

County Commissioners Accept Bids On Landfill Property

The county bought a dump Tuesday but backed away from a new building. A month of fretting about high bids on the proposed Venus recreation building culminated Tuesday in the county commission's formally authorizing new, sealed down plans.

At Tuesday's meeting Commissioner Andy Jackson pointed out that the bid limit on the bids would expire within a few days and "it would be acceptable to me to get back with the contractor and try to make adjustments."

The low bid, from Hollenberg and Wolfe, Inc., is for \$42,140. Architect Jim Heim had suggested altering plans and rebuilding the building later this summer when bids are asked for the agriculture-civic center.

Sanitary Landfill
One bid was received for a sanitary landfill for the county. Charles Mitchell of Sarasota offered 70 acres West of Webster Manufacturing plant, a mile west of Sebring Airport. The bid for \$36,889 subject to the state's pollution control officials approving the site and the seller providing a survey and abstract.

The county currently has dumping agreements with Sebring, Avon Park and Lake Placid, but pollution problems are threatening to close the municipal dumps and the commissioners have been on the search for a large site to institute a sanitary landfill operation.

Civil Defense
The commissioners also approved Tuesday a lease agreement for a new civil defense headquarters, West Lake Shelter, Inc., headed by E. O. Hunt of Sebring, will not charge the county for use of bomb shelter structure on the property but will get \$15 per month for a large parking lot at the site.

The new headquarters, which is partly under ground, is located off West Lakeview Dr., near St. Agnes Episcopal Church. Civil Defense Director Jim Lawson estimated that cost for renovating the shelter would be between \$8,000 and \$10,000 plus labor. The federal government will pay half the cost.

Lawson recently was made coordinator of civil defense emergency operations for Sarasota, DeSoto and Charlotte as well as Highlands County. New communications equipment needed for this work will not fit into Lawson's small office

on the basement level of the courthouse.

In response to a question from the audience Tuesday, County Attorney R. P. Dunry, Jr., noted that since the tenant, but not the use of the land, is changing, the county will not have any zoning problem.

Other Business
In other business Tuesday the commissioners agreed to cooperate with the city of Sebring in seeking a top Department of Transportation priority for the widening of North Ridgewood Dr. from Orange St. North to its intersection with State 17 North.

The board also promised to ask DOT to hasten installation of traffic lights at the new high schools in Sebring and Avon Park. "Traffic surveys made this summer will not show the congestion we'll have the first day of school," Chairman Cecil Skipper observed.

The afternoon of July 20 was set for interviewing applicants for the county road superintendent position.

Bank President Speaks To Kiwanis Club

Reported by Jim Williams

The Kiwanis Club's speaker on June 29 was Charles H. Hoke, president of Avon Citrus Bank of Avon Park. The speaker was introduced by Bob Leaphart, member of the Kiwanis Club Board of Directors and a vice-president at the bank.

Hoke spoke of the Avon Citrus Bank and its Sebring counterpart The First National Bank, as full service banks which include trust powers. The speaker emphasized that through government regulations banks were required to place limits on investments. Also, the F.D.I.C. insures up to \$25,000 per account.

Banks these days are competitive with other financial agencies. Services rendered by banks include savings accounts, checking accounts, travelers checks, loans on many things such as automobiles, television sets, refrigerators, land (real estate) up to 18 years, loan on stocks, sell stocks for individuals, as well as other services.

Questions to the speaker from club members were an indication of their interest in this important subject of banking.

Miss Becky Tomek, who will be wed this Thursday, July 8 to Charles Johnson, Jr., was

honored with a miscellaneous bridal shower Tuesday, June 29 at the J. C. Murphy home on Wolf Street.

Becky, radiant in a pink knit pantsuit with silver trim, was presented with a corsage of pink roses upon arrival by the hostesses, Barbara Rewis, Nicky Runner and Diane Murphy. Exquisite arrangements of peace roses and red roses were at focal points in the lovely home. The gift table covered with a white lace trimmed cloth, held a bud vase with one red rose. The serving table, covered with a lace tablecloth, held the crystal punch bowl and cake squares with tiny rosesbuds in pastel colors. In the center of the table was an unusual arrangement of pink Royal Highness roses and baby's breath in a silver bowl, flanked by a five-branch silver candelabra with white candles. Silver compotes held pastel mints and assorted nuts.

Guests were girls who graduated with Becky, Class of 1971, and her future sister-in-laws, Mrs. Terry Wolfe (Carol) and Patricia Johnson, both of Sebring.

Social Security Checks Will Be Reduced

Monthly social security checks for beneficiaries 65 and over who have signed up for Medicare's doctor bill insurance will be reduced by 30 cents in July, Joseph H. Scarmainch, Social Security Manager in Lakeland, said today.

The checks scheduled for delivery on July 3 will have \$5.60 deducted for each beneficiary to pay the increased monthly voluntary medical insurance premium. The rate for the past year was \$5.30 for each beneficiary, Mr. Scarmainch said.

The increase was announced by the Department of Health, Education, and Welfare in December in accordance with a requirement in the Medicare law that makes an annual review of the costs of the medical insurance program mandatory. The law requires that the monthly premium rate be set at a point estimated to be sufficient to cover all expenses incurred during each premium period, with an allowance for contingencies.

Mr. Scarmainch said that the medical insurance program supplements the basic hospital insurance part of Medicare by helping to pay doctor bills and a wide variety of other medical expenses in and out of the hospital. About 19.5 million people 65 and over have enrolled for this supplementary medical insurance protection. Their monthly premiums cover half the cost of their protection. The other half comes from general Federal revenues.

The 30 cent premium increase for each beneficiary is the net result of three items that are estimated to increase costs by 50 cents in the fiscal year beginning July 1, and then a decrease of 20 cents arising primarily because of a reduced margin for contingencies, Mr. Scarmainch said.

The reduced margin for contingencies is possible, Mr. Scarmainch pointed out, because last year, program costs for the medical insurance program were below estimates for the first time since the Medicare program started.

The items that make up the overall 30 cent increase include: —31 cents to cover an estimated increase of 6.7 per cent in the level of physicians' fees recognized by the program in the fiscal year beginning in July.

—10 cents to cover an estimated increase of 2 per cent in the use of physicians' services; —9 cents to cover the estimated increase of 15 per cent in cost and utilization of institutional services covered by the program for example for hospital outpatient and independent clinic services.

Three Cars Involved In Accident

Baldwin-Talley

Leon Baldwin, 35, of Avon Park, was charged with failure to yield entering through highway as the result of an accident at 9:35 P.M. Saturday which injured three people. Baldwin entered State Road 64 from Seil Avenue, traveling into the path of a car driven by Michael Talley, 19, of Avon Park. Baldwin was accompanied by Gregory and Michael Baldwin and James Hooks. Talley by Duane Mathern, 17, of Avon Park. Leon Baldwin, Talley and Miss Mathern were slightly injured.

The Talley car, trying to avoid the accident, went off the pavement, slid and rolled over 1 1/2 times. Damage to the Baldwin car was estimated at \$300. The Talley car, \$600 by FIP Trooper J. E. Vann.

Three in Crash

Three cars were involved in an accident at 11:55 P.M. Saturday 1.8 miles East of Avon Park on State Road 64. A car driven by Patricia Wilson, 19, of Avon Park, accompanied by Billy Wilson and Gary Cobb, 19, of Avon Park, had stopped disabled on the pavement. A car driven by Gary Cobb, 19, of Avon Park, had stopped to help. Then came a car driven by Thomas Calloway, 28, of Avon Park, accompanied by Bobby Barber, 21, of Avon Park, and Chris Miller, 16, of Sebring. The Calloway car applied brakes but struck the Wilson car. The Wilson car hit the unoccupied Cobb car. Patricia Wilson and Gary Cobb were charged with improper parking on pavement and Calloway for disobeying stop sign by Trooper Vann. He estimated damage to the Calloway car at \$600, the Wilson car \$600.

Scout Troop 157 Cleans Litter From Lake Verona

Members of Bob Scout Troop 157, sponsored by the Avon Park Rotary Club, participated in the second NATIONAL CLEAN EARTH DAY by cleaning up trash and debris from the Southern shores of Lake Verona Saturday morning.

Under the leadership of Scoutmaster Jay DeShong, the six scouts picked up a jumbo load of broken bottles, rusty cans, beer bottles and cans, bait boxes, old shoes and tires and other miscellaneous junk thrown in the lake by indifferent persons over the last several years. No items of value were found other than those of curiosity value such as turtles, crabs, and a dead six-pound bass that had succumbed to the increasing pollution of the lake.

The only incident to mar the project occurred when the jeep

driver stuck the 4-wheel drive vehicle in a pocket of quick sand necessitating a quick call to Wells Motor for wrecker aid. Kenny Wells attached a cable and had the junk-laden jeep back on firm ground in a matter of minutes. He graciously refused to charge for his services, adding that it was his "good turn for the day."

Scoutmaster DeShong urges fishermen to be more ecology-conscious and help keep the beauty of Lake Verona intact by disposing of bottles, cans and bait cartons in trash cans rather than littering the shores of the lake with them.

Scouts participating in the cleanup were Senior Patrol Leader Brad Beumel, Brent Beumel, Jimmie Jackson, Doug Smith, Cliff Coleman and Danny Bass.

Troop 156 Wins Top Honors At Flaming Arrow Scout Camp

Boy Scout Troop 156 returned home Saturday from a one week encampment at Camp Flaming Arrow at Lake Wales, bringing with them the award for the outstanding troop at Camp Jenkins. The troop was in competition with 11 other Scout units from the Highlands and Lake Wales Phosphate Districts.

Under the leadership of Committee Chairman, Rev. Duane Zoller and Assistant Scoutmaster Don Ragan, the sixteen scouts in attendance were: John Barben, Franklin Batson, Dennis Hansford, Gene Haywood, Clifford Henry, Terry L'Heureux, Ken Light, Calvin Livingston, Jim Lanier, Walter Newton, Dennis Retherford, Fred Starr, Billy Tharp, Allan Reed, Eddie Williams and Darrell Zoller.

During the week at camp, the Scouts worked on merit badges in Barbery, Camping, Canoeing, Pioneering, Life Saving, Swimming, Fishing, Forestry and Cooking.

Several Scouts completed a mile swim under safe conditions. They were John Barben, Franklin Batson, Jim Lanier, Dennis Hansford, Walter Newton and Darrell Zoller, along with Asst. Scoutmaster Don Ragan.

Work on Second and First Class advancement requirements, sleeping under canvas, and enjoying the campfire program with fellow Scouts rounded out the week's activities. A number of friends and parents attended the Wednesday and Friday night campfires, getting a glimpse of scouting skills which the boys had acquired.

Three campers from Troop 156 were inducted into the Order of the Arrow on Saturday evening. In an impressive Indian ceremony, Darrell Zoller, Eddie Williams and Calvin Livingston, became members of the Honor Campfire Society for Boy Scouts.

Troop 157 Family Night Thursday

A Family Night and Court of Honor will be held at the Methodist Church Thursday July 8 at 7:30 P.M. by Boy Scout Troop 157. The Troop, which is the oldest continuously chartered troop in the county, is sponsored by the Avon Park Rotary Club.

Scoutmaster Jay DeShong and Assistant Scoutmaster Jerry Coultelle have planned a program including the showing of a film on drug abuse. The Court of Honor will confer advancement in rank from Tenderfoot to Second Class on Douglas Smith and Tony Lewis, and will make special recognition of Senior Patrol Leader Brad Beumel who has just completed his rank requirements for advancement to First Class Scout. Service pins for 1, 2 and 3 years will be awarded to those scouts eligible.

Scoutmaster DeShong also announced that five of the troop members will leave Sunday, July 11 to participate in a week's training camp at Camp Flaming Arrow, East of Lake Wales. Those participating are: Brad Beumel, Brent Beumel, Doug Smith, Tony Lewis and Keith Bagwell.

Jail Sentence Given Under New Law

In the first case under the state's new law on possession of marijuana, James G. Shackelford of Lake Placid was given a six months jail sentence.

Shackelford pleaded guilty when arraigned in county judge's court on Tuesday. During the last session of the Legislature, possession of less than five ounces of marijuana was reduced from a felony to a misdemeanor.

Shackelford is to serve three months in jail, then three months of his jail sentence will be suspended and he will be on probation for a year. In other cases heard in county judge's court on Tuesday, Junior E. Christmas of Lake Placid pleaded guilty to driving while intoxicated. He was ordered held in county jail until a report on his driving record is received from the State Dept. of Highway Safety.

FLORIDA WILDLIFE

COMMENTS ON THE OUTDOORS
by Dr. O.E. Frye, Jr.
Director
GAME AND FRESH WATER FISH COMMISSION

The 1970-71 edition of the general hunting season is almost history. According to reports and statistics, the season was a good one for most sportsmen. Sure, there were days when you couldn't find a track to put the dogs on, or somebody hunted through your favorite quail cover, but in the post season bull sessions, most of the talk was of good times afield.

A newspaper article was brought to my attention that was apparently written by a hunter who was considerably less than satisfied with the season. The article was headlined with the remark the deer in a certain north Florida county were possibly facing extinction. The writer based his comment on the preposition that a minority of both local and out-of-county hunters had killed more deer this season than the past two or three seasons combined. The article stated a good many deer were killed and slipped out of the woods and still others were left for the buzzards.

Though the writer did not attempt to pinpoint the blame, he did feel the apathy on the part of the hunters and the Game and Fresh Water Fish Commission largely contributed to this sad situation. Since comments of this nature are nothing new, I would like to make a few observations on the subject.

First, on the supposed unconcern of the Commission in this matter, I feel this statement is totally unfounded. Time nor space allows me to go into great detail. I have, however, looked into the law enforcement activities for this particular county during the past hunting season. There were ten officers working in this county at various times, day and night, both in uniform and undercover, with three of the officers spending at least 50 percent of their total patrol time in the county. In addition, there were ten law enforcement aircraft night patrols over this county during the season. As you might imagine, there was considerable expense involved along with a good many man-hours effort expended.

Secondly, regarding the illegal deer kill, there has always been that certain hunter element to which hunting rules and regulations mean absolutely nothing. Their callous disregard for Florida's hunting future, their fellow hunter and conservation in general is appalling to all concerned. Until this hunter who wantonly kills any deer regardless of size and sex can personally realize the damage he is doing, I'm afraid illegal hunting will continue.

There is hope, however, and here I agree with the newspaper article. Apathy, that famous American tradition, "I don't want to get involved," plays a large and serious role in Florida's conservation future. Until the sportsman or citizen of Florida is ready to come forward and make his feelings known to the public by reporting not only game violations, but any form of abuse of our natural resources, we are destined to never realize the full potential of these resources.

The responsibility lies with each person who has an interest in Florida's outdoor future. This includes the license buying hunter and fisherman and the citizen who appreciates and enjoys the outdoors and wildlife. If you are witness to, or have knowledge of any form of wildlife law infraction, you should make every effort to

notify the proper authority as soon as possible. It does little good to wait until you happen to see a Wildlife Officer. (FPR 500.)

FIX-IT TIP

Don't leave a garden hose out in the hot sun with water in it - the water can start to boil and the hose won't be intended for boiling water. If your hose is damaged, you may be able to repair it by cutting out the damaged part and taking it to a hardware store to secure the proper-sized mending equipment. You can get a conventional coupling with male and female ends and, in effect, make two shorter hoses of one long one. Unless there is some special reason for doing that, get a solid mender that restores the hose to one piece. This is cheaper.

Census Bureau Will Conduct Monthly Employment Survey Here

The Bureau of the Census will conduct a survey of employment and unemployment in this area during the week of July 19, Thomas W. McWhorter, Director of the Bureau's regional office in Atlanta announced today.

This survey is conducted monthly by the Bureau for the U. S. Department of Labor in a scientifically designed sample of households throughout the entire United States. The employment and unemployment statistics which are based on the results of this survey are used to provide a continuing measure of the economic health

of the Nation.

For example, in May the survey indicated that there were 84.1 million men, and women in the civilian labor force; 6.2 percent were out of work as compared with 6.1 percent of the 83.5 million persons in the April labor force. The figures are adjusted for seasonal changes. Facts supplied by individuals participating in the survey are kept strictly confidential by law, and the results are used only to compile statistical totals.

The surveyers who will visit households in this area include Mrs. Dorothy Tyon.

Board Ponders Lagging School Construction

Highlands County School Board, alarmed over lagging construction schedules, will decide tonight whether to invoke penalties against High Construction Co., general contractor on the new high schools.

At the meeting July 8, the school board refused to accept a report from Watson and Company, architect for the high schools. Watson representative Jim Kelsall was formally instructed to inform the contractor that the school board decided at its July 13 meeting what action to take. The board would invoke a penalty of \$400 per day against High.

The school board has refused to accept a new construction schedule which calls for Sebring High to be finished by July 13 and Avon Park High on July 22.

The architect indicated that the carpeting sub-contractor would have difficulty meeting the 15 and 22 deadlines. Additional carpeting will not be needed until August 15. The architect has designated the buildings the school board deems acceptable workers for the school work. Kelsall said, "It is not just physically possible for these to do it, all."

Kelsall added, "I cannot recommend that the board pay for the buildings the state has inspected them, and it will take 10 days to two weeks to get a state building inspection."

This would throw the date for occupancy into August, and Kelsall mentioned September 1 as a possibility. Superintendent George F. Douglass was alarmed at that suggestion.

"I'm looking at August 17 when the teachers report," Kelsall said.

Classes are scheduled to begin August 30, and work is underway to convert the old high school buildings into middle schools.

At the meeting last week the board awarded to H. O. Murphy a contract for moving four portable classrooms from Lake Placid Elementary to the old Sebring High at the cost of \$600 per classroom.

Three portables will be moved from Lake Placid's new elementary school to the high school site. Murphy's charge on those will be \$450 each.

The board also awarded to General Electric Supply of Tampa a contract for lights for the parking lots at the new high schools. The total bid was \$2,554.

Ellis Construction, general contractor for Fred Wild School addition, was given a 30-day extension to August 1—to complete that school.

Other Business

In other business last week the board prepared for a new school year by establishing lunch prices. Elementary students will pay 35 cents per day, middle school students 40 cents and high school students 45 cents. Teachers pay a dime more than students.

The new high schools will institute a late lunch with a per item price.

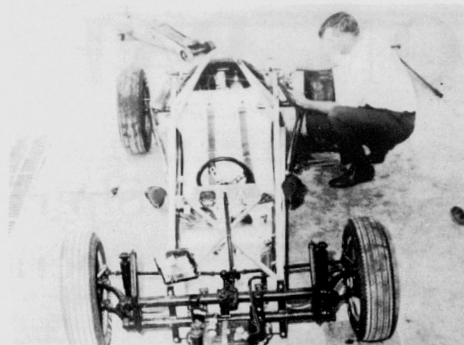

The board authorizes continuing an agreement with Okeechobee County for 27 students living on State Rd. 70 to attend Okeechobee schools. Douglas said 19 students from other areas of the county who had transferred to Okeechobee schools without permission last year will return to Highlands County this year.

The board voted to continue its contract with WEDU, educational television. The cost is \$135 per student.

Cost of Inspections by County Commissioners Headed Downward

The cost of inspections by Highlands County commissioners of this county's \$54.6 million of county roads appears headed downward.

During 1970, commissioners turned in \$7,200 in mileage cost, figured at 10 cents a mile. This figures out to about \$12.96 per mile last year.

If the approximately 100 miles of roads along canals in the watershed districts which commissioners also inspect is added to the county road total mileage—the cost of inspections figured out last year to \$11.71 per mile.

Holder commissioners still are turning in excess of \$100 per month for mileage. But new commissioners who took office January 1 say they don't travel that much.

Commissioner Norman "Jug" Hester turned in a voucher for \$19.70 for his first three months in office. Commissioner Andrew Jackson said he has traveled so little in this capacity and much of it was thanks to his law practice in Sebring, the ranch in Venus—that he does not intend to turn in any. He said at the most it would run about \$25 a month.

Under the law, a county commissioner can keep track of his mileage for three months, then ask for a resolution setting this amount. From then on he will draw one-third of that three-month total each month without having to keep records of travel.

Commissioner Chairman Cecil Skipper of Avon Park on May 21, 1968, filed his resolution, which sets his monthly fee at \$190. This figures out at \$2.6 miles per day seven days a week.

Using the same yardstick, Commissioner Ben McGee, whose resolution was filed May 15, 1968, and whose monthly travel mileage is \$119, has an average day's travel of 36.16 miles. Robert Skipper, whose resolution was filed May 6, 1969 for \$105, averages out to 34.52 miles per day. Hester with \$19.70 vouchers for three months figures out to \$6.57 per month or 2.6 miles of inspections per day.

Cecil Skipper pointed out that not only roads but drainage districts and related items are inspected. Travel to and from commission meetings is not included in this mileage.

Asked if he is still traveling at about the rate stated in the resolution, he said "Yes, basically." He said he has no plans to change his requested amount.

Robert Skipper, who works at Disney World five days a week and has for three months, said he intends to continue drawing the same amount "for a short time."

He said he arrives home at 4:30 P.M. and lots of times he stops in the North end of the county and "travels over it." He said he makes road inspections Saturday, Sunday and holidays.

"When I'm off I always make road inspections—but I imagine it would run less mileage than that right now," referring to the \$105 he draws monthly for inspections.

Robert Skipper said there "was a time I did do nothing but that," referring to road inspections. "I have a ranch and grove and hired help I do not have to bother with. These years I have been on the board I did not do anything but look around the county."

Asked if he felt the price of 36c a mile was unrealistic with the increasing costs of driving a car he said he felt that it is.

He said he had tried to turn in his expenses which established the resolution and exceeding mileage pay checks, "exactly right. I do not feel I have been abused any way."

Commissioner Ben McGee, who established his \$110 a month May 15, 1969, said he is "travel-

ing more than that right now. A lot of stuff is coming up with the budget and I do not plan to change my resolution. Some months I travel more than others. Gasoline is going up, too. Some months I should get more than 100 miles."

Highlands County commissioners for many years have drawn mileage for road inspections.

Last year—1970—the commission drew \$7,200. Commissioners inspect not only roads in the county but all over the county. The mileage received for the year was Cecil Skipper, \$1,020; Jean Whitaker, \$1,200; Ben McGee, \$1,320; Robert Skipper, \$1,280; and Earl Crutchfield, \$1,200.

County commissioners beginning July 1, 1970, began drawing \$8,000 per year in salary, the chairman, \$5,000. Prior to that the yearly salaries were \$3,000 with the chairman getting \$4,200.

Commissioners draw mileage under Florida law, chapter 112. It is completely up to the commissioner if he changes once he has established his resolution.

According to law, commissioners must turn in monthly travel vouchers for three consecutive months and receive payment once a month. At the end of three months, they may, if they elect, average those three monthly figures.

Sheriff Asks For \$107,000 Increase In Budget

Improving law enforcement and deteriorating behavior of citizens both are contributing to higher costs for the Highlands County Sheriff's Department.

Sheriff O. L. Raulerson, Jr., has asked for a \$107,000 increase in funds for operation of his department in the coming year. He points out the number of arrests made by his deputies has doubled over the past 12 months—but the sheriff denies that the county is gripped by a crime wave. Some of the increase, he believes, can be attributed to a steadily rising level of efficiency in police work in the county.

The bulk of the county fine and forfeiture budget goes into the Sheriff's Department operations. In the current year it stands at \$22,000 and the initial requests for the coming year are up 83 percent to \$40,000.

The increases requested by the sheriff come under three headings—men, machines, materials.

"Everything has gone up," Raulerson moans. He is charging the City of Sebring 50 cents a day more for city prisoners. The price is now \$2 per day—but the overall jail population is running about 100 per cent ahead of a year ago.

"Over 50 per cent of our jail inmates are charged with felonies," the sheriff says. He says the court has not slowed down any, but the caseload is up.

Sherriff Raulerson says he needs new machines for the department's investigative equipment and new patrol cars. He has requested \$7,000 for cars. He said five of the patrol cars now in use have very high mileage and should be traded immediately. Four more should be traded before the fiscal year is over. Trade-in allowances on used police cars is very low.

More Men

Roughly half the increase requested by Raulerson is earmarked for salaries. He says he would like to add one deputy each in Avon Park, Sebring and Lake Placid. He also hopes to hire an additional jailer and an assistant bookkeeper.

Notes On Helping The Handicapped

Improving skills of staff members working with adult handicapped persons was the aim of a workshop held at the Avon Park Sheltered Workshop for the Handicapped, Lakeland, Fla. July 10. The training sessions were sponsored by the Florida Association for Retarded Children and the Division of Retardation, Florida Health and Rehabilitation Services. The Public Association for Retarded Children served as host for the event. Attendees included the Avon Park Association for Retarded Children were Mr. and Mrs. Charles Kempton and Mrs. G. F. Ward.

Mrs. Virginia Hubbell, Regional Representative, Division of Retardation with offices in Sebring, attended a two-day workshop on problems of developing group living facilities for the handicapped. Mrs. Hubbell represented both the Division of Retardation and the Association at the Seminar held in Cocoa Beach.

Mrs. Ward has recently returned from Michigan where she visited two new centers serving some of the school aged retarded children within a general school program. The first was the Northeast Oakwood Vocational Educational Center, Pontiac, Mich. one of four new facilities designed to expand vocational training opportunities.

The second center visited was a structure to be completed by September for K-6 classes, pre-school classes combined with adult education, social services from the community, as well as community activities. The Human Resources Center of Pontiac has been years in the planning and development stages and is a unique pilot study that is being observed

and visited by educators, planners, developers, social scientists and governmental officials of many states and other countries. Although the facility will serve some mentally handicapped students, they will be integrated with the total program and an effort made to help them learn through individually designed educational curriculum.

Campers of Ridge Area Association for Retarded Children's Summer Fun Day Camp enjoyed a field trip to Godwin's Gatortown near Kissimmee. The campers, counselors and volunteers traveled by bus, carrying their picnic lunch. Twenty-five campers are enrolled in the session daily for a six-week session at the St. Agnes Episcopal Church, Sebring.

The Florida Department of Transportation changed installation plans of a new airport beacon at Cocoa Beach. The beacon and its young child live peacefully in their nest atop the beacon tower.

Boy Scout Troop Holds Family Night and Court of Honor

A combined family night and Court of Honor was held last Thursday evening by Boy Scout Troop 137, sponsored by the Avon Park Rotary Club. The event, held at the First Methodist Church, attracted about 40 persons including scouts, parents and friends.

The ceremony, under the leadership of Scoutmaster Jay DeShong and his assistant, Jerry Coultie, opened with the presentation of "Old Glory" and the Pledge of Allegiance.

Scoutmaster DeShong presented Tenderfoot Awards to Jimmy Jackson and to Keith Bagwell, newest members of the Troop. Advancement in rank to that of Second Class Scout was made to Tony Lewis and to Doug Smith. Lewis has been a member of the troop for almost a year and Smith has recently transferred in from an overseas troop in Germany.

Senior Patrol Leader Brad Brumel was presented with the rank of First Class Scout and was awarded his merit badge in Swimming. Brumel has served in the troop for 3 years, the longest continuous service of any scout in the troop.

Following the presentation of awards a Laurel and Hardy comedy film was shown and this was followed by the film, "The Trip Back," a story of the rehabilitation of a drug addict. The scouts were warned of the dangers of drug abuse and asked to submit names of anyone willing help in combating the effect of drugs to P. O. Box 188, Avon Park. Such requests for help will receive immediate attention of the members of the Avon Park Ministerial Association. The event was brought to a close with recognition of the flag and the Scoutmaster's benediction.

MR. AND MRS. RONALD ANDREW LAYE

Couple Weds Saturday Night At First Baptist Church

In the soft glow of candlelight at eight o'clock Saturday night, July 10, at First Baptist Church in Avon Park, Miss Linda Kay Williams became the bride of Ronald Andrew Laye.

The bride is the daughter of Mr. and Mrs. H. H. Williams and the bridegroom is a son of Mr. and Mrs. O. F. Laye, all of Avon Park.

Rev. Aden D. Childress officiated at the double-ring ceremony before a background of flowers and greenery. A large brass arch candelabra and a pair of beaded candelabra, each holding white candles lent a glow of candlelight for the ceremony. A bouquet of yellow and white daisies and gladioli with a touch of blue and greenery was in center background, with two similar baskets according to the candelabra. Family pew members were marked with clusters of permanent hanging baby's breath with blue trim.

Jerrold K. Perkins was organist, and Jerome Antley, soloist, sang, "Because." As the couple knelt on the white satin, trout-trimmed kneeling bench, he sang the wedding prayer.

Bride Wears Lace
The bride, given in marriage by her father, presented one yellow rose to her mother as she entered and upon leaving, gave a yellow rose to the mother of the bridegroom. The Altone gown of Altone lace over bridal satin featured empire waistline and long sleeves fastened with a hand at the wrist, with four tiny satin buttons. The scoop neckline and bodice were outlined with seed pearls and repeated on the bodice. Her imported, bridal illusion mantilla veil edged with Altone lace and flowed from a lace headpiece.

She carried a traditional cascade bouquet of white daisies, blue carnations and yellow roses with white daisies at the end of each ribbon streamer.

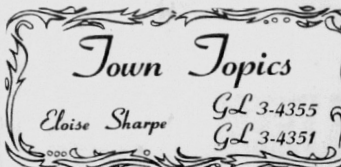

Miss Elizabeth Lee Barker attended as maid of honor, wearing a gown of white background. The empire waistline was accented with a bolero. She wore a wreath of white daisies and baby's breath with blue trim around the crown of her head and carried a cascade bouquet of yellow daisies, roses and blue carnations with baby's breath.

Serving as bridesmaids were the Misses Linda D. Wood, Holly Ann Murphy, Mary Ann Stevens, and Pia L. Delio, all of Avon Park. They wore gowns identical to the maid of honor, only without a bolero, and with a ribbon around the empire waistline. They also wore a wreath around the crown of their head and each carried a cascade bouquet identical to the maid of honor.

Little Miss Wendy Ann Seibold of Tampa, niece of the bridegroom, was flower girl. She was given identical to the bridesmaids in blue polka-dots on white with cream. She wore a headpiece of baby's breath and daisies and carried a small white basket with rose petals.

Donald Laye, brother of the bridegroom, served as best man. Ushers were A. Carroll Pollard, Roger Gurganus, William Benson and Jay Deshong, all of Avon Park.

Rings were Jimmy Bennett of Avon Park. Mr. Williams wore for her daughter's wedding a light blue

Linda Williams Is Honored With Luncheon

Bride-elect Linda Williams and her bridesmaids were honored with a luncheon held at Florida Power Lounge Wednesday, July 7. Hostesses for the delicious 1 o'clock luncheon were Mrs. H. C. Williams and Mrs. Charles Moseley.

Colorful place mats and bride and bridegroom place cards marked the places for the attending guests. A large bride and bridegroom center piece, with dainty brides at each end of the L-shaped tables. Blue and yellow, the bride's chosen colors, were carried out in the napkins, nut cups and decorations. Linda presented her attendants with silver charms.

Attending besides the two mothers, Mrs. H. C. Williams and Mrs. O. F. Laye were: maid of honor, Miss Rebecca Ann Tomek and Charles Daniel Johnson, Jr., who were united in marriage, at Our Lady of Grace Catholic Church, Avon Park.

The bride is the daughter of Mr. and Mrs. Edward J. Tomek, 917 West Bell Street, Avon Park, and the bridegroom is the son of Mr. and Mrs. Charles D. Johnson, 1101 Hawthorne Road, Sebring.

The bride's wedding was performed the double-ring ceremony, at six o'clock in the afternoon. Presumptual music was provided by Van Skipper, organist.

Grand Bahama Honeycomb
When the couple left for their honeymoon to Lucaya Beach in the Grand Bahama Islands, the bride was wearing a sleeveless tulle dress of polyester in shades of aqua and lavender. She wore her corsage of white roses lifted from her bridal bouquet.

After their honeymoon to the Grand Bahamas, Mr. and Mrs. Johnson will reside at apartment 3, 123 North Commerce Street in Sebring.

Reception at Lions Club
Following the ceremony, Mr. and Mrs. Tomek entertained at a reception at the Lions Club on West Bell Street, Mrs. L. S. Pickett, sister of the bride, presented the guests to the receiving line. The bride's book kept by Miss Patricia Johnson, sister of the bridegroom, was on a table covered with a white cloth with lace border, and held an arrangement of lavender flowers.

The bride's table was overlaid with a white satin cloth. The table was bordered with lace, caught at all corners with nosegays of lily of the valley and tuberoses. The table was centered with a traditional white three-tiered wedding cake with garlands of white roses and lily of the valley. It was topped with a miniature bride and groom under two wedding bells. Twin silver candelabra were on either side of cake with three white candles and a spray of spiral fern and lavender daisies.

Napkins were inscribed in gold with "Becky and Danny." The bride's table was overlaid with a white satin cloth. The table was bordered with lace, caught at all corners with nosegays of lily of the valley and tuberoses. The table was centered with a traditional white three-tiered wedding cake with garlands of white roses and lily of the valley. It was topped with a miniature bride and groom under two wedding bells.
