Danger in Our Schools

Teaching school is twice as dangerous as working in a steel mill, according to a report of the American School Board Journal. School came doubled, in most categories, in a recent survey period — from 1964 to 1969. During this time, assaults on teachers increased by 1700 per cent. The situation is continuing to deteriorate.

Last year, every public school in Providence, R.I., was closed in several days because of disturbances among students. The same thing happened in Trenton, N.J.

The Syracuse University Research Corporation conducted a survey of nearly 300 urban high schools and reported that 85 percent of the schools had suffered some type of disruption.

A new report entitled, "Violence and Disorder — Innovative Strategies Beyond Code of Schools," prepared by the editors of Education USA, a weekly newsletter published by the National School Public Relations Association, expresses the conclusion that the situation in our schools is "a national dilemma."

What is caused?

What has caused the present deplorable situation in our schools? And what is the cure? Dr. Norman Vincent Peale says that the lack of discipline among students should not be blamed basically on the young people, but on their parents.

For a couple of generations, he said, "the Dr. Spock baby plan has been used on our youngsters. Feed 'em whatever they want, don't let them cry, instant gratification of needs."

And now Spock is out in the mists leading the permissive babies raised on his undisciplined teaching.

Governor Jack Williams of Arizona, speaking at a meeting

of the Arizona Breakfast Club, said that many of our nation's problems are a consequence of a lack of religious, moral, and ethical teachings in our homes and schools.

"Once upon a time," he reminded his listeners, "McGuffey's Readers formed the seed for young minds to grow in — and they emphasized religion, morality, and ethics."

Children need and must have guidance on moral issues. They must be trained to exercise self-discipline, as well as being taught to respond cooperatively to reasonable discipline by teachers and in authority.

"Most Damaging" Ann Landers has said, "In my opinion, the theory of permissive upbringing is the most damaging concept ever latched onto by a generation of spoiled brats."

What the vast majority of American children need is an end of being pampered, of being indulged. The key word is discipline — and discipline should begin when the child is in the cradle.

"Parents who genuinely love their children," she added, "will teach and direct them, not just satisfy their every whim."

This advice is right on target. It says what the Bible has been saying all along, while misled parents and educators have been following Spock instead of the Book.

"Without the correction from the child," says the Bible, "A child left to himself brings his mother to shame."

Correct thy son, and he shall give thee rest. Yes, he shall give delight unto thy soul.

Both the home and the school must teach proper discipline and respect for authority if our civilization is to be saved from internal destruction.

Correction

Last week's Avon Park Sun contained several errors in the city council story on the amounts reported on city bids received from local automobile agencies.

The correct bid figures were as follows:

On new police car-Bill Owens, \$3,155.25; I. H. Ford Motor Co., \$3,020.00; Wells Motor Co., \$3,166.12. The city accepted low bid of I. H. Ford Motor Co. for the new police

car. On two ton dump truck-Bill Owens Ford, \$4,807.56; I. H. Ford Motor Co., \$4,670.00; Wells Motor Co., \$4,802.15. The city accepted low bid of Wells Motor Co. for the new two ton truck.

On pickup truck-Bill Owens Ford, \$2,420.00; I. H. Ford Motor Co., \$2,360.00; Wells Motor Co., \$2,404.00. The city accepted low bid of I. H. Ford Motor Co. for the new pickup truck.

Avon Park Junior High Team Finished Season Undefeated

The Avon Park eighth and ninth grade football team finished up its second straight season with an undefeated record under the coaching of Coach Shuckeloff and Harry Williams. The junior high team slipped by Lake Placid 6-2 on the baby Dragons home field on Oct. 19 and then made it six straight wins on October 26 with a 2-6 victory over Okeechobee here at Memorial Field in the final game of the season.

The Okeechobee victory was the twelfth consecutive win for the junior high team and set quite a record for future teams to shoot at.

In Lake Placid the Dragons went on the scoreboard first when the defense pushed Avon Park's offense behind its own goal line for a safety. Several times the Lake Placid boys threatened but each time the Avon Park defense stiffened and held off deep in its own territory.

Then, later, in the game, Avon Park drove from within its own ten yard line all the way for a touchdown. The running of Ricky Runner and Leamon Fields highlighted the drive with halfback Leonard Green taking the ball in for the score to put Avon Park out front 6-2.

The Okeechobee game was no good but the baby Devils held on until the final gun to take the 6-2 win.

Against Okeechobee the team was in authority.

junior high team again had to reply on just eighth graders since the baby Brahms said they didn't play ninth graders. The first Avon Park score came on a pass from quarterback Jerry Robinson to end Ronnie Hicks and then later in the game Hicks scored again on another pass from Robinson. Robinson scored one TD himself on a keeper and Timmy Massey ran the extra points.

The Okeechobee touchdown came on an intercepted pass as the right baby Devil defense held them scoreless the rest of the game.

Boys on the squad this year were: Perry Prescott, Tim Massey, Leonard Green, Smokey Hill, Ricky Runner, Mike Pool, Jerry Robinson, Jamie Tomlinson, Bill Murphy, Mark Lewis, Leamon Fields, Marvin Williams, Ricky Lee, Harry Stokes, Gary Curlee, Watson Carter, Vance Mays, Ronnie Hill, Doug Fletcher, Lee Anderson, Mike Minard, John Marsh, Raleigh Turnbull, Randy Cobb, Clayton Drait, Anthony Gains, Ben Wright, James Ross and Ben Wright.

Congratulations to the Red Devil junior high team and their coaches for a job well done!

Mr. DuBose, who will fly to Minneapolis to be with his son for the operation, said that Lowell, Jr., sent word that he misses all of his friends and that he was homesick. Lowell's mother is staying with him in Minneapolis.

Mr. DuBose would like to thank everyone for all they have done and that he would keep in informed on his son's condition.

Check Hunting Buggies Says State Patrol

Hunters who are taking their buggies out of mothballs for the new season should check them for mechanical defects before setting out on the highways says the Florida Highway Patrol today.

"Many hunters have special vehicles that have been modified for use in rough terrain while others use old cars and small trucks. All should be checked carefully before the season begins to be certain they are in safe mechanical condition," said Colonel Reid Clifton, director of the Patrol.

Other reminders were that headlights must be used during the predawn hours until the sun comes up, and to stop or park a vehicle on the paved portion of the highway is unlawful.

Hunters were cautioned against firing their guns on, or from across public roadways.

"To have a safe and memorable season, hunters should keep sober, avoid carelessness, and use good judgement," concluded Clifton.

The Game and Fresh Water Commission is again urging deer and small game hunters to wear fluorescent orange garments while afield.

According to James B. Windham, Commission chairman, the foliage throughout the state is extremely dense, and during the early part of the general game season, beginning November 13, it will be quite difficult to spot hunters as well as wildlife. The season in northwest Florida opens November 20.

Exhaustive tests with different colors and materials have shown that fluorescent blaze orange is the most likely to be seen of all hunting garments currently available.

Although hunting is one of the safest of all sports, with fewer accidents than occur in such activities as golfing, boating or swimming, hunters can help improve their sport.

1947 Dodge Car Has Interesting Background

This 1947 Dodge 12 passenger station wagon, owned by Harry at Hunt of Bonnie Brae Mobile Estates, formerly of Michigan, was purchased in March of 1948. It was one of two vehicles (1 ton, long wheel base truck chassis, one 3 speed, one 4 speed) were sent to the York Body Company in Pennsylvania to have the bodies added. A fire at the Body Company destroyed both these, and replacements were made and finished. The 4 speed vehicle was sent to Chicago, and the 3 speed to Lansing where Mr. Hunt purchased it for

\$2,752, plus outside and inside rear view mirrors and rear bumper. Later a trailer hitch was installed. Also Directional lights.

It has been used mainly for transporting youth to church camps and to Boy Scouts events. In 1960 it was at the International Boy Scout Jamboree at Valley Forge, driven by a Scout leader and loaded with gear for Indian Ceremonial dances. At the Jamboree it was used to transport some orthopedic Scouts who were part of the Lansing delegation to and from the "Bowl" where programs were held a distance of five miles from where the group were camped. On July 1, President Truman visited the Jamboree, and this vehicle was second behind his official car as it entered the program arena.

In 1962, Mr. Hunt took another Scout leader and 10 Senior Scouts to the Philmont Scout Ranch in Philmont, New Mexico. Enroute they toured historical sights, including the Indian buildings at Tass, N.M. and Rocky Mountain National Park. At the latter place they missed by a hour or so seeing Dwight D. Eisenhower who had been vacationing near Denver, at Frazier, Colo.

Newman turned around and gave chase through Avon Park at a speed of 100 miles an hour. Marshall continued east on Hwy. 64 towards Wauchula at speed of 120 miles an hour, with Newman still in pursuit.

They ran through Wauchula at speed of 100 miles an hour when Marshall's car engine blew. Marshall jumped out of the car and ran with Newman firing warning shots over his head. From 60-70 yards away Marshall had his hand in his pocket and Newman thought he saw a weapon and shot him in the side.

Marshall is in custody of the Avon Park Police Department in fair condition. He has been charged with driving without license, attempting to elude police officer, reckless driving — willful an warrant.

Marshall is from Sebring and Sarasota.

Food Stamp Program To Be Expanded

Administration officials in Washington Friday announced plans to expand the food stamp program into 192 additional counties in 26 states and Highlands county is one of them.

The food stamp program will be put into effect by next June 30. Highlands county presently gives out surplus commodities.

Austin Heacock, director of the Highlands county commodity distribution center, queried as to whether it might be a part commodity, part stamp program said "he does not know."

He pointed to the fact that the past session of the Legislature passed an act that all counties in the state go to the food stamp program — but they did not appropriate any money to make the switchover.

Heacock pointed out that when there is a change — "and my guess is it will go wholly to food stamps" there will be notification. Meanwhile, his office will continue to give out surplus commodities until otherwise notified.

Good houses are made by carpenters; good homes, by sound and happy marriages.

Everyone pays—either attention, or dearly.

State Of Citrus

A FLORIDA CITRUS MUTUAL NEWSPAPER FEATURE

Interested in facing a \$10,000 fine or 10 years in the clink? If not, stay clear of trespassing in Florida citrus groves.

And one more thing, parents take note, you can be fined up to \$1,000 for citrus grove vandalism committed by your children.

These are words of sound advice from Larry Thompson, director of Florida Citrus Mutual's Central Intelligence Bureau set up to deal with trespassing in citrus groves and vandalism involving grower's property.

Thompson warned this week — the 1971-72 citrus season moved into high gear — that state trespass laws were made much stronger in recent legislative sessions and now carry heavy penalties for the convicted offenders.

The trespassing penalty can run as high as \$10,000 or 10 years imprisonment — or both — Thompson said. Property owners who have been vandalized by youngsters under 18 are entitled by law to recover damages up to \$1,000 from the parents.

Unfortunately, said Thompson, trespassing in citrus groves and vandalism acts by youngsters is on the increase, a turn about from a few years ago when the citrus industry's main concern was fruit thefts.

Much of the vandalism is nothing more than malicious mischief which results in nothing gained for the person involved, Thompson said, adding most of the damage can be credited to those "with nothing to do and time on their hands."

Although a complete tabulation for the 1970-71 season is yet unavailable showing grower losses from vandalism, Professional Hearing Aid Service, distributors of Miracle Ear® Hearing Aids, it will help greatly to reduce the strain of listening to your radio and TV programs. This marvelous little electronic device, while not a hearing aid, has proven to be a great blessing to those with impaired hearing, and helpful to all those around them.

Hardly a day goes by that we are not thanked for the amazing help derived from this tiny device. Do you have trouble hearing in church or when two or more people are present? Do you hear the sound but fail to understand the words? Are you bothered by so-called mumblers?

Thompson said preliminary indications are that the figure will be higher than the record \$2,895 recorded in 1969-70.

Vandalism acts involving the citrus grower run the gamut, as Thompson's records will reflect. Blade of "wind machines beaten with hammers, sand and molasses dumped in gas tanks and rain kept out the trespasser and rifle target practice, with complete irrigation systems wiped out on occasion by the sharp eyed mackam."

And things like a sample of the acts and the list goes on and on.

Growers can help themselves, however, Thompson said. They can invoke every measure possible to keep unauthorized persons off their property. This, he said, is a sure fire way to cut down on vandalism. In short, keep out the trespasser and you'll be able to minimize vandalism.

"Growers have available to them very strong trespass laws and they should invoke them for the protection of their property," Thompson said.

Red Devil "Bees" Play Last Home Game Tonight

The Red Devil "B" team lost a real close game to Arcadia last Thursday night in Arcadia when they missed the try for the two-point conversion in the final seconds of the game and came out losing 14-12. The loss set the

Devil's record at 5-1 with just two games left on the schedule. Tonight the Devil jayvee squad will host Sebring here at Memorial Field in the last home football game of the season for Avon Park fans. Next week the

jayvees will close out the season in Lake Placid and all the remaining varsity games are out of town. So all football fans are urged to come out tonight at 7:30 for the last football game to be played at Memorial Field this year unless the varsity should be in a post-season game it should be played here.

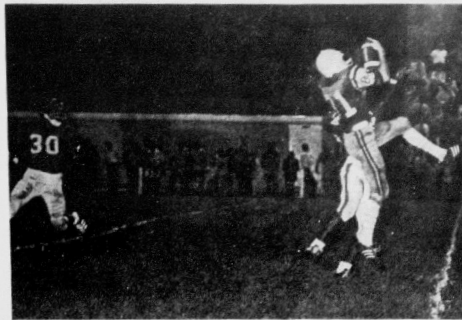

Against Arcadia last week, the junior Bulldogs scored first in the second quarter on a short run and then added the two-point conversion to take an 8-0 lead into the clubhouse at halftime. Arcadia scored again in the third quarter but missed the try for the extra points so had a 14-0 advantage.

The Devil "Bees" came back strong however and scored at the end of the third period on a halfback pass from Ricky Claitt to end Mearl Robinson from about fourteen yards out. The run for the two points was short. Then in the last part of the fourth quarter the Arcadia boys drove to the Devil thirty and fumbled the ball. Avon Park's offense went into action with one minute and six seconds left on the clock. The boys drove seventy yards for another T.D. in just six plays with Ricky Claitt hitting Robinson again for the touchdown from some twenty yards out this time.

The boys who played on the offensive team that showed much improvement this last week were: ends Rick Minard and Mearl Robinson; tackles Bruce Trescott and Glen Gray; guards Eddie Whitehurst and Dennis Johns; center Tim DuFree; quarterback Micky Claitt; halfbacks Ricky Claitt and Josh King; and fullback William Burley.

The defensive team used the following boys: ends Eddie Culbertson and Bernard Jackson; tackles Moses Moore and Joel Johnson; noseman Gene Albritton; linebackers Allen Padelford, Derek Cobb, and Ricky Claitt; and halfbacks Buddy DeWitt, Mickey Claitt and Marvin Jackson.

Plan to come out tonight to Memorial Field at 7:30 to watch these junior varsity boys play against Sebring in the last home game of the season. The last game between Sebring and Avon Park ended in a scoreless tie and the Avon Park "Bees" are determined to hand the Sebring boys a defeat tonight.

WAYNE TODD, Red Devil end, snags this pass thrown by quarterback Den Sisemore for a 19 yard gain in the game played in

Arcadia last Friday night. The Devils spoiled Arcadia's Homecoming by giving them a 23-18 whipping.

DEVIL END Nathaniel Packer picked up nine yards on this pass play against Arcadia last Friday night. Packer is one of Avon Park's most improved players.

A GROUP OF LOYAL Red Devil fans and the A.P.H.S. pep band are rooting the Red Devils on to victory against the Arcadia Bulldogs last Friday night. Avon Park had a good crowd in Arcadia and it is hoped the loyal fans will be in Lake Placid this Friday night when the Devils meet the Green Dragons.

A HAPPY BUNCH of Red Devils are shown on the bus after they defeated the Arcadia Bulldogs last Friday night. The Devils will play the Lake Placid Green Dragons there Friday.

RED DEVIL fullback Keith Richards is being tackled by a host of Arcadia Bulldogs in the game played there last Friday night. Richards, a junior, gained 97 yards and scored three touchdowns in this game.

4 — The Avon Park Sun, Avon Park, Florida, Nov. 4, 1971

Eloise Sharpe

A lot of our Winter tourist are beginning to come back home to be with us—and bring with them a little nip of cool air in the mornings, which feels good.

There was a good turnout for the Halloween parade and carnival on Saturday. Each year, it is said, "This is the one ever," but come the next year, it's good too. And did you see all those horses? Everyone seemed to enjoy themselves at the carnival also. There was the "Spook house," which had a steady stream of youngsters; the Key Club had a crowd throwing water balloons at members tied to a stake; another booth which everyone seemed to be having fun at was the one where a pail of red water was dumped on Ron Weber. There was the ever popular cake walk, putting candies in the balloons, which fascinated the kids. The scouts had boots and the Lions had their famous barbecue chicken and the band had a booth, where you could buy a water pistol and shave the balloons, which fascinated the kids. Mr. and Mrs. B. W. Walker of Avon Park announce the engagement of their daughter, Miss Hazel Jean Brown to Warren Stevens, son of Mr. and Mrs. Robert O. Stevens of Sebring.

The wedding will be an event of Nov. 27 at 8:00 p.m. at the First Baptist Church of Avon Park. All friends and relatives of the couple are invited to attend the wedding and the reception.

Birthday Party At Stebbins' Home Sunday

Mrs. Florence Stebbins entertained on Sunday, Oct. 31, the occasion being her birthday. Her home was a scene of liveliness, with bouquets from friends and relatives.

The traditional cake was served, one for her and one for her son, Artha, whose birthday fell on the 19th. A bountiful dinner was served in her spacious dining area. There were beautiful gifts and cards from both relatives and friends.

Attending were her son, Malcolm Crews, along with his wife, Betty and sons, Dennis and Keith; George and Jeanne Bowers. Mrs. Stebbins' daughter, with her daughters, Sylvia and Patricia; also a friend, Robert Heine from Arcadia.

For Covered Dish Supper

There was a nice turnout for the covered dish supper at 6:30 on Saturday, Oct. 28 at the American Legion Home, with turkey furnished by the Bingo Committee.

After the supper, bingo was enjoyed at 7:30 by 60 people. The pay-offs are getting bigger as more people are coming to enjoy themselves.

There also was a nice turnout for the Halloween Dance held on Saturday, Oct. 30, with music by The Florida Play Boys.

See you next week.

Former Carolina Clogger "Clog" At Legion Dance Saturday

Tampa's loss was Avon Park's gain. The American Legion's regular Saturday night dance featured additional entertainment by Joe (Mrs. Sam) Parker, a former member of The Carolina Cloggers and the Blue Ridge Cloggers.

Joe, originally from Sylva, N. C., now makes her home in Tampa. With the help of some good country western music by the Florida Play Boys, Joe and one of her students, Billie Goff, did an exhibition "clog."

The crowded floor soon cleared, backing off to watch the two cloggers and two brave male partners from the audience. Heads moved up and down, eyes tried to follow the taps to the rhythm of Under the Double Eagle.

When Joe was asked, "How do you get so many sounds out of those two feet?" She replied, "It's simple—just feel and feel!" I can guarantee you, no one watching believed that it was a simple feel and toe!

Joe comes from a family of dancers. Her Mother, Mrs. Mashburn, who still lives in Sylva, was one of the signatories of a Clogging Dance Team of her era. Though she did insist that her daughter learn other dances such as ballet and tap, and at the age of 17, Joe herself, taught ballet and tap. When retraining this, Joe quickly added that clogging is and always has been her first love. It should be; she does it to perfection.

The American Legion sponsors dancing every Saturday night from 8:30 p.m. to 12:30 a.m. A variety of country western music is furnished by the Florida Play Boys. The enthusiasm of patrons from Avon Park and the surrounding towns is very much appreciated by the American Legion and The Florida Play Boys.

ROTARY CLUB NEWS

Kiwanian John Ramsey & Sebring, a director of the Ridge Area Association for Retarded Children, told of the plans for the recently initiated Adult Work Center for the Handicapped. After giving a brief resume of the work of the RAARC from its inception in 1967, including the founding and growth of the Ridge Area Day Schools at Avon Park and Lake Placid and the Pre-School Development Training Program. Mr. Ramsey showed slides of the projects and work activities now being carried on at the Opportunity Work Center, Kissimmee. The director of the Opportunity Center has acted as non paid consultant and advisor to the RAARC in setting up a similar program in Highlands County at the E. O. Douglas School, Sebring.

The program was started as a pilot program with five young retarded adults in the early part of 1971 and now has 11 clients with about the same number of applicants waiting to be admitted. The objective of the program is to teach occupational skills to enable the handicapped person to be a taxpayer not a tax burden. Ramsey pointed out that the work center was actively seeking jobs in the community that could be performed by the clients under close supervision. The work center has cleaned up the football stadium after the recent game and on basis of that experience will make a bid for next season. He asked for ideas and advice. After the meeting Rotarians Bud Worden and Steve Roberts advanced concrete proposals for projects. Other ideas will be welcomed and should be transmitted to Franklin Ward, chairman, Handicapped Children Committee.

Members were asked to help the rehabilitation project along by contributing hand tools that they might not be using. The list of hand tools included various types of hammers, squares, shovels, hoes, rakes, saws, tin snips, wood and metal files, trowels, screwdrivers, wood chisels, punch and chisel sets and backsaws and blades. Other items also included were: wrecking bar, scraper, wheelbarrow, buckets, hoses, post hole diggers, bar clamps, cement edger, nail set kit, cement groover and hand drill. Many other tools are needed but this group of hand tools will enable work to start in training the young adult retarded to lead a productive life.

Local Musicians Participate In Disney Opening

Last Monday (Oct. 25) 20 Avon Park High School band students had the privilege of participating in the spectacular grand opening events of Disney World just outside of Orlando. The students left Avon Park on a Greyhound bus sent by Disney World at 5 a.m. along with other band members from Lake Placid, Sebring, and Frostproof, in order to reach Disney World before their first rehearsal which took place at 7 a.m.

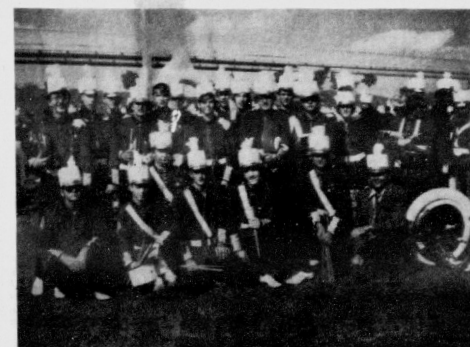

A long practice session took place until noon when the excited teenagers ate lunch and rested until the actual Grand Opening ceremonies at 2 p.m. The ceremonies and parade were televised and taped by NBC and were seen by many local people on Friday night.

Everyone attending had a marvelous time and each student considered it a great honor and thrill to participate and march in the 1,076 piece band directed by the "Music Man" himself, Meredith Wilson. Each participant received 8 passes to Disney World for their families to use at anytime they desire.

The students who had this honor were, Tulsa—Charles Snelgrove, Charles Klein, Bobby Strength; Trumpets—Mike Eberle, David Flowers, Warren Hasson, Vic Mickunas, Jr.; Drums—Nick Fells, Fred Ferguson, Barry Beunzel, Jeff Scott; Clarinet—Jimmy Ogilvie; French Horn—Sherwin Mackintosh; Trombones—Tommy Lawrence, Marty Chestnut; Baritone—Eddie Culbertson; Bells—Candy Reddick, Crissy Jones and Sandy Capell.

Growers Favor Lifting Price Control on Citrus

The fact that Florida has sold more frozen orange concentrate than the 1970-71 season produced is a strong argument for lifting present price controls on the product, United Growers said Monday.

And this was echoed in Highlands county by County Agent Bert Harris, Jr. Harris pointed out that most of the fruit in this county is sold for juice. There also is a juice plant, Home Juice, in the north end of the county.

United Growers general manager Wilson McGee said record sales of 135-137 million gallons, a totally inadequate reserve supply and a short crop season ahead would justify lifting the present freeze price of \$1.88 to \$2.10 a dozen six ounce can equivalents wholesale.

"We have pointed this out to Washington officials and it is our hope that when Phase Two of the Presidential program gets under way the \$2.10 price will be permitted as an economic necessity to preserve our vanishing inventory," McGee said.

The United spokesman said that although concentrate is changed from its original form it should be considered a seasonal item because Florida's 75 percent share of national orange production is subject to wide variations in annual crop sizes because of weather and disease.

"Concentrate supply is subject to the same variables as fresh oranges which are not subject to price controls. If the industry makes a concerted effort, I think a strong case for price relief can be made," McGee said.

Social Security Questions And Answers

BY JACK CARTER
SOCIAL SECURITY
REPRESENTATIVE

Q. I qualified for Medicare under a welfare program because I'm disabled and am almost 60. Why can't I qualify for Medicare?

A. To qualify for Medicare under social security, you have to be 65, regardless of your physical condition.

Q. I recently moved to this state and thought my regular social security check would be forwarded. I haven't got a check in two months. What's the matter?

A. We've just found out you didn't let social security know you were moving, or where you'd gone. Even though you change your address with the post office, you also must let social security know your new address. We've got your new address now and your checks will get to you in short order.

Q. I'm going into the service soon; will my social security coverage stop then?

A. No. You will continue to be covered by social security protection and you'll be earning social security credits right along. You and your family will be protected just as you were before you entered the service.

Q. I often work for my husband in his business. He is the owner of a grocery store. Is it possible for him to pay me wages and report them so I can become insured for social security benefits?

A. No. This is considered family employment and is not covered by social security. Call your social security office for a more detailed explanation if the business is incorporated.

Q. I am a student and plan to work during the summer months. How do I get a social security card?

A. File an application at your local social security office. The folks there will be glad to assist you. I have recently married. How do I keep my social security "straight"?

A. Ask your social security office for Form 3003. Complete this application for a name change and return it to the social security office with your old social security card. You will be issued a new one with your married name.

Q. I was paying \$5.30 per month Medicare premium. They went up to \$5.56 in July. Why?

A. As you know, costs have accelerated in all areas in the past few years. Doctors' fees are no exception. Too, more people are benefited by the program now, so this has had a tendency to increase costs. Remember, the government will continue to pay half the cost of the coverage. This is, effective July, 1971, also paying \$5.50 per month and the government is paying \$5.50.

Q. What farmers are required to make social security reports?

A. On themselves, if they have at least \$400 during the year from farming operations. On wage hands when they work on part of 20 days in the year, or to whom they pay at least \$150 during the year.

Q. When a girl marries, does she need to get a new social security card?

A. Yes. Her name changes and her employer must report wages under the name and number on her card. Therefore, she should get a new card that will show her new name, even though the number will remain the same.

Q. I have a maid who works for me one day a week. I pay her \$5.00 per day. Since this is such a small amount, do I have to take out social security taxes on her wages?

A. Yes. Since you pay her more than \$50 in a calendar quarter of the year, she is covered by social security. You are required by law to withhold social security taxes and report her wages to Internal Revenue Service.

Q. I recently hired a man to do some light yard work for me. He says that since he is over 72 and I do not pay him \$5 per day, I do not have to deduct social security from his pay. Is this true?

A. The age of the employee does not matter. If you pay him at least \$50 in a calendar quarter, you must withhold the tax and report his wages to Internal Revenue Service. If you pay him less than \$50 in a quarter, his wages are not reportable, and you do not have to deduct the tax.

Q. I only employ two people on my farm. Am I required to report their earnings under social security?

A. No. Employees who work for a cotton gin are considered to be farm employees and their earnings should be reported

Q. If an employee works for me for 22 days this year and is paid by the day, are his earnings covered by social security if he earns less than \$100 during the year?

A. Yes. The fact that he is paid on a time basis and works at most 20 days means that his earnings are covered and should be reported.

Q. I operate a cotton gin. Should I report my employees each quarter as I do in my grocery store?

A. No. Employees who work for a cotton gin are considered to be farm employees and their earnings should be reported

Letter To The Editor

Dear Editor:

I would like express my thanks to Lucy Derman and the Avon Park Sun for their coverage of my cross country team this fall. The public credit given to these boys through your paper has helped excite interest in my track and cross country programs.

Without such interested sports minded individuals as Mrs. Derman, the various teams at Avon Park High School would not get the credit they so richly deserve.

A special thanks for a job well done.

Notes On Helping The Handicapped

John A. Ambrose, Ph.D., Chief of the Biochemical Genetics and Metabolic Disorders Lab of the Center for Disease Control in Atlanta, stated in a paper that recent advances in the clinical and behavioral sciences make it possible to prevent some types of mental retardation.

Some diseases or conditions, if not detected early enough in a child's life, will render the child mentally retarded. Many such conditions are treatable, and can be detected prenatally by amniocentesis, or postnatally by screening.

Detected early states, Dr. Ambrose, the infant's chances of normal mental development are greatly improved if not assured. "For example, it is known that errors in amino acid metabolism can cause damage to the central nervous system." In some cases, brain damage can be prevented to a certain extent by a diet that contains

low amounts of one or more amino acids.

During the past 15 years, at least 20 amino acid disorders have been discovered. Undoubtedly, development of diet formulation for specific types of disorders will decrease the incidence of mental retardation.

Unfortunately, despite tremendous advances against many childhood diseases, not all possible preventative measures are being taken," reports Dr. Ambrose. As just one example, only 41 as of July 1970 states have laws requiring screening for phenylketonuria (PKU), and not even all of these states have established effective screening and follow up programs for PKU. Note -Florida passed PKU Law during the 1971 legislative session.

Thrifty Maid TABLE TALK

CABBAGE IS A WISE CHOICE FOR FALL MENUS

Cook fresh cabbage the thickest time possible and use very little water to save its high nutritive value. Never overcook cabbage because the flavor gets strong and it loses its crisp texture.

The cooking time in a stockpot is short — only 3 to 10 minutes — for shredded cabbage of different varieties. Finely shredded cabbage can also be cooked in a frying pan in a small amount of fat (1 tbsp.) and water (2 tbsp.), and 1/2 cup salt for each quart of shredded cabbage. Cover the pan to hold in the steam, and cook over a low heat for 5 to 8 minutes until the cabbage is tender.

For a different flavor, cabbage can be cooked in milk. Add 1 quart shredded cabbage to 1 1/2 cups milk and simmer for 2 minutes. Mix 2 tbsp. each of flour and melted fat and add a little of the hot milk. Stir this mixture into the cabbage and cook for 3 to 4 minutes or until thickened, stirring constantly. Season to taste with salt and pepper.

WANTED REPTILES? This group of Avon Park Middle School students have an scientific interest in reptiles and have brought in the specimens to prove it. They pose with two of the large reptiles: one a red tailed boa constrictor and the other anandini. Their instructor, Mr. Batty, encourages his classes to have better understanding of all living things in their environment and uses the snakes in teaching. Students in the picture are identified as Mike Birt, Kim Kornblum, Nina Oupree, Elaine Woodard, Chris Wright, Dale DuBoise, John Marsh, Jeff Williams, Craig Fout, Steven Ford, and Bob Young. The various snakes they have brought in were indigo, gray rat, coral, scarlet king, hogsnout, handout water, green water, glass snake lizard and garter snake.

Rev. Cannon Theodore R. Gibson of Miami was elected President of the Florida Council of Churches at its 24th annual Assembly, Oct. 26-27 at Lake Rydell Lodge, in Avon Park. Other officers include: the Rev. Dr. Carl A. Driscoll, Tampa, vice president; the Rev. Charles L. Landreth of Tallahassee, secretary and Mr. Bruce C. Cheatum of Winter Park, treasurer.

A president elect is chosen each year for election the following year. Mrs. Bruce Gray of Hastings was named to this post.

Ornival justice was a major concern at this year's meeting. The Honorable Quillian S. Yancey of Lakeland, chairman of the committee on Criminal Justice of the Florida House of Representatives called on church people to become more involved in prevention of crime as well as in rehabilitation.

His worst offense, he said is that we won't let a person forget what he had done, and we avoid involvement both in prison reform and helping persons return to a useful place in society.

Exposure to the so called "Jesus Freaks" took place in discussion and worship under the leadership of Hugh Turcia and Miss Leslie Hines from Orlando's group known at the "Word".

The Lay Witness Mission Movement was explained by the Rev. Lamar Ball, associate director of the Institute of Church Renewal located in Atlanta. Teams of person in congregations commit themselves to a practice of five disciplines (prayer; scripture study; group discussion; tithing and service) for a five week period, afterwards sharing their experiences with the congregation, and enlisting new teams.

The program of the council's 14 participating church bodies is divided among eight departments and commissions covering a wide range of cooperative endeavor. Related but not structurally a part of the council are the Florida Christian Migrant Ministry and Church Women United. Both Agencies make reports to the council as information in common concerns.

Policy statements are made at annual meetings which state "the position of the Assembly" on issues of a public nature. Two such statements were approved. One endorsed support of the proposed corporate income tax.

The other protested recent articles in Readers Digest for what was described as "an unjustified attack" on the World Council of Churches, and urged the journal to admit responsibility. An additional resolution was approved recognizing that "all powers people have the right to organize for self determination in all areas of life."

In a new ecumenical venture, the Council noted its participation in an October 31, special edition of the Florida Catholic, observing the 405th anniversary of the event that separated the Christian church into two groups.

The 1972 meeting will be held in the First Christian Church in Ocala on Oct. 24-25.

POSTMASTER Robert D. Young, center, looks over the mailing schedule for all servicemen overseas, with Lt. Col. J. W. Haerer, Base Commander at the Avon Park Bombing Range and Sgt. R. W. Lane, medical technician at the base.

Mayor Barben Unopposed, Four Seek Two City Council Seats

Charles H. Jordan, owner of Carpet Master, was the fourth to qualify for a seat on the Avon Park City Council when he qualified Thursday, Nov. 4, only one day before the city books closed.

Milton Howard, seeking reelection, James Strenth and Herman Sizemore are the other three candidates running for the two seats that will be vacant.

They qualified earlier. Mayor Bob Barben was unopposed for the mayor's seat that was also up for grabs. City election will be held Tuesday.

Dec. 7. Jordan and his wife, the former Nita Whitfield, and their three daughters, Janet, Cheryl and Kimberly, reside at 99 S. Delcote Ave. Jordan said he has lived in Avon Park three different times since 1969, but said he plans to stay now because he likes Avon Park. He is a good place to raise his family. He is a

native of Florence, S. C. Jordan said he will be for a progressive city government, and he thinks the Avon Park area is heading for a boom and he would like for us to be ready for it and not fall by the wayside as has happened in other areas. Jordan formerly worked for Smith-Corona Corporation in Orangeburg, S. C., where he

was in charge of 206-226 employees, and has budget experience since he handled \$300,000 every six months. He also worked for Critchfield Marine in going into business for himself approximately three years ago. He is president of two bowling leagues at Ridge Lanes. He has served three years in the navy.

Early Overseas Mailing Urged By Commander

The Commander of the Avon Park Bombing Range, Col. James Haerer, urged the citizens of Avon Park to begin their Christmas mailings as soon as possible. He stated that it takes approximately three weeks for a fast ship to cross the ocean and persons planning to mail to servicemen in Vietnam should be extra careful to pack gifts in strong containers with adequate cushioning and see to it that they are correctly addressed. Col. Haerer continued, "One of the most vexing and recurring complaints of servicemen serving in Vietnam (and their families) is the uncertainty of the time a parcel post package will arrive after it is placed in the mails."

Postmaster Young noted that many delays in mail for servicemen is caused by incorrect addresses. There are four essential elements to an overseas military address. They are: 1. The serviceman's identity, grade, full name, and service number. 2. His military unit-complete. 3. Gateway post office-New York, San Francisco or Seattle. 4. APO or FPO-A 5 digit number. Deadlines for mail for armed forces overseas are as follows: Surface Mail-November 3, SAM (Space Available Mail)-November 19, PAA (Parcel Airlift) November 26, Air Mail-December 10.

Board Chills Issuance Of Liquor Licenses

Highlands County commission intended to chill but not freeze the package liquor business—and if the new county ordinance does not accomplish that end, the ordinance will be amended. But even while this consensus appeared to be emerging among the Highlands County commissioners, the probability arose that the whole question may be irrelevant. State Beverage Department officials say that under present state laws many Florida counties are "over-quoted" with liquor licenses and issuance of new licenses within those counties is not contemplated. Which means there's a freeze anyway, probably. Right now everything hinges on some forthcoming legal opinions. Walter Davis, supervisor in (please turn to page two)

Hunting Season Opens This Weekend At Range

Hunting season will open Saturday, Nov. 13, but the Avon Park Wildlife Management Area located on the Avon Park Bombing Range will be open only on Sundays, unless otherwise announced.

The bombing range will have a bumper crop of deer, hogs and quail this year. Turkey, snipe and waterfowl are also a good bet in some areas of the range. Hogs are mostly using the marshes near the Kissimmee River and some really large ones have been seen. Hog dogs and deer hounds will be allowed north of the Fort Kissimmee Road only.

Bird dogs will be allowed on the entire area open to hunting and the quail hunter should find a bonanza this year at the range. The second phase of the migratory dove season will open for 16 days at 12 noon Saturday and will continue through November 28 with shooting allowed from 12 noon to sunset of each day. Remember Sundays only at Avon Park Bombing Range, unless otherwise announced. Deer are a good bet over the entire area with good activity noted around the edges of oak hammocks and heavy cover. Turkey activity is limited to the area north of Arbuckle Lake and the Kissimmee River marsh. All hunters must check in and check out at one of the two check stations. No pistols with scopes or rifles are permitted on the range. All items of Air Force ordinance are off limits and dangerous.

Fishing Creek Area The Fishing Creek Ranch of the Lykes Brothers Cattle Corporation in Glades County is an all-round sportsman's paradise featuring camping, fishing, hunting and nature study.

The habitat runs the gamut of oak hammock, snad scrub, cypress slough, and pine-palmetto flatwoods. All of the area except a small area of sand scrub is very wet this year which bodes well for hunting, but poor for travel.

Deer, hogs, turkey and quail dominate the game scene, and catfish and bass are available for the hunter who takes his fishing tackle along. Deer will move out of sloughs onto the pine flatwoods under the opening weekend hunting pressure.

Turkey and hogs will mostly be found in the cypress slough and oak hammock type and terrain will tend to move early and late during the day. Quail are abundant around the cover edges and out on the palmetto flats.

Swamp buggies and four-wheel drive vehicles will almost be a necessity on the area this year. Hunters are reminded that

this is a shotgun-only area, and deer and hog dogs must be left at home, except during special hog hunts on the Mizell Island portion of the area.

Rules and Regulations Hunters are being cautioned to keep it clean during the 1971 hunting season. According to Major Brantley Goodson, law enforcement chief of the Game and Fresh Water Fish Commission, there will be strict enforcement of Florida's litter laws during the season. Goodson said, "All wildlife officers are being instructed to make arrests for violations of the litter laws and this will include the one beer can—one cigarette package type of litter as well as the garbage dump."

The season for hunting native game birds and animals will open one-half hour before sunrise on Saturday, Nov. 13, except in northwest Florida where the season will open one week later on November 20. Resident game birds and animals include white-tailed deer, turkey, gray and fox squirrel, quail, wild hog (in specified areas) and black bear (in Baker and Columbia counties).

The Commission also (please turn to page seven)

Legal shooting hours for native game are from one-half hour before sunrise to one-half hour after sunset.

In addition to native game birds, Florida sportsmen will be allowed to take migratory mourning dove from November 13 through November 28 and from December 18 through January 10. Legal hours for dove hunting are from 12-noon to sunset.

The season for hunting snipe and woodcock will open statewide one-half hour before sunrise on Saturday, Nov. 20, and the season for duck and coot hunting will open on Thanksgiving Day, Nov. 25. Hunters are reminded by the Game and Fresh Water Fish Commission to review a current summary of hunting regulations for information on bag limits, shooting hours, and hunting rules. A summary of rules and regulations for hunting and fishing may be obtained from the office of all county judges or license agents or from the Commission at Tallahassee, Panama City, Lake City, Ocala, Lakeland and West Palm Beach.

Devils Defeat Dragons, Play Okeechobee Friday

Like the rain at Scarborough Field in Lake Placid Friday night, the Red Devils started slow but came on strong to take a 27-0 win from the Green Dragons in an unofficial Lake-Ridge Conference game.

The win moved the Devils to a 6-2 record and the Dragons lost dropped the South Highlands team to a 3-4 mark for the season. The rain appeared on the scene in the second half with a slight drizzle and advanced to a heavy shower with just four minutes left to play in the game.

This week Avon Park will travel down to Okeechobee to play the Green Dragons in an unofficial Lake-Ridge Conference game. The win moved the Devils to a 6-2 record and the Dragons lost dropped the South Highlands team to a 3-4 mark for the season. The rain appeared on the scene in the second half with a slight drizzle and advanced to a heavy shower with just four minutes left to play in the game.

Avon Park took over after the punt at the Devil 35 yard line and moved over to the Dragon 45 before the offense sputtered and Sizemore punted into the end zone. Again Lake Placid couldn't get a drive going, this time moving only six yards in three plays so punted out to the 50. Sizemore took the punt down to the 47 yard line and from that point the Devils marched for a score. It was tough going though. Three running plays by Keith Richards netted a first down at the Dragon 35 but a motion penalty nullified a pass gain by Nathaniel Packer and moved the Devils back to the 40. An incomplete pass and a one yard running play set the stage for third down and 15 needed. Sizemore dropped back and tossed over to the left side to

Devils and a loss or tie by the Crimson Hawks would put Avon Park in the state play-offs again.

Lake Placid Game Last week the Lake Placid Green Dragons threw up a tough defense to hold Avon Park to six points in the first half. In fact neither team showed much offense in the first two periods. Pass interference was called against Lake Placid on the extra points attempt as Packer had the ball knocked from his hands. So with only a yard and a half to go, the Devils tried to wedge it over with Lewis carrying the ball. He was stopped by the tough Dragon line but the score stood 6-0 early in the second quarter.

Keith Richards intercepted a Dragon pass midway in the second quarter but a holding penalty against Avon Park slowed down the ensuing drive. Late in the first half, Avon Park moved to the Lake Placid 20 yard line on a 17 yard punt return by Sizemore, a 15 yard penalty against Lake Placid, and a 10 yard pass gain by Packer. Ross Hendricks brought that Devil threat to a screeching halt with a pass interception and the Dragons ran out the clock trying to move out of their own territory.

After an entertaining half-time show by both school bands, the Red Devils came back ready to play ball. They took the kick-off and marched 70 yards to the other touchdown. Another interception by Keith Richards returned the kick-off (please turn to page seven)

Danny Lewis who pulled in the pass and fought his way down to the seven yard line. Lewis scooped up a yard on the next play and the first quarter ended with the ball on the Dragon six.

Devil quarterback Don Sizemore rolled off right tackle on a keeper play and sliced into the end zone for the touchdown on the first play of the second period. Chase Discussed At City Council Meeting Monday

Avon Park Chief of Police Ferland Cribb appeared before the Avon Park City Council Monday night in regard to the high speed chase that involved Patrolman Raymond Newman and Arthur Marshall.

According to Chief Cribb, the incident happened Friday, Oct. 29, at 12:02 a.m., when Marshall ran Patrolman Newman off the road on East Main Street. Newman then turned around and chased Marshall through Avon Park at a speed of 100 miles an hour with his light and siren on.

The chase continued east on Hwy. 64 towards Wauchula at speed of 120 miles an hour, with Newman calling for help on his radio, but his radio then went out. They were going through Wauchula at speed of 100 miles an hour when Marshall's car engine blew up.

Marshall then jumped out of his car and ran, with Newman firing three warning shots over his head. Marshall turned around with his hand in his pocket and Newman thought he saw a weapon and shot Marshall in the side. The shooting took place in an alley in Wauchula.

Marshall then was taken to a Wauchula hospital by the Hardee County Sheriff's

Department, then released to Avon Park Police Department who took him to Walker Memorial Hospital where he was treated and spent the night.

Marshall then was released back to the police department where he pleaded guilty to three charges in city court. The charges were attempting to elude police officer; reckless driving, willful and wanton; and no drivers license.

The incident was investigated by the sheriff's department and the state attorney and they found the chase covered under Florida's "hot pursuit" law.

Councilman Clarence King remarked that a high speed chase is extremely dangerous and the city could be liable for a suit if an accident happened, and he thought something should be done about this. Councilman Milton Howard said he thought Newman was just doing his job.

Chief Cribb said the incident would have been different if it had happened in the day time instead of the middle of the night when there was not much traffic.

City Planning Discussed Several firms were interviewed by the council for city planning. J. Henry Etter, representing Rader & Associates of Miami, presented a proposal for doing a comprehensive plan for Avon Park.

Tom Ulbricht and Ken Kellum of Milo Smith & Associates, Tampa, presented their ideas for development of an overall plan for Avon Park.

Charles O'Hara and Sam Lennard of Wilbur Smith & Associates, Orlando, presented their proposal of a comprehensive plan. O'Hara said he understood that there was a November 15th deadline for submission in order to be included in new funds. City Clerk Malcolm Crews was requested to call Tallahassee to check this out.

The council decided to call a special meeting for Wednesday night, Nov. 10, at 7 p.m. to discuss further into the city planning and to interview three more applicants for city building inspector.

Airport Committee Council President Joe Serdynski reported that the airport committee had a meeting with Ed Karvonen of FAA, and that (please turn to page two)

WILBUR GIDDENS, left, retired Avon Park Fire Chief, is shown receiving his first monthly pension check from City Clerk, Malcolm Crews. Mr. Giddens is the first city employee

to retire under the city's pension plan. He retired October 1, after 33 years with the fire department, 30 years of that as fire chief.

LEWIS LLEWELLYN

Sex and Morals

In a research study conducted ten years ago by Dr. Patricia Schiller of Washington, executive director of the American Association of Sex Educators and Counselors, 400 pregnant teenagers and 40 non-pregnant college girls were asked about the effects on them of television, films, books, and records.

"I was startled," Dr. Schiller said, "in working with young girls, to learn to the provocative lyrics of the songs they liked—'Why don't we do it in the road? Gimme, gimme what you got'—as I decided to measure the erotic effect of media."

Rock music records, the study showed, could be especially provocative when young girls, 12 and 13 years old, listened with their boyfriends.

Her studies revealed, she reported, that "most of the singers are men, and while the girl is sitting with her boyfriend, the record seems to be saying the things he wants from her."

"It's very hard for these kids," Dr. Schiller said.

Lyrics Provocative

The girls who were interviewed mentioned as particularly exciting the Rolling Stones, with such hits as "Let's spend the night together."

"Kids do listen to lyrics," reports Dr. Schiller, "and they're very provocative and arousing, particularly when the lyrics are young."

Her much relationship is between this information and the fact that illegitimacy is increasing among very young girls. Probably not only the complete answer at this time.

However, it is clear that the situation is serious. A report issued this year by the Children's Home Society of California disclosed that in 1970 births to unmarried mothers reached a new high of 46.6 per 1,000 live births.

Three of these mothers were 12 years old or younger. It were 12 or 13 years old.

The same pattern, with variations, is being repeated across the nation.

Some concerned individuals are proposing that sex education in the public schools be the answer to this increasing problem.

Other concerned individuals do not believe that education is the biological facts of sex, without any moral emphasis, will have the desirable effect on the problem of illegitimacy. In truth, they strongly disapprove of the approach to morality taken by some educators.

Dr. Mary Calkins, a leader in promoting sex education in the public schools, has said, "We need new values to establish when and how we should have sexual experiences. You are moving beyond your parents' when a student is asked to sign a premarital sex for teenagers, she replied, 'What's yours? Nobody from up on high determines this. You determine it.'"

I don't believe the old 'Thou shalt nots' apply any more.

How Can It Help?

It morality based on the Ten Commandments is removed from sex instruction, how can it improve the situation where to illicit sex and illegitimacy are increasing?

If the proponents of sex education in the schools as the way to control illegitimacy really mean that they merely want the students to be given information about contraceptives, so that they can engage in illicit sex without any resulting pregnancies, they are wrong.

But undertaking to reduce the prevalence of illicit sex by teaching the biological facts of sex without moral guidelines is like trying to reduce the incidence of murder by giving instruction in the characteristics and use of guns.

Lake Placid Man Sustained \$100 Damages In Accident

A Lake Placid man's motor vehicle sustained \$100 damages in a front-end accident on State Road 17 Sunday afternoon. Jonathan Stokes was using one car he owns to tow a second of his auto. The hitch on the first car came off, allowing the towed vehicle to roll forward and strike the first car.

Stokes was not injured in the mishap which happened about four miles north of Lake Placid. Trooper James Vann, investigating for Florida Highway Patrol, No charges were filed.

KRISTOFFERSEN MACARASES

A Sebring woman suffered minor injuries in a two-car accident on US 27 Saturday at 4:35 p.m. Trooper Vann, who investigated for FHP, said Rose Kristoffersen of Sebring was driving east across 27 about 2 miles south of Sebring.

As she pulled into the northbound lane her car collided with an auto driven by Sidney Macarases of Miami. Macarases escaped without injury. Damage to his car was estimated at \$500. Damage to the Kristoffersen car was set at \$150.

The Sebring woman was charged with failure to yield at an intersection.

\$1,000 DAMAGES

At 3 p.m. Saturday a pickup truck driven by Kenneth Detjen of Lake Placid sustained \$1,000 damages in a single vehicle accident on the Detjen Dairy Road, 20 miles south of Lake Placid.

According to FHP Trooper Vann, Detjen was headed south when his pickup-car was overtaken. He skidded along the shoulder for 200 feet, crossed the road and slipped sideways

Liquor Licenses

(Continued from Page 1)

the Lakeland office of the State Beverage Dept., carefully declined to comment on whether Highlands County could, under any existing state law, qualify for new licenses for package sale of liquor.

He does point out that several factors are considered in the issuing of a license and increase in population is "only one factor. It is a fairly complicated process."

The new Highlands County ordinance deals with one factor—population increase. The ordinance probably the first such one passed under Florida's new home rule provisions—was unanimously approved by the county commission at its Nov. 2 meeting. It provides for the county commission to have the right to limit "the number of additional alcoholic and intoxicating beverage licenses to one such additional license for each 5,000 or major portion thereof, increase in population according to the 1970 census."

Other ordinance states, "This limitation shall be in lieu of the general regulation which permits the issuance of an additional license for each 2,500 persons increase in population as per the current census."

Davis pointed out the state's general laws dealing with liquor control provide for a "quota system" which is linked to the 1970 state census taken every 10 years. Even under home rule regulations can not alter these relationships.

However, in recent years the counties throughout the state have been, through special legislation, raising the number of licenses required to a "quota system" which is linked to the 1970 state census taken every 10 years. Even under home rule regulations can not alter these relationships.

Northern Industry Spreads Gloom Over Florida

Northern industrial centers are glooming a little gloom into the Sunshine State — with Highlands county feeling a share of it.

Unemployment in this area is down, as usual, for this time of year as the citrus harvest puts people back to work. But northern workers, seeking jobs, are coming into the area this fall at a greater rate than ever before.

The beginning of the citrus harvest usually makes an eight to ten per cent reduction in unemployment. But northern workers are coming into central Florida faster than agribusiness is absorbing workers.

Employment service offices operating in this area report that the number of jobs available now is "about average for this time of year."

New pollution controls are also pinching the small operators, he said. So far Highlands county agribusiness has not shown adverse reaction to automation and/or pollution control, Dockery said.

"We keep hearing about new methods of harvesting citrus which will require fewer workers, but I have not seen any real difference in employment in the citrus harvest," Dockery said.

"The East Coast continues to have some problems with underemployment of overskilled workers, but only a few of these people seem to turn up in the Ridge area," Dockery said.

"The influx is from out-of-state," Dockery said.

Time of the accident was listed as 8:20 p.m. on Nov. 5. According to witnesses, Thompson was walking north in the inside lane of the northbound portion of US 27, about 3 mile south of Lake Placid.

Shuler, who was in the process of passing another vehicle, swerved to avoid the pedestrian but struck him with the left front end of his vehicle. Speed was estimated at 45 miles per hour.

No charges have been filed. The victim was moved by ambulance to Highlands General Hospital where he was pronounced dead on arrival.

Crackdown On Lottery In County

A widespread central Florida crackdown on lottery operations spread to Highlands county Friday with the arrest of three persons in Sebring and one in Avon Park.

Picked up in a Friday night sweep were Timothy Gibbs, 53, owner of Tim's Sundries, Avon Park, Galit Lesene, 65, and his wife Linnie of 303 Booker st., and Robert Olds, 60, of 546 Lemon st. All had records of previous lottery arrests.

The arrests locally climaxed two years of investigation. About four months ago Sheriff O. L. Raulerson, Jr., asked assistance from the Florida Department of Law Enforcement.

Fanning out with four arrest warrants were four teams of lawmen, headed by Raulerson, Sebring Police Chief Lonnie Carl, Avon Park Police Chief Ferland Ribbs, and the DLE chief. There were seven sheriffs' deputies, one patrolman from Sebring, three from Avon Park and five DLE men.

The four persons arrested posted \$1,000 bond and will be arraigned in about two weeks. They are officially charged with maintaining and operating or aiding and conducting a lottery.

"As far as we know, these were the only numbers writers in Sebring," Raulerson said.

He said that lottery rundown sheets were picked up at the residences of those arrested in Sebring.

DONALD JOHNSON, 18, son of Mr. and Mrs. Paul B. Johnson, 115 S. Prospect, caught this diamondback rattlesnake at Carter Creek. The snake was stretched out on the road when Donald caught him. The rattler was six feet, nine inches long and had 19 rattles and a button. Donald held the large reptile in his hands, all the way from Carter Creek to his home. He said he had caught smaller snakes before, but this was the largest and most poisonous one he has caught. He had the snake stuffed by L. T. Sellers, taxidermist, who did an excellent job. "I might add," Donald said, "the snake sang his rattles all the time until he put him into the deep freeze." Donald is a 1971 graduate of APHS and is employed by Studebaker Motors, Lake Wales. He was given moral support by his friend Doug Sever, who drove him home, with the rattler singing.

Volunteers Needed For Youth Groups

Highlands County Extension Specialist—Citrus, Tim Hurner, reports that there's an urgent need for volunteer adult leaders to serve with our nation's youth organizations—groups such as 4-H and many more.

Hurner points out that many young people receive too little guidance from their families. In today's fast moving world, even the most conscientious parents find it difficult to provide their children with adequate recreation and purposeful uses of leisure time. This is where youth organizations, like 4-H attempt to fill in—not simply to guide young people in the development of useful skills and healthy attitudes.

Tim Hurner, said "if more time and money were devoted to our youth organizations, less help would be needed to support correctional institutions." Hurner asks all interested citizens to volunteer for service as an adult leader with the youth organizations of your choice. If you would like to be a 4-H leader, contact Tim Hurner at P. O. Box 209, Sebring or call 385-9945.

Over 100,000 people have visited the Florida citrus industry's Walt Disney World attraction since it opened on October 1.

Bonnie Brae Mobile Estates News

The Telos, Hannah and Marvin of Pennsylvania and their wife living at Southern Mobile Park, recently called on Maude and Frank Foote.

The Lemlers' Cecile and Harry arrived at Bonnie Brae last Friday. Cecile has had a hectic summer. She fell and broke her shoulder and was confined to the hospital for awhile before going to a nursing home to recuperate. We are all glad to see them back and hope that the Florida sunshine will do much for both of them.

On Tuesday Ethel Putman and Maude Foote went to Winter Haven on a shipping spree.

Art and Lucille Smalley returned to Bonnie Brae October 23rd after a delightful summer which included a 4,000 mile trip to Twin Falls, Idaho, by way of Barbaboo, Wisc., to visit the World Circus Museum. They went to West Salem, Wis. and spent a few days with Ed and Lil Wehr, camping in a travel trailer at a nearby lake and making daily trips with them to see the interesting points around West Salem and La Crosse, Wis. From there to spend a few days at Yellowstone National Park and then to Twin Falls. Traveling north from Twin Falls over beautiful mountain roads to Missoula, Mont. and then spending several days at Glacier National Park. Leaving Glacier, traveling U.S. Highway 2 across the northern States, through the Upper Peninsula of Michigan and back home to Middleville, Mich. A late summer trip to South Bend, Ind. to a trailer rally and a fishing trip to Upper Mich. concluded the travels. The remainder of the time was spent at the cottage at Nevins Lake and at home. The trip to Florida was by way of the Rocky Mountains where the Autumn colors were unbelievably beautiful. They spent several days there enjoying the scenery. Good to be back at Bonnie Brae.

Dot and Albert Price entertained her sister and husband, Mr. and Mrs. Arthur Roemmel from Naples for the weekend.

Mrs. Anne Twork from Kismimmie called on Tom and Evely Chockley. Sunday afternoon.

Mrs. Kathryn Massengill, a friend of Rozzie's and Lesters who lives in Palmetto and formerly of Anderson, Ind. was visiting her son and family at South Lancaster, Mass. before returning to Florida. Kathryn was taken ill and her husband realized that the trip would be too much and had her flown down. She spent the night at the Parkhursts before being admitted to Walker Memorial Hospital where she is under observation. Her husband, Bob arrived on Saturday at noon having driven through from Mass. You can always depend on Rozzie and Lester to be there when the need arises.

Committee Appointed

Almost anyone who is familiar with the building needs in Avon Park will agree that the most needed building at the present time is a larger library and also a new woman's club house.

At the meeting of the Club last Friday the members voted unanimously to appoint a committee to investigate the possibilities of selling the present library on Main Street, moving away the present club house and erecting a building on the corner of East Pine Street and South Verona Avenue.

This building is to be large enough for adequate library space and also have an auditorium with seating capacity for several hundred people.

Mrs. George R. Couch, the new president of the Woman's Club has appointed the following to investigate all angles of this proposed transaction: Mrs. T. Hayes, Maxwell, Mrs. J. F. Wagner and Mrs. A. S. Turner, Jr.

At the meeting Friday, a discussion was held on organizing "Friends of the Library", for assisting and supplying of maintenance of the library.

The young man has been named Jonathan Tristram and weighed 7 pounds 11 ounce. Proud paternal grandmother is Mrs. R. L. McCully of Avon Park and maternal grandparents are Mr. and Mrs. W. J. Tuvig of Jacksonville, Fla.

Mr. and Mrs. Leslie

Accompanying them on the trip were Al and Diane Howard, formerly of Detroit, Mich. They took in the sights of parts of Germany, Switzerland, Austria and Italy. OPPS!

We don't know how, but two nice looking drummer's names were left out of the list of band members attending the opening of Disney World on Monday, Oct. 25th. We're sorry, because they, Hal Worden and Dale Laflam, were there drumming away with the 26 Avon Park Grenadier Band members.

Paul doesn't recommend Seattle for old folks but says "You're either going up hill or coming down, there is no flat spots." They are glad to be back in God's flat country, Florida and Avon Park.

We, (hubby, Ed, daughter Stacy and I) took our daughter, Gwen to the Airport in Miami on Friday, Nov. 5 for her flight to Panama in Central America, to join her husband John Hafford. Can you imagine all the things that go through a mother's mind, when one of her children is leaving to go to another country for the first time? We stayed with Gwen as long as we could, and I really looked each passenger over as they entered for the same flight as hers. Since the trouble with Cuba and Panama, I could just imagine, one of them wanting to attack the plane to Cuba, or maybe even worse. I was wondering too about the living conditions she would have in a strange country, I guess I am one to wonder about the worst and pray for the best. After being in a large city and seeing the hustle and bustle and confusion there, it really makes one appreciate little towns like Avon Park.

Some people may like large cities, but for me—give me a nice quiet little town (like Avon Park) any time.

Mr. and Mrs. Billy Dixon were in Orlando over the weekend to visit their daughter and son in law Mr. and Mrs. Kenneth Martin and little Toni. Sandra and daughter, Toni returned home with her parents to spend this week with them.

Milford Billy of Avon Park.

Mr. and Mrs. Jim Severe visited Mr. and Mrs. M. D. Schaffer in Clearwater on Sunday.

In the business session, it was presented to the members for their consideration, the selling of the club house and the library and lot, and to erect a new library and club house on the same location as the club house now stands. The club voted unanimously to appoint a committee to investigate all angles pertaining to this proposition.

The Bell Ringers from the Florida Southern College in Lakeland will give the program at our next meeting on Dec. 3 in the United Methodist Church at 7:30 p.m. We are indeed fortunate to have the opportunity of hearing this fine choir, who has played in every state and also in Europe. The public is invited, so remember this date, Dec. 3.

REPORT OF THE LIBRARY

Albert Cushing played a medley of songs by Stephen Foster on his violin. He was accompanied by Edna Jackson. Mrs. Couch had attended the National Convention of Women's Clubs in Pittsburgh this past summer. She gave us some high lights of that meeting. One of the thoughts on Ecology brought out at the meeting: "Women should be able to do a lot about it. For it is just housekeeping on a much bigger scale."

Refreshments of pumpkin pie and coffee were served by the committee: Susan Payne, Fannie Roche, Mary Taylor, Grace Trim, Martha Roper and Ivanette Hop.

Stark Shower

Last Tuesday evening Nov. 2, the ladies from the Nazarene Church gave a stark shower, honoring Mrs. Paul Trissel. The tables were very attractively decorated with pink cloths overlaid with ruffled eyelet. The refreshment table was centered with a clever permanent arrangement created by Ridge Florist. The table had an outline of an umbrella with a miniature baby sitting on the top.

Walt Disney World is Florida Power Customer

Question:

Does Florida Power Corporation provide electric service to Walt Disney World? If so, how much?

Answer:

Yes, Florida Power Corporation serves approximately 3/4 of the total electric energy requirement for Walt Disney World. The large recreational complex provides the other 1/4 from its own resources.

Question:

Is Walt Disney World the real reason Florida Power Corporation is having to build so many new power plants?

Answer:

No, Walt Disney World's electrical requirements represent only 10 percent of the normal growth we will experience this year in electrical demand. The reason we are having to build new plants is because of increased usage by existing customers as well as new residents

and businesses moving into our 32-county service area.

Question:

Why does Florida Power bill customers each month? Wouldn't it be more economical to bill every two months?

Answer:

The company investigated bi-monthly billing but found the costs would actually be higher. It would also place an undue burden on customers who would have to pay for two months' electric service at one time.

Question:

Do I need a light in the room when I am watching TV?

Answer:

For better television viewing, leave a soft light on in the room. The contrast of the bright picture tube in a dark room has a tendency to tire your eyes. Try to place the TV light so no reflection will be cast in the picture.

Question:

Why does Florida Power send its bills in first class envelopes with return envelopes? Wouldn't it be cheaper to use a card and let the customer provide his own return envelope?

Answer:

There would be a slight savings if we switched to cards. This savings is not enough to outweigh the faster payment of bills the present system encourages, or the convenience to the customer of the self-addressed return envelope.

If you have any questions concerning your electric service or our company in general, please write Mr. A. P. Perez, president, at our general headquarters, P.O. Box 14042, St. Petersburg, Florida 33733.

A Letter Of Thanks

Dear Friend of Goodwill:

Appropriately, during November, the month of Thanksgiving and celebration of bounteous harvests, the handicapped men and women receiving rehabilitation services at Goodwill-Suncoast wish me to convey to you their "Thanks for Giving."

Were it not for the many hundreds of thoughtful and considerate individuals of the press, radio and television, Goodwill would have been unable to tell residents in its service area of the need for materials and funds vital to its many rehabilitation programs. Goodwill workers process an average of 10,000 bags of repairable clothing, household items and small appliances every working day. This keeps 650 handicapped persons steadily employed in tasks designed to enhance their skills and prepare them for employment in private business. They also earn while they learn and thus become taxpayers instead of tax burdens.

For all this, we wish again to say to you, "Thanks for Giving."

Sincerely,
James J. Szemas

Mr. and Mrs. Charles Keys Return From Tour of The South Pacific

Mr. and Mrs. Charles Keys have returned from an AARP NRTA 40-day tour of the South Pacific.

A tour director from Los Angeles accompanied the group of 21 persons, they flew from Los Angeles to Papeete, Tahiti, made a trip to the island of Moorea where part of the movie "South Pacific" was made, were two days on the island of Bora Bora, which is one of the most beautiful islands in the world. It is surrounded by coral reefs. The Hotel Bora Bora where they stayed is made up of thatched roof cottages.

A trip was taken in a glass bottom boat over the coral reefs. A diver went below the boat and fed clams to the fish which he dug from the coral. One evening a barbecue was held on the beach then the Tahitian natives entertained.

Many places were visited in New Zealand. The view of the snow capped mountains and the green country side from the air was a beautiful sight. Tokyo was seen in Australia.

While in Canberra, the capital, a trip was taken to a sheep station in the bush country. A demonstration of sheep shearing and sheep dog working the sheep were witnessed. Then a barbecue was held at the station.

In Ayer's Rock the spectacular color changes on the world's largest monolith was seen at sunrise and sunset. At Cairns a boat ride was taken to Green Island on the great Barrier Reef. Here a visit was made to the underwater observator set in coral gardens on the sea bed.

In the bush country of New Guinea the natives live primitively yet. The group attended a sing sing, visited typical villages, mission schools and saw the "Mud Men" do a ritual dance.

On New Britain Island and Guadalcanal World War 11 battlefields were visited. There were miles of tunnels made by the Japanese for strongholds. At the present time many Japanese men are in the area searching for the remains of some 2200 Japanese soldiers, who died in the island during the war. Their bones will be burned and the ashes will be flown to Tokyo for burial.

After leaving Guadalcanal the group flew to Fiji. Three days were spent in Suva. An excursion was made to an island village. The traditional Yagona (Kava) Ceremony and a Fijian feast were enjoyed by all. Before returning to the states the tour stopped in Honolulu for a day and night.

from the eight to the 31 yard return. Then Dan and Keith Richards took gridding out the yard to the Dragon 15. Siemore Packer with a sideline good for 11 yards to the placid four and the quarterback went across right end on another key. This time the try for point conversion was successful. Siemore pitched-out to Lewis and the sophomore halfback picked his way to the points.

The Red Devils deflected on the next Dragon stopping the Lake Placid offense at the 50. A punt to the 20 yard line was returned 21 yard line by Danny Richards. Again the Devils moved on the ground. Richards and Siemore alternated carrying the ball. The 50. Then Packer play and a five yard gain against the Dragons moved the ball to the Lake Placid line. So with first and 10 Siemore went through the side of the line and through the Dragon sector to race the 33 yards for a TD of the game. This time Siemore kicked the point and Avon Park led 21-0 the third quarter.

Avon Park's final score at the beginning of the period. The Dragons were in their own territory, pushed backward. The Red Devils fumbled at the Dragon safety back Don Siemore on it for Avon Park. The move to the one yard line was a two running play. Richards slushing through nine yards to the one yarder backed them up. The last three more running yards to get in for the TD with Richards carrying it in six points. An attempt was no good when the w got away before it could kicked.

The rest of the fourth was played in the rain. The fans sought shelter of their cars. The drove deep once but lost on a fumble and Lake was unable to get a score. The scoreboard in the minutes as they tried in break away for a score.

Again it was Keith R leading the ground gain. 75 yards in 17 minutes. Altogether the Devils out some 227 yards ground and passed for as they made 16 first Siemore completed 4 passes with Packer 3 and Lewis catch. Both teams lost the ball with an interception a with a fumble.

The Avon Park defense stung with the yardage Lake Placid. Ray Ca Red Devil kick-off saved a possible touchdown. The early in the second when Selvin McCabe loose for a 45 yard try his 10 to the Devil 45. Culpeter caught the ball from behind.

Devil halfback G saw some action in the quarter and seemed running at full tilt. James Coleman misse game because of food. The senior halfback took most of the seas foot injury but had touchdowns against week before last. All backs should be ready for the Okerecheba.

Junior line and showed some real toes against the Lake Pl last week. Prescott tackled and two sacks racked up by the Dr. The several times McRae and Siemore five tackles each. Five assists. Williams played his defensive game. Tackles. Also very middle of things were Jarvis Hart, cher, Ronnie Dick, Walker as well as Packer and Arnold whole Red Devil saw some action last

from the eight to the 31 for a 23 yard return. Then Danny Lewis and Keith Richards took turns grinding out the yardage down to the Dragon 15. Sisemore hit Packer with a sideline pass good for 11 yards to the Lake Placid four and then the quarterback went around the right end on another keeper for his second score of the evening. This time the try for the two point conversion was good as Sisemore pitched-out to Danny Lewis and the sophomore halfback picked his way in for the points.

The Red Devils defense held on the next Dragon series stopping the Lake Placid offense at the 50. A punt down to the Devil 18 was returned to the 23 yard line by Danny Lewis. Again the Devils started moving on the ground. Lewis, Richards and Sisemore alternated carrying the ball to the 50. Then Packer caught another Sisemore pass good for nine yards. Another running play and a five yard penalty against the Dragons moved the ball to the Lake Placid 33 yard line. So with first and 10 needed, Sisemore went through the right side of the line and broke through the Dragon secondary to race the 33 yards for his third TD of the game. This time Sisemore kicked the point after and Avon Park led 21-0 late in the third quarter.

Avon Park's final score came at the beginning of the fourth period. The Dragons were deep in their own territory and being pushed backward. The ball was fumbled at the Dragon 16 and safety back Don Sisemore fell on it for Avon Park. The Devils moved to the one yard line in just two running plays with Richards slashing through for nine yards to the one. Then a five yarder backed them up and it took three more running plays to get in for the TD with Keith Richards carrying it in for the six points. An attempted kick was no good when the wet ball got away before it could be kicked.

The rest of the fourth quarter was played in the rain with many of the fans seeking the shelter of their cars. The Devils drove deep once but lost the ball on a fumble and Lake Placid was unable to get on the scoreboard in the remaining minutes as they tried in vain to break away for a score. Again it was Keith Richards leading the ground gaining with 75 yards in 17 carries. Altogether the Devils ground out some 229 yards on the ground and passed for 72 yards as they made 16 first downs. Sisemore completed 5 of 11 passes with Packer catching three and Lewis catching two. Both teams lost the ball once with an interception and once with a fumble.

The Avon Park defense was stingy with the yardage it gave Lake Placid. Ray Culpepper, Red Devil kick-off lineman, saved a possible Dragon score early in the second quarter when Selvin McGahee broke loose for a 45 yard return from his 10 to the Devil 45 yard line. Culpepper caught the Dragon from behind.

Devil halfback Greg Hartt saw some action in the fourth quarter and seemed to be running at full strength but James Coleman missed another game because of food poisoning. The senior halfback has been out most of the season with a foot injury but had scored two touchdowns against Arcadia week before last. All Red Devil backs should be ready for action for the Okeechobee game.

Junior lineman Andy Prescott showed some real tough hitting against the Lake Placid boys last week: Prescott got four tackles and two assists as he cracked up the Dragon quarterback several times. Leon McRae and Sisemore both had five tackles each and McRae had five assists also. Nate Williams played his usual fine defensive game getting five tackles. Also very much in the middle of things defensively were Jarvis Hartt, Mike Archer, Ronnie Dick and James Walker as well as Nathaniel Packer and Arnold Davis. The whole Red Devil squad got into some action last week.

Coin Toss

RED DEVILS captains Don Sisemore and Ted Long look on as the referee tosses the coin before the Lake Placid game last Friday night. The Devils went on to shut-out the Dragons 27-0. Avon Park will play in Okeechobee this Friday night.

Devil 'Bees' Beat Sebring 'Bees' 20-12

The Red Devil "B" team moved to a 4-3 record last week with a 20-12 victory over the Sebring junior varsity here at Memorial Field last Thursday night in the last home football game of the season.

Tonight (Thursday) the Devil "B" team travels to Lake Placid for the last junior varsity game of the year. In an earlier meeting with the Lake Placid team, Avon Park came out on top by a score of 16-0. The game will be played at Scarborough Field in Lake Placid starting at 7:30 p.m.

There was no scoring in the game last week in the first period but early in the second quarter Sebring's quarterback slipped through the Devil line for three yards and a touchdown climaxing a drive. The kick for the extra point was no good but the Sebring "B" team led 6-0. Avon Park came right back and drove in for a touchdown later in the second period with Ricky Claitt dashing the last 13 yards for the score and then ran the ball through the middle for the two points to put the junior Devils ahead 8-6 at halftime.

In the third quarter Avon Park lengthened its lead as William Burley bulled the ball in from the two yard line to climax a 70 yard drive. Burley's run for the points after was stopped short setting the score at 14-6.

In the fourth quarter Sebring drove down the field again and went in for its second TD from one yard out. The attempted run for the two point conversion was no good and Avon Park held on to a slim 14-12 advantage. Then with less than a minute left in the game, Avon Park was driving and trying to run out the clock to take the two point win, when Ricky Claitt burst through the middle of the line and galloped 65 yards for a game-winning TD. The speedy halfback outdistanced the entire Sebring defense once he broke through the line of scrimmage. A pass attempt for the points after the TD was no good but Avon Park had the 20-12 victory for its fourth win of the year.

Dinner Held For Highlands Salon No. 687 of 8-40

A dinner for Highlands Salon No. 687 of 8-40 was held at the home of Hazel McConnell in Sebring on Monday, Nov. 1, at 7 p.m. preceding the business meeting with Virginia Moody of Sebring helping host.

The business meeting was opened at 8 p.m. by Chapeau Moody, with much discussion on the Denver Jewish children's Hospital in Denver, Col.

The Salon voted to send birthday cards with 10c in each one, to each child, having a birthday each month; the hospital supplies the names of the children each month.

A letter was received from Mrs. Herb Robinson, Department of Chapel of Sarasota, requesting the Salon to make a contribution to the Hospital Equipment Project, instead of contributing a bed, as in the past. The Salon voted to contribute to this project.

Partners are to bring toys to the December meeting, so each child at the W. T. Edwards Hospital in Tampa will receive a toy for Christmas.

The Christmas party, which will be December 7, will be held at the home of Rene Maston at Sebring Shores. Gifts will be exchanged between partners and gifts must be homemade.

Grace Estes, who is a transfer from Illinois, was welcomed into the Salon. After the regular meeting adjourned at 9 p.m., initiation of partner, Myrtle McLaure of Lake Placid was held.

Attending from Avon Park were Margaret Stewart, Dorothy Lane, Ruby Heim, Clara Teppert and Verna Heim.

Hunting Season

(Continued from Page 1)

courages sportsmen to wear blaze orange hunting garments when hunting deer and small game.

According to the Game and Fresh Water Fish Commission, all sportsmen should adhere to a basic rule of respect for landowner and their property. Since most hunting in Florida is on private land, all sportsmen should remember that the key to the future of hunting is held by the landowners.

Treated fairly most landowners will meet the responsible hunter halfway; mistreat them and their property and they will retreat behind "No Trespassing" signs.

James B. Windham, Commission chairman, said, "Some basic guidelines which will help improve relations with landowners include:

Always ask permission to hunt on private property. Not only is it the law, but it is also good common sense.

Hunt only in areas which the landowner designates. Never go into areas he asks you to avoid. Stay away from livestock.

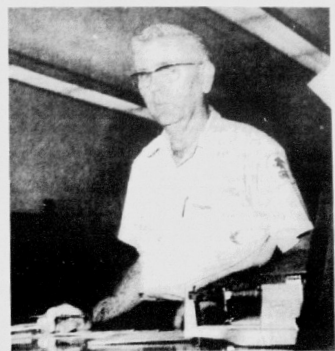

Respect his fences. If necessary to climb them, climb over by a post. Use gates when possible and be sure to close the gate behind you.

Never shoot near houses, barns, or other buildings.

Avoid fields where people are working, or pastures where livestock is grazing.

Share your game with him. Take your litter home with you.

By following these guidelines any hunter can unlock the door to the landowner's hospitality.

FOLLOWING IN THE footsteps of his grandfather, "Acreefoot" Johnson, is Forest Johnson who has been with the Avon Park Post Office for the past 15 years. A memorial service will be held for "Acreefoot" Sunday, Nov. 14, 3 p.m., at Kabrah Cemetery near Arcadia.

Memorial Service Sunday For Walking Mailman Acreefoot

A large crowd is expected Sunday, Nov. 14, at 3 p.m., when the Peace River Valley Historical Society will place a tombstone on the grave of James Mitchell "Acreefoot" Johnson.

The dedication ceremony honoring the famous walking mailman of the 1870s and 1880s will take place at Kabrah Cemetery, three miles south of Arcadia near Nocatee. Johnson died in 1922.

U. S. Senator Lawton Chiles, Florida's famed walking senator, will be the principal speaker at the dedication ceremonies, and one of Acreefoot's descendants, an attractive little girl, will unveil the monument, according to Col. Read B. Harding, society secretary of the Peace River Valley Historical Society.

Forest Johnson of 221 E. Canfield, Avon Park, is a grandson of Acreefoot. Forest, married to the former Vela Wicker, came to Avon Park from Arcadia in 1945, and has been with the Avon Park Post Office for the past 15 years. The Forest Johnsons have two daughters, Phyllis and Alice.

According to the late Albert DeVane, amateur historian, Acreefoot walked from Fort Ogden to Fort Meade with the mail pouch in one day. The route Acreefoot took: Fort Ogden to Joshua Creek, to Long Point, to Gumbo, to Bark cove, to Crewsville, to Bereah and on to Fort Meade. Acreefoot made the trip back to Fort Ogden the next day.

Bob Morgan, postmaster at Fort Ogden, said Acreefoot's route can be traced on aerial maps. Crewsville is a quiet little community with a very old cemetery. Joshua is also a small community. It is also reported that Acreefoot, a big 250 pound

HOW LONG will this clump of Paraguay 22 Bahia grass remain alive? Is a question debated by members of the Forage and Cover Crop Class of South Florida Junior College. The grass growing on the shore of Lake Glenade has had water covering the roots about seven weeks while water has covered the stems for three weeks. Jenenne Pearl Took First Place In Bare Back Riding

Miss Jenenne Pearl, 11 year old sixth grader, took first place in "bare back western pleasure" Saturday, Nov. 6, in the Inter County 4-H Club Horse Play Day, held at Brighton Indian Reservation. Jenenne rode her appaloosa mare, Brandy, in the event.

This all day affair was sponsored by Hernando, Glade and Highlands counties 4-H Clubs with six from Highlands County attending. There was no charge for any of the events and all the children had a try. Everyone took their lunch, as this was a fun filled day with events such as: umbrella race, coke race, donut race, etc.

Jenenne was especially proud to win, as lots of Indian children entered in the events, and as you know, horses are the first love of Indians.

Attending this fun filled day with Jenenne were her parents, Mr. and Mrs. Marvin Pearl and brothers Don and Terry.

Agricultural Aircraft Pilots Joined Together

Agricultural aircraft pilots (previously known as "Crop Dusters") from three southern states, Alabama, Georgia and Florida, have recently joined together forming an association known as the Southeastern Aero Cultural Fair.

The industry is comprised of over 300 individual aircraft pilots from the three states who are government certificated and licensed to apply pesticides by aircraft.

Pat Gray of Avon Park, is on the board of directors of Florida Aerial Applicators Association, Department of Agriculture.

records show that these specialists use three quarters of a billion dollars annually on chemicals that are dispensed by 5,000 aircraft covering 90 million acres, or, 80 per cent of all chemicals applied by commercial applicators. The modern day agricultural pilot is not only a top notch aviator, he is extremely well versed in chemistry, physics, meteorology, agronomy, entomology, farming, engineering and cost accounting.

A convention will be held for the association January 13-16 in Orlando.

MRS. LEO WAGNER presents Milton Giddens, president of the Avon Park Lions Club, with dolls he repaired for the club.

The dolls will be given to needy children at Christmas time, and will surely make some child happy.

ROTARY PROGRAM CHAIRMAN, Emmette Wright, Avon Park and Winston (Win) Pendleton, Winn-Dixie Salesman.

discuss the value of STP (Service Takes Persistence) in service club work.

ROTARY CLUB NEWS

Reported by John Knapp
Emmette Wright, November's program chairman, started the month off with a bang, with one of the top notch speakers of Florida Rotary, Winston Pendleton of Winn-Dixie, Fla., a man with a lot of bounce to the ounce! And with Emmette's role as membership chairman, it was plain to see why he brought this man with a message with 30 color and sound, on the subject of Rotary and Our Part In It. Win brought his wife along who matched his colorful gold jacket and blue pants with her skirt and blue Dixie tie. The talk was sparked with rich humor and colorful stories, that only a past district governor, past club president, and author of "Pursuit of Happiness" could bring. But, he dug down into the real job of membership building, setting goals and setting direction.

While complimenting the Avon Park club on a glorious past and good record in many aspects, he pointed out that we had grown by but one member in the last 10 years. This, after many new members have been recruited, to offset the loss of almost as many others. Kismet, St. Cloud and Ocala clubs were sighted as cases of growth and vitality.

The spirit that hole growth are: pessimism, apathy, laziness, self-interest . . . etc. Let's get rid of these devils! Just as a driver of a motor car

planning a trip, a Rotarian must check his club for the trip ahead. Tune up with new points, plans, tires, etc. Put STP in your tank, meaning Service Takes Persistence. Every member is important! You may be only one, but as were Tom Jefferson, George Washington and Paul Harris.

One and one and one makes a team. "Ours is a team job, every contribution is vital. Harold Thomas, RI president 1969-70, claimed, "I can't do everything, but by the grace of God, what I can do, I will do." Fill your team with enthusiasm, eagerness, and faith—and you will find Rotary at its very best! That's Rotary, and your part in it. Now get to work!

Lions Toys For Tots Underway Bicycles and Dolls Preferred

With Christmas just a brief six weeks away, the Avon Park Lions Club has announced that its annual toys for tots campaign is underway. The club hopes through this campaign to make the holidays a little brighter for some of the less fortunate youngsters.

It can do just that, only if the Avon Park public joins in as it

has in the past with donations of old dolls, bicycles and other toys in condition fit for repair, cleaning and sprucing up.

Due to practical problems, the club urges the public to give emphasis on either dolls or bicycles. Experience has shown that these items can be put into a cleaner and more usable condition than can many of today's toys. No toy will be turned away, however, as some will certainly find their way to a youngster's heart.

Drop points for donations are Albritton's Barber Shop on S. Lake, Stimpson's Service Station and Lane's Record and TV on W. Main and if you know a Lion, just whistle and he will see that your contribution is picked up and taken to the club house.

Cross-Country Team Finishes 4th In Meet

The Avon Park Red Devil cross-country runners took fourth place in the six team meet in Lakeland last Thursday afternoon as they competed against four Class AAAA teams.

Kathleen took first place with 39 points, Lakeland finished second with 46 points, Lake Wales was third with 86, Avon Park fourth with 99, and Bartow came in last with 146 points.

Eugene Sneed, the top Devil runner, captured seventh place with a time of 13:46 and Jimmie Elder came in ninth with an even 14 minutes. Sam Dasher was 17th and Scott Galt came in 23 rd with Jackie Roberts, Joe Dalton and Robert Lansing also finished for the Devils.

James Brown ran a 14:15 although he is still ineligible for competition. He would have placed 12th. Jimmie Elder may not run in the upcoming district meet. Coach Brojek feels he has a good chance to win the district if Elder runs.

The Class AA District 6 meet will be held in Punta Gorda this Saturday, Nov. 13, starting at 10 a.m. with Alva and Fort Meade competing against the Devils for the opportunity to go to the state meet which will be held in Titusville on November 20. If the team does not qualify, only those boys who place in the top 5 at district may go on to state competition.

DANCES

The first dance of the season was Friday evening with Cliff Selfert directing. A fine group turned out with three new couples to join in: Runer and Clara Engard, Bert and Hank Bronson and Guy and Mary Jean Adams.

Sylvan Baker has returned; he is the chairman of the dances. The following schedule has been worked out: Monday evenings will be devoted to teaching the square dance calls with Cliff Selfert in charge. Friday evenings will be the regular dances, when no lessons will be taught. Sylvan Baker will be in charge of the record player.

All you folks who would like to square dance and want to learn how, do come on Monday evenings.

SUPPER

Elmer and Lucille Thibien and Albert and Marguerite Junge hosted the pot luck supper on Saturday evening with 11 attending. Otto had the most members present.

New members were Runer and Clara Engard and Leslie and Christine Snyder. Last week guests of the Earl Aylings were Mr. and Mrs. John Sinatra, and Mr. and Mrs. Joe Sinatra all from Jamestown, N. Y. Many recently returned members were present including Fern Haas, who went to California last year.

Keith Debo gave three readings, also Belle McDaniels. Irene Aylings reported that she had a letter from Hazel Higgs. She has much less pain now, and expects to go to Roosevelt Park Hospital for further treatment. She hopes

she will be much better after that. Next week's hosts will be Jess and Elizabeth Hyatt and Dorothy Gruber. We all were saddened to learn that Mildred Rybordi had passed away suddenly at her home near LaPorte, Ind.

Southland Trailer Court News

BESSIE PAXTON

It is November again-time for fall and winter activities to start. Most park folks have returned, some will be not return until after Christmas. Again we see many changes-some people not returning, some moving elsewhere, some buying trailers in our park and improvement being made.

The summer for most, while north, has been very pleasant. Upon arrival warm greetings are exchanged. Clothes lines and dust pans or bulging, those participating hopefully thinking the end of the task is near.

We welcome our new comers. We hope you will feel at home in Southland while away for the winter from family, old friends and the home perhaps that has been home for a long time.

Park activities started Tuesday with our weekly coffee hour and 28 present. How people do like coffee - donated and friendly conversation. Betty Peterson, with Dorcas Young helping, served us.

We wish to call attention to items which may be new to some. Byron and Bessie Jeremy spent the summer in Roanoke, Virginia. Mrs. Jeremy's brother was ill and Byron and Bessie took care of him until he passed away August 13th of cancer.

While home this summer Martha Ayers fell and broke her hip. After being in hospital for four months, she has been able for six weeks to get around with the aid of a cane and came to Southland October 28th.

Myrtle Heffernan came by plane several weeks ago to spend the winter here. Her friend, Mrs. Edith Sargent, came with her and will remain for some time before returning to her home in Canada. Mrs. Sargent is looking forward to several of the Ritchie tours. Myrtle is stuffing herself with beef steak and nourishing food with hopes of joining the shuffling here soon.

Christine, Omer and Leslie Snyder came a few days ago. They spent three weeks at interesting places on the way and have already spent one day fishing. They report they are six nice fish less in that spot where they fished.

Ben Hunningham's brother, Al and his wife, were here some time ago and did some cleaning and repairs on Ben's trailer. They hope to return in December for the winter. They are the new owners of the trailer.

Park members who joined the Federation of Mobile Homes of Florida received the October issue of the monthly publication last week. It has much to say about the several bills that were thrown out which are interest to people living in trailers, especially the Wyber and Hartnell bill seeking to place trailers on personal property. It is estimated by being able to knock this bill out it saved trailer owners up to \$83 over and above what they are now paying. A total of \$121.80 from four different sources is being saved the trailer owner.

For those who wrote letters to their Senators and Congressmen this is very gratifying. The membership from January 1971 to Sept. 1971 increased 3819 in the state. Membership in state now is 28,403. We are in the 6th district and have the smallest membership of the districts. The annual dues are \$2 per person and the publication comes for eight months, beginning October and running through May. Those returning north before that time may make arrangements with their postman for it to be forwarded.

Friends in the park and elsewhere will like to know that Mrs. Grace Coate passed away last April. Your reporter who lives only a short distance from her son Raymond, in Indianapolis, called them when in the city and they were informed she had passed away. Was in hospital only a short time.

Helet and Mildred Joseph came some 10 days ago and are busy too. The Wandovers and Farillas have also joined our ranks.

Marie Stroobant remains in Des Moines with her sister whose husband passed away late this summer.

We are glad to add that the Barra, Nisbetts, Davidsons and Elwood Stoupe joined the park over the week end.

Marie Monks returned home in September after several weeks visit with the Earl Maxwells in Minneapolis, Minn. Earl is better of the severe injury he sustained while they were in the park year before last, but his walk is somewhat

permanently impaired. Marie is not so good these days. We hope her condition will improve and she will be able to get out and around as she desires.

Mr. and Mrs. Mike Beaver who lived in the park for several seasons have sold their trailer to Ray Ellinger of Ohio. He will be coming down in December.

Mr. and Mrs. Charles Dennis

are located in the trailer at the north end of the park.

Park friends regret that Betty Peterson, Dorcas Young and Laura Bernthal are leaving the park. They will reside near Kissimmee. They all have been very active and dependable in our activity program and we shall miss their efficiency and willingness to serve in any

Irene Maxcy Gets Life

Irene Maxcy was still in jail in Miami today after receiving a sentence Thursday to life in prison for lying to a jury that convicted her lover, John J. Sweet of her husband's murder. Mrs. Maxcy, now 48, was denied bond. But Mrs. Lorene Pettus, her twin sister, said in Winter Garden Tuesday that her attorney hopes to free her shortly on appeal bond. Mrs. Pettus is temporarily caring for Marjorie, 11, the daughter of the murdered Charles VonCanon Maxcy, and Irene Maxcy.

Her perjury trial - and conviction - assured Sweet of going free under Florida's new speedy trial law. Sweet had been sentenced to life imprisonment for Von Maxcy's murder but John J. Sweet Free Man On First Degree Murder Charge

John J. Sweet, twice tried and once convicted of first degree murder, is a free man today. Circuit Judge William A. Love, who presided at both trials in the Charles Von Maxcy murder case yesterday issued the release order in Bartow, reluctantly. In the order of discharge, Love said: "Under the law, this court has no course other than to grant this motion. The state's case was based upon the testimony of the defendant's accomplice (one Irene Maxcy). The accomplice has since been convicted of perjury and was at all times a reluctant and unwilling witness against the defendant; testified that she stood in mortal fear of him, despite a long continuing social (if that be a proper word) relationship."

Further in Love's order he commended State Attorney Glen Darty and the Highlands county law officers who brought the charges against Sweet, and added: "Although further prosecution is barred by the rule, these officers can take pride in the fact that the public knows how and why the life was taken. Public opinion and condemnation work a retribution perhaps as onerous as conviction." Love's order became effective immediately. He dropped the charges against Sweet and released him from the \$50,000 appeals bond on which he has been at liberty since shortly after the November, 1968 conviction, he was in jail only a few weeks. Defense attorney Walter Manley accepted Love's order releasing Sweet. Manley commented that he had offered to draw the order but that Love preferred to word the order of discharge himself.

Both the local school board and inspectors for the state Department of Education have refused to approve the locker room because of inadequate ventilation. The audit was formally accepted by the Highlands County School Board at its Nov. 11 meeting. Superintendent George F. Douglass commented that the audit, which covers the 1969-70 fiscal year, "is the most favorable received since I've been superintendent."

He said that all criticisms leveled in the 18 page report have been studied and corrective measures either completed or are under way. Douglass pointed out that property records continue to be the area of greatest criticism.

The Auditor General report states, "Control over tangible personal property remained weak. Deficiencies in this area have been brought to the Board's attention in the four preceding audit reports. Property records required by Chapter 271, Florida Statutes, were inadequate. Periodic inventories were not made and compared with the record. After the close of the audit period, a full-time property records clerk was employed. A physical inventory of tangible personal property, completed by the clerk since June 30, 1970, disclosed that a substantial number of property items were

Devils With Seven Win Record Meet Blue Streaks Wednesday

The Avon Park Red Devils ran through and around the Okeechobee Brahman herd for 219 yards and passed over them for 178 yards to completely demolish the game which the Devils won 28-0 last Friday night at the new "Brahman Bull-pen." The victory gave Avon Park a 7-2 record for the season with only Sebring left on the 1971 season. The Brahman dropped to a 4-4 mark with the loss.

This Friday night the Avon Park team will be idle and will finish out the season next Wednesday night, Nov. 24, at Sebring in the big Thanksgiving Eve battle with the Blue Streaks at Fireman's Field. The chances of the Red Devils copping the district title dimmed last week as Santa Fe of Lakeland defeated Turkey Creek for its seventh win against one loss. However, a loss by the Crimson Hawks in either of their final two games against the Admiral Farragut team from St. Pete or Lake Placid would give Avon Park the championship if the Devils defeat Sebring next week.

The Blue Streaks have been having problems this season and are currently 3-7 with wins over Lake Wales (20-0) and Lake Placid (26-10) and losses to Pine Gordia (27-7), Arcadia (32-20), Mulberry (20-0), Okeechobee (3-0), Haines City (35-0), Clewiston (36-6), and Wauchula (26-10).

The first two times the Red Devils had the ball last week they were unable to score in spite of nice drives. The first drive of some 40 yards ended with a fumble on the Brahman 19 and the Devils were forced to punt on their second possession. However, Okeechobee couldn't move against the Devil defense either.

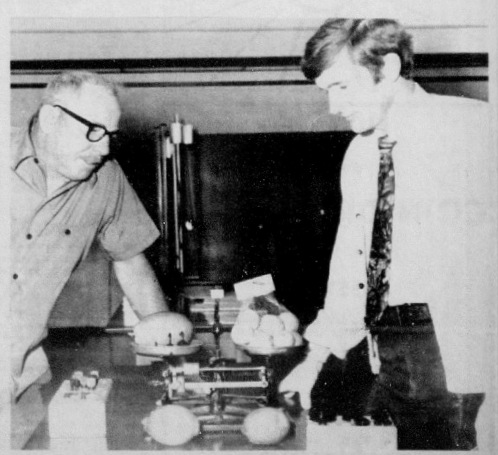

Tags Being Put On Trees and Shrubs In Mall

Through the efforts of Malcolm Crews, city clerk and Dave Miller of the Community Development Department of Florida Power, the original plants and trees in the Mall are being tagged with a permanent tag.

C. S. Donaldson, a pioneer mayor, was responsible for the original planting and wooden tags were placed in the ground. Time and weather have destroyed these original tags. Since so many of these trees and shrubs are unusual, people have asked about them.

The new tags have the common name, the botanical and the Latin name. With the use of a map made by R. V. Murphy, Jim R. Gordon of Okeechobee and Albert Schory of Ft. Myers, from the Division of Forestry, State of Florida, the members of the Avon Park Federation of Garden Clubs were able to place permanent tags, which they made, on the trees and shrubbery.

The Garden Club asks the cooperation of all citizens in protecting these trees and shrubs. Let's keep our Mall beautiful!

Negotiations Underway To Settle Carpeting Issue

Negotiations are under way for a settlement on carpeting one of the most persistent problems in the construction of the new high schools at Sebring and Avon Park.

Highlands County School Board at its meeting Nov. 11, authorized the high schools' architect, Watson and Co. of Orlando, to seek a financial settlement with the subcontractor in lieu of replacement of certain portions of the carpeting in the two schools.

School Superintendent George F. Douglass said the suggested settlement would cut "roughly 30 per cent" off the carpeting contract with Sebring Tile & Terrazzo Inc.

Hunters Have Slim Picking Over Weekend

About half the hunters who banded away at game in the Avon Park bombing range last weekend to start off the hunting season came away empty handed.

A total of 3,481 hunters checked in, according to the Game and Fresh Water Fish Commission, and harvested 1,878 items of game.

The count was deer, 48; turkey, 37; quail, 1,137; dove, 115; hogs, 137; squirrel, 115. The range was open Saturday and Sunday.

At Fishating Creek, the record was only slightly better, as an estimated 1,900 hunters harvested an estimated 323 items of game.

The count was deer, 24; turkey, 17; quail, 218; squirrel, 143; dove, 63 and hogs, 62.

There will be an announcement later in the week as to whether Avon Park will be open Saturday as well as Sunday this coming weekend.

Monday Deadline Next Week

We're going to press early next week, because of the Thanksgiving Holidays. So Please—All ads and news items must be in by noon Monday to get in the Thanksgiving issue.

PERMANENT TAGS are being placed on the trees and shrubs in Avon Park's mile long Mall, which has many unusual kinds. Pictured above are Mrs. Hubert Bussard, left, and Mrs.

George A. Kelsey, of the Federation of Garden Clubs, placing one of the tags, which the club made, on a sea grape tree, on the section of the Mall in front of the Avon Park Sun office.

Day of Thanksgiving

Every nation has its cherished customs and traditions. Some go back to the beginning of Christianity or even further. Some are of more recent origin such as Thanksgiving which had its inception in what is now the United States when a small band of pilgrims, newly landed on the hostile shores of New England, gave thanks for the mere fact of being alive. Thanksgiving has become a solidly entrenched American institution. It offers firm reassurance of the continuity and stability of all that is good and wholesome in U.S. life today. As families and friends gather together to share the feast of Thanksgiving, they should pause to recall the purpose of that first day of thanks participated in by a handful of pilgrims centuries ago. That purpose is an expression of simple appreciation for the fact of survival—of being alive.

We are not only alive today, but we have a nation that attained heights beyond anything the pilgrims could have dreamed. In attaining those heights, our country stands in danger of losing its sense of values. November 25—Thanksgiving—is an appropriate day to pledge their restoration.

not located," the auditor reported.

The Superintendent told the board that the property clerk is "gradually getting things in line."

Carefully Managed
The audit, managed by Carroll Lloyd, reported, "Finances were carefully and economically managed and expenditures were held within available resources."

Comparative figures included in the audit show that total expenditures for the 1969-70 fiscal year were \$5,293,886 for a jump of more than 60 per cent over the 1967-68 level. Approximately \$700,000 of that climb was in capital outlay for the new schools and their furnishings.

The percentage of the budget allocated to capital outlay rose from 6.55 per cent to 17.32 per cent.

Cost of administration rose from 2.29 per cent to 2.65 per cent, and the cost of instruction dropped from 71.94 to 62.05 per cent of the total budget.

Internal Control
The auditor presented an eight-point program for tightening internal controls on cash and property to "safeguard resources against waste, fraud and inefficiency."

The Superintendent told the board

work has begun on putting into written documents procedures that are in use.

The audit notes that maintenance is "generally done on an as-needed basis" rather than by a planned program and budget.

Note is also made of absence of written documents dealing with personnel records—references, policies on leave and off-duty employment.

Purchasing was generally "adequately controlled through a centralized purchasing system and bid laws were usually adhered to" but note was made of three instances when the board accepted bids for construction of portable classrooms costing in excess of \$2,500 and not advertised for competitive bids.

The audit noted that all money not currently needed was properly placed on deposit and during the past three fiscal years a total of \$81,451 interest had been earned in this way.

A summary of budget figures for the 1969-70 fiscal year shows that of an operating budget of \$4,060,155 a total of a little over \$2.5 million came from state sources, \$50,692 from federal sources and \$1,498,357 from local taxes.

Man of Year

Collins Named Farm-City Man Of Year

The annual Farm-City week dinner drew not only the expected capacity crowd of 300 Monday night at Holiday Inn, but somehow 316 were squeezed in.

One of the outstanding county events each year, the 1971 dinner was a stand-out, with State Commissioner of Agriculture Doyle Conner the guest speaker and Florida Dairy Princess Darla Lightsey, of Tampa, an honored guest.

And it was the time to announce that a Sebring man, Assistant County Agent Tim Hurner, had won the state-wide award for his work in career guidance. Charles Collins, of Avon Park, production manager for Ward S. Nursery, at Avon Park, was honored as farm-city man of the year.

Hurner's award was for his development of a fact-pack of career information for use by vocational agriculture teachers and guidance counselors in the schools.

It is basically for agriculture careers, plus other careers and careers around the University of Florida study course. It is currently in use in Highlands County schools and Hurner also assists in career counseling.

The award is presented by New Holland division of Sperry Rand. Hurner has been an assistant county agent here since graduating from the University of Florida School of Agriculture in 1965.

Conner, in his address, stressed the interdependence of agriculture, industry and tourism and declared this

"points up the need for mutual acquaintance of farm and city dwellers. There needs to be a greater awareness of the importance of agriculture and this is the major goal of the National Farm-City committee."

Among the areas of mutual cooperation, he said, "especially needed are zoning, taxation, land use, conservation of natural resources, air and water pollution, transportation, and even the responsibilities of good citizenship."

Some experts, he noted, have predicted that Florida agriculture can grow as much in the next 10 years as it did in the past 140 years.

"We must conquer our own pollution problems without having a big brother government do it for us," he said. "I am happy to say that many farming operations today have invested thousands of dollars to prevent pollutants from endangering public waters."

He said he is deeply concerned about legislative tampering with the Greenbelt law. "If farms are too highly taxed the logical choice is to switch the land to some other use. But we cannot afford that choice. Aside from the necessity of food, open farmlands are important to the recharge of our underground water supplies, which our urban areas depend for survival."

He urged his listeners to get in touch with their legislators and give them their views on the Greenbelt law.

B. J. Harris, Jr., was general chairman for the event and Bob Hall was master of ceremonies.

LEWIS LLEWELLYN

Television Quality

Michael J. Arlen, writing in McCall's magazine, a few months ago said, "Until recently, I've held two basic prejudices about children and television. First, that most children's shows are junk. Second, that junk never hurt anybody. I still hold to the first prejudice. But as to the second prejudice, I'm not so sure any more."

He expressed his belief that the absence of quality in a society had a deeper and more pervasive effect in the deterioration of the society than the presence of junk. Then he added, "Television, it seems to me, contains virtually no quality at all."

Doesn't it seem typical of our age that we are more concerned with the quality of what goes into our stomachs and the stomachs of our children than with the quality of what goes into our minds — and theirs?

Fully Televised Generation
John Calkins, writing in Saturday Review several years ago, said, "Today's six-year-old has already learned a lot of stuff by the time he shows up for the first day of school." Planted in front of a TV set "to keep him quiet," he added, "He liked it enough to stay for some 3,000 to 4,000 hours before he started the first grade. By the time he has graduated from high school he has clocked 15,000 hours of TV time and 10,000 hours of school time."

Dr. Victor Bailey Cline, University of Utah psychologist, having conducted in his laboratory extensive experiments on children's reactions to violence on screen, has announced preliminary conclusions. He says that we are creating violence and violence is not the only aspect of television that has de-

structive effects. Dr. Patricia Schiller, executive director of the American Association of Sex Educators and Counselors, having conducted a research study involving 60 pregnant teenagers and 91 non-pregnant college girls, reports that the college girls listed as sexual stimuli: movies — particularly foreign films — books, records, and television, in that order. But the youngest girls put the emphasis on records and television, particularly afternoon soap operas, with their heavy doses of adultery, illegitimate pregnancy, and illicit sex.

Those who say that television does not affect their attitudes or the attitudes of their children are only partly right. It may be that the parents, whose moral views of killing, terrorism, and illicit sex were fully formed before they began to watch television, are not noticeably affected by what they see on the TV tube.

Pass the Test?
But how about the child whose whole attitude toward life has to be set in the formative years? Can it be argued that what he sees and hears will have no effect? Experts who have conducted extensive and elaborate research projects to discover the truth, say that what is seen and heard does definitely have an effect.

Since what we put into our minds does affect what we are, the Bible advises us, "Whatever things are true . . . honest . . . just . . . pure . . . lovely . . . of good report . . . think on these things."

Will your television viewing pass this test? Will the programs that your children are watching — which are forming their attitudes toward life — pass the test?

firm in its sentencing."

Mrs. Maxcy admitted during Sweet's first trial, which ended in a hung jury, and second trial, which ended with a life sentence, that she and her lover plotted Maxcy's death, having two hoodlums from Boston who shot and stabbed him to death at his home off Sparta road. They were paid \$20,000, according to testimony.

The state filed four perjury counts. Judge Sepe directed a verdict of innocent in three of them. And a jury of six married men convicted her on the fourth.

Defense attorney Ragano, who had complimented Sepe earlier on his handling of the case, lashed out at the judge.

"Before the trial I seriously considered filing a motion to disqualify Your Honor," he said, "because we opposed each other in the past. I feared you would hold it against me. I see now that you have."

Tall, handsome, and a millionaire at age 42, Maxcy was slain Oct. 3, 1966. After Sweet's two trials, the appeals court ordered him tried a third time because of judicial error.

However, the time under the speedy trial law to have a jury empaneled ran out. Mrs. Maxcy, the star witness, was brought to trial and the state could not use her as a witness.

The perjury count on which Mrs. Maxcy was convicted concerned the following testimony: "Well I took \$5,000, gave Harry Lee \$20,000 and went to the bank and put \$5,000 in there and I got \$1,000 out to give to Mr. Sweet that I owed. Mr. Trulock told me not to say anything about that at the other trial."

The perjury count held this was false testimony.

Sweet was arrested in May 1967. His first trial was held in November of 1967 and his second in November 1968. Mrs. Maxcy was arrested Feb. 14, 1969.

While science has made great strides in conquering diseases (for example, measles, scarlet fever, diphtheria, whooping cough), mental retardation remains a perplexity. Tuberculosis cases have dropped 30 per cent in number in the last five years, and polio has been similarly reduced.

The number of mentally retarded has, on the other hand, increased and their lifespan lengthened, due to the impact of modern drugs, better general health, and the lowering infant mortality rate. Thus mental retardation has become one of the most serious handicapping conditions in the United States.

Avon Park Grange Report

LAVERNE M. FULLER

Tuesday evening, November 8, Avon Park Grange presented a "Save a Life" program before the business meeting. It was an excellent film on "Mouth to Mouth Resuscitation" provided by Florida Power and shown by Electric Home Economist, Faye Gordon. It is a film which everyone should see.

Keith Debo presided in the absence of the Master, Louise Clarke. A new member, Edith Martinson, was welcomed into the Grange.

Miriam Debo, chairman of Women's Activities, reported on the Pomona Grange meeting held at Lake Placid on November 5. That time Alberta Mushrush, Pomona Chairman of Women's Activities, handed out ribbons to winners in the National Grange Needlework contest. On the Pomona level, the following Avon Park members received awards: Hazel Truesdell, a blue ribbon for an edging on TV scarf; Miriam Debo, red ribbon, for an edging on a handkerchief; and Lorena Wyant a blue ribbon for a fancy apron. Mrs. Wyant also won second place on the state level.

Florida State Grange is sponsoring an apron contest at their annual session at Daytona Beach on January 3 to 5, 1972. Mrs. Debo urged the women to bring any style apron to the next Grange meeting for judging.

Mrs. Debo also announced the winners in the Avon Park Applesauce baking contest. Harriet Higgs, first, Mary Haviland second and Louise Clarke third.

The "Save a Life" film was sponsored by the Women's Activities Committee, and the rest of the program was in charge of the lecturer. The first number was a welcome song honoring the new member. Our American Heritage number was given by Keith Debo and the Highlands History number by Joseph Blomquist. A guessing game was presented by Laverne Fuller. Thought for the day—Middle age is that time in your life when the hardest thing to raise in your garden is your knees.

Social hours, refreshments were served by Hetta Mae Cook and Harriet Meisel. The eleven applesauce cakes were frozen after the contest and brought to the grange for everyone to sample. The next meeting will be election of officers on November 22, at 8 p.m. in the Men's Bible Class room of the First United Methodist Church.

Eloise Sharpe

We really had birthdays in our family last week, three of us celebrated. On Sunday, Nov. 14, my mother, Mrs. Audrey Caraway Hill, celebrated her 70th birthday. You all know the cards that say "To the Dearest and sweetest Mother in the World", well—that's my Mom. Then on Saturday, Nov. 13th, my daughter in law, Judy Sharpe, celebrated and on Thursday, Nov. 11, I was a year older. Each year I receive a birthday card on the 11th from a dear friend, Mavourneen Norton Roberts in South Carolina that grew up here in Avon Park with me. If I don't hear from her all year long, I can always expect to receive a card on the 11th. She never forgets, that I am a year older (which I would like to forget). Wish I was as good at remembering birthdays as my friend is.

ROTARY CLUB NEWS

Pinch hitter David Lanier called on pinch hitters John Townsend and John McClellan, who delivered timely talks in the absence of the scheduled program.

John Townsend, an oldtimer who has returned, reflected on the number of new members in the club and briefed them on his duties at the Avon Park Correctional Institution. Specifically he has 46 people on the work release program at the present time and placing more all the while.

Also included in his many duties is the furlough program which allows inmates to leave confinement to attend funerals, visit relatives and families and spend some time on the outside under certain restricted conditions.

John McClellan, Walker Memorial Hospital Administrator, gave us a progress report on the building program. Test pilings have been the holdup on above ground construction but he says they have about determined what is going to be necessary in the way of a foundation and that we should see the walls rise very shortly. The old Lodwick Hotel Building should come down in early 1973.

Devils Play Streaks Wednesday, Beat 'Chobee For Seventh Win

(Continued from page one)

Early in the second half, the Brahman picked up the only first down they got all night on their own (the other came on a penalty against the Devils) but had to punt while still inside their own territory. Avon Park bugged down on its next drive but after the Devil defense held one more time, the Devils marched 80 yards for the third TD of the game. A 24 yard pass gain by Packer sparked the drive and then, after a couple of 15 yarders against the Brahman who wanted to play rough instead of tough, Don Sizemore broke loose from the 14 and went in for his second TD of the evening. Again his kick for the point after was good putting Avon Park out front 23-6.

came in the final minutes of the third period and the beginning of the fourth quarter. The Brahman intercepted a Devil pass on the Avon Park 30 and returned it at the Devil 18 yard line. But a screen pass netted a four yard loss before a run moved the ball on to the Devil 13 yard line. Then Avon Park drew a half-field distance-to-the-goal penalty from the 15 to give Okeechobee possession on the Avon Park 7 1/2 yard line. Andy Prescott intercepted a Brahman pass on the next play and ran the ball out to the 28 yard line to stop the only 'Chobee threat of the game.

The Red Devils drove on from the 28 for the final score of the game with halfback Gregg Hart picking up most of the yardage on the 72 yard march. A pass interference call on a pass to Packer aided the Devil drive. Gregg Hart finished off the scoring with a one yard plunge for the touchdown but was kicked for the point after the block setting the score at 28-6.

Late in the game, Devil Bud Wester intercepted an Okeechobee pass on the 33 yard line of the Brahman and returned it to the 26. With Leon McRae in at quarterback, the Devils moved on down to the five yard line before the game ended.

Stingy Defense

The Red Devil defense held Okeechobee to 21 yards of rushing and 22 yards of passing yardage and gave up only two first downs in the game. They intercepted two Brahman passes and forced the 'Chobee offense to punt eight times.

The Avon Park offense had its best total yardage of the season with 219 yards of rushing and 178 yards in the air for a total of 397 yards against the Brahman. Sizemore completed 12 of 14 passes and McRae hit one of four. The Devils racked up 22 first downs as they moved almost as will on the new, sharply sloped field. The offense did have two passes intercepted and lost the ball twice on fumbles. Avon Park drew 52 1/2 yards in penalties and Okeechobee had 74 yards.

Leon McRae was the leading tackler with six and two assists. Packer had five tackles and two assists. Jarvis Hart grabbed four tackles and three assists and Nate Williams and Danny Lewis both had three tackles and three assists.

Keith Richards was the leading ground gainer for the Devils picking up 78 yards on 13 carries for a five yard average per carry.

After nine games Don Sizemore leads the scoring for the Devils with 73 points. The senior quarterback has scored nine touchdowns, made 12 point conversions, run two two-point conversions, and kicked one field goal. Richards is second high scorer with five TD's for 30 points. Lewis and Packer both have 24 points. Wayne Todd has 18 and James Coleman has 12 points. Gregg Hart and Earl Strong both have scored one touchdown each and Bud Wester has four points on two pass receptions for two-point conversions. The Red Devils have scored a total of 197 points and given up only 67. Avon Park has shut-out four of its opponents this season.

City Hires Building Inspector

At a special called meeting Wednesday, Nov. 10, the Avon Park City Council appointed S. Z. Pakerson as City building inspector.

Pakerson, 57 years old, of Bartow, will replace Earl Spurlock who resigned as city building inspector Oct. 15 to take a similar position in Orange County. City Clerk Malcolm Crowe has been acting as city building inspector.

Pakerson, former building inspector for Fort Meade, has a degree in mechanical engineering from North Carolina State College. He has held position as superintendent in various construction, the latest being construction superintendent in charge of all superintending in Florida Department of Agriculture.

He will start his new position in Avon Park November 23.

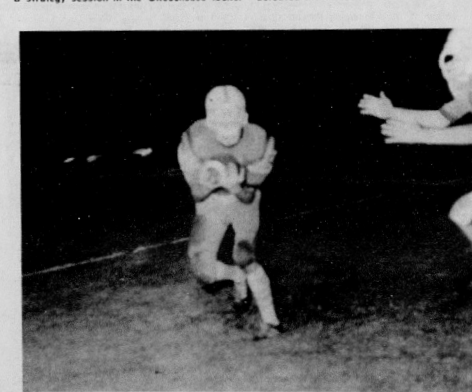

DR. DON JONES, Red Devil football team doctor, with his little black bag, sits on the bench with the players during the Avon Park-Okeechobee game last Friday night in Okeechobee. Dr. Jones and the Red Devils will

be idle this Friday night, but will be in Sebring next Wednesday night for the traditional Thanksgiving Eve battle with the Blue Streaks.

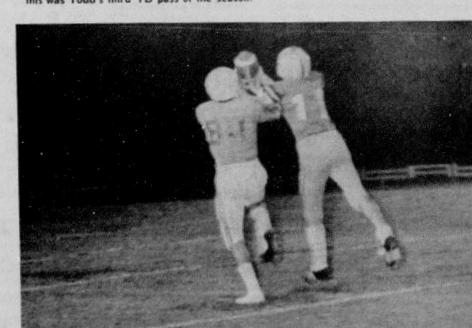

PRE-GAME SKULL SESSION! Coach Eddie Lewis and some of the fighting Red Devils hold a strategy session in the Okeechobee locker room before the game last Friday night. The session must have worked because Avon Park defeated the Okeechobee team 28-0.

TOUCHDOWN—Wayne Todd, Red Devil end, caught this pass in the second quarter against the Okeechobee Brahman last Friday night. This was Todd's 72 TD pass of the season.

The Devils, with an impressive 7:2 record, will meet the Sebring Blue Streaks next Wednesday night, Nov. 24, in Sebring.

WHO HAS THE BALL? Todd Clemons of the Okeechobee Brahman and sophomore Danny Lewis of the Red Devils fight for the ball, which went incomplete. The Devils defeated

the Brahman for their seventh win of the season, 28-0. This was the fourth shut-out for the tough Devil defense.

Commissioners Raise For County

Highlands County Commissioners have thawed their frozen salary schedule enough to permit a five percent of living hike for all county employees.

In approving the pay raise Tuesday, the commissioners specified the raises are to be dated from Nov. 13 and limited to employees on county staff for a minimum six months.

Highlands County commissioners had approved budgeted for a revised salary schedule for the 1971-72 year, but the Presidential price freeze intervened. The raises were delayed until Nov. 13. Discussion at Tuesday's county Commission meeting indicated the revised schedule may be due for more revision. County Administrator Charles Heston said the board will have to make special application for permission to grant raises related to a proposed long-range incentive program for county employees.

Commissioners And Jackson and Norman Heston insisted the cost of living long-term raises be considered together.

Heston said the employees' pay raises are not a raise; it's money. "Pay cost of living and long-term incentive raises together, employees would be due a raise of up to 12 percent over the 1970-71 level," too much, one year," Jackson offered. Jackson was more interested in reviewing categories of workers receiving pay raises. "A five per cent cost of living increase for a department head is a different matter than the increases for employees."

"You interview for department head and negotiate a salary. Department heads are different than the other workers," Jackson argued. Robert Skipper maintained that cost-of-living increases merely restore the same relationships within a department.

Jackson and Heston agreed to go along with Robert Skipper's motion to grant the five per cent raise with the understanding that the whole pay question be put more fully on the question about whether employees will be eligible automatic five per cent increases when they completed six months of service.

Attorney Raise

The county employee with the most in the wage reports Tuesday that he will receive a five per cent increase in his pay. R. P. Duntz, Jr., currently drawing \$6,000 services as the county mission attorney, had slated for a 66.6 per cent raise, to \$10,000.

Following Tuesday's mission meeting, Duntz reported that rather than pursuing a pay increase county commission attorney will ask the board to pay \$3,000 per year for 10 annual duties in the county attorney for the county pay and zoning commission.

Overtime Pay

Early in Tuesday's mission meeting, Guy Campbell, executive I Property Owners Assn. asked why the overtime was longer than usual.

Chairman Cecil Skipper most of the overtime related to work on the Hammock Road where materials had some problems.

The materials supply reducing charges to the enough to pick up the labor costs on the project.

At the request of the Board, then McGehee Tuesday reviewed employment policies that applications be a prior to an employee placed on the county.

McGehee said he expected county to build a firm proved applications when vacancy occurs, the pay to be filled from the list. The board special new positions are added without the approval.

The board received but did not act on, a that former county and zoning director is retained as a consultant.

Devil "Bees" End Season With 38-6 Win Over Lake Placid

Coach Dewayne Lemler's Avon Park "B" team finished out the 1971 season last Thursday night with a 38-6 victory over the Lake Placid varsity team in a game that was a record of five wins, two losses, and one tie for the year.

Lemler and assistant coach Ed Culbertson indicated they were well pleased with the way the boys on the junior varsity team had improved during the season and both coaches feel that several boys will be ready to play varsity football next year. Coach Lemler commented that he thought that hard work and dedication, along with team prayer and the fact that God helps those who ask, have been the key factors in the 17-41 record that the junior varsity has compiled over the past three years.

Lake Placid Game

The Lake Placid game was never in doubt as the Avon Park boys seemed to control every phase of the game. The junior Devils won the opening toss and elected to receive the kick-off. Derek Cobb ran the opening kickoff up to Avon Park's 35 yard line. Then with a mixture of plays, Ricky Claitt, Josh King and William Burley moved the ball down the field and scored. The score came on a 12 yard burst off right tackle by Ricky Claitt. Claitt also made the extra points to put Avon Park ahead 6-0.

The Avon Park defense held the Dragons on their first attempt to move the ball. The Devil defensive team has Gene Albritton on the nose; Joel Johnson and Moses Moore at tackles; Eddie Culbertson and Mearl Robinson at ends; Ricky Claitt, Derek Cobb, and Allan Padelford at linebackers; and Micky Claitt, Marvin Jackson, and Buddy Dewitt at halfbacks.

Then the Avon Park offense started moving again. Taking the ball on the Devil 20, quarterback Buddy Dewitt moved the team down the field using running backs Claitt, King and Burley behind the blocking of ends Rick Minard and Robinson, tackles Glen Gray and Bruce Trescott, guards Dennis Johns and Eddie Whitehurst, and center Tim Dupree. The drive ended with a touchdown just as the first quarter ended and Josh King ran the two point conversion over to put the Devils out front 16-0.

In the second period Avon Park went to the air with Dewitt completing several passes to Robinson and Minard. The third touchdown came on a pass from sophomore Dewitt to Derek Cobb for an 8-yard advance. The extra points were scored on a pass to Robinson and Avon Park had a 24-0 lead at halftime.

Snead Wins Cross-Country District Meet

Eugene Snead captured the Class AA District 6 cross country individual championship last Saturday morning with a time of 14:30 over the very rugged course in Punta Gorda. The speedy Devil distance runner will move on to the state cross-country meet to be held in Titusville this Saturday, Nov. 20.

The Red Devil team lost out to Alva in the two-team meet last week. Port Meade had been disqualified by the state executive committee. Alva turned in a total score of 31 while the Avon Park boys had a total of 38.

Behind Snead for Avon Park came Scott Gust with a sixth place finish. Joe Dalton with an eighth place, Robert Lansing who finished 11th, and Gary Gust with a 12th place finish. Dalton showed some improvement in his time and finished much higher in position than he had after missing most of the season due to illness.

Only the first place team goes to the state meet as a team but Eugene Snead will be allowed to compete as an individual because he finished on one of the top three places.

Boy Scout News

Last Friday, the Scouts of Troop 156 working on aviation merit badge, received some on-the-spot training. Their merit badge counselor, Paul Gentry, took them on a tour of our fine airport, reviewed the pre-flight safety check of an airplane, and then took them for a ride around our community.

During the flight, and under Gentry's careful guidance, each boy was given an opportunity to fly the plane by himself.

In the course of the study, the boys worked on the theory of flight, instrumentation, navigation, and the importance of aviation today. Final requirements include building and flying a model airplane, carving the propeller from a block of wood, and the guidance of Rev. Duane R. Zoller, assistant scoutmaster.

On Saturday, Rev. Zoller, William H. Henrich, and Darrell Zoller visited the Hillsborough County Fairgrounds in Plant City, site of the 1972 Scout-O-Rama Scout show. The show Darrell Zoller, and March 18, from 1 p.m. until 8 p.m.

Thirty came for coffee and donuts Tuesday morning. A meeting of officers was held after the hour. A vote of thanks was given Betty Peterson, Dorcas Young and Laura Bernthal, who have helped so faithfully on different committees, since they came to the park. Helen Joseph and Marvin Tebo were appointed the nominating committee to select officers for the coming year.

Alta Robinson entered Walker Memorial Wednesday afternoon. We hope her stay in the hospital will be of short duration.

The Breadmans who were located in the park for several years in the past, were callers Thursday. They are quite well and are with friends north of Avon Park.

The Breisters of Minnesota and Elaine Pardee of Rochester, N. Y. came this week. Mrs. Pardee is located in the apartment east of the office.

Hibiscus Circle Holds Monthly Meeting at Thayer Home

Mrs. R. H. Thayer, assisted by Mrs. Orville Castine, entertained the November meeting of the Hibiscus Circle of the Avon Park Garden Club last Thursday afternoon at her home in Forest Hills.

Mrs. I. H. Ford, president,

opened the meeting and led the club in the Pledge to our Flag. Mrs. Ted Ward, chaplain, gave the devotion and gave each member a pamphlet, "Think of Our Lord Speaking To You" to read at home and to emphasize her theme "Prayer Is Communication With Our God Individually."

Mrs. Hubert Bussard, Federation president, reported to the Circle that the east seven blocks of Avon Park's beautiful Mail now has name tags on the trees and shrubs, so our winter visitors may identify the interesting plantings made by Mr. Donaldson many years ago. As soon as possible all trees and shrubs will be tagged.

Mrs. Ford, in reporting the District 9 meeting recently held at Lake Placid's Holiday Inn, told the gold raindrops, now blooming here, ranging in color from Naples to Haines City, is now the official District 9 Florida Garden club Federation tree. All members are urged to plant some.

Mrs. George Kelsey read the committee assignments of each member for the festive holiday Silver Christmas Tea to be held at the home of Mrs. A. C. Wester, Sr., on East Windrop Street at the start of the gala season December 9 from 3 p.m. to 5:30 p.m. The donations of the tea are for the Garden Club building fund.

Mrs. Kelsey reminded all members to bring their donations for the Avon Park Garden Club bazaar to Winn-Dixie by 8:30 a.m. on December 17. The door prize was won by Mrs. B. Dick at the close of the meeting.

Mrs. Lloyd R. Fillmore, program chairman, introduced the speaker, Mrs. Stiles Brown, who discussed the "Flora of Jesus According to the Gospel of St. Matthews." Starting with the gifts of the wise men, Jesus use of flora in His teaching, ending with the symbols of His kingdom.

After the meeting punch and cookies were served from a lovely table. The next regular meeting will be January 13 at the home of Mrs. J. A. Terp.

Lowell DuRose Progress Report

In a letter received Monday by the Avon Park Sun from Lowell DuRose, Jr., Lowell DuRose, Jr. is scheduled for surgery Tuesday, Nov. 23. Mr. DuRose and his wife are with their son in Minneapolis, Minn.

Lowell, Jr., is in University Hospital in Minneapolis with a rare bone disease, the so-called double curvature of the spine. He has already had three operations and is scheduled for three more.

"Lowell's condition has been real bad this week," according to Mr. DuRose. "He hurts most of the time, except when the pain pills take hold. He doesn't eat hardly anything and has lost a lot of weight. They have 40 pounds of weight on him now, 10 pounds on each leg and 20 pounds on his head, this is causing quite a bit of pain due to the pull on muscles and etc."

Mr. DuRose said in the letter, "Lowell, Jr. is still pretty cheerful at times and told me that he would let the intern or nurse operate if they would get it over with."

Mr. DuRose again would like to thank everyone for all they have done.

Two Accidents Suits Filed In Circuit Court

Two suits were filed in circuit court asking damages related to traffic accidents. Sarah Frances Williams is seeking damages in excess of \$10,000 in an accident which occurred on a crash on Magnolia St in Lake Placid.

Defendants in the suit are Thomas Pollard, Linda Pollard and State Farm Mutual Automobile Insurance company. The accident occurred on Jan. 13, 1970.

Emmo Insurance Co. is asking damages of \$2,738 from Gertrude Chauncy. A vehicle owned by Paul F. Richardson and insured by Emmo was involved in an accident with a vehicle owned by Chauncy. The accident was recorded at the intersection of US 27 and State 64 at Avon Park, Nov. 16, 1970.

Mr. and Mrs. Hutchens of Canada joined the park group over the week end. They are located on Lot 143, near the office. We wish them a pleasant winter.

Upon return, the three signs at the entrances of the park greeted us with a bright new look. Looking east as one enters the first drive, the hall also greets us with a pleasant appearance. Paint is indeed a refresher.

Hetta Cook and Harriet Meisel, in company of other friends, attended a surprise birthday party for their friend, Arlene Lane, at the home of Arlene Weber Monday night. Hetta and Harriet had the Stanley Shillings for lunch on Monday.

"Old Settlers Story" —The First Railroad

In the early days of Avon Park, mule trains and ox carts brought in all supplies from Zolfo Springs and Fort Meade, which was an expensive method of transportation. Occasionally, state coaches made unscheduled runs to Fort Meade and other areas.

With his usual advanced thinking of the times, Mr. Oliver M. Crosby, developer of the town, conceived the idea of building a railroad from Fort Meade or Zolfo Springs. Items in the "Home Seeker", a small newspaper of which Mr. Crosby was editor and publisher, informed the public that such a railroad was soon to be built. The idea was soon abandoned.

however, for lack of money, after several promoters visited Avon Park to discuss the matter.

Interest was revived again on September 13, 1892, to discuss the railroad idea, with a meeting of the citizens, held at the Hotel Verona. Mr. Crosby, the eloquent speaker that he was, told of the idea to form a company with \$50,000 capital stock, with privilege of increasing later to one million. The steam railroad was to run from Fort Meade to Avon Park, and later to continue south to Ft. Myers, with branches to other places. The project got off to such an ambitious start, with the election of officers and directors for the first year, who were, O. M. Crosby, W. J. Hill, W. E. Pabor, W. W. Davies, J. C. Burleigh, Harrison Jones, and C. H. Smith.

An old logging locomotive with broadhead wheels, that could be operated on wooden rails was discovered in Tennessee. It was commonly called a "Siderinder", of the bevel gear type. With a small down payment, the steam engine was secured, with the balance to be paid in installments. Capable of traveling about five miles per hour, the machine was somewhat faster than the mule train. The

The railroad started at the corner of Lake Ave. and Waycross Street and from that point, the rails were laid to Lake Thomson, which is now Lake Brentwood.

Painted on the cab of this big wonderful machine was the name, O. M. Crosby, in big bright letters. Surely prosperity would be brought to Avon Park by this flat wheeled "siderinder" steam engine and wooden railroad.

On July 4, 1893, everyone gathered to board this train, complete with picnic lunches, for a celebration at the end of the line (railroad) which was at Lake Thomson. To accommodate the passengers, packing crates and orange boxes were put aboard the logging trucks. Can't you imagine the excitement, as the little engine was fired up, with a full head of steam, bell ringing and with a long, loud blast of the whistle, the party was off on their thrilling ride down the bumpy wooden railroad. It was a joyful time with feasting, speech making and the knowledge that a railroad had long last come to Avon Park.

But from the very beginning, the little road was in financial trouble. The payments came due on the rolling stock of the railroad and soon the owners and repossessed the machine and it was returned back through the woods to Zolfo.

Thus ended Avon Park's dream of having a railroad. It was 20 years before another railroad would come to Avon Park.

In 1912, the Atlantic Coast Line's first train came through Avon Park. This time, the road came to stay, and it is indeed doubtful, that anything has been done over the years, that has helped more than the railroad to carry through with the hopes and dreams Mr. Crosby had for this beautiful place, our "Avon Park."

Wolfgang Halbig Named "Wildcat Of The Week"

Wolfgang Halbig, former Avon Park multi-sport star, was named "Wildcat of the Week" by the coaches at Abilene Christian College for his performance in the Wildcats' 28-7 win over Southeastern Louisiana.

The German born fullback blasted out 106 yards on 16 carries to earn the award, as he lead ACC to their first conference win and helped improve their record to 5-3. Head coach Wally Bullington, in praising the effort of Halbig, commented, "Halbig made a lot of tough yards, many of them in his own. It was by far his best game of the year."

Halbig, a 6-0, 200 pound junior, was making up for lost time with the fine effort. A tight end last season who started several games, he had been moved to fullback in the spring, but was running on the second team much of the time. Due to an injury to the regular fullback, Halbig got his chance to start, and now looks like a fixture in the lineup.

Wolfgang was an all state and all conference for Avon Park High, before starting his college career at Coffeyville Junior College in Kansas. He came to Abilene Christian after a stint in the Air Force.

From the people who make something small, something big.

From the people who gave you 18,000,000 cars with 36,000,000 doors, 1 car with 4 doors.

The Volkswagen 411 4-Door sedan. Now the temptation probably is to figure that the 411 is just a Beetle with a nice 4-door body.

Avoid that temptation. The 411 has a very un-Beetle-like engine. I.e., powerful.

And a lot of extras are included in the base price of the car. E.g., automatic transmission.

And there's plenty of room for luggage. I.e., there is 20.1 cu. ft. of storage space.

And a lot of room for the people in the back. E.g., the kids and your Great Dane.

Without boasting, there is one more thing we can say about the 411. It's the first big car that has to be as reliable as a Volkswagen.

Because of who made it. I.e., Volkswagen.

ROASTING A TURKEY IN 10 EASY STEPS

- Remove thawed turkey from bag, trim and pat dry.
- For roasting unthawed bird, rub inside with salt (about 1 tsp. per pound). Do not salt if bird is to be stuffed.
- Prepare stuffing according to your favorite recipe. Use one cup per pound of turkey.
- Fill neck cavity lightly, but do not pack. Stuffing will expand during cooking.
- Fasten neck skin to back of turkey with skewer.
- Stuff body cavity lightly.
- Tuck legs under band of skin at tail or tie with string.
- Roast in 325° oven for 15-20 minutes to brown outside. Baste with pan drippings.
- Brush entire bird with melted butter or oil. (For deeper color, add 2 tsp. sugar to butter.)
- Roast in 325° oven until done.

When turkey is done, remove from oven, place on heated platter, cover lightly with aluminum foil. Allow to stand about 20 minutes to absorb the juices and make for easier carving. Meanwhile, prepare gravy from drippings.

Turkey is done when a thermometer inserted in thigh registers 180-185 degrees F. or the thick part of the drumstick feels soft when pressed with thumb & forefinger.

Former Winter Resident Died In Indiana

Word was received this week of the death of a former winter resident, Mrs. Mildred B. Ribordy, age 74, who died at her home near LaPorte, Ind., on Nov. 4.

She was born September 18, 1897, in Coalington, California. She was married to Floyd L. Ribordy on North Liberty on February 10, 1921. She taught in the LaPorte country school system five years.

Mrs. Ribordy was a member of the Door Village United Methodist Church, a life member of the Women's Society of Christian service, in which she held both local and district offices; the Scipio Township Homemakers Extension Club; Pinola grange; a member of the LaPorte County Migrant Ministry council and former S. and E. leader of the Scipio Township Farm Bureau.

For 20 years Mrs. Ribordy served as a member of the board of directors for the Easter Seal Society for Crippled Children and Adults. She also acted as board secretary and for many years as treasurer; also a state delegate to the society and served on the State camping board. She attended Indiana and Valparaiso universities.

She is survived by her husband, Floyd, two daughters, Mrs. Lloyd Clayton LaPorte and Mrs. Eldon Ruff, South Bend; two sons, Howard J. Ribordy and Dean C. Ribordy, both of LaPorte; 14 grandchildren and one sister, Mrs. Ralph Horn, LaPorte.

Funeral services were held at 2:30 p.m. on Saturday, Nov. 6, at the Door Village United Methodist Church, with Reverend Carl Evans officiating. Burial was in Door Village Cemetery.

Choral Concert

There will be a joint concert on Monday, Nov. 22, featuring Mrs. Ann McKenna's eighth grade chorus and Kenneth Eberle's high school chorus.

The concert will take place at the Avon Park High School auditorium and the program will begin at 7:30 p.m. The admission will be free.

The concert will consist largely of popular music, and I believe the public will enjoy it very much. Please come out and support both choral organizations.

Mr. Eberle would like to take this opportunity to thank the people of Avon Park for supporting the chorus on their recent candy sale. The candy came from Worlds Finest Chocolate Company, and the students did a good job selling it.

In another month there will be another concert—the Christmas concert featuring the choruses and band. Please put this on your calendar.

LEGION BINGO

A dance will be held Saturday night, Nov. 20, from 8:30 - 12:30 with music by the "Florida Playboys". Couples only \$5 per couple.

Come out, bring a covered dish on Thursday and enjoy the supper and bingo and then the dance on Saturday night.

Mrs. Cora Wray would like for all old settlers, who haven't turned in their "Old Settler's family forms" to please do so. If you have lived in Avon Park for 20 years, you may have one to fill out, and return to Mrs. Wray or Eloise Sharpe, at the Sun office.

Episcopal Church Women Meet At Parrish House

The Episcopal Church Women of the Church of the Redeemer, met for their regular monthly meeting on Wednesday, Nov. 10, in the Parrish House, after the mid-week communion.

After a short "coffee", Mrs. Hise opened the meeting. All members reported the Church Women's Prayer. The secretary's and treasurer's reports were presented and approved.

A letter of thanks was read for the game table given to the youth group. Mrs. Hise explained, the E.C.W. had made an initial donation. Further donations by Mrs. F. Ward and Mrs. A. S. Paine, made it possible for the table to be purchased sooner.

Father Knapp announced his prayer group would be meeting, after midweek communion, on the first and third Wednesdays.

Mrs. Eugene Hise reported that Mrs. Ed Hall would be chairman of the pancake day event, on Shrove Tuesday, Feb. 15. She hoped members would cooperate, to make the day an outstanding success. She also announced, she is still without a chairman for the antique flea market, to be held on March 18, but urged members to start making and preparing for the event.

Mrs. Hise introduced Mrs. Lee R. Ross, Deaneary Director, who gave a most interesting talk on the importance of the E.C.W. in the church. There are many tasks, which only the women can manage. She urged all members, to help in any position they are asked to fill, to give liberally of their time. Often this is more important than gifts of money. She announced about the Youth Awareness Gathering, which was held on Sunday, Nov. 14, in the Holy Trinity Church in Bartow, at 5 p.m. The whole family was invited, with adults withdrawing to a program of their own, while the Bishop held a "rap" session with the young people.

She also announced that the E.C.W. throughout the Diocese are amalgamating to replace the old "Stampee", our Camp Wingman bus. This will be done with trading stamp books. Any member having spare T.V. or S&H books may turn them in. Mrs. Hise.

Mrs. Hise thanked the hostesses, Mrs. Albert Wester and Mrs. William Smith for their friendly refreshments. The meeting was closed with prayer.

The next meeting will be Wednesday, Dec. 8, and will feature a covered dish luncheon. For this occasion only, communion will be at 10 a.m., instead of the usual 8:30 a.m.

MEET - CHANGED
The regular monthly meeting of Highlands General Hospital board of commissioners has been changed from the usual third Thursday to Tuesday, Nov. 23, at 7:30 p.m. in the hospital conference room.

ANNOUNCES CANDIDACY

Mark Hawes of Tampa, has announced that he will be a candidate for election to Group D of the Second District Court of Appeals to fill the vacancy that will occur with the retirement of Chief Judge William C. Pierce, at Tampa, at the end of 1972. Highlands County is in Group D. Hawes said his background, education, training and experience uniquely qualify him for this important position.

Salvation—Now and Then

In 1962 a wealthy and benevolent banker wrote his will, including in it a generous annuity for an impoverished widow in his city's ghetto. Yet in 1971 he is still alive and wealthy, while the widow is still destitute.

A week or so ago, a courageous teen-ager rescued a crippled man from his burning home. The man is now recovering in a hospital, but he cannot walk — and has no place now to live.

Both of these people have been saved, but neither is saved completely. A week or so ago, a courageous teen-ager rescued a crippled man from his burning home. The man is now recovering in a hospital, but he cannot walk — and has no place now to live.

Saved from Judgment
First, a Christian is saved from judgment and death. Therefore, having been justified by faith, we have peace with God through our Lord Jesus Christ.

Saved from Disappointment
Second, a Christian is saved from the disappointments of life. Through Jesus also we have obtained our introduction by faith into this grace in which we stand; and we exult in hope of the glory of God. And not only this, but we also exult in our tribulations, knowing that tribulation brings about perseverance, and perseverance, proven character, and proven character, hope, and hope does not disappoint.
