Junior Basketball League Kick Off Season

In junior league basketball last Monday night the Winn-Dixie team, Franklin's Inn, and Mort Jackson's Masonry team all posted wins in the first round of action.

The fifth, sixth, and seventh grade boys will play again tonight (Thursday, Nov. 16) at the new high school gym. Palmer will meet Starling Grocery in the 6:15 p.m. game. Franklin's Inn will take on the tough Winn-Dixie team at 7:15. In the last game at 8:15 p.m., Maryland Fried Chicken will go against Mort Jackson's Masonry squad.

Then next Monday night, Nov. 20, the six teams will play at the Middle School gym. Jackson's will play Franklin's Inn first, then Winn-Dixie will tackle Palmer, and Starling's will take on Maryland Fried Chicken in the 8:15 game.

Last Monday night the Winn-Dixie team, coached by Joe Battle, really socked it to Clayton McNeil's Maryland Fried Chicken team winning 60 - 5. Charles Pough scored 19 points for Winn-Dixie and Michael Coleman and David Williams both hit for ten each. Marshall Whiteside had eight points for the winners along with Horace Moore, Rufus Wilson and Robbie Alsobrook who all scored four points each. Gary Farless scored one point. John Barben and several other Maryland players hit the only two field goals for the losers.

In the second game Franklin's Inn took a 34 - 26 victory from Palmers. Freddy Williams and Larry Pough scored all of the winners points with Williams scoring 12 and Pough putting 22 points in the basket. Bill Moreland hit for 14 for the Palmer team and James Wilburn had six, Bob Nelson, James Jones, and Tim Minard two each.

The last game of the evening was the most exciting as Mort Jackson's Masonry came from behind to defeat Starling's by a score of 31 - 30. Joe Jackson coaches Mort Jackson's team and Ferland Cribb is the Starling coach. Eric Wilson and Claude Dennis both scored 11 points for the winners.

Jim Massey had four points, Jeff Jackson and Larry Jackson both hit for two points and David Lewis scored one point for the Masonry team. Tanger led the Starling scoring with 15 points followed by Eddie Smith with nine, Butch Helvy with four, and Stevens with two points.

All team members of the six teams will be listed as soon as they are available.

There is no admission charge for these games so basketball fans are urged to come out to see these 11, 12, and 13-year old boys learn to play.

Have you ever seen a 'western' where the Indians won?? They did, you know, once in a while.

Bonnie Brae Mobile Home Estate News

The first of the "much-loved" Pot-Luck suppers was enjoyed by the people of the Court in honor of the "Snowbirds" who have returned to their homes on Saturday evening. Those who enjoyed the sumptuous meal were the following: Aletha Hoffman, Detroit, Mich.; Helen Dyce, Grand Ledge, Mich.; Homer and Ruth Fleming, Mayville, N.Y.; Blanche Hance, Hollis, L.I., N.Y.; Douglas Campbell, Melvindale, Mich.; John and Lena Sinatra, Jamestown, N.Y.; Max and Ethel Putman, Duanesburg, N.Y.; Gene and Margaret Brown, South Haven, Mich.; Micky and Phyllis Gaeta, Jamestown, N.Y.; Thomas and Evelyn Chockley, Mt. Clemens, Mich.; Herb and Mildred Schaefer, Mt. Vernon, Ind.; Steve and Sallie Bohaychyk, Malvern, O.; Maude Baker, Nashwaaksis, N.B. Canada; Leah Conn, Halifax, Nova Scotia, Canada; George and Betty Sullivan, Ocean City, N. J.; Harry and Ellen Hunt, Midland, Mich.; Art and Lucille Smalley, Stanton, Mich.; Harry and Ruth Singer, Minerva, O.; Margaret and Wilber Whitney, Carleton, Mich.; Rozzie and Lester Parkhurst, Indianapolis, Ind.; Syd and Phoebe Awcock, Kemptville, Ont. Canada; Everett and Margaret Keister, Westfield, N.Y.; Harry and Margaret Young, Jamestown, N.Y. Mrs. Berenice Walker, Bonnie Brae, Costmetology Instructor, S.F.J. C.; Joe and Henrietta Moreno, Middletown, Ohio; Percy and Dorothy Begeal, Johnson City, N.Y. and Lu and Louie Potter, Corry, Pa. We were all sorry that Mrs. Campbell was a bit ill and could not attend the supper; however, Sunday morning she was feeling much better and felt able to attend church.

MICHIGAN CLUB OF HIGHLANDS COUNTY

Tom Chockley has been busy the past five weeks getting the Club organized. The following are officers and leaders for the Club:

President - Sid Stephens, Sebring;

Vice-President - Ed Eckhart, Sebring;

Secretary - Mrs. Cliff Allen, Sebring;

Treasurer - Verne Vaughan, Avon Park;

Program Chairman - Mrs. Shannon, Avon Park;

Refreshments Chairman - Mrs. Ed Eckhart, Sebring;

Publicity Chairman - Tom Chockley, Avon Park.

The officers and committee chairman will meet at the Vaughan residence on Nov. 21. The next club meeting in December will be a Christmas Party.

Thanksgiving Dinner

We will again have a park Thanksgiving Dinner this year in the Recreation Hall and invite all who have no plans and who might be eating alone to join us. A paper for you to sign will be on the table in the Recreation Hall so that we will know how much turkey to buy. The rest of the dinner will be strictly "Pot luck".

Highlight of the summer for the Harry Hunts was a family reunion at the cottage of son, Charles, at Presque Isle, Mich. Present were Dick and Faye Hunt of Willoughby, O., Chuck and Eleanor of Oscoda, Mich., David and Suzanne of San German, Puerto Rico and daughter Jeanne Miller and husband, Ted of Wheaton, Ill., also twelve of the fifteen grandchildren.

Lulu Dietrick is home from an almost three week stay in the hospital and is slowly gaining strength. We all hope she will be feeling tip-top before long.

Fred and Edna Geiger are back from a most interesting trip to Europe including England, Holland, Switzerland and Italy. We hope they will tell us all about the many interesting places and things they saw when they have had time to get rested.

Mr. and Mrs. Frank Duquenne of Fort Myers, who formerly lived in Bonnie Brae, were recent weekend guests of Harry and Ellen Hunt and called on other friends in the park.

Mr. and Mrs. Philo French, cousins of Harry and Margaret Young called on them on Saturday. Philo and Ruth live in Dunkirk, N.Y., and are on their way via the southern route to Calif. where they will spend the winter in a cottage on the Blue Pacific.

Ellen McGonagle and Rozzie and Lester Parkhurst went shopping at Winter Haven on Tuesday.

Mrs. William Henline has been on the sick list for several weeks.

Henry and Joe Moreno recently travelled to their former home in Ohio. They were accompanied by Henny's sister and cousin. This being their first trip in 10 years, there were many changes both in the new modern highways as well as in their home town. The weather was cold and rainy so the Florida sun was good to come home to; however, it was good to go back to visit.

Coming home on I-75, just south of Macon, Ga., Joe spotted something on the highway so he pulled over to the trouble lane and backed up to where it lay. Dodging the traffic, he picked up a ladies suede shoulder bag which was full of money and credit cards. On reaching home at Bonnie Brae, a phone call was made to the emergency number in Elgin, Ill. shown in her billfold, which happened to be her daughter. Through phone calls back and forth the owner was finally located in New Orleans. Needless to say, she was a very happy person when she heard her purse would be mailed to her. A beautiful letter of praise was received by the Morenos and her desire is to come to Florida and meet them personally. She said "Your honesty has re-affirmed my faith in people".

We have two newly-wed couples at Bonnie Brae this fall. Lew and Lulu Potter (formerly Damon) who were married in early summer; and Al and Thelma (Chalmers) Miller who were married after returning for the season.

Pvt. Martin Completes Medical Course

Private Douglas E. Martin, son of Mr. and Mrs. Ronald M. Martin, jr., Route 2, Avon Park, recently completed a 10-week medical corpsman course at the U.S. Army Medical Training Center, Ft. Sam Houston, Tex.

He learned to perform routine patient care and treatment duties in combat areas, hospital units, dispensaries, clinics and other medical facilities. He also received instruction in the transportation of sick and wounded by ground, air and water means.

The 20-year old soldier was graduated in 1971 from Forest Lake Academy, Maitland, Fla.

Rebekahs Honored Deceased

Eleanor Seaverns Rebekah Lodge No. 65 met at the Lions Hall on Nov. 6, with Noble Grand Lillian Seeger presiding. Visitors from Virginia were welcomed.

During the business session committee for the 50th Anniversary observance in February reported progress.

The Charter was draped in honor of deceased members including Sister Lula Fisher. Contributors to the Birthday Box were Sarah Kerr and Gladys Hagen.

Preceding the meeting a covered dish supper was served. The next meeting, which will be election of officers, will be held on Nov. 20., at 8 p.m. Preceding that meeting, the Rebekahs will serve a supper at 6:30 p.m. The public is invited.

Local Couple Wed In Ceremonies Saturday

Miss Patrica Ann Claitt became the bride of Neil Caswell III Saturday evening, Nov. 4, at the St. John Baptist Church of Avon Park. Travel Agency Explains Trip To Band Parents

The regularly scheduled meeting of the Avon Park Band Parents Association was held Monday evening, Nov. 13. in the Band room of the new High School.

Mrs. Rex Bond and her assistant, Mrs. Sherwood, of the Ridge Travel Agency were introduced by Band Director, Vic Mickunas, who explained to the parents the trip to Nassau to be taken by the band on April 6.

Mrs. Bond explained that our famous Marching Grenadier Band will leave Avon Park by chartered Greyhound Bus and go directly to the pier in Miami where they will learn how to board ship.

Their ship, the Flavia, leaves Miami at 5 p.m. and will arrive in Nassau at 8 a.m. the following morning. While in Nassau, the Bahamian Ministry has invited our Band to play a concert in famous Rawson Square.

They will leave Nassau about 4:30 p.m. Sunday evening and dock in Miami at about 7:30 Monday morning.Sunday evening our Band will give a concert in the Riviera Lounge aboard the Flavia. Mrs. Bond pointed out that this will be one of the finest trips that the Band could take and would have great educational value to the students.

She answered a great many questions for the parents concerning appropriate apparel, tipping, etc. She further stated that the students would be briefed on these items about two weeks prior to the time of sailing.

John Wright then showed films of the Band's outstanding performance for the Homecoming game on Nov. 3.

A short business meeting was held. Mrs. Carolyn Tomlinson, expressed appreciation to a number of persons who have given of their time and money to assist in the band program this year and asked that letters of appreciation be sent to these individuals. She reminded the association of Donut Day, Nov. 21. and the Candy Sale on Dec. 9. Other items discussed included the District Contest in Sarasota on Saturday, Nov. 18. in which our band will participate and the Harvest Moon Country Music program. The promotor of this program had intended the proceeds to go to the band, but due to unforseen cicumstances, the show had to be canceled. Any merchant or individual who purchased advertising for this show, should drop by the Lake Byrd Book Store and see Mr. Wheelhan, who will refund the money paid for the advertising. The meeting then adjourned.

APO Club To Disband

Members of the APO (Awaitin' Poppa's Orders) Wives' and Mothers' club of Highlands county have voted to disband the club.

Members present for an attempted reorganization meeting, held Nov. 7 at Florida Power Lounge, said participation had been low for several months and during the summer months a recess was taken. The women, speculating about the future for the organization, said interest had waned as the war in Southeast Asia de-esculated.

Club funds were dispursed with $100 given to Highlands county chapter of American Red Cross. This is to be used as a loan fund. Members noted that the Lowell Dubose fund is still open at Avon Citrus Bank and voted to place all the club's remaining money--$72.26--in this fund.

Among those attending the APO Wives' and Mothers' club's final meeting was Mrs. Florence Peach. She was founder and a charter member of the club when it was started six years ago. At the time Mrs. Peach was the executive for the Highlands county chapter of the Red Cross.

Mrs. Peach will keep all records pertaining to the club and said she would be willing to serve as contact person for area residents who may wish to revive the club.

Wells Motor Co. Enjoys Banner Open House

Last Thursday and Friday were busy, busy days at the palatial new showrooms of the Wells Motor Co. when dozens and dozens - yes, even hundreds - of people came from all over to see the company's new display and service departments and to get a close-view of the 1973 Chrysler and Dodge cars and trucks.

Of the hundreds who registered for the "Open House" door prizes, the winners were Frank Junn, Avon Park, whose ticket entitled him to a two day-two night stay for two at the Bellview Resort Motel on Indian Rocks Beach, near Clearwater; Chris Cabezas, Sebring, captured a Zenith radio and Mrs. Lock Freeman, also of Sebring, walked away with a Motorola radio. In addition, Erik K. Forsberg and Frank Mansel, both of Avon Park, each won dinners for two at the Holiday Inn in Lake Placid.

Rev. Norred Installed As Minister

The Rev. Jimmy J. Norred was installed as minister of Union Congregational Church Sunday, Nov. 12 at 3:30 p.m.

The participants in the service from the local church were: The Rev. Herbert D. Graetz, Dr. Helen Williams, Welch Fisher, Miss Melinda Barben, Guy Adams, David F. Lanier, The Rev. John Pickens, sr., Dr. Robbins Ralph, Mrs. Victor MicKunas; and the Chancel choir, Mrs. Clayton Rhoades, Mrs. W. J. Head and Mrs. Roy Seims. The participants from The West Central Association of the United Church of Christ were The Rev. Cecil Leek, The Rev. James Stewart and Guy Adams. The Rev. Warren B. Wall represented the Avon Park Ministerial Association.

The service of worship included a covenant of installation, installation prayer, declaration of installation, charge to the minister and to the church, welcome into the Association and Ecumenical greetings.

Following the service the women of the church were in charge of a social hour. The participants in the service and visiting ministers joined with The Rev. and Mrs. Jimmy J. Norred in a reception line.

The candlelighted tea table, with its lace trimmed cloth together with two Paul Revere bowls holding lovely red roses laced with white chrysanthemums, was a charming picture. The beautiful red roses were donated by Mr. and Mrs. Carson Murphy. Assorted sandwiches, fancy cakes, nuts and mints were arranged on silver and crystal trays. From one end of the table, fruit punch was served by Mrs. James Stevens. At the opposite end of the table, coffee was poured from a silver service by Mrs. E. W. Hartt.

Former Marine Chaplin Shows Film To Episcopal Church Women

The Episcopal Church Women of Avon Park, met for their regular monthly meeting in the Parish House of the Church of the Redeemer, after mid-week Communion.

After a short "Coffee", Mrs. Eugene Hise opened the meeting, all members repeating the Church Womens' Prayer. The Treasurer's and Secretary's reports were presented and approved. Mrs. Lucille Swanson reported twenty-three envelopes received in the United Thank Offering Ingathering.

Mrs. E. Hise and Mrs. A. S. Paine, gave interesting and informative reports on the recent Convention, held in Orlando on Oct. 17. and 18. Mrs. Sherman Francisco gave an equally interesting report of the Lakeland Deanery meeting held at St. Paul's Episcopal Church, Winter Haven on Thursday, Nov. 2. There was a good representation from the Church of the Redeemer, nine members attending.

Mrs. E. G. Todd introduced Fr. Cleveland, the speaker for the day. Fr. Cleveland, a former Marine Chaplin in Vietnam, showed a film, "The Refugees", and told of conditions in war torn Vietnam. The film showed the Vietnamese fleeing from their homes, to camps provided by the Government. What will happen to these people was discussed after Fr. Cleveland's talk.

The meeting was closed with prayer. The next meeting will be on Wednesday, Dec. 13, after midweek Communion. This will be the Christmas meeting, and will feature a covered dish luncheon. All members should mark the date on their calendars, and come and enjoy the Christmas program.

1st Christian Women Plan Yule Party

The Womens' Council of the First Christian Church met in the Fellowship Hall of the Church on Thursday evening, Nov. 9, with Mrs. Alfred Haviland, hostess.

Mrs. Paul Lacey taught the lesson, which was taken from the Book of Acts. Mrs. Annette Whigham and Mrs. Darlene Reaves were honored with stork gifts from the Council.

There was a display of handmade articles, which were to be sent to the St. Louis Christian Old Peoples' Home for the Annual Bazaar. A Christmas party was planned for the next meeting, the place to be announced later.

Lutheran Women Hold Meeting

The November meeting of the Women of Resurrection Lutheran Church was a combination of business and pleasure, Wednesday, Nov. 8, at 12 noon at the church.

The hostess for the day was Mrs. Dorothy Shrope, serving a delicious luncheon honoring the birthdays of three of the members. After the luncheon, games were enjoyed with several winning prizes.

Thanksgiving Service Set

Thanksgiving Day services open to the public will be held Thursday, Nov. 23, at all Churches of Christ, Scientist, in the area.

The service at Christian Science Society of Avon Park, Avon Park Lakes will start at 11 a.m.

Keynoting the Lesson-Sermon on "Thanksgiving" is this passage from the Bible, "Rejoice evermore. Pray without ceasing. In every thing give thanks: for this is the will of God in Christ Jesus concerning you."

The nature of true gratitude is emphasized in commentary to be read from "Science and Health With Key to the Scriptures" by Mary Baker Eddy, including this citation: "Are we really grateful for the good already received? Then we shall avail ourselves of the blessings we have, and thus be fitted to receive more. Gratitude is much more than a verbal expression of thanks. Action expresses more gratitude than speech."

Hymns of gratitude, including "This Is The Day The Lord Hath Made", "We Thank Thee and We Bless Thee", and "In Mercy In Goodness" will be sung by the congregation, accompanied by Mr. James F. Ritchie, Organist.

There is no clergy in the Church of Christ, Scientist. The service will be conducted by Mrs. Ruth E. Nickoley, the First Reader, and Mrs. Hazel M. Morrill, the Second Reader.

Individual expressions of gratitude by members of the congregation will be a feature of the service. No collection of any kind will be taken, and all are invited to attend.

THE FOREST LAKE Academy Gymnastic Team from Orlando will present a free program this Saturday night, Nov. 18, at 7:30 p.m. at the gymnasium of Highland Lakes Junior Academy near Lake Lillian. The 25 member team is instructed by Ernie Alner and Miss Gloria Fogg. The performance will include feats on the floormats, uneven bars, parallel bars, vaulting minnie tramp, rings, and unicycles. Two local girls, Beth Carithers and Ruth Martin will be performing with the team. The public is cordially invited to come enjoy an entertaining evening with these clean-cut, health-minded, youth who neither smoke or drink.

South Florida Alerted For Possible Water Restrictions

South Florida was alerted this week to be braced for stringent restrictions on the use of fresh water next spring if the area does not get more than normal rainfall this winter.

Officials of the Southern and Central Florida Flood Control District met in Miami Monday and Tuesday to discuss a report of fresh water resources.

Highlands county is well into the third year of a severe drought which has shrunk the area's rain-fed lakes and dropped the lower aquifer at least 14 feet.

The Sebring and Avon Park areas are not in the flood control district but Lake Placid and Lake Istokpoga are. However, there now is legislation pending which, if passed, would put all of the county under flood control districts. The legislation would control the amount of water to be pumped from wells and also permits for drilling of wells.

There is no immediate cause of worry here, according to district soil conservationist Sam Polston, but "come spring, we will be beginning to worry if we do not get above normal rainfall between now and then."

The only big lake over which the flood control district has jurisdiction in this county is Lake Istokpoga and they will not let water be withdrawn there now for any purpose other than fire protection. The protection elevation of the lake is 36 feet, Polston said, and it now is about 38 feet.

The City of Lake Placid gets its water from Lake Serena, which is down considerably, and from a city deep well.

Although there is less rainfall in the winter months in this area, there also is less use of water for crops because this is the dormant season. "But next spring, the water use rate will climb," said Polston.

The FCD began having meetings to discuss the water problems and prospects on Monday and Tuesday in Miami. Their decisions presently will affect all but the northwest six townships in the county, roughly, from Josephine creek on north and to Arbuckle creek on the east. This is an area 12 miles wide and 18 miles long which presently is between South Central and Southwest flood control districts.

FCD Chief Engineer William V. Storch said available water storage is now only about 49 percent of the long-term average and down about 43 percent compared with last year.

"The water budget estimates do not present a hopeful picture," Storch said. "Even with normal rainfall, available supplies will not quite meet the projected demand."

Storch's report given this week to the FCD directors confirmed that the entire southeast Florida area is now well into the third year of a severe period of rainfall deficiency.

A model ordinance, drawn up last year, details permissible and non-permissible water uses during drought periods and allows imposition of fines of up to $500 for offenders.

There will be another meeting of the flood control

Junior College Offers High School Equivalency Test December 12-13

South Florida Junior College was recently authorized by the State Departmen of Education to administer the General Educational Development Tests (GED) in Highlands County as well as Hardee County.

The GED test is a nationally recognized high school equivalency test. Individuals who pass the GED tests receive a diploma which is accepted in most situations in lieu of a regular high school diploma. An applicant must meet the following requirements before taking the GED tests:

1) complete an official application and pay the $7.50 tensting fee;

2) must be at least 18 years of age;

3) must be a resident of the State of Florida for at least one year, or own property in the State, or filed a manifestation of domicile with the Clerk of Circuit Court;

4) must have high school credit in both American History and American Government verified with an official transcript, or have completed accredited correspondence courses offered by the United States Armed Forces or the Adult Division of a state university, or have earned credit through an Adult Educational Program, or have passed an end-of-the course subject matter examination.

Individuals who are interested in taking the end-of-the couse examination for both American History and American Government should call Gene Statler, director of vocational counseling at GFJr. before Dec. 1. Individuals interested in taking the test must apply in person at the Junior College before Dec. 1.

After the applicant has met all of the above mentioned requirements, he may take the GED tests which will be given in five parts. The completion of the administrative details and part one of the test will be given on Tuesday, Dec. 12, beginning at 6:30 p.m.

Parts two and three will be administered on Wednesday, Dec. 13, at 6:30 p.m. and parts four and five will be administered on Thursday, Dec. 14, and 6:30 p.m. An applicant must be in attendance all three nights to complete the examination.

For additional information, those interested can call Gene Statler, Director of Vocational Counseling at South Florida Junior College, 453-6661.

Sorority Discusses Family Unit

Three young people of Highlands county, appearing on a panel before the Nov. 16 meeting of Gamma Delta Chapter of Delta Kappa Gamma Society of women teachers at Lake Placid Elementary School, agreed that the family unit is worth saving.

Sherron Brumley, a senior at Sebring High School, Alan Hopper, a junior at South Florida Junior College, and Patricia Landress, a first-year teacher at Avon Park, were questioned by Maryanne Reddick, moderator, and Mrs. Rheta Lanier, both of Avon Park, Marian McAdams, of Sebring, and Christine Peavy, of Lake Placid to develop the theme, "Tangibles that fuse a culture."

To the question "What produced the rebels and hippies' of recent years?" Sherron cited the indictment that, "Many parents spend more time being 'swinging' adults rather than responsible parents." Permissiveness, lack of standards of conduct, working mothers, affluent society and transfer of training from the home to nursery and public schools all received a share of the blame. The transient mobility of society was cited as a factor in destroying family unity and continuity of culture. (Twenty percent of United States citizens move every year.)

Re-establishment of the family unit with less television watching and more communication between parents and children were high on the list of changes suggested by the young panelists. "There are many things from the past worth saving, so we should build on present life styles, rather than replace or change them completely," declared Alan Skipper.

Patricia Landress suggested that we must stop considering quantity of life and start considering quality.

The guest panelists challenged the schools to develop curriculums which would allow students to express their feelings in meaningful participation. Critical thinking, which has been discouraged in many classrooms, should now be developed as an important skill.

Too much emphasis on science and robots, and too little emphasis on the arts, was one criticism of present day school philosophy. The young people expressed concern that if this trend continues, the day will come when art will disappear altogether, and few people will even realize that art has been lost.

Preceding the discussion, Mrs. Josephine Haley, music instructor at Lake Placid, presented a violin solo, "Simple Aveu", with Christine Peavy as accompanist.

During the business session conducted by the president, Dorothy Clark of Sebring, it was announced that the 1973 state convention would be held in Jacksonville, April 13-15.

Nine society members from Lake Placid served refreshments of pumpkin pie and coffee.

Walk-A-Thon Wins Local Dimes Chapter Award

Highlands county chapter, March of Dimes, has received an award for outstanding achievement in fund-raising. Sparked by one of the most successful walk-a-thons in the nation, Highlands county's per capita contribution to March of Dimes, 1972, was 72 cents. The national average is 16.6 cents.

At the southeastern regional meeting of the March of Dimes the Highlands county chapter received a plaque in recognition for its outstanding record. Judge Alphonso Sepe, judge of the criminal court in Dade county, who is state chairman of the March of Dimes, termed the Highlands per capita contribution record "unbelievable" and asked that his congratulations be conveyed "especially to the young adults for their important part in this outstanding achievement."

The regional meeting, where the plaque was presented to Highlands county chapter, was held in New Orleans. Those attending from this county were Mrs. Steve Roberts, Mrs. Carolyn Tomlinson, Mrs. Robert Talbott and Miss Jill Lee. Miss Lee is the student representative for the Teen Action Program (TAP).

Steve Roberts, who is now Highlands county chapter chairman, has announced formation of the 1973 committees. Miss Lee is TAP campaign chairman; Mrs. Talbott will head the walk-a-thon committee and Mrs. Roberts is Mothers' March coordinator.

Mrs. Louis Pogany and Mrs. Steve Vosburgh are TAP advisors; Dr. Walter Price, medical advisor; Frank Matrangola, publicity chairman.

Bob Frier is assistant chairman for the county chapter; Mrs. Tomlinson, secretary; Lee Corbin, treasurer; Mary Gaul and Margaret Tope, ex-officio officers.

Chamber Urges Businesses To Decorate For Christmas

All merchants and business firms are urged by the Avon Park Chamber of Commerce to make every effort to light up and decorate for the Big, Big Christmas Parade scheduled for Tuesday night, Dec. 4.

Steve Roberts, Chairman of the Parade, stated there has been a number of floats already entered and this promises to be the biggest and best parade ever to hit Avon Park. Santa Clause has already been contacted and has Avon Park on his agenda for the entire evening. The Parade will start at seven thirty p.m. sharp. Roberts further commented that if some of the merchants would like to open for business following the parade they will find this will be the time when the streets will be packed with inspired shoppers. He suggested the logical time for opening would be around nine p.m. following the parade.

The Merchants Committee of the Chamber of Commerce asked also that every business play Christmas music if possible throughout the holiday season. This would be in keeping with their effort to have everyone "Trade In Avon Park".

Red Devils Are State Champions

Coach Chet Brojek's Red Devil cross-country team brought home the 1972 Class A and AA state championship trophy last Saturday from Lake Worth. The scrappy Devil distance runners took first place in the AA and A state meet winning by one point over Miami Pace. It is the first time that any Avon Park athletic team other than the baseball team has won a state championship.

Avon Park's James Brown finished fourth in the eleven team meet. Seventy-three boys ran in the combined AA and A meet. Brown came in with a time of 13:25 behind Joe Sabino of Pace who took first place in 12:52.5 Robert Blount of Clewiston, and Ron Yoder of Pace.

Eugene Sneed took ninth place for Avon Park running the course in 13:46 and Reid Wall was tenth with a time of 13:51 minutes. Also scoring for Avon Park were Lonnie McMillan who came in in the 20th place with a time of 14:29 and Matakiah Fogle who finished 27th. with a time of 14:39 minutes. The score is figured by adding up the total of the number of the top five finishers on each team. Avon Park had a total of 70 points with the fourth, ninth, tenth, twentieth, and twenty-seventh place finished. Miami Pace had a total of 71 points.

Also finishing high for Avon Park were Hezekiah Fogle and Curtis Foster who came in 32nd and 33rd in the 73 runner meet.

Mount Dora Bible School took third place in the meet with 75 points, Clewiston was fourth with 95 points, and Inverness took fifth place with a 141 point finish. P. K. Yonge was sixth, South Sumpter was seventh, Pensacola Christian was eighth, Lake Highland was ninth, Wesminster Christian was tenth and Victory Christian was eleventh in the Class AA and A meet.

Coach Brojek praised his team for winning the state title saying, "I'm really proud of the boys. They worked hard all fall and finished like the champions they are." Then with a big grin Brojek continued, "And the great thing is that 18 of the 19 boys on the team will be back next year. Also the seven who ran in the state meet will all be back so we can expect great things of them again next fall."

The team won the state title last Saturday to give Avon Park high school its first state championship in any sport except baseball. Charter Officers Chosen For Highlands Sertoma Club

"HIGHLANDS LA SERTOMA" Charter president Angela Tregurtha receives the official gavel from Helen Eubank, president of the Northside La Sertoma in Tampa, at Charter meeting held last Thursday evening, Nov. 16, at Holiday Cafeteria in Sebring. Charter officers were chosen last week for the newly organized Highlands Sertoma and Highlands La Sertoma. Sertoma, Service to Mankind, is the newest service organization currently making its debut in Highlands county. La Sertoma is comprised of the wives of men who become Sertomans.

Newly elected officers of Sertoma include: W. Graham Tregurtha, president; vice presidents Bob Broadbent, Kelton Hill and Buddy McKenzie; Ken Harris, secretary; Bob Terrell, treasurer, and chairman of the board, Bob Frier.

La Sertoma officers are: Angela Tregurtha, president; Betty Jo Frier, first vice-president; Joan Hill, second vice president; Sharon Terrell, secretary; and Sally Zarnowiec, treasurer.

Plans are now in progress for a Dec. 2 charter banquet, and each club hopes to initiate its activities after the first of the year.

Sertoma and La Sertoma will be unique to Highlands county in that its membership comes from all three communities as well as the outyling areas. Application for charter membership in Sertoma is still open - for more information call Graham Tregurtha at 385-5151.

Water Restrictions

board Dec. 15 in West Palm Beach.

The drought situation apparently is more severe to the south of Highlands county. Discharges from Lake Okeechobee and the three Everglades conservation areas since the start of the late summer recession of water levels has been negibible, records show.

October was given as a first-rate example of how surface water supplies can disappear into vapor when normal rains fail. While rainfall was 5¼ inches below normal along the southeast coast area that month, the evaporation loss on Lake Okeechobee amounted to 5¾ inches, or 194,000 acre-feet of water.

South Florida's water table is so low that state and federal officials are preparing for a drought which could be more severe than the record dry winter of 1970-71, when fires raged across 700,000 acres of the Everglades and East Coast cities were wreathed in smoke.

The National Hurricane Center, the Central and Southern Florida Flood Control District and the U.S. Geological Service say the key months will be December and January; Normal rainfall in those months will avert a serious drought, below normal will mean water-use curbs, dying wildlife and fires.

Hunters Reminded To Obey Rules

Hunters and sportsmen using the Avon Park wildlife management area are being told that violations of regulations in the reserve may result in termination of permitted entry for all hunters.

During the opening weekend of the season, Nov. 11 and 12, numerous incidents were reported causing concern for the Game and Fresh Water Fish commission and prompting the reminder that the commanding officer of Avon Park military reservation reserves the right to prohibit any person or persons from entering the reserve.

The commission said it is essential that sportsmen obey parking and camping regulations and keep the main entrance open to traffic. There was a considerable traffic jam opening weekend as 4,983 hunters checked in.

Hunters are also reminded that rifles and hand guns are prohibited; and no one possessing a weapon other than those permitted by law will be permitted in the reserve.

A pamphlet providing a hunt map and full listing of regulations for the Avon Park wildlife management area may be obtained at the Game and Fresh Water Fish commission office at 2202 Lakeland Hills blvd., Lakeland.

Hen turkeys that survive the hunting season will be tracked during the spring and summer months for study of their nests and broods. In this way the study will provide information on the survival contribution to turkeys on the management area.

Hunters can assist the wildlife study by reporting turkey band numbers of the birds they harvest and by returning any radio transmitter they might obtain.

Powell said, "In 1968 when hens were legal game, only one out of eleven hens survived the fall hunting season. Even after hens were protected, only three out of eight were not killed."

Open Letter From DuBose Family

Dear Friends:

Perhaps many of you have seen our son, Lowell jr., around town and at school recently. He doesn't move very fast, he has to use a cane for help, and he has to still wear a body cast, but the important thing, he is able to be up, not only be up, but able to walk. Both these things lay in doubt for many months of this and last year. On this Thanksgiving Day, our family has so much to be thankful for. Though Lowell still has a long way to go and will have to return to Minnesota for further treatment from time to time, we still have him and this Thanksgiving Day he will be at home.

We, Lowell's parents, have learned a lot this past year, most of all, we have learned to take each day as it comes, to be thankful for what God has given us and that he is truly a loving God. Our faith, not only in God, but in our fellow human beings have been greatly fortified. Had it not been for his help, and the help of you, our friends, and neighbors, we surely couldn't have made it through this past year.

When you see our son around town, may you be repaid many times over by knowing that through your help, a young boy is able to be alive and to walk again. To each of you we ask your continued help and prayers. We know not what the physicalfuture of Lowell jr. will bring, but we do know and recognize the many blessings of God, so we will take each day as it comes and know it truly is a day of Thanksgiving for us.

Mr. and Mrs. L. Y. DuBose

THANKSGIVING BLESSINGS

TO ALL OUR FRIENDS

Yes, this is that special time of year during which we give thanks for our many blessings -- For health, happiness, our loved ones, our homes, our jobs, and many things that enrich our lives. Red Devils Won The Conference Title In 1936

THE AVON PARK HIGH SCHOOL BAND eaned a "Superior" rating in District 10 Marching Contest last Saturday, Nov. 18, in Sarasota. The band was judged on their playing, marching and whomanship ability.

NINTH GRADE STUDENT, Wanda Prine, is presenting a "1936 Avon Park Red Devil Scoreboard" to Coach Joe Franza. The scoreboard was found last week while remodeling the upstairs bedroom of Wanda and Judy Prine, daughters of Mr. and Mrs. Marvin Prine, who purchased the home eight years ago. The home, built in 1886 on Lake Anoka, was originally owned by the W. O. Skipper family. The "Scoreboard" was found on a wall behind a wall, and is believed to be made by one of the Skipper boys. Below is what was on the scoreboard, and thanks to Ed Touchton, sr., for helping us decipher the towns and scores. By the way, Ed is one of four 1936 players who still live in Avon Park. Other football facts of that year are also printed below.

Back in 1936 (36 years ago), the Avon Park Red Devils laid undisputed claim to the Ridge Conference Title, Thanksgiving night, by winning 32-0 over Frostproof. They won four, lost none and tied one, which ended in a most successful season of football. It was the first conference title to Avon Park, after the formation of the Ridge Loop.

Some of the players that year on the team were: Cecil Clements, Cleland Belin, Clarence and Henry Wild, Charles Sherman, Ed Touchton (sr.), Harold McClelland, Murrell Prescott, Clifford Windham, Lloyd Gribble, Jimmie Heims, James Ward, C.W. Meriwether, Chester Gibbons, Edgar Bradbury, Corbert Howell, — Foster, Junior Reynolds, Ellis Lynn, — Carney, Early Lynn, and — Martin.

Football Captain Heroes

Football captains from 1926 through 1936 were: Russell Baldwin, 1926; T. J. McGinnis, 1927; Johnny Herrin, 1928; Rodney Durrance, 1929; Martin Roberts, 1930; Cleo James, 1931; Albin Ebi, 1932; W. A. Maddox, 1933; Buck McClelland, 1935; and John Vilkaitis, 1936.

While we're reminiscing, does anyone know who composed the Avon Park Red Devil High School cheer song? It was Junior Tuten, also back in 1936. He composed it while taking a bath. So we can truly say, "Many a good tune comes from the bathtub." The 1936 Inspiring Song was:

Selling Fruit Cakes

The Avon Park Business Woman's Club met at the Clubhouse Monday, Nov. 20, with the president, Mary Lee King presiding. A short devotion was given by Alverna Rutz and Mary Jean Adams.

Vickie Bouis, chairman of the civic committee spoke to the club about plants for the plant boxes in front of the library. The members were in favor.

Anita Renfro reported on the Claxton fruit cakes, the club is selling again this year. She reported sales very good.

Katherine Utz, chairman of the social committee, discussed the Christmas party to be held Dec. 11 at 7 p.m.

Tables were decorated in a very attractive Thanksgiving motif, with the hostesses serving pumpkin pie with topping, coffee, nuts and mints, after which games were played. Hostesses for the evening were Gladys Smith, Minnie Wesley, Syble Padelford, Ivonette Hopps and Frances Whidden.

BARBARA MILLER, LOVELY BRIDE elect of Joe Rice, is surrounded by hostesses at a bath and bedroom shower honoring her Nov. 14, at the home of Mrs. Ross Bigbie. Left to right: Marjorie Cook, Lois Sachsenmaier, Dorothy Williams, Pauline Bigbie and Virginia Brooker. - Miller Photo.

Barbara Miller Feted With Shower

On Nov. 14, at 7:30 p.m. friends of Barbara Miller, bride-elect of Joe Rice, entered the Haunted House of Mrs. Ross Bigbie for a bath and bedroom shower. Guests were greeted at the door by Pinochio (Mrs. Ronnie Sachsenmaier) who gave each one a bag of caramel corn to eat as they made their way through the "Disney Whirl".

Their trip took them down Main Street, U.S.A., through "Ye Old Card Shoppe", "7 Seas Lagoon", "It's a Small World", "20,000 Leagues Under the Sea", "The Candle Shopper", "Penny Arcade", "The Glass Menagerie", and " "

Through the Looking Glass", into Cinderella's Castle where Barbara and her Disney World figures were admiring the many beautifully wrapped gifts.

Barbara and her mother wore Mickey Mouse caps in keeping with the Disney World theme.

Refreshments were served in the Tiki Hut and as each of the twenty guests left the Disney Whirl, they were given a sparkler to light on a Tiki light.

Hostesses for the occasion were Mrs. Leland Brooker, Mrs. Ross Bigbie, Mrs. Ronnie Sachsenmaier, Miss Dorothy Williams, and Mrs. Marjorie Cook.

Women Stage European Festival

The Baptist Women of the First Baptist Church staged a church-wide European Mission Festival in the social hall, Wednesday, Nov. 15. The hostesses, who have previously made trips to Europe, were as follows: Mrs. Hazel Howell, Mrs. Ann Wilhite, Mrs. W. C. Touchton, Mrs. L. D. McGiboney, Mrs. T. M. Weekley, Mrs. I. H. Ford, Mrs. Alice Sherman and Mrs. Lena Suggs.

The festival featured Baptist missions in four divisions of Europe: Protestant, Roman Catholic, Communist, and International.

There was a prayer room with stained-glass windows, religious art of Europe, and information on Ruschlikon, the international seminary.

A castle, reminiscent of the Medieval Period, had pictures and articles displayed with it. These gave the story of the many castles which abound in Europe.

Posters, maps, pamphlets, pictures, magazines, and written articles, as well as many artistic and handcrafted items belonging to the hostesses, were arranged in the centers to tell the story of each group of countries. Some of the treasures brought back from Europe included the following: woodcarvings, Hummel and other types of figurines, jewelry, paintings, hand-blown glass, embroidered linens, and hand made laces.

Mrs. I. H. Ford, Mrs. W. C. Touchton, and Mrs. L. D. McGiboney arranged and served a real "English tea". The small tables seating four were covered with beautiful linens. Arrangements of roses, a European flower, were used on the tables and at other vantage points in the area.

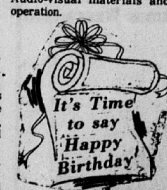

The festival was arranged by Mrs. Lena Suggs, the W.M.U. director, assisted by Mrs. Myrla Martin, Mrs. Ophelia Rihner, Mrs. Aden Childress and Milton Bass.

STUDY FOLLOWS IN EVENING

Studies of mission books for all ages followed in the evening from 7to 8:30 p.m..

The committee for mission study was as follows: Mrs. Aden Childress, Miss Syble Watson, Miss Sharon Bowie, and Mrs. Lena Suggs. They also taught the book,MISSION IN EUROPE, with the assistance of scores of other people. Various ways of presentation were used. One effective device was the dramatization of an Austrian youth center meeting. The actors were Mike Eberle, David Flowers, and Allan Duhm.

The work was the combined effort of the Brotherhood and Gerald Wicker, president, Stanley Wells, Dan Rutman, and Carl McWilliams aided in many ways and supervised the Audio-visual materials and operation.

We wish a "Happy Birthday" to the following people, who will be celebrating their birthdays this coming week:

Nov. 23–Evelyn Landress, Don Edmondson.

Nov. 24– Katie Davis, Larry Trescott.

Nov. 25– Milton Bass, Myrtle Jackson, Patti Bennett, John Childers.

Nov. 26–Grace Warner, Mrs. Joseph Hutchinson.

Nov. 27–Mike Heiring.

Nov. 28–Laura Pearce, Marcia Ward.

Nov. 29–DeWayne Lemler.

Are you or a friend having a birthday soon? If so, let us know.

Best Wishes at THANKSGIVING

Each year in the United States and Canada, a day is set aside as Thanksgiving Day. People give "Thanks" on this day with feasting and prayers for the blessings received during the year. Governor William Bradford decreed a day be set aside as a day of feasting and prayer in 1621, after that first dreadful winter the Plymouth colonists spent in the New World. President George Washington issued a general Proclamation on Nov. 26, 1789, proclaiming: "Whereas, it is the duty of all nations to acknowledge the providence of Almighty God, to obey his will, to be grateful for his benefits, and humbly implore his protection and favor, I do recommend and assign Thursday, the twenty-sixth day of November, next, to be devoted by the people of these states to the service of that great and glorious Being, who is the benficient author of all the good that was, that is or that will be." As the early Americans united in prayers and Thanksgiving, we also do today.

Thanksgiving is usually a family day in the United States, celebrated with big dinners and joyous reunions. The very mention of Thanksgiving often calls up memories of kitchens and pantries crowded with good tantalizing smells and things to eat. Thanksgiving is also a time for serious religious thinking, church services and personal prayer for all the good things each has received and enjoyed. We might also add, this day is also celebrated in each country and everyplace where Americans are.

I am thankful for all the good things health and happiness for myself and all my "loved ones"–also,

"Thankful that I don't have to try out on the majorette line, because the others can twirl better than I–

"Thankful that I don't have to doctor horses and feed them and get them ready for 4-H Club Horse Shows, because I am always afraid they'll bite me–

"Thankful that I don't have to run each time the phone rings, wondering it it's that special "him" calling–

"Thankful, I don't have to explain to parents, that some don't have high ideals like me, and that's why my clothes smell like cigarette smoke–

"Thankful that I don't have to march in the New Year's Parade with a short pretty uniform on, because my legs always get goose bumps–

"Thankful I don't have lessons to get to each night, I love to watch television–

"Thankful I can be seen in something other than blue jeans and boots, I'm not the sporty type–

"Thankful that I don't have to do all these "Teenage Things", and can do my own thing - It's more enjoyable just being a mother, and a grandmother."

"I wish all of you and my loved ones everyplace, a Thanksgiving full of "Memories and Happiness". Above all I'm Thankful that "me and mine" enjoy good health - the greatest blessing of all."

Mrs. Hazel Howell and Mrs. Lena Suggs went to Lakeland, Southern College, to see The Crucible by Arthur Miller in the matinee performance Nov. 19. The dramatization depicting the Salem Witch trials and hysteria was a powerfully moving one as the Vagabonds presented it. The events and characters are historically precise; but superb acting made the audience relive that tragic period in American history.

Couple Presented Awards By Girl Scouts

Mrs. Welch (Tim) Fisher was presented the Girl Scout Thanks badge by the Heart of Florida Girl Scout Council at its annual banquet, Nov. 14, in Leesburg. Her husband, Welch, was presented with a certificate of appreciation.

The Thanks Badge is the highest award that can be given to a Girl Scout worker, and the recipient must be recommended. Tim has been active in many phases of Girl Scouting for 30 years. She is the Jacaranda Neighborhood chairman this year and advisor to Senior Scout Troop 21.

Welch and Tim contribute many hours and much interest to Boy and Girl Scouting. Their son Walter is a member of Troop 156, and daughter Bobbi is a Senior Scout. Son John and daughter Lani were also active Scouts. Tim is the first in our town to receive this award.

The Jacaranda Neighborhood was awarded the Neighborhood Membership Award. This was also a first and reflected the dedication and hard work of Girl Scout troop leadership.

Delegates to the annual meeting were Mrs. Lewis Mundt and Mrs. Daniel Evers. Others attending from Avon Park were Mr. Mundt, Mrs. Elsie Hall, Mrs. Leslie Crews, Susan Crews, and Bobbi Newton.

BOBBIE NEWTON (far right) pins the Girl Scout "Thanks Badge" on her mother, Mrs. Welch (Tim) Fisher, presented by the Heart of Florida Girl Scout Council, while Susan Crews presents Welch Fisher with a Certificate of Appreciation. Art and Lucille Smalley returned Nov. 4., via Sweetwater, Texas, where they attended an Avion Rendezvous along with about 300 other Avion Travel Trailers. Many activities were planned for the group, such as a beef barbecue for the 600 "Avioners"; a tour of the museum and the Richburg home of beautiful furniture and antiques. There was entertainment each evening by local talent. The trip from Sweetwater to Avon Park was along the beautiful Gulf of Mexico with a stop for two days to visit the French Quarter at New Orleans. It was wonderful to be back to enjoy the sunshine of Florida after a summer of cold, rainy weather in Mich.

Present were members: Elizabeth Clark, Allen Howard, Lessie Nute, Roxie Enoch, Mary Weber, Rosa Walton, Blanche Hance, Ellen Hunt, Dorothy Begeal, and guests Margaret Keister, Margaret Young and Margaret Van Buskirk. Devotions were given by Blanche Hance and the program by Allen Howard.

The Federation of Mobile Home Owners met in the Recreation Hall on Friday morning. Information about the Federation is on the table in the Rec Hall for anyone not now a member and who would like to know about the Federation. Members were asked to check their membership cards for the date when they should renew their membership and to take their money to Ellen Hunt before the date so it can be turned over to the District Secretary.

Tom and Evelyn Chockley went on a shopping rrip recently and purchased several insulated coffee pitchers for the Rec Hall kitchen. The money for them had been raised previously from a "silent rummage sale." They are much appreciated by the ladies.

Mr. and Mrs. John Evans, Mr. and Mrs. Basil Krontz and Mr. and Mrs. Albert Keyes have gone all week on a sea fishing trip to Key West, and we miss them!

Mrs. Gladys Geib and Mrs. Ella Roenneberg accomplished some shopping at Lakeland this week, after a trip to the Clinic.

ANOTHER FRIENDLY LETTER FROM Robert A. "Bob" Woodruff

Your candidate for City Council

Knowing full well that I can never meet you all in person during the time I have available to me for my campaign; I am trying my best in this way to reach as many voters as possible.

By not being a politician myself or having the barest resemblance to one; this method of campaigning may result in my total defeat in the coming election, but having faith in the concerned citizens of Avon Park, I know you will be at the polls to prevent this from happening. I am walking and talking to as many of you as I can, and I know that you are passing the word along so in this way we all will come out winners in the election. I am kinda like that cowboy that showed up ready for a days work riding range wearing only one spur. When asked where the other spur was? He replied he figured if he was able to get one side of the horse to run, the other side would follow along. I know that my competitors in this election also know a good thing when they see it; so on that basis it would not surprise me to find that they also had voted for me in the election. Every little bit helps. After all, I will have to represent them the same as I would any other citizen uupon my election as your next city councilman. We have nearly a half million dollar business to attend to in this city, so let's all work together to protect it and improve it, not bankrupt it. I will do my part. All I need is your OK at the polls.

Thanks again and will see you next week,

Robert A. "Bob" Woodruff
Candidate for Avon Park City Council

The 1973 Volkswagen is still $1999.*

A bargain is a bargain.

While you can see the new 1973 Beetle is still at a nice low price, you really can't begin to see the value until you know what you're getting for your money.

A warranty, for instance, that's twice what you get with any other small car. 24 months or 24,000 miles.**

But then, we wouldn't be offering it if it weren't for our incredibly finicky factory inspection: over 1100 inspectors poring over more than 5,000 parts. It sounds compulsive, but it's the best way to reach perfection.

And now, there's our new VW Computer Diagnosis system. Meaning literally what it says: a brand new computer that's been installed, or soon will be, in our service area ready to be hooked up to your car. The most advanced service system in the world, it checks vital service parts, via sensors and probes built into critical areas, and spells the results out in plain English. People should have it so good.

Consider also our legendary resale value. When you compare it with other cars after three years, it makes our $1999* sound absolutely amazing.†

Everything adding up to one important point: there's a big difference between being cheap, and being a bargain.

Few things in life work as well as a Volkswagen.

*1973 Volkswagen Sedan III suggested retail price, P.O.E. Local taxes and other dealer charges, if any, additional.

**If an owner maintains and services his vehicle in accordance with the Volkswagen maintenance schedule any factory part found to be defective in material or workmanship within 24 months or 24,000 miles, whichever comes first (except normal wear and tear and service items) will be repaired or replaced by any U.S. or Canadian Volkswagen Dealer. And this will be done free of charge. See your dealer for details.

Red Devils Will Open Basketball Season Tuesday

The Red Devil cagers will take over the sports scene starting next Tuesday night, Nov. 28, when both the "B" and varsity teams host the Auburndale Bloodhounds here at the new high school gym. The "B" game will get underway at 6:30 p.m. followed by the varsity game at 8 p.m.

The Avon Park varsity, coached by Fred Sandlin, will be going this year without Don Sisemore, Robert Lanzing, and Ricky Helms from last year's team that set a 17-7 records. Sisemore had a 21.5 scoring average, Lanzing averaged 17.0 points per game, and Helms had a 1.0 game average so the Red Devils will be hoping for some sharp-shooting replacements.

Returning this year will be center Harry Smith, a 6-1 senior who averaged 4.5 points last year, coming on strong toward the end of the season; Nat Packer, a junior who returns with an 11.5 point average; and Tony Williams, 6-2 senior with a 4.5 point average from last year. Both Packer and Williams are forwards. Two other forwards have looked good in practice. They are junior William Ayers, a six footer who led the junior varsity team in scoring last year and junior Phil Harris, a 5-9 hustler who averaged 3.5 point per game last year for the varsity.

There will be a battle for the two starting guard slots this season. One sure starter will be Leroy Hicks, a 5-9 senior who averaged 7.5 point per game last year. The other guard post is up for grabs between Mearl Robinson, a 6-1 junior who averaged 313 points last year, and junior varsity players Danny Lewis, Bud Wester, Leon McRae, and Arnold Davis. However, freshman Leonard Green, a 5-10 sharp ball-handler, seems to have the best chance to start the first game since the other four finish football just this week. Lewis is a 5-8 junior, Wester is 5-10 senior, McRae stands 5-8 and is a senior, and Davis is a 5-9 senior. Lewis, Wester, and McRae all played "B" team basketball last season.

Coach Fred Sandlin says this will be the toughest schedule ever because of Avon Park's entrance into the Tri-County Athletic Conference this year. The team will play a 22 game schedule and will host a Christmas Tournament here on Dec. 21 and 22.

The schedule is as follows: Nov. 28 Auburndale, here; Dec. 5, Arcadia, there; Dec. 12, Wauchula, here; Dec. 19, Clewiston, there; Dec. 21 and 22, Christmas Tourney, here; Jan. 2, Lake Placid, there; Jan. 5, Sebring, there; Jan. 6, Mulberry, home; Jan. 9, Frostproof, home; Jan. 12, Santa Fe, home; Jan. 13, Okeechobee, home; Jan. 19 Zephyrhills, home; Jan. 23, Mulberry, there; Jan. 26, Frostproof, there; Jan. 30, Ft. Meade, there; Feb. 2, Sebring, here; Feb. 3, Santa Fe. there; Feb. 9, Zephyrhills, there; Feb. 10 Okeechobee, there; Feb. 13, Lake Placid, here; Feb. 16, Ft. Meade, here; Feb. 17, Clewiston, here; and Feb. 19, Wauchula (1 p.m.) there.

The junior varsity, coached by Tom Lund, will be trying to improve the fine 13-6 record they set last season. The squad will have four boys returning to the team: Jimmy Caldwell, 6-1 center; Micky Claitt, 6-0 forward; Ricky Claitt, 5-10 forward; and Curtis Foster, 5-7 guard. Others out are; Lawrence McRae, 5-8 guard; Donnie Williams, 5-8 guard; William Burley, 5-8 guard; Mike Minard, 5-6 guard; Dean DuBoice, 5-7 guard; Mark Perry, 6-2 center; Tommy Wester, 5-11 forward; Ben Wright, 5-10 forward; James Ross, 5-8 guard; and Reggie Talbert, 5-6 guard.

Candy Stripers And Pink Ladies Presented Awards

Monday, Nov. 10, Walker Memorial Auxiliary celebrated their 10th year of volunteer service to the hospital with a banquet given in their honor by the staff of the hospital.

Invocation was given by Pastor Frank Cleveland.

After the lovely banquet, a very humorous reading was given by Mrs. Marjorie Cook. Then the group was held spell bound by the lovely music given by Mrs. Jerome Shiltz with her bells, with Mrs. J. C. Larson at the piano.

Speaker for the evening was Mayor Robert Barben. He praised the Auxiliary members for all their services and gifts to the hospital.

John McClelland, hospital administrator, and Mrs. Pauline Tondee, auxiliary director, presented the following Candy Stripers and Pink Ladies with pins and caps.

Sherri Corbin, Candy Striper, 100 hour cap and pin. Mrs. Lillie Ogilvie, Mrs. Jody Cleveland, Mrs. Delores Whitmire and Mrs. Lavina Radcliffe 100 hour cap and pin.

After the program, a short business meeting was held with president, Mrs. Mae Langman presiding, election of officers for the year of 1972. Mrs. Mae Lamgman, president; Mrs. Ruth Walker, vice president; Mrs. Dorothy Shelton, secretary; and Mrs. Helen Good, treasurer.

Our term "well heeled" referring to having adequate cash, came to us from cock fighting—meaning the metal spurs attached to the bird's heels, to make them more deadly fighters.

City To Ask For More Bids On Armory

The City Council of Avon Park held its regular meeting at city hall Monday, Nov. 7 at 7:30 p.m.

The body began with the old business on hand. A zoning hearing was held on a petition filed to change a lot just inside the city limits beside the new high school from R-1 to R-2.

Clifton Crews appeared before the council on behalf of the owner of the proposed duplex apartments, E. I. Burleigh and told the council of their plans. Crews said that the proposed subdivision will be an attractive one, and presented drawings of the proposed layout. The subdivision will have its own roads which will be turned over to the city for maintenance.

A lengthy discussion was held as to what to do about the armory. The city had advertised for bids on air conditioning the place over the objections of councilman, Clarence King.

King told the council at its last meeting that they were acting too hastily, without any basic plans of use for the areas involved. The council leaned towards him, last Monday, as they decided not to open the bids.

"To me it's absolutely foolish," stated King.

"This is true," cut in Councilman Hermon Sizemore. "Until we get an absolute floor plan," we can go no further.

Mayor Robert J. Barben stated, "I think we ought to let it lay until the board meets and determines its use."

"We do need to keep on the ball" said Milton Howard, fearing that if the council delays too long, the project would possible collapse.

The council was delayed greatly last Monday when they found that only 17 names had been submitted from the various civic and church organizations around town for the recreation council. The council decided to wait until this council can be formed and then they can make a study of the possible uses of the various rooms before any further actions can be taken.

A letter of resignation from Ben T. Love, building inspector, was accepted by the council at its meeting. After much debate, it was decided to hire C. W. Ellerbe as a temporary building inspector can be hired. Presently only two applications are on hand, one from Ellerbe and another from W. W. Holley. A meeting to interview Holley was scheduled for Saturday at 8:30 a.m.

Revenue sharing also came up at the meeting. Crews stated that our representative still states that the city will still receive approximately

Largest Parade Ever Will Kick-Off Christmas Season

Monday evening, Dec. 4, is the red letter date for Avon Park's annual Christmas Parade. The Chamber of Commerce officials announced that entries are registering for a position in the parade line.

Steve Roberts, Parade Chairman, stated in addition to all of the colorful floats there will be dignitaries from the city, county and chamber of commerce, plus junior and senior marching bands from the Avon Park High School. Then, of course, Santa will make his appearance and have the place of honor at the end of the parade, which is to start promptly at 7:30 p.m. The parade will run almost the entire length of the Mile Long Mall, beginning at Anoke Avenue and ending at Verona Avenue. Santa Clause then will hold court at the Band Stand in the Mall.

The floats that have been entered to date are: Junior Womans Club, Gibbs Gifts and Office Supplies, Avon Park Chamber of Commerce, First Baptist Church, Bill Owens Ford, I. H. Ford Motor Co., Avon Park High School D C T Club, Walker Memorial Hospital, Youth Group of Fellowship Baptist Church, United Telephone Co., Badcock Furniture, Jimmy's Flower Shop, Jackie's Beauty Salon, New Prospect School, Ridge Florist, Sanborn Antique Cars, Betty's Beauty Salon, First Missionary Baptist Mission, Highlands Lakes Fire and Rescue, Hoods Dairy and Church of the Nazarene.

All business firms, individuals, churches and organizations that wish to enter are asked to call or contact the Chamber of Commerce office. There is no entry fee, but the committee has requested no impersonation of Santa Clause on any float. Santa is a jolly, but jealous guy, and does not wish to have the spot light taken off of him in this big show.

SANTA FAVORS FIRE ENGINES

In a special interview that Santa Clause granted the Avon Park Chamber of Commerce this week, it was learned that he would park his sleigh and reindeer at a secret place and arrive via the big red shiney fire truck for the Monday night yule parade.

With a twinkle in his eye Santa recalled the many years he has made his appearance in the Avon Park parade. The one time he specially remembered was the time he landed by helicopter on the foot ball field here in Avon Park, then he took the parade route by way of the fire truck. Ever since that time he favors the fire engine. This year he will be the last in the long parade line and travel the mile long mall to hold court at the band stand where he will distribute candy to all of the children.

His message to everyone, young and old, in Avon Park, is Don't forget the big date Monday night, Dec. 4, at 7:30 p.m. The citizens of Avon Park are indeed lucky to have Santa in person, for this is the time of year that he spreads cheer all over the world. So do be on hand to welcome him.

Jackie Smith Aquitted In Estredge Shooting

Jackie Smith, 20, of Avon Park, was acquitted Monday by a six-member Circuit Court Jury of second degree murder in the shooting death of his brother-in-law.

The five man, one woman jury deliberated only 37 minutes. The brother-in-law was Gerald Estredge, 26, Avon Park, killed Sept. 8 outside Smith's home. Smith testified he saw Estredge "fumbling around in the glove compartment (of a borrowed car) and I was scared he came to kill me."

Circuit Judge Clifton Kelly, presiding and Assistant State Attorney Joseph Macbeth, prosecuted the case. Jack Edmund was defense attorney.

Realtors To Sponsor Lighting Contest

The Avon Park Board of Realtors has voted to sponsor a Christmas Lighting Contest this year in an effort to have many well decorated and lighted homes show the true joy and Spirit of Christmas, outside as well as inside the homes. Accordingly the project will be carried on by the Associates Division, with Mrs. Juanita Haddock and John Morris in charge of arrangements.

Prizes will be announced next week and further details of the judging by a secret committee appointed by the Avon Park Chamber of Commerce.

Any family that desires to be included in the judging for prizes must write a letter or a post card giving their street address. Just mail it to Realtors, Box 430. No others will be eligible.

Small Turnout Predicted In Tuesday's City Election

Jimmy Whitehouse, Supervisor of Elections for Highlands County, predicts a small turnout for Avon Park's city elections Tuesday, Dec. 5.

Avon Park has an official number of registered voters set at 3167. Precinct 1 holds 2691 of this total.

The presidential election of 1972 didn't really spark any enthusiasm into the voters either. Precinct 1 only showed a 21 per cent turnout while Precinct 2 tallied a 57 percent voting.

Whitehouse estimated only 1400 of the registered voters from both precincts will turn out for this very important city election.

The voters will decide which three of the five men running will aid in running the affairs of the city over the coming years.

Of the five running, three of them are incumbents.

Council president J. R. Duggan, jr., was the first to qualify on Sept. 19. Duggan has six years of service behind him on the council.

Second to qualify was council vice president Durrah Martin. Martin decided to try it once more on Oct. 2, noting that he had eight years of experience to give the city voters. Martin once stated that all the men on the board whose seats were up for grabs, should run again because they had "too much in the fire right now."

The other incumbant, Clarence King, decided to take Martin's advice, and threw his hat into the ring on Oct. 27.

King has been on the council for 11 of the past 13 years and says he is happy for the part he has played in developing the city of Avon Park.

With the deadline coming to a close, four other Avon Park men decided to take a shot at one of the seats.

Jerry Traverse, a resident of Avon Park for 13 years, decided to run. Traverse is married and has three children. He is employed at Florida Home Juice as an administrative assistant.

Robert A. "Bob" Woodruff, who has resided in Avon Park for the past 28 years, qualified on Oct. 30. Woodruff, an employee of Florida Power, is married and has one daughter.

Woodruff told the Avon Park SUN, if he is elected he will give the city an "independent voice on the city council speaking only for the public without any bias or control of any special interests, groups, or persons."

Robert G. Dick, president of Highlands Building Supplies, also decided to give politics a shot. A resident of Avon Park for the past 12 years, Dick is married and has six children.

James W. Strenth, a lifetime resident of Avon Park also decided to run, once again. James is married and has one daughter.

Strenth told the SUN that he has attended many of the council meetings and promises to serve the people to the best of his ability.

Strenth is employed at I.H. Ford Motor Co.

Malcolm Crews, city clerk for the city of Avon Park, told the SUN that the 1971 turnout for city elections was placed at only 994 voters casting their choice. Crews said that was the first time the turnout had dropped below 1000. He also noted that the average voting tally is only 1200.

The city officials noted that the 1971 vote was the lowest ever, and the officials are very concerned about this trend.

They hope for a better turnout this year. Crews stated that all the candidates have expressed their desire for a larger vote this year.

Sample ballots are available at no charge at the city hall, for those voters who would like to look it over. However, the supply is limited and will be given out on a first come first serve basis.

After the election, Whitehouse, Crews and some others will hold a canvasing board on Wednesday, Dec. 6 at 8 a.m. to go over the absentee ballots cast.

So there you have it, the entire story before the election has been told, the rest is up to the voters. We urge all the qualified voters to excercise their right and vote for the candidate of your choice. The next few years will definately be important ones for our city, and these three councilman that are chosen in this election will definately play an important role in shaping the tomorrow of Avon Park.

Lions Club Needs Dolls For Christmas Cheer

Christmas is just around the corner. Once again it is time to prepare for helping our less fortunate neighbors. The Avon Park Lions as is their custom, plan to provide toys, dolls and other essentials to a happy Christmas for the Christmas Cheer Inc. program. The club has announced that it is departing somewhat from past practice. It is no longer asking for discarded toys, finding that it can carry out its responsibilities in this area by furnishing new toys.

Dolls, however, are another thing. The club has ladies who are ready, willing and able to clean and dress dolls for needy girls. All they lack are the dolls. The plea this year is thus, please drop old dolls at Albritton's Barber Shop, Stimsons' Service Station or let any of your Lion neighbors know you have a doll and they will gladly pick it up for the ladies.

Benefit Dinner Scheduled

A benefit dinner of mullet, baked beans, slaw, hush puppies and tea or coffee will be served from 5:30 until 8:30 p.m. Friday, Dec. 1, at the fairgrounds by the Sheriff's Rescue unit, Milton Parnell, director. Proceeds go to Girls Villa in Bartow. The Rescue Unit members have a goal of 1,000 tickets. Tickets are $2 for adults, $1 for children.

Devils End Season With 6-4 Record

The Avon Park Red Devils football team closed out the 1972 season with a 3 - 0 loss to arch-rival Sebring on Thanksgiving eve here at Memorial Stadium before a capacity crowd. The loss set Avon Park's season record at 6 - 4 and the win by the Blue Streaks gave them an identical 6 - 4 record. In the last 21 years, Avon Park has won 12 games of the series between the Streaks and Sebring has won 9. There have been no ties and only two shut-outs.

In the big game last week, Avon Park kicked off and Sebring took over at the Blue Streak 32 yard line. On the first play of the game, Streak quarterback Buddy Yarborough, dropped back and hit Charlie Lanier for a 42 yard pass gain to the Devil 26 yard line. Three running plays gave Sebring a first down on the Avon Park 15, but then the Devil defense tightened up. The Streaks moved to the 11 yard line with three running plays so set up for a field goal from the 18 yard line. Buddy Yarborough booted the ball through the uprights for the 28 yard field goal to give Sebring an early 3 - 0 lead.

Avon Park found out early in the game that they were going to have trouble moving the ball on the ground against the tough Sebring line and had to punt out after three running plays. Sebring couldn't sustain a drive on its next possession either and punted short to Avon Park's 36 yard line.

The Blue Streaks picked up 25 yards worth of penalties on the next Devil drive and Avon Park started off the second quarter with the ball on the Sebring 27. That's as far as the Devils got on that drive, however, as a Blue Streak defender picked off a pass at the Sebring 12 yard line.

In the second quarter, all the action took place in Sebring territory as another short punt and a fumble gave Avon Park good field position two different times. But the Devils couldn't capitalize on the breaks and went to the dressing room at halftime trailing 3 - 0.

After an excellent halftime show by both high school bands, the Devils and Blue Streaks started off again. Avon Park moved for one first down after the kick off but had to punt from the Devil 40. Sebring then moved all the way to Avon Park's 16 yard line only to loose ground back to the 27 yard marker when a Streak back ran into an official and fell down. Avon Park then ground out up to the Sebring 47 as the third period ended.

Then with about five minutes left in the game, Avon Park finally got a drive going and moved from the Devil 16 to the Blue Streak 23. But as a Devil back broke through for first down yardage at the Streak 20, he lost the ball and Sebring recovered at the 16 to stop the threat.

Avon Park got one more shot at scoring when they took over at the Sebring 38 yard line with a minute and 36 seconds left in the game. A pass interception by Charlie Lanier for Sebring killed the Devil hopes of victory and Sebring ran out the clock to take the 3 - 0 win.

It was strictly a defensive

PICTURED ABOVE is the weather-worn wallet which Larry Albritton lost seven years ago while tractoring a field. The cards and money ($140) were all still intact, even if matted and worn, and the wallet had roots growing between the fold. Larry's nephew Bruce found the wallet this Thanksgiving Day, and will receive half of what Larry receives, after Avon Citrus Bank sends the wallet to Washington for identification of the money. - Photo by Sharpe

Wallet Found After 7 Years Under Ground

We all have something to be Thankful for, and you've heard the expression, "plant a money tree." Well, a billfold was planted (or lost) in a field seven years ago, and was reaped (found) on this Thanksgiving Day.

In July or August, 1965, The Larry Albritton Family was on vacation at Daytona Beach, with the Lawler Wells Family. A hurricane had just moved up the East Coast, cutting their vacation short. They returned home, then went to Wauchula to spend a few days with Larry's folks. While plowing new ground, Larry's wallet slipped out of his back pocket. He discovered it was gone only when he had finished tractoring. After much searching, the wallet could not be found, and Larry was remorseful to leave $140 and all his cards, etc. under the ground someplace.

As the years went by, Larry forgot about his wallet. Then on Thanksgiving Day, Nov. 23, 1972, his brother's 8-year-old son, Bruce, found it where his brother had just finished pushing up the old fence row.

Larry brought his wallet to Avon Citrus Bank, and Mr. Hoke said they would send it to Washington for identification and replacement of the money. For Bruce's reward, he will get half of what is returned. So you see, Larry and Bruce had one more thing to be thankful for this Thanksgiving time.

Devils

game with credit going to both defenses for fine efforts. It was the first time this season that the Red Devils failed to put a score on the scoreboard.

Sixteen Avon Park seniors saw action for the last time on the Red Devil gridiron. Backs playing their last game were Keith Richards, Leon McRae, and Arnold Davis. Back Tony Williams has been out with an injury but he'll not be back next season. Hardest hit was the Avon Park line. Jarvis Hartt, James Walker, Andy Prescott, Del Murphy, Barry Tate, Ricky Lanier, Virgil McInvale, Mike Archer, and Alcus Snell all played their last time as interior linemen. Wayne Todd, Bud Wester, and Glenn Gray turned in their last performance at end for the Devils.

City Council

$127,600. Half of this money will come to the city in December with the other half following in January.

Crews asked the city council how they wanted the money handled once it does arrive. According to the rules that go along with the money, a separate account must be set up for the fund, and reports of its spending must be filed with the federal government.

Crews was told by the council to invest the money into 90 day certificates of deposit. This will give the council ample time to plan for its use. Crews was instructed to take the best bid on interest paid on the certificates.

A letter from Don Gossick of the Avon Park Flying Service was received by the council expressing his desire to exercise his option to renew the airport lease.

The present lease states that Gossick should inform the city of his intention to renew the lease one year in advance, which he did. He is able to renew the lease three times for five year periods each.

It is also stated in the lease that the rent "shall be adjusted" based on the current cost of living index and the previous rent paid.

"In protection to the tax payers, it appears to me you have to raise the rent," council attorney Jonathan Hancock told the board. Hancock stated that the word "shall" obligate the city to raise the rent, which is currently $250 a month, based on the current cost of living index.

"I'd hate to see it increased" stated Sizemore, while the council noted that Gossick was doing a fine job at the airport and is working seven days a week.

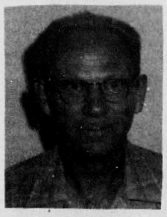

"I can see Jack's point here," the mayor told the council. "I think the 25 per cent increase would harm him though" he finished.

"Under the circumstances we should leave it as it is" Sizemore told the council. "I don't really feel he can afford it," finished Barben.

The council finally decided to just let the present lease finish out its one year period, while accepting the letter from Gossick for its continuance. The council will decide when the current lease runs out if the rental price should be raised.

"Maybe within a year, he might be able to afford it," one councilman finished the discussion.

Something to be thinking of before you vote in the City Election Dec. 5. By Robert A. "Bob" Woodruff, your candidate for Avon Park City Council.

I have been advised that a smart politician, in order to get elected, should promise you, the voter, everything and never mention controversial items - but should always say he is going to cut taxes. As I am no politician and I am trying to be completely honest with my campaign for your vote; I would be remiss in my character not to let you know how I am thinking about some subjects that will have a direct bearing on how I would act, should I be elected. I feel that every effort should be made by the entire City Government of Avon Park, to encourage and induce new industry to become a part of our city. This would result in new money being brought to our city and there expended for goods and services, as well as for real estate, wages, tax obligations and the 101 other things connected with successful business and industry. We should also take a long hard look at our city ordinances to see if maybe the wording of these ordinances are favoring one business over another, and in this way resulting in harm to all concerned. We should see if we are making the best use of the people's tax monies in the various city departments, and make correction wherever deficiencies are found. We have but one recourse and that is, the people must get a maximum return for each dollar spent by the city in each and every department. Study should be made of our present form of city government. It is quite possible other forms of city administration might be a much more efficient method than we have at present. A word about the matter of crime and public safety. Look about you; many areas of our city are poorly lighted at night. This concerns us all, as it is an established fact, a well lighted area represents one of the most effective deterrents to crime that any city can provide. Budgetary provision should be made for the contingency fund to insure that if we should suffer storm damage or have other untoward expense; sufficient money would be available for these uses only, thereby not creating a dlooar crisis for our city. All police, fire, street, water and sewage equipment should receive total preventative maintenance as a standard procedure; thereby avoiding costly breakdowns and lost manhours. I could go on and on and also mention sidewalks, recreation facilities, sewerage and various other needs that make up a complete city, but I think you get the picture. Remember, five councilmen are going to have to face up to these matters sooner or later; so if you feel that I might serve your best interests as one of them - your vote for Robert A. "Bob" Woodruff is the only way provided wherein I can serve you, the people, in consideration of these matters.

Thank you all,
Robert A. "Bob" Woodruff
Candidate for Avon Park City Council

Celebration Of Advent Will Begin Sunday At First Presbyterian Church

The celebration of Advent will begin Sunday morning at the First Presbyterian Church and continue through the Christmas Eve communion service. The Advent activities have been planned to encourage the members of the congregation and friends to have a vital Christian preparation for the coming of the Son of God.

Each family in the congregation has received a guide for family devotions for each Sunday in Advent and for Christmas Day. One of the main goals of Advent is for every home to have family devotions each day during Advent.

During the Sunday morning worship at 11 a.m., young adults will read the Advent scripture. Senior high and college students will light the Prophecy, Bethlehem, Shepherds, and Angels candles.

For the first time, Advent banners will be used in the service. These banners were made by the senior highs and will be carried by senior high and college students. Christmas carols will be sung throughout Advent. In addition to Anthems by the church choir, there will be solos, "The Bells" and an arrangement for organ, piano, and violin.

The Young Adults will have an Advent celebration on Dec. 3. After "house worship" there will be a discussion on preparing for Christmas in a Christian way. The Woman's Society will have a Christmas party on Dec. 4.

The decoration and lighting of the Christmas tree will be held on Dec. 12 at 7 p.m. There will be a rehearsal of the Christmas program. The Young Adults will sponsor this occasion for the children and youth. The Senior Highs will furnish refreshments.

The congregation and friends will gather for a Christmas meal on Dec. 13 at the church at 6:30 p.m. After the meal, there will be a Christmas program centering around Christmas cheer. Opportunity will be given for those who want to contribute food, clothing, toys, and money to Community Christmas Cheer.

On Sunday, Dec. 17, at 5 p.m., the church choir will present the cantata, "Night of Miracles" by J. G. Peterson. During the service, appreciation of the congregation will be expressed to Dr. W. H. Stuart, of Bartow. Dr. Stuart, a rancher of Bartow, is superintendent of Missions of Florida Presbytery. After the Vesper service; the Woman's Society is having a social hour to honor the winter guests in the Church Fellowship hall.

The Christmas Eve communion service will be held at the church at 7 p.m. Sunday. In addition to a solo, the choir will sing an anthem, "No Room". The Christ Child candle will be lighted. The last of five Advent banners will be brought into the sanctuary. The topic of the communion meditation will be: "The Crib and the Cross". The Christ child offering will go for the work of correspondence Bible courses in Pakistan.

OES Grand Condutress Visites Local Chapter

Members and officers of Leigh Chapter No. 85, OES, were host Tuesday, Nov. 21, to Mrs. Norma Cope, of Pompano. Mrs. Cope, as Associate Grand Conductress of the Grand Chapter of Florida, order of the Eastern Star, made her visit here as deputy to the Worthy Grand Matron, Mrs. Lucille Grimes, during a regular meeting of the Chapter.

A delightful banquet was served prior to the meeting at the Avon Park Restaurant on N. Central Ave., at which time the Worthy Matron, Mrs. Margaret Wolliscroft, and the Worthy Patron, Mr. Herbert Woolliscroft, welcomed the visiting Grand Officer and her traveling companion, Mrs. Flo Beecher, of Pompano, Grand Chapter committee member of the Worthy Grand Matron's special fund, "Three plus One".

At the close of the meeting an amusing and entertaining skit on courtesy was presented. Those taking part were Ron Williams, Joseph Kuhn, and Mrs. Ila Williams. Refreshments were served in the social hall following the meeting.

Scouts Will Collect Old Papers

Mrs. T. H. Maxwell, who headed the newspaper drive for the Woman's Club, states that the women will no longer collect papers. She wishes to thank Mr. Metcalfe, of Metcalfe Hardware store, for the truck he furnished for hauling the papers to Tampa, and to Leon Massey who drove the truck.

The firm in Tampa is overloaded with paper at the present time and cannot unload any more trucks at present. However, the papers may still be left at Hooper's Coin Laundry, N. Butler Ave. because Larry Hooper, Scoutmaster, states that his Boy Scout Troop No. 156, is contemplating the newspaper collection as a money making project for their summer camping trip.

Mrs. Frances Hooper, owner of the Laundry, accommodated the Woman's Club with this space for people to drop off their bundles of papers, and she will continue to do this for her son, Larry, and his Scouts.

Woman's Club Will Salute Christmas

Each year, in December, the Woman's Club of Avon Park salutes the Christmas season with an open meeting to which the public is cordially invited.

This year, the event is scheduled for Friday evening, Dec. 1 at 8 p.m. It will be held in Fellowship Hall at the Congregational Church.

"The Lively Arts at Christmas" has been chosen as the theme of the program, which will feature some of Avon Park's finest talent.

The performing arts will be represented by the voices of The Young Highlanders and the Serenaders, under the direction of Evelyn Jones, the dancing artistry of Laurie Rehrer and the tones of the Three Trumpeters. Elinor Longfield-Smith of Babson Park, will present a poetic trilogy.

All of these elements will be blended to create a sight and sound tapestry of the Christmas season.

A brief reception will follow the program, at which time those attending will be privileged to meet the performers.

There will be no admission charge, but a free-will offering will present an opportunity to contribute to the Woman's Club building fund.

Maxwell Wins National Award

Thomas H. Maxwell, jr., son of Mr. and Mrs. T. Hayes Maxwell, has received a national award from James T. Webel, vice president of the Owens-Corning Fiberglass Corp. This award was won by Maxwell for the Smith-Korach-Hayet-Haynie partnership of Miami, an Architectural-engineering firm of which he is a partner.

The Owens-Corning Fiberglas Corp. initiated this awards program to stimulate new designs directed towards conserving energy and reducing pollution. The competition was open to all registered architects and engineers in the United States and Canada. Entries were judged principally on the scope and creativity of the energy-conserving concept and the actual energy savings achieved or anticipated, through efficient building design.

Charles E. Peck, Owens-Corning Construction group vice president, said in naming the winners, "There is great potential for energy conservation in commercial, institutional and industrial buildings. Quoting G. A. Lincoln, director of the president's office of emergency preparedness he said 'the need to conserve energy will continue to hold high priority until new sources are developed.' As a result of this program we hope to stimulate new designs and new concepts directed as achieving maximum efficiency in the use of energy."

The Awards Program consisted of three categories: industrial, commercial and institutional, and drew entries from the United States and Canada. The Awards Banquet was held at the University Club in New York City, Nov. 10.

Mr. Maxwell's architectural and engineering firm was cited for its design of Mt. Sinai Medical Center's Energy Center in Miami. The facility, placed in operation last April, produces chilled water and high temperature hot water for air conditioning and heating for the entire 742-bed medical complex.

Mr. Peck said, "The building was chosen because it combined excellence of design with some outstanding energy conserving techniques."

The Awards Jury of distinguished architects and engineers was MacDonald Becket of Welton Becket Assoc., New York; Leander Economics and Goldberg, New York; Harold S. Lewis of Jaros, Baum and Bolles, New York; Professor Charles E. Sepsy, Ohio State University; and Herbert H. Swinburne, FAIA of the Nolan-Swinburne Partnership, Philadelphia.

In accepting the award, Mr. Maxwell, who is also project manager for the Mt. Sinai energy center, said, "The concepts applied in planning this project were aimed at conserving energy, with both the short range and the long range considered to attain our primary objective - achieving the lowest possible owning and operating costs for the projected life cycle of the building."

Another factor in planning the energy center was providing flexibility for growth of the hospital. The central plant concept was found most feasible.

The plan provided an immediate conservation of energy because the mechanical equipment installed in the central plant is more efficient than the smaller equipment that would be used in individual buildings.

A long range saving resulted from eliminating the need for energy to convert raw materials into finished floor space and equipment for mechanical rooms in possible additional buildings in the complex.

Also, mechanical equipment rooms in existing buildings were converted to more productive uses when these buildings were connected to the central plant.

Realizing that equipment selected for the lowest initial cost would not necessarily yield the lowest owning and operating cost, the Medical Center decided to invest more initially for more efficient mechanical equipment to achieve the lowest owning and operating costs.

For example, two refrigeration units (chillers) with a lower initial cost of $55,555 would have cost $1,006,964 more to own and operate over a projected life cycle of 20 years.

The central plant, then, is using the latest technology available to insure maximum energy conservation throughout all of the project's concepts and operating systems.

Mr. Maxwell presented the projects' concepts at a news conference, that was held prior to the banquet, for the editors of various architectural-engineering national trade publications.

Mr. Maxwell was accompanied by his wife, Betty, to attend the Awards Banquet, and they spent several days sight-seeing in New York and attending some shows.

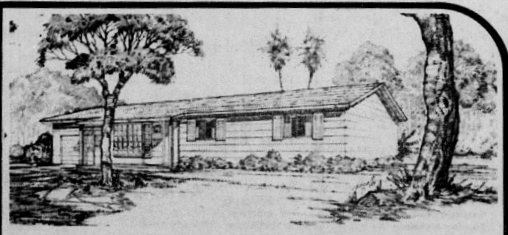

They were in Avon Park for the Thanksgiving holiday weekend with their daughters, Beth and Kim, to visit the family.

Hayes Maxwell, a graduate of the APHS Class of 1952 and Georgia Tech Class of 1958.

RICHARD FERGUSON looks heartbrokenly at the United States flag which was ripped and torn from his brother's grave in Bougainvillea Cemetery. Besides the hurt and sadness this family has suffered in the loss of their loved one, Sgt. Lowell Ferguson, jr., who was killed in Vietnam in 1971 while serving for all of us, they now have to be saddened by this despicable act. - Photo by Sharpe

Flag Over Sgt. Ferguson's Grave Torn Up

On the night of the 20 of Nov., a United States Flag was taken from the grave of a young American Soldier.

Sgt Lowell Ferguson jr. was killed in the Republic of South Vietnam in the year of 1971, while fighting for the safety and well-being of all the people, young and old, in this community and in other communities of the United States. But the respect and thanks he receives for giving his life, is to take the only thing he has left to symbolize his part in American History. The American Flag, remove it from his grave, tear it to pieces, and throw it on the ground by the grave.

Richard, brother of Lowell, said he was not just bringing this to the public's eye, for one dead man, or his family, but for all the families, who have a son, husband or brother buried in the cemetery. The flag on Sgt. Ferguson's grave was stolen many times before this, along with flags from other graves. A few days after Veteran's Day, all the flags from all the soldiers' graves were stolen.

Richard said, "if the person doing this is a child, I feel the parents should talk to him and tell him why it is wrong. If this person is an adult, I hope they can be proud of themselves, for no one else can be." Richard did not say anything before this, because he said, "stealing a flag is one thing, but to rip an American Flag to shreds, especially one from a grave, is something I just can't understand." Sgt. Ferguson's grave is located at the top-south end of Bougainvillea Cemetery. Richard asks, "If you can't bury your loved ones in a cemetery where they can rest in peace, without having someone stealing from their graves - where can you bury them?"

Scout Leaders Present Lions Program

The second meeting of the Avon Park Lions for November was well attended. Members and guests were supplied with a delicious dinner of oven-fried chicken, mashed potatoes, green beans, salad, ginger cake with topping and hot bread. The Rebekahs did their usual fine job of catering.

Visitors included Lions Hart of Indiana and Gramstorff of N. H., as well as former Avon Park Lion G. Traverse. Lions J. T. Landress and Al Yarbrough, jr. were named by Lion President Dick Thayer for consideration by the City Council as Directors of the Armory Board.

Other business included an authorization for the Barbecue Committee to cater a testimonial dinner early in January. Lion President Thayer also acted to set the first December meeting as the Club's annual family Christmas get together. All members should plan to bring their wives and family for this special occasion.

Program Chairman George Kelsey introduced the guest speakers for the evening, the Rev. D. Zoller and Larry Hooper, both noted for their leadership and interest in local Boy Scout activities. Rev. Zoller introduced the subject of hiking through the Smokies by giving a detailed story of the planning that is required for an extended and successful hiking trip. He noted that plans were initiated two years before the actual event took place. The Rev. Zoller's presentation was made more interesting by his use of exhibits of such materials as detail and topographic maps, freeze dried foods, sleeping bags and hiking rigs, first aid devices and the like. Of prime interest to parents of would be hikers was the fact that no injury or illness attended any part of a fifty mile hike by the group of ten boys and two adults.

Larry Hooper followed by showing slides and commenting upon the hike itself. Words here cannot do justice to the story that Larry's pictures tell. Suffice it to say that the grandeur and ruggedness of the mountains, if you cannot duplicate the Scout hike, can best be brought to your attention by getting Larry to team up with Rev. Zoller and give you their hiking story.

Avon Park is growing very fast. There are many big decisions to be made soon. Among the most important are the Sewer and Water Expansion program. I believe I am qualified to make these decisions.

I will continue to vote against any contract or expenditure that I believe will not be for the best interest of Avon Park and its taxpayers.

Anyone 18 years or older, and registered, may vote in this City Election. PLEASE GO VOTE! Take a friend along!

ONE DAY ONLY

(No Age Limit)

LOVELY LYNN CAMP, Head Majorette, and Eddie Culbertson, Captain of the "Famous Avon Park High School Grenadier Band" have just sold Aaron W. Cravens, Principal of APHS, a box of the popular "Betty Benson" candy the band is selling. The band will be all over town Saturday morning, Dec. 2, and door-to-door selling this delicious candy just in time for dandy Christmas stocking stuffers. Proceeds will help finance this great band which we all love to hear and see. - Photo by Sharpe

Band To Sell Candy To Raise Funds

This coming Saturday morning, Dec. 2, you will see students in red band blazers all over town. They will be the members of Avon Park High School's Famous Marching Grenadier Band that you have been hearing so much about. They will be out selling the popular Betty Benson Pecan rolls door to door. Proceeds from the sale of this candy will go towards the purchase of music, instruments, uniforms and other items that make it possible for Avon Park to have this great band. Your support of the candy sale will be appreciated.

If you do not plan to be at home Saturday you can still get some of this fine candy. You will find the Grenadier's selling the candy in downtown Avon Park on Friday evening as well.

Officers Of Avon Park Grange Installed

The D. Vincent Andrews family of Sarasota Grange No. 180, installed the newly-elected officers of Avon Park Grange No. 203 on Tuesday, Nov. 14, at the First United Methodist Church.

Mr. Andrews is overseer of the Florida State Grange and Mrs. Andrews is managing editor of the Florida State Grange News. Their daughter, Cindy, and Carolyn, are both officers of Sarasota Grange and of Tamiami Pomona Grange. Their son, Jack, was youth prince for the state two years ago.

The complete Installing Team was: installing master, Donald Mason; installing chaplain, Norman W. Darling; installing officer, D. Vincent Andrews; marshall, Madelin D. Andrews; emblem bearer, Cindy Andrews, regalia bearer, Carolyn Andres; and pianist, Lillian Seeger.

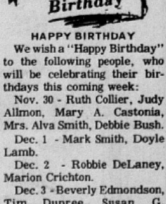

Officers installed were: master, Miriam Debo; overseer, Keith Debo; lecturer, LaVerne M. Fullmer; steward, Loyd Slocum; asst. steward, Lloyd D. Wyant; lady asst. steward, Lorena P. Wyant; chaplain, Gertrude Slocum; secretary, Mary E. Haviland; treasurer, Clarence B. Higgs; gatekeeper, Chester Seeger; Ceres, Grace Warner; Flora, Elizabeth Mizelle; executive comm. for three years, Louise Clarke; and pianist, Lillian Seeger. Pomona, Edith Martensen was absent.

A very short program was presented by the lecturer: song, "Home on the Ridge"; recitation, "The Bridge Builder" by Keith Debo; a "trick" drawing by Lloyd Wyant with his wife as model. Thought for the day - "Go as far as you can see, and when you get there you can see farther." From the Florida Grange News: "National Grange Master, John Scott has accepted the chairmanship of the Rural Area Comm., of the President's Comm. As chairman he also becomes a member of the Executive Comm. of the President's Comm."

President Nixon signed into law the 1972 Rural Development Act. The National Grange played an important role in getting this bill through the 92nd Congress.

The National Grange strongly supported the Russian grain sales, and firmly believes that this sale and future sales to communist countries are in the National interest.

During the Social Hour, refreshments were served to all. The next meeting will be held at the First United Methodist Church at 8 p.m. on Tuesday, Nov 28. This will be Grange Inspection by State Deputy, Humphrey Williams of Lake Placid Grange.

Southland Mobile Home Park News

By Bessie Paxton

453-5247

People, like birds, migrate periodically. Last fall the highways were crowded with cars; people returning north. Again in November, highways are crowded. Southland is no exception in this respect. It too, has its share of migratory people.

As we look about we see, as before, many changes. Some have moved elsewhere, some returned north to live permanetly. We record two deaths of our residents this past summer; Mary Strickland and Esther Pertl. We shall miss these two people and recall many happy associations with them.

We have a number of newcomers. Mr. and Mrs. Fenton McEwen of Westerville, Neb., are living in Mary Strickland's trailer. Mrs. Helen Erndt of Mansfield, Ohio, has bought Marie Monxs' trailer. Mrs. Erndt is a friend of Mildred and Helen Joseph; no relation, but an intermarriage of their children. Marie Monxs is now living at the Jacaranda. Harriet Meissel sold her trailer to Mrs. MacKinsey. Harriet and Hetta are living in the apartment south of the laundry. Mrs. MacKinsey came to the park in May. Alta Robinson sold her trailer and is nicely located in an apartment nearer to town. Mr. and Mrs. Carl Carlson of Beulah, Mich., have placed a trailer where Alta lived and will be moving in soon.

Mr. and Mrs. Roscoe Perkins of Minneopolis, came Monday and will be occupying Leo Pertl's trailer for several months, when Leo will coming to Southland. The Perkins' have lived in Avon Park before and are friends of the Earl Maxwells' whom many in the park remember when athey lived here. We are sorry to report that Mrs. Perkins entered Walker Memorial early Thursday morning and will probably remain there for a few days.

Rosetta Hall has purchased the trailer located at the north edge of the park and is located permanently in Southland. The Glen Ruffners have built a house in Avon Park and their trailer is for sale. We welcome these new people and hope they will join our activities; tis a nice way to get acquainted.

Hannah and Marvin Tebo are spending the weekend with friends on the east coast.

Lem Hostetter is enjoying his stay at a small nursing home near Avon Park. He appreciates visitors and cards.

Rebecca Hostetter left Monday for a two-weeks stay with friends at St. Petersburg.

Sixteen came out Tuesday morning for the coffee get-together; 15 were out Thursday evening for aggravation, and the bingo Friday night was well attended. John Ferrel did the calling and Goldia Duan helped.

Harold Arms has been in Walker Memorial for several days and is feeling very well. Charles McNulty is also in Walker Memorial and hoped to return home this week.

Did everyone who signed up for membership in the Federation of Mobile Homes receive their November copy of the publication? Many articles in this publication every mobile home owner should know about. If you did not receive your copy, report it to our manager.

The addition at the southeast corner of the park is very inviting. It accommodates three 12-foot trailers with nice sized yards which have been sodded and kept watered. Each one comes with attractive cement flower boxes in front and each has a screen enclosure, all with individual coloring. Some of the original shrubbery was left and makes the landscaping complete. Marked off street parking is provided. This addition is reached by an extension of the walk in front of the Hall and the trailers are for sale.

Thanksgiving dinner noises are around. Everybody wondering what to take. The committee would like for those who aim to come for the dinner to sign the paper which is on the large table, indicating how many; also, what food they desire to bring. This will help the committee to arrange the tables.

Clara and Runar Engard of Duluth, Minn., returned to the park a few days ago; also Bob Elethorpe and Maxine came quite recently; Herb and Emily Renaud came Wednesday; Wilbur and Grace Romans of Cincinnati, Ohio returned a few days ago. These friends all report a safe trip down.

The shuffle match Friday, Nov. 17, Reavoe Wandover and Leo Breister won two games out of three over Fenton McEwen and Marvin Tebo.

Crafts

Next Thursday there will be teaching of Christmas ornaments in Crafts.

Entertainment

Thursday night, Nov. 30, there will be a Welcome Party and Get-Acquainted Frolic when all the new members may meet the old members and the directors of the Club. There will be entertainment and refreshments.

Let us have a good turn out and meet the new members.

Dances

Monday evening was a goodly group and the dancing was fun. Now there will be dancing on Friday evening as well. George Mills conducted the dance on Friday evening. So all you dancers do turn out and have a good time.

Supper

At noon on Thanksgiving day about 50 members sat down to a good turkey and ham dinner at the Clubhouse. Grace Staley and Theresa Bayes cooked the turkey and ham, and the members all chipped in to pay for it.

After a short program on the Thanksgiving theme, they played cards and shuffled.

No supper on Saturday evening.

Roy Katon-"Captain Travel"

Nita And Jim Ritchie

New Travel Agency Opens In Avon Park

Nita and Jim Ritchie Tours, of 102 Southland Trailer Court here in Avon Park, proudly announce their appointment as a branch office of Roy Katon's Tamiami Tours of Miami, Fla. Mr. Katon, better known as "Captain Travel" operates one of the largest world-wide travel organizations in southeastern United States, with offices and representatives throughout the world, including such out of the way places as Constantinople, Turkey, and Kenya Africa.

Captain Travel's representative in Kenya, Mr. Hugh Wilson, serves as guide for wild animal and camera safaris in South Africa. Mr. Katon is a member of the Better Business Bureau of South Florida, all the airline traffic associations, and the steamship passenger conferences of the Atlantic, Pacific and Caribbean.

Through this new association, Nita and Jim Ritchie now offer the residents and visitors in the Avon Park area a complete travel agency service, including airline reservations and tickets, steamship reservations (including cargo-liners) package tours both escorted and independent, and travel throughout the world.

They also secure domestic hotel and motel reservations. With this expansion of their facilities and services, the agency is now known as "Ritchie Tours and Travel Service". Their address and phone number remain unchanged.

The Ritchies have been organizing and conducting group tours from Avon Park for the past three years. They were the originators of the very popular one day tours by chartered bus from here to points of interest in Florida. Last season they booked over 500 guests on these one day tours alone. Another 150 enjoyed the longer tours and cruises to the Bahamas, Hawaii, Mexico, and the Florida Gold Coast.

They want it understood that they will continue to operate and personally conduct tours and cruises from the area as they have in the past, and have several such trips planned for the current season, including a repeat of last season's popular jet tour to the Hawaiian Islands.

This year the Hawaiian Tour will be of 15 days duration and will spend ten days on the beautiful Outer Islands of Maui, Kauai and Hawaii. This tour is being operated by popular demand, as quite a few were unable to go last year due to an early sell-out. Again, the group will be limited to thirty guests, leaving the Jacaranda Hotel here in Avon Park Feb. 17 by chartered bus to Tampa Airport.

and make reservations on the trips of their choice. Early reservations, even on late season tours, will eliminate the possibility of disappointment due to tours being sold out.

During periods when Nita and Jim are away on tours or other business, calls will be taken and all business handled by Mrs. Bette Chapel. Bette can be reached at the Southland Court Park Office, phone 453-6258. Call her if you get no answer on the Ritchie's number. All are reminded that there is never a service charge, or extra charge of any kind assessed at this expanded travel facility, and all are cordially invited to call or stop in for expert travel consultation.

Another repeat is booked for March 19, a three days escorted bus and boat tour to the Florida Gold Coast, including the Jungle Queen Dinner Cruise from Ft. Lauderdale, and sightseeing Miami and Miami Beach by boat with a visit to the Miami Seaquarium.

The season's one-day tours start November 30 with a bus and boat tour to Everglades National Park ten thousand islands section on the Gulf Coast: then on Dec 12, the first tour to Walt Disney World. Similar one day tours are planned for later in the season.

A printed circular of trips scheduled for the year is available from Nita and Jim. Call, or stop in for a copy. Also watch the "Personals" column in the classified pages of this newspaper each week for Captain Travel's announcements of upcoming trips.

The Ritchies invite all to use their new, complete travel services at all times. Office hours are set to suit the convenience of their clients, from 9:30 a.m. to 9:30 p.m., Monday through Saturday and after church on Sundays by appointment. Urgent calls will be received any time, day or night. The number to call is 453-5560. Reservations are now being received on all tours, and Nita and Jim urge all their friends to contact them at once

Rebekahs Hold Covered Dish Supper

Eleanor Seaverns Rebekah Lodge No. 65 held its regular meeting at the Lions Hall on W. Bell st. on Nov. 20, with Noble Grand Lillian Seeger presiding.

The covered dish supper preceding the meeting was well attended. Ethel Harrison was appointed as Chairman of the Christmas Cheer Committee.

The 50th Anniversary Committee is formulating its plans for the celebration which will take place next February.

It was voted to donate a sum of money to the new Regalia Fund in memory of Sister Lula Fisher, Past Noble Grand.

The following officers were elected for next year: Noble Grand, Nancy Shay; Vice Grand, Florence Wells; Recording Secretary, Louise Clarke; Financial Secretary, Bessie Decker; Treasurer, Florence Richards. Trustee for 3 years, Edith Parcell; Representative to the Rebekah Assembly, Louise Clarke. Installation will take place in January.

The next meeting will be on Dec. 4, when all Past Noble Grands will be honored.

The covered dish supper preceding the meeting will be served at 6 p.m., a half hour earlier, so that everyone can get through in time to get down town to see the Christmas Parade.

CHAMPUS offers health benefits if medicaid is denied

Retirees and dependents of retired and deceased uniformed service members who are denied entitlement to hospital insurance benefits under Medicare at age 65 remain eligible for CHAMPUS. This is the Civilian Health and Medical program of the Uniformed Service.

In order to obtain benefits, however, beneficiaries in this situation must have an identification card showing their continuing eligibility. To obtain this card they must present a copy of the denial of entitlement to Part A benefits from Social Security Medicare to a card-issuing agency.

In addition, in order to hasten the processing of claims, a copy of the denial of entitlement should also accompany the first CHAMPUS claim submitted to the fiscal administrator after attaining age 65.

Santa visited

Claus paid his usual ea[illegible] visit to the Sears Southgate store Monday and Tuesday of last week, met a lot of little friends, gave out candy. And he always turns up there first. It will be a couple more weeks, though before Santa will be seen trudging along from store to store downtown and in Southgate.

HIGHLANDS COUNTY'S DIRECTOR OF Civil Defense, Jim Lawson, was elected second vice president of the Florida department, U.S. Civil Defense council, at a meeting held in St. Petersburg Nov. 13. From left are Lawson, Philip J. Thibedeau, jr., first vice president, and H. W. Johnson, president.

Our circuit court said in better shape than most

By Alberta Jones

Highlands county commissioners cast some skeptical glances at State Attorney Glen Darty when he assured the board, "This circuit is in better shape than most," in preparing for Florida's new court system.

The county board at its Nov. 21 meeting appropriated additional money for court expenses, but was unable to come up with any solution to the problem of courthouse office space.

The commissioners approved Darty's request for $5200 annual budget for a secretary and for general office expenses for a full-time state's attorney office in Highlands county.

Earlier the board had appropriated $12,000 for a full-time assistant to Darty. This assistant, who will spend full-time in Highlands county, will be in addition to Assistant State Attorney J. O. Macbeth who will continue to work part-time as felony prosecutor.

The new court system, approved by Florida voters last May, provides for the state's attorney to be responsible for prosecution of all cases--midsemeanors, felonies, juveniles and adults.

Darty told the board that in Highlands county more than 400 juvenile cases were filed last year and more than 3600 cases were filed in county court.

In making a request for office expenses Darty warned the board he may need to seek additional funds for "weekend" staff. Under the new court system, he explained, each person who is arrested must be brought before a judge within 24 hours of his arrest and informed of the charges against him.

Darty said a request for state financial aid for implementing the new court system may come up at the special session of the Legislature. If it does, he has prepared a request for $20,000 for Highlands county.

At the Nov. 21 commission meeting it appeared that office space is a bigger obstacle than money in getting the new court system ready for Jan. 1 operation.

The commission had planned to evict Florida Parole and Probation commission staff to make room for additional court staff--a visiting circuit judge, full-time state's attorney and public defender offices.

Resident Circuit Judge Clifton Kelly, after swearing in the new county commissioners, was requested to comment on the courthouse space problems. He pleaded for courthouse space for the Parole and Probation staff, explaining that the courts work very closely with these officers. "It is one thing to get a conviction and quite another to know what to do with the defendant," Judge Kelly said. "We can't and we shouldn't send everyone to prison."

Several times the board was told the Parole and Probation commission budget does not include funds for office rental. So the county withdrew a Dec. 15 eviction notice.

School Superintendent George F. Douglass appeared at the meeting to plead his case for retaining in one location all personnel directly under his supervision. School administration is now centered in a suite on the third floor of the courthouse.

Commissioner Norman "Jug" Heston pointed out that the third floor area is not sufficient for the schools needs and the school board should be planning for adequate space.

Commission Chairman Robert Skipper revealed that he has his eyes on the federal revenue sharing funds to finance construction of a second floor on the courthouse annex.

All these suggestions came against the same problem--more space by Jan. 1. At Heston's suggestion a committee was named to draft possible solutions to the problem. Heston will chair the committee with Charles Cullens, Wilkinson, Douglass and Henry Bailey, School board chairman, as members.

Judge Kelly counseled, "This courthouse is as clean and well kept as any courthouse in the state of Florida. It is a testimony to the fact that in the long run it is better to do things right. Some counties have been penny-wise and pound foolish."

Post Office says prepare for Holidays

Postmaster Ray Graddy and the staff at the Sebring Post Office have some ideas about how Christmas can be made merrier for all postal customers. Noted below are the ideas submitted by our local post office today:

while the crowds are still small. Buy all the extra stamps you'll need. Each year some late comers are disappointed when the stock of Christmas stamps are sold out. Because Christmas stamps are a special issue there is no way to get additional stock when we sell our allotment each year. Right now there are plenty for everyone.

Wrap your parcels neatly and well. A loose piece of wrapping may get caught and ripped. Pad your gifts securely so there is no rattling and there is sufficient support for other packages. The sack carrying your glass cup may have two or three bowling balls riding on top of it.

A card or piece of paper inside the parcel carrying your name and address and that of the person to whom the parcel is addressed will insure delivery in case the wrapping comes loose.

Remember - all greeting cards must carry First Class (8c) postage and all will be afforded first class treatment.

Always write or print addresses carefully and use ZIP code in both mailing and return addresses - and have a merrier Christmas by mailing early.

Rhoda Kost is speaker at Nov NARFE meeting

Anyone care to give Highlands county a Cultural Center? This was a question posed by Mrs. Henry Kost, speaker at the Nov. NARFE meeting.

A site near the Sebring library would be most acceptable since a library and an art gallery would be "compatible," according to Mrs. Rhoda Kost, wife of Dr. Henry E. Kost, president of the Highlands Art League. Stressing the community values of the now six year old Art League, Mrs. Kost expressed appreciation for citizen cooperation in the recent Art Festival and said that from 10 a.m. to 3:30 p.m. daily the League's gallery, just off the Circle, west on Center street, is open to visitors without charge.

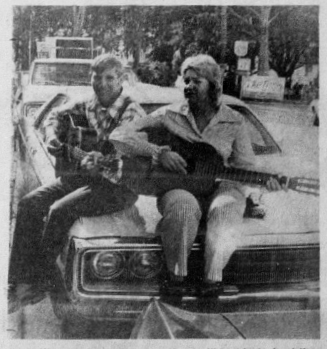

"A gallery visit is a must for all of you, and for visitors to our community," Mrs. Kost emphasized. "The locally created art there helps you see--as the Art Festival does--the talents that are being encouraged among young and old. At the gallery there is something for all to do. Classes are available to persons whether or not they have had previous experience in painting, drawing, crafts, architecture, or landscape design.

"As the Art League grows in serving the community, it looks forward to a new and larger home for the organization," she added. "So, if you know anyone who may be in a position to help the League in such a project, please get word to Art League members at the gallery."

Presiding at the NARFE meeting for the next-to-last time, chapter president Roy A. Marmon introduced Mrs. Kost and her husband. At the Dec. 18 meeting, Mr. Marmon will hand the gavel to a new president.

Nominations now on record are: for president, Edward J. Huebner; vice president, (still to be made); secretary, Mrs. Ruth S. Lyford; treasurer, Karl Luhring; chaplain, George Darby, (all three now serving in those offices); sergeant-at-arms, Fred Ruth (presently serving) and Henry Bronson.

The meeting set a chapter attendance record with 50 present.

CARLOS AND CHRISTY were the strolling minstrels at the recent Art Festival. They added to the carnival atmosphere, along with hundreds of balloons, dancing, parades and other activities. They are Christy Clark and Carlos Altman and can be seen and heard at many local events. - News photo by Caldwell.

Commissioners explore courthouse space need

In addition to planning, zoning and building revisions Highlands county commission is confronted with the thorny problem of courthouse building space needs.

A large part of last week's meeting time was spent on the problem with the result that the motion to evict the Florida Parole and Probation Commission officers was rescinded "temporarily," and a new building space committee was named.

"Jug" Heston will chair the new committee with Charles Cullens, county administrative assistant, Commissioner Ken Wilkinson, school superintendent George Douglass, and school board chairman Henry Bailey as members.

OTHER BUSINESS

In other business last week the commission unanimously adopted a motion to notify the state department of transportation that all bids for improvements at the Kenilworth-Highlands intersection (at Sebring High school) be rejected. The board had budgeted $14,000 from secondary road funds for installation of a traffic light at the intersection. Cullens told the board that DOT had planned a more elaborate safety program with street widenings included. Ewell, the apparent low bidder on the project, has bid $62,332.

--Requested Florida Power engineers to bring in new drawings with plans for installation of street lights at four intersections: State 17 A and US 27, State 70 and US 27, US 98 and US 27, State 621 and US 27. An earlier plan had called for a total of 96 lights, but the county has reduced the request to 53 lights.

--Tabled a request from Land Services, Inc., for closing a portion of Orange Blossom Blvd. Attorney Dunty questioned whether zoning and sanitary laws will permit erection of a subdivision security booth at that location.

--Approved on recommendation of the planning and zoning commission, re-zoning 32 acres of land south of State rd., 70 from camping use to mobile home park.

--Approved Sebring Jaycee's use of the county Agri-Civic center for a New Year's dance at a fee of $150.

Commissioners Urged To Adopt New Roofing Codes

Highlands county commissioners Tuesday were urged to adopt a new and more stringent roof construction code by three local roofing contractors.

The owners of Adams, Bowen and Spires roofing companies asked that a new code be adopted and enforced through the issurance of building permits and periodic inspections as is the present case with plumbing and electrical work.

"It is not our purpose to control who is in the roofing business here, only the quality of roofing construction," Brad Bowen, spokesman for the trio, told the board. "We'd like to get rid of the fly-by-night operators who take advantage of local citizens," he added.

Bowen said larger counties in the state - Dade, Broward, Palm Beach and others- already have roofing codes.

Commissioners Norman "Jug" Heston said he would oppose the county requiring roofers who work in Highlands county to pass the "Block" examination, which he said was an unfair test. "There are people who want to work in this county and this county along. Why make them take the Block exam?" Heston asked.

"We could offer them an option," suggested Commissioner C. J. "Buddy" Wise. "They could pass a local examination or the Block exam."

Questioned as to whether he had taken the Block test, Young said he had. Further questioning by Commissioner Heston disclosed that he had scored 69½ which is not a passing grade.

Commission Chairman Robert Skipper advised the three roofers that the board will soon be considering other changes in the county's building code and that their recommendations would be studied at that time.

Turning to another matter, Skipper appealed to area realtors to locate property which the county can purchase for land fill refuse dumps.

After advertising for bids for such a site recently, the county opened up only one bid--from Rozier Enterprises for a 103-acre tract north of Lake Sebring at $850 an acre, or $87,550. The county was ready to purchase the property, but the County Board of Adjustments refused to approve an exception to zoning there which would have allowed the property to be used as land fill.

Board of Adjustments member Bev Cavender told commissioners the Rozier property seemed destined for residential development and was situated between two lakes.

But our garbage problem is a very serious and immediate problem," County Attorney Robert Dunty pointed out. "No matter where you put a dump, somebody's going to object."

Dunty said the county should have two or three land fill sites. "One central dump won't work. People won't drive that far."

Commissioner Ken Wilkinson suggested that once a dump site had been completely filled, it could be used by the county as a recreation spot.

Dunty agreed, adding that this was being done elsewhere.

Del Preston Jones of DeSoto City suggested the county look into the possibility of using

Avon Park Police Department To Receive Film On Crime Prevention From Governor's Committee

The Avon Park Police department is due to receive from the Governors Committee on Crime Prevention, a color film with sound and slides featuring ways to prevent burglars from entering your home.

Police chief Ferland Cribb told the Avon Park SUN that the materials should arrive in early January and are very interesting and informative. Cribb stated that he had viewed several of these films and was amazed at how easily thiefs can enter a seemingly safe home.

The film is a 15 minute narrative in color, and the slides are 35 mm which Cribb will supply the narration.

Any club or organization who is interested in having these materials shown to your group, is invited to contact police chief Cribb at the police department to arrange a convenient time and date.

AMBULANCE CORPSMEN AND FRIENDS assisted Gene Thomas in getting into a stretcher as painful back injuries prevented his being moved in a normal manner, following an accident on the Bombing Range rd., Monday night. Thomas, driving a new motorcycle, was unseated as he tried to avoid hitting a pickup truck and horse trailer making a left turn into a pasture 4½ miles east of Avon Park. Occupants of the pickup truck James Thompson, Washington Boney and an unidentified four year old girl, were uninjured. Officer Frank Williams of the highway patrol investigated the accident and was assisted by a unit of the Avon Park Police department. - Miller photo.

King, Martin, Woodruff Elected To City Council

A low turnout at the polls Tuesday night caused the election of the three members to the City Council of Avon Park to be a close one.

As the polls closed at 7 p.m., supervisor of elections Jimmy Whitehouse began the count of the machines.

Clarence King ran away with the election as he polled a total of 549, of these 503 came from precinct one.

Durrah Martin came in second, tallying 483 total votes. He registered 443 in precinct one and 40 in two. He begins his fifth consecutive term on the council.

Third place was a toss up as the polls closed Tuesday with only one vote separating Bob Woodruff and J. R. Duggan. At closing time, Woodruff had received a total of 396 votes, 378 from the first precinct and 18 from two. Duggan had tallied a total of 395 votes, of these 363 came from precinct one and 32 from two.

At 8 a.m., a canvasing board was held at city hall to count the deciding eight absentee ballots. Woodruff won the election as he received four of the absentee for a total of 400. Duggan received three to come in a close fourth placing 398 popular votes.

This is the second election Duggan has lost in a close race. Once before he lost by only one vote, this year by two.

Jimmy Whitehouse stated that he believed this is only the third time in the history of Highlands county that the absentee vote was needed because of a one vote difference.

Coming in fifth was Jerry Traverse, who received a total of 367 popular votes, a close sixth was placed by James Strenth who received 368 votes.

James Strenth placed sixth in the voting with a total of 339 popular votes.

Bob Dick wound up the voting as he placed 256 on his side of the sheet.

Only 979 people voiced their choice in this year's election compared to 994 in 1971.

This year, a mere 34 per cent of the qualified electors of precinct one cared to vote, with only 15 per cent casting their choice in precinct two.

Combining the two precincts, 3167 people are qualified to vote, only 30 per cent felt it necessary to cast their choice.

Whitehouse missed his estimate of turnout by 421 votes as he estimated 1400 would show up at the polls.

This, once again, is a record low for Avon Park with the average usually running around 1000 votes per election.

4-Laning 27 Bids Will Be Let April 26

Contracts for four-laning the strip of Route 27 between the Highlands county line north of Avon Park to Lake Wales finally will be let.

Mayor Bob Barben of Avon Park received a letter from C. W. Monts de Oca, district engineer for the Department of Transportation, that his office hopes to let bids for the project Apr. 26.

The lone piece of single laning on Route 27 in this area has been a bottleneck for traffic for some years. It is on the main route to Disney World, Tampa, Orlando, Lakeland, other points north from this area.

9,000 Turn Out To See Annual Christmas Parade

Before the startled eyes of approximately 9,000 people, the Avon Park Christmas parade, sponsored by the Chamber of Commerce, thrilled everyone with its variety of glittering floats trimmed in flowers and tinsel.

Our very own Avon Park High School Grenadier Marching band, fully dressed in its british marching suits, led the parade down the mall.

Consisting of 63 units, comprised of floats and autos representing clubs, various organizations and businesses, this parade was the largest in the history of Avon Park.

Immediately behind the band, Miss Flame of 1973, Mary Weeks, rode atop a fire truck on her throne decorated in red and green.

The Mayor Robert J. Barben, took up the next slot riding in an auto with council president J. R. Duggan, then immediately behind them another auto brought the rest of the council, making up our city government.

The United Telephone Company's float presented a feature of Charlie Brown. All the familiar characters were represented, including Snoopy at the front of the float. The float was titled "Charlie Brown's Ice Follies".

The parade included many antique cars from Sebring, Wauchula, and Avon Park. Robert Sanborn, a member of the Highlands Antique Car club, an affiliate of the Antique Car club of America, supplied the entries. The oldest car featured was a 1922 model T Ford.

It definitely would be impossible to describe all of the fantastic and exciting entries which contributed to the tremendous success of this parade, however we will attempt to mention just a few.

Walker Memorial Hospital entered a float featuring its 25th anniversary. South Florida Junior College had two floats in the parade. The Chamber of Commerce entered a float which was designed and created by Clay Viles. Badcock Furniture's float had Ed Tomek atop a truck taking it easy in a reclining chair. Ridge Florist had a float trimmed in red and green with a gold background of tinsil.

Gibbs Gifts and Office Supplies entered an auto decked out in gold with red trim and a treasure chest atop filled with live poinsettias. The First Baptist Church entered a float which featured carolers with familiar tunes, and Disney World characters in the background.

Smokey the Bear also showed up to give the children a treat before the arrival of the jolly old fellow from the north pole.

I. H. Ford's float touched the hearts of many. A family was sitting around the Christmas tree as their soldier husband and father returned and was "Home for Christmas".

Jimmy's Flower Shop featured a float with a tree in lights and human rag dolls dancing and waving about. This float was followed by one from the Junior Woman's Club.

One of the most outstanding entries to the parade came from the U.S. Air Force bombing range. It featured a soldier atop a giant missle, properly named "Rudolph No. 1" pulling a sleigh full of children and toys.

The upcoming stars of tomorrow, the Avon Park Junior band marched to an ensomble of Christmas tunes, as they showed up in their second parade.

Two out-of-town entries were also on hand. The New Prospect School of Sebring entered a float and the Sonya Arnolds Twirlettes of Frost-proof, were also on hand to give enjoyment to the evening.

Bringing up the tail end of the parade was dear old Santa Claus. As ever, he was perched on top of a fire engine which was blarring its sirens as it came down the mall. The children shouted their various Christmas requests to the old soul as he went past waving to all.

Of course, it is an injustice not to mention all of the 63 entries, but to be honest, this reporter was too caught up in the excitement to capture it all!

We all must thank every one of the clubs, organizations, and businesses for contributing to this parade for the enjoyment of all the citizens of Avon Park.

We also must thank and congratulate the Chamber of Commerce for all the many hours of hard work and planning they have devoted to make this the largest and best parade in the history of our town.

The Chamber began planning for this extravaganza last August by creating the Christmas parade committee headed by Steve Roberts. He was aided by J. T. Gibbs and Stanley Wells.

After a parade like that one, all that is left for us to say is "Merry Christmas"!

We Get Letters

Editor Sun:

The new Board of County Commissioners took office today. These men have inherited many problems from the old Board that cry out for very prompt attention.

Among these are the approval, revision or rejection of the Long Range Planning Program for the county which, if not eventually adopted will put this county under the State Plan, over which the county will not have any control for either the application or revision. The next session of the Legislature will probably set up a Regional Planning Program which will coordinate the plans of several counties and in which Highlands county will have to participate.

Another problem with which they will have to deal with very promptly is the revision and updating of our County-Wide Zoning Ordinance. Our experience of the first two years indicates that much revision and updating is needed.

A third problem is the correction of the gross injustices in the application of the rules of the Building Department. At present many competent men are prohibited from working at their trade as contractors. This is creating an artificial scarcity of subcontractors in our construction industry.

A fourth problem is the need to adopt more realistic requirements for the developers of subdivisions. Much work has been done on this by highly qualified people, and as of today there is substantial agreement on this matter between the County Engineer, the developers and the hold-over members of the Board. However, the new Board must hold a Public Hearing and adopt the new Code.

A fifth problem is the allocation of office and court room space in the courthouse to provide the courts and their personnel the facilities required by athe revision of our courts under the new Article V of the Florida Constitution. This must be done before January 1, 1973, and MAY require that the School Board find new facilities to house the Administrative Section of the School Board within the city limits of Sebring.

This new Board of County Commissioners are all conscientious and intelligent men but they must have the wholehearted support of all the citizens of Highlands county, to insure that they make decisions for the greatest benefit of the whole county and its citizens now and in the future.

The county is growing very rapidly in numbers and needs and this growth must be guided in a proper way to avoid many of the problems that have occurred in other parts of the state, due to the lack of foresight in planning for this explosive growth.

I respectfully suggest that you bring these matters to the attention of your readers and suggest to them that they make themselves knowledgeable in these matters and offer their constructive suggestions and support to the commissioners in the making of these very important decisions in the very near future.

Respectfully,
Del Preston Jones

Letter To The Editor:

To Whom It May Concern:

I am writing in regard to an article in your paper. I would like to know if the law enforcement in Avon Park intends doing anything about the disgrace, the act of Nov. 20 has brought upon this town and its people.

I agree with Sgt. Ferguson's brother. If we can't bury our loved ones in our hometown and not have to worry about about some sick person or persons going around tearing up the only things we have left of them, besides sweet memories, then this world isn't worth losing our loved ones over.

People are saying we should always remember those who have died for us and our country, but isn't that a rather harsh way of reminding people of this.

I have nothing more to say except, personally I think that whoever did this repulsive thing, definately needs help, in more ways than one.

I hope that you, citizens of Avon Park, think this is serious enough to do something about it. I, personally, intend doing whatever I can.

Also the family of Sgt. Ferguson does not have to feel alone, all of Lowell's friends, I'm sure, want whoever has done this to be found and punished along with being helped.

Thank You, Concerned

To All my friends in Avon Park and its environs:

"Bob" Woodruff wants to give a great big thank you for the fine vote in the City Election. You have permitted me to overcome some fine gentlemen in this race. Planning Council Hold Second Meeting

The Planning Council for the City of Avon Park held its second meeting at city hall on November 21.

Two of the appointed members were absent, however a quorem was present.

Three maps were shown to the board, a base map, a land use map, and a growth map.

The members of the board made various pertinent corrections to the street base map. This map outlines the city and shows all the streets, however only the most traveled ones are named. Some of the busy ones were omitted, so the members made a point of having them added.

It was noted to the planning board members by City Clerk Malcolm Crews, that he had contacted the government agency which handles the applications for financial aid in sewer and water improvements. Crews was hoping that since the planning board was active now, the agency might allow the city's application to go on through. However this is not the case, the agency stated that the entire planning study must be completed and passed by the city council before any further actions may be taken on the city's bid for aid in sewer and water improvements.

It was noted at the meeting that the east side of town is basically open for expansion because land is now available in this area. It was also noted that all city services are capable of being placed out in that area. Spotted growth is reported in the south, north, and west.

The council decided to try and speed up its work to aid in getting the much needed improvements in the water works of our city, therefore they set their next meeting for January 9, 1973. It was noted that they will try and speed up, but will not make any hasty decisions.

Lighting Contest Off To Good Start

The Outside Christmas Lighting Contest for Avon Park homes sponsored by the Associates Division of the Avon Park Board of Realtors got off to a good start this week with several names and addresses being submitted to Box 430. While this year it seemed best to confine the contest to the city limits, plus Highlands Lake and Pinecrest areas, it is hoped that it can be extended in future years as experience is gained this year.

Worthwhile prizes that total $60 will go to the seven best decorated and lighted home exteriors, according to the secret judging provided by the A.P.C. of C. All displays should be ready for viewing by the general public and the judges by the evening of Dec. 16. The early date is necessary so that the Avon Park Sun may carry the names of the winners and possibly some pictures in the Dec. 21 issue, just before Christmas.

First prize will be $20 second and third prizes $10 and four honorable mention prizes of $5 each. To be eligible for judging, names and addresses must be mailed to Realtors, Box 430, Avon Park on or before Dec. 15.

SFJC Drama Club To Present Plays

The drama department of South Florida Junior College, with special permission from Performance Publishing Co., will be presenting two one-act-plays on Saturday, Dec. 9, at 8 p.m. in Lecture Hall 101 on the SFJC campus.

The two plays being presented are THE PUPPET-MASTER by Dennis Noble and WILL YOU JOIN-ME FOR DINNER by Ira Nottonson. The members of the cast for the two plays are SFJC students, J. Burton Reynolds, Avon Park; Gail Davis, Wauchula; Carol Harward, Bowling Green; and David Foster, Frostproof. The music department will also join the acting students in the evenings performance.

The public is invited to attend this first theatrical presentation free of charge on Saturday, Dec. 9, at 8 p.m.

Seven Year Old Dies From Poisoning

A seven year old Brighton girl died Tuesday night in Highlands General Hospital of what Dr. H. T. Price told the Sheriff's office was parathion poisoning.

Kimberly Lynn Crum, daughter of Mr. and Mrs. Jesse Lee Crum, was brought to the hospital about 9 p.m. The sheriff's office was told she had been playing with two other children and that there was a half cup of parathion in the home, which it is believedshe got into. The other children were not poisoned.

School Board Will Remain On 3rd Floor

Highlands county's school board will remain on third floor, court house, for at least six months to a year, a meeting between school, judicial and County Commission officials disclosed Monday.

One of the most talked-of alternates, the E. O. Douglas school, was ruled out, although it once was considered for a county-wide complex. However, state law requires the county superintendent of public instruction to have his office located within the city limits of the county seat, which is Sebring.

Under the mandated kindergarten program starting in the fall next year, the E. O. Douglas buildings would be used for a kindergarten day care center, school superintendent George Douglas informed the group.

To help ease the current housing crisis of the parole and probation office, the school board agreed to lend a portable which would be placed on the lot near the annex recently purchased by the county commission.

Post Office Will Be Open Saturday

Postmaster Bob Young, announced today that special Christmas hours will be put into effect this week with the service windows being opened Saturday, Dec. 9, and Saturday, Dec. 16, from 8:30 a.m. until 5 p.m.

This week is the week that all parcels going to distant states should be mailed, and all air mail parcels for foreign countries and for service personnel overseas should be mailed no later than Saturday.

Letters, and cards to distant states should be mailed no later than Dec. 15 as well as parcels and cards for nearby areas.

Postmaster Young is requesting the help of postal customers by requesting that greeting cards be separated into local, air mail, and out-of-town bundles. The bundles should be tied with string or banded with a rubber band. All city and rural carriers have a supply of labels and they are also available in the post office lobby.

The Postmaster is also urging that customers bring all mail possible into the post office early in the day in order that it can be processed by postal employees and be sent on the earliest possible transportation. Mail that is in the post office by 1:15 p.m. will be dispatched at 1:30 p.m., and mail that is in the post office by 3:45 p.m. will be dispatched at 4:15 p.m.

County Commissioners

some of the abandoned clay pits around the area. "The cost would be practically nothing," he said. One such pit, an 18-acre tract near DeSoto City, owned by Coca Cola, was proposed by Jones.

"I suggest we appoint a committee to determine exactly what we want and how we can best obtain it," Wilkinson said.

Skipper asked Administrative Assistant Charles Cullens to give commissioners copies of a previous study on dumps which the county has on file, and said he would place Wilkinson's proposal on the agenda next week.

The board, with Heston voting no, approved a motion against abandonment of a public park in Sunset shores subdivision on the northeast side of Lake Istokpoga.

Heston pointed out that the only access to the park is by boat and the area is unusable at present because it has never been cleared, but Wilkinson said he would oppose the county's abandonment of any lake front property. Other commissioners agreed.

The board discussed problems in getting traffic signals at the intersections of Kenilworth blvd. and Highlands ave., near Sebring High School, and at U.S. 27 and Interlake blvd. at Lake Placid.

Last March the board budgeted $14,000 for the high school signal, then got notice late last month that the State Department of Transportation (DOT) had awarded a bid of $64,000 on the project.

At a special meeting Monday afternoon, a DOT salesman said it would also be necessary to construct left turn and traffic storage lanes at the intersection, thus ballooning the cost.

Commissioners explained the $64,000 had not been provided for in the county budget, and asked DOT to cancel the contract.

Cullens expects to hear this Friday if cancellation is possible, and if not what DOT recommends. This will be reported to the board next Tuesday.

The DOT spokesman also stated Monday that the board should change its resolution authorizing the signal at U.S. 27 and Interlake blvd. so that 60 percent of the $13-14,000 signal could be paid for by the state.

The board approved such a change Tuesday, but it was noted that if the county is forced to go ahead with the $64,000 for the high school signal, then no funds will be available to finance the Lake Placid signal until April.

Commissioner Wise asked favorable consideration on a request to build a three-quarter-mile-long road to the Prillwitz grove south of Lake Placid, but the matter was tabled.

Heston pointed out that many other groves have the same access problem as Prillwitz and, even though the request was for marl, not paving, he felt other road needs in the county were more pressing and had priority.

Wise said this was possibly true, but that the board had told Prillwitz a year ago that if he obtained deeds to the right-of-way the road would be built, and that he had done as requested.

"He was told it might not be done for several years," Heston replied.

Cullens reminded that it had always been the board's policy to require evidence of clear title before a road request would be considered, and that Prillwitz had thus been treated no differently from others.

Roger Miller, president of the Sebring-Lake Placid Board of Realtors, read a letter from that organization asking commissioners to immediately remove Jack Fanciulli of Lake Placid from the County Planning Board. No further explanation or charge was made.

Heston said he felt the Board of Realtors was out of order in making a request in that manner. If he is removed because of their complaint then some other group can lodge a complaint about someone else, annd there would be no end to it, Heston said.

The board agreed that both sides would be heard before any action would be taken.

In other action, the board:

--Approved the hiring of former Deputy Sheriff J. C. Murdock as warehouse supervisor for the Road and Bridge Department at a starting salary of between $112 and $138 per week;

--Authorized Supervisor of Elections Jimmy Whitehouse to hire another permanent full-time deputy supervisor to operate one office now that he is required to operate two offices, the salary of $2.25 per hour to be paid from the contingency fund, and it being understood that the new employee will do other work during slack periods;

--Agreed to erect "No Dumping" signs in the Avon Park Lakes subdivision where tisposoal of refuse, particularly at the intersection of Olivia and Striker roads, has beacome a serious problem;

--Approved a new policy whereby Cullens and County Engineer Gordon Hays will screen applicants for jobs and make recommendations to the board for employment;

--Gave Hays authority to determine which county personnel should possess keys to the county barns;

--Instructed County Clerk Earl Rich to turn down an offer of $14,000 for a five-year-old county bulldozer costing $39,000 when new;

--Asked County Planning Board Chairman Mary Ellen Ward to furnish an attendance record of the planning board at the request of Wilkinson since attendance of members at that organization's meetings had reportedly been poor;

--Approved the purchase of two additional radios for the County Civil Defense from the contingency fund;

--Set the Open House at the new Agri-Civic center for Dec. 17, from 2 to 4 p.m.;

--Approved a request from County Judge-elect Mark Richardson for a $100 judge's robe, with Commissioner Heston voting no. The present judge's robe is county property, the board was informed, but is too small to fit Richardson.

--Heard a report from Cullens that the Central and South Florida Flood Control District believes the low level of Lake Jackson is due to lack of rainfall;

--Approved a request from Civil Defense Director Jim Lawson that he be allowed to attend a Law Enforcement School Jan. 8-12 South Florida Junior Collelge, the expenses for which are in his department's budget;

--Approved optional attendance by the administrative assistant, county engineer and commissioners at the State Association of County Commissioners meeting Jan. 15-16.

Sportsmen Prepare For Holidays

With the hunting season in full swing and many sportsmen preparing for a heavy holiday hunting schedule, the Game and Fresh Water Fish Commission made a special appeal for sportsmen to take a moment for themselves and for their hunting companions.

According to the Commission, each sportsman that goes to the field is responsible for his own safety, the safety of his companions, and the safety of others.

Captain James Carter, coordinator of the Commission's hunter and firearms safety training program, indicated that a number of hunting accidents can be traced back to a shooter's society, and reported that overanxious hunting practices can result in a seriously injured fellow sportsman, or at best, a damaged friendship.

"Sportsmen, whether novice or old timer, should take extra care while in the field. Especially in those times when many hunters are prone to let their normal precautions slide," Carter said.

"For example," Carter continued, "in crossing rough country, some hunters are more concerned over not getting wet than in where they point their guns. Or, in the moments before a shot at game, is it a deer or a fellow hunter? Before shooting, always determine who, or what, may be in the line of fire."

necessary for the accomplishment of the missions assigned to each command. He displayed an exceptionally high degree of initiative, technical competence and perserverance in determining, acting upon and overcoming the myriad of technical and operational problems encountered by the stations in their operation. In March, 1971, while on duty at Loran Station, Marcus Island, and again in September, 1971, at Loran Station, Iwo Jimo, CWO Bachtell directly contributed to averting extended periods of Loran signal off-air time through correction of unusual equipment malfunctions. CWO Bachtell's professionalism, outstanding technical knowledge and devotion to duty are most heartily commended and are in keeping with the highest traditions of the United States Coast Guard.

Civil Liberties and Justice

In conducting searches of airline passengers to discover potential skyjackers, officers have detected some other violations of law. In the last 22 months, almost 6,000 persons have been taken into custody at American airports — over 80 per cent of them for crimes not related to skyjacking.

A third of those arrested were charged with possession of illegal drugs. Another third were apprehended for entering the country illegally.

Those of us who believe that laws should be obeyed and law-breakers should be caught will applaud the alert officers who made these arrests.

But that's not the way the American Civil Liberties Union looks at it.

Melvin L. Wulff, national legal director of the ACLU, says that, if these searches uncover evidence of crimes unrelated to skyjacking, the evidence should not be admissible in court because the government agents were not conducting the search on the basis of having reasonable cause to believe that other crimes were being committed.

This is the same Melvin L. Wulff who said last year, in testifying before a subcommittee of the U. S. Senate, that the constitutional guarantee of freedom of speech means that anyone must be permitted to advocate anything — whether it be murder or the overthrow of the government.

"I agree," he said, "that no one has the constitutionally protected right to overthrow the government, but we must make the distinction between overt action and teaching and advocacy."

So the American Civil Liberties Union may be expected to defend criminals attempting to escape the consequences of their misdeeds if they are picked up incidentally as a result of the checking of airline passengers to prevent skyjacking.

The ACLU may also be expected to defend the right of anyone to advocate any illegal act, including the overthrow of the government — so long as he restricts himself to encouraging others to commit the crimes and does not physically take part in the criminal acts that he advocates.

Justice?

The ACLU attitude toward the administration of justice is further indicated by this:

A few years ago, Prof. Monroe Freedman of George Washington University, head of Washington's Civil Liberties Union, asked a class of law students these questions:

"Is it proper to put on the stand a witness who you know will commit perjury?"

"Is it proper to give your client legal advice when you have reason to believe that the knowledge will tempt him to commit perjury?"

Freedman said that the correct answer to the questions would be yes.

The Bible says, "Thou shalt not bear false witness." It also says, "Ye shall do no unrighteousness in judgment."

But do not expect the ACLU to heed the admonitions of the Bible. It was the ACLU, you remember, that filed suit in California, some time ago, to have the words "under God" taken out of the Pledge of Allegiance.

Both Devil Teams Open Season With Wins

Both Avon Park basketball teams statred off the season with wins last week as the varsity outscored Auburndale 76 - 54 and the Devil jayvee squad outclassed the Bloodhound "B" team by a score of 71 - 44. The Devils opend the 1972-73 cage season at the new high school gum on Tuesday, Nov. 28.

Last Tuesday, Dec. 5, the two Avon Park teams traveled to Arcadia to take on the Bulldogs of DeSoto High. The Bulldog varsity held a pre-season rank of number two in the Class AA-A press poll. The Devils will be at home next Tuesday night, Dec. 12, hosting the Hardee Wildcats from Wauchula. The "B" squad games get underway at 6:30 p.m. followed by the varsity tilts at 8 p.m.

Harry Smith was the big gun for the Avon Park five against Auburndale as he sank 21 points and helped control the backboards from his center position. Smith hit eight field goals and made five of 12 free shots to pace the Devil scoring. Nathaniel Packer and Phil Harris each contributed 14 points and Leroy Hicks scored eight points for the Devils.

The game started off slow as both teams seemed unable to do anything right. At the end of the first quarter Avon Park led 8 - 6 after many turn-overs and missed shots. Then in the second period, the Devils seemed to settle down and they managed to make 27 points while holding the Bloodhounds to 14 counters to set a halftime score of 35 - 20. In the third quarter, Avon Park barely held its own scoring, 17 points to Auburndale's 15 points.

Then in the fourth quarter, Coach Fred Sandlin substituted freely and junior guard Danny Lewis came on to score six points. William Ayers went in late in the first quarter and made five of six free shots, and Mearl Robinson scored four points in the final period. Also scoring for Avon Park, Bud Wester with two and Arnold Davis with two points. Other members of the team seeing action but not scoring were Tony Williams, Leon McRae and Leonard Green.

The Red Devils hit a little over 50 percent of their free shots making 20 of 37 for the evening. But in spite of the high score, the Red Devils did not really play well. They missed shots they should have made and threw the ball away repeatedly. Coach Sandlin said after the game that the team just didn't play smoothly but he hoped it was just the first game jitters.

Five Auburndale players fouled out before the game was over as the Bloodhounds drew 31 fouls. Avon Park committed 24 fouls but no one fouled out of the game.

In the preliminary game, the Avon Park "B" squad also started slow but came on strong late in the game to take the 71 - 44 win. Lawrence (Poncho) McRae pumped in 29 points to lead the Devil scoring with help from Ricky Claitt who scored 18, Curtis Foster with 10, and Mickey Claitt with eight points. Mickey Claitt played a fine defensive game. All of the Avon Park jayvee team saw action against the Auburndale squad.

Don't forget. The Red Devils play here at home next Tuesday night with "B" squad action starting at 6:30 p.m., followed by the varsity game.

"What Courtesy Means To Me"

Fourth graders at the Avon Elementary School are involved in many varied and interesting activities. These activities have led to the outgrowth of positive attitudes and creative thinking among the students.

The homeroom classes of Mrs. Gwen Hill and Mrs. Olivia Hood viewed a film, "What Courtesy Is", and decided that it would be interesting to find out how much each student felt about courtesy. These students then chose to write in their own words, "What Courtesy Means To Me". Below are the papers that the students and teachers selected as the most outstanding. They were written by Darlene Dick and Charlton Weathers.

"What Courtesy Means To Me" by Darlene Dick: Courtesy is like a smile we wear upon our face. We use it everyday. It makes the day a little brighter when we know others go out of their way to practice the golden rule of being courteous. Being courteous can be shown in many ways. People notice our courtesy by the smile on our face, the gleam in our eyes and the friendly tone in our voice. Courtesy is an instant replay we do every day and one in which I don't think any of us would mind seeing a rerun. Courtesy is being kind to the old and young. Courtesy makes the world go round....."

"What Courtesy Means To Me" by Charlton Weathers: "Courtesy is not interrupting people who are talking. Wait until they get through then talk. Never hurry through something when you are introducing somebody or when you are being introduced. When you are introducing boys to older people you introduce the older person first, then introduce the boy. When a boy is introduced to a man, they shake hands. A girl may bow or have a pleasant smile. Your friends are important because without them, you wouldn't have anyone to play with or talk your troubles with. You should never say something your friend doesn't like or tease him. When you are talking to him, don't leave him and talk with others. You shouldn't let people tell you when you're being good or not. You should show people that you have good manners. You should always speak kind words to people. Always raise your hand when you wish to speak to your teacher. When you see two people side by side, don't run through them, say excuse me. When you are in the cafeteria and you are just getting in a seat a girl comes and wants to sit in that seat, let her. Don't ever talk back to your mother. If you are at the store and somebody falls, help them get up. Always be courteous, wherever you are."

Winn Dixie Team Leads Junior League

In junior league basketball action last week Winn-Dixie moved to the top of the standings with a win over Mort Jackson's Masonry at the Middle School gym last Thursday. Winn-Dixie is now 4 - 0 for the season. Jackson's dropped to a 3 - 1 mark after the loss in the close game.

Franklin's Inn won over Starling's Grocery in the second game last Thursday night to set a 2 - 2 record and Palmer's also moved to a 2 - 2 record with a win over Maryland Fried Chicken in the last game of the evening.

Starling's is now 1 - 3 for the season and Maryland Fried Chicken, though improving, is still without a win 0 - 4.

Tonight, Dec. 7, at the Middle School gym, Franklin's Inn will go against Maryland Fried Chicken in the first game at 6:15 p.m. Then at 7:15, Palmer will meet Jackson's Masonry and at 8:15, Winn-Dixie will play the Starling team.

Next Monday night, Dec. 11, action will continue at the Middle School gym with Winn-Dixie taking on Maryland Fried Chicken in the early game, Palmer playing Franklin's Inn in the second game, and Mort Jackson's Masonry meeting Starling's Grocery in the 8:15 p.m. game. WE STARTED LOOKING AT MICHAEL AS A MAN 2 YEARS BEFORE HE WAS BORN.

It was back in 1966.

That's when we started planning our new nuclear plant up at Crystal River.

We knew Michael was coming. And more like him. More Michaels and Gregorys and Susans than Florida's ever seen.

In fact we're growing so fast in this part of the world that by 1980...we'll be needing twice the electric power we need today.

That's why Crystal River, and other plants to follow, are so important.

And why we just can't afford the delays and red tape, the unduly long time required for approvals, that we've experienced in the development of Crystal River.

Because when Michael, the boy, becomes Mike, the man, his family and thousands of others will be needing us.

Mrs. William Lowry McDaniel

Debbie Stout-Bill McDaniel Wed In Ithaca, N. Y. Church

The Rev. Jack Thomas performed the double-ring ceremony at 2 p.m. Organist was William Neil and vocalist, Robert Shelton, who rendered a program of nuptial music which included "The Lord's Prayer" as the bridal couple knelt at a white prayer bench.

Two standing baskets of white and pink mums and babies breath were on each side of the chancel, flanked by candelabras with white burning tapers. Nosegays of stephanotis and white ribbon marked the family pews.

Bride Wears Organza and Lace

Given in marriage by her father, the bride was lovely in an overall shifley embroidered organza gown with lace trim accenting the bodice, the long sleeves and high neckline. Her chapel length mantilla of silk illusion was bordered with imported rosepoint lace. She carried a cascade bouquet of white roses centered with a white orchid.

Maid of honor was Marcia Leigh Stout, of Ithaca, sister of the bride. Her gown featured a bodice and bishop sleeves of hot pink polyester. The A-line skirt was a hot p ink and purple combination plaid of taffeta. She carried a nosegay of purple flowers with a touch of pink. She wore fresh flowers in her hair.

Bridesmaids were Denise Stout, sister of the bride from Ithaca, and Ann McDaniel, sister of the bridegroom from Avon Park. They were attired identical to the maid of honor and also carried flowers in shades of purple of pink.

For her son's wedding, Mrs. McDaniel chose an apricot ensemble, with matching accessories and a white orchid accented with apricot trim.

Mr. and Mrs. Stout entertained at a reception in the church parlor, immediately following the wedding ceremony.

Candelabras interwoven with flowers in the bride's colors of white and pink were at focal points in the reception parlor.

The four-tier wedding cake adorned with pink rosebuds was surrounded with fresh flowers and topped with two large wedding bells and interwoven wedding bands. Pink punch, dainty sandwiches, and hot and cold horsd'oeuvres were served with the cake.

"Tis truly the holiday season--and if you didn't already have the Christmas spirit, seeing the fantastic Christmas parade on Monday night, would have given it to you. Each year the parade gets longer and better. There was everything from a tiny Hood's Dairy truck, to the large First Baptist Church float, depicting Disney characters and live characters with pretty voices voices singing "It's A Small World". The streets were lined with people from the start of the parade to the finish, and one man was taping the parade to send North to his grandson. Of course, the "mile long" parade was topped off by the fabulous sounds from the famous Avon Park High School Grenadier band and junior band.

Dinner At Disney World Was Theme Of Party For Couple

"Dinner At Disney World" was the theme, and Avon Park's own Florida Power Lounge was the scene, of a couples party to honor bride-elect, Miss Barbara Miller and her fiance, Joe Rice, Sebring.

Upon arrival, the guests signed the musical bride's book under the watchful eyes of Mickey Mouse and Donald Duck. Then they passed by Cinderella's Castle with Cinderella standing on the balcony waving to Prince Charming. From there they passed Mickey and Minnie's (Joe and Barbara's) seats of honor, which consisted of two cakes of cheese in front of a mouse hole; then on to a large mountain with the seven dwarfs and Snow White coming down. The guests were seated at banquet tables decorated with centerpieces of the various Disney characters, including the County Bear Band, Pluto, Goofy, Donald Duck and Mickey Mouse. The guests were served a buffet dinner of Pluto Burgers (sloppy joes), Hare's Delight (cole slaw), Dumbo's Doodles (potato chips), Mickey's Mixture (deviled eggs, stuffed celery and relish dishes), Sleepy's Slurp (coke), and topped off by Porky's Pudding (homemade ice cream) and the Fantasyland Special (Mickey and Minnie Mouse Cakes.).

After dinner, Barbara, Joe and their guests were entertained by a quartet straight from Disney World (almost). The entertainers, Dumbo (Freda Long), Pluto (Kenny Long), Donald Duck (Gail Metheny), and Porky Pig (Jakee Allen) "sang" about what they thought married life for Barbara and Joe might be like; then helped Barbara and Joe into their Minnie and Mickey Mouse costumes and seated them on their special cheese seats as they opened their many lovely and useful gifts for their kitchen. The gifts included the hostess' gifts of an electric crock-pot and a garbage can. The hostesses, for the fun-filled evening, were Mrs. Nancy Weber, Miss Gail Metheny and Mrs. Freda Long.

She had flown to Dallas three and one half weeks before, and was met at the airport by her son and daughter-in-law. They drove her 160 miles to Killeen where they have lived for the past two years.

They had many very interesting trips, one seeing the large post of Ft. Hoods, which covers hundreds of acres, seeing the Saber Club, Elvis Presley had built for the N.C.O.'s while he was stationed there. They also saw his large home of white brick, he lived in while stationed there.

They also visited Waco, a large old city on the Brazos River; also Baylor University and Stadium in Austin. They saw the state capitol building made of pink granite; the beautiful library and museum donated to the University of Texas by LBJ; also, the stadium where the Texas Longhorns play. They enjoyed San Antonio, the large 'ole city on the San Antonio River, also the historical Alamo and museum were very interesting.

They had one nice week end at Laredo, Tex., and Laredo, Mexico. They saw the well known Rio Grande, and enjoyed the street shopping and all the beautiful pottery, leather goods and other things.

On their trip from Killeen to Georgia, they enjoyed the scenic highway. The oil wells and pecan trees near Longview, Tex., and Louisiana; and cattle ranges, cotton in Mississippi and the famous Mississippi River. Also cotton, pecan trees and peach orchids in Alabama and Georgia. They visited in Douglas, Ga., with Mary's parents, Alvin and Dolly Murray and grandparents for three days.

Mrs. Raczkowski (Ruth) said she saw one long horn cow, over the hundreds of miles she traveled in the state, (Texas) which is supposed to be noted for the long horn, and that one, was in a zoo! She also said it was pretty country, with lots of hills, but she's glad to be in Florida again.

World Of Charles Wesley To Be Presented

"The World of Charles Wesley" will be presented on Sunday, Dec. 10, at First United Methodist Church during the 10:55 a.m. worship service.

It isn't a movie. It isn't a play. It is a one man presentation...Charles Wesley, author of hymns sung by all Christians, co-founder of the Methodist Church, with flowing black robe, grey wig, and buckled shoes. Patterned after Hal Holbrook's monologue of Mark Twain, Charles Wesley strides from the back with a hearty, "Good evening or good morning, I always wondered who might turn out for an old preacher almost 300 years of age."

"The World of Charles Wesley" relates the sometime shocking, oft times amusing and always gripping saga of 18th century England.

England was on the brink of revolution. Charles and his brother, John, rode over 25,000 miles on horseback each year, preaching as many as 12 sermons a day, and eventually fathering the organization of the Methodist Church. It is said that this Evangelistic crusade saved England from the revolutionary fate of France. He is of another time, but what he has to say easily applies to now.

Charles Wesley, realistically portrayed by the Rev. Mr. V. Neil Wyrick, reveals a man of extreme vitality and talent—a writer, musician, preacher, and a gentleman of fantastic stamina.

V. Neil Wyrick, BA, BD, was written up in "Time" magazine in 1962 for his creative talents, has extensive radio and television experience as moderator, newscaster and creating "The World of Charles Wesley".

He has written the nationally syndicated "A Boy Called Dysmas", produced, written and directed over one dozen Orange Bowl extravaganzas, both secular and sacred, received the 1962 J. C.'s Outstanding Citizen's Award and is listed in "Who's Who In The South", "Contemporary Authors and Historical Records Association", and the 1967 edition of "Outstanding Personalities of the South".

Rev. V. Neil Wyrick

He was director of drama for the Miami Council of Churches and is president-founder of pageantry productions.

"How We Grow Them"

by Jim Kiser, inmate

Normal rainfall in Florida should be more than adequate for supplying necessary water for gardens, but it is not equally distributed. To bring balance, we must employ hoses, sprinklers, and automatic watering systems. The soil must be conditioned to receive and drain water. The method you select to perform this chore can be as sophisticated as you wish, but also very costly. I will always be one that finds pleasure from hand watering, yet even I cannot stand in one spot for an hour holding a hose. There are times that sprinklers are common sense.

Underground watering systems are the easiest way to keep your garden properly supplied with water. If you do not own your home, or this seems too costly, then having enough faucets to accomodate complete coverage with 50 foot hose lengths is second best. There are variety of sprinklers to reach every area and spray most any planting pattern. A soaker that screws onto the end of your hose and disperses water without digging holes is fine for roses or plants that might be damaged from excess water on their foliage.

There will always be many pros and cons about when to water your garden, but most everyone agrees not to let them stand dry for days on end. I do try watering early enough that water will not be left standing on the foliage overnight. I prefer watering early in the morning, but again this is my opinion, formed through observation.

Overwatering can be just as deadly to plants as underwatering. Plants that stand constantly wet usually rot and their appearance is quite similiar to plants that have been underwatered. Of course this does not include plants that thrive in swamps and ponds.

To reduce water evaporation, mulching will be a great help. Mulch of tree leaves, peat humus, or leaf mold can be very effective toward retaining moisture. These will become a source of humus as they decompose. Plants with surface roots especially desire this covering. Azalea, Ixora, Gardenia and Camellia are a few. The mulch should be several inches thick to be at its best. Mulch can also protect roots from damage during extremely cold weather, even if we do not like to think of the cold weather, it has come in the past.

When purchasing hoses and sprinklers I am inclined to go for quality. It seems expensive at the time, but durability will more than pay over frequent replacements. I'm a little rough on tools and they have to be built to last my heavy hand.

Eddie Hill To Attend Sports Clinic

Eddie Hill, son of Mr. and Mrs. Dolan Hill will attend the Holiday Baseball Clinic in Punta Gorda, the week of Dec. 27 until Jan. 2. This will be Eddie's third year attending.

The clinic, "One Week of Baseball" for boys 8-18, is the only one of it's kind, stated Pete Whisenant, Director.

Some of the best teachers in the game will be there, including; Clay Carroll, Cincinati Reds, acclaimed one of the best Relief Pitchers in the game today Tommy Helms, the best fielding second baseman in both leagues, (Tommy's third visit); and Eddie Mathews, one of the all time great home run hitters in the history of the game. He is presently a coach with the Atlanta Braves. Also Avon Park's own Hal McRae.

Thepurpose of the Clinic, is to help develop the boys with major leaque potential and help the younger boys get off to the right start in their baseball careers. They will be taught batting, fielding, pitching, playing the outfield and in field, catching, base running, physical conditioning and actual games. Eddie's main position in baseball is catching. He has been personally instructed by Johnny Bench.

The Holiday Baseball Clinic will be held at Charlotte High School in Punta Gorda, where the temperature is 70 or better during that week. The boys will be housed and fed at the new Ramada Inn.

It's very simple to enroll in the Clinic, or inquire to Box 446, Punta Gorda, Fla. The total cost for everything is $150. A deposit of $50 should be sent with registration. Would be a great Christmas present for a deserving boy--and if it's about baseball, Pete Whisenant says, "you'll learn it during this week."

Anytime You'd Rather Talk Than Travel, UNITED Operators Can Get You to London, Louisville, or LaBelle . . . *at the Speed of Light!*

There's a staff of 400 operators working for you . . . night and day . . . at United Telephone's three long distance centers. Aided by the miracles of technology, they keep our customers in touch with the world.

On an average day, you can reach one of our long distance operators in ten seconds or less, ninety percent of the time! And, our operators are always trying to better this average. Special equipment measures this performance.

But they don't handle half of your total calls. A majority of people now prefer to 'dial direct' to all points within the U.S. This saves them time. Also, plenty of money. And, it keeps us from having to double our operator staff. Today, operators handle mostly special kinds of long distance calls . . . collect . . . credit card . . . overseas . . . person-to-person . . . mobile . . . or provide assistance when a customer encounters difficulty.

Faced with a rising volume of 2,000,000 calls each month, (up 20 percent over last year) we are steadily at work, adding equipment at our long distance centers to better handle your calls . . . to provide more circuits.

Our operators have but one goal in mind: to help you. They are trained for efficiency (new operators, for example, receive up to 120 hours of formal instruction). Like everyone, however, they sometimes make mistakes. Operators are trained to stay calm, even under the most hectic circumstances. Only rarely are they shaken. When, for instance, a frustrated caller loses patience and 'sounds off'. Sometimes it hurts.

But a typical operator knows that most customers are friendly and understanding. That's why she always tries to be friendly and helpful right back at you. Remember . . . whether you want to get to LaBelle or London, she is **working for you.**

Fifth Grade Studies Political Science

The fifth grade Social Studies classes of Avon Park Middle School are studying a unit titled "Concepts in Political Science" in their textbook "Using the Social Studies." Part of this study coincided with the recent Presidential election.

In order to present effectively the concepts involved in the election, each Social Studies class conducted a mock election leading to a class-wide election.

To do this, each class--there are seven social studies classes in fifth grade--was divided arbitrarily by the teacher into two groups or "parties". Each party then held its own organizational meeting. After organizing, each group conducted a "presidential preference" primary. A vote then was taken by each party to determine who would run for "president" and "vice-president" of the class, or room. Chosen candidates were then permitted to make campaign speeches before a room vote was taken. The final room vote resulted in seven presidents and vice-presidents being elected.

At this point it was the consensus of students and teachers that we should have an "election" for president and vice-president of the fifth grade, the slate to consist of the names of those elected in each room.

Running for President and Vice-President of the fifth grade were: Cindy DeWitt and David Sisemore; Jeffrey Adams and Timmy Cribb; Penny Cooper and Jon DeLaney; Tim Minard and Bill Porter; Tony Washington and Tracy Culpepper; Tracy Cochran and Vesta Hall; Fred Wheelehan and Willie Wilburn.

During the week of Nov. 13-17, the candidates and their running mates were permitted to "campaign." Other students were encouraged to "stump" for their favorite candidate. Signs, posters, and pennants were made and erected. The hallways, and rooms were colorfully adorned with these publicity sheets. Water fountains and bathrooms were not overlooked in the effort to keep posters bearing candidate's names before the "voting public."

Each team campaigned vigorously, and in good spirit. The election was not decided until the secret ballot vote was tallied. Winning by a sizable margin was the team of Jeffrey Adams and Timmy Cribb. Jeffrey is the son of Mr. and Mrs. Henry Adams, 319 Castle st; and Timmy is the son os Mr. and Mrs. Ferland Cribb, West State Road 17-A.

The purpose of this "election" was to learn by doing the democratic process. The desired result--learing the democratic process--was obtained. The student candidates will work as a President and Vice-President and Cabinet to help fifth grade teachers plan social activities for the fifth grade. The faculty advisor for this group is Edward Simon.

Quite a few picked up an assortment of shells during the half hour stop on Kingston Key.

The chartered Greyhound bus was driven by Lee Griffin of Orlando, a veteran driver with 15 years safety record with Greyhound. Lee will be driving all charter bus trips operated by the Ritchies and Captain Travel this season.

THIS COULD HAVE BEEN YOUR HOME

FOR AS LITTLE AS $6.50 THIS FIRE COULD HAVE BEEN PREVENTED!

The South Ridge L. P. Gas Association would like to set the story straight. For years they have tried to educate customers through personal contact, and the news media of the importance of safety.

This fire is a perfect example of the results of a property owner trying to do the job of the Gas Company.

Upon investigation, it was found that the property owner was attempting to disconnect his appliance without the knowledge of proper procedure. At this point, the property owner realized he had not turned his gas tanks off. He then proceeded to try and turn the tanks off, and in his effort to do so, disconnected one tank, leaving the valve open. It was at this time the ignition took place causing the fire.

Please, Please for Safety's Sake, whether it be Gas, Electric or Fuel Oil, when you need service contact the proper place.

Avon Mobile Home Park News

By Ruth E. Robinson

Congratulations and best wishes to Dr. Noble W. Field and his new bride, Alma P. (Mee) McDonough. The happy couple were joined in marriage by the Rev. Aden D. Childress of the First Baptist Church of Avon Park, on Tuesday, Nov. 28. Ms. McDonough previously lived in Miami. They are living here on Court 58 and "Pat" likes this part of Florida very much.

Our sympathy is extended to the family of Charles Brush and his wife, Bertha, in this time of sorrow. Charles passed away Tuesday in Walker Memorial Hospital. Mrs. Brush with her son and his family flew to Columbus, Ohio, on Wednesday where the funeral would be held.

Harry Brown is in Walker Memorial Hospital after a sudden attack of illness on Saturday evening while participating in a skit at the recreation hall. He seemed much better on Sunday afternoon, but some observation is needed.

Arrivals back this week were: Mrs. Emory Burgeson (Bonnie); Mr. and Mrs. Rowley Ghaster (Eola); and Robert Gibb; all enjoying the Florida weather after the cold north.

There were 30 ladies and a former member, Mrs. Hazel Clemens of our park, who enjoyed a pleasant afternoon at our monthly meeting on Friday. Plans were made for our Christmas dinner at 12:30 p.m., on Christmas day, in the recreation hall. Bring your favorite Holiday dish (salad, dessert, vegetable, etc.). Also your table service.

The Wrights (Sallie and Emmette) will furnish the turkeys and hams, again; the committees will again roast the meats, as on Thanksgiving day.

Third ave., was hostess, furnishing delicious cookies and punch. For entertainment, Mrs. Thelma South gave two readings and Mrs. Neal read a poem.

We wish good health and happiness to the Walter Coadys at their new place of residence, at Sebring.

Welcome to Mr. and Mrs. Gordon Clark from Greenbay, Wis., who bought the Coadys mobile home on Court 73. They are friends of Mr. and Mrs. Joe Bacon.

Mrs. Joe Bacon, with several women from the Presbyterian Church, attended a workshop at the Trinity Presbyterian Church at Tampa on Saturday.

Mr. and Mrs. Howard Thomas and daughters of New Carlisle, Ohio, called on Helen and Hubert Smith recently.

Mr. and Mrs. Verne Moore of Sarasota, and Mr. and Mrs. Wesley Rosser of Bradenton spent Wednesday here at Avon Park with Mr. and Mrs. George Teusink and Floyd and Edith Stevens. All are formerly from Allegan, Mich. They had dinner at Griffins and had a real good visit together. Mr. and Mrs. Ted McCarn of Allegan, Mich., spent a couple days this week with Floyd and Edith Stevens. The McCarns are spending the winter at Zephyrhills.

Mr. and Mrs. Charles Harris of Townsend, Wis., and son, John Harris with family were Sunday callers at Joe and Susie Bacon's home.

Mr. and Mrs. Marvin Bennitt and Mrs. John Haverstock of LaPorte, Ind., home town friends, stopped for a short visit to see the Woolcotts and LaRue Longanecker on their way to Bradenton for the winter.

Mr. and Mrs. Ralph Helt and Mr. and Mrs. Vernard Goodman spent Thursday and Friday with Mr. and Mrs. Lester Cooper in Yankeetown.

Mable Crocker had high score 1041 for pinochle on Monday night. Floyd Stevens - 986.

Bid Euchre scores were Margaret Derr - 161; and Floyd Stevens - 166, high score!

Alva and Margaret Derr, Harold and Margery Faulkner with Gladys and Harmon Heffner met Harmon's sister and brother-in-law, Frances and Don Fogle from Seminole, at the Kapok Tree Inn on Sunday. They had a very pleasant visit together and enjoyed the fine food at the Inn; followed by a very pleasant two hourse at the Tampa International Airport.

Mr. and Mrs. F. J. Knight of Lake Placid, were visitors at the home of Mr. and Mrs. Harry Burnett on Sunday afternoon. Mr. Knight was a former resident of our park for many years.

Southland Mobile Home Park News

By Bessie Paxton

A few days ago friends were happy to have Winnie Lumpkin and a friend visit in the park for the day. At the noon hour several gathered with Louise Garrison; had lunch and a longer visit with Winnie. Winnie is looking quite well, has rented her trailer at Tavares and will soon be going to Ohio to be with her sister whose husband is ill. It was good and uplifting as she told of her future plans; the same dear, always cheerful Winnie.

We, in Southland, are saddened by the sudden passing of Lem Hostetter Friday, Nov. 17. We miss these friends not being here to greet us and have many pleasant memories of them. Calling hours were at Mizelle Funeral home Sunday. Monday morning Rebecca returned with Lem to their home in Lancaster, Pa., where funeral and burial were held. Rebecca will remain in Pennsylvania for several days before returning to Southland.

Aggravation was well attended both this week and last on Thursday evenings. This past week there were five tables played. Marvin Tebo was high, winning five games.

Bingo the last two Friday nights was well attended. Charles Learned and Goldia Daun were in charge.

Sixteen people came for coffee Tuesday morning at nine. Better come and get the early morning news. If the chatter greets you before the last forty feet before you reach the door you are late and have missed part of the news. It is a time to get acquainted.

Martha and Raymond Long came Tuesday from their home in Pennsylvania to spend the winter here. They are looking fine and report their state has its share of late summer and fall rains.

At twelve noon Thanksgiving Day 53 people gathered at the Hall for the annual turkey dinner. Some park members spent the day with relatives or friends elsewhere but those who came to the Hall were happy for the pleasant association when away from their own families. We were welcomed by a number of volunteer helpers who arranged the well laden serving table for our convenience. As we were seated at various tables of our choice strutting paper turkeys, pumpkins and other bright colored decorations attracted our attention. The Rev. Hutchens again gave thanks for our blessings on this American Thanksgiving and expressed special emphasis on our weary world at this period in history. A number of our new people in the park were present and guests were Mrs. Ruth Watkins, daughter-in-law of Louise Garrison and Gladys and Henry Henson. We wish to thank Be Jeremy for cooking and carving the ham, Grayce Barr and Goldia Daun for preparing and carving the turkeys and the Chapels for furnishing the turkeys. Also committee members who arranged the hall and food for our comfort.

Harold Arms and Charles McNulty remain in Walker Memorial Hospital. Harold is sitting up in bed to greet his callers, but Mr. McNulty is again in intensive care. Their son and daughter are here to spend Thanksgiving Holidays and be with their father.

The Chapels spent Thanksgiving Day with his parents and grand parents at Orlando. At noon the family was served to caribou, partridge, and venison as well as turkey. The game birds and deer were brought by the grand father from Canada, his summer home.

Eight came out to play shuffle Friday afternoon. In the third and final games McEwen and Breister won over Paxton and Perkins with a score of 81 to 72. On the west court the winners were Synder and Wandover over Long and Tebo with the score of 25 to minus 21. Glad to see one of the old players, Omer Synder, back to see us.

Mrs. Barbara O'Connor of Pismo Beach, Cal., spent Thanksgiving with her brother and wife, Charles and Marion Learned. She will remain with the Learneds for several weeks.

Friends in Southland and in Avon Park will be glad to know the Tebos received a letter from Rebecca Hostetter Monday telling in detail of Lem's early life and which we will briefly mention. Lem was born in Lancaster, Pa. His father and mother were Frank B. and Amanda Kegerries Hostetter. He operated a farm, raising shell nuts along with sheep and honey bees. In addition to caring for his farm he developed new strains of nuts and was a regular exhibiter at State Farm Show where he won top awards. He was a member of Pennsylvania Nut Growers Assn., Northern Nut Growers Assn., Pennsylvania Beekeepers Assn. and the Pennsylvania Grange. In addition to Rebecca and several neices and nephews he is survived by a sister, Miss Elizabeth K. Hostetter of Santa Monica, Calif.

We are sorry to report Myrtle Heffernan is again in Walker Memorial.

Highlands Sertoma- La Sertoma Clubs Hold Charter Banquet Saturday

The Highlands Sertoma and Highlands La Sertoma Clubs made their official entry into the county with a gala Charter Banquet Saturday evening in Sebring! Congratulations and best wishes for successful public service were voiced by Sebring Mayor Eugene Sauls as he welcomed the county's newest service organization.

Sertoma - Service To Mankind - has been in its organizational stages since October. La Sertoma is comprised of the wives of those men who become Sertomans.

In addition to the official presentation of each club's charter, membership certificates and pins were also distributed. W. Graham Tregurtha, Sertoma Charter president, received an engraved plaque citing him as the club's first charter member.

Award pins, honoring those who recruited at least five members for Sertoma, were presented to Bob Broadbent, Kelton Hill, Bob Frier, Bob Terrell and W. Graham Tregurtha. Sertoma Ambassadors Bob Martin and Bill Schneider, members of the Northside Sertoma Club of Tampa, received merit plaques citing their efforts in organizing the new Highlands club.

Honored Sertoma guests from around the state of Florida included: Thomas Bruckman, Sertoma International vice president; L. Barney Barnett, Sertoma International director; Charles Naugle, Sertoma District Governor; James Fatzinger, Northside Sertoma president; Mrs. Robert L. Watson, La Sertoma International president; Mrs. Joseph Kendrick, La Sertoma Southern Region director; Mrs. Paul Beccue, La Sertoma District Governor, and Mrs. Sam Eubank, Northside La Sertoma president.

The new Highlands Sertoma has already embarked on a busy schedule of activities. They will enter a float in this week's Sebring Christmas parade. They're holding a raffle of a Browning Automatic Shotgun and will sponsor a Turkey Shoot on Dec. 23 at the National Guard Armory. In addition, they have begun discussion with county youth on the possibility of implementing a "Hot Line" program within the county. With counseling supervision, the "Hot Line" will involve teenage-to-teenage telephone sessions in the hopes that "Hot Line" will in some manner help any teenager with any problem.

Highlands Sertoma holds weekly meetings 7 a.m. on Tuesday mornings at Clayton's Restaurant. The first Highlands La Sertoma meeting will be held on Jan. 8, 1973.

It's A Womans World

by Faye Gordon

When boiling eggs, put some food coloring in the water before boiling. Then there'll be no doubt about which are the boiled ones, and they'll look a bit more appetizing too!

Cooking shrimp? Clean them with an ice pick. Just run the pick down the back of the shrimp toward the tail. The shell and the vein come off easily.

Freezing? Casserole dishes should be lined first with aluminum foil. Be sure there's enough to fold over the top. Once frozen, the wrapped food can be lifted out of the casserole, freeing it for other dishes. Put foil-wrapped food back in casserole for reheating.

Stale cookies or crackers will taste fresh again if spread out on a cookie sheet and placed in the oven until heated through.

Nutmeats come out of their shells in the largest pieces when they're frozen. Keep uncracked nuts in the freezer for two days or more, then crack them immediately.

Green peppers are one of the few vegetables that can be frozen without blanching. So buy when they are plentiful. Simply cut out the seeds and stem, wrap and freeze.

Before grating chocolate for decoration or icings, let it get icy cold in your refrigerator. Same for cheese you're going to grate. Cubes of chilled cheese will grate easily in the blender.

When baking chocolate isn't available, substitute cocoa plus butter. Use 3½ tablespoons of cocoa and ½ tablespoon of butter for each square of chocolate in the recipe.

Save the plastic top of an empty coffee tin and fit it into the bottom of the next can. The plastic protects shelves and counter tops from scratches and rust marks.

Save and clean any small bottle that has a squeeze top and keep it filled with cooking oil. Especially handy when only a small amount of oil is needed for frying or greasing cake pans.

When serving lemon for fish or tea, wrap half a lemon in nylon net and secure ends. It won't squirt wildly when squeezed, and seeds won't fall in your guest's food or drink.

Here's how to warm hot dog or hamburger buns without getting them crusty. Just place them in a colander over a small amount of boiling water on your electric range. Buns will get piping hot without the slightest drying.

Warming several "leftovers"? The easy way is to wrap each item in foil, then heat them covered, in your electric frying pan, all at the same time. For biscuits, put a few drops of water on the foil; for mashed potatoes, a little milk.

Have to pack lunches every day? Then put your freezer to work. Make a dozen sandwiches at a time (spreading butter generously on bread so filling won't soak in), wrap, seal and store in freezer. Sandwiches taken from freezer in morning will be thawed out and ready to eat by lunchtime.

Here's how to avoid jumping up for hot rolls during a meal. Just heat a ceramic tile in your electric oven as you warm your bread. Put the tile in your serving basket with rolls piled on top and cover with a napkin. They'll stay warm and fresh throughout the meal.

Attention oyster lovers: For fluffy fried oysters, add a little baking powder to the flour mixture in which you roll the oysters.

When broiling steak, put one cup of water in the bottom of the broiler pan. This prevents grease burning on the pan and eliminates the smoke that usually occurs. The drippings make delicious gravy and the pan is easier to wash.

Many Christmas Terms

We can take a map, and find many Christmas terms, if we look--for example--Christmas, Fla.-Santa Claus, Ind., Bethlehem, Pa., Md., Conn., Ky., N.H., Ga., Ind., and N. H.--Holy City, Calif.--Herod, Ill.--Nazareth, Pa., Palestine, Texas--plus St. Mary and St. Joseph in about every state.

Christmas is celebrated 13 times per year by Ethopian Coptic Christian Churches. They feel that Christ had so many virtues that He must be celebrated more than once per year.

Perhaps a visitor from some other planet, dropping in on any U. S. city during any Dec., might have difficulty connecting all the decorations, Rudolph, Santa Claus, evergreen trees, extensive commercial exploitation, etc, with a religious holiday--but, so do we !!!

New Year's Day has not always been Jan. 1. The Athenians began their year in June, the Romans, in March, and the Macedonians, in September. One Egyptian record shows July 19 as New Year's Day, once upon a time.

Some important events of recent New Year's Day--in 1863, Lincoln signed Emancipation Proclamation--in 1801, importation of slaves was prohibited--in 17 81, E. S. soldiers marched on Congress to protest poor pay and living conditions. (Congress fled town before they arrived, however) Jan. 1, 1673 saw the beginning of mail service between New York and Boston (stage coach, 4 days) and Jan. 1, of year 1,000 saw many Christians expecting the end of the world so definitely that they gave away all their belongings--and waited.

SENT TO PRISON

Grady Kearney, of Lake Placid, pleaded guilty in Circuit Court last week to sale of a narcotic drug. Judge Clifton Kelly sentenced him to 18 months in prison, to run concurrently with the rest of the two year sentence he was serving for forgery. Kearney was on parole when arrested on the narcotics charge.

Horse Breeders To Register

Time is running short on quarter horse breeders who want to register their Florida bred horses for participation in the breeders' awards program.

Rex Smith, chairman of the Florida Department of Agriculture and Consumer Services' Quarter Horse Breeders Advisory Council said the deadline is Dec. 31.

Smith said the cutoff date for Quarter Horse Breeders' awards makes it necessary to close the registration which has been in progress since July 1.

The chairman explained that the awards program was made possible by legislation passed during the 1972 session. The program rewards breeders who breed winning quarter horses in races throughout Florida.

One of the things that mankind has evidently forgotten is that man is a tiny creature, crawling over a hunk of rock, dirt and water, floating from an unknown to an unknown, through immense space.

One of the smallest known insects is a flea native to Panama, so tiny that it takes 100,000 to weigh an ounce. Yet, each of these individual bugs has a perfectly developed visual, auditory, nervous, skeletal, digestive, circulatory and reproductive system.

Real Estate Transfers

Mr. and Mrs. Charles H. Hoke have purchased a 166-acre tract of land on SR-66 just west of Orange Blossom Estates from Mr. and Mrs. Carl McIntyre.

The price paid for the land, according to stamps on the indenture, was $95,000. It is pasture land and has been on the tax rolls at $15,000.

Other recent real estate transactions include:

Samuel N. and Edna M. Lee to Otis R. and Lorene A. Hainline, Lots 3, 4, and 5, Block 176A, Woodlawn ,Terrace Subdn. - $16,500.

Fannie Roche and James C. Simcox to W. E. and Juanita Clark, the W 40' of the S½ of lot 2, and the E 35' of S½ of Lot 3, Blk. 44, Sect. 22, Twp. 33S, R28E. - $17,500.

Walter K and Ruth Ann McGrath to Robert and Mae Skipper the S½ of NE¼ of SW¼ of Sect. 8, Twp. 35 S, R28E - $36,000.

Charles F. and Grace E. Simmonds to Elton M. and Lillian V. Lawrence, lots 1, 2 and 3, Midway - $35,000.

B. W. and Albina A. Cannon to Edward E. and Hazel M. Ripley - the S 200' of the N 975' of lot "X" of E. D. and C. E. Putney subdn. - $50,000.

County Has 16 Fatalities

The money being paid Florida Highway Patrol troopers to work overtime is paying off in less accidents and fatalities in the county, a spokesman for the patrol pointed out this week.

Fatalities this year so far total 16, six behind last year. For the week ending Dec. 2, the troopers had made two arrests for drunk driving, 21 for speeding, and 17 for other traffic related incidents.

At Thanksgiving time, troopers were reinforced on Route 27 by troopers from Hardee and DeSoto counties. And there now is a trooper on Highlands county roads every hour of the day and night.

Federal funds recently were provided enabling the patrol to pay its men overtime.

Bonnie Brae Mobile Home Estate News

by Margaret W. Young

A week ago the past Saturday morning, the "Southwest" corner of the court decided to show their desire to beautify at least a small part of "God's Good Earth" by reworking the yard at Lot No. 61. There were ten people (men and ladies) who attacked the "poor" Bermuda with shovels and hands and by middle afternoon half was accomplished. Monday morning before this reporter was up and about, two "early birds" were busily at work and were soon joined by others to lend a hand. With an assist from sun, rain and rye seed, at this writing, green grass is slowly but surely covering and it will very soon be green for all to enjoy.

Visitors at the Joe Moreno home this past week were Mr. and Mrs. Harry Tape of Tarpon Springs.

On Wednesday, Nov. 29, Mr. and Mrs. Orin Leonard of Blissfield, Mich., arrived at their home in Bonnie Brae.

On Friday afternoon, Dec. 1, The Rev. and Mrs. Ron Boyer of Monroe, Ohio, and Petoskey, Mich., (Bayview) arrived at their home here.

The Michigan Club will have a Christmas party on Friday, Dec. 15. Each member should bring a gift wrapped, not to exceed 50 cents. We will have a Yankee swap; also, cookies, coffee, tea or milk and entertainment. The meeting is to be at Calvary Baptist Church, Kenilworth blvd., and Roseland ave., Sebring. For any further information, you may contact Tom Chockley, 453-6349 Avon Park.

Had as dinner guests on Saturday evening, Everett and Margaret Keister and Mr. and Mrs. Allen Carlson in honor of Margaret Keister's birthday. In the evening, several other friends arrived to surprise Mr. and Mrs. Carlson who were celebrating their 53rd Wedding anniversary. Those who came to surprise Allen and Minnie were: Mr. and Mrs. Earl Ayling, Mrs. Audrey Near, Mr. and Mrs. Marion Prindle and Mrs. Caroline Webber. The evening was spent playing call Pedro and pinochle.

Local Business Celebrates 2nd Anniversary

Two years ago, Guy and Maryjean Adams opened their shop in the Jacaranda Hotel building and named it "The Horn of Plenty" because they "did not know what they were going to sell". It has proved to be a most appropriate name.

In reality it is a three-department store. The gift department features unusual gifts from all over the world - carved wood and bells from India; crystal from Poland and Czechoslovakia; dolls from Japan; wall hangings from Mexico; candles and woodenware and glassware made in our country; souveniers manufactured in Florida.

Many kinds of yarns are featured in the needlework department. There you will also find needlepoint tapestries, crewel work kits, canvas by the yard, knitting stands and cases. Free instructions in knitting, crocheting, tatting, hairpin lace, etc., are given. Maryjean is a teacher by profession and it is her joy to help customers learn to make beautiful things.

The craft department has been the smallest department of the three, but plans are now underway for the expansion of this part of the service of The Horn of Plenty. Classes are currently being held in bead making and other craft instructions will begin in January.

Occupying the smallest area in the store but of prime importance to Guy and Maryjean, is the scripture courtesy center displaying materials from the American Bible society. Scriptures are for sale at cost. Maryjean has many ideas to help teachers to more effectively use scripture and to aid churches in their task of evangelism. Maryjean is a volunteer for the American Bible Society and has just returned from New York City after spending a week with other volunteers and the staff.

The second anniversary party last Friday was a success for The Horn of Plenty. We hope there will be many more.
