Demand To Employ 20% Is Unrealistic

A demand that 20 per cent of all Highlands County school personnel be employed from black applicants has been labeled unrealistic.

Superintendent George F. Douglas, at the school board meeting last week, said the Avon Civic League had renewed its request for a jump in the number of blacks employed in the schools.

The League first appeared at the April board meeting and after conferences with Douglas had, before the June meeting, repeated its original demands. No League spokesman attended the board meeting.

The League said the 20 per cent figure would reflect the percentage of black students enrolled in the county schools. The League's request was for an across-the-board personnel policy and would apply to instruction and non-instructional positions. Douglas has denied race is a factor in selecting personnel.

Vocational Education
At its June meeting Highlands County approved establishment of a Highlands County Vocational Technical Education Committee. Henry Webster and Highlands County Property Owners Association had approached the board with a plan to organize the committee to study the vocational technical education needs in this immediate area.

Several years ago Webster headed a committee which spearheaded the upgrading of science education in the schools. School Board Member E. Roy Wells recalled that Webster and his science committee "did a good job."

New Buildings
Much of the school board's June meeting was devoted to the problems of getting new construction finished and ready for use in the 1971-72 school year. The board indicated its approval of a tough letter from Architect Jim Heim to the Monty Construction Co. warning the contractor that the board was not inclined to grant extension of time for work on Lake Placid Elementary school addition.

Ellis Construction was given a 15-day extension on work at Fred Wild, putting completion

County-Wide Ambulance Service Studied By Board

County commissioners stepped into northern Highlands County's ambulance gap this week and instigated studies on providing a county-wide service.

In a special meeting with the county's ambulance operators Tuesday afternoon, the commissioners explored the possibility

of the county's assuming full responsibility for a single county-wide service.

Tyrone Bowden of Highlands Ambulance Service told the board that his company spends "on the average \$1,000 a month to keep equipment and staff, if

Tyrone Bowden of Highlands Ambulance Service told the board that his company spends "on the average \$1,000 a month to keep equipment and staff, if

you can get service for the Avon Park area for \$500 a month jump at it."

He said that Sarasota County grants a \$60,000 a year subsidy for ambulance service and "that's way below the cost

Cancel Make Money
Dwight Scott of Lake Placid told the board: "There is no way to make money in ambulance service" even with 100 per cent collection of fees and adding collections are running at about 90 to 95 per cent.

No Expansion
Crews said he had talked with ambulance operators in the Sebring area—Dowden and Ed Warren—and they had said they plan to continue "as long as they can."

Council Rejects Request To Change Zoning For Trailers

The Avon Park City Council turned down a request by William Briscoe to rezone approximately 20 acres of land just South of the truck route and US 27 from R-1 and R-2 to M-1 for a mobile home subdivision.

Briscoe, former president of the Avon Citrus Bank, said he had always worked for a better Avon Park and that a beautiful mobile home subdivision would be an asset to the city. It would bring in many times the amount of taxes that he was paying.

He also said people coming into the community will be mostly retired with average income between \$3000 and \$5000. In stating the advantages to the city Briscoe said the city would receive from \$2500 to \$2800 in personal property taxes, \$4000 from garbage, \$6,000 from water meters.

Some residents who live in the area objected to the change in zoning, saying the reason they had built there was because of the residential zoning. Jerry Travers presented the council with a petition from residents in the area objecting to the change in zoning. He said every resident in that area except one who was out of the state had signed the petition.

Members of the council in rejecting the change said they would have to uphold the zoning board's decision.

In other actions, the council adopted a resolution to send to Washington urging the Federal Power Commission grant Florida Gas Transmission Co. per-

mission to start serving the residents. The gas company was granted a franchise from the city over two years ago and since then the company has not been permitted to serve this area because of repeated objections from Sun Oil Co.

Announced that dates in connection with city election according to local legislation just passed by the State Legislature are as follows: Registration books open September 7, qualifying by candidates begins September 7, books and qualifying close November 5, election Tuesday, Dec. 7.

It was announced that a public hearing on assessment of costs for demolition of sub standard property would be held at 7:30 P.M., Monday, June 28.

Purchased a six foot cut, three point lift mower for use with city tractor from Peace River Ford at a cost of \$495.00.

Authorized a letter stating that the City of Avon Park did not assess utility taxes against churches to the United Telephone Company.

Mrs. Belle Martin requested garbage rate on her apartments be reduced from the \$200 per apartment per month as per new rates. Mr. Dugan and Mr. Howard explained the reason for the change for apartments was set the same as charge for dwelling. Mr. Serdynski requested time for extra study.

To paint the City Council room and to install drapes with color to be selected by council president.

Students Want To Attend AP Schools

Polk County parents recently were successful in having their children's request to attend schools in Highlands County.

And now parents in Hardee County want the same privilege. The reason for both sets of parents is that the schools in Avon Park are closer than the schools their children attend.

Parents living in the far eastern part of Hardee County approached the Hardee County School Board Tuesday. Only three board members were present at the Hardee County meeting Tuesday so action was postponed.

In both instances, the children would attend Avon Park schools which already are overcrowded.

Eleventh Annual Piano Recital Held at Church of God June 12

The 11th annual piano recital by the pupils of Mrs. Lillian Johnson was held at the Church of God, Avon Park, on Saturday evening, June 12, with around 40 students performing before a large audience of parents and friends.

The front of the church was decorated with palms, and two baskets of glads and mums in Spring colors of blue, pink and white.

Mrs. Joel Fletcher, an adult student of Mrs. Johnson, entertained the audience before the recital with several organ selections.

Sherwin Macintosh ushered the students in with his rendition of "The Lord's Prayer" by Edward Elgar.

Mrs. Johnson introduced each student and the number they were to play, as each one displayed their talent with a variety of types of musical numbers including several duets.

There was a special treat for two, four-year-olds, Tonya Fletcher and Linda Johnson, who played "The Slide," from Hansel and Gretel, accompanied by Lisa Johnson.

The program was closed with Tyina Gillard playing "The Children's Prayer," and Rev. Alex Day, pastor of the Church of God, giving the benediction.

Reception

A reception was held following the recital in the church social hall under the direction of Mrs. Dale Landress and Mrs. John Starling, with mothers of the students assisting. The hall was decorated very appropriately with musical symbols, with the focal point, a musical tree, with musical notes hanging from each limb. Orchids further enhanced the hall.

Guests were served punch and cake along with nuts and mints.

Three Students Receive Degrees at WFU

Names of 815 University of West Florida degree candidates have been announced by President Harold Bryan Crosby. Candidates for the bachelor degree number 557 and 58 are master's candidates.

They are among the 1,301, including graduates from the three previous quarters, who have been invited to participate in the annual commencement exercises at 9:30 A.M. Saturday, June 12.

The University of West Florida is an upper level institution in the state university system admitting only junior, senior and graduate students. The admission policy complements Florida's extensive public junior college program in which students receive their first two years of instruction. The university is composed of three colleges: Alpha, Gamma and Omega.

Florida Governor Reubin Askew will deliver the commencement address, at which Avon Park students will receive degrees.

Ronnie Larry Jackson, bachelor of science, Gamma; John Robert Russ, bachelor of arts, Gamma; and Robert R. King, Lake Lotela, bachelor of science, Omega.

SPECIAL MATERIALS to help handicapped children learn are unloaded at the Highlands County Schools' materials center by teachers (left to right) Mrs. Mary Ann Reddick, Mrs. Jean Moore, Mrs. Myrtle Ward and Mrs. Joan Carlton. The games and toys—approximately \$2,000 worth—were given by the Sawdust Engineers, a group of retired persons living at Sun City who make these materials for

handicapped children. Three sets of the games and toys were given to Highlands schools and will be used in the 1971-72 year—one set at Avon Elementary class taught by Mrs. Reddick, one by Mrs. Carlton at Woodlawn and one by Mrs. Ward in her work with homebound students. Mrs. Moore said these materials contribute to the "engineered classrooms" being instituted next year.

Four Weeks of Summer Band Begins Monday

Summer band will be held this summer in the high school bandroom for four (4) weeks beginning Monday, June 21 to July 16 (Friday). (Monday, June 21 is registration day from 9 to 3.)

Lessons are free. If you plan to go on vacation any of these four weeks, you may still attend the remaining weeks when you return.

The 7th and 8th grade band will practice together forming our next year's Junior Band. Some of the band activities will include:

Full band practice; lessons in small groups; practice marching; ball games between the grades; a day at the beach and eating watermelon. Baton lessons will be given for a nominal fee.

This program should be educational as well as recreational. If your child will be in town it will be to his advantage to keep up with his band music.

The afternoons will be reserved for the Senior High band members who are interested in extra help on their instruments, solos or ensemble groups.

County Sends State Long Range Program For Road Improvements

Highlands County commissioners have submitted to the State Department of Transportation a long range program that calls for more than a million dollars in road improvements in the next five years.

The program is for state secondary roads within the county and is financed by state taxes. The county commission received the program for study and requested several changes from the DOT recommendations.

Largest item on the budget for 1971-72 fiscal year was questioned. County commissioners had budgeted a total of \$485,000—more than a third of the available funds for work on 4.7 miles of Arbutus Road from State 17A to Arbutus Creek. Highlands County Administrative Assistant Charles Culbert explained this includes allocations for engineering and right-of-way acquisition as well as road materials and labor.

The commissioners questioned budgeting so large a chunk of the county's share of secondary road funds—\$1,231,085 now available for the Arbutus Road project.

Other projects in the 1971-72 budget which were included were allocation of \$14,000 for work on State 17A from "leg B" of Highlands Avenue East to the end, and work on State 17 from US 27 through Lake Placid back to US 27. The latter is a two-year project with a total of \$465,000 allocated for this two miles of work.

Projects for 1971-72 which were approved includes re-surfacing of State 14 from State 17 to the Polk County line, budgeted at \$108,000; acquisition of additional right-of-way for four-laning of US 27 to the Gladys County line, \$94,000, and railroad signals on State 17 two miles North of US 98, \$105,000. Contracts have been let on

three of the projects listed in the 1971-72 budget: \$73,580 for grading, paving, and surfacing of one mile of the Sebring Airport Road; \$36,000 for re-surfacing of State 623 from State 17 East for two miles, and \$63,555 for widening and re-surfacing of 2.5 miles of Raleigh and DeSoto City Roads.

Tuesday the board formally requested DOT to move Placid Lake Road project higher on its priority list. It had been listed as a three-year project beginning in 1972-73 year and not being completed until the 1974-75 year. Total cost has been estimated at \$120,000.

The only other major question was on the advisability of a two-year project for Hensarath Road—\$453,000 for four miles of work from Clark Road to Josephine Road, 1974-76.

Re-surfacing of Avon Park Truck Route for four miles is budgeted for \$100,000 in 1972-73. Re-surfacing of State 17 from State 70 to US 27 is budgeted for \$100,000 in 1973-74 and re-surfacing of State 17 from State 731 to State 70 is down for \$279,000 in 1974-75.

Improvements for Lakeview Drive (State 634) is down for the 1973-74 year with an allocation of \$160,000 for 5.9 miles of work.

The DOT budget has allocated \$100,000 for re-surfacing in 1971-72 fiscal year which begins in July. The re-surfacing budget for 1972-73 is \$200,000.

Traffic signals are down for \$5,000 per year, starting in July, 1972. Preliminary engineering is budgeted for \$10,000 per year, and construction engineering costs at five per cent of project costs. Yearly budget for right-of-way is \$20,000.

The secondary road program is reviewed annually by DOT with the county commission of each county.

State Attorney Drops Case Against Littles

The State Attorney's office dropped its battle in an old armed robbery case last week and sole processed charges against John Littles of Avon Park.

Littles had been sentenced to 15 years in prison for taking money and a shotgun from Edgar P. Smoot. He was arrested two weeks after the May 3, 1965, robbery and three weeks later entered a guilty plea before Circuit Judge A. H. Lane.

In mid-August Judge Clifton Kelly sentenced Littles to prison. Little has protests he had been promised a light sentence if he waived appointment of counsel and pleaded guilty—allegations denied by Broward Coker who was sheriff at the time of the youth's arrest.

After a series of appeals and hearings, Judge Kelly this Spring had ordered a new trial. In court last week the State Attorney's office, citing difficulty in finding witnesses for the trial, said prosecution of the 26-year-old Littles would be dropped.

A faulty memory is the secret ingredient of the pies that you recall grandma baked.

Food served attractively and skillfully. Mrs. Landale has been connected for some years with the ARA services, of Philadelphia, Pa., which caters to schools and hospitals throughout the United States, especially

by the South. President Raymond H. Stokes, of Highlands School, has announced that Mrs. Landale has been engaged as Food Service Director at the school again next year.

ALL READY for an Italian buffet dinner at The Highlands School, planned and directed by Mrs. Landale. Left to right are three assistants, Mrs. Mildred Strenth, Mrs. Dorothy Savoie, and Mrs. Wilma Monday, all of Avon Park.

MRS. OLGA LANDALE, left, lends a hand at a French buffet dinner at The Highlands School. Assisting her is Mrs. Thelma Lockner, they both reside in Avon Park.

200 People Are Fed Each Day At Highlands Girls School

If anyone can please all the people all the time, it is Mrs. Olga Landale, of 807 W. Pine Street. As Food Service Director, at The Highlands School, Mrs. Landale has nearly 200 mouths to feed three times a day, daily during the school year, and according to comments overheard at mealtime, everyone is fed nutritiously, appetizingly, and plentifully.

"To please all the people all the time with the right food is no mean feat," Mrs. Landale stated a few days ago. "Grow up girls want plenty of everything, and although they seldom use the word 'delectable,' many indicate that they appreciate

the way things taste. Food also has to look pretty, and this I always attempt to do." She added that girls also want variety. "They don't like to be served the same thing day in and day out."

During this past year at Highlands School Mrs. Landale has planned and directed a number of special meals, among them several Italian dinners, French dinners, a huge served outdoors, and some special buffet meals for Fashion Shows, club meetings, and the like. She has just completed her third successful year at The Highlands School and already has built up a reputation in this area for good

County Schools Receive \$199,992

Tallahassee — County School boards in Florida received \$47.8 million during June, \$3.3 million more than the counties were allocated in June, 1970. Comptroller Fred O. Badt Dickinson, Jr., reported today.

Highlands County's share was \$199,992, which was \$18,470 more than the \$181,522 received for June, 1970.

The operation of state-supported public schools is financed largely through the Minimum Foundation Program, which supplied \$45.1 million. An additional \$2.7 million came from state sales tax.

In last year's June disbursement, the public school program received \$42.6 million.

Red Cross Swim Class Scheduled

Mrs. Beach said anyone interested in signing up for the free class may obtain more information by telephoning the Red Cross office at the courthouse annex.

HERE Mrs. T. O. Martin gives her plants (Tender, Loving Care), a drink of water and plenty of T.L.C.—

Mrs. T. O. Martin Keeps Busy Raising Vegetables, Flowers

Try this—Things you can do in your own back yard. Mrs. T. O. Martin, of South Lake Ave., does just that. She is one of our senior citizens who doesn't let boredom or whatever bother her.

She gets out and stays busy and enjoys the results. This is her recipe for a full happy life for senior citizens, retired persons or anyone who is just plain bored. Dig and prepare the soil, then plant your favorite vegetables, and if you have room, put in some bright flowers.

Vegetables she had this year are cabbage, collards, beans, tomatoes, mustard, onions, squash, peppers and blackeyed peas. She has raised all the vegetables they have eaten all year long.

Her beautiful dahlias—some six inches across, in six vivid colors—besides dahlias, she has three colors of myrtle, yellow jasmine, red bougainvillea, caladiums, verbena, azaleas, petunias, roses, touch-me-nots, purple and red salvia, mums, pansies, morning glory trees, poinsettias, colums, miniature holly, crotons, fern, begonias, geraniums and various other kind.

She said, "Don't just put them out and forget them, you can't put a pot on the stove and say, here Lord it's up to you to put something in it. Everyone has to do their part and he will more than do his part. She uses plenty T.L.C. (tender, loving care). Don't say, 'Jeepers, I can't do that,' try it." She thinks if a 75 year old teenager, like herself, can do these things, so can you.

The Martins came here in 1959, the parents of three daughters and one son. They have lived on Lake Ave. for 12 years.

Volkswagen announces a new kind of Volkswagen. Big.

Who'd ever believe it?
A Volkswagen that's big.
And looks like a regular car.
And has four big doors.
And more room and comfort than you've ever seen in a Volkswagen.
And more power and acceleration than you've ever had in a Volkswagen.
And more features as standard equipment than you'd ever expect in a big car.
Like an automatic transmission. Radial tires. Front disc brakes. Electronic fuel injection. Rear window defroster.
And more.
Yet, after all these years, you can buy a big car as good as our little car.
The 411 Volkswagen 4-Door sedan.

You know what?
You just ran out of excuses for not buying a Volkswagen.

Summer Enrichment Programs Get Underway This Week Here

A variety of activities got underway last Tuesday at two different sites as the Avon Park Summer Enrichment Program sponsored by the Highlands County School Board opened its six weeks program at Avon Elementary and Avon Park High School.

Over 60 pre-school boys and girls were on hand Tuesday morning to begin an introduction course to school. These children will be divided into four groups and will rotate each day to have instruction in art, music, testing for visual perception and coordination, and films and games. There will be refreshments each day and each child is to bring 10¢ per day to help defray the cost of this.

The pre-school program starts at 9 A.M. and is over at 11:30 A.M. All parents are urged to pick up children promptly at 11:30. Pre-school children who will enter the first grade next year are urged to enroll in this program as soon as possible.

Mrs. Loretta Ellis reported that 75 elementary boys and girls registered for recreational activities last Tuesday. That section of the program will be divided into three parts with games inside from 8 to 9 A.M., outside activities such as softball, tennis, basketball and games from 9 to 10:45, then a break for refreshments or a water break, and finally an hour from 11 to 12 for either inside or outside activities.

From 1 to 2 P.M. each day there will be movies shown in the cafeteria with no recreational activities during that time. Then from 2 to 4 there will be other recreational games. There will also be instruction in reading, mathematics and arts and crafts from 2 to 4 each day. The reading and mathematics instructions are for boys and girls who have been assigned to this before school was out.

The arts and crafts will be in Room D each day and there will be a fee of 50¢ for supplies for this activity. There will be speed reading instruction by appointment only, held in the Avon Elementary library each afternoon. Also parents are urged to register their children for swimming instruction which will begin July 12 and run for three weeks. Please register early so the classes may be set up and students notified of their class hour before July 12.

Working in the elementary program this Summer are Mrs. Murphy, Mrs. Brooks, Mrs. Metheny, Mrs. Jackson, Mrs. Ellis, Mrs. Richardson, Mrs. Edge, and Mr. Simon. Mr. Gartner will handle the swimming instruction.

\$87,700 Federal Loans Approved For County

Farmers and ranchers in Highlands County have been approved for \$87,700 in federal loans through the Agricultural and Soil Conservation Service.

A total of 112 wells and 137 pits were approved throughout the county according to Ota Everett, county ASCS executive director. The money was made available after Highlands was tagged a disaster area because of the worst drought in 26 years. The government pays 80% of the cost of the wells and pits.

Everett said he has had a total of 131 requests and will continue to accept requests through July 31. He added that there will be no more money granted through the program, but more money will become available when the 80% of the cost of wells and pits in some cases does not run the full 80% as this money is recovered it will be allocated to others who need it.

Blankinship Retires As Director

It is with much regret stated Dr. Paul Lindsey, Board Chairman of Highlands School that he accept the resignation of Col. Leslie C. Blankinship as a member of the Board of Directors of The Highlands School, effective last December 20.

Due to the fact, that he is now employed by the Federal government in the Department of Education it is not suitable that he should remain on a private or public school board.

His work at Highlands School has been highly appreciated and we regret that it is necessary that he accept his resignation.

The board of trustees of The Highlands School has approved the appointment of five new board members, that cover all the areas of the country and fields of employment. The board will be announced officially within the next week or ten days.

Ruth E. Robinson

Mrs. Paul Roth, our dear friend and neighbor during the winter season, is in the St. Luke's Presbyterian Hospital, Harrison St., Room 1126, Chicago, Ill. Let us send her our love in letters or cards as she is in a serious condition and they will help and cheer her to know that she is in our thoughts and prayers.

Leaving here on Sunday, Mrs. Rosamund will spend her vacation with her sister, Mrs. Mary McAleese in Louisville, Ky.

Mr. and Mrs. Ory Myers and the Lawrence Robinsons celebrated Father's Day at Winter Haven with dinner at Morrison's. This is the last "fling" together for a while since the Myers are traveling North on Tuesday, for their vacation. Ruby and Ory will stop for a visit with Ory's cousin and wife, Mr. and Mrs. Ross Keefe in Bentwater, Ark., then on to Fort Wayne, Ind. to see their children, relatives and friends in that area.

Mrs. Charles Allwood will be leaving with Mr. and Mrs. Fraser Wadford, for a two week vacation next week. Her first stop will be in New Cumberland, Pa. to see her son, Mr. Warren Allwood and family. The next visit is planned for a time with her son, Eugene Allwood, who resides in Willingboro, N.J.

Mr. and Mrs. Lewis Becker are to be congratulated on their 53rd wedding anniversary which passed by last Thursday, unknown to us. However, the Beckers and Coody drove to Lake land on Friday for dinner and a bit of shopping.

Jonathan Wright is in good condition after his surgery, last week and back to working hard

on the lawn, here in the park. David is going to school in the mornings and works in the afternoons. Between the two boys our park is very clean and pretty.

Mr. Chamberlain Observes 75th Birthday

Claude Chamberlain had a memorable 75th birthday this year. He and Mrs. Chamberlain spent a week at Redington Shores, St. Petersburg. Their daughter and family, Mr. and Mrs. Calvin Mason, son John, and daughter, Mrs. Charles Forest joined them on Friday, June 11. They made a driver of home-made cream, which they enjoyed with apple pie.

Mrs. Forest returned to her home in Tallahassee on Saturday, June 12, which was Mr. Chamberlain's birthday.

Three neighbors, whose birthdays were all within a week of each other, were honored with a birthday dinner at the Tower View Restaurant, Lake Placid, Tuesday, June 15.

Those honored were: Mr. Claude Chamberlain, Mr. Ernest Kelly and Mrs. Ila Kelly. Others present to enjoy the festivities were: Mrs. Claude Chamberlain, Mrs. Calvin Mason, John Mason and Mrs. Solving Gerrard. After the dinner, a birthday cake was presented and each honoree made a wish and blew out a candle while the rest of the party sang

Highlands County Civil Defense Director James R. Lawson has completed the second phase of the civil defense career development program for local 12 civil defense coordinators.

Rev. Earl Spurlock of Avon Park will be the guest speaker at the Church of the Nazarene this Sunday, June 27. He will speak during the morning service at 11 A.M. and the evening service at 7 P.M., filling in for Rev. Paul Trissel, who is presently on vacation.

It included study of public administration, personnel management, budgeting, records

MRS. CHARLOTTE SMITH is shown above with the kindergarten group at Vacation Bible School held at the Presbyterian Church, by four local churches.

The children were all in a circle listening very attentively to Mrs. Smith, until they were distracted by the camera flash.

MISS SHARON LAWRENCE kept most of the children spellbound with her renditions of Bible folk songs and stories at Vacation Bible School sponsored by the Methodist, Episcopal,

Congregational and Presbyterian Churches, held at the latter church. She is shown with a group of third and fourth graders.

Youths Pick Up Litter In Avon Park

Avon Park was invaded last Thursday afternoon by 60 young people from Lake Byrd Lodge. They had been studying "Sharing Their Time with Others" and felt they wanted to do something for the town of Avon Park. They started on Route 27, the Mall, Lake Street, Pleasant Street, and after an hour and a half of work had picked up nine loads of cans, papers, "trash."

The work was their way of saying thanks to Avon Park people for the programs offered at Lake Byrd Lodge by the town of Avon Park. As they gave their time to the town of Avon Park, they also received for their work from Lake Street a woman was so impressed by their work that she brought out a watermelon for them to share. On Route 27 a man drove by in a car and then returned a few minutes later with cold "cokes" for them to cool themselves off. Incidents like this all over town showed the young people that townspeople appreciated what they were trying to do.

An interesting note is that, according to the Lake Byrd Lodge young people, Pleasant Street is the cleanest street in town. They started to pick up trash on Pleasant Street and then had to move to another street because, as one girl put it, "this street is just too clean."

Our thanks go to the

Four Local Churches Sponsor Summer Vacation Bible School

Four local churches have worked together for the third year to put on a vacation Bible School for children ages 3 to 12. Methodist, Episcopal, Presbyterian, and Congregational churches have supplied the money, teachers and pupils to make this a success.

One hundred and thirty-one children and teachers have been registered with an average daily attendance of 125. The teachers and staff have made an all out effort to provide the children with a balanced program in which Bible study, handwork, outdoor games, singing, film strips, and the always welcome refreshment are provided daily. The children voted on their first day of school to send their offering to Leader Dogs for the Blind. They set a goal of \$90 which would pay the board of a blind person during his training to work with his Leader Dog. This requires about four weeks. They reached their goal by the sixth day of Bible School.

Additional offering will be added to the Leader Dog Fund to provide an especially constructed harness for the Leader Dog. Leader Dogs and the training required are free for any blind person regardless of race, color or creed.

The foundation is supported wholly by gifts from individuals and churches and is not federal.

Other fines were James Jack Pearce of Avon Park, failure to yield, \$25 or 10 days; Elijah Jack Baker of Sebring, no driver's license, \$36 or 10 days; Robert B. Jordan of Avon Park, improper parking, \$16 or five days.

Lack of Life Preservers Cost Man \$16 Fine

Operating a boat without life preservers cost a Sebring man \$16 or five days in jail when he appeared in county judge's court. Eugene Harold Igen appeared court last week.

An Avon Park man estimated bonds totaling \$170 on a trio of charges. Robert L. Crews had posted \$100 for destroying personal property, \$35 each for public drunk and disorderly conduct charges.

Herman Wesley Adams of Avon Park entered guilty pleas on two counts and was fined \$25 or 10 days for using an expired inspection sticker and \$40 or 30 days for driving without a license.

In connection with an accident James Elwood Eddy of Sebring had been charged with failure to use due care. He estimated a \$50 bond.

Other fines were James Jack Pearce of Avon Park, failure to yield, \$25 or 10 days; Elijah Jack Baker of Sebring, no driver's license, \$36 or 10 days; Robert B. Jordan of Avon Park, improper parking, \$16 or five days.

Speak Up!

What have you got against Christianity? Let's get it out in the open.

There are many people in every generation who are too intelligent to accept Christianity — or too good to need it. Are you one of them? If so, let it be known.

Stop letting everybody talk as though Christianity were good for everyone, if your mental and moral life is better.

Or do you have some other objection? Say it!

Don't think you are offending God or desecrating the Bible to let your complaints be public. That is exactly what God wants. What could be more hypocritical or cowardly than to expose the weaknesses of Christianity in your living room or backyard among your friends, while you smile at the minister and send the kids to church?

Why Keep It Secret?
You don't need to make it a scene about it, but let people know what you think. As the Bible says, "Get up, argue in front of the mountain, and let the hills hear your voice."

Micah 6:1
What it means is that you should avoid your foolish practice of bringing out your favorite arguments and complaints and "unanswerable" questions only in the presence of people who think the same way you do.

If you are intellectually honest and you think your objections are of real significance, bring them out where the world can see them, analyze them, evaluate them.

There are many smart anti-Christians who can explain away the Bible and everything supernatural in private. I think

The Webelos Den of Pack 156 spent a very enjoyable weekend in the Bombing Range over the 19th and 20th of June. A very colorful camp site was displayed when the Scouts finished setting up tents, made from parachutes consisting of red, white, blue and yellow dyed tents.

The camp site located on Lake Arbuckle shores in a large oak hammock, made an excellent camp for the

Scouts, as it is attended by the APTC staff.

By Saturday noon everyone was hungry and the boys enjoyed baked wiener with wedge of cheese and a slice of bacon rapped around it, served with macaroni and cheese. The evening dinner consisted of hot baked biscuits, baked beans and hot baked apples covered with brown sugar and cinnamon. Sunday morning the boys had raisin pancakes with

maple syrup. Sunday noon found everyone with camp fire stew. It had all sorts of fresh green vegetables in it and lots of meat. This was served along with scalloped potatoes. Drinks for the meal consisted of iced tea, fresh wild orange ade, hot chocolate, coffee and instant milk.

Some of our activities involved playing horseshoes, fishing, swimming, hiking,

campfire skits and a trip to old Fort Kissimmee, where the boys found a turtle shell, which they will autograph as a den keepsake of this camping experience. The den wishes to give special thanks to Bill Owens Ford, who through his special efforts to aid the Webelos on this event, made it possible for the den to have transportation. And also the staff at the APTC, who maintained the campsite.

Ten scouts were present on this campout: David Starr, Tim Starr, Mark Brown, Tim Behaul, Daniel Luke, Joseph Gray, Peter DuPrint, Chris Smith, Dennis Jones (Denner), and Delma Braswell. The boys were accompanied by Tal Starr (WL) and later Saturday evening by Dave Brown (WLA), who joined the group.

Leons Team Is Little League Champs

Leon's Sporting Goods Little League team, coached by Cecil Skipper and Leland Sellers, wrapped up the 1971 championship last Monday night with a 6-4 win over Kwanis which gave them a second year team record of 11-3 for the season.

There were two games scheduled for last Tuesday night and there will be two games tonight but the results can have no bearing on the championship. However, a hotly contested second-place battle will be fought during these last two nights of play. After last Monday night's action, I. H. Ford had an 8-5 record for second place.

Bagwell Lumber, Lions, and Rotary were all knotted up for third place with 7-3 marks. Kwanis was in sixth place with a 5-9 record, and First Baptists were in seventh place with a record of 4-9. Avon Citrus Bank won its second game of the season last Friday night by a whopping 20-8 score but remained in the cellar with a 2-10 mark.

Last Tuesday night the Lions hosted First Baptist in the first game and Avon Citrus Bank was to play Bagwell Lumber. Then tonight the Bank will take on Rotary and the Lions will play I. H. Ford in the late game. A rained out game between Rotary and Bagwell has not been rescheduled as yet but may be played at 4 P.M. on Friday if necessary.

The All-Star team will be picked by the head coaches of each team tomorrow (Friday) night at 7:30 at City Hall. The All-Star team will represent Avon Park in the district tournament to be held in Auburndale around the middle of next month.

Tuesday night a week ago, the Lions jumped on Avon Citrus Bank for a 25-5 win as John McKunas and Jimmy Massey combined to hold the Bankers to four hits. Getting these four hits for A.C.B. were Charles Luke and Stephen Ford with two each. The Lions blasted out 16 hits off two Bank hurlers. Fred Moore hit three singles and John Barker hit two doubles. John Barker had a double and a single, Craig Skipper had a double and a single, and Ralph Hart and John McKunas both had one single for the hard-hitting Lions.

In the second game that night, First Baptist trumped Bagwell 10-0 to crush the Lumbermen's chances of the championship. Bagwell out hit Baptist as Nate Weiss boomed out two home runs, Dale Sisemore hit a double and two singles, Jim Sparlock hit a double and a single, Mort Jackson hit two singles, and Joe Wright and Jeff Jackson had a single each. Don Post also had a double for the losing Bagwell nine.

First Baptist batters got nine hits off two Bagwell pitchers. Smokey Hill hit a triple and two singles, Travis Smith and Ray LaFram had a double and a single each, John Ferguson hit a double, and Danny Choate had

LEON'S TEAM was first place winners, front row, Mark Palmer, Craig Skipper, Harold Sellers, Peter DuPriest, Eddy Garner, Steve Arnold; second row, Chip Carter, Terry Lanzing, Reginald Baker, Billy Young, Charles Pough, and Butch Helvey, coaches, Cecil Skipper and Leland Sellers.

a single for the winning Baptists. Last Thursday night Rotary continued to win by taking Kwanis 13-8. Hitting safely for Rotary were Edward Dorsey with a homerun and a single, David Melinger with a double and a single, Billy King with two singles, and Bill Cravey with a double. Melinger was the winning pitcher as he went the distance for the Rotary team.

Kwanis, always tough at the plate, slammed out 10 hits off Melinger but only one extra base hit, a single, by Gene Haywood had a single.

The big game of the week was the second game last Thursday night as I. H. Ford and Leon's Sporting Goods met head on for the first place position. Leon jumped off to score four runs in both the first and second inning and then held on to win 8-4 after Ford scored four runs in the third and threatened in the fifth and sixth. Charles Pugh pitched five innings of ball for Leon's before he was relieved by Harold Sellers to start the sixth frame.

Tommy Lewis hurled for I. H. Ford until Larry Pugh came on for him to pitch the sixth inning. Gary Curlee hit a home-run for Ford and Larry Pugh had a double. Frank Bateson, Tommy Lewis and James High added a single each for Ford's six hits.

Leon's got nine hits but all were singles. Charles Pugh, the winning pitcher, hit three singles. Harold Sellers had two hits, as did Reggie Baker and Craig Skipper and Terry Lanzing had a single each.

Avon Citrus pulled a big upset last Friday night as they clubbed First Baptist 20-8 on 10 hits. Kenny Light hit a double and a single, Stephen Ford rapped out three singles, Danny Luke and Mike Owens hit two singles each, and Frank Anderson had a single for the winning A.C.B. team. Kenny Light was the winning pitcher going the full three innings.

First Baptist had five hits. Marvin Elkhill hit a double and a single, Ray LaFram had a double, and John Ferguson and John Barker had a single each.

In the second game last Friday night, Lions scored five runs in the top of the sixth inning to take a 7-4 victory from sagging Bagwell Lumber. The Lions got 10 hits off three Bagwell pitchers. Catcher John Barker got a homerun and two singles, Keith Crews hit three singles, Fred Moore had two singles, and Jim Massey and Fred Hart had a single each.

Dale Sisemore led the Bagwell batters with a double and two singles and Mort Jackson and Billy Hoyer had a single each.

In the game that clinched the title for Leon's last Monday night, the champions took Kwanis 6-4 in a six inning game. Reggie Baker was the big man at the plate for Leon's as he slammed out a homerun and a double. Harold Sellers and Craig Skipper had a single each for the other two Leon's hit off Kwanis pitcher Mike Coleman.

Kwanis got six hits off Billy Young, Leon's hurler. Eric Wilson put a homerun over the fence and had a single too. Dennis Hulon had two singles and Mike Coleman and Gene Haywood had a single each.

Rotary came back in the last of the sixth inning to score a 7-6 win over I. H. Ford in the second game last Monday night. David Jahna led the rally off in the bottom of the sixth with Rotary trailing 6-4. David gained first on a throwing error and as the ball headed out toward right field, he just kept running and came home as a bad throw went by the catcher. After that John Starling walked and scored and then Bill Cravey came home with the winning run on Billy King's infield grounder that went for a fielder's choice.

Rotary got five hits off losing hurler Tommy Lewis. Winning Pitcher Edward Dorsey hit three singles to add his own cause and Billy King got two singles. I. H. Ford batters got nine hits but couldn't take the win. Tommy Lewis led the batters with a double and two singles, Larry Pugh had a double and a single, Alan Curlee hit two singles as did David Reynolds.
