MISS TERESA DALTON

Teresa Dalton - Jack Bragg Announce Their Engagement

Col. and Mrs. H. G. Dalton announce the engagement of their daughter, Teresa Dalton, to Jack Bragg, son of Mr. and Mrs. John L. Bragg, of Twin Lakes, Avon Park. Teresa graduated from Avon Park High School with the class of 1970 and is attending South Florida Junior College.

Gail Soles - Robert Burnett To Wed Aug. 14 In Wauchula

Gail Soles of Wauchula is announcing her forthcoming marriage to Robert W. Burnett, Jr., of the Bereah Community. The ceremony will be performed on Saturday, August 14th at 8 p.m. in the First United Methodist Church of Wauchula.

John Williams Has Good Peach Crop

Word has been received that a long time winter resident in Avon Park, John Williams, of Three Oaks, Mich., is now busily engaged in harvesting and marketing a good crop of those delicious Michigan peaches. Mr. Williams' family came to this Michigan community 92 years ago, and Mr. John Williams was born in the farm-house next door to his present orchards. Being mostly retired, his son, Ken, now takes active management of the business. The proximity of Three Oaks to heavily populated areas in Indiana, Michigan, and Illinois enables them to sell all their fruit tree-ripened, direct to the consumer. Mrs. Williams (formerly Mrs. Edna Henderson) has recently undergone throat surgery, and is reported to be recovering according to schedule.

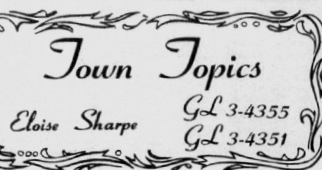

Folks love our Barbecue Ribs and Chicken. We do sell a lot of them, and they're Delicious... but man-oh-man our PIZZA!

You couldn't get a better pizza if you flew all the way to Italy!

Aren't you glad you live here in Avon Park?

Mrs. J. Lawler Wells has returned home after spending several days in Homestead with her daughter and family. Mr. and Mrs. Charles O. Locke and daughters, Patty and Lissa.

Mr. and Mrs. Frank Camp and daughter, Laura and Mrs. J. Lawler Wells motored to St. Leo Saturday to pick up the Camp's other daughter, Lynn who had been attending Baton Camp for a week.

Mr. and Mrs. Roy Thompson attended the football game at Tampa Stadium Saturday night between the New York Jets and Detroit Lions. Also attending with them were Mr. and Mrs. Stanley Sparlock and Mr. and Mrs. Larry LaFlam. The group spent the night in Tampa and visited West Wauchee Springs on Sunday and enjoyed the boat ride and mermaid show.

Terry Watson of Miami was in Avon Park last week visiting his parents, Mr. and Mrs. C. W. Watson and fiancée, Miss Linda Sizemore.

Mr. and Mrs. J. H. Pate will take their grandchildren, Melissa Stoll, Nita, J. K. and Steven Pate home Thursday (today) after a two week visit with their grandparents here in Avon Park. The Pates will stay for a visit with their daughter and family Mr. and Mrs. Darwin Stoll in Tampa for a few days.

Mr. and Mrs. Charles O. Locke and daughters, Patty and Lissa of Homestead spent the week end with Mrs. Locke's mother, Mrs. J. Lawler Wells, enroute to Pensacola to enter Patty in Dental College, where she will specialize in dental hygiene.

TSGT. and Mrs. Leon Stewart and son, Jim have returned to the states after a two year tour of duty in Turkey. They will visit his parents, Mr. and Mrs. L. A. Stewart and her mother, Mrs. Ardella Jenkins and other relatives for two weeks before reporting to Warner Robins Air Force Base, Georgia, where he will be stationed.

Visiting at the home of Mr. and Mrs. Ernest Calabretta for two weeks has been their daughter, Donna, from Wethersfield, Conn. Her son, Ernest from Zephyrhills arrived Thursday and on Friday they all went to Miami to attend the wedding of their niece, Carolyn Ferrante to Phillip Combs. While in Miami they stayed at the Sheraton Hotel and attended several shows on the beach.

Mike Smith and Victor Pollard spent the week end in Lanett, Ala. visiting Mike's parents Mr. and Mrs. James Smith.

Mrs. Irma Jollie is in Walker Memorial Hospital and hopes to return home this week. She appreciates the kindness shown her while being in the hospital.

Miss Kimberly Swirsky and her mother, Elaine Swirsky are visiting with Kimberly's grandparents Mr. and Mrs. A. Swirsky of Wolf Street.

The Swirsky's motored down from West Haven, Conn. Many places of interest is on the agenda for Kimberly Wednesday they will visit Bush Gardens and the Circus Museum on the West coast. Sunday a beach party is planned for some swimming in the Gulf.

Mr. Ray Rutherford has returned home after a week in Lakeland General Hospital and is reported doing fine. Mrs. Rutherford stayed with her son and family, Mr. and Mrs. Bill Rutherford in Plant City, the week he was in the hospital.

Woman's Club Participates In Program

Mrs. Earl A. Brown, president, General Federation of Women's Clubs announced today that nearly 9,000 member clubs are carrying out her administration theme, "A Better Environment," by entering the 1970-72 Community Improvement Program, co-sponsored by Sears, Roebuck and Co. Also participating in the program, international category are clubs in Latin America, Southeast Asia and Europe. William F. McCurdy, Sears vice-president for public relations, joined Mrs. Brown in conferring federated clubwomen for working to alleviate a wide range of current problems and to enrich community life.

Believing environmental needs to be both physical and human, federated clubs are working on projects in the areas of air and water pollution, planning, conservation, beautification and community rehabilitation and development; youth recreation, employment and drug education; community health family life education; and for all ages assistance to older citizens in meeting their needs.

Incentive awards of \$90,000 are being offered by Sears with the provision that the money be invested in further improvements. After judging by over 100 qualified persons in the various states, awards will be presented at 50 state federation conventions in Spring 1972. A national judging team will visit 25 metropolitan finalist clubs and their communities in May 1972 to establish order of winning.

Received a note from Patsy Crane, saying they had moved from Illinois to Pacific, Missouri, and asking for a change of address for the Sun, and to be sure and let her know when her subscription runs out, because she doesn't want to miss a copy. We will let all our subscribers know when their subscription runs out. So glad that likes the Sun, and just reassure her, she doesn't have to worry until March 12, 1972.

Mrs. J. C. Murphy and daughters, Diane and Janice have returned home after a flight from Tampa International Airport to Fayetteville, West Virginia for a few weeks visit with Mrs. Murphy's mother, Mrs. Russier Rimmer. While there, they attended the Historical Drama, "Hatfields and McCoys" in Beckley, West Virginia.

Visiting at the home of Mr. and Mrs. Norris T. Brooks this week are their son and daughter in law Bobby and Peggy Brooks of Washington, D. C.

Mr. and Mrs. Lee T. Mitchell attended the ordination of Mrs. Mitchell's brother, James Mitchell, Sunday at the First Baptist Church in Orlando. Also attending were their daughter and son in law Nancy and Reed Beneshader of Tallahassee, who were here over the week end. Their daughter Trudie and friend, Gail Weighton of Jacksonville, also attended.

Mr. and Mrs. Lloyd Wells are home from a vacation spent in North Florida and South Carolina.

Dr. and Mrs. Albert M. Collier and children, Mark, Dennis and Jonathan of Chapel Hill, North Carolina are visiting his parents, Mr. and Mrs. Milford W. Collier for a week. While in Florida they will also visit Mrs. Collier's parents Mr. and Mrs. V. Wheeler in Miami.

Visiting at the Ray Rutherford home Sunday were Mr. and Mrs. Alex L. Dickinson, brother of Mrs. Rutherford of Orlando.

Miss Kimberly Swirsky and her mother, Elaine Swirsky are visiting with Kimberly's grandparents Mr. and Mrs. A. Swirsky of Wolf Street.

The Swirsky's motored down from West Haven, Conn. Many places of interest is on the agenda for Kimberly Wednesday they will visit Bush Gardens and the Circus Museum on the West coast. Sunday a beach party is planned for some swimming in the Gulf.

Mr. Ray Rutherford has returned home after a week in Lakeland General Hospital and is reported doing fine. Mrs. Rutherford stayed with her son and family, Mr. and Mrs. Bill Rutherford in Plant City, the week he was in the hospital.

Miss Diane Murphy of Avon Park and Becky Johnson of Sebring spent Tuesday at the F.A.R.C. Retarded Children's camp at Silver Springs. They all enjoyed the day. They all say thanks to the one who made these visits materialize with such good times reminiscing.

Coke Party Honors Miss Cheryl Guerndt

Clever invitations went out to over 100 guests to the Coke party honoring Cheryl Guerndt Saturday, Aug. 7, at the home of Mrs. Wendell Smith, Lake Angelo.

The clever invitations, a replica of a coke bottle complete with straw, the same color of coke bottles, announced a coke party for Cheryl, with all data inside, including these hostesses: Mrs. Malcolm Crews, Mrs. Tom Ewell, Mrs. Billy Martin, Mrs. Richard Reaves, Mrs. Turner, Mrs. Harold Worden and Mrs. Wendell Smith.

The table was overlaid with a yellow linen cloth and all appointments were in crystal. The center piece was a large crystal punch bowl filled with iced punch and coke. The punch bowl was surrounded with maidenhair fern and gardenias. Summer roses were at vantage points throughout the home.

Mrs. Ewell helped Mrs. Smith receive the guests. Mrs. Crews, Mrs. Worden and Mrs. Martin greeted guests in the den. Mrs. Reaves and Mrs. Turner were in charge of the dining room.

Miss Guerndt was beautifully attired in a pastel blue French crepe dress. Upon her arrival at the Smith home, she was greeted with a yellow carnation corsage interspersed with sprigs of lily-of-the-valley.

Guests registered in the foyer, with Mrs. Ewell in charge of the guest book. This table was beautifully appointed with mixed flowers in an antique container. Guest cards were then directed to the living room where they greeted Cheryl and her mother, Mrs. Harold Guerndt.

Dainty sandwiches, party cookies and punch were served to the many guests attending between the hours of 10:00 and 12:00.

The hostesses presented Miss Guerndt with an imported all pure Ramie tea set.

Shower Honors Mrs. Dot LaFlam Tuesday

Mrs. Dot LaFlam was surprised with a baby shower Tuesday, August 3, at 8 p.m. at the Florida Power Lounge. Hostesses were Thompson and Linda Sparlock.

Dot was presented with a corsage of pink carnations centered with a blue teddy bear. The honoree had a special chair decorated in yellow with a large yellow bow. The gifts were presented to her in a bassinet with a yellow skirt. After opening the dainty little gifts they were displayed on a L-shaped table covered with a floral arrangement interspersed with baby accessories.

The refreshment table covered with pink linen was centered with a crystal punch bowl surrounded with greenery, and flanked by pink candles. On either end were trays which held party sandwiches and cake which were served with the pink party punch. Each cake square was topped with baby booties in colors of pink, blue, and yellow.

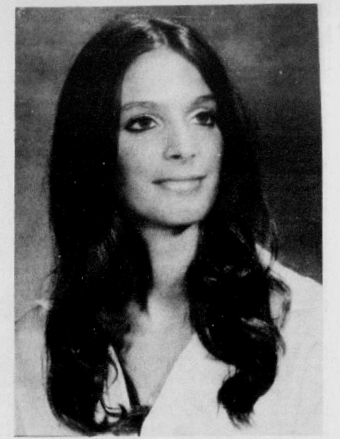

Games were played and enjoyed by the 25 guests attending.

Raczkowski Visits Parents

Spec. 4 Dennis Raczkowski and wife Mary visited their parents, Ruth and Wally Raczkowski of E. Lake Villa last week. While here they also spent sometime with Nanny and Grandpa, Mr. and Mrs. J. J. Raczkowski.

Dennis has been stationed at the 303d U.S. Army Security Agency Bn. Corp., Ft. Hood, Texas since completing his AIT as Non-Morse Teletype-Intercept Operator at Ft. Devens, Mass. in November, 1970.

While in Mass. he met several of his father's brothers and sisters, plus cousins. Even a baby, when he left Bedford, Mass. 21 years ago this was really a special occasion. As a result of this visit in Mass. John Raczkowski's favorite uncle, came to Avon Park the first two weeks of July for a reunion with his brother and sister-in-law, Ruth and Wally. They had a wonderful time catching up on twenty-one years, while fishing, swimming and simply enjoying life. They all say thanks to the one who made these visits materialize with such good times reminiscing.

MISS PAMELA RAE BACKUS

Pamela Backus - David Anderson Announce Engagement; Wed 1972

Mr. and Mrs. Ross A. Backus of Avon Park, announce the engagement of their daughter, Pamela Rae, to David Richard Anderson of Louisville, Ky. David is the son of Mr. and Mrs. R. C. Anderson of Louisville. The wedding will be an event of the summer of 1972. The father of the bride, Ross A. Backus, is owner of the Ross Backus Pontiac, and the future bridegroom's father is owner of a Ford Motor company.

The bride-elect is a junior at Albion College in Albion, Michigan. She is a member of the Student Union Board and also a member of Kappa Alpha Theta national sorority.

The future bridegroom is a senior at Albion. He is treasurer of the Student Union Board and is also treasurer of Delta Tau Delta national fraternity.

The brides are both nurses and the grooms will study medicine at Loma Linda University in California. Both couples attended Southern Missionary College in Tennessee where the courtships began.

All friends and relatives are cordially invited to the wedding and reception, which will be held in the North Lobby of Walker Memorial Hospital.

food news & cues

Luncheon Designed for Summer

Those natural go-togethers — fruit and cheese — meet this time on a luncheon menu. Luscious summer fruits are in a main dish salad; blue cheese is the featured ingredient in oatmeal biscuits.

Meat salads, either cantaloupe or honeydew, are brimming with a tasty chicken salad chock-full of green grapes and walnuts. The accompanying biscuits have the whole grain goodness of quick or old fashioned oats. The oat-like flavor of the oats is a pleasing complement to the distinct flavor of blue cheese.

BLUE CHEESE BISCUITS WITH MELON SALAD

Makes 6 servings

Biscuits:
1-1/2 cups sifted all-purpose flour
3 teaspoons baking powder
1/2 teaspoon salt
3/4 cup quick or old fashioned oats, uncooked
1/4 cup shortening
1/4 cup crumbled blue cheese
2/3 cup milk

Salad:
6 cups diced cooked chicken
2-1/2 cups green seedless grapes
3/4 cup chopped walnuts
1/3 cup mayonnaise

For biscuits, sift together flour, baking powder and salt into bowl. Stir in oats. Cut in shortening and blue cheese until mixture resembles coarse crumbs. Add milk, all at once, stirring lightly until mixture is dampened.

Turn dough out on lightly floured board or canvas; sprinkle dough lightly with flour. Knead gently about 15 times. Roll dough out to 1/4-inch thickness; cut with floured 2-inch round cutter into 12 to 14 biscuits. Place on ungreased cookie sheet 1/4-inch apart. Bake in preheated hot oven (425° F.) 10 to 12 minutes until lightly browned.

For salad, combine all ingredients. Spoon into cantaloupe or honeydew melon halves. Serve with blue cheese biscuits.

Scouts Attend Aquatic Event

A Cadet Girl Scout Aquatic Event was held from August 6th to 10th at Deer Lake Camp, Silver Springs, Florida. This was a five council event, hosted by the Citrus Council of Girl Scouts. Attending from Avon Park was Jane Eberle, daughter of Mr. and Mrs. Kenneth Eberle. Jane was one of three girls chosen for this opportunity, all of Cadet Troop 21. Bobbie Newton and Susan Fortner were unable to attend.

Activities included basic and advanced canoeing, overnight trips down the Oklawaha River, beginning and advanced sailing and Red Cross certification in small craft. Instructions were given in water ballet, Red Cross water safety and water sports, diving skills, special instruction in competitive diving, and snorkeling. The girls chose any three of these areas which were of particular interest to them. Miss Lani Newton of Avon Park attended the event serving as Water Safety Instructor. This is one of the many services supplied by the Red Cross.

AVON PARK,

Mrs. Sara Harrison Returns From Visit With Relatives In California

Mrs. Sara Harrison has returned from a visit with her son, Mike, and family, in San Jose, California. Daughter Salie, attending college in Oakland, joined them during the visit.

A trip was made to Monterey and Carmel. The famous 17 mile drive, thru Del Monte Forest—a vast, private park—was included on that trip. At one place seals were plainly visible frolicking on the rocks, in the Pacific.

Visiting Carmel Mission, founded 1770 we saw the church, two museums and two courtyards which were literally splashed with masses of color. The freeways and she-shing centers were beautifully landscaped. In the circle of freeway cloveleafs, near San Jose, there were blue masses of Agapanthus (lily of the Nile). The bloom lasted all four weeks. All homes seem to have bushes or trees along with clematis and magnolias, even a few Jacarandas. The Harrison had orange, lemon, apples, apricot, clematis, plum and a couple of maple trees.

Grandmother Sara managed to make a couple of dozen of plum jars of jam, along with learning about Sesame Street, Remper Room, etc., and playing letters, or singing with granddaughter Leigh, while Mommie (Jan) was in school each morning.

Two very enjoyable trips were made to a pizza parlor, in which a huge Wurlitzer theatre organ (Jesse Crawford Special) is installed with the pipes back of glass, so everything can be seen as he plays. Also played on the organ console were several other instruments, such as drums, marimba, xylophones, chimes, sleigh bells and a hot air piano.

These instruments were attached to the ceiling, the walls, or in the case of the piano just standing on the floor. The music was sometime, loud but very good.

One evening a trip was made to a Chinese restaurant, with the name of Andy's Chinese Restaurant. The food was delicious, decorations lovely, and waitresses (oriental) were

pretty. Service was outstanding. A trip to San Francisco was most enjoyable. Visits were made to Ghirardelli Square (chocolate) which was alive with such pretty flowers, and people standing in line for their free chocolate Sunday.

While crossing Golden Gate Bridge the fog was hiding the tower but lifted before the tower was reached. AT the other end of the bridge, Marin County, a short trip was made. Of course Alcatraz was visible off to one side of the bridge. It was a wonderful vacation. The most enjoyable part was just being with my family, and having the pleasure of my granddaughter's company, each school morning.

New 4-H Horse Club Being Formed in County

Groundwork is being laid for a new 4-H horse club for Highlands County. A club sponsoring committee has been formed and they are presently working to formulate the new club.

This committee is looking for: (1) an organizational leader to take care of administering the club; (2) one or more subject matter leaders to teach horse-riding, horse science, etc.; (3) a place to hold meetings; and (4) resource people.

Those who would like to be a part of the new club in some capacity outlined above, can contact the county extension office and Tim Hurner.

When the committee has filled the resource and leader positions, they will announce an organizational meeting. The club will be open to boys and girls between the ages of nine and 19 who own a horse or have access to a horse to ride.

THIS GROUP, who visited in Europe this summer, crowded into the room of their counselors, Freddy and Bretta Sachsenmaier, for a picture at Zermatt, Switzerland. In front, left to right, Bridget

Sanders, Merce Henry, Toni Cason. Standing, left to right, Elizabeth King, Donnie Delaney, Bretta Sachsenmaier, Steve Hart, Kathy Kirkland, Fred Jahna and Mike Bagwell.

The Payroll Savings Plan is for people who hate to think about saving.

If you're one of those people who hate to think about saving, the Payroll Savings Plan is a perfect solution to your problem.

After that, money is added to your savings every pay period. Whether you're a saver or not.

While you're thinking about it, the money is being saved for you. You don't have to think about it. You just have to let it go. You can't lose it. You can't lose it. You can't lose it.

Start today. You can't lose it. You can't lose it. You can't lose it. You can't lose it. You can't lose it.

Avon Mobile Home Park News

By JONATHAN WRIGHT

AVON MOBILE HOME PARK NEWS. And the heat goes on! Each day, without fail, the sun relentlessly reaches its merciless rays down our park, raising the temperature into the 90's and sending each day into the cool of our mobile homes. Most of our outside yard work is limited to the early morning or evening, when temperatures are the coolest, usually in the 70-degree range. Although Florida's hot summer climate is uncomfortable at times, we permanent residents seem to be able to adjust to it increasingly better the longer we stay. No kidding—it's not really as bad as it sounds, especially if you have air conditioner!

We trust that everyone had a great time at the Avon Mobile Home Park picnic in Bourbon, Ind., last Wednesday (Aug. 11). There is usually a good turnout for the event each year, and everyone always enjoys the delicious food and seeing their snowed friends again. We hope to hear more about it as our friends write to us.

Congratulations to Earl and Dorothy Baxters, recently celebrated their fiftieth wedding anniversary in Broadblain, N. Y. Best of luck for many more years of happiness for them. Harmon and Gladys Heffner of Urbana, Ohio, have been doing some shuffling with Harold and Margery Faulkner, keeping in practice for this fall and winter. Their garden is just about ready to yield them some really fine vegetables.

Recent visitors of Mae and Roy Gerten of Hendersonville, N. C. were Mr. and Mrs. Duke Christensen of Morán, Michigan, and Mr. and Mrs. Russell Hulse of Hendersonville. The Hulses are former residents of our park. Mae and Roy report that North Carolina has been receiving quite a bit of rain, and that the rivers and creeks their part of the state are in flood stage.

On Sunday, July 25, Maurice and Verna Fers of Sloatville, N.Y., had a very nice picnic with the Browns, Buttons, and Fries. On the previous Sunday, they helped the Baxters celebrate their golden wedding anniversary, and remarked that it was surprising how many were there who had attended the Baxters' wedding fifty years ago.

Earl and Doris Johnston are presently in Christmas, Michigan, selling their property there. They hope to leave for Avon Park around Aug. 15, and are looking forward to returning.

Bona Bennington plans to be back with us about Aug. 17. Melodie and Melissa Furbush of Avon Park spent Friday night with John and Thelma Skuce, their grandparents.

Don and Martha Longenecker and Duke Christensen recently called on Charles and Bertha Brush and had a very enjoyable visit. Roy and Minnie McCheson have moved out of our park and are now living in a house here in Avon Park. John and Mary Wilkerson and Bertha Montgomery are back with us now, but also plan to move to a house they have purchased in Avon Park. We will still be near enough for us to visit them occasionally.

Emmette and Sallie Wright traveled to Orlando with Rev. and Mrs. Paul Trusel last Thursday, Aug. 3, to see friends. They also visited the Florida District headquarters of the Church of the Nazarenes, about 10 miles southwest of Orlando. Janice Davidson, of Lexington, Ky., is presently visiting her parents, Emmette and Sallie Wright, here in the park.

Due to a printing error last week, it appeared that, of all things Larry and Ruth Robinson had gotten a job as radio announcers in Sebring. This must have raised eyebrows, but let it be known that the Robinsons have been way up North in Ohio, visiting many of their friends and relatives, and have no intention of becoming disc jockeys. However, David Wright has had such intentions, and has made them good. He is working as a radio announcer for one of Sebring's stations and is doing a fine job. For more information, see his parents.

That about wraps it up for ANOTHER week's park news, so thanks for reading, and keep on the happy side! Now you can finish looking at the rest of the paper.

Mr. and Mrs. Dallas Helms from Hialeah, were over night guests of his grandfather Mr. Albert Helms last Wednesday. Mr. Helms has recently returned from Vietnam.

Nineteen ladies and guests enjoyed the salad bar luncheon last Thursday at the club house. Mr. George Burroughs and Mrs. Albert Helms were hostesses for the luncheon.

Mr. Harry Taylor visited his sister and husband Mr. and Mrs. Norman Dupuis in Miami Springs last week returning home last Sunday afternoon.

Balding visited Mrs. J. A. Baiding in Kissimmee last Thursday and they all drove to Cocoa Beach to visit Mrs. Bruce Riley, then returned to Kissimmee for an overnight stay with Mrs. Baiding.

Mr. and Mrs. Howard Mehrling from Miami Springs spent the past week end at the Lakes.

Mr. and Mrs. Joseph Johnston and two sons, Dan and Judy and her mother Mrs. Elizabeth Brown have moved into the home of Mr. and Mrs. Bill White on Southampton Road. Mr. Johnston was raised in Livak Oak and Mrs. Johnston in Parker, Florida but lived in Virginia before coming here. He is connected with the South Florida Junior College as Guidance Counselor.

Mr. and Mrs. Cyril Behrman have as their guests their grand nephews Brad and Scott Smith. They arrived at the lakes with their parents Mr. and Mrs. Norman G. Smith from Buffalo, New York last Tuesday. Mr. and Mrs. Smith are staying with their parents, Mr. and Mrs. Clifford Smith, until they can find a house, as they plan to move to Florida.

Mr. and Mrs. Walter Norstheimer enjoyed dinner at the Elks Club in Lake Wales last night.

Don and Martha Longenecker and Duke Christensen recently called on Charles and Bertha Brush and had a very enjoyable visit.

Roy and Minnie McCheson have moved out of our park and are now living in a house here in Avon Park. John and Mary Wilkerson and Bertha Montgomery are back with us now, but also plan to move to a house they have purchased in Avon Park. We will still be near enough for us to visit them occasionally.

Mr. and Mrs. Cyril Behrman have as their guests their grand nephews Brad and Scott Smith. They arrived at the lakes with their parents Mr. and Mrs. Norman G. Smith from Buffalo, New York last Tuesday. Mr. and Mrs. Smith are staying with their parents, Mr. and Mrs. Clifford Smith, until they can find a house, as they plan to move to Florida.

Mr. and Mrs. Walter Norstheimer enjoyed dinner at the Elks Club in Lake Wales last night.

Don and Martha Longenecker and Duke Christensen recently called on Charles and Bertha Brush and had a very enjoyable visit.

Roy and Minnie McCheson have moved out of our park and are now living in a house here in Avon Park. John and Mary Wilkerson and Bertha Montgomery are back with us now, but also plan to move to a house they have purchased in Avon Park. We will still be near enough for us to visit them occasionally.

Emmette and Sallie Wright traveled to Orlando with Rev. and Mrs. Paul Trusel last Thursday, Aug. 3, to see friends. They also visited the Florida District headquarters of the Church of the Nazarenes, about 10 miles southwest of Orlando. Janice Davidson, of Lexington, Ky., is presently visiting her parents, Emmette and Sallie Wright, here in the park.

Due to a printing error last week, it appeared that, of all things Larry and Ruth Robinson had gotten a job as radio announcers in Sebring. This must have raised eyebrows, but let it be known that the Robinsons have been way up North in Ohio, visiting many of their friends and relatives, and have no intention of becoming disc jockeys. However, David Wright has had such intentions, and has made them good. He is working as a radio announcer for one of Sebring's stations and is doing a fine job. For more information, see his parents.

That about wraps it up for ANOTHER week's park news, so thanks for reading, and keep on the happy side! Now you can finish looking at the rest of the paper.

WHAT TASTE BETTER on a hot summer afternoon than a fresh bag of peanuts? Here Mr. Ivy Faust, owner of the Mushroom clothing and variety shop at 117 West Main St. buys a couple of bags from the cart of David Warden of 40 Metcalfe St., Avon Park. The enterprising peanut seller spent his 71st birthday pulling the cart and selling fresh peanuts along Main Street. He reported business as being fairly brisk.

—Sun Photo

18-Year-Olds Will Not Serve On Jury

Eighteen-year-olds will not be serving on juries in Highlands County in the immediate future. James Livingston, legal counsel for the county's jury commission, points out that the Florida law on jury selection has "several qualifications" for jurors.

One of the qualifications is that the juror be an elector, and under the new amendment to the federal Constitution the 18-year-olds who register to vote would also be subject to jury duty. However, the Florida law or juries says "qualified electors over 21 years of age."

Livingston, on behalf of the jury commission, has asked the Florida Attorney General to rule on whether the 18-year-old limitation is constitutional. Lawrence T. Bowen, chairman of the Highlands County Jury Commission, said if the Attorney General advises that 18-year-olds should be included in the jury list the commission will then ask the judges for this circuit whether they wish to have a new list supplied immediately. Bowen thinks it unlikely that the jury box would be refilled before the Fall Term begins in November.

FIX-IT TIP

Touch-up painting with paint or lacquer not only brightens up the kitchen or cabinets, but protects the wood against destructive influences of air and moisture. Some women balk at the chore because of the messy problem of paint spots on themselves. Before painting, rub protective cream on your hands and arms. The film of cream makes it easier to remove paint from your skin when you've finished painting.

Are you the Volkswagen Type 3 type?

Don't let the fact that this car might look like a 500 material throw you off the track. Those racing stripes are a con. That sports car look is a front.

The Volkswagen Type 3 can no more fly down a racetrack than it can fly through the clouds. What, then, can it do, and who, then, is it for? If you're more concerned with slowing down than speeding up, it has standards. It's a less sticky, 4-speed synchromesh transmission is standard.

And in keeping with Volkswagen standards, it gets around 26 miles to a gallon of gas, uses very little oil, and even less water or antifreeze—none.

But contrary to Volkswagen tradition, it isn't bad looking. In fact, equipped with all the options as you see it in the picture, you can make it look like the menacing, overpowering creature of the road that it isn't.

So if you're looking for a really little sports car, look somewhere else.

All you're in the market for just on economy sedan, this isn't it.

But if you're the type who wants a really, economical, little, sporty sedan, eureka!

Individuals Taxpayers Ask IRS

This column of questions and answers on federal tax matters is provided by the local office of the U.S. Internal Revenue Service and is published as a public service to taxpayers. The column answers questions most frequently asked by taxpayers.

Q) It has been more than three months since I filed my income tax return. When am I going to get my refund?

A) Write the IRS service center where you filed your return and give them the details. If there were problems with your return, you should have heard from us by now. Be sure to give your Social Security number, name, current address, and when your return was filed. This information is needed to trace your return.

Most refund claims have already been processed and the checks mailed out. It is possible that yours may have been returned to us by the Post Office as undeliverable.

Q) I just found out that I could have claimed a credit on my tax return for the excess Social Security taxes withheld last year because I had two employers. Is it too late to claim my credit?

A) No. Just prepare an amended income tax return, Form 1040X, which can be obtained at any IRS office. On this form, you simply recompute the portion that has changed from your original return and send it, along with any necessary related information, to the address shown in your 1040X instructions.

Q) During a fund drive, I volunteered to help my church collect money door-to-door, and I used my car to travel between neighborhoods to collect. Are my automobile expenses deductible?

A) Yes. You may deduct your unreimbursed out-of-pocket automobile expenses directly attributable to services you render to charitable organizations, including churches. If you do not wish to deduct your actual expenses, you may use a standard rate of 6¢ per mile to determine your contribution. Under this method, parking fees and tolls are deductible in addition to the 6¢ per mile. Deduction and insurance are not deductible in either case. You should keep records of expenses in order to substantiate your deduction.

Q) I've been called in for an audit of my return. Can I have someone represent me?

A) Generally an attorney, CPA or someone enrolled to practice before the IRS can appear on your behalf. Details on what to do if your return is audited are in Publication 556, Audit of Returns, Appeal Rights and Claims for Refunds. It is available free at IRS offices.

Studies indicate that a surprising percentage of American Indians lived in towns and cities—long before white men came along. Some of these cities were quite large.

Food Mill Speeds Feeding of Infants

The one way to serve babies natural unseasoned baby foods without additives is to prepare them at home. An indispensable utensil for straining the food is a Foodie for Mill. It takes the work out of straining and mashing fruits and vegetables and is ideal for foods such as cooked egg yolk and chicken livers.

In cooking vegetables for baby, it is particularly important to preserve the natural vitamins and minerals. Scrub and rinse, but do not peel, vegetables. Cut vegetables into small pieces and cook in the barest amount of water in the shortest possible time until soft and water is absorbed. Strain through a food mill. Do not add salt or other seasonings.

Almost any vegetable is suitable for straining. Spinach, however, because of its lack of bulk and its slippery texture, is easier if it is strained along with another vegetable such as potato.

For homemade applesauce, wash apples; don't peel or core them. Cut them into eighths and place in a small heavy saucepan. Add a small amount of water (about 2 tablespoons for 2 medium apples.) Cover and cook over medium heat about 5 to 6 minutes or until apples are soft. Strain through a food mill. Do not add sugar. Two medium apples make about 1/2 cup applesauce.

Q) I work as a waitress in a restaurant, and my employer requires me to report my tips each week instead of monthly. Can he do this?

A) Yes. Tips of \$20 or more received in a month while working for any one employer, must be reported on or before the 10th day of the following month. However, your employer can require you to report your tips more than once a month. You should keep a daily record of your tips to help you prepare the written report you must give to your employer.

Made Uniform
Election day was made uniform in the United States in 1845, when an act was passed appointing the first Tuesday after the first Monday in November of every even-numbered year.

It's easy to know all the answers if you don't bother to listen to the questions.

A few people laugh to forget, and many forget to laugh.

Vestry Meeting Postponed

The August meeting of the Rector, Wardens and Vestry of the Church of the Redeemer will be postponed from the usual Wednesday of this week to next Sunday, August 15, after the 10 a.m. Service.

All members are needed.

The Avon Park Sun, Avon Park, Fla., Aug. 12, 1971—5A

Census To Visit Homes

Local representatives of the Bureau of the Census, U.S. Department of Commerce, will visit a number of households in this area the week of August 16 to obtain information on employment here. Thomas W. McWhorter, Director of the Census Bureau office in Atlanta, is making the announcement, said the households are among the 50,000 across the country that have been scientifically selected.

to represent a cross section of the American people. Information supplied by individuals participating in the survey is confidential; law and results are used only to compile statistical totals in which no individual or household can be identified.

The interviewer who will visit households in this area includes Mrs. Dorothy Lyons.

JAMES WINSLOW

James Winslow Ordained Sunday In Orlando

James Winslow, brother of Mrs. Lee T. Mitchell, was ordained into the ministry at 5:00 P.M. Sunday August 8 at the First Baptist Church in Orlando, Florida.

Dr. Henry Parker was in charge of the special service and the Reverend Ed Segars of the Florida Shores Baptist Church delivered the ordination message.

Following the ordination Winslow delivered the sermon at Florida Shores Baptist Church, afterwards a social was held in his honor.

Winslow, a graduate of Boone High School and a four-year veteran of the Air Force, holds a B.A. degree from William Carey College and is working on his Master of Divinity degree at Southeastern Baptist Theological Seminary, Wake Forest, North Carolina.

Presently he is pastor of the Oriental Baptist Church, Oriental, North Carolina.

Attending the ordination services in Orlando were: Mr. and Mrs. Lee T. Mitchell of Avon Park, and Mr. and Mrs. Reed Benschoter of Tallahassee, Trudie Mitchell and Gil Weighon of Jacksonville and Mrs. Flora Wise Gilman of Frostproof. Also relatives and friends in Orlando and members of his church in North Carolina.

Eight Men Chosen Outstanding

Eight men have been chosen for inclusion in the 1971 edition of Outstanding Young Men of America, according to the Southern Florida Junior College Alumni Association.

Those chosen are: Randolph Craig Bumby, Wauchois; Craig Woodburn Crowder, Sebring; Timothy Dean Gillis, Pahokee; Larry Hooper, Avon Park; Larry Arlin King, Avon Park; Danny W. Moss, Clewiston; Joseph C. Smith, Zolfo Springs; Herman Tolbert, Jr., Avon Park.

Nominated by the organization earlier this year, the men were chosen for the annual awards volume in recognition of their professional and community leadership, a spokesman said today.

Sponsored by leading men's civic and service organizations, Outstanding Young Men of America honors men between the ages of 21 and 35 whose demonstrated excellence has marked them for future leadership in the nation.

"These young men," according to Doug Blankenship, Chairman of the Board of Advisory Editors, Outstanding Young Men of America, "are truly outstanding because they have distinguished themselves in one or more aspects of community and professional life." Blankenship was U. S. Jaycee President in 1962-63.

Nominations for the awards volume are submitted each year by civic organizations, Jaycee chapters, college alumni associations, and military commanders.

President Nixon, complimenting the awards volume, has said, "Outstanding Young Men of America presents a most fitting testimonial, not only to the success of many of our young people, but also to their awareness of the debt which they owe our free society."

Publication date for the 1971 edition is November.

Aviation Day
Aug. 19 is observed as National Aviation Day each year as a tribute to Orville Wright. That is Wright's birthday and he is often called the "father of aviation."

An all-new, completely re-engineered light duty conventional line heads the array of Dodge Trucks being introduced for the 1972 model year.

"These new models are tougher from the ground up to do the work of trucks, while still providing more car-like roominess and convenience, and they are fresh, contemporary styling," said E. Ray Wells of Avon Park's Wells Motor Company.

"Emphasis has been placed on improvements in equipment, capabilities, serviceability and convenience," he added. "This is what the customer is asking for today as more people use these type trucks for personal transportation and recreational use."

The company hails the new one-half, three-quarter and one-ton vehicles as the first new light duty conventional trucks of the 1970's.

New Recreational Uses
Dodge offers some bold improvements for recreational users in its new "Camper 9000" and "Camper 10,000." G.V.W. models designed specifically to accommodate the heavier, more deluxe camper units.

Dodge's engineering foresight is reflected in its compact models which stress easier serviceability and greater load and passenger capacities in the extended-body MaxiVans and MaxiWagons. The MaxiWagon, largest U.S.-made vehicle of this type, seats up to 15 persons.

COMPLETELY DESIGNED Dodge pickups for 1972, following the new series of compact vans and wagons introduced in 1971, provide Dodge with its strongest across-the-board line of light duty vehicles. They feature easier ride and handling in response to the increased use of pickups for personal transportation. The Adventurer Special Edition half-ton model, shown here, will be on display soon at Wells Motor Company in Avon Park.

A report to our customers regarding electric rates

A. P. "JOE" PEREZ, PRESIDENT
FLORIDA POWER CORPORATION

Four years ago, when I became President of Florida Power Corporation, I said that our company's number one objective was to keep lowering the cost of electricity. And due to careful cost-cutting, we were able to lower rates five times since January 1968. We did this in the face of mounting inflation and constantly rising costs of doing business.

Today we are forced to admit that inflationary pressures have overwhelmed us. Despite our strict cost-cutting campaign, in effect in every department within our company, we find it necessary to seek rate relief by asking the Florida Public Service Commission for a rate increase.

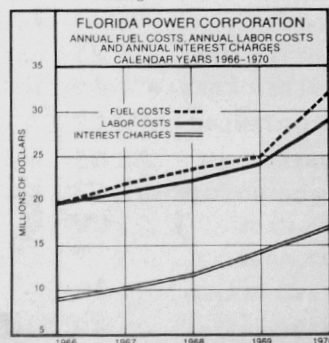

HOW WILL THIS AFFECT YOU?

The Florida Public Service Commission will carefully examine our request. Public hearings will be held and a decision is not expected until sometime in 1972. Naturally, until that time, your rates and your bills will not be affected. However, to give you an idea of how your bill might change—if and when our request is granted—we'd like you to know that we are asking for an increase in our rate of return that will add approximately twenty million dollars to our annual revenues.

This would mean that a residential customer whose bill is presently running around thirty dollars a month would find it increased to around thirty-three dollars and sixty cents a month.

WHY DO WE NEED THE MONEY?

If we are to continue to provide the kind of electric service you want, we must be prepared to pay more for labor, for fuel, for equipment, for environmental protection, for new taxes and for the money we borrow. The chart below shows you what has happened in recent years to labor, fuel and interest charges.

Inflation Hits Power Firm

Florida Power Corp., the St. Petersburg-based utility that supplies electricity to 32 Florida counties, has had a head-on collision with inflation.

A. P. Perez, president, reported Wednesday that net income for the first four months of 1971 dropped 12.5 per cent from the same 1970 period — from \$8,240,045 to \$7,213,276 — despite a rise in operating revenues from \$45,770,187 to \$51,530,246. Per-share earnings fell from 86 cents to 75 cents.

PEREZ PLACED the major blame on "inflation and the overall higher cost of doing business," noting that expenses were up 19.6 per cent or \$11-million in 1971 over 1970.

The company said it has a cost-cutting campaign under way that has reached even the sale of its auto fleet (car the sale of employee now use their own cars and claim reimbursement for expenses). A spokesman said "some salaries are being worked on," as well, but he said services to customers will not be curtailed.

Perez's report said, "If it appears in the future that our efforts are overcome by continuing inflation and rate relief appears necessary, we will not hesitate to seek it."

THE PRESIDENT cited employee wages, fuel and financing charges as major elements in the cost rise. The price paid for natural gas to fuel generating jumped 95 per cent noted, as one

WE CAN'T DELAY CONSTRUCTION

In times of high interest rates and extreme inflationary pressures, other industries can pull in their horns and wait it out. But using the latest methods of projecting population growth and the increased use of electric energy of our present customers, we know that we must invest more than ten million dollars each month in the next five years. Delays in expanding our generating and transmission facilities will seriously endanger reliable electric service.

In 1960, our average residential customer used 4,488 Kilowatt hours annually. In 1970, this more than doubled to 9,415 Kilowatt hours annually. If you are an average home, you'll probably be using 11,600 Kilowatt hours by 1974. We must be ready.

A NATIONWIDE PROBLEM

In the past two years, electric companies all over the country have asked for and received nearly one billion dollars in rate increases. In the first half of 1971 alone, 453 million dollars in increases were granted, while requests for another 940 million dollars are pending. So you see, this problem of meeting the growing electrical energy needs of people is not unique to our service area, or even to Florida. Inflation has made beggars of us all. In fact, Florida Power Corporation is one of the last companies in the nation to seek rate relief.

OUR COST-CUTTING CAMPAIGN CONTINUES

One of the major reasons we were able to hold the line during the past two and one-half years, and in fact buck the trend, is because of a far-reaching cost-cutting

campaign within our company. As I mentioned, this program is in effect in every department and at every level. In the face of your expanding need for electric service and our commitment to provide it, each Florida Power Corporation employee has taken it upon himself to pull more weight. We have frozen our employment total, and I personally review every request for expansion. We have become more flexible in our standards regarding the salvage and recycling of equipment and materials. We must "make-do" as long as service standards are kept high.

Our advertising and sales promotion budgets have been reduced. The objective of our advertising is to be helpful, informative and promote electric use only where it would serve to better balance our capacity to deliver. (For example, our resources would be more efficiently employed if people used more electricity during the late evening and nighttime hours, as well as throughout the entire winter.) Each department has cut its expense budget and we've drastically cut our auto fleet, replacing it with individual mileage allowances.

We see no end to inflationary influences, so now, more than ever, we are dedicating ourselves to squeeze every bit of capacity and service out of every dollar. We know we must all work harder and smarter.

OUR PLEDGE TO YOU

We recognize that our primary responsibility is to provide you with adequate electric energy at the lowest possible cost, and with due regard for our environment. (Environmental protection techniques and construction procedures will add approximately 20 million dollars to the cost of our next generating plant.)

I know that talk of increased electric rates is distasteful, yet as every housewife knows, the price of everything seems to leap ahead almost daily.

I write this report to let all our customers know that the folks at Florida Power are concerned with meeting their obligations and that our decision to ask for rate relief did not come easily.

I want to keep you fully informed. If you have any questions, I hope you'll write to me.

A. P. Perez

65 Students To Enter High School

An estimated 650 Avon Park students in grades nine through 12 will start school this year in the brand new, almost unbelievably beautiful Avon Park High School located between the Bombing Range Road and East Canfield Street.

The four buildings of tan brick are connected by aluminum covered walkways and will house 32 classrooms along with administrative offices, library, band and choral music departments, auditorium, gymnasium, and lunchroom. The students will probably be most impressed with the central air-conditioning after spending many years in hot, grating classrooms. But perhaps the most striking features of the new facilities are the brightly colored furniture and the bright-colored wall to wall carpet in most of the rooms.

The new school at first look seems to be a maze of rooms and hallways that will be in-

Avon Park's new High School has a new phone number—453-6604—and to avoid confusion parents and students are urged to jot this new number down near their telephones. The phone listed in the book as the high school phone—453-3752 will now be the Middle School number for grades five through eight.

possible to find one's way about but on closer inspection one finds that most of the classrooms on the east side of the campus.

At the center front, facing the Bombing Range Road, is the administration unit. The front door opens into the reception office. Parents and visitors will quickly notice the fact that the furniture and carpeting reflects the school colors of red and white.

The spacious reception area is enclosed with counters which face the public on the front side

and the student entrance on the south side. To the west of this area are offices which will be used by the principal, assistant principal, administrative

secretary, attendance secretary, guidance counselors and other administrative assistants. In addition to the offices, this

building will house a book storage room, a large conference room, a fireproof records room and a student supply room and the

mechanical equipment room. Directly behind and to the south of the administration building is the building in which will be the Library complete

with work rooms, audiovisual storage room, conference room and a beautiful main library room with gold carpet and dark modern furniture. Also in this building will be three mathematics rooms facing the north with long panels of glass windows.

Behind the library will be the band room on the east side of the building and the chorus room on the west side with the auditorium at the south end of the building with openings off the stage into both band and chorus rooms. The two music rooms have permanent rises covered with carpet and the main rooms and the practice rooms are equipped with special acoustical treated walls. The fan shaped auditorium (termed a teaching auditorium) will seat over 300 people and the stage is equipped with special lighting and sound systems. There is an outside entrance to the auditorium on the south side of the building.

The largest of the four buildings is located on the east side of the campus and is actually several buildings under one roof. The front (or north) section of classrooms will be used for English, Social Studies, and D.C.T. Three of these rooms will have folding partitions dividing each room into classrooms back to back.

The next unit of classrooms, separated by a corridor will be built in lockers, will have student rest rooms at the west end with a faculty work area just east of them. Then at the east end of that unit will be the dining area and kitchen with many new and interesting features for both the workers and the students.

This lunchroom will offer two types of lunches this year—the regular plate lunch or an a la carte menu of hamburgers, french fries, sandwiches. Disposable serving equipment will be used extensively and big compactor will crush the leftovers and throwaways into a small wrapped in plastic parcel.

Between the faculty work area and the lunchroom will be seven back to back classrooms for Foreign Languages, English and Business Education.

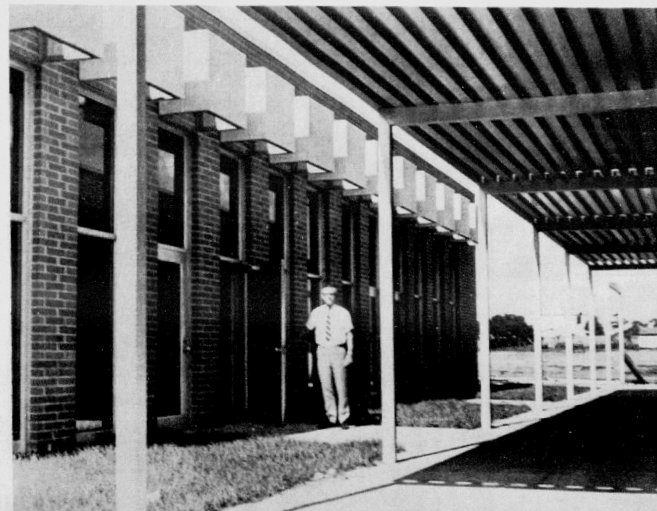

In the next unit of the classroom building, the front section will be used by the science department back to back with the Home Economics Department and the Art Department. At the east end of the third unit will be the large special education unit, built with a special grant from the State Department of Education.

The fourth unit is a single row of classrooms especially designed for use by the Agriculture and Industrial Arts Departments. These departments will have classrooms for mechanical drawing, dark rooms for photography in-

struction, three large shop areas for industrial arts and vocational agriculture. The large rooms have drive in size doors for easy access to the building. There are three corridors in the largest of the buildings and they have block walls finished with a high glaze that will make for easy maintenance as well as attractive viewing. Each corridor is equipped with battery operated spot lights in case of power failure.

The fourth building is set to the west of the other buildings and this will be the gymnasium which will be equipped with folding down bleachers which will seat 1200. This is the only building that is not air conditioned but large exhaust fans will keep air moving through the gym. In addition to the main floor, the gym will have classrooms, offices for the physical education faculty, a laundry room, locker and shower rooms and a concession stand in the foyer of the gym. An outside paved area will especially have tennis courts, basketball and volleyball courts. The gym will also be a portable stage at the west end which will fold down from an indentation in the wall.

Further description of the special features of each department are planned for future issues of the Sun. The Highlands County School Board will announce plans for an open house for the public sometime after school opens. A date has not yet been set since the building has not yet been turned over to nor accepted by the board.

AVON PARK High School principal Aaron Cravens shows off one of the new mathematics rooms located in the lovely library and performing arts building of the new Avon Park High School. The new high

school facilities will be ready for use on August 30 when over 600 students in grades nine through 12 will start classes for the 1971-1972 school year.

Don Sizemore Wins Junior Championship at Golf Course

The new junior golf champion of the Avon Park Golf Association is Don Sizemore. Don had a very commendable total of 303 for his seventy-two holes, having rounds of 76, 74, 79 and 74. Mike Bagwell was runner up with rounds of 78, 83, 82 and 81 for a total of 324.

For youngsters not yet eighteen, rounds such as these on tough Pincenest foretell years of pleasure if not profit in their future play.

In the first flight of fifty-four holes of medal play with the Calloway handicap Gary Bagwell bested John Gray and Tommy Werner in a sudden death play off. John Gray took the runner up spot. The three finished regulation play all tied at 225.

But Sharp won the second flight twenty seven hole event with Dale Sizemore taking the runner up position away from Tommy Anderson in a sudden death play off.

All contestants enjoyed a chicken dinner hosted by Pro Alex Ogilvie and his favorite assistant Mrs. Lili Ogilvie.

Deadline Near For Fans To Renew Tickets

Just one more week remains after this week for Avon Park football fans to renew their reserved seat tickets for home games of the Avon Park Red Devils at Memorial Field this fall. Fans who held reserved seat tickets last year may renew these tickets at the new high school office on the Bombing Range Road any week day from 9:00 a.m. until noon and from 1:00 to 4:00 p.m. These tickets must be renewed by Friday, August 27, or they will be available for exchange by fans who have renewed their tickets but wish a different seat in the reserved area. This exchange period will last for one week only—from August 30 through September 3. Then on September 7 any tickets that have not been renewed will go up for sale to the general public on a first come, first served basis. Each reserved seat ticket sells for three dollars per season.

Also on sale at the high school office are season tickets for the five home games of the Red Devils. These tickets are priced at \$6—a savings of the price of one game over the gate admission price of \$2 per ticket for each adult.

Varsity and "B" squad football players reported for their first practice yesterday (Wednesday) and will hold light conditioning practices until physical examinations which are set for August 23 and 24 starting at 5 p.m. Varsity boys will be examined on the August 23 with "B" squad hopefuls set for the 24th.

2000 Democrats Expected At Rally In October at Ft. Bassinger

Donations of food already are coming in for the big Democratic barbecue and rally to be held October 2 at the P-4 ranch in Ft. Bassinger.

It will be a rally for Democrats throughout central Florida and a crowd of at least 2,000 persons is expected. At a meeting of the county Democratic executive committee, which is holding the barbecue, it was reported that \$140 cash also had been received to help out.

Mrs. Brad Bowen, wife of the committeeman said she has 60 gallons of beans, four crates of cabbage, 12 gallons of catsup, 24 boxes of brown sugar. She still needs 60 large yellow onions, four crates of cabbage, a gallon of worcestershire sauce and three pounds of bacon. The Avon Park Correctional In-

stitution kitchen staff will cook and deliver the beans.

Members were told that there will be radio and TV coverage. Members meeting at Griffin's restaurant, Avon Park, took action on a couple of fronts in addition to planning the barbecue. They wrote Sen. Lawton Chiles and Cong. Paul Rogers in Washington asking that a full time Social Security office be maintained here.

They also considered a set of by-laws which will be voted on later. Under these, officers will serve one instead of four years. Committeemen and committeewomen are expected to attend at least 60 per cent of all called or special meetings each year. Any committeeman or woman missing three consecutive meetings or failing to attend 60 per cent of meetings

The Avon Park City Council budgeted all city employees an increase in salary, but they may

have to wait until after Nov. 12 of this year because that is the official expiration date of President Nixon's price and wage freeze.

City employees would have received the increase starting Oct. 1 when the new budget comes into effect. The head of each department is scheduled for an increase in salary from \$130 to \$150 per week. Also effected will be the city judge David Lanier who was to get a \$600 a year raise from \$1,800 to \$2,400.

County employees and teachers appeared today to be the biggest groups hit locally by the President's wage, price and rent freeze, announced Sunday night.

The approximately 90 county employees who had been expecting an across-the-board 5 per cent increase since Oct. 1, will have to wait at least until the end of the three-month national wage-price freeze before they get it, it appeared.

If the freeze unfreezes them. "We assume it does affect us," said Charles Cullen, county administrator, "but we will simply have to know more about it."

The across-the-board raise was included effective July 1 when the current budget was approved. It affects sheriff's deputies, road and bridge employees, welfare, Civil Defense, purchasing, surplus commodities and administrative personnel, including Cullen.

As to the approximately 340 teachers who went to work Monday, the school board has established their salaries at the new level.

State employees, including those at Highlands County courthouse, have been hearing about a possible cost of living raise of three to four per cent yearly. This is believed lost to them through the freeze.

In-grade raises for teachers were approved when the budget was approved July 15, also raises for lunchroom and some custodial employees and bus drivers. The first pay check for

these people this school year

will be September 20, and would have included the pay increase.

However, administrative personnel, who work year round, including Schools Superintendent George Douglas, have drawn checks with the pay increase before the August 14 cutoff date, thus establishing their salaries at the new level.

County Agent Bert Harris said the effect on cattle and citrus interests in the area, which are big business here, apparently will be affected only favorably, as employees wages are frozen.

Real Estate Course To Be Offered

One of the most popular evening courses at South Florida Junior College in recent years has been the class in Introduction to Real Estate Principles and Practices.

This class will be held on the campus of South Florida Junior College during the coming year on Tuesday and Thursday evening. There will be 12 class meetings and the class will begin on September 30.

Students may register at South Florida Junior College during registration week or any time prior to the beginning of the class. Class size will be expanded to a maximum of 60 in order to accommodate more persons in the SFJC service area. The cost is \$40 per course payable upon registration.

Persons desiring additional information should contact the Dean of Vocational Education at South Florida Junior College, 453-6661.

Dr. Joseph Stukes Will Speak At Presbyterian Church Sunday

Dr. Joseph T. Stukes will speak at the 11 o'clock service on Sunday morning at the First Presbyterian Church in Avon Park. Dr. Stukes will speak on the subject of Christian Higher Education.

Dr. Stukes is Professor of History at Erskine College, Due West, S.C. He is also the head of "Studycares International," a program at Erskine that combines world travel, lectures, and study.

He is a graduate of Davidson College, Davidson, N.C. He did his post graduate work at Emory University and the University of South Carolina. He has taught at the Darlington School, Rome, Ga.; Presbyterian Junior College, Marion, N.C.; and Lanier College, Greenwood, S.C.

Dr. Stukes is an elder in the First Presbyterian Church of Greenwood, S.C.; president of the Christian Action Council of

South Carolina, and member of the Governor's Advisory Commission on Human

Relations.

On their visit to Avon Park, Dr. and Mrs. Stukes will be accompanied by their four sons.

Dr. and Mrs. Stukes will be accompanied by their four sons.

WITH CLASSES about to begin at South Florida Junior College, new teachers and staff posed beneath the bulletin board for a get acquainted chat. (Left to right): Joseph E. Johnson received his Master of Science Degree in counselling from George Washington University and takes his place at SFJC as Student Guidance Counselor;

Wilford Beumel, Dean of Instruction; Alvin Morrow, History Department; Charles F. Godwin, retired from the U. S. Air Force coming from the Birmingham city school system to teach air-conditioning and refrigeration at SFJC; and Donald Farrens, Dean of Vocational and Technical Division.—Photo by Lew Miller

Administrators Are Fortunate

Administrators are a fortunate lot, for, as everybody knows, an administrator has nothing to do.

That is, except:

To decide what is to be done;
To tell somebody to do it;
To listen to reasons why it should not be done;
Why it should be done by somebody else or why it should be done in a different way;
And to prepare arguments in rebuttal that are convincing and conclusive;

To follow up to see if the thing has been done;
To discover that it has not been done;
To inquire why it has not been done;
To listen to excuses from the person who should have done it and did not do it;
And to think up arguments to overcome the excuses.

To follow up a second time to see if the thing has been done;

To discover that it was done but done incorrectly;
To point out how it should have been done;
To conclude that as long as it has been done, it might as well be left the way it is;

To wonder if it isn't time to get rid of a person who never does anything correctly;
To reflect that the person at fault has a wife and seven children;

To consider how much simpler and better the thing would have been done had he done it himself in the first place;

To reflect sadly that if he had done it himself, he would have been able to do it right in twenty minutes;

Whereas, as it turned out, it took someone else three weeks to do it incorrectly;

But, to realize that had he done it himself, it would have had a very demoralizing effect on the whole organization;

Because it would strike at the very fundamental belief of all employees—

That an administrator has nothing to do!

Aviation Ground School Approved

An FAA approved aviation ground school will be offered at South Florida Junior College this coming fall semester. The class will be taught by Don Gossick, an FAA approved instructor and commercial pilot.

The class will begin on September 13 and will be held each Monday and Wednesday evenings for six weeks. Cost of the program will be \$25 tuition plus books and navigation equipment. This course is a prerequisite to student pilot training and is being offered as a part of the overall continuing education program of South Florida Junior College.

Registration for the class will begin on August 25 at South Florida Junior College and will be open during regular school hours until a maximum class size of 25 persons has been enrolled.

Persons desiring additional

information should contact the vocational Education office at South Florida Junior College in Avon Park, 453-6661.

LUXURY LEADER -- The New Yorker Brougham is a new luxury leader for Chrysler in 1972. New Yorker and Brougham in 4-door sedan, and 2 and 4-door hardtops. Standard on Brougham: 30-50 split bench seats, power windows. On both: power steering, power front disc brakes and automatic transmission.

Wells Predicts 11 Percent Sales Gain In 1972 Chryslers

The 1972 Chrysler, the company's nameplate car, enters an expanding medium-priced marketplace with a new look and a number of engineering improvements.

E. Ray Wells, of Avon Park's Motor Company predicted an 11 percent sales gain in this area for 1972, based upon the surprising sales performance of the medium-priced cars in 1971. "The increased product interest in medium-priced cars and our new look styling should combine to provide increased sales for 1972," Wells added.

The Chrysler car line will have a simplified model lineup for 1972 while taking advantage of the current buying trends in medium-priced automobiles.

The company's marketing plans call for a concentration on two well established names—Newport and New Yorker—while continuing the very

popular Town and Country station wagon. The Three Hundred model will be dropped.

The highly successful Newport Royal and Newport Custom will be continued. A separate premium line New Yorker Brougham will be added to that well-established model lineup.

All Chrysler car line models will be available in two and four-door hardtops and four-door sedans with the Town and Country wagon available in both two and three-seat versions.

The engine lineup for the Chrysler models will feature a new 400 cubic-inch engine as standard equipment in the Newport Custom and Town and Country wagon. The 440 cubic-inch V8 will be shared by the New Yorker and New Yorker Brougham. The 360 cubic-inch V8 will be standard in the Newport Royal.

Notes On Helping The Handicapped

The big news in the adult world center this week is on the job arrival of W.D. Paedae. He is a resident of Sebring.

Mr. Paedae will render assistance in the developmental training program and will act as counselor for men in the work center. Mr. Paedae has many skills gained in a vast and varied field of experience in the manual arts. He will be the work instructor for men and already the male clients are feeling the quickened tempo and the challenge he gives them in presenting their work assignments.

Mr. Kempton and his RAY.

ARC daughter, Kim picked up our four campers from the Silver Springs F.A.R.C. campground on Saturday the 14th. All were in high spirits and reported a really good camping week. Susan James and Bobby Newton, who were volunteer counselors for two weeks at the camp reported with youthful enthusiasm "It was the greatest!"

Current special want list for the association includes hand tools—saws, hammers, screwdrivers, etc.; garden tools—all kinds; scrap lumber; clay flower pots—all sizes and we thank you!

SEMI PRO CHAMPIONS

The Frostproof Packers won the state semi-pro baseball tournament played in Ocala last week. They have been invited to play in the semi-pro World Series in Wichita, Kan.

GETTING a preview of carrying an armload of text books and where their classrooms will be located are these lovely Avon Park High School grads trying the door to the Biology Lab at South Florida Junior College. Will Gail Metheny and Beverly Wicker feel this happy about the lab class after several weeks of classes?—Photo by Lew Miller

LEWIS LLEWELLYN

Film Pollution And Red Ink

Maybe we Americans aren't as dumb and dirty-minded as Hollywood thinks. While filthy films have been flowing from the movie capital in a flood, the major studios have been losing money. Why? Because the people haven't bought the slogan "movies are better than ever."

As a matter of fact, everyone knows the truth is that movies are worse than ever. Only one major studio made big profits last year—Walt Disney Productions, which has consistently steered away from exploiting illicit sex, perversion, and pornography of all kinds.

Studios which operated in big red figures include MGM, Columbia, and Twentieth Century. Maybe the American people are trying to tell them something.

"Most Destructive" George Hamid, Jr., owner of the famous Steel Pier at Atlantic City, recently said, "Unless the entertainment industry halts the spread of pornography it will drive itself into bankruptcy."

"This permissiveness, this acceptance of pornography on the part of those who control entertainment," he continued, "is the most destructive force that ever hit this country."

Look Magazine, earlier this year, in a review of last year's motion pictures, said, "The year 1970 was to movies what 1929 was to Wall Street and 1946 to the bubonic plague." It was, according to reviewer Gene Shalit, "such a vintage year that 17 movies have elbowed onto my ten-worst list." In his search for the ten best movies of the year, he was able to find only seven—and some of us would disagree with him on several of them!

A few years ago, McCall's Magazine invited readers to "sound off" on their opinions about movies. Twelve thousand replies were received within one month. One reader stated, "Sometimes I feel there is a conspiracy to seduce and ruin our youth. I'm sick of all these pictures, offensive sex and bad taste." Another said, "The movies these days seem more interested in turning your stomach than warming your heart."

Helen Hayes said, not so long ago, "I'm sick of the public being punished by what they see on the stage and in movies."

It becomes a problem of the customers . . . the problem of facing the fact that they're hit sick in the head."

Perhaps the current financial dilemma of the producers of films—coupled with the prosperity of Walt Disney Productions—will teach Hollywood a lesson.

People are gagging on filth. Morally, it never was defensible. Now, if the major studios won't learn the lesson, let them go bankrupt. The country will benefit—and maybe we can start to climb out of the slum pit into which we have fallen.

There's a word in an old book that we ought to take to heart: "Righteousness exalteth a nation, but sin is a reproach to any people."

Nickel Keeps Its Cool Containers and transporting facilities for cryogenic liquids—usually liquefied gases with temperatures ranging down to -400 degrees Fahrenheit and lower—are often fabricated of an alloy called 9 per cent nickel steel. The nickel addition enables the alloy to retain its toughness and ductility at these temperatures, at which normal alloys would shatter like glass.

Smokey Says:

"WILDLIFE DEPENDS ON FORESTS AND WATERS"

"Don't burn their house down!"

• SUMMER VACATION in your own private villa, for the price of a room . . . completely furnished, TV, room telephones, air-conditioned. Spacious lawns, free parking. Lots of room to relax and romp!

Bring the entire family!

• Two large swimming pools, children's pool, recreation hall, ocean bathing . . . shopping center, golf, tennis, auto/dog racing.

NEAR EASTERN WHEAT BREAD

2 cups whole wheat flour enriched self-rising flour
2 packages yeast
1 1/2 cups lukewarm water
2 to 2 1/2 cups whole wheat flour

Stir together whole wheat flour, 1 cup self-rising flour and yeast. Add water to flour mixture, mix well. Stir in more flour to make a moderately stiff dough. Turn onto lightly floured surface and knead 20 minutes. Shape into ball and place in lightly greased bowl, turning to grease all sides. Cover and let rise in warm place (80 to 85°) until doubled, about 1 1/2 hours. Divide dough into 3 equal parts; tuck edges under to form ball. Roll each into 12 inch "n" - disc, place on ungreased baking sheet. Bake in preheated oven 40 to 45 minutes, or until done.

Spoon flour into measuring cup, level. Do not scoop.

FAYE GORDON

IT'S A WOMAN'S WORLD
It's fun to eat outdoors! Whether you tote the food to beach picnic areas or picnic right in your own backyard, food tastes extra good in the open air.

Modern equipment has put comfort and fun into outdoor cooking. Portable electric grills are easy to use and simple to clean. The heat controls on them offer a selection of precise cooking temperatures. Ceramic briquets are found in many models which are heated by these elements and provide even cooking; they do not absorb grease and can be used over and over with an occasional washing to clean them when needed.

The same flavor can be achieved with an electric grill as with a charcoal fire, since charcoal actually does not affect the flavor of the meat. The "charcoal flavor" is produced when the fats drip into the fire causing it to flame up and char the meat. If you prefer a more natural taste to your raise the grill far enough away from the fire so that foods do not become seared by the flare-ups. If you like smoked flavor, add a few hickory chips. Smoked flavor will be pronounced if you use a covered type grill.

Electric grills come in many forms and sizes 240 or 120 volts. Some grills are of the portable hibachi type, some are carts that roll about, and others can be permanently installed in the yard. Whatever type you choose, outdoor cookouts will provide an informal and fun way of dining. Salads and relishes can be kept cold by nesting them in bowls of cracked ice. Hot foods can be held on the side or back of the grill in their own foil wrappings. Desserts and beverages can be prepared early in the day and stored in the freezer or refrigerator until serving time.

Enjoy barbecue fun the easy way. For further information call or write me at P. O. Box 1446, Avon Park, Florida 33825. Remember, It's a Woman's World.

Ann Karriek Returns Home
Ann Karriek has returned North after spending a month in Avon Park. During the month she was house guest of Mr. and Mrs. Richard Dekman, Mr. and Mrs. Morris Brooks, Miss Pat Lagon and Miss Ann Vilkaitis. Honoring Ann at dinner parties during her stay here were: Mr. and Mrs. Charles Moseley, Mr. and Mrs. Frank Ward, Miss Barbara Dorman, Mr. and Mrs. Devon Redick, Mr. and Mrs. Andrew Miracle, Rev. and Mrs. Duane Zoller and Mr. and Mrs. J. C. Murphy.

Miss Charlotte Smith and Miss Karriek spent several days at Vero Beach and Riviera Beach. A couple of days, was spent camping with Mr. and Mrs. Morris Brooks at Yogi Bear Jellystone Park in Orlando. Also a weekend was spent at Kissimmee River Shores with the "Gang".

Before visiting in Avon Park, Ann and her family took a 31 day camping trip thru the Western United States. On her way to Mt. Sterling, Ky. where she will teach again this year, Ann will visit Miss Anna Vilkaitis at Cape Charles, Virginia.

MRS. EDWARD SHARPE, SR., left, joins her daughter Gwen, at one of the gift tables at her miscellaneous shower held at the Florida Power Lounge last

Thursday night. Gwen will be married to John Hafford Thursday, Sept. 30 at the First Baptist Church.

Miss Gwen Sharpe Feted with Bridal Shower Thursday Night

Miss Gwen Sharpe, bride elect of John Hafford, was honored with a miscellaneous bridal shower Thursday, August 12 at the Florida Power Lounge.

Gwen lovely in a white polyester crepe dress was presented with a red carnation corsage interspersed with baby breath, upon her arrival by the

hostesses, Ann Carter and Annie Collier. The bride-elect's mother, Mrs. Edward Sharpe, Sr., her sister Stacy and her grandmother, Mrs. Audrey

Carraway Hill were also presented with red carnation corsages. The brides book, on a table just inside the lounge, covered with a white hand crocheted cloth with red underlay, was presided over by Miss Sherri Collier. Two beautiful dolls dressed as a bride and bridesmaid decorated this table.

Sharpe, Betty Padelford, Beverly Mann and Lori Yarbrough helped Gwen in the opening and recording of her many gifts. The gifts were displayed on a table covered with a white lace trimmed cloth, centered with an antique white footed Grecian urn with red carnations, white pompons and leatherleaf fern. A ceramic bride stood among the gifts.

The table where Gwen and her attendants sat was covered with a white hand crocheted cloth with a red underlay and was flanked by twin white candleabras each with seven red burning candles. The candleabras were accented with ivory, jade and baby breath. In the background was a table with a Grecian urn with a formal arrangement of red gladioli, carnations, white pompons and bakersleaf fern.

The serving table, covered in white with a wide lace border, was centered with a crystal punch bowl surrounded with ivory and red carnations. This was flanked on either side by twin crystal mirrored candleholders from Czechoslovakia, each with red burning tapers. Nuts and red and white mints were served from crystal bon-bon dishes along with the tasty punch, party sandwiches and chocolate cake, iced in white, with each square topped with a red rose.

Gwen's comments, as she opened her lovely gifts, were taken down by Miss Betty Padelford, to be shared later by her fiancé, John.

The hostesses presented Gwen with a Presto Pressure Cooker. In addition to all the corsages, the floral arrangements and beautiful decor of the lounge were all the floral artistry of Jimmy Mills of Jimmy's Flowers, Avon Park's newest floral service.

The regular monthly meeting of the highlands Salon 667 of the Eighty and Forty Club was held at the home of Mrs. John P. Arnold in Sebring. Guests were Mrs. Thelma Trigg, past Departmental Chapeau and Mrs. Helen Beck of Fort Lauderdale. Mrs. Trigg presented the club with an American flag for their participation in the march in Lake Placid last year was such a success. Virginia Moody, chapeau of the 840 club presented them with the 840 banner to match the color of the American flag. The September meeting will be held at the home of Mrs. Jean Hill.

Good-Bye Party Held For Nazarene Couple

The Fellowship Hall of the Church of the Nazarene was the scene of a good bye party, Friday evening, Aug. 13 for Joyce Mincks and Jonathan Wright, who are leaving this week for Bethany, Okla. where they will attend Bethany Nazarene College. The party was given by the teens and young adults of the church, with 21 in attendance.

The theme for the event was Friday the 13th or "unlucky day" to have to say "So long" to you. The entrance of the Fellowship hall was cleverly decorated with streamers extending from red suitcase. At the end of each streamer, on the wall, were the initials of several Nazarene colleges with "BNC" (Bethany Nazarene College) at the top. The evening was spent having fellowship and playing games, after which grilled hamburgers and other foods were served to the group. Miss Julie Filippula, leader of the Teen Fellowship of the Nazarene Young People's Society in Avon Park, concluded the party by presenting Joyce and Jonathan with going away gifts, on behalf of the entire N.Y.P.S. Both received a handsome box of stationery with ball point pens.

Mr. and Mrs. Joe G. Martin of Avon Park, announce the engagement of their daughter, Joyce Marie Martin to Airman Fred Stoll, son of Mr. and Mrs. Fred Matthes Stoll of Mars, Pa. Joyce graduated from Avon Park High School with the class of 1970. She is presently employed with United Telephone.

JOYCE MARIE MARTIN

Joyce Martin-Airman Fred Stoll Announce Their Engagement

Michael is presently stationed at Avon Park Bombing and Gunnery Range. The wedding date is set for February 14, 1972.

Mrs. Arnold Host Eight & Forty Club

The regular monthly meeting of the highlands Salon 667 of the Eighty and Forty Club was held at the home of Mrs. John P. Arnold in Sebring. Guests were Mrs. Thelma Trigg, past Departmental Chapeau and Mrs. Helen Beck of Fort Lauderdale. Mrs. Trigg presented the club with an American flag for their participation in the march in Lake Placid last year was such a success. Virginia Moody, chapeau of the 840 club presented them with the 840 banner to match the color of the American flag. The September meeting will be held at the home of Mrs. Jean Hill.

Wickers Host Cook-out

Mr. and Mrs. L. W. Wicker hosted a cook out last Tuesday August 10 honoring Miss Cheryl Guernndt bride elect of John A. Dunning Jr.

The guest list included Cheryl's immediate family, Mr. and Mrs. Harold Guernndt, Mr. and Mrs. Fred Guernndt, and her aunts and uncles, Mr. and Mrs. Webb Hazen, Mr. and Mrs. C. A. Stinson, Mr. and Mrs. Darrin Martin and Edna Shaw. The hosts presented Cheryl with a wooden note holder.

WOMEN'S SECTION

4A-The Avon Park Sun, Avon Park, Fla., Aug. 12, 1971

New Headlines Law May Save Cycle Riders

Florida's daytime law for motorcycles that save lives of riders the Sept. 1st today. Beginning September new law will require cyclists to have helmets on at all times operation during hours, said Patrol Colonel Reid Clifton. Clifton feels that the law is for the benefit of motorcyclists "to come to the law in order to be not hurt. A rider's chance of escaping injury struck by an automobile.

Hold That Pistol Photo buffs would be good shot because theories went dead in the action. Now an electronic dash unit by rechargeable nickel batteries. After only use charge, they have enough power to shoot roll of film.

New Headlight Law May Save Cycle Riders

Florida's daytime headlight law for motorcycles should help save lives of riders the Highway Patrol said today.

"Beginning September 1, the new law will require motorcyclists to have headlights turned on at all times while in operation during daylight hours," said Patrol Director, Colonel Reid Clifton.

Clifton feels that the new law is for the benefit of motorcycle riders by making them more visible to other drivers. Motorcycles are more difficult to see than larger vehicles and their speed and distance are often hard to judge.

Clifton concluded by urging motorcyclists "to comply with the law in order to be seen and not hurt. A rider has little chance of escaping injury when struck by an automobile."

Hold That Pose

Photo flasher's needn't miss that good shot because their flash batteries went dead in the middle of the action. Now available is an electronic flash unit powered by rechargeable nickel-cadmium batteries. After only a 20-minute charge, the batteries store enough power to shoot a whole roll of film.

Dove Season To Open September 4

The hunting season, shooting hours, and bag limits for migratory dove, woodcock, rails and gallinules have been established by the Game and Fresh Water Fish Commission.

According to Commission Director, Dr. O. E. Frye, the first gun of the 1971-72 hunting season will sound on Saturday, September 4, with the opening of the season for rails and gallinules. The season will continue through November 12 with a daily bag limit of 15 clapper and king rails, 25 sons and Virginia rails, and 15 Florida and purple gallinules.

Shooting hours for rails and gallinules will be one-half hour before sunrise to sunset.

"Florida will again have a three phase dove hunting season beginning October 2 and continuing through October 31. The second phase will open November 13 and continue through November 28. The third and final phase will be held at the club house on Thursday, August 19th at 6 p.m.

Mr. and Mrs. Edward Edwards were visitors in Bartow last Tuesday.

Mr. and Mrs. Ronald Gossage and son Bruce from Miami left Sunday after spending four days at the lakes as guests of Mr. and Mrs. Walter G. Rison.

The regular monthly salad dinner will be held at the club house on Thursday, September 2nd, at 12:30 p.m.

Mr. and Mrs. George E. Hurst visited the Wax Museum in St. Petersburg last Sunday.

Mr. and Mrs. Frank Bellow from Tampa were visitors and dinner guests of Mr. and Mrs. George E. Hurst last Thursday.

Mr. Gladys Robey and daughter Mrs. Phyllis Wall left for treatment.

Mrs. Marion Gatten and daughter, Laurie from Sioux City, Iowa and her daughter Mrs. Jane Whipple and son Douglas from Riverside, Calif. left Monday after spending two weeks at the lakes with Mr. and Mrs. John Schoen. Mrs. Gatten is their daughter and Mrs. Whipple their grandmother.

Mr. and Mrs. Frank Haskin returned home Wednesday from a four week trip that took them to Georgia, Kentucky, Indiana, Illinois, Ohio, and Michigan where they visited friends and relatives.

Mrs. Nita Hauser from Buffalo, New York and Mrs. W. Hodson and daughter Lynn and Mr. M. Renard from Orlando were luncheon guests of Mrs. Charles Coburn last Thursday.

Mr. and Mrs. Wayne Welker and daughter, Archie Leigh left Monday for a four week trip that took them to Georgia, Kentucky, Indiana, Illinois, Ohio, and Michigan where they visited friends and relatives.
