Devils To Host Clewiston In Homecoming Game

The Avon Park Red Devils lost a real heartbreaker last Friday night when the Charlotte High Tarpons of Punta Gorda came from behind in the last minute of the game to score a touchdown and a two point conversion to win by an 8-7 score. The Red Devils had led 7-0 from the first quarter before the Tarpons marched 99 yards in 9 plays to score the winning points. The loss set Avon Park's record at 3-2 for the season and virtually put them out of the race for the district championship.

This week (Friday night) the Red Devils will play their last home game of the year against the Clewiston Tigers. The remaining four games on the schedule will all be away games. The game this week has been designated as Homecoming for Avon Park and all the festivities that go with that event will take place this week. Daily pep rallies are being held at the high school and a Homecoming parade will take place along the Mall today starting at 4 p.m. The new Avon Park Homecoming queen will be crowned during pre game ceremonies tomorrow night.

Clewiston is a charter member of the new Lake Ridge Conference along with the Park, Okeechobee, Lake Placid and Sebring and although the conference will not have a football champion this year due to scheduling problems, the five teams are testing each other out for the unofficial title. Clewiston so far has a 4-2 record winning over John Carroll and losing to Pahokee, Cardinal Gibbons of Fort Lauderdale, and Fort Meade. The Miners trounced the Tigers by a score of 26-13 two weeks ago. Clewiston was idle last Friday night and should be in good shape physically for Avon Park tomorrow night.

The Red Devils on the other hand continue to have problems with injuries. Randy Ward is out for an indefinite period of time, perhaps the rest of the season, due to an injury incurred in an automobile accident. He missed the Punta Gorda game. Don Sisemore injured his right shoulder again and is doubtful starter for the Clewiston game and defensive end and offensive halfback Arnold Davis injured his knee last Friday night.

The only comparative score for the game this week is that Avon Park defeated Fort Meade 26-7 while Clewiston lost to the Miners 26-13. Coach Franz started early this week, however, that Clewiston has a real good ball club according to scouting reports and movies he has seen of the team in action. If Sisemore is able to play tomorrow night, the Devils should be able to take the Tigers because of the excellent attitude and the fighting spirit of the boys. The frustrating loss to the Tarpons should serve only to inspire the boys to better play because of the superb effort of the entire team in the 8-7 loss last week.

PUNTA GORDA GAME
Avon Park kicked off to Punta Gorda to open the game and forced a punt after three offensive plays. The Devils took over on their own 28 yard line and moved in seven plays for a score. The first play drew a two yard loss and then a five yard pick up by Danny Lewis moved the ball to the Devil 30. So with third and eight needed, Sisemore fired a long pass to Wayne Todd who had gotten behind his defender and the junior end pulled in the pass and scooted to the Punta Gorda 25 before he was brought down. A quick pass to Danny Lewis was good for nine yards and then Sisemore picked up four more for the first down on the 13.

Danny Lewis popped through the line for an 11 yard pick up to the one yard line and on the next play slid through for the six pointer. Sisemore made the extra point on a good kick to put the Devils surprisingly ahead 7-0 early in the first quarter.

Neither team threatened seriously in the rest of the first period but early in the second quarter, Punta Gorda drove from their own five yard line to the Devil two before a fumble

was recovered by Sisemore when Keith Richards pulled the ball out of the Tarpons back's arms as he crossed the goal line. The Tarpons drive was highlighted with a 67 yard run by Kenny Petet. Danny Lewis caught the speedy runner from behind to prevent him from scoring on the play from the Tarpon 15.

The Devils stayed in trouble as they were forced to punt out from deep within their own territory and a short, 10 yard punt gave Punta Gorda possession again on the Devil 15. Two plays later a 15 yard penalty against the Tarpons for holding pushed them back and the Devil defense held at the 14. From that point Avon Park put together a 35 yard drive over the Tarpon 42 and then Sisemore punted to the Punta Gorda 10 yard line.

A couple of plays later the Tarpons fumbled again and Danny Lewis fell on this one to give Avon Park excellent field position. A couple of penalties slowed the Devil offense down at this point. Bud Wester had connected with Nathaniel Packer on a pass off and end around play and the sophomore end moved to a first down but an in motion penalty called the play back and the Devils forced to punt after a score passed net only one yard gain. The punt went to the 17 and the half ended with back and being driven back by the Devil defense.

In the third quarter, Avon Park stayed in its own half of the field and Punta Gorda's deepest drive was only to the Devil 38 yard line. However, in the fourth quarter, after an exchange of punts, Avon Park

started a drive from their own 44 yard line and moved to the Tarpon 12 with a good running play and one six yard pass to Todd. James Coleman had a nine yard gain and Richards picked up six late in the drive. But at the 12, a fumbled hand off lost a yard and then two pass' attempts were incomplete.

So with fourth down, less than three minutes, and the ball on the Tarpon 13, in went the kicking tee for an apparent field goal attempt from the 20 yard line—a 30 yard field goal if made. But Sisemore took the center instead of Richards and passed to James Coleman in the left flats. Coleman was ruled out of bounds near the goal line and after the officials moved the ball infield, they took it back, put it down and decided to measure for a possible first down. The ball was inches short of the first down at the two yard line and the Tarpons took over with less than two minutes left in the game.

Then began the drive that ended with the winning points. Tarpon quarterback came out five yards on the first play and another running play moved the ball out to the 14. Then the Devils drew a five yarder for off sides but threw a back for a one yard loss on the next play. An incomplete pass brought up third down and six needed. That's when quarterback Harold Weaver dropped back and tossed a long one to end Norman Anderson who had gotten behind his defender and the big Tarpon went to the Avon Park 11 yard line before the half ended. One Devil got hold of him from behind but he shook loose. Another Devil caught him and slowed him (please turn to page 2)

So Goblins Won't Get Them

With Halloween just around the corner, the Avon Park Junior Woman's Club offer this plan for a safe night of "trick or treat" for our children (taken from the National Safety Council).

Light colored costumes decorated with reflecting tape are conspicuous and, therefore, safest.

Treats should be eaten after children get home. Have youngsters visit only those houses where porch lights are on.

After dark, a flashlight is a protection. Warn children to take extra care in crossing streets. Adults in cars should be especially wary on this children's day.

We want our children to have a safe, happy Halloween. Remember the parade and carnival on Saturday, Oct. 30.

Costume Judging Time Changed

It's that time again! The Junior Women announce that the Halloween parade line-up will be on the Donaldson Park tennis court. Pre-school through sixth graders will be judged with three categories in each grade. The divisions for the costumes are: "Most Like Halloween," "Most Original," and "Most Beautiful."

All groups and any entries on wheels will be in the novelty group. Judging will be from 2:30 - 2:45 p.m. No child will be judged unless he is on the tennis court at that time. Ribbons will be worn in the parade. Please remember these changes so your child will not be left out.

Veterans' Day 1971

Veterans' Day will be observed this year in most states on October 25. This time of remembrance had its beginning as Armistice Day marking the end of World War I on November 11, more than 50 years ago. It is now the day on which the nation honors all veterans of the Armed Forces. They should be doubly honored this year for the thankless task of "winding down" the Viet Nam war—a conflict in which many of them have participated.

Unlike veterans of previous periods in our history, those returning from Viet Nam will find no brass bands awaiting them, but a nation pre-occupied with dissension and confusion over economic and social troubles. These troubles would assume far more reasonable proportions if the respect for our nation, which is implicit in Veterans' Day, could enjoy a rebirth. A part of that respect can be redeemed by observing Veterans' Day in the spirit in which it was conceived by patriotic Americans of over half a century ago. There was no question then of the greatness of our nation, its purposes nor the quality of its citizens.

We should realize that what was true then is true now. There is no greater nation than the United States. Those who have served in its military forces are symbolic of everything in which free men believe—the Christian ideals of personal liberty, the rule of law and the sanctity of the home and the individual. There is no better time to pay homage to all of these safeguards of human dignity and freedom and to the members of the Armed Forces who have helped to preserve them than on Veterans' Day.

JAY DESHONG, scoutmaster for Troop 157, and Scouts Ray LaFlame, James Jackson, Doug Smith, and Scout committee chairman

for Avon Park Rotary Club, James Heim, are shown with books entitled "The Story of Old Glory" they will be selling to the public.

Do You Know Your Countries' Flag History?

Starting Saturday the Boy Scouts of Troop 157 will be out in the community selling a Scout sponsored book entitled "The Story of Old Glory." The book tells and illustrates the story of our countries flags from the beginning of our struggle for independence to the present day flags of our Apollo Astronauts.

The book is very informative and enjoyable to read. It is a must in everyones home or place of business. The books came in envelopes which can be sent to any place in the United

States for 14 cents which makes them great gifts for friends and relatives.

The proceeds from the selling of the books will go towards the Boy Scout equipment fund.

State Of Citrus

A FLORIDA CITRUS MUTUAL NEWSPAPER FEATURE

An economic utilization survey prepared by Florida Citrus Mutual for the 137 million box orange crop expected this season indicates 121 million boxes will be processed.

This means approximately 90 percent of the total oranges harvested will find their way into one of several processed products, the biggest one being frozen concentrated orange juice.

Forecast utilization figures for the coming season are very similar to the season just completed, except for the portion going to concentrate. Out of a total of 147.8 million boxes picked last year, 103.5 million went to FCOJ, compared to a projected 96.3 million boxes this coming season.

The processing breakdown also indicates 6.4 million boxes will be used for single strength juice and 18 million boxes for chilled juice. The remainder will go into sections and blends.

The estimated yield of 1.28 gallons of concentrate per box will produce about 121.7 million gallons of FCOJ. Mutual officials predicted. This compares with an average yield for last years crop—damaged considerably by two freezes and drought—of 1.21 and a pack of 125.2 million gallons.

Mutual's statisticians estimate 37.2 million boxes of the total 43 million box

grapefruit crop will go to process and 13.9 million boxes to fresh fruit outlets.

The preliminary survey indicates 13.6 million boxes will be used for single strength juice; 3 million as concentrate; 3 million as chilled juice; 3 million pasteurized and chilled sections; and 1.9 million in home use.

The grapefruit crop is almost identical in numbers as a year ago when the pickout was 42.9 million boxes. The only major variance expected this season will be in single strength juice where 13.6 million boxes will be utilized compared to 14.5 million a year ago. Closing of two sectioning plants is also expected to result in total utilized for that purpose.

Miss Flame

(Continued from page one)

Number 14, Miss Rebecca Lee Marsh, a 16-year-old junior, daughter of Mr. and Mrs. Franklin Marsh. A beautiful brunnette in a blue gown with round neckline with bow in back.

Number 15, Miss Kathleen Leavitt. A lovely blonde in a white gown with sheer long sleeves accented with daisies around the skirt separated with bands of aqua trim.

Seven girls were brought back for the three winners to be picked from, who were: Patti Peterson, Laura Camp, Kay Singletary, Debbie Whitehurst, Lynn Camp, Marian Heiring and Kathleen Ludwig.

From these seven the three winners were picked. Master Sammy Henderson, son of Mr. and Mrs. Robert Henderson, was crown bearer. He wore burgundy stripe pants and tie with a blue coat.

The two runner-ups were presented with bouquets of red carnations and the New "Miss Flame" was presented with a bouquet of red roses, with a large red bow.

Marian, "Miss Flame", will represent Avon Park in the state Miss Flame contest in Sarasota, next May.

The stage, which was furnished by Ben Hill Griffin, was beautifully decorated with shrubbery furnished by Ridge Florist and Cole's Nursery.

Roberta Flowers, president of Florida State Firemen's Auxiliary, the men in the fire department and others worked hard to make this years "Miss Flame" contest a success.

Does Mom Hear My Heart?

The following article was issued recently by Poland's fighting Cardinal Stefan Wyszyński when the Communist government in Poland tried to force the Church there to give up its opposition to abortion. He is one of the few churchmen who has fought the Reds all the way, yet is still free. The story was used by pastors throughout Poland, defying Communist opposition.

October 5: Today my life began. My parents do not know it yet. I am as small as a seed of an apple, but it is already. And I am to be a girl. I shall have blond hair and azure eyes. Just about everything is settled though. Even the fact that I shall love flowers.

October 19: I have grown a little, but I am still too small to do anything by myself. My mother does just about everything for me. And what is odd — she still doesn't even know that she is carrying me here under her heart, and that she is helping me already, that she is even feeding me with her own blood. She is so good.

So many that I am not a real person yet, that only my mother exists. But I am a real person, just as a small crumb of bread is yet truly bread. My mother is. And I am.

October 23: My mouth is just beginning to open now. Just think, in a year or so I shall be laughing, and later talking. I know that my first word shall be — mama.

October 25: My heart began to beat today all by itself. From now on it shall gently beat for the rest of my life. Without ever stopping to rest. And after many years it will tire. It will stop, and then I shall die.

November 2: I am growing a bit every day. My arms and legs are beginning to take shape. But I have to wait a long time yet before those little legs will raise me to my mother's arms, before those little arms will be able to gather flowers and embrace my father.

November 12: Tiny fingers are beginning to form on my hands. Funny how small they are! I shall be able to stroke my mother's hair with them. And I shall take her hair to my mouth and she will probably say: "Oh, nasty!"

November 20: It wasn't until today that the doctor told mom that I am living here under her heart. Oh, how happy she must be! Are you happy, mom?

November 25: My mom and dad are probably thinking about a name for me. But they don't even know that I am a little girl. They are probably saying Andy. But I want to be called Cathy. I am getting so big already.

December 10: My hair is growing. It is smooth and bright and shiny. I wonder what kind of hair mom has?

December 13: I am just about able to see. It is dark around me. When mom brings me into the world, it will be full of sunshine and flowers. I have never seen a flower, you know. But what I want more than anything else is to see my mom. How do you look, mom?

December 24: I wonder if mom hears the whispering beat of my heart? Some children come into the world a little sick. And then the delicate hands of the doctor perform miracles to bring them to health. But my heart is strong and healthy. It beats so evenly — tup-tup, tup-tup . . . You'll have a healthy little daughter, mom!

December 28: Today my mother killed me.

down. Then the first defender got up and tried again before a third Devil came up and made the tackle at the 11 yard line.

Still the Devils fought bravely. A run by the quarterback was good for only three and then a pass was incomplete.

But on third down from the eight, Weaver hit Anderson again in the end zone for the TD to put the score 7-0. An option roll out by the quarterback seemed doomed for the two point conversion, but at the last second before he was knocked down, Weaver threw to end Jeff Gilmore in the end zone and although the ball was tipped a couple of times, Gilmore caught it for the winning points.

Sisneros was injured on the defensive stand and on the remaining two plays, Danny Lewis moved into the quarterback slot and attempted to move the Devils from the 39 yard line where Arnold Davis had returned the kick off but on the last play of the game, Punta Gorda intercepted and took the 8-7 win from the stunned Red Devils who had played their hearts out against the highly rated Tarpons.

Statistics showed Avon Park with 22 yards of total offense to 58 yards for Punta Gorda. The Devils had 12 first downs to 8 for the Tarpons. Sisneros hit six of 10 passes for 74 yards while Weaver completed 6-16 for 139 yards. Avon Park drew 54 yards of penalties and the Tarpons were penalized 50 yards as the statistics stayed almost as close as the score of the game itself.

After a few days, they journeyed to Muskogee, Okla. to visit with Mr. Mason's sister and her family, Mr. and Mrs. Thomas Crumly and their children's families. A tour of the Robert Kerr dam near the Oklahoma-Arkansas line, where Mr. Crumly is a supervisor over the electrical work, was enjoyed.

Then back home to good old Florida, via Pace, again and another visit with Pam and Charles Forest.

The Masons were subject to lots of smog and smelly pollution in northern Florida, Mississippi and Arkansas, so they were glad to be able to breathe deep again in this section of Florida. We all hope we can keep the air clean here.

RUTH ROBINSON

Welcome back to Mr. and Mrs. Louis Shoemaker, from LaPorte, Ind.; Mr. and Mrs. Hubert Smith from St. Paris, Ohio; and Mrs. LaRue Longanecker with her daughter, Delores, Mrs. Melvin Neuman from La Porte, Ind.

They left Indiana and traveled East to Hagerstown, Maryland to visit with LaRue's sister in law, Mrs. Thomas Spigler, then back to Hershey, Pa., for a visit to the chocolate factory and the Pennsylvania Dutch Candy Factory at Mt. Holly Springs, Pa.

An interesting stop was at Boiling Springs, Pa., where a lake looks like it is actually boiling, because the underground springs are so farced. LaRue and Delores drove on the Skyline Drive coming south with a drive of 20 miles out of the way to eat at the Skyline Lodge, and a return to the Skyline Drive for a continued view of the beautiful autumn colors on trees and vegetation.

While in Indiana, LaRue spent a total of almost three weeks with her good friend, Mrs. Mirra Depoy in New Carlisle, Indiana visiting with many mutual friends. A surprise birthday party was held on LaRue on August 27th at the Neuman home and 18 friends attended including Mrs. Edith Martensen and former visitors to our park, Mr. and Mrs. Sam McIntyre (Pearl) who are contemplating spending this winter again in Florida.

Delores will be leaving in a few days after visiting Disney

New Antique Shop Open On Lake

A new business in town is "Tiny's Antiques Shop" which is owned and operated by Mr. and Mrs. Wm. A. (Tiny) Smith at the old Col. Ellis property on Deer Lake.

Mrs. Smith was the former Miss Goldie Eads and attended school in Avon Park for a number of years. She left Avon Park just before graduation in the winter of 1935-36, going back to her birthplace of Kokomo, Indiana.

Her grandfather, George R. Eads and her father, Charles A. (Chuck) Eads, ran a barber shop where Bagwell's Lumber Co. parking lot is now.

Mr. and Mrs. Smith have five children and nine grandchildren. Mrs. Smith's mother helped Dr. McKnight with a number of baby deliveries and confinement cases.

Mr. Smith is from Berwick, Pennsylvania. They have been in the antique business for 15 years. Mr. Smith does the buying and making appraisals and Mrs. Smith does the research. They buy, sell and appraise.

Some things they carry are: lamps, china, orientals, cut glass, antique pressed glass, silver, art glass and furniture. No primitives, jars or bottles. They deal in quality "Antiques" only and are hoping to bring the

large following they had in Greentown, Ind. where they had customers from every state, including Hawaii and England. Any connoisseur would enjoy a trip to "Tiny's Antique Shop". Go out and browse, but be prepared, you can hardly go away empty handed.
