camp. Volunteers have made excursions possible by arriving en masse to escort campers on special trips. They recently raised funds by operating a concession stand at a Lake Placid horse show. These funds are used to pay expenses when they entertain the retarded. Two RAY-ARCs, Susan James and Bobbie Newton, are at present working as counselors at the summer camp for the retarded near Silver Springs. The First Christian Church each year schedules its camping facilities for the retarded during the first two weeks in August. It is at this camp that Bobbie and Susan are volunteering.

Two additional clients entered the Work Center this week. Three more are to be admitted within the next week. The first objective to be achieved is maintenance of observation.

Choice Acreage Sold Near Avon Park

Choice acreage with a half mile fronting on Lake Huntley near Lake Placid has been sold by Miss Jennie A. Reninger for \$266,700.

Miss Reninger, widely known in this area, who has lived there many years, sold the 54 acres and the home. The acreage includes improved pasture and timberland.

Purchasers were Mr. and Mrs. Joseph A. Margio, Mr. and Mrs. Frank P. Margio and Mr. and Mrs. Joseph Margio of Pompano Beach.

Another large sale of land this week was 38 acres by Stokely-Van Camp, Inc., of Indiana, to L. R. L. Inc., a Florida corporation.

The land, located east of Avon Park near Bombing Range road, is partially planted to groves. Selling price as indicated on the warranty deed was \$64,300.

Hall's Grove Service, Inc., J. B. Hall, Jr., president, of Arcadia, has sold 36 acres of grove in the Avon Park area, located east of the railroad, between Lake Denton and Little Red Water Lake. Purchase price as indicated on the deed was \$25,800. Purchaser was Marvin Kahn, of Sebring.

Alexander Takes SHAPE Duty

YNC, A. A. Alexander, his wife, Katharine and son, Andy have visited relatives in West Virginia and North Carolina and have been sight-seeing in New York City before leaving the States from Kennedy Airport, New York, July 28, on a 747 jet for Brussels Belgium.

Mr. Alexander will be with SHAPE (NATO Headquarters). The Alexanders are looking forward to their European tour of duty. Alexander was in Vietnam for three and one-half years and his family was in Okinawa. They made many friends there and are expecting to make friends in Europe too.

Since returning to the States, July 1967, Alexander's duties have been with OPRT Pentagon and Commerce Department, Washington, D. C.

Alexander's mother is Mrs. Ruby R. Alexander of 88 N. Verona Ave., Avon Park and is employed as Resident Counselor, Mars Hill College, Mars Hill, N. C.

School Superintendent to Get Pay Hike; Will Receive \$16,932

A salary boost for Superintendent George P. Douglas was the only significant change in the county school budget made at the budget hearing July 29. The raise puts Douglas's salary at \$16,932.

The total budget remains at \$2,217,537, financed by a \$92 mill tax levy. At the hearing Supt. Douglas pointed out a number of internal shifts had been made including provision for a \$60,000 cash carryover, a small increase in the county

outlay fund and \$432 increase in the Superintendent's salary.

By Southern Association of Secondary Schools and Colleges accreditation requirements the superintendent should be paid 10 per cent more than the highest paid teacher.

Just before the budget hearing Friday School Finance Officer Robert Stowell noticed that Curriculum Supervisor James P. Smith's new pay scale would put him less than 10 per cent behind Douglas.

Smith had qualified for Rank A—which gave him a \$700 per year boost in pay—and he received \$600 as a teacher on continuing contract with 15 years tenure.

When the board voted its approval of the budget, Chairman Henry Bailey noted: "We have kept faith with the public. We had said we would try to hold mileage for debt service to a mill and a half, and we have held it to 1.24 mills for this year. At the same time we have

kept faith with the teachers and other employees in meeting their salary needs."

In other business Friday the school board accepted a bid of \$2,719 for the resurfacing of the original parking lot at Fred Wild Elementary.

Jack Wicks and Henry Bailey were named to the county's board of adjustment for taxes.

In 1966, 50 new cars were manufactured in U. S.

New Electronic Repair Service Opening Soon In Avon Park

Jack McDowell has announced the establishment of a completely new electronic repair service and sale store just across from the shopping center on the Avon Park Mall off Hwy. 27.

The new Service Electronics business is located in a gleaming white, air-conditioned building and will be equipped to do electronic repair on any type of equipment, according to owner-manager McDowell.

"We will be equipped to handle the most sophisticated electronics components on the market today," McDowell said.

McDowell, who originally went to Avon Park High School is moving his wife and two children here shortly from St. Petersburg where he has been employed by Electronic Communications, Inc.

He holds an electronics license in two counties and two cities in Florida.

On top of the specialized repair work McDowell's new business will offer for sale the latest in radio-television, radio monitors, and other

Group Returns Home From European Trip

Freddy and Bretta Sachsemaler had many anxious moments trying to keep track of nine active students in Europe this summer, but they did manage to bring them all home.

Donny DeLaney misplaced his passport, when he and Mike Bagwell went to Germany. Donny gave the agents his young innocent puzzled look, and said, "passport."

"WHAT PASSPORT?" They let him through.

Then by borrowing eggs and pork chops from the kitchen, Mike Bagwell and Steve Hart were able to keep up their strength and feed half of the boys on the fourth floor.

Mertie Henry pinched a nerve in her neck when she fell from a head stand in Yoga Class.

While the Sachsemalers were in Italy, things were busy in Zermatt. There were strange people in the building and lots of noise at night. In the process of investigation, a door was broken down, all because Bridget Sanders invited two female hitchhikers to spend the night.

Kathy Kirkland managed to get many blank looks from the English, by asking, "what do you think of Henry the eighth?"

After recovering from sunburned eyes, Kathy and Toni Casson fought off the Parisian lovers. Toni said she liked the Italian men more than the French, but Italian wives were something else.

Elizabeth King missed the train to Florence — but it was not unintentional. She just wanted to find her ski pants and go skiing.

No one saw much of Fred Zahle, he had a new interest — what was her name?

After curfew, the hall echoed with the famous phrase, "I'm gonna bust your lip!" Nothing to worry about, just Freddy Sachsemaler trying to get the boys to bed.

ROTARY CLUB NEWS

Elmer Sherwood of Sebring, a delegate to the International Rotary Convention at Sydney, Australia, was introduced by David Lasher, program chairman, and gave the following report of Rotary and other activities in the land "down under."

Seventeen thousand, two hundred and twenty Rotary folks from 73 lands gathered in Sydney, Australia for our annual Rotary International Convention. It was double the number of people ever entertained in any city of the land "down under," and in addition to hotel accommodations, 2,000 homes were opened to the visitors.

We found that America is considered the first hope of the free world but also that the majority of 149 countries, which have Rotary, are determined to do their part to "bridge the gaps" between people, between nations and between man and his environment.

As the guests of Allen and Isabel Sinclair, the Sherwoods saw the great Sydney Harbor where Allen pointed out the Hancock, U.S.N. Carrier and said, "After WW II when England was no longer able to protect its far flung empire, America became our shield from Communist aggression. Australian and New Zealand troops are fighting beside your GIs in Vietnam." He felt that the U.S. had accomplished its objectives of limited war in Korea and Vietnam.

The American decision to withdraw from Vietnam hoping that Korea, Thailand and the Philippines who have also made troop contributions will be able to defend their countries in the future.

Our host thought the Nixon doctrine, which is interpreted as every nation to defend itself, could be successful if the strategic nation, Japan, would re-arm.

"Besides, he said, we do not think the U. S. is completely isolated. We feel your presence everywhere, in many bases, military and civilian, is your great Seventh Fleet is now in the harbor of Hong Kong."

Other convention speakers included Sir Edmund Hillary, famed for climbing Mt. Everest; Sir Walter Scott, economist and Dr. Norman Vincent Peale, author of "The Power of Positive Thinking."

Elmer was also deeply impressed with the warmth and feelings of Ernest Bretholm, Swedish industrialist and once a student at Columbia and University of California, who was elected president of Rotary International to succeed American Bill Wake. He often dined with Gustav VI Adolf, President Bretholm's theme in 1971-72 is "Good Will."

Thus the convention ended with a spirit of good will based on a confidence for future progress may bring us and our children a better world. As Bloody Mary sang in South Pacific, "if you ain't got no dream, howya gonna make a dream come true?"

Elmer also told of side trips to a sheep station in the "outback," to other place in Australia, flying to New Zealand in a 41 year old DC-3 and visits to Taiwan, Hong Kong, Thailand and Bangkok, Malaysia, Fiji Islands and Japan.

Many of the Japanese with whom Elmer talked were grateful that the U. S. won the war, otherwise they would still be ruled by a military dictatorship and have never prospered under a democracy and free enterprise or capitalist system. All of the free countries of the Orient hold America in the highest esteem in history and believe the U. S. has accomplished their objective in Korea and Vietnam in stopping the sweep of Communism and regard Cambodia as the greatest victory.

House Parents Named at Youth Care Home

New houseparents were named for Youth Care Home at a special county commission meeting recently. Mr. and Mrs. Richard Crosson have assumed their new duties.

Juvenile Judge Mervin Rehner and Counselor John Perry appeared before the commission and asked that Mr. and Mrs. John Todd be relieved of the houseparents duties. They told the commission, Mr. Todd has been very ill and while he has been able to leave the hospital he is far from well.

The Crosson salary was set at \$5,000 per year, and Judge Rehner said after the new business commences in October, he will ask for assignment of another couple at \$5,000 per year. He said he now contemplates a schedule of five days on duty and five days off from each of the two sets of houseparents.

The County Board of Visitors and the Youth Care, Inc., board were represented at the commission meeting and concurred in the request for the appointment of the Crossons.

ATTENDING THE SHOWING of a film at Florida Power Co. Lounge which relates to the New Prospect School set to open Aug. 30, are from left:

New Prospect School Enthusiasts Show Film

The turnout wasn't as large as hoped for but nine young women interested in recruiting youngsters for the New Prospect School in Sebring didn't seem to mind.

Nine of them showed up to view a film and share morning coffee and pastries in the Florida Power lounge in Avon Park last Friday.

They viewed a film entitled "Charlie and the Golden Hanger." All the women in the room seemed impressed with the film which shows what can be done in a so called "free learning" situation.

The New Prospect School is privately endowed and will pay one full time teacher to conduct the "no-graded education" classes.

Tuition will be \$600 a year. Kathleen C. Whitcomb, Avon Park, noted that age is really of no particular importance in the learning process. "Learning is strictly an individual matter," she said.

The new school will open on Hickory street in a building that the instructors expect to let the youngsters, paint and clean up their own taste and liking.

The normal grades compared to the local school are from one to three years. The age of the children are range from five to nine-year-olds.

There will be one full-time teacher with volunteer mothers, teachers and fathers expected to help in the new venture.

The school will open August 30. Thus far 12 students have been enrolled. The school can carry a capacity of 25.

The free-learning process is the wave of the future the exponents believe—even in public education.

The new school offers the opportunity for a smaller child to teacher ratio and lets each student learn at his own speed in what he or she is capable of.

doing best. What the students learn how to learn, something the backers feel is lacking in the old concept of learning just what the textbooks contain and structuring the learning process in such a manner so that just so much per year is expected from a child in a formal setting with the heavy emphasis put on grades.

Attending the Avon Park meeting were Sharon M. Heard, Frances H. Short, Kathleen C. Whitcomb.

Janet Guthridge, Gayle Johnson, Sue B. Hood, Sally Zarow and Pat Livingston.

Far too many well-made men obviously didn't finish the job. About as soon as the birds get a few nest eggs put away, the birds start showing up. A proven way to lose your shirt, put a lot on the cuff. Getting angry will never get you anything else. Anybody can discover the faults of others.

Avon Park Will Be Without Ambulance Service Sept. 1

Claude Lee, operator of Ridge Ambulance Service told the Avon Park City Council Monday night that August 31 would be the last day that he would operate the ambulance service in the Avon Park area.

The city and county agreed in July to pay Lee \$500 a month if he would continue to provide the service in the Avon Park area. But Lee said in July he went \$400 in the red including the money the county and city paid him.

Councilman Durrah Martin

asked Lee if he would continue the service for another month and give the council time to confer with county commissioners. This was rejected by Lee because he said that he had his ambulances up for bids.

County commissioners have agreed to provide an emergency ambulance service in the county. The Sheriff's Department will resume responsibility for the operation of the service on Jan. 1.

Councilman Jack Duggan asked Lee to write the council a letter stating his intentions to discontinue the ambulance service and the council would then present it to the com-

missioners to see if anything could be worked out.

In Other Action

There was a lengthy discussion between the council, Earl Sparlock building inspector, Tom Banna representative of the hotel and restaurant division and Claude Lee, owner of Starling's City Market. Starling is doing some remodeling in his store which is all right except the inspectors say he must submit plans for the remodeling to Earl Sparlock and the city.

Starling had failed to submit plans and the remodeling did not meet their specifications, therefore they could not approve the job. Starling said he had talked with Hammerick over the phone and he said he would have the construction and approved the construction, but it did for a lack of a second.

Then a motion was passed for the city to write a letter to Hammerick and Staufferhaus requesting their presence at the next council meeting to iron the thing out.

1,796 Horses Vaccinated In County

A total of 1,796 horses in Highlands County have been vaccinated thus far for VEE, the Venezuelan sleeping sickness since vaccinations started a week ago.

Dr. Angus Raggsdale, veterinary medical officer for the U.S. Department of Agriculture, about 70 per cent of the horses in the seven county area he is administering for the inoculations have been vaccinated.

He said the figure is "about 4,000" horses. County Agent Bert Harris came up with the Highlands County figure.

Persons whose horses have not yet been vaccinated in the compulsory program can get in touch with their veterinary or the county agent's office. Vaccination is compulsory and free. Veterinarians are paid by the state.

Dr. Bill Jernigan said he and the other veterinarians in the county need to know if horses have not been vaccinated and horse owners can call their vet or the county agent's office.

Later, Jernigan said, they plan to set up clinics in strategic points in the county to wind up the operation for all unvaccinated horses.

Other accomplishments worthy of note was a hole in one by Neil Redd while visiting in Boone, N.C. and a tee shot by L. Chambliss being holed out on Pinecrest's number five hole.

Thursday night Marlowe and Jackson shut out Pantry Pride 2-0 and the Church of God won its second game of the season with a 9-6 victory over First Baptists. Last Monday night First Methodists forfeited to the Church of God 7-0 and over the second game was rained out.

LEWIS LLEWELLYN

Jesus Movement Is Not New

The "Jesus Movement" is making news, especially in California.

In a recent ABC television report from Los Angeles, a newsman said, "You'll find Jesus people everywhere, even the Sunset Strip, walking and rapping about the new religion. They'll stop people on the street and ask, 'Do you know Jesus? He's coming soon.'"

There are those in the "Jesus Movement" who say that, "more and more, these days, young people are turning away from dangerous drugs, and turning to Christ instead. One teen-ager prophet put it this way. He said, 'We don't have to take drugs. Jesus is our new high.'"

Although the newsman referred to the "Jesus Movement" as a new religion, it is not new. Over a century ago, Charles Haddon Spurgeon said, "I never knew what happiness was till I knew Christ. I thought I did. I warmed my hands before the fire of sin, but it was a painted fire. But oh, when once I tasted the Savior's love, and I had been washed in Jesus' blood, that was

happiness began below!"

Individuals Important Isn't it strange that, just when some ecclesiastical leaders have given up on personal salvation as the primary work of the church, a movement such as this should spring up—with hope for young people who have become disenchanted with the ecclesiastical machinery and, too often, lack of real spiritual dynamism in the church?

In a message prepared for Pentecost Sunday this year, six top leaders of the World Council of Churches said, "We know that it should be clear to us that no Christian faith is adequate which has only personal salvation in view. We must always remember the world with its actual needs."

This may be true, but the converse is most definitely true and of undeniable importance. No Christian faith can be adequate which does not have personal salvation in view. The young people in the "Jesus Movement" have found the genuine Christ, the One who

JOYCE MINCKS

JONATHAN WRIGHT

Couple to Attend Nazarene College

Two Avon Park residents, Joyce Mincks and Jonathan Wright, will leave next week on a 1500 mile trip to Bethany, Oklahoma, where they will attend Bethany Nazarene College. Both plan to enter classes on August 26. Joyce is a sophomore and Jonathan is a freshman. Mr. and Mrs. Emmette Wright will be driving them along with Bill Phillips of Okemah, who will also be driving to Bethany, where he plans to enter BNC as a freshman, too.

Memorial Hospital as an obstetrical nurse. Joyce plans to major in nursing science at Bethany.

Jonathan, son of Mr. and Mrs. Emmette L. Wright of Avon Park, came here in May of 1969 from Ashland, Ky., where he attended Paul G. Blazer Senior High School. He attended his junior and senior years at Avon Park High School and was a member of the 1971 graduating class. Jonathan's college major is undecided as of the present. Bethany Nazarene College is located in Bethany, Oklahoma, a suburb of Oklahoma City. It is a four-year liberal arts college affiliated with the Church of the Nazarene, which seeks to offer a well rounded education in an atmosphere of Christian culture. Its present enrollment is approximately 2,000.

JUST AFTER this picture was taken Tuesday, Sheriff O. L. Raulerson, Jr., right, put the torch to this jumble of weeds and stood back on the non-smoking side. For the weeds were marijuana, found growing on the banks of Lake June. The small was not pleasant, bystanders said, but they didn't get a charge either, because marijuana has to be dried before it

is smoked to get any reaction. Owners of the property denied any knowledge of the crop. Officers watched the property for about a month, hoping to catch somebody harvesting it, but no luck. So they pulled it out. An alert fisherman had tipped them off that it was there. With the Sheriff are Duponts Jan Rhodes and Mike Mercer.

is infinitely interested in them as individuals and in the personal problems which have become too great for them to solve alone.

By solving these personal problems for them, Jesus has begun a revolution in the youth culture of California. This revolution, if sustained and expanded in keeping with the fervor which now characterizes it, can alter the structure of life on the west coast—for the immeasurable good of the whole country.

Great News Why can't we see that the way to alter a society is to bring about revolutionary changes in individual lives? Why can't we see that this is the business of the church and that the responsibility of every Christian is to be a revolutionary agent, working to change society by the method that Christ provided?

Far from being new, the "Jesus Movement" was really started when Jesus, walking along the shore of the Sea of Galilee, said to some men there, "Follow Me." They did—and their lives were never the same. This is what is happening today—and it's great news. Let the scoffers sneer; let the skeptics wonder; let the ecclesiastical shakers shake their heads. It's great news every time a young person turns away from drugs and turns on to Christ. Remember, He said, "I am come that they might have life, and that they might have it more abundantly."

Icebreakers

Candy is dandy. But liquor is quicker.

This clever little quip was written by Ogden Nash and titled, "The Icebreaker." The idea of "breaking the ice" at a party, of course, is to give the guests something to do while they warm up to each other. Best of all, it gives them something that occupies their mouths and they have provided an excuse for not talking to each other! Some party-givers provide food for icebreaking, but the sad experience of many a dull party has been that self-conscious party-goers talk little better when stuffed than when starving. So there is liquor, the perfect icebreaker.

The beauty of liquor at the beginning of parties is that it keeps the hands and mouth occupied while the alcohol penetrates to break up frozen minds and warm icy personalities.

Two bad! That's the beauty of liquor. Long after the ice melts, the alcohol keeps on warming until the mind is "stewed." Many people go to parties, it seems, for the pleasure of being drunk, and to laugh at themselves afterward for the stupid ways they acted while "under the influence." Johnny Carson teases Ed McMahon about it nearly every night, and millions of people feel much the same.

It's too bad that the conversation stimulated by booze doesn't amount to more than small talk. It's too bad drinking lets people say things better left unsaid. It's too bad so many people don't know how to talk to anybody unless they're high. It's too bad that the best times they can't clearly remember. It's too bad that, after the high time and the hangover, no new insights have been found. It's
