The beautiful white birthday cake with red roses, inscribed with "Happy Birthday Annette" was served with hors d'oeuvres, and punch to the guests attending. Spring flowers in shades of red and yellow surrounded the punch bowl.

Annette received many lovely gifts, and wore a orchid corsage, a gift from her husband.

The Hibiscus Circle of the Avon Park Garden Clubs met at the home of Mrs. Carrie McGiboney, Thursday, April 13, with Mrs. Bessie Fillmore, the new president presiding.

Members had been asked to take arrangements in antique containers and when showing the arrangements to tell something about their containers, so this was a "Show and Tell" meeting. Two antique dolls were shown as well as an antique dog collar.

Members were asked to wear clothing reminiscent of yesteryear and most of them did. Mrs. Elizabeth Adams was outstanding with her leg

o'mutton sleeves. Mrs. Alice Sherman was said to look like Whistler's "Mother", so she was placed in a rocker in the center of the room for pictures to be made for the scrap book. The group of Federated Garden Clubbers goes at the invitation of Commander John Burkart and will be seated in the reviewing stand. After the review the group will have a conducted tour of the training center and will be served lunch

Charles Jackson Is Retiring

By ELOISE SHARPE
When a business or building changes ownership in Avon Park the man goes with it - or so it was with one particular building, at 20 South Butler Avenue.

Charles M. Jackson retired Saturday, April 15, after 45 years of employment in the same building, under 5 different managements. Charles went to work in February, 1927 for S. J. Pendleton, who operated Pendleton Grain and Provision Co. He delivered to Frostproof, Sebring and Lake Placid in a T-Model Ford Truck. He worked for Mr. Pendleton for 17 years, delivering feed, groceries, etc., until 1945, when the business was purchased by Mr. Roy C. Hastie, where he worked for one year.

In 1946 the business was purchased by the late George Langford of Frostproof and

Louie Mimms of Avon Park. He worked for Langford and Mimms for four years, and then for James W. Kimbrell for seven years, Kimbrell Lumber Co.

In October, 1957, Tommy Bagwell purchased the business, which is now the Bagwell Lumber Co. Charles has worked for Bagwell for 15 years, which makes for total of 45 years in the same building. When Tommy Bagwell purchased the business, Charles stated, "I go with the building."

Charles has outlived four employers. He has never taken time off for sick leave or otherwise, in 45 years; or for vacation, until last year. On occasion when he was off to attend funerals, he would always come in and make up the time, stated Bagwell. Easy going Charles, doesn't look his 63 years of age. He still has a good set of teeth, (his own) and is graying a little, but still has

that kind voice and smile, for which everyone knows him. When asked what he attributed his good health to, he stated, he didn't drink or smoke. He is a deacon at St. Marks Baptist Church.

Charles was presented with a gold watch and knife upon retirement. The inscription on the watch read - To Charles M. Jackson by Bagwell Lumber Company, for 15 years of continuous service.

He and his wife, Johnnie have raised 14 fine children. A son, Sgt. Maj. Jean Jackson, Ft. Detrick, Md., who has been in service for 21 years, and a daughter, Jacquelyn Jackson, who teaches English at Avon Park High School; Mrs. Marian

Murray, Bridgeton, N. J.; Mrs. Allen Mossey, Compton, Cal.; Fred Manning, Atlanta, Ga.; Charles Jackson, Jr., Long Beach, N.Y.; Alfred Jackson, Avon Park; Gloria Ann Walker, Avon Park; Barbara K. Jackson, Avon Park; Marvin Charles Jackson, Atlanta, Ga.; Mrs. Joan Gholston, St. Louis, Mo.; and one deceased. Five of the children are still at home. They have 25 grandchildren and three great-grandchildren.

So now Charles can do all the things he has wanted to do for the past 45 years, and didn't have time for. He can also sit in a rocking chair and whittle with the knife, which was given to him by fellow employees, and enjoy all his grandchildren.

Rotary Report

By Joe Johnston

Mr. Melendy, Examiner for the Florida Highway Patrol, conducted a question and answer session about obtaining and retaining a valid Florida Drivers License. Some of the questions and answers were:

Question: Is there an upper age limit for a license? Must one have more than an eye exam after a certain age?

Answer: No.
Question: What must a person do who has just moved to Florida?

Answer: If the applicant holds a valid license from another state, he must only take the written exam plus eye test.

Question: Does the Driver Education program in high school help?

Answer: (From floor and examiner). It would help more if students were practiced (perhaps by parents) on U.S. 27.

The new booklet, soon to be released to the public, for the License Exam were distributed, and Mr. Melendy was awarded a certificate of appreciation.

Tied for second place with 5-1 records were the Dodgers and the Angels. In fourth place were the Braves with a 4-2 mark and the Cubs finished fifth with a record of three wins, two losses, and one tie. The Astros were sixth with a 3-3 record and four teams tied for seventh place with 2-4 records - the Cards, the Colts, the Phillies, and the Pirates. The Giants were in eleventh place with a 1-4 mark and the Indians were 0-4 for the season.

Roberts, Ricky Bush, Billy Ballard, Wayne Roberts, Johnnie Wooden, Phillip Statler, Paul Durrance, Donald Houze, Steve Thompson, Kenneth Jones, Mark Hoke, John Henderson, Bobby Caudill, Hunter Kittrell, Joe Heatherly, Slade Ward, and Jeffrey Brock.

After the last game on Friday night the managers and coaches of the eight Little League teams held the annual draft to replace players on their teams. Action in Little League will start on Saturday, April 29, after two weeks practice by the regulars and rookies on the eight teams.

The Avon Park Little League Association expressed its appreciation to all the coaches, umpires, concession booth workers, and others who helped with the Minor League program

which involved some two hundred boys between the ages of eight and thirteen.

Church Women Attend Lehigh Acres Meeting

Thirteen Members of the Episcopal Church Women of the Church of the Redeemer, Avon Park, attended the Spring Deacony Meeting, at St. Agnes Church, Sebring, on Wednesday, April 12th. After the meeting and a delicious lunch, served by the Sebring E.C.W., all members returned to attend their own regular monthly meeting, held in the Parish House of the Church.

The meeting was opened by Mrs. Eugene Hise, all members repeating the Lord's Prayer. The secretary's and treasurer's reports were read and approved.

The new slate of officers was presented by Mrs. Winifred Todd. The list being approved, the new officers are: Mrs. Eugene Hise, President; Mrs. W.N. Ikluberg, Vice President; Mrs. George Cone, Secretary; Mrs. William Smith, Treasurer.

Mrs. Hise thanked all members for their cooperation during her term as president and said she was sure she would continue to have their support during the coming term. She also thanked members for their help during the recent Antique Flea Market, which was an outstanding success. Without their help, the reverse would have been true.

The next meeting will be on Wednesday, May 10th. This will feature a salad bar luncheon, and will be the last meeting of the season. It is hoped there will be a large attendance. Members are asked to bring table service and a salad or dish to pass. Office will be served by the hostesses. Don't forget the date, May 10th. Come and have a good time, something to remember, while looking forward to the first meeting in September.

Twins Will Celebrate 94th Birthday

By Kathy Ryan Askren

Dr. Leon Viall and Dr. Leo Viall are identical twins, who will celebrate their 94th birthday on Dec. 10.

The Viall twins have careers in common too. They both graduated from the Chicago College of Dental Surgery in 1905 and were practicing dentists until their retirement in 1956. Since 1957 the twin brothers have lived together in Avon Park. They are both widowers.

The men have some interesting recollections about their early childhood in Waupun, Wisconsin. When they were born on Dec. 10, 1878, Leon weighed in first at 3 1/2 pounds, and Leo was born a half hour later. He was lighter than his brother by a half a pound. There were no incubators when the twins were born; so Leo was kept alive by having his cigar box crib near the warmth of a stove. Today the identical twins are about five feet tall and weigh around 65 pounds each.

Wages
The men vividly remember doing odd jobs when they were around 10 years old to earn money for their clothes. Their wages for a 10 hour work day were 5 cents an hour. After graduation from high school they worked in a shoe factory for wages of 10 cents an hour. This amounted to about a dollar a day. Later the men went to dental school for three years and graduated when they were 30 years of age.

When asked if they had fun fooling people as identical twins, the men chuckled and said their instructors would never tell them apart in dental school; so the professor would just say "Viall," and whoever knew the answer to the question would stand up and answer it. One time in their young manhood, Leo had a date with a girl and decided he would rather take an out-of-town girl to the dance. Leon took the local girl to the function, and she never knew the difference.

The men have dressed identically throughout their lives. They had an older sister in their family, who is now deceased.

They stated that they used to quarrel from time to time as children, but now all differences of opinion are settled by "tossing a nickel."

Longevity
The men attribute their long life to "being busy." At almost 94 years of age they still do all their own house work, and completely maintain their 250 by 300 foot lot. Leo is the cook of the family, and his brother testified that he is a very good one.

The men eat carefully and seem to concentrate on foods (chicken, fish) that are low in cholesterol. However they both have a "thing" for chocolate and feel they probably eat too

much of it. Leo smokes a pipe, and Leon enjoys a cigar. After the men were 91, they began taking a shot of whiskey before going to bed at night. Leon says this is to "keep their blood alkaline."

The twins enjoyed playing bridge; seven card poker, or as one of them stated, "cheap poker;" and they like reading western magazines. They also play shuffleboard.

Commentary on life

Leo and Leon Viall feel that modern advances, especially in the field of medicine, have made life better today, but they feel people are too affluent for their own good. The men stated the worst part about life today was that children don't have to work and are given too much material things by their parents. Leon mentioned that "People have too much money and don't have to work hard enough for it." He went on to say that since there are so many

more "things" available now, people are more envious than they were in the past. Leo stated in their day children pursuing higher education had to earn their own money, and it wasn't handed to them by their parents as it sometimes is today. Both men seem to feel a busier person is a more fulfilled human being. Their almost 94 years of life seem to bear out this point quite vividly.

Girl Scouts Holds Meeting Tuesday

The Jacaranda Neighborhood of the Girl Scouts in the Heart of Florida Council held their meeting last Tuesday evening at the Union Congregational Church.

Reports were given on the recent dinner held at the Avon Park Correctional Institution. Some 350 persons were in at-

tendance.
Plans for the annual Day Camp were discussed. Volunteers were accepted, and anyone who is interested in assisting with the camp may contact Mrs. J. Welch Fisher for details.

Plans were finalized for the "Fly Up" ceremony which will be held at the Avon Park Middle School auditorium on May 19.

Mrs. Lew Mundi and Mrs. Dan Dan Evers are in charge.

The program for the evening was presented by Mrs. Larry Hooper, Arts and Crafts Consultant for the troops. Mrs. Hooper showed a number of items which could be made by the various age groups.

KILLED APRIL 24, 1971
REPUBLIC OF VIETNAM

This is a story of an American son,
Who traded his boys just for a gun.
He was my brother, facing real manhood,
When he believed in things it was there he stood.

A year ago this very day,
My brother died a horrible way.
All who knew my brother well,
Always said that he was swell.

He always said there was a call,
That he could hear Summer, Spring, Winter, and Fall.
A call of duty he would say,
That call that **TOOK HIM ON HIS WAY.**

I do not know exactly why,
My brother wanted to say good-bye
In his mind there was no return
To this world where we teach and learn.

My mother's heart is full of scars,
And I know she would like to keep us all in jars.
But as he grows up and then he goes,
After that no one knows.

He used to try to explain to me,
Why he must fight to keep us free.
He spoke of communism saying it wasn't right,
And in his eyes he was quite up tight.

He often spoke quite reliably,
How he would fight and die for his country.
His mother said, "Go to Canada, my son,"
But he replied, "No, mom, I could never run."

They brought him back still and cold,
He never had the chance to get old.
They gave us medals they said he had won,
But they can never bring back a mother's son.

Now he is so close yet so faraway,
And I know I'll be with him some day.
I know there are many things we'd like to say,
But the only time we speak is when we pray.
I only wish of things like war,
To be things of the past and never more.
I only pray of peace throughout the land,
That all nations together may stand.

"Brother"

Board Agrees To Move Sebring's 5th Grades

To alleviate over-crowding in Sebring Middle School, the fifth grades will be transferred to Fred Wild and Woodlawn Elementary schools next Fall. Highlands County School board Thursday night approved a recommendation of Superintendent of Schools George Douglas that the grades be transferred.

Douglas also recommended that the board approve transfer of three portable from the Middle School to Fred Wild to help take care of the extra grade. This was approved.

The Superintendent recommended that E. O. Douglas school be used as an early childhood and kindergarten center when the new state requirements for these go into effect in 1973-74 school year. He added that there is room for this as well as for the migrant children and related children programs there. He said he feels all buildings there will be utilized.

In transferring the fifth grades to the elementary schools, the Superintendent noted that about seven teachers would be re-allocated. There would be 110 fifth graders at Fred Wild, 130 at Woodlawn.

In other actions, the board: Approved placing time deposits with First National Bank of Sebring, \$20,500, 4 percent; Barnett Bank, \$44,500 at 4.5 percent; Avon Citrus Bank, \$100,000, 5 percent. These were the best bids.

— Award to low bidders, or best bidder overall on price and quality, purchases of physical education, janitorial, classroom and paper supplies.

— Awarded Highlands Fertilizer the bid on fertilizer Broadhead and Garrett. Mid-west and Harry P. Lee were awarded contracts for equipment to Lake Placid school totaling \$4,429.40.

— Received a low bid of \$27,084.53 from J. M. Whitaker and sons on the Driver Education range. Superintendent Douglas pointed out only \$55,000 in state money is available and asked that he be allowed to discuss with the state carrying the coverage into the next year.

— Heard Superintendent Douglas report he had a bid on the costs of sidewalks at Sebring and Avon Park High Schools "from the same man who did it before." He noted the costs were "out of reason and let's find an alternative."

— Granted the general contract for Lake Placid High School an extension of time until Apr. 15 upon recommendation of Architect Jim Heim.

— Reported vandalism in the schools is down this month.

— Approved \$675 for painting cabinets in the homecoming department at Lake Placid High School.

— Approved the 1972-73 school calendar of 186 school days. Christmas vacation will be Dec. 20-Jan. 9, nine days, and students will be off Mar. 23 for race day "providing there is a race."

— Approved request of Highlands County Chapter of American Cancer Society to conduct a "Send a Mouse to College" campaign. The 2% from each student pays for a laboratory rat used in cancer research.

— Announced that the schools have been notified that Protective Life Insurance Co. has cancelled its group policy. This affects older teachers. Cancellation came about after the number subscribing

dropped below 25.

— Heard that the Scholarship Recognition banquet will be held at 7:30 p.m. May 6 at Holiday Inn, Lake Placid.

— Approved an out-of-state leave May 9-12 for Principal Billy Cason of Sebring High School to visit the United States Military Academy at West Point.

— Asked Douglas to bring in report on reverter clause for DeSoto City school. It possibly could revert back to previous owner unless the schools put it to use, he said.

— Check into uses for old Carver school. There has been a request to purchase it for a migrant labor camp. Douglas was asked to check for a reverter clause on this. He noted that the Florida school has a reverter clause.

Free Freedom March Scheduled For May 20

Dear Editor:

I wish to express to you and our Fellow Citizens how important it is for each of us to give our thanks to "God" for the Freedom and Security of this Great Country of ours.

The American Freedom march in Washington, D.C. May 20th is calling for at least, "One Half Million Patriots" to assemble at our nation's Capital on this date. We must let the world know we have "Unity" in this Great Country of ours and show them by attending this march we will do anything to

PREPARE OUR FREEDOM.

Sure it takes money to travel to Washington, D.C. I assure you we can all sacrifice for our needs. We must strengthen our

country's image, now by attending this most important "AMERICAN FREEDOM MARCH AND RALLY," Saturday May 20. This is the strength of the people who care to preserve our America.

You will hear the finest speakers of our Country and from abroad including some of our best Congressmen and Senators who are fighting to preserve our freedoms.

Yes we can help support the attendance of our State of Florida, "Central Florida" just be represented with our help. Why can't we get enough people together from Avon Park, Highlands County, Hardee and adjoining vicinity together to join all the other patriots from

Board To Purchase 9 New Buses

Eleven Highlands County school buses have rolled up over 150,000 miles on their speedometers - and some have in excess of 200,000. It was reported to a meeting Thursday night of the Highlands County School Board.

And six school buses ordered last July still have not been received.

Superintendent of Transportation Garland Boggs asked that the board order nine more new buses - 66-passenger ones at a cost of \$8,560 each (state contract). He noted that four new bus routes had been added this year and two more will be added next year.

"We now have no reserve buses," he said.

The board approved purchasing the nine buses Boggs noted that the bus bodies this year are costing \$447 more than

last year but that he "hopes that this year we will avoid a price raise."

"How We Grow Them"

by Jim Kiser, inmate

April 20, 1972

Those shady spots that you will find yourself enjoying most during the heat of summer. These can be very rewarding if filled with rich luxuriant color. There is quite a fine variety of plants offered for our area. You can use pots, boxes, or baskets if you do not have a bed in your favorite cool-spot. We have started a few colorful, comfortable and you too might enjoy them.

CALADIUM: Tubers can be started in a variety of ways. I have tried several methods in my search for the easiest, yet best appearance too! I fixed a flat with peat moss halfway, and I set the tubers on top so that they are close but not touching. Cover with more peat moss, to about 1-inch over the tops. Keep moist and in a well shaded area. When the sprouts appear take the peat moss, you can remove to pots, boxes, or place them in beds. This method also lets you select color arrangement as you set them out. It is almost impossible to mark each individual tuber from the year before. I left some of last seasons tubers in the ground, to come up again. These have a much less orderly appearance, due to their multiplying. I also tried potting some with our special soil mix, but these had weaker stalks and were slower. I am happiest with the start that they get with the 'peat moss flat' method.

COLEUS: Usually referred to as requiring full-sun, I am enjoying their vivid foliage benefits with filtered light conditions. They respond to the same rich soil we use for the

caladiums and begonias. Once a plant is started, you must pinch it to get fullness. Also use these tips for increasing your number of plants. Insert the tips next to each plant and they will be rooted in about 10-days time. You can then move them on to new locations. Put four or five tips in a 6" pot and in a few weeks you will have a colorful pot that you can enjoy indoors. Several, and you can rotate them for indoor color, all summer long.

BEGONIAS: There are many of these with ornamental leaves besides the 'rex' division of the Begoniaceae Family. There is a vast variety in the candelabra begonias that not only have handsomely spotted foliage, but they produce large hanging clusters of pastel blossoms. B. 'coccinea', B. 'maculata 'Wightii', and B. 'President Carnot' are but a few of the popular ones. I have had much success with these fibrous-rooted varieties and find that they do equally well as potted specimens, both inside and out of doors.

SOIL: I will not leave you all in the dark with terms such as, pH of 5.5-6.9, rather I will attempt a relationship for your age. Where I find an azalea doing well, I find a soil can work for the above mentioned plants. Check it carefully for drainage. You might want to add some humus or little sand to insure this, but usually you can count on having found a soil that is rich enough for a start. I will get more detailed on soil in my next column, and until then, we at A.P.C.I. wish you "Happy Gardening."

Southland Mobile Court News

By Bessie Paxton Ph. 452-5247

The Engards left for their home in Duluth, Minnesota Saturday morning. They recently purchased the Snyder trailer and will return to Southland in the fall.

The Davidsons and Condit also left Saturday for their homes in Ohio. Louise Davidson and Ann Condit are sisters.

The Hutchins left Sunday for their home in Ontario. The Wallace Grants left Saturday for their home in Canada. We wish all of these friends good luck and a safe arrival home.

Fifty people enjoyed the picnic held in the park at the entrance Saturday at noon. Everyone brought picnic dishes; these together with hamburgers and hot dogs, bought and cooked by Toby, and relishes of all kinds, made the dinner a real picnic. The wonderful sunshine and fellowship helped to COMPLETE a delightful get-together. Rex Hutchins gave thanks for all good things. Our guests were Gladys and Henry Hanson, Luella Pinney and the Sydners, who so recently moved from the park we would hardly call them guests. Leslie said he happened to pass by and the aroma of food was so enticing they just had to stop.

Mr. and Mrs. Ernie Miller of near Bradenton spent the day Thursday with the Hostetters. Also Miss Elizabeth Hostetter,

sister of Rebecca and Len, who lives in California and is visiting friends in Ft. Lauderdale, came Friday for several days visit with the Hostetters.

Harriet Melson has sold her trailer to Mrs. Lucy McKenzie who now lives on Highland Avenue, Avon Park. She gets possession May 1st. Harriet and Hetta will be going north for the summer after spending several weeks in South Carolina. We hope they return to Southland again this fall.

The Eleborts left Friday for their home in New York. We hope they have a safe journey and will return to the park in the fall.

Eight people came to suffice Friday afternoon. Francis Hutchins and Everett Paxton won over Leo Breister and Ernie Snyder; score 11 to 45.

Word has been received from the Perits who are going to Iowa before returning to their home they found cold weather and snow as they drove through Indiana and westward on I-74. Especially did they find snow at Crawfordville, Indiana, which happens to be the home of the Paxtons. Oh yes, we Hoosiers battle March weather all through April and May, during the close of this twentieth century.

Only occasionally do you hear a foolstep. Or a moaning voice; a lonely agonizing voice. This

loneliness increases as one notices an abundance of foil covered windows; porches deserted of their chairs, tables and swings. Only sprinkling hose remain, an indication we hope it will rain occasionally. No bulletin board to look over, no gathering at the laundry on Monday morning. Fibber houses bulging with a variety of whatnots creating a wonderment or a curiosity. We are sometimes awakened in the early hours as we hear 'good luck' for a safe trip for those leaving the gate at that hour. Folks are returning north to visit their families, cleaning a six months accumulation of cobwebs, hopefully planting squash and tomatoes, fighting raccoons and moles, decorating graves on the family burial plot, family reunions and sitting in the shade of that oak tree to hear Jenny Wrens talk. We wish for all of you whether here or there a very pleasant summer.

County Advised To Take Instructions From Flood Agency

The Avon Park Sun, Avon Park, Fla., Apr 11, 1972

Do the County Commissioners have any responsibility for regulating the flow of water among the many lakes in Highlands County?

That question was posed to the Commissioners, Apr. 11, by County Engineer, Gordon Hays, who had received a complaint from a property owner on Lake Francis, in the Lake Placid area, that the county was withholding needed water.

Hays told the Commissioners that, at present, his department took its directions for regulating several water flow structures directly from the Central and South Florida Flood Control agency. He asked whether the Board wanted to change the present procedure in view of the property owner's complaint.

County Attorney Dundy advised against the Commissioners' intervening in the watershed flow problem, and pointed out that several state agencies had collateral jurisdiction. The County Commissioners have a responsibility for water regulation only in the event that county roads and bridges are threatened, Dundy said.

The Commissioners accepted Dundy's advice and instructed Hays to continue taking his instructions from Central and South Florida Flood Control.

In other actions, the Commissioners:

— Received a list enumerating furnishings needed for the Agri-Civic Center, with cost estimates, and decided to consider the list at their next meeting.

— Approved attendance by the county purchasing agent at the Florida Association of Purchasing Agents' meeting which will be held in Tampa, May 4, 5 and 6.

— Set Apr. 1 as the date that its lease agreement with Avon Park Lakes Association became effective.

— Approved the canvassing report submitted by the Supervisor of Registration covering the Avon Park Lakes Special Tax Election.

— Gave its permission to the Division of Family Services to use a county office on Hawthorne Rd. until May 15.

— Tabled an offer submitted by Dade County to enter into an agreement under which Highlands County would pay \$99

per day for care received in Dade County hospitals by county indigents.

— Authorized the county engineer to proceed with paving of three streets and a parking lot in DeSoto City at a cost of about \$3,700, \$2,831.33 of which has already been budgeted.

— Approved the purchase of four pieces of special equipment, referred to as "come alongs," for use by the Road and Bridge Department.

— Received a report from the sheriff's office that a full-time ambulance was stationed in Avon Park, as of Apr. 1.

— Approved increasing the per diem paid to the Otis Elevator Company for inspection of county equipment.

— Adopted a resolution relocating the voting poll for Precinct 8 to the Tourist Club and approved advertising of the proposed relocation action.

— Received from county attorney Dundy, for consideration, an alternative to a performance bond to be applied to subdivision developers.

— Received a request from the county engineer that a list be

prepared showing roads in the county that are approved for resurfacing. Agreed to discuss the list at their next meeting.

— Heard a progress report from the county engineer on his efforts to resolve legal problems connected with the county's providing a marl base roadbed in a grove 2 miles south of SR-70 and ¼ miles east of Route 27.
