Halfway House Is Promise Of Relief For Homeless

By BETTY SWIRSKY

For those interested and concerned individuals, state, county and municipal governments, law enforcement agencies, public and private agencies have sought the answers to the perplexing problem of what to do with the homeless, the jobless, the frightened, the sickened, the rejected and disabled persons who want and need help.

The crying need, coupled with the earnest desires of many agencies and individuals has brought about the establishment of a number of Halfway Houses in the State of Florida. The Florida Association of Halfway Houses started in June of 1969.

Within the structure of the project was born the need to provide benefits for homeless alcoholics, drug and narcotic addicts, and others needing the help to rehabilitate and become once again a person with dignity, by obtaining and maintaining standards that will assure adequate and homelike living situations for those persons who seek or need the domiciliary resources during their early stages of recovery. The Florida Association of Halfway Houses have unified in a strong bond to assure the help an assistance for all that need this particular kind of care.

standardization of the Halfway House movement in the State of Florida has taken some dramatic steps. It is a term used to identify a transitional facility in which a community which provides residential accommodations in group settings for persons requiring this service. Providing guidance, supervision and personal services related to those areas of adjustment which enable the handicapped person to move into independent living in normal surroundings.

Please don't misunderstand, the Halfway House is not an

emergency boarding house and concerned individuals. It does provide the services of board and room for seven days a week around the clock, staff supervision. A program of activities during the day and at night through cooperating agencies. The Florida Association of Halfway Houses is comprised of individuals, corporations and agencies who are vitally concerned about the rehabilitation of disabled people, men and women who are engaged in the business of operating Halfway Houses in the state. They are giving of their time and talents to provide the many needs of such Halfway Houses.

With the support and help of an interested and concerned citizenry, the Halfway House movement in Florida will make many giant strides during the coming decade. The rewards will be measurable only in the restoration of human beings this will in the future manage another Halfway House, for which this city is scheduled to have.

Avon Park has committed itself to take active part in the full training program now in progress to train and educate a number of persons that will in the future manage another Halfway House, for which this city is scheduled to have. This program is financed through a federal grant with the full training program now in progress to train and educate a number of persons that will in the future manage another Halfway House, for which this city is scheduled to have.

Over 50 Permits For Trailer Parks Asked

A flood of new trailer parks into Highlands County appeared imminent Tuesday with announcement that more than 50 have filed for permits within the last 24 months.

Applications for septic tank approval have been filed with Highlands County Health Department. And the flood of requests Tuesday caused Highlands County Zoning Director Jack Short to ask the County Commission for action to halt further approvals.

The Commission agreed action is needed and moved to request the Health Department to put a moratorium on applications effective as of no unless approved by the Board of County Commissioners prior to accepting application for the license.

Short explained he needed time to determine what is going on and whether applicants are conforming or non-conforming. Courthouse observers seemed to feel the rush of applications was an attempt to beat the deadline for county zoning to go into effect, which is January 1, 1971.

Under the new rules and regulations, it will be more difficult for parks to get permits. For instance, the minimum size for a park will be five acres and the minimum number of spaces which must be ready for mobile home placement at the opening is 20.

Most of the 50 applications are for smaller parks but there are five large ones which are central treatment systems, according to Bill Power, county sanitarian.

Largest is 20 acres on Deloto Road, Bob Bolin, owner. Others are 13 acres at Deloto Park, owner Bernard Carr, eight acres, Holmes Road, Lake Placid, owner Mike Knox, eight acres, Holmes Road, Lake Placid, owner Mr. Mayer, 10 acres, owner Marvin Smith, at Avon Park near Lake Anoka.

Not more than eight trailers can be put on one acre.

The remainder of the parks,

Power said are smaller ranging from one to four or five acres. One central septic tank can handle no more than 13 trailers under present rules.

The commission tentatively approved a half dozen subdivision plats for mobile homes and residential developments. These were Gray's Mobile Estates No. 2, 35 acres, near Consolidated Tomoka at Southside, Mr. and Mrs. Russell Francis, owners.

Lake Lucas Estates near Pinecrest Cemetery, mobile homes (35 additional lots), owners Mr. and Mrs. Jack Reynolds, Mr. and Mrs. W. G. Young.

Dornac Hills mobile home replat of Sun 'n' Lakes acreage, 16 lots, Max and Dorothy Krammer owners.

Venetian Village mobile home subdivision lying East of Jack Creek in Lake Placid, a large subdivision owned by Highlands County Land and Title Co., owner of the applicants.

Two replats of Placid Lakes, residential August Tourist owner, located on Highway 104 in Section 6, 13 in Section 7.

East Grove Community, residential, 18 acres on Kenilworth Blvd., Mr. and Mrs. Eddie Stephens, III, owners.

Short said he still has to approve Gray's and the court will have to approve all the applications.

Letters To The Editor

Dear Editor:

I guess you're wondering where I was last week? Well, to make a long story short—I rode my motorcycle down to Ft. Myers to see the hand match at contest, and my old bike knocked out on me and I had to push the thing all the way back home. I figured since I was already down that way I'd come back by the coast and take in some of those groovy nightclubs. I wore my new blazer with down there and I swear I didn't look a day over 16.

I've started a new project. I'm going to take one instrument section of the band a week and tell you who all plays in it. This week, I think I'll start with the trumpet section since it's full of good-looking young men.

Shuffling
On Wednesday there were 12 1/2 courts of players in the "B" class. Winners were Billy Venner and William Cleland with Mary Smith and Blanche Kircake the runnerup. Bernice Long and Lowell Pierce were consolation winners over Etha Larrew and Chester Thayer.

The "A's" had 16 1/2 courts in play. Alton Wetmore and Alva Thompson won in the main event with Blaine Kerr and Otille Retter the runnerup. Consolation winners were George Norris and Catherine Baker over Hubert Smith and Kellie Larrew.

Saturday's winners were, in the "A" group, Chris Cazazza and Helen Gray with Alton Wetmore and Herman Young the runnerup. Milton Higgins and Alva Thompson won in consolation over Glenn Long and Mae Rankens.

"B" winners were Jim Regg and Blanche Kircake with Chris Steen and Grace Staley coming in second. First in consolation were Doc Field and Howard Long, second were Martha McElis and Basil Krontz.

The States Tournament was held on Friday with 11 teams from each state, Michigan, New York, Ohio and all other states. Ohio won the most games, 19. All states won 14 Michigan 18 and New York 15. The clouds helped all morning, but the afternoon was quite hot.

Card Games
Pinocchio on Monday had only two tables. Eve Meyer came in with 724 and Minnie Brown had 703.

Six tables of bridge players played on Tuesday afternoon. High scores went to Bertha Brush 8710 and Chris Cabazza with 5160.

On Thursday afternoon nine full tables played duplicate bridge. North-South winners were Mr. and Mrs. Curt Hawkins, Mr. and Mrs. Joe Nickerson, and Juanita Carr and Fred Bolton. East-West winners were Bertha Brush and Anna Wess, Clara Rentschler and Inez Kinney, and Edith Bates and Dorothy Wilde.

Crafts
Thursday morning is a busy time at the club house with Hattie Wetmore in charge. The ladies were making Christmas trees from plastic meat trays. Really doesn't sound like much, but you would be surprised how very pretty they are. Helen Good was the instructor.

Dances
Monday and Friday evenings are devoted to dancing. It's a pretty sight to see the pretty square dance dresses whirling around as they swirl "swing their partners, and promenade all."

The tables Saturday evening were decorated with

ROTARY CLUB NEWS

By ERNEST E. KOHLER

Dr. Walter Price, Sebring pediatrician, who brought to us a very timely discussion on drug abuse. He stated that although usage is very small compared to the larger metropolitan areas, it should be of great concern to us. In the Tampa area there are from 25 to 30 persons every week-end, mostly youngsters age 12 to 22, reporting to agencies and hospitals for treatment of the after effects of drug usage.

Dr. Price stated that young people really think they are not doing anything wrong and want only a few "kicks" and add that what they are doing is similar to the post 1920 prohibition era.

Quite often the youngster starts on drugs he finds at home in the medicine cabinet such as (uppers) bottles, used by truckers to keep awake to (downers) sedatives and sleeping pills. The next step is usually marijuana (pot), which can be grown anywhere simply by planting a handful of seeds. From there they go to LSD, heroin, morphine. Dr. Price said, "whatever drugs are used, pregnancies and V. D. increases."

Pot users claim that alcohol gives you sclerosis of the liver and smoking rots out your lungs but nobody has been able to prove that pot is harmful and this is true. He stated that there will probably be some attempt to legalize marijuana, first at the state level.

There is a movement being set up by the local medical and professional personnel to go into the schools to inform youngsters of the harm being done by drugs such as the loss of judgment and perception, especially when driving and also to tell the teachers how to detect when a student may be on drugs.

Drugs are a lifelong blot on a person's life and records.

Sorority Holds Annual Christmas Tea at Mrs. Mildred Myers' Home

The Gamma Epsilon Chapter of Alpha Delta Kappa held their annual Christmas Tea at the home of Mrs. Mildred Myers on East Circle Street.

A Christmas tree and arrangements were used throughout her lovely home to present the holiday theme. The guests were greeted and presented with a Christmas ornament corsage from an artificial tree. The corsages were made by Mrs. Virginia Crews and Mrs. Ione Watts.

The table was arranged with crystal and silver appointments, accentuated by an appropriate holly Christmas bouquet and red candles on an Irish linen and hand crocheted cloth. Assisting Miss Myers were Mrs. Fushia Anderson, Mrs. Alma Moody, Mrs. Dove Shanks poured and guests were served with coffee, cookies, candies, and nuts.

The program theme was "For Christmas Is...". The group each told what Christmas means to her and then sang carols.

The special highlight of the Tea was the presentation of a check to Mrs. Jim Turnbull, president of Youth Care, Inc. and Judge Mervin Rehner.

Kiwanis Club Honors Ladies Saturday

The Kiwanis Club of Avon Park held their annual Ladies Night Saturday night at Griffin's Restaurant. Kiwanis president Dr. Jim Williams welcomed all the members and their wives.

George Haynie, master of ceremonies welcomed guests and presented awards for perfect attendance to C. S. Crotty, seven years; Joe Fann, three years; Aden Childress, six years; Carl Seibyl, three years; Paul Zuck, eight and Joe Shaffer, 12 years.

Miss Cheryl Braach and John Hason entertained the group with favorite songs.

Dr. Williams, chairman of the Kiwanis Club, said that the club is proud of the fine work of the ladies and the fine art of chalk drawing of the scenes of Ocala and Bethlehem.

No wonder we're broke: There are thousands of ways to spend money, and so few ways to make it. A bachelor is a fella with no ties, except those with gravy on 'em. It takes tolerance to listen to someone else tell your favorite story. Life can be a grindstone... which wears some into bits and molishes others.

Police Training Suggested At Meeting

The Civil Service Board at a past meeting had discussed at length a long range program for upgrading the police patrolmen of the City of Avon Park.

This was not to infer that our police are of inferior quality, however, it has been the practice to advertise for the filling of vacancies in the police force with the result of the employment of most of the qualified men lacking in the required 200 hours of training. A discussion possibility, was a training program with the South Florida Junior College.

This program will include the state approved 200 hour course with a minimum of five students. Also to be included will be a course in law enforcement. Thus a training program and course in law enforcement will further train prospective patrolmen to be trained before taking a position on the force. It also will be a more positive way to select the patrolman who will be our future law and order in the city.

Mr. Martin, member of the city council, was appointed to a committee who is in the process of a long range study of this program. Mr. Martin will represent the City Council in the meetings and discussions on the proposed training program. Report to the City Council for study before a decision will be forthcoming.

Tomorrow seems to be the busiest time of the year.

Residents Should Know The Civil Defense Warnings

By BETTY SWIRSKY

Civil Defense are two words that somehow terrify people. With their beliefs that it immediately means a bomb scare, or that we are being invaded. This can be the farthest from the truth and a city such as Avon Park and others should be more informed as to the activities of the local Civil Defense and their responsibilities to the community.

Then on the other hand the community should be aware of their part in a complete program of the Civil Defense in their areas. First you should find where the shelters are located. Secondly and most important rest involved in the program. Your involvement will tell you and your family just what action to take and what to do in case of an emergency.

Remember that in any emergency, such as hurricane, flood, a disaster in any possible way, your civil defense will be in full control, but as always they can only do so much, and if and when you call for help and they can't immediately respond, what will you do? How will you take care of your own family? What can you do until help can get to you? These are the questions that you can answer to yourself.

But then you may say where can I get this information and how can I learn what to do. Your civil defense have most of these answers, they can educate you to the answer way to handle any emergency.

The civil defense is comprised of local men or women who serve their time and talents free to be on hand if anything happens that they are needed. They will help you to help yourself. They also need all the help they can get as they all serve on their regular work.

Their is equipment available for use in this city. It is kept in good condition and availability in connection with the local fireman. Information is available to you at your local firehouse, and Mack Flowers, assistant fire chief, or Malcolm Crews, City Clerk, may be contacted if you want to become involved in your local Civil Defense Activities.

Ten Students Initiated Into Sorority

Ten South Florida Junior College students were initiated in the Tau Epsilon Chapter of Phi Theta Kappa at the home of their faculty sponsor, Mrs. Frank Handley. Phi Theta Kappa is a national scholastic honor society for junior college students.

In order to be selected for this recognition, one must be a full time student in the college parallel division, have above a "B" average, demonstrate leadership qualities and exemplary character.

President Carla Rice, vice president Nancy Smith Zell and Secretary Nancy Payne were in charge of the initiation ceremonies for new members.

New members are Gerry Daughtry, Arcadia; Sherry Smith, Avon Park; Barbara Cordovi and Diane Youmans, Wauchula; Bob Ferguson, Jim Hayes, Barry Holsonback, Gail Lewis, Betty Peoples and Mike Rowison, all of Sebring.

Following the initiation ceremonies, a spaghetti dinner was served the members and their escorts.

Joe Smith was the representative from the Student Government Association. Other guests of the fraternity were Dean and Mrs. Wilfred Beumer and Mr. and Mrs. Daniel C. Walsh.

The first U. S. warships, including Old Ironsides and Constitution, were built from live oak timber from St. Simon Island, off the Georgia coast.

INITIATED into the South Florida Junior College chapter of Phi Theta Kappa national honorary fraternity were, left to right, standing, Mike Rowison, James Hayes, Betty Peoples,

Mrs. Gail Lewis, Barry Holsonback and Robert Ferguson, seated, Sherri Smith, Mrs. Jerry Daughtry, Mrs. Barbara Cordoin and Dianna Youmans.—

Social Security Questions And Answers

Question—I was severely disabled in Korea in 1957 when I was 21 years old. I had been in military service three years at the time. When I asked about disability benefits under social security in 1967 I was told that I could not qualify because I had less than five years of social security credits. Has there been any change in this?

Answer—Yes, you should file a claim. Since you were only 21 years old when disabled—only 1 1/2 years out of the three years before you were disabled are required. This law was changed in 1967. Previous to 1967 a minimum of five years out of the last 10 years before you were disabled was required for all persons regardless of age. The 1967 amendments to the Social Security Act liberalized the work requirements for young workers who were disabled before age 21.

Question—Medical insurance premiums started at \$3; then to \$4. On the first of July, 1970, they were again increased to \$5.30. Why?

Answer—The increases are necessary to keep the medical insurance program on a pay-as-you-go basis. Each December the Secretary of Health, Education and Welfare must determine the premium rate that will apply during the 12-month period beginning the next July 1. The rate is based on the estimated cost of Medicare benefits and administrative expenses in the coming year.

Question—Will the medical insurance premiums continue to rise?

Answer—If the cost of medical treatment continues to rise, premiums will have to be increased. Medicare shares the problem increased costs with all insurers and purchasers of medical care.

The American Indians were so called, because Columbus was once badly mistaken. The results are a matter of history.

Christmas Program To Be Presented

The Children's Choir Christmas program of the First Baptist Church in Avon Park will be held on Wednesday evening, Dec. 23 at 7:30 P.M.

These chairs are under the direction of Charlotte McDaniel and the accompanists are Ray Skipper and Lillian Seeger.

The younger children's choir will be singing, "When Lights are Lit on Christmas Eve" and "The Shepherds." The combined choir will sing "Ring the Bells."

The Young Crusader Choir will present a Christmas cantata entitled "Something Wonderful" by A. L. Butler.

To Present Birth of Christ

The Florida Avenue Baptist Church is presenting in its original setting and lighting, according to the scriptures, the "Birth of Christ," Sunday, Dec. 20 at 7:30 P.M.

Everyone is welcome to come see this beautiful presentation unfold before their eyes.

Proposed Changes In School System Upsets Students, Parents

With a proposed change in the school system students and parents are up in arms.

With the County planning a middle school for grades 5 to 8 being housed in the old High School when the New High School is completed and ready for student.

The new High School is planned to be in readiness for the school term in September of 1971.

With the change in the present system of the Junior High School to a Middle School, this plan could possibly eliminate the Junior High School Band.

There would no doubt be some type of a music program in the new school system.

However the possibility of the band not getting the early training and band members this would tend to eventually discontinue the High School Band.

A sports program would more likely be instituted, but would eliminate the competition of the Junior Football program, thus again would tend to delete early training of football prospects for the High School football team.

With a early training in the teams and bands this does tend to give the students a head start in the sports field.

That they will encounter in their High School terms.

This course is all in the planning stage and no decision has been made completely of what would be eliminated or what would be instituted in the new Middle School.

A meeting should be called for all those who are interested in the activities. This would tend to clear any rumors and a complete explanation would be given to the students and parents of the reasoning behind this change.

The academic concept is plans — for the grouping of students according to their level of achievement then can be made with their academic course.

In contacting Mr. Roberts, assistant principal of Avon Elementary, he outlined as much as he knew at the present time of the proposed change. He said it was important to find out what the people wanted and what would be the best for the community and what the future was for a school as is planned.

He also stated that the band as such may not be continued but that the preparation for High School level band would not be abandoned, there would be instrumental teaching, marching fundamentals, and other activities in music appreciation that would prepare the student for his future in bands.

These things all look good on paper, however there is much preparing to be done, teachers will have to be oriented, students will have to be prepared, and many other things will have to be talked out before any one will be able to give this the best way or that it will answer all of the problems facing the school and community.

It is a new concept of school programs. It has been tried and worked in many places, all in the area and how it will be to better educate the pupils. By separating the groups of ages and abilities it does tend to give the students a fairer chance to select and work in any desired activity or course that would be offered to that particular age group.

It is almost impossible to judge a program without knowing all the factors. So until all of this suggested and proposed change has been explained to the satisfaction of all concerned, let us all wait and find out the why's and wherefore's before we make a snap judgement.

I am sure that the Educational system would not implement a program that has not come up

Albert Cushing Entertains Lutherans

Members of Resurrection Lutheran Church gathered at the church for the Christmas party given by the members of L.C.W. of the church circle.

The guests were welcomed by the president, Mrs. Lucille Hunt. Devotions and prayer were given by Mrs. Alta Peters, taken from the book of St. Luke.

Mrs. Albert Cushing favored the group with several selections on the violin accompanied on the organ by George Walper. Many Christmas carols were sung by the entire group.

Mrs. Joyce Wagner entertained with a reading entitled, "The Army Wife." Everyone is invited to the Christmas Eve candlelight service on December 24 at 11 P.M.

After the benediction given by George Walper, everyone retired to the dining room. Everyone is welcome to a fellowship and a delicious lunch served by the officers of the circle.

Adult Choir To Present Yule Program

The adult choir of the First Baptist Church in Avon Park will present the Christmas Cantata, "Down of Redemptive Grace" by Robert Graham on Sunday evening at 7:45 P.M.

The choir is under the direction of Charlotte McDaniel. The accompanists are Marva Turner and Jerrold Perkins.

The public is cordially invited to attend.

Christmas Story To Be Presented

The Story of Christmas will be presented this Sunday, Dec. 20, at the Church of the Nazarene by the children of the nursery, kindergarten, primary and junior departments. The program will begin at 10:30 A.M.

Regular classes will be held at 9:45 A.M., but are scheduled at 10:30 A.M. to allow the children present their part. Rev. Paul J. Trissel will deliver the sermon. The public is cordially invited to attend.

BINGO TUESDAY
Bingo every Tuesday at 7:30 P.M. at Our Lady of Grace Catholic Church on East Main Street. Regular and jackpot prizes given each night. Come out and join the fun entertainment and refreshments.

Has Your God Grown Up Yet?
We are all good Christians at Christmas. We endorse the pretty stories of Baby Jesus. We even teach children, "Gentle Jesus, meek and mild, look upon a little child."

There's no doubt about it, Christmas is inspiring. Why else would we give gifts to almost everyone we know, and many people we don't even know? We must be a magic in Christmas.

Don't kid yourself. The only magic in Christmas is our love. Jesus was not born to plug babyhood, not to celebrate fertility, not to encourage personal achievement, not to inspire pleasant thoughts, and certainly not to stimulate the national economy.

Those are man-made reasons for Christmas. And if we want to celebrate these "virtues" let's rename it "Merry Man-mania." And some day it may come to be known as "Merry Human-mania."

Worth Celebrating
Jesus Christ was born to show us what God is like, and to show us how to live in God-likeness.

His birth is worth celebrating only because of His love. We understand only what we can contact with our senses. Consider the difficulty who has to know what truth is, or beauty, or love.

You know truth who you hear. That is Christmas, not the birth of a baby, but the beginning of the life of Jesus Christ. "And the Word became flesh, and dwelt among us, and we beheld His glory, the glory of the only-begotten from the Father, full of grace and truth."

"For the law was given through Moses; grace and truth were realized through Jesus Christ. No man has seen God at any time; the only-begotten God Who is in the bosom of the Father, He has explained Him."

"For unto us a Child is born..."

Christmas at Congregational

A program of Christmas Music will be presented by the Chancel Choir of the Union Congregational Church at the 11 o'clock service on Sunday morning.

All members and friends of the church are urged to be present. Each family is asked to bring a canned fruit or vegetable as a white gift for the Christmas baskets that Christmas Canteen will make ready for the serving families at Christmas.

The Christmas party for the members of the Sunday School will be held on Sunday evening at 7:30 o'clock in Fellowship Hall.

The annual Candlelight Communion Service will be celebrated on Christmas Eve in the sanctuary at 7:00 o'clock. The new nativity window will be illuminated. This will be most beautiful and, afterward, a memory long to be cherished. A cordial welcome is extended.

Memorial Flag Given To Episcopal Church of the Redeemer

A MEMORIAL FLAG of the United States was presented to Father Knapp as a memorial to the reactor's late son, James A. Knapp, by Paul J. Calvert.

On the Second Sunday in Advent a memorial flag of the United States was presented to the Church of the Redeemer, Avon Park, by Mr. and Mrs. Paul J. Calvert as a memorial to the reactor's late son, James A. Knapp.

The presentation was made at the Family Service with special prayers. After receiving the flag the Rector thanked the Calverts. Mr. Calvert then read a tribute written by the late Amos F. Hurley who in 1962 had received a flag which had flown

FOR THEIR Community Service Project, Brownie Troop 140, with their leader, Mrs. JoAnn Sedyński, made stockings and filled them with candy for the Ridge Area Day School children.

Nazarene World Mission Society Meet

The monthly meeting of the Nazarene World Mission Society of the Church of the Nazarene was held Wednesday, Dec. 9, in the church's Social Hall, with 39

people in attendance. The meeting was preceded by a delicious Christmas dinner. This being "Family Night," many people brought in articles of clothing to be sent to Manzanillo, Sinaloa, where missionaries will distribute the clothing to needy persons.

The regular missionary study was conducted by Mrs. Pearl Cox, who spoke on missionary work in Haiti and Trinidad, where new opportunities are resulting in an increasing number of people turning to God.

A filmstrip on Nazarene missionary work in the Caribbean area was then presented, which emphasized the fact that although many have heard and responded to the good news of Christ, vast numbers still have not heard, and must be reached.

The public is always invited to attend the Society's meetings, which are held the second Wednesday of each month.

SCOUTS SELLING TREES
The Boy Scouts of Troop 136 are selling freshly cut pine trees for Christmas. They are on sale now until Christmas at Donaldson Park. Let's help these fellows earn some money to go to camp.

Avon Mobile Home Park News

By RUTH ROBINSON

High scores for the pinocchio games this week were Herman Young, 1270 and Mable Crocker, 1089.

High encore scores were: Albert Keys and Florence Stark.

The movies shown this week in the hall were enjoyed by a large group. They were titled: "Ballads of Colorado," "Sundays in March," and "Wet, Wild, and Willing."

Saturday evening 55 persons enjoyed a program following the hymn singing. The program was in charge of Mrs. Rosa Krontz and Mrs. Olive Burnett. It included readings, musical solos and vocal duets all featuring talent from the park.

Lawrence and Ruth Robinson spent a delightful weekend at Hillsboro Inlet at Pompano Beach visiting friends, Mr. and Mrs. Paul Barth of Verona, N. J. They dined at Tropical Acres

Restaurant, walked along the Atlantic Beach and just loafed. Sunday afternoon they drove back, picked up Mrs. Paul Benson, a friend, and attended a concert of the "Messiah" at Lake Wales United Methodist Church. It was a full 48 hours of joyful fellowship. Monday, the Robinsons and Mrs. Benson to the Tampa Airport to fly home via Winnipeg, Canada. She will then take a train to ending a months vacation with her wife, Mrs. Alta Robinson.

Mrs. Lallie Longenecker, Mrs. Lou Korb and her house guest, Mrs. Leona Pelchritz from Goshen, Ind., spent Sunday in Winter Haven area.

A group of 16 neighbors gathered on Monday afternoon at Hillsboro Inlet at Pompano Beach for a party at the home of Mr. and Mrs. Nelson Reynolds.

Mr. and Mrs. Charles Buton of Sharon Springs, N. Y. accompanied by Mr. and Mrs. Elwood Liedtke, also of Sharon, were Thursday callers on his brother and wife, Mr. and Mrs. Phelps Buton.

Mr. and Mrs. Charles Brush spent the weekend at Venice, visiting Mrs. Brush's son and wife, Mr. and Mrs. Edwin Ireland. They also visited her sister and husband, Mr. and Mrs. Add Leonard.

The annual Christmas party and program will be held Saturday evening, Dec. 19 at 7:30 P.M. in the recreation hall. Bring a 50c gift to be exchanged. A man should bring a morning after a lady, a lady's gift. Be sure to mark it for man or lady. Refreshments will be served.

Guests at the home of Mr. and Mrs. Walter Coody this past week were Mr. Coody's sister-in-law, Mrs. Stella Coody and her daughter, Mrs. Park and in Avon Park, Eastern Star ladies and Masons for the many kindnesses shown them during George's illness and passing.

Marie will accompany her daughter and son-in-law in a day or two as they return to their home in New York. After a few weeks she will return to her home here in the park. Her address while in New York will be Mrs. Marie Monks, c/o Marjorie Ryan, Belville, N. Y., Box 73, 10912.

Twenty-seven were out for coffee Tuesday morning. The project of selling "notes" was completed and probably will be continued later. This helps to fatten the kitty. These are stationery envelopes and stationery proved to be very popular.

Marvin and Hannah Tebo left Thursday to spend Christmas with their children and other friends in Pennsylvania.

Leslie Snyder has been helping Neville Clark do some repair work on her trailer. Emily and Herb Renaud, Neville Clark, Rosetta Hall, Louise Garrison, Harry and Ann Barth had late Sunday dinner for Marie Monks and her daughter and husband, Claude and Marg Ryan at the Barth home.

Mr. and Mrs. Floyd Atkinson and neighbor, Hilda Beck of Dundas visited with Dorcas Young and Laura Bernthal last Monday. Mrs. Atkinson is a sister of Dorcas.

Mr. and Mrs. St. John of Lorain, visited Mary Strickland and other park members last Thursday. They are former residents of the park.

View the four new seats at the shuffle court. And try them. You will decide no need to bring a pillow. They should prove to be an inspiration for more players.

The Earl Maxwell who were in the park last year send greetings to all members of the park through their friends, Leo and Esther Peritt, who are close friends of the Peritts, who purchased the Maxwell trailer last Spring.

Twenty-six members have signed up as members of the Federation of Mobile Homes. Nine of these are new people and this number represents 20 Mobile Homes. The census is not yet completed.

Mrs. Viola Hicks and Miss Pearl Root were guests of Rosetta Hall Friday. They reside at Sun Ray.

Caroline Morrison entertained a few friends Saturday evening to remind Marie Stroobant it was her birthday. Marie, in turn, reminded Caroline it was also her birthday. Both had happy birthdays.

Leo the lion, has had his yearly bath in preparation for Christmas. In a few days he will be polished and shining to greet Santa. Leo keeps guard near the shuffle court.

Waldo and Louise Davidson have as guests her sister and husband, Loyal and Ann Condit of Newark, Ohio. They will be leaving for their home Thursday.

Ether Peritt and Iva Bittel are recovering from their painful falls last week.

Avon Park Flying Notes

By ELEANOR TRESCOTT

MASTER cosmetologist and wig expert, Mrs. Jackie Alfrey, gives a demonstration to the cosmetology class at South Florida Junior College. A new wig is being custom cut and styled on student Gaye Purnell.

Our hearts go out in sympathy to the family of Frank Hill, Frank was one of the local pilots flying at the Avon Park Flying Service. He began his flying instruction about a year ago, and soloed January 26, 1970. In June he was recommended for and received his private pilot's license. Frank enjoyed his flying and was often at the airport. There were several country flights made this past week. Roger Taylor flew solo to Naples and Immokalee. Paul Gentry went to Kissimmee and Hernandez County Airport at Brooksville. Willard Durrance made a trip to Ocala in the Cessna 172. Shirley Gossick made solo flight to Charlotte County Airport at Punta Gorda. Billy Cason, principal of Sebring High School, accompanied by Wally Cox, assistant principal, flew to Okeechobee in the Champ last week. Saturday, Mr. Cason gave two students from Sebring High School an orientation to the Champ. Larry Hickman and Sylvester Lewis enjoyed their ride very much. There was quite an audience on hand Sunday afternoon to enjoy the aerobics maneuvers of Bill Dyer, Sandi Pierce and Don Gossick. Each took turns flying Bill's beautiful blue Cessna. Then Wally Cason took it in the 406 Stearman and really showed us some flying showmanship. There is always something going on at the airport, you might enjoy some of the activities. Never know and see is going on. Come out and see.

Births

Walker Memorial Hospital
Mr. and Mrs. Ralph L. Worley of Lorain, are parents of a son, Christopher Leo, born December 3. Birth weight was seven pounds, 154 ounces.

Mr. and Mrs. Melvin R. Barlast of Lake Placid are parents of a son, Gregory Gray, born December 6. Birth weight was seven pounds, five ounces.

Mr. and Mrs. Jerry J. Webb of Avon Park, are parents of a daughter, Sharon Lee, born December 8. Birth weight was seven pounds, three ounces.

Mrs. Kenneth F. Jenkins of Sebring, are parents of a daughter, Lori Ann, born December 8. Birth weight was eight pounds.

Mr. and Mrs. Harley W. Alphonson are parents of a son, Myron Hackley, born December 10. Birth weight 10 pounds.

Mr. and Mrs. James H. Selph of Avon Park, are parents of a son, Richard Russell, born December 11. Birth weight was nine pounds, five ounces.

Mr. and Mrs. Jonathan David Bascum of Avon Park, are parents of a son, Jonathan David, Jr., born December 11. Birth weight eight pounds, 14 ounces.

Mr. and Mrs. Samuel Smith of Sebring, are parents of a son, born December 11. Birth weight was eight pounds.

Mr. and Mrs. Henry L. Bolton of Lake Wales, are parents of a son, Willie Lee, born December 11. Birth weight six pounds, 214 ounces.

Mr. and Mrs. James W. Buchanan of Avon Park, are parents of a daughter, Anna Marie, born December 11. Birth weight was nine pounds, four ounces.

No water from a 200,000 square mile area of south-western Utah reaches any sea—evaporates in lakes or is absorbed by desert areas first.

WIG STYLIST, Mrs. Jackie Alfrey, cuts the wig to complement Gaye Purnell's facial features.

THE INDIVIDUALLY stylized hair piece brings a glow of satisfaction of a job well done to both Gaye and Mrs. Alfrey as they heard the warm compliments of the cosmetology class.

20 Students Participating In Cosmetology Program at SFJC

Students in the South Florida Junior College cosmetology program style and service wigs and wigs for their regular patrons who avail themselves weekly of the varied beauty services offered in the clinic.

Each student is required to fulfill a minimum number of services in each skill before becoming eligible to take the State Board Examination. There are 20 girls in the program. Each must give at least 120 haircuts, 30 permanent waves, 15 scalp treatments, 50 color rinses, 20 semi-permanent colors, 10 tints, 10 bleaches, 200 shampoos and sets, 6 facials, arches, lash and brow tints, make-ups, 25 manicures, 5 pedicures, and

Postmaster Bob Young had a timely message for area citizens to day regarding Christmas mail.

"If you haven't mailed your gifts and greetings yet, please do it now."

The postmaster noted that the ancient historian Herodotus wrote of post runners. "Neither snow nor rain nor heat nor gloom of night stays couriers from the swift completion of their appointed rounds." That was before ice storms could freeze railroad switches, ground planes and make highway travel treacherous, he said.

During winter severe weather conditions can be the deciding factor in mail delivery. That coupled with heavy Christmas mail volumes, highlights the fact that early mailing of holiday cards and parcels is most important.

Postmaster Young repeated his plea of late November and early December for early mailing and use of Zip Code on all mail.

Andrew W. Miracle, sponsor of the junior class, announces that the annual junior class sale of magazines will start around January 30.

This is an annual project of the junior class and Mr. Miracle states that, "the juniors will be identified." This is one of the ways the class makes of raising money for their many activities. Please hold your subscription for magazines for our own APHS Junior Class.

SENATOR-ELECT Lawton Chiles returned to Avon Park to thank the voters for electing him Senator.

Chiles Returns To Thank Voters For Electing Him

On his Thank You tour of the State of Florida, Lawton Chiles graced the City of Avon Park with his smiling face and thanks for putting him into office of the U. S. Senate.

Chiles made a historical shoe leather campaign by going out among the people and talking directly to the voters. At a early date in his campaign Chiles said, "Nobody ever really went to the people before. They went to the TV studios and the ad agencies and they ran their campaigns apart from the people. That's the way the book said you had to do it. He emphasized that you talk to the people not with them.

Like many good ideas the walk did not occur to him out of the blue. He showed out back in 1968 you could win an election by wearing out shoe leather, when he ran for Florida Legislature.

With his wife at his side, Chiles knocked on 12,000 doors to win this election.

Florians took kindly to a man who would walk a thousand miles to achieve his goal. Chiles had preached and now he had proven that a strong pair of legs and face to face talks with the public could beat a million dollar campaign. After Chiles started this form of campaigning others tried to copy his tactics, but it was too late. One politician said he showed us all that from now on we have to get out among the people and know our own possibilities with the public.

Chiles will now take his seat in January on the United States Senate, but he will go there with the knowledge of the needs of the people. He will be able to work for the people that put him in this responsible position. He will have the knowledge of the needs of communities, and the best things that will be for the State. Because he got it first hand and talked with the people who he will represent.

In his own words Chiles put it well when he said, "I'll go to Washington a freshman, the lowest man on the seniority totem pole. But I'll have more gut knowledge about the wants and fears and desires of my people than any other Senator could possibly have."

Council Wants City Election To Be Held In December

City Attorney Jack Hancock was instructed by the city council to prepare a legislative bill for setting the city election for the first Tuesday in December.

A bill must be enacted on when the date is changed by more than 30 days. Officials who have been elected would then assume their respective offices on the first business day in January.

This will tend to have the officials that are in office to serve an extra three months.

In previous elections, the date was always sandwiched in between other election dates and the council feels that it would be a more relaxed and fairer election by changing the date to a later time.

The motion for the change in dates was made by Mr. Martin and seconded by Mr. King, and was carried unanimously by the council.

Chief Gordon Asks Council For Speed Signs

At the recent Council meeting, Earl Gordon, police chief, reported complaints of residents on East Cornell Street, due to speed signs missing. This is also prevalent on Bell Street. He requested that 30 MPH signs be erected in these areas.

In other requests, the chief also recommended that the 30 MPH signs on Highlands Avenue south be changed to 35 MPH signs to coincide with the Department of Traffic signs on that street; also a request to the Council the chief ask that consideration be given to the stopping of left hand turns from Main Street into Lake Ave.

It was also stated by Mr. Martin that cars are parking to close to the intersection of North Lake Avenue and Main Street, and parking in front of the Palmer Electric Company on West Main St., be changed to insure more safety. This measure had already been improved by the city council but evidently had never been acted upon.

Mr. Gordon also recommended that due to the increase in traffic that will be expected when the new high school is completed that the Council request the Department of Transportation to install a traffic light at East Main Street, intersection with Highlands Ave.

Avon Park Youth Is County's 24th Automobile Fatality

In a high speed chase on Sunday, Robert Jones, a 17-year-old boy of Highlands Avenue, Avon Park, was

killed in Sebring. According to Police Sgt. Robert Haywood, and Patrolman Marvin Spire, Jones

was killed when his car overturned on West Lakeview Drive. There was a passenger in the car, Mike Archer, 16,

and he is listed in satisfactory condition at Highlands General Hospital, with injuries sustained in the accident.

This is the 24th fatality in Highlands County for 1970. It reflects a record in the county and many are upset that so many accidents have been fatal. In 1967 the record was 23 deaths attributed to accidents. In 1969 the death rate was 11 less than this year when 13 fatalities were reported.

THE DEATH CAR in which Robert Jones, 17, of Avon Park was killed. Also injured was Mike Archer.

The report indicates that Jones' car was speeding at 110 mph at one point in the chase. The patrolman reported that at 1:25 on Sunday the car was observed speeding on US 27 on the west side of Lake Jackson. At 3:25 on Sunday the fatal accident then became a matter of record. In a short span of two hours a life was snuffed out senselessly. In the last few seconds of the chase, Spire predicted that at this rate of speed 110 mph, "They're going to roll."

Moments after that, according to the report, the car that was being chased disappeared out of sight. The sky lit up in front of us, Spire said he "rolled it." Upon the approach the shredded wreckage, the power lines were still popping, the car had hit a utility pole when it overturned. Haywood re-

W. F. Ward, Businessman, And Citrus Grower Dies

Rotary Club Sponsors Santa At School

The Rotary Club sponsored its annual Christmas party for all the youngsters in grades one to three, on Friday, Dec. 18.

Santa made a day of it when he visited the Avon Elementary, Ridge Area Area, Retarded School. Over 40 pre-school children at Hope-well, the Little School for Kindergarten. Both divisions of the Noaks Ark Schools.

Santa played well by Bud Warden of Avon Park was received by the children in a very gay mood and they just lived every minute of the visit, and the candy that he gave to all the kiddies.

The Rotary Committee praised Touchton's Drug Store for its co-operation with the furnishing of the Santa suit and makeup and also for their cooperation on the ordering of the candy.

The Rotary Committee who worked on this gala affair were Ed Touchton, Jr., Clair Aiken, Ed Bailey, Bill Young, Charlie Sargent, and Art White. Lew Miller, of the Sun took pictures.

In all in everyone had a good time and the Christmas spirit was in everyone's heart. Thanks to the Rotary Club for their work and kindness to help to brighten the children's Christmas.

In April 1917 he was employed by the Consolidated Land Company and came to Florida to establish the Horse Shoe Ranch, with headquarters at Kiceo on the Kissimmee River. This ranch embraced 273,000 acres in land promotion sales around the Avon Park Bombing Range and Hendricks Field. The ranch carried 20,000 head of cattle and 7,000 sheep.

In January 1925 he entered the real estate business in Sebring, devoting time to land sales for the Consolidated Land Company and in land promotion sales around Brighton. His firm was Durkin-Ward-Naylor & Updegraff.

Later he was employed by the State Plant Board in the eradication of the Mediterranean fruit fly. In 1930 he

ALCO-TOPICS

What happens to a person when he gets drunk and is illustrated by the man who goes up too high in an airplane without the benefit of extra oxygen.

First, his judgment becomes impaired. Judgment is knowing when and why and how to do one thing rather than another in different conditions — depends on the highest brain center. This center, the most highly developed part of the human brain, is the most sensitive to lack of oxygen.

Next, the man becomes unable to govern movement of his muscles in a cooperative way. He may sway or wobble if he tries to walk. His hands may move awkwardly, and not work together as a team. His tongue and lips will stumble as he tries to say words he does not commonly use.

This failure of teamwork by the muscles grows more and more severe as the plane rises where there is less and less oxygen. The failure is not due to the shortage of oxygen supplied to the muscle cells. For them, there is still enough. But the brain, which directs the organized systematic actions of the muscles, is not getting enough. The brain becomes a poorer and poorer director as it gets less and less oxygen. Its efficiency is cut down.

If the plane keeps on rising, the man will finally black out — that is, he becomes unconscious. Then the most highly developed part of the brain — the part which directs — directing — stops working.

Of course, if the plane con-

tinued upward, even the brain center which controls breathing quits. Then the chest muscles no longer receive the nerve signals which keep them moving. The man stops breathing and after a few minutes of this the cells of the heart fail — and the man is dead.

This picture of what happens to a man cut off from a normal supply of oxygen exactly parallels the symptoms when a person drinks more alcohol than his body can take care of at one time.

Alcohol acts directly on the brain to disturb its ability to work. But when alcohol reaches the brain tissue, the result is similar to what happens when that tissue is deprived of oxygen.

After a certain amount of alcohol reaches the brain the person's judgment becomes impaired. As more alcohol gets there, he comes unable to organize the movements of different muscles in teamwork. This muscle disharmony becomes greater as additional alcohol reaches the brain. Finally, with still more alcohol, the man loses consciousness, and, under certain conditions enough added alcohol should reach his brain after he is unconscious, he may die.

Alcoholism affects 180,000 Floridians. If you are one of these, or if you know someone who is, you are invited to write today for free information and literature on Florida Alcoholic Rehabilitation Program.

Just mail your request to BAA's Information Services, Box 1147, Avon Park, Fla. 33925.

Kiwiana Club.

In 1924 Mr. Ward purchased a tract of 80 acres east of Avon Park on which he established a citrus grove. During the years he added to the property until at present it amounts to more than 400 acres including 17 oranges, grapefruit, lime and avocado groves, and cattle pasture lands. During the late 20's he grew citrus nursery trees for sale to local growers. The citrus nursery grew steadily and at the time of its incorporation as Ward's Nursery, Inc. in 1958 was producing 300,000 trees annually with sales being made to every citrus producing county in Florida. At present Ward's Nursery, Inc. ranks as one of the three largest commercial citrus nurseries in Florida.

In 1943 he moved to Avon Park to devote his entire time to his groves, citrus nursery and cattle. He became a member of the Avon Park Rotary Club.

A member of the California Avocado Society, a charter member of the Florida Mango Forum and a member of the Florida Citrus Production Managers Association, Mr. Ward served as vice president of the Society and president of the Florida Citrus Growers Association until its dissolution. He has been a member of the Florida Horticultural Society for over 40 years and served as president of the Society in 1948 and has served on the Highlands County Citrus Advisory Committee.

In 1958 Mr. Ward established the William F. Ward Foundation, which in turn has established scholarships for agricultural students at Auburn University, Southern College and South Florida Junior College. The Foundation also contributed to the development of facilities of the citrus school and to the Agricultural program at Florida Southern College.

The Foundation was the donor of funds for the erection of the Ridge Area Day School for Retarded Children at Avon Park.

He is survived by his wife, Annie Gardner Ward; a son, G. Franklin Ward and three grandchildren, Mrs. Deborah Ward Hileman, of Denver, Col., Miss Marcia L. Ward and W. Robert Ward of Avon Park.

Funeral services were held Saturday, Dec. 19 at 3 P.M. at graveside, with the Rev. Herbert D. Grunert and Rev. John L. Knapp officiating. He was laid to rest in Bonaventure Cemetery.

LEWIS LLEWELLYN

Wise Men And Others

There were wise men in the time when Christ was born.

And there were men who thought they were wise.

But, then as now, the two classes didn't always consist of the same people.

The wise men, understanding that the Babe of Bethlehem was to be no ordinary child, went to see Him and to present their gifts. They chose to bow before Him.

Those who thought they were wise took quite a different course.

Were These Men Wise?

King Herod, hearing of the birth of one of whom it had been prophesied that he would become King of the Jews, took steps to eliminate what he considered a threat to his throne.

So he sent his soldiers out with orders to kill all the boy babies born in Bethlehem and the surrounding area, "from two years old and under."

He thought that was wise.

The ink-scriber — not knowing, of course, the real importance of the ordinary-looking couple who asked him for a room — said, "The only place I can let you have is a stall in the stable." He thought that was wise.

Qualts Found Guilty On DWI Charge

Appearing in city court on Tuesday night, Donald Qualts, found guilty on a drunken driving charge, was fined \$152, or 30 days and had his license suspended for 90 days.

Other large fines were Edwin Bates, two charges of improper equipment and reckless driving, \$152. William Fure, reckless driving, \$152.

On a public drunk charge, fines were set at \$25 or 10 days for Gerald Buffow, Paul Lee, Mark Bevis, Ed Israel, Pruitt Mullis, others forfeited their bonds were Carl Wardlow, Ernest Cammell, George Cabalo, Alfred Williams, Bernard McLeary, Gerald Davis, Stange Caronoff, David Mitchell, Earnst Murphy.

David Mitchell, charged with Petty Larceny, got a fine of \$102, or 30 days, while Earnst Luffus was heard on four counts of resisting arrest, \$27, or 15 days, failure to use due care, \$27, or 10 days, improper or unsafe equipment, \$27, or 5 days, violation of restrictions, \$12, or 5 days.

Motor Vehicle violators were: Wayne Gillard, speeding, \$27; Jim Jacknath, speeding, \$27; Marvin Koe, disobeys a stop sign, \$12; David Adonoff, disobeys a stop sign, \$12; Donald Rulley, failure to use due care, \$27; Lola Walker, no license, \$27; Johnny Walker, disobeys stop sign, \$27; Mike Sear, failed to use due care, \$27; James Cockran, speeding, \$27; Jesse Smith, failed to obey stop sign, \$27; Peter Erickson, failed to yield, \$27; Bill White, failed to obey stop sign, \$27; Patricia King, speeding, \$27; Henry Bassett, failed to have control, \$27; George Townsend, failed to have control, \$27; Gladys Light, speeding, \$27; Willie Collins, speeding, \$27; Harold Cook, speeding, \$27; Carol Traven, speeding, \$27; Robert Perry, driving the wrong way, \$27; Elmer Crosby, failed to yield, \$27; Clarence Lavand, trespassing, \$27.

If he had known — and if he had been wise — he would have given this couple his own comfortable bedroom and gone to the stable himself for the night, wouldn't he?

But the people who think they are wise very often aren't.

Who are the wise men of our time?

Are the wise men those who have no room for Christ in their lives?

Are the wise men those who speak scornfully of the code of conduct taught in the Bible, declaring that it is old-fashioned — and then wring their hands in despair at the fearful increase in immorality and the soaring rate of venereal disease?

Is it not the type of illness but the level of treatment required that determines whether or not Medicare will pay for services in an extended care facility. Many patients require only such services as assistance in feeding, bathing and dressing themselves or getting in and out of bed. They may also be given assistance in taking medication. These services are not of a skilled nature, however, and are not covered. To be covered, the patient's condition must require services that can be rendered properly only by skilled personnel such as nurses and therapists. In addition the patient must require these services on a regular basis rather than on a one time or infrequent basis.

Question—I'm not sure how old I am. I believe I will be 62 next June but my brother says I will be 61. I can't get a birth certificate. What should I do?

Answer—Call our office and we will help you. The number is 683-5511. We can help most folks solve these problems by telephone. One of our staff will discuss with you several possibilities, and we will assist you in getting these records.

Let's Join This Group

Wise men make wise decisions, based on determining what is the right course of action — not the easiest way or the pleasantest. Wise men act on principle, not expediency.

Wise men put their trust in God. They are not fooled by the plausible but misleading advice of men who themselves are mired in sin.

Wise men follow Christ. The Bible says, "They that are wise shall shine as the brightness of the firmament."

This Christmas, let's join the wise men!

Social Security Questions And Answers

Question—I will be old enough to draw social security next July. I have my birth certificate and my army discharge. What do I do next?

Answer—It sounds as if you are well prepared which will help you get your first check to you faster. We have a special number for filing applications by telephone. The number is 683-5511. Call this number some time in April. We will complete your application and mail it to you to sign. We will advise you what documents you will need to mail back to us with your application.

Question—My mother has been discharged from the hospital and placed in a nursing home that has been approved by Medicare. The nursing home advised us that Medicare will not pay for her care because her type of illness is not covered. Is it true that some illnesses are not covered?

Answer—It is not the type of illness but the level of treatment required that determines whether or not Medicare will pay for services in an extended care facility. called that they called the station and requested an ambulance, then went to see about the victims. Archer, after being removed from the rear seat, was calmed from his apparent state of shock. Jones was pinned between the front and the rear seats and pry bars were needed to remove him from the wreck. Jones was pronounced dead on arrival at the hospital.

When the chase started on US 27 west of Lake Jackson, it proceeded to Sparta Road, down a dead-end street, through some private property to Sparta Heights, and then Joe's car eluded the police when the cruiser stalled on a curve.

While attempting to start the cruiser Hayward and the pursued car vanished through some more private property and also through a trailer park. Although having lost sight of his quarry at that time and having given up the chase, Hayward in his report stated that he later made contact with the car and then returned his chase, which eventually ended up in the fatal accident.

Bonnie Brae Mobile Home News

Mr. and Mrs. Ralph Irwin from Lapa, Ind. called on Marie and Clarence Gerard. The Irwins have a Mobile Home out in the county off Route 27.
 Dr. and Mrs. S. Robert Thau of Miami, visited with Mary and Cedric Weisman on Thursday.
 Mrs. Grace Snoddy flew home on Thursday, Dec. 17 to be with her family for Christmas.
 Mrs. Grace Snoddy flew home on Thursday, Dec. 17 to be with her family for Christmas.
 Mr. and Mrs. Campbell Carson of Vandalla, Ill. and Mr. and Mrs. Cayle Davis of Bethalto, Ill. who are staying in Avon Park visited with Ruby and Harold Hummell during the week.
 Janet Briggs of Oakland Park, who formerly lived in Binghamton, N. Y. spent three days with Dorothy and Perry Beigel.
 Welcome back to two more of our "snowbirds" from the North. Pave and Leland Darling of Perryville, Ohio, arrived last Wednesday noon. They had intended to arrive earlier, but Leland was hospitalized. Welcome back Pave and Leland.
 Florence and Jerry Affholder of Grayson Mobile Home Park visited Ruby and Harold Hummell during the week. Happy to report that Harold is doing well after his stay at Walker Memorial Hospital.
 Mr. and Mrs. Robert Thrush of New Pittsburgh, Ohio are spending Christmas and New Years with Mrs. Helen Arndt.
 Mr. and Mrs. Howard Lickert of Fort Pierce spent Wednesday with Grace Snoddy and Helen Arndt.
 Last week our Coffee Hour was held on Tuesday instead of Wednesday due to two of our owners of Bonnie Brae visiting the park, Harry Bell and Gary Gregory. They displayed two different fire extinguishers that the residents may purchase for their mobile homes. We were introduced to Flo and Jerry Brophy who became our new managers on the 15th of December. Their daughter Melody and her seeing-eye dog (a Golden Retriever) are with them. Flo and Jerry come from Pleasant Lake, Mich. and we are happy to welcome them.
 Bonnie Brae, At this time we would like to thank Lillian and Bob Cook, our former managers, for the many kindnesses extended to us when they were managers.
 Ruth Smith left during the week to visit her son and family in Texas, for the holidays.
 Our Christmas party and dinner were held on the 18th of December. The owners of the park provided the turkey and "fixings" while prepared at Griffin's Restaurant. The park residents completing the dinner. The dinner was served at 5:30 and after things were cleared away a Yankee Swap and held at 7:30 P.M. A count of 62 was made at the dinner and many more participated in the Swap.
 There is one man in the park who claims to be the laziest. But this week he has spoiled his record by installing a patio awning. No names mentioned!
 The "Saturday Night" card game was held at Margaret and Gene Brown's this past week. Next week will be at Thelma Chambers with Ellen McGonagle as hostesses.
 Bob Burns left on Tuesday morning to fly to San Diego, Cal. where he will spend the holidays with his son and wife, Honey and Willis. While there his only brother will come from Northern California for a visit.
 Our prayers and "get well" wishes are extended to George Tansil who is again hospitalized at Walker Memorial Hospital.
 Marie and Paddy Lioette were luncheon hosts to their friends, Mr. and Mrs. Bruno Zappa from Vero Beach. They also welcome back to

Federal Buildings Should Be Taxed

A Maryland congressman has drawn attention to the tax-exempt status of post offices, federal office buildings and other property owned by the United States Government. The congressman feels these should be subject to local property taxes. He says nothing about an even more onerous burden borne by all taxpayers. That is the tax-exempt status of government commercial business enterprises such as federal power projects.
 There is a vast difference between government property of a non-competitive public service nature and that which enters into business in competition with private citizens and not only escapes taxes but takes over the business of enterprises that provide important sources of tax revenue for every level of government. Figures have been cited for years by authorities in the electric power field to show that if tax-favored electric power projects of the government were subjected to the same level of taxation as private enterprise, the investor-owned electric industry could more than hold its own in any comparison of rates.
 Advocates of government in business—particularly the investor-owned electric industry—have fought tooth and nail to prevent commercial government ventures in the power business from being subjected to taxes like any other business. Repealing the tax-privileged status of these government undertakings would remove the last peg upon which socialized power advocates have been able to hang their arguments of superior efficiency.
 Florida's battle against brucellosis, a disease affecting cattle and humans, is in the mopping up phase, Dr. C. W. Field of the Florida Department of Agriculture and Consumer Services said recently.
 Dr. Field reported that testing has been completed and Harland County will be declared modified-certified free of brucellosis. Only Polk County remains to be declared modified-certified, and that county should reach that status next month, Dr. Field said.
 Highlands County became a brucellosis free in September. The brucellosis control program was started in the early 1960s, according to Dr. Field, but was held up for several years when a few cattlemen fought it in the courts.
 The department was the right to test all cattle in a final decision last summer.
 Stringent restrictions on the movement of cattle are in effect in counties where the disease is present, Dr. Field said, and the price received by cattlemen in those areas is affected also.
 Brucellosis is not fatal to cattle but can influence milk production and reproduction by causing abortions, he said. The organism may cause undulant fever in humans from contact with infected cattle or from drinking unpasteurized milk from infected cattle, Dr. Field said.
 The department is urging cattlemen to obtain back tags from local county agents and to tag all test-eligible cattle so they can be traced back to the head of origin when they reach the market for slaughter. Back-tagged animals are tested and if a reactor is found the herd of origin is re-examined. At least 15% of the eligible animals must be tested. If no reactors are found, counties are automatically re-certified each three years.
 If the cattlemen will cooperate with the market testing system, he added, it will mean their county may stay qualified and they will have less restriction on cattle movement.
 Modified-certified status for a county means there is less than one percent infection present in that county.
 The Parthenon, called the most perfectly proportioned building in the world, was built to house the statue of Athena, which was sculptured by Phidias. The shield of this statue, alone, is said to have contained \$6 million worth of gold.

THE DANCERS did their "thing" in the mild mid-December temperatures at the SFC circular amphitheatre platform. The music was tempered and muted by the ethereal vaults of the star studded heavens while a full moon arches the dancers with a soft subdued mellow

light. In the back ground, watchers sat out the number on the amphitheatre seats. The sudden brightness of the stroke light revealed the Merry Christmas' draped across the backdrop of the glass fronted library.

A CHRISTMAS DANCE sponsored by the Student Government Association and Kappa Delta Sigma of South Florida Junior College was attended by both college and high school students

with the high school students admission being two cans of food, part of which is stacked on the table and has been given to the Salvation Army for distribution.

Christmas—A Day That Endures

Researchers have come up with some interesting background on Christmas customs that add depth and meaning to the most momentous of all holidays. Many historians believe that Christmas may have had its origins in ancient Greek and Roman customs. The celebration of Christ began in the third century but was not officially sanctioned until a century later when Pope Julius I authorized an investigation to determine Christ's probable birth date, which led to the selection of December 25. On that date, in 333 A.D., the Feast of the Nativity was first observed in Rome.
 Other Christmas customs originated in many lands over the centuries. The traditional mistletoe branch began with the ancient Druids, who believed the plant had the power to miraculously cure disease and counteract poisons. The decorating of Christmas trees began in the eighth century when St. Boniface persuaded the pagans to adore fir trees in their homes in tribute to the Christ Child. A fourth-century bishop of Turkey, Saint Nicholas, was the real-life predecessor of Santa Claus.
 And so the stories go. As the great day of rejoicing and renewal—December 25—approaches, millions will prepare to greet Christmas with a bone-deep feeling of gratitude and thankfulness. It is one occasion, one tradition, and one observance that has withstood the test of time. Those who attempt to tear down all standards by which humanity lives have so far not had the temerity to burn the Christmas tree.
 So may this great day live on forever in the hearts of each and every one of us—“A Merry Christmas and Safe and Happy New Year To One and All.”

Annual Christmas Festival Draws Capacity Crowd This Year

The annual Christmas Festival drew a larger crowd and the entertainment for the evening was enjoyed to a full house and standing room filled. The donations amounted to \$101, which will be divided three ways, between the band, Mr. Eberley's course, and Mrs. Ann McKinnis course.

ALCO- TOPICS

What happens to a person when he gets drunk can well be illustrated by the man who goes up too high in an airplane without the benefit of extra oxygen.

First, his judgment becomes impaired. Judgment — knowing when and why and how to do one thing rather than another in different conditions — depends on the high level of brain control. This center, the most highly developed part of the human brain, is the most sensitive to lack of oxygen.

Next, the man becomes unable to govern movement of his muscles in a cooperative way. He may sway or wobble if he tries to walk. His hands may move awkwardly, and he does not commonly use.

This failure of teamwork by the muscles grows more and more severe as the plane rises where there is less and less oxygen. The failure is not due to the shortage of oxygen supplied to the muscle cells. For them, there is still enough. But the brain, which directs the organized systematic actions of the muscles, is not getting enough. The brain comes a poorer and poorer director as it gets less and less oxygen. Its efficiency is cut down.

If the plane keeps on rising, the man will finally become unconscious — that is, he becomes unconscious. Then the most highly developed part of the brain, the part which does the directing — stops working.

Of course, if the plane con-

tinued upward, even the brain cells which controls breathing quits. Then the chest muscles, no longer receive the nerve signal which keeps them moving. The man stops breathing and after a few minutes of this the cells of the heart fail — and the man is dead.

This picture of what happens to a man cut off from a normal supply of oxygen exactly parallels the symptoms when a person drinks more alcohol than his body can take care of at one time.

Alcohol acts directly on the brain to disturb its ability to work. But when alcohol reaches the brain tissue, the result is similar to what happens when that tissue is deprived of oxygen.

After a certain amount of alcohol reaches the brain the person's judgment becomes impaired. As more alcohol gets there, he comes unable to organize the movements of different muscles in teamwork. This muscle disharmony becomes greater as additional alcohol reaches the brain. Finally, with still more alcohol, the man loses consciousness, and, if under certain conditions enough added alcohol should reach his brain after he is unconscious, he may die.

Alcoholism afflicts 180,000 Floridians. If you are one of these, or if you know someone who is, you are invited to write today for free information and literature on Florida's Alcoholic Rehabilitation Program.

Just mail your request to: BAR's Information Services, Box 1147, Avon Park, Fla., 33925.

In 1924 Mr. Ward purchased a tract of 203 acres east of Avon Park on which he established a citrus grove. During the years he added to the property until at present it amounts to more than 400 acres including orange, grapefruit, lime and avocado groves, and cattle pasture lands. During the late 20's he grew citrus nursery trees for sale to local growers. The citrus nursery grew steadily and at the time of its incorporation as Ward's Nursery, Inc. in 1958 was producing 350,000 trees annually with sales being made to every citrus producing county in Florida. At present Ward's Nursery, Inc. ranks as one of the three largest commercial citrus nurseries in Florida.

In 1943 he moved to Avon Park to devote his entire time to his groves, citrus nurseries and cattle. He became a member of the Avon Park Rotary Club.

A member of the California Avocado Society, a charter member of the Florida Mango Forum and a member of the Florida Citrus Production Managers Association, Mr. Ward served as vice president of the Avon Park Citrus Growers Association until its dissolution. He has been a member of the Florida Horticultural Society for over 40 years and served as president of the Society in 1948 and has served on the Highlands County Citrus Advisory Committee.

In 1958 Mr. Ward established the William F. Ward Foundation, which in turn has established scholarships for agricultural students at Auburn University, University of Florida, Florida Southern College and South Florida Junior College. The Foundation also contributed to the development of facilities for the citrus school and to the Agricultural program at Florida Southern College. The Foundation also contributed to the development of facilities for the citrus school and to the Agricultural program at Florida Southern College.

Mr. Ward was survived by his wife, Annie Gardner Ward, a son, G. Franklyn Ward and three grandchildren, Mrs. Deborah Ward, Hiemen, of Denver, Col., Miss Marcia L. Ward and W. Robert Ward of Avon Park.

Funeral services were held Saturday, Dec. 19 at 3 P.M. at graveside with the Rev. Herbert D. Graetz and Rev. John L. Knapp officiating. He was laid to rest in Bon-Airville Cemetery.

LEWIS LLEWELLYN

Wise Men And Others

There were wise men in the time when Christ was born. And there were men who thought they were wise.

But, then as now, the two classes didn't always consist of the same people.

The wise men, understanding that the babe of Bethlehem was to be no ordinary child, went to see Him and to present their gifts. They chose to bow before Him.

Those who thought they were wise took quite a different course.

Were These Men Wise?

King Herod, hearing of the birth of one of whom it had been prophesied that he would become King of the Jews, took steps to eliminate what he considered a threat to his throne. So he sent his soldiers out with orders to kill all the boy babies born in Bethlehem and the surrounding area, "from two years old and under."

He thought that was wise. The innkeeper — not knowing, of course, the real importance of the ordinary-looking couple who asked him for a room — said, "The only place I can let you have is a stall in the stable." He thought that was wise.

Social Security Questions And Answers

Question—I will be old enough to draw social security next July. I have my birth certificate and my army discharge. What do I do next?

Answer—It sounds as if you are well prepared which will help us get your first check to you faster. We have a special number for filing applications by telephone. The number is 683-5311. Call this number some time in April. We will complete your application and mail it to you to sign. We will advise you what documents you will need to mail back to us with your application.

Question—My mother has been discharged from the hospital and placed in a nursing home that has been approved by Medicare. The nursing home advised us that Medicare will pay for her care because her type of illness is not covered. Is it true that some illnesses are not covered?

Answer—It is not the type of illness but the level of type of illness that determines whether or not Medicare will pay for services in an extended care facility. Many patients require only such services as assistance in feeding, bathing and dressing themselves or getting in and out of bed. They may also be given assistance in taking medication. These services are not of a skilled nature, however, and are not covered. To be covered, the patient's condition must require services that can be rendered properly only by skilled personnel such as nurses and therapists. In addition the patient must require these services on a regular basis rather than on a one time or infrequent basis.

Question—I'm not sure how old I am. I believe I will be 62 next June but my brother says I will be 61. I can't get a birth certificate. What should I do?

Answer—Call our office and we will help you. The number is 683-5311. We can help you solve these problems by telephone. One of our staff will discuss with you several possible records of your age and assist you in getting these records.

Wise men follow Christ. The Bible says, "They that are wise shall shine as the brightness of the firmament."

This Christmas, let's join the wise men!

called that they called the station and requested an ambulance, then went to see about the victims. Archer, after being removed from the rear seat was calmed from his apparent state of shock. Jones was pronounced dead on arrival at the hospital.

When the chase started on US 27 west of Lake Jackson, it proceeded to Sparta Road, down a dead-end street, through some private property to Sparta Heights, and then Joe's car eluded the police when the cruiser stalled on a curve.

While attempting to start the cruiser Haywood said the pursued car vanished through some more private property and also through a trailer park. Although having lost sight of his quarry at that time and having given up the chase, Haywood in his report stated that he later made contact with the car and then resumed his chase, which eventually ended up in the fatal accident.

4A—The Avon Park Sun, Avon Park, Fla., Dec. 24, 1970

As we approach the beloved anniversary of a great event, we think of the many Christmas seasons that have come and gone. Beaming faces tell that Christmas is very near; holly, mistletoe, soft lights, and Christmas trees. Who will say that smiles were brighter or spirits keener at the Christmas of our fathers. Time changes everything except friendship. May we re-examine ourselves to see if good fellowship and kindness still survive as a practical combination to help transform dreams into reality. To each of you I read this, whether in our palm tree Florida, Vietnam or in snow covered Germany or elsewhere my wish for you is enraptured happiness which comes only at happy times like Christmas.

Mr. and Mrs. David Collier and children, David and Michael of Winter Park were in Highlands County Saturday, visiting their respective parents, Mr. and Mrs. Robert Butts of South Lakeview Dr. and grandmother, Mrs. Neal Potter of Edgewater Arms, all of Gainesville and Mrs. Ellen Collier of Lake Lotela. Mr. Collier and his mother both enjoyed December birthdays.

Dr. and Mrs. Tom Bass and little daughter, Mary, of Oklawaha will spend Christmas with Mr. Bass's mother, Mrs. Roscoe Bass, Sr. of Lake Lotela.

Mr. and Mrs. C. I. Wells have returned from Atlanta after visiting their daughters, Mr. and Mrs. Charles Butler and their new grandson, Charles, Jr.

Mr. and Mrs. Charles R. Butler of Atlanta, Ga., arrived in Avon Park, born December 15, at Georgia Baptist Hospital in Atlanta. The young man has been named Charles R. Jr.

The maternal grandparents are Mr. and Mrs. C. I. Wells and the paternal grandparents are Mr. and Mrs. Carl Butler, all of Avon Park.

Mrs. Baughan Hosts Sunday School Party

Mrs. Herbert Baughan was hostess Tuesday evening to the Berean Sunday School class, First Baptist Church, for their annual Christmas party.

Her home on Poinciana Avenue was beautifully decorated for the Christmas season and soft Christmas music was played throughout the evening.

The devotional was given by Mrs. H. G. Dalton and the class teacher, Mrs. Dan Rutman, led in prayer. A new member, Mrs. Foster McNeil, read an original poem and gave her personal testimony on what Christ means to her. Mrs. Dalton then asked that everyone get acquainted, then held a contest to see who could write down each person's full name quickest, with Mrs. Earl Haynsworth the winner.

After the fun and fellowship period, there was a gift exchange. Mrs. Rutman received several gifts from class members and the presented each person present a handmade necklace.

The hostess then served delicious refreshments of Christmas punch, cakes, cookies, candies and nuts with Mrs. Ray Wells at the punch bowl.

Others present were Mrs. Bob Gay, Mrs. Carl McWilliams, Mrs. Paul McFarland, Mrs. Howard Dow, Mrs. Eugene Durance, Mrs. George Hayne and Mrs. Earl Haynsworth. Two guests were also present, Mrs. Gertrude Pritt and Anna Riland.

New Year's Eve Sing At Athens Baptist

There will be a New Year's Eve Sing at Athens Baptist Church starting at 7:30 P.M. and lasting 7:15, on Thursday, Dec. 31.

Featured will be "The Old Fashioned Quartet."

Athens Church is located on the old Avon Park, Ft. Meade out road.

This is an annual affair at the church and there will be refreshments and lots of special singing.

For a safe night of pleasure, and enjoyment, plan to be there.

Granddaughter of Local Resident Weds In Elkhart, Indiana

The Presbyterian Church of Elkhart, Ind., was the scene of the wedding of Miss Sharon Lynn Stock and Jerry Grant Johnson, Friday, Dec. 18, at 7 P.M.

The bride, the daughter of Mr. and Mrs. Gordon D. Stock of number 10 Longwood Court, Elkhart, Ind., and the bridegroom is the son of Dr. and Mrs. C. K. Johnson, Lake Shore Dr., St. Joseph, Mich. The bride is the granddaughter of Mrs. Lloyd Wells (Happy) of Avon Park, who attended the wedding.

The bride is a graduate of Interlochen Arts Academy, Interlochen, Mich., and a graduate of Hillsdale College, Hillsdale, Mich., graduating with honors in psychology. She belonged to the Epistol Delta Alpha honorary scholastic society formerly at the Hillsdale College honor graduate, Summa cum laude, majoring in psychology.

The bridegroom, a graduate of St. Joseph, Michigan High School and Hillsdale College

is a second year law student at Wayne State University, Detroit, Mich. He is presently in ROTC.

Rev. W. W. Kennell of Huntington, Ind. performed the ceremony. The altar was flanked with white carnations and mums between two tree formation candelabras, holding 33 candles each. Standards of carnations and mums wreaths centered with candles, gold bows and gold streamers were attached to the side pews.

The bride given in marriage by her father, Gordon D. Stock, wore a gown of all-weather, heavy satin, fashioned Victorian style, with a high neckline. The long sleeves featured French cuffs with quilted appliques on the fitted bodice and loose pleated skirt and cathedral train. She carried a bouquet of staphenotis with pearl streamers. Her long veil was held by three strands of pearls and a cascade of curls. She carried her great-grandmother's lace handkerchief.

Miss Ann Doyle of Franklin, Mich., was maid of honor. Attendants were Mrs. Beverly Billings, Elkhart; Mrs. Jeffrey Stock, St. Joseph, Mich.; Mrs. James Schweitzer, Elkhart and flower girl, Melanie Mossey, Elkhart. They were given of dark blue velvet, fashions like the brides and each wore an arrangement of flower headpieces and carried bouquets similar to the brides.

Jeffrey Stock, St. Joseph, Mich., served the bridegroom as best man. Groomsmen were Terry Greene and Steven Hamon, St. Joseph and John Runyan of Detroit. Michael Stock and Gordon J. Stock, brothers of the bride served as ushers.

The reception was held at Eltona Country Club, where dinner plates served 500 guests. The bride couple used an antique gold wedding cup for their toast. The five-tier wedding cake was centered on a table surrounded with wreaths of white mums and carnations. Appointments of the same were placed on the tables and throughout the club.

Following the reception the couple flew to Aspen, Colo. for a ski trip. Upon their return they will reside at 30 Sylvan, Pleasant Ridge, Mich.

Many out-of-town guests attended the wedding including her grandmother, Mrs. Lloyd Wells of Avon Park.

There will be an adult dance at the American Legion, Home on West Bell St. There will be a live band, and couples only will be permitted, at \$3 per couple. Everyone welcome.

No bingo will be played until January 7, 1971.

In 1878, the Spanish ship Providence was shipwrecked along the coast of Florida, and its cargo of coconuts was washed ashore. A few years later, the sandbar miles was lined with palm trees. Now, this is Palm Beach, one of the most exclusive resorts in the world.

Mr. and Mrs. Todd Have 50th Wedding Anniversary

The children of Mr. and Mrs. Edward G. Todd of Avon Park entertained at a dinner in celebration of their parents' golden wedding anniversary. The event was held at the Coppertop in Lake Wales on the 20th of December.

The guests were greeted by Mr. and Mrs. E. G. Todd, Mr. and Mrs. Donald Todd of Tuscaloosa, Ala., Mr. and Mrs. Herbert Todd of Lakeland; Mrs. Howard Todd of Lake Wales and Mr. and Mrs. Norman Todd of Stuart. Assisting with the greeting were the grandchildren, Becky, Nancy, Sally, Judy, Patti, David, Kenneth and Edward.

The dinner table was overlaid with a gold cloth and held arrangements of yellow pompons, daisies and carnations highlighted with touches of gold and accents of gold leaves. Grace was said by Norman Todd with toast to the honorees given by Donald and Herbert Todd.

The three-tiered golden anniversary cake was trimmed with yellow roses and gold leaves. Grace was said by Norman Todd with toast to the honorees given by Donald and Herbert Todd.

Mr. and Mrs. Todd were married and have lived in their home on Lake Lotela in Avon Park all 55 years of their married life, where they have four sons.

They have a host of friends who have sent them Best Wishes for continued Good Health and Happiness.

The inasmuch of toys and clothing took place at the Salon's Christmas dinner held in the home of Mrs. C. H. Martin, 468 Lake Sebring Dr., Sebring, December 7.

Each member arrived with a package which was placed under the beautiful Holly-Christened tree. After the packages were opened and the toys and clothing selected to match the age of the children, which had been furnished by the hospital. The gifts were then re-wrapped for Santa by Mrs. West Roberts.

Mrs. Edward Trappett, the child welfare chairman and Mrs. James Heim were in charge of the purchasing of the children's clothing.

MARGA MARTIN

Talent Runs In This Family

The two pretty co-eds you see here are sisters. They are both nursing students at Southern Missionary College, Collegedale, Tenn. Marga Martin, age 22, and a senior nursing student recently spoke to a very attentive audience at Walker Memorial church as she shared some of her hospital experience in Estel, Nicaragua. Marga and another classmate, Bonnie Berger, were sponsored by the senior nursing class and spent nine weeks during the Summer doing student missionary work in the hospital in Estel. Their experiences were rich and varied and they returned home better nurses from having had this experience. Marga is a graduate of Highlands Lakes Junior Academy and is not only talented in her chosen field of nursing, but like her sister, Selma Kay, is very talented musically.

In an interview, given to this reporter before her address to the young people, about her time spent in Nicaragua, it was evident that this charming young lady is very appreciative of the educational advantages she has had. When asked what her plans were after finishing nursing training, she said, "I'll work a while and pay

back my educational bills and then I hope to go to the mission field, for nurses are badly needed." Marga went on to say "No matter where you are you are a missionary, but it's hardest here at home, in America, for you've taken so much for granted. On the mission field they know you've made the effort to come to them and they accept what you're trying to do."

When asked "What advice do you—or would you give to young people today?" Marga answered clearly and without hesitation "Youth is looking for something—a goal—something solid to believe in—but they can't seem to find it. There is only one key, and that is the Christ Centered Life."

So long as dedicated young people like Selma Kay and Marga Martin have the welfare of the human race as their chief concern, we can take hope that at least some of mankind will be helped both physically and spiritually.

If one is old fashioned enough to believe, as this reporter does, that the home is where true character is built—then a real tribute should go to Mr. and Mrs. Ron Martin of Avon Park. They have three more wonderful children as fine as Selma Kay and Marga and all very talented. Ron Martin is head of physical therapy at Walker Memorial Hospital and his wife Caroline is head nurse in the intensive care unit. The entire Martin family is a real asset to the Avon Park area.

If America had more homes like the Martins, who taught their children a true set of values, we wouldn't be asking "Where did we so miserably go wrong?"

Brentwood Mobile Court News

Mr. and Mrs. L. Yallup from Michigan arrived last week and the court is gradually filling up with the Winter residents. We all welcome you Mr. and Mrs. Yallup.

Mr. and Mrs. J. M. Turley from Bucyrus Ohio, spent Sunday with Mr. and Mrs. Curtis Smith. They are spending the Winter at Self's Trailer Park in Frostproof.

Mr. and Mrs. Curtis Smith called on Mrs. Paul Lemke in Frostproof trailer park, where Mrs. Lemke's son, James, drove her from Marion, Ohio. She will spend the Winter in Frostproof.

Mr. and Mrs. Glenn Moulton spent Sunday evening with Marie and Bill Good. Gus Bennett of Tampa College is home for the holidays with his parents, Mr. and Mrs. Bill Bennett.

Mr. and Mrs. Emil Holiday and Mr. and Mrs. Bill Good stopped in Winter Haven Thursday.

Mr. and Mrs. Orley True and Mr. and Mrs. Dick Enoch were camping over the weekend with the Highlands Camera Club at Anchor Point.

Twenty-four folks enjoyed euchre and pinocle Saturday evening at the hall. Lorene Love and Pauline Smith were the hostesses.

A welcome from all of us to Mr. and Mrs. Shoemaker who arrived from Indiana last Thursday.

It's hard to hear opportunity knocking when you're sound asleep.

Handel's "The Messiah" was presented Friday night at 7:30 in the Collegedale Seventh-day Adventist Church.

Coordinating the program was Don Runyon, assistant professor of music. He also directed the Southern Missionary Choir that night.

Other musical organizations participating was the 100-voice Collegedale SDA church choir directed by Dr. Merwin Robertson, Chairman of SMC's Music Department and the 40-voice SMC Orchestra, directed by Orlo Gilbert, assistant professor of music at the college.

Organist was Stanley Walker, Professor of music at SMC. Accompanying on the harpsichord donated by Robert Wiermer, was James McGee, assistant professor of music at SMC.

Featured soprano soloist was Selma Kay Martin, sophomore nursing major at SMC. She is a member of the SMC Collegiate Chorus, the touring campus musical organization, and is a voice student of Don Runyon at SMC.

She was also featured soprano soloist for the Chattanooga Symphony when they too performed the "Messiah" on Dec. 15 at the Tivoli. Miss Martin sings at St. Paul's Episcopal Church and will be performing there also during the Christmas season.

Miss Martin's first voice teacher was Mrs. Ann McKunas of Avon Park.

Red Devils Defeat Moore Haven For A 4-1 Record

The Avon Park varsity basketball team slaved off a final quarter rally by the Moore Haven five last Friday night here at the high school gym to take a 4-1 victory and move to a 4-1 record for the pre-holiday action.

Last Monday and Tuesday nights the Red Devils were set to play in the Footproof Christmas Tournament which pitted Avon Park against Fort Meade in the opening game.

The Devils will open the new year action on January 3 in Lake Placid against the high-scoring Green Dragons who are scoring 100 points too often for comfort for Avon Park coach Fred Sandlin.

Last Friday night against

Moore Haven, Devil center Curtis Jackson showed Avon Park some of the skills that Coach Sandlin has been talking about when he scored 27 points and did an excellent job under the boards both on offense and defense for the Devils.

Don Sizemore, Avon Park's 37" guard, pumped in 20 points before he left the game with six minutes left to play when he committed his fifth foul in the rough and tumble game.

Robert Lanning, the new Devil forward, sank five field goals and two free shots for a total of 12 points and Jimmy Magensheimer and Clayton McNeil both contributed five points to the total effort. Regular starting guard Thad Tate was benched with a sprained ankle but came in for some action late in the game when both Sizemore and Magensheimer fouled out.

The clutch shooting of Curtis Jackson preserved the win for the Devils as the Moore Haven boys got hot in the last quarter to score 25 points while the Devils managed only 19 counters.

The Avon Park "B" squad also won its fourth game of the season against one defeat as they came out on the top end of a 51-43 score after being tied 29-29 at halftime.

Devil forward James Kerney exhibited 25 points through the nets for scoring honors while Nathaniel Packer had 11 counters and Leroy Hicks scored eight points. Coach Brock substituted-coached for Tom Lund so the young "B" squad could get away early to attend his own wedding out-of-state.

Communion Service Thursday

A Christmas Eve Communion Service will be held Thursday night at 7 o'clock at the First Presbyterian Church. The Christmas Eve service will climax the observance of the Season of Advent which started on the last Sunday in November.

During the Communion Service, the Christ Child Candle will be lighted. This will be the fifth and final candle to be lighted on the Advent wreath in the church sanctuary.

Chaplain Archie Reed of the Avon Park A.R.C. Center will lead the Communion Service. Chaplain Reed is a minister of the United Presbyterian Church and a graduate of Presbyterian College, Clinton, S. C., and Columbia Theological Seminary, Decatur, Ga. Chaplain Reed and his family attend the First Presbyterian Church.

Mexican children wait till January 6 before getting presents...

Mexico is a country where Santa Claus and the Christmas legends have apparently lost a battle to win acceptance. Children are told that gifts come from "nino Jesus," the boy Jesus, and in most cases must wait until Jan. 6, the day of the Three Wise Men, before they get their presents.

The annual Christmas Eve service of Communion, by candlelight, will be held on Thursday evening at 7 o'clock at the Union Congregational Church. The rose Nativity window will be illuminated.

A New You For a New Year

Happy New Year! Not New What, just Happy New! New is the Now Look now — for at least a week. We all enjoy having something new, now don't we?

But in this week between Christmas's new things and New Year's new times, I must warn you: Not all "news" are good news. What's New?

Some "news" wear out before the new wears off. We all know this is true of new ideas, but you may be surprised to discover it is also true of new ideas, this year!

Do you remember "God is dead"? That was a new gift idea of several years ago, but it's worn out now.

The idea of going to the moon was new another Christmas, but most of us can't even remember those astronauts' names now.

There was a group of first-century philosophers who were famous for spending their time selling or buying "some new thing." Nobody hears about them any more; a bright bunch of new philosophers have taken over the job. So what's new?

A New Nuisance Some "news" are no good because they can't fit in with the old. Have you ever tried to patch up some old coat or shirt with new cloth? Don't do it. The new will shrink to its proper size and leave you in the hole. It's like putting air into an old, dried-out inner tube. It can't shape up, so the new air bursts it. There are some things that need to be all new or not new at all.

When the newness of a chair only makes you see the oldness United First Methodist Church Duane R. Zoller, minister

of the sofa, the new is not worth it. One good should never destroy another. But on those terms some good "news" cannot be had without a total turnover.

New leaves are like that. Turning over one new leaf only makes the others look bad. What I mean is, a one-shot attempt at self-improvement, even when successful, only makes you more dissatisfied with the rest of you. Some "news" are really a nuisance.

The Good New Would you like something really new? Would you like something that will still be new next year? Would you like something new that would make everything else new, too? Well, you can have just that!

That something is a new you! And you don't have to join next year's Christmas Club to have it. In fact, it's free! You can become new now.

Nobody's too old or too out-of-date. Forget the past, release its weight, face forward. Don't worry that you can't take the first new step. You won't have it. God will take it for you, in the new year.

If this has begun to sound like another advertisement, you, it's not. It's real. I know. God can do it in you, too.

"Be renewed in the spirit of your mind and put on the new man which is the likeness of God has been created in righteousness and holiness of the truth."

The Bible may seem old to you, but I can personally guarantee that it is God offering you a "new and living way" of life. Happy New Year!

FACTS AND FANCIES THAT HAVE GROWN WITH THE FESTIVE TREE

One of the most joyous elements of the Christmas season is the Evergreen tree. Yet it is a fact that they were first brought into homes at a time of fear. And primitive man thought that they harbored beneficent spirits.

In the North, primitive man watched with mounting terror the decline of the life-giving sun. Lengthening winter nights carried the threat of unending cold, darkness and hunger. Frozen fields held no promise of another harvest. Fruit trees stood bare, apparently lifeless, deserted by the spirits.

Alone in the bitter cold and gloom, the evergreens stood as a document of faith in the revival of the sun god and the return of light and life to the frozen world. Living conifers in tubs were brought indoors to prop the householders' courage and to shelter the sylvan spirits. These earliest trees of the winter solstice ritual were not ornamented. They were a testament of life, not mere decoration.

The frivolous elements in the social observance of the Christmas holidays came not from the North but from the Mediterranean countries. In Rome, the celebration of the winter solstice was an imagined return to the simplicity and brotherly goodwill of the Golden Age. During the week of the Saturnalia which began on Dec. 17, all class distinctions and rules of decorum were suspended. No official business was transacted, children were released from school and truces were imposed on battlefields. Houses and public buildings were garlanded with flowers and evergreens. Gifts were exchanged, feasts were rampant and masks and mummery roamed the cobbled streets.

It's a pleasure to greet our friends at
Christmas and with you the best!

If You Drink Don't Drive Your Car

Drivers should make certain their celebrating during the Holiday season does not threaten the lives of others on the highways and byways.

Those who drink too deeply from the "cup of good cheer" during the coming Holiday season are a potential safety threat. A few suggestions for celebrating motorists are: (1) If you have been partaking heavily, let someone else drive the car home from the party; (2) If no one else is available to drive, then take a bus or taxi; (3) If you have been partaking lightly, drink a cup of black coffee before driving the car home; (4) Be on the alert for other celebrating motorists between Dec. 26th and Jan. 2nd. If you follow these recommendations, motorists can take an active part in the campaign to reduce year-end traffic fatalities, and, who knows? — Perhaps save his own life.

Concerned Citizen Circulates Petition On Traffic Hazard

With the recent accident that took two lives at the intersection of Route 64 and State Road 17 the community was shocked and the many civic groups expressed their disdain by presentation of resolutions.

Cliff Thomas, being very upset of the problems at this intersection, on Monday morning set out to have a petition circulated. First, he had a petition drafted by Huse Nunneley, and then walked all over the city, and attended the Council Meeting, asking signatures to present his petition to the Board of County Commissioners at their Tuesday meeting.

Asking 232 people to sign, Cliff received 230 signatures, two refused to sign the petition. The petition stated that Whereas on Saturday, Dec. 12, 1970, the lives of two men were taken in a senseless accident at the intersection. Also reminding the public that this was the third death recorded at that intersection, and many accidents have occurred there. The petition asks that the Department of Transportation take some action to curb these accidents and deaths in the future.

Thomas stated to the members at the Board meeting, "I am speaking in behalf and for the safety of the entire public, and the facts are that this is the time now and this is the place, Route 64 and Hwy. 17. There is much concern and it is time that we all become involved." The suggestion that the following be done to alleviate the problem facing the accidents was made.

- 1 Signal lights, (red traffic lights) with a four way stop.
- 2 Remove signs that now exist and obstructs the view.
- 3 Remove some of the citrus trees that now are blocking the view.
- 4 Slow down the traffic north bound over the crest of the hill.

East bound traffic now must get out in the intersection to view if traffic is coming north and south.

So, with this petition, I, Cliff R. Thomas, am asking the Board of County Commissioners to take necessary steps to act in behalf of the general public.

Why must deaths occur before some action is taken? How many more accidents must happen before the proper signs or precautions will be implemented? But then, if this is done there are other things to be taken into consideration too. The motorist must assume a responsibility in his or her driving habits. Caution should at all times be taken, and the old saying still prevails, (it may be your own).

The authorities can only do their part in this and other situations that prevail on the highway, but in the end if we as drivers do not obey these warnings, we can not blame someone else. Now at this time of the year everyone is in a hurry and accidents are more prone at this time. So take heed and take a few more minutes to go where you are going. It will help, and you will be here to tell of your trip.

Altered Meaning

The meaning of "Merry Christmas" has changed somewhat over the years. Originally, "merry" meant "blissed, peaceful, pleasant."

As the saying goes, "If we would but light one candle, what a bright world this would be!"

How about it, men and women, the rich, the middle class and the poor... of Christmas 1970?

LAST FRIDAY night at the Wauchula rodeo grounds was a night for the bull riders to remember. In a jackpot rodeo sponsored by the Ag Rodeo Club of South Florida Junior College some of the riders found they were going one direction while the bull was going elsewhere. Other events in the show were a calf roping contest and a women's barrel riding race.

1st Christmas toast results in marriage!

One wonders at the forcefulness of the weaker sex, on occasion, especially when a member of the so-called stronger sex is under the spell of spirits.

The wassail bowl and the Christmas toast were both started in the same gesture, so the tale goes, by the daughter of an early Germanic chieftain, then on a campaign in Britain. Offering a garlanded bowl of wine to her father's princely host, she said "Wassheil" or "Here's to you." The prince responded gallantly and, one thing leading to another, they were soon married.

For the common people of the Middle Ages, wassail was a mixture of hot ale, sugar, nutmeg, and ginger. The nobility, however, used the finest wines in the cellar. In later times, a popular base for the wassail bowl was Spanish sherry grown from the grapes of Andalusia and fortified with brandy.

The word "toast" however, emerged from the fact that early wassail

Baggett Arraigned In Court Monday

A former Deputy Sheriff accused of pocketing bond money Leonard Baggett, has been returned to Highlands County. He was arraigned Monday and bound over to Circuit Court. Baggett was arrested in the North. The 47-year-old Baggett joined the sheriff's department early in 1969. He was first by Sheriff Joe D. Keene Oct. 21 and left the county. His last Sebring address was Florida Ave. Criminal information filed by State Attorney Glen Darty cited 13 cases of pocketing bond money between August 5 and October 6.

Ghosts

Souls of dead persons may wander abroad on Christmas Eve. Or so it was believed in both Yugoslavia and Norway. A lighted candle placed in a window was thought to have power to keep ghosts outside a home and to light them on their way. Yule candles are still placed in cottage windows.

A Gift For All Seasons

The Christmas season is here again. Once more we are faced with the pleasant, but often frustrating chore of selecting the right gifts for family and friends.

We can make it a lot easier for ourselves, if we join the many thousands who regularly

give U. S. Savings Bonds.

Their higher rate of interest puts them in the bargain class. And there's no problem about size, color, style, durability.

So, why not give the gift that is always in season—U. S. Savings Bonds!

To all our wonderful friends
and patrons, we extend best wishes!

Unusually Dry Weather Effecting Pasture Land, Groves In County

The unusually dry weather has not yet brought a burning ban to the Highlands County area, but it is drying up pastures and affecting citrus groves.

Bert Harris, Jr., county agent said Highlands County has the "best percentage of irrigated groves of any county in the state, but the groves that do not have irrigation are suffering from the dry weather."

Groves without adequate water are suffering droopage. Some cattlemen are buying feed as "the cold dry weather plays havoc with pasture grass," he said.

There is no emergency yet, he said. The thing that makes it serious, is that "this is not the dry time of year. March and April are, and the January and February with no rain means our people will go into the dry time with a drought problem and this is serious."

To the North, Polk County already has been put on the no burning ban by the Florida Forest Service.

Action to start rainedmaking by cloud seeding was initiated Friday by the Central and Southern Florida Flood Control District. A meeting in the immediate future will be called by the governing board of the district with the U.S. Department of Commerce and the Florida Department of Natural Resources to

discuss the seeding project.

Declared Robert W. Padrick, chairman of the flood control district. "We are not facing a critical weather situation, we are already in a critical water shortage."

The unusually dry Summer and Fall months were followed with November rainfall which was 24 percent of normal. The forecast for December and January indicates continued sub-normal rains. Water levels now are from one to 3.5 feet below normal all over the 18-county flood control district, which includes Highlands.

During the water year about 80 percent of South Florida's annual rainfall usually occurs. But this year, the region received only 65 percent of its rainfall.

A study by the Bureau of National Resources shows the most influential cyclical pattern on the one-year drought occurrence for the Everglades-Southwest Coast Division of ESSA to be 5.75 years. One-year droughts have occurred within this pattern in 1933-1934, 1950, 1956, 1961 and 1967.

Periods of extended drought, such as during the years 1961-1967 are rare. The only equivalent drought period was from 1912-1921 during the period of record.

And of course it is. But some of the problems are a little different. Like the vanilla, "I thought I had it hit," said Wilburn "Cracker" North. "But then I thought I'd better check. It looked all right until I got it down, but sure enough, it was empty."

Since then, Matron Vicki Crist keeps it locked in her desk. Why the vanilla? It has 35% alcohol. "They (the prisoners) help in the kitchen drink it."

Then there was the incident with his helper, Sunshine, an aging prisoner, a trusty, who was assigned to the kitchen. Sunshine also was allowed to sit out in the yard with other trusties. He freely admits jail is his way of life. "I've no place to go." He wouldn't run off.

"I go home through the back yard, and one day Sunshine followed me," North relates. But he kept right on going without knowing it. And on the 7-11 store at the end of the street. And who did he run into? "The sheriff!"

"He had planned to come back," said North, "but he'd have got drunk as a pig on So Sunshine was demoted from trusty status and North had to break in a new helper."

Named as one of the 10 best American born chefs in the world, North finds that his reputation has even preceded him to the jail. "They know a lot more than you think," he says. "But even then, would you believe a complaint?"

"One man said he knew I was a good chef, but why didn't I give them more meat?"

"It's meat that runs costs up and Cracker is doing just fine keeping them down. Like a meal the other day of roast pork for 75 people cost \$20—and the meat alone was \$20."

He's been able to keep the food budget whittled to the point where there will be fruit cake along with the turkey, stuffing, gravy, string beans, mashed potatoes, bread and coffee for Christmas dinner. But that's another item that might disappear among the sweet-toothed five or six helpers in the kitchen.

"I had to buy the cakes early to get the price. And you know where I'm keeping 'em? In the trunk of my car!"

The kitchen as well as the food has shown some improvement since North took over in September. The old wooden blocks have been covered with formica and there is a new range and refrigerator. Prisoners now are fed on green plastic divided plates instead of having all the food served in a tin pan the size of a nine-inch loaf pan.

There are about five prisoners to help out each day, peeling potatoes, onions, mopping the

Prisoners In Highlands County Jail Will Have Turkey

You would naturally expect cooking for the prisoners at Highlands County jail would be a lot different than cooking for some of the pasted private clubs in the county.

Such as Benson Ford's Old Club in Harlan's Island, Mich., and Mountain Lake at Lake Wales.

And of course it is. But some of the problems are a little different. Like the vanilla, "I thought I had it hit," said Wilburn "Cracker" North. "But then I thought I'd better check. It looked all right until I got it down, but sure enough, it was empty."

Are the prisoners gaining weight on his cooking? He does not know but he freely admits "I've gained weight since I left the hotel business."

A Timely Christmas Message

It is that time of the year again the time that all is well and all is fine. For at this season everyone is happy and gay.

Santa will call on the kiddies and bring them all the presents they ask for. Trees will glow with lights, lights will blink and shine, songs will fill the air and all will be in the Christmas spirit.

May I take you to another time and place for Christmas. Close your eyes and see if you can see this picture. A clear starlit night with bells chiming the Christmas carols over the still night. Snow is softly falling, and smoke from chimneys twirl a soft gray cloud into the air, sleigh bells can be heard in the distance. Fireplaces are crackling and the sweet smell of pine is everywhere. The aroma of baking and cooking drift out in the air. All is calm and all is well. It is Christmas time! Now where did you think you went. This is a memory of the Christmas I spent in New England.

These are memories of the days I lived there, now I am here and although there are some things that are not in the spirit of the Christmas season is just as good here and the people here are friendly and with the same as the people up North. So thank you neighbors and friends for your kind welcome into your community and your good wishes and friendliness.

May I wish you all a very Merry Christmas and all the best for the New Year. May blessings abound for all of you and your families.

AMERICA'S SETTLERS CELEBRATED IN OWN WAY

During the early 17th century any formal observance of Christmas was ruled out by the rigid code of Puritanism. Yuletide was forbidden as emanating from the Devil. And the Devil was very much a personage in those days. This rule persisted until 1681 when it was repealed. Probably the influence of the Dutch and German settlers had prevailed, and their customs of Christmas feasting and gaiety softened the hearts of the strict Puritans.

The plenty of the new land provided abundant foodstuffs for the holiday table. And the woods' greens, boughs and assorted cones were used for decorative trim.

In 1804 the explorers Meriwether Lewis and William Clark rested from their journey westward to celebrate Christmas Day somewhere in the vicinity of what is now Bismarck, North Dakota. Captain Clark wrote in his journal, "On Christmas day, a merry Christmas during the day and evening until nine."

In northeastern Wyoming it was rumored that one of a pioneer's Christmas trees had a calming influence on a wounded Sioux Indian who burst in to a widow's cabin seeking help and food. She was decorating a small tree for her two children. Its beauty aroused the Indian's curiosity and through sign language, the woman was able to explain in part some of the tree's significance. She fed and cared for the Indian and was able to take him back to his tribe. It is part of the legend that he, having learned the spirit of Christmas, rewarded her with many gifts.

St. Nicholas (the original of all Santa and Snowmen figures all over the world) arrives in Holland from Spain in the middle of November. From then until Dec. 5, the Saint's birthday, Dutch children may put their shoes by the fireplace every evening, together with a carrot or a slice of bread for the white mare which the saint traditionally rides over the roof-tops in Holland.

stories that shed light on Christmas

The good St. Nicholas would often make his appearance... riding jolly among the treetops, or over the roofs of houses, now and then drawing forth magnificent presents from his breeches pockets, and dropping them down the chimneys of his favorites.

Diedrich Knickerbocker's History of New York, by Washington Irving

From a telegram by General Sherman to President Lincoln on Christmas Day, 1864: "I beg to present to you as a Christmas gift the city of Savannah."

And the angel said unto them: fear not for behold I bring you good tidings of great joy, which shall be to all people. For unto you is born this day in the city of David, a Savior which is Christ the Lord.

— Luke II, 10 and 11

A miner's Christmas dinner in the Rockies, 1888: pork, elk, antelope, buffalo, grizzly bear, squirrel, prairie dog and mountain rat; then swan, crane, and quail.

England's Henry V lifted the siege of Rouen just long enough to permit food to get through for a Christmas celebration.

There is no record of Jesus' birth. Some early church scholars urged that it be celebrated in January. Others pressed for March, April, or September. If, as Luke reports, shepherds were in the fields at night watching over their flocks, the Nativity must have occurred during a warm season. In winter, the sheep slept in folds.

The industrial revolution sharply cut back the traditional twelve days of Christmas. Massachusetts, in deference to the Puritan tradition, didn't declare Christmas Day a legal holiday until 1856. But in the agricultural south, where December was a slack season, the slaves were on holiday as long as the Christmas log could be kept burning — sometimes more than a week.

During the Florida Boom of mid-1820's, some 20 million building lots were platted. If all had been sold, built on, and the houses occupied, they would have housed half of the (then) population of U. S.

Southland Trailer Court News

Emily and Herb Renaud had a pleasant surprise Monday morning when their friend, Leonard Phillips of Spencerport, N. Y., called. He was enroute to the Everglades for a camping trip. Christmas preparations are underway. Stepladders have come in handy this past week as an aid to hanging the many decorations throughout the park. For once it would be accepted to be Jack the Peeper and walk up and down the park tracks trying to decide which is the most attractive. Leo and his neighbors, the two deer, seem to play peacefully together. Leo is happy with his sleek coat and the two deer are looking perk, thanks for the flood light which enhances their gleam. But Rudolph's red nose? Where is it? Could it be senior citizens have grown old to dream of a reindeer named Rudolph? And for the very young, what is a "leigh" being pulled by eight tiny reindeer? Thanks for antique shops and children's stories.

Eight people shuffled Friday afternoon. In the final play-off Omer Snyder and Christine Snyder won over Byron Jeremy and Helen Niblett. In the consolation game Everett Niblett and Golda Daun won over Rev. Hutches and Ann Antony.

Rev. and Mrs. Love, who are now located in Missouri and wintering at Brentwood Mobile Home Court, were callers on the Hutches, Friday.

Thirty-eight were at coffee Tuesday morning. Officers for the coming year were elected and will take over in January. Golda Daun was elected general chairman, Christine Snyder, co-chairman and Caroline Morrison is secretary. Again this year, also chairmen of different activities were named. A yearly report was read by secretary and same was approved. Also reports from various committees were given. Marie Monks had a birthday and was surprised by her daughter and husband with a beautifully decorated cake, which was served to those present.

Rev. and Mrs. Hutches will go to Palm Beach to spend Christmas holidays with their son, Lewis, Jr., and wife.

Mr. and Mrs. Carmichael of Orlando, parents of Bette Chapel, came Friday for a short visit with the Chapels. Dr. and Mrs. Dinniwel of Hesperia, Ont., flew to Tampa by Air Canada Wednesday, where they met them. They will spend the remainder of the winter in Southland in Dr. Dinniwel's car so they will have it for the winter, and to join the family here.

Mr. and Mrs. Douglas Mitten, Bonnie and Rachel Hesperia, Ont., flew to Avon Park airport Friday for a two week holiday at their Mobile Home in Southland, and be with Mrs. Mitten's parents, Dr. and Mrs. Dinniwel. David and Mary Ellen Mitten are driving to Avon Park in Dr. Dinniwel's car so they will have it for the winter, and to join the family here.

Forty eager people came to play bager Friday night. Everyone was happy, or at least able to laugh, whether they won or lost. Moynihan did a good job calling, and Kenneth Barr checked the cards, and no one questioned his efficiency.

Don't forget the Christmas Day dinner at the hall, And Merry Christmas to all.

Dean Lemler

Dean Lemler Finishes Another Successful Year at Wofford College

Dean Lemler, former Avon Park High School athlete, has just finished another year playing football for the highly successful Wofford Terriers of Spartanburg, S. C. Dean played defensive back for the Terriers who won 11 straight games this season before losing out to Texas A. & I. last week in the N.A.I.A. finals played in Greenville, S. C.

This was the second year Dean has lettered as a Terrier varsity player. The 5'11", 260 pound junior, who is the son of Mrs. Lucille Lemler of Avon Park, and the brother of Coach Deweyne Lemler of Avon Park High School, is not only considered an excellent defensive back on the Wofford football team but also is an outstanding baseball player for the Terriers. Dean earned 19 varsity letters as a Red Devil athlete and was

voted the outstanding senior athlete his senior year.

Last Spring, Dean led the Terrier baseball team in hitting with an average of over .350 while playing outfield and was tops in home runs with 18. In his first college baseball game, he hit a grand slam home run. He is a mathematics major and plans a career as an educator.

This fall the Wofford football team rolled over 19 regular season opponents and then defeated West Liberty University of West Virginia 124 on Thanksgiving Day in a N.A.I.A. Bowl play-off game. Dean intercepted two passes in that game—one in the end zone to prevent a touchdown. The 11 game win string this season gave Wofford a record of 26 consecutive wins over the two year period during which Dean has played.

The Wofford defensive secondary had limited Wofford's opponents to 123 yards of passing and six touchdowns in mid-November and "The Eleven Clubber," a Wofford College sports report, gave Dean Lemler much of the credit for this fine defensive record. The report to Wofford alumni stated, "Dean Lemler played his best game as a defensive back in the 38-0 win over Catawba. He not only played fine pass defense but also made several fine open field tackles. Dean plays steady defense for the Terriers each week."

The Terriers set several records in posting the undefeated season and finished with a No. 1 rating in the N.A.I.A. Division I football poll before losing to Texas A. & I. in the finals of the N.A.I.A. play-offs.

Mr. and Mrs. Maurice Fero (Verna) arrived here on Saturday, in time for our annual Christmas party and program in the recreation hall December 19 at 7:30 P.M. There were 104 in attendance. A program, "The Most Beautiful Room in the World" was portrayed in pantomime and song under the direction of Margaret Fries. Included in the cast were: Mercedes Bears, Morzella Reynolds, Martha McBeth, Josephine Button, Margaret Derr, Alva Derr, Lucille and Robert Duthie, Gladys Heffner, Earl Baxter, Albert Keyes, Roy St. Louis, Phelps Button, Harold Wolcott, John Wilkerson, Floyd Stevens, Dorothy Keyes, and Hazel Thompson.

In the angel choir: Mildred Long, Nita Byer, Olive Burnett, Gladie Wiedeman, Ruth Wolcott, Catherine Baker, Ella Ronneberg, Dorothy Baxter, Florence Star, Margaret Belcher, Harmon Heffner, Sylvan Baker, Warren Byer, Nelson Reynolds, Glenn Long, James Stark and Harry Brown.

Soloists were Mildred Long, "O Holy Night," and Nita Byer, "Oh Night Peaceful and Blest." They were accompanied on the piano by Mrs. Emmette Wright.

A candlelight service was held with Emmette Wright reading the scripture, Mr. and Mrs. Cecil Hale and Mr. and Mrs. John Evans as candle lighters. Narrator, Mrs. Fries. Assisting Mrs. Fries was Mr. Fries and Mr. and Mrs. William Belcher.

The gift exchange was in charge of Mr. and Mrs. Ora Myers, with all present receiving a Christmas remembrance. A clever gift was presented to the owners, Mr. and Mrs. E. Wright, arranged in the form of a bow tie and a ring by Ruby Myers.

Refreshments were served by Lula Maddrell and Rosa Krontz.

Our own artist, Paul Roth made a dove to be hung over the crib in our pageant, ad-

ding to the aura of peace which was a meaningful message of the season.

A group of 12 from the park spent all day Friday at the Golf Coast on Anna Maria Island at city and Manatee piers. They fished, gathered sea shells, sunned, ate and just loafed. Harry Burnett, Mr. and Mrs. Alva Derr, Mr. and Mrs. John Evans, Mr. and Mrs. Cecil Hale, Mr. and Mrs. Basil Krontz and Mr. and Mrs. Albert Keyes. It proved to be a very enjoyable day and ended with a big fish cleaning party back at the park that evening.

Pinochle scores were 1421 for Bertha Brush and 1554 for Wilkerson, Floyd Stevens, Dorothy Keyes, and Hazel Thompson.

Pinchle scores were 1421 for Bertha Brush and 1554 for Wilkerson, Floyd Stevens, Dorothy Keyes, and Hazel Thompson.

The Winter Guest Club was a busy place on Monday and Tuesday when the Annual District had their Amateur B Tournament here. Fifty-two teams signed up. Eighteen from Sebring and ten from Avon Park. Eleven and a half courts of "B" players were in the local tournament on Wednesday morning. Ella Roenneburg and Chester Thayer came in first, with Alva Derr and Basil Krontz coming in second. Consolation winners were Ella Larrew and Martha McBeth with Grace Staley and Stanley Schilling the runners-up.

In the afternoon the "A" players had 14 1/2 courts in play. Ruth Jordan and Alton Wetmore won in the main event with Helen Gaut and Alva Thompson coming in second. Russell Smith and Henry Retter won in consolation with Clay Kull and Herb Woolcott the runners-up. On Saturday with 16 courts in play, Dave Dickerson and Ottillie Retter won first place with Catherine Baker coming in second. Consolation winners Milton Higer and John Wolf with Duke Christensen and Leslie Hildreth the runners-up.

In the "B" division with 11 courts, Rosa Krontz and Don Mason won over Grace Staley and Basil Krontz. Bernice Long and Allene Howard won in consolation. Herman Wuster and Helen Smith came in second.

Card Games

On Monday and Friday afternoons there were four and five tables in play in pinocchio. Freda Steen had 789. Sadie Benson was second. Fred Hughes, Herman 739 and George Geisler had the score of 690.

Tuesday was bridge with six tables in play. Curt Hawkins came in with the score of 5360, and Mabel Cabezas had 5020.

Duplicate Bridge was played on Thursday with four and five tables in play. North-south winners were Ida and Al Allen, Julie and Curt Hawkins, and Eleanor and Joe Nickerson. East-west winners were Stella and William Moon, Marian and Harry Lyons and Anna Wesa and Bertha Brush. Geneva Ludwig was the director.

Dances

Art Gorsuch keeps the dances going, sometimes with three and four squares and sometimes with just one. It is always fun.

Crafts

The group of ladies were finishing their trees this past week. Next week it will be something new.

Supper

At the Saturday evening supper the Earl Aylings, the Carl McWhitneys and Mrs. Harry Young were the hosts. Floyd Wyant had charge of the music, with Earl Gunning at the piano.

There was the Pledge of Allegiance to the flag, followed by the table grace by Fannie Shilling. Floyd Ribordy's birthday was honored by the birthday song. Mr. and Mrs. Linville Myers were also honored on their 49th anniversary. Reed Simpson is still in the hospital, a little release this past week, but now better again.

New members and first time at the supper were Mr. and Mrs. Foster McNeil of Hornell, N. Y.

Poem "Christmas Bells" was read by Lorena Wyant. Norman Darling sang "Memories of Gallie" and "O Holy Night." He was accompanied by Jane Darling. Eula Gunning played a piano solo. Program was ended with the group singing Christmas carols.

Membership of 409

New members: Arthur Stephens, Attica, N. Y., Carl and Lula Wurdock, Royal Oak, Mich., and Mary E. Scott, Miami.

Recently returned: Oliver and Hazel Colon, Portland, Me., Floyd and Mildred Ribordy, LaPorte, Ind., Gus and Irene Savers, Alden, N. Y.

Entertainment

The 50th wedding anniversary party will be given at the club house January 10 at 3 P.M. All couples married 50 years in 1970 will please notify Paul Swartinger, 739 order to have your name printed on guest book.

County Court

Larry Rex Feickert, of Sebring, was given a 90 day suspended sentence in county court last week and fined \$200 or 90 days for driving while license suspended. He was fined \$30 or 15 days for speeding and \$30 or 15 days for having no driver's license.

Other fines handed out in the court were:

Forrest Elwood Long, Sebring, unlawful speed, \$30 or 10 days.

Earl Hunt, Avon Park, assault and battery, six months hard labor and \$500 or six months more.

Cliff Thomas

Thanks Signers

Cliff Thomas wishes to express his thanks to all that signed the petition that was recently circulated for the intersection of route 64 and US 27. The petition requests that measures be taken to avoid another accident in this area.

Thomas worked on the petition on behalf of the general public and was pleased that so many people became involved to help. Cliff Thomas says "thanks to all."

Longest Tail

Longest tail of a comet on record is that of the Great Comet of 1843. It stretched into space for a distance which has been estimated at some 200 million miles.

Sun's Temperature

The temperature of its surface is about 10,000 degrees, but the heat at the center of the sun is estimated to be about 35 million degrees Fahrenheit.

Consultation Team Formed By BAR

The State Bureau of Alcoholism Rehabilitation in Avon Park has formed a specialized professional alcoholism consultation team and named S. George Clarke, head of the Community Services Department coordinator.

Formed from a variety of disciplines in the field of alcoholism, the team is specially tailored to assist local groups in forming, operating and evaluating alcoholism programs.

It is oriented to the development of community programs, consultation in writing grant-in-aid requests, dealing with comprehensive mental health centers, special school and hospital programs plus follow-up evaluation once a program is implemented.

Consultants from all Bureau services, make up the team constituted by the state. It includes physicians, psychologists, social workers, nursing personnel, research personnel along with others, Mr. Clarke said.

More information on the "Consultation Team" may be obtained by writing to Mr. Clarke.

Lions Club Members Busy Over Holidays

Volunteer Lions enrolled by taskmaster President Jack Aeri have been busy at many chores over the past several weeks. Some were of the not so glamorous housekeeping type while others being of the nature of Santa's helpers were well satisfying. If you should go by the Lions Den on W. Bell St. you will surely notice that a old "Sebring race box" is no longer on the scene. Finishing a new owner and cleaning the old vehicle was a dirty, time consuming but rewarding effort. Another house improvement was the replacement of the kitchen grease pit with a more modern and lasting facility.

The second meeting of this month was conducted by a regular business session to family Christmas night. Each family brought wrapped gifts for either a boy or girl in the six to ten year age range. Thanks to a peak in 1969 when the people of the Avon Park community and the Christmas cheer in organization, many children's toys were made available for distribution to needy youngsters. It took many hours of sorting, testing and repairing to assure that the toys and other gifts would meet the standards of a child's expectancy from Santa Claus. The ladies too, bless them, more than did their part through the cleaning and dressing of many dolls. In this area, President Aeri presented to Mrs. Mary Hill of W. Charles St. a certificate of appreciation for her kind heart and deft fingers in the aid of Santa's doll shop. Mrs. Hill is connected in no way with the Lions but responded to a plea for help with no questions asked. This is truly the Christmas spirit at work.

More volunteer time was used in loading and transferring to the elementary school the many toys, bicycles and food for the final assembly and distribution action. The initial sorting of food stuffs was done by gift cards under the watchful eye of Lion Kelsey. Finally, the whole effort ended on Tuesday, the 22nd when with the help of many hands, the food, toys and other gifts were boxed or assigned to families selected through Christmas Cheer Inc. Fifty families and 110 children thus received a material yet surely a spiritual Christmas gift from their Avon Park Lions.

For all assistance, whatever the form, and eck the thought that this too was the true Christmas spirit at work.

United To Spend \$3 Million On New Phone Facilities

United Telephone Co. of Florida will spend \$3,000,000 in Highlands County to build new phone facilities and equipment within the next three years.

Announcement was made by President Harold R. Bollinger in Ft. Myers, who at the same time announced \$25 million will be spent within UTP's 13-county service area during the three years. The Highlands County project is part of this.

There are a total of 12,000 subscribers in Highlands County which was not anticipated how much will be spent each year or which projects have priority. Bollinger said that the sizeable system-wide investment will provide major additions as well as replacement of facilities. It is related to rapid growth occurring in most of the county's central and south-west Florida operating area and is designed to meet the communication needs of modern telephone users.

United serves approximately 130,000 telephones throughout its 13-county operating area with district offices at Avon Park, Fort Myers and Naples. Local offices are maintained in five northern district cities including Sebring. Others are Arcadia, Fort Meade, Ukechee and Wauchula.

United in 1969 spent over \$250,000 in this area. About \$250,000 in 1970.

Since taking over in 1967 from Inter-County Tel. and Tel. Co., United has spent a lot of money here. From the six year period 1961-66, Inter-County spent only \$33,700 on the Sebring exchange. United from September 1967 through September 1968, spent \$300,000.

Under Inter-County, service in Highlands County had deteriorated for many years until this area became a hot spot for complaints. The complaints to the Florida Public Service Commission, Public hearings held in Sebring drew a Highlands County courtroom full of people who were bitter over their poor telephone service.

United finally got the raise they asked after taking care of many of the complaints. It cost subscribers from 50c to \$1.50 per month.

One of the more bizarre complaints was from the Lortia

Two Avon Park Students Killed

At 2:10 P.M. Sunday Billy Morris, 17, was killed in a fatal accident five miles East of Avon Park, on Murphy Road.

Morris lost control of his car and it rolled over twice, killing him from the car. He was pronounced dead on his arrival at Walker Memorial Hospital.

The two passengers in the Morris car, Randy Percy, 14, and Richard Percy, 16, received head and bruise injuries in the crash and was reported in fair to good condition by the highway patrol.

This death follows the untimely death of the other 17 school student Robert Jones, 17, who was killed in a fatal accident in Sebring, following a long chase by the police. These deaths bring the total of fatalities to the all time high of six in Highlands County. This is the highest fatality rate that has been reported in Highlands County. In 1957 the record was 23 deaths attributed to accidents. In 1969 only 13 deaths were recorded.

Federal Government OK's \$13,000 For New Armory

The office of Cong. Paul Rogers in Washington on Monday announced that \$13,000 has been appropriated to help build a new National Guard armory just South of Avon Park. Rogers' office said the information came from Maj. Gen. Francis Greenleaf, Department Chief, National Guard Bureau. The state will contribute \$90,000 toward the new facility.

The structure will rise on a 10-acre site three miles South of Avon Park on the West side of US 27. The site contributed by the city of Avon Park is opposite the Hoesergraff plant.

Building plans were prepared some time ago according to Capt. Carroll Lloyd, National Guard commander here. The building will be similar to the new armory at Arcadia and will include a large drill floor, about 180 feet long. There will be classrooms, supply rooms, a kitchen, vault storage area, rest rooms and administrative offices. The administrative area will be air conditioned.

The new armory will face US 27. Behind the armory will be a large fenced area to be used for storage of equipment and parking of Guard vehicles. The facility will be tied to Avon Park's city water and sewerage systems.

The building will be the largest assembly area in the county and will be available for organizations to rent for large meetings and dances.

Who Is In Control Of Police Dept.

Who had the final authority in the County of the police department came under a heated discussion at the meeting of the Avon Park City Council Monday night.

It all started with the motion made by Councilman Derrah Martin, that a written notice be given to reprimand a city policeman alleged to have been found intoxicated while on duty. (This is not to imply that this man was a patrolman.)

Mayor Barben, reported that this had already been taken care of and that he had warned the man in question through the head of that department. This led to a discussion of who had the authority in regard to the control of the police dept. The Mayor then said "I think we should decide who is going to run the police dept. the council or me, the referring to the police officer in question has again he will be fired." The Mayor continued "I believe in this charter, the Mayor has some authority and some duties. I believe the police department is given to me and I would like to run it."

Council President Don Serdyny said that the council that the situation of the police is being handled and he could not see where anything could be gained with a letter from the Council or that the council, to be at odds with the Mayor.

Martin withdrew his motion, but wanted it understood that a should be made a matter of record that this discussion came up and that the warning had been given the party.

Law On Assessing and Taxing Mobile Homes Confusing—Martin

To remove running gear. If they put a foundation under it and have permanent utility connections such as lights, water and sewers, then so far as I am concerned, if the owner says it is placed there permanently and he wants it assessed as real estate, we will accommodate him. If he doesn't buy a tag, I'm supposed to assess anyway.

Martin pointed out his office has "to abide by the law and it is a mess up here. It confuses the hell out of me. I have to receive from his taxes to run the county."

With more and more trailer and mobile home parks locating in this area, interest is sharpening on this tax situation. And not just in Highlands County.

A suit has been brought by a Tampa man to test the Florida law dealing with mobile home taxation. It contends that a mobile home ceases to be a mobile home when it becomes attached to the land and is stripped of wheels and running gear.

The state controller's office points out that if the trailer or mobile home owner buys a tag, ranging in price from \$20 to \$80, the first \$15 of this tag with the state and the rest comes back to the schools and the county commission. A total of 1,639 such tags have been sold in this county by the office of R. X. Drent during 1970.

Tax Assessor Billy Martin points out that if the mobile home is assessed as a home, the tax money stays in the county. The average trailer with a mobile home owner can get homestead exemption. For his property tax would run somewhere between \$30 and \$70.

Martin said his office assesses trailers and mobile homes as real estate if they are fixed permanently to the land, such as in Orange Lake Estates. For rental parks, the trailer park owner is assessed for the land occupied by the trailers, "9,580 to \$10,000, more or less."

In assessing trailers and mobile homes as homes Martin said, "We do not require them

Avon Park Still Being Considered For Academy

Among eleven contenders for a new police academy, Avon Park was among the suggested sites for the proposed academy. State law enforcement officer, Bill Reed, prefers Tallahassee as the site of a academy because it is where the state crime laboratory and other facilities are located.

The funds for such a project will be derived from a \$1, surcharge levied on offenders. The decision to build, or fund several schools, as he has been suggested by some of the sheriffs. The money for the school was assured when the U.S. Supreme Court decision on the appeal by a Bradenton junior, Phillip Young, upholding a state supreme court decision on the surcharge.

The council is scheduled to make a decision on the location and type of school or schools in January. The Florida Power Service Co. has been considered, Gainesville, Jacksonville, Sanford, Bartow, Deland, and Avon Park.

A number of local law enforcement officials have proposed that a plan to build a academy be forfeited and a plan to build a training center in programs in connection with Junior Colleges.

Reed said many local officials had alternatives to finance their own police training programs. The legislation allows local governments additional dollars to fund any local programs for police training or schooling.

HELEN NEWBY

Two Avon Park Teenagers Missing Since Saturday, Dec. 26

Two 15 year old Avon Park girls have been missing since December 26. Helen Newby, age 15, five feet, four inches tall and weighing 120 pounds, and Annette Hicks, age 15, five feet, six inches and weighing 115 pounds. Both girls are high school students in Avon Park.

The Newby girl has long blonde hair while the Hicks girl has dark hair.

Helen Newby had gone to the Hicks home to spend the night with the Hicks girl, and at 9 o'clock both girls retired to their room to presumably go to bed. The girls then climbed out the window and disappeared.

There is no idea on their whereabouts and all police and sheriff's department have been alerted as to their disappearance. Both are on constant watch and are investigating the disappearance of the girls.

Anyone seeing or knowing anything of the two missing girls are asked to contact the police or sheriff's office immediately.

Bureau of Alcoholic Rehabilitation

John A. Williams

ALCO- TOPICS

Early detection is the greatest protection for the problem drinker. In fact, it can and does save many lives that otherwise are played under by alcoholism.

Going on this premise, it was interesting to note a small but significant news item out of the city of Minneapolis the other day.

The item said the city Civil Service Commission has announced its sick leave policy to cover city employees who seek medical treatment for alcoholism or narcotics addiction.

The city's personnel director, John Proctor, proposed the amendment, which he said is intended to bring sick leave policy in line with medical evidence which shows alcoholism and narcotic addiction to be an illness, rather than treating the two human afflictions as cases of moral delinquency.

The State Bureau of Alcoholic Rehabilitation has long known that alcoholism, when not treated as an illness, simply drives the problem underground.

It believes that much of the sick leave a alcoholic receives carries other diagnoses because a variety of problems pile the rails with problem drinking.

It more cities and small towns alike would take such an enlightened outlook, the soaring rate of abusive drug taking might save millions of dollars for the employer—not to mention the mental torture that families and friends are so certain to endure.

Social work is one place in our society where young people, full of bright ideas for the betterment of society, can be useful when the lust for a better life is combined with professional skill in the field of alcoholism.

A breakdown in communications between the young, middle and older generations simply slams the door in the face of a vast majority of our population that needs help to confront alcoholism and other drugs.

The layman, as well as professional social workers, doctors, psychologists and psychiatrists can stem the tide against the problem drinker who is in trouble. But all groups need to understand the facts before rushing out to do "thing one thing" about such a complicated problem.

For factual information on all facets of the alcoholic write to: Information Services, P. O. Box 1147, Avon Park, Fla. 32825.

We have the facts. Society will have to take the action.

LEWIS LLEWELYN

No Love Apart From Sex?

"Without sex there can be no real love," says Dr. David Reuben in his column in a monthly magazine.

The doctor is supposed to be an authority on sex—but he seems to know little or nothing about love apart from sex.

With this sweeping statement he airily discards the love of a mother for her son or daughter, the love of friend for friend—in fact, all kinds of love except sex-related love.

Life Without Love Intolerable

Sex-related love is important. A woman in Ft. Lauderdale, Fla., after an argument with her husband, asked him whether he loved her. He refused to answer.

After repeatedly asking the question with no response, she handed her husband a note which said, "I have in my hand a glass of poison. Arsenic poison. If you don't answer me I'll know you don't love me. If you don't love me, I'll drink this poison and kill myself."

Her husband sat silent. She drank the poison and died.

Life without her husband's love was to her intolerable.

Different Kind of Love

But the most important kind of love has no relation whatever to sex.

There was a man who lived 20 centuries ago whose life was based on love. His voice spoke with real authority, because His deeds, as well as His words, demonstrated His love for those who were in need. His love for His friends, and even His love

for those who crucified Him. When he speaks of love we should listen.

This is what He says: "Thou shalt love the Lord thy God . . . and thou shalt love thy neighbor as thyself."

Alfred Adler wrote: "There is a Law that man should love his neighbor as himself. In a few hundred years it should be as natural to mankind as breathing or the upright gait, but if he does not learn it he must perish."

Adler is right about the importance of learning this basic principle of Christianity—which was also taught in the Old Testament—but I am not optimistic that much progress is being made in this direction at the present time.

Love Is Way to Peace

Nevertheless, love is the way to personal peace. If and when love can be applied to international relations, there will be no more wars.

But the love that is needed is a love of which Dr. Reuben is apparently unaware—the totally unselfish love which the Carpenter of Nazareth showed to the world.

St. Anselm said of this all-important love: "The love of God is not a mild benevolence; it is a consuming fire. To those who resist it, it becomes an eternal torment. To those who are willing to face its demands, it becomes a fire that cleanses and purifies. Those whom it has once penetrated, it transforms into itself."

This love is the key to life.

Letter To The Editor

The high school Christmas concert was given on December 17, and today is the 27th, who said "Nothing is as dead as yesterday's news?"

As I reminisce over what I saw and heard it seems there is something of interest to quite a few people in Avon Park.

First the performance executed by the senior band, senior chorus and the junior chorus was outstanding and beautifully performed and was really a credit to Victor McKinna and Kenneth Ebner. I know we all thank them.

However, from where I sat my observation brought to light a most interesting performance, which I could not have been able to see from any other part of the auditorium.

First the highlight was the boys section of the 5th and sixth grade chorus, whose instructor is Mrs. Amy McKinna, their beautiful and beloved teacher with the voice of an angel.

Social Security Questions And Answers

Question—I am receiving widow's benefits on my husband's record. At my death will social security pay anything on my burial expenses?

Answer—There is nothing payable towards burial expenses at the death of a widow, unless she has worked long enough to be covered on her own record.

Question—My son was killed while a member of the Armed Forces. The Army paid the bill, but I had some expenses that were not included. Will the social security pay anything toward these expenses?

Answer—There are certain burial expenses, in addition to the funeral bill, that can be reimbursed by social security. Take your receipts in to the nearest social security office, and inquire about filing a claim.

Question—I receive social security disability benefits. About two months ago, my condition got a lot worse. Is there any way I can get an increase in my check?

Answer—There can be no increase in disability benefits due to a worsening condition. When the benefit was first paid, it was figured at the highest possible rate. The only raises will be those that are passed by Congress.

Can She Get Military Clearance?

An Open Letter To Young People

The article below was penned by Eric A. Walker, president Emeritus of Pennsylvania State University. Entitled "The Most Remarkable People," the article is something we feel needs to be said—and read by the young people of today.

Let them forget.

THIS GRADUATION CEREMONY marks the completion of an important phase of your life. It is an occasion in which all who know you can share in your sense of pride and accomplishment. But no one has more pride in your accomplishment than the older generation. But I am not going to tell that older generation how bright you are. Nor am I going to say we have made a mess of things and you—the younger ones—are the hope of mankind. I would like to reverse that process. For if you will look over into the bleachers to your left or right, I will reintroduce you to representatives of some of the most remarkable people ever to walk the earth. People you might want to thank on this graduation day. These are people you already know—your parents and grandparents. And, if you will bear with me for five minutes, I think you will agree that a remarkable people they are indeed. Let me tell you about them.

Not long ago an educator from Northwestern University by the name of Bergen Evans, a radio performer known to your parents, got together some facts about these two generations—your parents and grandparents. I'd like to share some of these facts with you.

These—your parents and grandparents—are the people who within just five decades (1919-1969) have by their work increased your life expectancy by approximately 50 percent—while cutting the working day by a third, have more than doubled per capita output.

These are the people who have given you a healthier world than they found. And because of this you no longer have to fear epidemics of flu, typhus, diphtheria, smallpox, scarlet fever, measles or mumps that they knew in their youth. And the dreaded polio is no longer a medical factor, while TB is almost unheard of.

Let me remind you that these remarkable people lived through history's greatest depression. Many of these people know what it is to be poor, what it is to be hungry and cold. And because of this, they determined that it would not happen to you, that you would have a better life, you would have food to eat, milk to drink, vitamins to nourish you, a warm home, better schools and greater opportunities to succeed than they had.

Because they gave you the best, you are the tallest, healthiest, brightest, and probably best-looking generation to inhabit the land.

And because they were materialistic, you will work fewer hours, learn more, have more leisure time, travel to more distant places, and have more of a chance to follow your life's ambition.

These are also the people who fought man's gristliest war. They are the people who defeated the tyranny of Hitler, and who when it was all over, had the compassion to spend billions of dollars to help their former enemies rebuild their homelands. And these are the people who had the sense to begin the United Nations.

It was representatives of these two generations who, through the highest cost of the land, fought racial discrimination at every turn to begin a new era in civil rights.

They built thousands of high schools, trained and hired tens of thousands of better teachers, and at the same time made higher education a very real possibility for millions of youngsters—where once it was only the dream of a wealthy few.

And they made a start—although a late one—in healing the scars of the earth and in fighting pollution and the destruction of our natural environment. They set into motion new laws giving conservation new meaning, and setting aside land for you and your children to enjoy for generations to come.

They also held the dubious record for paying taxes—although you will probably exceed them in this.

While they have done all these things, they have had some failures. They have not yet found an alternative for war, nor for racial hatred. Perhaps you, the members of this graduating class, will perfect the social mechanisms by which all men may follow their ambitions without the threat of force—so that the earth will no longer need police to enforce the laws, nor armies to prevent some men from trespassing against others.

But they—those generations—made more progress by the sweat of their brows than in any previous era, and don't you forget it. And, if your generation can make as much progress in as many areas as these two generations have, you should be able to solve a good many of the world's remaining ills.

It is my hope, and I know the hope of these two generations, that you find the answers to many of these problems that plague mankind.

But it won't be easy. And you won't do it by negative thoughts, nor by tearing down or belittling. You may and can do it by hard work, humility, hope, and faith in mankind. Try it.

In warm afternoon sunshine the A's had 54 players. Winners were Cleo Lane-Gladys Hefner and runners-up, Larry Robinson-Dave Dickerson. In consolation, Marjorie Faulkner-Everett Paxton won over Louise Privipp-Hazel Higgs.

Saturday's coolness kept many away from courts but in spite of cold there were 10 courts of A's with the winners being, Milton Higgs-Cleo Lane and runners-up, Hazel Higgs-Futh Jordan. In consolation, Henry Rette-Doug Christensen were followed by Mabel Crocker-Earl Thompson.

The B's had eight courts in play with main winners being Herman Wurster-Don Mason and runners-up being Doc Fields-Chester Thayer. In consolation winners, Burdett Howard-Etha Larrew over O. B. Colon-Tevilla Wynn.

Christmas Dinner
Fifty-two members and 4 friends enjoyed dinner at the club house. The Ribordy family furnished beautiful centerpiece and all reported the food was delicious. Mrs. Ribordy read the Christmas Story from Scripture. Poems were read by Mrs. Edith Mortensen, "The Christmas Tree" and "Solitary Life" by Mrs. Shilling. Others by Mrs. Elvora McNeil and Mildred Ribordy. Paul Hoppe played "O Christmas Tree" to the accompaniment of Mrs. Elizabeth Hill accompanied for group singing of carols. Mrs. Zetta Buzan of Indiana celebrated her birthday and the following wedding anniversary.

Mr. and Mrs. L. H. Potter, Pennsylvania; The Fred Robinsons, Avon Park; The Paul Hoppe, New York.

Guests at the dinner were, Art Stephens, New York; Mr. and Mrs. Weldon Snider, Illinois; Mr. and Mrs. Buren Mills, Lake Wales.

Dinner Committee, Mr. and Mrs. Edwin Swanson, Mr. and Mrs. Floyd Ribordy and Mrs. Edith Mortensen.

Christmas Party
A happy group of members gathered at the club house Wednesday evening to attend the annual Christmas party and gift exchange. They got in the Christmas spirit with the Shuffle-Air singing Christmas carols. Aida Peters and her girls in their white robes and candles in the subdued light were indeed very impressive as they dramatized the Lord's Prayer.

Mildred Long and Harold Wolcott at the piano topped off the entertainment with Mildred singing the Lord's Prayer. This concluded the musical entertainment and all had a good time.

Mr. and Mrs. Farris Randall of Eden, N. Y. spent Tuesday visiting her aunt, Mrs. Paul Hoppe.

Mr. and Mrs. Don Johnson of Rochester, Mich. are visiting his parents, Mr. and Mrs. Roy Johnson on Glenwood Street.

Mr. and Mrs. Frederick Romilly and children, Cheryl and Douglas are spending the holidays with his parents, Mr. and Mrs. Charles Romilly.

Mr. and Mrs. Edwin Swanson had as their guests, Mr. and Mrs. Kenneth Swanson of Union Mills and Mrs. Edith Mortensen of Avon Park.

Mr. and Mrs. Harry Wohlwend and their children are spending the holidays with her parents, Alton and Hallie Wetmore.

Chrissy Jones Entertains Friends

Chrissy Jones, daughter of Dr. and Mrs. Donald Jones of Pinecrest, entertained friends at a Christmas party at her home Tuesday, Dec. 22, from four

until seven. Serving as hostess with Chrissy was Miss Wanda Williams. The table beautifully decorated in the Christmas motif, held wreaths of blue, green and purple fruit centered with blue candles. A gorgeously decorated Christmas tree further carried out the holiday theme.

The group enjoyed a buffet supper of hamburgers and snacks of all kinds. Those sharing this evening of

games and dancing with Chrissy and Wanda were Laura Clark, Delby Flowers, Sandy Capell, Laurie Keller, Darlene Jones, Olga Smith, Dennis Crews, Hal Worden, Julio Sanguality of Sebring, Jeff Scott, Greg Burch, Nick Fells and Vic Mickunas.

The English New Year celebration was changed from December 25 by William the Conqueror because he was crowned on January 1st.

FLORENCE C. SOUTHWELL

Florence C. Southwell Presents Public Lecture at Local Church

What spiritual awakening has to offer people concerned about drug abuse, pollution, and other problems will be discussed in a public lecture in Avon Park Lakes on Sunday afternoon, Jan. 3.

It is false reasoning about the nature of life that has led mankind into drug abuse and the other ills from which it suffers today, the lecture will bring out.

Florence C. Southwell, C.B.S., of Miami, a Christian Science lecturer, will speak under the auspices of Christian Science Society, Avon Park Lakes at 3 P.M.

A former Trustee of The Christian Science Publishing Society, Mrs. Southwell will speak on the subject "Awakening to Newness of Life."

There is a connection between awakening to the divine source of life and spiritual healing, according to the lecturer. She will cite several instances to show how such awakening brought freedom from illness and other problems.

Mrs. Southwell is a native of South Bend, Ind., and attended George Washington University. She served as an assistant manager of a state-wide firm in Florida before becoming a Christian Science practitioner.

She later became a Christian Science teacher and also a member of The Christian Science Board of Lectureship. From 1966 to 1970 she served as a member of The Board of Trustees of The Christian Science Publishing Society. She is currently on extensive lecture tour.

Her Avon Park lecture is open to the public without charge.

The bow on men's hats seems to be a carryover from bygone ages, when all men's hats were made the same size. Each owner adjusted the band to make the hat fit his head, and took the ends of the band into a bow.

Spain combed the Americas for gold, silver and jewels, to be shipped back to Europe. But she also carried back across the Atlantic the ivory palato, which has been worth far more to mankind, than the value of all the gold and silver she ever found.

Wars and strikes are each easy to start, difficult to stop, each settle little or nothing, and wind up by bringing a loss to all concerned.

THIS GROVE HEDGER, in the Agricultural Machinery Shop at South Florida Junior College's Agricultural Machinery and Mechanics course, for engine overhauling problems is having a steering

Nazarene Group Sang Carols To Residents

The Nazarene Young People's Society of the Church of the Nazarene held its annual Christmas party Saturday evening, Dec. 19. Caroling highlighted the evening as the teens and young adults sang to many people at their homes throughout Avon Park. They also sang to several Winter Guest Club shufflers and about 100 residents of Avon Mobile Home Park who were attending their Christmas party in the park's recreation hall.

After caroling at several houses at the Avon Park Campground, the group was served refreshments at the home of Mrs. Pearl Cox by Mrs. C. A. Mackey and Mrs. Cox.

Returning to the church Social Hall, the young people exchanged gifts to conclude the evening. Twenty-two members and guests attended the party.

Some are asked for autographs—others for fingerprints. We can see millions of things that remind us of a creator we cannot see.

Memorial Dedicated At Redeemer

A beautiful memorial Court-yard was dedicated last Sunday, December 27th by the Redeemer of the Episcopal Church of the Redeemer in Avon Park. An enclosure of weeds and dirt between two of the Parish buildings was transformed with artistic paving with Keystone surfacing, a shrine center with a statue of St. Francis, and cornered by stone benches.

The ceremony took place after the 10 A.M. Sunday service with the congregation participating in responses and prayers.

Members of the Knapp family were present to honor the memory of James A. Knapp for whom the Court-yard was built. In addition to Mrs. John L. Knapp, James' mother and the Rector, his father, his three brothers.

John C. Michael P. and William L. and John's wife, Jan, were present. Mrs. John L. Knapp's brother, Mr. Charles Ebert came from Green Bay, Wis. to attend.

The memorial committee and important associates consisted of: Mr. Franklin Ward, Mrs. Walter Betts, Mrs. E. G. Todd.

Maintaining soil fertility is an idea that man picked up with settled civilization. Backward people have always followed the policy of clearing an area, growing a few crops on it, then moving on, starting all over again, at tremendous labor cost for removing timber.

One person can be miserable, but it takes two for real happiness.

Mrs. A. C. Wester Jr., Mr. Arthur Irwin, Mr. and Mrs. James A. Johnson.

Plantings and other flowers have been arranged to focus on the statue, making the yard an attractive patio for reflection, rest, as well as for gay social occasions. Other outdoor furniture can be added, and lighting is planned.

The memorial was given by Parishioners and other friends of the Knapp family in memory of James A. Knapp who died last April in West Germany after some months of illness. He was an executive of King Maschinen Co. of Ostrath, James' wife, AnnMarie, was killed in December in a highway accident near Ostrath and was to have been present for the dedication of the memorial to her husband.

A NEW palm cluster has been added to the landscaping at South Florida Junior College. After a search of many weeks, Scott Gibson, Winter Haven and a math instructor at SFJC found this palmate or fan-leaved specimen in a hometown nursery. Accepting the cluster planting on behalf of SFJC is Dr. William Stallard (right).

Where Space Starts
Although there is no exact or recognized boundary, many space scientists place the beginning of space—as far as the earth is concerned—at 60 miles above the earth's surface.

John Kennedy, Moses and George Washington could have each lived a life of comfort and ease, and remained unknown. They chose to help others, and became world famous.

Life Is Full of Mysteries

"Once upon a time there was a man who planted a garden. The next day he got up and went to work and came home and went to bed, and continued to do so in his daily routine, day after day. Though he was paying it no attention, the garden grew — how it grew he had no idea, but it did."

That's the way the earth works. It produces its crops by itself: first the little shoots, then the mature plant, and finally the fruit or grain.

When it was ready, of course, the gardener gathered his produce immediately.

"This is just the way God works in His World — the spiritual world."

Stories That Teach

You have just finished reading a little story. Did it interest you? I suspect it did. Here is a man we can picture in our minds, doing something we and many of our neighbors do every day — planting a garden.

Of course we are interested in him, because in many ways he is just like us. We tell little stories like this all the time, don't we? Like about every evening at supper time when somebody asks, "Well, how did things go today?"

This little story, however, goes a little bit beyond where we often stop. The story-teller got to thinking about that man and his garden and he came to realize that, once a seed is in the ground, the growth goes on mysteriously, with or without the gardener.

The story-teller realized that this is the way the world operates. We may change a few

Holiday Inn Hosts Highlands Jaycee's

CHRISTMAS PARTY

FOR COUNTY'S UNDERPRIVILEGED CHILDREN

LES LEAR, left, formerly of the "Welcome Traveler" show gets together with Wes Ward, of local Radio Station WJCM to kick off the program for the Christmas Party.

THIS YOUNG lady wanted to sing and Les Lear loans the mike her way as she belts out "Jolly Ole Saint Nick."

IT WAS a grand party indeed for 200 youngsters from Highlands County as they gathered at the Lake Placid Holiday Inn for a big party. The party this year was sponsored by the Jaycees of Sebring, Lake Placid and Avon Park, and they have taken it on as an annual event. The gifts were bought from contributions to the Jaycee's Christmas fund, wrapped and tagged by the Jaycees for personal distribution by Old Santa with each youngster's name. This was the second annual party at the Inn for these youngsters with plans already under way for another in 1971 with more youngsters. The Inn provided food, fruit, candy and entertainment by the Styrophoam Soule band from Gainesville which also contributed their time and talents to the program.

MANY SMILES and expressions of wonder are shown by the youngsters attending the party.

THE RED hot Styrophoam Soule band from Gainesville provided music for the youngsters who later joined in a dance contest.

THESE JAYCEES and many others put in a lot of time to make the party a success. They joined Jack Weissner, president of Holiday Inn in welcoming the youngsters to the Inn.

JACK WEISSNER, president of the Holiday Inn joins in the festivities . . .

THESE YOUNGSTERS help provide the entertainment for their fellow guests.

THE MUSIC was hot and the dance floor small, but to these youngsters, it couldn't have been better as they wiggled and swayed to the Styrophoam Soule music.

Our Thanks

THE JAYCEES of Highlands County would like to thank all of the people who contributed funds to make the Christmas brighter for these youngsters and a special thanks to: The Holiday Inn for the facilities, food and hostesses . . . To Les Lear for the masterful job as master of ceremonies; to Beverly Bowers, Mrs. Santa Claus; to Bob Dunty for the fruit and other gifts; to the Lake Placid Lions, Sebring Kiwanis and other organizations for their monetary and other gifts; to the news media which publicized the program so well . . . and a special thanks to Wesley Ward of Radio Station WJCM in Sebring who originated the idea, and for his many hours and hundreds of dollars in radio time to make the party a success. We hope you all will join us again in 1971 and help make a lot of youngsters happy and merry at Christmas time.

THE JAYCEES

FLORIDA STATE Jaycee Vice President Ernie Norris thanks the many Jaycees, the Holiday Inn and the many contributors who made the party possible.

Our deepest sympathy is extended to Alice and Jean Tansil George who had been to Walker Memorial Hospital passed away Christmas afternoon. He had been home from the hospital to have Christmas dinner with his family and inspected his garden before returning to Walker Memorial Hospital. It was shortly after his return that Alice received word of his passing away.

Mr. and Mrs. Dewey Hanson of Minneapolis, Minn. enroute to Miami passed an unexpected call on Dorothy and Percy Begel the Sunday before Christmas.

Mr. and Mrs. Bernard Jordan of Ocala visited with Mary and Cedric Weiman on Christmas. Mr. Jordan teaches psychology in a college in Ocala, also works with prisoners, three nights a week in that vicinity. He was a former guidance teacher at Shaker High School at Latham, N. Y.

Mr. and Mrs. Earl Witkowsky of Midland, Texas, called on Ellen and Harry Hunt on Saturday morning.

Hazel and Harry Jedrey and Carrie and Bing Jones shared Christmas dinner again this year, the usual New England style. Hazel phoned her parents in Jonesport, Me. on Saturday. They reported eight foot drifts of snow and snowing hard and more to come. Brerri.

Mr. and Mrs. Kenneth Beck of Lake Placid spent Christmas with Dorothy and Percy Begel.

Shorty and Cecil Thomson have been enjoying their two daughters from Jacksonville, Fla.

Ruth Smith arrived back from visiting her daughter and family, the Richard Gents in Dallas, Tex. She accompanied her daughter and family, the Richard Gents in Dallas, Tex. She accompanied her daughter and family, the Richard Gents in Dallas, Tex.

Lorraine Robertson entertained her daughter, Mrs. Roger B. Darval and daughter Kathy Lynn Darval over the holidays.

Lillian and Bob Cook have had their daughter and three granddaughters as guests over the Christmas holidays.

Thelma Chalmers spent Christmas holidays with her daughters-in-law, Mr. and Mrs. Harold Hall at Sarasota.

Christmas dinner also included Mr. and Mrs. Harry Gregory of Sarasota.

Maria and Fadya Lionetto entertained Lulu Damon, Elton Shorten, and her sister, Gladys, Maud Curry, Jim

Join the fun!

Our best wishes for a speedy recovery to Cedric Weiman who was admitted to Walker Memorial Hospital on Monday for surgery.

The holiday festivities of last week consisted of films on Christmas Eve of "Winter Vacation" and "The Bear Hunt" and "Hound Music in Michigan" and "Million Playhouse" films, with about 30 attending.

Christmas day annual dinner was a success with food prepared by the talented ladies of our park. The turkey, tender and well baked by Dorothy Baxter, Margaret Belcher and Mrs. Montgomery were supplied by Mr. and Mrs. Emmette Wright, as was the delicious ham, which was baked by Dorothy Keyes.

Hostesses for this dinner were Margaret Rice, Rosa Kmetz and Ruth Robinson.

The setting for all this was at the recreation hall which had been decorated by Mr. and Mrs. Raymond Pries, Mr. and Mrs. Albert Keyes and Mrs. John Dolan at Phoenix.

Mr. and Mrs. Andy McLean and son Pete of Detroit, Mich. were in town on Saturday, Sunday they enjoyed Book Hunt on Sunday afternoon.

Ellen and Neil McGonagle are enjoying their home in the new house at Phoenix. Mr. McGonagle is a member of the Phoenix Hunt and Sport Club.

Sgt. Porter Stationed In Colorado

U. S. Air Force Staff Sergeant Jimmy T. Porter, son of Mr. and Mrs. J. W. Porter of 1304 Crab St., Haines City, arrived for duty at Ent Air Force Base, Colorado.

Sergeant Porter, an electrical systems technician, is assigned to a unit of the Aerospace Defense Command. He previously served at Sembach AB, Germany.

The sergeant has completed a year of duty in Vietnam.

He is a 1961 graduate of Avon Park High School. His wife, Glenda, is the daughter of Mr. and Mrs. A. G. Horton of 411 W. Walnut St., Avon Park.

Come to this Christian Science Lecture Sunday afternoon, Jan. 3, 3:00 P.M. C.S. Church Avon Park Lakes

Gifts were distributed to each of the ladies present and in addition a drawing was held for a number of door prizes for the ladies.

The next meeting of the club will be held on the fourth Wednesday in January with the installation of new officers by the Potentate of Egypt Temple in Tampa.

Following the "Yor City" tour, and after an hour "free time" for lunch or shopping, the group will be driven to Bush Gardens where a two and a half hour visit allows ample time to enjoy the trained bird show, ride the monorail over the African wild animal compound, or just relax and enjoy the beautiful gardens.

The group will return to Avon Park about 6 P.M. Just one bus will be available for this trip, and it is about two-thirds sold out. Those who still have space on the January 15th day cruise to Nassau with cocktail buffet direct from Southland Court to the ship and return. They announce that they have no group cruises next year as their plans call for all bus and air tours for next season. Phone the Ritchies at 453-5500 for more information and reservations.

Measure of Melting The use of the word ton in rating air-conditioning units means that the cooling produced by the cooling device is capable of melting one ton of ice in 24 hours.

Highlands Community Concert Will Feature Famous Organist

Radio City Music Hall organist Richard Leibert will give a recital at 8 P.M. Saturday at Sebring High School auditorium under auspices of the Highlands Community Concert Association.

Admission is for concert series members only, but season memberships may be purchased at the door by new residents and guests of members. This is the season's first concert.

Leibert is a nationally known

radio and recording artist. He has been heard as a theatre organist in Pittsburgh, Cleveland and Chicago. In winning the Radio City post, he competed with 13 other applicants. His selection was unanimous.

He has held the post as chief organist there from its beginning to this day. He has appeared in concerts in practically every major city in the United States, and with Buffalo and Rochester symphony orchestras.

Red Devils Will Meet Wauchula At Home Saturday Night

The exciting Avon Park Red Devil basketball team will play back at home Saturday night against the Wauchula High Wildcats after two out-of-town games this week. Last Tuesday night the Devils took the power, high-scoring Lake Placid Green Dragons in the southern Highlands County city and tomorrow night, Friday, the Red Devils traveled to Sebring for a last with the Blue Streak cagers. All "B" squad games start at 6:30 P.M. with the varsity game following around 8 o'clock.

Next Tuesday, Jan. 12, the Red Devil squads will be idle although the schedule cards have Santa Fe coming here to the Avon Park gym. That game has been moved to Tuesday, Jan. 19, so the Devils will play only on Friday of next week and that game will be in Okeechobee.

The Avon Park varsity record stood at 5-2 before the Lake

Placid game started off the 1971 portion of the season. The Devils had won over Alva by a score of 63-35, Okeechobee 74-48, Frostproof 73-61, and Moore Haven 60-44 and had lost to Arcadia by a score of 82-64 before the Christmas holidays. Then the Devils won over Port Meade in the first game of the Frostproof Invitational Christmas Tournament held in Frostproof, but lost out to the host team in the finals in a wild, rough game.

After seven games of play junior guard Don Siemore was leading the scoring for the Devil varsity with an average of 30.6 points per game and a total of 214 points. The 5'7" sharpshooter also had a fantastic 77% at the foul line hitting 72 of 94 free shots in the seven games. From the floor Don had hit 45% of his shots and had also accounted for 26 rebounds.

Meeting Will Inform Parents Of New Middle School Concept

On January 13 there will be a meeting set up by the Lay Advisory Committee to enlighten the students and the parents of the new concept of a Middle School in Avon Park.

With Doctor Bondi, Educational Consultant from the University of Florida in Tampa as the main speaker, teachers and office personnel of the county office will attend. The purpose of this meeting will be a question and answer period at which the interested parties may ask questions and receive correct answers that will delete all the rumors that circulated when the news of the proposed change in the school set-up was first released.

The concept of a Middle School is partly new in operation in the section however, there are many other ideas in the actual change which will take place. The teachers will have to be oriented and the student will have to be prepared for the change.

In the St. Cloud Middle School, which could be an example for the proposed new middle school in this area, there are many examples that could be followed, all in the interest of the better education of all grades and students, with one example, say there are four 8th grades, there would be an academic block of four gradings where the pupils would be tested and graded according to their abilities and this would put them in their correct status of learning. There may be 30 students that are above average these would be placed in one room and considered in block No. 1, the others would be graded in accordance with their abilities, thus accomplishing two things.

The student that is not too fast to grasp would not be as though he or she was not a smart child and cannot learn and would not have to drop out because they could advance them in the other hand by separating the students, the classes then would be smaller and the teacher would be able to give individual attention to the less brighter child and advance them in their achievements to a higher level.

The band and football team was the main disappointment of many in Avon Park. It was rumored that this would eliminate these things. This can be the farthest from the truth. Music and band and athletic programs will be implemented. The general feeling among the teachers and principals is that they will give the public what it wants. So, if you are interested please attend this meeting and you will be enlightened. The school is taking place what this system will mean to your children. Rumors are being spread to confuse you, so please attend and get it straight from the horse's mouth.

Other plans to offer the students a better variety of vocational enriched studies, designed so that the student will be able to choose a favorite hobby or personal interest that they may have.

In the St. Cloud Middle School there are over 40 different vocational studies. The theory behind this is that a child that receives these courses will then become interested in other school subjects, again for example a student that would choose home mechanics would not only be trained in a possible vocation that he may be able to earn a living with but also will in his endeavor to learn this he would then know that he would like to learn the basic mathematics, reading and writing, thus getting a good basic education and preparing at the same time to equip himself with a trade that will help him to face the world when he graduates.

Not all students are college material, so in giving them the vocational training in the things that are interesting to them will help them to a better life and education. It has been proven in other areas that this has helped a pupil to become more interested in all studies.

In the vocational studies program it not only helps the child but it also has another feature that is good for the parents. You too can become involved in an educational program to help to educate the youth of today. In the courses offered to the students you will be able to offer your talents and help to teach. If you have any talent in these studies you will not need a degree. All you do is offer your services and they will gladly be accepted.

The educational system feels that it is only for to educate these children and help to motivate these children and not to let them be they are best suited, by trying to provide something for each child to excel in, even though it is only for their earning power in the world.

The average of the possibilities of college in any school is about 40 per cent and the other 60 percent must be trained for education for their step into the world. The band and football team was the main disappointment of many in Avon Park. It was rumored that this would eliminate these things. This can be the farthest from the truth. Music and band and athletic programs will be implemented. The general feeling among the teachers and principals is that they will give the public what it wants. So, if you are interested please attend this meeting and you will be enlightened. The school is taking place what this system will mean to your children. Rumors are being spread to confuse you, so please attend and get it straight from the horse's mouth.

Cecil Skipper, of Avon Park, second from right, was elected chairman of the Highlands County Commission at their organizational meeting Tuesday morning which saw two new members, Andrew Jackson and Norman "Jug" Heston take office.

Left to right are Commissioners Ben H. McGee, Jackson, Heston, Skipper, and Robert Skipper, who was elected vice chairman.

Skipper Elected Chairman Of County Commissioners

Highlands County Board of Commissioners elected Cecil P. Skipper of Avon Park chairman of the board at its organizational meeting Tuesday, its first year.

At the same session the board elected Robert Skipper of Sebring as vice chairman. The new chairman is in his 12th year as a county commissioner. He joined the board initially as an appointee of the governor of the state and has been elected several times since. The new chairman and vice chairman are distant relatives.

Cecil Skipper succeeds H. Earl Crutchfield as board chairman. Crutchfield was defeated in his bid for re-election as a commissioner in the November election.

The first official act of the new chairman was to welcome to the board the two new members, Andrew B. Jackson of Lake Placid and Norman "Jug" Heston of Sebring.

The initial action of the board was the reappointment of all county employees for another year.

No action was taken on the appointment of a new county administrator to succeed Charles Morgan who resigned last Fall to accept another position.

An indication that the new administrator will be appointed relatively soon was seen in the fact that Chairman Skipper issued to each member of the board a written outline of his tentative views on the position and examples of the duties and responsibilities of the administrator. The duties, qualifications and pay for the position are prescribed by law.

The chairman stressed that the statement issued only his tentative views on the position. He asked each commissioner to return the written statement in a week with his own views on the duties and responsibilities of the administrator. He also made any decisions and suggestions.

The board appointed all its members as a temporary Board of Adjustment on Zoning to receive pleas regarding the new Zoning and Building code which became effective January 1. The law provides that a Board of Adjustment on Zoning of five to 10 members be named. The temporary Board will conduct meetings at the Commission's second meeting of each month at 1:30 P.M. in the Courthouse.

In reply to a request that the board take action to protect the water level of Lake June, Chairman Skipper said it is the aim of the board to maintain the standard level by constructing a levee or other suitable structure at Catfish Creek which flows from Lake Placid to Lake June.

The board authorized \$20,000 to acquire land for the right of way for Arbuckle Road, which extends from alternate road 17 to Lorida.

The board voted approval for any commissioner to attend a three-day conference for newly elected commissioners at Tallahassee January 17 to 19, at county expense. The conference is sponsored by the State Association of County Commissioners and is conducted in conjunction with Florida State University.

At the next regular meeting of the board would be on

January 19, the meeting was rescheduled for January 21 to avoid conflict with the conference.

The board voted to advertise for the purchase of 10 voting machines, \$20,000 was budgeted previously for that purpose. It

was indicated that the additional machines may be required when the 18-year-olds begin casting ballots in 1972.

Demonstration Planned On Use Of Chemical For Citrus

A demonstration of the use of a citrus abscission chemical, cycloheximide (Acti-Aid), on midseason (Pineapple) oranges is scheduled for Tuesday morning, Jan. 26, in Highlands County.

This demonstration is a cooperative effort between the Highlands County Extension Office, IFAS, University of Florida, the Florida Department of

Citrus, and TUCO Products of the Upjohn Company.

The demonstration is scheduled to begin at 9:30 A.M. at Elton Crews Letta Bonnett Grove Block A south of Avon Park. The grove is located two miles south of Avon Park on U.S. 17 old U.S. 41, on the west side of the road. The block is just north of the entrance to the Highlands School.

For Girls.

Cycloheximide spray will be applied to a four-acre block by dilute air blast sprayer on January 21. The demonstration will include a comparison of fruit pull and hand harvesting between a treated and an untreated block.

The cycloheximide demonstration is being coordinated by Tim Hurter, Highlands County Extension Agent—Citrus, and will include DeSoto and Hardee county citrus growers.

On Monday evening preceding the cycloheximide demonstration, there will be a Citrus Harvesting Seminar as part of the Winter Highlands County Citrus School. This Seminar will be held at the Woodlawn Elementary School cafeteria beginning at 7:30 P.M. Dr. Bill Wilson, Citrus Experiment Station, Lake Alfred, will be the key speaker.

A number of people are working to make this a successful demonstration. Dr. Will Wardowski, Citrus Experiment Station, Lake Alfred, is coordinating these cycloheximide trials around the state. Dr. Jim Buttram of Upjohn Company is supplying the material and supervising the application.

C. Elton Crews, Avon Park citrus grower, is furnishing the grove for the demonstration and the harvesting crews and equipment. Through their help, they hope to show citrus growers what help an abscission chemical can be in harvesting fruit.

Further information on this demonstration can be obtained from the County Extension Office.

Whitehurst Appointed Head Of Plant

James E. Whitehurst, assistant plant superintendent of Florida Power Corporation's Avon Park plant, has been named plant superintendent. He will replace C. I. Wells, who retires on Janu-

ary 31, 1971, ending a 42-year career with the company. The announcement was made today in St. Petersburg by Senior Vice President R. E. Raymond.

Whitehurst joined the com-

pany in 1949 as a plant apprentice at the company's Inglis plant. Four years later he was promoted to instrument mechanic/water analyst at that plant. Whitehurst later transferred to the Su-

wannee River plant in the same capacity. In 1953 he was promoted to chief instrument mechanic at the Suwannee River plant. In 1960, he was named assistant plant superintendent for the Avon Park plant.

Whitehurst is a native of Dade City, and attended schools in Plant City and Yanketown. He is a graduate of Yanketown High School and attended the University of Florida. Whitehurst and his wife, Sadie, live at 505 East Bell Street in Avon Park.

C. I. Wells joined Florida Power in 1929 as a helper in the production department. At the company's Inglis plant, he progressed through numerous plant classifications. He was promoted to watch engineer at the Inglis plant in 1951, and was named assistant plant superintendent for the Suwannee River plant in 1953. Wells was named plant superintendent for the Avon Park plant in 1964.

Wells was born in Tampa, and attended school in Inglis, Tampa, and Dannelton. He and his wife, Ethel, live at 502 East Canfield Street in Avon Park. Their three children are married and live in other states.

C. I. Wells is retiring and James Whitehurst will assume the position of plant superintendent.

How Dangerous Is Marijuana?

Many are beginning to realize that marijuana, LSD, speed, meuse, heroin, and other narcotics are destroying thousands of America's young people.

While the full record on the effects of marijuana is not yet in, and research is still continuing, Dr. Davis Wade, Texas state commissioner for mental health, has stated, "We are getting substantial research evidence to indicate that marijuana is causing brain damage."

This is organic cellular damage. Persons who suffer such brain damage do not ever recover from it.

Started in High School

Steve Clements, 21, tells about his experience with marijuana in this way, "I started smoking grass in high school. It was very simple. All my friends were smoking it and one of them asked me if I had and I told him, 'No. He asked me if I wanted to try it and I guess I must have said, 'Why not? Everybody else is doing it.'"

"I smoked that first joint as sort of a gesture, looking for something in my life that seemed to be missing. And then it seemed so easy to go on to the others—LSD, hallucinates, meuse, and other hallucinogenic drugs but, thank God, no heroin."

Steve was arrested for a narcotics law violation while he was a student at St. Petersburg, Fla. Now off drugs completely and looking forward to parole and going back to college, he is one of the lucky ones.

His experience with drugs, starting with marijuana, points out the utter folly of the argument that marijuana should be legalized.

Three City Employees Fired From Police, Fire Department

Three City employees were discharged on Tuesday, for various reasons. Victor Hall, police dispatcher, after being warned on several occasions for drinking while on duty, was discharged by Chief of Police Earl Gordon. Hall had been on duty on several occasions for this. At the last meeting of the city council, it was reported that the mayor had issued a request to the chief that if Hall was found again to be in any way intoxicated, that he was to be fired immediately. This led to a discussion on who would run the police department, the mayor or the council. It was resolved that the mayor had taken care of this matter.

Now it is up to Hall to ap-

peal his case and have a hearing with the Civil Service.

In the fire department two men were discharged. Fire Chief Wilbur Giddens refused to discuss this matter. However, one of the men C. M. Parnell revealed to this reporter that he was fired for being tardy on two occasions, and for being away from the Fire House on Christmas Eve while on duty for one hour and 45 minutes. Parnell has been a paid fireman for the past three years. Parnell said he has not decided as yet if he will ask for a hearing.

Paul McClure also left the fire department, but was not available for comment on the reasons for his leaving.

State To Install Blinker Lights

The Department of Transportation has temporarily placed stop signs at the intersection of State Road 64 and State Road 17A to warn motorists of the dangers at that particular corner.

This is only a temporary caution as there are plans to install the blinker lights at this corner that has been the scene of many accidents and the most recent, fatal to two men. Following the fatal accident there has been resolutions presented to the county commission by the Chamber of Commerce and by Cliff Thomas, asking that immediate action be taken to alleviate the dangers that

Investigation Of Robberies Underway

Avon Park has had a seige of burglaries in the past week. They are investigating both robberies but to date have made no arrests.

On Wednesday, at about 1 A.M. Patrolman Wayne Palmer discovered the break-in at Texaco Bulk Plant. Following an investigation it was revealed that over \$3,305 worth of materials had been taken.

A few days earlier the Highlands Building Supply on Railroad Street was broken into and there was over \$800 worth of power tools taken.

Chief of Police Gordon said they had several leads on the Texaco robbery, but to date no arrests have been made. It is supposed that a car was used in the Building Supply robbery and that a van or truck was used in the Texaco robbery. Gordon also stated that there may be a connection between both robberies.

County Tax Collection Ahead of 1969

Highlands County property owners are paying taxes at a faster rate than last year. Tax Collector W. H. Prescott said that by the end of November, 72% of the \$3,435,792.00 tax roll had been paid. This is 3½% ahead of last year. By the end of December, 74.5% had been paid, county-wide.

Prescott said that 65% of the City of Avon Park's property taxes had been paid by November, 76% by January 1. The county is collecting them this year and next year will collect those of Sebring and Lake Placid.

The 1970 tax roll was the biggest in history—but then that has been the case in succeeding years for a long time, Prescott said. Last year's roll was \$3,131,305.

At the end of December a total of 35,700 receipts had been validated, said Prescott. "Leaves us about 15,000 to go."

PART OF The excitement and time of registration day is spent renewing the past semester friendships. This group discussing their new class schedules in front of the South Florida Junior College administration building is Larry Gilbert, Sebring; Toshiyuki Takahashi of Japan; Bruce Stranth, Avon Park and Bob Ambrose of Sebring.

Dates To Be Announced For Registration of Bicycles

A date will be set soon to register and receive decals for bicycles. City Clerk Malcolm Crews reported the decals arrived before Christmas, but that they would be better to wait until after the holidays to distribute them. Then all that needed were new bikes could register them.

The school principals and Crews will work on the project. This will aid in locating stolen bikes.

When this program was first introduced it was suggested that a fee of 25 cents was to be charged, however,

the council felt they should endorse such a good cause and voted to pick up the tab on the cost of the decals. There will be 1,000 decals for the bike owners and all they will have to do is register their name, address, and give a description of the bike with the serial number. Then the owners will be issued a decal.

Peanut Peculiarity
The peanut's manner of fruiting is remarkable in that when the petals have fallen, the flower stalk bends downward, pushing the growing pods into the ground, where they develop and ripen below the surface.

November Sales Tax Is Ahead Of Last Year's

TALLAHASSEE — November sales and use tax revenue supplied \$54.1 million to Florida's General Revenue Fund, ahead of last year's reported revenue by 7.5 per cent, Comptroller Fred O. (Bud) Dickinson, Jr., said today.

Dickinson said that while the percentage increase was not as high as projected, it was certainly not out of line with Florida growth and was "far from a cause for purest gloom."

Fiscal year collections to date, also on a nominal upward surge, amounted to \$27.5 million, up \$21 million above last year's sales and use tax collections. Dickinson said this was an 8.5 per cent rate of increase. Gasoline tax collections reported during November, which brought in \$18.2 million in revenue, also showed a gain as compared with \$16.9 million for November, 1969.

The total gasoline tax revenue collected this fiscal year exceeds \$60 million for a 9.76 per cent increase over the amount of gas tax dollars supplied during the same period of 1969.

Dickinson added that yet another motor tax, the motor vehicle special fuel tax, had produced \$5.1 million in tax receipts in the first five months of the fiscal year. This is an increase of 7.85 per cent.

ROTARY CLUB NEWS

By DALE LANDRESS
Bob Gray, substituting for Andy Miracle, introduced Harve Olsen, Sebring, who presented a talk on the purpose and functions of Halfway Houses.

A halfway house is the term used to identify a transitional facility in a community which provides residential accommodations in a group setting for alcoholics and other disabled persons.

It provides guidance, supervision and personal services related to those areas of adjustment which enable the handicapped person to move into independent living in normal surroundings.

Harve indicated that plans are being made to establish a halfway house in the Avon Park area. This need is urgent due to the number of individuals being released from A.R.C. and A.P.C.I.

The speaker made a plea for the support of the community in developing the proper community attitude toward the halfway house concept.

With the support and help of an interested and concerned citizenry, the halfway house movement in Florida will make many giant strides during the coming decade. The rewards will be measurable in the restoration of human beings, this or any other state's greatest natural resource.

23 Property Owners Have Money Coming

Owners of 23 parcels of Highlands County properties have a total of \$6,127.40 in cash awaiting them in the office of Circuit Court Clerk Earl Rich.

If only Rich could find them! The sums, ranging from 17 cents to \$4,677.85 are overbid amounts on properties sold for tax deeds at public auction. Letters informing the former owners they have money coming have been returned "address unknown."

The unfound owners as listed in the clerk's office are: Joseph Dunn, \$4,677.85; John Donohue Estates, \$469.81; Kirtley W. Wyatt, \$122.78; Karen Edith Flandos, \$206.16; Albert W. Byland, \$170.94; Kenneth E. and Jack P. Woot, \$156.11; Eusebio and Isabel Bevia Dardel, \$194.85.

Edward J. Sreator, \$81.30; Elizabeth Hahn, \$17; Lewis and Anne Abranowitz, \$3.80; Rudiger Stengel, \$30.94; Walter S. Harris, \$80.21; Palmsett Land Co., Inc., \$14.47; \$1, \$2.53; \$1, \$1; Ruth Ross, \$16.06; Mr. and Mrs. Joseph S. Vella, \$5.10; Ella McLaure, \$57.57; Gerald F. Rorabough, \$81.91; Anna L. Hourin, \$1; John D. and Catherine M. Bense, \$18.99.

Unless the monies are claimed by February 1, they will be turned over to the County Commission.

New State Tax Law Will Not Effect Highlands County Much

A new, controversial state tax law, which has some counties in an uproar—and a considerable financial load—will affect Highlands County very little.

This is the law that punishes some counties and rewards others, based on which counties the state considers doing the best job of evaluating property for ad valorem taxes.

Superintendent of Schools George Douglass said the net loss to Highlands is \$11,437 for the present year. In fact, Highlands is in better shape than most Sarasota County, for instance, stands to lose \$630,000 in state school funds.

The assessment ratio law requires 100% evaluation of properties. However, Associates of Tampa, did this job for Highlands, completing it in 1966. Some counties, Pinellas for instance, did not. The ratio law now is being challenged in the courts.

The bill came about when it was felt that counties which had obeyed the law and revalued at 100% were being penalized.

Under the bill, state monies are awarded on three criteria. Highlands met the one on the 100% valuation. The second criteria of levying 10 mills for school operating expenses, cost Highlands, because they levy only 8.2. Highlands also failed to qualify under the third criteria—that the yield per mill

per pupil must be less than the state average of \$30.36. Highlands raises \$42.92 per mill per pupil.

It was pointed out that the money this county will lose in state funds is negligible—with a \$4,500,000 annual school budget. While the Department of Revenue is not bound by the House report in enforcing the law, it will be used as a guideline.

The staff of Auditor General Ernest Ellison will take to the field shortly to work with assessors and help them bring up their assessment levels.

The work will apply to 1971 tax rolls.

Safari Group To Visit County

"The Southeastern Safari," a unique camping and ecological expedition comprised of 46 Denison University students and faculty will be at Archbold Expeditions Research Laboratory at Florida State University, approximately 5,000 mile Safari, which covers the Southeastern states from the Carolinas to the Florida Keys. The purpose of the expedition is to emphasize the interrelationships of man, ecology, and geology in various environments.

Safari members are packed nine station wagons with tent trailers, four campers, and two family trailers, doing most of their travel by car except for short trips by foot or by boat or canoe. The group is planning and preparing meals and sleeping in tents in group camps throughout their journey.

County Has 29,507 Residents By Census

The final official census figures have been released. And Highlands County's nose count is 29,507.

Falling short of the 30,000 mark rules out a pay raise for eight elected county officials. Salaries of county commissioners would have risen \$1,000. Commissioners now get \$5,000 per year, the chairman, \$6,000. The salaries of the Clerk of Circuit Court, the tax assessor and collector, now all drawing \$12,000, would have risen to \$15,000. The county judge, who draws \$15,000 annually, would not have been affected, nor would the sheriff, the superintendent of schools nor the supervisor of elections.

The amount of federal money this county's schools are eligible for will not be affected by the 30,000 mark. Superintendent of Schools George Douglas said that grants are based on projects—not county population.

The only state monies affected are gas tax monies. Clerk Jim Pyle said the population affects this money, but there is no dividing line, such as 30,000.

Committee On Drugs Established

A committee on drugs and addiction has been established by Highlands County Medical Association, Dr. R. T. Rengarts, association president, named Dr. Walter C. Price chairman of the new committee.

Dr. Rengarts pointed out that in addition to his special studies in pediatrics, Dr. Price holds a master's degree in public health and "drugs are a serious public health problem."

Dr. Price's committee will "work closely with law enforcement and public school officials," Dr. Rengarts said.

Renovation Of Chamber Building Finished

The Chamber of Commerce building has been under renovation for the past month. The door and front porch a new look, with the interior really changed. With windows removed and the air conditioner set in the wall, the fireplace looks like a place that was in old colonial days. The walls have been paneled in a warm wood color and the floors are shining.

When you visit the new office you will think that you are in another building. Alma Hooper, said she is very proud of the new look and could not give enough praise to the boys from the A.P.C.I. who did the work in and outside the building.

The Chamber of Commerce will meet on Thursday and plans will be discussed for a grand opening of the new office. A date will be set for the public to inspect the new look.

By BESSIE PAXTON
Holiday festivities are over. Bright and gleaming lights are stored in boxes under the bed to rest for another year. After days of going hither and yon folks are settled in easy chairs but are suddenly aware of time requiring yearly reports to be made.

All committee heads find themselves giving thought to their jobs for the coming year.

Mr. and Mrs. LeRoy Rouse of Intercession City and Robert Raynor and family were visitors to Louis Garrison Sunday.

The Breadmans returned Thursday from West Palm Beach where they spent Christmas with friends.

The Nabietts returned Saturday from Palmto after a holiday visit with friends.

There were eleven out for 500 Wednesday night. Neville Clark was high with 1630. Runnerup was Leo Pert with 1600. Low was Esther Pert with 70.

Ladies worked on crafts Tuesday afternoon at craft class. The quilt-making project will get underway next Tuesday, so everyone come to get instruction in baby quilt making.

Marie Stroobant spent a pleasant weekend with Ruby Davidson at Leisure Acres.

Bee Jeremy made coffee her last time this year for 24 people Tuesday morning. Bee has done a good job for two years as a committee of one most of the time for our Coffee Hour.

Four Hoosters in Southland joined the many "rooters" in South Bend, Ind., New Year's Day as they watched on TV and cheered the Notre Dame Irish in their skirmish with the Longhorns in the Cotton Bowl at Dallas Score, Notre Dame 24; Longhorns 11. We are happy that Notre Dame was able to qualify to play New Year's Day.

Mr. and Mrs. William H. Bittel joined in a group of 20 from Ohio, Michigan and Indiana for Christmas potluck at the cottage of Mrs. Dollie Landis in Sebring.

Ann and Harry Barth have received word from Stewart Ditts. He is still confined in the nursing home and sends his best regards to all his friends in the park.

The Wandovers returned Saturday from a holiday visit at Key West with their niece.

Fifteen were out for miscellaneous cards Monday night. No score was kept but folks did enjoy playing various cards.

Mildred Hostetter had as guests her daughter and husband, Leonard and Donna Goddard and children, Kathy and Steve, over New Year's holidays.

Mr. and Mrs. Toby Chapel, Sr. and Terry were guests of the Chapels Saturday night and Sunday.

Mr. and Mrs. Budie Eschhofen of Bryan, Ohio were here a few days ago to visit the Hindleys.

Dr. and Mrs. Karl Breister of Green Bay, Wisc. were here for the holidays to visit their parents, Leo and Esther Breister.

Louise Garrison has received a letter from Mrs. Mary Baxter. She is still confined to the nursing home, but was able to write a few lines with her left hand. Will be glad to hear from any of her friends in the park.

Rebena Hostetter went Tuesday on a one day tour conducted by the Ritchies to Tampa, visiting the city and Bush Gardens. The Ritchies' son and wife, Mr. and Mrs. Howard L. Ritchie also joined the group.

Thirty played bingo at the

hall Friday night. The Mynihan Peterson team made several folks happy by calling certain numbers and delivering prizes to those who had the those certain numbers. Some few think they will never go to play bingo again.

Hetta Cook and Harriett Meissel accompanied Mr. and Mrs. Earl Ayling for New Year's dinner with Mr. and Mrs. Stanley Shilling at Orange Villa Estates at Sebring.

Mr. and Mrs. Robert Carlsson and son, Michael, of Hermitage, N. Y. visited Hetta and Harriett Meissel on Wednesday.

Byron Jeremy had a birthday Monday, Jan. 4. He had some of his Shiner friends, Bob Duthie, Bert Walton, Truman Elthorpe and Ben Henningham over for coffee. These buddies usually meet at Touchtons in the morning, where they solve the world affairs. Bryon was 71.

Business Is Up Over Last Year

Business indicators in Highlands County are up substantially over a year ago.

Sales tax collections in the county for November of 1970 totaled \$129,502.77, up 7.61 per cent from the \$120,349.69 collected for November 1969.

The increased collections indicate increased business in the area. Gross sales in Highlands County for the month totaled \$6,630,303.35.

Gasoline tax collections for November, 1970, in the county, totaled \$86,941.91 compared to \$83,312.77 for November 1969. Total gallons pumped in November was 1,240,613.

This was one of 27 counties to pass the million gallon mark, and one of 14 to pass the 1,200,000 mark.

Bureau of Alcoholic Rehabilitation

ALCO- TOPICS

One national news wire writer recently described "drugs as the fair-haired child of the news media." He was quoting Willard O. Foster, coordinator of alcoholism programs in the State of Maryland.

But it's a fact that there are more than 10 times as many alcoholics as there are drug addicts.

The statement could have come from any one of the hundreds of Federal, State and private authorities, including top clinicians at the State of Florida Bureau of Alcoholic Rehabilitation in Avon Park.

Workers in the field of alcoholism certainly don't want to turn the other cheek on the alcoholic politicians, legislative bodies, the press and public are giving to the "other" drug menace.

But it is unrealistic to get too wrought up about heroin and marijuana when so little attention is focused on the drug alcohol.

Authorities in the field have solid statistics to back up the claim that alcoholism has reached epidemic proportions in this country and state.

Alcoholism now costs more lives than the Vietnam War and no less an authority as Sen. Harold E. Hughes of Iowa, himself a recovered alcoholic, notes that if the country and states were willing to spend one-tenth of what we spend on Vietnam to save people from "this controllable disease," we could accomplish miracles.

In August the Senate passed a bill, sponsored by Hughes, authorizing an outlay of \$36 million over the next three years to launch nationwide programs for prevention and treatment of alcoholism, including research into its causes and relation of

its victims.

There is currently only \$10 million a year available for Federal grants to support alcoholism research.

This legislation now awaits action in the House. Sponsors there had hoped it might be cleared for floor action before the Congressional recess, but it didn't get the go-ahead light from the Commerce Committee in time.

Now members on the Federal scene hope that alcoholism may get some attention when the lawmakers return to work this month.

The family breakup, the highway slaughters and the cost to industry — more than \$4 billion a year through employee absenteeism — are directly related to excessive drinking throughout Florida and the rest of the nation.

More information on the state's problem drinker and what is being done in Florida to help him is available.

Simply write to the Bureau of Alcoholic Rehabilitation, Information Services, P. O. Box 1147, Avon Park, Fla. 32825.

KERRY DRAKE SAYS:

"I DON'T HAVE HEALTHY... BUT NOT ALL BARBERS ARE BORN HEALTHY... HELP PREVENT BIRTH DEFECTS... MARCH OF DIMES!"

Parents of Birth Defects Children Find Help by Coming Together

By Grace Williamson,
Social Worker

March of Dimes Birth Defects Center,
St. Louis Children's Hospital,
St. Louis, Missouri

"I can talk to a friend or a relative or someone here at the hospital and they will listen. But they don't understand because they haven't experienced what I go through every day."

These words, spoken by the mother of a child born with severe birth defects, best explain the concept underlying the formation of parent groups in many March of Dimes Birth Defects Centers across the country.

Birth defects strike 250,000 babies each year in the United States. This means one every two minutes. Birth defects range from those which can be corrected easily to the tragic malformations that can destroy a mind or body.

No one is prepared for the shock of learning that his baby has been born severely handicapped. When it happens, making the years ahead suddenly seem long and confounding, both husband and wife need someone who understands their heartache and confusion.

Doctors, social workers and therapists can guide parents as they look for new directions. Increasingly, however, many couples are turning to each other for support in many ways.

Emotional Support

The Parents Association for Spina Bifida and Hydrocephalus at St. Louis Children's Hospital was formed about two years ago with the support of the Center social worker. Spina bifida is a defect in which part of the vertebral (making up the spine) fail to fuse during the first months of life following conception. The condition can range from minor impairment of the legs to paralysis, and often occurs in conjunction with hydrocephalus ("water on the brain").

Since many parents must travel a considerable distance to attend the monthly Birth Defects Clinic, and most fathers take a day off from work to do so, parents meetings are also held once a month on the evening of clinic day. More than a dozen couples attend regularly, and all parents who

most important functions of the group.

When a new couple attends their first meeting, they immediately become aware that they are not alone. The group makes them feel "at home" discussing questions that a parent might be reluctant to talk about with a neighbor for example problems of urinary and bowel control for their child.

At many sessions, educational talks are presented. During the past year, speakers have included a neurosurgeon, a physical therapist, a urologist, an orthopedist, an occupational therapist, a representative from the St. Louis County Special School District from the program for the Orthopedically Handicapped, and the executive director of local chapter of The National Foundation-March of Dimes. The Center social worker, of course, attends all meetings.

Two Way Learning

The medical and paramedical professionals have all been from the staff of the Birth Defects Center and many parents feel that this is an important part of the relationship can be reciprocal. Many of the Center staff members feel they have learned more about the family problems through discussions at the meetings.

Meetings are believed by some to provide a very useful kind of informal group therapy. Learning from one another how to face these problems and to deal with them constructively is one of the

most important functions of the group.

Redeemer Meeting Set For Sunday

After the regular Sunday services, next Sunday the Episcopal Parish of the Redeemer, Avon Park, will sit down to a Sunday dinner in the Parish House. The meal will be a covered dish affair with people bringing their food item and table setting. All Winter visitors, and other new or old friends, are cordially invited. After the dinner, the Annual Parish Meeting will convene with the Rector presiding. Summaries of the past year, decisions on the budget, and election of Vestrymen and Convention delegates will round out the agenda. Every Communicant is a stockholder in his church. It is vital that his vote and voice be part of the annual stockholders' meeting.

The Episcopal Churchwomen will meet Wednesday, Jan. 13 in the Parish House. The ECW Board will meet Tuesday, the 12th at 9:30 A.M. at the home of Mrs. Walter Betts. Wednesday services continue at 9:30 A.M. The Vestry will meet on Wednesday, the 12th at 8 P.M. in the church office.

Episcopal Church Women To Meet

The Episcopal Church Women will hold their regular monthly meeting on Wednesday, Jan. 13 in the Parish House of the Church of the Redeemer, after the mid-week Communion Service.

After a short "coffee," the business meeting will be at 10:15 Mrs. Burton Outling is preparing an interesting program, which no member should miss.

Mrs. Eugene Hise, incoming president, will hold a board meeting at the home of Mrs. Walter Betts, East La Grande St., on Tuesday, the 12th at 9:30 A.M. All board members are asked to attend.

Annual Call To Prayer To Be Observed

The annual Call To Prayer and Self Denial is announced by the Women's Society of Christian Service and Wesleyan Service Guild of the United Methodist Church—it will be observed on Friday, Jan. 15 at 9:30 A.M. in the sanctuary.

The theme for the 1971 Call to Prayer, will be YES, LORD—YES, LORD—a

and

Each year the Women's Division designates mission projects in the United States and overseas to receive a special offering which is given as part of the call to prayer and self denial. This year the projects chosen because of urgent need are the homeless pensioners in the U.S.A. and training laity for ministries overseas. Monetary support through special self denial offerings will help make this work possible.

Each woman is asked to bring her offerings and also are requested to pray for the workers and those served by these projects.

The first class period conducted by Rev. Graetz will spend the three months studying the Sermon on the Mount. Then after a 20 minute coffee break and social time the second class period will be spent in a study of the Science of Psycho-Cybernetics. This study group will be led by Mrs. Stiles Brown.

A hearty welcome is extended to all people. You will find joy—you will find challenge—you will find peace of mind. Come.

ony corollary to the law of heaven, that one rotten apple spoils the whole barrel. Jesus taught this principle in the parable of the fig tree which he told His followers: "Beware of the fig tree which bears no fruit. He meant to avoid associating with religious groups whose principles and practices are hypocritical, and, consequently, evil.

I have presented the secondary corollary first because it is universally known and examples are abundant. Because it is a negative law it is intended to serve as a warning, however, it is labeled secondary. The primary corollary is less well known, but it is more important because it is positive.

Jesus teaches this primary corollary in the story of the woman making her bread. God can develop in a whole group as a result of association with one person who knows God. The principle is, "A good individual tends to become like you."

Socially we have always recognized and reckoned with this truth. We continue to do so. In 1968 Joe Namath made national headlines in his dispute with the Football Commissioner when he refused to give up his right to hold ownership in a night club allegedly frequented by gamblers and racketeers. The American Football League wanted no part of guilt by association. They knew that "a little heaven leaves the whole lump" socially.

The Charles Manson "family" sought to illustrate what results when the heaven is permitted to remain and "leave the whole lump" of one's people.

The Namath affair and the Manson case illustrate a second corollary to the law of heaven: "You tend to become like the people you associate with, and the people you associate with tend to become like you."

Rev. Campbell Appointed To Placid Church

The Rt. Rev. William H. Fowl, Bishop of Central Florida, has appointed the Rev. Martin J. Campbell, of Avon Park, as Vicar of St. Francis of Assisi Episcopal Church.

Father Campbell will be moving to Lake Placid and assuming his duties as Vicar February 1. Until then Father Reelapce will continue to conduct services.

The annual barbecue sponsored by the church will be held Saturday, Jan. 23, from 11:30 A.M. until 6 P.M. in the Woman's Club building.

Barbecue chicken and pork steaks will be featured, and the meal will be served in the club building or may be taken home in boxes. Tickets are on sale by members of St. Francis or may be purchased at the Journal office.

RUTH E. ROBINSON

There were 49 happy people at the annual New Year's Eve party this year. It all started with an amusing game, each person having a label pinned to their back with the name of an animal printed thereon, and their task was to guess the animal that they were supposed to be. This proved amusing, but the next game was more of a challenge. They were provided with a list of items to find on people who were wearing these specific things or were born with them. When found, the autograph of that person had to be obtained: the one getting the most signed won a prize. Mrs. Ruby Myers was fortunate enough to win a nice mechanical mouse!

Following was an assortment of games were played including Bingo, Crazy eights, Hearts, Pinochle and Aggravation. Everyone brought sandwiches, cookies, belts, horns, whistles and the beverage was served by the committee of three. Chairman was Mrs. Ruth Wolcott and assisting her was Verna Ferro and Dorothy Keyes who were in charge of games and decorations including balloons, and hats with a clever table decoration. This all added up to a very happy New Year commencement, with much good natured laughter and loud noises. May everyone be blessed with health, peace and happiness in 1971.

Saturday night Singing was inspiring as we listened to two duets sung by Warren and Nita Byers, group singing and the Shufflaires from Avon Park Winter Guest Club performed for the last half hour with many favorite songs. We enjoyed them and hope they return again. Our sympathy is extended to Mr. and Mrs. Alva Thompson for their sorrow due to the loss of their grandson from Bourbon, Ind.

Sylvia Baker was also called home to be with her brother, who is very ill, the arrived home safely and is quite busy at this time. Sylvia is keeping house and doing quite well. Edna Tindler returned home on last Monday accompanied by her grandson, David Tindler, after 10 days visit with her son, William and family near Clearwater, the first time the family has all been together in 14 years. David, just released from service, enjoyed the Christmas gathering very much, and of course was enjoyed. Mr. and Mrs. Lauren King of Leisure Acres in Sebring called on the Myers last Sunday afternoon.

Mr. and Mrs. Calvin Hochstetler and Mr. and Mrs. Fred Perrot called on Mr. and Mrs. Welcome Miller on Sunday afternoon. Mr. and Mrs. Floyd Stevens and their guests, Mr. and Mrs. Marshall Gibson of Allenton, Mich. spent Sunday in Bradenton, visiting friends and relatives. Mr. and Mrs. Jack French and son Jerry were Sunday guests of their uncle and aunt, Mr. and Mrs. Kellie Lawrence. Mr. R. R. Ghastris just returned from a two week stay at their home in Findlay, Ohio, attending to the dining of their granddaughter, Paula Hite to John Levitt of Canton, Ohio. They also spent Christmas Day with their daughter and family in Reynoldsburg, Ohio.

Mildred Shearer and Gladys Gieb flew home together by plane to Tampa on Monday about 2:30 and back here. Mildred was at her sons for Christmas dinner and her daughters for supper in North Canton, Ohio. After Christmas she went to Dearborn, Mich. to be with another son and his family for a while, but she made her headquarters at her sister's home in Canton, Ohio. Her sister, Mrs. Edna Schuster visited here with Mildred one year. Gladys Gieb stayed with her son Jack in North Canton throughout the whole holiday season and also visited with her 92 year old mother in Robertsville, Ohio. We are glad to have them back safe and sound after a happy holiday visit.

Pinochle scores for last week were 1107 for Margaret Fries and 1032 for Jim Stark. Euchre scores for Louis Shoemaker, 143 and Florence Stack, 140 All winners.

Oops! forgot to mention a "turkey shoot" on Christmas Day after our dinner. This was different—with each player having eight disks to shoot, only once, placing a disk in each scoring space and in the kitchen, one on each side, with a total of 60 points. Many participated with various scores and much hilarity. Finally, totally unprepared and unexpectedly, Ruth Robinson obtained a score of 60 and won a darling little paper turkey! Thanks to Louise Bell for this entertainment, for she was the enthusiastic sponsor of this event.

Mr. and Mrs. Lawrence Robinson had guests for their annual New Year's Eve party stew dinner and games, including Mr. and Mrs. Grace Warner, Mr. and Mrs. Elton Wetmore, Mrs. Sylvia LaFollette, and Mrs. Alta Robinson. Lawrence's aunt, a congenial time was enjoyed by all as they look forward to a new year.

POURING OF THE FOUNDATION FOR THE NEW FIREMEN'S BUILDING TO PLACE ON DECEMBER 31. The building will house the Florida State Firemen's Association. Plans to finish the structure in one year are the hopes of the firemen. Situated on a five acre site donated by the City of Avon Park, the proposed structure will be used to its full capacity with a three dimensional building costing about \$35,000. At a later date a museum is planned to be added to the building.

County Schools Receive \$197,688 State Funds

TALLAHASSEE — Florida's 67 county school boards received \$48.3 million in state funds for use in December, Comptroller Fred O. (Bud) Dickinson, Jr., reported today. Highlands County's share was \$197,688, compared to \$184,943 last December. Dickinson said that the overall allocation to counties was \$7.3 million greater than the kindergarten-through-high school funds supplied last December. The operation of schools is financed largely through the Minimum Foundation Program, which supplied \$48.8 million. An additional \$2.7 million came from state sales tax.

Much knocking is done by those who don't know how to ring the bell.

1971. You've changed. We've changed.

Change. That's what it's all about this year. And that's what we mean by putting you first.

These are uneasy times. There are major concerns. About pollution. About safety. About the economy. About your hard-earned dollar. We know.

For the past 10 years Chevrolet research people have questioned thousands of people on every subject from rising taxes to the size of the glovebox in their cars.

We've found that price and maintenance costs, trade-in value and quality have become tremendously important.

Your car has to work. It has to last. And each new model must have more built-in value.

At Chevrolet, we understand. You want meaningful change. And our aim is to give that to you, as you'll see in the 1971 Chevrolets.

Caprice. The biggest, most luxurious Chevrolet ever. A complete change. Bigger in itself is nothing. But if it allows you to lengthen the distance between the front and rear wheels (which we did), then you've got something.

You've got a smoother ride. The idea in the 1971 Caprice was to give you the looks and comfort of a size- or seven-thousand-dollar car, without asking you to pay anywhere near that much for it. And above all, to build in as much dependability and security as possible.

So we changed the body structure for 1971, too. We made it stronger. And we made it quieter by putting a double layer of steel in the roof.

Caprice, as you can see below, is a lot of luxury at a Chevrolet price.

Vega. The littlest Chevy ever. It wasn't changed from anything. Before building Vega, we read everything we could get our hands on about little cars. We talked to owners. We studied little cars up one side and down the other, literally, tore them apart. We found out what made them tick, or why they didn't tick.

What ticked were gas economy and dependability. What didn't were underpowered engines, cramped quarters and getting blown around in the wind.

In our little Vega, everything ticks. It's not just another little car. You didn't want that. It's one little car that does everything well.

See what we mean by putting you first? Now at your Chevrolet dealer.

Re-Examining 102,124 Drivers

Slated by State

A total of 102,124 persons will renew their Florida driver's licenses in January and of these, 102,124 will be re-examined.
Drivers who will renew their licenses in January must be re-examined if their last names begin with any letter A through M. Those whose last names start with letters N through Z also must renew, but will not be re-tested until their next renewal.

which will fall in 1973, Major Keith said.
The renewal and re-examination notices were mailed to these 102,124 drivers right after Christmas. If any driver whose license expires in January does not have his renewal or re-examination notice by now, he is advised to contact the nearest driver examination office right away. He needs assistance in order to get his license on time.

Legion To Sponsor Fund Drive

Members of the American Legion Post of Avon Park under the direction of Commander Phil Briggs will sponsor the Salvation Army Annual Appeal Drive in Avon Park.

Henry Caffee, co-ordinator for Avon Park met with Legionnaires last week to finalize campaign plans. The Salvation Army serves Highlands County meeting needs wherever and whenever there is a need. Services rendered by the Salvation Army include: Shelter for unwed mothers; missing persons bureau; correctional services; food, rent, clothing to homeless individuals; rehabilitation program for alcoholics; seasonal relief; Thanksgiving and Christmas; food; toys; visitation of nursing homes; hospitals; and penal institutions.

Your support of the Salvation Army insures the continuance of these and many other services in this county. Give liberally when the Legionnaires call on you. You may help out by helping the Salvation Army.

Council Ponders Way To Change Civil Service Board

The Avon Park City Council got into a discussion Monday night on the balance of membership on the Civil Service Board. There are three city employees, three local citizens

and one member of the council. This forms the present board. The discussion got underway when a request for a meeting with the city attorney was presented to the Council. The re-

quest ask that a meeting be set up to clarify the legal points on several rules that are not explicated and the jurisdiction of the board and the city department heads and their as-

stant. Council members and the mayor took this opportunity to express their opinions on how to best improve the efficiency of the board. The council seemed to want a change in the entire makeup of the board and was expressed by city councilman King. The three members of the city employees on the board should be eliminated along with the chairman of the board being changed. At the present time Mack Flowers, assistant fire chief, holds that position.

A five member board was suggested with one member of the Council, one City employee, one local citizen, and the other three local residents. Members should be chosen by some other method than the one now being used. The Mayor said he favored the idea of the city civil service board and be voted for. He also said three members of city employees seems to overbalance the board.

Councilmen will now study the way or corrective action that they may wish to take in the matter. City Attorney Hank Cook, could then draw up a draft in a form of a bill to present to the legislative delegation for action by the state legislature. This course would depend on the course of action that the council.

Private Fire Department Obtains More Equipment

The final meeting of the Board of the Highlands Lakes Volunteer Fire and Rescue Association was held January 7. The annual meeting will be held January 26 at 7:30 P.M. in the auditorium of Highlands Lakes Junior Academy.

The compulsion to start their own fire protecting system (because the City fire department does not service out of the city residents or business establishments) the community rallied to the cause and began to form their own protective association in May of 1970. They elected a board and gave them the authority to set up the necessary fire protection for the areas, including the Northwest corner of Highlands County North of Route 64; West of Avon Park and all area North to the Polk County line. Thus was the organization and chartering of the Fire Company on a voluntary basis.

Plans were to secure a serviceable fire truck and equipment as soon as possible, depending on funds accumulated. These plans are now almost complete to having the truck and equipment.

R. H. Sanborn, president of the association, revealed that a fire truck, formerly an aircraft crash wagon, has now been turned into a tanker with a new pump and equipment, which is expected to be in service in a few weeks.

There is also a Econo-line pickup truck now being readied to be used in first aid and rescue work. This truck will feature a camper type top, with a fully equipped emergency service.

Two Railroad Employees Presented Emblems For 40 Years of Service

Two employees with the Seaboard Coastline Railroad were presented 40-year emblems Wednesday, Jan. 6, 1971.

James Niel McDugald and Elijah Williams have compiled some 80 years between the two of them. McDugald, agent at Avon Park went to work with the company Feb. 28, 1928 at Brownsville, and Williams, Station Porter started with the Company July 5, 1929 at Scott.

The emblems were presented to them by Elbert Cato, trainmaster at Lake Wales, in the presence of Mrs. McDugald and Mrs. Williams. In presenting the emblems, Cato stated that each color in the emblem represents something which goes as follows:

Blue—in 40-year emblem, represents high honor and trust, throughout the Western world, blue signifies highest honor that can be reached. White—in 40-year emblem is a symbol of integrity and is also a token of the blessing wished by the officers and fellow workers of the Company.

The diamond—in the 40-year emblem reminds us that many good things come in small packages. The diamond has long been the most highly valued and useful gem of them all. It's the rainbow

articles, and will be ready for service in the very near future. When the 700 gallon tanker truck is ready for service it will contain tank, ladders, hose and all equipment necessary for fighting the average fire. Future plans are to secure an ambulance service, this of course is to be implemented as the funds become available. Other plans are to have two more trucks completely equipped to fight any type of fire.

The goal that has been reached to date has been through a membership fee for the residents and commercial and industrial businesses living in the area. The fee is based on the appraisal value and the hazards involved.

Red Devils With 7-3 Record Will Meet Okeechobee Friday Night

The exciting Red Devil varsity basketball team came out of a three game week with two wins and a loss as Lake Placid overpowered them with an 80-60 win on the Green Dragons home court Tuesday night a week ago, and then the Devils took Sebring on the Streaks home court by a score of 83-67 last Friday night and won over Hardee High of Wausatchi by a score of 44-38 here at the local gym on Saturday night.

The action last week left Avon Park with an overall record of seven wins and three losses including the Frostproof Invitational Tournament during the

Christmas holidays. Tomorrow night (Friday) the Red Devils travel to Okeechobee for a return match with the Brahmins. Avon Park won the first encounter by a score of 74-48 but it was Okeechobee's first game the season and the Brahmins have shown marked improvement since then.

Both Devil squads were idle last Tuesday but will take on Santa Fe of Lakeland next Tuesday here at the high school gym, and will host the Class AA Cypress Lake team that upset Lake Placid earlier Saturday night a week from now in the only action next week.

Cato Tom Lund's "B" squad coaches to win after losing before Christmas to Arcadia and having to forfeit a win to Okeechobee because a player who had not been certified was inadvertently used in the game. So the Devil "Bees" now have a 6-2 record with wins over Alva, Frostproof, Moore Haven, Lake Placid, Sebring and Hardee.

Flowers Presents Building Plans To Chamber

The Avon Park Chamber of Commerce met Thursday with nine of the board members attending. This was the best attendance in many months.

The attending member approved the renovation of the offices and the interior of the Chamber building. The board expressed their great thanks to the boys from APCI for their good work and also thanked Mr. Kelly, superintendent of APCI.

The resignation of J. Morris Adams, Jr. was accepted with no reason given for the resignation.

It was voted to remove the sign in the front of the building because of the expense to keep the names of the Chamber members posted.

Vacancies on the board were not filled due to the scant membership in attendance. Two-thirds of the members are required to vote on this matter.

Tommy Bagwell and Steve Roberts head the committee for the annual membership dinner to be held in March. They will name their committee members at a later date.

Mack Flowers, assistant fire chief presented a brief outline on the new Firemens Headquarters, now under construction on Route 27. Charges Filed Assuring Irene Will Be Tried For Perjury

By ROSE MALLOY RICE

A four count criminal information was filed Wednesday morning in Bartow Criminal Court assuring that Irene Macxy will go to trial for perjury.

The information was filed by Polk County Solicitor Gordon MacCalla who said he will move for an early trial. Questioned on how soon the state might expect to bring the colorful widow to trial MacCalla said it would be difficult to say. "But with my guess, maybe three months."

Mrs. Macxy already has been indicted for perjury. A Polk County grand jury on February 14, 1969, handed down a one count indictment. But with nearly a year elapsed since that time and nothing further happening, there has been widespread speculation the state might never bring her to trial. There were strong rumors the case would be dropped.

The indictment charged that Mrs. Macxy lied during the second trial, November 1, 1968, of her lover, John J. Sweet. He was found guilty in the first degree of the first murder October 3, 1966, of her husband, Charles VanCanon Macxy, millionaire cattle and citrus man, was found shot and stabbed to death that night in his luxurious ranch home West of Sebring.

Sweet's first trial, in 1967, marked by sensational and lurid testimony ended in a hung jury. Mrs. Macxy is at liberty on \$25,000 bond and will not be re-arrested, MacCalla said.

The four-count information is based on the grand jury indictment, MacCalla said, and "re-framed" into four counts. Penalty for conviction of perjury is four years in prison.

The first count of the information charges that Mrs. Macxy "willfully, knowingly, falsely and corruptly swore" in substance and effect as follows: "Well, I took \$5,000, gave Harry Lee \$20,000 and went to the bank and got \$5,000 in there and I got \$1,000 out, to give to Mr. Sweet that I owed."

Such matter, says the information, "being material in said case and the said Irene Macxy then and there knowing that she swore falsely." The said Irene Macxy then well knowing that she had not got out or taken out the monies or had in her hands and possession the sum of \$1,000 or any other sum, to give to the said Mr. Sweet."

The second count is similar to the first and Mrs. Macxy is quoted as saying that "Mr. Trulock told me not to say anything about that at the other

trial, information material to this case which she knew to be false."

Roma Trulock was the investigator for the old Florida Sheriff's Bureau who broke the case and obtained a statement from Mrs. Macxy in a Sebring motel room in 1967.

The third count relates that during Sweet's second trial she was asked the question: "Did you receive any telephone calls while you were at the hospital?"

She is charged with falsely denying this and falsely swearing she did not know whether she did or not. "The hospital in question was Walker Memorial, where she visited her daughter, a patient there, the night of the murder."

The fourth count noted that a question was asked her during that second trial: "Did you recall about how much whiskey you all had consumed that afternoon?"

It is charged "she did willfully and falsely swear she had consumed whiskey all afternoon without letup and that she had had a glass of whiskey in her hand the whole time she was at the motel."

The indictment does not identify the motel nor her companion or companions. However trial testimony indicates this was the day in early May 1967

City Asks County For Assistance

When Avon Park requested assistance in the installation of signal lights at the intersection of State Road 64 and Lake Ave., Sebring also requested they be considered by the county commission to help them in the installation of much needed signal lights in their area.

Following a survey by the Department of Transportation, the city was notified that signal lights should be updated and installed. The cost of installation was quoted at \$7,185, with the state paying 60% of the cost.

A letter was sent to the commission to request the county pay the 40% balance of the installation.

The County Commission decided to table the request and get more information on the plan before making a decision.

Red Devils

(Continued from Page One)

Lake Placid Game
The Lake Placid game was close through the first half as the Red Devils jumped off to a 16-10 first quarter lead against the tall, sharpshooting Green Dragons. At halftime the score was tied 35-35 but Devil guard Don Sizemore was carrying four fouls and spent the third period on the bench while Lake Placid went to a full-court press and outscored the Devils 21 to 9 in the third period. The Dragons continued hot in the fourth quarter to pump in 24 points while Avon Park could manage only 15 to win the game 60-60.

Curtis Jackson played an exceptional game as he pulled in 22 rebounds and scored 21 points as he was matched up against Lake Placid's top gun, McMinis who managed only 14 points. Dragon guards Byrd and Branch scored 35 and 19 points respectively as they consistently from the outside. Sizemore hit for 18 points as he sank eight field goals and hit two for two from the free throw line.

Sebring Game
In Sebring last Friday the two Highlands County teams played to a packed gym of fans who kept the noise level at a high pitch during the entire game. The Blue Streaks trailed at the end of the first quarter by a score of 14-17, but came on strong in the second period and took the lead by halftime with a 36-37 advantage.

But in the third quarter, Coach Fred Sandlin's charges came out ready to play ball and scored 22 points while holding Sebring to eight points and then pumped in 24 points in the final period to hold on to the lead. Although Devil guard Don Sizemore paced the Avon Park team with a 31 point effort against Sebring, three other Devils hit in the two columns figures to give the big effort against their arch-rivals. Forward Robert Lanning had his best scoring night with 19 points, Curtis Jackson contributed 15 points as he hit three field goals and nine free shots, and Thad Tate scored 14 points on six from the floor and two from the foul line.

Jim Magenheimer continued to turn in an outstanding effort with his aggressive defensive play and his alert passing on offense as he hit for two points as did Joe Franz. Sebring's Walker hit for 26 points and Dutton had a total of 18 points. It was perhaps Avon Park's best game of the season as the boys really showed the teamwork that is necessary for a smooth game.

Wauchula Game
After turning in real fine efforts against Lake Placid and Sebring, the Red Devils went a little slack on Saturday night against Wauchula before a nice home crowd. The Devils had to struggle all the way to take the 64-53 win from the Hardee five.

Avon Park led 16-11 at the close of the first period, but Wauchula narrowed that lead to 28-24 by halftime. The Devils scored 18 points in both of the final two quarters to stay ahead of the Wildcats who pumped in 14 points in the third quarter and 17 in the final quarter.

The difference in the score was set at the foul line as Avon Park hit 14 of 18 shots while Wauchula managed only 15 of 28. There were a total of 48 fouls called in the game with Wauchula drawing 26 and Avon Park 22. The Devils lost Jackson through fouls while Hardee lost three players before the game was over.

Sizemore led the Devil scoring with 26 points, but Hardee's N. Chasnow was high for the game with 21 points. Robert

ROTARY CLUB NEWS

Weyman Carver, January program chairman, presented one of our newer members, Morris Adams III, giving a classification talk on the subject of "Adams Industries," which consists of two divisions: Morris Adams Oil Company, which in turn has several categories, specifically: Wholesale petroleum dealer, retail outlet, truck stop, and consumer accounts.

The Morris Adams Oil Company falls under the general heading of a jobber who pays all expenses and costs of his operation and then in turn distributes both oil and related products. It was interesting to note that in addition to serving service stations and truck stops that much emphasis must be placed on the handling of other consumer accounts which include grove accounts and their needs of oil, diesel, gasoline as well as kerosene. Morris explained that the gasoline manu-

Lanning and Jim Magenheimer both scored 10 points for Avon Park and Thad Tate hit for 11 points. Jackson had seven and Franz had six for the Devils.

Stone Is Speaker At Engineers Meeting

Douglas Stone, a Georgia Tech graduate student, was the speaker at the January meeting of the Air-Conditioning Engineers, Inc. The meeting was held at the Royal Coach Motor Hotel in Atlanta, with a social hour, dinner and program, where Doug spoke on the subject of "Air Flow Characteristics in Built-Up Fan Rooms."

The ASHRAE in their Atlanta Chapter Newsletter, had this to say about Doug: "As a Co-Op Student with Britt Alderman (who incidentally is Doug's uncle), Stone became interested in built-up fan rooms as a project for a course in experimental engineering he was taking. A proposal was submitted to ASHRAE in December, 1968 and he obtained a grand-in-aid for the project. Field observations in built-up fan rooms began in March, 1969 and subsequently model fan rooms were constructed in one lab of the NASA Research building at Georgia Tech."

In his speech, Doug discussed his findings and described the work being carried on at the present time by another graduate student, Mr. Wen Shu Yeh, who was also present at the meeting. Pictures of Doug and Mr. Wen Shu Yeh appeared in the January Newsletter: Atlanta Chapter of ASHRAE, showing lab set-up with test equipment and instruments used in the research project, at Georgia Institute of Technology, Atlanta.

Doug is married to the former Gail Bennett of Avon Park and is the son of Boswell Stone also of Avon Park. He received his masters degree the last part of January and he and Gail will leave February 7 for Aberdeen, Md., where Doug will report to active duty in the Army.

facturers are also very concerned with their part in the overall picture of pollution, and that continual research is being made toward the elimination of the pollution problem. The other division of the Adams Industries is Ridge Air Conditioning. Morris listed some of his problems in this division as mainly: Help-trained or otherwise, lost time and effort between calls. In conclusion, Morris emphasized the need for good service as well as a good attitude towards the people with whom you are dealing. This was a very interesting classification talk and if he shows the interest in his every day work that was shown in this talk, than father Morris (who was a guest) has an excellent Manager with whom he can trust his operations.

IN THE PAGES
OF YOUR
NEWSPAPER!

To inform, to entertain, to bring you news of the best buys, there's no medium coming into your home that provides so much for every member of the family. It's all there, in tangible print and photos for you to refer to later, to save or pass along.

...WORLD'S BEST BARGAIN

The first rule of advertising is to get their attention.
It's like the farmer who clattered the mule before starting to harness him--you've got to get the attention before doing anything else. Without it, the most elaborate program and the biggest bargains in the world will go for nothing.
The second rule is sustained, repeated advertising. The buying public is being bombarded today as never before with advertising and promotional materials. The man who can offer a simplified but saturated message is most likely to be the one who is remembered when it's time to buy.

Masons Install Officers Wednesday

The Peace Ridge Scottish Rite Masonic Club held their regular monthly dinner meeting at Griffin's Restaurant in Avon Park last Wednesday night.

The recently elected officers for 1971 were installed by Dr. V. B. Wolfe of Sebring, a 33rd degree Mason of the Valley of South Bend, Ind. Those installed were Paul J. Calvert, president; T. E. Elthorpe, first vice president; both of Avon Park; George G. Miles of Ft. Meade, 2nd vice president; and Emmet V. Lantz of Sebring, secretary-treasurer.

Pat Draper, formerly of Lexington, Ky., now a resident of Sebring was a visitor. Following the installation, Dr. Wolfe read from the New Age magazine a most informative article of timely interest written by J. Edgar Hoover of Washington, also a 33rd degree Mason.

The next regular monthly meeting will be a ladies' night dinner on Wednesday, Feb. 3.

Bonnie Brae Mobile Home News

It's with a great deal of pleasure that we welcome Lucille and Art Smalley who have been on the overnight strip to be permanent residents of Bonnie Brae. Art and Lucille's mobile home arrived on Thursday and by Saturday they were pretty well moved in (via bicycle). They are situated on the lot formerly occupied by Flossie and Bill Thatcher.

Marie and Clarence Gerard went to Bradenton Beach on Friday to visit Mrs. Vinnie Jackson who was a former resident of Bonnie Brae. Vinnie hasn't been too well lately and was very pleased to have old friends call on her.

Rozzie and Lester Parkhurst accompanied Lee and Bill Henline on Sunday to Arcadia. Lee and Bill visited Julia Grooms a former resident of Bonnie Brae who has been in DeLois Memorial Hospital for surgery. They report that Julia is out of intensive care and due to return to her home at City Trailer Park in Arcadia.

Henry and Joe Moreno entertained Pauline and Ted Gressman at their home on Tuesday night. From all reports the Gressmans won the games of pinocchio!

Mr. and Mrs. Harvey Schwartz of Schenectady, N.Y. enroute to Nokomis called on Esther and Bill Van Buren on Saturday.

Dr. and Mrs. William Phillips of Euclid, Ohio stopped on Saturday to bring greetings to Ellen and Harry Hunt on their oldest son Harry Hunt Jr.

This week has seen three more of our regular residents return. Rozzie and Lester Parkhurst of Indianapolis who have been gone for over a year. Also, Mrs. Mary Ann Smith of Jacksonville, Fla. returned.

On Thursday, Catherine and George Curry of Jacksonville arrived. Dr. and Mrs. J. W. Smith of Jacksonville arrived. Dr. and Mrs. J. W. Smith of Jacksonville arrived.

Shuffling
On Wednesday there were 12 courts of "B" and 15 courts of "A" winners were Rosa Krontz-Frazer, Hope over Mary Smith-Noble, Howard Long won in consolation with Elmer Kirofner.

"A" winners were Henry Bette-William Bell over Ernest Thomas-Clay Kull, Mildred Long-Milton Higgs won in consolation over Grace Hildeth-John Wolf.

Saturday's winners were as follows: Kelle Larrew-Fred Turner over Mildred Long, John Wolf, Howard Bell, Lloyd Young lost to Georgina Werner-Louis Putter.

In the "B" group Flora Hoppe-Howard Long won over Teresa Bayes-Oliver, Colson. The runners-up, Francis Hutchins-Al Rose won over Steve Brown-Gladys Weller in consolation.

Card Games
High scores in pinocchio went to Theresa Bipes 623, Sarah Kerr 796, William Benn 803 and Sarah Kerr 762, Marz in consolation.

On Tuesday afternoon Stella Boud and Dolores Cook had the high scores of 970 and 5560. Six tables were in play.

Nine tables were in play in duplicate bridge on Thursday afternoon. North-South winners were Evelyn Fritz and Vi Lexa, Mr. and Mrs. Brevoort, Mr. and Mrs. M. East-West winners were Anna West and Bertha Brush, Herman Wurster and Clyde Getchel, and Clara Rentschler and Dolores Cook.

Crafts
The making of flowers from the plastic egg cartons was the main attraction at the Crafts this past week. Next will be the making of pictures using bits of colored glass.

Dances
What can be more fun than the following of square dance calls and having it all work out perfectly. And that is what happens on Monday and Friday evenings at the Club with Art Gorsuch directing.

Entertaining
The Chabers Party was just a lot of fun. When we were not being entertained by the playing of the violin by Albert Cushing and the saxophone by Curtis Hawkins and the piano by Elizabeth Hyatt, we all danced to their music and we all sang some old songs too. Paul Swearingin put on the party.

Supper
The James Richies and the Norman Darlings were hosts to the 106 members who came to the supper on Saturday evening. Mr. and Mrs. Royal Meyers were honored on their 25th wedding anniversary with two heart shaped cakes, prepared by Hazel Prindle and Audrey Near. These were served to all the supper group.

Guests at the supper were Mr. and Mrs. Arthur Hitchcock from Mayville, N.Y. The group sang happy birthday to Caroline Webber and to Jean Culver.

There was a drawing and Mr. and Mrs. Allan Carlson won a free trip to the Kennedy Space Center. Second drawing was won by the Claude Chases. This was a flight bag. The prizes were given by James Richie, who arranges trips.

Norman Darling gave a reading, and he and his wife sang several numbers.

University Officials To Visit SFJC

Two University of West Florida faculty representatives will visit the South Florida Junior College at Avon Park, January 21, to provide interested students with information on UWF and to meet with college administrators.

Dr. E. Wayne White, faculty in professional education, and Dr. Juan Chablers, faculty of foreign languages, will conduct the student counseling sessions at South Florida Junior College.

Dr. Timothy Griener, assistant to the vice president for academic affairs at UWF, said the two faculty members will see students between 9:30 A.M. and noon. They will meet with prospective UWF students and with students who have made application to UWF and who seek information about having scholarships or other aspects of the UWF community and programs.

Former Resident Dies In Georgia

John Russell Ingram, age 88, former Avon Park resident, passed away December 29 in Brooks County Hospital, Quitman, Ga.

Mr. Ingram, a retired pharmacist, was a resident of Avon Park for 19 years. He had lived in Boston, Ga., for the past four years.

Mr. Ingram was born August 10, 1882 in Wayne County, Ky., and was a graduate of Centre College, Danville, Kentucky.

Survivors include his wife, the former Jessie Van of Boston, Ga., a daughter, Miss Emily Ingram of Atlanta, and several nieces and nephews.

Funeral services were held December 31 at the Boston City Cemetery with the Rev. Benton Taylor, Methodist, officiating.

Bookkeeping Course Offered

There will be a continuing education course at South Florida Junior College this semester in basic bookkeeping. The course will cover the entire bookkeeping cycle.

The students will learn the theory of debit and credit as well as basic terms, such as asset, liability, expense and income.

They will also learn to prepare a balance sheet and income statement. The course will be taught by Mrs. Vivian Perrenner and will be offered on Monday evenings from 7 to 10 P.M.

The public telephone has finally been installed. We have waited all Fall and don't believe that what we thought was a dream was a reality. Also installed this week was the coke machine. It has been placed at the washroom entrance.

This week on the overnight strip Mr. and Mrs. H. W. Singer of Minerva, Ohio, Mr. and Mrs. Herdener of Denver, Colo., Mr. and Mrs. Fred Frye of Michigan.

The Fryes are friends of Clyde Smith. We also have Mr. and Mrs. Leonard Padlock of Hammond, Ind. who will be with us for the next month.

Congratulations to Ellen and Harry Hunt who are situated in their mobile home, formerly owned by Marjorie and Frank Duquenne who have moved to Fort Myers.

Hazel and John Lasse are on a trip to Florence, S.C. where they will meet Hazel's sister, Mrs. Sadie Heth of LaCrosse, Wis.

At the present writing all of our sick folk have returned from the hospital. Cedric Weirman returned on Monday and Gene Brown who was admitted on Tuesday returned on Friday.

Gracie Snoddy returned during the week from her home in West Salem, Ohio, where she spent the holidays with her family.

Charles Weinstein of Schenectady, N.Y. called on Maude and Frank Foote on Monday afternoon. Mr. Weinstein started Frank selling Knapp shoes 15 years ago and Charles and Frank had the Knapp Shoe Booth together at a county fair for five years.
