Land Bank Reaches All-Time High

The Federal Land Bank Association of Wauchula set a new record in service to farmers and agriculture, according to Charles L. Shackelford, manager of the association.

In setting the all-time high record in credit service to farmers during the fiscal year ending June 30,1971, the Wauchula Association extended credit in the amount of $7,866,755.00 and had 565 loans to farmers, growers, and ranches in the amount of more than $42 million.

"Reduction in the cost of money from the sale of bonds to the investing public, the source of loanfunds for the Land Bank system, and operating efficiencies enabled the Bank to reduce the interest rate on all variable rate loans three times during the year," explained Mr. Shackelford.

The association is one of 46 farmer-owned Land Bank Associations which make and service Land Bank loans for the Federal Land Bank of Columbia in North Carolina, South Carolina, Georgia, and Florida-the four states served by the Bank.

R. A. Darr, president of the Columbia Bank, reported that the Bank now has nearly 43,000 loans to farmers, growers, and ranchers in the state district in the amount of more than $757 million. Darr also pointed out that the Bank's gross loans through the 46 associations during the fiscal year ending June 30, amounted to more than $162 million.

The Wauchula Association serves farmers in Charlotte, DeSota, Glades, Hardee, Henry, Highlands, Lee, Manatee, and Sarasota counties from the office located in Wauchula.

Officers and directors of the Association include R. P. Dunty, Jr. of Lake Placid, president,Jack Cliett of Wauchula, vice president; Herman Burnett of Bradenton, director; Irven Locklar of Bowling Green, director; and Edgar Davis of Wauchula, director.

Lace appliques were scattered over the skirt and the detachable train was accented with a lace border. Her elbow length bridal veil of illusion was held by a flower cluster of seed pearls and lace with streamers on each side. She carried a cascade bouquet of white chrysanthemums, daisies and white variegated ivy accented with white ribbon.

RECEPTION

Immediately following the ceremonies, Mr. and Mrs. Martin entertained at a reception in the North Lobby of Walker Memorial Hospital. The U-shaped tables covered in white, were centered with the four tiered wedding cake, which was made by C. B. Keppler, grandfather of the brides.

THE CAKE

The "Fountain of Love" wedding cake was a masterpiece to behold. The lower section of the four tiers was 32 inches and topped by a 16 inch cake, and flanked on each side by a beautiful miniture bride and bridegroom. Above this was a tinkling, flowing fountain surrounded by four vine covered columns. Green colored water flowed over three cascades, lighted from below with hidden lights. The setting was breath taking. Above the fountain were two tiers crowned with an ornament of satin wedding bells and adorned with a froth of ribbon and tulle. Roses and sweet peas in gorgeous array of yellow and pink brust forth in all their glory. The garland borders and string work gave the cake a superb setting.

Flanking the cake were silver candelabras, each holding five pink candles. Crystal punch bowls with green punch were on each end of the tables, surrounded with asparagus fern, which also accented the cake along with the brides bouquets.

Judee Crabtree of Orlando presided at the brides' books and Mrs Carol Palsgrove was hostess.

American Motors Leads Industry

President Nixon in his August 15 address indicated he would propose repeal of the Federal Excise tax on passenger cars effective August 16, 1971, but it will be some time in September before Congress reconvenes and can act on the President's proposal.

American Motors has announced that they will support President Nixon's program by anticipating repeal of the excise tax on 1971 models and effective immediately will rebate the excise tax to any purchaser of a new 1971 model.

Therefore any one considering a new car can now purchase at the low year end prices and then receive a check up to $193 rebate directly from American Motors. In Highlands County your American Motors dealer is —

How many small appliances would you give up to keep your street safely lit?

Next time you walk or drive along a safe, well-lighted neighborhood street, ask yourself, "Is this worth a toaster, an iron, a coffee pot, a vacuum cleaner, a TV — or all of them?" *At present you don't have to make a choice.* But that's why Florida Power must keep building, to provide all the power you need for the essentials as well as the conveniences in life.

This construction program costs money. Ten million dollars a month, in fact. And it can't stop, because regardless of rising costs and inflation, we must build today if we are to meet tomorrow's electric needs.

It's part of our responsibility to provide dependable power and to do it in such a way that we safeguard our environment.

RUTH ROBINSON

Following is a friendly letter from our neighbors, Dr., and Mrs. N. H. Davis, which will be enjoyed by many of us. "We have had a wonderful trip and it isn't over yet! We had a grand time at our International Airstream Rally at Salem, Oregon which lasted a week. There were over 2800 "Airstreams there. We left there and went to Crater Lake, Oregon, a beautiful site we never will forget. Snow was all around 40 feet on the banks of the road. It was a very steep mountain but no snow on the road. Then we went into Northern California to Redding (passing through Mt. Shasta area) and across to the Pacific Ocean, up through the California Redwoods and followed the Pacific Coast Highway through Northern California, Oregon and Washington State. We went around the Plympia Pennisula to Seattle, then across the state of Washington to Yellowstone Park, Wyoming, stayed in the Yellowstone Park and the Grand Tetons for two weeks. Then a week at Thermopolis Hot Springs, Wyoming. From there we came to the Black Hills, South Dakota where we met our son and family. They were with us a week. We are leaving here sometime this week for home, taking more than a week getting there for we are not in a hurry, just so we get home by Sept. 1st. We have been over 7,000 miles up to now and by the time we get home it will be around 10,000 miles. Hope you all have a nice summer. Will see you the last of October, hopefully." Hilda Davis. This was a pleasure to read, and I wanted to share it with everyone.

There is a happy feeling as folks return to our community, cheerful, and full of tales telling friends and relatives visited during their vacations. This week end arrivals were, Rosa Bennington, Mr. and Mrs. Robert Duthie, Mr. and Mrs. Earl Johnson, Mr. and Mrs. Lewis Beckers (who were visited on Sunday by their daughter Geraldine, from DeLand to greet them back and get caught up on the news from back home.)

Mrs. Maude Nieukirk flew into Tampa International Airport on Sunday and was picked up by Mr. and Mrs. Tom Reynolds of Avon Park. She is very happy to be back in Avon Park among her many riends after a 3 months vacation.

Best wishes for a speedy recovery from recent injuries to Mrs. Lula Maddrell and Mrs. Dessie Worley from a car accident.

The Robinsons are enjoying the company of their daughter and husband, Mr. and Mrs. Georgie Sarkan from North Olmsted, Ohio, granddaughter, Dawn and her girl friend Sue Kiss, also from North Olmsted; they wanted try Florida in August for a week.

You've had some education?

(Now maybe you'll get some kind of job.)

Some kinds of jobs really aren't much. Not much fun. Not much pay. Not much future, either. And you may have to settle for a job like that . . . if you don't have a good education.

Today, it's a fact. Having some education just isn't enough if you want a good-paying job. To get a good job, you need a good education. It's the first thing employers ask for.

So, if you're in school now . . . stay there! Learn all you can for as long as you can. If you're out of school, you can still get plenty of valuable training outside the classroom.

For information, just visit the Youth Counselor at your State Employment Service. Or stop in at a Youth Opportunity Center, which has been set up in many cities to help you.

To get a good job, get a good education

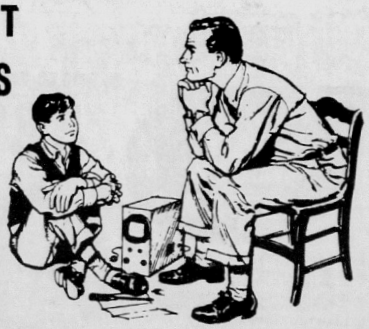
OUR YOUNG PEOPLE ARE SEEKING STRAIGHT ANSWERS



Too often most of us underestimate the questions of our young people. But really — in spite of their eagerness to try the latest fads — they're serious youngsters underneath, trying to cross the bridge to adult responsibilities.

We invite our young people to ask us anything pertaining to finances and banking. They will soon be running this town — and we think they deserve straight answers.

A Cast Of . . .

Handicapped, or just lazy, fishermen have a boon in a reel that uses the power of rechargeable nickel-cadmium batteries to cast and retrieve.

Choice of Juice

A new portable electric typewriter now on the market is powered by nickel-cadmium batteries that can be recharged on local electric current anywhere in the world.

Some cars just can't be mass produced.

Have you ever taken a tour through an automobile factory?

It's mass production in action: slam, bang, crash—and then poof, instant car.

But if you want a car with doors that really fit, with body panels that don't ripple, and with paint that's buffed to an incredibly silky-smooth finish, you can't count on machines.

Which is why Maserati didn't mass produce the $15,300* Maserati Mexico (rear), Ferrari didn't mass produce the $19,700* Ferrari GTB4 (left), and we don't mass produce the $2,575 Volkswagen Karmann Ghia (right).

When we build the Karmann Ghia, instead of just big machines that slam and crash and bang and don't care, we also use little ones that are much quieter and care a lot.

They're called people.

HISTORY INSTRUCTOR Al Marrow of South Florida Junior College speaking to the Rotary Club emphasizes with facial expressions and hand gestures the seriousness of the Sino-Russian border clashes.

The Sino Soviet Border Dispute Discussed at Rotary Meeting

Program Chairman, Bill Stallard introduced Al Marrow of the South Florida Junior College History department with discussion on Sino-Soviet border disputes. Al is a West Point graduate who served five and one half years in the Artillary branch of the United States Army; serving mainly in Southeast Asia and Vietnam. He received his M.A. Degree from Florida State University in International Affairs.

In recent years, tension has built up to a precariously high level along the Sino Soviet border. In Al Marrow's presentation last Wednesday, he showed how past Chinese-Russian border disputes precipitated the growing animosity between the two great super powers. For example, several treaties which forced the Chinese to accede some 7000,000 square miles of territory (an area equal to more than 11 states the size of Florida) to the Russians; it is along these borders that many of the armed border clashes are taking place.

The Japan-Sino Wars also have a bearing on the Chinese thinking. Japan had control of parts of China in 1931 and again from 1937 to the end of the Waorld War II.

"What is the U.S. Role in theSino-Russian confrontation?" asked Marrow. At present the U.S. is mainly counteracting the two super powers of the Asian continent by providing the support for China and making the Russians think twice before making a preempted attack on Chinese Nuclear facilities which would give the Soviets the ultimate world dominance in the communist block. At the same time the U.S. is acting in a role supporting the Russians thereby providing the Chinese from also making a pre-emptive attack against the Russians. Thus the U.S. acts as a balance of power brtween the two Asian super powers.

In addition to pointing out the significant historical events of the past, Al modestly said he would attempt to evaluate Harrison Salisbury's proposed solution to the conflict. Salisbury's solution to the problem was that the U.S. take a more active role in the Sino-Russian conflict and that the U.S. and other food rich nations join in a food pool to alleviate the Chinese food - population crusus.

a little learning can be a dangerous thing . . . FOR YOU

You may *think* you'll go places with a small education. But you're wrong! Starting to work with a too-small education is like running a race in cement track shoes. It's almost a sure bet you'll come in *last* in the race for the good-paying jobs.

Today, to get a good job you need a good education. A good education is the *first* thing employers ask for. It proves you've got what it takes to handle a good job . . . a good-paying job . . . a job with a future that really goes someplace.

So, if you're in school now . . stay there! Learn all you can for as long as you can. If you're *out* of school, you can still get back in the running. There's plenty of valuable training available outside the classroom. To get the facts, see the Youth Counselor at your State Employment Service. Or visit a Youth Opportunity Center, which has been set up in many cities to help you.

To get a good job, get a good education

Dedication of First Baptist Church Sunday, August 29

With humble hearts filled with thanksgiving and praise, members of the First Baptist Church will enter their new sanctuary for the first worship service and the services of dedication on Sunday morning, Aug. 29 at 11 a.m.

Rev. Aden D. Childress, church pastor, will bring the first message, "A Command from God", and special music with several of the graded choirs participating, will be under the direction of Mrs. F. D. McDaniel, minister of music. Willie R. Beaty, minister of education and youth, will lead the congregational singing with Jerrold K. Perkins at the organ. Mrs. A. S. Turner, Jr., and Mrs. Chester Seegar will be pianists for this service.

During the service, Daniel J. Bennett, representing the contracting firm of Bennett and Moseley, will formally present the building to the architect, Loyd Frank Vann. E. Ray Wells, as chairman, will receive it in the name of the building committee and will, in turn, present it to the church. W. Earl Haynsworth, chairman of the board of deacons, will accept it on behalf of the church. The congregation will then stand for the dedicatory reading followed by the prayer of dedication.

"The dedication of this building," says the pastor, "is the realization of a dream held in the hearts of the members of First Baptist Church for many years. It is, in the true sense, a goal achieved as the result of careful planning, hard work and sacrifice on the part of many people. On this occasion we humbly give thanks to God for his blessings that made the day possible. We believe that He is, above all, the Builder of this house through us, His servants. We realize that the building of a house for the Lord is only the means to a much more important goal—the building of a true church."

Recreation Provided At New Church

The modern and up-to-date recreational center is a busy place around First Baptist Church for one of its axioms is "The family that prays together and plays together stays together". Today the average person has more time for leisure than at any time in history. This church believes that leisure time activities should truly be recreative rather than destructive, and, thus, ministry to the individual needs of the family is considered in planning.

A family night of recreation once each month gives the whole family a night to come together and enjoy volley ball, ping pong, horse shoes,shuffleboard, table games or just talking and visiting while others play.

A softball team, the Baptist Choir Boys, plays softball during the summer months, and the church also supports a Little League baseball team.

Other recreational activites include drama, crafts and arts, fellowship and banquets, picnics and outings. Many of these recreational activities are planned and carried on in conjunction with the teaching agencies of the church and are under the direction of Willie R. Beaty, minister of education and youth.

REV. CHILDRESS in his new pastor's study.

Pastor's Study On First Floor

The pastor's study and four classrooms are found on the first floor of the educational unit. The study, completely furnished with new office equipment and with one wall covered with adjustable boon shelves, is tastefully decorated in tones of avocado and gold, with an accent of orange.

A storage closet and private restroom are also a part of this study area.

Interior Features Gold Decor

A worshipful interior greets each one who enters the new sanctuary of First Baptist Church. With a seating capacity of 1,000, it is fully air-conditioned and equipped with the latest in lighting and sound system.

Shades of gold are blended in the decor. It is completely carpeted in bronze gold carpet, and a lighter shade of gold is used for the upholstery of the cushioned pews. At the front a further accent of gold is added by the heavy velvet drapery hanging from the top of the baptistry to the floor of the choir loft.

The inside walls are finished in a soft shade of light beige with darker shades converging around the choir loft.

Pews are made of African mohogany finished with a walnut stain, designed with white ends and walnut caps. The pulpit furniture which matches the pews includes the large pulpit stand, two sedalias, and two small flower pedestals.

Hidden steps under the pulpit can be rolled out when the Lord's Supper table is removed to make steps completely across the front for use at weddings, dramas and other special occasions. Also the railing between the choir area and the pulpit is removable to provide a large more open area when desired.

Church Staff Rejoices Over New Building

When the First Baptist Church enters its new building Sunday, Aug. 29, perhaps those rejoicing most will be the members of the church staff headed by the pastor, Aden D. Childress.

Rev. Childress, who has been the pastor since November, 1956, has seen the church property enlarge in many ways during his ministry. The two story educational building providing modern nurseries, departments for high school ages and young adults was completed in 1961. Since 1965, when the recreation center on church street was added, recreation opportunities for both youth and families have been provided. Two additional parking lots have been provided. The completion of the new sanctuary and the remodeling of the old into a small chapel and additional education space will, indeed, be an impossible dream come true.

Serving on the church staff in addition to the pastor are Willie R. Beaty, minister of education and youth, Mrs. F. D. McDaniel, minister of music, Jerrold K. Perkins, organist, Mrs. Helen Burton, secretary, Mrs. Flo Joines, assistant secretary, Robert Britt, caretaker and Mrs. Ethel Salters, maid.

MEMBERS OF THE First Baptist Church staff, left to right: Robert Britt, custodian; Jerrold Perkins, organist; Charlotte McDaniel, minister of music; Flo Joines, assistant secretary; Helen Burton, secretary; Willie R. Beaty, minister of education; Aden D. Childress, pastor.

GRANDDAUGHTER BORN

Mr. and Mrs. Andy Miracle, Jr., of Gainesville, announce the birth of a daughter, Rebekah Laurel, on Thursday Aug. 19.

The little lady weighed eight pounds and seven ounces and is the first grandchild on both sides of her family.

Proud paternal grandparents are Mr. and Mrs. Andy Miracle Sr., of Avon Park and paternal great-grandparents are Mr. and Mrs. Earl Dunavent also of Avon Park. Mr. and Mrs. Marvin Satz of Hartsdale, N. Y. are maternal grandparents.

Former Pastors To Speak At First Baptist

Three former pastors of First Baptist Church will be speakers during the evening dedication services, August 29 - September 1. Dr. Charles H. Bolton, pastor from 1953-56, and now retired and living in Avon Park, will speak Sunday evening.

Monday evening, Rev. Robert T. Liner, pastor from 1949-1953, and now pastor of the First Baptist Church, Auburndale, will preach.

Rev. T. O. Balwin was pastor from 1922-1930, now retired and living in Vero Beach. Rev. Baldwin will be the preacher Tuesday evening.

One other living former pastor, Rev. E. H. Puryear who lives in Virginia, is unable to attend.

Wednesday evening will be a service of song and praise and a season of prayer, with special music by the choirs. The ordinance of Baptism will be observed at the beginning of the service.

These four evening services will emphasize the four major tasks of the church-to worship, to proclaim, to educate and to minister. Friends and former acquaintances, as well as church members, will want to hear these visiting ministers.

Narthex Provides Pleasing Entrance

The narthex provides a pleasing entrance to the church. Glass partitioned walls over which hang off white draperies separate the sanctuary from the outside. Crystal chandeliers provide a special decorative accent. Flanking the table at the center wall are two ushers' benches, but two items of particular interest found here are the guest book for visitors and the Book of Memorials. Stands holding these books are placed on each side of the front entrance doors. The Book of Memorials contains a list of the memorial gifts.

The Bride's Room is located at one end of the vestibule, while a room for ushers is at the opposite end. Side doors open to the North Lake Ave. parking lot as well as to the Church St. sidewalk. Both of these entrances are elevated so that the church may be entered without the use of steps.

First Baptist Church Was Organized In 1913

YESTERDAY

The First Baptist Church of Avon Park was organized in 1913 following a series of meetings led by Rev. Elmer Albritton and Rev. Sam Durrance. Services were first held in the school house on South Forest Avenue.

The first pastor was Rev. Prentice (1913-1914). He was followed by Rev. White (1914-1915), and the church was moved into a tabernacle which was located on a part of the present church property.

The next pastor was Rev. McDowell (1915-1916). In 1915 a new church building was begun on the corner of North Lake Ave. and Church St. with the first service being held in August, 1918. Pastors during those years Rev. Springfield (1916-1917) and Rev. J. A. Davis (1917-1920).

The church continued to grow and increase its ministry under the following pastors: Rev. Barnes (1920-1922), Rev. T. O. Baldwin (1922-1930), Rev. W. K. McClure (1930-1936), Rev. Loys Frink (1936-1938), Rev. J. P. Dalton (1938-1944), Rev. O. E. Burton (1944-1945), and Rev. E. H. Puryear (1945-1949).

The next church auditorium was completed in 1950, and the north wing of the educational building in 1953, both during the pastorate of Rev. Robert T. Liner (1949-1953).

Dr. C. H. Bolton was called as pastor in 1953 and served until 1956. The south wing of the educational building was used for the first time on Easter Sunday, 1956. Also during his pastorate the pastorium on E. Kendall Blvd. was purchased.

Rev. Aden D. Childress became pastor in 1956. The present pastorium built in 1957, is located at 3 East Walnut St, and the home of the minister of education purchased in 1970, is at 508 East Canfield. The church has continued to enlarge its property in the area around North Lake Avenue and Church Street.

In Early 1960 the pastor appointed a survey committee which was charged with the responsibility of surveying the entire church program with a view to future needs for enlargement. The following needs order of priority were recommended and adopted by the church as a work plan: new nursery, married young people's department, intermediate departments, adult department, sanctuary and small chapel.

At the time of this report these recommendations seemed like an impossible dream; however, when the old auditorium is remodelled to provide for the chapel, each of these needs will have been met.

The new educational building providing for the needs of babies, young parents, and youth, was used for the first time in December, 1961. In addition to adequate educational space, the church now has four parking lots nearby, an attractive social hall, and the recreational center, given in 1965, is equipped to meet the needs of all ages.

Definite planning for the new sanctuary began through the property committee in 1962. Groundbreaking ceremonies were held in May, 1970 which led to completion in June, 1971.

The first full-time minister of education and music was Jerald H. Drum (1958-1960), followed by LaVerne Plett (1960). He was succeeded by Otis C. Strickler (1962-1969). Since 1969 Mrs. F. D. McDaniel has been minister of music and in 1971 Willie R. Beaty began his ministry as minister of education and youth.

God has blessed the church by calling many young men and women into various church related vocations. Three from our church are now serving under the Foreign Mission Board: Rev. Sam F. Longbottom, Jr., Vietnam; and Rev. and Mrs. Gene Clark, Japan, Rev. Charles Lawhon, Sr., served two terms in the Philippines and is presently with the Home Mission Board.

Among others called from this church are William D. Wingfield, Mr. and Mrs. M. C. (Tad) Whitehurst, Rev. Robert Cook, Rev. D. O. Alderman, Gordon Eisenman, Alfred Engleman, Jr., Milton D. Durrance, Reaves, C. Dean, George Liner and James Howell.

Serving as pastors of the Woodruff Heights Mission (1950-1953) were Rev. Alfred Engleman, Rev. Milton Durrance, Rev. A. B. Green, Rev. R. C. Dean, Rev. W. B. Hilton and Rev. Clyde Geren.

TODAY

The dedication of this new building begins a new era in the life of this church. The future is bright. We commit ourselves to him who is "...the same, yesterday, today, and forever."

Missionary Spirit Characterizes First Baptist

The First Baptist Church is missionary in spirit and in practice. It is a strong supporter of every phase of the missionary endeavor of the Southern Baptist Convention. Through the years the church has given generously to support state, home and world-wide mission causes. Each year for many years the church has increased its gifts through the cooperative program, the mission program of the denomination. Throughout the extensive building program during the last several years the church has continued to enlarge its gifts, both in regular offerings and special gifts, to all mission causes.

Not only has the church given money, but four of its members have served as missionaries under the Foreign Mission Board of the Southern Baptist Convention: Rev. Sam Longbottom, Jr., Vietnam; Rev. and Mrs. Gene Clark, Japan, and Rev. Charles Lawhon, who after two terms in the Phillippines is now with the Home Mission Board working with Phillippinos in Jacksonville, Florida.

Missionary education for both men and women has had a prominent place in the program of the church. Through the Woman's Missionary Union Missionary training is provided for the women, children and girls of the church. The Brotherhood provides missionary guidance for the men and boys.

Local mission action projects are carried out through a correlation of these missionary organizations.

Growth of Church

The First Baptist Church, since its organization in 1913, has experienced a steady growth. From a few members meeting in a tabernacle in its early years, its members has grown to over 1,300 with a staff of several full-time workers, and an annual budget of over $150,000. The Sunday School which was only 300 in 1948 now has over 900 enrolled.

The training program of the church, which meets before the evening worship services each Sunday, had an enrollment of 98 in 1948 and now has 357 enrolled. With the completion of the new sanctuary the total value of the church property will be over $1,000,000.

Music Ministry Aids Worship

The music ministry of First Baptist Church is well provided for in its new building. The second floor to the rear of the sanctuary has unusual accomodations for those who participate. The office of the minister of music, Mrs. F. D. McDaniel, is located on this floor. In addition, there is a music library, a rehearsal room, robing rooms and rest rooms for both men and women and adequate storage space for the robes of all the choirs. The rehearsal room is equipped with a new upright Yamaha piano, recording facilities and record players.

The choir loft in the sanctuary is furnished with individual chairs that match the sanctuary pews, and adjustable seating space is provided for a choir of 62 members.

A Rogers three manual organ and a Yamaha grand piano in walnut finish are in the sanctuary. Jerrold K. Perkins, church organist for the past seven years, is a graduate of Columbia University with a major in organ. He served as organist for the First Baptist Church, Joplin, Missouri, for 24 years before coming to Avon Park.

A graded choir program for all ages is under the direction of Mrs. McDaniel. She is a music education graduate of Stetson University of Music. Before joining the staff of First Baptist in 1969, she was minister of music for Ortega Baptist Church, Jacksonville. Mrs. McDaniel has charge of all the choirs with the help of volunteer assistants. There are five choirs beginning with the preschool children and going through the adults.

First Baptist believes that music plays a vital part in the worship of God. Because of this the music activities minister not only to those who participate but also to those who listen.

All of the choirs will be used during the dedications services beginning Sunday, Aug. 29, through September 1.

DAVE LLEWELLYN

When to Drink

Mohammedans, Black Muslims, and Mormons all disallow drinking of alcoholic beverages, as part of their basic rules. Christianity, however, has no such prohibition, yet many Christians think drinking is wrong. Why? How is it that various people who all believe the Bible come to different conclusions about the propriety of drinking liquor?

The cynical reply would charge that some people read the Bible to find out and perform what it requires and other people read the Bible to conform to what they like and, otherwise, to do as they wish. True or not as these attitudes may be on some issues, concerning alcohol such cynicism is not valid.

Drinking Restricted

Do passages of the Bible prohibit drinking? Yes. Do passages of the Bible permit drinking? Yes. Is the Bible thus contradictory? No.

The state in which I live permits some people to drive cars and prohibits others, but it is not contradictory—why? Because the issue is not really driving or not driving. The issue is safety. So the state allows drinking and allows driving, but does not allow drinking and driving together. Separately they may be relatively safe, but in combination they killed 30,000 people last year in the United States.

The Bible similarly applies two standards by which a Christian should judge whether, in his circumstances, he should approve of drinking or of abstinence. As people and circumstances differ, the answers given by Biblical standards differ also.

The first standard is self-control — or, more accurately, God-control. One of the "fruits of the Spirit" is temperance — that is, self-control. Many places in the Bible condemn drunkenness because intoxicated people cannot think or act properly and, consequently, are a menace to themselves and others.

The Bible, however, further disallows intoxication because the drunken man cannot be controlled by the Holy Spirit, and the essence of Christianity is that God lives in a man to guide and empower his life. "Be not drunk with wine . . . but be filled with the Spirit."

Thus the Bible is against drunkenness, but what about drinking? If the alcoholics in the country number in millions, the drinkers number in tens of millions. Does the Bible address them? Yes and no.

Concern for Others

Yes, because most people who drink will occasionally get drunk, and the Bible says that is the act of a fool. No, because the other standard concerning drinking is given only to Christians — though non-Christians would be wise to adapt it to themselves also.

"The kingdom of God is not eating and drinking, but righteousness and peace and joy in the Holy Spirit. . . . It is good not to eat flesh, nor to drink wine, nor to do anything whereby your brother stumbles."

The second standard is concern for others. In the first century people could buy meat that had been used in sacrifices to idols. Some Christians refused to eat it because they felt it involved them in false worship. Other believers knew better but, to avoid offending and confusing their brothers, they also abstained in their presence. Likewise, many believers gave up alcohol to avoid weakening brothers who had problems with drunkenness.

Egyptian Calendar

The Egyptians adopted the first calendar based on the solar year in 4246 B.C. A 12-month calendar with 30 days in each month, the calendar totaled 360 days for the year. To make it come out even with the sun, they added five days at the end of the year —six days every fourth year—but these were not a part of any month.
