

ONE OF THE religious monologues to be given at the Music Art Drama Festival at First Baptist Church is "The Woman at the Well." Mrs. Leon Garner is shown preparing for this part. Everyone is invited to attend the Festival on Sunday, Monday and Tuesday nights.

"THE SHEPHERD PSALM" the best-known and the most-loved of the Psalms, will be presented in dramatic form on Monday night, Aug. 23, at the First Baptist Church. Pictured above is Mrs. Larry Albrighton who will have a part in the Indian version of the Psalm. Gerald Wicker plays the part of the shepherd and Mrs. L. H. Ford will be the reader.

"CAUGHT" is one of the religious dramas in the Festival at First Baptist Church, Sunday night at 7:45 p.m. Above is a scene showing the son, played by Andy McDaniel, in a jam because he was caught shoplifting. Jerome Antley plays the father.

CARD OF THANKS

We wish to thank our many friends and members of the Presbyterian Church, especially Rev. Ragdale for the generous help and sympathy shown in our recent loss of our husband and father. Ada Parson and Jim, Jason and Jerald

The idea behind the Volkswagen Squareback Sedan.

Twenty-three years ago, we had an idea for a small economy car.
And it came out looking like a bug.
Twenty years ago, we had an idea for a giant station wagon.
And it came out looking like a box.
Then we had an idea for a sedan that combined all the economy of our bug with a lot of the capacity of our box.
So you'd expect it to come out looking half bug, half box, right?
Wrong.
Our Squareback Sedan looks like a small station wagon.
But by squaring off its back and adding a trunk in front, our little sedan can give you over twice as much carrying space as the biggest domestic sedan.
Years ago, we learned the important thing isn't the way a car looks on the outside, but how it works on the inside.
And so it's just as true today as it was then: You can't judge a Volkswagen by its cover.

DAVE LLEWELLYN
Drink and Be Merry
Misery!
Sorrow!
Fights and arguments—
Accidents and injuries—
Blurred vision, blood-shot eyes.
Who has all these woes?
People who drink too much.
People who spend too much time drinking, and who seek out others who mix drinks for them—
These people have misery.
Don't long for wine that is too far fermented
Or alcohol that sparkles in your glass.
Bubbling drinks that go down smoothly.
That slide down smoothly like a snake slithers.
Bite in the end with a poison like a serpent
And strike you senseless like a cobra.
Your eyes will see hideous monsters
And in your heart you will curse and speak shamefully.
You'll get nauseous.
You'll gag and vomit like a seasick man.
People will shove you around
And mistreat you at will.
You will brag that you feel no pain.
But the truth is you're helpless.
When you come to, you'll think it was all good fun;
Then you'll do it again.
Miser!
Alcohol mocks you. Strong drinks cause torment.
And anyone who thinks otherwise is stupid.
(Paraphrase of Proverbs 23, verses 29 through 35 and Proverbs 30, verse 1.)

FLORIDA WILDLIFE

COMMENTS ON THE OUTDOORS

by Dr. O.E. Frye, Jr.
Director
GAME AND FRESH WATER FISH COMMISSION

The Game and Fresh Water Fish Commission is becoming more and more involved in Florida's environmental problems. Commission fisheries and game biologists are spending increasing percentages of their time conducting environmental impact studies for new roads, new airports, new channelization projects, and a host of other "progressive projects" that are contributing to our environmental woes.

We are involved in something bigger than hunting and fishing. We are trying to tell Floridians that the abundance of wildlife is a fundamental measure of our environmental health and the people cannot have it without protecting water, woods and air.

Habitat is based upon a total biotic community, the pyramid of numbers, the ecosystem, rather than just the production of game animals. It is perfectly true that sportsmen have paid to perpetuate game species, but now this is not enough. Now we have to talk about habitat, community ecosystems and life support systems. Nutrient flow, biogeochemical cycles and energetics must be examined and understood before the ecological effects of many "progressive projects" can be predicted.

The money to finance these investigations continues to come from the hunter and fisherman. Yet our wildlife management activities are concerned with all forms of life, and not only game species. If one makes a cross section of living communities in any ecosystem, he finds a pyramid of numbers. On top stands man, and a few other large game animals. At times we have difficulty understanding that the creatures on the bottom hold the upper parts of the structure in place. When this foundation is weakened, the whole pyramid may crumble.

Protecting the quality of life is a true measure of progress. People must understand that survival depends upon placing environmental considerations above economic ones. We are on a declining resource curve. We have to husband our rapidly vanishing natural resources, and restore the air, water and soil that supports our fields, forest and wildlife.

For these reasons we believe that the time has come for a portion of wildlife conservation funds to come from general revenues to support necessary programs for non-game wildlife, for our birds and other creatures that add significance to our daily lives. Most state wildlife agencies have responsibilities for all species of wild birds, mammals, fish, amphibians and reptiles, but few have the money to do anything other than look after the game species.

Few, if any wildlife species, are threatened by the gun, but all wildlife is threatened by man's massive alteration and pollution of the environment. Each organism assumes a vital role in maintaining community stability and pollution alters the biotic structure of any community. It is impossible to produce or protect game that is in a sick, dying, polluted environment. The Commission has the ability and knowledge to conduct the investigations necessary to determine the long term ecological effects of development and pollution, but it lacks the manpower.

It is not an aesthetic issue alone, although we do have strong feelings when it comes to our wildlife resources. If we are not emotional about the treasures of our Nation then we had better give up. It has been man's insensitivity to natural systems that has placed us on the brink of an ecological catastrophe. Environmental management is a social issue. Fifty years ago Gifford Pinchot wrote "The rightful use and purpose of our natural resources is to make all people strong and well, able and wise, well taught, well fed, well clothed and well housed, with equal opportunity and special privilege for none."

These words are no less true today. To protect our fish and

Rev. R. L. O'Quinn Is New Pastor of Fellowship Baptist

Fellowship Baptist Church welcomed her new pastor Rev. R. L. O'Quinn on August 15. Brother O'Quinn comes to Avon Park from a five year pastorate in Palm Bay, Fla.

Rev. O'Quinn was raised in Lake Wales and began his ministry at a sister church Athens Baptist. He is a graduate of Stetson University and Southwestern Seminary holding a B.A. and B.D. from the respective institutions. He is married to the former Alice Burke of Auburndale and they have four children ages one to eight.

Fellowship wants to encourage everyone to come and be a part of their plans for the future which will include such activities for all the youth, and programs of interest to the entire community.

REV. R. L. O'QUINN

Lemon Frost Fruit Scone

10 to 12 servings
2 cups enriched self rising flour
1/4 cup sugar
1/3 cup shortening
1/2 cup frozen lemonade concentrate, thawed
1 egg, beaten
1/2 cup fresh blueberries
1/2 cup chopped fresh apricots
2 tablespoons sugar

Stir together flour and 1/4 cup sugar. Cut in shortening until mixture resembles coarse crumbs. Reserve 1 tablespoon lemonade concentrate, blend together remaining lemonade and egg. Add liquid all at once to flour mixture, stirring until flour is moistened. Stir in fruit. Turn onto lightly floured surface and knead gently 30 seconds. Place on ungreased baking sheet, roll out to circle 1/2 inch thick. Brush with 1 tablespoon lemonade concentrate, sprinkle with 2 tablespoons sugar. Bake in preheated 425° oven 15 to 20 minutes, or until golden brown.

*Spoon flour into dry measuring cup, level. Do not scoop.

It's more fun to do business with people you know

This is likely one of the big reasons you choose to live where you do. You know your hometown businessmen. They know you. You are only minutes away if you need their goods or services. You don't have to hurry. You don't have to worry about being pressured into unwanted buys.

Local businessmen have made long-term business investments in our community. They know you will be as important tomorrow as you are today. They value a lasting friendship.

Crackdown On Cycle Riders By FHP Here

The Florida Highway Patrol has announced that in the future traffic summonses will be issued to motorcycle riders for minor infractions of the law for which warning tickets were handed out in the past.

Cpl. N. Duttonhaver, in charge of the Lake Placid Florida Highway Patrol office said a crackdown on motorcycle riders and their equipment is under way. Noisy mufflers, no helmet, no eye shield, no inspection sticker, etc., will be given special attention.

A current inspection sticker must be displayed on the motorcycle. A driver licensed for a smaller bike, and riding one for which he is not licensed, also will receive a citation.

Cpl. Duttonhaver also urged parents of teenagers to be aware of these minor infractions of the law, and stop them before they go on to bigger things. He said parents aware that their children are breaking the law also are subject to arrest.

MINIBIKES, he continued, must be licensed and all motorcycle rules followed, if they are ridden anywhere except on private property. This does not include sidewalks, shoulder of the road, or private property with an access road running through it.

Anyone not knowing the rules relating to motorcycles can refer to Page 60 of the driver's handbook, or call the nearest Highway Patrol office.

He explained that this move is necessary due to the large number of violators in recent months.

He noted also that a recent crackdown of the speed of trucks in Highlands County has resulted in bringing the number of truck accidents down to a minimum.

Ralph W. Burns Passes Away In Virginia

Ralph W. Burns, 77 of Bonnie Brae Mobile Home Park, died Sunday, Aug. 15, in Falls Church, Va.

Mr. Burns was born in Glen Drive, Mon., and came to Avon Park from Weymouth, Mass., 11 years ago. He was a retired railroad engineer, a Methodist, Mason, World War One Veteran and a member of the American Legion.

Survivors include two sons, Willis Edwin Burns, San Diego, Calif., and Robert S. Burns, Fall Church, Va., and a brother in California.

Funeral services were held Wednesday at Mizell Funeral Home Chapel with Rev. DeWayne Zoller officiating. Masonic rites were held at Bougainvillea Cemetery.

Palbearers were World War One Veterans Milton Bishop, Elzo Cornue, Earl Dunavent, Jack Freeman, Herbert Woolscroft, and James Chamberlain.

Murphy Receives Award

BILL MURPHY, the new owner of Crossroads Texaco, received an award from the Gates Rubber Company. The award a plaque bearing two Kennedy half-dollars, and a specially minted commemorative coin set in an automotive engine design, was presented to Murphy for exceptional customer service.

Retiree Group To View Program Soon

Area members of two retiree groups NRTA and the AARP will soon get a chance to view some of their national past and present leaders on television thru area viewing medias.

Some four million people have already seen the program, and many more will get the same chance when four southern television stations air the program.

The new surge of publicity for the two organizations began when President Nixon recently addressed the Area V Conference in Chicago at a joint meeting of the two organizations.

In the address, marking the first time an American president has honored the two organizations, the President indicated it was the coming of age for the two.

Some of the areas of service by the two organizations include drug services, raising the standard of nursing homes, control of property taxes for retirees, greater involvement in the community for both organizations, problems of Medicare, more and better group insurance, auto insurance, driver courses, vacation-holiday-fellowship programs, nutritional needs for the older people, and allowing Social Security beneficiaries to earn more annually.

A program will be aired on WFTJ-TV, Miami, August 24, on channel 15 at 1 a.m.

For further information about the organizations, persons can contact A. B. Wihlste in Avon Park, Mrs. Willy Noland in Sebring, or Gretchen H. Parks in Lake Placid.

Foreign Foods Served To Nazarenes

An international assortment of foreign foods set off the emphasis of missions around the world, at the monthly meeting of the Nazarene World Missionary Society of Avon Park, Wednesday evening, Aug. 11.

The dinner, served previous to the meeting, was held in the Fellowship Hall of the Church of the Nazarene, and included such foods as Park Teriyaki (Japan), Fiesta Tamali Pie (Spain), Monkey Nut Gravy and Mush (Swaziland), Curry ala Fleur (Peru and Bolivia), Spanish Chicken (Peru), Sweet Beets (Mediterranean area), Sweet and Sour Meatballs (Japan), Pecan Taffy (Republic of South Africa), Hawaiian Banana Pie (Hawaii), Iced Tea (United States), and Coffee (International).

Mrs. Mabel Corwin, president of the society, led the main business and announcements, after which Rev. Paul Trissel presented to the group a very unique skit by several young people of the N.W.M.S.—Cathy Jolly, Joyce Mincks, Debbi Scott, Gayland Bands, Yvonne Smith, Kent Filippula.

The dramatization emphasized the worldwide need for Christ, and the urgency of reaching lost people before the doors of their countries close to missionary work. Approximately 35 persons attended the meeting.

The Nazarene World Missionary Society of Avon Park holds its meetings the second Wednesday of each month in the Fellowship Hall of the Church of the Nazarene, with a covered-dish dinner preceding the meeting at 6:30 p.m. The public is always welcome to attend.

Tom Duprist, Bobby Young, Tommy Webster, Gregg Gray, Mike Owens, Craig Skipper, Mike Bagwell, Gary Bagwell, John Gray, Billy Tharpe.

Inger Kessler Passes Away

Mrs. Inger Kessler, 80, passed away Monday. She was born in Clinton, Iowa, and was a Lutheran.

Funeral services were held Wednesday with Rev. Elder Sipes officiating. She was cremated with the ashes going to Melin, Mo.

She is survived by one brother, Andy Neilson of Van Nuys, Calif. Stephenson-Smith Funeral Home was in charge of arrangements.

Avice Herndon Dies Sunday

Mrs. Avice Herndon of Lake Denton died Sunday. She was a Baptist.

Survivors include her daughter, Rev. Grady Herndon; two daughters, Mrs. Virginia Hartley, Dundelin, and Mrs. Margaret Richardson, Langley Field AFB, Virginia; two sons, Thomas G. Herndon, Gainesville, and George H. Herndon, Los Angeles, Calif.

RUTH ROBINSON

The Lawrence Robinsons are back home, after a very pleasant and beautiful trip through New Jersey, Pennsylvania, Ohio and Indiana. Visits with families and friends were joyful in reunion and fellowship. Many comments from Avon Park Sun readers were all complimentary to our summer reporter who says, "I really have enjoyed writing the park news during the past few weeks and would like to express my appreciation to everyone for their interest and all the fine compliments. My hope is to subscribe to the Sun while away at college and continue to keep up on the local news. Certainly will miss all the wonderful park residents but will look forward to seeing you again around Christmas." Beginning Aug. 23rd will attend Bethany Nazarene College, a four year Liberal Arts college located in Bethany, Oklahoma, a suburb of Oklahoma City. College major currently undecided. Will be leaving early Thursday morning with my parents; arriving at the college sometime on Saturday—Jonathan Wright. Many thanks, Jonny for taking pen in hand during my absence. You really performed excellently as a reporter.

There were 55 attended the Avon Mobile Home Park picnic at Bourbon, Indiana on Wed., August 11. All came with well filled baskets and after the picnic by George Bearra everyone partook of the bountiful supply of goodies. Many came early in order to visit with more friends during the day. Some that attended were the Mr. and Mrs. Basil Krontz, Boyd Dagers, Lenville Myers, Robert Duhies, Harold Wolcotts, Floyd Stevens, George Bearra, William Belchers, Alva Thompsons, Goodmans, Louis Shoemakers, Warren(Ham) Byers, Habert Smiths, Louie Beckers, Albert Keyths, Ora Myers, Elliott Purvies, Merrick Murphys, Phillips, Gladys Gebb, Rowe Wellers, Fay Long, Lois Kalb, Welcome Millers, and their daughter Jean with her children Steve and Susan and Forrest Wiedmans.

During the business meeting presided over by President Bill Belcher, it was decided to have the picnic again next year at Bourbon Community park on the second Wednesday in August 1972. If the time is the same next year as it is this year eating will commence at 12 noon instead of 10:30. Notes were read from Paul and Ginny Roth, Helen Andrews and Louise Bell. A late note was received from Florence and Jim Stark. There were also reports on the Burnetts, Crockers, Youngs, and Clemens. The Robinsons just missed the picnic by a few days, but were thinking of all their friends while they were traveling back south. Ham and Nita Byrer then entertained the group with duets and led the group singing. Ham accompanied on the guitar. Dorothy Keyes brought a picture which was passed around to be identified. Wonder who it was? Bill Belcher read some wit and humor from the Farmers Almanac. Ruby Goodman read a poem. Ham and Nita sang two more duets to close the program. They promised lots more next winter at the park. The election of officers was held by the Vice President, Vern Goodman. The results were: President, George Bearra; Vice President Merrill Murphy; Secretary-Treasurer Eva Murphy.

The rest of the afternoon was spent shuffling games and visiting.

Mr. and Mrs. Basil Krontz left the day after the picnic on a trip to the north. It was cool, but bright and sunny as they visited with Basil's sister Bea Tinger. Bea is very busy but happy as she reports that her grandchildren are good little helpers, and have fun picking wild blueberries eating and Mr. and Mrs. Arthur Outy are in good spirits and have received a resume of their granddaughter's 13th birthday party which was held last week at the home of Mr. and Mrs. Richard Hill, who are the granddaughter and grandson of the Foutys and the Rawley Charters in Findlay, Ohio. The theme of the party was built around "Raggedy Ann". Guests included another set of grandparents, Mr. and Mrs. John Hite, Mr. and Mrs. Walter Hood, Mr. and Mrs. Lynn Winkington with two sons and one daughter. A happy time was held by all.

Soon our wandering families will be returned one by one, and news should pick up.

Fourth Avon Park Picnic Held In DeWittville, N. Y., August 4

The fourth Avon Park Picnic was held Wednesday, August 4th at the DeWittville Fire Hall in New York with 78 guests

Fogle Promoted To Church Council

Elder C. M. Fogle, Pastor of the Church of God by Faith of Avon Park, was promoted to the Supreme Councils, one of the highest positions held within his organization, Sunday Aug. 8. Elder Fogle became a member of the Church of God by Faith in 1949. Since that time he has served on the deacon board three years. Then he began his ministry in the latter part of 1952. He was appointed as the Pastor of the Church of God by Faith of Avon Park in 1964. Through his loyalty and faithfulness he was promoted to

attending bringing well filled baskets of food for a delicious pot luck dinner. Lloyd Wyant gave thanks. They came from Corry, Fairview, Girard, Pa., Kent and Stone, Ohio, Elmira, Warsaw, Castle, Pike, Alden, Eden, Dunkirk, Fredonia, Falconer, Jamestown, Sherman, Clymer, Mayville, Sinclairville, Cassadaga, DeWittville, New York and Avon Park, Florida. Gus Swyers fell on Monday and broke a hip. A card was signed by all to send to him. His address is Castle, New York. It was announced that Floyd Henrick and Myrtle Edkin will be married on her birthday, September 10 and they will leave immediately on their wedding trip to Avon Park, congratulations to them.

Our president of the Winter Guests Club, Walter Swyers, spoke a few words, telling of the work that has been done on the club this summer. Grace Staley led in singing "happy birthday" to Elhel Parker, as it was her birthday, and then to others who have birthdays in August. Lloyd Wyant led the group in singing some old time songs. Paul Hoppe and George Loomis told some humorous stories. There were a few couples present who have been going to Florida for more than 20 years. A good time was enjoyed by all and plans were made to meet in Avon Park again this fall. Mr. and Mrs. George Loomis and Mr. and Mrs. Milton Higgs were hosts.

ELDER C. M. FOGLE.

District Superintendent in 1960 of ten Churches.

In 1965 Elder Fogle, was appointed on the Board of Directors at Matthews Scipio Academy. He was re-elected August 8, 1971 to serve another term. He is also one of the leading members of the Biblical Committee of the city of Avon Park.

Sixteen ministers began their ministry out of the Church he now Pastors in Avon Park. Five of the ministers started under Elder Fogle's leadership, are now leading Ministers in the Organization.

SHUFFLING

Four and a half courts were in play on Wednesday evening. Winners in the main were Charles Romilly and Twyla Wurster with Chris Sleet and Howard Long the runners up. Elizabeth Clarke and Allen Howard won in consolation over Bernice Long and Herb Woolcroft.

On Saturday evening an even five courts were in play. Herman Wurster and Herb Shauger won over Chris Sleet and Bernice Long. Consolation winners were Chris Cabezas and Jim Chamberlain, with Eva Chamberlain and Frank Burnett coming in second. First thing in the morning is a nice time to shuffle, so thanks the Howard Longs and the Albert Roses for every morning they are practicing.

CARD GAMES

Bill Johnson came in with the high score on both Monday and Friday afternoons in Pinochle. His two scores were 640 and 656. Second scores were William Benson 625 and Loretta Simpson 605.

NEWS OF THE WEEK

The Chris Cabezas are entertaining their grand daughter, Paulette Sheppard of Riverdale, Maryland, for a month. Gus Swyers is in the Wyoming County Hospital in Warsaw, N. Y. 1466 with a broken hip. He is going along fine, and our wishes are for a quick recovery.

Minnie Day is delaying her return to Avon Park from Prairie Creek, Ind. as her daughter had had a stroke.

Mary Kline has returned to her home in Avon Park from a five week visit with her daughter in Youngstown, Ohio.

Rosa Walton has been on a three week trip to Ferndale, Mich. She sold her home there.

PEST AND TERMITE CONTROL

29 South Ridgewood Drive Sebring

How many small appliances would you give up to keep your street safely lit?

Next time you walk or drive along a safe, well-lighted neighborhood street, ask yourself, "Is this worth a toaster, an iron, a coffee pot, a vacuum cleaner, a TV—or all of them?" At present you don't have to make a choice. But that's why Florida Power must keep building, to provide all the power you need for the essentials as well as the conveniences in life.

This construction program costs money. Ten million dollars a month, in fact. And it can't stop, because regardless of rising costs and inflation, we must build today if we are to meet tomorrow's electric needs.

It's part of our responsibility to provide dependable power and to do it in such a way that we safeguard our environment.

the folks at Florida Power

...we must keep building to keep power at your fingertips

Women practically invented Clearance Sales

Nobody has to tell you about bargains! Your Ford Dealer has Mavericks, \$1787* under Nova even before clearance. And Mustangs, less than Camaro even before end-of-year prices. Every other '71 car clearance-priced, too!

*Comparison based on manufacturer's lowest priced models, comparably equipped. Price does not include extra-cost options or whitewall tires, shown here. They are extra-cost options.

KEEPING YOUR FAMILY HEALTHY

It is the tremendous responsibility of every housewife. Modern knowledge of food at work brings a new kind of mastery over life. The right food helps you to be at your best in health and vitality.

Planning meals around these 4 basic food groups will assure your family of the normal dietary needs for good health.

- MEAT GROUP** The Body Builder: 2 or more servings of meat, fish, eggs, cheese or poultry foods (including meat and bone hash).
- FRUIT & VEGETABLES** The Protector: 4 or more servings per day helps resist infection, gives sparkling eyes and a healthy look.
- MILK DAIRY GROUP** The Sparkler: 4 or more cups of milk for teenagers or 2 or more for adults, gives the calcium needed for stronger teeth, glowing hair, an over-all sparkle.
- BREAD-CEREAL GROUP** Energy Givers: 4 or more servings per day gives meat get-up and go power. 1 slice bread or 1/2 cup cereal equals 1 serving.

Plan your week's meals using the recommended daily servings of the basic 4 foods. Consult your cook books for proper cooking of these foods to preserve the nutritional values. Also, for variations in recipes to serve these foods.

POLICE CHIEF Ferland Cribb, assisted by Patrolman LeRoy Prevatt helps this young lady get astride one of the donkeys, as she practices for the

Donkey Baseball Game that will be held Saturday night, Aug. 28 at Head Field, with the first event getting underway at 7:30 p.m.

Want To Ride A Donkey?

The Avon Park police department will sponsor a donkey baseball game Saturday night, Aug. 28 at Head Field. This is said to be the funnest game ever played, more thrills than a rodeo, more laughs than

circus clowns, prominent citizens riding stubborn, tricky donkeys. The event will get underway at 7:30 when city officials meet with the audience. At 8 o'clock the police department

will take on the Lions Club, and the police cadets will meet the girls softball team at 9 o'clock. The admission will be \$1.00 for adults and 50 cents for children. Proceeds will go to the police cadets for uniforms.

AVON ELEMENTARY

All students in grades one through four will be considered a part of Avon Elementary School under Principal Norris Brooks although grade one will be located at Hopewell School on South DeLaney Avenue. Mr. William Allen will serve as assistant principal at this school.

Mr. Brooks announced this week that pupil room assignments will be posted at the school after 4 o'clock tomorrow (Friday) afternoon and parents may check over the week-end or before school time Monday morning to locate each student's room.

Classes at Avon Elementary School will begin at 8:30 a.m. Grade one and two will dismiss at 2:30 p.m., grade three will dismiss at 2:45 p.m. and grade four will let out at 2:55 p.m. Pupils who do not ride the bus are requested not to report to school before 8:00 a.m. and are asked to leave the school grounds at dismissal time.

Council Tries To Iron Out Inspection Problems

At the regular Avon Park City Council meeting Monday night at city hall remodeling of Clyde Starling's City Market was the main topic.

Councilman Jack Duggan said at the last meeting it appeared that Clyde Starling had been led to believe he could remodel in a certain way, but Earl Spurlock, city building inspector, said he had not been informed.

The council at the last meeting had requested the presence of Gore Hammerick and William Stauphauser of the State Hotel and Restaurant Commission, to be present at this meeting.

Council president Don Serdyski said on Starling who said he had been told to install triple compartment sink and another restroom and had secured a permit for plumber J. A. Wise to do this work. Starling said Spurlock had been riding his neck about this work since they started the remodeling. Spurlock was not at the meeting Monday night.

Councilman Clarence King said he thought the matter was out of the city inspector's hands and now in the hands of the state. Stauphauser said he was impressed with the work that Starling had done and that the city should not have issued the permit until the state had done so.

Stauphauser said Starling needed a hand sink in the cooking area and a license from the state. He said toilets had been vented as required. They require three sets of plans before approval and have not received these yet. Plans should be approved as to water and sewer by the health department.

Councilman Darrah Martin asked why the city should issue a letter saying work was o.k. when approval was up to the state. He was assured that this would be improper.

Wise asked about the purity of city water. He was informed that if Starling has city water and sewage service all water and sewage service will be improved.

Wise asked about the hold-up on remodeling of apartments owned by Mrs. W. T. Connell. Hammerick said this was due to the type of construction of the old building. Remodeling plans had been received in the state office today and should be approved so that work could commence sometime this week.

King inquired as to who authorized the building inspector to make a trip to Winter Park on August 10. He was advised that he had traveled with Tom Banta of the State Hotel and Restaurant Commission on matters pertaining to the remodeling of the Starling building.

Other Business. Claude Lee of Ridge Animal Service, told the council that he cannot continue to operate at a loss. He said he was going out of business August 31, and that he had sold his small ambulance and the big one is up for sale. He reported 19 calls in the last 30 days and had collected only four.

City Clerk Malcolm Crews was requested to talk to other ambulance operators and see if they would be interested in serving Avon Park if the sub-

sidy was paid to them. Also to contact the county administrator and the sheriff and see if the county ambulance service could be put into effect at an earlier date.

Mr. Gibson appeared before the council and requested the city to furnish paint and materials to paint the tourist club building. Motion by Martin, seconded by Howard to purchase paint and materials to paint the exterior of the tourist club with the club furnishing the labor. Motion carried unanimously.

A letter from the Bi-Racial Committee was read. They requested information from the council on several items. The questions and replies of the council are as follows:

Demolition of old theatre and USO buildings owned by Mrs. W. T. Connell. Demolition permit was issued to Leonie Ward on October 14, 1970. Permit is good for one year. J. A. Wise stated that Ward had been sick but that work would begin again tomorrow.

Action taken on remainder of condemned houses. Condemned properties not demolished at this time are: Kathryn Mercer, apartment 234½ East Pine Street, remodeling permit issued. Work not started; Helen Watkins, 113 East Cornell Street. Nothing done.

Cars parked on S. Verona Avenue infringing into the street. This is to be referred to the police department.

Junk cars parked in yards in both the Negro and white sections of town. Council requested that the Bi-Racial

Labor Day Weekend

The summer's last holiday, Labor Day, is almost upon us, and the most important obligation we will have is to stay alive on over-crowded and hazardous highways. We can do this by being extra careful and a little more courteous to the other drivers.

Another consideration of our lakes, parks, recreation areas, road sides, etc. Some things we can do to help keep this a safe and clean holiday weekend is not throw empty cans, bottles, paper cigarette butts, etc., out car windows; be sure picnic tables and grounds are clean when you are finished with them; use trash cans instead of sidewalks, streets, floors of public buildings; when leaving camp be sure all refuse is picked up, on beaches all beer, glass and other sharp objects should be disposed of.

These are just a few things we can do to make a safe and clean holiday weekend.

APPLAUSE SPICE CAKE

- | | |
|-------------------------|---------------------------------------|
| 3 cups sifted flour | 1/4 teaspoon cloves |
| 1/2 cup sugar | 1 ounce unsweetened chocolate, melted |

Can you find the Volkswagen hidden in this picture?

If you can, you'll make us very sad. Because we've troubled ourselves not to hide it from you.

Our quest for the invisible Volkswagen took us all the way to Turin, Italy.

Where we asked the famous Ghia Studios to design us a sporty Italian body.

They did.

Then we secretly prowled about Europe for the best coach builder we could find.

Success! To the Karmann Coachworks of Osnabruck we handed over Ghia's sketches with the injunction:

"Make it beautiful." (Or else.)

They did.

They welded. And burnished. And sculpted. And sanded. And pointed.

Until they had shaped in steel what Ghia had shaped in pencil.

Smug in the knowledge that nobody could ever mistake this beautiful car for a Volkswagen, we concealed our air-cooled engine in back (for better traction).

And made it go about 26 miles on just one gallon.

Then we gave this Volkswagen its final disguise.

We named it the Karmann Ghia.

Over 2,000 Attend National Boat Races in Lake Placid over Weekend

Don Pontius, of Hummels Wharf, Penn., walked away with the top prize in the C Stock and D Stock Runabout races during the 1971 Stock Outboard National Championship held at Lake Grassy last week.

Over 2,000 spectators were treated to a wide variety of races, thrills and even a few spills during the event which will be long remembered.

Sun 'N Lakes Estates, a Lake Placid corporation was the sponsor of the national event and hosted a barbecue and western dance at the Holiday Inn pavilion.

Although there were no entries from the Highlands County area, several Florida racers competed and won their respective championships.

Approximately 500 race drivers competed in the five day event and 23 states were represented.

The highly competitive races were highlighted by the D Stock Runabouts which are able to attain speeds in excess of 75 miles per hour.

The race was co-sponsored by the Florida Navy, a local boating club. The American Power Boat Association sanctioned the thrilling event.

Allen Altwater of Sebring is the Commodore of the Florida Navy, Inc., and was chairman of the event. Another Sebring resident, Mary Bowles acted as the official timer for the race.

The highpoint trophy was awarded to Pontius by the Florida Navy, Inc. group. Bill Hutchins, Hialeah, received second highest honors.

Other local point men of the Florida Navy, Inc. assisting during the race were: John Ramsey, communications and announcing, A. C. Altwater, III, assisted on the clock platform, and fired the cannon and Lyndie Altwater was in charge of the ticket selling for the various events and the banquet.

The "Hard Luck Trophy" was awarded to Billy Simmons. This unique trophy was assembled from parts and bits of motor pieces. Simmons commented, "This is a wonderful trophy, but I wish someone else had won it." The trophy was manufactured by Norman Langston of Bowling Green, another member of the Florida Navy, Inc.

City Council

(continued from page one)

Committee compile a list of such locations and owners and formal notice to remove the junk cars would be issued. Failure of owner to comply would lead to removal by the city.

The railroad underpass should be widened. Council reported that the railroad had been contacted twice about this work and had refused to widen this underpass. Motion was made by King, seconded by Martin to contact the Seaboard Railroad to widen the underpass at Lakeside Park on account of an unfair condition. Motion carried unanimously.

Resignation of Kinna Paul from Bi-lacal Committee due to moving to Ft. Myers. Mayor Bob Barben stated he would make a new appointment at the next meeting.

New Fireman Requested. Assistant Fire Chief Mack Flowers appeared before the council and requested employment of another fireman now to train him along with the other new fireman prior to the retirement of Fire Chief Wilbur Gudden on October 1. Motion by Martin, seconded by Howard to authorize employment of one fireman now to train in advance of October 1. Motion carried unanimously.

One bid was received on a greens mower. Motion by Howard and second by Martin to accept bid of De Turf Equipment Co. on a Jacobsen greens mower in the amount of \$550 less \$65 trade-in on old mower.

Motion by Martin second by Howard to grant permission to the Avon Park Police Cadets to use Head Field for a donkey baseball game, providing they don't tear up the field.

The council agreed to purchase a lawn mower for the parks department at an approximate \$200.

It was announced that the price freeze applied to city employees.

Adam Swital appeared before the council and said he wanted 30 MPH speed limit signs posted on the East Main Street from Phillips Corner to Highlands Ave. The city clerk was requested to contact the sign department of the Department of Transportation in regards to this.

Nickel and Ecology

Nickel stainless steel is one of the most important materials in the auto and water-pollution control equipment. It resists corrosion from waste materials and because of its low maintenance requirements, it permits more economical operation of purification equipment.

LEWIS LLEWELLYN

Is Honesty Old-Fashioned?

"Dishonesty is the best policy" may be the motto of the men who have established a fast-growing business operation—providing term papers for college and university students who have more money than ability or integrity.

In the Boston area, where there are several educational institutions of national reputation, there is an obvious market for ghost-written term papers—by the books can stay hidden and the students can pass off the papers as their own.

This has resulted in the formation of several companies which are doing business openly under such names as Universal Term-papers, International Term-papers, Inc., and Termpapers Unlimited.

The estimated volume of their literary output in the Boston area alone was 10,000 term papers during the past school year, with a total dollar volume of about \$20,000, according to Time magazine.

Moral Decline

One father, wanting to make sure that his two children would graduate from college with creditable grades, reportedly contracted to have all of their term papers ghost-written.

The erosion of moral standards, even in some educational institutions, may be seen in the fact that the faculty of Babson College, when confronted with the fact that one of the Babson seniors, Ward Warren, was the owner and operator of Term-papers Unlimited, declined to take action against him. The faculty declared that Warren's business was "very distasteful," but refused to punish him, on the basis that his customers were the guilty ones. Perhaps they believed Warren's explanation that those who bought term papers from him were using them only as research material.

Perhaps is dishonesty infecting a whole society? Have people really begun to believe that there are no absolutes—that the only measure of right or wrong is what will be accepted by society?

Passed the Test

Before you lose heart entirely with the whole human race, let me mention another incident which occurred recently.

Two black boys in Crystal River, Florida, found a wallet lying on the sidewalk outside a supermarket. Looking inside, they found that it contained \$100. Remember, they had not stolen the wallet. They had found it. And nobody knew that they had found it. A hundred dollars is a large sum of money to two young black boys.

If they had had the kind of integrity manifested by the operators of the term paper racket, what would they have done with the money?

Well, they didn't. They asked their father what to do. He told them to give the wallet to the man who owned it—which wasn't hard to do, because there were credit cards in the wallet, identifying the owner.

So the two black boys—and their father—have passed the test of honesty and integrity, while some college and university students are flunking the most important test in their lives.

There is a book which says, "We must all appear before the judgment seat of Christ, then every one may receive the things done in his body, according to that he hath done, whether they be good or bad."

AVON PARK HIGH SCHOOL VARSITY and "B" squad cheerleaders gathered at Donaldson Park Sunday to get ready to leave by train for Leesburg to attend the American Cheerleaders Academy Camp.

New Sanctuary Has Georgian Architecture

The new sanctuary of First Baptist Church located on the corner of North Lake Ave. and Church St. in Avon Park is a building of majestic beauty. Its white fiberglass steeple topped by a six foot golden cross towers 96 feet from the ground, a constant reminder of things eternal.

Four graceful white castiron columns mark the front view and set the theme of the Georgian architecture. Designed by Lloyd Frank Vann, outstanding church architect of Miami, The Georgian architecture has been given a contemporary touch. On each side four cathedral glass and stone windows are set against a white stucco background and are framed by cables which extend over the walkway below. The outside walls are brick of varying hues and the roof complements this.

Outside lighting adds to the beauty of the church with spot lights for the steeple as well as for the front of the building. Hanging over the entrance are three lanterns, interestingly designed of metal and frosted glass. Other lanterns in the same design are placed along the outside covered walkway on each side of the building. A covered entrance for use in inclement weather for the first from the building to Church Street.

Savings And Loan Growth

ORLANDO, FLORIDA (APR) A new milestone in dollar volume growth in Florida's 134 savings and loan associations was reported for the first six months of 1971.

In a special report released by the Florida Savings and Loan League, William D. Hussey, the League's executive vice president, cited a 15.7% growth in assets since December of last year. With total assets now exceeding \$10.9 billion, Florida is ranked as the fifth largest savings and loan state in the nation.

Hussey stated, "The \$1.5 billion growth in assets is directly contributable to the \$1.3 billion net savings deposits added and the \$197 million in dividends credited to Florida's 2.5 million savings accounts during this six-month period."

Florida's savings growth during 1971 represents approximately 95% of the entire growth of the \$193 billion savings and loan industry in the United States. Total savings deposits in Florida's associations in June passed the \$9 billion mark for the first time in history and now totals \$9,532,424,000.

Mr. and Mrs. R. K. Gamertsfelder To Have Golden Anniversary

Mr. and Mrs. Raymond K. Gamertsfelder, of 1478 Graham Road, Reynoldsburg, Ohio, and winter residents of Avon Park for the past 14 years, will be honored on their "Golden Wedding Anniversary," September 12 from 2:00 to 4:00 p.m.

They were married on September 10, 1921, by Reverend John I. Wean, Pastor of the Grace Methodist Church, Coshocton, Ohio. Beulah, daughter of Mr. and Mrs. Edward Vann, was employed as inspector at the Coshocton Glove Co. previously to marrying Raymond, son of Mr. and Mrs. C. J. Gamertsfelder, who was employed as clerk for the Pennsylvania Railroad for 40 years. A veteran of the 1st World War, member of the Church of the Nazarene for 50 years and served as Sunday School Supr. for 13 years in the Coshocton Church of the Nazarene. Mr. Gamertsfelder prepared two genealogies of his family; the Gamertsfelder dating back to 1600 A.D.

Their children are: Ruth Bachman, Tampa, Fla.; Mary Park, Englewood, Ohio; Paul, Gahanna, Ohio; John, Hollywood, Fla.; and Karl, Reynoldsburg, Ohio. 16 grandchildren and 4 great-grandchildren, all living.

The Gamertsfelder children are giving a reception in their honor at the Shepherd Church of the Nazarene, 1301 North Hamilton Road, Gahanna, (Columbus), Ohio, Sept. 12, from 2 to 4 p.m. All relatives and friends are invited.

SFJC Has New Air Conditioning And Refrigeration Instructor

In the regular Board of Trustees meeting of South Florida Junior College on August 9th, Charles Goodwin was appointed as instructor for Air Conditioning and refrigeration for 1971-72. Goodwin is retired from the United States Air Force where he spent 20 years working in air conditioning & refrigeration. During the latter part of his Air Force career he was an instructor in air conditioning & refrigeration related to the Inter Continental Ballistic Missile Program and has had a great deal of experience in maintenance, trouble shooting, and analysis of all types of air conditioning & refrigeration systems.

year of 1970-71. He is married and has two children, and the Goodwin's plan to make their home in the Avon Park area. Mrs. Goodwin will be a teacher at the Zolfo Springs Elementary School for the coming year.

All persons interested in air conditioning and refrigeration are invited to drop by the laboratory facilities at the college and get to know our teacher for the coming year.

A basic air conditioning class for adults will be taught by Mr. Goodwin on Tuesday Nights during the coming semester.

Wonderful Star
Mira, one of the largest, stars in the universe, is famous for its light changes and astronomers call it the "wonderful star." The star expands and contracts every 330 days and this causes its light to grow brighter, then dimmer.

Goodwin comes to South Florida Junior College from the Birmingham school system where he held a like position during the school

Water Levels To Be Raised In Kissimmee Basin

A proposal to raise water levels at least two feet and to flood thousands of acres of marshes in the Kissimmee Basin for benefit of fish and wildlife was approved recently by the Governing Board of the States largest water management agency.

The new environmental plan approved by the Central and Southern Florida Flood Control District, would greatly enlarge marshy improvements upstream of five dams on the Kissimmee River.

There are now about 10,000 acres of impoundments above the dams on the river, north of Lake Okechobee.

The plan presented by Don Morgan, FCD Planning and Resource use director, calls for acquisition of three more feet of land contour in each impoundment area.

Vets Administration Ends Fiscal Year with Gains in Home Loans

As the summer college sessions draw to a close, the Veterans Administration reminded veterans studying under the GI Bill not to forget to return their certification of attendance cards.

Odell W. Vaughn, Director of the Veterans Administration Regional Office in St. Petersburg, Florida, explained that "cert" cards of veterans preparing for careers at institutions of higher learning must be filled out and returned.

to VA during the last full month of every enrollment period. If the card is not returned, Vaughn pointed out, the veteran cannot be paid for his final month of training, or automatically enrolled if he plans to re-enter school for the fall semester.

Vaughn, urged veterans, dependents, survivors and servicemen interested in training to contact their nearest VA office or local service organization representative.
