Nine were out to play shuffle Friday afternoon. Myrtle Heffernan and Hazel Nisbett won over Rev. Hutchens and Omer Snyder with the score 110 to 109. The consolation game was won by Leo Breister and Leo Pertl over Ann Antony and Byron Jeremy with the score 91 to 62.

Mr. and Mrs. Sam Walton, Mr. and Mrs. C. A. Sarnes were dinner guests of the Paxtons Friday. The day was beautiful and the Waltons and Sarnes enjoyed visiting with friends in the park.

Mr. and Mrs. Charles Learned of Riverside, Cal., are residing in the apartment across from the office, recently by the Snapps. We are glad to have them join our park group.

Marie Monxs returned home a few days ago after spending Christmas and New Years with her daughter and husband in New York.

Bee and Byron Jeremy have received a letter from the Lumpkins with very good news about Russell. He is feeling real good; seems to be breathing much better, is going to dinners and different activities. He and Winnie have new bicycles, Christmas gifts from their daughter, and are riding a lot. Winnie says they will be down to see all of us before long.

Eighteen were out for coffee Tuesday morning. Betty Peterson is chairman of the coffee hour this year. Everyone enjoyed good coffee and a friendly chat.

Fourteen came Tuesday afternoon to sew on quilts being made for Noah's Ark Nursery school. Hallie Hutchens was in charge. It is amazing how much can be accomplished in a short period of two hours.

Many in the park will remember Carrie and Earl Murphy who lived here several years ago. Carrie is feeling much improved at this time and Earl is able to do the chores at the farm regardless of cold and snowy weather. They send their regards to friends here. Their address is Britton, Mich., P. O. Box 83.

The Davidsons spent Sunday with their friends, Mr. and Mrs. Don Hatten of Kissimmee. They visited Gatorland and report they have never seen as many alligators.

Last Tuesday Byron and Bessie Jeremy spent the day at St. Petersburg visiting friends from the North.

At miscellaneous cards Monday night there were 14 people; one table of 500, one of six handed pinochle and one of Kings on the corner.

Open installations of Royal Arch and Commandry were held Tuesday night at Masonic Temple following the dinner served to 70 people. Marie Monxs helped serve the dinner and several from the park attended the ceremonies and dinner.

At 500 Wednesday night Herbert Renaud was high with 2870 and Anna Barth second with 2780.

Mr. and Mrs. Dillon Stone, Mr. and Mrs. Clarence Rauscher, wintering at Ft. Meade, and friends of the Tebos called Monday.

Mr. and Mrs. Douglas Mitten and family have returned to their home in Canada after spending the holiday season in Southland.

Mr. and Mrs. Roger Wilson and daughter, Sheila, are visiting the Snyders for several days. Mrs. Wilson is a daughter of Christine and Leslie Snyder. They are taking advantage of nice weather and going around while here.

Mrs. H. W. Bopp of Terre Haute, Ind., daughter of Rev. and Mrs. Hutchens is visiting her parents for several days.

Hannah and Marvin Tebo returned to Southland a few days ago after spending some time at Christmas with their son and friends in Pennsylvania.

Take note of Hindsleys new carport. This will aid in keeping their nice new car in excellent shape.

Avon Park Civil Service Board Upholds Action By Fire Chief

With a five member attendance for the Civil Service Board, the hearing of C. Parnell, Jr., got underway at 6:30 P.M. Monday night at City Hall.

In a final decision by the board it was decided to uphold the action of the chief of the dismissal of Parnell for the absence from duty on December 24. However, there was not sufficent testimony to warrant the first charge of habitual tardiness. This was disallowed by the board.

Although Parnell was represented by Attorney George Oulevolk, of Sebring, there were no questions asked by the attorney, no cross examination was permitted.

In his testimony Chief Wilbur Giddens, presented the charges to the board in detail saying that Parnell was habitualy tardy but only cited on the two occasions in January, with no other proof of tardiness. The chief testified that there were other occasions but due to the fact that the employees make out their own work sheets there was no record of the tardiness. The chief also said there was no explanation by Parnell.

When ask did he repremend Parnell, the chief answered no, he felt that they (the employees) knew their time to report to work, and he felt that there was no need for him to repremend any one.

In conclusion Giddens, said "he had no alternative to take the action he did. "He also added that Parnell was a good fireman, that lately he was getting very lax and never gave an explanation.

Paul McClure, former fireman who was reported to be fired but left on his own accord, and John Reed, fireman, was witness for the fire department and also testified to the lateness and the December 24 incident of Parnell.

When Parnell, spoke in the defense of himself, admitted that he was late on two days in question due to car trouble. When asked why he did not explain to the chief, he replied that you can't explain to a man when he turns and walks away from you.

When asked by the Chairman if he was aware of the procedure of an 8 A.M. starting time and that at all times there was to be two men on duty? Parnell answered that he was aware of this procedure. However, he stated that sometime in November that he and the chief were talking over coffee, when the remark was made that he (Parnell) was working on Christmas Eve again. Parnell said that the chief said "not to worry he would be able to play Santa this year as was done in previous years." This is why that Parnell left the firehouse on Dec. 24.

It had been a custom that the man on duty on Christmas Eve was permitted a few hours with his family on that special occasion, but in August of 1970, the Council informed the chief that there would be two men on duty at all times, and they would also eat their meals at the firehouse when on duty. This Chief Giddens says was an order handed to him from the Council and he would not disregard it, and contends that due to this he would never have given permission for a man to leave the firehouse for any reason.

After all testimony was heard, Charles Smith, chairman, called for a motion to affirm, modify, or disaffirm the action of a department head. A deep silence fell over all present and there was a reluctance of the board to make a motion. Following more discussion on the testimony a motion was made by J. R. Duggan, that the board disallow the charge of tardiness. This was seconded by Jack Elder, and was unanimously voted on by the board.

A suggestion was submitted by Elder, that Parnell be given a chance with the board, to submit his resignation, thus giving him a chance to secure other work and not have a bad mark against him. This was rejected by the board with a motion by Herman Sizemore, seconded by Elder, to uphold the action taken by the chief. A vote was taken and the board voted aye, with the exception of Patrolman Presley Selph, who voted nay. With the majority voting aye the decision was made to affirm the action of the Fire Chief and Parnell remains discharged.

Democrats Plan Big Meeting

The Highlands County Democratic Executive Committee is making plans for a banquet and meeting of Democrats from Highlands, Hardee, DeSoto and Hendry counties, according to Mrs. Edna Pearce Lockett, Highlands Democratic chairman.

The meeting will be held March 4. State Senator Wilbur Boyd and newly elected State Democratic Chairman Jon C. Moyle will be invited to attend the meeting.

"We're particularly interested in re-districting," stated Mrs. Lockett, "and we want to have something in common within our district." She said that it is particularly frustrating to have all of the state representatives living in Sarasota County that are representing Highlands County.

Mrs. Lockett said that the Democratic leaders from the adjoining counties were being invited because they have something in common with each other, but very little in common with large counties such as Sarasota.

A committee is working on the time and place for the meeting which will be announced later.

Mrs. Lockett said the present Democratic executive committee is a very active one and would be working all of the time, not just at election time.

"The committee members are new for the most part," stated Mrs. Lockett, "and they all have a vital interest in our county and our government."

Jon Moyle, the newly-elected state chairman of the Democratic Executive Committee and State Senator Wilbur Boyd, of Palmetto, will be invited to the meeting. C. Wesley Ward is head of the committee planning the meeting.

THESE THREE ladies representing the Mothers' March of Dimes, urge everyone to be ready for the ringing of doorbells, January 26, starting at 7 P.M. Left to right, Mrs. Carolyn Tomlinson and Mrs. Nell Roberts, both county chairmen and Mrs. Bobbie Wisdom, city chairman — Story on Page2

Norm Evans To Speak At Hardee Evangelistic Rally

Norman Evans, outstanding lineman for the Miami Dolphins pro football team will be the main speaker at an area wide evangelistic rally to be held at the Hardee Football Stadium in Wauchula at 3 P.M., Sunday, Jan. 24. The Rally has been planned by the Wauchula Ministerial Association and a group of dedicated laymen from south Polk, Highlands, DeSoto and Hardee counties. Great evangelistic singing, lay testimonials by famous athletes and business men and a timely message from nationally famous Evangelist Moody Adams will feature the program.

Norm Evans was born in Santa Fe, New Mexico, September 28, 1942. During his four years of high school he lettered in football, basketball and track. He attended Texas Christian University on a football scholarship where he graduated in 1965 with a Bachelor of Science Degree in Education. In 1965 he was drafted by the Houston Oilers. He was later picked in the expansion draft by the Miami Dolphins in 1966. An all-state tackle in high school, Norm has been named most valuable lineman by his teammates on several occasions and was named captain of the Miami Dolphins in 1967.

As a lad he became a member of the First Christian Church of Donna, Tex. In July 1966, while at training camp in St. Petersburg he and his wife came to know the Lord in a personal way. Upon his return to Houston, Tex. they became members of the Westbury Baptist Church. He is a much sought after speaker for men and youth groups and frequently shares his testimony.

Norm and his wife, Bobbie, have two children, a daughter 8 years, and a son, 3 years. Presently he lives year around in Hollywood, Florida.

Moody Adams has been called "America's In Evangelist" by the Miami Herald. Moody is a young evangelist whose crowds are now overflowing churches. He spoke over 1,000 times in 1970 and persuaded 12,000 persons to make public decisions for Christ that year. Undoubtedly, he could be labeled America's "Busiest Speaker."

The Gainesville Sun commented "Tennagers across America have heard Moody Adams relate startling, funny and informative stories about his experience preaching to hippie colonies like Haight-Asbury in San Francisco."

Along with Adams the people of this area will have the opportunity to hear Chuck Brickel and Noy McCallum, two of Christendom's bright young stars. Chuck Brickel has been the accompanist for Pat Boone, Anita Bryant and Ethel Waters. At 24 he served as director for the Dearborn, Michigan Theater. The 28 year old instrumentalist, soloist, conductor and writer toured Hawaii for seven weeks and recorded for R.C.A. The Southern Baptist Convention selected him as pianist for their 1970 convention where 16,000 messengers were moved by his playing.

Noy McCallum is winning acclaim wherever she appears. During her concert in St. Augustine hundreds in her audience burst into applause as she sang "He Lifted Me." The program chairman of Kiwanis in Perry said, "Her singing broke me out in cold chills."

Letters have been mailed to all churches and civic and fraternal groups in the area. A record attendance is forecast. All people are urged to attend, Sunday, 3 P.M. at Wauchula Stadium. Woodrow W. Nicholson of Wauchula is General Chairman for the Rally.

Devils To Meet Ft. Myers Saturday Night

The Avon Park Red Devils came out on the short end of the score last Friday night in Okeechobee as the Brahmans took a 48-47 victory to drop the Devils' record to 7-4 for the season.

Last Tuesday night the two Avon Park teams hosted the Santa Fe Crimson Hawks from Lakeland, tomorrow night the Devils will be idle, and Saturday night they will host Class AA Cypress Lake from Ft. Myers. Next Tuesday the two Avon Park teams will travel to Moore Haven for a return match with that team. The Devils won an earlier game against the Moore Haven teams.

Okeechobee Game

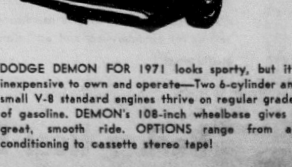

It was a case of not being able to hit the basket from the floor or the line as the Devils hit only 18 of 60 field goals and 11 of 21 free shots for the low score total of the season. Devil guard Don Sisemore fouled out after managing only 16 points. Curtis Jackson hit for 13 points and Robert Lanzing put 10 points on the board. Thad Tate managed 6 points and Jim Magenheimer had two for the 47 total.

Okeechobee won the game on a free shot although Avon Park outscored the Brahmans 17-13 in the final period. A real slow third period had left the Devils trailing as they started the final quarter by a score of 35-30.

The Okeechobee jayvee squad also won last Friday night to set the Avon Park "B" team's record at 6-3. The baby Brahmans won 59-44.

Devil basketball fans will see several changes in the lineups of the two squads. Nathaniel Packer has been moved up to the varsity from the "B" squad. Several boys are no longer playing on the Devil teams and have been replaced by boys hustling for a starting position.

LEWIS LLEWELLYN

We Need to Remember

Speaking to a group of people gathered in the Blue Room of the White House some time ago, President Nixon—talking about the greatness of the nation—said, "It exists because of a spiritual quality that we have had from the time of our birth.

Somewhere along the line many of us, perhaps, have forgotten that spiritual quality. Americans need to be reminded of it."

This comment brings to mind the statement of the great French historian, de Toqueville, who toured this country about 130 years ago to discover the secret of its greatness. His comment at the end of his trip, which took him to the nation's factories, mines, farms, schools, and churches, was this: "America is great because she is good. If she ever ceases to be good, she will cease to be great."

What Would He Say Now?

One wonders what de Toqueville, if he could come back and repeat the tour today, would say.

He could not fail to be impressed by the material progress of the country. But what would be his assessment of the goodness of the nation—and his prognosis as to its prospects for continued greatness?

Would he agree with Rev. Laton E. Holmgren, general secretary of the American Bible Society, who says, "We are a Biblically illiterate nation."?

Our nation was established by men and women who valued their freedom to worship God after the dictates of their own consciences so highly that they were willing to leave the comfort and security of their homes and come to this land which was then a wilderness, risking their lives, to found a nation on the basis of the teachings of the Bible. The motto, "In God We Trust," was to them not an empty slogan but a basic fact of life.

Although the Bible is still the No. 1 best-seller, there are many among us who are almost totally uninformed as to its message. On a recent television quiz show, none of the three contestants could name the author of the fourth Gospel.

Not only is there a pervasive ignorance about the content of the Bible, in some places there seems to be an absolute antipathy to its teachings.

Recently it was reported that a 15-year-old girl had been expelled from Marshall High School in Chicago because she carried her Bible to school and talked to other students about its teachings — in the school lunchroom and other places where she could converse with them.

School officials, according to the report, told her that Supreme Court decisions had made it illegal for her to talk to her fellow-students in this way about God and the Bible.

Firm Foundation Needed

There is in the Bible a parable of a wise man who built his house on a rock and a foolish man who built his house on a foundation of sand. The house with the solid foundation stood when the storms struck, while the other house collapsed.

Jesus said, "Whosoever heareth these sayings of Mine and doeth them, I will liken him unto a wise man which built his house upon a rock."

If this is true of an individual, is it true also of a nation?

Perhaps, like George Washington at Valley Forge, we should again drop to our knees, thank God for what He has done for us, and ask Him for the help that we need in this crucial hour in our history.

Avon Park Building Inspector Clarifies Issuing of Permits

With some of the people being confused with the proper permit system for building in the City of Avon Park, W. E. Spurlock, building inspector, has issued the correct way and the place of issuance of a building permit.

First if you are building in the city limits you are not under the jurisdiction of the county and do not need to apply to the county for a permit.

If you are building in the county but out of the city limits then you need to apply for a county permit.

Within the city only a clearance permit issued by the department of building at the city hall is needed. This applies to any city in Highlands County.

Mr. Spurlock, advises anyone that is planning to build in the city, to contact him at City Hall and he will advise you as to the correct and safe procedure to follow. For those in Sebring, you should contact your local building inspector, Bill Young who will also advise you of the correct procedure.

ROTARY CLUB NEWS

By JOHN KNAPP

January Program chairman, Weyman Carver, introduced our speaker, Chuck Esposito, better known as "Chuck Shane" of our own radio station, WAPR. The subject was "Radio" and all of its ramifications. In introducing Chuck, Weyman recalled our guest's past as a boy fascinated by electronics, as a youth working around radio stations doing various jobs including announcing. He came to Orlando's WHRY when it was known as the first "Country Music" station in our country. He then joined the staff of Orlando's WDBO until he saw the opportunity in Avon Park as a community without a radio station. In 1968, he and two others financed the launching of our WAPR with a new building and equipment.

Chuck spoke of the current radio scene in the light of TV, government regulations, etc. Radio today has a unique function to fulfill in our current age; small transistors and car radios make it the largest phono communications media we have. It is also the most interesting communications medium to serve a small community with news and announcements as well as a great tool for local business. It was pointed out that in Highlands County two million dollars a year is spent by youth. A survey showed that most people wanted music and entertainment ahead of news . . . religion last . . . at least on radio.

Chuck is becoming well known in our community as he broadcasts high-school games, talks with our businessmen, and visits organizations. He made a deep impression at our Wednesday's meeting showing how WAPR helps to put Avon Park on the map . . . of various trade publications, etc. We were pleased as Rotarians to have had Chuck with us, not as a new friend so much as a continuing associate in the public service of our city.

A potluck dessert was served after the meeting to about 60. During the meeting, Awards were presented to the following. Laverne Fullmer 2 first placs, 1 second place and a gold star award for her scrap book, her history of Avon Park, her fine program on visitor's night and her performance during the whole year. Miriam Debo a first place in the National Grange needle-work contest for crocheted edging, this was a first in the state; Mary Haviland a first for her pot holder in the state contest.

Mothers Will Ring Doorbells Tuesday For March of Dimes

"Stand up and be counted in the fight birth defects," urges Nell Roberts and Carolyn Tomlinson, co-chairmen for the 1971 Mothers March for Dimes in Avon Park. The traditional doorbell ringing will take place next Tuesday, January 26 in Avon Park.

Mrs. Roberts and Mrs. Tomlinson reports that volunteers are needed to handle the many tasks that go into this annual appeal. The Junior Woman's Club is undertaking the giant task of contacting every household in Avon Park, but they still need more help.

The Mothers March volunteers will take the high roads and the low roads in their campaign to raise funds to continue the fight against this nation's second greatest destroyer of human life . . . birth defects. "March of Dimes is working to prevent these tragedies," states Mrs. Tomlinson, "and we need the support of the entire community.

Mrs. Tomlinson also said that much of the money collected in Highlands County will be used where necessary in the county and that all the money collected for the March of Dimes does not leave the county. "It's used where needed most," she stated, "that means we'll help our own people locally and we'll assist the research projects."

The Mother's March will get underway at 7 P.M. Tuesday evening in Avon Park and throughout the county.

Tuesday's Meeting

The Jr. Woman's Club held its first meeting of the New Year on Tuesday, Jan. 5th.

The first order of business for the club this year is their annual Mothers March of Dimes. The city chairman this year is Mrs. Bobbie Wisdom. The area chairmen were selected as follows: Section F — Bonnie Brae to Lake Tulane, Lois Sachsenmaier; section A — Lake Isis, Sharon Heard! section B — Elementary School, Betty Jo Frier; section C — North Lake Ave., Cheryl Guerndt; section D — Camphor-Glenwood, Janet Willis; section E — Lotela Terrace, Sara Heatherly; section G — South Avon Park, Arletha Sims; section H — Lake Lotela, Janet Guthridge; section I — Avon Park Lakes, Sandy Mattox; section J, L, M. — Lake Lillian, Carolyn Tomlinson; section K— Lake Byrd, Alma Hooper; section N — Bombing Range, Pat Casey; and section O — Lakemont, Mary Lou Stewart.

Each year, in the United States alone, more than 250,000 babies — one almost every two minutes — come into the world seriously defective in some way. The Mothers March of Dimes is to help as many of these children as we can and to prevent as many birth defects as possible.

The National Foundation — March of Dimes, is putting its tremendous energy and resources into this effort. The impact of its research programs and treatment centers grows greater with the years.

The birth of babies, touches the life of almost every one. If you can spare an hour of your time to save the life of a child, please phone the chairman in your area and offer your help.

If you would like any information about the Mothers March of Dimes or where to volunteer your time phone—Mrs. Carolyn Tomlinson, 453-6734 or Mrs. Nell Roberts, 453-3108, County Chairmen or Mrs. Bobbie Wisdom, City Chairman, 453-3464.

World Traveler Visits Avon Park

Mrs. Ruth Moffett, one of the original delegates to the League of Nations, a world traveller and lecturer on world unity, recently visited a few hours with friends in Avon Park.

Robert Hanford on being notified she was attending a convention in Miami and would be passing this way arranged a meeting with friends she had met on a previous visit at the home of Dr. and Mrs. A. Jazab, former resident physician at the Avon Park Correctional Institution. On invitation of Mrs. Bessie Paxton, the gathering was held at the Paxton Mobile Home in Southland Court of this city.

Accompanying Mrs. Moffett were other persons from various parts of America actively interested in world unity. These included: Ralph Grunwaldt of Honduras, Central America, Mrs. Lillian N. Raber of Colorado Springs, Colo., Mrs. Sarah Forman of St. Paul, Minn., and Mrs. Blanche Rudnich of Miami.

All the guests are members or interested observers of the Bahai World Faith which recognizes the Oneness of All Mankind and seeks world unity in recognition of 'One God, One Truth, and One People.' The Bahai Faith witnesses to the Divine Inspiration in all the great religions of the world and seeks fulfillment of their Founder's teachings in the unity of all mankind.

No Decision Yet On Sweet Trial

No decision has yet been reached on whether John J. Sweet will go to trial a third time charged with the for-hire murder of Sebring millionaire, Charles Von Maxcy.

Prosecutor Glen Darty said he still is trying to locate witnesses and assure that they will testify. He said he has not yet heard from the commissioner of safety in Boston nor from two witnesses formerly of Daytona Beach who now live in North Carolina.

Questioned on a statement that if Irene Maxcy, widow of the murdered man, is convicted of perjury, her testimony will be invalid, Darty said there may be another point of law involved which would make this statement incorrect.

Mrs. Maxcy, widow of the slain man, has been living with her lower, Sweet, in Deerfield Beach.

Mrs. Maxcy faces trial in Bartow Criminal Court of Record on perjury charges stemming out of Sweet's second trial. A convicted perjurer is subject to impeachment in trial proceedings.

Middle School Explained At Meeting

(Continued from Page One)

of South Florida, Tampa, spoke on the concept of the middle school now in the process of being instituted in the Avon Park Schools. Dr. Bondi has been working with 60 to 65 teachers in the county on the middle school theory.

The question and answer session parents were enlightened on the real implications of the proposed change in the local schools. Five teachers from the Cloud School, who are in the middle school Program, explained to the attendance how this program works.

The difference in this program and the one now used in the schools, is the difference in the student lives through the concentrated effort of energetic faculties, active county leadership, and university help. The student shows the strides that he has made in the educational program.

In Sebring, the E. O. Douglas School is now working under the middle school concept. But not on a grade level, but as a replacement of three schools within a school. These are all non graded school one which is the K-1, 15 staffed by a team of teachers working together on a flexible basis. The second school includes what used to be grades 2-4. School three or the middle school includes grades 5 to 8.

With both number two and three schools, each staffed with interdiciplinary teams composed of specialists in in language, arts, social studies, science and math. Both teams operate in a time block of three hours where sizes of groups and time for each discipline are completely flexible. Each of these schools are nongraded in a sense that a group composition depends entirely on the present level of each student. Thus a fifth and eighth grade student may be operating side by side in a reading class.

By each student diagnosed in the beginning of the year, their needs were found and students were placed in different learning groups according to their needs. Thus some students found themselves in a low group in science for instance, while they would be in a high group in math. Groups are referred to as skilled groups, where every child is guaranteed success. These groups are never referred to as high or low. As soon as one objective is reached the student is then moved to the next objective. This movement is made only when the student is ready, whether it takes three weeks or three months.

This an explanation to the academic part of the program, in addition to the student is offered a broadened exporatory program of sewing, cooking, crafts, and music, which is offered to both boys and girls. These activities are related to every day needs.

Letters To The Editor

Dear Editor,

I would like for your paper to print my side of the story. As it was reported in your paper January 7, that I was fired from my job as fireman for the Avon Park Fire Dept. This was a false report, I was not fired, I resigned.

The reason was I was reprimanded for going on a fire call—which turned out to be a false alarm. Chief Giddens was on the fire phone, he knew where we were going. Yet a short time later, assistant chief Mack Flowers came to the fire station and reprimanded me and another fireman for going on a fire call—I resigned. No man can work for two men with different orders from each. I also agree with Mr. C. M. Parnell, Jr. that a complete and immediate investigation could turn up some very interesting facts about our fire dept.

it has been found that through the change in the program, there is a total lack of discipline problems, greater attendance, and better student achievement in several subjects. It is the concensus that the pupils are receiving a basic education, and they are gaining success both academically and personally.

Other schools that have adopted the program have and are receiving nation-wide recognition. The Avon Park Schools will, by accepting the program in its entirety be among the others in its high praise of the learning power and the preparation of the student to meet the world, with confidence and assurance that they are prepared in their individual abilities to be one of the community.

There was a meeting held in the Avon Park High School on Monday night by the Lay-Advisory Committee in conjunction with the Middle School concept. George Douglass spoke on the Middle School. A question and answer session followed. About 30 people attended.

The recently appointed principal, Elmo Roberts, stated that he was well pleased with the interest of the people. He also said the Lay-Advisory Committee was to be applauded for their help and concern in this project, and for their enlightening answers to help to better understand the reasoning behind the change in school policies.

Roberts is now the active assistant principal of the Avon Park Elementary School.

Roberts has been active in the new concept of the middle school and feels as though this may be the answer to many teaching problems, along with the answer to many of the problems of the education of the individual student that needs to have the individual attention and training a program in the middle school concept will offer.

Avon Park Had The Finest Volunteer Fire Department—King

Councilman Clarence King speaking about the fire department this week said: Avon Park once had a Volunteer Fire Department that was tops. They sponsored many events that were good for the City and Highlands County. Many get-togethers for regular and volunteer firemen and their families were sponsored by the department. Regular meetings and fire drills were held, which prepared the firemen to meet any challenge in protecting our homes and businesses in case of fire or emergencies.

In the past few years there has not been very many activities at the fire department to be proud of. How long has it been since the siren has called the firemen for drill practice on Thursday night. Most all the old reliable volunteers have become dissatisfied and just don't bother no more. One member summed it up when he said "the interest has become so low, there has not been a meeting in three years."

The lack of a good volunteer fire department makes it necessary for the city to hire personnel to do the work that was originally done by volunteers. The trouble as I see it seems to be with the chief and particularly with the assistant chief, in handling the department. The turn over of personnel in the past few years is very high, including the salaried firemen. Last year three regular firemen presented to the council complaints of the treatment and lagnuage used by the Asst. Chief. In accordance with proceedure with the council, these complaints were handed over to the chief for correction.

From my available information the only correction that was made was one of the firemen signing the complaint, resigned (possibly under pressure) and also another fireman quit. Now Mr. Parnell, another signer of the complaint has been fired by the chief. (Note) which has now been disposed of by the Civil Service Board, of which Mack Flowers is secretary, but did not set in judgment of Parnell on the board.) Flowers remained silent through all the proceedings.

Now the big question is when will the other that signed the complaint get his walking papers. I am deeply concerned of why the present chief and assistant have allowed the fire department to lose its respect and efficiency it once had. It is time our regular and volunteer fire department becomes the outstanding organization they once were. If the chief and assistant have used up their usefulness, they should get their walking papers.

One question remains about the firing of Mr. Parnell, that has not been answered. Why did the chief keep him on as a fireman for about two weeks after the alleged offense before giving him the notice of discharge?

Three Big Ranches Change Hands In Highlands County

Three huge ranches in Highlands County totaling 7,564 acres and $3,230,000 changed hands this past week in a swap with 600 acres of land near Disney World.

The ranches involved were the old Jake Carlton Ranch near Harney's pond, the Santa Fe Ranch on Arbuckle Road and the Okeechobee Land Co. Ranch across the road from the Santa Fe Ranch.

The Hemingway Corp. of Palm Beach bought the ranches. They paid the Overstreet brothers of Kissimmee, sons of M. M. Overstreet, $690,000 for the 1,920 acre Carlton Ranch on Route 76; a group of Quincy, Ill., men, owners of the 4,200 acre Santa Fe Ranch, $2,000,000, and the Okeechobee Land Corp., $540,000 for their 1,444 acre ranch.

Then Hemingway traded all three ranches to M. M. Overstreet for his land near Disney World.

The sale was handled by Realtor Charles Campbell of Okeechobee and Attorney Reid McWhirter of the Kissimmee law firm of Brinson, McWhirter and Smith.

It is expected the Overstreet brothers, sons of M. M. Overstreet, will run the ranches. The Santa Fe was sold May 8, 1969, to the Quincy group for $1,856,026 by the Fernandez family. They still hold mortgages on it.

The Overstreet brothers bought the Carlton Ranch in October from Mr. and Mrs. Charles Carlton and Mrs. Alberta Carlton Hayes of Ft. Pierce for $690,000.

The brothers are Jennings and H. Stanley Overstreet of Kissimmee and Charley Mac Overstreet who lives between Lakeland and Dade City.

The Overstreets are owners of large ranches in Osceola and Polk counties and their family has been in ranching for three generations.

The Santa Fe Ranch was purchased by the Fernandez family from the R. W. Neal family in August of 1960 for $117.50 per acre. At that time it had mostly unimproved land, and had only 375 head of cattle.

There now are three houses on the land, there is extensive irrigation, there are 2,500 head of beef cattle, two wells were dug, and the land has been 100 per cent improved with planting of grasses and clovers.

The Quincy, Ill., group which sold it is headed by businessman Harvey Carnes of that city.

Departments Make Reports To Council

The month of December was a busy month for all of the city departments, according to reports given to the city council on Monday night.

Building inspector, W. E. Spurlock, reported that 17 building permits and 22 inspections were made. In plumbing, nine permits and 10 inspections. There was one demolition, with 12 gas permits and 13 inspections; 12 complaints were investigated. There were 10 sub-standard structures inspected, while sanitation had two inspections. A total of 39 permits were issued and 69 inspections were made. The total of construction costs amounted to $46,400.00; while total fees collected was $242.00.

The Police Department report, submitted by Chief Gordon, stated that 109 arrests were made on various charges. The total mileage on patrol cars was 6,737 miles, and total accidents were 17; services rendered were 114. There were 175 complaints and investigations made, 810 meals were served at city jail. The prisoners worked 1,712 hours.

According to the electrical report from Mack Flowers, electrical inspector, there were 23 permits issued, 36 inspections made, and 45 hours were spent on Christmas lights, while traffic lights accounted for six hours. In his monthly maintenance checks, 12 hours were spent on the fire alarm system, pumping station and traffic control.

The fire department reported the total alarms answered for the month was nine, while the fire loss for the month was $50. To date the fire loss totaled $2,300. The repairs that were made on any of the equipment will be listed on the work sheet for the date on which they were made. The fire department report was submitted to the council by fire chief, W. W. Giddens.

Garden Club Plants Oak Tree On The Mall Arbor Day

In keeping with tradition of planting a tree on Arbor Day, the Avon Park Garden Club planted a oak tree on the Mall Wednesday and also placed two Pyracantha's espalierds (trainers) on the wall of the post office. The committee in charge was Mrs. W. J. Head, chairman, and assisted by Mrs. George Walters and Mrs. Robert Barben.

In connection with the ecology of the area, Mrs. Head asks that the community be aware that green plants are the key to improvement of the environmental crisis. Trees help to cool the air in Summer, reduce wind velocity and protect buildings from heat loss in the Winter.

Trees not only absorb polluted air and release air rich in oxygen, but also along with shrubs and foliage screens out dust and other solid pollutants from the air. They also reduce noise of cities, factories and airports.

Other plants protect the soil, by holding the top soil in place and thus reduce the silting into streams and rivers. They also keep the surface of soil from compacting, thus retaining the moisture and rain, that lets the water soak in the earth and not run off.

As lovers of the green plants and their aesthetics beauty Garden Clubbers must be dedicated to the cause of environmental horticulture. Let us each pledge to help reserve the natural beauty of our land.

Keep Your Blender For Everyday Use

How many of you received a blender for Christmas? If you are one of these lucky ones, happy blending. Do you realize that you have a jewel? The secret is to keep it out and handy for everyday use.

First thing anyone with a new blender does it try it out. Sure enough, all the magical things you've heard about it turn out to be really and truly true — incredible beverages, terrific dips — and in a few stirring seconds. Then, as you grow used to this busy little genie in your kitchen, you discover how indispensible it is, not only for high occasions but every day, right around the clock, from blended juice at breakfast to those irresistible ice cream things at midnight.

It chops, grates, grinds, crumbs, pulverizes, mixes, blends and purees. It smoothes out sauces that have curdled, ham and leftover meats into delectable sandwich spreads. All turns out like mother's best man and the usher was Jimmy P. Horton.

Mrs. Charles Cowan, Jr., cragnist and Paul Dean, vocalist, presented the music including "The Greatest of These is Love" and the "Wedding Prayer."

RUTH E. ROBINSON

Welcome back to Mr. and Mrs. Rowe Weller on Court 52 for the Winter months. They have their Northern residence in Oil City, Pa. and are pleased to be in our warm climate. Catherine Baker wishes to express many thanks to the folks for their act of kindness shown to Sylvan and her during the trying times of illness and death of her brother, Earl Rockel. Kindness is always remembered and friends are surely a necessity, and our park proves to be unsurpassed in both categories.

Mr. and Mrs. Robert Duthie returned from Tallahassee where they were called for the death of Lucille's nephew, Douglas Dunlap. Mr. Dunlap was well known throughout Florida as he was Planning Engineer of Florida Highway Commission. Our sympathy to Lucille at this time. Robert and Lucille also visited Blanche Dunlap who is a patient in St. Jude's Manor at Jacksonville, before returning to Avon Park.

Remember our monthly pot luck dinner at 12 noon on Thursday, the 21st of January. Bring your own service and speciality. Coffee will be served. If other beverage is desired, bring your own thereto bottle.

Polk Defeats Panthers In Last Minutes

South Florida Junior College cagers met Polk Junior College for the second time in a row last Wednesday and for an uncanny repeat performance was again beaten by Polk in overtime, 99-91. The previous game had been held before the Christmas holidays.

This is the third consecutive time the Panthers have missed out in the last few seconds of the game, losing to Valencia in the last four seconds of regular time and to Polk twice in the last seconds of overtime.

A bright spot for the Panthers was the outstanding performance of John Beatty in the Polk game, who scored 28 points in the first half and finished the game with 38 points, three shy of the all-time Panther record set by Ted Butler against the University of Florida freshmen in 1967. Also encouraging was the improved play of Kim Malcolm and Rodney Hollinger in the Polk game.

A Musical Journey Into The Soul of A Nation To Be Shown

The Billy Graham picture, "His Land", will be shown at the First Baptist Church Thursday, Jan. 28 at 7:30 P.M. The program will be under the direction of a representative from the Billy Graham Association. There will be no charge; however, a free-will offering will be taken to pay for expenses.

Across a barren land, scarred by centuries of war and neglect, the spectres of ancient Israel appear, hover, and fade away. Suddenly there is movement of a different sort, and slowly, steadily a startling transformation begins to take place.

Thus begins "His Land," the thrilling story of Israel from ancient to modern time. "His Land", a one-hour color feature motion picture, takes you on a journey through space, time and current events. You see graphically, the fact that Israel today is a living testimony to the words of the prophets when they proclaimed that Israel would take her place among the nations of the world.

"His Land", rich in color and authentic sights and sounds, with a popular musical score composed and arranged by Ralph Carmichael has been called a musical journey into the soul of a nation.

"His Land", truly a feast of color, sound and song. An unforgettable experience!

That noise of something fragile being shattered was the last of the New Year's resolutions being broken.

Nazarene Rally In Lakeland

Ten persons from the Church of the Nazarene of Avon Park traveled to Lakeland last Thursday evening to attend a zone rally of the Nazarene World Missionary Society. The event took place at the South Florida Heights Church of the Nazarene, and was attended by people from various Nazarene churches of the Lakeland Zone, which includes churches in Lakeland, Zephryhills, Plant City, Winter Haven, Bartow, Lake Wales, Wauchula, Avon Park and Sebring.

A panel of N.W.M.S. members met before the group to answer questions and discussed interesting activities of the Society, both as a whole and on the local level.

The highlight of the rally was the group of slides shown by Mrs. Kenneth Andrews on Nazarene missionary work in Manzini Swaziland. She explained that there is a great need for church buildings in this area to provide a place of worship for the increasing number of Christians. As of now, a group of Bantu people are meeting regularly under a now famous tree known as the "Buffelshoek tree" to worship. Mrs. Andrews and her husband, Kenneth, who is an airline pilot, are laymen in the Church of the Nazarene and saved up their money to go to this area to see exactly what is needed. They took many pictures and Mrs. Andrews is presently showing these at various zone rallies throughout Florida.

The Nazarene young people of Florida are now in the process of raising money to build a church for the Bantu people in Manzini, and hope to provide a parsonage for the pastor, also. Through prayer and giving, they hope to soon replace the "Buffelshoek tree" with a new church for these people.

DAVE LLEWELLYN

The Lost One Comes Back

A rebellious young son, who knew his older brother was in line to inherit his father's business, grabbed up all the "bread" his Dad had set aside for his future and took off for freedom, some place where he could "do his own thing" with his own kind of people.

Before long he was broke and alone. When he finally came to his senses he went back home to try to get an ordinary job in his father's company. His father was glad to see him come back, but his brother was angry.

You probably have read this story before, not only in a newspaper, but in the Bible. Jesus told a story like this, in Luke 15, that has come to be called the parable of "The Prodigal Son."

Three Similar Stories

As a parent or close observer of teen-agers, you may sense satisfaction at the outcome of this story. A free-thinking son who ran away from his father's good advice and careful upbringing has had to admit that Dad was right, after all, and to settle down to a responsible sort of life. You may even indulge a slight tendency to gloat. After all, if Jesus agrees with you, perhaps a little "I told you so" to your kid is justified.

Before you slip this article into your son's school books or put the "Prodigal Son's" parable on the wall of his room, however, we had better study this story more closely.

Two similar short stories preceded this one in Jesus' teaching. He told about a man who lost one of his 100 sheep and searched tirelessly until he found the missing sheep. Then He told about a woman who lost one of 10 pieces of silver and cleaned every inch of her house to recover it. Then he told this story about the man who lost one of his two sons.

When the son in this story wanted to leave, the father not only made no objection but obligingly provided the money necessary for the escape. Why?

When circumstances forced the son to return home, his father made him immediately welcome, made no comment to the son's apologies, made him feel "at home" again. No sermons. No scolding. No gloating. Why?

Voluntary Decision

Because the way to find God is to discover yourself. The son did not run away from home because he was rejecting his father's values, but because he needed to find his own values. When allowed to face the reality of himself, he returned and adopted his father's values as his own. His stay-at-home brother hid his rebellion, the story says.

Any set of values, especially those created by a relationship with God, must be held by an honest decision in the light of reality. They cannot be forced upon anyone, not even on a child by his parents. A rebel may be on his search for himself, and ultimately for God. So Jesus associated with sinners.

God, represented by the father in this story, made His home and fellowship available to His wayward son, helped him take the final steps to return, expressed genuine joy at his homecoming. But God did not try to reform His son's ways against his will.

These parables teach that God is seeking a relationship with us. The so-called "Prodigal Son" parable teaches more than that, doesn't it?

REVIVAL SERVICES

Jan. 27-31 — 7:30 Each Evening

The TRISSEL TRIO, of Leesburg, Fla., is a complete evangelistic party. Rev. Paul D. has been an ordained elder for nearly 30 years, and has served as evangelist, pastor, and minister of music in various parts of the country. His evangelistic messages from the Word of God are stimulating. Biblical characters become alive through his vivid descriptions. He also specializes in preaching and teaching the art of winning others through lay personal evangelism.

Traveling with him and assisting with the music are his wife and daughter. MRS. MARY TRISSEL, an accomplished musician, plays the organ, piano, and various instruments. DEBRA, the daughter, also plays the piano and organ and sings solos, duets with her mother, and in the family trios. They bring a varied musical program in each service.

The Trissels have been in the evangelistic field for over 20 years, and have been greatly used of God. You will enjoy every service.

FIX-IT TIP

A clogged toilet trap should be treated first by a plunger, than an auger if necessary. A special kind is made for a toilet bowl. If a large object, such as a child's toy, is wedged in the bowl, you may need a plumber to disassemble the bowl, remove the object and put it back together again.

Southland Trailer Court News

Twenty-five were out for coffee Tuesday morning. Twenty-five people can soon drain the urn as they drink coffee and eat donuts. We were glad to welcome several guests and new people in the park.

Only one activity in the park can exceed in attendance more than bingo and that is a pot luck dinner. It was a 'pot luck' dinner Wednesday at 5 P.M. as 51 people came and brought whatever dish they cared to prepare. And what a well balanced meal it was. Betty Peterson gave thanks for friends and food, and gratitude for all good things of life.

Mildred Hindsley is chairman of the dinners this year. With the aid of her helpers, the guests knew the coffee cups would soon be refilled and their friendly conversation continued as they lingered over that last coffee. We were happy that Myrtle Heffernan and Ben Henningham could be with us. Albert Breadman thanked the committee for a fine job and everyone joined him.

Mr. and Mrs. Everett Sowers, friends of the Paxtons at their home in Indiana and Wintering in Lakeland called Tuesday afternoon.

Forty-nine came to play bingo Friday night. Robert Moynihan is a good caller and aims to keep us awake with variation in different types of the game. Betty Peterson distributed prizes to the lucky winners.

Eight were out to play shuffle Friday afternoon. Byron Jeremy and Hazel Nisbett won over Ann Antony and Myrtle Hefferman, score was 58 to 43. On the west court, Carolyn Morrison and Laura Bernthal won over Omer Snyder and Marvin Tebo. The score was 74 to 69.

Eleven people played pinochle at the hall Monday night.

Mr. and Mrs. Glen Zeizert of Blissfield, Mich. are here for a visit with their mother, Mary Strickland.

Mrs. Viola Hicks and Miss Pearl Root of Sun Ray called on Rosetta Hall last Friday.

Mr. and Mrs. J. R. Carmichael of Orlando were here Friday night and Saturday visiting the Chapels. The Carmichaels are the parents of Bette.

There will be a meeting of The Federation of Mobile Homes Friday, Jan. 22 at 1:30 P.M. at Leisure Acres, Sebring. There will also be an election of officers. State officers to be present are: J. J. Johnston, president, Elmo Slawson, vice president, Frank Whiting, chairman of legislative committee, and representatives of insurance and blood bank. We are urged to attend this meeting and inform ourselves about the organization.

Bessie Paxton entertained a few friends Saturday afternoon in honor of Mrs. Ruth Moffett of DesMoines, Iowa, a world traveller and lecturer on World Unity, who, with friends, was returning home from a convention at Miami.

Myrtle Overhold had a rather painful fall last week while in her yard. She was taken to Walker Memorial where her injuries were not considered serious and released the next day. But Myrtle does have some bruises and scratches. After numerous calls for help John Farilla came to her rescue. At least two aids have been given to her. Her husband placed his of lieutenant's whistle, a relic of WWI, on a chain and hung it around her neck. John Farilla donated a cane with instruction to use it. Good luck from now on Myrtle and hope you won't have to blow that whistle. Anyway, it's handy.

Mrs. Maxine Rutherford of Hammond, N. Y. is here to spend the remainder of the Winter with Robert Elethorpe. Mrs. Rutherford is a daughter of the late Lucy Elethorpe who passed away here over a year ago.

Mrs. Lowell Beers of Los Angeles, Calif., and Mr. and Mrs. Hamilton of near Frostproof visited with the Bittels last Tuesday. Mrs. Beers is Mrs. Bittel's niece, whom she had not seen for 25 years. Mrs. Bittel lived with Mrs. Beers and her parents in North Dakota when she taught school there. It was a very happy reunion.

Mr. and Mrs. Zeno Warner very pleasantly entertained Alta Robinson and a number of friends at their home in honor of Alta's birthday, last Thursday.

Dr. and Mrs. Dinniwell, in company with Mr. and Mrs. Albert Breadman, motored to Ft. Meade last Friday to visit with friends there. At noon, to celebrate Dr. Dinniwell's birthday, they ate at Johns place in Bartow and later drove to Lakeland and did some shopping.

Mr. and Mrs. Ira Moomaw of Sebring called at the Bittel home recently. They are former missionaries to India from the Church of the Brethren of Sebring. Mrs. Bittel and Mrs. Moomaw are girlhood friends.

Learning without thought, or thought without learning, are each equally dangerous.

All checks used in U. S. in one year, if piled up in one place, would make a stack about 1,000 miles high.

The average human being is a bit shorter at the end of a busy day, than he was in the morning. Also—he is shorter at the end of the month.

Car in which two died Friday night.

Two Brothers Die In Auto Accident Near Here Friday Night

Two young brothers lost their lives in a Friday midnight accident when their car left the road near Avon Park to sail through the air and hit a telephone pole.

Careening off the pole for 90 more feet, the car rolled over and over throwing out both youths.

William Lamar, 23, the driver, of Auburndale, formerly of Sebring and Bobby Lamar, 15, Sebring, became Highlands County's first automobile fatalities of the year.

The family believes William, a truck driver, might have fallen asleep. He had told his father William Lamar, of Sebring only recently that he was planning to return to Highlands County from Auburndale where he had been working.

He said he had to work day and night and the job was "killing me," according to the father.

The brothers were returning from Auburndale and had stopped to visit briefly with James Tomblin and James Barrow at Avon Park. Then William started to drive Bobby, an eighth grade student in Sebring High School, back home to Sebring.

According to the Florida Highway Patrol, the accident happened at 12:25 A.M. Saturday 1.5 miles South of Avon Park on State Road 17.

The report of Trooper F. D. Williams said the car, traveling at too fast a rate of speed, ran off the road on the right side, going South on a sharp curve. It traveled 374 feet becoming airborne, and struck the telephone pole.

It continued 90 feet more, rolling over 3¾ times and coming to rest on the left side beside the road.

William Lamar, the driver was thrown three feet to the right of the vehicle and Bobby Lamar nine feet to the left. Trooper Williams estimated the 1956 Chevrolet was going 80 miles per hour.

An unknown telephone caller phoned Avon Park police at 12:29 A.M. and Ridge Ambulance about 15 minutes later and they hurried to the scene.

Both youths suffered broken necks and were pronounced dead on arrival at Walker Memorial Hospital.

The men driving the ambulance, Bobby Eldredge and Ray McHenry, seeing the victims at the hospital, realized they had brought in the bodies of two friends.

William Lamar's wife had been visiting her daughters Gloria and Pat Smith, in Avon Park, and was still in the city, the night of the accident.

The Trooper estimated damage to the car at $200; to the pole and wire, $275. Double funeral services were held Monday from Stephenson Funeral Chapel, the Rev. Ernil Kipp, pastor of the Sebring Church of God, officiating. Burial was in Pinecrest Cemetery. Both brothers were natives of Barwick, Ga.

Survivors are their parents, William W. Lamar and Mrs. Pauline Carter, of Sebring; two brothers, Freddie Lamar of Thomasville, Ga., Frank Lamar, of Tampa; four half-brothers, Paul, J. T. and Bill Pridgen of Ft. Pierce and Richard Pridgen, of Wauchula; five sisters, Lisa Marie and Ann Lamar, of Sebring; Mrs. John Edwards, of Ft. Pierce, Mrs. Jerry Johnson, of Lake Placid, and Mrs. Doug Coleman, of Vero Beach.

William Henry Lamar also is survived by his widow, Irene.

Scholars suggest that man's earliest attempts at writing (cuneiform or hieroglyphics) may have sprung from arrangements of fingerprints left in still-soft clay of early pottery.

Melrose Caverns, Virginia, was used as living quarters by armies of both sides during the Civil War — as many names carved on the walls still show. John Brown also used it as temporary headquarters.

JUNIOR Red Devil athlete Don Sisemore accepts the trophy for the "best all-round" football player of the 1970 season from Robert Dick, president of the Avon Park Athletic Association. The awards were presented at the annual football banquet held at APCI last Friday night.

Sisemore Named Best Avon Park Red Devil Athlete

Over two hundred Avon Park athletes, cheerleaders and Red Devil fans were on hand at the the annual athletic association's football banquet last Friday night for a fine evening of food, entertainment, and awards at the APCI dining room.

Junior athlete Don Sisemore, a 5'7" three-year letterman, won the coveted "best all-round" trophy for the 1970 football season. The spunky Red Devil quarterback was the leading scorer for the Avon Park eleven this season with 43 points which included a game-winning field goal in the Wauchula game. Don also tossed six touchdown passes to teammates during the 10 game season and passed for five two-point conversions.

The versatile athlete successfully kicked 14 of 19 extra points, punted 30 times for a 33 yard average, and completed 43 of 110 passes for a 39% completion record for the season. In addition to his offensive tasks, Don also handled most of the kick-off chores and played a very tough defensive safety position as he went both ways for the Devils.

Avon Park athletic association president Robert Dick made the presentation of the trophy for the most improved player of the 1970 season which was won by defensive end Mike Smith. Co-captain Ricky Dick accepted the trophy for Mike who was not able to be present at the banquet. Mike was injured late in the season and missed action in the last two games.

Mr. Leon Garner, Avon Park High School principal, awarded the trophy representing the best defensive player of the season to senior Greg Albritton. Greg played strong side linebacker on defense as well as transferring to the backfield from the line on offense after three games. The tough defensive back inter-

Over 5,000 Acres Burn In Highlands County This Week

More than 5000 acres of Highlands County land were burned over this past week in wildfires that:

Had Florida Forest Service rangers putting in their roughest week in three years, according to Supervisor Robert Dempsey.

Caused Land Services, Inc., owner of Orange Blossom Estates, to offer a reward for information leading to the arrest and conviction of the person or persons who set a fire in their area, one of the harder hit.

Seriously threatened at least one home in Orange Blossom Estates and badly smoked the whole area.

Threatened the restaurant, cottages and filling station of Ma and Pa Curry at Cornwell Sunday, burning over 150 acres.

Made driving Monday morning, when combined with fog, extremely hazardous. This smoke was said to come from burning land owned by Minute Maid on County Line Road North of Avon Park.

Smog was so thick about 8 A.M. Monday that persons living on Lake Jackson could not see the lake. Autoists driving on Route 27 crept along to the point where one forest ranger commented of the smog: "You could dip it up with a bucket."

The fire at Orange Blossom Estates Saturday was the most spectacular, as the wind-fed, fast moving blaze had fire leaping over the top of the pine trees. Both the E. P. Norris home and yard were watered down by Sebring Firemen and forest rangers, and both units helped save the home with backfiring.

Many Spectators

Hundreds of spectators converged on the area and the sheriff's department had to be called to aid with traffic.

Supervisor Dempsey of FFS estimated 479 acres of woods burned at Orange Blossom.

Forest Service tractors from Palmdale, Fort Pierce and Okeechobee were called to assist the Highlands County FFS tanker truck.

Johnny Roberson, 19, Highlands County fire fighter with the forest service, had to abandon his tractor, when it got stuck in a ditch ahead of the fire. William Brewer, property manager for Land Services, pulled it out with a caterpillar and Roberson resumed work.

Leslie Robbins, chairman of the board of Land Services, offered a reward after it was reported "somebody saw somebody leaving the scene where the fire broke out."

The fire on Minute Maid property on County Line Road, started about 1 P.M. Friday and burned from 600 to 1,000 acres. It was still going Monday and moving into Polk County. Dempsey termed it the worst of a large number of fires throughout the county. Rangers have been out there every day trying to contain it.

A muck fire on Route 66 off Route 27 just beyond the new canal burned 25 acres Sunday. This land is leased by Bob Stephens.

Grass Burned

Five acres of grass just South of Lake Lotela burned Sunday and was put out by the FFS tank truck.

About 25 acres of woods were burned, caused by an escaped trash fire, on the McJunkin ranch in the South end of the county Thursday.

That same day, about 50 acres of improved pasture just North of Lorida near Lorida groves, property burned.

About 400 acres of woods and 240 acres of improved pasture in a subdivided area North of Lorida burned Saturday.

A 200 acre area of grass land on the Sanford Hartt property North of Arbuckle Creek burned Saturday.

Florida Forest Service rangers have been working up to 17 hours a day—with no letup on weekends.

The fire fighters are Dempsey, Grover Bates, of Avon Park; Roberson, Sebring; Russ Beckman and Bill Williams, DeSoto City; Vincen Durrent and Johnny Johnson.

The volatile fire situation has meant long hours also for dispatcher Felton Ratliffe, Fay Fiely at Hammock fire tower and Ann Johnson, Archbold tower, Dempsey said.

From Smudge Pots

Forest Service personnel were called at 3 P.M. Thursday to contain a wildfire near the citrus nursery of Winkie Williams, of Avon Park, on Moon Ranch Road near Sebring. The fire apparently started from smudge pots used during Wednesday's freeze. The fire consumed a half acre of brush.

Late Wednesday, fire fighters battled a fire that burned over 400 acres of improved pasture

AARON CRAVENS, Avon Park Supervising Principal, congratulates Walter Nunnallee as he receives a trophy for being selected the "best offensive player" for the 1970 season on the Red Devil football team. Walter played halfback and averaged 4.6 yards per carry during the ten game season.

Avon Citrus Stockholders Meet Thursday

City Council Approves New Building Permit Increase

Building Inspector, W. E. Spurlock, presented the Council a revised permit fee schedule for the City of Avon Park. This raise is based on the county's fees.

When the presentation was made it brought some comment from Councilman Clarence King, the inspector's salary was the main objection of King, saying it is too high and we don't need an inspector. King also said in order to have lower taxes the city should do away with the job of inspector Spurlock's salary is $8,600 per year.

Other councilmen reminded King that prices were going up and an increase in fees was a necessity. With a motion made for a rejection of the increase a vote was taken and all others voted to accept the fees schedule as presented. King voted nay.

The new rates reflect a slight raise which are now based on a 1953 schedule. The present rate on a valuation of $3,000 is $9. The new proposed rate is $10 with the county rate at $16.

The rate that the new schedule calls for is based on a graduated valuation. The fence, moving and septic tank permits would remain under the fee schedule already submitted to the council, which is only a slight increase.

The rates will be in force following the required three readings of the proposed increase.

Chamber Adopts Plan For Paying Membership Dues

A fair share plan has been recently adopted by the Avon Park Chamber of Commerce called the Fair Share Minimum Budget Support Plan.

The Chamber feels that the plan is the most effective method of determining the amount of membership dues for the business and industrial members of the Chamber of Commerce.

The Chamber's activities in the community are varied. They do promote tourism, industry, recreation, education, and do help to build a better community in which to live in. In order to continue their work, the financial assistance is needed from the local business and industry owners.

The fair share plan in retail businesses are based on the number of employees including the owners. Individual fees are a set rate of $10, and in the financial category of banks and finance corporations, the range is from $200 for a bank, to $100 for others.

Most of the fees are based on an employee and owner basis while others are based on the profession covered. It will be to your advantage to know that all these dues are deductable on your income tax report, as a business deduction.

Your continued support of the Chamber of Commerce, will not only be appreciated by the Chamber but will also furnish funds for the future projects planned by the Chamber. As in the past, it will be in the future, the main interest of the Chamber of Commerce is the community. There is an executive secretary on duty in all three of their local offices, to continue to serve the public with any information that one does want in connection with the locality. They will have literature on all attractions, resorts, motels, and services that you may require. Maps will be furnished to make your trip a pleasure.

So if you are in the county or city for a day or a week or month or become a permanent resident, the Chamber of Commerce invites you to visit their offices, and call on them for any information that you may need. We pledge our best to help you in any way we can, and to always be at your service.

Five County Employees Get Raises

Five members of the Highlands County road and bridge department were given a change in job classification at a special meeting of the County Commission Tuesday night. The change upgraded the salary of each.

One employe was raised from $85 to $90 per week, two from $90 to $100, one from $90 to $105 and the other from $120 to $130.

The board also approved the hiring of Ann W. Buddy as secretary for the county building and zoning department, effective February 1, at a salary of $3,600 per year.

In other action, the board authorized Chief Building Inspector Bill Young to advertise a public hearing on an amendment to the Southern Standard Building Code as it affects mobile home tie-down requirements in the county. The public hearing is scheduled at 10 A.M. February 16.

Church To Observe Anniversary

Ninth Anniversary Special Services will highlight the celebration of the ninth year of the organization of the First Presbyterian Church. Dr. Robert

DR. ROBERT J. MARSHBURN

J. Marshburn, outstanding preacher of the Word, pastor, youth and community leader of Doraville, Georgia will lead the six services of the celebration, January 31 through February 4. The Sunday services will be at 11:00 A.M. and 7:30 A.M. Services will continue each night through Thursday at 7:30 P.M.

The services that led to the organization of the First Presbyterian Church were held first in the Masonic Temple Hall. Later the services were moved to the Winter Guest Club. Dr. James P. Pressly, stated supply of the Bartow Associate Reformed Presbyterian Church, was helpful to a group of Avon Park residents who were interested in having a Presbyterian Church in Avon Park. The provisional pastors for sometime were two young ministers from nearby Presbyterian churches. These ministers were the Rev. Harry Edwards of the First Presbyterian Church in Lake Wales and the Rev. Frank Beard, pastor of the Lake Placid Presbyterian Church. The first full time minister was the Rev. Carroll Cash. It was during his pastorate that the present plant on Circle Drive, above Lake Verona was erected in 1965. The second minister of the Church was the Rev. Marshall Wilson.

The six, Ninth Anniversary Special Services, will be the first time First Presbyterian Church has had services like these. The Session of the Church selected Dr. Marshburn for the Special Services because of his successful pastorates, and the wide experience he has had in leading special Services.

Dr. Robert Marshburn was born and raised in Miami, Fla., and was graduated from the public schools there. He was graduated from Princeton University in 1944 and from Princeton Theological Seminary in 1946. His ministry includes two years as a missionary in Lima, Peru. Worse than War In Viet Nam

The war in Viet Nam has cost the lives of about 44,000 Americans, over a period of 10 years. There has been a great deal of discussion about how to end this ghastly toll. Our involvement in this war has been brought under control and is being reduced. This is as it should be.

But there is another death-causer which has taken the lives of more than 50,000 Americans in just the past two years. This is more than the 10-year total of American deaths in the Viet Nam war.

Not Under Control

The increasing toll of deaths caused by this killer is not being brought under control. There will no doubt be more than 25,000 of our people killed this year in the same way.

What is this death-causer?

Secretary of Transportation John A. Volpe has identified the cause of these 25,000 deaths each year on the nation's highways as alcohol.

"It is astonishing but true," Secretary Volpe said, "that drunkenness is implicated in 25,000 highway deaths and 800,000 injuries every year.

"It is astonishing but true," he added, "that 44 per cent of all innocent drivers killed in accidents lost their lives because the other guy was drunk."

Joseph M. Kaplan, executive vice president of the National Safety Council, says alcohol was a contributing cause in more than half of the highway deaths last year, when 56,400 persons lost their lives in traffic accidents.

Speaking in behalf of a campaign to reduce or eliminate drunken driving, Kaplan said, "We'd be able to save more than 25,000 lives a year. It would be positively fantastic."

Viet Nam Veteran Killed

In California, two young men, DeWitt House and Tom Osborne, were driving on the Golden State Freeway, near Los Angeles. House had just finished a two-year term of duty with the Army, the last year of which he had spent in Vietnam. Osborne was a college student.

The car in which they were riding was demolished in a collision with a car driven by a 33-year-old woman who was drunk. Police said tests showed the alcohol content of her blood was 22 percent, well above the level denoting drunkenness.

The drunk woman was driving south at high speed in the northbound lane of the freeway when the cars collided. The two young men and the woman were all dead at the scene of the wreck.

Like a Serpent

A tragic feature of such accidents is that the innocent victims have no way of protecting themselves. One of these young men had survived a year in Viet Nam, but lost his life, a few months later, in a crash caused by someone else's drunkenness.

The Bible says, "Wine is a mocker, strong drink is raging, and whosoever is deceived thereby is not wise."

It also says, "Who hath woe? Who hath sorrow? . . . Who hath babbling? . . . Who hath redness of eyes? They that tarry long at the wine. . . . At the last it biteth like a serpent."

Drunk driving is certainly one of our country's greatest problems. Eliminating it could save at least 25,000 lives a year.

Property Owners Object To County Providing Equipment For Race

An objection to Highlands County providing county equipment or employes for any work for the Automobile Racing Club of Florida was registered Thursday by Highlands County Property Owners Association.

The attitude of the Property Owners was announced to the Commissioners by Col. Guy (Lucky) Campbell, secretary of the association.

Campbell proposed that if the race people ask the county for any help that the request be aired at a public meeting of the board before any decision is made.

He added that the property owners do not favor lending equipment or providing county employes to a profit-making organization.

Commissioner Norman (Jug) Heston commented that he strongly endorses the view of the county refusing aid to any profit-making group.

Campbell explained that the expression of the Property Owners attitude is prompted by reports that last year the county permitted the use of some of its equipment and personnel to improve sections of the race track at the airport, and for other jobs.

He pointed out that the association has no confirmation of these reports, but its members wished to be assured that it will not happen in the future.

Commission Chairman Cecil P. Skipper added his view that any requests for equipment or personnel should be passed on by the commissioners.

Devils To Meet Bulldogs Here Friday

Tomorrow night the Avon Park Red Devil basketball teams will be at home to the two Frostproof Bulldog teams and the varsity teams will both be fired up. Avon Park defeated the Bulldog varsity early in the season by a score of 73-61 on the Frostproof court. Then, just before Christmas, in the finals of the Frostproof Invitational Tournament, the Bulldogs came out on top in a foul-filled game by a score of 84-70.

Both Frostproof and Avon Park will be competing later on against Lake Placid and Fort Meade in a four team Class B District Tournament so this game is important to both teams. "B" squad action will start at 6:30 P.M. with varsity action following at 8 o'clock and all Red Devil students and fans are urged to come out and spur the Devils on to victory over the Frostproof team.

Last week Avon Park's varsity won a thriller over Santa Fe of Lakeland here at the high school gym on Tuesday night and then lost to Class AA school Cypress Lake of Ft. Myers here on Saturday night. The Devils defeated the Crimson Hawks of Santa Fe by a score of 69-67 and lost to the Panthers of Cypress Lake by a score of 77-66 after giving the Ft. Myers team a real battle for three quarters.

Last Tuesday the two Avon Park teams traveled to Moore Haven for return games with the Terriers. The varsity had already defeated Moore Haven 69-64 here and the "B" squad had a 51-43 win before the holidays.

Next Tuesday night will be another big game for Avon Park fans as the Sebring Blue Streaks will be here at the high school gym for return games.

Santa Fe Game

Against Santa Fe Tuesday before last, the Red Devils trailed 17-14 at the end of the first quarter, but had a 21 point second period to move to a 35-31 lead at halftime. The Red Devils stayed hot in the third quarter scoring 19 points while the Hawks managed only 11. In the final quarter the Santa Fe boys put on a real drive to win but fell short by two points as the whistle blew on the last shot of the game which bounced off the Hawks goal. Santa Fe scored 25 points in the last quarter while holding Avon Park to 15 to set the final score a 69-67 in a real crowd-pleaser.

The Devils took the win at the foul line as they sank 25 of 44 free shots while the Hawks could hit only 13 gift shots. Devil guard Don Sisemore scored 34 points for the winners hitting 16 of 20 free shots and nine field goals. Curtis Jackson had 17 points on seven floor shots and two from the line and sharp-shooting forward Robert Lanzing hit five field goals and five free shots for 15 counters. Jim Magenheimer, Joe Franza and freshman forward Nathaniel Packer all turned in outstanding performances to aid the Red Devil win over the Polk County school.

Cypress Lake Game

Last Saturday night two Cypress Lake players pumped in 24 points each as the Panthers outscored the Red Devils 77-66 with a hot 27-point fourth quarter as three Avon Park starters went to the bench because of foul trouble. Douglas and Johnson both swished 24 each to share high scoring honors for the game with 24 each for the winning Panthers while Devil forward Robert Lanzing was hot from the outside and hit 10 field goals and one free shot for a total of 21 points to lead the Avon Park losing effort.

Curtis Jackson tossed in 18 points for Avon Park and Don Sisemore was far below his average wih 15 points as he hit only three shots from the floor and nine from the foul line. Pucker added three points, Franza had two counters and Maganheimer hit one free shot.

The Red Devils scrapped basket for basket with the big Panthers in the final quarter and tied the game up at one point before the Cypress Lake team took advantage of the lack of depth on the Avon Park bench and moved out to the 77-66 win.

The Avon Park "B" team lost both games last week as they continue to have personnel problems. Big forward Nathaniel Packer has moved up to the varsity and two other boys were removed from the squad because of discipline problems. Santa Fe's jayvee squad won by a score of 68-48 and Cypress Lake took a 69-37 victory.

The company has a truck which was a former aircraft crash wagon, turned into a fire truck with a 700 gallon tank mounted on it, backed up with another truck with a capacity of 1,000 gallons. Another truck has been put to good service by equipping it with all first aid and rescue equipment that will be put into service in any emergency.

Funds for this project has been through membership fees.

When the fire department and rescue squad has been completed the hopes of this Association is that they will be able to exchange their services with other fire departments in the area.

land at the Goolsby Ranch on Arbuckle Creek Road. It was believed to have spread from a fire on Avon Park Bombing Range Road that burned and destroyed about 2,000 acres of timber. An investigation is being made to see if this was set.

Fire fighters from this county worked for 3½ hours last Wednesday extinguishing a wildfire on Lykes Brothers Ranch North of LaBelle in Glades County. It destroyed about 600 acres of pine.

Bloodhounds Used In Auto Theft Case

A stolen truck and a tracking of suspects by bloodhounds and by airplane led Sunday night to the solution of four breaking enterings and three auto thefts at Avon Park, including two at the high school.

The case started breaking Friday night when a pickup truck was stolen from the Stokeley Van Camp barn near Avon Park. Lt. Wayne Harris and Deputy Richard Cooper of the Sheriff's office investivated.

The missing vehicle was located by Howard Maddox from his plane. It was in a grove behind Stokeley Van Camp on Bombing Range Road.

The law officers saw where the suspects had got out of the truck and taken off through the woods. Bloodhounds were brought out and trailed from the truck to the suspects doorstep—300 yards away!

As a result three juveniles, ages 14 to 16 were arrested and now are in custody at the juvenile home.

Questioning led to three more juveniles, who also were taken to the home. The officers found the youths had broken into the Avon Park High School twice, getting arrows, basketballs, shirts, and a record player (which they used at a party).

They also had broken into Collier's Service Station and had stolen trucks from I. H. Ford, of Avon Park, and from Stokeley. All have been recovered. One truck was found wrecked in Avon Park Lakes belonging to Stokeley.

HISTORICAL VALUES

By BETTY SWIRSKY

With all the new people settling in the City of Avon Park, it is only befitting that we once in awhile review the history of the city. There are some that would be interested in knowing how and when the city was settled.

It is for sure that we don't know where we are going, but we can ponder on where we have been.

The city is 4½ square miles in size and 145 feet above sea level, the landmark is the Mall with its hundred of trees and shrubs, among which is the famous Jacaranda trees with their delicate orchid blooms. Thus the name of the city (The Jacaranda City). The Mall was built in the early twenties, with the band stand in the middle. The Mall has been the center of activity for many years.

There are three lakes within the city limits, with Lake Verona, the largest boasting of a recreation center for the entire family with Donaldson Park on it's shores. Sandy beaches, childrens playground, picnic facilities, and tennis courts adjoining. Making the lake one of the most popular spots for Winter visitors and yearly residents.

The downtown business section offers a variety of stores for the convenience of the prospective shoppers, with both sides of the Mall flanked with all types of shops, and the shopping center at the end of the Mall. The merchants offer all top quality merchandise and service for the residents convenience.

There are several mobile home parks as well as many fine hotels and motels to accommodate the visitors. Located in the center of town and close to all shopping areas are accommodations in hotels while the motels are located on the main route through the town, Route 27.

Church services in the city are as old as the city itself. As early as 1895 the Episcopal Church was erected. The first church structure was completed in 1893 by the Union Evangelical Church, which was later changed to the Union Congregational Church. Avon Park offers all denominations of worship to its public.

Following the Civil War when Florida was in financial difficulty, Hamilton Disston, of Philadelphia, purchased four million acres at 25c an acre. Five years later in 1886, an enterprising Connecticut man, Oliver Crosby, bought several 40 acre sections from Disston, and promptly built a cabin on the land that was soon to become Avon Park. Crosby, then went to England and there persuaded others to settle in Avon Park.

Soon many others seeking a warmer climate began to arrive. Thus the community started to grow and the citrus groves came into the making. Today it is evident that the faith and courage of the pioners paid off, with the miles and miles of citrus groves in and around the City of Avon Park, flourishing and growing.

Like any other town in the world with the citrus industry growing, other things grew out of the once wilderness, railroad lines, paved streets, street lights, hotels, the Mall, and the present City Hall building. The city was in full swing when the depression years hit. But with perseverance of the early settlers again the challenge was met with faith and hard work. The lean years were survived and Avon Park saw a steady and progressive growth.

Fine examples of community effort is evident all around us today. In the late forties, Walker Memorial Hospital was a dream come true with the community raising over $150,000 to convert a former hotel into the hospital. The Scenic Highlanders, with a 6,000 membership, and a purpose advertised the Ridge Area, with the result of Hwy. 27. Many other examples could be sighted that are the result of the entire community effort.

Citrus was and still is the economic king of Avon Park, however, there are other industries very prevelent to the city. Boxes for packing and shipping and manufactured here, a knitting mill, boat manufacturing, furniture assembly plant, a flying school and many other small industrial plants.

Out of the swamps and wilderness was built a city that all can be proud of. This was only accomplished through the effort of a community that worked together for the better life and town. This can also be the goal for the present members of the community. To work in harmony, with faith and determination to achieve a purpose. To build a better city for all to enjoy. Let us not forget or let down our pioneers that had the faith to build what we are enjoying today.

cepted two passes which he ran for touchdowns during the season and also scored two touchdowns on offense for a total of 24 points.

Avon Park"s supervising principal, Mr. Aaron Cravens, made the presentation of the best offensive trophy to senior back Walter Nunnallee. The two-year letterman scored 34 points during the season, caught 12 passes for a total of 247 yards, carried the ball 104 times for a total yardage of 478 yards averaging 4.6 yards per carry, and also filled in at quarterback on several occasions.

Chuck Shane of Avon Park's radio station WAPR served as master of ceremonies for the evening and entertained the group with taped selections of pep rallies held during the 1970 season. A talk by Coach Eddie Lewis highlighted the taped selections.

Avon Park's head football coach and athletic director, Joe Franza, spoke of the past season and the boys he has coached during his 21 years here at Avon Park High School. He praised the seniors for their play during their high school careers. Coach Franza also introduced Dr. Donald Jones who served as team physician this season after the retirement of Dr. H. W. Coleman who had served in that capacity for over 20 years.

Offensive coach Ralph Hill introduced the varsity backs: Steve Hartt, Walter Nunnallee, Frank Davis, Greg Albritton, Jim Magenheimer, Fred Jahna and Doyle Book, seniors; Don Sisemore and Curtis Jackson, juniors; Keith Richards, James Coleman, Wayne Todd and Arnold Davis, sophomores, and Greg Hartt, freshman.

Coach Lewis also introduced manager Ed Simon and praised him for a job well done.

Coach DeWayne Lemler introduced the "B" squad backs and Coach Ed Culbertson introduced the "B" team linemen. Coach Ken Shackleford introduced the boys of the undefeated champion Highlands County junior high team. The seventh and eighth grade team set a 6-0 record under the leadership of the young rookie coach from Wauchula.

The varsity cheerleaders were introduced by their sponsor Miss Phyllis Love. The eight girl squad was captained this season by Susie Franza. Others were Cindy DuBose, Celia Elder, Joni Young, Patty Turnbull and Linda Bennett, all seniors, and juniors Melody Heatherly and Laurie Burch. Mrs. Lorraine Howard introduced the "B" squad cheerleaders.

500 Football Fans Turn Out For Game Sunday In Avon Park

An estimated 500 football fans turned out in 90-degree weather Sunday afternoon at the Avon Park football field and witnessed Sebring Sodbusters duel the Jacksonville Panthers to a 6-6 deadlock. It was an unexpected blow for the Panthers who came into Sunday's game riding a six-game win streak. One Jax player passed out from the heat.

With temperature and tempers both steaming, Sodbuster fullback Billy Richards drove two yards and scored the tieing touchdown mid-way in the final quarter.

The Panthers' lone score came in the first period on a quarterback sneak from six yards out. Both tries for extra points—by Sodbuster and Panthers— failed.

The ball changed hands 11 times and two fights developed before the final whistle. The loose pigskin slipped out of the Sebring runners' hands five times and out of Jacksonville's grasp four times. The Sodbusters also had two passes intercepted by the Panthers.

Sodbuster halfback Buddy Fordham was the leading ground gainer in the game for Sebring with a 56 yard total. His brother Irvin, fullback Richards and halfback Jerry McKenzie followed close behind in rushing yardage. Quarterback Mike Glisson completed 13 of 22 passes for 114 yards while having two picked off by Panther backs.

Glisson's aerial throws were caught chiefly by split end George Howze, tight end Worren Stevens and fullback Richards.

The defense of the Sodbusters once again prevailed, as in the first game, dumping the Panther quarterback nine times behind the line of scrimmage. Spearheaded by end James Carter, tackles George White and Stan Leaphart and linebackers Carl Barnes and Harold McClellan, the Sodbusters' defensive alignment held the Panther runners to minus yardage on the ground.

Sebring's only score came after the defense caused a Jacksonville fumble on the Panther eight yard line. Three plays later Sebring scored. Jacksonville tried a desperation 45 yard field goal in the final minutes, but the try was short and wide.

Sebring's short season ended with an 0-1-1 record. Coach Odham said, "The outcome of the games were moral victories for Sebring when you consider the time and effort spent by all involved to produce a football team in the area." Jacksonville now sports an 8-1-1 record for the season and has two more games to play.

The Sodbusters statistics: first downs 13, rushing yardage 126, passing yardage 114, passes 22-13-2, fumbles lost 3, yards penalized 15, total plays run 59.

Jean Tschudy-Donald Whitcomb Wed In Candlelight Ceremony

In an impressive candlelight ceremony Thursday, Jan. 7, 1971 at 8 o'clock in the evening, at the Second Church in Newton, West Newton, Mass., Miss Jean Ann Tschudy became the bride of Donald D. Whitcomb, II.

The bride is the daughter of Rev. and Mrs. Lynn F. B. Tschudy of 611 Grove Street, Elmira, N. Y. and the bridegroom is the son of Mr. and Mrs. M. G. Whitcomb of 118 Verona Ave., Avon Park.

Pipe organ music was furnished by the church organist, beginning with prelude "Aria in G" and "Jesu, Joy Man's Desiring" by Bach and "Water Music" by Handel. After the call to worship, "Trumpet Voluntary" by Purcell was used for the processional.

Pastel pedestal flower arrangements and candles enhanced the altar and nuptial candles were at the entrance of each pew.

Dr. Ross Cannon and Rev. Harrold Pray officiated at the double-ring ceremony, which was written by the bride and bridegroom.

The order of service included the confession and assurance of God's love from the minister, the community and also from the bride and bridegroom. The hymn of praise, "Praise to the Lord, the Almighty" and the reading of the scripture preceeded the marriage covenant. Before the vows were spoken the minister gave a charge to the parents of the bride and bridegroom and the community.

After the exchange of rings the choral prayer, "These two, O Lord" by Warzyn was sung 'a cappella' by the church choir from the balcony in back of the church.

After the sacrament of communion to the kneeling couple the hymn of joy and dedication, "Joyful, Joyful We Adore Thee" was sung by the entire congregation.

The postlude, "Tocatta from the 5th Symphony" by Widor was used as the recessional after the benediction.

ROTARY CLUB NEWS

By Aaron Cravens

Program chairman, Weyman Carver, introduced our secretary, Lee Corbin, manager of the HCC Credit Company.

Lee is a native of the state of Georgia. He prepared educationally for a career in business and was for several years employed by the Babcock Furniture Co. He came to Avon Park as manager of the HCC Credit Company.

His subject was "Bridging the Gap between Customers and Merchants." He explained that too often, the small loan company is misunderstood and misrepresented, but that it does serve as a bridge between the customer who needs money and the merchant who needs business.

His type of loan company—one of 847—is classed as a 5-16 company. These companies made loans totaling 553,000 dollars in the year 1970. He explained that rather than being loan sharks, these companies are governed by State and Federal agencies and subject, without notice, to an audit by the State Comptroller's office.

Lee stated that people come to the small loan company because they cannot get a loan from a bank and/or because of the personal basis that is sometimes lacking in large money loaning organizations.

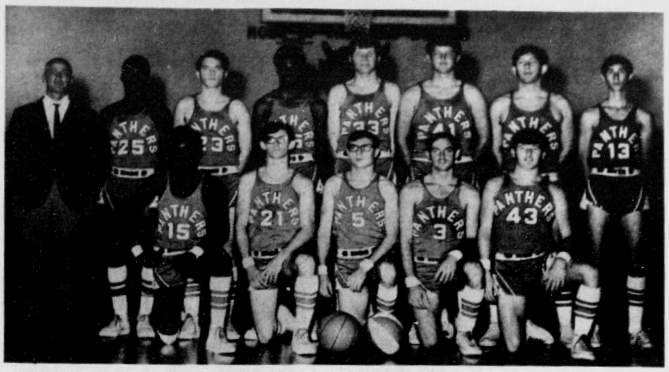

He stated that his company will take as security, real estate, automobiles, co-signers, and household goods.

Admitting that the company rates are high, Lee defended this by pointing to the teamwork involved and the benefits that accrue from this— proving that his company does assist in "bridging a gap."

Lee informed members and visitors that 99 percent of borrowers intend to repay a loan. He shuddered when he mentioned the other 2 percent.

Thanks Lee for another informative classification talk.

Conservationist Speaks at Avon Park Garden Club Meeting

The Federation of Garden Clubs of Avon Park met January 21, at Florida Power Lounge.

Mrs. Hubert Bussard, president, introdnced the distinguished guest speaker, Mr. Kenneth Morrison, director of the Mountain Lake Sanctuary and Singing Tower at Lake Wales. Morrison one of the nations leading conservationists made an appeal in his talk for personal involvement in the conservation movement. Morrison touched briefly on two recent victories won by environmentalists in Florida; namely the cross-Florida Barge canal and the decisions in the case of the Everglades jet port.

He quoted predictions of professionals in the field of ecology, that man will destroy his world, with time estimates ranging from 5 to 25 years. Since water supply is a major problem in Florida.

Morrison had four suggestions in this field—insuring the re-use of water by industry; curbing the over watering of groves; the control and limitations of wells, and educating the public to the economical use of water. Morrison closed with an appeal for personal involvement in preserving our many natural resources.

Mrs. Bussard thanked and then excused Mr. Morrison and proceeded with the business meeting. Announcement was made of a bake sale to be held February 5 at Winn-Dixie market. Proceeds from this sale will be donated to the fund for the restoration of the bandstand on the mall.

Vocational Agriculture Class Plants 50 Pine Seedlings On Arbor Day

Arbor Day, January 15, was observed by the Advanced Vocational Agriculture class, at Avon Park High School. Their instructor, William H. Kittrell reports that the 50 pine seedlings were given to the school for planting on Arbor Day. The seedlings are available at no cost to all schools requesting them from the Florida Division of Forestry.

The Florida Division of Forestry donates these trees because they believe that forests are a unique and renewable resource and that they are vital to the protection of the water supply, and for providing abundant raw material to industry. Trees have aesthetic value otherwise unduplicated: The forest also affords shelter and food for wildlife.

The Advanced Vocational Agriculture class members, Danny Albritton, Gregg Albritton, Ricky Rich, Bobby Lee, Jack Bennett, Clark Jackson, James Thompson, Luther Townsend, and Paul Vinson planted the seedlings in the green house area at the present agriculture building. Mr. Kittrell stated that the trees would be moved to the new school location in the Fall of 1971 as part of the landscape.

Radio Hams Will Participate In Emergency

Radio hams in Highlands County will take part January 31 in a simulated emergency test of the Highlands County emergency disaster plan.

The hams are members of the Highlands County Radio Amateur Communications Emergency Service. Under the leadership of Philip A. McMasters W4BCZ, communications officer for this county's civil defense and emergency coordinator of the American Radio Relay League, the hams will conduct a simulated emergency test of this county's emergency plan.

The purpose of this plan said Civil Defense Director Jim Lawson is to provide Highlands County with an emergency communications facility in the event of a disaster that might damage or incapacitate normal communication facilities. The Florida Sidebanders Emergency Network and the Military Affiliate Radio Service are being requested to have their members cooperate in this test.

The Highlands County Chapter of the American Red Cross is simulating a situation where a tornado has struck the community and has left all but one outlying section without commercial power. The diesel emergency power plant in the courthouse will be used as it would be in an actual crisis.

This year's test, as in previous years, will emphasize cooperation with Red Cross chapters and civil defense agencies throughout the nation. Mobility and versatility of the station units taking part will be demonstrated.

The local network will be tied in with the National Traffic System, division of the ARPSC, for swift communication with points outside the local area.

The Simulated Emergency Test will be one of the hundreds of similar tests being conducted all over the nation by units of the Amateur Radio Public Service Corps during the weekend of January 30-31, and the criteria of successful planning will be the speed and reliability of communication, under simulated emergency conditions, with other parts of the city, state and nation.

As a part of the test, participating amateurs will originate messages addressed to their Section (state) Emergency Coordinators, civil defense directors will originate messages to civil defense officials at state and federal level and Red Cross chapter executive officers will report by radio to their area and national offices through amateur radio's National Traffic System and other nationwide facilities.

Council To Investigate Department

Council president Don Serdynski will make an investigation of allegations of the Fire Department, and if it is warranted a special meeting of the council will be called.

Clarence King called for a special meeting so that the public could witness and discuss the pros and cons of running the fire department and to straighten out the inefficiency of the department.

When the motion was made it died for the lack of a second and King then said this situation with the fire department would have to be taken directly to the public.

A discussion was held on the power of the civil service board. City Attorney Hancock noted that the power of the council was somewhat limited by the civil service act. To this Serdynski stated that he thought the council had the responsibility to see that the department was run properly and to take what action was necessary through the department heads.

Mayor Barben said that while the day to day administration of any department was the responsibility of the department head, but ultimately the responsibility rested with the council.

G. L. Townsend requested to know if the council does not have the responsibility to provide fire protection for city citizens? Mayor Barben and Serdynski, answered that it was the responsibility of the Council.

Hancock did enlighten on the power of the council, that they do have the authority to determine if any department is not administered properly. They may remove the department head or any member of the civil service board for cause.

With the dismissal of fireman Parnell from the department, there has been a lot of discussion of who had the right and why. A hearing was held by the board who upheld the action the Chief had taken. Since then there has been rumors and accusations made about the personnel in the fire department.

Serdynski, said that he would call a special meeting, if, after an investigation, the facts warranted it. But he said, I will not call a meeting for people to come here and air out their gripes. If the department is not being run efficiently, and the facts prove this than I will call a meeting.

Social Security Questions And Answers

Question — My domestic employee does not wish social security to be withheld from the amount I pay her. Does she have a choice?

Answer — The social security tax must be paid to Internal Revenue if you pay her at least $50 cash in a calendar quarter. You are supposed to withhold 4.8% from her pay and match it with another 4.8%. Beginning in 1971 the rate will be 5.2% for each of you.

Question — A cousin of mine up North, says he applied for his social security by telephone. Can a person do that in this area?

Answer — Why not? Just dial 683-5511 and ask for a claims representative. In most cases they can complete the application form and mail it to you for you to sign and return.

DAVE LLEWELLYN

Too Late To Obey God?

"Invest your life for God!" the minister urged in conclusion, and then the meeting was dismissed. A middle-aged man made his way through the departing revival congregation to say a word to the visiting evangelist at the close of the week of special meetings. Wistful, sad, contending with tears, was this man's face, for he came to make an anguished admission.

"Reverend Phillips, I've got a confession to make." Guilt forced his eyes to the floor momentarily, but he quickly re-established his composure and spoke without embarrassment. Whatever his crime, this was clearly not the first time he had faced up to it.

"When I was a young man, sir, in my last year of college, I sinned an unforgettable sin that has destroyed my chance for happiness in this life. God called me to be a missionary—and I refused! From that day to this, Brother Phillips, I've been an unhappy man. I'm saved—oh, yes, and I know it—but I have passed up God's blessing in my life."

No response from the minister, except for a noncommittal nod. The admission, so serious in content, was spoken in a manner so matter-of-fact. Why was he saying this?

Too Late?

Recognizing the minister's confusion, the man explained, his voice rising in emphasis, "I want you to tell young people wherever you go: 'Don't make the same mistake I did!' If only I had listened to God . . . If only I had gone then . . . But now, this guilt instead."

As he turned away, downcast, to move toward the exit, Rev. Phillips had a premonition. He called him back.

"Just a minute," the minister said, "I want to ask you one thing. Why didn't you go?"

It turned out he had been offered a well-paid position with opportunity for promotion. It promised to make him prosperous—and, obviously, it had. Only later had he realized his real personal loss.

"Well, then, may I ask you one more question?"

The man looked up.

"Why don't you go now?"

A kick in the face would have produced less shock.

The facts of this story are true. This man had no desire to find happiness serving God. He confessed simply as a sort of self-punishment, to placate his conscience.

There are thousands of Christians all over America, periodically making the same sort of excuse: "It's too late. I'll have to settle for God's second best blessing in my life."

Some are just making excuses. Others honestly think they've lost out.

Not Too Late

Well, it's not too late! And you don't have to settle for some "second-best blessing."

In the parable of the laborers—read it in Matthew 20—Jesus taught two things: First, you can enter the spiritual kingdom and start working at any time, even if you come at the final hour. Second, all laborers in God's kingdom are blessed with the same, perfect blessing. The late-comers get rewarded the same as the first.

Why should you stand there all your life idle?

Shuffling

Early morning rain Monday morning delayed the starting of the Women's Doubles until afternoon. Sixteen teams lined up, and all were eliminated except Hazel Thompson, Gladys Heffner, Mildred Long and Catherine Baker. They played it off Tuesday morning, and each won one game. But then the wind came up so strong that the blocks simply would not score. So by mutual consent, they determined the winners by drawing the highest card. Hazel Thompson and Gladys Heffner drew card three, while Mildred Long and Catherine Baker drew card 2. The four received trophies.

It was so bitter cold on Wednesday that the tournaments were called off.

On Saturday Oliver Colson and Basil Krontz won with Burdette Howard and William Bayes coming in second. Consolation winners were Steve Brown and William Clelland. Runners-up were John Harp and Eva Chamberlain. This was in the "B" class.

"A" winners on Saturday were Georgina Wernham and Cleo Lane over Alva Thompson and Alton Wetmore. Consolation winners were Mabel Crocker and Ernie Rouget with Everett Paxton and George Coombs the runners-up.

Kellie Larrew and John Wolfe won third place in the finals in the Central Distrtct Amateur tournament in Lakeland this past week. Four teams from Avon Park entered the tournaments.

Card Games

With six tables in play on both Monday and Friday afternoons in pinochle the high scores went to Sarah Spindler, 806, Eve Meyer 777, Frieda Steen 710 and Thresa Bayes 661.

In bridge on Tuesday, Al Strandt and Leo Pertl won with 5920 and 4800. Six tables were in play.

Jean Ludington reports that in duplicate bridge on Thursday the following were the winners: North-South, Curt and Julie Hawkins, Eleanor and Joe Nickerson, Juanita Carr and Fred Bolton. East-West, Helen Floyd and Ethyl Hardin, Lillian Hynes and Clyde Getchell, Marie Fulton and Florence Garcia. Eight tables were in play.

Entertainment

On Thursday evening about 15 tables of players gathered in the club house to play anything from bridge to dominoes. Everyone seemed to be having a good time. Two at each table won either a can of applesauce or a can of peaches. Alton Wetmore was in charge.

Next Thursday there will be a motion picture shown, "I Remember Mama."

Crafts

Thursday morning the ladies will still be working on their plaques of broken glass. And a new item will be introduced: Pins from beverage cans. Right pretty, according to the ones in the showcase on the porch.

Dances

On Monday evening the dancers celebrated Mildred Long's and Kay Lochen's birthday with the serving of punch and cupcakes. The cakes were made by Bea Tingler, Ada Hires, Hulda Naus, Ina Seifert and Helen Gaut. They all sang happy birthday to the two gals.

Friday evening was a surprise in that part of the time Richard Reisinger of Iowa called the squares. There were several square dance guests from Lake Placid, Mr. and Mrs. Lloyd Bell were there for the first time. Mr. Reisinger was accompanied by his wife. Also Mr. and Mrs. S. Limbough were guests.

Supper

Mr. and Mrs. Keith Debo and Mrs. Edith Martensen were hosts to the 123 at the supper on Saturday evening.

Several guests and new members were present: Mr. and Mrs. Leon Clark from Castile, N. Y.; Mr. and Mrs. Richard Hees from Port Clinton, Ohio, Mr. and Mrs. Raymond Ehrke from Hagaman, N. Y. and Mrs. Linda Pratt, who was a guest of the Nickersons.

Keith Debo gave several readings which were much enjoyed by all present. Group singing, led by Lloyd Wyant, concluded the program.

Card playing and shuffling were then enjoyed by everyone.

News of the Week

Willet Kirkham of Elizabeth, Ind. has been spending some time with his sister, Mrs. Zeola Kellogg.

On Monday, Mrs. Kellogg entertained several guests from Clearwater, Mrs. Mary Mason, Mrs. Kristine McKinney, Mrs. Carylon Johns and daughter Ellen.

New members this past week according to Clay Kull are Raymond and Helen Ehrke of Hagaman, N. Y. Mary Kline of McDonald, Ohio. Also Harry and Grace Van Buskirk of Norwalk, Ohio have just recently returned.

A 2½ hour hailstorm left 18 to 20 inches of ice over large areas near Seldon, Kansas, a few years ago.

Six Youths Arrested For Breaking And Entering To Appear In Court

Two cases of breaking and entering reported to the Avon Park Police Department are now under investigation.

Colliers Service Station, on West Main Street, was reported to be broken into between January 22 and 23. The suspects entered the establishment by breaking the glass in the bathroom window. It is supposed they left by the same way they entered.

Reported missing from the service station were five and one half cartons of cigarettes, liehter fluid, a number of cigarette lighters, an undetermined number of flashlights, a box of certs and a box of candy bars.

In the other breakin, Fred Sandlin, high school basketball coach reported that vandels entered the school gym through the office door which was unlocked but was bolted. Locks on desks and drawers were forced open and the supply room was broken into. There was no way at the present to evaluate the materials missing. An investigation of the gym will reveal the extent of the stolen articles.

The sheriff reported that after an investigation, six youths were apprehended and will appear in juvenile court. Due to their age, the youths names will not be released, pending their appearance in court and a decision as to whether or not they would be bound over for circuit court. These arrests have cleared up several breakins and thefts in Avon Park.

MORE GET U. S. FOOD

The number of needy in Florida receiving assistance through the federal food program was 31% higher in November than in November, 1969. In Highlands County a total of 1,856 persons received the food as compared to 1,570 a year ago.

County To Purchase 10 Voting Machines

Highlands County Board of Commissioners voted Thursday to purchase 10 additional automatic voting machines at a cost of $19,700, plus freight costs.

The machines are required under state law which provides that a machine be used for each 350 voters or fraction of 350 in each precinct.

The board approved the bid of the Automatic Voting Machine Corp of Jamestown, N. Y.

In addition to the 10 machines whose purchase was authorized Thursday, there is speculation that more automatic voting machines will be required next year when the voting age in federal elections will be lowered 18 years.

Golden Age Villas Residents Request City To Pave Street

Twelve residents appeared before the council with a request to pave an area on N. Summit Ave. The spokesman for the group, W. B. Shelton proposed to the council that residents of this area would pay for black top materials to pave an area between the road and the lot lines, 17 foot wide and 365 ft. long.

The request was made to eliminate the dust and dirt area prevalent to the site. All 12 residents agreed to pay a share of the cost if the city would furnish the labor. This is city owned property.

A lengthy discussion was held with Mayor Barben reminding the council and the group that there are private contratcors who pay taxes in the city and do this kind of work. Stating his position on the proposal, Mayor Barben said, in his opinion it would be using tax money that belonged to the people to achieve a problem answer for a few. He also felt that by doing this work would be opening the door for more requests for this type of work.

When it was suggested that the group hire a private company to do the paving the same group was reluctant to pay the price asked by a private contractor. It was quoted that a private concern would charge between $1700 and $1800, while the cost of the paving under the proposed idea would be approximately $600 for the materials.

It was decided City Clerk Malcolm Crews would investigate the price of such paving. Mr. Shelton asked the council that he be advised as to the cost of paving, so a plan could be set up for collection of funds to be donated by those participating in this project.

Another treat will be seeing their new great-grandson, Brian Keith who was born in September.

We are thinking of Gladys Gieb and wishing for a speedy recovery for her, so she can return to our "family."

Clemons Gets Another 20 Year Sentence

A migrant fruit picker drew a 20-year prison sentence when he pleaded guilty Monday to a charge of assault with intent to rape.

George Clemons, already serving a 20-year sentence for the death of 23-month-old Sharon Ann Dyer (Little Miss January), had been indicted by a grand jury for rape. In circuit court Monday he changed his plea of not guilty on that count to a guilty plea on the lesser charge of assault with intent to rape.

The sentence imposed by Judge Clifton Kelly Monday is to be served consecutively with the manslaughter charge from a Polk County court. In court Monday there was no indication what action is to be taken in a child beating case pending against Clemons in this county.

Probation for Two

Two youths who had been charged with breaking and entering automobiles parked on the South Florida Junior College parking lot were placed on probation Monday.

James Arthur Perdue, who had pleaded guilty, was adjudged guilty and placed on probation for five years. James Pearson, who had pleaded guilty, was placed on probation for two years and no adjudication entered.

Jesse James Hodo of Avon Park, who had pleaded guilty to aggravated assault, was sentenced to five years in prison.

Council Will Hear Problems Of Fire Department Monday

In order that those that wish to speak for or against the fire department, Don Serdynski, president of the council has called a special meeting time to discuss the problems in the fire department.

With a request for a special meeting for this purpose by Clarence King, councilman, Serdynski said he would study the request and if it was found that there were reasons to warrant a special meeting he would call one. Instead of a special meeting it was decided that the regular meeting of the council would be called for 7 P.M. in lieu of the regular time of 7:30 P.M. The fire department will be the first order on the agenda. This will allow those that are interested in this issue to appear and speak of their piece.

A situation arose when the chief of the fire dept. Wilbur Giddens fired C. Parnell on a charge of tardiness and leaving his post while on duty Christmas Eve. Parnell, asked for a hearing of the civil service board. At this hearing the board disallowed the tardiness charge, but did uphold the other charge and the action of the chief.

Parnell contended that it was always permitted that the firemen on duty on Christmas Eve was permitted to go home for a few hours with his family, and that in a conversation in November the chief then said he could be off to plan Santa. Giddens testified that he remembered no such conversation, and furthermore he said that the council had in August of 1970 issued an order that two firemen be on duty at all times, and while on duty would eat their meals at the station, in view of these orders he would not have given permission to leave the station.

Although Parnell was represented by council, no cross examination or questions were permitted at the hearing. Later Attorney George Oujevolk, of Sebring, informed the city council, Jack Hancock, that the hearing was not in fairness to Parnell and questioned the possibility that Parnell may not ever be able to take a civil service examination to secure other employment.

The inefficiency of the fire department has been under fire since this incident took place. King asked for the hearing to clear up all the accusations and to let the public be heard on the subject. King has stated that the fire department should be looked into and the inefficiency of the running of the department. Calling for an investigation of the present chief and assistant chief's activities in the department.

The public may attend the meeting and express their thoughts on the running of the fire department and the men that are the head of it at the present time. Anyone having facts of anything pertaining to the fire department will be heard.

In the paper last week it was stated that Clarence King, had said the city did not need a building inspector at the salary of $6,925.80. King was not saying that we did not need an inspector. He contends that the salary that is paid to the present inspector could be replaced at possibly $1,800 per year with a retired builder who had the qualifications, and only needs to supplement his income. My apologies Mr. King, I did not mean to misquote you.

Three Firemen To Attend Fire School

Fire Chief Wilbur Giddens announced that three of the local firemen are attending the Firemens School in Sebring. Classes are held for three hours a night, Monday to Friday.

With a 40 hour course taught by the state fire chief, they are instructed in general fire fighting. Attending the classes are firemen Allen Ball, John Reed, and Latham Smith.

In the past week assistant chief, Mack Flowers attended the State Firemen's Association meeting of the 7th district, in Jacksonville.

While the men were meeting, the Auxiliary was also holding sessions. Assistant Fire Chief Mack Flowers is the building co-ordinator for the State Firemen's Association. His wife, Roberta Flowers serves as first vice president of the Auxiliary.

Fire calls answered by the fire department in the past week were: Friday, two grass fires; Saturday they answered two calls, one grass fire and one trash fire.; on Sunday a call was answered at 12:30 for a car fire, and Monday, one grass fire.

Governor Puts No-Burn Ban On South Florida Area

Plagued with wildfires and the worst drought in many years, Highlands County, along with all of South peninsular Florida, was put under a no-burning ban Friday by Governor Reubin Askew.

A proclamation issued by the governor stated that "It be unlawful for any person to set fire to any forest, grass, woods, wild lands or marshes, or to build a campfire or bonfire or to burn trash or other material that may cause a forest, grass or woods fire."

The governor called upon all county and state law enforcement officers to render full assistance in enforcing the ban.

Meanwhile Florida Forest Service ranger supervisor Robert Dempsey and his men continued to work long hours putting out fires. And they are investigating fires believed deliberately set at Orange Blossom Estates, Cornwell, and River Ridge Acres near Avon Park.

Leads on Fire Bugs

"We have a lot of leads on Orange Blossom, said Dempsey, pointing out that the penalty is $1,000 and up to three years in jail or both. "We believe grown-ups are setting these fires."

Florida Forest Service rangers were able to save a house and farm equipment, but a barn, 75 acres of grass and 20 acres of woodland burned January 27 Northeast of Avon Park on land owned by C. M. Parnell, Cliff Thomas and Hue Nunnallee.

Smoky Air

Meanwhile, the odor of acrid muck smoke continued to plague the area. Dempsey said probably is coming from the Minute Maid property muck fire North of Avon Park, which is under control but still smoldering. Possibly some of it may be from a muck fire in the airport

Mothers Collect Over $2,000 From March

The Highlands County Chapter of the March of Dimes announces that the Avon Park Mothers March exceeded the goal set by the Junior Woman's Club. At this time a total of $1,750 has been turned in and money is being received daily in the county headquarters in the envelopes left by the ladies. The county chapter chairman, Dan O'Keef reports that if the "sorry I missed you envelopes," continue to be returned by Avon Park residents during the next week, he expects the Avon Park total to exceed $2,000.

Last year the Mothers March in Avon Park netted $1,332.

Mrs. Bobby Wilson, Avon Park Mothers March chairman expressed her heartfelt thanks to all of the residents of Avon Park who gave so generously and special thanks are sent to the 150 ladies who marched and collected door to door in Avon Park.

Cigarette Tax Collections Up In County

Smoking more—or more people? Highlands County smokers —going along with a state-wide trend—purchased more packs of cigarettes in November, 1970 than in November, 1969.

The increased sale was reflected in cigaret tax collections. County-wide, the total was $20,848.66 compared to $18,309.18.

In Avon Park, collections totaled $5,803.46 compared to $5,170.66 a year ago. In the rural parts of the county, collections were $1,596.38 compared to $1,450.64.

In Sebring, the tax collected was $10,364.01 for the month compared to $9,117.36 a year ago. In Lake Placid it was $3,084.81 compared to $2,570.52 a year ago.

Red Devils Will Meet Blue Streaks Here Friday Night

The Red Devil varsity will go against Sebring here at the high school gym tomorrow night (Friday) in hopes of breaking a three game losing streak. The Devils have lost four of their last five games, but four of the games were decided by two point margins or less. At present the Avon Park record is an unhappy 8-7 mark. Sebring was 2-13 overall before meeting Frostproof last Tuesday night on the Bulldogs home court. The Devils handed the Streaks an 83-67 defeat in the first meeting between the two teams in Sebring early in January.

The last five games have been tough ones for the Red Devils. First Okeechobee won by one point—48-47 on January 15. Then the Devils took a win from Santa Fe of Lakeland by two points — 69-67. Cypress Lake really socked it the Devils for a 77-60 win and then the Avon Park five lost two games last week by two-point margins.

In Moore Haven the Terriers came from behind in the final minutes of the game to take a 54-52 victory from the Devils and here last Friday night the Frostproof Bulldogs managed a 50-48 win in a double overtime game.

Next Tuesday night Avon Park's two teams will travel to Alva for a return session with the teams the Devil squads opened the season against. The varsity defeated Alva 63-55 and the "B" squad had a 54-47 win over the South Florida jayvee team. Next Friday the two Devil squads will be away again as they go to Palmetto for a couple of games there.

The Avon Park "B" squad has hit the win mark again and moved to an 8-5 record last week with wins over Moore Haven (56-50) and Frostproof (64-34).

In Moore Haven Tuesday night a week ago, the Devils just couldn't hold the pace and lost out in the final minute of the game. Devil center Curtis Jackson pulled in 19 rebounds and scored 16 points in the losing effort and Don Sisemore accounted for 16 points also. Robert Lanzing hit for 12 points, Joe Franza add 4 counters and Jim Magenheimer and Nathaniel Packer both had 2 points for the Avon Park total of 52. The Devils hit 6 of 9 free shots as few fouls were called in the game. Moore Haven managed to get 10 free shots in 17 attempts.

The game against Frostproof last Friday night was a real thriller as had been anticipated. The Bulldogs jumped out to a 14-8 lead by the end of the first period, but by halftime the Devils had tied the game up 21-21. In the third period Avon Park hit for one more point than Frostproof but the Bulldogs made that up in the final period and the regular game ended all knotted up 44-44.

Both teams scored two points in the first overtime period to push the game into another overtime. In this final period Frostproof jumped to a two point lead and then added two more as the Red Devils missed shot after shot. Finally with time running out Avon Park hit a two pointer but the game ended with Frostproof ahead 50-48.

The Devils hit 6 of 11 at the foul line while the Bulldogs sank 14 of 21 free shots. It was the second straight game that the Devils had been beaten at the foul line.

Leroy Hicks was the big gun for the Devil jayvee team against Frostproof as he hit for 25 points. Ricky Helms had 12 points, Charles Whitt hit for 9 points, and Williams had 7 counters. Thad Tate pumped in 12 points to lead the Devil "Bees" against Moore Haven, closely followed by Whitt with 11 and Hicks also with 11 points. Williams had 9 points in that game and Helms had 8.

Boys Chorus To Be Featured

The second concert of Highlands Community Concert series this season will be given at 3:30 P.M. Sunday at the Avon Park High School.

The world-famous Tucson, Ariz., Boys Chorus—"America's original singing cowboys"—will be the entertainment.

Their program features not only choral music ranging from Josef Haydn to Richard Rodgers —but authentic rodeo trick roping, square dancing and campfire songs.

They have been on the Bell Telephone Hour, the Ed Sullivan and Mike Douglas shows, sung at Soldier's Field, Chicago, and for the President of the United States at the White House Christmas tree lighting ceremony.

The touring group which will appear at Avon Park Sunday numbers 26 to 30 boys chosen from among senior and intermediate categories who have earned top grades in their school studies. The chorus is non-profit and non-sectarian.

Jeffery Haskell is the permanent director.

Bid To Swap Land For Public Dump Is Out—Commissioners

The three-way land swap is definitely out, but Highlands County commissioners are busy trying to work out a deal which will obtain a public trash and garbage dump for the DeSoto City area.

Del Preston Jones, DeSoto City resident, appeared at the county commission meeting Tuesday to urge the commission to pursue negotiations to obtain an old clay pit owned by Coca-Cola.

At a January meeting Jones had objected to a plan for the county to trade land at DeSoto City to J. M. Whitaker and Sons Construction for an old Whitaker clay pit at Avon Park. Then the Avon Park land was to be traded to Coca-Cola for the soft drink company's DeSoto City pit.

Jones said the land to be traded to Whitaker and Sons had been designated a public park, and at Tuesday's meeting Commission Chairman Cecil Skipper announced that Jones's contention was indeed right and the county cannot use that land for trading so attempts are now being made to buy the Whitaker clay pit at Avon Park.

Jones, who said he is very eager for the DeSoto City area to have a public dumping site, praised the commission for this action.

Paving to Start

Chairman Skipper announced that Ewell Construction Co., plans to begin paving on some county roads next week. The commission designated some roads in Orange Blossom Estates as the starting point. The developer of that subdivision has contributed $20,000 toward the cost of road improvement in that area.

At the request of freshman Commissioner Norman Heston, the commission reviewed the priority list of roads to be repaved under the Ewell contract.

In answer to requests from residents of the Hicks Road area, the Commission Chairman explained that work on Hicks and Bluff Hammock roads is to be done "as soon as we can get to it," but Skipper promised to write a report on the possible time schedule.

Welcome Station

The board authorized Board Attorney R. P. Dunty, Jr., to draw a lease to return a little county-owned building to Avon Park Lakes Association for the association use. The Junior Chambers of Commerce of Sebring, Avon Park and Lake Placid had operated a welcome station at the building on US 27 for a short time "but it is all grown up with weeds now," Chairman Skipper complained.

The board authorized the county welfare department to pay Avon Park Cemetery Association $85 per grave for pauper burials in Bougainvillaea Cemetery. County Welfare Director Anna Dee Church said the publicly owned cemeteries at Lake Placid and Sebring do not charge for pauper graves, but the Avon Park cemetery is privately owned and she had been unable to negotiate for donated space. Commissioner Heston noting that the private cemetery pays taxes moved that the authorization for grave purchases be granted to the welfare director.

Letters To The Editor

Dear Editor:

I am employed in the Pantry Pride and I am writing this letter as representative of all the employees. Many times in our work just as in all walks of life we get depressed and our jobs become monotonous. At times like these there are very few things that make us feel better but there are some.

One of these takes the form of a man. It is always a pleasure to see his smiling face and hear his voice. Even though he cannot eat "sweets" he continually buys cakes and cookies and brings them to us. His only reason is he like us.

He just celebrated his 82nd birthday. He and his wife live alone and they have no children. But on second thought he does have children, all of us at Pantry Pride are glad to be part of his family. Now on his 82nd birthday we would like to let everybody know how lucky we are. Yes, we are proud to have Mr. Overholt as a customer and as our "daddy".

Retirement Party Honors C. I. Wells Last Friday Night

A retirement party was held for C. I. Wells, retiring power plant superintendent of the Florida Power Corporation, Avon Park Plant, on Friday night, Jan. 29.

Approximately 130 attended the party, held at the Florida Power Corp. employees club house on Lake Lotela. There were about 40 guests from out of town and locally.

R. W. Henderson was chairman and was very ably assisted by the following committees: food committee, consisting of H. R. Doubertley, Carl McWilliams and A. S. King; decorations committee, Helen M. Tuten and E. A. DeLaney, Jr.; gift committee, L. S. Ford, W. M. Green and R. A. Woodruff. There were others too numerous to mention that assisted the above committees.

The club house was beautifully decorated with orchids, camillias and other plants. The retirement theme was carried out by the walls being decorated with murals and signs depicting retirement. A small display made of styrofoam and bread dough figures representing Ethel and C. I. with their camper in a camping scene decorated the table with the guest register book.

Mr. Wells was presented with a fiberglass Jon Boat, trailer and other boat accessories, a gift from his fellow employees and other friends around the Florida Power system.

Mrs. Wells wore an orchid corsage from the employees.

Highlight of the evening was a skit presented by Carl McWilliams, playing the part of C. I. Wells; R. A. Woodruff, in the part of Ethel Wells; M. F. Stokey playing himself and A. S. Greenway, as himself. The skit brought much laughter and good natured fun to the party.

area off Route 70 East of Route 27. About 100 acres of muck began burning and smoldering on Fisheating Creek marsh near Henscratch on Saturday.

Dempsey said that after a hectic 10 days, the job of fighting fires had slackened somewhat. The no burning ban, first time it has been put on since April, 1968, should help, he said. Dempsey is in charge of Highlands, Glades and Okeechobee counties.

And one of Highlands county's fires moved over into Glades County last Wednesday and burned about 150 acres. Dempsey said the fire moved from property owned by the University of Texas and leased by Adrian Chapman Cattle Company. Chapman was burning off rough pasture. The blaze spread to a planted pines area of Lykes Brothers in Glades.

Lake Josephine Fire

Rangers extinguished a 17-acre fire last Wednesday on woodland just West of Lake Josephine leased by O'Berry. Four acres or grass on Route 27 at Surplus City were burned Thursday. Four acres of grass in Cornwell, owned by Jordan Fletcher, were burned Friday and it is believed this was deliberately set.

Rangers worked Sunday to extinguish a 10-acre woods fire on Route 98 between Cornwell and Lorida on the MacArthur Jersey Dairy Farm.

One of the fires believed deliberately set was one last Wednesday on River Ridge Acres which burned 55 acres of woods. Fifteen acres had been burned on Horse Hammock Road off Bombing Range Road last week and also were believed to be the work of fire bugs.

ROTARY CLUB NEWS

By DALE LANDRESS

Weyman Carver introduced Sergeant "Whitey" Knudson, Public Information Officer for the Florida Highway Patrol. Sergeant Knudson presented one of the most informative, interesting, and humorous programs which local Rotarians have heard in a long time.

The speaker's topic was "Never drivers license regulations," and he made a seemingly uninteresting topic come to life.

He pointed out that all drivers will be required to take a re-examination every four years. The test will consist of an eye examination, hearing test and road sign recognition.

Local residents can take the test on Monday and Wednesday at the Avon Park City Hall. A fee of three dollars will be charged for the exam and three dollars will be required to purchase your operators' license.

Sergeant Knudson reported that 3900 drivers have surrendered their licenses since the enactment of this re-examination law.

The speaker also informed the audience that all Patrol cars are now equipped with computers. Since these computers were installed over 76,000 arrests have been made for excessive speeds.

Sergeant Knudson defined the term "Pigs", which is frequently used to describe law enforcement officers. This term stands for Pride, Integrity, Guts, and Service.

We are thankful that we have men like Sergeant Knudson patrolling our streets and highways. Thanks a million Sergeant for an outstanding program.

Police Report

Arrest Made

David Jackson Barnes, 19, of Avon Park, was arrested on charges of breaking and entering a private home and an attempted assault Saturday night.

Avon Park Police reported that Barnes was arrested and charged with both of these charges. Upon an investigation to secure the facts from the sheriff's department it was learned that charges made at the sheriff's office were not the same charges registered at the police station. The charges clearly indicated at the police station that the assault charge against Barnes was listed in the police records as an attempted assault on a juvenile. At the sheriff's department it was registered as just "assault" and at the sheriff's department, according to James Brannon, there was no mention of the juvenile.

Chief of Police, Earl Gordon said he would investigate with the sheriff's department.

According to the reports of the incident, Barnes entered a private home, and tried to assault a child. Barnes was arrested and charged with both counts. Then he was driven to the county jail, from there he was released on a $2,000 bond pending his hearing and trial. According to police records, Barnes has only some minor complaints, and one motor vehicle charge filed against him.

Meyers Resigns Position With RAARC

The executive committee of the Ridge Area Association for Retarded Children has received and accepted with regret the resignation of Eugene Meyer as program coordinator for the Association's services. Mr. Meyer served first as secretary-bookkeeper for the Association and later as program coordinator, a position that has been supported by a Grant-In-Aid from the Fla. Division of Retardation. Changes in health caused Mr. Meyer to request his replacement effective February 15, 1971.

Presently the Association is receiving applications by letter to the Association, in Avon Park. A statement of qualifications, experience and training as well as interest in the position, should be included in letters of application.

The board of directors of the RA-ARC meeting last week in Sebring heard reports on the status of the fund drive. To date the 1970-71 fund drive is behind those of the previous two years. Receipts total $2900 now compared to $4700 and $5200 in '68 and '69.

The Association's new program of work activity for young adults receives its major support from fund drive contributions. A request for Grant-In-Aid was denied when the Division of Retardation received applications of $130,000 and had only $30,000 to dispense. Continuation of the Work Activity Center is dependent upon community support.

Attendance at the Work Activity Center in Hopewell School, Avon Park has been regular and clients are continuing with handcrafts, janitorial assistance, sewing and mending and training in grooming, personal adjustment and "get ready for work" habits.

Mrs. Elizabeth Kempton is supervisor of the WAC which has four clients from Sebring, one from Lakemont and a waiting list of five persons. Products of the WAC include reconditioned clothing, bath mats and throw rugs, covered hangers, desk clips and pillows. Items are sold at the Thrift Shop in the Jacaranda Building, Avon Park and all proceeds are used in the program. Before Christmas eligible clients were treated to a shampoo and hair styling by the cosmetologists in training at South Florida Junior College.

RAY-ARC (Youth) President Janie Brandt reported very successful sales at the Sebring Art Festival of the popcorn balls made by special education classes in each of the three county high schools RAY-ARCS had a Christmas party for students of the two Ridge Area Day Schools and the WAC; a January trip to the Sebring Fire Hall and a bowling party and gave a "going-away-picnic" for a student transferring to Sunland Training Center, Ft. Myers. They are developing a booth for the County Fair.

A recommendation was made by the board that its committee on the WAC, chaired by Robert Lineback, develop a plan for a broadly based organization for the WAC. This service has as its purpose assisting multihandicapped persons in their rehabilitation to community living and work. It was pointed out that to be more effective and provide continuity of policies, other disciplines that those serving the retarded, as well as strong community leadership, should be part of the organization.

The Association's Developmental Training Program for pre-school retarded children at the First Christian Church, Sebring is now serving four youngsters, one from Avon Park, one from Lake Placid and two from Sebring. Mrs. Josie McDanil, director of the program, will observe pre-school programs for the retarded at the Marion Center for Exceptional Children and the Sunland Training Center, Miami on February 8th when school classes will not be in session but teachers will be working.

Maintains 95.8 Average

Joanie Seims, a senior at The Highlands School, daughter of Mrs. R. H. Seims, Lotela Road, maintained a scholastic average of 95.8 during the first semester, President Raymond H. Stokes announced last week. Thus qualified Miss Seims for inclusion in the Headmaster's list of students whose average remained in the 90's during the four grading periods of the first semester.

Excess Fees Turned Over To County

Excess fee income from Highlands County elected officials edged upward last year—from $47,821 in 1969 to $52,175 for 1970.

Big jumps in the excess fees turned in by the county judge and the clerk of the circuit court account for the rise formally reported to the Highlands County county commissioners at the commission meeting on Tuesday.

Judge Mervin Rehrer returned only $276 to the county for 1969, but in 1970 his excess fees shot up to $14,441. Receipts in most phases of the judge's work—probate, civil, criminal, fees, marriage, game and fishing licenses were all up in 1970 with a $15,228 leap in criminal case fees accounting for the largest chunk of the increase.

Fees for incompetency cases fell $22, to $375 last year. Driver's license fees for six months were $2,521, compared to $4,660 for all of 1969.

Clerk Earl Rich's office also had increases in fees in each phase of that office's work to boost the return to the county from $9,860 to $17,026 for 1970. This put Rich's office at the top of the list in excess fees.

Tax Collector W. H. Prescott, who had held the top spot, dropped in returns last year. In 1969 he had returned $23,237 but last year the return was down to $17,860 (this is divided with $16,647 for the county commission and $1,202 for school board).

Tax Assessor J. W. "Billy" Martin also dropped in returns. His excess fees—$11,613 to the county commission and $1,674 to the school board in 1969—were down to $1,518 for 1970.

Both the tax offices invested heavily in equipment last year. Martin's expense report showed $21,377 spent for new equipment for the assessor's office, and Prescott reported $4,886 spent on equipment rentals for the collector's office.

In anticipation of equipment expenditures, the county commission had held budget estimates to $31,000 for the year.

School board had anticipated a $9,000 income from excess fees, and to date has received $1,202. "We are not really in trouble," School Finance Officer Robert Stowell said, "but we have been hurt," he said in commenting on the decline in excess fees.

Motor vehicle tag agent Roland Droit returned $1,341 to the county for 1970. Small claims court had an increase in income last year—from $2,742 to $3,472, but was still substantially below the $7,500 salary the law allows Judge David Lanier.

PREACHES SERMON

Paul C. Gentry, headmaster at The Highlands School, preached the sermon at First United Methodist Church on January 10 and 24, and assisted in the services on January 17. Mr. Gentry, an ordained Methodist minister, substituted for Rev. Duane Zoller, who was confined to the Lakeland General Hospital.

Two Road Projects Let By State

Two road projects in Highlands County have been let by the Florida Department of Transportation to low bidders.

Matasphalt Corporation, Lakeland, for $96,112.11 will do work of leveling and surfacing on 4.999 miles of roads on two projects: from the Hardee County line to SR 25 and 700 in Avon Park and from SR S-17 Southeast of Sebring to about two miles southeast.

Ewell Engineering and Contracting Company, of Lakeland, will do light grading, widening and leveling on SR S 569 for a distance of 2.42 miles. These are Raley and DeSoto City roads from SR 25 (US 27 and 98) East and North to SR S-17 in Sebring.

Adjustment Board Names Hunt Chairman

The county's Board of Adjustment held its organizational meeting last week and named Denzil Hunt, of Sebring, as chairman.

Del Preston Jones, of DeSoto City, was chosen as vice chairman. County Planning and Zoning Director Jack Short said the adjustment board will meet on the fourth Tuesday night of each month.

Short said Robert King, of Avon Park, who had been named to a five-year term on the Board of Adjustment, has resigned and at the county commission meeting on Tuesday, Short requested the commissioners to make a new appointment to replace King.

Nazarene Youth Net $78 In Car Wash

The young people of the Church of the Nazarene of Avon Park would like to say special thanks to all of those who patronized their car wash last Saturday, Jan. 30. A total of $78 was earned from their seven hours of hard work, in which there was a steady stream of customers.

Plans are to use the money to finance the advertising of their recent youth-sponsored revival with the Trissel Trio of Leesburg, and further youth activities this week and next. January 31 through February 7 has been designated as Youth Week for all Nazarene churches around the world. Nazarene youth in Avon Park, Sebring, and Okeechobee are participating by gathering for three different activities this week, each in a different city.

Quartet From Kentucky Will Be Featured at Camp Meeting

The annual encampment of the Avon Park Holiness Camp Meeting began Thursday, Feb. 4, and continues through Sunday, Feb. 14. This growing camp draws its large congregation from all parts of the U. S., Canada, and foreign countries, being an interdenominational camp, and bringing together ministers and laymen from many denominations and walks of life.

Engaged workers for '71 are Dr. John R. Church, Dr. H. M. Couchenhour, Rev. Ray Smith, and Paul and Ruby Davis. The Davis team are singers and musicians, while the ministers will be preaching, and giving Bible lessons.

One feature of the encampment is the annual services conducted by missionary workers from various fields, to be held Friday, Feb. 12, at 10:30 A.M. and 2:30 P.M., at which time missionary workers will present the work from many lands.

A special feature this year will be a quartet coming from the Kentucky Mountain Holiness Association, that will be singing at some of the services on the 10th and 11th of February. Other special musical treats will be given from time to time, which adds greatly to the services.

Twenty-two came for coffee Tuesday morning. Happy birthday was sung to Goldia Daun. It seems birthdays do come. Harriet Meissel and Hetta Cook were on hand to serve us Tuesday morning.

Sewing and chatting at the hall Tuesday afternoons is beginning to take on the creation of baby quilts. The chatting is twofold—ladies getting acquainted and exchanging ideas of designs for the quilts. Twelve ladies industriously worked and one can see several of the quilts will be completed soon.

Only four turned out to shuffle Friday afternoon. Laura Bernthal and Dorcas Young won the game over Byron Jeremy and Hazel Nisbett. We note several people are out to practice and we should have more people to enjoy shuffling Friday afternoon.

Mr. and Mrs. J. R. Hood of ing two weeks in Ft. Lauderdale. Indianapolis, who are spending dale visited the Paxtons Thursday. Mrs. Hood is a daughter of the Paxtons.

Goldia Daun, Betty Peterson and Ann Antony visited Anna Maria Island Friday. After having dinner they did some shopping. Upon inquiry we learned Goldia's birthday was also celebrated.

Wallace Grant had a rather severe burn last week. The gas range was accidently turned higher instead of lower on a pan of grease and caught fire. In an attempt to remove the pan the flame went up his sleeve causing burns on his forearm and hand. He remains under doctor's care, but feels he is recovering nicely.

Friends were to see Ben Henningham Sunday. Ben is having pain again and is unable to be out. He is up and able to go to the table for meals with the aid of a walker. He is glad to have people call and enjoys the comfort of the large living room at Mrs. Stoddard's home.

Ida and Art Baldwin were callers in the park Monday. They are located in Holiday Mobile Home Park at Lakeland, are feeling fine and spent the day here and at Sebring calling on friends. The Baldwins formerly lived in Southland.

About widows. There are a number of different types: old and young widows, attractive widows and otherwise, rich and poor widows, widows by sod and otherwise, poor old widows and rich old widows. Another type is the working man's widow and the serviceman's widow. Later, as senior citizens, come to a great extent widows of the golfer, the hunter, fisherman, and the shuffler. We hope this latter group is happy as widows of men following their chosen diversion, and that the car whenever possible will be left at home, also the car key.

Station Break, Sunday, 4:30 P.M. we would add another type of widow, the astronauts, with the hope they will return safely to the earth. They are scheduled to land on the eastern side of the moon where there are craters and large boulders which scientists believe may date to the beginning of the moon, 4.6 billion years ago. Amazing!

Mrs. Stephenia Farilla has returned home from Miami Springs after spending two weeks there to welcome her new grandson, James Christopher.

At miscellaneous cards Monday night 14 people played bridge, pinochle and 500.

Mr. and Mrs. Gerald Stimpson of Detroit, Mich. and wintering in St. Petersburg, were visitors of the Jeremys Sunday.

Rev. Hutchens is much improved at this time after having been confined to his home for several days.

The Glen Ruffners and the Clare Ruffners were sightseeing at Ft. Myers and vicinity on Thursday.

The Renaults have completed new skirting around their trailer. The skirting, together with a trailer bath and polish is quite an addition to the north end.

Interim Pastor Is Now Serving Local Church

Fellowship Baptist Church of Avon Park has called the Rev. Warren Wall, chaplain at Avon Park Correctional Institution, to be interim pastor of the church.

The action was taken at a church business meeting held January 27, and the call was unanimous.

A native Floridian, Chaplain Wall received his AB degree from Stetson University in 1949 and his BD at New Orleans Baptist Theological Seminary in 1952. He did two years of graduate work at the New Orleans Seminary, followed by six months of clinical pastoral training at Southern Baptist Hospital in New Orleans.

Chaplain Wall has served as a church pastor in Florida, Louisiana, and Mississippi. More recently he has been chaplain at Louisiana Correctional Institution at DeQuincy, La., and at Florida Correctional Institution at Lowell. He has been chaplain at APCI for the past 2½ years.

Fellowship Church is located at 1000 Thomas St., just east of U. S. Highway 27 in the north part of Avon Park.

Right Reading of Jesus' Parables

"My love is like a red, red rose."

The Scottish poet, Robert Burns, spoke in this verse feelings known to the heart of every man, didn't he? You've heard these words; perhaps you have even recited their thought. But just what is it that this line says?

The Problem

Does it mean that the one whom you love, like the rose, prefers to live out-doors, close to nature? Does it mean that she is deeply passionate, as the reddest red? Or is she tender, because she is badly sunburned? Or might the "red, red rose" be the color of her lips?

Does it mean that she has the fragrance of the rose? Or might her charm be like the rose-bud that blooms beautifully, but then is quickly withered? Is she like a rose because she is pretty—or prickly?

In fact, is this line even talking about a woman at all? Perhaps it is not about the person he loves, but rather about his feeling of love.

Robert Burns used an analogy, a comparison, to express an attitude and a concept about love. This use of images, or pictures from life, is invaluable for conveying some kinds of information—especially feelings or attitudes. But such images must be interpreted with great care.

A Principle

One rule must be obeyed: any interpretation of an image, or picture from life, must make sense in the whole picture—and not just a part. To know what Burns meant by "My love is like a red, red rose" you must study the entire poem.

Here is another example.

Jesus told a story about a widow whose case was ignored by an unjust judge. This woman finally got justice from him because she pestered him until he judged her case, just to get rid of her. Jesus then said, "Shall not God avenge His own elect, which cry day and night unto Him, though He bear long with them?"

Many people have interpreted this parable, which is recorded in Luke 18, to mean that people ought to pray and beg God, day in and day out, to answer their prayers. This interpretation, however, does not fit the entire story.

The very next thing Jesus says is, "I tell you that He shall avenge them speedily." God gives to our prayers immediate action.

The fact that you may not see how anything is being done is explained in the phrase "though He bear long with them." God gives you faith and patience to accept His action in the proper course and in the proper time. This does not mean you should not speak repeatedly to the Lord about a matter, but you should realize that He heard you the first time.

This parable was to teach "that men ought always to pray, and not to faint." Jesus concluded, saying, "When the Son of Man comes, shall He find faith on the earth?"

Faint not; have faith. Jesus is not warning us not to faint with exhaustion from ceaseless praying. He is warning us not to faint or lose heart from frustration because we don't have faith that our prayers are heard and God is acting on them.

RUTH E. ROBINSON

Mrs. Rowley Ghaster wishes to thank her friends and neighbors for cards and flowers sent to her while she was a patient in Walker Memorial Hospital, also those who visited with her after her return home.

Mr. and Mrs. Henry Rubert of Plainwell, Mich. spent Friday afternoon and evening with Mr. and Mrs. Floyd Stevens.

Pinochle scores for Monday, Jan. 25—Floyd Stevens 1400 and Ruby Myers 1288.

Mr. and Mrs. Fred Sellers, from Coldwater, Mich. have been visiting with Mr. and Mrs. Albert Keyes the past week. They have been sightseeing and fishing. While deep sea fishing on the Gulf, Mrs. Sellers caught the "Jackpot" fish, a 14 pound red grouper. They visited friends at Sarasota, also.

Sunday evening, Mr. and Mrs. Earl Asher, also from Coldwater, Mich. arrived to spend a week visiting with Mr. and Mrs. Keyes. The three couples went to Busch Gardens, Cypress Gardens, Bok Tower and Cape Kennedy as well as spent some time on the Atlantic Coast.

Mr. and Mrs. Wayne (Blondel) Miller, brother of Sallie Wright and his wife, arrived on Sunday for a visit with the Emmette Wrights. They were on their way to Miami for a three week vacation, and will stop again on their way home.

Mr. and Mrs. Alva Thompson are entertaining their granddaughter-in-law, Mrs. Gary Lawmaster and great-grandson Bruce Lawmaster with their friend Brenda, all from Bourbon, Ind., here on vacation.

It is a pleasure to welcome Mr. and Mrs. Maurice (Ruth) Hallene from Moline, Ill. to our little community. They are living on Court No. 60, and arrived this week.

Mr. and Mrs. Dwight (Helen) Andrews have returned, and we sincerely wish Mr. Andrews much improved health, as he is recuperating from an operation at the Veteran's Hospital at St. Louis, Mo. Their sister will be spending the Winter here with Helen and Dwight. They had spent the Christmas holidays with a daughter in St. Louis previous to Dwight's illness, as their home is in Northfield, N. H.

We are thinking of Mrs. Paul Roth who is in the hospital and Mrs. Lucius Gieb who is steadily improving from her operation. Our prayers are for recovery for both of our friends, in record time.

The Saturday night Singspiration was followed by a clever pantomine "The Lightkeeper's Day" including the following: lighthouse keeper, Glenn Long; his daughter Mildred; his wife, Margaret Derr; Doctor, Harry Brown; helper in time of need, Earl Baxter; and the villain who caused the need, Sylvan Baker. Narrator was Verna Fero, of 15 minutes of fun.

Marine Pfc. Clyde L. Sumbry, son of Mr. and Mrs. L. C. Sumbry of 210 E. Second St., Avon Park, has reported for duty aboard the guided missile cruiser USS Albany homeported at Mayport.

It's a rough world. If you tell lies, no one will trust you; if you tell the truth, no one will like you.

Highlands Girl School Offers Free Tutoring For Its Students

Students at The Highlands School receive more than instruction in textbook knowledge, it was learned in a talk yesterday with Mrs. Ellen Wright, head of the mathematics department. Mrs. Wright revealed that teachers at the school are interested in each student's academic progress and hold free tutoring sessions after class hours for students needing help in improving their grades.

"Numbers of private schools offer tutoring after class hours for a price," Mrs. Wright said. "But as far as I know, Highlands School is unique in offering tutoring that is free. It proves that our teachers are genuinely interested in each student and want to help her to a better understanding of the subject."

Mrs. Wright explained why she goes a step further and meets students for tutoring several evenings each week, in addition to the afternoon tutoring sessions.

"Algebra and geometry are difficult subjects for most people—even simple arithmetic baffles many—and Highlands School girls are no exception. Some of them need extra help and I gladly give them time in the evenings."

The tutorial program was started by President Raymond H. Stokes several years ago, she said. "There is no generation gap between him and the students," Mrs. Wright stated. "He's young, and one of them. He knows what they want, and he sees that they get it."

Students From Highlands School Going Skiing In North Carolina

The annual Highlands School ski trip began today (Feb. 4) when 12 students flew from Orlando to Charlotte, N. C., and thence will drive to Boone which they are scheduled to reach about 4 P.M. Immediately after checking into the Cabana Inn, their headquarters, the group will ascend the slopes in chair lifts and runs down the five slopes provided at the center.

Two alumnae of the school will join the group at Boone. They are Susan Stimpson and Martha Marshall, both of whom were graduated from Highlands School last June.

Some courageous skiers in the group will ascend to the higher, more difficult slopes for runs. Others will take to the easier and shorter slopes. A few raw beginners will take lessons from the two pros who are there to give instruction during the skiing season.

Three snow and fun-filled days will follow. The Winter Snow Carnival, scheduled for this weekend at Boone, will offer entertainment, events, including races, slaloms and competitions of various sorts.

Leading the Highlands School group will be Paul C. Gentry, headmaster, himself an ardent skiing enthusiast, and Mrs. Gentry, dean of students. Students taking the trip are those who have received recognition at least three times during the first semester on the headmaster's list, which requires a scholastic average in the 90's, or whose names have appeared on the citizenship list. All are expected back at school late Sunday night.

A sure way to get into trouble is to be right at the wrong time and place.

Hills Travel To Cape Kennedy To View Moon Shot

Madam Marie Lister and Monsieur Anthony Bellefeuille, of Pointe aux Trembles, Montreal, Quebec, are house guests of the J. Paxton Hills.

J. Paxton Hill, Jr., who is senior engineer on the Command Module of the Apollo program, invited them to view the Apollo 14 launch from a vantage point near the complex 39A.

Mr. and Mrs. Hill, accompanied by their guests, drove over to the Merritt Island home of Paxton, Jr. where they enjoyed a "launch dinner." After the meal, they went up to the vantage point, where they witnessed the launch.

The Canadian visitors were extremely impressed by the "arrive extraordinaire" (extraordinary event) and likewise impressed by the vast expanse of complexes on the Cape and at KSC. Paxton, Sr. who was chief engineer at the cape before retirement, was present at the launch, about ten years ago of the Mercury Redstone rocket, in which Astronaut Shepard made America's first space flight.

Since retirement, the Hills have traveled extensively through the U. S., Mexico and Canada, where they met Mme. Lister and M. Bellefeuille, whose final comments of the launch were "grandiose" and "magnifique."

Group From Avon Park Tour Bahamas

The recent cruise to Nassau, Bahamas; organized and conducted by Nita and Jim Ritchie Tours of Avon Park (a service of Ridge Travel Agency), resulted in so much pleasure and enjoyment to one of the group members, that all concerned consider it an honor and privilege to have had her as a "shipmate."

Mrs. Louise Farthing, who is visiting her daughter, Mrs. Gertrude Fensterman of 310 E. Canfield St., Avon Park, was the "senior" member of the group from Avon Park and Sebring sailing Friday, Jan. 15 on the T/S FLAVIA from Miami for a "long weekend" cruise to the Bahamas. Mrs. Farthing is nearing her 86th birthday, but she doesn't let that bother her in the least. Certainly no one, regardless of age, was more active, took part in more activities, or had more fun and action than did Mrs. Farthing, who soon became "mama" to the Italian personnel of the Flavia.

Mrs. Farthing attended all the entertainments presented on board, all the midnight buffets, never missed a midmorning snack or afternoon tea, and was "on deck" bright and early each morning when the dining room opened for breakfast. With her daughter, she enjoyed the three hours catamaran cruise, also the city tour of Nassau by mini-bus offered by the tour conductors. She was in the reception line to shake hands with Captain Fulle and the other staff officers of the ship; enjoyed the Captain's cocktail party and the gala Captain's dinner, complete with noise makers, funny hats, streamers and champagne. It was the opinion of all her fellow passengers that her daughter Gertrude had trouble keeping up with her, as did they all!

After the Italian Musical Revue presentation Sunday night, the cruise director, Hal Fischer (a veteran of vaudeville, the stage and TV) came over to where Mrs. Farthing and Gertrude were sitting, and asked the audience to sing "happy birthday" in her honor. As Hal explained, it really was not her birthday, but she certainly deserved the honor. Mr. Fischer has been cruise director of the Flavia since it started sailing from Miami, and is a good friend of Nita and Jim Ritchie.

This was Mrs. Farthing's first ocean cruise. Now she is looking forward to February 12 when she will once again sail with her daughter on the second and final cruise of the current season from Avon Park offered by Nita and Jim Ritchie Tours. This one is a grand eight day cruise to Mexico, visiting Cozumel Island and Merida (Yucatan) with a special stop at Freeport, Bahamas on the return. Once more, all the group members will have to "step lively" to keep up with this grand lady as she enjoys to the fullest the many attractions offered on this longer cruise.

Other members of the group from Avon Park were also honored on the Nassau cruise. Mr. and Mrs. W. A. Treges of Highland Blvd., were presented with a bottle of champagne for having been married the longest (56 years) and Mr. and Mrs. Burdette Howard of W. State Street won one of the bingo grand prizes ($40).

All of the 36 members will remember the cruise, the friends they made, and the good times and fine food and entertainment they enjoyed for a long time to come and many will take advantage of other trips offered during the next two months to renew friendships with "old shipmates."

MEMBERS OF the Commercial Lawn Management Class of South Florida Junior College took a brief part in harvesting caladiums at the Parker Island Bulb Farm in Lake Placid. Helping pick up the bulbs which produce colorful plants are Cori Walters, Lake Placid Sam Dasher, Avon Park, Bernard Hawthorne, Lake Placid and David Wyche, instructor.

Flashing Signals To Be Installed On US 27

In a preconstruction conference of contractors and Utilities in Wauchula Wednesday, it was decided to install flasher signal lights at school crossings in Avon Park. The Department of Transportation okayed two such lights to be installed at the intersection of 27 and West Pleasant Street and Route 17 and East Canfield St. Work will start on the installation on Monday, Feb. 1.

The signals will be yellow flashing lights to warn motorists of the school crossing and traffic will be slowed down to 15 miles per hour. The lights will be placed on highway crossings which are considered to be dangerous to the children crossing to attend their respective schools.

Installation of the proposed signals will be made by Florida Traffic Signals Inc., of Ormand Beach. They will also install signals in Sebring and Lake Placid.

The State of Florida will pay for the installation and the county will maintain the signals. However the school board will have to pick up the tab for the electricity.

Trouble are seldom as bad as the shadows they produce.

Problems Of Fire Department Aired at Meet

The City Council met Monday, one half hour before the regular scheduled time. President Don Serdynski called the meeting earlier for a discussion on the fire department. Clarence King had requested the meeting to allow the public to express their feelings pro or con on conditions of the department.

King at the beginning of the meeting made it clear that he did not call for a meeting to harrass the chief or the assistant chief, but only to clear up the complaints and inefficiencies of the department.

The meeting was open to discussion with very few stepping forward to present any real complaints. Some questions were raised as to funds that were in a special fund for the underprivileged children. Money handling seemed to be the main reason that was presented. To this the chief said, all the money that was in any of these funds were used for the baseball club and also to buy gifts and toys for the underprivileged children. The chief said that in addition to what was in the fund other monies were added to it for these purposes.

Serdynski asked if the fire department ever refused to respond to a fire, or did not do all they could to put a fire out? There was no answer or no one came forward to accuse the department of anything. Serdynski said, "that this was the main thing that would be considered as an inefficient department. One resident reminded all that "if we did not have an efficient fire department our insurance would cost 15 to 20 percent more and he further stated that he had a fire and they helped me as they would anyone."

King said there were not

County Commissioners Hire Administrative Assistant

Highlands County commissioners have named Charles S. Cullens, as county administrative assistant. Cullens, who is presently assistant city manager of Plant City, will assume his duties here the first of March.

Cullens will carry the administrative portion of the administrator-engineer post formerly filled by Charles "Chuck" Morgan, who resigned in late Summer to become Bay County engineer.

Cullens was hired at a special county commission meeting Monday night. Norman "Jug" Heston, who introduced the motion to hire Cullens, stipulated in his successful motion, that the starting salary will be $10,000 per year and Cullens is to have use of a county-owned car for official travel.

The commissioners said the county administrative position will carry the title administrative assistant. Cullens will use the office on the first floor of the county courthouse formerly used by Administrator-Engineer Morgan.

Applicants Interviewed

The commissioners interviewed administrative assistant candidates last week. At the meeting Monday night Cullens was on everyone's "acceptable list." Commissioner Robert Skipper went on record favoring a choice from within the county, citing familiarity with the county and its residents as an important "plus factor" for the new administrative assistant.

Commissioners Heston and Ben McGee said they would favor choosing a man with experience in the field of public administration and McGee added that he would be reluctant to pull a county employee off "a job he is doing well so that we have the problem of replacing him and training a new man in that job."

Commissioner Andy Jackson said being new to the county "might be helpful . . . a chance for us to have a fresh look at our county work."

Commission Chairman Cecil Skipper said Cullens' has "the best training and background for this position."

Native of Tampa

Cullens is a native of Tampa, a graduate of Hillsborough High in that city and the University of Tampa. His services in the US Army was as an administrative specialist. He was discharged as Specialist E-5. He served a one year tour of duty in Vietnam.

After his service in the army he became assistant to the Leesburg city manager where his duties were primarily in statistical research and public information.

Since April, 1968, Cullens has been assistant city manager for Plant City with duties in personnel, purchasing, planning, public information, budgets, safety, insurance, project coordination, statistical research, fleet maintenance, solid waste collection and disposal.

Cullens is a member of Florida City Manager's Association, Florida Governmental Purchasing Agents Association, chairman of the city employees United Fund, a director of the Plant City Employees Credit Union, and a member of Plant City Jaycees.

He is married and has an infant son. Today Cullens celebrates his 29th birthday.

Other Business

In other business Monday night the commissioners approved expenditure of $262 to remodel a portion of a building at the county barn on Hawthorne Drive in Sebring. This will provide an office for the county road and bridge department secretary, Mrs. Anne Sebring.

Approved moving the county zoning director to a temporary office on the third floor of the courthouse. The building department office will remain on the first floor.

A deed was accepted for right-of-way for a road in the Lake Placid district.

Odeassa Lou Dyer Tell Story of How Love Affair Lead To Death of Little Miss January

"I don't say as I love him, but I do not hate him."

The pudgy little woman with the soft brown eyes and the faded blue dress sat in Highlands County jail and talked softly about the events which have kept her behind bars for a year.

She twisted her soft, small hands a little nervously, but sat very still. He black hair, bobbed with bits of gray, was held back from her face with two bobby pins. She smiled. And you could see two front teeth missing.

It was in January of 1969 that Odeassa Lou Dyer, 41, saw her lover, fruit picker George Clemons, 44, slam her 23-month-old daughter Sharon into the play pen during a drunken rage, killing the child.

Sharon was the "Little Miss January," whose body was found wrapped in a cheap cotton blanket under an orange tree in Polk County a few days afterward.

She's Free Now

Odessa Dyer will walk out of Highlands County jail Thursday (today) a free woman. The state dropped charges of accessory after the fact in Sharon's murder.

Clemons on Friday left the jail for Raiford state prison to begin serving two 20 year sentences. One is for second degree murder in Sharon's death, one for assault with intent to rape.

Before leaving, he asked to see his former paramour and was taken to her cell. They talked through the bars for a few minutes.

"He had been asking to talk to me," she recalls. "I said I don't mind talk. He wanted to tell me he was sorry for what he did and wanted me to forgive him for what he did. I told him I would. I'm a Christian. I do not believe in hate. He's a Christian now. He's been saved."

Went to Church

Mrs. Dyer and the children used to go to the Baptist Church in Fellsmere, where she owns a home, before she met Clemons. She was the cook at the Felismere Hotel making $65 a week. Her husband of 22 years was in Georgia—"he was gone half the time—had been gone several months."

One afternoon when she got off work it was raining and somebody asked her to give Clemons a lift home. "He lived

Annual Highlands County Fair Will Open February 22

Highlands County Fair, boasting $6,000 worth of improvements and many program innovations, opens on Monday, Feb. 22 for its 35th run.

The fair, often plagued by cold weather, this year has moved from late January to February 22-27, in quest of warmer days and nights.

Fair Manager Bert Harris, Jr., reports that requests for exhibit space has exceeded available places "and we are beginning to develop waiting lists for exhibits in future years."

The annual fair is sponsored by Highlands County Fair Association.

New Look in Beauty Contest

One of the most startling innovations in the 1971 fair is in the annual beauty contest. The traditional bathing suit competition has been eliminated this year.

The contest for the Miss Highlands County crown is scheduled for 7:30 P.M. Monday, Feb. 22, and will be divided into pantsuits and evening gown competition.

"In the past we have had trouble getting girls to appear in bathing suits, and then the weather at fair time is often cold," Mrs. Wolfe explained, "We thought possibly more girls would participate if we switched to the pantsuits which are so popular now. Apparently it is paying off in Lake Placid. We already have 12 entries from that area."

Mrs. Wolfe said Avon Park and Sebring have six entries each at this time.

"Any single girls between the ages of 16 and 21 is eligible to participate, and we hope girls who wish to become candidates will contact one of the Future Homemakers of America chapters. There is a chapter at each of the three high schools."

Homemakers' Demonstrations

The Highlands County Extension Home Economics Homemakers Council fair exhibits take on a new look this year, featuring live demonstrations of modern homemaking skills.

The traditional cooking and sewing displays have been abandoned in favor of the demonstrations and educational exhibits about the projects the council sponsors in foods, clothing, consumer information, safety, self-help and family life.

The live demonstrations scheduled are on men's ties, Monday; using knit fabrics, Tuesday; lingerie making, Wednesday; food garnishes, Thursday; making pressing equipment, Friday, and using Florida citrus, Saturday.

Homemaker extension agent Miss Ellen Landfair's office points out that nuitritionists protest rewarding women for making pies and cakes "and other things that are not good for us to eat. Women should be recognized for other, more healthful talents, and we think the 1971 Highlands County Fair does that."

New Cattle

In the Fat Steer Show a new breed of cattle will make its first appearance at the Highlands fair. Four of the new breed are slated for showing.

Charolais is a big white animal which is touted as producing "more beef for the table in less time" than older breeds.

The biggest chunk of the improvement funds—$4,485—went into building a new grandstand and improving the stage where the beauty contest is held. Pavements throughout the whole fairgrounds were installed and improved at the cost of $1,500.

Democratic Executive Committee To Meet Tonight In Lake Placid

The Highlands County Democratic Executive Committee will meet Thursday (tonight) in the Creel Building in Lake Placid at 8 P.M., according to Edna Pearce Lockett, committee chairman.

"I want to emphasize," Mrs. Lockett said, "that this meeting and all executive committee meetings are open to any Democrat that wants to attend. In fact, we encourage all registered voters to attend our meetings."

On the agenda will be a report of a committee working on a joint dinner meeting for March 11 at the Holiday Inn of Lake Placid. The meeting will be sponsored by the Highlands Democrats but Democratic leaders from Okeechobee, Hardee, DeSoto and Hendry counties have been invited to attend.

State Senator Wilbur Boyd who represents Highlands, Hardee and Manatee counties and Jon C. Moyle of West Palm Beach, the new chairman of the Florida Executive committee, will attend.

"We expect at least 200 people at this five county meeting and dinner which will begin at 7:30 P.M." said C. Wesley Ward, program chairman for the meeting.

Anyone interested in attending may obtain tickets from any member of the Democratic Executive Committee or by calling Brad Bowen of Bowen Roofing in Sebring.

Mrs. Lockett said that most of the 15 precincts in Highlands County now have precinct chairmen. The latest addition to the list is Bob Brooks, chairman of Precinct 15 in Sebring.

Legionnaires Will Aid Program For Retarded With Road Blocks

American Legionnaires will take to the county's streets and highways Saturday, Feb. 13 to man road blocks for the retarded. Veterans have made this contribution to the annual fund drive of Ridge Area Association for Retarded Children almost every year since RAARC was founded in 1967.

Members of Post 69, Avon Park, will work under Commander Phil Briggs. Past Commander J. A. Wise has challenged other members to meet his collecting ability.

In Sebring Commander Don Brooks has indicated that A. W. Smith is spearheading the event by enlisting the support of Legionnaires to cover the downtown area. The Legion Auxiliary to Post 74 has accepted responsibility for collections at Southgate Shopping Center.

Fred Roberts, commander of Post 25 at Lake Placid, has asked vice commander Tom Steele to administer the project for the South end of the county. George Kebabian is recruiting workers for the event.

Funds collected by the Legionnaires will be used in the programs of the Ridge Area Association for Retarded Children to support the new Work Activity Center for handicapped adults; provide an overnight camping experience for students of two Ridge Area Day Schools, establish scholarships for the state association's residential camp and to fund seven weeks of Summer-Fun Day Camp.

The parade will get under way at 7:00 P.M. and will wind through downtown Ft. Myers to the Ft. Myers High School football stadium.

All proceeds will go toward the band's trip to Washington, D.C. Approximately $2,800 more is needed for the trip, which is slated for March 31 — April 4th.

City Council Accepts Bid On Painting

Two bids were received on painting the Avon Park City Hall windows. Ray Craddick's bid of $396.35 was accepted. The other bid was $686.

The first reading of Ordinance No. 532 was read. This Ordinance will set new building permit rate following the third reading.

A motion was carried to have Dawkins and Associates prepare the application for state permit to operate the sewage treatment plant at a cost not to exceeed $750.

A letter was read from the Department of Health, which stated that the city needed to implement plans for a better sewer before January 1, 1973. The questionnaire sent by H.U.D. is to be completed by Jack Short, county planning and zoning director, before the visit of city officials to Atlanta.

A letter from Florida Gas Co. informed the city that there will be a delay in the starting of construction of the natural gas system in Avon Park.

GUEST EDITORIAL Barnyard Economics

(Editor's Note: Following is an editorial appearing in the May 2, 1970, issue of Kansas Farmer. It has been reprinted in several other publications since.)

Once upon a time there was a Little Red Hen who scratched about and uncovered some grains of wheat. She called her barnyard neighbors together and said, "If we work together and plant this wheat, we will have some fine bread together. Who will help me plant the wheat?"

"Not I," said the cow. "Not I," said the duck. "Not I," said the pig. "Not I," said the goose. "Then I guess I will," said the Little Red Hen, and she did.

After the wheat started growing, the ground turned dry and there was no rain in sight. "Who will help me water the wheat?"

"Not I," said the cow. "Not I," said the duck. "Not I," said the pig. "Not I," the the goose. "Then I will," said the Little Red Hen and she did. She watered the ground and the wheat grew tall into golden grain. "Now," she said, "Who will help me reap the wheat?"

"Not I," said the cow. "Not I," said the duck. "Out of my classification," said the pig. "I'd lose my Aid to Dependent Children," said the goose. "Then I will," said the Little Red Hen, and she did.

When it came to grind the flour— "Not I," said the cow. "I'm drawing my unemployment compensation," said the duck.

When it came time to bake the bread—"That's overtime for me," said the cow. "I'm a drop-out," said the duck. "I never learned how. I'd lose my welfare benefits," said the pig. "If I'm the only one who's helping, that's discrimination," said the goose. "Then I'll do it myself," said the Little Red Hen, and she did. She baked five loaves of fine bread, and held them up for her neighbors to see.

"I want some," said the cow. "I want some," said the duck. "I want some," said the pig. "I demand my share," said the goose. "No," said the Little Red Hen. "I can rest awhile and eat the five loaves myself."

"Excess profits," cried the cow. "Capitalistic leech," quacked the duck "Company fink," grunted the pig. "Equal rights," screamed the goose. They hurriedly painted a picket sign and marched around the Little Red Hen singing lustily: "We shall overcome." And you know, they did.

When the farmer came to investigate the commotion, he said: "You must not be greedy, Little Red Hen. Look at the oppressed cow. Look at the disadvantaged duck. Look at the underprivileged pig. Look at the less forunate goose. You are guilty of making second-class citizens of them."

"But, but," said the Little Red Hen. "I planted the wheat. I watered it, and I reaped the grain. I ground the flour, and I baked the bread. I earned this bread."

"Exactly," said the farmer. "That's the wonderful free enterprise system. Anybody is this barnyard can earn as much as he wants. You should be happy to have this freedom. In other barnyards you would have to give all five loaves to the farmer. Here you give four loaves to your suffering neighbors, and keep one for yourself. You should be grateful."

And so, they all lived happily ever after, including the Little Red Hen, who smiled and smiled and clucked and clucked. "I am grateful. I am grateful. I am grateful." But her neighbors wondered why she never baked any more bread.

Council Rejects Plea To Pave Property

Over 50 people attended the city council meeting Monday and brought their problems to be solved.

Residents of Golden Age Villas were denied their proposal of paving the area in front of their homes. A proposition was made to the council at a earlier meeting that the residents would furnish the materials if the city would furnished the labor to pave a troublesome area in their section.

The Council took this under consideration and looked into prices of black top for the project. An estimate of $683 was quoted. A lengthy discussion was held and it was decided that if this was permitted it would not be fair to other residents that pay taxes for the city to do the work. The Mayor pointed out that by assuming the responsibility for the paving of this area, it would open up many avenues for others to ask for the same set up. In all fairness to the taxpayers of Avon Park, the motion was denied.

Residents of Church Street ask to be heard on a smelly subject. It seems that in that area there are some cows that are penned in a small area causing an offensive odor to the residents. Having complained to city hall, Earl Spurlock made an inspection and sent a letter to the offender asking him to clean up the area. Residents complain that nothing has been done and the odor is getting worse.

It was revealed that there is no city ordinance that prevents a party from having domestic animals on their own property, however, members of the council promised that they would send out the inspector again and see what could be done to eliminate the odor.

A school bus parked in front or near a local church led to another delima for the council, when the driver of the bus and the minister appeared, and tried to solve their problem of blocking a driveway of the church. The representatives of the church does not want the bus there, claiming it blocks a driveway and is in the way of people attending services and social affairs at the church. The bus driver on the other hand claims that this is the only place that she can park the bus. The area that is under question is city owned property.

At a earlier meeting it was decided that the bus could remain where it had been parking for over a year. The church does not agree with this decision. It was decided that this is a school board problem and they should go before the board and try to solve the parking of the bus. It was suggested that the minister and the bus driver also get together and agree on a better place in the area to park the school bus.

Odeassa Lou Dyer Tell Story of How Love Affair Lead To Death of Little Miss January

(Continued from Page One)

just a block away," so I did. He asked me in to meet his mother. That's how it started."

Why did she continue to see him?

"He had nobody to love him or care for him and I was good to him. That is how I got mixed up with him. He played on my sympathies."

About three weeks after they met he announced that "he was moving in and taking over my life."

From then on he "didn't work but a few days. He was drunk day and night, eat very little, sleep very little. He followed me to see who I was keeping company with."

Mrs. Dyer said she was working about 16 hours a day. Clemons supplied them with no money and they depended mostly on the $85 welfare check she received for the children, she said.

How did she feel when he beat the children?

They was Used to It

"I didn't like it—but they was used to it. Their daddy used to beat them."

Clemons beat her too.

Why didn't she run away with the children?

"He threatened to kill us and I was scared."

The night little Beverly ran away to a neighbor's—which triggered Clemons' arrest, he had beaten the child with a belt and "him and me had a fight over that. He had her on the side of the bed and she was scared. She was always running from him. He did not like her to run from him. I got her away from him."

The family had moved from Fellsmere and now was living in a trailer at Avon Park. Clemons would hardly let her leave the place, she said. But—"we had nowhere to go."

The Baby Cried

The night Sharon died, Clemons was drunk and lying on the bed, she said. The baby awoke in her play pen and began crying for her bottle.

"He rose up and grabbed her and slammed her down hard into the play pen. Her head hit on something. Ten minutes later I knew she was dead."

Clemons got drunker and drunker, she said. She and the other children cried. Clemons decided eventually to put the body in an orange grove after debating throwing it in a lake.

Making the decision to leave her husband and go with Clemons was no problem because the husband, James, was drunk, "and never cared much to work" she said, mean to her and threatened to kill her.

"He never so much as bought us a pair of shoes. We had to make it the best way we could." She boasted shyly that one night, as cook at the Fellsmere Hotel, she had "fed 700 people and did all the cooking."

She has not seen the children since her arrest and she misses them. There will be a hearing today "Thursday" and she has been told they will be sent to her 67-year-old mother in Rockmont, Ga. She would like to go to the hearing, she said.

In Juvenile Home

The children have been in the juvenile home. Her mother has sent her bus fare to come to Rockmont and she will surely see them there, she hopes She also wants to visit Sharon's grave in Winter Haven and put flowers on the grave. And she will be looking for a job. She won't go back to her husband. She wants to divorce him. He and two of his brothers are living in the house, she said. She may try to get a job at Vero Beach near her married daughter, Diane Ross.

She said she hopes some day to get her children back. She is missing two front teeth—"they just fell out"—and hopes also to earn enough money to get them pulled and get a plate.

Will she ever go to visit Clemons in jail?

"I would like to see him and help him along the way. I wasn't interested in him in the first place. But after all he's did to me I do not hate him."

Problems Of Fire Department Aired at Meet

(Continued from Page One)

as many as he expected had shown up to speak. He said that Mack Flowers was the trouble and the chief should not depend on Flowers so much, but to run the department himself. The chief answered by saying the rules state that in his absence the assistant chief had full authority. However he had given written instructions that Flowers was not to reprimand any of the men, but that he was to make a written note of any infraction and turn it over to the chief.

A question then was put to the council as to the employing of relatives of present employees in the department. It was then learned that there is no rule stating that this practice is not illegal.

Before passing on to other business, Serdynski asked if there were any other comments or recommendations. There was no response from the people. Therefore the special hearing on the fire department was closed.

Syracuse, Sicily, had a population of over a million inhabitants at the time of Christ.

Dakar, Africa, ships more peanuts than any other part in the world. Most of these are used for production of oil.

Of all the elements known, 49 are found in solution in sea water in measurable quantities.

Board Denies Parnell New Hearing

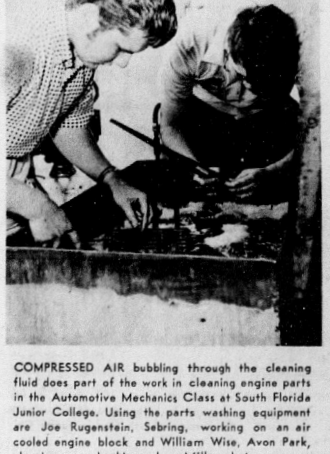

In the regular meeting of the Civil Service Board, a motion was made to have a new hearing for C. Parnell, Jr. The motion was denied.

At a former meeting and hearing of the board, a decision to uphold the action taken by the Chief of the fire department, when he fired Parnell, for leaving his post at the firehouse.

Questions then arose as to whether Parnell, had a fair hearing and what effect the decision of the board would have on later applications of Parnell to take a Civil Service examination.

In other business city attorney Jack Hancock sat with the board and clarified the rules of the Civil Service Board. This was requested by the board to clarify some rules in order that the board may have a better understanding of the power they had in various departments.

Department heads are not subject to the board but are answerable to the council or the mayor. Mayor Barben made it clear that he was given the authority with the departments and he would work through the heads of the departments who in turn then would run their department according to the wishes of the council and the mayor.

Capacity Crowd See Red De vils Defeat Blue Streaks Friday

An exciting 73-52 win over the Sebring Blue Streaks last Friday night brought Avon Park's basketball record to 9-7 and set the stage for the big encounter with the Lake Placid Green Dragons here at the high school gym next Tuesday night.

The Red Devils played in Alva last Tuesday night and will travel to Palmetto tomorrow (Friday) night but will be back at home for a second game with the Lake Placid quintet this coming Tuesday night. The Devils hold a 63-35 victory over Alva in the first game of the season and haven't met Palmetto, a class A school, in action this season. But the Lake Placid five handed Avon Park an 82-60 trouncing down on their court and the Red Devils will be up for this one you can be sure.

In the only game played last week, the two Avon Park teams took wins from Sebring here on the Devils home court. The Jayvee squad, coached by Chet Brojek in Tom Lund's absence, set the pace with a 55-39 win in the evening opener. Tony Williams had 18 points for the winners closely followed by Leroy Hicks with 16 points.

Then in the varsity night-cap, the Red Devils jumped on the tall Sebring lads with a full court press and moved out to a quick 26-12 first quarter lead as Curtis Jackson and Don Sisemore pumped in 10 points each. Thad Tate added four points, and Robert Lanzing swished one through from the floor.

The scorching pace was slowed down in the second period as Avon Park scored only eight points while Sebring closed the gap with 16 counters to set the score at 34-28 as the first half ended.

In the third period the Devils widened the gap putting 17 points through the nets and holding Sebring to 11 points. But it was a fast paced fourth quarter that really put the game on ice for Avon Park. Devil forward Robert Lanzing and guard Thad Tate both fouled out in the fourth period and they were replaced by capable freshman Nathaniel Packer and senior reserve guard Clayton McNeil. Both boys came on to do an outstanding job and spur the Devils on to the victory.

McNeil teamed up with Sisemore and Jackson to press the Streaks into numerous turnovers and swished three field goals through for six key points late in the game. Packer pulled the ball in off the backboards with Jackson to further frustrate the Sebring offense.

It was Jackson's 27 points that took high scoring honors for the game and the high-leaping junior center also led the Devils in rebounds. Don Sisemore pumped in 22 points on six floor shots and 10 of 12 shots from the line. Jackson had 11 field goals and hit 5 of 9 free shots. Lanzing added eight points mostly on long outside shots and Tate and McNeil both hit for six points. Packer added two counters and Magenheimer, who played an aggressive defensive and a steady offensive game all evening, had one point.

Sebring's Bob Dutton and Edwards accounted for most of the Blue Steak scoring. Dutton hit for 23 points on nine field goals and 5 of 7 free shots while Edwards hit only three floor shots but sank 12 of 16 free shots.

The Class B District 16 tournament will be held in Frostproof this year with the Bulldogs hosting Avon Park, Lake Placid and Fort Meade starting February 26.

City Council Accepts Bid On Painting

department reports were read by the city clerk.

The bills were reviewed and it was voted to pay them all with the exception of the Walker Memorial Hospital and Dr. B. C. Ostling's bill for the treatment on a city prisoner. Mayor Barben was asked to contact the parties involved in these bills.

A report was given by Mr. Duggan that some private home owners were watering from city lines at the golf course and this reduced pressure for watering No. 13 and 14 fairways.

The lease calls for the school to water their grounds, but nothing in the lease pertains to private homes. A recommendation for further investigation and see if something coulid be worked out with those using the water or else cut the feeder pipe from city lines.

Five Year Fire Report

Fire Chief W. W. Giddens this week gave a five year report on the cost of fire loss and calls made. The report from 1966 to 1970 reflects a decrease in total fire losses for that period. Although 1969 the total was the highest at $28,475.00, it showed a considerable drop in 1970 to $12,750.00.

Construction and grass or woods fires head the list in fire calls. Automobile fires came in third. While rescue calls showed a decrease in 1970.

The total calls answered in 1970 were 91 with another low year in 1966. However, in the next three years of 1967, 1968, 1969 the calls were in the hundreds.

Although in 1966 there was one false alarm reported and the pursuing years saw a increase in false alarms. The highest year reported in this area was 1970 with nine false alarms turned in.

Two Escapees Captured

Two men escaped from custody of the Avon Park Police Department, were both captured over the weekend.

Johnny Lee Germany was arrested Saturday on a petty larceny charge from King's Discount Store in Avon Park. While in his cell with another prisoner Germany found that the latch was not secured on the cell door, while the other prisoner was in the dining room area. He walked through the dining room, removed the screen from the window and escaped.

Officers Prevatt and Bunswell picked him up Sunday on 2nd Street in Avon Park. He had a preliminary hearing Monday and was bound over to circuit court. He was also charged with auto theft by a warrant sworn out by Asetured Haltiwanger. Germany got a 90 day sentence on the charge at King's Discount.

Following his arrest on a public drunk charge February 4th Edward W. Reynolds was tried and fined $27 or 15 days. While he was serving his time and working on the city streets Reynolds escaped.

Officer Hassler of the Sebring Police Department picked him up in Sebring, Saturday. With a preliminary held on Monday, Judge Mervin Rehrer bound Reynolds over to Circuit Court and placed him under a $1,000 bond.

The bride is the daughter of Mrs. Louise A. Farrell and the bridegroom is the son of Mr. and Mrs. J. C. Gilliard, all of Avon Park.

Rev. Alex Day officiated at the double-ring ceremony performed under an archway entwined with greenery, before a background of palms and twin candelabras holding candles lit by Frank Farrell, Jr., brother of the bride, of Avon Park. Baskets of white gladiola and red pompons accented the white satin kneeling bench, where the couple knelt at the end of the ceremony, as the "Lord's Prayer" was sung.

Harmon Cowart, organist and Alexis Day, vocalist, presented the music including, "I Love You Truly," "Whither Thou Goest" and "The Lord's Prayer."

Given in marriage by her grandfather, W. W. Armstrong, the bride wore a bridal gown of peau de soie, with princess styling of the bodice. The V-neckline was accentuated with bridal lace and bands of bridal lace was repeated around the full skirt. The long pointed sleeves were closed at the wrists with dainty satin buttons.

The mantilla veil formed a floor length train and was bordered with bridal lace and applique down the back. The veil was held in place with a satin headpiece with lace applique. The bride carried a nosegay of white carnations sprayed with red sweetheart roses, with white streamers tied in lovers knots. The dress was designed and made by the bride's mother.

They were gowned alike in red velvet floor length dresses featuring empire waist, accented with white satin ribbon and rounded neckline. The long full sleeves were gathered at the wrists with a band and embellished with ruffles. They wore a white fur pill box hat. P. G. Gearing Displays Money Collection at Lions Meeting

The first meeting of the month for the Avon Park Lions gave a full measure of business and pleasure to the more than 40 members and guests in attendance. Going first to the pleasure side, entertainment was provided by Highlands Countian, Lion P. G. Gearing of Sebring, well known as a former tax assessor but more particularly for his knowledge of Florida money and hobby in numismatics.

Lion Gearing's presentation on "Florida Money—Past and Present" was an interesting interpretation of Florida history through a review of Florida financial policies and practices beginning in the year 1828. The review was made more understandable by a display of paper money classified to illustrate the growth of Florida's financial structure, including methods of taxation, banking, and public and private financing.

Of special interest was a $5 note on the National Bank of Avon Park printed in 1916. Another special interest item was a note issued by a railroad company redeemable only in transportation services. Lion Gearing kindly offered to remain after the meeting to give further details on his display. A number of his listeners took him up on his offer.

On the business side, Lion M. Giddens read a brief statement on the relationship of the individual Lion Club and its parent District. In substance, the District is the direct means of contact between the club and Lions International. It is through the office of the District Governor that reports flow to the headquarters function.

It is through the District that the voice of the individual club is expressed on Lion policy and program matters. Thus, a good District organization and club liaison program can do much to maintain a high level of Lionism, so essential to good community service.

The evening of February 16 was designated as "Sweetheart Night" for local Lions. The regular meeting for that night will be shared with wives or sweethearts who will be honored as dinner guests. A special program and decorations will be Valentine Day oriented.

Participation was authorized in a meeting set by Sheriff Raulerson for February 25. Its purpose is to develop community action to fight the dope problem.

A committee was named to arrange all essentials for a chicken barbecue set for March 6. Keep this Saturday date in mind and watch for further particulars.

P. G. GEARING displayed his money collection at the Avon Park Lions Club meeting Tuesday night. Shown left to right is George Kelsey, Jack Acri, Lions president and Gearing.

Chamber Pushes 4-Laning Highway 27

At the Avon Park Chamber of Commerce meeting Thursday it was resolved to petition Governor Rueben Askew to expedite four-laning of US 27 as soon as possible.

With the reasoning that the present 2-lane highway section of US 27 has become so congested and do cause accidents and the loss of lives. The opening of Disney World this Fall will greatly increase the traffic due to tourist travel and employees that work there and reside in the Ridge area.

Annexation was discussed by the Chamber, of areas not in the city. For the purpose of being informed on the benefits or disadvantages of annexation, a letter was received from the city with pertinent information. The Chamber is not taking a stand for or against annexation, but wanted only to be familar with the setup and possibilities.

Some of the benefits were outlined, such as city water in some areas it would be available with no charge on line extensions. City sewage is not available now but could be available under a proposed expansion program. City police protection as well as fire protection, city street maintenance and voting privileges were also among the benefits that would be derived from such a program.

Some of the disadvantages were also stated. Under these classifications some would probably enlist the more astringent regulations under city laws, with the passing of county-wide zoning and building laws. The city and county dwellers are now the same.

The only real disadvantage that was stated was the increase in taxes, however, they were quoted as very nominal.

On the property tax the city now levels a four mill rate for debt service, and six mills for operation.

The debt tax could not be levied on new territory annexed only pre-existing taxes in the area or future indebtness could be levied.

As an example, a home valued at $10,000 with a $5,000 homestead exemption would be only $30 taxes per year, under the present rate of taxes. A utility tax of 8 percent would be added, but the $1 a month now charged on water bills on meters outside of the city would be dropped. This should cover the extra tax of 5 percent on utilities.

In other business of the Chamber, a lengthy discussion was held on a United Fund in the Avon Park area. Sebring is also investigating a project of the fund.

The annual dinner date has been set for April 25 at the River Greens Country Country Club. It was set for March 15 previously. Specific plans have not been completed.

The directors also agreed to buy an ad in a Lake Wales paper .

In the afternoon a shuffleboard tournament was held, conducted by Mr. Blankenhorn with Mr. Comfort and Mrs. Graper being the winners and Mr. Ray and Mrs. Glenn getting the consolation prize. There were 58 present who enjoyed a social time under the new picnic shelter.

Fashion Show Presented At Woman's Club Meeting Friday

The Woman's Club held their regular meeting on Friday, Feb. 5, with a fun program. This was a fine arts program with Mrs. Charles Smith as chairman.

There was a good display of paintings and needlework by the members. Also a fashion show with Mrs. Eugene Hise as moderator.

The garments were handmade at a cost of under $25 and modeled by the entrants: Mesdames Arthur Turner, Talmadge Sparks, Glenn Roper, T. H. Maxwell, Ray Johnson, W. J. Blackston and Charles Smith.

Mrs. Sparkes wore a navy outfit and was judged best in dresses. Mrs. Johnson wore a light rust pants suit and was judged best in pants. These two will go to Bartow to model in the District Fine Arts Festival on February 20.

Judges were Mesdames Otto Kreiger, Milton Stokey and Misses Mildred Wetmore and Joy Criner.

Mrs. Donald Jones was most generous with her fine vocal talent. She sang several numbers with Mrs. Evelyn Metcalf accompanying her at the piano.

In the absence of Mrs. Walter Ost, Mrs. Stiles Brown, president, gave the devotions, using the sayings in her year book, which are all taken from The Wisdom Book of the Apocrypha.

Mrs. Brown presided at the business meeting. On February 13 there will be a bake sale on the porch at the Winn Dixie Store. The proceeds to go for new books for the library. February 11 will be "Day in Court" an annual affair. February 20, the Fine Arts Festival in Bartow at the Civic Center. March 16 will be the annual "Tour of Homes." Remember these dates.

Refreshments were served by the committee, Mrs. Charles Smith and Mrs. Glenn Roper.

Unless you can sell your home for a good price, you didn't get your money's worth when you bought. Let's look ahead . . . imagine time has passed . . . the day has come when you want to sell your home . . . perhaps to move to another area . . . or maybe not . . . maybe you simply want to borrow some money . . . to buy more land, or for a business investment, or family emergency. This is the time you'll really find out whether you got your money's worth when you bought.

But NOW . . . before you buy is the time to consider selling . . . to ask yourself these questions, "Is it reasonable to think I can sell for a good price?" . . . or, " Will the home I buy have loan value . . . will my hard-earned money be there when I need it . . . or will it be lost, never to be regained, because of depreciation?"

BE SURE . . . be as sure as you can that you get your money's worth when you buy. Make certain that the home you invest in is permanently constructed with quality materials . . . that it's custom-built on your land . . . a home that you will be proud of . . . one that will make your property grow in value.

In 15 or 20 years America will probably have a big crop of astronauts. Little boys, with eyes glued to TV have watched the adventure to the moon during the past week. The astronauts making the trip will safely land on the earth on schedule with samples of dirt and rock. Think of the mechanism that enabled Shephard and Mitchell to meet Roosa in space an get back to earth. And did you hear Cronkite say Mrs. Shephard said when they landed on the moon, "well old Mose has reached his promised land." What next? think we oldsters.

DAVE LLEWELLYN

What Is True Humility?

Humility is the most misunderstood of all virtues.

T. S. Eliot betrayed a mistaken understanding of humility when he wrote: "Humility is the most difficult of all virtues to achieve; nothing dies harder than the desire to think well of oneself."

George Bernard Shaw similarly, though more cynically, misunderstood humility: "Leave it to the coward to make a religion of his cowardice by preaching humility."

Humility is not the refusal to think well of oneself; neither is it refusal to act against opposition. Humility is giving God the glory for what you are and the way you act.

People who do not know God despise humility and ridicule it. Yet that is what Christians should expect! We should expect non-believers to reject humility, because they know a truth that some Christians tend to forget.

Personal Worth

The truth that non-believers recognize is that they have personal value; so, for them to claim they are worthless—which is what they think humility requires—is to be hypocritical. When they see Christians claiming to be worthless, they consider these Christians to be, at best, ignorant and, at worst, hypocritical.

And they are right.

Humility is not a matter of thinking yourself worthless. True humility is accepting your true value as a person and accepting the true value of your actions, and then giving God the glory for it all.

If you don't know God, then obviously it is impossible to be humble—and ridiculous even to try.

Humility is misunderstood because, unlike the virtues of honesty, faithfulness, and love, the state of perfect humility is not an absolute. Even in comparison with God Himself, no man should be absolutely humble, if by that is meant that he should consider himself worthless. God thinks every person is valuable—even those who hate Him—valuable enough to allow Jesus to die for sinners.

Paul told us not to think of ourselves more highly than we ought to think, but rather to give others glory instead of ourselves. That is humility.

Humble Shall Be Exalted

In Jesus' parable (Luke 18) about the self-righteous Pharisee and the humble publican who went to pray, the publican realized he was of some value—or else he would not even have troubled God to ask for mercy. He saw his sin clearly, but he also saw his value in God's sight.

In Jesus' parable (Luke 14) about taking the place of least honor when invited to a banquet, the teaching was not that man should think little of his worth, but that he should take no honor or glory for himself except what was given to him by the host, who represents God.

"Honor Thyself" proclaims a magazine advertisement, but the Bible says, "Do all to the glory of God."

"Everyone who exalts himself shall be humbled, but he who humbles himself shall be exalted."

"Humble yourselves therefore under the mighty hand of God, that He may exalt you at the proper time."

Electricity is for people. In the 32 counties served by Florida Power this means electricity for more than 460,000 customers. In the past ten years, 170,861 new customers have called upon Florida Power to serve their electrical needs. And their needs have more than doubled: 4,488 kilowatt-hours for the average residential customer in 1960, 9,415 kilowatt hours in 1970. During the past ten years Florida Power has spent more than $500 million on construction, building larger generating units, transmission systems and other facilities to serve the growing electrical demands. In the next five years Florida Power will spend more than $668 million, over $10 million a month on new facilities. That's the way it has to be, because electricity is for people.

ROTARY CLUB NEWS

Inasmuch as February has been designated as Boy Scout Month, Steve Roberts, program chairman, presented Don Brooks of Sebring who is district executive for Boy Scouts of America, who in turn presened his boss, Al Rogers, scout exectuive for the Gulf Ridge Council of Tampa.

On this, the 61st anniversary of scouting, Al put forth the ideals of scouting in a very interesting manner. He told us that Scouts sought to do good for nothing— not be good for nothings. He told us that Jesus taught men to love each other and Scouts carry out this great precept by serving mankind.

Boys are the natural resources out of which tomorrows' leadership will come and since their worth will be determined by their development, scouting serves as one of the tools in this development.

Scouting is part of the so called "establishment" and its function is to help youth relate to his institutions in a positive manner. While one out of nine men are former Scouts, a show of hands revealed that most Rotarians present had engaged in Scouting or activity related to Scouting.

Approximately 300 boys are active in Cub Scouts in the Avon Park area and Troop 157, which the Avon Park Rotary Club sponsors, is the oldest club in the Highlands District.

Ed Touchton will be chairman of the Scout Fund Drive this year and will be recruiting help from the club to raise the $3,000 which is our share of the goal in this area.

FISH FRY FRIDAY

Plans for the Sheriff's Rescue Unit fish fry were completed at the unit's meeting Monday night. The fish fry, at Sebring's Firemen's Field, will be held 5 to 7 P.M. Friday night. Proceeds will be divided among the equipment fund of the Rescue Unit, Florida Sheriff's Boys Ranch and Girls Villa, fish fry chairman Lt. Wayne Harris said.

ROTARIANS Al Rogers, Tampa Boy Scout executive of Gulf Ridge Boy Scout Council, holding paper Rotary Wheel, talks with visiting Rotarian J. T. Mills, PDG of Varna, Ill. about how scouting can help mold a boy's character in much the same manner as the intricate Rotary Wheel design is fashioned from sheet of paper.

Okeechobee Man Arrested In Highlands Cattle Rustling

A cattle rustling operation in Highlands County was nipped in the bud last week with the arrest of an Okeechobee cattleman, after 42 four-year-old Braford cows were taken from a Highlands County pasture.

Sheriff O. L. Raulerson, Jr., said the cattle valued at about $9500 were taken from a rented pasture on nine mile grade between routes 98 and 70 last Saturday morning. They were the property of Lonnie Clay, of Okeechobee. The accused rustler, identified as Hugh Walker, left 31 cows in the pasture.

Deputy Ken Cunningham was sent to investigate. On Sunday morning, Clay, the sheriff and Johnnie Loughton, another Okeechobee cattleman, got into the investigation, contacting the Sheriff's Department in Okeechobee and Fred Evers, investigator in the state Marks and Brands division, Melbourne.

Evers came to Okeechobee Monday, checking around, discussing possible suspects. The trail led to a Miami packing house, where the hides bearing Clay's C2 brand were found. The firm did not know it had purchased stolen cattle and cooperated to the fullest extent, Raulerson said.

Walker, 44, was arrested Wednesday afternoon in Okeechobee and taken to Highlands County jail. He has been an Okeechobee resident there six or seven years, has cows of his own, buying and selling at markets throughout the state.

Walker appeared Friday before County Judge Mervin Rehrer and was bound over to Circuit Court. Bond was set at $10,000 and he was returned to jail where he is now being held.

Board To Take Bids On Furniture

Bids on furniture for four new Highlands County schools may be presented to the county clerk's office at 10 A.M. March 9.

Decision to take bids at that time was made at School Board meeting Thursday. The schools are Sebring and Avon Park high schools and extensions on Fred Wild and Lake Placid elementary schools.

The board, acting as a purchasing committee, will inspect samples of the furniture which will be exhibited in the E. O. Douglas gym from March 9 to March 11. The board at that time will take action on the bids. The estimated cost for the furniture is $100,000.

Bids on other items acted upon at Thursday's meeting were:

—Clearing, grubbing and earthwork. Accepting Henry Bailey's suggestion that the low bid on each site be taken. Contract for work at the Avon Park site was awarded to J. M. Whitaker & Sons at a cost of $2,967.50; for the Sebring site to Jerry McKenzie Land Clearing at $9,605.

—Video tape recorder to Lykes Electronic Corporation in Tampa at $3,743.20. The recorder will be used throughout the county in teachers self evaluation and for original programs presented within the schools.

Garland Boggus, county schools purchasing agent, recommended that the board award a contract to the low bidder on lunchroom food items.

The board approved an agreement with Jess Robbins, effective January 22, for garbage pickup at E. O. Douglas and Desoto City schools at $25 per month for each school. The city requested the change because both schools are outside the city limits thus conflicting with Robbins' franchise.

A change was made in the school calendar making March 19, the day before Race Day, a holiday in place of March 26 which was the date originally scheduled.

Permission was granted to Dave Robinson of Lake Placid Elementary School, Jack Ingle of Woodlawn Elementary School and Norris Brooks of Avon Elementary School, to attend the 21st Southern Conference for Elementary School Principals in Columbia, S. C., March 3-6.

CHARLES OVERHOLT

City To Honor Composer— Charles Overholt Night Planned

Charles Overholt, the famed composer who came to Avon Park in 1956 and who lives in Southland Trailer Park, will be honored with a "Charles Overholt Night," next Tuesday, Feb. 23.

The program will feature an evening of music by the world renowned composer. The place will be the Union Congregational Church auditorium. The date, Tuesday, Feb. 23, the time, 7:30 P.M.

All people in the lower Ridge area including winter guests are invited to attend.

Mr. Overholt, who was a concert violinist for years, in addition to being a talented piano and organ player, was cited as far back as 1938 by Etude magazine, as being one of the foremost composers in the history of civilized man. He has published literally hundreds and hundreds of pieces of sacred music. Sacred music for piano and organ is Mr. Overholt's field and his organ music is played in Christian churches all over the world.

This gentle, unassuming man has been a member of the Union Congregational Church in Avon Park since moving here 14 years ago and though more than 80 years young, you will still find him in his place in the choir each Sunday. Mr. Overholt is an example of a man with a God given talent which he has used to the benefit of all mankind. He started composing at five years of age and you will find him working at his organ in his trailer home today.

A pleasant feature of the salute to Mr. Overholt will be a reception with refreshments after the program. Everyone attending will have an opportunity to meet Mr. Overholt and his lovely wife, who has been his helpmate for 59 years.

Again the time—Tuesday, Feb. 23 at 7:30 P.M. and the place—Union Congregational Church.

If you like beautiful sacred music, this can be one of the most enjoyable evenings you have ever spent. There will be neither an admission charge or a collection. Do come.

Dyer Children Will Live With Relatives In Georgia

Beverly and Harold Dyer left Monday for Rockmart, Georgia, where they will live with relatives.

The children have been in the county juvenile home, Youth Care, since their mother, Odessa Dyer and her boy friends George Clemons were arrested on child abuse charges and in connection with the death of their baby sister, Sharon.

The mother went free Thursday after spending a year in jail. Clemons is serving two 20 year terms in Raiford.

Before leaving Mrs. Dyer attended a hearing in juvenile court at which Juvenile Court Judge Mervin Rehrer ordered that the children be permanently severed from the mother.

The mother, said Rehrer "did not do what a proper mother should have done in the interest of her children."

The judge awarded custody of Beverly and Harold to the state's Division of Family Services, giving them the right to place the children in a foster home. They chose the relatives in Georgia.

The natural father, James, of Fellsmere, also attended the hearing. The judge noted that Mr. Dyer had made only one inquiry about the children after Mrs. Dyer's arrest on a child abuse charge. He further noted Dyer made no other attempts to inquire about them.

Clemons currently is serving two 20 year sentences to run consecutively.

Legionnaires Collect $699.75 Saturday

Acting in chorus in each of the three largest county communities on Saturday, Feb. 13, the American Legionnaires collected for the programs of the Ridge Area Association for Retarded Children $699.75.

In Avon Park Legion Post No. 69 Commander Phil Briggs with members Al Hadd, Mike Janik, Fred Kinyon and Jim Chamberlin, manned the yellow buckets to collect $259.90.

Lake Placid Post No. 25 under Commander Fred Roberts, had veterans Ed Dionne, Tom Steele, George Kebabian and Harvey Roberts among its collectors. Their total take was $314.00 including a $50 check from the Lake Placid Lions Club and a $20 memorial check.

In Sebring Veteran A. W. Smith struggled in a wind tunnel that kept turning over the signs but the veterans stopped enough cars to collect $93.02. Members of the Post Women's Auxiliary working with Mrs. Virginia Moody and Mrs. Jean Hill at the Southgate Shopping Center, collected $32.83 for a total of $125.85 from Sebring. Don Brooks is commander of Post No. 74.

Each year the American Legionnaires have worked with the RA-ARC through their organizations and individually to promote services for the retarded of Highlands County. This year their efforts will be reflected in the new adult Work Activity Center for the handicapped and its expanding program.

Aerobatic Team Will Present Thrilling Air Show Sunday

The Flying Pierces (Walt and Sandi), the only husband-wife aerobatic flying team currently flying in the United States will present an Air Show at the airport Sunday afternoon at 1:30. Walt will be flying his Stearman 450, while his wife will be in her clip wing Taylorcraft. Sandi will also do her wing-riding act while Walt takes the Stearman through some maneveurs. The Pierces now residents of Avon Park have donated their air show for the Bandstand fund.

Parachutists from the Bar-tow Club will be doing some parachute jumping. There will be demonstrations of aerial agriculture application by Billy Ellis of Ariel Ag. Engineers, Avon Park, also crop dusting demonstration by Sonny Clavel, of Wauchula.

All the performers and demonstrations have donated their time and equipment to the Bandstand fund.

After the free entertainment, Don Gossick of Avon Flying Service will have available six or more planes being flown only by Commercial pilots for the public to enjoy airplane rides at a peenny-a-pound. The funds received from the rides will be donated to the Bandstand fund. Even if you do not go for an airplane ride you may still contribute to the fund. Help to put it over the top. Come out to the airport with the children to see the Air Show and treat them to a ride in an airplane.

The bandstand has graced the mall for over 50 years, having not only an historic value to the community, it has the memories of many happy hours spent on the mall. Many of the senior citizens of Avon Park remember the good old days of music and entertainment that the bandstand offered to all. It has become a symbol of the past and a challenge of the future.

Following an inspection of the bandstand last November, it was agreed that the structure could be reconstructed to its original state.

A fund was started by the Old Settlers Club who began the task of compiling funds needed to rebuild. At the time it was estimated that the cost would be $1,600 for material and labor would be furnished by the APCI.

THE FLYING PIERCES, Walter and Sandy, discuss their Sunday acrobatic flying show with Don Gossick, airport manager, and Al Hand, Frostproof Rotary Club President. The air show given for the benefit of restoring the Avon Park Bandstand will feature the Pierces acrobatic flying, stunt flying, parachute jumping and demonstrations of aircraft crop dusting and spraying. Sight-seeing rides will be available after the airshow.—Photo by Lew Miller

Devils To Open Baseball Season Here Against Arcadia

The weather may not indicate that Spring is near but in just a little over a week the Red Devil baseball team will open for the 1971 season here at Head Field against the DeSoto High Bulldogs of Arcadia in the first of 16-game schedule for Avon Park.

On March 2, a week from next Tuesday, Coach Ralph Hill's boys will take to the diamond with a team that will be almost entirely lettermen. Lost from last seasons squad is Bill Smith who played first base on the team which set an 8-4 regular season record last year. All other players will be back this year and Coach Hill is hoping for a good season.

After opening against Arcadia here on March 2, the Devils will take on Lake Placid here on Friday, March 5, and then host Fort Meade on Saturday, March 6 for a three game opening home stand. Then on Tuesday, March 9, the Devils will go to Frostproof for a game against the Bulldogs and the following Friday, March 12, they will play the Brahmans in an afternoon game in Okeechobee. The game will start at 4 P.M.

After that the Red Devils come home for a four-game home stand against Fort Meade, Sebring, Fort Myers and Wauchula. All in all, the Red Devils will play 11 of the 16 games here at Head Field.

The veteran squad will probably have senior Ricky Dick at catcher backed up by Jarvis Hartt, Clark Jackson at first when not on mound, Steve Hartt on second, Greg Albritton on third and Dennis Hart at shortstop. That will be an all-senior infield since this is Jackson's last year of eligibility. In the outfield will be Howard Sizemore in right also backed by Jarvis Hartt, Keith Richards in center backed by Eddie Ezell, and Mike Bagwell in left field with Ray Culpepper backing him up.

Seniors Danny Albritton and Clark Jackson will share pitching duties until junior Don Sisemore has time to get ready after basketball season ends. A couple of other basketball players may make the varsity squad according to Coach Hill.

This year Coach Hill will be assisted by Ken Shackleford. The two coaches have been working out with the boys for a couple of weeks now and if the weather permits, the team should be in good shape for the opening game Tuesday week. All home games will be played at 7:30 P.M.

Coach Hill announced that season tickets for the 11 home games will sell for $6 this year —a savings of $5 over the gate price of $1 per game for adults. Student price will be 50c per game.

Third Winter Concert Will Be Given Sunday by Grenadier Band

The Avon Park High School Grenadier Band will present its third winter concert of the season this Sunday afternoon, Feb. 21, at 3:30 P.M. in the high school auditorium. A wide variety of music will be featured, including British marches, Beethoven, percussion and flute highlight selections, "Dixieland" music, and student conducted numbers.

Guest performers will be Mrs. Norma Fultz, a soprano from Winter Haven and Mrs. Evelyn Jones, a contralto from Avon Park. They will be accompanied by Mrs. Midge Hill. Two duets will be sung, "Open a New Window," from the stage show Mame, and "Curtain Time," a medley of show tunes. Mrs. Fultz will also sing a solo, "I Wanna be Loved by You."

The concert promises to be a very enjoyable one, and a cordial invitation is extended to the public to attend.

Students will be going door-to-door this Saturday, (Feb. 20), starting at 9 A.M., to collect items for their annual band suction, to be held Saturday, Feb. 27 on the mall in downtown Avon Park. All proceeds will go towards the trip to Washington, D. C., March 31-April 4, for the Cherry Blossom Festival. Any items you may have in fairly good condition will be greatly appreciated by the band.

Firemen Busy This Week

Wednesday Avon Park firemen answered a call to the home of Jimmie Collier. The fire was caused by a heater with improper ventilation. No damage was reported.

Another call Thursday was for a flooded heater at the Chestnutt Garage at 128 N. Central Ave. Four paid firemen and 12 volunteers responded. No damage was reported.

Brush fires called the firemen to duty at several places this past week. Friday, a brush fire at the Highlands Building Supply. Monday, a brush fire at the Airport and at 2:15 P.M. and at 5:20 P.M. the firemen were called for a brush fire on the truck route on U.S. 27. All brush fires required the woods truck, and the paid firemen responded. No damage was reported at all fires.

Environmental Assistance To Be Discussed At Meeting

Community-wide environmental benefits will have first priority when the local development group meets at 9 A.M. Thursday, Feb. 25, in the Highlands ASCS Office. Provisions and guidelines for operation of the new Rural Environmental Assistance Program (REAP) in Highlands County for 1971 will be discussed.

Leaders of conservation, and environmental groups are invited to consult with and advise the Highlands County Agricultural Stabilization and Conservation (ASC) Committee which will administer REAP.

Malcolm C. Watters is chairman of the County ASC Committee. Other members are Everett Boney and R. C. Dressel.

REAP is a conservation cost-sharing program of the U. S. Department of Agriculture, under which farmers and the Government share the cost of conservation practices needed in the public interest. Formerly known as the Agricultural Conservation Program (ACP), it has been restructured to better meet environmental goals benefiting farmers and non-farmers alike.

REAP offers a way through which farmers can aid in the environmental cleanup. Farmers pay part of the cost, and the Federal Government pays part of the cost for the conservation practices approved by the County ASC Committee and carried out by farmers.

Special projects may be undertaken under REAP through which farmers, local government agencies or private groups, and the Federal Government all participated in a united attack on a special environmental problem.

A full explanation of how special projects operate will be given at the February 25th meeting of the development group, since it is anticipated the conservation leaders invited to the meeting will be particularly interested in this aspect of the Rural Environmental Assistance Program.

Plans are to consult as fully as possible with interested agencies and groups before 1971 provisions of the program are established for Highlands County.

REAP cost-sharing will be available for special projects, polling agreements in which farmers joint their efforts, and for conservation practices by individual farmers.

News letters to farmers will give specific details of the program and how they can participate. In addition, a speaker who will explain goals and provisions of REAP will be available for all interested groups and organizations. Requests should be made through the County ASCS Office.

New Program On Rehabilitation Of Cancer Patients Implemented

A new program on rehabilitation of cancer patients called "Reach to Recovery" will be implemented in Highlands County within the next year.

Announcement was made in a progress report of Dr. Julio Sanguily, president of the Highlands County unit of the American Cancer Society.

The program, instituted by Mrs. Terese Lasser, allows well-adjusted, trained mastectomy patients to call on other mastectomy patients on the second day after surgery, with written permission of the family physician.

"They are able to give the patient the support that is often needed at this time and the opportunity to see a living example of a person who has been through the same operation, leading an active, useful life," Sanguily pointed out.

The doctor reported that colostomy patients in the county received 184 hours of home care in 1970, that administrative and fund-raising costs of the society are less than 18 percent.

He paid special tribute to the county Health Department, a screening agent in cooperation with the family physician "which has done much to help up throughout the years."

The crusade for funds will again be an April event. Results of research programs financed through these funds, Sanguily pointed out, "are available to Highlands County

Pornography Reduce Crime?

Those who seek to justify the publication and distribution of indecent literature say that the record in Denmark supports their position. They point out that there has been a 31 per cent decrease in reported sex crimes in Copenhagen since the Danes legalized pornography.

However, Raymond P. Gauer, national director of Citizens for Decent Literature, went to Copenhagen to see for himself. Reporting on what he found out, he said on a Manion Forum radio broadcast:

"I was privileged while there to interview the chief of police of Copenhagen, Closter Christiansen. He pointed out that this 31 per cent statistical decrease in sex crimes is a misleading figure. The only reason there has been a statistical decrease is that what used to be a crime is either legal or else it is ignored.

"For instance, the sale of pornography had been a sex crime. Now it's legal so there are no longer any of these crimes being committed."

Likewise, it is no longer illegal in Denmark to be a Peeping Tom. Statutory rape is no longer illegal if the under-age girl gives her consent to the act.

Chief Christiansen made it clear that violent sex crimes, such as forcible rape, had not decreased.

Venereal Disease Rate Up

Gauer also stated, "Today Denmark leads the world in the incidence of venereal disease."

A UPI story about conditions in Denmark reports that the rate of venereal disease has increased 40 per cent in one year.

Dr. Bent Maegaard Nielsen, an authority in this field, said, "I'm not preaching morals, but some of the youngsters in these days get venereal diseases the way the older generation got a hangover. Girls of 12 and 13 have to be called in for treatment."

To those who declare that pornographic literature has no effect on children, Postmaster General Winton M. Blount says, "If we are to take this seriously, then we must ask if any book—if any picture—has an effect on children. Indeed, such a position questions the effect of education itself, for education asks that a child respond to what he is exposed to."

Can anyone seriously maintain that children will learn from books which they read in school —and their lives be changed thereby—and that the same children will be unaffected by pornographic literature?

People do respond to what they see and hear and read.

The Bible tells us what kind of thoughts should fill our minds: "Whatever is true . . . honorable . . . just . . . pure . . . lovely . . . gracious—if there is any excellence, if there is anything worthy of praise, think about these things."

Pornography Epidemic

Charles H. Keating, Jr., the only member of the Commission on Obscenity and Pornography who was appointed by President Nixon, said:

"At a time when the spread of pornography has reached epidemic proportions in our country and when the moral fiber of our nation seems to be rapidly unraveling, the desperate need is for enlightened and intelligent control of the poisons which threaten us."

Are you using your influence to combat this threat to our nation's moral health?

GOV. REUBIN ASKEW will not be able to lead the annual Race Week parade here March 19, because of prior commitments, but he has signed letters to leaders in the automotive industry requesting them to nominate members to Sebring's Automobile Hall of Fame. With him are State Sen. Wilbur Boyd, and his daughter, Daphne Boyd, Miss Auto Hall of Fame. Winning nominees will be inducted into the Hall of Fame March 19.

Rep. Robert Johnson Speaks At Lincoln Day Dinner Friday

A large number of Republicans—133—met at the Sebring Elks Club Friday night for the annual Lincoln Day Dinner and to hear Representative Robert M. "Bob" Johnson extol the virtues of the martyred president Lincoln.

We should be the last to desert what we believe in, Johnson declared, and what is liberty to one man may be tyranny to another man." We believe in our country and in every star in the Flag. Some would tear it apart as a broken egg which couldn't be put back together again," he said.

"The government should do only for the people that which they can not do for themselves. We were given a great land and great ancestors. We should transmit what our forefathers gave us for those who come after us. They believed in living by law.

"No other system of government could stand the test that we've stood in the last 200 years. The Republican party believes that man and money are important but we believe that man comes first.

County Commissioner Andrew B. "Andy" Jackson, acted as master of ceremonies. Seated at the speakers table were the speaker and Mrs. Johnson; Mr. and Mrs. Jackson; Representative and Mrs. Jim Tillman; State Executive Committman and County Chairman W. T. Atkinson and Mrs. Atkinson; State Executive Committeewoman and County Vice Chairman, Mrs. Countus Mayberry and Mr. Mayberry; Rev. R. W. Smith; Dr. and Mrs. Perry B. James; and Mrs. Roy Marmon.

The precinct committeemen and precinct committeewomen were introduced by Colonel Atkinson. Past presidents of the Highlands County Women's Republican Club were introduced by President Mrs. Mayberry. She also announced that the Lincoln Day dinner committee was Col. and Mrs. Atkinson, Miss Martha Veal and herself. Quite a number of the Young Republicans were present.

Several violin solos were furnished by Mrs. Marmon who was accompanied at the piano by Mrs. James.

Track Team Needs Old Mattresses

Avon Park track coach Chet Brojek has issued a plea for donations of old mattresses and box springs to use in the pole vault pit to soften the fall of his boys working out in that area. Anyone who has something of this nature and would like to help out the track program is urged to give Coach Brojek a call at the high school or at home in the evenings and he'll send someone to pick up the offerings.

The first track meet of the 1971 season is set for March 11 and will be held here with Okeechobee, Moore Haven and Sebring participating with the Red Devils.

Avon Park Red Devils Will Host Immokalee Here Saturday Night

The Red Devil varsity split a couple of games on the road last week as they took a 96-86 win from Alva, but lost to Palmetto last Friday night by a score of 85-73. The split left the Devils with a record of 10-8 as they were set to play Lake Placid here last Tuesday night.

Tomorrow night (Friday) the Devil squads will travel to Fort Meade for a game against the Miners. This Saturday night the Red Devils will host Immokalee here at the school gym with the "B" squad game getting underway at 6:30 P.M. and the varsity around 8 P.M. Next Monday night will finish the regular season with the Devils going to Wauchula to take on the Hardee Wildcats for a return bout.

Starting next Friday night the Devils will compete in the Class B district meet which will be held in Frostproof. Seedings are undetermined yet but it looks like Avon Park will meet either Lake Placid or Frostproof in the first round of the meet. Fort Meade is the fourth team in the tourney.

The Red Devil "B" team lost both games last week and now have a record of nine wins and seven losses under Coach Tom Lund.

Four Red Devils hit in the double figures against Alva Tuesday before last on the Ramblers home court. Don Sisemore hit a sizzling 33 points on 10 field goals and 13 free shots, Thad Tate swished in 21 points on nine floor shots and three from the line, Robert Lanzing scored 20 points, and Curtis Jackson 19.

The Devils hit 24 of 34 free shot but Alva hit 18 of 24 from the line. The Red Devils scored an amazing 24 points in each of the four periods to lead the entire game.

Last Friday night a real tough Painecto team out scored Avon Park 85 to 73 in Palmetto as two Washington boys put in 39 points together and three other boys hit in the double figures. Avon Park's Don Sisemore had high score for the game with 30.

Again the Red Devils had four almost equal quarters in scoring as they pumped in 18 points in the first, second and final periods and hit for 19 in the third quarter for the total of 73 points.

Curtis Jackson swished in 14 points along with Sisemore's 30. Lanzing had 13 points, Tate had 11 and Nathaniel Packer added five points. The Devils hit 15 of 24 free shots for a 63% at the line and hit 45.3% of their floor shots.

The Devil "B" squad lost to Palmetto by a score of 57-36.

The Highlands County March of Dimes first annual charity ball is scheduled at the Holiday Inn on February 26, according to Daniel O'Keefe, chairman of the March of Dimes Drive of 1971.

Panthers Close Season With Upset Win Over Undefeated Lake Sumter

Monday night South Florida Junior College Panthers met undefeated Lake Sumter in a Division 5 final game and the Panthers rose to the occasion and knocked the Lakers off 97-88.

The win gave the Panthers second place with a 5-3 record. Lake Sumter finished with a 7-1 record and will meet North Florida Junior College in a playoff to determine the 8th state tourney participant at Panama City.

The Panthers showing a smooth working offense and a tough man to man defense gave the Lakers the first basket but scored two quick ones themselves and from there on were never headed although the score closed to 86-89 in the closing minutes.

The Panthers used a balanced scoring attack, headed by high scoring John Beattie and George Heine to notch the win. Beattie had 27 points to raise his total to 120 points in the last four games for a 30 point average.

"We finally got a team effort and balanced attack going the last of the season to win five of our last eight games. It's a pleasure to watch a good team effort. I just hope I can get the Panthers started sooner next year said Coach Terrell."

Deeds Count More Than Words

How can I, in a column full of words, convince you that action is more important than words? I can't.

All of the words in a medical encyclopedia cannot compel you to diet if you are overweight. An NCAA official rule book cannot make a basketball fan into a player. All of the recipes in Julia Child cannot transform your cooking into French gourmet. Memorizing the Sermon on the Mount and repeating it aloud every morning before breakfast may have no effect on the purity of your life or your companionship with God.

Words are weak things. Actions, alone, can give words power.

The Abstract vs. the Real

I face this problem every day as a teacher. I analyze ideas—that's words. I present theories —that's words. I lead discussions on literature—that's words about words. Occasionally I get the feeling that nobody cares about a word I say, and that occurs when my words have lost touch with reality.

THE PLAGUE, a novel by Albert Camus, chronicles the actions of an Algerian city being slaughtered by a Bubonic plague epidemic. To argue from that story that finding the meaning of death is one of the crucial problems every man faces is valid. But it is also abstract.

To hear the account of one of my students who worked for a year in a hospital, serving terminal patients, who experienced what it is like to grow fond of people, only then to watch them all die, including the fathers of two of her school friends—that's reality.

Literature contains the most valuable words ever written, but the value of these words is wholly dependent on action. If there is nothing in reality to confirm the words, words remain worthless.

Because Bryan College — in Dayton, Tennessee — where I teach, is a Christian liberal arts college, we have a special concern about words versus actions. We study the Bible and order our school and personal lives by its teachings. The danger is that the Bible can become just words.

Guest speakers come to our campus and tell the students, "When you get out into life . . ." — as if college were separate from "real life." Churches face similar problems. Somehow Sunday becomes separate from "real life."

But the life of a Christian must be "real life" action. Or it is nothing at all, just hypocritical words.

Colleges and churches, many of them, have been founded on the Word alone—not adequately supported by actions—and now, like the house built on sand, lie smashed by the forces of today's problems.

Now Let's Act

Jesus taught, "Everyone who hears these words of Mine and acts upon them may be compared to a wise man who built his house upon a rock."

The wise believer acts.

Our Christian colleges do some things, but they could do much more. So should our churches. So must we all.

Now it's been said, but it's still just words. If you believe it, if I believe it, we will do something.

ROTARY CLUB NEWS

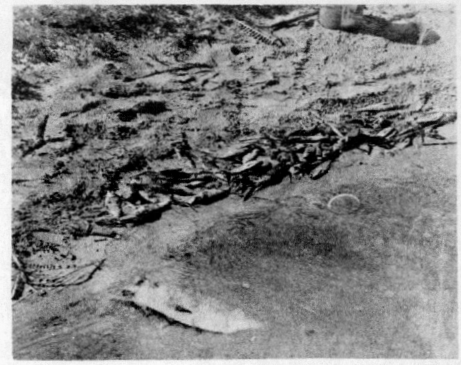

By EMMET WRIGHT

Mr. and Mrs. Walter Pierce, The Flying Pierces, an acrobatic flying team and residents of Avon Park, were introduced to the club by Don Gossick of Avon Park Flying Service. Don is sponsoring the Flying Pierces in a Sunday flying exhibition tentatively set for February 21, subject to confirmation from the FAA. Walter and Sandy Pierces are donating their time and Don Gossick is donating the proceeds to contribute to the restoration of the Old Timers bandstand on the Avon Park Mall.

The Pierces perform in air shows over airports and lakes anywhere in North or South America. They use for these shows a Stearman modified bi-plane with a 450 h.p. engine. Sandy is supported on top of the plane midway between the wing-ends where she rides in a standing position. She can only communicate with her husband by way of sign language.

The air show usually lasts two hours and is comprised of ten basic acrobatic maneveurs and can have as many as 300 variations of these maneveurs. There are limits of safety, but the desire to please and entertain the crowd often leads to taking undue risks. Insurance rates for the Pierces are very high. Only Lloyds of London will insure them. They perform at speeds of 100 to 125 m.p.h. Their stall speed is 45 m.p.h.

We are looking forward with great anticipation to the upcoming airshow.

FISH ON the shores of Glenada Lake. Although it is reported that there is no game fish being killed at the lake. The large fish shown here is a bass. At present there is no evidence of the reason for the fish being killed.

Fish Found Dead In Lake Glenada

With the fish dying and being washed up on the shores of Lake Glenada, the residents of the area are quite concerned. The smell is unpleasant, but most important is why and what is killing the fish.

John Church reported the only thing that has been figured out to date is the possibility of algae bloom. It has been noted that there are no game fish that has been effected, it is mostly the rough fish that is dying. Working with the Game and Fish Commission, Church said that tests were being run.

When contacted the Commission stated that there had been tests on the 23rd and 29th of December. At that time the water samples were found to be negative, but did prove the oxygen was low. This he explained was a possibility of the fish dying along with an algae bloom. There was no effluent draining into the lake. Special attention was given to this possibility due to buildings in the area.

There will be other tests made by the Commission to determine what the trouble is.

Man Found Dead Friday

Elbert Lee Cook, 1303 Carolina Ave., Avon Park, was found dead in his home Friday.

Richard Mitchell, a friend of the deceased went to visit him at his home, finding the doors locked, Mitchell became alarmed and went to the police station. Officer Braswell accompanied Mitchell to Cook's home. After finding the doors all locked on the inside, Braswell forced the back screen-door and entered, finding Cook dead in his bed. Dr. Ostling was called and he pronounced the man dead. Dr. Ostling stated that the man had been dead for at least 24 to 36 hours. He died of natural causes.

Kerney and Wilson Funeral Home of Sebring removed the body and have charge of the funeral arrangements.

JESSE MERCER with the organ he built.

Jesse Mercer Will Attend Florida Writers' Conference In Gainesville

Jesse Mercer, head of the English department at The Highlands School, will leave Sunday for Gainesville to attend the second annual Florida Writers' Conference to be held at the J. Wayne Reitz Union of the University of Florida. Expected are more than 50 writers of fiction and poetry from all over the United States. The conference is slated for Monday, Tuesday, and Wednesday of next week.

Forty of the writers were invited to submit at least one manuscript for analysis and study by six noted lecturers, themselves successful writers, who will conduct critical sessions for the purpose of assessing the merits of manuscripts submitted. Publishers present will cooperate by advising writers on the possibilities of publication.

Mr. Mercer, one of the most energetic teachers at The Highlands School, is a man whose interests are as absorbing as his classroom activities. The latter, however, according to Raymond H. Stokes, president of Highlands School, are never sacrificed in favor of Mr. Mercer's hobbies, which are many and varied.

They include not only the writing of poetry but several types of handicraft, making continual additions to his personal library, constantly revising and improving his hi-fi system, and collecting recorded organ literature, with approximately 500 albums already in his possession.

Most important of Mr. Mercer's hobbies is, perhaps, his construction of an organ which meets specifications of the American Guild of Organists, of which he is a member. Valued at $6,000 commercially, the organ has cost him almost $1,500 in material and has taken him five years to build in his spare time.

The instrument contains 32 voices and six couplers. Mr. Mercer explained that only the two manuals were purchased in a complete state from the Schober Organ Co. of New York. The rest he built entirely by himself, with the exception of the console of walnut hardwood and veneers which a friend helped him to construct.

"Individual expression for each manual is effected through a two-channel amplification system," he noted, "and stops can be readily voiced to suit personal taste. I myself, prefer an eclectic voicing which includes several baroque reed stops.

The speed and intensity of vibrato are variable depending upon the literature being played. Further, stop filters are of the plug-in type to permit quick change of total voicing."

Holder of an MA degree and a licensed electronics technician, Mr. Mercer is a member of the Organ Historical Society as well as the AGO.

"Mr. Mercer fills his role as teacher with tact and real understanding of students' needs and desires," President Stokes stated recently. "But as a technician and construction engineer, as a writer and handicraft artist, he also deserves recognition and applause."

Mr. and Mrs. Bud Leonard and Mr. and Mrs. Clifford Winkleman who are staying at the Southernaire drove to Bradenton on Wednesday to attend the annual Michigan picnic, then went down to the Keys, before returning to the park on Friday. They reported having had a most enjoyable trip.

Mr. and Mrs. Earl Stuhldreher of Lake Placid called on her sister and husband, Sally and Steve Bohaychyk Wednesday morning.

Cedric Wierman returned home on Sunday morning from his stay of 10 days at Walker Memorial. We hope he will be cheered and his recovery hastened by knowing that we are able to include something which he insists has kept our park news from being as comprehensive as it should be, namely that our reports never include any wedding or birth announcements.

Sorry we can't report any of the latter but we can report another visit by cupid, which is the second visit to our park recently. Mrs. Maude Kathleen Currie and James Laverne Baker were united in marriage in Sebring on February 10. Attendants were Mrs. Lulu Damon of Bonnie Brae and James Wiles. They will live at Bonnie Brae Mobile Estates. Congratulations!

Agnes Picard, who has been visiting Bing and Carrie Jones has gone to Bonita Springs to visit a brother-in-law, then will be going on to Fort Pierce to visit friends. Other recent guests of Carrie and Bing were Mr. and Mrs. Roy Elliot.

Ella VanDeevoort and Gertrude Lawerence have been guests of Jean and Jake Turfler.

Mr. and Mrs. Fred Lang, and Mr. and Mrs. William Lang of Amsterdam, N. Y. called on Maude and Frank H. Foote Sunday afternoon.

Southland Trailer Court News

By BESSIE PAXTON

Ann Antony and Goldia Daun went to Ft. Myers to see Leona Hopkins. She is able to sit up in a chair now since breaking her hip sometime ago. On the way back they stopped in Punta Gorda to visit friends.

Myrtle Overholt has been in Walker Memorial for a few days. She is feeling much better, was dismissed and came home Monday.

Take heart ye people from the North! who know before long they should return to mow that first crop of weeds but whose second thought is cold east winds and snow flurries. The robbins are on their way, great flocks of them, They had breakfast of newly sown grass seed in Southland and then resumed their flight, Friday morning. For those who can see the rhubarb peeping through and whose feet have begun to itch they can wait a month 'til the robins get there. In the meantime, keep in mind that cornfed beef awaiting you.

Mrs. Lillian Blodgett of Omaha, Neb. is visiting her brother and wife, Leo and Esther Pertl for the remainder of the Winter.

We are all excited at Southland Court about the night with Charles Overholt and his music. This celebration is planned by the Avon Park community to honor Mr. Overholt who has been a resident of Southland for 12 years—and who has been acclaimed by Etude magazine as one of the world's great composers of sacred music for piano and organ. Oh yes, it's to be held next Tuesday, Feb. 23 at 7:30 P.M. in the Union Congregational Church auditorium—an hour of beautiful sacred music by the top artists of the whole Southern Ridge. Then a reception afterwards to meet Mr. Overholt. Refreshments of course, and it's all free. Let us from Southland attend hear and appreciate what Mr. Overholt's life work has been.

Winnie and Russell Lumpkin came Friday to help Louise Garrison celebrate her birthday. Several other guests were there and Louise had a nice birthday. Russell is feeling much better, drove down from Tavares where they are now living and takes an active part in activities there.

Twenty-eight were out for coffee Tuesday morning. Reavoe Wandover's sister, Mrs. Paul Manning was a guest. The morning was cool and Betty's coffee did taste good.

Three tables played progressive wahoo Wednesday night. Several in the crowd won every game, but no real score was kept. This bunch just plays for fun.

Recent visitors at the Tebo home were Mr. and Mrs. William Smith, of Largo, Mr. and Mrs. Roscoe Stull of St. Petersburg, Dr. and Mrs. Emerson R. Collins of Raleigh, N. C. Also the Tebos attended the Tioga County-Pennsylvania picnic and gatherings at Kings Inn in Bel Web, Sun City.

Mr. and Mrs. Day of Ann Arbor, Mich., friends of Dorcas Young and Laura Bernthal were callers on Sunday.

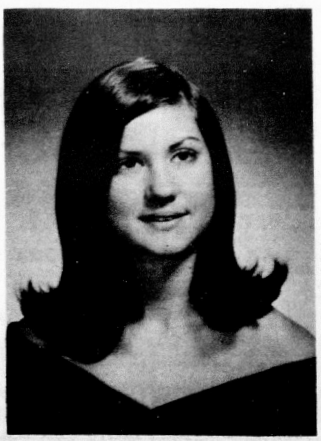

If you would like to know about the size of an eight pound bass drop by the Snyders and see the head of such a fish, caught by Leslie Snyder a few days ago. This good luck should sharpen the ambition of fishermen to try their luck.

Forty-three attended the Bingo Friday night at the Hall. After not winning Leo Pertl decided it takes concentration, which he suggested to his sister, Mrs. Blodgett, who is their guest. The concentration idea surely did help, since Pertl won immediately and Mrs. Blodgett won the grand prize.

Mr. and Mrs. Stanley Walls of Crawfordsville, Ind., and wintering at Bradenton, were callers on the Paxtons Monday.

Mrs. Seth Bell, her daughter and mother of Punta Gorda were callers of the Wandovers Monday.

Neville Clark left for her home in Memphis last Saturday. It is uncertain if she will return to Southland another season. For health reasons she felt it better she return to Memphis.

Miss Ann Mandis, daughter of Mr. and Mrs. Walter Mandis of Lotela Road has been formally initiated into the Gamma Epsilon Chapter of the Kappa Delta Sorority, Florida Southern College.

The formal initiation followed "White Rose Week," a week filled with activities.

Ann was also chosen the outstanding pledge of her class.

Letter To The Editor

On January 24, my wife and I took some friends from Arcadia and Babson Park to the first Avon Park Band concert this Winter and all of us were very impressed with the way Mr. MicKunas can influence students at such a young age to understand and love music.

In my opinion the opening of the seasons concerts and the programs were excellent. I noticed that Mr. MicKunas is trying to pro-long the life of old outstanding composers and to introduce the young composers. To introduce guest artist of outstanding ability.

Mrs. Jones is not just a singer, she is also a psychologist, she knows what the old, middle-aged and young like. Mrs. Metcalfe was good as an accompanist and always as a pianist and arranger of her programs.

Lester Brown.

RAY-ARCs Take Students Bowling

Saturday, Jan. 30, the RAY-ARC members of Highlands County took the students of Ridge Area Day School and the Work Activity Center on a bowling trip and a visit to the fire station in Sebring, after which they enjoyed crackerjacks on the lawn of the fire station.

Members going on the trip from Sebring were, Janie Brandt, Sally Pogany, Becky Leophart, Pauline Orr, Sadie Orr, Gail Whitehead, Terry Pyle and Karen Eldredge. From Avon Park: Bobbi Newton, Debbie Ward, Sandra Allen, Melody Brophy, and from Lake Placid: Steve Marine, Carrol Lipham. From The Highlands Girls School: Wendy Frank, Ann Starnes, Terri Hill and Robin Thompson.

Students attending were: Melvin Barber, Harold Dyer, Margaret Ann Barnes, Yolanda Snell, Eugene Pugh, Rocky Nicholas, Robby Ward, Minnie Sue Reid, Debbie Galimore and Cellest Woods.

The RAY-ARCS held a meeting at the Highlands School for Girls on Thursday, Feb. 4, at 6:30 P.M. February activities discussed were the Valentine dance to be held Thursday, Feb. 11 at the First Christian Church in Sebring, with a band from the APCI playing. They also hope to have a pancake sale and a booth at the fair.

The next RAY-ARC meeting will be held on Thursday, Feb. 18, at the Highlands School for Girls, at 6:30 P.M. Anyone interested is urged to attend.

When you talk about your troubles all the time, the world will soon think you like 'em, and give you still more.

Guests Named At Jacaranda Hotel

Winter guests now at the Jacaranda Hotel include the following: Mrs. Ruby Stewart, Valparino, Ind.; Mrs. Vernon Christie, Farwood, N. J.; Mr. and Mrs. C. B. Stafford, Fairmount, N. C.; Mr. and Mrs. J. C. Rothschild, Bucyrus, Ohio; Mrs. Grace Fuller, Amsterdam, N. Y.; Paul Teetor, West Islip, N. Y., Mr. and Mrs. W. P. Coffman, Shelbyville, Ky.; Leroy Luce, Nashua, N. H.; Mrs. L. M. White, Mexico, Mo.; Mrs. Rose Kidd, Richfield, N. J.; Coy Thomas, Mrs. Ruth Jenkins, Farmington, Mich.

Also Mrs. I. Leimheinser, Mrs. Pauline Bragg and Miss Millie Pearson, Bailey, N. C.; Mrs. James Connell, Pewaukee, Wis.; Miss Ida Markell, East Brady, Pa.; Miss Maryland Walton, Havana, Ill.; Mr. and Mrs. Henry May, Buffalo, N. Y.; Mrs. Ruby Bicknell, and Mrs. Nellie McClelland, Sullivan, Ind.

These people are at the hotel at this time and are happy to be in the sunshine city of Avon Park away from as much as five feet of snow in some of the hometowns.

Many are here for the first time, however, several have been coming to the Jacaranda for as many as 13 to 30 years. This speaks well, not only of the hotel but also for the business people in town who deal with the visitors and make them feel like this is really their home away from home.

Miss Millie Pearson will be remembered as a school teacher who resided for a long time at the hotel. She can recall many of her former students and all remember and thank her for what she did for them.

The Jacaranda Hotel is owned by Mr. and Mrs. Zig Callaway and is presently operated by their two sons, Smitty and Harold.

Levee To Be Constructed On Arbuckle

The Game and Fresh Water Fish Commission has awarded a contract for the construction of a levee on Arbuckle Creek, in the Avon Park Wildlife Management Management area.

It was also agreed at the meeting to lift the bag limit on fresh water game fish in several counties. Highlands County was not among those that were listed. The reason that it was lifted was due to the low water conditions prevailing throughout most of the areas. This is done also so to allow the fishermen to have the opportunity to harvest the fish resources, which otherwise would be wasted due to impending fish kills created by the low water conditions.

The commission also agreed to conduct a series of public meetings throughout the state for the purpose of discussing hunting and fishing regulations with the sportsman of Florida. The meetings will be held in late February and early March, the dates of these meetings as well as the locations will be announced at a later date.

AUTOS FOR SALE

It's the things we leave out of a Volkswagen that make it work so well.

We leave out the radiator. So the engine will never boil over or freeze and leave you stranded somewhere. (Don't worry. It's air cooled.)

We leave out the water hoses and water pump, too. Still fewer parts to break down and leave you stranded.

We leave out the drive shaft. You know, the long bulky thing that transfers power from the engine up front to the drive wheels in back. (Always losing a little power along the way.)

Instead, we put the engine in back, right over the drive wheels. Where it'll put its power right to work moving the car.

As soon as we can think of something else to leave out, we'll leave it out. Just as soon as we can decide on the best place not to put it.

Accent on Learning, Fun Feb. 22-27

Highlands County Fair is — from the point of view of its veteran manager — Education Week. Bert Harris, Jr., county agriculture agent and the county fair manager, sees Feb. 22-27 as a time for "everyone to learn something."

Harris says that when he talks with fairgoers he first asks, "What have you learned? I am always disappointed if someone talks to me in terms of the rides they have ridden on or the cotton candy they ate. Everyone should have a good time, but the Highlands County Fair's main purpose is to educate."

He likes to point out that the list of exhibitors in the educational and commercial buildings grows from year-to-year and now the 35-year-old fair has a waiting list.

"Throughout the state our livestock show is considered a model show. It is not a large show but the quality improves each year. This year we did not have a borderline steer; all the

Miss Highlands County Receives Scholarship, Cash and Crown

Winning a beauty contest is a thrill for any girl, but the Miss Highlands County crown brings concrete benefits as well as a boost to the morale.

The queen receives a cash prize of $125 and a $300 scholarship to the Patricia Stevens School in Tampa. (The modeling school in Tampa is the alma mater for the new Miss Florida).

The runner-up will receive a $75 cash prize and the second runner-up gets a $50 prize.

The annual Miss Highlands County contest is sponsored by the Firemen's Auxiliary. Auxiliary president, Mrs. Bob Wolfe, has been working on the contest arrangements.

She has been assisted by the Future Homemakers of America chapters at Sebring, Avon Park and Lake Placid high schools.

The contest is scheduled for 7:30 P.M. on Monday, Feb. 22, and out-of-county judges will select the winners in the two-part show. The queen candidates will appear on stage in pantsuits and in evening gowns.

The pantsuits competition replaces the traditional bathing suit part of the beauty contest.

The winner will be crowned by the outgoing queen, Miss Donna Sue Long, a SHS senior.

Fair Ticket Prices Stay At '70 Level

The Highlands County Fair Association is holding the line on prices this year.

Gate admissions for each day of the county fair will be 75 cents for adults and 25 cents for children. This is the same price schedule that has prevailed for several years.

"The fair is probably the only thing in town that has not changed its price in the past two years," Assistant Fair Manager Tim Hurner observed.

Ticket office for the fair opens at 6 P.M. on Monday, Feb. 22, and at 1 P.M. on all other days of the fair, Tuesday through Saturday. The fairgrounds closes at 10 o'clock each night.

Girl Scouts To Show Outdoor Theme at Fair

An outdoor theme will prevail at the Girl Scouts' booth in the Highlands County Fair's education building. Grass, trees, flowers and a camp fire will "blossom" at the center of the booth.

Each Girl Scout in the county is being encouraged to participate in the fair by entering some craft in the handcrafts display, a picture, a decoration and by singing with her troop around the campfire in the booth.

The Girl Scout colors of green and yellow will be used throughout the booth.

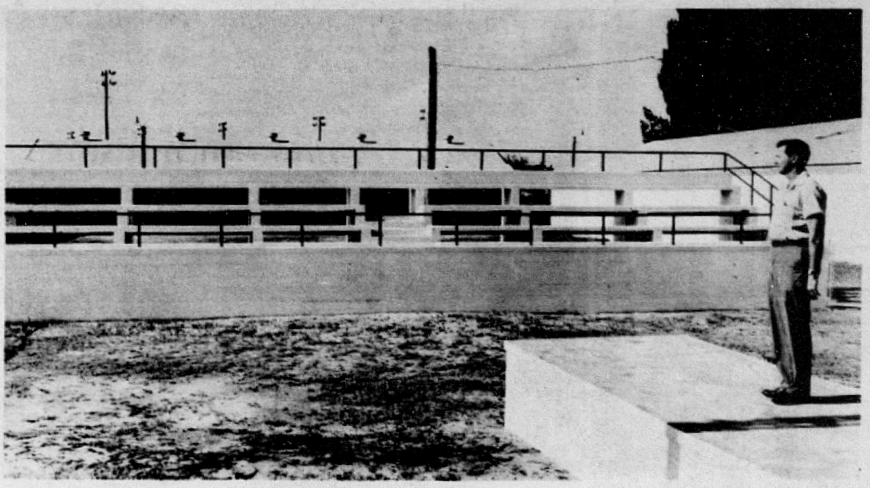

PLANT PEST CONTROL

Programs to control the burrowing nematode and the imported fire ant will be explained in displays in the United States Department of Agriculture booth at the county fair. The plant protection division of USDA is to prepare the display.

There Will Be a Midway

AGAIN this year Blue Grass Shows, as they have for many years, will provide the carnival and Midway for the Fair.

NEW GRANDSTAND at Highlands County Fairgrounds will hold many more viewers for fair events taking place on the stage. Eldridge Pollard (at right) who is in charge of ticket sales for the fair looks over the new stands, which he estimates, will hold 200 spectators.—News Photo

Dear Friends:

This is the fourth year that I have had the pleasure of welcoming each of you to the Highlands County Fair; as always, I extend cordial greetings from the Board of Directors and all the participants in the fair.

Each year it is our goal to improve the quality of the fair as a whole, and also to improve the facilities of the fairgrounds. This year, our facility improvement was in the construction of a livestock arena, plus a new permanent grandstand in the stage area. These facilities will enable our patrons to view not only the finest livestock in the fair, but also to see the loveliest of young ladies compete for the coveted crown of Miss Highlands County of 1971.

We have set our fair dates back approximately one month this year, in an effort to ease some of the tension after the holidays, but more so in hopes of having better weather conditions during fair week. We've made the effort, now let's see how lucky we are!

Welcome again to each of you! Enjoy yourself and see the fair in its entirety; after all -- we put it together just for you.

Sincerely,

Russ Albritton, Jr.

BAR to Have Booth

A COLORFUL exhibit from the Bureau of Alcoholic Rehabilitation, Avon Park, will be on display next week at the Highlands County Fair in Sebring. APCI Bands Will Play on Four Nights

Four different musical groups from the Avon Park Correctional Institution will play at the county fair next week. They will play on the stage with each night's program scheduled for 7:30.

A country and western band, Rhythm Ramblers, is scheduled for Tuesday night. The Soul Impact, a jazz and soul combo is slated for Wednesday.

A rock and contemporary group, Ball & Chain Express, is to play on Thursday. Friday night's music will be provided by The Red Toppers, a brass band.

At a booth in the education building many aspects of the APCI program will be presented.

Chairman

FORMER County Commission Chairman Carl McIntyre, of Sebring, again this year is chairman of the junior livestock show and sale. This event is sponsored by the Highlands County Cattlemen's Association, Bruce Blount, of Lake Placid, president.

Again There Are Special Days For Children

Most characteristic sounds at the county fair on Tuesday and Wednesday afternoons are screams and squeaks of delight from hundreds of school children.

Children from the Avon Park and Lake Placid areas are excused from school early for the 2 to 6:30 P.M. observance of Children's Day on Tuesday. The Sebring area observance is on Wednesday, 2 to 6:30 P.M.

Rides on the midway are reduced in price for Children's Days, and youngsters who have been saving money for the occasion can make a dollar go a long way toward happily scaring themselves to death and taxing their stomachs.

POULTRY EXHIBITS

Two variety of chickens will be shown in the poultry division of the 1971 Highlands County Fair. Entry papers have been received for Rhode Island red and barred rock roosters and a Rhode Island red hen.

The nymph of a dragonfly travels under water by jet propulsion—it intakes a quantity of water, then expells it rapidly, forcing its body along.

String Ensemble Will Play For Fair Saturday

An innovation in the county fair for this year is a program of classical music. The Highlands Art League String Ensemble will play at intervals from 1 to 4 P.M. on Saturday, Feb. 27.

Mrs. Grace Marmon is leader for the ensemble which frequently plays at receptions and art shows at the Art League's gallery on Center St.

The ensemble will play at the Art League booth in the education building at the fairgrounds.

Fair Manager Bert Harris, Jr., said, "We are happy to include the string ensemble in the fair program this year. We hope classical music 'fans' will come out to hear the music on Saturday afternoon."

Fair Booth To Show Progress In RAARC Work

In a display at the county fair the Ridge Area Association for Retarded Children will demonstrate how the retarded are being helped in Highlands County through study, work and play.

A Work Activity Center providing vocational training and work experience for retarded teenagers and adults has opened within the past year. The Center's work will be accented in a picture story on display in the RAARC booth.

Other pictures will show the Ridge Area Day Schools — at Avon Park and Lake Placid — in operation. Pictures from the Summer Fun Camp for retarded children and the annual campouts for retarded children will be shown.

Members of the Ridge Area Youth Association for Retarded Children will assist in preparation and manning of the booth.

RAY-ARC is the largest youth organization working with retarded children in the state of Florida.

entries surpassed the show's minimum requirements.

"We have had visitors here from other counties to observe and ask for help on how to conduct a livestock show and sale," Harris boasts.

Association Invests

The fair association invests about $875 in the livestock show portion of the fair. Admission fees provide most of the funds the association spends on various parts of the fair. The budget for the comunity booths is $395, and the beauty contest investment will be about $325.

The association also plows back profits into improving the fairgrounds. This past year $4,485 was spent on building a new grandstand at the stage and improving the stage.

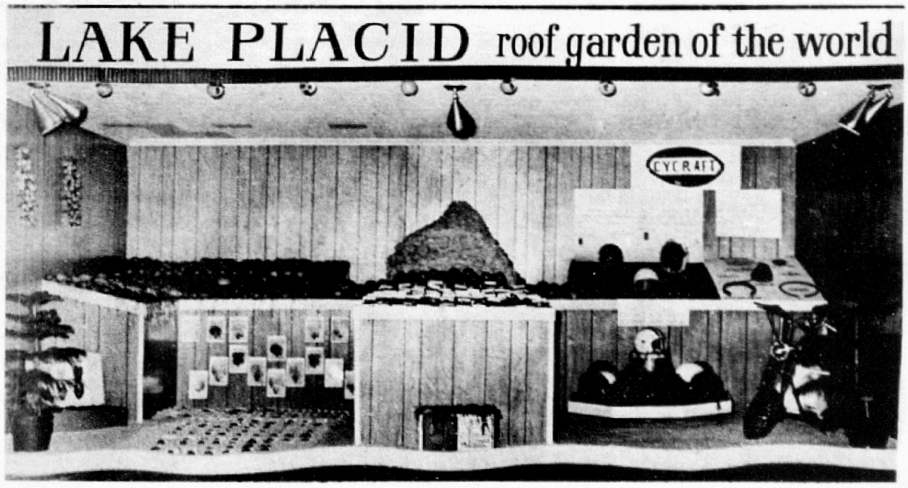

Pavements throughout the fairgrounds have had $1,500 worth of improvements.

"The fairgrounds are used throughout the year for community events and each improvement benefits the community for the whole year," Harris explains.

Lake Placid Ties for Second Place

THE LAKE PLACID community booth, consisting of an exhibit of diversified products, took second place last year, tying with Sebring. An outstanding exhibit is promised for this year's fair.

SEBRING shared second place with Lake Placid in the 1971 county fair. Judging was on general appearance and arrangement, originality, educational value, the number of varieties in citrus (53 shown here) and the quality and marketability of the citrus displayed. The booth was prepared by Sebring Jaycees, under the direction of Larry Lahr. Ron Cross, booth chairman, will have charge this year.

Citrus Advisory Committee Plans Fruit Display

Citrus is one of Highlands County's most important products, but few county fair exhibits are tied to fruit.

Fairtime falls during harvest and few grovement can give time to a fair booth. The Highlands County Citrus Advisory Comittee will have a display at the 1971 fair.

The Committee expects to display gift fruit packages which are available in the county. This display will be in the education building.

Canal Shutdown Said Defiance of Congress

The president of the National Rivers and Harbors Congress has called President Nixon's action in halting the Cross Florida Barge Canal a "defiance of Congress and of the separation of powers which exist between the executive and legislative branches of our government."

The organization president, Dale Miller, said he believes "the Chief Executive arrogated upon the Presidency a power which that office does not rightfully possess."

Miller said since there was no natural disaster to provoke the intercession by the President, "I think any reasonable person would agree that the proper procedure of stopping a project would be to request Congress, who had authorized the project to begin with, duly to undertake its authorization."

He continued, "The President could have requested that hearings be held and appropriate action taken and he could even have suspended construction for a time while such consideration was underway, but he chose the dictatorial and not the democratic course."

The act also presents a grave threat to other water resources development project, according to Miller. "If a President can willy-nilly exert such authority in a major project well under construction, one can easily imagine the instant vulnerability of any project, large or small, anywhere in any stage of planning or construction, which might fall under the suspicious eye of a bird watcher . . ."

Acknowledging the seriousness of water conservation problems, Miller said, "I do not deride the conservationists' crusade." He added that developers of water resources should be "eager partners with all individuals and groups who are earnestly committed to the dual responsibility of serving the ever growing needs of the American people and of enhancing their quality of life."

He said, "The dual role includes not only conservation consideration" but also "the demands of a growing population for goods and services of all kinds."

A plan to merge the National Rivers and Harbors Congress and Water Resources Associated into a single organization to be known as the Water Resources Congress will be voted upon by members of Miller's association at their annual convention in March. Water Resources Associated members have already approved the merger.

Small Interest Shown in Union Organizing Try

Efforts of the AFL-CIO to organize nurses, county and city employes apparently met with a small response last week.

T. S. Yeager, administrator at Highlands General Hospital, said he and Mrs. Doris Lyon, representing the nurses and LPNs, had planned to go to the meeting last Thursday and sat outside waiting until people arrived.

"But we only saw four people go in and we did not think that was enough of a meeting," said Yeager.

He said he only saw two people from his housekeeping department go in—no nurses or LPNs.

'Good News Glove' Theme Children's Visual Story

The Child Evangelism Fellowship of Highlands County will present a visual story for children several times each day during the Highlands County Fair.

At the booth — which is shared with the Christian Men's Committee—the Child Evangelism workers will present the story, "The Good News Glove." Each child attending a presentation of this story will receive a small gift as a reminder of the story.

The booth is in the education building.

PRISONER REHABILITATION

All aspects of Avon Park Correctional Institution's work in rehabilitating convicted felons will be presented in the APCI exhibit at the county fair. The APCI booth is located in the education building.

Cornwell Lad Had Grand Champion

CORNWELL'S 14-year-old Steve Fitch showed the grand champion steer—a 1,120 pound Hereford which brought $1.05 per pound. Publix Supermarkets paid the $1,165.50 price. With Steve are Jim Gilliam, meat department manager of Publix, and Pat Cooprider, manager of Publix.

Angus Steer Wins Reserve Grand Champion

ROBIN McROY of Sebring showed the Reserve Grand Champion steer, a 790-pound Angus at the 1970 county fair. First National Bank of Sebring paid 70c a pound for the animal which netted Robin $553. This was five cents higher per pound than paid for the previous year's grand champion. Above are Jim Crawford, executive with the bank, Robin, and Fair Queen Carla Lee.

Tears Flow as Animals are Sold

JILL DRIGGERS, of Lake Placid, right, looks sad as she holds her steer at the auction during last year's Fair. Tears flow freely as the youngsters say good-bye to their steers. All entered are sold for slaughter. This 915 pound animal brought Jill 45c per pound. It was purchased by Crews and Peebles Tractor Co., Avon Park. Sonny Peebles stands beside Jill.—News-Sun Photo

Art League Tells Rules For Show

Again this year, the very active Highlands Art League will sponsor an art show at the fair.

President Mrs. Frank Crowder announced the following rules of entry, categories and awards:

Two classes: Professionals and Amateurs who will not compete against each other.

Professionals defined as: anyone who teaches or has taught art or who has won national recognition, or who deems himself to have attained that level. Amateurs: those who are students or deem themselves fellow artists.

All medias shall be judged in following categories in each group: Landscape & seascape; still life; portrait; modern; three dimensional (carving, sculpture, crafts, etc.); non-category.

Prizes and Awards

Best of show, ribbon.

Each category, first place, ribbon; second place, ribbon; third place, ribbon; honorable mention, ribbon.

There will be a separate high school and children's section with the same category of awards as above. Special blanks pertaining to the school children will be mailed to art teachers and school principals. Any questions could be referred to Lillian Depp.

General Rules

All entries must have been completed within the last two years.

All entries must not have won an award in this area prior to this time.

All entries must not have been shown at the County Fair previously.

All pictures must be suitable for hanging.

All entries must be brought to Fireman's Field Educational Building at Sebring, on Monday, Feb. 22 between 10 A.M. and 2 P.M. All entries must remain on exhibit until 10 P.M., Saturday, Feb. 27. Limit per artist: total of four. Limit to size: 30x36.

All entries in the professional class must be originals.

All art items sold during the Fair are subject to a 20% fee subtracted (for Art League) plus 4% state sales tax.

FFA Members Show 2 New Breeds of Cattle

New breeds account for many of the animals entered in the Highlands County Fair Livestock Show. Future Farmer of America members at Sebring, Lake Placid and Avon Park High Schools have raised the entries.

This year, for the first time, four Charolais are entered. The big white steers are making headlines in the beef industry as the breed to put "more meat on the table in less time" than any other beef cattle.

Another newer breed, Santa Gertrudis, is represented in two entries. Like the Charolais, this is a large-frame breed, but the Santa Gertrudis is red.

The other livestock entries are from the more familiar breeds — Hereford and Angus.

School to Project Optimistic Outlook

The optimistic outlook for Highlands County schools in the decade of the '70's will be accented in the public schools' booth at the Highlands County Fair.

Theme of the booth is "Under the Rainbow."

Glenn Odham of the county schools instructional staff is heading the committee planning for the displays in the fair education building.

"Completion of Lake Placid and Fred Wild elementary schools . . . major additions at Lake Placid High School . . . new high schools at Sebring and Avon Park give positive evidence the people of Highlands County want the best schools for their children," Odham said.

"The availability of new equipment and supplementary materials in all classrooms is further evidence of the progress toward an improved program.

"In depth studies in new concepts and classroom procedures in the fields of reading, science, math, English, social studies and special education gives impetus to the educational involvement of the whole child," Odham said.

The schools' display will emphasize these advances, Odham said.

NEWSPAPER DISPLAY

A picture story on the production of a daily newspaper will be featured in the Daily Highlander booth in the Highlands County Fair's education building. The display will include old papers, some dating back to 1920.

Life expectancy in the Netherlands is 72 years, the world's highest.

An introductory offer to people who have never owned a Chrysler.

We want to introduce as many people as possible to the finest-designed, best-built ROYAL Chryslers we've ever offered. So we're coming through with the Royal. A brand-new series of Chryslers. At a new low price. $112* less than any other Chrysler series.

Coming through in a big way.
Royal is every inch a Chrysler. Uncompromisingly full-sized.

It's also a bigger car than our chief competition, Buick LeSabre and Olds Delta 88.

With a roomier interior.

And a bigger trunk.

A matter of inches.
Our new 360 V-8 is ten cubic inches bigger than the engines on Buick and Olds.

More important, especially in a car this size, our engine comes through with more horsepower.

All on regular gas.

A difference of opinion.
LeSabre and Delta come with coil spring suspension systems. The Royal uses torsion bars.

They'll tell you coil springs are better. We'll tell you torsion bars are. Who's right?

Well, we urge you to try them both and make up your own mind.

It is interesting to note, however, that GM does use torsion bars on two models; one of the most expensive Cadillacs, and the most expensive Oldsmobile.

Now are we coming through?

Embarrassing questions.
Ask your Buick or Olds dealer about options. An electric sliding sun roof?

Or a stereo cassette player available with a microphone?

In reply, all you'll get is a red face.

Royal, on the other hand, lists both of these features on its long option list.

Built and engineered with extra care.
The Royal body is a single solid unit. Unitized with over 5000 individual welds.

The competition uses bolts to mate the body to the frame.

On a test drive you probably wouldn't notice any difference. But the differences are there.

Our Unibody is stronger for one thing. It also stays tighter longer. So there is less chance of welds and seams opening up and forming rust pockets.

Another thing to remember is that Royal has no body bolts to work free and rattle after, say, a year or so of driving.

A car for people ready to move up.
Chrysler Royal. An introduction to Chrysler luxury and quality.

Coming through at a price you can afford.

That's our offer.

Welcome to Chrysler.

Firemen Moving Force of Fair

Sponsoring the Highlands County Fair is only one of the "non-fire-fighting" jobs which has been taken on by the Sebring Firemen, the community's "work horse" organization.

In the late 1920's, then County Alsmeyer and County Commissioner A. L. Butler had promoted the first Highlands County fairs. These fairs, held at Lakemont, were excellent but probably were not self-supporting and required tremendous amounts of work from a few active sponsors. In the early 1930's, no fairs were held.

The Sebring Firemen during the Boom of the twenties had sponsored a carnival on the block where the old Tourist Club on Ridgewood was built. Later the Firemen refused to sponsor this type of project which they said "performed no beneficial service to the city even though the public seemed to patronize them generously, thereby indicating that they wanted something of this type of amusement."

There Was a Carnival

Late in 1935 a carnival company had contacted the Firemen and stated that if the Firemen did not sponsor a carnival, the company would operate here independently.

At this point the idea of reviving the county fair was considered and in due time, the contracts signed. The carnival then became attached to a worthwhile program instead of operating as an end in itself.

According to "The Story of the Sebring Firemen," the first fair staged by the Firemen, in 1937, is remembered within the organizaiton as something of a nightmare.

"As the men were all inexperienced in this line of endeavor it is understandable that some mistakes should be made," related the "Story of the Sebring Firemen."

"The carnival company had been investigated properly and appeared to be reliable but they failed to meet financial responsibilities to the local group and left town without settling obligations.

"However, the late C. Elton Weaver "followed them doggedly from one location to another until he collected the money due."

Whatever the Firemen lacked in skill and "carnival type" acumen, they made up in enthusiasm; and the public responded. The Fair was a success."

Held on Ridgewood

At first the rejuvenated Fair was held at the Northern end of Ridgewood Drive. After two years it was moved to the corner of Lemon and Orange Streets — a location that proved inadequate because of limited parking facilities.

At the end of World War II, the Firemen acquired a permanent Fairground by buying many small parcels of land in an old subdivision lying between Kenilworth Boulevard and the Firemen's baseball field.

Leaky, flapping, but nonetheless expensive exhibit tents were the next problem. A step toward solving this was the construction of the first permanent building. A 40 by 200 foot concrete block structure was completed by the end of 1948. With financial assistance from the Florida State Legislature, two metal buildings were constructed in the fifties. A four building was completed in 1962.

In 1962, the county Fair program was expanded to include the exhibits of the annual Highlands County Schools' Science Fair.

The sponsorship of the Fair has broadened, too. In 1962, the Firemen sponsored the Fair along with the Cattlemen's Association and the county agricultural extension office.

Chartered in 1937

The Highlands County Fair was chartered in 1937. While it operates under a separate charter and is a separate corporation, the Fair Association is closely tied to Sebring Firemen, Inc. Fair Association members of the Firemen.

In the beginning, Fairs were housed in big tents which leaked rain and cold air and flapped so noisily, livestock became frightened.

With the purchase of the land at the present firemen's field, which also is known as the Highlands County Fairgrounds, the first permanent building was erected at a cost of $7,450. This was in 1948.

The annual beauty contest at which Miss Highlands County was named, became a fair feature in the years after World War, II and in the mid-50's the stage was built between two exhibit halls especially for the beauty contest. Blue Grass Shows have supplied the carnival Midway for many years.

President Altvater

The first Fair Association president was Allen C. Altvater. There were 25 subscribers listed on the Fair Association's articles of incorporation. Ten of these are still Sebring residents. They are Altvater, Ray Morgan, Fred Wheeler, Hal Long, Bob Butts, W. H. Dutton, C. Brandon Jones, Tommy Whitehouse, Joe M. Stiles and Postmaster Ray Graddy.

An estimated 20,000 people visit the fair each year. A record of paid admission was set in 1968 when 11,829 went through the turnstiles. This compared to 10,871 in 1969 and 9,460 in 1970. Add to this an estimated 8-10,000 school children who are admitted free each year.

Last year's attendance was cut down by extremely cold weather, the worst in many years. The Fair this year was moved forward into February by several weeks to try to avoid bad weather.

Sponsors

The Fair now is sponsored by the Highlands County Fair Association, an offshoot of the Firemen. The Highlands County Cattlemen's Association sponsors the Junior Livestock Show and the county extension office the agricultural and educational exhibits.

County Agent Bert Harris, Jr., again will be manger of the Fair this year, assisted by assistant county Agent Tim Hurner. Russ Albritton again this year is president of the Fair Association.

Student Government Association Booth Presents SFJC Programs

South Florida Junior College's Student Government Association is sponsoring a booth at the Highlands County Fair's education building.

Joseph C. Smith, president of the Student Government Association, said, in explaining the booth plans, "It is our hope to answer questions asked by those individuals interested in furthering their education at South Florida Junior College."

Smith added, "South Florida Junior College is dedicated to providing quality education, in the broadest sense of the term, to all who desire to further cultural development."

He said five aspects of SFJC's program will be explained at the booth — the college parallel program to prepare students for Bachelor's degree work at a four-year college, technical and general programs to prepare individuals for employment in local industries; adult programs to improve individual efficiency and provide cultural enrichment; adult programs to prepare the individual for a vocational career; provide a focal point for cultural enrichment of the community.

Junior College Exhibit at Fair

SOUTH FLORIDA Junior College will have a booth from which representatives will hand out literature and information. Last winter's booth is shown with Wayne Brantly and Betty Ann Baker in the background.

New Zealand Doe Wins for Rick

RICK LILYQUIST'S big brown doe rabbit shown here by Rick, and the white New Zealand buck in the background took first place in the rabbit breeding class at last year's Highlands County Fair. The exhibit was considered outstanding, and another fine exhibit is promised for this year.

Live Demonstrations For Home Ex Booth

Live demonstrations will highlight the Highlands County Extension Home Economics Homemakers participation in the county fair this year.

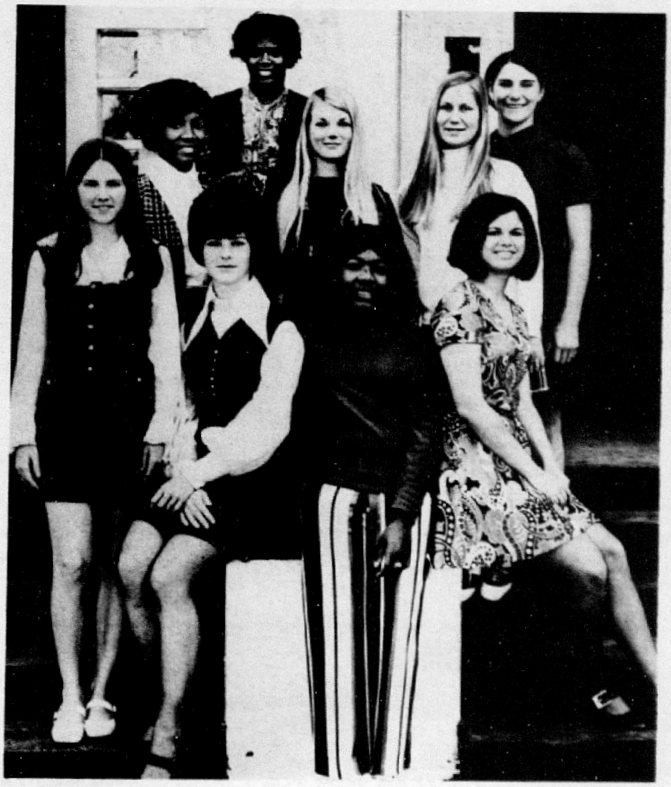

County extension home economist, Miss Ellen Landfair, has announced a schedule of six skill demonstration for fair week. All these demonstrations will be at the homemakers booth in the education building.

The first three days sewing skills will be emphasized: Monday, 7:30 to 9 P.M., making men's ties; Tuesday, 3:30 to 5 P.M., and 7:30 to 9 P.M., working with knit fabrics, especially in skirt making; Wednesday, 7:30 to 9 P.M., making lingerie.

The first of two food demonstrations is scheduled on Thursday — 3:30 to 5 P.M. and again at 7:30 to 9 P.M. making of food garnishes. On Saturday, 3:30 to 5 P.M. and 7:30 to 8 P.M., using Florida citrus fruits will be demonstrated.

The demonstration for Friday —3:30 to 5 P.M.—will be making of special pressing equipment.

In addition to the demonstrations, the homemakers' council has planned for displays reviewing the council's special projects for the year. These projects include studies in foods, clothing, consumer information, safety and family life.

Some 30 Commercial Exhibitors at Fair

Variety is a keynote to the 1971 Highlands County Fair's commercial exhibits. The number of commercial exhibitors has been growing each year, according to Jack Masters who heads the committee on these exhibits.

By early February Masters had a list of 30 companies which were planning for fair displays.

These include Tampa Music Co., Lane Music of Avon Park, Butler and Still building supplies, Hart Memorials, Central Builders, Sides Auto Parts, Lahr Nursery, Sebring Mobile Home, Ridge Florists, Woolliscroft Inc. insurance, Art Timperio motors, Burke Pest Control, Mid-State Cycle, Henry Caffee's Knapp shoes.

Wells Motor, World Book, Roberts Motors, Hunter's Store, Crews and Peebles tractors, Sears, Dot Harrell music, Thompson's Sewing, Mrs. Grunberg household products, Young Sign Co., Coker Flel, Built-Rite Cabinets, Thompson TV, Bartee Marine, Inc., Daily Highlander newspaper.

Community Exhibits To Show Varied Activities

A score of community concerns will be represented with exhibits in the education building at the 1971 Highlands County Fair.

One of the new exhibits is related to a national concern—the plight of men being held by North Vietnam as prisoners of war.

One of the largest exhibits will be the Highlands Art League's annual show and contest.

Sebring, Avon Park and Lake Placid will each have a community booth emphasizing the unique beauties and businesses of their respective areas.

Government Agencies

Governmental agencies will have some educational exhibits. One display will show pest control work in the plant industries. Another exhibit will be run by the Florida Bureau of Alcoholic Rehabilitation.

Avon Park Correctional Institution will be represented by an exhibit and two evenings the APCI band will play on the evening program.

Highlands County Civil Defense Department will have a booth.

Florida Forest Service will have an educational display.

Youth Orientation

Many of the booths in the education building have a youth orientation. These include the displays from South Florida Junior College, Highlands County public schools, Ridge Area Association for Retarded Children, Boys Scouts, Girl Scouts, 4-H clubs of the county.

The county home demonstration council has planned a display of special projects and daily demonstrations.

Cow Belles of Highlands County will have a booth again this year. Christian Business Men's Committee and Child Evangelism Fellowship will share a booth.

The citrus industry will have a display.

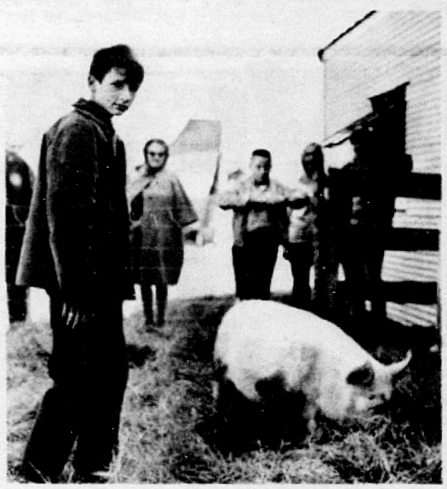

RABBITS AT FAIR

Two breeds of rabbits are to be on display in the livestock division of the Highlands County Fair. Future Farmer of America members have pre-filed registrations for displays of red satin and white New Zealand rabbits. Judging for poultry and rabbit entries is slanted for Tuesday afternoon.

No Bathing Suits!

FOR THE FIRST TIME, contestants in the Miss Highlands County contest will not wear bathing suits—they'll wear pant suits. Like the one Donna Sue Long, Miss Highlands County, is wearing. Fair Association chairman Russ Albritton compares the bathing suit with the pantsuit.

Swine Are Shown

THIS red ribbon winning hog of Kenny Pearce has long since been pork chops. It was Bimbo Pearce's hog (dubbed Arnold) which got loose causing such a furore at last year's Fair—and ended up as pork chops on Tim Hurner's table.

Lone Swine Entry Result of Cholera And Low Prices

Outbreaks of hog cholera and low pork prices in recent years have combined to virtually drive swine out of the Highlands County Fair's livestock show.

Future Farmer of America members, who raise the entries for the livestock show, are reluctant to spend great time and effort to meet the extra restrictions imposed after the cholera outbreak, Assistant County Agent Tim Hurner said.

This year Bruce Prescott of the Lake Placid FHA has entered a Duroc-Poland China cross in the fair's swine show—the lone entry in that show.

Hurner said even with one entry the show is worthwhile for it gives young Prescott an opportunity to have his animal judged.

Dairy Animals Must Be Purebred or Grade

1. Dairy entries must be owned by the exhibitor and on feed 100 days prior to the show.

2. Dairy entries must be halter broken and properly trained.

3. Dairy animals must be purebred or grade. All grade animals must be of good type and conformation and must show the predominant characteristics of a recognized dairy breed. No grade bulls can be entered.

4. A sifting committee will tour the county prior to the Fair to inspect the entries to see if they are eligible. Approval at this time does not guarantee admission into the show. Animals must have good dairy conformation and proper size for age.

5. Health requirements for Dairy Animals will be found in the Appendix.

6. Dairy animals will be classed as follows: Dairy Bulls or Heifers

Class A—6-12 months of age.
Class B—13-18 months of age.
Class C—19-24 months of age.
Class D—25 months and older.

Age is subject to check by the Highlands County Livestock Committee.

7. Official judging in the Dairy Show will be immediately following the Fat Steer Show on Wednesday.

8. A Showmanship Contest for Junior Exhibitors will be held on Wednesday following the Fat Steer and Dairy Shows. Entries will be limited to those with Fat Steers and Dairy Animals.

9. The Dairy sale will begin immediately following the Fat Steer Sale on Friday. The order of sale will be determined by drawing lots, except for Grand Champion and Reserve Grand Champion to be sold first and second respectively.

10. Any exhibitor selling his animal has the choice to "No Sale" his animal at the time the auctioneer sells him, however, the animal must be returned to the barn immediately and cannot be sold in the Sale.

CBMC and Child Evangelists to Share Fair Booth

The Christian Business Men's Committee of Sebring and the Child Evangelism Fellowship will share a booth at the county fair.

From their exhibit area in the education building these groups will distribute religious tracts and small Bibles.

The CBMC has as its slogan, "Diligent in business; fervent in spirit; serving the Lord."

First Runnerup Now Is The Queen

THE PRETTY hazel-eyed brunette who won the Miss Highlands County title at last year's fair, abdicated when she married and moved to North Carolina. So the reigning queen this year is petite Donna Sue Long, daughter of Mr. and Mrs. Max Long, of Sebring. At right is Beth Smith, Sebring, who was second runnerup last year.—News Photo

Avon Park Community Booth Takes First Place At Highlands County Fair

SMILING HAPPILY, Miss Highlands County, Monica Sauls, of Sebring, center, and her court posed for pictures after their victory at Highlands County Fair Monday night. At left is first runnerup, Debbie Scott, of Avon Park, and at right, second runnerup, Beth Smith, of Sebring. (Story Page 2)

Bigger Crowd Attends Opening Night

Balmy weather . . .
A 40% bigger Midway . . .
A "biggest" opening night crowd . . .
More exhibitors than ever before . . .
More pretty girls in the Miss Highlands County contest . . .

And the 35th annual Highlands County Fair is off to what appears to be its biggest and best run in history.

"Two days of beautiful weather, two days of excellent turnout, we are off to a real successful start," declared Fair Association President Russ Albritton Wednesday.

"I am very happy we moved it to a later date because it attracts a bigger crowd and a few more exhibitors. We feel people can enjoy the fair more in better weather. We are real happy with it all."

Eldridge Pollard, treasurer, reported 1,781 paid admissions opening night, but with exhibitors' passes etc., he said he estimated attendance "about 2,500." It was an estimated 2,000 last year.

Runs Through Saturday

The fair will run through Saturday, opening daily at 1 P.M. and closing about 10 P.M.

The Avon Park Correctional Institute bands play Wednesday, Thursday and Friday nights.

The grand champion and reserve champion steer were to be chosen at the stock show Wednesday afternoon and the fat stock auction will be held at 3:30 P.M. Friday.

Lake Placid and Avon Park school children were admitted free of charge Tuesday and Sebring school children Wednesday afternoon.

Improved Looking

Bert Harris, Jr., fair manager, said, "I think the overall fair is an improved looking fair. I think for a small county fair it is a real good one. I think the educational building is particularly nice this year and we have three excellent community booths. All are a credit to our fair."

Tim Hurner, assistant fair manager, said "I think this is the best group of steers we have ever had at our county fair. From indications we are going to have ourselves the best fair we've ever had. George Crist has more automotive exhibits than he has ever had before and there are more commercial and educational exhibits."

Hurner said there are more steers and dairy heifers entered than in the past five years. For the first time there are Charolais steers.

Dial a Drug

One of the "firsts" among exhibits this year was the "Dial a Drug" wheel in the schools exhibit, a gimmick to provide informations and warning on the various drugs.

In addition to new cars, tractors and mobile homes are on display. There are fancy kitchens, homewares, home-ec and 4-H displays, organs, fruit, landscaping and much more.

On the Midway, it is the year

City Council To Replace Sewer Line On Verona

The Avon Park city council Monday night voted to replace more than 642 feet of damaged sewer line on Verona Ave.

Council further deferred action on a proposal to make chemical seals in sewer line joints in an additional 624 feet of line.

According to figures supplied by City Clerk Malcolm Crews, the sewer line to be replaced will cost about $2.20 per linear foot of 12-inch pipe. The figure does not include installation cost.

On the matter of sewer line joints that need resealing, council deferred action to determine if it would not be more economical to completely replace those lines also. Estimated cost to reseal the joints is $5,370. The deteriorated sewer lines came to light during a recent remote control television inspection of the lines.

IN OTHER action, the board:

City Attorney Hancock reported on the status of settlement with EDCE, Avon Investment Company, Robert W. Herman, President have agreed to purchase the property for $5,-000.00 if permitted to remodel or rebuild on present foundation. They will build apartments similar to those in Golden Age Villas. City is to get back the street right of way. Motion by Mr. Duggan to accept offer to purchase of Avon Investment Company as per agreement outlined by City Attorney, City to receive $1,750.00, taxes to be paid to date, street right-of-way to go back to the City, Avon Investment to pay $5,000 for a deed to the property with good title, Avon Citrus Bank to hold funds in escrow until transaction completed.

Howard said that people across the street had been putting garbage cans on property of O. M. Singletary and he had been billed for it. He was informed that Mr. Singletary had been notified that he would not be billed extra if he put a stop to those persons outside the city who had been putting their cans across the street for city pickup.

Duggan asked for a study of the possibility of the city having a police dog for night patrol work. Martin said Pompano Beach had four dogs which must be trained daily and are trained to work with one man each. He had observed some of the training while visiting his son there.

To write a letter of appreciation to Mr. and Mrs. Walt Pierce and to Don Gossick for the fine air show presented Sunday, Feb. 21, for benefit of the restoration of the band stand, Cliff Thomas was present and reported a total of $434.34 raised for the bandstand.

Hearing On APCI Students Set For Tuesday, March 10

There has been another postponment of the hearing between the Polk County Board of Education and the parents of APCI. The hearing was to be at the February meeting of the board, however, due to chairman Jim Gray, now spending a month in the military reserve, the meeting and hearing will not take place until March 10, at 3 P.M.

A petition from the parents asking that their children be transferred back to Avon Park school, has been under consideration for the past three months. At the last meeting it was expected that the answer to the request by the parents be given. At that meeting it was decided that they wanted to study the problem further before making a decision. A promise that a decision would be made and handed down at this meeting.

Due to the absence of the chairman a change in the date was set so that all members would be present and vote on the decision. Without all being present the vote would end in a tie.

The parents of the pupils now attending the Frostproof school have been fighting with the school board since the change was ordered at the beginning of the school term. They contend that although they are in Polk County their children have always attended the Avon Park schools. They also live within a few miles of the Avon Park schools. The students now under question must attend a school 20 miles away and travel over unsafe roads and also travel for a longer period of time to and from the school, which curtails their activities in church and other activities that are tied to the Avon Park area.

It is hoped that this meeting in March will bring the decision that the students will be able to return to their own school in September.

Avon Park High School Band Auction Set For Saturday

Are you one of those people who like shiny new things? Are you one of us who like old things? Are you one who's neither, but kind of in between? Whatever your preference, we'll have something fo you at the Avon Park High School Band Auction on Saturday, Feb. 27, at 1 P.M., on the Mall, near the old bandstand.

Joe Kinsey, local auctioneer, will be in charge and you're going to be missed if you don't come on down to bid on such items as beds, chairs, a dryer, lamps, dressers and even a calf and a Jeep! Articles too numerous to mention will be up for sale. We might have that particular item fo which you have been searching; you'll never know unless you're there!

Money raised form the auction will go toward the "Washington Trip." We are still a little short of our goal and are depending on the success of the auction to complete our Washington budget. The Washington Trip is drawing nearer and the band students have worked very hard selling candy and doughnuts, in addition to being the "pick-up crews" for auction donations in their spare time.

To be invited to participate in the Cherry Blossom Festival Parade in Washington is an honor for our band and our town. We are very proud of these young people, both for their willingness to work so hard to make the auction a success, and their hours of after-school practice to achieve the successful band we have.

A concession stand will be in operation. Cold drinks, hot dogs, sloppy joes, coffee, cake and cotton candy will be available.

Let's support our band with our presence at the auction on Saturday! If you're not sure where it will be, just follow the sound of the auctioneer's chant! See you there!

Kempton Named Coordinator For RAARC

The Ridge Area Association for Retarded Children has announced the recent appointment of Charles Kempton to the position of Program Coordinator. Mr. Kempton will be responsible for assisting the Association in developing a comprehensive program for retarded individuals in Highlands County.

A number of services are currently offered for retarded children and youth. These include the: Diagnostic and Evaluation Clinic, Pre-School Developmental Training Program, School-Age Program, Work Activity Center, and the Summer Day Camp. Transportation is provided for children involved in these activities.

The Ridge Area Association has also established a re-sale store, the Ridge Area Thrift Shop, which is located in the Jacaranda Hotel in Avon Park.

THIS "64" jeep station wagon with an Ohio license plate was donated by Mr. Alvarez, to the band auction, to be held this Saturday, Feb. 27. Testing out the gear shift and the steering mechanism is Dennis Crews, drum major, while Vic MicKunas, Jr. look on over the interior.

Highlands Population Is 29,507

Highlands County's official population in the 1970 census was 29,507, up 38.3 percent from the 1960 figure of 21,338, the bureau of the census, U.S. Department of Commerce, reported this week.

The official population of the state was 6,789,443, up 37.1 percent from the 1960 population count, which was 4,951,560.

The 1970 census counted 23,068 white persons in Highlands County, 78.2 percent of the total; 6,219 Negroes, and 220 persons of other races. In 1960, 78.8 percent of the population was white.

The census showed 2,19 2chilldren under five years; 6,996 in ages five through 17; 14,326 people 18 through 64; and 5,993 who were 65 and older. The population 14 years and over included 15,553 married people, 2,285 who were widowed, 725 divorced, and 3,901 never married.

Highlands County's 1970 population was classified as 47.2 percent urban, and 52.8 percent rural.

There were 10,391 households, with 29,070 persons, including 2,111 one-person households. In addition 437 persons were living in group quarters.

The 1970 census counted 12,416 housing units in Highlands County, 7,430 of them occupied by owners, 2,961 occupied by tenants, and 2,025 vacant. These included vacant units for seasonal use. The proportion occupied by owners in 1970 was 59.8 percent, compared with 51.7 percent in 1960.

Among year-round dwelling units there were 9,109 single family houses, 1,843 housing units in multi-unit buildings, and 1,167 mobile homes or trailers. The percentage of occupied units with more than one person per room was 11, compared with 12.9 in 1960. Of all the occupied housing units, 9,461 had piped water, toilet, and bath, while 930 lacked some or all plumbing.

The median value of owner-occupied houses in Highlands County was $11,800, compared with $9,500 in 1960. The median rent paid by tenants in 1970 was $58 per month, compared with $56 in 1960. Half were over and half below the median figures.

These results are from two 1970 census advance reports for the state: general population characteristics, and general housing characteristics. The reports, which contain additional 1970 census data for the state and various areas within it, may be purchased at nominal prices from the Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20402, or from offices of the U.S. Department of Commerce in major cities.

Further reports giving more extensive statistics on the characteristics of the population and housing will be published in future months as the 1970 census results are tabulated.

Benschoter On Probation

After three weeks of "thinking it over" Circuit Judge Clifton Kelly has decided to place Rick Benschoter, charged with possession of marijuana, on probation for three years. Judge Kelly announced his decision Monday afternoon.

Last Spring Benschoter had been arrested in the county's initial crackdown on drugs. In early December he entered a guilty plea and a pre-sentence investigation was ordered.

In a court session February 1 Judge Kelly said the investigation had turned up indications Benschoter was using drugs.

Avon Park Red Devils Will Meet Arcadia Here Tuesday

Next Tuesday night the Avon Park High School baseball team will open the 1971 season here at Head Field against Arcadia with action getting underway at 7:30 P.M. The Red Devils will also be here at home next Friday and Saturday nights, March 5 and 6, playing Lake Placid and Fort Meade on those nights.

The Devil baseball team is coached by Ralph Hill who will be assisted this year by Ken Shackleford. The boys have been practicing the past couple of weeks and are hoping to jump off to a good start against Arcadia, Lake Placid, and Fort Meade in the first week of play.

Working out on the mound for the Devils are Clark Jackson and Danny Albritton, both right-handers who got plenty of experience last year when the Avon Park nine set a record of 8 wins and 5 losses. The Devils lost only one player off last season's squad—Bill Smith who played first base.

Junior lefty Don Sisemore will also do some hurling for Avon Park but will be late getting started because basketball season is still underway. Curtis Jackson and Robert Lanzing are expected to join the squad after the hardcourt season ends.

Some problems have developed with the infield prospects as Steve Hartt, second sacker, has injured his knee in practice and may be out of action for awhile. The all senior infield should have veteran Ricky Dick at catcher, Clark Jackson at first, Hartt at second if able, Dennis Hart at shortstop, and Greg Albritton at thirdbase.

Outfielders who have looked good defensively and at the plate are Keith Richards, Howard Sizemore, Mike Bagwell, Ray Culpepper, Eddie Ezell, and Jarvis Hartt who is doing some catching chores.

Season tickets are on sale and will be on sale at the gate next Tuesday night. The cost for the 11 home games is $6.00 giving a savings of $5.00 over the regular admission price of $1.00 per game. Student price is 50c per game.

Devils Close Season With 13-9 Record

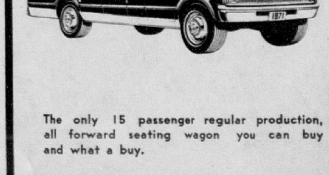

Coach Fred Sandlin's Avon Park basketball varsity closed out the regular season last Monday night with a 63-47 win over Hardee High in Wauchula to set a 13-9 record for the year. The 13-9 mark is the best set by the Devils in at least the past five years.

The Red Devils will go against Frostproof in the second game of the Class B District 13 tournament on opening night tomorrow (Friday) in Frostproof. The first game will pit Lake Placid against Fort Meade and the Devils game will follow at 8:30 against the Bulldogs who have won two of three games against Avon Park this year. Fans are urged to be in Frostproof Friday night to spark the Devils to a victory in the district meet.

Avon Park closed out the season with three consecutive victories winning over Fort Meade 75-48 last Friday night, taking Immokalee 68-66 in a real thriller last Saturday night, and then winning over Hardee last Monday night. Tuesday a week ago however, the Lake Placid five came back to overtake the Red Devils in the last minute of the game to post a 66-62 win.

The Lake Placid game was quite a disappointment for the Avon Park five which moved into the lead at the end of the

LEWIS LLEWELLYN

Sex Knowledge Is Not Enough

Dr. David Reuben, author of the best-seller, "Everything You Always Wanted to Know about Sex — But Were Afraid to Ask," said recently, "As far as sex is concerned, knowledge makes the difference between happiness and misery."

Reasoning from this premise, he naturally concludes that sex education in our public schools is desirable.

But his premise is wrong.

It is not true that knowledge makes the difference between happiness and misery in this area of human life.

Attitudes Important

Attitudes are fully as important as knowledge.

Knowledge is not enough. It is how we use our knowledge that counts.

Advocates of sex education in public schools understand that attitudes are important and have taken steps to alter the attitudes of teachers who will be involved in the sex education program. Here is part of a report written by a woman teacher who attended a "sensitivity lab" as part of the training to teach sex education in the Darien, Conn., school system.

"This is an evaluative report on the sensitivity lab. . . . The motel room in which my group met was dreary. Especially when the beds were all torn up and mattresses dragged to the floor. At one point there was no heat so we had to huddle on the mattresses on the floor under blankets while communicating with each other by stroking each other.

"Our group discussed taking off our clothes. But we were told we weren't ready for that stage. With more time this would be a natural progression. Clothing is a mask and must be discarded if people are going to truly relate.

"When my trainer . . . attempted to . . . kiss me — and wouldn't stop trying — I walked out in shock.

"On the way home, I was in deep distress. I couldn't stop shaking. One of my passengers, a fine mother . . . wept violently and kept trying to explain to us how 'evil, evil' this whole program was.

"I hope sincerely that this program can be stopped.

"It was clearly implied that anyone who believes in the sanctity of marriage, self-discipline, emotional control, the Golden Rule, was a non-thinker."

Consequences

Knowledge about sex is not enough. If our children are to be spared the agony which follows the immoral use of sex, they must be taught the proper attitude toward this great gift of God — so that they will be able to experience the joys of real self-fulfillment instead of the deep distress which is the consequence of the wrong use of knowledge.

The New Testament mentions some of the sins of the flesh, namely, "adultery, fornication, uncleanness, lasciviousness," and declares that "they which do such things shall not inherit the kingdom of God."

There is no provision that it may be all right if the people involved are in love with each other, or if they are engaged or — in the case of adultery — if the husband and wife agree to swap partners for a night.

If we are going to disregard God's laws as the people of Noah's time did, and as the people of Sodom did, then we must be prepared for the consequences.

Fourth Consecutive Year

For the fourth consecutive year, the Avon Park Community booth has won the coveted blue ribbon at the Highlands County Fair.

This year, the prize-winning both featured a theme of "Find Florida's Treasures in Avon Park" with a beach scene, utilizing treasure chests manufactured by Kerr's Furniture Company, filled with a variety of citrus furnished by Maxwell Groves, C. E. Crews, Inc., and Ward's Nursery.

The lush setting of tropical plants on display are the courtesy of Cole's Nursery, Washington's Nursery, Avon Park Correctional Institute, and Ridge Florist.

Outside the actual booth, but still adding to the scene, was a bench for hosts of the booth to use for seating while "manning" the booth throughout this week. It was made last year by Hubert Kilker Tree Service.

Johns Concrete provided sand for the beach scene.

This community booth was prepared for the Chamber of Commerce by a group of Avon Park residents: Mr. and Mrs. Larry Hooper, Alma is executive secretary of the Chamber and committee chairwoman, Mr. and Mrs. J. F. Johnson, Jim is plant manager of Kerr's Furniture Company and F. B. Enoch is semi-retired, and has devoted many hours to repairing the booth.

WORKERS FROM the City of Avon Park and Florida Power Corporation teamed up Saturday morning to lower submarine power where they pass under a drainage cable as it passes through the South Florida Junior College campus. Also needing to be lowered are telephone cable and a water line.

MAKING PLANS for the annual Race Week parade are parade chairman Col. Guy "Lucky" Campbell, center, Jean Whitaker, Lake Placid, left and Mayor Robert Barben, Avon Park, co-chairmen. The parade will be held March 19 in Sebring.

Sebring Girl Wins Miss Highlands County Title. Debbie Scott Second

A tall blue-eyed Sebring girl, granddaughter of a former mayor, won the Miss Highlands County title at the annual fair Monday night.

Five foot 7½ inch brunette Monica Sauls, 17, was the obvious choice of the crowd, as well as the judges, as each appearance was greeted by whistles, yells and applause far exceeding that for any of the other contestants.

Monica won over 27 other girls. Brunette Debbie Scott, daughter of Mr. and Mrs. A. R. Scott of Avon Park was first runnerup and Beth Smith, another brunette, daughter of Mr. and Mrs. James Ferrel Smith, of Sebring, again this year was second runnerup.

New bleachers and a runway had been installed for the event and the overflow crowd around the runway far exceeded that of the jammed bleachers.

An estimated 1,000 viewers thronged the area for the event, which was delayed nearly an hour when the public address system failed to work. Emcee Haywood Taylor finally resorted to a bullhorn.

Donna Sue Ends Reign

The reigning queen, Donna Sue Long, daughter of Mr. and Mrs. Max Long, of Sebring, sat on stage to review the competition to choose her successor. Donna Sue, the new Miss Highlands County and runnerup Beth Smith are best friends.

There was no bathing suit competition this year and the girls were seen only in pantsuits and evening gowns.

Miss Sauls daughter of Mr. and Mrs. Eugene Sauls and granddaughter of Fisher Sauls, a former mayor, and Miss Sauls wore a light blue dotted swiss formal with white and blue butterflies. As her number was announced the winner, a surprised Monica burst into tears, putting her white-gloved hands to her face. She was literally pushed on stage as the crowd shouted approval.

As reigning queen Donna Sue placed the tiara on her head and the red velvet royal robes on her shoulders, she brushed away her friend's tears. And then Monica made her triumphal march down the runway, finally mangling a smile.

"A Real Surprise"

"It was a real surprise," Monica said later. "They had to push me out. Donna Sue kept saying 'come on out' and finally Cathy Baker just pushed me!"

Monica is head cheerleader at Sebring High School and has been a Calendar Girl the past two years. She was first runnerup to Donna Sue as Homecoming Queen. This is the first time she has entered the Miss Highlands County contest. She received $125 in cash and a $300 scholarship to the Patricia Stevens Modeling School in Tampa.

Debbie Scott wore a white empire dress with green bodice. She received $75. Beth Smith wore a pink chiffon and her prize was $50. Miss Long chose a pink and white formal.

Mrs. Bob Wolfe, president of the Firemen's Auxiliary, was chairman of contest arrangements. She was assisted by Auxiliary members and Future Homemakers of America in Sebring, Avon Park and Lake Placid.

Out of Town Judges

Judges were Jack Brookins of the Stevens School, Tampa, and Mr. and Mrs. Luther Taylor, Winter Haven. Mr. Taylor is a photographer and Mrs. Taylor has a dance studio.

The field of 28 contestants was the largest in several years. They were:

Sebring: Miss Sauls, Miss Smith, Joyce Wilks, Barbara Nicholson, Gloria Hampton, Janice Carpenter, Cassandra Robertson, Patti Dumont, Cathy Baker, Karen Dean, Sherry Beasley.

Lake Placid: Lydia Coulter, Sylvia Bowers, Julia Jackman, Marsha Guinn, Kathy Baker, Sheila Cain, Kathy Dixon, Joyce Goggans, Vicky Milliron, Mary Vail Brooks.

Avon Park — Miss Scott, Patti Childress, Sara McClure, Marian Heiring, Brenda Gray, Celia Elder, Frankie Prescott.

Ten finalists were chosen before the queen and her court were announced. They included Celia Elder, Marsha Guinn, Gloria Hampton, Barbara Nicholson, Frankie Prescott, Kathy Baker and Patti Childress.

Anyone for a hot pink teddy bear? You'll have to get the baseballs in the bushel basket—and it looks easy and isn't.

Freak Animals

One of the new shows this year features freak animals—a five legged steer, two legged dog, a pig with six legs, blue, hairy roosters.

And it is something of a shocker at the entrance to the wax museum to see a lifelike figure of the late President John F. Kennedy in his rocking chair.

There's a haunted house, new breath-taking rides called Tempest and Himalaya, guaranteed to shake you up plenty.

And over it all—lots of noise, neon lights, blaring carnival music to get you in the mood to spend money.

Step right up folks. It only comes once a year!

DAN O'KEEFFE, 1971 Highlands County March of Dimes campaign director tells his Avon Park Rotary audience that the March of Dimes gifts coming primarily from the hearts of givers has virtually eliminated the polio epidemic in this country.

ROTARY CLUB NEWS

By GARRY GUTHRIDGE

Daniel O'Keeffe, General Manager of St. Regis Paper Company in Lake Placid, was introduced by Steve Roberts. Mr. O'Keeffe is campaign director of the 1971 March of Dimes. After somewhat reluctantly accepting to serve as campaign director due to his busy schedule this time of year, Mr. O'Keeffe investigated to insure that his charitable efforts would go toward a good cause.

He learned that the March of Dimes was organized in 1938 as a combination of the best medical technicians, supported 100 percent by contributions, and operated under sound business technicians. This partnership between the public and medical profession has virtually eliminated the polio epidemic; a disease that affected 58,000 persons a year. Between 1938 and 1966 over $400,000,000 has been raised. The money has completely financed the Salk and Saben polio vaccines. In the battle against polio, new concepts were achieved toward combating other diseases. Researchers are attempting to "turn off" unhealthy genes and "turn on" healthy ones. This effort has been concentrated toward determining the cause of birth defects, developing treatment techniques, and seeking prevention.

The 1971 campaign has been an enthusiastic drive and we can be assured that our gifts will go toward a very worthwhile cause.

City Council To Replace Sewer Line On Verona

(Continued from Page One)

Heard a report that the municipal golf course returned $3,201.50 to the city from memberships and green fees.

Ed Johnson appeared before the Council and complained of the nuisance of the calf pen across the street from his trailer park. He was informed that a warrant has been issued against the owner of the property, S. Y. Moseley, but had not been served as Mr. Moseley was in the hospital. Johnson said Avon Park was growing and the same regulations which were appropriate twenty years ago were not now. He suggested an ordinance prohibiting cows and horses in the city. A lengthy discussion followed. Johnson was advised that he had recourse by taking a nuisance warrant out against the owner of the calves, Mr. Dan Bennett. The Council agreed to study the problem of cows and horses in the city and bring this up at the next meeting. Mr. Johnson also protested permanent parking of trailers at the Avon Park Camp.

A request came from Mr. George Douglass that the city consider annexation of the new high school into the city. This would provide the school with much cheaper fire insurance rates. City Attorney Hancock has discussed this matter with Mr. Douglass and the decision was that the best way to accomplish this would be to pass local legislation to annex all school property which is contiguous to any city in the county.

Postal Rates To Increase

Postmaster Bob Young said today proposed new postal rate increases will place the nation's postal syttem on a sound financial basis and shift more of the costs from taxpayers generally to those who use the mails the most.

He explained that recent Postal Service proposals submitted February 1 to the Postal Rate Commission would yield additional revenues of $1.45 billion during fiscal 1972, starting July 1.

The proposals call for increases in virtually all mail categories except parcel post.

If the Rate Commission does not present to the Governors of the Postal Service a recommended decision on rate changes within 90 days, it is anticipated that a temporary rate increase will be put into effect by the Postal Service, the Postmaster said.

He pointed out that higher rates had been sought by the Post Office Department under the current and previous administrations, but no action was taken.

In addition to the long-standing Postal Service proposal for a 2-cent boost for letters from 6 to 8 cents, advertising mail (regular bulk rate third-class) would be increased to a minimum of 5 cents per piece, plus additional increases for heavier weights.

Substantial increases also proposed for magazines, newspapers and other categories of second-class mail Mr. Young said. These rather steep increases will be phased in over five years to soften the impact on the mailers.

Lions Club News

The second regular February meeting was a very special and memorable event. The evening was declared off limits to business discussions in favor of a full celebration as Sweetheart Night. In the spirit of St. Valentines, the Den was filled with the most dressed-up Lions, guests and their ladies one could imagine. Lion C. Viles and helping hands had all decorations set in Valentine Day motif. Place settings were small Valentines, red and pink carnelias were on each table and the head table had a center piece of white roses, greenery and red candles. Dinner of roast beef, baked potatoes, peas and strawberry shortcake was served by ladies of the Rebekahs.

Entertainment was by P. O. Goff, his wife, Billie and by Avon Park's song writer and strummer, Ricky Flowers. To sit back after a good meal and listen to these three talented music makers was a real pleasure. Dedication of a piece entitled "Sweet Thing" to one of the Lions, here unnamed, gave just the right touch of humor to their presentation.

Visitors included Arthur D. Muir, Mrs. Alma Giss, Mr. and Mrs. Dana Debrick, Mr. and Mrs. Ed Brown, Mr. and Mrs. H. F. Peck, Mr. and Mrs. Norm Drimmie and Mr. and Mrs. Fred Graper.

Please note the date, March 6; the time, 11:30 A.M. til 7 P.M. and the place, the Lions Den on W. Bell St. for the next big Lions Chicken Barbecue. The menu is set at: one-half barbecued chicken, baked beans, apple sauce and roll as well as coffee or tea. The price, just $1.50. Tickets are available from your neighbor Lion or Stimson's Texaco Station, Polk Auto Parts, Albritton's Barber Shop or Lane's Record and TV. Servings will be from the Lions Den where table space is available, or if you prefer, take-out containers will keep your dinner just right until you get it home. The take-out containers are just the thing too for the informal dinner or patio party in your home. Come one, come all to the Lions Den on March 6 for a real barbecue treat.

DAR Patriotic Dinner Held Monday

The annual Washington's birthday luncheon of Patriots' Chapter, National Society Daughters of the American Revolution was held Monday at Holiday Inn in Lake Placid.

The tables for the patriotic occasion had white cloths with red and white runners and a matching floral arrangement on the speaker's table. Miniature cherry trees, small busts of George Washington, and red velveteen napkin rings completed the decorations.

Mrs. John D. Watson, chapter regent, opened the meeting and asked Mrs. L. M. Quillen, chaplain, to give the invocation. The luncheon followed.

After the luncheon, Mrs. Richard Peavy of Lake Placid, entertained the group with two songs: "Let There be Peace on Earth," and "America the Beautiful." She was accompanied on the piano by Charles Nichols.

Mrs. Watson then welcomed all DAR members and their guests. She recognized Mrs. Harwood Mulford, past regent of DeKalb County Chapter of the DAR in Decatur, Ga., and also four Patriots' Chapter's past regents who were present: Mrs. I. H. Ford, Mrs. Ralph Kerber, Mrs. Walter Mather and Mrs. J. A. Vasek.

Those at the speakers table were named: Mr. and Mrs. B. M. Sharian; Mrs. Vasek, state American History chairman; Mrs. W. J. Atkinson, vice regent; Mrs. Quillen, chaplain; Mrs. Van D. Howell, recording secretary; Miss Margaret Walker, treasurer; Mrs. J. W. Ingle, registrar; Miss Thelma Merrill, recording secretary; Mrs. Henry O. Jones, historian.

The speaker for the day, B. M. Sharian of Avon Park, was introduced by Mrs. Quillen, who spoke of his having been recognized by the DeKalb DAR chapter in Georgia as an outstanding naturalized American citizen.

Mr. Sharian's topic was "I Love America and Her Glorious Flag." He said he was glad of the privilege of living in a land of liberty and freedom, where the church bells are still ringing.

An American orphan, later in the Turkish army, then a prisoner of war under the British, he was freed and aided by the British and finally came to America.

He said that he "loved America for her past, present and future and that in his opinion, the blessed country didn't need change or revolution but men who were real builders and keepers."

The annual good citizen awards were presented to three Highlands County senior high school girls by Mrs. Kerber. The recipients were:

Katherine Dixon of Lake Placid, a senior class officer; Beth Willis, president of the Student Council at Sebring High School, and Martha Ann Moseley, secretary of the Student Council at Avon Park High School.

Mrs. Huel Dixon, Mrs. Eston Willis and Sol Moseley were there with their daughters.

Miss Pearl Reinheimer presented the annual history awards, giving medals to Michael Mozingo, grade 5, Avon Park Academy; Lucy Johnson, grade 6, Avon Park Elementary School; Kathy House, grade 7 of Sebring; and Justin Cunningham, grade 8 of Sebring. Michael, Lucy and Kathy were accompanied by their parents.

The last presentation was made by the regent, Mrs. Watson to Mr. Sharian. It was a small pictorial replica of the original 13-star American flag.

The program was concluded with the singing of "The Star Spangled Banner" by 8-year old Tres Stephenson of Woodlawn School in Sebring.

THE STYROFOAM SOULE of Gainesville will entertain at the Grand Prix Ball March 18, at Harder Hall Hotel. The ball is sponsored by Sebring Junior Woman's Club, and will be held at Harder Hall from 9 P.M., until 1 A.M.

History of Florida Will Be Told

Prospects are promising for a good attendance at the first meeting of a group which will hear and study many things connected with the exploration and development of Florida.

This organizational meeting is scheduled for Thursday night, Mar. 4, 7:30, in the Council Room at Sebring City Hall.

Many members and friends of the Highlands County Historical Society are expected to attend but the general public is invited.

During the proposed 14-15 week period, the once weekly meeting will probably be held on Thursday nights for an average of two hours per meeting.

In addition to several local and Highlands County people taking part regarding local historical activities, other topics will include a review of the Spanish Territorial period and activities of General Andrew Jackson, the Seminole Indian Wars, Florida becoming a state, the Civil War era for Florida, Florida's rapid development and other things on down to the present.

Many exhibits, pictures, reproductions of various documents, films, filmstrips and other things will be used and shown at different times.

A small fee will be charged each person attending the group discussions.

Among the scheduled group discussions will be a review of the creation of Highlands County and also of both Avon Park and Sebring. Much of this will be near the date of the county celebration on April 24 which will be in honor of the county being formed from DeSoto County. This was in the year of 1921.

Natives of two widely separated areas developed the blowgun—the Amazon valley of South America, and the Malay Peninsula, in southern Asia. Each also used a native poison, to increase effectiveness of the darts.

The regular March meeting of the DAR will be held at 2 P.M., Monday, Mar. 1 at Booram Hall of St. Agnes Episcopal Church. The program will have to do with American heritage and American music.

Two Bands Will Be Featured At Grand Prix Ball March 18

The Styrofoam Soule and the Dee Dehran Combo will offer two distinct entertainment styles at the annual Grand Prix Charity Ball. This annual event, sponsored by Sebring Junior Woman's Club, will be held March 18 at Harder Hall. Both bands will be featured from 9 P.M. until 1 A.M.

Gainesville is the home of the Styrofoam Soule, which was organized three years ago. The six members of the band include: Lonnie Morris, lead singer and bass; Randy Morris, lead guitar and bass; Robert Simpson, drums; Ray Johnson, trumpet and organ; Jamie Sterret, bass and trombone; and Danny Beckhorn, saxophone and organ.

The repertoire of the Styrofoam Soule consists of a wide variety of rock, soul, and easy listening, soft music. This band has had much experience performing at colleges, country clubs, women's clubs, and formal events in both Florida and Georgia. They have appeared recently at the Holiday Inn in Lake Placid. The group is appealing to those of any age.

In addition to the Styrofoam Soule, the Dee Dehran Combo will appear in the Harder Hall lounge for the Grand Prix Ball. This group consists of: Dee Dehran, clarinet and saxophone; Lee Dunn, drums; Leo DiCarlo, piano; and Charlie Ferrar, bass. During the Winter season, the combo plays nightly in the lounge.

Tickets for this charity event are now on sale in Sebring, Lake Placid and Avon Park. They may also be obtained by telephoning Mrs. Bill Bryan or Mrs. Marvin Johns in Sebring.

Rev. Paul J. Trissel, pastor of the Church of the Nazarene of Avon Park, recently flew to Dallas, Texas, with his wife, Pam, and daughter, Laurie Ann, to conduct a Youth Crusade at the Central Church of the Nazarene in Dallas, February 10-14.

The young people of the church got together every evening Wednesday through Saturday, during which Rev. Trissel discussed Christian viewpoints of God, creation, evolution, and "Why be a Christian?" The highlight of the activities was an authentic Hawaiian luau on Saturday night, during which the teens selected a "king and queen" for the group.

On Sunday, Rev Trissel preached both the morning and evening message, and sang his own arrangement of a popular tune with a Christian message.

The Trissels returned home on Monday, February 15, and agreed it was very good to be back with their friends in Avon Park.

Alabaster Offering Is Emphasized

Alabaster Offering was the main emphasis for this month's meeting of the Nazarene World Missionary Society, held Wednesday evening, February 17. Debbie Scott, Julie Filppula, Joyce Mincks, and Jonathan Wright acted out a poem written on the subject, after which Julie read a list of the many things that the Alabaster Offering provides for, and the sacrifices one must make to give meaningfully to this cause of worldwide missions.

Alabaster is an offering taken in February and September worldwide by the Church of the Nazarene to further God's kingdom by helping to build churches, hospitals, dispensaries, and other buildings necessary on the foreign mission field. The Avon Park Church of the Nazarene will take the Alabaster offering this Sunday, February 28.

After prayer, Joyce Mincks discussed with the group the effects of revolution on people in the Caribbean area, and the general attitude of the natives toward the Gospel of Christ. It was pointed out that young people in this region of the world play a tremendous part in spreading the gospel, by witnessing to others of the dynamic change that Christ makes in their lives.

The next meeting of the Society will be held on March 10 in the Social Hall of the church, and the public is always invited to attend.

Right Attitude Toward Money

Money has always bothered me.

My attitude toward money is ambiguous. Because money represents materialism and self-indulgence, I want to scorn it and remain free. Because money represents opportunities and achievement, I want to invest it and make it produce. Yet at other times because it means self-indulgence, I want to grasp it, and at other times because it means responsibility, I want to spurn it.

My problem, of course, is not so much with money as with myself. So I look for help.

When I study what Jesus taught about money I receive some answers while some questions remain. Should I try to earn a surplus of money in order to provide capital for God's purposes? Or should I invest my time directly?

Nowhere that I can think of does Jesus encourage anyone to make money. On the contrary, in several places he suggests the opposite.

Treasure in Heaven

Jesus says, "Do not lay up for yourselves treasures upon earth, where moth and rust destroy, and where thieves break in and steal; but lay up for yourselves treasures in heaven . . . for where your treasure is, there will your heart be also."

Jesus told a rich, young ruler to sell everything he had and give it to the poor. He praised an impoverished widow who gave to the temple treasury all she had to live on. In fact, Jesus settled most of the money-oriented spiritual problems with one unmistakable principle in Luke 14: "No one of you can be My disciple who does not give up all his own possessions."

But just a minute. Matthew owned a house in Jerusalem.

Zaccheus was not told to give away everything. Paul laid no such requirement on rich Philemon. "Giving up" possessions apparently is not necessarily relinquishing ownership, but rather giving to God the owner's rights of control.

Jesus told a story about a man who hoarded his wealth for a secure retirement, but God said to him, "You fool! This very night your soul is required of you; and now who will own what you have prepared?" There seems to be no justification for having wealth for security's sake, but neither is there condemnation for having wealth and enjoying its comforts if it is all in God's control.

The slogan "Nothing But the Best for God" has been used to defend lavish life styles for some of God's servants. Authority has been looked for in John 10:10, where Jesus says, "I came that they might have life, and might have it abundantly."

The final phrase here may also be correctly translated "and might have abundance." However, Jesus clearly explains elsewhere that "the abundance of a man's life does not consist of the things he possesses."

Beware of Love of Money

Are earning money and enjoying possessions then wrong? Not if the money and things are controlled by God. But beware of falling in love with God's money or the security it seems to promise, and don't become dependent on possessions that God may need elsewhere some time.

Is it right for a Christian to set as his intention to earn money beyond his needs? God has not given us a clear principle. You will have to ask Him for yourself, and so will I.

Final Hearing On Surface Waters Set

A final hearing for the classification of surface waters in the Kissimmee River basin, part of which lies in Highlands County, will be held March 9 at 10 a.m. in the Florida Cabinet Room in Tallahassee, it was announced today by Governor Claude R. Kirk Jr.

The hearing will be conducted by the Florida Water Resources Board and will consider the classification of surface waters in the Kissimmee River basin, including all waters in the Kissimmee River, Lake Kissimmee, Lake Tiger, Lake Cypress, Lake Hatchineha, Lake Marian, Lake Rosalie, Lake Istokpoga, Arbuckle Creek, Josephine Creek, Indian Prairie Canal, Harney Pond Canal, Taylor Creek, Lake Okeechobee, and all tributaries thereto.

The recommendations include those made for the Kissimmee basin part of which lies in Highlands County. It is proposed that all surface water within the basin waters contiguous to the coast be in Class III—recreation and propagation and management of fish and wildlife with no unwarranted exceptions.

Persons who want to appear at the hearing will be notified to do so according to Vincent Patton, executive director of the state water and water pollution control board.

FIX-IT TIP

Hand tools, such as pliers and shears, should have a drop of light household oil on moving parts. Don't forget that a light film of oil will prevent rust.

When equipment becomes rusted or frozen, you need penetrating oil. Apply this in liberal amounts at all points where surfaces meet. Allow to soak for a time before trying to free the surfaces.

Bonnie Brae Mobile Home News

The group from the park who went on the "Ariadne" to Yucatan arrived back on Friday afternoon about two o'clock. They had come from Fort Lauderdale in a private Greyhound bus, and all reported a most marvelous time in spite of the rough seas the first two days out. Nearly everyone complained about the salt air shrinking their clothes—we really think it was the abundance of good food so expertly prepared and served. Tentative plans for a showing of pictures of the trip are for March 3 at 7 P.M. at the recreation hall. Those on the trip from Bonnie Brae were Ruth and Harry Singer, Ruth Smith, Mr. and Mrs. Leonard Paddock, Thelma Chalmers, Dot and Bill Hall and Jeannette Black of Sarasota who is a friend of Thelma's and accompanies her on all trips.

Charm Gunno and Pamela Norholt Ogden of Greenwood, Ind. and Mrs. Edna Clark of Indianapolis, Ind. are visiting with Rozzie and Lester Parkhurst. Mrs. Clark is Rozzie's sister and visited her last year. It's good to have her return. Other visitors at the Parkhursts were Mr. and Mrs. Bailey of Anderson, Ind., and Mr. and Mrs. A. Devils Close Season With 13-9 Record

(Continued from Page One)

third quarter only to lose out with less than two minutes on the board in a nip and tuck last quarter against the tall Green Dragons who finished in first place in the Class B District 13 competition.

The game was close all the way with Lake Placid having only a 16-14 lead at the end of the first quarter and then moving to a 36-29 halftime advantage. But a hot third quarter by the Devils who put in 19 while holding the Dragons to 10 points gave Avon Park a 48-46 lead at the end of the third quarter. The Dragons scored 20 counters in the final period while the Devils could manager only 14 so took the victory by a score of 60-62.

Lake Placid's Norman McMinns was high scorer for the game with 27 points with Don Sisemore hitting 25 for the Avon Park team. Devil guard Thad Tate added 15 more, Curtis Jackson had 12, and Robert Lanzing hit 10 points for Avon Park. Both teams hit 12 free shots with Don Sisemore getting 9 of 11 at the line. But Lake Placid had 27 field goals while Avon Park managed only 25 from the floor.

Last Friday night the Red Devils traveled to Fort Meade and completely outclassed the Miners for a 75-48 win. Don Sisemore swished through 26 points and his fellow guard, Thad Tate, had 16 counters. Curtis Jackson sank 13 points and Jim Magenheimer and Nathaniel Packer both had six points. Robert Lanzing hit for two points as did Clayton McNeil and Joe Franza contributed four points for the total of 75.

Probably the best game of the season was played last Saturday night when the Avon Park five won a real squeaker over Immokalee by a score of 68-66 as Don Sisemore broke a 66-66 tie with less than nine seconds on the clock. With the score tied up, the Devils held the ball until the clock showed just nine seconds and then called time out. Thad Tate then flipped the ball in bounds to Sisemore who drove in for the jumper that was good for two points and the lead. With four seconds left in the game, Immokalee tried to tie it up again but missed the shot as the final whistle blew.

Jackson was the big scorer for Avon Park as he sank 28 points. Sisemore had 16, Tate had 14, Magenheimer hit for four, and Lanzing and Packer had three each.

Then in the final game of the year, the Devils went over to Wauchula and handed Hardee Wildcats a 63-47 defeat to wrap up the 13-9 record. Avon Park had a hot first quarter scoring 29 points to Hardee's 15. Then the second period slowed down and the Devils hit only seven while Wauchula scored only six to set the score at halftime—36-21. In the third quarter Avon Park managed 12 points while Hardee still only hit seven and in the last quarter Hardee hit for 18 to Avon Park's 15 but the Devils took the game 63-47.

Coach Tom Lund's "B" squad finished the season with a record of 11 wins and nine losses. They split the final four games winning over Lake Placid 85-56 and Wauchula 69-60 and losing to Fort Meade 47-45 and Immokallee 68-47. Leroy Hicks had 21 points in the final win over Hardee's jayvee squad.

MAJOR DONALD LONG, of Sebring is shown here with two children at the Ta-Bi-Tha orphanage in Chu Lai, South Vietnam. The letters the children are holding are from Major Long's daughters, Leigh, 9, and Leslie 8. They have been corresponding with the children since last September.

Long Children Are Pen Pals Of Vietnamese Orphans

Two of the five children of Major Donald Long are pen pals with Vietnamese orphans.

Major Long, in Vietnam for another tour of duty, was previously at Chu Lai in 1967 when members of his group helped found the orphanage there.

At Christmastime this year, the five Long children did not send the Major gifts. Instead, they helped in shopping for, wrapping and mailing presents for children of corresponding ages at the orphanage at Ta-Bi-Tha.

Major Long is the son of Mr. and Mrs. Max Long, of Sebring. Both Mrs. Long and Jana, Mrs. Donald Long, are members of the Highlands County APO Wives and Mothers club which assists other orphanages in Vietnam and Thailand. Jana and the five Long children live in Avon Park.

When the Major returns from this present tour of Vietnam duty, he will be a full time student at the University of Tampa.

Hills Attend Airstream Rally

Mr. and Mrs. J. Paxton Hill, accompanied by their house guests, Marie Lister and Tony Bellefeuille of Montreal, Quebec, Canada, hooked up their Sovereign International Airstream and drove over to Sarasota to join the 5,280 other Airstreamers for the Annual Southeastern Rally. It was the largest SE Rally ever, there being 2,139 shiny Airstreamers lined up in neat rows at the Fair Grounds site. The ideal facilities of the Robarts Sports Arena, the Fair Building, the Armory and the Boys Club provided wonderful areas for the varied entertainment, staged by the Airstream Company, who sponsors four such rallys each year throughout the United States.

The Hills attended the Northwestern Rally last August in Lacey, Washington on their way home from Northern British Columbia. The Past President of the Tennessee Unit of the Wally Byam Caravan Club, International, Mr. Jake Beeler and his wife, Minna Lee of Bristol, Tennessee drove their Airstream back with the Hills for a few days visit before going over to Sebastian Inlet, where they plan to do some fishing before returning to the "North Country". MARK OF EXCELLENCE

YOUR MONEY'S WORTH
...Includes a selling profit!

Unless you can sell your home for a good price, you didn't get your money's worth when you bought. Let's look ahead . . . imagine time has passed . . . the day has come when you want to sell your home . . . perhaps to move to another area . . . or maybe not . . . maybe you simply want to borrow some money . . . to buy more land, or for a business investment, or family emergency. This is the time you'll really find out whether you got your money's worth when you bought.

But NOW . . . before you buy is the time to consider selling . . . to ask yourself these questions, "Is it reasonable to think I can sell for a good price?" . . . or, "Will the home I buy have loan value . . . will my hard-earned money be there when I need it . . . or will it be lost, never to be regained, because of depreciation?"

BE SURE . . . be as sure as you can that you get your money's worth when you buy. Make certain that the home you invest in is permanently constructed with quality materials . . . that it's custom-built on your land . . . a home that you will be proud of . . . one that will make your property grow in value.

A PERMANENT HOME IS TODAY'S BEST INVESTMENT
At Jim Walter Homes we will custom-build a quality home on property you own. Our homes are NOT factory produced look-alikes nor are they prefabricated in any way. They're custom-built on your property. And . . . to make your investment even better . . . to cut your cost even more . . . to build your selling profit even greater, you can finish part of the inside yourself to save money. Do as much as you want. The more you do, the more you save. We can even supply the materials and finance them as part of your mortgage if you want.
