

3 From Here Will Compete In National Rodeo

Del Murphy is shown above with his quarter horse, "Cooter's Jing", before leaving last Thursday, July 27, with his sister, Janice, and mother, Mrs. Glenn Murphy, for Henderson, Colorado, for Del to participate in the National High School Rodeo, August 1-4. Photo by Sharpe.

Florida has 23 high school cowboy and cowgirl entrants in the National High School Rodeo finals being held in Henderson, Colo. August 1-4, with three of the entrants from Avon Park.

The 23 youths were winners in the 4 annual Florida High School Rodeo finals held in Harder Stadium-Wauchula, the early part of June. Those from Avon Park are, Del Murphy, son of Mr. and Mrs. Glenn Murphy; David Weeks, son of Mr. and Mrs. J. W. Weeks of Pine Street and Gene Fulford, son of Mr. and Mrs. Gene Fulford Sr. of Wauchula Road.

Del will compete in "calf roping"; David in "steer wrestling"; and Gene in "bareback bronc riding", "cutting and roping".

Florida was prevented from making an all-out effort last year for the High School rodeo because of the quarantine placed by the U.S. Dept. of Agriculture on horses coming into and going out of the state, because of the sleeping sickness epidemic among horses.

David and Gene left two weeks ago for Colorado.

Del left with his mother, Joy and sister Janice last Thursday morning, July 27, with his quarter horse, "Cooter's Jing", "Cooter", for Colorado. Mrs. Murphy said "the horsemen's Travel Guide" comes in mighty handy when you are traveling a long distance pulling a horse and trailer. "This guide advises where to stop for accommodations for patrons with horses needing overnight stalls etc."

Del's horse is six years old, which he raised from a colt. Del's love of horses and rodeos.

comes naturally. He said he had been going with his mother and dad to rodeos since a toddler, watching his dad in "calf roping" and "steer wrestling" events. He lives with his parents and sister on a 600 acre sprawling ranch east of Avon Park. His grandparents, Oakley and Mildred Murphy own Murphy's Quarter Horse Ranch in Avon Park.

There will be two performances a day at The National Rodeo in Colorado, with the top ten finals on Sunday, August 6.

Deadline Near Kelly, With Other Incumbents For Financial Aid To College Unopposed in 10th Circuit

At South Florida Junior College, the purpose of Financial Aid is to provide aid to those students who, without assistance, would be unable to attend or remain in the college. Financial Aid is awarded according to need, and is to be used only for the students' educational expenses.

Applications are evaluated for both need and academic ability. If funds are insufficient to cover all needy students, priority will be given to applicants based on academic performance and/or ability.

To be awarded Financial Aid, applicants must: (1) show financial need; (2) be full-time students or be accepted for admission as full-time students; and (3) be capable of maintaining satisfactory academic standing.

For further information, contact the Director of Student Personnel at South Florida Junior College, 433-6661, Extension 131.

Circuit Judge Clifton Kelly is among the four incumbent circuit judges in this 10th circuit who are unopposed for reelection.

When qualifying ended Tuesday with nobody running against them, all were assured for six more years in their jobs. Judge Kelly ran in Group 3. Judge Gunter Stephenson, Winter Haven, in Group 1. Judge William K. Love, Lakeland, in Group 2 and Judge A. H. Lane, Bartow, in Group 4.

Two newcomers, John H. Dewell, Haines City, running in Group 4, and Oliver L. Green, Jr., Lakeland, Group 4, also were unopposed for the jobs.

However, in two districts, there is a race. Richard A. Branson, of Bartow, and Clifford J. Schott, of Lakeland, oppose each other in Group 3.

Haven and Marvin B. Woods, Lakeland, square off in Group 7. State's attorney Glen Darty, of Lake Wales, also is unopposed. He has had the job many years. Jack Johnson, of Bartow, running for public defender in the 10th Circuit, was unopposed.

There is considerable competition, however, for the office of District Court of Appeals judge, second district, Group 1. Vieing for the job are Edward F. Boardman, Tampa; Harold Wilson, Clearwater; Mark Hawes, Tampa; Henry Esteve, St. Petersburg, and Ike Williams, St. Petersburg.

Joseph P. McNulty, of Largo, was unopposed in Group 2 of the Second District of which Highlands county is a part.

Three men are in the race for county judge of Highlands county. They are the incumbent, Mervin Rietter, and Joe D. Kinsey, of Avon Park, and Mark Richardson of Sebring.

SIGNS PROHIBITED
Political signs are prohibited by Florida law on state and county right of way. Florida Department of Transportation officials reminded candidates today.

Exhaust Systems To Be Checked

The new inspection of automobile exhaust systems ordered by the 1972 Legislature will go into effect Aug. 15, and Florida Highway Patrol Trooper Joe Varnadore warned "it is going to make some people unhappy."

He urged that car owners be aware of and prepare to abide by the new law as they get cars inspected after Aug. 15. The automobile inspection stations will inspect and reject: If there is any leakage of gas at the manifold gaskets, manifold and exhaust line gasket, muffler and muffler connections, or at any other point in the system. Built-in drain holes in mufflers or tail pipes will not be rejected.

If a muffler has been repaired with a jacket, a patch or in any other manner. (The only type of patch allowed for a muffler is one that has been made of an arc or acetylene weld.) The exhaust line and tail pipe may be welded to the muffler. If muffler, tail pipe, or any other component of exhaust system is not connected with brackets or clamps so as to prevent leakage. Caulking of joints will not be permitted.

\$4.4 Million Budget Approved By Board

Highlands County Board of Commissioners Tuesday morning approved a \$4,419,500 budget for next year which will cost taxpayers \$4.96 mills, up .391 from the present year.

Approval was granted after a public hearing which drew only two questions from spectators, and those only about statistics. The present budget is lowest per capita in the state, and it is believed the new budget will be close to this. The board can tax up to 10 mills, and many counties do so.

(A detailed report on the budget was presented in the Aug. 27 issue of The Sebring News.)

In other action, the board:

—Agreed to include a nine-tenths-mile-long road around Lake Persimmon on county maintenance system and to replace the bad spots on the road with marl as a temporary improvement measure following a request by Mr. and Mrs. Elmer Yoke of Hillside Lake Estates;

—Heard a report on the progress of clean up measures in Highway Park near Lake Placid where county crews have been helping a local citizens committee to beautify the area, and authorized the committee to proceed with written proposals on paving streets;

—Instructed County Engineer Gordon Hays to determine the county's responsibility regarding a request to erect street signs in Sebring Country Estates;

—Approved a request by Hays to survey a portion of Ragdale Road east of Avon Park so the road could be centered on the property line;

—Agreed to sign a contract with the State Dept. of Pollution Control whereby the county will administer issuance and acceptance of septic tank permits on behalf of the state in return for \$8,229 annually;

—Accepted resignations of Allen Collier from the County Board of Adjustments effective July 25 and of Cole Danley from the Planning and Zoning Commission effective July 26;

—Approved a report from

Mary Ellen Ward on behalf of the Ridge Area Assn. for Retarded noting that the school for retarded youngsters in Lake Placid will be moved to the site of the new elementary school there;

—Authorized the county purchasing agent to advertise for bids for six sewing machines and to purchase without bids miscellaneous pots and pans, all for the new Agri-Civic Center on U.S. 27;

—Approved bonds for nine deputy sheriffs;

—Authorized the Federal Land Bank Assn. to use the Agri-Civic Center during the week of Oct. 20 for a convention;

—Directed County Engineer Hays to investigate a request by Claude Morris for repairs to a road off Sparta Road.

Note: For additional County Commission actions see Page 2B.

Proposal Made To Serve Outer Areas With CATV

A proposal to serve unincorporated areas of Highlands County with cable television (CATV) was unveiled by C. Wesley Ward, owner of WJCM Radio, at the Board of County Commissioners meeting here Tuesday morning.

Ward, who requested an exclusive long term franchise from commissioners, said new electronic developments now make it economically feasible to provide CATV to sparsely settled areas.

He explained that it would take "a couple of years" to organize, including obtaining approval from the Federal Communications Commission, before any cable could be extended.

Bob Frier, manager of Highlands Cable TV which has the CATV franchise for both the cities of Sebring and Avon Park, told commissioners his company would also be interested in expanding to service rural areas.

"We've been working on a proposal, too," he stated, adding, however, that his firm would want an "exclusive" franchise which would not restrict other CATV firms from operating in the county, as would be the case with Ward's proposal for an "exclusive" franchise.

Commissioners took no action but instructed County Attorney Robert Dundy to determine the format needed for CATV applications.

Ward, in a letter to the Commissioners, said the new micro-wave system currently under development would permit over the air signal transmission from a tower and transmitter located, for example, at U.S. 27 and Highway 98 to receivers located in Lorida, Leisure Lakes, Placid

Sales Tax Collections Up 36.14% In June

Sales tax collections in Highlands county for June of 1972 were 36.14 per cent higher than for June of 1971. Only 14 counties in the state showed a higher percentage of increase for the month.

The largest increase, 58.91, was recorded in Hernando county. Collections in Highlands for the month totaled \$202,786.32, compared to \$148,966.97 for June of 1971.

The steady growth of Highlands county is seen in figures just released on sales tax and gasoline tax collections for the years 1970 and 1971.

Sales tax collections rose steadily month over month during the years, the rise ranging from \$3,000 to a whopping \$36,402, and leveling up last fall.

Gasoline tax collections did the same with the exception of one month, June, when they showed a drop.

The economy really got rolling in the fall of 1971 with three successive months of tremendous gain. The October through December period showed gains of \$36,402, \$29,418.95 and \$34,559.41, respectively for those three months.

On the gasoline tax front, the biggest gain was in November when \$129,962.32 in taxes was collected compared to \$86,842.91 in November, 1970, a tremendous \$43,119.41 gain. Highest rise before that was in August, with a \$32,000 gain. Figures were provided by the Sebring News by F. W. Stalney, revenue analyst for the state of Florida. Employment Up In State

March 1970, and payrolls amounted to \$2.7 billion, up \$148 million, according to a report issued today by the Bureau of Economic Statistics, U.S. Department of Commerce.

Florida county had the largest employment, 465,843, a decrease of 2,149 and payroll, \$758 million, up nearly \$42 million from a year earlier.

The report, County Business Patterns, 1971, Florida, is the latest in a series of annual reports providing first quarter economic statistics for states and counties. It presents data by detailed industry classification on mid-March employment, first quarter taxable payroll, and the number and employment size of reporting units for those private, non-farm business firms reporting to the Social Security Administration under the Federal Insurance Contributions Act (F.I.C.A.). A special mail survey is conducted to obtain industry and county detail not reported to the Social Security Administration.

About three-fourths of all employees in the United States

are covered in the reports for the 50 States, the District of Columbia, Puerto Rico, the Virgin Islands, American Samoa and Guam, and the U.S. Summary.

Not included are employees of Federal, State, and local governments self-employed persons, farm workers and those employed in domestic and certain transportation services. The detailed reports are useful to business and governments in administration and planning, analyzing market potential, setting sales quotas and budgets, and measuring the effectiveness of sales and advertising programs.

Copies of the Florida report are available at \$1.25 from the Superintendent of Documents, U. S. Government Printing Office, Washington, D. C. 20402, or from Department of Commerce field offices in major cities.

Information by county and by industry also will be available at cost on punchcards and computer tapes from the Economic Statistics and Surveys Division, Bureau of the Census, Washington, D. C. 20233.

Lingerie Shower Held At Reaves Home For Rebecca McCordle

On Saturday evening, July 29, Miss Rebecca McCordle of Zolfo Springs was honored with a lingerie shower by Mrs. Richard Reaves, at her home on Highlands Lake.

Guests were greeted by the two Reaves daughters, Jill and Karen. On arrival corsages of apricot carnations were presented to the honoree, her mother, Mrs. Joseph McCordle and Mrs. Theodore Dees, mother of the groom-to-be.

The home was attractively decorated, using arrangements of mixed summer flowers throughout. In the sunroom, the focal point was an antique chocolate pot. In the dining room, the refreshment table was overlaid with a hand embroidered cut-work cloth imported from Switzerland. Dainty sandwiches, tartlets and party sandwiches were served

from silver and crystal trays. The cut glass punch bowl was surrounded by an arrangement of maidenhair fern and apricot tinted mums.

Assisting with the serving were Miss Peggy Robinson of Zolfo Springs and Miss Kathy Turner. A special program of games was enjoyed, with several of the guests receiving prizes.

"Becky" will wed Grady Dees of Wauchula, who is now stationed with the U.S. Navy in Puerto Rico, on Aug. 12.

WHAT IS IT??—It looks like a large pineapple, smells like a pine cone, and is green all over—coming from a tree approximately 75 to 80 feet tall, with small prickly miniature leaves on the slender limbs. Six year-old Jimmy Pruitt and his 3½ year-old brother, John, grandsons of Mr. and Mrs. William A. Smith of Tiny's, Antiques on Deer Lake, stand under the tall tree holding one of the heavy cones. Mr. Smith said the cones are so heavy, weighing approximately 8-10 pounds, (falling with a loud thud from the tree) that they have to keep the children from under the tree, for fear of one hitting them on the head and knocking them out. Mr. Smith didn't know the name of the tree, and I started asking everyone if they knew its name, coming up with all sorts of names. Then I found there was a tree like that one (on the old Col. Dan Ellis Home on Deer Lake) right in town on our mall. While inquiring some more, and borrowing the map of the mall from garden clubber, Mrs. H. Bussard, I think I've come up with the right name, "Monkey Puzzle Tree" or Auricularia Bidwillii. The tree can be seen on the corner of the section of the mall between Bill Thompson's TV and Florida Power Office, or a larger version at Tiny's Antiques on Deer Lake. Photo by Sharpe.

Cliff Butler, new resident just moved to Avon Park from Hollywood, Fla., where he was related to the construction field, came into the Sun Office excited about a grease spot in our parking lot. When inquiring as to why a grease spot was so exciting, we just had to take his picture with the unique spot, which he found, made from oil drippings from cars—in the shape of our wonderful state of Florida. Mr. Butler has just moved with his wife, Olga and children, Christopher, Jacqueline and Joanna, to Avon Park, saying he was very impressed with our nice, quiet, clean little town. Photo by Sharpe.

MR. AND MRS. CHESTER ROY BENNETT

Kathleen Tauchen-Chester Bennett Speak Wedding Vows

Miss Kathleen Ann Tauchen, daughter of Mr. and Mrs. Donald E. Tauchen of Sebring, and Chester Roy Bennett, son of Mr. and Mrs. Roy Bennett of Avon Park, were united in marriage on July 15 at the First Presbyterian Church of Sebring.

The Rev. George C. Stulting, officiated at the rites. The church was decorated with assorted colors of spring flowers. Mrs. Marion McAdams was organist for the ceremony, and Mrs. Louise Heston was the soloist.

White taffeta gown
When the bride was given in marriage by her father, she was wearing a white taffeta gown that featured white lilies of the valley lace with a blue ribbon running through the lace and down the back of the train.

The bride chose her sister, Mrs. Connie Bailey of Mobile, Ala., as her matron of honor. She wore a blue dotted gown with wide white ruffles at the bottom and French country style lace around the shoulders. The gowns of the bridesmaids were similar in style, but they were yellow in color.

Avon Mobile Home Park News

Some of the hottest weather of the summer was experienced last week in our park, with the temperature reaching into the high 90's several times. The air was quite dry, with no rain at all for four or five days. But that's all over for now, and we are back into our usual pattern of pleasant warm days with afternoon and evening thunder showers. That's how we like it, isn't it, folks?

Another month is upon us now. Ain't that something? July was a great month for most of us, and I'm sure August plans to be even better. You folks in the north are looking forward to the Bourbon picnic this coming Wednesday the 9th, and we southern folks are kinda wishing we could be there.

We'll be waiting to hear more about it in the mail as we people write to us about it. George and Mercedes Bears write that they are having a very good time in Mexico visiting their daughter, son-in-law, and new grandchild. The house is at an altitude of 7300 feet, and they can see volcanoes from their window. The volcanoes are now-capped the year around, they say. The Bears are also enjoying going to church with their children, and studying the customs of the Mexican people.

Styrl and Mary Misher of Belleville, Ohio, report hot weather and rain - hotter than Florida. (See? Florida isn't so hot, is it?) The Mishers spent the past weekend with the Krontzes and Keys on Lake Erie at East Harbor, Ohio. Bill and Margaret Belcher - Rochester, Ohio, are presently getting moved into their new double-wide mobile home. They have a whopping 24 x 40 ft carport and a utility room built on the back side of the home. Bill reports some hot weather around those parts, but says his crops are looking good.

Campaign time calls for a lot of leg work; Physical limitations and the press of official duties makes it im-possible for Judge Rehner to make the personal contacts he would like to make. His Young Friends have agreed to do this for him. One of the young ladies in the group has said, "Judge Rehner has done so much for the Youth of Highlands County and we want to show the public that we appreciate it." As a token of appreciation, the Rehners treated this young group to an evening at the Holiday Inn, where they enjoyed a delicious dinner and the story featuring "Johnny Puleo for him. Board Considers Purchase Masonic Temple For Offices

Highlands County Board of Commissioners Tuesday morning purchased additional space for county parking, approved three requests for rezoning and three alcoholic beverage license requests, set new speed limits in a number of areas and handled many other items of business.

Commissioners approved the purchase of a 110 by 100 foot lot east of the present courthouse parking lot from Daniel S. Radebaugh for \$5,000, following solicitation of bids.

The lot will, commissioners said, relieve the present parking problem for visitors to the courthouse, providing an estimated 39 spaces for county employees.

A bid of \$40,000 was submitted by the Masonic Temple Assn. in Avon Park in response to the county's request for bids on a 3,500-square-foot existing building to be used as a county office annex for licenses, tag sales, building and health departments and voter registration.

County planning and zoning director Bill Stephenson noted that all requests were in compliance with the county zoning ordinance.

There was no opposition voiced to any of the rezoning or beverage license applications.

Seven requests to set new speed limits, proposed by County Engineer Gordon Hays, were approved: Sebring Cemetery Road, 25; Highway Park Streets in Lake Placid, 25; except on Main Street, 15; within Highlands Hammock, 35; except on bridge, 10; and Duke's Corner, 15.

East Pleasant Street, Avon Park, between Lotela and Marshall, 35; Oak Park Street at Highway 17-A off the Avon Park truck route, 25; Oakland Road between DeSoto City Road and State Road 17, 35; Sebring Country Estates, on Grand Prix Dr. and Corvette Road, 35, on other roads, 25.

Pauper burial
Commissioners voted to change the county policy on burial of paupers to conform to that of other counties; the county will pay for burial of paupers who have resided in Highlands County regardless of where they may be buried. The past policy has been to pay for the burial of all paupers in Highlands County regardless of where they may have resided.

The board tabled action on improving public seating in the commissioner's meeting room until after Jan. 1 when the full extent of the room's use will be known. It also may be used as a court room, and seating requirements might thus change.

Discuss new seating
Administrative Assistant Cullen reported that upholstering with two-inch pads on seat and back for the 39 wooden theatre-type seats

presently installed would cost \$775; new chairs the quality of those in Sebring city. Council member \$2,500; the quality of those in Sebring Masonic Lodge, \$2,000.

Del Preston Jones told the board he felt improvement of seating to be unnecessary, but Sherman Wanty, disassembled, pointing out that "the most civic-minded people in the county sit here."

If the county's school children can sit on expensive upholstered furniture, then \$50 chairs are a very small

Prisoner Is Assigned To Area Training Program

The party was a celebration for a creative 84-year-old who refuses to grow old, a surprise gift from devoted friends who cannot mature. The clients of Ridge Area Association for Retarded Children's programs at E. O. Douglas School staged a surprise party on the birthday of Orville "Pop" Warren.

Last Christmas Pop Warren became acquainted with the children when he delivered some toys he had made for them. Now he is a regular member of the staff for RAARC's Developmental Training Program and the Work Center, the first volunteer in this program in the state of Florida—not the whole nation.

He works five days a week at the RAARC centers at Douglas School, commuting by prison car and school bus from the correctional institution on the Highlands-Polk County line. His work day runs from 8 a.m. to 2:30 p.m. plus a generous portion of his evenings and weekends devoted to work and study related to his efforts on behalf of the handicapped youngsters.

Warren, by trade a steel fabricator (he helped to build the gold storage units at Fort Knox, Ky.), has put in much of his prison time making toys. "Every child likes to have something to play with," Warren observes. Prior to late 1971 he had no contact with retarded children. "I'm so grateful all my children were healthy and bright," Warren explains. Last Fall he asked a friend on the staff at APCL to find a school that would like to have some Warren toys. Just before Christmas arrangements were made for him to make personal delivery of the toys to the retarded children at Douglas School.

Warren began to devise ways toys could be used to educate, as well as entertain, the handicapped children. He explains, "Many of these children have an attention span of five seconds." In these fleeting seconds the child may learn, Warren reasons, if the toy at hand is just right.

From his work area at APCL a steady stream of new toys came down to RAARC centers and the staff members were soon referring special problems to him. But working "long distance" had its handicaps so Warren applied to the APCL administration for permission to work at the RAARC center in Sebring—a sort of special variation of the Division of Correction's "work release" program.

Charles Kempton, program coordinator, and Mrs. G. F. Ward, president, of RAARC, supported Warren's application. The request had to go to the top of the Divisions of Corrections administration, but it was approved in the Spring.

In the short time since his assignment, Warren has turned out dozens of toys and teaching devices which, by color, texture or material, shape, and sometimes movement, capture the handicapped child's fleeting attention.

For the DTP youngsters he built individual work tables—small of tall thin boards with supports to help the children learn to stand. Each is equipped with a door so these hyperactive children can be held in place for a few minutes. This helps them learn to stand still.

Warren inveigled a friend at the prison into designing and making a sort of soft leather crown to be worn by a winsome little blond whose handicap results in her frequently falling. Now her head is protected—and in a very stylish manner. To keep her company, all the other children in DTP now have their own special crowns.

The head protection problem is not the only one Pop Warren has taken back to APCL to work on at night. The friend who designed the leather crowns has become interested in the work of Ridge Area Association for Retarded Children and has applied to be assigned to the Work Center under the Community Volunteer Services.

Not long ago someone at the prison asked Warren what he is being paid for his work at DTP and the Work Center. "The highest wages I ever received in my life," was his response. He daily receives affectionate greetings of the handicapped youngsters and he adds, very softly, "For the first time in my life I have the love and respect of my own children."

His grown children have assured Florida probation and parole officers they would be delighted to have Pop Warren join them in their homes.

Pop Warren does not talk about seeking release—and RAARC staff members do not like to think about it.

Commissioners deferred action, however, directing Administrative Assistant Charles Cullen to first check with all county offices to make certain that a building of this expense is justified.

Three rezoning requests were approved following a public hearing: First, a request by Margaret K. Richards to change from R-1-A Residential to R-2 General Retail property one block north of Fairmont Drive along Route 27.

Zoning change
Second, a request by Albert and Wanda Latus to change from R-1-A Single Family Residential to R-2 One and Two Family Residential property near the boat ramp on Lake Sebring in Sebring Shores subdivision.

Three, a request by Dimension 5, Inc., to change from M-1 Mobile Home to M-1-S Mobile Home and Residential property on Little Red Water Lake.

Okay beverage licenses
Three beverage licenses were approved with no dissenting votes following a public hearing: First, Jack and Irene Price, beer and wine package sales, Venus Grocery, one mile west off Route 27 in Venus; second, Irma McCullough, beer and package liquor, Say-A-Step, on Sparta Road; third, Sun 'N' Lake Inn, Ind., for Sun 'N' Lake.

New Station For Fire Association

The Highlands Lakes Volunteer Fire and Rescue Association, Inc. is proud of its Board of Directors and Active Fire Fighters.

The current board members are: R. H. Sanborn, President; Guy A. Adams, Vice President; Mrs. Walter Ost, Secretary; D. B. Widman, Treasurer; Ray Walker, Assistant Secretary; Treasurer: John Aeri, Walter Bassow, Herbert Carithers, William Good, Neil Griffin, Tom Hardy, Frank Haskins, George Hurst, Frank Shannon, T. The Active Fire Fighters are: Guy Adams, Gene Brenner, Herbert Carithers, Bill Collier, John Gross, Roy Kiker, Dan Leebetter, James Markum, Bill Merritt, Wes Osborne, Richard Reeves, Paul Richardson, Hugh Shepard, Robert Smith, Kenneth Wells, George Wood.

The Association was organized in May 1970 under the leadership of Robert H. Sanborn to provide protection to an area adjacent to the city of Avon Park. The area is in the northwest section of Highlands County bounded by Highway 64 and Avon Park City Limits on the south, Hardee County line on the west, Polk County line on the north, and Lake Viola and Lake Brentwood area on the east. Since the date of organization, several pieces of equipment have been acquired, repaired, and painted. The latest exciting accomplishment was the move to a new Fire Station on Highway 27 just north of the hospital. The building is owned by Highlands County and is leased to the Avon Park Lakes Association who granted permission for its use as a fire station. The members of the board and the fire fighters have met

evenings to repair and paint the building.

The membership of the Association, now approximately 250, is comprised of individual home owners, mobile home owners, business firms, and institutions. An important meeting is called for August 16, 7:30 p.m. at the Avon Park Lakes Association Club House on Lake Olivia. All members and anyone else living or owning property in the area

under this protection is urged to come to this meeting to discuss and formulate plans to meet the immediate need of staffing on a volunteer basis, the 24 hour, seven day a week operation of the new Fire Station.

handle fewer pieces of originating mail than they do incoming mail from other cities. Incoming mail, it is estimated, would have been well over 3,000,000 pieces.

At the present time the Avon Park Post Office has implemented a program to have local business firms correct the mailing addresses on mail to Avon Park residents. With the large volume of mail handled in Avon Park it is imperative that mail be correctly addressed. Having local mail addressed correctly will accomplish two items:

1. Provide better service and faster service for the residents of Avon Park.
2. It will enable the Avon Park Post Office to move the local mail faster and cut the cost of handling the mail.

Under this new program local mail mailed by local business firms will have the correct mailing address. A correct home address or a correct business address does not mean that it is also a correct mailing address. Be certain when you give your address to give both Home and Mailing Addresses.

Postal Receipts Were \$202,299 In 1972

Postmaster R. D. Young reported today that gross postal receipts for the Avon Park Post Office for Fiscal Year 1972 were \$202,299.88. He also reported that again this year

the mail volume originating at Avon Park topped the 2½ million piece mark, a total of 2,616,368 origin. pieces. Mr. Young noted that Avon Park, like most small offices

Extra state monies have started pouring into Highlands County and its cities as the result of Legislation passed in the last session.

The distribution to this county from the revenue sharing trust fund for the fiscal year amounts to \$149,800.35. Of this, \$44,861.46 is "growth money" and is approximately the amount being received above last year's share of the gas and sales tax revenues.

Only 34 Florida counties will receive more than Highlands under the new plan. Neighboring Okeechobee, with a population close to Highlands, will receive a total of \$61,353.84; Hardee, \$73,224.41.

Lake Placid will receive

Avon Park To Get \$202,807 From State

\$33,573.76 and no growth money. Avon Park will receive \$202,807.92, of which \$13,170.62 is "growth money."

Sebring qualifies for "growth money" of \$50,838.49 and during the year is scheduled to receive a total of \$219,267.27.

Distribution of the monies was determined on the basis of three factors. County factors are population to state total population; percentage of state total population residing in unincorporated areas and percentage of state sales tax collections for the preceding fiscal year.

Municipal formula factors were: population to state total population adjusted for certain factors provided in law:

Friday, August 11, is the deadline for Red Devils football fans to renew their reserved seat tickets for the five home games this fall. Those who hold tickets in the reserved seat section may buy the same tickets for \$3.00 through this Friday at the high school office.

Then starting next Monday, Aug. 14, those tickets not picked up will be available for exchange by those who have renewed their tickets. This period of exchange will run through Sept. 1 and then on Sept. 5 all tickets not bought for this season will go on sale to the general public on a first come, first served basis.

Season tickets for the five home games are also on sale at

the high school office for \$8.00 per ticket—a savings of one game over the general admission price at the gate. Avon Park will be playing Mulberry, Arcadia, Lake Placid, Okeechobee, Fort Meade, Mulberry, Santa Fe of Lakeland, and Zephyrhills in the newly-formed Tri-County Athletic Conference of which Avon Park is principal Aaron Craven is president.

The Red Devils first game will be played in Lakeland
