Council Begins Drive For Recreational Activities

The city council began its drive for recreational activities in Avon Park at its meeting last Monday night.

Two representatives from I. & G. promotions from Tampa confronted the city fathers with the propositions of bringing professional wrestling matches to Avon Park.

The men stated that they would like to use the second floor of the old armory building either weekly, bi-weekly, or monthly whichever proved more economical for them.

They stated that the proposed area could house 1200 spectators with a possible gate of \$185. The city, for allowing these promoters to use the building would be guaranteed \$100.00 per match or 10 percent of the gate whichever is the greater sum. The promoters are responsible for all liability insurance.

These matches which will begin between Sept. 7 and 30 may also be promoted over television.

The city council after approving the wrestling promoters ideas for a 60 day trial period listened to a group of concerned citizens with Dr. Clifton Crews acting as spokesman.

"The youth should get their share," stated Crews as he spoke to the council concerning much needed recreational programs for the youth of Avon Park.

Crews stated that the ultimate goal should be a full time youth program which would include recreations and cultural activities.

The group, along with the council, felt that the wrestling matches would not interfere with their programs since their activities will basically be in the downstairs area of the armory.

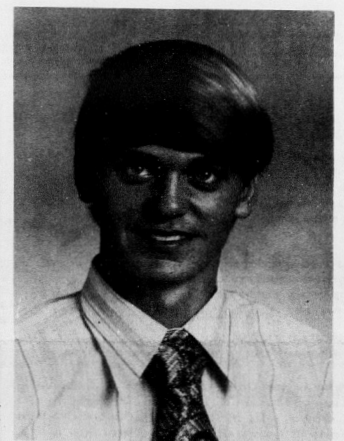

The wrestling promoters stated that all of their facilities will be available without cost for the use of the city when no matches are in progress. They also mentioned that the group could raise much needed funds by operating a concession stand at the matches.

The city council, in other business, decided to repair

three streets in Avon Park, repair three others and also to repair sidewalks before the end of September at a cost of near \$20,000. The funds came from

the city's share of the gasoline tax.

The council also voted to pay the bills for the month of June which amounted to \$16,396.96.

MicKunas Attends 15th Marching Band Clinic

Vic MicKunas, Jr. has returned from Gainesville, where he was a member of and marched in the 15th Annual Florida Bandmasters All Star Marching Band Clinic, at the University of Florida, August 1-4. Vic played first trumpet in the band.

Head clinician was Dean Kilton of Texas Tech in Lubbock. He is an expert in 4-5 drill. His band played in the Gator Bowl a few years ago and gave a most exciting performance.

The Marching Clinic is geared to band directors with new ideas for the marching band, but youngsters as well as directors had a fine experience working with Mr. Kilton.

The band, 280 members in uniforms representing their individual schools, marched a fine half-time show on Florida Field at the half of the North-South All Star Football game.

Band Director Vic MicKunas also attended the Marching Clinic.

New Students Urged To Register

The Avon Park Middle School told the Avon Park Sun that new students may be registered before the 28th in the school office or from 7:45 to 8 a.m. Monday, Aug. 28, in the guidance office.

At 8 a.m. all 5th, 7th, and 8th graders will assemble on the first floor in the auditorium while the sixth graders assemble in the balcony. The school day will commence daily at 8 a.m. and close at 3 p.m.

The lunch department will be operating at full steam with the price of lunches this term at 40c per student.

Along with the new year teachers are joining the staff who are: John Russ, Jimmy Brooks, Donnie Reeves, Mary Alice Rushing, Robert Davidson, Allen Duhm, Darrell Cloud, and Chester Poff.

Only one new teacher is reported at the Avon Park High School, Ronnie Jackson who will teach Social Studies.

High School students grades nine thru twelve are asked to go through the High School office between the hours of 9 a.m. to 12 noon and 1 and 3 p.m. on Friday, August 25, to pick up schedules. Those who can't make it will be able to pick theirs up outside the guidance office on Monday, August 28, before classes begin at 8 a.m.

Chamber Predicts Great Season

The Avon Park Chamber of Commerce is radiating optimism.

The latest release from the Chamber office indicates the organization is active and on the alert even in the midst of the summer heat wave.

Mrs. Annabelle Worden, executive secretary, reports that memberships now total 122 for the current year, as compared to 50 members in 1971.

She also reports a great number of inquiries, both by mail and in person, into the availability of rental units. Mrs. Worden feels that all indications point to a record-breaking winter season in Avon Park.

Local Groups Campaign For Public Library

Although usually in recess during the summer months, The Woman's Club of Avon Park and the Friends of the Library of Avon Park are actively engaged in enlisting support for the establishment of a public library in this city.

The question "Are you in favor of the establishment of a public library by the City of Avon Park as provided in Chapter 167 Florida Statutes?" will appear on the ballot at the primary election on September

12. Postal cards asking for a "yes" vote on this question will be mailed to all registered voters in Avon Park during the first week in September.

Senior Girl Scout Troop 45 has accepted the task of addressing, by hand, almost 3,000 cards. When completed, each of the

girls will have given seven and one-half hours of tedious work in the service of her community.

MISTAKES and BLESSINGS

With much regret, I admit that for a period of my life I was cursed by excessive drinking, and suffered unlimited degradation and torment for my sin.

If any man ever reached the depth of hell on earth, I did—but through faith of others, and my own faith, I overcame the habit and I am completely recovered from the affliction. You will hear much contrived and malicious false gossip to the contrary. I hope that my admission of wrong and shame will prove helpful to others and beneficial to me in my earnest desire to serve the public.

My greatest blessing is my children: Joe, Jr., and his wife, Margaret Dilley Kinsey; Margie K. Richards, wife of Emmett Richards; Vivian K. Dowd, wife of Terry Dowd; Grandchildren Dennis, Billy and Keith Richards, Gary Neal, Carol Sue White, Judy Kinsey, Angela Dowd; and Great Grandson, Mike White. It is better to light one small candle, than to curse the darkness.

Library Center Serving Communities

The Library Center in Frostproof is presently providing a summer recreational program for the children of the community. Most of the students are from the Avon Park and Frostproof areas. The students spend more than half of their time viewing the books and other materials in the library before their regular

schedules. Located in the rear of the library, you will find the students busy at their activities. Film strips and cassettes are presented to them about various parts of Africa. The students are presently discovering a country in West Africa, Dahomey. By using the filmstrips, this will give the child a better picture of what he or she is listening to from the cassettes. No one is forced to participate in the discussion and all work is done by their rate of speed.

We work with approximately 65 or 70 students each day. These students are divided into three groups: 5 to 6 years; 7 to 9 years; and 10 to 12½ years old. We spend about 45 minutes or more with each individual group. The program director, along with two library aides assist with these activities. The students are generally in the library from 1 p.m. to 4 p.m.

We don't have any specific days for our activities because the program in general is very flexible. The library activities are: Ages 5 to 7 years old: Story reading, filmstrips, finger games, various inside games, recording, music, art and craft, and black studies, and tutoring (reading and math). Ages 8 to 12 years old: Black studies, music (various), recording, tutoring, audio-visual aid for older students,

procedures for checking books out of the library. All students are allowed to check out books from the library before going home in the evening. Most of the books are brought back to the library the following day. Students are taught by the program director and the library aides procedures in taking proper care of their individual books. We circulate about 35 books or more out of the library each day. We have approximately 70 students participating in the above activities.

The library aides keep a record of all the students and adults entering and participating in the various activities. Everyone is welcome to give suggestions or comments to anything pertaining to the library. During reading and math tutoring sessions a tape recorder is played and later replayed to the students. This will give the students a chance to hear their mistakes and learn from them. This technique has been very successful and the students are very enthusiastic to record.

The library itself is equipped with mostly paperback books, films, recorder, cassettes pertaining to Black history, and other aspects of Black literature. We do have literature, records, cassettes, novels, etc. for Chicacos. Filmstrips, record players, tape recorders and projectors are provided for the people's use. The staff consists of: Library Director, Program Director, Secretary, and two Library Aides. These people are always willing to assist the public needs.

The library hours are: Mon. 9:30 - 6:30; Tues. 9:30 - 9:30; Wed. 9:30 - 6:30; Thurs. 9:30 - 9:30; Fri. 9:30 - 6:30; and Sat. 10 - 6. The goal of the library is to serve the Avon Park, Frostproof, and Wachula communities as an informal educational and recreational center.

Political Leaders Back Richardson

State law decrees that judicial elections shall be non-partisan, and non-partisanship, in the spirit and intent of the law, is precisely the tenor set by Mark Richardson, Jr., in the opening of his campaign for County Judge in Highlands County.

Richardson announced on July 13 receipt of support in his campaign from two former, and opposing, political leaders in Highlands County. In his announcement, Richardson said, "Believing that the public interest should be served above that of partisan politics, I, David, President of the Highlands County Young Democrats and Bob Warrington, President of the Highlands County Young Republicans, resign our respective positions to be active in the campaign."

Political parties and their officers are not allowed to participate in judicial elections under state law. Card, 34, assumed the responsibility as campaign manager for Richardson. A Sebring resident for the past two years, Card owns and operates Surplus City north of Sebring.

Warrington, 31, is owner of R & W TV-Stereo Center on North Ridgewood Drive in Sebring. Warrington will serve as campaign coordinator.

Outstanding Elementary Teachers of America is an annual program honoring the men and women who have distinguished themselves by their service and leadership in the field of elementary education.

contingent park area, presently uninhabitable and not suitable for recreation.

The Avon Park Lakes Assn., represented by Attorney David Lanier, countered that if the county decided to vacate its interest in the park, then the public's interest would in effect "be erased for the benefit of one individual."

He also told the board that closure would set a dangerous precedent whereby other park land in this or other subdivisions could be closed, thus converting public area to private use.

"The original intent was obviously to keep this land public," Lanier declared. Brandon argued that the case stood on its own merits, and that no precedent would be set.

"What is beautification to one person may not be to others," Lanier replied. "Some no doubt feel that the present state of natural wilderness can not be improved."

In spite of the opposition, the board voted to close the park, with only Commissioner Norman "Jug" Heston voting no. Heston said he would go along with vacating the portion along a drainage easement, but was opposed to vacating frontage on Lake Adelaide.

Commissioner Robert Skipper explained later that board action on the matter served to reinstate title in the park to the original grantor, the Avon Park Chamber of Commerce, who could do with it

what they wished.

"The board simply decided it did not want to stand the expense of improving this park sometime in the future," he said, noting that it would be quite expensive to eventually landscape the area because of the muck.

Board Chairman Andrew Jackson announced that some minor changes had been made in the proposed Subdivision Regulations, and that a final public meeting to discuss the regulations would be held next Tuesday morning in the commissioners room.

He urged all persons interested to be on hand so that any additional changes could be made prior to official publication before the public hearing.

In other action, the board: —Authorized County Engineer Hays to acquire easements and install culvert and drainage pipe at a cost estimated at \$1,000 on Fox Lake Road near Avon Park;

—Appointed Ted J. Ward and Bev Cavender members of the County Board of Adjustments, and asked Bob King of Avon Park, who has not been attending meetings, to officially submit his resignation;

—Voted to purchase a 100-foot antenna tower for Civil Defense communications from Sebring Tile and Terrazzo for \$100;

—Approved purchase of hospitalization insurance for county employees on a temporary basis at the new higher rates until Cullen can come up with an alternative solution;

—Decided against construction of a concrete sidewalk across the Seaboard Coast Line Railroad right of way adjacent to Highlands Avenue after County Attorney Robert Dunty explained that a contract required by the railroad would leave the county in a precarious position with regard to liability for property damage and personal injury which might subsequently happen there;

Church To Sponsor Film

Stanley Tam, of Lima, Ohio, businessman, walked into his attorney's office one day and said, "I want you to draw up a document making God the complete owner of my corporation."

The unprecedented decision, which annually nets Tam's Divine Benefactor profits running well into six figures, became the basis for a best-selling book titled, "God Owns My Business," and has now been put into a color motion picture with the same unique title.

The film will be shown August 21 at 7 p.m. in the Social Hall of First Baptist Church in Avon Park. It is sponsored in this area by the Brotherhood of First Baptist Church.

In a day of rising secularism, when many churches and religious agencies must curtail programs for lack of funds, The Stanley Tam Story speaks with virulent contemporary relevance to both churchmen and concerned citizens.

Little things mean a lot.

Surprisingly enough, our little features don't add up to lots of dollars. At \$1,999.00* a new Volkswagen is easy to buy and even easier to own. Our warranty* is longer than anybody's except Rolls-Royce, and for efficient service nothing will beat our built-in computer service system starting later this year. Of course, someday you may decide to sell your Beetle. Don't be alarmed. After 3 or 4 years used Volkswagen Beetles have had a higher resale value than other economy cars.* Selling it is the final joy of buying it.

If an owner maintains and services his vehicle in accordance with the Volkswagen maintenance schedule any factory part found to be defective in material or workmanship within 24 months or 24,000 miles, whichever comes first (except normal wear and tear) and service items will be repaired or replaced by any U.S. or Canadian Volkswagen Dealer. And it will be done free of charge. See your dealer for details.
