Crime Prevention Program To Be Launched

Citizens Urged To Participate

Sheriff O. L. Raulerson has announced that the Highlands County Sheriff's Deparament will participate actively in the Statewide Crime Prevention Program developed by the Governor's Council on Criminal Justice for Governor Askew's Crime Prevention Committee.

This Crime Prevention Program will be launched publicly on Sunday, May 21, in Highlands County and hundreds of other communities across Florida. The total Program encompasses two chief phases: Phase One is a felony reporting program, in which all citizens are urged to call quickly and report any crime or suspicious activity to their local law enforcement agency so that officers can respond immediately and have a better chance of preventing the crime and apprehending the suspect.

Phase Two will consist of a series of educational programs to inform citizens of simple steps they can take to protect themselves and their property against the most common forms of crime. The campaign beginning on May 21 is designed to further the objectives of Phase One, and Phase Two will be launched approximately three months later.

As Phase One rolls into gear, the whole town is going to be covered with the message "Help stop crime!" in posters, decals, brochures, advertisements in all media, and on telephone stickers. Especially on telephone stickers, because, as Sheriff Raulerson points out, the telephone is the most important weapon in this fight against crime.

Colorful stickers that say "Help stop crime!" and give the Sheriff's Department phone number will be posted in all public telephone booths in the area. Smaller stickers with the same design will be distributed free by cooperating civic, social, fraternal, religious, business and professional groups, and will also be available free directly from the Sheriff's Department. With these stickers handily placed on or near every telephone, there is no need for a citizen to fumble with telephone directories when trying to report a crime or suspicious incident.

Within the Department, Sheriff Raulerson has alerted all personnel to the program and emphasized the importance of quick professional handling of all citizens calls. But, as the Sheriff pointed out, "It isn't enough that our Department is fully committed. If this program is really going to work, and protect our citizens against crime, the citizens themselves must be fully committed, too. They must be willing to get involved."

To help mobilize the involvement of the community, Sheriff Raulerson said he will be enlisting the aid of concerned citizens in a Highlands County Citizens Committee on Crime Prevention, and will announce the makeup of this Citizens Committee shortly.

The overall Statewide Program in which Sheriff Raulerson announced Highlands County participation is based on central provision of materials and planning – for efficiency and economy, plus localized implementation – for effectiveness "where the crime is." The outlines of the program were presented at a seminar attended by representatives of most of Florida's local law enforcement agencies, held at Stetson University in DeLand on Apr. 21 and addressed by Attorney General Robert Shevin, Chairman of the Governor's Council on Criminal Justice. Sheriff O. L. Raulerson and Chief of Operations, Lem Brumley attended the all-day seminar, representing this area.

County Judge Mervin Rehrer Will Seek Re-Election

County Judge Mervin Rehrer has announced that he will seek re-election to the office of County Court Judge. He was first elected to Judicial office in 1956, and is now completing his sixteenth year as County Judge.

JUDGE REHRER

With the adoption of the Amendment to Article V of the Florida Constitution, the Judicial duties of the office have been changed, effective January 2, 1973; some of the duties which pertained to the County Judge's Court are now transferred to the jurisdiction of the Circuit Court. However, the Chief Judge of the Circuit may assign a County Judge to the Circuit bench as needed, when the County Judge meets the qualifications of a Circuit Judge, as Judge Rehrer does.

Under the Judgeship of Rehrer, the County Judge's Court of Highlands has attained recognition as one of the outstanding courts of the State of Florida. Highlands County was the first to have all county court records microfilmed - this at a great saving of taxpayers money and valuable office space; Highlands County was the first to adopt Rules of Criminal and Traffic Court as required by the Supreme Court; these then served as models for many other counties; Highlands County was the first county under 100,000 population to have a juvenile detention facility away from the county jail. This fact and the method by which it was acquired - thanks to the thousands of good citizens of Highlands County - warranted a six page article in the National Juvenile Court Journal.

Judge Rehrer was born and reared in rural Pennsylvania, the son of Mr. and Mrs. Ottis Rehrer, both now deceased.

His elementary education was interrupted for eleven years because of an injury at age six. He subsequently

Avon Park City Council Minutes

Mr. Duggan called meeting to order for purpose of Zoning Hearing. Invocation given by City Clerk Crews. Architect James A. Heim representing Mr. Joseph Choti appeared and requested a change in zoning to permit construction of an apartment building on the North-East corner property of W. Pleasant St. and N. Tropical Ave. The request had previously been approved by the zoning board of adjustment. It had been advertised for a public hearing at this time.

Motion by Mr. Howard, seconded by Mr. Martin to rezone Lot 6, Block 8, Section 22, Township 33 South, Range 28 East from R-1 to R-3A classification as approved by the Zoning Board. Motion carried.

Mr. Duggan reported on discussion of Library at Chamber of Commerce meeting. It was suggested that a qualified appraiser be employed to make an appraisal of the present library property. Comments were made by the Mayor and several councilmen concerning this matter.

City Attorney Hancock introduced Mrs. Ruth Handley of Sebring who spoke about operation of the Sebring Library Board. The proposition for a city library was placed on the ballot and Sebring voters approved along with a special tax up to two mills for the purpose. They formerly circulated about 2,000 books per month but with the new library are circulating around 7,000. They operate on a $26,000 annual budget with funds supplied from the special tax. They have a lot of volunteer workers. Mrs. Handley suggested plans be made for operation of the Library before any building program is launched. After they got their library operating under a Library Board they applied for a grant of Federal Funds on a 50-50 matching basis. They were deeded land by the City valued at $32,000 which was used as part of the Library Board's matching 50 per cent. They borrowed $40,000 and got a Federal grant of $72,000 making a total of $144,000 for the building. They have one full time librarian, one help working about 25 yours weekly and one on call with many volunteers. Mrs. Handley offered to contact state authorities and have some of them inform the city about library services. Further discussion of the possibility of the city having an appraisal made was held but no action was taken.

I was reported that a special meeting had been held with Motorla representative and no decision would be reached until the city obtained the two new General Electric radios from the State Law Enforcement Council. Motorola did agree to change radio crystals so that they might be properly used by the city vehicles.

Motion by Mr. Martin,, seconded by Mr. Howard to excute maintenance agreement with Odom Tank Company on the 150,000 gallon elevated tank for $700.00 annually and on the 50,000 gallon elevated tank for $485.00 annually. Motion carried unanimously.

A disucssion was held on railroad right-of-way between W. Main St. and W. Pleasant St. on old A.C.L. tracks. City Attorney is to make another title search. Clerk to write railroad again about title to land formerly city street and park.

The City Attorney reported the city was bound to a one year extension of lease on airport land with Wilbur Gene Selph by previous action. This has been executed by the Mayor and City Clerk. It was generally agreed that the City would take bids next year.

The City Attorney reported that a suit against General Motors, Chrysler Corporation, and Ford Motor Co. had been filed by the Attorney General of Florida and other states were involved also. As a municipality Avon Park is also included in the Florida suit. Decision was to take no action to remove Avon Park from the suit.

Motion by Mr. Martin, seconded by Mr. Sizemore to instruct the Building Inspector and City Clerk to prepare specifications for exterior repairs to the Armory Building. Motion carried unanimously.

Mr. Joe Kinsey, Sr. spoke of new redistricting act which joined Avon Park and northern Highlands County with Polk County and parts of other counties. He spoke in favor of this due to similarity of interest with Polk County and better representation. He presented a copy of a resolution he suggested the Council adopt. Motion by Mr. King, seconded by Mr. Howard to adopt resolution as submitted by Joe Kinsey, Sr. and send copies to Supreme Court Justices, Senator Boyd, the Attorney General and others. Motion carried unanimously.

Motion by Mr. King, seconded by Mr. Sizemore to contract with Ewell Construction Company for resurfacing 75 x 3,700 feet of the East-West Runway at the Municipal Airport at a cost of $12.75 per ton of asphalt laid in place with a grant of $10,000.00 from the Department of Transportation to be applied on the cost. Motion carried unanimously.

Use of the softball field was discussed. Requests for use to be referred to the President of the Avon Park Softball League and he will have a key.

Request from Wilbur Sachsenmaier to purchase a small tract of land north of the ALCO property was denied as the city forsees a possible future need. It would have to be sold by bid if it was sold.

A letter from the county was received which informed the city that they now have 24 hour ambulance service in Avon Park with four men living here and that the subsidy payment to the city was being discontinued as of April 1, 1972.

Discussion was held of Zoning Board vacancy. It will be filled at next meeting. City Clerk was asked to contact possible new member.

Motion by Mr. Howard, seconded by Mr. Martin to pay expenses of the City Clerk and one Councilman to attend the meeting of the Florida League of Cities in Tallahassee on Monday and Tuesday, May 1st and 2nd. Motion carried unanimously.

A discussion was held on revenue sharing and requirements for eligibility under the law. City needs to adopt a plan for progressive education of police officers coupled with appropriate pay increases as education progresses. Councilman Sizemore was asked to work on this with the City Clerk.

Motion by Mr. King, seconded by Mr. Martin to advertise for bids on a new police car, stock model, with air conditioning and automatic transmission, color white, with trade in of 1970 Dodge sedan. Motion carried unanimously.

Motion by Mr. Sizemore, seconded by Mr. Howard to have the Building Inspector check the building at S. Highlands Ave. and E. Canfield Street owned by Mrs. Daniel. Motion carried unanimously.

A letter from Frank Blandford of Candeub, Fleissing and Associates was read which informed us that Avon Park was out of the money for a 701 planning grant this year. They would be willing to prepare a limited plan which would meet the requirements of HUD for the previoiusly quoted figure of $8,000.00. It was reported that George Gould of the Department of Community Affairs had informed the City Clerk that there was a possibility that their department could prepare the necessary plan to satisfy the requirements of HUD. Motion by Mr. Sizemore, seconded by Mr. Martin to contact the Florida Department of Community Affairs and if they cannot do our planning to contact Mr. Frank Blandford. Motion carried unanimously.

A meeting of the Humane Society had been attended by Assistant Police Chief Grady Campbell. He reported that they were having financial troubles and had called on the cities to pay the amounts pledged. A discussion was held of paying the $1,500 budgeted this year for this purpose. Decision was to delay action until further information could be obtained about income and expenses of the Highlands County branch. It was understood that a new budget was in the process of being prepared and that the Mayors of Avon Park, Sebring and Lake Placid were to meet on this problem.

Golf Report for March showed a total of $3,873.50 to the city with 895 greens fees included.

Walker Memorial Hospital

GETTING THE PATIENT TO "SPEAK UP"

A study of complaints from patients in questionaires and letters to administrators shows that at least one third of the problems endured throughout the patient's stay could have been quickly and easily remedied. Many patients silently endure problems which could be quickly solved. Why don't they tell us about them? Possibly because we do not invite and encourage them to do so.

One administrator whose hospital has a reputation for excellent patient relations, insists that every attendant ask before leaving a patient's room, "Is there anything else I can do for you?"

Too, when attending a patient for the first time, it is important to assure him that we want to know his individual likes and dislikes. If anything can be done to make him more comfortable. It is imperative, of course, when a patient does express his wishes, that we follow through promptly.

If you're a patient and something is bothering you, or there is something you don't understand, please "speak up."

County Divided Into Three Parts

When the Florida Legislature disbanded recently, it appeared that under the Florida House of Representatives re-districting, Highlands County would be split into two parts.

As more news of the district boundaries filters down to this area, it appears that pieces of Highlands county will be not in two different districts, but in three.

The City of Avon Park and very little of the area surrounding it will be in Districts 49-50-51-52 along with parts of Osceola and Polk counties.

The remainder of Highlands county, including Ft. Basinger and areas south of Route 98, Venus, Lorida, Brighton, and most of the bulb farms in Istokpoga, plus Glades, Hendry and Collier counties will be in district 89.

James K. Tillman (R. Myakka) is the incumbent in District 75; James Walker, of Naples, in 89. The race for seats will be wide open in Nos. 49-50-51-52.

Two new districts, Nos. 73 and 74 in predominantly Republican Sarasota county, have been created. Incumbents are Granville Crabtree and Robert Johnson, both Republicans. While Republican Jim Tillman, formerly representing that area with them, finds himself in the newly created No. 75, which is predominately Democratic.

Lowell Is Home From Hospital

Lowell DuBose Jr. returned home again from the University of Minneapolis Hospital after another 2½ weeks stay. Lowell had not been doing too well since his return home, on the 2nd of February.

His father discovered a pressure sore on the right hip, under the body cast, Lowell has to wear and due to the severity of pain and the unability of doctoring the sore, he and his dad returned to the Hospital on April 3rd.

The doctors there did a skin graft on the hip, taking skin from Lowell Jr's leg. Although only a small amount of the graft took, the place is healing very well. The doctors left the cast open after cutting a hole around the hip and Lowell Jr. is feeling much better at the present time.

It is hoped that he will now be able to start the long road back to walking, as he can sit now without too much discomfort.

He is scheduled to return to Minneapolis in August for a cast change and a complete evaluation of his physical condition.

Group Takes Canoe Trip Down Arbuckle

Rev. Paul Trissell and eleven young people from the Church of the Nazarene, manned three canoes down the snake like 14 miles of Arbuckle Creek, between Burned out Bridge and Hartt's Ranch, Friday afternoon, April 21..

The burning sun and several small accidents, such as two upset canoes, tried to dampen their spirits but success was inevitable.

Since we know of no record being recorded for such a trip, the youth raced the course. The record time was four hours (including three rest periods). The first canoe to cross the finish line was navigated by Wes Harper, June and Tony Bruekels.

Plans for a future trip were not discussed by any of the sunburned crews at the trips end.

Devils Upset Green Dragons

The Avon Park Red Devil track team, coached by Chet Brojek, upset the favored Lake Placid Green Dragons last Thursday afternoon to win the Highlands County track meet in Sebring. The Devils chalked up 79½ points to edge out the Dragons byt one point while Sebring totaled only 27 points. It was the third consecutive win for the Devils in the county meet and the fifth out of six times that Avon Park has won the County title.

Two Highlands County Meet records were broken by Avon Park boys. James Coleman broke the long jump record with a leap of 20' 0" and James Brown broke a two-mile record with a 10:51.8 clocking.

Coach Brojek said after the meet, "I feel the boys did a great job of beating the heavily favored Green Dragons. Two disqualifications marred an otherwise good meet. The Devil 880-yard relay team was disqualified for passing out of the zone and Mike Lewis, Green Dragon two-miler, was disqualified in the distance race."

The Avon Park team tossed Coach Brojek into Lake Verona to celebrate the victory. Brojek said he would be happy to be tossed in every year if the boys could continue to win the County Meet. Brojek has never lost a Highlands County Meet in the three years he has coached the Devil squad.

Besides winning the long jump, James Coleman won the 100-yard dash and took second place in the 180-yard low hurdles and fourth place in both the discus toss and the 220-yard dash. Other first place finishes for Avon Park were: Richard Percy in the high jump, James Brown in the mile and the two-mile, Arnold Davis in the 440-yard run and the sprint medley team of Strong, Sumpter, Moss and Davis.

Coming in second in the meet for Avon Park were: Eugene Sneed in the mile and two-mile, Scot Gust in the 880-yard run, Percy in the pole vault, and the mile relay team of Strong, Culbertson, G. Gust, and Gray.finishing third were: S. Gust in the mile run, Earl Strong in the long jump and the 440-yard dash, Bruce Trescott in the pole vault, and Mike Hagan in the 220-yard dash.

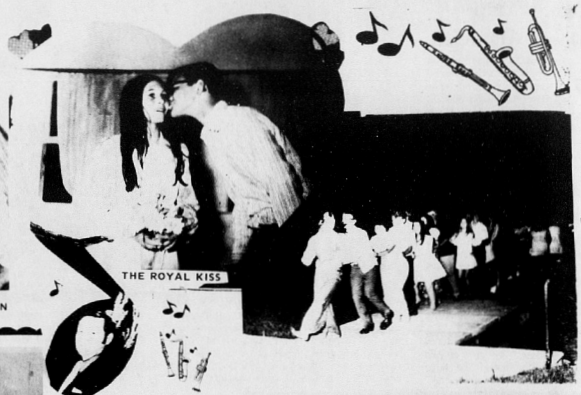
INJURED VICTIM BEING attended by Dr. D. C. Hartwell and Nursing Staff furing the mock disaster drill at Walker Memorial Hospital, April 20.

King And Queen Crowned At Band Party

QUEEN VICKI DEWITT KING LEE ANDERTON



THE ROYAL KISS

SNAKE DANCE

AND A GOOD TIME WAS HAD BY ALL, was the general expression heard by those attending the Junior Band Party on Saturday, April 22, held at the Florida Powere Clubhouse on Lake Lotela.

Highlight of the evening was the naming of the new King and Queen of the Junior Band, who were, Lee Anderton and Vicki DeWitt.

The queen was presented with a nosegay of mixed spring flowers, and the king was presented with a white carnation. These flowers were given by Nell and Steve Roberts of Ridge Florists, the same as they have given each year for the Queen and King, at the Jr. Band Party. After the "Royal Kiss'', all watched while the King waltzed the Queen around the dance floor for their special number.

Colorful red and white streamers and clusters of colorful balloons decorated the clubhouse. The girls and boys enjoyed dancing to the groovy music provided by Mangie Howard, Howie Godwin, T. J. Kinyon, Mike Cloud and Sam Capua. Dance contest winners were seventh graders, Laura Weber and Joe Gallimore. One of the fun things was the "snake dance," led by Connie Tillis, which wound in and out onto the long beach dock. Chips, dip, cake and cokes were served throughout the fun-filled evening, with John DuPriest landing in the large red and white band cake, baked by Mrs. Cleo Anderson.

Chaperons were Mrs. Annie Collier, Mrs. Cleone Anderson, Mrs. JoAnn Cooper, Mrs. Pat Corbin, Mr. Cleveland Henry, Band Director and Mrs. Vic MicKunas and Mr. and Mrs. Edward Sharpe.

Hospital Holds Disaster Drill

INJURED VICTIMS STREWN over wide area at the accident scene of the disaster drill conducted by the Safety Committee of Walker Memorial Hospital on April 20.

The afternoon of April 20, 1972 was a busy and interesting time for the employees of Walker Memorial Hospital. At approximately 4 p.m. a telephone call was received by the hospital informing them that an accident had occurred approximately one mile west of the hospital and that twelve or more people had been involved, and that the vehicle and the surrounding area were on fire.

Immediately the switchboard operator dispatched vehicles to the scene of the accident and the Highland Lakes Volunteer Fire Department was notified. The drivers of the vehicles and the firemen arrived at a very gruesome accident scene. The accident vehicle and the surrounding areas were ablaze, and the bodies were strewn over a wide area of the accident scene. Injuries included broken bones, burns, bruises, multiple lacerations, and several of the victims appeared to be DOA.

Within a matter of minutes the fire had been extinguished and the victims removed to the hospital where D. C. Hartwell, M.D., and several of the nursing staff attended them.

The Safety Committee of the hospital conducts at least two disaster drills in a year in connection with other organizations such as the Volunteer Fire Department, Civil Defense, Red Cross, Highland Lakes Junioir Academy, etc.

Crusade Against Drugs - One In A Series

DRUG ADDICTION HITS HOME

DON'T CROSS OUT A BRIGHT FUTURE

Will X mark the spot where family life stopped being rewarding . . . where parents stopped talking to children and children stopped talking to parents . . . where everybody stopped sharing and started going his own way?

Then X may well mark a dread and dangerous crossroad . . . where your children turned to drugs. To stop drug addiction the sure way — by prevention, before it starts — frank and honest communication between parents and children is absolutely vital.

Don't cross out a bright future for your children. As a parent, make sure they know they can discuss any and every problem with you — without fear of recriminations, and with complete assurance of sympathetic understanding. Show your willingness to listen, your eagerness to hear and exchange opinions.

When you talk to your children, be prepared. A full understanding of drugs and their dangers is vital, too. Check with local school, civic and medical organizations for accurate information about drug abuse.

Learn the facts . . . so you can help your children turn away from drugs, toward a bright future.

For Your Children's Sake . . . Cross Out Drug Abuse

Food Stamps Program Begins Monday

The food stamp program begins next Monday, May 1, in Highlands county. About 2,000 persons are expected to participate.

And already the office, which will be run by Austin Heacock, has been swamped with money orders from recipients of public assistance for mail issuance of food stamp coupons.

A lot of the money orders will be returned because many, apparently confused by the example of a family of eight used in an illustration of the program, sent money orders for families of eight.

"We have to send them back," said Heacock, "and ask them to please not send the food stamp office money orders until they receive a letter from the Division of Family Services."

Heacock said the Division of Family Services has to certify each family and will inform them by letter of the exact amount of money they should send for their food stamp coupons.

Heacock said anyone can make application for the stamps at his office located where the commodities office formerly was in the building at 1045 Hawthorne ave., Sebring. The commodities program has been phased out.

Food stores in Highlands County which have been approved thus far include:

Pepper's Grocery, W. E. Moore Food Store, Publix Supermarket, Whitehouse IGA store, L & M Grocery, Winn-Dixie Kwik Chek Supermarket, Sebring.

Highway Park Grocery, Whiteway Grocery, Bubba's IGA store, Baby Louis Seafood, Hunter's Red and White, Winn-Dixie, all of Lake Placid.

Pollard's Grocery, Phillips Corner, Bill's Corner, Kirkland's Market, L & I Grocery, Winn-Dixie, all of Avon Park.

Charles H. Lynch, officer in charge, U.S. Dept. of Agriculture Food and Nutrition Service field office, Tampa, said:

"Any grocery store desiring to participate in the program can do so by making application to this office. Forms can be obtained by writing to 265 W. Brorein st., Tampa."

Reading, Studing To Be Emphasised

The fourth enrichment period at Avon Park Middle School, for seventh and eighth graders is an academic program focusing on reading and study skills.

The seventh and eighth grade teachers, under the direction of Mrs. Jimmie Garner, Reading Specialist, are endeavoring to: increase reading speed and comprehension; increase vocabulary; enhance reading reasoning skills; enhance library skills and enhance study skills through specific instructions in outling and not taking.

The eighth grade team is divided into two teams: Team A and team B. Team B won the first tournament and Team A won the second tournament.

Team B is now leading with an overall score of 34 to 27, in the weekly "Words are Fun" tournament.

THIS PICTURE WAS taken during the weekly WAF (Words Are Fun) Tournament, at Avon Park Middle School, under the direction of Mrs. Jimmie Garner, Reading Specialist. The eight grade team is divided into two teams, with Team "B" leading with an overall score of 34 to 27. Photo by Sharpe.

Rotary Report

Chuck Watson introduced Mr. Harold Williams of the Florida Power Corporation. Harold gave us an idea of what to expect in the next few years in Central Florida. He said that whether we like it or not there is going to be a tremendous growth rate in Central Florida: we had better get our heads out of the sand and do some planning to make sure that the growth takes place in a manner that will not destroy the pleasure of living in Florida.

Harold said that the Florida Power Corporation is planning through the 1980's. In order to insure enough power to satisfy the needs of the state, it is necessary to stay ahead of the planners. Sub-stations, power lines, and generating stations must be planned and built to take care of such projects as: fifteen thousand (15,000) motel rooms within a fifteen mile radius of Disney World; sixteen thousand (16,000) mobile homes in Crescent City, and the Barnum abnd Bailey Circus.

Even with careful long-range planning, the Power Corporation is often caught by new developments being undertaken with no advance notice; the Crescent City project is an example. Mr. Williams feels that all of us should be planning to assure that we are similarly ready in such areas as: zoning, water control, sewage disposal, etc. The time to act is now to prevent our part of the state from becoming a human cesspool.

Following Mr. William's talk, Chuck Watson ran a film "Land of Opportunity." The film continued the theme of the expected growth in Florida and how the Florida Power Corporation is planning to meet the increased needs for electricity. It is predicted that: the population of Florida will exceed ten (10) million by 1980 an increase of ten (10) per cent over 1970; and the number of visitors in Florida will exceed thirty-five (35) million in 1980.

The Florida Power Corporation is working with Biologists and Environmental Engineers from the University of South Florida to minimize any environmental disruption.

Further, the Corporation has been able to reduce the amont of energy required to produce a kilowatt-hour by 75 per cent, which cuts down pollution. The film stressed predicted growth and how the Florida Power Corporation is working to make its part in the growth a positive one.

Building Burns At Boat Plant

The Avon Park Fire Department received a fire alarm at the Critchfield Boat Plant Friday, April 21, located at the Avon Park Airport.

On arriving at the Plant, firemen had to cut the chains from the gates to gain access to the buring warehouse. Firemen were further hampered in their fire-fighting efforts because entrances between the buildings were blocked and transport vehicles were parked near the buring warehouse.

Hoselines had to be laid outside the front gates and firemen were again slowed in their efforts by spectators.

The blaze, which is still being investigated by Fire Chief Mack Flowers and a Deputy State Fire Marshall was confined to the one warehouse which was a metal building used for woodworking and patterns for boats.

Estimated loss of the building and contents was $15,000.00. There was no one working in any of the buildings at the time of the fire and no one was reportedly inside the gates.

The fire was reported by a passing motorist. Fire Chief Flowers is again warning the public that it is unlawful for anyone to be within 500 feet of the scene of a fire unless they are authorized to be there whether walking or in a vehicle. In the future, violators will be arrested and prosecuted.

"How We Grow Them"

by Jim Kiser, inmate

Most soils of our area require some extra ingredients, as well as effort, to allow your plants full growing capacity. Undernourished soil can offer little more than a place for roots to hang-on. April has been a busy month for soil maintenance. Mr. Williams, Nursery Supervisor, has had crews busy most of the month. A top-dressing of muck soil was added to the lawns of the Administration area. Manures were added to the many beds, and a good cover of leaves has been raked up under the azaleas, gardenias, and camellias. Mulching with leaves or pine needles can keep moisture in, and keep weeds down for easier Summer care. It is only with these Spring chores completed ; that you can enjoy the care-free rewards thru Summer.

GARDENIAS: These plants are a wonderful follow up to the azaleas. They do so well in our area and offer many varieties for our pleasure. DO NOT cut back heavily, but do try and keep a desirable shape when you pick blossoms. Fertilize once a month with a mild solution or approved product. Discontinue when buds begin to swell. They are heavy drinkers and will enjoy some early morning misting on the foliage. Being acid lovers, you should keep them well mulched, and watch for yellowing of the leaves. Apply chelated iron to eliminate this condition.

GLADIOLUS: Easy to do and one of the finest cut flowers that can prove almost trouble free in our local. There are many varieties, both large and small. This is about the dead-line on planting them. I planted about two-hundred in a 5'x18' bed. The next day I found over half of them dug out of the ground. I replanted them, only I followed thru with a covering of chicken-wire. Seems the armadillos were searching for worms in the rich soil bed I had prepared. Plant corms 4 to 6 inches deep, the smaller the corm, the less depth, and 6 to 9 inches apart. I used string for a guide, placing a corm on each side for the length of the bed. Most of them are well up in these few short weeks and each row looks straight, neat, and full. Unfortunately, we do not have any Gloriosa-lily. When picking up some plant donations at the home of an Avon Park Garden Club member, I saw some of these beauties well on their way into a season of colorful bloom. I do recommend these for our area and with luck, (generality) we will have our own for next season.

APHID: This is the time to spray if you want control before severe damage occurs. Females produce near one-hundred young and they mature in a week. Alarming? No need to panic, just be on schedule with your spraying.

Spring Lake: a beautiful new idea in community living.

Beautiful country side still unspoiled by man and his machines. Peace and quiet still unbroken by swarms of tourists and tradesits. Charming, modern homes priced within the reach of most people. That's Florida the way it used to be... Florida the way it should be... Spring Lake, the way it is.

Spring Lake is being developed as a total community by Coral Ridge ...where the people who built the new, popular city of Coral Springs and the Gulf Ocean Mile, Coral Ridge is a subsidiary of the Westinghouse Electric Corporation.

There are already three furnished model homes to visit at Spring Lake, all on half-acre lots and priced from $17,400. The community has the benefits of street lighting and all underground utilities. Residents will also be able to enjoy lakefront privileges.

Drive on out to Spring Lake ...it's only a few miles from downtown Sebring. See what we have to offer. Like the two bedroom, two bath home called Something Special II. This fine residence features terrazzo floors throughout, paneling in the living and dining rooms and Westinghouse appliances, including range and central air conditioning and heat. See this exciting home and the eight other completed models.

If you can't get out there today call 385-6113 for immediate information. Our Resident Manager, Mr. Ireland Sanders, will be able to answer all your questions.

Red Devils Will Host Region Play Off Friday

Coach Ralph Hill's Red Devil baseball team will host the Class AA Region III single game play-off here at Head Field tomorrow night (Friday) taking on the Ocoee Cardinals, winners of the AA-5 district tournament. The winner of the Region III game will advance to the Class AA state tournament to be held next week at an undetermined site.

The Red Devils cinched the AA-6 district title and brought home a nice, big trophy last week with consecutive wins over the Frosproof Bulldogs. The Devils won the first game of the play-off here at Head Field last Thursday night by a score of 4-3 and then went to Frostproof last Friday afternoon and won by a score of 9-3 to take the crown. The two wins gave Avon Park a 15-5 record for the season.

Ocoee, coached by Gary Guthrie, won the AA-5 title with a 1-0 victory over Melbourne Central Catholic after moving to the finals on a 2-1 win over Tavares last week. The Cardinals have a 16-11-1 record for the season with most of the losses coming from triple A schools. Melbourne Central had moved to the finals by ousting favorite St. Cloud, the host team of the tourney. St. Cloud had a 20-2 record and Melbourne Central finished up 19-3 for the year.

The Red Devils have moved to the state regional play-offs on the pitching of senior lefthander Don Sisemore who has a 9-4 record for the season and sophomore righthander Artie Bass who is 5-0 for the year on the mound. Robert Lanzing, a senior hurler, has a 1-1 record.

Don Sisemore is also the leading Red Devil batter boasting a plump .494 average with 38 hits for 77 at bats and is closely followed by shortstop Leon McRae who is hitting at a .468 clip for the season. In the four tournament games Sisemore is 10-17 for a .589 average, McRae is 8 for 14 with a .571 mark, Tim Underwood has hit 5 for 13 for a .385 average, and Nate Williams, the Devil catcher is 5 for 15 for a .333 average.

Ocoee has used two pitchers, Jerry Peterson and Darrell Turner, with the help of a couple more hurlers who have seen a little action. Peterson is a sophomore righthander with a 10-5 record striking out 225 batters in 109 innings and owning a .84 earned run average. Turner is a junior righthander with a 5-3 record. He has tossed 52 2-3's frames and recorded 92 strikeouts posting a .91 earned run average.

Darrell Turner, who plays firstbase when not on the mound, is the leading Ocoee hitter with a .345 average for the 28 games. The leading R B I man on the squad is rightfielder David Dodge who batted .250 and had 23 R B I's and 2 homeruns. Darrell Champion, the Cardinal shortstop and firstsacker, is second high batter with a .295 average. Catcher Phil Roberts is a junior who set a .285 mark at the plate and center-fielder Jim Shirley batted at a .275 clip. Allan Sims (.266) is the leftfielder and is a sophomore along with shortstop reserve Terry Minnick (.250) and thirdsacker Val Rodriquiz (.267). The only two seniors on the starting team are Champion and secondsacker Richard Warner (.245).

Game time for the AA-3 Regional play-off game is 7:30 p.m. with the Devils and the Cardinals going all out in the one shot at the chance to move to the state tourney.

Redistricting Could Cause County Serious Problems

Supervisor of Elections, Jimmy Whitehouse, told the County Commissioners Tuesday that the Florida Legislature's redistricting plan could cause serious problems for Highlands County.

The redistricting plan which is now being reviewed by the Florida Supreme Court would split six precincts in Highlands County, Whitehouse said, and could create a need for relocating polling sites.

He has minimum cost proposals for dealing with changes that would occur if the courts were to validate the Legislature's proposal, Whitehouse told the Commissioners, but he would like to have the advice of the Commissioners and the County Attorney before he attempts to implement his plan.

Andy Jackson, Commission Chairman, agreed to appoint a committee to advise the Supervisor of Elections. However, he said he would delay doing so until Whitehouse returned from his planned trip to Tallahassee during which he will seek clarification of redistricting legislation.

In other actions taken May 2, the County Commissioners:

– Received a petition which sought the paving of Dotee Road and asked the County Engineer to investigate and make his recommendation.

– Heard Larry Applequist of Kissimmee Trailer Estates, Harding, Fla., ask for consistency in the application of building code requirements to mobile homes.

– Directed County Engineer Gordon Hay, to review the county's marl pit agreement with John Hollenberg to make a recommendation concerning the County's obligations.

– Informed Attorney Jack Hancock that they will decide by next week whether or not the county is prepared to certify the roads in Fairmount Mobile Estates.

-- Approved a rezoning request submitted by Richard and Nancy Cooper that their property behind Walker's Chevrolet, south of Grayce's Mobile Estates, be rezoned from GU, General Use, to AU, Agricultural.

– Heard Jimmy Whitehouse invite them to meet state Secretary Richard Stone, at the Sebring airport, 9:30 a.m., May 24.

– Authorized the Supervisor of Elections and his deputy to attend a conference in Tallahassee on May 10, 11 and 12.

-- Accepted LaGrow Irrigation, Inc., bid to supply materials for an irrigation system that will be installed at the Agri-Civic Center.

– Postponed action on the agenda item request for janitorial supplies to be used at the Agri-Civic Center.

– Approved a request submitted by the County Agent for authority to spend $87 for a tape recorder.

– Postponed action on the Building Director's request for $583 with which to purchase a Marchand calculator.

– Authorized the Planning and Zoning Director to attend the 13th Annual Conference on Planning and Zoning, May 4 and 5, sponsored by Florida International Univ., Wrote-off a bill (No. 301) for ambulance service as being uncollectable.

-- Postponed until next meeting consideration of a suggestion that uncollected bills for ambulance service be referred to a collection agency.

-- Considered a county resurfacing road list submitted by the county engineer and revised it with additions and deletions of their own. Decided to continue their review of the list next week.

-- Heard Engineer Hays' request for assistance in formulating a policy covering roads that the county will and will not accept for maintenance and agreed to help prepare such a policy.

Large Group Attends Chamber Membership Meeting Thursday

A large number attended the first Avon Park Chamber of Commerce Membership Coffee last Thursday evening held in the Florida Power Lounge. Featured at this meeting was a blackboard listing all of the Chamber Members. Yellow chalk indicated members renewing their support and printed in red was the New In 1972 which numbered over fifty business firms that have joined since the first of this year.

At the opening of the evening the members and their wives registered in the guest book and then gathered around the coffee and the punch tables for a get acquainted session. Later, President Art Turner presided over an informal meeting with a brief review of Chamber projects now under way and then the meeting was opened for suggestions from the members.

John Clark, Advertising Chairman, unveiled the drawing of the new City Map, which will be the most complete map with information on Avon Park ever printed. Mr. Clark announced that adds will be available on this map for members of the Chamber at a very low rate.

This meeting was so well received that the Board of Directors is considering holding several more of this nature this coming year for a closer relationship with the membership.
