Avon Park Schools Gain In Enrollment

Avon Park schools' enrolled 2,138 students Monday for a gain of 65 over opening day last year and the largest gain in enrollment in the county.

Total enrollment for Highlands County schools Monday was 5,966 or 39 more than opening day of the 1970-71 year. School administrators said opening enrollment is running behind pre-school registrations (in some schools as much as 10 per cent behind) and a surge is expected following the Labor Day holiday on Monday, Sept. 6.

Lake Placid schools showed a gain of 26 students on opening day. The Lake Placid Elementary School—where construction of a new addition is not complete—enrolled 742 students, only five less than last year.

With the removal of grades five and six enrollment in Avon Elementary, long one of the county's schools, has dropped back to 747. This includes 12 students in Ridge Area Day School and 182 first graders at the Hopewell campus.

Sebring schools showed a loss of 52 students, but the area remains the largest administrative unit in the County system with 2401 students.

AVON PARK MIDDLE SCHOOL

The largest of Avon Park's school is the new middle school with 625 students in grades five through eight.

With the removal of grades five and six enrollment in Avon Elementary, long one of the county's schools, has dropped back to 747. This includes 12 students in Ridge Area Day School and 182 first graders at the Hopewell campus.

Avon Park and Sebring both showed a decrease in first grade enrollments this year—from 214 here last year to 182 and in

Sebring first graders were down from 229 to 190. Lake Placid first grade enrollment 116 last year, held steady at 116 this year.

AVON PARK HIGH SCHOOL
Avon Park High School with 625 students is the county's second largest high school, and the fastest growing. The opening day enrollment this year was 43 over the Sept. 1970 level. The upper four grades at Lake Placid went up to 430 which is 37 above the 1970 level.

Sebring High is the largest of the three but its 725 enrollment

is only six more than a year ago.

Enrollment in the Red Devil Class of '72 went up—contrary to the usual trend in high schools—from 123 last year to 126 this year.

But APHS was not immune to drop out troubles. Of the 177 students who entered tenth grade last year only 152 showed up for the 1971 grade this year, and from 164 of last year's ninth graders only 156 have returned.

This year's freshman class has an unusual record—it started last year with 192

students and it still has 192.

One of the big drops was at Ridge Area Day School where enrollment is down from 21 to 12. However, school officials point out that the new work activity center located at the E. O. Douglas School campus in Sebring, has enrolled eight students, including some of the older students formerly enrolled at Ridge Area Day School.

TRANSPORTATION TROUBLES

Superintendent of Schools George F. Douglass described

the opening day as "generally better than expected." He said some areas including some of the Avon Park district are experiencing transportation troubles which will be remedied as soon as six new school buses arrive.

He points out that the buses have been on order for almost a year. Delivery has been promised within days and when the new buses arrive some districts now served by 48 passenger buses will have a 66 passenger vehicle.

NEW PROSPECT SCHOOL

A new private school for grades one through three opened in Sebring Monday and

11 pupils from Sebring and Avon Park make up the initial enrollment. Head Teacher Wayne E. Rogers said the heaviest concentration of students is at the first grade level.

Council Approves Record Budget

The Avon Park City Council, at a special meeting Monday night, approved a record city budget of \$26,393.76 for the 1971-72 fiscal year.

Largest increase in expenditures are for salaries which are now effective by the price freeze. These include 4 per cent raises for all city employees except policemen and firemen. They will receive an 8 per cent raise. The raises will become effective upon lifting of the price freeze.

Departments heads will be raised to \$18 a week. This will effect only those working overtime. The building inspector will receive a 4 per cent raise.

City employees will receive a 4 per cent pension fund, but will not become effective until the same time as new wage increases.

The breakdown of the budget by departments:

General government, \$109,900.00; building department, \$11,187.00; property maintenance, \$25,586.00; publicity and membership, \$6,400.00; fire department, \$54,926.57; park department, \$18,670.00; police department, \$102,342.37; sanitation and street department, \$137,526.00; golf course, \$40,100.00; debt service, \$5,100.00; reserve for contingencies, \$5,711.32.

In a separate budget the water and sewer department new figures were set at a total of \$181,200.00.

OTHER BUSINESS

The council approved to let Fire Chief Wilbur Giddens, who is retiring, to work until October 1, and pay him for vacation time, and overtime accumulated. Chief Giddens will help train a new fireman.

Ridge Ambulance Service is being discontinued as of August 31 in Avon Park. The possibility of the city operating the ambulance service was discussed. Motion was passed to check on a 1963 Pontiac ambulance offered by Stephenson Funeral Home

for \$1500, and a 1964 Pontiac ambulance offered by Ridge Ambulance Service for \$1800 and purchase the best buy.

Police Chief Ferland Cribb and Acting Fire Chief Mac Flowers said their departments could handle the ambulance service without much overtime.

Councilman Durrah Martin suggested the building inspector make electrical inspections and Mac Flowers do the city electrical maintenance work. Flowers said he would do this job for \$100 per month, but just for a few months because he could not perform all of these duties and that of fire chief.

Councilman Clarence King objected. He said the building inspector did not know electrical work.

King also discussed differences in income and expense of the golf course. King said the city will have to subsidize the golf course approximately \$15,000 this year which is too high. He requested a meeting of Golf Association officers and with the city council, but had no response.

Councilman Durrah Martin and Mayor Bob Barben, both members of the Golf Association, suggested that King attend the next meeting of the Golf Association.

King said he did not know what was going on concerning the golf club, and said it was too much burden for the taxpayers. Mayor Barben said part of his taxes subsidized fishing too, and said he did not know of any recreation which was self-sustaining.

Devils To Play In Football Jamboree

The 1971 Avon Park Red Devil football team will go on display tonight (Thursday) in Wauchula at the new Hardee high stadium when the local boys participate in the annual four team jamboree.

Kick-off for the first quarter is 7:30 p.m. and host school Hardee High will go against Sebring in that opening period. Then the Red Devils will take to the field against DeSoto High of Arcadia in the second quarter. In the third quarter it will be a preview of the Devils final game as the Devils battle for a quarter with their arch rivals the Blue Streaks from Sebring. In the final quarter Wauchula and Arcadia will test strengths against each other.

None of the teams have had much time to practice and chances are all four teams will take it easy trying not get any injuries before the regular season opens on Sept. 17. Avon Park will open at home this year against the always tough Father Lopez Green Wave of Daytona Beach.

Although the Red Devils lost 16 boys off last years squad by one means or another, this years team could be the largest (in weight) team Avon Park has fielded in years. There will be eight linemen hitting the scales over two hundred pounds and one back weighs in at 198 pounds. The Devils will also have Don Sizemore back for the fourth year as a quarterback. Working out in the backfield this year trying to win a starting slot are seniors Eddie Ezell, at 144 pounds, Earl Strong (154), Roy Lamb (121), and Don Sizemore at 145 pounds this season: junior James Coleman (154), Arnold Davis (142), Keith Richards (146) and Jarvis Harff (136); and sophomores Nathaniel Packer (182) and Gregg Harff (132).

The Devils lost all their ends last season so this year that slot is open and anxious to see up a starting position are: senior Sam Dasher, juniors Wayne Todd (145), and Bud Wester (154); and sophomores Nathaniel Packer (182) and Gregg Harff (132).

Trying out for the offensive center position are seniors Ted Long (210); junior Charles Johns (187) and sophomores

Ronnie Dick (157).

Coach Eddie Lewis has some 13 boys working out for an interior lineman slot. As usual the Red Devil tackles and guards will probably be switched back and forth during the season and even each game. Seniors trying for a tackle or guard slot are Ray Culpepper (161), Randy Ward (227), Virgil McInvalde (214) and Willie Davis (221).

Juniors working for an interior lineman position are Charles Johns (167), Ricky Lanier (164), Andy Prescott (145), James Walker (201), and Barry Tate (180). Sophomores being trained for guard or tackle are Nate Williams (165), Haywood Batts (279), Ronnie Dick (157) and Alcus Snell (296).

The three Red Devil coaches, head coach, Joe

Franza, back coach Ralph Hill and line coach Eddie Lewis are all putting the boys as hard as possible to be ready for a respectable showing in Wauchula tonight. Next Friday night, Sept. 10 the Avon Park fans will get another chance to see the boys in action at the annual soap scrimmage at Memorial Field. This scrimmage will be preceded by a fish fry sponsored by the Avon Park Athletic Association.

CLOSED LABOR DAY

The Avon Park city hall, schools, post office, Sun office and most of the business establishments will be closed Monday, Labor Day. They will be opened as usual Tuesday.

Registration Books Will Be Open For City Election

Registration books will be open Tuesday, Sept. 7, for two city council seats and for the office of mayor for the city of Avon Park. The books will close Friday, Nov. 5.

The election will be held Tuesday, Dec. 7, and elected candidates will take office January 1. Council President Don Serdynski, Councilman Milton Howard and Mayor Bob Barben's seats will be up for grabs.

To qualify candidates must file a qualification statement, pay qualification fee of \$25 and comply with state election laws.

In the past city election was held on the first Tuesday of September and elected candidates took office October 1.

The City of Avon Park took over ambulance service for the city effective September 1. The ambulance, purchased from Claude Lee, will be stationed at the police station and will be operated by the police and fire departments. In need of ambulance phone 453-3757 or 453-3745.

The council approved to let Fire Chief Wilbur Giddens, who is retiring, to work until October 1, and pay him for vacation time, and overtime accumulated. Chief Giddens will help train a new fireman.

Home Juice Golf Tournament To Start Sept. 11

The fourth annual Home Juice Invitational Golf Tournament scheduled for September 11 and 12 at Pinecrest has proved to be every bit as popular a tourney as its predecessors. The full complement of 160 golfers was reached by August 25. Replacement of any with drawals is assured by maintenance of a register of additional entry applications at the Avon Park pro shop.

Leonard Haddad, president of the Florida Home Juice Co. of Avon Park plans to join entries from more than 25 central Florida locations. Competitive play is predicted through such entries as Bill Lemker of Lakeland, last years winner, Al Sanders, champion of the Avon Park association and others comprising a championship fight of near scratch handicap class.

Last Wednesday pre-am found more than 70 golfers from Placid Lakes, Sebring and Avon Park competing at Pinecrest. The team of Dyer, Backus, Gray and Cure triumphed, finishing very well in spite of heavy showers.

Schools Start - Drive Careful

Now that school has started in the Avon Park area in four different locations, motorists should make an extra effort in keeping a lookout for our young people. None of the streets leading to the new high school have sidewalks and the students will be walking on the shoulders of the roads and in the streets.

The county has proposed to build sidewalks from Main Street down Bombing Range Road to the new school, from Castle Street to Cornell, along Cornell to Marshall, but parts of Highlands, Canfield, etc., that funnels the students to the new school, are in great need of sidewalks and should be considered by the county for the safety of our young people.

The students which are attending Avon Elementary School on West Winthrop Street; the Middle School located between South Lake Ave. and South Verona Ave., and Hopewell School on DeLaney Ave., should also be closely watched by motorists, especially the ones riding their bicycles, who sometimes have other things on their minds rather than passing traffic.

With this in mind we can have a safe school year and appreciate the excellent school system we have in Avon Park.

Our new high school, which is one of the most modern structures in the country with its fully carpeted and air conditioned buildings and with the three other schools, we will not have the burden of overcrowded classrooms that have handicapped other schools across the nation.

Part of Hwy. 27 Speed Limit To Be Decreased

At a meeting Tuesday morning at city hall, Bruce Downs and Roger McDuffie representing the Department of Transportation said that speed limits in Avon Park on

Hwy 27 from Castle Street north to 500 feet north of Winthrop Street north will be decreased.

Also Hwy 27 coming south in front of Walker Memorial Hospital will be decreased to 55 miles per hour. The emergency entrance to the hospital will also be studied by the department.

Attending the meeting were Police Chief Ferland Cribb; Mayor Bob Harben; City Clerk Malcolm Crews; John McClelland, administrator of Walker Memorial Hospital; Charles Walton, president of Avon Park Chamber of Commerce; Charlie Cullen, County administrator; George Haynie; Councilmen Durrah Martin and Jack Duggan.

County Commissioners Name Stephenson New Zoning Director

In a special meeting Monday night Highlands County commissioners named William Stephenson of Sebring county zoning director. He will succeed John "Jack" Short, the county's first zoning director who resigned last month.

Stephenson, presently staff manager for Life Insurance Co. of Georgia, will assume his new duties on Sept. 13. He has been with the insurance company since having moved to Highlands County seven years ago from northern Illinois. He was an agent for two years and for the past five years has had supervisory responsibilities in Highlands and Charlotte counties.

Prior to coming to Florida Stephenson had been associated with a construction company in Illinois. He is a graduate of St. Charles, Ill. High School and he has attended Wheaton College.

He and his wife, the former Peggy Askeland, are active in civic affairs. She is a member of Sebring Junior Woman's Club. He is past president of Sebring Jaycees and he is a past president of Young Republicans here.

He has served on the board of Atomsom Lutheran Church and he is currently neighborhood commissioner for Highlands District Boy Scouts. Mr. and Mrs. Stephenson live in Sebring Shores. They have three children: Julie, Tres and Janya.

QUICK DECISION
The county commissioners acted quickly in reaching a decision to hire Stephenson. The board indicated several applications had been received,

but Stephenson's name was the first mentioned at the special meeting Monday and within 10 minutes he had been unanimously chosen.

Salary for the new director will be \$4,500. Commissioners indicated that pay for the post is being reduced because the new director is inexperienced.

In the only other business transacted Monday, the board approved a request to permit the Sebring Hills Civic Association to use the precinct 3 voting building for a rummage sale in September. The action is contingent upon the new voting machine warehouse being completed and the machines now stored in the precinct 3 building having been moved.

Wards Return From Trip

Mr. and Mrs. G. Franklyn Ward and son Robbie have just returned from an enjoyable trip of three and one half weeks out west. After picking up Robbie at Mountain View Camp in Clarksville, Ga., the Wards were guests of Mrs. Ward's brother, Dr. and Mrs. Charles Heitsch, family in Webster Grove, Missouri.

From there they visited their daughter and son-in-law, Mr. and Mrs. William Hillman in Denver, Colo.

While out west they visited many places of interest, including Grand Tetons National Park in Wyoming, where they took two trips on Snake River. They also visited Yellowstone National Park and Salt Lake City, Utah, in Utah they visited Arches National Monument.

Families File Suit In Which Four Local Boys Were Killed

The families of four Avon Park youths have filed suits against the family of a fifth youth, driver of an auto in a multifaulty accident on June 19.

Nelson Gray of 421 Tulane Drive, and the State Farm Mutual Automobile Insurance Co. are co-defendants in each of the four suits.

Gray is father of Cornelius E. Gray driver of the vehicle which crashed on State Road 60 near the Highlands Folk Line. Each of suits requesting damages in excess of \$5,000 claims the Gray auto's tires were not good, that young Gray was driving in a careless manner at a high rate of speed.

Willie Collins, father of David Collins, Johnnie B. Griffin, father of Johnny Griffin; J. C. Jackson, father of Curtis Jackson, Tad Tate, Jr., are plaintiffs in the cases. The

Collins, Griffin and Jackson sons died in the accident. Young Tate suffered a broken neck and other injuries but survived.

DAMAGE SUITS

William G. Hess has filed suit against Elton Taylor and Sons, Inc. and Ulysses Taylor, asking damages in excess of \$1,000 for an accident on Feb. 23.

The suit lists Ulysses Taylor as driver of a vehicle owned by the Taylor citrus firm. The Taylor vehicle collided with Hess's vehicle 7 miles East of Sebring.

Ewell Engineering and Contracting Co. has filed suit against Flamingo Hauling and Rigging Co. for damages to a newly paved road.

Ewell claims that on Nov. 6, 1969 the hauling company carelessly allowed a bulldozer to fall off the vehicle transporting it and caused serious damages to a newly surfaced section of US 27 near Lake Placid. Ewell list \$708.14 as the cost of repairing the road and is asking for the hauling company to pay those costs.

Highlands County teachers got the good news this week that their pay raises contracted for before the freeze will be honored.

George Douglass, superintendent of schools, said state school officials had received a ruling "in regards to people who entered into contracts for stipulated amounts, that we are to pay them."

Douglass estimated this will mean about \$28,700 to the county's teachers in the three months of the freeze, plus an additional \$3,000 for bus drivers and other non-instructional personnel.

However the news for the sheriff's office was not good. Sheriff O. L. Raulerson, Jr., said he was informed Friday that an opinion had been handed down that county employees were not thawed. Personnel in his department had been approved for an across the board raise of about 7 per cent when the county budget was adopted.

It seemed definite, also that other county employees, granted,

about 5 per cent pay raises, will not get them during the freeze.

National news releases have indicated that in-grade raises for U. S. civil service and state employees are frozen.

MRS. S. L. BRUMBAUGH, who will be 98 years old on Sept. 7, is shown at the home of her daughter, Mrs. Paul Zuck at Lake Byrd. On the table is a photograph of her and her husband, taken upon their engagement announcement years ago.

Mrs. S. L. Brumbaugh To Celebrate 98th Birthday Sunday

Mrs. S. L. Brumbaugh will be 98 years old Sept. 7, and she will celebrate with her family on Sunday, Sept. 5th.

She has four children living, Mrs. Lloyd Shields of Columbus, Ohio, Mrs. Omer Gump of St. Petersburg, Mrs. Harold Stitley of Cumberland Maryland and Mrs. Paul Zuck, with whom she makes her home in Avon Park. She has four children deceased.

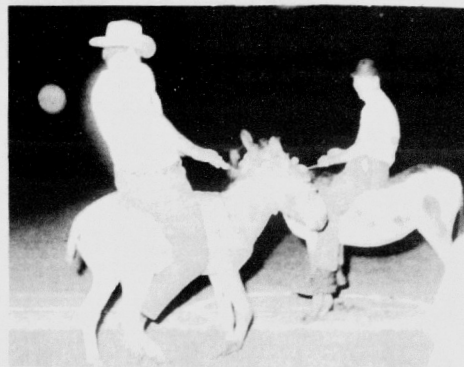

Mrs. Brumbaugh has 17 grandchildren, 47 great grandchildren and three great-grandchildren.

She and Mr. Brumbaugh celebrated their 72nd wedding anniversary before his death. She has had greetings from many friends and a note of congratulations from President and Mrs. Richard Nixon.

This lovable and spry lady has lived in Highlands County since 1946 and we overheard her say that she had taught a Sunday School class when she was a young girl. Maybe this has something to do with her looks and good health, which doesn't look like she has lived almost a century. We wish you many more happy birthdays, Mrs. Brumbaugh.

MAYOR BOB BARBEN and Chief of Police Ferland Cribb are seen in the line up for a race, before the game, with the pretty girls at the donkey baseball game Friday night.

Sunday School Class Hold Salad Luncheon

The Mary Martha Sunday School Class of the First Baptist Church had a salad luncheon at the home of Wynell Simpson, Palm Drive, on Monday Aug. 30.

Those attending were Juanita Haddock, Nita Renfro, Frace Correll, L. Williams, Flo Wall, Doretha Elyea, Lucille Lemler, Mildred Strength, Evelyn Cook, Ruth Burton, Goma Stallard, Ruth Thomas and Rachel McFarland, the class teacher.

This proved to be very enjoyable and plans are to have another one in the near future.

Three Avon Men Plead Guilty In SFJC Theft

Three Avon Park men pleaded guilty to breaking into South Florida Junior College and stealing equipment.

Judge Clifton M. Kelly ordered a pre-sentence investigation for John Owen Wigginton, Howard Lee Plau and Horatio Nelson Milliken.

They pleaded guilty to breaking into the junior colleges electric building. In court this week they were represented by the public defender.

FRANK WILLIAMS, Highway Patrolman, with ten-gallon hat and Larry Albritton with derby, look like they are having trouble keeping their feet and what ever, off the ground at the donkey baseball game at head field Saturday night.

WHOA! OR GIDD-UP says Police Chief Ferland Cribb to the stubborn donkey at the donkey baseball game at head field, Saturday night. Whichever, he looks like he is having fun.

HEY...WHICH ONE IS THE DONKEY? Malcolm Crews believes it's easier for him to carry the donkey to first base than for the donkey to carry him. Approximately 1500 spectators attended the donkey baseball game Saturday night at Head Field.

Notes On Helping The Handicapped
Visiting other services for the handicapped frequently provide for improving local opportunities. Mr. and Mrs. G. F. Ward have reported on the program of Evergreen Presbyterian Vocational School, located near Minden, Louisiana, a farming community about 40 miles east of Shreveport.

Here a four year curriculum of training for work is offered the mentally retarded. Applicants must be between 18 and 30 years of age, capable of understanding general instructions and adjusting to group living away from home. Approximately one year is spent in work training in each of the four areas.

The school is located in the hills, far from the country of Louisiana and is under the sponsorship of the Presbyterian Board of Christian Education. Much of the food for the boarding school is raised on the school farm and many training projects are carried out in the surrounding communities, providing a variety of opportunities for the students.

"Great oaks from little acorns grow" is an adage we all remember from childhood. The above account of the Evergreen Presbyterian vocational school is an excellent example of the "great oaks." We the Ridge are a work center, the "acorns" of the community so we can grow to oakhood. With a vital association membership, with a dedicated staff and that very important community support we shall grow and grow.

Olive Kerwin Returns From Vacation

Olive Kerwin of Golden Age Village has returned from vacation in England, Wales and Austria. After arrival in London she went to the Yorkshire area, naming HULL her headquarters.

From there the first visit was York. The three miles of City Walls have stood for over 600 years. The great Minster, with priceless stained glass windows, is the largest medieval cathedral in Northern Europe.

The Shambles, a very narrow street with its old shops and flats is fascinating. The opening in the Wall are called BARS and the streets are called GATES; confusing at first.

The next stop was at Swansea, South Wales where she met her daughter, Sister Carolyn. She had been visiting colleges in England, Scotland and Ireland. They went to Shrewsbury for several days where they stayed in the Tudor House (over 500 years old).

After a day at Stratford-on-Avon, Shrewsbury was a welcome sight. Stratford was so crowded and long lines for anything interesting, that the town's historic houses were the only thing they lined up for.

The next trip of interest was to Stoke-on-Trent. This is referred to as the Potteries. Wedgwood, Spode, Copeland and Minton Potteries are here. An interesting visit to Spode and Minton Museums made this day worthwhile.

London was next stop and besides the regular tourist spots they attended "The Great Waltz" at Royal Drury Lane Theatre and "Fiddler on the Roof" after dinner revelling restaurant atop the Post Office Tower which towers 625 feet and furnishes spectacular views of the entire area.

August 2nd they took off on 12 day Austrian Alps tour. All other passengers were from England. Overnight stops were made in Brussels, Belgium and Heidelberg, Germany. Hotel Tannenberg (1885-1901) skiers discovered the beautiful slopes surrounding Lech and the famous Arlberg Ski Club was founded in 1901.

While there are only 990 regular residents, during ski season over 9000 visit this beautiful mountain village with its 14th century parish church dominating the landscape. The highlight of the return to London was a visit to BASTOGNE, where so many American boys lost their lives at the Battle of the Bulge in December, 1944. The Memorial is outstanding in center of town in "Futton" Tank.

Olive came home via the fabulous Pan Am 747.

Fix-It Tip

If a flat tire empty gas tank or dead battery stalls you on a dark road at night, you can make a warning signal by stretching a yellow sheet of aluminum foil along the back and side of your car toward the road. Secure the foil by closing the car doors or windows on it. The foil will reflect the headlights of oncoming cars and could be a lifesaver.

RUTH ROBINSON

Mr. and Mrs. Harold Patten returned home a week before they intended to, due to illness. They did spend 3 weeks in Cleveland with their daughter and family. Mr. and Mrs. Joe Masala and their two sweet granddaughters, Kimberly and Tracey, which were very enjoyable. Another stop was in Bowling Green, Ohio to see Mr. and Mrs. Ed. Freeman, who moved into our park last spring and then to Hicksville, Ohio for a visit with Mr. and Mrs. Wm. Cleveland. They found them all in fine health. The Michigan picnic in Palmyra was attended by Harold and Mary where they saw many friends, including Mr. and Mrs. Ray Millen, Mr. and Mrs. Paul Swearingen and Mr. and Mrs. Leo Wagner.

Emmette and Sallie Wright with their daughter, Janice, arrived home on Monday afternoon from a 3700 mile trip, to Bethany, Oklahoma, where they stayed for two days getting Jonathan settled in his new life and home away from home, and back to Avon Park. They many old wells in Oklahoma was a fascinating sight to them. While in Oklahoma, they visited the First Church of the Nazarene "The Cathedral of Inspiration" which holds 2500 people, has a large pipe organ with exposed pipes in the background of the circle altar, which inspires beautiful singing from the large Cathedral Choir. The church is right across the street from Bethany College, with Rev. Ponder W. Gilliland as the Minister.

While in Oklahoma, they went to the Woolar Museum in Bartlesville to see the Art of Civil War Days; and also to Oklahoma City for a visit to the Cowboy Hall of Fame. The trip took 10 days with a 2 days stop in Lexington, Kentucky to see Janice and her husband, David. They stayed in a Continental Inn which had a courtyard landscaped to simulate Florida, with Palms and a year round swimming pool, all roofed over. The Kentucky State Fair in Louisville was another all day attraction. Sallie said she got homesick, so we are glad to have them back with us, as well as Janice who has plans to enter the new University of South Florida for a premed course of study.

Mrs. Mildred Shearer writes that she had a wonderful time while on a Bus tour of two weeks. It took her to Yellowstone National Park, Salt Lake City and Alberta, Saskatchewan, Canada. Mildred is missing her friends and soon will be back too.

Mr. and Mrs. Earl Smith were guests of Bob Gibb recently.

Mr. and Mrs. Arthur Fouty received a card from Mrs. LaRue Longancker from LaPorte, Indiana telling of her enjoyment with old friends, daughter and family and her interesting granddaughters, who are 10 and 11 years old. We are anxious for LaRue to return.

Mr. and Mrs. Forrest Wiedeman are keeping active. Gladie at the sewing machine whipping up a new dress and Forrest in the garden, digging up potatoes and caring for the flowers. They both enjoyed the picnic and surprise visit with Lucille and Bob Duttie, who was unexpected. Wiedemans also had a family cook out at their son's home with all the grand children and eight grandchildren, six under school age. Gladie said "Never a dull moment".

We are glad to hear that Cecile Lemler is home from the nursing home, after five weeks of treatment and convalescing. Our prayers are for her complete recovery.

Mrs. Mildred Tumberg was very pleased to hear that her grandson Mike Tumberg was named as one of the football players for the All Star Game in his town, and was also voted the most valuable player by his team mates, receiving a trophy for the honor. We remember these talented children growing here and entertaining us with their music in the recreation hall. Donna Tumberg and her friend Ann Ray were a big hit recently at the Coloma High School Variety Show; Donna played the organ beautifully and also performed with a Cheer Leader group called the St. Jo. Honeybees, at the youth fair in Berrien Springs, Mich. for which they received many compliments.

Arthur Fouty recently celebrated a Belated Birthday by going with Mrs. Fouty and Robert Gibb to the Fisher's restaurant in Sebring for dinner.

"Yours truly", is having a lay's spell after last week's activities with the children. We went to Bahia Beach with Sarkans, Kopok Tree Inn, shopping in Clearwater and other miscellaneous ventures on the other days. Like golfing nine or eighteen holes. We did enjoy being together even tho' it
