Mobile Home Subdivision Denied by Board

Highlands County Commissioners Tuesday upheld a hotly contested ruling by the Planning and Zoning Commission.

They denied a petition from Mr. and Mrs. Raymond J. Roy of Avon Park. The Roy's sought mobile home subdivision zoning on 10 lots in the Lakeside Heights subdivision near that city.

The area is presently zoned for single family homes and duplexes.

Roy still has recourse through the courts to obtain the zoning he wishes.

The lot owners purchased the land in June of 1970, according to their attorney Hue Hunsalle. He expressed a desire to sell the lots as mobile home sites, rather than renting them, or turning the acreage into a mobile home park.

In his argument, Attorney Hunsalle reported the average property value of adjacent improved lots is \$8,100 and that the granting of the zoning change would enhance the property value of large mobile homes placed on the property.

Several owners of adjacent properties objected to granting the petition on the grounds that mobile homes, no matter what their size or construction, would lower their property values.

In other action four request for rezoning were approved.

They were: D. P. Buchanan, 10 acres on Youth Care Lane, Sebring, from agriculture to zoning; J. L. Peterson, 20 acres on Youth Care Lane, from agriculture to mobile home zoning; H. L. Reeser, 20 acres on State Road 70 East of U.S. 27, from agriculture to campground zoning; and Dr. Frank Handley, five acres near Basket Lane from agriculture to business zoning for a new veterinarian clinic.

In other action the commission voted to advertise for bids on water and sewer line materials for a new National Guard Army to be built near Avon Park.

Tabbed a bid of \$4,376 for 10 radio units for cars in the road and bridge department.

World Famous Bomber Crew Will Reunite June 18

The world-famous crew of a B-17 bomber, the "Miracle Tribe," whose names are inscribed in the Royal Air Force Museum in London.

Our own Andrew "Andy" Miracle, pilot, third from right in receiving congratulations on completion of 25 missions over Europe. This picture was taken November 15, 1943 at the U. S. Base in Sweet-

terton Heath, England. Congratulating "Andy" is Jim Harris, co-pilot, author of "Tail End Charlie," a novel based on the group's exploits, which is being scripted for a movie. (Note part of inscription, "The Miracle—on B17 in the background").

The group, which has not been together since 1943, served at a U.S. base in Sweetwater Heath, England.

Their first introduction to aerial warfare was a mission flown June 13, 1943, over Kiel, Germany. The Air Force sent 96 B-17s over the Germans, shot down half of them. The "Miracle Tribe" dropped out of formation and landed at a deserted airfield with about ten minutes of gas supply left. The crew counted more than 100 bullet holes in the airplane.

Following a raid on Kassel, Germany, 90 miles from Berlin, July 30, 1943, all four engines shot out, and the crew was forced to ditch in the North Sea. Previously, skipper Douglas had believed that an air-plant would fall out of the sky with all engines gone. However, the pilot was able to sit it down "dead sticks" on the water. A human cannot live more than approximately 15 minutes in the frigid waters, but the B-17 floated 23 minutes before it sank, because all the gas tanks were empty. The crew was

picked up by a Royal Air Force Air-Sea rescue team.

The "Miracle Tribe" was most publicized raid was over Rosenberg, Germany. It was the first shuttle raid flown out of the 8th Air Force, August 17, 1943, to show the Germans the 8th Air Force was no longer a "baby," but a force to be reckoned with. The planes bombed an ME-109 factory and flew on across Switzerland, off the coast of Italy, and landed in Africa. On their return they brought back "Lady Mo," a burr, who became mascot of the group.

"Time" Magazine (Dec. 31, 1943), "Stars and Stripes," and every major newspaper in the United States carried a picture of "Lady Mo" and Klimchak in the airplane.

"We tried to get a camel into the plane, but were unsuccessful, so had to settle for a burr," one of the crew recalls.

The book, "Black Thursday," was written about a raid over Switzerland, Germany, in October, 1943. It was the "Miracle Tribe" participated.

Among them, the crew accumulated many decorations, including the Distinguished Flying Cross "Miracle" and Harris each received two the Air Medal, and several oak leaf clusters. Matthews and Amacker also received Purple Hearts for their service.

County taxes for support of schools will go up next year no matter what improvements for whatever improvements for teachers. The Superintendent recommends will have to be ones that "don't cost any money."

Teacher pay is involved in items number 6 and 10 in a 12-point program Highlands County Education Association has given the county school board for study. Superintendent George F. Douglas said last meeting, that the county tax levy for schools must go up 1.35 mills next year to meet the debt service on the bonds sold to build new schools.

The first big tax bite to pay for the new construction will come in the budget year that begins in July and the tax hike will show up in the bills mailed in October. The board is currently levying 8.2 mills.

The HCEA proposals could, Supt. Douglas said, run the county to 2.05 mills and the Superintendent made it plain that he is not planning to ask for that much increase. He pointed out that the state has not increased teacher salary money since 1960 and some help should be forthcoming from that quarter.

The HCEA program was given to the school board at its regular May meeting, and representatives of the salary and the professional affairs should be forthcoming from that quarter.

These Letters Were Written In Defense of J. A. Wise

May 29, 1971
Something has happened in Avon Park that is very disturbing to me. A member of the city council has made the statement that Mr. J. A. Wise has never done for the children of Avon Park.

I know this is not true. I worked with the Pre-school for retarded children and when I needed a set of walking bars to teach a non-walking child how to walk, Mr. Wise not only made them when he heard of the need for them but furnished the material and paid his helper to help him do the job. This little girl is now in braces and using crutches.

This is only one instance of his helping Avon Park children. The trailer we used for them had been hooked up with sewerage and water systems before anyone had time to think about getting someone to do it. You guessed it — Mr. Wise knew it needed to be done and did the job. He also has done a lot of charge-work for the Little League, Ridge Area Day School, and the other ball fields. This doesn't count the times he has spearheaded the American Legion roadblocks for the Retarded in Avon Park and Highlands County.

I know of very few people in Avon Park who have stayed in the background and done as much for the children of Avon Park and Highlands County — Do you?

Sincerely,
Rosemary L. Clark

TO WHOM IT MAY CONCERN:
Since the organization of the Retarded Children, Mr. J. A. Wise has contributed regularly of his time and talents. He first organized and has assisted annually with the American Legion Road Blocks for the retarded.

Toward the construction of the building of the Avon Park Ridge Area Day School, he obtained plumbing materials at whole sale price to the Association, gave his labor, that of his helpers and enlisted other donated services for the installation of all the plumbing. He has since maintained the equipment without charge.

Mr. Wise donated and installed a hot water heater for the Day School, donated the plumbing revisions for the installation of a washing machine. He has donated the materials and constructed a set of adjustable parallel bars which are used by multi-handicapped cerebral palsied retarded children to learn to walk.

He has made an annual monetary contribution to the work of the Association although his own child has been unable to participate in the programs and services available to the retarded in Highlands County.

His dependable leadership has been important in the growth of the programs of the Association.

Sincerely,
Mary Ellen Ward
President.

ers were in order. Twenty-five missions earned a flyer the Distinguished Flying Cross.

The men were initiated into the RAF Goldfish Club, an exclusive organization of fliers who had to ditch over water, who had been "dunked in the drink" and rescued by the RAF. Their names are inscribed in the Royal Air Force Museum in London.

Maj. Gen. Archie Old, USAF Ret., now of Riverside, Calif., was the commanding officer of the 96th Bomb Group.

The 96th Air Force, considered the greatest and biggest Air Force the world has ever known, flew its first mission August 17, 1942. More than 100,000 men were lost, killed or wounded in action, and only one out of ten crews finished their missions. It was indeed a "miracle" their group survived, the men believe.

A lot of "war stories" will be traded when the crew of the "Miracle Tribe" starts reminiscing.

Mr. Miracle returned to the states from England in January 1944. He married the former Theda Duvaent of Loyall, Ky., in March, 1944. They came to Florida and he was stationed at the Avon Park Bombing

Range. He stayed here until he was released from service in August 1945. While they were living here their first son, Andy Jr. was born at the base hospital.

After getting out of service they returned to Loyall, Ky., where Mr. Miracle was in business for six years. During this time a second son, Bill, was born.

Mr. Miracle was recalled into service during the Korean crisis and they moved to Louisville, Ky., where he taught ROTC at the University of Louisville for two years and then moved to Houghton, Mich., where he continued teaching at College of Mining and Technology until he was released from service. He presently holds the rank of Lieutenant Colonel in the Air Force.

The Miracle's came back to Avon Park in August of 1963 and Mr. Miracle became a member of the high school faculty. In 1964 Mr. Miracle was elected County School Superintendent and they also added a new member to their family, Margaret Lynn.

Since 1965 Mr. Miracle returned to the high school where he is presently teaching Biology. The Miracles will leave June 16 for the reunion in St. Louis, Mo.

MRS. EDWARD J. Fells, right, listens while Kathy Kontoyian reads the citation that accompanies the dedication in the 1971 Adelphi, Highlands School yearbook.

Annual Is Dedicated To Mrs. Fells

Mrs. Edward J. Fells, of Angelo Lake, was honored at a dinner held Tuesday, May 25, at The Highlands School. Kathy Kontoyian, editor of the 1971 Adelphi school yearbook, revealed that this year's Annual is dedicated to Mrs. Fells. The dedication is a surprise to the recipient each year.

Kathy was introduced by President Raymond H. Stokes, after which she read the citation that appears alongside Mrs. Fells' picture in the 1971 Adelphi. The citation reads:

"This year's Adelphi staff proudly dedicates this Annual to someone who has shown us light when it was dark, set us straight when we were led astray, and picked us up when we were down. For the day we arrived at T.H.S. she has never lost the warmth in her heart, the depth in her face, nor her deep understanding. We will always hold her deep in our hearts and shall carry the faith she has left with us wherever we shall go."

Local Course Participating In Golf Day

National Golf Day gives every golfer the chance to give to charity and compete with national champions at the same time.

Sponsored by the Professional Golf Association, the event has brought over \$15 million to PGA selected charity programs over the past 12 years. This year you may compete against Jack

Nicklaus and Tony Jacklyn, PGA and Open champs for men and Shirley Englehorn and Donna Caponi, Ladies PGA and Open champs. The entry fee is \$1 and play may take place through June 14. If you card a lower score, with your handicap, than the champs, you will receive a bag tag reading "I beat the champ."

The city's Pinecrest course is participating in the event and invites you to come out and enter. Here's hoping you will beat the champs.

Junior golfer, Bud Wester, popped a few buttons this past week when he aced the second hole at Pinecrest. Wayne and Fiedling Todd witnessed the shot, which incidentally contributed to a fine score of 72 for the day.

Last Tuesday's mixed foursome event brought in two team winners. Dick and Edie Martin and Russ and Ruth

Miss Frances Marie Crews of Bereah, became the bride of Claude Richard Frazier, Frostproof, in a double-ring ceremony, May 28, 7:30 P.M. at the Athens Baptist Church in Bereah, with the Rev. Albert Pruitt, Haines City, officiating.

The bride is the daughter of Mr. and Mrs. Denzel H. Crews, Bereah, and the bridegroom is the son of Mr. and Mrs. C. J. Frazier, Frostproof.

The demi high bodice was fitted and styled with a scooped neckline outlined in miniature pearls. The sleeves were slim fitted and tapered to Cella points. Dainty covered buttons were sewn to the sleeves and back of the charming gown. The modified A-line skirt showed an effect of organza from neckline to hem.

Scallops of lace framed the panel and showed accents of sequins to each scallop. Back interest was shown by non-removable chapel train of lace which fell from the shoulders. Her triple evelong veil of misty silk tulle and organza to position by a forward headpiece of lace flowers and roses.

She carried a white Bible topped with a white orchid which was centered in a bridal bouquet of white carnations.

Bagwell Lumber Team Ties I. H. Ford For First Place

Bagwell Lumber took a 3-2 win from I. H. Ford in the first night of play in the second half of the Little League season last Monday to move into a tie for first place with the Ford team with identical records of 6 wins and 2 losses. Rotary also took its first second half game by defeating First Baptist 10-6 as they continue to move along in the win column.

Last Thursday night the final game of the first half of the season was played and the Lions took a 16-8 victory from Avon Citrus Bank in a make-up game that had been rained out twice with the only two rains Avon Park has had since the season began. The Lion win left the standings for the first half as follows: I. H. Ford, first (6-1); Bagwell Lumber and Leon's tied for second (5-2); Lions, fourth (4-3); First Baptists and Rotary tied for fifth (3-4); Kiwanis, seventh (2-5) and Avon Citrus Bank, eighth (0-7).

However, last Monday night's games changed the standings around putting I. H. Ford and Bagwell Lumber tied for first with 6-2 marks. Leon's in third with a 5-2 record, Lions in fourth with 4 wins and 3 losses, Rotary in fifth with a 4-4 record, First Baptists in sixth with a 3-5 mark, and Kiwanis and Avon Citrus Bank still in seventh and eighth places.

Mark Gaines pitched the Rotary win over First Baptist giving up 7 hits but holding the losers to 6 runs. Getting those seven hits for Baptists were Ray LaFlam with a homerun and a single, Marvin Elkhill and John Ferguson with singles each. The Rotary nine got 6 hits off two Baptist pitchers, Choate and Elkhill. For Rotary, Keith Cobb got 4 singles, David Mellinger got two doubles, Mike Cobb hit a double and a single, and Mark Gaines and Billy King got a single each.

In the Bagwell win over I. H. Ford last Monday night, Dale Sismore went the distance on the mound for the winners giving up 4 hits—a double and a single to Tommy Lewis, a triple to Larry Pough, and a single to James High. Bagwell scored its three runs in the last of the sixth on a single by Joel Wright, a single by Dale Sismore and a double by David Sismore. Those were the only hits Bagwell got off Ford hurler Tommy Lewis in the six inning game, but it was enough to give Bagwell the 3-2 victory.

Last Tuesday night Bagwell was to play Kiwanis in the

first game with Lions taking on Leon's in the second game. Tonight (Thursday) Rotary will play Lions early and I. H. Ford will play First Baptists in the second game. Tomorrow night (Friday) Kiwanis will host Bagwell and Leon's will host Avon Citrus Bank. Next Monday night there will not be any games due to high school graduation and next Tuesday night, June 4, First Baptists will play Kiwanis and Bagwell will play Leon's.

Council Adopts Priority List For Paving

The City Council adopted the priority list of proposed street repair to be done by the City. This list will replace the former list that the City had prepared for the streets that was in need of repair and paving. The county has estimated that three miles of paving will be done this year and a projected plan for the next several years in each municipality to do the needed road work. It is estimated that approximately \$75,000 will be spent on this project by the County.

There are 26 streets included on the priority list with the first six originally designated by the city to have repaired. With the county doing this work it will leave the city with more funds to do other needed repairs and paving. A taxiway at airport from the hangar to the runway of 600 feet was added to the list.

The list as it is made up has over 20,000 feet of streets to be done, with the county doing three miles of this, the remaining footage will be done by the city.

In a letter to Cecil Skipper, Commissioner, the City expressed its hope that the County could accomplish the entire list and ask if there were any deletions to please notify the city in advance so that they can recommend to the Council that the City finish the sections that may be left to do.

First Baptist RA's Go Giggling

Five members of the Royal Ambassadors from the First Baptist Church under the guidance of Lawler Wells, recently went on a giggling expedition at Aruckee Creek. Although there was 600 gas fished by the group it is in their feeling that they have not even put a dent into the gas fish that are invading the streams and lakes eating the food that is important to the job of the area.

The Ambassadors, similar to be Scouts are associated with the Baptist churches and the emphasis of the group is a mission study program incorporated with outdoor activities in many fields.

Gar giggling is legal in the daylight but a special permit was issued to the group for 24-hour giggling by the Fish and Game Commission. Other giggling plans are being made to rid the gas fish from the waters thereby preserving the food that the game fish need to exist.

The Ambassador Chapter members who went on this trip were Virgil Macnevel, Jim Wood, Al Warden, Dennis Crews and Donald Batts. Lawler Wells the head of the chapter, led the boys in their activities.

Bandstand Is Re-Dedicated In Ceremonies Friday Night

The Avon Park Band Stand was rededicated last Friday night with a large crowd on hand for the ceremonies. The Avon Park High School band, ensemble, furnished the music under the direction of Gene Gorman and Victor McKuska. Many renditions were given and the highlight of the music was the old songs that were favorites of bands in the days of hand concerts. Mrs. Evelyn Jones, contralto, rendered three beautiful solos.

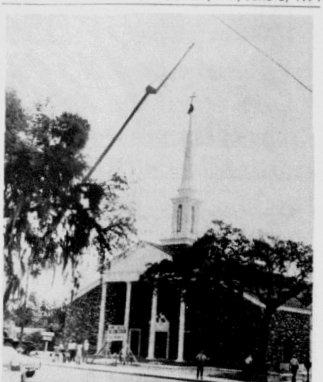

Cliff Thomas, acting as master of ceremonies, had the tables turned on him when he introduced the committee and other dignitaries to say a few words, when each one approached the stand they not only said a few words but all expressed their thanks and gratefulness to Cliff for his hard work and enthusiasm in gathering funds for the restoration. This was rightfully so for among all the people who had a part in the restoration it was through Cliff's love for his neighbors and his town that he worked so hard for many months to give the city a monument of history and a building to be proud of to grace the Mall. At the ceremony Cliff proudly gave the keys to the bandstand to Mayor Barthen with the words that, "We hope the city will take care of the bandstand and that the people will once again enjoy the functions that are held here."

Charles E. Lanier, only member of the original band that

played in the bandstand, spoke of bands from the past and their contributions to the community. Along with him in the audience was the oldest pioneer to Avon Park, Alice M. Turner. Many of the older citizens attended to see a dream come true and others attended of all ages to witness the fulfillment of a project, but more evident than ever was a large number of the younger members of our community who sat and joined with everyone to witness a historical event.

With many expressions voiced it was evident that there was pride and love in restoration of the bandstand. When all the thanks and speeches were finished, Rev. Herbert D. Graetz, president of the Old Settlers Club, led the act of rededication with the people responding three times with "We Rededicate This Bandstand, So Help Me God." The prayer of rededication by Rev. John L. Knapp, of the Avon Park area under the efforts of the Old Settlers Association Inc. Their thanks go out to all that participated in any way. With a special thanks to those that worked on the bandstand from APCI who have helped in many of the projects by donating their time and talents to the betterment of Avon Park.

Two Arrested In Robbing Attempt

A possible robbery was averted on Friday morning with the fast action of the Avon Park Police. The alarm sounded at 12:16 A.M. from the Pantry Pride and at 12:17 the police were at the scene. Patrolmen Leroy Prevatt, Roy Newman and Ed Branswell answered the alarm. Chief Ferland and the police in the apprehension of the offenders.

Two men were observed running around in the store and the police and sheriffs surrounded the building. Chief Ferland and Newman entered by the front door and the others entered the building from the back door. The suspects were at that time trying to escape through the attic fan. The police talked them down from the attic and placed them under arrest for breaking and entering with intent to commit a felony.

James May and James Williams of Lake Wales were then placed in the county jail, pending their trial.

Cribbs, Selph Are Certified On Speed Timer

Chief Ferland Cribbs and Sgt. Presley Selph are now certified operators on the speed timer computer used in one of the police cars. They both can now instruct other officers in the use of the computer.

In a 32-hour course at the T.D.S. computer school in Orlando, along with law enforcement officers from all over the state both men attended classes of instruction on the speed check that uses a computer to determine a more accurate and acceptable amount of the actual speed that a car is traveling.

In April they attended the first phase of the training program and completed the course on May 18-19. The course only was the instruction part of the course that was taken, along with the schooling there were many hours of practice and study associated with the completion of the course.

The police car that is equipped with the computer will be used throughout the city to help curb the speeding that exists in this area. It is hoped that with this equipment and the trained men to man it there will be less speeding that is so prevalent in the accident that occur by speeding. A computer speed added up by the equipment will leave little doubt of errors in calculating the rate of speed that a car or other vehicle is traveling.

Mrs. Hubbell Speaks To Kiwanis Club

By JIM WILLIAMS

Kiwanis Club members at their meeting on May 25, were provided with an interesting and informative program. Tom Tataris, program chairman, introduced Mrs. Virginia Hubbell who is the Regional Representative of the Division of Mental Retardation. She spoke of Highlands County as a leader in the state of not the nation in its development of facilities for mentally retarded persons. The Division works closely with the Ridge Area Association in this respect.

About 15 years ago a few frightened persons in the Avon Park area became interested in mental retardation and what could be done to help such persons. First the Ridge Area Day School was organized. Now there are two schools, one in Avon Park and another in Lake Placid. Both are under the Highlands County school system.

Other local developments include a pre-school program, a summer school program and now a work program for retarded adults which is underway in Avon Park. One classroom at E. O. Douglass School in Sebring is used for these persons.

Mrs. Hubbell indicated that it was quite a thrill for the retarded persons to be trained so that he can earn a pay check each week. This is of assistance to the new worker, his family and the community. The program was well received by the club members and guests.

Avon Park Ambulance Service Is Discontinued

As of Saturday at midnight Avon Park has been without ambulance service and will be until a solution can be found to maintain service for the city.

Claude Lee, owner and operator of the Ridge Ambulance Service, notified City Clerk Malcolm Crews of the discontinuing of the service. Lee who appeared at the Council meeting on May 10, agreed at that time to continue the service for two weeks in order that the council could find a solution to continue the service with the agreement that

the city would pay for any calls within the city that was not collectable by Lee. At the last council meeting no solution had been found and it was agreed the Lee would continue for another few weeks, in the meantime Lee stated that for the two week period there were seven calls made and the cost for that period of time was \$400. At \$20 per call this leaves Lee paying out \$125 for the service.

In the next week Lee had to meet the salaries for the drivers of \$150 and there were no calls made. Figures here prove that Lee is running the service at a great loss.

Lee said, "that with \$400 tied up in the cars plus all the equipment and having to pay salaries it was just too costly and he had to get out."

In a survey taken in 1969 by the Florida League of Cities, it was reported that in 38 of the towns that the county runs the ambulance service, and the police in four towns, with the fire department maintaining the service in six towns. Hospitals

in many cities include the service to the cities. In contacting Walker Memorial Hospital, Mr. Sanderford, assistant director, was asked if the hospital was approached to take the ambulance service? "Some months ago it was and at that time it was decided that it was financially unable to assume the service," he stated, "and that at this time and with the financial problem more prevalent than before their position at the present could not include ambulance service."

Malcolm Crews verified the notification of the service being discontinued, and said "all officials had been notified of the situation." Residents can use the service of Sebring in this emergency if needed. There was a period in the past that the city was without service when the ambulance service was suspended until it was resumed by the Ridge Ambulance Service.

There are many ways that a service could be activated as the city to serve its residents. Most of them need the backing of a

community as a whole and not just a few to carry the load. Public subscription is the most sensible way to handle it. This would mean that the people would pay so much a month or year to the fund, thereby establishing a set amount to fund the operation through the city police or fire departments.

The city could furnish the service and charge a fee for the funds, or it could be set up with the county. The present owners could also be considered to continue the service with a guaran-

tee of funds from either the city or county.

The city council is now studying plans that would be feasible so that at their next meeting a decision might be made. All councilmembers were asked at the last meeting to think of possible solutions and submit them for consideration at the meeting in two weeks.

One thing for sure, something has to be done soon and it is the duty and responsibility of all residents to activate some type of a plan for an ambulance service.

Badcock Honors Jerry Boone For 35 Years of Service

Employees of the Badcock Home Furnishings Centers of Avon Park and Sebring honored Jerry Boone with a luncheon at the Avon Park Store Wednesday, May 26. The affair was given in recognition of Jerry's 35 years of service to the store. The buffet table was beautifully decorated with flowers and held a delicious array of foods.

Jerry was presented a gold wristwatch by the company, as a memento of the occasion.

Those present to help Jerry celebrate were his wife Clara, a teacher in the Hopewell School, Mrs. Head, Mr. and Mrs. Edward Tomek, Mr. and Mrs. Tony Thompson, D. L. Brasell of Avon Park and Mr. and Mrs. Charles Foster. Mrs. Ruth Gooding, Mrs. Eadie Adams, Martin Mackey and Robert Carlson of Sebring.

The high point of the evening came when David Lanier announced the king and queen of the dance, chosen by ballot two weeks before. The queen was Terry Underwood and the king, Gerald Barefield. By an unhappy coincidence both Terry and Gerald had broken left legs, but this did not keep them from enjoying the fun.

Terry was presented with a lovely nosegay of daisies, and Gerald with a boutonniere for his shirt. Both received boxes of candy as gifts.

Cakes, potato chips, dips and cup cakes were served as party refreshments.

Chaperones were Mr. and Mrs. Ed Sharpe, Mr. and Mrs. David Lanier, Mrs. William C. Johnson, Mrs. Doyle Roan, Mrs. Annie Collier, and Mrs. Victor McKunas.

Supper
Only five turned out for the supper on Saturday evening, but all five said they had a good time. How about next week?

News of the Week

Burdett Howard entered Walker Memorial Hospital last Tuesday with a heart condition. He was in intensive care until Sunday. He is taking it easy and looks good.

On the same day Sheila Wurster went to the hospital. She is still there and things seem to be under control.

Paul and Flora Hoppe write that it's someone without the visits of the Avon Park folks. They had a good trip home, and the rhubarb is almost ready for a pie. Makes our mouths water.

on your **GRADUATION**

Graduation is one of the most important milestones along the highway of life. It is a significant accomplishment. Yet, while it marks the achievement of a successful program of training and education, it is not an ending, but in a real sense it is a beginning. We wish to congratulate each of the graduates in Highlands County.

The Future Is What You Make It

Smart Graduates know that college is a sound investment not only in helping them live fuller, richer lives but in helping them earn more when they enter their respective fields. We urge the young people of this county to prepare for a world of opportunities. . . And a world you'll help build.

We are proud to offer scholarships to six graduates in the county for South Florida Junior College, and sincerely hope they will take advantage of the facilities there. The winners of these scholarships will be announced next week.

Those attending will be treated to a rare and interesting film of the 1909 car race from New York to Seattle, Wash. In this historical race there were two model T Fords, which was very unusual. Both cars made the trip. This race was repeated 50 years later and at that time there were also two restored model T Fords entered in the re-enactment of the race. Many scenes from the original race will be shown along with the 1959 race.

Plans are in the making for a picnic meeting for the Auto Club and the Gas Engine Club to meet together in an old time picnic on July 5 at either Zolfo Springs or Nickersons, at Wauchula, depending on what arrangement can be made. Announcement of the completed plans will be made following the June meeting.

All are invited to attend the meetings and join in the activities of the club. Anyone that is interested in any form of transportation will find the meetings very enlightening and interesting.

Alexander Springs, Fla., bubbles forth some 75 million gallons of 74 degree water, every day, while Silver Springs produces some 600 million gallons, or enough for New York City.

TABLE TALK

By: Thrifty Maid!
In this spot each week we will give you suggestions for a different menu and ways to serve your family better for less.

Here's a quick meal idea using items designated by the U.S.D.A. as Plentiful. A MEAL ON A BUN starts with a split, roasted round bun. Spread one half with tuna salad, topped with lettuce and cheese strips. Broil to melt cheese. Top the remaining half with lettuce, raw onion rings, and hard-cooked "EGG" slices sprinkled with paprika. Garnish platter with broiled "PEACH" half.
